[Introduced March 16, 2021; Referred to the

Committee on Health and Human Resources]

Intr HB 2021R2105

1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article,

designated §30-5A-1, relating to requiring the purpose of a prescription to be clearly stated

3 on the label.

Be it enacted by the Legislature of West Virginia:

### ARTICLE 5A. PRESCRIPTION REQUIREMENTS AND LABELING.

#### §30-5A-1. Statement of medical purpose to be provided with prescribed medications.

- 1 (a) When any person licensed under this chapter writes or issues a prescription for
- 2 <u>medication to be self-administered by a client or patient, the person shall indicate the purpose for</u>
- 3 the medication in a brief statement in simple words, such as "for pain," "for heart care," or "for
- 4 blood pressure."
- 5 (b) Every pharmacy registered in this state shall ensure that the purpose for a medication.
- 6 as specified by the prescriber, shall appear on the label issued with that medication in large, easy-
- 7 <u>to-read lettering.</u>

NOTE: The purpose of this bill is to require that prescription medications be clearly labeled for the consumer with a simple statement of the purpose from the prescriber.

Strike-throughs indicate language that would be stricken from a heading or the present law, and underscoring indicates new language that would be added.
