§18-5G-5. State board rule relating to funding for public charter school enrollment and other necessary provisions; local education agency status; authorizer oversight fee.

1 (a) The state board shall promulgate a rule pursuant to the provisions of §29A-3B-1 *et*
2 *seq.* of this code setting forth requirements for public charter school funding. The rule shall include
3 a requirement that 90 percent of the per pupil total basic foundation allowance follow the student
4 to the public charter school, subject to the following:

5 (1) Notwithstanding §18-9A-1 *et seq.* of this code, the rule may provide for modifications
6 to the calculations set forth in §18-9A-7 of this code regarding the allowance for student

7 transportation and in §18-9A-9(1) of this code regarding the allowance for current expense for the
8 purpose of making appropriate adjustments to those allowances to account for student
9 transportation and current expense related funding a school district loses in situations where it
10 pays money to a public charter school pursuant to this subsection without a corresponding
11 decrease in the county's transportation and current expense related expenditures;

12 (2) The rule shall designate which county school district is required to pay for a student
13 attending a public charter school, and notwithstanding the terms in the definition of "net
14 enrollment" in §18-9A-2 of this code, shall provide that the county school district paying for the
15 student attending a public charter school have that student included in its net enrollment for the
16 purposes of §18-9A-1 *et seq.* of this code; and

17 (3) The rule shall require the Department of Education to follow federal requirements in
18 ensuring that federal funding follows the student to a public charter school.

19 (b) The state board may promulgate a rule in accordance with §29A-3B-1 *et seq.* of this
20 code, if necessary, for ensuring the accountability of public charter schools for meeting the
21 standards for student performance required of other public school students under §18-2E-5 of
22 this code and the accountability of authorizers for ensuring that those standards are met in the
23 schools authorized by it. If an authorizer fails to close a public charter school that does not meet
24 the standards, the authorizer shall appear before the state board to justify its decision. The state
25 board may uphold or overturn the authorizer's decision and may revoke the authority of the

27 (c) Any public charter school authorized pursuant to this article shall be treated and act as
28 its own local education agency for all purposes except as needed under the provisions of the
29 Public School Support Plan for funding purposes.

30 (d) To cover authorizer costs for overseeing public charter schools, the state board shall
31 establish a statewide formula for authorizer oversight funding, which shall apply uniformly to every
32 authorizer in the state. Each public charter school shall remit to its respective authorizer an

33 oversight fee. The oversight fee shall be drawn from and calculated as a uniform percentage of
34 the per pupil basic foundation allowance as provided pursuant to state board rule promulgated in
35 accordance with this section, not to exceed one percent of each public charter school's per-
36 student funding in a single school year. The state board may establish a sliding scale for
37 authorizing funding, with the funding percentage decreasing after the authorizer has achieved a
38 certain threshold, such as after a certain number of schools have been authorized or after a
39 certain number of students are enrolled in the authorizer's public charter schools. The state board
40 shall establish a cap on the total amount of funding that an authorizer may withhold from a full-
41 time public charter school. The state board shall annually review the effectiveness of the state
42 formula for authorizer funding and shall adjust the formula if necessary to maximize public benefit
43 and strengthen the implementation of this act.

44 (e) The state board shall promulgate a rule in accordance with §29A-3B-1 *et seq.* of this
45 code to clarify, if necessary, the requirements of this article and address any unforeseen issues
46 that might arise relating to the implementation of the requirements of this article: *Provided*, That
47 nothing in this rule may conflict with this code. The rule also shall include a provision prohibiting
48 a county board from discrimination against any district employee involved directly or indirectly
49 with an application to establish a public charter school under this article.

50 (f) All state board rules required to be promulgated by this article shall be promulgated on
51 or before July 1, 2021. The state board may file emergency rules if necessary to meet the July
52 1, 2021 deadline.

26 authorizer shall:

27 (1) Complete a thorough review process;

28 (2) Conduct an in-person interview with the applicant;

32 (5) Allow an applicant a reasonable time to provide additional materials and amendments
33 to its application to address any identified deficiencies; and

34 (6) Approve or deny a charter application based on established objective criteria or request
35 additional information.

36 (c) In deciding to approve a charter application, the authorizer shall:

38 elements of the application requirements identified in this section and §18-5G-8 of this code;

39 (2) Base decisions on documented evidence collected through the application review
40 process; and

41 (3) Follow charter-granting policies and practices that are transparent, based on merit,
42 and avoid conflicts of interest.

44 approve or deny the charter application. The authorizer shall provide its decision in writing,
45 including an explanation stating the reasons for approval or denial of its decision during an open
46 meeting. Any failure to act on a charter application within the time specified shall be deemed an
47 approval by the authorizer.

48 (e) An authorizer's charter application approval shall be submitted to the West Virginia
49 Department of Education.

50 (f) An authorizer shall conduct or require oversight activities that enable it to fulfill its
51 responsibilities under this article, including conducting appropriate inquiries and investigations,
52 so long as those activities are consistent with the intent of this article, adhere to the terms of the
53 charter contract and do not unduly inhibit the autonomy granted to charter schools. In the event
54 that a public charter school's performance or legal compliance appears unsatisfactory, the
55 authorizer shall promptly notify in writing the public charter school governing board of perceived
56 problems and provide reasonable opportunity for the school to remedy the problems.

57 (g) An authorizer shall take appropriate corrective actions or exercise sanctions in
58 response to apparent deficiencies in a charter school's performance or legal compliance. If
59 warranted, the actions or sanctions may include requiring a charter school to develop and execute
60 a corrective action plan within a specified time frame;

61 (h) An authorizer shall require each charter school it oversees to submit an annual report
62 to assist the authorizer in gathering complete information about each school, consistent with the
63 statutory requirements of this act and the charter contract.

64 (i) To cover authorizer costs for overseeing public charter schools, each public charter
65 school shall remit to its respective authorizer an oversight fee drawn from and calculated as a
66 uniform percentage of the per student operational funding allocated to each public charter school

71 federal funds that may be available for the implementation of public charter school programs;

72 (k) Notwithstanding any provision of this code to the contrary, no civil liability shall attach
73 to an authorizer or to any of its members or employees for any acts or omissions of the public

54 nonrenewal of the charter contract;

55 (7) The information that must be included in the authorizer's final decision if it determines
56 not to renew the charter contract;

57 (8) A timeline for an authorizer to render a final decision on whether or not to renew a
58 charter contract;

59 (9) Rendering of the authorizer's decision shall be adopted as a resolution during an open
60 meeting; and

61 (10) A provision that the failure of the authorizer to act on a renewal application within the
62 designated timeframes shall be deemed approval of the application.

63 (e) The authorizer shall be responsible for collecting and reporting to the state board all
64 state-required assessment and achievement data for the public charter school.

65 (f) The charter contract shall be signed by the chair of the governing board and the

69 (g) No public charter school may commence operations without a charter contract that
70 meets the requirements of this section, has been properly executed, and has been approved by,
71 as applicable, a county board, county boards, or the state board, or the West Virginia Professional
72 Charter School Board.

**§18-5G-10. Charter contract renewal; performance report by authorizer and renewal
guidance; renewal application; renewal term; nonrenewal; closure and dissolution.**

1 (a) No later than June 30 of a public charter school's fourth year of operation under each
2 five-year term of a charter contract, the authorizer shall issue a performance report on the public
3 charter school. The performance report shall summarize the public charter school's performance
4 record to date, based on the data collected under the statutory requirements of this act and the
5 charter contract, and shall provide notice of any weaknesses or concerns perceived by the
6 authorizer concerning the school that may jeopardize its position in seeking renewal if not timely

7 rectified. The school and the authorizer shall mutually agree to a reasonable time period for the
8 public charter school to respond to the performance report and submit any corrections for the
9 report.

10 (b) No later than June 30 of the school year before a public charter school's final year of
11 operation under terms of a charter contract, the authorizer shall issue contract renewal application
12 guidance to the school. The renewal application guidance required by this subsection shall include
13 or refer explicitly to the criteria and standards that will guide the authorizer's renewal decisions as
14 it pertains to the named public charter school. These criteria and standards shall be based on the
15 statutory requirements of this act and the charter contract. The renewal application guidance shall,
16 at a minimum, require and provide an opportunity for the public charter school to:

17 (1) Present additional evidence, beyond the data contained in the performance report,
18 supporting its case for charter renewal;

19 (2) Describe improvements undertaken or planned for the school; and

20 (3) Detail the school's plans for the next charter term.

21 (c) No later than September 30 of a public charter school's final authorized year of
22 operation under a term of a charter contract, the governing board of the public charter school
23 seeking renewal shall submit a renewal application to the authorizer pursuant to the renewal
24 application guidance offered by the authorizer under subsection (b) of this section. The authorizer
25 shall rule in a public meeting and by resolution on the renewal application no later than 45 days
26 after the filing of the renewal application. In making charter renewal decisions, the authorizer shall:

27 (1) Ground its decisions on a thorough analysis of evidence of the school's performance
28 over the term of the charter contract in accordance with the terms set forth in the charter contract,
29 annual performance reports and any required financial audits;

30 (2) Ensure that data used in making renewal decisions are available to the public charter
31 school and the public;

32 (3) Provide a public report summarizing the evidence basis for each decision; and

33 (4) Include one of the following rulings:

34 (A) Renew the charter contract for another term of up to five years based on the school's
35 performance data and demonstrated capacities of the public charter school; or

36 (B) Decline to renew the charter contract. The authorizer shall clearly state in a resolution
37 the reasons for the nonrenewal. The governing board of the school shall be granted 30 days to
38 respond in writing to the decision and public report before that decision becomes final. The
39 governing board shall be allowed to provide the authorizer with such arguments and supporting
40 information as it sees fit and also shall be granted an opportunity for a recorded public hearing,
41 at the request of the governing board. The governing board may be represented by counsel at
42 the hearing and may call witnesses to testify. The authorizer shall consider the governing board's
43 response, testimony, and documentation, as well as the recorded public hearing, prior to
44 rendering a final decision on the renewal of the charter contract. The authorizer shall render its
45 final determination within 10 days of the close of the 30-day period. Any nonrenewal of a charter
46 contract may be appealed to the state board pursuant to §18-5G-13 of this code.

47 (d) The failure of the authorizer to act on a renewal application within the designated
48 timeframes shall be deemed an approval of the renewal application.

49 (e) Within 10 days of taking final action to renew or not renew a charter under this section,
50 the authorizer shall report the action taken and reasons for the decision to the school's governing
51 board and the state board or affected county board, as applicable. A copy of the report shall be
52 submitted at the same time to the state superintendent.

53 (f) A charter contract may be not renewed if the authorizer determines that the health and
54 safety of students attending the public charter school is threatened or at such time following the
55 process set forth in this section if the public charter school has:

56 (A) Failed to substantially comply with the provisions of this article:

57 (B) Committed a material violation of any of the terms, conditions, standards or procedures
58 required under this chapter or the charter contract;

59 (C) Failed to substantially meet the performance expectations set forth in the charter
60 contract;

61 (D) Failed to substantially meet generally accepted standards of fiscal management; or

62 (E) Violated any provision of law from which the school was not exempted.

63 (g) If an authorizer revokes or does not renew a charter contract, the authorizer shall close
64 the school: *Provided*, That when the charter is revoked or not renewed for a school that began as
65 a conversion public charter school or program conversion public charter school, the county board
66 of the district in which the school is located may return it to noncharter public school status.

67 (h) A charter contract may be revoked at any time if the authorizer determines that the
68 health and safety of students attending the public charter school is threatened, an administrator
69 employed by or member of the governing board over the charter school is convicted of fraud or
70 misappropriation of funds, there is a failure to meet generally accepted standards of financial
71 management, there is a material breach of the charter contract, there is a substantial violation of
72 any provision of law from which the public charter school is not exempted, or there are dire and
73 chronic academic deficiencies.

74 (i) In the event of a public charter school closure for any reason, the authorizer shall
75 oversee and work with the closing school to ensure a smooth and orderly closure and transition
76 for students and parents, as guided by the closure protocol established by the state board
77 including, but not limited to, the following:

78 (1) Overseeing and working with the closing public charter school to ensure timely
79 notification to parents, orderly transition of students and student records to new schools and
80 proper disposition of school funds, property and assets in accordance with the requirements of
81 this chapter; and

82 (2) Distributing the assets of the public charter school first to satisfy outstanding payroll
83 obligations for employees of the public charter school and then to creditors of the public charter
84 school. Any remaining funds shall be paid to the county board. If the assets of the public charter

85 school are insufficient to pay all parties to whom the public charter school owes compensation,
86 the prioritization of distribution of assets may be determined by decree of a court of law.

87 (j) If a public charter school is subject to closure or transition, following exhaustion of any
88 appeal allowed under §18-5G-13 of this code, an authorizer may remove at will at any time any
89 or all of the members of the board of directors of the public charter school in connection with
90 ensuring a smooth and orderly closure or transition. If the authorizer removes members of the
91 board of directors such that the board of directors can no longer function, the authorizer shall be
92 empowered to take any further necessary and proper acts connected with closure or transition of
93 the public charter school in the name and interest of the public charter school.

§18-5G-11. Public charter school students; enrollment and eligibility; enrollment preferences; random selection lottery; enrollment discrimination prohibited; credit transfers; participation in interscholastic sports.

1 (a) Public charter schools are open for enrollment to all students of appropriate grade level
2 age and all students shall be enrolled in accordance with the following:

3 (1) A public charter school shall provide or publicize to parents and the general public
4 information about the public charter school as an enrollment option for students and the process
5 for application and enrollment, including dates and timelines. If the public charter school includes
6 in its mission a specific focus on students with special needs, including, but not limited to, at-risk
7 students, English language learners, students with severe disciplinary problems at a noncharter
8 public school or students involved with the juvenile justice system, it shall include the information
9 in such publication. A public charter school's recruitment effort shall include all segments of the
10 student populations served by noncharter public schools of comparable grade levels;

11 (2) A county board shall provide or publicize to parents and the general public information
12 about public charter schools within the county as an enrollment option to the same extent and
13 through the same means that the county provides and publicizes information about noncharter
14 public schools in the county;

15 (3) A county board may not require any student residing in the county to enroll in a public
16 charter school, nor may it prohibit any public charter school student from returning to a noncharter
17 public school;

18 (4) A public charter school shall designate its primary recruitment area in its charter
19 application and charter contract. The establishment of a primary recruitment area by a public
20 charter school does not negate any overlapping attendance area or areas established by a county
21 board or boards for noncharter public schools. A primary recruitment area may include territory in
22 more than one county;

23 (5) The primary recruitment area shall be based on the public charter school's estimated
24 facility and program capacity. The capacity of the public charter school shall be determined
25 annually by the governing board of the public charter school in conjunction with its authorizer and
26 in consideration of the public charter school's ability to facilitate the academic success of its
27 students, to achieve the other objectives specified in the charter contract, and to ensure that the
28 student enrollment does not exceed the capacity of its facility, site and programs. An authorizer
29 may not restrict the number of students a public charter school may enroll;

30 (6) Public charter schools may not discriminate against any person on any basis which
31 would be unlawful for noncharter public schools in the school district. A public charter school may
32 not establish admission policies or limit student admissions in any manner in which a public school
33 is not permitted to establish admission policies or limit student admissions: *Provided*, That this
34 subdivision may not be construed to limit the formation of a public charter school that is dedicated
35 to focusing its education program and services on students with special needs, including, but not
36 limited to, at-risk students, English language learners, students with severe disciplinary problems
37 at a noncharter public school, or students involved with the juvenile justice system;

38 (7) A public charter school may establish any one or more of the following enrollment

42 students already enrolled in the public charter school;

44 language learners, students with severe disciplinary problems at a noncharter public school, or
45 students involved with the juvenile justice system; and

46 (D) Children of governing board members and full-time employees of the school as long
47 as the number of students enrolled under this preference constitute no more than five percent of
48 the school's total student enrollment;

49 (8) A start-up public charter school shall enroll all students who apply and to whom an
50 enrollment preference has been established. If the school has excess capacity after enrolling
51 these students, the school shall enroll all other students who apply: *Provided*, That if the remaining
52 applicants exceed the enrollment capacity of the program, class, grade level or building of the
53 public charter school, the public charter school shall select students for enrollment from among
54 all remaining applicants by a random selection lottery. The school's lottery procedures and
55 timelines support equal and open access for all students and take place in an open meeting;

56 (9) A conversion public charter school shall guarantee enrollment to all students who were
57 previously enrolled in the noncharter public school and shall adopt and maintain a policy that
58 gives enrollment preference to students who reside within the attendance area as established
59 prior to the conversion of the school. If the school has excess capacity after enrolling these
60 students and all others to whom an enrollment preference has been given, the school shall enroll
61 all other students who apply: *Provided*, That if the remaining applicants exceed the enrollment
62 capacity of the program, class, grade level or building of a public charter school, the public charter
63 school shall select students for enrollment from among all remaining applicants by a random
64 selection lottery. The school's lottery procedures and timelines support equal and open access
65 for all students and take place in an open meeting; and

66 (10) A program conversion public charter school shall enroll all students who apply for
67 enrollment in the program who, at the time of authorization, are enrolled in the noncharter public
68 school at which the program is operated. A program conversion public charter school shall adopt
69 and maintain a policy that gives enrollment preference to students who are enrolled in the
70 noncharter public school at which the program is operated. If the school has excess capacity after
71 enrolling these students, the school shall enroll all other students who apply: *Provided*, That if the
72 remaining applicants exceed the enrollment capacity of the program, class, grade level or building
73 of a public charter school, the public charter school shall select students for enrollment from
74 among all remaining applicants by a random selection lottery. The school's lottery procedures
75 and timelines support equal and open access for all students and take place in an open meeting.

76 (b) If a student who was previously enrolled in a public charter school transfers enrollment
77 to a noncharter public school in this state, the school to which the student transfers shall accept
78 credits earned by the student in courses or instructional programs at the public charter school in
79 a uniform and consistent manner and according to the same criteria that are used to accept
80 academic credits from other noncharter public schools or that consider content competency when
81 appropriate due to differences in curriculum delivery, instructional methods and strategies, or
82 course designations and sequence.

83 (c) Each public charter school shall be given access to and shall utilize the electronic
84 education information system established by the West Virginia Department of Education, is
85 subject to the Student Data Accessibility, Transparency and Accountability Act pursuant to section
86 §18-2-5h of this code, and shall report information on student and school performance to parents,
87 policy-makers and the general public in the same manner as noncharter public schools utilizing
88 the electronic format established by the West Virginia Department of Education.

89 (d) Each public charter school shall certify annually to the State Department of Education
90 and to the county board of the school district in which the public charter school is located its
91 student enrollment, average daily attendance and student participation in the national school

92 lunch program, special education, vocational education, gifted education, advanced placement
93 and dual credit courses, and federal programs in the same manner as school districts.

2 a decision of an authorizer concerning the denial of a charter application or the nonrenewal of a
3 charter contract to the state board within 30 days of the authorizer’s decision: *Provided*, That the
4 authority to appeal an authorizer’s decision pursuant to this subsection does not apply to
5 instances where the state board is the authorizer that denies the charter application or fails to
