1 (a) Any person who operates an aircraft in this state is considered to have given his or her  
2 consent by the operation thereof to a preliminary breath analysis and a secondary chemical test

3 of either his or her blood, breath, or urine for the purposes of determining the alcoholic content of  
4 his or her blood, breath, or urine. A preliminary breath analysis may be administered in  
5 accordance with the provisions of §17C-25-4 of this code whenever a law-enforcement officer has  
6 reasonable cause to believe a person committed an offense prohibited by §17C-25-2 of this code.  
7 A secondary test of breath, blood, or urine shall be incidental to a lawful arrest and shall be  
8 administered at the direction of the arresting law-enforcement officer. The law-enforcement  
9 agency by which the law-enforcement officer is employed shall designate which one of the  
10 secondary tests shall be administered: *Provided*, That if the designated test is a blood test and  
11 the person arrested refuses to submit to the blood test, then the law-enforcement officer making

17 or any municipal law-enforcement officer of another municipality within the county in which the  
18 arrest is made may, upon the request of the arresting law-enforcement officer and in his or her  
19 presence, conduct a secondary test. The results of the test may be used in evidence to the same  
20 extent and in the same manner as if the test had been conducted by the arresting law-enforcement  
21 officer. Only the person actually administering or conducting the test is competent to testify as to  
22 the results and the veracity of the test.

**§17C-25-4. Preliminary analysis of breath to determine alcoholic content of blood.**

1 When a law-enforcement officer has reason to believe a person has committed an offense  
2 prohibited by §17C-25-2 of this code, the law-enforcement officer may require the person to  
3 submit to a preliminary breath analysis for the purpose of determining that person's blood alcohol  
4 content. The law-enforcement officer shall administer the breath analysis as soon as possible  
5 after he or she has a reasonable belief that the person has been operating an aircraft while under

6 the influence of alcohol, controlled substances, or drugs. Any preliminary breath analysis required  
7 under this section shall be administered with a device and in a manner approved by the Bureau  
8 of Public Health for that purpose. The results of a preliminary breath analysis shall be used solely  
9 for the purpose of guiding the law-enforcement officer in deciding whether an arrest should be  
10 made. When a person is arrested following a preliminary breath analysis, the tests shall be  
11 administered in accordance with the provisions of this article.

**§17C-25-5. How blood test administered; additional test at option of person tested; use of  
test results; certain immunity from liability incident to administering test.**

2 technician at the place of his or her employment, acting at the request and direction of the law-  
3 enforcement officer, may withdraw blood for the purpose of determining the alcoholic  
4 concentration of the blood. These limitations shall not apply to the taking of a breath test or a  
5 urine specimen. In withdrawing blood for the purpose of determining its alcoholic concentration,  
6 only a previously unused and sterile needle and sterile vessel may be used, and the withdrawal  
7 shall otherwise be in strict accord with accepted medical practices. A nonalcoholic antiseptic shall  
8 be used for cleansing the skin prior to venipuncture. The person tested may, at his or her own  
9 expense, have a doctor of medicine or a doctor of osteopathy, registered nurse, or trained medical  
10 technician of his or her own choosing, at the place of his or her employment, administer a chemical  
11 test in addition to the test administered at the direction of the law-enforcement officer. Upon the  
12 request of the person who is tested, full information concerning the test taken at the direction of  
13 the law-enforcement officer shall be made available to him or her. A person who administers any  
14 test upon the request of a law-enforcement officer, a hospital in or with which the person is  
15 employed or is otherwise associated or in which the test is administered and any other person,  
16 firm, or corporation by whom or with which that person is employed or is in any way associated,  
17 is not in any way criminally liable for the administration of the test or civilly liable in damages to  
18 the person tested unless for gross negligence or willful or wanton injury.

**§17C-25-6. Interpretation and use of chemical test.**

1           (a)(1) Upon trial for the offense of operating an aircraft in this state while under the  
2 influence of alcohol, controlled substances, or drugs, or upon the trial of any civil or criminal action  
3 arising out of acts alleged to have been committed by any person operating an aircraft while under  
4 the influence of alcohol, controlled substances, or drugs, evidence of the amount of alcohol in the  
5 person's blood at the time of the arrest or of the acts alleged, as shown by a chemical analysis of  
6 his or her breath, blood, or urine, is admissible if the sample or specimen was taken within two  
7 hours from and after the time of arrest or of the acts alleged, and shall give rise to the following  
8 presumption or have the following effect: evidence that there was, at that time, four-hundredths  
9 of one percent or more by weight of alcohol in his or her blood, is prima facie evidence that the  
10 person was under the influence of alcohol.

11           (2) Percent by weight of alcohol in the blood shall be based upon milligrams of alcohol per  
12 one hundred cubic centimeters of blood.

13           (b) A chemical analysis of a person's breath, blood, or urine, in order to give rise to the  
14 presumption or to have the effect provided for in subsection (a) of this section, shall be performed  
15 in accordance with methods and standards approved by the state Bureau of Public Health. A  
16 chemical analysis of blood or urine to determine the alcoholic concentration of blood shall be  
17 conducted by a qualified laboratory or by the scientific laboratory of the criminal identification  
18 bureau of the State Police.

19           (c) The provisions of this article shall not limit the introduction in any administrative or  
20 judicial proceeding of any other competent evidence bearing on the question of whether the  
21 person was under the influence of alcohol, controlled substances, or drugs.

**§17C-25-7. Right to demand test.**

1           Any person lawfully arrested for operating an aircraft in this state while under the influence  
2 of alcohol, controlled substances, or drugs has the right to demand that a sample or specimen of

3 his or her breath, blood, or urine be taken within two hours from and after the time of arrest and  
4 that a chemical test be performed. The analysis disclosed by the chemical test shall be made  
5 available to the arrested person immediately upon demand.

**§17C-25-8. Fee for withdrawing blood sample and making urine test; payment of fees.**

1 A reasonable fee shall be allowed to the person withdrawing a blood sample or  
2 administering a urine test at the request and direction of a law-enforcement officer in accordance  
3 with the provisions of this article. If the person whose blood sample was withdrawn or whose urine  
4 was tested was arrested and charged with a violation of §17C-25-2 of this code, the county having  
5 venue of the charge shall pay the fee. If the person is subsequently convicted of the charge, the  
6 fee shall be taxed as a part of the costs of the criminal proceeding and shall be paid,  
7 notwithstanding any other provision of this code to the contrary, into the general fund of the  
8 county.

**§17C-25-9. Unauthorized taking or operation of aircraft; penalty.**

1 Any person who commits the following prohibited acts is guilty of a felony and, upon  
2 conviction thereof, shall be fined not less than \$200 nor more than \$5,000, and confined in a state  
3 correctional facility for not less than two nor more than 10 years.

5 thereof, who takes, without the knowledge and consent of the owner, and operates within this  
6 state any aircraft owned by another person.

7 (2) A person who willfully and without the knowledge or consent of the owner or person in

10 operates, or otherwise takes and uses, any aircraft belonging to another or in his or her lawful  
11 possession;

12 (3) Any person who assists, aids, and abets, or is present for the purpose and with the  
13 intent to assist, aid, or abet another person in taking possession of, entering, and operating, or  
14 otherwise taking and using the aircraft.

15 (4) Any person who receives, buys, conceals, or otherwise disposes of any such aircraft  
16 knowing the same to have been stolen or taken without the knowledge or consent of the owner  
17 or person in lawful charge thereof.

**§17C-25-10. Federal license required for operation of aircraft.**

1 (a) A person shall not operate or cause or authorize to be operated any aircraft within this  
2 state unless such aircraft has an appropriate effective certificate, permit, or license issued by the  
3 United States, if such certificate, permit, or license is required by the United States.

4 (b) A person may not engage in aeronautics in this state unless he or she has an  
5 appropriate effective certificate, permit, rating, or license issued by the United States authorizing  
6 him or her to engage in the particular class of aeronautics in which he or she is engaged, if such  
7 certificate, permit, rating, or license is required by the United States.

8 (c) Where a certificate, permit, rating, or license is required by the United States, it shall  
9 be kept in the personal possession of a pilot when he or she is operating within this state and

14 shall be carried in the aircraft at all times while the aircraft is operating in the state, shall be  
15 conspicuously posted in the aircraft where it may readily be seen by passengers or inspectors,  
16 and shall be presented for inspection upon the demand of any law enforcement officer, or any  
17 official, manager, or person in charge of any airport upon which the aircraft shall land, or upon the  
18 reasonable request of any person.

**§17C-25-11. Enforcement of aeronautics laws.**

1           All law enforcement officers shall enforce and assist in the enforcement of this article and  
2 all other laws of this state relating to aeronautics. Law enforcement officers may inspect and  
3 examine at reasonable hours any aircraft, the credentials of any person engaged in aeronautics  
4 required by the laws of this state or of the United States to have in his or her possession  
5 credentials evidencing his or her authority or permission to engage in aeronautics, any premises
