396 Synthetic Cathinones or any compound, except bupropion or compounds listed under a
397 different schedule, or compounds used within legitimate and approved medical research,
398 structurally derived from 2- Aminopropan-1-one by substitution at the 1-position with Monocyclic
399 or fused polycyclic ring systems, whether or not the compound is further modified in any of the
400 following ways:

401 By substitution in the ring system to any extent with Alkyl, alkylenedioxy, alkoxy, haloalkyl,
402 hydroxyl, or halide Substituents whether or not further substituted in the ring system by one or
