2 to requiring the results of a homeschooled child's academic assessment be submitted by
3 June 30 of the first year in which the child was homeschooled rather than at grades three,
4 five, eight, and 11; and providing that when the results indicate that the child is making
5 adequate academic progress, no further assessment results must be submitted.

Be it enacted by the Legislature of West Virginia:

ARTICLE 8. COMPULSORY SCHOOL ATTENDANCE.

§18-8-1. Compulsory school attendance; exemptions.

1 (a) Exemption from the requirements of compulsory public school attendance established
2 in §18-8-1a of this code shall be made on behalf of any child for the causes or conditions set forth
3 in this section. Each cause or condition set forth in this section is subject to confirmation by the
4 attendance authority of the county. A child who is exempt from compulsory school attendance
5 under this section is not subject to prosecution under §18-8-2 of this code, nor is such a child a
6 status offender as defined by §49-1-202 of this code.

7 (b) A child is exempt from the compulsory school attendance requirement set forth in §18-
8 8-1a of this code if the requirements of this subsection, relating to instruction in a private, parochial
9 or other approved school, are met. The instruction shall be in a school approved by the county
10 board and for a time equal to the instructional term set forth in §18-5-45 of this code. In all private,
11 parochial or other schools approved pursuant to this subsection, it is the duty of the principal or
12 other person in control, upon the request of the county superintendent, to furnish to the county
13 board such information and records as may be required with respect to attendance, instruction
14 and progress of students enrolled.

15 (c) A child is exempt from the compulsory school attendance requirement set forth in §18-
16 8-1a of this code if the requirements of either subdivision (1) or subdivision (2) of this subsection,
17 both relating to home instruction, are met.

18 (1) The instruction shall be in the home of the child or children or at some other place
19 approved by the county board and for a time equal to the instructional term set forth in §18-5-45
20 of this code. If the request for home instruction is denied by the county board, good and
21 reasonable justification for the denial shall be furnished in writing to the applicant by the county
22 board. The instruction shall be conducted by a person or persons who, in the judgment of the
23 county superintendent and county board, are qualified to give instruction in subjects required to
24 be taught in public elementary schools in the state. The person or persons providing the
25 instruction, upon request of the county superintendent, shall furnish to the county board
26 information and records as may be required periodically with respect to attendance, instruction
27 and progress of students receiving the instruction. The state board shall develop guidelines for
28 the home schooling of special education students including alternative assessment measures to
29 assure that satisfactory academic progress is achieved.

30 (2) The child meets the requirements set forth in this subdivision: *Provided*, That the
31 county superintendent may, after a showing of probable cause, seek from the circuit court of the
32 county an order denying home instruction of the child. The order may be granted upon a showing
33 of clear and convincing evidence that the child will suffer neglect in his or her education or that
34 there are other compelling reasons to deny home instruction.

35 (A) Upon commencing home instruction under this section the parent of a child receiving
36 home instruction shall present to the county superintendent or county board a notice of intent to
37 provide home instruction that includes the name, address, and age of any child of compulsory
38 school age to be instructed and assurance that the child shall receive instruction in reading,
39 language, mathematics, science, and social studies and that the child shall be assessed annually
40 in accordance with this subdivision. The person providing home instruction shall notify the county
41 superintendent upon termination of home instruction for a child who is of compulsory attendance
42 age. Upon establishing residence in a new county, the person providing home instruction shall
43 notify the previous county superintendent and submit a new notice of intent to the superintendent

44 of the new county of residence: *Provided*, That if a child is enrolled in a public school, notice of
45 intent to provide home instruction shall be given on or before the date home instruction is to begin.

46 (B) The person or persons providing home instruction shall submit satisfactory evidence
47 of a high school diploma or equivalent, or a post-secondary degree or certificate from a regionally
48 accredited institution or from an institution of higher education that has been authorized to confer
49 a post-secondary degree or certificate in West Virginia by the West Virginia Council for
50 Community and Technical College Education or by the West Virginia Higher Education Policy
51 Commission.

52 (C) Annually, the person or persons providing home instruction shall obtain an academic
53 assessment of the child for the previous school year in one of the following ways:

54 (i) The child receiving home instruction takes a nationally normed standardized
55 achievement test published or normed not more than 10 years from the date of administration
56 and administered under the conditions as set forth by the published instructions of the selected
57 test and by a person qualified in accordance with the test's published guidelines in the subjects
58 of reading, language, mathematics, science, and social studies. The child is considered to have
59 made acceptable progress when the mean of the child's test results in the required subject areas
60 for any single year is within or above the fourth stanine or, if below the fourth stanine, shows
61 improvement from the previous year's results;

62 (ii) The child participates in the testing program currently in use in the state's public
63 schools. The test shall be administered to the child at a public school in the county of residence.
64 Determination of acceptable progress shall be based on current guidelines of the state testing
65 program;

66 (iii) A portfolio of samples of the child's work is reviewed by a certified teacher who
67 determines whether the child's academic progress for the year is in accordance with the child's
68 abilities. The teacher shall provide a written narrative about the child's progress in the areas of
69 reading, language, mathematics, science, and social studies and shall note any areas which, in

70 the professional opinion of the reviewer, show need for improvement or remediation. If the
71 narrative indicates that the child's academic progress for the year is in accordance with the child's
72 abilities, the child is considered to have made acceptable progress; or

73 (iv) The child completes an alternative academic assessment of proficiency that is
74 mutually agreed upon by the parent or legal guardian and the county superintendent.

75 (D) A parent or legal guardian shall maintain copies of each student's Academic
76 Assessment for three years. When the annual assessment fails to show acceptable progress, the
77 person or persons providing home instruction shall initiate a remedial program to foster
78 acceptable progress. The county board upon request shall notify the parents or legal guardian of
79 the child, in writing, of the services available to assist in the assessment of the child's eligibility
80 for special education services. Identification of a disability does not preclude the continuation of
81 home schooling. In the event that the child does not achieve acceptable progress for a second
82 consecutive year, the person or persons providing instruction shall submit to the county
83 superintendent additional evidence that appropriate instruction is being provided.

84 (E) The parent or legal guardian shall submit to the county superintendent the results of
85 the academic assessment of ~~the a child at grade levels three, five, eight and 11, as applicable,~~
86 by June 30 of for the first year in which the assessment was administered child was
87 homeschooled. When the assessment results indicate that the child is making adequate academic
88 progress, no further assessment results must be submitted.

89 (3) This subdivision applies to both home instruction exemptions set forth in subdivisions
90 (1) and (2) of this subsection. The county superintendent or a designee shall offer such
91 assistance, including textbooks, other teaching materials and available resources, all subject to
92 availability, as may assist the person or persons providing home instruction. Any child receiving
93 home instruction may upon approval of the county board exercise the option to attend any class
94 offered by the county board as the person or persons providing home instruction may consider
95 appropriate subject to normal registration and attendance requirements.

96 (d) A child is exempt from the compulsory school attendance requirement set forth in §18-
97 8-1a of this code if the requirements of this subsection, relating to physical or mental incapacity,
98 are met. Physical or mental incapacity consists of incapacity for school attendance and the
99 performance of school work. In all cases of prolonged absence from school due to incapacity of
100 the child to attend, the written statement of a licensed physician or authorized school nurse is
101 required. Incapacity shall be narrowly defined and in any case the provisions of this article may
102 not allow for the exclusion of the mentally, physically, emotionally, or behaviorally handicapped
103 child otherwise entitled to a free appropriate education.

104 (e) A child is exempt from the compulsory school attendance requirement set forth in §18-
105 8-1a of this code if conditions rendering school attendance impossible or hazardous to the life,
106 health or safety of the child exist.

111 8-1a of this code if the child is granted a work permit pursuant to the subsection. After due
112 investigation the county superintendent may grant work permits to youths under the termination
113 age designated in §18-8-1a of this code, subject to state and federal labor laws and regulations.
114 A work permit may not be granted on behalf of any youth who has not completed the eighth grade
115 of school.

116 (h) A child is exempt from the compulsory school attendance requirement set forth in §18-
117 8-1a of this code if a serious illness or death in the immediate family of the child has occurred. It
118 is expected that the county attendance director will ascertain the facts in all cases of such
119 absences about which information is inadequate and report the facts to the county superintendent.

120 (i) A child is exempt from the compulsory school attendance requirement set forth in §18-
121 8-1a of this code if the requirements of this subsection, relating to destitution in the home, are

122 met. Exemption based on a condition of extreme destitution in the home may be granted only
123 upon the written recommendation of the county attendance director to the county superintendent
124 following careful investigation of the case. A copy of the report confirming the condition and school
125 exemption shall be placed with the county director of public assistance. This enactment
126 contemplates every reasonable effort that may properly be taken on the part of both school and
127 public assistance authorities for the relief of home conditions officially recognized as being so
128 destitute as to deprive children of the privilege of school attendance. Exemption for this cause is
129 not allowed when the destitution is relieved through public or private means.

135 approved by the county board.

136 (k) A child is exempt from the compulsory school attendance requirement set forth in §18-
137 8-1a of this code if the requirements of this subsection, relating to alternative private, parochial,
138 church or religious school instruction, are met. Exemption shall be made for any child attending
139 any private school, parochial school, church school, school operated by a religious order or other
140 nonpublic school which elects to comply with the provisions of §18-28-1 *et seq.* of this code.

141 (l) Completion of the eighth grade does not exempt any child under the termination age
142 designated in §18-8-1a of this code from the compulsory attendance provision of this article.

143 (m) A child is exempt from the compulsory school attendance requirements set forth in
144 §18-8-1a of this code if the child is an eligible recipient participating in the Hope Scholarship
145 Program, as provided for in §18-31-1 *et seq.* of this code and provides a notice of intent to
146 participate in the Hope Scholarship Program to the county superintendent. The county

147 superintendent shall enter the following into the West Virginia Education Information System
148 (WVEIS):

153 of this code; and
