WEST VIRGINIA LEGISLATURE

2023 REGULAR SESSION

Introduced

House Bill 2124

By Delegate Steele

[Introduced January 11, 2023; Referred to the Committee on Health and Human Resources then Education]
A BILL to amend and reenact §16-3-4 of the Code of West Virginia, 1931, as amended, relating to removing Hepatitis B vaccine from the list of from compulsory immunizations.

Be it enacted by the Legislature of West Virginia:

ARTICLE 3. PREVENTION AND CONTROL OF COMMUNICABLE AND OTHER INFECTIOUS DISEASES.

§16-3-4. Compulsory immunization of school children; information disseminated; offenses; penalties.

(a) Whenever a resident birth occurs, the commissioner shall promptly provide parents of the newborn child with information on immunizations mandated by this state or required for admission to a public, private, and parochial school in this state or a state-regulated child care center.

(b) Except as hereinafter provided, a child entering school or a state-regulated child care center in this state must be immunized against chickenpox, hepatitis B, measles, meningitis, mumps, diphtheria, polio, rubella, tetanus, and whooping cough.

(c) No child or person may be admitted or received in any of the schools of the state or a state-regulated child care center until he or she has been immunized against chickenpox, hepatitis B, measles, meningitis, mumps, diphtheria, polio, rubella, tetanus, and whooping cough or produces a certificate from the commissioner granting the child or person an exemption from the compulsory immunization requirements of this section.

(d) Any school or state-regulated child care center personnel having information concerning any person who attempts to be enrolled in a school or state-regulated child care center without having been immunized against chickenpox, hepatitis B, measles, meningitis, mumps, diphtheria, polio, rubella, tetanus, and whooping cough shall report the names of all such persons to the commissioner.

(e) Persons may be provisionally enrolled under minimum criteria established by the commissioner so that the person's immunization may be completed while missing a minimum
amount of school. No person shall may be allowed to enter school without at least one dose of
each required vaccine.

(f) County health departments shall furnish the biologicals for this immunization for children
of parents or guardians who attest that they cannot afford or otherwise access vaccines
elsewhere.

(g) Health officers and physicians who provide vaccinations must shall present the person
vaccinated with a certificate free of charge showing that they have been immunized against
chickenpox, hepatitis-b, measles, meningitis, mumps, diphtheria, polio, rubella, tetanus and
whooping cough, or he or she may give the certificate to any person or child whom he or she
knows to have been immunized against chickenpox, hepatitis-b, measles, meningitis, mumps,
diphtheria, polio, rubella, tetanus and whooping cough.

(h) The commissioner is authorized to may grant, renew, condition, deny, suspend, or
revoke exemptions to the compulsory immunization requirements of this section, on a statewide
basis, upon sufficient medical evidence that immunization is contraindicated or there exists a
specific precaution to a particular vaccine.

(1) A request for an exemption to the compulsory immunization requirements of this
section must shall be accompanied by the certification of a licensed physician stating that the
physical condition of the child is such that immunization is contraindicated or there exists a specific
precaution to a particular vaccine.

(2) The commissioner is authorized to appoint and employ an Immunization Officer to
make determinations on request for an exemption to the compulsory immunization requirements
of this section, on a statewide basis, and delegate to the Immunization Officer the authority
granted to the commissioner by this subsection.

(3) A person appointed and employed as the Immunization Officer must shall be a
physician licensed under the laws of this state to practice medicine.

(4) The Immunization Officer's decision on a request for an exemption to the compulsory
immunization requirements of this section may be appealed to the State Health Officer.

(5) The final determination of the State Health Officer is subject to a right of appeal pursuant to the provisions of §29A-5-1 et seq. of this code.

(i) A physician who provides any person with a false certificate of immunization against chickenpox, hepatitis-b, measles, meningitis, mumps, diphtheria, polio, rubella, tetanus and whooping cough is guilty of a misdemeanor and, upon conviction, shall be fined not less than $25 nor more than $100.

NOTE: The purpose of this bill is to remove the hepatitis B vaccine from the vaccines mandated by this state or required for admission to a public, private, and parochial school in this state or a state-regulated child care center.

Strike-throughs indicate language that would be stricken from a heading or the present law, and underscoring indicates new language that would be added.
