

WEST VIRGINIA LEGISLATURE

2023 REGULAR SESSION

ENROLLED

Committee Substitute

for

Senate Bill 526

By Senators Takubo, Tarr, Woelfel, Deeds, Rucker,
Grady, and Nelson

[Passed March 06, 2023; in effect 90 days from
passage]

1 AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section,
2 designated §16-1-8, relating to Alzheimer's disease; providing authority to the
3 Commissioner for the Bureau for Public Health; requiring the Bureau for Public Health to
4 partner with other entities; providing information concerning Alzheimer's disease; and
5 providing information concerning other dementias.

Be it enacted by the Legislature of West Virginia:

ARTICLE 1. STATE PUBLIC HEALTH SYSTEM.

§16-1-8. Inclusion of Alzheimer's disease in existing public health programs.

1 (a) The Commissioner of the Bureau for Public Health, in partnership with the Bureau for
2 Medical Services and the Alzheimer's Association, shall, in its existing public health programs and
3 services, educate health care professionals on the importance of early detection and timely
4 diagnosis of cognitive impairment and dementia, use of validated cognitive assessment tools in
5 the delivery of the Medicare Annual Wellness Visit, provision of effective care planning and care
6 management at all stages of dementia, and delivery of counseling and referral.

7 (b) The Bureau for Public Health, in partnership with the Bureau of Senior Services, shall,
8 in its existing, relevant public health outreach programs, incorporate information to increase
9 understanding and awareness of Alzheimer's disease and other dementias, including information
10 about the early signs of Alzheimer's disease and other dementias that should be discussed with
11 health care professionals and the value of early detection and diagnosis, particularly among
12 persons in diverse communities who are at greater risk of developing dementia.

13 (c) Any public awareness and/or educational outreach programs shall provide uniform,
14 consistent guidance in nonclinical terms, with an emphasis on cultural relevancy and health
15 literacy.
