WEST VIRGINIA LEGISLATURE

2024 REGULAR SESSION

Introduced

Senate Bill 468

By Senators Rucker, Azinger, Deeds, Grady, Hunt,
Martin, Smith, Stover, Stuart, Taylor, Karnes, and
Maynard

[Introduced January 16, 2024; referred
to the Committee on Education]
A BILL to amend and reenact §18-2-9 of the Code of West Virginia, 1931, as amended; and to amend said code by adding thereto a new section, designated §18-2-44, all relating to the State Board of Education and required courses of education; providing for courses to include human growth and development related to pregnancy and human development inside the womb; requiring methods of presenting this instruction and adding a human growth and development curriculum to be known as the Baby Olivia Act; and authorizing the Attorney General to sue for any violation of the Baby Olivia Act.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. STATE BOARD OF EDUCATION.

§18-2-9. Required courses of instruction.

(a) (1) In all public, private, parochial, and denominational schools located within this state there shall be given prior to the completion of the eighth grade at least one year of instruction in the history of the State of West Virginia. The schools shall require regular courses of instruction by the completion of the 12th grade in the history of the United States, in civics, in the Constitution of the United States, and in the government of the State of West Virginia for the purpose of teaching, fostering, and perpetuating the ideals, principles, and spirit of political and economic democracy in America, and increasing the knowledge of the organization and machinery of the government of the United States and of the State of West Virginia. The required courses shall include instruction on the institutions and structure of American government, such as the separation of powers, the Electoral College, and federalism. The required courses shall include instruction that provides students an understanding of American political philosophy and history, utilizing writings from prominent figures in Western civilization, such as Aristotle, Thomas Hobbes, John Locke, and Thomas Jefferson. The courses of instruction shall offer an objective and critical analysis of ideologies throughout history including, but not limited to, capitalism, republicanism, democracy, socialism, communism, and fascism. The required courses shall emphasize the use of primary sources and interactive learning techniques, such as mock scenarios, debates, and open and
(2) The state board shall, with the advice of the state superintendent, and after consultation with other entities, prescribe the courses of study, including the basic course requirements for middle school and high school, and the academic standards listed in subdivision (1) of this subsection for these courses of study covering these subjects for the public schools, and publish an approved list of instructional resources pursuant to §18-2A-1 et seq. of this code. The curriculum used in the delivery of instruction shall cover the standards adopted for such courses. The other entities for consultation may include such organizations as the Florida Joint Center for Citizenship, the College Board, the Bill of Rights Institute, Hillsdale College, the Gilder Lehrman Institute of American History, the Constitutional Sources Project, educators, school administrators, postsecondary education representatives, elected officials, business and industry leaders, parents, and the public. Officials or boards having authority over the respective private, parochial, and denominational schools shall prescribe courses of study for the schools under their control and supervision similar to those required for the public schools.

(3) The state board shall provide testing or assessment instruments for the history and civics courses of instruction required by this section. These testing instruments shall:

(A) Be aligned with the academic standards required by this section;

(B) Be mandatory for students enrolled in those courses of instruction;

(C) Be cumulative by including questions about knowledge learned in prior history and civics courses; and

(D) Measure students’ factual and conceptual knowledge including how the facts interrelate and the reasons behind historical documents and events.

(4) To further this study, every high school student eligible by age for voter registration shall be afforded the opportunity to register to vote pursuant to §3-2-22 of this code.

(b) The state board shall cause to be taught in all public schools of this state the subject of health education, including instruction in any of the grades six through 12 as considered
appropriate by the county board, on: (1) The prevention, transmission, and spread of acquired
immune deficiency syndrome and other sexually transmitted diseases; (2) substance abuse,
including the nature of alcoholic drinks and narcotics, tobacco products, and other potentially
harmful drugs, with special instruction as to their effect upon the human system and upon society
in general; (3) the importance of healthy eating and physical activity in maintaining healthy weight;
and (4) education concerning cardiopulmonary resuscitation and first aid, including instruction in
the care for conscious choking, and recognition of symptoms of drug or alcohol overdose. The
course curriculum requirements and materials for the instruction shall be adopted by the state
board by rule in consultation with the Department of Health and Human Resources. The state
board shall prescribe a standardized health education assessment to be administered within
health education classes to measure student health knowledge and program effectiveness; and
(5) Education concerning human growth and development by means of an oral, written, or digital
lesson, lecture, or presentation about human biology related to pregnancy and human
development inside the womb. Human growth and development instruction shall commence in
grade three. Beginning the 2024-25 school year, the course curriculum materials, as adopted by
the state board by legislative rule, shall include:
   (A) A high-definition ultrasound video, at least three minutes in duration, showing the
development of the brain, heart, sex organs, and other vital organs in early fetal development; and
   (B) The Meet Baby Olivia video developed by Live Action, showing the process of
fertilization and every stage of human development inside the uterus, noting significant markers in

   (c) An opportunity shall be afforded to the parent or guardian of a child subject to instruction
in the prevention, transmission, and spread of acquired immune deficiency syndrome and other
sexually transmitted diseases to examine the course curriculum requirements and materials to be
used in the instruction. The parent or guardian may exempt the child from participation in the
instruction by giving notice to that effect in writing to the school principal.
(d) After July 1, 2015, the required instruction in cardiopulmonary resuscitation in subsection (b) of this section shall include at least 30 minutes of instruction for each student prior to graduation on the proper administration of cardiopulmonary resuscitation (CPR) and the psychomotor skills necessary to perform cardiopulmonary resuscitation. The term "psychomotor skills" means the use of hands-on practicing to support cognitive learning. Cognitive-only training does not qualify as "psychomotor skills". The CPR instruction shall be based on an instructional program established by the American Heart Association or the American Red Cross, or another program which is nationally recognized and uses the most current national evidence-based emergency cardiovascular care guidelines and incorporates psychomotor skills development into the instruction. A licensed teacher is not required to be a certified trainer of cardiopulmonary resuscitation to facilitate, provide, or oversee such instruction. The instruction may be given by community members, such as emergency medical technicians, paramedics, police officers, firefighters, licensed nurses, and representatives of the American Heart Association or the American Red Cross. These community members are encouraged to provide necessary training and instructional resources such as cardiopulmonary resuscitation kits and other material at no cost to the schools. The requirements of this subsection are minimum requirements. A local school district may offer CPR instruction for longer periods of time and may enhance the curriculum and training components, including, but not limited to, incorporating into the instruction the use of an automated external defibrillator (AED): Provided, That any instruction that results in a certification being earned shall be taught by an authorized CPR/AED instructor.

(e) A full week of classes during the week selected by the county board of education shall be recognized as Celebrate Freedom Week. The purpose of Celebrate Freedom Week is to educate students about the sacrifices made for freedom in the founding of this country and the values on which this country was founded.

Celebrate Freedom Week shall include appropriate instruction in each social studies class which:
(1) Includes an in-depth study of the intent, meaning, and importance of the Declaration of Independence, the Emancipation Proclamation, and the Constitution of the United States with an emphasis on the amendments that are crucial to the survival of democracy and freedom, such as the Bill of Rights and the thirteenth, fourteenth, fifteenth, and nineteenth amendments;

(2) Uses the historical, political, and social environments surrounding each document at the time of its initial passage or ratification; and

(3) Includes the study of historical documents to firmly establish the historical background leading to the establishment of the provisions of the constitution and Bill of Rights by the founding fathers for the purposes of safeguarding our constitutional republic.

The requirements of this subsection are applicable to all public, private, parochial, and denominational schools located within this state. Nothing in this subsection creates a standard or requirement subject to state accountability measures.

(f) Beginning the 2018-2019 school year, students in public schools shall be administered a test the same as or substantially similar to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services between their ninth and 12th grade years as an indicator of student achievement in the area of civics education. The test results may be reported in the aggregate to the county board for evaluation by the board’s curriculum director and reported to the board members. Nothing in this subsection creates a standard or requirement subject to state accountability measures.

§18-2-44. Human growth and development curriculum; the "Baby Olivia Act."

(a) This section shall be known and cited as the "Baby Olivia Act."

(b) As used in this section, a "human growth and development discussion" means an oral, written, or digital lesson, lecture, or presentation about human biology related to pregnancy and human development inside the womb.

(c) Beginning the 2024-25 school year, each public school, including each public charter school, shall incorporate a human growth and development discussion into its curriculum, in
grades three, five and eight. The human growth and development discussion must include:

(1) A high-definition ultrasound video, at least three minutes in duration, showing the
development of the brain, heart, sex organs, and other vital organs in early fetal development; and

(2) The *Meet Baby Olivia* video developed by Live Action, showing the process of
fertilization and every stage of human development inside the uterus, noting significant markers in
cell growth and organ development for every significant marker of pregnancy until birth.

(d). The state board shall promulgate a legislative rule pursuant §29A-3B-1 et seq. of this
code to implement this section.

(e) Enforcement—

(1) Acknowledging the state’s interest in safeguarding the health and well-being of its
residents and citizens, the attorney general of the State of West Virginia shall have a cause of
action to enforce this section on behalf of any or all residents or citizens of West Virginia.

(2) The attorney general of the State of West Virginia shall have a cause of action to sue for
damages and injunctive relief on behalf of any or all residents or citizens of West Virginia against
any person or entity that violates this section.

**NOTE:** The purpose of this bill is to amend required courses of education to include human
growth and development related to pregnancy and human development inside the womb; required methods of presenting this instruction and adding a human growth and
development curriculum to be known as the "Baby Olivia Act"; and to authorize the Attorney
General to sue for any violation of the "Baby Olivia Act".

Strike-throughs indicate language that would be stricken from a heading or the present law
and underscoring indicates new language that would be added.
