1 A BILL to amend and reenact §18-8-1 of the Code of West Virginia, 1931, as amended, relating to  
2 compulsory school attendance; removing requirements to submit certain evidence on  
3 behalf of home-schooled children; and providing for exemptions.

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE            8.            COMPULSORY            SCHOOL            ATTENDANCE.**

**§18-8-1. Compulsory school attendance; exemptions.**

1            (a) Exemption from the requirements of compulsory public school attendance established  
2 in §18-8-1a of this code shall be made on behalf of any child for the causes or conditions set forth  
3 in this section. Each cause or condition set forth in this section is subject to confirmation by the  
4 attendance authority of the county. A child who is exempt from compulsory school attendance  
5 under this section is not subject to prosecution under §18-8-2 of this code, nor is such a child a  
6 status offender as defined by §49-1-202 of this code.

7            (b) A child is exempt from the compulsory school attendance requirement set forth in §18-  
8 8-1a of this code if the requirements of this subsection, relating to instruction in a private,  
9 parochial, or other approved school, are met. The instruction shall be in a school approved by the  
10 county board and for a time equal to the instructional term set forth in §18-5-45 of this code. In all  
11 private, parochial, or other schools approved pursuant to this subsection, it is the duty of the  
12 principal or other person in control, upon the request of the county superintendent, to furnish to the  
13 county board such information and records as may be required with respect to attendance,  
14 instruction, and progress of students enrolled.

15            (c) A child is exempt from the compulsory school attendance requirement set forth in §18-  
16 8-1a of this code if the requirements of either subdivision (1) or subdivision (2) of this subsection,  
17 both relating to home instruction, are met.

18            (1) The instruction shall be in the home of the child or children or at some other place  
19 approved by the county board and for a time equal to the instructional term set forth in §18-5-45 of  
20 this code. If the request for home instruction is denied by the county board, good and reasonable

justification for the denial shall be furnished in writing to the applicant by the county board. The instruction shall be conducted by a person or persons who, in the judgment of the county superintendent and county board, are qualified to give instruction in subjects required to be taught in public elementary schools in the state. The person or persons providing the instruction, upon request of the county superintendent, shall furnish to the county board information and records as may be required periodically with respect to attendance, instruction, and progress of students receiving the instruction. The state board shall develop guidelines for the home schooling of special education students including alternative assessment measures to assure that satisfactory academic progress is achieved.

(2) The child meets the requirements set forth in this subdivision: *Provided*, That the county superintendent may, after a showing of probable cause, seek from the circuit court of the county an order denying home instruction of the child. The order may be granted upon a showing of clear and convincing evidence that the child will suffer neglect in his or her education or that there are other compelling reasons to deny home instruction.

(A) Upon commencing home instruction under this section the parent of a child receiving home instruction shall present to the ~~county~~ state superintendent or ~~county~~ state board a notice of intent to provide home instruction that includes the name, address, and age of any child of compulsory school age to be instructed and assurance that the child shall receive instruction in reading, language, mathematics, science, and social studies, and that the child shall be assessed annually in accordance with this subdivision. The person providing home instruction shall notify the ~~county~~ state superintendent upon termination of home instruction for a child who is of compulsory attendance age. Upon establishing residence in a new county, the person providing home instruction shall notify the ~~previous county~~ state superintendent and ~~submit a new notice of intent to the superintendent~~ of the new county of residence: *Provided*, That if a child is enrolled in a public school, notice of intent to provide home instruction shall be given on or before the date home instruction is to begin.

47 ~~(B) The person or persons providing home instruction shall submit satisfactory evidence of~~  
48 ~~a high school diploma or equivalent, or a post-secondary degree or certificate from a regionally~~  
49 ~~accredited institution, or from an institution of higher education that has been authorized to confer~~  
50 ~~a post-secondary degree or certificate in West Virginia by the West Virginia Council for Community~~  
51 ~~and Technical College Education or by the West Virginia Higher Education Policy Commission~~

52 ~~(C)~~ (B) Annually, the person or persons providing home instruction shall obtain an  
53 academic assessment of the child for the previous school year in one of the following ways:

54 (i) The child receiving home instruction takes a nationally normed standardized  
55 achievement test published or normed not more than 10 years from the date of administration and  
56 administered under the conditions as set forth by the published instructions of the selected test  
57 and by a person qualified in accordance with the test's published guidelines. ~~in the subjects of~~  
58 ~~reading, language, mathematics, science, and social studies~~ The child is considered to have  
59 made acceptable progress when the mean of the child's test results in the required subject areas  
60 for any single year is within or above the fourth stanine or, if below the fourth stanine, shows  
61 improvement from the previous year's results;

62 (ii) The child participates in the testing program currently in use in the state's public  
63 schools. The test shall be administered to the child at a public school in the county of residence.  
64 Determination of acceptable progress shall be based on current guidelines of the state testing  
65 program;

66 (iii) A portfolio of samples of the child's work is reviewed by a certified teacher who  
67 determines whether the child's academic progress for the year is in accordance with the child's  
68 abilities. The teacher shall provide a written narrative about the child's progress in the areas of  
69 reading, language arts, mathematics, science, and social studies and shall note any areas which,  
70 in the professional opinion of the reviewer, show need for improvement or remediation. If the  
71 narrative indicates that the child's academic progress for the year is in accordance with the child's  
72 abilities, the child is considered to have made acceptable progress; or

(iv) The child completes an alternative academic assessment of proficiency that is mutually agreed upon by the parent or legal guardian and the ~~county~~ state superintendent.

~~(D)~~ (C) A parent or legal guardian shall maintain copies of each student's Academic Assessment for three years. When the annual assessment fails to show acceptable progress, the person or persons providing home instruction shall initiate a remedial program to foster acceptable progress. The ~~county~~ state board upon request shall notify the parents or legal guardian of the child, in writing, of the services available to assist in the assessment of the child's eligibility for special education services. Identification of a disability does not preclude the continuation of home schooling. In the event that the child does not achieve acceptable progress for a second consecutive year, the person or persons providing instruction shall submit to the ~~county~~ state superintendent additional evidence that appropriate instruction is being provided.

~~(E) The parent or legal guardian shall submit to the county superintendent the results of the academic assessment of the child at grade levels three, five, eight, and 11, as applicable, by June 30 of the year in which the assessment was administered~~

(3) This subdivision applies to both home instruction exemptions set forth in subdivisions (1) and (2) of this subsection. The ~~county~~ state superintendent or a designee shall offer such assistance, including textbooks, other teaching materials and available resources, all subject to availability, as may assist the person or persons providing home instruction. Any child receiving home instruction may upon ~~approval of~~ notice to the ~~county~~ state board exercise the option to attend any class offered by the ~~county~~ state board as the person or persons providing home instruction may consider appropriate subject to normal registration and attendance requirements.

(d) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to physical or mental incapacity, are met. Physical or mental incapacity consists of incapacity for school attendance and the performance of school work. In all cases of prolonged absence from school due to incapacity of the child to attend, the written statement of a licensed physician or authorized school nurse is

required. Incapacity shall be narrowly defined and in any case the provisions of this article may not allow for the exclusion of the mentally, physically, emotionally, or behaviorally handicapped child otherwise entitled to a free appropriate education.

(e) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if conditions rendering school attendance impossible or hazardous to the life, health, or safety of the child exist.

(f) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code upon regular graduation from a standard senior high school or alternate secondary program completion as determined by the state board.

(g) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the child is granted a work permit pursuant to the subsection. After due investigation the county superintendent may grant work permits to youths under the termination age designated in §18-8-1a of this code, subject to state and federal labor laws and regulations. A work permit may not be granted on behalf of any youth who has not completed the eighth grade of school.

(h) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if a serious illness or death in the immediate family of the child has occurred. It is expected that the ~~county~~ state attendance director will ascertain the facts in all cases of such absences about which information is inadequate and report the facts to the ~~county~~ state superintendent.

(i) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to destitution in the home, are met. Exemption based on a condition of extreme destitution in the home may be granted only upon the written recommendation of the county attendance director to the county superintendent following careful investigation of the case. A copy of the report confirming the condition and school exemption shall be placed with the county director of public assistance. This enactment

contemplates every reasonable effort that may properly be taken on the part of both school and public assistance authorities for the relief of home conditions officially recognized as being so destitute as to deprive children of the privilege of school attendance. Exemption for this cause is not allowed when the destitution is relieved through public or private means.

(j) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to church ordinances and observances of regular church ordinances, are met. The ~~county~~ state board may approve exemption for religious instruction upon written request of the person having legal or actual charge of a child or children. This exemption is subject to the rules prescribed by the ~~county~~ state superintendent and approved by the ~~county~~ state board.

(k) A child is exempt from the compulsory school attendance requirement set forth in §18-8-1a of this code if the requirements of this subsection, relating to alternative private, parochial, church, or religious school instruction, are met. Exemption shall be made for any child attending any private school, parochial school, church school, school operated by a religious order, or other nonpublic school which elects to comply with the provisions of §18-28-1 *et seq.* of this code.

(l) Completion of the eighth grade does not exempt any child under the termination age designated in §18-8-1a of this code from the compulsory attendance provision of this article.

(m) A child is exempt from the compulsory school attendance requirements set forth in §18-8-1a of this code if the child is an eligible recipient participating in the Hope Scholarship Program, as provided for in §18-31-1 *et seq.* of this code and provides a notice of intent to participate in the Hope Scholarship Program to the ~~county~~ state superintendent. The ~~county~~ state superintendent shall enter the following into the West Virginia Education Information System (WVEIS):

(1) The filing of the notice of intent pursuant to this subsection;

(2) In the case of a Hope Scholarship recipient who chooses an individualized instructional program, annually, the child's test results or determination that a student is making academic

(3) In the case of an eligible recipient enrolling in a participating school, annually, the filing of a notice of enrollment pursuant to §18-31-11(a)(6) of this code.

(1) For the purposes of this subsection:

(A) "Learning pod" means a voluntary association of parents choosing to group their children together to participate in their elementary or secondary academic studies as an alternative to enrolling in a public school, private school, homeschool, or microschool, including participation in an activity or service provided to the children in exchange for payment; and

The person providing instruction shall notify the ~~county~~ state superintendent upon termination of participation in a learning pod or microschool for a child who is of compulsory attendance age. Upon establishing residence in a new county, the person providing instruction

shall notify the ~~previous county~~ state superintendent and ~~submit a new notice of intent to the~~

school, notice of intent to participate in a learning pod or microschool shall be given on or before  
the date participation is to begin.

(A) Upon receiving an NOI indicating that a child is participating in a learning pod or  
microschool, the state superintendent or state board must notify the learning pod or microschool

(C) A portfolio of samples of the child's work is reviewed by a certified teacher who determines whether the child's academic progress for the year is in accordance with the child's abilities. The teacher shall provide a written narrative about the child's progress in the areas of reading, language, mathematics, science, and social studies and shall note any areas which, in the professional opinion of the reviewer, show need for improvement or remediation.
