§30-27A-3. Member state requirements.

1 (a) To be eligible to join this compact, and to maintain eligibility as a member state, a state

2 must:

3 (1) License and regulate cosmetology;

4 (2) Have a mechanism or entity in place to receive and investigate complaints about

5 licensees practicing in that state;

6 (3) Require that licensees within the state pass a cosmetology competency examination

7 prior to being licensed to provide cosmetology services to the public in that state;

8 (4) Require that licensees satisfy educational or training requirements in cosmetology prior

9 to being licensed to provide cosmetology services to the public in that state;

10 (5) Implement procedures for considering one or more of the following categories of

11 information from applicants for licensure: criminal history; disciplinary history; or background

12 check. Such procedures may include the submission of information by applicants for the purpose

13 of obtaining an applicant's background check as defined herein;

14 (6) Participate in the data system, including through the use of unique identifying numbers;

15 (7) Share information related to adverse actions with the commission and other member

16 states, both through the data system and otherwise;

17 (8) Notify the commission and other member states, in compliance with the terms of the

18 compact and rules of the commission, of the existence of investigative information or current

19 significant investigative information in the state's possession regarding a licensee practicing in

20 that state;

21 (9) Comply with such rules as may be enacted by the commission to administer the

22 compact; and

23 (10) Accept licensees from other member states as established herein.

24 (b) Member states may charge a fee for granting a license to practice cosmetology.

25 (c) Individuals not residing in a member state shall continue to be able to apply for a
26 member state's single-state license as provided under the laws of each member state. However,
27 the single-state license granted to these individuals shall not be recognized as granting a
28 multistate license to provide services in any other member state.

29 (d) Nothing in this compact shall affect the requirements established by a member state for
30 the issuance of a single-state license.

31 (e) A multistate license issued to a licensee by a home state to a resident of that state shall
32 be recognized by each member state as authorizing a licensee to practice cosmetology in each
33 member state.

34 (f) At no point shall the commission have the power to define the educational or
35 professional requirements for a license to practice cosmetology. The member states shall retain
36 sole jurisdiction over the provision of these requirements.

§30-27A-4. Multi-state licenses.

1 (a) To be eligible to apply to their home state's state licensing authority for an initial
2 multistate license under this compact, a licensee must hold an active and unencumbered single-
3 state license to practice cosmetology in their home state.

4 (b) Upon the receipt of an application for a multistate license, according to the rules of the
5 commission, a member state's state licensing authority shall ascertain whether the applicant
6 meets the requirements for a multistate license under this compact.

7 (c) If an applicant meets the requirements for a multistate license under this compact and
8 any applicable rules of the commission, the state licensing authority in receipt of the application
9 shall, within a reasonable time, grant a multistate license to that applicant, and inform all member
10 states of the grant of said multistate license.

11 (d) A multistate license to practice cosmetology issued by a member state's state licensing
12 authority shall be recognized by each member state as authorizing the practice thereof as though
13 that licensee held a single-state license to do so in each member state, subject to the restrictions

14 herein.

15 (e) A multistate license granted pursuant to this compact may be effective for a definite
16 period of time, concurrent with the licensure renewal period in the home state.

17 (f) To maintain a multistate license under this compact, a licensee must:

18 (1) Agree to abide by the rules of the state licensing authority, and the state scope of
19 practice laws governing the practice of cosmetology, of any member state in which the licensee
20 provides services;

21 (2) Pay all required fees related to the application and process, and any other fees which
22 the commission may by rule require; and

23 (3) Comply with any and all other requirements regarding multistate licenses which the
24 commission may by rule provide.

25 (g) A licensee practicing in a member state is subject to all scope of practice laws
26 governing cosmetology services in that state.

27 (h) The practice of cosmetology under a multistate license granted pursuant to this
28 compact will subject the licensee to the jurisdiction of the state licensing authority, the courts, and
29 the laws of the member state in which the cosmetology services are provided.

§30-27A-5. Re-issuance of a new multi-state license by a new home state.

1 (a) A licensee may hold a multistate license, issued by their home state, in only one
2 member state at any given time.

3 (b) If a licensee changes their home state by moving between two member states:

4 (1) The licensee shall immediately apply for the reissuance of their multistate license in
5 their new home state. The licensee shall pay all applicable fees and notify the prior home state in
6 accordance with the rules of the commission.

7 (2) Upon receipt of an application to reissue a multistate license, the new home state shall
8 verify that the multistate license is active, unencumbered, and eligible for reissuance under the
9 terms of the compact and the rules of the commission. The multistate license issued by the prior

home state will be deactivated and all member states notified in accordance with the applicable rules adopted by the commission.

(3) If required for initial licensure, the new home state may require a background check as specified in the laws of that state, or the compliance with any jurisprudence requirements of the new home state.

(4) Notwithstanding any other provision of this compact, if a licensee does not meet the requirements set forth in this compact for the reissuance of a multistate license by the new home state, then the licensee shall be subject to the new home state requirements for the issuance of a single-state license in that state.

(c) If a licensee changes their primary state of residence by moving from a member state to a non-member state, or from a non-member state to a member state, then the licensee shall be subject to the state requirements for the issuance of a single-state license in the new home state.

(d) Nothing in this compact shall interfere with a licensee's ability to hold a single-state license in multiple states; however, for the purposes of this compact, a licensee shall have only one home state, and only one multistate license.

(e) Nothing in this compact shall interfere with the requirements established by a member state for the issuance of a single-state license.

§30-27A-6. Authority of the Compact Commission and member licensing authorities.

(a) Nothing in this compact, nor any rule or regulation of the commission, shall be construed to limit, restrict, or in any way reduce the ability of a member state to enact and enforce laws, regulations, or other rules related to the practice of cosmetology in that state, where those laws, regulations, or other rules are not inconsistent with the provisions of this compact.

(b) Insofar as practical, a member state's state licensing authority shall cooperate with the commission and with each entity exercising independent regulatory authority over the practice of cosmetology according to the provisions of this compact.

(c) Discipline shall be the sole responsibility of the state in which cosmetology services are

provided. Accordingly, each member state's state licensing authority shall be responsible for receiving complaints about individuals practicing cosmetology in that state, and for communicating all relevant investigative information about any such adverse action to the other member states through the data system in addition to any other methods the commission may by rule require.

§30-27A-7. Adverse actions.

(a) A licensee's home state shall have exclusive power to impose an adverse action against a licensee's multistate license issued by the home state.

(b) A home state may take adverse action on a multistate license based on the investigative information, current significant investigative information, or adverse action of a remote state.

(c) In addition to the powers conferred by state law, each remote state's state licensing authority shall have the power to:

(1) Take adverse action against a licensee's authorization to practice Cosmetology through the multistate license in that member state, provided that:

(A) Only the licensee's home state shall have the power to take adverse action against the multistate license issued by the home state; and

(B) For the purposes of taking adverse action, the home state's state licensing authority shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine the appropriate action.

(2) Issue cease and desist orders or impose an encumbrance on a licensee's authorization to practice within that member state.

(3) Complete any pending investigations of a licensee who changes their primary state of residence during the course of such an investigation. The state licensing authority shall also be empowered to report the results of such an investigation to the commission through the data system as described herein.

22 (4) Issue subpoenas for both hearings and investigations that require the attendance and
23 testimony of witnesses, as well as the production of evidence. Subpoenas issued by a state
24 licensing authority in a member state for the attendance and testimony of witnesses or the
25 production of evidence from another member state shall be enforced in the latter state by any court
26 of competent jurisdiction, according to the practice and procedure of that court applicable to
27 subpoenas issued in proceedings before it. The issuing state licensing authority shall pay any
28 witness fees, travel expenses, mileage, and other fees required by the service statutes of the state
29 in which the witnesses or evidence are located.

30 (5) If otherwise permitted by state law, recover from the affected licensee the costs of
31 investigations and disposition of cases resulting from any adverse action taken against that
32 licensee.

33 (6) Take adverse action against the licensee's authorization to practice in that state based
34 on the factual findings of another remote state.

35 (d) A licensee's home state shall complete any pending investigation(s) of a cosmetologist
36 who changes their primary state of residence during the course of the investigation(s). The home
37 state shall also have the authority to take appropriate action(s) and shall promptly report the
38 conclusions of the investigations to the data system.

39 (e) If an adverse action is taken by the home state against a licensee's multistate license,
40 the licensee's authorization to practice in all other member states shall be deactivated until all
41 encumbrances have been removed from the home state license. All home state disciplinary orders
42 that impose an adverse action against a licensee's multistate license shall include a statement that
43 the cosmetologist's authorization to practice is deactivated in all member states during the
44 pendency of the order.

45 (f) Nothing in this compact shall override a member state's authority to accept a licensee's
46 participation in an alternative program in lieu of adverse action. A licensee's multistate license
47 shall be suspended for the duration of the licensee's participation in any alternative program.

48 (g) Joint Investigations

49 (1) In addition to the authority granted to a member state by its respective scope of practice
50 laws or other applicable state law, a member state may participate with other member states in
51 joint investigations of licensees.

52 (2) Member states shall share any investigative, litigation, or compliance materials in
53 furtherance of any joint or individual investigation initiated under the compact.

§30-27A-8. Active military members and their spouses.

1 Active military members, or their spouses, shall designate a home state where the
2 individual has a current license to practice cosmetology in good standing. The individual may
3 retain their home state designation during any period of service when that individual or their
4 spouse is on active duty assignment.

§30-27A-9. Establishment and operation of the Cosmetology Licensure Compact
Commission.

1 (a) The compact member states hereby create and establish a joint government agency
2 whose membership consists of all member states that have enacted the compact known as the
3 Cosmetology Licensure Compact Commission. The commission is an instrumentality of the
4 compact member states acting jointly and not an instrumentality of any one state. The commission
5 shall come into existence on or after the effective date of the compact as set forth in §30-27A-13 of
6 this code.

7 (b) Membership, voting, and meetings

8 (1) Each member state shall have and be limited to one delegate selected by that member
9 state's state licensing authority.

10 (2) The delegate shall be an administrator of the state licensing authority of the member
11 state or their designee.

12 (3) The commission shall by rule or bylaw establish a term of office for delegates and may
13 by rule or bylaw establish term limits.

14 (4) The commission may recommend removal or suspension of any delegate from office.

15 (5) A member state's state licensing authority shall fill any vacancy of its delegate occurring
16 on the commission within 60 days of the vacancy.

17 (6) Each delegate shall be entitled to one vote on all matters that are voted on by the

31 shall not be affected;

32 (7) Maintain and certify records and information provided to a member state as the
33 authenticated business records of the commission, and designate an agent to do so on the
34 commission's behalf;

35 (8) Purchase and maintain insurance and bonds;

36 (9) Borrow, accept, or contract for services of personnel, including, but not limited to,
37 employees of a member state;

38 (10) Conduct an annual financial review;

39 (11) Hire employees, elect, or appoint officers, fix compensation, define duties, grant such

individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(12) As set forth in the commission rules, charge a fee to a licensee for the grant of a multistate license and thereafter, as may be established by commission rule, charge the licensee a multistate license renewal fee for each renewal period. Nothing herein shall be construed to prevent a home state from charging a licensee a fee for a multistate license or renewals of a multistate license, or a fee for the jurisprudence requirement if the member state imposes such a requirement for the grant of a multistate license;

(13) Assess and collect fees;

177 adequate to meet the same; nor shall the commission pledge the credit of any member states,
178 except by and with the authority of the member state.

179 (5) The commission shall keep accurate accounts of all receipts and disbursements. The
180 receipts and disbursements of the commission shall be subject to the financial review and
181 accounting procedures established under its bylaws. All receipts and disbursements of funds

190 whom the claim is made had a reasonable basis for believing occurred within the scope of
191 commission employment, duties or responsibilities; provided that nothing in this paragraph shall
192 be construed to protect any such person from suit or liability for any damage, loss, injury, or liability

194 insurance of any type by the commission shall not in any way compromise or limit the immunity
195 granted hereunder.

(4) Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

(5) Nothing in this compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this compact shall be construed to be a waiver of sovereign immunity by the member states or by the commission.

§30-27A-11.

Rulemaking.

(a) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact, or the powers granted hereunder, or based upon another applicable standard of review.

(b) The rules of the commission shall have the force of law in each member state, *Provided*, That where the rules of the commission conflict with the laws of the member state that establish the member state's scope of practice laws governing the practice of cosmetology as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in that state to the extent of the conflict.

(c) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified by the commission for each rule.

(d) If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four

years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state or to any state applying to participate in the compact.

(e) Rules shall be adopted at a regular or special meeting of the commission.

(f) Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(g) Prior to adoption of a proposed rule by the commission, and at least thirty (30) days in advance of the meeting at which the commission will hold a public hearing on the proposed rule, the commission shall provide a notice of proposed rulemaking:

(1) On the website of the commission or other publicly accessible platform;

Rules may be grouped for the convenience of the commission at hearings required by this section.

(k) The commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(1) The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

(2) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in §30-27A-11 of this code, the effective date of the rule shall be no sooner than 45 days after the commission issuing the notice that it adopted or amended the rule.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with five days' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. 69 after posting. The revision may be challenged only on grounds that the revision results in a
70 material change to a rule. A challenge shall be made in writing and delivered to the commission
71 prior to the end of the notice period. If no challenge is made, the revision will take effect without
72 further action. If the revision is challenged, the revision may not take effect without the approval of
73 the commission.

74 (n) No member state's rulemaking requirements shall apply under this compact.

§30-27A-12. Oversight, dispute resolution, and enforcement.

1 (a) Oversight:

2 (1) The executive and judicial branches of state government in each member state shall
3 enforce this compact and take all actions necessary and appropriate to implement the compact.

4 (2) Venue is proper and judicial proceedings by or against the commission shall be brought
5 solely and exclusively in a court of competent jurisdiction where the principal office of the
6 commission is located. The commission may waive venue and jurisdictional defenses to the extent
7 it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein
8 shall affect or limit the selection or propriety of venue in any action against a licensee for
9 professional malpractice, misconduct or any such similar matter.

10 (3) The commission shall be entitled to receive service of process in any proceeding
11 regarding the enforcement or interpretation of the compact and shall have standing to intervene in
12 such a proceeding for all purposes. Failure to provide the commission service of process shall
13 render a judgment or order void as to the commission, this compact, or promulgated rules.

14 (b) Default, technical assistance, and termination:

15 (1) If the commission determines that a member state has defaulted in the performance of
16 its obligations or responsibilities under this compact or the promulgated rules, the commission
17 shall provide written notice to the defaulting state. The notice of default shall describe the default,
18 the proposed means of curing the default, and any other action that the commission may take, and
19 shall offer training and specific technical assistance regarding the default.

(2) The commission shall provide a copy of the notice of default to the other member states.

(3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the delegates of the member states, and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority, and each of the member states' state licensing authority.

(5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(6) Upon the termination of a state's membership from this compact, that state shall immediately provide notice to all licensees who hold a multistate license within that state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of said notice of termination.

(7) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(8) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) Dispute resolution:

(1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact and the commission's rules.

(2) By majority vote as provided by commission rule, the commission may initiate legal action against a member state in default in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting member state's law.

(3) A member state may initiate legal action against the commission in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(4) No individual or entity other than a member state may enforce this compact against the commission.

§30-27A-13. Effective date, withdrawal, and amendment.

1 (a) The compact shall come into effect on the date on which the compact statute is enacted
2 into law in the seventh member state.

3 (1) On or after the effective date of the compact, the commission shall convene and review
4 the enactment of each of the charter member states to determine if the statute enacted by each
5 such charter member state is materially different than the model compact statute.

6 (A) A charter member state whose enactment is found to be materially different from the
7 model compact statute shall be entitled to the default process set forth in §30-27A-12 of this code.

8 (B) If any member state is later found to be in default, or is terminated or withdraws from the
9 compact, the commission shall remain in existence and the compact shall remain in effect even if
10 the number of member states should be fewer than seven.

11 (2) Member states enacting the compact subsequent to the charter member states shall be
12 subject to the process set forth in §30-27A-9 of this code to determine if their enactments are
13 materially different from the model compact statute and whether they qualify for participation in the
14 compact.

15 (3) All actions taken for the benefit of the commission or in furtherance of the purposes of
16 the administration of the compact prior to the effective date of the compact or the commission
17 coming into existence shall be considered to be actions of the commission unless specifically
18 repudiated by the commission.

19 (4) Any state that joins the compact shall be subject to the commission's rules and bylaws
20 as they exist on the date on which the compact becomes law in that state. Any rule that has been
21 previously adopted by the commission shall have the full force and effect of law on the day the
22 compact becomes law in that state.

23 (b) Any member state may withdraw from this compact by enacting a statute repealing that
24 state's enactment of the compact.

25 (1) A member state's withdrawal shall not take effect until 180 days after enactment of the
26 repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's state licensing authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(c) Nothing contained in this compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this compact.

(d) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

§30-27A-14. Construction and severability.

(a) This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes.

(b) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the compact, or of the United states, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

12 (c) Notwithstanding §30-27A-14 of this code, the commission may deny a state's
13 participation in the compact or, in accordance with the requirements of §30-27A-12 of this code,
14 terminate a member state's participation in the compact, if it determines that a constitutional
15 requirement of a member state is a material departure from the compact. Otherwise, if this
16 compact shall be held to be contrary to the constitution of any member state, the compact shall
17 remain in full force and effect as to the remaining member states and in full force and effect as to
18 the member state affected as to all severable matters.

§30-27A-15. Consistent effect and conflict with other state laws.

1 (a) Nothing herein shall prevent or inhibit the enforcement of any other law of a member
2 state that is not inconsistent with the compact.

3 (b) Any laws, statutes, regulations, or other legal requirements in a member state in conflict
4 with the compact are superseded to the extent of the conflict.

5 (c) All permissible agreements between the commission and the member states are
6 binding in accordance with their terms.
