1 A BILL to amend and reenact §17B-2-1 of the Code of West Virginia, 1931, as amended, relating
2 to providing a means by which applicants for driver's licenses or identification certificates
3 who do not have permanent addresses may obtain a driver's license or identification
4 certificate; provide for auditing of the addresses permitted by the Department of Motor
5 Vehicles; listing cancellation standards; and providing a fee waiver for those applicants
6 with no permanent address.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. ISSUANCE OF LICENSE, EXPIRATION, AND RENEWAL.

§17B-2-1. Drivers must be licensed; types of licenses; licensees need not obtain local government license; motorcycle driver license; identification cards; permanent address not necessary to obtain a temporary driver's license or identification certificate.

1 (a) (1) No person, except those hereinafter expressly exempted, may drive a motor vehicle
2 upon a street or highway in this state or upon a subdivision street used by the public generally
3 unless the person has a valid driver's license issued pursuant to this code for the type or class of
4 vehicle being driven.

5 (2) Any person licensed to operate a motor vehicle pursuant to this code may exercise the
6 privilege thereby granted in the manner provided in this code and, except as otherwise provided by
7 law, is not required to obtain any other license to exercise the privilege by a county, municipality, or
8 local board or body having authority to adopt local police regulations.

9 (b) The division, upon issuing a driver's license, shall indicate on the license the type or
10 general class or classes of vehicles the licensee may operate in accordance with this code, federal
11 law, or rule. Licenses shall be issued in different colors for those drivers under age 18, those
12 drivers age 18 to 21, and adult drivers. The commissioner is authorized to select and assign
13 colors to the licenses of the various age groups.

14 (c) The following drivers' licenses classifications are hereby established:

(1) A Class A, B, or C license shall be issued to those persons 18 years of age or older with two years of driving experience who have qualified for the commercial driver's license established by Chapter 17E of this code and the federal Motor Carrier Safety and Improvement Act of 1999 subsequent rules, and have paid the required fee.

(2) A Class D license shall be issued to those persons 18 years and older with one year of driving experience who operate motor vehicles other than those types of vehicles which require the operator to be licensed under the provisions of Chapter 17E of this code and federal law and rule and whose primary function or employment is the transportation of persons or property for compensation or wages and have paid the required fee. For the purpose of regulating the operation of motor vehicles, wherever the term "chauffeur's license" is used in this code, it means the Class A, B, C, or D license described in this section or Chapter 17E of this code or federal law or rule: *Provided*, That anyone not required to be licensed under the provisions of Chapter 17E of this code and federal law or rule and who operates a motor vehicle registered or required to be registered as a Class A motor vehicle, as that term is defined in §17A-10-1 of this code, with a gross vehicle weight rating of less than 8,001 pounds, is not required to obtain a Class D license.

(3) A Class E license shall be issued to persons who have qualified for a driver's license under the provisions of this chapter and who are not required to obtain a Class A, B, C, or D license and who have paid the required fee. The Class E license may be endorsed under §17B-2-7b of this code for motorcycle operation. The Class E or G license for a person under the age of 18 may also be endorsed with the appropriate graduated driver license level in accordance with §17B-2-3a of this code.

(4) A Class F license shall be issued to those persons who successfully complete the motorcycle examination procedure provided by this chapter and have paid the required fee but who do not possess a Class A, B, C, D, or E driver's license.

(5) A Class G driver's license or instruction permit shall be issued to a person using bioptic telescopic lenses who has successfully completed an approved driver training program and

41 complied with all other requirements of §17B-2B-1 *et seq.* of this code.

42 (d) All licenses issued under this section may contain information designating the licensee
43 as a diabetic, an organ donor, deaf or hard-of-hearing, as having any other handicap or disability,
44 or that the licensee is an honorably discharged veteran of any branch of the Armed Forces of the
45 United States, according to criteria established by the division, if the licensee requests this
46 information on the license. An honorably discharged veteran may be issued a replacement license
47 without charge if the request is made before the expiration date of the current license and the only
48 purpose for receiving the replacement license is to get the veterans designation placed on the
49 license.

50 (e) No person, except those hereinafter expressly exempted, may drive a motorcycle on a
51 street or highway in this state or on a subdivision street used by the public generally unless the
52 person has a valid motorcycle license, a valid license which has been endorsed under §17A-2-17b
53 of this code for motorcycle operation, or a valid motorcycle instruction permit.

54 (f) (1) An identification card may be issued to a person who:

55 (A) Is a resident of this state in accordance with §17A-3-1a of this code;

56 (B) Has reached the age of two years or, for good cause shown, under the age of two;

62 (i) Is 65 years or older;

63 (ii) Is legally blind; or

64 (iii) Will be at least 18 years of age at the next general, municipal, or special election and

66 (D) Presents a birth certificate or other proof of age and identity acceptable to the division

with a completed application on a form supplied by the division.

(2) The identification card shall contain the same information as a driver's license except that the identification card shall be clearly marked as an identification card. The division may issue an identification card with less information to persons under the age of 16. The division may issue an identification card without a photograph pursuant to subdivision (4) of this subsection. An identification card may be renewed annually on application and payment of the fee required by this section.

(A) Every identification card issued to a person who has attained his or her 21st birthday expires on the licensee's birthday in those years in which the licensee's age is evenly divisible by five. Except as provided in paragraph (B) of this subdivision, no identification card may be issued for less than three years or for more than seven years and expires on the licensee's birthday in those years in which the licensee's age is evenly divisible by five.

(B) Every identification card issued to a person who has not attained his or her 21st birthday expires 30 days after the licensee's 21st birthday.

(C) Every identification card issued to persons under the age of 16 shall be issued for a period of two years and expire on the last day of the month in which the applicant's birthday occurs.

(3) The division may issue an identification card to an applicant whose privilege to operate a motor vehicle has been refused, canceled, suspended, or revoked under the provisions of this code.

(4) Notwithstanding the provisions of this article to the contrary, the division may issue an identification card without a photograph to an applicant who under oath or affirmation affirms, subject to the laws of perjury and on a form supplied by the division, that the applicant is a member of a recognized religious sect that has established tenets and teachings due to which the applicant is conscientiously opposed to posing for a photograph. The form supplied by the division pursuant to this subdivision shall advise the applicant that an identification card without a photograph may

not be acceptable for all identification purposes.

(g) For any person over the age of 50 years who wishes to obtain a driver's license or identification card under the provisions of this section:

(1) A raised seal or stamp on the birth certificate or certified copy of the birth certificate is not required if the issuing jurisdiction does not require one; and

(2) If documents are lacking to prove all changes of name in the history of any such applicant, applicants renewing a driver's license or identification card under the provisions of this section may complete a Name Variance Approval Document as instituted by the division, so long as they can provide:

(A) Proof of identity;

(B) Proof of residency, or meet the requirements of §17B-2-1(i); and

(C) A valid Social Security number.

(B) Assume another person's identity; or

(C) Commit fraud.

(h) A person over the age of 70 years, or who is on Social Security Disability, who wishes to obtain or renew a driver's license or identification card under the provisions of this section, may not be required to supply a copy of a birth certificate if they can provide:

(E) An expired driver's license, employment identification card, or other reliable identification card with a recognizable photograph of the person.

(i) The address requirement for a driver license and identification certificate is:

(1) The applicant's West Virginia residence address must be given unless no permanent residence can be established. Applicants may be required by the department to provide proof satisfactory to the department to establish the West Virginia residence address or affidavit of "No Permanent Residence", provided.

(A) All documents must be verifiable.

(B) An affidavit of "No Permanent Residence" may be obtained from the DMV.

(i) An affidavit applicant must swear and affirm that they do not have a permanent residence, and understand that providing false information may result in criminal and civil penalties, including the suspension of driving privileges.

(ii) An affidavit of "No Permanent Residence" must be signed by an agent of a shelter facility or state registered nonprofit.

(iii) Affidavit for supporting driving license or identification will be valid for one year from issue to establish a residence.

(2) The complete street address including apartment numbers and such terms as street, circle, drive, or court should be used whenever possible. The city, state, zip code, and type of residence must be shown as part of the address on all applications for driver licenses and identification certificates. The zip code may be a five or nine digit number until such time as the nine digit number is required by the department or postal authorities. In rural areas, route number and box number should be given.

(3) The application form also provides space for a mailing address. If there is no mail

delivery at the address shown, then a post office box number or other mailing address must be shown in conjunction with the West Virginia residence address provided. If an applicant has a mailing address in addition to the West Virginia residence address, which may include post office boxes or other mailing locations, it may be provided in this space.

(4) A general delivery address must not be used except in very small communities when no street or route addresses are available.

(5) The department has incorporated an address validation program that presents addresses using United States Postal Service (USPS) standards.

(A) Standardized addresses will be displayed on licenses and identification certificates and used for mailing purposes.

(B) Addresses that do not conform to USPS standards or do not validate may be used if the customer can verify that he and or she receives mail at that address.

(6) The department may conduct an audit of driver license and identification certificate address information provided by driver license customers. This audit shall:

(A) Validate that the addresses being reviewed are residential addresses; and/or post office box.

(B) Determine if the same address has been provided by ten (10) or more driver license or identification certificate holders.

(7) The department may require each driver license or identification certificate holder whose address of record is being audited to present documentation.

(8) The department may cancel any driver license or identification certificate issued to a person who does not prove that they reside at the address on record or in the case of no permanent residence if they are not maintaining a post office or have had their services terminated by the United States Postal Service.

(A) A person who has been issued a driver license or identification card with an alternate address or establishes a permanent residence must notify the department of the change and

171 obtain a duplicate card not later than 30 days after a name change and/or residence address
172 change.

173 (B) An applicant who is eligible to use a no permanent residence address such as shall
174 have the required fees waived. All documents submitted by the applicant must be acceptable to
175 the department. The department has the discretion to reject or require additional evidence for
176 alternate address eligibility.

177 (C) The driver's license or identification card shall be valid for six months.

178 ~~(f)~~ (j) Any person violating the provisions of this section is guilty of a misdemeanor and,
179 upon conviction thereof, shall be fined not more than \$500 and, upon a second or subsequent
180 conviction, shall be fined not more than \$500 or confined in jail not more than six months, or both
181 fined and confined.

NOTE: The purpose of this bill is to allow a person applying for a driver's license or a state-issued identification card who has no permanent address to obtain a license or identification card by verifying that he or she has no permanent address.
