By Delegate Mallow

[Introduced January 14, 2026; referred to the

Committee on the Judiciary]

1 A BILL to amend and reenact §17C-13-6 of the Code of West Virginia, 1931, as amended, relating
2 to designated accessible parking for persons with a mobility impairment; increasing certain
3 penalties for illegally parking, stopping, standing, or blocking access to a designated
4 accessible parking space, or illegally creating, obtaining and use of special plates or
5 windshield cards issued to mobility impaired persons; establishing a program to increase
6 public awareness of the applicable law, criminal penalties, and the consequences of
7 illegally parking, stopping, or standing in designated accessible parking spaces and
8 illegally creating, obtaining, and using of special plates or windshield cards issued to
9 mobility impaired persons.

Be it enacted by the Legislature of West Virginia:

ARTICLE 13. STOPPING, STANDING AND PARKING.

§17C-13-6. Stopping, standing, or parking privileges for persons with a mobility impairment; disabled veterans; definitions; qualification; special registration plates and removable windshield placards; expiration, application; violation; penalties.

1 (a)(1) The commissioner may issue up to two special registration plates or removable
2 windshield placards to a person with a mobility impairment or a West Virginia organization which
3 transports persons with disabilities and facilitates the mobility of its customers, patients, students,
4 or persons otherwise placed under its responsibility.

5 (2) Special registration plates or placards may only be issued for placement on a Class A
6 or Class G motor vehicle registered under the provisions of §17A-3-1 *et seq.* of this code.

7 (3) The applicant shall specify whether he or she is applying for a special registration plate,
8 a removable windshield placard, or both on the application form prescribed and furnished by the
9 commissioner.

10 (4) The applicant shall submit, with the application, a certificate issued by any physician,
11 chiropractor, advanced nurse practitioner, or physician's assistant who is licensed in this state,
12 stating that the applicant has a mobility impairment, or that the applicant is an organization which

13 regularly transports a person with a mobility impairment as defined in this section. The physician,
14 chiropractor, advanced nurse practitioner, or physician's assistant shall specify in the certificate
15 whether the disability is temporary or permanent. A disability which is temporary is one expected
16 to last for a limited duration and improve during the applicant's life. A disability which is permanent
17 is one which is expected to last during the duration of the applicant's life.

18 (5) Upon receipt of the completed application, the physician's certificate and the regular
19 registration fee for the applicant's vehicle class, if the commissioner finds that the applicant
20 qualifies for the special registration plate or a removable windshield placard as provided in this
21 section, he or she shall issue to the applicant a special registration plate (upon remittance of the
22 regular registration fee) or a removable windshield placard (red for temporary and blue for
23 permanent), or both. Upon request, the commissioner shall also issue to any otherwise qualified
24 applicant one additional placard having the same expiration date as the applicant's original
25 placard. The placard shall be displayed by hanging it from the interior rearview mirror of the motor
26 vehicle so that it is conspicuously visible from outside the vehicle when parked in a designated
27 accessible parking space. The placard may be removed from the rearview mirror whenever the
28 vehicle is being operated to ensure clear vision and safe driving. Only in the event that there is no
29 suitable rearview mirror in the vehicle may the placard be displayed on the dashboard of the
30 vehicle.

31 (6) Organizations which transport people with disabilities will be provided with a placard
32 which will permit them to park in a designated area for the length of time necessary to load and
33 unload passengers. These vehicles must be moved to a nondesignated space once the loading or
34 unloading process is complete.

124 (c) The commissioner shall set the expiration date for special registration plates on the last
125 day of a given month and year, to be valid for a minimum of one year but not more than five years,
126 after which time a new application must be submitted to the commissioner. After the commissioner
127 receives the new application, signed by a certified physician, chiropractor, advanced nurse
128 practitioner, or physician's assistant if required under this subsection, the commissioner shall
129 issue: (i) A new special registration plate or new permanent or temporary removable windshield
130 placard; or (ii) official labels imprinted with the new expiration date and designed so as to be
131 placed over the old dates on the original registration plate or windshield placard: *Provided*, That a

150 standard vehicles. Access aisles should be marked using diagonal two- to four-inch-wide stripes
151 spaced every 12 or 24 inches apart along with the words "no parking" in painted letters which are
152 at least 12 inches in height. All accessible parking spaces must have a signpost in front or adjacent

154 minimum of eight feet above the pavement or sidewalk and the top of the sign. Lines or markings

169 (j) Any person whose vehicle properly displays a valid, unexpired special registration plate
170 or removable windshield placard may park the vehicle for unlimited periods of time in parking
171 zones unrestricted as to length of parking time permitted: *Provided*, That this privilege does not
172 mean that the vehicle may park in any zone where stopping, standing, or parking is prohibited or
173 which creates parking zones for special types of vehicles or which prohibits parking during heavy
174 traffic periods during specified rush hours or where parking would clearly present a traffic hazard.
175 To the extent any provision of any ordinance of any political subdivision of this state is contrary to
176 the provisions of this section, the provisions of this section take precedence and apply.

177 The parking privileges provided for in this subsection apply only during those times when
178 the vehicle is being used for the loading or unloading of a person with a mobility impairment. Any
179 person who knowingly exercises, or attempts to exercise, these privileges at a time when the
180 vehicle is not being used for the loading or unloading of a person with a mobility impairment is

187 removable windshield placard may not stop, stand, or park a motor vehicle in an area designated,
188 zoned, or marked for accessible parking with signs or instructions displaying the international
189 symbol of access, either by itself or with explanatory text. The signs may be mounted on a post or
190 a wall in front of the accessible parking space and instructions may appear on the ground or
191 pavement, but use of both methods is preferred. Accessible parking spaces for vans having an
192 eight-foot adjacent access aisle should be designated as "van accessible" but may be used by any
193 vehicle displaying a valid special registration plate or removable windshield placard.

194 Any person who violates the provisions of this subsection is guilty of a misdemeanor and,

195 upon conviction thereof, shall be fined \$200 \$300; upon second conviction thereof, in addition to
196 any other penalty he or she may otherwise incur, shall be fined \$300 \$400; and upon third and
197 subsequent convictions thereof, in addition to any other penalty he or she may otherwise incur,
198 shall be fined \$500.

199 (l) All signs that designate areas as "accessible parking" or that display the international
200 symbol of access shall also include the words "Up to \$500 fine".

201 (m) No person may stop, stand, or park a motor vehicle in an area designated or marked off
202 as an access aisle adjacent to a van-accessible parking space or regular accessible parking
203 space. Any person, including a driver of a vehicle displaying a valid removable windshield placard
204 or special registration plate, who violates the provisions of this subsection is guilty of a
205 misdemeanor and, upon conviction thereof, shall be fined \$200 \$300; upon second conviction
206 thereof, in addition to any other penalty he or she may otherwise incur, shall be fined \$300 \$400;
207 and upon third and subsequent convictions thereof, in addition to any other penalty he or she may
208 otherwise incur, shall be fined \$500.

209 (n) Parking enforcement personnel who otherwise enforce parking violations may issue
210 citations for violations of this section and shall reference the number on the vehicle's license plate,
211 since the driver normally will not be present.

212 (o) Law-enforcement agencies may establish a program to use trained volunteers to
213 collect information necessary to issue citations to persons who illegally park in designated
214 accessible parking spaces. Any law-enforcement agency choosing to establish a program shall
215 provide for workers' compensation and liability coverage. The volunteers shall photograph the
216 illegally parked vehicle and complete a form, to be developed by supervising law-enforcement
217 agencies, that includes the vehicle's license plate number, date, time, and location of the illegally
218 parked vehicle. The photographs must show the vehicle in the accessible space and a readable
219 view of the license plate. Within the discretion of the supervising law-enforcement agency, the
220 volunteers may issue citations or the volunteers may submit the photographs of the illegally

221 parked vehicle and the form to the supervising law-enforcement agency, who may issue a citation,
222 which includes the photographs and the form, to the owner of the illegally parked vehicle.
223 Volunteers shall be trained on the requirements for citations for vehicles parked in marked, zoned,
224 or designated accessible parking areas by the supervising law-enforcement agency.

225 (p) Local authorities who adopt the basic enforcement provisions of this section and issue
226 their own local ordinances shall retain all fines and associated late fees. These revenues shall be
227 used first to fund the provisions of subsection (o) of this section, if adopted by local authorities, or
228 otherwise shall go into the local authorities' General Revenue Fund. Otherwise, any moneys
229 collected as fines shall be collected for and remitted to the state.

230 (q) The commissioner shall prepare and issue a document to applicants describing the
231 privileges accorded a vehicle having a special registration plate and removable windshield placard
232 as well as the penalties when the vehicle is being inappropriately used as described in this section
233 and shall include the document along with the issued special registration plate or windshield
234 placard. In addition, the commissioner shall issue a separate document informing the general
235 public regarding the new provisions and increased fines being imposed either by way of
236 newspaper announcements or other appropriate means across the state.

237 (r) The commissioner shall establish and implement a program to promote and increase
238 public awareness of the applicable law and the consequences of illegally parking, stopping or
239 standing in designated accessible parking spaces, illegally creating, obtaining and using of special
240 plates or windshield cards issued to mobility impaired persons and methods of enforcement of the
241 provisions of this section, including the following:

242 (A) The prohibitions in this section against illegally parking, stopping, standing or blocking
243 access to a designated accessible parking space and the penalties for violation of the provisions of
244 this section;

245 (B) The availability and contact information of programs established by law enforcement
246 agencies to use trained volunteers for assisting in enforcement of the provisions of this section;

247 (C) The prohibitions in this section against illegally creating, obtaining, and using of special
248 plates or windshield cards issued to mobility impaired persons

249 (D) The consequences of illegally parking, stopping, standing or blocking access to a
250 designated accessible parking space with regard to disabled persons denied access thereto,
251 including inconvenience, hardship and possible delay or denial of medical care, which may result
252 in injury, illness or even death;

253 (r) (s) The commissioner shall propose rules for legislative approval in accordance with the
254 provisions of §29A-3-1 et seq. of this code.

255 (s) (t)(1) A public entity may not require a person to pay for parking a vehicle in an
256 accessible parking space with a parking meter if the following requirements are met:

257 (A) The vehicle displays a special registration plate or placard that entitles the person to
258 park in an accessible parking space pursuant to this section;

259 (B) The driver has a mobility impairment and is unable to walk;

260 (C) The parking meter is not accessible to the driver while sitting in a wheelchair or without
261 traveling more than 30 feet from the parked vehicle; and

262 (D) The parked vehicle displays an unexpired parking certification that is plainly visible with
263 pertinent information through its windshield. For purposes of this subsection, "parking certification"
264 means a letter completed by a licensed medical provider on the provider's letterhead that is titled
265 "Parking Certification pursuant to W.Va. Code §17C-13-6(s)" and that certifies that the person is
266 physically able to drive but unable to walk, which means for purposes of this subsection that the
267 person cannot ambulate without the aid of a wheelchair. Such letter shall specify whether the
268 inability to walk is permanent or temporary. If the inability to walk is temporary, the letter shall
269 include the date on which such temporary disability is anticipated to end, and the letter may not be
270 displayed in a windshield after such date.

271 (2) By displaying a parking certification in the windshield of a vehicle that is parked in an
272 accessible parking space with an expired parking meter, the person is swearing under penalty of

273 false swearing that he or she is unable to access the parking meter without unreasonable effort.

274 (3) Parking enforcement personnel may not cite a vehicle that is parked in an accessible

275 parking space of a public entity for parking at an expired meter if the requirements of this

276 subsection are met: *Provided*, That if a parking citation is issued, it shall be *prima facie* evidence

277 that the person was entitled to park in the accessible parking space with an expired meter if the

278 person produces his or her parking certification.

NOTE: The purpose of this bill is to increase certain criminal penalties for unlawful use of designated accessible parking spaces for mobility impaired persons and unlawful creation and use of special plates or placards issued to mobility impaired persons and establishing a program to increase public awareness for unlawful use of designated accessible parking spaces for mobility impaired persons and unlawful creation and use of special plates or placards issued to mobility impaired persons
