

# **WEST VIRGINIA LEGISLATURE**

## **2026 REGULAR SESSION**

**Introduced**

### **House Bill 4346**

**FISCAL  
NOTE**

By Delegate Mallow

[Introduced January 15, 2026; referred to the  
Committee on Government Organization]

1 A BILL to amend and reenact §7-15-4 of the Code of West Virginia, 1931, as amended, relating to  
2 requiring counties to provide ambulance services at a rate of one ambulance service for  
3 every 18,000 residents.

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE 15. EMERGENCY AMBULANCE SERVICE ACT OF 1975.**

**§7-15-4. Duty of county commissions to provide emergency ambulance service;  
emergency ambulance service authorities authorized; authorities to be public  
corporations.**

1 (a) Except as hereinafter provided and in addition to all other duties imposed upon it by law,  
2 the county commission shall cause emergency ambulance service to be made available to all the  
3 residents, at a ratio of one ambulance service per 18,000 residents, of the county where such  
4 service is not otherwise available: *Provided*, That the duty imposed upon county commissions by  
5 this article shall not be construed in such manner as to impose a duty to cause such emergency  
6 ambulance service to be provided unless the commission shall make an affirmative determination  
7 that there are funds available therefor by the inclusion of a projected expenditure for such purpose  
8 in the current levy estimate, and in the event that such county commission shall make such  
9 determination the commission shall not be under a duty to cause such service to be provided  
10 beyond a level commensurate with the amount of funds actually available for such purpose.

11 (b) The county commission may provide the service directly through its agents, servants  
12 and employees; or through private enterprise; or by its designees; or by contracting with  
13 individuals, groups, associations, corporations or otherwise; or it may cause such services to be  
14 provided by an authority, as provided for in this article; and any municipality or county, or both, or  
15 any two or more municipalities within any county or contiguous counties, or any two or more  
16 contiguous counties, or any combination thereof, may create an authority in order to provide  
17 ambulance services at a ratio of one ambulance service per 18,000 residents. Such authority shall  
18 be created upon the adoption, by the governing body of each participating government, acting

19 individually, of an appropriate ordinance or order. Each authority shall constitute a public  
20 corporation, and as such, shall have perpetual existence. The authority shall be known by such  
21 name as may be established by the board.

NOTE: The purpose of this bill is to require counties to provide ambulance services at a ratio of one ambulance service for every 18,000 residents.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
