**ARTICLE 2P. WEST VIRGINIA YOUTH SUMMER EMPLOYMENT AND CAREER**  
**READINESS PROGRAM.**

**§5B-2P-1. Short title.**

This article may be cited as the West Virginia Youth Summer Employment and Career  
Readiness Act.

**§5B-2P-2. Legislative findings and purpose.**

The Legislature finds that early paid work experience improves educational attainment  
 and workforce outcomes; that West Virginia faces persistent workforce shortages and youth out-  
 migration; that preparing and attracting students while in high school into careers in our state can  
 be a valuable tool not only to retain our youth but to prepare them for a successful career at a  
 critical juncture in their lives; creating a summer employment program will not only help retain our  
 young citizens but provide a boost to the economic life of our state by building a workforce that will  
 incentivize businesses to locate in West Virginia; Further, that providing special recruitment efforts  
 and incentives to focus on a priority youth population made up of those placed in foster care

13 services, those whose families receive public support, and those who are justice-involved is  
14 critical, as these populations often face additional barriers to transitioning into full-time paying  
15 careers; Further, this program will also enhance our workforce with motivated and career ready  
16 young citizens, reduce dependence on governmental assistance and services, and help carry our  
17 state forward in growing economic prosperity. Therefore, the purpose of this article is to establish  
18 a statewide summer employment program that provides paid work experience, career exposure,  
19 and skill development through public and private partnerships, supports emerging employment  
20 sections and entrepreneurship, grows our workforce, attracts new businesses looking for  
21 prepared and job ready young people, and is one of the most valuable investments we can make  
22 for the future of our state.
