8 code and if the member at the time of the disablement was under the age of 50 and had 21 to 30
9 years of service, the member may after attaining the age of 50 petition the pension board of
10 trustees of the policemen's pension or the pension board of trustees of the firemen's pension to
11 begin receiving the retirement pension benefit the member is now eligible for in place of the

12 disability pension benefit the member is currently receiving. Any change from a disability pension

14 date to the first day of July following the second anniversary of the commencement of the regular

26 paid to members holding the same position which the member held within the department at the
27 time of the member's disability. Lump sum payments of state workers' compensation benefits are
28 not considered for purposes of this subsection unless the lump sum payments represent
29 commuted values of monthly state workers' compensation benefits.

30 (c) Any member who has served on active duty with the armed forces of the United States

49 firemen's pension and relief fund in order to continue receiving the total disability incurred not in
50 the line of duty.

51 (e) The \$18,200 limit in subsection (d) of this section shall be automatically increased when
