Pursuant to House Rule 48, Delegate Folk explained his vote on the passage of Com. Sub. for S. B. 597 and requested that the remarks be printed in the Journal, as follows:

Delegate Folk: Thank you Mr. Speaker.

We just took a vote on replacing, it says right in the bill, best interest to supplant competition with regulatory oversight. So we took a vote to replace competition with regulation. That is under the Health Care Authority.

Now there was some mention about what the Supreme Court has done but, the last time I checked, I don't think there has been too many economists on the Supreme Court. People, I don't find anything in this bill regarding Huntington is specifically stated. This is much broader than that and the bill has much larger policy implications than just the Huntington or the Morgantown area. You have to look no further than the definition of teaching hospital which means a hospital medical center that provides clinical education and training to future and current health professionals. I believe the Berkeley Medical Center and also what used to be called the Jefferson, down in Jefferson, Memorial would also include it. Because it says under the academic medical center with the medical school or one or more affiliated hospitals which would include much more than just Morgantown and Huntington. This is broad, broad implication.

The other thing I find very troubling is that in this new language on page twenty we are going to allow the Governor, of course to appoint with the consent of the Senate, but more importantly we just gave the Governor without any restriction the right to set the salary of the Executive Director of the Health Care Authority. We all know that there are many people around the state right now, I know as least one right off the top of my head is making almost \$300,000 in state government. I find that very problematic.

We are going to study...study regulations. You can look over and over in this bill multiple places it refers to reducing competition. It references on a paragraph on page 39 what a qualified hospital is but I found nowhere in the bill the definition of a qualified hospital. This is the wrong way to go.

This is no different than the ACA at the state level. Everybody in here, well let me put it this way, most of the people on this side of the aisle campaigned against the government intrusion of our health care system. I want to mention one other place that is interesting because there has been mention that we can't have free markets in health care. I challenge

everyone to look up the Oklahoma free market surgery center in Oklahoma. They are actually bringing people in the state, mainly from Canada because they can't get health care in a timely manner. That is what happens when the government gets involved. They often times have to go outside their country to get health care in Canada and they come down to the Oklahoma free market center and just an example of how well they do, one of the measures of a good health care system in a hospital is the rate of infection of the facility. The average is around 2 ½ % nationwide. But, in 2006, .3%; 2007 .3%; 2008, .04%; 2009-2010, .001%; 2011, 2012, 2013, .05% and .015%, .13%. That is all a fraction of what the rest of the country does. So don't tell me free markets don't work.

We just passed a bill here that is now going to become law unless the Governor has a day of wisdom and vetoes it. Let me say that again. We passed a bill in here that we just created more regulation in this state for our health care and, previous of that more importantly, we just took away in a previous vote today the authority of rate setting. This will have no effect except in the long run this policy that we just passed will raise health insurance cost for every citizen of this state.

Thank you Mr. Speaker.

Pursuant to House Rule 48, Delegates Shott and Lane were also recognized to explain their votes on the passage of Com. Sub. for S. B. 597.

On motion of Delegate Faircloth, having voted on the prevailing side on the passage of Com. Sub. for S. B. 597, the passage of the bill was reconsidered.

Delegate Faircloth then moved to commit the bill to the Committee on the Judiciary.

The Speaker advised the Gentleman that the motion was out of order, stating that the motion to commit the bill to the Committee on the Judiciary was on the table.

Delegate Faircloth then renewed the motion to take from the table the motion to commit the bill to the Committee on the Judiciary.

On this motion, the yeas and nays were demanded, which demand was sustained.

The yeas and nays having been ordered, they were taken (**Roll No. 385**), and there were—yeas 65, nays 20, excused from voting 1, absent and not voting 14, with the nays, excused from voting and absent and not voting being as follows:
