**ARTICLE 22E. WEST VIRGINIA LOTTERY INTERACTIVE WAGERING ACT.**

**§29-22E-1. Short title.**

1 This article shall be known and may be cited as the West Virginia Lottery Interactive  
2 Wagering Act.

**§29-22E-2. State authorization of interactive wagering at licensed racetrack facilities and  
historic resort hotel; legislative findings, and declarations.**

1 (a) *Operation of West Virginia Lottery interactive wagering.* — Notwithstanding any  
2 provision of law to the contrary, the operation of interactive wagering and ancillary activities are  
3 only lawful when conducted in accordance with the provisions of this article and rules of the  
4 commission.

5 (b) *Legislative findings.* —

6 (1) The Legislature finds that the operation of the four racetracks and the historic resort  
7 hotel in this state play a critical role in the economy of this state, and such constitutional lotteries  
8 are rightfully authorized as state enterprises consistent with the rights and powers granted to the  
9 states under the Tenth Amendment of the United States Constitution. The federal government is  
10 a government of limited and enumerated powers, and powers not delegated to the United States  
11 by the Constitution nor prohibited by it to the states are reserved for the states and its respective  
12 citizens.

13           (2) The Legislature finds that section 36, article VI of the Constitution of the State of West  
14 Virginia grants the state the exclusive right to lawfully own and operate a lottery in this state.  
15 Authorization of wagering on any constitutional lottery within West Virginia is within the state's  
16 sovereign rights as a state to act in the best interest of its citizens.

17           (3) The Legislature finds that it is in the best interests of the State of West Virginia for the  
18 state to operate a lottery in the form of interactive wagering and that it is the intent of the  
19 Legislature to authorize interactive wagering within the state and through compacts with other  
20 approved jurisdictions.

21           (4) The Legislature finds that illegal interactive wagering channels operating throughout  
22 the United States pose a critical threat to the safety and welfare of the citizens of West Virginia  
23 and that creating civil and criminal penalties to prosecute illegal operators, while transferring this  
24 black market demand into a secure and highly regulated environment, will protect the public and  
25 positively benefit state revenues and the state's economy.

26           (5) The Legislature finds that the most effective and efficient manner in which the state  
27 can operate and regulate the forms of lottery authorized by the provisions of this article is to limit  
28 the number of authorized operators to those who are licensed, pursuant to the provisions of §29-  
29 22A-1 *et seq.* of this code, and to facilities licensed to operate video lottery terminals, pursuant to  
30 the provisions of §29-25-1 *et seq.* of this code.

31           (6) The Legislature finds that the granting of licenses pursuant to the provisions of this  
32 article, while maintaining all ownership rights and exercising control through strict regulation of all  
33 West Virginia Lottery interactive wagering authorized by the provisions of this article, constitutes  
34 an appropriate exercise by the Legislature of the power granted it by the provisions of section 36,  
35 article VI of the Constitution of the State of West Virginia.

36           (7) The Legislature finds that the operation of West Virginia Lottery interactive wagering  
37 at racetracks, licensed pursuant to the provisions of §29-22A-1 *et seq.* of this code, and at a  
38 historic resort hotel, licensed pursuant to the provisions of §29-25-1 *et seq.* of this code, serves

39 to protect, preserve, promote, and enhance the tourism industry of the state as well as the general  
40 fiscal wellbeing of the state and its subdivisions.
