BY SENATOR CHAPMAN

[Reported February 3, 2026, from the Committee on
Transportation and Infrastructure]

1 A BILL to amend and reenact §17C-13-6 of the Code of West Virginia, 1931, as amended, relating
2 to designating parking for Purple Heart recipients; penalties; and enforcement.

Be it enacted by the Legislature of West Virginia:

ARTICLE 13. STOPPING, STANDING AND PARKING.

§17C-13-6. Stopping, standing, or parking privileges for persons with a mobility impairment; disabled veterans and Purple Heart designations; definitions; qualification; special registration plates and removable windshield placards; expiration, application; violation; penalties.

1 (a)(1) The commissioner may issue up to two special registration plates or removable
2 windshield placards to a person with a mobility impairment or a West Virginia organization which
3 transports persons with disabilities and facilitates the mobility of its customers, patients, students,
4 or persons otherwise placed under its responsibility.

5 (2) Special registration plates or placards may only be issued for placement on a Class A
6 or Class G motor vehicle registered under the provisions of §17A-3-1 *et seq.* of this code.

7 (3) The applicant shall specify whether he or she is applying for a special registration plate,
8 a removable windshield placard, or both on the application form prescribed and furnished by the
9 commissioner.

10 (4) The applicant shall submit, with the application, a certificate issued by any physician,
11 chiropractor, advanced nurse practitioner, or physician assistant who is licensed in this state,
12 stating that the applicant has a mobility impairment, or that the applicant is an organization which
13 regularly transports a person with a mobility impairment as defined in this section. The physician,
14 chiropractor, advanced nurse practitioner, or physician assistant shall specify in the certificate
15 whether the disability is temporary or permanent. A disability which is temporary is one expected
16 to last for a limited duration and improve during the applicant's life. A disability which is permanent
17 is one which is expected to last during the duration of the applicant's life.

18 (5) Upon receipt of the completed application, the physician's certificate, and the regular
19 registration fee for the applicant's vehicle class, if the commissioner finds that the applicant
20 qualifies for the special registration plate or a removable windshield placard as provided in this
21 section, he or she shall issue to the applicant a special registration plate (upon remittance of the
22 regular registration fee) or a removable windshield placard (red for temporary and blue for
23 permanent), or both. Upon request, the commissioner shall also issue to any otherwise qualified
24 applicant one additional placard having the same expiration date as the applicant's original
25 placard. The placard shall be displayed by hanging it from the interior rearview mirror of the motor
26 vehicle so that it is conspicuously visible from outside the vehicle when parked in a designated
27 accessible parking space. The placard may be removed from the rearview mirror whenever the
28 vehicle is being operated to ensure clear vision and safe driving. Only in the event that there is
29 no suitable rearview mirror in the vehicle may the placard be displayed on the dashboard of the
30 vehicle.

31 (6) Organizations which transport people with disabilities will be provided with a placard
32 which will permit them to park in a designated area for the length of time necessary to load and
33 unload passengers. These vehicles must be moved to a non-designated space once the loading
34 or unloading process is complete.

127 license plate for a period of not less than five years.

128 (c) The commissioner shall set the expiration date for special registration plates on the
129 last day of a given month and year, to be valid for a minimum of one year but not more than five

145 (e) The commissioner shall issue to each applicant who is granted a special registration
146 plate or windshield placard an identification card bearing the applicant's name, assigned

148 card on his or her person whenever parking in an accessible parking space. The identification
149 card shall be identical in design for both registration plates and removable windshield placards.

150 (f) An accessible parking space should comply with the provisions of the Americans with
151 Disabilities Act accessibility guidelines, contained in 28 C.F.R. Part 36, Appendix A, Section 4.6.
152 In particular, the parking space should be a minimum of eight feet wide with an adjacent eight-
153 foot access aisle for vans having side mounted hydraulic lifts or ramps, or a five-foot access aisle
154 for standard vehicles. Access aisles should be marked using diagonal two- to four-inch-wide
155 stripes spaced every 12 or 24 inches apart along with the words "no parking" in painted letters
156 which are at least 12 inches in height. All accessible parking spaces must have a signpost in front
157 or adjacent to the accessible parking space displaying the international symbol of access sign
158 mounted at a minimum of eight feet above the pavement or sidewalk and the top of the sign. Lines
159 or markings on the pavement or curbs for parking spaces and access aisles may be in any color,
160 although blue is the generally accepted color for accessible parking.

161 (g) A vehicle displaying a disabled veterans special registration plate issued pursuant to
162 ~~§17A-3-14(c)(6)~~ §17A-3-14d of this code shall be recognized and accepted as meeting the

164 (h) A vehicle from any other state, United States territory, or foreign country displaying an
165 officially issued special registration plate, placard, or decal bearing the international symbol of
166 access shall be recognized and accepted as meeting the requirements of this section, regardless

169 shall be designated in close proximity to all public entities, including state, county, and municipal
170 buildings and facilities, places of public accommodation, and commercial facilities. These parking

171 places shall be reserved solely for persons with a mobility impairment and disabled veterans at
172 all times.

173 Any public entity, place of public accommodation, and commercial facility may designate
174 any of its parking places for Purple Heart recipients by marking such parking place in purple color,
175 adding "Purple Heart" or the Purple Heart symbol on or at the parking place, and posting a sign
176 or instruction declaring such parking place to be designated for Purple Heart recipients. Any

181 or removable windshield placard may park the vehicle for unlimited periods of time in parking
182 zones unrestricted as to length of parking time permitted: *Provided*, That this privilege does not
183 mean that the vehicle may park in any zone where stopping, standing, or parking is prohibited or
184 which creates parking zones for special types of vehicles or which prohibits parking during heavy
185 traffic periods during specified rush hours or where parking would clearly present a traffic hazard.
186 To the extent any provision of any ordinance of any political subdivision of this state is contrary to
187 the provisions of this section, the provisions of this section take precedence and apply.

188 The parking privileges provided for in this subsection apply only during those times when
189 the vehicle is being used for the loading or unloading of a person with a mobility impairment. Any
190 person who knowingly exercises, or attempts to exercise, these privileges at a time when the
191 vehicle is not being used for the loading or unloading of a person with a mobility impairment is
192 guilty of a misdemeanor and, upon first conviction thereof, in addition to any other penalty he or
193 she may otherwise incur, shall be fined \$200; upon second conviction thereof, in addition to any
194 other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent
195 convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined
196 \$500.

197 (k) Any person whose vehicle does not display a valid, special registration plate or
198 removable windshield placard may not stop, stand, or park a motor vehicle in an area designated,
199 zoned, or marked for accessible parking with signs or instructions displaying the international
200 symbol of access, either by itself or with explanatory text. The signs may be mounted on a post
201 or a wall in front of the accessible parking space and instructions may appear on the ground or
202 pavement, but use of both methods is preferred. Accessible parking spaces for vans having an
203 eight-foot adjacent access aisle should be designated as "van accessible" but may be used by
204 any vehicle displaying a valid special registration plate or removable windshield placard.

205 Any person whose vehicle does not display a Purple Heart plate authorized pursuant to
206 §17A-3-14d of this code may not stop, stand, or park a motor vehicle in a parking place marked
207 in purple color, with "Purple Heart" or the Purple Heart symbol, and posted with a sign or
208 instruction declaring such parking place to be designated for Purple Heart recipients.

209 Any person who violates the provisions of this subsection is guilty of a misdemeanor and,
210 upon conviction thereof, shall be fined \$200; upon second conviction thereof, in addition to any
211 other penalty he or she may otherwise incur, shall be fined \$300; and upon third and subsequent
212 convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined
213 \$500.

214 (l) All signs that designate areas as "accessible parking" or that display the international
215 symbol of access or indicate that the space is designated or reserved for Purple Heart recipients
216 shall also include the words "up to \$500 fine".

217 (m) No person may stop, stand, or park a motor vehicle in an area designated or marked
218 off as an access aisle adjacent to a van-accessible parking space or regular accessible parking
219 space. Any person, including a driver of a vehicle displaying a valid removable windshield placard
220 or special registration plate, who violates the provisions of this subsection is guilty of a
221 misdemeanor and, upon conviction thereof, shall be fined \$200; upon second conviction thereof,
222 in addition to any other penalty he or she may otherwise incur, shall be fined \$300; and upon third

223 and subsequent convictions thereof, in addition to any other penalty he or she may otherwise
224 incur, shall be fined \$500.

225 (n) Parking enforcement personnel who otherwise enforce parking violations may issue
226 citations for violations of this section and shall reference the number on the vehicle's license plate,
227 since the driver normally will not be present.

228 (o) Law-enforcement agencies may establish a program to use trained volunteers to
229 collect information necessary to issue citations to persons who illegally park in designated
230 accessible or Purple Heart parking spaces. Any law-enforcement agency choosing to establish a
231 program shall provide for workers' compensation and liability coverage. The volunteers shall
232 photograph the illegally parked vehicle and complete a form, to be developed by supervising law-
233 enforcement agencies, that includes the vehicle's license plate number, date, time, and location
234 of the illegally parked vehicle. The photographs must show the vehicle in the accessible or Purple
235 Heart space and a readable view of the license plate. Within the discretion of the supervising law-
236 enforcement agency, the volunteers may issue citations or the volunteers may submit the
237 photographs of the illegally parked vehicle and the form to the supervising law-enforcement
238 agency, who may issue a citation, which includes the photographs and the form, to the owner of
239 the illegally parked vehicle. Volunteers shall be trained on the requirements for citations for
240 vehicles parked in marked, zoned, or designated accessible or Purple Heart parking areas by the
241 supervising law-enforcement agency.

242 (p) Local authorities who adopt the basic enforcement provisions of this section and issue
243 their own local ordinances shall retain all fines and associated late fees. These revenues shall be
244 used first to fund the provisions of subsection (o) of this section, if adopted by local authorities, or
245 otherwise shall go into the local authorities' General Revenue Fund. Otherwise, any moneys
246 collected as fines shall be collected for and remitted to the state.

247 (q) The commissioner shall prepare and issue a document to applicants describing the
248 privileges accorded a vehicle having a special registration plate and removable windshield placard

249 as well as the penalties when the vehicle is being inappropriately used as described in this section
250 and shall include the document along with the issued special registration plate or windshield
251 placard. In addition, the commissioner shall issue a separate document informing the general
252 public regarding the new provisions and increased fines being imposed either by way of
253 newspaper announcements or other appropriate means across the state.

254 (r) The commissioner shall propose rules for legislative approval in accordance with the
255 provisions of §29A-3-1 *et seq.* of this code.

256 (s)(1) A public entity may not require a person to pay for parking a vehicle in an accessible
257 parking space with a parking meter if the following requirements are met:

258 (A) The vehicle displays a special registration plate or placard that entitles the person to
259 park in an accessible parking space pursuant to this section;

260 (B) The driver has a mobility impairment and is unable to walk;

261 (C) The parking meter is not accessible to the driver while sitting in a wheelchair or without
262 traveling more than 30 feet from the parked vehicle; and

263 (D) The parked vehicle displays an unexpired parking certification that is plainly visible
264 with pertinent information through its windshield. For purposes of this subsection, "parking
265 certification" means a letter completed by a licensed medical provider on the provider's letterhead
266 that is titled "Parking Certification pursuant to W.Va. Code §17C-13-6(s)" and that certifies that
267 the person is physically able to drive but unable to walk, which means for purposes of this
268 subsection that the person cannot ambulate without the aid of a wheelchair. Such letter shall
269 specify whether the inability to walk is permanent or temporary. If the inability to walk is temporary,
270 the letter shall include the date on which such temporary disability is anticipated to end, and the
271 letter may not be displayed in a windshield after such date.

272 (2) By displaying a parking certification in the windshield of a vehicle that is parked in an
273 accessible parking space with an expired parking meter, the person is swearing under penalty of
274 false swearing that he or she is unable to access the parking meter without unreasonable effort.

275 (3) Parking enforcement personnel may not cite a vehicle that is parked in an accessible
276 parking space of a public entity for parking at an expired meter if the requirements of this
277 subsection are met: *Provided*, That if a parking citation is issued, it shall be prima facie evidence
278 that the person was entitled to park in the accessible parking space with an expired meter if the
279 person produces his or her parking certification.
