Senators Yost, Snyder, Romano and Gaunch offered the following resolution:

**Senate Concurrent Resolution No. 4**—Requesting the Joint Committee on Government and Finance to continue studying the needs, challenges and issues facing West Virginia military veterans, West Virginia citizens serving in the Armed Forces of the United States, the West Virginia National Guard and other military affairs of West Virginia.

Whereas, West Virginia has a proud heritage of military service members, veterans and military family members; and

Whereas, West Virginia is home to more military service members and veterans per capita than any other state in the nation; and

Whereas, The West Virginia National Guard is continuously above service and preparedness strength, has been repeatedly recognized as one of the top forces in the country and its members are nationally renowned for their professionalism, courage and commitment to duty; and

Whereas, Military veteran homelessness, incidents of veteran suicide and diagnoses of post-traumatic stress disorder for veterans are all on the rise with no signs of slowing down unless additional action by the West Virginia Department of Veterans' Assistance and the United States Department of Veterans Affairs is taken; and

Whereas, Additionally, aging veterans of previous conflicts are facing worsening problems as they enter their retirement years; and

Whereas, West Virginia has passed legislation offering in-state military veteran retirees financial benefits in an attempt to increase these veterans' financial stability and to attract out-of- state veterans to retire to West Virginia; and

Whereas, As the state continues to make retiring in West Virginia attractive to military veterans, the overall economic development their residency provides will certainly benefit each and every West Virginian; and

Whereas, Although the retirement benefits of veterans within West Virginia are positive, additional legislative efforts can be pursued to further augment these opportunities; and

Whereas, The Legislature finds that it should take an active role in studying, formulating and implementing resources and programs that support West Virginia citizens serving in the Armed Forces of the United States and the West Virginia National Guard as well as veterans of military service to better assist them and their family members in getting the care, services and opportunities that they have earned and deserve; and

Whereas, The Select Committee on Veterans Affairs has a demonstrated history of initiating legislation promoting and facilitating the establishment of programs to assist returning veterans, including, but not limited to, the veteran-friendly campus legislation as well as legislation to establish a program for veteran-friendly communities and continues to monitor the implementation and development of such programs; and

Whereas, Because of the state's consistent resident and citizen support of the nation's armed forces and the West Virginia National Guard, the Legislature of West Virginia should continue to receive input on and develop measures on a continuing basis during interim periods in order to provide the best available educational, vocational, social and medical support services for our state's military personnel and veterans that it can; and

Whereas, The Interim Select Committee on Veterans Affairs provides the Legislature a means to continuously monitor and develop various programs and resources to assist our state's military personnel and military veterans; therefore, be it

*Resolved by the Legislature of West Virginia:*

That the Joint Committee on Government and Finance is hereby requested to continue studying the needs, challenges and issues facing West Virginia military veterans, West Virginia citizens serving in the Armed Forces of the United States, the West Virginia National Guard and other military affairs of West Virginia; and, be it

*Further Resolved,* That the Joint Committee on Government and Finance report to the regular session of the Legislature, 2016, on its findings, conclusions and recommendations, together with drafts of any legislation necessary to effectuate its recommendations; and, be it

*Further Resolved,* That the expenses necessary to conduct this study, to prepare a report and to draft necessary legislation be paid from legislative appropriations to the Joint Committee on Government and Finance.

Which, under the rules, lies over one day.

Senators Sybolt and Blair offered the following resolution:

**Senate Concurrent Resolution No. 5**—Urging the Governor to appoint two citizen members to fill the membership positions on the

West Virginia Board of Education for which the terms have previously expired.

Whereas, Section 2, Article XII of the Constitution of West Virginia and §18-2-1 of the West Virginia Code call for the appointment by the Governor, by and with the advice and consent of the Senate, of nine members to the West Virginia Board of Education. The term for one of those appointees from the second congressional district ended on November 4, 2013, and the term for another of those appointees from the first congressional district ended on November 4, 2014. The Governor has not yet appointed members to fill either of the two positions for which the terms have expired; and

Whereas, Having fewer than the full nine appointed members leaves the West Virginia Board of Education without the expertise and experience of the member or members that could be appointed. Section one, article two, chapter eighteen of the West Virginia Code requires that at least two, but not more than three, members be appointed from each congressional district, and, therefore, having fewer than nine appointed members means all areas of the state are not fully represented; and

Whereas, At a time of unprecedented effort to make the improvements in West Virginia's education system needed for all students to graduate prepared for post-secondary education and careers, persons with experience and expertise in educational matters representative of all areas of the state are needed on the West Virginia Board of Education. Having fewer than the full nine appointed members leaves the West Virginia Board of Education with fewer members than optimal for service on the board's eight policy development committees and meeting requirements to fill vacancies on external boards and committees; and

Whereas, It is the sense of the Legislature that the interests of the students, the citizens and the education system of West Virginia are best served when all of the appointed member positions on the West Virginia Board of Education are filled; therefore, be it

*Resolved by the Legislature of West Virginia:*

That the Legislature hereby urges the Governor to appoint two citizen members to fill the membership positions on the West Virginia Board of Education for which the terms have previously expired; and, be it

*Further Resolved*, That the Clerk of the Senate is hereby directed to forward a copy of this resolution to the Governor.

Which, under the rules, lies over one day.
