The meeting was called to order by Mr. Knight, Co-Chairman.

Robert Parsons, Deputy Director of the Department of Natural Resources, explained the rule proposed by the Department relating to Hazardous Waste Management, Series 35. He apologized to the Committee for the late filing of the rules and explained why it is essential that the rules be authorized during the current session. He stated that he had supplied the Co-Chairmen with a letter guaranteeing that the Department would refile the rules by March 31 in order that the Committee would have a chance to review the rule and suggest modifications. Mr. Parsons answered questions from the Committee.

The Committee discussed the proposed rule and requested that Mr. Parsons provide the Committee with copies of the letter he had received from EPA stating that they would not accept emergency rules.

Mr. Holmes moved that the proposed rule be approved with the condition that the Department refile the rule by March 31, 1987. Ms. Pritt asked to be recorded as voting "No".

The meeting was adjourned.

The meeting was called to order by Mr. Casey, Co-Chairman.

Mr. Ron Shipley of the Department of Natural Resources appeared before the Committee to request that the Committee act on a rule proposed by the Department of Natural Resources relating to Hazardous Waste Management, Chapter 20, Article 5E, Series 15, and that the rule be presented to the Legislature for its approval. Mr. Shipley explained the reasons for the late filing of the rule and the reasons why the proposed rule needs to be approved during the 1986 Session of the Legislature.

Mr. Shipley responded to questions from the Committee.

Delegate Knight and Senator Rogers moved that the matter lay over until tomorrow. There was no objection.

The staff was requested to review the rule and report prior to the next meeting.

The meeting was adjourned.

The meeting was called to order by Mr. Williams, Co-Chairman.

Mr. Williams told members of the Committee that due to other assignments the Committee staff had been unable to review the rule proposed by the Department of Natural Resources relating to Hazardous Waste Management, Chapter 20, Article 5E, Series 15. He asked the Committee if anyone had a motion to offer.

Upon motion of Mr. Casey, properly seconded and adopted, the proposed rule was approved with the stipulation that the Department would resubmit the rule to the Committee within thirty days so that the Committee could review the rule. The Department was instructed to submit the rule as approved and to indicate any amendments that might be made.

The meeting was adjourned.
