Select Committee on PEIA Seniors and Long Term Care

Upon motion by Speaker Thompson, properly adopted, the study resolutions were assigned to interim committees as outlined in the handout given to all the Committee Members in their booklets.

Upon motion by Speaker Thompson, properly adopted, all committees, subcommittees and commissions for which there are an unequal number of Delegates and Senators, all motions considered must be adopted by a separate majority vote of the committee members from each legislative body.

Upon motion by Speaker Thompson, properly adopted, the following dates were approved for 2009 Interim Meetings:

May 26-28 (Tuesday, Wednesday, and Thursday)
June 15-17 (Monday, Tuesday, and Wednesday)
July 14-16 (Tuesday, Wednesday, and Thursday)
August 10-12 (Monday, Tuesday, and Wednesday)
September 14-16 (Monday, Tuesday, and Wednesday)
October 13-15 (Tuesday, Wednesday, and Thursday)
November 17-19 (Tuesday, Wednesday, and Thursday)
December 7-9 (Monday, Tuesday, and Wednesday)
January 10-12, 2010 (Sunday, Monday, and Tuesday)

### 3. Lottery, General Revenue Reports and Unemployment Compensation Trust Fund

Distributed to members of the Committee were the following: Lottery Commission reports for the month ended March 31, 2009; General Revenue Fund report for the month ended April 30, 2009; and the Unemployment Compensation Trust Fund report as of March 31, 2009. Distributed with each of the reports were an analysis and a summary of the reports.

### 4. PEIA, BRIM and CHIP Reports

The following BRIM reports were distributed: An unaudited balance sheet and unaudited income statement for the period ending March 31, 2009. Robert Ferguson, Jr., Cabinet Secretary, Department of Administration, reported BRIM has no overall unfunded liabilities.

The following reports from CHIP were distributed: A report of enrollment for April 2009 and financial statements for period ending March 31, 2009.

The following monthly PEIA reports were distributed: Monthly Management Report and Prescription Drug Report for March 2009.

### 5. Real Estate Report, Department of Administration

A leasing report for February 1, 2009, through April 30, 2009, was distributed.

### 6. Departments of Health and Human Resources (DHHR) Monthly Reports

A Medicaid report dated May 2009 was distributed.

### 7. Monthly Report on the Pharmaceutical Cost Management Council

A Pharmaceutical Cost Management Council report dated May 28, 2009 was distributed. Shana Phares, Acting Pharmaceutical Advocate and Chair of the Pharmaceutical Cost Management Council, said the data for last year advertising will be more complete next month.

### 8. Investment Management Board

A Investment Management Board report dated March 31, 2009, was distributed. Craig Slaughter, Executive Director, said April returns look good.

### 9. Workers' Compensation

A Workers' Compensation report dated May 28, 2009, was distributed.

### 10. Board of Treasury Investments Report Distribution

A Board of Treasury Investments Report dated March 2009 was distributed.

### 11. WV Division of Highways Annual Audit - Contract

Upon motion by Speaker Thompson, properly adopted, the Committee approved the Legislative Manager being authorized to enter into contract with Gibbons & Kawash for conducting the Division of Highways Audit.

The meeting was adjourned.

### Executive Summary of Lottery, Unemployment, General Revenue and State Road Fund Reports to Joint Committee

### Lottery Commission as of April 30, 2009:

Appears to be in good condition. Gross profit for July - April 2009 (FY 2009) was 0.83% lower than for July - April 2008 (FY 2008).

### General Revenue Fund as of May 31, 2009:

Collections were at 99.68% of the yearly estimate as of May 31, 2009.

### State Road Fund as of May 31, 2009:

Fund collections were at 96.09 % of the yearly estimate.

### Unemployment Compensation Trust as of April 30, 2009:

Regular benefits paid in July - April 2009 were \$ 56 million more than in July - April 2008. Total revenues for July- April 2009 were \$ 49 million more than in July - April 2008. Trust fund ending balance on April 30, 2009 was \$ 165,009,076.61.\*

#### Note:

\*Senate Bill 246 passed on April 11, 2009 addressed this declining balance in the Unemployment Trust Fund. On or before July 1, 2009, the Insurance Commissioner shall make a one time transfer of \$ 40 million dollars from Workers' Compensation Debt Reduction Fund to the Bureau of Employment Program's Commissioner for deposit to the Federal Unemployment Trust Fund. The bill also raised the wage threshold on which premiums are calculated from \$8,000.00 per year to \$ 12,000.00 per year when the balance of the Unemployment Trust Fund is below \$ 220 million on February 15, of each fiscal year.

Re: Review of West Virginia Lottery Financial Information

As of April 30, 2009 (FY 2009)

We performed an analysis of the Statement of Revenues, Expenses and Retained Earnings for the time period July 1,2008 - April 30, 2009 from monthly unaudited financial reports furnished to our office by the West Virginia Lottery Commission. The results are as follows:

#### Lottery Revenues:

Gross lottery revenues are receipts from on-line games, instant games, table games and video lottery. These gross receipts totaled \$ 1,238,706,000.00 for July - April 2009. Table games accounted for \$28,555,000.00 of this total. These gross receipts were \$ 1,263,520,000.00 for the same months of the preceding fiscal year, 2007-2008. Gross lottery revenue is down by 1.96% from the preceding fiscal year. This number does not include commission and prize deductions. Gross profit (Gross revenues minus commissions and prize costs) for July - April 2009 was

Lottery

Joint Committee on Government and Finance
Page -1-

### Lottery continued

\$549,053,000.00; for the previous July - April 2008 it was \$553,625,000.00. Expressed as a percentage, gross profit is **0.83**% lower for fiscal year 2009 than for fiscal year 2008.

#### Operating Income:

Operating income was \$ 533,435,000.00 for July - April 2009. For July 2007 - April 2008 it was \$ 541,901,000.00. This was a decrease of 1.56%. After additions and subtractions of non-operating income and expenses, distributions to the state were \$518,303,000.00 for July 2008- April 2009.

### Operating Transfers to the State of West Virginia:

A total of \$ 518,303,000.00 has been accrued to the state of West Virginia for fiscal year 2008-2009. This is on an accrual basis and may not correspond to the actual cash transfers made during the same time period. (Amounts owed to the different accounts according to the Lottery Act are calculated monthly and accrued to the state; actual cash transfers are often made based upon actual cash flow needs of the day-to-day operation of the lottery.)

A schedule of cash transfers follows:

| Bureau of Senior Services          | \$      | 58,815,000.00 |
|------------------------------------|---------|---------------|
| Department of Education            | ş       | 35,191,000.00 |

MEMORANDUM

TO:

Joint Committee on Government and

FROM:

John C. Musgrave, Director

RE:

Monthly Report on Lottery Operations

Month Ending April 30, 2009

DATE:

May 19, 2009

This report of the Lottery operations is provided pursuant to the State Lottery Act.

Financial statements of the Lottery for the month ending April 30, 2009 are attached. Lottery revenue, which includes on-line, instant, video lottery sales and table games, was \$125,234,055 for the month of April.

Transfers of lottery revenue totaling \$49,383,153 made for the month of April to the designated state agencies per Senate Bill 150, Veterans Instant Ticket Fund, Racetrack Video Lottery Act (§29-22A-10), and the Racetrack Table Games Act(§29-22C-27). The amount transferred to each agency is shown in Note 9 on pages 15 and 16 of the attached financial statements.

The number of traditional and limited retailers active as of April 30, 2009 was 1,588 and 1,650 respectively.

A listing of the names and amounts of prize winners has been provided to the Clerk of the Senate, the Clerk of the House and Legislative Services.

If any member of the Committee has questions concerning the Lottery, please call me. Also if any members of the Legislature wish to visit the Lottery offices, I would be pleased to show them our facilities and discuss the Lottery with them.

### **NOTE 1 - LEGISLATIVE ENACTMENT**

The West Virginia Lottery (Lottery) was established by the State Lottery Act (Act) passed April 13, 1985, which created a special fund in the State Treasury designated as the "State Lottery Fund." The purpose of the Act was to establish and implement a state-operated lottery under the supervision of a state lottery commission (Commission) and a director. The Commission, consisting of seven members and the Director are appointed by the Governor. Under the Act, the Commission has certain powers and the duty to establish rules for conducting games, to select the type and number of gaming systems or games and to enter into contracts and agreements, and to do all acts necessary or incidental to the performance of its duties and exercise of its power and duty to operate the Lottery in a highly efficient manner. The Act provides that a minimum annual average of 45% of the gross amount received from each lottery shall be allocated for prizes and also provides for certain limitations on expenses necessary for operation and administration of the Lottery. To the extent available, remaining net profits are to be distributed to the State of West Virginia. As the State is able to impose its will over the Lottery, the Lottery is considered a component unit of the State and its financial statements are presented in the comprehensive annual financial report of the State as a blended proprietary fund component unit.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies of the Lottery is presented below.

BASIS OF PRESENTATION – The West Virginia Lottery is a component unit of the State of West Virginia, and is accounted for as a proprietary fund special purpose government engaged in business type activities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments," and with accounting principles generally accepted in the United States of America, the financial statements are prepared on the accrual basis of accounting which requires recognition of revenue when earned and expenses when incurred. As permitted by Governmental Accounting Standards Board (GASB) Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds' and Other Governmental Entities That Use Proprietary Fund Accounting," the Lottery has elected not to adopt Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989 unless the GASB specifically adopts such FASB statements or interpretations.

The Lottery is included in the State's basic financial statements as a proprietary fund and business type activity using the accrual basic of accounting. Because of the Lottery's presentation in these financial statements as a special purpose government engaged in business type activities, there may be differences in presentation of amounts reported in these financial statements and the basic financial statements of the State as a result of major fund determination.

USE OF ESTIMATES – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and develop assumptions that affect the amounts reported in the financial statements and related notes to financial statements. Actual results could differ from management's estimates.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

LOTTERY GAME OPERATIONS – The West Virginia Lottery derives its revenues from four basic types of lottery games: instant, on-line, video type games, and table games. The Lottery develops multiple game themes and prize structures to comply with its enabling legislation, including aggregate annual minimum prize provisions. All bonded retailers and agents comprised principally of grocery and convenience stores serve as the primary distribution channel for instant and on-line lottery sales to the general public.

The Lottery has contracted with a private vendor to manufacture, distribute, and provide data processing support for instant and on-line games. Under the terms of the agreements, the Lottery pays a percentage of gross revenues or gross profits for the processing and manufacture of the games.

Revenue from instant games is recognized when game tickets are sold to the retailers, and the related prize expense is recorded based on the specific game prize structure. Instant ticket sales and related prizes do not include the value of free plays issued for the purpose of increasing the odds of winning a prize.

Sales of on-line lottery tickets are made by licensed agents to the public with the use of computerized terminals. On-line games include POWERBALL®, a multi-state "jackpot" game; HOT LOTTO®, a multi-state "lotto" game; Cash25 "lotto" game; Daily 3 and 4 "numbers" games; and Travel, a daily "keno" game. Revenue is recognized when the agent sells the tickets to the public. Prize expense is recognized on the basis of actual drawing results.

Commissions are paid to instant game retailers and on-line agents at the rate of seven percent of gross sales. A portion of the commission not to exceed one and one quarter percent of gross sales may be paid from unclaimed prize moneys. The amount paid from unclaimed prize moneys is credited against prize costs. In addition, retailers and agents are paid limited bonus incentives that include prize shares on winning tickets they sold and a ticket cashing bonus on winning tickets they cash. On a weekly basis, retailers and agents must remit amounts due to the Lottery. Retailers may not be able to order additional instant tickets if payment has not been made for the previous billing period, while an agent's on-line terminal may be rendered inactive if payment is not received each week. No one retailer or agent accounts for a significant amount of the Lottery's sales or accounts receivable. Historically credit losses have been nominal and no allowance for doubtful accounts receivable is considered necessary.

Racetrack video lottery is a self-activated video version of lottery games. The board-operated games allow a player to place bets for the chance to be awarded credits which can eliher be redeemed for cash or be replayed as additional bets. The coin operated games allow a player to use coins, currency, or tokens to place bets for the chance to receive coin or token awards which may be redeemed for cash or used for replay in the coin operated games. The racetrack video lottery games' prize structures are designed to award prizes, or credits, at a stipulated rate of total bets played, and prize expense is netted against total video credits played. The Lottery recognizes as racetrack video lottery revenue "gross terminal income" equivalent to all wagers, net of related prizes. Amounts required by statute to be paid to the private and local government entities are reported as commissions. Racetrack video lottery legislation has established specific requirements for racetrack video lottery and imposed certain restrictions limiting the licensing for operation of racetrack video lottery games to horse and dog

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

racetracks in West Virginia, subject to local county elections permitting the same. The legislation further stipulates the distribution of revenues from racetrack video lottery games, and requires any licensed racetrack to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

Limited video lottery is also a self-activated video version of lottery games, which were first placed in operation in December 2001, located in limited licensed retailer areas restricted for adult amusement. The games allow a player to use currency to place bets for the chance to receive free games or vouchers which may be redeemed for cash. The limited video lottery games' prize structures are designed to award prizes, at a stipulated rate of total bets played, and prize expense is netted against total video credits played. The Lottery recognizes as limited video lottery revenue "gross terminal income" equivalent to all wagers, net of related prizes. Amounts required by statute to be paid to private entities are reported as commissions. Limited video lottery permit holders are statutorily responsible for acquiring equipment and bearing the risk associated with the costs of operating the games.

Table games are lotteries as each game involves consideration, the possibility of a prize, and their outcome is determined predominantly by chance, which the common law of West Virginia has long held are the three essential elements of a lottery. Table games are the exclusive intangible intellectual property of the state of West Virginia. Table games legislation has established specific requirements for table games and imposed certain restrictions limiting the licensing for operation of table games to horse and dog racetracks in West Virginia, subject to local county elections permitting the same. Each racetrack licensed as an agent of the Lottery Commission to operate West Virginia table games shall have written rules of play for each table game it operates which must be approved by the Commission. All wagers and pay-offs of winning wagers shall be made according to those rules of play. For the privilege of holding a table games license, there is levied a privilege tax of thirty-five percent of each licensee's adjusted gross receipts for the operation of West Virginia Lottery table games. Amounts required by statute to be paid to private and local government entities are reported as commissions. The legislation further stipulates the distribution of revenues from West Virginia table games, and requires any licensed racetrack to be responsible for acquiring the necessary equipment and bearing the risk associated with the costs of operating and marketing the games.

CASH AND CASH EQUIVALENTS - Cash and cash equivalents primarily consist of interest-earning deposits with the West Virginia Board of Treasury Investments (BTI) and are recorded at fair value.

INVENTORY - Inventory consists of instant game tickets available for sale to approved Lottery retailers and are carried at cost.

OTHER ASSETS - Other assets consist primarily of deposits restricted for payment of certain Multi-State Lottery Association activities.

CAPITAL ASSETS - The Lottery leases, under a cancelable operating lease, its office and warehouse facilities. The Lottery also leases various office equipment under agreements considered to be

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

cancelable operating leases. Rental expense for the ten months ended April 30, 2009 and April 30, 2008 approximated \$604,720 and \$563,276, respectively.

The Lottery has adopted a policy of capitalizing assets with individual amounts exceeding \$25,000. These assets include leasehold improvements, contributed and purchased equipment, comprised principally of technology property, office furnishings and equipment necessary to administer lottery games, are carried at cost. Depreciation is computed by the straight-line method using three to ten year lives.

COMPENSATED ABSENCES - The Lottery has accrued \$371,165 and \$298,548 of vacation and \$0 and \$467,954 of sick leave at June 30, 2008 and 2007, respectively, for estimated obligations that may arise in connection with compensated absences for vacation and sick leave at the current rate of employee pay. Employees fully vest in all earned but unused vacation. In accordance with State personnel policies, employees hired prior to July 1, 2001, vest in unused sick leave only upon retirement, at which time such unused leave can be converted into employer paid premiums for post-retirement health care coverage or additional periods of credited service for purposes of determining retirement benefits. For employees hired prior to July 1, 1988, the Lottery pays 100% of the post-retirement health care premium. The Lottery pays 50% of the premium for employees hired after June 30, 1988 through July 1, 2001. The estimated obligation for sick leave is based on historical retirement rates and current health care premiums applicable to employee hire dates. Employees hired after June 30, 2001 do not vest in unused sick leave upon retirement. As of June 30, 2008 sick leave obligations are included in the OPEB(Other Postemployment Benefits) liability in Note 15.

NET ASSETS - Net assets are presented as restricted, unrestricted and invested in capital assets which represents the net book value of all property and equipment of the Lottery.

OPERATING REVENUES AND EXPENSES — Operating revenues and expenses for proprietary funds such as the Lottery are revenues and expenses that result from providing services and producing and delivering goods and/or services. Operating revenues for the Lottery are derived from providing various types of lottery games. Operating expenses include commissions, prize costs, other direct costs of providing lottery games, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### NOTE 3 - CASH AND CASH EQUIVALENTS

At April 30, 2009 the carrying amounts of deposits (overdraft) with financial institutions were (\$4) thousand with a bank balance (overdraft) of \$48 thousand. Of this balance \$100 thousand was covered by federal depository insurance with the remaining balance collateralized with securities held by the State of West Virginia's agent in the State's name.

A summary of the amount on deposit with the West Virginia Board of Treasury Investments (BTI) is as follows (in thousands):

### NOTE 3 - CASH AND CASH EQUIVALENTS (continued)

Amount on deposit with the BTI \$30,2009 June 30, 2008
\$\text{Sunc 30, 2008}\$
\$\text{\$\frac{239,002}{2}\$}\$

The deposits with the BTI are part of the State of West Virginia's consolidated investment cash liquidity pool and are not separately identifiable as to specific types of securities. Investment income is pro-rated to the Lottery at rates specified by the BTI based on the balance of the deposits maintained in relation to the total deposits of all state agencies participating in the pool. Such funds are available to the Lottery with overnight notice.

### NOTE 4 - CAPITAL ASSETS

A summary of capital asset activity for the period ended April 30, 2009 is as follows (in thousands):

#### Capital Assets:

### NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY

The Lottery is a member of the Multi-State Lottery (MUSL), which operates the semi-weekly POWERBALL® jackpot lotto game and HOT LOTTO® game, on behalf of participating state lotteries. Each MUSL member sells game tickets through its agents and makes weekly wire transfers to the MUSL in an amount equivalent to the total prize pool less the amount of prizes won in each state. Lesser prizes are paid directly to the winners by each member lottery. The prize pool for POWERBALL®, and HOT LOTTO® is 50% of each drawing period's sales, with minimum jackpot levels. Revenues derived from the Lottery's participation in the MUSL POWERBALL® jackpot game for the month and year-to-date periods ended April 30, 2009 were \$4,037,080 and \$41,624,623

### NOTE 5 - PARTICIPATION IN THE MULTI-STATE LOTTERY (continued)

while related prize costs for the same periods were \$2,107,521 and \$20,837,388. Revenues derived from the Lottery's participation in the HOT LOTTO® game for the month and year-to-date periods ended April 30, 2009 were \$385,172 and \$3,828,201 while related prize costs for the same periods were \$196,904 and \$1,914,301.

MUSL places 2% of each POWERBALL® drawing period's sales in separate prize reserve funds that serve as a contingency reserve to protect the respective MUSL Product Groups from unforeseen prize liabilities. Currently, the MUSL Board of Directors has placed a \$75,000,000 limit on the POWERBALL® Prize Reserve Fund and a \$25,000,000 limit on the Set Prize Reserve Fund. These funds can only be used at the discretion of the respective MUSL Product Group. Once the prize reserve funds exceed the designated limit, the excess becomes part of that particular prize pool. Prize reserve fund monies are refindable to MUSL Product Group members if the MUSL disbands or, after one year, if a member leaves the MUSL. At April 30, 2009 the POWERBALL® prize reserve fund had a balance of \$103,610,236 of which the Lottery's share was \$2,385,173. The Lottery has charged amounts placed into the prize reserve funds to prize costs as the related sales have occurred.

### NOTE 6 - RACETRACK VIDEO LOTTERY

The Racetrack Video Lottery legislation stipulates the distribution of racetrack video lottery revenues. This legislation has been amended since inception to restate revenue distribution based on revenue benchmarks. Initially, four percent (4%) of gross terminal revenue is allocated for lottery administrative costs. Sixty-six percent (66%) of net terminal revenue (gross less 4%) is allocated in lieu of commissions to: the racetracks (47%); other private entities associated with the racing industry (17%); and the local county and municipal governments (2%). The remaining revenues (34%) of net terminal revenue is allocated for distribution to State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in the Note 9 titled "Nonoperating Distributions to the State of West Virginia."

The first benchmark occurs when the current year net terminal revenue meets the fiscal year 1999 net terminal revenue. The counties and incorporated municipalities split 50/50 the two percent (2%) net terminal revenue.

The second benchmark occurs when the current year gross terminal revenue meets the fiscal year 2001 gross terminal revenue. The four percent (4%) is no longer allocated for lottery administrative costs; instead the State receives this for distribution as specified by legislation or the State budget.

The final benchmark occurs when the current year net terminal revenue meets the fiscal year 2001 net terminal revenue. At this point a 10% surcharge is applied to net terminal revenue, with 58% of the surcharge allocated for distribution to the State as specified by legislation or the State budget, and 42% of the surcharge allocated to separate capital reinvestment funds for each licensed racetrack. After deduction of the surcharge, 55% of net terminal revenue is allocated in lieu of commissions to: the racetracks (42%); other private entities associated with the racing industry (11%); and the local county and incorporated municipality governments (2%). The remaining net terminal revenue (45%) is

ì

### NOTE 6 - RACETRACK VIDEO LOTTERY (continued)

allocated for distribution to the State as specified in the Racetrack Video Lottery Act or subsequent State budget, as described in Note 9. Amounts from the capital reinvestment fund may be distributed to each racetrack if qualifying expenditures are made within the statutory timeframe; otherwise amounts accumulated in the fund revert to the state excess lottery revenue fund.

The WV Lottery, along with the Rhode Island and Delaware lotteries, participate in Multi-Jurisdictional Wide Area Progressive (MWAP) video games. This allows each of the lotteries to offer a higher progressive jackpot than they could generate alone. MUSL manages the progressive games and charges each participant a MWAP contribution fee of 4% of the amount wagered. A summary of racetrack video lottery revenues for the month ended April 30, 2009 and year-to-date follows (in thousands):

|                                  | Current      | <u>Month</u>       | Year- to -Date |                     |  |  |

| Cultural Facilities & Capitol Resources Fund .5 % | •              | 1,500        |
| Capitol Dome & Capitol Improvements Fund .5 %     | 644            | 4,483        |
| Worker's Compensation Debt Reduction Fund 7 %     |                | 11,000       |
| Total conoperating distributions                  | \$33,804       | \$ 291,388   |

### NOTE 7 - LIMITED VIDEO LOTTERY

Limited video lottery legislation passed in 2001 has established specific requirements imposing certain restrictions limiting the licensing for the operation of limited video lottery games to 9,000 terminals placed in licensed retailers. These licensed retailers must hold a qualifying permit for the sale and consumption on premises of alcohol or non-intoxicating beer. The Lottery has been charged with the administration, monitoring and regulation of these machines. The legislation further stipulates the distribution of revenues from the limited video lottery games, and requires any licensees to comply with all related rules and regulations of the Lottery in order to continue its retailer status. The Limited Video Lottery legislation stipulates that 2% of gross terminal income be deposited into the state lottery fund for administrative costs. Then, the state share percentage of gross profit is to be transferred to the State Excess Lottery Revenue Fund. Such percentage is between 30 and 50 percent and is subject to change on a quarterly basis. Two percent is distributed to counties and incorporated municipalities in the manner prescribed by the statute. The remaining amount of gross profit is paid to retailers and/or operators as prescribed in the Act, and is recorded as limited video lottery commissions in the financial statements. Municipal and county distributions are accounted for as nonoperating expenses. A summary of limited video lottery revenues for the month ended April 30, 2009 and year-to-date follows (in thousands):

|                                | Current     | Month       | Year- to    | -Date         |
|--------------------------------|-------------|-------------|-------------|---------------|
|                                | <u>2009</u> | <u>2008</u> | 2009        | · <u>2008</u> |
| Total credits played           | \$416,100   | \$427,040   | \$4,123,584 | \$4,139,324   |
| Credits (prizes) won           | (389,831)   | (391,879)   | (3,779,439) | (3,797,910)   |
| Gross terminal income          | \$35,269    | \$35,161    | \$344,145   | \$341,414     |
| Administrative costs           | (705)       | (703)       | (6,883)     | (6,828)       |
| Gross Profit                   | 34,564      | 34,458      | \$337,262   | \$334,586     |
| Commissions                    | (17,282)    | (17,229)    | (168,631)   | (171,252)     |
| Municipalities and Counties    | (691)       | (689)       | (6,745)     | (6,692)       |
| Limited video lottery revenues | \$16,591    | \$16,540    | \$161,886   | \$156,642     |

#### **NOTE 8 – TABLE GAMES**

Table Games legislation passed in 2007 per House Bill 2718. Table games include blackjack, roulette, craps, and various types of poker. Each racetrack licensee is subject to a privilege tax of thirty five percent (35%) of adjusted gross receipts which will be deposited weekly into the Racetrack Table Games Fund.

From the gross amounts deposited into the Racetrack Table Games Fund, the Commission, on a monthly basis shall:

Retain 3% of the adjusted gross receipts for administrative expenses of which at least \$100,000 and not more than \$500,000 annually will be transferred to the Compulsive Gambling Treatment Fund. Transfer two and one-half percent of adjusted gross receipts from all thoroughbred racetracks with West Virginia

### NOTE 8 - TABLE GAMES (continued)

Lottery table games to the special funds established by each thoroughbred racetrack table games licensee for the payment of regular racetrack purses to be divided equally among each licensee and transfer two and one-half percent of adjusted gross receipts from all greyhound racetracks with West Virginia Lottery table games to the special funds established by each greyhound racetrack table games licensee for the payment of regular racetrack purses to be divided equally among each licensee. Transfer two percent of the adjusted gross receipts from all licensed racetracks to the Thoroughbred Development Fund and the Greyhound Breeding Development Fund to be divided pro rata among the development funds. Transfer one percent of the adjusted gross receipts from each licensed racetrack to the county commissions of the counties where racetracks with West Virginia Lottery table games are located to be divided pro rata among the counties. Transfer two percent of the adjusted gross receipts from each licensed racetrack to the governing bodies of municipalities within counties where racetracks with West Virginia Lottery table games are located as prescribed by statute. And transfer one-half of one percent of the adjusted gross receipts to the governing bodies of municipalities in which a racetrack table games licensee is located to be divided equally among the municipalities. The Commission will distribute the remaining amounts, hereinafter referred to as the net amounts in the Racetrack Table Games Funds as follows:

- 1) Transfer four percent into a special fund to be established by the Racing Commission to be used for payment into the pension plan for all employees of each licensed racing association:
- 2) Transfer ten percent, to be divided and paid in equal shares, to each county commission in the state where table games are not located;
- 3) Transfer ten percent, to be divided and paid in equal shares, to the governing bodies of each municipality in the state where table games are not located; and
- 4) Transfer seventy-six percent to the State Debt Reduction Fund.

The cash transferred to the State Debt Reduction Fund in the current month is included in Note 9-Nonoperating Distributions to the State of West Virginia. The table games adjusted gross receipts for the month and year-to-date periods ended April 30, 2009 were \$8,185,358 and \$81,585,502, respectively. The following table shows the month and year-to-date totals of the privilege tax and the accrued distributions (in thousands) to be transferred in the subsequent month:

|  | Current Month   |                | Year- to -Date  |          |
|--|-----------------|----------------|-----------------|----------|
|  | 2009            | 2008           | 2009            | 2008     |
| Table Games Privilege Tax                  | \$ 2,865        | \$ 2,324       | \$28,555        | \$11,274 |
| Interest on Table Games Fund               | •               | 4              | 21              | 22       |

### NOTE 9- NONOPERATING DISTRIBUTIONS TO THE STATE OF WEST VIRGINIA

The Lottery periodically distributes surplus funds, exclusive of amounts incurred and derived from limited video lottery and a portion of racetrack video lottery funds, to the State of West Virginia in accordance with the legislation. For the year ending June 30, 2009 the State Legislature budgeted \$168,151,542 of estimated profits of the Lottery for distributions to designated special revenue accounts of the State of West Virginia. With regard to the State Lottery Fund, legislation stipulates that debt service payments be given a priority over all other transfers in instances where estimated profits are not sufficient to provide for payment of all appropriated distributions. Debt service payments of \$1,800,000 and \$1,000,000 per month for the first ten months of each fiscal year currently have such priority. Transfers made pursuant to the State Excess Lottery Revenue Fund have similar requirements; currently payments are \$3,608,834 per month for the first ten months of each fiscal year. In addition, Legislation provides that, if in any month, there is a shortage of funds in the State Excess Lottery Revenue Fund to make debt service payments, the necessary amount shall be transferred from the State Lottery Fund to cover such shortfall, after the State

Lottery Fund debt service payments have been made. Repayments to the State Lottery Fund are required to be made in subsequent months as funds become available. During the month ended April 30, 2009 the Lottery made such distributions and accrued additional distributions of \$53,913,451. The Lottery is a non-appropriated state agency and therefore does not have a budget adopted by the Legislature. Since the enactment of the Racetrack Video Lottery Act, the Lottery is also statutorily required to distribute income from racetrack video lottery operations as described in Note 6. As of April 30, 2009 the Lottery accrued additional distributions relating to racetrack video lottery operations of \$893,109.

Note 7 describes the Limited Video Lottery Act and the statutory distributions required to be made from limited video lottery operations. Note 8 describes the Table Games Act and the statutory distributions required to be made from table games operations.

A summary of the cash distributions made to certain state agencies to conform to the legislation follows (in thousands):

| BUDGETARY DISTRIBUTIONS            | April 30, 2009  | Year-to-Date |
|------------------------------------|-----------------|--------------|
| State Lottery Fund;                |                 |              |

### NOTE 10 - RESTRICTED NET ASSETS

On June 14, 2006, House Bill 106 was enacted by the West Virginia State Legislature to set aside unexpended administrative expenses of the Lottery up to the limits for such expenses established by the enabling legislation of traditional, racetrack video lottery, and limited video lottery games in an amount not to exceed \$20,000,000 beginning in fiscal year 2006 and each year through fiscal year 2012. These assets are to be set aside for the design and construction of a building for the use of the Lottery and certain other State of West Virginia governmental entities. The lottery contributed \$16,305,938 to the fund for fiscal year 2008 plus related interest of \$1,354,095.

### NOTE 11 - COMMITMENTS

The Lottery Commission has set aside funds as unrestricted net assets for the acquisition of future assets. As of June 30, 2008, a balance of \$5,497,770 is available for this purpose.

### NOTE 12 - DEFERRED JACKPOT OBLIGATIONS AND INVESTMENTS HELD IN TRUST

Prior to becoming a member of the Multi-State Lottery in 1988, the prize structure of certain games operated solely by the Lottery included jackpot prizes. The Lottery, at its discretion, could choose to award such prizes in the form of either a lump sum payment or in equal installments over a period of 10 or 20 years, through April 30, 2009, the Lottery has awarded twenty-one deferred jackpot prizes totaling approximately \$28,868,786. Deferred prize awards were recognized as prize liabilities equivalent to the present value of future prize payments discounted at interest rates for government securities in effect on the date prizes were won. The imputed interest portion of the deferred prize is calculated using the effective interest method at rates ranging from 7.11% to 9.13%.

A summary of the present value of the remaining obligations for deferred jackpot prize awards follows (in thousands):

|  | April 30, 2009 | June 30, 2008 |
|--|----------------|---------------|
| Present value of deferred prize award obligations: | -              |               |
| Discounted obligations outstanding                 | <b>\$</b> -    | \$ 120        |
| Imputed interest accrued                           | <b>_</b>       | <u> </u>      |
|  | -              | 129           |

ı

## NOTE 12 - DEFERRED JACKPOT OBLIGATIONS AND INVESTMENTS HELD IN TRUST (continued)

Cash payments on deferred prize obligations for the year are as follows (in thousands):

| Year Ended     | Original Discounted Obligations Outstanding | Imputed<br>Interest | <u>Total</u> |
|----------------|---|---------------------|--------------|
| June 30, 2009* | <u>120</u>                                  | 10                  | 130          |
|                | \$ <u>120</u>                               | \$10                | \$130        |

<sup>\*</sup>Paid 8/15/2008

The Lottery has purchased long-term investments consisting principally of zero coupon government securities to fund deferred jackpot prize award obligations. Such investments are maintained in a separate trust fund administered by the West Virginia Board Of Treasury Investments on behalf of the Lottery and the jackpot prize winners, with investment maturities approximating deferred prize obligation installment due dates. Investments are carried at fair value determined by quoted market prices for the specific obligation or for similar obligations. Changes in fair value are included as part of investment income. In accordance with Statement No. 3 of the Government Accounting Standards Board, these investments are classified as to level of risk in Category 1, which includes investments that are insured or registered, or for which the securities are held by the State or its agent in the State's name.

### NOTE 13 - RETIREMENT BENEFITS

All full-time Lottery employees are eligible to participate in the State of West Virginia Public Employees' Retirement System (PERS), a cost-sharing multiple-employer defined benefit public employee retirement system. The PERS is one of several plans administered by the West Virginia Consolidated Public Retirement (CPRB) under the direction of its Board of Trustees, which consists of the Governor, State Auditor, State Treasurer, Secretary of the Department of Administration, and nine members appointed by the Governor. CPRB prepares separately issued financial statements covering all retirement systems it administers, which can be obtained from Consolidated Public Retirement Board, Building 5, Room 1000, State Capitol Complex, Charleston, West Virginia 25305-0720.

Employees who retire at or after age sixty with five or more years of contributory service or who retire at or after age fifty-five and have completed twenty-five years of credited service with age and credited service equal to eighty or greater are eligible for retirement benefits as established by State statute. Retirement benefits are payable monthly for life, in the form of a straight-line annuity equal to two percent of the employee's average annual salary from the highest 36 consecutive months within the last 10 years of employment, multiplied by the number of years of the employee's credited service at the time of retirement.

### NOTE 13 - RETIREMENT BENEFITS (continued)

Covered employees are required to contribute 4.5% of their salary to the PERS. The Lottery is required to contribute 10.5% of covered employees' salaries to the PERS. The required employee and employer contribution percentages have been established and changed from time to time by action of the State Legislature. The required contributions are not actuarially determined; however, actuarial valuations are performed to assist the Legislature in determining appropriate contributions. The Lottery and employee contributions, for the period ending April 30, 2009 are as follows (in thousands):

|                                      | April 30, 2009 | Year-to Date   |
|--------------------------------------|----------------|----------------|
| T address on a set office of the set |                | ***            |
| Lottery contributions                | \$55           | <b>\$549</b> . |
| Employee contributions               | 24             | 239            |
| Total contributions                  | \$79           | \$788          |

### **NOTE 14 - RISK MANAGEMENT**

The Lottery is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Lottery participates in several risk management programs administered by the State of West Virginia. Each of these risk pools have issued separate audited financial reports on their operations. Those reports include the required supplementary information concerning the reconciliation of claims liabilities by type of contract and tenyear claim development information. Complete financial statements of the individual insurance enterprise funds can be obtained directly from their respective administrative offices.

### WEST VIRGINIA WORKERS' COMPENSATION COMMISSION (WCC)

The State of West Virginia operated an exclusive state-managed workers' compensation insurance program (WCC) prior to December 31, 2005. A framework for the privatization of workers' compensation insurance in West Virginia was established with the passage of Senate Bill 1004 and the WCC trust fund was terminated effective December 31, 2005. A privatized business entity, BrickStreet Administrative Services (BAS), was established and became the administrator of the WCC Old Fund, beginning January 1, 2006, and thereafter for seven years, and will have all administrative and adjudicatory authority previously vested in the WCC trust fund in administering old law liabilities and otherwise processing and deciding old law claims. BAS will be paid a monthly administrative free and rated premium to provide a prompt and equitable system for compensation for injury sustained in the course of and growing out of employment. The monthly administrative free for the West Virginia Lottery has been set at a level consistent with prior year payments and the new rate or premium will be established on an experience rated basis. The West Virginia Lottery is required to participate in the new BrickStreet Administrative Services (BAS) experience rated pool, which is expected to be rate adjusted on a quarterly basis.

### PUBLIC EMPLOYEES' INSURANCE AGENCY (PEIA)

The Lottery participates in the Public Employees' Insurance Agency which provides an employee benefit insurance program to employees. PEIA was established by the State of West Virginia for State

.t

### NOTE 14 - RISK MANAGEMENT (continued)

agencies, institutions of higher education, Boards of Education and component units of the State. In addition, local governmental entities and certain charitable and public service organizations may request to be covered by PEIA. PEIA provides a base employee benefit insurance program which includes hospital, surgical, major medical, prescription drug and basic life and accidental death. Underwriting and rate setting policies are established by PEIA. The cost of all coverage as determined by PEIA shall be paid by the participants. Premiums are established by PEIA and are paid monthly, and are dependent upon, among other things, coverage required, number of dependents, state vs. non state employees and active employees vs. retired employees and level of compensation. Coverage under these programs is limited to \$1 million lifetime for health and \$10,000 of life insurance coverage.

The PHIA risk pool retains all risks for the health and prescription features of its indemnity plan. PHIA has fully transferred the risks of coverage to the Managed Care Organization (MCO) Plan to the plan provider, and has transferred the risks of the life insurance coverage to a third party insurer. PHIA presently charges equivalent premiums for participants in either the indemnity plan or the MCO Plan. Altogether, PHIA insures approximately 205,000 individuals, including participants and dependents.

### BOARD OF RISK AND INSURANCE MANAGEMENT (BRIM)

The Lottery participates in the West Virginia Board of Risk and Insurance Management (BRIM), a common risk pool currently operating as a common risk management and insurance program for all State agencies, component units, and other local governmental agencies who wish to participate. The Lottery pays an annual premium to BRIM for its general insurance coverage. Fund underwriting and rate setting policies are established by BRIM. The cost of all coverage as determined by BRIM shall be paid by the participants. The BRIM risk pool retains the risk of the first \$1 million per property event and purchases excess insurance on losses above that level. Excess coverage, through an outside insurer under this program is limited to \$200 million per event, subject to limits on certain property. BRIM has \$1 million per occurrence coverage maximum on all third-party liability claims.

### NOTE 15 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The GASB has issued Statement No. 43, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans," and Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions" (OPEB). The State nor the Lottery has previously reported in its financial statements costs associated with future participation of retirees in health benefit plans. The GASB statements are based on the premise that the "costs" of employee services should be reported during the periods when the services are rendered. Beginning with fiscal year ending June 30, 2008, the State will implement accounting and financial reporting requirements as an employer under GASB Statement No. 45. The financial statements will report OPEB funded status and funding progress and any "premium subsidy" resulting from the pooling of retiree participants with active employees in the health benefit plans. For "employer" OPEB reporting the State will report "expense" on an accrual basis in the amount of the "annual required contribution" and a "liability" for the amount of the "annual required contribution" that was not actually paid.

### NOTE 15 - OTHER POSTEMPLOYMENT BENEFITS (continued)

Funds have not been set aside to pay future costs of retirees, but the Legislature in response to the GASB statements, has made statutory changes to create the West Virginia Retiree Health Benefit Trust Fund (RHBT), an irrevocable trust fund, in which employer contributions for future retiree health costs may be accumulated and invested, and which is expected to facilitate the separate financial reporting of OPEB. The legislation requires the RHBT to determine through an actuarial study, as prescribed by GASB No. 43, the ARC(Annual Required Contribution) which shall be sufficient to maintain the RHBT in an actuarially sound manner. The ARC shall be allocated to respective employers including the Lottery who are required by law to remit at least the minimum annual premium component of the ARC. Revenues collected by RHBT shall be used to fund current OPEB healthcare claims and administrative expenses with residue funds held in trust for future OPEB costs. The Annual Required Contribution rate is \$461.06 per employee per month. In fiscal year 2008, the Lottery paid premiums of \$98,625 and the State of West Virginia, through its General Revenue Fund on the Lottery's behalf, has paid \$472,247 towards the Annual Required Contribution. As of June 30, 2008 the Lottery carried a liability of \$10,073 on its balance sheet for OPEB.

### NOTE 16 - NEW ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) issued Statement No. 50, Pension Disclosures, an amendment of GASB Statements No. 25 and No. 27, in 2007. This Statement more closely aligns the financial reporting requirements for pensions with those for other postemployment benefits (OPHB) and, in doing so, enhances information disclosed in notes to the financial statements or presented as required supplementary information (RSI) by pension plans and by employers that provide pension benefits. The reporting changes required by this Statement amend applicable note disclosure and RSI requirements of Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 27, Accounting for Pensions by State and Local Governmental Employers, to conform with requirements of Statements No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, and No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. This Statement is effective for periods beginning after June 15, 2007, and management has not yet determined what impact, if any, it will have on the financial statements.

#### Memorandum

To: Honorable Senate President Tomblin

Honorable House of Delegates Speaker Thompson

Honorable Members of the Joint Committee on Government and

Finance

From: Ellen Clark, C.P.A.

Director Budget Division Legislative Auditor's Office

Date: June 5, 2009

Re: Status of General Revenue Fund May 31, 2009

We have reviewed the cash revenue flows of the West Virginia general revenue fund for the months of July - May of fiscal year 2008-2009. The status of the fund collections are as follows:

The net collections were 99.68% of the estimate for the fiscal year as of May 31, 2009. The amount BELOW estimate was \$ 11.7 million for the year.

Personal Income Tax collections were \$ 87 million over the estimate for the fiscal year.

Severance tax collections were \$ 5.9 million below the estimate for the fiscal year.

Corporate income and business franchise collections were \$ 35.8 million below the estimate for the year.

Consumer sales and use tax was \$ 54.4 million below the estimate for the fiscal year.

Joint Committee on Government and Finance

#### State Road Fund

The state road fund was collected at 96.09% of the estimate for the months of July - May 2009. The entire fund was \$ 22.5 million below the estimate for the year.

#### Rainy Day and Personal Income Tax Reserve

Revenue Shortfall Reserve Fund A(Rainy Day Fund) had a cash balance of \$ \$253,397,613.84 as of May 31, 2009.

| Balance July 1, 2008   | 289,801,853.25                    |

Re: West Virginia Unemployment Compensation Trust Fund

We have reviewed the April 30, 2009 monthly report of the Unemployment Compensation Trust Fund we received from WorkForce West Virginia. April 2009 is the tenth month of fiscal year 2008-2009.

For the fiscal year 2008-2009, the trust fund cash flow was as follows:

| Trust Fund Beginning Cash Balance 7-1-2008    | \$251,821,729.58 |
|---|------------------|
| Receipts July 1, 2007 thru June 30, 2009      | \$152,465,077.73 |
| Disbursements July 1, 2007 thru June 30, 2009 | \$239,277,730.70 |
| Balance April 30, 2009                        | \$165,009,076.61 |

# ITEMS OF NOTE:

Regular benefits paid for July 2008 - April 2009 were \$56 million more than in July 2007 - April 2008.

Unemployment Joint Committee on Government and Finance

Total disbursements were \$ 99.9 million more than the same months of the preceding fiscal year.

Receipts in July - April 2009 were \$ 49 million more than in July - April 2008. Overall ending trust fund balance was \$ 56 million less as of April 30, 2009 than on April 30, 2008. \*

West Virginia's unemployment rate for the month of April 2009 was 7.8 percent. National unadjusted employment rate was 8.6 percent.

Seasonally adjusted unemployment rates were 7.5 percent for West Virginia and 8.9 percent nationally.

Since April 2008 employment has decreased by 20,500, with gains in the following areas: 1,600 in educational and health services and 900 in government. Declines included 5,800 in trade, transportation, and utilities, 5,400 in manufacturing, 4,200 in construction, 2,100 in professional and business services, 1,100 in mining and logging 1,700 in leisure and hospitality, 1,400 in financial activities, 700 in other services, and 600 in information.

\*Senate Bill 246 passed on April 11, 2009 addressed this declining balance in the Unemployment Trust Fund. On or before July 1, 2009, the Insurance Commissioner shall make a one time transfer of \$ 40 million dollars from Workers' Compensation Debt Reduction Fund to the Bureau of Employment Program's Commissioner for deposit to the Federal Unemployment Trust Fund. The bill also raised the wage threshold on which premiums are calculated from \$8,000.00 per year to \$ 12,000.00 per year when the balance of the Unemployment Trust Fund is below \$ 220 million on February 15, of each fiscal year.

Unemployment

<sup>&</sup>quot;Three month total variance column is the difference between the sum of the previous year's three months data for each category and the current year's three months data. The purpose of the report is to show significant changes in receipts, disbursaments, or balances.

<sup>&</sup>quot;The Assistance for Unemployed Workers and Struggling Families Act, Tille II of Division B of Public Law No. 111-8, enacted February 17, 2009, provided a special administrative transfer to states' accounts of \$600 million to be used for certain administrative purposes. On February 27, 2009, the U.S. Treasury distributed West Viorginia's amount of \$2,369,769 to the Unemployment Insurence Trust Fund. Attachment IV to the Unemployment Insurence Program Latter No. 14-08 issued by the U.S. Department of Labor on February 28, 2009 specifies the permissible uses of the administrative transfer. The special administrative transfer is not available for the payment of Unemployment Compensation (UC) benefits; therefore the Trust Fund Balance must be reduced by the Special Administrative Transfer on line 7 to obtain the balance available for UC henefits.

<u>Note 1:</u> The most recent estimate for uninsured children statewide from the US Census Current Population Survey is 8%. CHIP uses a 5% estimate to reflect the percentage of uninsured children for outreach purposes who could qualify for CHIP or Medicaid. It should be noted that even this five percent extrapolation to the county level could vary significantly from county to county depending on the availability of employee sponsored insurance. However, it remains our best gross estimate of the remaining uninsured children.

<u>Note 2:</u> Since it has been estimated that 7 of 10 uninsured children qualify or may have qualified for CHIP or Medicaid in the past, WVCHIP asserts that a 5% uninsured estimate is a more realistic target number for outreach.

WVCHIP Report For June 2009 Page 3

# IV. Other Highlights

# Changes Under the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)

- Financial: At present, information and guidance from the Centers for Medicare and Medicaid Services (CMS) concerning changes to law under the reauthorized Act (CHIPRA) is slowly being released on a section by section basis. At this point the Agency is still awaiting official confirmation of its 2009 allotment − still expected to be in the \$40 to \$43 million range in federal funds. At the same time the Agency is reviewing new mandates under the law in order to assure compliance.
- New Mandates: These involve assuring mental health parity, assuring a benchmarked level of dental benefits, and preparing to change to a prospective payment system for Community Health Centers. One other mandate is that CHIP applicants are now subject to the same citizenship documentation requirements as Medicaid applicants. CHIP is hopeful that DHHR will be able to implement social security data matches to prevent this from being a barrier to enrollment.
- New Coverage Options: New latitude exists for states to exercise coverage options for supplemental dental services coverage, provide premium assistance for Employer Sponsored Plans, coverage for pregnant women, and coverage of legal immigrants.
- Performance Bonus: Since the re-based formula is structured to encourage further enrollment growth, there is a performance bonus that states may qualify for if they target further growth. If West Virginia qualified to be eligible, the performance bonus would go to the Medicaid agency since they often see a larger increase in enrollment when states expand coverage to children. The bonus is also meant to encourage states to streamline their enrollment and renewal processes. The Agency hopes to explore with DHHR the possibility of whether or not we can undertake any initiative in these areas.

# **CHIP Enrollment Trends**

- During the past year the Agency has been asked about its slight decline in enrollment. A comparison of CHIP and Medicaid enrollment trends over the past 18 months seems to clearly reflect the economic climate that as employment and income have dropped lower, Medicaid bears the brunt with an increased enrollment trend, and working families in CHIP have also had decreases in income or employment may now qualify under Medicaid instead of CHIP (please refer to attached graphs for the period of June 2007 to March 2009).
- Despite this trend WVCHIP is running some paid advertisements to continue to raise awareness of expanded income guidelines now permitting families of 4 with a household income up to \$55,125 to enroll when they pay a premium share.

Note 1: The most recent estimate for uninsured children statewide from the US Census Current Population Survey is 8%. CHIP uses a 5% estimate to reflect the percentage of uninsured children for outreach purposes who could qualify for CHIP or Medicaid. It should be noted that even this five percent extrapolation to the county level could vary significantly from county to county depending on the availability of employee sponsored insurance. However, it remains our best gross estimate of the remaining uninsured children.

Note 2: Since it has been estimated that 7 of 10 uninsured children qualify or may have qualified for CHIP or Medicaid in the past, WVCHIP asserts that a 5% uninsured estimate is a more realistic target number for outreach.

# **Old Fund Liability Estimate**

(excluding LAE) (discounted) May FY2009

FY2009 May

Beginning Reserve Amount 2,292,403,891

Claim Payments 20,836,112

Estimated Ending Reserve Amount 2,280,864,915

#### Note:

The interim estimate of the Old Fund liabilities is derived using a formula that reduces the reserve amount at the beginning of each month by the amount of claims payments made during the month.

The formula makes an adjustment for the time value of money, assuming that claim payments are evenly distributed through the month. The estimate is updated monthly.

# WEST VIRGINIA OFFICES OF THE INSURANCE COMMISSIONER SCHEDULE OF NET ASSETS

## Workers' Compensation Board of Review

Offices located at 1201 Quarter St. Charleston
As communications should be addressed to the Board of Review
at the address shown at the bottom of this page
an equal opportunity/affirmative action employer

### MEMORANDUM

To: Jane L. Cline, Commissioner
Charles Bayless, Chairman
Dan Marshall
Bill Dean
Walter Pellish
Honorable Carrie Webster, House Judiciary Chair
Honorable Brooks McCabe
Honorable Nancy Peoples Guthrie
Senator Don Caruth

From: James D. Gray, Chairman

Date: June 2, 2009

Re: Workers' Compensation Board of Review Monthly Report

Attached, please find the Board of Review's May 2009 monthly report.

A number of changes have been made to the Board's reports. You will find a total of eight reports as opposed to the two reports you previously received. These reports include the following:

- 1. Monthly Report of Appeals Received
- 2. Yearly Report of Appeals Received
- 3. Monthly Report of Appeals Received by Issue
- 4. Yearly Report of Appeals Received by Issue
- 5. Monthly Appeals Received by Issue and Appellant
- 6. Monthly Summary of Dispositions by Party
- Monthly Summary of Dispositions by Issue
- 8. Yearly Summary of Dispositions by Issue

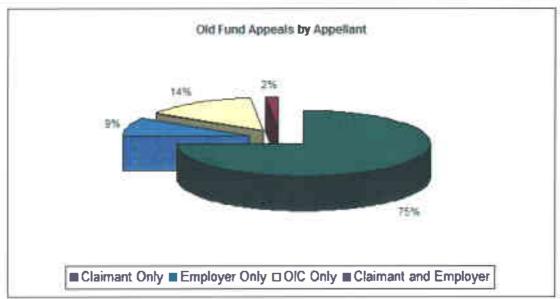

Please do not hesitate to contact me in the event of any questions.

## Appeals Received

## From May 1, 2009 Thru May 31, 2009

#### Old Fund Appeals (DOI < Jul-1-2005)

| Appellant             | Count |
|-----------------------|-------|
| Claimant Only         | 42    |
| Employer Only         | 5     |
| OIC Only              | 8     |
| Claimant and Employer | 1     |
| Insured Fund Total    | 56    |

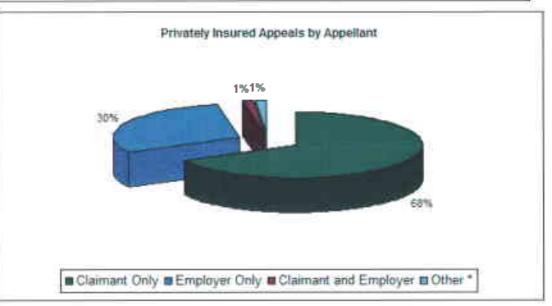

#### Privately Ins. Fund Appeals (DOI > Jun-30-2005)

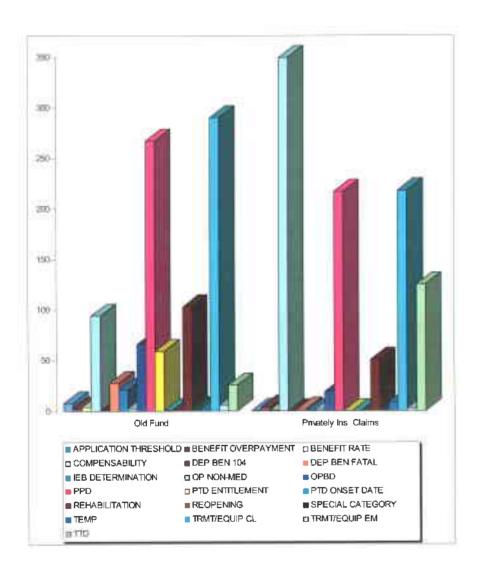

| Appellant               | Count |
|-------------------------|-------|
| Claimant Only           | 47    |
| Employer Only           | 21    |
| Claimant and Employer   | 1     |
| Other *                 | 1     |
| Privately Insured Total | 70    |
| Total Appeals           | 126   |

<sup>\*</sup> Appeals requiring research

Appeals counted more than once:

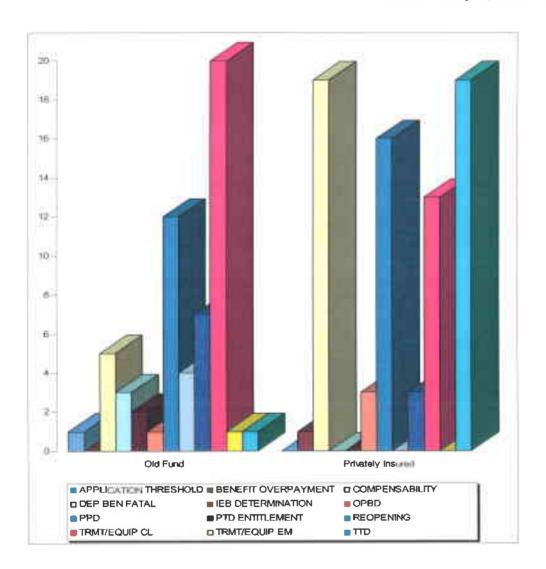

# Yearly Appeals Received by Issue Old Fund Appeals (DOI < July-1-2005) vs. Privately Insured Appeals (DOI > Jun-30-2005) From June 1, 2008 Thru May 31, 2009

## **Anticipated Rule Amendments**

The West Virginia Offices of the Insurance Commissioner (WVOIC) anticipates bringing the following rules before the Industrial Council at its meeting on June 25, 2009.

- Title 85, Series 1 to amend travel reimbursement provisions pursuant to Senate Bill 537
- Title 85, Series 9 to amend the Uninsured Employers' Fund rule, to reflect changes in Senate Bill 537 regarding subrogation (clarifying that OIC can subrogate on past and future payments from the UEF) and to reflect changes to the UEF decision protest process (all UEF decisions now go to the OOJ).

The WVOIC is currently drafting rules to address return to work and utilization review. These rules will be presented at the June 25, 2009 meeting of the Industrial Council if research and drafting is complete by that date.

 W.A.M. is the weighted govrage maturity.

# WEST VIRGINIA BOARD OF TREASURY INVESTMENTS THE ECONOMIC STATE APRIL 2009

### **Market Sectors Take Different Directions**

The markets continued to reflect renewed optimism in April further fanning the debate over whether the economic cup is "half-full" or "half-empty".

Increased consumer confidence, lower inflation, narrowing corporate spreads and a jump in pending home sales would have one thinking the cup is "half-full" while a second consecutive quarter of negative GDP

growth, declines in retail sales and housing starts, along with a jump in the unemployment rate to 8.9%, would have one thinking the cup is "half-empty".

Regardless of just how full the cup is, the markets continue to reflect volatility that does not appear to be going away anytime soon and the best one can say is that the rate of decline in the economy "may" be moderating.

One the bright side, the mixed nature of data and moderation in the rate of decline in key economic indicators tends to occur before the economy reaches a trough.

Amid record levels of US Treasury debt issuance, rates rose across the yield curve for issues greater than one year, with the

## largest increases occurring at the long end of the curve. Both the 10-year note and the 30-year bond ended the month at their highest yields since late November, as the 10-year yield increased 46 bps to 3.12% and the 30-year yield increased 50 bps to 4.03%.

By month-end, spreads on the front end of the curve (2-10 year) had widened by 35 bps to 222 bps, while the back end of the curve (10-30 year) steepened by 4 bps to 91 bps

The Barclays Capital U.S. Aggregate Index returned 0 48% during the month, while all spread sectors outperformed their same duration Treasuries—CMBS issues continued the rally that began in March following the government's decision to include CMBS as part of the expanded version of the Term Asset-Backed Securitas Loan Facility (TALF).

The rollout of the TALF as well as the Public-Private Investment Program (PPIP) likewise provided support to the asset-backed securities market and the credit sector enjoyed its strongest month in ten years.

The Citigroup 90-Day T-Bill Index returned 0.02% in April trailing the 0.46% return of the Citigroup 1-3 Year Government / Corporate Index. For the trailing 12 month period, the 90-Day T-Bills returned 1.01% while the 1-3 Year Government / Corporate Index returned 3.93%

#### Six Banks Win in Latest CD Auction

Six banks took home \$25 million with successful interest rate bids during the West Virginia Board of Treasury Investments 10<sup>th</sup> online certificate of deposit auction in May. The winning bids are as follows.

| BB&T                                  | \$5,000,000 |
|---------------------------------------|-------------|
| CNB Bank, Inc Berkeley Springs        | \$5,000,000 |
| Fifth Third Bank – Huntington         | \$5,000,000 |
| First Community Bank                  | \$1,000,000 |
| Huntington National Bank - Charleston | \$4,000,000 |
| WesBanco Bank, Inc Wheeling           | \$5,000,000 |

Nine banks offered bids totaling \$46,000,000. The minimum rate bid was 0.5% and the highest rate bid was 0.875%. The auction garnered an additional \$44,427 in earnings above the benchmark.
