AN ACT to prevent the introduction and spread of the San Jose scale and other dangerous insects and dangerously contagious diseases affecting trees, shrubs, vines, plants and fruits.

[Passed February 16, 1901. In effect 90 days from passage. Approved February 19, 1901.]

Be it enacted by the Legislature of West Virginia:

1. That the director of the West Virginia agricultural experiment station, immediately on the taking effect of this act, shall appoint a competent person or persons who shall, under the direction of the said director, perform the duties hereinafter provided.

2. It shall be the duty of the director, either in person or through his assistants, to seek out and de-
vice means of suppressing and eradicating throughout the State the San Jose scale and other dangerous insects, and tree, shrub, vine or plant diseases. Black knot and peach yellows are hereby declared to be dangerous within the meaning of this act, and trees, shrubs, vines or plants, affected with either of these diseases, shall be subject to its provisions. The mention of San Jose scale, peach yellows and black knot in this section, shall not be held to exclude other insects or diseases, which may be found to be dangerous, from the provisions of this act. Said director, in person, or through his assistants, shall examine once in each year, not later than August fifteenth, all nurseries in the State of West Virginia as to whether they are infested with San Jose scale or other dangerous insects, or infected with dangerously contagious tree, vine, shrub or plant disease; and if upon inspection such nurseries appear to be free from such insects or diseases, the director shall upon the receipt of ten dollars give each owner of such nursery or nurseries a certificate to the facts, provided that it shall require but one day or part of one day to make such inspection, and for each additional day or fraction thereof required to complete the inspection, five dollars shall be charged therefor, and collected before the certificate is granted. In addition to the above fee, nurserymen must furnish transportation to and from railway station, and facilities for reaching their growing stock, to such person or assistants selected by the director to make said inspection. This certificate shall be void after August fifteenth of the year following. A duplicate of each certificate, together with a statement of amount received therefor, shall be filed by said person or assistants with said director within ten days of its issue, and neglect to file such duplicate of certificate and statement shall be treated as a misdemeanor. If any dangerously injurious insects or infectious diseases are found on the premises of any nursery, or nursery stock, the director may order and enforce such treatment of said nursery stock as he may deem sufficient, in addition to a thorough inspection, before granting a certificate, and the same per diem shall be charged for overseeing treatment as for nursery inspection. Whenever a nurseryman, or any other person, shall ship or deliver within this State, except for scientific purposes, trees, shrubs, plants or other nursery stock, he shall place upon each car load, box, bale, or package a copy of a
must be placed thereon.

Certificate, the original of which is signed by a State or Government inspector, stating that such stock has been inspected and has been found apparently free from dangerous insects and dangerously contagious tree, shrub, vine and plant diseases. The illegal use of said certificate by changing, defacing or placing it on uninspected stock, or using the same after date of expiration or revocation, shall render the owner or shipper liable to the penalty prescribed for a violation of this act. No person growing for sale any trees, shrubs, vines, or plants, shall deliver the same without applying to the director for the certificate provided for in this act.

3. It shall further be the duty of said director, through his assistants, to cause the examination of all orchards, gardens and other premises, either public or private, which they shall have reason to suppose to be infested or infected with any dangerously injurious insects or infectious diseases liable to spread or to be conveyed to other premises, and for this purpose said director and his assistants are authorized, during reasonable business hours, to enter into or upon any farm, orchard, nursery, garden, storehouse or other building or place used for growing, storing packing or sale of nursery and other horticultural products. If said director or his assistants shall find on inspection, as aforesaid, that any nursery, orchard, garden, or other property or place, is infested or infected with such dangerously injurious insects or infectious diseases, liable to spread or to be conveyed to other premises, to the serious injury of the property thereon, the same shall be declared a public nuisance; and he shall notify in writing, the owner or person in charge of such infested or infected property, and shall direct him, within a time and in a manner prescribed in such notice, to use such measures as shall prevent the conveyance or spread of such insects or diseases to the property of others; and such infested or infected property must not be removed from the premises after the owner or person in charge of the same shall have been notified, as aforesaid, without the written permission of said director or his assistants. If the person so notified shall refuse or neglect to treat and disinfect said premises or property in the manner and within the time prescribed, it shall be the duty of the director to cause such premises or property to be so treated, and they shall certify to the owner or person in charge of such premises...
one half of the cost of the treatment. If said sum is not paid to them within sixty days thereafter, the same may be recovered, together with the cost of action, before any court in the State having competent jurisdiction. Any tree, plant, shrub, etc., which may, in the judgment of the director or his assistants be so badly infested or infected as to render expense of treatment unjustifiable, shall be declared a public nuisance and may be destroyed by them or their assistants without liability for compensation to the owner thereof.

Right of appeal from the decision or requirements of the assistants may be made to the said director within three days after notice of such decision or requirements has been served, and the decision of the director shall be final.

4. Every package of trees, shrubs, vines or plants shipped into this State, from any other state, territory, county or province, shall be plainly labeled on the outside with the names of the consignor, and consignee, and a certificate showing that the contents have been inspected by a State or Government officer, and that the trees, shrubs, vines or plants therein contained appear to be free from all dangerous insects and dangerously infectious diseases. If any trees, shrubs, vines or plants are shipped into this State without such certificate plainly fixed on the outside of the package, box or car containing the same, the consignee thereof shall not receive, use or distribute the same, until the consignor shall have affixed thereto the certificate of inspection required by this act. When nursery stock is shipped into this State accompanied by a certificate, as herein provided, it shall be held prima facie evidence of the facts therein stated. But the director, or his assistants, when they have reason to believe that any such stock is infested or infected, as heretofore described, shall be authorized to inspect the same. In case such stock is found to be infested or infected by any of the above-said insects, or plant diseases, such stock shall be held subject to order of shipper, not to exceed ten days, before being declared a public nuisance and destroyed. All expenses incurred by the director or his assistants, in carrying out the provisions of this act shall be paid out of the funds appropriated by this act.

5. Any person violating or neglecting to carry out the provisions of this act, or offering any hin-
drance to the carrying out of this act, shall be adjudged guilty of a misdemeanor, and, upon conviction before any justice of the peace, shall be fined not less than ten dollars and not more than one hundred dollars for each and every offence, together with all the costs of prosecution, and shall stand committed until the same is paid. It shall be the duty of the prosecuting attorney to prosecute all violations of this act, and all amounts so recovered shall be paid over to the State treasury.

6. The director shall make an annual report to the governor of the State, a copy of which shall be sent to the West Virginia horticultural society at its annual meetings, showing the number of nurseries inspected, the number of certificates issued, the number of trees treated or disinfected by them or their assistants, the kinds and amount of property destroyed by them in pursuance of this act and such other facts concerning the operation of their office, under this act, as the said director may deem necessary.

7. The provisions of this act shall not apply to florists' greenhouse plants, bulbs, flowers and cuttings, commonly known as greenhouse stock.

8. The said assistants shall pay over to said director all funds coming into their hands under the provisions of section two, of this act, with an itemized statement of the sources whence received, which moneys shall be used by said director to aid in carrying into effect the provisions of this act, and the amount so received shall be stated in the annual report of said director. The said assistants shall also make to said director an itemized statement of their expenses and the amounts paid for assistants employed in prosecuting the work under this act, which, when certified by the said director, shall be paid out of the State treasury upon the warrant of the auditor of state.

9. There is hereby appropriated to the said director for the purpose of carrying out the provisions of this act the sum of one thousand five hundred dollars for the year nineteen hundred and one, and one thousand five hundred dollars for the year nineteen hundred and two, or so much thereof as may be necessary. The auditor of state is hereby authorized to draw his warrants, upon the state treasurer against the sum herein appropriated upon the presentation of proper vouchers, and the state treas-
user shall pay the same out of any funds in the public treasury.

10. The act heretofore passed at the present session of the Legislature is hereby repealed.

(House Bill No. 321.)

trustees whose signatures are affixed thereto, met together as herein required, and said contract shall be filed with the secretary of the board before the beginning of the term for which said teacher is employed; provided, that no trustee of any sub-district shall participate in contracting with or appointing any person as teacher of their school to whom he sustains the relation of father, father-in-law, brother, or nephew; and if the appointment of any teacher be otherwise than at a meeting herein authorized, or if the appointment be within the degrees of relationship herein specified, the board of education shall declare such contract illegal, if the declaration be made by the board before the time mentioned in the contract for the beginning of the school term. Any teacher so appointed may be removed by the trustees or by the board of education for incompetency, neglect of duty, intemperance, profanity, cruelty or immorality. The trustees shall exclude from any school under their charge any person having a contagious or infectious disease, and they may suspend or expel any scholar found guilty of any disorderly, refractory, indecent or immoral conduct, and may refuse to admit such scholar again to the school until satisfied that he will properly conduct himself thereafter. But the trustees shall take no action or proceeding relating to the removal of teachers or the suspension or expulsion of any scholar from school unless at a meeting of which the trustees have all had notice, and when at least two of their number shall be present and concur in such action or proceeding; and their action in each particular shall be subject to the revision and correction of the board of education upon complaint in writing of a majority of the patrons of the school, residing within the sub-district in which such action has been taken. Whenever at the end of any school month the daily average attendance for that month has been less than thirty-five per cent. of the whole number of pupils enumerated in the sub-district, the trustees may dismiss the teacher and discontinue the school, unless otherwise directed by the board of education; and no high school shall be continued if at the end of any school.

in operation at least five months in the year: pro­vided,

Upon the failure of any board of education to lay such levy as hereby required, or any other levy provided for in this chapter, they shall be compelled to do so by the circuit court of the county by a writ of mandamus, unless good cause be shown to the contrary.

But in case the levy provided for in this and the thirty-eighth section of this chapter shall not be sufficient to pay any existing indebtedness of the district in addition to the other purposes for which it is levied, the board may increase such levy to the amount actually necessary, or lay a special levy for the purpose, but such increase or special levy, together with any other levy not provided for in this and the thirty-eighth section of this chapter, shall not exceed in the aggregate thirty cents on the one hundred dollars valuation of said property, and in no case shall the appropriation of any money to the payment of any existing indebtedness, directly or indirectly, interfere with the payment of the teachers' salaries for the term of five months, for which the schools are required by law to keep open each year.

At the trial of said contest, the said court shall hear all such legal and proper evidence as may be brought before it by either party, and may, if deemed necessary, require the production of the poll books, certificates and ballots deposited with its clerk, and examine the same. The hearing may be continued by the court from time to time, if it be shown that
justice and right require it, but not beyond three
months from the day of election. At the final trial

much of the said real estate as is proposed to be
taken by the said applicant, that is to say; (here de-
scribe the part to be taken, so as to identify the same
with reasonable certainty, which description may be:
by reference to a plat annexed to the report, or in any manner that would be sufficient in a conveyance) as well as for damages to the residue of the said real estate beyond the peculiar benefits which will be derived in respect to such residue from the work to be constructed (or from the purposes to which the part to be taken by said applicant is to be appropriated.) Provided, that if the property is proposed to be taken by a company incorporated for the construction of a railroad, no damage shall be ascertained for the construction of any farm crossings, fences or cattle guards, or for keeping the same in repair. And in all cases when the property taken under this chapter is by a railroad company, said railroad company shall permit the owner of the land to construct and maintain suitable crossings thereon; and where such land has been cleared and fenced, said railroad company shall construct and forever maintain suitable farm crossings, cattle guards, and fences on both sides of the land thus taken; and no such railroad shall be used for the transportation of freight and passengers until such crossings, cattle guards and fences are built and constructed.

CHAPTER 82.

AN ACT to amend and re-enact section forty-eight of chapter fifty-four of the Code.

[Passed February 19, 1901. In effect 90 days from passage. Approved February 21, 1901.]

Be it enacted by the Legislature of West Virginia:

That section forty-eight of chapter fifty-four of the Code be amended and re-enacted so as to read as follows:

48. If any railroad corporation shall be unable to agree with the owner of any real estate for the purchase thereof for its corporate purposes, it may have such real estate condemned for such purposes under the provisions of chapter forty-two of the code; and every such railroad corporation owning a line or
lines of railroad in this State, shall have the right at any time for the purpose of reducing the grades or curvature, and for the purpose of otherwise improving such line or lines of railroad, to re-locate any part of its line or lines, or build cut-offs in connection therewith, and the provisions of chapter forty-two of the code for acquiring real estate by railroad companies shall apply to such line or lines as re-located, and to such cut-offs; but this provision shall not be construed as giving authority to any such railroad company to abandon the use of such line or lines, as formerly located, where the continued use thereof shall be necessary to serve industries or communities thereon. Any such corporation may take and hold under any grant or ordinance made by a municipal corporation any interest or right such municipal corporation may have in any street, alley or public ground, and may in exchange therefor, in whole or in part, dedicate or otherwise secure to public use, another street, alley or parcel of ground out of real estate owned by such railroad corporation, whether acquired by purchase or condemnation; or under an agreement with such municipal corporation, may condemn land for use as such new street, alley or public ground, in the same manner as it may condemn land for its own use. The county court of any county may authorize any telegraph or telephone company, organized under this chapter, to erect and maintain telegraph or telephone poles on any land condemned or used as a public road, but not in such way as to obstruct any such road. But this section shall not apply to the National or Cumberland road.

CHAPTER 83.

AN ACT to amend and re-enact sections seventy-six, seventy-seven, seventy-eight, seventy-nine, eighty and eighty-one of chapter fifty-four, Code of West Virginia, and to repeal all of section eighty-one.

[Passed February 13, 1901. In effect 90 days from passage. Approved February 21, 1901.]

Be it enacted by the Legislature of West Virginia:

That sections seventy-six, seventy-seven, seventy-eight, seventy-nine, eighty and eighty-one of the code
be amended so that the said sections shall read as follows:

**Banks.**

76. Banks of issue or of discount and deposit, whether heretofore formed under the laws in force at the time of their formation, or hereafter formed under the provisions of this chapter, shall be subject to the provisions of this chapter, and of chapters fifty-two and fifty-three of the code, so far as the same are applicable and not inconsistent with the following sections of this chapter.

**Capital Stock.**

77. The capital stock of every banking company, formed under the provisions of this chapter, shall not be less than twenty-five thousand dollars ($25,000), nor more than five hundred thousand dollars ($500,000). Said stock shall be divided in shares of the par value of one hundred dollars ($100.00) each; such shares shall be deemed personal property and transferable on the books of the association in such manner as may be prescribed in the by-laws of the association, and every person becoming a shareholder, by such transfer, shall, in proportion to his shares, succeed to all the rights and liabilities of the prior holder of such shares.

**Powers.**

78. Every such bank may exercise, under the laws of this State, all such incidental powers as may be necessary to carry on the business of banking by discounting promissory notes, negotiating drafts, bills of exchange, and other evidences of indebtedness, receiving deposits, buying and selling exchange, bank notes, bullion or coin, and by loaning money on personal or other security.

**Increase or Reduction of Stock.**

I. Any banking company heretofore formed or which may hereafter be formed under the provisions of this chapter, at any general, adjourned or special meeting of the stock-holders thereof, may by resolution make such increase or reduction of the capital
stock thereof as may be decided upon by said stockholders, a majority of the stock of such company being represented by the holders thereof, and such holders being present in person or by proxy and voting for such increase or reduction: provided, that no increase or reduction shall conflict with the limitations prescribed in section seventy-seven of this chapter, and that a notice under the signature of the president of said bank, of the intention to offer such resolution, shall be sent through the United States mail to each stock-holder ten days previous to such meeting; or that notice of such intention be given by advertisement published once a week for two successive weeks, in some weekly newspaper of general circulation in this State, or for ten days in some daily paper of like circulation printed in this State. When such increase or reduction shall have been made, by any such bank, the president thereof shall, under his signature and seal of the bank, certify the resolution to the secretary of state, and the secretary of state, under his hand and great seal of State, shall issue to such bank a certificate reciting such resolution and declaring such increase or reduction to be authorized by law; and such certificate shall be prima facie evidence of such increase or reduction, and of the authority to make the same in all courts of law.

Payment of Capital Stock.

II. At least forty per centum of the capital stock of every banking company, organized under the provisions of this chapter, shall be paid in before it shall be authorized to transact any business, except that which is incidental and necessarily preliminary to its organization. And in no case shall a bank commence public business until it shall have received the certificate of authority from the commissioner of banking, as provided in sub-section nine, section eighty-one of this chapter. All banks organized under former laws, and now doing business in this State, having a subscribed capital of fifty thousand dollars or less, shall be required to pay only forty per cent. of their subscribed capital, and such banks shall be given one year from the date this act takes effect to pay up forty per cent. of their capital.
III. The stockholders of every bank heretofore organized or that may hereafter be organized, under the provisions of this chapter, shall be personally liable to the creditors thereof over and above the amount of stock held by them respectively to an amount equal to their respective shares so held for all liabilities accruing while they are such stockholders.

IV. For every bank subject to the provisions of this chapter, there shall be a board of directors who shall have power to do, or cause to be done, all things that are proper to be done by the bank. Every director must own in his own right at least five shares of the capital stock of the bank of which he is the director, and before entering on his duties as such director he shall take an oath that he will so far as the duty devolves upon him diligently and honestly administer the affairs of the bank, and that he will not knowingly and willingly permit to be violated any of the provisions of the laws of this State relative to banking, and that the stock standing in his name upon the books of the bank is not hypothecated in any way or pledged as security for loans obtained or debts owing; which oath, subscribed by himself and certified by the officer before whom it was taken, shall be filed and carefully preserved in the office of the commissioner of banking.

Stocks Not to Be Used as Security for Loans.

79. No bank shall make any loan or discount on the security of the shares of its own capital stock, to an amount in excess of fifty per cent. of such capital stock, nor be the purchaser or holder of any such shares, unless such security or purchase shall be necessary to prevent loss upon a debt previously contracted in good faith; and all stock purchased or acquired in such manner shall, within six months from the time of purchase, be sold or disposed of at public or private sale.

Limit on Loans.

I. The total liabilities to any bank of any person, or of any company, corporation or firm, for money borrowed, including in the liabilities of the company or firm the liabilities of the several members thereof,
shall at no time exceed fifty per centum of the capit­
tay stock, plus the surplus fund and undivided profits.  
But the discount of bills of exchange drawn in good  
faith against actually existing values, and the dis­
count of commercial or business paper actually own­
ed by the person negotiating the same, shall not be  
considered as money borrowed. The corporations  
mentioned in this section shall not be construed to mean  
municipal corporations, districts or counties.

II. The directors of any bank may semi-annually  
declare a dividend of so much of the net profits of the  
bank as they shall judge expedient; but each bank  
shall, before the declaration of any dividend, carry  
one-tenth part of the net profits accrued to its sur­
plus fund, until the same shall amount to twenty per  
centum of its capital stock.

Capital Not to Be Impaired.

III. No bank, or any of the officers or directors  
thereof, shall, during the time it shall continue its  
banking operations, withdraw, or permit to be with­
drawn, either in the form of dividends or otherwise,  
any portion of its capital stock. If losses have at any  
time been sustained by any such bank, equal to or  
exceeding its undivided profits then on hand, no divi­
dend shall be made; and no dividend shall ever be  
made by any bank while it continues its banking op­
erations to an amount greater than its net profits  
then on hand, deducting therefrom its losses and bad  
debts. But nothing in this section shall prevent the  
reduction of the capital stock of the bank, as provided  
in section seventy-eight I. of this chapter.

Restoration of Capital.

IV. Whenever the capital stock of a bank has be­
come impaired, by losses or otherwise, it shall be the  
duty of the board of directors to restore the same  
within three months by an assessment pro rata on  
the stockholders, or the amount of capital stock held  
by each.

Enforcement of Assessment.

V. If any stockholder or stockholders of a bank  
shall neglect or refuse, after three months notice, to
pay the assessment as provided in the next preceding sub-section, or in section seventy-eight II of this chapter, it shall be the duty of the board of directors to cause a sufficient amount of the capital stock of such shareholder or shareholders to be sold at public auction, after thirty days notice shall have been given by posting such notice of sale in the office of the bank, and by publishing such notice in a newspaper of the city or town in which the bank is located, or in a newspaper published nearest thereto, to make good the deficiency; and the balance if any shall be returned to the delinquent stockholder or stockholders.

List of Stockholders to Be Exhibited.

VI. The president and the cashier of every bank association shall cause to be kept at all times a full and correct list of the names and residences of all the stockholders in the association, and the number of shares held by each, in the office where its business is transacted. Such list shall be subject to the inspection of all the stockholders and creditors of the association, and the officers authorized to assess taxes under state authority during business hours of each day in which business may be legally transacted. A copy of such list on the first Monday of July of each year, verified by the oath of such president and cashier, shall be transmitted to the commissioner of banking.

Reserve.

80. All banks operating under the provisions of this chapter shall at all times have on hand as a reserve, in lawful money of the United States, an amount equal to at least fifteen per centum of the aggregate of all its deposits, which are subject to withdrawal on demand; and whenever said reserve of such bank shall fall below said per centum of such deposits, it shall not increase its liabilities by making any new loans until the required proportion between the aggregate amount of such deposits and its reserve fund shall be restored: provided, that in lieu of lawful money on hand three-fourths of said fifteen per centum may consist of balances, payable on demand, due from any national or state bank doing
Overdrafts.

80a. The total amount of overdrafts in any banking institution shall at no time exceed five per centum of the total amount of the deposits.

Bonds of Officers.

80b. The board of directors shall require the cashier, and other accounting officers of the bank, to take an oath and execute bonds for the faithful discharge of their duties, the penalty of such bonds to be commensurate with the responsibility attached to the position.

Bank Supervision.

81. The commissioner of banking, the governor and the attorney general, jointly, shall have jurisdiction and control, as hereinafter provided, over all banks chartered by and operating in this State, and all other institutions enumerated in sub-division fifteen of this section.

Appointment of Commissioner.

I. On or before the first day of April nineteen hundred and one, or as soon thereafter as possible, and every four years thereafter, the governor of this State shall designate and appoint some competent person who is a citizen of this State, and who is experienced and skilled in the science of book-keeping and banking, and shall have had at least two years experience as cashier of a bank, or who shall have served a term as an accounting officer of the State, and who is neither directly nor indirectly interested in any bank or corporation subject to his supervision, to examine into and report, as hereinafter provided, upon the affairs of all the banks and other institutions specified in sub-division fifteen of this section, doing business in this State, except those that are organized under the banking acts of the national government.
Duties of Commissioner.

II. Said person so designed and appointed shall be known as "commissioner of banking." He shall hold this office for a term of four years unless sooner removed by the governor, or until his successor is appointed and qualified, and before entering upon the discharge of his duties shall take and subscribe to, before some person competent to administer the same, an oath to support the constitution of the United States and the State of West Virginia, and to faithfully and honestly examine into the affairs of all the banks and other institutions subject to his supervision, incorporated and doing business in this State, other than national banks, and to perform all the other duties prescribed for him to do in this act; and said oath shall be filed and preserved in the office of the secretary of state.

Office and Records of Commissioner.

III. Said commissioner of banking shall maintain an office in the State capital. In such office he shall prepare and keep a complete record of the financial condition of all the banks subject to his supervision, as may appear in his reports.

Examinations.

IV. At least once in each twelve months the said commissioner shall personally make a thorough and complete examination of the condition and affairs of each of said banks and other institutions subject to his supervision. He shall ascertain whether the officers and directors thereof have properly taken the oath prescribed by law as such, and whether or not the said officers have executed proper and legal bonds in sufficient amounts and with ample security. He shall examine and ascertain whether the books of said bank are properly kept, and he shall ascertain carefully and fully the assets and liabilities of each and all of said banks and other institutions, and whether such assets are solvent and good or otherwise, and whether all the laws of this State pertaining to banks and banking are being carefully observed.
Duty of Bank Officials:

V. For the purpose of making said examinations as above required, the officers of said banks, and other institutions, shall, upon his demand, furnish and give full access to said commissioner, for such examination, all the books, papers, notes, bills and other evidences of debt due said bank, and shall also disclose fully and truly all the bank's indebtedness and liability, and shall furnish him with all necessary clerical aid and assistance. And said commissioner shall have a right to administer to and examine under oath any and all of said bank officers touching any matter or thing pertaining to said examination, and the affairs and conditions of said bank. Any officer failing or refusing to furnish said commissioner with any such papers of information, or who shall fail to do or perform any of the other duties or requirements of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars, and may at the discretion of the court, be imprisoned in the county jail not less than three months nor more than one year. And it shall be the duty of the said commissioner to report at once to the prosecuting attorney, of the county in which the bank is situated, any such violation on the part of any such bank officer.

Banks and Institutions Improperly Conducted.

VI. If upon making his examination of any bank, or other institution, the commissioner should discover that the banking laws of the State are not being fully observed, or that any irregularities are being practiced, he shall at once call the attention of the officers and directors of the bank or other institution to the fact, and demand that the same be promptly corrected; it shall also be his duty to demand a sworn statement from the officers of said bank, or other institution, covering all the points of controversy, to be mailed to him at his office once every thirty days (not for publication but for his own information and guidance), until he is satisfied that the irregularities have been corrected. Said examination to be paid for by the bank or other institution the same as regular examinations. The said commis-
sioner shall also have authority to call for special reports and make special examinations of any bank or other institution which he may have good reason for believing is not properly conducted.

Insolvent Banks or Other Institutions.

VII. If at any time the commissioner shall find a bank or other institution, subject to his supervision, in an insolvent condition, or if any such institution shall neglect or refuse for the period of ninety days to make such special reports as he may demand, or to correct the irregularities to which he has called attention, he shall at once lay the matter before the governor and attorney general of the State of West Virginia, and by and with their consent may petition a court of competent jurisdiction to appoint a receiver who shall take charge of and wind up the affairs of said institution, or conduct the same to the best interests of the creditors and stockholders.

Call Statements.

VIII. Every bank operating under the provisions of this chapter shall make to the commissioner of banking not less than four reports each year, corresponding as to time as nearly as possible to the calls made by the comptroller of the currency on the national banks, according to the form that may be prescribed by him, verified by the oath or affirmation of the president or cashier of said bank, and attested by the signatures of at least three of the directors. Each report shall exhibit in detail, and under appropriate heads, the resources and liabilities of the bank at the close of business on any past day by him specified, and shall be transmitted to the aforesaid commissioner within five days after the receipt of a request or requisition therefor from him; and in the same form in which it is made to the commissioner shall be published in a newspaper published in the place where the bank is situated, or if there is no newspaper in the place, then in one published nearest thereto in the same county, at the expense of the bank. And such proof of publication shall be furnished as may be required by said commissioner.
Certificate of Authority.

IX. When any bank authorized by this chapter desires to begin business, it must notify the commissioner of banking, who shall at his earliest convenience make a personal examination of its affairs, and shall ascertain whether forty per centum of its capital stock has, in good faith, been actually paid in, and whether all the other provisions required to be complied with, before commencing the business of banking, have been carefully observed. Having satisfied himself that all the conditions precedent have in good faith been complied with, the said commissioner shall then issue to such bank, under his hand and official seal, a certificate of authority reciting that such examination has been made and that the bank is authorized to commence business; which certificate shall be conspicuously displayed in the principal business room of the bank. But the commissioner may withhold from an association his certificate authorizing the commencement of business whenever he has reason to suppose that the stockholders have formed the same for any other than the legitimate objects contemplated in this act. The president, cashier and directors, of any bank that shall receive deposits before the certificate of authority contemplated in this section has been issued, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be fined not less than five hundred dollars and, at the discretion of the court, imprisoned in the county jail not less than three nor more than six months.

Collection of Capital Stock.

X. All banks which have not collected the full amount of their capital stock shall collect the same as provided in section seventy-eight of this chapter; and on receipt of each installment the president or cashier of such bank shall transmit to the commissioner of banking a statement of the fact, verified by his oath and attested by the signatures of at least three of the directors.

Compensation of Commissioner.

XI. For making such examination and for preparing and preserving all records and reports con-
templated in this act, the said commissioner shall be
paid the sum of fifteen hundred dollars per annum
salary, and six hundred dollars per annum traveling
expenses out of the State treasury, by proper war-
rant drawn by the auditor upon the treasurer. There
shall be paid, by each of said banks or other institu-
tions examined, to the State, as follows: If the total
assets are less than two hundred thousand dollars,
fifteen dollars; if two hundred thousand dollars and
less than four hundred thousand dollars, twenty dol-
ars; if four hundred thousand dollars or over,
twenty-five dollars; and said commissioner of banking
shall collect all such fees and cover the same into the State
treasury.

Special Provisions.

XII. If by reason of sickness or other inability
the said commissioner is not able to make the exa-
mination, and prepare the reports required by this act,
the governor shall appoint another commissioner pro-
tem who shall qualify as herein required, and pro-
ceed to perform said duties under the direction of the
governor and board of public works.

Commissioner's Report.

XIII. On or before the first day of December, the
said commissioner shall make out, and submit to the
governor, a careful and complete report, of all the
work done by his department, showing the total re-
sources and liabilities of all the banks, subject to
his supervision, the increase or decrease for the year
in such resources and liabilities, carefully noting any
failures that may have occurred, stating the causes
thereof, and making such remarks, suggestions and
recommendations as he may deem pertinent; which report
the governor shall bind with his messages and documents
and lay before the legislature.

Verification of Report.

XIV. The report provided for in the preced-
ing sub-section, of this chapter, shall be verified by
the affidavit of said commissioner, who shall swear
that in making the examination and inspection of
each of the banks and other institutions provided for
in this act, he has personally and carefully inspected
the books, papers and affairs of said banks, and other
institutions, and that in no case has he received or
agreed to receive directly or indirectly any reward,
gift, or promise thereof, from any bank officer or individ­
ual other than that specified in this act.

Other Institutions Subject to This Provision.

XV. It is further expressly provided that all savings
banks, co-operative banking associations, trust, title, in-
surance, guaranty, surety and indemnity companies, and
all other companies of similar character, whether hereto­
fore or hereafter organized under the laws of this State,
shall be subject to the provisions of this law, so far as
it is applicable to them, and to the extent that the said
commissioner, annually, or oftener if necessary, make a
thorough examination of their books, papers, and af­
fairs, and see that the laws under which they are operat­
ing are being carefully observed. And in case he finds
that such institutions are being improperly conducted he
shall proceed against them after the manner specified in
sub-division seven of section eighty-one of this chapter.

AN ACT to amend and re-enact section fifteen of chapter thirty-nine of the Code of West Virginia, of one thousand eight hundred and ninety-nine, relating to the re-location of county seats.

[Passed February 21, 1901. In effect 90 days from passage. Approved February 22, 1901.]

Be it enacted by the Legislature of West Virginia:

That section fifteen of chapter thirty-nine of the code of West Virginia be and the same is hereby amended and re-enacted so as to read as follows:

15. Whenever the citizens of any county desire the re-location of their county seat they may file their petition or petitions for such re-location at a place or places, to be named therein, at any regular session of the county court of such county. None but legal voters of the county shall sign said petition or petitions, and an affidavit shall be appended thereto that the petitioners are, as the affiant verily believes, legal voters of said county. Upon the filing of said petition or petitions, each place at which a re-location is sought, being petitioned for by two-fifths of all the legal voters of the said county, to be estimated by allowing one vote for every six persons in such county, as shown by the last preceding census, said court shall, at the same term at which said petition or petitions are filed, make an order that a vote be taken, at the next general election to be held in the said county, upon the question of such re-location, at the place or places named in the said petition or petitions, each having the signatures of two-fifths of the legal voters of said county as aforesaid. And if such petition or petitions be filed in any year in which no general election is to be held, the said county court shall, at the same session thereof at which such petition or petitions are filed, fix a day for, and order the holding of, a special election upon the question of such re-location; which special election shall be held in the said county not less than sixty days nor more than four months from the date of said order: provided, the petitioners signing each of said petitions, if there be more than one petition, or some one for them, shall, at the same term of said court, enter into and
acknowledge a bond, with good security, to be approved by said court, in the penalty of five thousand dollars, conditioned to pay all the legal costs of holding said election, and if such bond be not given no special election shall be held. The clerk of said court shall, upon the adjournment of said court, make out and certify as many copies of said order as there are voting places in said county, and deliver the same to the sheriff thereof, whose duty it shall be to post one of the said copies, or cause it to be done, at each of said places of voting in said county at least forty days before the day of such election; and if a newspaper is printed in said county, the court shall in addition to the above notice, cause a copy of said order to be published therein, at least once in each week for four consecutive weeks prior to such election. If three-fifths of all the votes cast at said election upon the question, be in favor of the re-location at either of the places voted for, the said county court shall enter an order declaring the place so receiving three-fifths of all the votes cast therefor, to be the county seat of said county from and after that date. And the said court shall, as soon thereafter as practicable, cause all the records, papers and office property pertaining to the offices of the clerks of the county and circuit courts to be removed to the said new county-seat. The ballots used in voting on the question of such re-location shall have written or printed on them the words, “Re-location of County Seats,” “For re-location of County Seat at” (naming the place,) “Against re-location of County Seat at” (naming the place,) provided, that no ballot cast at such election upon such question shall be rejected because all the words described are not written or printed thereon, if it clearly appears how the voter intended to vote; and provided, also, that if said election be held at a general election, the ballots shall be the same as those used in voting for officers at said general election. The said votes shall be taken, superintended, conducted and returned, in the same manner, and by the same officers, as elections for county and state officers. If said election be held at a general election, the commissioners of election shall make out and sign a separate certificate of the result of said vote, and deliver the same to the clerk of the county court within the same time they are required by law to deliver the certificates of the result of the election, for officers held by them. And if said election be held at a special election, then —if vote taken
said county court shall at the session at which the
election is ordered, appoint three commissioners of
that election for each voting place in said county, who
shall ascertain and certify the result of such election
in the same manner as herein provided to be done at
a general election. And the certificate of the result
of such special election shall be laid before the court
by the clerk thereof, at a special session thereof,
which shall be held within five days (Sunday ex-
cepted) after said special election. Said court shall
thereupon ascertain and declare the result of said
vote and enter the same of record. If two petitions
for such re-location at different places be pre
sented to the county court at the same session, each signed
by two-fifths of the legal voters of the said county,
ascertained in the manner hereinbefore provided for,
the court by a proper order entered of record at the
same term at which said petition, or petitions are
filed, shall direct that a vote be taken between all
the places mentioned in the said petitions, but such
county seat shall not be removed unless some one of
the places voted for at said election shall have re-
ceived three-fifths of all votes cast at said election
upon the question of such re-location. In case the
same person signs more than one petition for such re-
location such person shall not be considered by the
court as petitioning for a re-location of the county
seat. In case of such re-location, the county court of
said county shall proceed with all possible dispatch
to cause the necessary buildings for the use of the
county to be erected thereat; and until that is done
the courts of said county may in case of necessity be
held at the former county seat.

Such court may receive subscriptions from any per-
son to aid in the erection of such buildings. And all
subscriptions made at any time for that purpose shall
be binding on the persons making the same, and may
be sued for and recovered in the name of the county
court of said county.

That section four of chapter thirty-one of the Code of West Virginia be amended and re-enacted so as to read as follows:

4. On or before the first day of November in each year, the auditor shall cause to be delivered to the sheriff or collector of taxes for every county two lists of the real estate therein, which, at the time said lists are made out, shall have been returned delinquent for the non-payment of taxes thereon for any previous year and not previously sold therefor, and on which the taxes and interest, or any part thereof, shall remain then unpaid and not released or otherwise discharged, with a statement of the several amounts due for state and state school taxes; county taxes for all purposes; school district and independent school district taxes; other district taxes for all purposes, and
municipal corporation taxes for all purposes, on each tract or lot for each year with interest on each amount from the twentieth day of January in the year succeeding that in which such taxes were levied until the first day of November in the year such list is delivered as aforesaid to the sheriff, or collector, at the rate of twelve per centum per annum added there-to. But if the real estate has been sold for the non-payment of taxes, the same shall not be charged with or again sold on account of any taxes for any year previous to that for the taxes of which the same was made; except, that if for any cause a previous sale of real estate purchased by, or in behalf of the State, has been or shall be set aside by any court, and the taxes for which it was or shall be sold, have not been paid, the auditor shall include in such lists all such real estate, and the same shall be sold for the taxes and interest due thereto for the years for which it was previously sold, in like manner and with like effect as the other real estate mentioned in said lists.

5. When by the formation of a new county, or the change of the boundary between two counties, any tract or lot returned delinquent for non-payment of taxes in one county shall after such return be included in another, the clerk of the county court of the county in which such land was included shall certify the same to the auditor before the first day of June in each year, in order that the same may be entered in the list to be delivered pursuant to the preceding section to the sheriff or collector of the county in which the said tract or lot is situated.
AN ACT to amend and re-enact chapter fifty-nine of the acts of one thousand eight hundred and ninety-seven, and also sections five, ten and eleven of chapter fifty of the acts of one thousand eight hundred and eighty-seven and to add section twenty thereto, relating to mine ventilation, inspection and drainage.

[Passed February 14, 1911. In effect 90 days from passage. Approved February 21, 1911.]

Be it enacted by the Legislature of West Virginia:

I. That chapter fifty-nine of the acts of the Legislature of West Virginia of one thousand eight hundred and ninety-seven, “concerning mine ventilation and inspection” be amended and re-enacted so as to read as follows:

1a. The governor of the State, by and with the consent of the senate, shall appoint one district mine inspector for each of the five mining districts created by this act, and a chief mine inspector who shall supervise and control the mine inspection of the State of West Virginia, and the chief shall have power to call the assistance of any one of the other five mine inspectors to any district in the State of West Virginia in case of emergency; and the chief mine inspector shall keep the reports furnished him by the five mine inspectors, and in addition thereto he shall copy said reports in a book or books by him purchased and kept for the purpose, and he shall index the same, and said books shall be open for inspection upon the request of any citizen of the State, and upon the request of the governor or attorney general of this State, the said chief mine inspector shall lay said books and reports before either of said officers, and also maps of mines furnished him by the said district mine inspectors.

b. Any chief mine inspector who shall violate any of the provisions of this act shall, upon conviction thereof, be fined not less than twenty-five nor more than two hundred dollars, and may, in the discretion of the court, be imprisoned in the county jail not exceeding one year.
And each of the five mine inspectors shall report in writing monthly to the chief mine inspector, the number and condition of all the mines inspected by him during each month. The chief mine inspector shall have power to remove any of the five mine inspectors, mentioned in this act, for causes hereinafter mentioned in this act, and the governor of the State shall fill all vacancies caused by removal from office. Mine inspectors created by this act shall hold their office for the term of four years, as hereinafter provided, unless they be sooner removed, as hereinafter provided. They shall continue in office until their successors in office are appointed and qualified.

c. Every person appointed chief mine inspector must be a citizen of West Virginia and be a competent person, having had at least eight years experience in the working, ventilation and drainage of coal mines in this State, and a practical and scientific knowledge of all noxious and dangerous gases found in such mines.

d. Every person so appointed district mine inspector must be a citizen of West Virginia, having a practical knowledge of mining and properly ventilating and draining mines, and a knowledge of the gases met with in coal mines, and must be a miner of at least six years' experience as a miner in the coal mines, or having been otherwise engaged as an employee for six years within the mines of this State; and he shall not while in office, be interested as owner, operator, agent, stockholder, superintendent or engineer of any coal mine, and he shall be of good moral character and temperate habits. An inspector of mines shall be removed from office by the chief mine inspector of this State for incompetency, neglect of duty, drunkenness, malfeasance and for other good causes.

2a. Vacancies in office of inspectors shall be filled by appointment by the governor of the State for the unexpired term. Every person appointed inspector of mines, shall, before entering upon the discharge of the duties of his office, take the oath before some person authorized by law to administer oaths, that he will support the constitution of the United States and the constitution of the State of West Virginia, and that he will faithfully and impartially, to the best of his ability, discharge the duties of his office, and file a certificate of his having done so in the office of the secretary of state, and he shall give a bond in the penalty of
of two thousand dollars, with sureties to be approved by the governor of the State, conditioned that he will faithfully discharge the duties of his office.

b. The salary of the chief mine inspector shall be eighteen hundred dollars per annum and not more than five hundred dollars for expenses, and the other five mine inspectors shall have twelve hundred dollars salary each, per annum, and not more than five hundred dollars each for expenses. Such salary and expenses shall be paid monthly out of the state treasury upon the approval of the chief mine inspector: provided, that before payment of traveling expenses shall be made to the inspector, he shall file an account of such expenses verified by his affidavit showing that they accrued in the discharge of his official duties.

c. On the first Tuesday in April, one thousand nine hundred and one, and every four years thereafter, the governor of the State shall, with the consent of the senate, appoint a chief mine inspector and one mine inspector for each of the five mining districts of the State created by this act, whose term of office shall begin when he has taken the oath of office and has given the approved bond, as required by this act, and whose term of office shall be four years, or until his successor shall be duly appointed and qualified.

d. Inspectors of mines shall devote their whole time and attention to the duties of their office and shall make personal examination, as set forth in sections three and four of this act, of the interior of all coal or other mines and outside of the mine where any danger may exist to the workmen employed in their respective districts.

3a. And it shall be the duty of each district mine inspector to visit each mine in his district at least once every three months, and it shall be unlawful for any mine inspector to do any surveying for any mine owner or owners, during his term of office, and it shall be unlawful for any mine inspector to appoint any deputy or other person to do and perform any work required of such mine inspector, and it shall be his duty to personally perform the duties of his office hereunder. He shall also in each year, ending with the thirtieth day of June, make a written report to the chief mine inspector of his proceedings, stating therein the number of mines in his district, the improvements made in and at the mines, the extent to which this act is obeyed or violated, and such other informa-
tion in relation to mines and mining as he may deem of public interest, or required of him by the chief mine inspector. He shall also suggest or recommend such legislation on the subject of mining as he may think necessary. Such report shall be filed with the chief mine inspector on or before the thirtieth day of September next succeeding the year for which it was made. The chief mine inspector shall annually make a full and complete written report of his proceedings as such chief mine inspector to the governor of the State for the year ending the thirtieth of June. Such report shall include the reports from the district mine inspectors, the number of visits and inspections made in the state by the district inspectors, the quantity of coal and coke produced in the State, and the number of men employed, number of mines operated, ovens in and out of blast, improvements made, prosecutions, etc., and such other information in relation to the subject of mines, mining inspection and needed legislation, as he may deem of public interest and beneficial to the mining interests of the State. Such report shall be filed with the governor on or before the thirtieth day of December next succeeding the year for which it was made, and such report shall be printed upon the requisition of the governor, and in order that the report may be annually printed and distributed among the operators, miners and citizens of this State, the sum of fifteen hundred dollars shall annually be allowed out of the state treasury for this special purpose.

b. Any mine inspector failing to comply with the requirements of this act shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars, and be dismissed from office.

c. The governor of the State of West Virginia, together with the chief mine inspector created by this act, shall divide the State of West Virginia into five mining districts.

2. That sections 5, 10, and 11 of the acts of one thousand eight hundred and eighty-seven, concerning "the working, ventilation and drainage of coal mines, &c.," be amended and re-enacted to read as follows, and section twenty be added thereto:

5. The operator or agent of every coal mine shall, within six months after the passage of this act, make, or cause to be made, unless already made and filed, an
accurate map or plan of such mine, on a scale to be stated thereon, not exceeding one hundred feet to the inch. Such map or plan shall show the openings or excavations, the shafts, slopes, entries, airways, headings, rooms, pillars, etc., and such portions of such mine or mines as may have been abandoned, the general inclination of the coal strata, and so much of the property lines and the outcrop of the coal seam of the tract of land on which said mine is located, as may be within one thousand feet of any part of the workings of such mine. A true copy of such map or plan shall, within the six months aforesaid, be delivered by such operator to the inspector of his district, to be preserved among the records of his office, and turned over to his successor in office; and the original map, or a true copy thereof, shall be kept by such operator at the office of the mine, and open at all reasonable times for the examination and use of the inspector; and such operator shall, twice within every twelve months, and not more than seven months apart, while the mine is in operation, cause such mine to be surveyed and the map thereof extended so as to accurately show the progress of the workings, the property lines and outcrop as above provided; and he shall immediately thereafter notify the inspector of his district, who shall forward to the said operator, or his engineer, the maps held by such inspector to be extended as above required.

10. The operator or agent of every coal mine, whether worked by shaft, slope or drift, shall provide and hereafter maintain for every such mine ample means of ventilation, affording no less than one hundred cubic feet of air per minute for each and every person employed in such mine, and as much more as the circumstances may require, which shall be circulated around the main headings and cross headings and working places, to an extent that will dilute, render harmless and carry off, the noxious and dangerous gases generated therein; and as the working places shall advance, break-throughs for air shall be made every one hundred feet in the pillars, or brattice shall be used, so as to properly ventilate the face, and all the break-throughs, not required for the passage of air, shall be properly closed with brattice, or brattices shall be used, so as to keep the working places well and properly ventilated. In all mines generating fire damp and where there is every reason to believe that
gas will be constantly encountered in the future work-
ings and developments of the mine, all stoppings on
the main entries shall be constructed in a substantial
manner and as nearly as practicable air tight, except
for temporary purposes; doors on main haul-ways
shall be avoided in gaseous mines where practicable,
and overcasts adopted when and where the same may
expeditiously be built, and where doors are used they
must be built in a substantial manner and hung so
as to close automatically when unobstructed. All old
unused workings and abandoned parts of the mines
must be protected by such safe guards as will pre-
vent the dangerous overflow of any standing gas there-
in, and all avenues leading thereto shall be so ar-
anged and conducted as to give cautionary notice to
all such workmen in such mines of the danger in en-
tering therein. And in order to secure the safety of
the workmen in general against danger in said aban-
don ed or worked out parts of the mines notices shall
be put up and kept standing as far as practical, which
shall afford warning to all such workmen not to enter
in such parts of said mines; and in addition thereto,
all persons, other than those specially charged with
that duty, are hereby forbidden to enter such abandon-
ed parts of such mines where gas may be found. And
for violation of this provision of this act, such per-
son or persons so offending shall be guilty of a misde-
meanor, and upon conviction thereof shall be fined not
less than five dollars nor more than one hundred dol-
ars and be confined in the county jail not less than
ten days nor more than one year. No miner or other
employee shall take into the mine in this State any
larger quantity of powder or other explosive than he
or they may reasonably expect to use during their term
of employment on one day of twelve hours. In all
mines where explosive gas, or other gas of a danger-
ous or poisonous nature, is known to generate in large
and dangerous quantities, the workmen shall be im-
mediately instructed to withdraw from the mine in
case of stoppage of the fan, or heavy falls of the roof
which may obstruct the main intake or return airway,
until such obstruction is removed. And it shall be un-
lawful in all mines where gas is being generated in
large and dangerous quantities, to use any other
mechanical power for ventilation purpose except fan
power, or the equal thereof; and the fan or other
power, shall be kept in operation night and day un-
less written permission to do otherwise be granted by
the chief inspector or the district inspector in whose
district the mine is situated; but no mine operator
shall be required to keep such fan going where it is
necessary to shut it down for the purpose of repair-
ing machinery or doing other work in the mines which
may make it necessary. It shall be unlawful for any
miner after having exploded in any working place
sixty cubical inches or more of powder, in one or more
blasts, in any mine known to generate gas in large and
dangerous quantities, to enter such working place and
attempt to resume work in any manner whatever with
a naked light in less than twenty minutes after the
blast has been exploded.

It shall be the duty of every mine owner or opera-
tor in this State whose mine or mines are known to
generate fire damp or other dangerous gas or gases,
in dangerous quantities, to employ a "Fire Boss" or
"Bosses" where necessary, who shall be a citizen or
citizens of this State, and have such knowledge of fire
damp and other dangerous gases as to be able to de-
ect the same with the use of safety lamps and shall
have a practical knowledge of the subject of ventila-
tion of mines and the machinery and appliances used
for that purpose, and be a person with at least three
years' experience in mines generating such fire damp
and dangerous gases. It shall be the duty of said fire
boss or bosses where employed in said gaseous mines
to fix and determine upon some intelligent plan to
warn and give notice to all the employes of such mines
when they may be permitted to enter such mine or
mines to begin work upon each shift of their employ-
ment; and it shall further be the duty of said fire boss
or bosses to go into all the working places of such
mine or mines where gas is known to exist, or liable
to exist, in dangerous quantities, and carefully exam-
ine the same with a safety lamp, and do, or cause to
be done, whatever may be necessary to remove from
such working place or places all dangerous gases and
make the same safe for persons to enter therein as
workmen in such mine or mines; such examination and
removal of said gases shall be made immediately be-
fore each shift begins to work in such mines, and
thereafter to at once give such notice or warning to
the employes in said mine or mines on the outside
thereof that the same is safe for them to enter therein
and begin work. In the performance of the duties on
the part of the fire boss or bosses they shall have no
superior officer, but all the employes working inside
of said mine or mines shall be subordinate to said fire
boss or bosses in this particular work. It shall be
unlawful for any person to enter said mine or mines
for any purpose at the beginning of work upon each
shift therein until such signal or warning has been
given by said fire boss or bosses on the outside of said
mine or mines as to the safety thereof, as herein pro-
vided, except under the direction of said fire boss or
bosses, and then for the purpose of assisting in mak-
ing said mine safe; and each person who shall enter
such mine before such notice or signal has been given
shall be guilty of a misdemeanor, and upon conviction
thereof shall be fined not less than fifty dollars nor
more than five hundred dollars, and imprisoned in the
county jail not less than sixty days nor more than one
year. In all mines generating fire damp, accumula-
tions of fine, dry coal dust shall, as far as practicable,
be prevented, and such dust shall, whenever necessary,
be kept properly watered down. The safety lamps
used for examining any mine or which may be used for
working therein, shall be furnished by, and be the
property of, the operator of the mine, and shall be in
charge of some person to be designated by the “Fire
Boss,” and at least one safety lamp shall be kept at
every coal mine whether such mine generates fire
damp or not.

11. In order to better secure the proper ventilation
of every coal mine and promote the health and safety
of persons employed therein, the operator or agent
shall employ a competent and practical inside over-
seer, to be called “mining boss,” who shall be a citizen
of this State and an experienced coal miner,
or any person having three years experience
in a coal mine, who shall keep a careful watch
over the ventilating apparatus and the air-
ways, traveling-ways, pumps and drainage; and shall
see that, as the miners advance their excavations,
proper break-throughs are made to properly ventilate
the mine, and that all loose coal, slate and rock over
head in the working places and along the haul-ways be
removed or carefully secured so as to prevent danger
to persons employed in such mines; and that sufficient
props, caps and timbers, as nearly as possible of suit-
able dimensions, are furnished for the places where
they are to be used; and such props, caps and timbers shall be delivered and placed at such point as the rules for the government for each respective mine provide for them to be delivered; and every workman in want of props, cap pieces and timbers shall notify the mining boss, or such other person who may be designated for that purpose, at least one day in advance, giving the length and number of props or timbers and cap pieces he requires; but in case of an emergency the timbers may be ordered immediately upon the discovery of any danger; and it shall be the duty of each miner to properly prop and secure his place in order to make the same secure for him to work therein. The said mine boss shall have all water drained or hauled out of the working places where the same is practicable, before the miners enter, and said working places kept dry as far as practical while the miners are at work. And in mines in which the operations are so extensive that all the duties devolving upon the mine boss cannot be discharged by one man, competent persons having had two years' experience in a coal mine may be designated and appointed as assistants, who shall act under the mine boss' instructions, and who shall be responsible for their conduct in the discharge of their duties under such designation or employment. On all haul-ways, space not less than ten feet along and two feet, six inches wide, between the wagon and the rib, shall be kept open at distances not exceeding one hundred feet apart, in which shelter from passing wagons may be had. It shall further be the duty of the mining boss to have bore holes kept not less than twelve feet in advance of the face, and, where necessary, on sides of the working places that are being driven toward and in dangerous proximity to an abandoned mine or part of mine suspected of containing inflammable gases or which is filled with water. On all haul-ways where hauling is done by machinery of any kind, the mine boss shall provide a proper system of signals and a conspicuous light, and also for the carrying of a conspicuous light on the front car of every trip or train of cars when in motion in a mine, and when the hoisting or lowering of men occurs before daylight in the morning or at evening after darkness at any mine operated by shaft, the said mine boss shall provide and maintain at the shaft mouth a light of a stationary character sufficient to show the landing and all surrounding objects distinctly.
sufficient light of a stationary character shall be located at the bottom of the shaft so that persons coming to the bottom may clearly discern the cages and other objects closely contiguous thereto. No cages on which men are riding shall be lifted or lowered at a rate of speed greater than six hundred feet per minute. No mine cars, either empty or loaded, shall be hoisted, while men are being lowered or hoisted, and no cage having an unstable self-dumping platform shall be used for the carrying of workmen unless the same is provided with some device by which the same can be securely locked when men are being hoisted or lowered into the mine. At every mine where fifty men are employed underground, it shall be the duty of the operator thereof to keep always on hand at the mine a properly constructed stretcher, woolen and a waterproof blanket, and all necessary requisites which may be advised by the medical practitioner employed by the company, and if as many as one hundred and fifty men be employed two stretchers with the necessary equipments as above advised. The mining boss, or his assistant, shall visit and examine every working place in the mine as often as practicable and as to him may seem necessary while the miners of such places are at work, and shall direct that each and every working place shall be secured by props or timbers whenever necessary, which shall be placed and used by the miners working therein as in this act provided, to the end that such working places shall be made safe, and the said mine boss shall not direct anyone to work in an unsafe place unless it be for the purpose of making it safe. The mining boss shall notify the operator or agent of the mine of his inability to comply with any of the requirements of this section, and it shall then become the duty of any operator or agent to at once attend to the matter complained of by the mining boss, so as to enable him to comply with the provisions hereof if the same can be practicably done.

20. There shall be adopted by the operator of every mine in this State special rules for the government and operation of his mine or mines, covering all the work pertaining thereto in and outside of the same, which, however, shall not be in conflict with the provisions of the mining laws of this State. Such rules when established shall be printed on cardboard and shall be posted up in the drum-house, tipple or some
other conspicuous place about the mines where the same may be seen and observed by all the employees at such mines, and when said rules are so posted the same shall operate as notice to all the employees at such mine of their acceptance of the contents thereof. And it shall be the duty of each mine operator to furnish a printed copy of said rules to each of his employees when requested by either or any of them.

That section fifty-three of chapter fifty-four of the code of West Virginia, be and the same is hereby amended and re-enacted so as to read as follows:

located by the most practical route, and may pass out of this State into any other state, with the assent of such state, and back again into this State, as often as may be found necessary in locating such extension, and such corporation may construct, own or operate such extension or extensions in the same manner and to the same extent as if such extension or extensions had been included in the original articles of association or special charter: provided, however, that any railroad company organized under special charter, by extending its line, shall not carry with it any special privileges guaranteed it under its charter, to such extension, but only such rights and privileges as are conferred under the general law: provided, that such corporation before commencing any such extension, in this State, shall file in the office of the secretary of state, a certificate stating the point at or near which such extension in this State shall commence and terminate. No railroad corporation owning or operating a railroad wholly or in part within this State, shall consolidate its capital stock with any other railroad running a parallel or competing line, without the consent of the Legislature, but any such railroad corporation whose line of railroad is made, or is in process of construction, may merge or consolidate with, or lease its railroad or any part thereof for a term of years to any other corporation of this or an adjoining state owning or operating a line of railroad completed or in process of construction, wholly or partly within this or an adjoining state, and connected directly or by means of an intervening railroad or railroads, in order to make a continuous line of railroad to be run and operated with or without changes of cars, or break of bulk, or exchange or transfer of passengers or freight; and may sell to or purchase such connecting line of railroad; and may adopt another name for their said road thus merged, consolidated or connected, by filing in the office of the secretary of state a declaration of the adoption of such other name; and shall publish such declaration for sixty days in all newspapers published along the line of such railroad; but such merger, consolidation or sale, shall be made only upon such terms and conditions as shall be agreed to by the stockholders owning a majority of the stock in each of the companies so merging, consolidating, purchasing or selling: provided, that where two or more railroad companies have been heretofore in-
corporated under and by virtue of the laws of this State, for the construction of two or more lines of railroad which have been located or surveyed along the same line between any points or places, and each of said corporations has acquired separate and distinct rights and interests under their respective charters, or made or performed any work toward the construction of the improvements contemplated by their respective charters, it shall be lawful for the boards of directors of said corporations, with the consent of the stockholders owning a majority of the stock of each of the corporations interested, to merge or consolidate the capital stock of their respective companies, or to consolidate different interests in the same road, upon such terms as they may agree upon; or for one or more of such corporations to make sale of all their right, title and interest, including the franchises of such corporations to such other corporations, in such manner as may be deemed advisable: provided, however, that such merger, sale, etc., or consolidation or purchase shall not invalidate any action, suit, claim or demand against any or either of the companies who are parties thereto, and any such action, suit, claim or demand shall be held to be in full force against the company owning such consolidated or merged line of railroad; and in no case shall any consolidation or merger or sale take place, except after sixty days’ notice, which notice shall be given in the manner prescribed in section forty-five of this chapter: provided, that every railroad corporation doing business in this State under charters granted or laws passed by the State of Virginia, is hereby declared to be as to its works, property operations, transactions and business in this State, a domestic corporation, and shall be so held and treated in all suits and legal proceedings which may be commenced or carried on by or against any such railroad corporation as well as in all other matters relating to such corporation; but such corporation shall not be required to file a copy of its charter or any writing with the secretary of state, as provided in section thirty of chapter fifty-four of the code of West Virginia; and all leases of railroads heretofore made between railroad companies, as provided in this section, shall be deemed valid. Such person shall thereupon appoint the third member of said board with the same effect as if such member had been selected by the two first chosen. The decision of a majority of such board, constituted in either of said ways, shall be final.
If, however, the said company shall fail to appoint an arbitrator hereunder, within thirty days after notice in writing from the city of its desire that such appointment shall be made, or in event said company shall fail, within thirty days after such award shall have been made, to transfer and convey to the said city, unencumbered, the property so valued, upon tender of the amount of said award, then, and in either event, the city shall not be required to purchase any of said company's property, as a condition precedent to its having the right to sell electricity and the products thereof for any and all purposes.

CHAPTER 129.

AN ACT to provide for the reassessment of the value of all the real estate in Mercer and Tyler counties, West Virginia.

[Passed February 1, 1901. In effect from passage. Approved February 9, 1901.]

Whereas, By reason of the fact that no competent person would serve for the compensation provided in making a reassessment of the real estate in the counties of Mercer and Tyler under the provisions of the acts of the Legislature of one thousand eight hundred and ninety-nine, chapter twenty-one, providing for the reassessment of the real estate in the several counties of this State, and in consequence thereof no actual reassessment of the real estate was in fact made as provided in said act in either of said counties; therefore,

Be it enacted by the Legislature of West Virginia:

1. That Mercer and Tyler counties for the purpose of having a proper reassessment of the valuation of the real estate therein shall each be divided into two assessment districts for the assessment of the real estate and minerals therein only under the provisions of this act. The first assessment district of Tyler county shall consist of all the lands and minerals lying within the boundaries of Ellsworth and Lincoln districts; the
second assessment district shall consist of all the lands and minerals lying within the districts of Centerville, McElroy, Meade and Union. The first assessment district of Mercer county shall consist of all the lands and minerals lying within the boundaries of Beaver Pond and East River districts; the second assessment district of said county shall consist of all lands and minerals lying within the boundaries of Plymouth, Jumping Branch and Rock districts.

2. The county court of each of said counties of Mercer and Tyler shall as soon as possible, after this act takes effect, recommend three capable and discreet men from each of the said assessment districts, out of which number the board of public works shall appoint one commissioner for each of said districts in each of said counties who shall be a resident freeholder of the district wherein the appointment is made, and who shall not be a land broker or speculator in lands, minerals, oils or gas royalties, and whose duty it shall be to reassess the value of all real estate in his assessment district.

3. Each commissioner so appointed shall, within ten days after notice of his appointment, execute a bond with security in the penalty of four thousand dollars conditioned for the faithful performance of his duties, to be approved by the county court of his county, or the clerk thereof in vacation, with two or more good securities, and shall take an oath to support the constitution of the United States, the constitution of this State, and that he will faithfully and impartially discharge the duties of his office to the best of his skill and judgment, and that he will neither directly nor indirectly receive nor agree to receive any gift or reward from the owner of any lands in his assessment district, or any other person, to influence his action in the making of such assessment, and that he will assess all the real estate, minerals, oils and gas royalties in his district without bias, fear or favor. The said bond and oath shall be filed in the office of the clerk of the county court of his county, who shall certify a copy thereof within five days thereafter to the auditor, and also furnish the auditor the post-office address of each commissioner.
If either of the said commissioners so appointed fail to qualify and give bond as herein required, within the time prescribed, or in case either should die or resign or in any way the office becomes vacant before making or completing his valuation, a successor shall be immediately appointed, as hereinbefore provided, who shall at once give bond and qualify as herein prescribed, and enter upon the discharge of the duties of the office.

4. The auditor shall, as soon as possible, cause to be provided for each commissioner three books similar in form to the assessors’ land books, with such changes as the nature of the work requires, and shall also furnish each commissioner with instructions describing in detail the manner in which he is to arrive at proper valuations of the real estate under the provisions of this act, and the manner of making up his books and returns.

5. Each commissioner so appointed and qualified shall, on or before the first day of March, one thousand nine hundred and one, or as soon thereafter as practicable after receiving the books and instructions to be furnished by the auditor, and which shall be sent to the clerk of the county court of each of said counties and be by him, at his office, delivered to each of said commissioners, whose duty it shall be to proceed to examine, in person, all the tracts of land and town lots, with buildings and improvements, if any thereon, within his district; and shall upon examination, and in accordance with his instructions, and the provisions of this act, ascertain and assess the fair cash value thereof, and in such assessment the minerals, oil and gas underlying the developed and producing leaseholds, and the location of the lands, shall be considered by the commissioner in ascertaining the value of such land, in current money; and when mineral, mineral water, oil, gas or coal privileges or royalty interests, are held by a party or parties, or any company, association or organization, exclusive of the surface, the privileges or royalty interests shall be assessed separately, to such party or parties, company, association or organization, at its cash or market value at the time of such re-valuation; and the said commissioner, in order to assist him in ascertaining
and fixing the value of said lands and mineral grants or royalty rights shall, when practicable, examine the owner of said lands, or in the absence of the owner of said lands, mineral grants or royalty interests, his local agent, and in order to further aid the commissioner in the discharge of his duties he shall have access to the records in the office of the clerk of the county court of his county, and he may, if he should deem it advisable, further examine the owner of adjacent lands, mineral grants or royalty rights under oath, and he shall act in all cases upon his own judgment and upon all the information he can obtain as to such value.

In ascertaining and fixing the value of any land within the limits of any city, town or village or elsewhere, which has been laid off into lots and opened up as lots by the construction and maintenance of roads and streets through the same, the said commissioner shall adopt as the value of such land, the value thereof as so laid off into such lots, valuing the same by the lot and not by the acre or tract. And to further assist him, the commissioner may require the owner of the land, mineral right or royalty grant to produce the lease, deed or the title bond, or other evidence of title, for examination; and he shall obtain from the clerk of the county court of his county, a copy of the land books of the assessment district he is to assess made for the year one thousand nine hundred, and carry it with him for reference in making this assessment.

6. In all cases, where it is practicable, the commissioner shall exhibit the entry of any lands, city or town lots, found on said books, to the owner of said lands or lots, or his agent, and ascertain from him if the said entry be correct, as to the location, title and quantity, as well as the value of any buildings or the addition to any buildings, which may have been placed thereon since the last assessment, and which have not been assessed, and may require such owner or agent to answer on oath questions relative to such lands or lots, and the entry thereof, as may be pertinent for this purpose, as well as to ascertaining the true value of all real estate in each of said counties. The commissioner shall be authorized to administer said oath. Any person refusing to be sworn, or to answer...
under oath questions that may be propounded to him in reference to said assessment, or ratification of lands or real estate, shall be guilty of a misdemeanor, and upon a conviction thereof be fined not less than twenty-five dollars, nor more than two hundred dollars for every such refusal, to be recovered before the circuit court of the proper county as other fines, and paid into the State treasury; and it is made the duty of the commissioner to report such refusal to the prosecuting attorney of his county.

7. As soon as the commissioner shall have completed the assessment in his district he shall make three copies thereof, in the books so furnished him under the provisions of section four of this act, and shall make and subscribe an oath or affirmation to the following effect: "I, __________, a commissioner appointed to ascertain and reassess the value of all real estate in ________ district of my county, do solemnly swear (or affirm) that I have diligently endeavored to ascertain the value of all tracts of land, town lots or tenements, mineral rights and royalty grants and other interests, properly chargeable in my district, and have entered the same in the foregoing book; that I have faithfully, fairly and impartially, and without bias or favor, assessed the same, with the improvements thereon, at a fair cash value; and in making the said books I have followed the law and been guided by the instructions furnished me by the auditor for my guidance, and to the best of my ability and judgment, so help me God." Which oath may be taken and subscribed before any person authorized to administer oaths, and a copy of same shall be subscribed to each of said books properly subscribed and certified; two of said books shall be filed by the commissioner with the clerk of the county court of the proper county on or before the fifteenth day of July, in the year one thousand nine hundred and one, and shall be used by the clerk as a guide in making up and extending the levy on the land books for the year one thousand nine hundred and one. The other book shall be transmitted to the auditor on or before the first day of August, one thousand nine hundred and one. The county court of the proper county shall examine said books and see if there is inequality in said assessments as between two assessment districts,
and make such order as will correct and equalize any inequality that may exist.

8. Any person feeling himself aggrieved by the assessment of his real estate as herein provided for, made under the provisions of this act, may, within one year after the filing of a copy of such assessment with the clerk of the county court of his county, apply, by himself or his agent, to said court for redress, first giving reasonable notice in writing of his intention to the prosecuting attorney, and stating in said notice the character of the correction he desires. It shall be the duty of the prosecuting attorney, upon being notified, to attend to the interest of the State at the trial of such application. If upon hearing the evidence offered, the county court shall be of the opinion that there is error in the assessment complained of, or that the valuation fixed by the commissioner is too high or too low, the court shall make such order correcting the assessment as is just and proper. The limitation of one year provided in this section shall only apply to real estate and not to minerals, mineral rights and royalty grants herein mentioned, which rapidly increase and depreciate in value, may upon application of the party aggrieved, his agent or attorney as herein provided, during the enforcement of this act, be reduced in value or dropped from the land books where it is clearly shown to the county court of his county that said minerals, mineral rights or royalty grants have depreciated in value or become worthless; and the assessor of personal property of his county may upon his motion to the county court of said county, in session, increase the valuation of any mineral right or royalty grant not assessed and placed on the land books under the provisions of this act, and said county court may summons before their body, by summons regularly issued by the clerk of said court, such persons as the prosecuting attorney may deem competent to give evidence pertaining to the value of said mineral right or royalty grant, and, after hearing such evidence relating to the valuation of said mineral right or royalty grant, cause the clerk of said county court of his county to enter the same of record on the land books of the county at a fair cash or market value of said mineral right or royalty grant. The right of appeal...
from any order made by the county court of either county shall lie to the circuit court, and may be taken either by the applicant or the State; and in case the applicant, or the State by its prosecuting attorney or agent, desires to take an appeal from such order, the party desiring to take such appeal shall have the evidence taken at the hearing of such application certified by the county court, and such appeal when allowed, by the court or judge in vacation, shall have precedence over all other cases pending in said court. A copy of any order or orders entered in any court, making any such correction as herein provided for, shall be made and certified to the auditor by the clerk within twenty days after the entering of the same; but any order or judgment made upon such application shall show that the prosecuting attorney was present and defending the interest of the State; and in the event that it shall be ascertained that the land, mineral right or royalty grant has been assessed too high and the owner has paid the excess of such taxes, the court shall order that the excess by virtue of the assessment under this act be refunded to him, and if not paid that he be relieved from the payment of such excess. No cost on such application shall, in any event, be taxed against the State, but if the applicant fail to obtain any relief, upon the hearing of his application, he shall be taxed with the costs of the officers of the court incurred therein, otherwise no cost shall be taxed against the applicant.

Pay of commissioners.

- how verified; allowed and certified.

- maximum pay.

- additional time, how allowed and paid.

9. For services rendered by the commissioners, under this act, they shall be allowed four dollars for each day actually and diligently employed, to be paid out of the State treasury. But the account for services rendered shall be verified by the affidavit of each of the commissioners and presented to the county court of the county and approved, allowed, and certified to the auditor for payment: provided, that the total compensation to be paid by the State to the commissioners shall not exceed four hundred and sixty dollars each, and should either of said commissioners require any additional time specified in this act for the completion of the reassessment of the real estate within either of said counties, said excess shall not exceed twenty-five days additional to

ceive any gift, grant, donation or devise; may become party to suits and contracts, and do other corporate acts. They shall, also, have the management of, and be vested with the title to all real and personal property, except such public library property, for the use of the public schools within the district, and shall manage and dispose of the same as in their opinion will best subserve the interests of the schools. They shall also have the management of, and be vested with the title to all real and personal property they may, in any manner, acquire for the uses and purposes of such library and branches thereof.

The persons employed to take said enumeration may be required at the same time to take the census of the district.

12. It shall be the duty of the board of education, annually, in the month of July, to determine, as nearly as practicable, the amount of money necessary, in addition to all other available funds, for the support, maintenance and increase of such public library and branches, including the payment of the interest on any bonds which may be issued therefor, and of any such bonds that may become payable within the next year; also for continuing the schools of the district for a period of not less than nine months; and for all other purposes relating to the schools of the district, such as the repairing and improvement of school premises, the purchase of sites and the building of school houses, and for the payment of debts previously contracted, which may fall due within the year; and

2. And it is further enacted, that the following section be added to said chapter eleven of the acts of one thousand eight hundred and seventy-two, as part thereof, namely:

If any real estate within the city be return-
ed delinquent for the non-payment of the taxes thereon, a copy of such delinquent list may be certified by the council to the auditor, and the same may be sold for the taxes, interest and commissions thereon, in the same manner, at the same time and by the same officer as real estate is sold for the non-payment of State taxes.

13. All contested elections shall be heard and decided by the common council for the time being; and the contest shall be made and conducted in the same manner as provided for in contests for county and district officers; and the common council shall conduct their proceedings in such cases as nearly as practicable in conformity with the proceedings of the county court in such cases.

All officers appointed by the council must be residents of the city and qualified voters at the time of their appointment.

16. All bonds, obligations and other writings, taken in pursuance of any provision of this act, shall be made payable to "The City of Mannington," and the respective persons, and their heirs, executors, administrators and assigns bound thereby, shall be subject to the same proceedings on the said bond, obligation or other writings, for enforcing the conditions of the terms thereof, by motion or otherwise, before any court of record held in and for the county of Marion that collectors of county levies, and other sureties, are or shall be subject to on their bonds for enforcing the payment of the county levies.

Said oath or affirmation may be taken before any person authorized to administer oaths under the laws now in force, or before the mayor or recorder of said city.
18. The mayor and all other officers provided for in this act shall enter upon the duties of their offices upon the first day of April each year, or as soon as they are qualified, and shall continue therein until their successors are elected or appointed and qualified.

19. If any person elected to the office of mayor, councilman, collector, auditor or recorder, shall not be eligible to such office under the provisions of this act, or shall fail to qualify as herein required, the council for the time being shall declare his said office vacant and shall proceed to fill the vacancy as required by this act.

The mayor shall be the chief executive officer and treasurer of the city and shall take care that the orders, by-laws, ordinances, acts and resolutions of the council thereof are faithfully executed. He shall be ex-officio a justice and conservator of the peace within the city, and shall within the same have, possess and exercise all the powers and perform all the duties vested by law in a justice of the peace, except that he shall have no jurisdiction in civil cases or causes of action arising out of the corporate limits of the city. He shall have the same power to issue attachments in civil suits as a justice of his county has though the cause of action arose out of his city. But in such cases he shall have no power to try the same, but said attachment shall be returnable to and be heard before some justice of his county.

Any warrant or other process issued by him may be executed at any place in the county; he shall have control of the police of the city and may suspend any policeman for cause, and he may appoint special police officers whenever he deems it necessary; and it shall be his duty especially to see that the peace and good order of the city are preserved, and that persons and property therein are protected, and to this end he may cause the arrest and detention of all riotous and disorderly persons in the city before issuing his warrant therefor. He shall have the power to issue executions for all fines, penalties and costs imposed by him, or he may require the immediate payment thereof, and in default of such payment he may commit the party in default to the jail of the county of Marion.

And in all cases where a person is sentenced to imprisonment or to the payment of a fine of ten dollars or more (and in no case shall a judgment for a fine of less than ten dollars be given by the mayor if the defendant, his agent or attorney object thereto) such person shall be allowed an appeal from such decision to the intermediate or circuit court of Marion county, upon the execution of an appeal bond with surety deemed sufficient by the mayor, in a penalty double the amount of the fine and costs imposed by the mayor, with condition that the person proposing to appeal will perform and satisfy any judgment which may be rendered against him by the said courts on such appeal. If such appeal be taken, the warrant of arrest, (if there be any) the transcript of the judgment, the appeal bond and other papers of the case, shall be forthwith delivered by the mayor to the clerk of said courts, and the court shall proceed to try the case upon indictment or presentment, and render such judgment including that of the costs as the law and the evidence may require. The mayor shall, from time to time, recommend to the council such measures as he may deem needful for the welfare of the city. The expense of maintaining any person committed to the jail of the county by him, except it be to answer an indictment or be under the provisions of sections two hundred and twenty-seven and two hundred and twenty-eight of chapter fifty of the amended code of this State, shall be paid by the city. But the mayor shall not receive any money belonging to the State or individuals, unless he shall give the bond and security required of a justice of the peace by chapter fifty of the said code, and all the provisions of said chapter relating to money received by justices shall apply as to like moneys received by the mayor.

21. The recorder shall keep the journal of the proceedings of the council and have charge of and preserve the records of the city, and in the absence from the city, or in the case of sickness or inability of the mayor, or during any vacancy in the office of mayor, he shall perform the duties of mayor which pertain to him as the chief executive of said city, and be vested

All oaths and bonds of offices in the city and all papers of the council shall be endorsed, filed and securely kept by the recorder. The bond of officers shall be recorded in a well-bound book, to be called the “Record of bonds.” The recorder shall perform all such other duties as may by ordinance of the council be prescribed. All printed copies of such ordinances purporting to be published under authority of the council, and transcripts of such ordinances, acts, orders and resolutions, certified by the recorder, under the seal of the city, shall be deemed prima facie correct, when sought to be used in any court or before any justice.

24. At each meeting of the council the minutes of the last meeting shall be read and corrected, if erroneous, and signed by the presiding officer for the time being. Upon the call of any member the ayes and noes on any question shall be taken and recorded in the journal or minutes, and the roll shall be called alphabetically.

25. The mayor shall have a vote only in case of a tie.

26. The meeting of the council shall be held at such places and at such times as they shall from time to time ordain and appoint, but it shall be lawful for the council, by ordinance, to vest in any officer of said city, or in any member or number of members of their own body, the authority to call special meetings; and
it shall, by ordinance, prescribe the mode in which notice of such meetings shall be given, and no business shall be transacted unless a majority of all the members of which it then consists shall be present, except that a less number may compel the attendance of absent members under such reasonable penalties as they may think proper to impose, and all questions put, except in such matters as are hereinafter provided for shall be decided by a majority of the members present.

27. All moneys belonging to the city shall be paid over to the mayor, and no money shall be paid out by him except as the same shall have been appropriated by the council and upon an order signed by the mayor and recorder, and not otherwise.

28. The council shall have authority to erect a city hall, engine-house or houses, and to regulate the same; to establish and maintain free public libraries and reading rooms, to purchase books, papers and manuscripts therefor, and to receive donations and bequests of money and property for the same, in trust or otherwise, and to designate such agents or trustees to manage the same in such manner as it shall, by ordinance, prescribe; and to erect a work-house, jail, house of refuge, hospital or infirmary, and other buildings necessary for said city; and the use and occupation of said buildings shall be prescribed by ordinance.

29. The said city shall be allowed to use the county jail of Marion county for the confinement of all persons who shall be sentenced to imprisonment under the ordinances of said city; and all persons confined in said county jail by virtue hereof shall be under the charge and custody of the sheriff of said county, who shall receive, keep and discharge the same in such manner as shall be prescribed by the ordinances of said city, or otherwise according to law.

30. The council shall have authority to regulate the burial of the dead within said city, and to preserve the peace within the cemeteries therein, and to keep the same in good repair; and in general to have such care and control over said cemeteries as will promote the public good.

In making such assessments the basis shall be the cost of paving that part of the street or alley on which the property lies, included between the adjoining cross streets or alleys; and the amounts assessed against the owners of each lot or fractional part of a lot shall be in the proportion which the frontage of such lot or part of a lot bears to the whole cost of paving said street or alley between said cross streets or alleys as aforesaid.

There shall be a lien on all real estate within such city for the city taxes assessed thereon, from the day fixed by law for the commencement of the assessment of such taxes each year, and the interest upon such taxes at the rate of six per centum per annum, from the first day of January next after such assessment until payment, which may be enforced by the council in the same manner now provided by law for the enforcement of the lien for state or county taxes, or in such other manner as the council may by ordinance prescribe. There shall also be a lien on all real estate within such city for other assessments, fines and penalties assessed or imposed, which shall have priority over all other liens except the liens for taxes, and may be enforced by the council by suit in equity in the corporate name of the town in the same manner now prescribed by law for the enforcement of the lien for State or county taxes, or in such other manner as the council may by ordinance prescribe.
32. If any real estate within said city be returned delinquent for the non-payment of the taxes thereon, a copy of such delinquent list may be certified by the council to the auditor and the same may be sold for the taxes, interest and commissions thereon, in the same manner, at the same time and by the same officer, as real estate is sold for the non-payment of State taxes.

33. The council of said city shall have power to lay off, vacate, close, open, alter, grade and keep in good repair the roads, streets, alleys, pavements, sidewalks, cross-walks, drains and gutters therein, for the use of the citizens or of the public, and to improve and light the same, and to keep them free from obstructions of every kind; to regulate the width of the pavements and sidewalks on the streets and alleys, and to order the pavements, sidewalks, footways, drains and gutters to be kept in good order, free and clean, by the owner or occupants of the real property next adjacent thereto: provided, however, that nothing in this act shall be construed as to require the city of Mannington to build or keep in repair any bridge or bridges within said corporation owned by the county, and the officers of the said city in preservation of law and order shall have jurisdiction over said bridges within said corporation; to establish and regulate markets, prescribe the time of holding the same, provide suitable and convenient buildings therefor, and prevent the forestalling of such markets; to prevent injury or annoyance to the public or to individuals from any thing dangerous, offensive or unwholesome; to prohibit or regulate slaughter houses, tan houses and soap factories within the city limits; or the exercise of any unhealthy or offensive business, trade or employment; to abate all nuisances within the city limits, or to require and compel the abatement or removal thereof at the expense of the persons causing the same, or by or at the expense of the owner or occupant of the grounds on which they are placed or found; to cause to be filled up, raised or drained, by or at the expense of the owner, any city lot or tract of land covered or subject to be covered by stagnant water; to prevent horses, hogs, cattle, sheep or other animals and fowls of all kinds, from going or being at large in such city, and as one means of prevention, to provide for

34. The council shall have authority to pass all ordinances (not repugnant to the constitution and laws of the United States and of this State) which shall be necessary or proper to carry into full effect and power and authority, capacity and jurisdiction which is or shall be granted or vested in the said city, or in the council, or in any officer or body of officers of said city, and to enforce any or all ordinances by reasonable fines and penalties, and by imprisoning the offender or offenders, and upon failure to pay any fine or penalty imposed by compelling them to labor without compensation on any of the public works or improvements undertaken or to be undertaken by said city, or to labor at any work which the city may lawfully employ labor upon, at such rate per diem as the council may fix, but not at a less rate than is fixed by said city council for like labor from other employees of said city, until any fine or fines imposed upon any such offender or offenders by said city shall have been fully paid and discharged, after deducting charges of support while in the custody of the officers of said city; and all ordinances relating to licenses, and the sale of spirituous liquors, malt liquors or wines, and the keeping of, or dwelling or loitering in, houses of ill fame, and such police regulations as may be ordained of said city, and the right and power to enforce the same shall extend one mile in the State of West Virginia beyond the corporate limits of the said city: provided, however, that no fine shall be imposed exceeding one hundred dollars, and that no person shall be imprisoned or compelled to labor, as aforesaid, for more than thirty days for any one offense, and in all cases where a fine is imposed for an amount exceeding ten dollars, or a person be imprisoned or compelled to labor as aforesaid, for a term greater than ten days, an appeal may be taken from any such decision, upon the same terms and conditions that appeals are taken from the judgment of a justice of this State. of the city, or in case of his absence or inability to act, by the recorder of said city, or if he be unable to act, then a member of the council, to be appointed by the council for that purpose.

In addition to the powers above enumerated the said city council shall have power to improve, amplify and expand the water works of the said city, and contract for an adequate supply of pure, healthful water for said city, and to do all things necessary to adequately supply said city with pure, wholesome water; and provide, contract for and construct an adequate sewerage system for said city.

35. That said city council shall have, and are hereby granted, exclusive control of all licenses required by law: provided, however, that the council shall cause to be submitted to the voters of the city at the annual election in each year the question whether a license for the sale of spirituous liquors, vinous and malt liquors, shall be granted within the city. In case a majority of votes cast at said election are against licenses no such license shall be granted during that year; and all such other licenses it may see fit to impose and require within the corporate limits of said city, not contrary to the constitution of the State of West Virginia. And in case of any such license granted by said city council it shall not be necessary for the person or persons, or corporation, holding the same to apply for, obtain or hold any State license or other additional license from the county court of Marion county, West Virginia, for the carrying on or conducting the business so licensed by said city council. But the person, persons or corporations so licensed by said city council shall not be exempt from paying the usual State license tax required by law. When any such license as herebefore mentioned is granted by said city council, said council may impose a tax thereon for the use of the city in conformity with the requirements of the State law, and shall also require bond payable to said city in its corporate name, with good security from the person, persons or corporations so licensed, said bond to be approved by said council in the same sum and penalty as required by the State law. The said city council shall upon granting any such license required by law, with council to certify orders in ten days thereafter, furnish to the clerk of the county court, the prosecuting attorney, and the as-
sessor of Marion county, by mail to their respective post-office addresses, duly certified copies, under the corporate seal of the said city, of the order granting every such license, whereupon such assessor shall cause the sheriff of Marion county to collect the State tax thereon, in the same manner as if said license was granted by the county court of Marion county, West Virginia. And said city council may revoke such license at any time the condition of said bond be broken upon ten days' previous notice to the person, persons or corporation holding the same. And suits may be prosecuted and maintained on such bond as prescribed in section twenty-two of chapter thirty-two of the code of West Virginia by the same person, in the same manner and to the same extent as upon the bonds mentioned in said section, and all the provisions of said section in relation to the bonds therein named and mentioned shall be applicable to the bonds required by this section.

No license to sell brandy, whiskey, rum, gin, porter, ale, beer, or any other spirituous, vinous, or malt liquor or drink of like nature, shall be granted without the affirmative vote of at least a majority of the councilmen elected in said city entered of record, in each case. No such license shall be granted until after the first election of councilmen under this act.

36. A book, well bound and indexed, to be denominated the "docket" shall be kept in the office of the mayor, in which shall be noted each case brought before or tried by him, together with the proceedings therein, including a statement of the complaint, the summons, the return, the fact of appearance or non-appearance, the defence, the hearing, the judgment, the costs, and in case the judgment be one of conviction, the action taken to enforce the same. The record of each case shall be signed by the mayor, and the original papers thereof, if no appeal be taken, shall be kept together and preserved in his office, and the mayor shall deliver to his successor the docket and all books pertaining to his office.

37. The council shall cause to be made up annually and spread upon its minute book an accurate estimate of all sums which are or may become lawfully chargeable against the city, and which ought to be paid within one year, and it shall order a levy of so much as will in its judgment be necessary to pay
the same. Such levy shall be upon all tithables and upon all real and personal property therein subject to State and county taxes, including a poll tax of not more than one dollar upon each male resident of said corporation over twenty-one years of age: provided, that such levy shall not exceed one dollar on each tithable and one dollar on every one hundred dollars of the ascertained value of such property. At least once in each year the council shall cause to be made up and be published in one or more newspapers of the city a statement of the revenue received from the different sources, and of the expenditures upon the different accounts for the preceding year or portion of year, as the case may be.

38. It shall be the duty of the assessor to make an assessment of the property within the city subject to taxation substantially in the manner and form in which the assessments are made by the assessor of the county, and return the same to the council on or before the first day of June of each year, and for this purpose he shall have all the powers conferred by law on county assessors. He shall list the number of dogs in the city and the names of the persons owning the same, which list shall be returned to the council (see chapter forty-seven section forty-one, code of West Virginia). judgment of the mayor of said town, or, in case of his absence or inability to act, by the recorder,

issued in the manner and form prescribed by sections

No license to sell brandies, liquors, wines porter, ale, beer, or drinks of like mixture, shall be granted without the affirmative vote of at least a majority of the councilmen elected in said city, entered of record in such case.

Said council shall also have power to levy, assess and collect taxes upon the real and personal property within said town, but such taxes shall be uniform with respect to persons and property within the jurisdiction of said town; and the said council as soon as convenient after the first day of May, in each year, and after the annual assessment, shall cause to be made up and entered upon its journal an account and estimate of all sums which ought to be paid within one year; and it shall order a levy of so much as in its opinion may be necessary to pay the same not exceeding that allowed by law. The levy so ordered shall be upon the male persons, residents of the said town, all real and personal estate within the said town subject to State and county taxes, but in no year shall such levy exceed one dollar on each one hundred dollars of valuation. Such levy shall also include a poll tax of not more than one dollar upon each male resident of said corporation over twenty-one years of age.

Said council shall also have power to contract by public contract, for the paving of its streets and alleys; to establish and regulate the grade thereof, and to provide for the maintenance and repair of the same; to provide for the maintenance, continuance and enjoyment of its water works; to provide for the maintenance, establishment and enjoyment of fire companies, for the purposes of protecting the property of the citizens of said town from destruction or damage by fire. But said town shall not hereafter be allowed to become indebted in any manner for any purpose to an amount including the existing indebtedness, in the aggregate, exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebted-
ness, without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding thirty-four years: provided, that no debt shall be contracted under this charter unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same. Said council shall not grant any franchise to any person, or corporation, within said town limits which shall be either exclusive or perpetual, but all such grants shall have annexed to them the power to rescind, revoke, alter, modify or regulate, the exercise thereof; and the said council shall have power upon ten days' notice, and for cause, to revoke, rescind, alter or modify, the exercise of any such franchises; and no franchise involving the use of any of the public property, streets, alleys, side-walks, cross-walks, or involving the use or occupancy of the same, shall be granted except by an ordinance to that effect; and no such ordinance shall be passed unless the question of the granting of such franchise shall have been first submitted to a vote of the people, and shall have and receive a majority of all the votes cast upon the question: provided, such submission shall have been petitioned for by at least one-tenth of the qualified voters of said town, to be ascertained according to the number of votes cast at the last preceding election.

31. It shall be the duty of the assessor of said town, who shall be elected by the council, on or before the first day of April of each year, to make an assessment of the property within said town, subject to taxation, substantially in the manner and form in which assessments are made by the assessor of the county, and to return the same to the council on or before the first day of May in each year, and for this purpose he shall have all power conferred by law on the county assessors. He shall list the number of dogs in the town and the names of the persons owning the same, which list shall be returned to the council. In order to aid said council in ascertaining the property of persons subject to taxation by said town, the assessor of the same shall have access to all the books and public records of Wetzel county without expense to said town or assessor, and he shall also have the same power, and be subject to the same penalties, in
ascertaining and assessing the property and subjects of taxation in said town, as are granted and imposed upon the county assessors by general law; and the council shall also have authority to prescribe, by ordinance, such other rules and regulations as may be deemed necessary to enable and require such assessor to ascertain and properly assess all property and persons liable to be taxed in said town, so that such assessment and taxation shall be uniform; and to enforce such ordinances by reasonable fines and penalties. Upon the return of the assessor's books to the council as herein provided, with the list and valuation of the personal and real property and all other subjects of taxation, the same shall be laid before the council for its inspection and consideration, and the council shall have power to revise the action of the assessor as well as to revise the valuations made by him upon the subjects of taxation, and authority to increase or diminish such valuation. After such inspection by the said council and such correction, if any, the council shall then approve the said assessment, and cause the same to be correctly copied by the recorder into two well bound books provided for the purpose, and the taxes extended into each book, one of which shall be delivered to the tax collector taking his receipt therefor, as well as for the taxes therein contained.

32. It shall be lawful for the council to establish and construct landings, wharves and docks on any ground, street or alley which does or shall belong to said town, and to repair, alter and remove any building, wharf or dock, and to collect a reasonable tax on vessels coming to or using the same; and shall have power to pass and enforce such ordinances as shall be proper to keep the same in good order and repair; to preserve peace and good order at the same and regulate the manner in which they shall be used; it shall also have power to appoint a wharfmaster if the same shall be deemed necessary, or to confer that duty upon any other officer, and to prescribe the duties of such acting wharfmaster, fix his fees, and make all regulations in respect thereto as it may deem necessary.

33. There shall be a lien on real estate within said town for the town taxes assessed thereon, and for all fines and penalties assessed to, or imposed, which shall have priority over all other liens except
the liens for taxes due the State and county, and which may be enforced by the council in the same manner provided by the law for the enforcement of lien for county taxes. If any real estate within said town be returned delinquent for the non-payment of taxes due thereon, a copy of such delinquent list may be certified by the council to the auditor of the State and the same may be sold for said taxes, interest and commission thereon, in the same manner, at the same time and by the same officers as real estate is sold for State taxes.

34. It shall be the duty of the collector of taxes, when the extended copies of the assessor's books are completed to receive one copy thereof, receipting to the council for the same, and for the taxes therein extended, and it shall be his duty to collect from the parties the net amount of taxes with which they are therein severally charged, and such levy and assessment shall be delivered to such collector on or before the first day of June in each year. From and after the first day of June in each year, and until the fifteenth day of July succeeding, any citizen and taxpayer shall have the right to make payment of his taxes to such collector, and if paid by such taxpayer, within that time he shall be entitled to a discount of two per centum, and the tax receipt delivered up to him. If the taxes so levied, assessed and placed in the hands of said collector for collection shall not be paid on or before the fifteenth day of July in each year, then it shall be the duty of said collector to collect all such taxes remaining unpaid by distraint and sale for taxes, when distraint and sale for taxes, when.

He shall, upon all moneys coming into his hands, and duly turned over by him to the recorder, receive as compensation therefor a sum to be fixed by the council, not exceeding five per centum on the amount collected; and shall upon the expiration of his term of office turn over to the council, all moneys, taxes and other property in his possession belonging to the town. He shall on enterings upon the duties of his office execute a bond with good security, payable to the town of New Martinsville, in the penalty of not less than ten thousand dollars, conditioned for the faithful performance of the duties of his office and for the accounting for and paying over, as required by law, all moneys which may come into his hands by virtue of his office; he shall be chargeable with all town taxes, levies, assessments and moneys, of the town that may come into his hands and shall account therefor. He shall pay into the hands of the said recorder and treasurer all moneys in his hands taking the said recorder’s receipt therefor.

35. Council shall prescribe by ordinance the manner and form in which licenses of all kinds shall be applied for and granted, and shall require the payment of the tax thereon before delivery to the person applying therefor.

36. The provisions of the twenty-ninth section of chapter thirty-two of the code of West Virginia, relating to state license shall be deemed applicable to license of a similar character as those therein mentioned, when granted by or under authority of the council of said town. License for the keeping of dogs shall expire on the thirtieth day of April next from
their granting; all other licenses may be for such term — other license.

37. The council shall have the right to institute proceedings in the name of the town for the condemnation of real estate for streets, alleys, drains, markets, market ground, town prison or other work or purposes of public utility; such provision shall conform to chapter forty-two of the code of West Virginia. And said council shall also have power to acquire by purchase, gift or condemnation one or more lots necessary for municipal buildings on which to place such buildings as they may deem necessary for the meeting of said council and for the keeping of the offices of said council, and for the keeping of the property of said town; and said council shall also have the power to organize or authorize the organization of fire companies, hose companies or any other company or aggregation of persons for the purpose of protecting the property of the citizens of said town against destruction by fire, and authorize such companies to create and hold property necessary and ordinarily held and used by such fire companies. Council shall not have power to release or relieve any taxpayer from payment of taxes levied on or assessed against him or them.

38. The council shall have power to require every male resident residing in said town, between the ages of twenty-one and fifty years, to expend two days' labor upon the streets, alleys and public works of said town during each current year when properly notified to do by the commissioner of streets; and the council shall have power also to permit such persons liable to perform work upon the streets, alleys and public works, of the said town, to commute for the same by paying into the treasury of said town not to exceed one dollar and twenty-five cents per day for each day that he may fail so to labor when properly warned to do; and in case any person liable to perform such labor shall fail to do so for ten days after having been properly and legally notified, to that effect, the said recorder of the said town, upon a return of that fact to him by the said commissioner, shall make out and sign a tax bill, stating the amount for which such individual is delinquent, and shall place the same in the hands of the collector of taxes, who shall have the same power, in relation thereto, to levy, distrain
and sell the property for the collection of such bill as he has under this charter or any by-law in regard to the collection of taxes of said town.

39. The council shall have full power to provide for the keeping of its poor or indigent persons within the limits of the said town, and the citizens of said town shall be exempt from the payment of all county poor taxes for each and every year which the said town council shall provide for the keeping of its own poor.

40. The council shall have power to appoint and constitute a board of health consisting of one reputable physician and two of its own members, which said board of health under the supervision and with the approval of said council shall have full power to make all needful rules and regulations for the keeping and maintaining of the said town in proper healthful condition, and when such board of health shall have been elected and organized it shall have exclusive control of all matters relating to the public health within the limits of the said town.

41. It shall be the duty of the chief of police to preserve order in the town under the supervision of the mayor.

And the said officer shall have the right to restrain any such personal property and the same sell and apply as aforesaid, notwithstanding such personal property be included in any deed, deed of trust, mortgage, bill of sale, or other writing made subsequent to the time the tax became due.

47. All taxes assessed upon the real estate within the said city, for the benefit of said city, shall remain a lien thereon from the time the same are so assessed, which shall have priority over all other liens, except for taxes due the State, county or district; and may be enforced in the same manner as now provided by law for the enforcement of liens for county taxes, or in such other manner as the council may by ordinance prescribe; and if not paid on or before the first day of January succeeding assessment thereof, said lien and taxes shall bear interest at the rate of one-half
per centum per month until the same be fully paid. And the personal property of every person to whom the said real estate shall come by descent, purchase or gift of the person or persons in possession or occupancy thereof, shall be subject to distress and sale in the same manner and to the same effect as if he, she or they were originally charged with the taxes. And in all cases in which any taxes assessed upon real estate for the benefit of said city shall be paid in whole or in part by the tenant, or out of his or her property, he or she shall be entitled to deduct the same out of the accruing rent or to recover the same amount so paid from the owner of such real estate, unless it shall have otherwise been especially agreed. If any real estate in said city be returned delinquent for the non-payment of taxes thereon and such return shall be made by the collector thereof in such manner as the council of said city may prescribe, a copy of such delinquent list may be certified by the council to the auditor of the State, and the same may be sold for taxes, interest and commission thereon, in the same manner and at the same time, by the same officer, as real estate is sold for non-payment of state taxes.

48. No taxes or levies shall be assessed upon or collected from the taxable persons or property within the corporate limits of said city for the construction or keeping in repair of roads or bridges, the building, leasing or repairing of school houses, or the purchase of lands for the same or for the support of schools, or for the support of the poor of Cabell county, outside of said corporate limits, for any year in which it shall appear that said city shall at its own expense provide for its own poor and keep its own roads, streets and bridges in good order; and neither the county court of Cabell county, nor the authorities of the district in which said city is situated, shall have or exercise jurisdiction within the corporate limits with relation to the roads, streets, alleys, bridges, schools or school houses therein, but the same shall be and remain under the exclusive jurisdiction and control of the municipal authorities of said city.

49. Whenever anything for which a state license is required to be done within the said county, the council may require a city license therefor, and may impose a tax thereon for the use of the city; and the
council shall have the power to grant, refuse or revoke any such license, and also license to owners or keepers of hotels, carts or wagons, drays and every other description of wheeled carriages kept or used for hire in said city, and to levy and collect tax thereon and to subject the same to such regulations as the interest and convenience of the inhabitants of said city, in the opinion of the council, may require. No license to sell strong or spirituous liquors, or wine, ale, beer, porter, or drink of like nature, within the said city, or within one mile of the corporate limits thereof, excepting any other municipal corporation which may lie within said limit, shall be granted by the county court of the county of Cabell; but the common council of said city shall have the power to grant, refuse or revoke any such license within the corporate limits thereof. The council may require from the person so licensed a bond, with approved security, payable to said city, in such penalty, and with such conditions as it may think proper, and may revoke such license at any time if the condition of the bond is broken; and the council shall have authority to subject any person or persons, who without having paid the tax imposed by the said council for the privilege, shall do any act or follow any employment or business in the said city upon which the council are or shall be authorized to impose a tax, to any fine or imprisonment which they are or may be authorized to impose or inflict for the enforcement of their ordinances.

50. The council shall have authority to put down a suitable curb of brick, stone or other material at the expense of the said city along and for the footways and sidewalks of the streets and alleys of said city, and to order the construction and repair of sidewalks and gutters of such material and width as the council may determine, by the owners or occupiers of the lots or parts of lots facing upon said streets and alleys; and in case they, or any part of them refuse to put down or repair such sidewalks and gutters when required, it shall be lawful for the council to have such sidewalks and gutters constructed or repaired, and to collect the expense thereof, with one per centum per month interest added after a demand of thirty days, from the said owner, owners, occupier or occupiers, or any of them, by distress or sale, in the same manner in which taxes levied upon real estate for the benefit of the said city are herein author-
ized to be collected, and shall remain a lien upon said lot or part of lot, the same as taxes levied upon real estate in said city; which lien may be enforced by a suit in equity before any court having jurisdiction, as other liens against real estate are enforced: provided, however, that a reasonable notice shall first be given to said owner or occupier, or their agent, that they are required to construct or repair such sidewalks or gutters. In case of non-residents, who have no known agent in said city, such notice may be given by publication for not less than four consecutive weeks in any newspaper printed in said city; and in all cases where a tenant shall be required to construct or repair sidewalks or gutters in front of the property of his or her occupancy, the expense of such construction or repairing may be deducted out of the accruing rent of said property, and he or she may recover the amount so paid from the owner, unless otherwise especially agreed upon.

51. There shall be a tax of one dollar annually assessed on each and every male inhabitant of said city, over twenty-one and under fifty years of age, by the city assessor at the time of his listing personal property, and for the purpose hereinafter set forth, and the same shall be set out and included in the personal property book against every such inhabitant, and shall be collected by the city collector at the time of collecting other levies and taxes. All money collected and fines recovered under this section shall be expended upon the roads, streets, alleys, sidewalks, crosswalks, footways, drains, gutters and wharves of said city; and the common council thereof shall have power to expend, from the revenue of said city, additional sums upon the highways that it may deem proper and necessary for work, tools and material. The commissioner of streets shall have all of the rights, powers and privileges, and perform all the duties, by law conferred upon and required of surveyor of roads in a district, and shall be subject to the same fines and penalties imposed by law upon such surveyor for any neglect of his duty.

52. The council of said city shall have authority to abate and remove all nuisances in said city. It may compel the owners, agents, assignees, occupants or tenants, of any lot, premises, property, building or structure, upon or in which any nuisance may be, to
abate and remove the same by orders therefor, and by ordinance provide a penalty for the violation of such orders.

Said council may also by its own officers, appointees and employees abate and remove nuisances. It may by ordinance regulate the location, construction, repair, use, emptying and cleaning of all water closets, privies, cess pools, sinks, plumbing, drains, yards, pens, stables, and other places, where offensive or dangerous substances or liquids are, or may accumulate, and provide suitable penalties for the violation of such regulations, which may be enforced against the owner, agents, assignee, occupant or tenant, of any premises or structure where such violation may occur.

If the owner, agent, tenant, assignee, or occupant, of any such premises, lot, property, building or structure, as is mentioned herein, shall fail or refuse to abate or remove any such nuisance, as is mentioned herein, or to comply with the provisions of any such ordinance, and the regulations herein contained, the said council may have said nuisance abated or the provisions of said ordinance or ordinances carried out, after reasonable notice to said owner, occupant, tenant, agent or assignee of its intentions so to do, and collect the expense thereof, with one per centum per month interest added from the date of said notice, from the said owner, occupant, tenant, agent, or assignee, by distress or sale, in the same manner in which taxes levied upon real estate for the benefit of said city are herein authorized to be collected, and the expense shall remain a lien upon said lot, or part of lot, the same as taxes levied upon real estate in said city; which lien may be enforced by a suit in equity before any court having jurisdiction, as other liens against real estate are enforced. In case of non-resident owners of real estate such notice may be served upon any tenant, occupant, assignee, or rental agent, or by publication thereof for not less than four consecutive weeks in any newspaper published in said city.

And in all cases where any tenant, occupant or agent is required to abate and remove any nuisance under the provisions of this section, or comply with the provisions of any such ordinance as is mentioned herein, the expense thereof may be deducted out of the accruing or accrued rent of said property, or
amount due said owner from said agent, and such tenant, occupant or agent may recover the amount so paid from the owner, unless otherwise especially agreed upon.

The council may by ordinance create such boards and officers as it may deem necessary, and impose upon them such duties and invest in them such powers as are imposed upon and invested in the council by this act, subject, however, at all times to the control and supervision of said council.

Any expense incurred by the council as herein provided, in the manner aforesaid, may be collected in the manner herein provided, notwithstanding the imposition of any other penalty or penalties upon any of the persons named herein, under any of the provisions of this act.

53. The present mayor, city clerk, city assessor, treasurer and councilmen and other officers of said city shall remain in office and exercise the same duties as are prescribed for them by the laws or ordinances of said city in force previous to passage of this act, until and no longer than an election for mayor, councilmen and other officers, and their qualification be held under this act according to the provisions hereof, except that the six councilmen who were elected at the election held on the first Thursday in April, one thousand nine hundred, shall continue in their said offices until their successors are elected at the election to be held on the first Thursday in April, one thousand nine hundred and three, and thereafter qualified, as provided in section nine hereof.

54. All other acts and parts of acts coming within the purview of this act, and inconsistent herewith, are hereby repealed.

3. The territory of said city shall be divided into wards as follows:

The number and boundary of the wards of said city may be changed at any time by the council thereof, but the number of wards shall not be reduced below three or increased above seven in number and shall be made as nearly equal in population as practical: provided, however, that no change in number or boundary of said wards shall be made nearer than sixty days before any general or special election to be held in said city; and provided, further, that no such change shall be made until public notice is given for at least thirty days, such notice to be posted at the front door of the mayor's office and at five or more public places in said city at least one of which notices shall be posted in each ward.

4. The municipal authorities of said city shall consist of a mayor, to be elected by the voters of the whole city, and two councilmen from each ward, to be elected by the voters of such wards, (ten councilmen as provided by this charter but the number thereof to be increased or diminished if the number of wards be increased or diminished), who together shall form a common council and who shall receive such compensation as the council shall from time to time determine, and which shall not be increased or diminished during their term of office.

5. All the corporate powers of said corporation shall be exercised by said council or under their authority, except when otherwise provided.

6. The mayor and councilmen must severally at the time of their election, be assessed with property, real or personal, or both in the aggregate, of the value of at least two hundred dollars and have paid taxes for the preceding year on property situated within the corporate limits of said city of an assessed value of at least two hundred dollars, and at the time of their election be entitled to vote in said city for members of the common council thereof.

7. There shall be a chief of police, city attorney, superintendent of streets, commissioner of water works, city assessor, city collector and treasurer, and
city clerk, who at the time of their election or appointment shall be entitled to vote for members of
the common council. These several offices or any
two or more of them may be held by the same person,
except that the offices of city clerk and city at-
torney shall be deemed incompatible with any other
city office. These several offices shall be filled by ap-
pointment by the common council and to be held by
the appointee during the pleasure of the council, and
until his successor shall have been appointed and
qualified: provided, however, that the common council
by ordinance may provide for the election of any of
said officers and prescribe their term of office at not
less than one, nor more than two years.

8. On the third Tuesday in June, one thousand
nine hundred and one, and every year thereafter on
the first Tuesday in March, there shall be elected by
the qualified voters of said city, a mayor and such
other officers as may be prescribed by ordinance as
contemplated in the preceding section. The mayor
shall hold his office for the term of one year com-
encing on the first day of April next after his elec-
tion and until his successor shall be elected and quali-
fied.

9. On the same day first mentioned in the pre-
ceding section two members of the council shall be
elected in each ward in said city, who shall reside in
the ward for which they are elected, and the candi-
date receiving the largest number of votes shall be
elected for two years, and the candidate receiving the
next highest number of votes shall be elected for
one year from the first day of April next succeeding
his election, and shall hold their offices until their
successors are elected and qualified; and on the same
day of each succeeding year one member of the coun-
cil shall be elected in each ward whose term of office
shall begin on the first day of April next succeeding
his election and continue for two years and until his
successor is elected and qualified: but if any mem-
er of the council remove from the ward in which he
was elected his office shall thereby become vacant,
and the common council shall fill such vacancy by
the appointment until the next general election of
some one residing in the ward who is eligible to the
office. Each ward shall constitute an election pre-
cinct, and the council of the city of Elkins in office
at the time of the passage of this act shall establish
a voting place in each ward, at which the first elec-
tion above provided for shall be held. and thereafter
the council of said city shall establish such voting
place in each ward, and at all election for councilmen
the councilmen shall be elected by wards. No voter
shall be entitled to vote at any city election except in
the ward in which he resides, and if any voter shall
vote for any person for councilman who is not a resi-
dent of the ward in which he is voted for, such vote
or votes shall not be counted for such person or per-
sons.

10. Every male person residing in said city shall
be entitled to vote for all officers elected under this
act, but no person who is a minor or of unsound mind
or a pauper, or who is under conviction of treason,
felony or bribery in an election, or who has not been
a resident of this State for one year and of said city
for six months, and is not a bona fide resident of the
ward in which he offers to vote, shall be permitted to
vote therein.

11. In all elections by the people the mode of vot-
ing shall be by ballot, but the voter shall be left free
to vote an open, sealed or secret ballot, as he may
elect. The elections in said city shall be held and con-
ducted and the result thereof certified, returned and
finally determined under the laws in force in this
State, relating to general elections, on the tenth day
of March eighteen hundred and ninety-two, except
that the persons conducting said elections shall on
the day after the election is held, deliver the ballots,
tally sheets and poll books to the city clerk, and
thereafter the common council of said city shall meet
on the sixth day succeeding said election and canvass
the returns of said election, and declare the result
thereof and in all respects comply with the require-
ments of the statute above adopted relating to elec-
tions. The corporate authorities of said city shall
perform all the duties in relation to such elections re-
quired by general law of county courts and officers
on the tenth day of March, eighteen hundred and
ninety-two, and the provisions of chapter three of the
code of West Virginia, in effect on that date, concern-
ing elections by the people, shall govern such elec-
tions and be applicable thereto, and the penalties
therein prescribed for offences relating to elections
shall be enforced against the offenders at such corporate elections; and the said act shall have the same force and effect as if it were specially applicable to such corporate elections and was by this act specially re-enacted in extenso, except as above modified as to the time in which the returns of the election and the canvass thereof shall be made.

12. Whenever two or more persons shall receive an equal number of votes for mayor, councilman or other city office, such tie shall be decided by the council in being at the time the election was held.

13. All contested elections shall be heard and determined by the common council and the contest shall be made and conducted in the same manner as provided for in contests for county and district officers, and the common council by their proceedings in such cases shall comply as nearly as practicable in conformity with like proceedings of the county courts in such cases.

14. Whenever a vacancy from any cause shall occur in any office the council shall by a majority vote of those present fill such vacancy.

15. The council shall also have authority to provide by ordinance for the appointment of such other officers as shall be necessary and proper to carry into full force and authority the power, capacity, jurisdiction and duties of said city which is or shall be vested therein, or in the council, or in the mayor or any other officer or body of officers thereof, and to grant to the officers so appointed the power necessary or proper for the purposes above mentioned. The council by ordinance shall define the duties of all officers so appointed or elected as aforesaid, and allow them reasonable compensation which shall be by monthly or quarterly salaries and not otherwise, except as to the collection of taxes, and fees to the mayor and chief of police in criminal convictions wherein the fees are recovered from the defendant, which compensation shall not be increased or diminished during their term of office; and shall require and take from all of them whose duty it shall be to receive its funds, of officers, assets or property, or have charge of the same, such bonds, obligations or other writings as they shall deem necessary or proper to insure the faithful performance of their several duties. All officers whether—removal, appointed or elected may be removed from office for
mal-feasance, non-feasance or mis-feasance by the
council, but provided always that any appointed offi-
cer who holds his office at the pleasure of the coun-
cil may be removed from his office at any time with-
out notice. The chief of police shall have all pow-
ers, rights and privileges within the corporate limits
of said city in regard to the arrests of persons, the
collection of claims, the execution and return of pro-
cess, that can be legally exercised by a constable of
a district within this State; and may without hav-
ing any warrant or other process therefore arrest any
person who commits any offence against the laws of
this State or infraction of the ordinances of said city,
in his presence. He shall be ex officio the keeper of
the jail and have charge of the city prisoners con-
fined therein, and may confine any persons arrested
by him in the city jail until such time as the charge
against such person can be inquired into by the maj-
or. Any person fined by the mayor for infraction of
any of the ordinances of the city may pay such fine
to either the mayor or chief of police; and the said
chief of police and his sureties shall be liable to all
fines, penalties and forfeitures that a constable of a
district is liable to for any failure or dereliction in his
said office, to be recovered in the same manner and in
the same courts that the said fines, penalties and for-
feitures are now recovered against a district const-
able. It shall be the duty of the collector and treas-
urer to collect city taxes, licenses, levies, assessments,
and other such city claims as are placed in his hands
for collection by the council, and may distrain and
sell therefor in like manner as a sheriff may distrain
and sell for state taxes, and he shall in all other re-
spects have the same powers as the sheriff to enforce
the payment and collection thereof.

16. All bonds, obligations or other writings taken
in pursuance of any provision of this act, or under
the provisions of any ordinance of said city, shall be
made payable to “The City of Elkins,” and the obli-
gors therein and their heirs, executors, administra-
tors and assigns, bound thereby, shall be subject to
the same proceedings on such bonds, obligations or
writing for enforcing the conditions of the terms
thereof, by motion or otherwise before any court of
record or justice of the peace having jurisdiction
thereof, held or acting in, or for said Randolph coun-
ty, or any district thereof or elsewhere, that the sheriff or collector of said county and his sureties are or shall be subject to on his bond taken for the enforcement of his duties in the payment of the county levies.

17. The mayor and council and all other officers provided for in this act shall each, before entering upon the duties of their office, and within thirty days after their election or appointment, take the oath or affirmation prescribed by law for all officers in this State, and make oath or affirmation that they will truly, faithfully and impartially, to the best of their ability, discharge the duties of their respective offices so long as they continue therein. Said oath or affirmation may be taken before any person authorized to administer oaths under the laws in force at the time the same is taken, or before the mayor or city clerk of said city, but in any event a copy of said oath of said officer shall be filed with the city clerk:

18. The mayor and councilmen, and all other elected officers, shall enter upon the duties of their office on the first day of April next after their election, or as soon thereafter as they have qualified, and all appointed officers shall enter upon the duties of their offices as soon as they have qualified; and all officers shall remain in office until their successors are elected and qualified or until removed therefrom.

19. If any person elected to any office shall not be eligible thereto under the provisions of this act or shall fail to qualify as herein required, the council shall declare his said office vacant and proceed to fill the vacancy as required by this act.

20. The mayor shall be the chief executive officer of the city, and shall take care that the orders, by-laws, ordinances, acts and resolutions of the council thereof are faithfully executed. He shall be ex officio a justice and conservator of the peace within the city, and shall within the same have, possess and exercise all the powers and perform all the duties vested by law in a justice of the peace, except he shall have no jurisdiction in civil cases or causes of action arising out of the corporate limits of the city unless the defendant resides or is found therein and process therein served upon him. He shall have the same power to issue attachments in a civil suit as a justice of his
Charter of Elkins Amended. [Ch. 151

Any warrant or other process issued by him may be executed at any place in the county. He shall have control of the police of the city and may appoint special police officers whenever he deems it necessary, and may suspend any police officer until the next regular meeting of the council. And it shall be his duty especially to see that the peace and good order of the city are preserved, and that persons and property therein are protected, and to this end he may arrest, or cause the arrest and detention, of all violators of the laws of the State and ordinances of the city, before issuing his warrant therefor if the offence is committed in his presence. He shall have power to issue executions for all fines, penalties and costs imposed by him, or he may require the immediate payment thereof and in default of such payment he may commit the party in default to the jail of the county of Randolph or other place of imprisonment in such corporation, if there be one, until the fine or penalty and costs shall be paid; but the term of imprisonment in such cases shall not exceed thirty days. And in all cases when a person is sentenced to imprisonment or to the payment of a fine of ten dollars or more (and in no case shall a judgment for a fine be for less than ten dollars if the defendant, his agent or attorney object to a less fine being imposed), such person shall be allowed an appeal from such decision to the circuit court of the county of Randolph upon the execution of an appeal bond with security deemed sufficient by the mayor, in a penalty sufficient to cover said fine and costs before the mayor, and the costs in the circuit court in case said judgment be affirmed, with condition that the person proposing to appeal will perform and satisfy any judgment which may be rendered against him by the circuit court on such appeal. If such appeal be taken the warrant of arrest, (if any,) a transcript of the judgment, the appeal bond and other papers in the case, shall be forthwith delivered by the mayor to the clerk of said court, and the court shall proceed to try the case as upon indictment or presentment, and render such judgment, including costs, as the law and the evidence may require. The mayor shall from time to time recommend to the council such measures as he
may deem needful for the welfare of the city. The
expense of maintaining any person committed to the
jail of the county by him, except it be to answer an
indictment, shall be paid by the city and taxed as costs
against the defendant. The mayor before acting shall
execute bond with good security in the penalty of not
less than one thousand dollars, or in such additional
penalty as the council may require, subject to the ap­
proval of the council, with the same conditions as re­
quired in bonds executed by justice of the peace by
chapter fifty of the said code; and all the provisions
of said chapter relating to money received by a jus­

21. The city clerk shall keep an accurate record
of the proceedings of the council, and have charge of
and preserve the records of the city, and in case of
the absence from the city, or in case of the sickness
or inability of the mayor to act, or during any va­

duties of the mayor as pertain to him as
chief executive of the city and be vested with
all power necessary for the performance of such
duties, but shall not be vested with any of the au­

shall be accurately indexed and open to inspection of
any one required to pay taxes in the city, or who may
be otherwise interested therein. All oaths and bonds
of officers in the town, and all papers of the council

the council be prescribed. The transcripts of ordi­

temporary, to assist the chief of police in the discharge of his duty, and who when appointed to have the same power and authority in and about the arrest of offenders as the chief of police may have; to build or purchase, or lease and use a suitable place of imprisonment within said city for the safe keeping or punishment of persons charged with or convicted of the violation of the ordinances of the city, or they may adopt the county jail of Randolph county for that purpose; to erect or authorize or prohibit the erection of gas or water works, or both, within the city limits or near the same; to prevent injury to such works, or the pollution of any gas or water used or intended to be used by the public or by any individual; to provide for and regulate the weighing or measuring of hay, coal, lumber and other articles sold or kept for sale within said city, and to establish rates and charges for the weighing and measuring thereof; to create by ordinance such committees and delegate such authority thereto as may be deemed necessary or advisable; to provide for the annual assessment of the taxable property therein and for the revenue for the city for municipal purposes and to appropriate such revenue to its expenses; and generally to have power to take such measures as are deemed necessary or advisable to protect persons and property, public or private within the city; to preserve peace, quiet and good order therein and to promote the health, safety, comfort and well being of the inhabitants thereof.

The council shall have authority to pass all ordinance not repugnant to the constitution and laws of the United States, and of this State, which shall be necessary or proper to carry into full effect and power, authority and capacity, the jurisdiction which is or shall be granted to or vested in the said city, or in the council, or in any officer or body of officers of said city, and to enforce any or all of their ordinances by reasonable fines and penalties, and by imprisoning the offender or offenders, and upon failure to pay any fine or penalty imposed may compel the offender to labor without compensation at and upon any of the public works or improvements undertaken or to be undertaken by said city, or to labor at any work which the said council may lawfully employ labor upon at such a reasonable rate per diem as the council may fix until any fine or fines and costs imposed upon
any such offender by said city have been fully paid and discharged, after deducting reasonable charges of support while in the custody of the officers of the city: provided, however, that no fines shall be imposed exceeding thirty dollars and costs, and that no person shall be imprisoned or compelled to labor as aforesaid for more than thirty days for any one offence. And in all cases where a fine is imposed for an amount exceeding ten dollars and costs, or a person be imprisoned or compelled to labor as aforesaid for a term greater than ten days, an appeal may be taken from such decision upon the same terms and conditions that appeals are taken from the judgment of a justice of this State. Such fines and penalties shall be imposed and recovered, and such imprisonment inflicted and enforced, by and under the judgment of the mayor of said city, or in case of his absence or inability to act, by the clerk of said city, or if he be unable to act, then by any member of the council to be appointed by the council for that purpose; and for his services in trying cases, whether civil, criminal or infractions against the ordinances of the city, the mayor shall be entitled to receive such fees as are paid to justices of the peace for similar services, but in cases of infractions of the ordinances of the city the mayor shall not be paid such fees unless they are collected from the defendant, and in all such cases the chief of police shall be entitled to receive such fees as are paid to constables for similar services, except that for cases for the infraction of the ordinances of the city he shall not receive such fees unless collected from the defendant; and provided, further, that the fee for making any arrest shall be one dollar, to be paid to the officer making the arrest, whether such officer be the chief of police or other officer, if collected from the defendant, but not otherwise. In addition to the powers above enumerated, the said city council shall have power to improve, amplify and extend the water works of said city, and to either themselves build and construct, either within or outside of the corporate limits, all such additional reservoirs and lay such water mains or pipes as may be necessary, and for that purpose may acquire by purchase, lease or condemnation, all land either within or outside of said city, as may be necessary, or they may contract for such work to be done, to the end, in either event, to secure an adequate
supply of pure, healthful water for said city, and do all things necessary to adequately supply said city with pure, wholesome water, and provide, contract for and construct an adequate sewerage system for said city; and may provide and cause to be maintained by either the construction thereof, or by contract with others, of an electric light plant for the purpose of lighting the streets of the city, and if the city itself constructs and operates such plant it may sell and furnish such light to private individuals and others residing within said city. Whenever anything for which a State license is required is to be done in said city, the council may require a city license therefor and may impose a tax thereon for the use of said city, and whenever said city license is granted by the council for the sale of spirituous, vinous or malt liquors, or drink of like nature, the county court shall grant a State license for the sale thereof within the corporate limits of said city, but no State license therefor shall be granted within said city, by the county court, or within four miles of the corporate limits thereof, unless the council thereof first grants a city license. The council shall require from every person so licensed to sell spirituous, vinous or malt liquors a bond with good security, to be approved by the council, in a penalty of at least three thousand five hundred dollars payable to said city by its corporate name, conditioned as prescribed in section twenty-two of chapter thirty-two of the code of West Virginia, and may revoke such license at any time the condition of said bond be broken, upon ten days' previous notice to the person holding the same. And suits may be prosecuted and maintained on such bond as prescribed in said section of said chapter by any person for the same causes, in the same manner and to the same extent, as upon the bonds mentioned in said section, and all the provisions of said section in relation to the bonds therein mentioned shall be applicable to the bonds required by this section.

29. A well bound book, indexed, to be denominated the “Mayor’s Docket,” shall be kept in the office of the mayor in which shall be noted each case brought before or tried by him together with the proceedings therein, including a statement of the complaint, the warrant or summons, the return, the fact of appearance or non-appearance, the defence, the hearing, the

judgment, the costs, and in case the judgment be one of conviction the action taken to enforce the same. The record of each case shall be signed by the mayor to sign, and the original papers thereof, if no appeal be taken, shall be kept together and preserved in his office.

30. The council shall cause to be made up annually and spread upon its minute book an accurate estimate of all sums which are or may become chargeable against the city and which ought to be paid within one year; and it shall order a levy at a meeting held by it in either the month of June or July of each year, of so much as will in its judgment be necessary to pay the same, such levy shall be upon all real and personal property therein subject to a state tax, and shall designate the same as the "general tax," and may include a poll tax of not exceeding two dollars each year upon each able bodied man therein who is above the age of twenty-one years and not over fifty years of age; which poll tax shall be used exclusively upon the opening, improving and maintaining the roads, streets and alleys of the city, and shall designate the same as the "street tax": provided, that such tax for the general tax shall not exceed one dollar on every one hundred dollars of the assessed value of the property upon which the same is levied; and the said council may also impose such license tax upon dogs and other animals as they may deem proper and collect the same from the owners of such animals as other taxes are collected and prescribe such rules, regulations and penalties governing the payment of such tax on animals as they may deem reasonable. At least once in each year the council shall cause to be made up and published in one or more of the newspapers published in the city an accurate statement of the revenue received from all sources and of all the expenditures upon all the different accounts for the preceding year.

31. It shall be the duty of the assessor to make an assessment of the property within the city subject to taxation, substantially in the manner and form in which assessments are made by the assessors of the county, and return the same to the council on or before the first day of June of each year, and for this purpose he shall have all the powers conferred by law upon county assessors. He shall list the number of dogs and other animals subject to a license tax in the city and the names of the persons owning the
same which list shall be returned to the council at the same time his assessment books are returned.

But in making his assessments of real and personal property he shall be governed by section one hundred of chapter twenty-nine of the code of this State. In order to aid the said assessor in ascertaining the property subject to taxation by said city he shall have access to all books and public records of said Randolph county without expense to him or said city, and he shall have the same power and be subject to the same penalties in ascertaining and assessing the property and subjects of taxation in said city as are granted and imposed upon the county assessors throughout the State by general law; and the council shall have authority to prescribe by general ordinance such other rules and regulations as may be necessary to enable and to require such assessor to ascertain and properly assess all property liable to be taxed by said city, so that such assessment and taxation shall be uniform and equal, and the council may enforce such rules and regulations by reasonable fines to be imposed upon any one failing or refusing to comply therewith.

32. The assessor shall make two copies of his assessment books each year and extend the taxes in each book and deliver the same, when completed and sworn to, to the city council, one of which shall be retained in the office of the city clerk and the other delivered to the city collector and treasurer taking his receipt therefor.

33. There shall be a lien on real estate within said city for the city taxes assessed thereon, and for all fines and penalties assessed to or imposed upon the owners thereof, by the authorities of such city including expenses for making sidewalks and streets, from the time the same are so assessed or imposed, which shall have priority over all other liens except taxes or dues due the United States and the lien for taxes due to the State, county, or district; and such lien may be enforced by the council in the same manner provided by law for the enforcement of the lien for county taxes. If any real estate within said city be returned delinquent for the non-payment of city taxes due thereon, a copy of such delinquent list shall be certified by the council to the auditor of this State and the same may be sold for city taxes, inter-
est and commissions thereon in the same manner, at the same time and by the same officers as real estate is sold for State taxes; and a return of such sales made to and a deed executed therefor, if not deemed, in the same manner and with like effect, as the return of sales of real estate sold for State taxes are made and deeds therefor executed to purchasers.

34. It shall be the duty of the city collector and treasurer, when the extended copies of the assessors books are completed, to receive a copy thereof, receipting to the council for the same, and it shall be his duty to collect from the parties the entire amount of the taxes with which they are severally charged therein, and may proceed to collect the same at any time after the first day of August, and may enforce payment thereof by levy upon the personal property and sale thereof of the person so charged with taxes at any time after the first of October next after said taxes are assessed; said taxes shall be a lien upon the property upon which they are assessed from and after the time the assessor’s books are completed, verified and returned to the city council, and shall write the word “paid” opposite the name of each person who pays the taxes assessed against him and shall also give to the person paying such taxes a receipt therefor: provided, however, that said assessor and treasurer may distrain at any time for any taxes assessed against a person who is about to remove or who has removed from said city after such taxes are assessed, and the books returned as aforesaid. He shall also receive such other monies of the city as he is authorized by this act to receive, and also all monies ordered by the council to be paid to him, giving receipt therefor to the parties paying the same, and shall keep an accurate, itemized account of all moneys received by him; and his books shall at all times be open for the inspection of the mayor, council, city clerk, and to any tax payer of the city. He shall pay out the money in his hands only upon the order of the council upon orders signed by the mayor and city clerk and keep an itemized statement of the money so paid out by him. He shall on or before the last meeting of the council in each year just before the expiration of the term of office of the mayor, and at such other times as the council may require, present to the council a full and complete statement of all the moneys with which he is chargeable or that have been
received by him and not previously accounted for, and shall at the same time, in like manner, furnish a complete statement, by separate items of all disbursements made by him during such period, with his vouchers evidencing the same. He shall receive all taxes upon licenses and receipt to the party paying the same by endorsement upon the permit granted by order of the council, or mayor as the case may be. He shall receive upon all moneys coming into his hands and paid out by him as his compensation for receiving and disbursing the same such sum as may be fixed by the council, not to exceed five per cent. thereof. He shall upon the expiration of his term of office turn over to the council all books and other property in his possession belonging to the city, except the money in his hands, which he shall turn over to his successor upon the order of the council as hereinbefore provided; and shall, before entering upon the duties of his office, execute a bond with good security payable to said city, in a penalty of not less than double the estimated amount of money that is liable to come into his hands each year during his term of office, conditioned that he will faithfully discharge the duties of his office and account for and pay over as required by law and the orders, ordinances, rules and regulations of the council of said city, all money which shall come into his hands, which bond shall be subject to the approval of the council. He shall be chargeable with all the city taxes, levies and assessments and money of the city which shall come into his hands and shall account therefor.

35. The council shall prescribe by ordinance the time and manner in which licenses of all kinds shall be applied for and granted, and shall require the payment of the tax thereon to the city collector and treasurer before the delivery thereof to the person applying therefor.

36. The provisions of the twenty-ninth section of chapter thirty-two of the code of West Virginia shall be deemed applicable to licenses of a similar character to those therein mentioned when granted by or under authority of the council of said city; licenses for the keeping of dogs, or other animals, shall also expire on the thirteenth day of April next after they are granted.
37. The council shall have a right to institute and execute proceedings in the name of the city for condemnation of real estate for streets, alleys, roads, drains, sewers, market grounds, city prison, waterworks, electric light plant or other works, or purpose of public utility. Such proceedings shall conform to the provisions of chapter forty-two of the code of West Virginia, and the expenses thereof shall be borne by the city, except in cases where it is proper under said chapter to charge such expenses or any part thereof against the defendant.

38. That the charter of the town of South Elkins is hereby abolished.

39. All the ordinances, by-laws, resolutions and rules of the city of Elkins in force on the day preceding the passage of this act, which are not inconsistent therewith, shall be and remain in full force over the whole of the territory embraced in the boundary of said city as established by this act, and the officers in office in the city of Elkins at the time this act takes effect shall remain in office until their successors are elected, or appointed, and qualified under the provisions of this act; and after this act takes effect shall have jurisdiction over the whole of the territory embraced in the boundary specified in this act; but nothing in this act shall be construed or held to in any way affect or impair any of the bonds or obligations of said city of Elkins issued or contracted prior to the passage of this act, on the contrary, all such bonds and obligations shall be and remain in full force and effect just as though this act had not been passed, except that the whole of the taxable property of persons residing within the corporate limits of said city as created by this act shall be subject to taxation to pay and discharge such bonds and obligations.

40. The corporate authorities of the town of South Elkins shall, before July first, nineteen hundred and one, turn over to the corporate authorities of the city of Elkins all corporate assets, including money, taxes, license fees payable, and all other corporate property, to the council of the city of Elkins to be disposed of by it as corporate property now owned by said city of Elkins is disposed of; and if said town of South Elkins at the time this act takes effect has any outstanding contracts or obligations proper for it to con-
tract, including licenses granted, the said city of Elkins shall assume the same and carry the same into execution in manner, form and effect as contracted by said town of South Elkins.

41. The council in being in the city of Elkins at the time this act shall take effect shall provide places for voting in the several wards in said city and appoint commissioners residing in each ward to hold and conduct the first election hereinbefore provided to be held, and shall pass all proper ordinances and orders to give this act full force and effect.

42. The said city shall succeed to all the rights, powers and responsibilities of the city of Elkins as they exist the day preceding the day on which this act takes effect, and shall enjoy such rights, exercise such power and discharge such responsibilities in the same manner as the same should have been enjoyed, exercised or discharged if this act had not been passed.

43. All ordinances of the city of Elkins as they exist at the time of the passage of this act which are inconsistent therewith are hereby abrogated, and all acts and parts of acts inconsistent with any of the provisions of this act are hereby repealed.

CHAPTER 152.

AN ACT to amend and re-enact sections twenty-six, twenty-seven, twenty-eight, thirty-one and thirty-two of the Charter of the City of Charleston, and add section thirty-two a thereto, as amended by an Act of the Legislature of West Virginia, passed on February twenty-third, one thousand eight hundred and ninety-nine, entitled, "An Act to amend and re-enact sections seven, eight, twenty, twenty-six, twenty-seven, twenty-eight, thirty, thirty-two, thirty-three, and thirty-four of an Act of the Legislature of West Virginia, passed on the thirteenth day of February, one thousand eight hundred and ninety-five, entitled, "An Act to amend and re-enact the Charter of the City of Charleston, and to change the corporate limits of said city, so as to include Elk City and other additional territory."
CHARTER OF CHARLESTON AMENDED.

[Passed February 22, 1901. In effect 90 days from passage. Approved February 22, 1901.]

Be it enacted by the Legislature of West Virginia:

That sections twenty-six, twenty-seven, twenty-eight, thirty-one and thirty-two of the charter of the city of Charleston be amended and re-enacted, and section thirty-two a be added thereto, so as to read as follows:

26. Whenever anything for which a state license is required is to be done within said city or within two miles of the corporate limits thereof, the council may require a city license to be had for doing the same, and may, in any case, require from the person licensed a bond, with such sureties and in such penalty and with such conditions as it may deem proper, and may revoke such license at any time if the conditions of the said bond be broken.

And no license to sell strong or spirituous liquors or wine or beer, ale, porter, or drinks of like nature, within said city, or within two miles of the corporate limits thereof, shall be granted by the county court of Kanawha county unless the person applying therefor shall produce to said county court the certificate of the council of said city, that said council has granted a city license authorizing said person to sell as aforesaid; and upon the production of said certificate before said county court, said court may at its discretion grant a state license to sell as aforesaid to the said person, upon his compliance with all the requirements of law in relation thereto.

A person assessed with a liquor license tax for the sale of strong or spirituous liquors, or wine or beer, ale, porter or drinks of like nature within said city or within two miles of the corporate limits thereof, shall pay said tax to the treasurer of the city before any such license be granted to him by said council.

The council may impose a license and assess a tax thereon on all wheeled vehicles for public hire, and upon all dogs kept within said corporate limits. The council may prescribe, impose and enforce reasonable fines and penalties, including imprisonment, under the order of the mayor or recorder of said city, or the persons lawfully exercising their functions, upon any person carrying on, or attempting to carry on any business for which a city license is required, without first obtaining a city license therefor and paying the
city license tax assessed thereon. All licenses provided for in this chapter, shall be paid to the city treasurer, and for the purpose of enforcing the provisions of this section, the city shall have police jurisdiction for two miles beyond the corporate limits thereof.

27. The city taxes annually levied by said council, shall be collected as follows: Immediately after the annual levy of city taxes is made, the city assessor shall extend the same in the property books made out by him, including as well the proper capitation tax. He shall make out therefrom proper tax tickets in the following manner, that is to say, instead of a single ticket for the whole amount charged to any person, there shall be two tickets, each for the one-half of the said amount. These half tickets shall be severally numbered or designated "First" and "Second," and the same, after being examined and compared by the finance committee of the council, and found to be correct, shall be turned over to the city treasurer on the first day of October following the levy, whose receipt for the gross amount thereof shall be returned to the council and entered upon its record, and the treasurer shall be charged therewith. The treasurer shall give notice that said tickets are in his hands for collection (provided, that the taxpayer shall have the right to anticipate the payment of the whole or any part of the taxes so assessed against him) stating the penalty for non-payment thereof and the time and place when the same may be paid, which notice shall be published for twenty days in two newspapers of opposite politics, published in said city, if there be two such papers.

The one-half tickets designated "First" may be paid to the city treasurer any time before the first day of November next succeeding said levy. The half tickets designated "Second," may be paid to said treasurer at any time before the first day of April next succeeding said levy. To all the half tickets designated "First" remaining unpaid in the treasurer's hands on said first day of November a penalty of ten per cent. shall be added. To all the half tickets designated "Second" remaining unpaid in the treasurer's hands on said first day of April, a penalty of ten per cent. shall be added. On said first day of November all half tickets designated "First" and on said first day
of April all half tickets designated "Second," remaining unpaid in the treasurer's hands shall be taken up by said finance committee, on settlements had with him on those days, and thereupon, said committee shall place said tickets in the hands of the city sergeant for collection.

The said sergeant shall have the power to collect said tickets so placed in his hands, together with the penalties herein provided to be added thereto, and the compensation of the sergeant for the collection of the taxes aforesaid, so placed in his hands, shall be one-half of the penalty of ten per cent. added thereto, and the other half of said penalty shall go to the city.

No deduction shall be allowed the sergeant for taxes unless he make a delinquent list within six months from the time he receives said taxes for collection, and returns said list to the council, with his oath attached, stating that said list is correct and just, that he has received no part of the taxes mentioned therein, that he has used due diligence to find property liable to distress for state taxes and has found none, and that he could not collect the same.

Neither the treasurer nor the sergeant shall take anything but money for taxes. The penalties prescribed in this section form no part of the levy contemplated in section twenty-five of the charter of the city of Charleston, and are not affected by the limitation therein prescribed of one dollar and twenty-five cents. The city treasurer shall receive as compensation for receiving payment of taxes and assessments, as herein provided, an annual salary to be fixed by the council at the beginning of his term of office, which shall not be increased or diminished during said term, and he shall receive no other compensation for his services.

The sergeant shall have the power to collect the city taxes except as otherwise provided in this chapter. He shall also have the power to collect the city wharfage and all other city claims placed in his hands by the council for collection, except the fines imposed by the mayor, nor shall he have any control of the police who shall collect said fines.

Any goods or chattels belonging to the person or estate assessed with said city taxes, whether the same be a capitation tax or a tax upon real or personal property, or an assessment for paying or other improvement, shall be liable for said tax and may be
distrained therefor in whomsoever’s possession they may be found, and the sergeant shall have the same power to collect said tax or assessment from any person owing a debt to, or having in his possession any estate belonging to the party assessed with any city tax or assessment of any kind, as a sheriff has to collect State taxes in such cases. The sergeant may distrain and sell for city taxes or assessments, and in all respects have the same power to enforce the collection thereof, as the sheriff has to enforce the collection of State taxes, after sixty days from the time the tax tickets or assessments are placed in his hands for collection.

There shall be a lien upon all real estate within said city for the city taxes assessed thereon, including such penalties added thereto for non-payment thereof as are prescribed by this chapter, from the commencement of the year in which they are assessed. Said liens may be enforced by appropriate suit in any court of record in Kanawha county, provided such suit be instituted within five years from the time when said liens attach as herein provided. But the foregoing limitation does not apply to or affect the time within which the liens provided for in the next succeeding section may be enforced. The liens herein created shall have priority over all other liens except those for taxes due the State. Said liens for city taxes and attendant penalties, as well as for improvement assessments, may also be enforced by certifying the same to the State auditor to be included with the State, county and district taxes in his list of delinquent lands sent down to the sheriff of said county for the taxes, interests, damages, costs and commissions due thereon.

28. The city council shall have the right to establish the width of any sidewalk along any street, alley, or public square or portion thereof, and to require that when any such street, alley or public square or portion thereof shall be prepared for laying of sidewalks by setting of curbstones by the city, the owner of any ground fronting on such street, alley or square shall, in such manner as the council may prescribe, pave the sidewalks adjacent to his property, and in case of the failure or refusal of any such owner to so pave the same, to cause the same to be properly paved by the city, and to levy and collect from such owner, the whole cost of such paving adjacent to his or her
property with the penalty of ten per centum added thereto.

The council shall also have the right in like manner to require the owners of any property adjacent to any paved sidewalk, heretofore or hereafter constructed, to keep the same in repair, and in default of their so doing, to cause the same to be repaired and to assess the costs thereof upon such owners with the penalty of ten per centum added thereto. And in all cases of such assessments, whether for the original laying or the repairing of sidewalks, payment thereof, including said penalty of ten per centum, shall be made to the treasurer within thirty days after the completion of the work, and if not so paid, the same with an additional penalty of five per centum, shall be placed for collection in the hands of the sergeant, who shall have power to collect the same from the owner or owners of any such property or from the persons in possession or occupancy thereof, or from any of them, by distress and sale in the same manner in which taxes levied for the benefit of the city are authorized to be collected. There shall be a lien upon the real estate against which any assessment has been levied for paving or repairing sidewalks, as herein provided, which lien may be enforced by appropriate suit in any court of record in Kanawha county.

Whenever the city council may deem it expedient to cause any street or alley in said city, or portion thereof, to be paved in a permanent manner, it shall order the work done in the following manner and upon the following terms: The contract for such paving shall after due advertisement, in which the council shall reserve the right to reject any and all bids, be let, if let, to the lowest and best bidder. The contractor shall look only to the city for payment of the work and in no sense to the abutting land owners. One-third of the total cost of grading and paving said street or alley, or portion thereof, shall be borne by the city, and the remaining two-thirds of such total cost shall be paid to the city by the owners of land abutting upon said street, alley or portion thereof, according to the following plan, that is to say, payment is to be made by any land owner in such proportion of two-thirds cost as the frontage in feet of his or her land, so abutting, bears to the total frontage of all land so abutting upon such street or alley or portion thereof, so paved as aforesaid. The above
cost is not to include curbing, which in all cases shall be done by the city.

As soon as any such pavement shall have been completed, as and in the manner hereinbefore provided, the amount to be paid by the abutting land owners, as aforesaid, shall be at once certified to the city treasurer for collection. The amount so assessed against any land owner, as aforesaid, shall be paid in four payments as follows: That is to say, one-fourth of said amount shall be paid to the city treasurer on or before the first day of November or the first day of April, whichever comes first after said work is completed and said work is certified to the treasurer as aforesaid, and one-fourth of said amount on or before the first day of the one of said months next following the time herein fixed for the first payment aforesaid, and the remaining one-fourth of said amount on or before the first day of the one of said months next following the time herein fixed for the third payment aforesaid.

To each of said assessments remaining unpaid in the treasurer's hands on the days herein specified for the payment thereof, a penalty of ten per centum shall be added, and any assessment so remaining unpaid in the treasurer's hands shall be taken up by said finance committee on settlements had with him on those days, and thereupon said committee shall place said assessment with the penalty aforesaid added thereto in the hands of the city sergeant, to be treated and considered, and payment thereof enforced, in all respects, as herein provided for the collection of any other taxes due the city; and there shall be a lien therefor, the same as for such other taxes, which lien may be enforced the same as provided for other taxes.

When the paving of said streets or alleys or portions thereof shall have been let to contract, and the work done as herein provided, the council shall cause the several frontages abutting thereon to be measured, and shall assess upon each and every land owner so abutting, the proper amount to be determined as provided in the foregoing plan. These several amounts so assessed, together with a description of the lots of land as to location, frontage, depth and ownership, so far as the same may be ascertained,
shall be embodied in a written report to the council, and shall be, when approved by the council, the basis effect of such report when approved by council.

for an assessment against the abutting land owners, which assessments are to be certified to the treasurer for collection as hereinbefore provided. And a copy of said report shall be certified to the clerk of the county court of Kanawha county, who shall be required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein.

Complimentary to Andrew S. Rowan, of the United States Army.

WHEREAS, In the month of April, one thousand eight hundred and ninety-eight, a short time before war was declared between Spain and the United States, his excellency, the President of the United States, found it very important to communicate with General Garcia, the commander of the Cuban forces at that time in revolt against the oppression of the Spanish government in Cuba; and

WHEREAS, It was important that the authorities of the United States should secure all possible available information relative to existing conditions at that time in Cuba, and to secure such information was accompanied with great dangers and required unusual courage and caution. In this emergency Andrew S. Rowan, of the Nineteenth Regiment, United States Army, volunteered his services to the President, and entered upon the important mission. Lieutenant Rowan was given full instructions, and, without hesitation, entered upon the mission, within three hours after he received his instructions. He was furnished an open boat from Kingston, and landed on the Cuban shore; walked one hundred and fifty miles into the interior; found General Garcia; fixed upon a place to land the United States Army upon the island, and in other particulars carried out the orders of the President. Within five hours thereafter he started upon his return; took a rickety fishing boat, and after four days over a rough sea, reached Key West, wired the President the information he desired, and reported to the War Department for duty. He was immediately promoted to the position of a lieutenant-colonel of volunteers, and remained in the volunteer service until the close of the war with Spain. He then returned to his former regiment (the Nineteenth United States Regulars), and was soon thereafter promoted to the captaincy of Company I, which regiment is now in the Philippine Islands; therefore be it,

WHEREAS, The system of tax assessment and revenue laws and laws in relation to disbursement of revenue, now in force, in this State, is substantially the same as that adopted at the
organization of the state, and it is believed not to be such a sys-
tem as is best adapted to the changed conditions, brought about
by the development of the state and its resources, and that de-

system, and that in forty-five days the legislature cannot per-
fect the system or put into a consistent and practicable whole
the laws now in force; and

next regular session of the legislature of this State, or to any
special session which may be called, with power to act upon
such report, what changes are required in the tax assessment
or revenue laws of the State, to equalize taxation, to reach prop-

each day necessarily spent in the discharge of their duties un-

only the time spent in the sitting of the commission shall
be paid for, except in the case of a sub-committee sitting to dis-
charge some duty imposed upon or referred to it by the commission. The commission may employ a secretary, whose compensation shall not exceed six hundred dollars. All the cost of said commission shall not exceed seventy-five hundred dollars, which amount is appropriated for the purpose, out of any money in the treasury not otherwise appropriated, and if the seventy-five hundred dollars shall prove insufficient to pay such cost under the provisions of this resolution, then the deficiency shall be met by a ratable reduction from the per diem of the members of the commission.
