All moneys received by the city collector, mayor, or any other officer of said city, shall be paid over to the treasurer, and no money shall be paid out by him, except as the same shall have been appropriated by the council, and then only upon the signed order of the mayor or other presiding officer of the council, and countersigned by the city recorder or person acting in his place, and not otherwise.

He shall before entering upon the duties of his office, execute a bond with good security to be approved by the council, payable to the city
of Benwood, in the penalty to be fixed by the council, conditioned for the faithful performance of the duties of his office and for the accounting for and paying over, as required by law, all moneys which may come into his possession by virtue of his office. For his services as treasurer he shall receive such compensation as council may, by ordinance, allow.

Wards.

Sec. 21. The said city shall be divided into not less than five, nor more than seven wards, but until the first election after this act goes into effect, it shall remain divided into five wards as at present. A change in the wards may be made by the council by ordinance, but in making any such change regard must be had to the compactness of the territory of every ward to an equalizing of the number of inhabitants of the several wards, and no ordinance shall be passed changing the ward which effects a jerrymander of territory, or which does not more nearly equalize the number of inhabitants in the several wards. But a change in the number of councilmen or in the representation from any ward, shall only be made so as to effect the council to be elected to succeed the council making such change. Until otherwise provided by ordinance, the number of councilmen shall remain as at present.

Meetings of council.

Sec. 22. The regular meeting of council shall be held on the second and fourth Tuesday of each month, at such place in the city as council may by ordinance appoint. A special meeting of council may be called by the mayor, or by any number of the members of council specified by ordinance; but reasonable notice of such meeting shall be given in writing to all of the members who can be found. The call and notice must specify the subject of business that the meeting is called to consider, and no business not so specified shall be considered at any such meeting. Such subjects as the call has specified must be recorded in the minutes of the meeting.

Sec. 23. The presence of the majority of the whole number of councilmen shall be necessary to constitute a quorum for the trans­action of business, but a smaller number may adjourn from time to time, and compel the attendance of absent members in such a way as council may have provided by ordinance.

Sec. 24. The council shall keep a journal of its proceedings which shall at all times be open to inspection of the citizens of said city, and
at the request of one of the members present, the ayes and nays on any question shall be taken and entered upon the journal.

**Appropriations, etc.**

Sec. 25. Council shall not appropriate any money, or enter into or authorize any contract on behalf of said city, or enact any ordinance unless two-thirds of all of the members shall concur therein, or unless such appropriations, contract or ordinance, having at one meeting received a vote of a majority of all the members, be concurred in at the next regular meeting held on a different day, by a majority of all the members thereof; no member of council shall discuss or vote on any question in council in which he is interested, other than as a citizen of the city.

**Weighing of hay, etc.**

Sec. 26. Council may by ordinance provide for the proper weighing or measurement of all hay, straw, stone, coal, potatoes, coke, lumber, lime, cement, sand, oil, spirits, spirituous and malt liquors and wines, or other liquids, which shall be offered for sale in said city.

**Wharves.**

Sec. 27. Council may by ordinance establish and construct landings, wharves, and docks, on any ground that may belong to the said city, and to repair or alter any landing, wharf or dock, which has been or shall be so constructed, and to establish and collect rates and taxes for using in any manner the landings, wharves and docks, belonging to the said city. And they shall further have authority to pass and enforce such ordinances as shall be proper to keep the same in repair, to preserve peace and good order of the same, and to regulate the manner in which they shall be used.

**Stagnant water.**

Sec. 28. If any ground in said city shall be subject to be covered by stagnant water, or if the owner or owners, occupier or occupiers, thereof shall permit any offensive or unwholesome substance to accumulate thereon, council shall by ordinance cause such ground to be filled up, or drained, or to cause such substance to be covered, or to be removed therefrom, and to collect for so doing from said owner or owners by distress and sale in the same manner in which taxes levied upon real estate for the benefit of said city are authorized to be collected. Provided, however, that reasonable notice shall be
first given to the said owners or their agents. In case of non-resident owners, who have no agent in said city, such notice shall be given by publication for not less than ten days, in some newspaper published in the city of Benwood, or in the county of Marshall.

Crime and punishment.

Sec. 29. Council may pass such ordinances as shall be necessary or proper to secure the inhabitants of said city against thieves, robbers, burglars and all other persons violating the peace of said city; for the suppression of riots and gaming, and for the prevention and punishment of lewd, lascivious, indecent, or disorderly conduct, in said city. They shall also have authority to provide in like manner to prevent children from running at large in the streets, or other public places within the city at night. They shall also have authority to provide for the prevention of cruelty to animals, and of cruelty, by neglect or otherwise, to aged people, or imbecile persons, or children within the city.

Public shows, etc.

Sec. 30. Council may by ordinance regulate theatrical exhibitions, public shows, musical performances, and hypnotic exhibitions, and all other performances to which admission is obtained by the payment of money or other reward; also to regulate the employment of all machines or appliances for testing skill, endurance, capacity, or strength, for the use of which money is charged; and of all money-raising appliances of the class known as slot machines, and to grant or refuse licenses for any and all of such performances, and to levy and collect taxes on the same.

Licenses.

Sec. 31. Council may by ordinance grant license to owners and keepers of horses, hacks, carts, wagons, drays, bicycles, and every description of wheeled vehicles kept within the city for hire; to levy and collect taxes thereon, and to subject the same to such regulations as the interest or convenience of the inhabitants of said city, in the opinion of the council, shall require. The council shall also have authority to license and tax hawkers and peddlers, within said city, and persons who temporarily station themselves upon the street to sell or exhibit articles, and to subject the same to such regulations as the interest or convenience of the inhabitants of said city, in the opinion of council, shall require. No license shall permit
the permanent occupancy for private use of an open street or any part thereof.

Sec. 32. Council shall have the exclusive authority within said city by ordinance to grant or refuse license to the keepers of hotels, inns and taverns, houses of public or private entertainment, boarding houses, public eating houses, coffee houses, saloons, places at which spirituous liquors, wine, porter, ale, or beer, intoxicating cider or any drink of like nature, shall be sold, places of public amusement, boarding stables, or stables for keeping and feeding horses for compensation. Council shall have further authority by ordinance to regulate the manner in which such houses or places shall be kept, and to levy and collect a license tax from every person licensed under the authority of this section, in addition to all other taxes imposed upon him or his property; and no person without a license therefor shall sell, or offer or expose for sale, spirituous liquors, wine, porter, ale, or beer, intoxicating cider, or any drink of like nature, within said city.

Streets and alleys.

Sec. 33. Council may by ordinance within said city lay out and cause to be opened any streets, walks, alleys and public grounds, or to extend or to widen the same, first having obtained title to the ground necessary for the purpose, and to grade any street, walk, alley, or public ground which is, or shall be, established within said city; to pave, or otherwise improve the same; to cause them to be kept open and in good repair, and generally to ordain and enforce such regulations respecting the same or any of them, as shall be proper for the health, interest or convenience of the inhabitants of the said city.

Condemnation of land.

Sec. 34. Council may, by ordinance, cause to be taken or damaged for the use of the city for streets, alleys and other public purposes, including occupation by sewer, water pipes, gas pipes, steam pipes, compressed air pipes, and electrical or other subways, any private property within the city (and where such use is to secure and improve the water supply, or for sanitary or cemetery purposes, outside of the limits of the city), but no such property shall be taken or damaged without just compensation. The compensation, if it can not be determined by agreement with the owner of the property taken or damaged, shall be ascertained in such manner as is, or may be, prescribed by general law for land for public purposes.
Sec. 35. Council may by ordinance establish the width of any sidewalk along any street, alley or public square, or part thereof, and cause to be set or reset, the curbing thereon, and to require that when any such street, alley, or public square, or part thereof, shall be repaired by the city for the laying of sidewalks, by the setting of curb stones, and by grading the sidewalk space, either by filling or cutting, the owner or owners, of such ground, fronting on such street, alley or square, shall properly pave the sidewalks adjacent to their property, and in case of a failure or refusal of such owner, or owners, to so pave the same, or to cause the same to be properly paved by the city, and to levy and collect from such owner, or owners, the cost of the paving adjacent to his property. Council shall have power by ordinance in like manner to require the owners of such property adjacent to any paved sidewalk, whether heretofore or hereafter constructed, to keep such sidewalks in repair, and in default of their doing so to cause the same to be repaired, and assess the cost thereof upon such owners. It shall be lawful for any officer to collect any such tax or assessment, to collect the same from the owners of such ground, or from any tenant or debtor, and such assessment shall be a lien upon such adjacent property.

Sec. 36. The council shall be authorized to levy and collect an annual tax on real estate, personal property and tithables in said city and upon all other subjects of taxation under the several laws of the state, provided said tax does not exceed fifty cents on every hundred dollars of the assessed value of said property, or the sum of one dollar upon every tithable therein; which taxes shall be uniform with respect to persons and property within the jurisdiction of said city, and shall only be levied upon such property, real, personal, and mixed, and on capital on which the state imposes a tax, and to impose a tax on all licenses for which a tax is now, or may hereafter be imposed, for state purposes, in addition to the taxes paid the state, and which said taxes are for the use of the city. The taxes so levied, other than upon licenses, shall be payable on the first day of October, of the year in which the levy is made. Any taxpayer may pay the whole amount of taxes assessed against him, including tithables, in October and November of any year, and receive a discount of two per centum. And taxes on licenses shall be payable on the
first day of May of each year, or at such time as such licenses may be issued.

General authority of council.

Sec. 37. Council shall have authority to pass all ordinances not in conflict with the constitution and laws of the United States, or of this state, which shall be necessary and proper to carry into full effect any power, authority, capacity or jurisdiction, which is, or shall be granted to, or vested in, the said city, or in council, or any officer of said city, or to protect its citizens or others from accident or danger, and to provide for the enforcement of any law or ordinance by reasonable fines and penalties and by imprisoning the offender, or offenders, violating such ordinances, and by compelling them to labor without compensation at any of the public works or improvements undertaken, or to be undertaken, by said city, or by any or all of the said modes. Provided, however, that no fines shall be imposed exceeding one hundred dollars, and that no person shall be imprisoned or compelled to labor more than one year for any one offence.

Removal of officers.

Sec. 38. Council shall have authority upon the filing before them, by any person, of charges in writing, against any officer of the city, in any department thereof, to cause an investigation of such charges to be made by the council, or any officer or officers of the city, or committee designated by council. Any such officer or officers, or committee designated to make such investigation, or the council, shall have authority to require the attendance of witnesses before him, or them, and the production of any books or papers pertinent to such inquiry or investigation. The subpoena to compel the attendance of such witnesses or the production of such papers or books, may be issued by the officer or officers, or the chairman of the committee designated by the council to make such investigation. Council may have power to remove or suspend any officer of the city found guilty upon such investigation of charges against him. And without such charges, council may remove officers elected by the council.

Franchises.

Sec. 39. Franchises may be granted by the council allowing to persons or corporations, for a limited time, such occupancy of portions of the streets and alleys as may be necessary for works of public
utility and service, such as steam railway tracks, street railway tracks, polls and trolley wires, telephone and telegraph poles and subways, electric light and other electric poles, wires and subways, and gas and steam pipe lines. But no such franchise shall hereafter be granted, except under the following restrictions and conditions:

First. No ordinance granting any franchise for the using of the streets, alleys or public grounds of the city, for any of the purposes of public utility above named, or for any other purpose of like nature, shall be passed unless it shall have been first proposed in the council, and notice of the object, nature and extent of such franchise shall have been published at least thirty days by the applicant in some newspaper published in the city of Benwood, or county of Marshall, before being acted upon, and shall have received the votes of two-thirds of the members elected to council at a regular meeting or meetings, and after said publication. But before said ordinance shall be acted upon, it shall be read at a regular meeting of council after such publication, and lay over until the next regular meeting of the council.

Second. Every grant of every such franchise shall be for a limited period of time. If no limit be expressly provided in the grant, a franchise shall be valid for one year only. In no case shall the franchise extend for a period exceeding thirty years.

Third. No grant of any such franchise shall be made without at the time of making it providing that the grantee, its successor and assigns, shall indemnify the city against all damages caused by the construction of such works. All reasonable additional provisions and conditions shall be made for the protection of the public from unnecessary damage or inconvenience by reason of such works and the operation thereof.

Fourth. Any corporation or person, to whom a franchise has been heretofore, or may hereafter be granted, or their successors or assigns, who fail to comply with the conditions imposed by the ordinance granting such franchise within one year from the time said conditions are directed to be performed, said franchise shall be and the same become null and void.

Fiscal year.

Sec. 40. The fiscal year of the city of Benwood shall begin on the first day of April, and end on the 31st day of March of each year.

Sec. 41. All property, real and personal, within said city which is subject to taxation under the constitution and laws of the state of West Virginia, shall be assessed for and subject to taxation for the benefit of said city.

Capitation tax.

Sec. 42. Council may by ordinance also levy an annual capitation tax of not exceeding one dollar upon each inhabitant or tithable of said city, who, under the constitution of this state, is subject to a capitation tax.

Assessments.

Sec. 43. The assessor shall begin the work of assessing annually on the first day of April, and shall complete the assessment book, so far as listing persons, and listing and valuing property with improvements and changes is concerned, on or before the first day of August. When same is completed, notice of the fact, and that the book is on file in his office for inspection by all persons interested, shall be posted at three or more public places in the city, and published as may be prescribed by council. Council shall provide by ordinance for the inspection and correction of said assessment book between the fifteenth and thirtieth days of August, by a committee to be provided by it, and the said notice shall also state the time when, and place where, the sessions of such committee of equalization or review shall be held. The assessor shall assist in the said review. When the work of review is completed, the aggregate of the assessments shall be ascertained, and the corrected book shall be by the assessor prepared for making the extensions thereon of the taxes that shall afterwards be levied by council for the ensuing fiscal year. The assessor shall thereupon extend the taxes on the assessment book and deliver same to the collector, and a copy thereof to the treasurer, who shall charge the collector with the aggregate of such taxes.

Sec. 44. Taxes shall become due on the first day of October in each year, and bear interest from the first day of January next thereafter, at the rate of six per cent. per annum until paid.

Distress for taxes.

Sec. 45. If any person against whom, or upon whose property any taxes shall be lawfully assessed for the benefit of said city, shall not wholly pay such tax on or before the first day of January after
the same shall have become due, it shall be lawful for the officer
authorized to collect such tax to take reasonable distress of any per­
sonal property in said city, belonging to said delinquent, in which he
or she shall have the right of interest, and sell such property, right,
or interest at public auction in said city, having given ten days
notice of the time and place of sale, by advertisement posted in some
public place in said city, and published or posted in such other
manner as may be prescribed by ordinance of said city. If council
shall by ordinance require any other or more ample advertisement,
and out of the proceeds of such sale after defraying all expenses, to
pay said city the said tax, or as much thereof as shall be delinquent,
and return the remainder, if any, to the owner of the property so
levied and sold.

Interest.

Sec. 46. All taxes assessed upon real estate for the benefit of said
city shall remain a lien thereon, bearing interest at the rate of six
per cent. per annum from the first day of January until the same be
fully paid. Such lien may be enforced by the leasing or sale of such
real estate under the order of any court having equity jurisdiction in
Marshall county. In addition to all other means for the collection
thereof, all taxes, as well as all other demands due to the said city,
may be recovered by any appropriate suit or proceeding in the name
of the city before any justice of Marshall county, or the mayor of said
city, if the amount be within his jurisdiction or within the circuit
court of said county, if the amount be within the jurisdiction of said
court.

Gas works, etc.

Sec. 47. The council may cause to be erected, or prohibit the
erection of gas works, electric light works, or water works, and if such
works are erected by the city, to make all proper rules and regula­
tions for the management and running of the same, and to make,
manufacture, generate, and sell, gas and electricity for lighting and
heating purposes, and to furnish water, for a compensation, to its
inhabitants.

Debt prohibited.

Sec. 48. The said city is prohibited from creating a bonded indebt­
edness, and in any year, from making contracts in excess of the rev­

enues of said city, but said city is authorized to borrow money
to meet emergencies: *provided*, provision is made for its payment out of the revenues for the current year.

Sec. 50. All acts and parts of acts, coming within the provisions of this act, and inconsistent herewith, are hereby repealed.

The sum or sums of money so expended for laying sidewalks, paving or repairing shall be a lien upon the lots abutting or abounding the same, which lien may be enforced by suit in equity in the name of the city in any court having jurisdiction, or the same may be collected by a suit at law in any court or before any justice having jurisdiction; provided, however, that ten days' written notice shall first be given, signed by the city auditor, to the said owners or occupiers or their agents, that they are required to lay said sidewalks, or pave said footways or repair the same, as the case may be. Paving and sewers.

Sec. 39. Upon the petition in writing of the persons owning the greater part of the lots fronting or abounding on both sides of any street or alley, between any two cross streets, or between a cross street and an alley, the council of the city of Bluefield, by a lawful majority of not less than two-thirds of all the members constituting said body, may order such part of any street or alley to be paved between the sidewalks with some suitable material, and a sewer to be constructed therein from one of said cross streets or alleys to another, or to have such paving done without the construction of a sewer, or a sewer constructed without such paving being done, under such regulations as may be prescribed by ordinance, concurred in by the board of super-

One-third of such assessment shall be paid within thirty days from the completion of the work, and the remainder in two equal instalments in sixty and ninety days respectively from the completion of such work. The other one-third of the cost of such paving shall be borne by the city. The intersection of streets or of a street and alley, paved or provided with sewer under this section, shall be correspondingly paved or sewered at the sole expense of the city; pro­vided, that nothing in the above shall prevent the said council from entering into an agreement with the property owners by their con­sent by which said property owners agree to pay the whole cost of such paving, and any such agreement signed by the owners of property affected or by their duly authorized agents shall be valid and binding.

The assessments made for paving or construction of sewers as afore­said shall be a lien on the lots or parts of lots upon which they are assessed, which lien may be enforced by a suit in equity in the name of the city in any court having jurisdiction thereof, and the same, or any instalment thereof, may be recovered in an action at law before any justice or in any court having jurisdiction.

Said notice shall require all owners of lots or parts of lots abutting on the street or alley aforesaid to appear before the board of
supervisors at a meeting thereof, within thirty days from the first publication of such notice, and show cause, if any they can, why said assessment should not become final, which notice shall be published once a week for two successive weeks in some newspaper published in said city. The auditor shall give notice to all persons claiming to be injured by said assessment, of the time and place of holding said meeting, which meeting shall be held within ten days after the expiration of the thirty days mentioned in the published notice above provided for. The hearing may be adjourned from time to time. The council shall provide for the employment and safekeeping of persons who may be committed in default of the payment of fines, penalties or costs under this act, and who are otherwise unable to discharge the same, by putting them to work for the benefit of the city; and to use such means to prevent their escape while at work as they may deem expedient; and shall keep on hand all necessary tools, implements, fixtures and facilities for the immediate employment of any and all such persons, and shall fix a reasonable rate per diem as wages to be allowed to any such person until such fine and costs against him are discharged; and the city clerk shall keep an account of all fines and penalties so collected and expended; to adopt rules for the transaction of business and for the government of its own body; for all of which purposes, except that of taxation, the council shall have jurisdiction, when necessary, for one mile beyond the corporate limits of said city, excepting any other municipal corporation within said one mile limit. And the council shall have the power to provide, by taxation or otherwise, for the maintenance of the poor of the city, and contract with the overseer of the poor of Cabell county, to keep and maintain the poor of said city, upon terms to be agreed upon between the council and the overseer of the poor of said county. To carry into effect these enumerated powers conferred upon the said city or its council, expressly or by implication, by this or any future act of the legislature of this state, the council shall have the power to make and pass all needful orders, by-laws, ordinances, resolutions, rules and regulations, not contrary to the constitution and laws of this state, and to prescribe, impose
and enact reasonable fines, penalties and imprisonment in the county jail or such other place as they may provide, for a term not exceeding thirty days, for violation thereof. Such fines, penalties and imprisonments shall be recovered and enforced under the judgment of the mayor of said city, or the person lawfully exercising his functions. And the authorities of the said city may, with the consent of the said county court, entered of record, use the jail of the said county of Cabell for any purpose for which the use of a jail may be needed by them, under the acts of the council or the state.

Sec. 40. No money shall be appropriated by the council and no contract on behalf of said city shall be entered into or authorized, nor shall any ordinance be passed unless two-thirds of the members present when the question is put, concur therein, or unless the same be concurred in at two successive meetings of the council held at different dates, by a majority of the members present at each meeting.

Sec. 41. The council of said city shall annually, before levying taxes provided for and authorized by this act, through such committees as it shall direct ascertain the total expense of said city to be provided for by said levy for the fiscal year in which said levy is made; and it shall ascertain the sum of money necessary to pay interest accruing on the bonded indebtedness of said city, and what amount it shall expend for the support of its various departments, and for the improvement of its streets, alleys, avenues, and public grounds, or for its contingent expenses; and, before making such levy it shall apportion the rate thereof among the several funds so ascertained and provided for, which said apportionment shall be spread upon the records of said council, a copy of which, together with all other matters pertaining to the finances of said city, shall be annually published by direction of the council, at the time of making such levy, in at least two newspapers of said city if there be such, and of opposite polities, and the funds raised by such levy shall be used for no other purpose than that for which it shall be directed by the apportionment aforesaid, and the use of such funds for any other purpose may be restrained by injunction upon a bill filed by any one or more of the taxpayers of said city.

Sec. 42. The council shall have authority to levy and collect an annual tax on real estate, personal property, tithables and dogs in said city and upon all other subjects of taxation under the several laws of the state, including bank stock whether owned by persons residing within the limits of said city or not; gas companies, building
associations loaning money and all other incorporated companies; provided, that the aggregate taxes collected from all real and personal property for the year 1905, does not exceed five per centum, and for the year 1906 does not exceed seven per centum of the amount of the taxes collected upon said property for the year 1904, and that thereafter the levy does not exceed fifty cents on the one hundred dollars valuation of the real and personal property, and does not exceed in other respects the amounts for which the same subjects are taxed for state purposes, which taxes shall be uniform with respect to persons and property within the jurisdiction of said city, and shall only be levied on such property, real, personal and mixed and on capital, on which the state imposes a tax.

Sec. 43. In case any person shall neglect or refuse to pay in whole or in part any tax lawfully levied upon him or her for the benefit of said city, on or before the first day of January next after the assessment thereof, such person or persons shall be chargeable with interest upon the amount of said taxes, at the rate of one-half per centum per month, until the same are paid; and the officer appointed to collect said taxes, shall be chargeable with said interest and required to account therefor.

And it shall be lawful for such officers to take reasonable distress of any personal property in said city belonging to such delinquent or delinquents, or in which they shall have any right or interest, and to sell the said property, right or interest at public sale in said city, having given ten days notice of the time and place of sale by advertisement posted at some public place in the said city; and out of the proceeds of said sale, after paying all proper expenses, to pay to the said city the amount which shall be due on account of said taxes and interest, returning the balance, if any, to the owner of the property, right or interest so sold.

Sec. 44. In case any taxes levied upon real estate for the benefit of said city shall not be paid in full within thirty days after the same have become due, it shall be lawful for the officer appointed to collect such tax to make reasonable distress of any personal property belonging to the owner of said real estate in said city, or in which such owner shall have any right or interest, or of any personal property on the premises taxed belonging to any person in the possession or occupancy thereof, or in which any person shall have any right or interest and apply the proceeds in the manner prescribed in the last preceding section. And the said officer shall have the right to dis-
train any such property and the same sell and apply as aforesaid, notwithstanding such personal property be included in any deed, deed of trust, mortgage, bill of sale, or other writing made subsequent to the time the taxes became due.

Sec. 45. All taxes assessed upon the real estate within the said city, for the benefit of said city, shall remain a lien thereon from the time the same was so assessed, which shall have priority over all other liens, except for taxes due the state, county or district; and may be enforced in the same manner as now provided by law for the enforcement of liens for county taxes, or in such other manner as the council may by ordinance prescribe; and if not paid on or before the first day of January succeeding assessment thereof, said lien and taxes shall bear interest at the rate of one-half per centum per month until the same be fully paid. And the personal property of every person to whom the said real estate shall come by descent, purchase or gift of the person or persons in possession or occupancy thereof, shall be subjected to distress and sale in the same manner and to the same affect as if he, she or they were originally charged with the taxes. And in all cases in which any tax assessed upon real estate for the benefit of said city shall be paid in whole or in part by the tenant, or out of his or her property, he or she shall be entitled to deduct the same out of the accruing rent or to recover the same amount so paid from the owner of such real estate, unless it shall have otherwise been especially agreed. If any real estate in said city be returned delinquent for the non-payment of taxes thereon, and such return shall be made by the collector thereof in such manner as the council of said city may prescribe, a copy of such delinquent list may be certified by the council to the auditor of the state, and the same may be sold for the taxes, interest and commission thereon, in the same manner and at the same time, by the same officer, as real estate is sold for non-payment of state taxes.

Sec. 46. No taxes or levies shall be assessed upon or collected from the taxable persons or property within the corporate limits of said city, for the construction or keeping in repair of roads or bridges, the building, leasing or repairing of school houses, or the purchase of lands for the same or for the support of schools, or for the support of the poor of Cabell county, outside of said corporate limits, for any year in which it shall appear that said city shall at its own expense provide for its own poor and keep its own roads, streets and bridges in good order; and neither the county court of Cabell
county, nor the authorities of the district in which said city is situated, shall have or exercise jurisdiction within the corporate limits with relation to the roads, streets, alleys, bridges, school or school houses therein, but the same shall be and remain under the exclusive jurisdiction and control of the municipal authorities of said city.

Sec. 47. Whenever anything for which a state license is required to be done within the said county the council may require a city license therefor, and may impose a tax thereon for the use of the city; and the council shall have the power to grant, refuse or revoke any such license, and also license to owners or keepers of hotels, carts, or wagons, drays and every other description of wheeled carriages kept or used for hire in said city, and to levy and collect taxes thereon and to subject the same to such regulations as the interest and convenience of the inhabitants of the said city, in the opinion of the council shall require. No license to sell strong or spirituous liquors, or wine, ale, beer, porter or drink of like nature, within the said city, or within one mile of the corporate limits thereof, excepting any other municipal corporation which may lie within the said limit unless granted by the county court of the county of Cabell, but the common council of said city shall have the power to grant, refuse or revoke any such license within the corporate limits thereof. The council shall require from the person so licensed a bond, with approved security, payable to said city, in such penalty and with such conditions as it may think proper, and may revoke such license at any time if the condition of the bond be broken; and the council shall have authority to subject any person or persons who without having paid the tax imposed by the said council for the privilege, shall do any act or follow any employment or business in the said city, upon which the council are or shall be authorized to impose a tax, to any fine or imprisonment which they are or may be authorized to impose or inflict for the enforcement of their ordinances.

Sec. 48. The council shall have authority to put down a suitable curb of brick, stone or other material at the expense of the said city, along and for the footways and sidewalks of the streets and alleys of said city, and to order the construction and repair of sidewalks and gutters of such material and width as the council may determine, by the owners or occupiers of the lots or parts of lots facing upon said streets or alleys; and in case they or any part of them refuse to put down or repair such sidewalks and gutters when required, it shall be lawful for the council to have such sidewalks and gutters con-
structed or repaired, and to collect the expense thereof, with one per
centum per month interest added after a demand of thirty days, 
from the said owner, owners, occupier or occupiers or any of them, 
by distress or sale, in the same manner in which taxes levied upon real 
estate for the benefit of the said city are herein authorized to be col­
clected, and shall remain a lien upon said lot or part of lot, the same 
as taxes levied upon real estate in said city; which lien may be en­
forced by a suit in equity before any court having jurisdiction, as 
other liens against real estate are enforced; provided, however, that 
a reasonable notice shall first be given to the said owner or occupier, 
their agent, that they are required to construct or repair such 
sidewalk or gutters. In case of non-residents who have no known 
agent in said city, such notice shall be given by publication for not 
less than four consecutive weeks in any newspaper printed in said 
city; and in all cases where a tenant shall be required to construct or 
repair sidewalks or gutters in front of the property of his or her oc­
cupancy, the expense of such construction or repairing may be de­
ducted out of the accruing rent of said property, and he or she may 
recover the amount so paid, from the owner, unless otherwise 
especially agreed upon.

Sec. 49. There shall be a tax of one dollar annually assessed on 
each and every male inhabitant of said city over twenty-one and un­
der fifty years of age, by the city assessor at the time of his listing 
personal property, and for the purpose hereinafter set forth, and the 
same shall be set out and included in the personal property book 
against every such inhabitant, and shall be collected by the city col­
lector at the time of collecting other levies and taxes. All moneys 
collected and fines recovered under this section shall be expended 
upon the roads, streets, alleys, sidewalks, crosswalks, footways, drains, 
gutters and wharfs of said city; and the common council thereof shall 
have power to expend from the revenues of said city additional sums 
upon the highways that it may deem proper and necessary for work, 
tools or material. The commissioner of streets shall have all the 
rights, powers and privileges, and perform all the duties by law con­
ferred upon and required of surveyors of roads in a district, and 
shall be subject to the same fines and penalties imposed by law upon 
such surveyor or for any neglect of his duty.

Sec. 50. The common council of said city is hereby empowered 
to issue bonds for the purpose of public improvements. Said bonds 
shall not draw more than six per cent interest per annum, and can
be made payable in from five to thirty years; provided, that such indebtedness shall not exceed five per cent for the year nineteen hundred and five and two and one-half per centum thereafter of the value of the taxable property of said city, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, nor without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt, and the principal thereof within and not exceeding thirty-four years; and, provided further, that no debt shall be contracted hereunder, unless all questions connected with the same shall have been first submitted to a vote of the people of said city, at a general or special election, and have received three-fifths of all the votes cast for and against the same.

Whenever it shall be deemed expedient by the common council of said city, or on the petition of fifty voters and taxpayers of the city, to issue bonds for any purpose for which bonds may be legally issued under this charter and existing laws, the said common council may order a special election to be held for the purpose of voting upon such bonds. Whenever it is determined to issue bonds hereunder, the said common council shall, by resolution, entered of record, so declare, specifying the particular purpose or purposes, and amount for which said bonds are to be issued, and the rate of interest said bonds shall bear, not exceeding six per centum per annum. Said resolution shall appoint a day on which the election shall be held by the qualified voters of said city to decide whether or not said bonds shall be issued.

Such resolution shall be published in two newspapers of opposite political parties, if there be such papers published in said city, for at least four weeks prior to said election.

Such election shall be provided for, conducted, and the result ascertained and declared, as provided by law for holding, ascertaining and declaring the result of general elections. And the ballots to be voted at such election shall contain a statement of the amount and kind of bonds to be issued, and the purpose or purposes for which they are to be used, and shall contain the words: “For the bonds,” and the words, “Against the bonds.”

Provided, that the said city council, acting hereunder, shall, in all respects, comply with section eight of article ten of the constitution of West Virginia.

Sec. 51. All ordinances in force at the time this act takes effect,
shall continue to have full operation and effect as ordinances of the city of Central City, until amended, repealed, or superseded by the council of said city.

Sec. 52. The common council of the city of Central City shall be authorized to order any avenues, streets and alleys to be graded and paved between the curbs with cobble stones, brick or other suitable material, or to be macadamized, under such supervision as it shall direct by ordinance, upon the lowest and best terms to be obtained by advertising for bids or proposals therefor; and two-thirds of such paving or macadamizing of any of the avenues, streets or alleys aforesaid, from the curb on either side of the avenue, street or alley, to the middle thereof, shall be assessed to the owners of the lots, fronting or bounding on such avenues, streets or alleys, in proportion to the distance so fronting or bounding owned by each; one-sixth of the cost thereof of such grading or paving, or grading and macadamizing, shall be paid by the lot owner in thirty days after the completion of the work on the square in which it is done, and the remainder in five equal annual installments, payable as the council may designate in the ordinance letting the contract for such work, with interest from time of completion aforesaid. The other third of the costs of the said paving or macadamizing, and the intersection of avenues, streets and alleys, shall be paid by the city.

Sec. 53. The sum or sums of money thus assessed for such paving or macadamizing, shall be a tax lien upon the lots or fractional parts of lots upon which they are assessed, from the time of the recordation of the report of the council, or its committee, hereinafter provided for, which lien may be enforced by a suit in equity in any court having jurisdiction thereof, or any installment thereof may be collected by a suit at law before any court or justice of the peace having jurisdiction.

Sec. 54. Whenever the council shall contract for such paving or macadamizing to be done, and that it shall be paid for in installments by the property owners fronting on such streets, avenues or alleys, as aforesaid, the council may cause the mayor and recorder to issue to the contractor doing the paving or macadamizing, a certificate for each installment of the amount of the assessment to be paid by the owner of the lot, or fractional part, fronting on such street, avenue or alley; and the amount specified in said assessment certificate, shall be a lien as aforesaid, in the hands of the holder thereof, upon the lot or part of lot fronting on the street, avenue or alley so
improved, and shall draw interest from the date of its issuance, and
the payment may be enforced, as set out above, in the name of the
holder of such certificate; and after a contract has been made by the
council to pave or macadamize any public highway in said city, under
this act, and the pavement or macadamizing or any stipulated part
thereof, has been completed, the said council, or a committee ap­
pointed by the same, shall go upon the properties abutting or bound­
ing upon the public highway so paved or macadamized, and assess
the amount each lot shall pay for the improvement so made, and shall
return to the common council of said city a written report, stating
the number of lots and the blocks and the names of the owners of
such lots when known, and the amount assessed thereon; and when
the said council approves said report, or modifies it and then approves
it, a copy of said report so adopted by the council, when certified to
by the recorder of said city, may be recorded in the clerk’s office of
the county court of Cabell county, in the trust deed book, and shall
be a continuing tax lien upon the lot against which the assessment
is made, until the certificates, as aforesaid, are paid, and the clerk
shall index same in the name of each lot owner mentioned therein;
and upon the presentation by the lot owner of all the certificates
issued aforesaid against the lot owner, the clerk of said court shall
mark upon the margin of the book in which said certificate report is
recorded, that the lien is released to the lot mentioned in the certifi­
cate produced.

Sec. 55. All other acts and parts of acts coming within the pur­
view of this act and inconsistent herewith are hereby repealed.

in, and to preserve and promote the health, safety, comfort and well-being of the inhabitants thereof.

Sec. 17. The council shall have and possess full power and authority to make, pass and adopt all needful ordinances, by-laws, orders and resolutions, not repugnant to the constitution and laws of the United States or of this state, to carry into effect these enumerated powers and all others by this act or by general law conferred, or which may hereafter be conferred upon the said city or the council, or any of its officers, and to enforce any and all such ordinances, by-laws, orders or resolutions, by prescribing for a violation thereof fines and penalties, or imprisonment, or fines and penalties and imprisonment, in either the city lockup, or in the county jail of Marshall county, but no fine shall exceed fifty dollars, and no term of imprisonment shall exceed sixty days; and the council may provide for the employment of persons convicted of the violation of ordinances, or who may be committed in default of the payment of fines, penalties or costs, and who are otherwise unable to discharge the same, by putting them to work for the benefit of the city, and to use such means to prevent their escape while at work as they deem expedient.

Such fines and penalties shall be imposed and recovered, and such imprisonment inflicted and enforced, by and under the judgment of the mayor of said city, or in case of his absence or inability to act, by the recorder of said city, or in case of the absence or inability to act of both of said officers, by one of the councilmen of said city.

Sec. 18. The process in proceedings to enforce any ordinance prescribing a fine or imprisonment, or a fine and imprisonment, for the violation thereof, shall be a summons in the name of the city of McMechen, as plaintiff, directed to the chief of police, or to any constable in the county of Marshall, requiring him to summons the person accused of such violation, and who may be designated the defendant, to appear before the mayor at a time and place therein named, within said town, to make answer to such accusation, and be dealt with according to law. Such summons shall be signed by the mayor, and shall contain such a statement of the facts alleged as will inform the accused of the general nature of the offence against the city with which he stands charged, and shall be issued only upon the complaint, on oath, of some credible person. But the mayor by endorsement on the summons may order the person so accused to be forthwith apprehended and brought before him for a hearing of the charge.
The recorder, as well as the mayor, shall have the authority to receive any complaint in writing of the violation of any ordinance, and to sign and issue the proper summons based on such complaint.

Sec. 19. The mayor shall be the chief executive officer of said city, and shall take care that the orders, by-laws, ordinances and resolutions of the council thereof, are faithfully executed. He shall be a conservator of the peace within said city, and shall have and exercise therein all the criminal and police powers and duties which a justice of the peace may lawfully exercise. Any summons, warrant, or other process issued by him may be executed at any place within the county. He shall have control of the police of the city, and may appoint special police officers whenever he deems it necessary and it shall be his duty, especially, to see that the peace and good order of the city are preserved and that persons and property therein are protected, and to this end he may arrest and detain, or cause the arrest and detention of all riotous and disorderly persons before taking other proceedings in the case. He shall have and possess authority to hear and determine all complaints for violations of the ordinances, by-laws, orders and resolutions of said city, and to impose such penalties and punishments as are prescribed by the ordinances of said city, and may exercise the power and authority belonging to a justice under sections two hundred and twenty-four and two hundred and twenty-five of chapter fifty of the code of West Virginia, in summoning and enforcing the attendance and examination of witnesses, in punishing for contempt, in granting continuances and in securing and enforcing the further attendance of the accused with a view to a trial or hearing. He shall have power to issue an execution for any fine and costs assessed or imposed by him, for the violation of any ordinance; or he may at the time of rendering judgment therefor, or at any time thereafter, and before satisfaction of said judgment, by his order in writing, require the immediate payment thereof, and in default of such payment he may commit the person so in default to the city lockup or to the jail of Marshall county, until such fine and costs are fully paid; but such imprisonment shall not exceed sixty days. He shall from time to time recommend to the council such measures as he may deem needful for the benefit of the city.

Sec. 20. The authorities of said city may, with the consent of the county court of Marshall county entered of record, use the jail of
said county for any purpose for which the use of jail or lockup may be needed by them, under the ordinances of said city.

Sec. 21. A book well bound and indexed, to be called the "docket" shall be kept in the office of the mayor in which shall be noted each case brought or tried by him, together with the proceeding therein, including a statement of the complaint, summons and return, the fact of appearance or non-appearance, the defence, the hearing, the judgment, the costs, and, in case the judgment be one of conviction, the action taken to enforce the same. The record in such case shall be signed by the mayor, or other person acting in his stead, and the original papers thereof, if no appeal be taken, shall be kept together and preserved in his office.

Sec. 22. In any case for the violation of an ordinance of said city, in which there is a judgment by the mayor of imprisonment, or a fine of ten dollars, or over, an appeal shall lie at the instance of the person against whom such judgment is rendered to the circuit court of Marshall county. Such appeal shall not be granted by the mayor unless within ten days from the date of the judgment such person shall enter into a recognizance, with security deemed sufficient, to appear before the said court on the first day of the next term thereof, to answer for the offence against the city with which he stands charged and not thence depart without leave of said court. The provisions of chapter one hundred and sixty-two of the code of West Virginia, relating to recognizances in criminal cases, shall be applicable to the recognizances contemplated by this section, but any money recovered thereon by virtue thereof shall inure to said city.

Sec. 23. If such appeal be taken, the mayor shall forthwith deliver to the clerk of said court, a transcript of the record, including the judgment, recognizance, and all the original papers belonging to the case, and said clerk shall receive and file the same and place the case upon the trial docket of the next succeeding term of said court, and the said court shall proceed to try the same in its order.

Sec. 24. If the accused shall be found guilty of a violation of the ordinance in question, upon such appeal, whether by the verdict or otherwise, the court shall ascertain by its judgment the fine or imprisonment, or the fine and imprisonment, to be paid or suffered by such defendant, having regard to the punishment prescribed by such ordinance, and shall include in any such judgment the costs incurred by said city, as well in the proceedings before the mayor as those in court, and the fees, if any, of the jailer or the keeper of the
city lockup; and the proceedings to enforce the collection of any such fine and costs as may be provided in sections ten, eleven and twelve of chapter thirty-six of the code of West Virginia, except that the writ mentioned in the tenth section may be issued by the clerk upon the order of the mayor of said city and the notice contemplated by the eleventh section shall be given to such officer. If the judgment be for the defendant he shall recover his costs against the city.

Sec. 25. It shall be the duty of the recorder to keep a complete record of the proceedings of the council, and have charge of and preserve and securely keep the records, bonds, oaths of officers, papers and other documents belonging to the city. He shall, in case of sickness or disability of the mayor to act, or in case of his absence from the city, or during any vacancy in the office of mayor, perform the duties of mayor, and shall be vested with all the powers necessary for the performance of such duties. He shall also perform such other duties pertaining to the fiscal affairs of the city, or otherwise, as may be required of him by this act or by the council. He shall receive such salary as may be fixed by council which shall not be more than two hundred dollars per annum.

Sec. 26. It shall be the duty of the assessor to make an assessment of the property within the city subject to taxation, substantially in the manner and form in which assessments are made by county assessors, and make return thereof to the council on or before the first day of July in each year, including in such return a capitation upon each male inhabitant of said city who has attained the age of twenty-one years. The latest accessible assessment of real estate for state and county purposes, including values, shall be used and adopted by him, and to this end he shall have access to the books and public records of Marshall county, without expense to said assessor of said city; but as to personal property he shall ascertain the same, the owners and value thereof, without being governed by any other assessment; he shall have the same powers and be subject to the same penalties in ascertaining and assessing the property and subjects of taxation in said city as are conferred and imposed upon county assessors by general law. The council may correct any error on his part in making such assessment, upon the application of any person aggrieved.

The council shall have authority to prescribe by general ordinance such other rules and regulations as may be necessary to enable and require the assessor to ascertain and properly assess all property sub-
ject to taxation by said city, so that such assessment and taxation shall be uniform and equal and may enforce such rules and regulations by reasonable fines to be imposed upon anyone failing or refusing to comply therewith.

The said assessor shall also list the number of dogs or other animals subject to a license tax in said city and the names of the persons owning the same, which list shall be returned to the council at the same time the assessment is returned.

He shall receive for his services such compensation as shall be fixed by council.

Sec. 27. The council shall cause to be made up annually and spread upon its record book, an accurate estimate of all sums which are or may become lawfully chargeable against the city, and which ought to be paid within one year, and it shall order at a meeting held by it in the month of July in each year, a levy of so much as will in its judgment be necessary to pay the same. Such levy shall be upon all real and personal property therein subject to state and county taxes, and an annual capitation tax of one dollar upon each male inhabitant of said city who has attained the age of twenty-one years. Provided, however, that such levy shall not exceed one dollar on every one hundred dollars of the ascertained value of such property until all property, both real and personal, shall be assessed at its true and actual value, as contemplated by chapter four, of the acts of the extra session of the legislature of one thousand nine hundred and four, after which it shall not exceed fifty cents on every one hundred dollars valuation.

At least once in each year the council shall cause to be made up and published in one or more newspapers published in Marshall county, the financial condition of said city, including therein the revenue received from the different sources, and of the expenditures upon the different accounts the preceding year or portion of the year, as the case may be.

Sec. 28. The collector and treasurer of said city, before entering upon the discharge of his duties, shall execute a bond conditioned for the faithful performance by him of the duties of his office and for the accounting for and paying over as required by law, all moneys which may come into his hands by virtue of his office, with sureties satisfactory to the council, payable to the city of McMechen in a penalty of not less than three thousand nor more than five thousand dollars, as the council may prescribe. He shall be the custodian of
all moneys, bonds, notes, certificates and other evidences of indebtedness to the city, together with all valuable papers which may be placed in his hands by the council. He shall be chargeable with and it shall be his duty to collect the city taxes, levies and assessments, under such regulations as may be prescribed by law and the ordinances of the city, and he shall have the same power and authority to distrain and sell therefor as is possessed by officers charged with the collection of state and county taxes and levies.

Sec. 29. Immediately after the annual levy is made it shall be the duty of the recorder to extend the taxes in the property books returned by the assessor, including as well the proper capitation tax, and make out therefrom proper tax tickets, and the same, having been examined and compared by the finance committee and found to be correct, shall be turned over to the collector and treasurer on the first day of September following the levy, or as soon thereafter as practicable, whose receipt therefor shall be returned to the council and entered upon its records, and the collector and treasurer shall be charged therewith.

The collector and treasurer shall immediately give notice by hand bills posted throughout said city, that said tickets are in his hands for collection, stating the penalty for non-payment thereof, and the place at which the same may be paid; to all persons who shall pay their taxes in full before the first day of October next succeeding said levy, there shall be allowed a discount of two and one-half per centum on the whole amount of taxes so paid, and not otherwise; to all taxes remaining unpaid on the first day of January next succeeding said levy, a penalty of ten per centum shall be added; and the collector and treasurer shall forthwith proceed to collect the same from the person chargeable therewith by distraint or otherwise, the entire amount of taxes with which they are severally charged therein, with interest at the rate of one per centum per month, from the first day of January, until they are fully paid together with the penalty herein provided to be added thereto.

Sec. 30. It shall be the duty of the collector and treasurer, at least once in each six months, during his continuance in office, and oftener if required by the council, to render an account of the taxes, levies, assessments and other claims in his hands for collection, and return a list of such as he shall have been unable to collect by reason of insolvency or other cause, to which list he shall append his affidavit, that he has used due diligence to collect the claims therein mentioned,
but has been unable to do so; and if the council shall be satisfied with the correctness of said list, it shall allow him a credit for such claims, but may thereafter take such lawful measures to collect the same as shall be by it prescribed. The collector and treasurer shall keep regular books of accounts, to be approved by the council, of all moneys received and disbursed by him, and of other matters pertaining to his office, which books shall at all times be open to the inspection of the council or any committee appointed by it for such purpose. All moneys belonging to the city shall be paid over to the collector and treasurer, and no money shall be paid out by him except upon the order of the council.

He shall receive for his services such compensation as shall be fixed by the council, not exceeding five per centum on the amount duly collected and accounted for.

Sec. 31. If the collector and treasurer shall fail to collect, account for or pay over, all or any of the moneys with which he may be chargeable, belonging to the city, according to the conditions of his bond and the orders of the council, it shall be lawful for the council to recover the same by action or by motion upon ten days' notice, in the corporate name of the city, in the circuit court of Marshall county, against him and his sureties, or either of them, or his or their executors or administrators. If the sum claimed does not exceed three hundred dollars, such recovery may be had before the mayor or any justice of the said county.

Sec. 32. There shall be a lien on all real estate within said city for the municipal taxes assessed thereon, and for all fines and penalties assessed to or imposed upon the owners thereof, by the authorities of said city, from the time the same are so assessed or imposed, which shall have priority over all other liens, except the lien for taxes due state, county and district, and which may be enforced in the same manner provided by law for the enforcement of the lien for county taxes. If any real estate within said city be returned delinquent for the non-payment of the delinquent taxes thereon, a copy of such delinquent list may be certified by the council to the auditor, and the same may be sold for the municipal taxes, interest and commissions thereon, in the same manner, at the same time, and by the same officer as real estate is sold for the non-payment of state, county and district taxes.

Sec. 33. It shall be the duty of the chief of police to preserve order and quiet in said city, and to see that all subordinate police
officers faithfully perform their official duties. He shall, with the consent of the council entered of record, but not otherwise, appoint one or more police officers as the council may determine. He shall before entering upon the discharge of his duties execute a bond conditioned for the faithful performance by him of the duties of his office, and for the accounting for and paying over as required by law, to the collector and treasurer all moneys which may come into his hands by virtue of his office, payable to the city of McMechen, with sureties satisfactory to the council in a penalty of not less than one thousand dollars nor more than three thousand dollars. He shall execute within the county of Marshall, any proper process issued by the mayor, in proceedings for the enforcement of ordinances; he shall collect, by levy of execution or otherwise, and duly account for and pay over to the collector and treasurer on or before the last day of each and every month all fines and costs imposed in such proceedings, taking the receipt of the collector and treasurer therefor. He shall also have all the rights and powers within said city in regard to the arrest of persons, the collection of claims and the execution and return of process, that are or may be lawfully exercised by a constable of said county and shall be entitled to the same compensation therefor; and he and his sureties shall be liable to all fines, penalties and forfeitures that a constable is liable to for any dereliction of duty in office, to be recovered in the same manner and in the same courts that such fines, penalties and forfeitures are recovered against constables.

He shall receive such salary as may be fixed by council which shall not be less than four hundred nor more than eight hundred dollars per annum.

Sec. 34. In case of a violation of any ordinance of said city committed in the presence or within view of the chief of police or other police officer, the offender may be forthwith apprehended and taken before the mayor, and a complaint under oath, stating such violation, there lodged and filed, and thereupon such offender shall be tried and dealt with according to law without summons or warrant.

Sec. 35. When twenty per centum of the legal voters of said city, as ascertained at the last regular municipal election, shall petition the council at least thirty days prior to the time of holding any general city election, the question of granting or refusing licenses for the sale of spiritous liquors, wine, porter, ale or beer, or drinks of a like nature, shall be submitted to the voters at such election.
The persons voting on the subject of granting such licenses shall have on their ballots the words, printed, "For license" and "Against license." If a majority of the votes cast on this question be in favor of license, the council shall have authority, provided the consent of the county court of Marshall county be first obtained, and until such question be again voted upon, to grant such license to any proper person applying therefor; but if a majority of the votes so cast be opposed, no license shall be granted.

The council shall have authority to impose for the use of said city, a uniform tax upon such license at the rate of not less than three hundred dollars nor more than one thousand dollars, in each instance, for each year. When any such license is granted by the council it shall take from the person so licensed, a bond with approved security, in a penalty of not less than three thousand dollars, payable to the city of McMechen, and conditioned as prescribed in section twenty-two of chapter thirty-two of the code of West Virginia. The council may provide for the punishment of such persons for the violation of any of the conditions of said bond, and suits may be brought and maintained against such person and his sureties on such bond, for the same objects, by the same persons in the same manner and with like effect as upon a bond taken under the section mentioned; and also for any fine and costs that may be imposed by the mayor for any offence against the city, under its ordinance, involving a breach of the conditions of such bond.

The council shall have the power and authority to revoke any such license for a breach of any of the conditions of such bond, or for other good cause shown; but the person holding the license must first have reasonable notice of the time and place of hearing and adjudicating the matter as well as the cause alleged, and he shall be entitled to be heard in person or by counsel in opposition to such revocation.

Sec. 36. The council shall have power and authority to require and grant licenses for anything to be done, (except as hereinbefore provided in section thirty-five of this act) carried on or exhibited within said city, for which a state license is now or may hereafter be required, for the keeping of hacks, carriages, carts, wagons, drays and every description of wheeled vehicles for hire within said city; to license hawkers and peddlers within said city, and the keeping of dogs within said city, and to subject the same to such regulations as the interests of the city may require; upon all such licenses the
council shall have power to levy and collect a reasonable tax for the use of the city. The council may provide for the killing of all dogs, the keeping of which is not so licensed.

Sec. 37. The council shall prescribe by ordinance the manner in which licenses of all kinds shall be applied for and granted, and shall require the payment of the tax thereon to be made to the collector and the treasurer before delivery to the person applying therefor.

Sec. 38. The provisions of the twenty-ninth section of chapter thirty-two of the code of West Virginia, relating to state licenses, shall be deemed applicable to licenses of a similar character to those therein mentioned, when granted by or under the authority of the council of said city.

Licenses for the keeping of dogs shall also expire on the thirtieth day of April next after they are granted; all other licenses may be for such times as the council may determine.

Sec. 39. The council shall have the power and authority to condemn any lot, parcel of land, or other real estate, for streets, alleys, drains, market grounds, landings, wharves, public buildings, or for any other public purpose or work of public utility. Proceedings for the condemnation of real estate shall conform to the provisions of chapter forty-two of the code of West Virginia, and the costs thereof shall be borne by said city, except for contests involving a hearing in the circuit court, when the costs shall be recovered by the prevailing party.

Sec. 40. After having caused proper curb of brick, stone or other suitable material to be set and placed on any of the streets or alleys of said city at the expense of said city, the council may require the sidewalks or footways on such streets or alleys to be paved with brick stone or other suitable material as the council may determine, under the direction of the street commissioner, by the owners, respectively, of the lots or fractional parts of lots fronting or abutting on such sidewalk or footway, and if the owner of such sidewalk or footway, or of the real property next adjacent thereto, shall fail or refuse to pave the same in the manner or within the time required by the council, the council may cause the same to be done at the expense of the city and assess the amount of such expenses upon such owner, and the same may be collected in the manner herein provided for the collection of municipal taxes, and the same shall constitute a lien on said property, and may be enforced in a suit in equity in the name of the
city, in the circuit court of Marshall county, as other liens against other real estate are enforced; provided, however, that reasonable notice shall first be given to said owners that they are required to construct such sidewalks or footways, and in case the owner is a non-resident of the state, the notice aforesaid may be given by publication for four successive weeks in some newspaper published in Marshall county.

The provisions of this section shall also be applicable to needed repairs to any of the pavements in said city, and to the substitution of new pavements for any which may have been heretofore or which may be hereafter laid and completed and which may be deemed insufficient.

Sec. 41. Upon the petition in writing of the persons owning the greater amount of frontage of lots abutting on both sides of any street or alley, between two cross streets, or between a cross street and alley, the council of said city may order such part of any such street or alley to be paved between the sidewalks with brick or other suitable material, under such regulations as may be prescribed by ordinance, upon the lowest and best terms obtainable, after advertising for bids or proposals therefor; two-thirds of the cost of such paving shall be assessed to the owners of the lots or fractional parts of lots abutting on that part of the street or alley so paved in proportion to the distance such lots or part of a lot abuts on such street or alley; the other one-third shall be paved by the said city; in making such assessment the basis shall be the cost of paving that part of the street or alley on which the property lies included between the adjoining cross streets or alleys and the amount assessed against the owner of each lot or fractional part of a lot bears to the whole cost of paving said street or alley between said cross streets or cross street and alley as aforesaid. One-half of the sum so assessed shall be paid by the owners to the city within thirty days after the completion of the work, and the remaining one-half within six months thereafter, or at such other time or times as the council may prescribe. The intersection of streets, or of a street and alley, paved under this section, shall be correspondingly paved at the sole expense of the city. The assessment so made to any such owner may be collected in the manner herein provided for the collection of municipal taxes, and the same shall constitute a lien on such real estate, and like proceeding may be had and taken to enforce such lien or to recover from such owner the amount of such assessment, or on any instalment thereof, as those provided
for in the preceding section in the case of pavements. Provided, however, that nothing herein shall be construed to relieve any street railway company or other public utility company from paving any portion of any of the streets or alleys of said city required under any franchise heretofore or which may hereafter be granted.

Sec. 42. All officers of the town of McMechen, as heretofore existing, acting as such at the time this enactment takes effect, shall continue to act as such until the first Monday in April, 1906, or until their successors, the officers herein mentioned, are elected or appointed and qualified, and shall exercise the powers, perform the duties and receive the compensation conferred by the charter of said town, by general law, or by the ordinances of said town. The ordinances of said town in force at the time referred to shall continue to have full operation and effect until amended, repealed or superseded by the council of the city hereby created.

Sec. 43. The certificate of incorporation heretofore granted to the town of McMechen by the circuit court of Marshall county, West Virginia, is hereby annulled.

of the several wards in the council, giving to each ward equal representation.

Sec. 4. The officers of said city shall be a mayor, clerk, city engineer, solicitor, chief of police, assessor, health officer, street commissioner, and two councilmen from each ward. The mayor, solicitor and clerk shall be elected by the qualified voters of said city. Every person who has been a bona fide resident of the city for six months next preceding any election, and otherwise a qualified voter, under the constitution and laws of the state shall be entitled to vote at such election, in the ward in which he resides. The election shall be held, conducted and the result thereof ascertained, certified, returned and determined under such rules and regulations as may be prescribed by the present town council which shall not be inconsistent with the general laws of the state governing municipal elections, and shall conform as nearly as practicable to such laws. Contested elections shall conform as nearly as may be to similar proceedings in the case of county and district officers. The council shall be the judge of the election, return and qualifications of its own members. In case two or more persons receive an equal number of votes for the same office if such number be the highest cast for such office, the persons under whose supervision the election is held shall decide by lot which of them shall be returned elected, and shall make their return accordingly.

Sec. 7. The term of office of the mayor, solicitor, clerk and coun-

The chief of police, engineer, assessor, health officer and street commissioner shall be appointed by the council and shall hold their office during the pleasure of the council. The same person shall not be chosen clerk for more than two consecutive terms, and any former incumbent shall be ineligible for a second election unless he shall have fully settled up the business of his former term or terms. The duties and compensation of all appointees shall be such as are fixed by the council.

Sec. 8. Every person elected or appointed to any office in said city shall, within twenty days after his election or appointment and before entering upon the discharge of the duties thereof, take and subscribe the oath of office prescribed by law for officers generally, which may be done before the mayor or clerk of said city, or before any person authorized to administer oaths; and the same together with the certificate of the officer administering the oath shall be filed with the clerk of said city.

Sec. 9. The council shall prescribe the powers and define the duties of all officers by it appointed, except so far as the same are by this act defined; shall fix their compensation, and may require and take from them, respectively, bonds payable to the city in its corporate name with such surety, and in such penalties, as may be deemed proper, conditioned for the faithful performance of their duties. Members of council shall receive two dollars compensation for each meeting thereof, actually attended.

Sec. 10. The council shall require and take from all officers elected or appointed as aforesaid, whose duty it shall be to receive funds, assets or properties belonging to said city, or having charge of the same, such bond, obligations or other writings as may be deemed necessary and proper, to secure the faithful performance of their several duties. the presiding officer for the time being. Upon the call of any member

they may deem expedient; to acquire, erect or authorize or prohibit
the erection of gas works, electric light works or water works within
the city limits, to prevent injury to such works or the pollution of

Such police regulations as may be ordained by said city and the right and power to enforce the same shall extend one mile in the state of West Virginia beyond the corporate limits of said city; provided, however, that no fine shall be imposed exceeding one hundred dollars and that no person shall be imprisoned or compelled to labor as aforesaid for more than thirty days for any one offence, and in all cases where a fine is imposed for an amount exceeding ten dollars, or a person be imprisoned or compelled to labor as aforesaid for a term greater than ten days, an appeal may be taken from such decision upon the same terms and conditions that appeals are taken from a judgment of a justice of this state. Nothing in this act shall be construed as to require the city of Philippi to build or keep in repair any bridge or bridges within said corporation owned by the county of Barbour, but the officers of said corporation in the preservation of law and order shall have jurisdiction over any such bridges within such corporation.

The council of said city shall have power and authority to control and regulate the construction and repairs of all houses and other buildings within the said city; to provide for the granting of building permits; to cause the removal of unsafe walls or buildings; and may upon the petition of the person or persons owning the greater amount of frontage of the lots abutting on any street between any two cross streets or in any square in said city, prohibit the erection on
such street or in such square of any building, or of any addition to any building more than ten feet high, unless the outer walls thereof be made of brick and mortar or other fire proof materials; and to provide for the removal of any building or addition which shall have been erected contrary to such prohibition, at the expense of the owner or owners thereof.

Sec. 17. To carry into effect these enumerated powers and all others by this act or by general law conferred or which may hereafter be conferred upon the said city or its council or any of its officers, the said council shall have and possess full authority to make, pass and adopt all needful ordinances, by-laws, orders and resolutions, not repugnant to the constitution and laws of the United States or of this state; and to enforce any and all of such ordinances, by-laws, orders or resolutions by prescribing for a violation thereof fines and penalties and imprisonment in either the county jail of Barbour county or the city prison if there be one; but no fine shall exceed one hundred dollars and no term of imprisonment shall exceed ninety days. Such fines and penalties shall be imposed and recovered and such imprisonment inflicted and enforced by any judgment of the mayor of said city, or in case of his absence or inability to act of the clerk of said city, or in case of the absence or inability to act of both of said officers, of one of the councilmen appointed for that purpose by the council.

Sec. 18. The mayor shall receive a salary of not less than one hundred nor more than four hundred dollars per annum. Such salary shall be in lieu of the fees which would otherwise accrue to him in proceedings for the enforcement of ordinances, but all such fees shall be collected when practicable, and accounted for to the city.

Sec. 19. The mayor shall be the chief executive officer of said city and shall take care that the orders, by-laws, ordinances and resolutions of the council thereof, are faithfully executed. He shall be ex-officio a justice and conservator of the peace within the city, and shall within the same have, possess, and may exercise, all the powers and perform all the duties, whether in civil or criminal proceedings, vested by law in a justice of the peace. Any summons, warrants or other proceedings issued by him may be executed at any place within the county. He shall have control of the police of the city, and may appoint special police officers whenever he deems it necessary; it shall be his duty especially to see that the peace and good order of the city are preserved, and that persons and property therein are protected;
and to this end he may arrest and detain or cause the arrest and detention of all riotous and disorderly persons before taking other proceedings in the case. He shall from time to time, recommend to the council such measures as he may deem needful for the welfare of the city. He shall not receive any money due or belonging to the state or to corporations or to individuals unless and until he shall have given the bond and security required of the justice of the peace by chapter fifty of the code of West Virginia, and all the provisions of said chapter relating to moneys received by him in like cases.

Sec. 20. The process in proceedings to enforce any ordinance prescribing a fine or imprisonment or a fine and imprisonment for the violation thereof, shall be a summons in the name of the city of Philippi, as plaintiff, directed to the chief of police or to any constable of any district within said county, requiring him to summon the person accused of such violation, and who may thereafter be designated as defendant, to appear before the mayor at any time and place therein named, to make answer to such accusation and be dealt with according to law. Such summons shall contain such a statement of the facts alleged as will inform such person of the general nature of the offence against the city with which he stands charged; and except in case of arrest upon view, shall be issued only upon complaint, on the oath of some credible person. But the mayor may for good cause appearing by endorsement on the summons order the person so accused to be forthwith apprehended and brought before him for a hearing of the charge. The clerk of said city as well as the mayor shall have authority to receive any complaint in writing of the violation of any ordinance, and to sign and issue the proper summons based on such complaint. The mayor shall have, possess, and may exercise the power and authority belonging to a justice under sections two hundred and twenty-four and two hundred and twenty-five of chapter fifty of the code of West Virginia, in summoning and enforcing the attendance and examination of witnesses, in punishing for contempt, in granting continuances, and in securing and enforcing the further attendance of the accused with a view to a trial or hearing. If any recognizance be taken for such further attendance and is forfeited, the mayor may record the default and an action may be maintained, in the name of the city, before the mayor or any justice having jurisdiction against the accused and his sureties, if any, to recover the penalty thereof.

Sec. 21. The mayor shall have power to issue an execution for any
fine and costs assessed or imposed by him, for the violation of any ordinance, or he may at the time of rendering judgment therefor or at any time thereafter, and before satisfaction of such judgment, by his order in writing, require the immediate payment thereof, and in default of such payment he may commit the person so in default to the jail of Barbour county, or, in his discretion, to the prison of said city, if one shall have been provided by the council, until the fine and costs are fully paid; but such imprisonment shall not exceed ninety days.

Sec. 22. The jailer of Barbour county shall take and receive into his custody any person sentenced to imprisonment in the jail of said county, or committed thereto for the non-payment of a fine and costs, or for the failure to enter into a recognizance by the judgment or order of the mayor, in proceedings for the violation of an ordinance; and the expense of maintaining such person while so in confinement shall be paid by the city.

Sec. 23. A book well bound and indexed, to be denominated the "docket," shall be kept in the office of the mayor, in which shall be noted each case brought or tried by him, together with the proceedings therein, including a statement of complaint, the summons, the return, the fact of appearance or non-appearance, the defence, the hearing, the judgment, the cost and, in case the judgment be one of conviction, the action taken to enforce the same. The record of such case shall be signed by the mayor or other person acting in his stead; and the original papers thereof, if no appeal be taken, shall be kept together and preserved in his office.

Sec. 24. In any case for the violation of an ordinance of the said city, in which there is a judgment by the mayor of imprisonment, or for a fine of more than ten dollars, an appeal shall lie at the instance of the person against whom such judgment is rendered to the circuit court of Barbour county. Such appeal shall not be granted by the mayor unless within ten days from the date of the judgment, such person shall enter into a recognizance, with security deemed sufficient, to appear before the said court on the first day of the next term thereof, to answer for the offence against said city with which he stands charged, and not thence depart without leave of said court. The provisions of chapter one hundred and sixty-two of the code of West Virginia, relating to recognizance in criminal cases, shall be applicable to the recognizance contemplated by this section; but any
money recovered thereon or by virtue thereof shall inure to the said city.

Sec. 25. If such appeal be taken the mayor shall forthwith deliver to the clerk of said court the complaint in writing, if any, the summons, a transcript of the record, including the judgment, the recognizance and any other papers belonging to the case; and such clerk shall receive and file the same, and place the case upon the trial docket of the next succeeding term of said court; and said court shall proceed to try the same in its order.

Sec. 26. If the appellant be found guilty of violation of the ordinance in question, whether upon the verdict of a jury, or otherwise, the court shall ascertain by its judgment the fine or imprisonment, or the fine and imprisonment, to be paid or suffered by such defendant, having regard to the punishment prescribed by such ordinance, and shall include in any such judgment the costs incurred by said city, as well in the proceedings before the mayor as those in court, including a fee to the attorney for the city of five dollars, and the fee if any of the jailer or the keeper of the city prison; and the proceedings to enforce the collection of any such fines and costs, as may be provided in sections ten, eleven, and twelve of chapter thirty-six of the code of West Virginia, except that the writ mentioned in the tenth section may be issued by the clerk upon the order of the mayor of the city and the notice contemplated by the eleventh section shall be given to such officer. If the judgment be for the defendant he shall recover his cost against the city.

Sec. 27. From all judgments by the mayor in cases other than for violation of ordinances, appeals shall be allowed as in similar cases before justices.

Sec. 28. It shall be the duty of the city clerk to keep a journal of the proceedings of the council, and have charge of and preserve the records, bonds, papers and other documents belonging to the city. It shall be his duty to attend the sessions of the police court and keep accurate records of its proceedings, and all judgments shall be entered by him within twenty-four hours after the same are rendered. He shall in case of sickness or disability of the mayor to act, or in case of his absence from the city, or during any vacancy in the office of the mayor, perform the duties of mayor and shall be vested with all powers necessary for the performance of such duties. He shall also perform such other duties pertaining to the fiscal affairs of the city or otherwise, as may be required of him by this act or by the
council. He shall receive such salary as may be fixed by council which shall not be less than one hundred nor more than three hundred dollars per annum. All salaries and compensation of officers not otherwise provided for shall be fixed by council.

Sec. 29. It shall be the duty of the assessor to ascertain the property within said city subject to taxation, including a capitation upon each male inhabitant of said city who has attained the age of twenty-one years, substantially in manner and form as in the case of assessments by county assessors, and make returns thereof to the council on or before the first day of June in each year. He shall also make out the land books for said city in each year, in accordance with the valuation as ascertained by the state and county, and make proper transfers of such property as shall have changed ownership within the preceding year, and charge the same on said books to the person who by himself has the freehold in his possession, whether in fee or for life, on the first day of April, in such year. When a tract or lot of land becomes the property of different owners in several parcels, the assessor shall divide the value at which the whole had before been assessed, among the different owners, having regard to the value of each interest compared with that of the whole, and enter the same upon the land books for said year. He shall also enter in said land books the value of any old building for one or more years, and of any addition or improvement to a building, and of any building newly erected, not theretofore assessed, if the same be of the value of one hundred dollars or upwards. He shall have the same power and be subject to the same penalties in ascertaining and assessing the property and subjects of taxation in said city, as are conferred and imposed upon county assessors by general law; but the council until the year 1909 may correct any error on his part in making such assessment, upon the application of any person aggrieved. The council shall have authority to prescribe by general ordinances, such other rules and regulations as may be necessary to enable and require the assessor to ascertain and properly assess all property subject to taxation by said city, so that such assessment and taxation shall be uniform and equal, and may enforce such rules and regulations by reasonable fines to be imposed upon any one failing or refusing to comply therewith. The said assessor shall also list the number of dogs or other animals subject to license tax in said city, and the names of the persons owning the same, which list shall be returned to the council at the same time the assessment is returned. He shall receive for his services such com-
pensation as shall be fixed by the council. The assessment of property and levying of taxes thereon shall after the year 1908, conform to the provisions of sections 12 and 135 of chapter 4 of the acts of 1904.

Sec. 30. The council shall cause to be made up annually, and spread upon its minute book an accurate estimate of all sums which are or may become lawfully chargeable against the city, and which ought to be paid within one year, and it shall order, at a meeting held by it in the month of June in each year, a levy of so much as will, in its judgment, be necessary to pay the same. Such levy shall be upon all real and personal property otherwise subject to state and county taxes, and an annual capitation tax of one dollar shall be levied upon each male inhabitant of said city who has attained the age of twenty-one years; provided, that after the year 1905 such levy shall not exceed fifty cents on every one hundred dollars of the ascertained value of such property. At least once in each year the council shall cause to be made up and published in one or more of the newspapers of the city, a statement of the financial condition of the city, including the revenue received from the different sources, and of the expenditures upon the different accounts, for the preceding year, or portion of the year as the case may be.

Sec. 31. The clerk of said city before entering upon the discharge of his duties, shall execute a bond conditioned for the faithful performance by him of the duties of his office, and for the accounting for and paying over as required by law all money which may come into his hands by virtue of his office with sureties satisfactory to the council, payable to the city of Philippi, in a penalty of not less than two thousand nor more than five thousand dollars as the council may prescribe. He shall be custodian of all moneys, bonds, notes, certificates and other evidences of indebtedness to the city, together with all valuable papers which may be placed in his possession by the council. He shall be chargeable with, and it shall be his duty, to collect the city taxes, levies and assessments, under such regulations as may be prescribed by law and the ordinances of the city, and in case the same are not paid within one month after they are placed in his hands for collection, he may distrain and sell therefor in like manner, and have the same power and authority possessed by the officer charged with the collection of state taxes.

Sec. 32. Immediately after the annual levy of city taxes is made, it shall be the duty of the city clerk to extend the same in the property books returned by the assessor, including as well the proper capita-
tion tax, and make out therefrom proper tax tickets and the same after being examined and compared and approved by the finance committee of the council and found to be correct, shall be turned over to the clerk on or before the first day of August following the levy, whose receipt shall be returned to the council and entered upon its records, and the clerk shall be charged therewith. The clerk shall give notice that said tickets are in his hands for collection, stating the penalty for non-payment thereof, and the time and place where the same may be paid, which notice shall be published for twenty days in two or more newspapers, published in said city. To all persons who shall pay their taxes in full before the first day of November next succeeding said levy, there shall be allowed a discount of two and one-half per centum on the whole amount of taxes so paid and not otherwise. To all taxes remaining unpaid on the first day of January next succeeding said levy, a penalty of ten per centum shall be added, and the clerk shall forthwith proceed to collect from the parties by distraint or otherwise the entire amount of the taxes with which they are severally charged therein with interest at the rate of one per centum per month from the said first day of January, until they are fully paid, together with the penalty herein provided to be added thereto.

Sec. 33. It shall be the duty of the clerk, at least once in six months during his continuance in office, and oftener when required by the council to render an account of the taxes, levies, assessments and other claims in his hands for collection, and return a list of such as he shall not have been able to collect, by reason of insolvency, removal or other cause, to which list he shall append an affidavit that he has used due diligence to collect the claims therein mentioned, but has been unable to do so, and if the council shall be satisfied with the correctness of said list, it shall allow him a credit for said claims, but may thereafter take such lawful measures to collect the same as shall be prescribed. He shall keep regular books of account to be examined and approved by the council, of all moneys received and disbursed by him, and of other matters pertaining to his office, which book shall at all times be open to the inspection of the council, or any committee appointed by it for such purpose. All moneys belonging to the city shall be paid over to the clerk, and no money shall be paid out by him except upon the order of the council, countersigned by the mayor. He shall receive for his services a compensation to be fixed by the council not less than one hundred dollars nor more than three hundred dollars per annum. If the clerk shall fail to collect, account for and
pay over all or any of the moneys with which he may be chargeable, belonging to the city, according to the conditions of his bond and the orders of the council, to recover the same by action or by motion, upon ten days' notice in the corporate name of the city, in the circuit court of Barbour county, against him and his sureties or any or either of them or his or their executors or administrators. If the sum claimed does not exceed three hundred dollars, such recovery may be had before the mayor or any justice of said county.

Sec. 34. It shall be the duty of the solicitor to prepare, when directed by this council, all ordinances for said city, to represent the said city in all matters and proceedings in any court in which the said city is interested, and counsel the said council when requested. He shall receive a compensation for his services to be fixed by the council not exceeding one hundred dollars per annum.

Sec. 35. There shall be a lien on real estate, within said city, for the city taxes assessed thereon, and for all fines and penalties assessed to, or imposed upon the owners thereof by the authorities of such city from the time the same are so assessed or imposed, which shall have priority over all other liens, except the lien for taxes due the state, county and district; and which may be enforced by the council in the same manner provided by law for the enforcement of the lien for county taxes. If any real estate within said city be returned delinquent for the non-payment of the delinquent taxes thereon a copy of such delinquent list may be certified by the council to the auditor, and the same may be sold for the city taxes, interest and commissions thereon, in the same manner, at the same time and by the same officer as real estate is sold for the non-payment of state taxes.

Sec. 36. It shall be the duty of the chief of police to preserve order and quiet in said city, and to see that all subordinate police officers faithfully perform their official duties. He shall be present in the police court, whenever the same shall be in session, and see that all its orders and requirements are properly executed. He shall with the consent of the council entered of record, but not otherwise, appoint one or more policemen as the council may determine. He shall, before entering upon the discharge of his duties, execute a bond conditioned for the faithful performance by him of the duties of his office, and for the accounting for and paying over, as required by law, all money which may come into his hands by virtue of his office, with sureties satisfactory to the council in a penalty of not less than one thousand dollars nor more than three thousand dollars as the council may pre-
scribe. He shall receive such salary as may be fixed by council, which shall not be less than four hundred nor more than nine hundred dollars per annum.

Sec. 37. In case a violation of any ordinance of said city is committed in the presence or within view of the chief of police or other police officer, the offender may be forthwith apprehended and taken before the mayor, and a complaint under oath, stating such violation there lodged and filed; and thereupon such offender may be tried and dealt with according to law, without summons. The chief of police shall execute within the county of Barbour, any proper process issued by the mayor in proceedings for the enforcement of ordinances; and shall collect by a levy of execution or otherwise, and duly account for all fines assessed and costs imposed in such proceedings. He shall also have the rights and powers, within said city, in regard to the arrest of persons, the collection of claims and the execution and return of process, that are or may be lawfully exercised by a constable of the district within the same, and shall be entitled to the compensation therefor; and he and his sureties shall be liable for all fines, penalties and forfeitures for which a constable is liable, and for dereliction of duty in office, to be recovered in the same manner and in the same courts, that such fines, penalties and forfeitures are recovered against constables.

Sec. 38. The council shall have the authority to require a city license as follows: For anything to be done, carried on or exhibited within the city, for which a state license is now or may hereafter be required, for the keeping of hacks, carriages, carts, wagons and other vehicles for hire within the city, and for the keeping of dogs within the city, and the council may provide for the killing of all dogs, the keeping of which is not so licensed. And upon all such licenses the council may impose a reasonable tax for the use of the city.

Sec. 39. The council shall prescribe by ordinance, the manner in which license of all kinds shall be applied for and granted, and shall require the payment of the tax thereon to be made to the collector and treasurer before delivery to the person applying therefor.

Sec. 40. The provision of the twenty-ninth section of chapter thirty-two of the code of West Virginia, relating to the state licenses, shall be deemed applicable to licenses of a similar character to those therein mentioned, when granted by or under the authority of the council of said city. Licenses for the keeping of dogs shall also expire on the thirtieth day of April next after they are granted. No license
for the sale of intoxicating drinks shall be granted without the consent of the county court of Barbour county.

Sec. 41. The council shall have the right to institute proceedings in the name of the city, for the condemnation of real estate for streets, alleys, drains, market grounds, landing, wharfs, city prison or other work or purpose of public utility. Such proceedings shall conform to the provisions of chapter forty-two of the code of West Virginia; and the costs thereof shall be borne by the city, except that in contests involving a hearing in the circuit court, costs shall be recovered by the prevailing party.

Sec. 42. After having caused proper curb of brick, stone or other suitable material, to be set and placed on any of the streets or alleys of said city at the expense of said city, the council may require sidewalks or footways on such streets or alleys to be paved with brick, stone or other suitable material as the council may determine, under the direction of the street commissioner, by the owners respectively of the lots, or the fractional parts of lots, facing or abutting on such sidewalk or footway, and if the owner of any such sidewalk or footway, of the real property next adjacent thereto shall fail or refuse to pave the same in the manner or within the time required by the council, it shall be the duty of the council to cause the same to be done at the expense of the city, and to assess the amount of such expense upon such owners; and the same may be collected in the same manner herein provided for the collection of city taxes, and the same shall constitute a lien on such property, which may be enforced by a suit in equity in the name of the city, in the circuit court of Barbour county, as other liens against real estate are enforced; provided, however, that reasonable notice shall first be given to said owners that they are required to construct such sidewalks or footways, and in case the owner is a non-resident of the state, the notice aforesaid may be given by publication for four successive weeks in a newspaper published in said city. The provisions of this section shall also be applicable to needed repairs to any of the pavements of the city, and to the substitution of new pavements for any which may have been heretofore or which may be hereafter laid and completed, and which may be deemed insufficient.

Sec. 43. The council shall have the authority to provide that any street or alley or any portion thereof, between the curb stones, shall be macadamized, or paved with bricks, cobble stones, or other suitable material, upon the lowest and best terms obtainable, after ad-

And council shall, by ordinance, prescribe the mode in which notice of special meetings shall be given, and no business shall be transacted at such special meeting unless a majority of all the members of the council shall be present, except that a less number may compel the attendance of absent members under such reasonable penalties as they may think proper to impose.

Sec. 27. The said council shall have authority to pass all ordinances which shall be necessary or proper to carry into full effect and force the authority and jurisdiction which is or shall be granted or vested in said city, or in the council thereof, or in any officer or body of officers of said city, and to enforce any and all ordinances by reasonable fines and penalties and by imprisonment, and upon failure to pay any such fine or penalty imposed, by compelling defaulting party to labor without compensation on any public works or improvements undertaken, or to be undertaken, by said city, or to labor at any work which said city may lawfully employ labor upon, at such rate per diem as the council may fix, but not at a less rate than is fixed by said council for like labor for other employees of the city, until all such fines imposed, have been paid or until such offenders have been discharged, after deducting charges of support while in the custody of the officers of said city.

Provided, however, That no fines shall be imposed exceeding twenty dollars, and no person shall be imprisoned or compelled to labor as aforesaid more than ten days for any offence; and in all cases where a fine is imposed for an amount exceeding ten dollars, or a person be imprisoned or compelled to labor as aforesaid for a greater term than ten days, an appeal may be taken as from the judgment of a justice of this state; such fines and penalties shall be imposed and recovered, and such punishment inflicted and enforced by and under the judgment of the mayor of said city or in case of his absence or inability to act, by the recorder; or if he be unable to act, then a member of the council shall be appointed by the council for that purpose. license is granted by the council for the sale of brandy, whiskey, rum, gin, wine, porter, ale, beer, or any other spirituous, vinous or malt liquors, as provided herein, or drink of like nature, the county court may, for sufficient reason shown, grant a state license for the sale thereof within the corporate limits of said city.

Each ballot voted shall have written or printed on it the words: “For License,” and the words: “Against License,” so that the voter of any ticket may
vote by erasing the one term or the other so as to conform to his desires.

Sec. 28. Said council shall also have power to levy, assess and collect taxes upon the real and personal property within said city, but such taxes shall be uniform with respect to persons and property within the jurisdiction of said city, and the said council as soon as convenient after the first day of May in each year, and after the annual assessment, shall cause to be made up and entered upon its journal an account and estimate of all sums which ought to be paid within one year; and it shall order a levy of so much as in its opinion may be necessary to pay the same, the same not exceeding that allowed by law.

Said council shall also have power to contract for the paving of its streets and alleys; to establish and regulate the grade thereof and to provide for the maintenance and repair of the same; to provide for the maintenance, continuance and enjoyment of its water works; to provide for the maintenance, establishment and enjoyment of fire companies for the purpose of protecting the property of the citizens of the said city from destruction or damage by fire.

Provided, that no debt shall be contracted under this charter unless all questions connected with the same shall have been first submitted to a vote of the people, and have received three-fourths of all the votes cast for and against the same. Said council shall not grant any franchise to any person or corporation within said city limits, which shall be either exclusive or perpetual, but all such grants shall have annexed to them the power to rescind, revoke, alter, modify or regulate the exercise thereof; and the said council shall have power upon ten days' notice and for cause, to revoke, rescind, alter or modify the exercise of any such franchise; and franchises involving the use of any of the public property, streets, alleys, sidewalks, crosswalks, or involving the use or occupancy of the same, shall be granted except by any ordinance to that effect. Provided, however, that said council shall have power
to make a contract on behalf of the city upon such terms as it may
desire for the use and occupancy of the streets and other public places
by companies or corporations owning or operating public utilities.

It shall be the duty of the assessor of said city, who shall be ap­
pointed by the council, on or before the first day of April of each year,
until the year 1909, to make an assessment of the property within said
city subject to taxation, substantially in the manner and form in which
assessments are made by the assessor for the county, and to return the
same to the council on or before the first day of May in each year, and
for this purpose he shall have all power conferred by law, on the county
assessor. He shall list the number of dogs in the city, and the names
of the persons owning the same, which list shall be returned to the
council, in order to aid said council in ascertaining the property of
persons subject to taxation by said city. The assessor of the same
shall have access to all the books and public records of Harrison county
without expense to said city or assessor, and he shall also have the
same power, and be subject to the same penalties, in ascertaining and
assessing the property and subjects of taxation in said city, as are
granted and imposed upon the county assessor by a general law; and
the council shall also have authority to prescribe by ordinance such
other rules and regulations as may be deemed necessary to enable and
require such assessor to ascertain and properly assess all property and
persons liable to be taxed in said city, so that such assessment and tax­
ation shall be uniform; and to enforce such ordinances by reasonable
fines and penalties. Upon the return of the assessors’ books to the
council, as herein provided, with the list and valuation of the personal
and real property and all other subjects of taxation, the same shall be
laid before the council for its inspection and consideration, and the
council shall have power to revise the action of the assessor, until the

assessor as to realty and personalty shall be adopted.

After such inspection by the said council and such correction, if any,
the council shall then approve the said assessment and cause the same

If any real estate within said city be returned delinquent for the non-payment of taxes due thereon, a copy of such delinquent tax may be certified by the council to the auditor of the state and the same may be sold for said taxes, interest and commission thereon, in the same manner, at the same time, and by the same officers as real estate is sold for state taxes.

Sec. 29. It shall be the duty of the collector of taxes, when the extended copies of the assessors' books are completed, to receive one copy thereof, receipting to the council for the same, and for the taxes therein extended, and it shall be his duty to collect from the parties the net amount of taxes with which they are therein severally charged, and such levy and assessment shall be delivered to such collector on or before the first day of June in each year. From and after the first day of June in each year, and until the fifteenth day of July succeeding, any citizen and taxpayer shall have the right to make payment of his taxes to such collector, and if paid by such taxpayer within the time he shall be entitled to a discount of two per centum, and the tax receipt delivered up to him. If the taxes so levied, assessed and placed in the hands of said collector for collection shall not be paid on or before the fifteenth day of July in each year, then it shall be the duty of said collector to collect all such taxes remaining unpaid, by distraint and sale and otherwise according to law.

He shall also receive such other moneys of the city as he is authorized by this charter to receive, and all moneys ordered paid him by the council, giving receipts therefor to the parties paying, and shall keep an accurate account of the same, and his books shall at all times be open for inspection at any meeting thereof upon the order of the council; he shall pay over promptly all moneys which he may receive within ten days into the hands of the said recorder, who shall be ex-officio treasurer of said city. He shall also on or before the first day of January of each year, present to the council the full, complete, detailed statement of all moneys which he was chargeable, or that have been received by him up to that time; and shall at the same time furnish a statement of all dues, taxes and assessments uncollected, and a statement of the reason for the same. He shall at any other time
upon the order of the council submit a statement of the amount of money and dues with which he is chargeable, and shall receive all taxes upon licenses and receipt to the party paying the same by endorsement upon the permit granted by the order of the council, which permit shall be furnished him by the recorder, and charge himself with the amount so received, and report to the council at its next regular meeting thereafter the amount so received, and pay the same to the recorder. He shall, upon all moneys coming into his hands and duly turned over by him to the recorder, receive as compensation therefore a sum to be fixed by the council, not exceeding five per centum on the amount collected; and shall upon expiration of his term of office turn over to the council all moneys, taxes and other property in his possession belonging to the city. He shall upon entering upon the duties of his office execute a bond with good security to the city of Salem, in the penalty of not less than ten thousand dollars, conditioned for the faithful performance of the duties of his office and for the accounting for and paying over as required by law all money which may come into his hands by virtue of his office; he shall be charged with all city taxes, levies, assessments and money of the city that may come into his hands, and shall account therefor. He shall pay into the hands of the said recorder and treasurer all moneys in his hands, taking the said recorder's receipt therefor.

Council shall not have power to release or relieve any taxpayer from the payment of taxes levied on or assessed against him or them.

The council shall have power to require every male resident residing in said city between the ages of twenty-one and fifty years to expend two days' labor upon the streets, alleys or public works of said city during each current year when properly notified so to do by the commissioner of streets, and the council shall have power also, to permit such persons liable to perform work upon the streets, alleys and public works of the said town to commute for the same by paying into the treasury of said town, not to exceed two dollars per day for each day that he may fail so to labor when properly warned so to do, and in case any person liable to perform such labor shall fail to do so for ten days having been properly and legally notified to that effect. the said recorder of said town, upon a return of that fact to him by said commissioner shall make out and sign a tax bill, stating the amount for which such individual is delinquent; and shall place in the hands of the collector of taxes, who shall have the same power in relation thereof, to levy, distraint and sell the property for collection of such bill as he has under this charter or by any by-law in regard to the collection of taxes of said city.

Sec. 32. The council shall have power to appoint and constitute a board of health consisting of one reputable physician and two of its own members, which said board of health under the supervision and with the approval of said council, shall have full power to make all needful rules and regulations for the keeping and maintaining of the said city in proper healthful condition, and when such board of health shall have been elected and organized it shall have exclusive control of all matters relating to the public health within the limits of the city.

Sec. 33. The street and water commissioner, under direction of the council, shall have charge of the water supply and of the opening, maintaining, constructing and repair of the streets, alleys, ways and wharves of the city and the control of the laborers thereon.

Such ordinance in force at the time referred to shall continue to have full operation and effect as ordinances of the city of Salem until amended, repealed or superseded by the council of said city.

Sec. 35. The council shall also have the powers conferred on corporations by the general laws of the state, where not inconsistent with the provisions of this act. And all acts, or parts of acts inconsistent with this act are hereby repealed.

schools of the district upon the payment in advance of such tuition as the board of education may prescribe.

Sec. 11. The board of education shall establish within the district one or more separate schools for colored children, whenever it may deem it necessary, so as to afford them as far as practicable the advantages and privileges of a free school education. All such schools shall be under the management and control of the board of education, and shall be subject to like regulations as other schools of the district.

Sec. 12. Annually, on the first meeting in July, or as soon thereafter as circumstances will allow, the board shall appoint a superintendent of schools for the district, and fix his salary. Said superintendent, in addition to the duties specified in this act, shall perform such other appropriate duties with relation to the schools of the district as the board may prescribe. When the office shall have become vacant from any cause, before the expiration of the term for which the superintendent shall have been elected, the board of education shall fill the same by appointment for the unexpired term. It shall be the duty of the superintendent to make such report to the board of education, of the character and condition of the schools of the district as shall enable the secretary to make his required report to the county superintendent.

The superintendent shall not directly or indirectly receive any gift, emolument or reward for influence in recommending the use of any book, apparatus or furniture of any kind whatever in the schools of the district. Upon conviction thereof, after having been given a hearing as hereinbefore provided, he shall be discharged from further duty.

Sec. 13. The board of education shall appoint all teachers for public schools of any grade within the said district and fix their salaries at a meeting held on the first Monday in July, or as soon thereafter as possible. But no person shall be employed to teach a school of the grade for which the appointment is made, including the superintendent, without having a satisfactory certificate obtained and issued as required by law in the examination of teachers for the public schools of this state. keep the schools in session at least six months in the year; for which
amount the board shall levy a tax upon the property included in the

six per centum per annum, and to become payable in not less than five
nor more than twenty years from the date thereof.

Sec. 17. No indebtedness incurred under this act shall exceed,
when added to any existing indebtedness of said district, five per cen­

of the said district, and three-fifths of all the votes cast at such elec­

specifying the purpose, amount and denomination of the bonds pro­

the payment of the principal and the accruing interest. Such bonds
shall be of the denomination of one hundred dollars, or a multiple
thereof.

Sec. 18. The said board of education shall by special levy provide
for the payment of the principal and interest on said bonds which levy
each year shall be sufficient to meet the interest on the bonds until
the end of five years and thereafter to pay the interest and provide a
sinking fund to liquidate all said bonds within said twenty years but
said board shall not make a levy in any one year greater than fifteen
cents on the one hundred dollars valuation in said district.

Sec. 19. At least four weeks before the election to take the sense of
the voters as to any proposed issue of bonds, the president of the board
shall issue his proclamation to the voters of the district, notifying them
of the time and place of holding the same, and the object and purpose
thereof, embodying a copy of said order and such proclamation shall
be inserted once a week for four weeks next previous to the day design­

posted for a period of thirty days at the front door of the postoffice
and at the court house, and at two or more other places in the district.

Sec. 20. Such election, or elections, shall be held and conducted
in the same manner as are general elections of state and county officers,
at such time, after this act takes effect, as shall be designated by the
board of education, and at its usual places of voting in said district,
and shall be held and conducted by the officers appointed by the board
of education to hold such election, in accordance with the law of the
state; and the officers conducting such election shall ascertain and
certify the result to the secretary of said board within three days

The board of education is hereby vested with the power to appoint
the officers required by law to hold and conduct such election.

Sec. 21. Any person voting in favor of such issue of bonds shall
have upon his ballot the words written or printed, “For Ratification,”
and any person voting against such issue, the words written or printed,
“For Rejection,” and all ballots shall be sealed up and deposited with
the said secretary. In the event that the result of such election is
favorable to such issue the board shall have authority to erect such
new public school buildings, applying the proceeds of such sale to such
purposes; and, should a surplus remain, to the payment of the in­
terest of such bonds.

Sec. 22. The collecting officer of the state and county taxes shall
be the collecting officer of this district, who shall annually make such
settlement, receive such compensation as provided by the general
school law for collecting and disbursing district levies. But shall
receive nothing for receiving and disbursing the state fund.

Sec. 23. No money shall be paid out by the officer collecting the
taxes levied in said independent school district of Buckhannon except

The sheriff shall receive for collecting the same such commissions as are allowed by law for collecting of other school money, and a lien is hereby declared to exist on the real estate within said school district for the taxes levied thereon.

When the office shall have become vacant from any
cause, before the expiration of the term for which the superintendent shall have been elected the board of education shall fill the same by appointment for the unexpired term. It shall be the duty of the superintendent to make such report of the character and condition of the schools of the district, to the board of education as shall enable the secretary to make his required report to the county superintendent. It shall be the duty of the board of education of each of said districts, within two months after the passage of this act, to make the settlement provided for in this section.

Sec. 20. It shall be the duty of the board of education at its annual meeting, not later than the first Monday in August next following, and annually thereafter to ascertain as nearly as possible

Sec. 21. For the purposes of providing for purchase, condemnation, leasing, building or otherwise, school houses and grounds, furniture and fixtures, and keeping the same in good order and repair and supplying the school houses with fuel and other things necessary for their comfort and convenience; to pay the principal and interest on any loan made pursuant to this act and all other expenses incurred in the district in connection with schools not chargeable to the "teachers' fund," the board of education shall annually levy a tax on the property taxable in said district not to exceed in any one year twenty cents on every hundred dollars valuation thereof, according to the latest assessment of the same for state and county taxation; provided, that in case it is necessary to erect any new school building in any year or to pay the principal and interest on any loan made pursuant to this act, the levy for a sufficient number of years may be made by the board of education not to exceed forty cents on the hundred dollar valuation of property; and in addition to the levy named in this section, the board of education shall, for the support of schools of the district, annually levy such tax on the taxable property of the district as will, with the moneys received from the state for the support of free schools, be sufficient to keep said schools in operation not less than seven and one-half months in the year; provided that said tax shall not in any year exceed the rate of fifty cents on every hundred dollars valuation, according to the latest available assessment for the state and county taxation.

The proceeds of this levy, together with the money received from the state as aforesaid, shall constitute a special fund to be called the "teachers' fund," and no part thereof shall be used for any other purpose than the payment of teachers' salaries and salary of the city superintendent, first, for the current year, and second, any part of said fund not so expended shall be appropriated to the payment of any existing indebtedness created for said purpose. Upon the failure of the board of education to lay such levy as hereby required, or any other levy provided for in this act, they shall be compelled to do so by the
circuit court of the county of Pocahontas by a writ of *mandamus*, unless good cause be shown to the contrary. But in case the levy provided for in this section shall not be sufficient to run the schools of the district seven and one-half months in the year and pay the salary of the city superintendent, the board may increase such levy to the amount actually necessary, but such increase shall not exceed in the aggregate twenty-five cents on the hundred dollars valuation of said property.

Sec. 22. Until commissioners are appointed or elected and qualified the board of education of Edray district now in office shall be governed by the provisions of this act, and shall exercise the powers herein conferred upon the board of education of the independent school district of Marlinton.

Sec. 24. No indebtedness incurred under this act shall exceed when added to any existing indebtedness of said district five per centum of the value of the taxable property of said district, until the first day of January, 1906, after which time it shall not exceed two and one-half per centum of such value, such value to be ascertained by the next preceding assessment made with reference to state and county taxes nor shall such bonds be issued without due provisions for the assessment and collection of a direct annual tax sufficient to pay annually the interest thereon and the principal thereof at their maturity; nor unless all questions connected therewith shall have been first submitted to a vote of the qualified voters of the said district, and three-fifths of all the votes cast at such election shall have been in favor of such issue.

When the said board shall deem it expedient to exercise the power hereby conferred an order shall be made and placed upon the minutes at a general meeting specifying the purpose, amount and denomination of the bonds proposed to be issued, the date of maturity and the plan adopted to meet the payment of the principal and accruing interest. Such bonds shall be of the denomination of one hundred dollars or a multiple thereof.
Sec. 25. The board may provide in such order for the payment after three years of the principal of one or more of such bonds in each year so that when they become payable according to their face not more than one bond will remain unpaid, or unprovided for or a sinking fund may be created with a view to the payment of the aggregate or principal when they become so payable.

Sec. 26. At least four weeks before the election to take the sense of the voters as to any proposed issue of bonds the president of the board shall issue his proclamation to the voters of the district notifying them of the time and places of holding the same and the object and purposes thereof embodying therein a copy of the said order and such proclamation shall be inserted once a week for four successive weeks, next previous to the day designated in the different newspapers published in the county and posted for a period of thirty days at the front door of the postoffice and at three more places in the district.

The secretary of the board of education shall enter upon the minutes of the board the result of the election.

Sec. 28. All the ballots to be voted at such election after stating the amount of bonds to be issued and the purpose for which they are to be used shall have written or printed thereon the words "For the bonds" and the words "Against the bonds," but the form of ballot shall not be material so long as it shows the intention of the voter on the issue of the bonds. In the event that the result of such election is favorable to such issue the board shall have authority to purchase upon reasonable terms real estate within the district suitable for the purpose and to erect thereon such new public school buildings and to sell upon the best terms practicable the school buildings now used and the land upon which they are now located applying the proceeds of such sale to such purposes; and should any surplus remain to the payment of interest of such bonds.

Sec. 29. The assessment made under the provisions of this act shall be levied by said board of education and collected by the sheriff of Pocahontas county as the levies for the said county are made and collected and the amounts of said levies shall be charged in full to the said sheriff who shall be held to account for the same, but said board
of education shall not during any one year incur any expense that shall exceed the amount of available funds received for school purposes during that year.

Sec. 30. Sec. 32. Every person having under his control a child or children between the ages of seven and fourteen years, residing in the school district of Wheeling, shall cause such child or children to attend public school in said district and such attendance shall be continuous throughout the school year thereof, and for every neglect of such duty the person offending shall be guilty of a misdemeanor and shall upon conviction thereof be fined two dollars for the first offence and five dollars for each subsequent offence, together with the costs of prosecution, and, in the discretion of the court or justice, be required to enter into a bond in the penal sum of fifty dollars, with security to be approved by the court or justice, conditioned that the person so convicted will cause such child or children to attend some school in accordance with the provisions of this act. dismissed or the defendant shall be adjudged not guilty, the costs of 
any such prosecution shall then be paid by the board of education of
the school district of Wheeling out of the funds under its control. When so directed by the superintendent of the board of education, or when it otherwise comes to the notice of any attendance officer of said school district, such officer shall examine into any case of truancy or unexplained absence of the school children of compulsory school age in said school district. When any child or children are not attending school without lawful excuse and in violation of the provisions of this act, an attendance officer shall notify, in writing, the person having control of such child or children, and require such person within three days after notification to send such child or children to some school. But the service of such notice shall not be an essential preliminary to prosecution under the provisions of this act. This act shall go into effect on the first day of September in the year 1905.

Sec. 1. That in the event a majority of the votes cast at an election to be held on the first Tuesday in May, one thousand nine hundred and five, in Lee district of Mingo county, West Virginia, be in favor thereof, the following described territory in the county of Mingo, in the district of Lee, shall, after the result of such election is ascertained and declared, be the "Independent School District of Wil-
liamson," to-wit: All the territory, including the incorporated town of Williamson, situate in Lee district, Mingo county, West Virginia, embraced within the following boundaries, to-wit: Beginning at the mouth of Sycamore creek; thence up said creek to the first left-hand fork; thence with said left-hand fork to the top of the ridge dividing the waters of Tug river and Buffalo creek to a point on the dividing lines of the lands of the Williamson Mining & Manufacturing Company and Thomas Stepps' estate; thence west with said dividing lines to the land of V. A. Williamson; then with the line dividing the land of said V. A. Williamson and Thomas Stepps' estate to Tug river; thence with Tug river to the beginning.

Sec. 2. In the event of the establishment of said independent school district, there shall be elected by the voters of said district at an election to be held at the public school building in Williamson on the first Tuesday in June, nineteen hundred and five, five commissioners, and every year thereafter one commissioner, whose term of office shall commence the first day of July following their election, and continue five years, and until their successors are elected and qualified, except that one of the commissioners elected in the year nineteen hundred and five shall serve one year, another only two years, another only three years, and another only four years, the ballot designating the term of office of each member. The said commissioners shall constitute a board of education to be denominated "The Board of Education of the Williamson Independent School District."

Sec. 3. Any vacancy that may occur in the office of school commissioner, by death, resignation, refusal to serve, or otherwise, shall be filled by the board of education of the district at their first regular meeting thereafter, or as soon as circumstances will permit, by the appointment of a suitable person, who shall hold his office until the next election of school commissioners, when a commissioner shall be elected for the unexpired term.

Sec. 4. The board of education shall elect annually at their first meeting on the first Monday in July, or as soon thereafter as may be practicable, one of their members to act as president of said board who shall perform all the duties which are required to be performed by such officer of any board of education, which may not be inconsistent with the provisions of this act.

The board shall elect at the same time a secretary, who may or may not be a member of said board, who shall perform such duties for said board as are required of secretaries of other boards of education.
The president shall have one vote as commissioner, and shall not vote upon any question arising in the board by reason of being said officer.

Sec. 5. The secretary shall record in a book for the purpose all the official acts and the proceedings of the board which shall be a public record, open to the inspection of all persons interested therein. He shall preserve in his office all papers containing evidence of title, contracts and obligations, and in general shall record and keep on file in his office all such papers and documents as may be required by any of the provisions of this act, or by any order of the board of education. He shall annually, between the first and twentieth of July, make report to the county superintendent of such facts in his possession as may be required by general school law of the state. For his services he may receive such compensation, not exceeding one hundred dollars per annum, as the board may allow. In his absence the board may appoint a secretary pro tempore.

Sec. 6. The board of education shall hold stated meetings at such times and places as they may appoint, not less than three members being required to constitute a quorum for the transaction of business. Special meetings may be called by the president, or, at the request of any member, by the secretary. The concurrence of three members of the board shall be required to elect superintendent or teachers, and to decide all questions involving expenditure of money. The members of the board of education shall each receive a compensation of two dollars for each meeting of the board attended by them, and no compensation shall be paid said commissioners for any meeting of the board at which they are not present.

Sec. 7. The board of education of the Independent School District of Williamson shall be a body corporate in law, and as such may purchase, hold, sell, or convey real or personal property for the purpose of education within the district; may receive any gift, grant, donation or devise; may become party to suits and contract and do other corporate acts. They shall have the management and be vested with the title to all real and personal property for the use of the public schools within the district, and shall manage and dispose of the same as will in their opinion best subserve the interests of the district.

Sec. 8. The board of education shall have exclusive control of all schools within the district; shall have power to make all necessary rules and regulations for the government of the schools of the district, for the admission of pupils therein, for the exclusion of pupils whose
attendance would be dangerous to the health or detrimental to the morals or discipline of the school. The said board of education shall use the same school books used throughout the county, but shall have authority to prescribe other and advanced courses of study to be pursued in the schools of said district; may provide free text books for indigent pupils.

Sec. 9. The board of education shall have power to establish within the district such schools, including a high school, by such name as may be prescribed by said board, as, may in their judgment be best for the interest of the district. The board of education shall also have power to adopt and enforce such rules as to it seem expedient to compel the attendance of all children within the district of school age. The schools of the district shall be subject to such grading as the board may direct. The said high school shall be open to all pupils in the district, but no pupil shall be entitled to enter such school until the superintendent shall have been satisfied that the said pupil has made due proficiency in the other schools of the district.

Sec. 10. Admission to the various schools of the district shall be gratuitous to all white children, wards, and apprentices, or actual residents within the district, between the ages of six and twenty-one years, and the board may, where it deems expedient, establish, regulate and provide for kindergartens for younger children; provided, that admission of pupils, residents of one sub-district, to the schools of another shall rest with the board of education. Non-residents of the district may be allowed to attend the schools of the district upon the payment in advance of such tuition as the board of education may prescribe.

Sec. 11. The board of education shall establish, within the district, one or more separate schools for colored children, whenever they may deem it necessary, so as to afford them, as far as practicable, the advantages and privileges of a free school education. All such schools shall be under the management and control of the board of education, and shall be subject to like general regulations as other schools of the district; but under no circumstances shall colored children be allowed to attend the same school, or be classified with white children.

Sec. 12. No money shall be paid out, by the sheriff, except on a draft signed by the president and secretary of the board of education, and specifying on its face the particular account to which the same is chargeable, nor shall any credit be allowed to the sheriff, in his annual settlement, upon any voucher except such draft.
Sec. 13. The sheriff shall annually, on or immediately before the first day of July, make such settlement with the board of education as the general school law may provide; and for collecting and disbursing the taxes, assessed by the board of education, he shall be entitled to a commission of not more than five per centum upon the amount collected, excepting for money received for sale of bonds, and collection of railway companies' tax, he shall not receive more than two per centum for receiving and disbursing the same.

Sec. 14. The sheriff shall annually, as hereinbefore provided, make such settlement with the board of education, and account to said board for all monies, from whom, and on what account, and the amount paid out for school purposes in the district, since the last settlement.

Sec. 15. In case the sheriff shall fail to make the annual settlement within the time prescribed in the preceding section, he shall forfeit five hundred dollars, to be recovered before any court having jurisdiction, for the use of the schools of the district. And it is hereby made the duty of the secretary of the board of education to proceed forthwith, in case of such failure, by suit against such sheriff and his securities, to recover the penalty as aforesaid. But if, before suit shall have been entered, the sheriff shall satisfy the board that owing to sickness, or other causes which may seem to them sufficient, said settlement has been rendered impracticable, such further time may be allowed as the board may deem reasonable and just.

Sec. 16. Annually, on the first Monday in July, or as soon thereafter as circumstances will allow, the board shall appoint a superintendent of schools for the district, who shall have had at least five years' experience as superintendent, principal or teacher in some high school or college, and fix his salary. Said superintendent, in addition to the duties specified in this act, shall perform such other appropriate duties with the relation to the schools of the district as the board may prescribe. He shall be liable to removal by the board of education, for any palpable violation of law or omission of duty, but he shall not be removed unless charges shall be preferred to the board by a member thereof, and notice of a hearing, with a copy of the charges, delivered to him, and an opportunity be given him to be heard in his defence. When the office shall have become vacant from any cause, before the expiration of the term for which the superintendent shall have been elected, the board of education shall fill the same by appointment for the unexpired term. It
shall be the duty of the superintendent to make such report to the board of education, of the character and condition of the schools of the district, as shall enable the secretary to make his required report to the county superintendent. The superintendent shall not directly or indirectly receive any gift, emolument or reward for his influence in recommending the use of any book, apparatus or furniture of any kind whatever, in the schools of this district.

Sec. 17. The board of education shall, annually, at their first regular meeting, appoint two competent persons of opposite political parties with the superintendent as an examining committee. The superintendent, who shall be ex-officio chairman of the board of examiners, shall be required to take no examinations for teaching in case he is to teach in said district. The other two members of the board of examiners shall not be eligible to appointment as teachers in the said district during their term of office. It shall be the duty of the said committee to examine all applicants for positions as teachers in the schools of the district, in all common branches, and such other branches as they may be required to teach, and each person so examined shall pay a fee of one dollar, but no applicant shall be entitled to examination who shall not furnish evidence satisfactory to the committee of good moral character; certificates of qualification shall be granted according to the merits of the applicant, thus: Number one shall denote a very good teacher; number two, good; number three, medium. A number three certificate shall not be issued more than twice to any one person, but the board may make special regulations as they may deem fit concerning the certificates of colored teachers. No certificate shall be granted for a longer period than two years, and there shall be no renewals without examination.

The committee shall hold meetings for the examination of teachers at such times and places as the superintendent may appoint. They may receive such compensation as the board may allow out of the fees for examining teachers. The excess of such fees, if any, shall go into the building fund of the district.

Sec. 18. Teachers shall be subject, in all respects, to the rules and regulations adopted by the board of education, and they may be removed by the board for incompetency, or immoral conduct, upon complaint of the superintendent or any member of the board.

Sec. 19. The board of education shall appoint all teachers for public schools of any grade within the district and fix their salaries at the meeting held not later than the third Monday in August in
CH. 33] IND. SCHOOL DISTRICT OF WILLIAMSON. 281

any year, but no person shall be employed to teach in any public school in the district who shall not have first obtained a certificate of qualification to teach a school of the grade for which the appointment is made; except that the superintendent shall not be required to obtain any certificate. All appointments of superintendent and teachers shall be in writing, under a form of contract to be provided by the board of education.

Sec. 20. It shall be the duty of the board of education to provide by chase, condemnation, leasing, building, or otherwise, school houses and grounds, furniture, fixtures, and appendages, and keep the same in good order and repair, and supply the said school houses with fuel and other things necessary for their comfort and convenience; to pay the principal and interest on loans made pursuant to this section, and all other expenses incurred in the district in connection with schools not chargeable to the teachers’ fund. For the purposes mentioned in this section, the board of education shall annually levy a tax on the property taxable in said district, not to exceed in any one year twenty cents on every hundred dollars valuation thereof, according to the latest assessment of the same for state and county taxation. The proceeds of the taxes so levied, of school houses and sites sold, of all donations devises and bequests, applicable to the purposes mentioned in this section, shall constitute a special fund to be called “The Building Fund,” to be appropriated expressly for the purposes named in this section.

Sec. 21. In addition to the levy named in the preceding section the board of education shall, for the support of the schools of the district annually levy such tax on the taxable property of the district as will be sufficient, with the money received from the state for the support of free schools, to keep said schools in operation not less than five months in the year; provided that the said tax shall not in any year exceed the rate of fifty cents on every hundred dollars valuation, according to the latest available assessment, made for the state and county taxation. The proceeds of this levy, together with the money received from the state as aforesaid, shall constitute a special fund to be called “The Teachers’ Fund,” and no part thereof shall be used for any other purpose than the payment of teachers’ salaries, and the salary of the city superintendent. Upon failure of the board of education to lay the levies required by this act, or either of them, they shall be compelled to do so by the circuit court by writ of mandamus.

Sec. 22. The assessments made under the provisions of this act
shall be collected as now provided by law. The board of education shall not, during any one year, incur any expense that shall exceed the amount of available funds received for school purposes during that year.

Sec. 23. If any person or persons shall mar, deface or otherwise injure any schoolhouse, outbuilding, fence, furniture, or other school property of the district, the person or persons so offending shall be liable to prosecution before any court having jurisdiction, and, upon conviction, shall be subjected to a fine of not less than five dollars and costs of prosecution and if the amount of damage shall exceed five dollars, the person or persons convicted of the offence shall be liable for the full amount thereof.

Sec. 24. If the injury be done by a minor, the parent or guardian of said minor shall be liable as aforesaid. It shall be the duty of the board of education of the district in which the property damaged may be located to ascertain, if possible, by whom the offence was committed, and when satisfied thereof, to cause the party or parties to be arrested and tried for the offence, in the name and on behalf of the board of education, and all fines or damages collected, by virtue of this section, shall be paid into the district treasury, and be appropriated for the benefit of the schools of the district. The mayor of the town of Williamson, or any justice of Lee district, shall have jurisdiction of such offences.

Sec. 25. The election, provided for in section one of this act, shall be held as therein specified and shall be by ballot, and those voting in favor of the establishment of said independent district shall have written or printed on their tickets the words "For Independent District," and those voting against the establishment thereof, shall have written or printed on their tickets the words "Against Independent District." The election shall be superintended, conducted, and the result thereof ascertained and declared by officers appointed for that purpose by the county court of Mingo county at the time ordered by the court, and notice thereof shall be published once a week for two successive weeks next prior to holding said election, in two newspapers of different politics, published in Mingo county; and the provisions of the election laws of this state, so far as applicable, shall be in force and govern such election, unless otherwise provided.

The first election held hereunder, in the event of the creation of said district shall be held and conducted by the same officers, serving within said independent district, as conducted the election creating
said district. This and all subsequent elections shall be held in the public school building in Williamson. All subsequent elections of commissioners shall be held and conducted by officers appointed by the board of education, and the provisions of the general election laws of this state shall, so far as applicable, control and govern said election. The board of education shall perform all duties required of the county court, and the secretary of the board all the duties required of the clerks of the county and circuit courts.

Sec. 26. All provisions of the general school law of the state and all laws and acts heretofore existing, which are in any manner inconsistent with the provisions of this act, shall be void within the district; otherwise the said general school law shall remain in full force and effect in this district as elsewhere in the state.

(House Bill No. 271.)

Be it enacted by the Legislature of West Virginia:

1. That sections 6 to 135 inclusive of chapter 29 of the code, as last amended and re-enacted by chapter 4 of the acts of 1901, be
and the same are hereby amended and re-enacted so as to read as follows:

Sec. 6. On and after January first, nineteen hundred and nine, each county in the state shall constitute one assessment district, and shall elect one assessor whose term of office shall be four years. He shall be elected at the general election in the year nineteen hundred and eight and every four years thereafter, and shall be ineligible to re-election until the expiration of four years next after the term for which he was elected. No person shall be eligible to the office of assessor who is not a resident of the county and a freeholder therein at the time of his election. The assessors now in office and their successors shall serve until said first day of January, nineteen hundred and nine, unless removed in the manner provided by law, and shall perform also, in their several assessment districts, all the duties of the assistant assessors.

Sec. 7. After January first, nineteen hundred and nine, in every county whose population, as shown by the next census last preceding the election of an assessor, does not exceed twenty thousand, there shall be appointed one assistant assessor; in every county whose population is thus shown to exceed twenty thousand, and not to exceed thirty thousand, there shall be appointed two assistant assessors; and in every county whose population is thus shown to exceed thirty thousand, there shall be appointed three assistant assessors. Each of said assistant assessors shall be a voter and a resident of the county in which he is appointed.

Sec. 8. The assistant assessor shall be appointed by the assessor, with the advice and consent of the county court of the counties for which they are to be appointed. Not more than one assistant shall be appointed from any magisterial district, nor shall an assistant be appointed from the same magisterial district in which the assessor resides. They shall be appointed for the same term as that for which the assessor was elected, and shall be subject to removal by the assessor or by the county court. They shall take the same oath of office prescribed for the assessor. Vacancies, occurring from any cause, in the office of an assistant assessor shall be filled in the same manner provided for the appointment to full terms of office, and shall be for the unexpired term made vacant.

Sec. 9. The assessor, after consulting with his assistants, shall apportion the work of assessing property for the purpose of taxation among his assistants and himself as nearly equal as possible according to magisterial districts, and may from year to year make such changes
in the apportionment of work as to him may seem proper; but no magisterial district shall be divided in such apportionment between any two assistants, or between the assessor and any one of his assistants; nor shall any change in the apportionment of work be made after the labor of assessing has begun, until the expiration of that particular year.

Sec. 10. After the year nineteen hundred and eight, it shall be the duty of the county court of the different counties of the state to fix the annual compensation to be paid to the assessor, within the following limits, viz: In the counties not exceeding twenty thousand in population, the annual compensation of the assessor shall be fixed at not less than four hundred dollars nor more than seven hundred dollars; in counties whose population exceeds twenty thousand, and does not exceed thirty thousand, it shall be fixed at not less than seven hundred dollars nor more than one thousand dollars; and in counties whose population exceeds thirty thousand, it shall be fixed at not less than one thousand dollars nor more than two thousand dollars. The assistant assessors in each county shall receive the same compensation, which shall not exceed three hundred dollars per annum. The compensation of the assessor and his assistants shall be fixed and provided for by the county court and paid out of the county treasury.

The compensation of the assessors elected in the year nineteen hundred and four shall be fixed according to law as it was on the day before the election, or as may hereafter be fixed by law.

Sec. 11. The authority and duty of the assessor elected for each county in the year nineteen hundred and eight and thereafter shall extend to the limits of his county. The authority and duty of the assessors elected in the year nineteen hundred and four shall extend to the limits of their several respective assessment districts.

Sec. 12. In the year nineteen hundred and five all property, both real and personal, in any county (except as is provided in chapter fifteen of the acts of the extraordinary session of the legislature of nineteen hundred and four), whether it be assessed by the assessor, by the board of public works, or by any other person or officer or tribunal, shall be assessed at its fair cash value. Such property as is required to be assessed by the assessor shall be assessed as of the first day of April. After the year nineteen hundred and five all such property, whether assessed by the assessor, assistant assessor or other person or officer, or by the board of public works or other tribunal, shall be assessed at its true and actual value; (that is to say: at the price for
which such property would sell if voluntarily offered for sale by the owner thereof, upon such terms as such property, the value of which is sought to be ascertained, is usually sold, and not the price which might be realized if such property was sold at a forced sale). Nothing in this chapter contained shall be construed so as to require the annual assessment of the value of all the real estate in the state before the year nineteen hundred and nine; but, beginning with said year, it shall be the duty of the assessor and his assistants in each county to assess the value of all real estate annually in said county, as well as the value of all personal property therein, at the true and actual value.

Sec. 13. It shall be the duty of the assessor and his assistants to furnish each taxpayer, in their respective magisterial districts, in the month of March, and at least ten days before said taxpayer is called upon to make the list of his property, the proper blanks on which his property shall be listed. The mailing of said list addressed to the taxpayer at his nearest post office shall be a sufficient compliance with this provision: provided, also, that the failure of any taxpayer to receive such blank shall in no case excuse him from making a list of his property when called on, or exempt him from taxation.

Sec. 14. Between the first day of April and the twentieth day of June each assessor and assistant shall call upon every person, in the territory appointed to such assessor and assistant, who is liable to assessment, and thereupon such person shall furnish to said assessor, or his assistant, a full and correct description of all of the real and personal property of which he was the owner on the first day of April of the current year, fixing what he deems to be the true and actual value of each item of property, both real and personal, for the guidance of the assessor, who shall finally settle and determine the actual value of each item of such property by the rule prescribed in section twelve of this chapter. Such person shall also, at the same time, make separate, full and true statements, in like manner and upon similar blanks to be furnished him, distinctly setting forth in each a correct description of all the property, real and personal, held, possessed or controlled by him, as executor, administrator, guardian, trustee, receiver, agent, partner, attorney, president or accounting officer of a corporation, consignee, broker, or in any representative or fiduciary character, and he shall fix what he deems the true and actual value thereof to each item of such property, which valuation shall be subject to revision and change by the assessor in like manner as property owned by such person.
in his own right: *provided, however*, that no person shall be compelled to furnish the list mentioned in this section sooner than the tenth day of April of the current year: *provided, further*, that no person shall be required to furnish the list and value of his real estate as above provided before the year nineteen hundred and nine; nor, in the year nineteen hundred and five, shall such list state other than the fair cash value of said personal property, but it shall state its true and actual value in each year thereafter; and the form of oath in the next succeeding section shall be modified according to this proviso.

**Form of oath prescribed.**

Sec. 15. The assessor and his assistants are empowered to administer oaths in all matters pertaining to his official business, and every such list provided to be made out by the next preceding section shall be sworn to or affirmed, by the person making the same, before it shall be received by the assessor or any of his assistants. The form of such oath or affirmation, when made by the person owning the property (and the oath, or affirmation, of the owner of the property shall be required in all cases where it is practicable, instead of the oath or affirmation of his agent, or manager), shall be substantially as follows. towit:

"State of West Virginia, county of ———— ss:

"I, ————, do solemnly swear (or affirm) that, to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all property, real and personal, owned by me on the first day of April last; that where I have been unable to exhibit any class of property to the assessor, or to his assistant, such property has been fully and fairly described to him and its true condition represented; that I have in no case sought to mislead the assessor, or his assistant, as to the entire quantity, quality or value of the property; that I have reported all moneys and the value of all credits and investments owned by me on the said day and liable to taxation, except bonds of the United States, and except stock in banks, trust companies, and other incorporated companies whose property is assessed in the name of such corporation, either within or without this state; that since the first day of April of last year I have not directly, or indirectly, converted or exchanged any of my property temporarily, for the purpose of evading the assessment thereof for taxes, into non-taxable property or securities of any kind; and that
I have, to the best of my knowledge and judgment, valued the said property, both real and personal, at its true and actual value on the first day of April; by which I mean the price that could be obtained for said property at private and voluntary sale, and on such terms as are usually employed in the selling of such property, and not the price which might be realized at a forced or auction sale; so help me, God.

"Subscribed and sworn (or affirmed) to before me, this — day of ———, 19—.

"________________________, Assessor.

"By———

Sec. 16. The assistants shall perform their labors under the direction and advice of the assessor. It shall be his duty to examine and revise the lists of property taken by his assistants to see that the assessment is equal and uniform throughout his county; and if in his opinion any property, real or personal, or any of said lists, is valued at more or less than its value, according to the rule provided in section twelve of this chapter, he shall correct the same by giving to such property its value according to said rule. If it should appear that any property liable to taxation has been omitted from any taxpayer’s list, the assessor shall list and value the same according to the rule prescribed by section twelve.

Assessors and assistants to hold meetings, et cetera.

Sec. 17. After the year nineteen hundred and eight, there shall be held at least two meetings of the assessor and his assistants, between the first day of April and the twentieth day of June of the current year, at such time and place as the assessor shall appoint, of which all of said assistants shall have had due notice, for the purpose of procuring a uniform valuation of property, both real and personal, throughout the entire county, according to its true and actual value. The last meeting shall be held after the work of listing property has been completed, at which meeting all the lists shall be thoroughly gone over and revised and corrected, if found to be erroneous either in the amount of property, real or personal, assessed to any person, firm or corporation, or in the value given to any item of property by the taxpayer, by placing on such lists the omitted property and giving to it, as well as any property that has been listed, but which has been incorrectly valued, the true and actual value thereof according to the
rule prescribed in section twelve of this chapter, and by omitting property improperly listed. The clerk of the county court shall sit as an advisory member at such last meeting.

Sec. 18. After the year nineteen hundred and eight, the assessor and his assistants shall, together with the clerk of the county court sitting as an advisory member, hold another meeting, which shall be held at the county-seat not later than the fifth day of July, for the purpose of hearing any complaints that may be made by any person whose property, or any item thereof, has been given a greater value by the assessor than that fixed to it by the taxpayer or the person listing the property, and for hearing the complaint of any one who may claim that the assessor has entered on his list, and valued for taxation, property that does not exist, or, if it exists, is not liable for taxation, or if any property has been incorrectly described. Every person, or his personal representative or agent, who listed and valued the property in the first instance, whose list has been changed by increasing the aggregate valuation of the property thereon, or by placing thereon additional property not listed by him, and every person whose list has been made out by the assessor as provided in section seventy-one of this chapter, shall be given at least ten days' notice of said meeting, and of the particular changes that have been made in his tax list. Notice addressed to such person at his nearest post office, and mailed ten days before said meeting, shall be equivalent to personal service. Notice of such meeting shall also be published once a week, for two successive weeks prior thereto, in two newspapers of opposite politics published in that county, if there be such; and if none be published therein, then in some newspaper of general circulation in the county. The notice so to be published shall state briefly the time and place of holding said meeting, and the general purpose thereof. The expenses of such publication shall be provided for and paid out of the county levy. If any person so notified shall fail to apply for relief at said meeting, he shall be deemed to have waived his right to ask for a reduction in his assessment list for the current year, and shall not thereafter be permitted to question the correctness of his list as finally fixed by the assessor. After hearing the complaint, and consulting with his assistants and the clerk of the county court, the assessor, if he be of the opinion that any error has been committed, shall correct the same, always giving to any particular item of property its true and actual value according to the rule prescribed in section twelve of this chapter. If any taxpayer-
who applies at said meeting for relief is dissatisfied with such decision, he shall have the right to apply for relief as provided in sections one hundred and twenty-nine, one hundred and thirty, one hundred and thirty-one, one hundred and thirty-two and one hundred and thirty-three of this chapter.

State tax commissioner to report neglect of duty.

Sec. 19. The state tax commissioner shall communicate to the circuit court, and to the prosecuting attorney of the county, any instance of misconduct or neglect of official duty on the part of any assessor, justice, prosecuting attorney, clerk of a court, sheriff or constable of such county, and any evidence thereof of which he may be cognizant; and the court shall investigate the same, and, if the charges are true, such assessor, justice, prosecuting attorney, clerk of a court, sheriff or constable shall forfeit not less than ten nor more than one hundred dollars, and may be removed from office.

State tax commissioner to furnish forms to assessors.

Sec. 20. The state tax commissioner shall prepare and forward to the assessors such printed forms for the personal property books and the land books, and such lists of taxable subjects to be furnished by the assessors to persons chargeable with taxes, as will procure a perfect assessment of all persons and property, both real and personal, in this state subject to taxation. The state tax commissioner shall also, by letter or printed circular, give such instructions to assessors respecting their duties as may seem to him judicious; and if any assessor fail to obey such instructions, so far as they are not contrary to law, he shall forfeit not less than ten nor more than one hundred dollars, and upon being convicted a second time, of a like offence, he shall be removed from office.

Books and papers of his predecessor.

Sec. 21. The assessor shall apply for the official books and papers, which his predecessor had, to the person in possession of the same; and if such person fail or refuse to deliver them he shall forfeit one hundred dollars.

Sec. 22. The state tax commissioner, on being informed that such official books and papers cannot be obtained, may authorize the asses-
Assessors to make out land books; corrections therein.

Sec. 23. The land books for every county shall, after the year nineteen hundred and eight, be made out by the assessor of such county. Until that time the said land books shall be made out by the clerks of the several county courts of the state. In making the said land books in each year such officer shall be governed, as far as is proper, by the copy of the land books last made out in his county. But he shall correct errors and mistakes which he may have made in any such land books as to the names of persons properly chargeable with taxes on any tract or lot of land therein, and enter and charge the same with taxes thereon to the person or persons properly chargeable therewith, whether such correction be rendered necessary by the conveyance of such tract or lot by the person last charged with taxes thereon or otherwise. He shall also correct all errors and mistakes he may find in such land books as to the local description thereof, and all clerical errors of every sort which he may find therein. Mistakes, errors and improper entries in the land books after they are made out, corrected and certified, as provided in this chapter, shall be corrected in the manner provided in section one hundred and twenty-nine, one hundred and thirty-one of this chapter. So long as the clerk of the county court shall make out the land books as required by this chapter, he shall receive a compensation, to be fixed by the county court and paid out of the county treasury, not exceeding ten cents for each and every separate tract or lot of land entered upon said land books for taxation: provided, that he shall not be paid for any copy or duplicate of said land book.

Sec. 24. The clerk or the assessor in making out the land books shall correct any and every mistake he may discover in the original land books, or in the land books of any previous year, and if any taxes have been omitted for a former year he shall enter the same, with lawful interest thereon, for collection.

Sec. 25. When the clerk or assessor shall ascertain that any land in his county liable to taxation has been omitted from the land books, for a period of less than five years, he shall make an entry thereof, and of the name of the owner, in the land book of the year in which
such omission was discovered, and shall assess the same at its proper value according to the rule prescribed in section twelve of this chapter, and shall charge the same with all taxes chargeable against it, together with interest thereon, for the years during which it was omitted from the land books. Any assessor failing to make such entry shall forfeit twenty dollars.

Change of ownership; general rules respecting.

Sec. 26. Land which has been properly charged to one person upon the land book for any assessment year shall not afterwards, within that assessment year, be transferred on such book to another person.

Sec. 27. If the owner of a tract or lot of land has derived title thereto by several conveyances from the same person, or from different persons, such tract or lot shall be entered and charged with taxes on the land books as a whole, and not in different parcels.

Sec. 28. The clerk of every circuit and municipal court shall annually, in the month of April, make out a list of all judgments and decrees for the partition or recovery of lands which have been rendered by their respective courts and have not been heretofore reported to the proper officer, stating in such list the date of the judgment or decree in each case, the land recovered and by whom, the land which was divided and between whom and in what parcels. The clerk of the county court shall annually, in the month of April, make out a list of all lands, if any, lying in another county devised by wills recorded in his office and not before reported to the proper officer, stating in such list the date of the will in each case, when admitted to record, the names of the devisor and devisee, and description of the land devised.

Sec. 29. After the year nineteen hundred and eight, every list mentioned in the preceding section shall be delivered or transmitted by mail, by the officer making it, to the assessor of the county or counties where the said lands are situated, within the said month of April. Before the year one thousand nine hundred and nine such list shall be delivered to the county clerk.

Sec. 30. The auditor shall annually, in the month of April, make out and forward to the assessor of each county an abstract of all grants issued by the state for land lying in such county, not previously reported for assessment.
Clerk to furnish assessor certified list of deeds, et cetera.

Sec. 31. After the year one thousand nine hundred and eight, the clerk of the county court shall annually, not later than the fifteenth day of April, make out a certified list, and deliver the same to the assessor, showing all the transfers of title to land made in his county prior to the first day of April of the current year. Said list shall show whether the transfer was made by will or by deed of conveyance, or by judgment or decree, the names of the devisors and devisees, the names of the grantors and grantees and the names of the parties in favor of and against whom said judgment or decree was rendered, with the title of the cause, the nature of the estate transferred, the character of interest in the land conveyed, the quantity and location of the land or interest transferred, and if part of a tract, of what tract it was a part when the whole tract was transferred. From the list thus furnished the assessor shall make the necessary changes in the land books for the current year, and shall value each tract of land or interest therein, so transferred, at its true and actual value according to the rule established in section twelve of this chapter.

Sec. 32. If any officer fail to perform any duty required of him, by the five preceding sections, he shall forfeit not less than ten nor more than fifty dollars for every such failure.

Sec. 33. Any person interested may procure at his own cost a certified copy or statement of any deed, judgment, decree or grant, deliver the same to the assessor of the county, and the assessor may examine the original deeds or the records, of his or any other county, to ascertain to whom any parcel of land is properly chargeable, or its description or quantity.

Change of ownership—how entered by assessors.

Sec. 34. Such changes as happen in the county shall be noted in the land books by the officer whose duty it is to make them as follows:

Sec. 35. Such officer shall enter in the land book all lands appearing by the abstract of the auditor to have been granted and not previously entered therein, and shall assess the value thereof, giving to it its proper value according to the rule prescribed in section twelve of this chapter. If he shall fail to enter and assess any grant mentioned in the said abstract in the land book next made out by him, after the abstract shall have been received, he shall forfeit twenty dollars.
Sec. 36. Real estate purchased for the state, at a sale for taxes, shall not be omitted from the land books, but no taxes shall be assessed thereon while the same remains the property of the state. There shall be noted on the land book, and by the officer whose duty it is to make out the same, opposite the name of the former owner the time when the same was so purchased by the state, and such officer shall continue said memorandum in the land books for succeeding years, and until the said real estate is redeemed or until it is otherwise disposed of by the state. The auditor shall also keep a register of said purchase. When real estate so purchased appears to have been redeemed, the officer whose duty it is to make out the land books shall note the fact therein for the year in which the redemption was made, and shall value the same at its value according to the rule prescribed in section twelve of this chapter, and taxes shall thereafter be assessed against the same. The auditor shall in the month of April, in each year, certify to the officer whose duty it is to make out the land book a list of such lands in his county as have been so redeemed within the preceding year. When real estate is sold to an individual for taxes, the officer whose duty it is to make out the land book shall continue the same upon the land books in the name of the former owner until the purchaser obtains a deed therefor. Such officer shall then enter the same so purchased in the name of the purchaser and shall value the same according to the rule prescribed for the valuing of other lands.

Sec. 37. The lands specified in the lists, copies, deeds, records, abstracts and statements, mentioned in the twenty-seventh, twenty-eighth, thirtieth, thirty-first and thirty-third sections of this chapter, shall be transferred, by the officer whose duty it is to make out the land book to the persons who appear thereby to be the owners thereof.

Certified statement to be furnished town clerks and boards of education.

Sec. 38. The officer whose duty it is to make out the land book shall annually, not later than the twentieth day of July, furnish to the recorder or clerk of the city or town council of every incorporated city and town in his county, and also to the secretary of the various boards of education of his county, a certified statement, showing, in separate amounts, the aggregate value of all the personal property and the aggregate value of all the real estate in said county or city, as ascen-
The statement so furnished shall be taken, by the council of said city or town, as the proper valuation of all property situated therein and liable for taxation for municipal purposes, notwithstanding any provisions which may be contained in the charter of any city or town. Upon receiving said statement the recorder, or clerk of the council, shall immediately present the same to the said council at a meeting to be held, not later than the first day of August, for the purpose of determining the rate of levy for municipal purposes for the current year; and as soon as the rate shall have been determined upon, the recorder, or secretary of the council, shall furnish the officer whose duty it is to make out the land and personal property books a certified copy of the order of said city or town council fixing the rate of tax, and such officer shall thereupon extend the tax against the property situated in said city or town in the land book and the personal property book of his county, in separate columns in said books, which columns shall be headed with the words: "Town, or city, tax for the town, or city, of"

Mineral and timber—how assessed.

Sec. 39. When a tract of land becomes the property of different owners in several parcels, the assessor shall assess the several parcels separately to the individual owners thereof, giving to each of said parcels its true and actual value according to the rule prescribed in section twelve of this chapter. Whenever any person becomes the owner of the surface, and another or others become the owner of any other estate in the coal, oil, gas, ore, limestone, fire clay, or other minerals or mineral substances in and under the same, or of the timber thereon, the assessor shall assess such respective estates to the respective owners thereof at their true and actual value, according to the rule prescribed in section twelve of this chapter: provided, that if, by reason of the discovery of such minerals or the development thereof or otherwise since the last assessment, any such land or estate increases in value to the amount of one hundred dollars or more, the assessor shall increase the assessment of such land or estate to the actual value thereof, according to the rule contained in section twelve, in the name of the owner thereof; and provided, further, that if the value of such estate shall decrease to the amount of one hundred dollars or more, by reason of the exhaustion of any such minerals or by the fail-
ure to find or develop the same thereunder, said assessor shall make such reduction in the valuation thereof as to place it at its actual value according to the rule prescribed in section twelve of this chapter.

Lands of deceased persons.

Sec. 40. When the owner dies intestate his undivided real estate may be listed to his heirs, without designating any of them by name, until they shall give notice to the officer whose duty it is to make out the land books of the division of the same, the names of the several heirs, and the parcels allotted to each; and each heir shall be liable for the whole tax assessed upon such land while it is so listed; but when he pays the same he may recover of the others their proper proportion of the amount so paid, and the proportion thereof for which such other or others as are liable shall be a lien on the interest owned by him or them in such lands; and such liens, when the amount so paid exceeds twenty dollars in all, may be enforced in a court of equity. When the owner has devised the lands, or a freehold estate therein absolutely, such land shall be charged to the devisee. If under the will the land is to be sold it shall be charged to the decedent’s estate, and the assets in the hands of the personal representative shall be liable for the taxes until a sale and conveyance thereof be made.

How old and new buildings are to be assessed.

Sec. 41. Land and the buildings or structures erected thereon shall be assessed separately, and the value of each entered in separate columns in the land books. Land, except town lots, shall be valued by the acre, and town lots shall be designated by the number of the lot and the name of the street on which it fronts, provided the lots be numbered and the streets of the town designated by name. They shall also be designated by giving their width and length in feet. A part of a lot shall be further described by giving its direction from the other portion of the lot. Every assessor shall, in each year, assess and enter in the land book of his county the value of any old building omitted for one or more years, and of any addition or improvement to a building and of any building newly erected, not theretofore assessed, if the same be of the value of one hundred dollars or more. Such building, whether new or old, and such addition or improvement, shall be assessed at their proper value according to the rule prescribed in section twelve of this chapter. And when it is an old building omitted
for one or more years, the taxes for former years shall be charged with lawful interest thereon for the omitted year. When any building that has been assessed shall become reduced in value one hundred dollars, or more, the assessor shall take the amount of such reduction from the value of the building assessed against the owner; and where any building shall be wholly destroyed, or reduced to less than one hundred dollars in value, the assessor shall deduct from said assessment the amount for which such building was assessed.

Sec. 42. No new building, addition or improvement shall be assessed until it is so far finished as to be fit for use. For any failure on the part of the assessor to comply with this or any of the three preceding sections he shall forfeit fifty dollars.

Machinery and fixtures, how assessed.

Sec. 43. In assessing the value of buildings or structures, the assessor shall ascertain the value of all machinery and fixtures attached thereto, and include the same in the value of the building charged to the owner, unless it appears that such machinery and fixtures are owned by some person other than the owner of the building, in which case the value of such machinery and fixtures shall be assessed to their owner as personal property; and the value of such machinery or fixtures shall be thereafter increased or reduced according as they may have increased or decreased in actual value.

Lands lying in more than one county.

Sec. 44. Every tract of land of one thousand acres or less, lying in more than one county, shall be entered for taxation on the land book of the county where the greater part thereof in value lies; but the entry thereof and payment of taxes thereon, in any county where any part thereof is situated, shall, for the time during which the same is so entered and paid, be a discharge of the whole of the taxes and levies charged and chargeable thereon. When new buildings are erected of the value of one hundred dollars or more, upon that part of such tract lying out of the county in which it is assessed, the assessor on whose books it is entered shall assess the same and add the value thereof as in other cases. Every tract of land of more than one thousand acres, lying in two or more counties, shall, for the purpose of taxation, be entered and charged with all taxes in each magisterial district of the several counties in which any part of it is, to the extent,
as near as may be, that the same lies in such district. When any such tract of more than one thousand acres is thus assessed, partly in one county and partly in another, the several officers of such counties whose duty it is to make out the land books of the respective counties shall value the part lying in his county without regard to the value of the whole tract, and he shall ascertain its value, as in other cases, according to the rule prescribed in section twelve of this chapter. It shall be the duty of such officer of the county in which the whole of any such tract is charged with taxes to strike such charge from the land book of such county, and to enter so much of said tract as lies in his county and charge the same with county and district taxes on the land book in each magisterial district in his county where any part of such tract may be. Such officer of the county in which the remaining portion of such tract lies shall likewise enter and charge with taxes the portion of said tract in his county. Any person aggrieved by any such entry and charge may apply to the county court for relief, as in other cases.

Sec. 45. When land lying in more than one county has been assessed in one of said counties only, if the owner convey that portion, or any part thereof, lying in the county wherein the same is not assessed, such officer in said county shall enter the part so conveyed in the land books of his county, and shall assess it to its owner at its proper value according to the rule prescribed in section twelve of this chapter. And such officer of the county in which the whole of said land has been previously assessed shall deduct the part so conveyed and assess the remainder according to its proper value.

Sec. 46. In like manner, when a tract or lot of land lies in more than one district, and the owner conveys any portion thereof situated in a district wherein such land was not assessed, the part so conveyed shall be thereafter entered in the proper district, and the proper value thereof ascertained, as in other cases, according to the rule prescribed in section twelve of this chapter, and the quantity thereof shall be deducted from the entire tract or lot as it was before entered.

Sec. 47. The assessor and his assistants shall annually after the year nineteen hundred and eight, when listing and assessing personal and real property, make diligent inquiry of every resident land owner, and of the resident agents of non-resident land owners, as to the number of acres of land owned by them, the number of acres in each tract, and the number of town lots owned by them, and the value per acre of each tract and the local description thereof, and the value and
location of the town lots. They shall also inquire of said owners or agents whether the entries charged against them in the land books of the previous year are correct, whether any part thereof ought to be transferred to any other person, and if so to whom, and the nature of the evidence to authorize such transfer; also, whether any other land in the county ought to be charged to such resident or non-resident, and whether the description given to any tract of land or town lot in the book of the previous year is incorrectly given. It shall be the duty of such owners and agents to answer all of said inquiries on oath. The assessor shall provide for himself, and for each one of his assistants, a copy of so much of the land book of the previous year as contains a list of the land in the magisterial districts severally apportioned to them under the provisions of section nine of this chapter, and shall note in said copies such changes and corrections as ought to be made in the land book of the previous year, according to the information obtained under the authority of this section. The assistant assessors shall report any such changes and corrections, as appear to them should be made, to the assessor at some of the stated meetings provided for in sections seventeen and eighteen of this chapter. The assessor shall make such use of the information so obtained as he can properly make, consistently with the other provisions of this chapter, in making out the land book of the county for the current year. Any such resident or agent failing to comply with such requisition shall, after the year nineteen hundred and eight, forfeit fifty dollars. Any assessor or assistant failing to comply with this section shall forfeit not less than fifty nor more than one hundred dollars.

Form of land books—tracts of land—town lots.

Sec. 48. After the year one thousand nine hundred and eight the assessor shall make out the land book, including all extensions, in such form as the auditor may prescribe. Such land books shall contain separate lists for the different magisterial districts and separate lists for the towns of the county, and if there are independent school districts which include towns, and also lands lying outside of such towns, there shall also be a separate list for so much of each of such independent school districts as lies outside of such towns. There shall, for the purpose of taxation, be entered on the land books the town lots in the alphabetical order of the names of the owners thereof in the list arranged for them, and shall designate the said lists as "Town (or city) lots of the town (or city) of _______." There shall also be entered
in like alphabetical order, in the separate lists for the independent school districts and magisterial districts, the tracts of land the whole or the greater part of which is situated therein, but no tract or lot of land shall be entered in more than one of said lists, and no part of any tract or lot of land which does not lie within the incorporated limits of a town shall be entered in the list or charged with municipal taxes for such town. This section is subject to the provisions contained in the following section:

Sec. 49. In the table of the tracts of land the officer whose duty it is to make out the land books shall enter each tract separately, and shall set forth, in as many separate columns as may be necessary, the name of the person who, by himself or his tenant, has the freehold in his possession; the nature of his estate, whether in fee or for life; the number of acres as near as may be in the tract; the name of the tract, if it has a name; a description of it, as far as practicable, with reference to the water courses, mountains or other places on or near which it lies; the distance and bearing, as near as may be, from the court house; the value of the land per acre, including buildings; the value of the whole tract and buildings; the sum included in the value on account of buildings; the amount of taxes assessed on each tract for state, state school, county, free school, building and other district purposes, and, if the said real estate is located in an incorporated city or town, for municipal purposes, in separate columns, at the rate assessed for each of said purposes, and from whom, when and how the owner derived the land, if known, with a note of explanation of any other alteration made, showing why and upon what authority it was made.

_How contiguous tracts may be charged as one._

Sec. 50. Any owner of two or more contiguous tracts of land, situated in whole or in part in the same magisterial district of any county, may, upon application to the county court of such county and duly showing the relative location of said tracts, their ownership and present description on the land book, have the same by order of said court consolidated and charged, by aggregating the quantities thereof so far as lying in the same magisterial district, as one tract upon the land book of said county for the succeeding year and thereafter. The officer whose duty it is to make out the land books, upon presentation to him of a certified copy of said order showing the consolidation of
said several tracts of land, shall enter the same as one upon the land book of the year next ensuing, and make a proper note opposite the last entry of each of said several tracts, referring to said order, and a like note opposite the entry of the consolidated tract. He shall value the said consolidated tract at its proper value according to the rule prescribed in section twelve of this chapter. Any such officer failing to comply promptly with any of the several duties imposed, by this section, shall be deemed guilty of a misdemeanor, and fined not less than twenty-five and not more than fifty dollars.

Town lots—how described.

Sec. 51. In the table of town lots the officer, whose duty it is to make out the land books, shall enter separately each lot, whether improved or unimproved, and shall set forth in as many separate columns, as may be necessary, the name of the person and his estate, as in the table of tracts of land, charging lots leased for a term of years on ground rent, including all improvements thereon, not to the lessee, but to the tenant for life or fee simple owner under whom the lessee holds. He shall set forth in other columns the number of each lot in the town, if the same be numbered; the length and width of the lot in feet; the street on which it fronts, if the street of such town be named; the value of the buildings on the lots; the value of the lots including the buildings, and where a person does not own the whole of a lot he shall give a description of the part which he owns; the amount of the tax at the legal rate, and like notice of the course of title, and explanation of alterations, as in the table of tracts of land. If several unimproved contiguous lots be owned by the same person, they may be assessed together, but the number of the lots shall be stated.

Assessment to have reference to first of April.

Sec. 52. The assessor together with his assistants shall begin annually on the first day of April, and proceed without delay to ascertain all the persons and personal property on that day subject to taxation in his county; and after the year one thousand nine hundred and eight, the assessor together with his assistants shall likewise begin annually on the first day of April and proceed to ascertain all the persons and property, real and personal, on that day subject to taxation in his county. The taxes for each year upon real and personal property shall
be paid by those who are the owners thereof on that day whether it be assessed to them or others.

Sec. 53. While making such assessment, it shall be the duty of the assessor and assistants to see every person in his county who is liable to taxation therein upon property or capitation and obtain from him a sworn statement of his personal property.

He shall at the same time collect from every person liable for capitation tax, mentioned in section two of article ten of the constitution, the amount of such tax and deliver to such person a receipt therefor. In case any person liable therefor shall fail or refuse to pay such capitation, the assessor shall levy upon, and take into his possession, property or effects of the delinquent sufficient to pay said capitation and the cost of levy and sale. The assessor shall have as to said capitation the same powers of levy and sale, and of collection by any other method, as is vested in the sheriff for the collection of taxes, and he shall be entitled to the same fees. The assessor shall, at the end of each month, turn over to the sheriff all capitations collected by him and not paid over, less commission of ten per cent to which the assessor shall be entitled for collection. At the levy term of the county court the assessor shall make report to said court of all capitations collected, the names of those from whom collected, the names of all delinquents and the cause of delinquency in each case. Said report shall be verified by the affidavit of the assessor. Said assessor shall not thereafter for that year have authority to collect capitations, but a copy of said report shall be by the county court turned over to the sheriff, who shall forthwith proceed to collect all capitations remaining unpaid, whether or not they appear on said report. Upon the capitations collected by the sheriff he shall be allowed a compensation of ten per cent, of which the assessor shall be required to pay one-half of all over five per cent. The assessor shall be charged by the county court with all delinquents appearing in his said report, and likewise with all delinquents not reported by him, but afterward ascertained or reported by the sheriff, or ascertained in any other way, and credited with all collections on that account made and paid over by the sheriff, less two and one-half per cent to cover the sheriff's extra commission; he shall also be credited with such delinquencies as the county court shall be satisfied could not have been collected either by the assessor or the sheriff by the exercise of due diligence. And in case the sheriff shall fail to use due diligence in the ascertainment and collection of such delinquencies, he and his sureties on his ofi-
cial bond shall be liable to the assessor for all damages sustained by him on that account. The assessor shall, in addition to other bonds required of him, give a bond in a penalty, to be fixed by the county court, of not less than four thousand dollars nor more than twenty thousand dollars, conditioned for the faithful performance of his duties under this act.

Who deemed owner of property for purposes of taxation.

Sec. 54. As to real property the person who by himself or his tenants has the freehold in his possession, whether in fee or for life, shall be deemed the owner for the purpose of taxation. A person who has made a mortgage or a deed of trust to secure a debt or liability shall be deemed the owner until the mortgagee or trustee takes possession, after which such mortgagee or trustee shall be deemed the owner. Personal property mortgaged or pledged shall, for the purpose of taxation, be deemed the property of the party who has the possession.

By whom property is to be listed.

Sec. 55. The property of every person shall be listed for taxation, and all necessary information concerning the same shall be furnished to the assessor on his application. Such list shall be made and information furnished:

(a) With respect to property of a minor, by his guardian, if he has one, and if he has none, by his father, if living, or if not, by his mother, if living, and if neither be living or be a resident of this state, by the person having charge of the property;

(b) with respect to the separate property of a married woman, by herself or her husband, in her name;

Sec. 56. Every person required by law to list property on behalf of another shall list it separately from his own, designating the person, company, estate or trust to which it belongs.

**Property exempt from taxation.**

Sec. 57. All property, real or personal, described in this section, and to the extent herein limited, shall be exempt from taxation; that is to say: property belonging to the United States, or which, by the laws of the United States, is exempt from taxation by or under state authority; property belonging exclusively to the state; property belonging exclusively to any county, district, city, village or town in this state and used for public purposes; property used exclusively for divine worship, parsonages, and the household goods and furniture pertaining thereto; cemeteries, property belonging to colleges, academies and free schools, if used for educational, literary or scientific purposes, including books, apparatus, annuities, money and furniture; public and family libraries; property used for charitable purposes and not held or leased out for profit; property belonging to any public institution for the education of the deaf, dumb or blind, or to any hospital, house of refuge, lunatic or orphan asylum; homes for children or the aged, friendless or infirm, not conducted for private profit; fire engines and implements for the extinguishing of fire and property used exclusively for the safe keeping thereof, and for the meetings of fire companies; but no property shall be exempt from taxation which shall have been purchased or procured for the purpose of evading taxation, whether temporarily holding the same over the first day of April or otherwise, whether same be in this state or elsewhere:
provided, however, that the property, both real and personal, which is exempt from taxation by this section shall be entered upon the assessors' books, together with the true and actual value thereof, but no taxes shall be levied upon the same or extended upon the assessors' books.

How land taken for road may be released from taxation.

Sec. 58. Any person through whose lands a public road has been or may hereafter be established according to law, or through whose lands a railroad company has acquired or may hereafter acquire a right-of-way, by purchase or condemnation, may have the number of acres so taken for such public road or railroad deducted from the whole number of acres in the tract of land, and if such deduction is made on account of land taken for a railroad, the amount so deducted shall be transferred and charged to the railroad company until such time as the railroad is constructed and assessed by the board of public works under the provisions of this chapter, and when the said railroad is so assessed by the board of public works, the land occupied by its right-of-way and assessed to it under the provisions of this section shall be stricken from the land books, and be no longer assessed under this section. The reduction, provided for in this section, shall be made only by the county court of the county wherein such land is assessed at the time the reduction is applied for, after ten days' notice in writing to the prosecuting attorney of such county and upon satisfactory proof of the number of acres in any such public road or railroad, and of the number of acres in the whole tract or tracts of land from which the deduction is desired to be made. If the reduction is made on account of land taken for a public road, such reduction shall continue only so long as the land is used as a public highway, after which time the officer, whose duty it is to make out the land book, shall increase the quantity of land in the tract by adding to it the number of acres included in that part of the public road running through said land, with the proper value thereof, which has ceased to be used as such public road. Any order made by the county court upon such application shall direct such officer to correct the land books according to the facts established by such order.

Capitation tax.

Sec. 59. Every assessor shall ascertain and list for taxation the
white male persons and colored male persons, over the age of twenty-one years, residing in the county on the first day of April, and not exempted by the county court from taxation on account of bodily infirmity, and shall include in the said list all persons who remove into the said county between the first day of April and the time the assessors' books are made out; but persons who pay the capitation tax in one county shall be exonerated from paying the same in any other for that year.

Definition of certain words.

Sec. 60. The words "county court," as used in this chapter, shall be construed to include any tribunal constituted for police and fiscal purposes in lieu of a county court; and the clerk of such tribunal shall perform all the duties required of a clerk of a county court under any of the provisions of this chapter, and in counties where such tribunal exist, such clerk of the county court as is mentioned in section twenty-six of article eight of the constitution, as amended, shall perform all the other duties required of a clerk of a county court under this chapter. The word "person" shall include firms and companies, whether incorporated or not, unless such meaning be inconsistent with the context; and words importing residence shall, as applied to firms and companies, be regarded as designating the place where the principal office is, or if there be none such in this state, then where its principal business is transacted.

The word "assessor," when used in this chapter for the purpose of defining the powers, duties and liabilities of such officer, shall be understood to apply to and embrace his assistants, unless it clearly appear that the word is used in such a way as to mean the assessor only.

Sec. 61. The words "personal property," as used in this chapter, shall include all fixtures attached to land, if not included in the valuation of such land entered in the proper land book; all things of value, movable and tangible, which are the subjects of ownership; all chattels, real and personal; all money, credits and investments as defined in the following section. The word "land" or "lands" and words "real estate" or "real property" include lands, tenements and hereditaments, and all rights thereto and interests therein, except chattel interests and chattels real.

Sec. 62. The word "money" includes not only coin, but all notes, tokens or papers which circulate or are used in ordinary transactions
as money or currency, and deposits, which either in terms or effect are payable in money on demand. "Credits" includes all claims and demands whether owing upon bond, note, certificate, book account, or otherwise, and whether due or not, whether payable in money, property, labor or services, except only such demands as are included in the term "money," as above defined. "Investments" includes stocks, bonds and securities of the United States or of this state, or any other state, nation or government, or of any city, town, county, district, railroad or other corporation; and any share, portion, interest or stock in the capital, joint fund, assets or profits of any company, whether incorporated or not, or in a steam boat or other vessel, or in any adventure, business or undertaking.

**What personal property is to be listed for taxation.**

Sec. 63. All personal property belonging to persons residing in this state, whether such property be in or out of the state, and all personal property in the state, though owned by persons residing out of the state, shall be entered in the personal property book, and be subject to equal and uniform taxation, unless especially exempted by law; but personal property of all classes, except as hereinbefore provided, belonging to the residents of this state, which is actually and permanently located in another state, and by the laws of such other state is subject to taxation and is actually taxed in such other state, shall not be entered on the personal property book, or be taxed in this state. But the shares of capital stock owned by residents of this state in corporations actually located in other states, and whose property is taxed by the laws of such other state, shall not be required to be listed for taxation. All moneys belonging to citizens of this state, and loaned to any person out of the state, shall be subject to taxation the same as if loaned in this state.

In what district personal property is to be listed.

Sec. 64. Every person required by law to list personal property shall list for taxation the tangible personal property in the magisterial district wherein it is on the first day of April; and he shall list for taxation, in the magisterial district in which he resides, the money, credits and investments subject to taxation belonging to himself, or under his charge or control, whether the same, or the evidence thereof, be in or out of the state; but capital, money and intangible prop-
property (except real estate) employed in any trade or business (other than agriculture) belonging to a company, whether it be incorporated or not, or to an individual, shall be assessed for taxation in the magisterial district where the principal office for the transaction of the financial concerns pertaining to such trade or business is located; or, if there be no such office, then in the district where the operations are carried on. Goods and chattels and other tangible personal property not exempt from taxation, which may not be assessed for taxation in the magisterial district where the same were on the first day of April, but which have been removed therefrom, shall be assessed in the magisterial district where the same were on said first day of April. But the assessment and payment of taxes in any county or district in any year shall exonerate the owner of such property in any other county or district for such year.

Valuations of credits and investments.

Sec. 65. The value of any credit, if the solvency of the party liable therefor be doubtful or if the claim be disputed, shall be estimated at its probable worth. If it be payable in anything but money, its probable value in money, to be fixed by the assessor, is to be listed. If a solvent credit bear interest which has not been paid, the amount of principal and interest, calculated up to the first day of April in the year for which the assessment is made, shall be listed; but if it do not bear interest, and be not due, the interest for the time it has to run from the said first day of April, until it will be due and payable, may be deducted. Investments shall be rated by the assessor at their market price, or if there be no known market price, then at their proper value, according to the rule prescribed in section twelve of this chapter.

Sec. 66. When the property, stock or capital of any company, whether incorporated or not, is assessed to such company, no person owning any share, portion or interest therein, shall be required to list the same, or be assessed with the valuation thereof.

Sec. 67. In listing money, credits or investments the person owning the same may have deducted therefrom the amount of the indebtedness which he owes to others as principal debtor, but not what he may be liable for as surety or endorser, unless the principal debtor is insolvent and the surety or endorser is not indemnified. But before such deduction shall be allowed the person desiring the same
shall be examined under oath as to each debt which he desires to have deducted, when payable and the amount thereof, including the interest to the first day of April of the current year. After such examination, if the assessor be satisfied that the debts so claimed are bona fide and correct in amount, he shall allow and deduct the amount of the same from the valuation of such debtor’s money, credits and investments, but not from the valuation of any other kind of property, and shall extend the taxes upon the remainder of such money, credits and investments. If such indebtedness equals or exceeds in amount the money, credits and investments no taxes shall be extended on account of the same. The total valuation of money, credits and investments, after deducting therefrom the amount of such indebtedness, shall be placed in a column opposite the name of the owner thereof in the personal property book. If debts to be deducted are owing by such persons as co-obligor or joint indorser, with others who are solvent, he shall be allowed to deduct only so much of such debt as he may have to pay after his co-obligors or his co-sureties or joint indorsers shall have paid their proportion thereof. To the end that the assessor be enabled to make diligent and careful inquiry as to said debts, money, credits or investments, the justness and correctness thereof, he is hereby given the authority to administer oaths to any and all persons and examine them under oath as to any and all matters pertaining to a fair and full disclosure of the same. And any person who shall make a false statement, or shall state fictitious debts for the purpose of having the amount thereof deducted as herein provided for, shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty nor more than five hundred dollars.

List to be called for by the assessor.

Sec. 68. It shall be the duty of the assessor, as soon as possible after the first day of April in each year, to ascertain all personal property, and after the year 1908 all personal and real property, subject to taxation in the county, with the value thereof and name of the person to whom the same ought to be assessed, and to make proper entry thereof in the land book, or personal property book, as the case may be.

Sec. 69. To ascertain the same, the assessor and his assistants shall call upon every person in the respective magisterial districts allotted to them, who is required by law to list any such property, for a list and valuation thereof, and he may apply to any officer or agent of a com-
pany, or any person interested therein, and shall require every person to answer under oath such questions as he may ask him in relation to any matter about which the assessor is authorized to inquire. An assessor, or any of his assistants, failing to make any call and administer the oath required by this section shall be guilty of a misdemeanor, and fined not less than twenty nor more than one hundred dollars, one-half of which shall go to the informer.

Sec. 70. The assessor and his assistants shall deliver to every person in the respective magisterial districts allotted to them, not previously supplied with forms, as provided in section thirteen of this chapter, proper forms for the list and valuation of such personal property and real estate as he is required by law to list; and in order to enable them to do so, the state tax commissioner shall furnish the assessor with printed forms for the purpose. If any person be absent from his residence at the time the assessor or any of his assistants calls, and there be no person on the premises to act for him, forms shall be left for him with some member of his family over sixteen years of age, or if there be no such person on the premises, such forms shall be delivered to him as soon thereafter as possible, or the proper statements otherwise procured. To the form furnished to the assessor, by the state tax commissioner, shall be appended the form of the oath to be taken by the party who is required by law to make out such list.

Sec. 71. Every person so called upon shall, within ten days thereafter, deliver to the assessor or to one of his assistants, or leave for him with the clerk of the county court, a full and correct statement in the form prescribed, and delivered as aforesaid, of all real and personal property and persons, on account of which he is chargeable with taxes, or which by law he is required to list on behalf of another, with the valuation of the property mentioned in said statement. He shall also take and subscribe an oath to the following effect, viz:

"State of West Virginia, county of ss:

"I, , do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all property, real and personal, owned by on the first day of April last; that where I have been unable to exhibit any class of property to the assessor, or to his assistant, such property has been fully and fairly described to him and its true condition represented; that I have in no case sought to mislead the assessor, or his assistant, as to the entire quantity, quality or value thereof; that I have reported all moneys and the value of all
credits and investments owned by ———— on said day and liable to taxation, except bonds of the United States, and except stocks in banks, trust companies and other incorporated companies whose property is assessed in the name of such corporation, either within or without this state; that since the first day of April of last year, no property belonging to ———— has been directly, or indirectly, converted temporarily, for the purpose of evading the assessment thereof for taxes, into non-taxable property or securities of any kind, and that I have, to the best of my knowledge and judgment, valued the said property, both real and personal, at its true and actual value on the said first day of April; by which I mean the price that could be obtained for said property at private and voluntary sale and on such terms as are usually employed in the selling of such property, and not the price which might be realized at a forced or auction sale; so help me, God.

No such list shall be received by the assessor unless the same be so verified.

Sec. 72. Notwithstanding anything contained in this chapter to the contrary, any person may refuse to value any personal or real property listed by him if he exhibits the same to the assessor, who shall thereupon assess the value thereof. Any person so refusing to value the property listed by him shall take and subscribe an oath to the following effect, viz:

"State of West Virginia, county of ———— ss:

"I, ————, do solemnly swear (or affirm) that to the best of my knowledge, information and belief, the foregoing statement contains a true, full and correct list of all property, real and personal, owned by ———— on the first day of April last; that where I have been unable to exhibit any class of property to the assessor, or to his assistant, such property has been fully and fairly described to him and its true condition represented; that I have in no respect sought to mislead him as to the entire quantity, quality and value of property; that I have reported all moneys, credits and investments owned by ———— on said day and liable to taxation, except bonds of the United States, and except stocks in banks, trust companies and other incorporated companies whose property is assessed in the name
of such corporation, either within or without this state; that since
the first day of April of last year no property belonging to——
has to my knowledge, either directly or indirectly, been converted
temporarily, for the purpose of evading the assessment thereof for
taxes, into non-taxable property or securities of any kind; so help me,

No list shall be received by the assessor unless the same shall be
verified by the oath of the person making the same, and any assessor
who shall receive any such list not so verified, as required by law,
shall forfeit not less than fifty nor more than two hundred dollars.
Any person whose duty it is by law to list property for taxation and
who shall refuse to verify such list, being called upon to do so, shall,
in addition to any other penalty provided for such refusal, be de­
nied the right to apply to any court to have the assessment and valua­
tion of his property, which the assessor may make, changed in any
manner: provided, that no person shall be required to furnish the
list and value of his real estate, as above provided, before the year
1909; nor, in the year 1905, shall any such list state other than the
fair cash value of said personal property, but it shall state its true and
actual value in each year thereafter; and the form of oath in the two
next preceding sections shall be modified according to this proviso.

Penalty for failure to list property correctly.

Sec. 73. If any person whose duty it is by law to list any real or
personal property, being called upon by the assessor to do so, refuse
to furnish a proper list thereof, or to make such oath as is required
by this chapter; or if any person refuse to answer, or answer untruly,
any question lawfully asked by the assessor, or fail or refuse to deliver
any statement required by law, he shall forfeit not less than twenty­
five nor more than one hundred dollars, and he shall be denied all
remedy provided by law for the correction of any assessment made
by the assessor. If any person fail to give a true list of all his prop­
erty, which should be assessed, he shall, in addition, forfeit twenty
per centum of the value of the property not listed and not otherwise
taxed. Such forfeiture may be enforced for any such default oc-
occurring in any year hereafter, not exceeding five prior to the time the
same is discovered. Each failure to make a true list as herein re-
quired shall constitute a separate offence, and the forfeiture shall
apply to each of them, but all such forfeitures to which the same per-
son is liable shall be enforced in one proceeding against such person
or his estate. It shall be the duty of the prosecuting attorney of the
county in which the defaulting taxpayer resides, or in which the
property which should have been listed is located, to enforce the col-
lection of the same in the name of the state of West Virginia against
the defaulting taxpayer, or his personal representative, in the circuit
court, upon motion, whereof the defendant shall have at least twenty
days’ notice. Either party shall have the right to have the issue
tried by a jury, and the state, as well as the defendant, shall have the
right to an appeal. The prosecuting attorney shall receive ten per
centum of the amount received as his compensation, and an at-
torney’s fee of ten dollars, to be taxed as a part of the cost against
the defendant, in the event a judgment is recovered against him;
the residue collected on said judgment he shall turn over to the
sheriff and take his receipt for the same. The sheriff shall apportion
said fund among the state, county, district and municipalities which
would have been entitled to the tax on said property if it had been as-
essed, in the proportion that the rate of taxation for each purpose,
for the current year, bears to the sum of the rates for all purposes.
The return of the assessor showing that any person is the owner of
any amount of property liable to taxation shall be prima facie evi-
dence that such taxpayer was called upon by the assessor to list his
property. And when the list of property returned by the appraisers
of the estate of any deceased person shows an amount greater in value
than the last assessment list of such deceased person next preceding
the appraisement of his estate, it shall be prima facie evidence that
such deceased person returned an imperfect list of his property: pro-
vided, however, that any one liable for the tax, or his personal repre-
sentative, may always be permitted to prove by competent evidence
that the discrepancy, between said assessment list and the appraise-
ment of the estate, is caused by a difference in valuation returned by
the assessor and that made by the appraisers of the same property;
or that any property enumerated in the appraisers list had been other-
wise listed for taxation, or that it was not liable to taxation. Any
judgment recovered under this section shall be a lien, from the time
of the service of notice, upon all the real estate and personal estate
of such defaulting taxpayer, owned at the time or subsequently acquired, in preference to any other lien.

Sec. 74. If any person fail to furnish a proper list, or if the list furnished be, in the judgment of the assessor, incomplete or erroneous in any respect, the assessor shall proceed to list the property and assess its value, or to supply the omission and correct the errors, upon the best information he can obtain, and for that purpose the assessor may call upon any officer of the state, county or district for such proper information as it may be in his power to give, and may require any person having possession, charge or control of any personal property in the county, to permit him to examine the same in order that a fair valuation thereof may be made, and if any person refuse to do so, he shall forfeit not less than ten nor more than fifty dollars.

Sec. 75. Nothing in this chapter contained shall be construed to require any person to furnish, or the assessor to take, a list of the several articles of such person’s household and kitchen furniture, except those specified in section one hundred and eight of this chapter.

Toll bridges and ferries.

Sec. 76. The assessor shall, after the year 1908, upon the best information he can obtain, ascertain for the purposes of taxation the annual value of all ferries and toll bridges, other than railroad bridges upon which a separate toll or fare is charged, located in his county, except such as are by law exempt from taxation. He shall value such bridge or ferry each year at ten times its annual value, and enter the same in the land book in the name of the owner in the magisterial district wherein the same is located. If such bridge or ferry is on a line dividing two counties, or two districts of the same county, one-half of the value so ascertained shall be assessed in each county or district, as the case may be.

Certain incorporated companies.

Sec. 77. Each incorporated company having its principal office or chief place of business in this state, except railroad, foreign insurance, telegraph and express companies, telephone companies, pipe line, car line companies and banks and trust companies, shall annually, between the first day of April and the first day of June, make a written report, verified by the oath of the president or chief accounting officer,
to the assessor of the county in which its principal office or chief place of business is situated, showing the following items, viz:

(a) The amount of capital authorized to be employed by it;
(b) the amount of cash capital paid on each share of stock;
(c) the amount of money in hand, or on deposit any where subject to its check or draft, on the first day of April of the current year;
(d) the amount of credits and investments, other than its own capital stock held by it on said date, with their true and actual value;
(e) the quantity, location and true and actual value of all of its real estate, and the magisterial district or districts in which it is located;
(f) the kinds, quantity and true and actual value of all its tangible personal property in each magisterial district in which it is located.

And in case such company desires to have its indebtedness deducted from its money, credits and investments, as hereinbefore provided, it shall also include in said report:

(y) An itemized statement, such as is provided for in section sixty-seven of this chapter, and all of the provisions of said section sixty-seven shall apply to said statement, so far as they are applicable; which statement shall be verified by the oath of the president or chief accounting officer of such company, substantially in the form required for individuals in said section sixty-seven.

Any incorporated company failing to make the report required by this section within the time specified shall forfeit one hundred dollars, and shall, in addition thereto, be liable for the tax assessed upon its property at a valuation thereof to be fixed by the assessor, according to the best information he can obtain from other sources.

The oath required by this section shall be substantially as follows, viz:

"State of West Virginia, county of ________ ss:"

"I, ________, president (treasurer or manager) of (here insert name of corporation), do solemnly swear (or affirm) that the foregoing is, to the best of my knowledge and judgment, true in all respects; that it contains a statement of all the real estate and personal property, including moneys, credits and investments belonging to said corporation; that the valuation affixed to such property is, in my opinion, its true and actual value, by which I mean the price at which it would sell if voluntarily offered for sale on such terms as are usually employed in selling such property, and not the price which might be realized at a forced or auction sale; and that said corporation has not,
to my knowledge, since the first day of April last, converted any of its assets into non-taxable securities for the purpose of evading the assessment of taxes thereon; so help me, God.

"-------------------"

The officer administering said oath shall append thereto the following certificate, viz:

"Subscribed and sworn to before me by ---- this --- day of ---- , 19----

"-------------------"

Provided, that no such company shall be required to furnish the list and value of its real estate, as above provided, before the year 1909; nor, in the year 1905, shall such list state other than the fair cash value of such personal property, but it shall state its true and actual value in each year thereafter; and the form of oath in this section shall be modified according to this proviso.

Sec. 78. Upon receiving the verified report required by the preceding section, the assessor, if satisfied with the correctness thereof, shall assess the value of all the property of such corporation liable to taxation, and enter the same as follows, viz: All the property in item (c) shall be entered with its valuation in the land books of the county, and in the magisterial district in which the real estate is situated; all property mentioned in items (c) and (d) shall, together with their valuation, be entered in the personal property book of the county, and in the magisterial district wherein is the principal office or chief place of business of such corporation, under the appropriate heads; and all property mentioned in item (f) shall, together with its valuation, be entered in the personal property book of the county, and in the magisterial district wherein said property is on the first day of April. The property mentioned in items (c), (d), (e) and (f) shall constitute all the property on which any such corporation shall be liable to pay taxes. If a company have branches, each branch shall be assessed separately in the county and magisterial district where its principal office for transacting its financial concerns is located; or if there be no such office, then in the magisterial district where its operations are carried on. All locks and dams of navigation companies shall be assessed and taxed as real estate in the county and magisterial district wherein they are situated; and in case such locks and dams are located on any creek or river which is the dividing line between counties, or the dividing line between magisterial districts of the same county, one-half of the value thereof shall be assessed in each
of said counties or magisterial districts as the case may be. When the property of an incorporated company is assessed as aforesaid, no individual shareholder therein shall be required to list or be assessed with his share, portion or interest in the capital stock of such corporation.

Banks and trust companies and how assessed.

Sec. 79. The shares of stock in a bank, trust company or national banking association, shall be assessed at their true and actual value, according to the rule prescribed in section twelve of this chapter, to the several holders of such stock in the county, district and town where such bank, company or association, is located, and not elsewhere, whether such holders reside there or not. The real and actual value of such shares shall be ascertained according to the best information which the assessor may be able to obtain, whether from any return made by such bank, company or association to any officer of the state or United States, from actual sales of the stock, from answers to questions by the assessor as hereinafter provided, or from other trustworthy sources. The cashier, secretary or principal accounting officer, of every such bank, company or association, shall cause to be kept a correct list of the names and residences of all the shareholders therein, and the number of shares held by each, which list shall be open to the inspection of the assessors of the county, and of the state tax commissioner; and such cashier, secretary or officer shall answer under oath such questions as the assessor may ask him concerning the matters shown by said list, and concerning the value of said shares, and shall be subject to the same penalties, for failure to do so, which are imposed by law upon individuals failing to answer questions which the assessor is authorized to ask. The taxes so assessed upon the shares of any such bank, company or association shall be paid by the cashier, secretary or proper accounting officer thereof, and in the same manner and at the same time as other taxes are required to be paid in such county, district and town. In default of such payment such cashier, secretary or accounting officer as well as such bank, company or association, shall be liable for such taxes, and, in addition, for a sum equal to ten per centum of the amount thereof. Any taxes so paid upon any such share may, with interest thereon, be recovered from the owners thereof by the bank, company, association or officer paying them, or may be deducted from the dividends accruing on such shares. The real estate of any such bank,
company or association shall be assessed as in other cases, and a proportionate share of such assessed value shall be deducted in ascertaining the market value of the shares. Notwithstanding anything hereinbefore provided for, any such bank, company or association may have its capital stock assessed and may pay taxes thereon as herein-after provided, and in that case the shares of its capital stock shall not be assessed for taxation. In such case the bank, company or association electing to have its capital stock assessed shall list the same for taxation, within the time prescribed as to other taxpayers, which list shall be made as of the first day of April, and shall be in the form used in making reports to the comptroller of the currency of the United States, or the state commissioner of banking, as the case may be. It shall be verified by the oath or affirmation of the president, cashier or secretary of such bank, company or association, and be attested by the signature of at least three of the directors. Such report shall exhibit in detail, and under appropriate heads, the resources and liabilities of the bank at the close of business on the thirty-first day of March previous. It shall especially show as of that date, the amount of the capital, surplus and undivided profits, the value of any real estate, and the amount and value of any property exempt from taxation, which property claimed to be so exempt shall be specifically described. Upon consideration of the matters shown by such list, and of any former or other return or report made by such bank to the comptroller of currency of the United States, or the commissioner of banking in this state, and of any other information he may obtain upon the subject, the assessor shall fix the value of said capital, surplus and undivided profits, after deducting the value of such real estate and property exempt from taxation, and enter the same in his personal property book. If the capital stock of such bank, company or association is thus assessed, its real estate shall be assessed and entered in the land books as in other cases. No property shall be considered as exempt from taxation which shall have been purchased or procured for the purpose of evading taxation, whether by temporarily holding the same over the first of April or otherwise, and whether the same be in this state or elsewhere.

section sixty-seven.

The assessor shall upon receipt of such report properly verified, if

If the assessor is not satisfied with the correctness of said report, he may proceed to ascertain a correct list of the property on which such individual or firm is liable to be assessed with taxes, and to value the same as in other cases. The person making said report shall take and subscribe an oath in substantially the following form, viz:

"State of West Virginia, county of——:

It shall be the duty of the assessor, upon receipt thereof, to enter the same in his personal property book under the appropriate heading, and extend the taxes to be paid thereon. But if at the time of receiving such sworn statement his personal property book shall have been completed and certified he shall enter the amount of such capital in a supplement to the copy of his personal property book, to be retained by him, and extend the taxes thereon. He shall also certify such entry to the auditor and the clerk of the county court, whose duty it shall be to make a like entry thereof in a supplement to the copies of the personal property book filed in their respective offices. When any personal property employed in any trade or business is assessed under the provisions of this and the preceding section, the owner shall not be required to list the same otherwise, nor shall it be otherwise assessed to him. All personal as well as real property, not so assessed to such person or firm, shall be assessed as other like property is required by law to be assessed.

Transient persons—how assessed.

If at the time of such valuation and payment of taxes the levies for the current year shall not have been ascertained, the assessor shall assess such valuation according to the rate of taxation levied for the previous assessment year, for all purposes for which said goods or merchandise is liable to be assessed for the current year, in the place where they are to be offered or furnished for sale. If the amount thus ascertained and paid is afterward ascertained to be in excess of the taxes levied for the current year he shall have such excess refunded to him. The assessor shall at the time he so values such goods or merchandise and collects the taxes thereon, if his personal property book has not been completed and certified, enter such valuation therein, under the appropriate heading in the name of the owner.

The auditor and said clerk shall preserve such certificates in their respective offices, and, if the entry of such valuation and assessment of taxes thereon shall not have been made in the personal property book before copies thereof have been certified, they shall also enter the amount of such valuation so certified to them in the supplements to their respective copies of said personal property book. The assessor shall deliver to such person a receipt for the amount of taxes paid by him, stating therein the character of the goods or merchandise on which said taxes were paid, the value assessed thereon, and the amount of taxes and the year for which the same were paid. Such receipt shall be signed by the assessor and attested by the clerk of the county court, and when so signed and attested shall operate as a discharge to such person holding the same from any further liability for taxes in any county of the state on account of such goods or merchandise for that year; but it shall not relieve him from all liability for taxes on account of goods or merchandise which he has not reported to the assessor to be valued, and on which he has not paid the taxes as herein provided. The assessor shall report to the clerk of the county court all taxes collected by him, under this and the preceding section, upon property assessed by him after he has completed and certified his personal property book, and it shall be the duty of said clerk to charge the same against him in the supplement to the personal property book filed with such clerk. Any such person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and shall be fined not less than fifty nor more than five hundred dollars. The assessor shall apportion the taxes collected by him under the provisions of this section, and shall account therefor to the county, district and municipality entitled thereto, according to the rate levied for the current year for each of them. Any assessor who shall fail to perform the duty required of him by this section shall forfeit not less than twenty-five nor more than one hundred dollars. If he shall fail to account for any taxes collected by him under the provisions of this and the preceding section he shall be guilty of embezzlement, and shall, in addition to the foregoing penalty, be punished therefor according to law.
Receivers, commissioners and clerks of courts.

Sec. 83. The assessor shall ascertain from each person in his county, who acts under the order of any court as receiver or commissioner, the amount of all moneys and bonds, or other evidence of debt, under his control, and the style of the suit to which such fund belongs, and, from the clerk of such court, the amount deposited by order of such court in any bank or savings institution to the credit of any suit in such court, and the style of such suit.

Sec. 90. All returns to be made to the board of public works, under this chapter, shall be made in conformity with any reasonable requirement of the board of which the person making the return shall have had notice, and shall be made upon forms which may be furnished by the board, and according to instructions which the board may give relating thereto, and to the description and itemizing of the property. And such owner or operator, whether a natural person, or a corporation or company, failing to make such return as herein required shall be guilty of a misdemeanor, and fined one thousand dollars for each month such failure continues.

Sec. 91. If any owner or operator fail to make such return, in the time or manner hereby required, it shall be the duty of the state tax commissioner to take such steps as may be necessary to compel the making of such return, and to enforce any and all penalties imposed by law for such failure. The returns delivered to the state tax commissioner shall be examined by him, and if any be found insufficient in form or in any respect defective, imperfect or not in compliance with law, he shall compel the person required to make it to do so in proper and sufficient form, and in all respects as required by law. The state tax commissioner shall arrange, collate and tabulate such returns so that they may be conveniently considered and disposed of by the board and shall then, as soon as practicable, lay them before the board of public works. If such return be satisfactory to the board it shall approve the same, and, by an order entered upon its records, direct the auditor to assess the property of such owner or operator with taxes; and he shall thereupon assess the same as hereinafter provided. But if such return be not satisfactory to the board, or if any such owner or operator fail to make such return as herein required, said board of public works shall proceed, in such manner as to it may seem best, to obtain the facts and information required to be furnished by such returns; and to this end the said board may send for persons and papers, and may compel the attendance of any person and the
production of any paper necessary, in the opinion of said board, to enable it to obtain the information desired for the proper discharge of its duties under this section. Any expenses necessarily incurred by said board in procuring such information shall be paid by the governor out of the contingent fund.

Sec. 92. If any person shall refuse to appear before said board when required by it to do so, as aforesaid, or shall refuse to testify before said board in regard to any matter as to which said board may require him to testify, or if any person shall refuse to produce any paper in his possession or under his control, which said board may require him to produce; every such person shall be guilty of a misdemeanor and fined five hundred dollars, and may be imprisoned not less than one nor more than six months, at the discretion of the court.

Sec. 93. As soon as possible after the board of public works shall have procured the necessary information to enable it to do so, and at the latest before the first day of June, said board shall proceed to assess and fix the true and actual value of all property of said owner or operator hereinbefore required to be returned, so far as the said board has been able to ascertain the same, in each county through which the railroad, car line, cars, express, telegraph, telephone, or pipe line of any such owner or operator runs, and in which any property to be assessed is. In ascertaining such value the board shall consider the return, if any, made by the owner or operator, and any return which may have been previously made by such owner or operator, and all the evidence and information it has been able to procure by the means aforesaid, and such as may be offered by such owner or operator. When the board of public works has assessed any property hereby required to be returned, and has determined the valuation thereof, such assessment and valuation shall be entered of record in the book of minutes of its proceedings, and shall be certified by the secretary of the board to the auditor. Nothing in this chapter contained shall be construed to require the assessment of any part of the railroad, telegraph, telephone or pipe line until such part is so far completed as to be fit for use. As soon as such assessment is made, the secretary of the board shall notify the owner or operator affected thereby of the amount thereof by written notice deposited in the postoffice, addressed to such owner or operator at the principal office or place of business of such owner or operator. Such assessment and valuation shall be final and
conclusive, unless the same be appealed from in the manner following, within thirty days after such notice is so deposited.

Sec. 94. Any owner or operator claiming to be aggrieved by any such decision may, within the time aforesaid, apply by petition in writing to the circuit court of any county, in which any part of the property so assessed is situated, for an appeal from the assessment and valuation so made, as far as it relates to property in such county; and such appeal shall forthwith be allowed by such circuit court, and shall be entitled to precedence over all cases on the docket of such court and be heard as soon as possible after such appeal is docketed; but notice in writing of such hearing must be given to the prosecuting attorney of such county, and to the state tax commissioner, at least ten days beforehand. Upon such hearing the court shall hear all such legal evidence as shall be offered on behalf of the state or any county, district or municipal corporation interested, or on behalf of the appealing owner or operator. If the court be satisfied that the value so fixed by the board of public works is correct, it shall confirm the same, but if it be satisfied that the value so fixed by said board is either too high or too low, the court shall correct the valuation so made and ascertained and fix the true and actual value of such property according to the facts proved, and shall certify such value to the auditor and to the secretary of the board of public works.

Sec. 95. In case the list and valuation of the property filed with the auditor, as aforesaid, be satisfactory to the board of public works, or in case assessment of the property of such owner or operator is made by the board of public works as aforesaid, the auditor shall immediately certify to the county court of each county, in which any part of the property lies, the value of the property therein of every such owner or operator as valued or assessed as aforesaid, and it shall be the duty of such court to apportion the whole of such value between the districts and independent school districts in their county in which any part of said property is situated, according to the value thereof, as near as may be, and then a proportional valuation to each municipal corporation in their county, in which any part of said property is situated, according to the value thereof, or as near as may be.

Sec. 96. The clerk of the county court of every county in which any property lies which was so assessed shall, within thirty days after the county and district levies are laid by such court, certify to the
auditor the apportionment made by the county court, as aforesaid, and the amount levied upon each one hundred dollars value of the property in the county for county purposes, and on each one hundred dollars of the value of the property in each magisterial district for district purposes. It shall be the duty of the secretary of the board of education of every school district and independent district in which any part of the property lies, within thirty days after the levy is laid therein for free school and building purposes, or either, to certify to the auditor the amount so levied on each one hundred dollars value of the property therein for each of said purposes; and it shall be the duty of the recorder, clerk, or other recording officer of every municipal corporation in which any part of the property lies, within the same time, after a levy is laid therein for any of the purposes authorized by law, to certify to the auditor the amount levied upon each one hundred dollars value of the property therein for each and every purpose.

Sec. 97. Any clerk of a county court, secretary of the board of education, or recorder, clerk or other recording officer of a municipal corporation, who shall fail to perform any of the duties herein required of him shall be guilty of a misdemeanor, and fined not less than one hundred nor more than five hundred dollars. In case of the failure of any such officers to furnish to the auditor the certificate herein required, the auditor may obtain the rate of taxation for any of said purposes from the copies of the land books on file in his office, if the same be found in such books, if not, in such other way or manner as he may deem necessary or proper for the purpose.

Sec. 98. As soon as possible after the valuation of the property of such owner or operator is fixed by the board of public works or by the circuit court on appeal as aforesaid, and after he shall have obtained the information herein provided for to enable him to do so, the auditor shall assess and charge the property of every such owner or operator with the taxes properly chargeable thereon, in a book to be kept by him for that purpose, as follows:

(a) With the whole amount of taxes upon such property for state and state school purposes, if any such taxes are levied;

(b) with the whole amount of taxes on such property in each county for county purposes;

(c) with the whole amount of taxes on such property in each magisterial district for road and other district purposes, other than free school and building purposes;
(d) with the whole amount of taxes on such property in each school district and independent school district, for free school and building purposes;

(e) with the whole amount of taxes on such property in each municipal corporation for each and all of the purposes for which a levy therein was made by the municipal authorities of such corporation.

Sec. 99. No injunction shall be awarded by any court or judge to restrain the collection of the taxes, or any part of them, so assessed upon the property of such owner or operator, except upon the ground that the assessment thereof was in violation of the constitution of the United States, or of this state; or that the same were fraudulently assessed, or that there was a mistake made by the auditor in the amount of taxes properly chargeable on the property of such owner or operator; and in the latter case no such injunction shall be awarded unless application be first made to the auditor to correct the mistake claimed, and the auditor shall refuse to do so, which fact shall be stated in the bill, nor unless the complainant pay into the treasury of the state all taxes appearing by the bill of complaint to be owing.

Sec. 100. The auditor shall, as soon as possible after the said assessment is completed, make out and transmit by mail or otherwise to such owner or operator a statement of all taxes and levies so charged, and it shall be the duty of such owner or operator, so assessed and charged, to pay the whole amount of such taxes and levies into the treasury of the state by the twentieth day of January next after the assessment thereof, subject to a deduction of two and a half per centum upon the whole sum, if the same be paid on or before that day. If such owner or operator fail to pay such taxes and levies by the said twentieth day of January the auditor shall add ten per centum to the amount thereof. to pay the expense of collecting the same, and shall certify to the sheriff of each county the amount of such taxes and levies assessed within his county; and it shall be the duty of every sheriff to collect and account for such taxes and levies in the same manner as other taxes are levied or collected and accounted for by him.

Sec. 101. When the district and independent school district taxes and levies are collected by the sheriff he shall account for and pay the same as treasurer of such district. When such taxes and levies due to a municipal corporation are collected by the sheriff he shall pay the same to the proper collecting officer, or treasurer, of such municipal

- corporation or otherwise, as the council or other proper authority thereof may direct.

Sec. 102. Neither the county court of any county, nor any board of education, nor the municipal authorities of any incorporated town, shall have jurisdiction, power or authority, by compromise or otherwise, to remit or release any portion of the taxes so assessed upon the property of any such owner or operator, and when such taxes or levies are certified to the sheriff of any county for collection, as aforesaid, it shall be his duty to collect the whole thereof, regardless of any order or direction of any such county court, board of education or municipal authority to the contrary; and if he fail to do so, he and his sureties in his official bond shall, unless he be restrained or prohibited from so doing by legal process from some court having jurisdiction to issue the same, be liable thereon for said taxes and levies he may so fail to collect, if he could have collected the same by the use of due diligence. Any member of the county court or board of education, or of the council of a municipal corporation, who shall vote to remit or release any part of the taxes, so assessed on the property of any such owner or operator, shall be guilty of a misdemeanor and fined five hundred dollars, and shall be removed from his office by the court by which the judgment of such fine is rendered, in addition to such fine.

Sec. 103. When such taxes and levies are paid into the treasury, as herein provided, the auditor shall account to the sheriff of each of the counties, to which any sum so paid in for county levies belongs, for the amount due such county, and may arrange the same with such sheriff in any settlement for state taxes in such a way as may be most convenient; and the sheriff shall account to the county court of his county for the amount so received by him, in the same manner as for other county levies: provided, that the taxes assessed for the last year of the term of office of a sheriff shall be paid to or settled with the sheriff who was in office at the time the assessment was made. The amount so paid for each district and independent school district shall be added to the distributable share of the school fund payable to such district, and shall be paid upon the requisition of the county superintendent of free schools in like manner as other school moneys are paid.

Sec. 104. The auditor shall certify to the county court of every such county, on or before the first day of April in each year, the amount with which the sheriff thereof is chargeable on account of the
levy upon the property of such owner or operator. He shall also certify to the county superintendent of free schools the amount of such levies due to each district and independent school district in his county for free school purposes. The amount so paid in for each municipal corporation shall, as soon as received by the auditor, be paid over to the sheriff, or the treasurer of the municipal corporation to which such taxes are due, or to such other officer of the corporation as the council may designate, and the auditor shall report such payment to the council. But the failure of the clerk of any county court, or the secretary of any board of education, or the proper officer of any municipal corporation, to certify to the auditor the levies or apportionment within the time herein prescribed shall not invalidate or prevent the assessment required by this section, but the auditor shall make the assessment and proceed to collect or certify the same to the sheriff as soon as practicable after he shall have obtained the information necessary to make such assessment.

Sec. 105. The taxes and levies assessed against any such owner or operator shall constitute a debt to the state or county, district or municipal corporation entitled thereto, and may be collected by action of assumpsit or other appropriate judicial proceedings, which remedy shall be in addition to all other existing remedies. The right of the state or of any county or district, or municipal corporations, to enforce by suit or otherwise the collection of taxes or levies heretofore assessed, or the right to which has heretofore accrued, shall not in any manner be affected or impaired by anything in this chapter contained.

Sec. 106. All buildings and real estate owned or held by such owner or operator, and used or occupied for any purpose immediately connected with the property, shall be included in such assessment by the board of public works; but all real estate owned or held by any such owner or operator, and not used or occupied for purposes immediately connected with the property, shall be assessed as otherwise provided in this chapter.

Sec. 107. No railroad company or corporation shall be exempt from taxation whether the same has been or may be created, organized or incorporated under or by virtue of any general or special law or laws, or whether heretofore exempt from taxation or not, but the provisions of this chapter shall apply to all such companies and corporations without distinction or exception.

Sec. 107a. Sections eighty-four to one hundred and seven, both
inclusive, of this chapter shall not go into operation until the thirty-first day of December, nineteen hundred and five; and the property required to be returned and assessed thereby shall be returned and assessed, taxed and certified according to the law as it was on the first day of July, nineteen hundred and four, and all provisions of such law shall apply to the assessment and taxation of such property for the year nineteen hundred and five.

From the information obtained as aforesaid the assessor shall proceed to make up his personal property book as follows: He shall enter therein the names of the owners of personal property and of other persons liable to capitation tax, alphabetically arranged by districts, and opposite the name of each person, in separate columns, the persons and subjects of taxation with which he is chargeable, that is to say:

Rules applicable to both land and personal property books.

Sec. 110. The officer whose duty it is to make out the land and personal property books shall add up the columns of figures on each page of such books so as to show, at the bottom of each page, the aggregate of each column; and at the end of each district list he shall enter the aggregate from the bottoms of the respective pages pertaining to such district, with reference to the pages from which he
has transferred the said aggregate, and shall there add up the same, so as to show the total of each column for the whole district. The totals thus ascertained for the several districts shall be transferred, with proper references, to the end of such book and there added up so as to show the total of each column for the whole county.

Property of assessor and his assistants—how assessed.

Sec. 111. After the year nineteen hundred and eight, it shall be the duty of the assistant assessors to report a list of all their real and personal property, with the true and actual value of the same, to the assessor, which report shall be sworn to by them as in other cases, and it shall be the duty of the assessor to revise said list, and, if found to be erroneous, to correct the same, as in other cases.

Sec. 112. After the year nineteen hundred and eight, the assessor shall make a particular report, under oath, to the clerk of the county court of his county of his own real and personal property subject to taxation in his county, showing the whole amount of taxes chargeable to him therefor. Until that time such report shall be made only of his personal property. He shall enter his own property, and the taxes chargeable, upon his books in like manner as those of other persons are entered. For failing to perform any duty required of them by this and the preceding section the assessor and his assistants shall each forfeit fifty dollars, and, in addition thereto, be liable to removal from office.

Sec. 113. In any case in which, in consequence of there being no assessor, or from any other cause, a land book or personal property book is not made out for any county for any year thereafter, the officer whose duty it is to make out such land or personal property book for such county shall proceed to make out the proper land and personal property books for such year, according to the rate of taxation prescribed therefor by law, and for the collection of the taxes therein charged, as if the said books had been duly made during the year to which they relate.

Sec. 114. If by reason of war, insurrection, riot, forcible resistance to the execution of the law, or imminent danger thereof, the assessor cannot perform his duties in his county, or any part thereof, he shall nevertheless after the year 1908 proceed to make the assessment by reference to the former land and personal property books, or upon the best information he can obtain, and like proceedings may be
had for the collection of taxes thus charged as if assessments had been regularly made.

Sec. 115. In any proceeding to take or damage for public use all or any part of any property, real or personal, or in any proceedings wherein the value of any such property or any part thereof may come in question, the assessment of such property appearing on the land or personal property books, last certified before the beginning of such proceedings, shall be admissible, together with other evidence, to ascertain the value of such property.

**Proceedings of the assessor after the books are made out.**

Sec. 116. The assessor shall make three fair copies of his personal property books, and after the year 1908 a like number of copies of his land books, and, when the same shall be completed, shall present them, together with the lists mentioned in section seventy-one of this chapter, to the clerk of the county court of the county, who shall, with such assistance as may be necessary, carefully and minutely compare the books with said lists, and examine them in such other way as his information will enable him to do. The assessor shall attend at the office of the clerk and shall assist at the examination so far as he may be desired by the clerk. The clerk shall point out to the assessor such errors, if any, as in his opinion may exist in any of the books, and every such error shall be corrected; but when the clerk and assessor cannot agree as to the propriety of such correction, the matter shall be submitted to the prosecuting attorney for the county, and they shall conform to his decision. When the examination is completed and the additions and recapitulations, required by law, have been made and found to correspond in each of said books, the clerk shall append to each of said books an affidavit to the following effect:

"I, ______, clerk of the county court of ______ county, do solemnly swear (or affirm) that I have examined and corrected the foregoing book as required by law, and the additions, proofs and recapitulations having been made as required by law, have been examined by me and are correct, and correspond with the other two land books (or personal property books) examined by me.

"_________________________"

"Clerk of the county court of ______ county."

The officer before whom the oath is taken shall annex the following certificate:
"Sworn to and subscribed before me, a-- for the county of -- on this-- day of 19--.

Which certificate shall be subscribed by the officer administering the oath.

Sec. 117. As soon as such comparison and examination shall have been completed, the assessor shall make and subscribe the following oath, at the foot of the three copies of the personal property book and of the land book:

"I, --, assessor of the county of --, do solemnly swear (or affirm) that in making the foregoing assessment I have to the best of my knowledge and ability pursued the law prescribing the duties of assessors; that I have not been influenced in making the same by fear, favor or partiality, nor by the character or residence of any owner of any property; that the valuation of each item of property is fixed according to the best information I could obtain, and that I believe such valuation to be the true and actual value thereof, by which I mean the price which could be obtained for such property if voluntarily sold on such terms as are usually employed in the sale of such property, and that such valuation is in no case made according to any rule, basis, percentage or proportion less than the whole of such true and actual value, and that I believe the entries of the list, the additions, proofs and recapitulations in the foregoing book are correct, and the same are alike in words and figures, to the other two copies of the land book (or the personal property book as the case may be) made by me for my county for this year; so help me, God.

"-- Assessor."

The officer administering the foregoing oath shall append thereto a certificate in substantially the following form:

"Subscribed and sworn to before me, a-- for the county of -- and State of West Virginia, by --, assessor for said county, this the-- day-- 19--."

Which certificate shall be subscribed by such officer.

Sec. 118. After the land book and personal property book have been corrected and certified, as required by sections one hundred and thirteen and one hundred and fourteen of this chapter, the assessor shall, on or before the twentieth day of July next ensuing, deliver one copy of each of said books to the clerk of the county court of the
county to be by him carefully preserved among the records of his office, free for the inspection of any person, and a copy of the same, or any portion thereof, may be had at the charge of the person desiring it, and such copy of the personal property book and the land book shall also serve for laying the county levy. At the time the assessor delivers a copy of said books to the clerk, he shall also deliver to the prosecuting attorney of the county the lists mentioned in section seventy-one of this chapter, arranged in the order in which they have been entered in the personal property book. It shall be the duty of the prosecuting attorney to examine said lists, and compare them with the books, to ascertain whether the assessor has complied with his duty in swearing the persons named therein, or in any other respect, and whether the said persons have violated any of the requirements of this chapter; and if the prosecuting attorney discover any violation of law by the assessor, or any other person, it shall be his duty to take such proceedings to prosecute and punish all such offenders, as such examination and any other facts in his possession may warrant. After he has made such examination and comparison the prosecuting attorney shall deliver said lists to the clerk of the county court, who shall preserve them in his office for one year, and then destroy them, unless otherwise directed by the prosecuting attorney.

Sec. 119. Of the remaining copies of the personal property book and the land book, the assessor shall turn over one copy of each to the sheriff not later than the first day of September, which shall be the sheriff's guide in the collection of taxes, and be carefully preserved by him and turned over to his successor in office. The assessor shall transmit one copy of each of said books to the auditor not later than the first day of October, with a certificate affixed thereto, or written thereon, stating that he has delivered duplicates thereof to the clerk of the county court and the sheriff, and the date of such delivery. The said copies shall be a guide to the auditor in auditing the accounts of such sheriff or collector, and shall be admitted as evidence in any proceeding against any such sheriff or collector in relation to the taxes entered therein.

Sec. 120. The assessor may require from the officer to whom the said copies are delivered, or transmitted, an acknowledgment in writing of the receipt thereof: provided, that the provisions mentioned in this and the next four preceding sections, as to the duties of the assessor in relation to the land books and the assessment of
real estate, shall not be required of the assessor until the year nineteen hundred and nine; nor shall the lists of personal property mentioned in section one hundred and eighteen, for the year nineteen hundred and five, state other than the fair cash value of such personal property, but it shall state its true and actual value in each year thereafter, and the form of oath in section one hundred and seventeen shall be modified according to this proviso.

**Penalty on clerk or assessor for failure to perform his duty.**

Sec. 121. If any clerk or assessor knowingly make a false entry, addition or recapitulation in the personal property book or land book, or in any copy of either, he shall for every such offence forfeit three hundred dollars.

Sec. 122. If any clerk or assessor fail to perform any duty required of him by sections one hundred and sixteen, one hundred and seventeen and one hundred and eighteen of this chapter, or the prosecuting attorney fail to perform the duty required of him by section one hundred and eighteen of this chapter, he shall forfeit for every such failure not less than fifty nor more than three hundred dollars.

Sec. 123. If any clerk, assessor or prosecuting attorney fail to perform any duty required of him by law, and there be no other penalty imposed by law for such failure, he shall forfeit for every such failure not less than ten nor more than fifty dollars.

**Compensation allowed clerks.**

Sec. 124. The clerk may make out tickets for his fees and place them in the hands of the sheriff, or other officer, to be collected and accounted for in the same manner that the fees of the clerk of the circuit court are collected and accounted for. The clerk of the county court shall be subject to the same penalties as the clerk of the circuit court for issuing fee bills wrongfully.

Sec. 125. The auditor shall pay, out of his contingent fund, to the several assessors for all postage and express charges advanced by them in the transmission of their books or correspondence relating thereto, the accounts for which shall be verified by their affidavits.

Sec. 126. Unless the assessor exhibit to the county court the receipts of the proper officers, showing that the copies of the land
book and personal property book have been delivered within the time prescribed in this chapter, or show to the satisfaction of the court that any delay which may have occurred was unavoidable, the court may refuse him any compensation, or may reduce his commission or allowance as to them may seem right and proper.

Sec. 127. When one assessor begins in any year and the office becomes vacant before the services to be rendered by him in that year are fully performed, in consequence whereof another is elected or appointed who completes the same, the sum to be paid for the whole service of the assessor in that year shall be apportioned by the county court between the assessor last mentioned and the former, according to the services by them respectively performed. If, however, in consequence of any failure to deliver books or papers which the former had, the latter has to proceed to take the list of taxable property, and to do all that he would have to do in case there had been no previous assessor that year, then he shall receive all the compensation for the said year.

Sec. 128. After the copies of the land book or personal property book shall have been verified and delivered, no alteration shall be made in them, or either of them, affecting the taxes of that year.

Relief against taxes erroneously assessed, etc.

Sec. 129. Any person claiming to be aggrieved by any entry in any land or personal property book of any county who shall not have been notified of his assessment, or who shall not have appeared and contested the same as provided in section eighteen of this chapter, and any person claiming to be aggrieved by the assessment of a license tax in any county, may, within one year from the verification of such book, or within six months after the assessment of such license tax, as the case may be, apply for relief to the county court of the county in which such books are made out, and in which such license tax is assessed. But he shall, before any such application is heard, give ten days' notice to the prosecuting attorney of the county, whose duty it shall be to attend to the interests of the state, county and district, in the matter. If it appear on the hearing of such application that the value, distance or bearing from the court house, or the local description of any tract of land entered in such land book is, by mistake or fraud, incorrectly entered therein, or that any tract or lot of land entered in such land book is, by mistake or fraud, charged with a greater or less amount of taxes and levies than should
have been charged thereon, or that any person properly chargeable
with the taxes on any tract or lot entered therein is not so charged,
or that there is any mistake in the name of the person charged with
taxes on any tract or lot of land therein entered, or if it appear from
the report of a competent surveyor, under oath, that any tract of
land entered therein is by mistake or otherwise charged with a greater
number of acres than it contains, or if it appear that any one has been
improperly charged with taxes on personal property, or that his
property has been assessed at an improper valuation, the court shall,
by an order entered of record, correct any and every such error or
mistake, and direct its clerk to furnish the assessor with a copy of such
order, and the said assessor shall enter the same property in the next
land book made out by him. A copy of any such order, or orders,
entered in any court making any such correction as is herein provided
for, shall be made and certified to the auditor by the clerk within
twenty days after the entering of the same; such application shall
have precedence of all other business before the court; but any order
or judgment made upon such application shall show that the pros-
ccuting attorney was present and defended the interest of the state.
In the event it shall be ascertained that the land or personal property
has been assessed too high, or is otherwise improperly assessed, and
that the owner has paid the excess of such taxes, or the taxes er-
roneously charged, it shall be refunded to him; and if not paid, he
shall be released from the payment thereof. If the court, upon an
application to correct an assessment under any of the provisions of
this chapter, refuse to make the corrections asked for, the applicant
may have the evidence taken thereon certified by the county court
and an appeal may be taken, as in other cases, from the order of
refusal to the circuit court of the county, and such appeal, when
allowed by the court or judge, shall, except as hereinafter provided,
have the preference over all other civil cases pending in said court;
and whenever any such assessment is corrected by the county court,
or by the circuit court on appeal, the clerk of the court making the
corrections shall certify a copy of such order to the auditor, and
shall also furnish to the assessor a copy of the same, and said assessor
shall thereupon make the correction in his land book for the next
year according to such order.

Sec. 130. Whenever the county court or the circuit court, on
appeal, shall grant relief to any such applicant against the taxes, or
any part of them, assessed against him on either the land or the per-
sonal property books, or if a license tax, an order shall be made by such court exonerating such applicant from the payment of so much of such taxes as are erroneously charged against him, if the same have not been paid; and if paid, that the sum so erroneously charged be refunded to him.

Sec. 131. Such order, delivered to the assessor, sheriff or other collecting officer shall restrain him from collecting so much as is erroneously charged, and if the same has been already collected shall compel him to refund the money, if such officer has not already paid it into the treasury, and in either case, when endorsed by the person exonerated, it shall be a sufficient voucher to entitle the officer to a credit for so much in his settlement, which he is required to make.

Sec. 132. If what was erroneously charged has been paid into the state treasury, the order of the county court, attested by its clerk, shall entitle the claimant to a warrant on the state treasury for the amount thereof, if application for the same be made to the auditor within one year after the date of said order: provided, that the provisions in this and the next three preceding sections, relative to relief against taxes erroneously assessed against real estate, shall not be in effect until after the year nineteen hundred and eight, and that all the provisions relative to erroneous assessments and relief against the same, mentioned in chapter fifteen of the acts of the extraordinary session of the legislature of nineteen hundred and four, shall be and remain in operation until the year nineteen hundred and nine.

The grand jury to inquire into violations of the revenue laws.

Sec. 133. It shall be the duty of every assessor to furnish the prosecuting attorney of the county a list of every violation of the revenue laws committed by any person, other than himself, showing the nature and character of each violation. It shall be the duty of such prosecuting attorney to deliver such list to the foreman of the grand jury, who shall treat it as having been especially delivered in charge to the grand jury. The said foreman, after the grand jury is discharged, shall return said list to the clerk of the circuit court, to be preserved and filed in his office. It shall also be the duty of the circuit court to especially charge the grand jury to inquire into all violations of the revenue laws by the assessor.

Sec. 134. The words "tax," "taxes," "taxable," and "taxation," in this act, shall be deemed to include county, district, independent
school district and municipal corporation levies in all cases not inconsistent with the context.

Sec. 135. Taxes for county, district, independent school district and municipal purposes shall be levied only upon the value of property ascertained under the provisions of this chapter.

2. All acts and parts of acts coming within the purview of this act, and inconsistent therewith, are hereby repealed.

(Substitute House Bill No. 341.)

Sec. 2. No person without a state license therefor shall

(p) maintain any slot machine or other automatic device which, for the same profit or reward in each case and without any violation of law, furnishes music, or exhibits pictures, or provides facilities for weighing, or supplies any merchandise or other thing, or renders any service, except that no license in any case be required to maintain any machine actually delivering merchandise therefrom, automatically, where such machine is kept within the merchant’s place of business; but no slot machine or other automatic device with respect to which, or its operation, service or supplies, there is any element of chance (being a gaming table, within the meaning of section one of chapter one hundred and fifty-one of the code), shall be licensed or protected by any license; or

penalty prescribed for such violation.

Penalty for acting without license.

Sec. 3. Any person convicted of violating either of the two pre­
ceding sections, except paragraphs b, c, d, e and f in section one, shall,
except where it is otherwise provided herein, be fined not less than
twenty nor more than one hundred dollars, and may, in the discretion
of the court, be imprisoned in the county jail not more than three
months; and any person convicted of violating either of said para­
graphs b, c, d, e or f of said section one shall be fined not less than
twenty-five dollars nor more than two hundred dollars, and imprison­
ed in the county jail not less than two months nor more than six
months. Upon a conviction for a violation of any of said paragraphs
b, c, d, e and f, committed after the first conviction, such person shall
be confined in the penitentiary for one year: provided, that the jury
may, for reasons stated in its verdict, fix the penalty therefor at a fine
not exceeding one hundred dollars, and imprisonment in jail not less
than six months nor more than twelve months, and in such case the
sentence shall be according to the verdict.

License not required in certain cases.

Sec. 4. This chapter shall not be construed
(a) to require license to keep a boarding house or boarding school,
where boarders are not received for less than three days; or
(b) to prohibit a druggist from selling without license alcohol for
scientific or mechanical purposes; or alcohol, spirituous liquors or
wine in good faith upon the written prescription of a reputable physician for medicinal purposes; or

(c) to require any incorporated bank, savings bank, or savings institution or trust company, to obtain a license as broker or private banker; or

(g) to require any trustee selling trust property, or any personal representative or committee selling property belonging to the estate under his charge, or any officer or commissioner selling property under the order, decree, execution or process of any court of justice of this state or of the United States, to obtain a license to make such sale; or

(h) to require any colporteur or person selling religious books to obtain a license therefor; or

(i) to require farmers who furnish meals to travelers and others passing to obtain license therefor.

Sales by druggists.

Sec. 5. If any druggist shall sell spirituous liquors, wine, porter, ale, beer, or other intoxicating liquors, unless for medical purposes, or alcohol unless for medical, scientific or mechanical purposes, he shall for each and every offense be fined not less than fifty nor more than two hundred dollars; and he shall upon a second conviction be fined not less than one hundred nor more than five hundred dollars, and may, in the discretion of the court, be imprisoned in the county jail not less than thirty nor more than ninety days, and the court wherein such conviction is had may revoke the license of such person to carry on the business of druggist and registered pharmacist; and, no such license or licenses shall thereafter be granted to such person or to any person in his employ; and it shall be the special duty of the circuit court to give this provision in charge to every grand jury. If any person shall upon or along any river, which forms any part of the boundary line of this state, violate the first section of this chapter he shall, in addition to the penalty prescribed in section three, be confined in the county jail not less than thirty nor more than sixty days,
and during such sentence shall work at hard labor on any public highway of the county, under the custody of the sheriff or his deputy, at such place or places as the court may direct.

Sec. 6. In any prosecution against a druggist for selling alcohol, spirituous liquors, wine, porter, ale, beer, or other intoxicating liquors, without a license therefor, if the sale be proven, it shall be presumed that the sale was unlawful in the absence of satisfactory proof to the contrary. No sale of alcohol except for mechanical or scientific purposes, or of spirituous liquors, wine, porter, ale, beer, or other intoxicating liquors, shall be made by any druggist under the provisions of this chapter except upon the written prescription of a practicing physician in good standing in his profession, and not of intemperate habits, specifying the name of the person and the kind and quantity of liquors to be furnished him, and stating that such liquors, so prescribed, are absolutely necessary as a medicine for such person, and are not to be used as a beverage, and not more than one sale shall be made upon the same prescription. And the production of such prescription by the defendant at the trial of an indictment against him for the sale of the alcohol, spirituous liquors, wine, porter, ale, beer, or other intoxicating liquors, mentioned therein, shall be sufficient to rebut the presumption arising from the proof of such sale, as hereinbefore provided for, if the jury believe from all the evidence in the case that the sale was made in good faith, under the belief that such prescription and statement were true.

Sec. 7. If any physician shall, for the purpose of aiding a druggist or other person in the violation of any of the provisions of this chapter, or otherwise, give such prescription and make such statement falsely he shall be guilty of a misdemeanor, and fined not less than fifty nor more than two hundred dollars. Every such prescription and statement shall be filed and preserved by the druggist selling such liquors thereon, and the same shall be open and subject to the inspection of the prosecuting attorney of the county, or any member of a grand jury thereof, or the husband, wife or any relative of the person to whom such liquors were sold; and any druggist or person in charge of such prescriptions and statements who shall willfully fail or refuse to produce the same, when demanded for inspection by any of the persons aforesaid, shall be guilty of a misdemeanor and fined not less than twenty nor more than one hundred dollars.
Certain provisions respecting tavern licenses.

Sec. 8. Every house where food and lodging is usually furnished to travelers, and payment required therefor, shall be deemed a hotel or tavern. Every person licensed to keep a hotel or tavern shall constantly provide the same with lodging and diet for travelers and their servants, and with stableage and provender, or pasturage and provender, as the season may require, for their horses; but if such hotel be in a city, village or town, the council may, if the applicant desire it, dispense with the necessity of providing for horses. If any person so licensed fail to comply with this section the license shall be revoked, pursuant to the thirty-fourth section; and shall always be revoked if it appear that the principal object in obtaining the same is not to provide lodgings and diet for travelers and their servants, but to use it as a facility for selling intoxicating liquors.

Sec. 9. The state tax on a license to keep a hotel or tavern shall be determined by the yearly rental value of the premises occupied for that purpose. The clerk of the county court may require the proprietor to declare on oath the rental value of the premises, and if the premises be leased or rented, the tenant to declare on oath the amount of rent agreed to be paid, and, if either of them refuse to do so, the person so refusing shall forfeit not less than twenty nor more than one hundred dollars. From such information if obtained, and a comparison of the premises, where it is in his power, with other premises actually leased or rented, and other circumstances affecting the value, the said clerk shall estimate the yearly rental value to the best of his judgment, taking into consideration not only the house itself, but all the lots, gardens, stables, out-houses, booths and watering places held and used therewith, but excluding the contiguous farm and farm houses.

How state licenses are obtained.

Sec. 10. The state licenses mentioned in the first section shall be issued only when authorized by the county court of the county, except as herein otherwise provided, and except, further, that where the act occupation or business for which such state license is necessary is to be done or carried on in an incorporated city, village or town, the license shall be issued only when authorized under the charter of said city, village or town, by the council or license court thereof, as well as by the county court: provided, that no license shall be
issued for the sale of intoxicating liquors within two miles of the limits of any incorporated city, town or village without the consent of the council thereof first be obtained, unless the same be in another incorporated city, town or village in which there is no such license.

Sec. 11. Every person desiring to obtain a state license shall apply for a certificate therefor to the clerk of the county court, except as hereinafter provided. The words "clerk of the county court" as used in this chapter shall in each instance be construed to mean the clerk of the county court who acts as the recorder of said county.

Sec. 12. If the applicant desires such license for any of the purposes mentioned in paragraphs b, c or e of the first section he shall file a petition with the clerk of the county court of the proper county at least thirty days before the session of said court at which the same may be heard; and shall at the same time pay the said clerk ten dollars for advertising expenses connected therewith. Said clerk shall cause to be published once in each week for four successive weeks in two newspapers of opposite politics (if there be such) of general circulation in the county wherein such license is desired, designated by said court, a list containing the names of all such applicants, their respective residences, and the places for which application is made. The first publication shall not be less than twenty-two nor more than thirty days before the first day of the term of said court at which said petition may be heard. Said petition shall show:

First—The name and residence of the applicant, and how long he has resided there.

Second—The particular place for which the license is desired, and the name of the owner of the premises.

Third—that the applicant is a citizen of the United States, the place of the birth of said applicant, and if a naturalized citizen the court and date of such naturalization.

Fourth—that the applicant has not applied, and does not intend to apply, for license to do business at any other place in said county where any of said liquors are sold or kept for sale, except being a distiller or brewer he has applied or intends to apply for a wholesale dealer's license under the provisions of this chapter.

Fifth—that the license held by the applicant has ever been revoked, and if so when and where.

Sixth—Unless the surety offered be a trust or surety company authorized to do business in this state, the names of not less than two reputable freeholders of the county who will become sureties on the
bond hereafter required, and a statement that they are the bona fide owners in their own right of real estate in said county which at its assessed value is worth more than four thousand dollars above all liens and incumbrances thereon, and that they will not go on the bond or be surety upon bonds aggregating more than the total worth of their property.

Seventh—Said petition must be verified by the affidavit of the applicant, and if any false statement is wilfully made in said petition the applicant shall be deemed guilty of the crime of perjury, and upon conviction shall be subject to its penalties. There shall be annexed to said petition a certificate, signed by at least twelve reputable qualified voters of the magisterial district in which such liquors are to be sold, setting forth that they have been acquainted with the applicant, that they have good reason to believe that each and all of the statements contained in the petition are true, and stating their names in full and their places of residence, and the kind and places of business in which they are engaged.

If the business is to be carried on in an incorporated city, town or village the municipal authorities whereof are not vested with the sole power to grant such licenses, the applicant shall procure from the clerk of such city, town or village a certified copy of the order or resolution of the council of said city, town or village authorizing or assenting to such license, and shall file such certified copy with his said petition.

Sec. 13. The court shall hear the petitions at a regular or special term called for that purpose on the first Monday of April of each year, in the order in which they are filed with the clerk, who shall prepare a docket thereof, and the court shall grant or refuse the licenses applied for. The said county court shall hear any petition of residents of the county, in addition to that of the applicant, in favor of, and any remonstrance against, the application for such license, and in all cases shall refuse the same whenever in the opinion of said court (having due regard to the number and character of the petitioners for and against said application) such license is not necessary or that the applicant is not a fit person to whom such license should be granted. Upon sufficient cause being shown, or proof being made to the said court, that the person holding a license has knowingly violated any law of the state relating to the sale of liquors, the said court, upon notice being given to the person licensed, shall revoke the said license.
Sec. 14. If the license desired is for any of the purposes named in paragraphs b, c and e of said first section and the business is to be carried on in an incorporated city, town or village the municipal authorities whereof are vested with the sole power of granting such license, the council shall constitute a license court for such municipality, of which the mayor shall be president and the clerk of the municipality shall be clerk of said court, in each case without any additional compensation. The court so constituted shall hear and determine petitions for such license and remonstrances of residents against the same, which shall in all things conform to the requirements of the petitions of applicants and remonstrances of residents in county courts, and which shall be filed within the same time with the clerk of such municipality as provided for like proceedings in the county courts; and the said clerk shall perform all the duties as to publication and otherwise required of clerks of the county courts. Such license court shall be governed and controlled in the hearing and granting or refusing such license, in all respects, as prescribed herein for granting or refusing such license by the county courts. Said license court shall convene for hearing such petitions at the same time provided herein for county courts and shall sit from day to day until the business is completed.

Sec. 15. If the applicant desires such license for any of the purposes mentioned in paragraphs a or g of the said first section he shall, if the business is to be carried on in an incorporated city, town or village the municipal authorities whereof are vested with the sole power of granting such license, or wherein the assent of such municipal authorities is required to the granting of the same, deliver to such clerk a copy of the order or resolution of such authorities of said town authorizing or assenting to such license. If the business is to be carried on in an incorporated city, town or village the municipal authorities whereof are vested with the exclusive power of granting such license, the said clerk shall thereupon deliver to the applicant a certificate of the license to be obtained, and the amount of the tax to be paid thereon to the state, which certificate shall conform in other respects to the provisions relating thereto hereinafter contained. If such business is to be carried on in an incorporated city, town or village not vested with the sole power of granting such license, or outside of an incorporated city, town or village, the clerk shall deliver such certificate only when the same has been authorized by the county court. Such certificate shall be produc-
REGULATIONS RESPECTING LICENSES.

Sec. 16. When the county or license court shall have granted a license for any of the purposes mentioned in paragraphs b, c, d, e or f of said first section, as provided herein, the clerk of the county court shall issue a certificate of license in the form to be prescribed by the state tax commissioner, and it shall be the duty of the said commissioner to prepare and have printed or lithographed all necessary forms and blanks for said purposes and for other purposes of this chapter, and furnish the same in such quantities as may be necessary, with such instructions and regulations for their use as he may think best.

Such certificate shall be turned over by the clerk to the officer to whom the state tax is to be paid as prescribed in the case of certificates in other cases, and his receipt for such tax written on the certificate shall, with the certificate, constitute a license, while it remains in force, to the person and for the purpose specified in the certificate, except so far as otherwise provided in this chapter.

Sec. 17. The clerk of the county court may obtain a certificate for a state license from the clerk of the circuit court in the same manner as another person may obtain such certificate from the clerk of the county court. The clerk of the circuit court, in relation to such certificate issued by him, shall perform the same duties and be subject to the same penalties as the clerk of the county court would be in relation to a certificate issued by him.

**Power of municipal authorities not to be impaired.**

Sec. 18. Where the council of a city, town or village is authorized by its charter or any law of the state to impose a penalty for doing any act, or engaging in any business or occupation, within the limits of such municipality, without having first obtained a license therefor pursuant to the ordinances of said town, no state license shall exonerate the person holding the same from any such penalty, whether such penalty be greater or less than herein provided; but no incorporated city, town or village shall impose or require the payment of a greater annual license tax for doing any act or engaging in any
business within the limits of such city, village or town, than the state tax imposed by this chapter for doing the same act or engaging in the same business or occupation, except on license to sell at retail spirituous liquors, wine, porter, ale, beer or drinks of like nature, anything in the charter of such city, village or town to the contrary notwithstanding: provided, further, that no incorporated city, town or village shall impose or require the payment of a greater annual wholesale license tax on beer, ale, or porter than two hundred and fifty dollars.

Evidence of character required in certain cases.

Sec. 19. No license for any purpose mentioned in the first section shall be granted unless the tribunal granting the same shall be satisfied, and so enter upon its record, journal or minutes, that the applicant for such license is not of intemperate habits, and has not been convicted of a felony, or who shall be convicted hereafter of selling intoxicating liquors on Sunday.

Certain conditions required.

Sec. 20. The granting of a license to any person to carry on any business for which a license is required, under any of the provisions of this chapter, shall not be construed to authorize him to carry on said business, unless he shall have complied with all the provisions of law requiring him to make any payment, obtain any certificate or permit, or to do any act as a condition of carrying on any such business.

Penalties and liabilities for illegal sales.

Sec. 21. If any person having a state license to sell spirituous liquors, wine, porter, ale, beer, or any other intoxicating drink, shall sell or give any such liquors or drinks to any minor or person of unsound mind, or to any person who is intoxicated at the time, or who is in the habit of drinking to intoxication, when he knows or has reason to believe such person is a minor or of unsound mind, or intoxicated, or is in the habit of drinking to intoxication; or if he permit any person to drink to intoxication on any premises under his control, or shall sell or give any intoxicating drink to any one on Sunday, or if any person (except a parent to his child or a guardian to his ward), whether he have a state license or not, give to any minor or person of unsound mind any intoxicating drink, unless such drink be prescribed
by a reputable physician, in writing, stating that such drink is necessary as a medicine, and the quantity necessary, he shall be guilty of a misdemeanor, and fined not less than twenty nor more than one hundred dollars for the first offence; and not less than forty dollars nor more than two hundred dollars for the second offence; and may in the discretion of the court, in addition to such fine for the second offence, be confined in jail not more than sixty days. Upon conviction for the second offence the court, in which the conviction is had, may revoke the license of such person, and a sale thereafter by him shall be a sale without a license; and no license shall be afterwards granted to such person.

Any minor or female who shall loiter in or about any saloon or place where intoxicating liquors are sold shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than twenty-five dollars, or may be confined in the county jail not less than ten nor more than thirty days.

Sec. 22. Notwithstanding any other provision in this chapter, no person holding such license shall be allowed to transfer or assign it to any other person while any indictment is pending against the person holding such license.

Sec. 23. A sale of any such liquors or drinks by one person for another shall, in any prosecution for such sale, be taken and deemed as a sale by both, and both may be indicted and punished therefor, either jointly or separately.

Sec. 24. All houses, buildings and places of every description, where intoxicating liquors are sold or vended contrary to law shall be held, taken and deemed to be common and public nuisances, and courts of equity shall have jurisdiction by injunction to restrain and abate any such nuisance, upon bill filed by any citizen, or by the prosecuting attorney of any county or by any state officer, in the name of the state of West Virginia.

Sec. 25. The owner of any house, building or other place, mentioned in the preceding section, who sells or knowingly permits intoxicating liquors to be sold or vended therein contrary to law, and every person engaged in such unlawful sale in any such house, building or place, may be indicted for keeping and maintaining a common and public nuisance, and upon conviction thereof he shall be fined not less than twenty nor more than one hundred dollars, and, at the discretion of the court, imprisoned in the county jail not less than ten nor more than thirty days; and judgment shall be given that such house,
building or other place be abated or closed up as a place for the sale of such liquors contrary to law, as the court may determine.

Sec. 26. Every husband, wife, child, parent, guardian, employer or other person, who shall be injured in person or property, or means of support, by any intoxicated person, or in consequence of the intoxication, habitual or otherwise, of any person, shall have a right of action, severally or jointly, against any person who shall, by unlawfully selling or giving of intoxicating liquors, have caused the intoxication, in whole or in part, of such person or persons; and persons owning, renting, leasing or permitting the occupation of any building or premises, and having knowledge that intoxicating liquors are to be sold therein, or, who having leased the same for other purposes, shall knowingly permit therein the sale of any intoxicating liquors that have caused, in whole or in part, the intoxication of any person, shall be liable, severally and jointly, with the person or persons selling or giving intoxicating liquors aforesaid, for all damages sustained, and for exemplary damages. A married woman shall have the same right to bring suits and to control the same and the amount recovered as a feme sole; and all damages recovered by a minor, under this chapter, shall be paid either to his parent, guardian, or next friend, as the court shall direct. All suits for damages under this chapter may be by any appropriate action in any of the courts of this state having competent jurisdiction: provided, however, that if the property of the landlord be seized or taken for any fine, forfeiture or amercement, by reason of the unlawful acts of his tenant, arising under the provisions of this chapter, such landlord may sue upon the bond required by this chapter to be given, and may recover thereon damages to the amount incurred and paid by him, together with costs.

Sec. 27. The unlawful sale or giving away of intoxicating liquors shall work a forfeiture of all rights of the lessee or tenant under any lease or contract of rent of the premises where such unlawful sale or giving away shall take place.

Bonds required.

Sec. 28. No county or license court nor town council shall authorize the issuing of any license to sell spirituous liquors, wine, porter, ale, beer, or drink of like nature, until the applicant shall have given bond with good security, to be approved by the court or other tribunal, or council, in the penalty of at least three thousand five hundred
dollars, conditioned that he will not permit any person to drink to intoxication on any premises under the control of such applicant; and will not knowingly sell or furnish any intoxicating drink to any person who is intoxicated at the time, or who is known to him to have the habit of drinking to intoxication, or whom he knows, or has reason to believe, is under the age of twenty-one years, and that he will not sell or furnish such drink to any person on Sunday; and with the further condition, that he will pay all such damages and costs as may be recovered against him by any person under any of the provisions of chapter thirty-two of the code of West Virginia, as amended. And such applicant and his securities in said bond shall be liable, in a suit or suits thereon, for the fine and costs which may be recovered against him for any offence under this chapter which is a violation of any of the conditions of said bond, as well as for the damages hereinafore provided for, until the penalty of such bond is exhausted.

Jurisdiction of justices over certain violations.

Sec. 29. Every justice of the peace upon information made under oath or affirmation, that any person is selling, offering or exposing for sale spirituous liquors, wine, porter, ale, beer, or drinks of like nature, or that the affiant has cause to believe and does believe that any such liquors are sold in any house, building or other place named therein, contrary to the provisions of this chapter, whether such persons have a license or not, shall issue his warrant requiring the person suspected to be brought before him for examination, or the said house, building or other place to be searched and the parties found therein arrested and brought before him, as aforesaid, and requiring the officer to whom it is directed to summons such witnesses as shall be therein named, or whose names are endorsed thereon, to appear and give evidence on the examination; and (where the person suspected is charged in such information with a violation of any of the provisions of the first section in relation thereto, or where it is charged that any such liquors are sold in any house, building or place named therein, contrary to the provisions of said first section), in the same warrant shall require the officer to whom it is directed to seize and hold all intoxicating liquors found therein, also vessels, bar fixtures, screens, glasses, bottles, jugs and other appurtenances apparently used in the sale of such liquors contrary to law.

Sec. 30. If, upon the examination of such person, it shall appear
to the justice that there is probable cause to believe him guilty of the
offence charged he shall require the accused to enter into a recogni-
zance, with sufficient sureties, in the sum of not less than one hundred
dollars, to appear before the next term of the circuit court of the
county to answer an indictment, if one be preferred against him; and
upon his failure to enter into such recognizance the justice shall com-
mit him to jail to answer such indictment. The justice shall also
recognize all the material witnesses, with or without sureties, as he
may deem proper, to appear before the grand jury, at the next term
of the said court, and give evidence against the accused; and the
justice shall require the accused to give bond, with sufficient security,
in the sum of five hundred dollars, conditioned that he will not violate
any of the provisions of chapter thirty-two of the code of West Vir-
ginia, as amended, during the time intervening between the date of
such bond and the adjournment of the next grand jury term of the
circuit court of the county; and upon his failure to give such bond
the justice shall commit him to jail until such bond is given, or until
he is discharged therefrom by the circuit court of the county.

Sec. 31. Whenever intoxicating liquors as aforesaid shall be seized
in any room, building or place, which has been searched under the
provisions of this chapter, the finding of such liquors in such room
shall be prima facie evidence of the unlawful sale of the same by the
person named in the government license posted in such room, or his
agent or employee therein, and the proprietor or other person in
charge of the premises where such liquor was found shall be subject
to trial by due process of law on the charge of selling such liquors
unlawfully; and upon his conviction of selling or offering for sale
such liquors unlawfully, the liquors found upon said premises to-
gether with the other articles taken under the warrant shall at once
be sold to the highest bidder by such officer on a notice similar to
that required on an execution sale of other personal property, the
proceeds to be paid to the county wherein the suit or prosecution
was had.

Sec. 32. If in any such house, building or place, as is hereinbefore
mentioned, the sale of intoxicating liquors is carried on clandestinely,
or in such manner that the person so selling cannot be seen or iden-
tified, any sheriff, constable or other officer, charged with the exe-
cution of a warrant issued under sections twenty-nine and thirty of
this chapter, may, whenever it is necessary for the arrest or identi-
fication of the person so selling, break open such house, building or
place.
Sec. 33. Nothing contained in sections twenty-nine and thirty-one of this chapter relating to the seizure and sale of liquors, vessels, bar fixtures, screens, glasses, bottles, jugs and other appurtenances, or as to the prima facie evidence of unlawful selling of such liquors by the person named in the government license posted, shall apply to persons having a state license under the provisions of this chapter.

Revocation of license.

Sec. 34. The county or license court or council who authorized any license mentioned in the first section may, for good cause shown, revoke the same upon the petition in writing of any inhabitant of the county or town. But the person holding the license must first have reasonable notice of the proposed revocation and the privilege of being heard in person or by counsel. After such revocation the license shall be of no effect to protect him from any penalty imposed by this chapter.

Place to which the license is confined.

Sec. 35. Every certificate issued as aforesaid, if it be to authorize the keeping of a hotel or tavern, or bowling alley, billiard table or bagatelle table, or any table of like kind, or turf or base ball exchange, or to carry on the business of a druggist, shall specify the house in which it is to be kept or carried on; and to keep or carry on the same at a different place shall be deemed a violation of this chapter. Every license to sell spirituous liquors, wine, porter, ale, beer, or any drink of like nature, or to furnish drinks or refreshments at a public theater, shall specify the house where they are to be sold, and a sale at any other place shall be held to be a sale without a license. Other licenses shall be deemed co-extensive with the county, subject to such regulations as may be prescribed by the tax commissioner, but of no effect beyond the limits of such county, unless otherwise herein provided.

Sec. 36. If the person holding a state license, which is limited to a particular house as aforesaid, desires to have such license transferred to another place within the same county, the tribunal or tribunals vested by this chapter with authority to authorize the issuance of the original license for the conduct of such business at such place may authorize such transfer, and cause a memorandum thereof to be endorsed on the original license by the clerk of the county court; or if such place be within an incorporated city, town
or village, the municipal authorities whereof are vested with sole power to grant licenses therein, then by the clerk of such municipality, who shall immediately make report thereof in writing to the clerk of the county court, who shall thereupon make record thereof. After such endorsement the license shall have the same effect as if the place to which it is transferred had been inserted therein. But such transfer shall not be authorized until the applicant shall have presented to said county court or other tribunal a petition setting forth all the facts necessary, under the provisions of this chapter, for the original application for such license, nor, in case such license be for the conduct of any business mentioned in paragraphs b, c, e or f of the first section, until all the requirements of law mentioned in sections thirteen and fourteen of this chapter in relation to applications for the original license have been complied with.

Sec. 37. A person holding a license for any purpose mentioned in the first section may, except as otherwise provided, assign the unexpired term thereof to another, with the assent of the tribunal or tribunals which authorized such license. Such tribunal or tribunals shall cause a memorandum of such assignment to be endorsed on the original license by the clerk of the county court, or if such place be within an incorporated city, town or village, the municipal authorities whereof are vested with the sole power to grant licenses therein, then by the clerk of the municipality, who shall immediately make report thereof in writing to the clerk of the county court, who shall thereupon make record thereof.

If the assignment be of such a license as is mentioned in the twenty-eighth section, the assignee shall give bond and security as required by that section, and the said license shall in all respects be applicable thereto. A person holding a state license other than those mentioned in the first section may transfer the unexpired term thereof to another by assignment endorsed on the license, and attested by the clerk of the county court. But no assignment of a license shall be of any effect unless made in the manner prescribed in this section. And no transfer of a license mentioned in paragraphs b, c, d, e and f of the first section shall be authorized except upon petition of the proposed assignee, setting forth all the essential facts as required in an original application for such license, and in compliance with all other requirements of the law in relation thereto. Nor until there be filed with such petition a receipt from the proper officer showing the payment of the tax of fifty dollars upon such transfer hereinafter provided for.
Fees for licenses, alterations and assignments.

Sec. 38. For every order entered authorizing a state license, or assignment of the same, the clerk of the tribunal making the order shall be entitled to a fee of fifty cents. For every certificate for a license, or alteration or assignment of such license, the clerk issuing the same shall be entitled to a fee of fifty cents. The said fee shall be paid by the person on whose application the license is issued, or the alteration or assignment made.

Time for which license is to be granted.

Sec. 39. Every state license for any purpose mentioned in sections one and two of this chapter, except as hereinafter otherwise provided, shall expire on the thirtieth day of April next after the commencement thereof; if granted for a less time than a year the state tax thereon shall be computed from the annual tax in proportion to such time as the license has to run.

Sec. 40. A state license to furnish intoxicating drinks or refreshments, or sell at retail spirituous liquors, wine, porter, ale or beer, or any drink of like nature, at a public theater or at any public watering place in this state, or sell patent rights, or act as hawker or pedler, or to keep for public use or resort at any public watering place in this state a bowling alley or billiard table, or any table of like nature, shall be either for a year, four months or two months from the commencement thereof. But no license to sell intoxicating liquors as provided in this section shall be granted for a year or less than one year except upon petition to the county court or municipal tribunal as provided in this chapter. If for four months, the state tax thereon shall be one-half, and for two months, one-third of the annual tax.

Sec. 41. There shall be a state tax per week on theatrical performances, and on a circus, menagerie, street or other carnival, or public show, for every exhibition.

Appeals from the clerk of the county court.

Sec. 42. If any person desiring a state license of any kind be dissatisfied with the amount of taxes to be assessed thereon as stated in the certificate of the clerk of the county court, or with any decision of the clerk respecting such license, or if any person be aggrieved by the assessment of a license tax, he may obtain relief in the following
manner: He may apply to the state tax commissioner to review the decision of the clerk. The tax commissioner shall review the action of the clerk, affirm the same if found to be in accordance with the law, and if found contrary to the law, reverse the same, and issue a certificate for such license on such terms and with such conditions as may be required by law. On such appeal the state tax commissioner may increase or diminish the amount of tax as fixed by the clerk, to meet the requirements of the law. Whenever the state tax commissioner shall ascertain from any source that any person is carrying on any business for which a state license is required without having paid the full amount of the tax required by law, though having paid the amount of tax named in the clerk's certificate, he shall, after notice to such person to show cause before him why such license tax should not be increased, impose the proper amount of tax and require such person to pay to the sheriff the amount of the difference between what such person has already paid and what the state tax commissioner finds he should have paid. If in any case the person desiring the license shall not comply with such requirements or decision, within ten days after the same is made known to such person, the license awarded to such person, if any shall have been awarded, shall be revoked by the state tax commissioner, and any money paid on account of such license shall be forfeited to the state, and such license shall be of no force or effect to authorize the carrying on of the business or engaging in the acts authorized by such license. When it has been ascertained that any person, firm or corporation has carried on any business for which a state license is required without having paid the full amount of the tax required by law, whether such person, firm or corporation has had a certificate authorizing the carrying on of such business or not, the state shall, in addition to the penalties that may be imposed for transacting such business without a state license, have the right to collect such back taxes for a time not exceeding five years, and suits therefor may be brought in the name of the state and enforced in any of the courts of this state having jurisdiction, as other suits in civil actions are brought and prosecuted.

Production of license.

Sec. 43. Every person holding a state license for any of the purposes mentioned in the first section of this chapter, and every person holding such license to sell cigars, or any other preparation of tobacco,
shall keep such license posted in a conspicuous position in the place where any such business is carried on. Every person, firm or corporation conducting a business for which, under the provisions of this chapter, a state license is required, shall produce such license for inspection whenever required so to do by the state tax commissioner, prosecuting attorney, sheriff, justice of the peace, the assessor or his assistants, and it shall be the duty of every assessor and his assistants to call upon every person, in the territory appointed to such assessor and assistants, who is conducting a business for which a state license under this chapter is required and inspect the same, and if such person, firm or corporation shall not have the license authorizing such business he shall immediately report the same to the state tax commissioner. Any person violating this section shall forfeit not less than ten nor more than one hundred dollars.

Sec. 44. A license to maintain an automobile shall be granted by the auditor to the owner thereof, and shall be co-extensive with the state. Such licenses shall be numbered consecutively and a record shall be kept showing the name of the person to whom each license is granted. In addition to the certificate of license the auditor shall furnish to every such licensee two metal tags or plates bearing the same number as the license and the word "licensed," which shall be printed on such tag or plate in plain letters. One such tag or plate shall be securely attached in a conspicuous place on the front and the other on the rear end of such automobile. Any person other than the owner of the automobile licensed who shall deface or destroy such tag or plate shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than five dollars nor more than twenty-five dollars. Duplicates of any such tag or plate may be issued by the auditor to the person to whom the original was issued upon payment of the fee of one dollar for each. Any person who shall maintain or operate an automobile without such tag or plate, or with one bearing any other number than that of the license issued therefor, shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than twenty nor more than one hundred dollars. In any controversy respecting the identity or ownership or control of an automobile, the number borne by it shall be *prima facie* evidence that it was owned and operated by the person to whom the license therefor was issued. If a license for an automobile be issued to any person other than the owner it shall be invalid, and such automobile shall be deemed to be maintained and operated without a license.
Sec. 45. It shall be the duty of every clerk of the county court to ascertain from time to time all persons in his county from whom state license is required by law, and deliver them proper certificates of the license to be obtained and the tax to be paid thereon to the state; but it shall also be the duty of every person to apply to the clerk of the county court and cause himself to be properly listed and licensed. And in case he shall transact any business for which he obtained such license, without having paid the taxes thereon, he shall forfeit not less than ten nor more than one hundred dollars for every such offence, in addition to all other penalties provided by this chapter.

Sec. 46. The said clerk shall from time to time make fair classified lists of all persons in his county from whom state license is required by law, specifying in such lists the date of every certificate, the name of the person to whom delivered, the amount of the state tax, for what the license is to be obtained, and such other particulars as he may be directed by the auditor to state therein.

Sec. 47. He shall complete and deliver to the sheriff or collector, before the thirtieth day of April in each year, the list of licenses issued by him and expiring on that day. Of other licenses issued by him, he shall make out and deliver to the sheriff or collector proper lists at intervals, not exceeding two weeks.

Sec. 48. He shall transmit to the auditor proper lists of all state licenses for which certificates may have been issued in his county. A list of such as are issued on or after the first day of January in any year, and before the first day of July following, shall be transmitted on or before the tenth day of July; and of such as are issued on or after the first day of July in any year, and before the first day of January following, a list shall be transmitted on or before the tenth day of January. If he shall have ascertained that the state tax specified in any certificate was not paid, he shall note the fact on the proper list. The said list shall be verified by the affidavit of the clerk. If no certificate for license has been issued, during any of the periods above mentioned, he shall return that fact to the auditor, verified by his affidavit, at the times specified for transmitting the said lists.

Sec. 49. Such lists shall be evidence against the sheriff or collector to charge him with the amount of state tax therein stated.
Instructions by auditor.

Sec. 50. The auditor after conference with the state tax commissioner shall, by letter or printed circular, give such instructions from time to time to the clerks of the county courts, municipal clerks and other officers, respecting their duties under this chapter as may seem to him judicious.

Penalty for neglect of duty.

Sec. 51. If any clerk, or municipal or other officer, fail to perform any duty required of him by this chapter, or to obey the instructions of the auditor so far as they are not contrary to law, he shall forfeit for every such offence not less than ten nor more than one hundred dollars.

Collection of license taxes.

Sec. 52. The sheriff or other collector shall be authorized to distress immediately upon receipt of the list provided for in section forty-six, for the amount with which any person may have been assessed upon any state license under the provisions of this chapter, and to sell upon ten days' notice so much of said person's personal property, subject to such distress, as may be necessary to pay the tax so assessed.

Sec. 53. When the sheriff or collector is unable to find property out of which to make the taxes imposed upon persons who may have been assessed with a license, such sheriff or collector may return such person as insolvent, subject to all the laws in relation to uncollected taxes.

When license taxes to be paid into the treasury.

Sec. 54. Every sheriff or collector shall account for and pay into the treasury of the state the state taxes on licenses at the following times: The taxes assessed on or after the first day of January, and before the first day of July following, shall be accounted for and paid on or before the thirty-first day of the said month of July, and the taxes assessed on or after the first day of July, and before the first day of January following, shall be accounted for and paid on or before the thirty-first day of said month of January.

How payments enforced against sheriffs or collectors.

Sec. 55. If a sheriff or collector fail to pay as required by the
preceding section, the auditor within three months after such failure may file in the clerk's office of the circuit court, for the county in which the seat of government for the time may be, an accurate account of the amount with which such sheriff or collector may be chargeable on account of said taxes; and the said clerk shall enter up judgment thereon against such sheriff or collector for the said amount, with lawful interest thereon from the time of such failure until payment, and fifteen per cent. damages on the principal in addition thereto, unless the auditor direct a reduction of the said damages; which judgment shall have the same force and effect, and be subject in all respects to the same proceedings, as if it had been rendered by the said court. The auditor may retain any money in his hands or in the state treasury due such sheriff or collector, as commissions or otherwise, sufficient to pay the amount due from such sheriff or collector, and apply the same in satisfaction of the tax as due from such sheriff or collector, or of such part of said taxes as the amount retained will satisfy. If such money is so retained and applied by the auditor, after judgment shall have been entered by the clerk as herein provided for, the auditor shall certify the amount so retained and applied to the said clerk, and he shall enter an order showing the satisfaction of the said judgment in whole or in part, as the fact may be.

Sec. 56. But any person aggrieved by such judgment may, within one year after it is entered up, upon notice to the auditor, apply to the said court to set the judgment aside and try the case, or for leave to prove errors, sets-off or credits against the same; and the court, for good cause, may either set aside the judgment and proceed to try the case as if no judgment had been entered, or, allowing the judgment to stand as a security for what may appear ultimately to be due, may give leave to the applicant to prove errors, sets-off and credits before a jury or commissioner, and render such final judgment in the case as the law and equity may require.

Sec. 57. The right of the state to proceed by motion or otherwise against the sureties of any sheriff or collector shall not be impaired or affected by anything contained in the last two preceding sections, or which may be done in pursuance thereof. And if any sheriff or collector fail to pay as required by the fifty-fourth section of this chapter, proceedings may be had according to the thirty-fifth chapter of this code. Every sheriff or collector who fails to pay as required by the said fifty-fourth section, shall be charged with interest at the rate of twelve per cent. per annum on the amount in
arrears from the time it ought to have been paid into the treasury.

Commissions for collecting taxes.

Sec. 58. Every sheriff or collector receiving taxes on licenses, under this chapter, shall be allowed a commission of five per cent. for his collections on the first one thousand dollars, two per cent. for any excess not over five thousand dollars, and one per cent. on any excess over that sum.

Duties of prosecuting attorney.

Sec. 59. In addition to the general duties of the prosecuting attorney in each county, he shall, upon his own motion or upon the application of any revenue officer, institute prosecutions for the offenses and suits upon the bonds mentioned in this chapter, in all proper cases, and no indictment or presentment for a violation of the revenue law shall be dismissed without a trial, or submitted without evidence, where any evidence exists, nor shall a confession of judgment be taken in any prosecution for a misdemeanor, where there is a specified fine or penalty, for a less sum than that so specified.

Sec. 60. The foregoing provisions of this chapter shall in all cases be construed as remedial and not penal. And all forfeitures and penalties herein provided for may be recovered and enforced by indictment and prosecution in the circuit court of the proper county. And every such indictment shall be tried at the term of the court at which it is found, unless good cause be shown to the contrary.

Amount and rate of tax on real and personal property.

Sec. 61. In every year for which a different rate is not prescribed by special enactment, the state taxes on the person and subjects hereinafter mentioned shall be as follows, except that the taxes on real and personal property prescribed by the next section shall be imposed only as follows:

Sec. 62. On real and personal property not exempt from taxation, for the year nineteen hundred and five, sixteen cents on every hundred dollars valuation thereof, for general state purposes, and eight cents on every hundred dollars valuation thereof, for the support of free schools; for the year nineteen hundred and six, eight cents on every hundred dollars valuation thereof, for general state purposes, and five cents on every hundred dollars valuation thereof, for the support of free schools; and for the year nineteen hundred
and seven, and thereafter, only five cents on the one hundred dollars valuation, for state school taxes, shall be imposed upon real or personal property: provided, that the board of public works may reduce and fix the levy below the said levy for the year nineteen hundred and five or nineteen hundred and six, or either of them, to any amount not less than two cents on each one hundred dollars of valuation for state purposes, and two cents on each one hundred dollars of valuation for state school purposes; and for the year nineteen hundred and seven, and thereafter, the said board may reduce and fix the amount of the levy for state school purposes to any amount not less than two cents on each one hundred dollars of valuation. Any such act of the board of public works shall be certified by the president and the secretary of said board to the clerk of the county court and the sheriff of every county not later than the first day of August of the year for which said reduction of levy is to apply; and it shall be the duty of said officers to extend the levy so fixed by the board of public works on the personal property books and the land books of their county.

Capitation tax.

Sec. 63. On every male inhabitant who has attained the age of twenty-one years, one dollar.

License tax on hotels, eating houses, etc.

Sec. 64. On every license to keep a hotel or tavern, eating house or restaurant, three per centum per annum upon the yearly rental value of the premises occupied for that purpose, estimated according to the ninth section of this chapter.

Sec. 65. On every license to carry on a distillery for the manufacture of whisky or brandy, one hundred dollars, and, in addition thereto, twenty-five cents on every barrel of whisky or brandy manufactured or produced; except that on a license to distill apple and peach brandy, from fruit grown exclusively within this state, the annual license tax shall be one hundred dollars.

Sec. 66. On every license to carry on a brewery for the manufacture of beer, porter or ale, one hundred dollars, and, in addition thereto, seven and one-half cents on each and every barrel manufactured or produced.

Sec. 67. Every person, company, firm or corporation carrying on a brewery or distillery in this state, except a distillery for dist
tilling solely apple and peach brandy from fruit grown exclusively in this state, shall, not later than the first day of May, in the year 1905, and in each year thereafter, make a report under oath to the auditor, and to the clerk of the county court of the county in which the distillery or brewery is situated, showing the annual productive capacity of such distillery or brewery. The aggregate annual tax each year for carrying on any such brewery or distillery shall be based in the first instance upon the annual productive capacity of such distillery or brewery, and shall be paid in full each year before such distillery or brewery is carried on after the thirtieth day of April in each year.

Sec. 68. Every person holding any such license shall keep a complete and accurate record of the production of such brewery or distillery during the period covered by the license. Within thirty days after the end of any license year, he shall report to the auditor in writing under oath the exact production of any such brewery or distillery operated by him during all or any part of such license year. If the actual production shall exceed the estimated production upon which the tax was assessed, such person shall pay to the auditor a further tax on account of such license to be ascertained by applying the rate aforesaid to such excess; or if the actual production shall fall short of the capacity of the brewery or distillery upon which the tax was assessed, then there shall be refunded to such person out of the state treasury a sum to be ascertained by applying the rate aforesaid to the difference between the productive capacity and the actual production.

Sec. 69. Such report of actual production shall be filed with the auditor within thirty days after the end of the license year. No money shall be refunded to any applicant under the provisions of this chapter, unless written application therefor be made within six months from the end of the license year.

Sec. 70. The clerk, the auditor or the state tax commissioner may examine under oath any person applying for such license at the time the application is made, or at any other time, touching the productive capacity of such distillery or brewery, may examine the books of any such person and institute any other inquiries pertinent to ascertain such productive capacity upon which is based the annual tax.

Sec. 71. The auditor or the state tax commissioner may examine under oath any person making to the auditor a report of the actual production of any such distillery or brewery as to such report of any-
thing bearing thereon. He may, either in person or through the assessor or prosecuting attorney of the county, examine the books of any person holding such license relating to or showing the actual production during the period covered by the license.

Sec. 72. Upon consideration of such report, the result of such examination under oath, and such other information as he may be able to gain, the auditor may increase the amount so reported and may require from the applicant the payment of an additional amount ascertained by applying the rate aforesaid to the amount of such increase. Upon the request of the auditor at any time, the assessor or the prosecuting attorney of the county shall furnish any information at his command respecting the operation or production of any such brewery or distillery. If any person deem himself aggrieved by any ruling of the auditor, under this section, he may apply for relief to the board of public works of the state, and, upon due notice having been given to the auditor, the board shall proceed to hear the matter and any pertinent evidence which may be offered, and to make such order therein as may be right and just, which order shall be final and binding as well upon the applicant as upon the auditor.

Sec. 73. The assignee of any license to carry on a distillery or brewery shall be subject to all the provisions of this chapter requiring report of the actual production, and subject to other obligations of his assignor under this chapter and liable for any additional tax assessed by the auditor under its provisions.

Sec. 74. A license for carrying on a distillery shall authorize the holder thereof to sell the product of such distillery at wholesale at the distillery, but shall not authorize such holder to sell such product at retail at any place; and the shipment or delivery of any such product from any place of storage other than the distillery shall be deemed a sale without a license at the place of such shipment or delivery, unless a license to sell at wholesale at that place has been obtained under this chapter and shall be in force. But a license to carry on a brewery shall authorize the holder thereof to solicit and receive orders for, sell, offer and expose for sale, the product of such brewery, at wholesale only, in any and all of the counties and cities, towns and villages of this state, except in those counties where the county court or other license tribunal does not grant license to sell intoxicating liquors, and except also in cities, towns and villages where the city council or other license tribunal does not grant license to sell intoxicating liquors.
No city, town or village shall impose on the holder of a state license to carry on a brewery any municipal license tax unless he maintains a storehouse or place of business therein, and such municipal license tax shall not exceed two and one-half cents per barrel on the sales made at such storehouse or place of business; this, notwithstanding the provisions of chapter forty-seven of the code or of the charter of any city, town or village.

Sec. 75. Any person who shall violate any of the provisions of the eight preceding sections shall be guilty of a misdemeanor and shall be fined not less than five hundred nor more than five thousand dollars.

Sec. 76. Any person swearing falsely to any report of actual production or sale required by this chapter shall be guilty of a felony, and, upon conviction thereof, shall be punished by confinement in the penitentiary for not less than one year nor more than five years. Any oath to a written statement or report made under the requirements of this chapter shall be made as follows: When the business is carried on by an individual, by such individual; when carried on by a firm or company not incorporated, by a member of such firm or company; and when carried on by a corporation, by the president, secretary or chief accounting officer of such corporation.

Sec. 77. On every license to sell porter, ale, beer or drinks of like nature, other than spirituous and other distilled or vinous liquors, at wholesale, three hundred and seventy-five dollars to every person, firm, company or corporation selling annually not over five thousand barrels, and seventy-five dollars for each additional one thousand barrels or fractional part thereof.

Sec. 78. Every person, company, firm or corporation selling porter, ale, beer or drinks of like nature, at wholesale, shall, not later than the first of May in the year 1905, and in each year thereafter, make a report to the auditor, and to the clerk of the county court in which his place of business is situated, showing as nearly as may be the amount of his annual sales. The aggregate annual tax in each year on such license shall be based in the first instance upon the annual sales as estimated under this chapter, and shall be paid in full each year before any sales are made under such license after the thirtieth day of April in each year.

Sec. 79. Every person holding such license shall keep a complete and accurate record of the number of barrels sold by him during the period covered by the license. Within thirty days after the end of the license year he shall report to the auditor in writing under oath
the exact number of barrels sold by him during all or any part of such license year. If the actual sales shall exceed the estimated sales upon which the tax was assessed, such person shall pay to the auditor a further tax on account of such license to be ascertained by applying the rate aforesaid to such excess; or if the actual sales shall fall short of the amount of sales upon which the tax was assessed, then there shall be refunded to such person out of the state treasury a sum to be ascertained by applying the rate aforesaid to the difference between the estimated sales and the actual sales.

Sec. 80. Such report of actual sales shall be filed with the auditor within thirty days after the end of the license year. No money shall be refunded to any applicant under the provisions of this chapter unless written application therefor be made within six months from the end of the license year.

Given under my hand and official seal, this—day of—, 19—.”

Any person who shall falsely make such affidavit shall be guilty of perjury, and upon proof thereof the corporation named in such affidavit shall forfeit all its privileges, rights and franchises. And it shall be the duty of the auditor and the secretary of state to file with the attorney general information of such false affidavit, and the duty of the attorney general to institute proceedings to have said charter declared forfeited.

Sec. 128. Every non-resident corporation shall pay an annual license tax on its charter, based on its authorized capital stock as follows:

When an application is made to the secretary of state for a certificate of incorporation, it shall be his duty to make the assessment and collect the license tax for the first year before issuing such certificate. If such certificate be issued after the last day of July he shall assess one-tenth of the amount of the annual tax for each month, or fractional part of a month, to ensue before the first day of the next May; but in no case shall the amount assessed and collected be less than five dollars for a resident corporation, nor less than ten dollars for a non-resident corporation.

Thereafter, on or before the first day of May next following the date of the certificate of incorporation, and on or before each succeeding first day of May, the auditor shall collect such tax for a full year; except that if the certificate of incorporation be issued on or after the first day of March, and before the first day of the ensuing May, the secretary of state shall assess and collect the tax for the full year beginning on said first day of May, in addition to the initial tax. The moneys so received by the secretary of state and the auditor shall be paid by them into the state treasury.

property owned and used in the state of West Virginia; which report
shall be verified by the affidavit of the president, secretary or other
executive officer of such corporation. It shall be the duty of the
auditor to assess and fix its license tax according to the proportion
of its capital stock which is represented by its property owned and
used in this state, according to the rates prescribed in section 126
of this chapter, if the assessed value of its property located in this
state amounts to five thousand dollars; but if the assessed value of
such property be less than five thousand dollars, the assessment shall
be according to the rates prescribed in section 128 of this chapter:
provided, that no such corporation shall pay an annual license tax
of less than one hundred dollars. The auditor may in any case
require such additional information as he may deem necessary to en-
able him to assess and fix the just amount of license tax of such cor-
poration; and it shall be his duty to notify every such corporation
of the amount so assessed by him; and it shall be the duty of the
corporation to pay the same into the treasury of the state within
thirty days thereafter, and if it fail to do so it shall be liable to the
penalties prescribed in sections 136 and 137 of this chapter.

Sec. 131. Every foreign corporation at the time of its application
for the certificate mentioned in section 30 of chapter 54 of the code
shall file with the secretary of state a report preliminary to the
annual report hereinbefore provided for, which preliminary report
shall contain sufficient information upon which to base an assess-
ment of its license tax for the then current year. It shall be the
duty of the secretary of state to make assessment of its license tax for
the said year, and he may require such further information as he
may deem necessary for that purpose. Before issuing such certi-

cate the secretary of state shall collect the amount of license tax he
finds to be proper for the license tax year ending with the thirtieth
day of the succeeding April. If the certificate be issued after the
last day of July, and before the first day of the ensuing May, the
Secretary of state shall assess and collect such taxes at the rate of one-tenth the amount of the annual license tax for each month, or fractional part of a month, to ensue before the said first day of May. Thereafter, on or before the first day of May next following the date of the certificate of authority, and on or before every succeeding first day of May, the auditor shall collect such tax for a full year: provided, that if the certificate be issued in the month of March or April the secretary of state shall assess and collect the license tax for said month, as well as for a full year, beginning with the first day of the ensuing May. When the auditor shall assess and collect the tax on any such foreign corporation, he may include in the tax for any year any amount that such corporation should have paid for any previous year and failed to pay. All moneys collected by the secretary of state and the auditor shall be paid into the state treasury in the manner prescribed by law.

Sec. 132. If any foreign corporation desires no longer to hold property and transact business in this state, it may surrender to the state its authority therefor, in the following manner: It shall publish once in each week for four successive weeks in some newspaper of general circulation published in some county in the state, where it carries on its business, a notice of its intention to withdraw from the state. After such publication it shall make application to the secretary of state for a certificate of withdrawal, which application shall be signed by the president of the corporation, sealed with its corporate seal, and attested by its secretary, and be accompanied by a copy of the said notice and the publisher's certificate of said publication. The secretary of state shall file the same in his office and issue to said corporation a certificate of withdrawal; but said certificate of withdrawal shall not be issued unless and until the corporation has paid into the state treasury any amount it may owe as license tax, including all fines, interest and penalties, as provided in section 56 of chapter 53 of the code. The issuance of such certificate of withdrawal shall not relieve the corporation of any debt or obligation due from it to the state or any resident thereof.

Sec. 133. It shall be the duty of the auditor, between the fifteenth day of February and the fifteenth day of March in each year, to notify every corporation, liable to the tax imposed by this chapter, of the time of payment of such tax and the amount thereof. Such notices may be sent through the mails, addressed to the corporation at its last known postoffice address, as shown by the records in the office of the
secretary of state, or be so sent or be delivered to the attorney of the corporation appointed pursuant to section 24 of chapter 54 of the code. If the auditor shall make a mistake in the amount of such tax the said corporation may file a sworn certificate of the president, vice-president or secretary of the corporation, showing such mistake, or showing the actual amount of tax due; and, in that event, it shall be the duty of the auditor to accept the amount due as shown by said certificate, unless contrary to the provisions of this chapter. At the time of making payment to the auditor every domestic corporation shall deliver to him a statement which shall show the name of the corporation, the date of its charter, the name and postoffice address of its attorney of record in this state, the names and postoffice addresses of its president, secretary and treasurer, the amount of its authorized capital stock, the number of acres of land it holds in this state if the number exceeds ten thousand acres, and such other facts as the auditor may require. Such statement shall be signed by the president, secretary or treasurer of the corporation. The amount of such tax shall be deemed a debt due the state, and shall be a lien on all the property and assets of the corporation prior to all other liens except the lien of the taxes levied on its property for state, county and district purposes. Such tax shall be a preferred debt in cases of insolvency.

If such corporation holds more than ten thousand acres of land in this state and has not paid taxes thereon, as fixed by section one hundred and twenty-three of this chapter, it shall pay such tax or the remainder of such tax and procure the certificate from the secretary of state as required by said section one hundred and twenty-three within thirty days thereafter. If such tax be paid to the secretary of state he shall report the same to the auditor as prescribed by section one-hundred and thirty-nine of this chapter; and if any corporation shall pay such tax to the auditor he shall report the same to the secretary of state. Any such tax due shall be considered annual license tax on the charters of corporations, and its payment enforced in the same manner and with the same penalties.

Sec. 134. The auditor shall, between the first and the fifteenth day of June in every year, publish in some daily newspaper of general circulation printed in this state a list of all corporations failing to pay the license tax, or any part thereof, due therefrom on or before the first day of the preceding month of May. Such list shall contain the names of such delinquent corporations, arranged in three-
classes, resident, non-resident and foreign. The cost of such publication shall be paid by the auditor, when allowed by the board of public works, out of any moneys in the treasury not otherwise appropriated, and such sums as may be necessary to pay such costs are hereby appropriated. Any such delinquent corporation may, on or before the first day of September following, or at any time before judgment or decree is entered as hereinafter provided, pay the amount of such tax and a penalty of one per cent. per month for each month, or fractional part thereof, that such failure continues, but the amount of such penalty shall not be less than five dollars. After the publication of the list of delinquent corporations by the auditor he shall mail to the last known postoffice address of each of such corporations a supplemental notice, together with a statement of the total amount of taxes and penalties due therefrom, which notice shall be mailed at least thirty days before the first day of September.

Sec. 135. The auditor, with the approval of the governor, may appoint agents to investigate all violations of the provisions of this chapter concerning license taxes on corporations, and also for the purpose of collecting such taxes from all corporations which have not paid the same, whether due from domestic or foreign corporations. The compensation of all such agents shall be fixed by the board of public works.

Sec. 136. Within thirty days after the said first day of September the auditor shall certify to the governor and the secretary of state a list of all such delinquent corporations, resident, non-resident and foreign. The secretary of state shall preserve the list in his office, and a certificate from him that the name of any corporation mentioned in such certificate is delinquent in the payment of the license tax imposed by this chapter shall be prima facie evidence thereof. Within thirty days after receiving such list from the auditor the governor shall issue his proclamation, in which he shall declare the delinquency of every such corporation. A copy of such proclamation shall be filed and recorded in the office of the secretary of state, and be published in such newspapers as the governor may designate, not exceeding one in each congressional district. The cost of such publication shall be paid by the governor, when allowed by the board of public works, out of any moneys in the treasury not otherwise appropriated, and such sums as may be necessary to pay such costs are hereby appropriated. Within sixty days after the date of the publication of such proclamation it shall be the duty of the attorney gen-
eral to institute on the chancery side of the circuit court, in the county in which the seat of government is, a suit or proceeding, or suits or proceedings, in the name of the state, in which such delinquent corporation shall be made defendant. In the bill or petition so filed it shall only be necessary to allege that the corporations therein made defendants have failed to pay such license tax, and that each of them justly owes to the state the amount of license tax, penalty and fines stated therein in connection with the name of the corporation, which amount shall be computed up to the first day of the month succeeding that in which such bill or petition is filed. No such corporation shall interpose as a plea or defence in such suit the fact that the auditor failed to notify it as prescribed in this chapter, or that it failed to receive such notice, or that its name was not included in the list or proclamation hereinbefore mentioned. Upon the hearing of such suit, if it shall appear to the court that any such corporation has failed to pay any such license tax and the penalties and fines assessed against it, the court shall enter a decree or judgment against such corporation for the amount due, including the costs of the proceeding, or such portion of such costs as the court shall apportion to be paid by such corporation, and if the same be not then and there paid the court shall enter a decree, if it be a domestic corporation, forfeiting its charter, rights and franchises; and if it be a foreign corporation, revoking its rights and privilege to hold property and transact business in this state. The amount of the judgment or decree, including costs entered against any corporation, and interest thereon until paid, may be collected by the attorney general, or be collected by the auditor in the same manner that other claims due the state are collected. In any such suit or proceeding the court may make such orders and decrees as he shall deem necessary and proper for a court of equity; and may appoint a receiver for any such corporation and order its assets marshalled and distributed among its creditors; and may, on motion of the attorney general, grant an injunction against any such corporation restraining it from the exercise of any franchise or the transaction of any business within this state, until such tax and the costs be paid. Any person or persons who shall exercise or attempt to exercise any powers under the charter of any such corporation after the issuing of the governor’s proclamation shall be guilty of a misdemeanor, and shall be punished by imprisonment not exceeding one year, or a fine not exceeding one thousand dollars, or both, in the discretion of the court. The words “license tax” used in this section
shall include, in addition to the amount of the license tax proper, all penalties and fines accruing for failure to pay such tax, and the cost of any suit or proceeding to enforce the collection of the same. When two or more corporations are included in one suit or proceeding the court shall apportion the cost thereof among them as he may deem just.

Sec. 137. In any such suit or proceeding notice may be served on the defendants by service of the summons on the president or any other officer, or any agent or director or stockholder of the corporation found in this state, or on the attorney of record thereof appointed pursuant to section twenty-four of chapter fifty-four of this code; or, if the corporation have no such attorney, or personal service cannot be had on him, by mailing a copy of such summons to the last known postoffice address of such corporation as shown by the reports of such corporation filed in the office of the secretary of state pursuant to section forty-six of chapter fifty-three of this code; or service may be had on all such corporations by order of publication, published once in each week for four successive weeks in some daily newspaper of general circulation published in this state. The court in which the suit is brought or is pending may order such other service on any defendant corporation as he may designate, before final decree. The order of publication may be in form or substance as follows: "State of West Virginia, Plaintiff, vs. (here name the corporations), defendants. The object of this suit is to enforce the collection of the license tax, penalty and fines due from said defendants to the state of West Virginia, to declare forfeited the charters, rights, franchises and privileges of said defendants, and to restrain them from exercising any such rights, franchises or privileges. The said defendants are hereby notified to appear before the circuit court of (here name the county) within thirty days after the date of the first publication hereof and do what is necessary to protect their interests herein. Teste: (here name the clerk)." The attorney general may cause a copy of such order of publication to be mailed to each of said corporations at its last known postoffice address as aforesaid. It shall be the duty of the clerk of every court of this state in which any proceedings are had which result in the forfeiture of the charter of any corporation issued under the laws of this state, or result in the dissolution or extinction of any such corporation, or in the revocation of the rights and privileges of any foreign corporation to do business in this state, to notify the secretary of state of any such
forfeiture, dissolution, extinction or revocation, in which report he shall state the name of the court, the name of the corporation, the nature of the proceedings and the date of the order, decree or judgment, and such other pertinent matter as may be required by the secretary of state; and the secretary of state shall file and record such report in his office, and aptly note the same in the indexes of corporations kept in his office. If any clerk fail to make such report, he shall be liable to a fine of not exceeding one hundred dollars.

Sec. 138. Nothing in this chapter shall be construed as imposing a license tax on corporations chartered strictly for educational, literary, agricultural, scientific, religious or charitable purposes, or upon charters incorporating cemeteries, or lodges of masons, odd fellows, or the like, or other charitable, fraternal or patriotic societies not incorporated for profit to the stockholders; but the secretary of state shall require full proof as to the character of any such corporation claiming such exemption from the payment of license tax. Every such corporation, however, shall, in the month of February in each year, deliver to the auditor the statement required in section 133 of this chapter.

Sec. 139. The secretary of state shall within twenty days after the close of each month make a report to the auditor for the preceding month, in which he shall set out the name of every corporation to which he issued a certificate of incorporation during the month, as well as the name of each corporation to which he issued a certificate under section thirty of chapter fifty-four of the code, with the amount of license tax paid to him by each; also he shall set out in such report the names of all corporations to which he issued, during such preceding month, certificates of increase or decrease of stock, or of shares of stock, or of par value of shares of stock; certificates of change of name or of change of location of principal office; and a statement of all moneys received by him during such preceding month from the proceeds of the sale of books and from tax on state seal, and from any other source whatever and due to the state, and pay the same into the treasury; if he fail to do so it shall be the duty of the auditor to report such failure to the governor.

Sec. 139a. The new license herein provided for shall not be required before the first day of May, 1905.

Sec. 140. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

CHAPTER 41.

AN ACT to amend and re-enact section 14 of chapter 52 of the code of West Virginia, authorizing railroad companies to take wood, stone, gravel, earth or water from lands.

Sec. 14. Railroad companies may enter upon lands and obtain therefrom wood, stone, gravel, or earth necessary for construction of its work; may take and consume water, and condemn land for location and construction of reservoirs, pumps, etc.; provision relating to trees and buildings; condemnation proceedings; notice to be given; commissioners to assess damages; reports of commissioners and proceedings thereon: in case of judgment against company: water not to be taken from any well, spring or pond which is used for domestic purposes, etc.

Be it enacted by the Legislature of West Virginia:

1. That section fourteen of chapter fifty-two of the code of West
Virginia, be and the same is hereby amended and re-enacted so as to read as follows:

Sec. 14. A company incorporated for the purpose of building and operating a railroad in this state may, by its officers, agents, or servants, enter upon any convenient lands for the purpose of obtaining therefrom wood, stone, gravel, or earth, necessary to be taken and used in the construction of its work, or in repairing, enlarging or altering the same. And may in like manner take and consume any and all water not required by the owner and necessary for the use of its engines, whether locomotive or stationary, and may, in the manner now prescribed by law, condemn as much land contiguous to such water as shall be required for the construction of suitable wells or reservoirs, locating its pumping engines and machinery, for the erection of buildings for the protection of the same, and for a right of way thereto; and may also condemn as much land as may be necessary for pipes to be used for conducting said water to the proper locality. But the company shall not cut down any fruit trees, or trees reserved for farming purposes, or any tree preserved in any field or lot for shade or ornament, nor take any part of any building, nor take any of the said things from any lot in such town. Before taking any of the said things, the company, unless it agrees therefor with those having rights thereto, shall give to the tenant of the freehold, or his tenant for years, at least ten days' notice in writing, that at a certain time and place, to be specified in this notice, application will be made to the circuit court of the county, in which the property or properties or the larger part thereof is situated, to appoint commissioners to ascertain what will be a just compensation for the same; and in case of water, shall give notice in the same manner to the tenant of the freehold or his tenant for years upon which said water is located; and although it may own or acquire the land upon which the water is located, or be able to agree with the owner therefor, it shall further give notice in like manner to all riparian owners, having an interest likely to be affected by such action, that at a certain time and place, to be specified in the notice, application will be made to the circuit court of the county, in which the lands of such riparian owners are situated, to appoint commissioners to ascertain what will be a just compensation for the same, and to assess the damages, if any, to the owner or any other person in his property affected by such taking. At such time and place the said court shall appoint three disinterested freeholders as commissioners, who, after
being sworn, shall view the premises and report in writing the extent to which wood, stone, gravel, earth, water or other material is proposed to be taken, the nature of the injury which may be done in cutting, quarrying, digging, consuming or carrying away the same, and what will be just compensation therefor, and the damage to the owner or any other person in his property affected thereby. The notice in writing, certificate of commissioners having been sworn, and their report shall be forthwith returned to the circuit court of the county. If upon such report being so returned, either party file exceptions thereto and demand that the question of compensation be tried by a jury, proceedings shall thereafter be had in the case as prescribed in chapter forty-two of the code. But if neither party demand a trial by jury, and good cause be shown against the report, or if the commissioners cannot agree or fail to report within a reasonable time, the court may, as often as to it seems proper, appoint other commissioners, who shall act and report in the manner before prescribed. If the report be confirmed, then upon the payment to the person entitled thereto, or into court, of the sum so ascertained, the company may take, carry away, use and consume the wood, stone, gravel, earth, water or other material for which such compensation and damages, if any, may have been allowed; and though the report may not be confirmed, yet upon the payment into court of the sum or sums therein mentioned, it may proceed in like manner as if the report had been confirmed and payment made of the sum or sums thereby ascertained. Upon the coming in of a new report, after such payment into the court, the court if it affirm the report shall render judgment in like manner as in cases provided for in chapter forty-two of the code. From the time of any such judgment against the company, its right so to cut, quarry, dig, take away, use and consume, shall be suspended until said judgment shall be satisfied. And where water is to be taken, and the rights of riparian owners having lands below the point at which the water is proposed to be taken are likely to be affected, notice shall be given by publishing the same once in each week for four successive weeks in some newspaper of general circulation published in the county, and by posting such notice at the front door of the court house of the county in which the water is located for at least thirty days, which shall include the first day of the circuit court; and any person claiming to be interested may appear at the time and place specified, make himself a party to the proceedings, and have his rights passed upon by the commissioners.

and his damage, if any, ascertained, allowed, and paid as hereinbefore provided for the taking of the water or other things named in this section: provided, that at any and all times the owner of the land on which the water condemned is situated, or the riparian land owners below affected, shall have the right to use as much water as may be necessary for any and all purposes connected with the proper use and operation of their land; nor shall this be construed to authorize said railroad company to take water from any well, spring or pond which is used for domestic purposes or for the watering of domestic animals.

(Senate Bill No. 212.)

CHAPTER 42.

AN ACT relating to sales of land for the benefit of the school fund, amending and re-enacting sections 6 and 19 of chapter 105 of the code as amended and re-enacted by chapter 24 of the acts of the Legislature of 1893.

[Passed February 23, 1905. In effect 90 days from passage. Became a law without the approval of the Governor.]

Sec. 6. Report of lands liable to be sold for the school fund to be recorded; how suits brought for sale of school lands; who to be made defendants; effect of former sales, unless, etc.; burden to allege and prove forfeiture put upon the state or some other claimant; effect of the absence of such allegation and proof; filing of letters patent or copy thereof by defendant in certain suits, effect thereof, unless, etc.; dismissing of suits involving titles dependent on possession under color of title, etc., when.

Be it enacted by the Legislature of West Virginia:

1. That sections six and nineteen of chapter one hundred and five of the code, as amended and re-enacted by chapter twenty-four of the acts of the legislature of eighteen hundred and ninety-three, be amended and re-enacted so as to read as follows:

Sec. 6. Every such report shall be recorded in the chancery order book of said court and filed and preserved by the clerk of said court in his office, and thereupon a suit or suits in chancery shall be com-
menced and prosecuted, by and in the name of the state of West Virginia, for the sale of every such tract and parcel of land, so reported, as required by section four of article thirteen of the constitution of this state. All such tracts or parcels of land mentioned in any such report, not exceeding in quantity one thousand acres, may be included in one suit, but a separate suit may be brought and prosecuted for the sale of each tract of land exceeding in quantity one thousand acres; and the former owner of any such tract of land at the time of the forfeiture thereof, or the person in whose name the same is forfeited, shall, if known, be made a defendant in such suit, and all persons claiming title to or interest in any such lands shall, also, as far as known, be made defendants therein. And any person claiming an interest in any such land or in the proceeds thereof, not so made defendant, may file his petition in any such suit stating what interest he claims therein, either in open court, or before a commissioner in chancery while the suit is pending before him, or at rules, if the case be pending at rules, and shall thereupon become a defendant therein, and may defend and protect his interest, if he has any therein, to the same extent as if he had originally been made a party defendant therein. Any tract or parcel of land which has been heretofore forfeited or treated as forfeited, waste and unappropriated or escheated to the state of Virginia or this state, and which has been sold and conveyed as such under decree or order of the circuit court in any suit or proceeding under chapter one hundred and five of the code or other act at any time since eighteen hundred and seventy-two, or which any instrument executed under such decree or order purports to convey, shall not again be proceeded against or sold in any suit or proceeding now pending or hereafter brought under said chapter or otherwise, unless since the execution of such conveyance or instrument such tract or parcel of land has become forfeited for the non-payment of taxes charged or chargeable thereon, since such conveyance or instrument, in the name of the purchaser thereof, his heirs, devisees or assigns. No circuit court shall have jurisdiction, power or authority to sell any such tract or parcel of land or to permit any such tract or parcel to be redeemed by any party in any suit or proceeding now pending or hereafter brought under chapter one hundred and five of the code aforesaid, or otherwise, against any other grant, survey, piece or boundary of land which has been or may be forfeited or claimed to be forfeited and which may be claimed to embrace such tract or parcel within its bounds and as part thereof, unless the state alleges and proves by a
certificate of the auditor of the state, or of the clerk of the county court of the county where such tract or parcel of land or the greater part thereof lies, that such tract or parcel of land has since the date of such conveyance or instrument become and remains forfeited to the state in the name of such purchaser, his heirs, devisees or assigns, or unless some other claimant of such land shall within the time aforesaid by answer or petition filed for the purpose make such allegation and file such proof. In the absence of such allegation and proof the circuit court shall have no jurisdiction either to sell such tract or parcel of land, or to allow the same to be redeemed by any party in such suit or proceeding now pending or hereafter brought under chapter one hundred and five aforesaid, or otherwise, against any other grant, survey, piece or boundary of land which may be claimed by any party to such suit to embrace such tract or parcel, after the filing in such suit of such conveyance or instrument made to such purchaser, his heirs, devisees or assigns, or a certified copy from the record thereof. After the filing in such suit of such conveyance or instrument or certified copy the court, in the absence of such allegation and proof by the state made and filed within thirty days thereafter, shall thereupon enter an order dismissing the suit as to any such tract or parcel of land and proceed no further against the same. If any defendant to any suit now pending or which may hereafter be brought under the chapter aforesaid, or otherwise, which alleges the forfeiture of any particular grant, survey, piece or boundary of land granted by the commonwealth of Virginia and prays that the same or some part thereof may be sold for the benefit of the school fund, shall file in such suit letters patent, or certified copy thereof, issued by the governor of Virginia or of West Virginia granting or purporting to grant any tract or parcel of land, and shall show by proof or by the admission of the state or of her attorney prosecuting such suit that such tract or parcel so granted, or purporting to be granted, lies wholly or partly within what are claimed either by the state in said suit, or by any other defendant or party in said suit, as the bounds of the particular grant, survey, piece or boundary of land mentioned in the said suit, then the court shall dismiss the suit and all proceedings as to and against so much of the land therein proceeded against as may be embraced in the bounds of such letters patent or certified copy so filed, unless within thirty days from the date of so filing said letters patent, or such copy thereof, the state shall amend her bill and allege and show by the certificates of the auditor or of the clerk of the county
court as aforesaid that such tract or parcel of land so granted is now forfeited to the state in the name of the grantee named in such letters patent or copy thereof so filed, his heirs, devisees or assigns, or unless some other claimant of such land shall within the time aforesaid by answer or petition filed for the purpose make such allegation and file such proof. Whenever it shall appear to the court, by motion or otherwise, in any such suit now pending, or that may be hereafter brought, that any parcel or tract of land, or any part thereof, mentioned or claimed in the suit as forfeited or escheated to the state of Virginia or this state, or waste or unappropriated, has been in the actual continuous possession, under color or claim of title, for ten years, by any person who or those under whom he claims shall have paid the state taxes thereon for any five years during such possession, or if it shall appear that any parcel or tract of such land mentioned or claimed in the suit, to which any person has had claim to and actual continuous possession of, under color of title, for any five successive years after the year eighteen hundred and sixty-five, and on which all state taxes charged or chargeable for such period of five years have been paid, the court shall thereupon enter an order dismissing the suit as to any such parcel or tract of land, and proceed no further against the same. And if at any time during the pendency of any suit for the sale of school lands, whether now pending or hereafter brought, the commissioner of school lands of the county where such suit was or may be instituted shall become satisfied that part or the whole of the land sought to be sold therein is not liable to sale for the benefit of the school fund, such commissioner shall report in writing to the court the facts and reasons which lead him to that conclusion, which report shall be filed and made part of the record; and if the court upon consideration thereof, and upon such other inquiry as it may be advised to make, shall concur in such report, in whole or in part, it shall confirm the same to that extent, and shall dismiss such suit as to the lands embraced in such report as far as it may be confirmed.

Sec. 19. All suits and proceedings for the sale of forfeited, waste and unappropriated and escheated lands, instituted since the twelfth day of March, eighteen hundred and ninety-one, and before the twenty-third day of February, eighteen hundred and ninety-three, shall be discontinued and dismissed, except as to the lands which have been sold therein; and the other lands mentioned therein which are liable to sale for the benefit of the school fund shall be proceeded against and sold under the provisions of this act. Whatever right, title, in-
terest and estate the state of West Virginia had to any lands at the
date of the sale or conveyance thereof, or instrument purporting to
convey the same heretofore made by said state through and by the
commissioner of school lands of any county, under an order or decree of
the circuit court in any suit or proceeding under said chapter one hun-
dred and five of the code, however derived or claimed, shall be deemed
and held to have passed to and vested in the grantee thereof, whether
the land so sold was proceeded against as forfeited, escheated, or as
waste and unappropriated land, notwithstanding any irregularity or
error in such proceeding or informality in such sale or conveyance or
purported conveyance, or want of jurisdiction in the court to decree
such sale. And all such sales and conveyances and purported con-
veyances are hereby confirmed and made good and valid. A copy of
such conveyance or purported conveyance duly certified from the
record thereof shall be evidence of such proceeding and sale. And in
the absence of an allegation and proof by the state to the contrary it
shall be presumed that said land so sold and conveyed, or purporting
to be sold and conveyed, was entered upon the land books of the coun-
ty where situated and has not become forfeited for any cause or liable
to sale. And if such land so sold and conveyed, or purporting to be,
was entered upon the land books after the recordation of such con-
veyance or purported conveyance and the grantee, his heirs, devisees
or assigns, have paid all taxes assessed thereon since such entry for a
period of at least five successive years and such land is not at the date
of the passage of this amendatory act forfeited for any cause in the
name of such grantee, his heirs, devisees or assigns, then all the right,
title, interest and estate which the said state of West Virginia may,
since such sale as aforesaid, have derived thereto under the constitu-
tion and laws of the state by the forfeiture or escheat of any other
title or claim of title to such land or otherwise shall be and is hereby
granted and relinquished to such grantee, his heirs, devisees and as-
signs, and in all such sales and deeds hereafter made under the pro-
visions of this chapter, the purchaser of such lands, his heirs, devisees
or assigns, who complies with the terms of the sale and obtains a
deed for the lands so sold, shall be vested from and after the date of
such deed with all title to said lands previously vested in the state
immediately before; and it shall be the duty of every such court to
make all necessary and proper orders and decrees to carry every such
sale and purchase into full force and effect where the terms thereof
have been or shall be fully complied with.
CHAPTER 43.

Said commissioner shall carefully examine the same and if he find that they provide a just and equitable plan for the management of the association’s business, he shall issue to such association a certificate of authority permitting it to begin business. But if he find the provisions of said charter, constitution and by-laws to be impracticable, unjust or inequitable, or oppressive to any class of shareholders, he shall withhold his certificate of authority. It shall not be lawful for any association hereafter organized under the laws of this state, for the purposes above set forth, to transact any business except the execution of its articles of incorporation, the adoption of its constitution and by-laws, and the election of directors and officers, until it

He shall carefully examine all notes and mortgages and all other assets of the concern, and shall ascertain the full amount of its liabilities. He shall see that the books are kept properly posted and balanced, and that complete trial balances are struck at regular intervals. If at any time he shall find one of these institutions in an insolvent condition, he shall deal with it according
to the manner prescribed for dealing with insolvent banks. And for making such examination the association shall pay a fee of ten dollars and the said fee shall be collected by the examiner and covered into the state treasury.

It shall not be lawful for any foreign building and loan association, or mutual investment association or trust company, to transact any business in this state directly or indirectly without first procuring a certificate of authority from the commissioner of banking. Which statement and information shall be verified by the oath of the president or secretary of the association. If, after examination of such statements, and certified copies of instruments, and after such association shall have complied with the provisions of this act with reference to the appointment of an attorney or attorneys, the commissioner of banking shall be satisfied that said association is solvent and that the capital and investments are secure, and that the laws, charters, articles of incorporation, constitution and by-laws governing it, afford as ample protection to the interests of its members, as is afforded by the laws of this state to members of associations chartered by and doing business in this state, he may grant such an association a certificate of authority permitting it to transact business in this state, until the thirty-first day of the next succeeding December; but the same statements and the same certificates shall be renewed every year as long as such association shall continue to do business in this state; and for every certificate issued the commissioner of banking shall collect a
sum of twenty-five dollars and cover the same into the treasury of the state. Any person, agent or company doing business or attempting to do business in this state for any foreign building association, mutual investment company or trust company, which shall not at the time be a holder of a valid certificate of authority as provided for in this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, for each and every offence.

Sec. 6. The organized militia of the state shall constitute and be known as the West Virginia National Guard, and shall be liable at all times to be ordered into active service, and all or any part thereof may be turned over by the commander-in-chief into the service of the United States on requisition by the president, for service without the state, for a period of not exceeding nine months, and the militia so called shall continue to serve during the term so specified, unless sooner discharged by the order of the president. During the absence of organizations of the national guard in service of the United States, their state designations shall not be given to new organizations.

Sec. 7. For the purpose of providing, maintaining and encouraging a more efficient national guard, the governor in his discretion may,
by orders, direct that each regularly enlisted man in the organized militia of this state be paid ten cents for attendance at drill, parade or target practice, not including duties performed at encampments, practice marches, or maneuvers, not to exceed forty-eight drills, parades or days of target practice in one year, and shall be paid quarterly upon the presentation of the proper certified muster and pay roll to the adjutant general, and upon his approval the state auditor shall issue his warrant upon the treasurer for the amount certified to as above provided in favor of the officer making the certificate as hereinafter provided for. The commanding officer of each company or band shall, at a stated hour during the drill, parade, or target practice, call the roll of his command and keep a record of the members present and absentees, and from this record shall make in triplicate muster and pay rolls at the end of each quarter, to which he shall attach his certificate and forward to the adjutant general.

Any enlisted man in the organized militia of the state who wilfully, maliciously, purposely, or through carelessness or neglect, permits any of the arms, utensils, clothing, bedding, or other equipment issued to him, being public property or belonging to the state, to become lost, damaged, or in any other manner unfit for its intended use, the commanding officer of his company, or other organization, shall apply so much of the said soldier’s pay herein provided for as may be required for the replacing, repairing, cleaning or other requirements necessary to place such property in condition for military service. They will furnish at once a true copy of each morning report to the regimental or separate battalion headquarters of their respective regiments or battalions.

Pay-rolls will be made quarterly, as provided herein, on the last weekly drill of each quarter, the same to be forwarded direct to the adjutant general.

All charges against enlisted men for the loss to quartermaster's property or ordnance and ordnance stores will be entered on the pay-rolls in red ink in a special column ruled for that purpose, and a “statement of charges” will be mailed with the quarterly return of
the property and stores, for the use of the quartermaster general in checking property accounts. Drafts for the amounts due the state made payable to the adjutant general will accompany each "statement of charges"; quartermaster's and ordnance property being kept separate.

The governor shall have power in case of war, insurrection, invasion or imminent danger thereof to increase the force beyond the maximum now established by law, and organize the same, with the proper officers, as the exigencies of the service may require. All claims arising under this section shall be inquired into by a board of three officers, at least one being a medical officer, to be appointed upon the application of the member claiming to be so incapacitated by the commanding officer of the brigade to which such member is attached. Such board shall have the same power to take evidence, administer oaths, issue subpoenas and compel witnesses to attend and testify and produce books and papers, and punish their failure to do so, as is possessed by a general court-martial. The findings of the board shall be subject to the approval of the officer convening it, and also to the approval of the governor, either of whom may return the proceedings of the board for revision and for the taking of further testimony. The amount found due such member by said board, to the extent that its findings are approved by the reviewing officers thereof, shall be paid by the treasurer of the state out of any moneys in the treasury not otherwise appropriated. The widow and children of every officer or soldier killed, while in the service of the state, shall be suitably provided for by the legislature.

Sec. 76. Before entering upon their duties summary courts shall take an oath of office to the effect that they will well and truly try and determine, according to the evidence, all matters between the state of West Virginia and any person or persons who shall come
for trial before the court. This oath may be taken before any officer authorized by law to take acknowledgments of deeds, or before a field officer. The jurisdiction of the summary court authorized by this chapter shall be the same as the jurisdiction of summary courts of the United States army.

Sec. 85. In time of peace the officers commanding companies and signal corps may enlist contributing members not to exceed one hundred and fifty. Such members shall be subject to such contributions, dues and services as may be ordered by the respective organizations, but the dues of such members shall in no case be less than five dollars each, per annum, and the whole number of active and contributing members belonging to the active militia in any county shall not exceed five per centum of the voting population of such county.

Armory commissions.

Sec. 100a. Whenever any arsenal, armory, or other quarters of the militia, camp ground, or rifle range is owned by the state, the same shall be under the charge of an armory commission. When any such property is devoted to the use of the national guard, the commission in charge thereof shall consist of the governor, the commanding officer of the brigade, the assistant adjutant general, appointed by the governor, and the senior national guard officer living in the county in which such property, or the erection of such property, may be located.

From the time this act takes effect, a commission so constituted shall take charge of the erection and completion of all such property as may hereafter be authorized to be erected, and of all such property the erection or completion of which is in progress, at the time this act takes effect, under any general or special law. And as to such work as is in progress, such commission is hereby invested with all the powers conferred by law on any officers, boards, or commissions theretofore charged with such work or any part thereof. It shall keep in good repair the arsenals, armories, quarters, camp grounds and rifle ranges in its charge, and all moneys appropriated heretofore, or which may be appropriated hereafter, for the erection or repair of such buildings, grounds and ranges shall be expended by a commission so constituted in the same manner as other moneys appropriated for military purposes are authorized to be expended, except as herein otherwise provided. Every such commission is hereby authorized to ap-
point, and at its pleasure discharge, its own architects and inspectors.

When ordinary repairs not exceeding one hundred dollars in cost are necessary, the officer in charge of the building or grounds shall report to the quartermaster general what is required to be done, submitting estimates from at least two responsible parties, and the quartermaster general may authorize the officer to cause the repairs to be made, designating the party who shall do the work. When repairs, the cost of which will amount to more than one hundred dollars, but not more than five hundred dollars, are required, a full statement of the necessity thereof must be made by the officer in charge to the quartermaster general, who shall cause estimates of the cost thereof to be prepared by two or more parties, have them examined by an architect selected by the commission, and then cause the work to be done under a contract entered into by him for that purpose. When repairs are to be made, the expenditures of which will exceed five hundred dollars, the commission shall advertise for proposals, bids shall be received and contracts regularly entered into.

During and upon completion of the work, the expenditure for which will exceed five hundred dollars, it shall be inspected from time to time by an inspector selected by the commission, and payment shall not be made until it appears by the certificate of such inspector that such work has been properly performed and according to the contract, if one has been made.

Payment for repairs, the expenditure for which does not exceed five hundred dollars, shall only be made upon a like certificate of the officer in charge of the building or grounds where the same were made.

All bills for work done on any of the arsenals, armories, quarters, camp grounds, or rifle ranges of the state exceeding ten dollars, must be verified by affidavit setting forth that the work has been properly performed and that the amount charged is reasonable and just.

All military or civil officers attesting oaths required by the provisions of this chapter shall do so without fee.

Copies of all contracts and agreements made for the repair or alteration of arsenals, armories, quarters, camp grounds, or rifle ranges of the state shall immediately be filed in the office of the adjutant general.

Whenever any real property is taken for the purpose of erecting a state armory thereon, the buildings on such property, or the old materials in the same, may be sold at public or private sale for the best
price that can be obtained, and the proceeds thereof used for the improvement of the property taken by the authorities authorized to erect such armory.

When real property shall be required for the purpose of a state camping ground or for rifle practice, or other military purposes in connection with any state arsenal or armory, which is deemed necessary by the armory commission, and such armory commission is unable to agree with the owners for the purchase thereof, title thereto shall be acquired by the attorney general in the name of the people of the state by condemnation, on the written application of the armory commission. The cost of all real property so taken, and damages and expenses incurred by and awarded in any proceedings for the condemnation of any such property, shall be paid by the state.

The words "armory commission" when used in this chapter shall be construed to refer to the commissions provided for by this section.

CHAPTER 48.

AN ACT to amend and re-enact section 29 of chapter 39 of the code relating to county levies.

[Passed February 11, 1905. In effect 90 days from passage. Approved February 15, 1905.]

SEC. 29. The county court of every county shall, at a regular session of said court, held not later than the month of July in each year, proceed to make up an estimate of the amount necessary to be levied for the current fiscal year to cover all county debts and liabilities payable during each year, including the probable expenditure for county purposes, the amount outstanding of unpaid orders on the
county treasurer, and a proper allowance for delinquent taxes, dis­
count allowed on taxes paid on or before the thirtieth day of Novem­
ber, expense of collection and contingencies; but deducting the money
in the county treasury applicable to the service of the year, and coun­
ty claims, the collection of which during the year may, in their opin­
ion, be relied on; which estimate shall set forth the several heads of
expenditure with the amount estimated as necessary under each head,
and when approved by the court shall with the order approving it be
entered by the clerk in the proper record book. The said county
court shall thereupon levy so many cents on every hundred dollars of
the valuation of the property taxable in the county, according to the
last assessment thereof, as will cover the estimated amount necessary
to be raised for county purposes during the fiscal year: provided, first,
that no county court shall in the year nineteen hundred and five assess
or levy taxes, including district road taxes, which shall exceed by
more than five per cent. the aggregate amount of taxes levied by it in
the year nineteen hundred and four; nor in the year nineteen hun­
dred and six assess or levy taxes which shall exceed by more than
seven per cent the aggregate amount of taxes levied by it in the year
nineteen hundred and four; nor in the year nineteen hundred and
seven assess or levy taxes which shall exceed by more than nine per
cent the aggregate amount of taxes levied by it in the year nineteen
hundred and four. The word "taxes" shall be construed to include
district road taxes, as well as all other taxes for county purposes. If
the county court of any county shall be of opinion that the maximum
fixed by this proviso is insufficient for any of said years, it shall make
up an itemized estimate of the expenses to be provided for in such
year, with the rate of levy in cents on each one hundred dollars of
valuation necessary to provide for the payment thereof, and may sub­
mit the question of an increased levy to the voters of the county at
an election to be held therein on not less than thirty days published
notice, and may make such rules and regulations as may be necessary
for the holding of such election; and if three-fifths of the votes cast
on the question of increased levy at such election be in favor of such
levy, the county court may levy the amount stated in the notice of elec­
tion as necessary; but this proviso shall not extend to the counties of
McDowell and Gilmer, but in such counties, for said years, the county
court may levy taxes under the limitations contained in section 7 of
article X of the constitution of this state: provided, second, that after
the year nineteen hundred and seven no county court shall in any
year assess or levy taxes for any and all purposes, including district road taxes, the aggregate of which shall exceed sixty cents on the hundred dollars valuation of property, except for the support of free schools and the payment of indebtedness as provided in section 7 of article X of the constitution, unless such levy shall have been submitted to a vote of the people of the county and have received three-fifths of the votes cast for and against the same.

   Sec. 38. To provide school houses and grounds, furniture, fixtures and appliances, and keep the same in good order and repair, to supply said schools with fuel and other things necessary for their comfort and convenience, and to pay any existing indebtedness against the building fund, and all other expenses incurred in the district in connection with schools, not chargeable to the “teachers’ fund,” the board of education shall annually on the first Monday in July, or as soon as practicable thereafter, levy a tax on the property taxable in each district, not to exceed in the year nineteen hundred and five by more than five per cent. the taxes levied for like purposes in the same district in the year nineteen hundred and four; nor in the year nineteen hundred and six to exceed by more than seven per cent. the taxes levied for like purposes in the same district in the year nineteen hundred and four; nor in the year nineteen hundred and seven to exceed by more than nine per cent. the taxes levied for like purposes in the same district in the year nineteen hundred and four: provided, first, that if the board believes that the said maximum amount of the levies provided for in any one of the said years nineteen hundred and five, nineteen hundred and six or nineteen hundred and seven is not sufficient for said year, they may submit the question of additional or increased levy to the voters of the district, and if three-fifths of the votes cast on the question at such election be in favor of such increased levy the board may levy the same. The board shall make up an itemized estimate of the amount needed for such year and enter the same on its record or minutes together with a statement showing the amount of such additional or increased levy necessary, and such estimate and showing shall be published with the notice of the election: provided, second, that in case it is necessary to erect any new school building in any year, or to finish paying for any such new building already erect-

Sec. 40. For the support of the primary free schools of the district, and of each independent school district, and to pay any existing indebtedness against the teachers’ fund, the board of education thereof shall annually on the first Monday in July, or as soon thereafter as possible, levy, by the authority of the people as prescribed in section two of this chapter, such a tax on the property taxable in the district as will, with the money received from the state for the support of free schools, be sufficient to keep the schools in operation at least five months in the year: provided, the tax in any one year shall not exceed the rate of fifty cents on every one hundred dollars valuation, according to the latest available assessment. The proceeds of this levy, together with the money received from the state as aforesaid, shall constitute a special fund to be called the “teachers’ fund,” and no part thereof shall be used for any other purpose than the payment of teachers’ salaries, first, for the current year, and any part of said fund not so expended shall be appropriated to the payment of any existing indebtedness created for said purpose. Upon the failure of any board of education to lay such levy as is hereby required, or any other levy provided for in this chapter, they shall be compelled to do so by the circuit court of the county by writ of mandamus, unless good cause be shown to the contrary. But in case the levy provided for in this section shall not be sufficient to run the schools of the district five months, the board may increase such levy to the amount actually necessary, but such increase or special levy shall not exceed in the aggregate twenty-five cents on the one hundred dollars valuation of said property.

Sec. 2. The board of directors from and after the first day of May, nineteen hundred and five, shall consist of five members, no two of whom shall be from the same county. The governor shall, during the month of April of the said year, nominate and, by and with the advice and consent of the senate, appoint the five directors for the terms of office following: one for one year, one for two years, one for three years, one for four years, and one for five years, their terms of office to begin on the first day of June, nineteen hundred and five.

The terms of the directors now in office shall terminate with the last day of May of said year.

During the month of May in every year after the year nineteen hundred and five, the governor shall nominate and, by and with the consent and advice of the senate, appoint one member of said board whose term of office shall be five years, and begin on the first day of June following his appointment.

The governor may in like manner fill any vacancy which may occur in the board for the unexpired term.

Any person appointed to such board during the recess of the senate shall discharge the duties of the office until the next meeting thereof.

Sec. 6. A male minor under the age of eighteen years may be committed to and received into the West Virginia reform school for the reason and in the manner following:

First. By a justice of the peace of the county in which he resides, on complaint under oath and due proof made to him by the parent, guardian or other person having the custody and control of such minor, that by reason of incorrigible or vicious conduct such minor has rendered his control beyond the power of the parent, or guardian or such other person, and made it manifestly requisite
that, from regard for the morals and future welfare of such minor and the peace and order of society, he shall be placed in said school.

Second. By the same authority, upon complaint under oath, and due proof before the justice that such minor is a vagrant, incorrigible or vicious in disposition and conduct, and that his parents, guardian, or other person having custody of or authority to control him, are depraved or otherwise unfit, unwilling or unable to exercise care or discipline over such minor.

Whenever any male minor, under the age of eighteen years, shall be convicted in any of the courts of this state of felony or of a misdemeanor, punishable by imprisonment, the judge of said court in his discretion, and with reference to the character of the reform school as a place of reform and not of punishment, instead of sentencing said minor to be confined in the penitentiary or county jail, may order him to be removed to and confined in the said reform school, to remain until he shall have arrived at the age of twenty-one years, unless sooner discharged or bound as an apprentice by the board of directors; but no such boy shall be retained in said school after the superintendent shall have reported him, and he has been found by the board or its executive committee, to be fully reformed. Male minors under eighteen years of age, convicted in any of the courts of the United States for the districts of West Virginia, of any offence punishable by imprisonment, may also be received into said reform school upon such regulations and such terms as to their maintenance and support as may be prescribed by the board of directors, and assented to by the proper authorities of the United States.

And in all cases, before any minor is transferred to said reform school, due notice shall be given to the superintendent and an answer received from him that there is room in the reform school for such minor.

Sec. 17. The county court of every county, after the year nineteen hundred and five, shall pay into the state treasury the sum of fifty dollars a year on account of each minor from the county who shall be received in said school of the first, second or third classes mentioned in section six. But in all cases of minors received in said school of the first class mentioned in section six, the parent, if of sufficient means, and the guardian where the minor has sufficient
estate, shall annually re-imburse the county the amount paid into the state treasury, by virtue of this section, on account of such minor mentioned in the first class of section six, and the county court of such county shall have a right to recover the same of such parent or guardian in any court of competent jurisdiction.
