Be it enacted by the Legislature of West Virginia:

Sec. 1. All municipal corporations incorporated by special act or otherwise for the government of cities, town and villages in this state, and having a population of one thousand or more, are hereby author-
ized to issue their bonds for the purpose of providing for grading, paving, curbing and otherwise improving the streets and alleys of said municipal corporation, or constructing sewers for the proper drainage of such corporations, in anticipation of special assessments to be made upon the property abutting upon the streets and alleys so improved, or property so sewered or drained, and such bonds may be in such an amount as shall be sufficient to pay the entire estimated cost and expense of said improvements for which such special assessments are levied; said cities, towns and villages are also authorized to sell said bonds: provided, that the price for which they are sold shall not be below the par value of said bonds; said bonds shall be payable in not to exceed ten years from the date of the issue thereof and shall bear interest at not to exceed six per centum per annum, payable annually; and in the issuance and sale of said bonds, the municipality shall be governed by all the restrictions and limitations of the constitution of this state and the restrictions and limitations of the statute of this state with respect to the issuance and sale of other bonds so far as they are not in conflict with the provisions of this chapter; and the assessments as paid and provided for in this chapter shall be applied to the liquidation of said bonds and the interest thereon; and if by reason of the penalties collected with the delinquent assessments there be any balance after the payment of said bonds and all accrued interest and costs, the said balance shall be turned into the city treasury to the credit of the interest and sinking fund of the city, town or village.

Provided, that no such corporation shall by sale or issue of such bonds cause the aggregate of its debt of every kind whatsoever to exceed five per centum on the value of taxable property therein: and provided, further, that nothing herein contained shall be construed as authorizing any such municipal corporation to become indebted in any other manner or for any other purpose, to an amount including the existing indebtedness in the aggregate exceeding two and one half per centum on the value of the taxable property therein (as provided in chapter fifty-one on the acts of nineteen hundred and five) except for the purpose of grading, paving, sewer and otherwise improving the streets and alleys of said municipal corporation as provided for in this act; nor shall they make such issue and sale without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding ten years.
All of the assessments, interest and penalties thereon, collected from the abutting property owners on account of grading, paving, sewerage or otherwise improving the streets and alleys of any such city, town or village, under the provisions of this chapter, shall annually be applied to the annual tax required to pay the interest on such debt and such principal within and not exceeding ten years; and in the event that the assessments, interest and penalties so collected do not amount to a sum sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding ten years, then the council of any city, town or village shall collect so much of said levy as will pay annually the interest on such debt and the principal thereof within and not exceeding ten years.

Sec. 2. Whenever the common council or other body or bodies having such matter in charge under the charter of any such municipal corporation shall deem it expedient to cause any street or alley in said city, town or village, or portion thereof to be paved, curbed or macadamized or otherwise improved in a permanent manner, upon the petition in writing of persons owning the greater amount of the frontage of the lots abutting on both sides of any street or alley, between any two cross streets or between a cross street and an alley, it shall order the work done in the following manner and upon the following terms: The contract for such paving or other improvements shall after due advertisement in which the council or other body or bodies having such matters in charge under the charter shall reserve the right to reject any and all bids, be let, if let to the lowest responsible bidder. The contractor shall look only to the city, town or village for the payment of the work, and in no sense to the abutting land owners. The total cost of curbing, grading and paving or otherwise improving any such street or alley, with the exception in the case of a street occupied by street car tracks or other railways of the distance between the rails and two additional feet outside of each rail, which portion shall be borne and paid entirely by the street car or other railway company operating such street or other railway (unless otherwise provided by the franchises of such street car or other railway company granted previous to the passage of this act) shall be borne by the owners of land abutting upon said street, alley or portion thereof, according to the following plan, that is to say: Payment is to be made by all land owners on either side of such portion of a street or block so paved or improved, in such portion of the total cost, less the portion, if any, chargeable to such street or other rail-
way company, as the frontage in feet of his land so abutting bears to the total frontage of all land so abutting on such street, alley or portion thereof so paved or improved as aforesaid. The cost of such paving or improvement chargeable to the abutting owners is not to include any portion or amount paid for paving of squares at intersection of streets which shall in all cases be borne and paid by the city, town or village. It is especially provided however that where in any case the charter of any city, town or village granted by the act of the legislature heretofore passed or amended by any subsequent act provides that the cost or any part thereof of paving the streets (exclusive of intersections) shall be paid by the abutting property owners, then there shall be assessed against said abutting property owners their proportionate part of the cost of said street paving upon the basis fixed in said charter or special act amendatory thereof: provided, that in the case of sidewalks the cost shall be borne by the adjacent property owners in proportion to their frontage.

When the paving of any street, or alley, or portion thereof, shall have been let to contract, and the work done as hereinbefore provided, it shall be the duty of the engineer of such city, town or village to cause the several frontages abutting thereon to be measured and to calculate the assessment upon each and every land owner so abutting and to certify the same to the council or other body or bodies having such matters in charge under the charter, showing the proper amount to be determined as provided in the foregoing plan. It shall be the duty of the council or other body or bodies having such matters in charge under the charter to examine and compare such assessment, amounts and names so certified to it, and thereupon said council, or other body or bodies having such matters in charge under the charter, shall give notice by publication for two successive weeks in some newspaper published in said city, town or village, that an assessment under this section is about to be laid against the abutting property for paving or improvements done on said streets or alleys, describing the location of such paving or improvements, and any owner or owners thereof shall have the right to appear before said council, or body or bodies having such matters in charge under the charter within two weeks from the first publication thereof and move said council to correct any apportionment or assessment excessive or improperly made as charged, which corrections said council or other body or bodies having such matters in charge under the charter, shall have the power to make, and if found to be correct or when corrected by the
council, or other body or bodies having such matters in charge under the charter, as aforesaid, it shall enter the same together with a description of the lots of land as to location, frontage, depth and ownership, so far as the same may be ascertained, upon its records and to enter in its records that such owners and lots be assessed and chargeable with the amount so ascertained to be borne by them, respectively, and when so approved, certified and entered of record the same shall be and constitute an assessment against said owners and lots for such respective amounts. And it shall be the duty of the council or other body or bodies having such matters in charge under the charter, to immediately certify such assessment to the treasurer for collection as herein provided, and a copy of said order shall be certified by the recorder to the clerk of the county court of the county wherein said property is situated, who shall be required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein. The amounts so assessed against said abutting land owners shall be paid in ten payments as follows: That is to say, one-tenth of said amount, together with interest on the whole assessment for one year, shall be paid into the city treasury of the city, town or village, before the first day of May next after said work is completed and said assessments have been certified to the county clerk. And a like one-tenth together with interest for one year upon the whole amount remaining unpaid on or before the first day of May in each succeeding year thereafter until all has been paid and each of said installments of one-tenth, beginning with the first shall bear interest on the amount of said installment at six per centum per annum from the date of the record of same in the county court clerk’s office until paid: provided, however, that any abutting owner so liable for any portion of the cost of such paving shall have the right at any time after the same is certified as aforesaid to the treasurer for collection to anticipate the payment of any or all of said assessments and shall be allowed to pay the face of said assessment with interest at six per centum per annum only to the time of payment.

To each of such installments of assessments remaining unpaid in the treasurer’s hands on the days herein specified for the payment thereof, a penalty of ten per centum shall be added and any assessments so remaining unpaid in the treasurer’s hands on such date, shall be taken up by the council, or other body or bodies having such matters in charge under the charter, on such settlements had with
the treasurer on such dates, and thereupon such council or other body or bodies having such matters in charge under the charter, shall place such assessments with the penalty added thereto, in the hands of the city sergeant or other officer of such city, town or village whose duty it is to collect delinquent taxes and assessments, to be treated and considered, and payment thereof enforced in all respects as hereinbefore provided for the collection of taxes due the city, town or village, and they shall be a lien upon the property liable therefor the same as for taxes, which lien may be enforced in the same manner as provided for taxes.

The liens hereinbefore provided for shall have priority over all other liens except those for taxes due the state and shall be on a parity with taxes and assessments due the city. Whenever all such assessments for paving, sewerage, or curbing, macadamizing or other improvements shall be paid in full to the treasurer he shall deliver to the party paying the same a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens, and whenever any such assessments shall not be in the hands of the treasurer for collection, but the same shall be shown to the satisfaction of the city auditor or other official performing the duties of auditor, to have been paid in full to any officer entitled to receive the same, such auditor or the mayor, in cases where the corporation has no auditor, may in like manner execute such release.

Sec. 3. Whenever the council or other body or bodies having such matters in charge under the charter shall order the construction of any public sewer in any city, town or village, the owners of the property abutting upon any street in which such sewer shall be constructed, shall be charged with and liable for sewerage assessment as follows: When said sewer is completed the engineer of such city, town or village, shall report to the council, or other body or bodies having such matters in charge under the charter, in writing, the total cost of such sewerage and a description of the lots of land as to the location, frontage, depth and ownership liable for such sewer assessment, so far as the same may be ascertained together with the amount chargeable against each lot and owner, estimated on the basis of one dollar per foot for inside lots, and one dollar and twenty-five cents per foot for corner lots, frontage measures on said sewer being considered, except that such estimate as to corner lots fronting thereon and having a greater depth than one hundred and fifty feet shall be estimated at one dollar and fifty cents per foot frontage, and any lot having a
depth of two hundred feet or more and fronting on two streets, one in the front and another in the rear of said lot, shall be assessed on both of said streets, if a sewer is constructed on both streets, or if fronting on a street and running back two hundred feet or more to an alley, shall be assessed on both the street and the alley if a sewer shall be constructed in both street and alley; where a corner lot has been assessed on one end it shall not be assessed on the side; and thereupon said council, or other body or bodies having such matters in charge under the charter, shall give like notice by publication as is required in case of street paving assessments, and the same rights shall exist as to the persons and property affected and the same duty as to corrections by said council, or other body or bodies having such matters in charge under the charter, as are prescribed with reference to paving, which report shall in like manner be examined by the council, or other body or bodies having such matters in charge under the charter, and if found to be correct or corrected as aforesaid, and such estimated assessments to be a fair and equitable apportionment of the cost of such sewer, it shall enter an order upon its records setting forth such location, depth, ownership and said amount of such sewer assessment, against each, respectively, calculated as aforesaid, and the entry of such order shall constitute and be an assessment for such proportion and amount so fixed therein against such respective owners and lots, and if after such advertisement, notice and hearing said council, or other body or bodies having such matters in charge under the charter, shall find that such apportionment at such rate is unjust, or inequitable, it shall ascertain, fix and assess the cost thereof among and upon the abutting owners respectively, justly and equitably, and in like manner assess and enter the amount so fixed respectively upon its records, and the council, or other body or bodies having such matters in charge under the charter, shall in either event thereupon certify the same to the treasurer for collection, and certify a copy of such order to the clerk of the county court of the county wherein said abutting property is situate, who shall record the same in the proper trust deed book, and index the same in the name of each owner of any such lot so charged with such assessment, and such assessment so made shall constitute and be a lien upon said lots respectively, which shall have priority over all other liens except those for taxes due the state, and shall be on a parity with other taxes and assessments due the city, town or village. Said amounts so assessed against the said several land owners shall be paid by the par-
ties liable therefor to the said treasurer at all times in the manner and with the attendant penalties for failure to pay promptly at the time prescribed in all respects as hereinbefore provided in the case of assessments for paving streets and alleys in a permanent manner, and the parties liable therefor shall in the same manner and to the same extent have the right and be entitled to anticipate any or all of such installments thereon as in such case provided. The owner or owners of any lot abutting on any street or alley in said city, town or village, on which a public sewer is or may hereafter be laid and constructed upon which lot any business or residence building is or may hereafter be erected, not connected with a public sewer, may be required and compelled by the board of health to connect any such building with such sewer. Notice to so connect may be given by the board of health either to the owner, lessee, or occupant of such building. Each day's failure to comply with such notice and connect with such sewer by such owner or owners, after ten days after such notice is given, shall be a misdemeanor and a separate and new offence under this section, and each such offence shall be punishable by fine not less than five nor more than twenty-five dollars. Jurisdiction to hear, try, determine and sentence for violation of this section is vested in the police court of such city, town or village, or in the mayor where no police court exists.

The liens herein and hereinbefore provided for street paving, macadamizing, and sewerage assessments and assessments for other improvements, shall constitute liens upon the real estate upon which they are assessed, as against creditors of the owners thereof, or purchasers for value, and without actual notice of such liens, only from and after the time that the statement thereof certified as aforesaid, shall be filed for record in the office of the clerk of the county court of the county wherein said abutting property is situate.

Sec. 4. Whenever it is deemed expedient by the common council of any city, town or village, or other body or bodies having such matters in charge under the charter, having a population of one thousand or more, to provide for the grading, paving, curbing, sewer ing, macadamizing or otherwise improving any street or alley therein, to be paid for in whole or in part by special assessments, said council, or other body or bodies having such matters in charge under the charter, shall declare by resolution, three-fifths of the whole number elected thereto concurring, by an aye and no vote, the necessity of
such improvement. At the time of the passage of said resolution the council, or other body or bodies having such matters in charge under the charter, shall have on file in the office of the city recorder or town clerk, plans, specifications, estimates and profiles of the proposed improvements, showing the proposed grade of the street and improvement, after completion, with reference to the property abutting thereon, which plans, specifications, estimates and profiles shall be open to the inspection of all persons interested. Said resolution shall determine the general nature of the improvement, what shall be the grade of the street, alley or other public place to be improved, as well as the grade or elevation of the curbs, and said council shall approve the plans, specifications, estimates and profiles for the proposed improvement.

Council, or other body or bodies having such matters in charge under the charter, shall also determine in said resolution the method of paying for the work contemplated in said plans and specifications, whether by an appropriation from funds in the treasury unappropriated, or whether or not bonds shall be issued in anticipation of the collection of special assessments to be made against the abutting property owners as provided for in section two of this chapter. Assessments shall be payable in ten installments as provided for in said second section. The resolution herein provided for declaring the necessity for said improvement shall be published at least once a week for two successive weeks after its adoption in two newspapers of general circulation, and of opposite politics in the city, town or village in which said improvements are to be made, and an affidavit of the publisher showing publication for such time, together with a copy of said notice attached, shall be filed with the recorder or clerk of the council, or other body or bodies having such matters in charge under the charter, and spread upon the record of the minutes of the next meeting of the council, or other body or bodies having such matters in charge under the charter. Where there are not two newspapers of general circulation and of opposite politics in the city, town or village, publication in one newspaper of general circulation for the required time, shall be all that is required for this or any other notice provided for by this chapter. Said resolution shall be in effect from and after the first publication thereof as herein provided for. If there be no newspaper in such corporation, the notice may be given by posting on the front door of the building where the council, or
other body or bodies having such matters in charge under the chart-
er, of such corporation holds its meetings.

Sec. 5. A notice of the passage of the resolution required in the
last preceding section, embodying a copy of said resolution shall be
served upon the owner of each piece of property to be assessed, said
service to be made in the manner provided in section one of chap-
ter one hundred and twenty-one of the code: provided, that if any of
the owners or persons be not residents of the county wherein said im-
provement is proposed, or if it appears by the return, in any case,
that the owner cannot be found, then a notice of the passage of said resolution shall be published in some newspaper of general circulation
in the city, town or village in which said improvement is proposed
to be made, once a week for two successive weeks, and such notice
whether by service or publication shall be completed at least three
days before said improvement is begun or the assessment is levied,
and the return of the officer serving such notice or a certified copy of
said return, or where published, the certificate of the publisher of
said newspaper, shall be prima facie evidence of the service of the
notice as herein required. Notice upon infants may be served on their
guardian and upon insane persons by service upon their committee.

Sec. 6. In all municipalities the corporation shall pay the cost
of paving the intersections at all cross streets (but not including the
places where private alleys or private crossings cross the sidewalk,
which shall be paid by the owner or owners of said private alley or
crossing at the time the paving is laid on said crossing): provided,
that whenever special assessments shall have hereafter been levied and
paid under the provisions of this chapter for any improvement made
after this act becomes a law, for the improvement of any street or
other public place (other than sidewalks) the property so assessed
shall not again be assessed for more than half the cost and expense
of repaving or repairing such street or other place unless the grade
be changed; but this exemption shall not apply to the paving or re-
pairing of streets or other public places which were paved or improv-
ed before the passage of this act.

Sec. 7. It shall be lawful for any city, town or village of over
one thousand inhabitants, within this state, to issue and sell its bonds
as provided in this chapter for the sale of other bonds, to pay the
corporation’s part of the cost of said improvements as required by this
act, and may levy taxes in addition to all other taxes authorized by
law, to pay such bonds and interest thereon: provided, that the total
indebtedness of the city for all purposes shall not exceed five per centum of the total value of all taxable property therein.

Sec. 8. At the expiration of the time for the giving and publication of the notices as provided for in section five, the council, or other body or bodies having such matters in charge under the charter, shall determine whether it will proceed with the proposed improvement or not, and if it decides to proceed therewith, an ordinance for the purpose shall be passed; said ordinance shall set forth the streets and alleys upon which the abutting property is to be assessed for the improvement, shall contain a statement of the general nature of the improvement and the character of the materials which may be bid upon therefor; of the mode of payment therefor, a reference to the resolution theretofore passed for said improvement, giving the date of its passage and a statement of the intention of the council, or other body or bodies having such matters in charge under the charter, to proceed therewith in accordance with said resolution and in accordance with the plans, specifications, estimates and profiles provided for said improvement.

In setting forth the lots and lands abutting upon the improvement it shall be sufficient to describe them as the lots and lands abounding and abutting upon said improvement between and including the termini of said improvement, or by the description by which they are described on the land books of the county in which said lots are situate; and this rule of description shall apply in all proceedings in which lots or lands are to be charged with a special assessment.

Sec. 9. In any case in which special assessments have been made or shall hereafter be made, upon property for the construction of any improvements authorized by this chapter, and several kinds of material have been named in the ordinance or ordinances providing for the same, and on which bids have been received for the construction of said improvements with any, either or all of said materials, said assessments shall be valid and binding assessment upon the property so assessed. In the case of the construction of sewers required under the provisions of this chapter, notice of the passage of said resolution therefor, as provided for in section five of this act, shall be made in the manner provided for in said section five of this chapter.

Sec. 10. No public improvement, the cost or part of the cost of which is to be especially assessed on the owners of property, shall be made without the concurrence of three-fifths of the whole number of members elected to the common council or other body or bodies hav-
ing such matters in charge under the charter, unless the owners of a majority of the foot frontage to be assessed, petition in writing therefor, in which event the council or other body or bodies having such matters in charge under the charter, shall be authorized (a majority of the whole number elected thereto concurring) to proceed with the improvement in the manner herein provided for.

Sec. 11. When the whole or any portion of the improvement authorized by this chapter passes through or by a public wharf, market space, park, cemetery, structure for the fire department, waterworks, school building, infirmary, market house, workhouse, hospital, house of refuge, bridge, gas works, public prison, court house, church, or any other public structure or public grounds within said corporation, and belonging to said corporation or to the county, state, or any church, association, or eleemosynary institution, the council or other body or bodies having such matters in charge under the charter, may authorize the proper proportion of the estimated costs and expenses of the improvement to be certified to the clerk of the county court of the county wherein said corporation is situate, and the same shall thereupon be recorded by said clerk in the proper trust deed book and shall thereupon become a lien against said property and collectible as other assessments are collected against individuals under this chapter and it shall be the duty of those persons having charge of the fiscal affairs of any such property or institution to make proper arrangements for meeting of such assessments when due and payable.

Sec. 12. The cost of any improvement contemplated in this chapter and for which assessments may be made, shall include the cost and expenses of the assessment, the expense of the preliminary and other surveys, and of printing and publishing all notices required to be published, and serving the notices on property owners, and the cost of construction.

Sec. 13. No person who claims damages, arising from any cause due to or arising out of said improvements, shall commence a suit therefor against the corporation within sixty days after the completion of the improvements, in order that the corporation may take such steps as it may deem proper to settle or adjust the claim.

Sec. 14. Proceedings with respect to improvements shall be liberally construed by the council, or other body or bodies having such matters in charge under the charter, and court, to secure a speedy completion of the work at a reasonable cost, and the speedy collection of the
assessments after the time has elapsed for their payments, and merely formal objections in such cases shall be disregarded.

Sec. 15. This chapter shall only apply to cities, towns and villages within the state of West Virginia which have a bona fide resident population of one thousand or more persons.

Sec. 16. It is especially provided that no bonds shall be issued under the provisions of this chapter, unless and until the question of issuing said bonds shall have first been submitted to a vote of the people of the municipality within which the improvements are proposed, and shall have received three-fifths of all votes cast at said election for or against the same. The common council, or other body or bodies having such matters in charge under the charter, of any municipality authorized to issue bonds under the provisions of this chapter, may provide by ordinance for an election every year, at which the question shall be submitted to the people as to whether the municipality shall be authorized to issue bonds for the purpose and under the provisions of this chapter, to an amount not to exceed in the ensuing year the amount recommended by said ordinance for said ensuing year; but the ordinance providing for said election need not specify in detail the location of the improvements contemplated to be paid for during the ensuing year out of said aggregate issue authorized for said year, but before issuing any such bonds council or other body or bodies having such matters in charge under the charter, shall pass separate ordinances for each street or alley to be improved, dealing with all the requirements set forth in section eight of this chapter and notwithstanding the provisions of sections two, three, and six of chapter forty-seven-a of the code, it shall be sufficient description of the purpose for which said election is held if the ordinance calling the same shall recite that it authorizes the common council or other body or bodies having such matters in charge under the charter of the city, to issue bonds for the purposes of grading, paving, sewer ing or otherwise improving the streets and alleys of said city, town or village, at such times as to the council, or other body or bodies having such matters in charge under the charter, shall seem fit during the ensuing year ending on the ______ day of ______, 190—, to an amount not exceeding in the aggregate during said year the sum of $_____; and when the council or other body or bodies having such matters in charge under the charter, shall have once been authorized by a vote of the people to issue bonds for the said purposes and to a sum not to exceed the amount set forth in
the ordinance calling the said election, no further election shall be necessary for the issuing of bonds during said ensuing year up to the amount stipulated in said ordinance calling said election, but the council or other body or bodies having such matters in charge under the charter, shall from time to time during said ensuing year by ordinance authorize the issue of said bonds, in such sums and for the improvement of such streets or alleys as to it may seem best, providing the requirements of this chapter are complied with. The aggregate amount of bonds authorized by said annual election shall not be exceeded during said ensuing year, unless and except the same be authorized by a special election held at a subsequent time in said year and duly called as provided for the calling of the annual bond election.

The provisions of chapter forty-seven-a of the code concerning bond elections, shall, so far as they are not in conflict with the provisions of this chapter, apply to the annual bond elections and special bond elections herein provided for.

Sec. 16-a. Provided, that this chapter shall not apply to cities, towns and villages wherein all public improvements have been paid for out of a general fund collected by assessment on all the property in such cities, towns and villages for a period of the past twenty-five years or more.

Sec. 17. It is further provided that this act shall not apply to the issue of bonds, nor affect the manner of issuing same, as now authorized by the code of West Virginia or the charter of any city, town or village in this state, until the question of the adoption of this act shall have been first submitted to a vote of the voters of such city, town or village and a majority of all the votes cast at the election submitting same shall have been cast in favor of the adoption of this act.

The common council, or other body or bodies having such matters in charge under the charter, of any city, town or village having a population of over one thousand inhabitants, upon the petition of one hundred voters and property owners, shall at the next session of such council, order that the method of paving, sewer ing and otherwise improving the streets and alleys of said municipality and of issuing bonds to pay for same as herein provided for, shall be submitted to the voters of such municipality for ratification or rejection, and shall in the manner prescribed by law call a special election for said purpose. Said election shall be held under the laws governing other city
elections, the voting upon said question shall be by ballot, and those voting for the adoption of this chapter shall have written or printed upon their ballots the words “For adoption of new method of paving streets” and those voting against said chapter shall have written or printed upon their ballots the words “Against the adoption of new method of paving streets.” The said election shall be conducted and the returns thereof made and the result declared in the same manner provided for holding, ascertaining and declaring the result of other city elections within said municipality.

Sec. 18. All acts and parts of acts, whether special or general, and all provisions of any act incorporating any city, town or village or amending the charter of same and which are in conflict with the provisions of this act so far as it applies to the manner of providing for the grading, curbing, paving, sewering and otherwise improving the streets and alleys of any municipal corporation or the issuing of bonds to secure funds for paying for the same, are to that extent repealed.

(House Bill No. 17.)

Be it enacted by the Legislature of West Virginia:

Sec. 1. The county court of every county, the board of education of every school district and independent school district, and the common council of every municipal corporation, shall hold a session on the second Tuesday in August in each year, for the transaction of business generally, and especially for the transaction of business as herein required.

Statement and levies made by county courts.

Sec. 2. At such session the county court shall ascertain the condition of the fiscal affairs of the county, and make up an itemized statement thereof, which shall set forth in detail:

(a) The amount due, and the amount that will become due and collectible, from every source, except from the levy of taxes to be made for the year, during the current fiscal year, to the county as a whole and to the road fund and any other fund of any district thereof;

(b) The debts and demands owed by the county as a whole, and the debts and demands payable out of the road or other fund of any district thereof, including debts and demands that will become due and payable during the year by the county as a whole or out of the funds of any district thereof, including interest on any indebtedness, funded or bonded or otherwise;

(c) All other expenditures, under the several heads of expenditures to be made and payable out of the levy of the current fiscal year, whether by the county as a whole or out of the road fund or other fund of any district thereof, including cost of collection of taxes and other claims, and proper allowance for delinquent taxes and contingencies.
The said statement shall also set forth the total amount necessary to be raised by the levy of taxes for the current fiscal year, the assessed value of the property of the county, personal, real estate, and the property assessed by the board of public works, the rate of such levy proposed on the property of the county as a whole, and on the property in each district for district funds, and on the property in each municipal corporation. A copy of such statement duly certified by the clerk of the court, shall be published twice (at least one week intervening between the publications) in two newspapers of general circulation published in the county, and of opposite politics. If there be but one newspaper published in the county, the publication shall be made therein. The session shall then stand adjourned until the fourth Tuesday in August, at which time it shall convene; and it shall then be the duty of said court to hear and consider any objections made orally or in writing, by the prosecuting attorney, by the state tax commissioner or his representative, or by any taxpayer of the county, to said estimate and proposed levy, or any item thereof. It shall be the duty of the court to enter an order of record showing the objections so made, setting forth the reasons and grounds for such objections. But the failure of any officer or taxpayer to offer objection as herein provided shall not preclude him from pursuing any legal remedy necessary to correct any levy laid by any tribunal named in this act. After said objections have been made and heard, the court shall thereupon reconsider the proposed original estimate and proposed rate of levy; and if the objections thereto or any part thereof appear to be well taken, the court shall correct the same accordingly, and it shall thereupon be approved, and when approved shall, with the order approving it, be entered by the clerk in the proper record book. The county court shall thereupon levy so many cents on every one hundred dollars of valuation of the taxable property in the county, according to the last assessment thereof, as will produce the amount shown by the statement approved necessary to be raised for county purposes during the fiscal year, and it shall levy so many cents on every one hundred dollars of valuation of the taxable property in any district of the county, according to the last assessment thereof, as will produce the amount shown by said statement necessary to be raised by taxation upon the property of said district during the fiscal year: provided, first, that the aggregate of the levies so made for county purposes and district purposes shall not exceed, for the year nineteen hundred and eight, in the county, or
in any district or municipal corporation therein, the sum of thirty-five cents on each one hundred dollars of said valuation; and shall not exceed after the said year the sum of thirty cents on each hundred dollars of said valuation: provided, second, that in any county where the aggregate valuation of the taxable property in any year is less than two and one-half times that of the year nineteen hundred and four, and the county court is of the opinion that the maximum rate of levy herein named is insufficient, with other funds and revenues, for all county and district road purposes, and is further of opinion that it is not expedient to submit to the voters the question of additional levy as provided in section five, or of special levy as provided in section six, the county court may for any such year lay a levy in cents on each one hundred dollars of such taxable property of such portion of one hundred and four cents as the aggregate of the taxable property in the year nineteen hundred and four bears to the aggregate thereof in the year for which such levy is to be laid; as, for instance, to illustrate: In any such case, where the said aggregate in such year is double that of the year nineteen hundred and four, the maximum levy in any such county and district thereof for such year shall not exceed fifty-two cents on each one hundred dollars of said valuation for said purposes: provided, third, that the county court of any county having no debt, bonded or funded or otherwise, and which does not lay a levy exceeding that prescribed in the first proviso of this section, may in the year nineteen hundred and eight lay a levy not exceeding ten cents on each one hundred dollars of valuation of the taxable property of the county, to be called special bridge levy, for the purpose of building bridges; and such levy may be continued for four successive years after said year of nineteen hundred and eight. The fund arising from such levy shall be used for the purpose herein designated, and no other.

Statement and levies by boards of education.

Sec. 3. At its session held on the second Tuesday in August, as aforesaid, the board of education of every district or independent school district shall ascertain the condition of the fiscal affairs of the district, and make up an itemized statement thereof, which shall set forth in detail:

(a) The separate amounts due the building fund and the teachers' fund of the district, and the amounts that will become due
thereof and collectible during the current fiscal year, from every
source, including the amount to be received from the general school
fund, but excepting the amount that will be produced by the levy of
taxes to be made for the year;

(b) The debts and demands owed by the district, and the debts
and demands that will become due and payable during the current
fiscal year, including interest on any indebtedness, funded or bonded
or otherwise, distinguishing between those payable out of the building
fund and those payable out of the teachers' fund;

(c) All other expenditures, under the several heads of ex-
penditures, to be made and payable out of the funds of the district
for the current fiscal year, distinguishing between those payable out
of the building fund and those payable out of the teachers' fund, and
including the cost of collection of taxes and other claims, with proper
allowance for delinquent taxes and contingencies. Said statement
shall also set forth the separate amounts necessary to be raised for
each of said funds by the levy of taxes for the current fiscal year,
and the proposed rates of levy of taxes, in cents on each one hundred
dollars of assessed value, on the taxable property of the district for
each of said funds; and also the aggregate of the taxable property of
the district, stating separately the assessed value of personal property,
of real estate, and of the property assessed by the board of public
works. A copy of such statement duly certified by the secretary of
the board, shall be published as provided in section two, and posted
in each post office in the district at least eight days before an adjourned
meeting of the board to be held on the fourth Tuesday in August;
at which time the board shall reconvene and proceed in all respects
as provided in section two. After having entered the said statement,
as finally approved, in its book of record of proceedings, the board
shall thereupon levy as many cents on each one hundred dollars of
the assessed valuation of the property of the district, according to the
last assessment thereof, as will produce the amount shown by the
said statement necessary to be raised for the building fund, and levy
in like manner the amount as shown by said statement to be necessary
for the teachers' fund to continue the schools in such district for the
term of six months or for a longer term where such may be established
by or according to law: provided, first, that the levy for the building
fund shall not exceed fifteen cents on each one hundred dollars of
said valuation for the year nineteen hundred and eight, and shall not
exceed twelve and one-half cents after that year; nor exceed twenty-five cents on each one hundred dollars of said valuation for the teachers' fund: provided, second, that if such board of education in a city of less than ten thousand population maintains a high school in such district, or maintains a high school in connection with one or more other districts, the board may levy for the support of said high school in any one year not to exceed ten cents on each one hundred dollars of said valuation: provided, third, that school districts and independent districts having outstanding bonds may increase the levies aforesaid by an amount sufficient to pay the interest on such bonds and the principal thereof in the time provided in the issue of such bonds, but the proceeds of such additional levy may be used for that purpose and no other: provided, fourth, that if said maximum levy of twenty-five cents for the teachers' fund shall not produce sufficient money, with the other sources of revenue, including any balance to the credit thereof in the hands of the treasurer and the amount of the general school fund apportioned to the district, to pay the salaries of the necessary number of teachers, at the minimum rate of salary fixed by law, for the schools of the district for the term of six months, it shall be the duty of the state superintendent of free schools to deposit with the treasurer of the board of education, to the credit of the teachers' fund, a sufficient amount to make up such deficiency; and the said state superintendent is authorized to withhold from the distribution made on the per capita basis a sufficient amount of the general school fund, not exceeding in any one year fifty thousand dollars, for this purpose. If it shall appear to said state superintendent that a sufficient number of teachers of the proper grade for the schools of such district cannot be procured at the minimum rate of salary, owing to the payment of larger salaries in neighboring districts or elsewhere in the state, he may fix the salaries of such teachers above the minimum, but not above the salaries paid teachers of like grades in neighboring districts. Any balance of the general school fund withheld from the per capita distribution for such schools, as aforesaid, in any year, shall revert to said fund at the close of the year.

Statement and levy by municipal councils.

Sec. 4. At its session held on the second Tuesday in August, as aforesaid, the common council of every municipal corporation shall
ascertain the condition of the fiscal affairs thereof, and make up an itemized statement of the same, which shall set forth in detail:

(a) The amount due the municipality, and the amount that will become due thereto and collectible during the current fiscal year, from every source, but excepting the amount that will be produced by the levy of taxes to be made for the year;

(b) The debts and demands owed by the municipality, and the debts and demands that will become due and payable during the current fiscal year, including interest on any indebtedness, funded or bonded or otherwise;

(c) All other expenditures, under the several heads of expenditures, to be made and payable out of the funds of the municipality for the current fiscal year, including the cost of collection of taxes and other claims, with proper allowance for delinquent taxes and contingencies. Said statement shall also set forth the total amount necessary to be raised by the levy of taxes for the current fiscal year, and the proposed rate of levy of taxes on the property of the municipality; and also the aggregate of the taxable property in the municipality, stating separately the amount of personal property, of real estate, and of the property assessed by the board of public works. A copy of such statement duly certified by the clerk, recorder or other recording officer of such municipality, shall be published as provided in section two, and posted at each voting place in the municipality at least eight days before an adjourned meeting of the common council to be held on the fourth Tuesday in August; at which time the council shall reconvene and proceed in all respects as provided in section two. After having entered the said statement, as finally approved, in its book of record of proceedings, the council shall thereupon levy as many cents on each one hundred dollars of the assessed valuation of the property of the municipality, according to the last assessment thereof, as will produce the amount shown by the said statement necessary to be raised for municipal purposes during the fiscal year: provided, that such levy shall not exceed thirty-five cents on each one hundred dollars of said valuation for the year nineteen hundred and eight, and shall not exceed thirty-five cents after that year, anything in the charter of any municipal corporation to the contrary notwithstanding.

Additional levy.

Sec. 5. If any county court, board of education or common
council of a municipal corporation be of opinion that the maximum rate of levy of taxes hereinbefore named in the first and second provisos of section two as to counties, or in the first proviso of section three as to school districts, or in the first proviso of section four as to municipalities, will not produce sufficient funds for the current fiscal year to cover the expenditures for the year in the county, or school district, or municipality, as the case may be, it may enter an order on its record book of proceedings setting forth the purposes for which additional funds will be needed, the amount thereof for each purpose, and the total thereof, the aggregate amount of the taxable property on which it is authorized to levy taxes and the rate of levy in cents on each one hundred dollars of valuation of such property necessary to produce the additional amount estimated to be needed; and in the same order submit to the voters of the county, the school district, or the municipality, as the case may be, at an election therefor, the question of such additional levy. If a majority of the votes cast on the question at such election be in favor of such additional levy, the court, board or council, as the case may be, shall have authority to make such additional levy, but the same shall not exceed twenty cents on each one hundred dollars of valuation of the taxable property in the county, school district, or municipality, according to the last assessment thereof: provided, first, that if any county or municipal corporation has, at the time this act goes into effect, an outstanding bonded indebtedness, and the county court be of opinion that the maximum rate of levy prescribed in section two, or the council be of opinion that the maximum rate prescribed in section four, will not produce sufficient funds to pay the interest on such bonded indebtedness and to provide a sinking fund for the discharge of the principal in the number of years required by the issue of the bonds, it may enter an order on its record book of proceedings setting forth the maximum rate of special bond levy necessary in each year to pay the interest and provide such sinking fund; and in the same order submit to the voters of the county, or of the municipality, as the case may be, at a special election thereof or at any general election, the question of such levy. If a majority of the votes cast at such election be in favor of such levy, the county court or council, as the case may be, shall have authority to lay such maximum levy, and may continue to lay the same or such portion thereof as is necessary, from year to year, without an additional vote, until such bonded indebtedness is paid off and discharged. The funds arising
from such levy shall be used for the purpose herein designated and
no other. Such election shall be held pursuant to the provision: of
section seven: provided, second, that if any county or municipal
corporation, or magisterial or school or independent school district
creates in the future a bonded indebtedness according to law, and
the county court, municipal council, or board of education be of
opinion that the maximum rate of levy provided in section two, three-
or four, as the case may be, will not produce sufficient funds to pay
the interest on such bonded indebtedness and provide a sinking fund
for the discharge of the principal in the number of years authorized
by the issue of the bonds, it may enter an order on its record book of
proceedings setting forth the maximum rate of levy necessary in each
year to pay the interest and to provide such sinking fund; and in the
same order submit to the voters of the county, district or municipality,
as the case may be, at the election held for the purpose of authorizing
the bond issue, the question of such levy. At such election there
shall be printed on the ticket a brief statement of the levy herein pro-
vided for, such as, “To authorize a maximum special bond levy of
— cents according to the order of ——— entered on the
—— day of ———, to pay the interest and provide a
sinking fund for the discharge of the bonds now being voted for.”
And directly underneath in two separate lines shall be printed the
words “For the levy” and “Against the levy”. In all respects the
provisions of the laws concerning general elections, and elections
under the provisions of this act, shall apply to such election as far
as they are practicable. If a majority of the votes cast at such
election be in favor of such levy, the court, board, or council, as the
case may be, shall have authority to lay such maximum levy, and may
continue to lay the same, or such portion thereof as is necessary,
from year to year, without an additional vote, until such bonded
indebtedness is paid off and discharged; but the funds arising from
such levy shall be used for the purpose herein designated and no
other.

Special district levy.

Sec. 6. If the county court of any county be of opinion that the
taxpayers of any magisterial district in the county desire to expend
more money therein for the making and repair of roads and bridges
than the amount that will be produced by the maximum levy named
in section two, and the court approve thereof, it may enter an order submitting the question of a special levy to the voters of the district at an election held for the purpose. But such special levy shall not exceed twenty cents on each one hundred dollars of valuation of the property of the district, according to the last assessment thereof; nor shall the aggregate of the regular levy mentioned in section two, and the additional levy mentioned in section five and the special levy mentioned in this section, exceed fifty-five cents on the one hundred dollars of such valuation in any year.

**How elections herein authorized held.**

Sec. 7. The election authorized in sections five and six may be held at any general election, or at any special election held for any other purpose, as well as held separately. Notice thereof, however, shall be given by the publication of the order of the court, board, or council calling the same, in two newspapers of general circulation in the territory in which the election is held, and of opposite politics, at least once in each week for two successive weeks before the election, and printed copies of said order shall be posted at each place of voting at least ten days before the election. If there be only one such newspaper published in the county, the publication shall be made therein. All the provisions of the laws concerning general elections shall apply to such election as far as they are practicable, except as follows: A separate ticket shall be used at such election held in connection with any other election. On such ticket shall be printed a brief statement of the question submitted, such as “Special election to authorize —— levy of —— cents, according to the order of the ———, entered on the —— day of ———;” and directly underneath, in two separate lines, shall be printed the words “For the levy,” and “Against the levy.” Those favoring the levy shall erase the words “Against the levy” and those opposed thereto shall erase the words “For the levy.” If a majority of those voting on the question be in favor of the levy the said tribunal submitting the question shall be authorized to lay the same; but if a majority of the votes cast on the question be not in favor of such levy, it shall not be laid. If the question be submitted by the county court, the clerk thereof shall prepare, procure and furnish to the election commissioners at each place of voting the tickets, poll books, tally sheets and other things needed; if the question be submitted by a board of education, the
secretary thereof shall perform such duty; and if the question be submitted by a council of a municipal corporation, such duty shall be performed by the clerk, recorder or other recording officer of the council; provided, that the question of levy, except as provided in the first and second provisos of section five, may be submitted for any two successive years that may be named in the order submitting the question to the voters, the rate of levy for each year being stated in such order; and if the levy be authorized, as aforesaid, the proper tribunal may lay such levy for each of said two years, or so much thereof as may be found necessary.

Special debt levy—Provisions as to certain funds.

Sec. 8 If any county, or any magisterial district or any school district or any independent school district, or any municipal corporation, have outstanding unpaid orders on the treasury thereof, or owe other floating indebtedness, which orders were issued or which indebtedness was incurred previous to the first day of January in the year nineteen hundred and eight, the amount whereof is so considerable that it is impracticable to discharge the same out of the proceeds of the regular levy, and the county court, or board of education, or common council, as the case may be, deem it inadvisable to submit to the voters of the county, or district, or municipality the question of an additional levy as provided in section five, such court, board or council may lay a levy in addition to said regular levy, to be called “special debt levy,” not exceeding ten cents on each one hundred dollars of the valuation of the taxable property of the county, district, or municipality, as the case may be, according to the last assessment of such property, and continue such levy for as many years as may be necessary to pay off such debt, but not longer. The net amount produced by any such levy, or by any additional levy authorized by section five, or by any special levy authorized by section six, shall not be used for any other purpose, as to such special debt levy than for the payment of such debt, or as to such additional or special levy than for the purpose or purposes named in the order submitting the question to the voters. The treasurer of each of such funds shall keep an accurate account of the same separately from other funds. If after paying off such debts or effecting the object of said additional levy or of said special levy, any balance remains of any of said funds the same shall, first, revert to the sinking fund.
of the county, or of the magisterial district, or independent school
district, or of the municipal corporation, as the case may be; or,
secondly, if there be no such sinking fund, it shall in case the fund
was raised by taxes levied throughout the county, revert to the fund
for general purposes of the county; if the fund was raised by taxes
levied on the property of a school district or independent school
district, said balance shall revert to the teachers’ fund of the district;
if the fund was raised by taxes levied on the property of a municipal
corporation, said balance shall revert to the fund for general purposes
of the municipality; and in case of a magisterial district said balance
shall revert to the road fund thereof.

Certain acts prohibited—Penalties.

Sec. 9 It shall be unlawful for any county court, board of educa-
tion, or council of a municipal corporation, or other body charged
with the administration of the fiscal affairs of any county, school
district or independent district, or municipality, to expend any money
or to incur any obligation or indebtedness which such tribunal is
not expressly authorized by law to expend or to incur. Nor shall any
such tribunal make any contract, express or implied, the performance
of which, in whole or in part, would involve the expenditure of money
in excess of funds legally at the disposal of such tribunal, issue or
authorized to be issued any certificate, order or other evidence of
indebtedness which cannot be paid out of the levy for the current year
or out of the fund against which it is issued. Nor shall any such
tribunal attempt to lay any levy the rate whereof shall exceed the
rate specified by this act.

Any member of any such tribunal, or any officer or person, who in
violation of any of the provisions of this act shall expend any money,
or incur any debt or obligation, or make or participate in the making
of any such contract, or be party thereto in any official capacity, or
issue or cause to be issued any such certificate, order or other evidence
of indebtedness, or lay or cause to be laid any levy or levies, shall be
personally liable therefor, both jointly and severally, and an action
may be maintained therefor by the state, or by any county, municipal
corporation, district or person prejudiced thereby, in any court of
competent jurisdiction; and any such member, officer or person shall
be guilty of a misdemeanor, and upon conviction thereof shall be fined
not more than five hundred dollars, or he confined in jail not more
than one year, or be both fined and imprisoned; and in addition thereto shall forfeit his office. Whenever any court of competent jurisdiction by mandamus, injunction or other judicial proceeding, shall determine that any officer or person has wilfully violated any of the provisions of this section, it shall enter an order declaring the office of such officer or person forfeited.

Duty of state tax commissioner and attorney general.

Sec. 10. The state tax commissioner shall prepare forms and instructions for making up the statement named in sections two, three and four of the condition of the fiscal affairs, which forms and instructions shall be followed so far as they are consistent with law. The attorney general shall prepare forms and instructions for the holding of any election provided by this act, which forms and instructions shall be followed so far as they are consistent with law.

Sec. 11. All acts and parts of acts in conflict with this act, are hereby repealed in so far as they are in conflict.

And the county court shall, from time to time, furnish said books, or any number thereof upon a requisition to the county court for the same. And said books of account shall be a part of the record of the respective offices, and shall remain therein as public property, and shall be transmitted by such officer, at the expiration of his term, to

county court after the filing of such report, the court shall inspect
said report and if, upon such inspection, the court finds that there
are uncollected fees, costs, penalties, percentages, allowances, commissions,
perquisites and amounts in any of said officer's statement
that were collectible and should have been collected, the officer mak­

part of the fee or fees that it would have received in case said fee or

But no such hearing shall be had in relation to the statement of any officer until the court has notified the officer whose statement is to be reexamined, at least five days prior thereto.

Sec. 5. None of the county officers named in this act shall make any reduction, abatement or remission of any fees, costs, percentages, penalties, allowances, commissions, perquisites or amounts of any kind, that it may be his duty to charge and collect as required by law. Sec. 6. At the expiration of the term of office of the officers herein named for which they are elected or appointed, they shall turn over to their successors in office, all the books, and fees, costs, percentages, penalties, allowances, commissions, perquisites and amounts not collected and accounted for by them. And the incoming officers shall account for and pay over all such fees, costs, percentages, penalties, allowances, commissions, perquisites and amounts in the same manner as they are required to account for the fees, costs, percentages, penalties, allowances, commissions, perquisites and amounts of their own term, but nothing herein shall be construed to affect the fees, costs, percentages, penalties, allowances, commissions, perquisites and amounts of any officer whose term of office expires on December thirty-first, nineteen hundred and eight.

Sec. 7. Any of the officers named in this chapter, who shall fail to keep books of accounts, to file a report, and to pay money to the sheriff as treasurer of his respective county, as herein provided, or who violates any of the provisions of this chapter, the punishment for which is not hereinbefore provided for, shall be deemed guilty
of a misdemeanor, and upon conviction thereof, he fined not less than fifty dollars, nor more than two hundred dollars, and at the discretion of the court may be imprisoned in the county jail not to exceed six months in addition to the judgment provided for in this section and in section five, upon conviction the court may further adjudge the officer guilty of misconduct in office, and enter such judgment on the record, which judgment shall work an immediate forfeiture of his office, but from said judgment an appeal will be to the supreme court of appeals of this state.

Sec. 8. Each sheriff, clerk of the county court and clerk of the circuit court in each county, shall execute bond as now required by law. In addition to the conditions required in the said bond by law, the court shall require, as a further condition, the prompt payment of all fines that may be assessed under any of the provisions of this chapter. The bondsmen upon any bond given for any officer shall be liable from time to time for the default of any officer in the payment of any fine or fines which may be assessed against him, and any default that he may make in the payment of money as required under the provisions of this chapter. If the county court of any county shall deem it necessary, the court may require of the prosecuting attorney a bond upon like conditions of the bond of sheriff, clerks of the circuit court and clerks of the county court, as above provided, in a penalty of at least double the amounts of money that are liable to come into his hands as such prosecuting attorney. And the prosecuting attorney of each county, shall from time to time institute proceedings upon the bonds of sheriffs, clerks of the circuit court and clerks of the county court in their respective counties, for the collection of any fines or moneys for which they have become liable under the provisions of this chapter. The prosecution of such suits shall become a part of the duties of the prosecuting attorney of the respective counties, and in case he shall fail or refuse to bring and prosecute any suit or suits hereunder, the county court is authorized to institute any suit in the name of the state of West Virginia, for the recovery of any sum or sums for which the bondsmen may have become liable and is authorized to employ counsel for that purpose. In case the prosecuting attorney shall fail or refuse to bring any suit as required by this section, upon any such bonds, and the county court shall employ counsel for the purpose of bringing and prosecuting such suits, the county court shall pay the attorney thus employed by the county court, but the same shall be deducted from
the salary of the prosecuting attorney of such county. In case the prosecuting attorney shall fail to bring and prosecute such suit or suits, and the county court shall fail to bring and prosecute such suit or suits upon the bonds of the sheriff, clerk of the county court and clerk of the circuit court in their respective counties, as aforesaid, the state tax commissioner is empowered to employ counsel and bring such suit or suits and prosecute the same, and the county court of the respective counties wherein the prosecution is conducted shall pay all counsel fees thus incurred. In case bond is required of the prosecuting attorney, as herein provided may be, or the prosecuting attorney may become liable without bond for any fees, costs, percentages, penalties, allowances, commissions, compensation and amounts, and shall fail to pay over the same, the county court shall employ counsel and prosecute any suit or suits against the prosecuting attorney of any county in the name of the state of West Virginia, and the county court shall pay for counsel thus employed. Such payment shall be made out of the general fund of the county wherein the suit is instituted. In case the county court shall refuse to act or employ any counsel to prosecute any suit or suits against the prosecuting attorney, as herein provided, then the state tax commissioner is authorized to prosecute such suit and employ counsel therefor, and the county court of the county wherein the prosecution is had, shall pay such counsel fees.

Sec. 9. Each sheriff, clerk of the county court, clerk of the circuit court, or clerk of the circuit and criminal or intermediate court and prosecuting attorney in the counties of the state, shall receive as compensation for his services as such sheriff, clerks and prosecuting attorney, the following sums, to wit:

For the office of clerk of the circuit court and criminal court or intermediate court, three thousand dollars.
For the office of clerk of the county and circuit court when held by the same person, two thousand dollars.
For the office of prosecuting attorney, fifteen hundred dollars.
When said salaries, allowances, fees, costs, percentages, perquisites, emoluments and commissions exceed the sum hereinbefore mentioned to be retained by such officers, then such officers shall pay to the sheriff as treasurer of his county, fifteen per centum of all fees, costs, percentages, perquisites, penalties, commissions and emoluments collected by him, excluding therefrom the salaries of such officers paid out of the county treasury, and allowances made by authority of law as aforesaid: provided, however, should the gross income from all sources, aforesaid, for any of the said offices, exceed the amounts hereinbefore specified, but insufficient to net said amounts so specified, after deducting the said fifteen per centum aforesaid, then in such event said officers shall retain respectively, said amounts specified as aforesaid, and the residue of said gross income pay into the county treasury.

Sec. 7. At least fifteen days preceding the next election after the registration of voters under this act and at least fifteen days preceding any general election thereafter, the registrar shall make and file with the clerk of the county court two copies of the registration books. It shall be the duty of the county court to convene in special session on the last Monday of October preceding any general election to ex­amine such books, and if they are satisfied that persons have been registered who are not entitled to vote, they shall cause their names to be stricken from the list of voters; and if they should find that persons’ names have been omitted by the registrars who should be registered, the court shall cause their names to be entered as quali­fied to vote; but in no case shall the court erase the name of any voter until he shall have due notice of the time and place of taking the ev­idence to prove his disqualification, which evidence he shall have the right to rebut, and shall have his name restored to such list if im­properly stricken therefrom. And the clerk of the county court shall furnish one of said copies to the election commissioners of the re­spective voting precincts with the ballot boxes and other election sup­plies for use by them in conducting the election in said voting pre­cincts.

Sec. 8. Any registrar who shall wilfully or maliciously register the name of any person not a qualified voter of said precinct or reject from registration the name of any qualified voter of the precinct con­trary to the provisions of this act shall be deemed guilty of a felony and upon conviction therefor shall be confined in the state peniten­
tiary not less than one, nor more than five years, or fined not less
than fifty, nor more than five hundred dollars at the discretion of the
court.

Sec. 9. No person shall be allowed to vote at any election here­
after held in this state after the first registration shall have been com­
pleted according to the provisions of this act, unless he shall have
been registered, (except as hereinafter provided), and the commis­
sioners of every election shall allow only those to vote whose names
shall appear on the registration book returned by the proper regis­

shall willfully violate any of the provisions of this act shall be deemed
guilty of a misdemeanor and on conviction thereof shall be fined not
less than fifty nor more than one hundred dollars, or imprisoned not
less than ten nor more than ninety days in the county jail, or both,
at the discretion of the court, for every such offence.

Sec. 10. Any voter who shall have been registered in any precinct
as hereinbefore provided, and shall have removed from such precinct
to another precinct within the same county, may obtain a certificate
from the registrar of the precinct in which he has registered, or from
the clerk of the county court in case the registration books have been
filed with such clerk, and present the same to the election commis­
sioners of the precinct wherein he resides, and if such commissioners shall
be satisfied that such voter has a legal residence in the precinct where­
in he offers to vote, they shall register such voter and allow him to vote.
When such certificate is issued the name of such voter shall be strick­
en by the registrar or clerk from the book from which such certificate
is issued.

Sec. 11. In case any special election is called and held, the reg­
istrars appointed prior to the preceding general election shall give
the notice hereinbefore provided for and shall register the voters in
their respective precincts as heretofore provided at least fifteen days
before such special election is held and make and file two copies of
their registration books with the clerk of the county court not later

at a special session held on the fifth day before such special election
examine such books and otherwise proceed in regard to the same as
provided in section seven of this act; and the clerk of the county
court shall furnish such books to the election commissioners as pro­
vided in said section for any such special election. For the purpose
of this section the county court or clerk thereof in vacation shall fill
any vacancy in the office of registrar caused by death, resignation or removal from the voting precinct of any registrar.

Sec. 12. The said registrars shall receive as compensation for their services under this act the sum of ten cents for each name so registered by them, to be allowed by the county court, payable out of the county treasury. But if the registration of voters is made necessary by the calling of a special election in a district, independent district, or municipality, the compensation therefor shall be paid by the board or body calling the said election, out of any funds at their disposal.

Sec. 13. The commissioners of election shall return the registration books of such election precinct, together with the ballot boxes, etc., to the clerk of the county court.

Sec. 14. All acts and parts of acts inconsistent with this act are hereby repealed.

CHAPTER 20.

AN ACT providing for the submission of two proposed amendments to the constitution of the state of West Virginia, as follows:

1. Amending section four of article four.
2. Amending section twenty-three of article eight.

[Passed March 3, 1908. In effect ninety days from passage. Approved March 4, 1908.]

Sec. 1. That the question of the ratification or rejection of two amendments to the constitution of West Virginia, proposed in accordance with the provisions of section two of article fourteen of said
constitution, shall be submitted to the voters of the state at the next general election, to be held in the year one thousand nine hundred and eight, which two proposed amendments hereby numbered are as follows:

First proposed amendment.

Section four of article four to be amended so as to read as follows: Sec. 4. No person, excepting citizens entitled to vote, shall be elected to any state, county or municipal office; but the governor and judges must have attained the age of thirty, and the attorney general and senators the age of twenty-five years, at the beginning of their respective terms of service; and must have been citizens of the state for five years next preceding their election or appointment, or be citizens at the time of this constitution goes into operation.

Second proposed amendment.

Section twenty-three of article eight to be amended so as to read as follows: Sec. 23. The commissioners shall be elected by the voters of the county, and hold their office for the term of six years, except at the first meeting of said commissioners they shall designate by lot, or otherwise, in such manner, as they may determine, one of their number who shall hold his office for a term of two years, one for four years and one for six years, so that one shall be elected every two years. But no two of said commissioners, shall be elected from the same magisterial district. But if two or more persons residing in the same district shall receive the greater number of votes cast at any election, then only the one of such persons receiving the highest number shall be declared elected, and the person living in another district who shall receive the next highest number of votes shall be declared elected. Said commissioners shall annually elect one of their number as president, and each shall receive four dollars per day for his services in court, to be paid out of the county treasury: provided, that such compensation may be increased in any county by the assent of a majority of the votes cast on the question at any general or special election.

Sec. 2. For convenience in referring to the said proposed amendments, and in the preparation of the form of the ballot hereinafter
provided for, said two proposed amendments, as hereinbefore num-
bered, are hereby designated as follows:

No. 1. To be known as "Qualification Amendment." and
No. 2. To be known as "County Court Amendment."

Sec. 3. For the purpose of enabling the voters of the state to vote
on the question of said proposed amendments to the constitution at
the said general election to be held in the year one thousand nine
hundred and eight, the board of ballot commissioners of each county
are hereby directed to provide and have printed a separate ballot of
convenient size, distinctly printed and in form substantially as fol-

BAllot on constitutional amendments.

Amending section four of article four,
For Ratification.
For Rejection.
2. County court amendment.
Amending section twenty-three of article eight.
For Ratification.
For Rejection.

Each amendment to be voted on separately.

The same number of said separate ballots shall be printed, and
shall be supplied to the several voting places in each county, and be
paid for in the same manner as is provided for the regular ballots to
be used at said general election, as set out and specified in chapter
three of the code. The commissioners of election at the several vot-
ing places in each county shall, upon request, furnish to each voter
one of said separate ballots to be used by him for voting on the ques-
tion of said proposed amendments; but any voter shall also have the
right to vote on the question of said proposed amendments by any
other ballot printed or written, which he may see fit to use, and which
sufficiently discloses his intention, and no ballot cast at said election
on the question of the proposed amendments shall be rejected if it
sufficiently appears therefrom what the voter intended; and every
voter shall have the right to vote on both of said proposed amend-
ments, or on either of them as he shall see fit.

The said election on the said proposed amendments at each place
of voting shall be superintended, conducted and returned, and the re-
sult thereof ascertained by the same officers and in the same manner as the election of members of the legislature is superintended, conducted and returned and result ascertained at said election; and all the provisions of the law relating to general elections, including all duties to be performed by any officer or board, as far as applicable and not inconsistent with anything herein contained, shall apply to the election held under the provisions of this act, except when it is herein otherwise provided. The ballots cast on the question of said proposed amendments shall be counted, strung and sealed up separately from the other ballots cast at said election.

Sec. 4. As soon as the result is ascertained, the commissioners, or a majority of them, at each place of voting, shall make out and sign two certificates thereof, in the following form, or to the following effect: "We the undersigned, who acted as commissioners of the election held at __________, in the district of __________, in the county of __________, on the ___ day of __________, one thousand nine hundred and eight, upon the question of the ratification or rejection of the proposed constitutional amendments to section four of article four and section twenty-three of article eight, do hereby certify that the result of said election is as follows:

The said two certificates shall correspond with each other in all respects, and contain the full and true returns of said election at each place of voting on said question. The said commissioners, or one of them, shall within four days, excluding Sunday, after that on which said election was held, deliver one of said certificates to the clerk of the county court, together with the ballots, and the other to the clerk of the circuit court of the county.

The said certificates, together with the ballots cast on the question of said proposed amendments, shall be laid before the commissioners of the county court at the court house, at the same time the ballots, poll books and the certificates of the election for the members of the legislature are laid before them; and as soon as the result of said election in the county upon the question of such ratification or rejection is ascertained, two certificates of such result shall be made out
and signed by said commissioners, as a board of canvassers in the form or to the following effect:

"We the board of canvassers of the county of ____________, having carefully and impartially examined the returns of the election held in said county in each district thereof, on the ______ day of ____________, one thousand nine hundred and eight, do certify that the result of the election in said county on the question of the ratification or rejection of the proposed amendments to section four of article four, and section twenty-three of article eight of the constitution of this state, is as follows:

One of said certificates shall be filed in the office of the clerk of the the county court, and the other forwarded by mail to the secretary of state, who shall file and preserve the same until the day on which the result of said election in the state is to be ascertained, as hereinafter stated.

Sec. 5. On the twenty-fifth day after the election is held, or as soon thereafter as practicable, the said certificates shall be laid before the governor, whose duty it shall be to ascertain therefrom the result of said election in the state, and declare the same by proclamation published in some one or more newspapers printed at the seat of government. If a majority of the votes cast at the said election upon said question be for ratification of said amendments, or either of them, the proposed amendments so ratified shall be of force and effect from the time of such ratification and be parts of the constitution of the state.

Sec. 6. The governor shall cause the said proposed amendments, with the proper designations for the same as hereinbefore adopted, to be published at least three months before such election in some newspaper in every county in which a newspaper is printed, at a price to be agreed upon in advance, in writing, and the cost of such advertising shall, in the first instance if found necessary by him, be paid out of the governor's contingent fund, and be afterwards repaid to such fund by appropriation of the legislature.
CHAPTER 21.

AN ACT to amend and reenact section thirty-four of chapter three of the code, included in the code of nineteen hundred and six, as section fifty-three thereof, and amended and reenacted by the acts of nineteen hundred and seven, regular session, chapter seventy-one.

(Passed February 28th, 1908. In effect from passage. Approved February 29, 1908.)

Sec. 34. All ballots prepared under the provisions of this chapter shall be printed in black ink on number two white book paper sufficiently thick that the printing cannot be distinguished from the back, and shall contain the names of every candidate whose nomination for any office to be voted for at the election has been certified and filed according to law, and no others.

The tickets, except the heading, which shall be in display type, shall be printed from brevier type: the name or designation of the office and the residence of the candidate in lower case letters, and the name of the candidate in capital letters. The name and residence of the candidate may be printed in the same line. The name of each candidate shall be printed in a space defined by ruled lines, and with a blank square on its left inclosed by heavy dark lines. If, upon any ticket, there be no candidate or candidates for a designated office, a blank space equal to the space that would be occupied by such name or names, if they were printed thereon, with the blank space herein provided for, shall be left. The heading of each party ticket, including the name of the party and the device above and the large circle between the device and such name, shall be separated from the rest of the ticket by a heavy line; and the circle above the name of the party in which the voter is to place the cross mark, if...
he desires to vote the straight ticket, shall be defined by heavier lines than the lines defining the blank spaces before the names of candidates, and such circle shall be surrounded by the following words printed in heavy face nonpareil type: “For a straight ticket mark within this circle.” Each party ticket shall be separated from other party tickets and bordered on either side by a heavy border, or a broad solid line, at least one-eighth of an inch wide, and the edges of the ballot on either side trimmed off up to one-half inch of the borders or solid line described.

The names of the candidates shall be arranged on the ballot in tickets or lists in separate columns under the respective party or political or other designation certified, each column or ticket containing the names of candidates nominated by the same political party and no others. In elections for presidential electors the names of the candidates for president and vice-president of the United States shall be placed on the ticket immediately following the name of the party, and preceding the names of the presidential electors, and shall be certified to the clerks of the circuit courts by the chairman and secretary of the state executive committee of the political party making the nomination. The names of the candidates on each ticket shall be arranged in groups, with a heading over each group printed in heavy faced brevier type to indicate the political division in which such group is to be voted for. The arrangement of the ballot shall conform as nearly as practicable to the plan here given:

The tickets of the several political parties shall be printed on the ballot in parallel columns, each ticket in a separate column headed by the chosen device, and the tickets in such order on the ballot, and the names of the offices in such order on the ticket, as the secretary of state shall direct, preference, however, being given to the political party which cast the highest number of votes for the head of the ticket at the last preceding presidential election, and so on. No ticket or list of candidates shall be printed under the name of any party containing more candidates for any office than are to be elected.

The ballot shall be so printed as to give each voter a clear opportunity to designate by a cross mark in a large blank circular space three-quarters of an inch in diameter below the device and above the name of the party at the head of the ticket or list of candidates, his choice of a party ticket and desire to vote for each and every candidate thereon; and by a cross mark in a blank inclosed space on the left and before the name of each candidate, his choice of particular candidates.

On the back of the ballot shall be printed or stamped in black ink the words "Official Ballot," with the date of the election, and underneath shall be two blank lines, followed by the words "Poll Clerks." On one of these lines each poll clerk shall personally write his name in ink.

The state executive committee of each political party shall adopt a party device or emblem for its party, to be printed at the head of its ticket on the ballot, and shall certify the same to the clerk of the circuit court of each county at least sixty days before any election; and the device shall remain the same until changed and certified as aforesaid. No two parties shall adopt the same device, or so near the same as likely to lead to confusion; and in such case the preference shall be given to the party casting the highest number of votes for the head of the ticket at the last preceding presidential election. When a ticket or person is nominated by petition, the petition shall show the device adopted by the petitioners.

In preparing his ballot the voter shall use a black lead pencil and observe the following rules:

First. If the voter desires to vote a straight ticket, or in other words for each and every candidate of one party for whatever office nominated, he shall either:

(a) Make a cross mark in the circular space below the device and above the name of the party at the head of the ticket; or
(b) Make a cross mark on the left and opposite the name of each and every candidate of such party in the blank space provided therefor; or,

(c) Mark out, by lines through all the ticket in the ballot, other than the ticket he desires to vote.

Second. If the voter desires to vote a mixed ticket, or in other words for candidates of different parties, he shall either:

(a) Omit making a cross in the circular space above the name of the party, and make a cross mark in the blank space before the name of each candidate for whom he desires to vote on whatever ticket the name may be; or,

(b) Make a cross mark in the circular space above the name of the party for some of whose candidates he desires to vote, and then make a cross mark before the name of any candidate of any other party for whom he may desire to vote; in which case the cross mark in the circular space above the name of the party will cast his vote for every candidate on the ticket of such party, except for offices for which candidates are marked on other party tickets, and the cross marks before the names of such candidates will cast his vote for them; or,

(c) Write with black lead pencil the name of person for whom he desires to vote, in the space immediately below the name of the opposing candidate for the same office, on the ticket voted by him, and the name so written shall be counted.

If, in marking either a straight or mixed ticket as above defined, a cross mark is made in the circular space above the name of a party at the head of the ticket, and also one or more cross marks made before the name or names of candidates on the same ticket for offices for which candidates on other party tickets are not individually marked, such marks before the names of candidates on the ticket so marked, shall be treated as surplusage and ignored; and the ballot be counted for all the candidates on the ticket thus marked for offices for which no candidate on other tickets are marked.

If the voter desires to votes for any person whose name does not appear on the ticket he can substitute the name by writing it with black lead pencil in the proper place, and making a cross mark in the blank space at the left of the name so written.

If the voter mark more names than there are persons to be elected to an office, or if, for any reason, it is impossible to determine the
voter's choice for an office, to be filled, his ballot shall not be counted for such office.

No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

(Senate Bill No. 7.)

house lot, or demand an unreasonable price therefor, or if the owner is non compos mentis, a femme coverta, a minor, or a non-resident, the board of education may petition the circuit court to have such land condemned and such proceeding shall thereupon be had in the name of such board for the condemnation thereof, as provided for in chapter forty-two of the code: provided, that the land so taken shall not exceed in quantity two acres.

**Schools to be taught.**

Sec. 16. The board of education shall cause to be taught in every sub-district of their district by a teacher or teachers of temperate habits and good morals a sufficient number of free schools for the instruction of the persons entitled to attend the same, and should the trustees of any sub-district neglect or fail to employ a teacher, or teachers, as hereinafter authorized, for their sub-district, upon complaint thereof by any three patrons of said school it shall be the duty of the board of education to do so.

**May discontinue.**

Sec. 17. If at the end of any month of school the average daily attendance for that month has been less than thirty-five per cent. of the whole number of pupils enumerated in that sub-district, the board of education may dismiss the teacher and discontinue the school, and the teacher shall not be entitled to or receive any further salary.

**May provide buildings jointly.**

Sec. 18. Boards of education in adjoining districts may jointly provide for the construction of school houses and the teaching of school therein for the accommodation of pupils in adjoining portions of districts whether in the same or different counties who may be better accommodated by such union of schools. The title of such houses shall be vested in the board of education of the district in which the houses are located, and the terms of the agreement shall be reduced to writing and entered of record in the minutes of the respective boards. Such school houses shall be provided with furniture, fixtures and such other apparatus as are supplied to school
houses generally, and an equitable amount of the cost thereof shall be assessed to each district interested, by the respective boards of education.

**Bond required.**

Sec. 19. Boards of education shall in all cases require persons entering into contract for the building or repairing of school houses where the contract price exceeds fifty dollars, to execute bond, with approved security in double the amount of the contract price.

**Vote on levy.**

Sec. 20. The ballots used at the election for county superintendent hereinafter provided for, shall have printed at the bottom of each ticket, in separate lines, “For school levy,” and “Against school levy,” and the voter in preparing his ballot shall, if he desires to vote for school levy, erase from the ticket which he intends to vote the words “Against school levy,” or if he desires to vote against school levy, he shall erase therefrom the words “For school levy.”

**Levy.**

Sec. 21. If a majority of the ballots cast upon the question of laying a levy in the district or independent district have written or printed thereon “For school levy,” it shall be the duty of the board of education of such district or independent district at a meeting to be held on the second Tuesday in August, to ascertain the condition of the fiscal affairs of the district, and make up an itemized statement thereof, which shall set forth in detail:

(a) The separate amounts due the building fund and teachers’ fund of the district, and the amounts that will become due thereto and collectable during the current fiscal year, from every source, including the amount to be received from the general school fund, but excepting the amount that will be produced by the levy of taxes to be made for the year;

(b) The debts and demands owed by the district, and the debts and demands that will become due and payable during the current fiscal year, including interest on any indebtedness, funded or bonded or otherwise, distinguishing between those payable out of the building fund and those payable out of the teachers’ fund;
(c) All other expenditures, under the several heads of expenditures, to be made and payable out of the funds of the district for the current fiscal year, distinguishing between those payable out of the building fund and those payable out of the teachers' fund, and including the cost of collection of taxes and other claims, with proper allowances for delinquent taxes and contingencies. Said statement shall also set forth the separate amounts necessary to be raised for each of said funds by the levy of taxes for the current fiscal year, and the proposed rates of levy of taxes, in cents on each one hundred dollars of assessed value, on the taxable property of the district for each of said funds; and also the aggregate of the taxable property of the district, stating separately the assessed value of personal property, of real estate, and of the property assessed by the board of public works. A copy of such statement duly certified by the secretary of the board, shall be published twice, at least one week intervening between the publications, in two newspapers of general circulation published in the county, and of opposite politics. If there be but one newspaper published in the county, the publication shall be made therein and shall be posted in each post office in the district for at least eight days. The session shall then stand adjourned until the fourth Tuesday in August, at which time it shall convene; and it shall then be the duty of said board to hear and consider any objections made orally or in writing, by the prosecuting attorney, by the state tax commissioner or his representative, or by any taxpayer of the county, to said estimate and proposed levy, or any item thereof. It shall be the duty of the board to enter an order of record showing the objections so made, setting forth the reasons and grounds for such objections. But the failure of any officer or taxpayer to offer objection as herein provided shall not preclude him from pursuing any legal remedy necessary to correct any levy laid by said board. After said objections have been made and heard, the board shall thereupon reconsider the proposed original estimate and proposed rate of levy; and if the objections thereto or any part thereof appear to be well taken, the board shall correct the same accordingly and it shall thereupon be approved, and when approved shall, with the order approving it, be entered by the secretary in the record book of proceedings, the board shall thereupon levy as many cents on each one hundred dollars of the assessed valuation of the property of the district, according to the last assessment thereof, as will produce the amount shown by the said statement necessary to be raised for the building
fund, and levy in like manner the amount necessary, after deducting
the sum receivable from the general school fund, for the teachers' fund to continue the schools in such district for the term of six months or for a longer term where such may be established by or according to law: *provided, first*, that the levy for the building fund shall not exceed fifteen cents on each one hundred dollars of said valuation for the year nineteen hundred and eight, and shall not exceed twelve and one-half cents after that year; nor exceed twenty-five cents on each hundred dollars of said valuation for the teachers' fund: *provided, second*, that if such board of education in a city or independent school district of less than ten thousand population maintains a high school in such district, or maintains a high school in connection with one or more other districts, the board may levy for the support of said high school in any one year not to exceed ten cents on each one hundred dollars of said valuation: *provided, third*, that school districts and independent districts having outstanding bonds may increase the levies aforesaid by any amount sufficient to pay the interest on such bonds and the principal thereof in the time provided in the issue of such bonds, but the proceeds of such additional levy may be used for that purpose and no other: *provided, fourth*, that if said maximum levy of twenty-five cents for the teachers' fund shall not produce sufficient money, with the other sources of revenue, including any balance to the credit thereof in the hands of the treasurer and the amount of the general school fund apportioned to the district, to pay the salaries of the necessary number of teachers, at the minimum rate of salary fixed by law, for the schools of the district for the term of six months, it shall be the duty of the state superintendent of free schools to deposit with the treasurer of the board of education, to the credit of the teachers' fund, a sufficient amount to make up such deficiency; and the said state superintendent is authorized to withhold from the distribution made on the per capita basis a sufficient amount of the general school fund, not exceeding in any one year fifty thousand dollars, for this purpose. If it shall appear to said state superintendent that a sufficient number of teachers of the proper grade for the schools of such district cannot be procured at the minimum rate of salary, owing to the payment of larger salaries in neighboring districts or elsewhere in the state he may fix the salaries of such teachers above the minimum, but not above the salaries paid teachers of like grades in neighboring districts. Any balance of the general school fund with-
held from the per capita distribution for such schools, as aforesaid, in any year, shall revert to said fund at the close of the year.

Additional levy.

Sec. 22. If any board of education be of the opinion that the maximum rate of levy of taxes hereinbefore named will not produce sufficient funds for the current fiscal year to cover the expenditures for the year in its school district, it may enter an order on its record book of proceedings setting forth the purposes for which additional funds will be needed, the amount thereof for each purpose, and the total thereof, the aggregate amount of the taxable property on which it is authorized to levy taxes and the rate of levy in cents on each one hundred dollars of valuation of such property necessary to produce the additional amount estimated to be needed; and in the same order submit to the voters of the school district, at an election therefor, the question of such additional levy. If a majority of the votes cast on the question at such election be in favor of such additional levy, the board shall have authority to make such additional levy, but the same shall not exceed twenty cents on each one hundred dollars of valuation of the taxable property in the school districts, according to the last assessment thereof: provided, that if any school or independent school district create in the future a bonded indebtedness according to law, and the board of education be of opinion that the maximum rate of levy provided in section twenty-one will not produce sufficient funds to pay the interest on such bonded indebtedness and provide a sinking fund for the discharge of the principal in the number of years authorized by the issue of the bonds, it may enter an order on its record book of proceedings setting forth the maximum rate of levy necessary in each year to pay the interest and to provide such sinking fund; and in the same order submit to the voters of the district at the election held for the purpose of authorizing the bond issue, the question of such levy. At such election there shall be printed on the ticket a brief statement of the levy herein provided for, such as, “To authorize a maximum special bond levy of cents according to the order of entered on the day of to pay the interest and provide a sinking fund for the discharge of the bonds now being voted upon.” And directly underneath in two separate lines shall be printed the words, “For the levy” and “Against the levy.” In all respects the provisions of the laws concerning general elections, and elections
under the provisions of this act, shall apply to such election as far as they are practicable. If a majority of the votes cast at such election be in favor of such levy, the board shall have authority to lay such maximum levy, and may continue to lay the same, or such portion thereof as is necessary, from year to year, without an additional vote, until such bonded indebtedness is paid off and discharged; but the funds arising from such levy shall be used for the purpose herein designated and no other.

**How elections herein authorized held.**

Sec. 23. The election authorized in section twenty-two may be held at any general election, or at any special election held for any other purpose, as well as held separately. Notice thereof, however, shall be given by the publication of the order of the board calling the same, in two newspapers of general circulation in the territory in which the election is held, and of opposite politics, at least once in each week for two successive weeks before the election, and printed copies of said order shall be posted at each place of voting at least ten days before the election. If there be only one such newspaper published in the county, the publication shall be made therein. All the provisions of the laws concerning general elections shall apply to such election as far as they are practicable, except as follows: A separate ticket shall be used at such election held in connection with any other election. On such ticket shall be printed a brief statement of the question submitted, such as “Special election to authorize levy of —— cents, according to the order of the —— day of———;” and directly underneath, in two separate lines, shall be printed the words “For the levy,” and “Against the levy.” Those favoring the levy shall erase the words “Against the levy” and those opposed thereto shall erase the words “For the levy.” If a majority of those voting on the question be in favor of the levy the said board shall be authorized to lay the same; but if a majority of the votes cast on the question be not in favor of such levy, it shall not be laid. The secretary of the board shall procure and furnish to the election commissioners at each place of voting the tickets, poll books, tally sheets, and other things needed.

**Special debt levy—Provisions as to certain funds.**

Sec. 24. If any school district or any independent school district
have outstanding unpaid orders on the treasury thereof, or owe other floating indebtedness, which orders were issued or which indebtedness was incurred previous to the first day of January in the year nineteen hundred and eight and the amount whereof is so considerable that it is impracticable to discharge the same out of the proceeds of the regular levy, and the board of education deem it inadvisable to submit to the voters of the district the question of an additional levy as provided in section twenty-two, the board may lay a levy in addition to said regular levy to be called "Special debt levy," not exceeding ten cents on each hundred dollars of the valuation of the taxable property of the district according to the last assessment of such property, and continue such levy for as many years as may be necessary to pay off such debt, but not longer. The net amount produced by any such levy, or by any additional levy authorized by section twenty-two, shall not be used for any other purpose, as to such special debt levy than for the payment of such debt, or as to such additional levy for the purpose or purposes named in the order submitting the question to the voters. The treasurer of each of such funds shall keep an accurate account of the same separately from other funds. If after paying off such debts or effecting the object of said additional levy or of said special levy, any balance remains of any said funds the same shall, first revert to the sinking fund of the district or independent school district, or secondly, if there be no such sinking fund, it shall revert to the teachers' fund.

Certain acts prohibited—Penalties.

Sec. 25. It shall be unlawful for any board of education to expend any money or to incur any obligation or indebtedness which such tribunal is not expressly authorized by law to expend or to incur. Nor shall any such tribunal make any contract, express or implied, the performance of which, in whole or in part, would involve the expenditure of money in excess of funds legally at the disposal of such tribunal, issue or authorize to be issued any certificate, order or other evidence of indebtedness which cannot be paid out of the levy for the current year or out of the fund against which it is issued. Nor shall any such tribunal attempt to lay any such levy the rate whereof shall exceed the rate specified by this act.

Any member of any such tribunal, or any officer or person, who in violation of any of the provisions of this act shall expend any money or incur any debt or obligation, make or participate in the making
of any such contract, or be a party thereto in any official capacity, or issue or cause to be issued any such certificate, order or other evidence of indebtedness, or lay or cause to be laid any levy or levies, shall be personally liable therefor, both jointly and severally, and an action may be maintained therefor by the state, or by any county, municipal corporation, district, or person prejudiced thereby, in any court of competent jurisdiction; and any such member, officer or person shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than five hundred dollars or be confined in jail not more than one year, or both fined and imprisoned; and in addition thereto shall forfeit his office. Whenever any court of competent jurisdiction by mandamus, injunction or other judicial proceeding shall determine that any officer or person has wilfully violated any of the provisions of this section, it shall enter an order declaring the office or such officer or person forfeited.

Sec. 26. The state tax commissioner shall prepare forms and instructions for making up the statement named in section twenty-one of the condition of the fiscal affairs, which forms and instructions shall be followed so far as they are consistent with law. The attorney general shall prepare forms and instructions for the holding of any election provided by this act, which forms and instructions shall be followed.

If such question is to be submitted at a general election the board of education shall notify the ballot commissioners who shall thereupon have printed on the ballots used at such general election “For _______ months school” and “Against _______ months school”, and if at a special election, the secretary of the board of education shall post notices of such special election at all the voting places in the district.
for at least twenty days before the day on which said election is to be held. The ballots used at said election shall have written or printed thereon the words “For --------- months school,” and “Against --------- months school.” If a majority of the votes cast at any such election shall be in favor of more than six months school, or if the board of education shall determine, without such election, to have more than six months school they shall provide for such additional months of school for their district, for the ensuing two years.

The board of education shall have charge of such graded and high schools. If
within ten days after the board of education has laid the levies hereinbefore required, a majority of the taxpayers of the sub-districts in which any such graded school is located, file with the secretary of the board of education their petition praying for an extension of the term of such graded school for a given number of months for the ensuing year, said board of education shall extend the term of said graded school for the number of months prayed for, and shall provide for such additional expense necessarily incurred in carrying on said school for such extended term by special levy not exceeding the rate of five cents on the hundred dollars valuation of the taxable property of such sub-district, and the proceeds of such levy shall be known as sub-district teachers' fund, and shall be collected, reported and accounted for as provided for the proceeds of other school levies.

boy, and that his presence is a detriment or menace to other boys in the institution or to the general good of the school, he may be securely returned to the court which sent him, and said court shall thereupon pass such sentence upon him as to confinement in the penitentiary as may be proper in the premises, or as it would have done had it not sentenced him to the reform school. And the governor or shall have power, when in the judgment of the warden of the penitentiary and the superintendent of the reform school it is advisable, to remit the penalty of any youthful offender under the age of sixteen years, confined in the penitentiary, to a sentence to the reform school.

amount so charged against it, such sum shall be applied as a credit on the amount charged, and the balance shall remain as a charge against the county.

Sec. 259. It shall be the duty of the justice of the peace, mayor or other authority, when committing any girl to said home, in addition to the commitment, to annex the name and residence of the witnesses examined, and the substance of the testimony given on which
the adjudication was founded, as well as the name and residence of the girl, the name of her parents, and their residence, if known. Any girl who may be found incorrigible, or pregnant, or otherwise an improper subject for admission to said institution, may be returned by the board of regents to the court, justice or other authority by whom she was committed, and thereupon such court, justice or other authority, shall have power to pass sentence as would have been legal in the first instance, as if such girl had not been sent to said home.

Sec. 260. In all cases coming before a justice, mayor or other authority, they shall appoint a guardian ad litem for such girl, who shall be some disinterested person, discreet and careful, and who shall see that no injustice is done the girl; and he shall have the right to demand a trial for his ward by a jury of twelve men to ascertain the truth of the charges against the girl, and said jury shall be selected, and trial conducted, as other trials are conducted by justices in criminal cases before them. Or, said justice or court may, without a jury, try such girl, if no jury is demanded by her guardian or next friend.

The board of regents shall have power to bind out such girls as committed to their care as apprentices to the time said girls shall arrive at twenty-one years of age, to learn some proper trade, business or calling, on such terms as will be advantageous to such girls; but such girls so bound out, are to be bound only to those whose characters are above reproach, and within the state. The indentures by which any girl may be so bound shall state for what period she is bound, her age, what trade, art or business she is to follow, and that the master shall see that for at least five months in
each year said apprentice shall be sent to the free schools of the state, and shall be bound to furnish school books requisite to learn the usual branches taught; the amount to be paid said child for each year, if anything above the maintenance of said child, and for what year or years, and the master shall bind himself with good security to pay the amount agreed upon; which sum of money, if any, contracted to be paid, shall be reserved, to be paid said girl or girls so bound, when their apprenticeship shall cease with interest, and said board shall not bind out any girl under the provisions of this act, unless the master bind himself to comply with the condition thereof, and whatever salary said master shall give, shall be paid to the board of regents; and it shall be the duty of said board to collect the same according to the tenor or effect of such contract, and turn the same over to the girl when she arrives at twenty-one years of age, or sooner if she marries, when the same shall be turned over to her.

Cruelty to apprentices.

Sec. 263. For cruelty or inhuman treatment by such master of such apprentice, the circuit court of the county in which such master or apprentice may reside, or any justice of the peace of any such county shall have jurisdiction to try same, and upon conviction of such master for cruel or inhuman treatment of such child, such master shall be fined not less than ten nor more than one hundred dollars, and may in addition thereto be confined in jail not to exceed ninety days.

Misdemeanor.

Sec. 264. No master can remove such child out of the county where she has been bound by such board, except on the written permit of such board; and any person who shall aid or assist any girl who has been committed to said institution, or who is subject thereof, to escape from any other home or other place where she has been placed by the officers of the said institution, or who shall aid or assist any such girl to leave this state, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than five nor more than twenty-five dollars, and any justice of the county wherein such offence is committed shall have jurisdiction thereof.

Desertion.

Sec. 265. The circuit court of the county shall in a summary
way be open to hear any complaint of such master against his apprentice or to said apprentice against the master, and shall make such order in relation thereto as it shall deem fair and right. Any apprentice who shall desert the service of such master shall receive no pay, (if the pay exceed the maintenance), while such desertion continues, and anyone who shall knowingly harbor such apprentice shall be liable to said master three dollars for every day such harboring or concealing such apprentice exists, to be recovered before any court having jurisdiction.

Conflicting acts repealed.

Sec. 266. All acts and parts of acts inconsistent with the provisions of this chapter are hereby repealed.

CHAPTER 28.

AN ACT to amend and reenact section forty-eight of chapter fifty-four of the code, relating to the condemnation of land for railroad purposes.

[Passed February 26, 1908. In effect ninety days from passage. Approved March 3, 1908.]

Sec. 48. Condemnation of land for railroad purposes; shall not have right to condemn land along both banks of navigable streams, the taking whereof would reasonably interfere with another company; if both sides of stream be taken by company and another company desires to take one side or other, what then; when provisions of act not applicable; rights of railroad corporation as to alterations; company not to abandon use of line, etc.; may take and hold under any grant or ordinance made by municipal corporation interest or right such municipal corporation may have in any street, etc.; as to securing another street, etc.; county court may authorize any telegraph or telephone company to erect and maintain poles on public road; except, etc.; act not to apply to certain roads; when railroad may change its main line when railroad is serving a town.

Be it enacted by the Legislature of West Virginia:

That section forty-eight of chapter fifty-four of the code be amended and reenacted so as to read as follows:

Sec. 48. If any railroad corporation shall be unable to agree with the owner of real estate for the purchase thereof for its cor-
porate purpose, it may have such real estate condemned for such purpose under the provisions of chapter forty-two of the code: provided, however, that no railroad corporation shall have the right to condemn land for its corporate purposes along both banks of any of the navigable rivers of this state for parallel lines, the taking whereof for such purposes would unreasonably interfere with any other company, existing or hereafter to exist, desiring in good faith to construct a competing or main line of railroad upon or along one of the banks of such rivers. And where both sides of such rivers shall be hereafter taken, acquired or occupied by any railroad company, whether such occupancy be by virtue of purchase, gift or condemnation subject to the last proviso, and another railroad company desires in good faith to take one side or the other of such river for the purpose of building and operating a competing or main line of railroad, and said last named company and the company occupying both sides of such river are unable to agree as to location, or terms and condition upon which one side or the other of such river may be taken and used, such company desiring to acquire or to use one side of such river may condemn and take the side of such river opposite to the main line of such occupying company, if the taking thereof be reasonably necessary for its purpose, upon such terms and conditions as to use, traffic rights, trackage rights, ownership, and mutual or exclusive rights, and continuing or permanent consideration as may be prescribed by the court, after due and reasonable compensation has been ascertained and paid or secured as in other cases of condemnation provided.

Provided, if another equally practicable and available route between the principal points along and upon the route and between the termini of the proposed railroad can be acquired, then in that event the provisions of this act shall not apply, or if the work of constructing such proposed road shall not be undertaken within a reasonable time after such condemnation, or if after such construction has begun, it is not prosecuted with due and reasonable diligence, the rights acquired under this act shall be forfeited.

And every such railroad corporation owning a line or lines of railroad in this state, shall have the right at any time, for the purpose of reducing the grade or curvature, and for the purpose of otherwise improving such line or lines of railroad, to re-locate any part of its line or lines, or build cut-offs in connection therewith and the provisions of chapter forty-two of the code for acquiring real
estate by railroad companies shall apply to such line or lines as re-located, and to such cut-offs; but this provision shall not be construed as giving authority to any such railroad company to abandon the use of such line or lines, as formerly located, where the continued use thereof shall be necessary to serve industries or communities thereon. And such corporation may take and hold under any grant or ordinance made by a municipal corporation any interest or right such municipal corporation may have in any street, alley or public ground, and may in exchange therefor, in whole or in part, dedicate or otherwise secure to public use, another street, alley or parcel of ground out of real estate owned by such railroad corporation whether acquired by purchase or condemnation; or under an agreement with such municipal corporation may condemn land for use as such new street, alley or public ground, in the same manner as it may condemn land for its own use. The county court of any county may authorize any telegraph or telephone company organized under this chapter to erect and maintain telegraph or telephone poles on any land condemned or used as a public road, but not in such way as to obstruct any such road. But this section shall not apply to the National or Cumberland road. And nothing herein contained shall be construed as to prevent a railroad already serving a town or village from changing its main line from one to another side of said town or village, or near enough thereto to be reached by a switch or spur, if such switch or spur is safely built and actually used to connect such town or village with said main line and serves the public therein.

CHAPTER 29.

AN ACT to amend and reenact sections nine-a-one, nine-a-two and nine-a-four of the code of West Virginia, as last amended and reenacted by chapter fourteen of the acts of one thousand nine hundred and seven, extra session, and to add thereeto section nine-a-five, relating to the protection of sheep, lambs, goats and kids from chasing, worrying and killing by dogs, the taxing and making personal property of dogs, and their protection as such.
Be it enacted by the Legislature of West Virginia:

That sections nine-a-one, nine-a-two, and nine-a-four of the code of West Virginia, as last amended and reenacted by chapter fourteen of the acts of one thousand nine hundred and seven, extra session, relating to the protection of sheep, lambs, goats and kids from chasing, worrying and killing by dogs, and taxing and making personal property of dogs, and their protection as such, be and the same are hereby amended and reenacted so as to read as follows, and that section nine-a-five be added thereto:

Sec. 9a-1. That it shall be the duty of every assessor, annually, to list all dogs over four months old owned or kept within his district, particularly noting the number owned or kept about any one house, giving such description of each as he can conveniently obtain, distinguishing between males and females, and for this purpose he may examine on oath any person found in his district; the fact that any dog is kept or allowed to remain about any house shall be deemed sufficient evidence to authorize the assessor to return the person inhabiting said house as the owner of such dog; such list shall be returned by the assessor to the clerk of the county court of his county, on or before the time fixed for levying the county levy in each year; the assessor shall receive as compensation the sum of five cents for each dog so listed.

That it shall be lawful, if he so choose, for the owner of any dog to have the same listed by the county assessor of any county in this state, the same as all other personal property is listed and taxed; and when the owner of any such dog shall have paid the taxes assessed against the same, such dog shall be deemed property in the meaning of the law.
Any person who shall willfully, or maliciously steal, poison, wound or kill any such dog or dogs listed as personal property as aforesaid, shall upon conviction be punished as provided by law for stealing, poisoning, wounding or killing other property; and the owner of such dog or dogs, so stolen, wounded, poisoned or killed, after complying with the provisions of this act, may have a right of action in damages against any such person or persons guilty of a violation of the provisions of this act for the sum not exceeding the assessed value of such dog or dogs.

But nothing in this act shall prevent the killing of any vicious or dangerous dog off the premises and out of control of the owner; nor the killing of any dog running at large and out of the control of the owner thereof, after such owner shall have had notice and still permits such dog to run at large and out of his control; and no person shall be liable in damages or to prosecution by reason of any such killing.

Sec. 9a-2. The county court shall annually levy a per capita tax on every male dog four months old and over, of fifty cents; on every spayed female dog four months old and over, of fifty cents, and on every unspayed female dog four months old and over, of one dollar and fifty cents.

Sec. 9a-4. The court shall cause a list of all persons failing to pay the per captia dog tax assessed against them, and by the sheriff returned delinquent for non-payment of per capita dog tax, to be delivered to the constables of the district in which they reside with the number of dogs listed to each, and amount of per capita tax assessed severally against each. In case any person liable for said tax shall fail or refuse to pay such amount to the constable upon application therefor, the constable shall levy upon and take into his possession property or effects of the delinquent (including said dog or dogs so listed if such are to be found) sufficient to pay said amount and the cost of levy and sale; the first item in said sale to be the said dog or dogs so taken. In case such constable be unable to sell such dog or dogs; or unable to collect the tax thereon, by the sale of other property, he shall kill and bury such dog or dogs and shall be allowed a fee of one dollar for killing and burying each dog; such fee to be paid by the county court, out of such per capita dog tax, when a proper return has been made by such constable. The constable shall have as to said capitation dog tax, the powers of
levy and sale and of collection by any other method as is vested in
the sheriff for the collection of taxes.

Any person who shall conceal a dog for the purpose of evading
the provisions of this section shall pay a fine of five dollars. Where
there is more than one constable in the district, the court shall de­
cide which shall act and each constable receiving such list shall make
due return to his county court, at such time as the court shall direct,
of the manner in which he has discharged the duties respecting
the same, and shall pay over to the sheriff any taxes or fines collected
by him, taking duplicate receipts therefor, one of which he shall
file with the clerk of the county court, who shall charge the sheriff
with the amount of the same; each constable shall be liable for the
per capita tax assessed upon every dog enumerated in such list, of
which he shall fail to return a satisfactory account to the court.
The constables and their securities shall be liable on their official
bond, upon motion of the circuit court of their respective counties,
for any money received by them which they may be liable to pay
by virtue of this act.

Sec. 9a-5. The county court of any county shall, upon the peti­
tion of ten per cent of the legal voters of such county being filed in
such court, asking a vote to be taken upon the question, order such
vote to be taken at the next succeeding general or school election,
to ascertain the sense of the voters of such county. If a majority
of all the votes cast on that question at said election be against im­
posing a tax on dogs, then this act shall cease to be in force in
such county from and after the day on which such result is de­
clared.

If proof can be established that any dog or dogs belonging to a
person living within a county where the dog tax is not assessed and
collected, kill any sheep, lambs, goats or kids within a county where
the dog tax law is in force, the owner of such dog or dogs shall
be liable to the owner of such sheep, lambs, goats or kids so killed,
for the amount of damage caused by such dog or dogs. If such
collection cannot be made by law from the owner of such dog or dogs
then the county court of such county wherein the said dog or dogs
belong shall be liable for the payment of such damage to be paid
out of the general expense fund of said county.

[Passed February 21, 1908. In effect ninety days from passage. Approved February 26, 1908.]

Be it enacted by the Legislature of West Virginia:

That sub-sections seventy-eight V, V-a, V-b and V-c of chapter fifty-four of the code of West Virginia as amended and reenacted by chapter eighty-three of the acts of nineteen hundred and one, chapter forty-five of the acts of nineteen hundred and five, and chapter seventy-nine of the acts of nineteen hundred and seven, relating to the supervision of savings banks, cooperative banking associations, trust companies and building associations, be amended and reenacted so as to read as follows:

Sub. Sec. 78V. It is further expressly provided that all savings banks, cooperative banking associations, trust companies, and all companies of like kind or character, shall be subject to the provisions of this chapter and to the supervision, examination, and control of the commissioner of banking; and that all building and loan associations doing business in this state shall be subject to state supervision, as follows:
Va. Every such association organized under the laws of this state, and desiring to operate within the state, shall file with the commissioner of banking a certified copy of its charter, constitution and by-laws. Said commissioner shall carefully examine the same and if he find that they provide a just and equitable plan for the management of the association's business, he shall issue to such association a certificate of authority permitting it to begin business. But if he finds the provisions of said charter, constitution and by-laws to be impracticable, unjust or inequitable, or oppressive to any class of shareholders, he shall withhold his certificate of authority. It shall not be lawful for any association hereafter organized under the laws of this state, for the purposes above set forth, to transact any business except the execution of its articles of incorporation, the adoption of its constitution and by-laws, and the election of directors and officers, until it shall have procured the certificate of authority above provided for, nor shall any amendment to the charter, constitution or by-laws of any such association become operative until a copy of the same shall have been filed, and the certificate of authority obtained, as above provided in regard to original charter, constitution and by-laws. Any one violating the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, and at the discretion of the court may be imprisoned in the county jail not more than six months. Every building and loan association or mutual investment association organized under the laws of this state, and operating within the state, shall at least twice a year, at such times as may be designated by the commissioner of banking, file in the office of said commissioner within ten days after the receipt of his request for same a statement verified by its president or secretary and approved by three of its directors, in such form as may be prescribed by said commissioner, setting forth its actual financial condition and the amount of its assets and liabilities, and furnish such other information as to its affairs as the said commissioner may require, which reports, in the same form in which they are transmitted to the commissioner of banking, shall be printed and circulated among all the stockholders of the association. Every person who shall willfully or knowingly subscribe or make, or cause to be made, any false statements or any false entries in any book of any association, above mentioned, or exhibit false papers with the intent to deceive any person author-
ized to examine into the affairs of such association, or shall make, state or publish any false statement of the financial condition of such association, shall be deemed guilty of felony, and upon conviction thereof shall be fined not exceeding ten thousand dollars, and be imprisoned in the state penitentiary not less than one nor more than five years.

Vb. At least once in every year the commissioner of banking, either in person or by competent assistant, shall make a thorough examination of the books and affairs of every association mentioned in the next preceding sub-section of this act. He shall carefully examine all notes and mortgages and all other assets of the concern, and shall ascertain the full amount of its liabilities. He shall see that the books are kept properly posted and balanced, and the complete trial balances are struck at regular intervals. If at any time he shall find one of these institutions in an insolvent condition, he shall deal with it according to the manner prescribed for dealing with insolvent banks.

Vc. It shall not be lawful for any foreign building and loan association, or mutual investment association or trust company, to transact any business in this state directly or indirectly without first procuring a certificate of authority from the commissioner of banking. Before obtaining such certificate such foreign association shall furnish the commissioner of banking an itemized statement of its financial condition and all such other information touching its financial condition as the said commissioner may require, which statement and information shall be verified by the oath of the president or secretary of the association. Such foreign association shall also file with the commissioner of banking a certified copy of the laws of the state, territory or government under which it is incorporated; and of its constitution and by-laws and all amendments thereto, and shall appoint an attorney in each county in which it transacts or solicits business, who shall be a resident of such county; and shall file with the commissioner of banking a written instrument, duly signed and sealed, authorizing such attorney of such association to acknowledge service of process in behalf of such association, consenting that the service of process, original, mesne, or final, upon such authority shall be taken and held as if served upon the association, according to the laws of this or any other state, and waiving all claim or right of error by reason of such acknowledgment of service. If, after examination of such statements, and certified copies of
instruments, and after such association shall have complied with the provisions of this act with reference to the appointment of an attorney or attorneys, the commissioner of banking shall be satisfied that said association is solvent and that the capital and investments are secure, and that the laws, charters, articles of incorporation, constitution and by-laws governing it, afford as ample protection to the interests of its members as is afforded by the laws of this state to members of associations chartered by and doing business in this state, he may grant such an association a certificate of authority permitting it to transact business in this state, until the thirty-first day of the next succeeding December; but the same statements and the same certificates shall be renewed every year as long as such association shall continue to do business in this state; and for every certificate issued the commissioner of banking shall collect the sum of twenty-five dollars and cover the same into the treasury of the state. Any person, agent or company doing business or attempting to do business in this state for any foreign building association, mutual investment company or trust company, which shall not at the time be a holder of a valid certificate of authority as provided for in this act shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, for each and every offence.

Sec. 11. A farmers’ mutual cooperative fire insurance company is hereby defined to mean a company incorporated under the laws of West Virginia for the purpose of insuring property against damage by fire, lightning, tornadoes, without capital stock, and which operates on the assessment plan, and is limited to one or more counties in the transaction of its business as hereinafter provided.

Sec. 12. No such company shall commence the transaction of
business until it receives from the insurance commissioner a certificate of authority, which certificate shall state that such company has complied with the provisions of this chapter. Before such certificate may be issued, such company shall file with the insurance commissioner a certified copy of its charter, together with a sworn statement of three of the incorporators that bona fide applications have been made by not less than twenty-five citizens for not less than twenty-five thousand dollars of insurance, of which amount no one or more risks subject to one fire shall exceed one thousand dollars, said risks to be located in the state of West Virginia.

Sec. 13. Every such company may then be authorized to issue policies of insurance, signed by its president and secretary, agreeing in the name of the company to pay all damages caused by fire, lightning or tornado to the property insured during the life of the policy. There shall be a clause plainly printed on the policy that the holder thereof (the insured) is liable for such assessments as may be necessary to pay in full his pro rata share of all losses and expenses incurred by the company.

Sec. 14. The secretary of any such company shall notify every member of the corporation by written or printed notice signed by him, stating the amount due the company from the members and the time and place and to whom it shall be paid. Such payment shall be made by the members within sixty days from the delivery of the notice, which notice may be delivered personally, or by mail, and if by mail it shall be addressed to each member at the last post office address given as shown by the company’s books of record. The company shall have a lien upon the property insured to secure the payment of all such assessments and calls as may be legally made under the contract of insurance or by-laws of the company, and it may maintain an action against any member thereof to recover all assessments which he may neglect or refuse to pay when due, made upon him under the provisions of this chapter or the by-laws of the company.

Sec. 15. Such companies are authorized to accumulate a surplus or emergency fund in such amount as may be deemed advisable by its board of directors.

Sec. 16. It shall be the duty of the board of directors to notify all policy holders of the time and place of the annual meeting of such policy holders, either printing same on their policies or by notice, and to report at such annual meeting all matters per-
taining to the operations of the company, and at said annual meeting the board of directors shall be elected and such other business may be transacted by the policy holders as may legally come before them. Every policy holder in good standing having complied with the by-laws shall be entitled to one vote in person or by ballot transmitted by mail, or as provided by the by-laws in any election of directors or upon any other question. Immediately after the annual meeting of the policy holders the board of directors shall meet and transact any business before it and shall elect a president, a vice president, a secretary and treasurer, and such other officers and employees as they may deem necessary. Regular meetings of the board may be held as often as the by-laws may provide and special meetings may be held at the call of the president, secretary, or the majority of the board of directors. The board of directors shall consist of not less than six and not more than fifteen policy holders. The president and the vice president shall be members of said board.

Sec. 17. No officer or other person whose duty it is to determine the character of the risk and upon whose decision the application shall be finally accepted or rejected shall receive as any part of his compensation a commission upon the premium, but his compensation shall be a fixed salary or such share of the net profits of the corporation as the directors may determine.

Sec. 18. The maximum amount carried in any one risk or hazard subject to one fire shall not exceed one per centum of the whole amount of insurance in force at the time such risk is accepted. The insurance contracts of all such companies shall be made to conform to the provisions of this chapter and shall consist of the policy proper, constitution and by-laws of the company, all endorsements made on or attached to the policy, such parts of the application as are attached to or incorporated in the insurance contract, and any premium note or other policy obligation given by a member, all of which shall be binding on the insured as long as he remains a member or policy holder of the company.

Sec. 19. The dividends to policy holders may be paid annually or as the directors may determine, but the per cent. of dividends shall not be so large as to require the payment during any calendar year of more than fifty per cent. of the net cash surplus at the beginning of that year. No policy holder shall be liable to assessments to pay losses and expenses accruing previous to the time his policy
takes effect, nor to losses and expenses accruing after the time his policy terminates.

Sec. 20. Every such company shall be examined by the insurance commissioner or some other person appointed by him at least once in three years, and oftener if he deems it necessary. He shall have free access to the books, papers and records of the corporation, and is authorized to examine members, officers, and employees of the company under oath touching any matters pertaining to the operation of the company. Every company operating under this chapter shall make an annual report to the insurance commissioner in the month of January, showing the condition of the company on December thirty-one next preceding, on such form as he shall prescribe and under the same requirements as are made of stock fire insurance companies doing business in this state, and shall pay the insurance commissioner a fee of five dollars at the time of filing the annual statement. Every such company shall be required to obtain from the insurance commissioner a certificate of authority for each of its agents who solicits or writes insurance in this state, the fee for which shall be one dollar. Insurance companies coming within the provisions of this chapter and now doing business in this state may continue such business by satisfactory report to the insurance commissioner, who shall thereupon issue a certificate authorizing them to continue business or by organizing under and complying with the provisions as herein set forth.

Fraternal beneficiary societies.

Sec. 21. Five or more persons, citizens of this state, who desire to form a fraternal or beneficiary association as defined by this chapter, may take out a charter in the way and manner provided by law, except that no capital stock shall be required. Any corporation, society, order, or voluntary association, without capital stock and organized and carried on solely for the mutual benefit of its members and its beneficiaries, and not for profit, and having a lodge system with ritualistic form of work and representative form of government and which shall make provisions for the payment of death benefits, and which may make provisions for the payment of disability benefits, or both, is hereby declared to be a fraternal beneficiary association, and such fraternal beneficiary association shall be exempt from taxation.
Sec. 22. Any association having a supreme government or legislative body and subordinate lodges or branches, by whatever name known, into which members may be elected, initiated and admitted in accordance with its constitution, laws, rules, regulations and prescribe ritualistic ceremonies, which subordinate lodges or branches shall be required by such associations to hold regular or stated meetings at least once in each month, shall be deemed to be operating under the lodge system. Any association shall be deemed to have a representative form of government when it shall provide in its constitution and laws for a supreme legislative or governing body, composed of representatives elected either by the members or by delegates elected by the members through a delegate convention system, together with such other members as may be prescribed by its constitution and laws: provided, that the elective representatives shall constitute a majority in number and have not less than a majority of the votes, nor less than the votes required to amend its constitution and laws: and, provided further, that the meetings of the supreme or governing body and the election of officers, representatives or delegates shall be held as often as once in four years. The members, officers, representatives or delegates of a fraternal beneficiary society shall not vote by proxy.

Sec. 23. Every association transacting business under this chapter shall provide for the payment of death benefits, and may provide for the payment of benefits in case of temporary or permanent physical disability, either as the result of disease, accident or old age: provided, that the period of life at which the payment of benefits for disability on account of old age shall commence, shall not be under seventy years, and may provide for the payment to such member as a cash dividend of a sum not exceeding the maximum named in the certificate of membership, after such certificate has been in force at least five years as provided by the laws and regulations of such association. Except as otherwise provided in this chapter, no association shall issue or offer, or promise to issue, any contract providing for the payment of any other benefit, or any contract which does not provide for the regular payment or assessment during the entire existence of the contract: provided, that the foregoing shall not be construed so as to prevent such associations as provide for and maintain a reserve or emergency fund, from granting such of its members as have contributed to said fund, such benefits as may be justifiable when they find themselves unable to make further pay-
ments. The payment of death benefits shall be confined to the wife, husband, family, relatives by blood or marriage or legal adoption, affianced husband or affianced wife, or to a person or persons dependent on the member, subject to the limitation and control of the association as to the designation of beneficiaries within said classes. No association shall admit to beneficiary membership any person less than sixteen nor more than sixty years of age, nor any person who has not been examined by a legally qualified practicing physician, and whose examination has not been approved by the supervising medical authority of the association as provided by the laws of the association; provided, that such examination shall not be required of associations paying death benefits not exceeding four hundred dollars.

Sec. 24. Every certificate issued by the association shall specify the definite amount of benefit provided by the contract except that in certificates providing for the payment of dividends, the maximum only shall be stated, and shall provide that the certificate, the constitution and laws of the association and the application for membership and medical examination, signed by the applicant, shall constitute the contract between the association and the member, and copies of the same, certified by the secretary of the association or corresponding officer, shall be received in evidence of the terms and conditions of the contract; and any changes, additions, or amendments to said charter or articles of association or constitution or laws duly made or enacted subsequent to the issuance of the benefit certificate shall bind the member and his beneficiaries and shall govern and control the contract in all respects the same as though such changes, additions or amendments had been made prior to and were in force at the time of the application for membership: provided, however, that the constitution and laws of any such association shall never be amended or in any way altered except by the supreme legislative or governing body in a regular or special meeting called for that purpose, and no amendment to the constitution and laws shall in any way affect the rights of any beneficiary whose claims accrued by death or otherwise prior to the passage of such amendment.

Sec. 25. Any association may create, maintain, invest, disburse and apply a reserve, emergency, surplus or other fund in accordance with its constitution and laws for the purpose specified in section
twenty-three of this chapter. Any such association so creating, maintaining, investing, disbursing or applying any such reserve, emergency or surplus fund, shall not be held to be organized or carried on for profit within the intent of the provisions of section twenty-one of this chapter. Such funds shall be held, invested and disbursed for the use and benefit of the association, and no member or beneficiary shall have or acquire any individual rights therein, or be entitled to an apportionment or surrender of any part thereof. The funds from which benefits shall be paid and the funds from which the expenses of the association shall be defrayed shall be derived from periodical or other payments by the members of the association and accretions of said funds; and every such association shall provide in its constitution or laws that if such regular payments are insufficient to pay all matured death and disability claims in full, and provide for the creation and maintenance of the funds required by its constitution and laws, extra assessments or other payment may be levied upon the members to meet such deficiency. Any association may invest its funds in and hold real estate for lodge and office purposes, and hold any real estate acquired by foreclosure or received in satisfaction of loans, and may sell and convey the same: provided, that no such association shall hold any real estate acquired by foreclosure or received in satisfaction of a loan longer than ten years. Any such association may also invest its funds in government, state, county or municipal bonds, or in bonds of any school district; or in first mortgages or first mortgage bonds upon improved real estate for not exceeding fifty per centum of the actual cash value thereof at the time of making the loan. Every association shall make provision in its constitution and laws for payment by members of such association, which provisions shall state the purpose of the same and the proportion thereof which may be used for expenses, and no part of the money collected for mortuary and disability funds and no part of the reserve, emergency or surplus funds or the net accretions of either or any of said funds, shall be used for expenses.

Sec. 26. A copy of the charter and duly certified copies of the constitution and laws, rules and regulations, and copies of all proposed forms of benefit certificates, applications therefor, and literature to be used by such association and a bond in the sum of five thousand dollars with sureties approved by the insurance commissioner, conditioned upon the return of the advanced payment, as provided
in this section, to applicants, if the organization is not completed within one year shall be filed with the insurance commissioner, who may require such further information as he deems necessary; and if the purposes of the association conform with the requirements of this chapter and all provisions of the law have been complied with, the insurance commissioner shall issue to such association a preliminary certificate of authority authorizing said association to solicit members as hereinafter provided. Upon receipt of said certificate from the insurance commissioner, said association may solicit members and shall collect from each applicant the amount of not less than one death benefit assessment or payment, in accordance with its tables of rates as provided by its constitution and laws, and shall issue to each such applicant a receipt for the amount so collected. But no such association shall incur any liability other than for such advance payments, nor issue any benefit certificate, nor pay or allow, to any person any death or disability benefit until actual bona fide applications for death benefit certificates have been secured upon at least two hundred lives for at least one thousand dollars each, and all such applicants for death benefits shall have been regularly examined by a legally qualified practicing physician, and certificates of such examination have been duly filed and approved by the chief medical examiner of such association, nor until there be established ten subordinate lodges or branches into which said two hundred applicants have been initiated, nor until there has been submitted to the insurance commissioner under oath of the president and secretary or corresponding officers of such association, a list of such applicants, giving their names, addresses, date examined, date approved, date initiated, name and number of the subordinate branch of which each applicant is a member, amount of benefits to be granted, rate of regular payments or assessments, which shall not be lower for death benefits than those required by the national fraternal congress table of mortality with interest at four per centum per annum; nor until it shall be shown to the insurance commissioner by the sworn statement of the treasurer or corresponding officer of such association, that at least two hundred applicants have each paid in cash at least one regular monthly payment or assessment as herein provided per one thousand dollars of indemnity to be effected, which payment in the aggregate shall amount to at least one thousand dollars, all of which shall be credited to the mortuary or disability fund on account
of such applicants and no part of which may be used for expenses. Said advanced payments shall during the period of organization be held in trust for and, if the organization is not completed within one year as hereinafter provided, returned to said applicants. The insurance commissioner may make such examination and require such further information as he may deem advisable, and upon presentation of satisfactory evidence that the association has complied with all of the provisions of the law he shall issue to such association a certificate of authority in the form adopted by him, for which the association shall pay to such insurance commissioner a fee of ten dollars. All certificates of authority provided for in this section shall be renewed annually on the first day of March. No preliminary certificate granted under the provisions of this section shall be valid after one year from its date unless the two hundred applicants herein required have been secured and the organization has been completed as herein provided. The charter and all proceedings thereunder shall become null and void in one year from the date of said preliminary certificate unless such association shall have completed its organization and commenced business as herein provided.

Sec. 27. Any domestic association now engaged in transacting business in this state, may exercise, after the passage of this chapter, all of the rights conferred thereby, and such association already organized shall be required to reincorporate hereunder and be required to adopt the rules prescribed herein for new associations in order to avail itself of the privileges of this act; and any such association may amend its articles of association from time to time in the manner provided herein, or in its constitution or laws, and all such amendments shall be filed with the insurance commissioner, and shall become operative upon such filing. No domestic association shall transfer its membership or funds to any association not authorized by the insurance commissioner to transact business in this state; nor shall any such association transfer its membership or funds to any licensed association, unless the said contract to transfer has been approved by a two-thirds vote of the members of the supreme body of the association whose membership is proposed to be transferred; and by a two-thirds vote of the trustees or board having charge of the association proposing to take such membership.

Sec. 28. No foreign association shall transact any business in this state without a license from the insurance commissioner. Before receiving such license it shall file with the insurance commissioner a
duly certified copy of its charter or articles of association; a copy of its constitution and laws, certified by its secretary or corresponding officer; a power of attorney as hereinafter provided; a statement under oath of its president and secretary, or corresponding officers, in the form required by the insurance commissioner and duly verified by an examination made by the supervising insurance official of its home state, of the business for the preceding year; a copy of its contract, which must show that benefits are provided for by assessments upon or other payments by the persons holding similar contracts, and shall furnish the insurance commissioner with such other information as he may deem necessary to a proper exhibit of its business and plan of working, and if he finds that it is transacting business within the provisions of this chapter, that its assets are invested in accordance with the laws of this state, and that it has the membership and qualification required of domestic associations organized under this chapter, he shall license such association to do business in this state until the first day of the succeeding March, and such license may be renewed annually, but in all cases to terminate on the first day of the succeeding March. For each such license or renewal thereof the association shall pay to the insurance commissioner a fee of ten dollars. Every agent who is employed by such association to solicit insurance in this state, shall be required to obtain a license from the insurance commissioner, for which a fee of two dollars shall be paid at the time such license is issued. No license shall be issued to any association which collects from any of its members assessments or payments for death benefits lower than those required by the fraternal congress mortality table of nineteen hundred, with interest at four per centum per annum: provided, that this clause shall not apply to fraternal beneficiary associations organized prior to January first, eighteen hundred and eighty-five.

Sec. 29. Every foreign association before being licensed to transact business in this state shall appoint the auditor of this state and his successors in office as its attorney to accept service of process in the manner prescribed by the laws of this state relating to foreign and non-resident corporations; and the said power of attorney shall continue in force so long as any liability remains outstanding in this state. Every association transacting business in this state shall annually on or before the first day of March file with the insurance commissioner in such form as he may require, a statement under oath of its president and secretary, or corresponding officers, of its finan-
cial conditions and standing on the thirty-first day of December next preceding, and of its transaction for the year ending on that date, and shall also furnish such other information as the insurance commissioner may deem necessary to a proper exhibit of its business and plan of working. The insurance commissioner may at other times require any further statement he may deem necessary to be made relating to such association.

Sec. 30. The insurance commissioner, or any person he may appoint shall have the power to examine into the affairs of any domestic association. He may employ assistants for the purpose of such examination, and he, or any person he may appoint, shall have free access to any books, papers and documents that relate to the business of the association, and may summon and qualify as witnesses under oath, and examine its officers, agents, and employees or other person in relation to the affairs, transactions and conditions of the association. The expenses of such examination shall be paid by the association examined, but the amount thereof shall not exceed one hundred dollars.

Whenever after examination the insurance commissioner is satisfied that any domestic association has failed to comply with any provision of this chapter or is exceeding its powers; or is insolvent, he may present the facts relative thereto to the attorney general, who shall, if he deem the circumstances warrant, commence an action in quo warranto in a court of competent jurisdiction, and such court shall thereupon notify the officers of such association of a hearing, and, unless it shall then appear that some special and good reason exists why such association should not be closed, said association shall be enjoined from carrying on any further business, and some person shall be appointed receiver of such association, and shall proceed at once to take possession of the books, papers, moneys, and other assets of the association, and shall forthwith, under the direction of the court, proceed to close the affairs of the association and to distribute its funds to those entitled thereto. No such proceeding shall be commenced by the attorney general against any such association until after notice has been duly served on the chief executive officers of the association and a reasonable opportunity given to it on a date to be named in said notice to show cause why such proceeding shall not be commenced.

Sec. 31. The insurance commissioner, or any person whom he
may appoint, may examine any foreign association transacting or applying for admission to transact business in this state. The insurance commissioner may employ assistants for the purpose of such examination, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of the association, and may summon and qualify as witnesses under oath and examine its officers, agents and employees and other persons in relation to the affairs, transactions and conditions of the association. He may, in his discretion, accept in lieu of such examination the examination of the insurance department of the state, territory, district, province or country where such association is organized. All examinations made under the provisions of this section shall be made at the expense of the association examined, but the expenses of any examination shall not exceed two hundred dollars. If any such association or its officers refuse to submit to such examination, or to comply with the provisions of this section relating thereto, the authority of such association to transact business in this state should be revoked until satisfactory evidence is furnished the insurance commissioner relating to the condition and affairs of the association, and during such revocation the association shall not transact any business in this state.

Sec. 32. When the insurance commissioner on investigation is satisfied that any foreign association transacting business under this act has failed to comply with the provisions of this act or is insolvent, he may, after having first given reasonable notice to the chief executive officers of the said association, revoke the certificate of authority granted to it, and shall cause notification thereof to be published in one or more newspapers of general circulation, and no new business shall thereafter be done by it or its agents in this state while such default or disability continues, or until its authority to do business is restored by the insurance commissioner: provided, that nothing in this act shall prevent such association from applying to a court of competent jurisdiction, by mandamus or otherwise, to compel said insurance commissioner to issue such certificate or to restrain him from revoking same, if such court, in its discretion, should determine that said association was entitled, under the law, to have said certificate issued to it.

Sec. 33. Any person, officer, member or examining physician who shall knowingly or willingly make any false or fraudulent state-
ment in or with reference to any applicant for membership, or for the purpose of obtaining money from or benefit in any association transacting business under this chapter, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or be imprisoned in the county jail for not less than thirty days nor more than one year, or both, in the discretion of the court; and any person who shall wilfully make a false statement of any material fact or thing in a sworn statement as to the death or disability of a certificate holder in any such association, for the purpose of procuring payment of a benefit named in the certificate of such holder, and any person who shall wilfully make any false statement in any verified report or declaration under oath required or authorized by this chapter, shall be guilty of perjury, and shall be punished accordingly.

Sec. 34. Any person who shall solicit membership for or in any manner assist in procuring membership in any association not licensed to do business in this state, or who shall solicit membership for or in any manner assist in procuring membership in any association not authorized as herein provided to do business as herein defined in this state, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than fifty or more than two hundred dollars.

Any association, or any officer, agent or employee thereof neglecting or refusing to comply with or violating any of the provisions of this chapter, the penalty for which neglect, refusal or violation is not specified in this section, shall be fined not exceeding two hundred dollars upon conviction thereof.

Sec. 35. The word "association" as used in this chapter shall be taken and construed as meaning fraternal beneficiary corporation, society, order or voluntary association as defined by this chapter. The words "domestic association" shall be taken and construed as meaning a fraternal beneficiary corporation, society, order or voluntary association organized or incorporated under the laws of this state. The words "foreign association" shall be taken and construed as meaning a fraternal beneficiary corporation, society or voluntary association organized or incorporated under the laws of another state, territory, province or country. The word "state" as used in this chapter shall be taken and construed as meaning "state," "territory," "district," "country or province." All provisions of each section of
this chapter, except as otherwise provided shall be taken and construed as applying to both domestic and foreign associations.

All acts, or parts of acts, inconsistent herewith are hereby repealed.

(Senate Bill No. 4.)

CHAPTER 33.

AN ACT to provide for the inspection and supervision of public offices, and to establish a uniform system of public accounting, auditing and reporting.

Sec. 1. The state tax commissioner shall be ex officio the chief inspector and supervisor of public offices, and as such officer (hereafter called the chief inspector) he shall have the power and authority and perform the duties hereafter set forth. He shall have such assistants and clerical help and allowances as may be necessary to enable him to carry out the purposes of this act.

Sec. 2. The chief inspector shall formulate, prescribe and install a system of accounting and reporting in conformity with the pro-
visions of this act, which shall be uniform for all public offices (including district offices and justices of the peace), and for all public accounts of the same class, and which shall exhibit true accounts and detailed statements of all public funds collected, received and expended for any purpose whatever by all public officers, employees or other persons. Such accounts shall show the receipt, use and disposition of all public property, and the income (if any) derived therefrom, and of all sources of public income, and the amounts due and received from each source, all receipts, vouchers and other documents kept or that may be required to be kept and necessary to isolate and prove the validity of every transaction, and all statements and reports made or required to be made for the internal administration of the office to which they pertain, and all reports published or that may be required to be published for the information of the people regarding any and all details of the financial administration of public affairs. The system of accounting prescribed and formulated by the chief inspector and any changes made therein from time to time shall, before it becomes operative, be approved by the board of public works and such system so prescribed shall not go into effect until January one, nineteen hundred and nine, but in the meantime the chief inspector shall formulate the system.

Sec. 3. Separate accounts shall be kept for every appropriation or fund made or levied by a taxing body, showing date and manner of each payment made out of the funds provided by such appropriation or levy, the name, address and vocation of each person, organization, corporation or association to whom paid, and for what purpose paid. Separate accounts shall be kept for each department, public improvement, undertaking, institution and public service industry under the jurisdiction of every taxing body and of the state; and all service rendered by or property transferred from one department, public improvement, undertaking, institution or public service industry to another shall be paid for at its true and full value by the department, public improvement, undertaking, institution or public service industry receiving the same; and no department, public improvement, undertaking, institution or public service industry shall benefit in any financial manner whatever by an appropriation or fund made for the support of another department, public improvement, undertaking, institution or public service industry. All unexpended balances or appropriations shall be transferred to the credit of the fund from
which originally appropriated or levied whenever the account with an appropriation is closed.

Sec. 4. Separate accounts shall be kept for every public service industry, which shall show the true and entire cost of the ownership and operation thereof, the amount collected annually by general or special taxation for services rendered to the public and the amount and character of the service rendered therefor, and the amount collected annually from private users (if any) for service rendered to them, and the amount and character of the service rendered therefor.

Sec. 5. The chief inspector shall require from every taxing body and public institution financial reports covering a full period of each fiscal year, in accordance with the forms and methods prescribed by him, which shall be uniform for all accounts of the same class. Such reports shall contain an accurate statement in summarized form of all collections made by or receipts received by the officers from all sources, all accounts due the public but not collected, and of all expenditures for every purpose, and by what authority authorized, and also:

(a) A statement of all costs of ownership and operation and of all income of each and every public service industry owned and operated by a municipality.

(b) A statement of the entire public debt of every taxing body to which power has been delegated by the state to create a public debt, showing the purpose for which each item of the debt was created, the provisions made for the payment of the debt, together with such other information as may be required by the chief inspector.

Such reports shall be certified as to their correctness by the chief inspector or by his assistant appointed by him for the purpose. Their substance shall be published in a biennial volume of comparative statistics that shall be issued for each class of accounts at the expense of the state as a public document, and shall be submitted by the chief inspector to the governor for transmittal to the legislature. The chief inspector shall make report to the governor at any time and on any subject under his jurisdiction that the governor may order.

Sec. 6. It shall be the duty of every public officer and employee to keep all accounts of his office in the form prescribed and to make all reports required under the provisions of this act by the chief inspector. Refusal or neglect to perform these duties shall subject the person offending to removal from office.
In case a public officer or employee collects or receives funds for the account of a taxing body of which he is not an officer or employee, he shall, during the Saturday of each week, pay to the proper officer of the taxing body for account of which the collection was made or payment was received, the full amount collected or received during the current week for the account of such taxing body.

Sec. 7. The chief inspector shall have power by himself, or by any person appointed by him to perform the service, to examine into all financial affairs of every public office and shall make such an examination at least once a year, if practicable. On every such examination inquiry shall be made as to the financial conditions and resources of the taxing body having jurisdiction over the appropriations and levies disbursed by the office, whether the requirements of the constitution and statutory laws of the state and the ordinances and orders of the taxing body have been properly complied with, and also inquiry into the methods and accuracy of the accounts, and as to such other methods as the chief inspector may prescribe. He or any of his assistants shall have power and may exercise all the authority to issue subpoena and compulsory process, and to direct the service thereof by any constable or sheriff, to compel the attendance of witnesses and the production of books and papers before him at any designated time and place, selected in their respective county, and to administer oaths. If any person shall refuse to appear before said chief inspector or his assistants when required so to do or shall refuse to testify in regard to any matter or refuse to produce any books or papers in his possession or under his control, he shall be guilty of a misdemeanor and upon conviction therefor shall be fined not more than one hundred dollars and imprisoned not more than six months. Wilful false swearing in such examinations shall be perjury and shall be punishable as such. A report of each examination shall be made in duplicate, one copy to be filed in the office of the state tax commissioner and one in the auditing department of the taxing body.

If any such examination discloses misfeasance, malfeasance or nonfeasance in office on the part of any public officer or employee, a certified copy of the report shall be filed with the proper legal authority of the taxing body for such legal action as is proper in the premises. Refusal, neglect or failure on the part of the proper legal authority of the taxing body to take prompt and efficient legal action to carry into effect the findings of any such examination, or to prosecute the same to a final conclusion, shall give to the chief inspector
the right to institute the necessary proceedings or to participate there-
in, and to prosecute the same in any of the courts of the state, to a
final conclusion.

Sec. 8. The cost of any service or act performed by the chief
inspector under the provisions of this act as to any county or district
office, officer, or institution shall be paid by the county court of the
county; the cost thereof as to any board of education shall be paid
by such board; and the cost thereof as to any municipal corporation
shall be paid by the authorities thereof. But no per diem compensa-
tion shall be allowed to the chief inspector or his deputy for his ser-
dices under the provisions of this act. The chief inspector shall render
to the tribunal liable for such cost a statement thereof as soon after
the same was incurred as practicable, and it shall be the duty of such
tribunal to allow the same and cause it to be paid in the manner that
other claims and accounts are allowed and paid by it. All money
received by the chief inspector from this source shall be deposited by
him in the state treasury to the credit of the chief inspector, and shall
be credited by the auditor and state treasurer to the account of the
chief inspector and disbursed in the same manner as appropriations
made by the legislature for his office are disbursed, and such money
is hereby appropriated for that purpose. The cost of any examin-
ation, service or act by the chief inspector made necessary, or such
part thereof as was made necessary, by the willful fault of any officer
or employee, shall be recovered by the chief inspector from such per-
son, on motion on ten days' notice in any court having jurisdiction.

Sec. 9. Any duty or act required by this act to be performed by
the chief inspector may be performed with like effect by any deputy or
assistant appointed by the chief inspector.

Sec. 10. All acts and parts of acts coming within the purview of
this act and inconsistent therewith are hereby repealed.

(Senate Bill No. 2.)

CHAPTER 34.

AN ACT concerning the compilation of the code of West Virginia
and supplement thereto by the West Publishing Company, and to
declare such compilations competent evidence of the law in all
courts of this state.

(Adopted February 18, 1908.)

Resolved by the legislature of West Virginia, two-thirds of all the members elected to each house thereof agreeing thereto:

That the following amendment to section twenty-three of article eight of the constitution of this state be and the same is hereby agreed to, to-wit:

That section twenty-three of article eight of the constitution of the state of West Virginia be amended so that the same shall read as follows:

Sec. 23. The commissioners shall be elected by the voters of the county, and hold their office for the term of six years, except that at the first meeting of said commissioners they shall designate by lot, or otherwise, in such manner as they may determine, one of their number, who shall hold his office for a term of two years, one for four years and one for six years, so that one shall be elected every two years. But no two of said commissioners shall be elected from the same magisterial district. And if two or more persons residing in the same district shall receive the greater number of votes cast at any election, then only the one of such persons receiving the highest number shall be declared elected, and the person living in another district, who shall receive the next highest number of votes, shall be declared elected. Said commissioners shall annually elect one of their number as president, and each shall receive four dollars per day for his services in court, to be paid out of the county treasury: provided, that such compensation may be increased in any county by the assent of a majority of the votes cast on the question at any general or special election.

HOUSE JOINT RESOLUTION NO. 10.
(Adopted February 17, 1908.)

Appointing a committee to locate a site for a state institution for the care, instruction, and cure of persons suffering with tuberculosis.

Whereas, The legislature of West Virginia recognizes the fact that the strength of the state is in direct ratio to the mental and physical
strength of her citizens; that it is her duty to protect her citizens against all things that destroy the life, health and happiness of the people, that the good citizens of West Virginia have the same charitable regard for the weak and unfortunate sufferers among them that the citizens of the other states have; that the state, with all her charitable institutions, has thrown her sheltering arms around the insane, the deaf, the dumb, the blind and the imbecile; but the large and increasing numbers—said now to be ten thousand—of helpless sufferers from the "great white plague", tuberculosis, have never had the hand of state charity extended to them, nor has any effort been made to check this dread disease, and that other states are making successful gains against this terrible malady by their incessant battling with it:

And, Whereas, It is believed, from statistics, that this disease is increasing in this state, and is likely to still further increase unless effective steps be taken to control and prevent it; that said disease is both preventable and curable; and that it is just and necessary to assist those afflicted with it, and to protect the other citizens of the state against its dangers,

Therefore, Be it resolved by the Legislature of West Virginia,

That in behalf of the sufferers from tuberculosis in this state, and in defense of those who thus far have escaped this said dread disease, that steps be taken to create a state institution for the care, instruction and cure of people of this state suffering with the said malady, and that a committee of five be appointed—three by the speaker of the house and two by the president of the senate, two of whom shall be physicians—with instructions to visit a number of the most practical and successful eastern state institutions for the care and treatment of tubercular patients, and familiarize themselves with the construction and operation of the same. Said committee shall also select the most desirable site for an institution of the kind for West Virginia, and confer with the state board of health in making said selection. Said committee shall take an option on the site so selected, if obtainable at a reasonable price, to hold good until the final adjournment of the legislature of nineteen hundred and nine. Said committee shall make report to the said legislature of nineteen hundred and nine, with such recommendations as it may deem wise, and such data that it may procure, with the draft of a bill to cover all
recommendations made by it, and to secure the care of sufferers affected with tuberculosis who are citizens and residents of this state, and to protect other citizens of the state from the said disease. Said committee shall also confer with the West Virginia Anti-Tuberculosis League, said committee shall receive as compensation for the services rendered the sum of five dollars per day each, and necessary traveling expenses.

HOUSE JOINT RESOLUTION NO. 13.

(Adopted February 5, 1908.)

Resolved, That the sergeant-at-arms of the house, and the clerk of the senate, are hereby directed and authorized to draw warrants upon the auditor for the following attaches:

The sergeant-at-arms of the house to draw warrants for one-half, or one dollar and fifty cents per day, and the clerk of the senate to draw warrants for the other half, or one dollar and fifty cents per day, on demand of attaches.

**HOUSE CONCURRENT RESOLUTION NO. 2.**

*(Adopted February 7, 1908.)*

*Whereas,* The enforcement of laws for the control of prohibition
of the beverage traffic in intoxicating liquors has been largely ineffect-
tive by reason of the interstate commerce laws which permit ship-
ments and carriage of such liquors without regard to state laws, and
the policy of the federal government in granting liquor license tax
certificates to any person or place without regard to whether or not
a local license or permit has been issued to such person or place; and,

*Whereas,* There are now pending in the congress of the United
States various bills for the purposes of giving the states entire police
control of the traffic in intoxicating liquors within their borders and

Requesting the senators and representatives representing this state in the congress of the United States to use their best efforts to se-
cure the passage of what is known as the Appalachian Forest Bill.

WHEREAS, The forests of the country are rapidly disappearing, and owing to the fact that the hard wood supply in many states from which the greater part of the supply has been taken, has become exhausted and the states, not before drawn upon, have been forced to submit their own impoverished stock to the axe that the public demand might be satisfied; and,

WHEREAS, We believe that the preservation of our forests would protect the soil, conserve the water that gives life to the crops, and protect the birds which prey upon the insects which destroy the crops, besides growing valuable timber for future generations; therefore be it

Resolved by the legislature of West Virginia, both the senate and the house of delegates concurring herein:

That the senators and representatives, representing this state in the congress of the United States, be requested to use their best efforts to secure the passage of what is known as the Appalachian Forest Bill now before congress.
