AN ACT creating the office of hotel inspector and providing for the inspection of hotels and restaurants.

(Passed February 21, 1913. In effect ninety days from passage. Approved by the Governor February 24, 1913.)

SEC. 1. The governor shall appoint a hotel inspector to hold office at the will and pleasure of said governor. He shall, before entering upon the duties of his office, take the oath of office prescribed by the constitution, and give bond in the penalty of five thousand dollars, which bond when approved by the governor, shall be filed and recorded in the office of the secretary of state. Said hotel inspector shall have had at least five years' experience in conducting a first class American and European hotel, and receive a salary of fifteen hundred dollars per annum, and his actual traveling expenses. He shall keep an accurate itemized account of such expenses and shall file the same quarterly with the secretary of the state board of health, together with an account of all fees collected from applicants for hotel and
restaurant, inspection certificates and of other moneys coming into his hands by virtue of his office.

Sec. 2. The state board of health shall make such rules and regulations not inconsistent with law as in their judgment are necessary to carry out the intent of this act, which rules and regulations shall take effect when approved by the attorney general and the governor. The said hotel inspector shall assist in the enforcement of any orders made by the state board of health, and of the laws of the state respecting pure food, so far as they relate to hotels and restaurants.

Sec. 3. For the purpose of this act, every house where food and lodging is usually furnished to travelers and payment required therefor shall be deemed a hotel, and every place where food without lodging is usually furnished to guests and payment required therefor shall be deemed a restaurant.

Sec. 4. Every person, firm or corporation engaged in the business of conducting a hotel or a restaurant, shall on or before the first day of July, one thousand nine hundred and thirteen, make application as hereinafter prescribed to the hotel inspector for inspection and a certificate thereof, and such inspector, if he shall be unable to make inspection of such hotel or restaurant within thirty days, shall issue to such applicant a temporary permit which shall hold good until a regular inspection is made. After said first day of July, one thousand nine hundred and thirteen, every person, firm or corporation proposing to conduct a hotel or a restaurant, shall apply to the hotel inspector for an inspection and certificate thereof and said inspector shall inspect the premises described in such application as soon thereafter as may be; but if it be impracticable to do so within ten days after receiving such application, said inspector may issue to such applicant a temporary permit as above provided. But one certificate or permit shall be issued where a hotel and restaurant are combined and conducted in the same building and under the same management. Each certificate or permit shall expire on the thirtieth day of June next following its issuance and no hotel or restaurant shall be maintained and conducted in this state after July first, one thousand nine hundred and thirteen, without the certificate of inspection thereof as herein prescribed, which certificate shall be posted in the main public room of such hotel or restaurant, and shall show the date of each inspection and the notations relating thereto by the hotel inspector. All such fees shall be paid before the inspection is made by the hotel inspector. Such inspector shall, on the first of each month, pay into the state treasury all fees collected for inspections during the preceding month. Every certificate of inspection or permit under this act shall be made and issued in duplicate.

Sec. 5. Every such certificate shall show that the hotel or restaurant is equipped and conducted according to law, and shall be kept posted in some conspicuous place in such hotel or restaurant. Every such permit shall show, according to the fact, why it is granted, and that the hotel or restaurant is according to law permitted to be kept, and it shall be kept posted in like manner.

No license to keep a hotel or tavern, eating house or restaurant, and no certificate for such license shall hereafter be authorized or issued unless there be first filed in the county court to which application therefor is made, a certificate of inspection or permit, granted by the hotel inspector as provided in this act. Every such license shall bear on its face a reference to such certificate of inspection or permit.

The fee for inspection shall be paid to the hotel inspector when the application is filed with him.

Sec. 8. The hotel inspector shall inspect, or cause to be inspected, at least once annually, every hotel and restaurant in the state. For that purpose he, or any person designated by him, shall have the right of entry and access at any reasonable time to inspect kitchens where food is prepared, pantry and storage rooms pertaining thereto, dining rooms, lunch counters, and every place where articles pertaining to the serving of the public are kept or prepared. The said
inspector shall prohibit the use of any articles not in keeping with cleanliness and good sanitary conditions. He shall also have the right to enter any and all parts of a hotel at all reasonable hours to make such inspection, and every person in the management, or control thereof, shall afford free access to every part of the hotel and render all assistance necessary to enable the inspector to make full, thorough and complete examination thereof, but the privacy of any guest in any room occupied by him, shall not be invaded without his consent.

Sec. 9. Whenever, upon such inspection, it shall be found that any such hotel or restaurant is not equipped, or being conducted in the manner and under the conditions required by the provisions of this act, the hotel inspector shall notify the owner, manager or agent in charge of such hotel or restaurant of such changes or alterations as in the judgment of the hotel inspector may be necessary to effect a complete compliance with the provisions of this act. Such owner, manager or agent, shall thereupon make such alterations or changes as may be necessary to put such buildings and premises in a condition, and conduct it in a manner that will fully comply with the requirements of this act. Provided, however, that due time after receiving such notice shall be allowed for conforming to the requirements thereof, which time shall be specified in the notice. Should the changes or alterations directed by such notice not be made in the time specified therein, the said inspector shall proceed against the person, or persons, in default in any court having jurisdiction to enforce the provisions of this act against him or them. Every person, firm or corporation which shall fail or refuse to comply with the provisions of this section, shall be guilty of a misdemeanor and on conviction thereof shall be subject to a fine of five dollars for each and every day such failure or refusal may continue. If such failure or refusal shall continue for thirty days after the notice from the hotel inspector, the inspector may proceed in the circuit court of the county wherein such hotel or restaurant is, for an order closing it. After such order is issued, the building or property shall not again be used for a hotel or a restaurant until a certificate or permit therefor shall have been issued by the hotel inspector, and any disobedience of such order shall be punished as other contempts of court. Reasonable notice shall be given of the application for such order.

Sec. 10. Every hotel and restaurant in this state, shall be properly lighted by day and by night, shall be properly plumbed and ventilated and shall be conducted in every department with strict regard for
the health, comfort and safety of the guests. Such proper plumbing and draining shall be done and maintained according to approved sanitary principles. Such proper ventilation shall be construed to require at least one door and one window in every sleeping room, which window shall permit easy access to the outside of the building, light-well or court. No room shall be used for a sleeping room which does not open to the outside of the building or light-wells, air shafts or courts, and every sleeping room shall have at least one window.

Sec. 11. In every city, town or village where a system of water works and sewerage is maintained for public use, every hotel therein shall, within six months after the passage of this act, be equipped with suitable water closets for the accommodation of guests, which water closets shall be connected by proper plumbing with such sewer system, and be provided with the means of flushing such water closets with the water of such system in such manner as to prevent sewer gas or effluvia arising therefrom. All lavatories, bath tubs, sinks, drains, closets and urinals in such hotels must be furnished and equipped in similar manner, both as to methods and time.

Sec. 12. In all cities, towns or villages not having a system of water works, every hotel shall have properly constructed privies or vaults to receive the night soil, that shall be kept clean and well screened at all times, and free from all filth of every kind. The privies shall have separate compartments for each sex, each compartment being properly designated.

Sec. 13. Whenever it shall be proposed to erect a building three stories or more in height, intended for use as a hotel in this state, it shall be the duty of the owner or proprietor of such hotel to construct the same so that one main hallway on each floor above the ground floor shall run to an opening in the outside wall of the building. Every building used as a hotel after the passage of this act must comply with the provisions of the code of West Virginia pertaining to fire escapes. All fire escapes shall be indicated by a red light and a placard in each hallway leading to such fire escapes.

Sec. 14. Every hotel shall be provided with one fire extinguisher of style and size approved by the national board of fire underwriters, on each floor containing twenty-five hundred square feet of floor area; and one additional fire extinguisher on each floor for each additional twenty-five hundred square feet of floor room, or fraction thereof. Every such extinguisher shall be placed in a con-
convenient location in the public hallway, outside of sleeping rooms, at or near the head of stairs, and shall always be in condition for use.

Sec. 15. All hotels in this state shall be provided with a public wash room convenient and of easy access to guests, and in each bed room and public wash room there shall be furnished for each registered guest clean, individual towels, of cotton or linen, so that no two or more registered guests will be required to use the same towel, unless it has been first washed. Such individual towel shall not be less than twelve inches wide and eighteen inches long after being washed; provided, however, roller towels may be placed in main wash rooms for the use of persons other than registered guests of the hotel.

Sec. 16. In every hotel or restaurant a list of its charges for rooms and meals shall be posted in a conspicuous place in its office or main room. Provided, however, that the hotels operated on the European, or a la carte plan, shall not be required to quote their charges for meals so served.

Sec. 17. No person, firm or corporation engaged in conducting a hotel or a restaurant, shall knowingly have in their employ any person who has an infectious, contagious or communicable disease.

Sec. 18. Every person keeping or conducting a hotel shall see that every room or bed which has been occupied by any person known to have an infectious, contagious or communicable disease at the time of such occupancy, is thoroughly disinfected by methods to be prescribed by the state board of health before said room shall be occupied by any other person. Any person violating the provisions of this section shall be subject to a fine not exceeding three hundred dollars, and to confinement in jail not exceeding six months, or both, at the discretion of the court.

Sec. 19. Every hotel shall after July first, one thousand nine hundred and fourteen, provide each bed, bunk, cot or other sleeping place for the use of guests with pillow slips and under and top sheets, the under sheet to be of sufficient size to completely cover the mattress and springs and the top sheet to be of like width and at least ninety-nine inches long and not to be less than ninety inches in length after having been laundered. Such sheets and pillow slips shall be made of white cotton or linen, and all such sheets and pillow slips after being used by one guest must be washed and ironed before being used by another guest, a clean set being furnished each succeeding guest. All bedding, including mattresses, quilts, blankets, pillows, and all carpets and floor

Sec. 21. All notices to be given by the hotel inspector shall be in writing and shall be delivered either in person or sent by registered mail.

Sec. 22. Any person, firm or corporation who shall operate a hotel or a restaurant in this state, or who shall let a building to be used for such purposes, without first having complied with the provisions of this act, shall be guilty of a misdemeanor and shall be fined the sum of five dollars for each day such failure to comply shall continue.

Sec 23. The prosecuting attorney of each county in this state is hereby authorized and required, upon complaint on oath of the hotel inspector, or other person or persons, to prosecute to termination before any court of competent jurisdiction, in the name of the state, a proper action or proceeding against any person, or persons, violating the provisions of this act.

AN ACT to create a public service commission and to prescribe its powers and duties, and to prescribe penalties for the violation of the provisions of this act.

(Passed February 21, 1913. In effect ninety days from passage. Approved by the Governor February 22, 1913.)

Be it enacted by the Legislature of West Virginia:

Sec. 1. A commission is hereby created by the name of public service commission, which shall be composed of four members, who shall be appointed by the governor, by and with the advice and consent of the senate. The first commissioners shall be appointed in the month of May, one thousand nine hundred and thirteen, and shall continue in office for the term of two, four, six and eight years, respectively, from the first day of May, one thousand nine hundred and thirteen, the term of each to be designated by the governor; but their successors shall be appointed for the term of eight years each, except that any person appointed to fill a vacancy shall serve only for the unexpired term of the commissioner whom he succeeds. Any commissioner may be removed by the governor for incompetency, neglect of duty, gross immorality or malfeasance in office, after giving...
him notice and a copy of the charges and the right to be heard in an investigation of the truth thereof. A record of the proceedings, including the evidence, shall be kept. Not more than two shall belong to the same political party. One member shall be a lawyer of not less than ten years actual experience at the bar. The commission shall organize by electing one of its members chairman. The concurring judgment of three of the commissioners shall be deemed the action of the commission. The attorney general shall perform all legal services required by the commission under the provisions of this act.

No person while in the employ of or holding any official relation to any public service corporation, subject to the provisions of this act, or holding any stock or bonds thereof, or who is pecuniarily interested therein, shall enter upon the duties of or hold said office. Nor shall any of said commissioners be a candidate for or hold any public office, or be a member of any political committee while acting as such commissioner; nor shall any commissioner or employe of said commission receive any pass, free transportation or other thing of value, either directly or indirectly, from any person, firm or corporation subject to the provisions of this act; and in case any of said commissioners shall become a candidate for any other public office, or shall become a member of any political committee, his office as commissioner shall be ipso facto vacated.

The commission is hereby empowered and directed to employ a secretary, who shall hold that position at the pleasure of the commission, and such other employes as may be necessary to carry out the purpose of this act. The secretary and all other employes shall perform such duties as may be prescribed by the commission, not inconsistent with law. The compensation of the secretary and all other employes shall be fixed by the commission at such sum as their services are reasonably worth. The actual expenses necessarily incurred by the commissioners and employes while absent from the general office of the commission and engaged about the business of the commission, shall be paid as other claims against the state are paid, out of any appropriation for such purpose, upon an itemized statement thereof rendered monthly by the secretary, under his oath, and approved by the commission.

Each of the commissioners shall receive a salary of six thousand dollars per annum, to be paid monthly. The general office shall be kept at the capitol of the state, and kept open each working day
between the hours of nine o'clock, A. M., and five o'clock, P. M., and in charge of the secretary or some other competent person. But hearings and the taking of evidence may be had at such times and places and in each particular case as the commission may designate.

Sec. 2. The commission shall prescribe the rules of procedure and for taking evidence in all matters that may come before it, and enter such final orders as may be just and lawful.

In the investigations, preparations and hearings of cases, the commission may not be bound by the strict technical rules of pleading and evidence, but in that behalf it may exercise such discretion as will facilitate their efforts to understand and learn all the facts bearing upon the right and justice of the matters before them.

Sec. 3. The jurisdiction of the commission shall extend to and include:

(a) Common carriers, railroads, street railroads, express companies, sleeping car companies, freight lines, car companies, toll bridges and ferries; and

(b) Telegraph and telephone companies and pipe line companies for the transportation of oil, gas or water; and

(c) Gas companies, electric lighting companies and municipalities furnishing gas or electricity for lighting, heating or power purposes; and

(d) Hydro-electric companies for the generation and transmission of light, heat or power, and water companies; and

(e) All persons, associations, corporations and agencies employed or engaged in any of the businesses hereinbefore enumerated.

The words "public service corporation" used in this act shall include all persons, association of persons, firms, corporations, municipalities and agencies engaged or employed in any business herein enumerated, or in any other public service business whether above enumerated or not, whether incorporated or not. The commission shall also perform such duties as may be imposed upon it by law in connection with any workmen's compensation law or fund which may be passed or established.

Sec. 4. Every person, firm or corporation engaged in a public service business in this state shall establish and maintain adequate and suitable facilities and shall perform such service in respect thereto as shall be reasonable, safe and sufficient, and in all respects just and fair. All charges, tolls, fares and rates shall be just and reasonable. Every railroad company shall permit switch connections for
intrastate business to be made with its tracks at suitable and safe points, by other carriers or shippers, upon such terms and conditions as the commission may prescribe, whenever the business to be offered by the connecting company or shipper, in the judgment of the commission, justifies it. Every railroad and other transportation company may be required by the commission to establish and maintain such suitable public service facilities and conveniences as may be reasonable and just; and to make reasonable connection with trains on branch lines of such railroads and with all connecting railroad lines; and may prescribe the number of men required to constitute safe crews for the handling of trains.

Sec. 5. The commission is hereby given the power to investigate all methods and practices of public service corporations, and to require them to conform to the laws of the state. The commission may compel obedience to its lawful orders by proceedings of mandamus or injunction or other proper proceedings in the name of the state in any circuit court having jurisdiction of the parties or of the subject matter, or the supreme court of appeals direct, and such proceedings shall have priority over all pending cases. The commission may change any intrastate rate, charge or toll which is unjust or unreasonable and may prescribe such rate, charge or toll as would be just and reasonable, and change or prohibit any practice, device or method of service in order to prevent undue discrimination or favoritism as between persons, localities or classes of freight; provided, that the commission shall not reduce any rate, toll or charge within ten years after the completion of the railroad or plant to be used in the public service below a point which would prevent such public service corporation, person, persons or firm from making a net earning of eight per cent per annum on the cost of the construction and equipment of said railroad or plant. But in no case shall the rate, toll or charge be more than the service is reasonably worth, considering the cost thereof.

Every order entered by the commission shall continue in force until the expiration of the time, if any, named by the commission in such order, or until revoked or modified by the commission, unless the same be suspended, modified or revoked by order or decree of a court of competent jurisdiction.

Sec. 6. No public service corporation subject to the provisions of this act shall, directly or indirectly, by any special rate, rebate, drawback or other device or method, charge, demand, collect or receive
from any person, firm or corporation, a greater or less compensation for any service rendered or to be rendered, than it charges, demands, collects or receives from any other person, firm or corporation for doing a like and contemporaneous service under the same or substantially similar circumstances and conditions.

Sec. 7. It shall be unlawful for any public service corporation subject to the provisions of this act to make or give any undue or unreasonable preference or advantage to any particular person, company, firm, corporation or locality, or any particular character of traffic or service, in any respect whatsoever, or to subject any particular person, firm, corporation, company or locality, or any particular character of traffic or service, to any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

Sec. 8. All common carriers subject to the provisions of this act shall, according to their respective powers, afford all reasonable, proper and equal facilities for the interchange of traffic between their respective lines, and for the receiving, forwarding and delivering of passengers and property to and from their several lines, and those connecting therewith, and shall not discriminate in their rates and charges or methods or manner of service between such connecting lines; but this shall not be construed as requiring any such common carrier to give the use of its tracks or terminal facilities to another carrier engaged in a like business.

Trunk lines, or principal railroads, shall, in the distribution of cars and the furnishing of facilities, treat industries and shippers, located on and tributary to lateral, industrial or tap lines, as if they were located directly on the track of the trunk lines or principal railroads, and not discriminate between such industries and shippers and those which may be located in direct proximity to their own tracks. And trunk lines or principal railroads shall allow and pay to the lateral, industrial or tap lines, a reasonable and equitable arbitrary or portion of the rate, consistent with the service rendered, giving due consideration to the fact that such lateral, industrial or tap line originates and assembles the freight. But nothing out of the main line rate shall be allowed the shipper or owner for the use of what may be termed "plant facilities."

Sec. 9. No change shall be made in the rates, fares or charges or joint rates, fares or charges, which have been filed and published by any public service corporation, by any person or corporation, under the purview of this act, except after thirty days' notice to the
commission and to the public, which shall plainly state the changes proposed to be made in the schedule then in force, and the time when the changed rates, fares or charges shall go into effect, and the proposed changes shall be shown by printing new schedules, and shall be plainly indicated upon the schedules in force at the time, and kept open to public inspection; provided, however, that the commission may, in its discretion, and for good cause shown, allow changes upon less time than the notice herein specified, or may modify the requirements of this section in respect to publishing, posting and filing of tariffs, either by particular instructions or by general order.

Sec. 10. The commission shall have general supervision of all persons, firms or corporations having authority under any charter, or franchise of any city, town or municipality, county court, or tribunal in lieu thereof, to lay down and maintain wires, pipes, conduits, ducts or other fixtures in, over or under streets, highways or public places for the purpose of furnishing and distributing gas, or for furnishing and transmitting electricity for light, heat or power, or maintaining underground conduits, or ducts for electrical conductors, or for telegraph or telephone purposes, and for the purpose of furnishing water either for domestic or power purposes and of oil and gas pipe lines.

The commission may ascertain the quantity, healthfulness and quality of the water or quality and quantity of gas or electricity supplied by such persons, firms or corporations, and examine the methods employed, and shall have power to order such improvements as will best promote the public interests and preserve the public health.

The commission shall have power, through its members, inspectors or employes to enter in, upon and to inspect the property, buildings, plants, fixtures, power houses and offices of any such persons, firms, corporations or municipalities, and shall have power to examine the books and affairs to be investigated by it, and shall have the power either as a commission or by any of its members, to subpoena witnesses and take testimony and administer oaths to any witness in any proceeding or examination instituted before it or conducted by it in reference to any matter within its jurisdiction.

The commission shall, when and as necessary, appoint inspectors of gas, electric and water meters, whose duty shall be, when required to inspect, examine, prove and ascertain the accuracy of any gas, electric or water meters used or intended to be used for measuring or ascertaining the quantity of gas, electricity or water furnished for the use of any person, firm or corporation, and when found to be correct,
or made so, the inspector shall stamp or mark each of such meters with some suitable device, which device shall be recorded in the office of the commission. After ninety days from the time this act takes effect no person, firm or corporation shall furnish or put in use any gas, electric or water meter, which shall not have been inspected, proved and stamped or marked by an inspector of the commission. Provided, that in case of emergency, gas, electric or water meters may be installed and used before being inspected, but notice thereof shall be immediately given to the public service commission by the public service corporation installing the same, and such meters shall be inspected, proved and stamped or marked, as soon thereafter as practicable. Every gas, electric and water company or corporation shall provide and keep in and upon its premises suitable and proper apparatus, to be approved and stamped, or marked by the commission, for testing and proving the accuracy of gas, electric and water meters furnished for use by it and by which apparatus every meter may and shall be tested on the written request of the consumer to whom the same shall be furnished, and in his presence if he so desires.

If any consumer to whom a meter has been furnished shall request the commission in writing to inspect such meter, the commission shall have the same inspected and tested. If the same on being so tested shall be found to be four per cent, if an electric or water meter, or two per cent, if a gas meter, from being correct, to the prejudice of the consumer, the inspector shall order the gas, electric or water company forthwith to remove the same and to place instead thereof a correct meter, and the expense of such inspection and testing shall be borne by the company. If the meter, on being so tested, shall be found to be correct, or within four per cent or two per cent of being correct, as the case may be, as above provided, the expense of such inspection and testing shall be borne by the consumer. A uniform charge and rules shall be fixed by the commission for this service. All inspections shall be made as soon as practicable.

Sec. 11. Any person, firm, association of persons, public officer, public or private corporations, municipality or county, complaining of anything done or omitted to be done by any public service corporation subject to the provisions of this act, in contravention of the provisions thereof, or any duty owing by it, under the provisions of this act may present to the commission a petition which shall succinctly state all the facts; whereupon a statement of the charges thus made shall be forwarded by the commission to said public service
corporation which shall be called upon to satisfy such complaint or to answer to the same in writing within a reasonable time to be specified by the commission. If such public service corporation within the time specified shall make reparation for the injury alleged to have been done, or correct the practice complained of and obey the law and discharge its duties in the premises, then it shall be relieved of liability to the complainant for the particular violation of the law or duty complained of. If such public service corporation shall not satisfy the complainant within the time specified, or there shall appear to be any reasonable ground to investigate the complaint, it shall be the duty of the commission to investigate the same in such manner and by such means as it shall deem proper.

Sec. 12. Every public service corporation, subject to the provisions of this act, shall file with the commission and keep open to public inspection, schedules showing all the rates, fares, charges and tolls for service to be rendered by it or by other persons, firms or corporations in connection with it. Provided, however, that the reports and tariffs filed by interstate carriers with the public service commission may be copies of its reports and tariffs filed with the interstate commerce commission; but nothing herein shall preclude the public service commission from requiring interstate carriers to furnish information bearing upon any complaint or question pending before the said commission and with which it has a right to deal.

Sec. 13. In all hearings or proceedings before said commission the evidence of witnesses and the production of documentary evidence may be required at any designated place of hearing; and in case of disobedience to a subpoena or other process the commission or any party to the proceedings before the commission, may invoke the aid of any circuit court in requiring the evidence and testimony of witnesses and the production of papers, books and documents. And such court in case of refusal to obey the subpoena issued to any person or to any public service corporation subject to the provisions of this act, shall issue an order requiring such public service corporation or any person to appear before such commission and produce all books and papers, if so ordered, and give evidence touching the matter in question. Any failure to obey such order of the court may be punished by such court as contempt thereof. A claim that any such testimony or evidence may tend to criminate the person giving the same shall not excuse such witness from testifying, but such witness shall not
be prosecuted for any offense concerning which he is compelled hereunder to testify.

Sec. 14. The commission shall collect full and complete information of the value of all the property owned and controlled by any person or public service corporation subject to the provisions of this act, as of the first day of April, in each year; and tabulate in statistical form and furnish the same to the board of public works on or before the first day of June in each year, which information shall be used by the said board of public works in fixing the value of the property of such person or public service corporation for assessment for the purpose of taxation as provided by law.

Sec. 15. There shall be paid by all public service corporations subject to the provisions of this act a special license fee in addition to those now required by law. Such fee shall be fixed by the auditor upon each of such public service corporations according to the value of its property, as ascertained by the last preceding assessment, and shall be apportioned among such public service corporations upon the basis of such valuation, so as to produce a revenue of sixty thousand dollars per annum, or so much thereof as may be necessary, which shall be paid on or before the twentieth day of January in each year. Such sum of sixty thousand dollars, or so much thereof as may be necessary, is hereby appropriated and set aside for the purpose of paying the salaries, compensations, cost and expenses of the commission, its members and employees, and no other sum shall be appropriated therefor.

Sec. 16. Any party feeling aggrieved by the entry of a final order by the commission, affecting him or it, may present his or its petition in writing to the supreme court of appeals, or to a judge thereof in vacation, within thirty days after the entry of such order, praying for the suspension of such final order. The applicant shall deliver a copy of such petition to the secretary of the commission before presenting the same to the court, or the judge. The court or judge shall fix a time for the hearing on the application, but such hearing shall not be held sooner than five days, unless by agreement of the parties, after its presentation, and notice of the time and place of such hearing shall be forthwith delivered to the secretary of the commission, so that the commission may be represented at such hearing by one or more of its members or by counsel. If the court or the judge after such hearing be of the opinion that a suspending order should issue, the court or the judge may require bond, upon such conditions
and in such penalty, and impose such terms and conditions upon the petitioners as are just and reasonable. The hearing of the matter shall take precedence over all other matters before the court except the correction of assessments. For such hearing the commission shall file with the clerk of said court all papers, documents, evidence and records or certified copies thereof as were before the commission at the hearing or investigation resulting in the entry of the order from which the petitioner appeals. The commission shall file with the court before the day fixed for the final hearing a written statement of its reasons for the entry of such order, and after arguments by counsel the court shall decide the matter in controversy as may seem to be just and right.

Sec. 17. Every officer, agent, employe, or stockholder of any such public service corporation, and every patron, passenger, shipper or consignee, or other person, who shall violate any provision of this act, or who procures, aids or abets any violation of any such provision by any such public service corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than one thousand dollars or be confined in jail not more than one year, or both, in the discretion of the court. When any person is convicted of a violation of any provision of this act, and it is alleged in the indictment on which he is convicted, and is admitted, or by the jury found that he has been before convicted of the violation of any provisions hereof committed prior to the violation for which the indictment upon trial was found, then he shall be fined not less than two hundred nor more than two thousand dollars, or be confined in jail not less than thirty days nor more than one year, or both, in the discretion of the court. When any person is convicted of a violation of any provision of this act and it is alleged in the indictment upon which he is convicted, and is admitted, or by the jury found that he has been twice, or oftener, before convicted of a violation of any provisions hereof committed prior to the violation for which the indictment upon trial was found, then he shall be fined not less than five hundred nor more than five thousand dollars, and shall, in addition thereto, be confined in the county jail not less than three months nor more than one year.

Sec. 18. Any person, firm or corporation claiming to be damaged by any violation of this act by any public service corporation, subject to the provisions of this act, may make complaint to the commission, as provided herein, and bring suit in his own behalf for the re-
covery of the damages for which such public service corporation may be liable under this act in any circuit court having jurisdiction. In any such action, the court may compel the attendance of any agent, officer, director or employe of such corporation as a witness and require also the production of all books, papers and documents which may be used as evidence, and in the trial thereof such witnesses may be compelled to testify, but any such witness shall not be prosecuted for any offense concerning which he is compelled hereunder to testify.

Sec. 19. The secretary shall keep a record of all proceedings, acts, orders and judgments of the commission, certified copies of which shall be admitted as evidence in any court of this state. The commission shall adopt a seal which shall be affixed to all official papers under such regulations as the commission may prescribe. The commission shall likewise prescribe a schedule of fees to be charged for the certification of all records and papers, and sums to be paid witnesses and other costs necessary and incident to hearings before it, and order the same paid by the unsuccessful party. All sums collected by the secretary, except witness fees, shall be paid by him into the state treasury. The witness fees shall be paid to the person to whom they are allowed. The sums to be paid into the state treasury representing the collections of any month shall be so paid on or before the tenth of the following month.

Sec. 20. Nothing in this act shall be construed to prevent any common carrier from furnishing free transportation to its officers, attorneys, agents and employes, and their families, and like free transportation to the officers, attorneys, agents and employes of other common carriers and their families, mail clerks, expressmen and sleeping car conductors and porters, and reduced rates to all persons engaged in religious, charitable and literary pursuits, and for excursions, and for children and students attending schools and colleges, and for commutation tickets; and, provided, further, that nothing in this act shall be construed to prevent telephone, telegraph, sleeping car and express companies from entering into contracts with one another, and with common carriers for the exchange of services, or from exchanging with one another and with common carriers, the privileges of passes or franks for the officers, agents, employes and their families, of such companies and common carriers.

Sec. 21. The commission may at any time require persons, firms, companies, associations, corporations or municipalities, subject to the
provisions of this act, to furnish any information, which may be in its or their possession, respecting rates, tolls, fares, or charges or practices in conducting its or their service, and to furnish the commission at all times for inspection any books or papers or reports and statements, which reports and statements shall be under oath, when required by the commission, and the form of all reports required under this act shall be prescribed by the commission (except as provided in section twelve hereof), which shall collect, receive and preserve the same, and shall annually tabulate and publish the same in statistical form, together with the acts and proceedings of the commission.

Sec. 22. All acts and parts of acts in conflict with this act are hereby repealed.

Sec. 24. The application of this act as between employers and employees shall date from and include the first day of October, one thousand nine hundred and thirteen; and for the purpose of creating such workmen's compensation fund each employer subject to this act shall pay into the state treasury the premiums of liability based upon and being such a percentage of the pay roll of such employer as may have been determined and published by the commission and be then in effect. The premiums provided for in this act shall be paid by the employers to the treasurer of the state, and be contributed in the proportion of ninety per cent by the employers and ten per cent by the employees. The premiums shall be paid monthly on or before the twenty-fifth day of each month for the preceding month, and shall be the prescribed percentage of the total wages paid to all employees subject to the act for such preceding month. Each employer is authorized to deduct from the pay of his employees (excluding persons causally employed), for any month, ten per cent of the premium paid or to be paid for such month in proportion to the pay received by them respectively for such month, the proper percentage to be deducted from each installment of pay, whether paid monthly or more frequently, the minimum deduction from the earnings of each employee for any month or part thereof for which settlement is made to be five cents. Each employer shall give a receipt or statement to each employee showing the amount which has been deducted for the workmen's compensation fund, and shall file with the commission, on making his next payment to the fund, a sworn statement showing what per cent of said premium herein provided to be paid by the employees (disregarding fractions of a cent) had been deducted, and that no more than ten per cent (subject to the minimum requirement aforesaid) had been so deducted. The state treasurer shall issue his receipt for any sums paid him hereunder, in duplicate, the original to be delivered to the person, firm or corpora-
tion paying the same and the duplicate to be filed with the commission. Provided, that in order to create a fund available upon the application of this act as aforesaid, on October first, one thousand nine hundred and thirteen, the payment for the months of October to December, one thousand nine hundred and thirteen, inclusive, shall be made on or before October first, one thousand nine hundred and thirteen, and be preliminarily based upon the payrool of the operations of the first four months of the year one thousand nine hundred and thirteen. If any employer be found to have overpaid for such three months he may deduct such overpayment from the first monthly payments made to the fund; if any employer be found to have underpaid for such three months he shall pay the deficiency with the first monthly payment made by him after the end of said three months.

Sec. 25. The commission shall disburse the workmen's compensation fund to such employes (within the meaning of this act) of employers as have paid into said fund the premiums for the month in which the injury occurs applicable to the classes to which they belong, as shall have received injuries in this state in the course of and resulting from their employment, or to the dependents, if any, of such employes in case death has ensued, according to the provisions hereinafter made.

Sec. 26. All employers subject to this act who shall not have elected to pay into the workmen's compensation fund the premiums provided by this act, or having so elected, shall be in default in the payment of same, shall be liable to their employes (within the meaning of this act) for damages suffered by reason of personal injuries sustained in the course of employment caused by the wrongful act, neglect or default of the employer, or any of the employer's officers, agents or employes, and also to the personal representatives of such employes where death results from such injuries, and in any action by any such employe or personal representative thereof such defendant shall not avail himself of the following common law defenses:

The defense of the fellow-servant rule; the defense of the assumption of risk; or the defense of contributory negligence; and further shall not avail himself of any defense that the negligence in question was that of some one whose duties are prescribed by statute.

Sec. 27. The commission shall disburse and pay from the fund for such injury to such employes as may be entitled thereto hereunder such amounts for medical, nurse and hospital services and medicines
as it may deem proper, not, however, in any case to exceed the sum of one hundred and fifty dollars in addition to such award to such employees, payment to be made to the employee, or to the persons who may have furnished the service and supplies, or to the persons who may have advanced payment for same, as the commission shall deem proper; provided, that in case any injured employee be entitled, under contract connected with his employment or otherwise, to hospital or medical service without further charge to him, no payment shall be made out of the workmen's compensation fund for hospital or medical service.

Sec. 28. Notwithstanding anything hereinbefore or hereinafter contained, no employee or dependent of any employee shall be entitled to receive any sum from the workmen's compensation fund on account of any injury to or death of an employee caused by a self-inflicted injury, the willful misconduct or the intoxication of such employee. If injury or death result to an employee from the deliberate intention of his employer to produce such injury or death, the employee, the widow, widower, child or dependent of the employee shall have the privilege to take under this act, and also have cause of action against the employer as if this act had not been enacted, for any excess of damages over the amount received or receivable under this act.

Sec. 29. In case death ensues from the injury, reasonable funeral expenses, not to exceed seventy-five dollars, shall be paid from the fund to the personal representative of the employee, or to such other person as shall have advanced the same, in addition to such award to the employee's dependents.

Sec. 30. No benefit shall be allowed for one week after the injury is received, except the disbursement provided for in sections twenty-seven and twenty-nine.

Sec. 31. In case of temporary or partial disability, the employee shall receive during the continuance thereof fifty per cent of the impairment of his earning capacity, not to exceed a maximum of eight dollars per week, nor to be less than a minimum of four dollars per week, for not to exceed a period of twenty-six weeks; provided, that if such partial disability consist of the loss of an arm or leg at or above the wrist in one case or the ankle in the other, or the loss of an eye, the period for which compensation shall be paid may be, but shall not exceed, one hundred and fifty-six weeks.

Sec. 32. In case of permanent total disability the award shall be fifty per cent of the average weekly wage, and shall continue until the death of such person so totally disabled, but not to exceed a max-
imum of six dollars per week nor to be less than a minimum of three dollars per week.

Sec. 33. In case the injury causes death within the period of ninety days, the benefits shall be in the amounts and to the persons following:

(1) If there be no parent or dependents, the disbursement from the workmen’s compensation fund shall be limited to the expense provided for in sections twenty-seven and twenty-nine.

(2) If the deceased employe be under the age of twenty-one and unmarried and leave a dependent father or mother, the father, or if there be no father, the mother shall be entitled to a payment of fifty per cent of the average weekly wage, not exceeding six dollars per week, to continue until the employe would have been twenty-one years of age.

(3) Dependent, as used in this act, means a widow, invalid widower, child under the age at which he or she may be lawfully employed in any industry, invalid child over such age, father, mother, grandfather or grandmother, who at the time of the injury causing death is dependent in whole or in part for his or her support upon the earnings of the employe.

(4) If the deceased employe leave a widow or invalid widower, the payment shall be twenty dollars per month until the death or remarriage of such widow or widower; and in addition five dollars per month for each child under the age at which he or she may be lawfully employed in any industry, to be paid until such child reaches such age; provided, that the total payment shall not exceed thirty-five dollars per month.

(5) If the deceased employe be an adult and there be no widow, widower or child under the age at which he or she may be lawfully employed in any industry, but there are wholly dependent persons at the time of death, the payment shall (except in the case named in clause two of this section) be fifty per cent of the average monthly support actually received from the employe during the preceding twelve months, and to continue for the remainder of the period between the date of death and six years after the date of injury, and not to amount to more than a maximum of twenty dollars per month.

(6) If there be no widow, widower, or child under the age at which he or she may be lawfully employed in any industry, or dependent persons, but there are partly dependent persons at the time
of death, the payment shall be fifty per cent of the average monthly support actually received from the employe during the preceding twelve months, and to continue for such portion of the period of six years after the date of injury as the commission in case may determine, and not to amount to more than a maximum of twenty dollars per month.

Sec. 34. The benefits, in case of death, shall be paid to such one or more dependents of the decedent, or to such other person, for the benefit of all of the dependents, as may be determined by the commission which may apportion the benefits among the dependents in such manner as it may deem just and equitable. Payment to a dependent subsequent in right may be made if the commission deem proper, and shall operate to discharge all other claims therefor.

Sec. 35. The dependent or person to whom benefits are paid shall apply the same to the use of the several beneficiaries thereof according to their respective claims upon the decedent for support, in compliance with the finding and direction of the commission.

Sec. 36. Notwithstanding anything herein contained, no sum shall be paid to a widow or widower who shall have been living separate and apart from, or have been abandoned by the employe for twelve months next preceding the injury, and who shall not have been supported by him or her during such time. But in the event a chancery suit or other action be pending concerning the relations of said widow, or widower to said employe, then payment shall be made subject to the final adjudication of said suit or action.

Sec. 37. The average weekly wage or earnings of the injured person at the time of injury shall be taken as the basis upon which to compute the benefits. The time of injury within the meaning of this act shall be such reasonable time prior to the injury as shall enable the commission to make a fair award, taking into consideration both the rate of wage or earning of such person prior to his entering the service in which he was injured.

Sec. 38. Payments may be made in such periodical installments as may seem best to the commission in each case. Notwithstanding anything herein contained, the commission may direct the repayment of and pay out of any installment any advances for necessaries that may have been made by any person pending the payment of such installment.

Sec. 39. To entitle any employe or dependent of a deceased employe to compensation under this act the application therefor must
be made in due form within six months from and after the date of
injury or death, as the case may be. No person shall be excluded as
a dependent by reason of being a non-resident alien, and non-resident
aliens may be officially represented by the consular officers of the
country of which such aliens may be citizens or subjects.

Sec. 40. The power and jurisdiction of the commission over each
case shall be continuing, and it may from time to time make such
modification or change with respect to former findings or orders with
respect thereto, as, in its opinion, may be justified.

Sec. 41. The commission, under special circumstances, and when
the same is deemed advisable, may commute periodical benefits to one
or more lump sum payments.

Sec. 42. Benefits before payment shall be exempt from all claims
of creditors and from any attachment or execution and shall be paid
only to or for the use of such employes or their dependents as here­
inbefore provided.

Sec. 43. The commission shall have full power and authority to
hear and determine all questions within its jurisdiction, and its de­
cision thereon shall be final. Provided, however, in case the final
action of said commission denies the right of the claimant to par­
ticipate at all in such fund, on the ground that the injury was self­
inflicted, or on the ground that the accident did not arise in the
course of employment, or upon any other ground going to the basis
of the claimant’s right, then the claimant may, within sixty days after
notice of the final action of such commission, apply for an appeal
to the supreme court of appeals. The appellant shall file a petition
before said supreme court of appeals against such commission as de­
fendant, within said period of sixty days, and the commission shall be
notified by the clerk of said court, forthwith, of the filing of such
petition for appeal. And the commission shall, within ten days after
the receipt of such proceedings before the commission, including the
receipt of such notice, file with the clerk of said court the record
of such proceedings before the commission, including a transcript of
the evidence. The court, or any judge thereof, may thereupon decide
whether an appeal shall be granted or not. If granted, the com­
misson and the claimant or the claimant’s attorney shall be notified
of the fact by mail. If an appeal is granted the case shall be tried by
said court in the same manner as other cases before it, save and ex­
cept that neither the record nor briefs need be printed, and that every
such appeal granted prior to thirty days before the beginning of any
term shall be on the docket for such term, and such appeals shall have precedence over other cases on such docket. The attorney general, without extra compensation, or other counsel, if the commission see fit to employ the same, shall represent the commission on such appeal. The supreme court, on such appeal, shall determine the right of the claimant and certify its decision to the commission, and, if it determines the right in his favor, the commission shall fix his compensation within the limits and under the rules prescribed in this act. The costs of such proceedings, including a reasonable attorney’s fee, not exceeding one hundred dollars, to the claimant’s attorney, to be fixed by the court, shall be taxed against the unsuccessful party. No fees, expenses or costs shall be paid out of any compensation awarded.

Sec. 44. Such commission shall not be bound by the usual common law or statutory rules of evidence, or by any technical or formal rules of procedure, other than herein provided, but may make the investigation in such manner as in its judgment is best calculated to ascertain the substantial rights of the parties and to carry out justly and liberally the spirit of this act.

Sec. 45. The commission may make necessary expenditures to obtain statistical and other information to establish the classes provided for in section eighteen.

Sec. 46. Annually on or about the fifteenth day of September in each year, such commission, under the oath of at least two of its members, shall make a report as of the thirtieth day of June, to the governor, which shall include a statement of the number of awards made by it, and a general statement of the causes of the accidents leading to the injuries for which the awards were made; a detailed statement of all disbursements, and the condition of its fund, together with any other matters which such commission deems it proper to call to the attention of the governor, including any recommendations it may have to make, and the commission whenever required by the governor shall report to him as to any designated subject or matter, and furnish such information as may be required.

Sec. 47. The commission may sue in the circuit court of Kanawha county in its own name for any premiums owing from any employer for any part of the period intervening between notice given by such employer as hereinbefore provided of his election to pay into the fund the premiums provided by this act, and notice similarly given of the election of such employer to discontinue the payment of
such premium, and such employer shall be liable in any action so brought for such premium and interest thereon with costs.

Sec. 48. The auditor shall issue his warrant for any disbursement hereunder only when approved in writing by the chairman or acting chairman and secretary of the commission, and the chairman or acting chairman and secretary shall not issue any such approval unless authorized by the commission by an order entered of record. Whenever it shall appear that the chairman will be absent or unable to act at sessions of the commission for one week or more, another member of the commission may be designated by the commission as acting chairman during the absence or inability to act of the chairman, and during such period shall have all the duties and powers of the chairman.

Sec. 49. Any person, firm or corporation, knowingly failing to make any report or perform any duty required by the commission within the time specified, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than twenty-five hundred dollars. Any person, or firm, or the officer of any corporation, who knowingly makes a false report or statement under oath, or affidavit respecting any information required by the commission, or who shall knowingly testify falsely in any proceeding before the commission, shall be deemed guilty of perjury and upon conviction thereof shall be punished as provided by law.

Sec. 50. Any person who shall knowingly secure or attempt to secure larger compensation, or compensation for a longer term than he is entitled to, from said workmen's compensation fund, or knowingly secure or attempt to secure compensation from said fund when he is not entitled to any, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not exceeding five hundred dollars or imprisoned not exceeding twelve months, or both, in the discretion of the court, and shall, from and after such conviction, cease to receive any compensation from such fund.

Sec. 51. Whenever and as often as there shall be in the hands of the treasurer any sum belonging to the workmen's compensation fund not likely, in the opinion of the commission, to be required for immediate use, it shall be the duty of the board of public works, when called upon by the commission, to loan such sum or to invest the same in interest bearing securities, and when and as it may become necessary or expedient to use the moneys so loaned or invested the board of public works shall, when called upon by the commission,
collect or sell or otherwise realize upon any such loan or investment, and any interest accruing upon any such loan or investment, as well as any interest received upon the deposit of moneys belonging to said fund, shall be credited to said fund.

Sec. 52. The provisions of this act shall apply to employers and employees engaged in intrastate and also in interstate or foreign commerce for whom a rule of liability or method of compensation has been or may be established by the congress of the United States only to the extent that their mutual connection with intrastate work may and shall be clearly separable and distinguishable from interstate or foreign commerce, except that any such employer and any of his employees working only in this state may with the approval of the commission, and so far as not forbidden by any act of congress, voluntarily accept the provisions of this act by filing written acceptances with the commission, and such acceptances, when filed with and approved by the commission, shall subject the acceptors irrevocably to the provisions of the act to all intents and purposes as if they had been originally included in its terms. Payments of premium shall be on the basis of the pay roll of the employes who accept as aforesaid.

Sec. 53. If any employer shall be adjudicated to be outside the lawful scope of this act, the act shall not apply to him or his employe; or if any employe shall be adjudicated to be outside the lawful scope of this act, because of remoteness of his work from the hazard of his employer's work, any such adjudication shall not impair the validity of this act in other respects, and in every such case an accounting in accordance with the justice of the case shall be had of moneys received. If the provisions of this act for the creation of the fund, or the provisions of this act making the compensation to the employe provided in it exclusive of any other remedy on the part of the employe shall be held invalid, the entire act shall be thereby invalidated and an accounting according to the justice of the case shall be had of money received. In other respects an adjudication of invalidity of any part of this act shall not affect the validity of the act as a whole or any part thereof.

Sec. 54. If deemed best by it the commission may insure in any liability insurance company, or companies, authorized to do business in West Virginia, all or any part or class of, or one or more individual risks of, the liabilities of the workmen's compensation fund for any year or series of years, and apply so much as may be necessary of the
premiums collected for such year or years toward the payment of the premiums for such insurance.

Sec. 55. If the provisions of this act relating to compensation for injuries to, or death of workmen shall be repealed or adjudged invalid or unconstitutional, the period intervening between the occurrence of any injury or death and such appeal, or the final adjudication of invalidity or unconstitutionality, shall not be computed as a part of the time limited by law for the commencement of any action relating to such injuries or death, but the amount of any compensation which may have been paid on account of such injury or death, shall be deducted from any judgment for damages recovered on account of such injury or death.

Sec. 56. All acts and parts of acts in conflict with this act are hereby repealed.

(Substitute for House Bill No. 105.)

Be it enacted by the Legislature of West Virginia:

Sec. 1. All water streams within the state capable of developing electrical or other energy or power shall be under the control and supervision of the state; provided, however, nothing contained in this section shall deprive any riparian owner of any right or interfere with his exercise of the same.

Sec. 2. That all corporations hereafter organized or heretofore organized under the general laws of this state, and all corporations organized under the laws of any other state of the United States, and which have complied or may comply with the laws of this state, and which by their charter have the right to manufacture, supply and sell to the public, electrical or other energy or power, produced by water as a motive force, shall in addition to the other powers conferred by law have the following rights, powers and authority:

To acquire by condemnation the lands and rights necessary for the construction and operation of dams across any of the streams of this state, and works connected therewith or useful thereto, either up or down stream therefrom, and to construct and operate at the site thereof or other points, up or down stream therefrom, and across said stream, dams, together with all works incident, necessary or related thereto and in connection therewith: to condemn lands or easements therein for the purpose of impounding the waters of any water course or water courses of the state, or divert the same without injury to the rights of others, and to raise higher such dams, and to enlarge the works necessary, related or incident thereto, and to construct other works necessary, incident or related thereto, either up or down stream therefrom, as may be required or deemed expedient by such corporation in the manufacture and supply of electrical or other energy or power produced by water as a motive force.

To acquire by condemnation all lands or water or interests or
rights or easements in lands or waters likely or liable to be flooded or damaged by impounding or diverting the water of any water course in this state or its tributaries, or necessary for the construction or operation of dams or power houses or works necessary, incident or related thereto, or likely or liable to be flooded or damaged by the construction or operation or enlargement of the dams or works incident, necessary or related thereto, or damaged or taken in the construction or operation or use of canals, tail-races or exit-ways, necessary, useful or convenient for the escape, conveyance or return of the water used in the operation of the works or power plant; but nothing herein shall be construed to prevent free access to and from the water so impounded by any riparian owner.

To acquire by condemnation the necessary land for substations and transmission lines, and shall have no right to condemn a private residence, nor any out house, garden or orchard within the curtilage of a private residence for a sub-station site or for the right-of-way for its transmission lines, but this shall not restrict the right of such company to condemn for its dams and power stations the lands liable to be flooded thereby, any dwelling house, orchard, ferry, water-mill, mill-dam, mill-race, school house, public or private cemetery, county road or any other structure within said flooded area.

In all cases just compensation shall be paid to the owner in the manner provided by law for all property taken or damaged.

Sec. 3. Such corporations shall have the right and authority to condemn and acquire thereby any water-mill, steam-mill, mill-dam, mill-race, franchises, rights and powers, privileges and appurtenances thereto belonging, within the area of the lands and water courses liable to be flooded by its dams, but nothing contained in this section shall authorize such corporations to condemn any plant which has been constructed and is in actual operation, producing electrical energy or power by water as a motive force at the time this act takes effect.

Sec. 4. Such corporations shall have the right and authority to acquire by condemnation the right to flood public and private ferries and the approaches thereto, but said corporations in the event of acquiring said property by condemnation shall re-locate and place public ferries and the approaches thereto in a condition satisfactory to the county court of the county in which said public ferries are located, and to the court of said county or counties trying such condemnation proceedings.

Sec. 5. Such corporations shall have the right and authority to
acquire by condemnation the right to flood private roads, and shall have the right to flood public roads by first paying to the county court of the county in which the public roads are located the cost of locating and laying out and opening up other public roads in lieu thereof, satisfactory to the county court.

Sec. 6. Such corporations shall have the right to flood cemeteries, and by condemnation acquire the lands embraced therein, both as to public and private, and shall have the right to acquire by condemnation additional lands for the purpose of removing the bodies and monuments or other structures from either public or private cemeteries to such lands so acquired, and all the rights of the state of West Virginia in and to lands in such cemeteries to be flooded shall by this act be held to pass to and vest in such corporations, and the lands acquired for the removal of said cemeteries, shall thereupon vest in the state of West Virginia, and in such condemnation proceedings to acquire said cemeteries, if private, notice shall be served on the owners, if known, and if not known, notice shall be given by publication for four successive weeks as now provided by law; and abutting land owners shall also have notice of such proceedings, and may appear therein, and if public, against the cemetery association alone.

Before such corporations shall flood such cemeteries they shall remove the bodies and monuments or other structures to the lands newly acquired for such purposes, and re-inter bodies and re-set monuments under the direction and to the satisfaction of the court. The additional lands to be acquired under this section for cemetery purposes, if not agreed upon between the parties in interest as to the location, area and condition of the same shall be determined by the court in whose jurisdiction the condemnation proceedings to acquire the same have been or may be instituted.

Sec. 7. Such corporations shall have the right and authority to acquire by condemnation, casements, ways and rights-of-way, not exceeding a width of one hundred feet for the total length of such right-of-way, upon which to erect towers, poles or wire lines for the transmission, supply and sale of electrical or other energy or power produced by water as a motive force, or by steam power or otherwise; provided, such corporations shall have no right without consent to construct and operate towers, poles and wire lines upon the right-of-way of any steam or electrical railway, pipe line, telephone or telegraph company except to cross the same, and such corporations shall have the right to procure a right-of-way for crossing over any
railroad, pipe line, telephone or telegraph or other power company as provided in section eleven of chapter fifty-two of the code of West Virginia.

Sec. 8. Such corporations shall have the right and authority to erect and operate wires, poles and wire lines across public roads, subject to the reasonable regulations of the county court of the county in which said roads are located; but the court shall in all cases provide for the safety and convenience of the public.

Sec. 9. Such corporations shall have the right and authority to acquire by condemnation ways and rights-of-way not exceeding a width of one hundred feet for the purpose of constructing earth, steam and electric roads for the transportation of material, equipment and supplies required or useful in the construction, operation and maintenance of the said dams and works incidental and necessary thereto.

Sec. 10. Such corporations shall have the right and authority to condemn the lands owned by churches and their trustees, and public and private school house sites, when within the area liable or likely to be flooded, or necessary for its dam and stations.

Sec. 11. Such corporation is hereby authorized to condemn the right to flood, raise or change the location of any pipe line within the area liable or likely to be flooded or necessary for its dams; provided, that in so doing the use of such pipe lines shall not be destroyed, and such corporations shall have the right to condemn the lands necessary for raising or changing the location of such pipe line.

Sec. 12. Such corporation shall have the right and authority to remove outside of said rights-of-way such timber as may injure or endanger by shading, falling or otherwise any of its works or transmission lines, when it shall have acquired the right to do so, and for that purpose may acquire such timber by condemnation.

Sec. 13. Any dam erected in accordance with the provisions of this statute shall be considered a dam authorized by the legislature of this state at the particular site upon which the same is located.

Sec. 14. Such corporations shall be public utility corporations and shall have and exercise all the rights, powers and privileges now or hereafter conferred upon public utility corporations.

Sec. 15. The procedure for condemnation under this act shall be in the manner provided for the condemnation of lands and rights-of-way for public uses by chapter forty-two of the code of West Virginia or as may be conferred by any other statute giving the power of eminent domain to any public service corporation.

Sec. 16. Before such corporations shall exercise any of the powers
herein authorized, including the right to condemn property, or any
right of eminent domain, they shall make application to and have
the approval of the board of public works, setting forth in detail
the location of the proposed dam, or other method of impounding
water, the area and character of land that will be flooded by the
impounded water, the amount of water in gallons that will be im-
pounded, the character of the proposed dam and the horse power
that will be developed thereby. With such application shall be filed
general plans and drawings of the proposed dam, and a statement of
the character of materials to be used therein. Detailed plans, speci-
fications and drawings shall be filed with and approved by the board
of public works before the work covered thereby shall be commenced.

The board of public works shall have power to employ expert
engineers to examine and report upon such location, plans, drawings
and specifications.

The board shall require or may authorize any changes in the
location, plans, drawings and specifications of any proposed dam as
may be necessary for the protection of life and property or otherwise,
and may refuse the application if in its judgment the same should not
be granted. When the location and general plans and drawings of
any proposed dam are approved by the board of public works, it shall
then grant a permit for the appropriation, and the corporation shall
then have the right to purchase property or condemn the same for
the purposes herein set out. But no court shall enter any order
giving any corporation the right to condemn property under this
act, unless the petition affirmatively avers, and the averment supported
by competent proof, that the board of public works has approved
the location and general plans and drawings of the proposed dam.
Before making application to the board of public works, as in this
section provided, such corporation proposing to make such application,
shall give four weeks notice thereof, by publishing once in each week
in some newspaper of general circulation published in the county
wherein the proposed dam is to be located, if one be published therein,
if not, by publishing in some newspaper nearest to the location of
such dam and by written or printed notice posted at least four
weeks prior to making such application at fifty places within the
area likely to be flooded by the water to be raised by such dam. The
board of public works shall hear and consider any remonstrances
against the proposed undertaking. Such corporation shall pay to the
auditor, to be credited to the state fund, a license tax equal to one-
twelfth of one per cent for each remaining month of the fiscal year.
on its authorized capital, but which license tax shall in no event be less than at the rate of five hundred dollars, nor more than at the rate of five thousand dollars per annum. Such corporation which heretofore adopted in good faith, or which shall hereafter in good faith adopt the location of its dam or dams, power plants and probable contour lines of the water proposed to be impounded, shall have the prior right to condemn the property necessary for such dam or dams, power plants and the land within such contour lines as against any other corporation having the right of eminent domain which has not made a prior location, and the adoption thereof on such property for a public use, and has not proceeded with due diligence and in good faith to construct its works thereon; but such priority of right to condemn shall not continue for a longer term than five years from and after the date of approval by the board of public works of such location and general plans and drawings.

Any such corporation incorporated for any of the purposes mentioned in section two of this act, and which shall have in good faith located a dam for its purposes, together with the probable contour lines of the water proposed to be impounded thereby, and which shall have actually expended as much as fifty thousand dollars in the construction of said dam, shall have all the powers as to such dam and to the land and property within such contour lines conferred by this act without filing the application and obtaining the permit provided for in this section; and such corporation shall not be liable to any other penalty provided by this act for failure to make such application and obtain such permit before proceeding with the construction of such dam; but such corporation shall, within sixty days after the time this act takes effect, file with said board the plans and drawings above mentioned, and the board may require or authorize any change in such plans, drawings and specifications of such dam as shall be necessary for the protection of life and property, or otherwise, as hereinbefore provided. And said board shall have the same power as to the further construction of said dam as if it were one for which an application and permit were required under this section.

Sec. 17. The board of public works shall have the power to employ expert engineers to see that the location, plans, drawings and specifications approved by the board are fully complied with in the construction of any dam, and to make such rules and regulations necessary to carry into effect this act. The board shall have the power, whenever in its judgment public safety or welfare shall
so require, and after hearing either on its motion or on complaint, to make and serve an order directing any person, corporation, officer or board constructing, maintaining or using any dam in any of the waters of this state, to repair and complete the same within a reasonable time and in such manner as shall be specified in such order, and when in default of such repairing, to remove the same. And it shall be the duty of every such person, corporation and officer or board to obey, observe and comply with such order and with the conditions prescribed by the board for preserving the flow of streams and for safeguarding the public against danger from waters impounded by structures hereinbefore referred to, and every such person, corporation, officer or board failing, omitting or neglecting so to do, or who hereafter constructs or re-constructs any dam in any of the waters aforesaid without submitting to said board and obtaining its approval of plans for such structures, or who hereafter fails to remove, construct, or fails to re-construct the same in accordance with the plans so approved, shall forfeit to the state not to exceed five hundred dollars for each and every offense; every violation of any such order or direction or requirement shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance thereof shall be held to be a separate and distinct offense. This section shall not apply if the dam is located on private property outside of any city, town or village and is not over ten feet in height at any point above the stream bed, and is located where the average high water flow of the stream does not exceed three hundred cubic feet per second: and in any prosecution under this section the burden of establishing such facts shall rest upon the defense.

Sec. 18. The license tax hereinbefore provided for shall be paid annually on or before the first day of July until such corporation begins to sell electrical or other energy, after which the said corporation shall pay, until otherwise fixed by law, in addition to all other taxes, an annual license tax into the treasury of the state of West Virginia on or before the first day of August of each year, of one per cent on the legitimate gross income derived from the sale of electrical energy or power for the license year ending on the thirtieth day of June previous, which legitimate gross income shall be ascertained by the state tax commissioner under such rules and regulations as shall from time to time be prescribed by him. For the purpose of ascertaining such income the president, secretary or treasurer or other managing officer of such corporation shall file with such state
tax commissioner within fifteen days after the thirtieth day of June of each year, a written detail report, under oath, showing the gross legitimate income of such corporation for the year ending on the thirtieth day of June preceding the filing of such report and from what source or sources derived. The state tax commissioner is authorized, in ascertaining such legitimate gross income, to take, or cause to be taken, and to consider in addition to such report any other evidence, including the right to examine under oath, which he is hereby authorized to administer, any officer or agent of such corporation or other person. The phrase "legitimate gross income" as used in this section shall be taken to mean that income which should be derived by such corporation from the sale of its electrical or other energy or power, either within or without the state, whether direct or through any distributing or affiliated company or agency.

Any such corporation feeling itself aggrieved by the decision of the state tax commissioner as to the amount of such legitimate gross income shall have the right, within sixty days, to appeal therefrom to the circuit court of the county where it has constructed or is operating a dam or plant for the production of electrical energy or power, and such corporation, or the state tax commissioner, in the name of the state, shall have the right, within sixty days to appeal from the decision of the circuit court to the supreme court of appeals; but no appeal shall be taken by such corporation to the circuit court until it shall have paid into the treasury the license tax provided hereby upon such legitimate gross income as fixed, in the first instance, by the state tax commissioner. If from the decision of the circuit court unappealed from, or the decision of the supreme court upon appeal, the amount of such license tax shall be decreased, then the auditor shall, by warrant on the treasurer, re-pay to such corporation the difference between the license tax paid into the treasury by it and the license tax upon the legitimate gross income as found by the final decision of the court. If such license tax shall be increased by the final decision of the court, then said corporation shall pay into the treasury the difference between the license tax already paid by it and the license tax upon such legitimate gross income as found by the decision of the court. If such corporation shall fail or refuse to file such report in the time prescribed therefor, or if such corporation or any of its officers or agents shall refuse to comply with any of the provisions of this section, the state tax commissioner shall ascertain, from the best source obtainable, the amount of such
legitimate gross income upon which such license tax should be paid and no appeal shall lie from his decision.

Sec. 19. Any corporation which exercises any of the rights conferred by this act, shall be under the duty and obligation to manufacture and sell to the state and to the people thereof, to the extent of their demand, or to the limit of production, electric current or energy without unjust discrimination and in accordance with the classification now or hereafter prescribed by law, at reasonable price for the same, and in conformity with reasonable rules and regulations. The board of public works shall have power to vacate any rule or regulation which it shall hold to be unreasonable upon complaint, with right of appeal to the complainant or the corporation from the decision of the board of public works to the circuit court of Kanawha county, and an appeal from said court to the supreme court of appeals.

Sec. 20. Nothing contained in this act shall be construed to interfere with the exercise of jurisdiction by the government of the United States over navigable streams.

Sec. 21. If any license tax provided for in this act shall remain in arrears and unpaid for sixty days after the same is due, the state shall have a lien therefor prior to all other liens or claims, except for taxes, on the property of the corporation in default, and upon notice from the board of public works the attorney general shall proceed to enforce such liens by suit in the proper county and to collect such unpaid license tax in the same manner as now provided for the enforcement of any other liens in favor of the state, or a certified statement of such license tax in arrears may be placed in the hands of any sheriff and levied as execution on the property of such corporation in default, and sale under such levy may be made as provided for by law under an execution upon a judgment in favor of the state.

Sec. 22. In the construction and operation of any dam built by any such corporation, more than fifty feet in height, it shall not be required to provide for the passage of fish.

Sec. 23. If any section, or part of section of this act, hereafter, be held by any court to be unconstitutional, such decision and holding shall in no wise affect or render void the remainder of this act.

Sec. 24. When a public service commission, or public utilities commission, is created by law, all the powers and duties hereby vested in the board of public works shall be vested in such public service commission or public utilities commission.
Sec. 25. Any person or corporation which has appeared before the board of public works in behalf of or in opposition to any application of the character mentioned in this act, who believes himself injured in any material right by any decision of such board, shall have the right to appeal from such decision to the circuit court of the county in which the proposed appropriation of water is situated. Such appeal shall be heard promptly; but where the party appealing is the applicant for such appropriation, notice that it will apply for such appeal shall be given to the attorney general at least twenty days before being made.

Sec. 26. The charter or franchise of any corporation now organized or that shall be hereafter organized to engage in or carry on any business subject to the provisions of this act, shall be renewable only upon such terms and conditions as shall then be prescribed by law. Provided, however, the authority to a foreign corporation to do business in the state, under the provisions of this act, shall not exceed a term of fifty years. Such term may be extended under such provisions of law as then may be in effect upon the expiration thereof. Provided, that the state of West Virginia shall at any time after giving at least two years' notice of its intention so to do, purchase the plant and equipment of any such corporation at its actual value at the time of such purchase, excluding the franchise, which value shall be ascertained in such manner as may be hereafter provided by law.

Sec. 27. The rights conferred by this act upon corporations organized for any of the purposes mentioned in section two of this act shall always be subject to the right of any municipal corporation in this state, where a dam shall be constructed across a stream by any such corporation, to condemn water from such stream and rights-of-way for the transportation of same for public use within such municipal corporation.

Sec. 28. All acts and parts of acts inconsistent herewith are hereby repealed.

(House Bill No. 413.)

Sixth: For telegraph and telephone companies, when for public use.

Eighth: By the government of the United States, for the purpose of erecting thereon light houses, signal stations, beacons, locks, dams, works for improving navigation, post offices, custom houses, court houses, or any other needful public structure or work of improvement whatever, subject to provisions of chapter one of this code. But no land shall be so taken for cemetery purposes which lies within four hundred yards of a dwelling house, unless to extend the limits of a cemetery already located, and then only so that such limits shall not be extended nearer to any dwelling house which is within four hundred yards. But this act shall not be construed to interfere with the power of municipal corporations to enact and enforce such ordinances as may be necessary to protect the lives and property of citizens from the effects of explosions of carbon oil or natural gas.

All acts or parts of acts inconsistent with this act are hereby repealed.

Sec. 1. The word “liquors” as used in this act shall be construed to embrace all malt, vinous or spirituous liquors, wine, porter, ale, beer or any other intoxicating drink, mixture or preparation of like nature; and all malt or brewed drinks, whether intoxicating or not,
shall be deemed malt liquors within the meaning of this act; and all liquids, mixtures or preparations, whether patented or not, which will produce intoxication, and all beverages containing so much as one-half of one per centum of alcohol by volume, shall be deemed spirituous liquors, and all shall be embraced in the word "liquors," as hereinafter used in this act.

Sec. 2. Except as hereinafter provided, the manufacture, sale, keeping or storing for sale in this state, or offering or exposing for sale of liquors or absinthe or any drink compounded with absinthe, are forever prohibited in this state, except liquors manufactured prior to July first, one thousand nine hundred and fourteen, and stored in United States bonded warehouses in the custody of the United States collector of internal revenue, and the said liquors when tax paid and in transit from such warehouses to points outside of this state.

Sec. 3. Except as hereinafter provided, if any person acting for himself, or by, for or through another shall manufacture or sell or keep, store, offer or expose for sale; or solicit or receive orders for any liquors, or absinthe or any drink compounded with absinthe, he shall be deemed guilty of a misdemeanor for the first offense hereunder, and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars, and imprisoned in the county jail not less than two nor more than six months; and upon conviction of the same person for the second offense under this act, he shall be guilty of a felony and be confined in the penitentiary not less than one nor more than five years; and it shall be the duty of the prosecuting attorney in all cases to ascertain whether or not the charge made by the grand jury is the first or second offense; and if it be a second offense, it shall be so stated in the indictment returned, and the prosecuting attorney shall introduce the record evidence before the trial court of said second offense, and shall not be permitted to use his discretion in charging said second offense, or in introducing evidence and proving the same on the trial; and any person, except a common carrier, who shall act as the agent or employe of such manufacturer or such seller, or person so keeping, storing, offering or exposing for sale said liquors, or act as the agent or employe of the purchaser of such liquors, shall be deemed guilty of such manufacturing or selling, keeping, storing, offering or exposing for sale, as the case may be; and in case of a sale in which a shipment or delivery of such liquors is made by a common, or other carrier, the sale thereof shall be deemed to be
made in the county wherein the delivery thereof is made by such
carrier to the consignee, his agent or employe.

An indictment for any first offense under this section shall be
sufficient if in the form or effect following:

State of West Virginia,
County of ......................, to-wit:

In the Circuit Court of ...................... County:

The grand jurors in and for the body of the said county of
......................, upon their oaths do present that A. B.,
within one year next prior to the finding of this indictment, in the
said county of ......................, did unlawfully manufacture,
sell, offer, keep, store and expose for sale and solicit and receive
orders for liquors, and absinthe and drink compounded with absinthe,
against the peace and dignity of the state.

Sec. 4. The provisions of this act shall not be construed to prevent
any one from manufacturing for his own domestic consumption wine
or cider; or to prevent the manufacture from fruit grown exclusively
within this state of vinegar and non-intoxicating cider for use or
sale; or to prevent the manufacture and sale at wholesale to druggists
only of pure grain alcohol for medicinal, pharmaceutical, scientific
and mechanical purposes, or wine for sacramental purposes by
religious bodies; or to prevent the sale and keeping and storing for
sale by druggists of pure grain alcohol for mechanical, pharmaceutical,
medicinal and scientific purposes, or of wine for sacramental pur-
poses, by religious bodies, or any United States pharmacopoeia or national formulary preparation in conformity
with the West Virginia pharmacy law, or any preparation
which is exempted by the provisions of the national pure food law,
and the sale of which does not require the payment of a United States
liquor dealer’s tax. But no druggist shall sell any such grain alcohol
except for medicinal, scientific, pharmaceutical and mechanical pur-
poses, or wine for sacramental purposes, except as hereinafter pro-
vided, and the same shall not be sold by such druggist for medicinal
purposes, except upon a written prescription of a physician of good
standing in his profession and not of intemperate habits, or addicted
to the use of any narcotic drug, prescribing the amount of alcohol,
the disease or malady for which it is prescribed, and how it is to be
used, the name of the person for whom prescribed, the number of
previous prescriptions given by such physician to such person within
the year next preceding the date of such prescription, and stating
that the same is absolutely necessary for medicine, and not to be used as a beverage, and that such physician, at the time such prescription was given, made a personal examination of such person, and that such person is known to such physician to be of temperate habits and not addicted to the use of any narcotic drug, and only one sale shall be made upon such prescription, and such prescription shall be at all times kept on file by such druggist and open to the inspection of all state, county and municipal officers. It shall be the duty of such druggist to register in a book kept for that purpose all prescriptions from physicians mentioned in this section, stating the name of the party for whom prescribed, the date of the prescription, the name of the physician by whom the prescription is issued, the quantity of such alcohol and the use for which prescribed, and such record shall at all times be open to the same inspection as such prescriptions.

It shall be lawful for a druggist to sell grain alcohol for pharmaceutical, scientific and mechanical purposes, or wine for sacramental purposes by religious bodies, only to any person, not a minor, and who is not of intemperate habits, or addicted to the use of narcotic drugs, who shall, at the time and place of such sale, make an affidavit in writing signed by himself before such druggist, or a registered pharmacist at the time and place in the employ of such druggist, stating the quantity and the time and place and fully for what purpose and by whom such alcohol or wine is to be used; that affiant is not of intemperate habits or addicted to the use of any narcotic drug; and that such alcohol or wine is not to be used as a beverage, or for any purpose other than that stated in such affidavit. Such affidavit shall be filed and preserved by such druggist and be subject to inspection at all times by any state, county or municipal officer, and a record thereof made by such druggist in the record book mentioned in this section, showing the date of the affidavit, by whom made, the quantity of such alcohol or wine, and when, where, for what purpose and by whom to be used. Only one sale shall be made upon such affidavit, and only in the county where the same is made, and no greater quantity than is therein specified. For the purpose of this act, any druggist or registered pharmacist making such sale shall have authority to administer such oath.

If any druggist, owner of a drug store, registered pharmacist, clerk or employee shall upon such prescription or affidavit, or otherwise, knowingly sell or give any such alcohol or wine to any person who is of intemperate habits or addicted to the use of any narcotic drug, or knowingly sell or give the same to any one to be used for
any purpose other than that named in said affidavit or prescription, or who shall sell or give away any liquors without such affidavit or prescription, he shall be deemed guilty of a misdemeanor and punished by fine of not less than one hundred nor more than five hundred dollars and confined in the county jail not less than thirty days nor more than six months. In any prosecution against a druggist, owner of a drug store, registered pharmacist, clerk or employe, for selling or giving liquor contrary to law, if a sale or gift be proven, it shall be presumed that the same was unlawful in the absence of satisfactory proof to the contrary and the presentation of such prescription or affidavit by the defendant at the time of the trial for such sale or gift, shall be sufficient to rebut the presumption arising from the proof of such sale or gift. Provided, the jury shall believe, from all the evidence in the case, that such sale or gift was made in good faith under the belief that such prescription or affidavit and statements therein were true; and, provided, further, that such druggist, owner of a drug store, registered pharmacist, clerk or employe shall have complied with all other provisions of this act relating to the sale or gift.

An indictment against any druggist, registered pharmacist, clerk or employe, for any offense committed under the provisions of this section, shall be sufficient, if in the form and effect following:

State of West Virginia,

County of ......................, to-wit:

In the Circuit Court of said County:

The grand jurors in and for the body of said county of ............ ............................................, upon their oaths do present that A. B., within one year next prior to the finding of this indictment, in the said county of ............ did unlawfully sell, give, offer, expose, keep and store for sale and gift, liquors, against the peace and dignity of the state.

Sec. 5. If any person who is of intemperate habits or addicted to the use of any narcotic drug shall make the affidavit mentioned in the preceding section, or if any person making such affidavit shall use as a beverage, or for any purpose, or at any place other than that stated in such affidavit, or shall knowingly permit another to do so, said alcohol or wine, or any part thereof, or shall knowingly make any false statement in such affidavit, he shall be guilty of a misdemeanor and upon conviction be punished by a fine of not less than one hundred nor more than five hundred dollars, and be confined in the county jail not less than two nor more than six months for the
first offense hereunder; and for the second offense he shall be deemed guilty of a felony and punished by confinement in the penitentiary not less than one nor more than five years.

And if any physician who is not in good standing in his profession, or who is of intemperate habits, or who is addicted to the use of any narcotic drug, shall issue any such prescription as is mentioned in the last preceding section; or if any physician shall issue such prescription without, at the time, making a personal examination of the person for whom the liquor is prescribed, or shall prescribe for any person who is in the habit of drinking to intoxication and whom he knows, or has reason to believe is in the habit of drinking to intoxication, or shall give such prescription and make the statements therein required, or any part thereof, falsely, he shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than one hundred nor more than five hundred dollars and imprisoned in the county jail not less than thirty days nor more than six months, and in addition thereto, for the first offense under this statute, the court may, in its discretion, suspend the license of such physician for a period of six months and for each offense thereafter the court shall suspend such license for a period of six months.

Sec. 6. Every person who shall directly or indirectly keep or maintain by himself or by associating with others, or who shall in any manner aid, assist or abet in keeping or maintaining any club house, or other place in which any liquor is received or kept for the purpose of use, gift, barter or sold as a beverage, or for distribution or division among the members of any club or association by any means whatsoever; and every person who shall use, barter, sell or give away, or assist or abet in bartering, selling or giving away any liquors so received or kept, shall be deemed guilty of a misdemeanor and upon conviction thereof be punished by fine of not less than one hundred nor more than five hundred dollars and by imprisonment in the county jail not less than thirty days nor more than six months; and in all cases the members, share-holders or associates in any club or association mentioned in this section, shall be competent witnesses to prove any violations of the provisions of this section, or of this act, or of any fact tending thereto; and no person shall be excused from testifying as to any offense committed by another against any of the provisions of this act by reason of his testimony tending to criminate himself, but the testimony given by such person shall in no case be used against him.

Sec. 7. The keeping or giving away of intoxicating liquors, or
any shifts or devices whatever, to evade the provisions of this act, shall be deemed an unlawful selling within the provisions of this act.

Sec. 8. If any person shall advertise or give notice by signs, bill board, newspapers, periodicals or otherwise for himself or another of the sale or keeping for sale of liquors, or shall circulate or distribute any price-lists, circulars or order blanks advertising liquors or publish any newspaper, magazine, periodical or other written or printed papers, in which such advertisements or notices are given, or shall permit any such notices, or any advertisement of liquors (including bill boards) to be posted upon his premises, or premises under his control, or shall permit the same to so remain upon such premises, he shall be guilty of a misdemeanor and be fined not less than one hundred nor more than five hundred dollars.

Sec. 9. Every justice of the peace and every circuit, criminal or intermediate court, or the judges thereof in vacation, and every mayor of any city, town or village, upon information made under oath or examination that any person is manufacturing, selling, offering, or exposing, keeping or storing for sale or barter, contrary to law, any liquors, or that the affiant has cause to believe and does believe that such liquors so manufactured, sold, offered, kept or stored for sale or barter in any house, building or other place named therein, contrary to the provisions in this act, shall issue his warrant requiring the person suspected to be brought before him for examination, or the said house, building or other place to be searched, and the parties found therein to be arrested and brought before him as aforesaid; and requiring the officer to whom it is directed to summon such witnesses as shall be therein named, or whose names are endorsed thereon to appear and give evidence on the examination, and in the same warrant shall require the officer to whom it is directed to seize and hold all liquors found therein, also vessels, bar fixtures, screens, glasses, bottles, jugs and other appurtenances apparently used in the sale, keeping or storing of such liquors contrary to law.

Sec. 10. If, upon examination of such person, it shall appear to such justice, court, judge or mayor, that there is probable cause to believe him guilty of the offense charged, the accused shall be required to enter into a recognizance, with sufficient securities, in the sum of not less than five hundred dollars, to appear before the next term of the circuit or criminal or intermediate court of the county having jurisdiction, to answer an indictment if one be preferred against him; and upon his failure to enter into such recognizance, the justice, court, judge or mayor shall commit him to jail to answer such indict-
ment. All material witnesses shall also be recognized, with or without sureties, as such justice, court, judge or mayor may deem proper, to appear before the grand jury at the next term of such court and give evidence against the accused, and such justice, court, judge or mayor shall require the accused to give bond with sufficient security in the sum of five hundred dollars conditioned that he will not violate any of the provisions of this act during the time intervening between the date of such bond and the adjournment of the next grand jury term of said circuit or criminal or intermediate court of the county; and upon his failure to give such bond, the justice, court, judge or mayor shall commit him to jail until such bond is given or until he is discharged therefrom by the circuit or intermediate court of the county.

Sec. 11. Whenever liquors shall be seized in any room, building or place which has been searched under the provisions of this act, the finding of such liquors in such room or of a government license therein shall be prima facie evidence of the unlawful selling, and keeping and storing for sale of the same by the person, or persons, occupying such premises, or by any person named in any government license posted in such room, or his associates, agents or employees thereunder, and the proprietor or other persons in charge of the premises where such liquor was found, or who is so named in such government license, and his associates, shall be subject to trial by due process of law on the charge of selling or keeping or storing for sale unlawfully such liquor, under the indictment and form prescribed in section three of this act, and upon his conviction of selling, offering, storing or exposing for sale such liquor unlawfully, the liquor found upon said premises shall at once be publicly destroyed by some responsible person to be appointed by the court.

Sec. 12. If in such house, building or place, as is hereinbefore mentioned, the sale, offering, storing or exposing for sale of liquors is carried on clandestinely, or in such manner that the person so selling, offering, exposing, keeping or storing for sale, cannot be seen or identified by the officer or officers charged with the execution of a warrant issued under sections ten and eleven of this act, any such officer may, whenever it is necessary for the arrest or identification of the person so offending, or the seizing of such liquor, break open and enter such house, building or place.

Sec. 13. The payment of the special tax required of liquor dealers by the United States by any person, or persons other than druggists, within the state, shall be prima facie evidence that such person, or
persons, are engaged in keeping and selling, offering and exposing for sale, liquors contrary to the laws of this state, and a certificate from the collector of internal revenue, his agents, clerks or deputies, showing the payment of such tax, and the name or names of person to whom issued, and the names of the person or persons, if any, associated with the person to whom such tax receipt is issued, shall be sufficient evidence of the payment of such tax, and of the association of such persons for the selling and keeping, offering and exposing for sale of liquors contrary to the provisions of this act in all trials or legal inquiries.

Sec. 14. All houses, boat houses, buildings, club rooms and places of every description, including drug stores, where intoxicating liquors are manufactured, stored, sold or vended, given away, or furnished contrary to law (including those in which clubs, orders or associations sell, barter, give away, distribute or dispense intoxicating liquors to their members, by any means or device whatever, as provided in section six of this act) shall be held, taken and deemed common and public nuisances. And any person who shall maintain, or shall aid or abet, or knowingly be associated with others in maintaining such common and public nuisance, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred nor more than five hundred dollars, and by imprisonment in the county jail not less than thirty days nor more than six months for each offense, and judgment shall be given that such house, building or other place, or any room therein, be abated or closed up as a place for the sale or keeping of such liquors contrary to law, as the court may determine.

Sec. 15. The state tax commissioner shall be ex officio state commissioner of prohibition. Wherever the word "commissioner" is used in this act, it shall mean and be taken to mean the state commissioner of prohibition.

Sec. 16. It shall be the duty of the commissioner, his deputies and agents, to superintend the enforcement of all provisions of this act, and of laws of this state affecting the manufacture, sale, keeping, exposing or offering for sale, or giving or soliciting or receiving orders for liquors, or laws connected in any way with the liquor traffic, to diligently inform themselves of all violations of such laws and either make report thereof to the prosecuting attorney of the proper county, who shall forthwith prosecute the same as provided by law, or said commissioner, his agents or deputies, shall make complaint of any violations of any such laws before the proper court.
or committing justice, and conduct the prosecution thereof in any
court in the state having jurisdiction of such matters; and for the
purpose of enforcing such laws, the said commissioner, his agents and
deputies, shall have all the powers now vested in the prosecuting
attorneys of this state and the attorney general thereof, and of
sheriffs, their deputies, and constables and police officers of the state.
Provided, that nothing in this act shall be construed to take from such
prosecuting attorneys or the attorney general, or his assistants, any
of the powers now conferred upon them by law, except as herein pro-
vided, or to relieve any of the said officers from any duty imposed
upon him by any statute of this state.

Sec. 17. The commissioner, his agents and deputies, and the
attorney general, prosecuting attorney, or any citizen of the county
where such a nuisance as is defined in section fourteen of this act
exists, or is kept or maintained, may maintain a suit in equity in the
name of the state to abate and perpetually enjoin the same, and
courts of equity shall have jurisdiction thereof. The injunction
shall be granted at the commencement of the action and no bond shall
be required.

It shall not be necessary for the court to find that the premises
involved were being unlawfully used as aforesaid at the time of the
hearing, but on finding that the material allegations of the bill are
true, the court shall order that no liquors shall be sold, bartered,
given away, distributed, dispensed or stored in such house, building,
boat house, club room or other place, nor in any part thereof, for a
period of not to exceed one year in the discretion of the court from
and after such finding, in case of a drug store; in other cases the
order for abatement shall be perpetual.

Any person violating the terms of any injunction granted in pro-
ceedings hereunder shall be punished for contempt summarily by
the court without the impanelling of any jury to try the same, by a
fine of not less than one hundred nor more than five hundred dollars,
and by imprisonment in the county jail not less than thirty days nor
more than six months, in the discretion of the court or judge thereof
in vacation. In case decree is rendered in favor of the plaintiff in
any action brought under the provisions of this section, the court
entering the same shall also enter decree for a reasonable attorney's
fee in such action in favor of the plaintiff against the defendants
therein, which attorney's fee shall be taxed and collected as other
costs therein, and when collected paid to the attorney, or attorneys of the plaintiff therein.

Sec. 18. In addition to the penalties prescribed for violation of any of the provisions of sections two to sixteen, inclusive, of this act, the court may in its discretion, when such conviction is had, require the defendant to execute bond with good security to be approved by the court or clerk thereof, in the penalty of one thousand dollars, conditioned not to violate any of the provisions of any of said sections for the term of two years, and in default of such bond may commit the defendant to jail for said term of two years, unless such bond be sooner given.

Sec. 19. All express companies, railroad companies and transportation companies within this state are hereby required to keep books in which shall be entered immediately upon receipt thereof the name of every person to whom liquors are shipped; the amount and kind received; the date when delivered, and by whom, and to whom delivered, after which record shall be a blank space in which the consignee shall be required to sign his name in person to such record, which book shall be open to the inspection of any state, county or municipal officer in this state, at any time during business hours of the company. Such books shall constitute prima facie evidence of the facts therein stated, and be admissible as evidence in any court in this state having jurisdiction, or in any manner empowered with the enforcement of the provisions of this act. Any employee or agent of any express company, railroad company or transportation company knowingly failing or refusing to comply with the provisions of this section, shall be guilty of a misdemeanor and punished by a fine of not less than fifty nor more than one hundred dollars and may be imprisoned in the county jail not less than thirty days nor more than six months.

Sec. 20. Any citizen or organization within this state may employ an attorney to assist the prosecuting attorney to perform his duties under this act, and such attorney shall be recognized by the prosecuting attorney and the court as associate counsel in the proceedings; and no prosecution shall be dismissed over the objection of such associate counsel until the reasons of such prosecuting attorney for such dismissal, together with the objections thereof of such associate counsel, shall have been filed in writing, argued by counsel and fully considered by the court.

Sec. 21. The prosecuting attorney of any county, with the approval of the governor, or of the court of the county vested with authority
to try criminal offenses, or of the judge thereof in vacation, may, within his discretion, offer rewards for the apprehension of persons charged with crime, or may expend money for the detection of crime. Any money expended under this section shall, when approved by the prosecuting attorney, be paid out of the county fund in the same manner as other county expenses are paid.

Sec. 22. In all cases arising under this statute the state shall have the right to appeal.

Sec. 23. This entire act shall be deemed an exercise of the police powers of the state for the protection of public health, peace and morals, and all of its provisions shall be liberally construed for the attainment of that purpose.

Sec. 24. The manufacture of alcohol, wine and liquors, and the sale of the same by the manufacturer and by wholesale druggists, shall be under the supervision of the commissioner and under such rules and regulations as he may from time to time prescribe.

Sec. 25. Paragraphs b, c, d, h and y of section one, and section ten, section forty, section sixty-six, section seventy-four, section seventy-seven, sections eighty-seven, eighty-eight, eighty-eight-a, section ninety-two and section one hundred and twenty-a of the code of one thousand nine hundred and six, as amended and re-enacted by chapter eighty-two of the acts of one thousand nine hundred and seven, and sections eighty-seven, eighty-seven-a and section one hundred and twenty-a of chapter sixty-eight of the acts of one thousand nine hundred and nine, and all other acts and parts of act inconsistent with the provisions of this act are hereby repealed.

Sec. 26. All of the provisions of this act shall take effect on the first day of July, one thousand nine hundred and fourteen.

(SENATE BILL NO. 1.)

CHAPTER 14.

AN ACT to prevent the introduction and spread and to provide for the control of the San Jose scale and other dangerous insects and dangerously injurious plant diseases affecting nursery, orchard, forest and shade trees, shrubs, vines, cuttings, seeds and bulbs, or affecting plants or parts of plants of any kind or such as may harbor such injurious insect pests or plant diseases, and repealing chapter seventy-two of the acts of the legislature of one thousand nine hundred and seven.
Be it enacted by the Legislature of West Virginia:

Sec. 1. That the director of the West Virginia agricultural experiment station, the commissioner of agriculture, and the president of the West Virginia horticultural society are hereby created, ex officio, a state crop pest commission with powers and duties as hereinafter provided. Said commission shall appoint the entomologist of the West Virginia agricultural experiment station as state entomologist and plant pathologist, hereinafter called state entomologist, and such assistants as may be necessary, who shall, acting under the authority of said commission be charged with and perform such duties as are hereinafter specified. This state crop pest commission shall, from time to time, after due consideration, prepare a list of such dangerously injurious insect pests and diseases of plants affecting nursery, orchard, forest, and shade trees, shrubs, vines, cuttings, seeds, and bulbs, or affecting plants or parts of plants of any kind, or such plants or products of plants as may harbor such injurious insects or plant diseases, as may properly within its judgment and the judgment of the state entomologist, be controlled or eradicated, and they shall cause such list to be published, along with particular specifications as to the nature and appearance of, and the manner in which said pests are generally disseminated. The state crop pest commission shall, at the same time, provide rules and regulations under which the state entomologist shall proceed to investigate, control, eradicate, and prevent the dissemination of the said insect pests and plant diseases and to treat or destroy such plants or parts of plants or products of plants as may harbor such injurious insects and plant diseases, as far as may be possible, and these rules and
regulations shall have the full force and effect of law so far as they conform to this act and the general laws of this state and of the United States; and any person, persons, firm or corporation who fails or refuses to comply with the orders or directions issued in writing under regulations provided by the state crop pest commission, shall upon conviction thereof, be fined in the sum of not less than ten nor more than twenty-five dollars for each failure or refusal.

Sec. 2. The state crop pest commission shall have power to provide quarantine rules and regulations concerning the transportation and sale of all plants, or parts of plants, commonly known as nursery stock, within this state. They shall also have like power to provide like rules and regulations in regard to all plants or parts of plants commonly known as nursery stock, entering this state from without, and these rules and regulations shall be enforced by the state entomologist or his duly authorized assistants.

Sec. 3. It shall be the duty of this commission to provide for the annual inspection of all nursery stock grown within the state prior to October first of each year, by the state entomologist or his assistants, who shall issue a certificate stating the nursery to be apparently free from insect pests and plant diseases to the owners of all nurseries found entitled to the same, and it shall further provide regulations under which nursery stock brought into the state may be sold under the above provided certificates, and in accordance with the further provisions of this act. It shall be unlawful after the promulgation of the rules and regulations provided for in this act for any person, persons, firm, corporation or common carriers to transport by land or water, plants or parts of plants commonly known as nursery stock, in violation of the same, and every such offense shall constitute a misdemeanor, and upon conviction thereof, the person, persons, firm or corporation, or common carrier so convicted shall be fined in the sum of not less than fifty dollars nor more than one hundred dollars for each and every violation of this act.

Sec. 4. The state entomologist, or any of his assistants, or a local inspector as hereinafter provided, shall have power under the rules and regulations of said commission to determine the nature and method of the treatment to which any infested plants, parts of plants, or plants harboring dangerously injurious insects or plant diseases shall be subjected, and he shall report his findings in print or writing, giving reasons therefor, to the owner of the infested plants, his agents or tenants, and a copy of such report shall be sub-
mitted to the commission, and there shall accompany each and every such report specific directions as to the treatment of the infested plants, or parts of plants, or plants harboring such dangerously injurious insects or plant diseases, which directions may be in printing or writing. In case of objection to the finding of the state entomologist or an assistant or local inspector, an appeal shall lie to the said commission, whose decision shall be final; such appeal must be taken within seven days from the receipt of such report, and shall act as a stay of proceedings until it is heard and decided.

Sec. 5. Upon the receipt of the report of the state entomologist, an assistant, or local inspector, the treatment prescribed shall be executed at once, unless appeal is taken, under the supervision of the state entomologist, an assistant, or local inspector, the cost of material and labor to be borne by the owner of the premises.

Sec. 6. Should any of the officers aforesaid, through their assistants or employes, or by any notification whatsoever, find any trees, vines, shrubs, plants or parts of plants infested or diseased with, or harboring, insects or diseases published by the state crop pest commission as dangerously injurious, the aforesaid officers shall mark or tag in some conspicuous way all trees, vines, shrubs, plants or parts of plants infested with or harboring the aforesaid insects or diseases, and shall give notice in writing to the owner or owners, tenant or persons in charge of such premises of the conditions thereof; and thereupon, if such person or persons so notified, shall not within ten days after notification destroy or treat the same in accordance with the rules and regulations of the state crop pest commission, which regulations shall accompany said notice, a copy of which rules and regulations shall be sent upon application to any person, then the state crop pest commission shall, through its officers, assistants or employes destroy or treat all such trees, vines, shrubs, plants or parts of plants. Whenever any such infestation shall exist at any place, within or on the property of any non-resident, or on any property the owner or owners of which cannot be found within the county after diligent search by the state entomologist or his assistants or a local inspector, or on the property of any owner or owners upon whom the notice aforesaid has been served, and who shall refuse or neglect to eradicate the same within the time specified, it shall be the duty of the state entomologist to cause said infestation to be at once removed by eradicating or destroying said plant diseases or injurious insects, their eggs or larvae, or by destroying any trees, vines, shrubs, plants or parts of plants harboring the same. The necessary expense
thereof shall be paid by the owner or owners of the real estate from which said infestation has been removed in pursuance of this act. The state entomologist or his assistant or a local inspector shall serve or cause to be served upon said owner or any one in possession and in charge of such real estate, a notice stating the amount of said charge, and further stating that if said charge be not paid to the sheriff of the county wherein said real estate is located within twenty days from the date of the service of said notice, that the same shall become a lien upon the real estate. Copy of said notice, including the amount of said charge together with the proof of service, shall be at once filed with the sheriff, and if said amount is not paid to the sheriff within the time therein stated, said amount shall become a lien against said real estate and shall be collected as delinquent taxes are collected, and said real estate shall be sold for the non-payment of said charges the same as may now or may hereafter be provided by law for sale of real estate for delinquent taxes, and the county court shall order the sheriff to pay such charges out of the general fund of said county; and when said amount is collected by the sheriff it shall be paid back into the general fund of said county. The sheriff shall forward to the state treasurer on the first of each month all amounts thus received. These amounts shall be paid into the general fund of the state crop pest commission.

Sec. 7. The said crop pest commission, its agents or employes, are hereby empowered with authority to enter upon any public or private premises for the purpose of inspecting, destroying or treating insects or plant diseases determined and published by the state crop pest commission to be dangerously injurious, or such trees, vines, shrubs, plants or parts of plants as may harbor such injurious insect pests or plant diseases as prescribed in section one of this act. Any person, persons, firm or corporation who shall obstruct or hinder it or its agents in the discharge of their duties shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty dollars nor more than fifty dollars for each such offense.

Sec. 8. It shall be unlawful to deliver or give away within the boundaries of this state plants or parts of plants commonly known as nursery stock which have not been duly inspected in accordance with the provisions of this act and do not carry plainly attached to each car load, box, bale or package a copy of a certificate as herein provided, except that in case of nursery stock shipped into the state from without, the state crop pest commission shall provide by regu-
lation for the acceptance of proper certificates from other states, and when so accepted it shall issue an official tag designating the fact, which tag must be attached to all such shipments; but no nursery stock shall be sold or shipped under the certificate issued as provided herein that was not raised in the nursery for or to which the said certificate was issued until such stock has been duly examined as provided herein and found to be apparently free from any dangerously injurious insect pest or plant disease.

All transportation companies bringing nursery stock into this state shall immediately, upon receiving such consignment, notify the state entomologist of the fact that such consignment is in their possession or is enroute to some point within the state and give the names of the consignor and consignee, the point of shipment and the destination of such consignment, and the name of the transportation company bringing such stock, and shall make such further report relative to such shipment as the state crop pest commission may from time to time require.

Each and every violation of this section shall constitute a misdemeanor and upon conviction thereof any person, persons, firm or corporation so convicted shall be fined in a sum not less than twenty-five dollars nor more than fifty dollars. This section shall not be so construed as to affect the action of common carriers in the transportation of nursery stock under the provision of interstate commerce.

Sec. 9. Upon a petition signed by ten freeholders of any city, county or magisterial district, it shall be the duty of the state entomologist, in person or by an assistant, to make a preliminary investigation of the locality from which the petition is received, to ascertain if any trees or plants be infested with or harbor the insect known as the San Jose scale or any other dangerously injurious insects or plant diseases as determined by the state crop pest commission under section one of this act. If, upon such preliminary investigation, it shall appear that the San Jose scale or such other dangerously injurious insects or plant diseases as above mentioned are present in the territory examined, the state entomologist may appoint a local inspector, and order a full inspection of such city, county or magisterial district to discover and locate all infested premises; and the local inspector shall report the result of such further inspection to the owners of all infested premises and shall give notice to destroy or treat the same as provided in section six of this act.

Sec. 10. The county court of any county or the city council of any city in which a local inspector has been appointed shall fix the com-
Compensation of such local inspector, whose pay, however, shall not in any case be less than two dollars for each day’s work, and said local inspector shall file before the said county court or city council from time to time an itemized account of the expenses and costs incurred in the performance of his duties, and a statement of the days actually occupied in the performance of the duties hereinbefore prescribed, and the same shall be allowed him and paid as other claims against the county or city, not to exceed two hundred and fifty dollars in any one year; but the county court of any county or the council of any city may pay any sum in excess of two hundred and fifty dollars which it may deem proper.

Sec. 11. It shall be the duty of the state entomologist, either in person or by an assistant or local inspector to supervise and direct the execution of any recommendations made under the provisions of this act, and all expenses of treatment, control and eradication of any infested trees or plants shall be borne by the owner of the premises upon which the same are located as provided for in sections four, five and six of this act.

Sec. 12. From and after the first day of July, one thousand nine hundred and thirteen, it shall be unlawful for any person, persons, firm or corporation either for himself or as agent for another to offer for sale, sell, deliver or give away within the bounds of this state, any plants or parts of plants commonly known as nursery stock unless such person, persons, firm or corporation shall have first procured from the state auditor a certificate of registration, which certificate shall contain such rules and regulations concerning the sale of nursery stock as the state crop pest commission may prescribe, and be approved and countersigned by the state entomologist, who shall have full power, and is hereby authorized and required to cancel and withdraw any certificate upon satisfactory evidence that any rules and regulations governing the sale of nursery stock within this state have been violated by the holder of the same. The state auditor shall not issue any certificate of registration except upon the payment of the sum of five dollars, and shall forward all certificates to the state entomologist for his approval before allowing the same to the party making application therefor, and all such certificates as may be granted shall expire and become null and void one year from the date of issue thereof, and any person, persons, firm or corporation either for himself or as an agent for another who shall sell, offer for sale, deliver or give away any plants or parts of plants commonly
known as nursery stock without exhibiting a copy of the certificate of registration as herein provided for, to each and every person to whom he shall sell, offer for sale, deliver or give away any such plants or parts of plants shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty dollars nor more than one hundred dollars for each offense. It shall be the duty of the prosecuting attorney of the county wherein the offense is committed to prosecute all violations of this act, and all amounts recovered as fines for violations of this act shall be paid over to the state treasury.

Sec. 13. The state auditor shall set aside and reserve all moneys coming into his hands in pursuance of the provisions of this act, and shall from time to time draw his warrant for the same in favor of the crop pest commission in payment of services and expenses incurred in the inspection of the various nurseries of the state, and the inspection of nursery plants sold by agents representing nurseries from without this state.

Sec. 14. All charges against any appropriations for or funds of the state crop pest commission shall be upon properly itemized vouchers, as may be prescribed by the state board of control, and shall be certified by the director of the West Virginia agricultural experiment station, who shall be chairman of the state crop pest commission, and by the state board of control. The said commission shall cause to be made a biennial report to the governor of the state, giving in detail its operations and expenditures under this act, on or before December first of each year, and it shall be the duty of the state printer to print the same in such numbers as the governor may direct, and the cost of such printing shall be paid out of the general printing fund of the state.

Sec. 15. Chapter seventy-two of the acts of one thousand nine hundred and seven, known as the San Jose scale law and all other acts or parts of acts inconsistent with this act are hereby repealed.

(Senate Bill No. 13.)

CHAPTER 15.

AN ACT to regulate and provide for the supervision of investment companies, and prevent the sale of worthless securities.
Be it enacted by the Legislature of West Virginia:

Sec. 1. Every corporation, every co-partnership, every company, every individual and every association, (other than state and national banks, surety or guaranty companies, trust companies, and duly authorized insurance companies, real estate mortgage companies, dealing exclusively in real estate mortgage notes, building and loan associations, and corporations not organized for profit), organized or which shall be organized in this state, whether incorporated or unincorporated, which sell or negotiate for the sale of any stocks, bonds, debentures, or other securities of any kind or character other than bonds of the United States, or of some county, district or municipality of the state of West Virginia, and notes secured by mortgages on real estate located in this state, to any person or persons in the state of West Virginia, shall be known for the purpose of this act as a domestic investment company. Every such investment company organized in any other state, territory or government shall be known for the purpose of this act as a foreign investment company. In all respects, other than those covered by this act, such foreign investment companies shall be governed by the law of this state applicable to non-resident corporations.

Sec. 2. Before offering or attempting to sell any stocks, bonds, debentures, or other securities of any kind or character, other than those specifically exempted in section one of this act, to any person or persons, or transacting any business whatever in this state, except that of preparing the documents hereinafter required, every such investment company, domestic or foreign, shall file in the office of the auditor of this state, together with a filing fee of two dollars and
fifty cents, the following documents, viz: a statement showing in
full detail the plan upon which it proposes to transact business; a
copy of all contracts, bonds, or other instruments which it proposes
to make with, or sell to, its contributors; a statement which shall
show the name and location of the investment company, and an
itemized account of its actual financial condition, and the amount
and location of its property and liabilities, and such other informa-
tion touching its affairs as said auditor may require. If such in-
vestments company shall be a co-partnership or an incorporated as-
sociation, it shall also file with the auditor a copy of its articles
of co-partnership or association, and all other papers pertaining to
its organization, and if it be a corporation organized under the laws
of this state, it shall also file with the auditor a copy of its articles
of incorporation, constitution and by-laws, of any and all resolutions
under which any contracts are to be made with contributors, or
securities issued for sale, and all other papers pertaining to its or-
ganization. If it shall be an investment company organized under
the laws of any other state, territory or government, incorporated or
unincorporated, it shall also file with the said auditor a copy of the
laws of said state, territory or government, under which it exists or
is incorporated, and also a copy of its charter, articles of incorpo-
ration, constitution and by-laws and all amendments thereof which
have been made, and all other papers pertaining to its organization.
No investment company which is a non-resident corporation shall be
entitled to receive the license to transact business in this state pro-
vided by law until it shall have complied in all respects with the
provisions and requirements of this act.

Sec. 3. All of the above described papers shall be verified by the
oath of a member of the co-partnership or company, if it be a co-
partnership or company, or by the oath of a duly authorized officer, if
it be an incorporated or unincorporated association. All such papers,
however, as are recorded, or are on file, in any public office shall
be further certified to by the officer of whose record or archives they
form a part, as being correct copies of such record or archives.

Sec. 4. Every foreign investment company shall also file with the
auditor its written consent, irrevocable, that actions may be com-
nenced against it in the proper court of any county in this state,
in which a cause of action may arise, or in which the plaintiff in such
suit may reside, by the service of process on the auditor of this
state, and stipulating and agreeing that such service of process on
such auditor shall be taken and held in all courts to be as valid and
binding as if due service had been made upon the company itself, according to the laws of this or any other state, and further expressly authorizing such auditor to accept service of any process, order or notice against such company, issued from any court in this state, and agreeing that such acceptance of service shall have like force and effect as is above provided for service thereof upon such auditor, and such instrument shall be authenticated by the seal of said foreign investment company and by the signature of a member of the co-partnership or company, if it be a co-partnership or company, or by the signatures of the president and secretary of the incorporated or unincorporated association, if it be an incorporated or unincorporated association, and shall be accompanied by a duly certified copy of the order or resolution of the board of directors, trustees or managers of the corporation or association authorizing the said president and secretary to execute the same.

Sec. 5. It shall be the duty of the auditor to examine the statement and documents so filed, and if said auditor shall deem it advisable he shall have made a detailed examination of such investment company's affairs, which examination shall be made under the supervision of said auditor, and such examination shall be at the expense of such investment company, as hereinafter provided. And if the said auditor, upon his investigation, finds that such investment company is solvent, that its articles of incorporation or association, its constitution and by-laws, its proposed plan of business and proposed contract or securities contain and provide for a fair, just and equitable plan for the transaction of business, and in his judgment promises a fair return on the stocks, bonds, debentures and other securities by it offered for sale, said auditor shall issue to such investment company a statement reciting that such company has complied with the provisions of this act; that detailed information in regard to the company and its securities is on file in the auditor's office for public inspection and information; that such investment company is permitted to do business in this state; and such statement shall also recite in bold type that such auditor in no wise recommends the securities to be offered for sale by such investment or security company. But if said auditor finds that such articles of incorporation, or association, charter, constitution and by-laws, plan of business, or proposed contract contain any provisions that are unfair, unjust, inequitable or oppressive to any class of contributors, or if he decides from his investigation of its affairs that such investment company is not solvent and does not intend to do a fair and
honest business, and in his judgment does not promise a fair return on the stocks, bonds, debentures, or other securities by it offered for sale, then he shall notify such investment company in writing of his findings, and it shall be unlawful for such company to do any further business in this state until it shall so change its constitution and by-laws, articles of incorporation or association, its proposed plan of business and proposed contract, and its general financial condition, in such manner as to satisfy the auditor that it is solvent, and its articles of incorporation or association, its constitution and by-laws, its proposed plan of business, and proposed contract are bona fide, and provide for a fair, just and equitable plan for the transaction of business, and does in his judgment promise a fair return on the stocks, bonds and other securities by it offered for sale. All expenses paid or incurred and all fees or charges received or acquired for the filing and examination of any report required hereunder, or for any examination authorized to be made hereunder, shall be reported in detail by the said auditor, and a full account rendered and made thereof.

Sec. 6. It shall not be lawful for any investment company, either as principal or agent, to transact any business in form or character similar to that set forth in section one of this act, except as provided in section two, until it shall have filed the papers and documents, and received from the auditor the statement above provided for. No amendment of the charter, article of incorporation, or constitution and by-laws of any such investment company shall become operative until a copy of the same has been filed with the auditor of this state as provided in regard to the original filing of charters, articles of incorporation, constitution and by-laws, nor shall it be lawful for any such investment company to transact business on any other plan than that set forth in the statement required to be filed by section two of this act, or to make any contracts other than the one shown in the copy of the proposed contract required to be filed by section two of this act, until a written statement showing in full detail the proposed new plan of transacting business, and a copy of the proposed new contract shall have been filed with the auditor in like manner as provided in regard to the original plan of business and proposed contract, and the consent of the auditor obtained to the proposed change in the plan or contract.

Sec. 7. Any investment company may appoint one or more agents, but no such agent shall do any business for said investment company in this state until he shall first register with the auditor of this
state as agent for such investment company, and for each of said registrations there shall be paid to the auditor the sum of one dollar. Such registration shall entitle such agent to represent said investment company as its agent until the first day of July following, unless such authority is sooner revoked by the auditor; and such authority shall be subject to revocation at any time by said auditor upon notice to the holder for cause appearing to him sufficient.

Sec. 8. Every investment company, domestic or foreign, shall file at the close of business on June thirtieth and December thirty-first of each year, and at such other times as may be required by the auditor, a statement verified by the oath of at least two members of the co-partnership or company, if it be a co-partnership or company, or by the oath of a duly authorized officer, if it be an incorporated or unincorporated association, setting forth in such form as may be prescribed by the said auditor, its financial condition and the amount and description of its assets and liabilities, and furnishing such other information concerning its affairs as said auditor may require. Each regular statement of June thirtieth and December thirty-first shall be accompanied by a filing fee of two dollars. Any investment company failing to file its report at the close of business on June thirtieth and December thirty-first of each year within ten days of that date, or failing to file any other or special report herein provided for within thirty days after the issuance by the auditor of notice or request therefor, shall forfeit its right to do business in this state, and the auditor shall thereupon revoke the statement in favor of such company provided for in section five of this act.

Sec. 9. The general accounts of every investment company, domestic or foreign, doing business in this state, shall be kept by double entry, and such company, its co-partners or managing officers, shall at least once a month make a trial balance of such accounts, which shall be recorded in a book provided for that purpose; such trial balance and all other books and accounts of such company shall at all times during business hours, except on Sundays and legal holidays, be open to the inspection of stockholders and investors in said company, or investors in the stocks, bonds or other securities by it sold or offered for sale, and to the state auditor and his assistants.

Sec. 10. The auditor of this state shall have general supervision and control, as provided by this act, over any and all investment companies, domestic or foreign, doing business in this state, and all such investment companies shall be subject to examination by the said auditor, or his duly authorized assistants, at any time the said
auditor may deem it advisable. The rights, powers and privileges of the state auditor in connection with such examinations shall be the same in all respects as is now provided with reference to the examination of insurance companies; and such investment company shall pay the expense of such examination, and the failure or refusal of any investment company to pay such expense, upon the demand of the auditor or his assistant, shall work a forfeiture of its right to do business in this state.

Sec. 11. Whenever it shall appear to the said auditor that the assets of any investment company doing business in this state are impaired to the extent that such assets do not equal its liabilities, or that it is conducting its business in an unsafe, inequitable or unauthorized manner, or is jeopardizing the interests of its stockholders, or investors in stocks, bonds, or other securities by it sold or offered for sale, or whenever any investment company shall fail or refuse to file any papers, statements or documents required by this act, without giving satisfactory reasons therefor, said auditor shall at once communicate such facts to the attorney-general who shall thereupon apply to the circuit court of the county in which such company is located or is doing business, or to the judge of such court in vacation, for the appointment of a receiver to take charge of and wind up the business of such investment company, and if such fact or facts be made to appear, it shall be sufficient evidence to authorize the appointment by the court of such receiver and the making of such orders and decrees in such case as equity and the proper protection of the interests of investors may require.

Sec. 12. Any person who shall knowingly or wilfully subscribe to, or make, or cause to be made, any false statement or false entry in any book of such investment company, or exhibit any false paper with the intention of deceiving any person authorized to examine into and pass upon the affairs of such investment company, or who shall make and publish any false statement of the financial condition of such investment company, or who shall make and publish any false statement in relation to the stocks, bonds or other securities by it offered for sale, shall be deemed guilty of a felony and upon conviction thereof shall be fined not less than two hundred dollars nor more than ten thousand dollars, and shall be imprisoned for not less than one year nor more than five years in the state penitentiary. Provided, that nothing herein shall in any wise limit or interfere with the civil liability of any person or persons so convicted for any loss occasioned by such criminal act.
Sec. 13. Any person or persons, agent or agents, who shall sell or attempt to sell, or who shall offer for sale in this state any of the stocks, bonds, debentures or any other securities of any investment company, domestic or foreign, which has not obtained the statement provided for in section five, or the stocks, bonds or other securities of other concerns by it offered for sale, who have not complied with the provisions of this act, or any investment company, domestic or foreign, which shall do any business, or offer or attempt to do any business except filing the statements and reports provided for in section two of this act, which shall not have complied with the provisions of this act, and received from the auditor the statement thereof provided for in section five of this act, or any agent or agents who shall do or attempt to do in this state any business for any investment company, domestic or foreign, which agent is not at the time duly registered and has not fully complied with the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined for each offense not less than one hundred dollars nor more than one thousand dollars; and shall, in the case of an individual, be imprisoned in the county jail for not less than thirty days nor more than ninety days.

Every officer, agent, employe or stockholder of any such investment company who shall violate, or who procures, aids or in any manner abets any violation of this act shall be deemed guilty of either the felony or misdemeanor above provided, as the fact may be, and all shall be guilty as principals and upon conviction shall be punished as hereinbefore provided.

Sec. 14. All expenses and fees herein provided for shall be collected by the said auditor, (save where fees are directed to be paid to some other officer) and shall be accounted for and turned into the state treasury, and the amount of the expenses and fees so turned into the state treasury are hereby reappropriated to the said auditor for the purpose, and in an amount sufficient to pay the cost and expense of carrying this act into effect; and the said auditor is hereby authorized to appoint an additional clerk, if the same shall be found by him to be actually and absolutely necessary, to carry this act into full force and effect. All money actually and necessarily paid out, or expenses incurred by the said auditor or any clerk under his direction, under this act, shall be paid by the state treasurer out of such sums for expenses and fees received under this act, upon the state auditor's warrants, to be issued upon vouchers containing an
itemized account of the salaries or expenses for which the same are issued.

Sec. 15. All acts and parts of acts in conflict with this act or any provision thereof are hereby repealed.

Discrimination and Rebating Prohibited.

Sec. 15. No life insurance company doing business in this state shall make or permit any distinction or discrimination in favor of individuals of the same class, or of equal expectation of life, in the amount of payment or return of premiums or rates charged for policies of insurance, or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the contracts it makes, nor shall any such company permit, or agent thereof offer or make any contract of insurance or agreement as to such contract other than as plainly expressed in the issued policy thereon: and no company authorized or permitted to do an insurance business within this state, or any officer, agent, solicitor or representative thereof shall make any contract for such insurance on property or risk located within the state or against liability, casualty, accident or hazard that may arise or occur thereon, or agreement as to such contract other
than as plainly expressed in the policy issued, or to be issued thereon; and no insurance company, association or society, by itself or any other party, and no insurance agent, solicitor or broker personally, or by any other party, shall offer, promise, allow, give, set off or pay, directly or indirectly, any rebate of, or part of, the premium payable on the policy, or on any policy, or agent’s commission thereon, earnings, profits, dividends, or other benefit founded, arising, accruing or to accrue thereon, or therefrom, or any other valuable consideration or inducement to or for insurance, on any risk in this state now or hereafter to be written, which is not specified in the policy contract of insurance; nor shall any such company, association, or society, agent, solicitor, or broker, personally or otherwise, offer, promise, give, sell or purchase any stocks, securities or property, or any dividends or profits accruing or to accrue thereon, or other thing of value whatsoever as inducement to insurance, or in connection therewith which is not specified in the policy. Upon satisfactory evidence of the violation of the provisions of this section, by any solicitor or agent of any insurance company, the insurance commissioner shall forthwith revoke the certificate of authority of such solicitor or agent, and no license shall be issued to such agent or solicitor within one year from the date of the revocation of such license; and any insurance company, association, or society, its officers, solicitors or agents, or any insurance broker violating the provisions of this section of this act, shall be guilty of a misdemeanor, and upon conviction thereof, the offender shall be sentenced to pay a fine of one hundred dollars for each and every violation, or, in the discretion of the court, imprisoned in the county jail of the county in which the offense is committed, for a period of not less than ninety days nor more than six months.

No insured person or party shall receive or accept, directly or indirectly, any rebate or premium or part thereof, or agent’s, solicitor’s or broker’s commission thereon, payable on the policy, or on any policy of insurance or any favor or advantage or share in the dividend or other benefit to accrue thereon, or any valuable consideration or inducement, not specified in the policy contract of insurance. The amount of the insurance whereon the insured has received or accepted, either directly or indirectly, any rebate of the premium, or agent’s, solicitor’s or broker’s commission thereon, shall be reduced in such proportion as the amount or value of such rebate, commission, dividend, or other consideration so received by the insured, bears to the first premium paid on such policy, and any person insured, in addition
to having the insurance reduced, shall be guilty of a misdemeanor, and upon conviction thereof, shall be sentenced to pay a fine of not more than one hundred dollars.

It shall be the duty of the insurance commissioner to investigate any charges of rebating submitted to him. Said charges shall specify the agent, the company and the party receiving the rebate, and all facts in connection with the transaction within his knowledge.

Immediately upon the filing of said charges the insurance commissioner shall proceed to investigate the same. He shall have power to compel the attendance of witnesses and may examine under oath any person whom he has reason to believe has knowledge of the facts alleged, and the making of any false statements on such examination shall be perjury and punishable as a felony.

Nothing in this section shall be so construed as to prohibit any company issuing non-participating insurance from paying bonuses to policy-holders or otherwise abating their premium in whole or in part out of surplus accumulated from non-participating insurance, nor to prohibit any company transacting industrial insurance on the weekly or monthly payment plan from returning to policy-holders who have made premium payments for a period of at least one year directly to the company at its home or district office, a percentage of the premium which the company would have paid for the weekly or monthly collection of such premiums, nor to prohibit any life insurance company doing business in this state from issuing policies of life or endowment insurance with or without annuities at rates less than the usual rates of premiums for such policies, insuring members of organizations or employees of any employer, who through their secretary or employer may take out insurance in an aggregate of not less than fifty members and pay their premiums through such secretary or employer.

Misrepresentation and Twisting.

Sec. 15a. No insurance company, association or society, or any officer, director, agent, broker or solicitor thereof shall issue, circulate or use or cause or permit to be issued, circulated or used, any written or oral statement, or circular misrepresenting the terms of any policy issued or to be issued by such company, or misrepresenting the benefit or privileges promised under any such policy, or estimating the future dividends payable under any such policy. No insurance company, association or society, officer, director, agent, solicitor or broker, or any person, firm, association or corporation shall make any misrepresentation or incomplete comparison of policies, oral,
written or otherwise, to any person insured in any company for the purpose of inducing or tending to induce such person to take out a policy of insurance, or for the purpose of inducing or tending to induce a policy holder in any company to lapse, forfeit, or surrender his insurance therein, and to take out a policy of insurance in another like company.

Upon satisfactory evidence of the violation of the provisions of this section, by any insurance company, association or society, its officers, solicitors or agents, or any insurance broker, the insurance commissioner shall forthwith revoke the certificate of authority of such offending company, association or society, its officers, solicitors or agents, or any insurance broker, and no license shall be issued to such company, association or society, officers, agents, solicitors or brokers, within one year from the date of the revocation of such license; provided, however, that the violation of this law by an agent, solicitor or broker shall not be considered a violation by the company that such agent, solicitor or broker represents. Any insurance company, association or society, agent, solicitor or broker, or any person, firm, association or corporation violating the provisions of this section of this act shall be guilty of a misdemeanor and upon conviction thereof, the offender or offenders shall be sentenced to pay a fine of one hundred dollars for each and every violation, or in the discretion of the court, to imprisonment in the county jail of the county in which the offense is committed.

Testimony.

Sec. 15b. No person shall be excused from testifying or from producing any books, papers, contracts, agreements or documents at the trial or hearing of any person or company, association or society, charged with violating any provision of sections fifteen and fifteen-a of this act, on the ground that such testimony or evidence may tend to incriminate himself, but no person shall be prosecuted for any act concerning which he shall be compelled so to testify or produce evidence, documentary or otherwise, except for perjury committed in so testifying.

Solicitors.

Sec. 15c. Any local insurance agent for companies other than life, licensed by the insurance commissioner to represent one or more insurance companies, may, with the approval of the companies represented, apply to the insurance commissioner upon forms provided by him, for license for such solicitors as such local agent may desire to employ, and the insurance commissioner shall not issue such solicitor's
license to any person whom he finds is not trustworthy or competent to transact the business for license to do which application is made; and which license shall be subject to the same laws in regard to expiration and renewal as the agent’s license; provided, however, that no local agent shall appoint more than two solicitors. The fee for a solicitor’s license shall be one dollar.

A solicitor’s license may, at any time, be revoked at the request of the employing local agent and revocation shall automatically become effective upon the cancellation or expiration of the license of the employing local agent. “Solicitor” is hereby defined to be a person duly appointed, authorized and employed by duly commissioned local agent to solicit and receive applications for insurance for such agent and to collect premiums for him.

In no case shall a solicitor’s license be requested when the principal use of such license is to effect insurance upon the property, person or liability of such person, or to circumvent the enforcement of the anti-rebate laws.

Agents’ Licenses.

Sec. 15d. No person shall act in the solicitation or procurement of applicants for, or policies of, insurance for any company referred to in this chapter except as solicitor under section fifteen-c of this law, without first procuring a certificate of authority as agent from the insurance commissioner, which certificate shall be renewable on the first day of March in each year; and said insurance commissioner shall not issue such certificate of authority to any person whom he finds is not trustworthy and competent to transact the business for authority to do which application is made; and on conviction of any person acting as such agent, of the violation of any provision of this law, the insurance commissioner shall forthwith revoke the certificate of authority issued to him, and no certificate shall be thereafter issued to such convicted person, until one year from the date of conviction.

Whenever the insurance commissioner upon investigation is satisfied that any agent acting under his supervision and holding a certificate of authority from him is violating or has violated the insurance laws of West Virginia, or that he is incompetent or untrustworthy, or whenever he shall proceed to revoke a certificate or license of such agent under any section of this law, he shall first notify such agent of his findings, and state in writing the complaint against him and require such person on a date named, which date shall not be less than
thirty days after service of notice, to show cause why his license should not be revoked.

If on the date named in said notice the said agent does not present good and sufficient reasons why his authority to transact business in this state should not be revoked, the said commissioner may revoke such person's certificate of authority. All decisions and findings of the insurance commissioner made under the provisions of this section shall be reviewable by proper proceedings in any court of competent jurisdiction within this state; provided, however, that nothing contained in this section shall be taken or construed as preventing any such agent from doing business under the authority of such certificate during the pendency of any proceeding taken to review an adverse decision of the insurance commissioner.

Powers of the Insurance Commissioner to Refuse or Revoke Licenses.

Sec. 15c. The insurance commissioner may refuse to issue a certificate of authority to any domestic or foreign company if, in his judgment, such refusal will best promote the interests of the people of this state.

When the insurance commissioner upon investigation is satisfied that any company acting under his supervision and holding a certificate of authority from him is insolvent, or has failed to comply with or is violating the insurance laws of West Virginia, or is conducting business fraudulently, or is not carrying out its contracts in good faith, or whenever he shall proceed to revoke such certificate or license under any section of this law, he shall first notify any such company of his findings, and state in writing the complaint against it, and require the company on a date named, which date shall be not less than thirty days after service of notice, to show cause why its license should not be revoked. If on the date named in said notice the matter complained of has not been corrected to the satisfaction of the insurance commissioner, or the company does not present good and sufficient reasons why its authority to transact business in this state should not be revoked, he may revoke the authority of the company to continue business in this state. All decisions and findings of the insurance commissioner made under the provisions of this section shall be reviewable by proper proceedings in any court of competent jurisdiction within this state; provided, however, that nothing contained in this section shall be taken or construed as preventing any such company from continuing in good faith all contracts made in this state during the time such company was legally authorized to transact
business herein, or as preventing such company from doing business during the pendency of any proceeding taken to review an adverse decision of the insurance commissioner. Provided, however, that notice of such appeal is served on said commissioner within ten days after such adverse decision and that proceedings to appeal are taken within twenty days after the service of said notice.

Reduction of Capital Stock.

Sec. 15f. No company licensed by the insurance commissioner shall reduce its capital stock until such action is approved by the insurance commissioner.

Dividends.

Sec. 15g. No company licensed by the insurance commissioner shall declare or pay dividends to stockholders until approved by the insurance commissioner, if by the payment of such dividend the net surplus of such company would thereby be reduced to an amount less than one-eighth of its capital stock.

Re-Insurance.

Sec. 15h. No company licensed by the insurance commissioner shall transfer or re-insure, directly or indirectly, substantially all of its West Virginia risks or contracts until a certified copy of the agreement or contract by which such transfer or re-insurance is to be effected, has been filed with and approved by the insurance commissioner.

Companies Withdrawn.

Sec. 15i. Any company now licensed or which may hereafter be licensed by the insurance commissioner to do business in West Virginia, shall, so long as it retains any West Virginia business on its books, be subject to the examination of the West Virginia insurance department, and the auditor shall remain its attorney in fact for service of process for any action growing out of contracts or policies made by such company while licensed in this state. If upon examination as provided in this section, it shall be determined that the capital stock of any such company is impaired, it shall be given one month to make good such impairment and upon failure to comply with this requirement to the satisfaction of the insurance commissioner, it shall immediately re-insure its West Virginia business under the conditions provided in section fifteen-h.

Reserves.

Sec. 15j. The insurance commissioner may require the same standards for reserves for companies other than life and fire licensed
to do business in this state, as are required by any of the states in
which companies of the same class do business; *provided*, that in no
case shall the reserve be less than that required by the laws of this
state.

**Penalties.**

Sec. 15k. Every company violating any provision of sections fif­
ten-f, fifteen-g, fifteen-h or fifteen-i of this act shall, upon convic­
tion, be fined not more than ten thousand dollars and not less than one
thousand dollars.

Sec. 15l. Section sixteen of chapter seventy-seven of the acts of
one thousand nine hundred and seven, and all acts or parts of acts
inconsistent with this act are hereby repealed.

or hereafter may maintain a bureau or office, for the purpose of
suggesting, approving or making rates to be used by more than one
underwriter for insurance, or property or risks of any kind located
in this state, shall file with the insurance commissioner a copy
of the articles of agreement, association or incorporation, and the
by-laws and all amendments thereto under which such person, asso­
ciation or bureau operates or proposes to operate together with his
or its business address and a list of the members or insurance cor­
porations represented or to be represented by him or it, as well as
such other information concerning such rating organization and its operations as may be required by the insurance commissioner.

Every such person, corporation, association or bureau whether before or after the filing of the information specified in the last preceding paragraph, shall be subject to the visitation, supervision and examination of the insurance commissioner, who shall cause to be made an examination thereof, as often as he deems it expedient, and at least once in three years. For such purpose he may appoint as examiners one or more competent persons and upon such examination he, his deputy or any examiner authorized by him, shall have the power to examine under oath the officers or agents, and all persons deemed to have material information regarding the business of, or manner of, operation by every such person, corporation, association, bureau or board. The insurance commissioner shall make public the result of such examination, and shall report to the legislature in his annual report on the methods of such rating organization and the manner of its operation.

Every such person, corporation, association or bureau shall file with the insurance commissioner, whenever he may call therefor, any and every schedule of rates or such other information concerning such rates as may be suggested, approved or made by any such rating organization for the purposes specified in the first paragraph of this section. No such person, corporation, association or bureau shall fix or make any rate or schedule of rates which is to or may apply to any risk within this state, on the condition that the whole amount of insurance on such risk or any specified part thereof, shall be placed at such rates, or with the members of, or subscribers to, such rating organization; nor shall any such person, corporation, association or bureau, or any person, association or corporation authorized to transact the business of insurance within this state, fix or make any rate or schedule of rates or charge a rate which discriminates unfairly between risks within this state of essentially the same hazard; or, if such rate be a fire insurance rate, which discriminates unfairly between risks in the application of like charges or credits, or which discriminates unfairly between risks of essentially the same hazard and having substantially the same degree of protection against fire. Whenever it is made to appear to the satisfaction of the insurance commissioner that such discrimination exists, he may, after a full hearing either before himself or before any salaried employe of the insurance department, whose report he may adopt, order such discrimination removed, and all such persons, corporations, associations
or bureaus affected thereby, shall immediately comply therewith; nor shall such persons, corporations, associations or bureaus remove such discrimination by increasing the rates on any risk or class of risks affected by such order unless it is made to appear to the satisfaction of the insurance commissioner that such increase is justifiable.

Every such rating organization shall keep a careful record of its proceedings and shall furnish upon demand to any person upon whose property or risk a rate has been made, or to his authorized agent, full information as to such rate, and, if such property or risk be rated by schedule, a copy of such schedule; it shall also provide such means as may be approved by the insurance commissioner, whereby any person or persons affected by such rate or rates may be heard, either in person or by agent, before the governing or rating committee or other proper executive of such rating organization on an application for a change in such rate or rates.

This section shall not apply to any contract of life insurance, nor to any contract of insurance upon or in connection with marine or transportation risks or hazards, other than contracts for automobile insurance, nor to contracts made by persons, partnerships, associations, or corporations authorized to do the business of guaranty and surety insurances, life or casualty insurance, upon the co-operative or assessment plan; co-operative fire insurance, inter-insurance, or fraternal benefit insurance, but it shall apply to all other forms of insurance.

Sec. 2. Every corporation, association, bureau or person failing to comply with any of the provisions of this act, shall be deemed guilty of a misdemeanor and upon conviction be fined not less than one hundred dollars nor more than five hundred dollars for each offense.

Sec. 3. There is hereby appropriated from the state treasury from any funds not otherwise appropriated, for the fiscal year one thousand nine hundred and thirteen, the sum of two thousand dollars, or such part thereof as may be necessary to carry out the provisions of this act, and there is hereby appropriated from the state treasury, from any funds not otherwise appropriated for the fiscal year one thousand nine hundred and fourteen, the sum of four thousand dollars, or such part thereof as may be necessary to carry out the provisions of this act.

Sec. 4. All acts or parts of acts inconsistent with this act are hereby repealed.

Powers.

Sec. 78. Every such bank may exercise, under the laws of this state, all such incidental powers as may be necessary to carry on the business of banking, by discounting promissory notes, negotiating drafts, bills of exchange and other evidences of indebtedness, receiving deposits, buying and selling exchange, bank notes, bullion or coin, and by loaning money on personal or other security. It shall be unlawful for any individual or association of individuals doing business in this state to use in connection with such business the term "bank," "banker," "banking company," or "trust company," or receive deposits, or sell foreign exchange, until they shall have taken out a charter and complied with the statutes governing banks and trust companies. Hereafter no charter shall be issued to any bank to do business in this state until the application therefor has been approved in writing by the commissioner of banking; and no real estate shall be carried upon the books of any bank at a value greater than the assessed value as shown by the land books of the county wherein such real estate is assessed. No bank shall hold or convey real estate except for the following purposes:

First: Such as shall be necessary for its immediate accommodation in the transaction of its business.

Second: Such as shall be mortgaged to it in good faith by way of security for debts contracted.
Third: Such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its dealings.

Fourth: Such as it shall purchase at sales under judgments, decrees, deeds of trust or mortgages held by the association, or shall purchase to secure debts due to it, which it shall dispose of at the earliest practicable date.

Any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, or be confined in the county jail for a period not exceeding six months, or both, at the discretion of the court, for each and every offense.

Increase or Reduction of Stock.

Sec. 78-a-I. Any banking company heretofore formed or which may be hereafter formed under the provisions of this chapter, at any general, adjourned or special meeting of the stockholders thereof, may by resolution make such increase or reduction of the capital stock thereof as may be decided upon by said stockholders, a majority of the stock of such company being represented at such meeting by the holders thereof, and such holders being present in person, or by proxy, and voting for such increase or reduction; provided, that no increase or reduction shall conflict with the limitation prescribed in section seventy-seven of this chapter, and that a notice over the signature of the president of said banking company, of the intention to offer such resolution, shall be sent through the United States mail to each stockholder ten days previous to such meeting; or that notice of such intention be given by advertisement published once a week for two successive weeks in some newspaper of general circulation in this state; or for ten days in some daily paper of like circulation printed in this state. When such increase or reduction shall have been made by any banking company, the president thereof shall, under his signature and the seal of such bank, certify the resolution increasing or reducing the capital stock, to the secretary of state; and the secretary of state, under his hand and the great seal of the state, shall issue to such bank a certificate reciting such resolution and declaring such increase or reduction to be authorized by law, and such certificate shall be prima facie evidence of such increase or reduction and of the authority to make the same in all courts of law.

Payment of Capital Stock.

Sec. 78-a-II. At least fifty per centum of the capital stock of every banking institution, organized under the provisions of this chap-
ter, shall be paid in before it shall be authorized to transact any business, except such business as is incidental and necessarily preliminary to its organization. And the remaining fifty per centum of the capital stock shall be paid in full within the next succeeding ten months in monthly installments of at least ten per centum of the remaining fifty per centum of said capital stock. And in no case shall a bank or banking institution commence public business until it shall have received the certificate of authority from the commissioner of banking, as provided in section eighty-one-a-IX of this chapter.

**Personal Liability of Stockholders.**

Sec. 78-a-III. The stockholders of every bank heretofore organized or that may hereafter be organized, under the provisions of this chapter, shall be personally liable to the creditors thereof over and above the amount of stock held by them respectively to an amount equal to their respective shares so held for all liabilities accruing while they are such stockholders.

**Directors—Their Qualifications and Oath.**

Sec. 78-a-IV. For every bank subject to the provisions of this chapter, there shall be a board of directors who shall have power to do, or cause to be done, all things that are proper to be done by the bank. Every director must own in his own right at least five shares of the capital stock of the bank of which he is a director, and before entering on his duties as such director he shall take an oath that he will, so far as the duty devolves upon him, diligently and honestly administer the affairs of the bank, and that he will not knowingly and willingly permit to be violated any of the provisions of the laws of this state relative to banking, and that the stock standing in his name upon the books of the bank is not hypothecated in any way to or pledged as security for loans obtained from or debts owing to the bank in which he is a director, and that the five shares necessary to qualify a stockholder as a director shall not be in anywise hypothecated, which oath, subscribed by himself and certified by the officer before whom it was taken, shall be filed and carefully preserved in the office of the commissioner of banking. Should a director at any time after his qualification as such, sell or dispose of, or in any way or manner hypothecate or pledge as security for loans obtained or debts owing, the said five shares, or any part thereof, necessary for his qualification, then his office as director shall immediately become vacant, and
the remaining directors shall declare his office vacant and proceed to fill such vacancy forthwith.

The stockholders of each bank shall annually appoint an examining committee, whose duty it shall be to examine the condition of the bank at least once every six months. The examining committee shall report to the board of directors giving in detail all items included in the assets of the bank, which they have reason to believe are not of the value at which they appear on the books and records of the bank, and giving the value of each of such items as in their judgment they may have determined. The board shall cause said report to be recorded in the minute books of the bank, and a duly authenticated copy thereof transmitted to the commissioner of banking. Should the stockholders fail to appoint such committee, or should such committee fail to promptly make its report, then the commissioner of banking shall have the power, at his option, to appoint a committee to make such examination, and report.

Sec. 78-a-V. It is further expressly provided that all savings banks, co-operative banking associations and trust companies engaged in a general banking business shall be subject to the provisions of this chapter, but nothing herein contained shall be construed to authorize any trust company to do business in this state with capital of less than one hundred thousand dollars, paid up and unimpaired, as provided by section six of chapter seven of the acts of one thousand nine hundred and three; and that all building and loan associations and mutual investment associations doing business in this state shall be subject to state supervision as follows:

Sec. 78-a-VI. Every such association organized under the laws of this state, and desiring to operate within the state, shall file with the commissioner of banking a certified copy of its charter, constitution, and by-laws. Said commissioner shall carefully examine the same and if he find that they provide a just and equitable plan for the management of the association's business, he shall issue to such association a certificate of authority permitting it to begin business. But if he find the provisions of said charter, constitution and by-laws to be impracticable, unjust or inequitable, or oppressive to any class of shareholders, he shall withhold his certificate of authority. It shall not be lawful for any association hereafter organized under the laws of this state, for the purpose above set forth, to transact any business except the execution of its articles of incorporation, the adoption of its constitution and by-laws, and the election of directors and officers, until it shall have procured the certificate of authority above provided
for, nor shall any amendment of the charter, constitution or by-laws of any such association become operative until a copy of the same shall have been filed, and a certificate of authority obtained, as above provided in regard to original charter, constitution and by-laws. Any such bank, association or trust company violating the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, and in addition thereto the officer or officers of such association violating the provisions of this section shall be deemed guilty of a misdemeanor and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars, and, in the discretion of the court, imprisoned in the county jail not more than six months.

Every building and loan association or mutual investment association organized under the laws of this state, and operating within the state, shall at least twice a year, at such times as may be designated by the commissioner of banking, file in the office of said commissioner of banking within ten days after the receipt of his request for same, a statement verified by its president or secretary and approved by three of its directors, in such form as may be prescribed by said commissioner, setting out its actual financial condition and the amount of its assets and liabilities, and furnish such other information as to its affairs as the said commissioner may require, which reports, in the same form in which they are transmitted to the commissioner of banking, shall be printed and circulated among all the stockholders of the association. Every person who shall wilfully or knowingly subscribe or make, or cause to be made, any false statements or any false entries in any books of any association, last above mentioned, or exhibit false papers with the intent to deceive any person authorized to examine into the affairs of such association, or shall make, state or publish any false statement of the financial condition of such association, shall be deemed guilty of a felony and upon conviction thereof shall be fined not exceeding ten thousand dollars, and, in the discretion of the court, be imprisoned in the state penitentiary not less than one nor more than five years.

Sec. 78-a-VII. At least twice in every year the commissioner of banking, either in person or by competent assistant, shall make a thorough examination of the books and affairs of every association mentioned in the next preceding section of this act. He shall carefully examine all notes and mortgages and all other assets of the concern, and shall ascertain the full amount of its liabilities. He shall
see that the books are kept properly posted and balanced, and that complete trial balances are struck at regular intervals. If at any time he shall find one of these institutions in an insolvent condition, he shall deal with it according to the manner prescribed in section eighty-one-a-VII of this act.

Sec. 78-a-VIII. It shall be unlawful for any foreign building and loan association, or mutual investment association or trust company to transact any business in this state, directly or indirectly, without first procuring a certificate of authority from the commissioner of banking. Before obtaining such certificate such foreign association shall furnish the commissioner of banking an itemized statement of its financial condition and all such other information touching its affairs as the said commissioner may require, which statement and information shall be verified by the oath of the president or secretary of the association. Such foreign association shall also file with the commissioner of banking a certified copy of the laws of the state, territory or government under which it is incorporated, and of its constitution and by-laws and all amendments thereto; and shall appoint an attorney in each county in which it transacts or solicits business, who shall be a resident of such county. It shall file with the commissioner of banking a written instrument, duly signed and sealed, authorizing such attorney of such association to acknowledge service of process in behalf of such association, consenting that the service of process, mesne or final, upon such attorney shall be taken and held as if served upon the association, according to the laws of this or any other state, and waiving all claim or right of error by reason of such acknowledgment of service. If, after examination of such statement, and certified copy of instruments, and after such association shall have complied with the provisions of this act with reference to the appointment of an attorney or attorneys, the commissioner of banking shall be satisfied that said association is solvent and that the capital and investments are secure, and that the laws, charters, articles of incorporation, constitution and by-laws governing it afford as ample protection to the interests of its members as is afforded by the laws of this state to members of associations chartered by and doing business in this state, he may grant such an association a certificate of authority permitting it to transact business in this state until the thirty-first day of the next succeeding December; but the same statements and the same certificates shall be renewed every year as long as such association shall continue to do business in this state; and for every certificate issued the commissioner of banking shall col-
lect a sum of twenty-five dollars and pay the same into the treasury of the state. Any person, agent or company doing business or attempting to do business in this state for any foreign building association, mutual investment company or trust company, which shall not at that time be a holder of a valid certificate of authority, as provided for in this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than five hundred dollars nor more than one thousand dollars for each and every offense.

Stocks Not to be Used as Security for Loans.

Sec. 79. No bank shall make any loan or discount on the security of the shares of its own capital stock nor be the purchaser or holder of any such shares, unless such security or purchase shall be necessary to prevent loss upon a debt previously contracted in good faith; and all stock purchased or acquired in such manner shall, within six months from the time of purchase, be sold or disposed of at public or private sale.

Limit on Loans.

Sec. 79-a-I. The total liabilities to any bank or trust company of any person, or of any company, corporation or firm, for money borrowed, including the liabilities of the company or firm, the liabilities of the several members thereof, shall at no time exceed twenty per centum of the capital stock, plus the surplus fund and undivided profits. But the discount of bills of exchange drawn in good faith against actually existing values, and the discount of commercial or business paper actually owned by the person negotiating the same, shall not be considered as money borrowed. The corporation mentioned in this section shall not be construed to mean municipal corporations, districts or counties.

Provisions Concerning Dividends.

Sec. 79-a-II. The directors of any bank may annually, semi-annually or quarterly, declare dividends, but such bank shall, before the declaration of any dividend, carry one-tenth part of the net profit accrued to its surplus fund until the same shall amount to twenty per centum of its capital stock. No dividend shall be declared except from earnings remaining after deducting all losses, all sums due for expenses, and all over-due debts upon which no interest has been paid for a period of six months, unless the same are well secured and in process of collection. Any director voting for any dividend in violation of the provision of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than
five hundred dollars, and in the discretion of the court, confined in jail not less than thirty days.

Capital Not to be Impaired.

Sec. 79-a-III. No bank, or any of the officers or directors thereof, shall during the time it shall continue its banking operations, withdraw, or permit to be withdrawn, either in the form of dividends or otherwise, any portion of its capital stock. Whenever the capital stock of a bank has become impaired, by losses or otherwise, it shall be the duty of the board of directors to restore the same within three months by an assessment pro rata on the stockholders, on the amount of the capital stock held by each. But nothing in this section shall prevent the reduction of the capital stock of the bank, as provided in section seventy-eight-a-I of this chapter.

Enforcement of Assessment.

Sec. 79-a-IV. If any stockholder or stockholders of a bank shall neglect or refuse after three months' notice, to pay the assessment as provided in the next preceding section or in section seventy-eight-a-II of this act, it shall be the duty of the board of directors to cause a sufficient amount of the capital stock of such stockholder or stockholders to be sold at public auction, after thirty days' notice shall have been given by posting such notice of sale in the office of the bank, and by publishing such notice in a newspaper of the city or town in which the bank is located, or in a newspaper published nearest thereto, to liquidate the deficiency, and the residue of the proceeds of said sale, if any, shall be paid to the delinquent stockholder or stockholders. A failure by the board of directors to make the assessment provided for in section seventy-nine-a-III to cure an impairment of capital stock, or failure to carry out the provisions of this section, shall make the members of the board of directors subject to the penalties prescribed in section eighty-one-a-VIII of this act.

List of Stockholders to be Exhibited.

Sec. 79-a-V. The president and the cashier of every bank or association shall cause to be kept at all times a full and correct list of the names and residences of all the stockholders in the bank or association, and the number of shares held by each, in the office where its business is transacted. Such list shall be subject to the inspection of all the stockholders and creditors of the bank or association and the officers authorized to assess taxes under state authority, during business hours of each day in which business may be legally transacted.

shall at all times maintain on hand as a reserve in lawful money of
the United States, an amount equal to at least fifteen per centum of
the aggregate of all its deposits which are subject to withdrawal on
demand; and whenever said reserve of any such bank shall fall below
said per centum of such deposits it shall not increase its liabilities by
making any new loans until the required proportion between the ag­
gregate amount of such deposits and its reserve fund shall be restored;
provided, that in lieu of lawful money on hand, three-fifths of said fif­
teen per centum may consist of balances payable on demand due from
any national or state bank doing business in this state, or any
solvent banking institutions outside of this state, that may be ap­
proved by the supervisor in said state.

Sec. 80-a-I. No bank or other institution subject to examination
by the commissioner of banking shall go into voluntary liquidation
or change to a national banking association without first giving to the
commissioner of banking thirty days’ notice of its intention to do so;
and any person, officer or stockholder of any bank violating the pro­

conviction thereof shall be punished by a fine of not less than five
hundred dollars nor more than one thousand dollars.

He shall ascertain whether the officers and directors thereof have properly taken the oath prescribed by law as such, and whether or not the said officers have executed proper and legal bonds in sufficient amount and with ample security. He shall examine and ascertain whether the books of said institutions are properly kept, and he shall ascertain carefully and fully the assets and liabilities of each and all of said banks and other institutions, and whether such assets are solvent and good or otherwise, and whether all the laws of this state pertaining to banks and banking are carefully observed.

The commissioner of banking or his assistant shall examine each and every bank in the hands of a receiver at least once in each six months, until its affairs shall be wound up, and shall file a copy of each of said examinations with the clerk of the circuit court in the county where such bank is located. Receivers of all insolvent banks shall make reports to the commissioner of banking in the same manner as required of other banks, and shall cause statements to be published in like manner. Any receiver of an insolvent bank who shall fail to comply with the provisions of this section, or who shall neglect or refuse to submit the affairs of such bank to an examination by the commissioner of banking or his assistant, or who shall violate any of the provisions of this act relating to the examination of banks, shall be subject to the same penalties provided for officers or employees of banks.

And said commissioner shall have a right to administer to and examine under oath any and all of said bank officers touching any matter or
things pertaining to said examination, and the affairs and conditions of said institution. Any officer failing or refusing to furnish said commissioner with any such papers or information, or who shall fail to do or perform any of the other duties or requirements of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars, and may at the discretion of the court, be imprisoned in the county jail not less than three months nor more than one year. And it shall be the duty of said commissioner to report at once to the prosecuting attorney of the county in which the bank is situated, any such violation on the part of any such bank officer.

**Banks and Other Institutions Improperly Conducted.**

Sec. 81-a-VI. If upon making his examination of any bank, or other institution, the commissioner should discover that the banking laws of the state are not being fully observed, or that any irregularities are being practiced, he shall at once call the attention of the officers and directors of the bank or other institution to the fact and demand that the same be promptly corrected; it shall also be his duty to demand a sworn statement from the officers of said bank or other institutions, covering all the points of controversy, to be mailed to him at his office once every thirty days (not for publication but for his own information and guidance), until he is satisfied that the irregularities have been corrected; said examination to be paid for by the bank or other institution the same as regular examinations. The said commissioner shall also have authority to call for special reports and make special examinations of any bank or other institution which he may have good reason for believing is not properly conducted. If any examination made by the commissioner, under the provisions of this section, discloses assets the validity of which, in the judgment of the commissioner, is questionable, or shall disclose over-due assets, the commissioner shall order that such questionable assets be charged off the books of the bank as part of the assets thereof within a period of three months from the giving of notice by the commissioner to such bank, and legal proceedings for the collection of such over-due assets be forthwith instituted.

**Insolvent Banks or Other Institutions.**

Sec. 81-a-VII. If any such institution shall neglect or refuse for a period of sixty days to make special reports to the commissioner, as he may demand, or shall fail, neglect or refuse to comply with the pro-
visions of the next preceding section, or if at any time the commis­sioner shall find a bank or other institution subject to his supervision in an insolvent condition, or if such institution shall neglect or refuse to correct any irregularities or violation of this act which he may call to the attention of the president, cashier or board of directors, he shall have authority to take charge of such institution and shall report at once such insolvency, irregularity, or violation to the governor, and shall have the power, with the consent of the governor, to appoint a competent person as receiver of such institution; such receiver, under the direction of the commissioner of banking, shall take possession of the books, moneys, records and assets of every description of such institution, and collect all debts, dues and claims belonging to it, and upon the order of a court of competent jurisdiction, or the commissioner of banking, may sell or compound all bad or doubtful debts, and on like orders may sell all its real and personal property on such terms as the court or commissioner of banking may direct, and if necessary to pay its debts, the commissioner of banking may enforce the individual liabilities of its stockholders. A suit for such purpose may be instituted against resident stockholders, either in the name of such receiver or the commissioner of banking, in the circuit court of the county in which its banking house or office is located, and as to non-resident stockholders the suit may be brought in any county of any state where such stockholder resides or where service of process may be had on such stockholders; provided, however, that before any such receiver shall take charge of any moneys or assets of any such institution he shall give bond in such penalty as the governor shall prescribe, with sureties to be approved by the governor, conditioned for the faithful discharge of his duties as such receiver and the paying over as required by law or directed by order of court, or the commis­sioner of banking, of all moneys and assets which shall come into his hands as such receiver; such bond shall be made payable to the state of West Virginia, and shall be filed in the office of the commissioner of banking, and suits or actions thereon may be brought by any person injured by reason of any breach of its condition, but all suits and actions against such receiver shall be brought in the state and county where the banking house is located. The commissioner of banking shall have concurrent jurisdiction with the circuit court of the county in which the bank is situated to appoint a receiver for any bank for any of the causes specified in this or in the next preceding section, but no receiver shall be appointed by any such court unless the commissioner of banking neglects, fails or refuses to act. All expenses on
account of any receivership shall be paid out of the assets of such association before distribution of the proceeds thereof by and on order of the commissioner of banking; and such receiver may, upon the order of the commissioner of banking, make a ratable dividend of the money in his hands on all such claims as may have been proved to his satisfaction or adjudicated in a court of competent jurisdiction, and as the proceeds of the assets of such association are paid to the receiver, he shall on like order, make further dividends on all claims previously proved or adjudicated, and the remainder of the proceeds, if any, shall be paid over to the shareholders of such association, or their legal representatives, in proportion to the stock by them respectively held. This section of this act shall have a retroactive effect.

Insolvent Banks Receiving Deposits.

Sec. 81-a-VIII. No bank shall accept or receive on deposit, with or without interest, any money, bank bills or notes, or United States treasury notes, gold or silver certificates, or currency, or other notes, bills, checks or drafts, when such bank is insolvent, and any officer, director, cashier, manager, member, employee or stockholder of any bank, who shall knowingly violate the provisions of this section or be accessory to or permit or connive at the receiving or accepting on deposit of any such deposits, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine in a sum not less than one hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail not less than sixty days nor more than one year, or by both such fine and imprisonment.

For the purpose of this section only, a bank shall be deemed insolvent when the available solvent assets, under its control and not hypothecated, are not of sufficient value to pay off and discharge all of its liabilities, except that for capital stock.

Call Statements.

Sec. 81-a-IX. Every bank operating under the provisions of this chapter shall make to the commissioner of banking not less than four reports each year, corresponding as to time as nearly as possible to the calls made by the comptroller of the currency on the national banks, according to the form that may be prescribed by him, verified by the oath or affirmation of the president or cashier of said bank, and attested by the signatures of at least three of the directors. Each report shall exhibit in detail, and under appropriate heads, the resources and liabilities of the bank at the close of business on any past day by
him specified, and shall be transmitted to the aforesaid commissioner
within five days after the receipt of a request or requisition therefor
from him; and in the same form in which it is made to the commis-
sioner, shall be published in a newspaper published in the place where
the bank is situated or if there be no newspaper in the place, then in
one published nearest thereto in the same county, at the expense of
the bank, and such proof of publication shall be furnished as may be
required by said commissioner.

Certificate of Authority.

Sec. 81-a-X. When any bank authorized by this chapter desires
to begin business, it must notify the commissioner of banking, who
shall at his earliest convenience make a personal examination of its
affairs, and shall ascertain whether fifty per centum of its capital stock
has, in good faith, been actually paid in, and whether all the other
provisions required to be complied with, before commencing the busi-
ness of banking, have been carefully observed. Having satisfied him-
self that all the conditions precedent have in good faith been complied
with, the said commissioner shall then issue to such bank, under his
hand and official seal, a certificate of authority reciting that such ex-
amination has been made and that the bank is authorized to commence
business; which certificate shall be conspicuously displayed in the
principal business room of the bank. But the commissioner may with-
hold from any association his certificate authorizing the commence-
ment of business whenever he has reason to suppose that the stock-
holders have formed the same for any other than the legitimate ob-
jects contemplated in this act. The president, cashier and directors,
of any bank that shall receive deposits before the certificate of author-
ity contemplated in this section has been issued, shall be deemed
guilty of a misdemeanor, and on conviction thereof shall be fined not
less than five hundred dollars and, at the discretion of the court, im-
prisoned in the county jail not less than three months nor more than
six months.

Collection of Capital Stock:

Sec. 81-a-XI. All banks which have not collected the full amount
of their capital stock shall collect the same as provided in section
seventy-eight-a-II of this act; and on receipt of each installment
the president or cashier of such bank shall transmit to the commis-
sioner of banking a statement of the fact, verified by his oath and
attested by the signatures of at least three of the directors.
Compensation of Commissioner.

Sec. 81-a-XII. For making such examination and for preparing and preserving all records and reports contemplated in this act, the said commissioner shall be paid the sum of thirty-five hundred dollars per annum salary, and necessary expenses out of the state treasury, by proper warrant drawn by the auditor upon the treasurer, and the first assistant commissioner of banking shall receive twenty-four hundred dollars and other assistant commissioners shall receive eighteen hundred dollars per annum salary and necessary expenses, payable upon like warrants. There shall be paid by each of said banks or other institutions examined, to the state, as follows: If the total assets are less than one hundred and fifty thousand dollars, fifteen dollars; if one hundred and fifty thousand dollars and less than two hundred and fifty thousand dollars, twenty dollars; if two hundred and fifty thousand dollars and less than five hundred thousand dollars, twenty-five dollars; if five hundred thousand dollars and less than one million dollars, thirty dollars; if one million dollars, or over, thirty-five dollars; and said commissioner of banking shall collect all such fees and pay the same into the state treasury; provided, that building and loan associations when the total assets are less than one hundred thousand dollars are to pay ten dollars, if one hundred thousand dollars or over, twenty dollars.

Commissioner’s Report.

Sec. 81-a-XIII. On or before the first day of December, the said commissioner shall make out, and submit to the governor, a careful and complete report, of all work done by his department, showing the total resources and liabilities of all the banks subject to his supervision, the increase or decrease for the year in such resources and liabilities, carefully noting any failures that may have occurred, stating the cause thereof, and making such remarks, suggestions and recommendations as he may deem pertinent; which report the governor shall bind with his message and documents and lay before the legislature.

Verification of Report.

Sec. 81-a-XIV. The report, provided for in the next preceding section of this act shall be verified by the affidavit of said commissioner, who shall swear that in making the examination and inspection of each of the banks and other institutions provided for in this act, he has personally and carefully inspected the books, papers
and affairs of said banks, and other institutions, and that in no case
has he received or agreed to receive directly or indirectly any reward,
gift, or promise thereof, from any bank officer or individual other
than that specified in this act.

Other Institutions Subject to This Act.

Sec. 81-a-XV. It is further expressly provided that all savings
banks, co-operative banking associations, and all trust, title insurance,
guaranty, surety and indemnity companies doing a banking business,
and all other companies similar in character, whether heretofore or
hereafter organized under the laws of this state, shall be subject to
the provisions of this law, so far as it is applicable to them, and to
the extent that the said commissioner shall semi-annually, or oftener
if necessary, make a thorough examination of their books, papers, and
affairs, and see that the laws under which they are operating are
being carefully observed. And in case he finds that such institutions
are being improperly conducted he shall proceed against them after
the manner specified in section eighty-one-a-VII of this act.

Bonds of State Depositories.

Sec. 81-a-XVI. Whenever a bank or banking institution in this
state applies to the board of public works to be made a depository of
state funds, the bond of such bank or banking institution which is
submitted to the board of public works to secure the state funds which
may be deposited, and which is submitted in pursuance of section
one of chapter seventeen of the code, shall first be submitted by said
bank or banking institution to the commissioner of banking, who
shall thereupon investigate the sufficiency of the security thereon, and
endorse his opinion as to such sufficiency thereon and transmit the same
to the board of public works. If such bond be accepted and approved
by the board of public works, and said bank or banking institution
made a state depository, as set out in said section one of chapter seve­
ten of the code, the secretary of state, when such bond is recorded,
shall thereupon make a certified copy of the said bond and transmit
the same to the commissioner of banking. It shall be the duty of the
commissioner of banking to carefully preserve said certified copy, and
at intervals of six months report in writing to the governor the suf­
ficiency or insufficiency of the security thereon.

Sec. 81-a-XVII. Every president, director, cashier, teller, clerk
or agent of any institution mentioned in this act who embezzles, ab­
stracts or wilfully misplaces any of the money, funds or credits of the
institution, or who, without authority from the directors, issues or
puts in circulation any of the notes of any bank or other institution,
or who, without such authority, issues or puts forth any certificates
of deposits, draws any order or bill of exchange, makes any accept­
ance, assigns any note, bond, draft, bill of exchange, mortgage, judg­
ment or decree of any bank or other institution mentioned in this
act, with intent in either case to injure or defraud the bank or other
institution or any other company, body politic or corporate, or any
individual person, or to deceive any officer of any bank or other insti­
tution or any agent appointed to examine the affairs of such bank or
other institution, and every person who, with like intent, in any way
aids or abets any officer, clerk or agent in the violation of this sec­
tion, shall be deemed guilty of a felony, and on conviction thereof
shall be imprisoned in the penitentiary not less than five nor more
than ten years.

Sec. 81-a-XVIII. Any officer, agent or clerk of any bank mention­
ed in this act who shall wilfully certify any check drawn upon such
bank, unless the person, firm or company drawing the same has on
deposit with the bank at the time such check is certified, an amount
of money equal to the amount certified in such check, or shall certify
such check before the amount thereof shall have been regularly enter­
ed to the credit of the person, firm or company drawing the same,
upon the books or deposit slips of the bank, shall be guilty of a mis­
demeanor, and upon conviction thereof shall be fined not more than
five hundred dollars or imprisoned in the county jail not more than
one year, or both, in the discretion of the court.

Sec. 81-a-XIX. It shall be unlawful for any bank, banking com­
pany or trust company, doing business in this state, to issue a certifi­
cate of deposit for the purpose of borrowing money.

Sec. 81-a-XX. Any violation of this act for which a penalty is not
herein elsewhere specifically provided, shall be deemed a misdemeanor
and any person convicted thereof shall be fined not less than one
hundred dollars nor more than five hundred dollars, or imprisoned in
the county jail not less than one month nor more than six months.

All acts and parts of acts coming within the purview of this
act and inconsistent therewith are hereby repealed.

Said physicians shall be graduates of reputable medical schools, and shall have practiced med­icine for not less than six years continuously before their appoint­ments, and no two members shall be residents of the same county
when appointed; any member of this board moving into a county already the residence of another member, shall vacate his office. The governor shall, in the month of May, in the year one thousand nine hundred and thirteen, appoint said physicians who shall be divided into two classes, each class consisting of one physician from each congressional district, and until such a time as a redistricting bill is passed, one at large.

The term of office of each class shall begin on the first day of June, in the year of their appointment. The term of office for the first class shall continue two years and of the second class four years, and until their successors are appointed and qualified. When the term of office of either class, or of any of said physicians, expires, the governor shall appoint their successors for the succeeding term.

The governor may in like manner appoint physicians to fill any vacancy that may occur in the board, but any appointment to fill a vacancy shall be for the unexpired term.

The term of office of the members of the state board of health, now in office, shall be continued by the governor for the term of their appointment, but at any time upon a rearrangement of district lines, or the formation of a new district in which two or more of the members live whose term of office expires at the same time, the governor shall have authority to remove, appoint or regulate the offices in conformity to this act.

Sec. 3. Said board shall on a day to be fixed by them in every two years, elect from their own number, a president who shall hold his office for the term of two years, and until his successor has been elected and entered upon his duties.

The board shall also have a secretary named by the governor, from one of their number, who shall be ex officio state health commissioner, and as such exercise all the powers conferred upon him by this chapter, carry out all rules, regulations and orders of the board, and exercise all other powers pertaining to offices of like kind. Said secretary shall be, when appointed, a physician in active practice; but during the term of his office the secretary shall devote his whole time to the duties of the office. The said board shall be a corporation by the name and style of the “state board of health of West Virginia,” and have and use a common seal, and as such corporation may sue and be sued, contract and be contracted with, plead and be impleaded with, to the extent of the powers conferred upon them by this chapter. Said board may make and adopt all necessary rules, regulations and by-laws, not inconsistent with the laws or the
constitution of this state or the United States, to enable it to perform its duties and transact its business in conformity to the provisions of this chapter. A majority of the board shall constitute a quorum for the transaction of business. The secretary shall call all meetings of the board upon orders of the president or the written request of any three members thereof.

Sec. 4. The secretary shall be the recording officer of the board, and in addition to the other duties prescribed in this chapter, he shall respond to all communications from any member of the state board and other reputable physicians, and from officers of the state, and give them such information and advice as may be necessary from time to time as to measures of sanitation, or other matters connected with public health and safety. He shall be the custodian of all books and papers, instruments or appliances belonging to the state board of health, or that may be invested in his care. He shall also do and perform such other duties as the state board may lawfully direct, and in case of the prevalence of epidemics, endemics, infectious and contagious diseases, or other unusual sickness, he shall, upon the request of the local health officers, visit the locality and advise with such health officers as the state board may direct, and aid in the adoption of such regulations for its suppression as may seem best.

He shall annually report to the governor, on or before the first day of January, each year’s investigations, discoveries and recommendations of the board, which shall be printed and distributed as soon as practicable thereafter in the same manner as other public documents of the state, except that the governor may cause said report to be printed and distributed annually.

Sec. 5. The board of health is invested with all the rights and charged with all the duties pertaining to organizations of like character, and shall be the sole advisor of the state in all questions involving the protection of the public health within its limits, and shall take cognizance of the interests of the life and health of the inhabitants of the state, and shall make or cause to be made, sanitary investigations and inquiries respecting the cause of diseases, especially of epidemics, endemics, and the means of prevention, the sources of mortality and the effects of localities, employments, habits and circumstances of life on the public health. They shall inspect and examine the food, drink and drugs offered for sale or public consumption, in such manner as they shall deem necessary, either in person or by agents or employes, and shall report all violations of
the laws of this state relating to pure food, drink and drugs to the prosecuting attorney of the county in which such violation may occur, and lay before such prosecuting attorney the evidence in their knowledge of such violations. They shall also investigate the causes of diseases occurring among the stock or domestic animals in the state, the methods of remedying the same, and shall gather information in respect to the matters embraced in this section and kindred subjects, for diffusion among the people. They shall also examine into and advise as to the water supply, drainage and sewerage of cities, towns and villages, the ventilation and warming of public halls, churches, school houses, work shops, prisons, and all other public institutions; the ventilation of coal mines and how to treat promptly accidents resulting from poisonous gases. When they believe that there is a probability that any infectious or contagious disease will invade the state from any other state, it shall be their duty to take such action and to adopt and enforce such rules as they may, in the exercise of their discretion, deem efficient for preventing the introduction and spread of disease or diseases. To better accomplish such objects, the boards are empowered to establish and strictly maintain quarantine at such places as they may deem proper, and may adopt rules and regulations to obstruct and prevent the introduction or spread of contagious or infectious diseases into or within the state, and shall have power to enforce these regulations by detention and arrest, if necessary. They may have power to enter into any town, city or corporation, factory, railroad train, steamboat, or any place whatsoever within the limits of the state for the purpose of investigating the sanitary and hygienic conditions, and may at their discretion take charge of any epidemic or endemic conditions, arising within the limits of the state and enforce such regulations as they may prescribe. But all expenses for guards, or other expenses incurred in controlling any endemic or epidemic conditions, shall be paid by the county in which such epidemic occurs.

The state board shall also cause to be kept in the office of the secretary, vaccine lymph, diphtheria antitoxin, tetanus antitoxin and other form of serum preventives of disease that they may deem necessary, and distribute same to county and municipal health officers, to be used for the benefit of the poor and indigent, and in other cases where they may deem it urgently necessary to check contagion, free of charge.

Sec. 6. It shall be the duty of the state board of health, upon the recommendation of the county court of the county, to appoint in
each county of this state one legally qualified physician who shall be
known as the county health officer. His first term of office shall
begin July first, one thousand nine hundred and thirteen, and con­
tinue for a period of four years, unless removed by said state board
of health for good cause. The county health officer shall receive an
official salary of not less than one hundred dollars, and such other
amount as the county court may add for additional services, and
actual expenses necessary for traveling expenses, unless for work
especially done under orders of the state board of health. The salary
of the county health officer shall be paid out of the treasury of the
county, and he together with the president of the county court and
the prosecuting attorney shall constitute the county board of health,
of which the county health officer shall be the executive officer. The
county board of health shall exercise all the powers, rules and regu­
lations of the state board so far as applicable to such county. It.
shall be the duty of every practicing physician to report to the county
health officer every case of infectious or contagious disease that may
arise or come under his treatment, and the county health officer shall,
at least every three months, make a full report to the state board,
giving the character of all such epidemic, endemic, infectious or
contagious diseases, stating the number of cases reported, character
of infection, action taken by the county board to arrest the infection,
and the results.

The jurisdiction of the county boards of health shall not extend:
to any town or city in this state having a health board of its own,
but they may be and are auxiliary to each other, and all city, town-
and village boards of health, or health officers are secondary to, and
subject to all orders of the state board, which may, if deemed ex­
pedient, act through the county or municipal board. Any failure to­
comply with any of the provisions of this section shall be considered
a misdemeanor, and upon conviction thereof the offender be fined
not more than one hundred dollars.

Sec. 7a. It shall be the duty of every county or municipal health­
officer to meet with the state board of health, or its representatives,
at least once a year, due notice having been given at such time and
place as said state board of health may designate, to attend a school
of instruction for the purpose of familiarizing such county health
officers with their duties in the interests of public health.

The actual expense of the attendance of such county or municipal
health officer shall be paid by the county or corporation represented
by such local officer, upon presentation of a certificate from the state board showing the expense of such attendance. \textit{Provided}, that such expense shall not exceed an amount sufficient to cover an attendance of three days in any one year. Any county health officer may be excused from attending by the state board for good cause.

Sec. 16. The secretary of the state board of health shall receive a salary to be fixed by the board, but not to exceed the sum of three thousand dollars per year with, in addition, traveling, clerical and other necessary expenses incurred in the performance of his official duties within the limits of the state. The other members of said board shall receive four dollars per day with other expenses actually and necessarily incurred by them in the discharge of the duties of their office. The said board shall have power to expend annually, for the purpose of performing the duties imposed by this act, including the maintenance of a laboratory and the employment of necessary chemists, bacteriologists, servants and agents, such sum as may be appropriated by the legislature for their use. The state board shall audit all bills made out in due form, and verified by the members, employees or agents rendering service or incurring expenses or traveling in the performance of the duties of their office or employments. Such bills when approved by the governor shall be paid out of the state treasury.

Sec. 19. If a person knowingly sell or expose for sale, any diseased, corrupted or unwholesome drugs or provisions, whether food or drink, without making the same known to the buyer, he shall, upon conviction thereof, be confined in jail not more than six months and fined not exceeding one hundred dollars.

Sec. 19a. Whenever the state board of health has reason to believe that any food, drink or drug, sold or offered for sale, is diseased, corrupted, unwholesome or adulterated, it shall take or cause to be taken by its authorized agent, a specimen thereof and test or analyze the same. And if the result of such test or analysis in the case indicates that the said food, drink or drug, is diseased, corrupted, unwholesome or adulterated, the same shall be \textit{prima facie} evidence of such fact in prosecutions under this act. If the board, deeming it necessary, shall cause such food, drink or drug to be analyzed, the result of such analysis shall be recorded and kept in evidence, and a certificate of such results, sworn to by the person making the analysis, who shall also state under oath in his certificate that he was the first thereunto duly

If in his opinion the transfer of any of the property so transferred is taxable under the provisions of this act, he shall make his certificate to that effect, setting out:

(b) The rate of tax thereon.

Sec. 2. At such sessions the county court shall ascertain the condition of the fiscal affairs of the county, and make up an itemized statement thereof, which shall set forth in detail:

(a) The amount due, and the amount that will become due and collectable from every source, except from the levy of taxes to be made for the year, during the current fiscal year, to the county as a whole and to the road fund and any other fund of any district of the county;

(b) The debts and demands owed by the county as a whole, and the debts and demands payable out of the road or other fund of any district thereof, including debts and demands that will become due and payable during the year by the county as a whole or out of the funds of any district thereof, including interest on any indebtedness, funded or bonded, or otherwise;

(c) All other expenditures under the several heads of expenditures to be made and payable out of the levy of the current fiscal year, whether by the county as a whole or out of the road fund or other fund of any district thereof, including cost of collection of taxes and
The said statement shall also set forth the total amount necessary to be raised by the levy of taxes for the current year, the assessed value of the property assessed by the board of public works, the rate of such levy proposed on the property as a whole, and on the property in each district for district funds, and on the property in each municipal corporation. A copy of such statement duly certified by the clerk of the court, shall be published twice (at least one week intervening between the publications) in two newspapers of general circulation published in the county, and of opposite politics. If there be but one newspaper published in the county, the publication shall be made therein. The session shall then stand adjourned until the fourth Tuesday in August, at which time it shall convene; and it shall then be the duty of said court to hear and consider any objections made orally or in writing, by the prosecuting attorney, by the state tax commissioner or his representative, or by any taxpayer of the county, to said estimate and proposed levy, or item thereof. It shall be the duty of the court to enter an order of record showing the objections so made, setting forth the reasons and grounds for such objections. But the failure of any officer or taxpayer to offer objections as herein provided, shall not preclude him from pursuing any legal remedy necessary to correct any levy made by any tribunal named in this act. After said objections have been made and heard, the court shall thereupon reconsider the proposed original estimate and proposed rate of levy; and if the objections thereto or any part thereof shall appear to be well taken, the court shall correct the same accordingly, and it shall thereupon be approved, and when approved, shall, with the order approving it, be entered by the clerk in the proper record book. The county court shall thereupon levy so many cents on every one hundred dollars of valuation of the taxable property in the county, according to the last assessment thereof, as will produce the amount shown by the statement approved necessary to be raised for county purposes during the fiscal year, and it shall levy so many cents on every one hundred dollars of valuation of the taxable property in any district of the county, according to the last assessment thereof, as will produce the amount shown by said statement necessary to be raised by taxation upon the property of said district during the fiscal year; provided, first, that the aggregate of the levies so made for county purposes and district purposes shall not exceed, for the year one thousand nine hundred and eight, in the county, or
in any district or municipal corporation therein, the sum of thirty-five cents on each one hundred dollars of said valuation; and shall not exceed after the said year the sum of thirty cents on each one hundred dollars of said valuation; provided, further, that the county court of any county may in addition to the levies hereinbefore provided for, lay a levy on the taxable property of the county not to exceed five cents on each one hundred dollars of said valuation for the purpose of improving, constructing, maintaining or acquiring any public road, highway or turnpike; and said levy may be in excess of the maximum limit hereinbefore provided; and, provided, further, that in any county which has not availed itself of the right to levy five cents or any part thereof on each one hundred dollars of valuation of property in said county, as provided in the last preceding provision of this act, there may be levied in addition to all other levies and in excess of the said maximum limit, not to exceed ten cents upon every one hundred dollars in valuation on the property in any magisterial district, and the amount so raised shall constitute a district fund to be applied to the permanent improvement of the highways of the district wherein it was raised; provided, that in any county where the aggregate valuation of the taxable property in any year is less than two and one-half times that of the year one thousand nine hundred and four, and the county court is of the opinion that the maximum rate of levy herein named is insufficient, with other funds and revenues, for all county and district road purposes, and is further of opinion that it is not expedient to submit to the voters the question of additional levy as provided in section five, or of special levy as provided in section six, the county court may for any such year lay a levy in cents on each one hundred dollars of such taxable property of such portion of one hundred and four cents as the aggregate of the taxable property in the year one thousand nine hundred and four bears to the aggregate thereof in the year for which such levy is to be made; as, for instance, to illustrate: In any such case, where the said aggregate in such year is double that of the year one thousand nine hundred and four, the maximum levy in any such county and district thereof for such year shall not exceed fifty-two cents on each one hundred dollars of said valuation for said purposes; and, provided. further. that the county court of any county having no debt. bonded or funded, or otherwise, may lay a levy in addition to said maximum and other special levies, not exceeding twenty cents of each one hundred dollars of valuation on the taxable property of the county,
to be called a special bridge levy, for the purpose of building and repairing bridges, and the fund arising from such bridge levy shall be used for the purpose herein designated and no other.

(Senate Bill No. 84.)

Said chief road engineer shall attend at the office, or branch office, of said bureau to the extent that the duties of his office may require, and when not otherwise engaged in the performance of his official duties, shall give instruction in road building, and shall perform such other duties as may be assigned to him by said bureau. Such instruction shall, as far as possible, be given at the West Virginia university.

Sec. 11. Said chief engineer, with the approval of the bureau, shall select such assistants as may be necessary for the purpose of carrying out the provisions of this chapter, and performing such other duties as may be required of him by the road law of this state. Such assistants shall be selected so far as possible from the students in the West Virginia university, receiving instruction in the experimental station, or the department of railway and highway engineering. Said bureau shall have authority to employ such clerical and other help as may be required and to fix the compensation of all assistants and employes.

Sec. 12. Whenever the county court of any county proposes to improve permanently any main traveled road, or part thereof, in their county, and desires to use prison labor thereon, it may apply to the said chief road engineer for a competent civil engineer to view the proposed road. Upon receipt of such application, the chief engineer shall send such county court a blank form for the purpose of eliciting from the said county court such information touching the proposed
road and improvement as he may desire, which blank form said county court shall fill out to the best of its ability and return to the chief engineer. If the chief road engineer shall be satisfied that the proposed improvement will be permanent and upon a main traveled road, and that the plans proposed by the local road authorities for such improvement are adequate and practicable, he, or one of his assistants, shall view said road or part thereof, proposed to be improved, and shall carefully prepare plans, specifications and estimates of the cost of its construction, with the materials agreed upon by the chief road engineer. A copy of said plans, specifications and estimates of cost shall be submitted to the county court and a copy filed in the office of said bureau. The expenses incurred by the chief engineer or his assistants in performing the duties required under this section shall be paid by the county whose local road authorities requested the same to be done.

Sec. 13. Whenever any county court shall have decided to construct or improve the said road, or any part thereof, in accordance with the plans and specifications made by the chief road engineer, and shall have agreed with the state road bureau respecting the location, construction and material of such road, which agreement shall be reduced to writing and recorded in the county clerk's office, then such county court may apply to the state board of control to send convicts to such county to be worked upon such road. Such application shall be in form prescribed by the board of control, and shall state the number of convicts desired, which shall not be less than ten, and the length of time for which the county court desires to contract. If the number of prisoners in the penitentiary available shall suffice to meet all the applications which may be before it, the board of control shall grant all of such applications which are satisfactory to the board. If the number of prisoners available shall not be sufficient to fill all such applications, the board of control shall file the applications, and fill them in the order in which they are received. The board shall, however, as far as possible, give equal service to all the counties making applications, subject, however, to the judgment of the board as to the merits of the respective applications. The board of control may, for good cause, refuse any or all such applications, in which event the cause of such refusal shall be specified to the applicant.

Sec. 14. The board of control, with the advice and assistance of the warden of the penitentiary, shall determine what prisoners therein confined may, with safety and convenience, be assigned to such work, selecting preferably such prisoners as are believed to be most trustworthy.
Sec. 15. Whenever any such application shall be granted by the board of control in its original or modified form, a contract in writing, based thereon, shall be entered into between the board of control and the county court making such application, which shall set forth the terms of the agreement based on such application.

Sec. 16. Said state road bureau shall make an annual report to the governor of the conduct and work of its office, and expenses thereof, and may recommend to the governor needed improvements in the public roads; and shall make such other reports as may be required by the governor. Said annual report shall show the quantity of earth and stone removed, and material manufactured and prepared; the number of miles of road under construction, and the number completed; the cost per yard of the construction of such road, and of the material prepared and used therein; and for the purpose of obtaining all necessary detailed information to be used in the preparation of such report, the said bureau may require of the local road authorities, in all counties in which work is done under arrangements with the state road bureau, such monthly reports as may be prescribed by the bureau. Said bureau shall cause to be prepared and filed in the office of the clerk of the county court of such county, and the state department of archives and history, copies of maps showing the location of all public roads and highways in the state; and the report herein provided to be filed with the governor shall be accompanied by a map or maps showing the location and improvements of all roads receiving state aid up to the time of the completion of said report. Copies of all maps and reports made and prepared by the bureau shall be kept in its office for public inspection.

Sec. 17. All county road engineers shall visit the office of the state road bureau at least once in every year, and shall receive instructions in road building for at least ten days; and the bureau may fix the time or times when said annual visits may be made by such county road engineers for the purpose of receiving such instructions; and the actual expenses incurred by said county road engineers in making such visits shall be paid out of the county treasury of each county when allowed by the county court.

Sec. 18. The state road bureau has authority, under proper rules and regulations, to establish and maintain stone quarries, crushers and brick kilns at places in the state where suitable material may be obtained, to be furnished to the counties desiring to use the same in constructing and maintaining public roads and bridges, and to the state and counties for public buildings, and for any other purpose for which
the state or county may desire to use such stone or brick. No brick kilns shall be established until the materials available therefor have been carefully analyzed by the bureau, and approved in writing by the chief engineer, and no material shall be used in the manufacture of brick or the building or improving of roads until after like analysis and approval. In selecting the location for said brick kilns due regard shall be had to transportation facilities. The state convict road force may be employed by said bureau at and about said kilns in the manufacture of brick under the same rules and regulations provided herein for working said force on the public roads.

Sec. 19. The state prison road force shall be guarded when working on the roads of the state, and in making road materials, by guards detailed by the warden of the penitentiary; provided, that the guards so detailed shall not exceed two guards to every twenty convicts so employed on the roads. The wages of every such guard shall be fixed by the warden of the penitentiary but shall not exceed fifty dollars per month and board. The warden of the penitentiary, his assistants or guards, at the request of the state road bureau, may so far as practicable make trusties of the convicts of said state prison road force employed under this act.

Sec. 20. The warden of the penitentiary shall provide suitable and moveable quarters, said quarters to be built, so far as can be, with convicit labor; and shall supply all necessary cooking utensils, beds and bedding and wagons for transporting the convicts, and camp fixtures for the camps or stations of said prison and road force.

Sec. 21. All convicts forming the state prison road force shall be transferred to and from the jails and the penitentiary, and the expense of such transfer shall be paid in the same way as is now provided by law for transporting convicts to the penitentiary, except that the prisoners of the state prison road force may be transported anywhere in the state, under the direction of the warden of the penitentiary.

Sec. 22. Said state prison road force shall work under the direction and control of said chief engineer, or such assistant as may be selected by said chief engineer, who shall be a civil engineer or person well versed in road building; and the said road force shall do all such proper and necessary work on such roads as the engineer having direction and control of the same may direct for its proper construction and improvement. Should any question arise as to what work is included in road building improvement, or should be done and performed by
such state prison road force, or the place where the same should be performed, or the number of convicts to be employed, such question shall be decided by the governor.

Sec. 23. The warden of the penitentiary shall provide in the same manner he now provides for convicts in the penitentiary all clothing, food, quarters and guards for the state prison road force when at work on the public roads of any county in the state; provided, that the state road bureau may require any county to pay for the food and quarters for the road force when the work being done by such road force in such county is in the judgment of said board chiefly of local importance.

Sec. 24. Whenever any prisoner working on county roads or bridges shall become sick, or shall be disabled by accident or otherwise, he shall be attended by the physician employed by the county court to take care of the poor in the county, on whose roads the prisoner is working at the time, or by the jail physician in such county, and the fees of such physician shall be paid by the county at such sum as may be agreed by the county court with such physician. In any case of emergency, the physician who can be most conveniently reached shall attend such prisoner until the physician for the poor or the jail physician can attend, and the reasonable fees of the physician first called shall be paid by the county court of such county.

Sec. 25. Any county court desiring to obtain convict labor on its roads, under the provisions of this act, shall agree to supply all necessary material to be approved by said chief road engineer, tools and teams required by the plans and specifications of the chief engineer.

Sec. 26. After the expiration of all contracts now existing between the state and any person, firm or corporation, for the employment of convict labor at the penitentiary, only such contracts shall be renewed or new contracts made under the provisions of law as may be necessary to employ all convicts not otherwise employed under the provisions of this act.

Sec. 27. If the local road authorities of any county propose to improve permanently any public road or part thereof, and desire to avail of the services of the chief engineer under the terms of this chapter, and to have the benefit of this chapter creating a state convict road force, shall prefer to make such improvements by contract, then the chief engineer may, upon request, furnish such local county road authorities, in advance of the letting of the contract, an estimate of the number of convicts available for use upon such proposed permanent road improvements, providing that such number of convicts to be so
supplied by the said public highway bureau shall not exceed such number as that, estimating their labor at one dollar per day, per convict, exclusive of Sundays, and a reasonable allowance for bad weather will amount to a contribution on the part of the state of more than forty per cent of the total contract price of such proposed improvements.

The convicts so employed upon construction work shall be and remain under the direct supervision and care of the warden of the penitentiary; and may be worked only for such hours and under such humane and reasonable rules, regulations and conditions as may be jointly prescribed and enforced by the warden of the penitentiary and the state public highway bureau, which said hours, rules, regulations and conditions shall be stated and promulgated in advance of the letting of the contract.

Sec. 28. If any convict escape from the state convict road force, he shall be punished as now prescribed by law for convicts escaping from the penitentiary.

Sec. 29. The warden of the penitentiary shall have power to discharge any of said prisoners working on said state convict road force, wherever they may be in the state, when his term shall have expired; and section twenty-two of chapter one hundred and sixty-three of the code of West Virginia shall apply to all convicts working on said state road force.

Sec. 30. Nothing herein contained shall be construed as giving to any county any aid in the location, construction and maintenance of its public roads, except as herein specifically provided.

Sec. 31. It shall be the duty of the governor to designate some competent physician, or physicians, to make monthly inspection of all camps where convict road force is employed; and it shall be the duty of such physician to make monthly, a thorough investigation of the sanitary conditions of such camps, and make a regular report of each inspection to the governor, together with such recommendations as he may deem necessary; and to furnish a copy thereof to the warden of the penitentiary, to the state board of health, and to the local board of health of the county in which such camp may be located. Said physician for his services shall receive the same allowances, and be paid in the manner as provided in section sixteen of this chapter.

Sec. 32. Wherever, in chapter fifty-two of the acts of one thousand nine hundred and nine, of the West Virginia legislature, reference is made to, or authority given, or duties required of, the “commis-
sioner,” or “the commissioner of public roads,” which office was abolished by chapter fifty-nine of the acts of one thousand nine hundred and eleven, of the West Virginia legislature, the said authority is hereby conferred on, and said duties shall be performed by, the chief engineer in charge of the location and construction of public roads and highways created by this chapter.

Sec. 33. No tolls shall be charged and collected on any road receiving state aid of any description.

Sec. 34. All acts and parts of acts in conflict with this chapter are hereby repealed.

(Senate Bill No. 85.)

This section shall not apply to prisoners confined in jail under sentence in a city or municipal court, where the ordinances of said city or municipality require prisoners to work on the streets.

CHAPTER 46.

AN ACT to authorize the holding of an election in any magisterial district, through which the Shenandoah river runs, for the purpose of voting on the issuance of bonds of such magisterial district, for building a bridge across such river and the approaches and necessary roads thereto; providing for a levy on the taxable property within such magisterial district to pay the principal and interest of such bonds; for the issuance and sale of such bonds, and for the construction of such bridge, its approaches and necessary roads.

(Passed February 15, 1913. In effect from passage. Approved by the Governor February 22, 1913.)
Be it enacted by the Legislature of West Virginia:

Sec. 1. On the petition of fifty or more freeholders who are residents and voters in any magisterial district through which the Shenandoah river runs, to the county court of such county, or tribunal acting in lieu thereof, in which such magisterial district is, requesting the erection of a bridge across such river, of such material and at such point within such district as may be designated in such petition, the county court, or tribunal acting in lieu thereof, of such county, shall obtain from the county engineer an estimate of the probable cost of such bridge; and it is hereby made the duty of such county engineer immediately to ascertain and report the probable cost of such bridge, of the material and at the point specified in such petition, and to return with his report of such probable cost, plans and specifications for such proposed bridge, and of the necessary approaches and roads thereto and therefrom, and the probable cost thereof. The county court may employ a competent bridge engineer to assist the county engineer in making the estimates and drawing the plans and specifications required hereby.

Sec. 2. On the incoming of such report, if the estimated cost of such bridge, including the approaches and necessary roads, plus the total bonded or other indebtedness of such county, and plus the total bonded or other indebtedness of such magisterial district, and plus the total bonded or other indebtedness of all school districts and independent school districts in such magisterial district, and plus the total bonded or other indebtedness of all the municipal corporations within such magisterial district, does not exceed five per centum on the value of the taxable property in such magisterial district, to be ascertained by the last assessment for state and county purposes previous to the incoming of such report, the county court of such county, or tribunal acting in lieu thereof, shall forthwith enter an order calling an election to be held within such magisterial district, in not less than thirty nor more than sixty days from the entry of such order, for the purpose of voting on an issue of bonds of such magisterial district to pay for such proposed bridge, approaches and roads. Such order shall
specify the particular purpose or purposes for which said bonds are to be issued, their denomination, amount, date, rate of interest, when and where payable, and such other details as may be considered desirable; provided, that said bonds shall not bear more than six per cent interest per annum, and shall be payable within and not exceeding thirty-four years from the date thereof. The court may also provide in said order for the payment of interest thereon semi-annually, and for the redemption thereof before maturity.

Sec. 3. Such order shall further appoint the date on which said election is to be held, and the places of voting shall be the same as those used at the last general election for state and county offices. At such election, the qualified voters residing in such magisterial district shall be entitled to vote, and no other persons, and no registration of voters shall be required.

Sec. 4. Such order shall be published once a week for four successive weeks in two newspapers of opposite political parties, if such be published in said district; if not, then in some newspaper of general circulation in said district; and a copy thereof shall be posted at the front door of the court house of said county for at least thirty days before said election.

Sec. 5. Such election shall be provided for, conducted and the result ascertained and declared as provided by law for holding and ascertaining and declaring the result of general elections; and the ballots to be voted at such election, after containing a statement of the amount and kind of bonds to be issued, and the purpose or purposes for which the proceeds thereof are to be used, shall contain the words, "for the bond issue" and the words "against the bond issue."

Sec. 6. If at such election not less than three-fifths of all votes cast for and against said bond issue shall be cast for said bond issue, the county court of said county shall proceed with the construction of such bridge and its approaches and necessary roads, in accordance with the plans and specifications of the county engineer, as aforesaid: or, they may receive and accept bids for the construction thereof, in whole or in part, by contract, awarding such contract to the lowest and best bidder therefor, in the judgment of said court. The county court shall take from such contractor a bond, with security to be approved by such court, in a penalty equal at least to the amount of the contract, conditioned for the faithful performance of all of the terms of said contract.

Sec. 7. The bonds referred to in this act shall be payable to bearer
and signed "The ................ magisterial district of ........ county, West Virginia," by the president of the county court of said county, and attested by the clerk of the county court; and the corporate seal of the county court shall be affixed thereto.

Sec. 8. The county court shall dispose of the bonds at public or private sale, and may advertise for sealed bids therefor, or for any part or parts thereof; but said bonds shall not be sold at less than par. The proceeds of such bonds shall be used to pay for said bridge, the approaches and necessary roads.

Sec. 9. The county court of any county wherein bonds shall have been issued under this act, shall, at its levy term in each year, lay a levy to be known as the "bridge levy" on all of the taxable property in the magisterial district wherein such bridge is located, sufficient to pay the interest on such bonds annually or semi-annually, and to create such a sinking fund as will be sufficient to pay the principal of said bonds at their maturity.

Sec. 10. The county court of such county may impose such tolls on persons, vehicles and stock using such bridge as in its judgment may be just and proper; and shall arrange for the collection thereof by appointing a keeper, or in such other manner as may seem best: and all revenue derived therefrom shall be paid into a sinking fund for the liquidation of the bonds hereinbefore provided for.

Provided, however, that before this act shall take effect the question of enlarging the said independent school district as aforesaid shall be submitted to the voters of the magisterial district of Lewis at a special election to be held in said district under the general laws so far as applicable and the supervision of the county court of Mason county, on the twelfth day of April, one thousand nine hundred and thirteen.

Sec. 2. The tickets for said election shall have written or printed thereon "for enlarging independent school district" and "against enlarging independent school district." The result of said election shall be ascertained and declared by the said county court and the result thereof certified to the boards of education of Lewis district and the independent school district of Point Pleasant; and if a majority of the votes cast upon said question in said magisterial district shall be in favor of the enlargement of said independent school district of Point Pleasant, then the territory described in section one of this act shall thereafter be included within and be a part of the independent school district of Point Pleasant; but, if a majority of the said votes shall be against such enlargement, or the vote on the question be even, then said district shall remain as it is.

Sec. 3. In the independent school district of Point Pleasant as so enlarged, there shall be a board of education consisting of a president and four school commissioners, who shall be a corporation by the name of "the board of education of the independent school district of Point Pleasant," and as such shall possess all the powers and be subject to all the liabilities of such corporations, and in addition thereto shall likewise perform all the duties and be subject to all the liabilities of both boards of education and trustees. The president and members of the present board of education of the independent school district of Point Pleasant, after the first day of July, one thousand nine hundred and thirteen, shall continue in office until the expirations of their respective terms of office, and two additional school commissioners to be members of said board of education, and have equal rights, powers and privileges with the other members, shall be elected, at a special election to be held for the purpose on the thirty-first day of May, one thousand nine hundred and thirteen, in the territory added to the said independent school district by this act, with the assent of the voters of the magisterial district of Lewis, as herein provided, at which only qualified voters residing in said
territory so added shall be permitted to vote. Only actual residents of such added territory shall be eligible to the two additional memberships in said board hereby created, and their terms of office shall expire with the termination of those of the president and the other members thereof. At the general election to be held in the said county of Mason in the year one thousand nine hundred and fourteen, a president and four commissioners of said board of education shall be elected, the president for a term of four years, two commissioners for terms of two years and two for terms of four years each, the years of such terms to be the same as those of the terms of members of boards of education under the general law. And thereafter their successors shall be elected at the biennial general elections for terms of four years and hold their offices for such terms and until their successors are elected and qualified.

The special election to be held in said added territory on the thirty-first day of May, one thousand nine hundred and thirteen, shall be held and conducted at the school house therein, and under the supervision of the board of education of the independent school district of Point Pleasant as now constituted, but each of the two leading organizations of voters, having or supporting candidates for election therein, shall be permitted by said board of education to designate by the chairman of its committee or its candidates, by a writing to be filed with the secretary or any member thereof, one commissioner, one clerk and one challenger, all of whom, as well as the third commissioner, shall be legal voters of said added territory. Said election officers shall be appointed on the third day of May, one thousand nine hundred and thirteen, and immediately notified of their appointments. Nominations of candidates may be made by conventions under any party or organization name the voters holding them may adopt. Except as herein otherwise provided, said board of education shall perform the duties in relation to said election required by the general laws of county courts and officers in force on the first day of March, one thousand eight hundred and ninety-one, concerning elections by the people, and such laws shall govern such election and be applicable thereto.

Nothing herein contained shall be construed to prohibit the re-election and eligibility of any member of such board for two or more terms. Nor shall anything in this act be construed to extend the term of the president or any member of the board of education of said independent district, as said district now is, to come into
office on the first day of July, one thousand nine hundred and thirteen, or in any manner enlarge or diminish the rights or powers of any of them, in case said independent district is not enlarged as aforesaid. Vacancies in said board, occurring after this act takes effect, shall be filled for the unexpired term by appointment by said board within two weeks after such vacancy shall have occurred. If the board shall fail or refuse to fill it within such time, the county superintendent of schools shall fill such vacancy.

Sec. 4. The independent school district of Point Pleasant herein authorized, and the board of education herein authorized to be elected, shall conform to, and be governed by, the general school law in this state, except where it is otherwise provided by this act.

Sec. 5. All school moneys, whether belonging to the teachers' or building fund of Lewis district, which may be unexpended when the provisions of this act take effect, shall be divided between the said Lewis district and the independent school district of Point Pleasant, in proportion to the amount of taxable property remaining in the said district of Lewis and the amount of taxable property added to the independent school district of Point Pleasant. The latest assessment for state and county purposes shall be taken as the basis of such settlement and division. It shall be the duty of the boards of education of each of said districts, on or before the first day of July after the provisions of this act take effect, to make the financial settlement provided for in this section.

Sec. 6. The said board of education, at their first meeting after their election, shall appoint a secretary, who shall not be a member of the board, and who shall perform all the duties of a secretary of a board of education prescribed in the general school law, and in addition thereto, shall make an enumeration of the youths of the said independent district, between the ages of six and twenty-one years of age, at the time required by the general school law, and according to the provisions herein contained in relation to making enumeration of youths. The salary of said secretary shall not exceed one hundred and twenty-five dollars per year.

Sec. 7. It shall be the duty of the board of education of said independent school district, at their annual meeting, to be held at the time required by the general school law, to ascertain, as near as can be, the amount of money necessary, in addition to other funds properly belonging to said independent district available for that year, to keep the schools of said district in operation not less than six months in the year, for which amount said board shall levy a
tax upon the taxable property included in said district, which tax
shall be collected in the same manner as other school taxes are
collected under the provisions of the general school law of this
state; and for collecting the same the sheriff shall be allowed the
same commission as he is allowed by law for collecting the school
money for the districts.

Sec. 8. The board of education of said independent school dis-
trict shall, at a meeting held not later than the first day of September
in each year, appoint as many teachers as they shall deem necessary
to give proper instruction to the pupils of school age within said
district, and at the same meeting they shall fix the salary which each
of said teachers may receive. Such appointment shall be recorded
by the secretary of said board; and any teacher appointed by said
board may, by them, be removed for incompetency, neglect of duty,

Sec. 146. If any sheriff fails to make the settlement required by section one hundred and forty-two at the time required, without reasonable cause therefor, he shall be charged in said settlement with twelve per cent. interest on all school money in his hands for the time he is in default in making the said settlement.

Sec. 147. If the sheriff fails to make the said settlement at the time required it shall be the duty of the prosecuting attorney to proceed by action against him and his sureties in the circuit court to recover the fine and penalty imposed upon him by sections one hundred and forty-two and one hundred and forty-six.

Sec. 148. If any county financial secretary fails to make the settlement required by section one hundred and thirty-nine of this chapter, with the sheriff, when requested by him to do so, he shall be guilty of a misdemeanor and upon conviction thereof be fined twenty dollars, the proceeds of which fine shall be placed to the credit of the building fund of the district.

Sec. 149. The retiring sheriff shall immediately after he shall have made his final settlement in the manner herein provided, pay and turn over to his successor in office such balance as may be shown to be due from him by said settlement.

orders issued by the county court drawn on the general county fund.
Sec. 149-d. After July first, one thousand nine hundred and
thirteen, no sheriff or school treasurer shall pay any order which

All elections held in pursuance of this act shall be held in compliance with the general election laws of this state except as herein otherwise provided.

Sec. 14. Members of the board elected or appointed pursuant to the provisions of this act shall serve during their respective terms of office without compensation.

Any vacancy that may occur in the office of school commissioner by death, resignation or from any cause, shall be filled by the board of education of the independent school district at their first regular meeting thereafter, or as soon as circumstances will permit, by the appointment of a suitable person, who shall hold his office until the next election of school commissioners or members of the board of education, when a member of said board of education shall be elected to fill the unexpired term.

Sec. 15. The president shall have one vote as a member of said board and shall not vote on any question arising in the board more

Sec. 1. “The West Virginia reform school,” established by chapter three of the acts of one thousand eight hundred and eighty-nine, shall hereafter be known and designated as the “West Virginia industrial school for boys,” and shall be conducted in the buildings heretofore and hereafter erected for that purpose at Pruntytown, in Taylor county. This school shall be exclusively charged with the care and training of male youth of the state, but white and colored shall be kept separate. It shall be managed, controlled and governed by the state board of control, as provided in chapter fifty-eight of the acts of one thousand nine hundred and nine.

Sec. 2. Any male youth under the age of eighteen, and not under the age of ten years, may be committed to and received into the West Virginia industrial school for boys for the reason and in the manner following:

First—By a justice of the peace of the county in which he resides, on complaint under oath and due proof made to him by the parent, guardian or other person having the custody and control of such youth, that by reason of incorrigible or vicious conduct such youth has rendered his control beyond the power of the parent, or guardian
or such other person, and made it manifestly requisite that, from
regard for the morals and future welfare of such youth and the
peace and order of society, he shall be placed in said school.

Second—By the same authority, upon complaint under oath, and
due proof before the justice that such youth is a vagrant, incorrigible
or vicious in disposition and conduct, and that his parents, guardian,
or other person having custody of or authority to control him, are
depraved or otherwise unfit, unwilling or unable to exercise care or
discipline over such youth.

Third—By the several courts of this state, as provided in the next
section.

Sec. 3. Whenever any male youth under the age of eighteen years,
shall be convicted in any of the courts of this state of felony or a
misdemeanor, punishable by imprisonment, the judge of said court
in his discretion, and with reference to the character of the industrial
school as a place of correction and not of punishment, instead of
sentencing said youth to be confined in the penitentiary or county
jail, may order him to be removed to and confined in the said in­
dustrial school, to remain until he shall have arrived at the age of
twenty-one years, unless sooner discharged by the state board of
control. Male youth under eighteen years of age, convicted in any
of the courts of the United States for the districts of West Virginia,
of any offense punishable by imprisonment, may also be received into
said industrial school upon such regulations and such terms as to
their maintenance and support as may be prescribed by the state
board of control, and assented to by the proper authorities of the
United States.

Sec. 4. It shall be the duty of the justice of the peace when
committing a youth to the industrial school under the first and second
clauses of section two of this chapter, in addition to the commitment,
to annex to said commitment the names and residences of the dif­
ferent witnesses examined before him, and the substance of the
testimony given by them respectively, on which the adjudication was
found, together with full answers to such interrogatories respecting
the history of the case and the mental and physical health of the
youth, as shall be prescribed by the board of control, and furnished in
printed form, on application, by the superintendent of the industrial
school.

Sec. 5. In all proceedings before justices of the peace for com­
mmitment of youth to the industrial school under the first and second
clauses of section two of this chapter, the justice shall appoint some discreet and disinterested person guardian *ad litem* for such youth, whose duty it shall be to represent the interest of the youth and see that no injustice is done him; and the guardian *ad litem* or the youth shall have the right to demand a jury of twelve men to try the truth of the charges made against the youth, and the jury shall be selected, and the trial shall be conducted in the same manner as is provided by law for the trial of criminal cases before justices by juries. And the guardian *ad litem* or the youth shall have the same right of appeal from any final decision rendered against the youth in any such proceedings, whether upon a trial by jury or otherwise, as is allowed by law in other criminal cases tried before justices.

Sec. 6. Justices, constables and jurors shall receive the same fees in a proceeding for committing a youth to the industrial school as are allowed by law for similar services in misdemeanor cases, and such fees shall be paid in like manner as fees of such officers and persons are paid in misdemeanor cases.

Sec. 7. As soon as is practicable after a youth, on any account, is committed to the industrial school the papers in the case shall be mailed to the superintendent, and such youth shall remain in the custody of the court pronouncing such commitment, until he be delivered to an officer of the industrial school, who shall be sent without delay, and duly authorized by the superintendent to conduct such youth by the most direct and convenient route to the said school; but no youth committed to the industrial school shall be lodged in any jail or lockup, if he be under the age of twelve years. The superintendent shall, in so far as is consistent with the safe conveyance of youth to the school, cause as many youths from the same or several counties to be conducted to the school at the same time. The expense incurred in conducting a youth to the industrial school, including transportation and other necessary traveling expenses of the youth and of his conductor, shall be paid by the county court out of the treasury of the county from which the youth was committed to the school, and a written statement of such necessary expenditures, fully itemized and sworn to by the officer making such expenditures, and attested by the superintendent of the school, when presented to any county court, shall be a bill against such court, to be paid to the industrial school, and credited to that fund of the school from which the original expenditure was made; but when two or more youths shall be so conducted from more than one county, the necessary expenditure on the personal account of the conductor
shall be apportioned among the counties concerned in due proportion to the mileage traveled by the youth from the respective counties.

Sec. 8. If any person shall entice or attempt to entice away from the industrial school any youth legally committed to the same, or shall aid or abet any youth to escape from the industrial school, or shall harbor, conceal, or aid or abet in harboring or concealing, any youth who shall have escaped therefrom, or shall, without the permission of the superintendent, give or sell, or aid or abet any other person to give or sell, to any youth in the industrial school, whether on the premises of such institution or otherwise, any money, firearms, intoxicating drinks, tobacco, cigarettes, or other articles whatsoever, or shall in any way cause or influence, or attempt to cause or influence or aid or abet therein, any youth in the industrial school to violate any rule of the institution or to rebel against the government of said school in any particular, or shall receive by the hands of any such youth anything of value, whether belonging to the state or otherwise, such person shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten, nor more than one hundred dollars, or be confined not more than twelve months in the county jail, or both fined and imprisoned as aforesaid, as the court may deem proper.

And the superintendent, or any of his assistants or any one authorized in writing by him, or any sheriff, constable, policeman, or other peace officer, shall have power, and it is hereby made his duty to arrest any youth when in his power to do so who shall have escaped from said school, and return him thereto.

Sec. 9. In any case where a youth is committed to the industrial school for an offense punishable by confinement in the penitentiary, and it is found by the state board of control that the industrial school is unable to benefit such youth, and that his presence is a detriment or menace to other youth in the institution, or to the general good of the school, he may be securely returned to the court which sent him, and said court shall thereupon pass such sentence upon him as to confinement in the penitentiary as may be proper in the premises, or as it should have done had it not sentenced him to the industrial school. And the governor shall have power, when in the judgment of the warden of the penitentiary and the superintendent of the industrial school it is advisable, to remit the penalty of any offender under the age of eighteen years confined in the penitentiary, to a commitment to the industrial school.

Sec. 10. The county court of every county shall pay into the state
treasury the sum of fifty dollars a year on account of each youth from the county who shall be received in said school of the first, second or third classes mentioned in section two. But in all cases of youth received in said school of the first class mentioned in section two, the parent, if of sufficient means, and the guardian where the youth has sufficient estate, shall annually reimburse the county the amount paid into the state treasury, by virtue of this section, on account of such youth mentioned in the first class of section two, and the county court of such county shall have a right to recover the same of such parent or guardian in any court of competent jurisdiction.

Sec. 11. The superintendent of said school shall before the tenth day of January in each year, make out and certify to the auditor and the state board of control each a list by counties of all such youth as are mentioned in the preceding section, who are kept in the school during the preceding year or any part of it, showing as to each youth what part of the year he was so kept in the school, and to which class he belonged. On receiving such list the auditor shall charge to each county fifty dollars on account of each youth who was kept in such school during the preceding year, and a proportionate amount on account of each youth kept in school for any part of such year less than the whole.

Any money in the treasury of the state to the credit of any such county from whatever source arising, and not appropriated to pay any other debt of the county to the state, shall be applied, so far as necessary, to the payment of the sums so charged; if any sum in the treasury due the county shall not be sufficient to pay the whole amount so charged against it, such sum shall be applied as a credit on the amount charged, and the balance shall remain a charge against the county.

Sec. 12. Within ten days after receiving such list the auditor shall certify to the county court of such county a list of the youth from the county in such school, stating the class to which each belongs, the length of the term during the year he was in such school, as shown by the list certified by the superintendent, and the amount due from the county on his account and the total amount due on account of all. He shall credit on such statement whatever amount has been applied as a payment thereon from any funds of the county in the treasury.

Such statement shall be a receipt to the county for any amount so credited, and shall be a bill for any amount still appearing to be
due from the county. Unless the bill shall have been paid by the 
application of funds of the county in the state treasury, the county 
court shall at its next levy term provide for the payment of the 
same, or such part as may not have been paid, and cause the amount 
to be paid into the state treasury.

If the amount so due from any county be not paid in a reason-
able time after such levy term, the auditor may, in the name of the 
state, apply to the circuit court of the county for a mandamus to re-
quire the county court to provide for and to pay the same, or he may 
proceed in the name of the state by any other appropriate remedy 
to recover the same.

Sec. 13. The state board of control shall have authority, under 
such rules and regulations as they may prescribe, to grant, on 
recommendation of the superintendent, a parole to any inmate of 
the industrial school; but while said inmate is on such parole, and 
until he is discharged according to law, he shall remain in legal 
custody of the board of control, and subject at any time to be re-
turned to the industrial school, if in the judgment of the board the 
interests of such paroled inmate will best be served thereby. The 
written order of said board, certified by the superintendent, shall be 
sufficient warrant for any officer named therein to arrest and return 
to the school said paroled inmate, and it is hereby made the duty of 
any peace officer, or other person, so named, to make such arrest and 
return such youth to the industrial school. All actual expenses in-
curred in returning to the school paroled inmates shall be paid out 
of funds appropriated for the maintenance of the industrial school.

Sec. 14. That all acts and parts of acts inconsistent with this 
act are hereby repealed.

(Senate Bill No. 100.)

purchase, own and operate toll bridges; to provide for the purity of water, milk, meats and provisions offered for sale in said city, and to that end provide for a system of inspecting the same, and making and enforcing rules for the regulation of their sale, and to prohibit the sale of any unwholesome or tainted milk, meats, fish, fruit, vegetables, or the sale of milk containing water or other things not constituting a part of pure milk; to provide for inspecting dairies, and slaughter houses, whether in or outside of the city where the milk and meat therefrom are offered for sale within said city; to prescribe and enforce ordinances and rules for the purpose of protecting the health, property, lives, decency, morality and good order of the city and its inhabitants, and to protect places of divine worship in and about the premises where held, and to punish violation of such ordinances even if the offense under and against the same shall constitute offenses under the law of the state of West Virginia or the common law; to provide for the employment and safe keeping of persons who may be committed in default of any payment of fines, penalties or costs under this act, who are otherwise unable or fail to discharge the same, by putting them to work for the benefit of the city upon the streets or other places provided by said city, and to use such means to prevent their escape while at work as the board of commissioners may deem expedient; and the board of commissioners may fix a reasonable rate per day as wages to be allowed such persons until the fine and costs against them are thereby discharged; to compel the attendance at public meetings of the members of the board of commissioners; to have and exercise such additional rights, privileges and powers as are granted to municipalities by chapter forty-seven of the code of West Virginia of the edition of one thousand nine hundred and six. For all such purposes, except that of taxation, the board of commissioners shall have jurisdiction, when necessary, for one mile beyond the corporate limits of said city, excepting any other municipal corporation or part of any other state within said one mile limit; provided, however, that nothing herein contained shall be construed as limiting the city from going beyond its territorial limits to lease, purchase or erect, operate and maintain a water plant, or system, or any part thereof, or from furnishing and selling water to customers outside the city.

Said city of Huntington, as constituted by this act, shall retain, keep and succeed to all rights, privileges, property, interest, claims and demands heretofore acquired by, vested in or transferred to said
city of Huntington, and said city of Central City, and the town of Guyandotte as heretofore constituted.

And the board of commissioners shall have the right to establish, construct and maintain landings, ferries, wharves and docks on any ground which does or shall belong to said city, or which it shall acquire, and to sell, lease, repair, alter, or remove any such landings, ferries, wharves, buildings, or docks which have been, or shall be so constructed, and to levy and collect reasonable duty on vessels, and other crafts coming to, or using said landings, ferries, wharves, docks and buildings, and to preserve and protect the peace and good order at the same, and regulate the manner in which they shall be used; and to have the sole right, under state laws and in the same manner as now control county courts, to establish, construct, maintain, regulate and control all such wharves, docks, ferries and landings within the corporate limits.

To the end that the city and its inhabitants and industries may be furnished with an adequate supply of water for all needful purposes, the said city is hereby authorized to acquire and hold by gift, purchase, condemnation, or otherwise, such real estate or interest therein or personal property either within or without the city limits, as may from time to time be necessary or convenient, for use in connection with such plants, works, structures, pipe lines or other property, in and about leasing, constructing, operating and maintaining a water works and system; which water works and system may also be used to supply water to the inhabitants and industries of such territory outside the city, as the board of commissioners may from time to time elect, for adequate compensation.

The water rates shall be fixed by the board of commissioners on the principle only of producing revenue, and discrimination in rates is prohibited in said city; and the city is hereby given the same power and authority to collect water rents by distress, levy and sale as are conferred upon it for the collection of taxes.

To carry into effect these enumerated powers, and all other powers conferred upon said city expressly or by implication in this and other acts of the legislature, the board of commissioners of said city shall have the power, in the same manner herein prescribed, to adopt and enforce all needful orders, rules and ordinances not contrary to the laws and constitution of this state; and to prescribe, impose and enforce reasonable fines and penalties, including imprisonment; and, with the consent of the county court of Cabell
county entered of record, shall have the right to use the jail of said county for any purpose necessary to the administration of its affairs.

ARTICLE IV.

Departments of City Government.

Sec. 17. In order to better dispatch the business of the city, and assign more in detail the duties of the members of the board of commissioners, the government of said city is hereby divided into four departments, to-wit:

Department of fire, police and law.
Department of finance, taxation, water works and public utilities.
Department of streets, sewers, wharf, public buildings and grounds.
Department of health and charity.

Sec. 18. The mayor at the first regular meeting of the board of commissioners following their election and qualification shall designate himself and each of the other commissioners at the head of one of the said departments of government, and the commissioner thus assigned shall be styled the commissioner of that department, to-wit:

Commissioner of fire, police and law.
Commissioner of finance, taxation, water works and public utilities.
Commissioner of streets, sewers, wharf, public grounds and buildings.
Commissioner of health and charity.

And he shall have the immediate care and supervision of his department, but subject always to the control of the board of commissioners. The business and the labors incident thereto of each of the departments shall be that which properly falls within the scope of the particular department, but which, in details, may be fixed from time to time by the board of commissioners. The head of each department shall see to the performance of all business coming within his department, or which may be referred thereto, or to any officer thereunder, from time to time, and the commissioner of health and charity, as a part of his duties, shall establish and maintain a free employment bureau.

ARTICLE VI.

Additional Officers.

Sec. 24. In addition to the municipal authorities mentioned in section four of this act, said city shall have a city clerk, treasurer, auditor, police judge, city attorney, superintendent of water works, collector of water rents, chief of police, chief of fire department, city
engineer, health officer, and such other officers and agents as the board of commissioners may from time to time create or employ. The election of all appointive officers named or provided for in this section shall be vested in the board of commissioners.

Bond of Officers.

Sec. 39. Each member of the board of commissioners, and the city clerk, treasurer, auditor, city attorney, superintendent of water works, collector of water rents, city physician, chief of police, and chief of fire department shall, before entering upon the discharge of their duties, give an official bond, conditioned for the faithful performance of their respective duties as prescribed in this act or any ordinance now or hereafter passed in amounts as follows:

Each commissioner, five thousand dollars; the treasurer, sixty thousand dollars; the superintendent of water works, five thousand dollars; the collector of water rents, twenty thousand dollars; the auditor, two thousand dollars; the city clerk, three thousand dollars; the city attorney, city physician, chief of police and the chief of the fire department, each one thousand dollars.

The board of commissioners may require additional bond from any of said appointive officers, and may likewise require a bond, in whatever sum they may fix, of any other appointive officer. All bonds of appointive officers, shall before their acceptance, be approved by the board of commissioners; and the bonds of the commissioners shall be approved by the retiring board of commissioners. (common council in the first instance.) All other bonds of whatsoever kind shall not be accepted until first approved by the board of commissioners. The minutes of the meeting of the board shall show all matters touching the consideration or approval of all bonds, and when said bonds are approved and accepted they shall be recorded by the city clerk in a well bound book kept by him at his office for that purpose, which book shall be open to public inspection; and the recordation of such bonds as aforesaid shall be prima facie proof of their correctness, and they as so recorded shall be admitted as evidence in all the courts of this state. The city clerk shall be the custodian of all bonds, except those given by him, and as to them the city treasurer shall be custodian.

All bonds, obligations or other writing taken in pursuance of any provision of this act shall be made payable to "the city of Huntington," and the respective persons, and their heirs, executors, administrators and assigns bound thereby, shall be subject to the same proceedings
on said bonds, obligations and other writings, for enforcing the conditions of the terms thereof, by motion or otherwise, before any court of record held in and for the county of Cabell, that collectors of county levies and other sureties are or shall be subject to on their bonds for enforcing the payment of the county levies.

Sec. 73. The board of commissioners shall have authority to levy and collect an annual tax on real estate and personal property in said city, and to impose a license and assess a tax thereon on wheeled vehicles for public hire, and upon all dogs kept within said city, and to impose a tax upon all other subjects of taxation, under the several laws of the state, which taxes shall be uniform with respect to persons and property within the jurisdiction of said city, and shall only be levied on such property, real, personal and mixed, and on capital, on which the state imposes a tax; provided, that no greater levy shall be laid by said board of commissioners, except the ten cents levy authorized by section seventy-nine of this act, on the taxable property of said city than is now permitted to be laid under the state law relating to municipalities, except, however, that the said board of commissioners may, by the unanimous vote of its members, by ordinance, lay an additional levy not to exceed twenty cents on the one hundred dollars of all the taxable property within said city; but said ordinance laying said additional levy shall not become effective or operative if two-fifths of all the members elected to the citizens' board shall express a veto to said ordinance in the manner prescribed in article three of this act.

*Paving Streets and Constructing Sewers, Water Works, Sale of Bonds, Etc.*

Sec. 78. The board of commissioners of said city of Huntington are hereby authorized to order and cause any avenue, street, road or alley, to be graded, or graded and paved, between the curbs with brick, wooden blocks, asphalt, or other suitable material, or to be macadamized, or to be otherwise permanently improved, under such supervision as they shall be directed by ordinance, upon the lowest and best terms to be obtained by advertising for bids or proposals therefor; and the cost of such grading and paving or macadamizing of any of the avenues, streets, roads, or alleys thereof, shall be assessed to the owners of the lots or fractional parts of the lots fronting and bounding on such avenue, street, road or alley, in proportion to the lineal feet so fronting or bounding owned by each; provided, that the cost of paving or otherwise improving the intersection of
avenues, streets and alleys shall be paid for by the city; and, provided, further, that if any such avenue, street, road, or alley be occupied by street car tracks or tracks of other railways, the cost of said improvements of the space between the rails and two additional feet outside of each rail shall be borne and paid entirely by the person or company owning or operating such street car or other railway line, unless otherwise provided by the franchise of such street car or other railway company granted previous to the passage of this act.

When the board of commissioners shall deem it expedient to cause any avenue, street, road or alley in said city, or any portion thereof, to be graded, or graded and paved, curbed or macadamized, or otherwise permanently improved, they shall by ordinance, order the work done in the following manner and upon the following terms:

The contract for such improvement shall, after thirty days' notice published in two daily newspapers of opposite politics in said city, be let to the lowest responsible bidder; but said city shall reserve the right to reject any and all bids therefor. Before advertising for bids on said work, the board of commissioners shall approve of and adopt plans and specifications therefor, and the advertisement for bids and contracts awarded thereon shall refer to such specifications.

The cost of said paving, macadamizing or other permanent improvement shall be paid in one of two ways (to be specified by ordinance by said board of commissioners), either as set out in section seventy-nine, or in section eighty-one herein.

Sec. 79. Said city of Huntington is hereby authorized to issue its bonds for the purpose of providing for the costs of grading, paving, curbing, or macadamizing or otherwise permanently improving the avenues, streets, roads, and alleys of said city, of constructing sewers for the proper drainage of said city, in anticipation of special assessments to be made upon the property abutting upon the avenues, streets, and alleys so improved, or property so sewered or drained; and for the purpose of leasing, purchasing or erecting, owning, maintaining and operating a system of water works for the city, and the inhabitants and industries thereof, and the inhabitants and industries of any territory adjacent to the territory of the city of Huntington, which the board of commissioners may from time to time agree to supply from the city water works. Said bonds may be in such amount as shall be sufficient to pay the entire costs and expenses of said improvements for which such special assessments are to be levied; and said city is authorized to sell said bonds, but
not below the par value thereof. The amount for which said bonds are issued shall be made up of not exceeding thirty bonds, payable in two, four, six, eight, ten, twelve, fourteen, sixteen, eighteen, twenty, twenty-two, twenty-four, twenty-six, twenty-eight, and thirty years, respectively, from the date of their issue, and shall bear interest not to exceed six per centum per annum, payable annually; and in the issuance and sale of said bonds the said city shall be governed by the restriction and limitations of the constitution of this state, and the restrictions and limitations of the state laws of this state relating to the issuances and sales of bonds, so far as such state laws are not in conflict or inconsistent with the provisions of this act; and the assessments as provided for and to be paid in sections seventy-eight and seventy-nine herein shall be applied to the liquidation of the bonds issued for those purposes, and interest thereon, and if by reason of the penalties collected with the delinquent assessments there be any balance after the payment of said bonds and all accrued interest and costs, it shall be turned into the city treasury to the credit of the interest and sinking fund of said city.

Provided, that such city may, by sale or issue of such bonds, cause the aggregate of its debts of every kind whatsoever to amount to but not to exceed five per centum on taxable property therein; and, provided, further, that nothing herein contained shall be considered as authorizing said city on becoming indebted in any other manner, or for any other purpose, to an amount including the existing indebtedness (and in estimating "existing indebtedness" bonds issued for the purposes mentioned in this section are not to be included) in the aggregate exceeding two and one-half per centum on the value of the taxable property herein, (as provided in chapter fifty-one of the acts of one thousand nine hundred and five), except for the purpose of grading, paving, sewerling and otherwise permanently improving the streets, highways, and alleys of said city, and of leasing, purchasing or owning, erecting, maintaining and operating a water works and system, and supplying water, as provided for in this act: nor shall said city make such issue and sale of bonds without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding thirty years. And for the purposes of aiding in the payment of any bonds issued under the provisions of this act, to enable the city to lease, purchase, own, operate and maintain a water works and system, the commissioners
of the city are hereby authorized to lay a levy of not exceeding ten cents on the one hundred dollars valuation on all taxable property in the city, which said levy may be in addition to the aggregate of all other levies authorized by law; and any revenue derived from said water works over and above the expense of operating and maintaining the same, shall be applied to the payment of the bonds issued therefor.

And it shall be the duty of the board of commissioners to immediately certify the assessments herein provided for to the treasurer for collection as herein provided, and a copy of said order shall be certified by the city clerk to the clerk of the county court of Cabell county, who is hereby required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein.

The amounts so assessed against said abutting lots and owners thereof, respectively, shall be paid in ten payments, as follows: That is to say, one-tenth of said amount, together with interest on the whole assessment for one year, shall be paid into the city treasury of the city before the first day of the following May; and a like one-tenth part, together with interest for one year upon the whole amount remaining unpaid on or before the first day of May in each succeeding year thereafter, until all has been paid. Each of said installments of one-tenth shall bear interest at six per centum per annum payable annually from the date of assessment. Provided, however, that the owner of any abutting land so assessed on said avenue, street, road or alley, shall have the right, at any time, to anticipate and pay any such assessment and interest thereon, and have the lien against the property so assessed released as hereinafter provided.

If any such assessment shall not be paid when due, the board of commissioners shall cause to be enforced the payment of said assessment and interest in all respects as herein provided for the collection of taxes due the city; and said assessments shall be a lien upon the property liable therefor, the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for the payment of taxes and tax liens; and the liens herein provided shall have priority over all other liens, except those for taxes due the state and the county, and shall be on a parity with taxes and assessments due the city.

When all of said assessments for grading, paving, curbing, macadamizing or other permanent improvements, or for sewerage, shall
be paid in full to the treasurer, he shall deliver to the owner of said property a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens are recorded.

Under this plan all of said permanent improvements of said avenues, streets and alleys of said city, the contractors shall look only to the city for payment for the work, and in no sense to the abutting land owners.

Sec. 85. It shall be lawful for said city of Huntington to issue and sell its bonds, as provided in this act for the sale of other paving and sewer bonds, to pay the city's part of the cost of the construction of said sewers and the paving or other permanent improvements of streets and alleys, as required by this act; and said city may levy taxes, in addition to all other taxes, authorized by law, to pay such bonds and interest thereon; provided, that the total indebtedness of the city for all purposes shall not exceed five per centum of the total value of all taxable property therein.

It is expressly provided that no bonds shall be issued under the provisions of this act, unless and until the question of issuing said bonds shall have first been submitted to a vote of the people of said city and shall have received three-fifths of all votes cast at said election for and against the same. The board of commissioners of said city may provide by ordinance for submitting to the people at any regular election, or special election called for that purpose, the question whether or not said city shall be authorized to issue bonds for the purpose specified in this act; but the ordinance relating to the issuance of said bonds, and the submission of the same to the vote of the people, need not specify in detail the location of the improvements contemplated to be paid for out of, and the works to be constructed with, the proceeds of sale of said aggregate issue authorized thereby; and if at such election the people by their vote thereon shall authorize the issuance of said bonds, said board of commissioners may order the sale of same, as needed for said improvements and works, dealing with all the requirements set forth in this act; and notwithstanding the provisions of sections two, three and six of chapter forty-seven-a of the code, it shall be sufficient description of the purpose for which said election is held for the ordinance calling the same, or submitting said question to a vote at any general election, if it shall recite that it authorizes the board of commissioners to issue bonds for the purpose of grading, paving, curbing, sewer ing, or otherwise permanently improving the streets, roads, and alleys of said
city, or the leasing, purchasing, erecting, maintaining and operating
the water works system authorized by this act, at such times as the
board of commissioners shall deem fit or expedient.

The provisions of chapter forty-seven-a of the code, concerning bond
elections shall, so far as they are not in conflict with the provisions,
of this chapter, apply to the bond election and special election herein
provided for.

(From House Bill No. 24.)

The executive and administrative power, authority and duties in said city shall be distributed into and among five departments, as follows:

Sec. 8-a. The commission shall levy all taxes, apportion and appropriate all funds, and audit and allow all bills, accounts, payroll and claims, and order payment thereof. It shall make all assessments for the cost of street improvements, sidewalks, sewers and other work, improvement or repairs which may be specially assessed. It shall make or authorize the making of all contracts, and no contract shall bind the city unless either made by ordinance or resolution adopted by the commission, or expressly authorized, as provided in section seven. All superintendents of departments and officers are the agents of the commission only, and all their acts shall be subject to review and to approval or revocation by the commission.

Departments.

Sec. 9. The mayor shall be in charge of the department of public affairs, and the commission shall, at the first regular meeting after election of its members, designate by majority vote, one of its members to be in charge of the department of finance, one to be in charge of the department of safety, one to be in charge of the department of improvements, and one to be in charge of the department of utilities, and for the purpose of official classification they shall be known respectively as "commissioner of finance," "commissioner of safety," "commissioner of improvements," and "commissioner of utilities."

The commission may by ordinance reassign any of the duties and powers above specified and may in such manner transfer any powers and duties from one department to another. Any duties not herein enumerated may be delegated by the commission to the commissioner of any of the said departments.

The commission shall appoint a park and playgrounds board, to consist of three residents of the city of Wheeling, one of whom shall be a woman, for the purpose of supervising and managing any parks or public playgrounds. Said board members shall be appointed for terms of four years each. Further definition of their duties and responsibilities may be made by ordinance.

Subordinate Officers.

Sec. 11. The commission shall by majority vote after each general municipal election appoint such officers and employees as it may deem necessary for proper conduct of the city’s affairs, upon nomination of each commissioner for such officers and employees as may be under his direction in his department, except as otherwise provided in this act. The commission may remove any of said appointees at any time.

The commission shall have the power from time to time to create, fill and discontinue offices and employments, according to their judgment of the needs of the city, and may by resolution or otherwise, prescribe, limit or change the compensation of such officers or employees.
All employees shall be appointed with reference to their qualifications and fitness and for the good of the public service and without reference to their political faith or party affiliations.

The commission shall be a civil service board, whose duty it shall be to examine all applicants for positions in the departments of fire and water works, and such other departments as may be ordained. For this purpose the commission may prescribe tests and adopt classifications and rules. Following such classification no employee shall be discharged without a hearing, and he may be reinstated on the showing of cause satisfactory to the commission.

The chief of police shall immediately upon his appointment select his subordinate officers, all said appointments to be submitted to the commission for confirmation. The chief shall be responsible to the department of safety for any and all misconduct of his subordinate officers. The term of office of the chief of police and subordinates shall be for two years, subject to removal for cause after a hearing by said commission. The chief and his subordinates shall be eligible for reappointment, and the commission shall have power to adopt classifications and rules for the control of the police force.

Restrictions on Officers.

Sec. 12. No officer or employee elected or appointed in said city shall be interested, directly or indirectly, in any contract or job for work or materials, or the profits thereof, or services to be furnished or performed for the city; and no such officer or employe shall be interested, directly or indirectly, in any contract or job for work or materials or the profits thereof, or services to be furnished or performed for any person, firm or corporation operating an interurban railway, street railway, electric light or power plant, heating plant, telegraph line, telephone exchange, or other public utility, within the territorial limits of said city. No such officer or employee shall accept or receive, directly or indirectly, from any person, firm or corporation operating within the territorial limits of said city, any interurban railway, street railway, gas works, water works, electric light or power plant, heating plant, telegraph line or telephone exchange, or other business using or operating under a public franchise, any frank, free pass, free ticket, or free service, or accept or receive, directly or indirectly, from any such person, firm or corporation, any other service upon terms more favorable than is granted to the public generally. Any violations of the provisions of this section shall be a misdemeanor, and every such contract or agreement shall be void.
Such prohibition of free transportation shall not apply to policemen or firemen in uniform; nor shall any free service heretofore provided by any franchise or ordinance be affected by this section.

Any officer or employe of such city, who, by solicitation or otherwise, shall exert his influence, directly or indirectly, to influence other officers or employes of such city to adopt his political views or to favor any particular person or candidate for office, or any officer or employe of said city, who shall in any manner contribute money, labor or other thing of value in the interest of any candidate for office, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding three hundred dollars, or by imprisonment in the county jail not exceeding one year.

Salaries and Meetings.

Sec. 13. The mayor and commission shall have an office or offices at the city hall, and their total compensation shall be as follows: The annual salary of the mayor shall be three thousand five hundred dollars, and of each commissioner three thousand dollars. Such salaries shall be payable in equal monthly installments. The salary or compensation of all other employes of said city shall be fixed by the commission, and shall be payable semi-monthly. No member of the commission shall be actively engaged in any other occupation during his term of office as such.

Sec. 14. Regular meetings of the commission shall be held at least once a week after the election of the commissioners. The commission shall provide by ordinance for the time of holding regular meetings, and special meetings may be called from time to time by the mayor or two commissioners. All meetings shall be open to the public. The mayor shall be president of the commission. The commissioner of finance shall be vice-president of the commission, and in the absence or inability of the mayor shall perform the duties of the mayor.

Annual Audits.

Sec. 15. At the end of each year the commission shall cause a full and complete examination of all the books and accounts of the city to be made by competent accountants, and shall publish the result of such examination in connection with the annual city financial statement required by state law.
Removal of Officers.

Sec. 16. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows:

A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty per centum of the entire vote for all candidates for the office of mayor or cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city auditor, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose signature it purports to be. Within ten days from the date of filing such petition, the city auditor shall examine and ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the commission shall allow him extra help for that purpose, and he shall attach to said petition his certificate, showing the result of said examination. If, by the auditor’s certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The auditor shall within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed sufficient, the auditor shall submit the same to the commission without delay. If the petition shall be found sufficient, the commission shall order and fix a date for holding said election, not less than thirty days nor more than forty days from the date of the auditor’s certificate to the commission that a sufficient petition is filed.

Special Recall Election.

The commission shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same
shall be conducted, returned and the result thereof declared in all respects as are other city elections. So far as applicable, except as otherwise herein provided, nominations hereunder shall be made without the intervention of a primary election by filing with the auditor at least ten (10) days prior to said special election, a statement of candidacy accompanied by a petition signed by electors entitled to vote at said special election, equal in number to at least ten per centum of the entire vote for all candidates for the office of mayor at the last preceding general municipal election, which said statement of candidacy and petition shall be substantially in the form set out in section six of this act, so far as the same is applicable, substituting the word "special" for the word "primary" in such statement and petition and stating therein that such person is a candidate for election instead of nomination.

The ballot for such special election shall be in substantially the following form:

OFFICIAL BALLOT.

Special election for the balance of the unexpired term of ............ as .................

(Vote for one only)

[ ] ................................
[ ] ................................

Name of present incumbent.

Official ballot, attest:

Signature ...................... City Auditor.

Incumbent May Succeed Himself.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the auditor shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent thereupon shall be deemed removed from the office upon qualification of his successor. In case the person who received the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives
the highest number of votes, he shall continue in office. The said method of removal shall be cumulative and additional to the methods heretofore provided by law. Whenever a petition is presented for a recall election against the commissioner of finance, the sufficiency of said petition shall be determined and authenticated by the mayor instead of the auditor.

Initiative and Referendum.

Sec. 17. Any proposed ordinance may be submitted to the commission by petition signed by electors of the city, equal in number to the percentage hereinafter required. The signatures, verification, authentication, inspection, certification, amendment and submission of such petition shall be the same as provided for petitions under section sixteen hereof.

If the petition accompanying the proposed ordinance be signed by electors, equal in number to fifteen per centum of the votes cast for all candidates for mayor at the last preceding general election, and contains a request that the said ordinance be submitted to a vote of the people if not passed by the commission, such commission shall either:

(a) Pass such ordinance without alteration within twenty days after attachment of the auditor’s certificate of sufficiency to the accompanying petition, or

(b) Forthwith after the auditor shall attach to the petition accompanying such ordinance his certificate of sufficiency, the commission shall call a special election, unless a general municipal election is fixed within ninety days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city. But if the petition is signed by less than fifteen per centum and not less than ten per centum of the electors, as above defined, then the commission shall within twenty days, pass said ordinance without change, or submit the same at the next general election occurring not less than thirty days after the auditor’s certificate of sufficiency is attached to said petition.

Referendum Features.

The ballot used when voting upon said ordinance, shall contain these words: “for the ordinance” and “against the ordinance,” stating the nature of the proposed ordinance. If a majority vote in
favor thereof such ordinance shall thereupon become a valid and binding ordinance of the city, and any ordinance proposed by petition, or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people. Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section; but there shall not be more than one special election in any period of six months for such purpose.

Commission's Initiative.

The commission may submit a proposition for the repeal of any such ordinance or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city auditor shall cause such ordinance or proposition to be published once in two daily newspapers published in said city; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

Stay of Ordinance.

Sec. 18. No ordinance or franchise passed by the commission, except when otherwise required by the general laws of the state, or by the provisions of this act, except an ordinance for the immediate preservation of the public peace, health or safety, which shall contain a statement of its urgency, shall go into effect before thirty days from the time of its final passage and not then unless within two days after passage, Sundays and holidays excepted, the same shall have been published in two newspapers published and generally circulated in said city. And if during said thirty days a petition signed by electors of the city, equal in number to at least fifteen per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance or franchise be presented to the commission, the said ordinance or franchise shall thereupon be suspended from going into operation, and it shall be the duty of the commission to reconsider such ordinance or franchise, and if the same is not entirely repealed, the commission shall
submit the ordinance or franchise as is provided by sub-section (b) of section seventeen of this act, to the vote of the electors of the city, either at the general election or at a special municipal election to be called for that purpose, and such ordinance or franchise shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said section seventeen, except as to the percentage of signers, and be examined and certified to by the auditor in all respects as therein provided.

*Only Legal Voters Can Petition.*

Sec. 19. Petitions provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of the signing, legal voters of said city, and the number of signers at the time the affidavit was made.

Sec. 20. The commission shall have the custody and control of the streets, alleys and public grounds of the city, with all the powers with reference thereto, which are now held by the city, and all such powers as are now held by councils of cities, towns and villages organized under the general laws of the state; subject, however, to the provisions of section seventeen of this act.

*Franchise Restrictions.*

Sec. 21. Franchises, rights or privileges may be granted by the commission, allowing to persons or corporations, for a limited time, such occupancy of portions of the streets as may be necessary for works of public utility and service, such as steam railway tracks, street railway tracks, poles and trolley wires, telephone and telegraph poles, electric light and other electric poles, wires and conduits, and subways, and gas and heating pipe lines. But no such franchise, right or privilege shall hereafter be granted by the commission, except under the following restrictions and conditions:

First.—No ordinance granting any franchise, right or privilege for the use of the streets, alleys or public grounds of the city, for any of the purposes of public utility above named, or for any other purpose of like nature, shall be passed unless it shall have been first proposed in the commission and notice of the object, nature and full extent of
such franchise shall have been published at least thirty days by the applicant, in some daily paper published in the city of Wheeling, before being acted upon. The vote thereon shall be taken by ayes and noes and the same entered upon the journal of the commission.

Second.—Every grant of any franchise shall be for a limited period of time. If no time be expressly provided in the grant, the franchise shall be granted for one year only. In no case shall the franchise extend for a period exceeding thirty years. Nor shall any grant or franchise be made without the reservation on the part of the city to alter, amend or repeal the same at any time during its term, upon satisfactory evidence that the grantee has failed to do those things which the said grant or franchise stipulates that he shall do, or that does such things as by the said grant or franchise he is prohibited from doing.

Third.—No grant of any franchise shall be made without, at the time of making it, providing that the grantee shall indemnify the city against all damages caused by the construction, operation or maintenance of such works. All reasonable additional provisions and conditions may be made for the protection of the public from unnecessary damage or inconvenience by reason of such works and the maintenance or operation thereof.

Fourth.—No grant of any franchise, right or privilege shall be made without, at the time of making it, providing that the city shall receive in consideration therefor, a compensation, to be paid annually during the whole period. Provided, however, that the principle of competition shall be employed by the commission where the same is offered, so that the franchise, right or privilege, with prescribed terms and conditions as to its extent, and as to the rates to be charged the public by it for its services, will be given to the person or corporation bidding or agreeing to pay therefor to the city the highest compensation, or so that the franchise, right or privilege with prescribed conditions as to its extent and the compensation that must be paid therefor, will be given to the person or corporation that will agree to render service to the public at the lowest rates. But where revenue or tolls to be charged the public and revenue to the city are joint points of deliberation, the commission may take both points into consideration with probable good or ill service of competing applicants, and grant any such franchise to such applicant as it shall determine will result in the greatest benefit to the largest number of citizens of the city.
Fifth.—The commission shall, in suitable practicable terms, make it an express condition of the grant of any such franchise, right or privilege, where it is for a work that is useful chiefly to the local public, that at the expiration of such franchise, grant, right or privilege, the grantee shall, if required by the commission, sell to the city the physical plant, at what it is then worth, independent of any value based upon the earning power thereof, and may also provide a means of arbitration or otherwise for determining what such value may be.

Sixth.—In case a petition for stay of ordinance is presented, in accordance with section eighteen, and a special election is called for the purpose of accepting or rejecting the application for a franchise, the applicant for such franchise shall deposit with the commission, to the credit of the city, the amount of expenses of said election.

Seventh.—No franchise, right or privilege, as is referred to in this section can be granted unless on the affirmative vote of four members of the commission.

It shall provide that the grantee shall indemnify and save harmless the city against all suits, loss or damage, by reason of the construction or maintenance of such switch or tramway, and that said grant may be altered, amended or repealed upon satisfactory evidence that the grantee has failed to comply with its provisions. All reasonable provisions must be made to protect the public from unnecessary damage or inconvenience by reason of such switch or tramway and the operation or maintenance thereof.

**New City Additions.**

Sec. 48. It shall be the duty of any person or persons making any plat of any addition or subdivision to the city to submit the same, with proposed streets and alleys convenient thereto, and the grades, sewers and drainage, and the municipal improvements which may be required thereto, to the commission, for its approval before filing the same for record. Before the commission shall approve the same, the owner or owners of such addition shall dedicate the streets and alleys thereon to the public use; and the clerk of the county court shall not record such plat until the commission shall have indorsed its approval thereon. If any such addition be laid out and a plat thereof recorded, or property be sold therefrom without such addition having had the approval of the commission, (being before the passage of this act), it shall be the duty of the commission before making any improvements on or in the streets in such addition to require from the owner or owners of such addition, or from pur-
chasers of property therein, the payment of such sum or sums as will in the opinion of the commission, compensate the city for the increased cost or decreased value, or both, of its improvements so to be made occasioned by the imperfect or improper plan of such addition.

Street Improvements.

Sec. 49. The commission of the city may cause any street or alley to be paved, between the sidewalks, with cobble, asphalt, stone, brick, or other suitable materials, under such regulations as shall be fixed by ordinance, upon the lowest and best terms to be obtained by advertisements for bids or proposals therefor by the commission as herein provided; or the commission may have such work done without the intervention of contractors or middlemen; and two-thirds of the cost of such paving shall be assessed to the owner of the lots or fractional parts of lots abutting or bounding on that part of the street or alley so paved in proportion to the distance of the frontage owned by each, except in the case of a street whereon a railway is being operated, the railway company shall pay for the new paving between the rails and a foot outside of the rails, and the remainder of the cost to be borne in the proportion of one-third to the city and the remaining two-thirds to the owners of the abutting property on both sides of said street or alley on which said railway is being operated, the intersection to be paved at the expense of the city and such railway as operates on such intersections. The one-fourth thereof shall be paid within thirty days after the completion and acceptance of the work, and the remainder in three equal installments, payable respectively at such times as the commission may by ordinance fix at the time of letting the contracts for such work.

The sum or sums of money thus assessed for paving shall be a lien on the lots or fractional parts of lots upon which they are assessed, which lien may be enforced by a suit in equity in the name of the city in any court having jurisdiction thereof, and the same, or any installment thereof, may be collected by a suit at law before any court or any justice of the peace having jurisdiction thereof.

Immediately upon the completion and acceptance of any paving constructed by virtue of this section, the commission shall direct the auditor to cause to be published a notice which shall name and describe the location of the street or alley upon which said paving shall have been constructed; give the name or names of the owners
of each lot abutting or bounding upon such street or alley, if known, and if the name or names of the owner of any lot or fractional part of a lot are unknown, such lot shall be described with reasonable certainty in order that the same may be identified. The number of feet that each lot or fractional part of a lot abuts shall be stated, also the amount assessed against each lot or fractional part of a lot. Said notice shall cite all owners of lots or fractional parts of lots, abutting upon the street or alley aforesaid to appear before the commission of said city at a regular meeting thereof, within thirty days from the first publication thereof, and show cause, if they can, why the assessment aforesaid should not become final, which notice shall be published once a week for two successive weeks in one or more newspapers of general circulation published in said city. The commission shall upon the request of any one or more of the owners of said lots or fractional parts of lots, appoint a day to hear the grievances of said owner or owners, and may alter or amend any assessment made against any one or more of said owner or owners for good cause to be shown. The auditor shall give notice to all persons claiming to be injured by said assessment, of the time and place of holding said meeting, which meeting shall be held within ten days after the expiration of thirty days mentioned in said notice. The commission may adjourn the hearing from time to time. In case any owner or owners of abutting property fail to complain of any grievance or injury they may have suffered by reason of the assessment aforesaid, and shall fail to appear for the purpose of having the same corrected, the assessment as laid shall be final. The findings of said commission shall be conclusive. The rights conferred by this section are cumulative and shall not be exhausted as to any particular street or alley by reason of having been once exercised.

But the lien upon any real estate created by virtue of this section shall be void as to any purchasers of any such real estate, for value and without notice, who shall have purchased such real estate at any time after the period of twelve months has elapsed after the paving has been accepted by the city, unless, before such purchase, an abstract of such assessment, giving location of the real estate affected, the name of the owner and the date and amount of the assessment shall have been recorded in the office of the clerk of the county court of Ohio county, in a well bound book to be furnished by the city and preserved in said office.
And it is hereby made the duty of said county clerk to record said abstracts; for the recordation of each of which said clerk shall receive a fee of twenty-five cents to be paid by the city.

Sec. 49a. If two-thirds, or more, of the property owners on any street or alley, or any section thereof which shall lie between intersecting streets or alleys, shall desire same to be paved or repaved between the curbs, and shall present a petition to the commission setting forth their desire and describing the street, or alley, or the section thereof desired to be paved or repaved, the commission shall, within a reasonable time, cause the said work to be done. after the method set forth in section forty-nine of this act.

The commission shall have power, by ordinance, in like manner, to require the owners of property adjacent to any paved sidewalk whether heretofore or hereafter constructed, to keep such sidewalk in repair, and in default of their doing so, to cause the same to be repaired, and assess the cost thereof upon such owners. It shall be lawful for the officer authorized to collect any such tax or assessment to collect the same from the owner or owners of such grounds, or from any tenant or debtor of such owners, as provided in sections seventy-six and seventy-seven of this act, and such assessment shall be a lien upon such adjacent property. All disturbances of any streets (including sidewalks) or alleys of said city, caused by digging therein for the bene-
fit of private persons, except where the digging is done by the city to furnish water, gas or other commodity to such private person for a consideration, shall be repaired by the city at the expense of the person for whose benefit, or for the benefit of whose property the digging is done; and the commission shall by ordinance require the enforcement of this duty, including the duty of making repeated repairs as often as the defect so caused shall reappear.

The commission may by ordinance establish a date from which new or renewed sidewalks along any of the streets or alleys of the city must be made uniform as to width, material and construction, and may fix a standard of width, material and construction.

Building Regulations.

Sec. 51. The commission may by ordinance prohibit the erection, within any square or squares of the city, of any building, or any addition to any building, more than ten feet high, having in the foundation or outer walls thereof, or roof covering thereof, any wood or other combustible material; and to provide for the removal of any building or addition which shall be erected contrary to such prohibition, at the expense of the builder or builders, or owners thereof.

Sec. 52. The commission may establish by ordinance a system of regulations by which all plans for the construction of buildings or additions thereto within the city shall be required to be submitted to the commission or some other designated officer or officers of the city, for inspection as to the safety of all flues, elevators, drainage, plumbing, electrical wiring, power and lighting or heating arrangements, and as to the sufficiency of all supporting parts and the general safety of such buildings and additions.

The commission may provide by such ordinance that no building or addition thereto shall be erected within the city without the owner or builder thereof having first obtained from the officer designated to make such inspection, a license or "building permit" authorizing the erection of such structure. Such ordinance shall provide for the keeping of a permanent record of all such permits or licenses, and the keeping on file, or on record, of a full description of all such buildings and structures. The commission may by ordinance establish and maintain supervision over the construction and maintenance of electrical conductors within said city, whether they be located within or outside of buildings.

The commission may by ordinance regulate buildings already con-

Power to Enact Laws.

Sec. 53. The commission shall have authority to pass all ordinances not in conflict with the constitution and laws of the United States, or of this state, which shall be necessary and proper to carry into full effect any power, authority, capacity or jurisdiction which is or shall be granted to, or vested in, the said city, or in the commission or any officers of said city; and to provide for the enforcement of any or all their ordinances by reasonable fines and penalties, or by imprisoning the offender or offenders violating such ordinance, and by compelling them to labor without compensation, at any of the public works or improvements undertaken or to be undertaken by said city, or by any or all of the said modes. Sec. 56. Sec. 57. In cases where evidence disclosed such a violation within the city, of a law of the state, that in the opinion of the judge of the police court the person accused should be committed to await the action of the grand jury upon an accusation made, the judge of the police court shall have the same jurisdiction and power as a justice of the peace in the county of Ohio, in regard to the apprehension, commitment and admission to bail of the person so accused; and, in the exercise of such jurisdiction and powers, shall be governed by the same regulations.

Sec. 58. The sessions of said court shall be at such time and places as the commission of said city shall by ordinance direct.

The city shall in no event be liable for any such fees.

Sec. 61. A docket and other books required for the records and a seal shall be provided for the said court by the commission of the said city, and the seal may be altered or renewed as the said court may direct. Full faith and credit shall be given to the records of said court, and the certificates of its judge or clerk whether the seal of said court be affixed thereto or not, in like manner and with the same effect as if the same were records of the circuit court or certificates of the judge of a circuit court similarly authenticated.

Sec. 62. The said police court shall have power, upon rendering judgment against a defendant charged with the violation of an ordinance of the city, to render judgment against him also for the costs of prosecution incurred by the city. In every suit or prosecution for the violation of an ordinance the said court shall cause the person or persons at whose instance it was instituted to be designated upon the warrant or writ issued to arrest or summon the person charged, and if the person or persons charged shall not upon final hearing be convicted, and the said court shall be of the opinion that no sufficient or probable cause did exist for the institution of the said suit or prosecution, then judgment for the costs of the city, and of the defendant, or of either of them, as the court shall deem just, shall be rendered against the person or persons at whose instance such suit or prosecution was instituted.

said police court or its clerk; but in any case in which an appeal
is taken or granted on behalf of the city, no bond or security shall
be required. Every such appeal shall be proceeded with, in the said
criminal court, in the same manner as is provided by law for the
proceedings in the criminal court in cases appealed from the
justices of the peace. If on such appeal judgment be against the
appellant it shall also be against the sureties on his appeal bond
for costs, and for any fine or pecuniary penalty adjudged against
him. No such appeal shall be allowed after ten days from the date
of any final order or judgment desired to be appealed.

The City Prison.

Sec. 64. It shall be lawful for the commission to maintain with­
in said city a city prison, and to ordain and enforce all nec­essary
or proper regulations respecting the same, and vesting in the officer
or officers of said prison under the supervision of the commission
any or all powers and duties which, by the laws of this state, are
or shall be vested in or imposed on the sheriffs or jailers of the sev­
eral counties in relation to the county jails, or the custody of per­
sons imprisoned therein.

Qualifications of Officers.

Sec. 65. Every officer before he enters upon the duties of his
office, shall make and file with the auditor an oath or affirmation to
support the constitution of the United States, and of the state of
West Virginia, and to perform faithfully, honestly and impartially
the duties of his office.

Sec. 66. The mayor and each commissioner shall give a good
and sufficient bond in the sum of twenty thousand dollars, condi­
tioned for the faithful performance of his duties and with a corporate
surety authorized to do business in the state of West Virginia, or
with such other surety or sureties as may be approved by a judge of
the circuit court of Ohio county, and such bonds shall be filed with
the clerk of said court. Such officers and employes as the commission may determine by ordinance shall furnish and file like bonds with the commission in the amount fixed by such ordinance, but the treasurer's bond shall be filed with the mayor, and the furnishing of such bond shall be a necessary part of the qualifications of such officer or employe. The bonds of all appointive officers required to give bond shall be approved, as to form, by the city attorney. All premiums payable to surety companies shall be paid by the city.

Sec. 67. The commission shall have authority upon the filing before them, by any person, of charges in writing, of malfeasance or nonfeasance in office, verified by affidavit, against any officer of the city, in any department thereof, to cause an investigation of such charges to be made. The commission shall have authority to require the attendance of witnesses, and the production of any books or papers pertinent to such inquiry or investigation. The commission shall have power to remove or suspend any officer of the city found guilty upon such investigation of such charges against him.

Taxation and Finance.

Sec. 68. If at the beginning of the term of office of the first commission elected in said city under the provisions of this act, the appropriations for the expenditures of the city government for the current fiscal year have been made, said commission shall have power, by ordinance, to revise, to repeal or change said appropriations, and to make additional appropriations.

Sec. 69. The commission shall have the right to levy and collect taxes, to grant, to refuse to grant, or revoke licenses, including licenses for intoxicating liquors.

Sec. 70. The fiscal year of the city of Wheeling shall be fixed by ordinance.

Sec. 71. All property, real and personal, within the said city which is subject to taxation under the constitution and laws of the state of West Virginia, shall be assessed for and subject to taxation for the benefit of said city.

Sec. 72. The commission may by ordinance also levy an annual capitation tax of not exceeding fifty cents upon each inhabitant or tithable of said city who, under the constitution of this state, is subject to a capitation tax.

Sec. 73. The county assessor or proper state officer shall furnish to the commission a transcript of the assessment of real and personal property on or before the first day of August of each year, and his fee for the same shall not exceed six hundred dollars.
Sec. 74. Subject to the limitations of the state laws prescribed as to the aggregate of all levies for city purposes, the commission shall annually cause to be levied and raised by a general tax upon all taxable property in the city:

First—An amount sufficient to pay the interest and any installment of principal falling due within the year upon all bonds of the public debt of the city, which shall be kept in a separate fund, to be called the public debt fund.

Second—An amount which, with the revenues from the water works, gas works and any other revenue-producing works or property in charge of the commission, will be sufficient to defray the expenses for the next fiscal year of all of the works and property, whether productive of revenue, or not, in charge of said commission, which taxes, when collected, shall, together with the revenues from such works, be kept in a separate fund to be called the public works fund. Of the amount levied to defray the expenses of the works and property in charge of the commission, a special portion, not exceeding ten cents on every one hundred dollars of the assessed value of all taxable property in the city shall be for the purpose of paving or macadamizing streets or alleys in said city, except as provided for in this act, and for the construction of sewers and curbing in said city, and that all percentage or compensation received by the city from franchises, grants, rights, or privileges for the use of the streets, alleys or public grounds of the city, shall be used exclusively for the purpose of paving and repairing the streets and alleys of said city.

Third—An amount sufficient to pay the salaries of all officers of the city, and the wages of all employees of the city, other than those engaged upon revenue-producing works, and all necessary, ordinary and contingent expenses of the city, not otherwise provided for, which, with all other moneys received by the treasurer, not belonging to any other fund specified by this act shall be kept as a separate fund, to be called the general city fund.

Sec. 75. Taxes, real or personal, shall become due on the first day of November in each year, and bear interest from the first day of January thereafter at the rate of six per cent per annum until paid.

Sec. 76. If any person against whom or upon whose property any tax shall be lawfully assessed for the benefit of said city shall not wholly pay such tax on or before the first day of July after the same shall become due, it shall be lawful for the officer authorized to col-
lect such tax to take reasonable distress of any personal property in 
said city belonging to said delinquent, or which he or she shall have 
any right or interest and sell such property, right or interest at pub-
lic auction in said city, having given ten days’ notice of the time 
and place of sale by advertisement posted in some public place in 
the city, and published or posted in such other manner as may be 
prescribed by ordinance of said city, if the commission shall by 
ordinance, require any other or more ample advertisement, and out 
of the proceeds of such sale, after defraying all proper expenses, to 
pay to said city the said tax or so much thereof as shall be delinquent, 
and return the remainder, if any, to the owner of the property so lev-
ied on and sold.

Sec. 77. All taxes assessed upon real estate for the benefit of 
said city shall remain a lien thereon, bearing interest at the rate of 
six per cent per annum until the same be fully paid. Such lien may 
be enforced by the leasing or sale of such real estate, under the order 
of any court having equity jurisdiction in Ohio county. Where the 
amount involved exceeds fifty dollars, suit is to be brought in the 
circuit court of Ohio county. If the amount involved is less than 
fifty dollars, suit may be brought before any justice of the peace 
of Ohio county, and the judgment obtained enforced by a suit in 
equity in the circuit court of Ohio county.

Sec. 78. Water rates shall be distrained for and collected in the 
same manner in which the collection of taxes owing to the city may 
be enforced. The collection of water rents shall also be enforced by 
shutting off the supply of water from delinquents, and the refusal 
thereafter to furnish water to delinquents until all arrearages are 
paid.

Sec. 79. In addition to all other means for the collection there-
of, all taxes and water rates, as well as all other demands due to the 
city, may be recovered by an appropriate suit or proceeding, in the 
name of the city, before any justice of Ohio county, if the amount 
be within his jurisdiction, or in the circuit court of said county.

Sec. 80. Neither the auditor nor the treasurer nor any other dis-
bursing officer of the city shall issue any order or check for the pay-
ment of money for any indebtedness contracted by the commission or 
any officer of the city, which shall have been contracted wholly, or 
in part, in excess of the amount which shall have been previously set 
by ordinance or resolution as the limit of expenses of the depart-
ment within which indebtedness is sought to be created. The fore-
going provision of this section is ordained as a restraining provision
only, and it is further declared that no act of such auditor, treasurer or other disbursing officer shall be in anywise held to render valid any debt contracted by or on behalf of the city in violation of the constitution and laws of the state. If any such officer of the city, as is mentioned in the first sentence of this section, shall violate the provisions thereof, he shall be disabled from holding such office, and shall forfeit and pay therefor, to the city, a fine of not less than twenty dollars nor more than one hundred dollars, or be imprisoned for a term not exceeding one year, or both.

Sec. 81. No debts, other than those authorized by this act, shall be contracted by or on behalf of the city in any manner, unless all questions connected with the incurring of such indebtedness shall have first been submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same; nor shall any debt be contracted by the city without at the same time providing for the collection of a direct annual tax, sufficient to pay annually the interest on said debt and the principal thereof within thirty-four years. No debt shall be incurred, even with the consent of the voters, to an amount including existing indebtedness, in the aggregate exceeding two and one-half per centum of the value of the taxable property in the city, as ascertained by the last previous assessment for state and county taxes.

Sec. 82. An act of the legislature of West Virginia "authorizing municipal corporations to issue bonds," passed December second, one thousand eight hundred and seventy-three, is intended to remain applicable to the city of Wheeling, except so far as this act is inconsistent therewith. The commission shall provide that city bonds be signed by the mayor and commissioner of finance of the city.

Deposits of City Funds.

Sec. 83. The commission shall provide by ordinance for the deposit of all public moneys coming into the hands of the treasurer, in such bank or banks, situated within the city, as offer, at competitive bidding, the highest rate of interest and give a good and sufficient bond issued by a surety company authorized to do business in the state, or furnish good and sufficient surety, or secure said moneys by a deposit of bonds or other interest bearing obligations of the United State or those for the payment of principal and interest of which the faith of the United States is pledged, including bonds of the District of Columbia, bonds of the state of West Virginia or of any
other state of the United States, legally issued bonds of any city, town, village, county, or other political sub-division of this or any other state or territory of the United States and as to which there has been no default of principal, interest or coupons, and which in the opinion of the treasurer are good and collectable, providing the issuing body politic has not defaulted at any time since the year one thousand nine hundred, in the payment of the principal and interest of any of its bonds, said security to be subject to the approval of the commission, in a sum not less than ten per cent in excess of the maximum amount at any time to be deposited; but there shall not be deposited in any one bank an amount in excess of the paid in capital stock and surplus of such bank, and not in any event to exceed one million dollars.

In such ordinance the commission may determine the methods by which such bids shall be received, the authority which shall receive them, and which shall determine the sufficiency of the security offered, the time for the contracts for which deposits of public money may be made, and all details for carrying into effect the authority here given. Proceedings in connection with such competitive bidding and the deposit of money shall be conducted in such manner as to insure full publicity, and shall be open at all times to the inspection of any citizen. As to any deposits made under authority of an ordinance of the commission, pursuant hereof, if the treasurer has exercised due care, neither he nor his bondsmen shall be liable for any loss occasioned thereby.

Miscellaneous.

Sec. 84. All copies purporting to be copies of the ordinances of said city, or extracts from the journal of the commission, which shall be printed by the authority of the commission or which shall be certified to be correct by the mayor of said city under the seal thereof, shall be received by all courts and magistrates of this state as prima facie evidence of the tenor of such ordinances, and of the acts and proceedings of the commission as therein set forth.

Sec. 85. This charter shall not invalidate any legal act done by the council of the city of Wheeling, or any officer of said city now or heretofore in office, and all ordinances, by-laws, and regulations, resolutions and rules of the council shall remain in force until altered, amended or repealed by the commission or by this charter.

Sec. 86. All ward boundaries and divisions of said city are here-
by abolished, and the commission is empowered to define and locate voting precincts for elections in said city, which shall conform, so far as practicable, to the territorial areas of the election precincts in said city for state and county elections.

Sec. 87. The commission shall divert into the city treasury, all fees paid to an officer or officers of the city by virtue of his or their offices.

Sec. 88. Any person who shall violate any of the provisions of this charter for violation of which no punishment has been provided herein, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

Sec. 89. But this act shall not be effective unless the same shall be first submitted to the voters of said city, at a special election called for the purpose and adopted by a majority of the votes cast at such election. Said special election shall be held on the fourth Tuesday of the month succeeding the calendar month in which this act is enacted by the legislature of West Virginia.

This act shall be published in full once preceding said special election, in all the daily newspapers published in said city, and if ratified at such election, this act shall go into effect. No special registration of voters shall be required for said special election.

The ballots at said special election shall be in the following form:

[  ] For the commission government charter.

[  ] Against the commission government charter.

Sec. 90. It shall be the duty of the mayor, the city council and the auditor in office in said city when this charter takes effect, to comply with all the requirements of this charter relating to elections to the end that all things may be done necessary to the nomination and election of the officers to be first elected under this charter; and they shall likewise do all things necessary to comply with the provisions of this act with respect to submitting this charter to a vote of the citizens of said city at a special election for that purpose, as prescribed in section eighty-nine.

Sec. 91. All acts and parts of acts inconsistent with this act are hereby repealed.
CHAPTER 75.

AN ACT to amend and re-enact sections seventy-one and eighty-eight, and to amend sections seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three and eighty-four of chapter three of the acts of the legislature of West Virginia, passed January twenty-sixth, one thousand nine hundred and nine, relative to street improvements and sewer construction in the city of Huntington, as amended by chapter seventy-eight of the acts of the legislature of West Virginia, passed February twenty-third, one thousand nine hundred and eleven, and to consolidate and re-enact said sections seventy-eight to eighty-four inclusive, so amended, into sections seventy-eight, seventy-nine, eighty-one, eighty-three and eighty-four.

(Passed February 3, 1913. In effect from passage. Approved by the Governor February 22, 1913.)

Be it enacted by the Legislature of West Virginia:

That sections seventy-one, seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three and eighty-eight of chapter three of the acts of the legislature of West Virginia, passed January twenty-sixth, one thousand nine hundred and nine, as amended by chapter seventy-eight of the acts of the legislature of West Virginia, passed February twenty-third, one thousand nine hundred and eleven, be amended, consolidated and re-enacted so as to read as follows:

Sidewalks and Shade Trees.

Sec. 71. The board of commissioners are authorized and empowered to cause to be put down a suitable curb of brick, stone or other material along and for the footways and sidewalks of the avenues, streets, roads or alleys of said city, and to order and cause the laying or relaying or repair of sidewalks and gutters of such material and widths as the board may determine, and the planting or replanting of and caring for shade trees along said avenues, streets and roads at such points and in such manner as the board may determine;
and to require the owners or occupiers of the land or lots or parts of lots facing upon said avenues, streets, roads or alleys to keep such sidewalks clean and in good repair, and to grade the plot of ground on either side of the sidewalk between the street curb and the property line, and keep the same sodded with grass and free of weeds and obstructions, and otherwise in good condition and repair. The owners or occupiers of the land or lots abutting upon such avenues, streets, roads or alleys shall not lay any such sidewalk, curb or gutter, or plant any such shade trees, unless specially required to do so by resolution adopted by said board, and then only in the manner prescribed by said board; but said city may lay such sidewalk, curb or gutter, and plant or replant and care for said shade trees, or may let said work to contract, and in either case the total cost of said work, or such part thereof as the board may direct, shall be charged upon and against the land or lots abutting upon such avenue, street, road or alley, which assessments shall be and remain a lien upon said land or lots the same as taxes levied upon real estate in said city, which lien may be enforced by a suit in equity before any court having jurisdiction as other liens against real estate are enforced. The amounts so assessed against any land or lot shall also be a debt against the owner of such land or lot, which may be collected as other debts are collected in any court having jurisdiction, and shall be due and payable in ninety days from the completion and acceptance of such work as certified to by the board of commissioners, with six per cent interest thereon from the date of such record acceptance. And in ascertaining the amount to be assessed against any corner lot for the cost of laying any such sidewalk and planting trees in front or alongside thereof, the board may assess the total cost of laying such sidewalk, and planting trees, in front or alongside said lot and extended to the curb or gutter of the intersections of the avenues, streets, roads or alleys at that point.

When such work is done by the city, and not let to contract, the board shall certify such assessments to the treasurer of the city for collection, who shall account for the same as directed by the board or by ordinance; and the treasurer shall accept payment, when tendered, of the amount of said assessment with interest to the date of payment, and unless said assessment shall have been paid within ninety days from the date of such assessment, then a copy of such report shall be certified by the city clerk to the clerk of the county court of Cabell county, who is hereby required to
record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein. If any such assessment shall not be paid when due, the board of commissioners shall cause to be enforced the payment of said assessment, and interest, in all respects as herein provided for the collection of taxes due the city; and said assessments shall be a lien upon the property liable therefor, the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for the non-payment of taxes and tax liens; and the liens herein provided for shall have priority over all other liens except those for taxes due the state and the county, and shall be on a parity with taxes and assessments due the city. When such assessment shall have been paid in full, and a lien therefor shall be of record in the county clerk's office, the treasurer shall execute and deliver to the owner of said property a release of said lien, which may be recorded in the office of the county clerk as other releases of liens are recorded.

The board may, if it so elect, let said work to contract, and certificates may be issued for the amount of said assessments which may be sold to the contractor doing the work, or other person, in full of the total cost, in the same manner as provided for paving certificates in section eighty-one herein; provided, the city negotiating and selling such certificates shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of commissioners as expressed by resolution of record before such sale. Said certificates, to be signed by the mayor and clerk or other person or persons designated of record by the board, shall bear date as of the time when such work is accepted and certified by the board of commissioners, and shall be due and payable in ninety days from date thereof, with six per cent interest. When the board shall have received said work, it shall at the same time make said assessments upon written report; and at the end of ninety days from date thereof, upon the demand in writing filed with the city clerk, of the holder or holders of the unpaid certificates issued to cover said assessments, said clerk shall certify a copy of said report, only in so far as it relates to the owners against whom said exhibited certificates remain unpaid, to the clerk of the county court of Cabell county, who shall record and index the same as other liens of like kind are recorded and indexed, and the same shall be and remain a lien upon the real estate against which said assessments are made, as set out in said certified report, and said lien may be enforced, in the name of the
holder of such certificate, in the same manner as set out in section eighty-one in this act.

Before letting such work to contract, the board shall advertise the same once a week for two successive weeks in two newspapers of opposite politics published in the city of Huntington, or in one paper in case publication cannot be had in two such papers, setting out the time and place for receiving proposals for such work and referring to the plans and specifications made therefor; and the city reserves the right, whether stated in such notice or not, to refuse any and all bids for the work. On refusal of said papers to publish said notice at reasonable rates, the board may, by resolution, direct how such notice may be given. The fact that such contract shall be awarded for said work shall be prima facie proof that said notice was given as required herein. Such lien, as represented by certificate, may be released of record in the office of the county clerk in the same manner as paving liens, represented by certificate, are released of record as provided for in section eighty-four herein; and in no event shall such assessment be and remain a lien of record for a longer period than one year from the date set out in said certified report so recorded in the office of the county clerk, unless at the end of said one year period a suit shall be pending for the enforcement of said lien, or the amount thereof shall, in some way, be involved in a suit pending at the end of said one year period.

All such work, whether done by the city direct, or through contractors, shall be under the supervision of the street department of the city or some person designated for that purpose by the board of commissioners.

If the owner or occupier of any such lot or land shall be required by the board to lay, or relay, clean or repair any such sidewalk, curb or gutter, or shall be required to grade the space on either side of the sidewalk between the street curb and the property line, and keep the same sodded and free from weeds or obstruction, and otherwise in good condition and repair, written or published notice shall be given to such owner or occupier in the manner provided by ordinance or resolution adopted by the board, and the neglect or refusal of such owner or occupier to do the work, in the manner and within the time required by the board, as set out or referred to in said notice, shall be an offense and may be punished as provided by ordinance; and after the expiration of the time set out in said notice for the doing of said work, and the same remains undone, the board may
do, or cause to be done, said work and assess and collect the cost there­of in the manner, upon either plan, and to the full extent set out in this section.

Street Paving.

Sec. 78. (a). The board of commissioners of the city of Hunting­ton may order and cause any avenue, street, road or alley therein to be graded, or curbed or recurbed with stone, concrete or other suit­able material, or paved or repaved, between curbs, with brick, wooden blocks, asphalt or other suitable material, or to be graded and curbed or recurbed and paved or repaved as aforesaid, or to be macadamized, or to be otherwise permanently improved or repaired, under such supervision as may be directed by ordinance or resolution, upon the best bid to be obtained by advertising for proposals therefor, ex­cept the city may do the work without letting it to contract as here­inafter provided in (d) of this section; and may purchase or condemn land for opening or widening avenues, streets, roads and alleys. The entire cost, or any part thereof designated by the board of commis­sioners, of such grading, curbing and paving, or macadamizing, or other permanent improvements of any of the avenues, streets, roads and alleys as aforesaid, from and including the curb of either side thereof to the middle thereof, and the cost, or any part thereof, of purchasing or condemning land as aforesaid for street purposes, may be assessed to and required to be paid by the owners of the land, lots or fractional parts of the lots fronting or bounding on such avenue, street, road or alley so improved, except as otherwise pro­vided in (g) of this section.

(b). Payment is to be made by all land owners on either side of such portion of any avenue, street, road or alley so paved, opened, widened or improved in such proportion of the total cost (less the portion, if any, chargeable to the street or other railway company) as the frontage in feet of his abutting land bears to the total front­age of all the land so abutting on said avenue, street, road or alley or portion thereof opened, widened, paved or improved as aforesaid; but the cost of such paving or improvement on said avenue, street, road or alley (not including opening or widening) shall not include any portion or amount paid for the paving or improvement of intersections of avenues, streets, roads or alleys, unless the work be done, and the payment made therefor, as especially otherwise pro­vided herein, as follows, to-wit:

(c). Upon petition in writing of the owners of not less than one-
half in lineal feet of property abutting upon any avenue, street, road or alley in said city, asking the city to grade, curb, pave, or macadamize, or otherwise to permanently improve such avenue, street, road or alley, and offering in said petition to have their property so abutting as aforesaid assessed not only with their part of the cost of such improvement abutting upon their property, as herein otherwise provided, but also offering to have their said property proportionately assessed with the total costs of the paving, grading and curbing, or macadamizing, or other permanent improvement of the intersections of the avenue, street, road or alley so paved or otherwise permanently improved, as petitioned for, the board of commissioners may order such work to be done, as heretofore provided in this section, and the total cost thereof, including cost of intersection, to be charged to and paid by the owners of the property abutting on such avenue, street, road or alley, and that the paving assessment or certificate made or issued to cover the cost of paving, grading and curbing or otherwise permanently improving such intersections shall be made a separate and one of the last assessments or certificates due against them and their property so assessed; and the city may assume the payment of such assessments or certificates covering the cost of such intersections, or may reimburse the property owners paying the same out of its general levy for streets, but there shall be no legal obligation on the city to do so.

(d). The city itself may do such work and charge and collect the cost thereof in the manner set out in section seventy-nine herein. The decision of the city to do such work may be without notice or after the publication of the notice mentioned in this section, or after the rejection of all bids for the doing of the work.

(e). The cost of grading, curbing and paving, or otherwise improving the intersections, or parts of intersections, of avenues, streets, roads or alleys, on the plans adopted by the board of commissioners for such work, shall be paid by the city; except as otherwise provided in (c) of this section.

(f). And if any such avenue, street, road or alley be occupied by street car tracks or tracks of other railroads, the cost of said improvements of the space between the rails and two additional feet outside of each rail shall be assessed to and borne and paid entirely by the person or company owning or operating such street car or other railway line, unless otherwise provided by the franchise of such street
car or other railway company granted previous to the passage of this act.

(g) Provided, the board of commissioners, if they so elect, may order and cause any avenue, street, road or alley, public park or public place to be widened, graded or changed in grade and curbed or recurbed, and paved or repaved, with brick, concrete, asphalt or any other suitable materials, or macadamized, or otherwise permanently improved, including the construction of retaining walls, sewers, drains, water pipe, water dams and water courses, in connection therewith, and may purchase land, or condemn land as provided in this act, for any public avenue, street, road or alley, or part thereof, or park or other public purpose and the board may assess all or any part of the entire cost of such improvements (or taking of land, or both) upon the abutting, adjacent, contiguous and other lots or land specially benefitted by such improvements.

The board of commissioners, when they decide to order the improvements under this plan, shall, by ordinance or resolution, before doing the same, fix the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous and other specially benefitted land or lots so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed improvements; and the board may, in fixing such assessments, take into consideration the assessed value of the lots or land as fixed, for the last assessment year, for state and county purposes.

(h) When the board of commissioners shall deem it expedient and proper to cause any avenue, street, road or alley, or any portion thereof, in such city, to be graded, or graded and paved, curbed or macadamized, or otherwise permanently improved, or land to be acquired or taken for street purposes, as provided in (a) of this section, or shall deem it expedient and proper to cause the construction of any public sewer in or under any such avenue, street, road or alley, or land or easement therein to be acquired or taken therefor, or elsewhere, as provided in section eighty-three of this act, they shall by ordinance or resolution, order the work done, and stating the method of payment thereof, and, if it be let to contract, notice shall be in the following manner, to-wit:

(i) The notice for bids or proposals for doing such improvements, either for street improvements or the construction of sewers, shall be published for at least fifteen days in two newspapers of opposite
politics, or in one newspaper if two such newspapers be not published in the city. If the publication of the notice cannot be procured in any newspaper in said city at reasonable rates, then said notice may be given in the manner directed by the board. Said notice shall state when, where and how the bids or proposals shall be made; and whether so stated in the notice or not, the city may reject any and all bids for such proposed work. Before advertising for bids on the work, the city shall approve and adopt plans and specifications therefor, and the advertisement for bids, and the contract awarded thereon, shall refer to such plans and specification. The fact that such contract shall be let for said work shall be prima facie proof that the notice mentioned above was given as required herein.

(j) The cost of said paving, macadamizing or other permanent improvement may be paid in one of two ways (to be specified by ordinance by the board of commissioners), either as set out in section seventy-nine or in section eighty-one of this act.

(k) If the abutting land on any such avenue, street, road or alley sought to be improved as aforesaid, or in which a sewer is ordered laid, is not laid off into lots by a map of record, the board of commissioners may, for the purpose of making the assessments provided for in this section and section eighty-three herein, lay off said land into lots of such sizes as the board deems advisable for the purpose of laying the proper assessment against such land.

Sec. 79. (a) Said city of Huntington is hereby authorized to issue its bonds for the purpose of providing for the costs of grading, paving and curbing, or macadamizing, or otherwise permanently improving, the avenues, streets, roads and alleys of said city, in anticipation of special assessments to be made upon the property abutting upon the avenues, streets, roads and alleys so improved. Said bonds may be in such an amount as shall be sufficient to pay the entire costs and expenses of said improvements for which such special assessments are to be levied; and said city is authorized to sell said bonds, but not below the par value thereof. The amount for which said bonds are issued shall be made up of five bonds, payable in two, four, six, eight and ten years, respectively, from the date of their issue, and shall bear interest, not to exceed six per cent per annum, payable annually; and in the issuance and sale of said bonds the said city shall be governed by the restriction and limitations of the constitution of this state, and the restriction and limitations of the state laws of this state relating to the issuances and sales of bonds, so far as
such state laws are not in conflict with the provisions of this act; and the assessments as provided for and required to be paid herein shall be applied to the liquidation of said bonds and interest thereon; and if, by reason of the penalties collected with the delinquent assessments, there be any balance after the payment of the bonds and all accrued interest and costs, it shall be turned into the city treasury to the credit of the interest and sinking fund of the city.

But said city shall not become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding two and one-half per centum on the value of all the taxable property therein, as provided in chapter fifty-one of the acts of the legislature of one thousand nine hundred and five, except for the purpose of grading, curbing, paving, macadamizing, or otherwise permanently improving the avenues, streets, roads and alleys therein, or constructing sewers therein or elsewhere, or acquiring or taking land or easement therein for street and sewer purposes, as provided for in this act, and for that purpose in estimating "existing indebtedness," special assessment bonds representing the cost of paving or other permanent improvements of streets, roads or alleys, or the construction of sewers, or acquiring or taking land for such purposes, and the cost of which is assessed against the abutting property on such avenues, streets, roads or alleys, or specially benefited property adjacent thereto, or on such owner, shall not be included; and likewise the amount in any sinking fund, or the amount invested therefor as provided by law, for the payment of outstanding bonds, shall not be included in the estimate of existing indebtedness; provided, that the aggregate of its debt of every kind whatsoever, including such special street permanent improvement bonds, or sewer bonds, shall not exceed five per centum of the value of all taxable property therein.

(b) And it shall be the duty of the board of commissioners to immediately certify such assessments to the treasurer for collection, as herein provided; and for the purpose of facilitating the collection of such assessments against the properties herein, the board of commissioners may issue assessment certificates, with interest coupons attached thereto, to be delivered to and charged against the city treasurer, who shall collect the same, and as such certificate and coupons are paid he shall deliver the canceled certificates to the party paying the same. A copy of said order shall be certified by the city clerk to the clerk of the county court of Cabell county, who
is hereby required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein.

(c) The amounts so assessed against said abutting lots and owners thereof, respectively, shall be paid in ten payments, as follows: that is to say, one-tenth of said amount, together with interest on the whole assessment for one year, shall be paid into the city treasury of the city before the first day of the following January; and a like one-tenth part, together with interest for one year upon the whole amount remaining unpaid before the first day of January in each succeeding year thereafter, until all shall have been paid. Each of said installments of one-tenth shall bear interest at six per centum per annum payable annually from the date of assessment. Provided, however, that the owner of any land so assessed for the cost of the paving of said avenue, street, road or alley, shall have the right at any time to anticipate and pay the whole of such unpaid assessment and interest thereon until the first day of the following January, and have the lien against the property so assessed released as hereinafter provided.

(d) If any such assessment shall not be paid when due, the board of commissioners shall cause to be enforced the payment of said assessment and interest in all respects as herein provided for the collection of taxes due the city; and said assessments shall be a lien upon the property liable therefor the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for non-payment of taxes and tax liens; and the liens herein provided for shall have priority over all other liens except those for taxes due the state and the county, and shall be on a parity with taxes and assessments due the city.

(e) When all of said assessments for grading, paving and curbing, or macadamizing, or other permanent improvements shall be paid in full to the treasurer, he shall deliver to the owner of said property a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens are recorded.

Under this plan for the payment of the cost of such permanent improvements of avenues, streets, roads and alleys, and the construction of sewers, the contractor (if the work is let to contract) shall look only to the city for the payment of the work, and in no sense to the abutting land owners.
Sec. 81. The board of commissioners may contract for such paving (including grading and curbing), or other said improvements, to be done as aforesaid, and may acquire or take land for street purposes, as aforesaid, and may, if the board so elect, stipulate that the costs thereof, in whole or in part, shall be paid in installments by the abutting property owners, as provided in (a) of section seventy-eight, or specially benefitted property owners, as provided in (g) of said section, in five equal installments, to be evidenced by five paving certificates issued therefor, payable in thirty days, and one, two, three and four years, respectively, after the date of their issue, and shall bear interest not to exceed six per centum per annum, payable annually, which certificates, to be signed by the mayor and the clerk, or other person or persons designated of record by the board, may be sold, either to the contractor doing the paving or other said improvements, or to any other person, and which shall cover the entire cost of such work, or the cost of acquiring or taking land for street purposes, including the cost of surveys, notices and other things pertaining thereto; provided, the city, in negotiating and selling such certificates, shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of commissioners as expressed by resolution of record before such sale. And the certificates covering the amount of the assessment shall be paid by the owner of the land, lot or fractional part thereof, so assessed for the cost of said improvement on such avenue, street, road or alley so paved or improved, or land acquired or taken, as aforesaid. The amount specified in said assessment certificate shall be a lien as aforesaid in the hands of the holder thereof upon the lands, lot or part of lot so assessed, and shall also be a debt against the owner of such real estate, and said amount shall draw interest from the date of said certificates, payable annually, and the payment of the debt may be enforced as provided by law for the collection of other debts, or such lien may be enforced as provided in this act in the name of the holder of such certificates.

After a contract has been made by the board to pave or otherwise permanently improve any public road, avenue, street or alley in said city, under this act, and the paving or other permanent improvements, or any stipulated part thereon, has been completed, or the cost of acquiring or taking land as aforesaid has been ascertained, the board shall assess the amount each lot shall bear and shall make a written report, stating the number of lots and the blocks or tracts
of land when not laid off into lots, and the names of the owners of such lots or land when known, and the amount assessed thereon; and when the said board approves said report, or modifies it and then approves it, a copy of said report, so adopted by the board, when certified to by the city clerk of said city, may be recorded in the clerk’s office of the county court of Cabell county in a trust deed book, and shall be a continuing tax lien upon the lot or land against which the assessment is made until the certificates as aforesaid are paid, except as otherwise provided in section eighty-four of this act, and the clerk shall index the same in the name of each lot or land owner mentioned therein.

Sewer Construction.

Sec. 83. The board of commissioners of said city are authorized and empowered to order and cause to be constructed in said city, or part within and part outside the limits of said city, any public sewer, either main or lateral, or both, by contract, or direct by the city, for the benefit of said city or any part thereof, and to purchase land or easement therein or to condemn land or easement therein, in the manner provided in this act, for such sewer; and when the board shall order the construction of any such sewer or any part thereof in said city, the owners of the property abutting thereon, or abutting upon an avenue, street, road or alley in which such sewer shall be constructed, or abutting on any land or easement therein specially procured for the purpose of the construction of a sewer therein, may be charged with all or any part of the cost thereof, including the cost of such sewer at and across intersections at avenues, streets, roads and alleys adjacent thereto. If said work is let to contract, the provisions of (i) of section seventy-eight shall apply.

When said sewer is completed in any one block, or between two designated points, the board of commissioners shall cause a report to be made in writing, setting out the total cost of such sewer and a description of the lots or land as to location, frontage and ownership liable therefor, including the cost of acquiring or taking land or easement therein for such purposes and cost of surveys, notices, etc., therefor, together with the amount chargeable against each lot or piece of land and the owner thereof. If any lot fronts on two streets, or on a street and road, or on a street (or road) and alley, in which a sewer is constructed, it may be assessed on both of said streets, or street and road, or street and alley. Said board shall
enter an order upon its records setting forth the location and owner of each lot or piece of land, and the amount of said sewer assessments thereagainst, calculated in the same way as provided for street paving in (e) of section seventy-eight herein. The entry of such order shall constitute and be an assessment for such proportionate amount so fixed therein against said respective lots and land and the owners thereof; and said board shall thereupon certify the same to the treasurer for collection; and for the purpose of facilitating the collection of such assessments against the properties herein, the board of commissioners may issue assessment certificates, with interest coupons attached thereto, to be delivered to and charged against the city treasurer who shall collect the same, and as such certificate and coupons are paid he shall deliver the canceled certificates to the party paying the same; and the city clerk shall file a certified copy of said order with the clerk of the county court of Cabell county, who shall record the same in the proper trust deed book, and index the same in the name of each owner of lot or land thus charged with said assessment, and the assessments so made shall constitute and be a lien upon said lots or land, respectively, which shall have priority over all other liens except those for taxes due the state and county, and shall be on a parity with other taxes and assessments due the city.

The amounts so assessed against said abutting lots or land, and which shall be a lien thereagainst, shall be collected in the manner provided in this act for the collection of paving liens. Said assessments shall be divided into three installments, each for one-third of the amount thereof, and the first due and payable in thirty days, the second in one year and the third in two years from the time of certifying the same to the treasurer, except as hereinafter provided in this section, all bearing interest at six per centum per annum from such date, payable annually; and the board of commissioners may issue sewer certificates thereon, as of said date, as further evidence of said indebtedness and lien therefor, and said certificates may be sold or negotiated at not less than par and without any kind of discount, to the contractors doing such work, or other person if the board deem it expedient: provided, the city in negotiating and selling such certificates shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of commissioners as expressed by resolution of record before such sale. But the owner of the land or lot so assessed may at
any time anticipate and pay such assessment or certificate with interest thereon on the whole unpaid amount till the time when the next certificate due shall become due. If such assessment shall not exceed fifteen dollars, it shall be in one amount due and payable in thirty days from date; if more than fifteen dollars and less than thirty dollars, then in two installments of equal amounts, due and payable in thirty days and one year, respectively, from date, and if more than thirty dollars, then in three equal installments due and payable as first aforesaid.

Provided, the board of commissioners may, if they so elect, order and cause the construction of any such sewer, and may acquire or take land or easement therein, either in or outside said city, or both, for said sewer purposes, and assess all or any part of the cost thereof upon and against the abutting, adjacent, contiguous and other lots or land especially benefitted by the construction of such sewer, and said assessments shall be a lien upon such lots or lands, and a debt against the owners thereof for the amount so charged against them respectively, which debt may be collected as provided by law for the collection of other debts of like kind, and which lien may be enforced in the same manner as provided for the enforcement of paving liens in this act.

The board of commissioners, when they decide to order the construction of the sewer under this plan, shall, before doing the same, fix, by ordinance or resolution, the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous and other specially benefitted land or lots so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed sewer, and the board may, in fixing such assessments, take into consideration the assessed value of the lots or land as fixed for the last assessment year for state and county purposes.

Release of Liens.

Sec. 84. In addition to the provisions for the release of said assessment liens, either for street paving or other permanent street improvements, or construction of sewers, as elsewhere set out in this act, on the presentation by the land or lot owner of any of the certificates issued as aforesaid against him or his predecessor in title to such lot, the clerk of the county court shall mark upon the
margin of the trust deed book at which said certified report is recorded, that the lien is released to the land or lot mentioned in such certificate to the extent of the amount of the certificates thus exhibited, and the county clerk shall thereupon write across the face of each of said certificates the date of their production to him for the release of lien, and shall sign his name thereto in his official capacity, for which he shall receive in advance a fee of twenty-five cents for each certificate so marked, from the person demanding the release of the lien aforesaid; but if more than one of the serial certificates against the land or lot or lots shall be produced at the same time, the fee of the county clerk shall not exceed twenty-five cents for the release of the liens as to all of the certificates thus produced and relating to the same real estate.

Provided, that the owner of any lot or land against which any paving or sewer certificate is an unreleased lien of record shall make and produce to the county clerk, or some person for such owner shall make and produce such affidavit, setting out therein that such certificate (or certificates) has been paid in full, and, after diligent search, cannot be found, said county clerk shall, upon the payment of a fee of twenty-five cents, file and preserve said affidavit as a public document and shall forthwith note the release of said lien to the extent of said lost certificate (or certificates) and the lots or land against which it is a lien upon the margin of the trust deed book, as aforesaid, and noting therewith the filing of said affidavit, which shall operate as a release of such lien to the extent of such marginal notation. If the affidavit so filed be false, the person making oath and subscribing thereto shall be guilty of a felony, and upon conviction thereof shall be fined not to exceed five hundred dollars, or sentenced to be confined in the penitentiary for a term of not more than one year, or both, in the discretion of the court passing sentence.

Provided, further, that any paving or sewer lien, which may be created in consequence of the provisions of this act, or any lien which may have heretofore been created in consequence of an act of which this is an amendment for an assessment, the last payment of which is not yet due, shall not, under any circumstances, be a lien against the lot or land or fractional part of the lot or land, against which it may have been assessed and made a lien, for a longer period than one year after the last assessment or certificate of the same date and group, representing such lien, shall have become due and payable, unless some suit or action, at the termination of said one
year period, shall be pending for the enforcement of such lien, or unless the amount of the lien or some part thereof is in some way involved in a suit or action pending at the end of said one year period; and, further, that no such paving or sewer lien heretofore placed to record in said county court clerk's office for an assessment, the last payment of which is past due, shall remain or be a lien against the real estate therein described for a longer period than one year from the time this act takes effect, unless a suit shall be pending at the end of said one year period for the enforcement of said lien, or the amount thereof shall in some way be involved in some action then pending.

All of the assessment certificates, which may be issued under the provisions of this act, shall be made payable at the office of the treasurer, who shall receive payments thereon when due, if tendered to him, and interest thereon from the date of such payments shall cease. The treasurer shall keep a separate and special account of all said sums of money received by him, and he shall hold said money in trust for the person who thereafter delivers to the treasurer for cancellation any and all certificates on which said treasurer has received full payment as aforesaid; but the owner of said certificates shall not be entitled to interest on said sum after the date of payment thereof to the treasurer. When the whole amount of any such assessment lien shall have been paid to the treasurer as aforesaid, or the treasurer shall be convinced that all of the paving or sewer certificates against any land, lot or fractional part of lot, shall have been paid in full, he shall, when demanded, execute a release of said lien in the manner hereinbefore provided for the release of paving liens. If the city shall have no person for treasurer, the clerk, unless some other person is designated by ordinance, which the board of commissioners is hereby authorized to enact, shall perform the duties here required to be performed by the treasurer.

Sec. 88. When work shall have been completed on any avenue, street, road or alley, or part thereof, as provided in section seventy-one or section seventy-eight, or the construction of any sewer or other work shall have been completed on any avenue, street, road or alley, or part thereof, or elsewhere, as provided in section eighty-three, and said assessments thereagainst shall have been calculated as provided in this act, the board of commissioners shall give notice, by publication at least once a week for two successive weeks in two newspapers of opposite politics, published in said city, or in one
newspaper if two such papers be not published in said city, that an
assessment under this act is about to be made against the property
so assessed and the owners thereof, mentioning the kind of work
and the location thereof; and the owners of said property shall have
a right to appear before said board, either in person or by attorney
or agent, at any regular or special meeting called for that purpose
within two weeks of the first publication thereof, and move the
board to correct any apportionment of the assessment excessive or
improperly made; and the board shall have the power to make any
such corrections before it enters the same, as corrected, upon the
records. If the publication in the newspapers aforesaid cannot be
had at reasonable rates, the notice may be given in some other
manner designated of record by the board. The fact that said as­
sessments shall have been entered of record, as provided by this act,
shall be prima facie proof that the notice mentioned herein was given
as prescribed in this section.

All other acts and parts of acts coming within the purview of this
act and inconsistent herewith are hereby repealed.

Council.

Sec. 9. The council of said city shall have the right to fix a com­

for the faithful performance of their duties.

Sec. 10. The council shall require and take from all officers
elected or appointed as aforesaid, whose duty it shall be to receive
funds, assets or property belonging to the city, or have charge of the
same, such bonds, obligations or other writings as may be deemed
necessary and proper to secure the faithful performance of their
several duties. All bonds, obligations or other writings taken in
pursuance of any of the provisions of this act shall be made payable
to “the city of Cameron” with such sureties and in such penalties as
may be deemed proper, conditioned for the faithful performance of
their duties and for the accounting for and paying over, as required by law, all moneys coming into their hands by virtue of their offices, and the respective persons and their heirs, executors and assigns bound thereby, shall be subject to the same proceedings on said bonds, obligations and other writings, for enforcing the conditions of the terms thereof, by motion or otherwise, before any court of competent jurisdiction held in and for the county of Marshall, that collectors of county levies and other sureties are or shall be subject to on their bonds for enforcing the payment of the county levies.

Sec. 11. The council shall have the authority to remove from office any elected officer of the city for misconduct or neglect of duty, by an affirmative vote of not less than five of the members of the council, but only after reasonable notice to such officer and a hearing of the charges preferred. Any vacancy in office, however occasioned, may be filled by the council for the unexpired term.

Sec. 12. The council shall fix the place and times of holding its regular meetings; may provide for special adjourned meetings; shall have power to compel the attendance of its members; and may prescribe rules and regulations, not inconsistent herewith, for the transaction of business and for its own guidance and government. The council shall be presided over at its meetings by the mayor, or in his absence by the clerk, or in the absence of both the mayor and clerk, then one of the councilmen selected by a majority of the council present, who may vote on any question as a member of the council. The mayor shall have a vote only in case of a tie and in no case shall the presiding officer have more than one vote. A majority of the council shall be necessary to constitute a quorum for the transaction of business. No member of the council shall vote upon or take part in the consideration of any proposition in which he is or may be interested otherwise than as a resident of said city.

Sec. 13. The council shall cause to be kept by the clerk in a well bound book to be called the “minute book” an accurate record of all its proceedings, ordinances, acts, orders and resolutions, and in another to be called the “ordinance book” accurate copies of all the ordinances adopted by the council, both of which shall be fully indexed and open to the inspection of any one required to pay taxes to the city, or who may be otherwise interested. All oaths and bonds of officers of the city and all papers of the council shall be endorsed, filed and securely kept by the clerk, except the bond of the clerk,
which shall be filed with the mayor. All printed copies of such ordinances, purporting to be published under authority of the council, and transcripts of such ordinances, acts, orders and resolutions, certified by the clerk under the seal of the city, shall be deemed prima facie correct, when sought to be used as evidence in any court or before any justice.

Sec. 14. At each meeting of the council the proceedings of the last meeting shall be read, and, if erroneous, corrected, and signed by the presiding officer for the time being. Upon the call of any member the yeas and nays on any question shall be taken and recorded in the minute book.

Sec. 15. No ordinance or by-law and no resolution or measure for the expenditure of money other than to defray the current and incidental expenses of the city, shall be deemed passed or adopted unless it shall have been fully read at two consecutive meetings of the council, and shall have received a majority of the votes of the members present, when it shall stand and be declared adopted and not otherwise.

Sec. 16. The council of said city shall have power to lay off, vacate, close, open, alter, grade and keep in good repair the roads, streets, alleys, pavements, sidewalks, cross-walks, drains and gutters therein for the use of the citizens or of the public, and to improve and light the same, and to keep the same free from obstruction of every kind; to regulate the width of the pavements and sidewalks on the streets and alleys, and to order the pavements, sidewalks, footways, drains and gutters to be kept in good order, free and clear, by the owners or occupants of the real property next adjacent thereto; to prevent injury or annoyance to the public or to individuals from anything dangerous, offensive or unwholesome; to prohibit or regulate slaughter houses and soap factories within the city limits, or the exercise of any unhealthy or offensive business, trade or employment; to abate all nuisances within the city limits, or to require and compel the abatement or removal thereof, by or at the expense of the person causing the same, or at the expense of the owner or occupant of the ground on which they are placed or found; to cause to be filled up, raised or drained by or at the expense of the owner, any city lot or tract of land covered or subjected to be covered by stagnant water; to prevent horses, hogs, dogs, cattle, sheep, or other animals and fowls of all kind from going or being at large

Sec. 21. The mayor shall have the power to issue an execution for any fine and costs assessed or imposed by him for the violation of any ordinance, or he may at the time of rendering judgment therefor, or at any time thereafter and before satisfaction of such judgment, by his order in writing require the immediate payment thereof; and in default of such payment he may cause the person so in default to be apprehended and brought before him, and commit him to the jail of Marshall county, or, in his discretion, to the city prison, until the fine and costs are fully paid; but such imprisonment shall not exceed ninety days.

Such appeal shall not be granted by the mayor unless, within ten days from the date of the judgment, such person shall enter into a recognizance, with security deemed sufficient, in a penalty double the amount of fine and costs, with condition that the person appealing will appear before the said court on the first day of the next term thereof to answer for the offense against the city with which he stands charged, and not thence depart without leave of said court, and will perform and satisfy any judgment which may be rendered against him by the circuit court on appeal. Sec. 45. The council may revoke any license for a breach of any of the conditions of such bond, or for other good causes shown, but the proper person holding the license must first have reasonable notice of the time and place of hearing and adjudicating the matter, as well as the cause alleged; and he shall be entitled to be heard, in person or by counsel, in opposition to such revocation. Upon the conviction of any person holding such license, or a violation of any of the provisions of section twenty-one of chapter thirty-two of the code, or of any ordinance of said city in pursuance thereof, he shall be fined by the mayor not less than twenty dollars nor more than fifty dollars for the first offense, and not less than fifty dollars nor more than one hundred dollars for any offense after the first, and in the discretion of the mayor, in addition to the fine for a conviction of an offense, after the first, such person shall be confined in jail for not more than sixty days. Upon the conviction of any person of any such offense, other than the first, the mayor may revoke the said license of such person and thereafter any sale made by him shall be a sale without license; to which judgment of the mayor an appeal may lie, at the instance of the person holding such license, to the circuit court of Marshall county, as provided in section twenty-four of this act.

Sec. 46. The council shall have the authority to impose, for the use of said city, a uniform tax upon such licenses at the rate of not less than one thousand dollars nor more than fifteen hundred dollars for each license so granted for each year.

city before delivery to the person applying therefor, and the provi-

thousand nine hundred and five, and the provisions of section forty-

in the name of the city, for the condemnation of real estate for streets,
alleys, avenues, sewers, drains, market grounds, landings, city prison

Virginia, and the costs thereof shall be borne by the city, except that
in contests involving a hearing in the circuit court, costs shall be re-

determine, under the direction of the street commissioner, by the
owners respectively of the lots, or the fractional parts of lots facing

such sidewalk or footway, or of the real property next adjacent
thereto, shall fail or refuse to pave the same in the manner or within
the time required by the council, it shall be the duty of the council to
cause the same to be done at the expense of the city, and to assess
the amount of such expense upon such owner, and the clerk shall
notify the owner of said lot the amount of such assessment, and if the
said assessment be not paid within thirty days from the date of said
notice, he shall cause a memorandum showing the name of the owner
of said lot, a description of the lot and the amount of such assess-
ment to be filed in the office of the clerk of the county court of
Marshall county, which shall be entered of record in the judgment lien docket in his office, and the same shall constitute a lien on such property, which may be enforced by a suit in equity, in the name of the city, in the circuit court of Marshall county, as other liens against real estate are enforced; and upon the payment of said assessment the clerk shall issue to the person entitled thereto a release of said lien; provided, however, that reasonable notice shall first be given to said owners that they are required to construct such sidewalks or footways; and in case the owner is a non-resident of the state, the notice aforesaid may be given by publication for four successive weeks in a newspaper published in said city or, if there be no newspaper published in said city, then in any newspaper published in Marshall county. The said city shall pave from curb to curb, unless by agreement of any abutting property owner or owners, he or they may assume the payment of any part of the cost of such pavement, in which case the approximate amount proposed to be so paid shall be deposited in some bank in said city, payable to said city when such work is completed and accepted by council.

shall be prepared by the city clerk as provided in section thirty of
this act, and shall contain an itemized account of the receipts and
expenditures of the city, showing the source from which all the
money was derived, and the name of the person to whom an order
was issued, together with the amount of each order, and why such
order was issued, arranging the same under distinct heads; and also
a specific list of the debts of the city, showing the purpose for which
any debt was contracted, the time it becomes due, the rate of interest,
up to what time the interest thereon has been paid, the amount of
money in the treasury at the end of the preceding administration
and the debts contracted by it. Such statement shall be prepared
by the city at the close of each fiscal year and then shall be printed
according to the provisions of this section. This report shall be
sworn to by the clerk, by the mayor and by members of the financial
committee of the council. A copy of such printed report shall be
delivered to the judge of the circuit court, one to the clerk of the
county court and one to the clerk of the circuit court of Marshall

In the absence of the mayor at a meeting of the council, the council shall select one of its own members to preside over its meetings, who shall have a vote as a councilman. If the mayor and recorder are both absent from the city, or otherwise disabled from performing the duties of the mayor, the council may elect a mayor pro tempore. Sec. 30. The auditor shall be the city accountant and auditing officer of the city and it will be his duty to see that the accounts of said city are kept in a detailed and systematic manner, under the proper classification, so as to show the bonded and other indebtedness of said city, and the amounts and claims due the same, as well from taxes, levies and assessments as from other sources.

Sec. 31. In addition to the other duties of the auditor, it shall be his duty, on or before the first day of August in each year to make a copy from the real and personal property books of property shown to be liable to taxation within the limits of the city of Piedmont, and to certify such copy under his hand as a true and correct copy thereof, and to deliver the same to the council and to assist the council in preparing the annual estimate of expenses to be certified to the council as a basis for the annual levy. After such levy is made in each year, it shall be the duty of the auditor to extend said levy upon said real estate and personal property books for said city, and to prepare proper tax tickets therefrom against all owners of real estate and personal property subject to taxation in said city. He shall turn the said tax bills over to the treasurer or sergeant, who shall collect said taxes when due and payable, and the treasurer shall certify to the payments of same as made. In addition to the above duties of the auditor, he shall perform such other duties as the council shall prescribe.

**ARTICLE XXI.**

**Duties of Police Judge.**

Sec. 33. The mayor or police judge shall be *ex officio* a justice and conservator of the peace within the city and he shall, within the same, have, possess and exercise all the powers and perform all the duties vested by law in a justice of the peace, except that he shall have no jurisdiction in civil causes of action arising out of the corporate limits of the city. He shall have the same power to issue attachments in civil actions as a justice of his county has, though the cause of action arose out of the city limits, but in such case he shall have no power to try the same but must have such attachment returnable and heard before some justice of the county. Any warrant or other process issued by him may be executed within the same territorial limits as that of a justice of the county. He shall have power to issue executions for all fines, costs and penalties imposed by him, or he may require the immediate payment thereof, and in default of such payment he may commit the party in default to the jail of the city or the jail of the county of Mineral, until the fine, penalty or costs shall be paid, but the term of imprisonment in such cases shall not exceed sixty days. The expense of maintaining any person in the county jail shall be borne by the city, when said person has been committed to answer indictment. But such mayor or police judge shall not receive any money belonging to the state, or any individual, unless he shall give bond and security as required of a justice of the peace under the laws of the state of West Virginia; and all provisions under the laws of the state of West Virginia relating to moneys received by justices shall apply as to like moneys received by the mayor or police judge.
ARTICLE XXII.

Ordinance—General Provisions.

Sec. 34. The style of the ordinances of the city shall be: “Be it enacted and ordained by the council of the city of Piedmont,” but the ordinances now in force shall remain in effect until amended or repealed, except where they are in conflict or inconsistent with this act.

Sec. 35. All ordinances shall be presented in writing and no ordinance shall be so amended in its passage as to change its general purpose. No ordinance shall be considered for final passage at the meeting at which it is introduced unless the same shall have been reported on by a committee, but reference to a committee may be dispensed with by an affirmative vote of three-fifths of the council as elected. No ordinance shall contain more than one subject, which shall be clearly expressed in its title; nor shall any ordinance be passed by the council unless a majority of all the members elected to the council shall concur therein by yeas and nays when the question is put upon its passage.

Sec. 36. All ordinances passed by the council shall be spread upon the minutes, and at the next regular meeting such ordinances shall be read in open council, and the mayor shall sign said minutes, when found correct or corrected, in the presence of the council. The council shall provide a well bound book in which shall be copied all the ordinances in the order in which they are passed, which ordinances so copied shall be compared with the originals by the mayor and shall be signed by him when found correct. Such book shall be indexed so as to show in brief form the substance of the ordinance. All copies thereof, certified as hereinafter provided, shall be received by all the courts and justices in this state as evidence; but the council may adopt by ordinance, properly designating and describing it, a code of laws and ordinances, which when adopted shall be printed in book form, or it may be adopted as a whole after it is printed, and the said code shall be and become the laws and ordinances of the said city, and shall be received as such by all the courts in this state, and the printed volumes published under order of the council shall be so received as evidence of what is printed therein till errors or omissions be affirmatively shown therein.

ARTICLE XXIII.

Franchises.

Sec. 37. All franchises granting the right of occupancy of any por-
tion of the streets of the city for work of public utility and service shall be granted by the council, but no such franchise shall hereafter be granted except under the following restrictions and conditions:

No franchise shall be granted, except at the time of granting it bond be made to the city, providing that the grantee shall indemnify the city against all damages caused by construction, maintenance or operation of such works. All reasonable additional provisions and conditions may be made for the protection of the public, necessary damage or inconvenience by reason of the construction, maintenance or operation thereof.

No grant of a franchise for the extension of, or an addition to, any line of work or public service through, over or under any additional street or territory of the city shall be made for a period extending beyond the time limit for the expiration of the franchise, if the principal work is one granted before this act goes into effect and not limited as to time. Any franchise granted for an extension or addition thereto shall nevertheless be made, subject to the provisions hereof, including a time limit of not exceeding fifty years.

The council shall, in all franchises hereafter granted, embody therein a plainly expressed condition, where the franchise is to be for work useful chiefly to the citizens of the city, that at the expiration of the franchise the grantee shall, if required by the council, sell to the city the plant at what it is then worth.

If the city or the owner of the plant cannot agree upon its value, then its value shall be ascertained by an impartial arbitration, one arbitrator to be selected by the city, one by such owner of the plant, these two to select a third, and the decision of any two to be binding upon both parties.

ARTICLE XXIV.

Estimate of Expenses and Levy.

Sec. 38. A finance committee shall be appointed from the council members, by the mayor, and said finance committee shall, on or before the first day of August in each year, prepare and submit to the council an estimate of the amount of money necessary and advisable to be expended by the city for the current year next ensuing and to be provided for by the tax levy as herein provided for such current year, in which estimate the finance committee shall ascertain and present a detailed and itemized account or estimate of the money necessary to pay interest on the bonded indebtedness of the city, the amount re-
quired for the several sinking funds for the reduction of the principal thereof, the amount to be expended severally for the streets, alleys, curbing, waterworks, police department, fire department, street paving, sewers, salaries, parks, real and personal property, contingent expenses and other expenses, together with an itemized statement of the estimated receipts, other than that to be derived from the annual levy, and after receiving such estimates and before making the levy the council shall apportion the rate thereof, (including estimated receipts for licenses and all other sources), among the several funds so ascertained and provided for, which said apportionment when adopted, shall be spread upon the records of the council.

Upon the estimate of such expenses, the council shall thereupon, by an ordinance, lay a levy for the ensuing tax year of a sum not to exceed fifty cents on each one hundred dollars assessed valuation of all taxable property, real and personal, subject to taxation in said city, as well as a capitation tax not to exceed two dollars upon every male inhabitant of said city over the age of twenty-one years who is subject to a capitation tax under the laws of the state of Virginia, and said council is authorized to levy to such maximum of fifty cents on each one hundred dollars of valuation, notwithstanding any general laws now in force, or which may be enacted, restricting the powers of municipal corporations to levy taxes.

Sec. 39. Whenever anything, for which a state license is required, is to be done within said city, or within two miles of the corporate limits thereof, the municipal authorities, as herein provided, may require a city license to be had for doing the same, and may, in any case, require from any person licensed a bond, with sureties, and in such penalty and with such conditions as it may deem proper, and the council may on notice revoke such license at any time if the conditions of the said bond be broken, or for good cause.

The municipal authorities may impose a license and assess a tax thereon on all wheeled vehicles for public hire, all dogs kept within the corporate limits, all insurance, bonding, casualty and guarantee companies, auctioneers, book agents, bowling alleys, billiard saloons, bagatelle saloons, bond, note and loan associations, building and loan associations; capitation taxes, commission merchants, common criers, circuses, menageries, theatres, drays, cabs, hacks, etc., eating houses, express companies, hitting and striking machines, hobby horses, junk dealers, real estate agents, insurance agents, livery and feed stables, liquor dealers, omnibuses, peddlers, pawn brokers, stock
brokers, slot machines, social clubs, street venders, tobacco, snuff, cigars etc., theatrical shows, transient merchants, telegraph and telephone companies, electric light companies, gas companies, and other business, property, profession or occupation; bicycles, automobiles, butchers and venders of meats, vegetables and other things sold on the streets of the city. The municipal authorities may prescribe, impose and enforce reasonable fine and imprisonment, under the order of the police judge of said city or the person lawfully exercising his functions, upon any person carrying or attempting to carry on any business for which the said license is required, without first obtaining a city license therefor, and paying the city license tax assessed thereon. All licenses provided for in this section shall be paid to the sergeant or treasurer. For the purposes of enforcing the provisions of this section the city shall have police jurisdiction for two miles beyond the corporate limits thereof.

Sec. 40. The council shall have the power to pass and make all regulations and pass all ordinances necessary and proper concerning the granting and revoking of all licenses. The city shall have the power to prohibit by ordinance and to punish persons abusing animals; to restrain and punish vagrants, mendicants, beggars, tramps, prostitutes and drunken and disorderly persons within the corporate limits; to provide for their arrest and manner of punishment; to prohibit and punish railroads bringing in paupers or persons or animals afflicted with dangerous diseases; to control and suppress hawdy houses, houses of assignation and gambling houses and to punish gaming; to prohibit slaughter houses within the prescribed limits and soap or glue factories of any kind; to restrain and prohibit the use of firecrackers, fireworks or other explosives, and all dangerous or unseemly noises which tend to annoy persons or frighten horses or other animals; to make regulations guarding against fire; to regulate the use of streets and alleys for street cars, railroads, railroad engines, traction engines, automobiles, and cars of all sorts, and regulate the running and operation of the same within the city limits; to regulate and prevent injury, inconvenience or annoyance to the public; to prohibit cock fighting and dog and prize fighting; to regulate and control the kind and manner of plumbing and electric wiring etc., for the safety and health of the public; to regulate, restrain and prohibit all animals and fowls running at large; to establish and regulate markets; to regulate signs and bill boards, posters and advertisements on or over streets; to regulate the sale and use of cocaine, morphine, opium and poisonous drugs; to provide for purity
of water, milk, meats, etc., sold in the city limits; to fix and change charges and prices for service or the articles of persons or companies operating public service plants, or other public institutions or utilities; to regulate public service corporations; to provide for inspecting dairies, slaughter houses and other places of like nature; to protect places of divine worship; to have abated and remove all nuisances; to regulate the construction of all water closets, privies, cesspools, pens, sinks, yards, stables and other places where offensive substances may accumulate; to regulate, and prescribe punishment for all violations against the public peace and welfare.

ARTICLE XXV.

Taxes—How Collected.

Sec. 41. The city taxes annually levied by said council shall be collected as follows: Immediately after the annual levy for city taxes is laid, the auditor shall extend the same on the property books made out by him, including thereon the proper capitation taxes. He shall make out proper tax tickets in the following manner, that is to say: There shall be a single ticket for the whole amount charged to any person, firm or corporation, and after the tickets have been examined and compared and found to be correct by the council, they shall be turned over to the sergeant or treasurer by the first day of October following the levy. The sergeant or treasurer shall receive for the gross amount, said receipt to be returned and entered upon the record and the sergeant charged therewith. The sergeant shall then give notice, by publication or posting for at least ten days, stating that the tax tickets are in his hands for collection, the penalty for the non-payment thereof, and the time and place where the same may be paid; provided, however, that the taxpayer shall have the right to anticipate the payment of the whole or any part of the taxes as assessed. Immediately upon the payment of said taxes or any part thereof, the said amount shall be deposited by the sergeant or treasurer in one of the city depositories to the credit of the “city of Piedmont,” and the sum so deposited shall be reported to the council at its first meeting after deposit is made. All taxes shall be due and payable within thirty days after the expiration of the notice posted by the sergeant as hereinbefore set forth, and in case the same are not paid within said time, he may distrain and sell therefor, in like manner as the officer collecting the state taxes may distrain therefor, and he shall have in all other respects the same power to enforce the
payment and collection thereof. On all tickets remaining uncollected in the hands of the sergeant thirty days after the date of the expiration of the notice posted by him, a penalty of five per cent shall be added and collectable, together with six per cent interest until paid; provided, however, that the council shall have the power any year, by resolution, to extend the time that such tax tickets may remain in the sergeant's hands and be paid to him, before adding the penalty, for a period not to exceed thirty days. The council may by ordinance allow a discount for prompt payment of taxes. The sergeant shall have the power to collect said taxes so placed in his hands, together with the penalty and interest thereon, heretofore provided, to be added thereto. The sergeant shall be charged with the gross amount of said tax tickets so delivered to him for collection, and no deduction therefrom shall be allowed unless on or before the first day of September of each year he makes out and returns to the council a delinquent list of the taxes uncollected for the year previous, with his oath attached thereto, stating that such delinquent list is correct and just, that he has received no part of the taxes mentioned thereon, that he has used due diligence to find property to distress for said taxes and has found none, and that the same are uncollectable. Penalties and interest, provided for in this section, to be added to such taxes, shall not be deemed or considered any part of the limitation in this act hereinbefore prescribed, restricting the annual city levy to fifty cents on each one hundred dollars valuation. The sergeant shall not take or collect anything but money for the payment of taxes. The sergeant shall perform such other duties as the council may require, and receive such compensation as shall be fixed by the council.

Sec. 42. All goods and chattels belonging to a person, firm or corporation or estate, assessed with any city taxes, whether the same be a capitation tax, tax upon real or personal property or an assessment for paving or other improvements, shall be liable for said taxes and may be distrained therefor in whose soever possession they may be found, and the sergeant shall have the same power to collect said taxes or assessments from any persons owing debts to or having in his possession any estate belonging to a person assessed with any tax or assessment of any kind, that the sheriff has to collect state taxes or enforce the collection thereof.

Sec. 43. There shall be a lien upon all real estate within said city for the city taxes assessed thereon, including such penalties and
interest added thereto for non-payment thereof as are prescribed by this act, from the first day of January of the year in which said taxes are assessed. Said liens may be enforced in any court of record in Mineral county by appropriate suit; provided, such suit be entered within five years from the time said liens attached as herein provided, and such suit may either be by and in the name of the city of Piedmont as plaintiff, or said city may intervene by petition in any suit pending to sell or enforce liens against real estate which is subject to such liens for said taxes. The liens herein created shall have priority over all other liens except those for taxes due the state and county.

Sec. 44. Said liens for city taxes and attendant penalties, as well as for improvement assessments, may also be enforced by certifying the same to the clerk of the county court of Mineral county for certification to the state auditor, and the same may be certified down by the state auditor and sold for taxes, interest and penalties and commissions thereon, in the same manner, at the same time and by the same officer as real estate is sold for taxes, interest, damages, costs and commissions due the state thereon, which officer shall account therefor on settlement with the council and pay the same over to the treasurer.

ARTICLE XXVI.

Money—How Appropriated.

Sec. 45. No money shall be appropriated and no debts shall be contracted and no contracts authorized by the city, except by an ordinance passed by the council as specified herein, and no such ordinances shall be passed except where the funds to meet the same shall have first been provided by levy duly made in accordance with this act and its provisions. No contract shall be entered into involving or anticipating further levies, unless all the questions connected with the same shall have been first submitted to a vote of the people and shall have received three-fifths of the vote cast at such election.

ARTICLE XXVII.

Sewers, Paving and Curbing.

Sec. 46. The council shall have the power to establish the width of any sidewalk along any street, alley or public square, or portion thereof, and any owner of ground fronting on such street, alley or public square shall, in such manner as the council shall reasonably
prescribe, pave and curb the sidewalk adjacent to such property. In
case of a failure or refusal of the owner to pave or curb the same, the
council may cause the same to be properly curbed and paved by the
city, and levy and collect from such owner the whole cost of such
curbing and paving adjacent to such property, with a penalty of five
per centum added thereto, together with six per centum interest until
paid; and in like manner to require the owner of any property adja-
cent to any paved sidewalk heretofore or hereafter constructed, to
keep the same in repair, and in default of doing so to cause the same
to be repaired, and levy and collect the cost from said owner or own-
ers with a penalty of five per centum added thereto together with six
per centum interest per annum until paid. In all cases of such as-
seessment, whether for the original or for the repairing of sidewalks,
payment thereof, including penalties and interest, shall be made to
the sergeant within thirty days after the completion of the work,
who shall have the power to collect the same from the owner or own-
ers of any such property by distress and sale, in the same manner in
which taxes levied for the benefit of the city are authorized to be
collected and, in addition, there shall be a lien upon such real estate,
which lien may be enforced by appropriate suit in any court of rec-
ord of Mineral county.

Sec. 47. Whenever the council may deem it expedient to cause
any street or alley in said city, or portion thereof, to be paved in a
permanent manner, it shall order the work done in the following
manner and upon the following terms: The contract for such pav-
ing shall, after due advertisement, in which the council shall reserve
the right to reject any and all bids, be let, if let, to the lowest bid-
der. The contractor shall look only to the city for the payment for
the work and in no sense to the abutting land owners. The total
cost of grading and paving any such street or alley, (except when
the streets are occupied by street car tracks, for the distance between
the rails and for two additional feet outside of each rail, which por-
tion shall be borne and paid by the company owning and operating
such railway and tracks) shall be borne by the owners of the land
abutting upon said street, alley or portion thereof, subject to the fol-
lowing plan, that is to say: Payment is to be made by all the land
owners on either side of such portion of a street or block so paved,
in such portion of the total cost, less the portion, if any, chargeable
to such street railway company, as the frontage in feet of his land
bears to the total frontage of all land so abutting on such street, al-
ley or portion thereof so paved as aforesaid. The cost of such pav-
ing chargeable to the abutting property is not to include any portion or amount paid for paving of squares at intersections of streets, which shall in all cases be borne and paid by the city. When the paving of any street or alley or portion thereof shall have been let to contract and the work done as hereinbefore provided, it shall be the duty of the city engineer to cause the several frontages abutting thereon to be measured, to calculate the assessment upon each and every land owner so abutting, and to certify the same to the council, showing the proper amount to be determined as provided in the foregoing plan. It shall be the duty of the council to examine and compare such assessments, amounts and names so certified to it. Thereupon the council shall give notice by publication for two successive weeks in some newspaper published in said city that an assessment, under this act, is about to be laid against abutting property for paving done on said streets or alleys, describing the location of such paving. Any owner or owners of abutting property shall have the right to appear before said council within three weeks from the first publication thereof, and move such council to correct any apportionment or assessment improperly made; which corrections the said council shall have the power to make. If found to be correct, or when rectified, the council shall cause the same to be entered, together with the description as to the location, frontage, depth and ownership of the lands, so far as the same may be ascertained, upon its records, and to enter in its records that such owners and lots be assessed and chargeable with the amounts so ascertained to be borne by them respectively. When so approved, certified and entered of record, the same shall be and constitute an assessment against said owners and lots for such respective amounts. It shall be the duty of the council to immediately certify such assessment to the sergeant for collection as hereinbefore provided. A copy of such order shall be certified by the recorder to the clerk of the county court of Mineral county, who shall be required to record and index the same in the proper deed book in the name of each person against whose property assessments appear therein. The amounts so assessed against any land owners, as aforesaid, shall be paid in two payments as follows, that is to say: One-half of said amount shall be paid to the sergeant before the first day of June or the first day of December, whichever shall come first after said work is completed, certified and entered of record as aforesaid, and the other one-half shall be paid to the sergeant before the first day of the one of the said months next following, or as
they shall come after the work is completed and is entered of record by the city, the purpose being to require the payments regularly until the entire amount is paid. *Provided, however,* that the abutting landowner so liable for any of the costs of such paving shall have the right at any time, after the same is certified as aforesaid to the sergeant for collection, to anticipate and discount the payment of either installment, allowing five per cent. per annum discount for any such anticipated payments, computed at the day of payment to the day fixed for the payment thereof. To each of said installments of assessments remaining unpaid in the sergeant's hands at the time specified for such payment, a penalty of five per cent, together with six per cent per annum until paid, shall be added and the payment thereof enforced in all respects as hereinbefore provided for the collection of any other taxes due the city, and such shall be a lien upon the property liable therefor, the same as for other taxes, and the lien may be enforced in the same manner as provided for other taxes. The liens hereinbefore provided for shall have priority over all other liens, except those due the state and county for taxes, and shall be on a parity with other taxes and assessments due the city. Upon the payment of any assessment to the sergeant, he shall deliver to the party paying the same a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens. Should such assessment not be in the hands of the sergeant, if the same shall have been shown to the satisfaction of the council to have been paid in full to any officer entitled to receive the same as designated by it, the council may direct the sergeant to execute a release of such lien, which release may in like manner be recorded.

*Sewers.*

Sec. 48. Whenever the council shall order the construction of any public sewer in said city the owners of the property abutting upon any street, in which said sewer shall be constructed, shall be charged with and liable for sewerage assessments as follows: When said sewer is completed the city engineer shall report to the council in writing the total cost of such sewerage, with a description of the lots and land, as to the location, frontage, depth and ownership, liable for such sewerage assessment, so far as the same may be ascertained, together with the amounts chargeable against each lot and owner, estimated on the basis of one dollar and twenty-five cents a foot for
corner lots, frontage measures on said sewer being considered, except that such estimate as to corner lots fronting thereon and having a greater depth than one hundred and fifty feet shall be estimated at the rate of one dollar and fifty cents per front footage; and thereupon said council shall give notice by publication as is required in the case of street paving assessments, and the same rights shall exist as to the persons and property affected, and the same duty as to corrections by the council, as are prescribed with reference to paving, which report shall, in like manner, be examined by the council and if found to be correct, or corrected as aforesaid, and such estimated assessments to be a fair and equitable apportionment of the costs of such sewer, it shall enter an order upon its records setting forth such location, depth, ownership, and said amount of said sewer assessment against each property respectively, calculated as aforesaid, and the entry of such order shall constitute an assessment for such proportion and amount so fixed therein, against such respective owners and lots. If after such advertisement, notice and hearing said council shall find that such apportionment at such rate is unjust or inequitable, it shall ascertain, fix and assess the cost thereof among and upon the abutting owners respectively, fairly and equitably and in like manner assess and enter the amounts so fixed, respectively, upon its records, and the council shall in either event thereupon certify the same to the sergeant for collection, and certify a copy of such order to the clerk of the county court of Mineral county, who shall record the same in the proper deed book and index the same in the name of the owner of any such lot so charged with such assessment. Such assessment so made shall constitute and be a lien upon said lots respectively, which shall have priority over all other liens except those for taxes due the state and county, and shall be on a parity with other taxes and assessments due the city. Said amounts so assessed against said several landowners shall be paid by the parties liable therefor to the said sergeant at the time, in the manner and with the attendant penalties and interest, for failure to pay promptly at the time prescribed, in all respects as hereinbefore provided in the case of assessment for paving of streets and alleys in a permanent manner; and the parties liable therefor in the same manner and to the same extent shall have the right and be entitled to anticipate any or all of such installments and to receive the same discount thereon as in such case provided. The owner or owners of any lot abutting upon any street or alley in said city, on which a public sewer is or
may hereafter be laid and constructed, upon which lot any business or residence building is or may hereafter be erected, not otherwise connected with a public sewer, may be required and compelled by the board of health to connect any such property with such sewer. Notice to so connect may be given by the board of health to the owner, lessee or occupant of such property. Each day's failure to comply with such notice and to connect with such sewer by such owner or owners, after ten days have elapsed after such notice has been given, shall be a misdemeanor and a separate offense and new offense under this section, and each offense shall be punishable by a fine of not less than five nor more than twenty-five dollars. Jurisdiction to hear, try and determine and sentence for violation of this section is vested in the police court of said city. If said owner or owners fail to comply with the notice to make such sewer connection, then the council may by ordinance order the work to be done at the expense of the city and the cost thereof to be certified to the clerk of the county court, and the same shall constitute a lien upon said property, with the same force and effect as taxes.

Sec. 49. The liens herein and hereinbefore provided, for street paving and sewerage assessments, shall constitute liens upon the real estate upon which they are assessed, as against creditors of the owners thereof or purchasers for value from, and without actual notice of such liens, only from and after the time that the statement thereof, certified as aforesaid, shall be filed for record in the office of the clerk of the county court for Mineral county.

Sec. 50. When the whole or any portion of the improvements authorized by this act pass through or by a market space, park, cemetery, structure for the fire department, water works, school building, infirmary, market house, work house, hospital, house of refuge, bridge, gas works, public prison, court house, church, or any other public structure, or public ground within said city, and belonging to said city, or to the county, state, or any church, association or eleemosynary institution, the council may authorize the assessment to be certified to the clerk of the county court of Mineral county and the same shall thereupon be recorded by said clerk in the proper deed book and shall thereupon become a lien against said property and collectable as other assessments are collected against individuals under this act. It shall be the duty of those persons having charge of the fiscal affairs of any such property or institution to make the proper arrangements for meeting such assessments, when due and payable.
Sec. 51. The city of Piedmont, by ordinance of the council, may borrow money in an amount equal to the amount of said liens herein acquired, for the purpose of paying any contract for paving or sewerage under this act, and may assign said liens as security for such loan or loans; but in no event shall the money so borrowed be expended for any other purpose than in the payment of the indebtedness owing by the city for such work; that is, liens for street paving can only be used by the city in borrowing money to pay for street paving, and liens for sewerage can only be used by the city in borrowing money to pay for sewers.

ARTICLE XXIX.

Bonded Indebtedness.

Sec. 52. The council of said city shall have the right to bond the said city for the purpose of paving the streets and alleys of said city and for constructing waterworks or repairing the same, and for constructing a sewerage system or repairing the same, and for the purpose of providing hose and other appliances for extinguishing fire, and for any and all public improvements whenever the council thereof shall deem such improvements necessary, and to refund outstanding bonds at a lower rate of interest, and to issue new bonds for the purpose of increasing the length of time on any such indebtedness; but the aggregate indebtedness of said city shall for all purposes not exceed five per centum on the assessed valuation of the taxable property therein, based on the valuation of the last assessment next preceding the date of the incurring of such indebtedness; and the said council shall by taxation provide a fund for the payment of the interest on any and all indebtedness incurred in the manner aforesaid within the period of thirty-four years. Such bonds shall not be sold for less than par nor exchanged for the evidence of indebtedness of said city except dollar for dollar. A record of all the proceedings had hereunder shall be kept by the council.

Sec. 55. The council shall have the power by ordinance to regulate the sale of cocaine, morphine, opium and poisonous drugs within said city, and to prescribe punishment, including fine and imprisonment, for the violation of any such ordinance, and to provide that one or more convictions for violating the same shall operate as a revocation of the license of any druggist or pharmacist holding a license under said city.

The council shall consider such suspension and may veto such suspension and reinstate such policeman, or confirm the suspension for such period as they may fix. Provided, that the council shall have the power to suspend without pay the chief of police or any policeman against whom charges are preferred. If the chief of police or any police officer shall engage in any primary election, convention, or election in which any officer in this city, county or state is to be nominated or elected, in such a way as to become offensive or obnoxious to any class of law abiding citizens, he shall be immediately suspended by the mayor, and charges preferred and a trial had before the council, and upon a three-fifths vote of all the members he may be discharged. Such salaries shall be payable in equal monthly installments.

Every other officer or assistant shall receive such salary or com-

The salary or compensation of all other employes of said city shall be fixed by the commission, and shall be payable monthly or at such shorter periods as the commission may determine.

Sec. 12. Regular meetings of the commission shall be held on the second Monday after the election of the commissioners, and thereafter at least twice each month. The commission shall provide by ordinance for the time for holding regular meetings, and special meetings may be called from time to time by the mayor or two commissioners. No franchise or right to occupy or use the streets, highways, bridges, or public places in said city, shall be granted, renewed or extended, except by ordinance. No franchise shall be granted for a period exceeding thirty years, nor until notice of the application for the same shall have been published in a city newspaper, or posted at the front door of the mayor's office for thirty days prior to the final passage of such franchise, and no amendment or addition thereto shall extend beyond the termination of the original franchise.

Such prohibition of free transportation shall not apply to policemen or firemen in uniform; nor shall any free service to city officials heretofore provided by any franchise or ordinance be affected by this section.

Sec. 15. The commission shall create, by appointment, a civil service board, consisting of three residents of the city, whose duty it shall be to examine all applicants for position in the department of police, fire and water works and such other departments as may be ordained, including the chiefs of such departments, and shall define the terms and prescribe the duties of the members of said board. All appointments to said departments shall be made from applicants recommended by said board, and when appointed shall be removed only for cause.

Sec. 16. The commission shall each quarter print a pamphlet from a detailed itemized statement of all receipts and expenses of the city and a summary of its proceedings during the preceding quarter, and furnish printed copies thereof to the newspapers of the city, and to persons who shall apply therefor at the office of the city clerk. At the end of each year the commission shall cause a full and complete examination of all the books and accounts of the city to be made by competent accountants, and shall publish the result of such examination in the manner above provided for publication of quarterly expenditures.

Sec. 17. If, at the beginning of the term of office of the first commission elected in said city under the provisions of this act, the appropriations for the expenditures of the city government for the current fiscal year have been made, said commission shall have power, by ordinance, to revise, repeal or change said appropriations, and to make additional appropriations.

Sec. 18. In the construction of this act, the following rules shall be observed, unless such construction would be inconsistent with the manifest intent, or repugnant to the context:

1. The words “councilman” and “commissioner” shall be construed to mean “councilman” when applied to said city.
2. The words "council" and "commission" shall be construed to mean "council" when applied to said city.

3. When an officer or officers are named in any law referred to in this act, it shall, when applied to said city, be construed to mean the officer or officers having the same function or duties under the provisions of this act, or under ordinances passed under authority thereof.

4. The word "franchise" shall include every special privilege in the streets, highways, and public places of the city, whether granted by the state or the city, which does not belong to the citizens generally by common right.

5. The word "electors" shall be construed to mean persons qualified to vote for elective officers at regular municipal elections.

Sec. 19. The commission shall have the right to levy and collect taxes and grant licenses; provided, however, that the sense of the voters of said city shall be taken biennially regarding the granting of licenses to sell intoxicating drinks, and unless a majority of the votes cast for and against the same be in favor of such license, the council shall not grant the same, but in the event a majority of the votes for and against the same be cast in favor of said license, the commission shall grant such license; and, provided, further, that the granting of such license shall not be repugnant to the constitution and laws of the United States or of this state.

To lay off, open, close, vacate, or maintain public grounds, parks and public places, in or near the said city, and to guard and police the same; to prohibit or regulate within the municipality or within two miles of its corporate limits or within two miles of any cemetery, public park or place, the erection or maintenance of any slaughter house, soap factory, glue factory, tannery, or other house, shop or factory of like kind or character; to cause to be filled up, raised or drained, by or at the expense of the owner, any town lot or tract of land covered or subject to be covered by stagnant water; to prevent the desecration of the Sabbath day; to regulate the running and speed of engines and cars within said city; to regulate the sale of all foods and drink products, milk and fresh meats, fish and vegetables, and provide for inspection of same; to establish, regulate and maintain baths, bathing houses, drinking fountains, public toilet stations, and free public band concerts, and to regulate the time and place of bathing in pools and streams and public waters, within the police jurisdiction of the city; to prevent gambling and keeping of gambling
places; to regulate the running of steam and electric cars and automobiles over and across any streets or alleys, and to require any railroad company or street car company to provide watchmen, gates, or both watchmen and gates for any crossing; to regulate or prohibit the ringing of bells, blowing of steam whistles, the use of hand organs and all musical instruments of any annoying character; to regulate or prohibit the distribution of hand bills, circulars, and other advertisements on the streets, roads, alleys, public places and parks, and in private yards, buildings or other structures; to acquire, hold, maintain, control, or dispose of a hospital or a public library, or any property for eleemosynary purposes or any interest therein.

Sec. 20. The commission of the city may cause any street or alley to be paved, between the sidewalks, with cobble stone, brick or other suitable material, and a sewer to be constructed therein from one of said cross streets or alleys to another, or to have such paving done without the construction of a sewer constructed without such paving, under such regulations as shall be fixed by ordinance, upon the lowest and best terms to be obtained by advertisements for bids, or proposals therefor by the commission as herein provided; and two-thirds of the cost of such paving shall be assessed to the owners of the lots or fractional parts of lots abutting or bounding on that part of the street or alley so paved in proportion to the distance of the frontage owned by each; provided, that in paying the cost of paving any street upon which there is constructed any street car, interurban or railway line, the city shall pay one-third of such cost after first deducting the amount paid by the street car, interurban or railway company, and the residue shall be paid by the abutting property owners as above provided. The one-fourth of such two-thirds shall be paid within thirty days after the completion and acceptance of the work, and the remainder in three equal installments, payable respectively at such times as the commission may by ordinance fix at the time of letting the contracts for such work. The other one-third of the cost of said paving shall be borne by the city. The intersection of streets, or of a street and alley, paved or provided with sewer under this section shall be correspondingly paved or sewered at the sole expense of the city.

The sum or sums of money thus assessed for paving shall be a lien on the lots or fractional parts of lots upon which they are assessed, which lien may be enforced by a suit in equity in the name of the city in any court having jurisdiction thereof, and the
same or any installment thereof may be collected by a suit at law before any court or any justice of the peace having jurisdiction thereof.

Immediately upon the completion and acceptance of any paving constructed by virtue of this section, the commission shall direct the clerk to cause to be published a notice, which shall name and describe the location of the street or alley upon which said paving shall have been constructed; giving the names of the owners of each lot abutting or abounding upon such street or alley, if known, and if the name or names of the owner or owners of any lot or fractional part of a lot are unknown, such lot shall be described with reasonable certainty in order that the same may be identified. The number of feet that each lot or fractional part of a lot abuts shall be stated, also the amount assessed against each lot or fractional part of a lot. Said notice shall cite all owners of lots or fractional parts of lots, abutting upon the streets or alleys aforesaid to appear before the commission of said city at a regular meeting thereof, within thirty days from the first publication thereof, and show cause, if any they can, why the assessment aforesaid should not become final, which notice shall be published once a week for two successive weeks, in one or more newspapers of general circulation, published in said city. The commission shall, upon the request of any one or more of the owners of said lot or fractional parts of lot appoint a day to hear the grievances of said owner or owners and may alter or amend any assessment made against any one or more of said owner or owners for good cause to be shown. The clerk shall give notice to all persons claiming to be injured by said assessment, of the time and place of holding said meeting, which meeting shall be held within ten days after the expiration of thirty days mentioned in said notice. The commission may adjourn the hearing from time to time. In case any owner or owners of abutting property fail to complain of any grievance or injury they may have suffered by reason of the assessment aforesaid, and shall fail to appear for the purpose of having the same corrected, the assessment as laid shall be final. The findings of said commission shall be conclusive. The rights conferred by this section are cumulative and shall not be exhausted as to any particular street or alley by reason of having been once exercised.

But the lien upon any real estate created by virtue of this section shall be void as to any purchasers of any such real estate, for value and without notice, who shall have purchased such real estate at any time after a period of twelve months has elapsed after the paving
has been accepted by the city, unless an abstract of such assessment, giving the location of the real estate affected, the name of the owner and the date and the amount of the assessment shall have been first recorded in the office of the clerk of the county court of Taylor county, in the judgment lien docket.

And it is hereby made the duty of said county clerk to record said abstracts; for the recordation of each of which said clerk shall receive a fee of twenty-five cents to be paid by the city.

Sec. 21. The commission shall have authority to levy and collect annual tax, for the purpose hereinafter specified, on the personal property and real estate in said city, subject to taxation by said city, not to exceed in any one year ten cents on every hundred dollars of the assessed value thereof and the money so collected shall be used for the purpose of paying its proportion of the cost of paving or re-paving streets and alleys and for constructing sewers in said city, in accordance with the provisions of section twenty of this act; and such money shall in no case be used to pay for repairs of streets or alleys or sewers, or for any other purpose than for paving or for sewers. Provided, that the total levy for all purposes shall not exceed the total levy authorized by law.

Sec. 22. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent of an elective office as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty per centum of the entire vote for all candidates for the office of mayor cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed shall be filed with the city clerk, which petition shall contain a general statement of the grounds on which the removal is sought. The signatures to the petitions need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true as he believes and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the city clerk shall examine and from the voters' register ascertain whether or not said petition is signed by the requisite number of qualified electors, and, if necessary, the commission shall al-
low him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the commission without delay. If the petition shall be found to be sufficient, the commission shall order and fix a date for holding said election, not less than thirty days nor more than forty days, from the date of the clerk's certificate to the commission that a sufficient petition is filed.

The commission shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same shall be conducted, returned and the result thereof declared in all respects as are other city elections. So far as applicable, except as otherwise herein provided, nominations hereunder shall be made without the intervention of a primary election by filing with the clerk at least ten days prior to said special election, a statement of candidacy accompanied by a petition signed by electors entitled to vote at said special election, equal in number to at least ten per centum of the entire vote for all candidates for the office of mayor at the last preceding general municipal election, which said statement of candidacy and petition shall be substantially in the form set out in section five of this act, so far as the same is applicable, substituting the word "special" for the word "primary" in such statement and petition, and stating therein that such person is a candidate for election instead of nomination.

The ballot for such special election shall be in substantially the following form:

OFFICIAL BALLOT.

Special election for the balance of the unexpired term of ...........

........................ as ........................

For ........................................

(Vote for one only)

(Names of commissioners)

[ ].................................
[ ].................................
Name of present incumbent.

City Clerk.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon the qualification of his successor. In case the party who received the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes, he shall continue in office. The said method of removal shall be cumulative and in addition to the methods heretofore provided by law.

Sec. 23. Any proposed ordinance may be submitted to the commission by petition signed by electors of the city equal in number to the percentage hereinafter required. The signatures, verification, authentication, inspection, certification, amendment and submission of such petition shall be the same as provided for petition under section twenty-two hereof.

If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty per centum of the votes cast for all candidates for mayor at the last preceding general election, and contains a request that the said ordinance be submitted to a vote of the people, if not passed by the commission, such commission shall either:

(a) Pass such ordinance without alteration within twenty days after attachment of the clerk's certificate to the accompanying petition; or,

(b) Forthwith, after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the commission shall call a special election, unless the general municipal election is fixed within ninety days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city. But
if the petition is signed by not less than ten per centum of the electors, as above defined, then the commission shall within twenty days pass said ordinance without change, or submit the same at the next general election occurring not more than ninety days nor less than thirty days after the clerk’s certificate of sufficiency is attached to said petition.

The ballot used when voting upon said ordinance shall contain these words “for the ordinance,” and “against the ordinance,” (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition, or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people. Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section, but there shall not be more than one special election in any period of six months for such purpose.

The commission may submit a proposition for the repeal of any such ordinance or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city clerk shall cause such ordinance or proposition to be published once in each of the daily or weekly newspapers published in said city; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

Sec. 24. No ordinance passed by the commission, except when otherwise required by the general laws of the state or by the provisions of this act, except an ordinance for the immediate preservation of the public peace, health or safety, which shall contain a statement of its urgency, shall go into effect before ten days (and if the same be an ordinance granting a franchise, it shall not go into effect before thirty days) from the time of its final passage, and not then unless such ordinance shall have been posted at the front door of the mayor’s office for five days prior to the expiration of said ten days, and if the same be an ordinance granting a franchise it shall not go into effect at the expiration of said thirty days, unless within five days from the time of its final passage the same shall have been pub-
lished in full in some newspaper published and generally circulated in said city. And if during said ten days, if it be an ordinance other than one granting a franchise, and if during said thirty days, if it be an ordinance granting a franchise, a petition signed by the electors of the city, equal in number to at least twenty per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance or franchise, be presented to the commission, the said ordinance or franchise shall thereupon be suspended from going into operation, and it shall be the duty of the commission to reconsider such ordinance or franchise, and if the same is not entirely repealed, the commission shall submit the ordinance, or franchise as is provided by sub-section (b) of section twenty-three of this act, to the vote of the electors of the city either at the general election or at a special municipal election to be called for that purpose, and such ordinance or franchise shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said section twenty-three, except as to the percentage of signers and be examined and certified to by the clerk in all respects as therein provided.

Sec. 25. Petitions provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides, his age and length of residence in the city. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and the number of signers at the time the affidavit was made.

Sec. 26. In case that the offices of two of the commissioners should be vacant at the same time, for any cause, the remaining member of the commission shall forthwith call a special election to fill the vacancies for the unexpired term, and he shall perform all duties incident to such election and devolving upon the commission and its several members. Should all members of the commission resign or their offices become vacant, in any manner, the civil service board mentioned in section fifteen shall forthwith call a special election to fill such vacancies for the unexpired term, and said board shall be fully authorized and empowered to perform the duties of
the commission until the installation of the officers elected at such special election.

Sec. 27. The question of the ratification or rejection of this act shall be submitted to the voters of said city at the next regular city election, to be held in the year one thousand nine hundred and thirteen. This act shall be published in full once a week for three successive weeks immediately preceding said election in all the newspapers published in said city, and if a majority of the votes cast at said election upon said question be for the ratification of this act, this act so ratified shall be in full force and effect on and after the tenth day of February, one thousand nine hundred and fourteen, as the charter of and for the said city of Grafton.

Sec. 64. Whenever the common council shall express its veto of any franchise or ordinance passed by the board of affairs, it shall not later than the second day thereafter, cause such franchise or ordinance, with its veto thereof and its written reasons therefor, addressed to the board of affairs, to be transmitted to the city clerk, and the city clerk shall submit the same to the board of affairs, at its next regular meeting, or special meeting called for that purpose, which shall be noted in the minutes of said meeting; but a failure to transmit such franchise or ordinance within said time shall not render
such veto void. If the franchise or ordinance shall be changed and again passed by the board of affairs, it shall be treated as a new or original ordinance and subject to the veto power of the common council.

Sec. 65. If there shall be a tie vote on the passage of any franchise before the board of affairs, the mayor shall at once transmit such franchise, with a written statement that the vote on the passage of the same before the board of affairs was a tie, to the president of the common council, who shall lay the same before said common council at its next regular meeting time thereafter, or prior special meeting time called for that purpose. Nuisances.

Sec. 69. The board of affairs of said city shall have authority to abate and remove all nuisances in said city. It may compel the owners, agents, assignees, occupants or tenants, of any lot, premises, property, building or structure, upon or in which any nuisance may be, to abate and remove the same by orders therefor, and by ordinance provided for the violation of such orders.

Said board of affairs may also by its own officers, appointees and
employes, abate and remove nuisances. It may by ordinance, regulate the location, construction, repair, use, emptying and cleaning of all water closets, privies, cesspools, sinks, plumbing, drains, yards, pens, stables, and other places, where offensive or dangerous substances, or liquids are, or may accumulate, and provide suitable penalties for the violation of such regulations, which may be enforced against the owner, agents, assignee, occupant or tenant, of any premises or structure where such violation may occur.

If the owner, agent, tenant, assignee, or occupant of any such premises, lot, property, building or structure, as is mentioned herein, shall fail or refuse to abate or remove any such nuisance, as mentioned herein, or to comply with the provisions of any such ordinance, and the regulations herein contained, the said board of affairs may have said nuisance abated or the provisions of said ordinance or ordinances carried out, after reasonable notice to said owner, occupant, tenant, agent or assignee of its intentions so to do, and collect the expense thereof with one per centum per month interest added from the date of said notice, from the owner, occupant, tenant, agent or assignee by distress or sale, in the same manner in which taxes levied upon real estate for the benefit of said city are herein authorized to be collected, and the expense shall remain a lien upon said lot, or part of lot, the same as taxes levied upon real estate in said city; which lien may be enforced by a suit in equity before any court having jurisdiction, as other liens against real estate are enforced. In case of non-resident owners of real estate such notices may be served upon any tenant, occupant, assignee or rental agent, or by publication thereof for not less than two consecutive weeks in two newspapers of opposite politics, published in said city.

And in all cases where any tenant, occupant or agent is required to abate and remove any nuisance under the provisions of this section, or comply with the provisions of any such ordinance as is mentioned herein, the expense thereof may be deducted out of the accruing or accrued rent of said property, or amount due said owner from said agent, and such tenant, occupant or agent may recover the amount so paid from the owner, unless otherwise especially agreed upon.

Any expense incurred by the board of affairs, as herein provided, in the manner aforesaid, may be collected in the manner herein provided, notwithstanding the imposition of any other penalty or penalties upon any of the persons named herein, under any of the
provisions of this act. The abatement or removal of any such nuisance by the board of affairs at the expense of said city, as herein provided, shall be prima facie proof that the said notice to the owner, occupant, tenant, agent or assignee, was given as herein prescribed.

Sec. 70. The board of affairs may require all owners, tenants, and occupants of improved property which may be located upon or near any street or alley along which may extend any sewer or system of sewage, which the said city may construct, own or control, to connect with such sewer, or system of sewage, or privies, water closets, cesspools, drains, or sinks located upon their respective properties or premises so that their contents may be made to empty into such sewer or system of sewage.

_Sidewalks and Shade Trees._

Sec. 71. The board of affairs are authorized and empowered to cause to be put down a suitable curb of brick, stone or other material along and for the footways and sidewalks of the avenues, streets, roads or alleys of said city, and to order and cause the laying or relaying or repair of sidewalks and gutters of such material and widths as the board may determine, and the planting or replanting of and caring for shade trees along said avenues, streets and roads at such points and in such manner as the board may determine, and to require the owners or occupiers of the land or lots or parts of lots facing upon said avenues, streets, roads or alleys to keep such sidewalks clean and in good repair, and to grade the plot of ground on either side of the sidewalk between the street curb and the property line and keep the same sodded with grass and free of weeds and obstructions, and otherwise in good condition and repair. The owners or occupiers of the land or lots abutting upon such avenues, streets, roads or alleys shall not lay any such sidewalk, curb or gutter, or plant any such shade trees, unless specially required to do so by resolution adopted by said board, and then only in the manner prescribed by said board, but said city may lay such sidewalk, curb or gutter, and plant or replant and care for said shade trees, or may let said work to contract, and in either case the total cost of said work, or such part thereof as the board may direct, shall be charged upon and against the land or lots abutting upon such avenue, street, road or alley, which assessments shall be and remain a lien upon said land or lots the same as taxes levied upon real estate in said city, which lien may be enforced by a suit in
equity before any court having jurisdiction as other liens against real estate are enforced. The amount so assessed against any land or lot shall also be a debt against the owner of such land or lot, which may be collected as other debts are collected, in any court having jurisdiction, and shall be due and payable in ninety days from the completion and acceptance of such work as certified to by the board of affairs, with six per cent interest thereon from the date of such record acceptance. And in ascertaining the amount to be assessed against any corner lot for the cost of laying any such sidewalk and planting trees in front or alongside thereof, the board may assess the total cost of laying such sidewalk, and planting trees, in front or alongside said lot and extended to the curb or gutter of the intersections of the avenues, streets, roads or alleys at that point.

When such work is done by the city, and not let to contract, the board shall certify such assessments to the treasurer of the city for collection, who shall account for the same as directed by the board or by ordinance, and the treasurer shall accept payment, when tendered, of the amount of said assessment with interest to the date of payment, and unless said assessment shall have been paid within ninety days from the date of such assessment, then a copy of such report shall be certified by the city clerk to the clerk of the county court of Marion county, who is hereby required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appears therein. If any such assessment shall not be paid when due, the board of affairs shall cause to be enforced the payment of said assessment and interest in all respects as herein provided for the collection of taxes due the city; and said assessment shall be a lien upon the property liable therefor, the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for the non-payment of taxes and tax liens; and the liens herein provided for shall have priority over all other liens except those for taxes due the state and county, and shall be on a parity with taxes and assessments due the city. When such assessment shall have been paid in full, and a lien therefor shall be of record in the county clerk’s office, the treasurer shall execute and deliver to the owner of said property a release of said lien, which may be recorded in the office of the county clerk as other releases of liens are recorded.

The board may, if it so elect, let said work to contract, and certificates may be issued for the amount of said assessments which may
be sold to the contractor doing the work, or other person, in full of
the total cost, in the same manner as provided for paving certificates
in section eighty-one herein; provided, the city, in negotiating and
selling such certificates, shall not be held as guarantor or in any
way liable for payment therefor, except upon the direct action of the
board of affairs as expressed by resolution of record before
such sale. Said certificates, to be signed by the mayor and clerk or
other person or persons designated of record by the board, shall bear
date as of the time when such work is accepted and certified by the
board of affairs, and shall be due and payable in ninety days
from date hereof, with six per cent interest. When the board shall
have received said work, it shall at the same time make said assess­
ments upon written report; and at the end of ninety days from date
thereof, upon the demand in writing filed with the city clerk, of the
holder or holders of the unpaid certificates issued to cover said
assessments, said clerk shall certify a copy of said report, only in so
far as it relates to the owners against whom said exhibited certificates
remain unpaid, to the clerk of the county court of Marion county,
who shall record and index the same as other liens of like kind are
recorded and indexed, and the same shall be and remain a lien upon
the real estate against which said assessments are made, as set out
in said certified report, and said lien may be enforced, in the
name of the holder of such certificate in the same manner as set out
in section eighty-one in this act.

Before letting such work to contract, the board shall advertise the
same once a week for two successive weeks in two newspapers of op­
opposite politics published in the city of Fairmont or in one paper in
case publication cannot be had in two such papers, setting out the
time and place for receiving proposals for such work and referring
to the plans and specifications made therefor; and the city reserves the
right, whether stated in such notice or not, to refuse any and all bids
for the work. On refusal of said papers to publish said notice at
reasonable rates, the board may, by resolution, direct how such no­
tice may be given. The fact that such contract shall be awarded for
said work shall be prima facie proof that said notice was given as
required herein. Such lien, as represented by certificate, may be
released of record in the office of the county clerk in the same manner
as paving liens, represented by certificate, are released of record, as
provided for in section eighty-four herein; and in no event shall such
assessment be and remain a lien of record for a longer period than
one year from the date set out in said certified report so recorded in the office of the county clerk, unless at the end of said one year period a suit shall be pending for the enforcement of said lien, or the amount thereof shall, in some way, be involved in a suit pending at the end of said one year period.

All such work, whether done by the city direct, or through contractors, shall be under the supervision of the street department of the city or some person designated for that purpose by the board of affairs.

If the owner or occupier of any such lot or land shall be required by the board to lay or relay, clean or repair any such sidewalk, curb or gutter, or shall be required to grade the space on either side of the sidewalk between the street curb and the property line, and keep the same sodded and free from weeds or obstruction, and otherwise in good condition and repair, written or published notice shall be given to such owner or occupier in the manner provided by ordinance or resolution adopted by the board, and the neglect or refusal of such owner or occupier to do the work, in the manner and within the time required by the board, as set out or referred to in said notice, shall be an offense and may be punished as provided by ordinance; and after the expiration of the time set out in said notice for the doing of said work, and the same remains undone, the board may do or cause to be done, said work and assess and collect the cost thereof in the manner, upon either plan, and to the full extent set out in this section.

**ARTICLE XIV.**

**Taxes, Levies, Assessments, Etc.**

Sec. 72. The board of affairs shall annually, before the levying of taxes provided for and authorized by this act, ascertain the total expense of said city to be provided for by levy for the fiscal year in which said levy is made, and it shall ascertain the sum of money necessary to pay interest accruing on the bonded indebtedness of said city, and to provide the necessary sinking funds, and what amounts it shall expend for the support of its various departments, and for the improvements of its streets, alleys, avenues and public grounds, or for its contingent expenses; and before making such levy it shall apportion the rate thereof among the several funds so ascertained and provided for, which apportionment shall be spread upon the records of said board and a copy of a statement thereof shall be annually pub-
lished by direction of said board as soon as the same is recorded, in at least two newspapers of said city of opposite politics.

Sec. 73. The board of affairs shall have authority to levy and collect an annual tax on real estate and personal property in said city, and to impose a license and assess a tax thereon on wheeled vehicles for public hire and upon all dogs kept within said city, and to impose a tax upon all other subjects of taxation under the several laws of the state, which taxes shall be uniform with respect to persons and property within the jurisdiction of said city, and shall only be levied on such property, real, personal and mixed, and on capital, on which the state imposes a tax; provided, that no greater levy shall be laid by said board of affairs on the taxable property of said city than is now permitted to be laid under the state law relating to municipalities, except, however, that the said board of affairs may, by the unanimous vote of its members, by ordinance, lay an additional levy not to exceed twenty cents on the one hundred dollars of all the taxable property within said city; but said ordinance laying said additional levy shall not become effective or operative if two-fifths of all the members elected to the common council shall express a veto to said ordinance in the manner prescribed in article three of this act.

Sec. 74. All taxes assessed upon the real estate within the said city, shall remain a lien thereon from the time the same are so assessed, which shall have priority over all other liens, except for taxes due the state, county or district, and all taxes whether assessed upon realty or personalty or otherwise may be enforced and collected in the same manner and by the same remedies as is now or may hereafter be provided by law for the enforcement of liens and levies for state and county taxes, or in such manner as the board of affairs may by ordinance prescribe. And in levying of taxes and collection thereof, and the return of property delinquent for non-payment of taxes, the duties of the city clerk shall be similar to the duties of the county clerk of Marion county in that behalf; the duties of the treasurer in the collection of taxes, licenses and moneys due the city and accounting for the same and the return of property delinquent for the non-payment of taxes, shall be similar to the duties of the sheriff of Marion county; except the board of affairs may make such regulations and ordinances prescribing the duties of the city clerk and city treasurer and their manner of performance as the board may deem necessary. And the board shall, through itself and such officers and employes as it may appoint or employ under such regulations and ordinances as it may enact (not contrary to the laws of this state), hav-
ing such authority and power as may be necessary for the levying and collecting of taxes, tithables, fines, licenses, sewer and paving assessments owing the city, with power and authority to enforce the collection of such fines by imprisonment in the city or county jail.

Sec. 75. No taxes or levies shall be assessed upon or collected from the taxable persons or property within the corporate limits of said city, for the construction, improvement or keeping in repair of roads outside of said corporate limits, except as provided for in section six, article two of this act. And neither the county court of Marion county, nor the authorities of the district or districts in which said city is situated, shall have or exercise jurisdiction within the corporate limits with relation to the roads, streets, alleys, bridges and wharves, except by article of agreement provided for in section six, article two of this act, but the same shall be and remain under the exclusive jurisdiction and control of the municipal authorities of said city, and said city shall be liable only for the construction, improvement, repair and good order of the roads, streets, alleys, wharves and bridges in its corporate limits.

Sec. 76. There shall be a tax of two dollars annually assessed on each and every male inhabitant of said city, over twenty-one years of age, by the board of affairs, and the same shall be set out and included in the personal property book against every such inhabitant, and shall be collected by the city treasurer or other officer of the city acting in lieu thereof and under the authority of the board of affairs, at the time of collecting other levies and taxes. All money collected under this section shall go into the street fund to be expended upon the streets, alleys, sidewalks, drains, gutters and bridges of said city.

*Depositing City Funds.*

Sec. 77. It shall be the duty of the city treasurer to keep all funds of the city in some bank or banks within said city which shall pay two per cent or more per annum interest on such deposits, payable quarterly, based on the average daily balance of such funds in all accounts. If no bank within said city is willing at any time to receive deposits of the treasurer and to pay such interest thereon, the treasurer shall report this fact to the board of affairs who shall thereupon designate a bank or banks in which he shall deposit said funds for the time being and until some bank in said city will receive such deposits on such terms. Before receiving any such deposits said bank or banks shall give bond in the penalty prescribed
by the board of affairs, and with sureties to be approved by said board, conditioned for the prompt payment, whenever lawfully required, of all the city moneys, or parts thereof which may be deposited with them, which bonds shall be renewed at such times as the board of affairs may require.

**Street Paving.**

Sec. 78. (a) The board of affairs of the city of Fairmont may order and cause any avenue, street, road or alley therein to be graded, or curbed, or recubred with stone, concrete or other suitable material, or paved or repaved, between curbs, with brick, wooden blocks, asphalt or other suitable material, or to be graded and curbed or recubred and paved or repaved as aforesaid, or to be macadamized, or to be otherwise permanently improved or repaired, under such supervision as may be directed by ordinance or resolution, upon the best bid to be obtained by advertising for proposals therefor, except the city may do the work without letting it to contract as hereinafter provided in (d) of this section; and may purchase or condemn land for opening or widening avenues, streets, roads and alleys. The entire cost, or any part thereof designated by the board of affairs, of such grading, curbing, and paving, or macadamizing, or other permanent improvements, of any of the avenues, streets, roads, and alleys as aforesaid, from and including the curb of either side thereof to the middle thereof, and the cost, or any part thereof, of purchasing or condemning land as aforesaid for street purposes, may be assessed to and required to be paid by the owners of the land, lots or fractional parts of the lots fronting or bounding on such avenue, street, road or alley so improved, except as otherwise provided in (g) of this section.

(b) Payment is to be made by all land owners on either side of such portion of any avenue, street, road or alley so paved, opened, widened, or improved in such proportion of the total cost (less the portion, if any, chargeable to the street or other railway company) as the frontage in feet of his abutting land bears to the total frontage of all the land so abutting on said avenue, street, road or alley or portion thereof opened, widened, paved or improved as aforesaid; but the cost of such paving or improvement on said avenue, street, road or alley (not including opening or widening) shall not include any portion or amount paid for the paving or improvement of the intersection of avenues, streets, roads or alleys, unless the work to be
done, and the payment made therefor, as especially otherwise pro-
vided therein, as follows, to-wit:

(c) Upon petition in writing of the owners of not less than one-
half in lineal feet of property abutting upon any avenue, street, road
or alley in said city, asking the city to grade, curb, pave, or mac-
adamize, or otherwise to permanently improve, such avenue, street,
road or alley, and offering in said petition to have their property so
abutting as aforesaid assessed not only with their part of the cost of
such improvement abutting upon their property, as therein other-
wise provided, but also offering to have their said property propor-
tionately assessed with the total cost of the paving, grading and curb-
ing, or macadamizing or other permanent improvement, of the inter-
sections of the avenue, street, road or alley so paved or otherwise
permanently improved, as petitioned for, the board of affairs may
order such work to be done, as heretofore provided in this sec-
tion, and the total cost thereof, including cost of intersection, to be
charged to and paid by the owners of the property abutting on such
avenue, street, road or alley, and that the paving assessment or cer-
tificate made or issued to cover the cost of paving, grading and curb-
ing or otherwise permanently improving such intersections shall be
made a separate and one of the last assessments or certificates due
against him and their property so assessed; and the city may assume
the payment of such assessment or certificate covering the cost of such
intersections, or may reimburse the property owners paying the same
out of its general levies for streets, but there shall be no legal obliga-
tion on the city to do so.

(d) The city itself may do such work and charge and collect the
cost thereof in the manner set out in section seventy-nine therein. The
decision of the city to do such work may be without notice or after
the publication of the notice mentioned in this section, or after the
rejection of all bids for the doing of the work.

(e) The cost of grading, curbing and paving, or otherwise im-
proving, the intersections, or parts of intersections, of avenues,
streets, roads or alleys, on the plans adopted by the board of affairs
for such work, shall be paid by the city except as otherwise pro-
vided in paragraph (c) of this section.

(f) And if any such avenues, streets, roads or alleys be occupied by
street car tracks or tracks of other railroads the cost of said improve-
ment of the space between the rails and two additional feet outside of
each rail shall be assessed to and borne and paid entirely by the per-
son or company owning or operating such street car or other railway line, unless otherwise provided by the franchise of such street car or other railway company granted previous to the passage of this act.

(g) Provided, the board of affairs, if they so elect, may order and cause any avenue, street, road or alley, public park or public place to be widened, graded or changed in grade and curbed and recurbed, and paved or repaved, with brick, concrete, asphalt or any other suitable materials, or macadamized, or otherwise permanently improved, including the construction of the retaining walls, sewers, drains, water pipes, water dam and water courses, in connection therewith, and may purchase land, or condemn land as provided in this act, for any public avenue, street, road or alley, or part thereof, or park or other public purpose and the board may assess all or any part of the entire cost of such improvement (or taking of land, or both) upon the abutting, adjacent, contiguous or other lots or land especially benefited by such improvements.

The board of affairs, when they decide to order the improvements under this plan, shall, by ordinance or resolution before doing the same fix the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous and other specially benefited land or lot so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed improvements; and the board may, in fixing such assessment, take into consideration the assessed value of the lot or land as fixed, for the last assessment year, for state and county purposes.

(h) When the board of affairs shall deem it expedient and proper to cause any avenue, street, road or alley, or any portion thereof, in such city, to be graded, or graded and paved, curbed or macadamized, or otherwise permanently improved, or land to be acquired or taken for street purposes, as provided in (a) of this section, or shall deem it expedient and proper to cause the construction of any public sewer in or under any such avenue, street, road or alley, or land or easement therein to be acquired or taken therefor, or elsewhere, as provided in section eighty-three of this act, they shall by ordinance or resolution, order the work done, stating the method of payment thereof, and, if it be let to contract, notice shall be in the following manner, to-wit:

(i) The notice for bids or proposals for doing such improvements, either for street improvements or the construction of sewers, shall be published for at least fifteen days in two newspapers of opposite pol-
itics, or in one newspaper if two such newspapers be not published in the city. If the publication of the notice cannot be procured in any newspaper in said city at reasonable rates, then said notice may be given in the manner directed by the board. Said notice shall state where and how the bids or proposals shall be made; and whether so stated in the notice or not, the city may reject any and all bids for such proposed work. Before advertising for bids on the work, the city shall approve and adopt plans and specifications therefor, and the advertisement for bids, and the contract awarded thereon, shall refer to such plans and specifications. The fact that such contract shall be let for said work shall be prima facie proof that the notice mentioned above was given as required therein.

(j) The cost of said paving, macadamizing or other permanent improvement may be paid in one of two ways (to be specified by ordinance by the board of affairs), either as set out in section seventy-nine or in section eighty-one of this act.

(k) If the abutting land on any such avenue, street, road or alley, sought to be improved as aforesaid, or in which a sewer is ordered laid, is not laid off into lots by a map of record, the board of affairs may, for the purpose of making the assessments provided for in this section and section eighty-three therein, lay off such lands into lots of such size as the board deems advisable for the purpose of laying a proper assessment against such land.

Sec. 79. (a) Said city of Fairmont is hereby authorized to issue its bonds for the purpose of providing for the cost of grading, paving and curbing, or macadamizing, or otherwise permanently improving the avenues, streets, roads and alleys of the said city, in anticipation of special assessment to be made upon the property abutting upon the avenues, streets, roads and alleys so improved. Said bonds may be in such an amount as shall be sufficient to pay the entire costs and expenses of said improvements for which such special assessments are to be levied; and the said city is authorized to sell said bonds, but not below the par value thereof. The amount for which said bonds are issued shall be made up of five bonds payable in two, four, six, eight and ten years, respectively, from the date of their issue, and shall bear interest not to exceed six per cent per annum, payable annually; and in the issuance and sale of said bonds the said city shall be governed by the restriction and limitations of the constitution of this state, and the restriction and limitations of the state laws of this state relating to the issuance and sales of bonds, so far as such state laws are not in conflict with the provisions of this
act; and the assessments as provided for and required to be paid herein
shall be applied to the liquidation of said bonds and interest thereon,
and if, by reason of the penalties collected with the delinquent assess-
ments, there be any balance after the payment of the bonds and all
accrued interest and costs, it shall be turned into the city treasury
to the credit of the interest and sinking fund of the city.

But said city shall not become indebted in any manner or for any
purpose to an amount including existing indebtedness, in the aggre-
gate exceeding two and one-half per centum on the value of all the
taxable property therein, as provided in chapter fifty-one of the acts
of the legislature of one thousand nine hundred and five, except for the
purpose of grading, curbing, paving, macadamizing, or otherwise per-
manently improving the avenues, streets, roads and alleys therein, or
constructing sewers therein or elsewhere, or acquiring or taking land
or easement therein for street and sewer purposes, as provided for
in this act, and for that purpose in estimating "existing indebted-
ness," special assessment bonds representing the cost of paving or
other permanent improvements of streets, roads or alleys, or the con-
struction of sewers, or acquiring or taking land for such purposes,
and the cost of which is assessed against the abutting property on
such avenues, streets, roads or alleys, or specially benefited
property adjacent thereto, or on such owner, shall not be
included; and likewise the amount in any sinking fund, or the amount
invested therefor as provided by law, for the payment of outstanding
bonds, shall not be included in the estimate of existing indebted-
ness; provided, that the aggregate of its debt of every kind whatso-
ever, including such special street permanent improvement bonds, or
sewer bonds, shall not exceed five per centum of the value of all
taxable property therein.

(b) And it shall be the duty of the board of affairs to
immediately certify such assessments to the treasurer for collection,
as herein provided; and for the purpose of facilitating the collection
of such assessments against the properties herein, the board of
affairs may issue assessment certificates, with interest coupons at-
tached thereto, to be delivered to and charged against the city treas-
urer who shall collect the same, and as such certificates and coupons
are paid he shall deliver the canceled certificates to the party paying
the same. A copy of said order shall be certified by the city clerk
to the clerk of the county court of Marion county, who is hereby re-
quired to index the same in the proper trust deed book in the name
of each person against whose property assessments appear therein.
(c) The amounts so assessed against said abutting lots and owners thereof, respectively, shall be paid in ten payments, as follows, that is to say, one-tenth of said amount, together with interest on the whole assessment for one year, shall be paid into the city treasury of the city before the first day of the following January; and a like one-tenth part, together with interest for one year upon the whole amount remaining unpaid before the first day of January in each succeeding year thereafter, until all shall have been paid. Each of said installments of one-tenth shall bear interest at six per centum per annum annually from the date of assessment. Provided, however, that the owner of any land, so assessed for the cost of the paving of said avenue, street, road or alley, shall have the right at any time to anticipate and pay the whole of such unpaid assessment and interest thereon until the first day of the following January, and have the lien against the property so assessed released as hereinafter provided.

(d) If any such assessment shall not be paid when due, the board of affairs shall cause to be enforced the payment of said assessment and interest in all respects as herein provided for the collection of taxes due the city; and said assessments shall be a lien upon the property liable therefor the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for the payment of taxes and tax liens; and the liens herein provided for shall have priority over all other liens except those for taxes due the state and the county, and shall be on a parity with taxes and assessments for the city.

(e) When all of said assessments for grading, paving and curbing, or macadamizing, or other permanent improvements shall be paid in full to the treasurer, he shall deliver to the owner of said property a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens are recorded.

Under this plan for the payment of the cost of such permanent improvements of avenues, streets, roads and alleys, and the construction of sewers, the contractor (if the work is let to contract) shall look only to the city for the payment of the work, and in no sense to the abutting land owners.

(f) The board of affairs may contract for such paving (including grading and curbing), or other said improvements, to be done as aforesaid, and may acquire or take land for street purposes,
as aforesaid, and may, if the board so elect, stipulate that the costs thereof, in whole or in part, shall be paid in installments by the abutting property owners, as provided in (a) of section seventy-eight, or specially benefited property owners, as provided in (g) of said section, in five equal installments, to be evidenced by five paving certificates issued therefor, payable in thirty days, and one, two, three and four years, respectively, after the date of their issue, and shall bear interest not to exceed six per centum per annum, payable annually, which certificate, to be signed by the mayor and the clerk, or other person or persons designated of record by the board, may be sold, either to the contractor doing the paving or other of said improvements, or to any other person, and which shall cover the entire cost of such work, or the cost of acquiring or taking land for street purposes, including the cost of surveys, notices and other things pertaining thereto; provided, the city in negotiating and selling such certificates, shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of affairs as expressed by resolution of record before such sale. And the certificates covering the amount of the assessment shall be paid by the owner of the land, lot or fractional part thereof, so assessed for the cost of said improvement on such avenue, street, road or alley so paved or improved, of land acquired or taken, as aforesaid. The amount specified in said assessment certificate shall be a lien as aforesaid in the hands of the holder thereof upon the lands, lot or part of lot so assessed, and shall also be a debt against the owner of such real estate, and said amount shall draw interest from the date of said certificates, payable annually, and the payment of the debt may be enforced as provided by law for the collection of other debts, or such lien may be enforced as provided in this act in the name of the holder of such certificates.

After a contract has been made by the board to pave or otherwise permanently improve any public road, avenue, street or alley in said city, under this act, and the paving or other permanent improvements, or any stipulated part thereon, has been completed, or the cost of acquiring or taking land, as aforesaid, has been ascertained, the board shall assess the amount each lot shall bear and shall make a written report, stating the number of lots and the blocks or tracts of land when not laid off into lots, and the names of the owners of such lots or land when known, and the amount assessed thereon; and when the said board approves said report, or modifies it and then approves it, a copy of said report, so adopted by the board, when certified to by the
city clerk of said city, may be recorded in the clerk's office of the county court of Marion county in a trust deed book, and shall be a continuing tax lien upon the lot or land against which the assessment is made until the certificates as aforesaid are paid, except as otherwise provided in section eighty-four of this act, and the clerk shall index the same in the name of each lot or land owner mentioned therein.

Sec. 80. Payment is to be made by all land owners on either side of such portion of any avenue, street, road or alley so paved or improved in such portion of the total cost (less the portion, if any, chargeable to the street or other railway company) as the frontage in feet of his abutting land bears to the total frontage of all the land so abutting on said avenue, street, road or alley or portion thereof paved or improved as aforesaid; but the cost of such paving or improvement on said avenue, street, road or alley shall not include any portion or amount paid for the paving or improvement of intersections of avenues, streets or alleys.

When the paving or improvement of any such avenue, street, road or alley, or portion thereof, shall have been completed, under the contract awarded therefor, the board of affairs shall cause the several frontages abutting thereon to be measured, and cause the assessment upon each owner of land abutting thereon to be calculated, showing the proper amount to be determined as provided in the foregoing plan; and the said board of affairs shall enter the same together with the description of the lots of land as to location, frontage and ownership, upon its records, and direct on its records that such owners and lots be assessed and chargeable with the amounts so ascertained to be borne by them, respectively, and when so approved and entered of record the same shall be and constitute an assessment against said owners and lots for such respective amounts.

Sec. 81. The board of affairs may, if they so elect, cause the costs of any such grading, paving, curbing or macadamizing or other permanent improvements, to be paid in the following manner, to-wit:

Whenever the board of affairs shall contract for such paving or other permanent improvement to be done, and that it shall be paid in installments by the property owners, fronting on such streets, avenues or alleys as aforesaid, the board may cause the mayor and city clerk to issue to the contractor doing the paving, or other said improvement, a certificate for each installment of the amount of assessment to be paid by the owner of the lot, or fractional part thereof, fronting on such street, avenue, road or alley; and the amount specified in said
assessment certificate shall be a lien as aforesaid in the hands of the
holder thereof, upon the lot or part of lot fronting on the street, ave-
nue, road or alley so improved, and said amount shall draw interest
from the date of said assessment, and the payment may be enforced
as set out in this act, in the name of the holder of such certificate;
and after a contract has been made by the board to pave or other-
wise permanently improve any public highway, street or alley in said
city, under this act, and paving or other permanent improvements, or
any stipulated part thereof, has been completed, the said board shall
assess the amount each lot shall pay for the improvement so made, and
shall make a written report, stating the number of lots and the blocks
and the names of the owners of such lots when known and the amount
assessed thereon; and when the said board approves said report, or
modifies it and then approves it, a copy of said report, so adopted by
the board, when certified to by the city clerk of said city, may be
recorded in the clerk’s office of the county clerk of Marion county, in
the trust deed book, and shall be a continuing tax lien upon the lot against which the assessment is made, until
the certificates as aforesaid are paid, and the clerk shall
index the same in the name of each lot owner mentioned therein; and the presentation by the lot owner of all the certificates
issued as aforesaid against the lot owner, the clerk of said court shall
mark upon the margin of the book in which said certified report is
recorded, that the lien is released to the lot mentioned in the cer-
tificate produced.

The board of affairs may order any such avenue, street, road or al-
ley, between the curbs and between designated points, to be graded or
graded and paved or otherwise permanently improved in the manner
authorized and provided in section seventy-eight hereof, and may or-
der proper curbs of stone, cement or other suitable material to be
set on both sides of the avenue, street or alley so paved or improved,
and the entire cost of grading, paving and setting curbs may be as-
sessed to the owners of the lots or fractional parts of the lots front-
ing or bounding on such avenue, street or alley between such desig-
nated points in proportion to the distance so fronting or bounding
owned by each, except the cost of intersections, which shall be borne
and paid by the city. The cost of such grading, paving and setting
of curbs to be borne by the abutting owners as herein provided, shall
be paid in installments as provided in section seventy-nine hereof, and
shall become liens and be enforceable as provided by section seventy-
nine hereof and the work hereby authorized to be done by the board
of affairs and the assessments therefor, hereby authorized to be made, shall be subject to sections seventy-eight and seventy-nine hereof, and the board shall proceed in relation thereto in accordance with said sections seventy-eight and seventy-nine.

Sec. 82. Upon the petition in writing of the owners of not less than one-half in lineal feet of property abutting upon any avenue, street or alley in said city asking the board of affairs to grade, curb, pave or macadamize or otherwise permanently improve such avenue, street or alley, and offering in said petition to have their property so abutting as aforesaid assessed not only with their part of the cost of such improvements abutting upon their property as provided for in section eighty-one of this act, but also offering to have their said property proportionately assessed with the total cost of the paving, grading, curbing or macadamizing or other permanent improvements of the intersection of the avenue, street or alley so paved or otherwise permanently improved as petitioned for, the board of affairs may order such avenue, street or alley to be paved or otherwise permanently improved as provided in section eighty-one herein and the paving certificates issued to cover such intersection shall be made separate and the last certificate due against them and their property so agreed to be assessed; and the city may pay such last mentioned certificates, or may re-imburse the property owners paying the same, out of the general levy for streets and wharves, but there shall be no legal obligations on said city to do so.

Sewer Construction.

Sec. 83. The board of affairs of said city are authorized and empowered to order and cause to be constructed in said city, or part within and part outside the limits of said city, any public sewer, either main or lateral, or both, by contract, or direct by the city, for the benefit of said city or any part thereof, and to purchase land or easement therein or to condemn land or easement therein, in the manner provided in this act, for such sewer; and when the board shall order the construction of any such sewer or any part thereof in said city, the owners of the property abutting thereon, or abutting upon an avenue, street, road or alley in which such sewer shall be constructed, or abutting on any land or easement therein specially procured for the purpose of the construction of a sewer therein, may be charged with all or any part of the cost thereof, including the cost of such sewer at and across intersections at avenues, streets, roads
and alleys adjacent thereto. If said work is let to contract, the provision of (i) of section seventy-eight shall apply.

When said sewer is completed in any block, or between two designated points, the board of affairs shall cause a report to be made in writing, setting out the total cost of such sewer and a description of the lots or land as to location, frontage and ownership liable therefor, including the cost of acquiring or taking land or easement therein for such purposes and cost of surveys, notices, etc., therefor, together with the amount chargeable against each lot or piece of land and the owner thereof. If any lot fronts on two streets, or on a street and a road, or on a street (or road) and alley, in which a sewer is constructed, it may be assessed on both said streets, or street and road, or street and alley. Said board shall enter an order upon its records setting forth the location and owner of each lot or piece of land, and the amount of said sewer assessments thereagainst, calculated in the same way as provided for street paving in (g) of section seventy-eight herein. The entry of such order shall constitute and be an assessment for such proportionate amount so fixed therein against said respective lots and land and the owners thereof; and said board shall thereupon certify the same to the treasurer for collection; and for the purpose of facilitating the collection of such assessments against the properties herein, the board of affairs may issue assessment certificates, with interest coupons attached thereto, to be delivered to and charged against the city treasurer who shall collect the same, and as such certificates and coupons are paid he shall deliver the cancelled certificates to the party paying the same; and the city clerk shall file a certified copy of said order with the clerk of the county court of Marion county, who shall record same in the proper trust deed book, and index the same in the name of each owner of any lot or land thus charged with said assessment, and the assessments so made shall constitute and be a lien upon said lots or land, respectively, which shall have priority over all other liens except those for taxes due the state and county, and shall be on a parity with other taxes and assessments due the city.

The amounts so assessed against said abutting lots or land, and which shall be a lien thereagainst, shall be collected in the manner provided in this act for the collection of paving liens. Said assessments shall be divided into three installments, each for one-third of the amount thereof, and the first due and payable in thirty days, the second in one year, and the third in two years, from the time of certifying the same to the treasurer, except as hereinafter provided in
this section, all bearing interest at six per centum per annum from such date, payable annually; and the board of affairs may issue sewer certificates thereon, as of said date, as further evidence of said indebtedness and lien therefor, and said certificates may be sold or negotiated, at not less than par and without any kind of discount, to the contractors doing such work, or other person if the board deem it expedient; provided, the city in negotiating and selling such certificates shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of affairs as expressed by resolution of record before such sale. But the owner of the land or lot so assessed may at any time anticipate and pay such assessment or certificate with interest thereon on the whole unpaid amount till the time when the next certificate due shall become due. If such assessment shall not exceed fifteen dollars, it shall be in one amount due and payable thirty days from date; if more than fifteen dollars and less than thirty dollars, then in two installments of equal payments, due and payable in thirty days and one year, respectively, from date; and if more than thirty dollars, then in three equal installments and payable as first aforesaid.

Provided, the board of affairs may, if they so elect, order and cause the construction of any such sewer, and may acquire or take land or easement therein, either in or outside said city, or both, for said sewer purposes, and assess all or any part of the cost thereof upon and against the abutting, adjacent, contiguous and other lots or land especially benefited by the construction of such sewer, and said assessment shall be a lien upon such lots or lands, and a debt against the owners thereof for the amount so charged against them respectively, which debt may be collected as provided by law for the collection of other debts of like kind, and which lien may be enforced in the same manner as provided for the enforcement of paving liens in this act.

The board of affairs, when they decide to order the construction of the sewer under this plan, shall, before doing the same, fix, by ordinance or resolution, the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous, and other specially benefited land or lots so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed sewer, and the board may, in fixing such assessments, take into consideration the assessed value of the lots or land as fixed, for the last assessment year, for state and county purposes.
Release of Liens.

Sec. 84. In addition to the provisions for the release of said assessment liens, either for street paving or other permanent street improvements, or construction of sewers, as elsewhere set out in this act, on the presentation by the land or lot owner of any of the certificates issued as aforesaid against him or his predecessor in title to such lot, the clerk of the county court shall mark upon the margin of the trust deed book at which said certified report is recorded, that the lien is released to the land or lot mentioned in such certificate to the extent of the amount of the certificates thus exhibited; and the county clerk shall thereupon write across the face of each of said certificates the date of their production to him for the release of lien and shall sign his name thereto in his official capacity for which he shall receive in advance a fee of twenty-five cents for each certificate so marked, from the person demanding the release of the lien aforesaid; but if more than one of the serial certificates against the land or lot or lots shall be produced at the same time, the fee of the county clerk shall not exceed twenty-five cents for the release of the liens as to all of the certificates thus produced and relating to the same real estate.

Provided, that the owner of any lot or land against which any paving or sewer certificate is an unreleased lien of record shall make and produce to the county clerk, or some person for such owner shall make and produce such affidavit, setting out therein that such certificate (or certificates) has been paid in full, and after diligent search, cannot be found, said county clerk shall, upon the payment of a fee of twenty-five cents, file and preserve said affidavit as a public document and shall forthwith note the release of said lien to the extent of said lost certificate (or certificates) and the lots or land against which it is a lien upon the margin of the trust deed book, as aforesaid, and noting therewith the filing of said affidavit, which shall operate as a release of such lien to the extent of such marginal notation. If the affidavit so filed be false, the person making oath and subscribing thereto shall be guilty of a felony, and upon conviction thereof shall be fined not to exceed five hundred dollars, or sentenced to be confined in the penitentiary for a term of not more than one year, or both, in the discretion of the court passing sentence.

Provided, further, that any paving or sewer lien, which may be created in consequence of the provisions of this act, or any lien which may have heretofore been created in consequence of an act of which
this is an amendment for an assessment, the last payment of which is not yet due, shall not, under any circumstances, be a lien against the lot or land or fractional part of the lot or land, against which it may have been assessed and made a lien, for a longer period than one year after the last assessment or certificate of the same date and group, representing such lien, shall have become due and payable, unless some suit or action, at the termination of said one year period, shall be pending for the enforcement of such lien, or unless the amount of the lien or some part thereof is in some way involved in a suit or action pending at the end of said one year period; and further, that no such paving or sewer lien heretofore placed to record in said county court clerk’s office for an assessment, the last payment of which is past due, shall remain or be a lien against the real estate therein described for a longer period than one year from the time this act takes effect, unless a suit shall be pending at the end of each one year period for the enforcement of said lien, or the amount thereof shall in some way be involved in some action then pending.

All of the assessment certificates, which may be issued under the provisions of this act, shall be made payable at the office of the treasurer, who shall receive payments thereon when due, if tendered to him, and interest thereon from the date of such payments shall cease. The treasurer shall keep a separate and special account of all said sums of money received by him, and he shall hold said money in trust for the person who thereafter delivers to the treasurer for cancellation any and all certificates on which said treasurer has received full payment as aforesaid; but the owner of said certificates shall not be entitled to interest on said sum after the date of payment thereof to the treasurer. When the whole amount of any such assessment lien shall have been paid to the treasurer as aforesaid, or the treasurer shall be convinced that all of the paving or sewer certificates against any land, lot or fractional part of lot, shall have been paid in full, he shall, when demanded, execute a release of said lien in the manner hereinbefore provided for the release of paving liens. If the city shall have no person for treasurer, the clerk, unless some other person is designated by ordinance, which the board of affairs is hereby authorized to enact, shall perform the duties here required to be performed by the treasurer.

Sec. 85. It shall be lawful for said city of Fairmont to issue and sell its bonds, as provided in this act for the sale of other paving and sewer bonds, to pay the city's part of the cost of the construction of
said sewers and the paving or other permanent improvements of streets and alleys, as required by this act; and said city may levy taxes, in addition to all other taxes, authorized by law, to pay such bonds and interest thereon; provided, that the total indebtedness of the city for all purposes shall not exceed five per centum of the total value of all taxable property therein.

It is especially provided that no bonds shall be issued under the provisions of this act, unless and until the question of issuing said bonds shall have first been submitted to a vote of the people of said city, and shall have received three-fifths of all votes cast at said election for and against the same. The board of affairs of said city may provide by ordinance for submitting to the people at any regular election, or special election called for that purpose, the question of whether or not said city shall be authorized to issue bonds for the purpose specified in this act; but the ordinance relating to the issuance of said bonds, and the submission of the same to the vote of the people, need not specify in detail the location of the improvements contemplated to be paid out of said aggregate issue authorized thereby; and if at such election the people, by their vote thereon, shall authorize the issuance of said bonds, said board of affairs may order the sale of same, as needed for said improvements, dealing with all the requirements set forth in this act; and notwithstanding the provisions of sections two, three and six of chapter forty-seven-a of the code, it shall be sufficient description of the purpose for which said election is held for the ordinance calling the same, or submitting said question to a vote at any general election, if it shall recite that it authorizes the board of affairs to issue bonds for the purpose of grading, paving, curbing, sewer ing, or otherwise permanently improving the streets, roads and alleys of said city, at such times as to the board of affairs shall seem fit or expedient.

The provisions of chapter forty-seven-a of the code, concerning bond elections, shall, so far as they are not in conflict with the provisions of this chapter, apply to the bond election and special bond election herein provided for.

Sec. 85a. For the purpose of leasing, purchasing or erecting, owning, maintaining and operating a system of water works for the city and the inhabitants and industries thereof, and the inhabitants and industries of any territory adjacent to the territory of the city of Fairmont, which the board of affairs may from time to time agree to supply from the city water works, as provided for in this or any other act of the legislature, said city of Fairmont is hereby
authorized to issue and sell its bonds, which shall bear interest not to exceed six per cent per annum, interest payable annually, by which to procure funds for such purpose, and for said purpose the city may issue and sell its bonds to an amount equal to two and one-half per centum on the taxable property therein in addition to the aggregate of its debts for all other purposes, and of every kind whatsoever, and especially in addition to the bonds and other debts provided for and referred to in section seventy-nine of said chapter three of the acts of one thousand nine hundred and nine. *Provided,* that the total indebtedness of said city for all purposes shall not exceed five per centum of the total value of all taxable property therein.

But said city shall not make such issue and sale of bonds without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding thirty years, and for the purpose of aiding in the payment of any bonds issued under the provisions of this act, to enable the city to lease, own, operate and maintain a water works and system, the board of affairs of the city are hereby authorized to lay a levy of not exceeding ten cents on the one hundred dollars valuation of all taxable property in the city, which said levy may be in addition to the aggregate of all other levies authorized by law; and any revenue derived from said water works over and above the expense of operating and maintaining the same, shall be applied to the payment of the bonds issued therefor.

In the issuance and sale of said bonds the provisions of section eighty-five of said chapter three of the acts of the legislature of one thousand nine hundred and nine, and the references therein made, shall apply, except in so far as they are inconsistent or in conflict with the provisions of this act.

Sec. 86. The cost of any improvement contemplated in this act and for which assessments may be made, shall include the cost and expenses of making the assessments, the expenses of the preliminary and other surveys, and of printing and publishing all notices required to be published, and serving the notices on property owners, and the cost of construction.

Proceedings with respect to improvements shall be liberally construed by the board of affairs and the courts, to secure a speedy completion of the work at a reasonable cost and the speedy collection of the assessments after the time has elapsed for their payments, and merely immaterial objections in such cases shall be disregarded.

Sec. 87. In setting forth the lots and lands abutting upon the
improvement, it shall be sufficient to describe them as the lots and lands abounding and abutting upon said improvement between and including the termini of said improvement, or by the description by which they are described on the land books of the county in which said lots are situate; and this rule of description shall apply in all proceedings in which lots or lands are to be charged with a special assessment.

Sec. 88. When work shall have been completed on any avenue, street, road or alley, or part thereof, as provided in section seventy-one or section seventy-eight, or the construction of any sewer or other work shall have been completed on any avenue, street, road or alley, or part thereof, or elsewhere, as provided in section eighty-three, and said assessments thereagainst shall have been calculated as provided in this act, the board of affairs shall give notice, by publication at least once a week for two successive weeks in two newspapers of opposite politics, published in said city, or in one newspaper if two such papers be not published in said city, that an assessment under this act is about to be made against the property so assessed and the owners thereof, mentioning the kind of work and the location thereof, and the owners of said property shall have a right to appear before said board, either in person or by attorney or agent, at any regular or special meeting called for that purpose within two weeks of the first publication thereof, and move the board to correct any apportionment of the assessment excessive or improperly made and the board shall have the power to make any such corrections before it enters the same, as corrected, upon the records. If the publication in the newspapers aforesaid cannot be had at reasonable rates, the notice may be given in some other manner designated of record by the board. The fact that said assessment shall have been entered of record, as provided by this act, shall be prima facie proof that the notice mentioned herein was given as prescribed in this section.

ARTICLE XV.

Civil Service Board.

Sec. 89. Council may (although such is entirely optional with it) create by appointment a civil service board, consisting of three residents of the city, whose duty it shall be to examine all applications for position in the departments of police, fire and water works, and such other departments as may be ordained, including the chiefs of
such departments; and may define the terms and prescribe the duties of the members of said board. If such board be created, all appointments to said departments shall be made from applicants recommended by said board, and when appointed shall be removed only for cause.

Sec. 90. In case said civil service board is created, the board of affairs, in making appointments to the police department and the fire department, whether original, or to fill vacancies therein from time to time, shall select from the applicants for said respective positions those who, under said civil service examinations, received an average grade of sixty or more, giving preference to the applicant receiving the highest grade and whose grade certificate is the oldest.

When the list of names of applicants, who are eligible as prescribed in this section, shall have been exhausted, then the board of affairs may make said appointments from the list of persons who may apply therefor, disregarding, if they choose, those applicants who stood civil service examinations and received thereon a grade below sixty.

Sec. 91. In case said civil service board is created all persons appointed to a position in the police department and the fire department, under this act, shall hold their offices or positions during good behavior, and shall not be removed from their said offices or positions except for misconduct or a failure to perform their duties; provided, that by the unanimous vote of the board of affairs any such person may, without cause, be removed from his said office or position.

The board of affairs shall hear and determine all charges against any officer or person holding a position in the police department and the fire department, after ten days' written notice to the accused of the charges preferred against him, and of the time and place of a hearing on said charges, and an opportunity to the accused to have been heard, at such meeting, in his defense. After thus hearing said charges the board may, by a vote of three of its members, sustain the same, and by like vote may reprimand or suspend or dismiss said accused person from the service of the city. Upon the making of such charges, and pending the trial thereon, the board, by a majority vote, or the mayor if in his judgment the provocation is sufficient, may suspend the accused officer, and if he be thereafter found guilty on the charges preferred, and by reason thereof dismissed, or suspended, he shall draw no salary during the period of either of his suspensions.

Codex of Laws, Etc.

Sec. 92. The board of affairs may adopt by ordinance, a code of
laws and ordinances, which when adopted shall be printed in book form, or it may be adopted as a whole after it is printed, and said code shall be the law and ordinances of said city, and shall be received as such in all the courts of this state and the laws, ordinances, franchises and rules when printed therein shall be \textit{prima facie} proof of their correctness.

\textit{Non-Partisan Administration.}

Sec. 93. The object and aim of this act is to procure an honest and efficient administration of the affairs of the city of Fairmont, free from partisan distinction or control; and the municipal authorities of the city and courts of the state shall construe this act with that aim in view.

\textit{Service Notice.}

Sec. 94. Whenever any notice is required to be given, or any summons, warrant or other process is required to be served or otherwise executed, under the provisions of this act, it shall be sufficient if such notice, summons, warrant or other process be executed by an officer of the police department of said city in the same way or manner in which the laws of the state prescribe for executing summonses and subpoenas by state officers, unless otherwise provided by this act.

\textit{Board of Affairs Successors to Council.}

Sec. 95. The board of affairs (together with the common council) provided for in this act, and their successors in office, shall be held and deemed, in law and in fact, the successors of the mayor and common council of the city of Fairmont.

Sec. 96. The mayor and the common council and all appointive officers of the town of Barnsville, as heretofore constituted, shall continue in their respective offices until the board of affairs shall have been elected and qualified, and enter on the discharge of their duties as provided by this act, and shall exercise their rights, powers and duties over the territory of the town of Barnsville as heretofore constituted as prescribed by law.

The mayor, common council and other officers of the said town of Barnsville, when said board of affairs shall have been elected and qualified, shall at once turn over to said board of affairs all records and property of Barnsville as a part of the records and property of the city of Fairmont; and the treasurer and town sergeant and other officers of Barnsville shall pay into the treasury of the city of Fairmont all corporate funds then in their hands or there-
after to come into their hands by virtue of their respective offices, to be used by said city of Fairmont, so far as necessary, to pay any legal outstanding claims against Barnsville, and the residue, if any, for general purposes. All claims, demands, assessments and uncollected taxes heretofore levied by or owing to Barnsville are hereby transferred to the city of Fairmont, which is authorized in its own name to collect the same for the purpose aforesaid in all respects and in like manner as Barnsville might have done, and the board of affairs shall require and make all proper settlements by and with the outgoing officers of Barnsville; and said city of Fairmont shall assume and pay all the indebtedness of said Barnsville except it shall not assume or be liable for the bonded indebtedness thereof, but said bonded indebtedness shall be paid in the manner provided by article fourteen of this act.

Sec. 97. The mayor and common council, and all appointive officers, of the city of Fairmont, as heretofore constituted, shall continue in their respective offices until their successors shall have been elected and qualified and entered on the discharge of their duties as provided by this act, and shall exercise their rights, powers and duties over the territory of the city of Fairmont, as heretofore constituted, as prescribed by chapter eleven of the acts of one thousand eight hundred and ninety-nine, as amended and re-enacted by chapter one hundred and forty-three of the acts of one thousand nine hundred and one, of the legislature of West Virginia.

Sec. 98. The common council of the city of Fairmont, as constituted before this act becomes effective, shall within ten days after this act takes effect, divide the territory embraced in section two of this act, and each ward thereof, into election precincts, and designate a voting place therein, to be published for at least ten days in two daily newspapers of said city, of opposite politics, before the election to be held under this act, all in the manner and according to the provisions of the laws of the state relating to such matters, and not in conflict with the provisions of this act.

And said common council of said city of Fairmont shall be, and is hereby constituted, the canvassing board, and before which the election returns of said first election under this act shall be canvassed, and the result thereof declared, in the manner prescribed by state laws, for like purpose, relating to municipal elections. And thereafter the board of affairs shall be ex officio a board of canvassers and as such perform said duties.

If at any time a commissioner is a candidate for re-election to said
office, the common council may appoint some person to act in his stead on the canvassing board, or if two or more commissioners are candidates for re-election, the common council may appoint a person for each candidate for re-election to act in his stead on the canvassing board, and the person or persons so appointed shall, with the other members of the board, if any, who are not candidates for re-election, canvass the returns of said election and make declaration of the result thereof; and in that event each commissioner who is a candidate for re-election shall not, for that election, have anything to do with the canvass of said election returns or the making of the declaration of the result thereof.

The city clerk, acting under state laws in so far as they are not in conflict with this act, shall perform such duties relating to all municipal elections held under the municipal authorities of said city as the clerk of the county court of Marion county performs, under state laws, in relation to state, county and district elections in said county and he shall likewise be the custodian of all ballots, tally sheets, etc., pertaining to all municipal elections.

Existing Ordinances and Records.

Sec. 99. All valid ordinances enacted by and now in force in said town of Barnsville as heretofore constituted, shall remain in full force and effect therein, except where the same are in conflict or inconsistent with this act, until the members of the board of affairs shall have been elected and qualified under the first election provided by this act and whenever a majority of said commissioners shall so qualify, all of said ordinances shall ipso facto be repealed. The orders of the circuit court of Marion county incorporating Barnsville shall be considered rescinded and annulled on and with December thirty-first, one thousand nine hundred and thirteen.

Sec. 100. All the valid ordinances enacted by and now in force in the city of Fairmont as heretofore constituted, shall remain in full force and effect within said territory, except when the same are in conflict or inconsistent with this act, until the members of the board of affairs, as provided for under this act, shall have been elected at the first election thereunder, and a majority thereof shall have qualified, and upon the election and qualification of a majority of said commissioners said ordinances shall ipso facto extend to and over the whole of the city of Fairmont, as embraced in section two of this act, and shall, on and from said time, be and remain in full force and ef-
feet in the city of Fairmont as constituted by this act, or until re­pealed or amended by said board of affairs.

Sec. 101. The city clerk, except as may be otherwise prescribed by the board of affairs, shall be the custodian of all the records and papers pertaining to Barnsville, as heretofore constituted, and the city of Fairmont, as heretofore and as now constituted; and said records and papers shall be kept by him at his office and open to public inspection.

Recall.

Sec. 102. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least thirty per centum of the entire vote for the candidate for commissioner or for council, as the case may be, who received the highest vote cast at the last preceding general municipal election demanding an election of a successor of the person sought to be removed shall be filed with the city clerk, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the city clerk shall examine and from the voters’ register ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate, showing the result of said examination. If, by the clerk’s certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filling of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the board of affairs without delay. If the petition shall be found to be sufficient, the
board of affairs shall order and fix the date for holding said election, not less than thirty days nor more than forty days from the date of the clerk’s certificate to the board of affairs that a sufficient petition is filed.

The board of affairs shall make, or cause to be made, publication of notice and all arrangements for holding such election, and same shall be conducted, returned and the result thereof declared in all respects as are other city elections; provided, however, that nominations shall only be of persons of the same political party as the person so sought to be removed. So far as applicable, except as otherwise herein provided, nominations hereunder shall be made in the same manner as provided for in this act for candidates in general elections at least ten days prior to said special election.

The ballots for such special election shall be in substantially the following form:

OFFICIAL BALLOT.

Special election for the balance of the unexpired term of ...........

For ........................................

(Vote for one only)

(Names of candidates)

[ ] ........................................

[ ] ........................................

Name of present incumbent.

Official ballot, attest:

(Signature) ..........................

City Clerk.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate of the same political party of the person sought to be removed receiving the highest number of votes, shall be declared elected. At such election, if such person other than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest num-
number of votes, he shall continue in office. The said method of removal shall be cumulative, and additional to the methods heretofore prescribed by law; provided, that no election shall be held for the recall of any officer within six months of the beginning or the end of the term for which he was regularly elected or appointed.

Initiative.

Sec. 103. Any proposed ordinance may be submitted to the board of affairs by petition signed by electors of the city equal in number to the percentage hereinafter required. The signatures, verification, authentication, inspection, certification, amendment and submission of such petition shall be the same as provided for petitions under section one hundred and two hereof.

If the petition accompanying the proposed ordinance be signed by electors in number to thirty per cent of the votes cast for the candidate for commissioner at the last preceding general election who received the highest number of votes and contains a request that the said ordinance be submitted to a vote of the people, if not passed by the board of affairs, such board of affairs shall either:

(a) Pass such ordinance without alteration within twenty days after attachment of the clerk's certificate to the accompanying petition; or,

(b) Forthwith, after the clerk shall attach to the petition accompanying such ordinance, his certificate of sufficiency, the board of affairs shall call a special election, unless a general municipal election is fixed within four months thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city.

The ballot used when voting upon said ordinance shall contain these words: "for the ordinance" and "against the ordinance," stating the nature of the proposed ordinance. If the majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city, and any ordinance proposed by petition, or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section, but there shall not be more than one special election in any period of six months for such purpose.

The board of affairs may submit a proposition for the repeal of any
such ordinance or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city clerk shall cause said ordinance or proposition to be published once in each of the daily newspapers published in said city; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

Referendum.

Sec. 104. No ordinance or franchise passed by the board of affairs, except when otherwise required by the general laws of the state, or by the provisions of this act, except an ordinance for the immediate preservation of the public peace, health or safety, which shall contain a statement of its urgency, shall go into effect before ten days from the time of its final passage, and not then unless within two days after passage, Sundays and holidays excepted, the same shall have been published in full in some newspaper published and generally circulated in said city. And if during said ten days a petition signed by the electors of the city, equal in number to at least thirty per centum of the entire vote cast for the candidate for commissioner at the last preceding general municipal election who received the highest number of votes, protesting against the passage of such franchise or ordinance be presented to the board, the said ordinance or franchise shall thereupon be suspended from going into operation and it shall be the duty of the board of affairs to reconsider such ordinance, or franchise, and if the same is not entirely repealed the board of affairs shall submit the ordinance or franchise as is provided by subsection (b) of section one hundred and three of this act, to the vote of the electors of the city, either at the general election, or at a special municipal election to be called for that purpose, and such ordinance or franchise shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall in all respects, in accordance with the provisions of said section one hundred and four, except as to the percentage of signers, be examined and certified to by the clerk in all respects as herein provided.

All Petitioners Must Be Legal Voters.

Sec. 105. Petitions provided for in sections one hundred and two,
one hundred and three and one hundred and four of this act shall be signed by none but legal voters of the city.

To Be Ratified By Voters.

Sec. 106. This act shall not be effective unless the same shall first be submitted to the voters of said city at a special election called for the purpose and adopted by a majority of the votes cast at said election. Said special election shall be held on the third Monday of September, one thousand nine hundred and thirteen, after the publication of the act at least once a week three times immediately preceding said special election in all the daily newspapers published in the city. Said special election shall be conducted in the regular manner for regular municipal elections by the council then in office in said city of Fairmont. If this act is ratified or adopted at such election it shall then go into effect.

The ballot to be voted at said election shall be printed upon plain, substantial white paper, and shall be in the following form:

CITY OF FAIRMONT.

CHARTER ELECTION.

Indicate by a cross in the square how you desire to vote.

[ ] For adoption of new charter.

[ ] Against adoption of new charter.

Sec. 107. All other acts and parts of acts coming within the purview of this act and inconsistent herewith are hereby repealed.

(Passed February 18, 1913. In effect from passage. Approved by the Governor February 22, 1913.)

CHAPTER 82.

AN ACT to amend and re-enact section two of chapter three of the acts of one thousand nine hundred and seven, concerning the charter of the city of Logan.
Be it enacted by the Legislature of West Virginia:

That section two of chapter three of the acts of one thousand nine hundred and seven, be amended and re-enacted to read as follows:

Sec. 2. CHAPTER 85.

AN ACT to amend and re-enact sections seventy-one and eighty-eight and to amend sections seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three and eighty-four of chapter three of the acts of the legislature of West Virginia, passed January twenty-sixth, one thousand nine hundred and nine, relative to street improvements and sewer construction in the city of Huntington, as amended by chapter seventy-eight of the acts of the legislature of West Virginia, passed February twenty-third, one thousand nine hundred and eleven, and to consolidate and re-enact said sections seventy-eight to eighty-four, inclusive, so amended, into sections seventy-eight, seventy-nine, eighty-three and eighty-four, and to amend section eighty-five of said chapter three, by adding thereto section eighty-five-a.

(Passed February 17, 1913. In effect from passage. Approved by the Governor February 26, 1913.)

Be it enacted by the Legislature of West Virginia:

That sections seventy-one, seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three, eighty-four, eighty-five and eighty-eight of chapter three of the acts of the legislature of West Virginia, passed January twenty-sixth, one thousand nine hundred and nine, as amended by chapter seventy-eight of the acts of the legislature of West Virginia, passed February twenty-third, one thousand nine hundred and eleven, be amended, consolidated and re-enacted and
that section eighty-five of said chapter three be amended by adding thereto section eighty-five-a, so as to read as follows:

_Sidewalks and Shade Trees._

Sec. 71. The board of commissioners are authorized and empowered to cause to be put down a suitable curb of brick, stone or other material along and for the footways and sidewalks of the avenues, streets, roads or alleys of said city, and to order and cause the laying or relaying or repair of sidewalks and gutters of such material and widths as the board may determine; and the planting or replanting of and caring for shade trees along said avenues, streets and roads at such points and in such manner as the board may determine; and to require the owners or occupiers of the land or lots or parts of lots facing upon said avenues, streets, roads or alleys to keep such sidewalks clean and in good repair, and to grade the plot of ground on either side of the sidewalk between the street curb and the property line and keep the same sodded with grass and free of weeds and obstructions, and otherwise in good condition and repair. The owners or occupiers of the land or lots abutting upon such avenues, streets, roads or alleys shall not lay any such sidewalk, curb or gutter, or plant any such shade trees, unless specially required to do so by resolution adopted by said board, and then only in the manner prescribed by said board; but said city may lay such sidewalk, curb or gutter, and plant or replant and care for said shade trees, or may let said work to contract, and in either case the total cost of said work, or such part thereof as the board may direct, shall be charged upon and against the land or lots abutting upon such avenue, street, road or alley, which assessments shall be and remain a lien upon said land or lots the same as taxes levied upon real estate in said city, which lien may be enforced by a suit in equity before any court having jurisdiction as other liens against real estate are enforced. The amounts so assessed against any land or lot shall also be a debt against the owner of such land or lot, which may be collected as other debts are collected, in any court having jurisdiction, and shall be due and payable in ninety days from the completion and acceptance of such work as certified to by the board of commissioners, with six per cent interest thereon from the date of such record acceptance. And in ascertaining the amount to be assessed against any corner lot for the cost of laying any such sidewalk and planting trees in front or alongside thereof, the board may assess the total cost of laying such sidewalk, and planting trees, in front
or alongside said lot and extended to the curb or gutter of the inter-
sections of the avenues, streets, roads or alleys at that point.

When such work is done by the city, and not let to contract, the
board shall certify such assessments to the treasurer of the city for
collection, who shall account for the same as directed by the board or
by ordinance; and the treasurer shall accept payment, when tendered,
of the amount of said assessment with interest to the date of payment,
and unless said assessment shall have been paid within ninety days
from the date of such assessment, then a copy of such report shall be
certified by the city clerk to the clerk of the county court of Cabell
county, who is hereby required to record and index the same in the
proper trust deed book in the name of each person against whose
property assessments appear therein. If any such assessment shall
not be paid when due, the board of commissioners shall cause to be
enforced the payment of said assessment and interest in all respects
as herein provided for the collection of taxes due the city; and said
assessments shall be a lien upon the property liable therefor, the
same as for taxes, which lien may be enforced in the same manner as
provided for the sale of property for the non-payment of taxes and
tax liens; and the liens herein provided for shall have priority over
all other liens except those for taxes due the state and the county,
and shall be on a parity with taxes and assessments due the city.
When such assessment shall have been paid in full, and a lien there-
for shall be of record in the county clerk's office, the treasurer shall
execute and deliver to the owner of said property a release of said
lien, which may be recorded in the office of the county clerk as other
releases of liens are recorded.

The board may, if it so elect, let said work to contract, and certif-
cicates may be issued for the amount of said assessments which may
be sold to the contractor doing the work, or other person, in full of
the total cost, in the same manner as provided for paving certificates,
in section eighty-one herein; provided, the city in negotiating and
selling such certificates shall not be held as guarantor or in any way
liable for payment thereof, except upon the direct action of the board
of commissioners as expressed by resolution of record before such
sale. Said certificates, to be signed by the mayor and clerk or other
person or persons designated of record by the board, shall bear date
as of the time when such work is accepted and certified by the board
of commissioners, and shall be due and payable in ninety days from
date thereof, with six per cent interest. When the board shall have
received said work, it shall at the same time make said assessments upon written report; and at the end of ninety days from date thereof, upon the demand in writing filed with the city clerk, of the holder or holders of the unpaid certificates issued to cover said assessments, said clerk shall certify a copy of said report, only in so far as it relates to the owners against whom said exhibited certificates remain unpaid, to the clerk of the county court of Cabell county, who shall record and index the same as other liens of like kind are recorded and indexed, and the same shall be and remain a lien upon the real estate against which said assessments are made, as set out in said certified report, and said lien may be enforced, in the name of the holder of such certificate in the same manner as set out in section eighty-one in this act.

Before letting such work to contract, the board shall advertise the same once a week for two successive weeks in two newspapers of opposite politics published in the city of Huntington, or in one paper in case publication cannot be had in two such papers, setting out the time and place for receiving proposals for such work and referring to the plans and specifications made therefor; and the city reserves the right, whether stated in such notice or not, to refuse any and all bids for the work. On refusal of said papers to publish said notice at reasonable rates, the board may, by resolution, direct how such notice may be given. The fact that such contract shall be awarded for said work shall be prima facie proof that said notice was given as required herein. Such lien, as represented by certificates, may be released of record in the office of the county clerk in the same manner as paving liens, represented by certificate, are released of record as provided for in section eighty-four herein; and in no event shall such assessment be and remain a lien of record for a longer period than one year from the date set out in said certified report so recorded in the office of the county clerk, unless at the end of said one year period a suit shall be pending for the enforcement of said lien, or the amount thereof shall, in some way, be involved in a suit pending at the end of said one year period.

All such work, whether done by the city direct, or through contractors, shall be under the supervision of the street department of the city or some person designated for that purpose by the board of commissioners.

If the owner or occupier of any such lot or land shall be required by the board to lay, or relay, clean or repair any such sidewalk, curb
or gutter, or shall be required to grade the space on either side of the sidewalk between the street curb and the property line, and keep the same sodded and free from weeds or obstruction, and otherwise in good condition and repair, written or published notice shall be given to such owner or occupier in the manner provided by ordinance or resolution adopted by the board, and the neglect or refusal of such owner or occupier to do the work, in the manner and within the time required by the board, as set out or referred to in said notice, shall be an offense and may be punished as provided by ordinance; and after the expiration of the time set out in said notice for the doing of said work, and the same remains undone, the board may do, or cause to be done, said work and assess and collect the cost thereof in the manner, upon either plan, and to the full extent set out in this section.

Street Paving.

Sec. 78. (a). The board of commissioners of the city of Huntington may order and cause any avenue, street, road or alley therein to be graded, or curbed or recurbed with stone, concrete or other suitable material, or paved or repaved, between curbs, with brick, wooden blocks, asphalt or other suitable material, or to be graded and curbed or recurbed and paved or repaved as aforesaid, or to be macadamized, or to be otherwise permanently improved or repaired, under such supervision as may be directed by ordinance or resolution, upon the best bid to be obtained by advertising for proposals therefor, except the city may do the work without letting it to contract as hereinafter provided in (d) of this section; and may purchase or condemn land for opening or widening avenues, streets, roads and alleys. The entire cost, or any part thereof designated by the board of commissioners, of such grading, curbing, and paving, or macadamizing, or other permanent improvements, of any of the avenues, streets, roads and alleys as aforesaid, from and including the curb of either side thereof to the middle thereof, and the cost of any part thereof, of purchasing or condemning land as aforesaid for street purposes, may be assessed to and required to be paid by the owners of the land, lots or fractional parts of the lots fronting or bounding on such avenue, street, road or alley so improved, except as otherwise provided in (g) of this section.

(b). Payment is to be made by all land owners on either side of such portion of any avenue, street, road or alley so paved, opened, widened, or improved in such proportion of the total cost (less the
portion, if any, chargeable to the street or other railway company) as the frontage in feet of his abutting land bears to the total frontage of all the land so abutting on said avenue, street, road or alley or portions thereof opened, widened, paved or improved as aforesaid; but the cost of such paving or improvement on said avenue, street, road or alley (not including opening or widening) shall not include any portion or amount paid for the paving or improvement of intersections of avenues, streets, roads or alleys, unless the work to be done, and the payment made therefor, as especially otherwise provided herein, as follows, to-wit:

(c). Upon petition in writing of the owners of not less than one-half in lineal feet of property abutting upon any avenue, street, road or alley in said city, asking the city to grade, curb, pave or macadamize, or otherwise to permanently improve, such avenue, street, road or alley, and offering in said petition to have their property so abutting as aforesaid assessed not only with their part of the cost of such improvement abutting upon their property, as herein otherwise provided, but also offering to have their said property proportionately assessed with the total costs of the paving, grading and curbing, or macadamizing, or other permanent improvement, of the intersections of the avenue, street, road or alley so paved or otherwise permanently improved, as petitioned for, the board of commissioners may order such work to be done, as heretofore provided in this section, and the total cost thereof, including cost of intersection, to be charged to and paid by the owners of the property abutting on such avenue, street, road or alley, and that the paving assessment or certificate made or issued to cover the cost of paving, grading and curbing or otherwise permanently improving such intersection shall be made a separate and one of the last assessments or certificates due against them and their property so assessed; and the city may assume the payment of such assessments or certificates covering the cost of such intersection, or may reimburse the property owners paying the same, out of its general levy for streets, but there shall be no legal obligation on the city to do so.

(d). The city itself may do such work and charge and collect the cost thereof in the manner set out in section seventy-nine herein. The decision of the city to do such work may be without notice or after the publication of the notice mentioned in this section, or after the rejection of all bids for the doing of the work.

(e). The cost of grading, curbing and paving, or otherwise im-
proving, the intersections, or parts of intersections, of avenues, streets, roads or alleys, on the plans adopted by the board of commissioners for such work, shall be paid by the city, except as otherwise provided in (c) of this section.

(f). And if any such avenue, street, road or alley be occupied by street car tracks or tracks of other railroads, the cost of said improvements of the space between the rails and two additional feet outside of each rail shall be assessed to and borne and paid entirely by the person or company owning or operating such street car or other railway line, unless otherwise provided by the franchise of such street car or other railway company granted previous to the passage of this act.

(g) Provided, the board of commissioners, if they so elect, may order and cause any avenue, street, road or alley, public park or public place to be widened, graded or changed in grade and curbed or recurbed, and paved or repaved, with brick, concrete, asphalt or any other suitable materials, or macadamized, or otherwise permanently improved, including the construction of retaining walls, sewers, drains, water pipes, water dams and water courses, in connection therewith, and may purchase land, or condemn land as provided in this act, for any public avenue, street, road or alley, or part thereof, or park or other public purpose; and the board may assess all or any part of the entire cost of such improvements (or taking of land, or both) upon the abutting, adjacent, contiguous and other lots or land especially benefited by such improvements.

The board of commissioners, when they decide to order the improvements under this plan, shall, by ordinance or resolution, before doing the same, fix the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous and other specially benefited land or lots so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed improvements; and the board may, in fixing such assessments, take into consideration the assessed value of the lots or land as fixed, for the last assessment year, for state and county purposes.

(h). When the board of commissioners shall deem it expedient and proper to cause any avenue, street, road or alley, or any portion thereof, in such city, to be graded, or graded and paved, curbed or macadamized, or otherwise permanently improved, or land to be acquired or taken for street purposes, as provided in (a) of this section, or shall deem it expedient and proper to cause the con-
struction of any public sewer in or under any such avenue, street, road or alley, or land or easement therein to be acquired or taken therefor, or elsewhere, as provided in section eighty-three of this act, they shall by ordinance or resolution, order the work done, stating the method of payment thereof, and, if it be let to contract, notice shall be in the following manner, to-wit:

(i). The notice for bids or proposals for doing such improvements, either for street improvements or the construction of sewers, shall be published for at least fifteen days in two newspapers of opposite politics, or in one newspaper if two such newspapers be not published in the city. If the publication of the notice cannot be procured in any newspaper in said city at reasonable rates, then said notice may be given in the manner directed by the board. Said notice shall state when, where and how the bids or proposals shall be made; and, whether so stated in the notice or not, the city may reject any and all bids for such proposed work. Before advertising for bids on the work, the city shall approve and adopt plans and specifications therefor, and the advertisement for bids, and the contract awarded thereon, shall refer to such plans and specifications. The fact that such contract shall be let for said work shall be prima facie proof that the notice mentioned above was given as required herein.

(j). The cost of said paving, macadamizing or other permanent improvement may be paid in one of two ways (to be specified by ordinance by the board of commissioners), either as set out in section seventy-nine or in section eighty-one of this act.

(k). If the abutting land on any such avenue, street, road or alley sought to be improved as aforesaid, or in which a sewer is ordered laid, is not laid off into lots by a map of record, the board of commissioners may, for the purpose of making the assessments provided for in this section and section eighty-three herein, lay off said land into lots of such sizes as the board deems advisable for the purpose of laying the proper assessment against such land.

Sec. 79. (a). Said city of Huntington is hereby authorized to issue its bonds for the purpose of providing for the costs of grading, paving and curbing, or macadamizing, or otherwise permanently improving, the avenues, streets, roads and alleys of said city, in anticipation of special assessments to be made upon the property abutting upon the avenues, streets, roads and alleys so improved. Said bonds may be in such an amount as shall be sufficient to pay the entire
costs and expenses of said improvements for which such special assessments are to be levied; and said city is authorized to sell said bonds, but not below the par value thereof. The amount for which said bonds are issued shall be made up of five bonds, payable in two, four, six, eight and ten years, respectively, from the date of their issue, and shall bear interest not to exceed six per cent per annum, payable annually; and in the issuance and sale of said bonds the said city shall be governed by the restriction and limitations of the constitution of this state, and the restriction and limitations of the state laws of this state relating to the issuance and sales of bonds, so far as such state laws are not in conflict with the provisions of this act; and the assessments as provided for and required to be paid herein shall be applied to the liquidation of said bonds and interest thereon, and if, by reason of the penalties collected with the delinquent assessments, there be any balance after the payment of the bonds and all accrued interest and costs, it shall be turned into the city treasury to the credit of the interest and sinking fund of the city.

But said city shall not become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding two and one-half per centum on the value of all the taxable property therein, as provided in chapter fifty-one of the acts of the legislature of one thousand nine hundred and five, except for the purpose of grading, curbing, paving, macadamizing, or otherwise permanently improving, the avenues, streets, roads and alleys therein, or constructing sewers therein or elsewhere, or acquiring or taking land or easement therein for street and sewer purposes, as provided for in this act, and for that purpose in estimating “existing indebtedness,” special assessment bonds representing the cost of paving or other permanent improvements of streets, roads or alleys, or the construction of sewers, or acquiring or taking land for such purposes, and the cost of which is assessed against the abutting property on such avenues, streets, roads or alleys, or specially benefited property adjacent thereto, or on such owner, shall not be included; and likewise the amount in any sinking fund, or the amount invested therefor as provided by law, for the payment of outstanding bonds, shall not be included in the estimate of existing indebtedness; provided, that the aggregate of its debt of every kind whatsoever, including such special street permanent improvement bonds, or sewer bonds, shall not exceed five per centum of the value of all taxable property therein.
(b). And it shall be the duty of the board of commissioners to immediately certify such assessments to the treasurer for collection, as herein provided; and for the purpose of facilitating the collection of such assessments against the properties herein, the board of commissioners may issue assessment certificates, with interest coupons attached thereto, to be delivered to and charged against the city treasurer who shall collect the same, and as such certificates and coupons are paid he shall deliver the canceled certificates to the party paying the same. A copy of said order shall be certified by the city clerk to the clerk of the county court of Cabell county, who is hereby required to record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein.

(c). The amounts so assessed against said abutting lots and owners thereof, respectively, shall be paid in ten payments, as follows: that is to say, one-tenth of said amount, together with interest on the whole assessment for one year, shall be paid into the city treasury of the city before the first day of the following January; and a like one-tenth part, together with interest for one year upon the whole amount remaining unpaid before the first day of January in each succeeding year thereafter, until all shall have been paid. Each of said installments of one-tenth shall bear interest at six per centum per annum payable annually from the date of assessment. Provided, however, that the owner of any land, so assessed for the cost of the paving of said avenue, street, road or alley, shall have the right at any time to anticipate and pay the whole of such unpaid assessment and interest thereon until the first day of the following January, and have the lien against the property so assessed released as hereinafter provided.

(d). If any such assessment shall not be paid when due, the board of commissioners shall cause to be enforced the payment of said assessment and interest in all respects as herein provided for the collection of taxes due the city; and said assessments shall be a lien upon the property liable therefor the same as for taxes, which lien may be enforced in the same manner as provided for the sale of property for the payment of taxes and tax liens; and the liens herein provided for shall have priority over all other liens except those for taxes due the state and the county, and shall be on a parity with taxes and assessments due the city.

(e). When all of said assessments for grading, paving and curb-
ing, or macadamizing, or other permanent improvements shall be paid in full to the treasurer, he shall deliver to the owner of said property a release of the lien therefor, which may be recorded in the office of the clerk of the county court as other releases of liens are recorded.

Under this plan for the payment of the cost of such permanent improvements of avenues, streets, roads and alleys, and the construction of sewers, the contractor (if the work is let to contract) shall look only to the city for the payment of the work, and in no sense to the abutting land owners.

Sec. 80. The board of commissioners may contract for such paving (including grading and curbing), or other said improvements, to be done as aforesaid, and may acquire or take land for street purposes, as aforesaid, and may, if the board so elect, stipulate that the costs thereof, in whole or in part, shall be paid in installments by the abutting property owners, as provided in (a) of section seventy-eight, or specially benefited property owners, as provided in (g) of said section, in five equal installments, to be evidenced by five paving certificates issued therefor, payable in thirty days, and one, two, three and four years, respectively, after the date of their issue, and shall bear interest not to exceed six per centum per annum, payable annually, which certificates, to be signed by the mayor and the clerk, or other person or persons designated of record by the board, may be sold, either to the contractor doing the paving or other said improvements, or to any other person, and which shall cover the entire cost of such work, or the cost of acquiring or taking land for street purposes, including the cost of surveys, notices and other things pertaining thereto; provided, the city, in negotiating and selling such certificates, shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of commissioners as expressed by resolution of record before such sale. And the certificates covering the amount of the assessment shall be paid by the owner of the land, lot or fractional part thereof, so assessed for the cost of said improvement on such avenue, street, road or alley so paved or improved, of land acquired or taken, as aforesaid. The amount specified in said assessment certificate shall be a lien as aforesaid in the hands of the holder thereof upon the lands, lot or part of lot so assessed, and shall also be a debt against the owner of such real estate, and said amount shall draw interest from the date of said certificates, payable annually, and the payment of the debt may be enforced as provided by law for the collection of other debts, or such
lien may be enforced as provided in this act in the name of the holder of such certificates.

After a contract has been made by the board to pave or otherwise permanently improve any public road, avenue, street or alley in said city, under this act, and the paving or other permanent improvements, or any stipulated part thereon, has been completed, or the cost of acquiring or taking land, as aforesaid, has been ascertained, the board shall assess the amount each lot shall bear and shall make a written report, stating the number of lots and the blocks or tracts of land when not laid off into lots, and the names of the owners of such lots or land when known, and the amount assessed thereon; and when the said board approves said report, or modifies it and then approves it, a copy of said report, so adopted by the board, when certified to by the city clerk of said city, may be recorded in the clerk's office of the county court of Cabell county in a trust deed book, and shall be a continuing tax lien upon the lot or land against which the assessment is made until the certificates as aforesaid are paid, except as otherwise provided in section eighty-four of this act, and the clerk shall index the same in the name of each lot or land owner mentioned therein.

Sewer Construction.

Sec. 83. The board of commissioners of said city are authorized and empowered to order and cause to be constructed in said city, or part within and part outside the limits of said city, any public sewer, either main or lateral, or both, by contract, or direct by the city, for the benefit of said city or any part thereof, and to purchase land or easement therein or to condemn land or easement therein, in the manner provided in this act, for such sewer; and when the board shall order the construction of any such sewer or any part thereof in said city, the owners of the property abutting thereon, or abutting upon an avenue, street, road or alley in which such sewer shall be constructed, or abutting on any land or easement therein specially procured for the purpose of the construction of a sewer therein, may be charged with all or any part of the cost thereof, including the cost of such sewer at and across intersections at avenues, streets, roads and alleys adjacent thereto. If said work is let to contract, the provision of (i) of section seventy-eight shall apply.

When said sewer is completed in any one block, or between two designated points, the board of commissioners shall cause a report to be made in writing, setting out the total cost of such sewer and a
description of the lots or land as to location, frontage and ownership liable therefor, including the cost of acquiring or taking land or easement therein for such purposes and cost of surveys, notices, etc., therefor, together with the amount chargeable against each lot or piece of land and the owner thereof. If any lot fronts on two streets, or on a street and road, or on a street (or road) and alley, in which a sewer is constructed, it may be assessed on both of said streets, or street and road, or street and alley. Said board shall enter an order upon its records setting forth the location and owner of each lot or piece of land, and the amount of said sewer assessments thereagainst, calculated in the same way as provided for street paving in (g) of section seventy-eight herein. The entry of such order shall constitute and be an assessment for such proportionate amount so fixed therein against said respective lots and land and the owners thereof; and said board shall thereupon certify the same to the treasurer for collection; and for the purpose of facilitating the collection of such assessments against the properties herein, the board of commissioners may issue assessment certificates, with interest coupons attached thereto to be delivered to and charged against the city treasurer who shall collect the same, and as such certificates and coupons are paid he shall deliver the canceled certificates to the party paying the same; and the city clerk shall file a certified copy of said order with the clerk of the county court of Cabell county, who shall record the same in the proper trust deed book, and index the same in the name of each owner of any lot or land thus charged with said assessment, and the assessments so made shall constitute and be a lien upon said lots or land, respectively, which shall have priority over all other liens except those for taxes due the state and county, and shall be on a parity with other taxes and assessments due the city.

The amounts so assessed against said abutting lots or land, and which shall be a lien thereagainst, shall be collected in the manner provided in this act for the collection of paving liens. Said assessments shall be divided into three installments, each for one-third of the amount thereof, and the first due and payable in thirty days, the second in one year, and the third in two years, from the time of certifying the same to the treasurer, except as hereinafter provided in this section, all bearing interest at six per centum per annum from such date, payable annually; and the board of commissioners may issue sewer certificates thereon, as of said date, as further evidence of
said indebtedness and lien therefor, and said certificates may be sold or negotiated, at not less than par and without any kind of discount, to the contractors doing such work, or other person if the board deem it expedient; provided, the city in negotiating and selling such certificates shall not be held as guarantor or in any way liable for payment thereof, except upon the direct action of the board of commissioners as expressed by resolution of record before such sale. But the owner of the land or lot so assessed may at any time anticipate and pay such assessment or certificate with interest thereon on the whole unpaid amount till the time when the next certificate due shall become due. If such assessment shall not exceed fifteen dollars, it shall be in one amount due and payable in thirty days from date; if more than fifteen dollars and less than thirty dollars, then in two installments of equal amounts, due and payable in thirty days and one year, respectively, from date; and if more than thirty dollars, then in three equal installments due and payable as first aforesaid.

Provided, the board of commissioners may, if they so elect, order and cause the construction of any such sewer, and may acquire or take land or easement therein, either in or outside said city, or both, for said sewer purposes, and assess all or any part of the cost thereof upon and against the abutting, adjacent, contiguous and other lots or land especially benefited by the construction of such sewer, and said assessments shall be a lien upon such lots or lands, and a debt against the owners thereof for the amount so charged against them respectively, which debt may be collected as provided by law for the collection of other debts of like kind, and which lien may be enforced in the same manner as provided for the enforcement of paving liens in this act.

The board of commissioners, when they decide to order the construction of the sewer under this plan, shall, before doing the same, fix, by ordinance or resolution, the total amount of the special benefits to be derived from such improvements to the abutting, adjacent, contiguous, and other specially benefited land or lots so assessed, setting out the names of the owners, the amount of the special benefits, and the approximate amount of the total cost of the proposed sewer, and the board may, in fixing such assessment, take into consideration the assessed value of the lots or land as fixed, for the last assessment year, for state and county purposes.

Release of Liens.

Sec. 84. In addition to the provisions for the release of said assess-
ment liens, either for street paving or other permanent street improvements, or construction of sewers, as elsewhere set out in this act, on the presentation by the land or lot owner of any of the certificates issued as aforesaid against him or his predecessor in title to such lot, the clerk of the county court shall mark upon the margin of the trust deed book at which said certified report is recorded, that the lien is released to the land or lot mentioned in such certificate to the extent of the amount of the certificates thus exhibited; and the county clerk shall thereupon write across the face of each of said certificates the date of their production to him for the release of lien, and shall sign his name thereto in his official capacity, for which he shall receive in advance a fee of twenty-five cents for each certificate so marked, from the person demanding the release of the lien aforesaid; but if more than one of the serial certificates against the land or lot or lots shall be produced at the same time, the fee of the county clerk shall not exceed twenty-five cents for the release of the liens as to all of the certificates thus produced and relating to the same real estate.

Provided, that the owner of any lot or land against which any paving or sewer certificate is an unreleased lien of record shall make and produce to the county clerk, or some person for such owner shall make and produce such affidavit, setting out therein that such certificate (or certificates) has been paid in full, and, after diligent search, cannot be found, said county clerk shall, upon the payment of a fee of twenty-five cents, file and preserve said affidavit as a public document and shall forthwith note the release of said lien to the extent of said lost certificate (or certificates) and the lots or land against which it is a lien upon the margin of the trust deed book, as aforesaid, and noting therewith the filing of said affidavit, which shall operate as a release of such lien to the extent of such marginal notation. If the affidavit so filed be false, the person making oath and subscribing thereto shall be guilty of a felony, and upon conviction thereof shall be fined not to exceed five hundred dollars, or sentenced to be confined in the penitentiary for a term of not more than one year, or both, in the discretion of the court passing sentence.

Provided, further, that any paving or sewer lien, which may be created in consequence of the provisions of this act, or any lien which may have heretofore been created in consequence of an act of which this is an amendment for an assessment, the last payment of which is not yet due, shall not, under any circumstances, be a lien against the lot or land or fractional part of the lot or land, against
which it may have been assessed and made a lien, for a longer period than one year after the last assessment or certificate of the same date and group, representing such lien, shall have become due and payable, unless some suit or action, at the termination of said one year period; shall be pending for the enforcement of such lien, or unless the amount of the lien or some part thereof is in some way involved in a suit or action pending at the end of said one year period; and further, that no such paving or sewer lien heretofore placed to record in said county court clerk’s office for an assessment, the last payment of which is past due, shall remain or be a lien against the real estate therein described for a longer period than one year from the time this act takes effect, unless a suit shall be pending at the end of each one year period for the enforcement of said lien, or the amount thereof shall in some way be involved in some action then pending.

All of the assessment certificates, which may be issued under the provisions of this act, shall be made payable at the office of the treasurer, who shall receive payments thereon when due, if tendered to him, and interest thereon from the date of such payments shall cease. The treasurer shall keep a separate and special account of all said sums of money received by him, and he shall hold said money in trust for the person who thereafter delivers to the treasurer for cancellation any and all certificates on which said treasurer has received full payment as aforesaid; but the owner of said certificates shall not be entitled to interest on said sum after the date of payment thereof to the treasurer. When the whole amount of any such assessment lien shall have been paid to the treasurer as aforesaid, or the treasurer shall be convinced that all of the paving or sewer certificates against any land, lot or fractional part of lot, shall have been paid in full, he shall, when demanded, execute a release of said lien in the manner hereinbefore provided for the release of paving liens. If the city shall have no person for treasurer the clerk, unless some other person is designated by ordinance, which the board of commissioners is hereby authorized to enact, shall perform the duties here required to be performed by the treasurer.

Sec. 88. When work shall have been completed on any avenue, street, road or alley, or part thereof, as provided in section seventy-one or section seventy-eight, or the construction of any sewer or other work shall have been completed on any avenue, street, road or alley, or part thereof, or elsewhere, as provided in section eighty-
three, and said assessments thereagainst shall have been calculated as provided in this act, the board of commissioners shall give notice, by publication at least once a week for two successive weeks in two newspapers of opposite politics, published in said city, or in one newspaper if two such papers be not published in said city, that an assessment under this act is about to be made against the property so assessed and the owners thereof, mentioning the kind of work and the location thereof; and the owners of said property shall have a right to appear before said board, either in person or by attorney or agent, at any regular or special meeting called for that purpose within two weeks of the first publication thereof, and move the board to correct any apportionment of the assessment excessive or improperly made; and the board shall have the power to make any such corrections before it enters the same, as corrected, upon the records. If the publication in the newspapers aforesaid cannot be had at reasonable rates, the notice may be given in some other manner designated of record by the board. The fact that said assessments shall have been entered of record, as provided by this act, shall be prima facie proof that the notice mentioned herein was given as prescribed in this section.

Sec. 85-a. For the purpose of leasing, purchasing or erecting, owning, maintaining and operating a system of water works for the city and the inhabitants and industries thereof, and the inhabitants and industries of any territory adjacent to the territory of the city of Huntington which the board of commissioners may from time to time agree to supply from the city water works, as provided for in this or any other act of the legislature, said city of Huntington is hereby authorized to issue and sell its bonds, which shall bear interest not to exceed six per cent per annum, interest payable annually, by which to procure funds for such purpose; and for said purpose the city may issue and sell its bonds to an amount equal to two and one-half per centum on the taxable property therein in addition to the aggregate of its debts for all other purposes and of every kind whatsoever, and especially in addition to the bonds and other debts provided for and referred to in section seventy-nine of said chapter three of the acts of one thousand nine hundred nine. Provided, that the total indebtedness of said city for all purposes shall not exceed five per centum of the total value of all taxable property therein.

But said city shall not make such issue and sale of bonds without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and the
principal thereof within and not exceeding thirty years, and for the purpose of aiding in the payment of any bonds issued under the provisions of this act, to enable the city to lease, purchase, own, operate and maintain a water works and system, the commissioners of the city are hereby authorized to lay a levy of not exceeding ten cents on the one hundred dollars valuation on all taxable property in the city, which said levy may be in addition to the aggregate of all other levies authorized by law; and any revenue derived from said water works over and above the expense of operating and maintaining the same, shall be applied to the payment of the bonds issued therefor.

In the issuance and sale of said bonds the provisions of section eighty-five of said chapter three of the acts of the legislature of one thousand nine hundred and nine, and the references therein made, shall apply, except in so far as they are inconsistent or in conflict with the provisions of this act.

All other acts and parts of acts coming within the purview of this act and inconsistent herewith are hereby repealed.

He shall upon the expiration of his term of office turn over to the council all books and other property in his possession belonging to the city, except the money in his hands, which he shall turn over to his successor upon the order of the council, as hereinbefore provided; and shall, before entering upon the duties of his office, execute a bond with good security payable to said city in a penalty of not less than ten thousand dollars, conditioned that he will faithfully discharge the duties of his office and account for and pay over as required by law and the orders, ordinances, rules and regulations of the council of said city all money which shall come into his hands, which bonds shall be subject to the approval of the council. (Passed February 7, 1913. In effect from passage. Approved by the Governor February 12, 1913.)

Sec. 19. Council may cause streets or alleys to be paved; how done; when and how paid for; lien on property to secure payment.

Be it enacted by the Legislature of West Virginia:

That section nineteen of chapter eighty-three of the acts of one thousand nine hundred and eleven be amended and re-enacted so as to read as follows:

Sec. 19. The council of the city may cause any street or alley or part thereof, to be paved with cobblestone, brick, concrete or other suitable material, curbing and suitable sidewalks laid, and a sewer or sewers to be constructed therein, or to have such paving done without the construction of such sewer or sewers, or a sewer or sewers constructed without such paving, under such regulations not inconsistent with the provisions of this section as shall be fixed by council, upon the lowest and best terms to be obtained by the council by advertising for bids or proposals therefor, and the whole cost thereof (which cost shall include the cost and expense of preliminary and other survey, of printing and publishing all notices required to be published in relation thereto, and of cost of construction) shall be
assessed to and paid by the owners of the lots or fractional parts of
lots abutting or abounding on that part of the streets so improved,
paved or sewered and against the said lots or fractional parts of lots
in proportion to the number of feet frontage owned by each. *Pro-
vided*, that the cost of paving and sewering intersections of streets
and public alleys, and the proportion for lots, or parts of lots, or
property against which no assessment can be legally made shall be
assessed to and paid by the city; and, *provided, further*, in case of a
street or public alley occupied by street car tracks or other railway,
the cost of paving the space between the rails, and for two feet
additional outside each rail, shall be assessed to and paid by the
street car or other railway company (unless otherwise provided by
the franchises of such street car or other railway company granted
previous to the time this act goes into effect.)

The amount so assessed against such abutting lots or fractional
parts of lots to the said abutting property owners, the city and street
car or other railway company, as aforesaid, respectively, shall be paid
in ten payments as follows: that is to say, one-tenth of said amount,
together with the interest at the rate of six per centum per annum
from the acceptance of the work by the city on the whole assess-
ment, shall be paid to the city on or before the first day of May next
after the work is accepted, and a like one-tenth, together with in-
terest for one year upon the whole amount remaining unpaid on or
before the first day of May in each succeeding year thereafter until
all has been paid, and each installment shall bear interest at the rate of
six per centum per annum from the date of its maturity, and more-
over, to each installment remaining unpaid on the days herein specified
for the payment thereof a penalty of ten per centum of said install-
ment shall be added and collected by the city; *provided, however,*
that any abutting property owner, the city, or street car or other
railway company, against whom or against whose property, said
assessments have been made, shall have the right at any time after
such assessments shall have been certified to the superintendent of the
department of accounts and finance for collection, as hereinafter pro-
vided, to anticipate any or all of such assessments and shall be allowed
to pay the face of said assessments with interest only to the time of
payment.

(a). The sum or sums of money so assessed, together with the
interest and penalty aforesaid, for paving or sewering, or other said
improvements, shall be a lien upon the lots or fractional parts of
lots, and in case of a street car or other railway company, upon its tracks for the distance of said improvement, from the date of acceptance of said work by the city, and said lien shall have priority over all other liens except those for taxes due to the state and shall be on a parity with the taxes and assessments due the city; provided, however, such assessments shall after six months from the date of the acceptance of said work cease to constitute liens against said property as against creditors of the owners thereof or purchasers thereof for value without actual notice of such liens, unless within said six months a statement of said liens, certified as hereinafter provided, shall be filed for record in the office of the clerk of the county court of the county in which such property is situated.

(b). Immediately upon the acceptance of the work by the city the clerk shall make out bills for the sums of money assessed as aforesaid against the property owners aforesaid, and shall at the same time make and certify a statement of the assessments aforesaid in which shall be given the location of the real estate affected, the name of the owner, the date of the acceptance of said work by the city, and the amount of the assessment, and it shall be sufficient description of the location of said real estate to describe it as abounding or abutting upon said improvement included between the termini of said improvement, or by the description by which it is described on the land books of the county in which said lots are situated, and shall cause said statement to be immediately recorded in the office of the clerk of the county court of the county in which such property is situate, and it shall be, and it is here made the duty of said county clerk, to record said statement in the trust deed books in the name of the city and also in the name of each person against whose property said assessments appear therein, and said clerk shall be paid for recording said statement the same fees as for recording deeds of trust. And said bills for said assessment shall be charged to the superintendent of the department of accounts and finance and immediately certified and delivered to him for collection.

(c). Upon default being made in the payment of any installment of the assessments aforesaid, the same shall be immediately reported to the council by the superintendent of the department of accounts and finance, and the council shall forthwith refer the same to such officer as it may deem expedient, for collection, and payment of said delinquent installments, with the interest and the penalty aforesaid, may be enforced in all respects as provided for the collec-
tion of city taxes, or the lien aforesaid may be enforced by a suit in equity in the name of the city and any court having jurisdiction thereof, and the said delinquent assessments, or any installment thereof, may be collected from the person against whom the same were assessed by action at law before any court or a justice of the peace having jurisdiction thereof.

(d). Immediately upon the completion and acceptance of any of the work aforesaid, constructed by virtue of this section, the council shall direct the clerk to cause to be prepared a notice which shall name and describe the location of the street or alley upon which said work shall have been constructed; give the names of the owners of each lot or fractional part of lot abutting or abounding upon said street or alley, and also the name of any street car or other railroad company having tracks upon said street or alley, where assessed for paving, if known, and if the name or names of the owner or owners of any lot or fractional part of lot, or of such street car or other railway company, are unknown, such lot or fractional part of lot, and the location of the paving assessed to such street car or other railway company, shall be described with reasonable certainty so that the same may be identified. The number of feet that each lot or a fractional part of lot abuts upon said street or alley, the street or alley intersections and all abutting city property, and property not liable to assessments, and the number of square feet or yards to be paid for by said street car or other railway company, also the amount assessed against each lot or fractional part of lot, and also the amount assessed against the city, as well as the amount assessed against any street car or other railway company, shall be stated. Said notice shall cite all owners of lots or fractional parts of lots abutting upon the streets or alleys aforesaid, and also said street car or other railway company, to appear before the council at a regular meeting thereof within thirty days from the first publication thereof and show cause, if any they can, why the assessments aforesaid should not become final, which notice shall be published once a week for two successive weeks in one or more newspapers of general circulation published in said city, and affidavits of the publishers of such notices showing the publishing thereof as herein provided, shall be recorded in the minutes of the council at their next regular meeting. The council shall, upon the request of any one or more of the owners of said lots or fractional parts of lots, or of said street car or other rail-
way company, appoint a day for hearing the grievances of said owner or owners, street car or other railway company, and may correct or amend any assessment made against them or any one of them for good cause shown. The clerk shall give notice to all persons claiming to be injured by said assessment of the time and place of hearing said matters, which meeting shall be held within ten days after the expiration of the thirty days mentioned in said notice. The council may adjourn the hearing from time to time. In case any owner or owners of abutting property, or street car or other railway company, fail to complain of any damage or injury they may have, or may suffer, by reason of the assessments aforesaid and shall fail to appear for the purpose of having the same corrected, the assessments as to them as laid shall be final, and the said assessments shall then be recorded in the book in which the plans, specifications, profiles and estimates are recorded under the provisions hereof and next following the same therein. The findings of said council shall be conclusive. The rights conferred by this section are cumulative and shall not be exhausted as to any particular street or alley by reason of having been once exercised.

(e) Whenever it is deemed expedient by the council to provide for paving, sidewalks, curbing or sewers in or upon any of the streets or alleys of the city by the issue and sale of bonds of the city, it shall by resolution entered of record on the minutes of its proceedings so declare and thereupon the city shall be and is hereby empowered and authorized to issue its bonds for the purpose of providing for paving, laying sidewalks, curbing the streets and alleys of the city, and of constructing sewers for the proper drainage of said city, in anticipation of special assessments to be made upon the property abutting upon the streets and alleys so improved, and upon street car and other railway companies occupying the said streets or alleys with tracks, and such bonds may be in such amount as shall be sufficient to pay the entire cost and expense of said improvements for which such special assessments are levied; and said city is also authorized to sell said bonds; provided, that the price for which they are sold shall not be below the par value of said bonds; said bonds shall be payable not to exceed ten years from the date of the issue thereof and shall bear interest at not to exceed six per centum per annum, payable semi-annually, and in the issuance and sale of said bonds the city shall be governed by all the restrictions and limitations of the constitution of this state and so far as not in conflict with the pro-
visions of this section by the restrictions and limitations of this state with respect to the issuance and sale of other bonds; and the assessments, as paid and provided for in this section, shall be applied to the liquidation of said bonds and the interest thereon and to that end paid to the trustees of the sinking fund of the city to be by them invested for the best advantage of the city, anything in any general or special statute of the state notwithstanding to the contrary; and if by reason of penalties collected with the delinquent installments there may be any balance after the payment of said bonds and all accrued interest and costs, the said bonds shall be turned into the city treasury to the credit of a fund for street improvements for said city and used for no other purpose; provided, that the city shall not by the sale or issue of such bonds cause the aggregate of its debts of every kind whatsoever to exceed five per centum of the value of the taxable property therein; and, provided, further, that nothing herein contained shall be construed as authorizing said city to become indebted in any other manner or for any other purpose to an amount including the existing indebtedness in the aggregate, exceeding two and one-half per centum of the value of the taxable property therein (as provided in chapter fifty-one of the acts of one thousand nine hundred and five), except for the purpose of constructing paving, curbing, sewers and sidewalks in and upon the streets and alleys of said city, as provided in this section; nor shall said city make such issue and sale without at the same time providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and principal thereof within and not exceeding ten years.

All of the assessments, interest and penalties thereon collected from the abutting property owners on account of the grading, paving, sewering or otherwise improving the streets and alleys of the city, under the provisions of this section, shall annually be applied to the annual tax required to pay the interest on such debt and such principal within and not exceeding ten years; and in the event that the assessments, interest and penalties so collected should not amount to a sum sufficient to pay annually the interest on such debt and the principal thereof within and not exceeding ten years, then the council shall collect so much of said levy as will pay annually the interest on such debt and the principal thereof within and not exceeding ten years.

(f). It is especially provided that no bonds shall be issued under
the provisions of this section, unless and until the question of issuing said bonds shall have first been submitted to a vote of the people of the city and shall have received three-fifths of all votes cast at said election for or against the same. The council may provide by ordinance for an election every year, at which the question shall be submitted to the people as to whether the city shall be authorized to issue bonds for the purpose and under the provisions of this section, to an amount not to exceed in the ensuing year the amount recommended by said ordinance for said ensuing year; but the ordinance providing for said election need not specify in detail the location of the improvements contemplated to be paid for during the ensuing year out of said aggregate issue authorized for said year, and notwithstanding the provisions of section two, three and six of chapter forty-seven-a of the code, it shall be sufficient description of the purpose for which said election is held if the ordinance calling the same shall cite that it authorizes the council to issue bonds for the purpose of paving, curbing, laying sidewalks or sewering the streets and alleys of said city, at such times as to the council shall seem fit during the ensuing year ending on the........day of................, 19.., to an amount not exceeding in the aggregate during said year the sum of $............; and when the council shall have once been authorized by a vote of the people to issue bonds for the said purpose and to a sum not to exceed the amount set forth in the ordinance calling the said election, no further election shall be necessary for the issuing of bonds during said ensuing year up to the amount stipulated in said ordinance calling said election, but the council shall from time to time during said ensuing year by ordinance authorize the issue of said bonds, in such sums, and for the improvement of such streets and alleys as to it may seem best, providing the requirements of this section are complied with. The aggregate amount of bonds authorized by said annual election shall not be exceeded during said year, unless and except the same be authorized by a special election held at a subsequent time in said year and duly called as provided for the calling of the annual bond election.

The provisions of chapter forty-seven-a of the code concerning bond elections, shall, so far as they are not in conflict with the provisions of this section, apply to the annual bond elections and special bond elections herein provided for.

(g). Whenever it is deemed expedient by the council to provide for paving, curbing, sidewalks or sewers, or any other improvements
on any of the streets or alleys of the city, in whole or in part, either by the issue of bonds theretofore authorized as herein provided or by the appropriation of funds in the city treasury not otherwise appropriated, it shall first, having on file in the city clerk's office plans, specifications, profiles and estimates of the proposed improvements, showing the proposed grade of the street or alley after completion with reference to the abutting property, declare by resolution the expediency of the work; and said plans, specifications, profiles and estimates shall be open to public inspection.

Said resolution shall determine the general nature of the work, the method of paying for the same, whether by an appropriation from the funds in the treasury not otherwise appropriated or whether or not the bonds theretofore as in this section provided should be issued and sold; said resolution shall be complete in the form in which it is finally passed and remain on file with the city clerk for public inspection one week before the final passage or adoption thereof. Immediately upon the filing of said resolution with the clerk, a copy thereof shall be published once in two newspapers of general circulation, and of opposite politics, in the city, and affidavits of the publishers of said newspapers, showing the publication, with a copy of the notice attached, shall be spread upon the minutes of the meeting of the council at which said resolution is passed or adopted. In case two such newspapers will not publish said resolution, or in case only one will so publish it, it shall be published in the one and posted at the front door of the building where the council holds its meetings on the day it is filed as aforesaid, and affidavit thereof shall be recorded in the minutes of the council at the next regular meeting.

Until said resolution is finally passed, the council shall hear all persons interested in relation thereto at any regular meeting, and if it decides to proceed with the improvement, it shall pass said resolution. And then said council may by resolution correct or amend said plans, specifications, profiles and estimates and approve and adopt them as so corrected, or as they were in their original form, as to it may seem proper; and said plans, specifications, profiles and estimates shall be forthwith filed with the city clerk and by him recorded and attested in a well bound and permanent record book to be kept in his office. Both resolutions shall be in effect when finally passed.

The council may then adopt and pass ordinances for said purposes
which shall provide generally the character of the work, make appropriation for the payment thereof, fix the time of payment of assessments therefor and the manner of giving notice of said assessments and correcting the same and providing for advertisements for bids for said work; shall also set forth the streets and alleys upon which the property is to be assessed for said improvements, the general character of materials which may be bid upon therefor, the mode of payment and a reference to the resolutions theretofore passed for said improvements, giving the date of passage, and a statement of the intention of council to proceed therewith in accordance with said resolution and in accordance with the plans, specifications, estimates and profiles providing for such improvements.

In any case where the council has determined to pay for any of such improvements out of funds in the city treasury not otherwise appropriated, and not by the issuance and sale of bonds, said ordinance shall be passed and become and be effective as provided in section twelve of this chapter; but in the event it has been determined to issue and sell bonds for the payment thereof, the said ordinance shall not be effective so as to permit any contract to be made or work to be done thereunder until, in addition to the compliance with the provisions of section twelve, the fact that the proceeds of the sale of said bonds have been received by the city shall be certified by the superintendent of the department of accounts and finance and such certificate entered upon the minutes of the council.

(h). When the whole or any portion of the improvement authorized by this section passes through or by a public wharf, market space, park, cemetery, structure for the fire department, water works, school building, infirmary, market house, work house, hospital, house of refuge, bridge, gas works, public prison, court house, church, or any other public structure or public grounds, within said city, and belonging to said city, or to the county, state, board of education, or any church association or eleemosynary institution, the council shall direct the proper proportion of the cost and expenses of the improvements to be certified to the clerk of the county court of the county wherein said city is situate, and the same shall thereupon be recorded by said clerk in the proper trust deed book and shall thereupon become a lien against said property and collectable as other assessments are collected against individuals under this section and it shall be the duty of those persons having charge of the fiscal affairs of any such
property or institution to make proper arrangements for meeting of such assessments when due and payable.

(i). All acts or parts of acts, whether special or general, which are in conflict with the provisions of this act, so far as they may apply to the city of Parkersburg, are to that extent repealed, except that said city may continue to lay sidewalks as heretofore authorized, and nothing herein contained shall in anywise affect or impair the right of the city to enforce the collection of any and all paving, sewering or sidewalk bills or assessments heretofore issued, laid or levied by said city by virtue of any authority heretofore issued by it.

(Senate Bill No. 45.)

But no such franchise shall hereafter be granted except under the following restrictions and conditions, namely:

No ordinance granting any franchise for the use of the streets, roads, alleys or public grounds of the municipality, for any of the purposes of public utility above named, or for any other purpose of like nature, except as hereinafter provided, shall be passed unless it shall have been first proposed in the council; and notice of the object, nature and extent of such franchise shall be published at least thirty days by the applicant, at his expense, in some newspaper published in said municipality, before being acted upon, and shall have received the votes of at least a majority of all the members elected to the council and citizens appointed as provided in section nine, at a regular meeting or meetings, and after said publication. The votes thereon shall be taken by yeas and nays, and the same entered in the journal. No exclusive franchise shall ever be granted, and no franchise shall be renewed before three years prior to its expiration.

Every grant of any franchise shall be for a limited period of time. If no limit be expressly provided in the grant, the franchise shall be for one year only. In no case shall the franchise extend for a period exceeding thirty years.

No grant of any such franchise shall be made without, at the time of making it, providing that the grantee shall indemnify the municipality against all damages caused by the construction of such works. All reasonable additional provisions and conditions may be made for the protection of the public from unnecessary damages or inconvenience by reason of such works and the operation thereof.

No extension or enlargement of any franchise or grant of rights or powers previously granted to any corporation, person or association of persons, shall be made except in the manner and subject to all the conditions herein provided for the making of original grants of franchises.

Council shall, in suitable, practical terms, make it an express condition of the grant of a franchise, where it is for a work that is useful chiefly to the local public, that, at the expiration of the franchise, the grantee shall, if required by the council, sell to the municipality the physical plant at what it is then worth independent of any value based upon the earning power thereof, and may also provide a means by arbitration or otherwise for determining what said value may be.

No grant of a franchise for the extension of, or addition to, any line of such work, over any street or territory in said municipality, shall be made for a period extending beyond the time limited for the expiration of the franchise of the principal work of which it is an extension, and if the franchise of the principal company or work is one which was granted before this act goes into effect, the franchise granted for the extension or addition shall nevertheless be subject to the condition hereof, including a time limit herein specified.

If a franchise secured from the municipality by an individual or
by an independent or new company, and the work constructed thereunder afterwards becomes a part of, or to be operated as a part of, a large work of the same kind, whose franchise was previously obtained and is limited to expire earlier, such later franchise shall, by reason of such annexation, merger or single operation, expire simultaneously with such earlier franchise of the old company or work. An annual franchise tax of not less than fifty dollars shall be charged and collected on all franchises heretofore granted by the towns of Keyser and South Keyser or hereafter granted by the city.

Such mandamus may be awarded at the instance of the municipality in its corporate name, or at the instance of any taxpayer or taxpayers; and the foregoing remedy by mandamus shall not be construed to deprive such municipal corporation, or any inhabitant thereof, of any other remedy given by law to compel such individual, association of individuals or corporation to comply with the terms, conditions and agreements of such right, privilege, or franchise, or of the right to recover damages for their failure so to do, or to effect, remove or lessen the liability of such individual, association of
individuals or corporation, to forfeiture of such right, privilege or franchise for failure so to use and exercise such right, privilege or franchise.

In case of a failure or refusal of such owner to pave or curb the same, the council may cause the same to be properly curbed and paved by the city, and levy and collect from such owner, the whole cost of such curbing and paving adjacent to such property, with a penalty of five per centum added thereto, together with six per centum interest until paid; and in like manner to require the owner of any property adjacent to any paved sidewalk heretofore or hereafter constructed, to keep the same in repair and in default of doing so, to cause the same to be repaired and to levy and collect from said owners the whole cost thereof with a penalty of five per centum added thereto together with six per centum interest per annum until paid. In all cases of such assessment, whether for the original or for the repairing of sidewalks, payment thereof, including penalties and interest, shall be made to the city clerk within thirty days after the completion of the work, who shall have power to collect the same from the owner or owners of any such property, by distress and sale in the same manner in which taxes levied for the benefit of the city are authorized to be collected; and in addition, there shall be a lien upon such real estate, which lien may be enforced by appropriate suit in any court of record of Mineral county.

**Nuisances.**

Sec. 24. The council of said city is hereby authorized to decide and adjudge what constitutes a nuisance within the municipality, or within two miles thereof, when not within the limits of another municipality, and may require and compel the person committing or maintaining the same, or any owner, agent, assignee, occupant or tenant, of any lot, premises, property, building or structure, upon or in which any nuisance may be, to abate and remove the same upon order from such municipal body, or from the board of health, or health officer, or other officer of the municipality acting with authority in the premises; and
the council may prescribe by ordinance a penalty for the punishment of any such person who may refuse, fail or neglect to abate or remove any such nuisance within the time specified in the notice therefor.

In case of non-resident owners of real estate, such notice may be served upon any tenant, occupant, assignee or rental agent of said premises, or on such non-resident owner or infant or insane owner by publication thereof for not less than two consecutive weeks in a newspaper published in the municipality. The abatement or removal of any such nuisance by the municipality, and at its expense, as herein provided, shall be prima facie proof that the said notice to the owner, occupant, tenant, agent or assignee was given as herein required.

The council may require all owners, tenants and occupants of improved property, which may be located upon or near any street, road or alley, along which may extend any sewer or system of sewerage, which the municipality may construct, own or control, to connect with such sewer or system of sewerage, all drains, cesspools, sinks, privies or water closets, upon their respective properties, or premises, so that their contents may be made to empty into such sewer or system of sewerage.

And in all cases where any tenant, occupant or agent is required to abate and remove any nuisance, under the provisions of this section, or comply with the provisions of any such ordinance as is mentioned herein, the expense thereof may be deducted out of the accruing or accrued rent of said property, or amount due said owner or agent, and such tenant, occupant or agent may recover the amount so paid from the owner, unless otherwise especially agreed upon between them.

The council may by ordinance regulate the location, construction,
repair, use, emptying, and cleaning of all water closets, privies, cesspools, sinks, plumbing, drains, yards, pens, stables and other places where offensive or dangerous substances or liquids are or may accumulate, and may provide suitable penalties for the violation of such regulations, which may be enforced against the owner, agents, assignees, occupant or tenant of any premises or structure where such violation may occur.

The council shall have authority and jurisdiction of and over the water reservoirs, pipe lines and property adjacent, and all other property of the city located in Mineral county, whether the same be within the corporate limits of said city or not, and for the protection and preservation of the same shall have authority to pass all necessary ordinances, rules and regulations and to provide penalties for the violation thereof; and the police judge, or officer exercising his functions, shall have jurisdiction to try offenders against such ordinances, and his warrant may be directed to any police officer of the city, or to any constable or the sheriff of Mineral county, and may be served and the offender arrested anywhere in said county.

Said abstract or statement may be certified by the city clerk; and after the amount of the assessment and penalty is due by the terms of the ordinance or resolution laying the same, and a certificate of such levy and assessment, together with the name of the owner and occupier of said property, its location and description, has been filed in the office of the clerk of the county court of Mineral county, and in satisfaction of the amount so due such municipality, and cost of the proceeding, the said real estate may be sold, and the proceeds applied to the payment of the amount so due.

Water, electric light, power and heating bills and other bills of like kind due the municipality, owning or operating such plant or plants, for the service or commodity of such public service plants, may be distrained for and collection enforced in the same manner in which the collection of taxes owing to the municipality may be enforced. The city clerk shall have an office in the city hall, council chamber or such other place as the council may designate and provide. He shall keep his office open for at least three consecutive hours in the forenoon and afternoon of each day.

In addition to the duties hereinbefore set out and otherwise provided in this act, the city clerk shall by virtue of his office be the police judge of the city, and his oath of office and the conditions of his bond shall extend to and cover his duties and obligations as police judge. The city clerk shall, as such police judge, be ex officio a justice of the peace with authority to issue warrants or other process for all offenses within the police jurisdiction of the city, of which a justice of the peace has jurisdiction under state laws, and for all violations of any city ordinance. In order to preserve the peace and good order of the city and protect the persons and property therein, riotous and disorderly persons in the city may be arrested and detained before issuing any warrant therefor. He shall hold daily sessions of his said court, Sundays excepted. He shall have and exercise all of the civil jurisdiction conferred by law upon justices of the peace, but before proceeding to act in such capacity, he shall file with the clerk of the county court of Mineral county, a certificate from the mayor of said city showing his appointment and qualification as city clerk, and shall thereupon take the oath and execute the bond required to be taken and executed by justices of the peace.

The police judge may commit persons charged with felony or misdemeanor to jail or take bond for their appearance before the grand jury, but he shall receive no fees or other compensation for such services: he shall have power to issue executions for all fines,
penalties and costs imposed by him, and he may require the imme-
diate payment thereof, and in default of such payment may commit
the person so in default to jail, until the fine and penalty and costs
shall be paid or satisfied, and any one so committed may be required
to work during imprisonment, as required by council.

If any person is sentenced to imprisonment, or any person or
corporation is assessed with a fine of ten dollars or more, such per-
sion or corporation shall be allowed an appeal from said decision of
the police judge to the circuit court of Mineral county, upon the
execution of an appeal bond with surety deemed sufficient and ap-
proved by the police judge in a penalty double such fine and costs
conditioned that the person or corporation proposing to appeal will
perform and satisfy any judgment which may be rendered against
him or it by said court on such appeal; and in no case shall a fine
of less than ten dollars be given by the police judge, if the defendant,
his agent or attorney request that the fine be made as much as ten
dollars.

If the appeal be taken, the warrant of arrest, the transcript of the
judgment, the appeal bond and other papers of the case shall be
forthwith delivered by the police judge to the clerk of the court to
which such appeal is taken, and said court shall proceed to try the
case as upon indictment or presentment and render such judgment,
including that of costs, as the law and evidence may demand.

The police judge shall be authorized to suspend sentence or parole
any juvenile offender under the age of sixteen years, who may be
brought before him for the violation of any ordinance of the city
or charged with any misdemeanor under the laws of the state; he
shall prescribe the conditions of such parole and enter them in his
docket and may commit the offender to the care and custody of any
proper person, with a view to the correction and reformation of
such offender, and may take from such person such bond or security,
conditioned as he shall prescribe. The chief of police, or a police-
man designated by him, shall attend all sessions of the police court
and perform such duties as may be required by ordinance or re-
quested by the police judge.

The police judge shall keep in a well bound book a complete record
of all cases heard and considered by him, and he shall account for
and pay over the amount of all fines, as well as the fees of himself
and other officers, under salary, collected by him, weekly, to the
treasurer of the city, and shall make monthly reports thereof, and of all other matters pertaining to his office to the council of the city. In the absence of the police judge the mayor of the city shall sit as such police judge with the same power and authority.

The police judge, if an attorney, shall not practice in said police court as an attorney or counselor or in any case appealed or removed therefrom, but shall have the right to practice law as an attorney in other courts and cases.

In addition to the other duties to be performed by the city clerk, he shall also be the city collector, charged with the duty of collecting all taxes, levies, assessments, water rents and all other funds due the city, except licenses; and as such collector shall have and exercise all of the rights, authority and powers conferred upon town sergeants by the general law of the state with reference to the collection of taxes and funds of cities, towns and villages, and upon sheriffs with reference to the collection of state and county taxes and funds. He shall at least once in each week, or oftener if the council so require, account for and pay over to the city treasurer all moneys received by him as such collector; he shall before entering upon the duties of his office give the bond hereinbefore required, payable to the city of Keyser in the penalty of not less than five thousand dollars, conditioned for the faithful performance of the duties of the office of city clerk, collector and police judge and to account for and pay over, as required by law, all moneys which may come into his hands by virtue of any and all of said offices, and shall be chargeable with all of the city taxes, levies, assessments and water rents, from the time the bills therefor are required to be made up and collected, and with all moneys of the city, including fines, fees and penalties, that may come into his hands. He shall receive no fees or commissions for his services, but shall account to the city for all fees received by him, except those received by him when acting in civil suits, taking depositions or acknowledgments. He shall at the first stated meeting of the council in each month make his report to the council of all moneys and credits coming to his hands as city clerk, police judge and collector, accompanied by a receipt or receipts from the treasurer showing that said moneys have been paid to him, and he shall publish once in every six months a detailed itemized statement of all receipts and expenses of the city for the preceding six months.
The city clerk may appoint such deputies and assistants, with the approval of the council, as the duties of his office render necessary. The deputies shall take the oath required of the city clerk and shall give such bond as he may require, but such deputies or assistants shall not perform any judicial duty of the police judge.

The salary fixed for the city clerk, which shall not be increased or diminished during his term of office, shall be deemed to include all the services of all deputies, clerks and agents employed by him, and no additional allowance shall be made for, or on account of, any such services so rendered by the city clerk.

Duties of the Treasurer.

Sec. 31. The treasurer shall receive and account for all moneys from all sources of municipal revenue. All license taxes and fees shall be paid to him direct by the person to whom such license is issued, and no license shall be valid without the receipt of the treasurer for such tax and fees endorsed thereon. All officers and agents of the city, authorized to receive money for the city, or revenues thereof, from any source whatsoever, shall pay over to the treasurer such moneys and revenues within one week after the receipt thereof, or sooner if required by the council.

He shall keep the funds of the city in some bank or banks within the city, which shall pay to the city two per centum or more per annum interest on such deposits, payable quarterly, based on the average daily balance on such funds in all accounts. If no bank within the city is willing at any time to receive deposits of the treasurer, and to pay such interest thereon, the treasurer shall report this fact to council, which shall thereupon designate a bank or banks in which he shall deposit such funds for the time being, and until some bank in the city will receive deposits at the rate of interest so fixed.

Said bank or banks shall give bond in the penalty prescribed by council, and with sureties to be approved by council, conditioned for the prompt payment, whenever lawfully required, of all public moneys, or parts thereof, which may be deposited with them.

The salary fixed for the treasurer, which shall not be increased or diminished during his term of office, shall be deemed to include all the services of all deputies, clerks and agents employed by him, and no additional allowance shall be made for or on account of any such services so rendered by the treasurer. He shall give bond
or bonds in an amount to be fixed by council, which bond shall be approved by council, before entering upon the discharge of any of the duties of his office, and file same with the clerk. The treasurer shall pay all warrants or other proper orders legally drawn and presented, out of any moneys at the time in the fund on which such warrant or order is drawn, but no money shall be paid by him except as the same shall have been appropriated by the council and upon an order signed by the mayor and city clerk. If no money is in the fund with which to pay such warrant or order, the treasurer shall endorse on the back thereof the words, “no funds,” and affix the date of such endorsement, and shall preserve a record of such endorsement in his office. The treasurer shall perform any other duties which council may from time to time prescribe and which are not inconsistent with the general scope of his duties.

Duties of City Attorney.

Sec. 32. The city attorney shall be the legal adviser of the city and all its officers in all matters arising and in which legal proceedings may be taken; he shall prosecute all suits, actions and proceedings instituted on behalf of said city and defend all suits and actions against said city, and, when requested in writing, shall give his written opinion to the mayor, council, or any standing committee thereof, upon such legal questions as may be referred to him affecting the city’s interests; he shall perform such other duties as may be required. It shall be his duty to attend sessions of the police court, when requested by the mayor or police judge, and prosecute all trials therein and all appeals that are taken from such court; and for his services he shall receive such compensation as the council shall provide.

Police Department.

Sec. 33. The council shall by ordinance establish a police department, of which department the chief of police shall be in command. He shall be charged with the duty of preserving peace and good order in the city and of protecting the persons and property of the citizens. He shall have the right to stop, suppress or prevent any immoral, obscene or improper shows, theatrical performances or moving picture exhibitions. Policemen may be suspended, removed and discharged at any time by the mayor, upon his own motion or that of the chief of police, for good cause, in which event the
Keyser Charter. [Ch. 89]

The mayor shall report such suspension, removal or discharge, together with the reason therefor, to the council at its next meeting. The council shall consider such suspension, removal or discharge and may make such order in reference thereto as it may deem wise. The council shall have the power to suspend, without pay, the chief of police, or any policemen against whom charges are preferred.

Whenever any notice is required to be given, or any summons, warrant or other process is required to be served or otherwise executed, under the provisions of this act, it shall be sufficient if such notice, summons, warrant, or other process be executed by an officer of the police department of said city in the same way or manner in which the laws of the state prescribe for executing summonses and subpoenas by state officers, unless otherwise provided by this act. The chief of police may also execute within this city any civil writ or process issued by the police judge, or any justice of the peace or court in Mineral county, and shall have all the powers conferred by law upon constables and sheriffs, but he shall not act in such capacity until he shall have first qualified before the county court of Mineral county and given the bond required of constables.

Duties of the Street Commissioner.

Sec. 34. The street commissioner shall perform such duties as are now, or which may hereafter be imposed upon him by any ordinance of said city, and shall receive such compensation as may be fixed by council.

Power to Condemn.

Sec. 35. The council shall have the right to institute proceedings, in the name of the city, for the condemnation of real estate for streets, alleys, avenues, sewers, drains, market grounds, city hall, reservoirs, electric light plant, pipe lines, or for any other ground, within or without the city, necessary for public improvements and which the council is authorized to acquire or maintain under this act; such proceedings shall conform to the provisions of chapter forty-two of the code of West Virginia, and the costs thereof shall be borne by the city, except that in contests involving a hearing in the circuit court, costs shall be recovered by the prevailing party.

Recall.

Sec. 36. The holder of any electives office may be removed at any time by the electors qualified to vote for a successor of such in-
cumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty per centum of the entire vote for all candidates for the office of mayor cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city clerk, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the city clerk shall examine and from the voter's register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the council without delay. If the petition shall be found to be sufficient, the council shall order and fix a date for holding said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The council shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same shall be conducted, returned and the result thereof declared in all respects as are other city elections. So far as applicable, except as otherwise herein provided, nominations hereunder shall be made without the intervention of a primary election by filing with the clerk at
least ten (10) days prior to said special election, a statement of candidacy accompanied by a petition signed by electors entitled to vote at said special election, equal in number to at least ten per centum of the entire vote for all candidates for the office of mayor at the last preceding general municipal election, which said statement of candidacy and petition shall be substantially in the form set out in section six of this act, so far as the same is applicable, substituting the word "special" for the word "primary" in such statement and petition and stating therein that such person is a candidate for election instead of nomination.

The ballot for such special election shall be in substantially the following form:

OFFICIAL BALLOT.

Special election for the balance of the unexpired term of ...........

For............................

(Vote for one only)
(Names of candidates)

[ ]............................
[ ]............................

(Name of present incumbent.)

Official ballot, attest:

(Signature)........................

City Clerk.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who received the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes, he shall continue in office, and those electors who signed the petition demanding such special election shall, unless it be otherwise ordered by the council, pay the costs of such election,
which said costs shall be a lien against the property of all of such petitioners, collectable and enforceable in like manner and to the same extent as taxes due to the city are collected. The said method of removal shall be cumulative and additional to the methods heretofore provided by law.

Initiative.

Sec. 37. Any proposed ordinance may be submitted to the council by petition signed by electors of the city equal in number to the percentage hereinafter required. The signatures, verification, authentication, inspection, certification, amendment and submission of such petition shall be the same as provided for petition under section thirty-six hereof.

If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty per centum of the votes cast for all candidates for mayor at the last preceding general election, and contains a request that the said ordinance be submitted to a vote of the people, if not passed by the council, such council shall either:

(a). Pass such ordinance without alteration within twenty days after attachment of the clerk's certificate to the accompanying petition; or,

(b). Forthwith, after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall call a special election, unless the general municipal election is fixed within ninety days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city. But if the petition is signed by not less than ten per centum of the electors, as above defined, then the council shall within twenty days, pass said ordinance without change, or submit the same at the next general city election occurring not more than ninety nor less than thirty days after the clerk's certificate of sufficiency is attached to said petition.

The ballot used when voting upon said ordinance, shall contain these words: "for the ordinance," and "against the ordinance." (stating the nature of the proposed ordinance.) If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition, or which shall be adopted by a vote of the people, cannot be repealed
or amended except by a vote of the people. Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section; but there shall not be more than one special election in any period of six months for such purpose.

The council may submit a proposition for the repeal of any such ordinance or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city clerk shall cause such ordinance or proposition to be published once in each of the newspapers published in said city; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

Referendum.

Sec. 38. No ordinance or franchise passed by the council, except when otherwise required by the general laws of the state or by the provisions of this act, except an ordinance for the immediate preservation of the public peace, health or safety, which shall contain a statement of its urgency, shall go into effect before ten days from the time of its final passage, and not then unless within two days after passage, Sundays and holidays excepted, the same shall have been published in full in some newspaper published and generally circulated in said city. And if during said ten days a petition signed by electors of the city, equal in number to at least twenty per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance, or franchise, be presented to the council, the said ordinance or franchise shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance, or franchise, and if the same is not entirely repealed, the council shall submit the ordinance, or franchise, as is provided by sub-section (b) of section thirty-seven of this act, to the vote of the electors of the city, either at the general election or at a special municipal election to be called for that purpose, and such ordinance or franchise shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall
be in all respects in accordance with the provisions of said section thirty-seven, except as to the percentage of signers, and be examined and certified to by the clerk in all respects as therein provided.

**Petitions.**

Sec. 39. Petitions provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides, his age and length of residence in the city. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and the number of signers at the time the affidavit was made.

**Election to Adopt or Reject Charter.**

Sec. 40. But this act shall not be effective unless the same shall be first submitted to the voters within the territory embraced and described in section two hereof, at a special election called for the purpose and adopted by the majority of the votes cast at such election. Said special election shall be held on the first Tuesday in May, in the year one thousand nine hundred and thirteen, unless this act shall not have taken effect on that day, in which case such election shall be held on the first Tuesday after the day on which this act would go into effect but for this section. The council of the towns of Keyser and South Keyser shall provide for circulation of printed copies of this act or publication thereof in such manner as said council deem best. The election shall be held in the election precincts at which the first primary and general election is to be held under this act, as provided in section three hereof, and the election officers shall be appointed for such special election and the result thereof ascertained, in the manner provided by section six of this act. The ballot shall be prepared under the direction of the council of the town of Keyser and shall be headed: "Special election for ratification or rejection of a new charter for Keyser," and underneath said head shall be the words, in separate lines, "for new charter," and "against new charter." Any voter desiring to vote for adoption of this act shall strike out the words "against new charter," and any voter desiring to vote for rejection of this act, shall strike out the words "for new charter." And in the event that this act shall not be in effect on the second Tuesday
preceding the first Tuesday after the first Monday in June, one thousand nine hundred and thirteen, the first primary election hereunder shall be held on the second Tuesday of June, and the first general election shall be held on the fourth Tuesday of June, one thousand nine hundred and thirteen.

Acts Repealed.

Sec. 41. All acts in conflict or inconsistent with this act, are to the extent of any such conflict, hereby repealed, but this act shall not be construed to repeal, change or modify any previous acts not inconsistent with this act, or to take away any powers heretofore conferred upon the city of Keyser, or upon the mayor or council, or any other of the officers thereof, conferred by general law, except so far as the same may be inconsistent with the powers hereby conferred.

(Senate Bill No. 56.)

CHAPTER 90.

Sec. 9. On the same day first mentioned in the preceding section one member of the council shall be elected in each ward in said city, who shall reside in the ward for which he is elected; and on the same day of each alternate year one member of the council shall be elected in each ward of the said city, whose term of office shall be two years from the first Monday in April succeeding his election, and until his successor shall be elected and qualified.

Sec. 10. The voting place of said city, where all elections for city purposes shall be conducted and held, shall be the place ordained, appointed and used by the council for its place of meeting at the time such election shall be held.

Sec. 11. Every male person residing in said city shall be entitled to vote for all officers to be elected under this act, but no person who is a minor, or of unsound mind, or a pauper, or who receives aid from the treasury of said city, or who is under conviction of treason, felony or bribery in an election, or who has not resided in this state for one year, and in the city of Weston for six months prior to the election, and who is not a bona fide resident of the ward in which
he offers to vote for the candidates for councilmen shall be entitled
to vote at any election.

Sec. 12. In all municipal elections the mode of voting shall be
by ballot, but the voter shall be left free to vote by open or sealed
or secret ballot, as he may elect. All elections in said city shall be
held and conducted, and the results thereof certified, returned and
finally determined as nearly as practicable in accordance with the
laws in force in this state relating to general elections by the people
at the time such election is held; but no registration of voters shall
be made unless ordered by the council of said city. The corporate
authorities of said city shall perform the duties in relation to such
election required by general laws of county courts and county officers.

Sec. 13. When two or more persons shall receive an equal number
of votes for councilman or other city officer, such tie shall be decided
by the council in being.

Sec. 14. All contested elections shall be heard and determined by
the common council for the time being; and the contest shall be
made and concluded in the same manner as provided for in contests
for county and district officers; and the common council shall con­
duct the proceedings in such cases as nearly as practicable in con­
formity with the proceedings of the county court in such cases.

Sec. 15. Whenever a vacancy shall occur from any cause in the
office of mayor, councilman, city attorney, city clerk, chief of police,
or street commissioner, or any other elective office, the council shall
immediately fill such vacancy by a vote of a majority of the council
until the next election.

Sec. 16. The council shall also have authority to provide by ordi­
nance for the appointment of such other officers as shall be necessary
and proper to carry into full force any authority, power or jurisdic­
tion which is or shall be so vested in the said city or in council
or mayor, or any officer or body of officers thereof, and to grant such of­
fer so appointed the power necessary or proper for the purpose above
mentioned. The tax collector shall have the power to collect all
taxes levied and assessed by the council of said city, and all other
assessments and money due the said city; and for that purpose shall
have the power to distrain and sell property for the enforcement of
such payment. And the said council shall, by ordinance, define
the duties of all officers so elected or appointed as aforesaid, and
allow them reasonable compensation, and which compensation shall
not be increased or diminished during their term of office; and shall
require and take from all those whose duty it is to receive funds, assets or property, or have charge of the same, such bonds, obligations and other writings as they shall deem necessary or proper to insure the faithful performance of their said duties. All officers so elected or appointed by said council shall hold their office or appointment during the will and pleasure of said council, but no appointee shall hold beyond the current year for which he shall have been appointed without a new election by the said council. All officers so appointed or elected may be removed from office for malfeasance, nonfeasance or misfeasance by the council. The chief of police shall have all powers, rights and privileges within the corporate limits of said city in regard to the arrest of persons, and the execution and return of process, that can be legally exercised by any constable of Lewis county within the city, and he and his sureties shall be liable for all fines, penalties and forfeitures that a constable of a district is legally liable to, for any failure or dereliction in his said office, to be recovered in the same manner and in the same courts that the same fines, penalties and failures are now recoverable against such district constable. It shall be the duty of the collector of taxes to collect all city taxes, licenses, levies, assessments, and such other claims as are placed in his hands for collection by the council, and he may distrain and sell for such taxes and assessments, and he shall have in all other respects the same power as a sheriff of a county to enforce the payment and collection thereof. All officers appointed by the council must be residents of the said city at the time of their appointment, and a removal from said city shall vacate their said offices.

Sec. 17. All officers elected and appointed under this act shall each, before entering upon the duties of his office, and within ten days from the time of his election or appointment, give bond required from any officer, take and subscribe an oath to faithfully and impartially discharge the duties of his office, and the oath to support the constitution of the United States, and the constitution of the state of West Virginia. The mayor having taken such an oath may administer the same to the councilmen and other officers. Certificates of said oath shall be recorded in the journal kept by the council.

Sec. 18. If any one who shall have been duly elected mayor, councilman, or to any other office herein provided for, shall not have been eligible as herein prescribed, or shall refuse or fail to take the oath and give the bond required under this act, within the time
prescribed, the council for the time being shall declare his office vacant and proceed to fill said vacancy by appointment as herein provided.

Sec. 19. The elective officers shall enter upon the duties of their offices within two weeks after they shall have been elected and shall continue therein until their successors are elected or appointed and qualified.

Sec. 20. The mayor shall be the chief executive officer of the said city, and shall take care that the orders, by-laws, ordinances, acts and resolutions of the council thereof are faithfully executed. He shall be ex officio, a justice and conservator of the peace within the city, and shall, within the same, have, possess and exercise all the powers and perform all duties vested by law in a justice of the peace, except that he shall have no jurisdiction in civil cases. Any warrant or other process issued by him may be executed at any place in the county. He shall have control of the police of the city, and may appoint special police officers whenever he deems it necessary, and may suspend any policeman for cause; and it shall be his duty to see that the peace and good order of the city are preserved; and that persons and property therein are protected; and to this end he may cause the arrest and detention of all riotous and disorderly persons in said city before issuing his warrant therefor. He shall have the power to issue executions for all fines, penalties and costs imposed by him, or he may require the immediate payment thereof, and in default of such payment thereof may commit the offending party to the jail of Lewis county or other place of imprisonment in such corporation, if there be one, until the fine or penalty and costs shall be paid, but the term of imprisonment in such case shall not exceed thirty days. In all cases where a person is sentenced to imprisonment, or to the payment of a fine of ten dollars or more, (and in no case shall a judgment for a fine of less than ten dollars be ordered or given by the mayor, if the defendant, his agent or attorney, objects thereto) such person shall be allowed an appeal from such decision to the circuit court of Lewis county, upon the execution of an appeal bond, with surety deemed sufficient by the mayor, in a penalty double the amount of the fine and costs imposed by the mayor, with condition that the person proposing to appeal will perform and satisfy any judgment which may be rendered against him by the circuit court on such an appeal. If such appeal be taken, the warrant of arrest, (if there be any) the transcript of
judgment, the appeal bond and other papers in the case, shall be forthwith delivered by the mayor to the clerk of said court, and the court shall proceed to try the case as upon indictment or presentment, and render such judgment, including that of costs, as the law and the evidence may require, but no judgment shall be rendered against said city for costs on such appeal.

The mayor may from time to time recommend to the council such measures as he may deem needful for the welfare of the city. The expense of maintaining any person committed to the jail of the county, or to any place of imprisonment in said city by him, except it be to answer an indictment, or be under provisions of sections two hundred and twenty-seven and two hundred and twenty-eight of chapter fifty of the code of this state, shall be paid by said city. Said mayor shall pay all moneys received by him for fines or by virtue of his office belonging to said city to the treasurer of the city within one week after he receives the same. He shall receive a compensation for his services, to be fixed by the council, which shall not exceed five hundred dollars per annum, exclusive of fees, and which shall not be increased or diminished during his continuance in office.

Sec. 21. The city clerk shall keep a journal of the proceedings of the council, and have charge of and preserve the records of the city, in the city building, safe or vault, if there be one. In absence from the city, or in the case of the sickness or disability of the mayor, or during any vacancy in the office of mayor, the city clerk shall perform the duties of the mayor which pertain to him as the chief executive of said city, and be vested with all powers necessary for the performance of such duties, except that he shall not vote in council, or become an ex officio presiding officer thereof. He shall be conservator of the peace within the city.

Sec. 21-a. The council of said city shall, by order, designate and appoint a councilman who shall act as mayor in the absence from the city of both mayor and city clerk, or from any meeting of the said council of the mayor, or in the event of the disability of both. And the councilman so designated shall, while he continues as a councilman, from time to time as they arise, act as the mayor of the said city in any of the contingencies in this section above mentioned, until some other councilman shall be designated, as aforesaid, and while so acting, he shall be vested with all the powers,
authority, and functions of mayor and shall perform all the duties of that office, including the duty of presiding over council.

Sec. 22. The presence of a majority of the council shall be necessary to make a quorum for the transaction of business.

Sec. 23. The council shall cause to be kept by the city clerk, in a well bound book, to be called the journal, an accurate record of all the proceedings, ordinances, acts, orders, and resolutions, and in another book, to be called the book of ordinances, accurate copies of all general ordinances adopted by the council, both of which shall be fully indexed and open to the inspection of any citizen of the city of Weston, or any one required to pay taxes therein, or who may be otherwise interested. All oaths and bonds of officers in the city, and all papers of the council shall be endorsed, filed and securely kept by the said clerk. The bonds of officers shall be recorded in a well bound book to be called the record of bonds. Said city clerk shall perform all such duties as may by ordinance of the council be prescribed. Said council may bind and print in pamphlet form all the general ordinances of said city, and transcripts of said ordinances, acts, orders, and resolutions, certified by the city clerk, under the seal of the city, shall be deemed \textit{prima facie} correct when sought to be used before any court, or before any justice.

Sec. 24. At a meeting of the council the proceedings of the last meeting shall be read and corrected, if erroneous, and signed by the presiding officer for the time being, and countersigned by the city clerk. Upon the call of any member, the ayes and noes upon any question shall be taken and recorded in the journal, and the roll for that purpose shall be called alphabetically.

Sec. 25. The mayor shall have a vote on all questions, and shall decide all ties.

Sec. 26. The meetings of the council shall be held at such place in said city and at such time as they shall from time to time ordain and appoint, but it shall be lawful for the council by ordinance, to vest in any officer of said city, or in any member or number of members of their own body, the authority to call special meetings; and it shall prescribe by ordinance the mode in which notice of said meeting shall be given, and no business shall be transacted at such special meeting unless a majority of all the members of the council shall be present, except that a less number may compel the attendance of absent members under such reasonable penalties as they may think proper to impose.

Sec. 27. All moneys belonging to the city shall be paid over to the
city treasurer; and no money shall be paid out by him except as the same shall have been appropriated by the council, and upon an order signed by the mayor and city clerk, and not otherwise.

Sec. 28. The council shall adopt all needful and just ward regulations, whether general or special, for the good of the citizens thereof; and shall also authorize street expenditures in the several wards as equity and justice demand, and may authorize the collection of a special tax for a specific purpose.

Sec. 29. No money shall be appropriated, and no debt shall be contracted for any purpose whatever, except that the funds to meet the same shall have been first provided by levy duly laid, in accordance with the provisions of this act; and no contract shall be entered into involving or anticipating future levies, unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same.

Sec. 30. The council of said city shall have the power to lay off, vacate, close, open, alter, grade and keep in good repair, the roads, streets, alleys, pavements, sidewalks, crossings, cross-walks, drains and gutters therein for the use of the citizens and the public, and to improve and light the same, and to keep them free from obstructions of every kind; to regulate the width of the pavement, sidewalks, footways, drains and gutters to be kept in good order, free and clean, by the owners or occupants of the real property next adjacent thereto; to establish and regulate markets, prescribe the time of holding the same, provide suitable and convenient buildings therefor, and to prevent the forestalling of such markets; to prevent injury or annoyance to the public or to individuals from anything dangerous, offensive, or unwholesome; to prohibit or regulate slaughter houses, tan houses and factories within the corporate limits; and to prohibit the exercise of any offensive business, trade or employment; to abate all nuisances within the corporate limits, and to require or compel the abatement or removal thereof at the expense of the person causing the same, or by or at the expense of the owner of the ground at the place they are found; to cause to be filled up, raised or drained by or at the expense of the owner, any city lot or tract of land covered or subject to be covered by stagnant water; to prevent horses, hogs, cattle, sheep and other animals and fowls of all kinds from going or being at large in said city; and as a means of prevention, said council may provide for the impounding and confining of said animals and fowls and, upon the failure to reclaim, for the sale thereof; to protect places of
divine worship and preserve order in and about the premises where such worship is held; to protect places of public instruction and schools, and to preserve order in and about all the school buildings; to regulate the keeping of gunpowder and other dangerous explosives and substances; and to protect places of lawful assemblies; to regulate the building of houses and other structures; for the maintaining and making division fences by the owners of adjacent premises; for the proper drainage of city lots and other parcels of land by or at the expense of the owner or occupant thereof, when such drainage shall be deemed necessary for the protection of the public health; to provide against danger or damage by fire; to punish assaults and batteries, gambling resorts and gambling devices of every kind and character, including slot machines; to prohibit the keeping or loitering in, or visiting houses of ill fame, or loitering by persons in a state of intoxication on the streets, or congregating or loitering in saloons; to prevent lewd or lascivious conduct, the sale or exhibition of indecent pictures or other representations; the desecration of the Sabbath day, and to provide for its orderly and lawful observance; to protect the persons of those residing or being within the city; to appoint, when necessary, a police force, permanent or temporary, to assist the police in the discharge of their duties; to prevent swearing, the illegal sale of intoxicating liquors, mixtures and other preparations, porter, beer, ale, wine or other drinks of like nature; to build, or purchase, or lease, and to use a suitable place of imprisonment within said city for the safe keeping and punishment of persons charged with or convicted of the violation of ordinances; to erect, or authorize or prohibit the erection of gas or water works within the city limits; to prevent injury of such works, or the pollution of any gas or water used or intended to be used by the people or by individuals; to provide for the cleanliness and healthfulness of all rivers or streams within the city limits; to provide for and regulate the measuring and weighing of hay, coal, lumber, or other articles sold or kept or offered for sale within said city, and to establish rates and charges for the use thereof; to create by ordinance such committees and boards and delegate thereto such authority as may be deemed necessary or advisable; to regulate the running speed of engines and cars and vehicles of every kind and character within said city, and to prohibit them from standing on street crossings; to provide for the annual assessment of taxable property within said city, including dogs kept therein, and to regulate their running at large; to provide for a revenue for the city for municipal purposes and to appropriate such revenues to its ex-
penses, and generally to take such measures as may be deemed necessary or advisable to protect the property, public and private, within said city; to preserve and maintain peace, quiet and good order within said city; and to preserve and promote the health, safety and well-being of the inhabitants thereof.

Sec. 31. The said council shall have authority to pass all ordinances (not repugnant to the constitution of the United States or to the constitution and laws of the state of West Virginia, or to this act), which shall be necessary or proper to carry into full effect and enforce the authority and jurisdiction which is or shall be granted to or vested in said city, or in the council thereof, or in any officer or body of officers of said city, and to enforce any and all ordinances by reasonable fines and penalties, and by imprisonment; and upon failure to pay any fine or penalty imposed, by compelling defaulting party to labor without compensation at any of the public works or improvements, undertaken or to be undertaken by said city, or to labor at any work which said city may lawfully employ labor upon, at such rate per diem as the council may fix (but not at a less rate than is fixed by said council for like labor for other employees of said city), until any fine or fines imposed upon any such offender or offenders by said city shall have been fully paid and discharged, after deducting charges of support while in custody of the officers of said city; provided, however, that no fines shall be imposed exceeding one hundred dollars, and that no person shall be imprisoned or compelled to labor as aforesaid more than thirty days for any offense. The jurisdiction of said city for police and criminal purposes shall extend one mile beyond the corporate limits of said city in all directions.

In addition to the powers already enumerated, the said city council shall have power to order elections for bonding the city as provided by chapter forty-seven-a of the code of West Virginia of one thousand nine hundred and six, purchase, build, construct and maintain plants and erect buildings, or other necessary structures, with equipments for furnishing the city or its inhabitants, for public or private consumption, at a reasonable cost to the latter, with gas or other material, for both fuel and illuminating purposes, and electric or other lights for the lighting of its streets and alleys, and public and private buildings; to construct, improve, extend and expand water works for said city, and to contract for and to construct and own an adequate supply of pure, healthful water for said city, and its inhabitants, for public and private consumption, and do all things neces-
sary to secure to said city and its inhabitants an adequate supply of pure and wholesome water, and to provide, contract for and construct an adequate sewerage system for said city.

Whenever anything for which a state license is required is to be done within said city, the council may require a city license therefor, and may impose a tax thereon for the use of said city.

And at each general state election, the question of granting or refusing licenses for the sale of spirituous liquors, wine, porter, ale, beer and drinks of like nature, shall, upon the petition in writing of at least twenty-five per cent of the votes cast at the last general election of said county being presented to said county court of Lewis county within thirty days prior to said election, be submitted to the voters of the county. The persons voting in favor of granting such license shall have on their ballots the words printed or written: "for license," and those voting against the granting of such license shall have on their ballots printed or written: "against license." If a majority of the votes cast on this question be in favor of license, it shall be the duty of the council, until the next general election, to grant such license, subject to the approval of and license therefor granted by the county court to any person applying therefor and entitled to the same under the provisions of law; but if in the said county election, a majority of the votes so cast be opposed, no such license shall be granted. Each ballot voted shall have written or printed on it the words "for license," and the words, "against license," so that the voter of any ticket may vote by erasing the one term or the other so as to conform to his desires. But nothing in this act contained shall be construed to authorize the granting of such license within said city in case the granting of such license has, under general law, or by the constitution of this state, been prohibited within the county of Lewis.

The council shall require from every person so licensed a bond with good security, to be approved by the council, in a penalty of at least three thousand five hundred dollars, payable to said city by its corporate name, conditioned as prescribed in section twenty-eight of chapter thirty-two of the code of West Virginia, and may revoke such license at any time the condition of said bond be broken, upon five days' previous notice to the person holding the same. And suits may be prosecuted and maintained on such bond as prescribed in said section of said chapter by the same person in the same manner, and to the same extent, as upon the bonds mentioned in said section, and
all the provisions of said section in relation to the bonds therein mentioned shall be applicable to the bonds required by this section.

Sec. 32. The council of said city shall have the authority within said city to require and grant licenses to owners of horses, hacks, carts, wagons, drays, bicycles, automobiles and every description of wheeled vehicles and carriages kept for hire, and to levy and collect taxes thereon, and subject the same to such regulations as the interests and convenience of the inhabitants of said city, or the protection of paved streets, in the opinion of the council shall require; also to license and tax hawkers, auctioneers, junk dealers and peddlers within said city, and persons who temporarily station themselves upon a street to sell or exhibit articles, and all butchers and vendors of meats, fruits or vegetables on the streets of the city may be required by the council to take out a license therefor. But nothing herein contained shall be construed to require any inhabitant of the county of Lewis to obtain a city license for the purpose of selling to the inhabitants of said city any meat, fruit or vegetables raised or produced by such inhabitant within said county. No license to permit the permanent occupancy for private use of an open street, alley or public square, or any part thereof, or a use for private purposes that obstructs the free use of the streets, shall be given or granted. And said council shall have the authority by city ordinance, to grant or refuse to grant a license to keepers of hotels, inns, taverns and boarding houses, but no license shall be granted for anything prohibited by state law.

Sec. 33. Franchises shall be granted by the council, allowing to persons or corporations, for a limited time, such occupancy of portions of the street as may be necessary for works of public utility and service, such as steam railway tracks, poles and trolley wires, telephone and telegraph poles and subways, electric light and other electric poles, wires and subways, and gas and steam pipe lines. But no such franchise shall hereafter be granted except under the following restrictions:

First. No ordinance granting any franchise for the using of the streets, alleys or public grounds of the city for any of the purposes of public utility above named, or for any other purpose of like nature, shall be passed unless it shall have been first proposed in the council and notice of the object, nature and extent of such franchise shall have been published at least thirty days by the applicant in some newspaper published in the city of Weston, before being acted upon, and shall have received the votes of a majority of the members of the council at a regular meeting or meetings and after said publication.
The votes thereon shall be taken by ayes and noes, and the same entered upon the journal. No such ordinance shall take effect until the expiration of twenty days after its passage; and if within the said twenty days a petition be filed with the city clerk signed by one-fifth of the qualified voters of the city, based upon the number of votes cast at the last city election, requesting it, the council shall submit such ordinance to the qualified voters of the city for ratification or rejection, at a special election to be held for that purpose within forty-five days after such petition is presented, and the votes for ratification and for rejection cast at such election shall be entered upon the journal. If a majority of the votes cast at such election shall be in favor of ratification, then such ordinance shall take effect from the time the vote is so entered upon the journal.

Second. Every grant of any such franchise shall be for a limited period of time. If no limit be expressly provided in the grant, the franchise shall be valid for one year only. In no case shall the franchise extend for a period exceeding thirty years, except that in case of a street railway franchise such period may be not exceeding fifty years; but if such franchise period is to exceed thirty years, the council must, and without such petition, submit such ordinance for ratification or rejection to such vote as is required by the first clause of this section.

Third. No grant of any such franchise shall be made without, at the time of making it, providing that the grantee shall indemnify the city against all damages caused by the construction of such works. All reasonable additional provisions and conditions may be made for the protection of the public from unnecessary damage or inconvenience by reason of such works and the operation thereof.

Fourth. No grant of any franchise shall be made without, at the time of making it, providing that the city shall receive in consideration thereof a compensation, to be paid annually during the whole period; provided, however, that the principle of competition shall be employed by the council where it is offered so that the franchise, with prescribed terms and conditions as to its extent, and as to the rates to be charged to the public by it for its services, will be given to the person or corporation bidding or agreeing to pay therefor to the city the highest compensation, or so that the franchise, with prescribed conditions as to its extent, and the compensation that must be paid therefor, will be given to the person or corporation that will agree to render services to the public at the lowest rates.

Fifth. No grant of a franchise or the extension of, or an addition
to, any line of such work, over any additional street or territory of the city, shall be made for a period extending beyond the time limited for the expiration of the franchise of the principal work of which it is an extension; and if the franchise of the principal company or work is one which was granted before this act goes into effect, and is not limited as to time, the franchise granted for the extension or addition shall nevertheless be made subject to the conditions hereof including a time limit of not exceeding thirty years. If a franchise be secured from the city by an individual or by an independent or new company, and the work constructed thereunder afterwards becomes a part of it, or be operated as a part of a larger work of the same kind whose franchise was previously obtained and is limited to expire earlier, such later franchise shall, by reason of such annexation, merger, or single operation, expire simultaneously with such earlier franchise.

Sixth. The council shall in suitable, practicable terms, make it an express condition of the grant of any such franchise where it is for a work that is useful chiefly to the local public, that at the expiration of such franchise, the grantee shall, if required by the council, sell to the city the physical plant at what it is then worth, independent of any value based upon the earning power thereof, and may also provide a means by arbitration or otherwise for determining what such value of the plant may be.

Sec. 33-a. Any twenty-five or more freeholders residing in said city, desiring to increase the corporate limits thereof, may file their petition in writing with the council thereof, setting forth the changes proposed in the metes and bounds of said city and asking that a vote be taken upon the proposed change. The council shall thereupon order a vote of the qualified voters residing in said city to be taken upon the proposed change, at a time and place therein to be named in the order, not less than twenty, nor more than thirty days from the date thereof. The said council shall at the same time order a vote of all such voters owning any part of such territory, whether they reside therein or not, to be taken upon the question, on the same day at some convenient place or near said additional territory, which vote shall be taken, superintended and conducted, and the result thereof ascertained, certified and returned, in the same manner and by the same persons that elections for city officers are held, superintended, conducted, ascertained, certified and returned. The ballots cast upon such question shall have written or printed on them the words, “for increase of corporate limits,” or “against increase of corporate limits,” as the voter may choose. If a majority of all votes cast in said city,
and a majority of all the votes cast by persons residing on or owning any part of the additional territory proposed to be included in said city limits, be in favor of the proposed change, the city limits shall be proposed from such petition from the entry of the order provided for in the following section.

Sec. 34. The council of said city shall enter the result of such vote upon its minutes and when the change proposed is adopted, as provided in the next preceding section, they shall certify the same to the circuit court of Lewis county, and said court shall thereafter enter an order in substance as follows: "A certificate of the council of the city of Weston was this day filed, showing that the corporate limits of the city of Weston have been increased in the manner required by law, and by such change the corporate limits are as follows: Beginning at (here recite the boundary as changed.) It is therefore ordered that said increase in said corporate limits be, and the same is hereby approved and confirmed, and the clerk of the court is directed to deliver to the said council a certified copy of this order as soon as practicable after the rising of this court," and, from and after the date of such order, the corporate limits of said city shall be as set forth therein.

Sec. 35. A book, well bound and indexed, to be denominated the "docket," shall be kept in the office of the mayor, in which shall be noted each case brought before or tried by him, together with the proceedings therein, including a statement of the complaint, the summons, the return, the fact of appearance or non-appearance, the defense, the hearing, the judgment, the costs, and in case the judgment be one of conviction, the action taken to enforce the same. The record of each case shall be signed by the mayor, and the original papers thereof, if no appeal be taken, shall be kept together and preserved in his office; and the mayor shall deliver to his successor the docket and all books and papers pertaining to his office.

Sec. 36. The council shall have the power to appoint and constitute a board of health consisting of one reputable physician, and two of its own members, which said board of health under the supervision and with the approval of said council, shall have full power to make all needful rules and regulations for the keeping and maintaining of the said city in proper and healthful condition; and when such board of health shall have been elected and organized, it shall have exclusive control of all matters relating to the public health within the limits of the city.
Sec. 36-a. The council shall cause to be made annually and spread upon its minute book an accurate estimate of all sums which are or may become lawfully chargeable against the city and which ought to be paid within one year; and it shall order a levy of so much as will in its judgment be necessary to pay the same. Such levy shall be upon all tithables and upon all real and personal property therein subject to the state and county taxes, including a poll tax of not more than one dollar upon each male resident of said corporation over twenty-one years of age; provided, that such levy shall not exceed one dollar on each tithable and thirty-five cents on every one hundred dollars of the ascertained value of such property.

At least once in each year the council shall cause to be made up and published in one or more newspapers of the city a statement of the revenue received from the different sources, and of the expenditures upon the different accounts, for the preceding year or portion of year, as the case may be.

Sec. 37. It shall be the duty of the city clerk, who shall be the assessor, to make an assessment of the property within the city subject to taxation, substantially in the manner and form in which assessments are made by the assessor of the county, and return the same to the council on or before the first day of June in each year, and for this purpose he shall have all powers conferred by law on county assessors. He shall list the number of dogs in the city and the names of the persons owning the same, which list shall be returned to the council. (See chapter forty-seven, section forty-one, code of West Virginia.) In order to aid the said council in ascertaining the property and tithables subject to taxation by said city, the city clerk (who shall act as assessor) of said city shall have access to all books and public records of Lewis county without expense to said city or assessor, and he shall also have the same power and be subject to the same penalties in ascertaining and assessing the property and subjects of taxation in said city as are granted and imposed upon the county assessors throughout the state by the general state law, and the council shall also have authority to prescribe by ordinance and such other rules and regulations as may be necessary to enable and require such assessor to ascertain and properly assess all property and tithables liable to be taxed by said city so that such assessment and taxation shall be uniform. And the said city assessor, making the valuation for assessment, shall make the same assessment for both real and personal property as the assessor of said county for the as-
assessment year assessed by the county assessor, and to enforce such ordi

Sec. 38. There shall be a lien upon real estate within said city for city taxes assessed thereon and for all fines and penalties assessed to or imposed upon the owners thereof by the authorities of said city from the time the same is so assessed or imposed, which shall have priority over all other liens, except the lien for taxes due the state and county, and which may be enforced by the council in the same manner provided by law for the enforcement of the lien for county taxes. Sec. 45. The said city shall succeed to all rights, powers and re-
sponsibilities heretofore conferred upon "the city of Weston," and its predecessor, the "town of Weston," and all regularly elected officers of said city acting as such at the time this act takes effect, shall continue until the first Monday in April, one thousand nine hundred and thirteen, and until their successors, the officers herein mentioned, are elected or appointed and qualified to exercise the powers, perform the duties, and receive the compensation heretofore conferred, prescribed and allowed by general law or by ordinance of said city. SENATE JOINT RESOLUTION NO. 4.

(Adopted January 31, 1913.)

A joint resolution of the legislature of West Virginia memorializing
the congress of the United States to enact into law senate bill six
thousand two hundred and forty-seven, and to provide for the pay-
ment to West Virginia of the sums of money due the state from
the disposition of the lands ceded by Virginia to the United States
March first, one thousand seven hundred and eighty-four, and to
carry out the trust embodied in said cession of Virginia to the
United States.

WHEREAS, On the twentieth day of October, one thousand seven
hundred and eighty-three, Virginia authorized a cession of the north-
west territory to be made to the United States, and on March first,
one thousand seven hundred and eighty-four, her deed of cession was
completed, whereby Virginia yielded to the congress of the United
States, for the benefit of said states, all right, title and claim which
the said commonwealth had to the territory northwest of the River
Ohio, subject to the conditions annexed to the said act of cession; and,

WHEREAS, The following were the proceedings of congress, which
occurred on March first, one thousand seven hundred and eighty-four,
in and about said cession:

Proceedings of Congress.

"March first, one thousand seven hundred and eighty-four, Virginia,
through her delegates in the continental congress, Thomas Jefferson,
Samuel Hardy, Arthur Lee and James Monroe, completed the act of
cession, the following proceedings being had in congress:
"On motion of Mr. Howell, of Rhode Island, the following resolution was adopted:

"Whereas, The general assembly of Virginia, at their session commencing on the twentieth day of October, one thousand seven hundred and eighty-three, passed an act to authorize their delegates in congress to convey to the United States, in congress assembled, all the right of that commonwealth to the territory northwest of the River Ohio; and,

"Whereas, The delegates of said commonwealth have presented to congress the form of a deed proposed to be executed pursuant to the said act, in the words following:

"To all who shall see these presents, we, Thomas Jefferson, Samuel Hardy, Arthur Lee and James Monroe, the underwritten delegates for the commonwealth of Virginia, in the congress of the United States of America, send greeting:

"Whereas, The general assembly of the commonwealth of Virginia, at their sessions begun on the twentieth day of October, one thousand seven hundred and eighty-three, passed an act entitled 'an act to authorize the delegates of this state in congress to convey to the United States, in congress assembled, all the right of this commonwealth to the territory northwestward of the River Ohio;' in these words following, to-wit:

"Whereas, The congress of the United States did, by their act of the sixth day of September, in the year one thousand seven hundred and eighty, recommend to the several states in the union having claims to waste and unappropriated lands in the western country a liberal cession to the United States of a portion of their respective claims for the common benefit of the union; and,

"Whereas, This commonwealth did, on the second day of January, in the year one thousand seven hundred and eighty-one, yield to the congress of the United States, for the benefit of said states, all right, title and claim which the said commonwealth had to the territory northwest of the River Ohio, subject to the conditions annexed to the said act of cession; and,

"Whereas, The United States, in congress assembled, have, by their act of the thirteenth of September last, stipulated the terms on which they agree to accept the cession of this state, should the legislature approve thereof, which terms, although they do not come fully up to the propositions of this commonwealth, are conceived, on the whole, to approach so nearly to them as to induce this state to accept thereof,
in full confidence, that congress will, in justice to this state for the liberal cession she has made, earnestly press upon the other states claiming large tracts of waste and uncultivated territory the propriety of making cessions equally liberal for the common benefit and support of the union.

"Be it enacted by the General Assembly:

"That it shall and may be lawful for the delegates of this state to the congress of the United States, or such of them as shall be assembled in congress, and the said delegates, or such of them so assembled are hereby fully authorized and empowered, for and on behalf of this state, by proper deeds or instrument in writing, under their hands and seals, to convey, transfer, assign and make over unto the United States in congress assembled, for the benefit of said states, all right, title and claim, as well of soil as jurisdiction, which this commonwealth hath to the territory or tract of country within the limits of the Virginia charter, situate, lying and being to the north-west of the River Ohio, subject to the terms and conditions contained in the before-recited act of congress of the thirteenth day of September last; that is to say, upon condition that the territory so ceded shall be laid out and formed into states, containing a suitable extent of territory, not less than one hundred nor more than one hundred and fifty miles square, or as near thereto as circumstances will admit: and that the states so formed shall be distinct republican states and admitted members of the federal union, having the same rights of sovereignty, freedom and independence as the other states.

"That the necessary and reasonable expenses incurred by this state in subduing any British posts or in maintaining forts and garrisons within and for the defense, or in acquiring any part of the territory so ceded or relinquished shall be fully reimbursed by the United States; and that one commissioner shall be appointed by congress, one by this commonwealth and another by those two commissioners, who, or a majority of them, shall be authorized and empowered to adjust and liquidate the account of the necessary and reasonable expenses incurred by this state which they shall judge to be comprised within the intent and meaning of the act of congress of the tenth of October, one thousand seven hundred and eighty, respecting such expenses; that the French and Canadian inhabitants and other settlers of the Kaskaskies, St. Vincents and the neighboring villages
who have professed themselves citizens of Virginia shall have their possessions and titles confirmed to them and be protected in the enjoyment of their rights and liberties. That a quantity not exceeding one hundred and fifty thousand acres of land, promised by this state, shall be allowed and granted to the then colonel, now Gen. George Rogers Clark, and to the officers and soldiers of his regiment who marched with him when the post of Kaskaskies and St. Vinents were reduced, and to the officers and soldiers that have been since incorporated into the said regiment, to be laid off in one tract, the length of which not to exceed double the breadth, in such place on the northwest side of the Ohio, as a majority of the officers shall choose, and to be afterwards divided among the said officers and soldiers in due proportion according to the laws of Virginia. That in case the quantity of good land on the southeast side of the Ohio, upon the waters of the Cumberland river and between the Green river and Tennessee river, which have been reserved by law for the Virginia troops, upon continental establishment, should, from the North Carolina line bearing in farther upon the Cumberland lands than was expected, prove insufficient for their legal bounties, the deficiencies should be made up to the said troops in good lands, to be laid off between the river Scioto and Little Miami, on the northwest side of the River Ohio, in such proportion as have been engaged to them by the laws of Virginia. That all the lands within the territory so ceded to the United States and not reserved for or appropriated to any of the before-mentioned purposes or disposed of in bounties to the officers and soldiers of the American army, shall be considered as a common fund for the use and benefit of such of the United States as have become, or shall become, members of the confederation or federal alliance of the said states, Virginia inclusive, according to their usual respective proportions in the general charge and expenditure, and shall be faithfully and bona fide disposed of for that purpose and for no other use or purpose whatsoever:

"Provided, That the trust hereby reposed in the delegates of this state shall not be executed unless three of them, at least, are present in congress; and,

"Whereas, The said general assembly, by the resolution of June sixth, one thousand seven hundred and eighty-three, had constituted and appointed us, the said Thomas Jefferson, Samuel Hardy, Arthur Lee and James Monroe, delegates to the said commonwealth in con-
gress for one year from the first Monday in November then next following, which resolution remains in full force:

"Now, therefore, know ye that we, the said Thomas Jefferson, Samuel Hardy, Arthur Lee and James Monroe, by virtue of the power and authority committed to us by the acts of the said general assembly of Virginia before recited, and in the name and for and on behalf of the said commonwealth, do by these presents convey, transfer, assign, and make over unto the United States, in congress assembled, for the benefit of the said states, Virginia inclusive, all right, title and claim, as well of soil as jurisdiction, which the said commonwealth hath to the territory or tract of country within the limits of the Virginia charter, situate, lying and being to the northwest of the River Ohio, to and for the uses and purposes and on the conditions of the said recited act. In testimony thereof we have hereunto subscribed our names and affixed our seals in congress the first day of March, in the year of our Lord, one thousand seven hundred and eighty-four, and of the independence of the United States the eighth.

"Resolved, That the United States in congress assembled are ready to receive this deed whenever the delegates of the state of Virginia are ready to execute the same.

"The delegates of Virginia then proceeded and signed, sealed and delivered the said deed, whereupon congress came to the following resolution:

"Resolved, That the same be recorded and enrolled among the acts of the United States in congress assembled;"

WHEREAS, By said proceedings the state of Virginia granted to the United States the territory embracing the states of Ohio, Indiana, Illinois, Wisconsin, Michigan, part of Minnesota, amounting to one hundred and seventy million (170,000,000) acres of land; and

WHEREAS, Said cession of the state of Virginia to the United States of America was not an absolute gift, but the same was upon expressed conditions, as follows, to-wit, the same being set out in the clause of the act of Virginia and in the deed of cession:

That all land within the territory so ceded to the United States and not reserved or appropriated to any of the before-mentioned purposes, or disposed of in bounties to the officers and soldiers of the American army, shall be considered as a common fund for the use and benefit of such of the United States as have become or shall become members of the confederation, or federal alliance, of the said states, Virginia inclusive, according to their usual respective pro-
portions in the general charge and expenditure, and shall be faithfully and bona fide disposed of for that purpose and for no other use or purpose whatsoever; and,

WHEREAS, West Virginia until the twentieth day of June, one thousand eight hundred and sixty-three, was a part of the commonwealth of Virginia, and upon said twentieth day of June, one thousand eight hundred and sixty-three, was formed into the state of West Virginia; and,

WHEREAS, The United States after said grant went into effect expressly recognized that said grant was not absolute in its terms, but was upon conditions; and,

WHEREAS, The conditions of said grant were not carried out as specifically set out in the act of the general assembly of Virginia and in the deed of cession, and said land was not used for the benefit of all of the states as expressly provided for in said act of cession, but congress appropriated 38,868,212 acres of land and practically three millions of dollars derived from the sale of these public lands to the states of Ohio, Indiana, Illinois, Michigan, Wisconsin and Minnesota, and the same were used entirely and absolutely for local purposes within said states for the construction of schools, canals, roads and other local purposes therein, thus in no manner carrying out the reservations in said deed of cession. The value of said land so donated to local uses at the price at which said lands were fixed per acre would make the value of said donation for local purposes for said states, contrary to the terms of said deed of cession, amount to $80,695,078; and by the action of the United States, in reference to said conditional cession, one-fifth of the land conveyed by Virginia under such conditional cession has been disposed of and Virginia has derived no use and benefit for the same, Virginia's proportion in the general charge and expenditure being about one-seventh of the whole, giving her interest in the lands not applied as directed by the deed at about one-seventh of the whole; and,

WHEREAS, Senate bill six thousand two hundred and forty-seven, to provide for the bringing of suits against the United States by Virginia, West Virginia, Kentucky, Delaware, Pennsylvania, New Jersey, Georgia, Connecticut, Massachusetts, Maryland, South Carolina, New Hampshire, North Carolina and Rhode Island, has been introduced in the senate of the United States by William E. Chilton, a senator from West Virginia, for the purpose of allowing each of the said
states to institute a suit in the court of claims in and about the matters arising from said cession; and,

WHEREAS, West Virginia being part of the original commonwealth of Virginia is directly interested in the adjustment of Virginia's reserve interest in the lands ceded to the United States March first, one thousand seven hundred and eighty-four; therefore, be it

Resolved, by the Senate of the State of West Virginia, the House of Delegates concurring therein:

That the congress of the United States be memorialized to enact said bill into law, allowing an adjustment of the sums of money due the state of West Virginia derived from the disposition of the lands ceded by Virginia to the United States March first, one thousand seven hundred and eighty-four, in contravention of the terms of the said cession to the government of the United States, and that the just proportion of the amount justly due the state of Virginia be held for the use and benefit of the state of West Virginia, and that the senators and representatives of the state of West Virginia in the congress of the United States be requested to use all honorable efforts to bring about the action of the congress of the United States, so that the rights of West Virginia in the premises may be protected, and that her part of the sums of money above set out shall be paid to her under and according to the terms of the convention aforesaid between Virginia and the United States.

the first session of the senate next after a general election, or at the

expression is used in the constitution, shall mean the one oldest in
continuous service in his respective house, and if two or more have
had the same continuous service, then the one of those who is oldest

In case of the death, conviction on impeachment, failure to qualify,
resignation or other disability of the governor, the duties of governor
shall devolve upon the lieutenant-governor who shall act as governor
for the balance of the unexpired term, and until a successor is elected
and qualified, or until the disability of the governor is removed; and
if the lieutenant-governor for any cause shall become incapable of per-
forming the duties of governor, the same shall devolve upon the
speaker of the house of delegates who shall act as governor until a

do so devolve upon the speaker of the house when more than one year
of the term of the governor remains unexpired, a special election

unexpired term as shall be provided by law.
In all other cases, where there is no one to act as governor, one shall be chosen by a joint vote of the two houses of the legislature, who for the purpose of choosing some one to act as governor shall at the earliest possible date be summoned in extraordinary session by the secretary of state, and in case a governor is so chosen by joint vote of the two houses, his tenure of office and the election of his successor shall be governed by the same rules as are above provided in cases where the duties of governor devolve upon the speaker of the house of delegates. The lieutenant-governor shall receive such salary as may be fixed by law.
