23 amount necessary to be raised for each fund by the levy
24 of taxes for the current fiscal year, the proposed rate of
25 such levy in cents on each one hundred dollars assessed
26 valuation of the taxable property in the district for each
27 of such funds, and the separate and aggregate amounts
28 of the assessed valuation of real estate, personal property,
29 and public utility property assessed by the board of
30 public works. A copy of such statement duly certified by the
31 secretary of the board shall immediately be forwarded to the state
32 tax commissioner, and said statement shall, before the next meet-

for a minimum term, or for a longer term where the same has been
extended by or according to law. In case, however, the levy here-

school fund hereinafter provided, will not produce a sufficient fund
to pay minimum salaries to a sufficient number of teachers for all
the schools of the district for the minimum term it shall be the
duty of the board of education to lay an additional levy to make up
the deficiency in the teachers' fund.

(c) In any district or independent district where the term of
school has been, or shall hereafter be, extended for a longer period
than the minimum term by a majority of the votes cast at an elec-
tion therein as provided by law, and the maximum rate of levy
hereinbefore provided for maintenance building fund purposes and
teachers' fund purposes will not provide sufficient funds to defray
the expenses of the term provided by such election, the board of
education shall lay a levy sufficiently high to provide the funds
necessary to conduct the schools in such district for the term pro-
vided by such election, and such levy shall be separated into, and
designated as, maintenance fund levy, and teachers' fund

The proceeds of the capitation tax, the income of the school fund, the net proceeds of all forfeitures and fines which accrued to the state during the previous year and all moneys arising from the sources named in section four of article twelve of the constitution heretofore going to the "school fund" but as now amended going to the "general school fund," all interest on public moneys received from state depositories, state license tax on marriage, state tax on forfeitures, state tax on state licenses except motor vehicles and state licenses paid direct to the state auditor and secretary of state, and all funds from any source paid into the treasury for school purposes and not otherwise appropriated, shall be set apart for the support of free schools, as a separate fund to be called "the general school fund."
Such funds shall be used for the following purposes in the order enumerated, preference being given likewise:

First—To pay the salary of the state superintendent of free schools his necessary traveling expenses not to exceed five hundred dollars, the contingent and other expenses of his office, and the salaries of county superintendents.

Second—To supplement the teachers' fund of elementary schools in districts where the maximum levy for teachers' fund purposes will not provide sufficient funds to pay the minimum salaries to a sufficient number of teachers for all the first eight grades of the public schools.

Third—To supplement the maintenance fund of elementary schools in districts where the maximum levy will not provide sufficient funds to pay the actual maintenance expenditures for the minimum term.

Fourth—To supplement the elementary teachers' fund to an amount equal to the amount accruing from any additional levy in excess of forty cents on the one hundred dollars, which levy has been fixed according to law and which is for the purpose of augmenting teachers' salaries and for the employment of district supervisors.

The state superintendent shall thereupon ascertain the needs for the various purposes in the order and preference numerated above whose duty it shall be to deposit with the treasurer of the board of education, to the credit of such fund, the amounts to which such district is entitled.

But before making requisition on the auditor for the supplemental aid herein provided, the state superintendent shall inform himself of the conditions existing in such districts applying for aid as to the number of teachers employed, the number of pupils enrolled, the enforcement of the compulsory school law and other matters that pertain to the progress of the public schools of the district and shall require from all boards of education asking such aid, on forms to be prescribed and furnished by him, a financial statement thereof supported by affidavits showing the needs existing in such districts, the necessity for such aid and that the law authorizing such aid has been complied with.

The state superintendent shall also notify the county superintendent of each county to which supplemental aid is furnished the amount thereof, who in turn shall notify the boards of education of such districts as receive such supplemental aid of the amount thereof apportioned to such district and that the same can not be drawn by them until they have fully complied with the law under which such aid is authorized.

Sec. 9 (a) If any county court, board of education, or common council of a municipal corporation be of opinion that the maximum rate of levy of taxes hereinbefore named in section two-a as to counties, or in section five as to elementary and high schools, in school districts, or in section eight as to municipalities, will not produce sufficient funds for the current fiscal year to cover the expenditures for the year in the county or school district, or municipality, as the case may be, it may enter an order on its record book of proceedings setting forth the purposes for which additional funds will be needed, the amount thereof for each purpose, and the total thereof, the separate and aggregate amount of the taxable property on which it is authorized to levy taxes and the rate of levy in cents on each one hundred dollars assessed
valuation of such property necessary to produce the additional amount estimated to be needed; and in the same order submit to the voters of the county, the school district or the municipality, as the case may be, at an election therefor, the question of such additional levy. If a majority of the votes cast on the question at such election be in favor of such additional levy, the court, board or council, as the case may be, shall have authority to make such additional levy, but the same shall not exceed twenty cents on each one hundred dollars assessed valuation of the taxable property in the county, school district, or municipality, according to the last assessment thereof.

(b) If any county school or independent school district or municipal corporation has, at the time this act goes into effect, an outstanding bonded indebtedness where no provision has herebefore been made to pay the interest on such bonds and provide a sinking fund for the discharge of the principal of the same at maturity, the county court, the board of education, or the municipal council, as the case may be, shall lay a levy sufficiently high to pay the interest and provide a sinking fund for the discharge of the principal of such bonds at maturity and shall continue to lay the same from year to year until such bonded indebtedness is liquidated. The funds arising from such levy shall be used for the purposes for which levied and no other.

(c) If any county, school or independent school district or municipal corporation, creates in the future a bonded indebtedness according to law, the county court, board of education, or municipal council, as the case may be, shall enter an order on its record book of proceedings setting forth the maximum rates of levy necessary in each year to pay the interest and provide a sinking fund for the discharge of the principal of the bonds at maturity: and in the same order submit to the voters of the county, district or municipality, as the case may be, at the election held for the purpose of authorizing the bond issue, the question of such levy. At such election there shall be printed on the ticket a brief statement of the levy herein provided for, such as "To authorize a maximum special levy of ............ cents to pay the interest on, and ............ cents to provide sinking fund for the discharge of the principal of the bonds now being voted for according to the order of ............ entered on the ............ day of ............" And directly under-
neath, in two separate lines, shall be printed the words "For the
levy." "Against the levy." In all respects the provisions of the
laws concerning general elections and elections under the provi-
sions of this act shall apply to such election as far as they are prac-
ticable. If a majority of the votes cast at such election be in favor
of such levy, the county court, board or council, as the case may be,
shall have authority to lay such maximum levy, and it may con-
tinue to lay the same on such portion thereof as is necessary, from
year to year, without an additional vote, until such bonded in-
debtedness is liquidated; but the funds arising from such levy shall
be used for the purposes for which levied and no other.

may be renewable, as such rules and regulations may prescribe.
Upon recommendation by the superintendent of schools of said

Only persons holding certificates issued in duplicate by said board of examiners shall be employed by the said board in the instructional or supervisory departments of the school system; provided, however, that the superintendent of schools of said district and the members of the said board of examiners shall not be required to obtain any certificate. Each member of said board of examiners shall receive such compensation as the board of education may determine.

Sec. 14. Said board of education shall hold a session on the second Tuesday in August, in each year, for the transaction of business generally, and especially for the transaction of business required by this section. At such session the said board shall ascertain the condition of the fiscal affairs of the district, and make up an itemized statement thereof, distinguishing between the various funds hereinafter provided, which statement shall set forth in detail:

First: Separate amounts due the various funds of the district, and the amounts that will become due and collectible during the current fiscal year, except from the levy of taxes to be made for the year.

Second: The debts and demands owed by the district, and the debts and demands that will become due and payable during the current fiscal year, including interest on any indebtedness, funded, bonded or otherwise.

Third: All other expenditures under the several heads of expenditures, to be made and payable out of the levy of the district for the current fiscal year, with proper allowances for delinquent taxes, exonerations and contingencies. Said statement shall also set forth the separate amount necessary to be raised for each fund by the levy of taxes for the current fiscal year, the proposed rate of such levy in cents on each one hundred dollars assessed valuation of the taxable property in the district for each
of such funds, and the separate and aggregate amounts of the as-
ised valuation of real estate, personal property, and public util-

such statement duly certified by the secretary of the board shall im-
ediately be forwarded to the state tax commissioner, and said
statement shall, before the next meeting of the board, be published
once in two newspapers of opposite politics in the county, if there
be two such newspapers of general circulation in the county. If
there be but one newspaper published in the county, the publica-
tion shall be made therein. The session shall then stand ad-
journered until the fourth Tuesday in August, at which time it
shall reconvene and proceed in all respects as hereinafter pro-
viced. After having entered the statement as finally approved in
its books of record or proceedings, the board shall thereupon levy
as many cents on each one hundred dollars assessed valuation of
the taxable property in the district, according to the last assess-
ment thereof, as will produce the amounts shown by the statement
approved to be necessary, as follows:
(a). For teachers' fund purposes a levy sufficient to maintain
elementary and high schools of the district for a minimum term
of nine months, or such longer term as the board of education may
determine and to maintain such other schools as may be established
and maintained by said board under the provisions of sub-section
(c) of section eleven of this act.
(b) For building fund purposes a levy not to exceed fifty cents,
which fund shall be used for the maintenance of buildings for the
purposes of purchasing lands and the erection of buildings thereon;
for the purchase and remodeling of buildings; for building addi-
tions to school houses; for furnishing and equipping the same, and
for all other expenses attending the efficient management and main-
tenance of said school system, not included within the purposes for
which the teachers' and interest and sinking fund levies are provid-
ed by this act. Where exigencies exist for additional housing, said
building fund levy not being sufficient to provide for the same, and
provide sufficient funds for the other purposes for which said
levy is laid, an additional levy hereunder may be laid, not to ex-
ceed twenty-five cents, but such levy shall not be made until the
same shall have been first approved in writing by the state superin-
tendent of free schools and by the state tax commissioner.
For interest and sinking fund purposes the levies heretofore lawfully authorized for the payment of the interest and to provide a fund for the retirement at maturity of the present outstanding bonded indebtedness of said district and such levies for like purposes as may hereafter be lawfully authorized pursuant to this act. Within three days after the said board has laid the levies for the various funds hereinbefore provided, it shall be the duty of the secretary of the board to forward a certified copy of orders laying the levies to the state tax commissioner and to the clerk of the county court of Cabell county, and the assessor of said county, and the rate of levy for all funds and the total value of real and personal property in said district to the state superintendent of free schools and the auditor of the state, and it shall, thereupon, be the duty of the proper county officers to extend on the land and personal property books the amount of taxes levied aforesaid, which taxes the sheriff shall collect and account for as required by law.

Sec. 15. Said board of education may borrow money, and issue bonds therefor, for the purpose of purchasing school sites and erecting, completing, enlarging, repairing, or furnishing school buildings in such district; provided, however, that no such debt shall be contracted under this section, unless all questions connected therewith shall have been first submitted to a vote of the people of such district at a general or special election and have received a majority of three-fifths of all the votes cast for and against the same, and, provided, further, that no debt shall be contracted under this section which shall, including existing indebtedness, in the aggregate exceed five per centum of the value of the taxable property in such district, as ascertained by the last assessment for state and county taxes; nor without at the same time submitting to the voters of such district at the election held for the purpose of authorizing bonds, the question of authorizing a special levy sufficient to pay the interest annually on all the outstanding bonds and to retire the same at maturity. If said board creates in the future such bonded indebtedness, the board shall enter an order on its record book of proceedings setting forth the maximum rate of levy necessary in each year to pay the interest and provide a sinking fund to discharge the principal of the bonds at maturity, and in the same order submit to the voters of said district at the election held for the purpose of authorizing such bond issue, the question of such levy. At such election there shall be printed on
the ticket a brief statement of the levy herein provided for, such as
"To authorize a maximum of special bond levy of ....... cents
to pay the interest and ....... cents to provide a sinking fund for
the discharge of the principal of the bonds now being voted for ac-
cording to the order of the board of education of the independent
district of Huntington, in the county of Cabell, entered on the.....
day of .......," and directly underneath in two separate lines shall
be printed the words "For the levy" and "Against the levy". In all
respects the provisions of the law concerning general elections shall
apply to such elections as far as they are practicable. If the ma-
jority of the votes cast at such election be in favor of said levy,
said board shall have authority to lay such maximum levy and may
continue to lay the same, or such portion thereof as is necessary,
from year to year, without an additional vote, until said bonded
indebtedness is liquidated. But the funds arising from such levy
shall be used for the purposes for which levied and none other.
Said bonds shall not be issued for a longer period than thirty-
four years, nor shall they be sold for less than their par value, nor
bear interest at a greater rate than six per centum. The said
board may, in its discretion, issue such bonds, payable either (a)
all thereof payable in such number of years less than thirty-four
years from the issuance thereof, as the board may determine; or,
(b) serially in equal installments, such respective installments be-
ing payable in such number of years, respectively, as the board may
determine. The resolution authorizing such borrowing of money
and issuance of bonds, shall contain a statement of the time of the
maturity of said bonds.
The interest hereafter accruing under the general law of this
state upon the proceeds of bonds hereafter issued, and upon any
sinking fund heretofore or hereafter provided by said independent
district of Huntington in the county of Cabell, for the payment of
the interest on and the retirement at maturity of, its bonded in-
debtedness, shall not go into the treasury of the county of Cabell,
but the interest on all moneys arising from such sources shall be.
and become the property of said school district and be so credited
by the sheriff of Cabell county.
Sec. 16. The said board of education shall have full power to,
in any manner, co-operate with the authorities of the nation, state,
county, other districts and cities, for the advancement of the in-
terests of the public schools of said district.
Sec. 17. The superintendent of schools of said district shall determine what schools in the district pupils shall attend. Upon the written request of any parent, guardian or other person legally responsible for any pupil or pupils, the said superintendent of schools may transfer such pupils to another school in the district, or to a school in an adjoining district, or independent district, if it can be shown to such superintendent that such pupils would be better accommodated at such other school. Any person aggrieved by the action of such superintendent of schools regarding such application for transfer of pupils may appeal to the board of education, whose decision shall be final. The board of education shall have the right, in its discretion, to receive pupils from other districts, or independent districts in the state, and to charge such pupils from other districts or independent districts in the state such tuition as the board shall determine, and all amounts received from such tuition shall be paid by the board to the sheriff of the county and be credited by him to the building fund of such district. Except as otherwise in this section provided, no person shall be admitted into the schools of said independent district of Huntington, who is not a resident of such district.

Sec. 18. Said board of education shall have authority to establish a teachers' retirement fund for the teachers of the district, and to maintain the same out of the teachers' fund of the said district. The administration of such fund shall be in accordance with the rules of the board of education relative thereto; provided, however, that such rules and regulations shall be general in their nature and non-discriminatory in their operation.

Sec. 19. White and colored people shall not be taught in the same school, or in the same building, but it shall be the duty of the board to establish one free school, or more, if necessary, for the accommodation of the colored persons of school age.

Sec. 20. The assessor of Cabell county shall make out and deliver to the secretary of said board on or before the second Tuesday in August, of each year, a certificate showing the aggregate value of all personal property and real estate in such district. If such assessor fails to perform the duty required of him by this section, he shall be guilty of a misdemeanor and upon conviction thereof shall be fined twenty dollars.

Sec. 21. Each teacher in the schools of said district shall stand in the place of the parent or guardian in exercising authority over
the school, and shall have control of all of the children enrolled
in the school from the time they reach the school until they have
returned to their respective homes, except that where transportation
of pupils is provided by said board, the person in charge of such
conveyance shall exercise such authority and control over the chil-
dren while they are in transit to and from the school.
Upon the recommendation of any medical inspector of schools
the principal of any school in said district shall exclude from the
school any pupil or pupils known to have, or suspected of having,
any contagious or infectious disease, or any pupil or pupils who
have been exposed to such disease. And any pupil so excluded
shall not be re-admitted to the school by the principal until such
pupil has presented a certificate of health signed by a medical in-
spector of schools.
The principal of every school within said district shall also have
the authority to suspend any pupil for disorderly, refractory, inde-
cent or immoral conduct, and the superintendent of schools may
expel or exclude any such pupil, if, on investigation, the conduct of
such pupil is found to be detrimental to the progress and the gen-
eral conduct of the school; provided, however, that any person ag-
grieved by any such expulsion shall have power to appeal from the
decision of said superintendent of schools to the board, whose de-
cision shall be final.

Sec. 22. No teacher, superintendent, supervisor, principal, or
other person actively engaged in school work in said district shall
be required to serve on any jury during the period of his con-
tract with the board of education.

Sec. 23. All teachers and other employees of the board shall be
paid for their services monthly, or, in the discretion of the board,
at more frequent intervals.

Sec. 24. Disbursement of the funds of said district shall be
made by order drawn upon the sheriff and signed by the president
and secretary of said board.

Sec. 25. Sections fifty-one, one hundred and twenty-two, one
two hundred and twenty-three, one hundred and twenty-five,
one hundred and twenty-six, one hundred and twenty-seven, one
hundred and twenty-eight, one hundred and twenty-nine, and one
hundred and thirty, of chapter two, of the acts of the legislature
of West Virginia, session of one thousand nine hundred and nine-
teen shall be applicable within said district; except that the
8 juvenile court now existing in Cabell county or any court of like
9 nature hereafter established shall have concurrent jurisdiction
10 with justices of the peace as to any violation of the provisions of
11 either of the sections of the said act of the legislature one thousand
12 nine hundred and nineteen in this section mentioned.

Sec. 26. The provisions of the general school law of this
2 state not by the terms of this act made applicable to said inde-
3 pendent district of Huntington, shall not be regarded as applicable
4 to said district.

Sec. 27. All acts and parts of acts inconsistent with the pro-
2 vision of this act are hereby repealed.

Affidavit of Absent Voter—Marking Ballot—Return.

Sec. 7. Such absent voter shall make and subscribe to the
affidavit provided for in section six of this act before any officer
authorized by law to administer oaths, and having an official seal,
and such voter shall thereupon, in the presence of such officer,
and of no other person, mark such ballot or ballots, but in such
manner that such officer cannot know how such ballot or ballots
are marked, and such ballot or ballots shall then, in the pres-
ence of such officer, be folded by such voter so that each ballot
will be separate and so as to conceal the marking, and shall, in
the presence of such officer, be enclosed in such envelope together
with any unused ballot and the envelope shall be securely sealed.
The envelope shall then be mailed by such voter, by registered
mail, postage prepaid, to the officer issuing the ballot or if more
convenient it may be delivered in person. Any such ballot to
be valid shall be received by the clerk of the circuit court of the
16 county in time for him to deliver the same to the election com-
17 missioners, to whom the ballots and other election supplies are
18 delivered for use at such elector's voting precinct.

**Ballot Sealed—Endorsement.**

Sec. 8. Upon receipt of an absent voter's ballot, the clerk of
2 the circuit court of the county shall forthwith enclose the same,
3 unopened, together with the application made by such absent
4 voter, in a large carrier envelope, which shall be securely sealed
5 and endorsed with the name and official title of such clerk and
6 the words: "This envelope contains an absent voter's ballot and
7 must be opened only at the polls on election day while such polls
8 are open," and such clerk shall thereafter keep the same securely
9 in his office until delivered by him as provided in section nine
10 of this act.

**Delivery to Commissioner.**

Sec. 9. In the event that an absent voter's ballot shall be re-
2 ceived by the clerk of the circuit court prior to the delivery of
3 the official ballots to the election commissioner of the precinct in
4 which such elector resides, such enclosed ballot and application
5 sealed in the carrier envelope, shall be delivered to the election
6 commissioners of such precinct along with such official ballots.

**Canvass of Ballots.**

Sec. 10. At any time between the opening and closing of the
2 polls on such election day, the commissioners of election of such
3 precinct, in the presence of each other, shall open the outer or
4 carrier envelope only, announce the absent voter's name and com-
5 pare the signature upon the application with the signature upon
6 the affidavit on the ballot envelope. In case the election com-
7 missioners find the affidavit properly executed and attested, that
8 the signatures correspond, that the applicant is a duly qualified
9 elector of the precinct, that he is duly registered, or that the
10 applicant has not voted in person at such election, or, in case
11 of a primary election, if he has not previously exercised the
12 right of suffrage, if he shall have executed the proper declara-
13 tion relative to his age and qualifications and the party with
14 which he intends to affiliate, the election inspector shall open the
15 envelope containing the absent voter's ballot in such manner as
16 not to deface or destroy the affidavit thereon and take out the
ballot or ballots enclosed therein without unfolding or permitting the same to be unfolded or examined. The commissioners shall then deliver such ballot or ballots to the poll clerks, who shall at once proceed to write their names on the back of each of such ballots, and in the same manner as other ballots are required to be endorsed. A commissioner shall then upon deposit the same in the ballot box and enter the absent voter's name in the poll book, the same as if he had been present and voted in person. In the event that such affidavit is found to be insufficient, or that the signatures do not correspond, or that the applicant is not a duly qualified elector in such precinct or that he has voted in person at such election, or that he has not registered, or that the ballot is open, or has been opened and resealed, or that the ballot envelope contains more than one ballot of any one kind, or in case of a primary election, if he shall have failed to execute the proper declarations relative to his age and qualifications and the party with which he intends to affiliate, such ballot or ballots shall not be accepted or counted. Every ballot not accepted or counted for any of the reasons hereinbefore enumerated shall, without unfolding the same to disclose how it is marked, be endorsed on the back thereof with the words "Rejected," (giving the reason or reasons therefor). All rejected absent voter's ballots shall be enclosed and securely sealed in an envelope on which the election commissioners shall endorse the words "Absent voter's defective ballots," and return to the same officer and in the same manner as by law provided for the return and preservation of official ballots cast and uncast at the election.

Right of Challenge.

Sec. 11. The vote of any absent voter may be challenged for cause and the election commissioners shall have all the power and authority given by law to hear and determine the legality of such ballot or ballots the same as though the ballot or ballots were cast by the voter in person.

Deceased Voter's Ballot.

Sec. 12. Whenever it shall be made to appear by due proof to the commissioners that any elector who has marked and forwarded his ballot as hereinbefore provided in this act, has died, then the ballot of such deceased voter shall be returned by the
5 commissioners with defective ballots to the officer issuing it, but
6 the casting of an absent voter's ballot by a deceased voter shall
7 not invalidate the election.

Application of Existing Law.

Sec. 13. The provisions of the election law and not inconsistent
2 with the provisions of this act shall apply with full force,
3 so far as applicable, to absent voters.

False Affidavits—Violations—Penalty.

Sec. 14. If any person shall wilfully swear falsely to any
2 such affidavit he shall be guilty of perjury and shall upon con-
3 viction thereof be punished as provided by law. If any per-
4 son who, having procured an official ballot or ballots, as herein-
5 before provided, shall wilfully neglect or refuse to cast or return
6 the same in the manner hereinbefore provided, or who shall wil-
7 fully violate any of the provisions of this act shall be deemed
8 guilty of a misdemeanor and upon conviction thereof shall be
9 fined not to exceed two hundred and fifty ($250) dollars, or be
10 imprisoned in the county jail for a period not to exceed six (6)
11 months. If the clerk of the circuit court of any county, or any
12 election officer shall refuse or neglect to perform any of the
13 duties prescribed in this act, or shall violate any of the provisions
14 thereof, he shall be deemed guilty of a misdemeanor and shall
15 upon conviction thereof, be subject to a fine of not less than
16 two hundred and fifty ($250) dollars, nor more than five hun-
17 dred ($500) dollars, or by imprisonment in the county jail for
18 a period of not to exceed six months.

Act Supplementary.

Sec. 15. The provisions of this act shall be deemed to con-
2 stitute a method of voting in addition to the method now pro-
3 vided by law, and to such extent shall be deemed as supplemen-
4 tary and amendatory of existing laws relating to the manner and
5 method of voting.

Return of Applicant.

Sec. 16. This act shall not be so construed as to prohibit
2 any absent voter, returning to his place of residence, from voting
3 in person within his precinct at any election contemplated in
4 this act, notwithstanding that he may have made application for
an absent voter's ballot or ballots, and such ballot or ballots may have been mailed or otherwise delivered by the proper clerk; provided, that such voter has not availed himself of the privileges of an absent voter, as provided in this act, and voted the ballot or ballots mailed or otherwise delivered to him by such clerk; and provided, he shall return such ballot or ballots, if received to the commissioner of the election of the precinct of his residence by whom it shall be marked "cancelled," and preserved with other ballots.

Ballots, Official—Record and Delivery.

Sec. 17. The ballot or ballots to be delivered to and marked by any absent voter shall be of the regular official ballots to be used at such election. The clerk shall keep a record of all ballots so delivered for the purpose of absent voting, as well as all ballots, if any, marked before him, and shall deliver to the commissioners of the election to whom the ballots for the precinct are delivered, and at the time of the delivery of such ballots a certificate stating the number of ballots delivered or mailed to absent voters, as those marked before him, if any, and the names of the voters to whom such ballots have been delivered or mailed, or by whom they have been marked, if marked before him.

Ballots—Number—Printing—Distribution.

Sec. 18. Absent voter's ballots shall be in all respects like other ballots. Not less than thirty (30) days prior to the date on which any general, primary or special election is held, the clerk of the circuit courts of the several counties shall estimate and determine the number of absent voter's ballots of all kinds which will be required in their respective counties for any such election. The ballots for the election of all officers, or the ratification, acceptance or rejection of any measure or proposition to be voted for by the electors shall be prepared and printed under the direction of the board of ballot commissioners. The several county boards of ballot commissioners shall prepare and have printed, in such number as they shall determine, such absent voter's ballots as are to be printed under their directions as hereinbefore provided, and such ballots shall be delivered to the clerk of the circuit court of the county not less than ten (10) days prior to the day of the election at which they are to be used.

(Senate Bill No. 12—Mr. Sanders.)

AN ACT to amend and re-enact sections three, seventeen and eighteen of chapter one hundred and thirty-five of the code of West Virginia of one thousand nine hundred and thirteen, prescribing the limitations for writs of error and appeals.

[Passed April 25, 1921. In effect ninety days from passage. Approved by the Governor April 30, 1921.]

Be it enacted by the Legislature of West Virginia:

That sections three, seventeen, and eighteen of chapter one hundred and thirty-five of the code be amended and re-enacted so as to read as follows:

Section 3. No petition shall be presented for an appeal from, or writ of error or supersedeas to, any judgment, decree or order, whether the state be a party thereto or not, nor to any judgment of a circuit court or municipal court rendered in an appeal from the judgment of a justice, which shall have been rendered or made more than eight months before such petition is presented.

Provided, that if such judgment, decree or order was rendered or made before this section as amended takes effect such petition may be presented within one year from the date of such judgment, decree, or order.

Sec. 17. No process shall issue upon any appeal, writ of error or supersedeas allowed to or from a final judgment, decree or order, if when the record is delivered to the clerk of the appellate court there shall have elapsed ten months since the date of such final judgment, decree or order, but the appeal, writ of error or supersedeas shall be dismissed whenever it appears that ten months have elapsed since the said date before the record is delivered to such clerk, or before such bond is given, as is required to be given before the appeal, writ of error or supersedeas takes effect; provided, that if such judgment, decree or order was rendered or made before this section as amended takes effect such process may issue within one year and two months from the date of such judgment, decree or order.
Sec. 18. There shall be eighteen copies of the record printed containing the petition, so much of the record as the counsel for any party interested or the court may direct, and the table of contents, in octavo form, on book paper of good quality, long primer type, the title on the cover to be in the center, preserving on the margin of the printed record the paging of the record from the court below. The printed matter on the pages of such record shall be four inches by seven inches in size, and each page shall contain fifteen hundred ems of such type. Such pages shall not be more than single leaded, and not more than a pica slug shall be used around heads. Of the printed records the clerk shall deliver one to each judge, two to the counsel on each side, transmit one to the clerk of the court below (in which the case was originally decided) and retain the remaining copies in his office. The clerk shall have the record printed when the party obtaining the appeal, writ of error or supersedeas shall deposit with him a sufficient sum to pay for said printing, which shall be not more than sixty cents per thousand ems for all matter printed, and the cost of printing of said record shall be printed at the end of same, and no greater compensation shall be charged for printing and comparing the same. In measuring such printing and estimating the number of ems no unnecessary space, at the top, bottom or elsewhere on a page shall be reckoned, and only the actual printing done by measuring on the face of the type, shall be charged, except the blank portion of pages at the end of the petition, record and index may be counted as full pages. No entirely blank pages are to be counted, and only two pages to be counted for cover; provided, that in no case shall more than ninety cents per page be charged for any such record, and no tabular work, blue print of map or other matter required to be furnished or printed in the record shall be charged for in computing the cost of printing, at a greater rate than ninety cents per page, of same measure as record pages. The cost of such printing, unless otherwise ordered by the court, shall be taxed against the opposite party, if the judgment, decree or order appealed from be reversed. Section 10. All material witnesses shall also be recognized, with or without sureties, as such justice, court, judge or mayor may deem proper, to appear before the grand jury at the next term of such court and give evidence against the accused, and such justice, court, judge or mayor shall require the accused to give bond with sufficient security in the sum of five hundred dollars conditioned that he will not violate any of the provisions of this act during the time intervening between the date of such bond and the adjournment of the next grand jury term of said circuit or criminal or intermediate court of the county; and upon his failure to give such bond, the justice, court, judge or mayor shall commit him to jail until such bond is given or until he is discharged therefrom by the circuit or intermediate court of the county.

In addition to any remedy now provided by law for the enforcement of any penalty incurred by the failure of any person to fulfill the condition of any bond or recognizance entered into under the provisions of this act, the commissioner shall have authority to enforce any such penalty in the circuit court of any county having jurisdiction by any action or proceedings now provided
by law for the enforcement of the penalty of any bond or recognizance, and in addition thereto the commissioner shall have authority to enforce in the name of the state of West Virginia the penalty of any bond or recognizance taken or entered into in any court or before a justice of the peace under the provisions of this act, by motion in the circuit court of the county having jurisdiction of which motion the parties affected shall have twenty days notice. Either party shall have the right to have the issue tried by a jury of which the state, as well as the defendant, shall have the right to appeal. (Senate Bill No. 99—Mr. Stewart.)

AN ACT concerning conditional sales and to make uniform the law relating thereto.

[Passed April 26, 1921. In effect ninety days from passage. Approved by the Governor April 30, 1921.]

Sec. 1. Definition of terms.
2. Primary rights of buyer.
3. Primary rights of seller.
4. Conditional sales valid except as otherwise provided.
5. Conditional sales void as to certain persons.
6. Place of recording of conditional sale contract; contract need not be acknowledged.

Sec. 7. Fixtures affixed to realty; when severable and when not severable.
8. Railroad equipment or rolling stock; contract to be acknowledged and recorded in office of secretary of state.
Be it enacted by the Legislature of West Virginia:

Section 1. [Definition of Terms.] In this act "conditional sale" means (1) any contract for the sale of goods under which possession is delivered to the buyer and the property in the goods is to vest in the buyer at a subsequent time upon the payment of part or all of the price, or upon the performance of any other condition or the happening of any contingency; or (2) any contract for the bailment or leasing of goods by which the bailee or lessee contracts to pay as compensation a sum substantially equivalent to the value of the goods, and by which it is agreed that the bailee or lessee is bound to become, or has the option of becoming the owner of such goods upon full compliance with the terms of the contract.

"Buyer" means the person who buys or hires the goods covered by the conditional sale, or any legal successor in interest of such person.

"Recording district" means the sub-division of the state in which conditional sale contracts, or copies thereof, are required by this act to be recorded.

"Goods" means all chattels personal other than things in action and money, and includes emblements, industrial growing crops, and things attached to or forming a part of land which are agreed to be severed before sale or under the conditional sale.

"Performance of the condition" means the occurrence of the event upon which the property in the goods is to vest in the buyer, whether such event is the performance of an act by the buyer or the happening of a contingency.
"Person" includes an individual, partnership, corporation, and any other association.

"Purchase" includes mortgage and pledge.

"Purchaser" includes mortgagee and pledgee.

"Seller" means the person who sells or leases the goods covered by the conditional sale or any legal successor in interest of such person.

Sec. 2. [Primary Rights of Buyer.] The buyer shall have the right when not in default, to retain possession of the goods, and he shall also have the right to acquire the property in the goods on the performance of the conditions of the contract. The seller shall be liable to the buyer for the breach of all promises and warranties, express or implied, made in the conditional contract, whether or not the property in the goods has passed to the buyer.

Sec. 3. [Primary Rights of Seller.] The buyer shall be liable to the seller for the purchase price, or for installments thereof, as the same shall become due, and for breach of all promises made by him in the conditional sale contract, whether or not the property in the goods has passed to the buyer.

Sec. 4. [Conditional Sales Valid Except as Otherwise Provided.] Every provision in a conditional sale reserving property in the seller after possession of the goods is delivered to the buyer, shall be valid as to all persons, except as hereinafter otherwise provided.

Sec. 5. [Conditional Sales Void as to Certain Persons.] Every provision in a conditional sale reserving property in the seller, shall be void as to any purchaser from or creditor of the buyer, who, without notice of such provision, purchases the goods or acquires by attachment or levy a lien upon them, before the contract or a copy thereof shall be recorded as herein provided, unless such contract or copy is so recorded within ten days after the making of the conditional sale.

Sec. 6. [Place of Recording.] The conditional sale contract or copy shall be recorded in the office of the clerk of the county court in the county in which the goods are first kept for use by the buyer after the sale. It shall not be necessary to the validity of such conditional sale contract, or in order to entitle it to be recorded, that it be acknowledged or attested. This section shall not apply to the contracts described in section eight.
Sec. 7. [Fixtures.] If the goods are so affixed to realty, at the time of a conditional sale or subsequently, as to become a part thereof and not to be severable wholly or in any portion without material injury to the freehold, the reservation of property as to any portion not so severable shall be void after the goods are so affixed, as against any person who has not expressly assented to the reservation. If the goods are so affixed to realty at the time of a conditional sale or subsequently as to become part thereof but to be severable without material injury to the freehold, the reservation of property shall be void after the goods are so affixed as against subsequent purchasers of the realty for value and without notice of the conditional seller's title, unless the conditional sale contract, or a copy thereof, together with a statement signed by the seller briefly describing the realty and stating that the goods are or are to be affixed thereto, shall be recorded before such purchase in the office where a deed of the realty would be recorded or registered to affect such realty. As against the owner of realty the reservation of the property in goods by a conditional seller shall be void when such goods are to be so affixed to the realty as to become part thereof but to be severable without material injury to the freehold, unless the conditional sale contract, or a copy thereof, together with a statement signed by the seller briefly describing the realty and stating that the goods are to be affixed thereto, shall be recorded before they are affixed, in the office where a deed would be recorded or registered to affect such realty.

Sec. 8. [Railroad Equipment or Rolling Stock.] No conditional sale of railroad, or street or interurban railway equipment or rolling stock shall be valid as against the purchasers and creditors described in section five, unless the contract shall be acknowledged by the buyer or attested in like manner as a deed of real property, and the contract, or a copy thereof, shall be recorded in the office of the secretary of state; and unless when any engine or car so sold is delivered there shall then be plainly and conspicuously marked upon each side thereof the name of the seller, followed by the word "owner."

Sec. 9. [Conditional Sale of Goods for Resale.] When goods are delivered under a conditional sale contract and the seller expressly or impliedly consents that the buyer may resell them prior to performance of the condition, the reservation of property
5 shall be void against purchasers from the buyer for value in
6 the ordinary course of business, and as to them the buyer shall
7 be deemed the owner of the goods, even though the contract or
8 a copy thereof shall be recorded according to the provisions of this
9 act.

Sec. 10. [Recording.] The recording officer shall mark upon
2 the contract or copy filed with him for record the day and hour of
3 filing and shall record the contract or copy in his office in a separ-
4 ate book kept for that purpose. Such book shall be indexed under
5 the names of both seller and buyer. For recording such contract or
6 copy the same fees shall be charged as are now provided by law for
7 recording deeds.

Sec. 11. [Recording.] The recording of conditional sale con-
2 tracts provided for in sections five, six and seven, shall be valid for
3 a period of three years only. The recording of the contract provided
4 for by section eight shall be valid for a period of fifteen years
5 only. The validity of the recording may in each case be extended
6 for successive additional periods of one year from the date of
7 re-recording by recording in the proper county a copy of the
8 original contract within thirty days next preceding the expiration
9 of each period, with a statement attached signed by the seller,
10 showing that the contract is in force and the amount remaining
11 to be paid thereon. Such copy, with statement attached, shall
12 be recorded in the same manner as a contract or copy
13 for the first time, and the recording officer shall be
14 entitled to a like fee as upon the original recording.

Sec. 12. [Cancellation of Contract.] After the performance
2 of the condition, upon written demand delivered personally or by
3 registered mail by the buyer or any other person having an in-
4 terest in the goods, the seller shall execute, acknowledge and de-
5 liver to the demandant a statement that the condition in the
6 contract has been performed. If for ten days after such demand
7 the seller fails to mail or deliver such a statement of satis-
8 faction, he shall forfeit to the demandant five dollars and
9 be liable for all damages suffered. Upon presentation of
10 such statement of satisfaction the recording officer shall record the
11 same and note the cancellation of the contract and the date thereof
12 on the margin of the page where the contract has been entered.
13 For recording the statement of satisfaction the recording
14 officer shall charge a fee of thirty-five cents, except that the
Sec. 13. [Prohibition of Removal or Sale Without Notice.] Unless the contract otherwise provides, the buyer may, without the consent of the seller, remove the goods from any county wherein the contract is recorded, and sell, mortgage or otherwise dispose of his interest in them; but prior to the performance of the condition, no such buyer shall remove the goods from a county in which the contract or a copy thereof is recorded, except for temporary uses for a period of not more than thirty days, unless the buyer not less than ten days before such removal shall give the seller personally or by registered mail written notice of the place to which the goods are to be removed and the approximate time of such intended removal; nor prior to the performance of the condition shall the buyer sell, mortgage or otherwise dispose of his interest in the goods, unless he, or the person to whom he is about to sell, mortgage or otherwise dispose of the same, shall notify the seller in writing personally or by registered mail of the name and address of the person to whom his interest in the goods is about to be sold, mortgaged or otherwise transferred, not less than ten days before such sale, mortgage or other disposal. If any buyer does so remove the goods, or does so sell, mortgage or otherwise dispose of his interest in them without such notice or in violation of the contract, the seller may retake possession of the goods and deal with them as in case of default in payment of part or all of the purchase price. The provisions of this section regarding the removal of goods shall not apply, however, to the goods described in section eight.

Sec. 14. [Re-recording on Removal.] When, prior to the performance of the condition, the goods are removed by the buyer from one county in this state to another county in this state in which such contract or a copy thereof is not recorded, or are removed from another state into a county in this state where such contract or copy is not recorded, the reservation of the property in the seller shall be void, as to the purchasers and creditors described in section five, unless the conditional sale contract or a copy thereof shall be recorded in the county to which the goods are removed, within ten days after the seller
had received notice of the county to which the goods have been removed. The provisions of this section shall not apply, however, to the goods described in section eight. The provisions of section eleven regarding the duration of the validity of the recording and the necessity for re-recording shall apply to contracts or copies which are recorded in a county other than that where the goods are originally kept for use by the buyer after the sale.

Sec. 15. [Fraudulent Injury, Concealment, Removal or Sale.] When, prior to the performance of the condition, the buyer maliciously or with intent to defraud, shall injure, destroy or conceal the goods, or remove them to a county where the contract or a copy thereof is not recorded, without having given the notice required by section thirteen, or shall sell, mortgage, or otherwise dispose of such goods under claim of full ownership, he shall be guilty of a misdemeanor and upon conviction thereof shall be imprisoned in the county jail for not more than one year, or be fined not more than five hundred dollars, or both.

Sec. 16. [Retaking Possession.] When the buyer shall be in default in the payment of any sum due under the contract, or in the performance of any other condition which the contract requires him to perform in order to obtain the property in the goods, or in the performance of any promise, the breach of which is by the contract expressly made a ground for the retaking of the goods, the seller may retake possession thereof. Unless the goods can be retaken without breach of the peace, they shall be retaken by legal process; but nothing herein shall be construed to authorize a violation of the criminal law.

Sec. 17. [Notice of Intention to Retake.] Not more than forty nor less than twenty days prior to the retaking, the seller, if he so desires, may serve upon the buyer personally, or by registered mail, a notice of intention to retake the goods on account of the buyer’s default. The notice shall state the default and the period at the end of which the goods will be retaken, and shall briefly and clearly state what the buyer’s rights under this act will be in case they are retaken. If the notice is so served and the buyer does not perform the obligations in which he has made default before the day set for retaking, the seller may retake the goods and hold them subject to the provisions of sections nineteen, twenty, twenty-one, twenty-two and twenty-three regarding resale, but without any right of redemption.
Sec. 18. [Redemption.] If the seller does not give the notice of intention to retake described in section seventeen, he shall retain the goods for ten days after the retaking within the state in which they were located when retaken, during which period the buyer, upon payment or tender of the amount due under the contract at the time of retaking and interest, or upon performance or tender of performance of such other condition as may be named in the contract as precedent to the passage of the property in the goods, or upon performance or tender of performance of any other promise for the breach of which the goods were retaken, and upon payment of the expenses of retaking, keeping and storage, may redeem the goods and become entitled to take possession of them and to continue in the performance of the contract as if no default had occurred. Upon written demand delivered personally or by registered mail by the buyer, the seller shall furnish to the buyer a written statement of the sum due under the contract and the expense of retaking, keeping and storage. For failure to furnish such statement within a reasonable time after demand, the seller shall forfeit to the buyer ten dollars and also be liable to him for all damages suffered because of such failure. If the goods are perishable so that retention for ten days as herein prescribed would result in their destruction or substantial injury, the provisions of this section shall not apply, and the seller may resell the goods immediately upon their retaking. The provision of this section requiring the retention of the goods within the state during the period allowed for redemption shall not apply to the goods described in section eight.

Sec. 19. [Compulsory Resale by Seller.] If the buyer does not redeem the goods within ten days after the seller has retaken possession, and the buyer has paid at least fifty per cent. of the purchase price at the time of the retaking, the seller shall sell them at public auction in the state where they were at the time of the retaking, such sale to be held not more than thirty days after retaking. The seller shall give to the buyer not less than ten days' written notice of the sale, either personally or by registered mail, directed to the buyer at his last known place of business or residence. The seller shall also give notice of the sale by at least three notices posted in different public places within the county where the goods are to be sold, at least five days
before the sale. If at the time of the retaking five hundred dollars
or more has been paid on the purchase price, the seller shall also
give notice of the sale at least five days before the sale by publica-
tion in a newspaper published or having a general circulation with-
in the county where the goods are to be sold. The seller may
bid for the goods at the resale. If the goods are of the kind de-
scribed in section eight, the parties may fix in the conditional
sale contract the place where the goods shall be resold.

Sec. 20. [Resale at Option of Parties.] If the buyer has not
paid at least fifty per cent. of the purchase price at the time of
the retaking, the seller shall not be under a duty to resell the
goods as prescribed in section nineteen, unless the buyer serves
upon the seller, within ten days after the retaking, a written
notice demanding a resale, delivered personally or by registered
mail. If such notice is served, the resale shall take place within
thirty days after the service, in the manner, at the place and upon
the notice prescribed in section nineteen. The seller may volun-
tarily resell the goods for account of the buyer on compliance with
the same requirements.

Sec. 21. [Proceeds of Resale.] The proceeds of the resale
shall be applied (1) to the payment of the expenses thereof, (2)
to the payment of the expenses of retaking, keeping and storing
the goods, (3) to the satisfaction of the balance due under the
contract. Any sum remaining after the satisfaction of such claims
shall be paid to the buyer.

Sec. 22. [Deficiency on Resale.] If the proceeds of the resale
are not sufficient to defray the expenses thereof, and also the
expenses of retaking, keeping and storing the goods and the bal-
ance due upon the purchase price, the seller may recover the
deficiency from the buyer, or from anyone who has succeeded to
the obligations of the buyer.

Sec. 23. [Rights of Parties Where There is no Resale.] Where
there is no resale, the seller may retain the goods as his own
property without obligation to account to the buyer except as pro-
vided in section twenty-five, and the buyer shall be discharged
of all obligation.

Sec. 24. [Election of Remedies.] After the retaking of
possession as provided in section sixteen the buyer shall be liable
for the price only after a resale and only to the extent provided
in section twenty-two. Neither the bringing of an action by the sel-
Sec. 25. [Recovery of Part Payments.] If the seller fails to comply with the provisions of sections eighteen, nineteen, twenty, twenty-one and twenty-three after retaking the goods, the buyer may recover from the seller his actual damages, if any, and in no event less than one-fourth of the sum of all payments which have been made under the contract, with interest.

Sec. 26. [Waiver of Statutory Protection.] No act or agreement of the buyer before or at the time of the making of the contract, nor any agreement or statement by the buyer in such contract, shall constitute a valid waiver of the provisions of sections eighteen, nineteen, twenty, twenty-one and twenty-five except that the contract may stipulate that on such default of the buyer as is provided for in section sixteen, the seller may rescind the conditional sale, either as to all the goods or as to any part thereof for which a specific price was fixed in the contract. If the contract thus provides for rescission, the seller at his option may retake such goods without complying with or being bound by the provisions of sections seventeen to twenty-five, inclusive, as to the goods retaken, upon crediting the buyer with the full purchase price of those goods. So much of this credit as is necessary to cancel any indebtedness of the buyer to the seller shall be so applied, and the seller shall repay to the buyer on demand any surplus not so required.

Sec. 27. [Loss and Increase.] After the delivery of the goods to the buyer and prior to the retaking of them by the seller, the risk of injury and loss shall rest upon the buyer. The increase of the goods shall be subject to the same conditions as the original goods.

Sec. 28. [Act Prospective Only.] This act shall not apply to conditional sales made prior to the time when it takes effect.

Sec. 29. [Rules for Cases not Provided for.] In any case not provided for in this act the rules of law and equity, including
3 the law merchant, and in particular those relating to principal
4 and agent and to the effect of fraud, misrepresentation, duress
5 or coercion, mistake, bankruptcy, or other invalidating cause, shall
6 continue to apply to conditional sales.

Sec. 30. [Uniformity of Interpretation.] This act shall be
2 so interpreted and construed as to effectuate its general purpose
3 to make uniform the law of those states which enact it.

Sec. 31. [Short Title.] This act may be cited as the Uniform
2 Conditional Sales Act.

Sec. 32. [Inconsistent Laws Repealed.] Except so far as
2 they are applicable to conditional sales made prior to the time
3 when this act takes effect, all acts and parts of acts inconsistent
4 herewith shall be and hereby are repealed.

[Passed April 27, 1921. In effect ninety days from passage. Approved by the Governor April 30, 1921.]

SEC. 5. Commissioner of school lands, duties; to file report with circuit court: report to (a) show claimants and identify property; (b) lands waste and unappropriated; report to be recorded and indexed: circuit clerk to report to county clerk adjudication of lands.

6. Be it enacted by the Legislature of West Virginia:

That sections five and six of chapter one hundred and five of Barnes' code of one thousand nine hundred and sixteen be amended to read as follows:

Section 5. The commissioner of school lands of each county shall tender and file a written report to the circuit court of his county from time to time, and at least once in each year a list of all tracts and parcels of land, lying in whole or in part in his county, reported to him by the auditor and surveyor as required by the second and third sections of this chapter, or which shall otherwise come to his knowledge, which in his opinion are liable to be sold for the benefit of the school fund.

The commissioner of school lands in such report as herein provided for, shall show, as far as practicable, the following:

(a) The name of the party, parties, firms or corporations claiming title to said land at the time said report is made, the number of the lot or acres as the case may be; the town, city, district, road, street or waters, in or on which the said real estate is located, and such other description as may reasonably be given in said report that will aid in identifying or locating the land, and the years constituting such forfeiture; the name or names of all known claimants, or adverse claimants, and all known occupants of said real estate, or any part thereof. If the said report contains any real estate as waste and unappropriated, such report shall contain the following:
(b) That the said tracts of real estate were waste and unappropriated and that the title thereto had not passed from the commonwealth of Virginia or the state of West Virginia and the names of all claimants or occupants thereof.

When the said report is filed, the clerk of the circuit court shall transmit to the clerk of the county court of such county an attested copy of such report, which shall be by the clerk of the county court recorded in his office in a well bound book for the purpose, which shall be labeled on the back thereof, "report of commissioner of school lands." The said clerk of the county court shall index each tract or parcel of land so reported in the name of the party or parties from whom the same became forfeited; or, if such parcel or parcels should be waste and unappropriated, the same shall be indexed as to their location.

In any suit pending in the circuit court upon report made by the commissioner of school lands, when redemption of a tract or parcel of land has been made under a decree of such court, or where a tract or parcel of land has been decreed and sold, or where the court has decreed a tract or lot of land not forfeited to the state as waste and unappropriated, the clerk of such court shall, after each term thereof, report each tract or parcel of land adjudicated by the said court, as the case may be, to the clerk of the county court, who shall, upon the copy of said report so recorded in his office, in the marginal space therein to be provided therefor, note in red ink opposite each tract the disposition thereof made by any decree, showing the date of such decree and its purport in respect to such tract by the words, "Redeemed," "Decreed and sold" or "Not liable to sale," as the case may be.

Sec. 6. Every such report shall be recorded in the chancery order book of said court and filed and preserved by the clerk of said court in his office, and thereupon a suit or suits in chancery shall be commenced and prosecuted, by and in the name of the state of West Virginia, for the sale of every such tract and parcel of land, so reported, as required by section four of article thirteen of the constitution of this state. All such tracts or parcels of land mentioned in any such report may be included in one suit, but a separate suit may be brought and prosecuted for the sale of each tract of land exceeding in quantity one thousand acres; and the former owner of any such tract of land at the time of the forfeiture thereof, or the person in whose name the
same is forfeited, shall, if known, be made a defendant in such suit, and all persons claiming title to or interest in any such lands shall, also, as far as known, be made defendants therein. And there shall be filed as an exhibit with said bill, which shall be treated as a part of the allegations thereof, a certified copy of the commissioner's report mentioned in section five of this chapter. And any person claiming an interest in any such land or in the proceeds thereof, not so made defendant, may file his petition in any such suit stating what interest he claims therein, either in open court or before a commissioner in chancery, while the suit is pending before him, or at rules, if the case be pending at rules, and shall thereupon become a defendant therein, and may defend and protect his interest, if he has any therein, to the same extent as if he had originally been made a party defendant therein. Any tract or parcel of land which has been heretofore forfeited or treated as forfeited, waste and unappropriated or escheated to the state of Virginia or this state, and which has been sold and conveyed as such under decree or order of the circuit court in any suit or proceeding under chapter one hundred and five of the code or other act at any time since one thousand eight hundred and seventy-two, or which any instrument executed under such decree or order purports to convey, shall not again be proceeded against or sold in any suit or proceeding now pending or hereafter brought under said chapter or otherwise, unless since the execution of such conveyance or instrument such tract or parcel of land has become forfeited for the non-payment of taxes charged or chargeable thereon, since such conveyance or instrument, in the name of the purchaser thereof, his heirs, devisees or assigns. No circuit court shall have jurisdiction, power or authority to sell any such tract or parcel of land or to permit any such tract or parcel to be redeemed by any party in any suit or proceeding now pending or hereafter brought under chapter one hundred and five of the code aforesaid, or otherwise, against any other grant, survey, piece or boundary of land which has been or may be forfeited or claimed to be forfeited and which may be claimed to embrace such tract or parcel within its bounds and as part thereof, unless the state alleges and proves by a certificate of the auditor of the state, or of the clerk of the county court of the county where such tract or parcel of land or the greater part thereof lies, that
52 such tract or parcel of land has since the date of such conveyance or instrument become and remain forfeited to the state in the name of such purchaser, his heirs, devisees or assigns, or unless some other claimant of such land shall within the time aforesaid by answer or petition filed for the purpose make such allegation and file such proof. In the absence of such allegation and proof the circuit court shall have no jurisdiction either to sell such tract or parcel of land, or to allow the same to be redeemed by any party in such suit or proceeding now pending or hereafter brought under chapter one hundred and five aforesaid, or otherwise, against any other grant, survey, piece or boundary of land which may be claimed by any party to such suit to embrace such tract or parcel, after the filing in such suit of such conveyance or instrument made to such purchaser, his heirs, devisees or assigns, or a certified copy from the record thereof. After the filing in such suit of such conveyance or instrument or certified copy the court, in the absence of such allegation and proof by the state made and filed at or before the next regular term of said court, shall thereupon enter an order dismissing the suit as to any such tract or parcel of land and proceed no further against the same. If any defendant to any suit now pending or which may hereafter be brought under the chapter aforesaid, or otherwise, which alleges the forfeiture of any particular grant, survey, piece or boundary of land granted by the commonwealth of Virginia, or this state, and prays that the same or some part thereof may be sold for the benefit of the school fund, shall file in such suit letters patent or a certified copy thereof, issued by the governor of Virginia or of West Virginia granting or purporting to grant any tract or parcel of land, and shall show by proof or by the admission of the state of her attorney prosecuting such suit that such tract or parcel so granted, or purporting to be granted, lies wholly or partly within what are claimed either by the state in said suit, or by any other defendant or party in said suit, as the bounds of the particular, grant, survey, piece or boundary of land mentioned in the said suit, then the court shall dismiss the suit and all proceedings as to and against so much of the land therein proceeded against as may be embraced in the bounds of such letters patent or certified copy so filed, unless, at or before the next regular
term of said court, the state shall amend her bill and allege and show by the certificates of the auditor or of the clerk of the county court as aforesaid that such tract or parcel of land so granted is now forfeited to the state in the name of the grantee named in such letters patent or copy thereof so filed, his heirs, devisees or assigns, or unless some other claimant of such land shall within the time aforesaid by answer or petition filed for the purpose make such allegation and file such proof. Whenever it shall appear to the court, by motion or otherwise, in any such suit now pending, or that may be hereafter brought, that any parcel or tract of land, or any part thereof, mentioned or claimed in the suit as forfeited or escheated to the state of Virginia or this state, or as waste or unappropriated has been in the actual continuous possession, under color or claim of title, for ten years, by any person who or those under whom he claims shall have paid the state taxes thereon for any five years during such possession, or if it shall appear that any parcel or tract of such land mentioned or claimed in the suit, to which any person shall have claim, or title to, regularly derived, mediatly or immediately from or under a grant from the commonwealth of Virginia or this state, not forfeited, which but for the title forfeited, would be valid, and who, or those under whom he claims has, or shall have paid all state taxes charged or chargeable thereon for five successive years, after the year one thousand eight hundred and sixty-five, or from the date of the grant, if it shall have issued since that year, or if it shall appear that any parcel or tract of such land mentioned or claimed in the suit to which any person has had claim to and actual continuous possession of, under color of title, for any five successive years after the year one thousand eight hundred and sixty-five, and on which all state taxes charged or chargeable for such period of five years have been paid, the court shall thereupon enter an order dismissing the suit as to any such parcel or tract of land, and proceed no further against the same. And if at any time during the pendency of any suit for the sale of school lands, whether now pending or hereafter brought, the commissioner of school lands of the county where such suit was or may be instituted shall become satisfied that part or the whole of the land sought to be sold therein is not liable to sale for the benefit
of the school fund, such commissioner shall report in writing to
the court the facts and reasons which lead him to that conclu-
sion, which report shall be filed and made part of the record;
and if the court upon consideration thereof, and upon such in-
quiry as it may be advised to make, shall concur in such report,
in whole or in part, it shall confirm the same to that extent,
and shall dismiss such suit as to the lands embraced in such
report as far as it may be confirmed.

Where two or more defendants contend for, ask to redeem or
assert and claim title to the same land, or any part thereof,
under separate, distinct and hostile titles, the one, or ones fail-
ning to sustain his said claim, or to uphold his said title shall be
liable to the defendant, or defendants, sustaining his or their
claim, and prevailing as to his or their title for costs, and the
court shall decree the same accordingly. Before any non-resi-
dent defendant or petitioner, as is mentioned in this section,
shall be permitted to file his answer or petition, as provided
herein, he shall deposit with the clerk of said circuit court a
sum of money sufficient to cover any costs that might be decreed
against him, or give bond with security, to be approved by the
court or clerk, for the payment thereof, the amount of such
deposit and the penalty of such bond to be fixed by the court.

The provisions of this section as to the filing of any amend-
ments to the plaintiff's bill, the defendant's answers, petitions
and amendments thereto, the dismissal of the plaintiff's suit
upon the conditions herein specified, the recovery of costs and
the security therefore by non-residents shall be construed as
mandatory.

He shall also as soon as such abstract is published the first time in a newspaper, as herein required, post one of the copies of the list received from the auditor, at the front door of the court house, with a like notice appended thereto. If the list herein named be not received by the sheriff in time to publish such notice and make such sale in the months of November or December, as herein provided for; or if by reason of lack of proper notice, or for any other cause, said sales be

twenty-seven, twenty-eight and twenty-nine of chapter fifty-four
of the code of West Virginia, relating to the formation, rights
and powers of building associations.

Governor April 29, 1921.]

Be it enacted by the Legislature of West Virginia:

That sections twenty-five, twenty-six, twenty-seven, twenty-eight
and twenty-nine of chapter fifty-four of the code of West Virginia,
relating to the formation, rights and powers of building associations,
be amended and re-enacted so as to read as follows:
Building and Loan Associations; Incorporation; Powers.

Building and loan associations formed under this chapter shall have the right and power of loaning to its stockholders thereof, the moneys accumulated from time to time, as well as the right and power to purchase land or erect houses, and to sell, convey, lease or mortgage the same at their pleasure, to their stockholders, or others for the benefit of their stockholders. Such associations may acquire, hold, convey and encumber all such property, real and personal, as may be taken as security, or may be otherwise transferred to it in the due course of its business, and may secure the payment of loans and the performance of the other conditions upon which loans are to be made, or the payment of the purchase money for and property sold, by taking personal security, or by a mortgage or deed of trust, upon real or personal property, or by a transfer or pledge of its stock.

Loans—Premium.

Sec. 26. Every such association shall have the power to provide by its by-laws for selling to the stockholders the money in the treasury, at or above a minimum premium; the minimum premium and the mode of selling or loaning the money to stockholders to be fixed by the by-laws. But such premium must be a certain definite sum, fixed and determined at the time of the making of the loan. The by-laws of every such association shall set forth whether the premium on any such loan shall be deducted therefrom in advance or be paid in periodical installments. But whether the premium be deducted from the loan, or paid in periodical installments, the transaction shall not be deemed usurious, although any and all the dues, fines, premium and interest shall exceed the legal rate of interest on the amount of money received by the stockholders.

Dues, Interest and Fines.

Sec. 27. Every such association may levy, assess and collect from its stockholders, periodical dues upon every share of its stock; the amount of such dues to be fixed by the by-laws; but no periodical payment to exceed two dollars upon each share; and
said stock may be paid off and retired as the by-laws shall direct; and may levy, assess and collect from the members to whom loans have been made, interest upon the par value of the shares so loaned; and may levy, assess and collect fines for the non-payment of periodical dues, or for failure to comply with or perform any other obligation or duty to the association. The amount of the respective fines shall be fixed by the by-laws, and they shall be imposed under regulations to be made by the by-laws; but such fines shall be uniform, and where they are imposed for default in the payment of dues, shall be in proportion to the amount of the dues for the failure to pay which they are imposed; but no member shall be fined more than once for the same default.

**Repayment of Loans; Withdrawal; Default.**

Sec. 28. A borrower from such association may repay the loan at any time; and in case of the repayment thereof before the maturity of the shares pledged for said loan, there shall be refunded to such borrower, in case the premium shall have been deducted in advance, such proportion of the premium paid, as the by-laws may determine; but the borrower shall receive the withdrawing value of the shares pledged for said loan, and the shares shall revert back to the association. Stockholders withdrawing voluntarily shall receive such proportions of the profits of the association, or such rate of interest as may be prescribed by the by-laws. In case of default of a borrower to pay dues, interest or premium, for the period of three months, payment of the same, together with the full principal of the loan, may be enforced by proceedings on the securities according to law; and the money so received shall be paid into the treasury of the association; and if the moneys so recovered shall exceed the amount it would have required to repay the loan under the first part of this section, together with all the expenses incurred by the association, such excess shall be paid to such borrower.

**By-Laws.**

Sec. 29. Every such association shall adopt by-laws, which shall embrace all the provisions of the four preceding sections, and such further provisions for its government and the management of its business, not inconsistent with these sections, as it may deem proper.

7 shall be from the same branch of the profession of
8 engineering. The members of the first board shall
9 be appointed to serve for the following terms: Two
10 members for one year; two members for two years; one member for
11 three years; said terms ending on the thirtieth day of June of the
12 succeeding years. On the expiration of each of said terms, the
13 term of office of each newly appointed or reappointed member of
14 the board shall be for a period of four years and shall terminate
15 on the thirtieth day of June. Each member shall hold over after
16 the expiration of his term until his successor shall have been duly
17 appointed and qualified. The governor may remove any member

5 charge of work for at least three years. He shall be a member in
6 good standing of a recognized society of engineers, and except as

Sec. 5. Each member of the board shall receive a certificate of
2 appointment from the governor, and before beginning his term
3 of office he shall file with the secretary of state the constitutional
4 oath of office. Each member of the board first created shall re-

6 of the state. The board or any committee thereof shall be en-

8 the affairs of the board, and the board shall have power to com-
9 pel the attendance of witnesses, may administer oaths and may
10 take testimony and proofs concerning all matters within its juris-
11 diction. The board shall adopt and have an official seal which
12 shall be affixed to all certificates of registration granted; and shall
13 make by-laws and rules not inconsistent with law needed in per-

Sec. 6. The board shall hold a meeting within thirty days
2 after its members are first appointed, and thereafter shall hold
3 at least two regular meetings each year. Special meetings shall

6 to year and shall be drawn against only for the purpose of this
7 act as herein provided.
8 Each member of the board shall receive ten dollars per day for
9 attending sessions of the board or of its committees, and for the
10 time spent in necessary travel, and, in addition, shall be reim-
11 bursed for all necessary traveling, incidental and clerical ex-
12 penses incurred in carrying out the provisions of this act. All
13 expenses certified by the board as properly and necessarily incurred
14 in the discharge of its duties, including authorized compensations,
15 shall be paid out of said fund on the warrant of the auditor of
16 the state issued on requisitions signed by the chairman and the
17 secretary of the board; provided, however, that at no time after
18 this act shall have been in effect for one year shall the total of
19 warrants issued exceed the total amount of funds accumulated
20 under this act. The secretary of the board shall give a surety
21 bond satisfactory to the state treasurer conditioned upon the faith-
22 ful performance of his duties. The premium on said bond shall
23 be regarded as a proper and necessary expense of the board.
Sec. 8. The board shall keep a record of its proceedings and a register of all applicants for registration showing for each, the date of application, name, age, educational and other qualifications, place of business and place of residence, whether or not an examination was required and whether the applicant was rejected, or a certificate of registration granted, and the date of such action. The books and register of the board shall be prima facie evidence of all matters recorded therein. A roster showing the names and places of business and of residence of all registered engineers shall be prepared by the secretary of the board during the month of July of each year; such roster shall be printed out of the funds of the board as provided in section seven. On or before the thirtieth day of September of each year the board shall submit to the governor a report of its transactions for the preceding year, together with a complete statement of the receipts and expenditures of the board, certified by the president and the secretary, and a copy of the said roster of registered engineers. A copy of this report shall be filed with the secretary of state.

Sec. 9. The board shall, on application therefor on prescribed form, and the payment of a fee of twenty dollars, issue a certificate of registration as an engineer.

(a) To any person who submits evidence satisfactory to the board that he is fully qualified to practice engineering.

(b) To any person who holds a like unexpired certificate of registration issued to him by proper authority in the District of Columbia, in any state or territory of the United States, or in any province of Canada, in which the requirements for the registration of engineers are of a standard satisfactory to the board.

Provided, however, that no person shall be eligible for registration who is under twenty-one years of age, who is not a citizen of the United States or Canada, or who has not made declaration of his intention to become a citizen of the United States, who does not speak and write the English language, who is not of good character and repute, and who has not been actively engaged for six or more years in engineering work of a character satisfactory to the
board. However, each year of teaching, or of study satisfac-
tory completed of engineering in a school of engineering of standing satisfactory to the board, shall be considered equivalent to one year of such active engagement.

Unless disqualifying evidence be before the board, the following facts established in the application shall be regarded as prima facie evidence satisfactory to the board, that the applicant is fully qualified to practice engineering:

(a) Ten or more years of active engagement in engineering or land surveying work;

(b) Graduation, after a course of not less than four years in engineering, from a school or college approved by the board as of satisfactory standing, and an additional four years of active engagements in engineering;

(c) Full membership in the American Association of Engineers, American Institute of Chemical Engineers, American Society of Civil Engineers, American Institute of Electrical Engineers, American Society of Mechanical Engineers, American Institute of Mining and Metallurgical Engineers, Society of Naval Architects and Marine Engineers, or such other national or state engineering societies as may be approved by the board, the requirements for full membership in which are not lower than the requirements for full membership in the professional societies named above.

Applicants for registration, in cases where the evidence originally presented in the application does not appear to the board conclusive or warranting the issuance of a certificate, may present further evidence, which may include the results of a required examination, for the consideration of the board.

In determining the qualifications of applicants for registration a majority vote only of the board shall be required.

In case the board denies the issuance of a certificate to an applicant, the registration fee deposited shall be returned by the board to the applicant.

Certificates of registration shall expire on the thirtieth day of June following their issuance or renewal and shall become invalid on that date unless renewed. It shall be the duty of the secretary of the board to notify by mail every person registered hereunder of the date of the expiration of his certificate and the amount of the fee required for its renewal for one year; such notice shall be mailed at least one month in advance of the date...
of the expiration of said certificate. Renewal may be effected at any time during the month of June by payment of a fee of ten dollars. The failure on the part of any registrant to renew his certificate annually in the month of June as required above shall not deprive such person of the right of renewal thereafter, but the fee to be paid for the renewal of a certificate after the month of June shall be increased ten per cent for each month, or fraction of a month, that payment for renewal is delayed; provided, however, that the maximum fee for a delayed renewal shall not exceed twice the normal fee.

Sec. 10. The board shall have the power to revoke the certificate of registration of any engineer registered hereunder who is found guilty of any fraud or deceit in obtaining a certificate of registration or of gross negligence, incompetency or misconduct in the practice of engineering. Any person may prefer charges of such fraud, deceit, negligence, incompetency or misconduct against any engineer registered hereunder; such charges shall be in writing and sworn to by the complainant and submitted to the board. Such charges unless dismissed without hearing by the board as unfounded or trivial, shall be heard and determined by the board within three months after the date on which they are preferred. A time and place for such hearing shall be fixed by the board. A copy of the charges, together with a notice of the time and place of hearing, shall be legally served on the accused at least thirty days before the date fixed for such hearing, and in the event that such service can not be effected thirty days before such hearing then the date of hearing and determination shall be postponed as may be necessary to permit the carrying out of this condition. At said hearing the accused shall have the right to appear personally and by counsel and to cross-examine witnesses against him and to produce evidence and witnesses in his defense. If after said hearing three or more members of the board vote in favor of finding the accused guilty of any fraud or deceit in obtaining a certificate, or of gross negligence, incompetency or misconduct in the practice of engineering, the board shall revoke the certificate of registration of the accused.

The board may re-issue a certificate of registration to any person whose certificate has been revoked, provided three or more members of the board vote in favor of such re-issuance for reasons the board deem sufficient.

Definitions.

Section 1. That when used in this act the term "person" includes co-partnerships, associations and corporations, as well as individuals, and the plural as well as the singular number, unless the intention to give a more limited meaning is disclosed by the context. The terms "tax commissioner" and "state tax commissioner" mean the state tax commissioner of the state of West Virginia. The term "tax year" or "taxable year" mean either the calendar year, or the fiscal year, in accordance with the method of accounting regularly employed and in which the books of the tax payer are kept. The term "sale" or "sales" include the exchange of properties as well as the sale thereof for money,—every closed transaction constituting a sale; but a gift for religious,
charitable or educational purposes, or a conveyance or transfer from parent to child, or from husband to wife, or wife to husband, without consideration, or upon a nominal consideration, shall not be deemed a sale. The word “tax-payer” means any individual, corporation, or association liable for any tax hereunder. The words “gross income” applied to wholesalers and jobbers under clause (b) of section two of this act mean the gross difference between the cost and selling price of the articles or merchandise sold, without any deduction for cost of carrying on the business, or without any deductions for losses or operating or other expenses. Said words when used with reference to public service and other corporations mentioned in and taxable under clause (c) of section two of this act include all income from discounts, interest, exchange and sales of services of every character, rentals, dividends and all other receipts derived from the operation of the business of the company, without any deductions for losses of operating or other expenses. Said words when used in reference to individuals and corporations taxable under clause (d) of section two of this act shall include all of the income and receipts derived from the business or profession of the tax-payer without any deductions for losses or for the expenses of carrying on or conducting the business or practicing the profession.

Sec 2. (a) That from and after June thirtieth, A. D., nineteen hundred and twenty-one, there is hereby levied and shall be collected an annual privilege tax upon every person engaging or continuing, within this state, in the business of mining and producing for sale, or for profit, any coal, oil, natural gas, limestone, sand, or other mineral product, the amount of each tax to be determined and ascertained by the value of the articles produced as shown by the gross proceeds derived from the sale thereof by the producer, (except as hereinafter provided), which tax shall be equal in amount to two-fifths of one per centum of the value of the articles as so ascertained; and from and after said date there is hereby levied and shall be collected an annual privilege tax upon every person engaging or continuing within this state, in the business of manufacturing, compounding, or preparing for sale, any article or articles, substance or substances, commodity or commodities, the amount of such tax to be determined and ascertained by the value of the articles manufactured, compounded or
18 prepared for sale, as shown by the gross proceeds derived from the
19 sale thereof by the manufacturer or person compounding or pre-
20 paring the same, (except as hereinafter provided), which tax shall
21 be equal in amount to one-fifth of one per centum of the value of
22 the articles so ascertained.

23 If any person liable for any tax under paragraph (a) shall
24 ship or transport his products, or any part thereof, out of the
25 state, and before making sale of such products, shall further
26 manufacture, transform, or consume the same, the value of the
27 products or articles in the condition or form in which they existed
28 when transported out of the state, shall be the basis for the as-
29 sessment of the tax imposed in said paragraph; and the tax com-
30 missioner shall prescribe equitable and uniform rules for ascer-
31 taining such value.

33 In determining value, however, in cases of sales from one to
33-a another of affiliated corporations, or under other circumstances
34 where the relation between the buyer and seller is such that the
35 gross proceeds from the sale are not indicative of the true value
36 of the subject matter of the sale, the tax commissioner shall pre-
37 scribe uniform and equitable rules for determining the value
38 upon which such privilege tax shall be levied, corresponding, as
39 nearly as possible, to the gross proceeds from the sale of similar
40 products of like quantity by the other tax-payers where no com-
41 mon interest exists between buyer and seller, but otherwise under
42 similar circumstances and conditions.

43 (b) Upon the privilege of selling any tangible property what-
44 soever, real or personal, (not including, however, bonds or other
45 evidence, of indebtedness, or stocks), there is likewise hereby
46 levied, and shall be collected, a like tax of one-fifth of one
47 per centum of the gross proceeds of such sales: Provided, how-
48 ever, that in the case of sales of merchandise by wholesalers or
49 jobbers, as distinguished from sales at retail to the consumer or
50 users of the article sold, the tax shall be equal to one-third
51 of one per centum of the excess of the gross proceeds from the
52 sales over and above the purchase price paid by such wholesaler
53 or jobber, instead of one-fifth of one per centum of the gross pro-
54 ceeds of such sales; and there shall be excepted from the tax pro-
55 vided by this paragraph (b) the proceeds of any sale of articles,
56 substances, or commodities, by the person, firm or corporation
57 manufacturing, compounding or preparing the same for sale,
58 when such proceeds are included in determining the amount of
59 the tax imposed in paragraph (a) of this section; and there is ex-
60 cepted also from the tax provided in paragraph (b) of this section
61 sales of articles, substances or commodities for continuous trans-
62 portation and delivery outside this state, in commerce between
63 this state and other states of the United States, or between this
64 state and foreign countries, and sales of articles, substances or
65 commodities by the importer thereof from any foreign country or
66 from any other state of the United States, when sold in the origin-
67 al package before being commingled with the mass of property
68 in the state.
69 (c) There is likewise levied, and shall be collected, upon the
70 privilege of engaging in their respective businesses, a tax of one-
71 fifth of one per centum upon the gross income of banks, banking
72 institutions, trust companies, railroad, street railroad (whether
73 steam or electric), telephone, telegraph, oil pipe line, water, navi-
74 gation, and express companies; excepting, however, from such
75 gross income so to be taxed, so much thereof as is derived from
76 business conducted in commerce between this state and other
77 states of the United States, or between this state and foreign
78 countries.
79 (d) There is likewise levied and shall be collected upon the
80 privilege of engaging in any gainful business or profession with-
81 in this state, not included in the preceding paragraphs (a), (b)
82 and (c), an annual tax equal to one-fifth of one per centum upon
83 the gross income derived from such businesses or professions, of
84 any individual or corporation engaging or continuing therein.
85 There shall be included in the gross income of any individual
86 taxable under paragraph (d) that part of the gross income not
87 taxed under clauses (a), (b) or (c) of this section, of any co-
88 partnership or association of which he is a member, represented
89 by his interest in, or share of, the co-partnership or association's
90 business.
91 In computing the amount of the tax levied hereunder, how-
92 ever, for any year, there shall be deducted in addition to the other
93 exemptions herein provided for, from the gross proceeds of sales,
94 or gross value of articles produced, manufactured, compounded
95 and prepared, mentioned in paragraph (a) and from the gross
96 proceeds of sales or gross income mentioned in paragraph (b),
97 and from the gross income mentioned in paragraphs (c) and (d),
98 respectively, of this section, of each tax-payer, an exemption of 99 ten thousand dollars of the amount of such gross proceeds of 100 sales or value of articles, or gross income, as the case may be. 101 Each person who shall engage in any business or profession, upon 102 which a tax is imposed under the provisions of this act, for any 103 fractional part of a tax year, shall be entitled to an exemption of 104 that part of the sum of ten thousand dollars which bears the same 105 proportion to the total sum that the period of time during which 106 he is engaged in such business or occupation bears to a whole 107 year.

Sec. 3. If any person shall, after the thirtieth day of June, 2 A. D., nineteen hundred and twenty-one, engage or continue in 3 any of the businesses or professions for which a privilege tax is 4 imposed by this act, he shall be deemed to have applied for and to 5 have duly obtained from the state of West Virginia a license to 6 engage in and to conduct such business or profession for the year 7 ending on the thirtieth day of June next following the date on 8 which he shall so engage therein, upon the condition that he shall 9 pay the tax accruing to the state of West Virginia under the pro- 10 visions of this act; and he shall hereby be duly licensed to en- 11 gage in and conduct such business or engage in such profession.

Sec. 4. There are, however, exempted from the provisions of 2 this act; (a) insurance companies which pay to the state of West 3 Virginia a tax of two per centum upon premiums levied under the 4 provisions of chapter seventy-seven of the acts of the legislature 5 A. D., one thousand, nine hundred and seven; (b) mutual savings 6 banks not having a capital stock represented by shares, and which 7 are operated exclusively for the benefit of their depositors; labor, 8 agricultural and horticultural societies and organizations not op- 9 erated for profit; cemetery companies which are organized and 10 operated exclusively for the benefit of their members; fraternal 11 benefit societies, orders or associations operating under the lodge 12 system, or for the exclusive benefit of the members of the frater- 13 nity itself operating under a lodge system, and providing for the 14 payment of death, sick, accident or other benefits to the members 15 of such societies, orders or associations, and to their dependents; 16 domestic loan and building associations operated exclusively for 17 the benefit of their members; corporations, associations or societies 18 organized and operated exclusively for religious, charitable, scien- 19 tific or educational purposes; business leagues, chambers of com-
merce, boards of trade, civic leagues, or organizations operated ex-
elusively for the benefit of the community and for the promotion
of social welfare; none of which companies, organizations, cor-
porations or societies named in this section are organized for
profit and no part of the net income of which inures to the benefit
of any private stockholder or individual.

Sec. 5. In case of a sale of tangible property in which the pay-
ment of a part of the consideration is deferred beyond the current
tax year, the seller may elect to pay the taxes thereon upon the
entire consideration in the year in which the sale is made, or he
may treat the amount of the consideration paid in each year as the
proceeds of a sale made in that particular year, or as a part of
the gross value of that year, in which event the privilege tax shall
be based upon, or the sales tax payable upon, the amount of the
consideration paid in the tax year in which the payment is made.
When goods are sold at a delivered price and estimated or act-
ual freight charges have been added to the price from the point of
shipment to the point of delivery the actual charges so added may
be deducted from the gross invoice price to ascertain the value
upon which to compute the tax. Trade discounts which are reg-
ularly allowed under similar conditions of sale may be allowed for
excise tax purposes if such discounts are allowed and deducted
upon the face of the invoice by the seller. Likewise cash dis-
counts may be allowed for excise tax purposes if allowed and de-
ducted on the face of the invoices by the seller.

Sec. 6. The taxes levied hereunder shall be payable in quar-
terly installments on or before the expiration of thirty days from
the end of the quarter in which the tax accrues. The tax-payer
shall, within thirty days from the expiration of each quarter,
make out an estimate of the tax for which he is liable for such
quarter, verify the same by oath, and mail the same together with
a remittance for the amount of the tax, to the office of the state
tax commissioner, at Charleston, West Virginia. In estimating
the amount of the tax due for each quarter the tax-payer may
deduct one-fourth of the total exemption allowed for the year.
Provided, however, that when the total tax for which any person
is liable under this act does not exceed the sum of one hundred
dollars in any year, the total amount of said tax shall be payable
at the end of the month next following the close of the tax year.
On or before thirty days from the end of any tax year, each
person liable for the payment of a tax under clause (a) of section two of this act shall make a return showing the gross proceeds of sales, or gross value of articles produced during the preceding tax year; and if liable for a tax under clause (b) of section two of this act, he shall make a return showing the gross proceeds of sales for such tax year, or gross income, as the case may be; and if liable for a tax under clause (c) or (d) of section two of this act, he shall make a return showing the gross income during such tax year; and compute the amount of the tax chargeable against him in accordance with the provisions of this act, and deduct the amount of quarterly payments, if any made upon the tax for the preceding tax year, and transmit with his report the residue of the tax chargeable against him, to the office of the state tax commissioner; such return shall be verified by the oath of the taxpayer, if made by an individual, or by the oath of the president, vice-president, secretary or treasurer of a corporation, if made on behalf of a corporation. If for any reason it is not practicable for the individual taxpayer to make the oath, the same may be made by any duly authorized agent.

All taxes shall be remitted to the state tax commissioner who shall issue his receipts therefor to the taxpayers, and shall pay the moneys into the state treasury to be kept and accounted for as provided by law.

The tax commissioner may, for good cause shown, extend the time for making a return on the application of any taxpayer and grant such reasonable additional time within which to make the same as may, by him, be deemed advisable.

Sec. 7. If the taxpayer shall make any error in computing the tax assessable against him, or if the state tax commissioner shall be dissatisfied with the tax as computed and paid, the tax commissioner shall correct such error or re-assess the proper amount of taxes, and notify the taxpayer of his action by mailing to him promptly a copy of the corrected assessment, and any additional tax for which such taxpayer may be liable shall be paid within ten days after the receipt of such statement.

The taxpayer may recover any tax improperly collected, in the manner prescribed in section nine of this act.

Sec. 8. If any person liable for the payment of a tax hereunder shall fail or refuse to make a return to the tax commissioner as herein provided, and pay the tax, the tax commissioner shall proceed to ascertain the facts and information necessary to
enable him to assess the proper tax against such person, and in so
doing he shall be entitled to call upon and require the assessor
of the county in which the tax-payer resides, as well as the prose-
cuting attorney of the county, to make investigation, examine the
books, records and papers of the tax-payer, and to take evidence
under oath; all of which shall be transmitted to the state tax com-
missioner.

From the information so obtained the state tax commissioner
shall assess the tax chargeable against the party, and the tax so
assessed shall at once become due and payable, and the party
charged with the same shall not be permitted to dispute or con-
test the amount of such tax until he shall first file with the tax
commissioner the return required of him under section six of
this act.

Upon receipt of such return the tax commissioner may correct
the assessment if erroneous or improper, and within ten days after
the same shall have been corrected, or after the tax commissioner
shall have refused to correct the same, the party liable for the tax
shall pay the tax so assessed, but if improperly assessed the tax-
payer may recover the same in the manner prescribed in the fol-
lowing section.

Sec. 9. A tax assessed under this act shall constitute a debt
due the state and may be collected by action of assumpsit or other
appropriate judicial proceeding. If not paid when due it shall
constitute a lien upon all the property of the tax-payer, and the
same shall be collected, together with a penalty of ten per centum
of the amount of the tax and the costs of collection.

No injunction shall be awarded by any court or judge to restrain
the collection of any tax imposed by this act, except upon the
ground that the assessment thereof was in violation of the consti-
tution of the United States or the constitution of the state of West
Virginia, or that the same was fraudulently assessed.

Any person improperly charged with any tax and required to
pay the same, may recover the amount paid, together with inter-
est, in any proper action or suit against the state tax commissioner
and the circuit court of the county in which the tax-payer resides
or is located shall have original jurisdiction of any action to re-
cover any tax improperly collected. It shall not be necessary for
the tax-payer to protest against the payment of the tax or to make
any demand to have the same refunded in order to maintain such
20 suit. In any suit to recover taxes paid or to collect taxes the
21 court shall adjudge costs to such extent and in such manner as
22 may be deemed equitable.

Sec. 10. The assessment of taxes herein made and the re-
2 turns required thereof shall be for the fiscal year ending on the
3 thirtieth day of June; provided, however, that if the tax-payer in
4 transacting his business keeps his books reflecting the same on the
5 basis of the calendar year, and makes the calendar year his annual
6 accounting period, the taxes chargeable against him shall be com-
7 puted on the basis of the calendar year, and the annual returns re-
8 quired of such tax-payer shall be for the calendar year. If the
9 tax-payer's annual accounting period is other than the fiscal year
10 or the calendar year, he may, with the assent of the tax commis-
11 sioner, make his annual returns and pay taxes for the year cov-
12 ering his accounting period as shown by the method of keeping
13 the books of his business.

Sec. 11. The tax imposed by this act shall be in addition to
2 all other licenses and taxes levied by law as a condition precedent
3 to engaging in any business, occupation, trade or profession, or
4 doing any act taxable hereunder, except as in this act otherwise
5 specifically provided.

Sec. 12. It shall be unlawful for any person to refuse to make
2 the return provided to be made in section six of this act; or
3 to make any false or fraudulent return or false statement in any
4 return, with intent to defraud the state or to evade the payment
5 of the tax, or any part thereof, imposed by this act; or for any
6 person to aid or abet another in any attempt to evade the payment
7 of the tax, or any part thereof, imposed by this act; or for the
8 president, vice president, secretary or treasurer to make or permit
9 to be made for any corporation any false return, or any false state-
10 ment in any return required in this act, with the intent to evade the
11 payment of any tax hereunder. And any person violating any of the
12 provisions of this section shall be guilty of a misdemeanor and
13 on conviction thereof shall be fined not more than five thousand
14 dollars, or imprisoned not exceeding one year in the county jail,
15 or punished by both fine and imprisonment in the discretion of
16 the court, within the limitations aforesaid. In addition to the
17 foregoing penalties, any person who shall knowingly swear to or
18 verify any false or fraudulent return, or any return containing
19 any false or fraudulent statement, with the intent aforesaid, shall
be guilty of the offense of false swearing, and, on conviction there-
for, shall be punished in the manner provided by law. Any cor-
poration for which a false return, or a return containing a false
statement as aforesaid shall be made, shall be guilty of a misde-
meanor and may be punished by a fine of not more than five thou-
sand dollars. The circuit and criminal courts of the county in
which the offender resides, or if a corporation, in which it carries
business, shall have jurisdiction to enforce this section.

Sec. 13. If the tax commissioner shall have any reason to be-
lieve that any person liable for the payment of a tax has made a
false or fraudulent return and is thereby evading the payment of a
tax, or any part thereof, he may cause an investigation to be made
by the attorney general through the prosecuting attorney of the
county in which the tax-payer resides or is located. In order to
conduct such investigation the prosecuting attorney may notify
the tax-payer to appear before the circuit court of the county,
which court shall require the production of all books, papers, and
documents necessary to ascertain the facts in the premises, and
may examine the delinquent and other witnesses under oath, and no
witness shall be excused from testifying concerning any perti-
nent matter on the ground that his testimony might incriminate,
or tend to incriminate, him, or render him liable to punishment
or to any penalty. But no person shall thereafter be prosecuted
and punished or suffer any penalty in any court in the state for
any offense which he shall have been required to disclose, or about
which he shall have been required to testify in such proceedings.

Sec. 14. The state tax commissioner shall prescribe forms to
be used in making returns and in the assessment and payment of
the taxes imposed by this act, but all such forms shall be as simple
as practicable, and the tax-payer shall not be required to disclose
any matter not germane to the ascertainment of the amount of the
tax with which he is properly chargeable.

The tax commissioner may prescribe reasonable rules of pro-
sEDURE in conformity with this act for the ascertainment, assess-
ment and collection of the taxes imposed hereunder.

Sec. 15. The administration of this act is vested in and shall
be exercised by the state tax commissioner for the state of West
Virginia, but the enforcement of any of the provisions of this
act in any of the courts of the state shall be under the exclusive
jurisdiction of the attorney general of the state who may require
6 the assistance of and act through the prosecuting attorney of any
7 county, and he may, with the assent of the board of public works
8 of the state, employ special counsel in any county to aid the prose-
9 cuting attorney, the compensation of whom shall be fixed by, and
10 paid only upon, the order of the state board of public works.
11 Neither the attorney general nor any prosecuting attorney of any
12 county shall receive any fees or compensation for services rendered
13 in enforcing this act in addition to the salary paid by the state of
14 West Virginia, or by the county, to such officer.

Sec. 15-a. The board of public works shall not, for the year
2 one thousand nine hundred and twenty-one and for the year
3 one thousand nine hundred and twenty-two, lay any state levy
4 or levies exceeding in the aggregate the sum of ten cents, as now
5 authorized by law, except that such board shall lay such levies
6 as may be required under the Virginia debt act and under the
7 good roads bond act.

Sec. 16. Sections five to seventeen, both inclusive, of chapter
2 three of the acts of the legislature of West Virginia, of nineteen
3 hundred and fifteen, second extra session, and sections one to five,
4 both inclusive, of chapter six of the acts of the second extraordi-
5 nary session of the legislature of West Virginia of one thousand
6 nine hundred and seventeen, and chapter seven of the acts
7 of the legislature of West Virginia of nineteen hundred and nine-
8 teen, extra session, and sections one to nine both inclusive, of chap-
9 ter five of the acts of the legislature of West Virginia, extraordi-
10 nary session of one thousand nine hundred and nineteen, and all
11 other acts and parts of acts inconsistent with the provisions of this
12 act, are hereby repealed. Provided, however, that said sections
13 shall remain in force for the assessment and collection of all
14 taxes which have accrued thereunder up to and including June
15 thirtieth, one thousand nine hundred and twenty-one and for the
16 imposition and collection of all penalties which have accrued and
17 may accrue in relation to any such taxes up to and including
18 June thirtieth, one thousand nine hundred and twenty-one.

to carry out the co-operation contemplated and provided for by
the said act. For the construction and maintenance of rural
post roads, the good faith of the state is hereby pledged to the gov-

Definition and Classification of Roads.

Sec. 3. The term "Public Road", "Highway", or "Road" shall
be deemed to include the right of way, road-bed and all neces-

slopes, retaining walls, bridges, tunnels and viaducts necessary for
the maintenance of travel, dispatch of freight and communication
between individuals and communities; and such public road or
highway shall be taken to include any road to which the public
has access and which it is not denied the right to use, or any road
or way leading from any other public road over the land of one
or more persons to the land of another person, and which shall
have been established pursuant to law. Any road shall be con-
elusively presumed to have been so established when it has been
used by the public for a period of ten years, or more, and public
moneys or labor have been expended thereon, whether there be any
record of its dedication or appropriation to public use or not. In
the absence of any other mark or record, the center of the traveled
way shall be taken as the center of the road, and the right of way
shall be designated therefrom an equal distance on each side, but
a road may be constructed on any part of the located right of way
when it is deemed advisable so to do; provided, a proper record
of such right of way for a county-district road, showing the ex-
act location thereof, as soon as practicable after the passage of this
act, shall be entered by the county court of the county in which
such road is to be constructed; provided further, a proper
record of such right of way for a state road shall be entered by
the state road commission.
Sec. 4. The public roads of this state shall be divided into two classes, to be known respectively, as “State Roads” and “County-District Roads”. “State Roads” shall include all roads which pursuant to the provisions of this act shall have been taken over for construction or maintenance by the state road commission. “County-district roads” shall include all other public roads except streets and other public ways in incorporated towns and cities.

Sec. 5. The term “Commission,” or “Road Commission” when used in this act, shall mean, “The State Road Commission of West Virginia,” created hereby, unless otherwise specified or clearly intended.

There shall be, and there is hereby created a commission to be known as “The State Road Commission of West Virginia,” and the same is hereby made a body corporate, and by that name the commission may sue, and be sued; plead, and be impleaded; contract and be contracted with, and have a common seal. The said commission shall consist of three members of well known and successful business qualifications, who shall be appointed by the governor, with the advice and consent of the senate, not more than two of whom shall belong to the same political party. The governor shall appoint the said commission as soon as may be after this act becomes effective, and before the first day of June, one thousand nine hundred and twenty-one, and shall designate the chairman thereof at the time of such appointment and thereafter at his discretion. The said commissioners shall immediately enter upon their duties and hold office for two, four and six years, respectively, from the first day of June, one thousand nine hundred and twenty-one, the term of each to be designated by the governor, but their successors shall be appointed for the term of six years, excepting that any person appointed to fill a vacancy shall serve only for the unexpired term, and any commissioner shall be eligible for reappointment; provided, that not more than two of the commissioners serving at any one time shall have been appointed from the same political party. The commissioners, before entering upon their duties, shall take, subscribe and file with the secretary of state the oath prescribed by section five of article four of the constitution. The said commissioners shall each execute a bond, to be approved by the governor, in the penal alty of ten thousand dollars, conditioned according to law, which
33 bond shall be filed with the secretary of state, and there pre-
34 served and recorded as are other bonds required of state officials.
35 The governor may remove any commissioner in the manner pro-
36 vided by the constitution of this state. No person while in the
37 employ of, or holding any official relation to any person, firm or
38 corporation selling or furnishing any materials entering into the
39 construction, reconstruction, repair or maintenance of any road
40 or highway of this state, or any part thereof, or who is pecu-
41 niarily interested therein, as a stockholder or otherwise, shall hold
42 said office; nor shall the said commission appoint hereunder any
43 person or persons as engineers, superintendents, or foremen sus-
44 taining such relation to such person, firm or corporation; nor shall
45 such engineers, superintendents, or foremen thereafter become in
46 any way connected with or interested in any such person, firm
47 or corporation while in the employ of the commission; nor shall
48 any of said commissioners or any engineer, superintendent or
49 foreman appointed by the commission be a candidate for, or
50 hold any public office other than that of commissioner, or of
51 employment under said commission, or be a member of any po-
52 litical committee either while acting as such commissioner or
53 while holding employment thereunder. In case any of said com-
54 missioners, or its servants or employees shall be a candidate for
55 or hold any other public office, or shall be a member of any po-
56 litical committee, his office as a commissioner or position as em-
57 ployee, as the case may be, shall be ipso facto vacated.

Sec. 6. Upon the appointment and qualification of the mem-
2 bers of the commission they shall at once proceed to organize.
3 The commission shall make necessary rules and regulations for
4 its own government, shall appoint a secretary, and shall have
5 power and authority to select all such other assistants, agents and
6 employees as may be necessary in the performance of its duties,
7 and for the purpose of carrying out the provisions of this act,
8 and shall fix their compensation, and require from them surety
9 or collateral bonds to be approved by the commission, condi-
10 tioned according to law; provided, however, that the total com-
11 pensation paid to any such assistants, agents and employees shall
12 not exceed in any one year the appropriation made by the
13 legislature for that purpose; and provided further, that any of
14 the county courts of the several counties of the state may enter
15 into an agreement with the said commission, by which services
16 shall be rendered to such court by any such assistant, agent or
employee, and such court shall provide for and pay the necessary
costs of such service. All appointees or employees of the com-
mission shall be subject to removal by it at its discretion. Each
commissioner shall devote his entire time to the performance
of the duties of his office, and shall receive a salary at the rate
of seven thousand five hundred dollars per annum, and the neces-
sary expenses incurred in the discharge of the duties of his office,
to be paid monthly.

Sec. 7. The state road commission shall be provided by the
state with suitable office rooms in the city of Charleston, and its
offices shall be open at all reasonable times for the transaction of
public business. The said commission shall make a full report
each year of its operations to the governor, showing the quantity
of earth and stone removed, and material prepared and manu-
factured; the number of miles and location of roads under con-
struction, and the number and location of roads completed, in-
cluding such roads as have been taken over by the commission
for maintenance, or construction; the cost of such construction
and maintenance, and the materials prepared and used therein,
the condition and needed repairs of roads previously constructed
and taken over by the commission, together with the result of
their investigation respecting previously constructed roads and
the materials used therein, and the cost of maintenance thereof;
detailed statements of its expenses; and for the purpose of ob-
taining all necessary and detailed information to be used in the
preparation of said report, the said commission may require the
several county courts, or local road authorities, in whose counties
work is done, or contemplated, to furnish such monthly reports
as may be prescribed by said commission; and the commission
shall make such other reports concerning the roads of the state,
and particularly state roads and the progress of their improve-
ments, as may be proper or required by the governor; and may
make such recommendations or reports as in its judgment are
beneficial to the general public. The report herein provided to
be made to the governor shall be accompanied with a map or maps
showing the location and improvement of all roads receiving fed-
eral aid up to the time of the completion of said report.

Sec. 8. It shall be the duty of the attorney general of this
state and of his assistants, and of the prosecuting attorneys of
the several counties, to render to the commission, without addi-
tional compensation, such legal services as it shall require of
them in the discharge of its duties under the provisions of this act.

Sec. 9. At the request of the state road commission it shall be the duty of the dean of the college of engineering of the state university, the director of the experiment station of said university, and the heads of the several departments of science of said institution, to render to the commission all necessary aid and assistance in the performance of its duties as the requirements of their respective offices and positions will permit, without extra charge or compensation for such service. The state road commission, in conjunction with the West Virginia University, may hold annually a school of good roads of not less than three days duration. All state and county road engineers, and county supervisors and presidents or members of the county courts shall attend said school and receive instruction in road building and maintenance. The commission shall fix the times for holding such schools, and may conduct the same at the West Virginia University and other points in the state. The actual necessary expenses incurred by said county road engineers, supervisors and presidents or members of said county courts, shall be paid out of the county treasury.

To provide the ablest talent, and to bring to the state the latest improvements and methods in road construction and maintenance, the commission shall be members of and attend national road conventions and conferences of federal and state road officials, and shall do everything necessary to carry to every section of the state the most practical discoveries and economical methods of road construction and maintenance. The actual necessary expenses of the road commission, or of any of its division engineers attending any road school or convention, shall be paid by the commission out of the proper appropriation.

Sec. 10. The state road commission shall cause to be made and kept for its department a general road or highway plan of the state; and compile statistics and collect information relative to the mileage, character and condition of the roads and highways in the counties and magisterial districts of the state. It shall investigate and determine upon the various methods of road construction best adapted to the various sections of the state; and establish standards for the construction and maintenance of roads and highways in various sections, taking into consideration the topography of the country, the natural conditions, and the char-
acter and availability of road building material, and the ability
of the counties and magisterial districts to build and maintain
roads under the provisions of this act. It may at all reasonable
times be consulted by any county, magisterial district, city or in-
corporated town officers concerning county-district roads, high-
ways, bridges and streets over which they have jurisdiction, re-
spectively, and shall, when requested, advise and give information
to such officers relative to the construction, repair, alteration and
maintenance of such roads, highways and bridges. It shall, at
all times, lend its aid in promoting road improvement through-
out the state, and shall prepare and compile all useful information
relative to road building and maintenance, and shall disseminate
such information by means of printed bulletins, or otherwise, is-
sued at such times and in such numbers as it may deem best.

Sec. 11. The authority and control over the construction,
maintenance and regulation of all public roads within the state
is hereby vested in the state road commission, and in the several
county courts, respectively, to the extent and under the provi-
sions and regulations herein prescribed. The state road com-
mission shall have and exercise the superintendence and admin-
istration of the construction, reconstruction, maintenance and re-
pair of state roads only, except as in this act specified. Such
county courts under the regulations aforesaid shall have the super-
intendence and administration of the construction, reconstruction,
repair and maintenance of county-district roads only, except as
may be specified in this act.

Sec. 12 The state road commission is hereby authorized and
evolved to make and enforce from time to time such rules, regu-
lations and orders as it may deem necessary, not inconsistent with
law or otherwise provided herein, for the preservation of state
roads, and to regulate the use of the same by tractors, traction
engines, wagons and such other vehicles or conveyances as by
such uses produce more than an ordinary amount of wear and
tear thereon. Every general regulation adopted by the commis-
sion shall state the date on which it takes effect, which shall not
be less than ten days after the date of publication. Such rules,
regulations and orders when and as promulgated or authorized,
shall be printed by the commission for free distribution to any
applicant therefor. A copy of such rules and regulations, duly
signed by the chairman and the secretary of the commission shall
be sent by the secretary to the secretary of state, to each officer

15 and to each county court affected thereby. Any person violating such order or regulation shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one, nor more than one hundred dollars, or imprisoned for not less than ten days nor more than three months, or both fined and imprisoned, at the discretion of the court or justice trying the case.

Sec. 13. Whenever any person, firm or corporation has damaged or is likely to damage by means of heavy loading or unusual traffic any county-district or state road to such an extent that the cost of repairs or maintenance will be more than the average cost of repairs or maintenance of other roads of like type and construction, the county court or the road commission as the case may be, shall have power to regulate the loading of such vehicles and to assess the excessive cost of repairs and maintenance of such roads against the person, firm or corporation causing such damage and require the payment thereof before further use of such road by such person, firm or corporation is permitted.

Sec. 14. Nothing in the general rules contained in this act regulating traffic shall be so construed as to authorize the use of any road, street or alley by any person, firm or corporation in such manner or for such purpose as would be destructive thereof. Any person making use of any road, street or alley in this state in such a manner or to such an extent as to be destructive thereof or as is mentioned in the preceding section, shall be liable to the state road commission, the county court or the municipality, as the case may be, for damages by reason thereof and the same may be recovered by appropriate action in any court having jurisdiction thereof.

State Road Fund.

Sec. 15. There shall be, and there is hereby created a state road fund. The said fund shall consist of the proceeds of all state license taxes imposed upon automobiles or other motor or steam driven vehicles, and collected from the owners thereof; the registration fees imposed upon all owners, chauffeurs, operators and dealers in automobiles or other motor driven vehicles; all sums of money which may be donated to such fund; all proceeds derived from the sale of state bonds issued pursuant to any resolution or act of the legislature carrying into effect the “Road Amendment” to
the constitution of this state, adopted, in the month of November
one thousand nine hundred and twenty; all moneys and funds
appropriated to it by the legislature; all moneys and funds al-
lotted or appropriated by the federal government to this state for
road construction and maintenance pursuant to any act of the con-
gress of the United States; the proceeds of all taxes imposed upon,
or collected from any person, firm or corporation for the benefit
of such fund; all taxes or charges imposed upon, or collected from
any county, district or municipality for the benefit of such fund;
the proceeds of all judgments, decrees or awards recovered and
collected from any person, firm or corporation for damages done
to, or sustained by any of the state roads or parts thereof; all
moneys recovered or received by reason of the violation of any
contract respecting the building, construction or maintenance of
any state road; and all penalties and forfeitures imposed, re-
covered or received by reason thereof, and any and all other moneys
and funds appropriated to, imposed and collected for the benefit
of such fund, or collected by virtue of any statute and payable to
said fund.

When any money is collected from any of the sources afore-
said, it shall be paid into the state treasury by the officer whose
duty it is to collect and account for the same, and credited to the
state road fund, and shall be used only for the purposes named in
this act, that is to say (1) to pay the principal and interest due
on all state bonds issued for the benefit of said fund, and set aside
and appropriated for that purpose; (2) to pay the expenses of the
administration of said road commission; (3) to pay the ex-
penses and costs of maintenance of all state roads; and (4) to pay
the expenses and costs of all construction, re-construction and
improvement of state roads; provided, that none of the funds de-
riverd from the sale of state bonds for road purposes shall be used
or expended, except for construction and reconstruction of state
roads.

The net proceeds of all moneys heretofore collected by the
state road commission, or that shall hereafter be collected by the
commission created by this act, as license, registration and trans-
fer taxes, other than special privilege taxes, imposed upon the
owners of motor or steam driven vehicles, and the license taxes
imposed upon chauffeurs and operators of motor vehicles, or de-
rivered from the government of the United States for road pur-
poses, for the calendar year one thousand nine hundred and twenty-one, and not otherwise appropriated by act of the legislature, and not appropriated and set aside by the commission under contracts made pursuant to law with county courts, shall be used and expended by the commission for the construction and maintenance of state roads to be taken over by the commission pursuant to the provisions of this act.

All moneys heretofore collected, or that shall be hereafter collected by the commission as special privilege taxes for the calendar year one thousand nine hundred and twenty-one shall be expended for the purposes and in the manner provided by chapter sixty-six of the acts of the legislature of one thousand nine hundred and seventeen.

**Location and Establishment of State Roads.**

Sec. 16. As soon as may be after this act becomes effective, the state road commission shall locate, establish, construct and maintain under the authority and as herein provided, a system of state roads and highways connecting at least the various county seats of the state and with important roads of adjoining states.

In the location and establishment of said system, the said commission shall give due consideration to the roads and routes designated and approved as Class A roads and routes as of the date of the passage of this act, and in so far as practicable, having regard to alignment, distance, important cities and towns, facilities of transportation, commercial centers and agricultural sections it shall adopt or take over so much thereof as may be necessary or advisable for the completed system aforesaid and when so located and established said system shall be designated and known as the “State road system.”

Any portion or section of the state road system, prior to its being taken over by the commission shall be known and designated as a “State Route.”

Sec. 17. The state road commission as soon as practicable after it has located and established a system of state roads, as provided in the preceding section, shall furnish to the clerks of the county courts of the several counties road maps of their several counties, respectively, showing the state routes designated by said commission constituting the state road system. As sections of such routes are taken over by the state road commission for
8. maintenance or are constructed the commission shall as soon as
9. practicable deliver to the clerk of the county court of each county
10. in which such roads so taken over shall lie, complete record plans
11. of such roads, together with accurate descriptions by metes
12. and bounds of the rights of way thereof, and the said clerk shall
13. file in his office such record plans and record such descriptions of

Sec. 18. A copy of any map, plat, document, or writing of
2. any character, required to be filed or recorded, by any of the pro-
3. visions of this act, in the office of the state road commission or
4. in the office of the clerk of any county court, when duly certified
5. or attested by any member of the commission, or by the clerk of
6. the county court as the case may be, may be admitted as evi-
7. dence, in lieu of the original, in any of the courts of this state.

Sec. 19. No bridge hereafter constructed on any state road,
2. shall be less than eighteen feet wide. All state roads shall occupy
3. a right of way not less than forty feet wide, exclusive of land nec-
4. essary for slopes for cuts and fills, unless the commission shall
5. make an order for a different width, which order shall be recorded
6. in the office of the commission, and a duly certified copy thereof
7. shall be delivered by the commission to the clerk of the county
8. court of the county in which such roads shall lie, and the same
9. shall be recorded by the said clerk in the road record book in his
10. office.

Sec. 20. As soon as may be after the passage of this act, and
2. when funds are available for that purpose, the state road com-
3. mission shall, by an order entered of record, take over and assume
4. charge of the further construction, reconstruction and maintenance
5. of all roads, or sections of roads on the state routes in the several
6. counties which have been improved with a hard surface, and which
7. in the opinion of the commission shall have been constructed and
8. maintained in accordance with approved methods, or in accordance
9. with recognized standard plans and specifications, and said com-
10. mission shall also in like manner take over and assume charge of
11. the further maintenance of all graded earth roads on state routes
12. which have been constructed with the aid of the state
13. or federal moneys, or have been constructed in accordance
14. with the standards for state and federal aid road work; provided,
15. that no roads lying within any incorporated town or city having
16. a population of more than two thousand five hundred persons, ex-
17. cept the National or Cumberland road through the city of Wheel-
ing, in Ohio county, shall be so taken over by the commission; provided, further, that certified copies of the order required herein to be entered by the commission shall be delivered by it to the clerks of the county courts of the several counties in which the roads to be taken over as provided by this section shall lie; and each of said clerks shall record in the road record book in his office the copy so delivered to him.

Sec. 21. The state road commission is hereby empowered and directed to construct, reconstruct, maintain and repair at the cost and expense of the state, the roads forming the state road system in the several counties of the state as soon as it shall have taken over such roads in the manner herein provided, and to that end the commission may purchase or lease all necessary equipment and materials, and shall appoint and employ all necessary agents, servants and employees; and the commission shall have and possess, in the construction and maintenance of the roads constituting parts of the state road system, in addition to the powers conferred upon it by this act, all the rights and powers conferred by law on county courts in the construction and maintenance of county-district roads.

Sec. 22. All roads constituting parts of the state road system, as designated and established by the commission, not yet constructed, shall be taken over in part from time to time, in the manner hereinbefore provided, as the commission shall be prepared to proceed with construction work thereon, until the whole of such roads shall have been taken over by the said commission.

Method of Distribution of State Road Fund.

Sec. 23. On or before the first day of July, one thousand nine hundred and twenty-one, and every two years thereafter, the state road commission shall ascertain, fix and determine the total amount of available funds for expenditure in the whole state for the construction and reconstruction of state roads and highways therein during such biennial period. Of the amount so ascertained, fixed and determined, the commission may set aside as a "Reserve Fund" not to exceed twenty percentum thereof, to be used and expended by it at its discretion in making desirable connections or economizing in construction. If at the end of any biennial period any money in said reserve fund remains unexpended or unappropriated, it shall be placed in the general funds for reserve and distribution during the next biennial period. The remaining eighty percentum of the funds so fixed and determined,
shall be apportioned to the various counties of the state for the construction and reconstruction of the state roads and highways therein in the proportion that the mileage of Class A roads or routes in each county, as heretofore designated and approved under existing law, bears to the total Class A road mileage, as heretofore designated and approved in the entire state. When the apportionment aforesaid is made, work on construction and reconstruction in each county shall be commenced as soon thereafter as practicable, and prosecuted with all reasonable dispatch until apportioned funds are expended, or until the construction, or reconstruction of said roads therein is completed.

When all the state roads in any county shall have been constructed or reconstructed, and surfaced, then the allotment for that county shall cease, and the mileage of state roads and routes in such county or counties shall not thereafter be taken into consideration in future apportionments until the state roads in all the counties are constructed and surfaced, or until further construction or reconstruction therein shall become necessary or advisable.

Sec. 24. Except as may be herein otherwise provided, any and all moneys now or hereafter to come into the hands of any county court or incorporated city or town having a population of less than twenty-five hundred persons, as the proceeds of any bond issue or special levy heretofore voted or authorized to be voted in any such county, district or incorporated city or town for the construction or improvement of roads or streets, shall be paid out and expended by such court or incorporated city or town, as the case may be, in the manner provided therefor at the time such bond issue or such levy was authorized; provided, that the expenditure of the proceeds of such special levies or bond issues for the construction or improvement of roads or streets constituting a part of the state road system, by any such county court or incorporated city or town, shall be made under the charge and supervision of the state road commission.

Any moneys so expended by said county or municipality upon any such state road or route, shall be in addition to and not in diminution of the part of the state road fund to be apportioned to such county under the provisions of section twenty-three of this act.

All county and district road levies heretofore authorized by any county court, and all contracts heretofore entered into by it, re-
The funds derived from such levies and commutation, not needed in carrying out any contract heretofore entered into may be expended on any of the roads in such county. Any county court may contract or agree with the state road commission for the expenditure of such fund or any part thereof on the state roads or routes within said county, but the funds so expended shall not be regarded as a part of the allotment of the state road funds to be expended in such county; provided, however, that nothing in this act shall be construed as compelling any such county or municipality to issue or sell bonds which have been authorized by it but have not been issued or sold; provided, further that if said bonds have been sold, nothing herein shall be construed as compelling the expenditure of the funds derived from such sale upon any road designated as a state road.

Upon the completion of any such work of construction or improvement, the road or street so constructed shall be taken over by the commission as a part of the state highway system in the manner herein provided.

Bids and Contracts for State Road Work.

Sec. 25. All work of construction and reconstruction of state roads and bridges, and the furnishing of all materials and supplies therefor, and for the repair thereof, unless manufactured or assembled by the commission, shall be done and furnished pursuant to contract, except that the commission shall not be required to award any contract for work or for materials or supplies for an amount less than three thousand dollars. When the commission is about to construct, reconstruct or improve any road or highway, it shall file with the clerk of the county court, or of the municipality, as the case may be, in which such road lies, a certified copy of plans and specifications therefor, and a notice that said commission is about to enter upon and proceed with the work in question. If the said work is to be done, or the materials therefor are to be furnished by contract, the commission shall thereupon advertise for at least four weeks in two newspapers.
16 opposite politics, if there be such, but if not then in one newspaper, published in each county or municipality in which the road lies, and for one week in at least one daily newspaper published in the city of Charleston, and in such other journals or magazines as may to the commission seem advisable, for sealed proposals for the construction or other improvement of said road, and for the furnishing of materials required therefor, accurately describing the same, and stating the time and place for opening said proposals, and reserving the right to reject any and all proposals. Said proposals shall be publicly opened and read at the time and place specified in said advertisement, and the contract for such work, or for the supplies or materials required therefor, shall, if let, be awarded by the commission to the lowest responsible bidder for the type of construction selected. In case the commission shall reject all bids, it may thereafter do the work with its own forces or with prison labor, or it may re-advertise in the same manner as before, and let a contract for such work pursuant thereto, but no such contract shall be let at a higher price than the lowest responsible bid theretofore received for the same, without a re-advertisement. In any case where a contract for work and materials shall be let as a result of competitive bidding, the successful bidder shall promptly and within twenty days after notice of award, execute a formal contract to be approved as to its form, terms and conditions by the commission, and shall also execute and deliver to the commission a good and sufficient surety or collateral bond, payable to the state of West Virginia, to be approved by the commission, in such amount as the commission shall require, but not to exceed one-half of the contract price. To all such bids there shall be attached the certified check of the bidder, or bidder’s bond acceptable to the commission, in such amount as the commission shall specify in the advertisement, but not to exceed five per centum of the aggregate amount of the bid; provided, that such amount shall never be less than five hundred dollars. The bidder who has the contract awarded to him and who fails within fifteen days after notice of award, to execute the required contract and bond, shall forfeit the said check or bond and the said check or bond shall be taken and considered as liquidated damages and not as a penalty for failure of said bidder to execute said contract and bond. Upon the execution of said contract and bond by the successful bidder,
his check or bond shall be returned to him. The checks or bonds of the unsuccessful bidders shall be returned to them promptly after the bids are opened and the contract awarded to the successful bidder.

Sec. 26. Before the state road commission, or any political subdivision shall let any contract for the paving of any road or highway, it shall determine upon and approve plans and specifications for the construction of brick, concrete, asphalt, bituminous or other standard types of paving, suitable for the project contemplated, and shall include in the advertisement and proposals for such work each type of paving so approved.

Sec. 27. Every contract made by the state road commission, under the provisions of this act, shall be made in the name of the state and shall be signed by the state road commission and by the contractor, and shall be approved as to form and regularity by the attorney general of the state or by other competent counsel.

Method of Disbursement.

Sec. 28. The chairman and the secretary of the state road commission shall certify monthly to the state auditor the amount due to each member and each employee of the commission for services as such commissioners and employees, and the auditor shall issue his warrant therefor on the state treasurer, payable out of the state road fund appropriated for such purpose. Any claim of a contractor or contractors or others, not herein-provided for, for labor done or for materials and supplies furnished to the state road commission, pursuant to the provisions of this act, shall be audited by the commission, and, if found to be correct, the commission shall issue its requisition upon the auditor of the state therefor, showing the nature of the said claim and whether it is for labor done or materials and supplies furnished for construction of state roads, or for other purposes, and the said auditor shall issue his warrant upon the state treasurer therefor, and the treasurer shall pay the same to the person, firm or corporation entitled thereto, out of the funds in the treasury provided for that purpose.

To provide a fund for the purpose of making prompt payments, refunds on license fees, and to secure cash discounts wherever possible, the state road commission may, from time to time, issue its requisition upon the state auditor for such sum as may by it be
23 deemed necessary to pay such claims, and the said auditor shall
24 issue his warrant upon the state treasurer for such amount, sub-
25 ject to the limitation imposed by this section, and the treasurer
26 shall pay the same to the said commission out of the road fund
27 or funds provided for that purpose. The commission shall im-
28 mediately deposit such funds to its credit in some bank, or banks,
29 designated pursuant to chapter seventeen of the code of West
30 Virginia, as a state depository or depositories. Such requisition
31 upon the auditor shall be accompanied with a statement duly veri-
32 fied by a member of the commission, showing the amount of
33 money in the hands of the commission to the credit of the said
34 fund at the time said requisition is presented to the auditor. The
35 amount of such funds in the hands of the commission shall not
36 exceed at any one time the sum of five thousand dollars. When
37 the commission makes such requisition it shall at the same time file
38 with the state auditor an itemized statement, showing what items
39 and amounts have been paid by it out of such fund and for what
40 purpose, and such statement shall be accompanied with a voucher
41 for each item, duly signed by the party to whom payment was
42 made, in consideration of labor done or materials or supplies fur-
43 nished to the said commission. The amounts so reported as paid
44 by the commission, under its direction or authority, out of such
45 fund, if found to be correct, shall be reported by the auditor to the
46 said treasurer and credited by him to the commission on account
47 of the advances made to it pursuant to this section; provided, that
48 the commission may require any person, designated by it to make
49 payments or handle any funds pursuant to the provisions of this
50 section, to furnish a bond, conditioned according to law, payable
51 to the state of West Virginia, with good and sufficient surety or
52 sureties, acceptable to the commission, in a sum equal to at least
53 twice the amount of funds coming into the hands or under the
54 control of such person at any one time.

Plants for Manufacture of Road Materials.

Sec. 29. For the purpose of obtaining materials to be used in
2 the construction and maintenance of state roads and highways, the
3 state road commission is hereby authorized and empowered, on
4 behalf of the state, to establish stone quarries, stone crushing
5 plants, brick kilns, cement plants, and other plant or plants
6 deemed by it needful or necessary in the prosecution of its work,
as provided by this act, and to acquire lands and appurtenances thereto. The commission shall also have the power to rent, purchase or condemn, or to acquire by any other lawful means, stone quarries, gravel, clay, sand, and other deposits, with rights of way thereto, and wharves, landings and switches for shipping or receiving materials; to acquire storage places; to hire and purchase all means of transportation for the same; to remove such materials from such lands and other places; to prepare the said materials for use; and to manufacture such materials into road making products; to purchase all necessary machinery, tools and other equipment; to make such contracts and employ such labor as may be needful or necessary to establish such plants; to acquire, prepare, manufacture and transport such materials for use, and to do all other things needful or necessary in connection with the purchase, production, accumulation and distribution of such materials for the uses aforesaid; and all costs and expenses incidental thereto shall be paid out of the state road fund. The commission may sell any surplus of such materials, products or equipment to any county or counties, or to any municipality of the state, or to any person, firm or corporation, at not less than actual cost or value, exclusively for use in the building of roads, streets and alleys, in this state, and the commission shall pay to the state treasurer the funds received therefor, to be credited to the state road fund. Whenever the commission shall deem it necessary or desirable to acquire such property, rights and easements for the purposes aforesaid, it shall, when possible, enter into an agreement, with the owner or owners of said property, as to the amount of damage, if any, to be paid to them by the state; but in case an agreement satisfactory to the commission and said owner or owners cannot be made, the commission may proceed without delay to take, use and enjoy such property, rights and easements, for the purposes aforesaid; and the owner or owners of said property, rights and easements, damaged thereby, may present their petition to the circuit court of the county wherein the property taken shall lie, or where such rights and easements have been so taken and exercised, for the appointment of viewers to ascertain and assess such damages, if any. The proceedings upon said petition and by the viewers shall be governed by provisions of section one hundred and thirty-eight of this act.
The commission is empowered to enter into contracts with the proper authorities of other states to establish jointly plants for the preparation and manufacture of cement, brick, stone, and other materials to be used in the construction of roads as provided for herein, and to operate such plants, and acquire all materials and do all other things that may be deemed necessary for the operation thereof and for the more economic prosecution of the work of building and maintaining public roads as provided for by this act.

Sec. 30. All materials of every kind used upon state roads shall be carefully tested, or caused to be tested by the commission, when by it deemed necessary, and no such materials shall be used in the construction or maintenance of any such road until approved in writing by said commission. The county courts of the several counties may make arrangements with said commission for the testing of materials in the construction of county-district roads.

Sec. 31. Whenever it shall be necessary from any cause to acquire any lands for the purpose of constructing, widening, straightening, grading or altering any state road which cannot be acquired at a satisfactory price by purchase or grant, the said commission is hereby empowered to condemn the necessary lands therefor, together with all necessary rights and easements, under the right of eminent domain, or it may proceed as provided in section one hundred and thirty-eight of this act. The cost of all rights of way acquired for any state or county-district road, or roads, or for the purpose of widening, straightening, grading, or altering any such road or roads, shall be paid by the county court of the county in which such road or roads shall lie.

Sec. 32. Whenever the state road commission shall find it necessary to close any state road, about to be constructed or repaired under the provisions of this act, so as to permit a proper execution of such work, it may direct a detour by proper signs and guides or provide a new location by the construction of a temporary road to be used by the traveling public in lieu of the closed public road and may erect temporary bridges when necessary. For the purpose of locating such temporary road and bridge, the engineer or other representative of the commission in charge may enter upon the land adjoining or near the closed public road and may, with the approval of the commission, agree with the owner...
12 of such lands, for the damages, if any, caused thereby. If the
13 engineer or other representative of the commission is unable to
14 agree with such owner for the amount of damages, if any, the
15 amount thereof shall be ascertained, determined and paid in the
16 manner and pursuant to the procedure provided by section twenty-
17 nine of this act, and pending such determination the commission
18 may proceed without delay to take, use and enjoy such property
19 and easements for the purpose aforesaid.

Sec. 33. The state road commission shall not construct, re-
2 construct, improve or repair any section of a state road or high-
3 way within any city or incorporated town, until such city or in-
4 corporated town shall have been given notice and a reasonable
5 opportunity to lay all necessary pipes and make all necessary con-
6 nections for sewerage, water, gas, heating, lighting and any other
7 purpose whatsoever, where the duty to lay such pipes and make
8 such connections is imposed by law upon such city or town; and
9 shall, by ordinance duly passed by the city or town council, com-
10 pel all public service companies and abutting property owners to
11 lay all necessary pipes and to make all necessary connections for
12 sewerage, water, gas, heating, lighting or any other purposes what-
13 soever, along and in the line of said section of state road or high-
14 way before the work of construction, reconstruction or improve-
15 ment of the same is started; but in the event that such city or town,
16 after it shall have been served with notice in writing by said com-
17 mission of its intention to improve such street or highway, and
18 shall have been requested to lay all necessary pipe and make all
19 necessary connections, as aforesaid, and to compel all public
20 service companies and abutting property owners to lay all neces-
21 sary pipes and make all necessary connections for the purposes
22 aforesaid, shall fail to comply with such request; within
23 sixty days after service of such notice, the commission
24 may thereupon lay such pipes and make such connections,
24-a and the necessary cost and expense thereof shall be chargeable by
25 the commission against such city or town; and upon the neglect
26 or refusal of such city, town or public service company, to pay
27 such costs and expenses within sixty days after the completion of
28 the laying of such pipes and making such connections, the com-
29 mission may collect the same by proper action in any court hav-
30 ing jurisdiction thereof; provided, that such costs and expenses
31 shall not be chargeable against any such city or town to the extent
that the same would impose an indebtedness against such city
or town in excess of the amount allowed by existing law.

State Convict Road Force.

Sec. 34. All convicts confined in the state penitentiary of
this state and delivered to the state road commission upon its re-
quisition, as herein provided, shall, when so delivered, constitute
the "State Convict Road Force."

Sec. 35. The state convict road force, as now or hereafter con-
stituted shall, as far as practicable, except as is herein otherwise
provided, be employed in the construction and maintenance of the
state road system, and to this end may also be employed by the
commission in or about any stone quarries, gravel pits, sand banks,
crushers, brick kilns and other plants, and places in the acquisition
and manufacture of materials to be used in the construction, main-
tenance or repair of state roads, under the same rules and regula-
tions as are provided herein for working said force on the state
roads or highways.

Sec. 36. Convicts may be employed by the commission at
any place within the state under the regulations herein prescribed.
The board of control, with the advice and assistance of the warden
of the penitentiary, shall determine what prisoners therein con-
fined may, with safety and convenience, be assigned to such work,
selecting preferably such prisoners as are believed to be most
trustworthy. Whenever the commission shall desire to use such
prison labor for the construction, maintenance, improvement or re-
pair of any state road or highway in this state, or any part there-
of, or for the preparation or manufacture of road materials for
road construction and maintenance, it shall make requisition upon
the state board of control to send convicts to the place or places
where they are desired to be worked upon such road. Such
requisition shall be in form prescribed by the board of control,
and shall state the number of convicts desired, which shall not
be less than ten, and the length of time for which the commis-
sion desires to contract. The board of control shall grant all such
requisitions in so far as the number of prisoners in the peniten-
tiary available shall be sufficient to meet the requirements of the
commission; and if at any time the number of prisoners available
shall not be sufficient to meet the requirements of the commission,
the board of control shall file the requisitions, and supply the
prisoners required as soon as they may be available. The board of control may, for good cause, refuse to honor any or all such requisitions, in which event the cause of such refusal shall be specified in writing to the commission.

Sec. 37. Whenever any such application shall be granted by the board of control, a contract in writing, based thereon, shall be entered into between the board of control and the commission, which shall set forth the terms of the agreement, based on such application.

Sec. 38. The state convict road force shall be guarded when working on the roads of the state and in making road materials, and when being transported to and from the penitentiary by guards detailed by the warden of the penitentiary, who shall designate one guard as the superior, and the other or others as assistants, and such superior may, by agreement with the commission, act as and be the foreman in charge of such work. The state guard and assistants shall obey the rules prescribed for the maintenance of prison camps. Any guard or assistants not obeying such rules shall, on recommendation of the engineer in charge of the work, be immediately recalled, and some other person detailed in his stead. The wages of each guard, superior and assistant shall be fixed by agreement between the commission and the warden of the penitentiary. The warden, his assistants or guards, at the request of the state road commission, may, as far as practicable, make trusties of the state convict road force employed under this act. All guards and prisoners shall be under the direction of the state road commission, or its engineer in charge, and shall work not to exceed sixty hours per week and each prisoner shall be paid for such time in excess of nine hours per day at the contract rate paid by the commission for such prisoner's labor. The state board of health, state board of control and the state road commission shall promptly formulate rules and regulations governing such camps, and the state board of control shall allow such good time and other allowances as may be deemed wise for the government of state prisoners and prison camps, in addition to that allowed by law.

Sec. 39. The state road commission shall provide suitable quarters, said quarters to be built as far as can be, with convict labor; and shall supply all necessary cooking utensils, beds and bedding, and wagons or other vehicles for transporting the convicts
Sec. 40. All convicts forming the state convict road force shall be transported to and from the penitentiary under the direction of the warden thereof, and the expense of such transfer shall be paid in the same way as is now provided by law for transporting convicts to the penitentiary; and such prisoners may be transported anywhere in the state, as may be required by the commission.

Sec. 41. The warden of the penitentiary shall provide in the same manner as he now provides for convicts in the penitentiary, all clothing, food, quarters and guards for the state convict road force when at work on said state roads anywhere in the state.

Sec. 42. Whenever any prisoner working on such roads shall become sick, or shall be disabled by accident or otherwise, he shall be attended by the physician employed by the county court to take care of the poor in the county, or by the jail physician in such county wherein such prisoner is being employed, and the fees of such physician shall be paid by the commission in such sum as may be agreed upon by the commission with such physician. In any case of emergency the physician who can be most conveniently reached shall attend such prisoner until the physician for the poor or the jail physician can attend, and the reasonable fees of the physician first called shall be paid by the commission.

Sec. 43. When the commission desires to obtain and employ convict labor on state roads under the provisions of this act, it shall supply all such equipment, materials, tools and teams as may be necessary in the prosecution of such work.

Sec. 44. After the expiration of all contracts now existing between the state and any person, firm or corporation for the employment of convicts confined in the state penitentiary only such contracts shall be renewed, or new contracts made, under the provisions of law, as may be necessary to employ all convicts not otherwise employed under the provisions of this act; provided, that when convicts from the penitentiary are not required by the commission for labor in the construction and maintenance of state roads, or for the preparation or manufacture of materials therefor, the board of control may, with the consent in writing of the state road commission, grant application to any of the county courts of
12 this state for the use of such convicts, confined in the penitentiary, 13 in the construction and maintenance of county-district roads, as 14 may not be needed or required by the commission, and all such 15 prisoners shall be employed by the county courts as aforesaid only 16 upon the same conditions, and under the same laws, rules and reg- 17 ulations as are required by this act governing their use by the state 18 road commission.

Sec. 45. If any convict escapes from the state road force, he 2 shall be punished as now prescribed by law for the punishment of 3 convicts escaped from the penitentiary.

Sec. 46. The warden of the penitentiary shall have power to 2 discharge any of said prisoners working on said state convict 3 road force wherever they may be in the state, when the term of 4 said prisoner shall have expired, and section twenty-two of chap- 5 ter one hundred and sixty-three of the code of West Virginia, of 6 one thousand nine hundred and sixteen, shall apply to all convicts 7 working on said state road force.

Sec. 47. It shall be the duty of the state road commission to 2 designate some competent physician or physicians to make nec- 3 essary inspection of all camps where a convict road force is em- 4 ployed; and it shall be the duty of such physician to make monthly 5 thorough investigations of the sanitary conditions of such camps, 6 and make a regular report of every inspection to the governor to- 7 gether with such recommendations as it may deem necessary, and 8 to furnish a copy thereof to the warden of the penitentiary, to 9 the state board of health and the local board of health of the 10 county in which such camp may be located. The reasonable fees 11 of the physician rendering such services shall be paid by the com- 12 mission.

Sec. 48. Whenever any able bodied male person over the age 2 of sixteen years shall be convicted of an offense punishable with 3 confinement in the county jail, before any court or justice of the 4 peace, and sentenced by such court or justice of the peace to im- 5 prisonment in the county jail and to pay a fine and costs, he shall 6 be sentenced by such court or justice of the peace to labor on the 7 county-district roads of the county, under the direction of the 8 county road engineer, or other representative of the county court

10 and until said fine and costs are satisfied. Whenever any per- 
11 son is imprisoned by virtue of section ten, chapter thirty-six of 
12 the code of West Virginia, of one thousand nine hundred and 
13 sixteen, and fails to execute the bond therein provided, he shall 
14 be required to work on said roads until said fine and costs are paid 
15 under the regulations prescribed by this act; provided, said work 
16 shall not be required to be done on the streets or alleys of any city, 
17 town or village which under its charter is required to keep its 
18 own streets and alleys in order, unless the corporate authority 
19 thereof shall first arrange with the county authorities to pay for 
20 such work to the keeper of the jail of said county the amount to 
21 which he shall be entitled for the board of such prisoners.

Sec. 49. The county court of each county shall provide for the 
2 working of such prisoners, and for their safe keeping while per- 
3 forming such work, and to this end the border lines of each county 
4 shall constitute and be considered the walls of the jail of such 
5 county, and the county engineer or other representative of the 
6 county court having such work in charge shall be, and he is hereby 
7 empowered to adopt safe and humane methods of discipline and 
8 protection to enforce the provisions of this act and prevent the es- 
9 cape of prisoners; provided, that it shall be lawful for any county 
10 court to employ the prisoners of such county outside the county 
11 where they were convicted or imprisoned upon the same terms and 
12 conditions, and under the same rules and regulations, as now gov- 
13 ern their employment within the county where they were convicted.

Sec. 50. The court or justice of the peace before whom any 
2 such prisoner is convicted, or imprisoned for good cause appearing 
3 and entered of record, may omit from the sentence that part of the 
4 penalty requiring such person to work on the public roads of the 
5 county.

Sec. 51. Whenever any such person shall escape while work- 
2 ing on such public road, and be re-captured, he shall be taken by 
3 the officers having him in custody before any justice of the peace 
4 in the county where such escape was made, and such justice shall, 
5 after a trial, and upon conviction for such escape, sentence him to 
6 labor on the county-district roads of said county, in addition to 
7 fine and sentence imposed for his previous trial, not less than sixty 
8 days, nor more than six months, and to pay the cost of making the
9 arrest, including all costs of trial; and, in default of payment, he
10 shall sentence said prisoner to work out said costs on said roads,
11 as herein provided.

Sec. 52. The sheriff, upon recommendation of the county en-
2 gineer, or other representative of the county court having the
3 work in charge, and with the approval of the county court, shall
4 employ a sufficient number of persons to guard such prisoners, not
5 to exceed one for every ten or less number of prisoners so em-
6 ployed on such county roads, and the wages of such guards shall
7 be reasonable and shall be fixed by the county court and shall be
8 paid out of the county treasury when allowed by the county court.
9 Such guards when employed shall be subject to and under the di-
10 rection of the county road engineer, or other representative of the
11 county court having the work in charge. The keeper of the jail
12 shall file with the clerk of the county court a monthly statement
13 showing the number of prisoners in jail awaiting trial, the number
14 of prisoners sentenced to work upon the public roads, the number
15 of days work performed, the number of days idle. and the reasons
16 therefor. Whenever prisoners are worked from camps, or kept
17 outside of the jail, the person in charge of the camp shall furnish
18 the jailer with the information herein required, or file the same
19 with the clerk of the county court, under the direction of the
20 county road engineer, or another such representative of the court.

Sec. 53. The clerk of every court, or the justice of the peace
2 before whom any person is convicted of an offense and sentenced
3 to be confined in the county jail, or sentenced to pay
4 a fine and is confined for non-payment thereof, shall certify
5 to the jailer the length of sentence and the amount of fine in the
6 manner and form following:

3 with all the rules and regulations which may be prescribed by the
county road authorities governing the working of prisoners on
the county-district roads, shall be entitled to a deduction from
his sentence of five days for each month on each jail sentence that
may be imposed upon him.

State Bridges:

Sec. 56. For the purpose of making and maintaining connec-
tions between state roads or highways, or the parts of any state
road or highway constructed or improved under the provisions of
this act, the state road commission shall have the power to build
bridges and acquire by purchase, condemnation or otherwise, (and
to maintain when so acquired) any existing bridges along, in the
line of, or connected with any such road or highway, together with
all land, roads, approaches, rights, franchises, and easements be-
longing to any person or corporation, and necessary or convenient
for the purpose aforesaid.

Sec. 57. It shall be the duty of the commission, the county
court of each county, and the incorporated towns and cities of this
state, to post and keep posted on or at each end of all bridges over
which they have jurisdiction, respectively, notices clearly legible
to the traveler upon the road, indicating the maximum safe load
or weight that may pass over such bridge at any one time; pro-
vided, that such notice shall not be required upon any small stone,
brick, concrete, arch or slab bridge whose capacity clearly exceeds
the weight that may lawfully pass over the adjoining road.

Sec. 58. No person shall drive or ride over any bridge faster
than a walk; provided, however, that any truck may be driven
over any bridge at a rate of speed not to exceed ten miles per hour,
and any motor vehicle used for carrying passengers at a rate of
speed not to exceed fifteen miles per hour. Any person violating
this section shall be guilty of a misdemeanor, and upon convic-
tion thereof shall be fined five dollars for the first offense, and twenty-five dollars for each subsequent offense.

Sec. 59. Whoever shall obstruct or cause to be obstructed, any walk or driveway to or upon any public bridge, or shall loiter upon or about the entrance to the same, or in anywise interfere with the gate-keeper or passengers upon such bridge, unless he be an officer acting in the discharge of his duty, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined ten dollars.

Sec. 60. The state road commission shall cause an inspection to be made of any bridge upon any state road or highway which is reported by any of its agents, servants or employees, to be unsafe for public use and travel. If such bridge is found to be unsafe for public use and travel, the commission shall condemn such bridge and promptly close the same, so as to exclude travel therefrom; and shall promptly reconstruct or repair the same.

Sec. 61. The state road commission is hereby authorized and empowered, pursuant to a contract or contracts, entered into by it with the proper authorities of any adjoining state, to purchase or erect and to maintain any bridge or bridges across any stream or streams separating this state from such adjoining state or states in conjunction with the parties so contracted with, when the same shall be deemed by it necessary or proper, to connect up a state highway of this state with a public highway of such adjoining state; provided, that such contract or contracts shall not be entered into by the commission, except upon the approval of the governor, after the commission shall have filed with the governor a report in writing, with necessary maps, plans and specifications of the bridge or bridges desired to be purchased or constructed, showing the estimated cost thereof, and all other facts that it may deem necessary, or that may be required by the governor.

Sec. 62. All improvements hereafter made on state routes, including the construction of culverts and bridges, shall be under the direction and supervision of the state road commission, and all culverts and bridges thereon shall be constructed in accordance with plans prepared or approved by the commission; provided, that nothing herein contained shall be so construed as to prevent any county, district or corporation from providing funds to be used in the construction or improvement of such roads.
Sec. 63. Any county, district, group of districts or municipal corporation may, in the manner provided by law, vote bonds or provide funds by levy or otherwise, for the improvement and paving of any roads constituting state routes lying within their respective boundaries and not theretofore taken over by the state road commission in the manner provided by this act, but such funds hereafter provided shall be expended under the charge and superintendence of the state road commission. Any such roads or portions thereof so improved with funds provided for that purpose by any county or political sub-division thereof shall, without unnecessary delay, be taken over by the state road commission in the manner hereinbefore provided, as a state road, and the commission shall thereafter maintain the same; provided, that where an agreement or contract exists between a county court or town having a population of less than twenty-five hundred persons, and any contractor, firm or corporation for the construction of any road so taken over by the state road commission as a part of the state road system, the same shall be performed and completed the same as though this act had not been passed; provided, further, that where, under a contract or franchise existing between any street railway company, or other corporation or firm, and any county court or town having a population of less than twenty-five hundred persons, such street railway company or other corporation or firm is required to maintain any road which has subsequently been taken over by the state as a part of the state road system, the said contract shall remain in force, and the state road commission shall succeed to and take over to itself all the rights of said county court or town existing under said contract or franchise. The said street railway company, or other corporation or firm shall be bound to carry out all of the requirements, and comply with all the terms and conditions of the said contract with the state road commission, the same as though the said contract had been originally made between the state road commission and the said street railway company or other corporation or firm.

Sec. 64. The county courts of the several counties in the state shall continue in charge of the construction, improvement and maintenance of all roads heretofore known as Class A roads located in their respective counties, and shall maintain them as county-district roads until such time as the state road commission...
6 shall, by order entered of record, take them over, either for con-
7 struction or maintenance, after which they shall be and remain
8 under the exclusive authority and jurisdiction of the state road
9 commission.

Protection of Roadbed—Railroad Crossings.

Sec. 65. No railroad or electric or other railway shall be con-
2 structed upon the roadbed of any state road, except to cross the
3 same, nor shall any person, firm or corporation enter upon or
4 construct any works in or upon such road, or lay or maintain
5 thereon any drainage sewer or water pipes, gas pipes, electric con-
6 duits or other pipes, upon or under such road, nor shall any
7 telephone, telegraph or electric line or power pole, or any other
8 structure whatsoever, be erected upon, in or over any portion of a
9 state road, except under such restrictions, conditions and regula-
10 tions as may be prescribed by the commission, notwithstanding any
11 consent or franchise granted by any county court, or by the muni-
12 cipal authorities of any city or town. Whenever any railroad or
13 electric or other railway heretofore or hereafter constructed shall
14 cross any public road it shall be required to keep its own road bed
15 and the bed of the said road or highway at such crossing, in pro-
16 per repair, or else to construct and maintain an over-head or
17 under-grade crossing, subject to the approval of the state road
18 commission; and the tracks of such railroad or railway at grade
19 crossings shall be so constructed as to give a safe and easy approach
20 to and across the same.
21 If the commission shall desire that the course of any railroad
22 or electric or other railway, turnpike, canal, pipe line, or any
23 stream which is not a public highway, shall be altered to avoid
24 the necessity of any crossing of a state road or highway or of
25 frequent crossings, or to facilitate the crossing thereof, or to
26 avoid a grade crossing, or that an overhead or under-grade cross-
27 ing should be constructed, the alteration may be made in such man-
28 ner as may be agreed upon between the commission and the rail-
29 road or railway, turnpike, canal, or pipe line company, or the
30 owner of the land to be affected by the alteration of the course
31 of such stream. In case the parties interested fail to agree upon
32 such crossing or alteration as is desired, the commission may
33 bring suit in equity, and in such suit the court may, in a proper
34 case, decree that such, or any proper crossing, or alteration, may
be made upon payment of damages to be ascertained, as provided in chapter forty-two of the code, and that in case such railroad or railway, turnpike, canal, or pipe line company, or the owner of the land to be affected by the alteration of such stream, shall fail or refuse to construct such crossing or make such alteration, after due notice so to do, then the same may be constructed, or the alteration made by the commission, and the cost thereof shall be chargeable against such company or person, and may be collected in any court having jurisdiction thereof. Any person, firm or corporation violating this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished with a fine of not less than twenty-five dollars, nor more than one hundred dollars for each day such violation continues.

Uniform Road Sign System

Sec. 66. As soon as may be after the passage of this act, the state road commission shall devise a uniform road sign system for all state and county-district roads in this state, and shall without delay, give due notice to the several county courts of the system devised for county-district roads, and it shall be the duty of the several county courts, without undue delay thereafter, to erect and thereafter to maintain signs upon all county-district roads within their respective jurisdictions pursuant to the system so devised. It shall likewise be the duty of the commission to mark all state roads with, and thereafter to maintain suitable signs in keeping with the road sign system devised by it, as soon as practicable after such roads are constructed or taken over for maintenance. The several county courts shall designate each of the different county-district roads in the several districts of their respective counties by a separate number or name, and as far as practicable give the same number or name to such road in each of the districts into or through which it extends. In making the designation aforesaid the order of the court shall show the date of the establishment of the road, and the order book and page showing such establishment and of each section or portion thereof. If there be no such record, and the said road has been open to travel to the public, and money or labor has been expended thereon for a period of ten years or more then such record shall state that fact, and describe the road with such particularity as to show clearly its location. Likewise the said
commission shall give suitable names to the state roads or highways, and may change the name of any road which becomes a part of the state road system. The commission may establish and maintain watering troughs upon state roads. The county road engineer may authorize the owner or occupant of lands to construct and maintain watering troughs beside county-district roads, all such watering troughs to be supplied with fresh water, the surface of which shall be at least two feet above the level of the ground, and easily accessible for horses with vehicles. The county road engineer shall annually give a written order upon the county court for two dollars to be paid out of the road fund of the district to each owner or occupant for maintaining such watering trough, and keeping the same supplied with fresh water.

Sec. 67. Any person who in any manner paints or affixes any advertisement, sign, notice or other written or printed matter, other than notices posted in pursuance of law, on or to any stone, tree, fence, stump, pole, building or other structure which is in or upon the right of way of any public road or highway, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished with a fine of not less than five dollars, nor more than one hundred dollars. The commission is empowered to remove any such signs in place upon any road taken over by it for construction or maintenance.

Sec. 68. Any person who shall ride, or drive, upon any new roadbed or new repairs of any roadbed constructed or being constructed by or under the supervision of the state road commission or any county court before the same is open for traffic, and any person who shall remove any light or guard set up for the purpose of closing said road, or any part thereof, to traffic, and any person who shall otherwise maliciously injure or damage in any manner, any road or highway built under the provisions of this act, either in the course of its construction or thereafter, or who shall maliciously injure or damage any work, equipment, material or structure used in connection therewith, shall be guilty of a misdemeanor and on conviction thereof, shall be fined not more than one hundred dollars, or be imprisoned not more than three months, or in the discretion of the court may be both fined and imprisoned, as above said.

Sec. 69. No opening shall be made in any state road or high-
2 way, nor shall any structure be placed therein or thereover, nor
3 shall any structure, which has been so placed, be changed or re-
4 moved except in accordance with a permit from the commission.
5 No state road or highway shall be dug up for laying or placing
6 pipes, sewers, poles, or wires, or for other purposes, and no trees
7 shall be planted or removed or obstructions placed thereon, with-
8 out the written permit of the commission, or its duly authorized
9 agent, and then only in accordance with the regulations of said
10 commission; and the work shall be done under the supervision and
11 to the satisfaction of said commission; and the entire expense

certificates and plates or markers were originally issued to sur-
render the same, and shall allow to him a refund of the amount
paid for registration markers and certificate for the quarterly
periods remaining wholly unexpired.

Upon the transfer of ownership of any motor vehicle its certi-
ficate of registration and the right to use the number plates or
markers shall expire, and it shall be the duty of the original owner
to immediately notify the commission of the name and address
of the new owner, and to deliver to the purchaser the license
certificate and plates or markers belonging thereto. It shall be
the duty of the purchaser immediately to file with the commission
an application for a transfer of such registration accompanied
with said certificate, for which the commission shall issue a trans-

12 such manner and form not inconsistent with this act, as said com-
13 mission may determine.
14 Said license shall state the name, age, postoffice address of the
15 licensee, and the number assigned to him, and shall entitle
16 the licensee to operate any vehicle of any make unless otherwise

22 be determined. A number shall be assigned to each of said licen-
23 sees and a proper record of all applications and licenses, and all
24 licenses issued, shall be kept by the commission, and shall be open
25 to public inspection.
26 The commission may require an actual demonstration or other
27 evidence of the qualifications of such applicant to operate such
28 motor vehicle, tractor, or traction engine, and may refuse to
29 issue a license, if in the commission’s judgment the safety of the
30 public would be promoted thereby. The commission may also
31 after due hearing, upon not less than five days’ notice in writing,
32 sent by registered mail to the address given by the operator or
33 chauffeur when applying for his license certificate, which shall
34 constitute a sufficient form of notice, suspend or revoke the
35 operator’s or chauffeur’s license issued to any person under this
36 act for any cause which the commission may deem sufficient. The
37 The commission may take into consideration in refusing, suspending, 38 or revoking licenses, the penalties (except minor speed violations) 39 imposed by duly authorized officials in other states, where such 40 records are kept and reported, if the commission deem the acts 41 causing such penalties to be imposed to be of sufficient impor- 42 tance to justify such refusal, suspension or revocation.

43 No person shall, during the remainder of the calendar year in 44 which his license as operator or chauffeur is revoked, be eligible 45 to receive a new license, nor thereafter, except at the discretion 46 of the commission.

47 Any person whose license shall have been refused, suspended, 48 or revoked as aforesaid, and who shall operate a vehicle, or any 49 person who shall operate a vehicle the registration of which has 50 been refused, suspended or revoked as aforesaid, shall be deemed 51 guilty of a misdemeanor and punished with a fine of not less than 52 one hundred dollars, nor more than one thousand dollars, or with 53 imprisonment for not less than thirty days, nor more than one 54 year, or with both fine and imprisonment, such penalty to apply 55 to both owner and operator.

56 The fee for such operator's license issued under the provisions 57 of this act shall be one dollar. The fee for each chauffeur's 58 license issued under the provisions of this act shall be three 59 dollars, if the same is issued between January the first and July 60 the thirty-first, and shall be one dollar and fifty cents if issued 61 between July the thirty-first and December the thirty-first.

62 It shall be unlawful to allow an operator's or chauffeur's license 63 to be used by any person other than the one to whom it was issued 64 or to change the name of a licensee appearing upon any such 65 license issued by the commission. Any person violating any pro- 66 vision of this paragraph shall be deemed guilty of a misdemeanor 67 and shall be punished with a fine of not less than ten dollars, or 68 more than one hundred dollars.

9 shall on demand of the proper authorities present his operator's
10 or chauffeur's license; provided further, that the state or
11 federal district in which such vehicle is owned, or such operator,
12 or chauffeur resides, shall extend the same privileges to vehicles
13 owned in this state, and to operators, or chauffeurs, residing in
14 this state, provided further, this section shall not apply to motor
15 vehicles used for commercial purposes.

Sec. 86. Unless otherwise provided for herein, every duly reg-
2 istered vehicle shall at all times have displayed entirely unob-
3 scured and kept reasonably clean, and so fastened with the num-
4 bers in a vertical position as not to swing, the registration plate, or
5 plates, issued by the commission. In the case of motor vehicles
6 and tractors one plate shall be displayed on the front and the
7 other on the rear of such vehicle, and in the case of trailers, semi-
8 trailers, and motorcycles, one plate shall be used and displayed at
9 the rear thereof.
10 All vehicles used for commercial purposes shall have plainly
11 marked on the right side thereof in some conspicuous place the
12 actual weight of the vehicle with equipment, and the weight of the
13 seating or loading capacity of such vehicle.
14 Every motor vehicle shall be equipped with two sets of brakes
15 operating independently, except tractors and traction engines
16 which shall be provided with suitable brakes.
17 Every motor vehicle and tractor when in use on the roads shall
18 be equipped with a suitable horn or signaling device for produc-
19 ing an abrupt sound as a signal or warning of danger. The com-
20 mission shall have the power to make and enforce suitable regula-

22 vices.

23 Every vehicle operated on any road in this state at night shall
24 be equipped with a lamp, or lamps, as hereinafter provided, of
25 sufficient power, and so adjusted and operated as to enable the op-
26 erator of such vehicle to proceed with safety to himself and to
27 other users of the road under all ordinary conditions of road and
28 weather.

29 Every motor vehicle and tractor shall have mounted on the
30 right and left sides of the front thereof a lamp, said lamps to be
31 of approximately equal candle power, and every motorcycle shall
32 have mounted on the front thereof one lamp. If said vehicles are
33 so mechanically constructed, governed, or controlled that they can-
not exceed a speed of fifteen miles per hour, they shall have front lamps capable of furnishing light of sufficient candle power to render any substantial object clearly discernible on a level road at least fifty feet directly ahead, and at the same time at least seven feet to the right of the axis of such vehicle for a distance of at least twenty-five feet. If such vehicles can exceed a speed of fifteen miles per hour, then they shall have front lamps capable of furnishing light of sufficient candle power to render any substantial object clearly discernible on a level road at least two hundred feet directly ahead, and at the same time at least seven feet to the right of the axis of such vehicle for a distance of at least one hundred feet; provided, that no front lamp capable of furnishing more than four candle power light shall be used if equipped with a reflector, unless so designed, equipped or mounted that no portion of the beam of light when projected seventy-five feet or more ahead of the lamp shall rise above a plane forty-two inches higher than and parallel with the level surface upon which the vehicle stands; provided further, that no electric bulb or other lighting device of a greater capacity than thirty-two candle power shall be used, no matter how the same may be shaded, covered or obscured.

Every trailer and semi-trailer, except small two wheel trailers of one thousand pounds capacity or less, towed closely behind a motor vehicle, and semi-trailers when towed alone, whose overall length, in both cases, including towing vehicle and load, does not exceed thirty feet when on the roads of this state at night, shall carry at the front of its left side one lamp capable of throwing a white light visible from both sides of such vehicle.

Every motor vehicle, tractor, trailer or semi-trailer, when on the roads of this state at night, shall have on the rear thereof, and to the left of the axis thereof, one lamp capable of displaying a red light visible for a distance of at least one hundred feet behind such vehicle; provided, that when a vehicle is used in conjunction with another vehicle or vehicles, only the last of such vehicles shall be required to carry such a lamp. Every motor vehicle, tractor, trailer and semi-trailer, when on any road in this state at night, shall carry a lamp illuminating with white light the registration plate of such vehicle, so that the characters thereon shall be visible for a distance of at least fifty feet. The commission shall have
73 power to make and enforce reasonable regulations regarding the
74 kind of lighting devices that shall be used on vehicles.
75 Every horse drawn vehicle, when at night on any road in this
76 state, shall display a light visible from every direction for at least
77 two hundred feet.
78 Trailers having more than two wheels, when operated on any
79 road in this state, shall be connected to the towing vehicle, or pre­
80 ceding trailer by at least one chain, in addition to the hitch bar,
81 of sufficient strength to hold the trailer on a hill if the hitch bar
82 becomes disconnected, or shall be provided with some other ade­
83 quate device to prevent rolling backward down hill.
84 Any person violating the provisions of this section shall be
85 deemed guilty of a misdemeanor and upon conviction thereof shall
86 be punished with a fine of not less than ten dollars, nor more than
87 one hundred dollars.

Sec. 87. No person shall operate or permit to to be operated
2 on any road or highway in this state a vehicle unless he shall dis­

4 plates of such vehicle, as in this act provided. No person shall
5 operate or permit to be operated a vehicle registered in this state
6 upon which there is displayed the registration plate of another
7 state, or a fictitious registration plate, or the plate of another
8 vehicle, or the plate of a previous owner of the same vehicle; pro­
9 vided, however, that in the event of the sale of a vehicle the per­
10 son purchasing the same may for a period of not more than five
11 days operate such vehicle under the registration of its previous
12 owner and display the registration plate thereof; provided further,
13 that he shall have and display on the demand of any proper officer
14 the consent in writing of such previous owner so to use such regis­
15 tration. Any person violating any provision of this section shall be
16 deemed guilty of a misdemeanor and upon conviction thereof
17 shall be punished with a fine of not less than ten dollars, nor more
18 than fifty dollars.

one hundred dollars, or with imprisonment for not less than ten
days nor more than sixty days, or both; such fine and imprison-

Sec. 89. Upon complaint and due proof to the state road com-

has been convicted of a violation of any provision of this act gov-
erning the use of motor vehicles, the commission may revoke the
license of such operator or driver; and upon complaint and due
proof of a second conviction of any of such provisions by such op-
erator or driver, the commission shall revoke such license; and in
any case where such license is revoked, a license shall not again
be issued to such person within the calendar year in which such
conviction took place.

Sec. 90. No person, other than the duly authorized agent, ser-
vant or employee of the owner thereof, shall take, without the
knowledge and consent of the owner and operate upon any public
road, or highway in this state, any automobile or other motor ve-
hicle owned by another. Any person who, wilfully and without
the knowledge or consent of the owner or person in lawful charge
thereof, and with the intent to deprive said owner or person in
lawful charge of the possession or use thereof either temporarily
or permanently, shall take possession of, enter and drive or oth-
erwise take away from any street, road, alley, public or parking
place, garage or other building or place, while the same is law-

belonging to another or in his lawful possession; and any person
or persons who shall assist, aid and abet or be present for the
purpose and with the intent to assist, aid and abet another person
or persons in such taking possession of, entering and driving or
otherwise taking away any such automobile or other motor ve-

lawful charge thereof shall be deemed guilty of a felony and upon
conviction thereof shall be punished with a fine of not less than
two hundred dollars nor more than five thousand dollars and by
confine ment in the penitentiary for not less than two years nor

joint stock company shall upon conviction thereof, be punished
with a fine of not less than two thousand dollars nor more than ten
thousand dollars, and upon such conviction its charter shall be
revoked.

prior to a demand and receipt from the seller thereof or the person
or persons otherwise disposing of the same, of an authentic and
valid bill of sale or other instrument showing title to the same in
the person or persons so selling or disposing of the same, shall be
prima facie evidence that such person or persons, firm, partner-
ship, corporation or joint stock company, received, bought, con-

vehicle knowing it to have been stolen or to have been taken
without the knowledge or consent of the owner or person in lawful
charge thereof, and with the intent to deprive said owner or per-
son in lawful charge of the possession or use thereof either tem-

Sec. 92. Whoever maliciously or without the knowledge or
consent of the owner or the person in lawful charge thereof, or
with intent to steal or deprive the owner of the use or possession
thereof, either temporarily or permanently shall take and remove
from any automobile or other motor vehicle any part or portion
thereof or any thing attached thereto or contained therein; and
7 whoever shall assist, aid or abet or be present for the purpose
8 of assisting, aiding and abetting any person or persons in such
9 taking and removing from any automobile or other motor vehicle
10 of any part or portion thereof or anything attached thereto or
11 contained therein, without the knowledge or consent of the owner
12 or person in lawful charge thereof or with the intent to deprive
13 the owner or the person in lawful charge thereof of the use and
14 possession thereof either temporarily or permanently; and who-
15 ever shall buy, receive or have in his possession any of such ar-
16 ticles or any part thereof so unlawfully removed knowing them
17 to have been taken without the knowledge or consent of the owner
18 or person in lawful charge thereof or with intent to steal or de-

6 coupled together shall be so operated whose total length, including
7 load, shall be greater than sixty feet; provided, that in special
8 cases vehicles whose dimensions exceed the foregoing may be op-

than six hundred pounds per inch width of tire in actual contact
with the road surface, shall be operated upon any road or highway
in this state; provided, however, that in special cases vehicles, in-
cluding loads, exceeding weights of those herein prescribed, may be
operated under special permits granted as hereinafter provided.

Special Permits.

Sec. 94. The special permit herein required for the operation
of a vehicle whose size or weight with load exceeds the limits pre-
scribed in this act, shall be in writing, and be issued at the
discretion of the commission, or of those officials in the state’s
political sub-divisions who have charge of the highways, roads,
streets, alleys and bridges over which such vehicle is to operate.

not beyond the date of the expiration of the vehicle registration,
and shall designate the roads and bridges to be used. Any person
operating a vehicle under such permit shall pay to the commission
or other authorities, having charge of the maintenance of said roads
or bridges, the amount of any and all damage that may be caused
to any road or bridge by reason of the operation of such vehicle
thereon, and the possession of such permit shall not relieve any
person from the liability for such damage.

21 allowed shall be guilty of a misdemeanor, and upon conviction
22 thereof shall be punished with a fine of not less than ten dollars,
23 nor more than one hundred dollars, for the first offense, and not

Sec. 96. Every person operating a vehicle upon any highway
2 in this state shall observe the following traffic rules and regu-
3 lations:
4 (a) All vehicles not in motion shall be placed with their sides
5 as near the right hand side of the highway as practicable, except
6 on city streets where traffic is obliged to move in one direction
7 only.
8 (b) Slow moving vehicles shall at all times be operated as
9 close to the right hand side of the highway as practicable.
10 (c) An operator meeting another vehicle coming from the op-
11 posite direction on the same highway shall turn to the right of
12 the center of the highway so as to pass without interference.
13 (d) An operator in rounding curves shall keep his vehicle
14 as far to the right on the highway as reasonably possible.
15 (e) An operator of a vehicle overtaking another vehicle going
16 in the same direction and desiring to pass the same shall pass
17 to the left of the vehicle so overtaken, provided that the way
18 ahead is clear of approaching traffic, but if the way is not clear
19 he shall not pass unless the width of the roadway is sufficient to
20 allow his vehicle to pass to the right of the center thereof in the
21 direction in which his vehicle is moving; provided further, that
22 no operator shall pass a vehicle from the rear at the top of a
23 hill or on a curve where the view ahead is in any way obscured
An operator overtaking and desiring to pass a vehicle shall blow his horn or sound his signal and the operator of the vehicle so overtaken shall promptly, and upon such signal, turn his vehicle as far as reasonably possible to the right in order to allow free passage on the left of his vehicle.

(f) An operator intending to turn his vehicle to the left shall extend his arm in a horizontal position and slow down.

(g) An operator intending to turn his vehicle to the right shall extend his arm with the forearm raised at right angles and slow down.

(h) An operator intending to stop his vehicle shall extend his arm and move it up and down in a vertical direction.

(i) An operator of a vehicle shall have the right of way over the operator of another vehicle who is approaching from the left in an intersecting highway, and shall give the right of way to an operator of a vehicle approaching from the right on an intersecting highway.

(j) An operator or chauffeur of a vehicle shall bring the same to a full stop not less than five feet from any street car which has stopped or is about to stop to receive or discharge passengers, and shall remain standing until such car has taken on or discharged said passengers; provided, however, that said operator or chauffeur may pass such street car where a safety zone is established by the proper authorities; provided further, that said operator or chauffeur if he slows down and proceeds cautiously, may pass such street car at a distance of at least eight feet therefrom when outside the limits of any incorporated town or city. Any person driving or operating a motor vehicle in violation of this paragraph shall be guilty of a misdemeanor and upon conviction thereof shall be punished with a fine of not less than twenty-five nor more than one hundred dollars, or imprisoned in the county jail not less than one nor more than six months, or both, at the discretion of the court or justice trying the case.

(k) Upon approaching any person walking in the traveled portion of any public highway, or a horse or any animal being led, ridden or driven thereon, or a crossing of intersecting public highways, or a bridge or a sharp turn, or a curve, or a deep descent, and also in passing such person or such horse or other
animal, and in traversing such crossing, bridge, turn, curve or descent, a person operating a motor vehicle or motorcycle shall have the same under control and shall reduce its speed to a reasonable and proper rate. If such horse, or other animal being so led, ridden or driven shall appear to be frightened, or if the person in charge thereof shall signal so to do by raising his or her hand vertically, the person operating such motor vehicle or motorcycle shall bring the same to a stop, and if traveling in the opposite direction, shall remain stationery as long as may be reasonable to allow such horse or other animal to pass, or if traveling in the same direction, shall use reasonable caution in thereafter passing such horse or animal, but no person shall give such signal to stop unless necessary.

(1) An operator shall not use the cut-out of a motor vehicle while on any highway in this state.

Spot-lights used on a vehicle having a left-hand drive shall be placed on the left hand side of such vehicle, and the rays of such spot-lights shall not be thrown to the left of the center of the vehicle for more than one hundred feet in advance thereof, while the vehicle is in motion. A spotlight used on a vehicle having a right hand drive shall be placed on the right hand side of such vehicle and the rays of such spotlight shall at all times be on the right of the center line of the car. No person shall turn off any of the lights of a vehicle for the purpose of avoiding arrest or identification.
(o) All vehicles carrying poles or other objects which project more than five feet from the rear, shall, during the period of one-half hour after sunset to one-half hour before sunrise, carry a red light at or near the rear end of the pole or other object so projecting. During the period of one-half hour before sunrise to one-half hour after sunset vehicles shall carry a red flag as a danger signal at or near the rear end of the pole or other object so projecting.

(p) Any person who shall be found guilty of violating any of the provisions of this section unless otherwise provided, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished with a fine of not less than ten dollars, nor more than one hundred dollars.

Sec. 97. In case of an accident the operator of a vehicle shall stop immediately, and upon request, give his name, address and the number of his operator's license, and render such assistance as may be reasonable or necessary; provided, that in all cases of accident resulting in injury to any person the operator shall immediately report the details of the same to the commission. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and shall be punished with a fine of not less than twenty-five dollars, nor more than one hundred dollars; provided further, that any person convicted of failing to stop and give his name and render assistance in case of a serious injury to any person shall be subject to a fine of not less than one hundred dollars nor more than one thousand dollars, or to imprisonment for not less than thirty days nor more than one year. The penalty shall apply to an owner as well as to an operator.

Sec. 98. Pedestrians and drivers of automobiles and other vehicles, shall not congregate, or assemble such automobiles or other vehicles upon, travel upon, or otherwise occupy or use any public road in such a manner, or under such circumstances as to obstruct unnecessarily the free use of the same for vehicular or other traffic. Any person violating this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished with a fine of not less than five dollars nor more than one hundred dollars.

Sec. 99. No person shall, without authority of the owner or person in charge thereof, climb upon, or into, or swing upon, any vehicle, whether the same is in motion or at rest, sound any horn
or any signaling device, or attempt to manipulate any of the
levers, the starter, brakes or machinery thereof, or set said vehicle
in motion, or damage, tamper or interfere with same. Any per-
son violating any portion of this section shall be deemed guilty of
a misdemeanor, and upon conviction thereof shall be punished
with a fine of not less than five dollars, nor more than twenty-five
dollars.

Sec. 100. The commission shall make a full and detailed semi-
monthly report in duplicate, on the first and third Tuesdays of
each month, to the treasurer and to the auditor of the state, of all
moneys collected by it from licenses or other fees, and all moneys
and funds coming into its hands from any source whatsoever, ex-
cept funds advanced to the commission pursuant to section twenty-
eight of this act, and shall at the same time pay to such treasurer
all moneys so collected by it. The moneys so paid by the commis-
sion shall be deposited by the state treasurer to the credit of the
state road fund; provided, that the commission may pay to the
said treasurer at any time such funds as may have been received
by it, and the treasurer shall deliver to the commission a receipt
therefor, and the commission shall be duly credited for such pay-
ments in its semi-monthly reports.

Sec. 101. The provisions of this act shall apply in general
throughout the state, and no political sub-division thereof shall
make or enforce any ordinance, order, rule or regulation impos-
ing fines and penalties other than those herein prescribed, or
decreasing the speed, size and weight of vehicles as herein defined;
provided, however, that any incorporated town or city in this state
shall have power to enact and enforce ordinances and regulations
limiting the speed, size and weight of vehicles upon such streets,
alleys and other public thoroughfares within its limits as are not
designated by the state road commission as connecting parts of
the state road system; provided further, that any incorporated
city or town shall have power to regulate or forbid the parking of
vehicles upon any designated streets, alleys and other public thor-
oughfares within its limits, and to regulate the progress of traffic
at street intersections in congested districts thereof.

Sec. 102. The state road commission is authorized and em-
powered to enter into such reciprocal contracts and agreements as
it may deem proper or expedient with the proper authorities of
adjoining states, regulating the use, on the roads and highways of
this state, of trucks, automobiles, and any other vehicles owned in
such adjoining states, and duly licensed under the laws thereof.
The commission is likewise authorized and empowered to confer
and advise with the proper officers and legislative bodies of this
and other states and federal districts of the United States with a
view to promoting and to promote reciprocal agreements under
which the registration of vehicles owned in this state, and the
licenses of operators and chauffeurs residing in this state shall be
recognized by such other states and federal districts.

Jurisdiction of County Courts over County-District Roads.

Sec. 103. In addition to the general county or district levy,
the county court may lay a county road levy not to exceed twenty-
five cents on each one hundred dollars' assessed valuation of all
taxable property in the county, the proceeds of which shall be
known as the "County Road Fund" and shall be expended for the
construction, improvement and maintenance of the county-district
roads in said county, and for the construction and maintenance of
the bridges thereon.

Sec. 104. The county court of any county may contract or
pay for making, improving and keeping in order the whole or any
part of any county-district road within the county. The court
may permanently improve by the use of asphaltum, concrete,
brick, stone, block, or by macadamizing or other process of equal
merit, the county-district roads within its county, and may con-
tract therefor with any contractor for the use of any of the fore-
going systems and take bonds and security in a penalty equal to
fifty per centum of the estimated cost of the work in question,
from any such contractor for the faithful performance of his con-
tract.

The county court shall have authority to designate as a connect-
ing part of a county-district road any street, or portion of a street,
in any incorporated city, town or village, having a population of
less than twenty-five hundred persons, and may expend labor and
money thereon as far as may be necessary to put the same in
good condition, and the municipality shall thereafter maintain
the same in good condition; but in case such municipality is
financially unable to maintain the same in good condition, or to
construct and maintain any bridge on any county-district road
within its corporate limits, the county court shall construct and
Sec. 105. The county court of any county, when about to improve any of the roads aforesaid, in the manner aforesaid, or to construct any bridge, may apply to the state road commission for standard plans and specifications of the character of road proposed to be built, constructed, reconstructed or repaired, or of the bridge proposed to be constructed. It shall be the duty of the said commission upon such request to furnish such plans and specifications free of charge.

Sec. 106. Subject to the limitations of sections seven and eight of article ten of the constitution, and when in the opinion of the county court the levies provided by law, are insufficient to construct any county-district road, and the bridges thereon, the said court, when there is filed with the clerk thereof a petition, praying for such improvement, signed by twenty per cent of the legal voters within any magisterial district, or each of two or more magisterial districts in which such improvement is contemplated, or in such county (such percentage to be determined on the basis of the aggregate vote cast for governor at the last preceding general election, by such county or magisterial district or districts, as the case may be) the county court shall make an investigation of the proposed improvement as herein provided, and shall submit the proposition of the issuance of bonds or for the authorization of a special road fund levy for a period of years, not to exceed ten, to the legal voters of the county, district, or districts, as the case may be. Such petition shall contain a statement speci-
18 fying the roads to be built and improved, and a prayer for the
19 submission of a road bond proposition or a special road fund levy
20 proposition to provide funds for such improvements. Upon the
21 filing of such petition with the clerk of the county court, said
22 court shall without delay instruct the county engineer, or some
23 other engineer specially employed by it, or apply to the state road
24 commission for an engineer to make an investigation and to report
25 to the court an estimate of the probable cost of the proposed
26 improvement. Upon the approval of such proposed plan, said court
27 shall submit to the legal voters of the county, district or dis-
28 tricts, a proposition for such issue and sale of bonds, or for such
29 special road fund levy, as the case may be. The order of the
30 county court submitting such proposition shall contain a summary
31 of the report herein provided for, setting forth the approximate
32 extent and estimated cost of the proposed road improvement, the
33 kind and class of work, the valuation of all the property of the
34 county, district or districts as the case may be, and the existing
35 indebtedness. Such order shall specify the work for which the
36 money to be raised by the sale of bonds or the laying of a special
37 road fund levy is to be appropriated, and shall provide that no part
38 of the proceeds of such bonds or levy shall be used for any other
39 purpose than the improvement of the road or roads specified in
40 such order; subject to the power and rights of the county court
41 to alter or change the location of any such road so as to obtain a
42 better grade or alignment thereof or to reduce the cost of con-
43 struction, improvement or maintenance. The county court shall
44 cause a vote to be taken upon the question of such bond issue or
45 such levy at the several voting places in said county, district or
46 districts, at the succeeding general election for state and county
47 officers, or any special election which is first held in the county
48 after such vote is ordered taken; or, if the petition so specifies, the
49 court shall order a special election for the purpose within ninety
50 days from the certification of approval of the engineer's report
51 herein provided for; but such order for any election on the ques-
52 tion of a bond issue or a special road fund levy together with a
53 summary of the engineer's report herein provided for, shall be
54 published throughout the said county, district or districts, in
55 which said vote is to be taken, in the following manner:
56 The clerk of the county court shall cause as many copies of such
order to be made or printed as may be necessary, and sign the
same; he shall forthwith post one in a conspicuous place in his
office, and one at the front door of the court house.

The court shall direct a copy to be published once each week
for four consecutive weeks prior to the date of said election in
two newspapers of opposite politics, if such there be, published
in said county, district or districts, or if there be no such news-
papers then in some newspaper of general circulation therein.

Sec. 107. A vote shall thereupon be taken and the result as-
certained under the regulations prescribed for a general elec-
tion of county and district officers; or, if the said vote is taken
at a special election ordered for the purpose, the same shall be
held by commissioners appointed for the purpose by the county
court at the time said election is ordered, and the result shall be
ascertained and certified according to the regulations prescribed
by law for ascertaining and certifying the election of county and
district officers.

The ballots used in taking such poll shall be the same as those
used in voting for officers at the general election for state and
county officers, except, when the same is taken at a special elec-
tion, as herein before provided, and there shall be written or printed
thereon a brief statement of the question submitted, such as, in the
case of a bond election:

"Spécial election to authorize a bond issue for the construction
of county-district roads, according to the order of the..............
17-a entered on the....................day of..................," and
directly underneath, in two separate lines, shall be printed the
words:

"For Road Bond Issue and Levy for Payment."
"Against Road Bond Issue and Levy for Payment."

and in the case of an election on a special road fund levy propo-
sition:

"Special election to authorize a special road fund levy of .......
cents annually for a period not to exceed.............
according to the order of the.........................
entered on the ............day of............"; and directly
underneath, in two separate lines, shall be printed the words:

"For Special Road Fund Levy."
"Against Special Road Fund Levy."

If it shall appear by said poll that not less than three-fifths of
32 the voters of the county or magisterial district or group of dis-
33 tricts, who voted upon the proposed issuance of bonds or the pro-
34 posed special road fund levy, have voted in favor of the same, the
36 county court shall then have authority to issue the amount of
37 the bonds or to lay the levy so voted in the name of the county,
38 magisterial district, or magisterial districts grouped together for
39 the purpose of making one improvement, or any less amount, on
40 any such terms as they may deem advisable, and provide for the
41 payment of such bonds by taxation on the county, district or group
42 of districts, or to lay such levy, as the case may be.
43 The county court shall have authority to issue and shall issue
44 as provided by law, said bonds for and in the name of said county,
45 district or group of districts, and shall make provision for the
46 payment of principal and interest of the same by said county, dis-
47 trict or group of districts as is specified in the order under which
48 said vote is taken, or shall lay such levy on all the taxable property
49 of such county, district or group of districts, as the case may be.
50 The president of the county court shall have power, when so di-
51 rected by such court, by an order entered of record therein, to
52 execute, sell and deliver the bonds of said county, district or dis-
53 tricts and receive the proceeds therefrom. The said bonds of
54 said county, district or group of districts shall be valid and binding
55 thereon when signed by the president of the county court of such
56 county and countersigned by the clerk thereof, with the seal of
57 the county attached thereto.

Sec. 108. The proceeds of such bond issue or of such special
2 road fund levy shall constitute a fund to be expended by the
3 county court for the purpose specified in the order under which
4 said vote was taken, and for no other purpose. This section and
5 the two sections hereof immediately preceding shall be so con-
6 strued as to permit a single district or group of districts to issue
7 bonds or authorize such levy for the construction and improve-
8 ment of county-district roads in such district or districts; pro-
9 vided, however, that the interest accruing from the deposit of
10 funds derived from the sale of county or district road bonds in
11 any and all county depositories shall be credited to the county or
12 district road bond fund, as the case may be, by the sheriff of the
13 county.

Sec. 109. No county wherein any magisterial district or dis-
2 tricts have heretofore issued bonds for the construction of roads
3 and such district bonds, or any part thereof, are still outstanding
4 and unpaid, shall authorize the issuance of county road bonds
5 or authorize a special county road fund levy as provided in sec-
6 tion one hundred and six and section one hundred and seven of
7 this act, unless three-fifths of the voters of each of such district or
8 districts, who vote on any such county or district bond proposi-
9 tion or such county or district proposition for a special road fund
10 levy, shall vote in favor of such bond proposition, or such special
11 road fund levy proposition in an election at which such county
12 or district proposition may be submitted under the provisions of
13 this act.

Sec. 110. In addition to the general county and district levy,
2 the county court shall lay a district levy not to exceed fifteen cents
3 on each one hundred dollars' assessed valuation of all taxable
4 property in each of the several districts of said county, the pro-
5 ceeds of which shall be known as the district road fund of such
6 district, and shall be expended only for the construction, improve-
7 ment and maintenance of the county-district roads and parts
8 thereof in said district, and for the construction and maintenance
9 of bridges thereon after said roads are properly located. In case
10 of calamity, such as floods and the like, which shall result in un-
11 usual damage, or the washing away of bridges or roads,
12 or other urgent necessity, the county court of any county, with the
13 written approval of the state tax commissioner, may lay a special
14 emergency district levy in excess of the district road levy hereinbe-
15 fore provided, not to exceed ten cents on each one hundred dollars'
16 assessed valuation of the taxable property of the district, for such
17 year or years as may be named in such approval, but in no case
18 shall the combined district road levy and emergency district levy,
19 exceed twenty-five cents on each one hundred dollars' assessed val-
20 uation of the taxable property of said district.

21 Nothing contained in section two of chapter twenty-eight-a of
22 the code shall be so construed as to limit the power and authority
23 of the county court to lay the respective county and district road
24 levies provided for in this act, though by so doing the total levies
25 laid may exceed the limit provided by said section.

Sec. 111. The county court of each county shall levy for road
2 purposes a capitation tax of one dollar on each male inhabitant
3 of the county who has attained the age of twenty-one years and
who is not a pauper or of unsound mind; such capitation tax shall be collected by the assessor as provided by section fifty-three of chapter twenty-nine of the code, and the proceeds thereof shall be credited to the county road fund.

County Road Engineer.

Sec. 112. There is hereby created in the several counties of the state the office of county road engineer. The county court in each of the counties in this state may appoint as county road engineer some engineer who is a practical road builder and competent to perform the duties relating to the roads and keeping records prescribed by this act, and who holds a certificate of efficiency from the state road commission. In the event that the county court shall not appoint a county road engineer as herein provided, then it may appoint a competent man as road supervisor for such county; but if a county road engineer be appointed he shall be ex officio the road supervisor for his county, and any such official so appointed or designated by the county court to have charge of road work in any county shall be deemed a surveyor of roads within the meaning of the constitution. Every county road engineer and road supervisor provided for in this act shall, before entering upon the duties of his office, give bond, with security to be approved by the county court of the county, in such sum as may be required by said court, the same to be payable to the county court of the county, and to be conditioned for the faithful performance of his duties. The county court of any county not appointing an engineer, as in this section provided, may employ a competent engineer for such time, and for such purpose, and upon such terms as may be agreed upon between the said court and said engineer. Such county road engineer or supervisor shall hold office for the term of two years from and after the first day of January following his appointment, and until his successor is appointed and qualified, unless sooner removed. He shall receive such expenses and compensation, either by salary or per diem as may be fixed by order of the county court of the county. Vacancies in the office of county road engineer, may be filled by appointment for the unexpired term. It shall be the duty of the clerk of the county court to give written notice to the county road engineer or road supervisor of his appointment, as soon thereafter as practicable; and each
person so appointed shall, within ten days after having been notified of such appointment, qualify by giving bond as provided herein, and by taking the oath prescribed by section five of article four of the constitution. Such road engineer or supervisor shall be provided with office room free of rent by the county court.

Any county road engineer or road supervisor may be removed at any time by the county court of the county at will.

Sec. 113. The county road engineer or road supervisor appointed as provided in this act shall in all matters co-operate with the state road commission in such manner and to such extent as may be required by said commission in its rules and regulations, and shall at the same time act as the agent of the county court of the county for which he was appointed, as to the supervision of roads and other duties provided herein. He shall be subject to the general authority of the county court and to the rules and regulations prescribed by the state road commission, have general charge and supervision as the representative of the county court of all the county-district roads and bridges thereon within his county, and shall see that the same are improved, repaired and maintained as provided by law, and shall have the general supervision of the work of constructing, repairing and improving such roads and bridges in his county; shall superintend the construction and improvements made upon said roads and bridges under the provisions of this act, and other work of like nature undertaken by the county court of the county, and shall make reports thereon from time to time as the court may direct; shall advise and direct those employed by or under him, including the road superintendent herein provided for, as to the best methods of repairing, maintaining and improving such roads and bridges; shall examine the various formations and deposits of gravel and stone in his county for the purpose of ascertaining the materials which are most available and best suited for the improvement of the public roads therein, and when required by the state road commission shall submit samples of such materials and make a written report in respect thereto; shall establish or cause to be established such grades and recommend such means of drainage, repair and improvement as may seem to him necessary, when requested by the county court; and shall, under the direction of the county court, as aforesaid, perform all such duties as may be required to keep such roads in open and passable condition and in the best

35 person so appointed shall, within ten days after having been noti-
36 tified of such appointment, qualify by giving bond as provided
37 herein, and by taking the oath prescribed by section five of article
38 four of the constitution. Such road engineer or supervisor shall
39 be provided with office room free of rent by the county court.
40 Any county road engineer or road supervisor may be removed
41 at any time by the county court of the county at will.

Sec. 113. The county road engineer or road supervisor ap-
2 pointed as provided in this act shall in all matters co-operate with
3 the state road commission in such manner and to such extent as
4 may be required by said commission in its rules and regulations,
5 and shall at the same time act as the agent of the county court of
6 the county for which he was appointed, as to the supervision of
7 roads and other duties provided herein. He shall be subject to
8 the general authority of the county court and to the rules and
9 regulations prescribed by the state road commission, have general
10 charge and supervision as the representative of the county court
11 of all the county-district roads and bridges thereon within his
12 county, and shall see that the same are improved, repaired and
13 maintained as provided by law, and shall have the general super-
14 vision of the work of constructing, repairing and improving such
15 roads and bridges in his county; shall superintend the construc-
16 tion and improvements made upon said roads and bridges under
17 the provisions of this act, and other work of like nature under-
18 taken by the county court of the county, and shall make reports
19 thereon from time to time as the court may direct; shall advise
20 and direct those employed by or under him, including the road su-
21 perintendent herein provided for, as to the best methods of re-
22 pairing, maintaining and improving such roads and bridges; shall
23 examine the various formations and deposits of gravel and stone
24 in his county for the purpose of ascertaining the materials which
25 are most available and best suited for the improvement of the
26 public roads therein, and when required by the state road commis-
27 sion shall submit samples of such materials and make a written
28 report in respect thereto; shall establish or cause to be estab-
29 lished such grades and recommend such means of drainage, repair
30 and improvement as may seem to him necessary, when requested
31 by the county court; and shall, under the direction of the county
32 court, as aforesaid, perform all such duties as may be required to
33 keep such roads in open and passable condition and in the best
34 repair possible with the means at his disposal; and shall perform
35 such other duties, regarding county-district roads as may be re-
36 quired by the county court.

Sec. 114. By and with the advice and consent of the county
2 court, the county road engineer, or supervisor, may employ such
3 assistants, clerks, foremen, inspectors, agents and employees as
4 may be deemed necessary to properly plan, locate, construct, main-
5 tain and care for the roads, payrolls, files, communications and
6 records under his charge; and he may discharge such agents and
7 employees at pleasure. Such agents and employees may receive
8 such compensation per day, month or year as may be determined
9 by the county court of the county, according to the services ren-
10 dered.

Sec. 115. It shall be unlawful for any county court or any
2 county engineer or supervisor to appoint or employ, as a laborer
3 on the public roads, the father, son, son-in-law, grandson, brother,
4 brother-in-law, nephew or first cousin by blood of any member of
5 such court or of such engineer or supervisor; provided, a suffi-
6 cient amount of other efficient labor can be secured within the vi-
7 cinity. Any person violating this provision shall be guilty of a
8 misdemeanor, and on conviction thereof, shall be fined not less
9 than ten dollars nor more than one hundred dollars.
10 Each county road engineer or supervisor shall make to the
11 county court at each regular term thereof, and at such other times
12 as the court may require, a full itemized statement of the expen-
13 ditures made by him since his last report, giving number and
14 names of hands and number of horses employed by him, the time
15 each was employed, the amount paid to or for each, and such other
16 matter as he may deem necessary or the court may require. Such
17 statements of account shall first have been prepared according to
18 the public accounting laws of this state and have been certified to
19 by the agent or agents of the county road engineer or supervisor
20 having charge of the work.

Sec. 116. The county road engineer or supervisor with the ap-
2 proved of the county court, may purchase for the use of the county
3 upon county-district roads, stone crushers, road rollers, traction
4 engines, road machines for grading and scraping, tools and other
5 implements, which shall be paid for from such road fund as the
6 county court may direct, but any contract for the purchase of
7 such equipment shall not be valid until approved by the county
Sec. 117. The county road engineer or supervisor may, with the approval of the county court, purchase any gravel, stone, earth or wood necessary in the construction, repair or maintenance of any county-district road, from any owner of such materials within or without the county. If such officer or the county court shall not be able to agree with such owner upon the price to be paid for such material, the said court may proceed to acquire such property and shall have the right to take and remove the same by condemnation proceedings if the same is located within the county. Any such road officer shall also be authorized to enter upon any land adjacent to a county-district road for the purpose of opening any existing drain or ditch or for digging any ditch or drain for the free passage of water in order to drain such road; and to enter upon any land adjoining rivers, streams or creeks to drive piles, throw up embankments or perform any other labor necessary to keep such rivers, streams and creeks within their proper channel and prevent their encroachment upon such roads or abutments of bridges, or any other damage to such roads or bridges, or for the purpose of constructing and providing detours for travel during the construction or improvement of any county-district road, and for any damage done to such lands by entry thereon as aforesaid, the county court may make a reasonable and proper allowance to the owner. All moneys provided by this section to be paid as compensation or damages shall be paid from the respective funds applicable to the maintenance of the roads benefitted.

Sec. 118. It shall be the duty of the county road engineer or supervisor at the end of each fiscal year to ascertain and report in writing to the county court of the county, the estimated amount of money necessary to open, construct and keep in repair all county-district roads in each of the magisterial districts of the county, payable during the next ensuing fiscal year, and it shall be the duty of the said court to carefully examine such report, and estimates therein contained, and to make such alterations and corrections therein as the court may think proper. Said report shall show the amounts, estimated for the maintenance of county-district roads, and the same shall be used by the court as the basis of laying all levies provided for in this act.
Whenever in regard to the provisions of this act the same powers or duties have been conferred on, or prescribed for, two or more officials or agencies, or whenever any question as to a conflict of authority shall arise, the power and authority of the state road commission shall prevail over that of the county court, the county court over the county engineer or supervisor, and the county engineer or supervisor over any other official or employee engaged in work on the county-district roads.

District Road Superintendent.

Sec. 119. The office of district road superintendent is hereby created. The county court of each county may between the first day of January, and the first day of April of each year, appoint a road superintendent for each magisterial district, who shall be an able-bodied man, and a resident of such county. The term of office of such superintendent shall begin on the first day of April and continue for one year, unless sooner removed.

Sec. 120. The county court may fill any vacancy occurring in said office, and may remove a superintendent at will.

Each superintendent of roads shall enter into a bond with the county court, with security to be approved by the court, in the sum of not less than five hundred dollars, conditioned for the faithful performance of his duties, and to account for and pay over and deliver all moneys, tools and materials that may come into his hands by virtue of his office.

Sec. 121. The clerk of the county court shall, upon the appointment of a road superintendent by the county court, make out and deliver to said road superintendent a certificate showing his appointment, upon which certificate shall be printed a statement of the general duties of said superintendent as hereinafter provided.

Sec. 122. It shall be the duty of each road superintendent, with the funds at his command, to keep open all drains and culverts extending along, under or over county-district roads, to see that all such roads are well drained and kept clear of rocks, fallen timber, land slides, unnecessary shade, and other obstructions of every kind and character. He shall have police supervision and control over the placing of private foot crossings across any county-district road in his district; shall remove or cause to be removed all dead timber standing within fifty feet of such road. Across each
stream crossing a county-district road, said superintendent, where
necessary, shall see that there is placed and kept a sufficient bridge,
bench, or log for the accommodation of foot passengers; shall in-
spect all county-district bridges within his district and see that
the same are in a safe condition; inspect the railing on said bridges
and see that the same is kept in good repair, and subject to the
direction of the county road engineer or county road supervisor,
as the case may be. Said superintendent shall perform such
other duties with respect to the county-district roads of his dis-
trict as the county court may prescribe.

Sec. 123. Such superintendent shall have general police super-
vision over all county-district roads within his magisterial dis-
trict; including the streets and alleys of unincorporated villages,
and shall have authority to require abutting property owners to
remove and keep removed all garbage, refuse, and filth of every
kind and character that may accumulate on said streets and alleys
and order opened any street or alley on any town plat which is of
record in the clerk’s office of the county court.

Sec. 124. The county court shall provide the road superin-
tendent with such equipment and supplies, as may be necessary to
the proper discharge of his duties under this act, the same to be
paid for out of any district road funds applicable thereto.

Sec. 125. Every superintendent of roads shall turn over all
accounts, moneys and papers pertaining to his office, and all ma-
terials, tools, and equipment belonging to the said district or
county, to his successor, taking receipt therefor in duplicate, one
of which shall be kept by the outgoing superintendent, and the
other filed with the clerk of the county court; if he fails to do so,
he shall be liable to a fine and imprisonment as provided in the
next section.

Sec. 126. Any superintendent who has been duly appointed to
and accepted the office, failing to perform the duties as per-
scribed in this act, without just cause therefor, shall be guilty of a
misdemeanor; and upon conviction thereof, shall be fined not less
than twenty-five dollars nor more than one hundred dollars, and,
moreover, shall be liable on his official bond for the breach of any of
its terms and conditions.

Sec. 127. Every superintendent of roads shall be allowed for
his services by the county a reasonable compensation for every
day necessarily employed by him in performing his official duties.
His account thereof when certified to by the county engineer or
supervisor and when audited and allowed by the court, shall be
paid as hereinbefore provided, out of the taxes collected for dis-
trict road purposes, and constituting the district road fund.

Sec. 128. The interest which heretofore belonged to the state
in any of the roads or bridges thereof and which have here-
tofofore by legislative enactment been transferred to and vested in
the various county courts of the state shall remain as vested, ex-
cept as to state roads and highways which may be established,
taken over or incorporated into the system of state roads and
highways provided for in this act.

Sec. 129. The roads, bridges, and landings transferred by the
state to the several counties in which they are located shall here-
after be regarded as public roads, bridges and landings.

Sec. 130. No bridge unless it be exclusively for footmen and
no county-district road shall be less than fourteen feet wide. All
county-district roads which are now or which may hereafter be
established in any of the counties of this state as public roads,
shall occupy a right of way not less than thirty feet wide, exclu-
sive of slopes for cuts and fills, unless the county court shall
have made a special order for a different width, which order shall
be a matter of record in the office of the county clerk.

Sec. 131. The grade of any county-district road to be hereafter
established shall not exceed five feet rise per hundred feet, unless
specially authorized by the county court when such grade is
impracticable as to distance or cost of construction, and in no
case shall a county-district road be established having a grade ex-
ceeding ten feet rise per hundred feet.

Sec. 132. Not more than two acres of land shall be condemned
for any landing, and no road or landing shall be established by the
county court of the county upon or through any lot of any in-
corporated city, town or village without the consent of the owner
thereof except as herein otherwise provided.

Sec. 133. When any road is altered, the former road shall be
discontinued to the extent of such alteration, and no further, and
the new one established, unless otherwise ordered by the court.

Sec. 134. Nothing in this act shall be so construed as to pre-
vent any county court from acquiring any land for county-dis-
trict road purposes as provided in this chapter, but the title
to all rights of way, whether secured by gift, purchase of condem-
nation and all discontinuances of county-district roads shall be reported by the county engineer or supervisor to the county clerk and recorded in the road record book in his office.

Sec. 135. With the consent of the owner of land in which a change is proposed to be made, given in writing, setting forth the exact changes proposed, the county road engineer or supervisor may change any county-district road in his county; provided, such change does not materially increase the length or grade or require more work to keep the road in repair, or place the same on worse ground than it was before such change, or render the said road in any respect worse than it was before the change.

Sec. 136. The county court of the county may, upon petition, direct that any county-district road, bridge or landing other than a turnpike, or bridge or landing in which private citizens may hold a majority of the stock, be discontinued, but notice of such petition must be published according to the provisions of this act, and in addition, notices must be placed at three public places in every district in which any part of the said road or landing may be. Upon such petition, after notice given as aforesaid, the county court shall appoint two or more viewers or a committee of their own body, who, together with the county road engineer, shall view such road or landing and report in writing whether, in their opinion, any, and if so, what inconvenience would result from discontinuing the same. Upon such report and other evidence, if any, the court may discontinue the road, bridge or landing, taking care in the case of an established post road, not to discontinue the same until another has been established.

Sec. 137. When any person desires the establishment or alteration of a county-district road, bridge or landing in any county, he shall petition the county court of the county in which the road, bridge or landing is situated, setting forth in his petition specifically the nature and location of the proposed work, and the county court shall thereupon (and they may do so without such petition in any case in which they deem the interests of the people of the county require it) appoint two or more viewers, or a committee of their own body, who together with the county road engineer, shall view the ground and report in writing the advantages and disadvantages which, in their opinion, will result as well to individuals as to the public from the proposed work and the grades and bearings of the proposed roads and the facts and
14 circumstances that may be useful to enable the county court to
determine whether such work ought to be undertaken by the
16 county, or if the petition be for the establishment or alteration of
17 a county-district road leading from another public road or roads,
18 whether such road should be established, stating specifically
19 whether it would be necessary to take any burying ground, garden.
20 yard, orchard or any part thereof or to injure or destroy any
21 buildings and the probable cost of the work, the names of the land
22 owners whose property would have to be taken or injured, which
23 of them would require compensation and the probable amount to
24 which each of them would be entitled. They shall make careful
25 examination of other routes or locations than that proposed or
26 petitioned for, keeping in view at all times the possible future
27 development of the country and the accommodation of the general
28 traveling public, and shall report in favor of the one they prefer,
29 with the reasons for their preference. A map giving the grades
30 and bearings of the routes and locations shall be returned with
31 their report. The report may be recommitted by the court, with
32 or without special instructions, or upon petition, or upon their
33 own motion the court may appoint a special committee of viewers,
34 who shall make examination and report according to the provisions
35 of this section. In any case where it shall appear to the county
36 court that the interests of the general public may be promoted
37 thereby, they shall personally examine the proposed work, or shall
38 appoint a committee of their own body to make examination as
39 herein provided.
40 If the court at any time have sufficient evidence before it to
41 enable it to ascertain what would be a just compensation to the
42 proprietors and tenants, and if such proprietors and tenants are
43 willing to accept what the court deems just, the said court upon
44 such acceptance, being reduced to writing and signed by the
45 proprietors and tenants, may determine to undertake the work.

Sec. 138. Upon hearing the parties interested in an applica-
tion for a county-district road, said county court shall decide for
3-4 or against undertaking the proposed work on behalf of the county.
5 If it decides in favor of the same and the compensation for dam-
ages, if any, to be paid to any proprietor or tenant be not fixed by
7 agreement, it shall order proceedings to be instituted and pre-
8 sented in its corporate name in the circuit court of the county,
9 pursuant to chapter forty-two of the code of West Virginia, to ascer-
tain what will be a just compensation, if any, to each proprietor or
tenant for the land proposed to be taken, and the said court shall
lay a sufficient levy for that purpose. But when such compensa-
tion, if any, shall be so ascertained, it shall be at the option of the
county court to pay the same or to abandon the proposed under-
taking. If it decides to pay the same, it shall lay a sufficient levy,
for that purpose as provided in this act. In any case where the
petition is for the establishment or alteration of a county-district
road leading from the main public road or roads, the court may
refuse to undertake the proposed work, unless the petitioner or
some one for him, shall deposit with said county court a sufficient
sum to pay all damages and costs sustained by reason of the es-
tablishment or alteration of such road. In such case, if it seems
proper so to do, the court may establish any such road, upon con-
ditions that the petitioner shall pay all costs and damages as
aforesaid, and make and keep in repair such road, and erect and
maintain in good repair one or more gates across such road where
the road passes through a fence or fences, as is provided in section
one hundred and sixty-nine of this act; and the court may also
impose upon such petitioner, his heirs or assigns, and upon the
public such other conditions in reference to such road as the
court may deem just. In the event that any of the conditions, so
imposed by the court are not fully complied with, the court at
any time, after giving at least sixty days notice to the public and
to the petitioner, his heirs or assigns, in such manner as the court
may prescribe, may discontinue or abandon such road.

But the court, instead of proceeding in the manner hereinbe-
fore provided in this section, is authorized to enter upon any
lands, other than those prohibited by law, and locate and build
said road, and sixty days after said road is completed, cause to be
summoned thirteen freeholders, to be nominated by the court, of
whom the court may strike off four or any less number from the
list, and the property owners or their representatives, or such of
them as appear, may also strike off four or any less number, and
after eight names are stricken from the list the remaining five
shall be commissioners appointed to assess the damages herein-
after provided. But where there is no appearance for the prop-
erty owners, or if they appear and do not agree as to any one or
more of the names to be stricken off on their behalf, or the right
to strike off any one or more names is waived on the part of either
of the property owners, or their representatives, or from any
cause the full number shall not be stricken off by the court or
the parties aforesaid, the names or additional names, as the case
may be, to be stricken from the list in order to reduce the number
to five, shall be ascertained by lot under the direction of the court.
Vacancies shall be filled, and any commissioner, for good cause
shown, may be removed by the court.
The said freeholders or commissioners shall go upon the land
and assess the damages and benefits, taking into consideration the
benefits accruing to the property and the damages to it sustained,
and shall fix the compensation or damages as said commissioners
may see proper, and the amount so fixed shall be paid out of the
road fund of the county or district at the discretion of the court.
If the damage so assessed be not satisfactory to the property
owner or owners, proprietor or tenant, or to the court, he or they,
or said court, may within six months after the assessment aforesaid, appeal or apply to the circuit court of the county and demand a trial therein, as in other condemnation proceedings; provided, however, before entering upon said land as authorized by this section, it shall be the duty of the county court or its representative to serve notice upon the owner or owners of said land, as provided by law, notifying such owner or owners that the road is to be located upon their land under the authority of this section. Any person who shall obstruct said road while in process of construction or repair, or interfere with the engineer or other persons in charge of said work or construction, their agents or employees, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not to exceed fifty dollars, and may be imprisoned not to exceed one month, or both, in the discretion of the court.
In any proceeding authorized by this section, the revenues applicable to the payment of any damage assessed shall be deemed sufficient security, and to have been pledged for the payment thereof.

Sec. 139. When it is necessary to build or repair a toll
bridge on any county-district road, or to purchase any existing
toll bridge on such road within any county, or across the boundary
thereof, the county court of the county may contract for the same,
or any part thereof on such terms as may be agreed upon and take
bond and security from the contractors in the sum of fifty per
7 cent of the amount of such contract, and pay for the same out of 8 the county treasury or out of the funds of the district or districts 9 in which said improvement is located, or by issuing bonds or other 10 evidence of debt for the amount as may be agreed upon; and to 11 this end they shall appoint a competent engineer to make a thor- 12 ough investigation and estimate of the cost of such improvement. 13 Upon receiving the estimate of cost, the court, being satisfied with 14 the correctness of same and the necessity and importance of such 15 improvement, may advertise for and receive proposals and make 16 such other orders in the premises from time to time as shall be 17 necessary and proper.

Sec. 140. When it becomes necessary to build or repair any 2 bridge across any stream on a county-district road on the line 3 between two counties, or to keep in repair any county-district 4 road or roads between two counties, or along the boundary lines 5 thereof, the county courts of such counties may enter into such 6 agreement therefor, as to them shall seem best; but if they dis- 7 agree in relation thereto, it shall be the duty of the county 8 court of each county to appoint two special commissioners, who, 9 together with the county road engineer or road supervisor of each 10 county, shall meet and arrange the matter, and if they should 11 disagree, or if the court of either county, upon being required so 12 to do, shall fail to appoint commissioners, or if either court 13 shall fail in any respect to fulfill its part of the agreement with 14 respect to the work, the remedy by mandamus shall lie before 15 the circuit court of the county whose county court is complained 16 of on behalf of the county court of the other county, and the 17 circuit court shall compel the county court complained of, to do 18 what ought to be done in the matter.

Sec. 141. The county courts of any two or more adjoin- 2 ing counties are hereby authorized and empowered, where the 3 interests of the public in both or all of such counties will be 4 served thereby, to join in the construction and maintenance of 5 bridges at points convenient to the public, and may locate such 6 bridge wholly within one county; but before beginning the con- 7 struction of such bridge the county court of the counties inter- 8 ested shall enter into a contract designating the location of such 9 bridge and agreeing upon the proportionate part of the cost of con- 10 struction and maintenance thereof to be borne by each county, 11 which contract shall be entered of record in each of said counties;
provided, however, that no county shall join in the construction of a bridge wholly within another county when such bridge is located more than one mile from the line of either county; provided, further, that any county in which such bridge is located shall pay at least one-half of the cost of the construction and maintenance thereof.

Sec. 142. If the county courts shall determine to make such improvements, they shall have prepared plans and specifications for such work, and shall advertise for bids as provided in section one hundred and fifty of this act in each of the counties, and the contract shall be awarded to the lowest responsible bidder who shall furnish satisfactory security to be approved by said county courts, and said county courts voting separately shall approve the plans and specifications, and shall jointly award the contract.

The commissioners of said county courts with the county road engineer of each of the counties, shall constitute a joint committee and such joint committee shall receive the bids at the time and place specified in the advertisement and shall open and publicly announce the items comprising each bid according to the provisions of section one hundred and fifty of this act, and the members of the committee from each county shall forthwith report such bids to their respective county courts for action thereon.

Sec. 143. The contract for such work shall specify such share or portion of the costs thereof as is to be borne and paid by each county court, and each county court shall be severally liable for such share or proportion.

Sec. 144. After the completion of the work, the improvement so made shall be maintained by the county court or courts or other authorities of the counties or other political sub-divisions joining in the improvement, which shall bear and pay the same share and cost of maintenance and repair that they severally bore toward the cost of the improvement.

Sec. 145. It shall be the duty of the clerk of the county court to keep a complete record in the road record book in his office of all titles to rights of ways, all maps, plats and surveys, and all discontinuances of county-district roads within the county, which are now, or may hereafter be reported to the county court of the county.
Sec. 146. Any person or persons who may desire to do so, with the permission of the state road commission as to state roads, and the county court as to county-district roads, may build a sidewalk, composed of plank, gravel, concrete or other suitable material, along the side of any public road in this state; provided that the construction and repairing of the same and the use thereof shall be without expense of any kind to the public or to any person who may want to use the same; provided further, that all persons who may desire, be permitted to use the same and that said sidewalk does not in any way interfere with the traveling public on any public road; and such sidewalk shall be removed if ordered by the commission or by the county court, as the case may be; provided further, that if it is desired to build any such walk in a city or incorporated town, the consent of the council of such city or town shall be obtained before such walk is built.

Sec. 147. Any person or persons who shall in any manner destroy, take up, or in any way injure any sidewalk already constructed, or that may hereafter be constructed according to the provisions of the foregoing section, and shall fail to repair the same, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be fined not less than five nor more than fifty dollars.

Sec. 148. Nothing contained in this act shall be construed to take from the jurisdiction, charge or control of the council, trustees or other authority of any incorporated city, town or village, so much of any county-district road, bridge landing or wharf, as by the laws now in force, is exclusively under such jurisdiction, charge or control, and authority is hereby given to such cities, towns, and villages to make and enforce by-laws, resolutions, ordinance or other appropriate orders, rules and regulations governing the streets and alleys within their respective borders and the traffic thereon; provided, however, that where any street or alley in such municipality constitutes a connecting link in the system of state roads and highways, the speed and load limit shall be in conformity with that prescribed on state roads and highways.

Sec. 149. In addition to and independently of the powers and duties given to and imposed upon the state road commission, upon the county courts of the several counties of the state, and the councils, or other municipal authorities acting in lieu thereof, of in-
5 corporated cities and towns, by the general traffic rules and regu-
6 lations in this act prescribed, the said commission as to state
7 roads, the county courts as to county-district roads, and the coun-
8 cils or other bodies acting in lieu thereof as to streets and alleys
9 in incorporated cities and towns, (except as to streets forming
10 a part of the state road system,) shall have power and authority
11 to classify their respective roads, streets and alleys and designate
12 such class of vehicles, kind of wheel base or bearing and loading
13 that may travel theron. Such regulation shall be by proper order
14 or ordinance duly made and entered designating the road or roads,
15 street or streets affected thereby.

Bids and Contracts for County-District Road Work.

Sec. 150. All bids for work to be done by contract under the
2 authority of the county court, under the provisions of this act,
3 shall be received at the court house of the county in which such
4 road is to be constructed at the time specified in the advertise-
5 ments and shall be opened only in open court and the amount and
6 items comprising each bid shall be publicly announced and the con-
7 tract, if let, shall be let to the lowest responsible bidder for the
8 type of construction selected, who shall give bond with satisfac-
9 tory security in an amount equal to fifty per cent of the amount
10 of such contract, conditioned for its faithful performance.
11 After such bids have been opened, as herein provided, it shall be
12 the duty of the county court or other tribunal acting in lieu thereof,
13 to publish in two newspapers of opposite politics, if there be such,
14 published in the county, but if not, then in some newspaper of
15 general circulation therein, which publication shall be made in the
16 first issue of such newspaper after the bids are opened, the names
17 of all persons bidding on such contract, together with the itemized
18 amount of their respective bids, designating the person to whom
19 such contract was awarded, if awarded, together with the amount
20 of his bid.
21 Any person who shall open any of the bids, at any other time
22 or place than herein provided, or shall make known the name of
23 the bidder, or the amount of his bid, otherwise than as herein pro-
24 vided, shall be guilty of a misdemeanor, and upon conviction there-
25 of shall be fined not less than fifty dollars nor more than two hun-
26 dred dollars, and be imprisoned in the county jail not less than
27 one or more than six months. And any member of the county
court or other tribunal acting in lieu thereof, who shall violate
the provisions of this act, shall be deemed guilty of misconduct in
office, and shall forfeit his office, and in addition thereto shall be
guilty of a misdemeanor and upon conviction thereof shall be
fined not less than fifty dollars nor more than two hundred dol-
lars and imprisoned in the county jail not to exceed six months.
The county court may reserve from payment not more than
twenty per cent of the amount accruing on any contract until the
completion of said work and the approval thereof.
The court may reject any and all bids and may thereafter have
the work done in any other manner that may seem advisable. In
the event there shall be two bids of the same amount for any section
of road or any other improvement thereon, the county court shall
have the power to accept either of such bids.
In the event the county court shall decide to have the work done
otherwise than by contract, then the work shall be done under the
direction of the county road engineer, or the court may appoint
a competent superintendent who under the direction of the county
road engineer, shall have the supervision of the road or roads of
the district or section for which he was appointed. He shall devote
his entire time and attention to the work or so much thereof
as the court may direct, and he shall receive such compensation
for his services as may be determined by said court, or in case the
court does not have a county road engineer, or for any reason
the court deems it advisable, where there is a county road engineer,
to appoint a special, competent district engineer to take charge of
any district, special or particular piece of work the court shall
have the power so to do and fix the compensation of said district
engineer.
All notices and advertisements for the letting to contract for
construction of county-distinct roads or any part thereof under the
provisions of this act, or for the purposes of procuring supplies,
equipment or material, shall, unless otherwise provided, be pub-
lished for at least four consecutive weeks preceding the date of the
letting of said contract, at least once each week in two newspapers
of general circulation and different politics, if there be such, with-
in the county; if not, then in one paper of general circulation
therein.
No such contract shall be let to any person, association of per-
sons, firm, company or corporation, who or which, is or are con-
68 nected, directly or indirectly, with any combination in the form
69 of an unlawful trust in restraint of trade, or who, or which
70 enters, or has heretofore entered, or shall hereafter enter into
71 any understanding, directly or indirectly, to limit, in any man-
72 ner, competition in bidding upon the construction of any public
73 road or bridge, or for furnishing any materials used thereon and
74 entering therein. Any such combination or unlawful trust is
75 hereby forbidden. Any person, association of persons, firm or
76 corporation entering into, or being a part of any such combina-
77 tion or unlawful trust, shall be guilty of a misdemeanor, and,
78 upon conviction thereof, shall be fined not exceeding one thousand
79 dollars; and every person, county or state officer or any employee
80 of any county of the state, or of the state road commission or
81 other person connected therewith, directly or indirectly, and any
82 officer or member of any corporation, who shall be engaged in any
83 way in promoting any such combination or unlawful trust, or in
84 aiding or abetting the same, or knowingly committing any acts in
85 pursuance thereof, in addition to being subject to the fine afore-
86 said, may in the discretion of the court, be imprisoned not ex-
87 ceeding six months.

Sec. 151. Any person, firm or corporation offering for sale or
2 selling any paints, metal or metal culverts, fence or fencing or
3 any other materials or supplies for use upon or in the construc-
4 tion of any road or bridge or part thereof to any county, city or
5 town within the state, shall if requested furnish therewith a cer-
6 tificate of its purity showing its chemical constituents and the
7 percentage of impurities contained therein. Any person, firm
8 or corporation making or furnishing a false certificate shall be
9 guilty of perjury and upon conviction shall be fined not less than
10 twenty-five dollars nor more than two hundred dollars, and may
11 be imprisoned not less than one month nor more than twelve
12 months and any contract made by reason of any false statement
13 or representation may be cancelled by order of the court.

Sec. 152. All claims of any contractor or contractors or others,
2 which may under the provisions of this act be due to such con-
3 tractor or contractors or other persons for labor done or mater-
4 ials furnished in and about the construction or improvement of
5 county-district roads, shall, when certified by the county road
6 engineer, be presented to the county court at the proper session
7 thereof, and if by it found correct, shall, upon the order or war-
rant of said court, signed by the president and clerk thereof, be paid by the sheriff; provided, that it shall be the duty of the said road engineer to furnish the county court at such time as he may be directed by it so to do with a certified statement showing the amount of each claim so due such contractor or contractors; provided further, that in contracts for the construction of new roads, the payment shall be conditioned as set out in the original contract therefor, with the privilege to the court of reserving not more than twenty per cent of payments on all estimates until the work is completed; provided further, that no county road engineer shall certify the claim of any such contractor or contractors until upon examination, he shall find that the provisions of the contract have been strictly complied with.

Sec. 153. If it shall appear necessary to the engineer or other representative of the county court in charge to close a county district road, which is being constructed or repaired under this act, so as to permit a proper completion of such work, he shall execute a notice in duplicate, stating the necessity for closing such public road, and describing the portion to be closed; he shall cause to be posted at each end of the portion to be closed a copy of said notice and may have the same published in one or more newspapers in the county one week and shall thereupon close the same to public travel by erecting suitable obstructions and posting conspicuous notices. In the event such road is closed, the engineer or other representative of the county court in charge shall direct a detour by proper signs and guides or provide a new location by the construction of a temporary road to be used by the traveling public in lieu of the closed public road and may erect temporary bridges when necessary. For the purpose of locating and constructing such temporary road and bridge, the engineer or other representative of the county court in charge may enter upon the land adjoining or near the closed public road and may, with the approval of the county court agree with the owner of such lands, for the damages, if any, caused thereby; if the engineer or other representative of the county court in charge is unable to agree with such owner for the amount of damage, if any, the amount thereof shall be ascertained, determined and paid as provided in this act. When such road shall have been closed to the public as provided herein, any person who disregards the obstruction and notice and drives or rides over
the portion of the public road so closed, or in any way injures the
same, shall be liable for the damages done to any section or por-
tion of the road being constructed, and shall be guilty of a misde-
meanor and upon conviction thereof may be fined not less than
five dollars nor more than fifty dollars.

Sec. 154. The county court, for the purpose of meeting and
taking care of the necessary charges and expenses which may be
incurred by the county road engineer or other representative of
the county court having any road work in charge during the re-
cess of the court, in performing the duties required of him under
the provisions of this act, may at any regular term of the court
set apart and appropriate out of the road fund of the county or
any magisterial district thereof, and not otherwise appropriated,
funds sufficient to pay said expenses. Said appropriation shall
be based on a written itemized estimate to be certified and fur-
nished to the county court by said engineer or other representa-
tive of the court having said work in charge.

After the appropriation shall have been made as aforesaid the
said engineer, or other representative having said work in charge,
shall certify to the clerk of the county court the amount each per-
son is entitled to receive by virtue of any work or labor performed
or materials furnished, and sign the same in his official capacity;
whereupon, the clerk shall have authority to issue an order pay-
able out of the proper fund to the person entitled thereto, which
order shall be paid as other orders issued by the clerk, payable out
of the several road funds of the county or district.
The clerk shall keep a record of all claims so issued, showing the
amount thereof, to whom issued, upon the authority of what road
official and for what purpose, and make report thereof to the
court at each of its regular sessions.
The clerk shall not issue orders or drafts in excess of the
amount of money appropriated by the court for the particular
work mentioned in the estimates aforesaid.

It shall be the duty of the road engineer, or other representative
of the court having said work in charge, at each successive regular
session of the court, to make a report in writing, showing what
orders he has given authorizing the clerk to issue drafts or orders
as aforesaid, under the provisions of this act, to whom payable
and for what services. The said report of the county clerk and
that of the road engineer, or other representative of the county
36 court shall be audited by said court, filed and recorded in its road
37 record book. Said county road engineer, or other representative
38 of the court having the said work in charge, shall not expend
39 money or issue orders to the clerk, in excess of the amount appro-
40 priated by the court for the purpose or purposes aforesaid. If
41 any county road engineer, or other representative of the county
42 court, or the clerk of said court, shall issue, or cause to be issued,
43 any order or orders herein authorized, in excess of said appropi-
44 ration, or improperly issue any such orders, or cause the same to
45 be done, which are paid in the manner provided by law, said
46 county road engineer, or other representative, or the clerk of said
47 court, shall be liable for the same on his or their official bonds.
48 Nothing herein contained shall be construed as authorizing the
49 payment to any road contractor or contractors, of any sum which
50 may be due to such contractor, or contractors, under the terms or
51 provisions of his contract, or under the provisions of this act, until
52 the estimate provided by such contract, or contracts, and by law
53 has been made and certified as in said contract, or the law is pro-
54 vided, and approved by the county court. It shall be unlawful
55 for the county road engineer or other representative of the county
56 court having said work in charge, to directly or indirectly, dis-
57 count any of the claims or orders authorized under this section.
58 Any one violating this section shall be guilty of a misdemeanor,
59 and upon conviction thereof shall be fined not less than ten dollars
60 nor more than twenty-five dollars.
61 It shall be the duty of the county court to furnish to the county
62 road engineer, or other representative having said work in charge,
63 proper blank forms upon which to certify to the clerk of the court
64 the amounts which the several persons performing labor or fur-
65 nishing material by virtue of this section are entitled to receive.

County Court Records and Accounting.

Sec. 155. It shall be the duty of the state road commission to
2 devise a uniform system of accounting for road moneys expended
3 by the several county courts of this state, and to see that the same
4 are properly installed and kept; and it shall likewise be the duty
5 of the several county courts to adopt promptly such system of ac-
6 counting when presented to them, respectively, for that purpose
7 by the commission.
8 It shall be the duty of each of the county courts of this state to
9 procure a record book to be kept in the office of their respective
10 county clerks, to be known as the "road record", in which shall
11 hereafter be recorded all orders and other papers or documents re-
12 quired by this act, pertaining to road matters in their respective
13 counties, and such books shall be used for that purpose only.
14 The said county courts shall also provide their respective clerks
15 with a record book to be known and designated as the "Financial
16 Road Record", in form and as prescribed by the state road commis-
17 sion, in which shall be kept all records of the county road funds,
18 and of the road funds of the several districts thereof. Such record
19 shall show the road upon which each item was spent, whether for
20 construction or reconstruction, and the kind thereof, or for main-
21 tenance, and the character of the road maintained, and shall show
22 whether the construction and maintenance was upon bridges or
23 the road-bed proper.

Toll Roads and Bridges.

Sec. 156. When any joint stock company has been heretofore incor-
2 porated by this state to construct a road or bridge wholly or in
3 part in any county, the county court of such county may subscribe
4 for, take, hold and dispose of stock in such company under the
5 regulations, and subject to the restrictions prescribed by law.

Sec. 157. No tolls shall be charged or collected for traveling
2 upon any of the public roads, except those which are now being
3 collected according to the laws of this state.

Sec. 158. A collector of tolls on any turnpike authorized by
2 law to receive tolls, may refuse to allow any person, animal or
3 vehicle to pass on such road until the lawful toll is paid. If any
4 person, animal or vehicle pass a toll gate on such road, or if any
5 person misrepresent the distance he may have traveled on such
6 road, such person in possession of such animal or vehicle shall be
7 guilty of a misdemeanor, and upon conviction thereof shall be
8 punished with a fine not exceeding twenty dollars, and the like
9 penalty shall be incurred when any person, animal or vehicle sub-
10 ject to toll is passed through any private gate, bars or fence for
11 the purpose of evading the payment of toll. Whoever shall de-
12 fraud or attempt to defraud the company by evading or attempt-
13 ing to evade the payment of toll for crossing a bridge, or aid an-
14 other to do so, shall be guilty of a misdemeanor and for every
15 such offense, upon conviction, shall be fined ten dollars.
A gatekeeper on any toll bridge shall keep such money of small
denomination on hand, as may reasonably be required in the ordi-
nary course of business, for making change for passengers, and it
is the duty of passengers to offer money for passage of a denomi-
nation as near as possible to the amount charged for such passage.
This section shall not apply to persons now having a lawful right
to pass on such roads without the payment of toll.

Sec. 159. On all turnpikes now owned wholly or in part by
individuals or corporations in this state tolls not exceeding the
following rates may be received in any section of five miles which
has been completed, to-wit: For a single horse, mare, gelding,
mule, jack or jennet, three cents; and for every horse, mare, mule,
jack or jennet in addition, one cent, if the same be not hitched to
any vehicle; for twenty sheep or hogs five cents; and for twenty
cattle, ten cents; and so on in proportion for a greater or less num-
ber; for a riding carriage, whether two or four wheeled, if the
road be a macadamized road or a brick road or some other perman-
ently improved road ten cents; but if not macadamized or not a
brick road or other permanently improved road, five cents; and for
a cart or wagon, if the tires of the wheels are less than four inches
wide, three cents for each animal drawing it. For a fractional part
of a section, tolls may be received bearing the same proportion to
the tolls for a full section that the said fractional part bears to
such full section; provided, that when the toll from the fractional
part would be less than one cent, they may charge and receive
one cent; provided further, that all coaches, carriages, vehicles
and horses used by persons in going to and from divine worship,
funerals, and grist mills for the purpose of having grinding done,
shall be exempt from tolls.

Sec. 160. The said tolls may be demanded and collected of
every person passing the toll gate, whether he shall have traveled
the whole or only a part of the section or fractional part; provided,
that the said toll road or turnpike shall be made so as to conform
to the following specifications: All roads or turnpikes shall have
a smooth road bed of not less than fifteen feet in width, exclusive
of ditches, and shall be well side-ditched and drained. All cross-
drains shall be under-drained or riprapped, when necessary.
All running streams requiring bridges of fifty feet in length or less,
and such others as the county court of the county may direct,
shall have a bridge or culvert across the same sufficiently strong
and sufficiently wide to insure safe passage to all kinds of vehicles; 
provided further, that no toll shall be collected unless said toll 
road or turnpike be constructed in accordance with this section, 
but no such toll shall hereafter be imposed and collected in Ohio 
county, Jefferson county or Brooke county; provided, further, 
that any citizen of this state may bring an action or suit to pre- 
vent the unlawful collection of such toll.

Sec. 161. Whenever the collection of tolls for traveling over 
or upon any toll road or turnpike has been abandoned by any 
county, person, company or corporation, or is prevented by law or 
by final order of any court having competent jurisdiction, or when- 
ever any of the county-district roads are improved under the pro- 
visions of section one hundred and four of this act, it shall be the 
duty of the county court of the county wherein such road or turn- 
pike, or any part thereof, is located, to keep the same in good re- 
pair, and to pay for the work and all expenses incident thereto 
out of the county road fund.

Sec. 162. Whenever complaint in writing on oath shall be 
made to the county road engineer of the county in which there 
shall be, in whole or in part, any toll bridge, belonging to any 
person or corporation, representing that such toll bridge has be- 
come, or is unsafe for public use, the county road engineer shall 
forthwith cause to be made a careful and thorough examination of 
such toll bridge, and if upon examination thereof, he shall be of the 
opinion that the same has, from any cause, become dangerous or 
unsafe for public use, he shall thereupon give immediate notice 
to the owner of such toll bridge or to any agent of such owner act- 
ing as the agent, in respect to such bridge, that he has on com- 
plaint made, carefully and thoroughly examined the bridge and 
found it to be unsafe for public use. Such owner shall thereupon 
immediately commence repairing the same and cause such re- 
pairs to be made within one week from the day of such notice 
given, or within such reasonable time thereafter as may be nec- 
sary to thoroughly repair the bridge, so as to make it in all re- 
spects safe and convenient for public use. For neglect to take 
proper and effective measures to repair such bridge, its owner 
shall forfeit fifty dollars and shall not demand or receive any toll 
for using the same until it shall be fully repaired. The county road 
engineer shall cause such repairs to be made and the owners of 
the bridge shall be liable for the expense thereof and for the ser-
24 vice of a foreman at three dollars per day, and upon the neglect
25 or refusal to pay the same upon presentation of an account there-
26 of, the county road engineer may recover the same by action in the
27 name of the county.

Sec. 163. Any person desiring the privilege of erecting a wharf
2 at or on any public landing, not a part of a state road, may pre-
3 sent a petition to the county court of such county for such privi-
4 lege; but notice of the petition or of his intention to present the
5 same, must be posted at the front door of the county court house
6 and at three public places in the district in which it is proposed to
7 erect such wharf, three weeks at least before the petition is acted
8 upon. The said court upon petition and notice, may grant such
9 privilege upon such conditions and limitations, and fix such rates
10 and charges for wharfage as it sees fit. But it may at any time
11 afterwards, upon ten days notice to the owner of such wharf, or his
12 tenants, revoke such privilege or alter such conditions or limita-
13 tions, or regulate the rates of charges.

Sec. 164. Any person owning land upon a water course may
2 erect a wharf on the same, or a pier or bulkhead in such water
3 course, opposite his land, so that the navigation be not obstructed
4 thereby, and so that such wharf, pier or bulkhead, shall not other-
5 wise injure the rights of any person. But the county court of
6 the county in which such wharf, pier or bulkhead shall be, after
7 causing ten days notice to be given to the owner thereof of its
8 intention to consider the subject, if it be satisfied that such
9 wharf, pier or bulkhead obstruct the navigation of the water
10 course, or so encroaches on any public landing as to prevent the
11 free use thereof, may abate the same.

Miscellaneous Provisions.

Sec. 165. Whenever it shall be necessary, in order to carry
2 out the provisions of this act, for the state road commission, or
3 any county court, to acquire any land or water or any interest
4 therein, or any rights, ways, or easements, it shall be lawful for
5 the commission, or such court, to acquire the same by condem-
6 nation pursuant to chapter forty-two of the code of West Virginia
7 of one thousand nine hundred and sixteen.

Sec. 166. So far as any road, bridge or public landing be-
2 longs to or is under the care or control of a county, it shall be
3 the duty of the county court to cause the same to be kept in
and when any county acquires the interest of the state, or any other stockholder in any road, bridge or public landing, under any of the preceding sections, the county court of such county shall have all powers, rights and privileges, perform all the duties and be subject to the same liabilities that were vested in, held, exercised or required to be performed by or imposed upon the state or other former stockholders therein.

Sec. 167. Any person who sustains an injury to his person or property by reason of any county-district road or bridge, street, sidewalk or alley in any incorporated city, town or village, being out of repair, may recover all damages sustained by him by reason of such injury, in an action on the case in any court of competent jurisdiction, against the county court, city, town or village in which such road, bridge, street, sidewalk or alley may be, except that such city, town or village shall not be subject to such action unless it is required by its charter to keep the road, bridge, street, sidewalk or alley therein at the place where such injury is sustained, in repair. If it is not so required, the action and remedy shall be against the county court. When judgment is obtained against the county court, such court shall, at the time of laying the next annual levy, levy upon the taxable property of the district in which such injury is sustained, a sufficient sum to pay such judgment with interest and costs, and the cost of collecting the same, and when it is obtained against the city, town or village, the proper corporate authorities thereof shall lay such levy, at the time of laying the next annual levy, on the property subject to taxation in such city, town or village. And in case of a failure by either so to do, or to pay the judgment as required by law, the circuit court of the county shall compel the laying of such levy, or the payment of such judgment, or both, by mandamus. The summons in such case against the county, shall issue against such court and be served as provided by chapter thirty-nine of the code of West Virginia, and if the case be against a city, town or village, it shall issue against the same by its corporate name and be served on the mayor, recorder, treasurer or two councilmen.

4 out of repair, may recover all damages sustained by him by reason of such injury, in the manner prescribed in the preceding section, against such company, person or county, or against the lessee for the time being of any such road or bridge. Any judgment against a city, town, village or county under this section may be enforced by the circuit court by writ of mandamus. The enactment of this section shall not affect any action or suit now pending against any such company as is mentioned herein, but the same may be prosecuted and judgment enforced with like effect, as if this section had not been enacted.

Sec. 169. The county court of a county may upon petition, permit gates to be erected across any county-district road therein, or cause any gate erected across a county-district road to be removed, but notice of every petition for that purpose must be first posted at the front door of the court house, and at three public places in the vicinity of the gate proposed to be erected or removed, at least three weeks before the meeting at which such order is made.

Sec. 170. If such obstructions, poles or wires are not re- 8 moved, or such poles with wires re-set, or such excavations are not 9 properly filled and maintained, within ten days after the serving 10 of a notice, by the state road commission or the county road engi- 11 neer, as the case may be, personally or by mail upon such owner or 12 occupant or upon such company at its principal place of business 13 or upon an agent of the company within the county, requesting the 14 same to be done, the commission, or the county road engineer, as
the case may be, shall cause such obstructions to be removed and
such poles and wires to be re-set and such repairs on the excava-

He is authorized to appoint an adjutant general under whose direction the national guard shall be reorganized and maintained.

Sec. 7. The duty of maintaining and governing the national guard not in the service of the United States rests upon the state, subject to the constitutional authority of congress. The purpose of the force is national defense. Its efficiency as an agent for national defense necessarily depends upon systematic uniformity in the organization, composition, arms, equipment, training and discipline of its component parts. The attainment of such uniformity and efficiency require on the part of each state a rigid adherence to federal laws and regulations relating to the militia. Therefore, the governor shall cause the national guard of this state always to conform to all such federal laws and regulations as are now or may hereafter from time to time become operative and applicable, notwithstanding anything in the laws of this state to the contrary.

23 of different departments, unless such action would be contrary to
24 the regulations provided by the war department for the govern-
25 ment of the organized militia. The governor shall have the power
26 in case of war, insurrection, invasion or imminent danger thereof,
27 to increase the force beyond the minimum now established by law

30 such new organizations, officers holding commissions in the
31 national guard as organized at such time, shall be eligible for com-

Be it enacted by the Legislature of West Virginia:

That there be established and formed, co-operative agricultural and horticultural associations for the purpose of mutual help and not having capital stock or conducted for profit, in the manner hereinafter set forth:

Section 1. In this act, unless the context otherwise require, 2 "association" means an association formed under this act; "member" means a member of an association; "person" includes a cor-
poration or partnership or two or more persons having joint or common interest; words used import the singular or the plural as the case may demand.

Sec. 2. Co-operative agricultural or horticultural associations, instituted for the purpose of mutual help, and not having capital stock or conducted for profit, may be formed, under the provisions of this act, by any number of persons, not less than five, engaged in agriculture or horticulture.

Sec. 3. An association may, as agent for its members or any of them, perform for them, services connected with the production, preservation, drying, canning, storing, handling, utilization, marketing or sale of agricultural and horticultural products produced by them, and for the agricultural or horticultural purposes of such members, may perform for them services connected with the purchase or hiring for, or use by, them, of supplies, including live stock, machinery and equipment, and the hiring of labor, or any one or more of the kinds of service specified in this section.

Sec. 4. The persons uniting to form an association shall enter into articles of association in writing, which shall state—

(a) The name of the association, which shall include the word “co-operative,” which name shall not be the same as that of any other association or corporation formed or doing business in this state or so similar to such name as to be likely to be confused therewith;

(b) The class of service to be performed for its members by the association, which services shall be among those mentioned in section three of this act;

(c) The place where its principal operations are to be carried on, which shall be a place within this state;

(d) The term for which such association is to exist;

(e) Any other provisions, not inconsistent with law, which the association may see fit to adopt, governing the regulation and conduct of its affairs.

The articles of association shall bear the signatures and post office addresses of the persons uniting to form the association, and shall be acknowledged by not less than five of such persons, before an officer duly authorized to administer oaths in this state, which acknowledgment shall be authenticated by the seal of such officer. The articles of association, so acknowledged and authenticated, together with a true copy thereof, shall be trans-
mitted to the secretary of state, who shall, if in his opinion
the provisions of law applicable thereto have been complied with;
file and record the same. He shall issue his certificate showing
such filing.

Sec. 5. The articles of association may, pursuant to an affirm-
tive vote of two-thirds of all of the members, be amended at any
regular meeting, or at any special meeting called for the purpose
due notice of the time, place, and object of which regular or special
meeting shall have been given as prescribed in the by-laws. Copies
of such amendment, signed and acknowledged by not less than three
directors, shall be filed and recorded in the manner and in the re-
spective offices, prescribed in section four for the articles of associa-
tion.

Sec. 6. Upon the filing by the clerk of the county court of a
copy of the articles of association, transmitted to him by the sec-
retary of state, the association shall have power, within the limita-
tions of this act:
(a) To adopt and use a common seal and to alter it at pleas-
ure;
(b) To have succession for the term prescribed in its articles
of association, unless sooner dissolved by operation of law or under
the provisions of this act;
(c) To perform for members the services described in its
articles of association;
(d) To make contracts necessary in the conduct of its opera-
tions;
(e) To purchase, lease, or receive by gift, bequest, or devise,
and to hold personal and real property necessary in the conduct of
its operations, and to dispose of the same;
(f) To borrow money necessary in the conduct of its operations,
to issue notes and bonds therefor, and to give security, in the
form of mortgage or otherwise, for the repayment thereof;
(g) To sue and be sued by the name specified in its articles
of association, as fully as natural persons;
(h) To adopt, and alter or amend when necessary, by-laws not
inconsistent with law, regulating its conduct and management;
(i) To elect a board of directors, which shall have power to
appoint a president, vice-president, secretary, treasurer, and other
officers, and agents and employees deemed necessary, to prescribe
their duties not inconsistent with the by-laws, to require bonds
of them and fix the penalty thereof, and to dismiss at pleasure any agent or employee.

(j) To co-operate, through membership or otherwise, with any other association not conducted for profit, whether formed under this act or otherwise, for the purpose of promoting any enterprise, which may be lawfully carried on, relating to the respective authorized operation of such associations, and which enterprise does not relate to or involve fixing wages, limiting production, destroying products, or fixing the selling price, or delegating the control, of the products of the members of either association;

(k) To foster membership in the association by advertising or by educational or other lawful means.

(l) To exercise such incidental powers as shall be necessary in the conduct of its operations.

Sec. 7. Any association may admit as members, under terms and conditions prescribed in its by-laws, persons engaged in agriculture or horticulture. Any member shall forfeit its membership upon proof being made to the association that he has ceased to be engaged in agriculture or horticulture. For the purpose of this act a member, other than an individual, shall be represented by an individual associate, officer, or partner thereof, duly authorized.

Sec. 8. Every association shall issue a certificate of membership to each member. Such certificate of membership shall not be transferable, and no person who may acquire same by operation of law, or otherwise than as may be prescribed in this act, and the articles of association and by-laws of the association, shall be entitled to become a member by virtue of such certificate.

Sec. 9. Each member shall be entitled to one vote only, and no vote by proxy shall be permitted. Except in case of the removal of a director or officer, as provided in section fifteen of this act, absent members may, under rules prescribed in the by-laws, be permitted to vote on specific questions by ballots transmitted to the secretary, or other proper officer of the association, by registered mail; and such ballots to be counted only in the meeting at the time at which such vote is taken.

Sec. 10. Each member shall be responsible, as his original liability, for his per capita share of all contracts, debts, and engagements of the association existing at the time he becomes a member and created during his membership; but if any member’s share of such contracts, debts and engagements shall prove to be
6 uncollectible, each remaining member shall be responsible, as his 7 additional liability, for such unpaid share or part thereof to an 8 amount equal to such remaining member's original liability or 9 to such further amount as may be prescribed in the articles of 10 association. No member shall be liable to the association for any 11 contract, debt or engagement arising out of any specific trans- 12 action between the association and any member or members there- 13 of in which he does not participate unless and until the associa- 14 tion shall have exhausted every legal recourse and failed to en- 15 force satisfaction from the member or members participating 16 therein. In all cases any member who, voluntarily or otherwise, 17 contributes to the payment of the debt or obligation of another 18 member or other members shall have an action, several or joint, 19 as he may elect, against such defaulting member or members 20 for reimbursement. Any association may, in its articles of asso- 21 ciation, limit the amount of indebtedness or obligation which may 22 be incurred by or on behalf of the association, and no member 23 shall be liable for any debt or obligation in excess of the terms 24 of such limitations.

Sec. 11. The association, as agent for a non-member, may 2 buy farm supplies for him, sell his agricultural or horticultural 3 products and charge for the use of community equipment, and, as 4 a condition of its contract with such non-member, may impose 5 upon him any liability for the contracts, debts and engagements 6 of the association which does not exceed the liability of a mem- 7 ber; but in no case shall it charge a non-member for such services 8 more than the actual cost thereof, including the pro rata part of 9 all overhead expenses.

Sec. 12. Within forty days after the filing a copy of the arti- 2 cles of association in the office of the clerk of the county court. 3 a call, signed by not less than a majority of the directors, shall 4 be issued for a meeting of the members. At such meeting, or 5 any adjourned session or sessions thereof by-laws regulating the 6 conduct and management of the association, shall be adopted. 7 Such by-laws shall, within the limitations of this act, prescribe: 8 (a) The time, place, and manner of calling and holding meet- 9 ing;
10 (b) The number and qualifications of members, the conditions 11 under which membership shall be granted and terminated, rules 12 governing the exercises of the privileges of membership and the
issuance, transfer and cancellation of membership certificates, and
the manner of ascertaining the interests of members in the as-
sets, if any, in the possession of the association.
(c) The number of the directors, the time and manner of
their election and removal, their powers and duties, the number
not less than a majority, necessary to the exercise of their powers,
and their compensation, if any;
(d) The officers, their terms of office, the time and manner of
their appointment and removal, their powers and duties, and their
compensation, if any;
(e) The manner of fixing and collecting fees, dues and other
assessments or charges for services to its members.
(f) Any other provisions proper and necessary to carry out
the purposes for which the association was formed.
Sec. 13. The by-laws may require the members to sell all or
any part of their specifically enumerated agricultural and horti-
cultural products, and to buy all or any part of their specifically
enumerated farm supplies, exclusively through the association;
but, in such case, shall specify a reasonable period, in each year,
during which any member, by giving to the association the notice
prescribed in the by-laws may withdraw and be released, from
his obligation to employ the services of the association in respect
to such products and supplies. The by-laws may fix as liquidated
damages, specific, reasonable sums, in amounts fairly related to
the actual damages ordinarily suffered in like circumstances, to
be paid to the association, to reimburse it for any damage which
it or the members may sustain by the failure of any member to
perform any obligation to the association, under the articles of
association, the by-laws, or any contract with the association, and
any such provision shall be valid and enforceable in the courts
of this state.
Sec. 14. The board of directors of every association shall con-
sist of not less than five members, who shall be divided, as nearly
equally as practicable, into three classes. At the first regular
meeting of the association, a quorum as prescribed by the by-
laws being present, the members shall elect from among them-
selves directors of the first class for a term of one year, directors
of the second class for a term of two years, and directors of the
third class for a term of three years. At the expiration of the
terms of the directors so elected their successors shall be elected
in like manner, for terms of three years. Directors shall hold office
until their successors shall have been elected and qualified and
shall enter upon the discharge of their duties. Vacancies shall be
filled, for the unexpired terms, at any regular meeting or at
any special meeting called for the purpose, in the manner pro-
vided for the original election of directors. The board of direc-
tors shall manage the affairs of the association and shall perform
the duties specifically imposed upon the board by this act.

Sec. 15. Any director or officer of an association may, for
cause, at any regular meeting or at any special meeting called for
the purpose, at which a majority of the members shall be present,
be removed from office by vote of not less than two-thirds of the
members present. Reasonable notice of the time, place and ob-
ject of any such meeting shall be given, in the manner pre-
scribe in the by-laws, to the members, and to the director or offi-
cer against whom charges are to be presented. Such director
or officer shall, at the same time, be informed in writing of such
charges, and at such meeting shall have an opportunity to be
heard in person, by counsel, and by witnesses, in regard thereto.

Sec. 16. The officers of every association shall include a presi-
dent, vice-president, secretary and treasurer, who shall be ap-
pointed annually by the board of directors. The president and
vice-president shall be appointed from among the directors. The
secretary and treasurer may be non-members. The offices of sec-
retary and treasurer may be combined and one individual ap-
pointed thereto. Vacancies shall be filled for the unexpired terms
by the board of directors in the manner provided for the original
appointment of officers. The board of directors shall require the
treasurer and all other officers, agents and employees charged by
the association with responsibility for the custody of any of its
funds or property to give bond with sufficient security for the
faithful performance of their duties as such.

Sec. 17. An association may provide for the payment of ex-
penses, necessary in the performance of its services to its mem-
ers, by the creation of a working fund or otherwise, through
fees, dues, assessments, or charges for the services, to be fixed
and collected in such manner as may be prescribed in the by-
laws. Such fees, dues, assessments, or charges shall be limited
to the amounts necessary to meet expenses already incurred, or
reasonably estimated as essential to be incurred, by the associa-
tion in conducting its operations. Whenever any association shall
find that it has accumulated funds in excess of those necessary to
meet expenses already incurred, or reasonably estimated as es-
sential to be incurred, by it in conducting its operations, it shall
return such excess to, or deduct it from future fees, dues, assess-
ments, or charges of, the members who contributed to such ex-
cess, in the proportions of their respective contribution.

Sec. 18. Every association shall, from time to time, appoint
two committee of three members, who shall not be directors, officers,
agents, or employees of the association, which committee shall,
at least once in each quarter of each fiscal or business year of such
association, make an examination of its records and property, and
shall within one month after such examination, report in writing
the results thereof to the association. Immediately after the close
of each fiscal or business year of the association, a complete audit
of its operations shall be made for the fiscal or business year. A
written report of the audit, including statements of services
rendered by the association, the balance sheets, receipts and dis-
bursements, assets and liabilities, members admitted and with-
drawn, total numbers of members, and other proper information,
shall be submitted to the members at their next regular meet-
ing. The association may file copies of the report of the audit
with the secretary of state, and the commissioner of agriculture
within three months after the close of the fiscal or business year
for which made. The secretary of state shall, upon request, fur-
nish a copy of such report to the United States department of
agriculture. No person shall, without the consent of the associa-
tion, except in obedience to judicial process, make or permit any
disclosure whereby any information contained in said report may
be identified as having been furnished by said association. Any
person violating or failing to comply with the provision of this
section shall be deemed guilty of a misdemeanor and upon con-
viction thereof, shall be punished by a fine of not more than five
hundred dollars.

Sec. 2. In case there is more than one association holding annual exhibitions in a county, such associations shall be entitled to receive from the state a sum not exceeding in the aggregate the sum of ten thousand dollars, to be apportioned among such associations according to the amount of premiums paid for exhibits at the last exhibition of such associations exclusive of premiums paid for speed contests. No association shall receive from the state a greater sum than that paid by the association as premiums on exhibitions exclusive of premiums paid for speed contests.

Sec. 3. No incorporated agricultural association shall be entitled to the benefits of this act unless it shall hold an annual exhibition in the interest of stock raising, grain, poultry, handiwork, dairy products, fruit and vegetable growing, and the like. Such exhibitions shall continue at least three successive days and shall pay premiums on exhibitions aforesaid.

Sec. 4. Agricultural associations hereafter incorporated shall have the benefits of this act only after they shall have held three consecutive annual exhibitions of the character by this act desig-

Sec. 1. License to act as insurance brokers; what application for to show: revocation and expiration of license; renewal of.

Sec. 2. License certificate of agent revoked, when.

Sec. 3. Tax, fines, penalties, etc., imposed by other states on brokers residents of this state, same to be imposed by this state on brokers resident in such other states; provision as to licensing of non-resident insurance agents.
Be it enacted by the Legislature of West Virginia:

Section 1. The insurance commissioner may, upon receipt of ten dollars, except as hereinafter provided, issued to any suitable person, resident in any other state, a license to act as an insurance broker to negotiate contracts of insurance or reinsurance or place risks or effect insurance or reinsurance with the authorized agent of any qualified domestic insurance company, or with the authorized agent in this state of any foreign insurance company duly admitted to do business in this state, and not otherwise, upon the following conditions:

The applicant for such a license shall file with the insurance commissioner an application which shall be in writing upon a form to be provided by the insurance commissioner, and shall be executed by the applicant under oath and kept on file by the insurance commissioner. Such application shall state the name, age, residence and occupation of the applicant at the time of making application, his occupation for five years next preceding the date of filing the application and shall state that the applicant intends to hold himself out and carry on business in good faith as an insurance broker and shall give such other information as the commissioner may require. The application shall be accompanied by a statement upon a blank furnished by the insurance commissioner as to the trustworthiness and competency of the applicant, signed by at least three reputable citizens of this state. If the insurance commissioner is satisfied that the applicant is trustworthy and competent and intends to hold himself out and carry on business in good faith as an insurance broker, he may issue to him the license applied for. The commissioner may at any time after the granting of a broker's license, for cause shown and after a hearing determine that the licensee has not complied with the insurance laws or is not trustworthy or competent, or is not holding himself out and actually carrying on business as an insurance broker, or is not a suitable person to act as such broker, or has placed insurance on risks in this state in companies or other insurers not authorized to transact business in this state, and he shall thereupon revoke the license of such broker and notify him that the license has been revoked. Such broker's license shall expire on the last day of February after its issue unless sooner revoked by the insurance commissioner for cause, as above provided. The insurance commissioner shall publish a notice of the
revocation of a broker’s license in such manner as he deems proper
for the protection of the public. Broker’s licenses issued on appli-
cation, as herein provided, may in the discretion of the insurance
commissioner, be renewed upon the payment of the proper fees
without his requiring anew the details required in the original
application.

Sec. 2. Any insurance agent who shall accept any contract
of insurance from any non-resident of West Virginia not a duly
licensed broker, as provided in this act, and who shall pay to said
non-resident any commission thereon or accept said contract at
lower than the published rate, shall have his certificate of authority
revoked for the period of one year.

Sec. 3. When by the laws of any other state, district, territory
or nation, any tax, fines, penalties, license fees or other obliga-
tions or prohibitions are imposed on agents or brokers residents
of this state, the same fines, penalties, license fees or other obli-
gations or prohibitions shall be imposed upon agents or brokers of
such other state, district, territory or nation doing business or
seeking to do business in this state, excepting that the minimum
broker’s license fee shall be ten dollars; and provided that noth-
ing in this act shall authorize the licensing of non-resident insur-
ance agents in contravention of the resident agent’s law.

Section 15-c. Any duly licensed insurance agent for companies
other than life may, with the approval of such companies,
apply to the insurance commissioner for licenses for not to ex-

missioner finds the person or persons for whom such license is
applied, competent and trustworthy and resident in this state, he
shall issue such solicitors’ licenses which shall be subject to the
same law as to revocation, expiration and renewal as the agent’s
license, and the fee for which shall be one dollar for each license.
Each solicitor shall solicit and receive applications for insur-
ance for the appointing agent only, and he shall report all busi-
ness through him. The expiration, cancellation, or revocation of
the license of the appointing agent shall automatically cancel the
14 solicitor's license, and the appointing agent may cancel his license
15 at any time by request to the insurance commissioner.
16 In no case shall a solicitor's license be requested when the prin-

2 this state shall pay the said commissioner an annual license tax
3 based on the amount of the business done in this state, which

8 premiums returnable for cancellation, and including any so-
9 called dividends on participating life insurance policies actually
10 applied in reduction of premiums.

Section 1. There is hereby established for the treatment and training of mental defectives a state institution to be known as the “West Virginia Training School.” It shall belong to that class of institutions mentioned in section three, chapter fifteen-m of the code, and shall be managed and controlled as provided in said chapter, all the provisions whereof shall be applicable to said school except as in this act provided. The chief executive officer thereof shall be a superintendent, who shall be a legally qualified physician, scientifically trained in mental medicine and of not less than five years’ experience in the treatment and care of insane persons and mental defectives, and who shall be appointed by the governor with the advice and consent of the senate.
Sec. 2. As soon as practicable hereafter the state board of control shall select and acquire a suitable site and adequate lands, construct the necessary buildings and purchase the necessary equipment for said school. The state board of education shall have general control and management of the educational affairs of said school when established and shall employ professors and teachers for said school and shall fix a yearly and monthly salary to be paid to each person so employed, to be approved by the state board of control, according to law.

Sec. 3. There shall be admitted to said school any person with mental defectiveness from birth or an early age, so pronounced that he or she is unable to care for himself or herself and manage his or her affairs with ordinary prudence, and who because of mental defect is a menace to the happiness and welfare of himself or herself or of others in the community, and therefore requires care, training or control for the protection of himself or herself or of others, and yet who is not insane. This type of persons, commonly classed as feeble-minded, including idiots, imbeciles and morons, shall be known and designated as mental defectives for the purposes of this act. Should the school at any time not be able to accommodate all persons of such class offered for admission, preference in admission shall be given to children and women of child-bearing age.

Sec. 4. Mental defectives shall be admitted to said school in the following manner:

(a) The county mental hygiene commission shall have jurisdiction of all applicants for commitment of persons to said school. Any relative of a person affected may make application, by complaint under oath, to have the person adjudged a mental defective; but when the relatives of a mentally defective person either neglect or refuse to place said person in said school, or in some private institution of a like nature, and shall permit him or her to go at large, then any reputable citizen of the county may, by complaint under oath, make application to the mental hygiene commission for such commitment; and said complaint shall not be subject to exception for defects of form. When application is filed for commitment of an alleged mentally defective person, the commission shall appoint two physicians to examine such person and determine whether or not he is mentally defective. Both of these physicians shall be selected as being the most ca-
(b) Where any court of the state has on trial before it a prisoner for an offense, and the judge shall have cause to believe that the prisoner is mentally defective, he may appoint two physicians as aforesaid to examine the prisoner, to ascertain whether or not he is in reality mentally defective; and if said physicians shall pronounce said prisoner to be mentally defective, the judge may commit him to said school.

In either of the cases named above, the physicians making the examination shall be required to make such examination complete and thorough, both mentally and physically, and shall be required to make to the commission or court appointing them certification as to their findings in the matter. This certification shall be in the form prescribed by the state board of control, and shall be made in duplicate, one copy of the same being sent with the patient when committed to the school, and the other copy being filed with the commission or court committing such person; and it shall be the duty of the superintendent of said school to refuse admission to any person unless he or she shall present a copy of said certification.

The commission or court, by order, shall designate some reputable person to convey such mentally defective person to the school and to protect such person until such time as he or she can be conveyed to the institution. In the case of a female being taken to the school, a female attendant must be provided.

All expenses connected with the commitment of persons hereunder and conveying of such mentally defective person to the school shall be borne by the county in which said person has legal settlement.

(c) The relative, guardian or friend of any inmate of any state institution shall have the right and power to apply to the mental hygiene commission for an order directing an examination of said inmate, in the manner aforesaid, to determine whether or not he or she is mentally defective, then the said commission shall have the right to remove him or her from the institution in which said inmate may be, and commit him or her to the "West Virginia Training School"; provided, that this clause shall apply only to those who might in the first instance have been committed to said school.
Sec. 5. The training and treatment of persons admitted to the school shall be along such educational, medical and industrial lines as have proved most effective in approved institutions for mental defectives. The medical staff of such institution, and the medical staffs of Weston, Spencer and Huntington state hospitals, are hereby authorized to administer such medical treatment and perform such surgical operations for the inmates therein as may be necessary and expedient for the cure and prevention of mental defectiveness or disease.

Sec. 6. When, in the judgment of the superintendent of the school, a patient or inmate thereof shall, under the treatment and training given therein, improve mentally and physically to such an extent as no longer to constitute a menace to himself or others, the superintendent shall have the right and it shall be his duty to parole such person, under such rules and regulations as the board of control may prescribe.

Sec. 7. That sections four, six, eight, nine, ten, eleven, twelve, thirteen, nineteen, twenty, twenty-three, twenty-seven, twenty-eight, twenty-nine, thirty-three and thirty-four of chapter fifty-eight of the code of one thousand nine hundred and sixteen, be amended and re-enacted so as to read as follows:

"Sec. 4. There is hereby established in each county a mental hygiene commission, to be composed of the president of the county court, the prosecuting attorney and the clerk of the county court, who shall serve as such without compensation, except for traveling or other necessary expenses incurred in the discharge of their duties as members of the commission, which expenses shall be audited by the county court and paid out of the county treasury; provided, that if the president of the county court shall not reside conveniently to the county seat and for that reason, or for other reason, shall desire not to serve as a member of the commission, the county court may choose one of its other members as a member of said commission. The president of the county court, or other member thereof chosen in his stead, as above provided, shall be the chairman of the commission. In his absence, the prosecuting attorney shall act as such chairman, the clerk of the county court shall be the clerk of the commission, and shall keep in a proper book provided for the purpose the full and careful proceedings of all the acts, orders and resolutions of the commission. Two members of the commission shall be a quorum thereof."
"Sec. 6. If the person so found to be a lunatic by the commission is a resident of another county of this state, the commission shall make up and transmit to the sheriff of its county a copy of the evidence taken on the examination of such person, and shall find and certify to the sheriff the following facts concerning such person, namely: His name, color, age and sex, and the county of which he is a resident, giving the name of the city, town or postoffice of such residence, if known. Such certificate and copy of the evidence shall be signed by the chairman and clerk of the commission, attested by the seal of the county. Upon receipt of such certificate and copy of evidence, the sheriff shall thereupon remove such person to the county of which he is a resident and deliver him into the custody of the clerk of the county court; or, in his absence, to the sheriff, and take a receipt in writing for him, which shall show the name of such insane person, the date of delivery, the person who delivered him and the person receiving him. The sheriff shall make due return to the clerk of the county court of his county, showing the manner in which he removed such insane person, making the above mentioned receipt part of such return. Such return shall be entered by the county clerk in the record of the proceedings of the county mental hygiene commission. The expenses necessarily incurred in effecting such removal, including the compensation to the person making the same, not to exceed three dollars per day, and one guard when necessary, not to exceed one dollar and a half per day, for each day actually so employed, shall be paid out of the county treasury, and shall be refunded to the county paying the same by the county court of the county to which such lunatic was removed and of which he was a resident. The mental hygiene commission of the last named county shall proceed in the case of such lunatic as in the case of a person brought before them charged with being a lunatic, and in such case may consider the evidence and certificate delivered to them by the commission of the other county.

"Sec. 8. The superintendent of the hospital to whom application is made as hereinbefore provided, shall, on receipt of such application, carefully consider the same, and if he be of the opinion that the person named is a proper one to be admitted to his institution, and there is room for him therein, he shall, without delay, cause such person to be brought to his hospital by one of
the attendants thereof, the actual expenses whereof shall be paid out of the proper fund of the hospital, and repaid to the state by the county as hereinafter provided. If there be no room in the hospital to which the application is made, the superintendent thereof shall immediately communicate the fact to the state board, which he may do when deemed necessary by telegraph or telephone, and transmit the commitment papers to the state board, whose duty it shall be to ascertain whether there is room in any one of the other hospitals, and if there is, to cause him to be admitted thereto, and the superintendent thereof to send attendant for such person; provided, that any reputable and trustworthy relative or friend of such insane person may be allowed by the county mental hygiene commission to deliver him to the hospital, if such relative or friend will do so, without expense to the county or state.

"Sec. 9. When a person committed to a state hospital is received therein he shall be carefully examined by the superintendent and the assistant thereof, who are hereby constituted the examining board of such institution. Such examination shall be made as soon after such person is received in the hospital as may be prudent; and, if from such examination (or from a subsequent examination, if the first one be not satisfactory to the examining board) he is found to be insane and a proper person to be received therein, he shall be registered as an inmate of such hospital, and receive maintenance, treatment and care therein; but if he is not a proper person to be received in such hospital, or if in the opinion of the examining board such person be not insane, the superintendent shall cause him to be returned by an attendant to the sheriff of the county from which he was received. On receiving any such person it shall be the duty of the sheriff immediately to notify the clerk of the county court thereof; and it shall be the duty of the mental hygiene commission of such county promptly to consider and dispose of such case.

"Sec. 10. The county court of any county may make contract with two or more competent physicians respecting the compensation to be paid to them for their services in examining lunatics and other persons brought before the mental hygiene commission of the county, the county court, or the circuit court, or confined in jail. The compensation of physicians, of all witnesses, and of all other persons and officers whose compensation is not fixed
in this chapter or by any other law, employed in examination of such persons, or for their care and maintenance, or for other services in connection therewith, unless the same shall have been agreed upon before or at the time such service was performed, or is fixed by law, shall be such as may be prescribed by the county court of the county, and shall be paid out of the county treasury.

"Sec. 11. Any resident of this state who is in the early stages of insanity, or believes himself about to become insane, or any epileptic who is not insane, or any other person so afflicted as to believe that treatment in one of said hospitals would be beneficial to him, may make application to the state board for the benefit of treatment in one of the state hospitals, as a voluntary patient. The application must be in writing, in such form as the state board may prescribe, and be signed by the applicant, who shall acknowledge his signature before a justice or a notary public. The state board may require the certificate of one or more physicians and such other evidence of the mental and bodily condition of the applicant as they may think proper; and the board may admit him for treatment in any state hospital upon such terms and conditions, and with such security for payment of the price agreed upon for treatment and maintenance therein, as the board may deem proper. A voluntary patient may be discharged upon certificate of the superintendent of the hospital, because he is cured or because further treatment therein is unnecessary or undesirable. A voluntary patient shall have the right to leave the hospital at any time if in the judgment of the superintendent he is in fit condition, and it is prudent for him to go at large, by giving five days' notice of his desire to do so. Any relative or friend of any such person, may make application to the state board for his treatment in a state hospital, and the board may take such action thereon as is provided above in this section, all the provisions of which shall apply to such case, so far as applicable, as when the application is made by the person himself.

"Sec. 12. There shall also be admitted to the Huntington state hospital such patients as the state board may deem eligible; but in no case to include tubercular, cancerous or leprous persons. Such persons shall be committed by county courts, or in such other manner as the state board may prescribe, and according to regulations prescribed by said board.
"Sec. 13. When any patient in any state hospital is restored to sanity the superintendent shall give him a certificate of restoration and discharge him from custody. Any patient out on parole, or on bond, or otherwise temporarily released from a hospital, who has been restored to sanity, may present himself to the superintendent. If after examination the superintendent shall find him sane, he shall give him a certificate of restoration and a discharge. Any person who has been found insane by a county mental hygiene commission or any other board or tribunal other than a circuit court, and any person who is confined in any hospital or other place of confinement or otherwise restrained of his liberty in violation of law, or a patient who has been restored to sanity and to whom the superintendent of the hospital refuses to give a certificate of restoration and discharge, may present his petition, or any relative or friend may present a petition in his behalf, to the circuit court of the county in which the hospital is located in case of a patient denied the certificate of restoration, and in other cases to the circuit court of the county in which the person is confined or is in custody, stating the facts. The courts shall treat such petition as an application for a writ of habeas corpus, so far as applicable and necessary, and cause such process to issue as the court may deem proper, and fix a time for the hearing of the case, which may be heard by the court either with or without a jury, as the court may order; and if the person is found sane, or it is found that he is held in custody in violation of law, he shall be discharged. In cases of patients who have been denied certificates of restoration and discharge by the superintendent of a hospital, or in which it is alleged that a patient is held in custody illegally in any state hospital, the superintendent shall have at least five days' notice of the time and place of the trial in the circuit court. In all such cases the prosecuting attorney shall represent the sheriff or other county officer or the commission who shall be a defendant in such proceedings; and the attorney general shall represent the superintendent of any hospital who is a defendant. In case the decision shall be against the applicant, he or his bondsmen (if any), or the person signing the petition, shall pay the costs of the proceeding. In any case in which a court may find a person sane upon an inquest or trial respecting his sanity, he shall be discharged and entitled to a certified copy of the order of
the court made in the case. Nothing in this section shall be con-
strued as applying to patients charged with or convicted of crime,
as provided in section fifteen hereof.

"Sec. 19. If any reputable person present to the clerk of the
2 county court of a county wherein a person is confined as a lunatic,
3 other than one charged with or convicted of crime, or other than
4 one confined in a state hospital, or a duly licensed private hos-
pital, an application in writing for the discharge of such lunatic
6 on the ground that he has been restored to sanity, the mental
7 hygiene commission for the county must consider the same, and
8 may proceed to make an inquest upon such lunatic as is herein-
9 before provided. If the commission find that such person has
10 been restored to sanity, they shall set him at liberty, if they have
11 authority to do so; and if they have not such authority, they shall
12 give a certificate of their finding to the person making the ap-
plication, who may present it to the proper court.

"Sec. 20. When a person is found insane or to be mentally de-
2 fective, by the county mental hygiene commission, or be committed
3 to a state hospital by the county court, the county court shall
4 appoint a guardian or a committee for him; and when a person
5 is found insane by the circuit court, such court shall appoint
6 a guardian or committee for him.

"Sec. 23. If the personal estate of such insane person or men-
tally defective, be insufficient for the discharge of his debts, or
3 if such estate or the residue thereof after payment of the debts,
4 and the rents and profits of his real estate, be insufficient for his
5 maintenance and that of his family, if any, the guardian or
6 committee of such person may petition the circuit court of the
7 county in which he was appointed, for authority to mortgage,
8 lease or sell so much of the real estate of such insane person as
9 may be necessary for the purposes aforesaid, or any of them;
10 setting forth in the petition the particulars and the amount of
11 the estate, real and personal, the application which may have
12 been made of any personal estate, and an account of the debts
13 and demands existing against the estate.

"Sec. 27. For the purposes of this chapter no person shall be
2 considered a resident of this state unless he is a citizen of the
3 United States and has been a bona fide resident of this state for
4 at least one year, and was not insane when he came into this state.
5 And as among the counties, no person shall be considered a resi-
ident of a county who is not a resident of the state as above defined, and has been a resident of the county for at least sixty days, and was not insane when he came into the county. In the inquest on a person before them suspected of insanity, the county mental hygiene commission, if it appear that he is not a resident of this state, shall make diligent inquiry to ascertain his residence, and if it be ascertained, shall state in the commitment papers as definitely as their information shall justify, the city, town or other place, as well as the state or country, of which he is a resident. When a person who is a non-resident of the state is sequestered as an inmate of a state hospital, the superintendent thereof shall immediately report the fact to the state hospital board. The board shall take proper steps to cause such a person to be deported, if an alien; or, if otherwise a non-resident of this state, to be taken to the state, territory or place of his residence and delivered to the proper authorities thereof.

"Sec. 28. No private hospital for the care and treatment of the insane or mental defectives for compensation shall be established unless a permit therefor shall be first obtained from the state board. The state board, or any member thereof, or any person by the board authorized to do so, shall have full authority to investigate and inspect such private hospital; and the state board may revoke the permit of any such hospital for good cause, after reasonable notice to the superintendent or other person in charge thereof.

"Sec. 29. Not more than one physician of any firm or asso-
11. Citation of physicians practicing medicine together, shall sign a
12. certificate provided for in this chapter respecting the mental or

2. rate of fifty dollars per annum for every epileptic, idiot, imbecile,
3. or such other incurable defective heretofore or hereafter admitted
4. as a patient or inmate to a state hospital or training school from
5. such county, but the counties shall not be required to pay at said
6. rate of fifty dollars per annum or any other sum to the state
7. for the maintenance of any insane person proper, anything in
8. this act or any provision of the laws of this state to the contrary
9. notwithstanding. At every levy term of each county court it shall
10. estimate for and levy a sufficient amount to meet all such expenses.

15. on such list under the name of the county, the number from
16. each county and the length of time he was in said hospital during
17. the year, and showing the amount due from each county for
18. each patient, and the total amount due from each county for the
19. year. As soon as such list is received by the auditor he shall
20. charge to each county the amount appearing to be due from the

22. the receipt of such certificate the auditor shall make out a copy
23. thereof for each county and certify the same to the county court
24. thereof, which list shall show the name of each patient in said
25. hospital from the county during the year, the length of time he
26. was in such hospital during the year, the amount charged for
27. each patient, and the total amount charged on account of all
28. such patients from the county; and said total amount shall con-
29. stitute a debt against the county due the state. Whenever there is
30. in the state treasury a sum of money due any county from any

34. which report shall be a receipt for the amount therein named.
35. All moneys paid into the state treasury by counties as herein pro-
36. vided shall be credited by the auditor to the current expense or
37. maintenance fund of said hospital, and shall be subject to be
38 drawn out of the state treasury on the requisition of the state
39 board of control for the current expenses of the said hospital,
40 and all such moneys are hereby appropriated for that purpose.

13 the estate of her children, or such of them as have sufficient es-
14 tate. If the inmate be a husband, and his estate be insufficient,
15 from the estate of his wife; or, if her estate be insufficient from
16 the estate of his children, or such of them as have sufficient es-
17 tate. It shall be the duty of the guardian or committee of any
18 such inmate to pay to the county of which his ward is a resi-
19 dent, if he have sufficient estate in his hands to do so, the money
20 so due to the county from his ward. The county court may order
21 its clerk to make out a bill against any such inmate for the sum
22 so due to the county, which bill shall show the different items
23 and the amount of each, and be certified by the clerk as correct,
24 and by him delivered to the sheriff for collection. The clerk shall
25 charge against the sheriff the amount of each of such bills, show-
26 ing the date when delivered to the sheriff. It shall be the duty of
27 the sheriff to collect the same from the proper person, or the
28 guardian or committee of such inmate. Within sixty days after
29 receiving any such bill, or at the next session of the county court
30 held after the expiration of such sixty days, the sheriff shall make
31 a report to the county court of his acts in respect thereto and re-
32 turn all such bills he has been unable to collect. The county court
33 may re-deliver any of such bills to the sheriff for collection, and
34 in respect thereto the sheriff shall make report as above provided.”

Sec. 8. All acts and parts of acts inconsistent with this act
2 are hereby repealed.

It shall be the duty of the clerk of the court, if practicable, to notify the said probation officer when any child is to be brought before the court, or judge, and it shall be the duty of such probation officer to make investigation of such case, to be present in court or before said judge to represent the interests of the child when the case is heard, to furnish such information and assistance as the court or judge may require, and to take charge of any child before and after the trial as may be directed by the court or judge. The number of probation officers who may receive compensation from the county, named and designated by the court, shall be as follows: In counties having a population of over forty-eight
18 thousand, one or two probation officers may be appointed, in the
discretion of the judge. If two are appointed, one shall be design-

less than eighteen thousand population, one probation officer, at
a salary of not to exceed three hundred dollars per year, to be paid

commissioners of such county it shall be necessary to so care for
the delinquent children of the county. The county superintendent
of schools and the county commissioners in their respective
counties shall constitute a board to investigate the competency of

compensation provided for under this act. Any judge appointing
such probation officer shall transmit such appointment to such
board of the county in which such appointment is made, and it
shall be the duty of a majority of said board to approve or disapprove of such appointee, within thirty days after submission thereof by the said judge, and a failure to act thereon within such time shall constitute an approval of such appointment; if a majority of such board are of the opinion that such appointee does not possess the qualifications for a probation officer, they shall notify the judge of their conclusions within thirty days from the submission of such appointments to the respective members thereof, whereupon it shall be the duty of the judge to withdraw such appointment and appoint some one who shall receive the approval of said board. 103 point and who may be willing to serve without pay from the
104 county for such services as probation officers.

Section 1. There is hereby created a state board of children's guardians, which shall be a corporation, and as such may contract and be contracted with, plead and be impleaded, sue and be sued, and have and use a common seal. It shall consist of three members, who shall be citizens of the state, one of whom shall be a woman, and not more than two of whom shall be chosen from the same political party. They shall be appointed by the governor, by and with the consent of the senate. The members first appointed shall hold office as designated by the governor for the period of two, four and six years, respectively, beginning the first day of July, one thousand nine hundred and nineteen. Subsequent appointments shall be made as above provided, and, except to fill vacancies, each appointment shall be for a term of six years. The board shall biennially choose one of its members to be president thereof. The governor may remove any member for incompetency, neglect of duty, gross immorality, malfeasance in office or for other good cause; and in case of vacancy occurring by death, resignation, removal or otherwise, may declare the office vacant and fill the same by appointment for the unexpired term. The board shall be provided by the board of public works with offices at the state capital.

The board shall hold its annual meetings as soon as practicable after the close of each fiscal year. There shall be not more than four regular meetings each year.

The financial transactions of the board shall be supervised by the state board of control. The members of the board shall be paid a per diem of eight dollars for time actually employed or assigned and necessary traveling and hotel expenses; provided, no member shall be assigned more than five days in any one month. The board shall make a biennial report to the governor, covering fully all its work, investigations, needs, and recommendations.
Sec. 2. Without charge to the board, the state department of
health shall make such skin and blood tests and the public printer
shall do such printing for said board as its work and needs may
require.

Sec. 3. The board shall make such by-laws, rules and regula-
tions relative to its management, government and work, not con-
trary to law, as it may deem proper and shall appoint such offic-
ers, employees and general and district agents as it may deem
necessary to carry on the operations of said board, designating
their duties and fixing their compensation; provided, that said
district agents shall not exceed ten in number; and provided,
further, that at least five of such agents shall be women.

Sec. 4. It shall be lawful for the board, its officers or agents,
to take or receive into its custody or control children as herein-
provided.

(a) The term dependent children, as used herein or in any
statute concerning the care, custody or control of children, shall
mean any boy under the age of sixteen years and any girl under
the age of eighteen years, who is dependent upon public charity or
who is destitute, homeless, or abandoned.

(b) The term neglected children as used herein, shall mean
any boy sixteen years or under or any girl eighteen years or under
who has not proper parental care or guardianship; or who habit-
ually begs or receives alms, or who is found living in any house
of ill fame, or with any vicious or disreputable persons; or whose
home by reason of neglect, cruelty or disrepute on the part of its
parents, guardians or other persons in whose care it may be, is an
improper place for a child to live, or whose environment is such
as to warrant the state in the interest of the child in assuming its
guardianship.

(c) Whenever the board, any member, officer or agent thereof
or any reputable person shall have probable cause to believe that
a child is dependent or neglected, said board, member, officer,
agent or person may at any time present a petition setting forth
such facts, verified by the oath of some credible person having
a personal knowledge thereof, to the circuit, common pleas, crim-
inal, intermediate or juvenile court (or to the judge thereof in
vacation) of the county in which said child resides, which or who
may require such child to be delivered into the custody of said
board, or such other custody as the court or judge may deem
proper, to care for such child until a hearing can be had upon
such petition; and reasonable notice of the time and place of such
hearing shall be given to the local district agent of said board and
served upon the person from whose custody said child was taken,
or who is sought to be deprived of the custody of said child; and
such agent or any parent or other persons legally entitled to stand
in loco parentis or other relative of such child may appear and
be heard at such hearing.

If the facts set forth in said petition, constituting dependency
or neglect, shall on the hearing be maintained, and it shall appear
to the judge or court that the interest and welfare of such child
require the custody thereof to be changed, the judge or court
shall order the custody thereof to be changed, and may by order
commit the child to the care of said board. No child shall be
committed to the board who is not mentally normal, and all
children committed to the board shall first receive a physical and
medical examination based upon blank forms to be provided by
said board. All pertinent information adduced or developed at
such hearing regarding the history and situation of the child,
its parents and forebears shall be supplied by the court or judge to
the board at the time of its commitment, on blank forms to be
provided by the said board, to enable the board to deal intelli-
gently with the child and eventually to provide the child with such
information as is deemed advisable by the said board. All such
information shall be kept by the board in permanent form and
shall be in the custody of its secretary. Such record shall be
open to inspection only by permission granted by said board.

(d) All costs and expenses necessary or proper in connection
with a hearing or commitment under this section shall be a proper
charge against the county in which the hearing is held, and shall
be paid by the county court thereof upon submission to it of an
itemized statement thereof, verified by affidavit of an agent of the
board. The fees allowed for such hearings shall be the same as
are allowed in proceedings for the commitment of boys to the
West Virginia industrial school for boys.

(e) Whenever application is made to the board to accept the
care and custody of children hereunder, said board shall make a
careful and thorough investigation; and, if it is found that it is
a case of a poor but otherwise worthy parent or guardian, the
board may upon application to said court or judge secure an
order for the maintenance of said parent and children, which
maintenance, when so fixed, shall be a proper charge against the
county in which such parent and children reside and shall be
paid by the county court thereof, and furnished under the
mother's pension act or otherwise according to law.

(f) This act shall be liberally construed to the end that proper
guardianship may be provided for such children as are herein-
before described, and that said children may be educated, and
cared for, as far as practicable, in such manner as best subserves
their moral, intellectual and physical welfare, and as far as prac-
ticable in proper cases that the parent or persons having such
children in their care, custody or control may be enabled and com-
pelled to perform their moral and legal duty in the interests of
such children.

(g) All children declared public wards under the provisions
of this act shall remain public wards until they reach the age of
twenty-one years, unless they shall upon a proper showing made
be returned by order of the board to their parents, or other
guardian, or shall be adopted in the manner prescribed by law.

Sec. 5. If the court or judge shall find any male child under
the age of sixteen years or female child under the age of eighteen
years to be dependent or neglected within the meaning of this act,
the court or judge may allow such child to remain at its home
subject to the friendly visitation of an agent of the board or to
report to the court, judge or such agent from its home or school
at such times as the court, judge or board may require. And if
the parent, guardian or custodian consent thereto, or if the court
or judge shall further find that the parents, parent, guardian or
custodian of such child are unfit or improper guardians or are
unable or unwilling to care for, protect, train, educate in accord-
ance with the general school law of the state, correct or discipline
such child and that it is for the interest of such child and of the
people of this state that such child be taken from the custody
of its parents, parent, custodian or guardian, the court or judge
may make an order appointing as guardian of the person of such
child some reputable citizen of good moral character; or the
court or judge may enter an order committing such child to some
suitable state institution, organized for the care of dependent or
neglected children, or to some training or industrial school or
children's homefinding society, or to some association embracing
in its objects the purpose of caring for or obtaining homes for
neglected or dependent children, which association shall have
been accredited as hereinafter provided.

Sec. 6. In every case where such child is committed to an
institution or association, the court or judge shall appoint the
president, secretary or superintendent of such institution or asso-
ciation, guardian over the person of such child, and shall order
such guardian to place such child in such institution or with such
association whereof he is such officer, and to hold such child, care
for, train and educate it therein subject to the rules and laws
that may be in force from time to time governing such institu-
tion or association.

Sec. 7. All children surrendered to the care or committed to
the custody of such board shall be under its supervision and con-
trol in the manner herein provided, until they are received into an
orphan asylum or children’s home, or other suitable home, as
herein provided, or until otherwise ordered by the said circuit,
criminal, intermediate, common pleas or juvenile court in session
or the judge thereof sitting in vacation. Any person who shall
either personally or by agent entice or attempt to entice away a
child from the custody of such board, its officers or agents, or
private homes in which such child may be placed hereunder, or
who shall by threats, menace or force, deprive or attempt to
deprive the board, its officers or agents, or such home, of the
custody of a child, shall be guilty of a misdemeanor, and shall
be fined not less than ten nor more than one hundred dollars and
may at the discretion of the court be imprisoned in the county
jail not less than one nor more than six months; and justices of
the peace shall have concurrent jurisdiction with the circuit,
criminal and intermediate courts, in the trial of such offenses.

Sec. 8. Said board may place any of such children in any
orphan asylum or children’s home, incorporated under the laws of
the state of West Virginia and approved by said board, and it shall
be lawful for any orphan asylum or children’s home to receive
from said board, its officers or agents, any such children. As to
any child or children so received, such orphan asylum or children’s
home shall have the same rights, powers, privileges and authority
and be subject to the same duties, requirements and responsibili-
ties as in the case of children placed under its care and manage-
ment in any of the modes now allowed by law.
Sec. 9. Said board may, when in its discretion it shall appear:
2 proper, place any of said children in suitable private homes, and;
3 in such cases the said board and the person or persons with
4 whom said child or children are placed, shall observe and be gov-
5 erned by all the provisions of the laws of this state concerning the
6 placing of children in private homes and the rules and regulations
7 of said board.

Sec. 10. The said board shall, upon request of the state board
2 of control, make investigations, visitations and reports to the said
3 board of control of youths paroled from the state industrial
4 home for girls, the state industrial school for boys, or the state
5 colored orphans' home, or on the homes to or in which youths
6 from said institutions are about to be or have been paroled or
7 placed.
8 Said board may upon the request of the principal of the schools
9 for the deaf and the blind also investigate applications for admis-
10 sion to such schools, and upon request of the state board of con-
11 trol investigate applications for admission to the state hospitals
12 for orthopedic treatment, and in all such cases covered by this
13 paragraph said board shall have authority to procure proper
14 medical and surgical examinations; and all expenses of such ex-
15 aminations and of transportation of the applicant to the hospital
16 and therefrom to the home of the applicant shall be a proper
17 charge against the county from which the applicant comes, and
18 shall be allowed by the county court thereof, upon the submission
19 to it of an itemized statement of such expenses, verified by the
20 affidavit of an agent of said board.

Sec. 11. All institutions, hospitals, lying-in or maternity
2 homes, or associations receiving children for the purpose of care,
3 training or placing in other institutions or in private homes under
4 this act shall be subject to visitation, inspection and supervision by
5 the state board of children's guardians, other than state institutions
6 subject to the management of the state board of control, and it
7 shall be the duty of the state board of children's guardians to
8 pass annually upon the fitness of every such institution, hospital,
9 home or association as may receive, or desire to receive children
10 for the purposes aforesaid and every such institution, hospital,
11 home or association shall make report thereto, showing its con-
12 dition, management and competency to adequately care for or
13 train such children as are or may be received by or committed
to it, and such other facts as said board may require, annually at
such time as the said board may direct; and upon said board being
satisfied that such association or institution is competent, and has
adequate facilities to care for or train such children, the board
shall issue to the same a certificate to that effect, which certificate
shall continue in force for one year, unless sooner revoked by
said board, and no child shall be received by or committed to any
such institution or association which shall not have received such
certificate within eighteen months next preceding the commit-
ment. The board may, at any time, require from any association
receiving or desiring to receive children for the purpose of care,
training or placing in other institutions or private homes, such
reports, information and statements as the board shall deem
proper or necessary for its action.

On the basis of its investigations and of the reports submitted
to it, the board may offer to the officials in charge or to those in
control of eleemosynary, charitable and correctional institutions
included in this act and to those dispensing relief funds, such
suggestions as in its judgment it shall deem expedient; and it is
authorized to institute proceedings for the revocation of charters
of such institutions, organizations or societies as wilfully fail to
establish within a reasonable length of time such standards of
work as are suggested by said board. All proceedings under this
section shall be included by the board in its biennial report to the

governor.

Sec. 12. No association whose objects embrace the training,
caring for or placing in institutions or private homes dependent
or neglected children shall hereafter be incorporated unless the
proposed articles of incorporation shall first have been submitted
for examination by the state board of children’s guardians, and
the secretary of state shall not issue such a certificate of incorpo-
ration unless there shall first be filed in his office the certificate
of said board that it has examined the said articles of incorpora-
tion, that in its judgment the incorporators are reputable, reliable
and responsible persons, that the proposed work is needed and that
the incorporation of such association is desirable for the public
good and the welfare of dependent or neglected children. Any
amendment proposed to the article of incorporation of any such
association now existing or hereafter created shall be submitted in
like manner to the state board of children’s guardians, and the
16 secretary of state shall not record such amendment or issue his
17 certificate thereof unless there shall be filed in his office the cer-
18 tificate of said board that it has examined said amendment, that
19 the association in question is, in the judgment of said board, per-
20 forming in good faith the work undertaken by it, and that the
21 said amendment is, in the judgment of the board, a proper one
22 for the public good, and in the interest of neglected and dependent
23 children.

Sec. 13. Whenever a petition filed as provided in section four
2 hereof, or a supplemental petition filed at any time after the ap-
3 pointment of the guardian, shall pray that the guardian appointed
4 or to be appointed shall be authorized to consent to the legal
5 adoption of the child, and the court upon the hearing shall find
6 that it is to the best interests of such child that the guardian be
7 given such authority, the court may, in its order appointing such
8 guardian, empower him to appear in court where any proceedings
9 for the adoption of such child may be pending, and to consent to
10 such adoption. Such consent shall be sufficient to authorize the
11 court where adoption proceedings are pending to enter a proper
12 order or decree of adoption without further notice to, or consent
13 by, the parents or relatives of such child; provided, however, that
14 before entering such order the court shall find from the evidence
15 (1) the parents or surviving parent of a legitimate child or the
16 mother of an illegitimate child, or if the child has no parents
17 living, the guardian of the child, if any, or if there is no parent
18 living, and the child has no guardian or the guardian is not
19 known to the petitioner, then a known near relative of the child,
20 if any there be, consents to such order; or (2) that one parent
21 consents and the other is unfit for any of the reasons hereinafter
22 specified to have the child, or that both parents are, or that the
23 surviving parent is unfit, or that the mother of an illegitimate
24 is so unfit for any such reasons—the grounds of unfitness being
25 (a) depravity, (b) open and notorious adultery or fornication,
26 (c) habitual drunkenness for the space of one year prior to the
27 filing of the petition, (d) extreme and repeated cruelty to the
28 child, (e) abandonment of or (f) desertion of the child for more
29 than six months next preceding the filing of the petition; and (3)
30 that such child, if of the age of fourteen years or over, consents to
31 such order.
Sec. 14. No association, incorporation or unincorporated, existing under the laws of any other state shall place any child in any family home within this state, either with or without indenture or for adoption, unless the said association shall have furnished the state board of children’s guardians with such guaranty as it may require that no child shall be brought into the state by such society or its agents, having any contagious or incurable disease, or having any deformity, or being of feeble mind, or of vicious character, and that said association shall promptly receive and remove from the state any child brought into the state by its agent, which shall become a public charge within the period of five years after being brought into this state. Any person who shall receive to be placed in a home, or shall place in a home any child in behalf of any such association of any other state, which shall not have complied with the requirements of this act shall be guilty of a misdemeanor, and upon conviction thereof be imprisoned in the county jail not more than thirty days, or fined not less than five dollars nor more than one hundred dollars, or both, in the discretion of the court.

Sec. 15. The board in placing children shall place them as far as practicable in the care and custody of some individual holding the same religious belief as the parents or relatives of said child, or with some association which is controlled by persons of like religious belief with that of the parents of the said child.

Sec. 16. If it shall appear upon the hearing of the case that the parents, parent, or any person or persons named in the petition mentioned in section three hereof, who are in law liable for the support of such child, are able to contribute to the support of such child, the court or judge shall enter an order requiring such parents, parent or other person to pay to the guardian so appointed or to the institutions, associations, society or persons to whom such child may be committed, a reasonable sum from time to time for the support, maintenance or education of such child, and may order such parents, parent or other person to pay to the guardian so appointed or to the institution, association, society or person, to which such child may be committed, a reasonable sum from time to time for the support, maintenance or education of such child, and may order such parents, parent or other persons to give reasonable security for the payment of such sum or sums, and upon failure to pay, may enforce obedience to such order by
proceeding as for contempt of court. The court or judge may, on application and on such notice as the court or judge may direct, from time to time, make such alterations in the allowance as shall appear reasonable and proper.

Sec. 17. If the person so ordered to pay for the support, maintenance or education of a dependent or neglected child shall be employed for wages, salary or commission, the court or judge may also order that the sum to be paid to him shall be paid to the guardian or institution, who has custody of such child, out of his wages, salary or commission, and that he shall execute an assignment thereof *pro tanto*. The court or judge may also order the parent or the person so ordered to pay the sum of money for the support, maintenance or education of a child, from time to time to make discovery to the court or judge as to his place of employment and the amount earned by him. Upon his failure to obey the order of court or judge he may be punished as for contempt of court.

Sec. 18. Nothing in this act shall be construed to give the guardian appointed hereunder the guardianship of the estate of the child, or to change the age of minority for any other purpose except the custody of the child; provided, any guardianship of the estate of a child committed to guardianship hereunder shall from time to time furnish full information concerning the property of the child to said board according to such rules and regulations as it may prescribe.

Sec. 19. Any person who shall by any act cause, encourage or contribute to the dependency of a child, as these terms with reference to children are defined by the statutes of this state, or who shall for any cause be responsible therefor, shall be guilty of a misdemeanor, and upon trial and conviction thereof, shall be fined in a sum not to exceed five hundred dollars or imprisoned in the county jail for a period not exceeding one year, or by both such fine and imprisonment.

Sec. 20. The court or judge may permit any child to remain in the custody of the person found guilty by this act of contributing to its dependency, under such suspended sentences and upon such conditions for the treatment and care of such child as may seem to be for its welfare, or may be calculated to secure obedience to the law or to remove the cause of such dependency or neglect, and while such conditions are accepted and complied
8 with by any such person such sentence may remain suspended
9 subject to be enforced upon the violation of any of the conditions
10 so imposed; and any bond given for their performance may be
11 forfeited upon a failure to comply with any such conditions, as
12 well as upon the failure to pay any amount required for the main-
13 tenance of such child.

Sec. 21. In order to find any person guilty of violating the two
2 preceding sections of this act it shall not be necessary to prove
3 that the child has actually become dependent; provided, it ap-
4 pears from the evidence that through any act of neglect or omission
5 of duty or by the improper conduct on the part of any such per-
6 son the dependency of any child may have been caused or merely
7 encouraged.

Sec. 22. The said board shall gather statistics and study legis-
2 lation and problems connected with dependent, delinquent and
3 defective children and publish the results from time to time. It
4 shall also make available, as far as practicable, to officials dealing
5 with these problems and with the said classes, such literature as
6 shall tend to increase their efficiency.

Sec. 23. All acts or parts of acts inconsistent with this act,
2 or any part thereof are hereby repealed.

16 body. Provided, that in an emergency where it is necessary to ship
17 a body or where for other good and sufficient reasons, an under-

22 undertaker or person acting as such, shall exchange for the pro-
23 visional death certificate previously filed, a death certificate com-

25 of this act. The undertaker shall deliver the burial permit to the
26 person in charge of the place of burial, before interring or other-
27 wise disposing of the body; or shall attach the removal permit
28 to the box containing the corpse when shipped by transportation

8 tails upon the form prescribed by the state registrar.

3 disposition of any body unless it is accompanied by a burial, re-
4 moval or transit permit, as herein provided. And such person
5 shall indorse upon the permit the date of interment, over his sig-
6 nature and shall return all permits so indorsed to the local regis-
7 trar of his district within ten days from the date of interment,
8 or within the time fixed by the local board of health; he shall

22 contemplated in section fourteen of this act, it shall be the duty
23 of the local registrar to secure from the person so reporting or
24 from any other person having the required knowledge such
25 information as will enable him to prepare the certificate of
26 birth herein contemplated, and it shall be the duty of the person
27 reporting the birth or who may be interrogated in relation there-
28 to to answer correctly and to the best of his knowledge, all ques-
29 tions put to him by the local registrar, which may be calculated
30 to elicit any information needed to make a complete record of
31 the birth as contemplated by said section fourteen, and it shall
32 be the duty of the informant as to any statement made in ac-
33 cordance herewith to verify such statement, by his signature when
34 requested so to do by the local registrar.

2 lowing items which are hereby declared necessary for the legal,
3 social and sanitary purposes subserved by registration records.

Sec. 16. That all superintendents or managers, or other persons in charge of hospitals, almshouses, lying-in or other institutions, public or private, to which persons resort for treatment of diseases, confinement, or are committed by process of law, shall make a record of all the personal and statistical particulars relative to the inmates in their institutions at the date of approval of this act, which are required in the forms of the certificates provided for by this act, as directed by the state registrar; and thereafter such record shall be, by them, made for all future inmates at the time of their admittance. And in the case of persons admitted for treatment of disease, the physician in charge shall specify for entry in the record, the nature of the disease, and where, in his opinion, it was contracted. The personal particulars, and information required by this section shall be obtained from the individual himself if it is practicable to do so; and when they can not be so obtained, they shall be obtained in as complete a manner as possible from relatives, friends, or other persons acquainted with the facts.

Sec. 17. That the state registrar shall prepare, print, and supply to all registrars, all blanks and forms necessary for the registering, recording, and preserving of the state records, and shall prepare and issue such detailed instructions as may be required to procure the uniform observance of its provisions and the maintenance of a perfect system of registration; and no other blanks shall be used than those supplied by the state registrar. He shall carefully examine the certificates received monthly from the local registrars, and if any such are incomplete or unsatisfactory he shall require such further information to be supplied as may be necessary to make the record complete and satisfactory. And all physicians, midwives, informants, or undertakers, and other persons having knowledge of the facts, are hereby required to supply, upon a form provided by the state registrar or upon the original certificate, such information as they may possess regarding any birth or death upon demand of the state registrar, in person, by
mail, or through the local registrar; provided, that no certificate
of birth or death, after its acceptance for registration by the local
registrar, and no other record made in pursuance of this act, shall
be altered or changed in any respect otherwise than by amendments
properly dated, signed and witnessed. The state registrar shall
further arrange, bind and permanently preserve the certificates in
a systematic manner, and shall prepare and maintain a compre-

deaths, by the names of decedents, and in the case of births, by
the name of the fathers and mothers. He shall inform all regis-
trars what diseases are to be considered infectious, contagious, or
communicable and dangerous to the public health, as decided by the
public health council, in order that when deaths occur from such
diseases proper precautions may be taken to prevent their spread.
If any cemetery company or association, or any church or historical
society or association, or any other company, society, or associa-
tion, or any individual, is in possession of any record of births or
deaths which may be of value in establishing the genealogy of any
resident of this state, such company, society, association or individ-
ual, may file such record, or a duly authenticated transcript
thereof with the state registrar, and it shall be the duty of the
state registrar to preserve such record or transcript and to make
a record and index thereof in such form as to facilitate the finding
of any information contained therein. Such record and index shall
be open to inspection by the public, subject to such reasonable
conditions as the state registrar may prescribe. If any person
desires a transcript of any record filed in accordance herewith, the
state registrar shall furnish the same upon application, together
with a certificate that it is a true copy of such record, as filed in
his office, and for his services in so furnishing such transcript and
certificate, he shall be entitled to a fee of fifty cents per hour or
fraction of an hour necessarily consumed in making such trans-
script, and to a fee of twenty-five cents for the certificate, which fees
shall be paid by the applicant.

Sec. 18. That each local registrar shall supply blank forms of
certificates to such persons as require them. Each local registrar
shall carefully examine each certificate of birth or death when pre-
sented for record, in order to ascertain whether or not it has been
made out in accordance with the provisions of this act, and the
instructions of the state registrar; and if any certificate of death is incomplete or unsatisfactory, it shall be his duty to call attention to the defects in the return, and to withhold the burial or removal permit until such defects are corrected. All certificates, either of birth or of death, shall be written legibly, in durable black ink or with a typewriter, and no certificate shall be held to be complete and correct that does not supply all of the items of information called for therein or satisfactorily account for their omission. If the certificate of death is properly executed and complete, he shall then issue a burial or removal permit to the undertaker; provided, that in case the death occurred from some disease which is held by the Public Health Council to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be issued by the registrar, except under such conditions as may be prescribed by the state commissioner of health. If a certificate of birth is incomplete, the local registrar shall immediately notify the informant, and require him to supply the missing items of information if they can be obtained. He shall number, consecutively, the certificates of birth and death, in two separate series, beginning with number one (1) for the first birth and the first death in each calendar year, and sign his name as registrar in attest of the date of filing in his office. He shall also make a complete and accurate copy of each birth and each death certificate registered by him, which copy shall be sent to the county clerk of the county in which the birth or death occurs, to be used by that official in compiling a set of local records. The local registrar shall, on or before the tenth day of each month, transmit to the state registrar all original certificates registered by him for the preceding month. And if no births or no deaths occurred in any month, he shall, on the tenth day of the following month, report that fact to the state registrar, on a card provided for such purpose.

Sec. 19. That each local registrar shall be paid the sum of twenty-five cents for each birth certificate and each death certificate properly and completely made out and registered with him, and correctly recorded and promptly returned by him to the state registrar, as required by this act. And in case no births or no deaths were registered during any month, the local registrar shall be entitled to be paid the sum of twenty-five cents for each report to that effect, but only if such report be made promptly as required
by this act. All amounts payable to a local registrar under the provisions of this section shall be paid by the treasurer of the county in which the registration district is located, upon certification by the state registrar. And the state registrar shall annually certify to the treasurers of the several counties the number of births and deaths properly registered, with the names of the local registrars and the amounts due each at the rates fixed therein.

Sec. 20. That the state registrar shall, upon request, supply to any applicant a certified copy of the record of any birth or death registered under provisions of this act, for the making and certification of which he shall be entitled to a fee of fifty cents, to be paid by the applicant. And any such copy of the record of a birth or death, when properly certified by the state registrar, shall be prima facie evidence, in all courts and places, of the facts therein stated. For any search of the files and records when no certified copy is made, the state registrar shall be entitled to a fee of fifty cents for each hour or fractional part of an hour of time of search, said fee to be paid by the applicant. And the state registrar shall keep a true and correct account of all fees by him received under these provisions and turn the same over to the state treasurer; provided, that the state registrar shall, upon request, of any parent or guardian, supply without fee, a certificate limited to a statement as to the date of birth of any child when the same shall be necessary for admission to school, or for the purpose of securing employment. And provided further, that the United States Census Bureau may obtain, without expense to the state, transcripts or certified copies of births and deaths without payment of the fees herein prescribed.

Sec. 21. That all marriages taking place within the state shall be registered with the state registrar of vital statistics, at the place where records of births and deaths are filed, in the manner hereafter provided.

On or before the tenth day of each month the county clerk of each county shall forward to the state registrar of vital statistics a certified copy of all marriage records made by him during the previous month.

The state registrar of vital statistics shall preserve and index all records thus received and shall, when applied to, issue a certified copy of the same, which shall be prima facie evidence in all courts in the state of the facts stated therein.
Every county clerk issuing a marriage license shall collect a fee of at least one dollar as a state registration fee as provided in section seven of chapter one hundred and thirty-seven of the code, and all such fees so collected shall be paid into the state treasury. Every person solemnizing a marriage shall take up the license authorizing such marriage, and on or before the fifth of each month shall forward to the county clerk issuing such license, all such licenses in his possession, with an endorsement thereon of the fact of such marriage and the time and place of celebrating the same.

Sec. 22. That sections thirteen, fifteen, eighteen, nineteen, twenty, twenty-one, twenty-three, twenty-four, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-one, thirty-two, thirty-three, thirty-four, thirty-five, thirty-six, thirty-seven, thirty-eight, thirty-nine, of chapter sixty-three, Barnes' code of West Virginia and sections twenty-three to twenty-nine inclusive of chapter one hundred and fifty of Barnes' code of West Virginia, together with all acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Sec. 23. That any person, who for himself or as an officer, agent, or employee of any other person, or of any corporation or partnership,
(a) Shall inter, cremate, or otherwise finally dispose of the dead body of a human being, or permit the same to be done, or shall remove said body from the primary registration district in which the death occurred or the body was found without the authority of a burial or removal permit issued by the local registrar of the district in which the death occurred, or in which the body was found; or
(b) Shall refuse or fail to furnish correctly any information in his possession, or shall furnish false information affecting any certificate or record, required by this act; or
(c) Shall wilfully alter, otherwise than is provided by section seventeen of this act, or shall falsify any certificate of birth or death or any record established by this act; or
(d) Being required by this act to fill out a certificate of birth or death and file the same with the local registrar, or deliver it, upon request, to any person charged with the duty of filing the same, shall fail, neglect, or refuse to perform such duty in the manner required by this act; or
22 (e) Being a local registrar, deputy registrar or subregistrar, 
23 shall fail, neglect, or refuse to perform his duty as required by 
24 this act and by the instructions and directions of the state regis-
25 trar thereunder, shall be deemed guilty of a misdemeanor and 
26 upon conviction thereof shall be fined not less than one 
27 nor more than five dollars. Justices of peace shall have concur-
28 rent jurisdiction to try and determine all offenses arising under 
29 this act.

Sec. 24. That each local registrar is hereby charged with 
2 the strict and thorough enforcement of the provision of this act 
3 in his registration district, under the supervision and direction 
4 of the state registrar. And he shall make an immediate report 
5 to the state registrar of any violation of this law coming to his 
6 knowledge, by observation or upon complaint of any person, or 
7 otherwise.

8 The state registrar is hereby charged with the thorough and 
9 efficient execution of the provisions of this act in every part of 
10 the state, and is hereby granted supervisory power over local 
11 registrars, deputy local registrars, and subregistrars, to the end 
12 that all of its requirements shall be uniformly complied with.
13 The state registrar, either personally or by an accredited repre-
14 sentative, shall have authority to investigate cases of irregularity 
15 or violation of law and all registrars shall aid him, upon request, 
16 in such investigations. When he shall deem it necessary, he shall 
17 report cases of violation of any of the provisions of this act 
18 to the prosecuting attorney of the county, with a statement of 
19 the facts and circumstances; and when any such case is reported 
20 to him by the state registrar, the prosecuting attorney shall forth-
21 with initiate and promptly follow up the necessary court pro-
22 ceedings against the person or corporation responsible for the 
23 alleged violation of law.

CHAPTER 138

(Senate Bill No. 71—Mr. York.)

AN ACT declaring certain diseases to be venereal, and as such that 
they are infectious, contagious, communicable, and dangerous 
to the public health; declaring certain practices as being pro-
lific sources of such diseases; providing for the establishment 
of clinics for the treatment of such diseases and for the estab-
lishment of places of detention for persons infected with such diseases, or suspected of being so infected; providing for the examination and treatment of persons infected and for the reporting of all such diseases by physicians and other parties; prohibiting the sale of certain remedies by druggists and others, and providing penalties for violations of the provisions of this act.

[Passed April 25, 1921. In effect ninety days from passage. Approved by the Governor May 3, 1921.]

Be it enacted by the Legislature of West Virginia:

Section 1. Syphilis, gonorrhea, and chancroid, herein designated as venereal diseases, are hereby declared to be infectious, contagious, communicable, and dangerous to the public health.
Prostitution is hereby declared to be a prolific source of such diseases; and the repression of prostitution is hereby declared to be a health measure.

Sec. 2. It shall be the duty of all municipal and county health officers to use every available means to ascertain the existence of, and to investigate all cases of syphilis, gonorrhea, and chancreoid, coming within their respective jurisdictions, and, when it is necessary, have all such cases treated, if they are not already under treatment, and to ascertain the sources of such infection, and to institute measures for the protection of other persons from infection by such venereally infected person, or from persons reasonably suspected of being so infected, and for the protection of the public health at all times, and to this end said health officer, if he be a municipal health officer, may designate any member of the city police or health department to make any investigation contemplated hereunder; and if a county health officer he may designate any discreet person to do so, and while such persons are conducting such investigations they shall have all authority necessary for the purpose, the same as the health officer himself.

Sec. 3. In order to carry out the provisions of the last section, any health officer may, if he be municipal health officer, with the consent of the municipal council or other body having proper authority; or if he be a county health officer, with the consent of the county commissioners or other tribunal, establish either independently or in co-operation with other agencies, one or more medical clinics within their respective jurisdictions, and may also with like consent, establish or provide one or more places for detention and quarantine of such persons as may come within the purview of this act.

Sec. 4. The following shall be prima facie grounds and reasons for suspecting that such persons are infected with a venereal disease, that is with syphilis, gonorrhea, and chancreoid:

(a) Being a common prostitute, that is, a person commonly reputed in the neighborhood where they live, as practicing promiscuous sexual intercourse, whether such person be male or female.

(b) Being a person known to be associating with prostitutes.

(c) Being a person that has been convicted in any court, or before a police judge, or before a justice of the peace, upon any charge growing out of sex-immorality, such as keeping a house of ill-fame or bawdy house, or loitering in any such house, or of street-walking, fornication or adultery.
(d) Being a person heretofore arraigned upon any charge as set out in last sub-section, where the evidence does not justify a conviction but does raise the inference that such person is infected with a venereal disease.

(e) Being a person heretofore reported by a physician as infected with a venereal disease, where such person is afterwards reported as having failed to return for treatment.

(f) Being a person designated in a venereal disease report as the source of such infection of the person reported.

Sec. 5. When any person has been tried and convicted in any police court, or in any criminal or circuit court, or before a justice of the peace, upon any charge or offense growing out of immorality, such as has been set out in the last preceding section, said person shall not be released from custody by the judge, justice, or police officer trying the case until the local health officer having proper jurisdiction has been notified and has had time to make all necessary tests and examinations to ascertain whether in fact such person be infected with a venereal disease, and all necessary expenses for holding such person in custody pending examination and treatment, if needed, shall be a proper charge against the municipality, if the offense was committed within it, or against the county in which the offense was committed, if committed outside of a municipality; and every municipality whether it be a county seat or not shall be liable under this section.

Sec. 6. It shall be the duty of every practicing physician or other person who makes a diagnosis in, or treats a case of syphilis, gonorrhea or chancroid, if the party for whom the diagnosis was made or case treated lives within any municipality having a health officer, and if not then otherwise, to make two reports of the case, as follows: One report shall be made to the local municipal health officer, or if outside then to the county health officer where the person lives that had had a case diagnosed or started taking treatment; the second report shall be made to the director of bureau of venereal diseases, of the state. And every superintendent or manager of a hospital, dispensary, or charitable or penal institution in which there is a case of venereal disease shall report the same under like conditions.

Said reports as above required shall be made by number and address of the person reported, the age, sex, color, marital state, the occupation of the diseased person, the date of the onset of the dis-
ease, the source of infection, and whether said disease is in an infectious stage, and whether or not the person reported is at the time of making report engaged in any occupation forbidden under this act, and to be hereafter mentioned. Said reports so required, when made out shall be mailed or handed to the parties to whom they are directed to be made within forty-eight hours after a diagnosis is made or treatment started; and the municipal health officer or county health officer as the case may be shall file and preserve said reports, and they shall be open to inspection by the director of the bureau of venereal disease of the state, or to any proper person an employee of said bureau whose duties may be connected with the enforcement of laws against venereal diseases, and to any member of the state health council, and to members of the local health officers, or officers whose duties are connected with executing the laws against these diseases.

Sec. 7. Any physician or other person required to make reports of a venereal disease hereunder, or who is required to report the failure of any patient to return for further treatment, who fails or refuses to make any such reports, or who knowingly reports a person under a false or fictitious name or address, or who makes any other statements on any report which he has reason to believe are untrue, shall be guilty of a misdemeanor, and shall be punished as hereinafter provided; and each report that should have been made, and each name that should have been given, and each address that should have been given, or have been wrongfully reported or given, shall be a separate offense; and a second conviction of a physician for failure to comply with any provisions of this section shall be sufficient grounds and reasons for the state health council to revoke the license of any practicing physician coming within the purview of this act. Any person suffering with a venereal disease whose name is required to be reported hereunder, who gives to the physician or person required to make reports herein required, a false or fictitious name or address, or who shall fail or refuse to answer any proper question required to be reported hereunder, or who makes any false statement in answer to any such question, shall be guilty of a misdemeanor, and shall be punished as hereinafter to be provided.

Sec. 8. It shall be the duty of the local health officers to furnish physicians or other persons that need them, report blanks for the purpose of making reports that are to be made to them, and
for the director of bureau of venereal diseases to furnish blanks for 5 reports to be made the said bureau; and counties and municipalities may if they choose pay persons for making such reports as 7 are to be made to county and municipal health officers, the sum 8 of not to exceed twenty-five cents for each report so made.

Sec. 9. It shall be the duty of every physician or other person 2 who examines or treats a person having syphilis, gonorrhea, or 3 chancroid, to instruct said person in measures for preventing the 4 spread of such disease, and to inform him of the necessity of taking treatment until cured, and all such persons who were examined 6 and found infected, or are being treated as above set out, shall 7 follow such directions and take such precautions as are necessary 8 and are recommended, and all persons starting to take treatment 9 shall continue such treatment until discharged by said physician 10 or other person treating him, and any failure to return for further 11 treatment within ten days after the last date set by said physician 12 or other person for said patient to return for further treatment, 13 without lawful excuse therefor, shall be a misdemeanor and such 14 person shall be punished as hereinafter to be set out. After the 15 ten days mentioned above for the patient to return for treatment, 16 shall have expired, the physician or other person to whom said 17 patient should have returned for treatment, shall, unless he has 18 knowledge of good reasons why said patient failed to return, make 19 a report of the facts in the case to the local health officer having 20 proper jurisdiction, and said local health officer shall at once make 21 an investigation to ascertain why said patient failed to return, and 22 shall take any steps necessary in the matter to protect the public 23 health, and to this end he may arrest, detain and quarantine said 24 patient so failing to return for treatment.

Sec. 10. Whenever a venereal disease report shows that the 2 person infected is a minor, then the local health officer to whom 3 the report is made shall at once notify the parents of such minor 4 of the facts appearing upon the report, or the guardian if no parents, and if the minor be under eighteen years of age, said local 6 health officer may notify the judge of the juvenile court, or other 7 court having jurisdiction, and if the parents or guardian fail or 8 refuse to assist in controlling the minor and securing treatment 9 therefor, and if after five days from the time said parent should 10 have received said notice and nothing has been heard from them. 11 said local health officer shall take any other steps necessary to pro- 12 tect the public health.
Sec. 11. Whenever any attending physician or other person
knows or has good reasons to believe that any person having syph-
ilis, gonorrhea or chancroid, is so conducting himself or herself,
or is about to so conduct himself or herself, in such manner as to
expose other persons to infection, such physician or other person
shall at once notify the local health officer having jurisdiction, of
the facts in the case, giving the name and address of the party;
and said local health officer upon receipt of such notice shall at
once cause an investigation to be made to ascertain what should
be done in the premises, and may do whatever is necessary to pro-
tect the public health.

Sec. 12. Where a venereal disease report shows the person is
suffering with such disease in an infectious stage, and is not under
treatment, said local health officer shall at once investigate and as-
certain whether such person so reported is conducting himself
so as to endanger others to infection, and said health officer shall
take such action as is necessary to protect the public health, and
may arrest, detain and quarantine if necessary.

Sec. 13. Whenever it shall appear from any venereal disease
report made by a physician, or other person, or otherwise, or when-
ever other reasonable facts are brought to the attention of any
local health officer having proper jurisdiction which show that
any hotel, boarding-house, rooming-house, or other house, place
or thing is the source of an infection of a venereal disease, with-
out such report or other facts showing the particular person or
thing therein as the source of such infection, then the local health
officer shall at once notify the owner, proprietor or person operat-
ing, running or managing said hotel, boarding-house, rooming-
house, or other house, or place, of the essential facts in the case;
and if the place reported as being the source of such infection be
a place or house, commonly reputed in the neighborhood to be a
house or place of prostitution, or house or place of like character
or kind, or is commonly known to be such by the police of the
city (if in any municipality), then the proprietor, manager or
operator of such house and all the inmates therein shall be ap-
prehended and dealt with the same as are other persons arrested,
detained, examined, quarantined, and treated, if found infected
with a venereal disease.

Sec. 14. Upon receipt of a written report or of any other
reasonable information by the local health officer, that any person
infected with a venereal disease in an infectious stage, is con-
ducting himself, or herself, or is about to conduct himself or her-
self so as to infect others, or expose others to infection; or that a
person infected with a venereal disease under treatment has failed
7 to return for further treatment; or that any person is a prostitute,
or person associating with prostitutes, is reasonably suspected of
9 being infected, or of conducting himself or herself so as to infect
others; or that a person has been convicted in any court, or mu-
11 nicipality, or before a justice of the peace, of an offense growing
12 out of sex-immorality; or that a person is being held by any such
court, municipality, or justice of the peace, pending an examina-
tion for a venereal disease; or that a certain person has been re-
15 ported in a venereal disease report as the source of a venereal dis-
16 ease; or when any other facts are brought to the attention of the
17 local health officer having proper jurisdiction, showing that any
18 person is reasonably suspected of being infected with a venereal
disease, or is about to conduct himself or herself so as to infect
20 others, said health officer shall at once issue his warrant or order,

Sec. 18. It shall be unlawful for any person having a venereal
disease in an infectious stage, to be engaged as a barber in any
barber shop in the state, or to be engaged in any capacity in any
bakery in the state, or to be employed at any hotel, restaurant,
eating house, lunch counter, or other public place, as a cook, or
cook's helper, or as a waiter, or in any other capacity whatever,
where liable to come in contact with food about to be served;
and it shall be the duty of every physician or other person re-
porting a case of venereal disease hereunder required, to state in
said report whether or not said person so reported is so engaged,
and if so, to give the place where such party is so employed;
and it shall be the duty of the local health officer upon receipt of
a report showing a person is so engaged to at once notify the party
to discontinue such employment; and if said party so notified fails
15 or refuses to discontinue such employment within twenty-four
16 hours after notice, then the party or parties employing said in-
17 fected person shall be notified of the fact, and if such employer
18 fails or refuses to take steps to have such infected person discon-
19 tinue work within twenty-four hours after receiving notice from
20 the health officer, he shall be guilty of a misdemeanor, and every
21 twenty-four hours thereafter that such infected party continues in
22 the employment of said employer shall be a separate offense upon
23 the part of said employer. In the meantime said health officer
24 may, if the infected party is not under treatment, have the in-
25 fected person arrested, detained and quarantined, or otherwise
26 dealt with as may seem best to said health officer.

Sec. 19. Any resident of the state may at any time report to
2 any municipal or county health officer having jurisdiction in the
3 case, and voluntarily submit himself to all tests and examination
4 as are necessary to ascertain whether in fact the person submitting
5 himself for examination is infected with a venereal disease; and
6 said health officer to whom any party has applied as above for
7 tests and examination shall provide for making all such tests
8 and examinations as are necessary to ascertain whether in fact
9 said party so applying be so infected with a venereal disease.
10 If such tests and examinations shows said party so applying to be
11 so infected, then said party so applying shall elect whether he
12 will take treatment of a private physician, or whether he will
13 take treatment to be provided by the health officer through a
14 clinic or otherwise, and if he elects to take treatment through the
15 local health officer's arrangement, he may be required to pay for
16 such treatment at a charge which shall in no case exceed the
17 sum of five dollars for each dose of "nco" or arsphenamine ad-
18 ministered for syphilis, and at a nominal cost for other medicines
19 used; but if the patient is unable to pay anything, he shall be
20 treated free of charge under the direction of the local health
21 officer, at a clinic or otherwise. All proper charges for such ex-

26 take treatment as provided hereunder, elect to take from a private
27 physician or elects to take treatment under the direction of the
28 local health officer, he shall first sign the agreement required to
be signed by persons about to be released from detention or quarantine, and shall observe all its provisions, and so long as such person so signing shall so observe these provisions he need not be detained or quarantined pending treatment, except that no person who is known as a prostitute, or as a person associating with such, or as a person who resides in any house having the reputation of being a house of prostitution, or who frequents the same, shall be allowed at liberty if infected with a venereal disease in an infectious stage, even though he does voluntarily submit for examination and treatment and does take treatment under the provisions of this section.

Sec. 20. It shall be unlawful for any person suffering with an infectious venereal disease to perform any act which exposes another person to infection with said disease, or to knowingly infect, or expose another person to infection of such disease; and no physician, health officer or other person shall give any certificate showing a person to be free from a venereal disease, but such certificate shall simply state the results of tests and examinations as may have been made, and what tests were made to arrive at the results stated.

Sec. 21. In establishing quarantine for a venereal disease under the provisions of this act, said health officer establishing said quarantine may confine any person infected, or reasonably suspected of having such venereal disease, or any other person liable to spread such disease, to the house or premises in which they live, or he may require any such person to be quarantined in any other place, hospital or institution in his jurisdiction that may have been provided. And if no such place has been provided, then such person shall be confined in the county or city jail under a quarantine order, and such jails shall always be available for such purposes. But if such person is to be quarantined in his home, then said health officer shall designate the area, room, or rooms that such person is to occupy while so confined, and no one except the attending physician, or his immediate attendants shall enter or leave such room or rooms so designated without permission of said health officer, and no one except the local health
officer shall terminate said quarantine, and this shall not be done until the diseased person has become non-infectious as determined by thorough clinical tests, or permission has been given by the state health council or by the director of the bureau of venereal diseases for the state. If to make any quarantine effective as provided herein, it becomes necessary the local health officer may summons a sufficient guard for the enforcement of his orders in the premises. And every person who fails or refuses to obey or comply with any order made by said health officer hereunder, or under any other section concerning quarantine, and every person summoned as a guard who shall without a lawful excuse therefor, fail or refuse to obey the orders and directions of the health officer in enforcement of said quarantine, shall be guilty of a misdemeanor, and shall be punished as hereinafter provided.

stores shall be at all times open to the inspection of any local
health officer, or to any party designated by the director of the
bureau of venereal diseases of the state, to see whether the pro-

be supported upon a basis to be determined between them.

each party thereto, funds may be levied and expended in pur-

of any offense hereunder, and all proceedings are to be in the
name of the state, and security for costs shall not be required,

That chapter forty-five of the code, as amended, by section one hundred and seventy-two, one hundred and seventy-three, one hundred and seventy-four and one hundred and seventy-five of chapter two of the acts of one thousand nine hundred and nineteen, regular session, be amended and re-enacted and that sections one hundred and seventy-five-a, one hundred and seventy-five-b, one hundred and seventy-five-c, one hundred and seventy-five-d, one hundred and seventy-five-e, one hundred and seventy-five-f, one hundred and seventy-five-g, one hundred and seventy-five-h, one hundred and seventy-five-i, one hundred and seventy-five-j, one hundred and seventy-five-k, one hundred and seventy-five-l, one hundred and seventy-five-m, and one hundred and seventy-five-n, be added thereto (all relating to the West Virginia industrial home,) as hereinafter set forth:
Section 172. The West Virginia industrial home, established by chapter eight of the acts of one thousand eight hundred and ninety-seven, shall be and remain where now located, at Industrial, in Harrison county, and shall be exclusively charged with the care, training and reformation of girls between the ages of twelve and eighteen years; but white and colored girls shall be kept separate as far as practicable. Said home shall be managed, controlled and governed by the state board of control, as herein provided, and as provided in chapter fifty-eight of the acts of one thousand nine hundred and nine; but no girl shall be committed thereto as an inmate thereof, who is of unsound mind or imbecile, or idiotic, or has epilepsy.

All agents, officers and servants for the internal management of said home shall be women.

Sec. 173. Any girl, a legal resident of the state, between the ages of twelve and eighteen years, may be committed to and be received into the West Virginia industrial home, for any one of the following causes, and in the manner following:

First—By a justice of the peace of the county in which said girl resides, on complaint under oath, and due proof made to him, by the parent, guardian or other person having the custody or control of such girl, that by reason of incorrigible or vicious conduct such girl has rendered her control beyond the power of such parent, guardian, or other person, and made it manifestly for the best interests of such girl and of society that she be placed in said home.

Second—By a justice of the peace of the county in which said girl resides, upon complaint under oath, and due proof made to him by three reputable citizens that such girl is a vagrant, or is incorrigible or vicious in disposition and conduct, and that her parents, guardian, or other person having custody of, or authority to control her, are depraved or otherwise unfit, unable or unwilling to exercise proper care and discipline over such girl, or has been convicted before any justice of the peace in said state for any offense involving sex immorality upon the part of said girl; and vagrancy as herein contemplated shall be construed to include, among other things, the following: loitering for purposes of prostitution; street-walking or loitering on public roads or streets at night, without good excuse; living, working or residing in, or loitering or loafing in or about any house of ill-
fame or bawdy house or house of like character or kind; automobile joy riding at unseemly hours in the night time when unaccompanied by parents or other proper persons, frequenting or loitering or loafing in any and around any public dance hall or public show; and associating with prostitutes or other persons of low morals, either male or female.

Third—By the judge of the police or municipal court of any town or city in this state upon complaint made to him under either the first or second clause of this section; or upon due complaint and proof made to such judge that such girl is under the age of sixteen years, and has been found in a house of ill-fame or assignation house.

Fourth—By any criminal, intermediate, circuit or other court of this state, when any girl who is a resident of this state, and under the age of eighteen years shall have been convicted in said court of a felony, or of a misdemeanor punishable by imprisonment, in which case the judge of said court, in his discretion, instead of sentencing such girl to be confined in the penitentiary or the county jail, may order her to be removed to said West Virginia industrial home, there to remain until she shall have attained the age of twenty-one years, unless sooner discharged or paroled by the state board of control. Any such girl convicted as aforesaid in any of the courts of the United States of the districts of West Virginia, may also be received in said home, upon such regulations and terms as to her maintenance and support, as may be agreed upon by the state board of control, and the proper authorities of the United States.

Sec. 174. When any such complaint as is named in the next preceding section is made to a justice or the judge of a police or municipal court, he shall issue his warrant, directing such girl to be brought before him at the time named therein. Upon the hearing before him such justice or judge shall appoint some discreet and disinterested person other than the person making the complaint, as a guardian ad litem for such girl, whose duty it shall be to represent her interests and see that no injustice is done her. Such guardian, or the girl, shall have the right to demand a jury of six citizens to try the truth of the charges made against her; and in such case the jury shall be selected and the trial conducted in the manner provided for the trial of criminal cases before justices by juries. Such guardian or the
14 girl, shall have the right of appeal from any final decision made
15 against her in any such proceeding, either upon a trial by jury or
16 otherwise, as is provided by law in other criminal cases tried be-
17 fore justices. If the jury finds the girl guilty, or if the hearing
18 be without a jury, and the justice or the judge be of opinion that
19 it is best for the morals and future welfare of such girl, and the
20 peace and good order of society, that she shall be committed to
21 said home, he shall order her to be committed thereto, there to be
22 kept until she is twenty-one years of age, unless sooner released
23 or discharged by the state board of control. If an appeal is
24 taken in the case, the finding or sentence of the justice or the
25 judge shall be suspended.

Sec. 175. Before committing a girl to the industrial home,
2 the justice or other authority committing her, shall cause her
3 to be examined by a reputable physician, who is authorized to
4 practice medicine in this state, in order to ascertain whether such
5 girl is sound in mind, and whether or not she is an imbecile or an
6 idiot, or is pregnant, or afflicted with epilepsy, syphilis, gonor-
7 rhoea or any other infectious or contagious disease, and as to any
8 other particulars that may be prescribed in the rules and regula-
9 tions of the state board of control. Such examinations shall be
10 made in private; but there shall be present during such examina-
11 tion a woman of good character, and of mature years, to be named
12 by the justice or the judge. The physician making such exami-
13 nation shall make out a statement, under oath, respecting the
14 particulars named in the form prescribed by the state board of
15 control, which certificate of the physician shall accompany the
16 commitment. If it shall appear from such examination or other-
17 wise that such girl is of unsound mind, or is imbecile or idiotic,
18 or has epilepsy, or any other contagious or infectious
19 disease, or, being over sixteen years of age, is or has
20 been an inmate of a house of ill-fame, or, an assigna-
21 tion house, she shall not be committed to said home, and
22 the superintendent of the home shall not receive any girl into
23 said home unless the commitment is accompanied by a certificate
24 of health, signed by a reputable physician, showing that she is not
25 of unsound mind, and is not an imbecile or idiot, and is not preg-
26 nant, nor afflicted with epilepsy, syphilis, gonorrhea or any
27 other infectious or contagious disease, nor one, who, being over
28 sixteen years of age, is or has been an inmate of a house of ill-
fame or an assignation house; provided, however, that upon examination being made, it shall appear that said girl as above described is suffering with a venereal disease in any stage said judge or justice committing said girl shall make an order committing said girl to said industrial school, and shall make an additional order directing said girl to be first transferred to the Fairmont Hospital No. 3, for treatment and detention pending said treatment until cured of said venereal disease or rendered completely non-infectuous therefrom, after which time said girl shall be transferred to the industrial home at Salem, there to be kept as provided by law.

and it shall be the duty of the superintendent of said hospital at Fairmont to receive into said hospital all girls that may be committed thereto, as provided herein, and to care for, detain and treat the same until cured or rendered completely non-infectuous, and as soon thereafter as convenient to transfer said girls to said industrial school at Salem. The board of control of the state of West Virginia is hereby authorized and directed to provide suitable buildings, wards and equipment at said hospital as may be necessary to carry out the provisions of this section, including the expense of transferring the girls to Salem.

It is provided, however, that any girl who is committed under the provisions of this act and found to be pregnant, shall first be sent to the Florence Crittenden Home at Elm Grove and later transferred to Fairmont or Salem, as her condition may appear to demand.

It shall be the duty of justices or judges of court upon committing a girl who is infected with a venereal disease to the Fairmont hospital No. 3 or to the industrial school, as provided herein, to notify the director of the bureau of venereal diseases of West Virginia of the fact, giving name, age and address of the girl and the diseases from which she is suffering; and it shall be the duty of the superintendent of the hospital receiving such girl as provided herein, to notify said director when any girl is received and when she is transferred to the industrial school, as provided herein.

Sec. 175-a. It shall be the duty of the justice of the peace, police or municipal court judge, when committing a girl to said home under the first, second or third clause of section two of this act, to annex to the commitment the names and residences of
all the witnesses examined before him, and the substance of the testimony given by each, on which the adjudication was founded, the name and place of residence of the girl, the names of her parents, and their residences, if known, together with full answers to such interrogatories respecting the history of the case and the mental and physical health and condition of the girl, as shall be prescribed by the state board of control, and furnished in printed form, on application, by the state board of control, or by the superintendent of said home. If it be found at the time of, or after her admission to said home, that any girl was pregnant, or had syphilis, gonorrhoea, or any other infectious or contagious disease, at the time of her commitment, or was otherwise ineligible for admission, or should she become incorrigible or unmanageable, such girl may be returned to the court or officer by whom she was committed to said home; or, at the discretion of the state board of control, may be transferred temporarily to some other institution for care or treatment, or otherwise disposed of as in the judgment of said board may be best. The expense incurred in returning such girl to the court or officers by whom she was committed for any or all of the above stated reasons, or by reason of transfer to any other state institution, shall be borne by the county court out of the treasury of the county from which the girl was committed to the school.

Sec. 175-b. Whenever a girl is committed to said industrial home, or to said Fairmont hospital No. 3, or to the said Florence Crittenden home, by a justice, a judge of a police or municipal court, or by any of the courts herein named, it shall be the duty of the justice, or police or municipal court judge hearing the case, or of the clerks of the court before whom the trial was held to make out the commitment papers in the case and forward the same by mail without delay to the superintendent of said industrial home, or to the superintendent in charge of said Fairmont hospital No. 3, or to the superintendent of the said Florence Crittenden Home at Elm Grove, as the case may appear to demand. On receipt of such commitment papers, the superintendent of the home, if the commitment is found by her to conform to the provisions of this chapter, and there is room in said home, shall promptly so advise the authority making the commitment, who shall at once send the girl so committed to the said home, under escort of a discreet woman of mature age. Such
14 escort shall be designated by the authority by whom the commit-
15 ment was made, and her compensation, which shall be fixed by the
16 same authority and not exceed three dollars per day, of twenty-
17 four hours, and her charges, or the girl's necessary travel-
18 ing expenses, fully itemized and sworn to by the escort, shall be
19 paid out of the treasury of the county from which the commit-
20 ment was made, by the county court thereof. No girl committed
21 to said industrial home shall be lodged in any jail or lock-up;
22 but the authority committing her shall designate an officer or
23 other proper person, preferably a woman, in whose custody she
24 will be kept until she is delivered to the person duly authorized to
25 conduct her to said home. The expenses of keeping such girl shall
26 be paid like any other expense of the hearing or trial.

Sec. 175-c. Justices, constables, jurors and witnesses shall re-
2 receive the same fees in proceedings for committing a girl to the
3 said industrial home, or to the said Fairmont hospital No. 3, or
4 to the said Florence Crittenden Home, held before a justice or a
5 judge of a police or municipal court, as are allowed by law for sim-
6 ilar services in misdemeanor cases; and such fees shall be paid in
7 like manner as fees of such officers and persons are paid in misde-
8 meanor cases. The compensation of the physician for examin-
9 ation, and of the woman or matron present at such examination,
10 shall be fixed by the justice or such police or municipal court
11 judge, when the hearing is held before him, and paid in the same
12 manner as the other costs of the case are paid, as in this section
13 provided. The compensation of such physician and matron in
14 trials before a criminal, intermediate or circuit court shall be
15 fixed by the court and taxed and paid as the other costs of the
16 case are taxed and paid: provided, that the compensation of the
17 physician shall not exceed three dollars and of the matron shall
18 not exceed one dollar, for each examination.

Sec. 175-d. Girls eligible to admission to the industrial home
2 may be admitted thereto at the instance of their parents, guard-
3 ians, or next friends, under such agreement as to payment for
4 their maintenance, as may be made with the state board of control;
5 but all such girls shall be subject to the same treatment, training
6 and discipline, as the other inmates of the home, and shall be
7 discharged or paroled only in such manner and under such rules
8 and regulations as are provided for those who have been regularly
9 committed.
Sec. 175-e. The state board of control has authority to make such rules and regulations relative to the management and government of said industrial home, and the instruction, discipline, training, employment and disposition of the girls of the home and their transportation to and from the home, not contrary to law, that they may deem proper. And said board has authority, also, under such rules and regulations as they may prescribe, to grant, on recommendations of the superintendent, a discharge or parole to any inmate of the home; but while any inmate is on such parole and until she is finally discharged, she shall remain in the legal custody of the board, and shall be subject to be returned to the home at any time when, in the judgment of the board, the interests of such paroled inmate will best be served thereby. The written order of said board, countersigned by the superintendent, shall be sufficient warrant for any officer or person named therein to arrest and return to the home any paroled inmate named in such order; and it is hereby made the duty of any such officer or person to make such arrest, and return such girl to the home. Expenses incurred in returning to the home paroled inmates shall be paid out of the funds provided for the support of the home, when such inmates are returned upon order of said board.

Sec. 175-f. In any case where a girl is committed to the industrial home for an offense punishable by confinement in the penitentiary, and it is found by the state board of control that said home is unable to benefit such girl, and that her presence is a detriment and menace to the other girls in said institution, or to the general good of the home, she may be returned to the custody of the court from which she was committed to said home, and thereupon such sentence may be passed upon her as to confinement in the penitentiary, as may be proper in the premises, or as might have been passed had such girl not been committed to said industrial home. The governor shall have power, when, in the judgment of the warden of the penitentiary and of the superintendent of the industrial home, it is advisable, to remit the penalty of any girl under the age of eighteen years who is confined in the penitentiary, to a commitment to said industrial home, there to be kept until she is twenty-one years of age, unless sooner paroled or discharged, or upon the order of the governor, returned to the penitentiary.
Sec. 175-g. If any girl shall escape from said industrial home, the superintendent or any assistant thereof, or any other person authorized by the superintendent, or any person who may see a girl escaping or know that she has escaped, may arrest her and return her to the home. It shall be the duty of every sheriff, constable or other peace officer to arrest any such fugitive, and return her to the home, whenever in his power to do so. The expense of the arrest and return of such fugitive shall be paid out of the funds provided for the support of the home. With the approval of the state board of control, the superintendent may offer a reward for the arrest and return to the home of any girl escaping therefrom.

Sec. 175-h. If any person shall entice or attempt to entice away from the industrial home any girl legally committed thereto, or shall aid or abet any girl to escape therefrom, or shall harbor, conceal, or aid or abet in harboring or concealing any girl who shall have escaped therefrom; or shall, without the permission of the superintendent of said home, give or sell to any girl in said home, whether on the premises of said institution or elsewhere, any money, intoxicating drink, tobacco, cigarettes or any other article or articles whatsoever; or shall, in any way, cause or influence or attempt to cause or influence any girl in said home to violate any rule of the institution, or to rebel against the government of the home in any particular; or shall receive from any inmate of said home anything of value, whether belonging to the state or otherwise; or shall interfere, or attempt to interfere, with the custody or control of any person having any such girl lawfully under his control, or in his keeping while she is out of said home on parole, or other lawful temporary release; or shall have, or attempt to have any improper or unlawful communication or intercourse with any such girl while she is in said home, knowing her to be an inmate thereof, shall be guilty of a misdemeanor; and on conviction thereof, shall be fined not less than ten nor more than one hundred dollars, or be imprisoned not exceeding six months; or, in the discretion of the court, be both fined and imprisoned.

23-a If any person shall entice any girl away from said industrial home, or attempt to do so, for the purpose of having sexual intercourse with her, or for any other immoral or unlawful purpose, he shall be guilty of a misdemeanor; and, on conviction thereof, shall be fined not less than ten nor more than one hundred dollars,
and be imprisoned not less than thirty days nor more than six months. If any person shall aid or abet the commission of any of the offenses named in this section, or aid or abet an attempt to commit the same, he shall be punished as herein provided the same as if he were the principal. In the trial of an indictment for committing any of the offenses named in this section, the accused may be found guilty of an attempt to commit the same, or of aiding or abetting another in committing or attempting to commit the same.

Sec. 175-i. The state board of control has authority to transfer any girl who is an inmate of the industrial home, who is insane, or an imbecile, or an idiot, to any state institution charged with the care and treatment of such persons; to transfer to the home for children or orphans, any girl in said industrial home under the age of twelve years; to transfer any girl in such home who is blind or deaf, or whose sight or hearing is so impaired as to make it desirable, to the schools for the deaf and blind; and to transfer to the said hospital No. 3 any girl infected with syphilis or gonorrhea, and to transfer to the said Florence Crittenden Home any girl who is pregnant.

Sec. 175-j. The enclosed premises of said industrial home are hereby declared private grounds; and if any person be found thereon without authority or permission, he shall be deemed a trespasser; and, on conviction thereof, shall be fined not less than five nor more than twenty-five dollars; and, if it appear that he was on such premises for any unlawful or immoral purpose, in addition to being sentenced to pay such fine, he shall be imprisoned not exceeding thirty days.

Sec. 175-k. Payment by counties of cost of detention.—The county court of every county shall pay into the state treasury the sum of fifty dollars a year on account of each girl from the county who shall be received in said home of the first, second, or third classes mentioned in section two. But in all cases of girls received in said home of the first class mentioned in section two, the parent, if of sufficient means, and the guardian where the girl has sufficient estate, shall annually reimburse the county the amount paid into the state treasury, by virtue of this section, on account of such girl mentioned in the first class of section two, and the county court of such county shall have a right to recover the same of such parent or guardian in any court of
13 competent jurisdiction. The income derived from the payment
14 of such costs of detention is hereby appropriated for the current
15 expenses of the home subject to the requisition of the state board
16 of control.

Sec. 175-l. Lists of inmates for auditor—Application of county
2 funds.—The superintendent of said home, the superintendent of
2-a the said Fairmont hospital No. 3, or superintendent
2-b of the Florence Crittenden home, shall before the tenth
3 day of January of each year, make out and certify to the auditi-
4 tor and the state board of control each a list by counties of all
5 such girls as are mentioned in the preceding section, who are
6 kept in the home during the preceding year or any part of it.
7 showing as to each girl what part of the year she was so kept in the
8 home, and to which class she belonged. On receiving such list
9 the auditor shall charge to each county fifty dollars on account
10 of each girl who was kept in such home during the preceding year,
11 and a proportionate amount on account of each girl kept in the
12 home for any part of such year less than the whole. Any money
13 in the treasury of the state to the credit of any such county from
14 whatever source, arising and not appropriated to pay any other
15 debt of the county to the state, shall be applied, so far as necessary,
16 to the payment of the sums so charged; if any sum in the treasury
17 due the county shall not be sufficient to pay the whole amount so
18 charged against it, such sum shall be applied as a credit on the
19 amount charged, and the balance shall remain a charge against
20 the county.

3 list the auditor shall certify to the county court of such county a

6 she was in such home, as shown by the list certified by the superin-
7 tendent and the amount due from the county on her account and
8 the total amount due on account of all. He shall credit on such
9 statement whatever amount has been applied as a payment thereon
10 from any funds of the county in the treasury. Such statement shall
11 be a receipt to the county for any amount so credited, and shall
12 be a bill for any amount still appearing to be due from the county.
13 Unless the bill shall have been paid by the application of funds
of the county in the state treasury, the county court shall at its next levy term provide for the payment of the same, or such part as may not have been paid, and cause the amount to be paid into the state treasury. If the amount so due from any county be not paid in a reasonable time after such levy term, the auditor may, in the name of the state, apply to the circuit court of the county for a mandamus to require the county court to provide for and pay the same, or he may proceed in the name of the state by any other appropriate remedy to recover the same.

Be it enacted by the Legislature of West Virginia:

That section one of chapter twenty of the acts of the legislature of West Virginia of one thousand nine hundred and thirteen, being section seventy-six-b-one of chapter thirty-four, Barnes' code of West Virginia of one thousand nine hundred and eighteen, be amended and re-enacted so as to read as follows:

Section 1. Every corporation, association or bureau which now exists or hereafter may be formed, and every person who maintains or hereafter may maintain a bureau or office, for the purpose of suggesting, approving or making rates to be used by more than one underwriter for insurance on property or risks of any kind located in this state, shall file with the insurance commissioner a copy of the article of agreement, association or incorporation, and the by-laws and all amendments thereto under which such person, association or bureau operates or proposes to operate, together with his or its business address and a list of the members or insurance corporations represented or to be represented by him or it, as well as such other information concerning such rating organization and its operation, as may be required by the insurance commissioner.

Every such person, corporation, association or bureau, whether before or after the filing of the information specified in the last
17 preceding paragraph, shall be subject to the visitation, super-
18 vision and examination of the insurance commissioner, who shall
19 cause to be made an examination thereof, as often as he deems
20 it expedient, and at least once in three years. For such purpose
21 he may appoint as examiners one or more competent persons and
22 upon such examination he, his deputy or any examiner, author-
23 ized by him shall have the power to examine under oath the of-
24 ficers or agents, and all persons deemed to have material infor-
25 mation regarding the business of, or manner of, operation by
26 every such person, corporation, association, bureau or board. The
27 insurance commissioner shall make public the result of such ex-
28 amination, and shall report to the legislature in his annual re-
29 port on the methods of such rating organization and the manner
30 of its operation.
31 Each such person, corporation, association or business shall file
32 with the insurance commissioner, whenever he may call therefor,
33 any and every schedule of rates or such other information con-
34 cerning such rates as may be suggested, approved or made by
35 any such rating organization for the purposes specified in the
36 first paragraph of this section. No such person, corporation,
37 association or bureau shall fix or make any rate or schedule of
38 rates which is to or may apply to any risk within this state on
39 the condition that the whole amount of insurance on such risk or
40 any specified part thereof, shall be placed at such rates or with
41 the members of, or subscribers to, such rating organization.
42 No such person, corporation, association or bureau, or
43 any person, association or corporation authorized to transact
44 the business of insurance within this state, fix or make any rate
45 or schedule of rates or charge a rate which discriminates un-
46 fairly between risks within this state of essentially the same haz-
47 ard, or, if such rate be a fire insurance rate, which discrimi-
48 nates unfairly between risks in the application of like charges
49 or credits, or which discriminates unfairly between risks of
50 essentially the same hazard and having substantially the same
51 degree of protection against fire. The insurance commissioner
52 shall, upon written complaint that discrimination in rates ex-
53 ists between risks in the application of like charges or credits, or
54 discrimination between risks of essentially the same hazard and
55 having substantially the same degree of protection against fire,
56 order a hearing for the purpose of determining such questions of
discrimination, and the review of such questions and the rates 
complained of before said insurance commissioner shall be had 
only after due notice to all parties interested, and if upon such 
hearing the commissioner shall determine that the rate com-
plained of is discriminatory, he shall have power to 
order the discrimination removed, but no such dis-
crimination shall be removed by increasing the rate or 
rates on any risk or class of risks affected by such 
order unless it shall be made to appear to the commis-
sioner that such increase is justifiable and an order of approval 
has been filed in the office of the insurance commissioner. Any 
party in interest being dissatisfied with any order of the in-
surance commissioner may, within thirty days from the issue 
of such order and notice thereof, commence an action in the 
supreme court for the purpose of reviewing such order and 
such cause shall be duly set for hearing and proceed as in other 
cases. During the pendency of such court proceedings the order 
shall be suspended, and in the event of final determination 
against any insurer, any overcharge during the pendency of 
such proceedings shall be refunded by the insurer to the per-
ssons entitled thereto.

Every such rating organization shall keep a careful record 
of its proceedings, and shall furnish upon demand to any per-
son upon whose property or risk a rate has been made, or to his 
authorized agent, full information as to such rate and if such 
property or risk be rated by schedule, a copy of such schedule.

No change shall be made in the schedules which have been 
filed in compliance with the requirements of this act, except 
after fifteen days notice to the insurance commissioner, which 
otice shall plainly state the changes proposed to be made in 
the schedules then in force and the time when such changes 
shall go into effect; and such changes shall be shown by filing 
new schedules or shall be plainly indicated on the schedules 
in force at the time; Provided, that the insurance 
commissioner may, in his discretion and for good cause shown, 
allow changes upon less than the notice specified herein, either in 
particular instances or by a general order applicable to special or 
peculiar circumstances or conditions.
CHAPTER 150

(Senate Bill No. 316—Mr. McClaren.)

AN ACT to amend and re-enact sections one, three, four, nine, fifteen, and nineteen of chapter fifteen-o, of the code of West Virginia relating to the public service commission of West Virginia.

[Passed April 29, 1921. In effect from passage. Approved by the Governor May 3, 1921.]

Be it enacted by the Legislature of West Virginia:

That sections one, three, four, nine, fifteen, and nineteen of chapter fifteen-o of the code be amended and re-enacted so as to read as follows:

Section 1. There shall be, and there is hereby created, a public service commission of West Virginia, and by that name the commission may sue and be sued.

4 The public service commission shall consist of three members who shall be appointed by the governor with the advice and consent of the senate, and who shall have and possess all the powers and duties provided in this chapter as hereby amended.

8 On or before the first day of June, one thousand nine hundred and fifteen, the governor shall appoint three commissioners, who shall be citizens and residents of this state, one of whom shall be a lawyer of not less than ten years actual experience at the bar.

12 Said commission shall immediately enter upon their duties and hold office for two, four and six years, respectively, from the first day of June, one thousand nine hundred and fifteen, the term of each to be designated by the governor, but their successors shall be appointed for the term of six years each, except that any person appointed to fill a vacancy shall serve only for the term of the commissioner whom he succeeds.
The commissioners, before entering upon their duties, shall take, subscribe and file with the secretary of state the oath provided by section five of article four of the constitution.

The governor may remove any commissioner for incompetency, neglect of duty, gross immorality or malfeasance in office.

The governor shall annually designate one of the commissioners as chairman thereof.

The concurrent judgment of two of the commissioners shall be deemed the action of the commission when in session as a board, and no vacancy in the commission shall embarrass the right of the remaining commissioners to exercise all of the powers of the commission.

No person while in the employ or holding any official relation to any public service corporation subject to the provisions of this act, or holding any stocks or bonds thereof, or who is pecuniarily interested therein, shall enter upon the duties of or hold said office. Nor shall any of said commissioners be a candidate for or hold public office, or be a member of any political committee while acting as such commissioner; nor shall any commissioner or employee of said commission receive any pass, free transportation or other thing of value, either directly or indirectly, from any person, firm or corporation subject to the provisions of this act. In case any of said commissioners shall become a candidate for any public office, or shall become a member of any political committee, his office as commissioner shall be ipso facto vacated.

The commission shall appoint a secretary, whose salary shall be fixed by the commission, and all fees and emoluments coming into his hands shall be turned into the special license fund, and such other employees as may be necessary to carry out the provisions of this act, and fix their compensation, who shall hold office during the pleasure of the commission.

It shall be the duty of the secretary to keep a full and true record of all proceedings of the commission, to issue all necessary process returns and notices, to keep all books, maps, documents and papers ordered filed by the commission, and all orders made by the commission or approved and confirmed by it and ordered to be filed; and shall be responsible to the commission for the safe custody and preservation of all such documents in his office. He may administer oaths in all parts of the state, so far as the
Each of the commissioners shall receive a salary of six thousand dollars per annum, to be paid monthly. The general office shall be kept at the capitol of the state, and kept open each working day between the hours of nine o'clock a. m., and five o'clock p. m., and in charge of the secretary or some other competent person. But hearings and the taking of evidence may be had at such times and places and in each particular case as the commission may designate.

The attorney general shall perform legal services under this act when required by the commission; provided, however, that the governor may appoint counsel for the commission, who shall act as legal advisor to the commission, and who shall perform such other legal services in representing the people in matters under the jurisdiction of the commission as the governor shall direct. It shall be the duty of such counsel to appear for the people in all cases where they are not represented by counsel, but he shall not have control of cases, either before the commission or on appeal therefrom, where the people are represented by counsel. The compensation of such counsel shall be fixed by the commission and he shall be paid as other employees of the commission.

Sec. 3. The jurisdiction of the commission shall extend to and include:

(a) Common carriers, railroads, street railroads, express companies, sleeping car companies, freight lines, car companies, toll bridges, wharves, ferries and steam and other boats engaged in the transportation of freight or passengers; and

(b) Telegraph and telephone companies and pipe line companies for the transportation of oil, gas or water; and

(c) Gas companies, electric lighting companies and municipalities furnishing gas, or electricity for lighting, heating or power purposes; and

(d) Hydro-electric companies for the generation and transmission of light, heat or power, and water companies and municipalities furnishing water; and

(e) All other public service corporations, and all persons, associations, corporations and agencies employed or engaged in any business hereinbefore enumerated.
The words "public service corporation" used in this act shall include all persons, associations of persons, firms, corporations, municipalities and agencies engaged or employed in any business herein enumerated, or in any other public service business whether above enumerated or not, whether incorporated or not.

Sec. 4. Every person, firm or corporation engaged in a public service business in this state, shall establish and maintain adequate and suitable facilities, safety appliances or other suitable devices, and shall perform such service in respect thereto as shall be reasonable, safe and sufficient for the security and convenience of the public, and the safety and comfort of its employees, and in all respects just and fair, and without any unjust discrimination or preference. All charges, tolls, fares and rates shall be just and reasonable, and no change shall be made in any tariffs, rates, joint rates, fares, tolls, schedules or classifications in force at the time this act takes effect except as hereinafter provided. Every railroad shall permit switch connections for intra-state business to be made with its tracks at suitable and safe points by other carriers or shippers, upon such terms and conditions as the commission may prescribe, whenever the business to be offered by the connecting company or shipper, in the judgment of the commission justifies it. Every railroad and other transportation company may be required by the commission to establish and maintain such suitable public service facilities and conveniences as may be reasonable and just, to make reasonable connection with trains on branch lines of such railroads and with all connecting railroad lines; to require any passenger trains to stop at junctions or intersections with other railroads; and may prescribe the number of men required to constitute safe crews for the handling of trains on any steam railroad in this state or any division of any such railroad. No steam railroad or other public service corporation shall discontinue any regular passenger train, or other public service facility, or change any regular passenger train schedule or time table, without first obtaining authority from the commission so to do, unless the same be done under uniform rules and regulations filed by such railroad or public service corporation with the public service commission and approved by said commission.

Sec. 9. No person, firm or corporation subject to the provisions of this act shall modify, change, cancel or annul any rate, joint
3 rate, fares, classifications, charge or rental except after thirty 4 days' notice to the commission and the public, which shall plainly 5 state the changes proposed to be made in the schedule then in 6 force and the time when the changed rates, fares or changes 7 shall go into effect; but the commission may enter an order sus- 8 pending the proposed rate and prohibiting such person, firm or 9 corporation from putting such proposed new rate into effect pend- 10 ing the hearing and final decision of the matter, and in which 11 case the proposed new rate shall stand suspended until it is du- 12 termined by the commission whether or not the same is just or 13 reasonable. The proposed changes shall be shown by printing 14 new schedules, or shall be plainly indicated upon the schedules 15 in force at the time, and kept open to public inspection; provided, 16 however, that the commission may, in its discretion, and for good 17 cause shown, allow changes upon less time than the notice herein 18 specified, or may modify the requirements of this section in re- 19 spect to publishing, posting and filing of tariffs, either by par- 20 ticular instructions or by general order.

21 Whenever there shall be filed with the commission any schedule 22 stating a change in the rates, fares or charges, or joint rates, 23 fares or charges, or stating a new individual or joint rate, fare or 24 charge or joint classification or any new individual or joint regu- 25 lation or practice effecting any fare, rate or charge, the com- 26 mission shall have, and it is hereby given authority, either upon 27 complaint or upon its own initiative without complaint, at once, 28 and, if it so orders, without answer or other form of pleading by 29 the interested parties, but upon reasonable notice to enter upon 30 a hearing concerning the propriety of such rate, fare, charge, 31 classification, regulation or practice; and pending such hearing 32 and the decision thereon the commission upon filing with such 33 schedule and delivering to the carrier or carriers or public service 34 corporation affected thereby a statement in writing of its reasons 35 for such suspension, may suspend the operation of such schedule 36 and defer the use of such rate, fare, charge, classification, regu- 37 lation or practice, but not for a longer period than one hundred 38 and twenty days beyond the time when such rate, fare, charge, 39 classification, regulation or practice would otherwise go into ef- 40 fect; and after full hearing, whether completed before or after 41 the rate, charge, fare, classification, regulation, or practice goes 42 into effect, the commission may make such order in reference
43 to such rate, fare, charge, classification, regulation or practice, 44 as would be proper in a proceeding initiated after the rate, fare, 45 charge, classification, regulation or practice had become effective; 46 provided, that if any such hearing cannot be conducted within 47 the period of suspension, as above stated, the commission may in 48 its discretion extend the time of suspension for a further period, 49 not exceeding six months. At any hearing involving a rate 50 sought to be increased or involving the change of any fare, charge, 51 classification, regulation or practice, after the passage of this 52 act, the burden of proof to show that the increased rate or pro- 53 posed increased rate, or the proposed change of fare, charge, 54 classification, regulation or practice is just and reasonable shall 55 be upon the public service corporation making application for 56 such change. When in any case pending before the commission 57 all evidence shall have been taken, and the hearing completed, 58 the commission shall, within three months, render a decision in 59 such case.

Sec. 15. There shall be paid by all public service corporations 2 subject to the provisions of this act, a special license fee in addi- 3 tion to those now required by law. Such fees shall be fixed by 4 the auditor upon each of such public service corporations, accord- 5 ing to the value of its property as ascertained by the last pre- 6 ceding assessment, and shall be apportioned among such public 7 service corporations upon the basis of such valuation, so as to 8 produce a revenue of eighty thousand dollars per annum, 9 or so much thereof as may be necessary, which shall be paid on 10 or before the twentieth day of January in each year. Such sum 11 of eighty thousand dollars, or so much thereof as may be 12 necessary, is hereby appropriated and set aside for the purpose 13 of paying the expenses of the commission, and the salaries, com- 14 pensations, costs and expenses of its employees. The salaries of 15 the members of the commission shall be payable out of the state 16 fund, in the same manner as the salaries of other officers are paid, 17 and charged to the appropriations which have been and shall here- 18 after be made from time to time by the legislature for the ad- 19 ministration of this act.

Sec. 19. The secretary shall keep a record of all proceedings, 2 acts, orders and judgments of the commission, certified copies of 3 which shall be admitted as evidence in any court of this state. 4 The commission shall adopt a seal which shall be affixed to all
papers under such regulations as the commission may prescribe. The commission shall likewise prescribe a schedule of fees to be charged for the certification of all records and papers, and sums to be paid witnesses and other costs necessary and incident to hearings before it and order the same paid by the unsuccessful party. All sums collected by the secretary, except witness fees, shall be paid by him into the special license fund as provided in section fifteen. The witness fees shall be paid to the person to whom they are allowed. The sums to be paid into the special license fund representing the collections of any month shall be so paid on or before the tenth of the following month.

Section 1. The office of state tax commissioner is hereby created.
2 The governor, upon the expiration of the term of office of the present tax commissioner, by and with the advice and consent of the senate, shall appoint as state tax commissioner some citizen of this state entitled to vote, whose term of office shall begin at the date of appointment, and shall continue for six years and until the successor of such commissioner is appointed and qualified, unless he be sooner removed. The person so appointed shall take the oath or affirmation prescribed by section five of article four of the constitution, and such oath shall be certified by the person who administers the same and shall be filed in the office of the secretary of state. He shall give bond with good security, to be approved by the governor, in the penalty of five thousand dollars, and such bond shall also be filed in the office of the secretary of state. The governor may remove such officer for incompetency, neglect of duty, gross immorality or malfeasance in office, and in case of a vacancy, whether occur-
ring by reason of removal or otherwise, may declare the office
vacant, and fill the same by appointment for the unexpired term.
The salary of the state tax commissioner shall be six thousand
dollars a year. He shall be re-paid his actual disbursements for
traveling expenses, not exceeding one thousand dollars in any
one year, an itemized account of which shall be filed with the
auditor, to be audited by him before payment thereof. He shall
be provided with an office in the capitol and with such furniture
and clerical assistance as shall be necessary.

Sec. 2. It shall be the duty of the state tax commissioner to see that the laws concerning the assessment and collection of all taxes and levies, whether of the state or of the county, district or municipal corporation thereof, are faithfully enforced. To this end he shall prepare all proper forms and books for the use and guidance of assessors, and shall perform all such other duties as may be required by law. He shall from time to time visit the several counties and municipal corporations of the state; shall inspect the work of the several assessors, boards of review and equalization, justices, prosecuting attorneys, clerks of the courts, sheriffs, constables and collecting officers, among whom are included commissioners of school lands, and shall confer with them respecting such work for the future. In such conference, or by writing or otherwise, he may inquire into the proceedings of any such officer, make to him such suggestions respecting the discharge of his duty as may seem proper, and give such information and require such action as will tend to produce full and just assessments throughout the state, and the diligent collection of all taxes and levies, including licenses and collateral inheritance taxes, and of fines.

The tax commissioner may, with the approval of the board of public works, appoint competent persons to appraise property values, and may employ experts to examine and report upon the different kinds and classes of property in the state, with a view to ascertaining the true and actual value thereof for assessment purposes, to the end that he may furnish to county assessors, county boards of review and equalization, and the state board of public works more accurate information, and more effectively aid and supervise the assessors and the county boards of review and equalization in their work of assessment and valuation of property
28 for purposes of taxation. Any such appraiser, or expert person, 
29 so appointed by the tax commissioner for the purpose of ascer-
30 taining property values, as aforesaid, shall have authority to 
31 examine, under oath, the owner or owners, of any property sub-
32 ject to taxation in this state as to any matters touching the value 
33 thereof; and he may examine, under oath, any other person as to 
34 any pertinent facts, or matters, within his knowledge relative 
35 to the character and value of any such property. And, for the 
36 purposes of this provision, such appraisers and expert examiners 
37 shall have authority to administer oaths and to subpoena wit-
38 nesses. If any person refuse to appear and to testify in response 
39 to any subpoena issued by such appraiser or expert examiner, he 
40 may apply to any judge of any criminal, intermediate, common 
41 pleas or circuit court, or the clerk thereof either in 
42 term time or in vacation, for subpoena or other proper process, 
43 for any such witness, the judge of the court, or such 
44 clerk shall thereupon issue a subpoena, or other proper 
45 process, requiring the attendance and testimony of any 
46 such person before such appraiser, or examiner, and if any such 
47 person refuse to obey any such order, he shall be guilty of con-
48 tempt and punished accordingly.

49 Upon the application of any officer concerned with the assess-
50 ment or collection of taxes, he shall as to any matter specified by 
51 such officer, make like suggestions and give like information. In 
52 case of the failure of any assessing or collecting officer in the 
53 discharge of any duty, imposed upon him by law, the said tax 
54 commissioner shall, after due notice to any such assessor or col-
54→lecting officer, proceed to enforce such penalty as may be 
55 provided by law, including in any proper case the removal of 
56 such officer, and to that end he is authorized to appear before 
57 any court or tribunal having jurisdiction. He may cause any 
58 violations of laws respecting the assessment or collection of taxes 
59 to be prosecuted. He may also be heard before any court, council 
60 or tribunal, in any proceeding in which an abatement of taxes is 
61 sought.

Sec. 6. Each county in the state shall constitute one assess-
2 ment district, and shall elect one assessor, whose term of office 
3 shall be four years. The assessors now in office shall serve until 
4 the expiration of the term for which they were elected, and their 
5 successors shall be elected at the general election of one thousand

6 nine hundred and twenty-four, and every four years thereafter.
7 No person shall be eligible to the office of assessor
8 who is not a resident of the county at the time
9 of his election. The county court shall provide the assessor with
10 an office properly equipped at the county seat, which shall be kept
11 open throughout the year. With the consent and approval of the
12 county court, the assessor may appoint a clerk or stenographer to
13 assist him in the office for such period as may be necessary.
14 The compensation of such clerk or stenographer shall be paid
15 out of the county treasury and shall not exceed one hundred and
16 fifty dollars per month for the time actually employed.

Sec. 7. In every county whose population as shown by the
2 next registration of male and female voters last preceding the
3 election of an assessor, on the basis of a population of three for
4 each voter so registered, does not exceed twenty thousand, there
5 shall be appointed two assistant assessors; in each county whose
6 population is thus shown to exceed twenty thousand and not to
7 exceed thirty thousand, there shall be appointed three assistant
8 assessors; in every county whose population is thus shown to
9 exceed thirty thousand and not to exceed sixty thousand, there
10 shall be appointed five assistant assessors; in every county whose
11 population is thus shown to exceed sixty thousand and not to
12 exceed seventy thousand, there shall be appointed seven assistant
13 assessors; in every county whose population is thus shown to
14 exceed seventy thousand, there shall be appointed nine assistant
15 assessors; and in every county whose population is thus shown to
16 exceed sixty thousand, there shall be appointed one additional
17 assistant assessor to be known as "transfer assistant" who shall
18 have the same power to assess and list property as the assessor
19 and other assistants and who shall be paid not less than one hun-
20 dred and twenty-five dollars nor more than two hundred dollars
21 per month.

22 There may be appointed in each county one assistant to be
23 known as the "office assistant" who shall have the same power
24 to assess property as to the assessor and other assistants and who
25 shall devote his entire time throughout the year to the work of
26 the office. The salary of such assistant shall be fixed by the
27 county court and shall not exceed two hundred dollars per month
28 but which shall in no event exceed the amount paid to the assessor.

Sec. 8. The assistant assessors, including the "transfer" and
"office assistants," shall be appointed by the assessor with the advice and consent of the county court, and may be removed at any time in the discretion of the assessor. They shall take the same oath of office as that prescribed for the assessor. Vacancies occurring from any cause in the office of any assistant assessor shall be filed by the assessor.

Sec. 11. The authority and duty of the assessor elected for
2 each county shall extend to the limits of his county.

Sec. 12. All property, both real and personal, in any county,
2 whether it be assessed by the assessor, assistant assessor or by the
3 board of public works, or any other person or officer or tribunal,
4 after July first, one thousand nine hundred and twenty-one, shall
5 be assessed as of the first day of January at its true and actual value,
6 (that is to say, at the price for which such property would sell if
7 voluntarily offered for sale by the owner thereof, upon such terms
8 as such property, the value of which is sought to be ascertained,
9 is usually sold, and not the price which might be realized if
10 such property were sold at a forced sale). It shall be the duty
11 of the assessor in each county to assess the value of all real estate
12 annually in said county as well as the value of all personal prop-
13 erty therein, at the true and actual value. If at any time after
14 the beginning of the assessment year, it be ascertained by the state
tax commissioner that the assessor or his assistant, of any county
is not complying with this provision or that he has failed, neg-
lected, or refused, or is failing, neglecting or refusing after five
days notice to list and assess all real and personal property therein
at its true and actual value, as in this section provided, the state tax
commissioner may order and direct a re-assessment of any or all of
the property in any county, district or municipality, where any as-
"nsessor, or assistant, fails, neglects or refuses to assess the property
in the manner herein provided. And, for the purpose of making
such assessment and correction of values, in accordance with this
provision, the commissioner may appoint one or more special asses-
sors, as necessity may require, to make such assessment in any such
county, and any such special assessor or assessors, as the case may
be, shall have all the power and authority now vested by law in
assessors, and the work of such special assessor or assessors shall
be accepted and treated for all purposes by the county boards of re-
view and equalization and the levying bodies, subject
to any revisions of value on appeal, as prescribed in
section one hundred and twenty-nine, as the true and lawful
assessment of that year as to all property valued by him or them.
The state tax commissioner shall, with the approval of the board
of public works, fix the compensation of all such special
assessors as may be designate by him, which, together
with their actual expenses, shall be paid out of the county fund by
the county court of the county in which any such assessment is
ordered, upon the receipt of a certificate of the state tax commis-
"ioner filed with the clerk of the court showing the amounts due
and to whom payable, after such expenses have been audited by the
county court.

Any assessor who knowingly fails, neglects or refuses to
assess all the property of his county, as herein pro-
vided, shall be guilty of malfeasance in office, and upon conviction
thereof he shall be fined not less than one hundred dollars nor
more than five hundred dollars, or imprisoned in the county
jail not less than three nor more than six months or both, in the
discretion of the court, and upon conviction, his office shall ipso
facto, be vacated.

Sec. 14. On the first day of January, in each year, the assessors
and their assistants shall begin the work of assessment in their
respective counties, and shall from that date, diligently and
continuously pursue with all reasonable dispatch their work of
assessment until the same is completed; provided, however, that
the assessor and his assistants shall finish their work of assess-
ment, and complete the land and personal property books not later
than the twentieth day of May. Beginning on the first day of Jan-
uary, as aforesaid, each assessor and assistant shall call upon every
person in the territory, appointed to such assessor and assistant, who
is liable to assessment, and thereupon such person shall furnish
to said assessor, or his assistant, a full and correct description of all
of the real estate and personal property of which he was the owner
on the first day of January of the current year, fixing what he
deems to be the true and actual value of each item of property.
both real and personal, for the guidance of the assessor, who shall
finally settle and determine the actual value of each item of such
property by the rule prescribed in section twelve of this chapter;
such person shall also, at the same time, make separate, full and
true statements, in like manner, and upon similar blanks to be
delivered him, distinctly setting forth in each a correct descrip-
tion of all the property, real and personal, held, possessed or con-
trolled by him, as executor, administrator, guardian, trustee, re-
ceiver, agent, partner, attorney, president or accounting officer
of a corporation, consignee, broker, or in any representative or
fiduciary character, and he shall fix what he deems the true and
actual value thereof to each item of such property which valuation
shall be subject to revision and change by the assessor in like
manner as property owned by such person in his own right; a
provided, however, that no person shall be compelled to furnish
the list mentioned in this section sooner than the tenth day of
January of the current year.

Sec. 25. When the assessor shall ascertain that any land or
personal property in his county liable to taxation has been omitted
from the land or personal property books for a period of less than
five years, he shall make an entry thereof in the proper book and
of the name of the owner, in the land books of the year in which
said omission was discovered, and of the personal property books for
the current year, and assess the same at its true and actual value
according to the rule prescribed in section twelve of this chapter,
and shall charge the same with all taxes chargeable against it at
the rate of levy for the year or years the same was omitted, to-
tgether with interest thereon at the rate of six per centum per
annum for the years the same was omitted from the books. Any assessor failing to make such entry, when discovered by him, or called to his attention by any taxpayer interested therein, shall forfeit twenty dollars.

Sec. 42. No new building, addition or improvement shall be assessed until it is so far finished as to be fit for use, but the material in the same shall be entered in the personal property books and assessed as provided by this chapter. Any assessor who refuses to comply with this or any of the preceding sections shall forfeit fifty dollars.

Sec. 53. While making such assessment, it shall be the duty of the assessor and assistants to see every person in his county who is liable to taxation therein upon property or capitation, and obtain from him the sworn statement of his personal property, but it shall likewise be the duty of every person liable to taxation to make a report of his property to the assessor, whether called upon to do so or not; he shall at the same time collect from every male person, over the age of twenty-one years, a capitation tax of one dollar for the support of free schools, and shall also collect the road capitation tax from all persons liable therefor, and deliver to such person a receipt therefor; in case any person liable to taxation shall fail or refuse to pay such capitation, the assessor shall levy upon and take into his possession property or effects of the delinquent sufficient to pay said capitation taxes and the cost of levy and sale; the assessor shall have, as to said capitation taxes, the same powers of levy and sale and of collection as is vested in the sheriff for the collection of taxes and he shall be entitled to the same fees; the assessor shall, not later than the fifteenth day of each month, turn over to the auditor all capitations collected by him during the previous month and not paid over, less commissions of ten per cent, to which the assessor shall be entitled for collection; he shall also at the end of each month turn over to the sheriff all capitations collected for district road purposes and not paid over. At the levy term of the county court the assessor shall make report to said court of all capitations collected for state school purposes, and all capitations collected for district road purposes, the names of those from whom collected, the names of all delinquents, and the cause of delinquency in each case; the said report shall be verified by the affidavit of the assessor; said assessor shall not thereafter for the year have
authority to collect capitations, but a copy of said report shall be
by the county court turned over to the sheriff, who shall forth-
with proceed to collect all capitations remaining unpaid whether
or not they appear upon said report; the assessor shall be charged
by the county court with all delinquencies appearing in his said
report, and likewise with all delinquencies not reported by him
but afterwards ascertained or reported by the sheriff, or ascer-
tained in any other way, and credited with all collections on that
account made and paid over to the sheriff; he shall also be credited
with such delinquencies as the county court shall be satisfied
could not have been collected either by the assessor or sheriff, by
the exercise of due diligence, and in case the sheriff shall fail to
use due diligence in the ascertainment and collection of such
delinquencies, he and his sureties, on his official bond, shall be
liable to the assessor for all damages sustained by him, on that
account; the assessor shall, in addition to other bonds required of
him, give bond in a penalty to be fixed by the county court, of
not less than four thousand dollars nor more than twenty thousand
dollars, and conditioned for the faithful performance of his duties
under this chapter.

It shall be the duty of the state tax commissioner to prepare
and furnish to the assessors all tickets, blanks and forms necessary
for the purpose of this section; the tickets so furnished for each
county shall be numbered consecutively, and the assessor shall
account for each ticket furnished him, as well as for the taxes
collected.

Any assessor, assessors or assistant assessors failing to account
for and to turn over, within the time herein fixed any money or
moneys collected by them under the provisions of this section, shall
be guilty of embezzlement.

Sec. 59. Every assessor shall ascertain and list for taxation all
white and colored persons over the age of twenty-one years,
residing in the county on the first day of the assessment year, and
not exempted by the county court from taxation on account of
bodily infirmity, and shall include in the said list all persons
who remove into said county between the first day of the assess-
ment year and the time the assessor's books are made out; but
persons who pay the capitation tax in one county shall be exon-
erated from paying the same in any other for that year, but as
Sec. 93. As soon as possible after the board of public works shall have procured the necessary information to enable it to do so, and, at the latest, before the first day of June, said board shall proceed to assess and fix the true and actual value of all property of said owner or operator hereinbefore required to be returned, so far as the said board has been able to ascertain the same, in each county through which the railroad, car line, cars, express, telegraph telephone or pipe line of any such owner or operator runs, and in which any property to be assessed is located. In ascertaining such value the board shall consider the return, if any, made by the owner or operator, and any return which may have been previously made by such owner or operator, and all the evidence and information it has been able to procure by the means aforesaid, and such as may be offered by such owner or operator. When the board of public works has assessed any property hereby required to be returned, and has determined the valuation thereof, such assessment and valuation shall be entered of record in the book of minutes of its proceedings, and shall be certified by the secretary of the board to the auditor. Nothing in this chapter contained shall be construed to require the assessment by the board of public works of any part of the railroad, telegraph, telephone or pipe line until such part is so far completed as to be fit for use. But material held by any railroad, telegraph, telephone or pipe line company shall be returned to the board of public works for assessment as personal property. As soon as such assessment is made, the secretary of the board shall notify the owner or operator affected thereby of the amount thereof by written notice deposited in the postoffice, addressed to such owner or operator at the principal office or place of business of such owner or operator. Such assessment and valuation shall be final and conclusive, unless the same be appealed from in the manner following, within thirty days after such notice is so deposited.

Sec. 108. From the information obtained, as aforesaid, the assessor shall proceed to make up his personal property book as follows: He shall enter therein the names and postoffice addresses of the owners of personal property and of other persons liable to capitation tax, alphabetically arranged by districts; and op-
6 postle the name of each person, in separate columns, the persons 
7 and subjects of taxation with which he is chargeable; that is to

9 the age of twenty-one, not exempt from taxation on account of 
10 bodily infirmity; (b) the number of colored male and female

26 or as tangible personal property of any incorporated company, 
27 shall not be enumerated under items g, h, i, j, k, or o); (p) the 
28 value of all tangible personal property of any incorporated com-

The state tax commissioner, secretary of state, state auditor and state treasurer shall be ex-officio members of and constitute said commission. The state tax commissioner shall be chairman and the secretary of state, secretary of said commission. A minute record shall be kept by said commission, in which shall be entered a record of all of its proceedings.

Section 2. The commission is hereby authorized to employ an assistant secretary and such other employees as may be necessary to carry out the purposes of this act, who shall hold their positions at the pleasure of the commission. All expenses incurred by the commission in the administration of this act, including traveling expenses, when absent from the capital and engaged in the business of the commission, shall be paid as other claims against the state out of any appropriations made by the legislature for such purpose.

Section 3. It shall be the duty of the state sinking fund commission to administer all interest and sinking funds required for the bond issues of the several counties, districts, school districts, independent school districts and municipalities of the state.
Sec. 4. It shall be the duty of said commission to keep all sinking funds, under its control, invested. The sinking fund shall be first invested in the taxing districts' own bonds, if the same are available for purchase. If no such bonds can be purchased for investment or retirement, then it shall be the duty of the commission to invest the sinking funds in bonds issued by other taxing districts of the state. Provided, however, that the bonds so purchased mature before the bonds mature for which the sinking fund was created. Before any bond shall be purchased by said commission, either for investment or retirement (unless the same mature according to the condition of the bond), the purchase must be authorized by a recorded vote of said commission, showing the approval of three-fourths of all the members. No bond shall be purchased at a greater rate than par and accrued interest. The interest fund shall be used for the purpose of paying the interest on the outstanding bonds as the same falls due.

Sec. 5. Separate accounts shall be kept for each bond issue of each taxing district of the state, showing in detail all receipts and disbursements. Every six months, said commission shall render to each taxing district of the state, having outstanding bonds, a statement showing the condition of its interest and sinking funds, together with all receipts and disbursements of the preceding six months. At the same time the commission shall render to the taxing district the coupons and bonds paid, which have been cancelled. All bonds purchased by the commission as an investment for the funds shall remain in the custody of the state treasurer, until the same mature and are cancelled.

Sec. 6. The commission shall, annually, at least thirty days before the time for making up the estimate for levy purposes, render to each taxing district having outstanding bonds, a statement showing the levy required to pay the interest on and create a sinking fund for the retirement of the district's outstanding bonds.

The officers of each taxing district having outstanding bonds or issuing bonds shall make reports relating thereto to the state sinking fund commission, in the manner and form prescribed by the chief inspector and supervisor of public offices.

Sec. 7. All interest or interest coupons and bonds (at their maturity) of the several taxing districts of the state shall be payable at the office of the state treasurer out of the fund provided by section eight of this act.
Sec. 8. All interest and sinking funds on hand July first of each year and belonging to the counties, districts, school districts, independent school districts or municipalities of the state, shall be by the treasurer or collector thereof, not later than the following December, deposited in a state depository within the county or within the district or municipality, if there be a state depository therein, to the credit of the state. Provided, however, that one-half of all interest and sinking funds on hand July first, nineteen hundred and twenty-one, shall be so deposited in a state depository not later than the following December, and the balance not later than the following June.

Whenever the amount deposited to the credit of the state for any taxing district is not sufficient to meet the interest falling due, it shall be the duty of the treasurer or collector of said taxing district to remit a sufficient amount, of interest and sinking funds that may be in his hands, to meet the interest then due upon being notified of the fact by the state sinking fund commission.

Interest and sinking funds, collected by state officers on account of the bond issues of the taxing districts of the state, shall be paid into or placed to the credit of the state interest and sinking fund at the same time as other taxes are paid to the taxing districts.

The state auditor and state treasurer shall carry an account to be known as the state interest and sinking fund. All of said deposits shall be carried as a part of said fund.

Sec. 9. It shall be the duty of every county, district, school district, independent school district or municipality issuing any bonds to offer the same in writing to the state sinking fund commission, prior to advertising the same for sale, and the state sinking fund commission shall, within twenty days after receiving such offer, accept the same and purchase said bonds or any portion of same at par and accrued interest or reject such offer. Provided, however, that nothing in this act shall prohibit the state board of public works from purchasing bonds as an investment of the workmen’s compensation fund as provided by the workmen’s compensation act. The offer to and the acceptance by the state sinking fund commission shall be contingent to the right of the board of public works to first purchase.

Sec. 10. This act shall not apply to any bond issue in this state heretofore made, wherein the ordinance or order of the taxing
3 body issuing the same contains a provision, conditioned by the
4 bond, for a special administration of the interest and sinking
5 funds, which would be inconsistent with the provisions of this
6 act.
7 All acts or parts of acts inconsistent with this act are hereby
8 repealed.

or for such special road fund levy, as the case may be. The order
of said board of commissioner's submitting such proposition shall
contain a summary of the engineer's report herein provided for setting
forth the approximate extent and estimated cost of the proposed
improvement, the kind and class of work and materials to be used,
the valuation of all the property of the county of Ohio as shown
by the last assessment thereof for purposes of taxation, and the existing county bonded indebtedness. Such order shall specify the work for which the money to be raised by the sale of bonds or the laying of a special road fund levy is to be appropriated, and shall provide that no part of the proceeds of such bonds or levy shall be used for any other purpose than the improvement specified in such order. The said board of commissioners of the county of Ohio shall cause a vote to be taken throughout the county of Ohio upon the question of such bond issue or such special levy at the succeeding general election for state and county officers, or at any special election which is first held in the county after such vote is ordered taken; or, if the petition so specifies, the said board shall order a special election for the purpose within ninety days from the certification of the engineer's report herein provided for; but such order for any election on the question of a bond issue or a special road fund levy together with a summary of the engineer's report herein provided for, shall be published throughout the said county in the following manner
The clerk of the said board of commissioners shall cause as many copies of such order to be made or printed as may be necessary, and sign the same; he shall forthwith post one in a conspicuous place in his office, and one at the front door of the court house. The board of commissioners shall direct a copy to be published once each week for four consecutive weeks prior to the date of said election in two newspapers of opposite politics, if such there be, published in said county of Ohio.

Sec. 2. A vote shall thereupon be taken and the result ascertained under the regulations prescribed for a general election of county and district officers; or, if the vote is taken at a special election ordered for the purpose, the same shall be held by commissioners appointed for the purpose by the said board of commissioners of the county of Ohio at the time said election is ordered, and the result shall be ascertained and certified according
8 to the regulations prescribed by law for ascertaining and certifying the election of county and district officers; provided, however, that if the vote is taken at a special election called for that purpose, the same shall be held and conducted by single election boards.

13 Should the proposition of issuing said bonds or laying said special road levies be submitted to a vote at a special election, there shall be written or printed on the ballots used in such election a brief statement of the question submitted, such as:

17 “Special election to authorize a bond issue for the construction of (insert a brief description of road and the location thereof), according to the order of the board of commissioners of the county of Ohio, entered on the ........ day of ........”;

21 and directly underneath, in two separate lines shall be printed the words:

For Bond Issue

Against Bond Issue,

25 And there shall also be printed on the ballot a brief statement setting forth the maximum rate of levy necessary in each year to pay the interest and provide a sinking fund for the discharge of the principal of said bonds at maturity; such as “To authorize a maximum special bond levy of ........ cents on each one hundred dollars property valuation to pay the interest on, and ........ cents on each one hundred dollars property valuation to provide a sinking fund for the discharge of the principal of the bonds now being voted for according to the order of the board of commissioners of the county of Ohio, entered on the ........ day of ........”; and directly underneath in two separate lines, shall be printed the words:

For the Levy

Against the Levy

37 And in case of an election on a special road fund levy proposition there shall be written or printed on the ballots used in such election a brief statement of the question submitted, such as:

43 “Special election to authorize a special road fund levy of ........ cents annually for a period of not to exceed ........ years, according to the order of the board of commissioners of the county of Ohio, entered on the ........ day of ........”; and directly underneath in two separate lines, the words:
For Special Road Fund Levy
Against Special Road Fund Levy.

Should the proposition of the issuance of any such bonds, or the laying of any such special road fund levies, be submitted to vote at any general election, a separate ballot shall be provided, which ballot shall contain the same statements as provided herein for ballots in case the vote should be taken at a special election called for the purpose, excepting the words "special election."

If it shall appear by said poll that not less than three-fifths of the voters of the county, who voted upon the proposed issuance of the bonds or the proposed special road fund levy, have voted in favor of the same, the said board of commissioners of the county of Ohio shall then have authority to issue the amount of the bonds or to lay the levy as voted in the name of the county, and provide for the payment of such bonds by taxation on the county, or to lay such levies as the case may be.

The said board of commissioners of the county of Ohio shall have authority to issue and shall issue, as provided by law, said bonds for and in the name of said county, and shall make provision for the payment of same, principal and interest, by said county of Ohio, as is specified in the order under which said vote is taken, or shall lay such special levy on all the taxable property of said county, as the case may be.

The president of the board of commissioners of the county of Ohio shall have power when so directed by the board, by an order entered of record therein, to execute, sell and deliver the bonds of said county, and receive the proceeds therefrom, and said bonds shall be valid and binding on said county of Ohio when signed by the president of said board of commissioners and countersigned by the clerk thereof, with the seal of the county attached thereto.

All bonds issued hereunder shall be of the denomination of one hundred dollars or multiples thereof not exceeding one thousand dollars; they shall be payable not less than one nor more than thirty-four years after date, and shall not bear more than six per cent interest, payable annually or semi-annually. It shall be unlawful for the board of commissioners of the county of Ohio and for the officers thereof to privately issue or sell directly or indirectly any bond or bonds issued hereunder
or by virtue thereof; but all such bonds shall be publicly sold to the highest bidder in writing to be approved by the said board, for cash or its equivalent, and before any sale of such bonds, such sale shall be advertised in some newspapers, not exceeding four, published in or out of said county of Ohio, once a week for four weeks previous to said sale; none of said bonds shall be sold at less than their par value.

Sec. 3. The proceeds of any such bond issue or of any such special road fund levy shall constitute a fund to be expended by the board of commissioners of the county of Ohio for the purpose specified in the order of said board under which the vote on any such bond issue, or any special road fund levy, was taken, and for no other purpose. After the issuance and sale by the said board of commissioners of any such bonds as are mentioned herein, the said board shall each year thereafter lay a levy sufficient to pay the annual interest on said bonds, and to create a sinking fund sufficient to retire the principal of the same.

Sec. 4. Legal voters of the county of Ohio numbering not less than twenty-five per cent of the legal voters of said county (such percentage to be based on the total vote cast for governor at the last preceding general election) may sign a petition praying for the building of a road or roads, bridge or bridges, or both road and bridge, in any of the territory of the county of Ohio, including the territory embraced within the corporate limits of the city of Wheeling, in said Ohio county, and praying that the board of commissioners of the county of Ohio lay a special levy in addition to all other levies allowed by law, on all the taxable property in the county of Ohio, of not to exceed fifteen cents on each one hundred dollars assessed valuation for the year the levy is laid, for a period of years not to exceed five, for the purpose of building any such road or roads, bridge or bridges, or road and bridge, as are described in such petition, and file such petition with the clerk of the board of commissioners of the county of Ohio. Such petition shall contain a statement specifying the road or roads, bridge or bridges, or road or bridge, as the case may be, to be built or improved, and shall also contain a statement specifying the general character and construction of any such proposed bridge and the material or materials of which the same shall be constructed, and shall specify the route or routes of any such proposed road or roads and the general construction and materials to be used in building
same, and a prayer for the laying of a special levy in addition to all other levies allowed by law, on all the taxable property in the county of Ohio, of not to exceed fifteen cents on each one hundred dollars assessed valuation for the year the levy is laid, for a period of years not to exceed five, for the purpose of building any such bridge or bridges, road or roads, or bridge or road, as the case may be. Upon the filing of such petition with the clerk of the said board of commissioners, the said board of commissioners shall determine whether the improvements prayed for shall be made or constructed, all of which shall be in the discretion of said board, and should the board elect to make the improvements prayed for then the board shall without delay instruct the county engineer, or some other engineer specially employed by it, to make an investigation and to report to said board a plan of construction and an estimate of the probable cost of the proposed road or roads, bridge or bridges, or both bridge and road as the case may be, and upon approval of such proposed plan and estimate by the said board of commissioners, the said board shall enter an order setting forth a summary of the engineer’s report herein provided for, and also setting forth the probable cost of the proposed improvement, the kind and class of work and materials to be used, and the valuation of all the taxable property of the county of Ohio as shown by the last assessment thereof for purposes of taxation; such order shall specify the work for which the money to be raised by the laying of a special levy is to be appropriated, and shall provide that no part of the proceeds of such special levy shall be used for any other purposes than the improvement specified in the order. The clerk of the said board of commissioners shall cause as many copies of such order to be made or printed as may be necessary, and shall sign the same; he shall forthwith post one in a conspicuous place in his office, and one at the front door of the court house. At the time of laying county and district levies next following the entering of the aforesaid order by the board of commissioners, the said board shall lay a special levy on all taxable property in Ohio county, in addition to all other levies allowed by law, of not to exceed fifteen cents on each one hundred dollars assessed valuation, to provide funds for the building and construction of the road or roads, bridge or bridges or both road and bridge described in the aforesaid petition and order. and, if the amount of money provided by such special

levy be not sufficient to carry out and complete such proposed im-
provements as is mentioned in the aforesaid petition and order,
then, the said board of commissioners shall, at the time of laying
county and district levies, lay a similar special levy in addition
to all other levies allowed by law, each consecutive year thereafter
for so many years as may be necessary to provide sufficient funds
for the building and completion of any such proposed improve-
ment; provided, that the total number of such annual special
levies shall not exceed five for any one proposed improvement.

The rights conferred and the powers granted by this section are
continuing, and shall not be exhausted by reason of having been
once exercised; provided, however, that not more than one special
levy may be made in any one year under the authority and by
virtue of the provisions of this section of this act.

Sec. 5. All of the provisions of this act shall be applicable alike
to all of the territory in Ohio county, including the territory em-
braced within the corporate limits of the city of Wheeling, and
any such improvement as is contemplated and provided for in this
act may be located in whole or in part within the corporate limits
of the city of Wheeling; the proceeds of any road bonds or special
road fund levies provided for by sections one, two and three of this
act, and the proceeds of any special levy or levies laid in accord-

this act, both as to the submission to the voters of the county of
Ohio, of road bond propositions, or special road fund levy proposi-

and as to the laying of special levies on the taxable property in Ohio
county without the same having been submitted to the voters of
said county, as provided for in the fourth section of this act, are
in addition to all general provisions of law relating to the issu-

Sec. 7. All acts or parts of acts in conflict with this act are
hereby repealed.

SENATE JOINT RESOLUTION No. 3.

(Adopted January 22, 1921.)

"Raising a commission to obtain plans for a new capitol building."

WHEREAS, the capitol building erected in the city of Charleston, Kanawha county, West Virginia, pursuant to an act of the legislature, being chapter fifty-eight of the acts of one thousand eight hundred and seventy-seven, passed February twenty-one, one thousand eight hundred and seventy-seven, was on the third day of January, one thousand nine hundred and twenty-nine, destroyed by fire; and

WHEREAS, the business of the state of West Virginia requires proper quarters for the purpose of conducting such business and in order that the officers and employees thereof may properly perform their duties; now, therefore, be it

Resolved by the Legislature of West Virginia:

That a commission to be composed of the board of public works of the state of West Virginia and five members of the senate, to be appointed by the president of the senate, and five members of the house of delegates, to be appointed by the speaker of the house if delegates, together with the president and speaker, be, and the same are hereby constituted a commission for the purpose of procuring plans and specifications for the erection of a state capitol building, and said commission is further instructed to take under consideration the plans suggested by Governor John J. Cornwell, in his biennial message to this legislature, relative to the erection of a state capitol building and an office building, for the proper conduct of the business of the state of West Virginia.

Provided, the said committee shall not proceed to carry into effect this resolution until after such time as the question of the re-location of the seat of government is finally determined in the regular constitutional manner.

SENATE JOINT RESOLUTION NO. 8.

(Adopted January 25, 1921)

"Requesting the senate of the United States to approve the bill providing for adjusted compensation to be paid to the soldiers of the world war."
WHEREAS, The house of representatives at the second session of the sixty-sixth congress passed H. R. No. .... providing for adjusted compensation to be paid to the soldiers of the world war; therefore, be it

Resolved by the Legislature of West Virginia:

That we respectfully request the senate of the United States to approve the action of the house in the passage of said bill at the earliest date consistent with the business of the senate. It is further

Resolved, That a copy of this resolution be forwarded by the clerk of the senate to the senators representing the state of West Virginia in the United States Senate, and that a copy also be sent to the vice president of the United States.

SENATE JOINT RESOLUTION NO. 13.

(Adopted January 26, 1921)

"Expressing it as the sense of the legislature that the seat of government should remain in Charleston."

WHEREAS, The city of Charleston is the capital of the state of West Virginia, the seat of government having been located in said city by a vote of the people in one thousand eight hundred and seventy-seven, and the mere burning of the capitol building has not had the effect to change the seat of government, but on the contrary the state government is in full operation in said city with all of its departments discharging their functions; and

WHEREAS, The city of Charleston is the capital of the state of West Virginia, which not only owns the ground upon which the capitol building stood, but also owns the handsome capitol annex, in which have been located for many years the auditor’s office, the treasurer’s office, the court rooms of the supreme court of appeals, the offices of the judges and of the clerk of said court, the law library and the department of archives and history, and also owns the land upon which is located the governor’s mansion and the offices of the board of control and other governmental offices, none of which were affected by the fire which destroyed the capitol building; and
WHEREAS, The officers of the state government and the clerks and the attaches of the various departments are all living in Charleston, many of them having moved to this city and acquired their homes there because it was the capital city, and this is true also of several of the judges, the clerk and the attaches of the supreme court of appeals; and

WHEREAS, A change in the location of the seat of government would disrupt all this, would seriously interfere with the work of the legislature, would interrupt for a long time the orderly work of the government, cause great confusion and inflict great loss and distress upon many persons, as well as tremendous expense upon the state; and

WHEREAS, If a serious effort should now be made to remove the seat of government from Charleston it would result not only in delaying the rebuilding of the capitol building, but also in a bitter and unseemly contest which would be a calamity to the state, both politically and economically, and would interfere with the important work of the legislature and probably destroy the spirit of co-operation which now exists between the different sections of the state in sustaining and cordially supporting the different public institutions of the state which have heretofore been designedly located in different sections of the state, and would set a precedent for the inauguration in the future of movements to change the locations of other state institutions which have been regarded as permanently fixed, and such a contest for the removal of the capital would be a great economic waste involving the expenditure of large sums of money; and

WHEREAS, We believe it is imperative that this question should be settled at this session of the legislature so that the work of the adjourned session in March may not be interrupted and embarrassed by the useless agitation of this matter and in order that an unseemly and disastrous contest may be avoided; be it

Resolved by the Legislature of West Virginia:

That the seat of government should not be changed, but should remain at the city of Charleston and the capitol building should be rebuilt at said city without any unreasonable or unnecessary delay, and that for good order, the peace and welfare of the state all efforts for the removal of the capital from said city should be abandoned.
SENATE JOINT RESOLUTION NO. 18.

(Adopted April 29, 1921)

"Authorizing the governor to appoint a commission to consider water power legislation looking to the development of the natural water power sites owned by the state, and to prepare a bill for such purpose for submission to the next session of the West Virginia legislature."

Whereas, It is the belief of the legislature that a law should be passed looking to the development of the natural water power sites of this state, with proper safeguards protecting the public ownership and control of such power sites, which constitute the sole remaining publicly-owned asset of the state, and which will safeguard all the other interests of the state and its people in such development; and,

Whereas, Such a law needs the most careful consideration and thought in its preparation on behalf of the state, in order to guard the public against mistakes that may be irreparable in dealing with this important subject; therefore, be it

Resolved by the Legislature of West Virginia:

That the governor is hereby authorized to appoint, on or before July first, one thousand nine hundred and twenty-one, a commission on water power legislation, to consist of five citizens of this state, at least one of whom shall be a competent civil engineer, and none of whom shall directly or indirectly be employed by or interested with any water power company, or other person or persons, who are seeking power sites in this state, or with any railroad company.

It shall be the duty of said commission upon its appointment to organize, and to give full consideration and make careful investigation as to what water power legislation ought to be passed in this state, and to submit its findings together with a draft of a proposed law on the subject, to the governor before the next session of the legislature. Said commission shall have power to employ such clerical, engineering, or other expert assistance as it shall deem necessary to the proper and efficient discharge of its duties, not to exceed in cost the sum of five thousand dollars.

It shall be the duty of the governor to transmit such report and proposed law to the legislature, with such recommendations as he shall deem proper, and to have five thousand copies of such proposed law printed for free distribution to such citizens of the state as shall
make request therefor. The governor is authorized to pay out of his 
contingent fund any necessary expense, as aforesaid, that shall be 
incurred by said commission in the discharge of its duties, which pay­ 
ments shall only be made upon itemized statements certified by the 
commission to be correct.

Section 1. A tax payable into the treasury of the state, shall be imposed upon the transfer, in trust, or otherwise, of any property or interest therein, real, personal, or mixed, of five hundred dollars or more if such transfer be
5  (a) By will or by laws of this state regulating descents and distributions from any person who is a resident of the state at the time of his death and who shall die seized or possessed of property;
9  (b) By will or by laws regulating descents and distributions, or property within the state, or within its jurisdiction, and the decedent was a non-resident of the state at the time of his death;
12  (c) By a resident, or be of property within the state, or within its jurisdiction, by a non-resident, by deed, grant, bargain, sale or gift, made in contemplation of the death of the grantor, bargainor or donor, or intended to take effect in possession or enjoyment at or after such death. Every transfer by deed, grant, bargain, sale or gift, made within three years prior to the death of the grantor, bargainor, vendor, or donor, of value of five hundred dollars, or in excess thereof, at the time of such transfer in the nature of final disposition, or distribution of an estate, and without adequate valuable consideration, shall be construed to have been made in contemplation of death within the meaning of this chapter. This provision shall apply to all transfers hereof made within the period of three years from the time this act becomes effective;

such appointment relates belonged absolutely to the donee of such
power and had been bequeathed or devised by such donee by will;
and whenever any person possessing such a power of appointment
so derived shall omit or fail to exercise the same within the time
provided therefor, in whole or in part, a transfer taxable under
the provisions of this act shall be deemed to take place to the
extent of such omission or failure, in the same manner as though
the person thereby becoming entitled to the possession or enjoy-
ment of the property to which such power related had succeeded
thereto by a will of the donee of the power failing to exercise such
power, and shall take effect at the time of such omission or fail-
ure.

13 tion two, shall be exempt from all taxes under this chapter, a tax
14 upon the excess of the exemptions up to fifty thousand dollars,

18 represent, per stirpes, and not per capita.

Sec. 6. The provisions of this act shall apply to the transfer
2 of the following property belonging to deceased persons, non-
3 residents of this state, which shall pass by will or inheritance
4 under the law of any other state, or country, and such property

14 state.

16 tions organized and existing under the laws of any other state or
17 country and regularly admitted to transact business in this state to

19 erty actually situated in this state.
20 The transfers of property mentioned in sub-divisions (a) and
21 (b) and the transfer of shares of stock mentioned in sub-division
22 (c) of this section, after the decease of the person owning the
23 same, shall not be legal until the inheritance tax, or transfer tax,
24 has been paid into the state treasury and certificates of release to
25 that effect executed by the state tax commissioner. No corpora-
26 tion organized or existing under the laws of this state, bank or
27 trust company, having money on deposit, or other person having
28 in his possession property mentioned in said sub-division (a),
29 (b) and (c) shall make transfer thereof, unless notice of the time
30 of such intended transfer is served upon the state tax commis-
31 sioner at least fifteen days prior to such transfer, or until the state
tax commissioner shall consent, in writing, thereto. Any such
corporation, bank, or trust company, or other person having in
his possession such property, before the inheritance tax is paid,
or before official consent of the state tax commissioner thereto is
obtained, shall be liable to the state of West Virginia for such
amount of inheritance tax as may be collectible upon the transfer,
together with any interest that may accrue thereon and in addi-
tion thereto, a penalty of five hundred dollars, which liability for
such tax and interest and penalty may be enforced by a proper
action in the name of the state of West Virginia.

No corporation whose stock is subject to an inheritance or
transfer tax under sub-division (d) of this section shall permit
such stock to be transferred upon its books, after being notified
by the state tax commissioner that such stock is liable to a trans-
fer or inheritance tax, until furnished with proper evidence show-
ing the payment of any such tax, or that the same is not liable
to a tax, and any corporation violating the provisions of this sec-
ton shall be liable for the amount of any tax involved and in ad-
dition thereto a penalty of five hundred dollars ($500.00), and may
be denied authority to further transact business in this state. The
circuit court of the county in which the seat of government is
located shall have jurisdiction to enforce the provisions of sub-
section (d).

Where a deceased person was a non-resident at the time of
death, and owned property within this state, or within its juris-
diction, and also in other states, or countries, the exemptions pro-
vided for in section two-b, shall be operated according to the
value of the property in this state, or within its jurisdiction, and
the property in other states, or countries, and the person whose
duty it is under this chapter to file with the state tax commis-
sioner a report of the value and distribution of the property tax-
able hereunder, shall also include in said report the total value of
the property owned by the deceased at the time of his death.

Sec. 9. All taxes imposed by this act, unless otherwise pro-
vided, shall be due and payable ninety days after the first appoint-
ed executor or administrator liable therefor shall qualify, or with-
in four months after the death of the decedent in case letters
testimonial are not issued, and if not paid within six months
after the death of the decedent, a penalty of ten per centum of
the amount of the taxes shall be added, in addition to the statutory
8 interest of ten per cent which shall accrue and be determined
9 as of and from the date of the death of the decedent; provided,
10 however, that the payment of such taxes may be suspended by the
11 state tax commissioner if there be necessary litigation pending at
12 the time such taxes are due and payable, involving the estate, or
13 for other good and sufficient cause; and in case of any such sus-
14 pension the payment of the penalties hereinbefore provided shall
15 likewise be suspended; and, provided, further, that suits and ac-
16 tions brought for the purpose of defeating the payment of any such
17 taxes, penalty and interest, shall not be deemed necessary litigation
18 within the meaning of this act. In case of such suspension, the
19 taxes shall be payable at the time of the expiration of the sus-
20 pension. In all other cases, the taxes shall be paid as here-
21 provided. Interest at the rate of ten per centum per an-
22 num shall be charged and collected upon all taxes and penalty im-
23 posed after the expiration of the six months aforesaid, and in
24 fixing said tax the state tax commissioner shall, in his discre-
25 tion, determine proper deductions.

Sec. 16. If within sixty days from the death of any person
2 whose estate is liable to an inheritance tax under this chapter, the
3 appraisement of any such estate is not completed and filed in
4 the manner now provided by law for the appraising of estates,
5 then the state tax commissioner shall have authority to appoint
6 an appraiser for the purpose of appraising any such estate; pro-
6 vided, however, that the state tax commissioner shall have the
7 right of appeal to the circuit court of the county in which the
8 estate is located where an appraisement is made by the apprais-
9 ers appointed by the county court of said county for such pur-
10 poses, and the valuation of any such estate as fixed by the circuit
11 court upon appeal shall be the value upon which the tax com-
12 missioner shall assess the taxes under this chapter. It shall be the
13 duty of said appraiser, and he shall have the power, to appraise and
14 fix a value upon all property subject to the tax provided in this act,
15 which shall be the market value of the property appraised. Such
16 appraiser shall give notice to the executor, administrator, trustee,
17 or other person, whose duty it is under this act to pay the tax due
18 and collectible hereunder, of the time and place of any appraises-
19 ment to be made by him; and the posting of any such notice to
20 any such person in due course of mail, at his last known post office
21 address, stating the time and place he will sit to appraise any such
property, shall be sufficient. He shall at such time and place, 
unless a different time and place be agreed upon, appraise the 
property in the manner herein prescribed; and for the purpose of 
obtaining information concerning the quantity and the amount of 
any estate, or touching the value of any property to be appraised, 
said appraiser is authorized to take evidence and to issue subpoenas 
for and to compel the attendance of witnesses before him, to ad-
minister oaths, and to take the testimony of witnesses under oath 
concerning the quantity and amount of such property, and the 
value thereof. Such appraiser shall make report of his findings 
and the values fixed by him, in writing to the state tax commis-
sioner, together with the depositions of any witnesses examined by 
him, and such other facts in relation thereto as the state tax com-
missioner may require. The value of the property thus appraised, 
except as hereinafter provided, shall be the value upon which the 
inheritance tax under this act shall be collected; but before the fix-
ing of the tax, as provided in this act, shall be made, the value so 
fixed by the appraiser shall be approved by the state tax commis-
sioner, who shall thereupon furnish his certificate in writing 
to the executor, administrator, or other person whose duty it is to 
pay the taxes under this act, by mailing same to his last known 
post office address, of the appraised value of such property, the 
taxes assessed thereon, as fixed and approved by him. If the 
owner or personal representative of the estate appraised desires to 
take an appeal from the value fixed by the appraiser and approved 
by the state tax commissioner, as hereinafter provided, he may 
have the evidence taken at any hearing before the appraiser tran-
scribed and certified by him to the circuit court of the county in 
which the seat of government is located which the court shall have 
jurisdiction to hear and determine such appeal upon the record so 
certified. Either party shall then have the right of an appeal to 
the supreme court of appeals.

The appraisers shall receive a reasonable compensation for their 
services, which shall be fixed by the state tax commissioner and 
paid out of the taxes collected under this act. He shall in addi-
tion thereto be allowed his actual necessary travelling expenses 
incurred while engaged in the performance of his duties here-
under. He shall also have necessary stenographic and clerical 
help, the same to be employed by the state tax commissioner and 
paid out of taxes collected under this act.
62  Every executor, administrator or trustee of any estate subject
63  to the payment of the transfer tax hereunder, shall, within sixty
64  days after the death of the decedent, file with the state tax com-
65  missioner, under oath, a complete inventory or statement, listing
66  and showing all of the property, both real and personal, belong-
67  ing to any such estate, and the full, true and actual cash value
68  thereof, together with the names and addresses of all the bene-
69  ficiaries of any such estate, and the degree of relationship each
70  bears to the decedent. Any person failing to comply with the
71  provisions of this chapter shall be guilty of a misdemeanor and
72  upon conviction thereof shall be imprisoned for not exceeding six
73  months or fined not less than ten dollars and not to exceed five
74  hundred dollars, or may be both fined and imprisoned within the
75  limits herein prescribed.
76  All acts and parts of acts coming under the purview of this act
77  and inconsistent herewith are hereby repealed.
