PROCLAMATION

OF

HIS EXCELLENCY, THE GOVERNOR,

CALLING THE LEGISLATURE OF WEST VIRGINIA TO CONVENE IN EXTRAORDINARY SESSION ON NOVEMBER 21, 1933, AND ALSO STATEMENT SENT MEMBERS OF THE LEGISLATURE AND GIVEN TO THE PRESS BY HIS EXCELLENCY AT THE TIME HE ISSUED SAID PROCLAMATION.

STATE OF WEST VIRGINIA
EXECUTIVE DEPARTMENT
CHARLESTON

A PROCLAMATION

BY THE GOVERNOR

I, H. G. Kump, Governor of the State of West Virginia, by virtue of the authority conferred on me by section seven of article seven of the Constitution of this State, do hereby call the Legislature of West Virginia to convene in extraordinary session at two o’clock on the afternoon of the twenty-first day of November, one thousand nine hundred thirty-three, for the following purposes:

First: To enact enabling legislation under the “Tax Limitation Amendment” in order that taxes may be levied, collected and disbursed, and that regulations may be provided therefor.

Second: To enact legislation providing and appropriating additional revenue to effect:
1. The continuation of orderly government in counties and municipalities, and
2. The support of free schools.

Third: To provide and appropriate additional revenue for temporary supplemental aid and unemployment relief for the duration of the present emergency.
Fourth: To enact legislation for the relief of municipalities by:
1. Simplifying municipal government,
2. Authorizing the transfer of funds levied for special purposes to general purposes,
3. Providing additional sources of revenue, including business licenses and registration fees for motor vehicles owned in municipalities, and
4. Authorizing the promotion of self-liquidating projects and the borrowing of funds for this purpose from federal, state and private agencies.

Fifth: To enact general legislation to meet the unprecedented problems of local subdivisions and to create agencies for raising and distributing revenue in order to aid local services and to relieve local debt.

Sixth: To enact legislation to protect our citizens against the unnecessary loss of their property through the foreclosure of liens, and to enact measures co-ordinating and co-relating state statutes with federal statutes of like import.

Seventh: To enact legislation authorizing governing boards of state educational institutions and county boards of education to promote educational projects through the construction of buildings and the provision of other facilities; and to borrow funds for these purposes from any federal, state or private agency.

Eighth: To authorize the more efficient utilization of state property and to supply deficiencies in appropriations for state boards and institutions.

Ninth: To provide and appropriate funds to match federal grants in aid.

Tenth: To enact legislation redistricting the state, providing for the apportionment of representation in the House of Representatives in the Congress of the United States and for the apportionment of representation in the House of Delegates and the Senate of the State of West Virginia.

Eleventh: To enact legislation defining the offense and fixing the penalty for the crime of kidnapping.

Twelfth: To propose constitutional amendments to harmonize the provisions of the Constitution and the amendments thereto.
Thirteenth: To consider and act upon the revocation and withdrawal of the constitutional amendment and enabling act thereunder proposed at the regular session of the Legislature, one thousand nine hundred thirty-three, for the repeal of the "State Prohibition Amendment," and to propose another constitutional amendment in lieu thereof.

Fourteenth: To make the necessary appropriations of public moneys to pay the expenses of this extraordinary session and to provide funds for the administration of laws enacted.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State to be affixed.

Done at the Capitol in the City of Charleston, this second day of November, in the year of our Lord, one thousand nine hundred thirty-three and of the State the Seventy-First.

By the Governor:
H. G. KUMP,

Secretary of State.
in splendid achievement. No doubt you will return to the problems that perplexed you last spring with something of languishing hopes. I approach them with fatigue, but your confidence is unshaken and, therefore, I do not despair.

The situation is now more technical and difficult than before but we must not yield the ground that has been gained, nor will we willingly permit the change of our state from a sound governmental unit to a humiliated receivership.

Therefore, I call you together at this time to counsel with me as to what can be done to restore and sustain orderly government, preserve the security of our people and maintain our free institutions.

Apparently we have deprived ourselves of all constitutional guarantees of local government, or, at best, so beclouded their status as to make them meaningless as legal guides. Indeed, it is suggested that there is "no prejudice to the people, if some governmental units do fail," and that the "Tax Limitation Amendment" authorizes the "alteration or even termination of any constitutional unit or scheme which cannot survive under the reduced levies." It is believed that these suggestions were not intended to mean what the language imports, but they accentuate the dangers that impend. Life, liberty, property and the pursuit of happiness, depend upon efficient government and effective administration.

Let it be observed now and here, that the limited levies provided in the "Tax Limitation Amendment," are sufficient for current governmental needs but they are not sufficient for such needs and also to pay for the extravagance, waste and folly of recent years.

In a general way the situation seems to be this: In 1931 the total levy on general property for state and local purposes other than debt services was some $42,000,000.00. Under H. B. 314 the maximum property tax which could possibly be levied for the same purposes was $25,000,000.00. This was the maximum available. Actual governmental needs would not have required the full amount. This represented a reduction of some 40 per cent throughout the state at large and preserved the spirit and purpose of the "Tax Limitation Amendment."

In 1931 the public utilities of the state paid $12,500,000.00 of the general property tax for state and local purposes other than debt
services—some 34 per cent of the total. Under your legislation of last spring they were to contribute $9,300,000.00 of the $25,000,000.00 available—some 38 per cent of the total. To make up the saving that the “Tax Limitation Amendment” gave to them, the public utilities were made liable for an additional $3,500,000.00—one-third of all indirect taxes under the general revenue bill.

It is impossible to approximate the decrement in the revenue under the Court’s interpretation of the Amendment until the effect, or incidence, thereof can be ascertained, but it is believed that such decrement will amount to approximately one-third of the total direct property tax. According to the figures provided by the Tax Commissioner’s office, it appears that public utility property tax for the year 1933, will be reduced $2,994,731.00 by such interpretation, from the amount such utilities would have paid under the approved levies in accordance with H. B. 314. This assumes that the state tax amounting to $1,143,795.00 is outside the limited levies. If the state tax is within the limited levies, then such savings to public utilities is $4,138,526.00. This is only one item of the amount that must be replaced or absorbed in reduced services. It illustrates our problem.

The Federal Emergency Relief Administration calls upon West Virginia to provide approximately $500,000.00 a month for human relief to supplement federal allocations therefor.

The extent of indirect taxation necessary to balance such a loss and to provide this relief, staggers the imagination. Furthermore, such indirect taxation is confused in a maze of legal uncertainties, making accurate estimate impossible.

The first item of the call has to do with the enabling legislation under the “Tax Limitation Amendment” and to authorize the levy, collection and disbursement of taxes. This involves the amendment of H. B. 314, passed at the last regular session of the Legislature, making it conform to the “Tax Limitation Amendment” as interpreted by the Supreme Court of Appeals.

When H. B. 314 was drafted it was believed to embody not only the best, but, the only practicable, solution of the problems presented by the “Tax Limitation Amendment.” Every painstaking care was exercised to preserve the intent of the amendment. Home-
owner, farmer, laborer and small business man, loomed large in this legislation and savings of from 40 to 60 per cent in property taxes were secured to farm and home. That is but simple justice. Now, this legislation must be completely altered and myriads of legal questions involved in a strange tax system to be set up will require your most patient attention. The second and third items of the call, namely; providing additional revenue for the continuation of orderly government in counties and municipalities; the support of free schools, and supplemental aid for unemployment relief, merge, largely, into the first item. The amendment of H. B. 314 to conform to the ruling of the Court is simple enough but the effect thereof, if the constitutional guarantee of uniform and equal treatment is respected, deprives many counties and municipalities of any revenue for current governmental expenses and reduces such revenue in other counties and municipalities to such an extent that they cannot function. "There's the rub." If the debt requirements of such counties and municipalities are otherwise provided for, then, all is well. How this may be done is one of our problems. Providing revenue for human relief is another.

It is believed that the relief of stricken counties and municipalities must be effected by finding a way to release the levies impounded by kindred subdivisions burdened with debt services. We have heretofore believed that section 6, article X of the Constitution precludes the state from coming to the relief of a debt-ridden "county, city or township," but, in the extremity, when the state has permitted the governmental units within her confines to become so involved in their fiscal affairs that essential governmental functions are failing for want of revenue, I am impelled to request you to consider whether or not it is the duty of the state to extricate the local governmental units from their difficulties by providing revenue in aid of their maintenance, or debt requirements, in whole or in part. This would involve certain inequities as between localities that have wisely administered their fiscal affairs and those that have been profligate, but necessary governmental adjustments cannot always avoid some injustices.

The purposes of the fourth, fifth, sixth, seventh, eighth, ninth, tenth and eleventh items of the call require no comment. The twelfth item of the call is purposed to enable us to bring the "Tax
Limitation Amendment'' into harmony with other provisions of the Constitution and to make that instrument as a ‘‘seamless garment.’’ The purposes of the ‘‘Tax Limitation Amendment’’ must and will be preserved, but government must go on, and, we are honorable people and will pay our debts. It was the purpose of the ‘‘Tax Limitation Amendment’’ to relieve the home-owner, farmer, laborer and small business man, from the excessive burden of taxation under which they have languished to prostration. That relief has been carefully safeguarded by you, but, in order that it may remain secure, there must run along beside it a strong and effective government.

The thirteenth item of the call is intended to open the way toward modernizing the ‘‘Prohibition Amendment’’ to the Constitution and clarify its provisions.

The purpose of the fourteenth item of the call is manifest.

Many worthy suggestions and requests have been made for the inclusion in the call of other subjects for consideration, but it has seemed to me that, so far as it was possible to do so, this extraordinary session should be confined to providing the means to restore local self-government and for human relief.

The enormity of your task is apparent. The pressing problems are of the utmost difficulty—some believe them beyond adequate solution at this time. They are not of our making. We found them upon our doorstep. They are strange to the history of American legislation, jurisprudence and finance. Our responsibility is clear—it is to work them out.

The executive branch of the state government is at your command.

H. G. KUMP,
Governor.

AN ACT to appropriate public money out of the treasury for the payment of the salaries and expenses of county agricultural agents.

[Passed March 24, 1934; in effect from passage. Approved by the Governor.]

**Sec. 1.** Appropriation of sixty thousand dollars for the fiscal year ending June 30, 1934, from general fund of extension division of college of agriculture of West Virginia University for salaries and expenses of county agricultural agents; allocation to counties; additional appropriation by county courts.

Be it enacted by the Legislature of West Virginia:

Section 1. The general revenue of the state having been supplemented by Title I, "The Supplemental (Emergency) Revenue Act of one thousand nine hundred thirty-four," there is hereby appropriated for the fiscal year one thousand nine hundred thirty-four—the fiscal year one thousand nine hundred thirty-five, sixty thousand dollars out of the general fund to the extension division of the college of agriculture of West Virginia University for the payment of the salaries and expenses of county agricultural agents as provided by house bill number six, of the second extraordinary session, one thousand nine hundred thirty-three, passed March second, one thousand nine hundred thirty-four.

The director of the extension division of the college of agriculture of West Virginia University shall allocate the
15 funds appropriated by this act among the counties of the state
16 in the proportion which the farm population of each county
17 bears to the total farm population of the state. The allocation
18 to a county shall not be expended for an agricultural agent
19 or agents for that county unless the county court thereof
20 provides necessary funds for the payment of office expenses
21 and provides adequate office space. If a county court does
22 not meet the requirements for the use of the allocation made
23 for that county, such allocation shall become available for
24 distribution among those counties which have complied with
25 the requirements for allocation. Wherever the allocation for a
26 single county is so small that a county agent cannot ade-
27 quately be supported, two or more counties may, by agree-
28 ment on the part of the county courts thereof, consent to the
29 use of their several allocations for the support of agents for
30 the participating counties.
31 In case this appropriation of state funds, together with the
32 funds received from the government of the United States, is
33 not sufficient to pay the salaries of county agricultural agents,
34 a county court is authorized to appropriate out of the general
35 fund of the county a sufficient amount to supplement the
36 allocation of state funds for the payment of the salary of
37 such agent or agents.
38 If any part of this act is, for any reason, held unconstitu-
39 tional, the decision of the court shall not affect the validity of
40 any of the remaining portions.
41 All existing provisions of law inconsistent with this act are
42 hereby repealed.

structures or buildings, for students, teachers, patients, in-

control; legislative finding of financial emergency.

SEC. 29. Bonds for construction, etc., to
be paid from fees and charges; revenues pledged to provide

Be it enacted by the Legislature of West Virginia:

That sections twenty-nine and thirty-one, chapter nine,

and the same are hereby, amended and reenacted, and that article
one of chapter twenty-five of the code of West Virginia, one thou-

of control, be, and the same is hereby, amended by adding thereto
a new section to be known and numbered section twenty-four-(a)
to read, as follows:

Section 24-(a). The state board of control, within its discre-

and the provisions, and limitations thereof, of sections twenty-four, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-one, thirty-two, thirty-three and thirty-four, inclusive, respectively, and any and all amendments thereof, of article one, and amendments thereto, of chapter twenty-five of the code of West Virginia, one thousand nine hundred thirty-one, shall be applicable thereto. This section is deemed necessary for the purpose of providing additional revenue for temporary supplemental aid and relief of unemployed persons and it is hereby declared that the present economic depression has created a serious emergency due to widespread unemployment and increasing inadequacy of state and local relief funds, resulting in the existing or threatened deprivation of a considerable number of families and individuals of the necessities of life, making it imperative that relief be furnished to needy and distressed people.

Sec. 29. Whenever bonds are issued for the construction, erection or equipment of dormitories, homes or refectories, or for the improvement or equipment of existing dormitories, homes or refectories, or for any or all of such purposes, as joint or several projects, for which a single or several issues of bonds may be issued within the discretion of the state board of control, rents, fees and charges shall be fixed, charged and collected in connection with the use or occupancy of, or service to be thereby rendered and furnished by, such dormitories, homes or refectories, and shall be so fixed or adjusted, in respect of the aggregate of rents, fees and charges from the dormitories, homes or refectories so constructed, erected, improved or equipped by means of or with the proceeds of a single issue of bonds, as to provide a fund sufficient to pay the principal and interest of each such issue of bonds and to provide an additional fund to pay the cost of maintaining, repairing, operating and insuring such dormitories, homes or refectories. Whenever bonds are issued to finance, at any one time, the construction and erection of dormitories, homes or refectories together with additions or extensions to an existing dormitory, home or refectory for students or teachers at state educational institutions, as a single construction project, the revenues derivable from both such dormitories, homes or refectories and such
additions or extensions to an existing dormitory, home or re-

bonds, as a single construction project, may be pledged to pro-

or extensions to an existing dormitory, home or refectory. The 
rents, fees and charges from the dormitories, homes or refec-
tories for which a single issue of bonds is issued, except such 
part thereof as may be necessary to pay such cost of maintain-
ing, repairing, operating and insuring during any period in 
which such cost is not otherwise provided for (during which 
period the rents, fees and charges may be reduced accord-
gingly), shall be transmitted each month to the state sinking fund 
commission and by it placed in a special fund which is hereby 
pledged to and charged with the payment of the principal of 
such bonds and the interest thereon, and to the redemption or 
repurchase of such bonds, such special fund to be a fund for all 
such bonds without distinction or priority of one over another. 
The moneys in such special fund, less a reserve for payment of 
interest, if not used by the sinking fund commission, within a 
reasonable time for the purchase of bonds for cancellation at a 
price not exceeding the market price and not exceeding the 
redemption price, shall be applied to the redemption by lot of 
any bonds which by their terms are then redeemable, at the 
redemption price then applicable: Provided, however, That 
if said revenue bonds are sold to and purchased by the United 
States of America or any federal or public agency or depart-
ment created under and by virtue of the laws of the United 
States of America, then at the option of the United States of 
America or such federal or public agency or department in 
lieu of such moneys being transmitted to the sinking fund com-
mission and by it placed in a special fund, the rents, fees and 
charges from the dormitories, homes or refectories for which 
a single issue of bonds is issued, except such part thereof as 
may be necessary to pay such cost of maintaining, repairing, 
operating and insuring as provided aforesaid, may be trans-
mitted and paid to a trustee designated and named by the
United States of America or such federal or public agency or department in its agreement and contract with the state board of control, for the payment of the principal of such bonds and the interest thereon, under such terms and conditions as may be agreed upon.

Sec. 31. Nothing in these sections dealing with dormitories, homes or refectories shall be so construed or interpreted as to authorize or permit the incurring of state debt of any kind or nature as contemplated by the constitution of this state in relation to the state debt. The dormitories, homes or refectories herein are of the character described as self-liquidating projects under the laws of the United States.

The said board of control is authorized and empowered to enter into the necessary contracts and agreements to carry out the purposes hereof with the United States of America or such federal or public agency or department of the United States, or with any private agency, corporation or individual: Provided, however, That if such bonds are not sold to and purchased by the United States of America or any such federal or public agency or department, then the state board of control shall advertise such bonds for sale, on sealed bids, which advertisement shall be published at least once a week for three weeks, the first publication to be made at least twenty-one days preceding the date fixed for the reception of bids, in two newspapers published and of general circulation in the state and of opposite political affiliation, and such advertisement shall also be published in a financial paper published either in the city of New York, in the state of New York, or the city of Chicago, in the state of Illinois. The state board of control may reject any and all bids. If the bonds be not sold pursuant to such advertisement, they may, within sixty days after the date advertised for the reception of bids, be sold by the board at private sale, but no private sale shall be made at a price less than the highest bid which shall have been received pursuant to such advertisement. If not sold, such bonds shall be readvertised in the manner herein provided.

The provisions and parts of this act are separable and are not matters of mutual essential inducement, and it is the intention to confer the whole or any part of the powers herein provided
35 for, and if any of the sections or provisions, or parts thereof, 36 are for any reason illegal or invalid, it is the intention that the 37 remaining sections and provisions or parts thereof shall remain 38 in full force and effect.

51 bonds upon the issuance of the latter. Such bonds may be 
52 issued without any other proceedings or the happening of any 
53 other conditions or things than those proceedings, conditions 
54 and things which are specified and required by this act.

Sec. 6. Nothing in this act contained shall be so construed 
2 or interpreted as to authorize or permit any county court to 
3 incur a debt for and on behalf of said court of any kind or 
4 nature as contemplated by the provisions of the constitution 
5 of the state in relation to debt.
Sec. 7. This act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby, and shall be regarded as supplementary and additional to powers conferred by other laws.

Be it enacted by the Legislature of West Virginia:

That sections fifteen and sixteen, chapter twenty-five, acts of the Legislature of West Virginia, first extraordinary session, one thousand nine hundred thirty-three, be amended and reenacted so as to read as follows:

Section 15. At or before the issuance of any such bonds the governing body shall by said ordinance create a sinking fund, to be remitted to and administered by the state sinking fund commission, for the payment of the bonds and the interest thereon and the payment of the charges of banks or trust companies for making payment of such bonds or interest, and shall set aside and pledge a sufficient amount of the net revenues of the works, hereby defined to mean the revenues of the works remaining after the payment of the reasonable expense of operation, repair and maintenance, such amount to be paid by the board into said sinking fund at intervals to be determined by ordinance prior to issuance of the bonds, for: (a) The interest upon such bonds as such interest shall fall due; (b) the necessary fiscal agency charges for paying bonds and interest; (c) the payment of the bonds as they fall due, or, if all bonds mature at one time, the proper maintenance of a sinking fund in such amounts as are necessary and sufficient for the payment thereof at such time; (d) a margin for safety and for the payment of prem-
iums upon bonds retired by call or purchase as herein provided, which margin, together with any unused surplus of such margin carried forward from the preceding year, shall equal ten per cent of all other amounts so required to be paid into the sinking fund. Such required payments shall constitute a first charge upon all the net revenue of the works. Prior to the issuance of the bonds the board may by ordinance be given the right to use or direct the state sinking fund commission to use such sinking fund or any part thereof in the purchase of any of the outstanding bonds payable therefrom at the market price thereof, but not exceeding the price, if any, at which the same shall in the same year be payable or redeemable, and all bonds redeemed or purchased shall forthwith be cancelled and shall not again be issued. After the payments into the sinking fund as herein required, the board may at any time in its discretion transfer all or any part of the balance of the net revenues, after reserving an amount deemed by the board sufficient for operation, repair and maintenance for an ensuing period of not less than twelve months and for depreciation, into the sinking fund or into a fund for extensions, betterments and additions to the works. The amounts of the balance of the net revenue as and when so set apart shall be remitted to the state sinking fund commission to be retained and paid out by said commission consistent with the provisions of this act and with the ordinance pursuant to which such bonds have been issued. The state sinking fund commission is hereby authorized to act as fiscal agent for the administration of such sinking fund, under any ordinance passed pursuant to the provisions of this act, and shall invest all such sinking funds as provided by general law.

Sec. 16. The governing body shall have power, and it shall be its duty, by ordinance, to establish and maintain just and equitable rates or charges for the use of and the service rendered by such works, to be paid by the owner of each and every lot, parcel of real estate or building that is connected with and uses such works by or through any part of the sewerage system of the municipality, or that in any way uses or is served by such works, and may change and readjust such rates or charges from time to time. Such rates or charges shall be sufficient in each year for the payment of the proper and reasonable expense of operation, repair, replacements and maintenance of
the works and for the payment of the sums herein required to be
paid into the sinking fund. Revenues collected pursuant to
this section shall be deemed the revenues of the works. No such
rates or charges shall be established until after a public hearing,
at which all the users of the works and owners of property
served or to be served thereby and others interested shall have
an opportunity to be heard concerning the proposed rates or
charges. After introduction of the ordinance fixing such rates
or charges, and before the same is finally enacted, notice of such
hearing, setting forth the proposed schedule of such rates or
charges, shall be given by one publication once each week for
two consecutive weeks in two newspapers of opposite political
faith published in such municipality, or in one newspaper, if
only one political faith is represented by newspapers in the
said municipality, at least ten days before the date fixed in such
notice for the hearing, which may be adjourned from time to
time, and if no newspaper be published in such municipality,
the notice shall be published as aforesaid in two newspapers of
opposite political faith, if there be such published in the county
within which such municipality is embraced, once each week
for two consecutive weeks. After such hearing the ordinance
establishing rates or charges, either as originally introduced or
as modified and amended, shall be passed and put into effect. A
copy of the schedule of such rates and charges so established
shall be kept on file in the office of the board having charge of
the operation of such works, and also in the office of the clerk
of the municipality, and shall be open to inspection by all par-
ties interested. The rates or charges so established for any
class of users or property served shall be extended to cover any
additional premises thereafter served which fall within the
class, without the necessity of any hearing or notice. Any
change or readjustment of such rates or charges may be made in
the same manner as such rates or charges were originally es-
tablished as hereinbefore provided: Provided, however, That
if such change or readjustment be made substantially pro rata,
as to all classes of service, no hearing or notice shall be required.
The aggregate of the rates or charges shall always be sufficient
for such expense of operation, repair and maintenance and for
such sinking fund payments. All such rates or charges, if not
paid when due, shall constitute a lien upon the premises served
52 by such works. If any service rate or charge so established shall
53 not be paid within thirty days after the same is due, the amount
54 thereof, together with a penalty of ten per cent, and a reason-
55 able attorney's fee, may be recovered by the board in a civil
56 action in the name of the municipality, and in connection with
57 such action said lien may be foreclosed against such lot, parcel
58 of land or building, in accordance with the laws relating there-
59 to.

Be it enacted by the Legislature of West Virginia:

That sections three, five, six, seven and ten, chapter twenty-six,
acts of the Legislature of West Virginia, first extraordinary session,
one thousand nine hundred thirty-three, be amended and reenacted
so as to read as follows:

Section 3. Whenever the municipality shall determine to
2 acquire (by purchase or otherwise), improve or construct a
3 waterworks system under the provisions of this act, it shall
4 cause an estimate to be made of the cost thereof, and shall, by
5 ordinance, provide for the issuance of revenue bonds under the
6 provisions of this act, which ordinance shall set forth a brief
7 description of the contemplated improvement, the estimated cost
8 thereof, the amount, rate of interest, time and place of payment,
9 and other details in connection with the issuance of the bonds.  
10 Such bonds shall be in such form and shall be negotiated in such  
11 manner and upon such terms as the governing body of such  
12 city or town may by ordinance specify. All such bonds shall be  
12-a exempt from taxation by the state of West Virginia or any  
12-b county or municipality therein. Such bonds shall bear  
13 interest at not more than six per cent per annum, payable semi-  
14 annually, and shall be payable at such times and place not  
15 exceeding thirty-four years from their date, as shall be pres-  
16 cribed in the ordinance providing for their issuance. Such  
17 ordinance shall also declare that a statutory mortgage lien shall  
18 exist upon the property so to be acquired, improved or con-  
19 structed, fix a minimum rate or rates for water to be collected  
20 prior to the payment of all of said bonds and shall pledge the  
21 revenues derived from the waterworks system for the purpose  
22 of paying such bonds and interest thereon, which pledge shall  
23 definitely fix and determine the amount of revenues which shall  
24 be necessary to be set apart and applied to the payment of the  
25 principal of, and interest on the bonds and the proportion of  
26 the balance of such revenues and income which are to be set  
27 aside as a proper and adequate depreciation account, and the  
28 remainder shall be set aside for the reasonable and proper oper-  
29 ation thereof. The rates to be charged for the services from such  
30 waterworks shall be sufficient to provide for the payment of  
31 interest upon all bonds and to create a sinking fund to pay the  
32 principal thereof as and when the same become due, and to  
33 provide for the operation and maintenance of the system, and  
34 to provide an adequate depreciation fund.  

Sec. 5. Bonds herein provided for shall be issued in such  
2 amounts as may be necessary to provide sufficient funds to pay  
3 all costs of construction, improvement or acquisition, including  
4 engineering, legal and other expenses, together with interest to  
5 a date six months subsequent to the estimated date of comple-  
6 tion. Bonds issued under the provisions of this act are hereby  
7 declared to be negotiable instruments, and same shall be exe-  
8 cuted by the proper legally constituted authorities of the munici-  
9 pality and be sealed with the corporate seal of the municipality,  
10 and in case any of the officers whose signatures appear on the  
11 bonds or coupons shall cease to be such officers before delivery  
12 of such bonds, such signatures shall nevertheless be valid and  
13 sufficient for all purposes the same as if they had remained in
office until such delivery. Said bonds shall not be negotiated at a price lower than a price which computed to maturity upon standard tables of bond values will show a net return of six per cent per annum to the purchaser upon the amount paid therefor.

Sec. 6. Bonds issued under the provisions of this act shall be payable solely from the revenues derived from such waterworks system, and such bonds shall not in any event constitute an indebtedness of such municipality within the meaning of the constitutional provisions or limitations, and it shall be plainly stated on the face of each bond that the same has been issued under the provisions of this act, and that it does not constitute an indebtedness of such municipality within any constitutional or statutory limitation. The ordinance authorizing the issuance of the bonds may contain such covenants and restrictions upon the issuance of additional revenue bonds thereafter as may be deemed necessary or advisable for the assurance of payment of the bonds thereby authorized and as may thereafter be issued.

Sec. 7. There shall be and there is hereby created a statutory mortgage lien upon the waterworks system so acquired, proved or constructed from the proceeds of bonds hereby authorized to be issued, which shall exist in favor of the holder of said bonds and each of them, and to and in favor of the holder of the coupons attached to said bonds, and each of them, and of the holder of the coupons, attach to said bonds, and such waterworks system shall remain subject to such statutory mortgage lien until payment in full of the principal and interest of said bonds.

Any holder of bonds issued under the provisions of this act or of any coupons representing interest accrued thereon may, either at law or in equity, enforce the statutory mortgage lien hereby conferred, and may, by proper suit, compel the performance of the duties of the officials of the issuing municipality set forth in this act. If there be default in the payment of the principal of and/or interest upon any of said bonds, any court having jurisdiction in any proper action may appoint a receiver to administer said waterworks system on behalf of the municipality with power to charge and collect rates sufficient to provide for the payment of said bonds and interest thereon, and for the payment of the operating expenses and to apply the income and revenues in conformity with this act and the ordinance providing for the issuance of such bonds.

Any municipality in acquiring an existing waterworks system may provide that payment thereof shall be made by issuing revenue bonds and delivering same at such prices as may be
26 agreed upon within the limitations as prescribed in section five
27 hereof as amended. Any revenue bonds so issued in payment
28 for such an existing waterworks shall for all purposes be re-
29 garded as partaking of the nature of and as being secured by
30 purchase money mortgage upon the property so acquired; and
31 the holders thereof shall have, in addition to any other remedies
32 and rights prescribed by this act, such remedies and rights as
33 may now or hereafter exist in law in the case of purchase money
34 mortgages.

Sec. 10. Whenever any municipality now or hereafter shall
2 own and operate a waterworks system, whether constructed
3 under the provisions of this act or not, and shall desire to con-
4 struct improvements and betterments thereto, it may issue reve-
5 nue bonds under the provisions of this act to pay for same, and
6 the procedure therefor, including the fixing of rates and the
7 computation of the amount thereof, shall be the same as in this
8 act provided for the issuance of bonds for acquisition or con-
9 struction of a waterworks system in a municipality which has
10 not heretofore owned and operated a waterworks system: Pro-
11 vided, however, That nothing in this act shall be construed as
12 authorizing any municipality to impair or commit a breach of
13 the obligation of any valid lien or contract created or entered
14 into by it, the intention being to authorize and protect setting
15 aside and segregation of such revenues for the construction of
16 such improvements and betterments only where and to the extent
17 consistent with outstanding obligations of such municipality,
18 and in accordance with the provisions of this act.

In order to maintain and preserve those orderly functions of government dealing with the operation and administration of public schools and counties as provided for in the constitution of the state, and it being the judgment of the Legislature that the following is the only solution of this problem consonant with the amendment to the constitution adopted November eighth, one thousand nine hundred thirty-two, and the decisions of the Supreme Court of Appeals thereon and the Legislature finding that only by this method can adequate constitutional levies be made available for the different levying bodies of the state, this act, therefore, contemplates that the payment of the interest, sinking fund and amortization charges of bond issues issued prior to the eighth day of November, one thousand nine hundred thirty-two, of counties, magisterial districts, school districts and other districts, except municipalities, issued for roads, now used as a part of the state road system, and issued for schools, now used as a part of the state free school system, shall be paid from taxes levied by the Legislature on privileges, franchises and incomes of persons and corporations, as authorized by section one, article ten, of the constitution of West Virginia as amended by a vote of the people on the eighth day of November, one thousand nine hundred thirty-
Provided, however, That should the legislative appropriation for the payment of said interest, sinking fund and amortization charges, in whole or in part, for any reason fail, then the levies hereinafter provided for shall first be applied to the payment of such charges until the same are satisfied.

Nothing contained herein shall be so construed as to relieve any county, magisterial district or school district of its liability for the payment of its outstanding bonded indebtedness.

Nothing herein shall be so construed as to make the state assume or become responsible for the debts or liabilities of any county, magisterial district or school district.

Sec. 2. The board of public works shall lay a levy of one cent on the one hundred dollars' valuation of all real and personal property subject to taxation in the state, the proceeds of which levy shall be paid into the state fund for general revenue. The proper officers shall extend the levy on the property books of their respective counties.

Sec. 3. For the purpose of local levies, property shall be classified as follows:

Class I. All tangible personal property employed exclusively in agriculture, including horticulture and grazing;

Class II. All property owned, used and occupied by the owner exclusively for residential purposes;

Class III. All real and personal property situated without municipalities, exclusive of classes I and II.

Class IV. All real and personal property situated within municipalities, exclusive of classes I and II.

Sec. 4. Each local levying body shall hold a session on the first Tuesday in August for the transaction of business generally, and particularly for the business herein required, but for the fiscal year one thousand nine hundred thirty-three—one thousand nine hundred thirty-four, such meeting shall be held on the first Tuesday following the first Wednesday after this act becomes effective.
Sec. 5. The county court shall, at the session provided for in section four of this article, make an itemized statement which shall set forth:

(1) The amount due and the amount that will become due and collectible from every source during the current fiscal year except from the levy of taxes to be made for the year;

(2) Debts legally incurred, including interest on indebtedness, funded or bonded or otherwise;

(3) All expenditures to be paid out of the levy for the current fiscal year, with proper allowance for delinquent taxes, exonerations and contingencies;

(4) The total amount necessary to be raised for each fund by levy of taxes for the current year;

(5) The proposed county levy in cents on each one hundred dollars' assessed valuation of each class of property for the county;

(6) The separate and aggregate amounts of the real, personal, and public utility property in each class in the county and in each subdivision thereof;

A copy of the statement, duly certified, by the clerk of the court shall be forwarded to the tax commissioner, and shall be published twice, at least one week intervening between publications, in two newspapers published in the county, of general circulation and of opposite politics. If there is only one newspaper published in the county, the publication shall be made therein: Provided, however, That publication having been made for the fiscal year one thousand nine hundred thirty-three—one thousand nine hundred thirty-four, no further publication shall be required for said fiscal year, and the county court shall cause to be posted at the front door of the court house the statement herein provided for not less than ten days prior to the second meeting hereinafter provided for, which posting shall constitute full and sufficient publication for said fiscal year.

The session, except for the fiscal year one thousand nine hundred thirty-three—one thousand nine hundred thirty-four, shall then stand adjourned until the third Tuesday in August, at which time it shall reconvene. For the fiscal year one thousand nine hundred thirty-three—one thousand nine hundred thirty-four, the session shall stand adjourned until the second Tuesday after the meeting provided for in section four of this article.
The court shall then hear and consider any objections made orally or in writing by the prosecuting attorney, by the tax commissioner or his representative, or by any taxpayer of the county, to the estimate and proposed levy or to any item thereof. The court shall enter of record any objections so made and the reasons and grounds for such objections. The failure of any officer or taxpayer to offer objections shall not preclude him from pursuing any legal remedy necessary to correct any levy made by any fiscal body under this article. The court, after hearing objections, shall reconsider the proposed original estimate and proposed rate of levy, and if the objections are well taken, shall correct the estimate and levy. No such estimate and levy, however, shall be entered until the same shall have first been approved, in writing, by the tax commissioner. When the same shall have been approved by the tax commissioner, the clerk shall then enter the estimate and levy, together with the order of the court approving them and the written approval of the tax commissioner thereof, in the proper record book.

The county court shall then levy as many cents per hundred dollars' assessed valuation on each class of property in the county or its subdivisions, according to the last assessment, as will produce the amounts shown to be necessary by the statement. The levy for all county purposes authorized by law, shall not exceed, on class I property, nine and four-tenths cents; on class II property, eighteen and seven-tenths cents; and on class III and class IV property, thirty-seven and five-tenths cents.

When less than the maximum levies are imposed, the levies upon each class of property shall be in the same proportions as the maximums herein authorized.

Sec. 6. When an order is made for a levy the clerk of the court, within three days, shall prepare, certify and forward copies to the tax commissioner, the state auditor, the assessor and the officer who, according to law, is required to collect the levy. He shall charge the collecting officer with the amount of the levy in the proper account book. The assessor shall immediately extend the taxes in the land and personal property books. The officer who is required to collect the levy shall make
9 out proper tax bills. County levies shall be collected by the
10 sheriff at the same time, in the same manner, and under the
11 same regulations as other taxes are collected. Delinquent lists
12 for county levies shall be returned and delinquent lands sold
13 for county levies in the same manner and at the same place and

19 class.

The secretary of the board shall forward immediately a certi-
21 fied copy of the statement to the tax commissioner and shall
22 publish the statement in a manner similar to that provided in
23 section five of this article. For the fiscal year one thousand
24 nine hundred thirty-three—one thousand nine hundred thirty-

26 after the meeting provided for in section four of this article.
27 The session, except for the fiscal year one thousand nine

29 shall then stand adjourned until the third Tuesday in August,
30 at which time it shall reconvene and proceed in a manner similar
31 in all respects to that provided for in section five of this article.
32 The board shall not finally enter any levy until the same shall
33 have received the approval, in writing, of the tax commissioner,
34 and after receiving such approval shall enter the statement as
35 originally approved in its record of proceedings, together with
36 the written approval of the tax commissioner, and shall levy as
37 many cents on each one hundred dollars' assessed valuation of
38 each class of property as will produce the amount necessary for
39 defraying the expenses for the fiscal year. These levies shall not
40 exceed on class I property, twenty-seven and one-tenth cents;
41 on class II property, fifty-five and three-tenths cents; on class
42 III and on class IV property, one hundred eleven and five-tenths
43 cents.
44 When less than the maximum levies are imposed, the levies
45 upon each class of property shall be in the same proportions as
46 the maximums herein authorized.

Sec. 8. Within three days after the board of education has
2 laid the levies, the secretary of the board shall forward to the
3 county superintendent and to the tax commissioner certified
4 copies of the orders laying levies and the rate of levy upon
5 each class. Within three days thereafter the county superin-

7 classes and the total value of real, personal, and public utility
8 property in each class in every district to the clerk of the
9 county court, the assessor, the state superintendent and the
10 auditor. The proper county officers shall then extend on the
11 property books the amount of taxes levied. The sheriff shall
12 collect and account for the taxes as required by law.

Sec. 9. The municipal council shall, at the session provided
2 for in section four, ascertain the fiscal condition of the corpor-

4 (1) The amount due and the amount that will become due
5 and collectible from every source during the current fiscal year
6 except from the levy of taxes to be made for the year;
7 (2) Debts legally incurred, including interest on indebted-

19  (7) The separate and aggregate assessed valuation of real,

20  pality.
21  The recording officer of the municipality shall forward im-

22  sioner, and shall publish the statement in a manner similar to
that provided in section five of this article. The session, except
23  for the fiscal year one thousand nine hundred thirty-three—
one thousand nine hundred thirty-four, shall then stand ad-
24  journed until the third Tuesday in August, at which time it
shall reconvene and proceed in a manner similar in all respects
to that provided for in section five of this article. For the fiscal
25  year one thousand nine hundred thirty-three—one thousand
nine hundred thirty-four, the session shall stand adjourned
26  until the second Tuesday after the meeting provided for in
section four of this article.
27  The council shall not finally enter any levy until the same

and after receiving such approval shall enter the statement as
finally approved in its record of proceedings, together with the
written approval of the tax commissioner and shall levy as many
cents on each one hundred dollars' assessed valuation of each
28  class of property as will produce the amount necessary to defray
the interest and sinking fund charges on such indebt-
edness. For this purpose, the levies in the first instance shall
not exceed, on class I property, twelve and five-tenths cents;
on class II property, twenty-five cents; and on class IV prop-
erty, fifty cents. When such maximum levies shall not produce
sufficient revenue to discharge the requirements for such
indebtedness the council shall lay an additional levy upon all
property subject to taxation within the municipality, without
regard to classification, as will produce a sufficient amount in
addition to said classified levies, to meet such requirements for
interest and sinking fund.
29  When the entire classified levies of the municipality are re-
quired for the payment of such indebtedness, the council shall
have no power or authority to lay any such levies for the cur-
rent expenses of said municipality. When less than the maxi-
mum levies in this section provided are required for the pay-
ment of such interest and sinking fund requirements the

council may levy so much of the levies authorized herein as
remain after providing for such indebtedness to meet require-
ments for current expenses of the municipality.

When less than the maximum levies are imposed for any
and all purposes, the levies upon each class of property shall
be in the same proportion as the classified levies herein author-
ized.

Sec. 10. Within three days after the council of a municipality
has laid the levies, its recording officer shall forward certified
copies of the order laying the levies to the tax commissioner,
the state auditor and the officer whose duty it is to extend the
levies.

Sec. 11. A local levying body may provide for an election
to increase the levies, by entering on its record of proceedings,
an order setting forth:

1. The purpose for which additional funds are needed;
2. The amount for each purpose;
3. The total amount;
4. The separate and aggregate assessed valuation of each
class of taxable property within its jurisdiction;

class of property;
6. The proposed number of years, not to exceed three, to
which the additional levy shall apply.

The local levying body shall submit to the voters within their
political subdivision, the question of the additional levy at either
a general or special election. If at least sixty per cent of the
voters cast their ballots in favor of the additional levy, the
local levying board may impose the additional levy. This levy
shall not exceed fifty per cent of the rates authorized in sec-
tion five, seven or nine of this article, as the case may be.

Levies authorized by this section shall not continue for more
than three years without resubmission to the voters.

Sec. 12. The local levying body shall publish notice, calling
the election, at least once each week for two successive weeks
before the election in two newspapers of opposite politics and
of general circulation in the territory in which the election is
held. If there is only one newspaper published in the county,
the publication shall be made therein. The local levying body
shall also post printed copies of the order at each place of voting at least ten days before the election. All the provisions of the laws concerning general elections shall apply as far as they are practicable, except as follows: A separate ballot shall be used at a levy election held in connection with any other election. Sec. 14. Within forty days after an order for a levy the circuit court of the county, or the judge in vacation, may allow a writ of supersedeas on the petition of at least twenty-four persons interested in reversing the order. The levying body, without awaiting the final decision, may rescind the order, and impose a new levy. If the court, on the hearing, finds that the order is contrary to law and reverses the order, the levying body shall impose a levy according to law. If money is collected under any order which is afterward rescinded or reversed, the collecting officer shall, upon demand, refund any payment to the person from whom it was collected. If the collecting officer fails to repay the amount, he and his sureties shall be jointly and severally liable for the amount and the costs of recovery. Recovery may be had by summons before a justice or on motion in the circuit court.

Sec. 15. When all the levies allotted hereunder to any county court, school board or municipality shall not be required by such county court, school board and municipality, then any other one or more of such levying bodies within the county may levy so much or such part thereof as remains of said allotment within its particular taxing district, by and with the consent in writing, of the tax commissioner obtained after a
proper showing, in writing, to the tax commissioner of the necessity therefor.

Sec. 16. County courts, boards or officers expending funds derived from the levying of taxes shall expend the funds only for the purposes for which they were raised.

Sec. 21. A person who in his official capacity wilfully participates in an illegal expenditure may be proceeded against for the recovery of the amount illegally expended. The political subdivision concerned, a taxpayer of the subdivision, the state tax commissioner or a person prejudiced may bring the proceeding.

2 lates the provisions of this article shall be guilty of a misde-
3 meanor, and upon conviction shall be fined not more than five
4 hundred dollars, or confined in jail not more than one year,

7 the tax commissioner may, in his discretion, uniformly extend
8 such discount period to not later than March first, one thousand
9 nine hundred thirty-four, by giving proper notice thereof, in
10 writing, to the collecting officers of the several counties.

Sec. 25. If any section, paragraph, sentence, clause, word
2 and/or application of any part hereof be held unconstitutional,
3 the same shall not affect the validity of the remaining portions.

PREAMBLE

Section 1. WHEREAS, The severe financial and economic depression existing for several years past has resulted in an un-
3 preceded increase in delinquent taxes in the state of West
4 Virginia and the several subdivisions thereof; and by reason
5 of such increase in the amount of delinquent taxes, estimated
6 revenues upon which the operation of the counties, districts and
7 municipalities of the state were predicated failed to materialize,
8 with the result that deficits have accumulated in many of the
9 taxing districts of the state and there are large amounts of out-
10 standing orders and drafts unpaid, and for the immediate pay-
11 ment of which no provision has been made; and
12 WHEREAS, The immediate provision for the payment of all
13 of such accumulated deficits would be extremely burdensome to
14 the taxpayers of the state of West Virginia, who have already
15 and are now suffering from the severe financial and economic
16 depression of recent years; and
17 WHEREAS, It is believed and the Legislature of West Virginia
18 hereby declares its belief that the conditions heretofore existing
19 have created an emergency of such nature as to justify legisla-
20 tion for the extension of time for the payment of such deficits
21 and the funding thereof in keeping with what is believed by the
22 Legislature to be a judicially enforced rule of common law ap-
23 plicable to taxation for the payment of indebtedness, not bonded.

Sec. 2. The term "indebtedness" as used in this bill shall
2 mean contractual indebtedness, not bonded, whether evidenced
3 by orders or otherwise and incurred on or prior to June thirty,
4 one thousand nine hundred thirty-three. The words "taxing
5 district" as used in this bill shall mean any county, magisterial
6 district, magisterial or independent school district, municipality
7 or any other taxing district except the state of West Virginia.
8 The words "fiscal body" as used in this bill shall mean any gov-
9 ernmental agency charged with the laying of levies for the pay-
10 ment of indebtedness of any taxing district as herein defined.
11 The word "order" when used in this bill with reference to a
12 written evidence of indebtedness shall mean a writing issued by
13 the fiscal body directed to the sheriff or other paying officer re-
14 quiring him to pay therein named a sum certain and shall in-
15 clude such writings which are commonly referred to as drafts,
16 warrants or orders. The words "certificate of indebtedness"
17 as used in this bill shall mean any evidence of indebtedness of a
18 taxing district other than orders issued prior to the enactment
19 of this bill.

Sec. 3. Each fiscal body shall make, for each taxing district
2 for which it lays levies, a statement showing: (a) the total
3 amount of indebtedness incurred prior to or on the thirtieth
4 day of June, one thousand nine hundred thirty-three, disting-
5 uishing between such indebtedness incurred prior to Novem-
6 ber eighth, one thousand nine hundred thirty-two and that in-
7 curred thereafter, by each taxing district for which such fiscal
8 body is required to lay the levies; (b) the estimated amount to
9 be received from collections of taxing districts for the fiscal year
10 beginning July first, one thousand nine hundred thirty-two, and
11 preceding years during the fiscal year beginning July first, one
12 thousand nine hundred thirty-four and for the three years fol-
13 lowing; (c) the estimated returns of the levies apportioned for
14 indebtedness purposes to such fiscal body for such taxing dis-
15 trict by the provisions of house bill number two hundred thirty-
16 four, second extraordinary session, one thousand nine hundred
17 thirty-three; (d) the amount thereof required for bonded in-
18 debtedness; (e) the remainder, if any, available for indebted-
19 ness as defined in this bill, and (f) the assessed valuation by
20 classes of all taxable property in the taxing district and shall
21 forward a copy of such statement to the tax commissioner and to
22 the prosecuting attorney of the county in which the taxing dis-
23 trict is situate.

Sec. 4. The tax commissioner shall examine the statements
2 provided by section three hereof for each taxing district and if,
3 in his opinion, the laying of levies for all of such indebtedness
4 not otherwise provided for will cause a disturbance in the admin-
5 istration of the financial affairs of the taxing district not nec-
6 essary to the protection and enforcement of the right of any
7 creditor and unnecessarily burdensome to the taxing district,
8 in view of the present emergency, he may require the prose-
9cuting attorney of the county in which the taxing district is
10 situate to file in the circuit court of said county a petition on
11 behalf of such fiscal body as provided in section five of this
12 bill.

Sec. 5. The prosecuting attorney of any county, when so re-
2 quired by the tax commissioner as provided in section four of
3 this bill, shall file in the circuit court of the county in which
4 the taxing district is located on behalf of the county or of any
5 other taxing district thereof, a petition against all holders of in-
6 debtedness, as herein defined, owing by the taxing district or
7 districts, alleging the facts appearing from the statement pro-
8 vided by section three hereof, and any other pertinent facts,
9 concluding with a prayer that the amount and legality of such
10 indebtedness be inquired into by the court in the manner pro-
11 vided by this bill. Proceedings on behalf of any or all taxing
12 districts within the county may be consolidated and presented by
13 one petition, but the facts relating to each taxing district shall
14 appear therein separately. No summons or other process shall
15 be necessary, other than the notices herein provided for, except
16 such process as may be necessary in the adjudication of con-
17 tested claims as hereinafter provided for. The court shall there-
18 upon cause notice of the filing of the petition and that it will
19 appoint commissioners thereunder on a day certain to be given
20 by publication for two successive weeks in two newspapers of
21 different political affiliations, published in the county, if there
22 be two, if not, in one newspaper published in the county, and
23 if there be no newspaper published in the county, then by post-
24 ing notice for at least ten days at the front door of the court-
25 house and at a public place in each magisterial district and
26 municipality in the county, which day shall be not more than
27 thirty days after the filing of the petition. The form of such
28 notice shall be sufficient if substantially as follows:
29 “NOTICE IS HEREBY GIVEN, that..................,

40 And the Circuit Court of..................County will, on the
41 ........day of.................., 19....., at the courthouse
42 of said county of.................., at......... o'clock of that
43 day, appoint three commissioners to inquire into the legality of
44 such indebtedness in the manner required by said act.
45
46 Clerk of the Circuit Court of.................. County.”
Sec. 6. The petition shall be considered as a bill in equity and the proceedings thereon shall be considered as a cause in equity in so far as the procedure thereof be applicable, except as otherwise provided by this bill.

Sec. 7. Within thirty days after the petition shall have been filed, and on the day stated in the notice under section five hereof, the court or the judge thereof in vacation, shall, by order, designate three special commissioners to constitute a commission to inquire into the indebtedness of such taxing district or taxing districts and to receive proof of contractual claims against such taxing district and to report on the validity or invalidity of such alleged indebtedness in the manner provided by this act. The commissioners shall be citizens of the state of West Virginia and residents of the county in the circuit court of which the petition is filed. Not more than two of said commissioners shall be residents of the same magisterial district or affiliated with the same political party, and at least one of said commissioners shall be a regularly qualified practicing attorney of said court. No person shall be qualified to serve on said commission if he has any financial interest, directly or indirectly, except as a taxpayer, in any matter to be passed upon by it. Before entering upon the discharge of their duties hereunder, the commissioners shall take the oath prescribed by section five, article four, of the constitution. The order appointing said commissioners shall set a day on which the commissioners shall meet at the courthouse of said county and organize by designating one of their number chairman, and one to act as secretary of the commission, and shall direct that the commission forthwith make a preliminary investigation of the financial affairs of the taxing district and of the official audits and other information available for use in connection with the discharge of their duties hereunder, and shall require that said commission report to the court in writing on a day to be specified in the order, the organization of the commission and the available audits and other information touching the inquiry to be made, and whether or not such audits and other information are sufficiently complete to enable the commission to discharge its duties hereunder.

Sec. 8. If, upon the report of the commission required by section seven of this act, the court be of opinion that the official audits and other information relating to the financial affairs
4 of the taxing district are insufficient to enable the commission to properly discharge its duties, the court shall, by order, request the tax commissioner to complete such audit, or audits, and provide such information as the tax commissioner may reasonably procure incidental to such audit, and the clerk of the court shall forward to the tax commissioner an attested copy of such order; whereupon the tax commissioner shall, at the earliest practical time, cause such audit, or audits, to be completed through the thirtieth day of June, one thousand nine hundred thirty-three, and shall furnish such other information incident to making of such audit as may be requested by the court, and when such audit, or audits, shall have been completed, the tax commissioner shall make a report in writing to the circuit court and shall transmit therewith such completed audits, together with such other information incidental thereto as shall have been requested by the court. The cost of the making or completion of such audit, or audits, shall be charged to the taxing district or the respective taxing districts so audited, as the case may be, by the tax commissioner, and the charge therefor shall be on the same basis as regular audits, as provided by section eight, article nine, chapter six of the code, and shall be paid by the fiscal body of such taxing district as a part of the cost of the proceeding under this bill in like manner as the payment of other costs is provided for in section fifteen of this bill.

Sec. 9. When no additional audits shall be required, or when such additional audits as may be required shall have been provided, the court shall then, by order, direct the commissioners to sit at the courthouse of said county on a day fixed by said order, and from day to day for such length of time within the limits prescribed by section fifteen of this bill as the court may deem necessary for the completion of the duties required of such commission, which time of meeting shall be not less than thirty days after the entry of such order, and shall cause the commissioners to give notice by publication for four successive weeks in two newspapers of opposite politics published in the county, if there be two such, if not, then in one newspaper published in the county; and if there be no newspaper published in the county, then by posting a notice at the front door of the courthouse and at a public place in each magisterial dis-
trict and each municipality within the county for thirty days prior to the day of such meeting. The notice shall be sufficient if substantially to the following effect:

"NOTICE IS HEREBY GIVEN that the undersigned, special commissioners of the circuit court of county, appointed for the purpose of inquiring into and making a report on the legality of indebtedness of county. district, municipality, (any or all, as the case may require) will sit at the courthouse of county on the day of , , and from day to day thereafter until the day of , , for the purpose of discharging their duties under the order of the court entered on the day of , , pursuant to the provision of chapter , acts of the Legislature of West Virginia, second extra-ordinary session, one thousand nine hundred thirty-three. (Signed) Commissioners."

Sec. 10. On the day and at the place provided by the order and notice under section nine, the commission shall meet and the holder and owner, or his representative, of any contractual claim, as herein defined, against the taxing district, whether evidenced by order or otherwise, may present to the commission such claim, and if the claim be not evidenced by order the same may be presented by sworn statement, showing clearly the nature of the claim and the amount thereof, and the commission shall carefully inquire into and investigate all of such claims and reports to the court thereon in the manner provided by section eleven of this act. The commission shall not approve any claim for which no order shall have been issued, unless the same be first approved by the fiscal body by an order entered of record in the proper book of the fiscal body. Any taxpayer or other person legally interested, may file before the commission, in writing, any objection or objections to the allowance of any claim in whole or in part, whether evidenced by order or otherwise. When the order of the court under section nine has prescribed a shorter time than the time provided in section fifteen hereof for the sitting of the commissioners, and the commissioners shall not, within such time, be able to discharge their duties under said order, they shall, in writing, give information
23 thereof to the court, with a statement of the estimated number
24 of additional days required, and the court may, by order, ex-
25 tend, from time to time, the number of days for the sitting,
26 not, however, beyond the number specified in section fifteen
27 hereof.

Sec. 11. The commission, after having fully investigated all
2 claims presented and having received any objections filed against
3 any claim, shall make a report in writing, setting forth sepa-
4 rately for each taxing district for each fiscal body: (a) the
5 claims to the legality and amount of which no objection has
6 been made and which the commissioners unanimously agree to
7 be properly payable; (b) claims to which objections have been
8 filed but which the commission unanimously agree should be
9 paid; (c) claims to which an objection has been filed but which
10 a majority of the commissioners agree should be paid; (d)
11 claims which a majority of the commissioners agree should not
12 be paid, whether or not any objection has been filed thereto.
13 The report shall itemize separately the approved claims in-
14 currred prior to the eighth day of November, one thousand nine
15 hundred thirty-two, and the approved claims incurred there-
16 after prior to or on June thirtieth, one thousand nine hundred
17 thirty-three. When the claim is represented by an order, the
18 report shall show the date of the order, the number thereof. and
19 the name of the original payee and the name of the present
20 holder. The report shall show the original amount of each
21 claim and, separately, the interest thereon legally accrued, under
22 existing statutes, to the date of the report. The commission
23 shall return to the court, with the report, all written statements
24 of claims presented not evidenced by order and all written
25 objections made to the allowance of any claims.

Sec. 12. The report shall be filed by order of the court. The
2 court shall examine the report and if the court be of opinion
3 that it is not sufficient, it may, by order, re-commit it, in whole
4 or in part, for further inquiry, to the commission, with such
5 directions as the court may deem proper. Whereupon the re-
6 port shall be completed and again returned to the court. When,
7 in the opinion of the court, the report is complete, the court
8 shall cause notice to be given by publication for two successive
9 weeks in two newspapers of different political affiliation pub-
10 lished in the county, if there be two, and, if not, then in one
11 newspaper published in the county, and if there be no such
12 newspaper published in the county, then by posting a notice
13 at the front door of the courthouse and at a public place in
14 each magisterial district and each municipality within the
15 county for not less than ten days, that on a day certain speci-
16 fied in the notice, the court will act upon the report of the com-
17 mission. The notice shall be sufficient if substantially in form
18 as follows:
19 “Notice is hereby given that the circuit court of .......... 
20 county will, on the... day of............, one thousand nine
21 hundred thirty-..........., at............. o’clock, at the
22 courthouse of.............county, act upon the report of
23 ............., .................., and .............
24 special commissioners, heretofore appointed to report upon the
25 validity of indebtedness of.............county, .............
26 district, ............. municipality (all or any, as the case
27 may be). Any person interested in the affirmance of said re-
28 port or in the making of any objection thereto may then be
29 heard.
30
31 Clerk of the Circuit Court of
32 ...........................................
33 County.’’
34
35 The court may, on its own motion, make further inquiry into
36 any claim and any taxpayer may, at such time, interpose objec-
37 tion in writing to the payment of any claim, whether interposed
38 before the commission or not, and the court may then, by order,
39 affirm all claims unanimously approved by the commission and
40 to which no objection has been filed. The court may then pro-
41 ceed to hear evidence relating to any claim to the payment of
42 which an objection has been interposed or which the court, on
43 its own motion, desires to further investigate.
44 When objection is made to the payment of any claim the
45 holder and owner thereof shall file or cause to be filed in the
46 cause a concise statement of the claim, showing its nature and
47 amount, duly itemized and verified, and the objector to such
48 claim shall file in writing his or its objection thereto, stating
49 concisely the grounds of such objection, likewise duly verified.
50 Such statements shall constitute the pleadings with respect to
51 such claim and the sufficiency of such statements may be tested
52 by demurrer. When such statements are sufficient in law, issue
53 may be joined thereon. Technical pleadings and forms shall
54 not be required.
When the court approves the report, or any part thereof, or any particular claim, the order shall show in detail the description of each separate claim as shown by the report, and the clerk shall transmit a copy of such order insofar as it pertains to each taxing district to the fiscal body, which shall cause the same to be entered in full on its proper record book.

Sec. 13. Any claimant whose claim has not been approved by the court under section eleven of this bill, or any protestant against any such claim may, as to any and all matters of fact involved, have the validity of such claim considered by a jury, according to the rules applicable to the trial of an action at law, by making application in writing for such jury trial on or before the day of the hearing by the court, whereupon the controversy relative to such claim upon the pleadings provided by section twelve of this act shall be docketed on the law side of the court for such trial and shall be tried as in an action at law. Upon the termination of such law action the judgment shall be reported to the equity side of the court for the entry of a proper order in the premises. The failure of any party to demand a jury trial shall constitute a waiver thereof by all parties interested in the controversy relating to such claim, and the court may hear evidence in support of or against such claim, and shall make such findings as would be proper upon the merits in an action at law upon formal waiver of trial by jury by all parties. A writ of error to the judgment of the circuit court on any claim may be had to the supreme court of appeals of West Virginia in like manner as a writ of error in an action at law.

Sec. 14. The court for any reason in its opinion deemed proper, may reconstitute the commission in whole or in part.

Sec. 15. Each commissioner shall be allowed for his services a per diem to be fixed by the court, not to exceed five dollars for each day actually engaged in the discharge of his duties hereunder, not to exceed thirty days. The court may allow a per diem not to exceed three dollars for a period of not to exceed forty-five days of actual employment for stenographic and clerical services incident to the hearings by the commission and the compilation of its report. When such period of time is not sufficient for the completion of the work of the commission in pursuance of this act, the time may be extended by order of the court upon the written request of the commission,
12 approved in writing by the tax commissioner. Where more 13 than one taxing district is involved the court shall apportion 14 the general costs equitably among the taxing districts con- 15 cerned, and no costs other than those specifically mentioned 16 herein shall be incurred by the commission without the express 17 order of the court therefor. When a claim, to the payment of 18 which objection has been made by the prosecuting attorney, any 19 fiscal body or any member thereof, is successfully prosecuted 20 by the claimant, the costs of the hearing thereon shall be charged 21 to the taxing district concerned. If such claimant fail to 22 establish the validity of such claim, the taxing district shall 23 recover its costs from the claimant. If the contest of any claim 24 arises from the objection of a taxpayer or other person legally 25 interested, the costs shall abide the final disposition of the 26 claim and shall be charged against the parties in like manner 27 as costs are charged in an action at law. The costs of the pro- 28 ceedings hereunder, except as above expressly provided, shall 29 be paid from the levies laid and collected for the payment of 30 indebtedness involved, and the proper fiscal body in laying 31 such levies shall include therein the estimated amount of such 32 costs.

Sec. 16. Any claim finally adjudicated in the proceeding 2 herein provided for shall not thereafter be litigated in any 3 other judicial proceeding, but any claimant who does not present 4 his claim in such proceeding shall not be precluded thereby and 5 may have his claim adjudicated in any other proper proceeding 6 at law or in equity.

Sec. 17. No fiscal body and no officer of any taxing district 2 for which the tax commissioner has required the filing of a pet- 3 tition under this act, as provided by section four hereof, shall 4 pay any indebtedness claims or order unless the same shall 5 have been adjudicated under the provisions of this act or other- 6 wise reduced to judgment. For the purpose of this act the fiscal 7 body shall for the fiscal year beginning July first, one thousand 8 nine hundred thirty-three, lay such levies authorized under ex- 9 isting law, as may be approved or required by the tax commis- 10 sioner. As soon as reasonably practicable after the circuit 11 court shall have acted upon the report of the commissioners as 12 provided by section twelve of this act, the fiscal body shall meet 13 and shall consider such indebtedness adjudicated under the 14 provisions of this act along with any other indebtedness reduced
15 to judgment in other proceedings, and under the regulations of 16 the tax commissioner, as provided by section nineteen of this 17 act, and, subject to the approval of the tax commissioner, shall 18 determine a program of payment from estimated receipts from 19 delinquent taxes levied for the fiscal year beginning July first, 20 one thousand nine hundred thirty-two, and for prior years, and 21 by successive annual levies for not more than ten years includ- 22 ing the fiscal year beginning July first, one thousand nine hun- 23 dred thirty-three.

Sec. 18. There is hereby created in each and every taxing 2 district having indebtedness as defined by this act an "indebted- 3 ness fund other than bonded" which fund shall be used for the 4 purpose of payment of such indebtedness. Into this fund shall 5 be paid all money now in the hands of any public officer which 6 was derived from the collection of taxes for the fiscal year be- 7 ginning July first, one thousand nine hundred thirty-two and 8 taxes for prior years, which taxes were levied by the fiscal body 9 for the particular taxing district for purposes other than 10 bonded indebtedness; and all collections of like delinquent taxes 11 made hereafter shall, by the officer collecting the same, be paid 12 to such indebtedness fund. All levies collected under the pro- 13 visions of house bill number two hundred thirty-four, second 14 extraordinary session, one thousand nine hundred thirty-three, 15 for indebtedness, other than bonded, shall also be paid to said 16 indebtedness fund. No funds received from the collection of 17 delinquent taxes hereafter made shall be used for the payment 18 of the current expenses of any fiscal body or taxing district so 19 long as any such indebtedness as defined by this act or any 20 interest thereon remains unpaid; but all such delinquent taxes 21 when collected, except those levied for the payment of bonded 22 indebtedness, shall be paid into the proper indebtedness fund 23 hereby created.

Sec. 19. The tax commissioner shall promulgate regulations 2 to govern fiscal bodies in the payment of the claims approved by 3 the circuit court under the authority of this act and other 4 claims properly reduced to judgment. The regulations pro- 5 mulgated by the tax commissioner shall be with view to the pay- 6 ment of indebtedness as defined in this act at as early a date 7 as is reasonably consistent with the interests of the state of West 8 Virginia and the taxpayers thereof, and with possible levies
therefor under section twenty-three, of house bill number two
two hundred thirty-four, second extraordinary session, one thou-
sand nine hundred thirty-three, and such regulations may be
promulgated for use in the alternative as the circumstances of
the particular taxing district may require; and such general
regulations shall in no event be considered to be exclusive of
the promulgation of a special regulation or the approval of a
special plan of payment for any particular taxing district. By
way of illustration, if such indebtedness may within a reason-
able time be paid from the levies under house bill number two
hundred thirty-four, other than those provided by section
twenty-three, a plan of payment based thereon may be adopted;
or if in any particular taxing district the laying of a reasonable
levy under said section twenty-three might accomplish the pay-
ment of such indebtedness within a lesser period of time con-
sistent with the interest of the state of West Virginia and the
taxpayers thereof, a plan utilizing such levies under said sec-
tion twenty-three and effecting payment at an earlier time may
be promulgated and adopted.

Any and all regulations promulgated by the tax commissioner
and any plan of payment adopted by the fiscal body with the
approval of the tax commissioner, shall embody the principles
that (1) payments shall be made pro rata upon all approved
claims from year to year, except that payment of small claims
not to exceed one hundred dollars may be made from the re-
ceipts of the first two years; (2) the annual payment of interest
shall not exceed the legal rate upon all deferred installments
including the fixing of the time for the payment of interest;
(3) the anticipation of all or any part of deferred payments
prior to the time stipulated therefor, including the selection by
lot of such certificates of indebtedness as shall be anticipated
if less than all, and the termination of interest after reasonable
notice of the selection of any certificate of indebtedness for pay-
ment.

Sec. 20. When, in the judgment of the fiscal body, subject
to the approval of the tax commissioner, the payment of such
indebtedness by one levy, together with estimated receipts from
delinquencies, would be unnecessarily burdensome in view of the
existing emergency, the fiscal body shall determine the number
of years, not exceeding ten, for which successive levies shall be
laid, and shall prepare a statement showing: (a) the total
amount of such indebtedness adjudicated under the provisions of this act or reduced to judgment; (b) what levies, if any, remain from the apportionments of levies for debt purposes to such fiscal body under the provisions of house bill number two hundred thirty-four other than section twenty-three thereof, after making provision for bonded indebtedness as therein required; (c) the levies, if any, laid under section twenty-three of house bill number two hundred thirty-four for bonded indebtedness of such taxing district; (d) the estimated amount of delinquent taxes to be received applicable to the payment of such indebtedness, showing the estimated amount to be received for each year during the period for which the payment of such indebtedness is extended; (e) the assessed valuation of all property subject to taxation within the taxing district by classifications; (f) the rate of levy required, if any, under section twenty-three of house bill number two hundred thirty-four, if such indebtedness were to be paid by a single levy.

Sec. 21. Before any such plan shall be finally adopted, it shall be submitted to the tax commissioner, who may approve or disapprove it. If the tax commissioner disapproves the plan submitted, he shall direct the changes therein to be made or shall direct the making of another plan in keeping with the provisions hereof. If the fiscal body does not agree to any plan of payment finally promulgated and approved by the tax commissioner, then the order of the tax commissioner promulgating the plan shall be final and the adoption of such plan by the fiscal body may be enforced by the tax commissioner in any appropriate proceeding or proceedings in law or equity. When a plan shall have received the approval of the tax commissioner, the fiscal body shall proceed to issue refunding certificates in the manner provided by section twenty-three hereof.

Sec. 22. If at any time prior to the payment of all such indebtedness and the interest on the deferred installments thereof, the tax commissioner be satisfied that the financial affairs of the taxing district have improved, the tax commissioner may require the fiscal body to accelerate the payment of such deferred installments and to make full payment of all such indebtedness prior to the time of final payment set out in the original plan.

Sec. 23. Promptly upon the adoption of such payment plan, the fiscal body shall, at the request of the holder of any order approved under this act, or of any claim otherwise reduced to
4 judgment, issue to the holder thereof in lieu of such orders or
5 claims and upon the proper release of any such judgment, a
6 certificate, or certificates, of indebtedness payable out of the
7 indebtedness fund provided by section eighteen of this act in
8 form prescribed by the tax commissioner as provided by section
9 twenty-four. Such certificates of indebtedness may be issued,
10 one certificate for each annual payment to be made, or may be
11 issued in the form of coupon certificate of indebtedness with a
12 coupon to evidence such annual payment of principal together
13 with interest accruing on the whole certificate remaining unpaid
14 at the date of the payment of such coupon.
15 Any person owning more than one claim, order or judgment
16 against the same fund may require one certificate to be issued
17 for the aggregate amount of his several claims.
18 All orders and proofs of claim received in exchange for such
19 certificates of indebtedness shall be stamped across the face
20 thereof “paid by refunding certificate no. ...........” and shall
21 be cancelled and filed with the records of the fiscal body.

Sec. 24. The tax commissioner shall prescribe the form of
2 the certificates of indebtedness hereunder, which shall contain a
3 brief description of the order, claim or claims of the indebted-
4 ness refunded by such certificate.

Sec. 25. Any certificate of indebtedness evidencing an an-
2 nual payment of any certificate of indebtedness coupon evi-
3 dencing an annual payment of principal and/or interest shall
4 constitute a voucher in the hands of the sheriff for which he
5 shall receive credit in his settlements.

Sec. 26. If any section, paragraph, sentence, clause, word
2 and/or application of any part hereof be held unconstitutional,
3 the same shall not affect the validity of the remaining portions.
4 All acts or parts of acts, both general and special, incon-
5 sistent with the provisions of this act, are hereby repealed.

11 deductions may be made to the amount of credits or refunds for returned goods and of the sale price of any article accepted as part payment on any new article sold, if the full sale price of the new article is included in "gross proceeds";

15 Fourth, "Sale at retail" shall mean any transaction by which the ownership of tangible personal property is transferred for a consideration, when the transfer is made in the ordinary course of the transferor's business and is made to the transferee for consumption or use or any other purpose save resale in the form of tangible personal property. "Sale at retail" includes conditional sales and transactions under whatever name whereby title is ultimately to pass, although possession is retained for security;

24 Fifth, "Sale at retail" shall not include an isolated transaction in which any tangible personal property is sold, transferred, offered for sale, or delivered by the owner thereof, or by his representative for the owner's account, such sale, transfer, offer for sale or delivery not being made in the ordinary course of repeated and successive transactions of a like character by such owner or on his account by such representative;

36 Sixth, "Retail dealer" shall mean a person engaged in the business of sale at retail in this state;

37 Seventh, "Wholesale dealer" shall mean a person engaged in this state in the business of selling to a retail dealer in this state for resale only;

38 Eighth, "Business" shall include all activities engaged in or caused to be engaged in with the object of gain or economic benefit, direct or indirect;

39 Ninth, "Paypayer" shall mean any person liable for any tax hereunder;

41 Tenth, "Tax" shall include all taxes, interest or penalties levied hereunder.

Sec. 3. For the privilege of engaging in the business of selling tangible personal property at retail, and of dispensing certain selected services defined in section six of this title, every person shall pay a tax of two percent of the gross proceeds of the business done during the period from the date of the passage of this act until the thirtieth day of June, one thousand nine hundred thirty-five. The retail dealer shall keep the tax paid by the purchaser separate and apart from the proceeds of sale and shall account to the state for all the tax paid by the purchaser.
There shall be no tax on sales where the monetary consideration is five cents or less. On each sale where the monetary consideration is from six cents to fifty cents, both inclusive, the tax payable by the purchaser shall be one cent; on each sale where the monetary consideration is from fifty-one cents to one dollar, both inclusive, the tax payable by the purchaser shall be two cents, and on each fifty cents of such monetary consideration, or fractional part thereof, in excess of one dollar, the tax payable by the purchaser shall be one cent. Provided, however, That no registration license shall be issued by the state road commission for the operation of any automotive vehicle in this state other than for those vehicles which are licensed at the time of the effective date of this act, or which may have hitherto been licensed and the applicant for license is the same person in whose name license had previously been issued, unless and until the tax upon such vehicle, as provided by this section, has been paid: And, provided further, that no transfer of title for the operation of any automotive vehicle in this state shall be issued by the state road commissioner unless and until the tax upon such vehicle, as provided in this section, has been paid: And provided further, that the provisions of the above two provisos shall not apply to automotive vehicles engaged in interstate commerce under classes H and I; and, the state road commissioner shall have authority, and it shall be his duty to promulgate such rules and regulations as may be necessary for the proper certification to the state road commission that such tax has been paid. No profit shall accrue to any person by virtue of the provisions of this section, as a result of the collection of the tax herein levied upon purchasers, notwithstanding that the total amount of such taxes collected may be in excess of the amount for which such person would be liable by the application of the levy of two percent to the gross proceeds of his sales, and the total of all taxes collected by any such person shall be returned and remitted to the tax commissioner as hereinafter provided.

Sec. 4. The burden of proving that a sale was not at retail shall be upon the seller, unless he takes from the purchaser a certificate signed by and bearing the address of the purchaser to the effect that the property was purchased for resale. To
prevent evasion, it shall be presumed that all proceeds are subject to the tax until the contrary is clearly established.

See. 5. A person exercising the privilege of producing for sale, profit or commercial use, any natural resources, product or manufactured product, and engaging in the business of selling at retail any such product not otherwise exempted herein shall make returns of the gross proceeds of such retail sales and pay the tax imposed by this title.

See. 6. The provisions of this title shall apply not only to selling tangible personal property, but also to the furnishing of all services except professional and personal services and except those services furnished by corporations subject to the control of the public service commission and the state road commission.

See. 7. The provisions of this title shall not apply to:
1 First, Sales of gasoline, taxable under article fourteen, chapter eleven of the code of one thousand nine hundred thirty-one;
2 Second, Sales of gas, steam and water delivered to consumers through mains or pipes, and sales of electricity;
3 Third, Sales of public school books regularly adopted pursuant to section ten, article two, chapter eighteen of the code of one thousand nine hundred thirty-one;
4 Fourth, Sales to the state, its institutions or subdivisions, and sales to the United States, including sales to agencies of federal, state or local governments for distribution in public welfare or relief work, or sales not taxable by this state by reason of the federal constitution or otherwise.

Sec. 8. It is the intent of this title that the tax levied hereunder shall be passed on to the consumer. The amount of the tax shall be added to the sales price, and shall constitute a part of that price and be collectible as such.

Sec. 9. A person engaged in the business of selling tangible personal property at retail shall not advertise or hold out to the public, in any manner, directly or indirectly, that he will absorb all or any part of the tax or that the tax imposed by this title is not to be considered an element in the price to the consumer. A person who violates this provision shall be guilty of a misdemeanor and upon conviction shall be punishable by a fine of not less than fifty nor more than one thousand dollars, or imprisonment in the county jail for not exceeding one year, or both in the discretion of the court.

Sec. 10. To provide uniform methods of adding the average
2 equivalent of the tax to the selling price in each sale or trans-
3 action subject to the tax, appropriate rules and regulations,
4 except as otherwise herein provided, may be agreed upon or
5 adopted by competing taxpayers or associations of taxpayers,
6 except that all collections shall be made on the basis of the
7 total transaction at the time of sale, without regard to the
8 value of the separate items making up the total amount of
9 the sale. Such rules and regulations, if they do not involve
10 price fixing, shall not be deemed illegal as in restraint of
11 trade or commerce. It shall be the duty of the tax commis-
12 sioner to cooperate in formulating such rules and regulations,
13 and, in the event appropriate rules and regulations are not
14 submitted to him within thirty days after this act takes effect,
15 or within a reasonable extended period fixed by the tax com-
16 missioner, he shall himself formulate and promulgate appro-
17 priate rules and regulations to effectuate the purpose of this
18 section.

Sec. 11. The tax commissioner may authorize a taxpayer
2 doing business, wholly or partly on a credit basis, to make re-
3 turns on the basis of cash actually received. Thereafter, the
4 taxpayer shall make return and pay taxes on that basis until
5 further order of the tax commissioner. This section shall not
6 operate to relieve from the tax, credit business done during the
7 operation of this title but realized upon in money or money’s
8 worth thereafter.

Sec. 12. Any person engaged in the business of making sales
2 at retail who is at the same time engaged in some other kind of
3 business, occupation, or profession, not taxable under this title,
4 shall keep books to show separately the transactions used in
5 determining the tax base herein taxed. In the event of such
6 person failing to keep such separate books, there shall be levied
7 upon him a tax based upon the entire gross proceeds of both or
8 all of his businesses.

Sec. 13. In determining gross proceeds of sales from one to
2 another of affiliated companies or persons, or under other
3 circumstances where the relation between the buyer and the
4 seller is such that gross proceeds from a sale are not indicative
5 of the true value of the subject matter of the sale, the tax com-
6 missioner shall prescribe uniform and equitable rules for de-
7 termining the amount upon which the tax shall be levied, cor-
8 responding as nearly as possible to gross proceeds from the sale
9 of similar products of like quality or character where no
10 common interest exists between the parties.

Sec. 14. The taxes levied hereunder shall be a personal
2 obligation of the taxpayer and shall be due and payable in
3 monthly installments, on or before the fifteenth day of the
4 month next succeeding the month in which the tax accrued.
5 The taxpayer shall, on or before the fifteenth day of each month,
6 make out and mail to the tax commissioner a return for the
7 preceding month, in the form prescribed by the tax commis-
8 sioner, showing (a) the total gross proceeds of his business for
9 that month; (b) the gross proceeds of his business upon which
10 the tax is computed; (c) the amount of the tax for which he is
11 liable; and (d) any further information necessary in the com-
12 putation and collection of the tax which the tax commisioner
13 may require. A remittance for the amount of the tax shall
14 accompany the return. A monthly return shall be signed by the
15 taxpayer or his duly authorized agent.

Sec. 15. The tax commissioner may, upon written request,
2 authorize a taxpayer whose books and records are not kept on
3 a monthly basis to file returns at other times than those specified
4 in the preceding section, but in no event shall a taxpayer make
5 less than one return a calendar month, except as provided by
6 section sixteen.

Sec. 16. When the total tax for which a person is liable does
2 not exceed ten dollars for any month, he may make quarterly
3 return on or before the fifteenth day of the first month in the
4 next succeeding quarter in lieu of monthly returns.

Sec. 17. On or before thirty days after the end of the tax
2 year, each person liable for the payment of a tax hereunder shall
3 make an annual return in such form as may be required by the
4 tax commissioner, showing total gross proceeds of his business
5 for the preceding tax year, gross proceeds upon which the tax
6 for that year was computed, and any other information neces-
7 sary in the computation or collection of the tax that the tax com-
8 missioner may require. After deducting the amount of prior
9 payments during the tax year, the taxpayer shall transmit the
10 return with a remittance for any remaining tax, payable by him
11 during the preceding tax year, to the tax commissioner. The
12 taxpayer or his duly authorized agent, shall verify the return
13 under oath. The tax commissioner for good cause shown, may,
on written application of a taxpayer, extend the time for making
his annual return.

Sec. 18. A person engaging in two or more places in the
same business or businesses of like character, taxable hereunder,
shall file consolidated returns covering all such business activities
engaged in within this state.

Sec. 19. A person liable for the tax imposed hereunder shall
keep the records, render under oath the statements, make re-
turns, and comply with the rules and regulations that the tax
commissioner may, from time to time, require. The tax com-
missioner may require such records, statements or returns, upon
notice, from any person in order to determine whether he is
liable to the tax hereunder. The tax commissioner may require
preservation of records for not to exceed five years.

Sec. 20. The tax commissioner shall keep full and accurate
records of all moneys received by him. He shall preserve all re-
turns filed with him hereunder for five years.

Sec. 21. Unless, in compliance with a judicial order, or as
may be required by the proper administration hereof, the tax
commissioner, his agents and employees and former tax com-
missioners, agents and employees shall not divulge facts or
information obtained in the administration hereof.

Sec. 22. The proceeds of the tax imposed by this title shall
be devoted to the support of the free schools, and be expended
in such manner as may be provided by law.

Sec. 23. All provisions of this title shall terminate and cease
to be of effect upon the thirtieth day of June, one thousand nine
hundred thirty-five. The termination thereof shall not affect
the enforcement of any right, liability, or duty arising during
or out of the operation hereof.

TITLE III

promulgate and enforce reasonable rules and regulations neces-
sary to the administration and enforcement of the provisions
of this act.

Sec. 3. Except as herein otherwise provided a person who wilfully violates any of the provisions of this act, or any lawful rule or regulation promulgated under it, shall be guilty of a misdemeanor and upon conviction, shall be fined not less than fifty nor more than five thousand dollars.

Sec. 4. The provisions of this act shall be construed as severable and if any part is held to be unconstitutional, or for any other reason invalid, the remaining provisions shall not be affected. If the application of the tax imposed by this act to any particular taxpayer or to any period of time is held to be invalid, its application to other taxpayers and to other periods of time shall not be affected thereby.

Be it enacted by the Legislature of West Virginia:

That an act of the Legislature of West Virginia, second extraordinary session, one thousand nine hundred thirty-three, designated Committee Substitute for House Bill No. 63, be amended and reenacted to read as follows:

ARTICLE VIII

Section 1. WHEREAS, Two former acts of the present Legislature relating to the subject matter and general object of this act have been held by the supreme court of appeals of this state to be unconstitutional for varying reasons, which holdings give rise to the question and doubt as to whether the tax limitation amendment, according to the majority interpretation of its
7 intent and meaning, and in consonance with a like, but differ-
8 ently constituted, majority interpretation of other constitutional
9 provisions, may be made workable literally and, at the same
time, permit provisions to be made for the necessary require-
11 ments of governmental expenses; and
12 WHEREAS, This Legislature cannot entertain the belief that
13 the voters of this state who, with such practical unanimity,
14 adopted the tax limitation amendment, had in mind that any
15 possible effect or consequence thereof would be to destroy or
16 seriously impair constitutional government in the state or any
17 political subdivision thereof, but rather that one of its objects
18 and purposes was to enjoin and compel a curtailment and re-
19 duction of governmental expenses, and to hold them within
20 reasonable bounds consistent with the economical and efficient
21 administration thereof; and
22 WHEREAS, It is the express purpose and object of the pro-
23 visions hereinafter contained to fully conform with the spirit
24 of said amendment and to provide ample safeguards to insure
25 the strictest economy in the matter of governmental expendi-
tures, to the end that proper agencies of government may not
27 be compelled to abdicate or cease to function, but that in so
28 functioning they shall not entail upon the public any expense
29 which is not absolutely necessary; therefore, the Legislature of
30 West Virginia doth find and declare:
31 That the provisions of this act hereinafter contained are as
32 it verily believes fully within the spirit of said amendment and
33 the several judicial interpretations thereof, and that by means
34 thereof said amendment may be found to be workable in its
35 practical application.

Sec. 2. The Legislature having carefully studied the fiscal
2 affairs of the various counties, municipalities and other taxing
3 districts of the state, and having had access to the official rec-
4 ords in the office of the state tax commissioner, and having
5 studied the various computations made by the office of the tax
6 commissioner summarizing the levies which may be made
7 under the tax limitation amendment, and having examined
8 and investigated the various estimates made by the levying
9 bodies for the maintenance and operation of constitutional
10 county government, municipal government and the public
11 school system, doth find:
12 (1) That approximately twenty per cent of the maximum potential levies within the limits prescribed by section one, article ten of the constitution of West Virginia as amended constitutes a fair average minimum requirement for the maintenance of basic and indispensable functions of government for which county courts have heretofore imposed the levies;

(2) That approximately twenty per cent of the maximum potential levies within the municipalities constitutes a fair average minimum requirement for the maintenance of municipal government;

(3) That, for the reasons hereinafter set forth, approximately thirty per cent of such maximum potential levies is required as the contribution from local taxation for the maintenance of the state free school system if a term of not less than seven months is to be provided;

(4) That the potential yield of all taxes levied within the said limitations is approximately twenty-five million dollars, without deduction for delinquencies;

(5) That the present annual requirements for interest, sinking fund, and amortization charges of contractual indebtedness of the state and other fiscal bodies existing on the eighth day of November, one thousand nine hundred thirty-two, not including state road bonds for which other provision is made, but including the requirements for bonded indebtedness and reasonable partial provision for contractual indebtedness not bonded, is approximately seven million five hundred thousand dollars;

(6) That the maintenance of constitutional local government, the maintenance of orderly municipal government, and provision for a reasonably efficient free school system are essential and indispensable to the protection of the obligations of contractual indebtedness of the state and its various subdivisions, for the reason that the ultimate security for such obligations is the value of the property of the citizens located within the governmental units which are indebted for such contractual obligations, and that if such ordinary governmental functions, including a reasonably efficient school system, be not provided, the value of such property will greatly depreciate, and, without proper governmental provision for peace, order, and security, and the proper exercise of the police powers of the state, homes and business properties in the state will be rendered uninhabitable and of little value;
52 (7) That if the proportions of the direct levies herein men-
53 tioned be not made available for current expenses of govern-
54 ment, including provision for the free school system, there
55 will be no provision from such taxes for the maintenance of
56 schools, and in, at the least, thirty-three counties of the state
57 constitutional government can not be maintained; and that
58 if taxes from sources other than the direct property taxes be
59 relied upon to provide for the current expenses of government
60 and the maintenance of schools, the amount thereof required
61 will be approximately fifteen million dollars, in addition to the
62 other so-called indirect taxes heretofore provided and other
63 requirements to be met from such other or indirect taxes;
64 and the Legislature doth find that such further and additional
65 indirect taxes in such amount can not be raised within the
66 state of West Virginia;
67 (8) Whereas, It has recently been judicially determined that
68 under the tax limitation amendment due provision must be
69 made for the payment of contractual indebtedness from the
70 levies laid thereunder, the Legislature doth further find that
71 on a state-wide basis approximately thirty per cent of said
72 levies is reasonably sufficient to make provision for such in-
73 debtedness, and doth further find that approximately seventy
74 per cent of said levies is indispensably necessary for current
75 expenses for the maintenance of indispensable functions of
75-a government within the state;
76 (9) Whereas, The Legislature doth further find that in some
77 of the subdivisions of the state the indebtedness is great and
78 cumulative from one subdivision to another, and it has been
79 judicially determined in effect that when the validity of the
80 contractual claims is not questioned, levies necessary for the
81 payment thereof, when added to the levies already made for
82 current governmental expenses, may exceed the maximums of
83 the levies authorized by the constitutional limitation; the
84 Legislature doth further find that the necessity for such levies
85 laid substantially in accordance with the tax laws in force
86 and effect at the time such indebtedness was incurred arises
87 when the requirements of such indebtedness exceed approxi-
88 mately thirty per cent of the levies within said limitations,
89 and, at the same time, approximately seventy per cent of the
90 levies within said limitations is indispensably necessary for the
Sec. 3. In order that the revenue to be derived from taxes to be assessed upon real and personal and public utility property throughout the state may be apportioned among the levying units of the state in such manner that the said apportionment shall not exceed the maximum levies that may be assessed upon each respective class of property as defined by the tax limitation amendment, and

In order, further, that the taxes to be assessed shall be levied and collected with uniformity coextensive with the territory of the taxing unit within which such taxes are to be levied and collected, without interference by one taxing unit with the right of another such unit to levy and collect taxes for its purposes and within its territorial extent, and

In order, further, that the taxing units throughout the state may be furnished with the means of providing (1) the sinking fund and interest requirements of their now existing indebtedness, and (2) the requirements of their respective current operating expenses, this act is hereby enacted.

The purpose of this article is to provide the maximum rates for the levies which may be laid by the several taxing units in the state within the limitations of the tax limitation amendment and to provide for the application of the taxes derived therefrom to the payment of legal contractual indebtedness and then to the maintenance of indispensable governmental functions as herein provided.

Sec. 4. The taxing units of the state for the purposes of this act are declared to be (1) the state, (2) the county, for all county purposes including indebtedness other than school indebtedness, (3) present school districts for current school purposes, (4) school districts existing prior to the twenty-second day of May, one thousand nine hundred thirty-three, for school debt service purposes, (5) magisterial and other road districts for road and other debt service purposes other than county road debts, (6) other specially created taxing districts for indebtedness existing at the time of the adoption of the tax limitation amendment, (7) municipalities for municipal purposes including municipal debt service purposes.

Sec. 5. For the purpose of levies, except as provided in sec-
tion twenty-three of this article, property shall be classified as follows:

Class I. All tangible personal property employed exclusively in agriculture, including horticulture and grazing;

Class II. All property owned, used and occupied by the owner exclusively for residential purposes;

Class III. All real and personal property situated outside of municipalities, exclusive of classes I and II.

Class IV. All real and personal property situated inside of municipalities, exclusive of classes I and II.

Sec. 6. The aggregate of taxes assessed in any one year by all levying bodies shall not exceed fifty cents on each one hundred dollars' assessed valuation on class I property; one dollar on class II property; one dollar fifty cents on class III property; and two dollars on class IV property, except as hereinafter provided by section twenty-three of this article.

The following fiscal bodies of the state are hereby authorized to lay the following maximum levies within the limitations provided by the tax limitation amendment for the following purposes upon each one hundred dollars of the assessed valuation of the real, personal and public utility properties within their respective districts, namely:

For state purposes the board of public works: For bonded two cents, on class II property four cents, and on classes III and IV property eight cents, as such classes are herein defined, and for general expense purposes for the state fund general revenue one cent on each and all classes of property.

County Courts. First for the payment of interest and sinking fund requirements in respect to bonded indebtedness of the county legally incurred or created prior to the adoption of the tax limitation amendment, and if not entirely required therefor, then for the payment of other legally incurred contractual indebtedness not bonded, created prior to the adoption of the tax
limitation amendment, on class I property two cents, on class II property four cents, and on classes III and IV property eight cents, for the payment of interest and sinking fund requirements; and first in respect to the bonded indebtedness of any district or special district within the county for which the levies are required to be laid by the county courts, and if not all required for such interest and sinking fund requirements, then for the payment of other legally contracted indebtedness not bonded, incurred or created prior to the adoption of the limitation amendment on class I property four and twenty-five hundredths cents, on class II property eight and five-tenths cents, and on classes III and IV property seventeen cents. And for general county current expense purposes on class I property nine and four-tenths cents, on class II property eighteen and eight-sevenths cents, and on classes III and IV property thirty-seven and five-tenths cents.

Boards of Education. First for the payment of interest and sinking fund requirements in respect to the bonded indebtedness in any magisterial, independent, or other school district of the county existing prior to the twenty-second day of May, one thousand nine hundred thirty-three, legally incurred or created prior to the adoption of the tax limitation amendment and then if not entirely required therefor, for the payment of other legally incurred contractual indebtedness not bonded, created by such school districts prior to the adoption of the tax limitation amendment on class I property three cents, on class II property six cents, and on classes III and IV property twelve cents. And for general current expenses of schools on class I property fifteen and eighty-five hundredths cents, on class II property thirty-two and eight-tenths cents, and on classes III and IV property sixty-six and five-tenths cents.

Municipalities. First for the payment of interest and sinking fund requirements in respect to bonded indebtedness of the municipalities legally incurred prior to the adoption of the tax limitation amendment, and if not entirely required for such purposes, then for the payment of other legally incurred contractual debts created prior to the adoption of the tax limitation amendment on class I property three and seventy-five hundredths cents, on class II property seven and five-tenths cents, and on class IV property fifteen cents, and for general current
expense purposes on class I property eight and seventy-five
hundredths cents, on class II property seventeen and five-tenths
cents, and on class IV property thirty-five cents: Provided
further, That of the taxes on class I property fifteen cents
thereof, and on class II property thirty cents thereof, and on
class III property forty-five cents thereof, and on class IV
property sixty cents thereof may be levied and collected for the
purpose of meeting the contractual indebtedness requirements
of the state and other taxing districts as hereinafter provided,
and for no other purpose in any event, and the levies for current
governmental expense of all taxing districts, including the state,
counties, magisterial districts, school districts, municipalities
and other taxing districts shall not in any event exceed on class
I property thirty-five cents, on class II property seventy cents,
on class III property one dollar five cents, on class IV property
one dollar forty cents.

Sec. 7. The levies for indebtedness of the state shall be within
the apportionments of levies for state taxes as provided in sec-
tion eight. The levies for county indebtedness which have here-
tofoe been laid by the county courts other than as district
levies shall be within the apportionment of levies for such in-
debtedness provided by section ten hereof. The levies for dis-
trict indebtedness which have heretofore been laid by the county
court shall be within the apportionments for such indebtedness
as provided by section ten. The levies for indebtedness of
school districts existing prior to the twenty-second day of May,
one thousand nine hundred thirty-three, shall be within the
apportionments for indebtedness made to boards of education
by section twelve hereof. The levies for special taxing districts
for indebtedness shall be within the apportionments to the
county court or the board of education for indebtedness pur-
poses according to the fiscal body by which the taxes for such
special taxing districts are provided by law to be laid. The
levies for municipalities for indebtedness purposes shall be
within the apportionments made to municipalities for indebted-
ness purposes as provided by section fourteen herein.

Sec. 8. The state levy for contractual indebtedness existing
on the eighth day of November, one thousand nine hundred
thirty-two, shall be for the fiscal year beginning July first, one
thousand nine hundred thirty-three, such indebtedness being
Virginia debt bonds, capitol building fund notes, and when
necessary the refunding bonds authorized by chapter fifty-eight, acts of the Legislature of West Virginia, first extraordinary session, one thousand nine hundred thirty-three, on class I property two cents, on class II property four cents, and on classes III and IV property eight cents; and for state fund general revenue the board of public works shall, if it find the same to be necessary, lay a state levy other than for now existing indebtedness, not to exceed one cent on the one hundred dollars' valuation on all real, personal, and public utility properties subject to taxation within the state.

For fiscal years after the fiscal year beginning July first, one thousand nine hundred thirty-three, the state levy may be the same as herein provided for said fiscal year, except that no levy shall be laid on account of capitol building fund notes.

The board of public works shall determine the debt levy to be laid by it, if any, and the current expense levy, if any, for the fiscal year beginning July first, one thousand nine hundred thirty-three, on or before the thirtieth day of January, one thousand nine hundred thirty-four, and shall forthwith advise the state tax commissioner of its action and shall so certify to the assessor of each county. In other years the board of public works shall determine the necessity of state levies for indebtedness or current expenses on or before the fifteenth day of July of the fiscal year for which the tax is to be laid.

When no state levy is required for indebtedness the board of public works shall in any event lay a state levy for state fund general revenue of one cent on the one hundred dollars' valuation on all property taxable within the state.

Sec. 9. Each local levying body shall hold a session on the first Tuesday in August for the transaction of business generally and particularly for the business herein required, but for the fiscal year beginning July first, one thousand nine hundred thirty-three, such meeting shall be held on the first Tuesday following the first Wednesday after this act becomes effective.

Sec. 10. The county court shall, at the session provided for in section nine of this article, ascertain the fiscal condition of the county, and make an itemized statement which shall set forth:

(1) The amount due and the amount that will become due and collectible from every source during the current fiscal year
except from the levy of taxes to be made for the year upon the county as a whole and upon any district of the county for which the levies are laid by the county court;

(2) The interest, sinking fund and amortization requirements of bonded indebtedness legally incurred upon a vote of the people, as provided by law prior to the adoption of the tax limitation amendment, required for the fiscal year owing by the county as a whole and/or owing by any district;

(3) Other contractual indebtedness not bonded, legally incurred prior to the adoption of the tax limitation amendment, owing by the county as a whole and such debts owing by any district;

(4) All other expenditures to be paid out of the receipts for the current fiscal year, whether by the county as a whole or out of any fund of any district, with proper allowance for delinquent taxes, exonerations and contingencies;

(5) The total amount necessary to be raised for each fund by the levy of taxes for the current year;

(6) The proposed county levy in cents on each one hundred dollars' assessed valuation of each class of property for the county and its subdivisions;

(7) The proposed levy in each district for district funds, if any, on each one hundred dollars' valuation of each class of property;

(8) The separate and aggregate amounts of the real, personal and public utility properties in each class in the county and in each subdivision thereof.

A copy of the statement, duly certified by the clerk of the court, shall be forwarded to the tax commissioner, and shall be published as soon thereafter as may be, for one publication in two newspapers of general circulation and of opposite politics, published in the county. If there be only one newspaper published in the county, the publication shall be made therein. If there be no newspaper published in the county, a true copy of such statement duly certified shall be posted by the clerk of the court at the front door of the courthouse, and at a public place in each magisterial district of the county, not later than the third day after adjournment of the session provided for by section nine hereof: Provided, however, That publication having been made for the fiscal year begin-
47 ning July first, one thousand nine hundred thirty-three, no
48 publication shall be required for said fiscal year, and the
49 county court shall cause to be posted at the front door of the
50 courthouse the statement herein provided for not less than
51 ten days prior to the second meeting hereinafter provided for,
52 which posting shall constitute full and sufficient notice for
53 said fiscal year.
54 The session, except for the fiscal year beginning July first,
55 one thousand nine hundred thirty-three, shall then stand ad-
56 journed until the third Tuesday in August, at which time it
57 shall reconvene. For the fiscal year beginning July first, one
58 thousand nine hundred thirty-three, the session shall stand
59 adjourned until the second Tuesday after the meeting pro-
60 vided for in section nine of this article.
61 The court shall then hear and consider any objections made
62 orally or in writing by the prosecuting attorney, by the tax
63 commissioner or his representative, or by any taxpayer of the
64 county, to the estimate and proposed levy or to any item
65 thereof. The court shall enter of record any objections so
66 made and the reasons and grounds therefor.
67 The failure of any officer or taxpayer to offer objections
68 shall not preclude him from pursuing any legal remedy neces-
69 sary to correct any levy made by any fiscal body under this
70 article.
71 The court, after hearing objections, shall reconsider the pro-
72 posed original estimate and proposed rates of levy, and if the
73 objections are well taken, shall correct the estimate and levy.
74 No such estimate and levy, however, shall be entered until the
75 same shall have first been approved, in writing, by the tax
76 commissioner. When the same shall have been approved by
77 the tax commissioner, the clerk shall then enter the estimate
78 and levy, together with the order of the court approving them
79 and the written approval of the tax commissioner thereof,
80 in the proper record book.
81 The county court shall then levy as many cents per hundred
82 dollars' assessed valuation on each class of property in the
83 county or its subdivisions, according to the last assessment,
84 as will produce the amounts shown to be necessary by the
85 statement: Provided, however, That the first levy to be made
86 by the county court shall be for the bonded indebtedness of
87 the county or any district thereof for which the court imposes
the levy, existing at the time of the adoption of the tax limitation amendment, for which purpose the county court shall levy, if necessary, for county bonded indebtedness as such, on class I property two cents, on class II property four cents, and on classes III and IV property eight cents, and for such bonded indebtedness of any district for which the levies are laid by the county court, on class I property four and twenty-five hundredths cents, on class II property eight and five-tenths cents, and on classes III and IV property seventeen cents; and that the second levy to be made by the county court shall be for other contractual indebtedness, not bonded, of the county or any district thereof, for which the county imposes the levy, existing at the time of the adoption of the tax limitation amendment, for such county indebtedness to the extent that the apportionment of two cents on class I property, four cents on class II property and eight cents on classes III and IV property has not been required for bonded indebtedness, and for such indebtedness of any district for which the levies are laid by the county court, to the extent that the apportionment of four and twenty-five hundredths cents on class I property, eight and five-tenths cents on class II property, and seventeen cents on classes III and IV property has not been required for the bonded indebtedness of such district.

After laying such indebtedness levies, the county court shall then levy as many cents per hundred dollars' assessed valuation on each class of property in the county or its subdivisions, according to the last assessment, as will produce the amounts shown to be necessary for current expenses by the statement, which said levy for current expenses, however, shall not exceed on class I property nine and four-tenths cents; on class II property eighteen and seven-tenths cents; and on classes III and IV property thirty-seven and five-tenths cents. When less than the maximum levies are imposed, the levies on each class of property shall be in the same proportions as the maximum herein authorized.

Sec. 11. When an order is made for a levy the clerk of the court, within three days, shall prepare, certify and forward copies to the tax commissioner, the state auditor, the assessor and the officer who, according to law, is required to collect the levy. He shall charge the collecting officer with the amount of the levy in the proper account book. The assessor shall imme-
diately extend the taxes in the land and personal property books. The officer who is required to collect the levy shall make out proper tax bills. County levies shall be collected by the sheriff at the same time, in the same manner, and under the same regulations as other taxes are collected. Delinquent lists for county levies shall be returned and delinquent lands sold for county levies in the same manner and at the same place and under the same regulations that lands returned delinquent for state taxes are returned and sold.

Sec. 12. Every board of education shall, at the session provided for in section nine of this article, if the laying of a levy has been authorized by the voters of the district under article nine, chapter eighteen of the code, ascertain the condition of the fiscal affairs of the district, distinguishing between elementary and high schools and the funds provided for each, and make a statement setting forth:

1. The separate amounts due the various funds, and the amounts that will become due and collectible during the current fiscal year except from the levy of taxes to be made for the year;
2. The interest, sinking fund and amortization requirements for the fiscal year of bonded indebtedness legally incurred upon a vote of the people as provided by law by any school district existing prior to May twenty-second, one thousand nine hundred thirty-three, prior to the adoption of the tax limitation amendment, owing by any such district;
3. Other contractual indebtedness not bonded, legally incurred by any such school district existing prior to May twenty-second, one thousand nine hundred thirty-three, prior to the adoption of the tax limitation amendment, owing by such district;
4. All other expenditures to be paid out of the receipts for the current fiscal year, with proper allowance for delinquent taxes, exonerations and contingencies;
5. The separate amount necessary for each fund and the total to be raised by the levy of taxes for the current fiscal year;
6. The proposed rate of levy in cents on each one hundred dollars' assessed valuation of each class of property;
7. The separate and aggregate amounts of the assessed
valuation of real, personal, and public utility property within each class.

The secretary of the board shall forward immediately a certified copy of the statement to the tax commissioner and shall publish the statement in a manner similar to that provided in section ten of this article.

The session, except for the fiscal year beginning July first, one thousand nine hundred thirty-three, shall then stand adjourned until the third Tuesday in August, at which time it shall reconvene and proceed in a manner similar in all respects to that provided for in section ten of this article.

For the fiscal year beginning July first, one thousand nine hundred thirty-three, the session shall stand adjourned until the second Tuesday after the meeting provided for in section nine of this article.

The board shall first lay the levy for the payment of the requirements for the fiscal year of bonded indebtedness incurred prior to the adoption of the tax limitation amendment by any magisterial, independent or other school district, which levies if required, shall be on class I property three cents, class II property six cents, and classes III and IV property twelve cents, and shall secondly lay the levy for contractual indebtedness, not bonded, incurred prior to the time of the adoption of the tax limitation amendment, to the extent that the apportionment for such indebtedness of three cents on class I property, six cents on class II property, and twelve cents on classes III and IV property has not been required for such bonded indebtedness.

The board shall not finally enter any levy until the same shall have received the approval in writing of the tax commissioner and, after receiving such approval, shall enter the statement as originally approved in its record of proceedings, together with the written approval of the tax commissioner, and shall levy as many cents on each one hundred dollars' assessed valuation of each class of property as will produce the amount necessary for defraying the current expenses for the fiscal year: *Provided, however,* That these levies for current expenses shall not exceed on class I property fifteen and eighty-five hundredths cents, on class II property thirty-two and eight-tenths cents, and on classes III and IV property sixty-six and five-tenths cents. When less than the maximum levies are imposed, the levies on each

Within three days after the board of education has laid the levies, the secretary of the board shall forward to the county superintendent and to the tax commissioner certified copies of the orders laying levies and the rate of levy upon each class. Within three days thereafter the county superintendent shall report the rate of levy for each of the various classes and the total value of real, personal, and public utility property in each class in every district to the clerk of the county court, the assessor, the state superintendent and the auditor. The proper county officers shall then extend on the property books the amount of taxes levied. The sheriff shall collect and account for the taxes as required by law.

Sec. 14. The municipal council shall, at the session provided for in section nine, ascertain the fiscal condition of the corporation, and make an itemized statement which shall set forth:

1. The amount due and the amount that will become due and collectible from every source during the current fiscal year except from the levy of taxes to be made for the year;

2. The interest, sinking fund and amortization requirements for the fiscal year of bonded indebtedness, legally incurred upon a vote of the people as provided by law, prior to the adoption of the tax limitation amendment, owing by the municipality;

3. Other contractual indebtedness, not bonded, legally incurred prior to the adoption of the tax limitation amendment, owing by the municipality;

5. The total amount necessary to be raised by the levy of taxes for the current fiscal year;

6. The proposed rate of levy in cents on each one hundred dollars' assessed valuation of each class of property;

7. The separate and aggregate assessed valuations of real, personal, and public utility property in each class in the municipality.

The recording officer of the municipality shall forward immediately a certified copy of the statement to the tax commis-
ALLOCATION OF TAX LEVIES

The session, except for the fiscal year beginning July first, one thousand nine hundred thirty-three, shall then stand adjourned until the third Tuesday in August, at which time it shall reconvene and proceed in a manner similar in all respects to that provided for in section ten of this article. For the fiscal year beginning July first, one thousand nine hundred thirty-three, the session shall stand adjourned until the second Tuesday after the meeting provided for in section nine of this article.

The council shall first lay the levy required for the bonded indebtedness existing at the time of the adoption of the tax limitation amendment, which levy shall be, if so much therefor be required, on class I property three and seventy-five hundredths cents, on class II property seven and five-tenths cents, and on class IV property fifteen cents.

And, secondly, it shall lay the levy required for other contractual indebtedness, not bonded, existing at the time of the adoption of the tax limitation amendment, and owing by the municipality, to the extent that the said apportionment of three and seventy-five hundredths cents on class I property, seven and five-tenths cents on class II property, and fifteen cents on class IV property has not been required for bonded indebtedness.

The council shall not finally enter any levy until the same shall have been approved in writing by the state tax commissioner, and after receiving such approval shall enter the statement as finally approved in its record of proceedings, together with the written approval of the tax commissioner, and shall levy as many cents on each one hundred dollars' assessed valuation of each class of property as will produce the amount necessary to defray the interest and sinking fund charges on such bonded indebtedness. For this purpose, the levies for current municipal expense shall not exceed on class I property eight and seventy-five hundredths cents, on class II property seventeen and five-tenths cents, and on class IV property thirty-five cents.

When less than the maximum levies are imposed for any and all purposes, the levies on each class of property shall be in the same proportion as the classified levies herein authorized.

Sec. 15. Within three days after the council of a municipality has laid the levies, its recording officer shall forward
3 certified copies of the order laying the levies to the tax commis-
4 sioner, the state auditor and the officer whose duty it is to ex-
5 tend the levies.

Sec. 16. A local levying body may provide for an election
2 to increase the levies, by entering on its record of proceedings
3 an order setting forth:
4 (1) The purpose for which additional funds are needed;
5 (2) The amount for each purpose;
6 (3) The total amount:
7 (4) The separate and aggregate assessed valuation of each
8 class of taxable property within its jurisdiction;
9 (5) The proposed additional rate of levy in cents on each
10 class of property;
11 (6) The proposed number of years, not to exceed three, to
12 which the additional levy shall apply.

The local levying body shall submit to the voters within their
14 political subdivision, the question of the additional levy at
15 either a general or special election. If at least sixty per cent of
16 the voters cast their ballots in favor of the additional levy, the
17 local levying body may impose the additional levy. This levy
18 shall not exceed fifty per cent of the rates authorized in sec-
19 tions ten, twelve or fourteen of this article, as the case may be.
20 Levies authorized by this section shall not continue for more
21 than three years without resubmission to the voters.

Sec. 17. The local levying body shall publish notice, calling
2 the election, at least once each week for two successive weeks
3 before the election in two newspapers of opposite politics and
4 of general circulation in the territory in which the election is
5 held. If there is only one newspaper published in the county,
6 the publication shall be made therein. The local levying body
7 shall also post printed copies of the order at each place of voting
8 at least ten days before the election. All the provisions of the
9 laws concerning general elections shall apply as far as they are
10 practicable, except as follows: A separate ballot shall be used
11 at a levy election held in connection with any other election.
12 The ballot shall be entitled: “Special election to authorize ad-
13 ditional levies for the year(s)..............and for the pur-
14 pose of.......................according to the order of the...........
15 entered on the........day of............”
16 “The additional levy shall be on class I property........
Sec. 18. The tax commissioner shall prepare and furnish forms and instructions for making the statement required in sections ten, twelve, and fourteen of this article. The attorney general shall prepare and furnish forms and instructions for the holding of any election authorized by this article.

Sec. 19. When any taxing district, embracing a lesser taxing district, does not require all or any of the levies hereby set apart for the payment of contractual indebtedness alone, then so much of said levies as are apportioned hereby to such inclusive taxing district or so much thereof as may not be required, may be extended to the next smaller taxing district included therein, to be used by such next smaller taxing district or districts, if necessary, for said purposes only, to wit: The payment of contractual indebtedness existing at the time of the adoption of the "tax limitation amendment". If such next smaller taxing district, inclusive of any other lesser taxing district, shall not require any or all of its apportionment of such debt levies, or any of the apportionment to the next larger taxing district and not used by it, then all or such part as remains of such apportionment or accumulations of apportionments, may be passed on to and utilized by the next smaller taxing district, and so on, for such indebtedness purposes only. Likewise, when all of any lesser taxing districts of the same class within a larger inclusive taxing district do not require the apportionments made to such lesser taxing districts for such indebtedness, or when a part of such apportionment remains in each lesser taxing district of the same class, the maximum uniform remainder of such apportionment for such indebtedness shall be relegated to the larger inclusive taxing district, and may be utilized by such larger inclusive taxing district for such indebtedness purposes, or if not required, may be passed on to the next lesser taxing district, as provided herein for such original apportionments for indebtedness levies: Provided, however, That no lesser taxing district shall utilize any of the apportionment to any larger taxing district until the approval thereof in writing by the tax commissioner shall first be had. Where, in any case, in passing from the larger to the smaller or
the smaller to the larger taxing district, two levying bodies
may be within the class entitled to receive the benefit of the debt
levies not utilized by the next larger taxing district, the tax
commissioner shall determine which of said levying bodies shall
have the benefit of said available levies or may determine the
manner in which such available levies may be apportioned be-
tween the two or more levying bodies entitled thereto.

Sec. 20. When the levies apportioned to, or in any way be-
coming available to any tax levying body for debt purposes
alone, shall be insufficient to meet the requirements for such
indebtedness, then if there remain any part of the amount au-
thorized to be levied and apportioned to such taxing body for
current expense purposes and not required for such current
expense purposes, such remaining part shall be laid by such
fiscal body in addition to its laying of the levies hereby ex-
pressly apportioned to it for said debt purposes and applied to
the payment of its said contractual indebtedness existing at the
time of the adoption of the "tax limitation amendment".
When any of the levies apportioned for current expenses to any
larger taxing district are not all required by such taxing dis-
trict for current expense and are not required for indebtedness
of such taxing district, then, with the consent and approval in
writing, of the tax commissioner, as provided in the next pre-
ceding section, such lesser taxing district may likewise utilize,
for debt purposes only, the unused portion thereof.

Sec. 21. In any case in which the county court, the board of
education, or other fiscal body is required by law to lay the
levies for the payment of any indebtedness of any taxing dis-
trict, for which indebtedness the property situated within any
incorporated municipality is not subject to such levy, such
county court, board of education, or other fiscal body may lay
a levy of twelve and one-half cents on class I property and
twenty-five cents on class II property for such indebtedness
purposes only: Provided, That the consent and approval in
writing of the tax commissioner be had. The estimates and
levies under this section shall be made at the same time, and
in the same manner as other levies in this article provided for
are required to be made, and copies of such estimates and pro-
posed levies shall be forwarded to the tax commissioner at the
same time and in the same manner as other estimates and levies.
Sec. 22. Within forty days after an order for a levy the circuit court of the county, or the judge in vacation, may allow a writ of supersedeas on the petition of at least twenty-four persons interested in reversing the order. The levying body, without awaiting the final decision, may rescind the order, and impose a new levy. If the court, on the hearing, finds that the order is contrary to law and reverses the order, the levying body shall impose a levy according to law. If money is collected under any order which is afterward rescinded or reversed, the collecting officer shall, upon demand, refund any payment to the person from whom it was collected. If the collecting officer fail to repay the amount, he and his sureties shall be jointly and severally liable for the amount and the costs of recovery. Recovery may be had by summons before a justice or on motion in the circuit court.

Sec. 23. When the entire apportionment of levies for the payment of such contractual indebtedness existing at the time of the adoption of the "tax limitation amendment", together with the application to such indebtedness of such part, if any, of the levies allocated for current expenses and not required therefor and applied to such indebtedness as hereinabove provided, are not sufficient to meet the current requirements of principal and/or interest upon legally existing contractual indebtedness, existing at the time of the adoption of the "tax limitation amendment" and remaining unpaid, then the levying body shall prepare a statement showing in detail:

1. The items of expenditure upon which the estimate of current expense is based;
2. A detailed itemized statement of:
   a. The bonded indebtedness, if any there be, existing prior to the adoption of the "tax limitation amendment", in whole or in part not provided for by the levies hereinbefore authorized;
   b. Other contractual indebtedness, not bonded, if any there be, legally incurred prior to the adoption of the "tax limitation amendment", in whole or in part not provided for by the levies hereinbefore authorized.
3. The requirements of such bonded indebtedness not provided for by the levies hereinbefore authorized;
4. The requirements of such other contractual indebtedness, not bonded, not provided for by the levies hereinbefore authorized.
27. (4) The total assessed valuation of all real, personal, and public utility property subject to taxation within the taxing district;

28. (5) The rate of levy in cents on each one hundred dollars' assessed valuation necessary to produce the amount required (a) for such bonded indebtedness, and (b) for such other contractual indebtedness not bonded, and not provided for by the levies hereinbefore authorized.

35. The recording officer of the fiscal body shall forthwith forward a certified copy of this statement to the state tax commissioner in the same manner and at the same time as required in sections eleven, thirteen and fifteen of this article for the regular levies imposed by the levying body, and notice of this proposed levy shall be published at the same time and in the same manner as required for other levies proposed by the fiscal body. The tax commissioner upon receipt of such estimate shall proceed to carefully examine and analyze the estimate for current expense and determine what items, if any, may be reduced or eliminated therefrom. If the tax commissioner find that any of such items, in whole or in part, may be eliminated or reduced without impairing the governmental functions of such fiscal body, he shall require such fiscal body to so eliminate or reduce such estimate until such estimate shall constitute only so much as may in the opinion of the tax commissioner be indispensable to the orderly discharge of the governmental functions of such fiscal body; and such proportion of the levies for current expense as are represented by such reductions may be applied by said fiscal body to the increase of the levies of such fiscal body for contractual indebtedness. The tax commissioner shall also carefully examine the itemized list of contractual obligations for the payment of which the levy under this section is proposed to be made, and shall ascertain whether such obligations are in fact contractual; whether the same were created prior to the adoption of the "tax limitation amendment", and whether or not, except for the levy proposed under this section, the obligation thereof will be impaired. The tax commissioner shall make a statement of his findings in writing, and if such findings of the tax commissioner show that the levies for current expense of such fiscal body are no more than are indispensable to the orderly discharge of the governmental functions of such fiscal body, and that except for the levies proposed to
be laid under this section, the obligation of valid contracts incurred prior to the adoption of the "tax limitation amendment" will be impaired, the fiscal body may then with the approval of the tax commissioner lay such a levy, uniform on all classes of property, which, together with the other levies provided for in this article, shall not exceed any constitutional limitations applicable thereto in effect immediately prior to the time of the adoption of the "tax limitation amendment", at the same time and in the same manner as other levies in this article provided for, and the proceeds thereof when collected, together with the other levies for such contractual indebtedness herein provided for shall be held and kept separate and apart from all other funds of said fiscal body and shall be used solely for the purpose of paying such indebtedness.

Sec. 24. Any taxpayer or other person legally interested in the levy provided for by section twenty-three hereof, if aggrieved by the findings of the tax commissioner and his approval of such levy, and by the laying of such levy by the fiscal body, may have a review of the findings of the tax commissioner and the laying of such levy by the circuit court of the county in which the greater part of such taxpayer's or other person's property affected by such levy is situated, by presenting to such court, either in term or to the judge thereof in vacation, within ten days after the entry of the order laying such levy shall have been made by such fiscal body, his petition for such review. Such taxpayer or other person shall give at least five days notice in writing of his intention to file such petition to the tax commissioner, to the prosecuting attorney of the county of the circuit court of the county in which said petition will be presented, and to the presiding officer of the fiscal body laying the levy. Any other person legally interested in the laying or in the disaffirmance of the laying of the levy provided for in the preceding section, may, by petition in writing, intervene in said hearing and be made a party thereto with any and all rights of any other party therein and with any and all rights of any litigant in a chancery cause, insofar as the principles thereof be applicable, including the right of appeal as hereinafter provided for. The circuit court or the judge thereof in vacation shall, insofar as applicable, consider the petition as a bill in equity, and the court or judge shall forthwith, either in term or in vacation, proceed to consider such petition, the estimates and
28 levies, and the findings of the tax commissioner, and may hear
29 and consider evidence on behalf of such taxpayer or other per-
30 son, the fiscal body laying the levy, and any other person in-
31 terested in the laying of such levy, relating to the necessity and
32 propriety of laying such levies under said section twenty-three,
33 which evidence on the motion of any party appearing therein
34 shall be made a part of the record. Upon such hearing the court
35 or judge may affirm or disaffirm the findings of the tax com-
36 missioner and the laying of the levy, or may make such modifi-
37 cation of such findings and such levies as to the court or judge
38 may appear proper. Whereupon, the levies shall be laid in ac-
39 cordance with the findings of the court or judge as though such
40 findings had been made by the tax commissioner, under the
41 provisions of the said section twenty-three hereof. An appeal
42 to the supreme court of appeals of West Virginia from the
43 findings of the circuit court may be had by any party in interest
44 appearing in the hearing, in like manner, so far as applicable,
45 as in an equity cause, by petition for appeal to said supreme
46 court presented to the supreme court or to any judge thereof,
47 or filed in the office of the clerk of the supreme court within
48 two weeks after the entry of the final order of the circuit court
49 therein. Pending final determination of such judicial review,
50 the levies made under section twenty-three shall be laid and the
51 taxes therefrom collected; and if the final determination be that
52 the levies under section twenty-three be in excess of the amounts
53 required for such indebtedness, such excess shall be refunded by
54 the collecting officer on demand to the person from whom it was
55 collected as hereinafter provided, or if the final finding be that
56 the levies for current expense of such fiscal body be excessive,
57 the excess thereof shall be transferred from the current expense
58 revenues to the revenues of such indebtedness, if required there-
59 for, and, if not required therefor, the collecting officer shall,
60 upon demand, refund any such excess payment to the person
61 from whom it was collected. If the collecting officer fail to re-
62 pay the amount, he and his sureties shall be jointly and severally
63 liable for the amount and the costs of recovery. Recovery may
64 be had by summons before a justice or on motion, before the
65 circuit court.

Sec. 25. Boards or officers expending funds derived from the
2 levying of taxes shall expend the funds only for the purposes
3 for which they were raised.
Sec. 26. A local fiscal body shall not expend money or incur obligations:
   (1) In an unauthorized manner;
   (2) For an unauthorized purpose;
   (3) In excess of the amount allocated to the fund in the levy order;
   (4) In excess of the funds available for current expenses.

Sec. 27. Any indebtedness created, contract made, or order or draft issued in violation of sections twenty-five and/or twenty-six of this article shall be void.

Sec. 28. Whenever a fiscal body expends money or incurs obligations in violation of sections twenty-five and/or twenty-six of this article, suit shall be instituted by the prosecuting attorney of the county, or the attorney general of the state, in a court of competent jurisdiction to recover the money expended or to cancel the obligation, or both.

Sec. 29. A person who in his official capacity wilfully participates in the violation of sections twenty-five and/or twenty-six of this article shall be personally liable, jointly and severally, for the amount illegally expended.

Sec. 30. A person who in his official capacity wilfully participates in an illegal expenditure may be proceeded against for the recovery of the amount illegally expended. The political subdivision concerned, a taxpayer of the subdivision, the state tax commissioner or a person prejudiced may bring the proceeding.

All moneys recovered in these proceedings shall be paid into the treasury of the proper fiscal body and credited to the proper fund.

If the plaintiff prevail, he shall recover against the defendant, the costs of the proceedings, including a reasonable attorney's fee to be fixed by the trial court and included in the taxation of costs.

Sec. 31. A person who in his official capacity wilfully violates the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be fined not more than five hundred dollars, or confined in jail not more than one year, or both. Upon conviction he shall also forfeit his office: Provided, however, that no liability shall arise under the provisions of this section so far as obligations may have been incurred or may be incurred prior to the time tax levies may be made under the pro-
9 visions of this article by fiscal bodies having for their purpose
10 the maintenance and operation of free schools or other govern-
11 mental functions for the fiscal year one thousand nine hundred
12 thirty-three—one thousand nine hundred thirty-four.
13 The state, a taxpayer, or the tax commissioner may institute
14 and prosecute to final judgment any proceeding for the removal
15 of a member of a local fiscal body who has wilfully or negli-
16 gently violated any of the provisions of this article.
17 Upon the petition of the state, a taxpayer, or the tax commis-
18 sioner, the court, or in vacation the judge, shall set a time for
19 hearing the petition. An attested copy of the petition and the
20 charges contained therein, shall be served upon the defendants
21 at least twenty days prior to the date of hearing. No other
22 pleading or notice of the proceedings shall be necessary.

Sec. 32. The discounts allowed for prompt payment of the
2 first half of taxes for the fiscal year beginning July first, one
3 thousand nine hundred thirty-three, as provided by law, shall
4 be extended and allowed by the collecting officer, if the first
5 half of the tax payment be made on or before March fifteenth,
6 one thousand nine hundred thirty-four: Provided, however,
7 That the tax commissioner may, in his discretion, uniformly
8 extend such discount period to not later than April first, one
9 thousand nine hundred thirty-four, by giving proper notice
10 thereof, in writing, to the collecting officers of the several
11 counties.

Sec. 33. If any section, paragraph, sentence, clause, word
2 and/or application of any part hereof be held unconstitutional,
3 the same shall not affect the validity of the remaining portions.
4 All existing provisions of law inconsistent with this act are
5 hereby repealed.
CHAPTER 68

(House Bill No. 313—By Mr. Hiner)

AN ACT to amend and reenact section twenty-three of an act of the Legislature of West Virginia, second extraordinary session, one thousand nine hundred thirty-three, known and designated as house bill number two hundred thirty-four.

[Passed February 14, 1934: in effect from passage. Became a law without the approval of the Governor.]

SEC. 23. Statement of fiscal body when levies not sufficient to meet requirements of existing contractual indebtedness; certification and publication of levy proposed; reductions in estimates for current expenses used for contractual indebtedness purposes; amount of increased levies, not exceeding limitations, which may be laid for contractual indebtedness.

Be it enacted by the Legislature of West Virginia:

That section twenty-three of an act of the Legislature of West Virginia, second extraordinary session, one thousand nine hundred thirty-three, known and designated as house bill number two hundred thirty-four, be amended and reenacted so as to read as follows:

Section 23. When the entire apportionment of levies for the payment of such contractual indebtedness existing at the time of the adoption of the "tax limitation amendment", together with the application to such indebtedness of such part, if any, of the levies allocated for current expenses and not required therefor and applied to such indebtedness as hereinabove provided, are not sufficient to meet the current requirements of principal and/or interest upon legally existing contractual indebtedness, existing at the time of the adoption of the "tax limitation amendment" and remaining unpaid, then the levying body shall prepare a statement showing in detail:

(1) The items of expenditure upon which the estimate of current expense is based;

(2) A detailed itemized statement of:

(a) The bonded indebtedness, if any there be, existing prior to the adoption of the "tax limitation amendment", in whole or in part, not provided for by the levies hereinbefore authorized;

(b) Other contractual indebtedness, not bonded, if any there be, legally incurred prior to the adoption of the "tax limitation
amendment**, in whole or in part, not provided for by the levies hereinbefore authorized;

(3) The requirements of such bonded indebtedness not provided for by the levies hereinbefore authorized;

(a) The requirements of such other contractual indebtedness, not bonded, not provided for by the levies hereinbefore authorized;

(4) The separate and aggregate amounts of the real, personal, and public utility properties in each class subject to taxation within the taxing district;

(5) The rates of levy in cents on each one hundred dollars' assessed valuation of each class of property necessary to produce the amount required (a) for such bonded indebtedness, and (b) for such other contractual indebtedness not bonded, and not provided for by the levies hereinbefore authorized, and which rates of levies shall be in the proportion of one cent on class I property, two cents on class II property, and four cents on classes III and/or IV property.

The recording officer of the fiscal body shall forthwith forward a certified copy of this statement to the state tax commissioner in the same manner and at the same time as required in sections eleven, thirteen and fifteen of this article for the regular levies imposed by the levying body, and notice of this proposed levy shall be published at the same time and in the same manner as required for other levies proposed by the fiscal body. The tax commissioner upon receipt of such estimate shall proceed to carefully examine and analyze the estimate for current expense and determine what items, if any, may be reduced or eliminated therefrom. If the tax commissioner find that any of such items, in whole or in part, may be eliminated or reduced without impairing the governmental functions of such fiscal body, he shall require such fiscal body to so eliminate or reduce such estimate until such estimate shall constitute only so much as may in the opinion of the tax commissioner be indispensable to the orderly discharge of the governmental functions of such fiscal body; and such proportion of the levies for current expense as are represented by such reductions may be applied by said fiscal body to the increase of the levies of such fiscal body for contractual indebtedness. The tax commissioner shall also carefully examine the itemized list of contractual obliga-
tions for the payment of which the levy under this section is proposed to be made, and shall ascertain whether such obligations are in fact contractual; whether the same were created prior to the adoption of the "tax limitation amendment", and whether or not, except for the levy proposed under this section, the obligation thereof will be impaired. The tax commissioner shall make a statement of his findings in writing, and if such findings of the tax commissioner show that the levies for current expense of such fiscal body are no more than are indispensable to the orderly discharge of the governmental functions of such fiscal body, and that except for the levies proposed to be laid under this section, the obligation of valid contracts incurred prior to the adoption of the "tax limitation amendment" will be impaired, the fiscal body may then with the approval of the tax commissioner lay such a levy on the several classes of property in proportion to one cent on class I property, two cents on class II property, and four cents on classes III and/or IV properties, which, together with the other levies provided for in this article, shall not exceed any constitutional limitations applicable thereto in effect immediately prior to the time of the adoption of the "tax limitation amendment", at the same time and in the same manner as other levies in this article provided for, and the proceeds thereof when collected, together with the other levies for such contractual indebtedness herein provided for, shall be held and kept separate and apart from all other funds of said fiscal body and shall be used solely for the purpose of paying such indebtedness.
AN ACT to amend and reenact sections ten and twelve, article eight, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as last amended by an act of the Legislature, known as house bill number two hundred thirty-four, second extraordinary session, one thousand nine hundred thirty-three, relating to tax levies.

[Passed March 24, 1934; in effect from passage. Approved by the Governor.]

10. Levy estimate by county court; certification and publication; adjourned session to hear objections; approval by tax commissioner; first levy for bonded indebtedness, second for contractual indebtedness not bonded, then for current expenses: twenty-five per cent increase of county levy and reduction of school levy in county having less than six million dollars total valuation of property.

Be it enacted by the Legislature of West Virginia:

That sections ten and twelve, article eight, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as last amended by an act of the Legislature, known as house bill number two hundred thirty-four, second extraordinary session, one thousand nine hundred thirty-three, be amended and reenacted so as to read as follows:

Section 10. The county court shall, at the session provided for in section nine of this article, ascertain the fiscal condition of the county, and make an itemized statement which shall set forth:

1. The amount due and the amount that will become due and collectible from every source during the current fiscal year except from the levy of taxes to be made for the year upon the county as a whole and upon any district of the county for which the levies are laid by the county court;

2. The interest, sinking fund and amortization requirements of bonded indebtedness legally incurred upon a vote of the people, as provided by law prior to the adoption of the tax limitation amendment, required for the fiscal year owing by the county as a whole and/or owing by any district;
(3) Other contractual indebtedness not bonded, legally incurred prior to the adoption of the tax limitation amendment, owing by the county as a whole and such debts owing by any district;

(4) All other expenditures to be paid out of the receipts for the current fiscal year, whether by the county as a whole or out of any fund of any district, with proper allowance for delinquent taxes, exonerations and contingencies;

(5) The total amount necessary to be raised for each fund by the levy of taxes for the current year;

(6) The proposed county levy in cents on each one hundred dollars' assessed valuation of each class of property for the county and its subdivisions;

(7) The proposed levy in each district for district funds, if any, on each one hundred dollars' valuation of each class of property;

(8) The separate and aggregate amounts of the real, personal and public utility properties in each class in the county and in each subdivision thereof.

A copy of the statement, duly certified by the clerk of the court, shall be forwarded to the tax commissioner, and shall be published as soon thereafter as may be, for one publication in two newspapers of general circulation and of opposite political published in the county. If there be only one newspaper published in the county, the publication shall be made therein. If there be no newspaper published in the county, a true copy of such statement duly certified shall be posted by the clerk of the court at the front door of the courthouse, and at a public place in each magisterial district of the county, not later than the third day after adjournment of the session provided for by section nine hereof: Provided, however, That publication having been made for the fiscal year beginning July first, one thousand nine hundred thirty-three, no publication shall be required for said fiscal year, and the county court shall cause to be posted at the front door of the courthouse the statement herein provided for not less than ten days prior to the second meeting hereinafter provided for, which posting shall constitute full and sufficient notice for said fiscal year.

The session, except for the fiscal year beginning July first, one thousand nine hundred thirty-three, shall then stand ad-
55 journed until the third Tuesday in August, at which time it
56 shall reconvene. For the fiscal year beginning July first, one
57 thousand nine hundred thirty-three, the session shall stand ad-
58 journed until the second Tuesday after the meeting provided
59 for in section nine of this article.
60 The court shall then hear and consider any objections made
61 orally or in writing by the prosecuting attorney, by the tax
62 commissioner or his representative, or by any taxpayer of the
63 county, to the estimate and proposed levy or to any item there-
64 of. The court shall enter of record any objections so made
65 and the reasons and grounds therefor.
66 The failure of any officer or taxpayer to offer objections shall
67 not preclude him from pursuing any legal remedy necessary
68 to correct any levy made by any fiscal body under this article.
69 The court, after hearing objections, shall reconsider the
70 proposed original estimate and proposed rates of levy, and if
71 the objections are well taken, shall correct the estimate and
72 levy. No such estimate and levy, however, shall be entered
73 until the same shall have first been approved, in writing, by
74 the tax commissioner. When the same shall have been
75 approved by the tax commissioner, the clerk shall then
76-77 enter the estimate and levy, together with the order
78 of the court approving them and the written approval of the
79 tax commissioner thereof, in the proper record book.
80 The county court shall then levy as many cents per hundred
81 dollars' assessed valuation on each class of property in the
82 county or its subdivisions, according to the last assessment, as
83 will produce the amounts shown to be necessary by the state-
84 ment: Provided, however, That the first levy to be made by the
85 county court shall be for the bonded indebtedness of the
86 county or any district thereof for which the court imposes the
87 levy, existing at the time of the adoption of the tax limitation
88 amendment, for which purpose the county court shall levy, if
89 necessary, for county bonded indebtedness as such, on class I
90 property two cents, on class II property four cents, and on
91 classes III and IV property eight cents, and for such bonded
92 indebtedness of any district for which the levies are laid by
93 the county court, on class I property four and twenty-five
94 hundredths cents, on class II property eight and five-tenths
95 cents, and on classes III and IV property seventeen cents; and
that the second levy to be made by the county court shall be for other contractual indebtedness, not bonded, of the county or any district thereof, for which the county imposes the levy, existing at the time of the adoption of the tax limitation amendment, for such county indebtedness to the extent that the apportionment of two cents on class I property, four cents on class II property and eight cents on classes III and IV property has not been required for bonded indebtedness, and for such indebtedness of any district for which the levies are laid by the county court, to the extent that the apportionment of four and twenty-five hundredths cents on class I property, eight and five-tenths cents on class II property, and seventeen cents on classes III and IV property has not been required for the bonded indebtedness of such district.

After laying such indebtedness levies, the county court shall then levy as many cents per hundred dollars' assessed valuation on each class of property in the county or its subdivisions, according to the last assessment, as will produce the amounts shown to be necessary for current expenses by the statement, which said levy for current expenses, however, shall not exceed on class I property nine and four-tenths cents; on class II property eighteen and seven-tenths cents; and on classes III and IV property thirty-seven and five-tenths cents:

Provided, however, That in any county where the valuation of all classes of property for any year is less than six million dollars, the county court may, after having first obtained the written consent of the tax commissioner, increase the levy for county purposes not to exceed twenty-five per cent of the rate herein provided for, and the amount of any such increase shall be deducted from the levies for school purposes authorized by section twelve of this article. When less than the maximum levies are imposed, the levies on each class of property shall be in the same proportions as the maximum herein authorized.

Sec. 12. Every board of education shall, at the session provided for in section nine of this article, if the laying of a levy has been authorized by the voters of the district under article nine, chapter eighteen of the code, ascertain the condition of the fiscal affairs of the district, distinguishing between elemen-
tary and high schools and the funds provided for each, and make
a statement setting forth:
(1) the separate amounts due the various funds and the
amounts that will become due and collectible during the cur-
rent fiscal year except from the levy of taxes to be made for the
year;
(2) The interest, sinking fund and amortization require-
ments for the fiscal year of bonded indebtedness legally in-
curred upon a vote of the people as provided by the law by any
school district existing prior to May twenty-second, one thou-
sand nine hundred thirty-three, prior to the adoption of the tax
limitation amendment, owing by any such district;
(3) Other contractual indebtedness not bonded, legally in-
curred by any such school district existing prior to May twenty-
second, one thousand nine hundred thirty-three, prior to the
adoption of the tax limitation amendment, owing by such dis-
trict;
(4) All other expenditures to be paid out of the receipts for
the current fiscal year, with proper allowances for delinquent
taxes, exonerations and contingencies;
(5) The separate amount necessary for each fund and the
total to be raised by the levy of taxes for the current fiscal
year;
(6) The proposed rate of levy in cents on each one hundred
dollars' assessed valuation of each class of property;
(7) The separate and aggregate amounts of the assessed valu-
ation of real, personal, and public utility property within each
class.

The secretary of the board shall forward immediately a certi-
fied copy of the statement to the tax commissioner and shall
publish the statement in a manner similar to that provided in
section ten of this article.

The session, except for the fiscal year beginning July first,
one thousand nine hundred thirty-three, shall then stand ad-
journed until the third Tuesday in August, at which time it
shall reconvene and proceed in a manner similar in all respects
to that provided for in section ten of this article.

For the fiscal year beginning July first, one thousand nine
hundred thirty-three, the session shall stand adjourned until
the second Tuesday after the meeting provided for in section nine of this article.

The board shall first lay the levy for the payment of the requirements for the fiscal year of bonded indebtedness incurred prior to the adoption of the tax limitation amendment by any magisterial, independent or other school district, which levies if required, shall be on class I property three cents, class II property six cents, and classes III and IV property twelve cents, and shall secondly lay the levy for contractual indebtedness, not bonded, incurred prior to the time of the adoption of the tax limitation amendment, to the extent that the apportionment for such indebtedness of three cents on class I property, six cents on class II property, and twelve cents on classes III and IV property has not been required for such bonded indebtedness.

The board shall not finally enter any levy until the same shall have received the approval in writing of the tax commissioner and, after receiving such approval, shall enter the statement as originally approved in its record of proceedings, together with the written approval of the tax commissioner, and shall levy as many cents on each one hundred dollars' assessed valuation of each class of property as will produce the amount necessary for defraying the current expenses for the fiscal year:

Provided, however, That these levies for current expenses shall not exceed on class I property fifteen and eighty-five hundredths cents, on class II property thirty-two and eight-tenths cents, and on classes III and IV property sixty-six and five-tenths cents: Provided further, That in cases where the levy for county purposes is increased under the provisions of section ten of this article, the levies herein provided for school purposes shall be reduced to the extent of any increase for county purposes, and the revenues lost to the schools by the foregoing reductions of school levies, shall not be replaced from the state treasury through the equalization fund or in any other manner.

When less than the maximum levies are imposed, the levies on each class of property shall be in the same proportion as the maximums herein authorized.

(Passed February 7, 1934; in effect from passage. Became a law without the approval of the Governor.)

Sec. 3. Payment of cost from proceeds of revenue bonds; character, interest rate on, maturity, redemption and form of bonds; further provisions as to bonds; sale of or loans upon bonds; use of proceeds of bonds for construction and maintenance
Be it enacted by the Legislature of West Virginia:

That house bill number one hundred thirty-six, passed by the Legislature of West Virginia, second extraordinary session, one thousand nine hundred thirty-three, and relating to the authorization of the county court of Wetzel county, West Virginia, to borrow funds from federal agencies to erect a county hospital, be and the same is hereby repealed, and the following is enacted in lieu therefor:

Section 1. The county court of Wetzel county, West Virginia, a municipal corporation, is hereby authorized to provide, construct, erect, improve, equip, maintain and operate a hospital in Wetzel county, West Virginia, but the cost of construction, erection, equipment, improvement and maintenance shall be solely by means of or with the proceeds of the revenue bonds hereinafter authorized. The county court of Wetzel county shall have power and authority to employ engineering, architectural and construction experts, and such other employees as may be necessary in its judgment, and fix their compensation, all of whom shall do such work as the county court of Wetzel county shall direct, and all of which shall be included as part of the cost of the construction and equipment thereof.

Sec. 2. Whenever it shall be necessary, the county court of Wetzel county may condemn any interest, right or privilege, land or improvement, in Wetzel county, West Virginia, which in its opinion may be necessary, in the manner provided by law for the acquisition by this county of property for public purposes. The county court of Wetzel county shall be under no obligation to accept and pay for any property condemned and shall in no event pay for the same except from the funds provided hereinafter, and in any proceedings to condemn, such orders shall be made by the court having jurisdiction of the suit or proceedings as may be just to the county and to the
owner of the property to be condemned, and a bond or other
security may be required by the court securing such owner
against any loss or damage to be sustained by reason of the
failure of the county to accept and pay for the property, but
such bond or security shall impose no liability or debt on or
of the county as contemplated by the provisions of the consti-
tution of the state in relation to the county debt.

Sec. 3. The county court of Wetzel county may pay the
cost as defined by sections one to eleven, inclusive, of this act,
of such hospital, out of the proceeds of such revenue bonds of
the county as are hereinafter set forth. The said county court
of Wetzel county is authorized to issue revenue bonds of the
county, by a resolution of the county court of such county which
shall recite an estimate by said county court of such cost, the
principal and interest of which bonds shall be payable solely
from the special fund herein provided for such payment. All
such bonds shall have and are hereby declared to have all the
qualities of negotiable instruments under the law merchant.
Such bonds shall bear interest, at not more than six per cent
per annum, and shall mature in not more than thirty years
from their date or dates, and may be made redeemable at the
option of the county, to be exercised by the county court, at
such price and under such terms and conditions as the county
court may fix prior to the issuance of such bonds. The county
court shall determine the form of such bonds, including coupons
to be attached thereto to evidence the right of interest payments,
which bonds shall be signed by the president of the county
court, under the seal of the county court of Wetzel county
attested by the clerk of the county court, and the coupons at-
tached thereto shall bear the facsimile signature of the presi-
dent of the county court. In case any of the officials whose
signatures appear on the bonds or coupons shall cease to be such
officers before the delivery of such bonds, such signatures shall
nevertheless be valid and sufficient for all purposes the same
as if they had remained in office until such delivery. The
county court shall fix the denominations of such bonds, the prin-
cipal and interest of which shall be payable at the office of the
clerk of the county court of Wetzel county, West Virginia, at
New Martinsville, West Virginia, either in lawful money or in
gold coin of the United States of America, of or equal to the
then current standard of weight and fineness, as may be determined by said county court. Such bonds shall be exempt from taxation by the state of West Virginia, or any county, school district or municipality therein. The county court may provide for the registration of such bonds in the name of the owner as to principal alone and as to both principal and interest under such terms and conditions as the county court may determine. The county court of Wetzel county is authorized to enter into such agreements and/or contracts as it may determine to be for the best interests of the county with the reconstruction finance corporation, the public works administration or other federal governmental agencies authorized to purchase said bonds or to make loans upon the same, for the purpose of selling and/or pledging said revenue bonds to secure and/or borrow funds from the said federal governmental agency, in any event not to exceed the sum of fifty thousand dollars, however. Said revenue bonds shall not be negotiated, pledged or sold at a price lower than a price which computed to maturity upon the standard tables of bond values will show a net return of not more than six per cent per annum to the holder or purchaser upon the amount paid, pledged or advanced therefor.

The proceeds of such bonds or the loan secured thereby shall be used solely for the payment of the costs of such hospital and the maintenance thereof, and shall be checked out by the president of the county court and the clerk of the county court and under such further restrictions, if any, as the county court or the federal governmental agency may provide. If the proceeds of such bonds, by error or otherwise, shall be less than the cost of such hospital, additional bonds may in like manner be issued to provide the amount of such deficit, and shall be deemed to be of the issue and shall be entitled to payment from the same fund, without preference or priority of the bonds first issued for the said hospital. If the proceeds of the bonds issued for such hospital shall exceed the cost thereof, the surplus shall be paid unto the fund hereinafter provided for payment of the principal and interest of said bonds. Such fund may be used for the purchase of any of the outstanding bonds payable from such fund at the market price, but not exceeding the price, if any, at which such bonds shall in the same year be redeemable, and all bonds redeemed or purchased shall forthwith be cancelled and shall not again be issued.
Prior to the preparation of definitive bonds, the county court may under like restrictions issue temporary bonds with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions and things than those proceedings, conditions and things which are specified and required by this act or by the constitution of the state.

Sec. 4. For the purpose of securing the revenue bonds, and the loan created thereby, the county court of Wetzel county is authorized and empowered to give a lien, or liens, on the real estate on which said hospital is erected, upon the building or buildings erected thereon, and the equipment therein contained, for the benefit of and to secure the federal governmental agency advancing the money on said revenue bonds.

Sec. 5. The county court of Wetzel county, or the board of visitors to be designated by it as hereinafter provided for, shall properly maintain, repair, operate, manage and control the fiscal affairs of such hospital, for the welfare of the inmates, employees and county in general, and may make and enter into all contracts or agreements necessary and incidental to the performance of its duties and the execution of its powers under this act.

Sec. 6. Fees and charges shall be fixed, charged and collected in connection with the use or occupancy of, or service to be thereby rendered and furnished by such hospital, and shall be so fixed or adjusted in respect to the aggregate of fees and charges from the said hospital for which a single issue of bonds is issued, as to provide a fund sufficient to pay the principal and interest of such issue of bonds and to provide an additional fund to pay the cost of maintaining, repairing, operating and insuring such hospital. The fees and charges from the hospital for which a single issue of bonds is issued, except such part thereof as may be necessary to pay such cost of maintaining, repairing, operating and insuring any period in which such cost is not otherwise provided for (during which period the fees and charges may be reduced accordingly), shall be transmitted each month to the county court of Wetzel county and be placed in a special fund which is hereby pledged to and charged with the payment of the principal of such bonds and the interest thereon, and to the redemption of a repurchase of
such bonds, such special fund to be a fund for all such bonds
without distinction or priority of one over another. The money
in such special fund, less a reserve for payment of interest, if not
used by the county court of Wetzel county within a reasonable
time for the purchase of bonds for cancellation at a price not
exceeding the market price and not exceeding the redemption
price, shall be applied to the redemption of bonds by law at
the redemption price then applicable: Provided, however, That
at the option of said reconstruction finance corporation or other
guaranteed agency, such moneys as may be transmitted and paid
to a trustee designated and named by the said reconstruction
finance corporation in its agreement and contract with the
county court of Wetzel county, for the payment of the principal
of such bonds and the interest thereon, under such terms and
conditions as may be agreed upon.

Sec. 7. The circuit court of Wetzel county shall have the
power, unless otherwise so stipulated against by any agreement
or contract entered into with any federal governmental agency
which shall agree to buy or lend funds on the revenue bonds
herein provided for, to lease the said hospital, property and
equipment to any association for hospital purposes, maintaining
control, however, over the operation of the same during the life
of the revenue bonds, and only, however, upon such terms as
will be satisfactory and sufficient to retire the revenue bonds,
including both principal and interest thereon, in manner and
form as provided herein by this act.

Sec. 8. When the particular bonds for the hospital and the
interest on such bonds shall have been paid, or a sufficient
amount has been provided for their payment and shall continue
to be held for that purpose, the said hospital shall thereafter
be unqualifiedly the property of Wetzel county, and thereafter
the fees and charges collected for the use or occupancy of, or
service rendered and furnished by such hospital shall be paid
into the county treasury or any depository hereafter provided
for by the county court of Wetzel county, and used and ex-
pended for the benefit of the institution where and by virtue
of which it was collected.

Sec. 9. Nothing in these sections dealing with such hospital
shall be so understood or interpreted as to authorize or permit
the incurring of a county debt of any kind or nature as con-
templated by the constitution of this state in relation to the
The hospital herein shall be of the character described as a self-liquidating project under the laws of the United States relating to the reconstruction finance corporation. The county court of Wetzel county is authorized and empowered to enter into the necessary contracts and agreements to carry out the purposes hereof with the reconstruction finance corporation of the United States, or with any other public agency similar thereto.

Sec. 10. The county court of Wetzel county is authorized and empowered to appoint a board of visitors, which shall consist of nineteen members. The board of visitors shall be authorized and empowered to control, manage and operate the hospital, subject however, to the provisions of this act as hereinbefore set forth, and subject to the authority of the county court.

Sec. 11. Sections one to twelve, inclusive, of this act, shall be deemed and regarded as supplementary and additional to the powers conferred by other laws: Provided, however, That when any revenue bonds are issued under further provisions provided by sections one to twelve of this act, for the erection and construction of a hospital, no other hospital shall thereafter be constructed, built or erected in Wetzel county, West Virginia, by the county or the county court thereof, until the county court of Wetzel county shall, by investigating and hearing had therein, under such rules as it may prescribe, determine that there is an imperative public need for the construction, building or erection of such additional hospital, and that its construction, building or erection and subsequent maintenance or operation will not materially injure the revenues of and from the hospital constructed, built, erected, maintained or operated under the provisions of sections one to twelve, inclusive, of this act.

Sec. 12. The provisions and parts of sections one to eleven, inclusive, of this act, are separable and are not matters of mutual essential inducement, and it is the intention to confer the whole or any part of the powers herein provided for, and if any of the sections or provisions or parts thereof are for any reason illegal or invalid, it is the intention that the remaining sections and provisions or parts thereof shall remain in full force and effect.

Said board of education shall have authority to make such contracts, agreements and covenants between it and the public works administration, or other governmental agency, for the loan of said funds and securing payment thereof as they may be able to effectuate, subject only to this limitation, that the bonds issued or given as security therefor shall be payable solely out of the levies now provided for by general law, to be levied by said county board in and for Doddridge county, and to construct, equip, maintain and operate such high school, and to make and enter into such contracts, and to do and perform such acts as may be necessary to the construction, operation and maintenance of such high school, subject to such burdens, restrictions and encumbrances as it

43 paid into the fund herein provided for the payment of prin-
44 cipal and interest upon such bonds. Such fund may be used
45 for the purchase of any of the outstanding bonds payable from
46 such fund at the market price, but at not exceeding the price
47 at which any of such bonds shall in the same year be redeem-
48 able, and all bonds redeemed or purchased shall forthwith be
49 cancelled and shall not again be issued.
Prior to the preparation of definitive bonds, the board of education may, under like restrictions, issue temporary bonds, or interim certificates, with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. Such bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specified and required by this act.

Sec. 4. Nothing in this act contained shall be so construed or interpreted as to authorize or permit the said county board of education to incur a debt for and on behalf of said board of Doddridge county of any kind or nature as contemplated by the provisions of the constitution of this state in relation to debt.

Sec. 5. This act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplementary and additional to powers conferred by other laws.

Said board of education shall have authority to make such contracts, agreements and covenants between it and the public works administration or other governmental agency, for the loan of said funds and securing payment thereof as they may be able to effectuate, subject only to this limitation, that the bonds issued or given as security thereof shall be payable solely out of the levies now provided for by general law, to be levied by said county board in and for Jackson county, and to construct, equip, maintain and operate such high school, and to make and enter into such contracts, and to do and perform such acts as may be necessary to the construction, operation and maintenance of such high school, subject to such burdens, restrictions and encumbrances as it may be nec-
Bonds issued hereunder shall be exempt from taxation by the state of West Virginia or any county, district or municipality thereof.

Sec. 2. There shall be, and there is hereby created a statutory mortgage lien upon the high school and real estate so acquired or constructed from the proceeds of bonds authorized to be issued under section one of this act, which shall exist in favor of the holder of said bonds, and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such high school shall remain subject to such statutory mortgage lien until payment in full of the principal and interest of said bonds. Any holder of bonds issued under the provisions of this act, or of any coupons representing interest accrued thereon, may, either at law or in equity, enforce the statutory mortgage lien hereby conferred and may, by proper suit, compel the performance of the duties of the officials of the said board of education set forth in this act. If there be default in the payment of the principal of and/or interest upon any of said bonds, or other evidences of indebtedness, any court having jurisdiction in any proper action may appoint a receiver to administer said high school on behalf of the said board of education, with power to charge and collect rents or income sufficient to provide for the payment of said bonds and interest thereon, and for the payment of the operating expenses, and to apply the income, rents or other revenue in conformity with this act and the order providing for the issuance of said bonds.

The amounts, as and when so set apart by said county board of education, shall be remitted to the state sinking fund commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with
the provisions of this act and the order pursuant to which such
bonds have been issued. The state sinking fund commission is
hereby authorized to act as fiscal agent for the administration
of such sinking fund under any order passed pursuant to the
provisions of this act and shall invest all sinking funds, as pro-
vided by general law. Bonds issued under the provisions of
this act are hereby declared to be and to have all the qualities
of negotiable instruments. Such bonds shall bear interest at
not more than six per cent per annum, payable semiannually,
and shall mature in not more than thirty years from their date
and may be made redeemable at the option of the said board of
education at such price and under such terms and conditions
as said board of education may fix prior to the issuance of such
bonds. Bonds issued hereunder shall be payable at the office
of the state treasurer and some bank in the city of New York.
In case any of the officers whose signatures appear on the
bonds or coupons shall cease to be such officers before the de-
delivery of such bonds, such signatures shall, nevertheless, be valid
and sufficient for all purposes the same as if they had remained
in office until such delivery. The board of education shall fix
the denominations, times and places of payment of such bonds,
the principal of and interest on which shall be payable in such
funds as are on the respective dates of payment thereof legal

the cost of land, buildings and equipment thereon and shall be
checked out by the county board under such restrictions as are
contained in the order providing for the issuance of said bonds.
If the proceeds of bonds issued for said high school shall ex-
ceed the cost thereof, the surplus shall be paid into the fund
herein provided for the payment of principal and interest upon
such bonds. Such fund may be used for the purchase of any of
the outstanding bonds payable from such fund at the market
price, but at not exceeding the price at which any of such
bonds shall in the same year be redeemable, and all bonds re-
deemed or purchased shall forthwith be cancelled and shall not
again be issued.
Prior to the preparation of definitive bonds, the board of ed-
ucation may, under like restrictions, issue temporary bonds, or
51 interim certificates, with or without coupons, exchangeable for
52 definitive bonds upon the issuance of the latter. Such bonds
53 may be issued without any other proceedings or the happening
54 of any other conditions or things than those proceedings, con-
55 ditions and things which are specified and required by this
56 act.

Sec. 4. Nothing in this act contained shall be so construed
2 or interpreted as to authorize or permit the said county board
3 of education to incur a debt for and on behalf of said board of
4 Jackson county of any kind or nature as contemplated by the
5 provisions of the constitution of the state in relation to debt.

Registration—Voters—Elections

Sec. 10. Every person qualified by law to vote for members of the legislature of this state (and who shall have been a resident of said city for sixty days preceding the day of election, of the ward in which he offers to vote at least ten days preceding such day and a bona fide resident of the election precinct in which he offers to vote) shall be entitled to vote at all elections held in said city by or under the authority and control thereof.

Sec. 11. The voting precincts in the several wards for all city elections shall be the same as to boundaries as those fixed by the county court for all state and county elections, so long as no precinct as so fixed by the county court embraces territory of more than one ward in said city. So long as the voting precincts in the several wards shall be the same as those so fixed by the county court, then the registration of voters made under the general law concerning the registration of voters shall be the registration of voters, used for all city regular elections with such corrections as are herein provided for, and it shall not be necessary to have a special registration of voters for any special election, but the registration of voters for the last preceding city regular election with such corrections as are herein pro-
vided for, shall be the proper registration for such special election. For all regular elections held hereunder, except for the first election, and except for the referendum election held hereunder as is provided for herein, the council shall elect two persons, one being a member of each of the two leading political parties in said city, having all the qualifications of commissioners of election under chapter three of the code of West Virginia as city registrars. The city executive committee of each of such political parties may present to the council a writing signed by the chairman of the committee of each party requesting the appointment of a qualified voter of his political party as registrar with his city address, and in case such writing is presented the council shall appoint the person so named as such registrar, except for the first election and except for the referendum election as is provided for herein. They shall take the same oath as other officers of the city take and shall be paid such compensation as the council may fix by ordinance.

They shall sit in the lobby of the city hall on five separate days, being the last four Saturdays and the last Monday preceding any regular election in said city, except for the first election and except for the referendum election as is provided for herein, and also for any special election for three separate days, being the last two Saturdays and the last Monday preceding any special election, except for the first election and except for the referendum election as is provided for herein, for the purpose of registering voters who shall not have been already registered in the various precincts, and for issuing transfers to any voter who has moved from one precinct to another, and for striking off the name of any voter from the registration books when it shall be shown by the affidavits of two persons that he is no longer a voter in said city, and they shall strike off from such registration books the names of any person known by or proved to them to be dead. It shall be the duty of the city clerk to make or have made copies of the registration books on file in the office of the clerk of the county court of Kanawha county at least thirty days before any regular city election except for the first election and except for the referendum election as is provided for herein, and such copies, with such additions and changes as may be made by the city registrars, shall be used for all regular elections and for any special
54 elections except for the first election and except for the
54-а referendum election as is provided for herein, which may be
55 held between said regular elections. Notice of the time and
56 place of sittings of said city registrars shall be given by the
57 publication thereof by the city clerk in two newspapers of op-
58 posite politics printed and circulated in said city, once a week
59 for five successive weeks before any general election, except
60 for the first election and except for the referendum election as is
61 provided for herein, if there is sufficient space of time for such
62 purpose, and if not, then for such time as there may be before
63 any special or general election. Before the registrars shall
64 register the name of any person as a qualified voter they must
65 be satisfied of his qualifications and shall have the right and
66 power to require of such persons all the things that may be
67 required of him by the registrars under the state law, and such
68 registrars shall, as to the qualifications of persons to vote, be
69 governed by the state laws on such subject in existence at the
70 time of such registration.

71 The county clerk of Kanawha county shall carefully preserve
72 in his office the registration books of each general election for all
73 the precincts of the city of Charleston and shall deliver one
74 copy of each thereof to the city clerk of the city of Charleston
75 for the use of the registrars of said city in the performance of
76 their duties as such.

Sec. 12. In the event that the county court of Kanawha
2 county changes the boundary lines of any voting precincts in
3 the city of Charleston so that any of said voting precincts as
4 changed include any of the territory of two or more wards as
5 fixed by law, or if subsequent to the last preceding general
6 county and state election there is an extension of the corporate
7 boundaries of the city of Charleston, then the council may hold
8 a regular or special session not later than the last Monday in
9 January of each year in which a city regular election is to be
10 held, at which meeting the council may by resolution change
11 the boundaries of any of the voting precincts of the city, or in
12 their discretion may establish new precincts, so that all the
13 territory within the corporate limits of the city shall be divided
14 into voting precincts: Provided, That the territory within the
15 boundaries of two or more of the wards shall not be within any
16 one voting precinct. The council shall appoint for each voting
17 precinct so established or changed two competent persons as
18 registrars, one each from the two political parties which at the
19 last regular election cast the highest number of votes in the city
20 of Charleston, but the city executive committee of each of such
21 political parties may present to the council a writing signed by
22 the chairman thereof requesting the appointment of a qualified
23 voter of such political party for each precinct so established or
24 changed, and the council shall appoint the person so named in
25 such writing as registrar.
26 No person shall be eligible to appointment as registrar, or in
27 any way act as such, who has been convicted of a felony, or who
28 holds any elective or appointive office or position in said city or
29 is an employee under the laws of the state of West Virginia or
30 of the United States or who is not a qualified voter in the pre-
31 cinct for which he is appointed or who can not read and write
32 the English language. If such registrar shall fail or refuse to
33 serve, the vacancy shall be filled either by the council, or in va-
34 cation of council by the mayor of the city, in the manner here-
35 inbefore provided for the appointment of registrars, and the
36 city clerk shall immediately after their appointment notify all
37 such persons of appointment as registrars. Such registrars
38 shall before entering upon the discharge of their duties take an
39 oath to support the constitution of the United States, the con-
40 stitution of West Virginia, and to perform the duties of their
41 office to the best of their ability and that they are legal members
42 of the party for which they are respectively appointed. The said
43 oath shall be filed in the office of the city clerk.
44 The city clerk shall cause to be prepared suitable books and
45 blanks for the registration of the voters and such books shall
46 be so arranged as required by law for the registration of voters
47 for general elections held in the state of West Virginia and all
48 the provisions, duties and obligations of the code of West Vir-
49 ginia or any act of the Legislature amendatory thereof shall
50 apply to the registration of voters hereunder, except as herein
51 otherwise set out, and the city council shall perform the duties
52 required of the county court by said code, and the city clerk
53 shall perform the duties required of the county clerk by said
54 code.
55 In all cases where a new registration of voters is required the
56 said registrars shall meet not later than the Wednesday follow-
ing the said last Monday in January and proceed to register the
names of all qualified voters in their respective precincts in the
manner required herein and in all other respects in the man-
er provided by chapter three of the code.

Said registrars shall complete said registration on or before
the first Tuesday in March of every such election year, and
shall deliver the books to the city clerk and council for the pur-
pose of amending, correcting and completing said registration.

In case the county court changes the boundary lines of any
voting precincts in the manner set out in the first paragraph
of this section more than thirty days prior to a general primary
election of the city, the council shall select the registrars as pro-
vided in this section and shall fix the time and place of register-
ing the voters in the precincts so changed.

Sec. 13. Candidates to be voted for at municipal elections
may be nominated by convention, or primary election, as may
be decided by the executive committees of any of the political
parties recognized by law in said city, and candidates may be
nominated by petition in the manner provided by the code of
West Virginia, one thousand nine hundred thirty-one. Each of
the political parties having the right to make a nomination
under the election laws of West Virginia shall give notice of the
manner of such nomination by publication thereof in some daily
newspaper printed in the city of Charleston every day for ten
days prior to the date of such convention or primary election.

Sec. 14. Whenever the county court of Kanawha county
shall arrange the voting precincts in the city of Charleston for
state and county elections according to the lines of the city
wards, then such precincts with the same boundaries and the
same voting places as provided for such state and county elec-
tions shall be the precincts for all city elections. Except for the
first election hereunder or as may be otherwise provided by this
act, all city elections shall be held by commissioners appointed
by council and the officers shall be appointed in the way and
manner prescribed in the code of West Virginia, one thousand
nine hundred thirty-one, but no double election boards shall be
appointed for any city election.
Election Commissioners

Sec. 15. The county court of Kanawha county shall hold a regular or special session at the court house of said county on the second Monday preceding the date fixed for the first city election hereunder and shall appoint three qualified voters as commissioners of election for each precinct in said city. They shall be selected from the two political parties which at the last preceding regular state election in said city, cast the highest number of votes and not more than two of them shall belong to the same political party, and if at any time during the said session of the county court, the city executive committee of either political party from which said commissioners of election are to be selected or appointed shall present to the said court a writing signed by them, or by the chairman of said city executive committee in their behalf, requesting the appointment of a qualified voter of their political party and who is otherwise qualified to act as such commissioner of election under the code of West Virginia, one thousand nine hundred thirty-one, it shall be the duty of such court to appoint the person named in such writing as such commissioner, and at all subsequent city elections the commissioners of election shall be appointed by the city council and the committees of the dominant political parties shall have the same right of recommendation as provided for such appointments of commissioners for the first election, and all city elections shall in all other respects be held in the way and manner prescribed in said chapter three of the code of West Virginia, one thousand nine hundred thirty-one. The same precincts with the same boundaries and the same voting places as provided for the last general state election shall be the precincts for the first city election hereunder.

Sec. 16. The preparation of the ballot and the method of voting and all other requirements of chapter three of the code of West Virginia, one thousand nine hundred thirty-one, except as changed or modified by this and later acts, shall govern all city elections held under the provisions hereof.

3 ton” and shall consist of two residents of each of the wards of
4 the city, not more than one of whom from each ward of said
5 city shall belong to the same political party, and all of whom
6 shall be nominated, voted for and elected in the manner herein
7 provided.

Sec. 18. Only citizens entitled to vote and residents and
2 voters of their respective wards and having the proper qualifi-
3 cations hereinbefore provided shall be eligible to be elected to
4 the office of councilmen from their respective wards and each
5 councilman so elected from a ward shall during his encumbency
6 in office continue to be a resident of the ward from which he is
7 elected during his entire term of office.

First Election

8 In the event the vote upon adoption or rejection of this act,
9 as herein provided, shall be in favor of the adoption thereof,
10 then an election is directed to be and shall be held upon the
11 fourth Tuesday following the ascertainment of the result of
12 said election called for adoption or rejection thereof, for the
13 purpose of electing the four members of the board of affairs,
14 as herein provided, and two members of the council from each
15 ward, as herein provided for, and all subsequent elections, ex-
16 cept special elections, shall be held every two years thereafter
17 on the third Tuesday in April, of such election year, at which
18 time there shall be elected two members of the council from
19 each ward, as herein provided, and two members of the board
20 of affairs, as herein provided. If any person elected to council
21 or to the board of affairs fails to qualify within twenty days
22 after he is declared elected, or resign as a member of the council,
23 or as a member of the board of affairs, or if any councilman
24 cease to be a resident of the ward from which he is elected, then
25 and in either event, such office shall thereby be vacated and the
26 council shall fill such vacancy by the election of some qualified
27 person of the same political party as the disqualified councilman
28 or member of board of affairs for such unexpired term. No
29 person shall be by the council declared elected unless he receives
30 the votes of at least a majority of the members elected thereto,
31 and the minutes of such meeting shall show that fact.
Candidates—Nominations

Sec. 19. Candidates to be voted for at any municipal election—
for members of the board of affairs and members of the council,
may be nominated by convention, primary or petition in the
manner and under the provisions now or hereafter prescribed
by state laws relating thereto; and as selected by the executive

double the number to be elected to any office. If any certificate
of nomination or any petition for nomination of candidates for
either the board of affairs or the council shall contain more
names than prescribed in this section for such office, then the
ballot commissioners shall for the first election to be held under
this act, take the first four names for board of affairs as the
nominees of such party for said offices and said ballot commis-

in each ward of the city of the political party casting the larger
number of votes for its mayor at the last regular city election
and the first four names as nominees for council in each ward
of the city of the other party and of the names on other peti-

44 shall, within five days after his nomination has been certified
45 by the political party making the nomination, or a petition
46 therefor shall have been filed, make, under oath, and file with
47 the city clerk a statement of the political party to which he
48 claims allegiance, or if he belongs to no party shall so state;
49 and, if nominated by two or more parties, he shall state
50 to which of them he belongs. If such person fail to make the
51 oath, and file the same, as herein prescribed, the ballot commis-
52 sioners shall not place his name on the ballot to be voted for at
53 the approaching election.

Election and Duties of Board of Affairs, Officers, etc.

Sec. 20. The first election held hereunder shall be held on
2 the fourth Tuesday following the ascertainment of the result
3 of said election called for adoption or rejection hereof, as herein
4 provided for, at which time there shall be elected four members
5 of the board of affairs, not more than two of whom shall be
6 members of the same political party; and, according to the vote
7 received by each, they shall be divided into two classes, and not
8 more than one member of each class shall or can belong to the
9 same political party. The two members of the board of affairs
10 receiving the highest number of votes of opposite political
11 parties, except as herein otherwise provided, shall belong to
12 class "A" and shall serve for four years, or until their successors
13 are elected and qualified; and the two members of said board
14 of affairs of opposite political parties receiving the next highest
15 number of votes, except as herein otherwise provided, shall be-
16 long to class "B" and shall serve for two years, or until their
17 successors shall be elected and qualified. And, at every city
18 election thereafter there shall be elected two members of the
19 board of affairs, not more than one of whom shall be a member
20 of the same political party, who shall serve for four years or
21 until their successor shall be elected and qualified. The candi-
22 date for member of board of affairs who shall, at the first elec-
23 tion provided for herein, receive the highest number of votes
24 cast, of the four elected members of the board of affairs at the
25 first election of officers provided for herein, shall thereby then
26 and there be and become mayor of said city; and if at such first
27 election, or if at any subsequent election at which a mayor is to
28 be elected, as provided for herein, two or more persons shall re-
29 ceive the highest and the same number of votes for member of
30 the board of affairs, then and in that event the council at its
31 first meeting, in case of the first election of officers hereunder,
32 and thereafter, the council then in office at its first meeting next
33 succeeding the election, shall immediately elect one of them as
34 mayor and the mayor thus elected and his successors shall hold
35 office as such for a period of four years, or until his successor
36 is elected and has qualified, as provided for herein. At every
37 second election next following the first election hereunder, which
38 shall also be a regular election, as provided for herein, the
39 candidate for the board of affairs who shall receive the highest
40 number of votes shall be and become mayor and the other elected
41 member of the board of affairs at such election shall become a
42 member of class "A" of said board of affairs. There cannot
43 and shall not be elected to class "A" or class "B" more than
44 one person each of the same political party, and in case of a tie
45 neither party shall have more than one person in any party in
46 either of said classes. In the event the office of mayor, as cre-
47 ated herein, shall become vacant, then and in such event the
48 remaining member of the board of affairs of class "A" auto-
49 matically shall be and become mayor and the class "A" va-
50 ency in the board of affairs shall be filled by the election of a
51 qualified person from the political party not at the time repre-
52 sented in class "A" of the board of affairs. In the event of
53 any other vacancy in the board of affairs then and in such
54 event such vacancy shall be properly filled by the election of a
55 qualified person from the proper political party, so that the
56 same political party shall have the same representation, upon
57 said board of affairs, as existed before such vacancy was cre-
58 ated, such vacancy being filled in any and every such event by
59 election by the city council to be held on the second Monday
60 following the day such vacancy occurs. In any and every such
61 election to fill any and every such vacancy in the board of
62 affairs, a majority of the votes of the council elected shall be
63 necessary to elect.

Sec. 21. Vacancies occurring in the city council shall be filled
2 by the election of qualified persons so that the wards shall have
3 the same political party representation as existed before such
4 vacancies occurred. The election of such members of the city
council to fill such vacancies shall be by a majority of the votes
cast by the city executive committee entitled to fill such va-
cancies and a certificate filed by the chairman of such executive
committee shall be prima facie evidence of the bona fides and
result of any such election; but it shall be unlawful to fill any
vacancy on the board of affairs with any person not of the same
political party as the person whose vacancy is being filled, and
it shall be unlawful, by election, appointment or otherwise, for
the board of affairs, at any time, to be composed of more than
two members of the same political party. The circuit court of
Kanawha county shall have jurisdiction by prohibition, man-

employed during the term of imprisonment as hereafter pro-
vided, but for the violation of city ordinance the term of im-
prisonment in any such case shall not exceed thirty days, and in
all cases where a person is sentenced to imprisonment or to the
payment of a fine of ten dollars or more, such person shall be
allowed an appeal from such decision to the intermediate court
of said Kanawha county upon the execution of an appeal bond,
with surety deemed approved by the said municipal judge or
municipal court clerk in a penalty double the amount of the
fine and costs imposed by said judge, conditioned that the person
proposing to appeal will appear before the intermediate court
of Kanawha county on the first day of the next term thereof to
answer for the offense wherewith he is charged and not depart
thence without leave of the court and to satisfy all costs and
fines imposed against him; and in no case shall judgment for a
fine of less than ten dollars be given by the municipal judge if
the defendant, his agent or attorney object thereto. When the
judgment on appeal is against the appellant for any sum of
money, judgment shall be rendered by the intermediate court
against the appellant and those who signed the appeal bond as
surety thereon. Before said municipal judge or clerk shall ac-
cept any natural person as surety upon any bond or recognizance
under the provisions of this section, such surety shall furnish a
certified statement of the clerk of the county court of any
county in this state in which such surety owns real estate, and
shall also file an affidavit, the form of which may be prescribed
by the municipal judge, showing the bonds and recognizances
upon which he is then surety and the amount of each bond or
recognizance. If the amount of such bond or recognizances, to-
gether with other bonds and recognizances as shown by the
affidavit aforesaid, exceeds in amount the assessed value of the
surety’s property as shown by the certificate of the clerk of the
county court, or if any such bond or recognizance theretofore
given, by such surety be forfeited and unsatisfied, then such
surety shall be disqualified; and if any bond or recognizance be
accepted and it subsequently appears that the surety thereon
is disqualified then such bond shall be declared void by the
62 municipal judge and the person whose appearance in the inter-
63 mediate court of Kanawha county and whose payment of fine
64 and costs are thereby secured may be forthwith apprehended
65 and held in the city jail until a proper bond of recognizance is
66 given: Provided, however, That whenever any surety is offered
67 less than one hour before the county clerk's office is closed or
68 after it is closed, surety shall make an affidavit that he owns real
69 estate in Kanawha county to an assessed value above encum-
70 brances thereon, of at least double the amount of bond required.
71 Any person making or procuring to be made a false statement
72 in any such affidavit, with intent to deceive said municipal
73 judge, shall be guilty of perjury. If such appeal be taken, the
74 warrant of arrest, the transcript of the judgment, the appeal
75 bond and other papers of the case shall be forthwith delivered
76 by the said judge to the clerk of the intermediate court and the
77 court shall proceed to try the case as upon indictment or pre-
78 sentment and render such judgment, including that of costs, as
79 the law and the evidence may require.
80 On appeals from said municipal court the intermediate court
81 of Kanawha county shall be governed by the same principles
82 with respect to the forfeiture of bonds and recognizances, and
83 the issuance and execution of capiases and writs of fieri facias
84 prevail in cases in which the state is a party.
85 The expense of maintaining persons committed to the jail of
86 the county by such municipal judge shall be paid by the city.
87 The municipal judge shall account for and pay over the amount
88 of all fines collected by him weekly to the treasurer of the city
89 and shall make monthly reports thereof, and of all other matters
90 pertaining to his office to the council of said city.

Sec. 54. The municipal judge shall be an attorney of at least
2 five years practice at law and shall have attained the age of
2-a twenty-eight years at the date of the beginning of his term of
3 service and shall have been a resident of this state for the period
4 of ten years and of the city of Charleston previous to the begin-
5 ning of his term of service for the period of five years. He shall
6 not appear as counsel in any criminal case in any court during
7 his term of service. In the absence of, or in case of the inability
8 of the municipal judge to perform his duties, the municipal
9 court clerk shall act as municipal judge in his stead, and in the
10 event that neither the municipal judge nor the municipal court
11 clerk can for any cause perform such duties, then the mayor
12 shall act as municipal judge. The official bond of a justice of
13 the peace shall not be required of the municipal judge.

*Police Arrests—Bonds, Etc.*

Sec. 55. In all cases of arrest by the police of the city, except
2 in cases of murder and rape, the person arrested shall have the
3 absolute right to give a reasonable and proper bond for his ap-
4 pearance at police court for a trial of his case, and the municipal
5 judge, city clerk, municipal court clerk, mayor, chief of police
6 and the desk sergeant in charge of police headquarters, shall
7 have the power, and it shall be their duty to accept such bond
8 from such person so arrested and upon the giving of such bond
9 he shall be released, and it shall be their further duty to per-
10 mit such person arrested to communicate in any reasonable way
11 with any person or persons with whom he may desire to have
12 communication in reference to his giving bail in order to obtain
13 his release, and each of said officers and all policemen shall
14 render reasonable aid in assisting such person arrested to com-
15 municate with any person that he may desire for the purpose of
16 securing such bail. In case one so arrested fail to give bond as
17 aforesaid, the municipal judge, or if said judge be not then
18 sitting, either of the officers named may order such person com-
19mitted to the city jail for safe keeping until the trial of his case.

Sec. 56. The board of affairs, or a member thereof, designated
2 by the board of affairs, and acting for the board of affairs of
3 said city shall have authority to abate and remove all nuisances
4 in said city. They or he may compel the owners, agents, as-
5 signees, occupants or tenants of any lot, premises, property,
6 building or structure, upon or in which any nuisance may be, to
7 abate and remove the same by orders therefor, and the council
8 shall by ordinance provide a penalty for the violation of such
9 orders. Council may by ordinance regulate the location, con-
10 struction, repair, use, emptying and cleaning of all water closets,
11 privies, cesspools, sinks, plumbing drains, yards, lots, areaways,
12 pens, stables and other places, where offensive, unsightly, un-
13 wholesome, objectionable or dangerous substances or liquids are,
14 or may accumulate, and provide suitable penalties for the vio-
15 lation of such regulations, which may be enforced against the
16 owner, agents, assignees, occupant or tenant of any premises,
17 or structure where such violation may occur. It shall be the
The duty of all police officers to report to the board of affairs the facts as to the existence of any nuisance known to them. If the owner, agent, tenant, assignee or occupant of any such premises, lot, property, building or structure, as is mentioned herein, shall fail or refuse to abate or remove any such nuisance, as mentioned herein, or to comply with the provisions of any such ordinance and the regulations herein contained, the board of affairs or such member designated by it for the purpose, may have said nuisance abated or the provisions of said ordinance or ordinances carried out, after reasonable notice to said owner, occupant, tenant, agent or assignee of their or his intention so to do, and collect the expenses thereof, with one per centum per month interest added from the date of said notice, from the said owner, occupant, tenant, agent or assignee, by distress or sale, in the same manner in which taxes levied upon real estate for the benefit of said city are herein authorized to be collected, and the expense shall remain a lien upon said lot, or part of lot, the same as taxes levied upon real estate in said city; which lien may be enforced by a suit in equity before any court having jurisdiction, as other liens against real estate are enforced. In case of non-resident owners of real estate such notice may be served upon any tenant, occupant, assignee or rental agent, or by publication thereof once a week for not less than two consecutive weeks in two newspapers of opposite politics, published in said city.

And in all cases where any tenant, occupant or agent is required to abate and remove any nuisance under the provisions of this section, or comply with the provisions of any such ordinance as is mentioned herein, the expense thereof may be deducted out of the accruing or accrued rent of said property of amount due said owner from said agent, and such tenant occupant or agent may recover the amount so paid from the owner, unless otherwise especially agreed upon.

Any expense incurred by the board of affairs, or any member thereof designated by it, as herein provided, in the manner afore-said, may be collected in the manner herein provided, notwithstanding the imposition of any other penalty or penalties upon any of the persons named herein, under any of the provisions of this act. The abatement or removal of any such nuisance by the city at the expense of said city, as herein provided, shall
be prima facie proof that the said notice to the owner, occupant, agent or assignee was given as herein prescribed.

**Abatement of Nuisances**

Sec. 57. The board of affairs, or any member thereof designated by the board of affairs for the purpose, and acting for the board of affairs, may require all owners, tenants or occupants of improved property which may be located upon or near any street or alley along which may be extended any sewer or system of sewerage, which the said city may construct, own or control, to connect with such sewer, or system of sewerage, all privies, ponds, water closets, cesspools, drains or sinks, located upon their respective properties or premises, so that their contents may be made to empty into such sewer or system of sewerage.

**Sidewalks**

Sec. 58. The council shall have the right and authority to establish the width of any sidewalk on any street, alley or public square, or any portion thereof in said city, to cause to be put down a suitable curb of brick, stone or other material along for the footways and sidewalks of the streets, alleys or public squares or portion thereof, and to order the construction, re-laying and repair of sidewalks and gutters of such material and width, and in such manner, as the council may reasonably prescribe by the owners or occupiers of the lots or parts of lots facing upon said streets, alleys and public squares; and in case of a failure or refusal of any such owner or occupiers of the lots or parts of lots to construct, re-lay or repair such sidewalks and gutters, when required, it shall be lawful for the council to have such sidewalks and gutters constructed, re-laid or repaired, and levy and collect the expense thereof, with one per centum per month interest added after a demand of thirty days has been made by the treasurer of the city from the said owner, owners, occupier, occupiers or any of them; and in all cases of such assessment, whether for the construction, re-laying or repairing of sidewalks or gutters, payment thereof shall be made to the treasurer within thirty days after the completion of the work and demand made, and if not so paid the city is hereby authorized to collect or cause to be collected the expense thereof, with one per cent per month interest added
after the work has been completed and a demand of thirty days, and they shall have the power to collect, or cause to be collected, the same from said owner, owners, occupier or occupiers or any of them, by distress and sale, in same manner in which taxes levied upon real estate for the benefit of the said city are herein authorized to be collected, and in addition there shall be a lien upon the real estate against which such assessment has been levied for the construction, relaying and repairing of sidewalks and gutters as herein provided, which lien may be enforced by a suit in equity before any court having jurisdiction, as other liens against real estate are enforced, and it shall be the duty of the city clerk to cause to be certified to the clerk of the county court of Kanawha county the order laying an assessment authorized by this section. The clerk of the county court of Kanawha county is hereby required to record and index such assessments in the proper trust deed book in the name of persons against whose property assessments appear therein: Provided, however, That a reasonable notice shall first be given to said owner or occupier or agent, that they are required to construct, relay or repair such sidewalks or gutters. In case of non-residents who have no known agent in said city, such notice may be given by publication for a period not less than once a week for two consecutive weeks in any newspaper printed in said city; and in all cases where a tenant shall be required to construct, re-lay or repair sidewalks or gutters in front of the property of his or her occupancy, the expense of such construction of re-laying or repairing may be deducted out of the accruing rent of said property, and he may recover the amounts paid from the owner; unless otherwise especially agreed upon. The laying or construction of any such sidewalks by said city shall be prima facie proof that the said notice to the owner (resident or non-resident) or occupier, or their agent, was given as herein required.

Tax Levies

Sec. 59. The council shall ascertain the total expenses of the city to be provided for by levy for the fiscal year in which said levy is made, and it shall make a detailed itemized estimate of the sum of money necessary to pay interest accruing on the bonded indebtedness of said city, the amount required for the several sinking funds for the reduction of the principal thereof,
the amounts necessary for the support of the various depar-
tments of the city and for the improvements of its streets, alleys,
avenues and public grounds, real and personal property, con-
tingent expenses and other expenses, together with an itemized
statement of the estimated receipts other than that to be de-
rived by the annual levy, and after receiving such estimates,
and before making the levy, it shall apportion the rate thereof,
including the estimated receipts from licenses and all other
sources among the several funds so ascertained and provided for,
which apportionment shall be spread upon the records of this
city, and in making said estimate, providing for the revenue
for the fiscal years, etc., it shall be the duty of the council to
strictly observe all the provisions of the laws of the state of West
Virginia now existing or which may hereafter be enacted, re-
specting the assessment of property for taxation, or the collec-
tion of taxes therefrom.

Sec. 60. The council shall have authority to levy and collect
an annual tax on real estate and personal property in said city
and to impose a license and assess a tax on all dogs kept within
the city and to impose a tax upon all other subjects of taxation
under the several laws of the state, which shall be uniform with
respect to persons and property within the jurisdiction of said
city, and shall only be levied on such property, real, personal
and mixed, on which the state imposes a tax: Provided, That
with the exception of the special levies authorized by law, no
greater levy shall be laid by said council on the taxable property
of said city than by the constitution and the laws of this state
now existing or may be hereafter enacted: And provided, further,
That the council shall, in making such levy, be subject to all
provisions of chapter eleven of the code of West Virginia and
section one of article ten of the constitution of West Virginia as
now amended. There shall be a tax of two dollars annually as-
sessed on each and every male inhabitant of said city over the
age of twenty-one years who is subject to a capitation tax under
the laws of the state of West Virginia, which shall be collected
by the assessor at the same time and in the same manner as is
provided for in the collection of state road and state school
capitation tax, and for such services said assessor shall be en-
titled to receive the same compensation and fees as is provided
for in the collection of said state road and state school capita-
tion tax.
City Taxes

Sec. 61. The city taxes annually levied by the council shall be collected as follows: Immediately after the annual levy for city taxes is laid the council shall transmit a copy of said levy, including therein the proper capitation taxes and any paving or sewer assessments that may be due, to the sheriff of Kanawha county, who shall proceed with their collection in the same manner and with the enforcement of the same penalties as is provided by law for the collection of the county and state taxes.

The sheriff shall have the power to collect any city claims that may be placed in his hands by the council for collection except that fines imposed by the municipal judge may not be collected by him.

The council shall allow such compensation to the sheriff for the collection of said taxes as may reasonably be required for any additional duties that may be involved upon his office by reason of such collection.

Sec. 62. All goods and chattels belonging to a person, firm, corporation or estate, assessed with any city taxes, whether the same be a capitation tax or a tax upon real estate or personal property or an assessment for paving or other improvements, shall be liable for said tax, and may be distrained therefor in whosoever's possession they may be found, and the sheriff shall have the same power to collect said tax or assessment from any person owing a debt to or having in his possession any estate belonging to a person assessed with any tax or assessment of any kind that he has to collect state taxes in such cases.

The sheriff may distrain and sell for all city taxes and assessments and in all respect have the same power to enforce the collection thereof as he has to enforce the collection of state taxes.

Sec. 63. There shall be a lien upon all real estate within said city for the city taxes assessed thereon, including such penalties added thereto for non-payment thereof as are prescribed by this act, from the first day of January of the year in which said taxes are assessed. Said liens may be enforced by private suit in any court of record in Kanawha county: Provided, That such suit be instituted within five years from the time
8 the said liens attached as herein provided, and such suit may
9 either be instituted by and in the name of the city of Charles-
10 ton as plaintiff, or said city may intervene by petition in any
11 suit pending to sell or enforce liens against any real estate which
12 is subject to such lien for said taxes. The liens herein created
13 shall have priority over all other liens except those for taxes
14 due the state.

Sec. 64. Said liens for city taxes and attendant penalties
2 may also be enforced by certifying the same to the clerk of the
3 county court of Kanawha county for certification to the state
4 auditor, and the same may be certified down by said auditor,
5 and sold for taxes, interest, penalties and commissions thereon,
6 in the same manner, at the same time, and by the same officer
7 as real estate is sold for taxes, interest, damages, cost and com-
8 missions due the state thereon, which officer shall account there-
9 for on settlement with the city and pay over the same to the
10 treasurer of the city.

Sec. 65. No taxes or levies shall be assessed upon or collected
2 by the city from the taxable persons or property within the cor-
3 porate limits of said city, for the construction, improvement or
4 keeping in repair of roads, or for the support of the poor of
5 Kanawha county, outside of said corporation limits, for any year
6 in which it shall appear that said city shall at its own expense
7 provide for its own poor and keep its own roads, streets, sewers
8 and bridges in good order. And neither the county court of
9 Kanawha county, nor the authorities of the district in which
10 said city is situated, shall have or exercise jurisdiction within
11 the corporate limits with relation to the roads, streets, alleys,
12 bridges, wharves, docks or ferries, but the same shall be and re-
13 main under the exclusive jurisdiction and control of the munici-
14 pal authorities of said city, and said city shall be liable only for
15 the construction, improvement, repair and good order of the
16 roads, streets, sewers, alleys, wharves and bridges in its corpo-
17 rate limits, except that the county of Kanawha may become a
18 joint owner and controller with the city of Charleston in a
19 bridge or bridges across Kanawha river or Elk river.

City Treasurer

Sec. 66. It shall be the duty of the treasurer of the city to
2 keep all funds of the city in some bank or banks within said city,
which shall pay interest on such deposits and which shall pay interest on the average daily balance of such funds in all accounts of the per cent equal to that paid by state depositories on all funds of the state of West Virginia and in the same manner and at the same time. If no bank within the city is willing at any time to receive deposits of the treasurer and to pay such interest thereon, the treasurer shall report this fact to the council, who shall thereupon designate a bank or banks in which he shall deposit said funds for the time being and until some bank in said city will receive such deposits on such terms. Before receiving any such deposits such bank or banks shall give bond in such penalty as the council shall prescribe, and with securities to be approved by said council, conditioned for the prompt payment, whenever lawfully required, of all the city moneys or parts thereof which may be deposited with them, which bond shall be renewed at such times as the council may require.

**Municipal Bonds**

Sec. 67. The city of Charleston is hereby authorized to issue and sell bonds of said city, for the purposes of buying and building bridges, electric light plants, water works, gas lines and fields, and other public utilities; and for the purpose of acquiring and providing land for public parks, public streets, avenues and alleys, airports and other public grounds, and acquiring or assisting in acquiring property to be donated, dedicated or conveyed to, or otherwise vested in, the state of West Virginia, as a site for a state capitol and other public buildings, which donation, dedication and conveyance are hereby authorized to be made, and also to provide ground for and erect an incinerator plant or garbage crematory, or other plant or means for the disposal of garbage and refuse; and such bonds shall be sold for not less than par, and payable in a period not to exceed thirty-four years and shall bear interest not to exceed six per cent per annum; and in the issuance and sale of said bonds the city shall be governed by all the restrictions of the constitution of this state and the statutes of this state, with respect to the issuance and sale of other bonds: Provided, That said city shall not, by the sale or issue of bonds for the purposes above mentioned, cause the aggregate of its indebtedness, of every kind whatever, to exceed five per centum of the value of the taxable
property therein, but may for the above purposes issue bonds to the maximum limit of said five per cent; nor shall said city make such issue and sale of bonds without, at the same time, providing for the collection of a direct annual tax sufficient to pay annually the interest on the same, and a sinking fund to pay the principal within the time for which the said bonds shall be issued.

**Bonds for Paving and Sewering**

Sec. 68. The city of Charleston is hereby authorized to issue and sell bonds of said city, for the purpose of paying the city’s part of the cost of grading, curbing, paving, sewerage or otherwise improving the avenues, streets, roads and alleys of said city, and for the purpose of providing funds to cover all or any part of the cost of grading, curbing, paving or sewerage that may be assessed against abutting property owners in the manner provided for by law; and said city is hereby given full power to employ the proceeds of such bonds in the purchase of paving certificates or other permanent improvement certificates issued under the provisions of the charter and made liens or assessments against real estate in said city, at not to exceed their par value, and may hold and collect or otherwise dispose of the same: *Provided, That* said city shall not by the sale or issuance of bonds for the purposes above mentioned, cause the aggregate of its indebtedness, of every kind whatever, to exceed five per centum of the value of the taxable property therein.

The proceeds of any bond issue, authorized under this section, shall be set aside as a separate fund, and all special assessments covering improvements, the cost whereof has been advanced out of this fund, shall be paid into and become a part of said special fund and be used for the same purpose and in the same manner as the proceeds of said original fund.

This fund shall continue to be used for the purposes mentioned herein, until such time as the city’s part of the cost of grading, curbing, paving, sewerage or otherwise improving the avenues, streets, roads or alleys of the city equals the original proceeds of the bond issues authorized for the purposes mentioned herein. The issuance and sale of bonds, authorized by this section, shall be governed by all of the restrictions of the constitution of this state and statutes of this state with respect to the issuance and sale of other bonds of said city. No issuance
33 and sale of bonds, under this section, shall be made, unless at the
34 same time provision is made for the collection of a direct annual
tax, sufficient to pay the annual interest on the same and create
36 a sinking fund to pay the principal within the time for which
37 said bonds shall be issued. The direct annual tax, provided
38 for in this section, shall be set aside as a separate fund, to be
39 known as an interest and sinking fund. All interest collected
40 on special assessments authorized or referred to in this sec-
41 tion shall be placed in and become a part of said special interest
42 and sinking fund, until the principal and interest of said
43 bonds are paid.
44 Whenever, in the opinion of the council, the special improve-
45 ment fund created by this section, or any part thereof, is no
46 longer needed the council may order or direct that said special as-
47 sessments when collected, be applied to retiring such of the
48 bonds provided for herein, as may be outstanding at that time.

Sec. 69. The city of Charleston is hereby authorized to issue
2 and sell the bonds of the said city for the purpose of providing
3 for grading, paving and otherwise improving the streets and
4 alleys of said city or constructing sewers for the proper drain-
5 age of same in anticipation of special assessments to be made
6 upon the property abutting upon the streets and alleys so im-
7 proved, or property so sewered or drained, and such bonds may
8 be in such an amount as shall be sufficient to pay the entire
9 estimated cost and expense of said improvements, for which
10 such special assessments are levied: Provided, That the price
11 for which said bonds are sold shall not be below par value
12 thereof, said bonds may be payable in groups of one-fifth of
13 the whole issue payable in two, four, six, eight and ten years
14 respectively, and all payable in not to exceed ten years from
15 the date of issue thereof, and shall bear interest at a rate not
16 exceeding six per centum per annum, payable annually; and in
17 the issuance and sale of said bonds, the city shall be governed by
18 all the restrictions and limitations of the constitution and stat-
19 utes of this state and with respect to the issuance and sale of other
20 bonds, and the assessments as paid and provided for in this
21 act shall be applied to the liquidation of said bonds and the
22 interest thereon; and if by reason of the penalties collected
23 with the delinquent assessments, there be any balance after the
24 payment of said bonds and all accrued interest and costs, the
said balance shall be turned into the city treasury to the credit of the interest and sinking fund of the city: Provided, That said city shall not by the sale or issue of such bonds cause the aggregate of its debt of every kind whatsoever to exceed five per centum of the value of taxable property therein: And provided further, That nothing herein contained shall be construed as authorizing said city to become indebted in any other manner or for any other purpose, to an amount including the existing indebtedness in the aggregate exceeding two and one-half per centum on the value of the taxable property therein (as provided in chapter fifty-one of the acts of one thousand nine hundred and five) except for the purpose of grading, paving, sewering and otherwise improving the streets and alleys of said city and as provided for in this act, and except for the purpose of buying or building bridges, electric light plants, water works, gas lines and fields and other public utilities; nor shall they make such issue and sale of bonds for grading, paving, sewering and improving the streets and alleys of said city without, at the same time, providing for the collection of a direct annual tax sufficient to pay annually the interest on such debt and principal thereof within a period not exceeding ten years.

All assessments, interest and penalties thereon, collected from the abutting property owners, on account of grading, paving, sewering or otherwise improving the streets and alleys of such city under the provisions of this act, shall annually be applied to the annual tax required to pay the interest on such debt and such principal within and not exceeding said period of ten years and in the event that the assessments, interest and penalties so called do not amount to a sum sufficient to pay annually the interest on such debt, said city shall collect so much of said levy as will pay annually the interest on such debt, and the principal thereof within and not exceeding ten years.

Sec. 70. Whenever the council of said city shall deem it expedient to cause any street or alley in said city or portion thereof to be paved, curbed or macadamized, or otherwise improved in a permanent manner, it shall order the work done in the following manner and upon the following terms: The contract for such paving or other improvements shall, after due advertisement in which the council shall reserve the right
8 to reject any and all bids, be let to the lowest responsible
9 bidder. The contractor shall look only to the city for the pay-
10 ment of the work, and in no sense to the abutting land owners,
11 except as hereinafter provided. The total cost of grading and
12 paving or otherwise improving any such street or alley, with
13 the exception that where a street is occupied by the street car
14 tracks or other railways, such cost of opening or otherwise im-
15 proving the distance between the rails and two additional feet
16 outside of each rail, shall be borne and paid entirely by the
17 street car or other railway company operating such street or
18 other railway, (unless otherwise provided by the franchise of
19 such street car or other railway company granted previous to
20 the passage of this act), shall be borne by the owners of the
21 land abutting upon said street, alley or portion thereof, ac-
22 cording to the following plan, that is to say: Payment is to be
23 made by all land owners on either side of such portion of a
24 street or block so paved or improved in such portion of the
25 total cost, less the portion, if any, chargeable to such street
26 or other railway company, as the frontage in feet of his land
27 so abutting bears to the total frontage of all lands so abutting
28 on such street, alley or portion thereof so paved or improved
29 as aforesaid.

Paving

30 When the paving of any street, or alley, or portion thereof
31 shall have been let to contract and the work done as hereinbe-
32 fore provided, it shall be the duty of the engineer of said city
33 to cause the several frontages abutting thereon to be measured,
34 and to calculate the assessment upon each and every land
35 owner so abutting and to certify the same to the council, show-
36 ing the proper amount to be determined, as provided in the
37 foregoing plan. It shall be the duty of the council to ex-
38 amine and compare such assessment, amounts and names so
39 certified to it, and thereupon give notice by publication once
40 a week for two successive weeks in a newspaper of general
41 circulation published in said city, that an assessment under
42 this act is about to be laid against the abutting property for
43 paving or improvements done on said streets, or alleys, de-
44 scribing the location of such paving or improvements, and any
45 owner or owners thereof shall have the right to appear be-
46 fore said council, within two weeks from the first publication
thereof, and move to correct an apportionment or assessment excessive or improperly made as charged, which correction said council shall have the power to make according to the intent of this act, and if found to be correct or when corrected by the council aforesaid, it shall enter the same, together with a description of the lots of land as to location, frontage, depth and ownership, so far as the same may be ascertained, upon its records and to enter in its records that such owners and lots be assessed and chargeable with the amount so ascertained to be borne by them respectively; and when so approved, certified and entered on record, the same shall be and constitute an assessment against said owners and lots for such respective amounts. And it shall be the duty of the council to immediately certify such assessment to the treasurer for collection as herein provided, and a copy of said order shall be certified by the city clerk to the clerk of the county court of Kanawha county, who shall record and index the same in the proper trust deed book in the name of each person against whose property assessments appear therein. The amount so assessed against said abutting land owners shall be paid in ten payments, as follows: That is to say, one-tenth of said amount, together with interest on the whole assessment, shall be paid into the city treasury, before the first day of May next after said work is completed and said assessments have been certified to the county clerk. And a like one-tenth, together with interest for one year upon the whole amount remaining unpaid on or before the first day of May in each succeeding year thereafter until all has been paid, and each of said installments of one-tenth beginning with the first, shall bear interest on the amount of said installment at six per centum per annum from the date of record of same in the county clerk's office until paid: Provided, however, That any abutting owner so liable for any portion of the cost of such paving shall have the right at any time after the same is certified as aforesaid to the treasurer for collection to anticipate the payment of any or all of said assessments and shall be allowed to pay the face of said assessments with interest at six per centum per annum only from the time of recordation to the time of payment. To each of such installments of assessments remaining unpaid in the treasurer's hands on the day herein specified for the
87 payment thereof, a penalty of ten per centum on the principal
88 sum shall be added and any assessment so remaining unpaid
89 in the treasurer's hands on such date, shall be taken up on
90 such settlement had with the treasurer on such dates, and there-
91 upon place such assessments with the penalty added thereto,
92 in the hands of the sheriff of Kanawha county to be treated and
93 considered, and payment thereof enforced in all respects as
94 hereinbefore provided for the collection of taxes due the city,
95 and they shall be a lien upon the property liable therefor the
96 same as for taxes, which lien may be enforced in the same man-
97 er as provided for taxes. The lien hereinbefore provided for
98 shall have priority over all other liens except those for taxes
99 due the state and shall be on a parity with taxes and assess-
100 ments due the city, and shall be effective as of the date that the
101 assessment is laid by the council, but such lien shall be en-
102 forced only against the particular property abutting on said
103 improvement. Whenever all such assessments, for paving,
104 sewerage, macadamizing or other improvements shall be paid in
105 full to the treasurer, he shall deliver to the party paying the
106 same a release of the lien therefor which may be recorded in the
107 office of the clerk of the county court of Kanawha county or
108 other releases of liens, and whenever any such assessments shall
109 not be in the hands of the treasurer for collection, but the same
110 shall be shown to the satisfaction of the city auditor or other
111 official performing the duties of auditor, to have been paid in
112 full or any officer entitled to receive the same, such auditor or
113 the mayor may in like manner execute such release.

Sewering

Sec. 71. Whenever the council shall order the construction of
2 any public sewer in said city, the owners of the property abutt-
3 ing upon any street in which such sewer shall be constructed,
4 shall be charged with and liable for sewerage assessments as
5 follows: When said sewer is completed the engineer of said city
6 shall report to the council in writing the total cost of such
7 sewer, and a description of the lots and lands as to the loca-
8 tion, frontage, depth and ownership liable for such sewer as-
9 sessment, so far as the same may be ascertained, together with
10 the amount chargeable against each lot and owner, calculated in
11 the following manner: The total cost of constructing and lay-
ing the sewer shall be borne by the owners of the land abutting
upon the streets, alleys, rights of way or easements or portions
thereof, in which the sewer is laid, according to the following
plan: Payment is to be made by each land owner on either side
of such portion of a street, alley, right of way or easement in
which such sewer is laid, in such proportion as such frontage
of his land upon said street, alley, right of way or easement
bears to the total frontage of all lands so abutting on such street,
alley, right of way or easement: Provided, That the charge laid
against any owner or property shall not exceed three dollars per
lineal foot of frontage on each side of the portion of such
street, alley, right of way or easement in which any such sewer
is laid. In case of a corner lot, frontage is to be measured along
the longest dimension thereof abutting on such street, alley,
right of way or easement in which such sewer is laid. Any lot
having a depth of two hundred feet or more and fronting on two
streets, alleys, rights of way or easements, one in the front and
one in the rear of said lot shall be assessed on both of said
streets, alleys, rights of way or easements, if a sewer is construc-
ted in both such streets, alleys, rights of way or easements.
Where a corner lot has been assessed on the end it shall not be
assessed on the side, and where it has been assessed on the side,
it shall not be assessed on the end. Thereupon said council
shall give like notice by publication as is required in case of street
paving assessments, and the same rights shall exist as to the per-
sons and property affected and the same duty as to corrections
by said council as are prescribed with reference to paving,
which report shall in like manner be examined by the council,
and if found to be correct, or corrected as aforesaid, and such
estimated assessments to be fair and equitable apportionment
of the cost of such sewer upon the basis hereinbefore described
it shall enter an order upon its records, setting forth such loca-
tion, depth, ownership and said amount of such sewer assess-
ments against each, respectively, calculated as aforesaid, and the
entry of such order shall constitute and be an assessment
for such proportion and amount so fixed therein against such
respective owners and lots, and if after such advertisements,
notice and hearing, said council shall find that such apportion-
ment at such rate is unjust or inequitable, and contrary to the
intent of this act, it shall ascertain, fix and assess the cost there-
of among and upon the abutting owners respectively, justly and equitably and according to the intent hereof, and in like manner, assess and enter the amount so fixed respectively upon its records, and the council shall, in either event, thereupon certify the same to the treasurer for collection, and certify a copy of such order to the clerk of the county court of Kanawha county, who shall record the same in the proper trust deed book, and index the same in the name of each owner of any such lot so charged with such assessment, and such assessment so made shall constitute and be a lien upon said lots respectively, which shall have priority over all other liens, except those for taxes due the state, and shall be on a parity with other taxes and assessments due the city. Said amounts so assessed against the said several land owners shall be paid by the parties liable therefor to the said treasurer at all times, in the manner and with the attendant penalties for failure to pay promptly at the time prescribed in all respects as hereinbefore provided in the case of assessments for paving streets and alleys in a permanent manner, and the parties liable therefor shall, in the same manner, and to the same extent, have the right and be entitled to anticipate any or all of such installments thereon as in such case provided. The owners of, or the tenants, occupants or agents in control of any lot abutting on or near or adjacent to any street, avenue, alley, right of way or easement in said city, in which a public sewer is or may hereafter be laid and constructed, upon which lot any business or residence building is or may hereafter be erected, or upon which any water stands not connected with a public sewer, may be required and compelled to connect any such building or lot with such sewer. Notice to so connect may be given to the owner, lessee, or occupant of such building. Each day's failure to comply with such notice and connect with such sewer by such owner or owners, ten days after such notice is given, shall be a misdemeanor and a separate and new offense under this section, and every such offense shall be punishable by fine of not less than five nor more than twenty-five dollars. The expense incurred by any tenant, occupant, or agent in complying with the order of said council to make such sewer connection may be deducted out of the accruing rents as provided for in the section or sections of this act relating to the abatement of nuisances. Jurisdiction to hear, try, determine and sentence for-
92 violation of this section is vested in the municipal court of such
93 city.
94 In the paving, curbing, macadamizing or otherwise improving
95 streets and alleys and providing for the assessment of the cost
96 thereof under this charter there may be included in any such
97 assessment the cost of constructing the necessary drains for the
98 disposal of surface water.

Sec. 72. The council is authorized and empowered to order
2 and cause to be constructed, in said city, or part within and
3 part outside of the limits of said city, public, common, lateral,
4 branch, trunk and combined sewers or public sewer systems, or
5 both, by contract or direct by the city, for the benefit of said
6 city or any part thereof, and to purchase lands or easements
7 therein or to condemn lands or easements therein in the man-
8 ner provided by law, for such sewers or sewer systems, and
9 when the council shall order and complete the construction
10 of any such sewer or sewer system or any part thereof in said
11 city, the owners of the property abutting on such sewer or
12 abutting upon an avenue, street, alley, right of way or ease-
13 ment in which such sewer shall be constructed, or abutting
14 on any avenue, street, alley, right of way, easement in which
15 any common sewer, part of a sewer system, is constructed and
16 laid, may be charged with all or any part of the cost thereof,
17 including the cost of such sewer or sewer system at and across
18 intersections at avenues, streets, roads and alleys adjacent
19 thereto. If said work is let to contract, the provisions of the
20 charter of the city of Charleston relating to street paving con-
21 tracts shall apply.
22 A sewer system shall be deemed to include all the common
23 sewers, whether they be lateral, branch, trunk or combined
24 sewers, which serve to drain a definite drainage area as speci-
25 fied in the order of the council directing the work to be done.
26 A common sewer shall be deemed to be a sewer in which all
27 abuttors have equal rights of entrance and use.
28 A lateral sewer shall be deemed to be a sewer which does not
29 receive the sewage from any other common sewer.
30 A branch sewer shall be deemed to be a sewer into which the
31 sewage from two or more lateral sewers is discharged, includ-
32 ing storm and surface water sewers.
A trunk sewer shall be deemed to be a sewer into which the sewage from two or more branch sewers is discharged.

A combined sewer shall be deemed to be a sewer intended to receive domestic sewage and industrial wastes.

When said sewer or sewer system is completed the engineer of said city shall report to the council in writing the total cost of such sewer or sewer system, and a description of the lots and lands as to the location, frontage, depth and ownership liable for such sewer assessment, so far as the same may be ascertained, together with the amount chargeable against each lot and owner, calculated in the following manner: The total cost of constructing and laying the sewer or sewer system, including the portions thereof laid in the intersections of streets and alleys, shall be borne by the owners of the land abutting upon the streets, avenues, alleys, rights of way or easements or portions thereof in which the sewer or some part of the sewer system, is constructed and laid; payment is to be made by each land owner on either side of such portion of a street, alley, right of way or easement in which a common sewer is laid, in the proportion that the frontage of this land upon such portion of said street, alley, right of way or easement in which such sewer or sewer system is laid bears to the total frontage of all lands so abutting on such street, alley, right of way or easement; in which, the sewer or some part of the sewer system is laid: Provided, That the charge laid against any owner of property shall not exceed three dollars per lineal foot of frontage on each side of such street, alley, right of way or easement in which any such sewer or part of a sewer system is laid. In case of a corner lot, frontage is to be measured along the longest dimension thereof abutting on such street, alley, right of way or easement in which such sewer is laid, but if sewered on both sides then such a corner lot is to be charged only with the side first sewered. Any lot having a depth of two hundred feet or more and fronting on two streets, alleys, rights of way or easements, one in the front and one in the rear of said lot shall be assessed on both of said streets, alleys, rights of way or easements, if a sewer is constructed on both such streets, alleys, rights of way, or easements. Where a corner lot has been assessed on either or both ends, it shall not be
assessed on the side, and where it has been assessed on the side
it shall not be assessed on the end.

In the case of corner lots where the cost of sewering along
one dimension is not assessed against the owner thereof, and
in case of lots less than two hundred feet deep abutting at
both ends on a street, alley, right of way or easement in which
a sewer is laid, the cost of sewering along the dimension or
end not assessed against the property owner shall in every case
be borne by the city of Charleston.

Thereupon said council shall give like notice by publication
as is required in case of street paving assessments, and the
same rights shall exist as to the persons and property affected
and the same duty as to corrections by said council as are
prescribed with reference to paving. The report of the city
engineer shall in like manner be examined by the council as are
prescribed with reference to paving, and if found to be correct
or corrected as aforesaid, and such estimated assessments
to be a fair and equitable apportionment of the cost of
such sewer or sewer system upon the basis hereinbefore
described, it shall enter an order upon its records, setting
forth such location, depth, ownership and said amount of
such sewer assessments, against each respectively, calculated
as aforesaid, and the entry of such order shall constitute and be
an assessment for such proportion and amount so fixed therein
against such respective owners and lots; and, if after such ad-
vertisement, notice and hearing, said council shall find that
such apportionment at such rate is unjust or inequitable, and
contrary to the intent of this act, it shall ascertain, fix and
assess the cost thereof among and upon the abutting owners
respectively, justly and equitably and according to the intent
hereof, and in like manner assess and enter the amount so
fixed respectively upon its records; and, the council shall, in
either event, thereupon certify the same to the treasurer for
collection and certify a copy of such order to the clerk of
the county court of Kanawha county, who shall record the same
in the proper trust deed book, and index the same in the name
of each owner of any such lot so charged with such assessment,
and such assessment so made shall constitute and be a lien upon
said lots respectively, which shall have priority over all other
liens, except those for taxes due the state, and shall be on a par-
it with other taxes and assessments due the city. Said amounts
so assessed against the said several land owners shall be paid by
the parties liable therefor to the said treasurer at all times, in
the manner and with the attendant penalties for failure to pay
promptly at the time prescribed in all respects as hereinbefore
provided in the case of assessments for paving streets and
alleys in a permanent manner, and the parties liable therefor
shall, in the same manner, and to the same extent, have the
right and be entitled to anticipate any or all of such install-
ments thereon as in such case provided. The owners of, or the
tenants, occupants or agents in control of any lot abutting on
or near or adjacent to any street, avenue, alley, right of way or
easement in said city, in which a public sewer is or may here-
after be laid and constructed upon which lot any business or
resident building is or may hereafter be erected, or upon
which any water stands not connected with any public
sewer, may be required and compelled to connect any
such building or lot with such sewer. Notice to so con-
nect may be given to the owner, lessee, or occupant of such
building. Each day's failure to comply with such notice and
connect with such sewer by such owner or owners, ten days
after such notice is given, shall be a misdemeanor and a sepa-
rate and new offense under this section, and every such offense
shall be punishable by fine of not less than five nor more than
twenty-five dollars. The expense incurred by any tenant, oc-
cupant, or agent in complying with the order of said council
to make such sewer connection may be deducted out of the ac-
cruing rents as provided for in this act relating to the abate-
ment of nuisances.

Sec. 73. Whenever it is deemed expedient by the council of
said city to provide for the grading, paving, sewer ing, mac-
adizing or otherwise improving any street or alley therein
to be paid for in whole or in part by special assessment, said
council shall declare by resolution, by aye and no vote, the
necessity of such improvement. At the time of the passage of
said resolution the said council shall have on file in the office
of the city engineer, plans, specifications, estimates and profiles
of the proposed improvements, showing the proposed grade of
the street and improvements after completion, with reference to
the property abutting thereon, which plans, specifications, esti-
mates and profiles shall be open for the inspection of all persons interested. Said resolution shall determine the general nature of the improvement, what shall be the grade of the street, alley or other public place to be improved, as well as the grade or elevation of the curb, and said council shall approve the plans, specifications, estimates and profiles for the proposed improvement. The council shall also determine in said resolution the method of paying for the work contemplated in said plans and specifications whether by an appropriation from funds in the treasury unappropriated, or whether or not bonds shall be issued in anticipation of the collection of special assessments, to be made against the abutting property owners as provided for in this act. Said resolution shall further show the approximate estimated cost of said proposed improvement per front foot of the property abutting thereon, and shall fix a date, at some regular or special meeting of the council, on which the owners of property be assessed for such improvements may appear before council and protest against the same or be otherwise heard in reference thereto. Assessments shall be payable in ten installments as provided for in this act. The resolution herein provided for, declaring the necessity for said improvement, shall be published at least once a week for two successive weeks after its adoption, in a newspaper of general circulation published in the city, and an affidavit of the publisher, showing publication for such time, together with a copy of said notice attached, shall be filed with the city clerk of the said city and spread upon the record of the minutes of the next meeting of the council. Said resolution shall be in effect from and after the first publication thereof as herein provided for.

Sec. 74. A notice of the passage of the resolution required in the last preceding section, embodying a copy of said resolution, shall be served upon the owner of each piece of property to be assessed, said service to be made in the manner provided by this act for serving notices herein required or in other lawful manner: Provided, That if any of the owners or persons be not residents of the city of Charleston, or if it appears by the return in any case, that the owner can not be found, then a notice of the passage of said resolution shall be published in some newspaper of general circulation in said city once a week for two successive weeks, which notice shall be deemed com-
pleated on the day of the second publication thereof, and such notice whether by service or publication, shall be completed at least three days before the date fixed for hearing thereon, as aforesaid, and before the introduction of any ordinance providing for said improvement, as hereinafter provided for; and the return of the officer, or sworn return of any other person, serving such notice or a certified copy of said return, or when published the certificate of the publisher of said newspaper, shall be prima facie evidence of the service of the notice as herein required. Notice upon infants may be served on their guardian, and upon insane persons by service upon their committee. It shall be the duty of the board of affairs, or some member designated by it for the purpose, to cause such notice to be served upon said property owners as aforesaid.

Sec. 75. It shall be lawful for said city of Charleston to issue and sell its bonds as provided in this act for the sale of other bonds, to pay the city’s part of the cost of said improvements as required by this act, and it may levy taxes in addition to all other taxes authorized by law, to pay such bonds and interest thereon, provided that the total indebtedness of the city for all purposes shall not exceed five per centum of the total value of all taxable property therein: And provided further, That such additional levy shall in no wise violate the provisions of section one of article ten of the constitution of West Virginia as now amended.

Sec. 76. After the expiration of not less than ten days from the time of the giving and publication of the notices as provided for in this charter, the council shall sit at the time and place fixed for the purpose of hearing all property owners to be affected, with reference to such proposed improvements, and shall hear and consider any protests or objections thereto; and the council shall thereupon, or as soon as may be, determine whether it will proceed therewith, and if council decides to make such improvements, an ordinance for the purpose shall be passed. Said ordinance shall set forth the streets and alleys upon which the abutting property is to be assessed for the improvement, and shall contain a statement of the general nature of the improvement, and the character of the materials which may be bid upon therefor, of the mode of payments therefor; a reference to the resolution therefor passed for said im-
improvement, giving the date of its passage and a statement of
the intention of the council to proceed therewith in accordance
with said resolution and in accordance with the plans, specifica-
tions, estimates and profiles provided for said improvement. In
setting forth the lots and lands abutting upon the improvement
it shall be sufficient to describe them as the lots and lands bound-
ing and abutting upon said improvements between and includ-
ing the termini of said improvements, or by the description by
which they are described on the land books of the county of
Kanawha, and the rule of description shall apply in all pro-
ceedings in which lots or lands are to be charged with a special
assessment.

Sec. 77. In any case in which special assessments have been
made, or shall hereafter be made, upon property for the con-
struction of any improvement authorized by this act or previous
statutes and several kinds of materials have been named in the
ordinance or ordinances providing for the same, and on which
bids have been received for the construction of said improve-
ments with any, either or all of said material, said assessments
shall be valid and binding assessments on the property so
assessed. In the case of the construction of sewers required
under the provisions of this act, notice of the passage of said
resolution therefor, as provided for in this act, shall be given in
the manner provided for in this act.

Sec. 78. No pavement, sewer or sewer system, or other public
improvement the cost of all or a part of which is to be especially
assessed against abutting property, or against the owners there-
of, shall be made without the concurrence of two-thirds of all
the members elected to council, unless the owners of a majority
of the foot frontage of property to be so assessed, petition in
writing therefor, in which event the said council shall have
power upon the affirmative vote of a majority of all the mem-
bers elected thereto to proceed with such improvement in the
manner provided by law.

Sec. 79. When the whole or any portion of the improvement
authorized by this act passes through or by a public wharf,
market space, park, cemetery, structure for the fire department,
water works, school building, infirmary, market house, work
house, hospital, house of refuge, bridge, gas works, public
prisons, court house, church or any other public structure or
public grounds within said corporation, and belonging to said
8 corporation, or to the county, state, or any church, association, 
9 eleemosynary institution, the council may authorize the proper 
10 proportion of the estimated cost and expense of the improvement 
11 to be certified to the clerk of the county court of Kanawha, and 
12 it shall be the duty of those persons having charge of the fiscal 
13 affairs of any such property or institution to make proper ar-
14 rangements for the payment of such assessments when due and 
15 payable.

Sec. 80. The cost of any improvement contemplated in this 
2 act and for which assessment may be made, shall include the 
3 cost and expense of the preliminary and other surveys, and of 
4 printing and publishing all notices required to be published, 
5 and serving the notices upon the property owners and the cost 
6 of constructing and inspection.

Sec. 81. No person shall bring any action whatever in any 
2 court in this state for damages arising out of improvements or 
3 change of grade unless he shall have filed with the council at 
4 some time after the publication of the notice provided for in 
5 this act, and before the time of the introduction of the ordi-
6 nance providing for said improvement a statement of the dam-
7 age which, in his opinion, he will sustain by reason of said im-
8 provement or the change of grade therefor, which statement 
9 shall be duly sworn to and be spread upon the minutes of said 
10 council.

Sec. 82. Proceedings with respect to improvements shall be 
2 liberally construed by the courts to secure a speedy completion 
3 of the work at reasonable cost, and a speedy collection of the 
4 assessments after the time has elapsed for their payments and 
5 merely formal objection in such cases shall be disregarded.

Sec. 83. It is especially provided that no bonds shall be issued 
2 under the provisions of this act unless and until the question 
3 of issuing said bonds shall have first been submitted to a vote 
4 of the people of the city and shall have received three-fifths of 
5 all votes cast at said election for or against the same.

6 The council may provide by ordinance for an election every 
7 year, at which the question shall be submitted to the people, as 
8 to whether the city shall be authorized to issue bonds for the 
9 purpose and under the provisions of this act, to an amount not 
10 to exceed in the ensuing year the amount recommended by said 
11 ordinance for said ensuing year; but the ordinance providing
for said election need not specify in detail the location of the
improvements contemplated to be paid for during the ensuing
year out of said aggregate issue authorized for said year, but
before issuing any bonds the council shall pass separate ordi-
nances for such street or alley to be improved, dealing with all
the requirements set forth in this act, and notwithstanding any
of the pertinent provisions of chapter eight of the code, it shall
be sufficient description for the purpose for which said election
is held if the ordinances providing for said election shall recite
that it authorized the council of said city to issue bonds for the
purpose of grading, paving, sewering or otherwise improving the
streets and alleys of said city, at such time as to the council shall
seem fit during the ensuing year ending on the..................
day of.......................... one thousand nine hundred
................................, to an amount not exceeding
in the aggregate during the year the sum of......................;
and when the council shall have been once authorized by a vote
of the people to issue bonds for the purpose and in a sum not
to exceed the amount set forth in the ordinance providing for
the said election, no further election shall be necessary for the
issuing of bonds during said ensuing year up to the amount
stipulated in said ordinance providing for said election, but the
council shall from time to time during said ensuing year, by
ordinance authorize the issue of said bonds, in such sums and
for the improvement of such streets or alleys as to it may seem
best, providing the requirements of this act are complied with.
The aggregate amount of bonds authorized by said annual elec-
tion shall not be exceeded during said ensuing year, unless and
except the same be authorized by special election held at a sub-
sequent time in said year and duly called as provided for the
calling of the annual bond election.
The provisions of chapter eight of the code concerning
bond elections shall, so far as they are not in conflict with the
provisions of this act, apply to the annual bond elections and
special bond elections herein provided for.
Sec. 84. The council shall have the authority to erect, buy,
sell and lease all buildings necessary for the use of the city gov-
ernment and to provide for and regulate the same, and to
establish and maintain public hospitals, libraries and reading
rooms, and to purchase books, papers and manuscripts therefor,
6 and to receive donations, gifts or bequests for same in trust or
7 otherwise.

Sec. 85. The city executive committees of the two political
2 parties casting the highest vote at the last preceding general
3 election, shall each consist of one person from each of the wards
4 of the city to be selected in the same manner and at the same
5 time that candidates for municipal offices are selected. Vacan-
6 cies in a committee shall be filled and members to represent
7 newly created wards shall be elected by the committee to serve
8 until the next general city election.

Civil Service Board

Sec. 86. For the purpose of making examinations of persons
2 applying for offices or positions in the fire and police depart-
3 ments, and prescribing rules for their conduct, the council
4 elected hereunder shall at its first meeting appoint three dis-
5 creet persons, who need not be members of council, who shall
6 act and be known as a civil service board, and the city clerk
7 shall be ex officio clerk of said board.

The civil service board shall adopt rules for its own govern-
9 ment not in conflict with the following provisions:

10 Said civil service board shall meet on the first Monday after
11 it is appointed, for the purpose of reorganization of the police
12 and fire departments on a non-partisan basis; and it shall so
13 apportion appointments to said two departments in such a man-
14 ner that same shall be equally divided between the two political
15 parties casting the largest number of votes and the next largest
16 number of votes at the first municipal election to be held here-
17 under, as herein provided, and wherever such an equal division
18 shall not be possible because of odd numbers, then such board
19 may select one more member from the dominant political party
20 than from the minority party, based upon the last vote for
21 mayor; in making the selections to represent the political party
22 successful in the municipal election last held before this act went
23 into effect, preference shall be given to such members of the
24 present police and fire departments, as by long and faithful serv-
25 ice shall have demonstrated their fitness for retention upon such
26 departments respectively, and said board may in its discretion re-
27 appoint to their positions the present incumbents to the extent of
28 the representation to which the political party successful in the
29 municipal election last held before this act went into effect shall
be entitled, under this act, provided in the judgment of said civil service board one-half of the present members of each of said departments may be found worthy of and fit for reappointment as hereinbefore provided for.

In making all future appointments to either the police or fire departments, said civil service board shall maintain said equal division of the appointees on said departments, in equal proportions as hereinbefore provided for.

Said civil service board shall cause the minutes of its meetings to be recorded in a book especially provided for that purpose, which shall be kept by the city clerk at his office, and open to public inspection. The civil service board, at least every six months in each year and oftener if it deem it necessary, after ten days notice published in two daily newspapers of opposite politics, giving the time and place of meeting, shall hold examinations for the purpose of determining the fitness and qualifications of applicants for offices and positions in the police and fire departments, which examinations shall be practical and shall fairly test the fitness of the persons examined to discharge the duties of the position to which they seek appointment and such examinations shall be made with the aim to secure and maintain honest, efficient and non-partisan police and fire departments.

Said board shall at once, after each of said examinations, place on record in the journal of the civil service board the results of said examination, giving the names of applicants and the positions sought by them and their respective percentages. In making such examination the size, weight, intelligence, health, physical appearance, habits and moral standing and surroundings shall be taken into consideration.

All persons examined by said service board receiving a general average of seventy per cent, shall be placed upon eligible list; and hereafter all appointments, whether original or to fill vacancies therein from time to time, shall be filled by the appointment of the applicant who has the highest standing on the eligible list: Provided, That if at the time any appointment is to be made from the eligible list, the civil service board, in its discretion, may make another examination of such person before his appointment and may for good cause on such examination change the grade of such applicant.

Sec. 87. The members of the police and fire department as selected by said civil service board shall remain in office during
good behavior and shall not be removed from their said offices or positions except for misconduct, or failure, inability or incapacity to perform their duties or for the good of the service, or when it shall be necessary to reduce the number of the department: Provided, That the board of affairs may remove any member of the police or fire departments if it shall be of opinion that it will be for the good of the service to remove such person from his position. Any member of said department so removed, may within ten days thereafter, appeal to council from the action of the board. Such appeal shall be taken only by such removed member filing with the city clerk his verified petition setting forth good cause for reinstatement, and alleging reasons why such removal order was unjust. The removed member so appealing shall carry the burden of proof of such appeal, and shall not be reinstated except upon the affirmative vote of a majority of all members elected to council reversing such order of removal as unjustified.

Sec. 88. After hearing the charges against any such member of the police or fire department the council may, by a majority vote of its members, sustain the same, and by like vote may reprimand, fine or suspend, dismiss or reinstate said accused person. If such member be found guilty on the charges preferred, and by reason thereof dismissed, or suspended, he shall draw no salary during the period of his suspension.

Sec. 89. No member of the fire department or police department shall actively engage in any primary election, convention or election in which any officer in the city, county or state is to be nominated or elected, nor shall such member, directly or indirectly, give or offer to give, contribute or offer to contribute any money or thing of value or profit to any political committee or party organization to be expended in behalf of any political party, nor to any candidate or candidates for nomination for or election to any office in the city, county or state. The violation of any of the provisions of this section by any member of the fire department or police department, shall subject such member to be dismissed from the service of the city by the head of his department or by council, upon charges preferred and proven by any citizen of said city.
Serving Notice

Sec. 90. When any notice is required to be given, or any summons, warrant or other process is required to be served or otherwise executed, under the provisions of this act, it shall be sufficient if such notice, summons, warrant, or other process be executed by an officer of the police department or other employee of said city in the same way or manner in which the laws of the state prescribe for executing summonses and subpoenas by state officers, unless otherwise provided by this act.

Sec. 91. Whenever one or more members of the council shall be a candidate for re-election, it shall be the duty of the council to meet and appoint some person or persons, qualified to act in hearing contested election matters and cases. The place and stead of such disqualified member or members shall be filled in each case by a member or members of the same political party as the person or persons respectively, in whose place or places he or they are so appointed. Every person so appointed shall take an oath of office to faithfully and impartially perform the duties of said office. In all matters concerning such contests, such person or persons so appointed shall act in the place and stead of such member or members, so being candidates, and it shall be unlawful for any member of the council to act as such in hearing any contest in relation thereto, when such member is a candidate at such election; and any one violating this section shall be deemed ineligible to the office for which he is a candidate.

Sec. 92. The city clerk, acting under the state laws insofar as they are not in conflict with this act, shall perform such duties relating to all municipal elections held under the municipal authorities of said city as the clerks of the county and circuit courts of Kanawha county perform, under state laws in relation to state, county and district elections in said county; and he shall likewise be the custodian of all ballots, tally sheets, etc., pertaining to all municipal elections.

Sec. 93. All valid ordinances and regulations passed and adopted by the council, on or before the first day of May, one thousand nine hundred thirty-four, and not inconsistent with this act, shall be and remain in force unless and until repealed, and the council now in office shall continue to exercise its powers as such until the officers elected hereunder in one thousand nine hundred thirty-four shall have been qualified.
Sec. 94. The mayor shall appoint from those recommended by the civil service board such number of policemen as are or may be hereafter prescribed by the city council by ordinance, and the board of affairs shall have at its discretion, the absolute right and power to dismiss any policeman and the mayor may appoint another in his stead. The policeman shall be under command of the mayor and the chief of police, to be appointed as in this act provided for, and shall perform any and all duties incident to the office of policeman under the instructions and command of the mayor and the chief of police, and, in addition to the usual and customary duties prescribed by the laws of this state and under the provisions of this charter required of them, it shall specially be the duty of each police officer to report to the chief of police, or some one designated by said chief of police to receive such report, daily and oftener if occasion demands, the condition of all streets, sidewalks, alleys, basements, backyards, buildings, unimproved lots and all other things and matters within the limits of said city that may come under the notice of such policemen which may relate to the health of the citizens thereof, the sanitary conditions, the necessity for the removal of any obstructions upon any of the streets, alleys or sidewalks, and it shall be the duty of the policemen under their instructions to perform all the duties and exercise all the powers ordinarily imposed upon or given to the officers now known as health officers. It shall also be the duty of each police officer to perform all the duties of humane officer and to exercise all the functions, power and authority relating thereto which are or may be prescribed by any law of this state or ordinance of the city. A police officer in making arrests shall have all of the power and authority of a constable under the laws of the state of West Virginia.

Sec. 95. Each member of the city council shall be paid during his term of office the sum of two dollars and fifty cents for each meeting of the council that he shall attend: Provided, That the aggregate amount to be paid to each member of the council shall not exceed the sum of one hundred dollars per annum. The roll of the members of the council shall be called at the beginning and at the end of each meeting thereof, and those members only who answer in person at each roll call shall be entitled to receive their pay for such meeting. The names of those members present at each roll call shall be entered upon
the record. If there should not be a quorum present at the first
roll call and the meeting be adjourned for that reason, then it
shall not be a meeting that will entitle those present to the pay-
ment of the sum of two dollars and fifty cents as provided in
this section. It shall be the duty of all councilmen to attend
all of its meetings, and if any councilman shall be absent from
the meetings of council as shown by its records for three con-
secutive meetings, then his office shall ipso facto become vacant,
unless the council shall authorize or excuse such absence. If
the office of any councilman shall become vacant under the pro-
visions of this section, then the council shall proceed to fill the
same as it is authorized to do in the case of vacancies.

Reports by Board of Affairs

Sec. 96. It shall be the duty of the board of affairs, not later
than the tenth day of any month after their election, to make a
detailed report to the council for the preceding month. Such
report shall show under distinct heads, first, the names and
salaries of all employees under the supervision of the board of
affairs; second, all expenditures or disbursements in the several
departments under the supervision of the board of affairs;
third, an itemized statement of all purchases, together with
the cost thereof, for each and every such department; fourth,
all such other matters and things as the council may by proper
ordinance or resolution require of said board of affairs. Such
report shall be entered of record in the minutes of the council
and be of a public record, open to the inspection of all persons.
All officers or employees in any of the departments under the
supervision of the board of affairs shall, whenever required by
said board of affairs, make full and complete reports of all
things done by them as such officers or employees in connection
with the business of the city.

Paving

Sec. 97. In addition to the method provided herein for
paving streets, the council may order any street, avenue, pub-
lic alley, or portion thereof, to be graded and paved, repaved,
or otherwise permanently improved, and the council may order
the mayor and city clerk to issue a certificate for each install-
ment of the amount of the assessment to be paid by the owner
7 of any lot or fractional part thereof fronting on such street, 8 avenue, or alley. The amount specified in said assessment cer-
9 tificate shall be a lien as aforesaid in the hands of the holder 10 thereof upon the lot or part of a lot fronting on such street, 11 avenue, or alley, and such certificate shall draw interest from 12 the date of said assessment and the payment may be enforced 13 in the name of the holder of said certificate by proper suit in 14 equity in any court having proper jurisdiction to enforce such 15 lien; the council shall fix the amount of such assessment, adver-
16 tise for bids and do all other things in connection therewith as 17 is provided for paving or permanently improving any street or 18 alley or any portion thereof, except that such assessment 19 laid under this section shall include the whole cost of 20 such improvement, including the cost of grading and 21 paving squares at intersections of streets and curbing, the cost 22 of which intersections shall be apportioned against the several 23 properties fronting upon the street or portion thereof so im-
24 proved; and such certificates shall be issued in the same number 25 of installments and payable at the same time as other paving or 26 permanent improvements are provided to be paid for, and shall 27 be a lien in the hands of the holder thereof upon the particular 28 lot against which they are assessed in the same way and manner 29 that assessments are liens under this charter. And noth-
30 ing contained in this act, or in the charter of the city 31 of Charleston, shall be construed as imposing a time limit 32 upon the enforcement by appropriate suit of any lien for public 33 improvements, heretofore or hereafter created. 34 Certificates authorized by this section may be issued, sold or 35 negotiated to the contractor doing the work, or to any other 36 person if the council deem it expedient: Provided, That the 37 city in issuing such certificates shall not be held as guarantor 38 or in any way liable for payment thereof. 39 Certificates so issued shall contain a provision to the effect 40 that in the event of default in the payment of any one of said 41 certificates, when due, and said default continuing for a period 42 of sixty days, then all unpaid certificates shall become due and 43 payable and the holder of said certificates may proceed to col-
44 lect all of such unpaid certificates in the manner hereinbefore 45 provided. Certificates issued in pursuance of this section shall 46 be negotiable at any bank in the city of Charleston.
47 The owner of the land or lot of land assessed under this section may at any time anticipate and pay such assessment or certificate with accrued interest thereon: Provided, That no street, avenue or alley shall be paved or otherwise permanently improved pursuant to this section except and unless two-thirds of all the members elected to the council shall concur in the passage of the ordinance providing therefor, and the vote thereon shall be taken by ayes and noes, and duly entered upon the record.

Sec. 98. In the case of the construction of any pavement, sewer, sidewalk or other permanent improvement under the provisions of this charter where an assessment has heretofore been laid, or may hereafter be laid for the cost thereof, which said assessment is or shall be void or voidable by reason of errors, irregularities or defects in the proceedings under which such improvement was made, or in case such assessment shall have been made against the wrong person or shall have been omitted to be made in a case where the same was proper, it shall be the duty of the council within two years after the completion of such permanent improvement, or after any court shall have declared such assessment, invalid, to cause notice to be given to any person against whom the cost of said improvement might properly be or have been assessed under said charter, of its intention to lay such assessment against him and fixing a time and place at which he may appear and show cause against the same. Said notice shall be served as provided in the said charter for the giving of notices in assessment proceedings, or in any other manner provided by law, including by publication where the person is a non-resident of the city or can not be found. At the time and place fixed for hearing under the notice aforesaid, or at any time thereafter, the council shall proceed to lay and levy an assessment for the cost of such permanent improvement in such manner as would have been lawful under proper proceedings at the time said improvement was made, unless the person so notified shall show good cause against the same, and no further notice of such assessment shall be necessary. The assessment so laid shall be a lien upon the property liable therefor and may be recorded and enforced in the same manner as provided for other liens for permanent improvements. This section shall apply to assessments made and certificates issued
under this charter, as well as to other assessments and liens for public improvements.

Sec. 99. In addition to the method for the payment of the cost of construction of sewers and sewer systems provided by this charter, the council may order any sewer or sewer system constructed and laid, in any block, street, avenue, alley or in any right of way or easement, or portion thereof, and the council may order the mayor and city clerk to issue a certificate for each installment of the amount of the assessment to be paid by the owner of any lot or fractional part thereof fronting on such street, avenue, alley, right of way or easement in which such sewer system is constructed and laid, and the amount specified in said assessment certificate shall be a lien as aforesaid in the hands of the holder thereof upon the lot or part of lot fronting on such street, avenue or alley, right of way or easement, and such certificate shall draw interest from the date of said assessment and the payment may be enforced in the name of the holder of said certificate by proper suit in equity in any court having proper jurisdiction to enforce such lien; the council shall fix the amount of such assessment, advertise for bids and do all other things in connection therewith as is provided in this charter for paving or permanently improving any street or alley or any portion thereof, the costs of which shall be apportioned against the several properties fronting upon the street, avenue, alley, right of way or easement or portion thereof in which the sewer or sewer system is laid according to the provisions of this charter. Such certificates shall be issued in the following number of installments:

Where the assessment shall not exceed fifty dollars, the assessment and certificate issued thereon shall be in one amount, due and payable in ninety days from the completion and acceptance of the work; if over fifty dollars and not more than one hundred dollars, then such amount shall be covered by only two certificates of equal amounts, payable in ninety days and one year, respectively; if over one hundred dollars and not more than one hundred and fifty dollars, then such amount shall be covered by only three certificates of equal amounts payable in ninety days, one year and two years, respectively; if over one hundred and fifty dollars, and not more than two hundred dollars, then such amount shall be covered by only four certificates of equal amounts, payable in ninety days, one year, two
42 years and three years, respectively; and if more than two hun-
dred dollars, then in five certificates of equal amounts, payable
in ninety days, one year, two years, three years and four years,
respectively; and the term "equal amounts" herein shall mean
as nearly equal as practicable, that is, four certificates being
expressed in terms of blank dollars each, and, when practical,
in multiples of five, the cents and odd amounts being covered
by the first certificate.

Every such certificate shall be a lien in the hands of the holder
thereof upon the particular lot against which it is assessed in
the same way and manner that assessments are liens under the
sections of this act. And nothing in this act, or in the
charter of the city of Charleston shall be construed as
imposing a time limit upon the enforcement by appropriate
suit of any lien for public improvements hereto or hereafter
created.

Certificates authorized by this section may be issued, sold or
negotiated to the contractor doing the work, or to any other
person if the council deem it expedient; and shall be negotiable
at any bank in the city of Charleston: Provided, That the city
in issuing such certificates shall not be held as guarantor or in
any way liable for the payment thereof. Certificates so issued
shall contain a provision to the effect that in the event of de-
fault in the payment of any one of said certificates when due,
said default continuing for a period of sixty days, unpaid certifi-
cates shall become due and payable and the holder of said certifi-
cates may proceed to collect all of such unpaid certificates in
the manner hereinbefore provided: Provided, That no sewer
or sewer system shall be constructed or laid pursuant to this
section except and unless three-fourths of the members elected
to the council shall concur in the passage of the ordinance pro-
viding therefor, and the vote thereon shall be taken by ayes and
noes, and duly entered upon the record.

Sec. 100. If the abutting land on any avenue, street, road
or alley sought to be graded, paved, repaved or otherwise im-
proved, or in any avenue, street, road, alley, right of way or
easement in which a sewer or sewer system is ordered laid,
under any of the provisions of the charter of the city of Charles-
ton, is not sub-divided or laid off in lots by a map or deed of
record, the council may, for the purpose of making the assess-
ments provided for in this section and other sections herein,
9 subdivide said land into lots of such size as the council deems
10 advisable for the purpose of laying the proper assessment
11 against such land.

Sec. 101. Any proposed ordinance, or amendment to any or-
2 dinance already in effect, may be submitted to the city council
3 by the petition of qualified voters in said city, but such petition
4 must be signed by such number of voters as shall amount to at
5 least ten per cent of the number of votes cast for the office of
6 mayor at the last preceding municipal election. Such proposed
7 ordinance, or amendment to an ordinance, shall be passed with-
8 out alteration or change by the city council within thirty days
9 after such petition is filed, or the city council shall, in lieu of
10 passing such ordinance or amendment to an ordinance, submit
11 such proposed ordinance, or amendment to an ordinance, in the
12 manner hereinafter prescribed for ratification or rejection to
13 the qualified voters of the city at the next regular municipal
14 election which is to be held not less than sixty days after such
15 petition is filed. If such petition contains a request for a special
16 election and is signed by sufficient qualified voters to equal in
17 number at least fifteen per cent of the votes so cast for the
18 office of mayor at the last preceding regular municipal election,
19 the ordinance or amendment thereby proposed shall be passed
20 by the city council without amendment or change, within thirty
21 days after such petition is filed, or the city council shall sub-
22 mit such proposed ordinance or amendment for ratification or
23 rejection to the qualified voters at a special election which shall
24 be called within thirty days and held not less than sixty nor
25 more than ninety days after such petition is filed, unless a gen-
26 eral or special election is fixed by law to be held within said
27 period of time. In the latter event, said proposed ordinance
28 or amendment shall be submitted for ratification or rejection at
29 such election. The city council shall cause such proposed ordi-
30 nance or amendment to be printed and published in some news-
31 paper of general circulation in the city once each week from the
32 time the council decides to submit the same to the voters until
33 such election is held. No ordinance or amendment to an ordi-
34 nance adopted by the voters at any such election shall be re-
35 pealed or amended by the city council.
36 The ballot used for any such election shall have printed on it
37 the title of each ordinance, or amendment to an ordinance, sub-
mitted for ratification or rejection and on separate lines under said title the words "for said ordinance" and "against said ordinance" (or the amended part thereof, as the case may be). If a majority of the qualified voters of the city voting on any proposed ordinance, shall vote in favor thereof, the same shall thereupon become a valid ordinance and be in full force and effect at the expiration of the period of ten days from and after said election. If two or more ordinances, or amendments to ordinances, adopted at the same election are inconsistent, then the respective ordinance, or amendment to an ordinance, receiving the largest affirmative vote at such election shall prevail, and the form of submission of inconsistent ordinances, or parts thereof, or amendments to ordinances, shall be in such form that the voters may clearly express their choice.

Sec. 102. If within the period of five days after the passage of any ordinance a petition signed by sufficient qualified voters of said city, being in number at least fifteen per cent of the votes cast for all the candidates for the office of mayor at the last preceding regular municipal election, shall be filed protesting against such ordinance, or any part thereof, taking effect, such ordinance, or such part thereof so protested against, shall thereupon and thereby be suspended from taking effect, and if it be not repealed or so amended as to meet the requirements of the said protest, the city council shall submit the same for ratification or rejection to the qualified voters of the city at the next regular municipal election which shall be held not more than thirty days after such petition is filed, or at a special election to be called thereafter by the city council for that purpose to be held not less than sixty days nor more than ninety days after such petition is filed, and such ordinance, or part thereof so protested, shall not take effect unless a majority of the votes cast at such election thereon shall be for the ratification thereof. If such petition shall only be signed by sufficient qualified voters to equal in number at least five per cent but not sufficient to equal in number at least fifteen per cent of the votes cast for the candidate for said office of mayor at the last preceding municipal election, the city council shall submit such ordinance, or such part thereof so protested, for ratification or rejection at the next ensuing regular municipal election which
27 is to be held more than thirty days after such petition is filed.
28 The city council may, on its own motion, without any petition
29 being required therefor, submit at a regular or special municipal
30 election any ordinance passed by it in the same manner and with
31 the same force and effect as hereinbefore provided. No ordi-
32 nance, or part of any ordinance, rejected at any election shall
33 be enacted or passed by the city council within the period of
34 twelve months thereafter.

Recall

Sec. 103. Any officer of the city of Charleston elected by the
2 voters under the provisions of this act, may be recalled and
3 the office declared vacant as provided in this act. Such officer
4 may be removed from office by a recall election held thereunder,
5 but no such officer shall be removed from office within the period
6 of four months after he enters upon the discharge of his duties
7 as such. Before any such recall election shall be held a peti-
8 tion, stating the name or names and the office or the officers
9 sought to be recalled, and signed by sufficient qualified voters
10 of the said city as shall equal in number the quantity of twenty-
11 five per cent of the votes in the whole city or in the ward, as the
12 case may be, for all the candidates for the office of mayor at the
13 last preceding regular municipal election, and containing a
14 sworn statement of the grounds upon which it is sought to re-
15 move the said officers or officer, shall be filed with the city clerk.
16 No such petition shall be filed within the period of six months
17 before the end of the term of such officer. The city council
18 shall immediately, upon the filing of said petition, call a special
19 election in the manner in this act provided for calling special
20 elections and submit to the voters the question of recalling
21 such officer or officers. The ballot at such election, with respect
22 to each person whose recall is sought, shall be substantially as
23 follows: "Shall (name of person) be removed from the office
24 (name of office) by recall." Immediately following such ques-
25 tion there shall be on the printed ballot the two propositions
26 in the order set forth.
27 "For the recall of (name of person)."
28 "Against the recall of (name of person)."
29 Immediately to the left of said proposition shall be printed a
30 square in which the voters, by making a cross mark (X), or in
some other way declaring their intention, may vote for either
of such propositions. If sixty per cent of the voters registered
voting on said propositions vote in favor of the recall of such
officer or officers, then he or they shall thereby be forthwith re-
moved from such office and such vacancy or vacancies shall be
filled as provided in this act: Provided, however, That within
fifteen days after the returns of such recall election shall have
been canvassed by the city council, a petition signed by suffi-
cient qualified voters to equal in number at least thirty per cent
of the votes cast in the city, or ward, as the case may be, for
the candidates for the office of mayor at the last preceding regu-
lar election, and praying that such vacancy or vacancies be
filled by a special election to be held not less than thirty days
nor more than forty-five days thereafter, the city council shall
order a special election to be held in the same manner as
other special elections are provided for in this act for the pur-
pose of filling such vacancy or vacancies.

Sec. 104. The signatures to petitions filed under the pro-
visions of the last three sections need not be all on one paper or
one sheet of paper, but separate petitions may be circulated and
signed and the aggregate number of names on all of such pe-
titions, if equal to the number required in this act, shall be
sufficient, the circulator of each such paper shall make and ap-
pend thereto an affidavit that each signature thereon is the
signature of the person whose name it purports to be. The resi-
dence address of each signer shall accompany the signature.
All such petitions shall be filed with the city clerk and shall be
deemed and held to be qualified voters, unless a protest in writ-
ing, under oath, shall be filed with the city clerk by some quali-
fied voter within fifteen days after such petitions are filed, which
protest shall set forth the name of each signer protested against
and the ground therefor. It shall be the duty of the city clerk
as soon as possible and within twenty-four hours after the fil-
ing of such protest to mail a notice to each signer so protested
against at his address as given in the petition, requiring him to
be and appear before the city registrars at a time fixed in said
notice, not less than twenty-four hours nor more than forty-
eight hours after the mailing of such notice, for the purpose of
defending his rights to sign said petition. If it shall be proven
by satisfactory evidence that such person is not a qualified
24 signer of such petition, then his name shall be stricken there-
25 from. All evidence taken shall be under oath, and any signer
26 present at the hearing may be called as a witness by the pro-
27 testants or testify in his own behalf. All hearings shall be
28 summary and shall be concluded within fifteen days after such
29 petition is filed. The city registrars shall forthwith certify
30 the result of their examination to the city clerk and such city
31 clerk shall serve a copy of such certificate upon the person or
32 persons named in the petition as representing the signers there-
33 of. When the petition contains a sufficient number of quali-
34 fied signatures the city registrars shall forthwith file the same
35 with the city clerk, and he shall transmit the same to the city
36 council, which shall call an election as provided for in the
37 preceding sections of this act. All petitions filed in the city
38 clerk's office shall be public records. When any petition con-
39 tains a form of submission of the ordinance petitioned for and
40 such form is a reasonably fair description thereof, the same
41 shall be placed on the ballot and no petition filed subsequently
42 shall use any form of submission that is so similar to the
43 one previously filed as to tend to confuse the voter
44 and, in case of such conflict, the person presenting the
45 subsequent petition may file a form of submission which shall
46 be placed upon the ballot: Provided, That the same shall fairly
47 describe the ordinance, or amendment to an ordinance, petition-
48 ed for and shall not be in conflict with any prior forms of sub-
49 mission or tend to confuse the voter.
50 The city council shall so frame all forms of submission that
51 the voter can, by making a cross in a square in front of some
52 appropriate words, vote either for the ratification or the re-
53 jection of the proposed measure, but no ballot shall be rejected
54 from which the reasonable intention of the voter, however he
55 shall have marked the same, can be ascertained. All city elec-
56 tions, regular or special, shall conform as nearly as possible
57 to the election statutes contained in chapter three of the code
58 of West Virginia.

Sec. 105. In addition to the method of securing the laying
2 of sidewalks set out in this charter, the council of said city may
3 cause any sidewalk to be constructed, laid, relaid, or otherwise
4 permanently improved in the city of Charleston in the following
5 manner and upon the following terms: Plans and specifications
6 shall be prepared and filed, resolutions and ordinances shall be
7 adopted and notices shall be prepared and served in the same
8 way and manner as near as may be, as in the case of the paving
9 and improvement of streets and alleys. The contract for same
10 shall, after due advertisement in which council shall reserve the
11 right to reject any and all bids, be let to the lowest responsible
12 bidder and upon completion and acceptance of the work, council
13 shall order the mayor and city clerk to issue to the contractor
14 doing the work a certificate for the amount of the assessment to
15 be paid by the owner of any lot or fractional part thereof front-
16 ing on such sidewalk, and the amount specified in said assessment
17 certificate shall be a lien in the hands of the holder thereof upon
18 the lot or part of a lot fronting on such sidewalk as well as a
19 debt against the owner of said lot, and such certificate shall
20 draw interest from the date of said assessment, and the payment
21 may be enforced in the name of the holder of such certificate
22 by a proper suit in equity in any court having proper jurisdic-
23 tion to enforce such liens, and council shall fix the amount of
24 such assessments and do all things in connection therewith neces-
25 sary to make them valid and do all other things in connection
26 therewith as is provided for paving or improving streets and al-
27 leys and such certificates shall be issued one for each abutting lot
28 or portion thereof payable six months from the date of the com-
29 pletion and acceptance of the work and shall be a lien in the
30 hands of the holder thereof upon the particular lot against
31 which they are assessed in the same way and manner that as-
32 sessments for street paving are liens under the other provisions
33 of the aforesaid act creating and amending the charter of the
34 city of Charleston: Provided, however, That council shall not
35 advertise for bids for any one letting of less than five thousand
36 square feet: And provided further, That council shall not re-
37 ceive any bids or let any sidewalk contract between the first day
38 of October and the first day of March of any year. Nothing in

6 those immediately adjacent in the rear thereof, extending one
7 hundred feet therefrom, or of those directly opposite thereto,
8 extending one hundred feet from the street frontage of such

7 final report, and such council shall not hold its public hearings
8 or take action until it has received the final report of such
9 commission.

Sec. 7. Whenever a majority of the newly elected members
of the council shall have qualified, they, as a body, shall enter
upon the duties of their offices, and supersede all the members
of the former council. The mayor shall, by virtue of his office,
be the administrative head of the council. He shall be the pre-
siding officer at the meetings of the council; and he shall, as
mayor, sign the minutes of the meetings of the council, and
execute all papers and documents required of him by the coun-
cil. The mayor shall not have a vote on any question before the
council, except that in case of a tie in the vote on any ques-
tion the mayor shall then have the right to cast the deciding
vote.

The council shall elect a vice-mayor of said city, whose term
of office shall expire at the end of the term for which the mayor
was elected. The vice-mayor shall act as such, and perform the
duties of the mayor, only when called by the mayor because of
his absence from the city, or, without being so called, when the
mayor shall be incapacitated for the performance of the duties
of the office of mayor. The compensation of the vice-mayor, for
services rendered while acting as mayor, shall be that agreed
upon between him and the mayor, and the amount so agreed
upon shall be deducted from the salary of the mayor and paid
to the vice-mayor. If no agreement shall have been made there-

city clerk. If the mayor shall be removed from office as herein
provided, or shall die during his term of office, then in either
of such events, the vice-mayor shall ipso facto become mayor

which event council shall elect some other person for the office
of vice-mayor, in the manner provided in this act.

elect the person so named by the mayor, provided the person
named for vice-mayor shall be a member of the same political
party as that of the mayor.

The city clerk shall be ex officio clerk of the council, and shall
perform such duties thereabout as may be required of him.

Sec. 8. If any person elected to the council fail to qualify as
herein provided within thirty days after his election, or shall,
after having qualified, resign from the council, or move from
the city, his office shall be vacated, and the council shall, by a
majority vote of the members present, fill such vacancy for the
unexpired term with some person from the same ward (except
the vacancy be of a councilman elected at large), and the same
political party as the person whose vacancy of office is being
filled.

Sec. 9. No franchise, or extension of franchise, shall be valid
unless it shall have been ratified and approved by a majority
of all the members elected to the council, at two regular meet-

three-fourths vote of all the members elected at one regular
meeting thereof; and the vote of said council shall be taken by
roll call of the members and entered of record in the minutes
of the meeting of the council.

Sec. 10. The council shall have the right to hear, consider
and act on charges against the mayor, and, after having heard
proof of such charges, may remove the mayor and declare his
office vacant by a two-thirds vote of all the members elected
to the council, and the vote thereon shall be by roll call of the
members and entered of record in the minutes of the meeting.
But before the mayor shall be put to trial on such charges, he
shall have at least ten days written notice of the nature of
said charges, and the time and place of the hearing thereon,
before the council. If the council, after hearing the charges,
shall remove the mayor from office, thereby declaring a
vacancy in his said office, it shall cause its action thereabout
to be at once certified to the mayor: Provided, The mayor
shall not act as chairman of the council meetings during his
trial before it.

The mayor shall not be removed from his office except for
one of the causes mentioned in section six of article four of
the constitution of West Virginia, except the mayor may be
removed from office, on charges preferred as set out in this section, for causes not included in section six, article four of the constitution, if found guilty by a three-fourths vote of all the members elected to council.

Sec. 11. The council shall make proper rules for its government not contrary or inconsistent with any of the provisions of this act, and it shall cause a record of its meetings and proceedings to be kept and recorded by its clerk in a well-bound book, which shall remain in the custody and at the office of the city clerk, open to public inspection. The minutes of the meeting and proceedings of the council, after recordation and when signed by the mayor or other presiding officer, shall be admitted as evidence in any court of record in this state.

The mayor shall be the chief executive officer of the city and shall have and exercise all of the rights, powers and duties of mayor conferred by the constitution and laws of this state, and those conferred by the terms of this act; and it shall be the duty of the mayor to see that the laws and ordinances of the city and the resolutions and orders of the council are enforced, and that the peace and good order of the city are preserved, and that the persons and property therein are protected. The mayor shall have such other authority and powers that are otherwise enumerated and given by this act.

Sec. 13. In addition to the municipal authorities mentioned in section four of this act, the city may, by ordinance duly adopted, have a city clerk, treasurer, police judge, city attorney, chief of police, chief of fire department, city engineer, and such other officers as are now or may be created and established by ordinance. 14 qualified: Provided, however, That no member of the council
15 shall hold any other position in municipal, county or state gov-
16 ernment.

17 Names of candidates for city offices, including members of
18 park board, shall be on a separate ballot from that on which
19 candidates for county and other offices are voted; but said
20 candidates for city offices shall be voted for in the same way,
21 at the same time, and under the same supervision, as such
22 other candidates are voted for.

the county court shall have the right, after the contest shall
have been heard, to apportion the costs and expenses among
the participants and persons involved in the contest as the
county court may deem equitable; and each member of the
county court shall be entitled to receive five dollars per day

9 The council may require additional bond from the mayor 10 or any of said appointive officers, and may likewise require 11 a bond in whatever sum they may fix of any other appointive 12 officer. All bonds of appointive officers shall, before their 13 acceptance, be approved by the council, and the bond of the 14 mayor shall be approved by the retiring council (by the citi- 15 zens board after the election of one thousand nine hundred 16 thirty-four). All meetings of the council shall be open to the public. The holding of a special meeting shall be prima facie evidence that the notice required therefor was given as prescribed in this section.

Sec. 26. The vote upon any question or motion before the council may be viva voce when unanimous, but if the ques-
tion or motion does not receive the unanimous vote of the mem-
bers present, then the vote shall be taken by roll call of the
members and made a part of the minutes of the meeting; and
when the vote is unanimous the minutes shall so state.

Sec. 27. The city clerk shall be ex officio clerk of the coun-
cil. The council shall cause detailed minutes of its meetings
and proceedings to be kept by the city clerk in a well-bound
book for that purpose, which shall remain in the custody of
the city clerk at his office and open to public inspection. The
minutes of every regular or special meeting shall be read pub-
lically at the next regular meeting of the council, and, after
being corrected, shall be signed by the mayor and city clerk
and, if thus recorded and signed, they shall be admitted as evi-
dence in any court record in this state.

Sec. 28. The council in the exercise of its respective powers
and the performance of its duties, as prescribed by this act
and by the laws of the state, shall have the power to enforce
the attendance of witnesses, the production of books and papers,
and the power to administer oaths to such witnesses in the same
manner and with like effect, and under the same penalties as
notaries public, justices of the peace and other officers of the

considering the quality and grade of the supplies desired.
When practicable, he shall advertise by reasonable notice in at
least two daily newspapers of opposite politics, for bids on
supplies to be furnished, and shall award contract thereon (un-
less all bids are rejected) to the lowest bidder, taking from
such bidder a written contract, and bond therein, to be ap-

In order to preserve the peace and good order of the city, and protect the persons and property therein, riotous and disorderly persons in the city may be arrested and detained before issuing any warrant therefor. The police judge may, with the same fees or other compensation allowed justices of the peace, commit persons charged with felony or misdemeanor to jail, or take bond for their appearance before the grand jury of the court having jurisdiction thereof, and he shall have power to issue execution for all fines, penalties and costs imposed by him. And he may require the immediate payment thereof, and, in default of such payment, may commit the person so in default to jail until the fine and penalty and costs shall be paid or satisfied, and to be employed during the imprisonment as provided by this act. If any person is sentenced to imprisonment, or any person or corporation is assessed with a fine of ten dollars or more, such person or corporation shall be allowed an appeal from said decision of the police judge to the common pleas court of Cabell county, upon the execution of an appeal bond, with surety deemed sufficient by the police judge, in a penalty of at least two hundred dollars and costs, conditioned that the person proposing to appeal will perform and satisfy any judgment which may be recorded against him by the appellate court on such appeal, and in no case shall a fine less than ten dollars be given by the police judge if the defendant, his agent or attorney demand that
such fine be made as much as ten dollars. If such appeal be

court which shall proceed to try the case as upon indictment
or presentment and render such judgment, including that of
cost, as the law and evidence may demand: Provided, however,
That not until January first, one thousand nine hundred thirty-
seven, shall any of the powers herein granted to the police judge
to act in any manner or capacity as a justice of the peace, or in
any manner or capacity relating to or affecting the civil or
criminal jurisdiction of justices of the peace, or to collect the
fees which justices of the peace are or may be authorized to
collect, or to require fees or fines collected through proceedings
had by or under the police judge or police court to be paid to the
sheriff of Cabell county for the benefit of said city of Hunting-
ton, become operative or effective, and that the jurisdiction of
justices of the peace shall until said effective date be exclusive
in said matters.

Sec. 31. Publication of notice to present a franchise and
other preliminaries prescribed by the laws of the state relating
thereto, shall be had in the manner prescribed by state laws,
before the council shall act on any such franchise; but the pas-

notice was given as prescribed by law.
The word "franchise", whenever used in this act, shall in-
clude every special privilege in, under and over the streets,
highways and public grounds of the city which belong to the
citizens generally by common right.

Sec. 32. The style of any ordinance enacted by the board
of commissioners shall be, "Be it ordained by the council of
the city of Huntington."

Sec. 33. Concerning anything for which a state license is
required to be done within the state or county, but not limited
thereto, the council may require a city license therefor, and
may impose a tax thereon for the use of the city; and the coun-
cil shall have the power to grant, refuse or revoke any such
license of owners or keepers of hotels, carts, wagons, drays,
avtomobiles, automobile trucks and conveyances, and every
other description of wheeled carriages kept or used for hire in
said city, and to levy and collect tax thereon, and to subject
the same to such regulations as the interest and convenience of
the inhabitants of said city, as in the discretion of the council,
may be required. The council may require from the person so
licensed a bond, with approved surety, payable to said city
in such penalty and with such conditions as it may think
proper, and may revoke such license at any time if the condi-
tion of the bond is broken; and the council shall have author-
ity to subject any person or persons, who without having paid
the tax imposed by the council for the privilege, shall do any
act or follow any employment of business in the said city upon
which the council is or shall be authorized to impose a tax,
to a fine or imprisonment which it is or may be authorized to
impose or inflict for the enforcement of its ordinances.

Sec. 34. Council may, by ordinance, provide for a full time
public health officer for the city who shall be in charge of the
administration and enforcement of all laws of the state ap-
plicable to the city of Huntington relating to public health,
and of all ordinances of the city designed to secure or promote
the public health. Such health officer shall be qualified to
receive a license to practice medicine and surgery in the state
of West Virginia, and he shall have engaged in the practice of
medicine and surgery for at least five years or have had not
less than five years' experience in public health work. All
regulations for the protection or promotion of the public health,
additional to those established by law and for the violation of
which penalties are imposed, shall be made by ordinance. The
council of said city shall have authority to abate and remove
all nuisances in said city. It may compel the owners, agents,
assignees, occupants, or tenants of any lot, premises, property,
building or structure, upon or in which any nuisance may be,
to abate and remove the same by orders therefor, and by ordi-
nance provide a penalty for the violation of such orders.
Said council may also, by its own officers, appointees and
employees abate and remove nuisances. It may, by ordinance,
regulate the location, construction, repair, use, emptying and
cleaning of all water closets, privies, cesspools, sinks, plumbing,
drains, yards, pens, stables and other places, where offensive or
dangerous substances or liquids are, or may accumulate, and
provide suitable penalties for the violation of such regulations,
occupant or tenant, of any premises or structure where such violation occur.

If the owner, agent, tenant, assignee or occupant of any such premises, lot, property, building or structure as is mentioned herein, shall fail or refuse to abate or remove any such nuisance as mentioned herein, or to comply with the provisions of any such ordinance, and the regulations herein contained, the said council may have said nuisance abated or the provisions of said ordinance or ordinances carried out, after reasonable notice to said owner, occupant, tenant, agent or assignee of its intentions so to do, and collect the expense thereof, with one per centum per month interest added from the date of said notice, from the said owner, occupant, tenant, agent or assignee, by distress or sale, in the same manner in which taxes levied upon real estate for the benefit of said city are herein authorized to be collected, and the expense shall remain a lien upon said lot, or part of lot, and the same as taxes levied upon real estate in said city; which lien may be enforced by a suit in equity before any court having jurisdiction as other liens against real estate are enforced. In case of nonresident owners of real estate such notice may be served upon any tenant, occupant, assignee, or rental agent, or by publication thereof for not less than two consecutive weeks in two newspapers of opposite politics, published in said city.

And in all cases where any tenant, occupant or agent is required to abate and remove any nuisance under the provisions of this section, or comply with the provisions of any such ordinance as is mentioned herein, the expense thereof may be deducted out of the accruing or accrued rent of said property, or amount due said owner from said agent, and such agent, occupant or agent may recover the amount so paid from the owner, unless otherwise especially agreed upon.

Any expense incurred by the council as herein provided, in the manner aforesaid, may be collected in the manner herein provided, notwithstanding the imposition of any other penalty or penalties upon any of the persons named herein, under any of the provisions of this act. The abatement or removal of any such nuisance by the council at the expense of said city, as herein provided, shall be prima facie proof that the said notice to the owner, occupant, tenant, agent or assignee, was given as herein prescribed.
Sec. 35. The council may require all owners, tenants and occupants of improved property which may be located upon or near any street or alley along which may extend any sewer or system of sewerage, which the said city may construct, own or control, to connect with such sewer or system of sewerage, all privies, water closets, cesspools, drains, or sinks located upon their respective properties or premises so that their contents may be made to empty into such sewer or system of sewerage.

Sec. 36. The council is authorized and empowered to cause to be put down a suitable curb of brick, stone or other materials along and for the footways and sidewalks of the avenues, streets, roads or alleys of said city, and to order and cause the laying or relaying or repair of sidewalks and gutters of such material and widths as the council may determine; and the planting or replanting of and caring for shade trees along said avenues, streets and roads at such points and in such manner as the council may determine; and to require the owners or occupiers of the land or lots or part of lots abutting upon said avenues, streets, roads, or alleys to keep such sidewalks clean and in good repair, and to grade the plot of ground on either side of the sidewalks between the street curb and the property line and keep the same sodded with grass and free of weeds and obstructions, and otherwise in good condition and repair. The owners or occupiers of the land or lots abutting upon such avenues, streets, roads or alleys shall not lay any sidewalks, curb or gutter, or plant such shade trees, unless specially required to do so by resolution adopted by said council, and then only in the manner prescribed by said council; but said city may lay such sidewalks, curb or gutter, and plant or replant and care for said shade trees, or may let said work to contract, and in either case the total cost of said work or such part thereof as the council may direct shall be charged upon and against the land or lots abutting upon such avenue, street, road or alley, which assessments shall be and remain a lien upon said land or lots the same as taxes levied upon real estate in said city, which may be enforced by a suit in equity before any court having jurisdiction as other liens against real estate are enforced. The amounts so assessed against any land or lot shall also be a debt against the owner of such land or lot, which may be collected as other debts are collected, in any court having jurisdiction, and shall be due
and payable in ninety days from the completion and accept-
ance of such work as certified to by the council, with six per-
cent interest thereon from the date of such record acceptance.
And in ascertaining the amount to be assessed against any
corner lot for the cost of laying any such sidewalk and plant-
ing trees in front or alongside thereof, the council may assess
the total cost of laying such sidewalks, and planting trees, in
front or alongside said lot and extended to the curb or gutter
of the intersections of the avenues, streets, roads or alleys
at that point.
When such work is done by the city, and not let to con-
tract, the council shall certify such assessments to the treas-
urer of the city for collection, who shall account for the same
as directed by the council or by ordinance; and the treasurer
shall accept payment, when tendered, of the amount of said
assessment with interest to the date of payment, and unless
said assessment shall have been paid within ninety days from
the date of assessment, then a copy of such report shall be
certified by the city clerk to the clerk of the county court of
the county of Cabell, who is hereby required to record and
index the same in the proper trust deed book in the name
of each person against whose property assessments appear
therein. If any such assessment shall not be paid when due,
the council shall cause to be enforced the payment of said
assessment and interest in all respects as herein provided for
the collection of taxes due the city; and said assessments shall
be a lien upon the property liable therefor, the same as for
taxes, which lien may be enforced in the same manner as
provided for the sale of the property for the nonpayment of
taxes and tax liens; and the liens herein provided for shall
have priority over all other liens except those for taxes due
the state and the county, and shall be on a parity with taxes
and assessments due the city. When such assessments have
been paid in full, and a lien therefor shall be of record
in the county clerk's office, the treasurer shall execute and
deliver to the owner of said property a release of said
lien, which may be recorded in the office of the
county clerk as other releases or liens are re-
corded.
The council may, if it so elect, let said work to contract,
and certificates may be issued for the amount of said assess-
ments which may be sold to the contractor doing the work, or
other person, in full of the total cost, in the same manner as
provided for paving certificates, in this act: Provided, That
the city, in negotiating and selling such certificates, shall not
be held as guarantor or in any way liable for payment thereof,
except upon the direct action of the council as expressed by
resolution of record before such sale. Said certificates, to be
signed by the mayor or clerk or other person or persons
designated of record by the council, shall bear date as of the
time when such work is accepted and certified by the council,
and shall be due and payable in ninety days from date there-
of, with six per cent interest. When the council shall have re-
ceived said work, it shall at the same time make said assess-
ment upon written report; and at the end of ninety days
from date thereof, upon the demand in writing filed with the
city clerk, of the holder or holders of the unpaid certificates
issued to cover said assessments, said clerk shall certify a copy
of said report, only insofar as it relates to the owners against
whom said exhibited certificates remain unpaid to the clerk
of the county court of Cabell county, or Wayne county, depend-
ing upon the county in which the real estate is located, who
shall record and index the same as other liens of like kind are
recorded and indexed, and the same shall be and remain a
lien upon the real estate against which said assessments are
made, as set out in said certified report, and said lien may be
enforced, in the name of the holder of such certificate, in the
same manner as set out in this act.

Before letting such work to contract, the council shall ad-
vertise the same once a week for two successive weeks in two
newspapers of opposite politics published in the city of Hunt-
ington, or in one paper in case publication cannot be had in
two such papers, setting out the time and place for receiving
proposals for such work and referring to the plans and speci-
fications made therefor; and the city reserves the right, wheth-
er stated in such notice or not, to refuse any and all bids for the
work. On refusal of said papers to publish said notice at
reasonable rates, the council may, by resolution, direct how
such notice may be given. The fact that such contract shall be
awarded for said work shall be prima facie proof that said
notice was given as required herein. Such lien, as represented
by certificates, may be released of record in the office of the
116 county clerk in the same manner as paving liens, represented
117 by certificate, are released of record as provided for in this
118 act; and in no event shall such assessment be and remain a
119 lien of record for a longer period than one year from the date
120 set out in said certified report so recorded in the office of the
121 county clerk unless at the end of said one year period a suit
122 shall be pending for the enforcement of said lien, or the amount
123 thereof, shall, in some way, be involved in a suit pending at
124 the end of said one year period.
125 All such work, whether done by the city direct, or through
126 contractors, shall be under the supervision of the street de-
127 partment of the city, or some person designated for that pur-
128 pose by the council.
129 If the owner or occupier of any such lot or land shall be re-
130 quired by the council to lay, or relay, clean or repair any such
131 sidewalk between the street curb and the property line, and
132 keep the same sodded and free from weeds or obstruction,
133 and otherwise in good condition and repair, written or pub-
134 lished notice shall be given to such owner or occupier in the
135 manner provided by ordinance or resolution adopted by the
136 council, and neglect or refusal of such owner or occupier to do
137 the work, in the manner and within the time required by the
138 council, as set out or referred to in said notice, shall be an
139 offense and may be punished as provided by ordinance; and
140 after the expiration of the time set out in said notice for the
141 the doing of said work, and the same remains undone, the
142 council may do, or cause to be done, said work and assess and
143 collect the cost thereof in the manner, upon either plan, and to
144 the full extent as set out in this section. The council is
145 authorized and empowered to require the owners and oc-
146 cupiers of any lot or tract of land to keep the same free from
147 weeds and other vegetation which may be unsightly or noxious,
148 and, to that end, may pass suitable ordinances with penalties
149 to be inflicted on the owners and occupiers of such lots who
150 may fail to comply with the provisions of such ordinances;
151 and in addition thereto, upon the failure of such owners and
152 occupiers of said lots to comply therewith, the city may do the
153 work necessary in keeping said lots or lands free from weeds
154 and other vegetation which may be unsightly or noxious and
155 charge the total costs thereof against the owner of such lots
156 or lands, which amount or amounts shall be a debt against such
owner, with which he is charged with interest thereon, from the
time of the completion of said work, and the expense shall
remain a lien upon said lots or lands, or any part thereof,
the same as taxes levied upon real estate in said city, and which
lien may be enforced by a suit in equity before any court
having jurisdiction as other liens against real estate are en-
forced, and in addition thereto, such costs or expense,
with interest may be collected from the owner, occupant,
tenant, agent or assignee, by distress or sale in the same
manner in which taxes levied against real estate are herein
authorized to be collected. And the costs or expense, with
interest thereon, for the cleaning of said lots or land of weeds
and other noxious vegetation, as well as the costs or expense,
with the interest thereon, for the laying of sidewalks, plant-
ing of trees, etc., as set out in this section, which may remain
unpaid at the time of the making out of tax tickets covering
the taxes due in any year by such owner of said lots or lands,
shall be placed on the tax ticket for that year along with the
statement of other taxes due by such owner, and the treasurer
shall collect such amounts at the time and in the same manner
as the other taxes are collected by him from such owner, but
without allowing any discount thereon, and upon failure to
pay the same on or before the last day of that year, there
shall be added thereto the same interest penalties which are
provided for the failure to pay other taxes assessed at such
time against such owner; and the sheriff, upon the failure to
pay said amounts, shall return the real estate, against which
said amount is a lien, delinquent for the nonpayment of
taxes for such year the same as in the case of returning such
lands delinquent for the nonpayment of other taxes assessed
against such owners and such real estate, and said real estate
may be sold, at the time and in the manner, provided for in
the case of delinquent lands for the nonpayment of taxes;
and these remedies, when applicable, are in addition to all
other remedies provided for in this act.

 Notices to owners and occupiers of lots or lands requiring
them to clean said premises of weeds and other noxious vege-
tation, may be given in the same way and to the same effect
as provided in section thirty-four of this act, and tenants
and agents shall have the same rights and remedies against
such owners as therein provided. The council may, by gen-
eral or special ordinance, delegate the ministerial duties re-
quired in this section, to the mayor of the city.

Sec. 37. The council shall annually, before the laying of
taxes provided for and authorized by this act, ascertain the
total expense of said city to be provided for by levy for the
fiscal year in which said levy is made, and it shall ascertain
the sum of money necessary to pay interest accruing on the
bonded indebtedness of said city, and what amounts it shall
expend for the support of its various departments and for the
improvements of its streets, alleys, avenues, and public
grounds, or for its contingent expense; and before making
such levy it shall apportion the rate thereof among the several
funds so ascertained and provided for, which apportionment
shall be spread upon the records of said council and a copy
of a statement thereof shall be annually published by direc-
tion of said council as soon as the same is recorded, in at least
two newspapers of said city of opposite politics. And the
council shall do and perform such other duties, in relation to
the things mentioned in this section, as are required by state
law.

Sec. 38. The council shall have authority to levy and collect
an annual tax on real estate and personal property in said
city, and to impose a tax upon all other subjects of taxation,
under the several laws of the state, all of which taxes shall be
uniform as to class with respect to persons and property
within the jurisdiction of said city, and shall only be levied on
such property, real, personal and mixed, and on capital, on
which the state imposes a tax: Provided, That no greater
levy shall be laid by the council, except the levy authorized by
section forty-seven of this act and the ten cents levy authorized
hereinafter by this section, relating to a revolving fund, on
the taxable property of said city than is now permitted to be
laid under the state law relating to municipalities, except,
however, that the council may, by a two-thirds vote of its
members, by ordinance, lay an additional levy not to exceed
twenty cents on the one hundred dollars of all the taxable
property within said city.

For the purpose of creating a revolving fund by and with
which to promote and expedite permanent street and sewer
improvements, the city is authorized and empowered to levy
and collect for a period not longer than ten years, a special
22 annual tax, in addition to all other taxes, during all or any part of said period, not exceeding ten cents on each one hundred dollar valuation, on all taxable property in said city, and which levy shall also be in addition to that now permitted by street or sewer improvement bonds provided for in section of state law relating to municipalities. Such levy shall not be laid except by ordinance duly adopted by the two-thirds vote of all of the members of the council.

30 No part of said revolving fund shall be used for any purpose other than to pay for permanent improvements of streets, avenues, roads, alleys and public grounds, and the construction of sewers, and only then by the purchase of street or sewer improvement bonds or assessment certificates, provided for in this act, and for which assessment against real estate are made to cover the amount of such bonds or certificates as provided in said sections; and when and as such bonds or certificates so purchased out of this revolving fund shall be paid, the amount thereof shall be and become a part of such revolving fund, and thereby prevent any diminution of the fund.

42 When said fund, or any considerable part thereof is not being used, or in contemplation for immediate use, the city shall keep the same invested to the best advantage in securities of the kind permitted by state law for the investment of sinking funds, or in the discretion of the council, the same may be deposited, for a fixed time, at the highest rate of interest and to the best protection of the city, in some bank or banks, or may be directed by the council to be deposited in the manner set out in section forty-two for the deposit of other funds of the city. The council, as pertains to things mentioned in this section, shall proceed in the manner provided by state laws thereabout.

Sec. 39. All taxes assessed upon the real estate within the said city, shall remain a lien thereon from the time the same are so assessed, which shall have priority over all other liens, except for taxes due the state, county or district, and all taxes whether assessed upon realty or personalty or otherwise may be enforced and collected in the same manner and by the same remedies as is now or may hereafter be provided by law for the enforcement of liens and levies for state and county taxes, or in such manner as the council may by ordinance prescribe.
10 And in levying taxes and collection thereof, and the return of
11 property delinquent for nonpayment of taxes, the duties of
12 the city clerk shall be similar to the duties of the county clerks
13 of the state in that behalf; the duties and powers of the sheriff
14 of Cabell county in wards one to nine inclusive, and the sheriff
15 of Wayne county in ward ten, in the collection of taxes on real
16 and personal property, or other kind, licenses and money due
17 the city, and accounting for the same, and the return of
18 property delinquent for the nonpayment of taxes, shall be
19 similar to the duties of the sheriffs of the state in their collec-
20 tion of state and county taxes, except the council may make
21 such further regulations and ordinances prescribing the duties
22 of the city clerk and said sheriffs and their manner of per-
23 formance as the council may deem necessary. And the council
24 shall, through itself and such officers and employees as it may
25 appoint or employ under such regulations and ordinances
26 as it may enact (not contrary to the laws of this state), have
27 such authority and power as may be necessary for the levying
28 and collection of taxes, tithables, fines, licenses, sewer and
29 paving assessments owing the city with power and authority
30 to enforce the collection of such fines by imprisonment in the
31 city or county jail. For performing the duties prescribed in
32 this act the sheriff of Cabell county, and as ex officio treasurer
33 of the city of Huntington, which office is hereby created, and
34 the sheriff of Cabell county designated, ex officio, as said
35 treasurer for all time, shall receive one hundred dollars per
36 month to be paid out of the funds of the city of Huntington.

Sec. 40. No taxes or levies shall be assessed upon or collected
2 from the taxable persons or property within the corporate
3 limits of said city, for the construction, improvement or keep-
4 ing in repair of roads, or for the support of the poor of Cabell
5 or Wayne counties, outside of said corporate limits, for any
6 year in which it shall appear that said city shall at its own
7 expense provide for its own poor and keep its own roads,
8 streets and bridges in good order. And the county court of
9 Cabell county, and Wayne county, and the authorities of the
10 districts in which said city is situated, shall not have or
11 exercise jurisdiction within the corporate limits with relation
12 to the roads, streets, alleys, bridges, wharves, docks, ferries,
13 but the same (except schools, schoolhouses and school prop-
14 erties which shall remain under exclusive jurisdiction of the
HUNTINGTON CHARTER

Sec. 41. There shall be a tax of two dollars annually assessed on each and every male inhabitant of said city, over twenty-one years of age, by the council, and the same shall be collected by the assessor of Cabell county, and Wayne county, as the case may be, at the time and in the same manner provided by the laws of the state for the collection of capitation taxes, and for the collection of such city capitation taxes the assessors shall receive the percentage thereof as provided by state law, and the balance of which shall forthwith be paid to the sheriff of Cabell county, ex officio treasurer of the city of Huntington. All money collected under this section shall go into the street fund, or like fund, to be expended upon the roads, streets, and alleys, sidewalks, crosswalks, drains, gutters, wharves and bridges of said city.

Sec. 42. It shall be the duty of the sheriffs of Cabell and Wayne counties to keep all funds of the city in some bank or banks within said city which shall pay three per cent per annum interest on such deposits, payable quarterly, based on the average daily balance of such funds in all accounts. If no bank within said city is willing at any time to receive deposits of the sheriffs and to pay such interest thereon, the sheriffs shall report this fact to the council, who shall upon designate a bank or banks in which he shall deposit said funds for the time being and until some bank in said city will receive such deposits on such terms. Before receiving any such deposits said bank or banks shall give bond in a penalty prescribed by the council, and with sureties to be approved by said council, conditioned for the prompt payment, whenever lawfully required, of all the city money, or parts thereof which may be deposited with them, which bonds shall be renewed at such times as the council may require.

The sheriff of Cabell county and the sheriff of Wayne county, each, shall execute a bond for the faithful performance of his duties as required under this act, including properly and punctually accounting for all moneys collected for and on behalf of said city, which accounting shall be made on the fifteenth day of each month for the moneys collected for the preceding month, and at the same time make payment of such

25 amount to the sheriff of Cabell county as ex officio treasurer
26 of the city of Huntington. The city shall pay the cost of
27 such bonds.

Sec. 43. (a) Whenever the council of the city of Hunt-
2 ington shall deem it expedient, it may order and cause any
3 avenue, boulevard, street, road or alley therein, to be graded
4 or regraded, curbed or recurbed, paved or repaved, surfaced
5 or resurfaced, macadamized or remacadamized, or otherwise
6 improved or reimproved, or repaired, in a permanent manner
7 and in accordance with plans and specifications adopted
8 therefor, and under such manner and supervision as may be
9 directed by ordinance or resolution, upon the lowest responsi-
10 ble bid to be obtained by advertising for proposals therefor,
11 except the city may do such work without letting it to con-
12 tract, as is hereinafter provided for in (d) of this section, and
13 the said city shall have the power to purchase and condemn
14 land for opening and widening any avenue, boulevard, street,
15 road or alley to be so improved or reimproved. The entire
16 cost or any part thereof, of such improvement, or reimprove-
17 ment, together with the cost of purchase or condemnation of
18 any land necessary therefor, as provided for in the ordinance
19 or resolution authorizing the same, may be assessed to and
20 required to be paid by the owners of the lands, lots, or
21 fractional parts thereof, fronting or bounding on said im-
22 provement or reimpovement, except as otherwise provided
23 for in (c) and (g) of this section.

24 (b) Payment for such work shall be made by all of the
25 owners of the properties fronting or abutting on each side
26 of such avenue, boulevard, street, road or alley so improved
27 or reimproved, or repaired, in such proportion to the total
28 cost as the frontage in feet of the abutting land bears to the
29 total frontage of all the land abutting or abounding on said
30 improvement or reimpovement, less the portion, if any,
31 chargeable to any street railway or other railway company.
32 In case any such avenue, boulevard, street, road or alley be
33 occupied by street car tracks, or the tracks of any other rail-
34 road, then such street railway company, or other railroad
35 company, shall pay the costs of said improvement or reim-
36 provement, or repair, for the distance between the rails of
37 the tracks thereof and two additional feet outside of each
38 rail thereof. The said costs and expenses of said improve-
ment or reimprovement including the costs and expenses of purchasing rights-of-way, or the condemnation thereof for the opening and widening thereof shall not include any portion of the amount paid for the improvement or reimp-rovement or the repair of intersections of any avenue, boulevard, street, road or alley, unless the work be done and the assessment therefor and payment thereof be made as is provided for in (c) and (g) of this section.

(c) Provided, That whenever the council shall deem it expedient it may order and cause any work to be done, and any improvement or reimprovement and repair to be made, as is set out in (a) of this section, and in addition to the assessments provided for in (a) of this section, the council may assess proportionately the property abutting and abounding on such improvement, or reimprovement, with the total cost of the same, which cost may include the cost of all grading, regrading, curbing, recurbing, paving, repaving, surfacing, resurfacing, macadamizing, remacadamizing, engineering, abstracting of all property to be assessed or acquired by purchase or condemnation, installing drains and sewers, the building and construction of retaining walls and culverts, and everything necessary for the successful completion of said work of improvement or reimprovement. If the council shall order such improvement or reimprovement to be made under this clause of this section, they shall first adopt an ordinance or resolution setting forth the work and the improvement or improvements proposed to be done, and adopt plans and specifications for the same, which are to be filed in the city engineer's office, and set out therein the extent of said improvement or reimprovement and the manner of paying for the same; which ordinance or resolution shall be published once a week for two successive weeks in two newspapers of opposite politics, published and of general circulation in said city. The published notice of said ordinance or resolution shall be sufficient, if it contain the title of the same, with a statement of the purpose of the ordinance or resolution, setting out between what points the improvements or reimprovements are proposed to be made, and the adoption of the plans and specifications therefor, which are on file in the city clerk's office, and the method under which the assessments are to be levied and the payment therefor made, and...
further, the time at which objections or protests thereto may be made, which time shall be at least two weeks from the date of the first publication of the same. Objections and protests may be made against the proposed improvement or reimprovement, or repairs, by the owners of the property against which said assessments will be levied, by reason of the said improvements or reimprovements, or repairs, and if, at or before such time set out in said published notice, the bona fide owners of more than three-fifths in lineal feet of the property abutting on said improvement or reimprovement, shall file, separately or jointly, their written protest under oath, setting forth that they are the owners of the said property, and their reasons for their objections to said improvement or reimprovement, with the city clerk, or the council, at any regular or special meeting of the same. When any such protest may have been filed, the council at its next regular meeting, or at a special meeting called for that purpose, shall hear such protest and shall adjudicate their determination of said objection, and if it appears that three-fifths in lineal feet of the bona fide owners of the abutting or abounding owners of the abutting or abounding property, object to said improvement or reimprovement, and have complied with all the provisions hereof, then the council shall proceed no further hereunder, and shall order said improvement or reimprovement discontinued, and shall enter an order to that effect upon the records of said city. If the owners of more than three-fifths of the said property abutting or abounding upon said improvement or reimprovement do not file any objection or protest, as herein provided for, then the council may immediately, by ordinance or resolution, order and direct said work to be proceeded with and the assessments levied against said property to be assessed therewith in the manner as herein set out. All objections and protests to said improvements or reimprovements shall be deemed waived, unless presented at the time and in the manner herein specified.

(d) The council on behalf of the city itself, after any improvement or reimprovement, or repair, is finally ordered to be done or made, in the manner and form provided for in this act, may, at its election, do such work and make such improvement or reimprovement, or repairs, and assess the
costs thereof and collect the same in the manner set out in this act, and the decision of the council to do such work or to make such improvement or reimprovement, or repairs, may be without further notice, other than notice to contractors as provided for in (h) of this section, or after the rejection of all bids for doing the same.

(e) The costs of grading, regrading, curbing, recurbing, paving, repaving, surfacing, resurfacing, macadamizing, remacadamizing, or otherwise improving or reimproving, or repairing the intersections, or portions or intersections, of any or all avenues, boulevards, streets, roads, or alleys, and the plans adopted for said improvement or reimprovement for such work, shall be paid by the city, except as otherwise provided in this act.

(f) If any such avenue, boulevard, street, road or alley be occupied by street car tracks, or other railroad tracks, the cost of said improvement, or reimprovement, or repairs, between the rails and two additional feet outside of each rail, shall be assessed, and the amount of said assessment shall be borne and paid by the person or company owning or operating such street car or other railway line. In case any person or company is the owner of such street car line, or other railway line, abutting or abounding on said improvement, or reimprovement either in fee, or by grant of easement, the said person or company owning or operating same, is liable for assessment the same as any other property owner.

(g) The council, if they so elect, may order and cause any avenue, boulevard, street, road or alley, including the intersections thereof, public parks, parkways, or public places to be widened, graded, regraded, curbed, recurbed, paved, surfaced, resurfaced, macadamized, remacadamized, repaired, or otherwise improved, including the construction of retaining walls, culverts, sewers, drains, water pipes, water mains or water courses, in connection therewith, and may purchase and condemn land as provided in this act, for any public avenue, boulevard, street, road or alley, or part thereof, or park or parkway, or for any other public purposes, and the council may assess all or any part of the entire cost of such improvement or reimprovement or the repair thereof, and the costs of the purchase or condemnation of land necessary therefor, against the abutting, adjacent, con-
162 contiguous, and other lots or lands especially benefited by such
163 improvement or reimprovement. The council, when they
164 decide to order the improvement or reimprovement under this
165 provision, shall first adopt an ordinance or resolution setting
166 forth the work and improvement or reimprovement proposed
167 to be done and that plans and specifications for the same had
168 been duly adopted and filed in the city engineer's office, the
169 extent of said improvement or reimprovement and the
170 manner of paying for the same, and the approximate amount
171 of the total cost of the same, and the said resolution or
172 ordinance shall fix the approximate amount of the special
173 benefit to be derived from said improvement or reimproven-
174 ment, and the names of the owners of said lots or lands so
175 specially benefited shall be set up therein of each of the
176 abutting, adjacent, and contiguous, and other specially
177 benefited lots or lands to be assessed, with the cost of said
178 improvement or reimprovement, together with the approxi-
179 mate amount of the assessment for each lot or tract of land
180 therein, and the council, in fixing the amount of said assess-
181 ment for said improvement or reimprovement, shall not assess
182 the same with a greater amount than twenty-five per cent of
183 the assessed value of said lots or lands as fixed by the
184 assessor for the last taxable year for state and county pur-
185 poses. Said ordinance or resolution shall be published once
186 a week for two consecutive weeks in two newspapers of
187 opposite politics, published and of general circulation in said
188 city, in which publication a time shall be fixed of at least
189 two weeks from the date of the first publication thereof. in
190 which objections and protests may be made against the pro-
191 posed improvement or reimprovement, and the approximate
192 cost of the same, and against the approximate amount of the
193 assessment proposed to be levied therefor by the bona fide
194 owners of the property against which said assessment will be
195 levied, by reason of said improvement or reimprovement. The
196 said property owner or owners so objecting and protesting,
197 shall file separately or jointly, their written protests and
198 objections under oath setting forth that they are the bona
199 fide owners of said property and their reasons for their
200 objections and protests to the said improvement or reim-
201 provement. Said objections and protests may be filed with
202 the city clerk or the council at any regular or special meeting
203 of the same, and when said objections and protests are so filed, the council at regular meeting, or at a special meeting called for that purpose, hear such objections and protests and shall adjudicate and determine the same. In case said objections and protests are overruled, the said parties, objecting and protesting shall have the right within thirty days from the action of the said council in overruling the same, to proceed by writ of certiorari to the circuit court of Cabell county, or Wayne county, depending on the location of said real estate, as is provided by section two, article three, chapter fifty-three of the code of West Virginia, one thousand nine hundred thirty-one, and during the time given therefor, and after the same has been so filed in said court, and until the same has been finally determined therein, no further procedure under such ordinance or resolution shall be had.

(h) Whenever any work of improvement or reimprovement, or repair, has been ordered constructed, as contemplated hereunder, a notice for bids or proposals for doing the same shall be published for at least two consecutive weeks in two newspapers of opposite politics, published and of general circulation in said city. The notice shall state, briefly, the work contemplated; it shall refer to the plans and specifications for the same and their adoption, which are filed in the city engineer's office, and when and where and how the bids or proposals shall be made and the amount of the surety bond or certified check which is necessary to accompany each bid or proposal, and shall state that the city shall have the right to award said contract upon said bids or proposals to the lowest responsible bidder, and that the city shall also have the right to reject any and all bids and, whether stated in said notice or not, the city shall have the right to reject any and all bids for the said improvement or reimprovement. The city, in awarding said contract, shall consider the fitness, responsibility and capacity of the contractor to perform the work.

(i) The cost of said grading, regrading, curbing, re-curbing, paving, repaving, surfacing, resurfacing, macadamizing, remacadamizing, or any improvement or reimprovement, may be paid for in one of two ways provided for in this
243 act, and said method of payment shall be specified in the
244 ordinance or resolution authorizing the same.
245 (j) If the abutting land on any such avenue, boulevard,
246 street, road, or alley, sought to be improved or reimproved,
247 under any of the methods herein prescribed, is not laid off
248 into lots or subdivided by a map of record, the council may,
249 for the purpose of making the assessments provided for
250 herein, and in other sections hereof, lay said land and lots of
251 land off into lots of such width and depths as it may deem
252 advisable for the purpose of laying the proper assessment
253 for said improvement, or reimprovements, and such assess-
254 ment map shall be adopted by the council and placed of
255 record in the county clerk’s office in the county wherein the
256 improvement is made.

Sec. 44. (a) The council may contract, or the city, if the
2 council may so elect, may do the work of improvement, reim-
3 prove, or repair, itself, as set out in section forty-three,
4 and shall have the power to acquire land by purchase, con-
5 demnation, or otherwise, for the same, as aforesaid, and the
6 council may stipulate that the costs thereof, either in whole or
7 in part, shall be paid by the abutting and bounding property

And all objections and protests to said construction of sewer or sewers, and the assessments therefor, shall be deemed waived unless protested at the time, and in the manner herein specified. It shall be the duty of the city clerk to certify to the clerk of the county court of either Wayne or Cabell county, wherein said sewer or sewers have been laid, a certified copy of said assessment roll, and the clerk of said county court of the respective counties shall record and index the same in the proper trust deed books, in the name of each person against whose property assessments appear therein, and said assessments liens, when so recorded, shall be continuing tax liens upon the lots or ground against which the assessments are made until the certificates, as aforesaid, are paid, except as hereinafter provided in this act, and the same shall have priority over all other liens except county, state and municipal taxes, and shall be of equal dignity and on a parity with other assessments for public improvements made under this act. Any property owner shall have the right to pay the whole amount of any such assessment against his property as soon as the same shall have been ascertained, but before the day on which the city clerk files such assessment of record in the county clerk’s office, and such payment shall be made to the city clerk who shall give proper receipt therefor, and such assessment, so paid, shall not be included in the certified assessment roll to be recorded in the office of the clerk of the county court, as set out herein, and the amount so paid to the
clerk shall forthwith be paid to the contractor or other person entitled thereto, which shall operate as a full discharge of the amount of such indebtedness, and in full satisfaction of the lien of said assessment on such property.

(g) The city, in case it negotiates and sells such certificates to the contractor, or any other person, shall not be held as a guarantor of or in any way liable for payment thereof, except upon the direct action of the council as expressed by resolution of record: Provided, however, That the city of Huntington shall be liable to the contractor performing said contract for the constructing of said sewer or sewers, in case the assessment certificate appears to be erroneous either as to the person and property assessed or as to the amount thereof, unless it issue and deliver to the contractor or other person entitled thereto, a properly corrected and valid assessment certificate as hereinafter provided for.

(h) Whenever any assessment shall be void or voidable by reason of errors, irregularities, or defects in the proceedings under which such sewer or sewers shall have been constructed, or in case such assessment shall have been made against the wrong person or property, it shall be the duty of the council within two years after any court shall have declared such assessment invalid, or within two years after such error has been discovered by the owner and holder of said certificates, to cause notice to be given to any person against whom the cost of such improvement might properly have been assessed under this act, of its intention to lay such assessment against him, and fix a time and place at which he may appear and show cause, if any, why such assessment should not be made. Said notice shall be published as provided in this act, (or in any other manner provided by law for an order of publication, if the person is a nonresident of the city, or cannot be found), or by service of such notice upon such person giving him a reasonable time in which to appear before said council; at the time and place fixed for a hearing upon the notice afore-said, the council shall proceed to lay and levy an assessment for the cost of the construction of such sewer or sewers in such manner as would have been lawful under proper procedure at the time said sewer or sewers were constructed, unless the person so notified shall show good cause why the same should not be laid, and no further notice of such assessment shall
be necessary. The assessment so laid shall be a lien in the hands of the owner and holder thereof upon the lands, lots, or parts thereof, so assessed, and shall also be a debt against the owner of such real estate, and shall be recorded in the same manner as herein provided, and may be collected and enforced in the same manner as herein provided.

fized thereby. Said bonds may be in such amount as shall be
sufficient to pay the entire costs and expenses of said im-
provements for which such special assessments are to be
levied; and said city is authorized to sell said bonds, but not
below the par value thereof. The amount for which said
bonds are to be issued, may be made of five bonds, payable
in two, four, six, eight and ten years, respectively, from the
date of their issue, and shall bear interest not to exceed six
per centum per annum, payable annually; or may be of four
bonds, payable in one, two, three and four years, respectively,
from the date of their issue, and shall bear interest not to
exceed six per centum per annum, payable annually, and the
date of said bonds, when issued, shall conform, as nearly as
can be, to the date of the assessments laid against the real
estate for the purpose of procuring revenue for the retire-
ment of said bonds: Provided, That the city shall have the
right to redeem and pay off at any interest paying period, all,
or any part of said undue bond provided for in this section.
In the issuance and sale of said bonds, the said city shall be
governed by the restrictions and limitations of the constitu-
tion of this state and of the laws of this state relating to the
issuance and sale of bonds, so far as such state laws are not in
conflict with the provisions of this act; and the assessments,
as provided for and required to be paid herein. shall be
applied to the liquidation of said bonds and the interest there-
on, and if, by reason of the penalties collected upon the de-
linquent assessments as they are paid, there be any balance,
after the payment of the bonds and all accrued interests and
costs thereon, it shall be the duty of the city treasurer to
pay said balance into the interest and sinking fund of said
city.

(b) Said city shall not, by any bond issue, become indebted
to an amount, including all other indebtedness, exceeding
two and one half per centum of the value of the taxable
property therein, as shown by the last assessment thereof,
for state and county purposes, next prior to the issuing of
said bonds, except for the purpose of grading, paving, sewer-
ing and otherwise permanently improving and reimproving
its avenues, boulevards, streets, roads, or alleys, and for the
purpose of constructing sewers and a sewerage system, as
defined herein, and for acquiring and taking land, rights-of-
way, or easements, therein, for street sewerage and park purposes, as provided for in this act, may become indebted and issue bonds in an additional sum not exceeding two and one-half per centum of the value of the taxable property therein, ascertained as aforesaid, and which is provided by section three, article one, chapter thirteen of the code of West Virginia, one thousand nine hundred thirty-one. For the purpose in estimating existing indebtedness, special assessment bonds heretofore issued or hereinafter issued, representing the cost of paving or other improvements of avenues, boulevards, streets, roads, or alleys, or the constructing of sewers and for the purpose of acquiring parks, parkways and park property, or acquiring or taking land for such purposes, and the cost of which is assessed against the abutting property, the abutting or bounding property, or abutting, adjacent, contiguous or other lots of land especially benefited thereby, shall not be included; and likewise the amount in any sinking fund, or the amount invested therefor, as provided by law, for the payment of outstanding bonds, shall not be included in the estimate of existing indebtedness: Provided, That the aggregate of the city’s debt of every kind whatsoever, including such special street and permanent improvement bonds or sewer bonds, shall not exceed five per centum of the value of the taxable property therein.

(c) Whenever any such work of improvement or reimprovement of any avenue, boulevard, street, road or alley, or the construction of any sewer or sewers, as contemplated and defined under this act, is ordered done by the council, the same shall be done and the assessments levied and collected, for the retirement of the bonds issued hereunder, under the same conditions and according to the same provisions of section forty-three (for street improvements, etc.) or under section forty-five (for the construction of sewers, etc.) respectively, insofar as the several provisions thereof are not in conflict herewith, and in addition to the method of enforcing and collecting said assessments for the retirement of said bonds as set out herein, the same may be collected and enforced in the manner hereinafter set out.

(d) It shall be the duty of the council, after the completion and acceptance of said work, to immediately certify
107 such assessments to the city treasurer for collection, and he
108 shall be charged with the number and amounts thereof, and
109 he shall proceed to collect the same, and as such certificates
110 and coupons are paid, he shall deliver the canceled certificates
111 and coupons to the party paying the same, and when the
112 entire amount of said assessment lien has been paid, together
113 with any interest, or other penalties due thereon, the said
114 treasurer shall deliver to the party paying the same, a proper
115 release of said lien, which may be recorded in the office of the
116 clerk of the county court in the county wherein said work
117 was performed, as other releases of liens are recorded.
118 (e) The amount so assessed against said lots or parcels of
119 land and the owners thereof, respectively, if assessed for the
120 liquidation of the five bonds payable in two, four, six, eight
121 and ten years, respectively, after date, that is to say, one-
122 tenth of said amount, together with interest on the whole
123 assessment for one year, shall be paid into the treasury of the
124 city before the first day of the following January, and a like
125 one-tenth part, together with interest for one year on the
126 whole amount remaining unpaid, shall be paid before the first
127 day of January of each succeeding year thereafter, until all
128 shall have been paid, and the amount so assessed against said
129 lots and owners thereof, respectively, if for the liquidation of
130 the four bonds payable in one, two, three, and four years,
131 respectively, after date, shall be paid in five payments as
132 follows: That is to say, one-fifth of said amount, with
133 interest, shall be paid in thirty days from date thereof; and
134 one-fifth of said amount, together with interest on the whole
135 of the unpaid assessment, shall be paid into the treasury of
136 the city before one year from the date thereof; and a like
137 one-fifth part, together with interest on the whole amount
138 remaining unpaid, before two years from the date thereof,
139 and a like amount in each succeeding year thereafter, until
140 all shall have been paid. All of said installments shall bear
141 interest at six per cent per annum, payable annually on the
142 due dates thereof, from the date thereof: Provided, however,
143 That the owner of said lot or part of land so assessed for the
144 cost of any of the permanent improvements herein mentioned,
145 shall have the right at any time to anticipate and pay the
146 whole of such undue assessment and interest thereon, until
147 the day on which the next undue assessment shall become
due, and have the lien against the property so assessed re-
leased as herein provided.

(f) If any assessment shall not be paid when due, then a
penalty of four per centum per annum shall be added and
collected on the amount of such assessment after it is due,
until its payment, and such four per centum penalty shall be
in addition to the six per centum interest which the assess-
ment carries, and shall be a lien the same as the assessment,
and the council shall cause to be enforced the payment of
said assessment and interest and penalty in all respects as
herein provided for the collection of taxes due the city; and
said assessments shall be a lien upon the property liable
therefor the same as taxes, and shall be a personal obligation
of the owner of said lot or part of land, which lien may be
enforced in the same manner as provided for the sale of prop-
erty for the payment of delinquent taxes and tax liens; and
the liens herein provided for shall have priority over all other
liens, except those for county, state and municipal taxes, and
shall be on a parity and of equal dignity with assessments
for public improvements as called for and set out in this act.

(g) The contractor (if the work is let to contract) under
this plan for the payment of the cost of such improvement or
reimprovement of avenues, boulevards, streets, roads and
alleys and the construction of sewer or sewerage system, etc.,
shall look only to the city for the payment for such work,
and in no sense to the abutting land owners.

Sec. 48. (a) Whenever the council of the city of Hunt-
ington, shall deem it expedient, it may order and cause any
avenue, boulevard, street, road, park or parkways to be im-

monolites, standard arm lights, or other proper lighting
system, for the purpose of improving, embellishing, ornament-
ing and lighting the same in accordance with plans and speci-
fications adopted therefor, and on file in the city engineer's
office, and under such manner and supervision as may be
directed by ordinance or resolution, upon the lowest re-
sponsible bid to be obtained by advertising for bids or pro-
posals therefor, except the city may do such work without
letting it to contract, as provided for in this act under section
forty-four relative to street improvement or reimprovement
for paving, etc. The entire cost, or any part thereof, of such
16 improvement or re-improvement by said lighting system, as
17 provided for in the ordinance or resolution authorizing
18 the same, may be assessed and required to be paid by the
19 owner or owners of the lands, lots or fractional parts thereof,
20 fronting or bounding on said improvement or re-improvement
21 of said lighting system: Provided, however, That the upkeep
22 and maintenance of the same, and the cost of supplying elec-
23 trical current for the operation thereof, shall be paid for by
24 the city of Huntington.

(b) Whenever any such work of improvement or re-im-
26 provement by a lighting system, is contemplated hereunder, is
27 ordered done by the council, the same shall be done and the
28 assessments levied and collected therefor under the same con-
29 ditions and in accordance to the same provisions as set out in
30 section forty-three and section forty-four (for street improve-
31 ments, etc.) insofar as the several provisions thereof are not
32 in conflict herewith.

Sec. 49. (a) The release of any assessment lien for the im-
2 prove ment or re-improvement of any avenue, boulevard,
3 street, road, or alley, or for the construction of any sewer or
4 sewerage system, or for monolite, or other lighting system,
5 or other permanent improvement or re-improvement, autho-
6 rized by this act, shall be made in addition to the provisions
7 for a release of the same as herein set out, in the following
8 manner: On the presentation by the land or lot owner of any
9 assessment certificate issued as aforesaid against him, or his
10 predecessor in title to said lot, the clerk of the county court
11 shall mark upon the margin of the trust deed book at which
12 said assessment is recorded, that the lien is released to the
13 land or lot mentioned in such assessment certificate to the
14 extent of the amount and number of the coupons of said
15 assessment certificate thus exhibited; and the county clerk
16 shall thereupon write across the face of each of said coupons
17 of said assessment certificate the date of their production to
18 him for the release of said assessment lien, and shall sign his
19 name thereto in his official capacity, for which shall be paid
20 to the county clerk a fee of twenty-five cents; but if more
21 than one of the said coupons of the same certificate number
22 against the land or lot or lots shall be produced at the same
23 time, the fee of the county clerk shall not exceed twenty-five
24 cents for the release of the lien as to all of the coupons and
25 certificates thus produced and relating to the same real
26 estate.
27 (b) It is further provided that the owner of any lot or
28 land against which any assessment certificate is an unre-
29 leased lien of record, shall make and produce to the county
30 clerk, or some person for such owner shall make and produce,
31 an affidavit setting out herein that such coupons and certi-
32 ficate has been paid in full, and after diligent search, cannot
33 be found, said county clerk shall, upon the payment of a fee
34 of twenty-five cents, file and preserve said affidavit as a
35 public document and shall forthwith noting release of said
36 lien to the extent of said coupons and certificate exhibited
37 to the county clerk, mark upon the margin of the trust deed
38 book as aforesaid, opposite the lots or land against which
39 same are a lien, the noting of the filing of said affidavit, and
40 the same shall operate as a release of such lien to the extent
41 of said marginal notation. If the affidavit so filed be false,
42 the person making oath and subscribing thereto, shall be
43 guilty of a felony, and, upon conviction thereof shall be fined
44 not to exceed five hundred dollars, or sentenced to be con-
45 fined in the penitentiary for a term of not more than one
46 year, or both, in the discretion of the court passing sentence.
47 (c) Any assessment lien created under this act and for
48 which an assessment certificate has been issued in pursuance
49 of the provisions of this act, shall not be a lien against the
50 lot or land or fractional part thereof against which said
51 assessment has been levied, for a longer period than one year
52 after the last installment of said assessment certificate shall
53 have become due and payable, and the personal liability of the
54 property owner assessed with said assessment, shall not
55 extend for a longer period than five years after the date of
56 the last installment thereof shall have become due and pay-
57 able: Provided, however, That said lien against said property
58 shall be barred within the aforesaid time, unless some suit or
59 action at the termination of said one year period shall be
60 pending for the enforcement of such lien, or unless the
61 amount of the aforesaid lien or some part thereof, is in some
62 way involved in a suit or action pending at the end of the
63 said one year period.
64 (d) Any assessment lien created under this act and
65 according to the provisions hereof, and the assessment roll
66 for said work of improvement, for either the construction of
paving, sewers or sewerage system, monolite or lighting systems, shall be recorded in the county wherein said work has been done; that is to say, either in Cabell or Wayne county, respectively, as provided for in this act.

(e) All assessment certificates which may be issued under the provisions of this act, shall be made payable at the office of the treasurer of the city of Huntington, who shall receive payments thereon when due, if tendered to him, and interest thereon from the date of such payments when made to the said city treasurer, shall cease. The treasurer shall keep a separate and special record and bank account of all said sums of money received by him and he shall hold the said money in trust for the person who thereafter delivers to him for cancellation, any and all certificates, or the coupons thereof, on which said treasurer has received full payment as aforesaid, and the owner and holder of said assessment certificate or coupons, shall not be entitled to interest on said sum after the date of payment thereof to the treasurer. The said treasurer shall keep a record by number, amount and date, of all assessment certificates delivered to any contractor who is entitled thereto under the provisions of this act. When the whole amount of any such assessment lien shall have been paid to the treasurer as aforesaid, or upon satisfactory proof to the city treasurer that all of said assessment certificate and the coupons thereto, have been paid in full, against any lot or fractional part thereof, said city treasurer shall, when demanded by the bona fide owner thereof, or the person obligated therefor, execute a release of said lien in the manner herein provided for.

Sec. 50. (a) The council of the city of Huntington is hereby authorized to refund by reissuing paving assessment certificates issued under authority of this act, subject only to the limitations prescribed in this act.

coupons have matured on any such paving assessment certificate so issued, and the same remained unpaid, and are not barred by the statute of limitations provided for in this act, the said council is empowered to and may enter into a written agreement, on behalf of the city of Huntington, with the owner or owners of such paving assessment certificates, and the principal and interest coupons thereof, of the entire series on any project for which the same had been issued, for said improvement or re-improvement, and provide in such agreement for the cancellation of the original certificates and the coupons thereto attached of such group or series, together with the principal and interest coupons thereof, issued for said improvement or re-improvement, and cause a refunding thereof by a reissuance thereof, subject to the provisions of this act. The presentation of said paving assessment certificates, together with the unpaid principal and interest coupons issued thereon, under the authority of this act, shall be prima facie evidence of the ownership thereof, and when so presented by such person, firm, or corporation, to the council, the said city and the owner and holder of said certificates and the coupons thereof attached, shall have the right to enter into a written contract to provide for the refunding of said paving assessment certificates by the reissue of refunding certificates therefor; and said contract shall provide that the refunding paving assessment certificates shall be payable solely from reassessments levied against the property for the payment of said original assessment certificates, in the district and along said avenue, boulevard, street, road or alley theretofore improved in said city, for which said paving assessment certificates and the principal and interest coupons were issued; and the said contract shall further provide that in no instance shall any reassessment be made or levied against any property in said district abutting upon said former improvement or re-improvement, which has here-tofore been paid in full, according to the terms of the original assessment levied therefor. Said contract shall further provide that all unmatured installments of paving assessment certificates issued to pay for such improvement or re-improvement heretofore issued, shall, until superseded by funding or refunding paving assessment certificates, as herein provided, but no longer, remain as liens against the property so
assessed, unless barred as provided for in this act. Such con-
tract shall expressly provide that the city of Huntington
shall in no event be liable for any loss or damage sustained
by the owner or holder of such paving assessment certificates
heretofore issued by reason of the refunding or reissuance
thereof, as authorized in this act, and the city of Hunting-
ton shall not be held as guarantor, or in any way liable for
said refunding or reissuance of paving assessment certificates,
except upon direct action of the council as expressed by
resolution of record, and as provided for in (g) of section
forty-four of this act. Such contract may contain such other
and suitable provisions as the parties thereto may agree
with reference to the cancellation of such outstanding paving
assessment certificates and the protection of the rights of the
owners of the property liable to pay the assessments which
have been matured.
70 (c) The contract providing for the refunding of said pav-
ing assessment certificates shall be authorized only when the
owner or owners of all the unpaid assessment certificates and

and group and issued for the same improvement or reim-
provement, whether all or a part of the same be due or not,
or whether all or any coupon thereof shall be in default of
payment, join in such an agreement or contract.
78 (d) When the contract heretofore provided for by (b)
of this section shall be entered into between the contracting
parties, an ordinance or resolution shall be enacted or passed,
ratifying the same.
82 (e) Upon the adoption of said ordinance or the passage
of said resolution, the owner or owners of such unpaid assess-

together with the unpaid coupons thereof, with the city
treasurer to be retained until such time as the refunding
paving assessment certificates are to be exchanged for such
paving assessment certificates heretofore issued, or such pav-
ing assessment certificates with said coupons may be deposited
in any duly incorporated bank or trust company in the city
of Huntington, as may be designated by the contract between
the city and such certificate owner or owners, to be retained
by such depository until exchanged for such refunding paving
assessment certificates.
Whenever the council has entered into a contract for refunding of paving assessment certificates and such series of the same date and group heretofore issued for the cost of any such improvement has fully matured, and the same, or any part thereof, remain unpaid, and has passed the ordinance or adopted the resolution provided for in (d) of this section, it shall be the duty of the council to cause the city treasurer to submit a complete statement, duly verified, from the owners or holders of said paving assessment certificates, showing the number of each certificate, the principal and interest coupons which are unpaid, and the total indebtedness due, according to the terms and tenor of said matured and unpaid coupons, which statement shall likewise show the several assessments remaining due and unpaid, and the year in which the same are due, together with the interest thereon; and the city treasurer shall likewise submit, at the same time, a statement setting forth the amount of the reassessments, which shall include the total amount of the unpaid assessments, with interest to date of the passage of the ordinance, or adoption of the resolution prescribed in (d) of this section, and there may be included in such reassessments the additional costs of the proceedings pro rated among the lots or tracts of land so to be assessed, unless otherwise provided, and which statement shall further contain the names of the owners of said property and a description of said property liable for the payment of such refunding assessment certificates, which statement shall be examined by the council and if found to be correct, shall be approved. Upon the approval thereof, it shall be the duty of the council to enact an ordinance or adopt a resolution declaring the amounts of the indebtedness due from each of said property owners and the property assessed therefor, by reason of such matured and unpaid certificates and the coupons thereto attached, and the amounts so found due, together with the aforesaid costs, shall be declared to be the basis of a reassessment, against the property liable to be assessed, to pay the costs and the assessments of such refunding certificates. The said ordinance, or resolution, shall further recite the date of the passage of the ordinance, or resolution, authorizing such work or improvement, the date of the assessments and the trust deed book and page number where the assessments are
136 recorded in either of the county court clerk’s office of Cabell
137 county or the county court clerk’s office of Wayne county,
138 depending in which county the real estate is located, and
139 shall further declare the determination of the council to
140 cause such paving assessment certificates to be refunded and
141 to levy reassessments and issue refunding paving assessment
142 certificates in the several amounts necessary to pay such re-
143 funding certificates against the several owners of the lots,
144 pieces or parcels of land liable for the costs of the improve-
145 ment for which said paving assessment certificates are so
146 refunded. Said resolution or ordinance shall likewise recite
147 that a full and complete statement, duly approved, showing
148 the amounts of the various outstanding paving assessment
149 certificates and interest thereon, together with the delinquent
150 assessments for principal and interest installment coupons,
151 together with the owners and the property liable for the pay-
152 ment of said refunding certificates and the amounts to be
153 reassessed is on file in the office of the city clerk. Such
154 resolution or ordinance shall be published at least once a week
155 for two successive weeks in two newspapers of general circu-
156 lation and of opposite politics published in the city. Any
157 person, firm, or corporation interested or liable shall have the
158 right to file written protests with the city clerk or the council
159 against the amount chargeable in such statement within two
160 weeks from the date of the first publication of said ordinance
161 or resolution, and failure to file such written protests or
162 objections shall be deemed and considered a waiver of any
163 right which such person, firm or corporation may have or
164 claim. When any such protest may have been filed the
165 council shall, at its next regular meeting, or at a special
166 meeting called for that purpose, hear such protest and shall
167 adjudicate and determine the said objection and shall make
168 such order as may seem proper, and said council may revise
169 and correct the amount of such unpaid or unmatured assess-
170 ments, and raise or lower the same as to any lot or lots or
171 tracts of land, as it shall deem just, but shall assess no greater
172 amount against any lot or lots, or tracts of land, than the
173 amount then delinquent or remaining unpaid, save and
174 except the necessary costs of this proceeding may be added
175 thereto as set out in (f) and said council shall then confirm
176 the same as so revised or corrected by them: Provided, how-
That no objection to the legality of the proceedings
with reference to the making of the improvement or the
validity of the amount of any assessment originally made
shall be considered by the council, and all other objections
to any reassessment shall be deemed waived, unless presented
at the time and in the manner specified.

(g) In all such cases where the council shall undertake
to refund paving assessment certificates of the same date
and group which have not matured and which contain un-
matured installment assessment coupons, the owner of the
property liable to pay the costs of such unmaturated assess-
ments shall have the right to pay the same, up to the time
the council passed the ordinance or resolution providing for
the refunding of said paving assessment certificates as pro-
vided for in (d) of this act; and shall likewise have the right
to continue to pay the several installments of the assess-
ments as the same mature without regard to the refunding
of the said outstanding series of the same date and group;
however, said owner of said real estate against which install-
ment assessments remain unpaid may elect, by notice to the
council, to exercise such right or rights to any time prior to
the passage of the ordinance or resolution hereinafter pro-
vided for levying the assessments and to pay such refund-
ing paving assessment certificates as provided for herein.

Upon failure to exercise such election and privilege, the
council shall make reassessments against the property in said
improvement district with like force and effect as if the said
installments and assessments had matured.

(h) The council shall, by ordinance or resolution, levy
evaluations in accordance with said apportionment as corrected
and confirmed by the council, and said ordinance or resolu-
tion shall provide that the proper owners shall have the
privilege of paying the amounts of their respective assess-
ments with interest at six per cent within thirty days from
the date of the publication of said ordinance or resolution.
between but before the day on which the said assessments are entered
of record, and such payments shall be made to the city clerk,
who shall give proper receipts therefor, and such assessments
so paid shall not be entered in the report to be recorded and
said clerk shall pay said amount to the owner of said certifi-
cate. Said ordinance or resolution, setting out the names of
the property owners and a description of the property so reassessed with the amount of the reassessments thereof, shall be published once a week for two successive weeks in two newspapers of opposite politics published in said city. The amounts in said refunding assessment certificates, together with interest, shall be a lien of the holder thereof upon the lands, lots or parts thereof, so assessed, and shall also be a debt against the owner of such real estate, and said amount shall bear interest from the date of said reassessment certificate payable on the due dates of each principal installment coupon, and said interest installment coupon shall bear interest from the due dates thereof, and said lien shall be a continuing tax lien prior to all other liens, save county, state and municipal taxes, and shall be on a parity and coequal with special assessment liens issued under this act. In case any installment of principal or interest is not paid when due, and such default continue for a period of sixty days from the date the same became due and payable, then the owner and holder of said certificate shall have the right to declare the total amount of said certificate and the coupons thereon, together with interest due thereon, due and payable, without further notice or demand, and may institute suit thereon to collect the whole or any part of the same, either against the owner of said real estate for a personal judgment, or to subject the land assessed therewith to the payment of the whole or any part of said assessment; and the payment of said assessment certificate may be enforced in any other manner as provided by law for the collection of debts, or the lien of such assessment certificate may be enforced in the name of the holder of such assessment certificate in the same manner provided by law for the enforcement of other liens against real estate: Provided, however, That the same shall not remain as a lien upon said lot or lots, or tracts of land for a longer period than one year after the last principal coupon on said assessment certificate shall have become due and payable, unless some suit or action at the termination of said one year period, shall be pending for the enforcement of such lien, or unless the amount of said lien, or some part thereof, is involved in a suit or action pending at the ending of said one year period. The same shall not remain as a personal obligation of the property holder assessed there-
with after five years after the last principal coupon of said assessment certificate shall have become due and payable.

(i) Thirty days after the first publication of said assessment ordinance or resolution, the city clerk shall certify said assessments and record a copy of said roll assessment in the county clerk's office of either Cabell or Wayne county where in the original improvement or reimprovement was made and the same shall be recorded in the proper trust deed book and indexed in the names of the owners of the property so assessed. When said reassessments have been so made and the copy of said certificate of assessments thereof filed, as above directed, the county clerk shall mark as "cancelled", the records of said county in which the original assessments are recorded, insofar only as reassessments are made therefor and that have not formerly been released. The lien or liens of said reassessment may be released in the same manner and form as provided for original assessments in this act.

(j) The said assessments shall be evidenced by certificates issued therefor and dated as of the date of the first publication of the ordinance or resolution confirming said reassessment against each lot or tract of land, setting out the total amount of such assessment against the same, payable in ten equal annual installments and bearing interest at the rate not to exceed six per centum per annum payable on the due date of each principal installment. The first installment of both principal and interest shall become due and payable on the first day of May after the date of said certificate and the said installments of both principal and interest shall become due and payable on the first day of May of each succeeding May until the entire amount of said certificate, together with interest shall have been paid. If any installment of said assessment shall not be paid when due, then a penalty of four per centum per annum shall be added on the amount of each installment after it is due until its payment, and such four per centum penalty shall be in addition to the six per centum interest which the assessment carries and shall be a lien the same as the assessment. Said certificates shall be designated as "refunding paving assessment certificate", and shall be signed in person by the mayor and clerk of said city, or other person designated of record by the council. Said certificate shall bear coupons designated "principal installment coupon",
representing the respective amounts of the installments to be paid on the principal under the same, and which shall be due and payable on the dates provided for the payments of the installments in this section, and said certificate shall also bear coupons designated "interest coupon", representing the amounts of interest to be paid upon the assessment and which coupons shall be due and payable at the same time the principal installment coupons are due and payable. Both principal and interest installment coupons shall be signed by the mayor or clerk or other person so designated of record by the council, or bear a facsimile of the signature of said mayor or clerk. The said certificates issued hereunder shall recite that they are issued under the laws of the state of West Virginia, and that they are refunded in pursuance of this act, and shall further recite the date of the certificate theretofore issued. The refunding paving assessment certificates and the principal and interest installment coupons herein provided for may be made in the following form or of the same effect:

(k) Such refunding paving assessment certificate in such

amount as represents the unpaid assessments as provided for

in this act, shall be delivered to the owner or owners of such

original paving certificates, pursuant to the terms of the

contract provided for in this act: Provided, however, That

upon delivery of such refunding paving assessment certificates,

all original paving assessment certificates and heretofore de-

posited as in this act is provided, shall be cancelled and a

record of such cancellation so made by the city clerk.

(1) No suit shall be sustained to set aside any reassessment

or to enjoin the council of said city from levying any such

reassessments or issuing refunding paving assessment certifi-
cates or contesting the validity thereof on any grounds, or

for any reason other than for the failure of the council to

adopt and publish the ordinances or resolutions as provided

for herein, which are required herein to be published: Pro-
vided, however, That in the event any reassessment shall be

found to be invalid or insufficient in whole or in part, for any

reason whatsoever, the council may at any time in such manner

provided for herein, proceed to cause a new assessment to be
made and levied which shall be of like force and effect as an assessment provided for herein.

(m) This act shall not be construed to validate any void assessment heretofore made or any paving assessment certified heretofore issued, nor shall any proceeding hereunder operate to make bearing upon any property owner any previous invalidation, but every defense available against the original assessment shall be preserved to and be available against any issue of refunding paving assessment certificates issued hereunder.

Sec. 51. (a) If any section or portion of this act relating to any improvement or improvement of any avenue, boulevard, street, road or alley, by paving, etc., or relating to construction of sewers or sewerage system, or relating to improvement or re improvement by lighting with monolites, or other lighting system, or relating to assessment of the costs of the same, and the issuance of certificates or bonds therefor, as provided herein, and the collection thereof, or relating to the issuance of refunding of paving assessments, shall be held to be unconstitutional or void, by any court of competent jurisdiction, such holding shall not affect the remaining portions of this act, relating to the same subject and purposes, as set out in this act.

(b) All prior acts or portions of acts inconsistent with this act, relative to any improvement or improvement of any avenue, boulevard, street, road or alley by paving, etc., or relating to the construction of sewers or sewerage system, or relating to the improvement or re improvement by lighting with monolites, or other lighting system, or relating to the assessment of the cost of the same and the issuance of assessment certificate or bonds therefor or relating to the collection thereof, or relating to the issuance of refunding paving assessment certificates, as provided for in this act, shall be, and the same are hereby repealed: Provided, however, That by the passage of this act, nothing herein shall affect the validity of any contract heretofore entered into, or the cause of any such work heretofore performed, or the assessment of the collection of any assessment certificates heretofore issued or the rights of the owner and holders thereof, heretofore given, prior to the passage hereof, and the provisions of this act shall be effective only from the date of the passage hereof.
Sec. 52. The city shall create a board to be styled ‘‘the civil service board,’’ consisting of four members and the mayor, a member ex officio. The mayor shall preside at all meetings of the board, but shall have the right to vote only in case of a tie on any question arising before the board. The mayor shall appoint two members of the board from each of the dominant political parties of the city, and they shall be appointed and confirmed. In this manner, the mayor shall transmit to the council the names of the persons whom he appoints to the civil service board; and the council may, at its next regular meeting, or special meeting called for that purpose, or at any adjournment thereof for not more than five days, reject any or all of said appointments so made by the mayor by majority vote of the members of council present at such meeting. If any one of such appointees is rejected by the council, the action thereabout shall be transmitted to the mayor, who shall, without delay, transmit to the council the name of another person or persons, as the case may be, for such office, and action thereon by the council shall be in the same manner as in the first instance, and, if rejected, then the mayor shall transmit another name, or other names, for members of said board until the council shall not have, in the manner herein provided, rejected the person or persons so appointed by the mayor for said board. All such appointments by the mayor shall stand approved and as final, unless rejected by the council at the time and in the manner herein prescribed.

A member of the civil service board may be removed from office in the manner and for the causes provided for the removal of the mayor by section ten of this act. The term of office of the members of said board shall be the same as that for which the mayor was elected: Provided, That the members of the present civil service board shall hold their positions on said board until their successors shall have been named, in the manner herein provided, by the mayor elected at the general election in one thousand nine hundred thirty-four.

The duties of the civil service board shall be to examine and certify all applications for positions in the police department or fire department, except the chiefs thereof; to hear and determine all appeals made by members of either of those departments, who are under civil service; to hear evidence, summons witnesses and render judgments in all cases in which charges
42. have been preferred against any officer of either of those de-
43. partments; to make promotions of members of either of the
44. departments when it is deemed advisable for increased effi-
45. ciency; to make rules and regulations governing the actions
46. of the board and to keep the same in the records of its pro-
47. ceedings.

48. The civil service board shall hold meetings for the pur-
49. pose of examining and certifying the eligibles to the appoint-
50. ment of the police department and fire department, and to that
51. end shall give at least ten days public notice of the time, place
52. and purpose of such meetings. The board may be called into
53. special session by the mayor or by a majority of its members
54. for the purpose of disposing of any matters coming within its
55. purview. The board shall hold at least two meetings during
56. any calendar year, and as many more meetings as may be
57. necessary to meet the requirements for the efficient manage-
58. ment of its affairs.

59. The city clerk shall be ex officio clerk of said board.

60. Appointments to the police department and fire department
61. shall be made, by the civil service board, from the applicants
62. for said respective positions, which applicants, under civil
63. service examinations, receive an average grade of sixty or
64. more, giving preference to the applicant receiving the highest
65. grade and whose grade certificate is the oldest, and likewise
66. making such appointments so as not to give either of the
67. dominant political parties in the city, as nearly as may be,
68. more than one-half of the total number of men under civil
69. service in either department. The mayor shall appoint special
70. officers, if any, for either or both of said departments, from
71. the approved civil service lists for said departments, respec-
72. tively, keeping political division as hereinbefore set out;
73. provided no person shall serve, as a special officer, for more
74. than thirty days in any one calendar year. When the list
75. of names of applicants who are eligible as prescribed in this
76. section shall have been exhausted, or when either dominant
77. political party shall be entitled to appointment and there
78. shall be no member of such party eligible on the list, then
79. such appointment may be made from the list of persons who
80. may apply therefor, disregarding those applicants who stood
81. the civil service examination and received thereon a grade
82. below sixty.
Hereafter all appointments to the police department or the fire department shall be made for the term of five years, subject to suspension and dismissal as provided herein; and at the expiration of said five-year term, the officer may be re-enlisted for another term of five years, upon the recommendation of the mayor and approval by the civil service board, by a majority vote; and so on and in like manner every five years.

All persons now under civil service in either of said departments shall have advantage of civil service and shall continue in office unless removed for cause and in the manner provided in this section.

Policemen and firemen now in office, and those hereafter appointed, shall obey all the rules and regulations promulgated by the mayor for the organization and operation of the respective departments which, when posted at the headquarters of the respective departments, shall be notice thereof. Any violation of said rules by any member of the departments shall be sufficient cause for his suspension or dismissal in the manner provided in this section.

The mayor, or chief of either the police department or fire department by and with the mayor’s consent, may, as a matter of discipline, suspend, without pay, for a period of not exceeding thirty days, any officer or member of either of those departments, for just cause, by giving such officer or member written notice of such suspension, defining the cause or causes therefor. Such suspended officer or member shall have the right, within ten days, but not later, to appeal to the civil service board, if he deems such suspension unjust. If such accused officer or member, upon a hearing before the civil service board, is found not guilty, then he shall immediately report for duty, and he shall be paid for the time lost by his suspension. The mayor may, upon evidence of reasonable cause therefor, dismiss any member of the police department or fire department, by giving written notice to such person, clearly defining the charges preferred against him, and fixing a time, not later than ten days from that time, on which such member may appear for trial before the civil service board; and should the board, upon trial, find him guilty of the charges preferred, the dismissal by the mayor shall stand affirmed, without pay from the time of his dis-
missal by the mayor. But if such person shall be acquitted of the charges preferred by the mayor, he shall be reinstated to his position and shall be paid for the time lost by him because of his dismissal by the mayor. The action of the civil service board thereabout, in either of the event of suspension or dismissal by the mayor or the board as aforesaid, shall be final, and no appeal therefrom shall lie.

The civil service board may make reasonable rules governing the conduct of all persons while on duty and off duty, who are under civil service, in addition to the rules promulgated by the mayor; and the violation of such rules may be cause for suspension or dismissal as provided in this section; but causes for suspension or dismissal, as herein provided, is not limited to the violation of said rules promulgated by the board.

In making examinations and determining the fitness and qualifications for positions the civil service board shall take into consideration the size, health, physical appearance, habits and moral surroundings of the applicant; and after such examinations the board shall at once place on record in the minutes of the civil service board the result of such examination, giving the names of the applicants, positions sought by them, and their respective percentages based on one hundred, and stating the political party, if any, to which the applicant holds allegiance.

Sec. 53. In letting contracts for paving, sewering and other public work for the city, the council may make it a part of the contract that the contractor procuring such work shall be required to employ laborers on the work who reside in the city of Huntington: Provided, That efficient labor is procurable in the city at the customary scale of wages in said city for like work.

Sec. 54. The council may adopt, by ordinance, a code of laws and ordinances, which when adopted shall be printed in book form, or it may be adopted as a whole after it is printed, and said code shall be the law and ordinances of said city, and shall be received as such in all the courts of this state, and the laws, ordinances, franchises, and rules, when printed therein shall be prima facie proof of their correctness.

Sec. 55. Whenever any notice is required to be given, or any summons, warrant or other process is required to be
3 served or otherwise executed, under the provisions of this act, 4 it shall be sufficient if such notice, summons, warrant, or other 5 process be executed by an officer of the police department of 6 said city in the same way or manner in which the laws of the 7 state prescribe for executing summonses and subpoenas by the 8 state officers, unless otherwise provided by this act.

Sec. 56. Whenever the word "street" (whether or not 2 followed with the words, "avenues, roads, alley or public 3 ground") is used in this act, it shall be inclusive of and 4 construed to mean any public street, avenue, alley or ground 5 in the city, unless the language thereabout is such that the 6 intent is clearly otherwise. Whenever the word "treasurer" 7 is used in this act, it shall have the same meaning as "the 8 sheriff of Cabell county, ex officio treasurer of the city of 9 Huntington", or part thereof.

Sec. 57. All acts and parts of acts coming within the 2 purview of this act, and inconsistent herewith, and not in- 3 cluded in the provisions of this act, are hereby repealed; 4 except this act does not intend to repeal or in any way amend 5 chapter twenty-six, acts of the legislature, one thousand nine 6 hundred twenty-five (municipal charters), creating a park 7 board for the city of Huntington, or any amendment thereof.

77 together with the said repairs, betterments, improvements,

89 There shall be, and there is hereby created a statutory
90 mortgage lien upon the said hospital, and any and all repairs,

120 for the payment of the bonds and the payment of the interest
121 thereon, and for the payment of the operating expenses,
122 and such receiver shall apply the income and revenues there-
123 from in conformity with this section and the ordinance pur-

The bonds hereby authorized shall be issued in such amounts as may be determined necessary to provide funds for the purpose for which they are authorized, and in determining the amount of bonds to be issued it shall be proper to include interest on the bonds for a period not beyond six months from the estimated construction period for the improvement. If the proceeds of the bonds, because of error or otherwise, shall be less than the cost of said repairs, betterments, improvements, extensions and/or additions, furnishings and equipment for which authorized, additional bonds may be issued to provide the amount of such deficit, and such additional bonds shall be deemed to be of the same issue and shall be entitled to payment from the same fund and in the same manner without preference or priority over the bonds first authorized and issued. If the proceeds of the bonds shall exceed the cost of the said repairs, betterments, improvements, extensions and/or additions, furnishings and equipment, the surplus shall be converted into the fund for the retirement of the bonds and payment of the interest thereon. If any surplus shall be accumulated in the operating and maintenance fund of the said hospital, as herein defined, then any such surplus may be transferred to either the depreciation account, or to the bond and interest redemption account, and if any surplus shall be accumulated in the depreciation account, over and above that which the council shall find may be necessary to maintain, such surplus may be transferred either to the operating and maintenance fund, or to the bond and interest redemption account, and if any surplus shall exist in the bond and interest redemption account, the same shall be applied insofar as possible in the purchase or retirement of outstanding revenue bonds payable from such account.

200 and delivery of the said revenue bonds, and the procuring of
201 the said funds and of the said grant or grants and necessary
202 to effectuate the general purposes of this section.

No contract or sub-contract for material or labor exceeding one thousand dollars, shall be made without advertising for bids, with power in said council to reject any or all bids.

Before the city of Wheeling shall construct any such building the council of said city shall enact an ordinance which shall (1) set forth description of said building; (2) set forth the cost of said building, which shall include cost of construction, engineering and legal expense; (3) order the construction of said building; (4) direct that revenue bonds of the said city shall be issued pursuant to this act in such amount as may be found necessary to pay the cost of the building; (5) contain such other provisions as may be necessary in the premises.

After such ordinance shall have been adopted it shall be published once a week for two successive weeks in two Wheeling newspapers, stating that the ordinance has been adopted and that the said city will issue bonds as described in the ordinance, that any person interested may protest within six days from the last publication of the notice. If thirty per cent or more of the owners of real estate in said municipality file a protest, then council shall not proceed unless three-fourths of the said council assent thereto.

Such bonds shall bear interest at not more than six per cent per annum and shall mature as may be determined by the
ordinance. Such ordinance shall determine the form and de-
tails of the bonds and fix their denomination and places of pay-
ment, which may be at any bank or trust company within or
without the state.

The bonds shall contain a statement on their face that the
said city shall not be obligated to pay the same or the interest
thereon except from the special fund provided from the net
revenues of said new building.

All said bonds shall have all the qualities and incidents of
negotiable instruments. Said bonds shall be exempt from all
taxation, state, county and municipal.

Any surplus of bond proceeds, over and above the cost of
said building, shall be placed in the sinking fund hereinafter
provided.

In case of error or miscalculation or otherwise, and the pro-
ceeds are less than the cost of the building, additional bonds
may be issued to provide the amount of the deficit, said bonds
to be secured equally with all other bonds issued pursuant to
this act, and shall be deemed to be of the same issue, and said
council may also provide in said ordinance for additional bonds
for the purpose of extending or improving said building.

All moneys received from any bonds, pursuant to the act,
shall be applied solely to the cost of said building and improve-
ment and there is hereby created a lien upon such moneys,
until so applied, in favor of the holder of the bonds or trus-
tees hereinafter provided.

All necessary preliminary expenses, actually incurred by
said council in making plans, estimates of costs and any other
necessary expenses of whatsoever nature, necessary to be paid
prior to the issue and delivery of the revenue bonds pursuant
to the provisions of this act, may be paid out of the general
funds of the said city or a temporary transfer may be made
from other funds: Provided, That any funds from which such
payments are made shall be fully paid by said council out of
the first proceeds of the sale of the revenue bonds herein pro-
vided. In the event that the said necessary preliminary ex-
spenses shall not have been paid out of said general funds or no
transfers from other funds have been made, then said city
shall pay said necessary preliminary expenses out of said first
proceeds derived from the sale of the said revenue bonds.
The council of the said city of Wheeling may, by ordinance, create a lien on the income and revenues received from said building, improvements, or any part thereof, in favor of the said bondholders. Said bonds may be further secured by a trust indenture by and between the city of Wheeling and a corporate trustee, which may be any bank or trust company in the city of Wheeling, and said trust indenture may convey all of the said building and equipment in trust to secure the said bondholders. The said trust indenture may provide for the payment of the proceeds of the sale of the bonds and revenue obtained from said building to be paid to the said trustee and for the custody and disbursement thereof, and such trust indenture may contain such other provisions for protecting and enforcing the rights and remedies of the said bondholders as may be reasonable and proper.

Before the issuance of any such bonds, council shall, by ordinance, create a sinking fund for the payment of the bonds as they fall due and the interest when due and expenses incidental thereto, and shall pledge a sufficient amount of net revenues, after payment of reasonable expenses of operation and maintenance, to be set aside at intervals provided by the ordinance. The said sinking fund shall contain a margin for safety and for the payment of premiums upon bonds retired by call or purchase, which margin together with any unused surplus of such margin carried forward from the preceding year, shall equal at least ten per cent of all other amounts required to be paid in said sinking fund. Said council may by ordinance, before the issuance of the bonds, direct that such sinking fund, or a part thereof, may be used to purchase any of the said outstanding bonds at the market price, but not exceeding the price which the same shall in the same year be payable or redeemable, and all bonds so purchased or redeemed shall forthwith be cancelled and shall not again be issued. After the payments into the said sinking fund as herein required, said council may, at any time, in its discretion transfer all or any part of the balance of the net revenues, after reserving an amount deemed by said council sufficient for operation, repair and maintenance for an ensuing period of twelve months and for depreciation, into the sinking fund or into a fund for improvements and additions to the said building.
This act shall, without reference to any other statute, be deemed full authority for the construction, acquisition, improvement, equipment, maintenance, operation and repair of the said Center Wheeling market herein provided and for the issuance and sale of the bonds by this act authorized, and shall be construed as an additional and alternative method therefor and for financing thereof, and no petition or election or other further proceedings in respect to the construction of said building or issuance or sale of said bonds shall be required, except such as are prescribed by this act, any provisions of other statutes of the state to the contrary notwithstanding.

Any holder of any such bonds herein provided, or any coupons attached thereto, and the trustee, if any, may, except as restricted by said ordinance or trust indenture, enforce and protect any and all rights hereunder, either at law or in equity by action, suit, mandamus or other proceeding. The sinking fund provided for herein shall be transmitted to the state sinking fund commission at such intervals as shall be provided by ordinance and said commission is hereby authorized to act as fiscal agent for such sinking fund under any ordinance passed pursuant to the provisions of this act and shall invest all such sinking fund, as provided by general law.

In the event bonds issued under the provisions of this act are not secured by a mortgage or deed of trust on the project constructed and/or acquired from the sale of such bonds, there shall be, and there is hereby, created a statutory mortgage lien upon the project so acquired or constructed from the proceeds of bonds authorized to be issued, which shall exist in favor of the holder of said bonds, and each of them, and to and in favor of the holder of the coupons attached to said bonds, and such project and equipment connected therewith, shall remain subject to such statutory mortgage lien until payment in full of the principal and interest of said bonds. Any holder of bonds issued under the provisions of this act, or of any coupons representing interest accrued thereon, may, either at law or in equity, enforce the statutory mortgage lien hereby conferred and may, by proper suit, compel the performance of the duties of the officials of the city of Wheeling set forth in this act. If there be default in the payment of the principal of and/or interest upon any of said bonds, any court having
jurisdiction in any proper action may appoint a receiver to administer said project on behalf of the city of Wheeling, with power to charge and collect rates, rents, fees or other income to provide for the payment of said bonds and interest thereof, and for the payment of the operating expenses and to apply the income and revenues in conformity with this section and the order or ordinance providing for the issuance of said bonds. Said city shall, so long as any bonds issued under the provisions of this section remain outstanding, operate and maintain such Center Wheeling market so as to provide, charge, collect and account for revenues therefrom as will be sufficient to pay all operating costs, provide a depreciation fund, retire the bonds and pay the interest requirements thereon as the same may become due. The ordinance pursuant to which any such bonds are issued shall pledge the revenues derived from the project to the purposes aforesaid and shall definitely fix and determine the amount of revenues which shall be necessary and set apart in a special fund for the bond requirements. The amounts, as and when so set apart into said special fund for the bond requirements, shall be remitted to the state sinking fund commission at least thirty days previous to the time interest or principal payments become due, to be retained and paid out by said commission consistent with the provisions of this section and the ordinance pursuant to which such bonds have been issued.

The provisions of this act are separable and if any of the provisions, or parts thereof, are for any reason illegal, it is the intention that the remaining provisions, or parts, shall remain in full force and effect.

HOUSE CONCURRENT RESOLUTION NO. 14

(By Mr. Marsh, of Ohio)

[Adopted December 7, 1933.]

Opposing Prince Plan for consolidation of railroads.

Whereas, The Hon. Joseph B. Eastman, Federal Coordinator of Railroads, has announced that he is making a study of the so-called Prince Plan for the consolidation of railroads to determine whether he shall recommend it to the President and to the Congress for adoption; and

Whereas, Said plan provides for but two railroad systems between the Mississippi River on the west and the Hudson River on the east; and

Whereas, Said plan definitely proposes to remove from the Class I roads in West Virginia, their connecting and affiliated lines, all through freight and passenger business; to tear up some of the lines of some of said roads; to reduce to single track railroads some of said roads; thereby reducing said roads to the status of No. 2 branch lines, with only branch line service, with the consequent reduction of employment due to suspension of through service, removal of tracks, abandonment of terminals and closing of shops; and

Whereas, The consummation of the plan would place an insurmountable barrier against the industries located on the railroads in this state, impoverishing them or obliging them to remove to other states and would reduce, by many millions of dollars, the taxable values of the railroad and of other property in the state; and

Whereas, The Prince Plan likewise proposes changes with respect to all railroads in the state of West Virginia, which would be against the best interests not only of said railroads, but also against the interests of the state of West Virginia and the citizens thereof, and restrict the continued and future growth and development of said state, and seriously restrict the development and growth of the business enterprises, the manufacturing and mining industries of this state; therefore, be it
Resolved by the House of Delegates, the Senate concurring therein:

That the Legislature of West Virginia, respectfully but emphatically, opposes the Prince Plan as it applies to the railroads operating in the state of West Virginia and earnestly requests the Coordinator, the Hon. Joseph B. Eastman to reject the plan, believing that any such wholesale and ruthless destruction of property which would result from the adoption of said plan and closing of established trade routes would be disastrous to this state and drastically impair the investments built up along these routes and harmful to the citizens of this state and to the country as a whole; and, be it

Resolved further, That the Secretary of State of West Virginia be and he is hereby directed to furnish properly authenticated copies of this resolution to the President of the United States, to the Vice-President of the United States, to the Speaker of the House of Representatives, to each Senator and Member of Congress from this state, and to the Hon. Joseph B. Eastman, Coordinator of Railroads, and to the Hon. George B. McGinty, Secretary of the Interstate Commerce Commission.

HOUSE RESOLUTION NO. 7

(B. Mr. MARSH, of Ohio)

[Adopted November 22, 1933.]

Authorizing the Speaker to invite the Honorable John J. Cornwall to address the House of Delegates.

WHEREAS, Newspaper dispatches have reported that the Honorable Joseph B. Eastman, Federal Railroad Coordinator, has
under consideration what is termed the Prince Plan for consolidating all the railroads of the country into seven systems, which plan would combine the Baltimore and Ohio and its affiliated and related companies with the Pennsylvania system; and

WHEREAS, It is represented in these newspaper reports that the said Baltimore and Ohio would be dismantled as a through carrier of freight and passengers, reduced to a single track road and a second grade branch-line of the Pennsylvania; and

WHEREAS, If that should prove true the said Baltimore and Ohio system would be depreciated in value, causing the state and the counties where its property is situated to lose large sums of tax revenue and the business developed along the line might suffer great handicaps; and

WHEREAS, It is desirable this Legislature be fully informed as to all the facts; therefore, be it

Resolved by the House of Delegates:

That the Speaker is authorized to invite former Governor John J. HOUSE RESOLUTION NO. 18

(By Mr. Hiner)

(Adopted November 24, 1933.)

Concerning study of state and local governments, for the purpose
of ascertaining whether or not expenses of same can be reduced.

WHEREAS, During this period of business and industrial depression, the maximum levies in 1933 under the tax limitation amendment will yield $25,000,000 in property taxes for the support of the state and local governments, compared with $50,000,000 in 1931 and $42,000,000 in 1932 from the same source; and

WHEREAS, The fiscal records of the state show that receipts of revenue in the state treasury from the operation of the sales tax law dropped from $4,076,143 in the fiscal year 1927 to $1,620,653 in the fiscal year ending June 30, 1933, a decrease of sixty percent in the annual gross incomes of those businesses, industries and professions subject to this tax; and

WHEREAS, In the first special session of this Legislature, ending June 3, 1933, the rates of the sales tax law were revised to increase the revenue from these indirect sources of taxation over 400 per cent for state and local purposes in order to absorb the losses of revenue from property taxes; and

WHEREAS, Further increased taxation on business, industry and other indirect sources of taxation may imperil the stability of business and industry in this state, would have the tendency to drive capital out of this state to more favorable locations, and would halt the future industrial development of the state; therefore, be it

Resolved by the House of Delegates:

That it is the sense of the House of Delegates that prior to the consideration of any proposed legislation to raise additional revenue for either state or local purposes, that the committee on taxation and finance, or any special committee that may hereafter be created to consider revenue legislation, be required to study the cost of the state, county, district, municipal and school governments, to ascertain, if possible, whether additional economies can be effected to reduce the cost of government comparable to the loss of income our taxpayers have suffered during these recent years of business and industrial adversity.

HOUSE RESOLUTION NO. 23
(BY MR. STOUT)
[Adopted December 6, 1933.]

Directing Committee on Taxation and Finance and Education to make certain investigations and reports.

WHEREAS, The very serious financial situation in which the state finds itself has made necessary efforts both in the direction of the curtailment of expenditures and in the search for new sources of revenue; and while commendable progress has been made in the effecting of economies, yet it appears to many that if as much time and thought had been given to the study of the making of savings as has been given to the search for new revenue we would be further along toward the goal of financial recovery than we are today,—possibly we have thought so much of the financial embarrassments of the state and of the various local governmental units that we have not given sufficient consideration to the financial embarrassment of the people, by whom, after all is said and done, the great burden of taxation must be borne—whether that taxation be direct or indirect; and

WHEREAS, The whole matter of education, while one of the most important functions of the state, is also the most costly function and is likewise one, the efficiency of which is very seriously threatened in these difficult times; and

WHEREAS, Under these circumstances it appears to most people that the maintenance of our primary educational facilities, one of much greater importance than the carrying on of post high school or normal school work, especially when many trained teachers are already out of employment; therefore, be it

Resolved by the House of Delegates:

That the Committee on Taxation and Finance be directed to especially study and report on the question of the effecting of further economies in governmental operation, and that the Committee on Education be directed to especially study and report on the feasibility and advisibility of the elimination of, or the temporary suspension of, some, at least, of our state normal schools or colleges.

WHEREAS, Various state legislatures in these United States have been called upon within the last few months to solve much the same problems now facing this state; and  

WHEREAS, Information as to the types of revenue now in use in the various states, the success with which used, the amount of revenue produced, and the number of states using various sources of taxation, would be helpful to the members of this body in deciding upon the many and intricate tax problems coming up for decision; therefore, be it

SENATE RESOLUTION NO. 17

(BY MR. ABBOT)

[Adopted January 18, 1934.]

Memorializing the United States Senators from West Virginia to oppose ratification of the Great Lakes-St. Lawrence waterways treaty now pending before the United States Senate.

WHEREAS, There is pending before the United States Senate for ratification a treaty for the opening of the Great Lakes-St. Lawrence waterways, which will entail an expenditure of several billion dollars; and

WHEREAS, The opening of this waterway would permit British, German, French and Russian coals to be delivered by vessel to Canada and American ports on the Great Lakes amounting to millions of tons annually, carried as ballast, returning with Canadian grain and food supplies; and

WHEREAS, It is reasonably certain that ten to fifteen millions of tons of coal for many years sent to Canada from the coal mining districts of West Virginia, would be displaced by the importation of foreign coal, resulting in a serious displacement of labor in the mines and thousands of men employed on the railroads, and in resultant unemployment of men employed on the farms and in industries which provide materials and supplies to the coal and railroad industries; and

WHEREAS, The development of this waterway in addition to
being destructive to the coal industry of this state, resulting in substantial losses in taxation needed for the support of public schools, the state government and public institutions, would also be destructive to railroads traversing the mining and farming districts of West Virginia, serving the Atlantic seaboard, whose securities are owned by thousands of our citizens and insurance companies in which many of our citizens have their life savings; and

WHEREAS, Millions of dollars are now being expended to improve our economic stabilization which must be paid from future taxation, to expend other billions of dollars to destroy properties upon which we are dependent and to cast thousands of persons on the unemployment rolls is in a measure economic suicide; and

WHEREAS, Lake Michigan, which lies wholly within the boundaries of the United States, has always been regarded as American waters is now sought by this treaty to be made an international lake and joint control thereof turned over to Canada in opposition to the interests of the American people; therefore, be it

Resolved by the Senate:

That we respectfully request the Honorable M. M. Neely and the Honorable H. D. Hatfield, representing the state of West Virginia in the Senate of the United States, to oppose ratification of the pending treaty in an honorable effort to aid the best interests of the people of this state; and, be it

Resolved further, That the Clerk of the Senate be required to forward to the Honorable M. M. Neely and the Honorable H. D. Hatfield, duly attested copies of this resolution.

SENATE RESOLUTION NO. 19

(BY MR. HODGES)

[Adopted January 26, 1934.]

Concerning payment by taxpayers of the state income tax for the year one thousand nine hundred thirty-three.

WHEREAS, The public has gained the impression in many sections of the state that there is to be an extension of time granted to the taxpayers of the state in the payment of their annual income tax for the calendar year ending December thirty-first, one thousand
nine hundred thirty-three, due on or before January thirtieth, one thousand nine hundred thirty-four; and

WHEREAS, This impression has been created, in part at least, by published reports that the Legislature might repeal the state income tax law, thus relieving the taxpayers of any obligation whatever for this, the first year, in which such tax has been in force and effect; and

WHEREAS, The fiscal affairs of this state are in such condition as to make it impossible for the Legislature to abate any taxes for the past twelve months which have not yet been paid; now, therefore, be it

Resolved by the Senate:

That this body does not contemplate the repeal, with retroactive effect, of any of the revenue statutes now existing; and, be it

Resolved further, That all taxpayers, having liability to the state, in order to avoid the statutory penalty, are advised to make their remittances to the proper collecting authority within the time specified by law, or within any such extension of time as the Tax Commissioner, under the authority granted him by any such revenue statute, may see fit to provide.
