exercise the judgment and care under the circumstances
then prevailing which men of prudence, discretion and
intelligence exercise in the management of their own
affairs, not in regard to speculation, but in regard to the
permanent disposition of their funds, considering the
probable income as well as the probable safety of their
capital:

of this state;

has not within ten years previous to the making of such
investment defaulted in the payment of any part of
either principal or interest on any of its bonds issued by
authority of the legislature of such state;
(d) In the bonds or interest-bearing notes or obliga-
tions of any county, district, school district or independent
school district, municipality, or any other political divi-
sion of this state that have been issued pursuant to the
authority of any law of this state, since the ninth of May
of the year one thousand nine hundred seventeen;
(e) In bonds and negotiable notes secured by first
mortgage or first trust deed upon improved real estate
in this state where the amount secured by such mort-
gage or trust deed shall not at the time of making the
same exceed eighty per cent of the assessed value, or
fifty per cent of the appraised value as determined by
wholly disinterested and independent appraisers, whichever
value shall be the higher, of the real estate covered
by such mortgage or trust deed, and when such mortgage
or trust deed is accompanied by a satisfactory abstract
of title, certificate of title, or title insurance policy, show-
ing good title in the mortgagor when making such mort-
gage or trust deed, and by a fire insurance policy in an
old line company with loss, if any, payable to the mort-
gagee or trustee as his interest may appear: Provided,
That the rate of interest upon the above enumerated
securities in this subsection (e), in which such invest-
ment may be made, shall not be less than two per cent,
nor more than seven per cent, per annum;
(f) In savings accounts and time deposits of bank or
trust companies to the extent that such deposits are in-
sured by the federal deposit insurance corporation, or
by any other similar federal instrumentality that may be
hereafter created, provided there shall be such an in-
strumentality in existence and available for the purpose,
or, by bonds of solvent surety companies: Provided, That
the rate of interest upon such savings accounts or time
deposits shall not be less than the rate paid other de-
positors in such bank or trust company;
(g) In shares of state building and loan associations,
or federal savings and loan associations, to the extent
that such shares are insured by the federal savings and
loan insurance corporation, or by any other similar
federal instrumentality that may be hereafter created,
provided that there shall be such an instrumentality in
existence and available for the purpose, or by bonds of
solvent surety companies: Provided, That the dividend
rate upon such shares shall not be less than the rate
paid to other shareholders in such associations.
(h) In other securities of corporations organized and
existing under the laws of the United States or of the
District of Columbia or any state of the United States
including, but not by way of limitation, bonds, deben-
tures, notes, equipment trust obligations or other evi-
dences of indebtedness, and shares of common and pre-
ferred stocks of such corporations and securities of any
open end or closed end management type investment com-
pany or investment trust registered under the federal
investment company act of 1940, as from time to time
amended, which men of prudence, discretion and intel-
gence acquire or retain for their own account, provided
and upon condition, however, that: (1) no investment
shall be made pursuant to the provisions of this subsection
(h) which, at the time such investment shall be made, will
cause the aggregate market value thereof to exceed
thirty-five per cent of the aggregate market value at that
time of all of the property of the fund held by such
fiduciary; (2) no bonds, debentures, notes, equipment trust obligations or other evidence of indebtedness of such corporations shall be purchased under authority of this subsection (h) unless such obligations, if other than issues of a common carrier subject to the provisions of section 20a of the interstate commerce act as amended, shall be obligations issued, guaranteed or assumed by corporations which have any securities currently registered with the securities and exchange commission; and

(3) no common or preferred stocks, other than bank and insurance company stocks, shall be purchased under authority of this subsection (h) unless currently fully listed and registered upon an exchange registered with the securities and exchange commission as a national securities exchange. No sale or other liquidation of any investment shall be required solely because of any change in the relative market value of those investments made eligible by this subsection (h) and those made eligible by the preceding paragraphs of this section. In determining the aggregate market value of the property of a fund and the percentage of a fund to be invested under the provisions of this subsection, a fiduciary may rely upon published market quotations as to those investments for which such quotations are available, and upon such valuations of other investments as in the fiduciary's best judgment seem fair and reasonable according to available information.

Trust funds received by executors, administrators, guardians, curators, committees, trustees and other fiduciaries may be kept invested in the securities originally received by them, unless otherwise ordered by a court having jurisdiction of the matter, as hereinafter provided, or unless the instrument under which the trust was created shall direct that a change of investment be made, and any such fiduciary shall not be liable for any loss that may occur by depreciation of such securities.

This section shall not apply where the instrument creating the trust, or the last will and testament of any testator, or any court having jurisdiction of the matter, specially directs in what securities the trust funds shall
be invested, and every such court is hereby given power specially to direct by order or orders, from time to time, additional securities in which trust funds may be invested, and any investment thereof made in accordance with any such special direction shall be legal, and no executor, administrator, guardian, curator, committee, trustee or other fiduciary, shall be held for any loss resulting in any such case.

That chapter twenty-five of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, to be designated article four, to read as follows:

Section 1. Legislative Purpose.—The purpose of this article is to provide appropriate facilities for the housing of youthful male offenders convicted of or pleading guilty to violation of law before courts with original jurisdiction or juvenile courts, who are amenable to discipline other than in close confinement; to secure a better classification, and segregation of such persons according to their capabilities, interests, and responsiveness to control and responsibility; to reduce the necessity of expanding the existing grounds and housing facilities for the confinement of such persons, and to give better opportunity to youthful offenders for reformation and encouragement of self-discipline.

Sec. 2. Establishment of Forestry Camps.—The West Virginia board of control is authorized to establish, operate and maintain forestry camps to be operated in connection with the state penal system as herein provided.

Sec. 3. Powers of Board of Control in Establishing Forestry Camps.—The West Virginia board of control is
hereby given authority to acquire land and other property
by purchase, grant, gift, or otherwise in connection with
the establishment of forestry camps, and to construct such
buildings, fences and other facilities, and to acquire such
personal property as is necessary for the maintenance and
operation of such camps; to direct all needed improve­ments and repairs necessary for the proper upkeep of
such camps, and to provide for the necessary food, medical
treatment, and safekeeping of persons confined therein;
to employ personnel to operate the camps, and to provide
the necessary work and other programs for the offenders
assigned to the camps.

Sec. 4. Superintendent; Qualifications; Pay; Duties.—
Each forestry camp shall be under the direction of a camp
superintendent, who shall have the minimum qualifica­tion of a college degree with a major in sociology or a
kindred field, and be trained and experienced in dealing
with youths. He shall be paid an annual salary to
be fixed by the board of control.
The camp superintendent shall provide a training pro­gram which shall include four separate, yet well-integrat­ed sections, embracing the following: (1) work programs;
(2) educational program; (3) recreational program, and
(4) individual and group counseling.

Sec. 5. Employees; Teachers; Physical Education Direc­tor; Probation Officer; Qualification and Salaries.—In ad­dition to the superintendents and other employees who
may be needed, the camp staff shall include a minimum of
one education instructor qualified to teach in the secondary schools of this state, one physical education director

one trained probation officer who has the minimum qual­ification of a college degree with a major in sociology, or
a kindred field.
The annual salaries of the education instructor, the
physical director and the probation officer shall be fixed
by the board of control.

Sec. 6. Assignment of Offenders to Camp; Period of
Camp Confinement; Return to Court; Sentence or Pro-
Revocation of Probation.—The judge of any court with original criminal jurisdiction, or any juvenile court, may suspend the imposition of sentence of any male youth convicted of or pleading guilty to a criminal offense, other than a capital offense, who has attained his sixteenth birthday but has not reached his twenty-first birthday at the time of the commission of the crime, and commit him to the custody of the West Virginia board of control to be assigned to a forestry camp. The period of confinement in the forestry camp shall be for a period of one year, or longer if it is deemed advisable by the camp superintendent, but in any event such period of confinement shall not exceed two years. If, in the opinion of the superintendent, such male offender proves to be an unfit person to remain in such a camp, he shall be returned to the court which committed him to be dealt further with according to law. In such event, the court may place him on probation or sentence him for the crime for which he has been convicted.

In his discretion, the judge may allow the defendant credit on his sentence for time he has spent in the forestry camp. When, in the opinion of the superintendent, any boy has satisfactorily completed the camp training program and the term for which he was assigned has expired, such male offender shall be returned to the jurisdiction of the court which originally committed him. He shall be eligible for probation for the offense with which he is charged, and the judge of the court shall immediately place him on probation. In the event his probation is subsequently revoked by the judge, he shall be given the sentence he would have originally received had he not been committed to the camp and subsequently placed on probation. The court shall, however, give the defendant credit on his sentence for the time he spent in the camp.

Sec. 7. Physical and Mental Examination of Offenders Prior to Transfer to Board of Control; Persons not Eligible for Forestry Camps.—Before the judge of any court of original jurisdiction or juvenile court can transfer a youthful offender to the custody of the board of control to be assigned to a forestry camp, such offender shall be
given a complete medical examination by a doctor designated by the board of control, and the offender must be free of any communicable disease or other physical defects which would prohibit him from participating in the program of the forestry camp. In the event there is a question concerning the mental status of an offender, he shall be given an examination by a competent psychiatrist designated by the board of control to determine whether he is fit to participate in the program of the forestry camp.

Any offender who is found to have a communicable disease, is feeble minded, psychotic, mentally ill, or has a history of homosexual activities, or arsonist tendencies, shall not be eligible for assignment to a forestry camp.

Sec. 8. Work and Activities.—Offenders assigned to forestry camps may be required to labor on the buildings and grounds of the camp, in the making of forest roads, for fire prevention and fire fighting, on forestation and reforestation of public lands, on the making of fire trails and fire breaks, on fire suppression, on building or improving public parks or lands, or engage in any studies or activities prescribed or permitted by the camp superintendent, subject to the approval of the board of control.

Sec. 10. Peace Officers.—All officers and employees of a camp shall have the powers of peace officers so far as necessary to arrest camp inmates.

Sec. 11. Escape; Aiding Escape; Penalty.—Should any inmate of a forestry camp escape therefrom or from the custody of an officer or employee of the camp, he shall be guilty of a misdemeanor and on conviction shall be
punished by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Any person who knowingly permits or aids any inmate of such camp to escape therefrom, or conceals him with the intent of enabling him to elude pursuit, is guilty of a misdemeanor and punishable in a like manner.

Sec. 12. Independent or Cooperative Establishment.—The West Virginia board of control may establish forestry camps independently or in cooperation with the conservation commission of West Virginia on such terms as may be agreed upon by the board of control and the director of conservation.

If there be no default in the observance of the conditions of the recognizance, then, upon the termination of the proceedings, the money so deposited, shall, by order of the trial court or justice, be refunded to the defendant, or upon his order; but if there be any such default, the same action shall be taken, and the same proceedings had, with like rules governing, so far as applicable, as if the recognizance had been with surety instead of with cash deposit aforesaid, and the clerk having the money shall dispose of the same, if there be a judgment of forfeiture, in the same manner as other money received on account of forfeited recognizances is required to be disposed of.
The defendant may surrender himself at any time before default in the same manner as sureties may surrender their principal, and the money so deposited shall thereupon, by order of the court or officer to which or to whom such surrender was made, be returned to the defendant or on his order.

This act shall be deemed as authority authorizing municipalities of this state and the courts thereof to accept cash deposits in lieu of a recognizance with surety and shall be construed to authorize and empower any municipal officer, agent or official herein mentioned or as may be designated by the governing body of any municipality to receive cash deposit in lieu of a recognizance with surety, and to authorize the proper official of any municipality to receive the proceeds of any such cash deposit after the same has been forfeited as herein provided and apply the same to any proper municipal purpose as directed by the governing body thereof.

[Passed March 12, 1955; in effect ninety days from passage. Approved by the Governor.]

Section

10. Violation of probation; revocation and arrest.

Be it enacted by the Legislature of West Virginia:

That section ten, article twelve, chapter sixty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:
Section 10. Violation of Probation; Revocation and Arrest.—If at any time during the period of probation there shall be reasonable cause to believe that the probationer has violated any of the conditions of his probation, the probation officer may arrest him with or without an order or warrant, or the court which placed him on probation, or the judge thereof in vacation, may issue an order for his arrest, whereupon he shall be brought before the court, or the judge thereof in vacation, for a prompt and summary hearing. If it shall then appear to the satisfaction of the court or judge that any condition of probation has been violated, the court or judge may revoke the suspension of imposition or execution of sentence, impose sentence if none has been imposed, and order that sentence be executed. In computing the period for which the offender is to be imprisoned, the time between his release on probation and his arrest shall not be taken to be any part of the term of his sentence. If, despite a violation of the conditions of probation, the court or judge shall be of the opinion that the interests of justice do not require that the probationer serve his sentence, the court or judge may, except when the violation was the commission of a felony, again release him on probation.

[Passed March 12, 1965; in effect ninety days from passage. Approved by the Governor.]

Section
12. Board of probation and parole.
13. Powers and duties of the board; eligibility; notice.
13-a. Eligibility date for parole.

Be it enacted by the Legislature of West Virginia:

That sections twelve and thirteen, article twelve, chapter sixty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, and that section sixteen of said article of said chapter be repealed, and that article twelve of said chapter be amended by adding thereto a new section, to be designated section thirteen-a, all to read as follows:

Section 12. Board of Probation and Parole.—There shall be a state board of probation and parole, known as the "West Virginia Board of Probation and Parole." The board shall consist of three members, not more than two of whom shall at any one time belong to the same political party. The board shall be appointed by the governor by and with the advice and consent of the senate. Each member of the board shall have had experience in the fields of social science or administration of penal institutions and shall be familiar with the principles, practices and problems thereof and shall be otherwise competent to perform the duties of his office. The members shall be appointed for overlapping terms of six years, except that the original appointments shall be for terms of two, four and six years, respectively, such appointments to be made beginning on the first day of July, one thousand nine hundred fifty-three. Any member shall be eligible for reappointment. The members shall receive an annual salary, to be fixed by the governor, not to exceed seventy-two hundred dollars and necessary expenses incurred in the discharge of their official duties. The members of the board shall devote their full time and attention to their duties as members thereof.

Sec. 13. Powers and Duties of the Board; Eligibility; Notice.—The board of probation and parole, whenever it shall be of the opinion that the best interests of the
state and of the prisoner will be subserved thereby, and
subject to the limitations hereinafter provided, shall have
authority to release any such prisoner on parole for such
terms and upon such conditions as are provided by this
article. Any prisoner of a penitentiary of this state, to
be eligible for parole,

(1) Shall have served the minimum term of his indeterminate sentence, or shall have served one-third of his definite term sentence, as the case may be;

(2) Shall not be under punishment or in solitary confinement for any infraction of prison rules;

(3) Shall have maintained a record of good conduct in prison for a period of at least three months immediately preceding the date of his release on parole;

(4) Shall have satisfied the board that, if released on parole, he will conduct himself in a lawful manner and that his release is not incompatible with the best interests and welfare of society generally.

Except in the case of one serving a life sentence, no person who has been previously twice convicted of felony may be released on parole until he has served the minimum term provided by law for the crime for which he was convicted. No person sentenced for life may be paroled until he has served ten years, and no person sentenced for life who has been previously twice convicted of felony may be paroled until he has served fifteen years.

In the case of a person sentenced to any penal institution of this state, it shall be the duty of the board, as soon as such person becomes eligible, to consider the advisability of his or her release on parole. If, upon such consideration, parole be denied, the board shall at least once a year reconsider and review the case of every prisoner so eligible, which reconsideration and review shall be by the entire board. If parole be denied, the prisoner shall be promptly notified.

In the case of any person sentenced to or confined under sentence in any city or county jail in this state, the board shall act only upon written application for parole. If such jail prisoner be under sentence on a felony conviction, the provisions hereof relating to penitentiary prisoners shall apply to and control his release on parole. If such
person be serving time on a misdemeanor conviction, he
shall be eligible for parole consideration, upon receipt of
his written parole application and after time for proba-
tion release by the sentencing court or judge has expired.
The board shall, with the approval of the governor, adopt rules and regulations governing the procedure in the granting of parole. No provision of this article and none of the rules and regulations adopted hereunder are intended or shall be construed to contravene, limit or otherwise interfere with or affect the authority of the governor to grant pardons and reprieves, commute sentences, remit fines or otherwise exercise his constitutional powers of executive clemency.

The board shall have general supervisory control over all court or county probation officers. It shall be charged with the duty of supervising all probationers and parolees whose supervision may have been undertaken by this state by reason of any interstate compact entered into pursuant to the uniform act for out-of-state parolee supervision.

When considering a penitentiary prisoner for release on parole, the board of parole shall have before it an authentic copy of or report on the prisoner's current criminal record as provided through the department of public safety of West Virginia, the United States department of justice or other reliable criminal information sources and written reports of the warden or superintendent of the penitentiary, as the case may be, to which such prisoner is sentenced,

(1) On the prisoner's conduct record while in prison, including a detailed statement showing any and all infractions of prison rules by the prisoner and the nature and extent of discipline and punishment administered therefor;

(2) On improvement or other changes noted in the prisoner's mental and moral condition while in prison, including a statement expressive of the prisoner's current attitude toward society in general, toward the judge who sentenced him, toward the prosecuting attorney who prosecuted him, toward the policeman or other officer who
arrested him and toward the crime for which he is under sentence and his previous criminal record;

(3) On the prisoner's industrial record while in prison, showing the nature of his prison work or occupation and the average number of hours per day he has been employed in prison industry and recommending the nature and kinds of employment which he is best fitted to perform and in which he is most likely to succeed when he leaves prison;

(4) On physical, mental and psychiatric examinations of the prisoner conducted, insofar as practicable, within the two months next preceding parole consideration by the board.

The board may waive the requirement of any such report when not available or not applicable as to any prisoner considered for parole but, in every such case, shall enter in the record thereof its reason for such waiver.

Before releasing any penitentiary prisoner on parole, the board of parole shall arrange for him to appear in person before the board and the board may examine and interrogate him on any matters pertaining to his parole, including reports before the board made pursuant to the provisions hereof. The board shall reach its own written conclusions as to the desirability of releasing such prisoner on parole. The warden or superintendent shall furnish all necessary assistance and cooperate to the fullest extent with the board of parole. All information, records and reports received by the board shall be kept on permanent file.

The board and its designated agents shall at all times have access to inmates imprisoned in any penal or correctional institutions of this state or in any city or county jail in this state, and shall have power to obtain any information or aid necessary to the performance of their duties from other departments and agencies of the state or from any political subdivision thereof.

The board shall, if so requested by the governor, investigate and consider all applications for pardon, reprieve or commutation, and shall make recommendation thereon to the governor.
Sec. 13-a. Eligibility Date for Parole.—When the prisoner has received an indeterminate sentence, the minimum sentence shall be considered as an eligibility date for parole consideration, but does not confer in the prisoner the right to be released as of that date.

acknowledged and delivered prior to the day this act takes effect, shall be deemed, held or adjudged invalid, or defective, or insufficient in law or in equity, by reason of any informality or omission in setting forth the particulars of the acknowledgment made before such officer aforesaid in the certification thereof, or in stating the official character of such officer, or the place of taking the acknowledgment, or by reason of the fact that the wife executed such instrument prior to the execution thereof by the husband, or by reason of the fact that the parties making or executing the instrument or writing, or any of them omitted to seal the same, or by reason of the fact that the official taking the acknowledgment omitted his official seal, or by reason of the failure to set forth the date of the deed or other writing or the date of the acknowledgment in the certification thereof, or by reason of the failure to set forth correctly the date of the deed or other writing or the date of the acknowledgment in the certification thereof; and if a period of ten years has elapsed from the date of recordation of any deed or other writing, and if said deed or other writing has an acknowledgment considered defective for any reason, then every such deed or other writing shall be as good, valid and effectual in law as if the law with respect to acknowledgments and seals, in force at the date of such acknowledgment had been fully complied with; and the record of the same duly made in the proper office for recording deeds in the state of West Virginia, or in the state of Virginia before formation of West Virginia, and exemplifications of the same duly certified, shall be legal evidence in all cases in which the original would be competent evidence: Provided, however, That this section shall not apply to suits now pending and undetermined insofar as it amends laws existing at the time such pending suits were instituted, nor to any suit that may be brought within one year after the day this act takes effect, insofar as it amends laws existing at the time this act takes effect; nor shall this section apply to any deed or other writing which has heretofore been declared or held invalid by any court of competent jurisdiction.

It shall be the duty of the director to determine what commodities or expendable commodities should be disposed of and he shall make such disposition in the manner which in his opinion will be most advantageous to the state, either by transferring the particular commodities or expendable commodities between departments, by
trading in such commodities as a part payment on the purchase of new commodities, or by sale thereof to the highest bidder by means of public auctions or sealed bids after having first advertised the time, terms and place of such sale once a week for two successive weeks in some newspaper published or having general circulation in the county wherein the sale is to be conducted. The director shall have the authority to sell to the highest bidder or to any one or more of the highest bidders if there be more than one, or if in his opinion the best interest of the state will be served, to reject all bids. Upon the transfer of commodities or expendable commodities between departments, the director shall set the price to be paid by the receiving department with due consideration to current market prices. CHAPTER 48
(House Bill No. 48—By Mr. McCormick and Mr. Loop)

AN ACT to amend and reenact sections thirteen, fourteen, eighteen and twenty-three, article seven-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the state teachers' retirement system.

[Passed March 12, 1955; in effect July 1, 1955. Approved by the Governor.]

Article 7-a. State Teachers' Retirement System.

Section
13. Membership in system; payments for membership rights.
14. Contributions by members.
18. Funds created; uses and purposes.
23. Withdrawal and death benefits.
Be it enacted by the Legislature of West Virginia:

That sections thirteen, fourteen, eighteen and twenty-three, article seven-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 13. Membership in System; Payments for Membership Rights.—The membership of the retirement system shall consist of the following:

(a) All persons, except new entrants, employed as teachers at the time they become eligible for membership who, within a year after becoming eligible for membership, notify the retirement board in writing of their decision to become members. Any such persons who fail to notify the board shall automatically be constituted members one year after they become eligible, unless the retirement board receives written notice from them declining membership in the system.

(b) New entrants, whose membership in the system shall be compulsory upon employment as teachers.

The membership of any person in the retirement system shall cease:

1. Upon the withdrawal of his accumulated contributions after the cessation of teaching service, or (2) upon retirement, or (3) at death, or (4) if service amounts to less than five years in any period of ten consecutive years. For the sole purpose of preventing loss of membership under subsection four, a deposit by the member to his individual account in the teachers accumulation fund of an amount equalling his last annual contribution shall be deemed the equivalent of one year of service.

Any former member of the retirement system who has withdrawn his accumulated contributions but subsequently reenters the retirement system shall be permitted to repay to the retirement fund the amount withdrawn, plus payment for absence as provided herein, and shall be accorded all the rights to prior service and experience as he held at the time of withdrawal of such accumulated contributions.
Any person in subsection (a) of this section who elects to become a member after having declined to accept membership, shall be permitted to enter the retirement system, but shall be accorded only the rights of a new entrant, unless he deposits in the reserve fund twenty-five dollars for each year of his prior service. After making such a deposit, he shall be deemed a present teacher, and may elect to contribute retroactively to retirement account for those years, if any, during which he served as a teacher but elected not to contribute. No member shall be eligible for prior service credit unless he is eligible for prior service pension, as prescribed by section twenty-two of this article; however, a new entrant who becomes a present teacher as provided in this paragraph shall be deemed eligible for prior service pension upon retirement.

Sec. 14. Contributions by Members.—At the end of each month, every member of the retirement system shall contribute six per cent of his monthly earnable compensation to the retirement board, but in no case shall such contributions by any member exceed one hundred eighty-four dollars in any fiscal year. Such contributions shall be deemed to include the annual supplementary fee of the contributor, determined as hereinafter provided, which fee shall be used to help finance the additional retirement benefit provided for in subsection (e), section twenty-six of this article. Annually, the contributions of each member, minus his supplementary fee, shall be credited to his account in the teachers accumulation fund. The contributions shall be deducted from the salaries of the members as herein prescribed, and every member shall be deemed to have given his consent to such deductions. No deductions, however, shall be made from the earnable compensation of any teacher who retired because of age or service, and then resumed service as a teacher.

The retirement board shall each year determine to the nearest dollar the amount of the supplementary fee to be paid by each member, so that the sum of such fees paid by all members shall be sufficient to defray one-half of the cost of the retirement benefit provided for in subsec-
tion (e), section twenty-six of this article. The amount
so fixed shall not exceed twenty dollars, nor shall it in
any case exceed one per cent of the annual earnable com-
penation of the member. All supplementary fees shall
be deposited in the benefit fund.

The aggregate of employer contributions, due and pay-
able under this article, shall equal annually the total de-
ductions from the earnable compensation of members re-
quired by this section. All employer contributions shall
be credited to the employer’s accumulation fund, from
which fund an amount equalling annually the supple-
mentary fees of members, shall be transferred to the
benefit fund.

Payment by an employer to a member of the sum
specified in the employment contract minus the amount
of the employee’s contributions shall be deemed to be
a full discharge of the employer’s contractual obligations
as to earnable compensation.

Each contributor shall file with the retirement board or
with the employer to be forwarded to the retirement
board an enrollment form showing his date of birth and
other data needed by the retirement board. Upon notice
from the retirement board to the employer that a con-
tributor has failed to file such form as prescribed, the em-
ployer shall withhold the salary of the contributor until
the needed form is filed with the retirement board.

Sec. 18. Funds Created; Uses and Purposes.—The funds
created are the teachers accumulation fund, the em-
ployer’s accumulation fund, the benefit fund, the reserve
fund, and the expense fund. Each fund shall constitute
a separate trust.

(a) The teachers accumulation fund shall be the fund
in which the contributions of members shall be accumu-
lated. The accumulated contributions of a member re-
turned to him upon his withdrawal, or paid to his estate
or designated beneficiary in the event of death, shall be
paid from the teachers accumulation fund. Any accumu-
lated contributions forfeited by failure to claim such
contributions shall be transferred from the teachers
accumulation fund to the reserve fund.
Any member or any employer is hereby authorized and shall be permitted to deposit in the teachers accumulation fund for the account of any member any amounts in multiples of fifty dollars.

(b) Contributions of employers, equalling annually the members contributions, shall be accumulated in the employers accumulation fund through state appropriations. Upon the retirement of a member, the employers contributions shall be transferred from the employers accumulation fund to the benefit fund.

(c) The benefit fund shall be the fund from which annuities shall be paid. Upon the retirement of a member, his accumulated contributions shall be transferred from the teachers accumulation fund to the benefit fund; the accumulated employers contribution shall be transferred from the employers accumulation fund to the benefit fund; and annually a sum for prior service pension and disability credits, if needed, shall be transferred from the reserve fund to the benefit fund.

(d) The retirement board is hereby authorized to accept gifts and bequests. Any funds that may come into possession of the retirement system in this manner or which may be transferred from the teachers accumulation fund by reason of the lack of a claimant or because of a surplus in any of the funds; or any other moneys the disposition of which is not otherwise provided for shall be credited to the reserve fund. The retirement board shall allow interest on the contributions in the teachers accumulation fund. Such interest shall be paid from the reserve fund and credited to the teachers accumulation fund. Any deficit occurring in any fund which would not be automatically covered by the payments to that fund as otherwise provided by this article shall be met by transfers from the reserve fund to such fund. In the reserve fund shall be accumulated moneys from retirement board appropriations to pay the accrued liabilities of the system, caused by the granting of prior service and disability pensions. Costs associated with board investments such as
premiums, accrued interest, and commissions, shall be paid from the reserve fund.

(e) The expense fund shall be the fund from which shall be paid the expense incurred in the administration of the retirement system. The retirement board is here-with authorized to pay, from the expense fund, mem-

bship fees in such voluntary organizations as the Na-

tional Council on Teacher Retirement, anything in this code to the contrary notwithstanding. Interest earned on loans to members shall be deposited in the expense fund.

The retirement board is herewith given sole authority to direct and approve the making of any and all fund transfers as provided herein, anything in this code to the contrary notwithstanding.

Sec. 23. Withdrawal and Death Benefits.—Benefits upon withdrawal from service prior to retirement under the provisions of this article shall be as follows:

(a) A contributor who withdraws from service as a teacher for any cause other than death or retirement shall, on demand, be paid his accumulated contributions plus refund interest up to but not including the date of his last contribution, if he is then no longer under contract, verbal or otherwise, to serve as a teacher; however, if such member has withdrawn from membership in the past, then he will not be eligible for withdrawal again until six months after last quitting service; or

(b) If such contributor has completed twenty years of total service he may elect to receive at retirement age an annuity which shall be computed as provided in this article. The contributor must notify the retirement board in writing concerning such election.

Benefits upon the death of a contributor prior to re-
tirement under the provisions of this article shall be as follows:

(1) If the contributor was at least fifty years old, and if his total service as a teacher was at least twenty-five years at the time of his death, then the surviving spouse...
of the deceased shall be deemed eligible for an annuity
which shall be computed as though the deceased were
actually a retired teacher at the time of death, and had
selected a survivorship option which pays such spouse
the same monthly amount which would have been re-
ceived by the deceased; or

(2) If the facts do not permit payment under the
preceding paragraph (1), then the following sum shall
be paid to the refund beneficiary of the contributor: his
accumulated contributions with refund interest up to the
year of his death plus one-half of the amount of his ac-
cumulated contributions. The latter sum shall emanate
from the employers accumulation fund.

If he elects to terminate his membership, he shall be entitled to withdrawal benefits similar to those that are provided in section twenty-three of this article for members who withdraw from service prior to retirement, and he shall be required to join the federal civil service retirement system. district in which such precinct is located. Such commis-
missioners and poll clerks shall be persons of good standing
and character and not addicted to drunkenness. They
shall be selected from the two political parties which, at
the last preceding general election, cast the highest and
next highest number of votes in the county in which the

provided, shall present to such court a writing signed by
them, or by the chairman or secretary of such committee
on their behalf, requesting the appointment of a qualified

primary election.

The county court shall by mail notify all commissioners
and poll clerks of their appointment, and include with
such notice an appropriate form for each person so ap-

as such commissioner or poll clerk. It shall be the duty
of all persons so appointed to immediately return said
form to the county court. In the event any of the persons
so appointed refuse to serve as such commissioners or
poll clerks, the county court shall immediately notify the
chairman of the county executive committee of the politi-

are to be selected. If the chairman of the political com-

appointed to replace those declining to serve, it shall be
the duty of the county court to appoint the persons so
recommended. When no such recommendations are made
the county court shall proceed to fill the vacancies.

If any of the commissioners of election and poll clerks
of the receiving board so selected shall fail to appear at
the hour appointed for the opening of the polls, the re-
mainder of the commissioners of such board may select
a commissioner and poll clerk, if necessary, who shall be
of the same political party as the absent commissioner or
poll clerk; but if the qualified voters of the party of such
absent commissioner or poll clerk, present at the opening
of the polls, shall nominate a voter, having the qualifica-
tions to act under the provisions of this section, for com-
missioner or poll clerk, or both if necessary, such nominee
or nominees shall be appointed. If none of the commis-
sioners of election or poll clerks of such board appear
at the hour appointed for opening the polls, the qualified
voters present, being at least ten in number, shall elect
three commissioners of election and two poll clerks for
such board to act in their stead, by a viva voce vote; not
more than two of such commissioners and one poll clerk
for such board shall belong to or be elected by the voters
of the same political party. A vacancy or vacancies on

or names, if they were printed thereon, with the blank
space herein provided for, shall be left. The heading of
each party ticket, including the name of the party and
the device or emblem above and the large circle between
the device or emblem and such name, shall be separated
from the rest of the ticket by heavy lines, and the circle
above the name of the party in which the voter is to place
the cross mark, if he desires to vote the straight ticket,
shall be defined by heavier lines than the lines defining
the blank spaces before the names of candidates, and such
circle shall be surrounded by the following words printed

In elections for presidential electors, the names of candidates for electors of any political party or group of petitioners, shall not be placed on the ballot, but shall, after nomination, be filed with the secretary of state. In place of their names, there shall be printed first on the ballots the names of the candidates for president and vice president, respectively, of each such party or group of petitioners, and they shall be arranged under the title of the office. Before the names of such candidates for president and vice president of each party, or group, a single square shall be printed, in front of a brace, in which the voter shall place the cross mark for the candidate of his choice for such offices. A vote for any of such candidates shall be a vote for the electors of the party by which such candidates were named, and whose names have been filed with the secretary of state.

The names of the candidates on each ticket shall be arranged in groups, with a heading over each group printed in heavy faced eight point type to indicate the political divisions in which such group is to be voted for. The arrangement of the ballot shall conform as nearly as practicable to the plan here given:

The tickets of the several political parties shall be printed on the ballot in parallel columns, each ticket in a separate column headed by the chosen device, and the tickets in such order on the ballot and the names of the office in such order on the ticket as the secretary of state shall direct, preference, however, being given to the political party which cast the highest number of votes for the head of the ticket at the last preceding presidential election, and so on. No ticket or list of candidates shall be printed under the name of any party containing more candidates for any office than are to be elected.

The ballot shall be so printed as to give each voter a clear opportunity to designate by a cross mark in a large,

additional ballots.
Except as otherwise specified in this section, preparation, printing and delivery of absent voters' ballots shall be governed by the provisions of section nine, article four, section three, article five, and section fifteen, article six, of chapter three of the code.

Section 34. Charges for Publication; General Provisions Relating to Publication.—The price for publishing all advertisements and publications required to be made by law, or by the order of a court in any cause or proceeding therein, or by any provision of a deed of trust, or where any publication is made pursuant to law, shall not exceed two and three-fourths cents for each word for the first insertion, and one and one-half cents a word for each subsequent insertion required to be made: Provided, That for a notice to take depositions, notice to creditors, notice of receiving bids on public contracts, notice of the dissolution of a corporation, and an order of publication, published less than four insertions, the rate shall be not more than seven and one-half cents for each word for whatever number of insertions, less than four, that may be required to be made.

Notwithstanding the above paragraph, however, in those cases where a statute specifically provides for a different charge for publication (as in section two, article three,
chapter eleven-a of this code as amended), the price for publishing such advertisements or other publications shall be forty cents per item for each insertion in each newspaper.

In computing the number of words in a legal advertisement, not set solid, the basis shall be upon the size of type in which legal advertising is usually set by the newspaper making the publication, and shall be computed at the legal rate as though the matter was solid type, that is to say, on the basis of eighty-four words to the column inch in six point type, and fifty-four words to the column inch in eight point type, and any other size type in proportion.

If no newspaper in the county in which such publication should be made will insert the same for the times required, or for the price aforesaid, then the notice or advertisement may be published in a newspaper of general circulation in such county published in another county. If the publication is to be made in any case or proceeding in court, the court shall designate the newspaper in such other county and if the publication is not to be made in a case or proceeding in court, the newspaper shall be selected by the person at whose instance it is to be made, or his agent; and when the notice published in an advertisement of a sale of property, the notice shall be posted, by the person or persons whose duty it is to place the advertisement for publication, at the front door of the courthouse of the county in which the sale is to be made at least three weeks prior to the time fixed for making the sale, and copies of such notice shall be posted in at least four other public places in such county at the same time.

In case of any publication made by the order of a court, in any case or proceeding therein, or by any provision of a deed of trust, the price paid shall be taxed in the bill of costs, and the newspaper making any such publications herein last mentioned, and in all other cases wherein legal publications are made as herein provided if required by the party or parties placing any such advertisement, shall make and furnish, under oath, a certificate of publication of each advertisement so published, showing the number
of times it was inserted in such newspaper, the dates of
the first and last insertions thereof, and the amount of
costs for such publication, as required by this section.
Any posting of any such advertisement at the front door
of the court house, when so required, shall be done by
the publisher of the newspaper in which the publication
was published, and in such cases the certificate of publi-
cation herein provided for shall state that the advertise-
ment was posted at the front door of the courthouse. In
cases where any such notices are not published by a
newspaper, the certificates and affidavits herein provided
for shall be made by the party who would place the ad-
vertising with the newspaper had it been published by
such newspaper.

All advertisements required to be made by the state
of West Virginia, or any county, district, school district,
city, town or village, or any political subdivision thereof
or levying body, shall be published in a daily, tri-weekly,
semi-weekly, or weekly newspaper or newspapers, as the
case may be, of general circulation in the county wherein
the publication is to be made, and representing one or
both of the two major political parties in such county,
and which shall have been published continuously at
least once a week for a period of one year at the time of
placing such legal advertising, and at a plant located in
this state and capable of printing and publishing a weekly
newspaper of general circulation and owned by the owner
of such newspaper, except and unless there be no news-

shall be eligible to publish such legal advertising from its
inception.

Any citizen, taxpayer, or the owner or publisher of any
newspaper entitled by law to have any publication made
in his newspaper, which any county court or tribunal
created in lieu thereof, board of education, council of a
municipal corporation, or public officer, shall fail or re-
fuse to make, may have a writ of mandamus to compel
the making of such publication: Provided, That the news-
paper is willing to accept the price prescribed therefor by law.

In no case involving the publication of paid advertise­ments for candidates for political office shall the rate charged by any publisher be more than the average rate received by him from private patrons for similar adver­tising composed of reading matter or photographs and re­quiring the same amount of space.

by adding thereto a new section, designated section twenty, to
read as follows:
Section 20. Protection of Forests Against Destructive Insects and Diseases; Purposes and Intent of the Section.—In order to protect and preserve forest resources of the state of West Virginia from ravages of bark beetles, defoliators, rusts, blights, wilts, and other destructive forest pests and diseases, and thereby enhance the growth and maintenance of forests, promote the stability of forest-using industries and employment associated therewith; reduce the fire risk created by dying and dead trees injured or killed by insects or diseases; conserve forest cover on watersheds and protect recreational and other forest values; it shall be the policy of the state of West Virginia independently and through cooperation with adjoining states, the federal government, and private timber owners and other private organizations, to prevent, retard, control, suppress, or eradicate incipient, potential or emergency outbreaks of destructive insects and diseases on, or threatening, all forest land irrespective of ownership.

(a) Authority.—The director of the conservation commission of West Virginia is authorized either directly or in cooperation with other agencies, subject to such conditions as he may deem necessary and using such funds as have been, or may hereafter be, made available for those purposes, to conduct surveys on any forest land to detect and appraise infestations of forest insect pests and tree diseases, to determine the measures which should be applied on such lands, in order to prevent, retard, control, suppress, or eradicate incipient, threatening, potential, or emergency outbreaks of such insect or disease pests, and to plan, organize, direct, and carry out such measures as he may deem necessary to accomplish the objectives and provisions of this article: Provided, That actual control measures shall be conducted with the cooperation and consent of the quarantine and regulatory official of the department of agriculture.

the quarantine officials of the state department of agriculture to declare the same a public nuisance. When same has been declared a public nuisance he shall establish a control zone of the forest land wherein the same is found, and shall give notice in writing by at least two publications in a newspaper of general circulation in the area or areas where the control zone is established, by mail or otherwise to forest landowners within the control zone, advising them of the nature of the infestation or infection, recommending control measures and offering technical advice on methods of carrying out the control measures.

(c) Institution of Control Measures.—If, after notification by the director, any landowner fails, neglects, or is unable to carry out the control measures recommended by the director as set forth in subsection (b), the director may, through his agents, institute and carry out such control measures.

(d) Appeals.—Any person damaged or aggrieved by any action of any officer or employee of the department under the provisions of this article shall have the right to appeal from such action to the director and then to the circuit court of the county in which such person resides or in which he owns forest land affected by such action. The court, after hearing the evidence in the case, may make such orders as may be appropriate to protect the interests of the appellant, adjacent forest landowners, or the state.

(e) Cooperation with Individuals and Public Agencies.—The director is authorized to cooperate with landowners and appropriate authorities of town, city, county, adjoining state, and the United States government, and other agencies having jurisdiction of state lands, concerning forest tree insect and disease investigation and control, and to accept money, gifts, and donations and to disburse the same for the purpose of carrying out the provisions of this article.

(f) Annual Appropriation—Forest Pest Control Fund.—There is hereby created in the state treasury a special fund to be known as the forest pest control fund. Such fund shall consist of all moneys appropriated thereto by the Legislature, all moneys deposited with the state treasurer under

Section 1. Governor Authorized to Execute Compact.—

The governor on behalf of this state is hereby authorized to execute a compact in substantially the following form, with any one or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia, and the Legislature hereby signifies in advance its approval and ratification of such compact:

SOUTHEASTERN INTERSTATE FOREST FIRE PROTECTION COMPACT

Article I.

The purpose of this compact is to promote effective prevention and control of forest fires in the southeastern region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire fighting services by the member states, by providing for mutual aid in fighting forest fires among the compacting states of the region and with states which are party to other regional forest fire protection compacts or agreements, and for more adequate forest protection.

Article II.

This compact shall become operative immediately as
to those states ratifying it whenever any two or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia, which are contiguous have ratified it and congress has given consent thereto. Any state not mentioned in this article which is contiguous with any member state may become a party to this compact subject to approval by the Legislature of each of the member states.

Article III.

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that state and shall consult with like officials of the other member states and shall implement cooperation between such states in forest fire prevention and control.

The compact administrators of the member states shall coordinate the services of the member states and provide administrative integration in carrying out the purposes of this compact.

There shall be established an advisory committee of legislators, forestry commission representatives, and forestry or forest products industries representative which shall meet from time to time with the compact administrators. Each member state shall name one member of the senate and one member of the house of delegates who shall be designated by that state's commission on interstate cooperation, or if said commission cannot constitutionally designate the said members, they shall be designated in accordance with laws of that state; and the governor of each member state shall appoint two representatives, one of whom shall be associated with forestry or forest products industries to comprise the membership of the advisory committee. Action shall be taken by a majority of the compacting states, and each state shall be entitled to one vote.

The compact administrators shall formulate and, in accordance with need, from time to time, revise a regional forest fire plan for the member states.

It shall be the duty of each member state to formulate
and put in effect a forest fire plan for that state and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

Article IV.
Whenever the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combating, controlling or preventing forest fires, it shall be the duty of the state forest fire control agency of that state to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

Article V.
Whenever the forces of any member state are rendering outside aid pursuant to the request of another member state under this compact, the employees of such state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the state to which they are rendering aid.

No member state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on the part of such forces while so engaged, or on account of the maintenance, or use of any equipment or supplies in connection therewith: Provided, That nothing herein shall be construed as relieving any person from liability for his own negligent act or omission, or as imposing liability for such negligent act or omission upon any state.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

Any member state rendering outside aid pursuant to this compact shall be reimbursed by the member state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering
a request for aid, and for the cost of all materials, trans-
portation, wages, salaries, and subsistence of employees
and maintenance of equipment incurred in connection
with such request: Provided, That nothing herein con-
tained shall prevent any assisting member state from
assuming such loss, damage, expense or other cost or
from loaning such equipment or from donating such
service to the receiving member state without charge or
cost.

Each member state shall provide for the payment of
compensation and death benefits to injured employees
and the representatives of deceased employees in case
employees sustain injuries or are killed while rendering
outside aid pursuant to this compact, in the same manner
and on the same terms as if the injury or death were
sustained within such state.

For the purposes of this compact the term employee
shall include any volunteer or auxiliary legally included
within the forest fire fighting forces of the aiding state
under the laws thereof.

The compact administrators shall formulate procedures
for claims and reimbursement under the provisions of
this article, in accordance with the laws of the member
states.

Article VI.

Ratification of this compact shall not be construed to
affect any existing statute so as to authorize or permit
curtailment or diminution of the forest fire fighting forces,
equipment, services or facilities of any member state.
Nothing in this compact shall be construed to limit
or restrict the powers of any state ratifying the same to
provide for the prevention, control and extinguishment
of forest fires, or to prohibit the enactment or enforce-
ment of state laws, rules or regulations intended to aid
in such prevention, control and extinguishment in such
state.

Nothing in this compact shall be construed to affect
any existing or future cooperative relationship or ar-
 rangement between any federal agency and a member
state or states.

Representatives of any federal agency engaged in forest fire prevention and control may attend meetings of the compact administrators.

Article VIII.
The provisions of articles four and five of this compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any state party to this compact and any other state which is party to a regional forest fire protection compact in another region: Provided, That the Legislature of such other state shall have given its assent to such mutual aid provisions of this compact.

Article IX.
This compact shall continue in force and remain binding on each state ratifying it until the Legislature or the governor of such state, as the laws of such state shall provide, takes action to withdraw therefrom. Such action shall not be effective until six months after notice thereof has been sent by the chief executive of the state desiring to withdraw to the chief executives of all states then parties to the compact.

Sec. 2. When and How Compact Becomes Operative.—When the governor shall have executed said compact on behalf of this state and shall have caused a verified copy thereof to be filed with the state secretary, and when said compact shall have been ratified by one or more of the states named in section one of this act, then said compact shall become operative and effective as between this state and such other state or states. memberships of the advisory committee, whether appointed at said time or not, shall begin upon the date upon which said compact shall become effective in accordance with article two of said compact. quiring such person to appear before the commissioner or
his representative and produce all evidence and give all
testimony touching the matter in question. A person
failing to obey such order may be punished by such court
as for contempt.

Sec. 4-d. Immunity from Prosecution.—If any person
shall ask to be excused from attending and testifying or
from producing any books, papers, records, correspon-
dence or other documents at any hearing conducted pur-
suant to this chapter or in any cause or proceeding in-
stituted by the commissioner pursuant to this chapter on
the ground that the testimony or evidence required of
him may tend to incriminate him or subject him to a
penalty or forfeiture, and shall notwithstanding be di-
rected by the insurance commissioner to give such testi-
mony or produce such evidence, he must none the less
comply with such direction, but he shall not thereafter be
prosecuted or subjected to any penalty or forfeiture for
on account of any matter or thing concerning which he
may testify or produce evidence, pursuant thereto, and
no testimony so given or evidence produced shall be re-
ceived against him upon any criminal action, investigation
or proceeding: Provided, however, That no such individual
so testifying shall be exempt from prosecution or punish-
ment for any perjury or false swearing, committed by
him while so testifying and the testimony or evidence so
given or produced shall be admissible against him upon
any criminal action, investigation or proceeding con-
cerning such perjury or false swearing, nor shall he be exempt from the refusal, revocation or suspension of any license, permission or authority conferred, or to be conferred, pursuant to this chapter. Any such individual may execute, acknowledge and file in the office of the commissioner a statement expressly waiving such immunity or privilege in respect to any transaction, matter or thing specified in such statement and thereupon the testimony of such person or such evidence in relation to such transaction, matter or thing may be received or produced before any judge or justice, court, tribunal, grand jury or otherwise, and if so received or produced such individual shall not be entitled to any immunity or privilege on account of any testimony he may so give or evidence so produced.

Sec. 4-e. Hearing and Costs.—The insurance commissioner shall fix the time and place of hearing or trial. The commissioner may cause to be made a stenographic record of all evidence and all the proceedings had at such hearing. The costs and fees paid by the state for the attendance of witnesses, service of subpoena, and stenographic report may be taxed against and paid by the party or parties against whom the insurance commissioner shall find; which costs may be recovered in a civil action.

—The insurance commissioner, in lieu of revoking or suspending the license of a licensee in accordance with the provisions of this article, may, by order, require the licensee to pay to the state of West Virginia a penalty in a sum not exceeding one thousand dollars, and upon failure of such licensee to pay such penalty within thirty days after the mailing of such order, postage prepaid, registered, and addressed to the last known place of business of such licensee, unless such order is stayed by a court of competent jurisdiction, the insurance com-
missioner may revoke the license of such licensee or may suspend the same for such period as he may determine.

Any company ordered to pay such penalty, or the license of which has been suspended or revoked, may, within thirty days after such order or revocation or suspension, contest the same in the manner prescribed in section thirteen, article two of this chapter.

Such solicitor shall solicit and receive applications for insurance for the appointing agent only, and he shall report all business through him. The expiration, cancellation, or revocation of the license of the appointing agent shall automatically cancel the solicitor's license, and the appointing agent may cancel the solicitor's license at any time by request to the insurance commissioner. In no case shall a solicitor's license be requested when the principal use of such license is to effect insurance on the property, person or liability of the solicitor, or to circumvent the enforcement of the anti-rebate laws. That section four, article seven, chapter thirty-three of
the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 4. Revocation of Licenses. — Whenever the insurance commissioner upon investigation is satisfied that any agent, solicitor or broker acting under his supervision and holding a certificate of authority from him is violating or has violated any provision of this chapter, or that he is incompetent or untrustworthy, he shall proceed to revoke the certificate, or license, of such agent, solicitor or broker. Whenever the insurance commissioner shall proceed to revoke such license, or certificate, whether for the reasons aforesaid or in pursuance of any other provision or provisions of this chapter, he shall first notify such person of his findings and state in writing the complaint against him and require such person, on a date named, which date shall not be less than thirty days after service of notice, to show cause why his license should not be revoked. On the date stated in such notice, the insurance commissioner shall proceed to a hearing and decision in the manner provided in section thirteen, article two of this chapter, and if such person does not present good and sufficient reasons why his authority to transact business in this state should not be revoked, the commissioner may revoke such person's license, or certificate of authority.

The insurance commissioner, in lieu of revoking or suspending the license of a licensee in accordance with the provisions of this article, may, by order, require the licensee to pay to the state of West Virginia a penalty in a sum not exceeding one hundred dollars, and upon the failure of such licensee to pay such penalty within thirty days after the mailing of such order, postage prepaid, registered, and addressed to the last known place of business of such licensee, unless such order is stayed by an order of a court of competent jurisdiction, the insurance commissioner may revoke the license of such licensee or may suspend the same for such period as he may determine.

Any person whose license has been revoked or suspended or who has been ordered to pay a penalty under the provisions of this section may contest the decision
and findings in the manner prescribed in section thirteen,

or certificate, during the pendency of any proceeding
taken to contest and review an adverse decision of the
insurance commissioner.

Section 15. Insurance Vending Machines.—(a) A licensed resident agent may solicit applications for and issue policies for trip accident insurance by means of mechanical vending machines supervised by him, if:

1. The insurance commissioner finds that the kind of insurance and form of policy to be so sold is reasonably suited for sale and issuance through vending machines,
and that use of such machines therefor would be of con-
venience to the public, and

(2) The insurance commissioner finds that the type of
vending machines to be used is reasonably suitable and
practical for the purpose.

(b) The insurance commissioner shall issue to the
agent a special vending machine license as to each such
machine to be used. The license shall specify name and
address of the insurer and agent, kind of insurance and
type of policy to be so sold, and the place where the ma-
chine is to be in operation. The license shall expire, be re-
newable, and be suspended or revoked, coincidentally with
that of the agent. The license fee shall be five dollars
for each year or part thereof for each vending machine.
Proof of existence of the license shall be displayed on or
about each such machine in such manner as the insurance
commissioner may reasonably require.

Ch. 94] INSURANCE 247

Article
11. Accident and Health Insurance.
13. Group Accident and Health Insurance.

Be it enacted by the Legislature of West Virginia:

That article eleven, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by repealing sections ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one and twenty-two, and by enacting eighteen new sections, to be designated sections ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, twenty-two, twenty-three, twenty-four, twenty-five, twenty-six and twenty-seven of said article; and that section five, article thirteen, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, all to read as follows:

Article 11. Accident and Health Insurance.

Section
10. Definition of accident and sickness insurance policy.
11. Statement to be contained in, and form of policy.
12. Policies delivered to nonresidents; approval by insurance commissioner.
13. Required accident and sickness policy provisions.
15. Inapplicable or inconsistent policy provisions.
17. Third party ownership.
18. Requirements of other jurisdictions.
19. Procedure in filing policies.
20. Other policy provisions.

22. Application.
23. Notice, waiver.
25. Discriminations prohibited.
26. Penalty for issuing or delivering policy in violation of article.
27. Application of article.

Section 10. Definition of Accident and Sickness Insurance Policy.—The term “policy of accident and sickness insurance” as used herein includes any policy or contract covering the kind or kinds of insurance described in section nine of this article.

Sec. 11. Statement to Be Contained in, and Form of Policy.—No policy of accident and sickness insurance
shall be delivered or issued for delivery to any person in this state unless:

(a) the entire money and other considerations therefor are expressed therein; and

(b) the time at which the insurance takes effect and terminates is expressed therein; and

(c) it purports to insure only one person, except that a policy may insure, originally or by subsequent amendment, upon the application of an adult member of a family who shall be deemed the policyholder, any two or more eligible members of that family, including husband, wife, dependent children or any children under a specified age which shall not exceed nineteen years and any other person dependent upon the policyholder; and

(d) the style, arrangement and over-all appearance of the policy give no undue prominence to any portion of the text, and unless every printed portion of the text of the policy and of any endorsements or attached papers is plainly printed in light-faced type of a style in general use, the size of which shall be uniform and not less than ten-point with a lower-case unspaced alphabet length not less than one hundred and twenty-point (the "text" shall include all printed matter except the name and address of the insurer, name or title of the policy, the brief description, if any, and captions and subcaptions), the policy shall clearly indicate on the first page its cancellable or optionally renewable nature; and

(e) the exceptions and reductions of indemnity are set forth in the policy and, except those which are set forth in sections thirteen and fourteen of this article, are printed, at the insurer's option, either included with the benefit provision to which they apply, or under an appropriate caption such as "EXCEPTIONS", or "EXCEPTIONS AND REDUCTIONS": Provided, That if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies; and

(f) each such form, including riders and endorsements, shall be identified by a form number in the lower left-hand corner of the first part thereof; and
(g) it contains no provision purporting to make any portion of the charter, rules, constitution, or by-laws of the insurer a part of the policy unless such portion is set forth in full in the policy, except in the case of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the commissioner.

Sec. 12. Policies Delivered to Nonresidents; Approval by Insurance Commissioner.—If any policy is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state shall have advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meets the standards set forth in this article.

Sec. 13. Required Accident and Sickness Policy Provisions.—Except as provided in section fifteen of this article, each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this section in the words in which the same appear in this section: Provided, however, That the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of the different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(a) A provision as follows:

"ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has author-
ity to change this policy or to waive any of its provisions.”

(b) A provision as follows:

“TIME LIMIT ON CERTAIN DEFENSES: (1) After two years from the date of issue of this policy no mis-statements, except fraudulent mis-statements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period.”

The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of clauses (a), (b), (c), (d) and (e) of section fourteen of this article in the event of misstatement with respect to age or occupation or other insurance. A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (i) until at least age fifty, or (ii) in the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer’s option) under the caption “INCONTESTABLE”:

(2) “No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.”

(c) A provision as follows:

“GRACE PERIOD: A grace period of . . . (insert a number not less than ‘7’ for weekly premium policies, ‘10’ for monthly premium policies and ‘31’ for all other policies) days will be granted for the payment of each premium falling due after the first premium, during
which grace period the policy shall continue in force."

A policy which contains a cancellation provision may add, at the end of the above provision, "subject to the right of the insurer to cancel in accordance with the cancellation provision hereof."

A policy in which the insurer reserves the right to refuse any renewal shall have at the beginning of the above provision, "Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted."

(d) A provision as follows:

"REINSTatement: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy: Provided, however, That if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement."
The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty, or, (2) in the case of a policy issued after age forty-four, for at least five years from its date of issue.

(e) A provision as follows:

“NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at . . . (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.”

In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

“Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall, at least once in every six months after having given notice of claim give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured’s right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.”

(f) A provision as follows:

“CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after
the giving of such notice the claimant shall be deemed
to have complied with the requirements of this policy as
to proof of loss upon submitting, within the time fixed
in the policy for filing proofs of loss, written proof cover-
ing the occurrence, the character and the extent of the
loss for which claim is made.”

(g) A provision as follows:
“PROOF OF LOSS: Written proof of loss must be fur-
nished to the insurer at its said office in case of claim
for loss for which this policy provides any periodic pay-
ment contingent upon continuing loss within ninety days
after the termination of the period for which the insurer
is liable and in case of claim for any other loss within
ninety days after the date of such loss. Failure to furnish
such proof within the time required shall not invalidate
nor reduce any claim if it was not reasonably possible
to give proof within such time, provided such proof is
furnished as soon as reasonably possible and in no event,
except in the absence of legal capacity, later than one
year from the time proof is otherwise required.”

(h) A provision as follows:
“TIME OF PAYMENT OF CLAIMS: Indemnities pay-
able under this policy for any loss other than loss for
which this policy provides any periodic payment will be
paid immediately upon receipt of due written proof of
such loss. Subject to due written proof of loss, all ac-
crued indemnities for loss for which this policy provides
periodic payment will be paid . . . (insert period for
payment which must not be less frequently than monthly)
and any balance remaining unpaid upon the termination
of liability will be paid immediately upon receipt of due
written proof.”

(i) A provision as follows:
“PAYMENT OF CLAIMS: Indemnity for loss of life
will be payable in accordance with the beneficiary desig-
nation and the provisions respecting such payment which
may be prescribed herein and effective at the time of
payment. If no such designation or provision is then
effective, such indemnity shall be payable to the estate
of the insured. Any other accrued indemnities unpaid at
the insured’s death may, at the option of the insurer, be
paid either to such beneficiary or to such estate. All other
indemnities will be payable to the insured.”

The following provisions, or either of them, may be
included with the foregoing provisions at the option of
the insurer:

“If any indemnity of this policy shall be payable to the
estate of the insured, or to an insured or beneficiary who
is a minor or otherwise not competent to give a valid
release, the insurer may pay such indemnity, up to an
amount not exceeding $... (insert an amount which
shall not exceed $1000), to any relative by blood or con-
nection by marriage of the insured or beneficiary who is
deemed by the insurer to be equitably entitled thereto.
Any payment made by the insurer in good faith pursuant
to this provision shall fully discharge the insurer to the
extent of such payment.

“Subject to any written direction of the insured in the
application or otherwise all or a portion of any indemni-
ties provided by this policy on account of hospital, nurs-
ing, medical, or surgical services may, at the insurer’s
option and unless the insured requests otherwise in writ-
ing not later than the time of filing proofs of such loss,
be paid directly to the hospital or person rendering such
services; but it is not required that the service be ren-
dered by a particular hospital or person.”

(j) A provision as follows:

“PHYSICAL EXAMINATIONS AND AUTOPSY: The
insurer at its own expense shall have the right and op-
portunity to examine the person of the insured when and
as often as it may reasonably require during the pendency
of a claim hereunder and to make an autopsy in case of
death where it is not forbidden by law.”

(k) A provision as follows:

“LEGAL ACTIONS: No action at law or in equity shall
be brought to recover on this policy prior to the expira-
tion of sixty days after written proof of loss has been
furnished in accordance with the requirements of this
policy. No such action shall be brought after the expira-
tion of three years after the time written proof of loss is
required to be furnished.”

(l) A provision as follows:
"CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy."

The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.

Sec. 14. Optional Policy Provisions.—Except as provided in section fifteen of this article, no such policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section: Provided, however, That the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(a) A provision as follows:

"CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium
from the date of change of occupation or from the policy
anniversary date immediately preceding receipt of such
proof, whichever is the more recent. In applying this
provision, the classification of occupational risk and the
premium rates shall be such as have been last filed by
the insurer prior to the occurrence of the loss for which
the insurer is liable or prior to date of proof of change
in occupation with the state official having supervision
of insurance in the state where the insured resided at the
time this policy was issued; but if such filing was not
required, then the classification of occupational risk and
the premium rates shall be those last made effective by
the insurer in such state prior to the occurrence of the
loss or prior to the date of proof of change in occupation."

(b) A provision as follows:
"MISSTATEMENT OF AGE: If the age of the insured
has been misstated, all amounts payable under this policy
shall be such as the premium paid would have purchased
at the correct age."

(c) A provision as follows:
"OTHER INSURANCE IN THIS INSURER: If an acci-
dent or sickness or accident and sickness policy or policies
previously issued by the insurer to the insured be in force
concurrently herewith, making the aggregate indemnity
for ... (insert type of coverage or coverages) in excess
of $ ... (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums
paid for such excess shall be returned to the insured or
to his estate."

or, in lieu thereof:
"Insurance effective at any one time on the insured
under a like policy or policies in this insurer is limited
to the one such policy elected by the insured, his bene-
ficiary or his estate, as the case may be, and the insurer
will return all premiums paid for all other such policies."

Provided that no policy hereafter issued for delivery
in this state which provides, with or without other bene-
fits, for the payment of benefits or reimbursement for
expenses with respect to hospitalization, nursing care,
medical or surgical examination or treatment, or ambu-
lance transportation shall contain any provision for a re-
duction of such benefits or reimbursement, or any provision for avoidance of the policy, on account of other insurance of such nature carried by the same insured with the same or another insurer.

(d) A provision as follows:

"INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined."

The insurer may, at its option, include in this provision a definition of "other valid coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workmen's compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

(e) A provision as follows:
"RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time."

The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty or, (2) in the case of a policy issued after age forty-four, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any
compulsory benefit statute (including any workmen's compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.

(f) A provision as follows:

"UNPAID PREMIUM: Upon the payment of a claim under this policy, any premiums then due and unpaid or covered by any note or written order may be deducted therefrom."

(g) A provision as follows:

"CANCELLATION: The insurer may cancel this policy at any time by written notice delivered to the insured or mailed to his last address as shown by the records of the insurer, stating when, not less than five days thereafter, such cancellation shall be effective; after the policy has been continued beyond its original term the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation."

(h) A provision as follows:

"CONFORMITY WITH STATE STATUTES: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes."

(i) A provision as follows:

"ILLEGAL OCCUPATION: The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation."
(j) A provision as follows:

"INTOXICANTS AND NARCOTICS: The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician."

Sec. 15. Inapplicable or Inconsistent Policy Provisions.

—If any provision of this section is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

Sec. 16. Order of Certain Policy Provisions.—The provisions which are the subject of sections thirteen and fourteen of this article or any corresponding provisions which are used in lieu thereof in accordance with such sections, shall be printed in consecutive order of the provisions in such sections or, at the option of the insurer, any such provisions may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

Sec. 17. Third Party Ownership.—The word "insured" as used in this article, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

Sec. 18. Requirements of Other Jurisdictions.—(a) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the in-
sured or the beneficiary than the provisions of this article
and which is prescribed or required by the law of the state
under which the insurer is organized.
(b) Any policy of a domestic insurer may, when issued
for delivery in any other state or country, contain any
 provision permitted or required by the laws of such other
state or country.

Sec. 19. Procedure in Filing Policies.—The commis-
 sioner may make such reasonable rules and regulations
concerning the procedure for the filing or submission of
policies subject to this article as are necessary, proper or
advisable to the administration of this article. This pro-
vision shall not abridge any other authority granted the
commissioner by law.

Sec. 20. Other Policy Provisions.—No policy provision
which is not subject to sections thirteen, fourteen or fif-
teen of this article shall make a policy, or any portion
thereof, less favorable in any respect to the insured or the
beneficiary than the provisions thereof which are subject
to this article.

Sec. 21. Policy Conflicting with This Article.—A policy
delivered or issued for delivery to any person in this state
in violation of this article shall be held valid but shall be
construed as provided in this article. When any provision
in a policy subject to this article is in conflict with any
 provision of this article, the rights, duties and obligations
of the insurer, the insured and the beneficiary shall be
governed by the provisions of this article.

Sec. 22. Application.—(a) The insured shall not be
bound by any statement made in an application for a
policy unless a copy of such application is attached to or
endorsed on the policy when issued as a part thereof. If
any such policy delivered or issued for delivery to any
person in this state shall be reinstated or renewed, and
the insured or the beneficiary or assignee of such policy
shall make written request to the insurer for a copy of
the application, if any, for such reinstatement or renewal,
the insurer shall within fifteen days after the receipt of
such request at its home office or any branch office of the
insurer, deliver or mail to the person making such re-
quest, a copy of such application. If such copy shall not
be so delivered or mailed, the insurer shall be precluded
from introducing such application as evidence in any ac-
tion or proceeding based upon or involving such policy or
its reinstatement or renewal.

(b) No alteration of any written application for any
such policy shall be made by any person other than the
applicant without his written consent, except that inser-
tions may be made by the insurer, for administrative
purposes only, in such manner as to indicate clearly that
such insertions are not to be ascribed to the applicant.
The making of any such alterations without the consent
of the applicant shall be a misdemeanor. If such alter-
ation shall be made by any officer of the insurer, or by
any employee of the insurer with the insurer's knowledge
or consent, then such act shall be deemed to have been
performed by the insurer thereafter issuing the policy
upon such altered application. The commissioner may re-
voke the license of the insurer for any violation of this
section.

(c) The falsity of any statement in the application for
any policy covered by this article may not bar the right to
recovery thereunder unless such false statement materi-
ally affected either the acceptance of the risk or the haz-
ard assumed by the insurer.

Sec. 23. Notice, Waiver.—The acknowledgment by any
insurer of the receipt of notice given under any policy
covered by this article, or the furnishing of forms for filing
proofs of loss, or the acceptance of such proofs, or the
investigation of any claim thereunder shall not operate as
a waiver of any of the rights of the insurer in defense of
any claim arising under such policy.

Sec. 24. Age Limit.—If any such policy contains a pro-
vision establishing, as an age limit or otherwise, a date
after which the coverage provided by the policy will not
be effective, and if such date falls within a period for
which premium is accepted by the insurer or if the in-
surer accepts a premium after such date, the coverage
provided by the policy will continue in force subject to
any right of cancellation until the end of the period for
which premium has been accepted. In the event the age
of the insured has been misstated and if, according to the
correct age of the insured, the coverage provided by the
policy would not have become effective, or would have
ceased prior to the acceptance of such premium or pre-
miums, then the liability of the insurer shall be limited
to the refund, upon request, of all premiums paid for the
period not covered by the policy.

Sec. 25. Discriminations Prohibited.—Discrimination
between individuals of the same class in the amount of
premiums or rates charged for any policy of insurance
covered by this article, or in the benefits payable thereon,
or in any of the terms or conditions of such policy, or in
any other manner whatsoever, is prohibited.

Sec. 26. Penalty for Issuing or Delivering Policy in
Violation of Article.—Any insurer, or any officer or agent
thereof, who issues or delivers to any person in this state
any policy, or alters any written application for insur-
ance, in wilful violation of the provisions of this article,
shall be guilty of a misdemeanor, and, upon conviction
thereof shall be sentenced to pay a fine of not more than
three hundred dollars for each offense. The insurance
commissioner may revoke the license of any company,
corporation, association or other insurer of another state
or country, or of the agent thereof, which or who wilfully
violates any of said provisions.

Sec. 27. Application of Article.—(a) Nothing in this
article, however, shall apply to or affect any policy of
liability or workmen’s compensation insurance.
(b) Nothing in this article shall apply to or affect any
policy of insurance issued in accordance with article thir-
ten of this chapter, except as provided in said article
thirteen.
(c) Nothing in this article shall apply to nor in any
way affect life insurance, endowment or annuity con-
tacts or contracts supplemental thereto which contain no
provisions relating to accident or health insurance except
(i) such as provided additional benefits in case of death
13 by accidental means, and except (ii) such as operate to
14 safeguard such contracts against lapse, or to give a special
15 surrender value, or special benefit, or an annuity, in the
16 event that the insured or annuitant shall become totally
17 and permanently disabled as defined by the contract or
18 supplemental contract.
19 (d) Nothing in this article shall apply to or in any way
20 affect fraternal benefit societies.
21 (e) The provisions of this article contained in clauses
22 (d) and (j) of section thirteen may be omitted from
23 transportation ticket policies.
24 Any policy, rider or endorsement, which could have been
25 lawfully used or delivered or issued for delivery to any
26 person in this state immediately before the effective date
27 of this act, may be used or delivered or issued for de-
28 livery to any such person until January first, one thou-
29 sand nine hundred fifty-seven, without being subject to
30 the provisions of sections eleven through twenty-one, in-
31 clusive, of this article.

Article 13. Group Accident and Health Insurance.

Section 5. Policies to provide expense reimbursement permitted; provision as to proof of loss and time for suit prescribed.

Section 5. Policies to Provide Expense Reimbursement Permitted; Provision as to Proof of Loss and Time for Suit Prescribed.—Any policy coming within the classifi-
4 cation of subsection (a) or (b) of section one of this
5 article may provide, in addition to such other indemnities,
6 if any, as are provided in the policy on account of sick-
7 ness or bodily injury or death of insured employees or
8 members by accident, for the payment of benefits or re-
9 imbursement for expenses with respect to any one or
10 more of the following contingencies: Hospitalization,
11 nursing care, medical or surgical examination or treat-
12 ment, or ambulance transportation of insured employees
13 or members, or of their spouses or children, or of de-
14 pendents living with them: Provided, That no such policy
15 hereafter issued for delivery in this state shall contain
16 any provision relative to notice or proof of loss or the
17 time for paying benefits or the time within which suit
may be brought upon the policy which is less favorable to the insured than would be permitted by the provisions of section thirteen of article eleven.

Section 1. Declaration of Purposes.—The purpose of this act is to regulate trade practices in the business of insurance in accordance with the intent of Congress as expressed in the act of Congress of March ninth, one thousand nine hundred forty-five (Public Law fifteen, seventy-ninth Congress), by defining, or providing for the determination of, all such practices in this state which constitute unfair methods of competition or unfair or deceptive acts or practices and by prohibiting the trade practices so defined or determined.

Sec. 4. Unfair Methods of Competition and Unfair or Deceptive Acts or Practices Defined.—The following are hereby defined as unfair methods of competition and unfair and deceptive acts or practices in the business of insurance:
(a) Misrepresentations and False Advertising of Policy Contracts.—Making, issuing, circulating or causing to be made, issued or circulated, any estimate, illustration, circular or statement misrepresenting the terms of any policy issued or to be issued or the benefits or advantages promised thereby or the dividends or share of the surplus to be received thereon, or making any false or misleading statement as to the dividends or share of surplus previously paid on similar policies, or making any misleading representation or any misrepresentation as to the financial
condition of any insurer, or as to the legal reserve system
upon which any life insurer operates, or using any name
or title of any policy or class of policies misrepresenting
the true nature thereof, or making any misrepresentation
to any policyholder insured in any company for the pur-
pose of inducing or tending to induce such policyholder
to lapse, forfeit, or surrender his insurance.

(b) False Information and Advertising Generally.—
Making, publishing, disseminating, circulating or placing
before the public or causing, directly, to be made, pub-
lished, disseminated, circulated or placed before the pub-
lic, in a newspaper, magazine or other publication, or in
the form of a notice, circular, pamphlet, letter or poster, or
over any radio station, or in any other way, an adver-
tisement, announcement or statement containing any
assertion, representation or statement with respect to the
business of insurance or with respect to any person in
the conduct of his insurance business, which is untrue,
deceptive or misleading.

(c) Defamation.—Making, publishing, disseminating or
circulating, directly or indirectly, or aiding, abetting or
encouraging the making, publishing, disseminating or
circulating of any oral or written statement or any pam-
phlet, circular, article or literature which is false or mal-

of an insurer and which is calculated to injure any person
engaged in the business of insurance.

(d) Boycott, Coercion and Intimidation.—Entering into
any agreement to commit, or by any concerted action
committing, any act of boycott, coercion or intimidation
resulting in or tending to result in unreasonable restraint

(e) False Financial Statements.—Filing with any su-
ervisory or other public official, or making, publishing,
disseminating, circulating or delivering to any person, or
placing before the public, or causing directly or indirect-
ly, to be made, published, disseminated, circulated, deliv-
ered to any person or placed before the public, any false
statement of financial condition of an insurer with intent
to deceive.
Making any false entry in any book, report or statement
of any insurer with intent to deceive any agent or exam-
iner lawfully appointed to examine into its condition or
into any of its affairs, or any public official to whom such
insurer is required by law to report, or who has authority
by law to examine into its condition or into any of its
affairs or, with like intent, wilfully omitting to make a
true entry of any material fact pertaining to the business
of such insurer in any book, report or statement of such
insurer.

(f) Stock Operations and Advisory Board Contracts.—
Issuing or delivering or permitting agents, officers, or em-
ployees to issue or deliver agency company stock or other
capital stock, or benefit certificates or shares in any com-
mon-law corporation, or securities or any special or advi-
sory board contracts or other contracts of any kind prom-
ising returns and profits as an inducement to insurance.

(g) Unfair Discrimination.—The commission of any
one or more of the acts prohibited by sections eleven-a,
eighteen, nineteen, twenty-two, and thirty-five of article
two of this chapter.

Sec. 5. Power of Commissioner.—The commissioner
shall have power to examine and investigate into the
affairs of every person engaged in the business of insurance
in this state in order to determine whether such person
has been or is engaged in any unfair method of competition
or in any unfair or deceptive act or practice prohibited
by section three of this article.

Sec. 6. Hearings, Witnesses, Appearances, Production
of Books, and Service of Process.—(a) Whenever the com-
missioner shall have reason to believe that any such per-
son has been engaged or is engaging in this state in any
unfair method of competition or any unfair or deceptive
act or practice defined in section four, and that a proceed-
ing by him in respect thereto would be to the interest of
the public, he shall issue and have served upon such per-
son a statement of the charges in that respect and a notice
of a hearing thereon to be held at a time and place fixed
in the notice, which shall not be less than ten days after
the date of the service thereof.
(b) At the time and place fixed for such hearing, such person shall have an opportunity to be heard and to show cause why an order should not be made by the commissioner requiring such person to cease and desist from the acts, methods or practices so complained of. Upon good cause shown, the commissioner shall permit any person to intervene, appear and be heard at such hearing by counsel or in person.

(c) Nothing contained in this article shall require the observance at any such hearing of formal rules of pleading or evidence.

(d) The commissioner, upon such hearing, may administer oaths, examine and cross-examine witnesses, receive oral and documentary evidence, and shall have the power to subpoena witnesses, compel their attendance and require the production of books, papers, records, correspondence or other documents which he deems relevant to the inquiry. At the expense of and at the written request seasonably made by a person affected by the hearing, the commissioner shall cause a full stenographic record of the proceedings to be made by a competent stenographic reporter, and if transcribed, such record shall be made a part of the commissioner’s record of the hearing. A copy of such record shall be furnished any other party upon the written request and at the expense of such party. If no stenographic record is made and if a judicial review is sought, the commissioner shall prepare a statement of the evidence and proceeding for use on review. In case a person refuses to obey any subpoena issued hereunder or to testify with respect to any matter concerning which he may be lawfully interrogated, the commissioner or his representative may invoke the aid of any circuit court in order that the testimony or evidence be produced. Upon proper showing, such court shall issue a subpoena or order requiring such person to appear before the commissioner or his representative and produce all evidence and give all testimony touching the matter in question. A person failing to obey such order may be punished by such court as for contempt.

(e) Statements of charges, notices, orders and other
processes of the commissioner under this article may be
served by anyone duly authorized by the commissioner,
either in the manner provided by law for service of
process in civil actions or by registering and mailing a
copy thereof to the person affected by such statement,
notice, order or other process at his or its residence or
principal office or place of business. The verified return
by the person so serving such statement, notice, order or
other process, setting forth the manner of such service,
shall be proof of the same and the return post card re-
ceipt for such statement, notice, order or other process,
registered and mailed as aforesaid, shall be proof of the
service of the same.

Sec. 7. Cease and Desist Orders and Modification There-
of.—(a) If, after such hearing, the commissioner shall
determine that the method of competition or the act or
practice in question is defined in section four and that the
person complained of has engaged in such method of
competition, act or practice in violation of this article, he
shall reduce his findings to writing and shall issue and
cause to be served upon the person charged with the
violation an order requiring such person to cease and
desist from engaging in such method of competition, act
or practice.

(b) Until the expiration of the time allowed under
section eight (a) of this article for filing a petition for re-
view by appeal if no such petition has been duly filed
within such time or, if a petition for review has been filed
within such time, then until the transcript of the record in
the proceeding has been filed in the circuit court of Kan-
wha county, as hereinafter provided, the commissioner
may at any time, upon such notice and in such manner as
he shall deem proper, modify or set aside in whole or in
part any order issued by him under this section.

(c) After the expiration of the time allowed for filing
such a petition for review, if no such petition has been
duly filed within such time, the commissioner may, at
any time after notice given pursuant to the requirements
of section six (e) and opportunity for hearing, reopen
and alter, modify or set aside, in whole or in part, any
order issued by him under this section whenever, in his opinion, conditions of fact or of law have so changed as to require such action or if the public interest shall so require.

Sec. 8. Judicial Review of Cease and Desist Orders.—
(a) Any order or decision of the commissioner under this section shall be subject to review as provided in section thirteen, article two of this chapter. The findings of fact of the commissioner, and any modification thereof as provided for in subsection (b) of this section, if supported by the preponderance of the evidence, shall be conclusive.
(b) To the extent that the order of the commissioner is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of such order of the commissioner. If either party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the commissioner, the court may order such additional evidence to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commissioner may modify his findings of fact, or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings, which, if supported by the preponderance of the evidence, shall be conclusive, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.
(c) A cease and desist order issued by the commissioner under section seven shall become final:
(1) Upon the expiration of the time allowed for filing a petition for review if no such petition has been duly filed within such time; except that the commissioner may thereafter modify or set aside his order to the extent provided in section seven (b); or
(2) Upon the final decision of the court if the court directs that the order of the commissioner be affirmed or the petition for review dismissed.
(d) No order of the commissioner under this article or order of a court to enforce the same shall in any way relieve or absolve any person affected by such order from any liability under any other laws of this state.

Sec. 9. Procedure as to Unfair Methods of Competition and Unfair or Deceptive Acts or Practices Which Are Not Defined.—(a) Whenever the commissioner shall have reason to believe that any person engaged in the business of insurance is engaging in this state in any method of competition or in any act or practice in the conduct of such business which is not defined in section four, that such method of competition is unfair or that such act or practice is unfair or deceptive and that a proceeding by him in respect thereto would be to the interest of the public, he may issue and serve upon such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place fixed in the notice, which shall not be less than ten days after the date of the service thereof. Each such hearing shall be conducted in the same manner as the hearings provided for in section six. The commissioner shall, after such hearing, make a report in writing in which he shall state his findings as to the facts, and he shall serve a copy thereof upon such person.

(b) If such report charges a violation of this article and if such method of competition, act or practice has not been discontinued, the commissioner may, through the attorney general of this state, at any time after ten days after the service of such report, cause a petition to be filed in the circuit court of Kanawha county or in the circuit court of this state within the district wherein the person resides or has his principal place of business, to enjoin and restrain such person from engaging in such method, act or practice. The court shall have jurisdiction of the proceeding and shall have power to make and enter appropriate orders in connection therewith and to issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public pendente lite.

(c) A transcript of the proceedings before the commis-
sioner including all evidence taken and the report and findings shall be filed with such petition. If either party shall apply to the court for leave to adduce additional evidence and shall show, to the satisfaction of the court, that such additional evidence is material and there were reasonable grounds for the failure to adduce such evidence in the proceeding before the commissioner the court may order such additional evidence to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commissioner may modify his findings of fact or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings with the return of such additional evidence.

(d) If the court finds that the method of competition complained of is unfair or that the act or practice complained of is unfair or deceptive, that the proceeding by the commissioner with respect thereto is to the interest of the public and that the findings of the commissioner are supported by the weight of the evidence, it shall issue its order enjoining and restraining the continuance of such method of competition, act or practice.

Sec. 10. Judicial Review by Intervenor.—If the report of the commissioner does not charge a violation of this article, then any intervenor in the proceedings may, within thirty days after the service of such report, cause a petition to be filed in the circuit court of Kanawha county for a review of such report. Upon such review, the court shall have authority to issue appropriate orders and decrees in connection therewith, including, if the court finds that it is to the interest of the public, orders enjoining and restraining the continuance of any method of competition, act or practice which it finds, notwithstanding such report of the commissioner, constitutes a violation of this article.

Sec. 11. Penalty.—Any person who violates a cease and desist order of the commissioner under section seven of this article, after it has become final and while such order is in effect, shall forfeit and pay to the state of West Vir-
ginia a sum not to exceed five thousand dollars for a wil-
ful violation thereof; or a sum not to exceed two hundred
fifty dollars when such violation is not wilful; which may
be recovered in a civil action. Nothing herein shall be
construed as limiting the authority of any court to en-
force its orders, by contempt proceedings or otherwise.

Sec. 12. Provisions of Article Additional to Existing
Law.—The powers vested in the commissioner by this ar-
ticle shall be additional to any other powers to enforce any
penalties, fines or forfeitures authorized by law with re-
spect to the methods, acts and practices hereby declared
to be unfair or deceptive.

Sec. 13. Immunity From Prosecution.—If any person
shall ask to be excused from attending and testifying or
from producing any books, papers, records, correspond-
ence or other documents at any hearing on the ground
that the testimony or evidence required of him may tend
to incriminate him or subject him to a penalty or for-
feiture, and shall notwithstanding be directed to give such
testimony or produce such evidence, he must none the-
less comply with such direction but he shall not there-
after be prosecuted or subjected to any penalty or for-
feiture for or on account of any transaction, matter or
ting which he may testify or produce evi-
dence pursuant thereto, and no testimony so given or
evidence produced shall be received against him upon
any criminal action, investigation or proceeding: Provi-
ed, however, That no such individual so testifying shall be
exempt from prosecution or punishment for any perjury
or false swearing committed by him while so testifying
and the testimony or evidence so given or produced shall
be admissible against him upon any criminal action, in-
vestigation or proceeding concerning such perjury or false
swearing, nor shall he be exempt from the refusal, revo-
cation or suspension of any license, permission or author-
ity conferred, or to be conferred, pursuant to the insur-
ance law of this state. Any such individual may execute,
acknowledge and file in the office of the commissioner a
statement expressly waiving such immunity or privilege
in respect to any transaction, matter or thing specified
in such statement and thereupon the testimony of such
person or such evidence in relation to such transaction,
matter or thing may be received or produced before any
judge or justice, court, tribunal, grand jury or otherwise,
and if so received or produced such individual shall not
be entitled to any immunity or privilege on account of any
testimony he may so give or evidence so produced.

Sec. 14. Trade Practice Conferences.—(a) Trade prac-
tice conferences for the purpose of dealing with such trade
practices as are within the purview of this article and
not defined in section four of this article, or for the pur-
pose of establishing supplementary regulations and rules
relating to trade practices defined in section four, may
be authorized by the commissioner upon his own motion,
or upon written application therefor by any insurer or
person as defined in this article to whom rulings arising
therefrom may be directly applicable, whenever such a
conference may appear to the commissioner to be in the
interest of the public. The commissioner shall give rea-
sonable notice to such persons as he shall deem directly
affected, or to their representatives, of the time and place
of any such conference. Such notice shall set forth briefly
the subject matter for consideration or drafts of trade
practice rules proposed by the commissioner or persons
affected. Each such conference shall be presided over by
the commissioner or a member of his staff designated by
him. Any such trade practice conference may submit to
the commissioner its recommendations as to rules, reg-
ulations or standards defining certain methods of compe-
tition, acts or practices as being fair or unfair, deceptive
or not deceptive, within the meaning of this section. The
scope of such trade conference shall be limited to the
phase of the insurance business directly represented by
those persons or insurers notified by the commissioner or
attending such conference upon notice from the commis-
sioner. The commissioner shall give due consideration to
the recommendations, or objections, of any such trade
practice conference which has acted under the authority
of this section. If he shall find that a proposed rule is in
the public interest and does not, in his opinion, sanction,
aid or abet a practice contrary to law, he may promul-
gate a rule, regulation or standard, enforceable under the
provisions of this article, applicable thereto, until modi-
fied or rescinded as herein provided. Before any such rule,
regulation or standard shall be promulgated under the
provisions of this section, the commissioner shall advise
all persons or insurers as defined in this article who would
be directly affected thereby and shall give thirty days'
otice in writing to such persons or insurers to file their
objections, if any. Trade practice rules, regulations or
standards promulgated under this section may be amend-
ed or rescinded by the commissioner upon his own motion,
or upon motion of any directly affected person or insurer,
after the commissioner shall have given reasonable notice
to the persons or insurers directly affected thereby, and
after there has been a hearing, if requested by such af-
fected persons or insurers, concerning such amendment
or rescission: Provided, That such request is made in writ-
ing within thirty days after notice is given. Any order
or decision of the commissioner under this section shall
be subject to review as provided in section thirteen, article
two of this chapter.

(b) The powers vested in the commissioner by this sec-
tion shall be in addition to any other powers authorized
by law and shall not be construed as limiting the authority
vested in the commissioner to promulgate rules, regula-
tions or standards generally, and shall not limit his right
to publish formal or informal opinions as to acts or prac-
tices being legal or illegal, fair or unfair, deceptive or not
deceptive, within the meaning of this article.

Sec. 15. Separability Provision.—If any provision of this
article, or the application of such provision to any person
or circumstances, shall be held invalid, the remainder of
the article and the application of such provision to persons
or circumstances other than those as to which it is held
invalid, shall not be affected thereby.

account of any such loans or advances, interest, commissions, obligations, indebtedness, charges, and expenses, and such lien shall be valid from the time of filing the notice hereinafter referred to, whether such materials, goods in process, or merchandise shall be in existence at the time of the agreement creating the lien or at the time of filing such notice or shall come into existence subsequently thereto or shall subsequently thereto be acquired by the borrower: Provided, That a notice of the lien is filed stating:

(a) The name of the factor, the name under which the factor does business, if an assumed name; the principal place of business of the factor within the state, or if he has no place of business within the state, his principal place of business outside this state; and if the factor is a partnership or association, the name of the partners, and if a corporation, the state under whose laws it was organized;

Amendments of the notice may be filed from time to time to record any changes in the information contained in the original, subsequent or amended notices.

Sec. 4. Time and Effect of Filing Notice.—Such notice shall be filed within thirty days after the making of the agreement and shall be effectual from the time of the filing thereof as against all claims of unsecured creditors of the borrower and as against subsequent liens of creditors, except that if, pursuant to the laws of this state, a lien should subsequently attach to the materials, goods in process, or merchandise in favor of a processor, dyer, mechanic, or other artisan, or in favor of a land-

any voluntary patient if to do so, in the judgment of the
superintendent, would contribute to the more effective
use of the hospital in the care and treatment of the men-
tally ill.

Such a voluntary patient may at any time request his re-
lease by giving to the superintendent verbal notice of his
desire to leave; or the guardian, committee, parent, spouse
or adult next-of-kin of such voluntary patient may make
such request at any time by giving to the superintendent
notice in writing of the patient's desire to leave. The
superintendent shall, within forty-eight hours after the
receipt of this notice, grant the request unless upon ex-

have determined that the patient is mentally ill and re-
quires further hospitalization. If such determination is
made, the superintendent of the hospital shall forthwith
forward to the clerk of the county court of the county in
which such person is a resident a detailed report of their
examination, which report shall immediately be pre-

Such commission shall give full faith and credit to this
report, and if satisfied that such person is mentally ill,
shall issue an order legally committing the mentally ill
person to the hospital making the report, as though the
person had been brought before it. All expenses incurred
in this proceeding, as well as the hospitalization of the
mentally ill person, shall be borne by the county of
which he is a resident.

Article 5. Involuntary Hospitalization.

Section

1. Hospitalization of mentally ill persons by county mental hygiene
   commission.
2. Guardian ad litem for suspected persons.
3. Witnesses.
4. Disposition of mentally ill persons.
5. Transportation; temporary detention.

Section 1. Hospitalization of Mentally Ill Persons by
County Mental Hygiene Commission.—If any individual
in the county reasonably suspects any person therein to
be mentally ill, he may make complaint under oath to
the clerk of the county court, giving such information and
stating such facts therein as may be required, and de-
deliver the same to the clerk of the county court, whose
duty it shall be to issue a warrant ordering the person
suspected and named in such complaint to be brought
before the commission at the time and place named
therein, that his mental condition may be inquired into.
If the clerk of the county court does not deem such sus-
picion to be reasonable, he may require such complainant
to furnish the certificate of a reputable physician showing
the suspected person’s condition, before issuing a war-
rant. Any member of the commission without such com-
plaint may have such warrant issued for any person found
in his county whom he shall suspect to be mentally ill. All such warrants shall be signed by the clerk of the county court and have impressed thereon the seal thereof, and may be addressed to the sheriff of the county or to any constable of any district thereof, or to a special constable appointed for the purpose and named therein; but if any relative or friend of the person so suspected will serve such warrant and cause such suspected person to be brought before the commission, he may be allowed to do so. The officer or person to whom the warrant is addressed shall take the suspected person into custody and bring him before the commission at the time and place named therein.

Sec. 2. **Guardian ad Litem for Suspected Person.**—Before proceeding with the hearing of the matter, the commission shall appoint a guardian ad litem, who shall be a competent attorney, for such suspected person, and such guardian shall be present at the hearing and manage the case on behalf of the person suspected. Such attorney shall be paid by the county court. Such suspected person and his counsel shall have the right to cross-examine any witnesses.

Sec. 3. **Witnesses.**—The proposed patient, the petitioner and all other persons interested, shall be afforded an opportunity to appear at the hearing, to testify and to present and cross-examine witnesses, and the commission may in its discretion receive the testimony of any other person. Among the witnesses there shall be included two reputable physicians duly authorized to practice medicine in this state, who shall separately or together make a mental examination of the suspected person, preferably before the hearing, and each physician shall make out a certificate of the result of such examination, which certificate shall be signed and sworn to by each physician and shall be considered as evidence by the commission. Not more than one physician of any firm or association of physicians practicing medicine together shall sign any such certificate respecting the mental condition of any person suspected of being mentally ill.
The proposed patient shall not be required to be present at this hearing unless it is deemed advisable by the commission to better protect his interest. All persons not necessary for the conduct of the proceedings shall be excluded, and the hearing shall be conducted in as informal a manner as may be consistent with orderly procedure and in a physical setting not likely to have a harmful effect on the mental health of the proposed patient. The commission shall receive all relevant and material evidence which may be offered and shall not be bound by the rules of evidence.

Sec. 4. Disposition of Mentally Ill Persons.—If, upon completion of the hearing and consideration of the record, the commission finds that the proposed patient (1) is mentally ill, and (2) because of his illness is likely to injure himself or others if allowed to remain at liberty, or (3) is in need of custody, care or treatment in a mental hospital and because of his illness lacks sufficient insight or capacity to make responsible decisions with respect to his hospitalization, and (4) is a resident of the county in which the hearing is held, it shall order his hospitalization for an indeterminate period or for a temporary observation period not exceeding six months; otherwise, it shall dismiss the proceeding. An order for an indeterminate period relieves the patient of legal capacity. If the order is for a temporary period, the commission may at any time prior to the expiration of such period, on the basis of report by the head of the hospital and such further inquiry as it may deem appropriate, order indeterminate hospitalization of the patient or dismissal of the proceeding. If the commission orders hospitalization of the patient, it will notify the county health officer, who may make a study of the patient’s family and environment and report his findings to the superintendent of the hospital receiving the patient.

In lieu of ordering the patient to a mental hospital, the commission may order him delivered to some relative or friend who will agree to take care of him, and take from such relative or friend a bond in the penalty of at least five hundred dollars, with sufficient security to be ap-
proved by the commission, payable to the state of West
Virginia, with condition to restrain and take proper care
of such person until the further order of the commission.
But if the person found to be a mentally ill person is
not dangerous to himself or to others, or is found harm-
less, he may be delivered to any relative or friend who
will agree to take proper care of him without such bond
if, in the judgment of the commission, the same may be
proper.
If the person found to be mentally ill by the commission
is a resident of another county of this state, a transcript
of the evidence adduced at the hearing of such person,
properly certified by the clerk of the county court, shall
forthwith be forwarded to the clerk of the county court
of the county of which such person is a resident, who shall
immediately present such transcript to the mental hygiene
commission of said county. Such commission shall give
full faith and credit to the evidence contained in such
transcript, and, if satisfied that such person is mentally ill,
shall order the person to be committed to one of the state
hospitals for the mentally ill, as though the person had
been brought before it in the first instance. This order
shall be transmitted forthwith to the county clerk of the
county in which the hearing was held, who shall execute
said order promptly. All expenses incurred in this pro-
ceeding, as well as for the hospitalization of the mentally
ill person, shall be borne by the county of which he is a
resident.
If the person found to be mentally ill by the commission
is a resident of another state, this information shall be
forthwith given to the board of control, which shall make
arrangement for his transfer to his native state.

Sec. 5. Transportation; Temporary Detention.—When-
ever an individual is about to be hospitalized under the
provisions of section four, the commission shall, upon
the request of a person having a proper interest in the
individual's hospitalization, permit such person to ar-
range for the individual's transportation to the hospital
by such means as may be suitable for his mental condi-
tion. In lieu of such request, the commission may deliver
the patient to the hospital in any manner it may deem proper.

Pending his removal to a hospital, a person taken into custody or ordered to be hospitalized may be detained in his home, a licensed foster home, or any other suitable facility provided by the county court; but he shall not, except because of lack of such facilities or because of an extreme emergency, be detained in a non-medical facility used for the detention of individuals charged with or convicted of penal offenses. The county health officer, in conjunction with the commission, may take such reasonable measures, including provisions of medical care, as may be necessary to assure proper care of an individual temporarily detained pursuant to this section.

Sec. 6. Emergency Procedure.—Any health or police officer who has reason to believe that an individual is mentally ill and, because of his illness is likely to injure himself or others if allowed to remain at liberty pending a hearing before a mental hygiene commission, may with the help of other persons requested to assist him, take the individual into custody with or without a warrant, apply to a hospital for his admission and transport him thereto. The application for admission shall state the circumstances under which the individual was taken into custody, and the reasons for the officer’s belief. The superintendent of the hospital admitting the individual shall forthwith examine him, and if he is found to be mentally ill, shall forward forthwith to the clerk of the county court of the county in which such hospital is located a detailed report of this examination, which report shall immediately be presented to the mental hygiene commission of said county. The commission shall thereupon, and with the greatest possible expedition, cause a hearing to be held, as provided in this article, except that no warrant shall be necessary, for the purpose of inquiring into the mental condition of such patient. Such commission shall consider the detailed report submitted by the superintendent along with any other evidence which may be introduced at the hearing. If, after such hearing, the commission be satisfied that the suspected person is
mentally ill, it shall forward a transcript of the evidence
adduced at the hearing of such person, properly certified
by the clerk of the county court of the county wherein
the matter was heard, to the county clerk of the county
of which such suspected person is a resident, who shall
immediately present such transcript to the mental hygiene
commission of such county; otherwise such person shall
forthwith be released. Such commission shall give full
faith and credit to the evidence contained in the tran-
script, and, if satisfied that such person is mentally ill,
shall order the person to be committed to the state hospital
to which he was admitted, as though the person had been
brought before it in the first instance. All expenses in-
curred in this proceeding, as well as for the hospitaliza-
tion of the mentally ill person, shall be borne by the
county of which he is a resident.

Article 6. Commitment of Inebriates and Criminally Mentally
Ill; Definition.

Section
1. Commitment of inebriates; definition.
2. Commitment and admission of criminally mentally ill persons.
3. Return of criminally mentally ill person upon discharge from hospital.

Section 1. Commitment of Inebriates; Definition.—The
word “inebriate”, whenever used in this chapter, shall be
construed to mean any person over the age of eighteen
years who is incapable or unfit to properly conduct him-
self or herself, or his or her affairs, or is dangerous to
himself or herself or others, by reason of periodical, fre-
quent or constant drunkenness, induced either by the
use of alcoholic or other liquors, or of opium, morphine,
or other narcotic or intoxicating or stupefying substance.
If any individual in a county reasonably suspects any
person therein to be an inebriate, he may make complaint
under oath to the clerk of the county court, giving such
information and stating such facts therein as may be
required, and he shall further furnish to said clerk the
certificate of a reputable physician showing the condition
of such suspected person. This complaint and certificate
shall be delivered to the clerk of the county court, whose
duty it shall be to issue a warrant ordering the person
suspected and named in such complaint and certificate to be brought before the county mental hygiene commission at a time and place named therein so that his condition may be inquired into. All such warrants shall be signed by the clerk of the county court and have impressed thereon the seal thereof; and may be addressed to the sheriff of the county or to any constable of any district thereof, or to a special constable appointed for the purpose and named therein; but if any relative or friend of the person suspected will serve such warrant and cause such suspected person to be brought before the commission, he may be allowed to do so. The officer or person to whom the warrant is addressed shall take the suspected person into custody and bring him or her before the commission at the time and place named therein.

Whenever a person apparently an inebriate is so violent as to endanger his or her own safety, or the safety of others, any law enforcement officer may, with or without a warrant, take such person into protective custody.

When such suspected person is brought before the county mental hygiene commission, this commission shall proceed to examine such person as outlined in article five of this chapter. If such person is found to be an inebriate by the commission after proper hearing, he shall be committed to one of the state's mental hospitals, or any other institution hereafter established for inebriates, for a minimum period of thirty days. After said period, he shall be released therefrom when, in the opinion of the superintendent of the institution, he has received the maximum benefit from such hospitalization. In all such cases the law applicable to mentally ill persons shall be applicable to such inebriate except that such inebriate shall not forfeit his legal capacity as in the case of a mentally ill person who has been legally committed.

Sec. 2. Commitment and Admission of Criminally Mentally Ill Persons.—If any person charged with or convicted of crime be found, in the court before which he is charged or was convicted, to be mentally ill, and if such court shall order him to be confined in one of the state hospitals, he shall be received and confined in it. The sheriff or
other officer of the court by which the order is made shall immediately proceed to ascertain whether a vacancy exists in a state hospital; and until it is ascertained that there is a vacancy, such person shall be kept in the jail of the county of such court.

Sec. 3. Return of Criminally Mentally Ill Person Upon Discharge from Hospital.—When any person charged with crime confined in a state hospital has recovered from his mental illness, the superintendent shall give notice thereof to the clerk of the court by whose order he was confined and deliver him to the proper officer upon order of the court.

When any person convicted of a crime and sentenced to the penitentiary confined in a state hospital shall have recovered from such mental illness, he shall be forthwith returned to prison. Any time spent in such hospital shall be computed as part of the term for which he was sentenced. If the sentence of such convict expire while such convict is in the hospital, then upon his recovery he shall be discharged from said hospital.

Article 7. Release, Discharge and Readmission of Patients; Escapees.

Section 1. Discharge.—The superintendent of a mental hospital shall as frequently as practicable examine, or cause to be examined, every patient, and whenever he determines that the condition justifying involuntary hospitalization no longer obtains, discharge the patient and immediately make a report thereof to the board of control and to the county clerk of the county wherein the patient is a resident. This discharge restores said patient to legal capacity.

Sec. 2. Release of Patients on Convalescent Status (Trial Visit).—The superintendent of a hospital may release an improved patient on convalescent status (trial
visits) when he believes such release is in the best interest of the patient. Releases on convalescent status shall include provisions for continuing responsibility to and by the hospital, including a plan of treatment on an outside or non-hospital patient basis, if possible. Prior to the end of a year on convalescent status, and not less frequently than annually thereafter, the superintendent of the hospital shall reexamine the facts relating to the hospitalization of the patient on convalescent status and consider any further facts regarding the patient's mental health during such convalescence, and if he determines that in view of the condition of the patient hospitalization is no longer necessary, he shall discharge the patient.

Sec. 3. Released as Unimproved.—The superintendent of a hospital may release a patient as unimproved when the patient's family or friends, or committee or guardian, or other responsible persons, request his release and are willing and able to take proper care of said patient outside the hospital, taking from such relative, friend, committee, guardian or responsible person a bond in the penalty of at least five hundred dollars, with sufficient security to be approved by the superintendent, payable to the state of West Virginia, conditioned to restrain and take proper care of such patient until the further order of the superintendent. Reports shall be made by those in charge of said patient at least once every six months to the superintendent of the hospital. No discharge shall be given to said patient until he has returned to the hospital for examination by the superintendent and staff thereof and it has been determined that he is no longer mentally ill. Where such discharges or releases are granted as indicated in sections one, two and three above, the superintendent of the hospital shall report the same to the board of control and to the county clerk of the county of which the patient is a resident.

Sec. 4. Readmission of Patients.—While any patient is out of the hospital on release or convalescent status (trial visit), or released as unimproved, he may be at any time readmitted to the hospital on the basis of the original commitment. If there is reason to believe that it is to the
MENTALLY ILL PERSONS

6 best interest of the patient to be hospitalized, the super-
7 intendent of the hospital may issue an order for the im-
8 mediate rehospitalization of the patient. This order shall
9 be sent to the mental hygiene commission of the county
10 wherein the patient is a resident or present. Any indi-
11 vidual member of said commission, at any time, may
12 endorse this order and authorize any health or police
13 officer to take the patient into custody and transport him
14 to the hospital where the order originated.

Sec. 5. Return of Escapees; Veterans.—If any person
2 confined in a state hospital escape therefrom, the super-
3 intendent thereof shall issue a notice, giving the name
4 and description of the person escaping, and requesting
5 his apprehension and return to the hospital, and may
6 offer such reward for the return of such person as the
7 board of control may authorize. The superintendent may
8 issue a warrant directed to the sheriff of the county, com-
9 manding him to arrest and carry such escaped person
10 back to the hospital, which warrant the sheriff may
11 execute in any part of the state. If such person flee to
12 another state, the superintendent shall notify the board
13 of control, and the board shall take such action as it may
14 deem proper in the premises for the return of such person
15 to the hospital.

If any veteran duly committed to a veterans hospital
17 or other veterans institution, either within or without the
18 state, escape or elope therefrom and any person make
19 complaint, under oath, to the clerk of the county court
20 of the county from which such veteran was so committed,
21 giving such information and stating such facts therein
22 as may be required, or if any veteran duly committed to a
23 veterans hospital or other veterans institution, either
24 within or without the state, escape or elope therefrom and
25 the superintendent or chief officer of such hospital or
26 institution issue notice to the clerk of the county court
27 of the county from which such veteran was so committed,
28 giving the name and description of such veteran and re-
29 questing his apprehension and return to such hospital or
30 institution, the clerk, upon receipt of such complaint or
31 of such notice, may issue a warrant directed to the sheriff
of the county commanding him to arrest and carry such
veteran back to such hospital or institution, which war-
rant the sheriff may execute in any part of the state.
The sheriff or other person making any arrest under
this section shall be paid such compensation as is pro-
vided for like services in other cases, and such additional
compensation in any case as the board of control may
think reasonable and just.
The foregoing provisions shall likewise apply to any
veteran released from a veterans hospital or other vet-
erans institution, either within or without the state, on
trial visit or on parole whose conduct becomes such as to
warrant his return to such hospital or institution.

Article 8. Maintenance of Mentally Ill Patients.

Section 1. Maintenance of Patients; Reimbursement.—
The cost of the maintenance of patients admitted to the
state mental institutions shall be paid out of funds ap-
propriated for the respective institutions, but the institu-
tions, through the board of control, shall have a right of
reimbursement for all or any part of such maintenance,
in no case to exceed two dollars per day, from each
patient or from the committee or guardian of the estate
of the patient, or if that be insufficient, then from the
patient's husband, wife, children, father and mother, or
any of them. If a relative so liable does not reside in this
state and has no estate or debts due him within the state
by means of which the liability can be enforced against
him, the other relatives shall be liable as provided by this
section. In exercising this right of reimbursement the
board of control may, whenever it is deemed just and
expedient to do so, exonerate any person chargeable with
such maintenance from the payment thereof in whole or
in part, if it finds that he is unable to pay or that payment
would work an undue hardship on him or on those de-
pendent upon him.
There shall be no discrimination on the part of the
institution as to food, care, protection, treatment or re-
habilitation, between patients who pay for their main-
tenance and those who are unable to do so.
The provisions of this section apply only to the state
mental hospitals proper, and not to the clinics attached
thereto.
It shall be the responsibility of the board of control to
determine the ability of the patient or of his relatives to
pay for his maintenance.

Sec. 2. When and How Counties to Pay.—If the state
mental institution is unable to collect a minimum of fifty
dollars per annum toward the maintenance of a patient,
whether on a voluntary or involuntary status, the county
of which the patient is a resident shall annually pay into
the state treasury for credit to the appropriate institution
the difference between the amount, if any, collected by
the institution and the sum of fifty dollars.
At every levy term of each county court it shall esti-
mate for and levy a sufficient amount to meet all such
expenses. The superintendent of such hospital, on or
before the tenth day of January of each year, shall certify
to the auditor a list of all the patients in the hospital
during the whole or any part of the preceding year for
which the counties are to pay, showing on such list under
the name of the county, the number from each county
and length of time he was in said hospital during the
year, and showing the amount due from each county for
each patient, and the total amount due from each county
for the year. As soon as such list is received by the
auditor he shall charge to each county the amount appear-
ing to be due from the certificates of the superintendents.
Within ten days after the receipt of such certificates the
auditor shall make out a copy thereof for each county
and certify the same to the county court thereof, which
list shall show the name of each patient in such hospital
from the county during the year, the length of time he
was in such hospital during the year, the amount charged
for each patient, and the total amount charged on account
of all such patients from the county; and such total
amount shall constitute a debt against the county due the
state. Whenever there is in the state treasury a sum of
money due any county from any source, the same shall
be at once applied on the debt aforesaid against the
county, and the fact of such application of such fund
shall be reported by the auditor to the county court of
the county, which report shall be a receipt for the amount
therein named.

Sec. 3. Care of Patients in Boarding Homes.—The board
of control may, upon the recommendation of the super-
intendent of the institution, provide care in a suitable
boarding home for any patient in a state mental institu-
tion, if the condition of the patient is such that his and
the public welfare will not be prejudiced thereby. A
patient in a boarding home shall be deemed to be a
patient of the institution from which he was removed
and shall, on the approval of the superintendent, be
placed under the supervision of a psychiatric social work-
er employed by the institution. All patients in such
homes shall be visited at least once every three months,
and if upon the visitation they are found to be abused,
neglected or improperly cared for, they shall be returned
to the institution or placed in a better boarding home.
The cost of the boarding home care shall be paid by the
institution from which he was removed.

Article 9. Private Hospitals.

Section 1. Permit from board of control; regulations.

Section 1. Permit from Board of Control; Regulations.
—No private hospital for the care and treatment of men-
tally ill persons for compensation shall be established
unless a permit therefor shall be first obtained from the
board of control. The application for such permit shall
be accompanied by a plan of the premises to be occupied,
and with such other data and facts as the board may re-
quire. The board of control may make such terms and
regulations in regard to the conduct of such hospital as
it may think proper and necessary. The board of control,
or any member thereof, or any person authorized by the
board to so do, shall have full authority to investigate and
I mentally ill persons

13 inspect such private hospital; and the board of control
14 may revoke the permit of any such hospital for good
15 cause, after reasonable notice to the superintendent or
16 other person in charge thereof.

Article 10. West Virginia Training School.

Section
1. Persons who may be admitted.
2. Proceedings for commitment.
3. Training and treatment of inmates.
4. Discharge or parole of inmates.
5. Name of site “Spring Run.”

Section 1. Persons Who May be Admitted.—There shall
2 be admitted to the West Virginia Training School any
3 person mentally ill from birth or from an early age, so
4 pronounced that he is unable to care for himself and man-
5 age his affairs with ordinary prudence and who, because
6 of such mental illness, is a menace to the happiness and
7 welfare of himself or others in the community, and re-
8 quires care, training or control for the protection of him-
9 self or of others. This type of person is usually classified
10 as a mental defective. Should the school at any time not
11 be able to accommodate all persons of such class offered
12 for admission, preference in admission shall be given to
13 children between the ages of seven and fourteen years,
14 inclusive, who are capable of being trained and of attend-
15 ing to their own physical needs. No deaf or blind per-
16 sons shall be admitted.

Sec. 2. Proceedings for Commitment.—Mental defec-
2 tives shall be admitted to said school in the following
3 manner:
4 (a) The county mental hygiene commission shall have
5 jurisdiction of all applications for commitment of persons
6 to said school. Any relative of a person affected may make
7 application, by complaint under oath, to have the person
8 adjudged a mental defective; but when the relatives of
9 a mental defective person either neglect or refuse to
10 place such person in said school, or in some private in-
11 stitution of like nature, and shall permit him or her to
12 go at large, then any reputable citizen of the county may,
13 by complaint under oath, make application to the mental
14 hygiene commission for such commitment; and such com-
plaint shall not be subject to exception for defects of
form. When application is filed for commitment of an
alleged mentally defective person, the commission shall
appoint two physicians to examine such person and deter-
mine whether or not he is mentally defective. Both
these physicians shall be selected as being the most cap-
able physicians available because of knowledge of and
training in mental medicine, and neither of them shall be
related in any wise to the person sought to be committed.

(b) Where any court of the state has on trial before it
a prisoner for an offense, and the judge shall have cause
to believe that the prisoner is mentally defective, he may
appoint two physicians as aforesaid to examine the
prisoner, to ascertain whether or not he is in reality men-
tally defective; and if such physicians shall pronounce the
prisoner to be mentally defective, the judge may commit
him to said school.

In either of the cases named above, the physicians mak-
ing the examination shall be required to make a complete
and thorough examination, both mental and physical,
and shall be required to make to the commission or court
appointing them a certificate as to their findings in the
matter. This certificate shall be in the form prescribed
by the West Virginia board of control, and shall be made
in duplicate, one copy of the same being sent with the
patient when committed to the school, and the other copy
being filed with the commission or court committing such
person; and it shall be the duty of the superintendent of
said school to refuse admission of any person unless he or
she shall present a copy of such certificate.

The commission or court, by order, shall designate some
reputable person to convey such mentally defective per-
son to the school and to protect such person until such
time as he or she can be conveyed to the institution. When
any female is taken to the school, a female attendant shall
be provided.

All expenses connected with the commitment of per-
sons hereunder and conveying of such mentally defective
person to the school shall be borne by the county of which
such person is a resident.
Sec. 3. Training and Treatment of Inmates.—The training and treatment of persons admitted to the school shall be along such educational, medical and industrial lines as have proved most effective in approved institutions for mental defectives. The medical staff of such institution, and the medical staffs of Weston, Spencer and Huntington state hospitals, are hereby authorized to administer such medical treatment and perform such surgical operations for the inmates therein as may be necessary and expedient for the cure and prevention of mental defectiveness or disease.

Sec. 4. Discharge or Parole of Inmates.—When, in the judgment of the superintendent of the school, a patient or inmate thereof shall, under the treatment and training given therein, improve mentally and physically to such an extent as to no longer constitute a menace to himself or herself or others, the superintendent shall have the right, and it shall be his duty, to discharge or parole such person, under such rules and regulations as the board of control may prescribe.

Sec. 5. Name of Site “Spring Run.”—The name of the site of the “West Virginia Training School” shall hereafter be known as “Spring Run.”

Article 11. Committee; Disposition of Property.

Section
1. To be appointed by county court.
2. Bond; refusal to act or failure to qualify; appointment of another; committal to sheriff.
3. Appraisement of estate.
4. Powers and duties generally.
5. Mortgage, lease or sale of realty.

Section 1. To Be Appointed by County Court.—When a person is found to be mentally ill by any court or by the county mental hygiene commission, or is committed to a state hospital by the county court, the county court shall appoint a committee for him.

Sec. 2. Bond; Refusal to Act or Failure to Qualify; Appointment of Another; Committal to Sheriff.—The county court, when making the appointment of such committee,
shall take from him a bond in such penalty and with such
surety as it shall deem sufficient, with condition that the
person so appointed will well and truly account for and
pay over to the person entitled thereto all property and
moneys which may come into his hands by virtue of such
appointment, and with such other conditions as the court
may require. If any person so appointed as committee
refuse the trust or shall fail for ten days succeeding his
appointment to give bond as aforesaid, the court, on the
motion of any party interested, or at its own instance,
may appoint some other person as committee, taking from
him bond as above provided, or may commit the estate
of such mentally ill person to the sheriff of the county,
who shall act as such committee without giving any bond
as such, and he and the sureties on his official bond shall
be liable for the faithful performance of the trust.

Sec. 3. Appraisement of Estate.—The county court,
whenever any committee is appointed for a mentally ill
person, shall appoint appraisers and cause to be made,
return and recorded an appraisement of the property,
both real and personal, of any such person in the same
manner, to the same extent, within the same time, and
subject to the same regulations and conditions as required
by law for the estate of a deceased person.

Sec. 4. Powers and Duties Generally.—The committee
of any such person shall be entitled to the custody and
control of his person when he resides in the state and is
not confined in a state hospital or in jail, and shall take
possession of his estate, and may sue or be sued in respect
thereto, and for the recovery of debts due to and from
such person. He shall preserve such estate and manage
it to the best advantage; shall apply the personal estate,
or so much thereof as may be necessary, to the payment
of the debts of such person, and the rents and profits of
the residue of his estate, real and personal, and the resi-
due of the personal estate, or so much as may be necessary,
to the maintenance of such person, and of his family, if
any; and shall make due accounting as required by law,
and surrender the estate, or as much as he may be ac-
countable for, to such person in case he shall be restored
MENTALLY ILL PERSONS

Sec. 5. Mortgage, Lease or Sale of Realty.—If the personal estate of such mentally ill person be insufficient for the discharge of his debts, or if such estate or the residue thereof after payment of the debts, and the rents and profits of his real estate, be insufficient for his maintenance and that of his family, if any, the committee of such mentally ill person may proceed, as provided in article one, chapter thirty-seven of this code, to obtain authority to mortgage, lease or sell so much of the real estate of such mentally ill person as may be necessary for the purposes aforesaid, or any of them; setting forth in the bill or petition the particulars and the amount of the estate, real and personal, the application which may have been made of any personal estate, and an account of the debts and demands existing against the estate.

Section 1. Malicious Making of Medical Certificate or Complaint as to Sanity.—Any physician who shall sign a certificate respecting the sanity of any person without having made the examination as provided for by this chapter, or shall make any statement in any such certificate maliciously for the purpose of having such person declared mentally ill, and any person who shall maliciously make application to any mental hygiene commission or other tribunal for the purpose of having another person declared mentally ill, shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not exceeding five hundred dollars, or imprisoned not exceeding one year, or both fined and imprisoned at the discretion of the court.

Sec. 2. Trespass on Grounds of Hospital or Training School.—The enclosed premises and the lands adjoining
the same belonging to any one of said state hospitals or
training school, are hereby declared private grounds; and
if any person be found thereon without authority or per-
mission or good excuse, he shall be deemed a trespasser,
and, on conviction thereof, shall be fined not exceeding
twenty-five dollars; and if it shall appear that he was
thereon for any unlawful or immoral purpose, in addition
to being so fined, he shall be imprisoned not exceeding
sixty days.

Sec. 3. Miscellaneous Offenses.—If any person shall
entice any patient from any of said hospitals who has
been legally committed thereto, or attempt to do so; or
shall counsel, cause, influence or assist, or attempt to do
so, any such patient to escape or attempt to escape there-
from, or harbor or conceal any such patient who has
escaped therefrom; or shall, without the permission of
the superintendent of any such hospital, give or sell to
any such patient, whether on the premises thereof or
elsewhere, any money, firearms, drugs, cigarettes, tobacco,
or any other article whatever; or shall receive from the
hands of any such patient anything of value, whether
belonging to the state or not; or shall cause or influence,
or attempt to cause or influence, any such patient to vio-
late any rule or to rebel against the government or dis-
cipline of such institution; or shall tease, pester, annoy,
or molest any such patient, he shall be guilty of a mis-
demeanor, and on conviction thereof, shall be fined not
less than ten nor more than one hundred dollars, or im-
prisoned not exceeding six months, or, in the discretion
of the court, both fined and imprisoned. If any person
shall aid or abet the commission of any of the foregoing
offenses, or aid or abet an attempt to commit the same,
he shall be guilty the same as if he were the principal,
and be punished as above provided. In the trial of an
indictment for committing any of the above named of-
fenses, the accused may be found guilty of an attempt
to commit the same, or of aiding or abetting another in
committing or in an attempt to commit the same. If
any person, not her husband, shall have sexual intercourse
with any female patient who is an inmate of any of said
32 hospitals, he shall be guilty of a felony, and, on conviction
33 thereof, shall be confined in the penitentiary not less than
34 ten nor more than fifteen years; and if such female patient
35 be under sixteen years of age, he shall be imprisoned not
36 less than ten nor more than twenty years.

Section 1. Laws Repealed.—All other laws or parts of
law inconsistent with the provisions of this chapter are
hereby repealed to the extent of any such inconsistency.

Sec. 2. Constitutionality.—If any section, subsection,
subdivision, paragraph, sentence or clause of this chapter
is held invalid or unconstitutional, such decision shall not
affect the remaining portions of this chapter.

Section
11. Mine rescue crews.

Be it enacted by the Legislature of West Virginia:

That section eleven, article one, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:
Section 11. Mine Rescue Crews.—The chief of the state
department of mines is hereby authorized to have trained
and employed at the rescue stations operated by that
department within the state, such rescue crews as he may
decide necessary. Each member of a rescue crew shall
devote four hours each month for training purposes, and
shall be available at all times to assist in rescue work at
explosions and mine fires. Regular members shall receive
for such services the sum of six dollars per month and
captains shall receive seven dollars per month, payable
on requisition approved by the chief of the department
of mines, and such other sums, to be paid by the operating
company, as may be agreed upon when engaged in rescue
work at explosions or mine fires. The chief of the depart-
ment of mines may remove any member of a rescue crew
at any time.

CHAPTER 106

(House Bill No. 428—By Mr. Watson and Mr. Furnich)

AN ACT to amend chapter twenty-two of the code of West Vir-
ginia, one thousand nine hundred thirty-one, as amended,
by adding thereto a new article, to be designated article
seven, relating to the operation of underground gas storage
reservoirs.

[Passed March 10, 1955; in effect ninety days from passage. Approved by the
Governor.]

Section
1. Definitions.
2. Filing of maps and data by persons operating or proposing to
   operate gas storage reservoirs.
3. Filing of maps and data by persons operating coal mines.
4. Notice by persons operating coal mines.
5. Obligations to be performed by persons operating storage reser-
   voir.
6. Inspection of facilities and records; reliance on maps; burden of
   proof.
7. Exemptions.
Be it enacted by the Legislature of West Virginia:

That chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, to be designated article seven, to read as follows:

Section 1. Definitions.—In this article, unless the context otherwise requires:

(1) The term "coal mine" means those operations in a coal seam which include the excavated and abandoned portions as well as the places actually being worked; also all underground workings and shafts, slopes, tunnels, and other ways and openings and all such shafts, slopes, tunnels, and other openings in the course of being sunk or driven, together with all roads and facilities connected with them below the surface.

(2) The term "operating coal mine" means (a) a coal mine which is producing coal or has been in production of coal at any time during the twelve months immediately preceding the date its status is put in question under this article and any worked out or abandoned coal mine connected underground with or contiguous to such operating coal mine as herein defined and (b) any coal mine to be established or reestablished as an operating coal mine in the future pursuant to section four of this article.

(3) The term "outside coal boundaries" when used in conjunction with the term "operating coal mine" means the boundaries of the coal acreage assigned to such coal mine and which can be practically and reasonably expected to be mined through such coal mine.

(4) The term "well" means a bore hole drilled or proposed to be drilled within the storage reservoir boundary or reservoir protective area for the purpose of or to be used for producing, extracting or injecting any gas, petroleum or other liquid but excluding bore holes drilled to produce potable water to be used as such.

(5) The term "gas" means any gaseous substance.
The term "storage reservoir" means that portion of any subterranean sand or rock stratum or strata into which gas is or may be injected for the purpose of storage or for the purpose of testing whether said stratum is suitable for storage.

The term "bridge" means an obstruction placed in a well at any specified depth.

The term "linear foot" means a unit of measurement in a straight line on a horizontal plane.

The term "person" means any individual, association, partnership or corporation.

The term "reservoir protective area" means all of that area outside of and surrounding the storage reservoir boundary but within two thousand linear feet thereof.

The term "retreat mining" means the removal of such coal, pillars, ribs and stumps as remain after the development mining has been completed in that section of a coal mine.

The term "pillar" means a solid block of coal surrounded by either active mine workings or a mined out area.

The term "inactivate" means to shut off all flow of gas from a well by means of a temporary plug, or other suitable device or by injecting aquagel or other such equally non-porous material into the well.

The term "storage operator" means any person as herein defined who proposes to or does operate a storage reservoir, either as owner or lessee.

The term "workable coal seam" shall have the same meaning as the term "workable coal bed" as set out in section one of article four of this chapter.

The terms "owner," "coal operator," "well operator," "department," "department of mines," "plat," "casing," "oil," and "cement," shall have the meanings set out in section one of article four of this chapter.

Sec. 2. Filing of Maps and Data by Persons Operating or Proposing to Operate Gas Storage Reservoirs.—(a) Any person who, on the effective date of this article, is injecting gas into or storing gas in a storage reservoir
which underlies or is within three thousand linear feet of an operating coal mine which is operating in a coal seam that extends over the storage reservoir or the reservoir protective area, shall, within sixty days thereafter, file with the department a copy of a map and certain data in the form and manner provided in this subsection.

Any person who, on the effective date of this article, is injecting gas into or storing gas in a storage reservoir which is not at such date under or within three thousand linear feet, but is less than ten thousand linear feet from an operating coal mine which is operating in a coal seam that extends over the storage reservoir or the reservoir protective area, shall file such map and data within such time in excess of sixty days as the department may fix.

Any person who, after the effective date of this article, proposes to inject or store gas in a storage reservoir located as above, shall file the required map and data with the department not less than six months prior to the starting of actual injection or storage.

The map provided for herein shall be prepared by a competent engineer or geologist. It shall show the stratum or strata in which the existing or proposed storage reservoir is or is to be located, the geographic location of the outside boundaries of the said storage reservoir and the reservoir protective area, the location of all known oil or gas wells which have been drilled into or through the storage stratum within the reservoir or within three thousand linear feet thereof, indicating which of these wells have been, or are to be cleaned out and plugged or reconditioned for storage and also indicating the proposed location of all additional wells which are to be drilled within the storage reservoir or within three thousand linear feet thereof.

The following information, if available, shall be furnished for all known oil or gas wells which have been drilled into or through the storage stratum within the storage reservoir or within three thousand linear feet thereof; name of the operator, date drilled, total depth,
depth of production if the well was productive of oil or
gas, the initial rock pressure and volume, the depths at
which all coal seams were encountered and a copy of
the driller’s log or other similar information. At the
time of the filing of the aforesaid maps and data such
person shall file a detailed statement of what efforts he
has made to determine, (1) that the wells shown on said
map are accurately located thereon, and (2) that to the
best of his knowledge they are all the oil or gas wells
which have ever been drilled into or below the storage
stratum within the proposed storage reservoir or within
the reservoir protective area. This statement shall also
include information as to whether or not the initial in-
jection is for testing purposes, the maximum pressures
at which injection and storage of gas is contemplated, and
a detailed explanation of the methods to be used or which
theretofore have been used in drilling, cleaning out,
reconditioning and plugging wells in the storage reser-
voir or within the reservoir protective area. The map
and data required to be filed hereunder shall be amended
or supplemented semiannually in case any material
changes have occurred: Provided, however, That the de-
partment may require a storage operator to amend or
supplement such map or data at more frequent intervals
if material changes have occurred justifying such earlier
filing.

(b) The requirements of this section shall not apply
to the operator of an underground gas storage reservoir
so long as said reservoir is located more than ten thousand
linear feet from an operating coal mine: Provided, how-
ever, That such storage operator shall give notice to the
department of the name of each political subdivision
and county in which said operator maintains and
operates a gas storage reservoir. In those political sub-
divisions and counties where both gas storage reservoirs
and coal mines are being operated the department may
request the storage operator to furnish maps showing the
geographical location and outside boundaries of such
storage reservoirs. The department shall keep a record
of such information and shall promptly notify both the
coal operator and the storage operator if it is found that
the coal mine and storage reservoir are within ten thou-
sand linear feet of each other.

(c) At the time of the filing of the above maps and
data, and the filing of amended or supplemental maps
or data, the department shall give written notice of said
filing to all persons who may be affected under the pro-
visions of this article by the storage reservoir described
in such maps or data. Such notices shall contain a de-
scription of the boundaries of such storage reservoir. When
a person operating a coal mine or owning an interest in
coal properties which are or may be affected by the
storage reservoir, requests in writing a copy of any map
or data filed with the department such copy shall be
furnished by the storage operator.

(d) For all purposes of this article, the outside bound-
aries of a storage reservoir shall be defined by the loca-
tion of those wells around the periphery of the storage
reservoir which had no gas production when drilled in
said storage stratum: Provided, however, That the bound-
aries as thus defined shall be originally fixed or subse-
quently changed where, based upon the number and
nature of such wells, upon the geological and production
knowledge of the storage stratum, its character, permea-
bility, and distribution, and operating experience, it is
determined in a conference or hearing under section ten
of this article that modification should be made.

Sec. 3. Filing of Maps and Data by Persons Operating
Coal Mines.—(a) Any person owning or operating a coal
mine shall, within thirty days from the effective date
of this article, file with the department a map, prepared
by a competent engineer, showing the outside coal
boundaries of the said operating coal mine, the existing
workings and exhausted areas and the relationship of
said boundaries to identifiable surface properties and
landmarks. Any person who is storing or contemplating
the storage of gas in the vicinity of such operating coal
mines shall, upon written request, be furnished a copy
of the aforesaid map by the coal operator and such per-
son and the department shall thereafter be informed of
any boundary changes at the time such changes occur. The department shall keep a record of such information and shall promptly notify both the coal operator and the storage operator if it is found that the coal mine and the storage reservoir are within ten thousand linear feet of each other.

(b) Any person owning or operating any coal mine which, on the date of the enactment of this article, is or which thereafter comes within ten thousand linear feet of a storage reservoir, and where the coal seam being operated extends over the storage reservoir or the reservoir protective area, shall within forty-five days after he has notice from the department of such fact, file with the department, and furnish to the person operating such storage reservoir, a map in the form hereinabove provided and showing in addition, the existing and projected excavations and workings of such operating coal mine for the ensuing eighteen month period, and also the location of any oil or gas wells of which said coal operator has knowledge. Such person owning or operating said coal mine shall each six months thereafter file with the department and furnish to the person operating such storage reservoir a revised map showing any additional excavations and workings, together with the projected excavations and workings for the then ensuing eighteen month period which may be within ten thousand linear feet of said storage reservoir: Provided, however, That the department may require a coal operator to file such revised map at more frequent intervals if material changes have occurred justifying such earlier filing. Such person owning or operating said coal mine shall also file with the department and furnish the person operating said reservoir prompt notice of any wells which have been cut into, together with all available pertinent information.

Sec. 4. Notice by Persons Operating Coal Mines.—
(a) Any person owning or operating a coal mine on the effective date of this article, and having knowledge that it overlies or is within two thousand linear feet of a gas storage reservoir, shall within thirty days notify the department and the storage operator of such fact.
(b) When any person owning or operating a coal mine hereafter expects that within the ensuing nine month period such coal mine will be extended to a point which will be within two thousand linear feet of any storage reservoir he shall notify the department and the storage operator in writing of such fact.

(c) Any person hereafter intending to establish or reestablish an operating coal mine which when established or reestablished will be over a storage reservoir or within two thousand linear feet of a storage reservoir, or which upon being established or reestablished may within nine months thereafter be expected to be within two thousand linear feet of a storage reservoir, shall notify the department and the storage operator in writing before doing so and such notice shall include the date on which it is intended the operating coal mine will be established or reestablished.

Any person who serves such notice of an intention to establish or reestablish an operating coal mine under this subsection, without intending in good faith to establish or reestablish such mine, shall be liable for continuing damages to any storage operator injured by the serving of such improper notice and shall be guilty of a misdemeanor under this article and subject to the same penalties as set forth in section twelve of this article.

Sec. 5. Obligations to Be Performed by Persons Operating Storage Reservoirs.—(a) Any person who, on the effective date of this article, is operating a storage reservoir which underlies or is within two thousand linear feet of an operating coal mine which is operating in a coal seam that extends over the storage reservoir or the reservoir protective area, shall:

(1) Use every known method which is reasonable under the circumstances for discovering and locating all wells which have or may have been drilled into or through the storage stratum in that acreage which is within the outside coal boundaries of such operating coal mine and which overlies the storage reservoir or the reservoir protective area;

(2) Plug or recondition, in the manner provided by
sections nine and ten of article four of this chapter and
subsection (e) of this section, all known wells (except
to the extent otherwise provided in subsections (e), (f),
(g) and (h) of this section) drilled into or through the
storage stratum and which are located within that portion
of the acreage of the operating coal mine overlying the
storage reservoir or the reservoir protective area: Pro-
vided, however, That where objection is raised as to the
use of any well as a storage well, and after a conference
or hearing in accordance with section ten of this article
it is determined, taking into account all the circumstances
and conditions, that such well should not be used as a
storage well, such well shall be plugged: Provided, how-
ever, That if, in the opinion of the storage operator, the
well to which such objection has been raised may at some
future time be used as a storage well, the storage operator
may recondition and inactivate such well instead of plug-
ging it, if such alternative is approved by the department
after taking into account all of the circumstances and
conditions.

The requirements of clause (2) of this subsection shall
be deemed to have been fully complied with if, as the
operating coal mine is extended, all wells which, from
time to time, come within the acreage described in said
clause (2) are reconditioned or plugged as provided in
subsections (e) or (f) of this section and in section ten
of article four of this chapter so that by the time the coal
mine has reached a point within two thousand linear
feet of any such wells, they will have been reconditioned
or plugged so as to meet the requirements of said sub-
sections (e) or (f) and of said section ten of article
four.

(b) Any person operating a storage reservoir referred
to in subsection (a) of this section shall within sixty days
after the effective date of this article file with the depart-
ment and furnish a copy to the person operating the
affected operating coal mine, a verified statement setting
forth:

(1) That the map and any supplemental maps required
by subsection (a) of section two of this article have been
prepared and filed in accordance with section two;

(2) A detailed explanation of what the storage operator has done to comply with the requirements of clauses (1) and (2) of subsection (a) of this section and the results thereof;

(3) Such additional efforts, if any, as the storage operator is making and intends to make to locate all oil and gas wells; and

(4) Any additional wells that are to be plugged or reconditioned to meet the requirements of clause (2) of subsection (a) of this section.

If such statement is not filed by the storage reservoir operator within the time specified herein, the department shall summarily order such operator to file such statement.

(c) Within one hundred twenty days after the receipt of any such statement, the department may, and it shall, if so requested by either the storage operator or the coal operator affected, direct that a conference be held in accordance with section ten of this article to determine whether the information as filed indicates that the requirements of section two of this article and of subsection (a) of this section have been fully complied with. At such conference, if any person shall be of the opinion that such requirements have not been fully complied with, the parties shall attempt to agree on what additional things are to be done and the time within which they are to be completed, subject to the approval of the department, to meet the said requirements.

If such agreement cannot be reached, the department shall direct that a hearing be held in accordance with section ten of this article. At such hearing the department shall determine whether the requirements of said section two of this article and of subsection (a) of this section have been met and shall issue an order setting forth such determination. If the department shall determine that any of the said requirements have not been met, the order shall specify, in detail, both the extent to which such requirements have not been met, and the things which the storage operator must do to meet such requirements. The
order shall grant to the storage operator such time as is reasonably necessary to complete each of the things which he is directed to do. If, in carrying out said order, the storage operator encounters conditions which were not known to exist at the time of the hearing and which materially affect the validity of said order or the ability of the storage operator to comply with the order, the storage operator may apply for a rehearing or modification of said order.

(d) Whenever, in compliance with subsection (a) of this section, a storage operator, after the filing of the statement provided for in subsection (b) of this section, plugs or reconditions a well, he shall so notify the department and the coal operator affected in writing, setting forth such facts as will indicate the manner in which the plugging or reconditioning was done. Upon receipt thereof, the coal operator affected or the department may request a conference or hearing in accordance with section ten of this article:

(e) In order to meet the requirements of subsection (a) of this section, wells which are to be plugged shall be plugged in the manner specified in section ten of article four of this chapter. When a well located within the storage reservoir or the reservoir protective area has been plugged prior to the enactment of this article and on the basis of the data, information and other evidence submitted to the department it is determined that: (1) such plugging was done in the manner required in section ten of article four of this chapter; and (2) said plugging is still sufficiently effective to meet the requirements of this article, the obligations imposed by subsection (a) of this section as to plugging said well shall be considered fully satisfied.

(f) In order to meet the requirements of subsection (a) of this section wells which are to be reconditioned shall be cleaned out from the surface through the storage horizon and the following casing strings shall be pulled and replaced with new casing, using the same procedure as is applicable to drilling a new well as provided for in sections five, six, seven and eight of article four of this
chapter: (1) the producing casing; (2) the largest diameter casing passing through the lowest workable coal seam unless such casing extends at least twenty-five feet below the bottom of such coal seam and is determined to be in good physical condition: Provided, however, That the storage operator may, instead of replacing the largest diameter casing, replace the next largest casing string if such casing string extends at least twenty-five feet below the lowest workable coal seam; and (3) such other casing strings which are determined not to be in good physical condition. In the case of wells to be used for gas storage, the annular space between each string of casing, and the annular space behind the largest diameter casing to the extent possible, shall be filled to the surface with cement or aquagel or such equally non-porous material as is approved by the department pursuant to section eight of this article. At least fifteen days prior to the time when a well is to be reconditioned the storage operator shall give notice thereof to the coal operator or owner and to the department setting forth in such notice the manner in which it is planned to recondition such well and any pertinent data known to the storage operator which will indicate the then existing condition of such well. In addition the storage operator shall give the coal operator or owner and such representative of the department as the chief of the department shall have designated at least seventy-two hours notice of the time when such reconditioning is to begin. The coal operator or owner shall have the right to file, within ten days after the receipt of the first notice required herein, objections to the plan of reconditioning as submitted by the storage operator. If no such objections are filed or if none is raised by the department within such ten day period, the storage operator may proceed with the reconditioning in accordance with the plan as submitted. If any such objections are filed by the coal operator or owner or are made by the department, the department shall fix a time and place for a conference in accordance with section ten of this article at which conference the well operator and the person who has filed such objections shall endeavor to agree.
upon a plan of reconditioning which meets the require-
ments herein and which will satisfy such objections. If
no plan is approved at such conference the department
shall direct that a hearing be held in accordance with
section ten of this article and, after such hearing, shall
by an appropriate order determine whether the plan as
submitted meets the requirements set forth herein, or
what changes, if any, should be made to meet such re-
quirements. If, in reconditioning a well in accordance
with said plan, physical conditions are encountered which
justify or necessitate a change in said plan, the storage
operator or the coal operator may request that the plan
be changed. If the storage operator and the coal operator
cannot agree upon such change, the department shall ar-
range for a conference or hearing in accordance with sec-
tion ten of this article to determine the matter in the
same manner as set forth herein in connection with origi-
nal objections to said plan. Application may be made to the
department in the manner prescribed in section eight of
this article for approval of an alternative method of re-
conditioning a well. When a well located within the
storage reservoir or the reservoir protective area has
been reconditioned prior to the enactment of this article
or was so drilled and equipped previously and on the
basis of the data, information and other evidence sub-
mitted to the department it is determined that: (1) such
reconditioning or previous drilling and equipping was
done in the manner required in this subsection, or in a
manner approved as an alternative method in accordance
with section eight of this article and (2) such recondi-
tioning or previous drilling and equipping is still sufficiently
effective to meet the requirements of this article, the ob-
ligations imposed by subsection (a) as to reconditioning
said well shall be considered fully satisfied. Where a
well requires emergency repairs this subsection shall not
be construed to require the storage operator to give the
notices specified herein before making such repairs.
(g) When a well located within the reservoir protec-
tive area is a producing well in a stratum below the stor-
age stratum the obligations imposed by subsection (a) of
this section shall not begin until such well ceases to be a producing well.

(h) When a well within a storage reservoir or the reservoir protective area penetrates the storage stratum but does not penetrate the coal seam being mined by an operating coal mine the department may, upon application of the operator of such storage reservoir, exempt such well from the requirements of this section. Either party affected may request a conference and hearing with respect to the exemption of any such well in accordance with section ten of this article.

(i) In fulfilling the requirements of clause (2) of subsection (a) of this section with respect to a well within the reservoir protective area, the storage operator shall not be required to plug or recondition such well until he has received from the coal operator written notice that the mine workings will within the period stated in such notice, be within two thousand linear feet of such well. Upon the receipt of such notice the storage operator shall use due diligence to complete the plugging or reconditioning of such well in accordance with the requirements of this section and of section ten of article four of this chapter. If the said mine workings do not, within a period of three years after said well has been plugged, come within two thousand linear feet of said well, the coal operator shall reimburse the storage operator for the cost of said plugging, provided such well is still within the reservoir protective area as of that time.

(j) When retreat mining approaches a point where within ninety days it is expected that such retreat work will be at the location of the pillar surrounding an active storage well the coal operator shall give written notice of such approach to the storage operator and by agreement said parties shall determine whether it is necessary or advisable to inactivate effectively said well temporarily. The well shall not be reactivated until a reasonable period has elapsed, such reasonable period to be determined by the said parties. In the event that the said parties cannot agree upon either of the foregoing matters, such question shall be submitted to the department for
decision in accordance with section ten of this article. The number of wells required to be temporarily inacti-vated during the retreat period shall not be such as to materially affect the efficient operation of such storage pool. This provision shall not preclude the temporary inactivation of a particular well where the practical effect of inactivating such well is to render the pool temporarily inoperative.

(k) The requirements of subsection (a), (l), and (m) of this section shall not apply to the injection of gas into any stratum when the sole purpose of such injection (such purpose being herein referred to as testing) is to deter-mine whether the said stratum is suitable for storage pur-poses: Provided, however, That such testing shall be con-ducted only in compliance with the following require-ments:

(1) The person testing or proposing to test shall comply with all the provisions and requirements of section two of this article and shall verify the statement required to be filed thereof;

(2) If any part of the proposed storage reservoir is under or within two thousand linear feet of an operating coal mine which is operating in a coal seam that extends over the proposed storage reservoir or the reservoir pro-tective area, the storage operator shall give at least six months' written notice to the department and to the coal operator of the fact that injection of gas for testing pur-poses is proposed;

(3) The coal operator affected may at any time file objections with the department in accordance with sub-section (d) of section nine of this article. If any such objections are filed by the coal operator or if the depart-ment shall have any objections, the department shall fix a time and place for a conference in accordance with section ten of this article, not more than ten days from the date of the notice to the storage operator, at which conference the storage operator and the person who has filed such objections shall attempt to agree, subject to the approval of the department, on the questions involved. If such agreement cannot be reached at such conference,
the department shall direct that a hearing be held in accordance with section ten of this article. At such hearing the department shall determine and set forth in an appropriate order the conditions and requirements which it shall deem necessary or advisable in order to prevent gas from such storage reservoir from entering any operating coal mine. The storage operator shall comply with such conditions and requirements throughout the period of the testing operations. In determining such conditions and requirements the department shall take into account the extent to which the matters referred to in subsection (a) of this section have been performed. If, in carrying out said order, either the storage operator or the coal operator encounters or discovers conditions which were not known to exist at the time of the hearing and which materially affect said order or the ability of the storage operator to comply with the order, either operator may apply for a rehearing or modification of said order;

(4) Where, at any time, a proposed storage reservoir being tested comes under or within two thousand linear feet of an operating coal mine either because of the extension of the storage reservoir being tested or because of the extension or establishment or reestablishment of the operating coal mine, then and at the time of any such event the requirements of this subsection shall become applicable to such testing.

(1) Any person, who, after the effective date of this article, proposes to establish a storage reservoir under, or within two thousand linear feet of an operating coal mine which is operating in a coal seam that extends over the storage reservoir or the reservoir protective area, shall, prior to establishing such reservoir, in addition to complying with the requirements of section two of this article and subsection (a) of this section, file the verified statement required by subsection (b) of this section and fully comply with such order or orders, if any, as the department may issue in the manner provided for under subsections (b) or (c) of this section before beginning the operation of such storage reservoir. After the person proposing to operate such storage reservoir shall have
complied with such requirements and shall have there-
after begun to operate such reservoir, he shall continue
to be subject to all of the provisions of this article.

(m) When a gas storage reservoir, (1) is in operation
on the effective date of this article, and at any time there-
after it is under or within two thousand linear feet of an
operating coal mine, or (2) when a gas storage reservoir
is put in operation after the effective date of this article
and at any time after such storage operations begin it is
under or within two thousand linear feet of an operating
coal mine, then and in either such event, the storage
operator shall comply with all of the provisions of this
section except that the time for filing the verified state-
ment under subsection (b) shall be sixty days after the
date stated in the notice filed by the coal operator under
subsections (b) or (c) of section four of this article as
to when the operating coal mine will be at a point within
two thousand linear feet of such reservoir: Provided,
however, That if the extending of the projected workings
or the proposed establishment or reestablishment of the
operating coal mine is delayed after the giving of the
notice provided in subsections (b) and (c) of section four
of this article, the coal operator shall give notice of such
delay to the department and the department shall, upon
the request of the storage operator, extend the time for
filing such statement by the additional time which will
be required to extend or establish or reestablish such
operating coal mine to a point within two thousand linear
feet of such reservoir. Such verified statement shall also
indicate that the map referred to in subsection (a) of
section two of this article has been currently amended
as of the time of the filing of such statement. The person
operating any such storage reservoir shall continue to be
subject to all of the provisions of this article.

(n) If, in any proceeding under this article, the depart-
ment shall determine that any operator of a storage reser-
voir has failed to carry out any lawful order of the de-
partment issued under this article, the department shall
have authority to require such storage operator to suspend
the operation of such reservoir and to withdraw the gas
therefrom until such violation is remedied. In such an event the gas shall be withdrawn under the following conditions: The storage operator shall remove the maximum amount of gas which is required by the department to be removed from the storage reservoir that can be withdrawn in accordance with recognized engineering and operating procedures and shall proceed with due diligence insofar as existing facilities used to remove gas from the reservoir will permit.

(o) In addition to initial compliance with the other provisions of this article and any lawful orders issued thereunder, it shall be the duty at all times of the person owning or operating any storage reservoir which is subject to the provisions of this article to keep all wells drilled into or through the storage stratum in such condition and to operate the same in such manner as to prevent the escape of gas into any coal mine therefrom, and to operate and maintain such storage reservoir and its facilities in such manner and at such pressures as will prevent gas from escaping from such reservoir or its facilities into any coal mine, provided that this duty shall not be construed to include the inability to prevent the escape of gas where such escape results from an act of God or an act of any person not under the control of the storage operator other than in connection with any well which the storage operator has failed to locate and to make known to the department: Provided, however, That if any escape of gas into a coal mine does result from an act of God or an act of any person not under the control of the storage operator, the storage operator shall be under the duty of taking such action thereafter as is reasonably necessary to prevent further escape of gas into the coal mine.

Sec. 6. Inspection of Facilities and Records; Reliance on Maps; Burden of Proof.—(a) In determining whether a particular coal mine or operating coal mine is or will be within any distance material under this article from any storage reservoir, the owner or operator of such coal mine and the storage operator may rely on the most
recent map of the storage reservoir or coal mine filed by
the other with the department.

(b) In any proceeding under this article where the
accuracy of any map or data filed by any person pursuant
to the requirements of this article is in issue, the person
filing the same shall at the request of any party to such
proceeding be required to disclose the information and
method used in compiling such map and data and such
information as is available to such person that might
affect the current validity of such map or data. If any
material question is raised in such proceeding as to the
accuracy of such map or data with respect to any partic-
ular matter or matters contained therein, the person filing
such map or data shall then have the burden of proving
the accuracy of the map or data with respect to such
matter or matters.

(c) The person operating any storage reservoir affected
by the terms of this article shall, at all reasonable times,
be permitted to inspect the applicable records and facil-
ities of any coal mine overlying such storage reservoir
or the reservoir protective area, and the person operating
any such coal mine affected by the terms of this article,
shall similarly, at all reasonable times, be permitted to
inspect the applicable records and facilities of any such
storage reservoir underlying any such coal mine. In the
event that either such storage operator or coal operator
shall refuse to permit any such inspection of records or
facilities, the department shall, on its own motion, or on
application of the party seeking the inspection after
reasonable written notice, and a hearing thereon, if re-
quested by either of the parties affected, make an order
providing for such inspection.

Sec. 7. Exemptions.—(a) The provisions of this article
shall not apply to strip mines and auger mines operating
from the surface.

(b) Injection of gas for storage purposes in any work-
able coal seam, whether or not such seam is being or has
been mined, shall be prohibited. Nothing in this article
shall be construed to prohibit the original extraction of
natural gas, crude oil, or coal. No storage operator shall
have authority to appropriate any coal or coal measure
whether or not being mined, or any interest therein.

Sec. 8. Alternative Method.—(a) Whenever provision
is made in this article by reference to this section for
using an alternative method or material in carrying out
any obligation imposed by the article, the person seeking
the authority to use such alternative method or material
shall file an application with the department describing
such proposed alternative method or material in rea-
sonable detail. Notice of filing of any such application
shall be given by registered mail to any coal operator or
operators affected. Any such coal operator may within
ten days following such notice, file objections to such pro-
posed alternative method or material. If no objections are
filed within said ten day period or if none is raised by the
department, the department shall forthwith issue a permit
approving such proposed alternative method or material.

(b) If any such objections are filed by any coal operator
or are raised by the department, the department shall
direct that a conference be held in accordance with sec-
tion ten of this article within the ten days following the
filing of such objections. At such conference the per-
son seeking approval of the alternative method or mate-
rual and the person who has filed such objections shall
attempt to agree on such alternative method or material
or any modification thereof, and if such agreement is
reached and approved by the department, the department
shall forthwith issue a permit approving the alternative
method or material. If no such agreement is reached and
approved, the department shall direct that a hearing be
held in accordance with section ten of this article: Provided,
however, That if the alternative method or material
involves a new development in technology or technique
the department may, before such a hearing is held, grant
such affected parties a period not to exceed ninety days
to study and evaluate said proposed alternative method
or material. Following such hearing, if the department
shall find that such proposed alternative method or mate-
rial will furnish adequate protection to the workable coal
seams, the department shall by order approve such alter-
native method or material; otherwise the department shall deny the said application.

Sec. 9. Powers and Duties of the Department.—(a) The department may review the maps and data filed under sections two and three hereof for the purpose of determining the accuracy thereof. Where any material question is raised by any interested storage operator or coal operator or owner as to the accuracy of any such map or data, the department shall hold hearings thereon and shall by an appropriate order require the person filing such map or data to correct the same if they are found to be erroneous.

(b) It shall be the duty of the department to receive and keep in a safe place for public inspection any map, data, report, well log, notice or other writing required to be filed with it pursuant to the provisions of this article. The department shall keep such indices of all such information as will enable any person using the same to readily locate such information either by the identity of the person who filed the same or by the person or persons affected by such filing or by the geographic location of the subject matter by political subdivision. The department shall also keep a docket for public inspection of all proceedings, in which shall be entered the dates of any notices, the names of all persons notified and their addresses, the dates of hearings, conferences and all orders, decrees, decisions, determinations, rulings or other actions issued or taken by the department and such docket shall constitute the record of each and every proceeding before the department.

(c) The department shall have authority to make any inspections and investigations of records and facilities which it shall deem necessary or desirable to perform its functions under this article.

(d) Where in any section of this article provision is made for the filing of objections, such objections shall be filed in writing with the department by the person entitled to file the same or by the department, and shall state as definitely as is reasonably possible the reasons for such objections. The person filing such objections
shall send a copy thereof by registered mail to the person or persons affected thereby.

Sec. 10. Conferences, Hearings and Appeals.—(a) The department or any person having a direct interest in the subject matter of this article may at any time request that a conference be held for the purpose of discussing and endeavoring to resolve by mutual agreement any matter arising under the provisions of this article. Prompt notice of any such conference shall be given by the department to all such interested parties. At such conference a representative of the department shall be in attendance, and the department may make such recommendations as it deems appropriate. Any agreement reached at such conference shall be consistent with the requirements of this article and, if approved by such representative of the department, it shall be reduced to writing and shall be effective unless reviewed and rejected by the department within ten days after the close of the conference. The record of any such agreement approved by the department shall be kept on file by the department with copies furnished to the parties. The conference shall be deemed terminated as of the date any party refuses to confer thereafter. Such a conference shall be held in all cases prior to conducting any hearing under this section.

(b) Within ten days after termination of the conference provided for in this section at which no approved agreement has been reached or within ten days after the rejection by the department of any agreement approved at any such conference, any person who has a direct interest in the subject matter of the conference may submit the matter or matters, or any part thereof, considered at the conference, to the department for determination at a public hearing. The hearing procedure shall be formally commenced by the filing of a petition with the department upon forms prescribed by the department or by specifying in writing the essential elements of the petition, including name and address of the petitioner and of all other persons affected thereby, a clear and concise statement of the facts involved, and a specific statement of the relief sought. The hearing
shall thereafter be conducted in accordance with such regulations and such provisions as to reasonable notice as the department may prescribe. Consistent with the requirements for reasonable notice, all hearings under this article shall be held by the department promptly. All testimony taken at such hearings shall be under oath and shall be reduced to writing by a reporter appointed by the department, and the parties shall be entitled to appear and be heard in person or by attorney. The department may present at such hearing any evidence which is material to the matter under consideration and which has come to the department's attention in any investigation or inspection made pursuant to provisions of this article.

(c) After the conclusion of hearings, the department shall make and file its findings and order with its opinion, if any. A copy of such order shall be served by registered mail upon the person against whom it runs, or his attorney of record, and notice thereof shall be given to the other parties to the proceedings, or their attorney of record.

(d) The department may, at any time after notice and after opportunity to be heard as provided in this section, rescind or amend any approved agreement or order made by it. Any order rescinding or amending a prior agreement or order shall, when served upon the person affected, and after notice thereof is given to the other parties to the proceedings, have the same effect as is herein provided for original orders; but no such order shall affect the legality or validity of any acts done by such person in accordance with the prior agreement or order before receipt by such person of the notice of such change.

(e) The chief of the department shall have power, either personally or by any of his authorized representatives, to subpoena witnesses and take testimony, and administer oaths to any witness in any hearing, proceeding or examination instituted before the department or conducted by it with reference to any matter within the jurisdiction of the department. In all hearings or proceedings before the department the evidence of witnesses and the production of documentary evidence may be required at any designated place of hearing; and in case of dis-
obedience to a subpoena or other process the department
or any party to the proceedings before the department
may invoke the aid of any circuit court in requiring the ev-
idence and testimony of witnesses and the production of
such books, records, maps, plats, papers, documents and
other writings as it may deem necessary or proper in and
pertinent to any hearing, proceeding or investigation held
or had by it. Such court, in case of the refusal of any such
person to obey the subpoena, shall issue an order requiring
such person to appear before the department and pro-
duce the required documentary evidence, if so ordered,
and give evidence touching the matter in question. Any
failure to obey such order of the court may be punished
by such court as contempt thereof. A claim that any such
testimony or evidence may tend to criminate the person
giving the same shall not excuse such witness from tes-
tifying, but such witness shall not be prosecuted for any
offense concerning which he is compelled hereunder to
testify.

(f) With the consent of the department, the testimony
of any witness may be taken by deposition at the instance
of a party to any hearing before the department at any
time after hearing has been formally commenced. The
department may, of its own motion, order testimony to be
taken by deposition at any stage in any hearing, proceed-
ing or investigation pending before it. Such deposition
shall be taken in the manner prescribed by the laws of
West Virginia for taking depositions in civil cases in courts
of record.

(g) Whether or not it be so expressly stated, an appeal
from any final order, decision or action by the department
in administering the provisions of this article may be
taken by any aggrieved person within ten days of notice
of such order, decision or action, to the circuit court of the
county in which the subject matter of such order, decision
or action is located, and in all cases of appeals to the
circuit court, that court shall certify its decisions to the
department. The circuit court to which the appeal is
taken shall hear the appeal without a jury on the record
certified by the department. In any such appeal the find-
ings of the department shall, if supported by substantial evidence, be conclusive. If the order of the department is not affirmed, the court may set aside or modify it, in whole or in part, or may remand the proceedings to the department for further disposition in accordance with the order of the court. From all final decisions of the circuit court an appeal shall lie to the supreme court of appeals as is now provided by law in cases in equity, by the department as well as by any other party of record before the circuit court.

Any party feeling aggrieved by the final order of the circuit court affecting him, may present his petition in writing to the supreme court of appeals, or to a judge thereof in vacation, within twenty days after the entry of such order, praying for the suspension or modification of such final order. The applicant shall deliver a copy of such petition to the department and to all other parties of record before presenting the same to the court or judge. The court or judge shall fix a time for the hearing on the application, but such hearing shall not be held sooner than seven days after its presentation unless by agreement of the parties, and notice of the time and place of such hearing shall be forthwith given to the department and to all other parties of record. If the court or judge, after such hearing, be of opinion that such final order should be suspended or modified, the court or the judge may require bond, upon such conditions and in such penalty, and impose such terms and conditions upon the petitioner as are just and reasonable. For such hearing the entire record before the circuit court, or a certified copy thereof, shall be filed in the supreme court, and that court, upon such papers, shall promptly decide the matter in controversy as may seem to it to be just and right, and may award costs in each case as to it may seem just and equitable.

Sec. 11. Enforcement.—(a) The department or any person having a direct interest in the subject matter of this article may complain in writing setting forth that any person is violating or is about to violate any provisions of this article, or has done, or is about to do, any act, mat-
ter or thing therein prohibited or declared to be unlawful, 
or has failed, omitted, neglected or refused, or is about to 
fail, omit, neglect or refuse, to perform any duty enjoined 
upon him by this article. Upon the filing of a complaint 
against any person, the department shall cause a copy 
thereof to be served upon such person by registered mail 
accompanied by a notice from the department setting such 
complaint for hearing at a time and place specified in such 
otice. At least five days' notice of such hearing shall be 
given to the parties affected and such hearing shall be 
held in accordance with the provisions of section ten of 
this article. Following such hearing, the department shall, 
if it finds that the matter alleged in the complaint is not 
in violation of this article, dismiss the complaint, but if 
the department shall find that the complaint is justified, 
it shall by appropriate order compel compliance with this 
article.

(b) Whenever the department shall be of the opinion 
that any person is violating, or is about to violate, any 
provisions of this article, or has done, or is about to do, 
any act, matter or thing therein prohibited or declared 
to be unlawful, or has failed, omitted, neglected or refused, 
or is about to fail, omit, neglect or refuse, to perform any 
duty enjoined upon him by this article, or has failed, 
 omitted, neglected or refused, or is about to fail, omit, 
neglect or refuse to obey any lawful requirement or order 
made by the department, or any final judgment, order or 
decree made by any court pursuant to this article, then 
and in every such case the department may institute in 
the circuit court of the county or counties wherein the 
operation is situated, injunction, mandamus or other ap-
propriate legal proceedings to restrain such violations of 
the provisions of this article or of orders of the department 
to enforce obedience therewith. No injunction bond shall 
be required to be filed in any such proceeding. Such 
persons or corporations as the court may deem necessary 
or proper to be joined as parties in order to make its 
judgment, order or writ effective may be joined as parties. 
The final judgment in any such action or proceeding shall 
either dismiss the action or proceeding or direct that the
writ of mandamus or injunction or other order, issue or be
made permanent as prayed for in the petition or in such
modified or other form as will afford appropriate relief.
An appeal may be taken as in other civil actions.
(c) In addition to the other remedies herein provided,
any storage operator or coal operator affected by the pro-
visions of this article may proceed by injunction or other
appropriate remedy to restrain violations or threatened
violations of the provisions of this article or of orders of
the department or the judgments, orders or decrees of
any court or to enforce obedience therewith.
(d) Each remedy prescribed in this section shall be
deemed concurrent or contemporaneous with any other
remedy prescribed herein and the existence or exercise of
any one such remedy shall not prevent the exercise of any
other such remedy.
Sec. 12. Penalties.—Any person who shall wilfully
violate any order of the department issued pursuant to the
provisions of this article shall be guilty of a misdemean-
or, and, on conviction thereof, shall be punished by a fine
not exceeding two thousand dollars, or imprisoned in jail
for not exceeding twelve months, or both, in the discretion
of the court, and prosecutions under this section may be
brought in the name of the state of West Virginia in the
court exercising criminal jurisdiction in the county in
which the violation of such provisions of the article or
terms of such order was committed, and at the instance
and upon the relation of any citizen of this state.

That section five, article six, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 5. Temporary Registration Plates or Markers.—
2 The commissioner may, subject to the limitations and conditions hereinafter set forth, deliver temporary vehicle registration plates or markers to dealers when the application therefor is accompanied by the fee prescribed in this chapter. Such application shall be made upon a form prescribed and furnished by the department. Dealers subject to the limitations and conditions hereinafter set forth, may issue such temporary registration plates or markers
to owners of vehicles, provided that such owners shall comply with the pertinent provisions of this section.

Every dealer who has made application for temporary registration plates or markers shall maintain in permanent form a record of all temporary registration plates or markers delivered to him, and shall also maintain in permanent form a record of all temporary registration plates or markers issued by him, and in addition thereto, shall maintain in permanent form a record of any other information pertaining to the receipt or the issuance of temporary registration plates or markers that the commissioner may require. Each record shall be kept for a period of at least three years from the date of entry of such record. Every dealer shall allow full and free access to such records during regular business hours, to duly authorized representatives of the department and to peace officers. A dealer shall not issue, assign, transfer or deliver temporary registration plates or markers to anyone other than the bona fide purchaser or owner of the vehicle to be registered; nor shall a dealer issue temporary registration plates or markers to anyone possessed of annual registration plates for a vehicle that has been sold or exchanged, except a dealer may issue a temporary registration plate or marker to the bona fide purchaser or owner of a vehicle to be registered who possesses annual registration plates of a different class and makes application to the department to exchange such annual registration plates of a different class in accordance with the provisions of section one, article four, of this chapter; nor shall a dealer lend to anyone or use on any vehicle that he may own, temporary registration plates or markers. It shall be unlawful for any dealer to issue any temporary registration plate or marker, or plates or markers, containing any misstatement of fact, or knowingly to insert any false information upon the face thereof.
Every dealer who issues temporary plates or markers shall affix or insert clearly and indelibly on the face of each temporary registration plate or marker the date of issuance and expiration, and the make and motor or serial number of the vehicle for which issued.

If the commissioner finds that the provisions of this section or the directions of the commissioner are not being complied with by the dealer, he may suspend, after notice and hearing, the right of a dealer to issue temporary registration plates or markers.

Every person who makes application for temporary registration plates or markers shall execute the temporary registration plate or marker application and shall return such application to the dealer from whom the vehicle to be registered has been or will be purchased.

Every person who makes application for temporary registration plates or markers shall execute and send an application for annual registration plates to the department, previous to or not later than fifteen days from the day that the dealer sends to the department a copy of the executed temporary registration certificate, but in no event shall such application for annual registration plates be made later than fifteen days from the day on which the temporary registration plates or markers are issued to such owner.

nine hundred thirty-one, as amended, relating to appli-

(b) It is unlawful and punishable as provided in paragraph (c) of this section for any person who is an habitual user of or under the influence of any narcotic drug or who is under the influence of any other drug to a degree which renders him incapable of safely driving a vehicle to drive a vehicle within this state. The fact that any person charged with a violation of this paragraph is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charges of violating this paragraph.

(c) A person violating any provision of this section shall, for the first offense, occurring within a five-year period, be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty nor more than one hundred dollars or by imprisonment in the county jail for a period of not less than five days nor more than six months, or by both such fine and im-

the public good does not require that his license be longer
revoked, the commissioner may, if it is deemed advisable,

license be longer revoked, the commissioner may, if it is
deemed advisable, reissue such license at any time more
than ten years after the date on which it was revoked.
The discretionary power herein conferred may be exer-

Section 14. Levy to Maintain Fund; Gifts, etc.; Assessments on Members of Departments; Return of Assessments.—In every municipality there shall be a firemen’s pension or relief fund and a policemen’s pension or relief fund, which shall be maintained as follows: The council or other governing body of each municipality shall levy annually and in the manner provided by law for other municipal levies, and include within the maximum levy or levies permitted by law, and if necessary in excess of any charter provisions, a tax of not less than one cent on each one hundred dollars of all real and personal property as listed for taxation in such municipality, and, if necessary, in excess of one cent, but not in excess of three and one-half cents so as to meet the estimated expenditures of the boards of trustees of the respective funds, for the firemen’s pension or relief fund and a like levy on all real and personal property as listed for taxation in such municipality,

the policemen's pension fund, if collected from a police-

Any member of a municipal fire or police department
who is released or who before retirement on any pension

And provided further, That any member who, at the

Section
Be it enacted by the Legislature of West Virginia:

That section six, article eight, chapter eight, of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 6. Apportionment and Assessment of Cost.—

The cost of the entire project, including the cost of all improvements at and within intersections, shall be apportioned to, and assessed against and borne by the properties abutting upon the streets, public ways, alleys or easements upon which the improvements involved in the project shall have been made. Each lot or parcel of land so abutting shall be assessed with that portion of the total cost of the entire project which is represented by the proportion which the abutting frontage in feet of such lot or parcel bears to the total abutting frontage in feet of all the lots or parcels of land abutting on the streets, public ways, alleys or easements so improved: Provided however, That if the character of the improvements shall be substantially different upon different streets, public ways, easements or alleys, or portions thereof, the cost may be equitably apportioned to the respective streets, public ways, alleys, easements, or portions thereof, in proportion to the character and cost of the improvements respectively thereon; and as the part of the cost so apportioned to each respective street, public way, easement, or alley, or portion thereof, shall be apportioned to and assessed against the respective lots or parcels of land abutting thereupon in the proportion as hereinabove provided: Provided further, That if any part of the street, alley, easement or public way improved is used by a railway then the cost of the portion of the improvements between the rails and for two feet outside said rails shall be assessed against and wholly borne by the owner of the railway: Provided further, That if there be any land or other property abutting on the portion of the street or alley so improved which it has been determined by the governing body of the municipality, and shown in the ordinance or resolution authorizing the improvement, not to be specially benefited by the improvement, or for other reasons would not be liable to assessment for any of the cost of improve-
ment, then the cost of improvements abutting such part
of said street or alley, as is so determined to be nonas-
 sessable shall be apportioned among, assessed and borne
by the remaining property abutting upon the portion of
the street, alley, public way or easement improved in pro-
portion to the frontage of such remaining abutting prop-
erty as hereinabove provided: Provided further, That if
there be any land or other property abutting on the por-
tion of the street or alley so improved which it has been
determined by the governing body of the municipality,
and shown in the ordinance or resolution, not to be bene-
 fited to the extent of the cost of the improvement, then
the cost of the improvements abutting such part of said
street or alley shall be prorated. The property so benefited
shall be assessed for only that part of the cost to the ex-
tent of which it has been benefited, and the remainder of
the cost shall be apportioned among, assessed and borne
by the remaining property abutting upon the portion of
the street, alley, public way or easement improved in
proportion to the frontage of such remaining abutting
property as hereinabove provided: Provided further,
That if such improvement include the construction or re-
construction of sidewalks on only one side of a street, al-
ley, public way or easement, then the cost of such side-
walk shall be assessed only on the property abutting on
that side where the sidewalks are so constructed: Pro-
vided further, That in apportioning and assessing the cost
of sewers or sewer systems the provisions of section four
hereof shall be observed: Provided, further, That if there
be land or other property abutting the street, alley, ease-
ment or public way so improved which is owned by the
United States of America, and, for that reason; not legally
subject to assessment, then the municipality shall pay the
proportionate part of the cost of the improvement which
otherwise would be assessable against such federally
owned land or property.

certificates may be issued to the contractor making the
improvements in payment therefor, upon the contractor's
reimbursing the municipality for those items of the cost
and expense advanced by the municipality and mentioned
in section five hereof. Said certificates payable to the
bearer shall be assignable by delivery of the certificates

Sec. 5. Prior, Earned and Total Service Credits; Service Breaks.—(1) For prior service, each participating employee, on the effective date, shall be credited, as of such date, with a prior service credit equal to the period or periods of service that the member has rendered to the city prior to the effective date of the fund.

A person who is employed by the municipality at the time of the effective date of the fund and becomes a member of the fund shall be entitled to prior service credit even though such prior service was not continuous.

A person who is not employed by the municipality at the time of the effective date of the fund, but who has been employed in the past, shall be entitled to prior service credit if he returns to the service within two years from the date of his termination of service and becomes a member of the fund within such two-year period.

A member upon separation from the service without right to a retirement benefit shall be entitled to withdraw his contributions without interest. If such employee returns to the service of the municipality within two years and becomes a member of the fund, he shall be considered as a new employee and shall have lost all prior service credits unless he shall repay to the fund in cash at the time of reemployment the amount of money which he has withdrawn plus two per cent interest compounded annually on said amount during the time he was separated from the service.

If, however, the service breaks of such member is more than two years, he shall not be entitled to any prior service credits nor shall he be entitled to redeposit withdrawals but he shall reenter the fund as a new member.

Sec. 6. Retirement Age and Benefits.—After the effective date of the fund any member of the fund who has had at least twenty-three years service and has reached the age of sixty years while in service may, at his option, retire from the service of the city upon a retirement payment as hereinafter provided.

If he determines that such services are valuable, his determination must be certified to the board for approval. If the board approves, the employee may continue in the service of the municipality. The appointing officer shall annually certify to the board relative to the ability and competency of all employees over sixty-five years. (3) When a member has reached the retirement age or has become so physically or mentally disabled as to render him unfit for the performance of the duties of the position he occupies and who has less than ten years service credits, he shall be entitled to an annuity which shall be the actuarial equivalent of his total accumulation account at the time of his retirement.

(4) The board of trustees of the employees' retirement and benefit fund may order a reexamination of members
Sec. 8. Death Benefits.—(1) A member who dies after he has had ten or more years total service credits shall be entitled, for a period not to exceed ten years, to a retirement payment in accordance to the table contained in section six of this article. The payments shall be made to the person having an insurable interest in his life, as he shall nominate to the board. If the beneficiary is a widow, marriage shall have occurred at least one year prior to the death of the member in order that the widow may be eligible for a benefit under this paragraph.

Upon death of a member prior to the completion of ten years of total service, the designated beneficiary of the member, or the estate of the member, shall be entitled to a return of his total contributions to the fund, without interest.

(2) Death benefits after retirement shall be the same as death before retirement except a widow shall not be entitled to benefits unless she has been married to the member before the date of his retirement. Payment shall be made for the remaining period of ten years from the date of the member's retirement. If a widow of a member remarries, her retirement payments shall be terminated.

(3) If a member dies as a result of personal injury or disease arising out of and in the course of his employment with the city, the surviving widow shall be entitled during her widowhood to a benefit equal to thirty-three and one third per cent of the final rate of salary of the member, subject to the maximum rate herein prescribed, but not to exceed one hundred and twenty-five dollars per month. In the event there be no widow, or if remarriage occurs before the youngest child attains age eighteen, each child shall be entitled to twenty per cent of the member's final rate of salary, subject to a total payment to all children of fifty per cent of salary, or one hundred twenty-five dollars per month, whichever is the lesser. Section 1. Acquisition and Operation of Municipal Waterworks; Extension Beyond Corporate Limits.—Subject to, and in accordance with the provisions of this article, any municipal corporation in the state of West Virginia may purchase, construct, extend and operate, or lease to others for operation, a waterworks system, or construct and operate additions, betterments, and im-
8 provisions to an existing waterworks system, within the
corporate limits of said municipality and within the area
extending twenty miles beyond the corporate limits of
such municipality, notwithstanding any provision or
limitation to the contrary in any other general law or
municipal charter: Provided, however, That such munici-
pality shall not serve or supply water facilities or services
within the corporate limits of any other municipality
without the consent of the governing body thereof.

Sec. 3. *Estimate of Cost and Ordinance for Issuance of*
Revenue Bonds; *Interest, Etc.*—Whenever the munici-

all of said bonds and shall pledge the revenues derived
from the waterworks system for the purpose of paying
such bonds and interest thereon, which pledge shall

section twenty-three-a to read as follows:

Section 23-a. Acquisition, Operation, Etc.; Alternative
Method of Finance.—Notwithstanding any other pro-

or waters, is hereby authorized and empowered to fix,
establish and maintain, by ordinance, just and equitable
rates or charges for the use of the services and facilities

Such rates or charges shall be sufficient for the payment of all the proper and reasonable costs and expenses of the acquisition and construction of plants, machinery and works for the collection and/or treatment, purification and disposal of sewage, and the repair, alteration and extension of existing sewer facilities, as may be necessary to comply with such order of the state water commission, and for the operation, maintenance and repair of the entire works and system; and the governing body shall create, by ordinance, a sinking fund to accumulate and hold any part or all of the proceeds derived from rates or charges until completion of said construction, to be remitted to and administered by the state sinking fund commission by expending and paying said costs and expenses of construction and operation in the manner as provided by said ordinance; and after the completion of the construction such rates or charges shall be sufficient in each year for the payment of the proper and reasonable costs and expenses of operation, maintenance, repair replacement, and extension from time to time, of the entire sewer and works. general circulation in such municipality, or in one news-

which notice shall be at least ten days before the date
fixed therein for the hearing, and if there be no news-
paper published in said municipality, then notice shall
be given by posting a copy of the same in each of at

passed and put into effect. A copy of the schedule of such
rates and charges so established shall be kept on file
in the office of the sanitary board having charge of the

may be made in the same manner as such rates or charges

made substantially pro rata, as to all classes of service,
no hearing or notice shall be required. If any rate or
charge so established shall not be paid within thirty
days after the same is due, the amount thereof, together
with a penalty of ten per cent, and a reasonable attorney’s
fee, may be recovered by the sanitary board of such mu-

AN ACT to amend and reenact section two, article two, chapter thirty of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the practice of law in West Virginia of attorneys from other jurisdictions.

[Passed March 1, 1955; in effect ninety days from passage. Approved by the Governor.]

Article 2. Attorneys at Law.
Section

2. Attorneys from other jurisdictions.

Be it enacted by the Legislature of West Virginia:

That section two, article two, chapter thirty of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 2. Attorneys from Other Jurisdictions.—Any person duly authorized to practice as an attorney at law
in any jurisdiction other than this state may be admitted
to practice as such in the courts of this state, as a visiting
attorney, or as a resident attorney, upon first complying
with the rules and regulations applicable thereto pre-
scribed by the supreme court of appeals of West Vir-
ginia, without being required to take the bar examina-
tions of this state, if the other jurisdiction in which such
person is already authorized to practice allows attorneys
of this state to be admitted to the bar or to practice law
in such jurisdiction without making it one of the neces-
sary requirements that attorneys of this state take the
bar examinations of such jurisdiction. The supreme
court of appeals of West Virginia shall prescribe specific
rules and regulations dealing with the admission of such
person from another jurisdiction to practice law in this
state either as a visiting attorney or as a resident attorney;
and no person from another jurisdiction shall be per-
mitted to practice in the courts of this state in either
classification until he has complied with the rules and
regulations pertaining to such classification established
by the supreme court of appeals. Nothing herein con-
tained shall affect the right or status of attorneys ad-
mitted to practice in this state prior to the enactment of
this section.

That sections three, four, five, six, seven, eleven, thirteen, fourteen and eighteen, article four, chapter thirty of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted; and that said article be further amended by adding thereto three new sections, designated sections four-a, seventeen-a and seventeen-b, all to read as follows:

Section 3. Who Deemed Practitioner of Dental Hygiene; Scope of Practice.--A person shall be deemed to be practicing dental hygiene within the meaning of this article, who, under the supervision of a licensed dentist, removes deposits, accretions and stains from the surface of the teeth, makes topical applications of drugs to the exposed surfaces of the teeth, takes dental x-rays and instructs patients in the practice of dental hygiene procedures.

Sec. 4. Board of Dental Examiners.—There shall be a state board of dental examiners, known as the “West Virginia Board of Dental Examiners”, which shall consist of five practicing dentists, who shall be appointed by the governor, by and with the advice and consent of the Senate. Each member of the board at the time
of his appointment, and during his term as such member, 
shall be both a resident and licensed dentist of this state, 
and shall have been both such resident and licensed 
dentist, for a period of not less than five years immedi-
ately preceding his appointment: Provided, however, 
That no person shall be eligible for appointment to said 
board who is in any way connected with or interested 
in any dental college or dental department of any insti-
tution of learning or in a dental supply business.

The members of the board in office on the date this 
section takes effect shall, unless sooner removed, con-
tinue to serve until their respective terms expire and 
until their successors have been appointed and have 
qualified. On or before the first day of July, after this 
section takes effect, and on or before the first day in 
July in each year thereafter, the governor shall appoint 
one member to serve a term of five years commencing 
on the said first day of July and any member shall be 
eligible for reappointment for one additional consecu-
tive term.

Sec. 4-a. Powers and Duties.—The West Virginia board
of dental examiners shall examine all qualified appli-
cants for license to practice dentistry or dental hygiene, 
and it shall license all such applicants who are qualified 
under applicable statutes and who pass the examinations 
that may be required by statute or by any legally adopted 
rule or regulation.

The said board shall have the power to make such 
examination of all applicants appearing before it for 
any type of license as may be necessary to determine that 
the applicant is qualified. The said board shall also have 
the power to revoke or suspend any license issued by it, 
for cause, after having given the person whose license 
is sought to be revoked or suspended, an opportunity to 
be heard in the manner provided by section eight, article 
one, chapter thirty of this code. It shall have the power 
to reinstate any license revoked or suspended by it.

The said board is authorized and empowered to hold 
and conduct hearings and investigations on the issuance, 
suspension, revocation, or reinstatement of licenses and
on charges of unauthorized practice of dentistry or dental
hygiene.

The said board shall have the power to hire, fix the
compensation of, and discharge such employees as are
necessary for the performance of the powers and duties
vested in the said board by law and to expend such sums
as said board may deem necessary to maintain an office
and to carry out and enforce the provisions of this article.

Sec. 5. License Required as Prerequisite to Practice
Dentistry; Exceptions.—Except as otherwise provided in
this section, no person shall practice or offer to practice
dentistry or dental hygiene in this state until a license
for such purpose shall be issued to him by the board of
dental examiners, nor shall any person so practice after
the first anniversary of the issuance of such license until
he shall have in his possession a current renewal certifi-
cate issued by the board.

The board of dental examiners under such regulations
as it may prescribe may issue a temporary permit to
practice dentistry or dental hygiene to graduates of
schools of dentistry or dental hygiene approved by the
board who are certified to the board of directors of dental
clinics established by law, by the chief executive of any
hospital or sanitarium licensed or operated by the state
or by the chief dental officer of the health department
of the state. Such permits shall expire thirty days after
the date of the next examination given by the board for
licenses in dentistry or dental hygiene and shall not be
subject to renewal. Such permits shall terminate when
the holder thereof ceases to be employed by the person
certifying him. A fee of five dollars shall be paid to the
board upon issuance of such permit by the person certify-
ing the applicant.

The board of dental examiners under such regulations
as it may prescribe may issue a dental intern or dental
residency permit to graduates of dental schools approved
by the board who are not licensed to practice dentistry
in this state and who have not failed an examination for
a license to practice dentistry in this state. Applicants
for such permits shall be certified to the board by the
director of a hospital operated or licensed by the state
which maintains a dental intern or residency program.
Such permits shall authorize the holder thereof to serve
as a dental intern or a dental resident for a period of
not more than one year in any hospital licensed or oper-
ated by the state which maintains an established dental
department under the supervision of a licensed dentist.
The holder of such a permit shall function under the
supervision of the dental staff of the hospital and shall
limit his practice to patients selected by the hospital.
The holder of such a permit shall not be entitled to re-
ceive any fee or other compensation other than such
salary as may be paid by such hospital. Permits may be
revoked by the board for cause and shall expire at the
end of one year or on the date the dental internship or
residency is discontinued, whichever first occurs. A fee
of five dollars shall be paid to the board upon the issu-
ance of such a permit by the hospital nominating him.
The board of dental examiners under such regulations
as it may prescribe may issue teaching permits to per-
sons who are graduates of a school of dentistry or dental
hygiene approved by the board where such persons are
not licensed to practice dentistry or dental hygiene in
this state. Such permits shall be issued only upon the
certification of the dean of a dental school located in this
state that the applicant is a bona fide member of the
staff of that school. Such permits shall be valid for one
year and may be reissued by the board in its discretion.
The holder of such a permit shall be entitled to perform
all operations which a person licensed to practice den-
tistry or dental hygiene in this state would be entitled
to perform, but only within the facilities of the dental
school and as an adjunct to his teaching functions in
such school. A fee of five dollars shall be paid to the
board on the issuance of a teaching permit or upon each
renewal thereof by the school nominating the applicant.
Nothing in this article shall be deemed to prohibit the
practice of dentistry or dental hygiene by persons li-
censed in another state who, at the request of an ap-
proved dental school or any regularly organized dental
society, may give a clinic at such school or at a scientific
meeting of such dental society for the purpose of advancing the professional knowledge of members of the dental profession or members of the student body of a dental school.

Sec. 6. Qualifications of Applicant for License; Examinations; Examination Fee; Licensing.—An applicant for a dental license shall be of good moral character, at least twenty-one years of age at the time of making application, and be a graduate of, and possess an acceptable dental diploma from the faculty of, a dental school approved by the board. The board may require the application to be accompanied by sufficient evidence of these qualifications.

The applicant shall transmit with his application an examination fee of thirty-five dollars, which sum the board is authorized to expend in an investigation of the applicant's qualifications.

An applicant whose application has been accepted by the board shall be given an examination on subjects selected by the board from among those currently being taught in approved dental schools which shall test the qualifications of the applicant to practice dentistry. Such examinations shall be given by the board under rules and regulations promulgated by it.

The board may recognize a certificate granted by the national board of dental examiners in lieu of the written portion of the required examination.

An applicant obtaining a satisfactory grade on such examination and otherwise fulfilling the requirements of the board shall be granted a license by the board to practice dentistry, which license shall bear a serial number, the full name of the licensee, the date of issuance of the license, the seal of the board and the signatures of a majority of the members of the board.

The board shall not issue a license to any person found guilty of cheating, deception or fraud in the examination or on any part of the application. All manuscripts used in any examination and all applications for licensure shall be filed for a period of two years by the secretary of the board for the purpose of reference and inspection.
Sec. 7. Refusal to Issue, Suspension or Revocation of License; Grounds.—The state board of dental examiners may refuse to issue a license to practice dentistry or dental hygiene in this state, or after issuance may suspend or revoke the same, for any of the following causes:

1. The presentation to the board of any diploma, license or certificate illegally or fraudulently obtained, or one obtained from an institution which is not reputable, or one obtained from an unrecognized or irregular institution or state board.

2. Be guilty of gross ignorance or gross inefficiency in his profession.

3. Conviction of a felony; and a certified copy of the record of the court of conviction shall be sufficient proof of such conviction.

4. Announcing or otherwise holding himself out to the public as a specialist or as being specially qualified in any particular branch of dentistry or as giving special attention to any branch of dentistry or as limiting his practice to any branch of dentistry without first complying with the requirements established by the board of dental examiners for such specialty and having been issued a certificate of qualification in such specialty by the board.

5. Be guilty of unprofessional conduct. The following acts or any of them shall be conclusively presumed to be unprofessional conduct:

   a. Be guilty of any fraud or deception.
   b. The commission of a criminal operation or conviction of a crime involving moral turpitude.
   c. Chronic or persistent inebriety or addiction to narcotics or drugs.
   d. Be guilty of the violation of any professional confidence or be guilty of disclosing any professional secret.
   e. Be grossly immoral.
   f. Be guilty of employing what are known as “cappers” or “steerers” to obtain business.
   g. The obtaining of any fee by fraud or misrepresentation.
   h. Employ directly or indirectly, or direct or permit any suspended or unlicensed person so employed, to per-
form operations of any kind or to treat lesions of the
human teeth or jaws or correct malimposed formations
thereof.

(i) Practice, or offer or undertake to practice, dentistry
under any firm name or trade name or under any name
other than his own true name: Provided, That any
licensee may practice under a firm name or partnership
name containing nothing but the surname of every mem-
ber of such firm or partnership.

(j) Professional connection or association with, or
lending his name to another, for the illegal practice of
dentistry, or professional connection or association with
any person, firm, or corporation, holding himself, them-
selves, or itself out in any manner contrary to this article.

(k) Make use of any advertising relating to the use
of any drug or medicine of unknown formula.

(l) Advertise to practice dentistry or perform any
operation thereunder without causing pain.

(m) Advertise professional superiority or the per-
formance of professional services in a superior manner.

(n) Advertise prices charged for professional service.

(o) Advertise by means of large display, flickering, or
glaring light signs, or contain as a part thereof the repre-
sentation of a tooth, teeth, or bridge work, or any portion
of the human head.

(p) Employ or make use of advertising solicitors or
free publicity press agents.

(q) Advertise to guarantee any dental service.

(r) Advertise in any manner calculated to, or tending
to, deceive or mislead the public: Provided, That such
licensee may announce, by way of a professional card
containing not more than his name, title, degree, office
location, office hours, business telephone number, and
residence address and telephone number, if desired, and
if he limits his practice to a specialty he may announce
it, but such card shall not be greater in any case than
sixteen inches by twenty-two inches in size, and such
information may be inserted in public print when not
more than eight newspaper columns in width and
twenty-five inches in depth; and he may announce his
change of place of business, absence from, or return to,
business in the same manner, and issue appointment
cards to his patients, when the information thereon is
limited to matter pertaining to the time and place of
appointment and that permitted on the professional card,
and he may display his name, title, and degree upon the
windows or doors of his office and by a door plate or
name plate or office directory when the information is
limited to not more than that contained on the profes-
sional card, but the name, title and degree of the licensee
shall not be displayed on said doors, windows, door plates,
and name plates or office directory in lettering greater
in height than seven inches.

The term advertising, as used in this section, shall be
construed to include the use of radio or any loud speaking
device or any other similar method or agency.

This entire section is passed in the interest of the pub-
lic health, safety and welfare, and its provisions shall be
liberally construed to carry out its object and purpose.

Each and every provision of this section is hereby de-
clared to be independent and severable, and should any
portion or provision or provisions of this section be held
unconstitutional or for any other reason invalid, the re-
maining portion or portions, or provision or provisions,
shall not be thereby affected.

Sec. 11. Right of Dentist to Prescribe Drugs and Per-
form Surgical Operations; Sign Death Certificates; Pre-
scriptions.—A licensed dentist shall have the same rights
to prescribe drugs or medicines, perform such surgical
operations, administer general or local anaesthetics and
use such appliances as may be necessary to the proper
treatment of the special class of diseases mentioned in
this article as are enjoyed by registered physicians in
this state. A licensed dentist shall have the same right to
execute and sign a death certificate when such is required
in the course of his practice as is given to licensed physi-
cians by the laws of this state. Druggists of this state
shall fill prescriptions of licensed dentists in this state
for any drugs necessary for the practice of dentistry.

Sec. 13. Dental Hygienists; Permitted Operations;
Revocation of License.—A licensed dentist, or the direc-
tor of any industrial clinic, school clinic or state industrial clinic, having a dental program under the supervision of a licensed dentist, may employ dental hygienists who shall practice under the supervision of a licensed dentist.

Under such supervision, a dental hygienist may (1) remove deposits, accretions and stains from the surfaces of the teeth, (2) make topical application of drugs to the exposed surface of the teeth, (3) take dental x-rays, and (4) instruct patients in the practice of dental hygiene procedures, but shall not perform any other operation on the teeth or other tissues of the oral cavity.

The state board of dental examiners may suspend or revoke the license of any dental hygienist who shall perform any operation other than those permitted under the provisions of this section, who shall violate any provision of this article relating to dental hygienists or who shall be found guilty of any of the acts enumerated in section seven of this article.

Sec. 14. Prerequisites to Practice Dental Hygiene; Examination Fee; Licensing.—No person who has not been licensed as a dental hygienist in this state on or before the first day of September, one thousand nine hundred thirty-seven, shall practice as a dental hygienist until he has first passed an examination given by the West Virginia board of dental examiners and otherwise qualifies under such rules and regulations as the board may establish.

The fee for the examination shall be twenty dollars and shall accompany the application. An applicant failing to pass the first examination shall be entitled to one reexamination at next regular meeting of the board without additional cost. The fee for every reexamination after that shall be ten dollars.

The board of dental examiners shall issue a license to practice dental hygiene in this state to any person who has passed such an examination and who has otherwise qualified to practice dental hygiene under the rules and regulations established by the board: Provided, however,

That no person shall be entitled to such dental hygiene
license unless he be: (a) at least eighteen years of age, 
(b) of good moral character, (c) a graduate of a first 
class high school of this state or its equivalent and (d) 
be a graduate of, and possess an acceptable diploma in 
dental hygiene from a school having a course in dental 
hygiene approved by the board of dental examiners.

Sec. 17-a. Specialties; Qualifications; Application Fee; 
Limitation of Practice.—No licensee shall announce or 
otherwise hold himself out to the public as a specialist or 
as being specially qualified in any particular branch of 
dentistry, or as giving special attention to any branch of 
dentistry, or as limiting his practice to any branch of 
dentistry, unless he has first complied with the require-
ments established by the board of dental examiners for 
such specialty and has been issued a certificate of qual-
ification authorizing him so to do.

The board of dental examiners may establish higher 
standards and additional requirements for any licensee 
who desires to announce or otherwise hold himself out 
to the public as being specially qualified in a branch or 
specialty of dentistry recognized by the board. The board 
may give such examinations and secure such assistance as 
it may deem necessary in determining the qualifications 
of applicants.

Application to the board for a certificate of qualifica-
tion in a specialty of dentistry shall be upon such form 
and contain such information as the board may require 
and shall be accompanied by a fee of fifty dollars. A 
licensee found by the board to be qualified under the 
standards and other requirements promulgated by the 
board in the specialty indicated in his application shall 
be issued a certificate of qualification authorizing the 
licensee to announce or otherwise hold himself out to the 
public as specially qualified in the indicated specialty 
under such terms and in a manner approved by the board.

Sec. 17-b. Annual Information and Renewal Fee; 
Notice; Reinstatement; Penalty Fee; Waiver of Payment 
of Fee on Retirement or Disability; Change of Address.— 
On or before the first day of February of each year, every 
dentist licensed to practice dentistry in this state, and
every dental hygienist licensed to practice dental hygiene
in this state, shall transmit to the secretary of the board,
upon a form prescribed by the board, his signature, post
office address, office address, the serial number of his
license certificate, whether he has been engaged during
the preceding year in the active and continuous practice
of dentistry or dental hygiene, as the case may be,
whether within or without this state, and such other in-
formation as may be required by the board, together
with an information and renewal fee herein provided for.
The annual information and renewal fee for a dentist
shall be three dollars and for a dental hygienist shall be
two dollars.
Upon receipt of the required information and the pay-
ment of the proper renewal fee, the licensee shall be
issued a renewal certificate authorizing him to continue
the practice of dentistry or the practice of dental hygiene
in this state for a period of one year from the first day of
February.
A license to practice dentistry or dental hygiene
granted under the authority of this article shall be can-
celled on the first day of May if the holder thereof fails
to secure a current renewal certificate by that date. Any
licensee whose license is thus cancelled by reason of the
failure, neglect or refusal to secure the proper renewal
certificate may be reinstated by the board at any time
within six months from the date of the cancellation of
said license upon the payment of the proper renewal
fee and an additional fee of fifteen dollars. If the licensee
shall not apply for renewal of his license as herein re-
quired within the said six months, that person shall, at
the discretion of said board, be required to file an ap-
lication for and take the examination provided in this
article should he desire to practice dentistry or dental
hygiene in this state.
Upon failure of any licensee to submit the required
information and pay the annual renewal fee as herein
required by the statutory date, the board shall attempt
to notify such licensee in writing by mailing to his last
registered address a notice of the requirements of this
section apprising him of the fact that his license to
practice will be cancelled on the statutory date: Provided, however, That failure to mail or receive such notice shall not affect the cancellation of his license.

The board may waive the annual payment of the renewal fee herein required, and issue a renewal certificate to any West Virginia licensee who has held a West Virginia license for at least twenty-five years and is presently retired from active practice, or to any West Virginia licensee who has retired for reasons of physical disability, so long as such retirement continues: Provided, That the licensee provides the board with the information required by this section.

Every licensed dentist within thirty days of changing his place of practice or establishing additional offices shall furnish the secretary of the board with his new professional address.

Every licensed dental hygienist within thirty days of changing his place of employment shall furnish the secretary of the board with his new professional address and the name of his employer.

Sec. 18. Practicing Dentistry or Dental Hygiene without Complying with Provisions of This Article; Penalty; Injunction.—Any person who shall practice or offer to practice dentistry or dental hygiene in this state without first having complied with the provisions of this article, or who shall violate any of its provisions for which no specific penalty has been provided, shall be guilty of a misdemeanor, and upon conviction thereof of a first offense against this article, shall be fined not less than three hundred dollars nor more than one thousand dollars, or confined in jail not less than three months nor more than six months, or both fined and imprisoned at the discretion of the court.

A person convicted of a second subsequent offense against this article shall be guilty of a misdemeanor and shall be fined not less than one thousand dollars nor more than twenty-five hundred dollars, or confined in jail for not less than six months nor more than twelve months, or both fined and imprisoned, at the discretion of the court.

Each act of dentistry or dental hygiene shall be deemed
21 a separate offense and shall constitute a practice of den-
22 tistry or dental hygiene within the meaning of this sec-
23 tion, and each day that a person may hold himself out as
24 practicing in his own name or any name shall be deemed
25 a separate offense.
26 Notwithstanding the existence of any other remedy,
27 the board may, in the manner provided by law, maintain
28 an action for an injunction against any person, partner-
29 ship or association to restrain or prevent the practice of
30 dentistry and/or dental hygiene when such person, part-
31 nership or association repeatedly refuses to obtain regis-
32 tration or license therefor and continues the practice of
33 dentistry and/or dental hygiene without first obtaining
34 registration or license therefor in the manner hereinbe-
35 fore provided.

(Senate Bill No. 136—By Mr. Amos)

AN ACT to amend and reenact section six, article thirteen,
chapter thirty of the code of West Virginia, one thousand
nine hundred thirty-one, as amended, relating to engineers
and their qualifications for registration.

[Passed February 28, 1955; in effect ninety days from passage. Approved by the
Governor.]

Article 13. Engineers.
Section
6. Qualifications to practice professional engineering.

Be it enacted by the Legislature of West Virginia:

That section six, article thirteen, chapter thirty of the code
of West Virginia, one thousand nine hundred thirty-one, as
amended, be amended and reenacted to read as follows:

Section 6. Qualifications to Practice Professional Engi-
2 neering.—The following facts, established in the applica-
3 tion, shall be regarded as minimum evidence satisfactory
to the board, that the applicant is qualified to practice as
a professional engineer, to-wit:

(a) A specific record of eight or more years of active
practice in engineering work of a character satisfactory to
the board and indicating that the applicant is competent
to be placed in responsible charge of such work; or,

(b) Graduation from a school or college approved by
the board as of satisfactory standing, having a course in
engineering of not less than four years; and a specific
record of an additional four years of active practice in
engineering work of a character satisfactory to the board,
and indicating that the applicant is competent to be
placed in responsible charge of such work: Provided,
That no person shall be eligible for registration as a
professional engineer who is not of good character and
repute.

In considering the qualifications of applicants, responsi-
ble charge of engineering teaching may be construed as
responsible charge of work. Graduation in engineering
from a school of recognized standing shall be considered
as equivalent to four years of active practice and the sat-
isfactory completion of each year of work in such school
without graduation shall be considered as equivalent to a
half year of active practice. Graduation in a course other
than engineering from a college or university of recog-
nized standing shall be considered as equivalent to two
years of active practice: Provided, however, That no ap-
plicant shall receive credit for more than four years of
active practice because of educational qualifications.

In cases where the evidence presented in the application
does not appear to the board to be conclusive or to war-
rant the issuing of a certificate of registration, the appli-
cant may be required to present further evidence for the
consideration of the board, and may also be required to
pass an oral or written examination, or both, as the board
may determine.

19 laboratory instruction: *Provided, however,* That this re-
20 quirement shall not be construed to disqualify applicants
21 that graduate from chiropractic schools or colleges be-
22 fore passage of this act which taught a resident course
23 of at least three academic years of eight months each and
24 required active attendance upon the same. Attendance
25 at the academic college as set forth in requirement (d)

36 commenced the fulfillment of requirement (e) under the
37 educational provisions of the federal servicemen's re-

Section 3. Counties, or counties and municipalities, may combine in employment of officers and installation and maintenance of equipment; combined local boards of health.

Be it enacted by the Legislature of West Virginia:

That section three, article two, chapter sixteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 3. Counties, or Counties and Municipalities, May Combine in Employment of Officers and Installation and Maintenance of Equipment; Combined Local Boards of Health.—Any two or more counties, or any county or counties and any one or more municipalities within the said county or counties, may combine to cooperate with the state department of health, by vote of the county court in the case of a county; and by vote of the council or other governing body in the case of a municipality, and may participate in the employment of trained health officers and other agents and employees, or in the installation and maintenance of a common laboratory and other equipment. Whenever any such units shall decide so to cooperate and shall appropriate a sum or sums of money for such joint or cooperative action, a sum equal to two-fifths of the total amount contributed by the cooperating units, shall be added thereto from the appropriation made
for the state department of health: Provided, That the
general plan of cooperation, as well as the principal health
officer, executive agent or laboratory director employed
by the cooperating units, shall first have been approved
by the state board of health.

Each county or municipality participating in any such
cooperative action shall select and appoint by vote of
the county court in the case of a county, and by vote
of the council or other governing body in the case of a
municipality, not less than one nor more than three per-
sons to be members of a combined board of health. No
such person shall be selected by, nor represent on any
such combined board, more than one such county or
municipality. The number of persons to be selected by
each participating county or municipality as members of
such board, subject to the limitation contained in the two
preceding sentences, shall be agreed upon by the several
counties or municipalities participating.

All members of such combined board of health shall be
appointed for terms of five years each, except that the
persons first appointed pursuant to the provisions of this
section, if more than one such person is appointed at the
same time by any one county court or municipal governing
body, shall be individually designated to serve for terms of
one, two, and three years, respectively, and if only one
such person is appointed at such time by each participating
county or municipality, the several participating counties
or municipalities shall initially appoint such persons to
serve for individually designated terms, which shall be
agreed upon by the several appointing authorities, of one,
two, three, four and five years, respectively. Upon the
expiration of the term of such initial appointments the
term of each new appointee shall be five years. Any
vacancy on such board shall be filled by appointment, by
the original appointing authority, for the unexpired term.
All members shall serve until their duly qualified suc-
cessors have been appointed. The number of members of
such board belonging to one political party shall not
exceed by more than one the number of members of such
board belonging to any other political party.
All members of any such board shall be citizens and residents of the county or municipality they are appointed to represent. All members shall be eligible for reappointment. No member of such board may be removed from office during the term for which he is appointed except for official misconduct, incompetence, neglect of duty or gross immorality.

No member of such board shall receive any compensation for his services but each may be reimbursed for actual and necessary travel and other expenses necessarily incurred by him in the performance of his duties as a member of such board.

Any such combined board of health shall consist of the several members so selected. Such board shall organize by electing a chairman from among its members. It shall have the power to adopt, and from time to time amend, such rules and regulations as it may deem necessary concerning the time and place of its meetings, the procedure and method of conducting its meetings or business, and any other matters affecting, or necessary to, the orderly and efficient discharge of its duties or exercise of its powers. All powers and duties belonging to or vested in county boards of health or municipal boards of health under any provision of this code are hereby vested in, conferred upon, and declared to be, the powers and duties of any combined board of health created pursuant to the provisions of this section. All powers and duties belonging to or vested in county or municipal health officers, so far as they are applicable and not in conflict with the provisions of this section, are hereby vested in, conferred upon, and declared to be, the powers and duties of any health officer appointed and employed by any combined board of health. Any health officer or other employee appointed or employed by any combined board of health shall be employed and serve, and may be discharged, at the will and pleasure of such board. The territorial jurisdiction of any such combined board of health shall be coextensive with the boundaries of all of the counties and municipalities which have been combined to cooperate as herein provided.
Upon the formation of a combined local board of health as herein provided, and during the period that it continues to exist, there shall be no separate county board of health or municipal board of health in any county or municipality represented on the combined board of health.

Be it enacted by the Legislature of West Virginia:

That chapter sixteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, to be designated article two-a, to read as follows:

Section 1. County and Municipal Boards of Health Authorized; Jurisdiction.—Any county or municipality may in its discretion, and in lieu and instead of the local board of health provided for in article two of this chapter, create, establish and maintain a county board of health or a municipal board of health organized pursuant to, and with the powers and duties prescribed by, the provisions of this article. Such county board of health may be created and established by the county court, and such municipal board of health may be created and established by the governing body of the municipality. The jurisdiction of such county board of health shall be coextensive with the territorial limits of the county and shall include every city, town, and village therein which does not have a full time health officer of its own employed in the manner, for the purpose, and to perform the duties set forth in this article. The jurisdiction of such municipal board of health shall be coextensive with the territorial limits of the municipality and an area including all points within a distance of one mile from the limits of the municipality. The jurisdiction of any county board of health, or of any combined local board of health established pursuant to the provisions of section three, article two of this chapter, shall not extend to or include any area within the jurisdiction of any municipal board of health which has established and is maintaining a separate full time municipal health department under the supervision of a municipal health officer.

In any county in which there is created and established a county board of health pursuant to the provisions of this article, the county board of health provided for in article two of this chapter shall cease to exist and shall be abolished during such period of time as the county board of health provided for in this article is maintained and continued in existence.
Sec. 2. Membership and Organization of County and Municipal Boards of Health; Appointment and Qualification.—A county board of health or municipal board of health created and established under the provisions of this article shall be composed of five members appointed by the county court or the governing body of the municipality. Where any county board of education contributes funds to a county court or a municipality, which creates such board of health, for health purposes, such board of education may nominate one member of such local board of health. Such nominee shall be appointed to such board of health by the appointing authority, if otherwise qualified. In the event such nominee is rejected by the appointing authority, or in the event his position on the board of health is vacated during the term for which he is appointed, such county board of education may nominate another person, who, if otherwise qualified, shall be appointed to the board of health by the appointing authority. In the event such county board of education fails or refuses to nominate some person for such appointment within thirty days of the date of the receipt of a request, in writing, from the appointing authority, for a nomination, the appointing authority shall proceed to make such appointment without any nomination by the county board of education.

All members of any such board of health shall be citizens and residents of the county or municipality they are appointed to represent. No more than three of the members of such board shall belong to the same political party, nor shall more than two of such members be residents of the same magisterial district or municipal ward, nor shall more than two such members be personally and individually licensed in, engaged in, or actively participating in or carrying on, the same business, profession, or occupation. All members shall be eligible for reappointment.

All members of such board shall be appointed for terms of five years each, except that the persons appointed when the board is initially created shall be individually desig-
nated to serve for terms of one, two, three, four and five years, respectively. Upon the expiration of such initial appointments the term for each new appointee shall be five years. Each member shall serve until the appointment of his duly qualified successor. Any vacancy on such board shall be filled by appointment for the unexpired term.

Such county or municipal board of health shall organize by electing from its members a chairman who shall serve as such for a period of one year. Such chairman shall have the power to sign documents, execute contracts and otherwise act for and in the name of such board in all matters within its lawful powers and duly authorized by a majority of its members.

No member of such board may be removed from office during the term for which he is appointed except for official misconduct, incompetence, neglect of duty or gross immorality: Provided, however, That the revocation of a professional license issued by this state to any such member shall be sufficient reason and cause for the removal of such member from office.

No member of such board shall receive any compensation for his services but each may be reimbursed for actual and necessary travel and other expenses incurred by him in the performance of his duties as a member of such board.

Sec. 3. Powers and Duties of County and Municipal Boards of Health.—County or municipal boards of health created and established pursuant to the provisions of this article shall direct, supervise, and control all matters relating to the general health and sanitation of their respective counties or municipalities, and shall possess and exercise such power in relation thereto as may be exercised and is possessed by the state board of health, so far as such powers are applicable to such county or municipality. Such local boards of health shall also have the power and authority to adopt and promulgate and from time to time amend such rules and regulations, consistent with the laws of this state and the rules and regulations of the state board of health, as may be necessary and
proper for the protection of the general health of the county or municipality and the prevention of the introduction, propagation and spread of disease therein. All such rules and regulations shall be filed, in the case of a county board, with the clerk of the county court, and in the case of a municipal board, with the clerk, recorder, or similar officer of the municipality. Such rules and regulations shall be kept by such clerk or recording officer in a separate book and shall be public records.

It shall be the duty of such local boards of health to protect the general health and supervise and control the sanitation of their respective counties and municipalities; to enforce the laws of this state pertaining to public health, and the rules and regulations of the state board of health, insofar as they are applicable to such counties or municipalities, and to perform such duties in relation to public health as may be prescribed by order of the county courts of such counties or ordinances of such municipalities, consistent with the public health laws of this state and the regulations duly adopted by the state board of health. All such local boards of health receiving state or federal funds for health purposes shall first receive approval by the state board of health of their general plans of operation for health purposes. The state board of health may, if deemed necessary or expedient by it, act through any county or municipal board of health created, established and operated pursuant to the provisions of this article.

Sec. 4. County or Municipal Health Officers, Health Personnel and Other Employees; Appointment or Employment, Term, Qualification and Compensation.—A county or municipal board of health, created and maintained pursuant to the provisions of this article, shall have the power to appoint a health officer to serve for an indefinite term at the pleasure of the appointing county or municipal board of health. Such health officer shall be a physician licensed or eligible for licensure as a physician in this state. He shall be skilled in the science of preventive medicine and sanitation. He shall receive such compensation, to be paid out of the county or municipal treasury, as may be determined by such county or municipal board
of health, and approved by the county court or municipal
governing body.

Any such county or municipal board of health as is
mentioned in the preceding paragraph shall have the
power to employ such technical, administrative, clerical,
and other employees as such board may deem necessary.
All such employees shall be employed for such period
of time as may be determined by such board, and shall
be suitably trained in public health practices. Such em-
ployees shall perform such duties in relation to public
health as may be prescribed by any order, rule or regu-
lation of the county or municipal board of health, the
public health laws of this state or the regulations of the
state board of health.

Any such county or municipal board of health may,
with the consent and approval of the county court or
municipal governing body creating and maintaining such
local board of health, establish and adopt a merit system
for any or all employees of the county or municipal health
department. Such merit system may be similar to the
state merit system and may be established by the local
board by its order, subject to the approval of the county
court or municipal governing body, adopting and making
applicable to the local health department all, or such por-
tion, of any order, rule, standard, or compensation rate in
effect in the state merit systems as may be desired by the
local board of health and as it may consider properly
applicable to the local health department.

Sec. 5. Powers and Duties of County or Municipal
Health Officers; Reporting Contagious or Infectious Dis-
eases.—The county or municipal health officer appointed
by any local board of health created pursuant to the pro-
visions of this article shall be the executive officer of such
board of health. Under the supervision of the board he
shall administer the provisions of this article, all other
laws of this state relating to public health and applicable
to his county or municipality, and the rules, regulations
and orders of such county or municipal board of health,
and of the state board of health, so far as such rules, regu-
lations and orders are applicable to his county or muni-
cipality.

Such health officer shall attend, but not vote, at all
meetings of his county or municipal board of health. He
shall act as secretary of such board and shall be in charge
of its offices. He shall supervise and direct the activities
of county or municipal health services, employees, and
facilities: Provided, however, That the duties of such
health officer shall not include the rendering of medical
or surgical services on an individual basis to wards of the
county or municipality or to inmates of any public insti-
tution operated or maintained by any county court or
municipality.

It shall be the duty of every practicing physician to re-
port to the municipal health officer, where there is such
official, immediately on diagnosis, every case of commu-
icable or infectious disease that may arise or come under
his treatment within the municipality, and to the county
health officer cases occurring outside of the municipality,
and also, where there is no municipal health officer, cases
occurring within such municipality. Any health officer
receiving such reports shall make to the state director
of health a weekly report of all such cases, stating the
number of each kind of disease reported, the action taken
to arrest the infection and spread of the disease, and the
result.

Sec. 6. County and Municipal Health Officers, Levy;
Receipt and Disposition of Funds by Local Boards of
Health.—The county court of any county or the governing
body of any municipality in which a county or municipal
health officer is appointed pursuant to the provisions of
this article, shall have the power and authority to provide
funds for the payment of such health officer and the ex-
penses of his administration, and for that purpose may
levy a county or municipal tax, as the case may be, of not
exceeding three cents on each one hundred dollars'
assessed valuation of the taxable property in such county
or municipality according to the last assessment thereof.

Any county or municipality may, whether it has exer-
cised the power to lay the special levy hereinbefore pro-
vided for or not, appropriate and expend money from the
county or municipal general fund for public health pur-
poses and to pay the expenses of operation and administra-
tion of a county or municipal board of health and the pub-
lic health facilities operated thereby or in conjunction
therewith.

Any county or municipality in which there is a board
of health created and maintained pursuant to the pro-
visions of this article, may accept, receive and receipt for
money or property from any federal, state, or local gov-
ernmental agency, or from any public or private source,
to be used for public health purposes, or for the estab-
lishment or construction of public health facilities. All
moneys accepted by any county or municipality pursuant
to the provisions of this paragraph shall be deposited in
the county or municipal treasury, and unless otherwise
prescribed by the authority from which the money is re-
ceived, shall be kept in separate funds, designated ac-
cording to the purposes for which the money was made
available, and held by the county or municipality in trust
for such purposes: Provided, however, That nothing con-
tained in this section shall be construed to conflict with
the provisions of section fifteen, article one, chapter six-
teen of this code.

Sec. 7. Charges by Local Boards of Health for Inspec-
tion of Milk Distribution, Production or Pasteurization
Facilities Outside of State.—Any local board of health,
whether created and maintained pursuant to the pro-
visions of this article or article two of this chapter, may
cause an inspection to be made of the physical plant and
facilities of any distributor, producer, or pasteurizer of
milk whose milk distribution, production, or pasteuriza-
tion plant or facilities are located outside of this state
but who sells or distributes in this state, or transports, or
causes or permits to be transported into this state, milk,
or milk products, for resale, use or consumption in this
state and within the territorial jurisdiction of such local
board of health. The local board of health may charge
to, and collect from, such distributor, producer, or pas-
teurizer of milk, all of the expense of such inspection.
The amount of such charge for expense of inspection shall be based on the number of inspections made, mileage traveled, and time consumed by the inspecting official in traveling to and from the place of the inspection and in actually making the inspection.

Provided, however, That in any case in which such milk distribution, production, or pasteurization plant or facilities are regularly inspected in the course of a regular inspection schedule or itinerary by any duly authorized representative of any agency of this state or its governmental subdivisions, or any agency of any other state or its governmental subdivisions, which has been certified as an approved inspection agency by the state board of health of this state, no charge for expense of inspection shall be made by any local board of health unless it is the agency making the regular inspection. In any event, not more than one local board of health shall act as, and be deemed, the regular inspection agency for any such milk distribution, production, or pasteurization plant or facility. Where two or more agencies each include any such plant or facility in a regular inspection schedule or itinerary the state board of health shall designate one of such agencies as the regular inspection agency for such plant or facility.

Sec. 8. State Board of Health May Supplant Local Health Authority; Removal of Delinquent Local Officers. —When, in the opinion of the state board of health, any local health authority shall fail or refuse to enforce laws and regulations necessary to prevent and control the spread of communicable or infectious disease declared to be dangerous to the public health, or when, in the opinion of the state board, a public health emergency exists, the state board may enforce its rules and regulations within the territorial jurisdiction of such local health authority, and for that purpose shall have and may exercise all the powers given by law to local health authorities. All expenses so incurred shall be a charge against the counties, cities, or towns concerned. And in such cases the failure or refusal of any local health officer or local health body to carry out the lawful orders and regulations of the state board of health shall be sufficient cause for the removal
of such local health officer, or local health body or its
members, from office, and upon such removal a successor
or successors to the person or persons removed shall im-
mediately be appointed in the manner, and for the term,
provided for in this article.

Sec. 9. Obstructing Health Officers and Others in En-
forcement of Health Laws; Penalty.—Every person who
wilfully opposes or obstructs any health officer, public
health nurse, sanitarian, or any other person charged with
the enforcement of any health law, in the performance of
such officer or person’s legal duty in enforcing such law,
shall be guilty of a misdemeanor, and upon conviction
shall be punished by a fine of not more than two hundred
dollars or by imprisonment for not more than thirty days
or both.

Sec. 10. Penalties for Violating Provisions of Article;
Jurisdiction of Justices.—Any person wilfully violating
any of the provisions of this article, for which a penalty
is not otherwise provided, or any of the rules, regulations
or orders adopted or issued pursuant thereto, shall be
guilty of a misdemeanor, and upon conviction shall be
punishable by a fine of not more than two hundred dollars
or by imprisonment for not more than thirty days or both.
Justices of the peace shall have concurrent jurisdiction
with circuit and criminal courts for the enforcement of
the provisions of this article and any rules, regulations, or
orders, lawfully adopted, promulgated or issued pursuant
thereto.

Sec. 11. Severability.—If any provision of this article,
or the application thereof to any person or circumstance,
shall be held to be invalid or unconstitutional, such in-
validity or unconstitutionality shall not affect the other
provisions or applications of this article which can be
given effect without the invalid or unconstitutional pro-
vision or application, and to this end the provisions of this
article are declared to be severable.

Any other provisions of this article to the contrary notwithstanding, in order to encourage the development of the state road system, the state road commission is authorized in its discretion to pledge by resolution and agreement annually to pay from the state road fund, subject to all prior commitments of such fund which shall be stated in the resolution and agreement, the amount of any yearly deficit between the principal and interest requirements of any turnpike project or portion thereof hereafter constructed and the amount available in the hands of the turnpike commission to pay such requirements, up to three fourths of one per cent of the estimated or actual construction cost of the turnpike project or portion thereof for which such pledge is made, until any bonds issued and interest due upon the basis of such a pledge have been fully paid and satisfied: Provided, however, That the state road commission shall enter into no agreement with underwriters on any bond issue for the purpose of constructing or aiding in the construction of any toll road unless and until there is filed with the commission a report and finding of reputable traffic engineers of national standing, showing that the earnings from the proposed toll road will be sufficient to provide annual income in an amount at least large enough to cover the annual cost of retiring the indebtedness, including interest, sinking fund and operating costs of such toll highway.

[Passed March 12, 1955; in effect ninety days from passage. Approved by the Governor.]

West Virginia Turnpike Commission

Section 2. The West Virginia turnpike commission is hereby authorized in its discretion to expend such of its funds and any funds made available to the state of West Virginia under the federal highway act or any other law of the United States which makes funds available to the state for highway purposes, and which may be properly so used under the laws of the United States, as may be advisable to obtain the preliminary surveys and advance engineering which shall determine the practicality of constructing, and if deemed practical, the construction of, as part of the proposed transcontinental Crozet superhighway, a four lane divided highway along the West Virginia sections of the route and according to the general specifications described in the recitals hereinafore, either as a toll road or as a freeway, as may in the course of events seem advisable, and which shall determine the exact suitable
location of said highway if it be deemed practical to construct.
The state road commissioner may make available funds for the necessary practicality surveys for the West Virginia section of said superhighway from Harpers Ferry to the Kentucky state line near Huntington, West Virginia. Such funds as are made available as above provided shall be refunded to the state road commission from the sale of revenue bonds or, at the discretion of the West Virginia turnpike commission, from toll funds. The construction of the West Virginia section of the Crozet superhighway shall not commence until after the practicality of such superhighway has been determined, beginning first that section from Harpers Ferry to the vicinity of Heaters, then beginning, within a reasonable time, the second section of said superhighway, which shall extend from Heaters to the vicinity of Charleston. The section from Charleston to the Kentucky state line near Huntington, West Virginia, may be completed after the first and second sections of said superhighway have been completed.
The provisions of chapter one hundred thirty-nine, acts of the Legislature, regular session, one thousand nine hundred forty-seven, relating to the survey and construction of the West Virginia section of the Crozet superhighway, shall apply to this section insofar as they do not conflict with this act.

41. Design of controlled-access facilities.
42. Acquisition of property and property rights.
43. New and existing facilities; grade crossing eliminations.
44. Authority to contract with other governmental agencies.
45. Local service roads.

Be it enacted by the Legislature of West Virginia:

That chapter one hundred ten, acts of the Legislature, regular session, one thousand nine hundred thirty-nine, be repealed; and that article four, chapter seventeen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto seven new sections, to be designated sections thirty-nine, forty, forty-one, forty-two, forty-three, forty-four and forty-five, to read as follows:

Section 39. Definition of a Controlled-Access Facility.—

2 For the purpose of this chapter, a controlled-access facility
3 is defined as a highway or portion of a highway especially
designed for through traffic, and over, from, or to which
owners or occupants of abutting land or other persons
have no right or only a controlled right or easement of
access, light, air, or view by reason of the fact that their
property abuts upon such controlled-access facility or for
any other reason. Such highways may be freeways open
to use by all customary forms of highway traffic; or they
may be parkways from which trucks, buses, and other
commercial vehicles shall be excluded.

Sec. 40. Authority to Establish Controlled-Access Fa-
cilities.—The state road commissioner is hereby authorized
to plan, construct, designate, establish, regulate, vacate,
alter, improve, maintain, and provide controlled-access
facilities for public use as a part of the state road system
wherever present or reasonably anticipated future traffic
conditions render such special facilities necessary. The
commissioner, in addition to specific powers granted in
connection with controlled-access facilities, shall also
have and may exercise, relative to such controlled-access
facilities, any and all additional authority now or here-
after vested in him relative to highways or the state road
system. He may also regulate, restrict, or prohibit the
use of such controlled-access facilities by the various
classes of vehicles or traffic in a manner consistent with
section thirty-nine of this article.

Sec. 41. Design of Controlled-Access Facilities.—The
state road commissioner is authorized to so design any
controlled-access facility and to so regulate, restrict or
prohibit access as to best serve the traffic for which such
facility is intended. In this connection the commissioner
is authorized to divide and separate any controlled-access
facility into separate roadways by the construction of
raised curbings, central dividing sections, or other physi-
cal separations, or by designating such separate roadways
by signs, markers, or stripes, and the proper lane for such
traffic by appropriate curbs, barriers, signs, markers,
stripes or other devices. No person shall have any right
of ingress or egress to, from, or across controlled-access
facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified by the commissioner.

Sec. 42. Acquisition of Property and Property Rights.—The state road commissioner may acquire private or public property rights or any interests in lands for controlled-access facilities and service roads, including existing and vested rights of access, air, view and light, by grant, gift, devise, purchase or condemnation in the same manner as the commissioner is now or may hereafter be authorized by law to acquire such property or property rights in connection with the highways of the state road system. In connection with the acquisition of such property or property rights for any controlled-access facility or portion thereof, or service road in connection therewith, the commissioner may, in his discretion, acquire an entire lot, block, or tract of land, if by so doing, the interests of the public will best be served even though said entire lot, block, or tract is not immediately needed for the right of way proper.

Sec. 43. New and Existing Facilities; Grade Crossing Eliminations.—The state road commissioner may designate and establish controlled-access highways as new and additional facilities, or he may designate and establish an existing street or highway as a controlled-access facility or as a part of a controlled-access facility, and in the event such existing street or highway be so designated, the commissioner may acquire, by grant, gift, purchase or if the exercise of the right of eminent domain be necessary for acquisition purposes, shall condemn existing and vested access rights of abutting landowners to such existing street or highway if such access rights are taken or destroyed. The commissioner is authorized to provide for the elimination of intersections at grade of controlled-access facilities with existing state roads, city streets or other public or private roads or ways by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such.
controlled-access facility. No city street, state road or
other public or private road or way shall be opened into
or connected with any such controlled-access facility with-
out the written consent and previous approval of the
state road commissioner, which consent and approval
shall be given only if the public interest shall be served
thereby.

Sec. 44. Authority to Contract with other Governmental
Agencies.—The state road commissioner is authorized to
enter into agreements with municipalities, counties or
other political subdivisions of the state, or with the
federal government or any agency thereof, respecting the
financing, planning, establishment, improvement, main-
tenance, use, regulation or vacation of controlled-access
facilities or other public ways to facilitate the establish-
ment of such controlled-access facilities.

Sec. 45. Local Service Roads.—In connection with the
development of any controlled-access facility the state
road commissioner is authorized to plan, designate, estab-
lish, use, regulate, alter, improve, maintain and vacate
local service roads and streets or to designate as local
service roads and streets any existing road or street, and
to exercise jurisdiction over said local service roads as a
part of the state road system, in the same manner as is
authorized over controlled-access facilities under the
terms of this article, if, in his opinion, such local service
roads and streets are necessary or desirable. Such local
service roads or streets shall be of appropriate design,
and shall be separated from the controlled-access facility
proper by all devices designated as necessary or desirable
by the commissioner.

“Sale”, “sales” or “selling” includes any transfer of the ownership of, or title to, property, whether for money or in exchange for other property.

“Taxpayer” means any person liable for any tax hereunder.

“Gross income” means the gross receipts of the taxpayer received as compensation for personal services and the gross receipts of the taxpayer derived from trade, business, commerce or sales and the value proceeding or accruing from the sale of tangible property (real or personal), or service, or both, and all receipts by reason of the investment of the capital of the business engaged in, including rentals, royalties, fees or other emoluments however designated and without any deductions on account of the cost of property sold, the cost of materials used, labor costs, taxes, royalties, interest or discount paid or any other expense whatsoever.

“Gross proceeds of sales” means the value, whether in money or other property, actually proceeding from the sale of tangible property without any deduction on account of the cost of property sold or expenses of any kind.

The terms “gross income” and “gross proceeds of sales” shall not be construed to include (1) cash discounts allowed and taken on sales; (2) the proceeds of sale of goods, wares or merchandise returned by customers when the sale price is refunded either in cash or by credit; or
(3) the amount allowed as "trade-in value" for any article accepted as part payment for any article sold.

"Business" shall include all activities engaged in or caused to be engaged in with the object of gain or economic benefit, either direct or indirect. "Business" shall not include a casual sale by a person who is not engaged in the business of selling the type of property involved in such casual sale. "Business" shall include the production of natural resources or manufactured products which are used or consumed by the producer or manufacturer.

"Service business or calling" shall include all non-professional activities engaged in for other persons for a consideration, which involve the rendering of a service as distinguished from the sale of tangible property, but shall not include the services rendered by an employee to his employer. This term shall include persons engaged in manufacturing, compounding or preparing for sale, profit, or commercial use, articles, substances, or commodities which are owned by another or others, as well as persons engaged as independent contractors in producing natural resource products for persons required to pay the tax imposed by section two-a of this article.

"Selling at wholesale" or "wholesale sales" shall mean and include: (1) sales of any tangible personal property for the purpose of resale in the form of tangible personal property; (2) sales of machinery, supplies or materials which are to be directly consumed or used by the purchaser in the conduct of any business or activity which is subject to the tax imposed by this article or by article twelve-a of this chapter; (3) sales of any tangible personal property to the United States of America, its agencies and instrumentalities or to the state of West Virginia, its institutions or political subdivisions.

"Contracting" shall include the furnishing of work, or both materials and work, in the fulfillment of a contract for the construction, alteration, repair, decoration or improvement of a new or existing building or structure, or any part thereof, or for the alteration, improvement or development of real property.
Sec. 2. **Imposition of Privilege Tax.**—There is hereby levied and shall be collected annual privilege taxes against the persons, on account of the business and other activities, and in the amounts to be determined by the application of rates against values or gross income as set forth in sections two-a to two-j inclusive, of this article.

If any person liable for any tax under sections two-a or two-b shall ship or transport his products or any part thereof out of the state without making sale of such products, the value of the products in the condition or form in which they exist immediately before transportation out of the state shall be the basis for the assessment of the tax imposed in said sections, except in those instances in which another measure of the tax is expressly provided. The tax commissioner shall prescribe equitable and uniform rules for ascertaining such value.

In determining value, however, as regards sales from one to another of affiliated companies or persons, or under other circumstances where the relation between the buyer and seller is such that the gross proceeds from the sale are not indicative of the true value of the subject matter of the sale, the tax commissioner shall prescribe uniform and equitable rules for determining the value upon which such privilege tax shall be levied, corresponding as nearly as possible to the gross proceeds from the sale of similar products of like quality or character where no common interest exists between the buyer and seller but the circumstances and conditions are otherwise similar.

Gross income included in the measure of the tax under sections two-a and two-b of this article, except in the case of production of natural gas, shall neither be added nor deducted in computing the tax levied under the other sections of this article.

A person exercising any privilege taxable under sections two-a or two-b of this article and engaging in the business of selling his natural resources or manufactured products at retail in this state shall be required to make returns of the gross proceeds of such retail sales and pay the tax imposed in section two-c of this article.
for the privilege of engaging in the business of selling
such natural resources or manufactured products at retail
in this state. But any person exercising any privilege
taxable under section two-a or two-b of this article
and engaging in the business of selling his natural re-
sources or manufactured products to producers of natural
resources, manufacturers, wholesalers, jobbers, retailers
or commercial consumers for use or consumption in the
purchaser's business shall not be required to pay the tax
imposed in section two-c of this article.

Manufacturers exercising any privilege taxable under
section two-b of this article shall not be required to pay
the tax imposed in section two-c of this article for the
privilege of selling their manufactured products for
delivery outside of this state, but the gross income derived
from the sale of such manufactured products outside of
this state shall be included in determining the measure
of the tax imposed on such manufacturer in section
two-b.

A person exercising privileges taxable under the other
sections of this article, producing coal, oil, natural gas,
minerals, timber or other natural resource products the
production of which is taxable under section two-a,
and using or consuming the same in his business, shall
be deemed to be engaged in the business of mining and
producing coal, oil, natural gas, minerals, timber or other
natural resource products for sale, profit or commercial
use, and shall be required to make returns on account of
the production of the business showing the gross proceeds
or equivalent in accordance with uniform and equitable
rules for determining the value upon which such privilege
tax shall be levied, corresponding as nearly as possible to
the gross proceeds from the sale of similar products of like
quality or character by other taxpayers, which rules the
tax commissioner shall prescribe.

Sec. 2-a. Production of Coal and Other Natural Re-
source Products.—Upon every person engaging or con-
tinuing within this state in the business of producing for
sale, profit or commercial use any natural resource prod-
ucts, the amount of such tax to be equal to the value of
the articles produced as shown by the gross proceeds
derived from the sale thereof by the producer, except as
otherwise provided, multiplied by the respective rates as
follows: Coal, one per cent; limestone or sandstone,
quarried or mined, one and one-half per cent; oil, three
per cent; natural gas, in excess of the value of five thou-
sand dollars, six per cent; blast furnace slag, three per
cent; sand, gravel or other mineral product, not quarried
or mined, three per cent; timber, one and one-half per
cent; other natural resource products, two per cent. The
measure of this tax is the value of the entire production in
this state, regardless of the place of sale or the fact that
the delivery may be made to points outside the state.

Sec. 2-b. Manufactured or Compounded Products; Pro-
cessing of Poultry and Turkeys Not Considered as Manu-
factoring or Compounding.—Upon every person engaging
or continuing within this state in the business of manu-
factoring, compounding or preparing for sale, profit or
commercial use, either directly or through the activity of
others in whole or part, any article or articles, substance
or substances, commodity or commodities, or electric pow-
er not produced by public utilities taxable under other pro-
visions of this article, the amount of the tax to be equal to
the value of the article, substance, commodity or electric
power manufactured, compounded or prepared for sale,
as shown by the gross proceeds derived from the sale
thereof by the manufacturer or person compounding or
preparing the same, except as otherwise provided, multi-
plied by a rate of three-tenths of one per cent. The
measure of this tax is the value of the entire product
manufactured, compounded or prepared in this state for
sale, profit or commercial use, regardless of the place of
sale or the fact that deliveries may be made to points
outside the state. However, the dressing and processing
of poultry and turkeys by a person, firm or corporation,
which poultry and turkeys are to be sold on a wholesale
basis by such person, firm or corporation shall not be
considered as manufacturing or compounding, but the
sale of these products, on a wholesale basis shall be sub-
ject to the same tax as is imposed on the business of selling
It is further provided, however, that in those instances in which the same person partially manufactures products within this state and partially manufactures such products outside this state the measure of his tax under this section shall be that proportion of the sale price of the manufactured product that the payroll cost of manufacturing within this state bears to the entire payroll cost of manufacturing the product; or, at the option of the taxpayer, the measure of his tax under this section shall be the proportion of the sales value of the articles that the cost of operations in West Virginia bears to the full cost of manufacture of the articles.

Sec. 2-c. Business of Selling Tangible Property; Sales Exempt.—Upon every person engaging or continuing within this state in the business of selling any tangible property whatsoever, real or personal, including the sale of food, and the services incident to the sale of food in hotels, restaurants, cafeterias, confectioneries, and other public eating houses, except sales by any person engaging or continuing in the business of horticulture, agriculture or grazing, or of selling stocks, bonds or other evidences of indebtedness, there is likewise hereby levied, and shall be collected, a tax equivalent to one-half of one per cent of the gross income of the business, except that in the business of selling at wholesale the tax shall be equal to fifteen one-hundredths of one per cent of the gross income of the business.

Sec. 2-d. Public Service or Utility Business.—Upon any person engaging or continuing within this state in any public service or utility business, except railroad, railroad car, express, pipe line, telephone and telegraph companies, water carriers by steamboat or steamship and motor carriers, there is likewise hereby levied and shall be collected taxes on account of the business engaged in equal to the gross income of the business multiplied by the respective rates as follows: Street and interurban and electric railways, one per cent; water companies, four per cent, except as to income received by municipally owned water plants; electric light and power companies, four per cent on sales at wholesale as provided in section two-c of this article.
and demand charges for domestic purposes and com-
cmercial lighting and three per cent on sales and demand
charges for all other purposes, except as to income re-
ceived by municipally owned plants producing or pur-
chasing electricity and distributing same; natural gas
companies, three per cent on the gross income, said gross
income for this purpose to be determined by deducting
from gross income from all sales of gas to consumers the
amount of the tax paid by the taxpayer under section
two-a of this article on the production of the same gas;
toll bridge companies, three per cent; and upon all other
public service or utility business, two per cent. The
measure of this tax shall not include gross income derived
from commerce between this state and other states of the
United States or between this state and foreign countries.
The measure of the tax under this section shall include
only gross income received from the supplying of public
services. The gross income of the taxpayer from any
other activity shall be included in the measure of the tax
imposed under the appropriate section or sections of this
article.

Sec. 2-i. Business of Furnishing Property for Hire.—
Upon every person engaging or continuing within this
state in the business of furnishing any real or tangible
personal property, which has a tax situs in this state, or
any interest therein, for hire, loan, lease or otherwise,
whether the return be in the form of rentals, royalties,
fees or otherwise, the tax shall be one per cent of the gross
income of any such activity.
The term "tangible personal property", as used herein,
shall not include money or public securities.

Sec. 2-j. Small Loan Business.—Upon every person en-
gaging or continuing within this state in the business of
making loans of money, credit goods, or things in action,
who because of such activity is required under the pro-
visions of article seven-a, chapter forty-seven, of the code
of West Virginia, one thousand nine hundred thirty-one,
as amended, to obtain a license from the commissioner of
banking of the state of West Virginia, the tax shall be
one per cent of the gross income of any such activity.
Sec. 3. Exemptions.—There shall be an exemption in every case of fifty dollars in amount of tax computed under the provisions of this article. A person exercising a privilege taxable hereunder for a fractional part of a tax year shall be entitled to an exemption of the sum bearing the proportion to fifty dollars that the period of time the privilege is exercised bears to a whole year. Only one exemption shall be allowed to any one person, whether he exercises one or more privileges taxable hereunder.

The provisions of the article shall not apply to: (a) Insurance companies which pay the state of West Virginia a tax upon premiums: Provided, however, That said exemption shall not extend to that part of the gross income of insurance companies which is received for the use of real property, other than property in which any such company maintains its office or offices, in this state, whether such income be in the form of rentals or royalties; (b) persons engaged in the business of banking: Provided, however, That said exemption shall not extend to that part of the gross income of such persons which is received for the use of real property owned, other than the banking house or building in which the business of the bank is transacted, whether such income be in the form of rentals or royalties; (c) non-profit cemetery companies organized and operated for the exclusive benefit of their members; (d) fraternal societies, organizations and associations organized and operated for the exclusive benefit of their members and not for profit; (e) corporations, associations and societies organized and operated exclusively for religious or charitable purposes; (f) production credit association, organized under the provisions of the federal “Farm Credit Act of one thousand nine hundred thirty-three”: Provided, however, That the exemptions of this section shall not apply to corporations or cooperative associations organized under the provisions of article four, chapter nineteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended; (g) building and loan associations and federal savings and loan associations; (h) persons engaged in conducting the business of industrial loans under authority granted them
by article seven, chapter thirty-one of the code of West Virginia, one thousand nine hundred thirty-one: Provided, however, That said exemption shall not extend to that part of the gross income of such persons which is received from the use of real property owned, other than the business house or building in which the business of the industrial loan company is transacted, whether such income be in the form of rentals or royalties.

Sec. 4. Computation of Tax; Payment.—The taxes levied hereunder shall be due and payable in quarterly installments on or before the expiration of one month from the end of the quarter in which they accrue. The taxpayer shall, within one month from the expiration of each quarter, make out an estimate of the tax for which he is liable for such quarter, sign the same, and mail the same together with a remittance, in the form required by section eleven of this article, of the amount of the tax to the office of the tax commissioner. In estimating the amount of the tax due for each quarter the taxpayer may deduct one-fourth of the total exemption allowed for the year. When the total tax for which any person is liable under this article does not exceed the sum of one hundred dollars in any year, the taxpayer may pay the same quarterly as aforesaid or, with the consent in writing of the tax commissioner, at the end of the month next following the close of the tax year.

Any other provision of this section notwithstanding, the tax commissioner, if he deems it necessary to insure payment of the tax, may require the return and payment under this section for periods of shorter duration than quarter-year periods.

Sec. 5. Return and Remittance by Taxpayer.—On or before the expiration of one month after the end of the tax year each taxpayer shall make a return for the entire tax year showing the gross proceeds of sales or gross income of business, trade or calling, and compute the amount of tax chargeable against him in accordance with the provisions of this article and deduct the amount of quarterly payments (as hereinbefore provided), if any, and transmit with his report a remittance in the form
required by section eleven of this article covering the residue of the tax chargeable against him to the office of the tax commissioner; such return shall be signed by the taxpayer, if made by an individual, or by the president, vice president, secretary or treasurer of a corporation, if made on behalf of a corporation. If made on behalf of a partnership, joint adventure, association, trust, or any other group or combination acting as a unit, any individual delegated by such firm, copartnership, joint adventure, association, trust or any other group or combination acting as a unit shall sign the return on behalf of the taxpayer. The tax commissioner, for good cause shown, may extend the time for making the annual return on the application of any taxpayer and grant such reasonable additional time within which to make the same as may, by him, be deemed advisable.

Sec. 6. Erroneous Computation.—If the taxpayer shall make any clerical error which shall be apparent on the face of the return in computing the tax assessable against him, the tax commissioner shall correct such error or reassess the proper amount of taxes, and notify the taxpayer of his action by mailing to him promptly a copy of the corrected assessment, and any additional tax for which such taxpayer may be liable shall be paid within fifteen days after the receipt of such statement.

If the amount already paid exceeds that which should have been paid on the basis of the tax so recomputed, the excess so paid shall be immediately refunded to the taxpayer upon the requisition of the tax commissioner to the state auditor, who shall issue his warrant on the treasurer, which shall be payable out of any funds available for the purpose. The taxpayer may, at his election, apply an overpayment credit to taxes subsequently accruing hereunder.

Sec. 7. Assessment of Tax When Insufficiently Returned.—If the tax commissioner believes that the tax imposed by this article is insufficiently returned by a taxpayer, either because the taxpayer has failed to properly remit the tax or has failed to make a return, or has made a return which is incomplete, deficient or otherwise
erroneous, he may proceed to investigate and determine
or estimate the tax liability of the taxpayer and make
an assessment therefor.

Sec. 7-a. Jeopardy Assessments.—If the tax commis-

sioner believes that the collection of any tax which he is
required to administer will be jeopardized by delay, he
shall thereupon make an assessment of the tax, noting
that fact upon the assessment. The amount assessed shall
be immediately due and payable. Unless the taxpayer
against whom a jeopardy assessment is made petitions
for reassessment within twenty days after service of no-
tice of the jeopardy assessment, such an assessment be-
comes final.

A petition for reassessment by a person against whom a
jeopardy assessment has been made must be accompanied
by such security as the tax commissioner may deem neces-
sary to insure compliance with this article.

Sec. 7-b. Notice of Assessment; Petition for Reassess-
ment; Hearing.—The tax commissioner shall give to the
taxpayer written notice of any assessment made pursuant
to this article. Unless the taxpayer to whom a notice of
assessment is directed shall, within thirty days after serv-
ice thereof (except in the case of jeopardy assessments),
either personally or by registered mail, file with the tax
commissioner a petition in writing, verified under oath
by said taxpayer or his duly authorized agent, having
knowledge of the facts, setting forth with definiteness
and particularity the items of the assessment objected to,
together with the reason for such objections, said assess-
ments shall become and be deemed conclusive and the
amount thereof shall be payable at the end of the thirty
day period. In every case where a petition for reassess-
ment as above described is filed, the tax commissioner
shall assign a time and place for the hearing of same and
shall notify the petitioner of such hearing by written
notice at least twenty days in advance thereof and such
hearing shall be held within sixty days from the filing
of the petition for reassessment unless continued by agree-
ment or by the tax commissioner for good cause. The
hearing shall be informal and may be conducted by an
examiner designated by the tax commissioner. At such
hearing evidence may be offered to support the assess-
ment or to prove that it is incorrect. After such hearing
the tax commissioner shall, within a reasonable time, give
notice in writing of the decision. Unless an appeal is
taken within thirty days from service of this notice, the
tax commissioner’s decision shall be final.

Sec. 8. Appeal.—An appeal may be taken by the tax-
payer to the circuit court of the county in which the ac-
tivity taxed was engaged, or in which the taxpayer res-
ides, or in the circuit court of Kanawha county, within
thirty days after he shall have received notice from the
tax commissioner of his determination as provided in sec-
tion seven-b.

The appeal shall be taken by written notice to the tax-
commissioner and served as an original notice. When said
notice is so served it shall, with the return thereon, be
filed in the office of the clerk of the circuit court and
docketed as other cases with the taxpayer as plaintiff and
the tax commissioner as defendant. The plaintiff shall
file with such clerk a bond for the use of the defendant,
with sureties approved by such clerk, in penalty double
the amount of tax appealed from, and in no case shall the
bond be less than fifty dollars, conditioned that the plain-
tiff shall perform the orders of the court.

The court shall hear the appeal in equity and determine
anew all questions submitted to it on appeal from the
determination of the tax commissioner. In such appeal a
certified copy of the tax commissioner’s assessment shall
be admissible and shall constitute prima facie evidence
of the tax due under the provisions of this article. The
court shall render its decree thereon and a certified copy
of said decree shall be filed by the clerk of said court with
the tax commissioner who shall then correct the assess-
ment in accordance with said decree. An appeal may be
taken by the taxpayer or the tax commissioner to the
supreme court of appeals of this state in the same man-
ner that appeals are taken in equity.

Sec. 8-a. Service of Notice.—Any written notice re-
quired by this article shall, unless otherwise specifically
provided, be served upon the taxpayer personally or by registered mail.

Sec. 11. Payment; Penalty for Non-Payment.—Every remittance of taxes imposed by this article shall be made by bank draft, certified check, money order, or certificate of deposit, to the tax commissioner who shall issue his receipt therefor to the taxpayer and pay the moneys into the state treasury to be kept and accounted for as provided by law.

If any taxpayer fails to make the return required by this article, or makes his return but fails to remit in whole or in part the proper amount of tax, there shall be added to the amount of the tax unpaid, from the date such tax should have been paid, a penalty in the amount of five per cent of the tax for the first month, or fraction thereof, of delinquency and one per cent of the tax for each succeeding month, or fraction thereof, of delinquency: Provided, however, That if such failure is due to reasonable cause, the tax commissioner may waive or remit in whole or in part these penalties.

If the failure to pay is due to fraud or intent to evade this article and the rules and regulations promulgated thereunder, there shall be added an additional penalty of twenty-five per cent of the amount of the tax, exclusive of penalties.

The penalties so added shall be collected at the same time and in the same manner and as a part of the tax.

Sec. 12. Tax a Debt; Lien of Unpaid Tax; Recordation of Lien.—A tax due and unpaid under this article shall be a debt due the state. It shall be a personal obligation of the taxpayer and shall be a lien upon the property of the taxpayer: Provided, That such lien shall be subject to the restrictions and conditions embodied in article ten-c, chapter thirty-eight of the code of West Virginia, one thousand nine hundred thirty-one, and any amendment made or which may hereafter be made thereto.

Sec. 13. Collection by Action or Suit; Injunction.—The tax commissioner may collect any tax, interest and penalty due and unpaid under the provisions of this article
by action in debt, assumpsit, motion for judgment or other
appropriate proceeding in the county in which (a) the
activity taxed was engaged in or (b) the taxpayer resides;
or by a suit to enforce the lien therefor in any county in
which property of the taxpayer may be found; or, if the
tax due and unpaid under this article is three hundred
dollars or less, by suit in the court of any justice having
jurisdiction of the taxpayer or of his property. If the
failure of any taxpayer to comply with the provisions
of this article shall have continued sixty days, the tax
commissioner may proceed to obtain an injunction re-
straining the taxpayer from doing business in this state
until he fully complies with the provisions of this article.
In any proceeding under this section upon judgment or
decree for the plaintiff he shall be awarded his costs.
In the event a business subject to the tax imposed by
this article shall be operated in connection with a receiv-
ership or insolvency proceeding, the court under whose
direction such business is operated shall, by the entry of
a proper order in the cause, make provision for the regu-
lar payment of such taxes as the same become due.

Sec. 14. Payment When Person Sells Out or Quits
Business; Lien; Liability of Successor.—Any person ex-
ercising any privilege taxable under this article who shall
sell out his business or stock of goods, or shall cease doing
such business, shall file the return prescribed by section
five of this article and remit the entire tax that may be
chargeable against him because of all business done,
within thirty days after selling out his business or stock
of goods, or ceasing to do such business. The tax im-
posed by this article shall be a lien upon the property of
such person.
The successor in business of any such person shall with-
hold so much of the purchase money as will satisfy the
taxes and penalty which may be due until the former
owner shall produce a receipt from the tax commissioner
evidencing the payment of such taxes and penalty. If
the purchaser of a business or stock of goods shall fail
to withhold purchase money as above provided, and the
taxes and penalty shall remain unpaid after expiration
of the thirty day period allowed for payment thereof, he shall be personally liable for the payment of all such taxes and penalty, and the same shall be recoverable by the tax commissioner by action or suit as provided by section thirteen of this article.

Sec. 16. **Prerequisite to Final Settlement with State or Political Subdivision Contractor; Penalty.**—All state, county, district and municipal officers and agents making contracts on behalf of the state of West Virginia or any political subdivision thereof shall withhold payment in the final settlement of such contracts until the receipt of a certificate from the tax commissioner to the effect that all taxes levied or accrued under this article against the contractor have been paid. Any official violating this section shall be guilty of a misdemeanor and, on conviction thereof, shall be fined not more than one thousand dollars or imprisoned not exceeding one year in the county jail, or shall be subject to both said fine and imprisonment, in the discretion of the court.

Sec. 17. **Priority in Distribution in Receivership, etc.; Personal Liability of Administrator.**—In the distribution, voluntary or compulsory, in receivership, bankruptcy or otherwise, of the estate of any person, firm or corporation, all taxes due and unpaid under this article shall be paid from the first money available for distribution in priority to all claims, except taxes and debts due the United States which under federal law are given priority over the debts and liens created by this article. Any person charged with the administration of an estate who shall violate the provisions of this section shall be personally liable for any taxes accrued and unpaid under this article, which are chargeable against the person, firm or corporation whose estate is in administration.

Sec. 20. **Collection by Distraint; Report of Collection.**—The tax commissioner may distrain upon any goods, chattels or intangibles represented by negotiable evidences of indebtedness, of any taxpayer delinquent under this article for the amount of all taxes and penalties accrued and unpaid hereunder. The commissioner may re-
7 require the assistance of the sheriff of any county of the
8 state in levying such distress in the county of which such
9 sheriff is an officer. A sheriff so collecting taxes due
10 hereunder shall be entitled to compensation in the amount
11 of all penalties collected over and above the principal
12 amount of the tax due, but in no case shall such compensa-
13 tion exceed twenty-five dollars. All taxes and pen-
14 alties so collected shall be reported within ten days after
15 collection to the tax commissioner, who shall prescribe
16 by general regulation the manner of remittance of such
17 funds and of allowing the collecting officer the compensa-
18 tion due him under this section.

Sec. 22. **Administration of Article by Tax Commissioner.**—The administration of this article is vested in and
2 shall be exercised by the tax commissioner who shall
3 prescribe forms and reasonable rules in conformity with
4 this article for the making of returns and for the ascer-
5 tainment, assessment and collection of the taxes imposed
6 hereunder; and the enforcement of any of the provisions
7 of this article in any of the courts of the state shall be
8 under the exclusive jurisdiction of the tax commissioner,
9 who shall require the assistance of and act through the
10 prosecuting attorney of any county where suit is brought;
11 but the prosecuting attorney of any county shall receive
12 no fees or compensation for services rendered in enforc-
13 ing this article in addition to the salary paid by the county
14 to such officer.

A retail dealer shall use as the measure of the tax the
gallonage purchased or obtained by him, as provided in
section five of this article.

The excise tax imposed by this article shall be paid by
the person first producing, or receiving in this state, the
gallonage of gasoline which under this article shall form
the measure of such tax; but in no case shall any such
gallonage be used more than once in determining taxes
due hereunder.

The taxes imposed by this article are in addition to all
other taxes now imposed by law.

The excise tax imposed by this article shall accrue from
the date of production, purchase, sale or use of the gaso-

article shall accrue from the date they become due and
payable. A tax due and unpaid under this article shall be
a debt due the state of West Virginia. It shall be a per-

favor of the state of West Virginia upon all property and
rights to property, whether real or personal, belonging
to such taxpayer. The lien shall arise when a taxpayer
fails to file his return and remit the tax at the time re-
quired by this article. Such lien shall not be valid or
enforceable against a purchaser, including lien creditor,
of real estate or personal property for a valuable consider-

the Legislature, regular session, one thousand nine hun-
dred forty-three.

Whenever a distributor, importer or retail dealer ceases
to engage in business within this state by reason of the
discontinuance, sale or transfer of the business of such
distributor, importer or retail dealer, it shall be his duty
to notify the tax commissioner in writing at the time of
the discontinuance, sale or transfer. Such notice shall
give the date of discontinuance and in the event of a sale
or transfer of the business, the date thereof and the name
and address of the purchaser or transferee thereof; all taxes accruing under this article, but not yet due and payable under the provisions of this article shall, notwithstanding such provisions, become due and payable concurrently with such discontinuance, sale or transfer, and it shall be the duty of such distributor, importer or retail dealer to make a report and pay all such taxes, and to surrender to the tax commissioner the license certificate theretofore issued, under the provisions of this article.

Unless the notice shall have been given to the tax commissioner as above provided such purchaser or transferee shall be liable to the state of West Virginia for the amount of all taxes and penalties, under this article accrued against such distributor, importer or retail dealer so selling or transferring his business, on the date of such sale or transfer, but only to the extent of the value of the property and business thereby acquired from such distributor, importer or retail dealer.

There shall be no tax on sales where the monetary consideration is five cents or less. The amount of the tax shall be computed as follows:

The vendor shall keep the amount of tax paid separate from the proceeds of sale exclusive of the tax unless authorized in writing by the tax commissioner to keep such amount of tax in a different manner. Where such authorization is given, the state's claim shall be enforceable against and shall take precedence over, all other claims against the moneys commingled.

In such cases the tax commissioner shall have authority to make an assessment against such purchaser, based upon any information within his possession or that may come into his possession. This assessment, the notice, hearing and appeal shall be made and conducted in accordance with sections twenty-four, twenty-four-b and twenty-four-c of this article.

This section shall not be construed as relieving the vendor from liability for the tax.

Sec. 6. Vendor Must Show Sale or Service Exempt; Presumption.—The burden of proving that a sale or service was exempt from the tax shall be upon the vendor, unless he takes from the purchaser an exemption certificate signed by and bearing the address of the purchaser and setting forth the reason for the exemption. To prevent evasion, it shall be presumed that all sales and services are subject to the tax until the contrary is clearly established.

Sec. 7. Tax on Gross Proceeds of Sales of Manufactured, etc., Product.—A person exercising the privilege of pro-
3 producing for sale, profit or commercial use, any natural re-

33 of repeated and successive transactions of like character
34 by such owner or on his account by such representative;
35 (8) Sales of tangible personal property and services
36 rendered for use or consumption in connection with the
37 conduct of the business of selling tangible personal prop-

40 and services rendered for use or consumption in connec-
41 tion with the commercial production of an agricultural
42 product the ultimate sale of which will be subject to the
43 tax imposed by this article: Provided, however, That
44 sales of tangible personal property and services to be
45 used or consumed in the construction of or permanent
46 improvement of real property shall not be exempt;
47 (9) Sales of tangible personal property for the pur-
48 pose of resale in the form of tangible personal property;
49 (10) Sales of property or services to nationally char-
50 tered fraternal or social organizations for the sole purpose

Sec. 13. Collection of Tax When Sale on Credit.—A
2 vendor doing business wholly or partially on a credit
3 basis shall require the purchaser to pay the full amount
4 of tax due upon a credit sale at the time such sale is made
5 or within thirty days thereafter.

Sec. 14. When Separate Records of Sales Required.—
2 Any vendor engaged in a business subject to this tax,
3 who is at the same time engaged in some other kind of
4 business, occupation or profession, not taxable under this
5 article, shall keep records to show separately the trans-
6 actions used in determining the tax base herein taxed.
7 In the event such person fails to keep such separate rec-
8ords there shall be levied upon him a tax based upon the
9 entire gross proceeds of both or all of his businesses.

Sec. 16. Tax Return and Payment; Penalty for Non-
2 payment.—The taxes levied by this article shall be due
and payable in monthly installments, on or before the fifteenth day of the month next succeeding the month in which the tax accrued. The taxpayer shall, on or before the fifteenth day of each month, make out and mail to the tax commissioner a return for the preceding month, in the form prescribed by the tax commissioner, showing: (a) the total gross proceeds of his business for that month; (b) the gross proceeds of his business upon which the tax is based; (c) the amount of the tax for which he is liable; and (d) any further information necessary in the computation and collection of the tax which the tax commissioner may require. A remittance for the amount of the tax shall accompany the return. A monthly return shall be signed by the taxpayer or his duly authorized agent.

Any taxpayer who fails to pay the tax imposed by this article within the time provided by law shall be considered delinquent and shall be required to pay a penalty of six per cent of the tax for the first month, or fraction thereof, during which he is delinquent and one per cent of the tax for each succeeding month, or fraction thereof, during which he is delinquent: Provided, however, That if the failure to pay is due to reasonable cause, the tax commissioner may waive or remit this penalty in whole or in part. For purposes of the imposition of this penalty, a payment postmarked after the fifteenth day of the month shall be considered delinquent.

If the failure is due to fraud or intent to evade this article or the rules and regulations promulgated thereunder, there shall be added an additional penalty of twenty-five per cent of the amount of the tax, exclusive of penalties.

The penalties so added shall be collected at the same time and in the same manner and as a part of the tax.

Sec. 17. Tax a Debt; Lien of Unpaid Tax; Recordation of Lien.—A tax due and unpaid under this article shall be a debt due the state. It shall be a personal obligation of the taxpayer and shall be a lien upon all the property of the taxpayer: Provided, That such lien shall be subject to the restrictions and conditions embodied in article
If the taxpayer is an association or corporation, the officers thereof shall be personally liable, jointly and severally, for any default on the part of the association or corporation, and payment of the tax may be enforced against them as against the association or corporation which they represent.

Sec. 18. Enforcement of Lien.—A lien for taxes under this article shall attach when the obligation to pay the tax to the tax commissioner accrues. The lien shall be enforceable by the tax commissioner by suit in equity.

Sec. 18-a. Receivership; Bankruptcy; Priority of Tax.—In the distribution, voluntary or compulsory, in receivership, bankruptcy or otherwise, of the property or estate of any person, all taxes due and unpaid under this article shall be paid from the first money available for distribution in priority to all claims and liens except taxes and debts due the United States which under federal law are given priority over the debts and liens created by this article. Any person charged with the administration or distribution of any such property or estate who shall violate the provisions of this section shall be personally liable for any taxes accrued and unpaid under this article which are chargeable against the person whose property or estate is in administration or distribution.

Sec. 18-b. Persons Selling or Quitting Business; Successor to Withhold Purchase Money.—If any person liable for the tax imposed by this article shall sell his business or stock of merchandise or quit his business, the taxes and penalties imposed by this article shall become due and payable immediately and such persons shall make a final return within fifteen days after the date of selling or quitting business. The taxes and penalties shall be a lien upon the property of such person. His successor, if any, shall withhold sufficient of the purchase money to cover the amount of such taxes and penalties due and unpaid until such time as the former owner shall produce
a receipt from the tax commissioner showing that the
taxes and penalties have been paid or a certificate indic-
ating no taxes are due. If the purchaser of the business
or stock of goods fails to withhold purchase money, as
above provided, he shall be personally liable for the pay-
ment of the taxes and penalties accrued and unpaid on
account of the operation of the business by the former
owner.

Sec. 19. Other Times of Filing Returns.—The tax com-
mis sioner may, upon written request, authorize a tax-
payer whose books and records are not kept on a monthly
basis to file returns at times other than those specified in
section sixteen, but in no event shall a taxpayer make less
than one return a calendar month, except as provided
by section twenty or as may be authorized in writing
by the tax commissioner.

Sec. 22. Consolidated Returns.—A person operating two
or more places of business of like character from which
are made or dispensed sales or services which are taxable
hereunder shall file consolidated returns covering all such
sales or services to which a schedule must be attached
showing total sales and charges made for rendering such
services and total tax collections for each place of busi-
ness.

Sec. 23. Keeping and Preservation of Records; Inspec-
tion Thereof.—Each taxpayer shall keep complete and
accurate records of taxable sales and of charges, together
with a record of the tax collected thereon, and shall keep
all invoices, bills of lading and such other pertinent docu-
ments in such form as the tax commissioner may by
regulation require. Such records and other documents
shall be open at any time, during business hours, to the
inspection of the tax commissioner and his agents and
shall be preserved for a period of five years, unless the
tax commissioner shall consent in writing to their destruc-
tion within that period or by order require that they be
kept longer.

Sec. 24. Assessment and Collection of the Tax When
Insufficiently Returned.—If the tax commissioner believes
that the tax imposed by this article is insufficiently re-
turned by a taxpayer, either because the taxpayer has
failed to properly remit the tax or has failed to make
a return, or has made a return which is incomplete, de-
ficient or otherwise erroneous, he may proceed to investi-
gate and determine or estimate the tax liability of the
taxpayer and make an assessment thereon.

Provided, however, That if the tax commissioner be-
lieves that the tax yield as compared to the taxpayer’s
gross proceeds is deficient, he shall make test checks of
the tax yield as compared to gross proceeds. Such test
checks shall be conducted in the following manner: The
tax commissioner shall notify the taxpayer by mail that
he intends to make test checks upon not less than five
business days over a period of at least one month. The
taxpayer may designate in writing two of the days to be
checked or two-fifths of the days to be checked and the
tax commissioner shall designate the remainder. Dur-
ing the days designated for test checks the taxpayer shall
keep a record of individual sales and the amount of tax
collected on such sales. The totals of the sales and the
tax for each day checked shall, at the close of the business
day, be certified by representatives of the taxpayer and
the tax commissioner. When the checks are completed,
the sales for all days checked shall be totaled and the
tax collected thereon shall be totaled and from such totals
the percentage of tax yield determined. If the percentage
of tax previously returned by the taxpayer for any taxable
period is in excess of one-tenth of one per cent less than
the percentage resulting from the checks, the tax imposed
by this article shall be deemed to have been insufficiently
returned for said period and the tax commissioner shall
make an assessment based upon the percentage resulting
from the checks and applied to the taxpayer’s gross pro-
ceeds for each period thus shown to be deficient, with
credit for the tax previously paid.

Sec. 24-a. Jeopardy Assessments.—If the tax commis-
sioner believes that the collection of the tax imposed by
this article will be jeopardized by delay, he shall there-
upon make an assessment of the tax, noting that fact
upon the assessment. The amount assessed shall be immediately due and payable. Unless the taxpayer against whom a jeopardy assessment is made petitions for reassessment within twenty days after service of notice of the jeopardy assessment, such an assessment becomes final.

A petition for reassessment by a person against whom a jeopardy assessment has been made must be accompanied by such security as the tax commissioner may deem necessary to insure compliance with this article.

Sec. 24-b. Notice of Assessment; Petition for Reassessment; Hearing.—The tax commissioner shall give to the taxpayer written notice of any assessment made pursuant to this article. Unless the taxpayer to whom a notice of assessment is directed shall, within thirty days after service thereof, (except in the case of jeopardy assessments) either personally or by registered mail, file with the tax commissioner a petition in writing, verified under oath by said taxpayer or his duly authorized agent, having knowledge of the facts, setting forth with definiteness and particularity the items of the assessment objected to, together with the reason for such objections, said assessments shall become and be deemed conclusive and the amount thereof shall be payable at the end of the thirty-day period. In every case where a petition for reassessment as above described is filed, the tax commissioner shall assign a time and place for the hearing of same and shall notify the petitioner of such hearing by written notice at least twenty days in advance thereof and such hearing shall be held within sixty days from the filing of the petition for reassessment unless continued by agreement or by the tax commissioner for good cause. The hearing shall be informal and may be conducted by an examiner designated by the tax commissioner. At such hearing evidence may be offered to support the assessment or to prove that it is incorrect. After such hearing the tax commissioner shall, within a reasonable time, give notice in writing of the decision. Unless an appeal is taken within thirty days from service of this notice, the tax commissioner's decision shall be final.
Sec. 24-c. Appeal.—An appeal may be taken by the taxpayer to the circuit court of the county in which the activity taxed was engaged in, or in which the taxpayer resides, or in the circuit court of Kanawha county, within thirty days after he shall have received notice from the tax commissioner of his determination as provided in section twenty-four-b.

The appeal shall be taken by written notice to the tax commissioner and served as an original notice. When said notice is so served it shall, with the return thereon, be filed in the office of the clerk of the circuit court and docketed as other cases with the taxpayer as plaintiff and the tax commissioner as defendant. The plaintiff shall file with such clerk a bond for the use of the defendant, with sureties approved by such clerk, in penalty double the amount of tax appealed from, and in no case shall the bond be less than fifty dollars, conditioned that the plaintiff shall perform the orders of the court.

The court shall hear the appeal in equity and determine anew all questions submitted to it on appeal from the determination of the tax commissioner. In such appeal a certified copy of the tax commissioner's assessment shall be admissible and shall constitute prima facie evidence of the tax due under the provisions of this article. The court shall render its decree thereon and a certified copy of said decree shall be filed by the clerk of said court with the tax commissioner who shall then correct the assessment in accordance with said decree. An appeal may be taken by the taxpayer or the tax commissioner to the supreme court of appeals of the state in the same manner that appeals are taken in equity.

Sec. 24-d. Collection by Action or Suit; Injunction.—The tax commissioner may collect any tax, interest and penalty due and unpaid under the provisions of this article by action in debt, assumpsit, motion for judgment or other appropriate proceeding in the county in which (a) the activity taxed was engaged in or (b) the taxpayer resides; or by a suit to enforce the lien therefor in any county in which property of the taxpayer may be found; or, if the tax due and unpaid under this article is three
hundred dollars or less, by suit in the court of any justice having jurisdiction of the taxpayer or of his property. If the failure of any taxpayer to comply with the provisions of this article shall have continued sixty days, the tax commissioner may proceed to obtain an injunction restraining the taxpayer from doing business in this state until he fully complies with the provisions of this article. In any proceeding under this section upon judgment or decree for the plaintiff he shall be awarded his costs.

Sec. 24-e. Collection by Distrain.—The tax commissioner may distrain upon any goods, chattels or intangibles represented by negotiable evidence of indebtedness of any taxpayer delinquent under this article for the tax, interest and penalty accrued and unpaid hereunder. The tax commissioner may require the assistance of the sheriff of any county of the state in levying such distress in the county of which such sheriff is an officer. A sheriff so collecting taxes due hereunder shall be entitled to compensation in the amount of all penalties collected over and above the principal amount of the tax due, but in no case shall such compensation exceed twenty-five dollars. All moneys so collected shall be returned to the tax commissioner within ten days after collections.

Sec. 24-f. Service of Notice.—Any written notice required by this article shall, unless otherwise specifically provided, be served upon the taxpayer personally or by registered mail.

AN ACT to amend article nine-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by amending and reenacting section three thereof, and by adding thereto a new section, to be designated section fifteen, relating to the allocation of state aid for schools.

[Passed May 13, 1955; in effect from passage. Approved by the Governor.]

Article 9-a. State Aid for Schools.

Section

3. Computation of local share.

15. Qualification for state aid; reductions in county allocation.

Be it enacted by the Legislature of West Virginia:

That article nine-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by amending and reenacting section three thereof, and by adding thereto a new section, to be designated section fifteen, to read as follows:

Section 3. Computation of Local Share.—On the basis of the most recent survey of property valuations in the
state, completed as to all classes of property in all counties determined by the tax commissioner under present or former provisions of this article, the board shall for each county compute, by application of the levies for general current expense purposes, as defined in the preceding section, the amount of revenue which such levies would produce if levied upon one hundred per cent of the true and actual value of each of the several classes of property contained in the report or revised report of such value, made to it by the tax commissioner, as follows: (1) The board shall first take ninety-seven and one-half per cent of the amount ascertained by applying these rates to the total assessed public utility valuation in each classification of property in the county. (2) The board shall then apply these rates to the appraised value of other property in each classification in the county, as determined by the tax commissioner, and shall deduct therefrom five per cent as an allowance for the usual losses in collections due to discounts, exonerations, delinquencies and the like. Fifty per cent of the amount so determined shall be added to the ninety-seven and one-half per cent of public utility taxes computed as provided above, and this total shall be the local share of the particular county.

Commencing on the first day of June, one thousand nine hundred fifty-five, the tax commissioner shall make or cause to be made such surveys, examinations, audits, and investigations of the value of the several classes of property in each county which should be listed and taxed under the several classifications provided by law, and shall determine the appraised value thereof based upon the true and actual value thereof. In making such surveys he may use such methods of checking property values and determining the amount of property in each classification, and may use such accepted survey and investigation procedures as are customarily employed for appraisal purposes. The tax commissioner may employ such assistants as available appropriations will permit. From moneys appropriated and available for state aid, the tax commissioner shall be allowed not to exceed
two hundred ten thousand dollars for the fiscal year begin-
ning on the first day of July, one thousand nine hun-
dred fifty-five, and not to exceed one hundred thousand
dollars for each fiscal year thereafter.

On or before the first day of January, one thousand
nine hundred fifty-six, the tax commissioner shall com-
plete the appraisal for each of the fifty-five counties, and
shall render to the Legislature and to the state board
of school finance his report with respect thereto. There-
after the tax commissioner shall annually continue such
work of survey, examination, audit, and investigation in
each of the counties and shall annually revise his reports
to the Legislature and to the state board of school finance
concerning such appraisals, such reports to be made not
later than the first day of January of each year.

Sec. 15. Qualification for State Aid; Reductions in
County Allocation.—Beginning with the fiscal year, one
thousand nine hundred fifty-six—one thousand nine hun-
dred fifty-seven, in order for a county to qualify for its
full allocation of state aid, as provided in this article, the
assessed valuation of all non-public utility property in the
county for the assessment year one thousand nine hun-
dred fifty-six must be not less than thirty-five per cent
of the appraised value of such non-public utility prop-
erty as determined by the tax commissioner in his state-
wide report to be submitted in January, one thousand
nine hundred fifty-six; and for the fiscal year one thou-
sand nine hundred fifty-seven—one thousand nine hun-
dred fifty-eight, such assessed valuation for the assess-
ment year one thousand nine hundred fifty-seven must
be not less than forty per cent of the appraised value of
such property as determined in the tax commissioner's
last previous state-wide report; and during the year one
thousand nine hundred fifty-eight—one thousand nine
hundred fifty-nine, such assessed valuation for the as-
essment year one thousand nine hundred fifty-eight
must be not less than forty-five per cent of the appraised
value so determined; and for each year thereafter such
assessed valuation must be not less than fifty per cent
of the appraised value of such property as determined
by the last previous state-wide report of the tax commissioner. Whenever for any year a county has failed to raise the assessed valuation of its non-public utility property up to the assessment level required by the provisions of the preceding paragraph, the amount of state aid to be paid to the county, as determined by the allocation of state aid made under other provisions of this article, shall be reduced as follows: (1) First determine the number of percentage points by which the county failed to reach the required assessment level. (2) Reduce the allocation of state aid to the county by the same number of percentage points.

Until such time as a complete survey for all fifty-five counties of the state can be completed by the tax commissioner, the local share for each county shall remain the same as was used in the allocation of state aid for the fiscal year one thousand nine hundred fifty-four—one thousand nine hundred fifty-five.

CHAPTER 2
(Senate Bill No. 4—By Mr. Bean, Mr. President)

Be it enacted by the Legislature of West Virginia:

That section four, article three, chapter seventeen-a of the
code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 4. Application for Certificate of Title; Tax Limitation.—Certificates of registration of any vehicle or registration plates therefor, whether original issue or duplicates, shall not be issued or furnished by the department of motor vehicles or any other officer charged with such duty, unless the applicant therefor already has received, or shall at the same time make application for and be granted, an official certificate of title of such vehicle. Such application shall be upon a blank form to be furnished by the department of motor vehicles and shall contain a full description of the vehicle, which description shall contain the manufacturer’s serial or identification number or other number as determined by the commissioner and any distinguishing marks, together with a statement of the applicant’s title and of any liens or encumbrances upon such vehicles, the names and addresses of the holders of such liens and such other information as the department of motor vehicles may require. The application shall be signed and sworn to by the applicant. A tax is hereby imposed upon the privilege of effecting the certification of title of each vehicle in the amount equal to two per cent of the value of said motor vehicle at the time of such certification. If the vehicle is new, the actual purchase price or consideration to the purchaser thereof shall be the value of said vehicle; if the vehicle is a used or second-hand vehicle, the present market value at time of transfer or purchase shall be deemed the value thereof for the purpose of this section: Provided, That so much of the purchase price or consideration as is represented by the exchange of other vehicles on which the tax herein imposed has been paid by the purchaser shall be deducted from the total actual price or consideration paid for said vehicle, whether the same be new or second-hand; if the vehicle be acquired through gift, or by any manner whatsoever, unless specifically exempted in this section, the present market value of the vehicle at the time of the gift or transfer shall be deemed the value thereof for purposes of this section. No cer-
tificate of title for any vehicle shall be issued to any applicant unless such applicant shall have paid to the department of motor vehicles the tax imposed by this section which shall be two per cent of the true and actual value of said vehicle whether the vehicle be acquired through purchase, by gift, or by any other manner whatsoever except gifts and bequests between husband and wife or between parents and children; but the tax imposed by this section shall not apply to vehicles to be registered as class H or class I vehicles, as defined in section one, article ten of this chapter, which are used or to be used in interstate commerce, nor shall the tax imposed by this section apply to titling of vehicles by a registered dealer of this state for resale only, nor shall the tax imposed by this section apply to titling of vehicles by the board of governors, the state board of education, the county boards of education or other public tax supported educational agencies. The total amount of revenue collected by reason of this tax shall be paid into the state road fund and expended by the state road commissioner in the maintenance and construction of the state's secondary roads. In addition to said tax, there shall be a charge of one dollar for each original certificate of title so issued: Provided, That the board of governors, the state board of education, the county boards of education or other public tax supported educational agencies, shall be exempted from payment of such charge.

Notwithstanding the provisions of this section, the owners of trailers, semi-trailers and other vehicles not subject to the certificate of title tax prior to enactment of this chapter shall not be required to pay the above-mentioned tax upon making application for a certificate of title for such vehicle, but shall be required to pay a fee of one dollar for the issuance of each such certificate of title.

Such certificate shall be good for the life of the vehicle, so long as the same is owned or held by the original holder of such certificate, and need not be renewed annually, or any other time, except as herein provided.

If, by will or direct inheritance, a person becomes the
owner of a motor vehicle upon which the tax herein im-
posed has been paid, he shall not be required to pay such
tax.

A person who has paid the tax imposed by this section
shall not be required to pay the tax a second time for the
same motor vehicle, but he shall be required to pay a
charge of one dollar for the certificate of re-title of that
motor vehicle, except that such tax shall be paid by such
person when the title to such vehicle has been transferred
either in this or another state from such person to an-
other person and transferred back to such person.

The board shall then allocate to each county its share of the total funds available for state aid to schools during such fiscal year. The amount of state aid for each county shall be the total foundation school program of the county for the year minus the local share of the county, determined for the year as provided in this article; except, however, the allocation of state aid to a county shall be not less than fifty dollars for each weighted pupil in the county, except, however, that in making computations under section seven of this article there shall be excluded from such computations any basic salary increase provided for teachers by the fifty-second Legislature.

In addition thereto, an amount of state aid necessary and for the purpose of paying basic and advanced salary increases for teachers, as provided by the fifty-second Legislature, shall be allocated to each county in an amount sufficient to pay such increases for the number of full-time teachers actually employed within the county during the preceding school year.

After such computation is completed, the state board shall immediately certify to each county board the amount of state aid allocated to the county for the next fiscal year.

Section 1. Board of governors of West Virginia university authorized to issue revenue bonds for certain capital improvements.
2. Special university capital improvements fund created in state treasury; collections to be paid into special fund; authority of board of governors to pledge such collections as security for revenue bonds.
3. Issuance of revenue bonds.
4. Trust agreement for holders of bonds.
5. Sinking fund for payment of bonds.
6. Credit of state not pledged.
7. Bonds exempt from taxation.
8. Conflicting laws repealed.

Be it enacted by the Legislature of West Virginia:

That chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, to be designated article eleven-a, to read as follows:

Section 1. Board of Governors of West Virginia University Authorized to Issue Revenue Bonds for Certain Capital Improvements.—The board of governors of West Virginia university shall have authority, as provided in this article, to issue revenue bonds of the state, not to exceed ten million dollars in principal amount thereof, to finance the costs of providing new buildings for the college of agriculture, the agricultural experiment station, the agricultural extension division, the college of engineering, the engineering experiment station, and the
school of mines of West Virginia university. The principal of and interest on such bonds shall be payable solely from the special non-revolving fund herein provided for such payment. The costs of any such building or buildings shall include the cost of acquisition of land, the construction and equipment of any such building or buildings, and the provision of roads, utilities and other services necessary, appurtenant or incidental to such building or buildings; and shall also include all other charges or expenses necessary, appurtenant or incidental to the construction, financing and placing in operation of any such building or buildings.

Sec. 2. Special University Capital Improvements Fund Created in State Treasury; Collections to Be Paid Into Special Fund; Authority of Board of Governors to Pledge Such Collections as Security for Revenue Bonds.—There is hereby created in the state treasury a special non-revolving university capital improvements fund. On and after the first day of July, one thousand nine hundred fifty-seven, there shall be paid into such special fund all fees collected under the provisions of section one, article one-a, chapter twenty-five of this code, from students at the university other than students in the schools of medicine, medical technology, dentistry, dental technology, nursing and pharmacy, except such fees as are required by that section to be paid into other special funds.

The board of governors shall have authority to pledge all or such part of the revenue paid into the special university capital improvements fund as may be needed to meet the requirements of the sinking fund established in connection with any revenue bond issue authorized by this article, including a reserve fund for the payment of the principal of and interest on such revenue bond issue when other moneys in the sinking fund are insufficient therefor; and may provide in the resolution authorizing any issue of such bonds, and in any trust agreement made in connection therewith, for such priorities on the revenues paid into the special fund as may be necessary for the protection of the prior rights of
the holders of bonds issued at different times under the
provisions of this article.

If any balance shall remain in the special university
capital improvements fund after the board has issued
the maximum of ten million dollars' worth of bonds
authorized by this article, and after the requirements of
all sinking funds and reserve funds established in con-
nection with the issue of such bonds have been satisfied,
such balance may and shall be used solely for the re-
demption of any of the outstanding bonds issued here-
under which by their terms are then redeemable, or for
the purchase of bonds at the market price, but at not
exceeding the price, if any, at which such bonds shall
in the same year be redeemable, and all bonds redeemed
or purchased shall forthwith be cancelled and shall not
again be issued. Whenever all outstanding bonds issued
hereunder shall have been paid, the special university
capital improvements fund shall cease to exist and any
balance then remaining in such fund shall be transferred
to the general revenue fund of the state. Thereafter all
fees formerly paid into such special fund shall be paid
into the general revenue fund of the state.

Sec. 3. Issuance of Revenue Bonds.—The issuance of
bonds under the provisions of this article shall be au-
thorized by a resolution of the board of governors, which
shall recite an estimate by the board of the cost of the
proposed building or buildings; and shall provide for the
issuance of bonds in an amount sufficient, when sold as
hereinafter provided, to provide moneys sufficient to pay
such cost, less the amount of any other funds available
for the construction of the building or buildings from
any appropriation, grant or gift therefor. Such resolu-
tion shall prescribe the rights and duties of the bond-
holders and the board, and for such purpose may pre-
scribe the form of the trust agreement hereinafter re-
ferred to. The bonds shall be of such series, bear such
date or dates, mature at such time or times not exceed-
ing thirty years from their respective dates, bear inter-
est at such rate or rates not exceeding five per cent per
annum, payable semi-annually; be in such denomina-
tions; be in such form, either coupon or fully registered
without coupons, carrying such registration exchangea-
ability and interchangeability privileges; be payable in
such medium of payment and at such place or places;
be subject to such terms of redemption at such prices
not exceeding one hundred five per cent of the prin-ci-
pal amount thereof, and be entitled to such priorities on
the revenues paid into the special university capital im-
provements fund as may be provided in the resolution
authorizing the issuance of the bonds or in any trust
agreement made in connection therewith. The bonds
shall be signed by the governor, and by the president
of the board of governors, under the great seal of the
state, attested by the secretary of state, and the coupons
attached thereto shall bear the facsimile signature of the
president of the board. In case any of the officers whose
signatures appear on the bonds or coupons cease to be
such officers before the delivery of such bonds, such sig-
natures shall nevertheless be valid and sufficient for all
purposes the same as if such officers had remained in of-
ice until such delivery.

Such bonds shall be sold in such manner as the board
may determine to be for the best interests of the state,
taking into consideration the financial responsibility of
the purchaser, the terms and conditions of the purchase,
and especially the availability of the proceeds of the
bonds when required for payment of the cost of such
building or buildings, such sale to be made at a price not
lower than a price which, when computed upon stand-
ard tables of bond values, will show a net return of not
more than six per cent per annum to the purchaser upon
the amount paid therefor. The proceeds of such bonds
shall be used solely for the payment of the cost of such
building or buildings, and shall be deposited in the state
treasury in a special fund and checked out as provided
by law for the disbursement of other state funds. If the
proceeds of such bonds, by error in calculation or other-
wise, shall be less than the cost of such building or build-
ings, additional bonds may in like manner be issued to
provide the amount of the deficiency; and unless other-
wise provided for in the resolution or trust agreement
hereinafter mentioned, shall be deemed to be of the same
issue, and shall be entitled to payment from the same
fund, without preference or priority, as the bonds before
issued for such building or buildings. If the proceeds of
bonds issued for such building or buildings shall exceed
the cost thereof, the surplus shall be paid into the sink-
ing fund to be established for payment of the principal
and interest of such bonds as hereinafter provided. Prior
to the preparation of definitive bonds, the board may,
under like restrictions, issue temporary bonds with or
without coupons, exchangeable for definitive bonds upon
their issuance.

The bonds issued under the provisions of this article
shall be and have all the qualities of negotiable instru-
ments under the law merchant and under the negotiable
instruments law of this state.

Sec. 4. Trust Agreement for Holders of Bonds.—The
board may enter into an agreement or agreements with
any trust company, or with any bank having the powers
of a trust company, either within or outside the state, as
trustee for the holders of bonds issued hereunder, set-
ing forth therein such duties of the board in respect to
the payment of the bonds, the fixing, establishing and
collecting of the fees hereinbefore referred to, the ac-
quision, construction, improvement, maintenance, op-
eration, repair and insurance of such building or build-
ings, the conservation and application of all moneys, the
security for moneys on hand or on deposit, and the rights
and remedies of the trustee and the holders of the bonds,
as may be agreed upon with the original purchasers of
such bonds; and including therein provisions restricting
the individual right of action of bondholders as is cus-
tomary in trust agreements respecting bonds and deben-
tures of corporations, protecting and enforcing the rights
and remedies of the trustee and the bondholders, and
providing for approval by the original purchasers of the
bonds of the appointment of consulting engineers and
of the security given by those who contract to construct
such building or buildings, and for approval by the con-
sulting engineers of all contracts for construction. Any
such agreement entered into by the board shall be bind-
ing in all respects on such board and its successors from
time to time in accordance with its terms; and all the
provisions thereof shall be enforceable by appropriate
proceedings at law or in equity, or otherwise.

Sec. 5. *Sinking Fund for Payment of Bonds.*—From
the special university capital improvements fund the
board shall make periodic payments to the state sinking
fund commission in an amount sufficient to meet the re-
quirements of any issue of bonds sold under the pro-
visions of this article, as specified in the resolution of the
board authorizing the issue and in any trust agreement
entered into in connection therewith. The payments so
made shall be placed by the commission in a special
sinking fund which is hereby pledged to and charged
with the payment of the principal of the bonds of such
issue and the interest thereon, and to the redemption or
repurchase of such bonds, such sinking fund to be a fund
for all bonds of such issue without distinction or priority
of one over another. The moneys in the special sinking
fund, less such reserve for payment of principal and in-
terest as may be required by the resolution of the board
authorizing the issue and any trust agreement made in
connection therewith, may be used for the redemption
of any of the outstanding bonds payable from such fund
which by their terms are then redeemable, or for the
purchase of bonds at the market price; but at not ex-
ceeding the price, if any, at which such bonds shall in the
same year be redeemable; and all bonds redeemed or
purchased shall forthwith be cancelled and shall not
again be issued.

Sec. 6. *Credit of State Not Pledged.*—No provisions
of this article shall be construed to authorize the board
at any time or in any manner to pledge the credit or tax-
ing power of the state, nor shall any of the obligations
or debts created by the board under the authority herein
granted be deemed to be obligations of the state.

Sec. 7. *Bonds Exempt from Taxation.*—All bonds is-
ued by the board under the provisions of this article
3 shall be exempt from taxation by the state of West Vir-
4 ginia, or by any county, school district or municipality
5 thereof.

Sec. 8. Conflict ing Laws Repealed.—The powers con-
2 ferred by this article shall be in addition and supple-
3 mental to the existing powers of the board of governors.
4 The provisions of any other law or laws conflicting with
5 the provisions of this article shall be and the same are
6 hereby superseded to the extent of any such conflict.

CHAPTER 9
(Senate Bill No. 11—By Mr. Bean, Mr. President)

AN ACT to approve “The Southern Regional Education Com-  
pact” and to authorize the state of West Virginia to become  
a party thereto, subject to the approval of other states now  
parties to the compact.

[Passed February 8, 1956; in effect ninety days from passage. Approved by the  
Governor.]

The Southern Regional Education Compact.
Section
1. Approval of compact.
2. Engrossed copies to be furnished other states.
Be it enacted by the Legislature of West Virginia:

Section 1. Approval of Compact.—The following compact is hereby approved and ratified, and the state of West Virginia is hereby declared to be a party thereto, subject to the approval of other states now parties to the compact, and all agreements, covenants and obligations therein shall be binding upon the state of West Virginia.

The Southern Regional Education Compact

WHEREAS, The states who are parties hereto have during the past several years conducted careful investigation looking toward the establishment and maintenance of jointly owned and operated regional educational institutions in the southern states in the professional, technological, scientific, literary and other fields, so as to provide greater educational advantages and facilities for the citizens of the several states who reside within such region; and

WHEREAS, Meharry Medical college of Nashville, Tennessee, has proposed that its lands, buildings, equipment, and the net income from its endowment, be turned over to the southern states, or to an agency acting in their behalf, to be operated as a regional institution for medical, dental and nursing education upon terms and conditions to be hereafter agreed upon between the southern states and Meharry Medical college, which proposal, because of the present financial condition of the institution, has been approved by the said states who are parties hereto; and

WHEREAS, The said states desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities; now, therefore,

In consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred to as "states"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purposes of this compact, shall constitute an area for regional edu-
cation supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

The states do further hereby establish and create a joint agency which shall be known as the "Board of Control for Southern Regional Education" (hereinafter referred to as the "board"), the members of which board shall consist of the governor of each state, ex officio, and four additional citizens of each state to be appointed by the governor thereof, with the advice and consent of the senate, at least one of whom shall be selected from the field of education, and at least one of whom shall be a member of the legislature of that state. The governor shall continue as a member of the board during his tenure of office as governor of the state; but the members of the board appointed by the governor shall hold office for a period of four years, except that in the original appointments one board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of two years, one board member to serve an initial term of three years, and the remaining board members to serve the full term of four years, but thereafter the successor of each appointed board member shall serve the full term of four years. Vacancies on the board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the board shall be a chairman, a vice chairman, a secretary, a treasurer, and such additional officers as may be created by the board from time to time. The board shall meet annually and officers shall be elected to hold office until the next annual meeting. The board shall have the right to formulate and establish by-laws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it, including the right
to create and appoint an executive committee and a finance committee with such powers and authority as the board may delegate to them from time to time. The board may, within its discretion, elect as its chairman, a person who is not a member of the board, provided such person resides within a signatory state; and upon such election, such person shall become a member of the board with all the rights and privileges of such membership.

It shall be the duty of the board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said board as the agency of and for the use and benefit of the said states and the citizens thereof; and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states, authorizing the creation, establishment and operation of such educational institutions.

In addition to the power and authority heretofore granted, the board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the board from time to time by legislative enactment of the said states.

Any two or more states who are parties of this compact
shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the board representing such states provided such agreement is submitted to and approved by the board prior to the establishment of such institutions.

Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the bureau of the census of the United States of America; or upon such other basis as may be agreed upon.

This compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval of this compact within said eighteen months' period, it shall be and become binding upon such six or more states sixty days after the date of legislative approval by the sixth state; and the governors of such six or more states shall forthwith name the members of the board from their states as hereinabove set out, and the board shall then meet on call of the governor of any state approving this compact, at which time the board shall elect officers, adopt by-laws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this compact by legislative action within two years from the
date hereof, upon such conditions as may be agreed upon at the time: Provided, however, That with respect to any state whose constitution may require amendment in order to permit legislative approval of the compact, such state or states shall become parties hereto upon approval of this compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

After becoming effective this compact shall thereafter continue without limitation of time: Provided, however, That it may be terminated at any time by unanimous action of the states: And provided further, That any state may withdraw from this compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the board or to any of the funds of the board held under the terms of this compact.

If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state, its members on the board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default, this compact may be terminated with respect to such defaulting state by an affirmative vote of three-fourths of the members of the board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this compact and shall have no further claim to or own-
ership of any of the property held by or vested in the board or to any of the funds of the board held under the terms of this compact; but such termination shall in no manner release such defaulting state from any accrued obligations or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

Application for License; Priority of Racing Dates; Review.—Any person desiring to conduct a horse race meeting within the state of West Virginia to permit or conduct pari-mutuel pools shall apply to the West Virginia racing commission for a license to do so. Such application shall be filed with the commission at least thirty days prior to the first day of each horse race meeting which said person proposes to hold or conduct. The commission shall prescribe blank forms in making such applications. Such applications shall specify the days upon which said race meeting is to be conducted. It shall state the name of the person making such application, the postoffice address of the person making such application, the number of days he intends to hold or conduct such meeting (which shall be successive week days, excluding Sundays), and the location of the place or track or enclosure where he proposes to hold or conduct such race meeting.

In fixing the dates for race meetings at the various tracks in this state the commission shall consider the racing circuits with which the race tracks in this state are associated, or contiguous to, and shall also consider dates which are calculated to increase the tax revenues accruing from racing.

The commission shall promptly consider such applications and within ten days after the filing of such application with the commission, shall grant or reject any application for a license. If said license is refused, said commission shall forthwith publicly state its reasons for the refusal in writing, attach them to the application so refused and immediately notify the applicant. Such refusal and reasons for same shall, at all times, be subject to inspection upon application of anyone desiring to inspect same. Said findings shall be subject to review by mandamus in any court of this state having jurisdiction, including the circuit court of the county wherein the horse race meeting is proposed to be held, with the right to appeal to the supreme court of appeals in the manner prescribed by law.

Sec. 6. Procedure for Suspension or Revocation of a
License.—The commission shall not suspend or revoke a license until after a hearing has been held in the county wherein the licensee is or has been conducting race meetings. Notice of such hearing shall be served on the licensee at least ten days prior to the hearing. Such notice shall set forth the reasons for such proposed suspension or revocation and be served in the manner set forth in this code for the service of a summons. Appeal from the decision of the commission shall lie in the circuit court of the county wherein such hearing is held, with the right of appeal to the supreme court of appeals in the manner provided by law.

Sec. 7. Per Diem Tax on Tracks; Tax on Pool Contribution; How Taxes Paid; Financial Responsibility of Licensee.—A person operating any horse race track one mile or more in length shall pay each day upon which horse races are run, a license tax of five hundred dollars; any race track less than one mile in length shall pay for each day upon which horse races are run, a license tax of two hundred fifty dollars; Provided, however, That the per diem tax shall not apply to horse shows or county fairs at which racing is conducted for not more than six days. Any person licensed by the commission to conduct racing and to permit and conduct pari-mutuel wagering under this article shall, in addition to the aforementioned tax, pay to the racing commission of the state of West Virginia a tax of five per cent of the total contribution to all pari-mutuel pools conducted or made at any and every race meeting licensed under this article. Such payments shall be made to the commission or its agents after the last race on each day and every day of each and every race meeting, and shall be made from all contributions to all pari-mutuel pools to each and every race of the day, which payments shall be deposited with the treasurer of the state of West Virginia to the credit of the general revenue fund.

Any person making application for a license for a meeting to be held on any track in the state of West Virginia, shall, when required, furnish satisfactory evidence to the commission of his or their ability to pay license fees,
purposes, salaries of officials and other expenses incident
to the meeting. In the event the applicant is not able to
furnish such satisfactory evidence of his or their ability
to pay such expenses and fees, then the commission may
require bond or other adequate security for not more
than four successive days before such license is issued.

Sec. 8. Disposition of Funds for Payment of Outstanding Pari-Mutuel Tickets.—All moneys held by any li-
censee for payment of outstanding pari-mutuel tickets,
if not claimed within one year after the close of any
race meeting, shall be turned over by the licensee to the
commission within fifteen days after the expiration of
such one-year period, and the licensee shall give such
information as the commission may require concerning
such outstanding and unredeemed tickets. All such
moneys shall be deposited by the commission with the
treasurer of the state of West Virginia, to be kept by
him in a special account to be known as "West Virginia
Racing Commission Special Account—Unredeemed Pari-
Mutuel Tickets." The commission shall cause to be pub-
lished one time, in some newspaper published of general
circulation in the county in which such race meeting was
held, a notice to the holders of such unredeemed tickets,
notifying them to present such tickets for payment at
the office of the commission in the city of Charleston
within one year from the date of the publication of such
notice.

Any such tickets that shall not be presented for pay-
ment within one year from the date of the publication
of the notice shall thereafter be irredeemable, and the
moneys theretofore held for the redemption of such
tickets shall become the property of the state of West
Virginia, and be deposited to the credit of the general
fund of the state, and be expended in such manner as
may be provided by law.

The cost for the publication of the notice provided for
by this section shall be paid from the funds in the hands
of the state treasurer collected from the license tax on
pari-mutuel wagering, when not otherwise provided in
the budget; but no such costs shall be paid unless an item-
Sec. 9. Only Pari-Mutuel System of Wagering Permitted; Minors; Auditor.—A person licensed by the commission shall permit only the pari-mutuel system of wagering within the enclosure at which horse racing is held, and the commission deducted by the licensee from the said pari-mutuel pool shall not exceed fourteen per cent of the total pari-mutuel pools for the day, including the license fee of the gross amount handled hereinbefore provided for, plus the breakage, which shall be made and calculated to the dime. Such breakage shall be retained by the licensee: Provided, however, That no holder of such license shall permit or allow any person under the age of twenty-one years to wager thereat, knowing or having reason to believe that such person is under the age of twenty-one years. Any violation of this proviso shall be punishable by revocation of license.

An auditor of pari-mutuel pools shall be appointed by the commission and shall be compensated by said commission. He shall be an experienced public accountant. Said auditor shall have free access to the space or enclosure where the pari-mutuel pool system of wagering is conducted or calculated at any race meeting to which he shall be assigned for the purpose of ascertaining whether or not said licensee is retaining only the commission provided for in said section. He shall also, for the same purposes only, have full and free access to all records and papers pertaining to such pari-mutuel pool system of wagering, and shall report to the commission in writing, under oath, whether or not the licensee has retained any commissions in excess of those permitted under this article.

Sec. 10. Conducting Race Meet without License; Penalty.—Any person aiding or abetting in the conduct of any meeting in the state of West Virginia at which racing and wagering on the same is permitted, without a license duly issued, not suspended or revoked and unappealed from by the commission, shall be guilty of a
misdemeanor, and, upon conviction, shall be punished by a fine of not less than one thousand dollars for each day of such unauthorized meeting, or by imprisonment not exceeding one year, or by both fine and imprisonment, in the discretion of the court: Provided, That no punishment shall be imposed upon any licensee for conducting a race meeting during the time that an appeal from the action of the commission suspending or revoking his license theretofore is pending.

Sec. 11. License Tax to Be in Lieu of All Other Taxes.—The license tax herein imposed shall be in lieu of all other license, income, excise, special or franchise taxes of the state of West Virginia, and no county, city, town or other municipality or other political subdivision of the state of West Virginia shall be empowered to levy or impose any license, income, excise, special or franchise tax on any such person engaged in the business of conducting a meeting at which horse races are run for stakes, purses or reward under the jurisdiction of and being licensed by the commission, or on the operation or maintenance of the pari-mutuel system, or on the sale of any commodity during a meeting at which horse races are run, or at any such horse race track.

Sec. 12. Gaming Statutes Not to Apply to Pari-Mutuel System of Wagering.—Section one, article ten, chapter sixty-one of the code of West Virginia, one thousand nine hundred thirty-one, relating to gaming tables and devices, shall not apply to the pari-mutuel pool system of wagering in manner and form as provided for in this act at any meeting within the state of West Virginia where-at horse racing shall be permitted for any stake, purse or reward, by any person having license for holding or conducting such horse race meeting as provided by this act.

Sec. 13. Licenses for Jockeys, etc.; Relief Fund for.—The commission may license jockeys, trainers, and grooms, register colors, assumed names, apprentice contracts, authorized agents, and charge a fee therefor. All moneys collected from fees as well as moneys collected from fines imposed by the stewards, starter or other racing official shall be paid into a relief fund and
paid out on order of the commission for the expenses of hospitalization, medical care and/or funeral expenses of jockeys, grooms or trainers, except members of the commission, at said race meeting, who become ill or are injured while in the discharge of their duties under the jurisdiction of the commission, and who are not subject to coverage under the workmen's compensation fund of this state. Balances in said fund in excess of five thousand dollars, less any relief obligations outstanding, shall be transferred to the general revenue fund of this state.

Sec. 14. Number of Races Daily.—The commission shall fix a minimum but not a maximum number of races to be held on any respective racing day.

Sec. 15. Internal Affairs and Business of Licensee.—The commission shall not interfere in the internal business or affairs of any licensee.

Sec. 16. Definitions.—Definitions and explanations of certain technical terms and words used in this act are as follows:

“Pari-Mutuel” is a French word meaning, “a mutuel or collective pool that can be divided among those who have contributed their wagers to one central agency, the odds to be reckoned in accordance to the collective amounts wagered upon each contestant running in a race upon which the pool is made, but the total to be divided among the first three contestants on the basis of the number of wagers on these.” A pool is, “a combination of interests in a joint wagering enterprise, or a stake in such enterprise.” In the division of a pool there occurs a percentage left over. This is known as “legitimate breakage.” “To the dime” is defined to mean that wagers shall be figured to and paid to the dime.

Sec. 17. Inconsistent Laws Repealed.—All other acts, whether general or local, public or private, inconsistent with the provisions of this act are hereby repealed: Provided, That nothing herein contained shall in any way affect, abridge or abolish the authority of a municipality to impose a license tax as authorized by section thirteen-c, article four, chapter eight of this code.
