FOREWORD

This volume contains the Acts of the First Extraordinary Session of 1960, the Regular Session of 1961, the First Extraordinary Session of 1961 and the Regular Session of 1962, and resolutions of general interest adopted by the Legislature during these sessions.

First Extraordinary Session, 1960

This session was called by the Governor for the purpose of considering and acting upon the following:

"First: Legislation to permit maximum participation by the State of West Virginia and its citizens in the benefits provided under an Act of the Congress entitled 'Social Security Amendments of 1960.' (HR 12580).

"Second: Legislation to provide and appropriate additional revenues: (a) For the purposes specified in Paragraph First above; (b) for the purchase, development, improvement and expansion of state parks, state forests and scenic attractions; the reclamation of strip-mined areas; the improvement of streams; and the development of recreational areas and facilities; and (c) for the expansion of the Department of Public Safety to the maximum strength now provided by law."

The Legislature convened on October 3 and adjourned sine die October 5, 1960, after passing two bills. One provided for medical assistance to needy persons receiving public assistance and establishing a program of medical assistance for persons over the age of 65 years; and the other made a supplemental appropriation of funds for a program of medical assistance to the aged.

During the session 15 bills were introduced—8 House Bills and 7 Senate Bills. The two bills passed and approved by the Governor were S. B. Nos. 1 and 6. There were 5 House Concurrent and 6 House Resolutions offered, all of which were adopted. Six Senate Concurrent Resolutions were offered and 5 adopted; and the 5 Senate Resolutions offered were all adopted.

Regular Session, 1961

There was a total of 785 bills introduced in the Senate and House of Delegates during the 1961 Regular Session of the Legislature. Of this total 488 were House Bills and 297 Senate Bills. The Legislature passed 101 House Bills and 75 Senate Bills.
Of the 176 enactments of the session, the Governor approved 169, vetoed three and permitted three to become law without his approval. The Budget Bill does not require executive action. The Acts vetoed were HB 59 (Driver Instruction Permits for Motor Vehicles), SB 62 (Removing Washington Carver Camp as an adjunct of West Virginia State College), and SB 272 (Issuance and Sale of Road Bonds). The three that became law without approval were HB 162 (Unlawful Practice of Optometry), HB 472 (Arranging Counties into Congressional Districts) and SB 121 (Assessment of Property and Levy and Collection of Taxes).

There were 54 House Concurrent, 12 House Joint and 36 House Resolutions offered during the session, of which 30 House Concurrent, three House Joint and 30 House Resolutions were adopted. The Senate had 27 Senate Concurrent, 10 Senate Joint and 15 Senate Resolutions, of which 13 Senate Concurrent, one Senate Joint (SJR 1, Ratifying an Amendment to the Constitution of the United States providing for the appointment of presidential electors for the District of Columbia) and 15 Senate Resolutions were adopted.

Three Amendments to the State Constitution were proposed. The amendments and the Resolutions proposing them are as follows: Executive Department, Article VII of the Constitution (HJR 2), Alcoholic Liquor Control Amendment, §46, Article VI of the Constitution (HJR 4) and Limitation of Taxes on Income Amendment (HJR 7).

There were 115 House Bills, passed by the House, which were not passed by the Senate; and 12 Senate Bills, passed by that body, were not passed by the House.

**First Extraordinary Session, 1961**

The principal item of business in the Governor's call for this extraordinary session was the enactment of legislation to permit maximum participation by the State in the federal program of aid to dependent children of unemployed parents. However, a total of fourteen items of business were listed in the three separate proclamations convening the session.

The Legislature met on June 14 and adjourned sine die June 16, 1961, after passing 13 bills which embodied action upon all the matters set forth in the proclamations.
During the session, 36 bills were introduced—20 House Bills and 16 Senate Bills. There were six House Concurrent Resolutions and five House Resolutions offered, of which five House Concurrent and all House Resolutions were adopted. The Senate had six Senate Concurrent and five Senate Resolutions, of which three Senate Concurrent and all Senate Resolutions were adopted.

Regular Session, 1962

The fourth 30-day session of the Legislature convened January 10 and adjourned sine die February 10.

There was a total of 134 bills introduced in the Senate and House of Delegates during the 1962 Regular Session of the Legislature. Of this total 74 were House Bills and 60 Senate Bills. The Legislature passed 16 House Bills and 23 Senate Bills.

The Governor approved all the bills passed, except the Budget Bill, which does not require executive action.

There were 45 House Concurrent, 6 House Joint and 30 House Resolutions offered during the session, of which 20 House Concurrent, 2 House Joint and 29 House Resolutions were adopted. The Legislature also submitted the State Executive and Budget Amendment, proposed by HJR 2, Regular Session, 1961, to the voters.

There were 12 House Bills, passed by the House, which were not passed by the Senate; and 5 Senate Bills, passed by that body, not passed by the House.

(a) At the time of filing a complaint and before a summons is issued thereon, the plaintiff, or someone for him, shall execute a bond in the sum of one hundred dollars before the clerk of the court, with surety to be approved by said clerk, conditioned that on failure of the plaintiff to prevail in the action that he will reimburse the defendant, or cause him to be reimbursed, the necessary expense incurred by him in and about the defense

at the time of service, shall be taxed in the costs of the
proceeding and said auditor shall pay into the state
treasury all funds so coming into his hands from such
services. The auditor shall keep a record in his office of
all such process and the day and hour of service thereof.

The term "active ingredient" means—

1. In the case of an economic poison other than a plant regulator, defoliant or desiccant, an ingredient which will prevent, destroy, repel, or mitigate insects, nematodes, fungi, rodents, weeds, or other pests;

THE BEHAVIOR OF ORNAMENTAL OR CROP PLANTS OR THE PRODUCE THEREOF;

3. In the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant;

4. In the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissues.

Q. The term "name" as applied to the active ingredient shall be designated by an accepted chemical name and in addition the accepted common name, or by a common name promulgated by the commissioner. Any economic poison which has not been registered pursuant to the provisions of section four of this article, or any economic poison if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of an economic poison differs from its composition as represented in connection with its registration: Provided, That, in the discretion of the commissioner, a change in the labeling or formula of an economic poison may be made within a registration period without requiring reregistration of the product.

2. Any economic poison unless it is in the registrant’s or the manufacturer’s unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one.
through which the required information on the immediate
container cannot be clearly read, a label bearing:

a. The name and address of the manufacturer, regis-
trant, or person for whom manufactured;

b. The name, brand, or trade-mark under which said
item is sold; and

c. The net weight or measure of the content subject,
however, to such reasonable variations as the commis-

um arsenite, arsenious oxide, disodium methyl arsenate,
magnesium arsenate, zinc arsenate, zinc arsenite, sodium
fluoride, sodium fluosilicate, barium fluosilicate, and any
other compounds containing arsenic or fluorine, unless
they have been distinctly colored or discolored as provided
by regulations issued in accordance with this article, or
any other white powder economic poison which the com-
missioner, after investigation of and after public hearing
on the necessity for such action for the protection of the
public health and the feasibility of such coloration or dis-
coloration, shall, by regulation, require to be distinctly
colored or discolored; unless it has been so colored or dis-
colored: Provided, That the commissioner may exempt
any economic poison to the extent that it is intended for a
particular use or uses from the coloring or discoloring re-
quired or authorized by this section if he determines that
such coloring or discoloring for such use or uses is not
necessary for the protection of the public health.

5. Any economic poison which is adulterated or mis-
branded, or any device which is misbranded.

B. It shall be unlawful—
1. For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this article or regulations promulgated hereunder, or to add any substance to, or take any substance from, an economic poison in a manner that may defeat the purpose of this article;

Sec. 4. Registration; Board of Review.—A. Every economic poison which is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be registered in the office of the commissioner, and such registration shall be renewed annually: Provided, That products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same economic poison may be registered as a single economic poison; and additional names and labels shall be added by supplement statements during the current period of registration. The period of registration shall be for one year, beginning January one and ending December thirty-one of that year. The registrant shall file with the commissioner a statement including:

1. The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;
2. The name of the economic poison;
3. A complete copy of the labeling accompanying the economic poison and a statement of all claims to be made for it including directions for use; and
4. If requested by the commissioner a full description of the tests made and the results thereof upon which the claims are based, and the analytical method or methods
employed in determining the percentage of each active 
ingredient listed on the label to be registered. In the case 
of renewal of registration, a statement shall be required 
only with respect to information which is different from 
that furnished when the economic poison was registered 
or last registered.

B. The registrant shall pay an annual fee of ten dollars 
for the first twenty economic poisons registered and five 
dollars for each additional label registered. Such fees to be 
deposited in the treasury of the state and to the credit of 
a special fund to be used only for carrying out the pro-
visions of this article, and shall be expended upon order 
of the commissioner of agriculture.

C. The commissioner, whenever he deems it necessary 
in the administration of this article, may require the sub-
mission of the complete formula of any economic poison. 
If it appears to the commissioner that the composition 
of the item is such as to warrant the proposed claims for 
it and if the item and its labeling and other material 
required to be submitted to comply with the requirements 
of section three of this article, he shall register the item.

D. If it does not appear to the commissioner that the 
item is such as to warrant the proposed claims for it or if 
the item and its labeling and other material required to be 
submitted do not comply with the provisions of this 
article, he shall notify the registrant of the manner in 
which the item, labeling, or other material required to 
be submitted fails to comply with this article so as to 
afford the registrant an opportunity to make the neces-
sary corrections. If, upon receipt of such notice, the 
registrant insists that such corrections are not necessary 
and requests in writing that the item be registered, a 
review of this matter may be brought before a board of 

1. The board of review shall consist of five individual 
members.

a. Two of these members shall be appointed by the 
dean of the college of agriculture, forestry and home 
economics of West Virginia university.

b. One member of the board of review shall be ap-
pointed by the commissioner of agriculture.
c. One member of the board of review shall be appointed by the registrant.

d. One member of the board of review shall be appointed by the governor of the state of West Virginia and shall act as chairman.

2. This board shall have the power to subpoena witnesses and employ competent help.

3. The decision of this board of review shall be final.

4. All expenses of the board shall be paid by the commissioner, except all salaries, fees and expenses accrued by the appointee of the registrant.

E. In order to protect the public, the commissioner, on his own motion, may at any time, cancel the registration of an economic poison.

F. Notwithstanding any other provisions of this article, registration is not required in the case of an economic poison shipped from one plant within this state to another plant within this state operated by the same person.

Sec. 5. Determinations; Rules and Regulations; "Stop Sale" Orders; Right of Access; Samples; Appeals from Commissioner's Decisions; Uniformity.—A. The commissioner is authorized, after opportunity for a hearing:

1. To declare as a pest any form of plant or animal life or virus which is injurious or undesirable to plants, man, domestic animals, articles, or substances;

2. To determine whether economic poisons are highly toxic to man; and

3. To determine standards of coloring or discoloring for economic poisons, and to subject economic poisons to the requirements of section three, A, four of this article.

B. The commissioner of agriculture is hereby charged with the enforcement of the provisions of this article, and is empowered to prescribe and enforce rules and regulations consistent with this article in carrying out its provisions.

1. The commissioner is hereby authorized to fix minimum and/or maximum standards or requirements covering all economic poisons and devices, and to prohibit and to prevent the sale of such worthless, deleterious or questionable items.

2. Whenever it appears that any economic poison or
device is being offered or exposed for sale in this state in violation of any of the provisions of this article, the commissioner is hereby authorized to issue a written or printed "stop sale" order or "embargo", and it shall be unlawful for any person, firm, corporation or manufacturer to permit any such economic poison or device to be moved or disposed of in any manner except upon written order of the commissioner of agriculture or by court order. The commissioner shall cause notice of such violation to be given to the person affected thereby, and any person so notified shall be given an opportunity to be heard under such rules and regulations as the commissioner may prescribe. After such hearing if it still further appears that any of the provisions of this article have been violated, the commissioner may institute proceedings in any court of competent jurisdiction for the disposal of such economic poisons and/or devices.

3. The commissioner or his agent shall have free access to all places of business, mills, buildings and conveyances of any kind used in the transportation, importation, manufacture, sale or storage of any economic poison or device, with power and authority to open any parcel containing or supposed to contain any economic poison or device, and upon full payment of the selling price, to take therefrom samples for analyses, and to examine the books and all records pertaining to the shipment, manufacture, sale or distribution of any economic poison or device.

C. Nothing contained in this article shall prevent any person from appealing from the commissioner’s decision, and the circuit court of the county in which the alleged infraction occurred shall have jurisdiction thereof.

D. In order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of economic poisons, and to avoid increased costs to the people of this state due to the necessity of complying with such diverse requirements in the manufacture and sale of such poisons, it is desirable that there should be uniformity between the requirements of the several states and the federal government relating to such poisons. To this end the commissioner is authorized, after due public hearing, to adopt
by regulation such regulations, applicable to and in conformity with the primary standards established by this article, as have been or may be prescribed by appropriate federal agencies with respect to economic poisons.

Sec. 6. Enforcement.—A. The examination of economic poisons or devices shall be made under the direction of the commissioner for the purpose of determining whether they comply with the requirements of this article. If it shall appear from such examination that an economic poison or device fails to comply with the provisions of this article, and the commissioner contemplates instituting criminal proceedings against any person, the commissioner shall cause appropriate notice to be given to such person. Any person so notified shall be given an opportunity to present his views, either orally or in writing, with regard to such contemplated proceedings and if thereafter in the opinion of the commissioner it shall appear that the provisions of this article have been violated by such person, then the commissioner may institute suit in a court of competent jurisdiction: Provided, however, That nothing in this article shall be construed as requiring the commissioner to report for prosecution or for the institution of libel proceedings minor violations of this article whenever he believes that the public interest will be best served by a suitable notice of warning in writing.

B. The commissioner shall, by publication in such manner as he may prescribe, give notice of all judgments entered in actions instituted under the authority of this article.

Sec. 7. Exemptions.—A. The penalties provided for violations of section three, A of this article shall not apply to:

1. Any carrier while lawfully engaged in transporting an economic poison within this state, if such carrier shall, upon request, permit the commissioner or his designated agent to copy all records showing the transactions in and movement of the articles;

2. Public officials of this state and the federal government engaged in the performance of their official duties;
3. The manufacturer or shipper of an economic poison for experimental use only—

a. By or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of economic poisons, or

b. By others if the economic poison is not sold and if the container thereof is plainly and conspicuously marked "for experimental use only—not to be sold", together with the manufacturer's name and address: Provided, however, that if a written permit has been obtained from the commissioner, economic poisons may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit.

B. No item shall be deemed in violation of this article when intended solely for export to a foreign country, and when prepared or packaged according to the specifications or directions of the purchaser. If not so exported, all the provisions of this article shall apply.

Sec. 8. Penalties.—A. Any person violating section three, A, one of this article shall be guilty of a misdemeanor and upon conviction shall be fined not more than one thousand dollars.

B. Any person violating any provision of this article other than section three, A, one shall be guilty of a misdemeanor and upon conviction shall be fined not more than one thousand dollars for the first offense and upon conviction for a subsequent offense shall be fined not more than two thousand dollars: Provided, That any offense committed more than five years after a previous conviction shall be considered a first offense: And provided further, That in any case where a registrant was issued a warning by the commissioner pursuant to the provisions of this article, such registrant shall upon conviction of a violation of any provision of this article other than section three, A, one be fined not more than three thousand dollars, and the registration of the item with reference to which the violation occurred shall terminate automatically. An item the registration of which has been terminated may not again be registered unless the item, its labeling, and other material required to be submitted
appear to the commissioner to comply with all the re-
quirements of this article.

C. Notwithstanding any other provisions of this section,
in case any person, with intent to defraud, uses or reveals
information relative to formulas of products acquired
under authority of section four of this article, he shall
be fined not more than five thousand dollars or imprisoned
for not more than one year, or both.

Sec. 9. Seizures; Disposition of Condemned Items; Court
Costs and Expenditures.—A. Any economic poison or de-
vice that is distributed, sold, or offered for sale within this
state or delivered for transportation or transported in
intrastate commerce or between points within this state
through any point outside this state shall be liable to be
proceeded against in any court of competent jurisdiction in
any county of the state where it may be found and seized
for confiscation by process of libel for condemnation:

1. In the case of an economic poison,
a. If it is adulterated or misbranded;
b. If it has not been registered under the provisions
of section four of this article;

CHAPTER 9
(Senate Bill No. 2—By Mr. Carson, Mr. President)

(Passed January 13, 1961; in effect January 15, 1961. Approved by the Governor.)

this act the following supplemental sums of money for the purposes hereinafter stated:

Item I. State Road Commission, for works projects of an improvement or maintenance nature relating to primary and secondary roads, such as installation and extension of drainage and drainage structures, development of roadside parks, cleaning of streams along and of right-of-ways of existing road system, and elimination of dangerous curves and widening of primary and secondary roads $ 2,250,000.00

to the levy, imposition, payment, collection, remission,
and assessment of such additional tax.

(2) To offer a rebate in price, to give a rebate in price, to offer a concession of any kind, or give a concession of any kind or nature whatsoever in connection with the sale of cigarettes, which, when the amount of such rebate or value of such concession is deducted from the total price at which the cigarettes are sold, would have the result of reducing the price to less than cost to such retailer or wholesaler.

(b) For any retailer:

(1) To induce or attempt to induce or to procure or attempt to procure the purchase of cigarettes at a price
20 less than "cost to wholesaler" as defined in this article.

26 sions of this section shall be guilty of a misdemeanor and
27 shall be prosecuted and punished by a fine of not more
28 than five hundred dollars for each such offense. Any indi-
29 vidual who as a director, officer, partner, member or
30 agent of any person violating the provisions of this article
31 assists or aids, directly or indirectly in such violation,
32 shall, equally with the person for whom he acts, be re-
33 sponsible therefor and subject to the punishment and
34 penalties set forth herein.
35 (d) Evidence of advertisement, offering to sell or sale
36 of cigarettes by any retailer, or wholesaler at less than cost
37 to him, or evidence of any offer of a rebate in price or the

39 the giving of a concession of any kind or nature what-

42 tempt to procure the purchase of cigarettes at a price
43 less than cost to the wholesaler or the retailer shall be
44 prima facie evidence of intent to injure competitors and
45 to destroy or substantially lessen competition.

Sec. 4. Sales from Wholesaler to Wholesaler, and to
2 Certain Retailers.—When one wholesaler sells cigarettes to
3 any other wholesaler, the former shall not be required to
4 include in his selling price to the latter, "cost to the
5 wholesaler", as provided by section two, subparagraph ten
6 of this article, except that no such sale shall be made at a
7 price less than the "basic cost of cigarettes" as defined in
8 said section two, subparagraph nine of this article, but the
9 latter wholesaler upon resale to a retailer, shall be deemed
10 to be the wholesaler governed by the provisions of said
11 section two, subparagraph ten of this article.

Sec. 5. Combination Sales.—In all advertisements, offers
2 for sale or sales involving two or more items, at least
3 one of which items is cigarettes, at a combined price, and
in all advertisements, offers for sale or sales involving the giving of any concession of any kind whatsoever (whether it be coupons or otherwise), the retailer's or wholesaler's selling price shall not be below the "cost to the retailer" or the "cost to the wholesaler", respectively, of the cigarettes included in such transactions, and the invoice cost, whether the same be paid by the retailer, the wholesaler or any other person, of all articles, products, commodities and concessions included in such transactions, to which invoice cost shall be added, the cost of doing business in the case of the wholesaler and the retailer, respectively, as such is defined in section two hereof.

Sec. 6. Exemptions.—The provisions of this article shall not apply to sales at retail or sales at wholesale made (a) as an isolated transaction and not in the usual course of business; (b) where cigarettes are advertised, offered for sale, or sold in bona fide clearance sales for the purpose of discontinuing trade in such cigarettes and said advertising, offer to sell, or sale shall state the reason thereof and the quantity of such cigarettes advertised, offered for sale, or to be sold; (c) where cigarettes are advertised for sale, or sold as imperfect or damaged, and said advertising, offer to sell, or sale shall state the reason therefor and the quantity of such cigarettes advertised, offered for sale, or to be sold; (d) where cigarettes are sold upon the final liquidation of a business; or (e) where cigarettes are advertised, offered for sale, or sold by any fiduciary or other officer acting under the order or direction of any court.

Sec. 7. Sales to Meet Competition.—(a) Any retailer may advertise, offer to sell, or sell cigarettes at a price made in good faith to meet the price of a competitor who is selling the same article at cost to him as a retailer as prescribed in this article. Any wholesaler may advertise, offer to sell, or sell cigarettes at a price made in good faith to meet the price of a competitor who is rendering the same type of service and is selling the same article at cost to him as a wholesaler as prescribed in this article. The price of cigarettes advertised, offered for sale, or sold under the exceptions specified in section six shall not be considered the price of a competitor and
shall not be used as a basis for establishing prices below
cost, nor shall the price established at a bankrupt sale
be considered the price of a competitor within the pur-
view of this section.

(b) In the absence of proof of the "price of a com-
petitor" under this section, the "lowest cost to the re-
tailer", or the "lowest cost to the wholesaler", as the case
may be, determined by any "cost survey", made pursuant
to section eleven of this article, may be deemed the "price
of a competitor", within the meaning of this section.

Sec. 8. Contracts in Violation Void.—Any contract, ex-
press or implied, made by any person in violation of any
of the provisions of this article, is declared to be an illegal
and void contract and no recovery thereon shall be had.

Sec. 9. Evidence to Be Considered as Bearing on Bona
Fides of Cost.—(a) In determining "cost to the retailer"
and "cost to the wholesaler" the commissioner or a court
shall receive and consider as bearing on the bona fides
of such cost, evidence tending to show that any person
complained against under any of the provisions of this
article purchased cigarettes, with respect to the sale of
which complaint is made, at a fictitious price, or upon
terms, or in such a manner, or under such invoices, as
to conceal the true cost, discounts or terms of purchase,
and shall also receive and consider as bearing on the bona
fides of such cost, evidence of the normal, customary and
prevailing terms and discounts in connection with other
sales of a similar nature in the trade area or state.

(b) Merchandise given gratis or payment made to a
retailer or wholesaler by the manufacturer thereof for
display, or advertising, or promotion purposes, or other-
wise, shall not be considered in determining the cost of
cigarettes to the retailer or wholesaler.

Sec. 10. Cigarettes Purchased Outside Ordinary Trade
Channels.—In establishing the cost of cigarettes to the
retailer or wholesaler, the invoice cost of said cigarettes
purchased at a forced, bankrupt, or closeout sale, or other
sale outside of the ordinary channels of trade, may not be
used as a basis for justifying a price lower than one based
upon the replacement cost of the cigarettes to the re-
tailer or wholesaler in the quantity last purchased, through
the ordinary channels of trade.

Sec. 11. Cost Survey.—Where a cost survey, pursuant
to recognized statistical and cost accounting practices, has
been made for the trading area in which the offense is
committed, to establish the lowest "cost to the retailer"
and the lowest "cost to the wholesaler", said cost survey
shall be deemed competent evidence to be used in proving
the cost to the person complained against within the
provisions of this article.

Sec. 12. Remedies.—(a) In addition to penalties pro-
vided by section three of this article, any person injured
by any violation of this article, or any trade association
which is representative of such a person, may maintain
an action in any court of equitable jurisdiction to prevent,
restrain or enjoin such violation. If in such action a viola-
tion of this article shall be established, the court shall en-
join and restrain or otherwise prohibit such violation and
in addition thereto shall assess in favor of the plaintiff and
against the defendant the costs of the suit and reasonable
attorneys’ fees. In such action it shall not be necessary
that actual damages to the plaintiff be alleged or proved,
but where alleged and proved the plaintiff in said action,
in addition to such injunctive relief and fees and costs of
suit, shall be entitled to recover from the defendant the
amount of actual damages sustained by the plaintiff.

(b) In the event no injunctive relief is sought or re-
quired, any person injured by a violation of this article
may maintain an action for damages alone in any court of
competent jurisdiction and the measure of damages in
such action shall be the same as prescribed in subsection
(a) of this section.

Sec. 13. Powers and Duties of State Tax Commissioner;
Rules and Regulations; Suspension and Revocation of
License; Reinstatement of License; Review of Commissioners Determinations.—(a) The state tax commissioner
shall have the power to adopt, amend and repeal rules and
regulations necessary to enforce and administer the pro-
visions of this article. The commissioner is given full
power and authority to revoke or suspend the license or
9 permit of any wholesale or retail dealer in the state of West Virginia upon sufficient cause appearing of the violation of this article or upon the failure of such licensee or permittee to comply with any of the provisions of this article.

(b) No license or licenses shall be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by said commissioner. The said commissioner, upon a finding by him that the licensee has failed to comply with any provision of this article or any rule or regulation promulgated thereunder, shall, in the case of the first offender, suspend the license or licenses of the said licensee for a period of not less than five nor more than twenty consecutive business days, and, in the case of a second or plural offender, shall suspend said license or licenses for a period of not less than twenty consecutive business days nor more than twelve months and, in the event the said commissioner finds the offender has been guilty of willful and persistent violations, he may revoke said person's license or licenses.

(c) Any person whose license or licenses have been so revoked may apply to the commissioner at the expiration of one year for a reinstatement of his license or licenses. Such license or licenses may be reinstated by the commissioner if it shall appear to the satisfaction of said commissioner that the licensee will comply with the provisions of this article and the rules and regulations promulgated thereunder.

(d) No person whose license has been suspended or revoked shall sell cigarettes or permit cigarettes to be sold during the period of such suspension or revocation on the premises occupied by him or upon other premises controlled by him or others or in any other manner or form whatever. Nor shall any disciplinary proceedings or action be barred or abated by the expiration, transfer, surrender, continuance, renewal or extension of any license issued under the provisions of the cigarette tax law.

(e) Any determination by the commissioner and any order of suspension or revocation of a license or licenses thereunder or refusal to reinstate a license or licenses after revocation shall be reviewable by the court in a

50 proper case and in proceedings as provided by procedural
51 law of this jurisdiction.

Sec. 14. Provisions of Article Severable.—The provi-
2 sions of this article shall be severable and if any of its
3 sections, provisions, exceptions, sentences, clauses, phrases
4 or parts be held unconstitutional or void, the remainder
5 of this article shall continue in full force and effect.

Sec. 15. Repealing Clause.—All laws and parts of laws

Article 4-d. Uniform Act for Simplification of Fiduciary Security Transfers.

Section
1. Definitions.
2. Registration in the name of a fiduciary.
3. Assignment by a fiduciary.
4. Evidence of appointment or incumbency.
5. Adverse claims.
8. Law governing registering or transferring securities; application of article.
10. Uniformity of interpretation.
11. Short title.

Be it enacted by the Legislature of West Virginia:

That chapter thirty-one of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, numbered and designated article four-d, to read as follows:

Section 1. Definitions.—In this article, unless the context otherwise requires:

(a) "Assignment" includes any written stock power, bond power, bill of sale, deed, declaration of trust or other instrument of transfer.

(b) "Claim of beneficial interest" includes a claim of any interest by a decedent's legatee, distributee, heir or creditor, a beneficiary under a trust, a ward, a beneficial owner of a security registered in the name of a nominee, or a minor owner of a security registered in the name of a custodian, or a claim of any similar interest, whether the claim is asserted by the claimant or by a fiduciary or by any other authorized person on his behalf, and includes a claim that the transfer would be in breach of fiduciary duties.

(c) "Corporation" means a private or public corporation, association or trust issuing a security.

(d) "Fiduciary" means an executor, administrator, trustee, guardian, committee, conservator, curator, tutor, custodian or nominee.

(e) "Person" includes an individual, a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or
24 more persons having a joint or common interest, or any
25 other legal or commercial entity.
26 (f) "Security" includes any share of stock, bond, de-
27 benture, note or other security issued by a corporation
28 which is registered as to ownership on the books of the
29 corporation.
30 (g) "Transfer" means a change on the books of a cor-
31 poration in the registered ownership of a security.
32 (h) "Transfer agent" means a person employed or
33 authorized by a corporation to transfer securities issued
34 by the corporation.

Sec. 2. Registration in the Name of a Fiduciary.—A cor-
2 poration or transfer agent registering a security in the
3 name of a person who is a fiduciary or who is described
4 as a fiduciary is not bound to inquire into the existence,
5 extent, or correct description of the fiduciary relationship,
6 and thereafter the corporation and its transfer agent may
7 assume without inquiry that the newly registered owner
8 continues to be the fiduciary until the corporation or
9 transfer agent receives written notice that the fiduciary
10 is no longer acting as such with respect to the particular
11 security.

Sec. 3. Assignment by a Fiduciary.—Except other-
2 wise provided in this article, a corporation or transfer
3 agent making a transfer of a security pursuant to an as-
4 signment by a fiduciary:
5 (a) May assume without inquiry that the assignment,
6 even though to the fiduciary himself or to his nominee, is
7 within his authority and capacity and is not in breach of
8 his fiduciary duties;
9 (b) May assume without inquiry that the fiduciary has
10 complied with any controlling instrument and with the
11 law of the jurisdiction governing the fiduciary relation-
12 ship, including any law requiring the fiduciary to obtain
13 court approval of the transfer; and
14 (c) Is not charged with notice of and is not bound to
15 obtain or examine any court record or any recorded or un-
16 recorded document relating to the fiduciary relationship
17 or the assignment, even though the record or document is
18 in its possession.
Sec. 4. Evidence of Appointment or Incumbency.—A corporation or transfer agent making a transfer pursuant to an assignment by a fiduciary who is not the registered owner shall obtain the following evidence of appointment or incumbency:

(a) In the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of that court or an officer thereof and dated within sixty days before the transfer; or

(b) In any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by the corporation or transfer agent to be responsible or, in the absence of such a document or certificate, other evidence reasonably deemed by the corporation or transfer agent to be appropriate.

Corporations and transfer agents may adopt standards with respect to evidence of appointment or incumbency under this subsection (b) provided such standards are not manifestly unreasonable. Neither the corporation nor transfer agent is charged with notice of the contents of any document obtained pursuant to this subsection (b) except to the extent that the contents relate directly to the appointment or incumbency.

Sec. 5. Adverse Claims.—(a) A person asserting a claim of beneficial interest adverse to the transfer of a security pursuant to an assignment by a fiduciary may give the corporation or transfer agent written notice of the claim. The corporation or transfer agent is not put on notice unless the written notice identifies the claimant, the registered owner and the issue of which the security is a part, provides an address for communications directed to the claimant and is received before the transfer. Nothing in this article relieves the corporation or transfer agent of any liability for making or refusing to make the transfer after it is so put on notice, unless it proceeds in the manner authorized in subsection (b).

(b) As soon as practicable after the presentation of a security for transfer pursuant to an assignment by a fiduciary, a corporation or transfer agent which has received notice of a claim of beneficial interest adverse to the transfer may send notice of the presentation by registered or
19 certified mail to the claimant at the address given by him. 
20 If the corporation or transfer agent so mails such a notice 
21 it shall withhold the transfer for thirty days after the 
22 mailing and shall then make the transfer unless restrained 
23 by a court order. 

Sec. 6. Nonliability of Corporation and Transfer Agent. 
—A corporation or transfer agent incurs no liability to 
any person by making a transfer or otherwise acting in 
a manner authorized by this article. 

Sec. 7. Nonliability of Third Persons.—(a) No person 
who participates in the acquisition, disposition, assign- 
ment or transfer of a security by or to a fiduciary includ- 
ing a person who guarantees the signature of the fidu- 
ciary is liable for participation in any breach of fiduciary 
duty because of failure to inquire whether the trans- 
action involves such a breach unless it is shown that he 
acted with actual knowledge that the proceeds of the 
transaction were being or were to be used wrongfully for 
the individual benefit of the fiduciary or that the trans- 
action was otherwise in breach of duty. 
(b) If a corporation or transfer agent makes a transfer 
pursuant to an assignment by a fiduciary, a person who 
guaranteed the signature of the fiduciary is not liable on 
the guarantee to any person to whom the corporation or 
transfer agent by reason of this article incurs no liability. 
(c) This section does not impose any liability upon the 
corporation or its transfer agent. 

Sec. 8. Law Governing Registering or Transferring 
Securities; Application of Article.—(a) The rights and 
duties of a corporation and its transfer agents in register-
ing a security in the name of a fiduciary or in making a 
transfer of a security pursuant to an assignment by a 
fiduciary are governed by the law of the jurisdiction 
under whose laws the corporation is organized. 
(b) This article applies to the rights and duties of a 
person other than the corporation and its transfer agents 
with regard to acts and omissions in this state in con-
nection with the acquisition, disposition, assignment or 
transfer of a security by or to a fiduciary and of a person
who guarantees in this state the signature of a fiduciary
in connection with such a transaction.

Sec. 9. Tax Obligations.—This article shall not affect
any obligation of a corporation or transfer agent with
respect to estate, inheritance, succession or other taxes
imposed by the laws of this state.

Sec. 10. Uniformity of Interpretation.—This article
shall be so construed as to effectuate its general purpose to
make uniform the law of those states which enact it.

Sec. 11. Short Title.—This article may be cited as the
Uniform Act for Simplification of Fiduciary Security
Transfers.

Be it enacted by the Legislature of West Virginia:

That section three-a, article one, chapter seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 3-a. Powers with Respect to Construction of Waterworks, Sewers, Sewage Disposal Plants, Improvement of Streets, Alleys and Sidewalks and the Assessment of the Cost of Sanitary Sewers and Improved Streets.—In addition to all other powers and duties now conferred by law upon county courts, such courts are hereby authorized and empowered to install, construct, repair, maintain and operate waterworks, water mains,
9 sewer lines and sewage disposal plants in connection
10 therewith within their respective counties: Provided,
11 That the county court of Webster is authorized to expend
12 county funds in the opening of, and upkeep of, a sulphur
13 well now situate on county property: Provided, That such
14 authority and power herein conferred upon county courts
15 shall not extend into the territory within any municipal
16 corporation: Provided, however, That any county court
17 is hereby authorized to enter into contracts or agreements
18 with any municipality within the county, or with a munici-
19 pality in an adjoining county, with reference to the exer-
20 cise of the powers vested in such court by this section.
21 In addition to the foregoing, the county court shall
22 have the power to improve streets, sidewalks and alleys
23 and lay sewers as follows: Upon petition in writing duly
24 verified, of the persons, firms or corporations owning not
25 less than sixty per cent of the frontage of the lots abutting
26 on both sides of any street or alley, between any two
27 cross-streets, or between a cross-street and an alley in
28 any unincorporated community, requesting the county
29 court so to do according to plans and specifications
30 submitted with such petition and offering to have their
31 property so abutting assessed not only with their por-
32 tion of the cost of such improvement abutting upon
33 their respective properties, but also offering to have their
34 said properties proportionately assessed with the total
35 cost of paving, grading and curbing the intersections
36 of such streets and alleys, the county court may cause
37 any such street or alley to be improved or paved or re-
38 paved substantially with the materials and according to
39 such plans and specifications as hereinafter provided: Pro-
40 vided, however, That the county court is further author-
41 ized, if the said county court so determines by a unani-
42 mous vote of its constituted membership, that two or more
43 intersecting streets, sidewalks, alleys and sewers, should
44 be improved as one project, in order to satisfy peculiar
45 problems resulting from access as well as drainage prob-
46 lems, then, in that event, the said county court may order
47 such improvements as one single unit and project, upon
48 petition in writing duly verified of the persons, firms or
49 corporations owning not less than sixty per cent of the
50 frontage of the lots abutting on both sides of all streets
or alleys, or portions thereof included by said county court in said unit and project.

The total cost including labor and materials, engineering, and legal service of grading and paving, curbing, improving any such street or alley (including the cost of the intersections) and assessing the cost thereof shall be borne by the owners of the land abutting upon such street or alley when the work is completed and accepted according to the following plan, that is to say, payment is to be made by all landowners on either side of such street or alley so paved or improved, in such proportion of the total cost as the frontage in feet of each owner's land so abutting bears to the total frontage of all the land so abutting on such street or alley, so paved or improved as aforesaid, which computation shall be made by the county engineer or surveyor and certified by him to the clerk of said court.

Upon petition in writing duly verified, of the persons, firms or corporations owning not less than sixty per cent of the frontage of the lots abutting on one side of any street between any two cross-streets or between a cross-street and an alley in any unincorporated community requesting the county court so to do according to plans and specifications submitted with such petition and offering to have their property so abutting assessed with the total cost thereof, the county court may cause any sidewalk to be improved, or paved, or repaved, substantially with such materials according to such plans and specifications and the total cost including labor and materials, engineering and legal service of improving, grading, paving, or repaving such sidewalk and assessing the cost thereof shall, when the work is completed and accepted, be assessed against the owners of the lots or fractional part of lots abutting on such sidewalk, in such portion of the total cost as the frontage in feet of each owner's land so abutting bears to the total frontage of all lots so abutting on such sidewalk so paved or improved, as aforesaid. Which computation shall be made by the county engineer or surveyor and certified by him to the clerk of said court.

Upon petition in writing duly verified, of the persons, firms or corporations owning not less than sixty per cent of the frontage of the lots abutting on both sides of any
street or alley, in any unincorporated community request-
ing the county court so to do according to plans and
specifications submitted with such petition and offering
to have their property so abutting assessed with the cost,
as hereinafter provided, the county court may lay and
construct sanitary sewers in any street or alley with such
materials and substantially according to such plans and
specifications and when such sewer is completed and ac-
cepted, the county engineer or surveyor shall report to the
county court, in writing, the total cost of such sewer and
a description of the lots and lands, as to the location,
frontage, depth and ownership liable for such sewer
assessment, so far as the same may be ascertained, to-
gether with the amount chargeable against each lot and
owner, calculated in the following manner: The total cost
of constructing and laying the sewer including labor,
materials, legal and engineering services shall be borne
by the owners of the land abutting upon the streets and
alleys, in which the sewer is laid according to the follow-
ing plan: Payment is to be made by each landowner on
either side of such portion of a street or alley in which
such sewer is laid, in such proportions as the frontage
of his land upon said street or alley bears to the total
frontage of all lots so abutting on such street or alley.
In case of a corner lot, frontage is to be measured along
the longest dimensions thereof abutting on such street or
alley in which such sewer is laid. Any lot having a depth of
two hundred feet or more, and fronting on two streets, or
alleys, one in the front and one in the rear of said lot, shall
be assessed on both of said streets or alleys if a sewer is
laid in both such streets and alleys. Where a corner lot has
been assessed on the end it shall not be assessed on the side
for the same sewer, and where it has been assessed on the
side it shall not be assessed on the end for the same sewer.
If the petitioners request the improvement of any such
street, alley or sidewalk in a manner which does not
require the permanent paving, or repaving, thereof, the
county court shall likewise have authority to improve
such street, alley or sidewalk, substantially as requested
in such petition, and the total cost thereof including
labor, materials, engineering and legal services shall be
assessed against the abutting owners in the proportion
which the frontage of their lots abutting upon such street, 
alley or sidewalk bears to the total frontage of all lots 
abutting upon such street, alley or sidewalk, so improved. 
Upon the filing of such petition and before work is 
begun, or let to contract, the county court shall fix a time 
and place for hearing protests and shall require the peti-
tioners to post notice of such hearing in at least two 
conspicuous places on the street, alley or sidewalk affect­
ed, and to give notice thereof by publication in a news-
paper of general circulation in the county in which the 
improvement is to be made at least once before said 
hearing, which hearing shall be held not less than ten 
nor more than thirty days after the filing of such petition. 
At the time and place set for hearing protests the county 
court may examine witnesses and consider other evidence 
to show that said petition was filed in good faith; that 
the signatures thereto are genuine; and that the proposed 
improvement, paving, repaving, or sewering, will result 
in special benefits to all owners of property abutting on 
said street, alley or sidewalk in an amount at least equal 
in value to the cost thereof. The court shall within ten 
days thereafter enter a formal order stating its decision 
and if the petition be granted shall proceed after due 
advertisement, reserving the right to reject any or all 
bids, to let a contract for such work and materials to the 
lowest responsible bidder. 
Any owner of property abutting upon said street, alley 
or sidewalk aggrieved by such order shall have the right 
to review the same on the record made before the county 
court by filing within ten days after the entry of such 
order, a petition with the clerk of the circuit court assign­
ing errors and giving bond in a penalty to be fixed by 
the circuit court to pay any costs or expenses incurred 
upon such appeal should the order of the county court 
be affirmed. The circuit court shall proceed to review 
the matter as in other cases of appeal from the county 
court. 
All assessments made under this section shall be cer-
tified to the county clerk and recorded in a proper trust 
deed book and indexed in the name of the owner of any 
lot or fractional part of a lot so assessed. The assessment 
so made shall be a lien on the property liable therefor,
and shall have priority over all other liens except those for taxes, and may be enforced by a civil action in the name of the contractor performing the work in the same manner as provided for other liens for permanent improvements. Such assessment shall be paid in not more than ten equal annual installments, bearing interest at the rate of six per cent per annum as follows: The first installment, together with interest on the whole assessment, shall be paid not later than one year from the date of such assessment, and a like installment with interest on the whole amount remaining unpaid each year thereafter until the principal and all interest shall have been paid in full.

The county court may issue coupon-bearing certificates payable in not more than ten equal annual installments for the amount of such assessment and the interest thereon, to be paid by the owner of any lot or fractional part thereof, fronting on such street, alley or sidewalk which has been improved, paved, or repaved or in which a sewer has been laid, as aforesaid, and the holder of said certificate shall have a lien having priority over all other liens except those for taxes upon the lot or part of lot fronting on such street, alley or sidewalk, and such certificate shall likewise draw interest from the date of assessment at the rate of six per cent per annum, and payment thereof may be enforced in the name of the holder of said certificate by proper civil action in any court having jurisdiction to enforce such lien.

Certificates authorized under this section may be issued, sold or negotiated to the contractor doing the work, or to his assignee, or to any person, firm, or corporation: Provided, That the county court in issuing such certificates shall not be held as a guarantor, or in any way liable for the payment thereof. Certificates so issued shall contain a provision to the effect that in the event of default in the payment of any one or more of said installments, when due, said default continuing for a period of sixty days, all unpaid installments shall thereupon become due and payable, and the owner of said certificates may proceed to collect the unpaid balance thereof in the manner hereinbefore provided.

In all cases where petitioners request paving or repav-
ing, or the laying of sewers under the provisions of this
section, the county court shall let the work of grading,
paving, curbing or sewering to contract to the lowest
responsible bidder. In each such case the county court
shall require a bond in the penalty of the contract price
guaranteeing the faithful performance of the work and
each such contract shall require the contractor to repair
any defects due to defective workmanship or materials
discovered within one year after the completion of the
work.
Upon presentation to the clerk of the county court of
the certificates evidencing the lien, duly cancelled and
marked paid by the holder thereof, or evidence of pay­
ment of the assessment if no certificates have been issued,
said clerk shall execute and acknowledge a release of
the lien which release may be recorded, as other releases
in the office of the clerk of the county court.
The owner of any lot or fractional part of a lot abutting
upon such street, alley or sidewalk so improved, paved,
repaved or sewered shall have the right to anticipate
the payment of any such assessment or certificate by pay­
ing the principal amount due, with interest accrued there­
on to date of payment, and also to pay the entire amount,
without interest at any time, within thirty days following
the date of the assessment.
Nothing in this section contained shall be construed
to authorize the county courts of the various counties
to acquire any road construction, ditching, or paving
equipment. The county courts are hereby authorized to
rent from the state road commissioner or any other per­
son, firm or corporation such equipment as may be neces­
sary from time to time, to improve any street or sidewalk
which petitioners do not desire to have paved in a per­
manent manner, and for such purpose to employ such
labor as may be necessary but no expense connected
therewith shall be charged to any county funds.
No county court shall be under any duty after the pav­
ing, repaving or improvement of any street, alley or side­
walk or the laying of any sanitary sewer under the pro­
visions of this section, to maintain or repair the same, but
any such court shall have authority upon petition duly
verified, signed by at least sixty per cent of the owners
of property abutting upon any improvement made under this section, to maintain or repair such improvement or sewer and to assess the cost thereof against the owners of such abutting property in the same manner as the cost of the original improvement.

CHAPTER 41

(Com. Sub. for House Bill No. 75-Originating in the House Committee on Finance)

[Passed March 10, 1961; in effect July 1, 1961. Approved by the Governor.]

AN ACT to amend article nine-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by amending and reenacting sections one, three, four, eleven and twelve, relating to public school support.

Article 9-a. State and County Support of Schools.

Section
1. Determination of a school support program.
3. Total state foundation program.
4. Computation of local share; appraisal and assessment of property.
11. County basic foundation program; total amount of state aid.
12. Supplemental instructional support.

Be it enacted by the Legislature of West Virginia:

That article nine-a, chapter eighteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by amending and reenacting sections one, three, four, eleven and twelve to read as follows:

Section 1. Determination of a School Support Program.
2 —The intent of this article is to provide a plan of financial support for the public schools of the state to be
known as the West Virginia public school support program, and to fix statutorily both state and county responsibility for the financing of the same. The said school support program shall be comprised of three parts; namely, basic foundation support, supplemental instructional support, and general matching support as funds and provisions are established for such. In enacting this plan, the Legislature has in mind the following purposes:

(1) To provide a basic foundation support for the free schools of the state that will assure a minimum educational base for all children and youth irrespective of where they may live.

(2) To provide, through state funds, a supplement to the instructional program that will aid in getting and keeping competent teachers, that will assure a standard term of nine and one-half months, such to be used for increasing classroom instruction time, for inservice improvement of teacher competency, and for meeting other school needs.

(3) To provide a state-county matching plan that will encourage counties to increase and to maintain their local support over and beyond that required for basic foundation needs.

Sec. 3. Total State Foundation Program.—The total basic foundation school support program for any year shall be the appropriation for state aid to schools available for distribution during that year, plus the total local share for all counties in the state, determined for that year as provided in this article, after providing for those allocations established in section twelve of this article. The amount of the total state foundation program so determined shall be used to meet the requirements of each successive division or step of the allocation formula provided for in this article, in the order of priority stated in the following sections. Whenever the amount applicable to any division or step is insufficient to meet fully the stated requirement, the amount for each unit of cost in such division or step shall be reduced proportionately, and the remaining divisions or steps of the formula shall necessarily be disregarded.
Sec. 4. Computation of Local Share; Appraisal and Assessment of Property.—On the basis of the most recent survey of property valuations in the state, completed as to all classes of property in all counties determined by the tax commissioner under present or former provisions of this article, the state board shall for each county compute by application of the levies for general current expense purposes, as defined in section two of this article, the amount of revenue which such levies would produce if levied upon one hundred per cent of the appraised value of each of the several classes of property contained in the report or revised report of such value, made to it by the tax commissioner as follows: (1) The state board shall first take ninety-seven and one-half per cent of the amount ascertained by applying these rates to the total assessed public utility valuation in each classification of property in the county. (2) The state board shall then apply these rates to the appraised value of other property in each classification in the county as determined by the tax commissioner, and shall deduct therefrom five per cent as an allowance for the usual losses in collections due to discounts, exonerations, delinquencies and the like. Fifty per cent of the amount so determined shall be added to the ninety-seven and one-half per cent of public utility taxes computed as provided above and this total shall be the local share of the particular county.

The tax commissioner shall make or cause to be made an appraisal in the several counties of the state of all non-utility real property and of all nonutility personal property which shall be based upon true and actual value as set forth in article three, chapter eleven of this code.

In determining the value of personal property—other than all machinery, equipment, furniture and fixtures of any industrial plant, mine, quarry or installation and of any commercial, industrial, or professional establishment—the tax commissioner shall prescribe accepted methods of determining such values. The tax commissioner shall in accordance with such methods determine the value of such property.

For the purpose of appraising commercial, industrial, and professional properties the tax commissioner after
consultation with the county court shall employ a competent property appraisal firm or firms which appraisals shall be under his supervision and direction.

In making or causing to be made such appraisal, the tax commissioner shall employ such assistants as available appropriations will permit and shall prescribe and use such accepted methods and procedures for checking property values and determining the amount of property in the several classes of property provided by law as are customarily employed for appraisal purposes.

Such appraisal of all said property in the several counties shall be completed prior to the first day of January, one thousand nine hundred sixty-four. Each year after the completion of the property appraisal in a county the tax commissioner shall maintain the appraisal by making or causing to be made such surveys, examinations, audits, maps and investigations of the value of the several classes of property in each county which should be listed and taxed under the several classifications, and shall determine the appraised value thereof. On the basis of information so ascertained, the tax commissioner shall annually revise his reports to the Legislature and to the state board concerning such appraisals, such reports to be made not later than the first day of January of each year.

As information from such appraisal of property in a county under the provisions of this section becomes available for a district, municipality and county, the tax commissioner shall notify the county court and the assessor of said county that such information is available and shall make available to said county court and assessor all data, records, and reports or other information relating to said work, along with a list of any properties in said district, municipality, and county which are entered on the assessment rolls but for which no appraisal has been made, a list of any properties which were appraised but which can not be found on the assessment rolls and a list of all properties carried on the assessment rolls which have not been identified on the maps. Said lists shall set forth the name of the owner and a description of the property and the reason, if known, for its failure to have been
As such appraisal of property in a county, under this section, is completed to the extent that a total valuation for each class of property can be determined, such appraisal shall be delivered to the assessor and the county court, and in each assessment year commencing after such appraisal is so delivered and received, the county assessor and the county court, sitting as a board of equalization and review, shall use such appraised valuations as a basis for determining the true and actual value for assessment purposes of the several classes of property. The total assessed valuation in each of the four classes of property shall be not less than fifty per cent nor more than one hundred per cent of the appraised valuation of each said class of property.

The determination of appraised values in those counties where the full appraisal has not been completed as defined above and delivered to the assessor and the county court prior to the first day of the assessment year shall be continued by the tax commissioner on the annual spot survey basis. Beginning with the fiscal year one thousand nine hundred sixty and for each year thereafter until the full survey is so completed and delivered in a county, the assessed value in each of the four classes of property in such county shall be not less than fifty per cent nor more than one hundred per cent of the appraised valuation of each said class of property as determined by the last previous statewide report of the tax commissioner: Provided, however, That in those counties where the full appraisal has not been completed and delivered, as aforesaid, to the county assessor and the county court prior to the first day of the assessment year, the requirements of this paragraph shall be satisfied if:

(1) The total tax yield from the four classes of property based upon the allowable school levy rates defined in section two of this article equals or exceeds the amount required to meet the local share as provided in this section; or

(2) For the assessment year one thousand nine hundred sixty-one, the assessor has increased the total valua-
tions of property in an amount not less than thirty-three
and one-third per cent of the difference between the total
assessed valuations for the assessment year one thousand
nine hundred sixty and the valuations required by this
section; or

(3) For the assessment year one thousand nine hun-
dred sixty-two, the assessor has increased the total valua-
tions of property in an amount not less than fifty per cent
of the difference between the total assessed valuations
of property for the assessment year one thousand nine
hundred sixty-one and the total valuations for such class
required by this section; or

(4) For the assessment year one thousand nine hun-
dred sixty-three, the assessor has increased the total val-
uation of property so that the same meet the requirements
of this section.

Whenever in any year a county assessor and/or county
court shall fail or refuse to comply with the provisions
of this section in setting the valuations of property for
assessment purposes in any class or classes of property
in the county, the state tax commissioner shall review
the valuations for assessment purposes made by the county
assessor and the county court and shall direct the county
assessor and county court to make such corrections in the
valuations as may be necessary so that they shall comply
with the requirements of chapter eleven and of this sec-
tion, and the tax commissioner shall enter the county
and fix the assessments at the required ratios. Refusal of
the assessor and/or the county court to make such cor-
rections shall constitute grounds for removal from office.

In any year in which the total assessed valuation of a
county shall fail to meet the minimum requirements
above set forth, the county court of such county shall
allocate for such year to the county board of education
from the tax levies allowed to the county court a sufficient
portion of its levies as will, when applied to the valuations
for assessment purposes of such property in the county,
provide a sum of money equal to the differences between
the amount of revenue which will be produced by appli-
cation of the allowable school levy rates defined in section
two of this article upon the valuations for assessment pur-
poses of such property and the amount of revenue which
would be yielded by the application of such levies to fifty
per cent of the total of appraised valuations of such prop-
erty. In the event the county court shall fail or refuse
to make the reallocation of levies as provided for herein,
the county board of education, the tax commissioner, the
state board of school finance, or any other interested party,
shall have the right to enforce the same by writ of man-
damus in any court of competent jurisdiction.

In conjunction with and as a result of the appraisal
herein set forth the tax commissioner shall have the power
and it shall be his duty, to establish a permanent records
system for each county in the state, consisting of:

(1) Tax maps of the entire county drawn to scale or
aerial maps, which maps shall indicate all property and
lot lines, set forth dimensions or areas, indicate whether
the land is improved, and identify the respective parcels
or lots by a system of numbers, or symbols and numbers,
whereby the ownership of such parcels and lots can be
ascertained by reference to the property record cards and
property owners' index;

(2) Property record cards arranged geographically ac-
cording to the location of property on the tax maps, which
cards shall set forth the location and description thereof,
the acreage or dimensions, description of improvements,
if any, the owner's name, address and date of acquisition,
the purchase price, if any, set forth in the deed of acquisi-
tion, the amount of tax stamps, if any, on the deed, the
assessed valuation, and the identifying number or symbol
and number, shown on the tax map;

(3) Property owners' index consisting of an alpha-
etical listing of all property owners, setting forth brief
descriptions of each parcel or lot owned, and cross-indexed
with the property record cards and the tax map.

The tax commissioner is hereby authorized and em-
powered to enter into such contracts as may be necessary,
and for which funds may be available, to establish the
permanent records system herein provided for, or may
through his staff and employees, prepare and complete
such system.

The cost of conducting the appraisal herein provided
for shall be borne jointly by the state and the several
counties in the following manner and terms: There shall be appropriated from the general revenue fund not less than one million five hundred thousand dollars for each fiscal year until sufficient funds have been appropriated to complete the appraisal in all counties of the state.

Each county shall furnish, through its county court, not more than ten per cent of the cost of such appraisal or reappraisal and permanent records system for such county. Such county costs may be paid over a period of three years with the approval of the tax commissioner. If a county has employed a professional appraisal firm to conduct an appraisal or reappraisal of all or a part of nonutility property within the past five years, and such appraisal, or any other appraisal or reappraisal has been or shall have been accepted by the tax commissioner, credit shall be allowed to such county for its portion of the statewide appraisal costs and any contract with appraisal firm or firms shall not be made for appraisal or reappraisal of such property except and unless requested by such county, or shown to be necessary by the tax commissioner: Provided, That until the completion of the appraisal herein provided for in all of the fifty-five counties of the state, the local share for each county shall be determined on the basis of the annual spot survey of property valuations by the tax commissioner in this state, as heretofore provided, but in no way shall this be interpreted as affecting the assessment provisions set forth above; however, in any county having accepted and used appraised valuations developed by an appraisal made by the tax commissioner or accepted by him as a basis in determining the true and actual valuation for assessment purposes, the county board of education may annually request that the local share shall be that which was in effect under the last applicable spot survey preceding such acceptance and usage and until the full reappraisal has been completed in all counties the board of school finance shall comply with such request: Provided further, That the sample pieces of property employed in making the annual spot survey shall be used by the tax commissioner for this purpose only and shall be open to none other than the Legislature by its request through a resolution approved
by both the senate and the house of delegates and as 
otherwise provided in this section; however, if on the basis 
of the current statewide report of the tax commissioner 
available the first day of January of each year, it appears 
that any county shall not have complied with the require- 
ments regarding the ratio of assessed valuations, the tax 
commissioner shall notify the assessor and the county 
court of each such county and, if they file a request for re-
view of the appraisals which they believe to be in error, 
he shall review the appraisal of such properties and shall 
correct such errors as he may discover in such individual 
appraisal and/or in the preparation or recording of the 
report by the tax commissioner. The corrected figures 
shall be reported to the board of school finance prior to 
the first day of June and shall be used in determining the 
allocations of state aid to the county boards of education 
for the subsequent fiscal year.

The county assessor and the county court shall comply 
with the provisions of chapter eleven of this code in de-
termining the true and actual value of property for assess-
ment purposes and shall not arbitrarily use a direct per-
centage application to the appraised valuations (whether 
complete appraisal or spot survey) of any class of prop-
erty or property within a class for such purpose.

The provisions of this section shall not be construed to 
alter or repeal in any manner the provisions of chapter 
eleven of this code, but shall be construed in pari materia 
therewith, and compliance with this section by the assesor 
and county court shall be considered, pro tanto, as 
compliance with said chapter eleven.

Sec. 11. County Basic Foundation Program; Total 
Amount of State Aid.—The basic foundation school pro-
gram for each county for the fiscal year shall be the sum 
of the amounts allowed the county under the formula 
provisions of sections four to ten, inclusive, of this ar-
ticle. Prior to the first day of July in each year, the 
state board shall determine the basic foundation program 
for each county for the next fiscal year. The state share 
of the basic foundation program of the county shall be 
the difference between the total cost of said basic foun-
dation and the computed local share for said county; ex-
cept, however, that no county shall receive less than fifty
per cent of the computed cost of the foundation program
of such county.

The total state aid to the county shall be the sum of
(1) the computed state share of basic foundation support,
(2) the state share under the provisions of supplemental
instructional support, and (3) the state share for general
matching provisions when such are established. After
such computation is completed, the state board shall im-
mediately certify to each county board the amount of
state aid allocated to the county for the next fiscal year,
subject to any qualifying provisions of this article.

Sec. 12. Supplemental Instructional Support.—The
provisions of this section are designed to strengthen the
instructional program by attracting to and keeping qual-
ified teachers in the public school classrooms, by extend-
ing the employment term of teachers so as to provide
time for more class instruction, time for inservice im-
provement in teacher competency, time for teacher-pupil-
parent conferences. This phase of the school support
program shall be computed on a teacher-unit basis.

Beginning with the fiscal year one thousand nine hun-
dred sixty-one, the allocation of state funds for supple-
mental instructional support shall be the sum of (a) an
amount as is necessary to meet the instructional require-
ments established by the fifty-second Legislature; (b) one
hundred eighty dollars times the number of teachers em-
ployed in the county for the preceding year for the pur-
pose of providing a base-pay increase of twenty dollars
per month for such teachers; and (c) one eighteenth of the
total teacher cost, based on the legal minimum salary scale
plus the salary supplement provided for in item (b) of
this paragraph, of all employed teachers for the purpose
of extending the employment of such teachers by adding
two weeks employment.

employment compensation law, all of the provisions of
this law shall be applicable to such instrumentalities, and
to service performed for such instrumentalities, in the
same manner, to the same extent and on the same terms as
to all other employers, employing units, individuals, and
services: Provided, That if this state shall not be certi-
ified for any year by the secretary of labor under section

and within the same period as is provided in section

Sec. 7. Joint and Separate Accounts.—(1) The director shall maintain a separate account for each employer, and
shall credit his account with all contributions paid by him prior to July first, one thousand nine hundred sixty-one. On and after July first, one thousand nine hundred sixty-one, the director shall maintain a separate account for each employer, and shall credit said employer's account with all contributions of such employer in excess of seven tenths of one per cent of taxable wages: Provided, That any adjustment made in an employer's account after the computation date shall not be used in the computation of the credit balance of an employer until the next following computation date: Provided further, That nothing in this chapter shall be construed to grant an employer or individual in his service prior claims or rights to the amounts paid by him into the fund, either on his own behalf or on behalf of such individuals. The account of any employer which has been inactive for a period of four consecutive calendar years shall be terminated for all purposes.

(3) The director shall, for each calendar year hereafter, classify employers in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts, with a view of fixing such contribution rates as will reflect such experiences. For the purpose of fixing such contribution rates for each calendar year, the books of the department shall be closed on July thirty-one of the preceding calendar year, and any contributions there-
after paid, as well as benefits thereafter paid with respect
to compensable weeks ending on or before June thirty
of the preceding calendar year, shall not be taken into
account until the next annual date for fixing contribution
rates: Provided, however, That if an employer has failed
to furnish to the director on or before July thirty-one of
such preceding calendar year the wage information for
all past periods necessary for the computation of the con-
tribution rate, such employer’s rate shall be, if it is imme-
diately prior to such July thirty-one, less than two and
seven-tenths per cent, increased to two and seven-tenths
per cent, and if such employer’s rate immediately prior
to such July thirty-one is more than two and seven-tenths
per cent and he fails to furnish such wage information,
his rate shall be increased to three and three-tenths per
cent: Provided further, That any payment made or any
information necessary for the computation of a reduced
rate furnished on or before the termination of an exten-
sion of time for such payment or reporting of such infor-
mation granted pursuant to a regulation of the director
authorizing such extension, shall be taken into account
for the purposes of fixing contribution rates: Provided
further, That when the time for filing any report or mak-
ing any payment required hereunder falls on Saturday,
Sunday, or a legal holiday, the due date shall be deemed
to be the next succeeding business day: Provided further,
That whenever through mistake or inadvertence erroneous
credits or charges are found to have been made to or
against the reserve account of any employer, the rate
shall be adjusted as of January one of the calendar year
in which such mistake or inadvertence is discovered; but
payments made under any rate assigned prior to January
one of such year shall not be deemed to be erroneously
collected.

(4) The director may prescribe regulations for the
establishment, maintenance, and dissolution of joint ac-
counts by two or more employers, and shall, in accord-
ance with such regulations and upon application by two
or more employers to establish such an account, or to
merge their several individual accounts in a joint account.
maintain such joint account as if it constituted a single employer's account.

Sec. 10. Experience Ratings; Decreased Rates.—On and after January one, one thousand nine hundred fifty-four, after the requirements of section nine have been complied with, an employer's payment shall remain two and seven-tenths per cent until:

(1) There have elapsed thirty-six consecutive months immediately preceding the computation date throughout which an employer's account was chargeable with benefits.

(2) His payments credited to his account for all past years exceed the benefits charged to his account by an amount equal to at least the per cent of his average annual pay roll as shown in column B of Table I. His rate shall be the amount appearing in column C of Table I on line with the percentage in column B.

Sec. 16. Collection of Payments.—(1) The director in the name of the state shall commence a civil action against an employer who, after due notice, defaults in any payment or interest thereon. If judgment is against the employer he shall pay the costs of the action. Civil actions under this section shall be given preference on the calendar of the court over all other civil actions except petitions for judicial review under article seven of this chapter and cases arising under the workmen's compensation law.

(2) A payment and interest thereon due and unpaid under this chapter shall be a debt due the state in favor of the director. It shall be a personal obligation of the employer and shall, in addition thereto, be a lien, enforceable by suit in equity, upon all the property of the employer: Provided, however, That no such lien shall be enforceable as against a purchaser (including lien creditor) of real estate or personal property for a valuable consideration, without notice, unless docketed as provided in chapter ninety-nine, acts of the Legislature, regular session, one thousand nine hundred forty-three.
(3) In addition to all other civil remedies prescribed herein the director may in the name of the state distrain upon any personal property, including intangibles, of any employer delinquent for any payment and interest thereon. If the director has good reason to believe that such property or a substantial portion thereof is about to be removed from the county in which it is situated, he may likewise distrain in the name of the state before such delinquency occurs. For such purpose, the director may require the services of a sheriff of any county in the state in levying such distress in the county in which such sheriff is an officer and in which such personal property is situated. A sheriff so collecting any payments and interest thereon shall be entitled to such compensation as is provided by law for his services in the levy and enforcement of executions.

(4) In case a business subject to the payments and interest thereon imposed under this chapter shall be operated in connection with a receivership or insolvency proceeding in any state court in this state, the court under whose direction such business is operated shall, by the entry of a proper order or decree in the cause, make provisions, so far as the assets in administration will permit, for the regular payment of such payments as the same become due.

(5) The secretary of state of this state shall withhold the issuance of any certificate of dissolution or withdrawal in the case of any corporation organized under the laws of this state, or organized under the laws of another state and admitted to do business in this state, until notified by the director that all payments and interest thereon against any such corporation which is an employer under this chapter have been paid or that provision satisfactory to the director has been made for payment.

(6) In any case where an employer defaults in payments, or interest thereon, for as many as two calendar quarters, which quarters need not be consecutive, and remains delinquent after due notice, and the director has been unable to collect such payments by any of the other civil remedies prescribed herein, the director may bring
action in the circuit court of Kanawha county to enjoin
such employer from continuing to carry on the business
in which such liability was incurred: Provided, however,
That the director may as an alternative to this action re-
quire such delinquent employer to file a bond in the form
prescribed by the director with satisfactory surety in an
amount not less than fifty per cent more than the tax due.

(7) All state, county, district and municipal officers
and agents making contracts on behalf of the state of West
Virginia or any political subdivision thereof shall with­
hold payment in the final settlement of such contracts
until the receipt of a certificate from the director to the
effect that all payments and interest thereon accrued
against the contractor under this chapter have been paid
or that provisions satisfactory to the director have been
made for payment. Any official violating this section
shall be guilty of a misdemeanor, and, on conviction there­
of, shall be fined not more than one thousand dollars or
imprisoned not exceeding one year in the county jail, or
shall be subject to both such fine and imprisonment, in the
discretion of the court.

(1) For the week in which he left his most recent work
voluntarily without good cause involving fault on the part
of the employer and the six weeks immediately following
such week. Such disqualification shall carry a reduction
in the maximum benefit amount equal to six times the
individual's weekly benefit rate. However, if the claimant
returns to work in covered employment during his benefit
year, the maximum benefit amount shall be increased by
the amount of the decrease imposed under the disqualifica­
tion. For the purpose of this subsection, the term “work”
means employment with the last employing unit with whom such individual was employed as much as thirty days, whether or not such days are consecutive.

(2) If he were discharged by his last employing unit for misconduct, and such disqualification shall continue until the individual thereafter has worked for at least thirty days in covered employment: Provided, however, That notwithstanding any other provision in this chapter, the account of the employer who discharges an individual for misconduct shall not be charged with benefits paid to said individual after such discharge.

(3) For the week in which he failed without good cause, to apply for available suitable work, accept suitable work when offered, or return to his customary self-employment when directed to do so by the director, and for the four weeks which immediately follow and for such an additional period as any offer of suitable work shall continue open for his acceptance, and his maximum benefit amount shall be reduced by an amount equal to his weekly benefit rate times the number of weeks of disqualification. However, if the claimant returns to work in covered employment during his benefit year, the maximum benefit amount shall be increased by the amount of the decrease imposed under the disqualification.

(4) For a week in which his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he was last employed, unless the director is satisfied that he was not (one) participating, financing, or directly interested in such dispute, and (two) did not belong to a grade or class of workers who were participating, financing, or directly interested in the labor dispute which resulted in the stoppage of work. No disqualification under this subsection shall be imposed if the employees are required to accept wages, hours or conditions of employment substantially less favorable than those prevailing for similar work in the locality, or if employees are denied the right of collective bargaining under generally prevailing conditions, or if an employer shuts down his plant or operation or dismisses his employees in
order to force wage reduction, changes in hours or working conditions.

(5) For a week with respect to which he is receiving or has received:

(a) Wages in lieu of notice or payments under any form of a separation wage plan.

(b) Compensation for temporary total disability under the workmen’s compensation law of any state or under a similar law of the United States.

(c) Unemployment compensation benefits under the laws of the United States or any other state.

(6) For the week in which an individual is not employed because of pregnancy, or has voluntarily quit employment to marry or to perform any marital, parental or family duty, or to attend to his or her personal business or affairs, and until the individual returns to covered employment and has been employed in covered employment at least thirty working days; notwithstanding the foregoing provisions, in case of pregnancy, the disqualification shall last no longer than six weeks prior to and six weeks subsequent to the date of birth of the child, provided that the individual furnishes the employer a certificate from a physician that she is physically able to work.

(7) For each week in which an individual is unemployed because, having voluntarily left employment to attend a school, college, university, or other educational institution, he is attending such school, college, university, or other educational institution, or is awaiting entrance thereto or is awaiting the starting of a new term or session thereof, and until the individual returns to covered employment.

(8) For each week in which he is unemployed because of his request, or that of his duly authorized agent, for a vacation period at a specified time that would leave the employer no other alternative but to suspend operations.

(9) For each week in which he is receiving or has received remuneration in the form of an annuity, pension, or other retirement pay, from an employer or from any trust or fund contributed to by an employer. But if such
remuneration for any week is less than the benefits which
would otherwise be due him for such week under this
chapter, he shall be entitled to receive for such week, if
otherwise eligible, benefits reduced by the amount of
such remuneration: Provided, That if such amount of
benefits is not a multiple of one dollar, it shall be com-
puted to the next higher multiple of one dollar: Pro-
vided further, That there shall be no disqualification if
in the individual's base period there are no wages which
were paid by the employer paying such remuneration,
or by a fund into which the employer has paid during
said base period. Claimant may be required to certify
as to whether or not he is receiving or has received re-
muneration in the form of an annuity, pension, or other
retirement pay from an employer or from a trust fund
contributed to by an employer.

(10) For each week in which he knowingly made a
false statement or representation knowing it to be false
or knowingly failed to disclose a material fact in order
to obtain or increase a benefit under this article. For
each such week of disqualification he shall be disquali-
fied an additional five weeks and his maximum benefit
amount shall be reduced by an amount equal to five times
his weekly benefit rate. Such five weeks disqualification
periods are to run consecutively beginning with the first
week in which it is determined a fraudulent claim was
filed: Provided, That an individual shall not be disquali-
fied under this subsection for a period of more than fifty-
two consecutive weeks: Provided further, That disquali-
fication under this subsection shall not preclude prosecu-
tion under article ten, section seven.

(11) For the purposes of this section an employer's
account shall not be charged under any of the following
conditions: When benefits are paid for unemployment
immediately after the expiration of a period of disquali-
fication for (a) leaving work voluntarily without good
cause involving fault on the part of the employer, (b)
failing without good cause to apply for available suitable work, accept suitable work, when offered, or return to his customary self-employment when directed to do so by the director.

Sec. 4-a. Individual Not Disqualified by Receiving Vocational Training.—Notwithstanding any other provision in this act, no individual shall be disqualified from obtaining unemployment compensation benefits because of his receiving training as part of an area vocational program, or similar program, which has as its object the training of unemployed individuals in new occupational skills.

Sec. 10. Benefit Rate; Total Unemployment.—Each eligible individual who is totally unemployed in any week shall be paid benefits with respect to that week at the weekly rate appearing in column (C) in Table A in this paragraph, on the line on which in column (A) there is indicated the employee's wage class, except as otherwise provided under the term "total and partial unemployment" in section three, article one of this chapter. The employee's wage class shall be determined by his base period wages as shown in column (B) in Table A. The right of an employee to receive benefits shall not be prejudiced nor the amount thereof be diminished by reason of failure by an employer to pay either the wages earned by the employee or the contribution due on such wages. An individual who is totally unemployed but earns in excess of ten dollars as a result of odd-job or subsidiary work in any benefit week shall be paid benefits for such week in accordance with the provisions of this chapter pertaining to benefits for partial unemployment. The provisions of this section shall apply to all benefit weeks occurring in benefit years beginning after the effective date of this act; for benefit weeks occurring in benefit years beginning prior thereto the provisions then in effect shall apply.

[Passed March 7, 1961; in effect ninety days from passage. Approved by the
Governor.]

AN ACT to amend chapter twenty-one-a of the code of West
Virginia, one thousand nine hundred thirty-one, as amend-
ed, by adding thereto a new article, designated article two-a, authorizing and directing the director of the West Virginia department of employment security to establish a retirement system for the employees thereof, subject to certain conditions.

Article 2-a. Departmental Retirement System.

Section

1. Establishment of retirement system.
2. Terms, conditions and administration generally; when operative; retirement board; custodian.
3. Covered employees.
4. Payroll deductions.
5. Exemption from levy, garnishment, and other process.
6. Protection against fraud, penalties.
7. Inconsistent acts repealed.
8. Constitutionality.

Be it enacted by the Legislature of West Virginia:

That chapter twenty-one-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article two-a, to read as follows:

Section 1. Establishment of Retirement System.—The director of the West Virginia department of employment security is hereby authorized, empowered, and directed to establish a retirement system for the employees thereof, effective July one, one thousand nine hundred sixty-one, to be known and designated as the West Virginia department of employment security retirement system, but subject to the terms and conditions of this article.

Sec. 2. Terms, Conditions and Administration Generally; when Operative; Retirement Board; Custodian.—The retirement system so authorized and directed to be established shall be subject to the following terms and conditions:

(a) The funds for the operation of such system shall be provided from contributions of the employees who become members thereof, and from funds provided by the United States department of labor, bureau of employment security. The state of West Virginia shall not be liable for any of the benefits set forth in said retirement system nor for any funds required to provide such benefits.
(b) The provisions of the retirement system shall comply with all the conditions and requirements of the bureau of employment security, United States department of labor.

(c) Said retirement system shall commence operation on July one, one thousand nine hundred sixty-one, or thereafter: Provided, however, That the bureau of employment security, United States department of labor, shall prior to the date of commencement have approved the provisions of said system and shall have agreed to provide such funds as may be required of it for the said system under the terms and provisions thereof. For the purpose of computing benefits payable under said system, credit may be granted on account of service rendered to the West Virginia department of employment security prior to July one, one thousand nine hundred sixty-one, in addition to credit allowed for such service rendered thereafter.

(d) The general administration and the management of said system shall be invested in a retirement board, to be composed of five members as follows: The governor of the state of West Virginia, who shall be ex officio chairman; the state auditor; the state treasurer; the director of the West Virginia department of employment security; and one member of the state advisory council of the department of employment security, who shall be designated by the governor. The retirement board shall have the right to sue and be sued, plead and be impleaded, contract and be contracted with and shall make all necessary rules, consistent with this article and the provisions of the said retirement system, for the proper administration thereof.

(e) The state treasurer shall be the custodian of the funds and securities of said system. The members of the retirement board, or one or more members thereof, if authorized to do so by resolution of said board, shall have authority to requisition for disbursements from said funds. Disbursements from the funds of said system shall be made by the custodian only upon warrants signed by the state auditor and the state treasurer. The state treasurer shall give a separate and additional bond in such
amount as may be fixed by the governor for the faithful
performance of the duties as custodian of the retirement
system. Such bond shall be approved by the governor
and filed in the same office as are the bonds of other state
officers. The custodian shall furnish annually to the re-
tirement board a sworn statement of the funds in his
custody belonging to said retirement system.

(f) The members of the retirement board shall be the
trustees of the funds of said retirement system, and shall
determine from time to time what part of said funds shall
be invested, but such investments shall be made only in
those securities which are legal for investments by life
insurance companies domiciled in West Virginia.

(g) The state auditor shall periodically review the
records maintained by said retirement system, and shall
submit to the retirement board a written report setting
forth the results of such review.

(h) The retirement board shall employ a competent
actuary to prepare annual actuarial valuations of the
contingent assets and liabilities of said system and to
certify the contributions he would recommend be made
in order that said system shall at all times be on a sound
actuarial basis.

(i) The funds of said retirement system shall be used
only for the benefit of employees who are members
thereof, and their beneficiaries, in accordance with the
terms and provisions of said system.

Sec. 3. Covered Employees.—Employees covered by
the retirement system shall include all employees (other
than provisional, temporary, emergency, and intermittent
employees) who are in employee status with the West
Virginia department of employment security on or after
the effective date of the retirement system.

Sec. 4. Payroll Deductions.—Whenever any employee
of the West Virginia department of employment security
shall become eligible to participate in the retirement
system, the director shall have power and authority
to authorize participation in such plan and the director
shall make periodic deductions from salary payments due
such employee of the amount of the contributions such
employee is required to make for his participation in the
retirement system. Upon proper requisition of the di-
rector, the auditor shall periodically issue a warrant pay-
able as specified in the requisition, for the total contribu-
tions so withheld from the salaries of the employees par-
ticipating in said retirement system. To promote efficiency
and economy in making deductions and issuing warrants
as provided herein, the auditor is authorized to promul-
gate rules and regulations specifying the form and the
time and manner of presentation of requisitions issued
pursuant to this section.

Sec. 5. Exemption from Levy, Garnishment, and Other
Process.—The moneys in the retirement fund and the
right of a member to a retirement allowance, to the return
of contributions, or to any benefit under the provisions of
this article, shall not be subject to execution, garnishment
attachment or any other process whatsoever.

Sec. 6. Protection against Fraud; Penalties.—Any per-
son who knowingly makes any false statement or who
shall falsify or permit to be falsified any record or records
of said retirement system in any attempt to defraud said
system shall be guilty of a misdemeanor, and, upon con-

thousand dollars, or imprisonment not exceeding one
year, or both.

or parts of acts inconsistent with this article are hereby re-
pealed.

Sec. 8. Constitutionality.—If any part of this article is
declared unconstitutional, it shall not affect any portion
which remains, but the remaining parts of the article shall
be in full force and effect as if the parts declared uncon-
stitutional had never been a part of this article.
AN ACT to amend the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new chapter, designated chapter six-a, relating to emergency interim executive and judicial succession.

CHAPTER 6A. EXECUTIVE AND JUDICIAL SUCCESSION

Article 1. Executive and Judicial Succession.

Section
1. Short title.
2. Statement of policy.
3. Definitions.
4. Additional successors to office of governor.
5. Emergency interim successors for state officers.
6. Enabling authority for emergency interim successors for local offices.
7. Emergency interim successors for local officers.
8. Special emergency judges.
10. Period in which authority may be exercised.
12. Disputes.
13. Separability.

Be it enacted by the Legislature of West Virginia:

That the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by inserting a new chapter, designated chapter six-a, to read as follows:

Section 1. Short Title.—This article shall be known and may be cited as the “Emergency Interim Executive and Judicial Succession Act.”

Sec. 2. Statement of Policy.—Because of the existing possibility of attack upon the United States of unprecedented size and destructiveness, and in order, in the event of such an attack, to assure continuity of government through legally constituted leadership, authority
and responsibility in offices of the government of the
state and its political subdivisions; to provide for the
effective operation of government during such an emer-
gency; and to facilitate the early resumption of functions
temporarily suspended, it is found and declared to be
necessary to provide for additional officers who can exer-
cise the powers and discharge the duties of governor;
to provide for emergency interim succession to govern-
mental offices of this state and its political subdivisions in
the event of the incumbents thereof and their deputies,
assistants or other subordinate officers authorized, pur-
suant to law, to exercise all of the powers and discharge
the duties of such offices hereinafter referred to as deput­
ties, assistants, or otherwise, are unavailable to perform
the duties and functions of such offices; and to provide
for special emergency judges who can exercise the powers
and discharge the duties of judicial offices in the event
regular judges are unavailable.

Sec. 3. Definitions.—Unless otherwise clearly required
by the context, as used in this article:
(a) “Unavailable” means either that a vacancy in office
exists and there is no deputy authorized to exercise all
of the powers and discharge the duties of the office, or
that the lawful incumbent of the office, including any
deputy exercising the powers and discharging the duties
of an office because of a vacancy and his duly authorized
deputy, are absent or unable to exercise the powers and
discharge the duties of the office.
(b) “Emergency interim successor” means a person
designated pursuant to this article, in the event the officer
is unavailable, to exercise the powers and discharge the
duties of an office until a successor is appointed or elected
and qualified as may be provided by the constitution,
statutes, charters and ordinances or until the lawful in-
cumbent is able to resume the exercise of the powers and
discharge the duties of the office.
(c) “Office” includes all state and local offices, the
powers and duties of which are defined by the constitu-
tion, statutes, charters, and ordinances, except the office
of governor, and except those in the Legislature and the
judiciary.
(d) "Attack" means any attack or series of attacks by an enemy of the United States causing, or which may cause, substantial damage or injury to civilian property or persons in the United States in any manner by sabotage or by the use of bombs, missiles, shellfire, or atomic, radiological, chemical, bacteriological, or biological means or other weapons or processes.

(e) "Political subdivision" includes counties, cities, towns, districts, authorities, and other public corporations and entities, whether organized and existing under charter or general law.

Sec. 4. Additional Successors to Office of Governor.—

In the event that the governor, for any of the reasons specified in the constitution, is not able to exercise the powers and discharge the duties of his office, or is unavailable, then the president of the senate shall act as governor, and if the president of the senate, for any of the reasons specified in the constitution, is not able to exercise the powers and discharge the duties of the office of governor, or is unavailable, then the speaker of the house of delegates shall act as governor, and if the speaker of the house of delegates, for any of the reasons specified in the constitution, is not able to exercise the powers and discharge the duties of the office of governor, or is unavailable, then the attorney general, the state auditor, and resident ex-governors of this state, in inverse order of service, shall, in the order named, if the preceding named officers be unavailable, exercise the powers and discharge the duties of the office of governor until a new governor is elected and qualified, or until a preceding named officer becomes available.

Sec. 5. Emergency Interim Successors for State Officers.

—All state officers, subject to such regulations as the governor may issue, shall, upon approval of this article, in addition to any deputy authorized pursuant to law to exercise all of the powers and discharge the duties of the office, designate by title emergency interim successors and specify their order of succession. The officer shall review and revise, as necessary, designations made pursuant to this article to insure their current status. The officer will designate a sufficient number of such emer-
gence interim successors so that there will be not less than three nor more than seven such deputies or emergency interim successors or any combination thereof at any time. In the event of an attack, and in the event that any state officer or his deputy, if any, is unavailable following such an attack, the said powers of his office shall be exercised and said duties of his office shall be discharged by his designated emergency interim successors in the order specified. Such emergency interim successors shall exercise said powers and discharge said duties only until such time as the governor under the constitution or authority other than this article or other official authorized under the constitution or this article to exercise the powers and discharge the duties of the office of governor may, where a vacancy exists, appoint a successor to fill the vacancy or until a successor is otherwise appointed, or elected, and qualified as provided by law; or an officer or his deputy or a preceding named emergency interim successor becomes available to exercise or resume the exercise of the powers and discharge the duties of his office.

Sec. 6. Enabling Authority for Emergency Interim Successors for Local Offices.—With respect to local offices for which the governing bodies of cities, towns, and counties may enact resolutions or ordinances relative to the manner in which vacancies will be filled or temporary appointments to office made, such governing bodies are hereby authorized to enact resolutions or ordinances providing for emergency interim successors to offices of the aforementioned governmental units. Such resolutions and ordinances shall not be inconsistent with the provisions of this article or any other statute of this state.

Sec. 7. Emergency Interim Successors for Local Officers.—The provisions of this section shall be applicable to officers of political subdivisions, including, but not limited to, cities, towns, and counties, as well as fire, power and drainage and other types of districts not included in section six. Such officers, subject to such regulations as the governing body may issue, shall, upon approval of this article, designate by title, if feasible, or by named person, emergency interim successors and specify their order of
succession. The officer shall review and revise, as necessary, designations made pursuant to this article to insure their current status. The officer will designate a sufficient number of persons so that there will be not less than three, nor more than seven, deputies or emergency interim successors or any combination thereof at any time. In the event of an attack, and in the event that any officer of any political subdivision or his deputy provided for pursuant to law is unavailable, the powers of the office shall be exercised and duties shall be discharged by his designated emergency interim successors in the order specified. The emergency interim successor shall exercise the powers and discharge the duties of the office to which designated until such time as a vacancy which may exist shall be filled in accordance with the constitution or statutes; or until the officer or his deputy or a preceding emergency interim successor again becomes available to exercise the powers and discharge the duties of his office.

Sec. 8. Special Emergency Judges.—In the event of an attack and in the event that any judge of any court of record is unavailable to exercise the powers and discharge the duties of his office, and in the event no other judge authorized to act in the event of absence, disability or vacancy or no special judge appointed in accordance with the provisions of the constitution or statutes is available to exercise the powers and discharge the duties of such office, the duties of the office shall be discharged and the powers exercised by the special emergency judges herein-after provided for:

(a) Each member of the state supreme court of appeals shall designate special emergency judges in the number of not less than three nor more than seven to serve in the event that he becomes unavailable, and shall specify the order of their succession by order duly entered in the supreme court of appeals.

(b) The special emergency interim judges of all other courts of record shall be elected by the attorneys practicing within the jurisdiction of said courts.

Such special emergency judges of the supreme court of appeals shall, in the order specified, exercise the powers and discharge the duties of such office in case of the un-
availability of the regular judge or judges or persons immediately preceding them in the designation. The designating authority shall review and revise, as necessary, designations made pursuant to this article to insure their current status.

Said special emergency judges shall discharge the duties and exercise the powers of such office until such time as a vacancy which may exist shall be filled in accordance with the constitution and statutes or until the regular judge or one preceding the designee in the order of succession becomes available to exercise the powers and discharge the duties of the office.

Sec. 9. Formalities of Taking Office.—At the time of their designation, emergency interim successors and special emergency judges shall take such oath as may be required for them to exercise the powers and discharge the duties of the office to which they may succeed. Notwithstanding any other provision of law, no person, as a prerequisite to the exercise of the powers or discharge of the duties of an office to which he succeeds, shall be required to comply with any other provision of law relative to taking office.

Sec. 10. Period in Which Authority May Be Exercised. —Officials authorized to act as governor pursuant to this article, emergency interim successors and special emergency judges are empowered to exercise the powers and discharge the duties of an office as herein authorized only after an attack upon the United States, as defined herein, has occurred. The Legislature, by concurrent resolution, may at any time terminate the authority of said emergency interim successors and special emergency judges to exercise the powers and discharge the duties of office as herein provided.

Sec. 11. Removal of Designees.—Until such time as the persons designated as emergency interim successors or special emergency judges are authorized to exercise the powers and discharge the duties of an office in accordance with this article, including section ten hereof, said persons shall serve in their designated capacities at the pleasure of the designating authority and may be removed or re-
Sec. 12. Disputes.—Any dispute concerning a question of fact arising under this article with respect to an office in the executive branch of the state government except a dispute of fact relative to the office of governor shall be adjudicated by the governor or other official authorized under the constitution and this article to exercise the powers and discharge the duties of the office of governor and his decision shall be final.

Sec. 13. Separability.—The various provisions of this article shall be construed as separable and severable, and should any of the provisions or parts thereof be construed or held unconstitutional or for any reason be invalid, the remaining provisions of this article shall not be thereby affected.

CHAPTER 58
(House Bill No. 63—By Mrs. Drewry and Mr. Casey)

[Passed February 15, 1961; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend and reenact section two, article one, chapter sixteen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the qualifications, appointment, removal, and compensation of members of the state board of health.

The person or persons having the right to a body for burial may likewise so consent to such use of the eyes or parts thereof. No hospital, donee or physician, who reasonably relies upon a dispositive instrument appearing to have been made in conformity with the provisions of this article, shall be liable civilly or criminally for removing eyes or parts thereof from the body of a deceased donor. No court order or appointment of a fiduciary for the estate of the deceased shall be necessary before the removal of said eyes or parts thereof.

(11) To cooperate with, receive and expend money from the federal government and other sources;

(12) To represent the state in any and all matters pertaining to plans, procedures and negotiations for interstate compacts in relation to the control of air pollution; and

The said notice shall with reasonable particularity specify the nature of the alleged air pollution which is to be the subject of inquiry at such hearing. No such hearing shall be held less than thirty days from the date of said notice. Any such notice may be served and returned in the same manner as a summons in a civil action or may be served by sending a copy thereof by registered mail addressed to the person or persons alleged to be causing such pollution at his and/or its usual, or last known, postoffice address. Any person to whom such notice has been given may appear in person or by counsel at the hearing and adduce evidence in answer to the alleged violation.
In any proceeding under this article the commission shall consider all pertinent factors, including a balancing of the conflicting interests and equities involved, the availability and practicality of control devices, the physical and economic feasibility of eliminating, controlling or reducing the alleged pollution, the nature of the locality affected by the alleged pollution, the reasonableness of existing conditions and such other factors as may appear to the commission to be consonant with the policy declared in section one of this article.

Consistent with the evidence adduced at the hearing and a consideration of the aforesaid factors, the commission shall enter such order as in its opinion will best promote the declared policy of this article. Such order shall contain specific findings of fact with respect to all factors considered by the commission and shall require that the statutory air pollution, if any be found, be corrected within a reasonable period of time to be fixed therein. A true copy of such order shall be promptly served, either by service as a summons in a civil action or by registered mail as aforesaid, upon all persons substantially affected by such order. Within twenty days after service of such order, any person substantially affected thereby may file with the secretary of the commission a petition in writing requesting the commission to modify or vacate such order. The petition shall assign the grounds relied upon by the petitioner in support of a modification or vacation of such order. The commission shall thereupon reconsider its original order and shall, within twenty days after the filing of the petition, enter of record an order confirming, modifying or vacating the original order. A true copy of such order shall be promptly served upon all persons substantially affected thereby in the same manner as the original order was served. Any order of the commission entered hereunder shall become final and conclusive upon all persons affected thereby unless an appeal therefrom is taken in the manner provided in section seven of this article.

The proceedings at any such hearing shall be recorded by mechanical means or otherwise as may be prescribed by the commission: Provided, however, That the proceedings shall be taken by a stenographer appointed by
the commission upon demand of any interested person. A
copy of such transcript shall be furnished on demand to
any person substantially affected upon payment of the fee
prescribed therefor in the rules and regulations of the
commission, such fee not to exceed that prescribed for
transcripts in the circuit court.

Sec. 7. Appeals from Orders of Commission; Procedure;
Jurisdiction.—Any person whose interest shall have been
substantially affected by an order of the commission may
appeal from such order or decision by filing with the
commission a written notice of appeal. Such notice shall
be filed within thirty days from the date notice of the
order or decision of the commission was given to such
person, and shall be signed by him or his attorney. Within
thirty days from the receipt of the notice of appeal, the
commission shall prepare and forward to the appellant
or his attorney a copy of a full transcript of the proceed-
ings, together with a copy of the order or decision of the
commission and a copy of the notice of appeal, and at the
same time shall file a transcript of the proceedings before
the commission and the other documents mentioned above
with the clerk of the circuit court herein designated. All
documents shall be duly certified by the secretary of the
commission. The court shall thereafter have complete
jurisdiction of the matter.

The appeal shall be taken to the circuit court of the
county wherein the alleged statutory air pollution com-
plained of originated. The circuit court to which any such
appeal shall have been taken, or the judge thereof, shall
fix a time for the hearing of the appeal and shall, after
such hearing, without a jury, by order entered of record,
affirm, modify or set aside in whole or in part the order of
the commission. The said court shall make findings of
fact and conclusions of law based upon the transcript of
the proceedings before the commission and upon any addi-
tional evidence adduced before said court, the right to
adduce such additional evidence being hereby reserved
to the commission or to any person substantially affected
by the order of the commission. In the event the circuit
court shall affirm or modify the commission’s order that
a statutory air pollution exists under the provisions of
this article, the order of the court shall specify that such
pollution shall be corrected within a reasonable period of
time to be fixed therein. The commission or any person
whose interests shall have been substantially affected by
the final order of the circuit court may appeal to the su-
preme court of appeals in the manner prescribed by
law.

An appeal to a circuit court or to the supreme court of
appeals shall serve to stay the order of the commission or
circuit court, as the case may be, pending final determi-
nation thereof.

Sec. 8. Penalties.—(a) Any person who shall fail or re-
fuse to comply with any lawful order of the commission to
correct a statutory air pollution within the time fixed by
such order, or any extension of time granted by the com-
mission, shall be subject to a penalty of not more than one
hundred dollars for each day that such failure or refusal
continues after such time has expired, which penalty may
be recovered in a civil action brought by the commission
in the name of the state of West Virginia in the circuit
court of any county wherein such person resides or is en-
gaged in the activity complained of. The amount of the
penalty shall be fixed by the court without a jury. The
amount of any such penalties collected by the commission
shall be deposited in the general fund of the state treasury
according to law. Upon a request in writing from the com-
mission, it shall be the duty of the prosecuting attorney
of the county in which any such action for penalties acc-
cruing under this section may be brought to institute and
prosecute all such actions on behalf of the commission.

(b) For the purpose of this section, violations on sep-
parate days shall be considered separate offenses.

Sec. 9. Applications for Injunctive Relief.—In addition
to the remedy provided for in section eight of this article
and in the absence of reasonable progress toward correc-
tion of the statutory air pollution, the commission may
request the prosecuting attorney of the county in which
the defendant resides or is engaged in the activity com-
plained of to apply to the circuit court of such county for
an injunction to restrain all violations of any final order of the commission entered pursuant to section six of this article.

Sec. 10. Emergencies; Powers of Commission; Procedure.—Whenever air pollution conditions in any area of the state become such as, in the opinion of the commission, to create an emergency and to require immediate action for the protection of the public health, the commission may, with the written approval of the governor, so find and enter such order as it deems necessary to reduce or prevent the emission of air pollutants substantially contributing to such conditions. In any such order the commission shall also fix a time, not later than twenty-four hours thereafter, and place for a hearing to be held before it for the purpose of investigating and determining the factors causing or contributing to such conditions. A true copy of any such order shall be served upon persons whose interests are directly prejudiced thereby in the same manner as a summons in a civil action may be served, and a true copy of such order shall also be posted on the front door of the courthouse of the county in which the alleged conditions originated. All persons whose interests are prejudiced or affected in any manner by any such order shall have the right to appear in person or by counsel at the hearing and to present evidence relevant to the subject of the hearing. Within twenty-four hours after completion of the hearing the commission shall affirm, modify or set aside said order in accordance and consistent with the evidence adduced. Any person aggrieved by such action of the commission may thereafter apply by petition to the circuit court of the county for a review of the commission's action. The circuit court shall forthwith fix a time for a hearing de novo upon the petition and shall, after such hearing, by order entered of record, affirm, modify or set aside in whole or in part the order and action of the commission. Any person whose interests shall have been substantially affected by the final order of the circuit court may appeal the same to the supreme court of appeals in the manner prescribed by law.

Sec. 11. Powers Reserved to State Board of Health, Local Health Boards and Political Subdivisions; Conflict-
nothing in this article shall affect or limit the powers or duties heretofore conferred by the provisions of this chapter upon the state board of health, county health boards, county health officers, municipal health boards, municipal health officers, combined boards of health or any other health agency or political subdivision of this state except insofar as such powers and duties might otherwise be hereafter deemed to apply to the control, reduction or abatement of air pollution. All existing statutes or parts of statutes are, to the extent of their inconsistencies with the provisions of this article and to the extent that they might otherwise be deemed to apply to the control, reduction or abatement of air pollution, hereby repealed: Provided, however, That no ordinance heretofore adopted by any municipality relating to the control, reduction or abatement of air pollution shall be deemed repealed by this article.

Sec. 12. Severability.—The provisions of this article are severable and if any provision, section or part thereof shall be held invalid, unconstitutional or inapplicable to any person or circumstance, such invalidity, unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, sections or parts of the article or their application to him or to other persons and circumstances. It is hereby declared to be the legislative intent that this article would have been adopted if such invalid or unconstitutional provision, section or part had not been included therein.

Sec. 13. Effective Date of Rules and Regulations.—The rules and regulations promulgated pursuant to the provisions of this article shall be of no effect until one year after the effective date of this article.

CHAPTER 67

(House Bill No. 191—By Mr. Board)

[Passed March 1, 1961; in effect ninety days from passage. Approved by the
Governor.]

AN ACT to amend and reenact section nine, article seven, chap-
ter thirty-three of the code of West Virginia, one thousand
nine hundred thirty-one, as amended, relating to the stand-
ard valuation law for life policies.

Section

Be it enacted by the Legislature of West Virginia:

That section nine, article seven, chapter thirty-three of the
code of West Virginia, one thousand nine hundred thirty-one,
as amended, be amended and reenacted to read as follows:
Section 9. Standard Valuation Law for Life Policies.—

(1) The commissioner shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurer transacting insurance in this state, except that in the case of an alien insurer such valuation shall be limited to its United States business, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in the calculation of such reserves.

All valuations made by him or by his authority shall be made upon the net premium basis.

In every case the standard of valuation employed shall be stated in his annual report.

In calculating such reserves, he may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien insurer, he may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

Any such insurer which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the commissioner, adopt any lower standard of valuation, but not lower than the minimum herein provided.

(2) This subsection shall apply to only those policies and contracts issued prior to the original operative date of the standard nonforfeiture law (now section thirty of article thirteen of this chapter). All valuations shall be according to the standard of valuations adopted by the
insurer for the obligations to be valued. Any insurer may adopt different standards for obligations of different dates or classes, but if the total value determined by any such standard for the obligations for which it has been adopted shall be less than that determined by the legal minimum standard hereinafter prescribed, or if the insurer adopts no standard, said legal minimum standard shall be used.

The legal minimum standard for contracts issued before the first day of January, in the year one thousand nine hundred one, shall be actuaries' or combined experience table of mortality with interest at four percent per annum, and for contracts issued on or after said date shall be the "American Experience Table" of mortality with interest at three and one-half percent per annum. Policies issued by insurers doing business in this state may provide for not more than one year preliminary term insurance: Provided, however, That if the premium charged for term insurance under a limited payment life preliminary term policy providing for the payment of all premiums thereof in less than twenty years from the date of the policy, or under an endowment preliminary term policy, exceeds that charged for like insurance under twenty payment life preliminary term policies of the same insurer, the reserve thereon at the end of any year, including the first, shall not be less than the reserve on a twenty payment life preliminary term policy issued in the same year and at the same age, together with an amount which shall be equivalent to the accumulation of a net level premium sufficient to provide for a pure endowment at the end of the premium payment period, equal to the difference between the value at the end of such period of such a twenty payment life preliminary term policy and a full reserve at such time of such a limited payment life or endowment policy.

The commissioner may vary the standards of interest and mortality in the case of alien insurers and in particular cases of invalid lives and other extra hazards. Reserves for all such policies and contracts may be calculated, at the option of the insurer, according to any
standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(3) This subsection shall apply to only those policies and contracts issued on or after the original operative date of the standard nonforfeiture law (now section thirty of article thirteen of this chapter).

(a) The minimum standard for the valuation of all such policies and contracts shall be the commissioner's reserve valuation method defined in paragraph (b), three and one-half percent interest, and the following tables:

(i) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies,—the Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of subsection four-a of section thirty, article thirteen of this chapter, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date: Provided, That for any category of such policies issued on female risks all modified net premiums and present values referred to in this section may be calculated according to an age not more than three years younger than the actual age of the insured.

(ii) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies,—the 1941 Standard Industrial Mortality Table.

(iii) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies—the 1937 Standard Annuity Mortality Table or, at the option of the company, the Annuity Mortality Table for 1949, ultimate, or any modification of either of these tables approved by the commissioner.

(iv) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies—the Group Annuity Mortality Table for 1951, any modification of such table approved by the commissioner, or, at the option of the company, any of
the tables or modifications of tables specified for individual annuity and pure endowment contracts.

(v) For total and permanent disability benefits in or supplementary to ordinary policies or contracts—for policies or contracts issued on or after January first, one thousand nine hundred sixty-six, the tables of period two disablement rates and the one thousand nine hundred thirty to one thousand nine hundred fifty termination rates of the one thousand nine hundred fifty-two disability study of the society of actuaries, with due regard to the type of benefit; for policies or contracts issued on or after January first, one thousand nine hundred sixty-one and prior to January first, one thousand nine hundred sixty-six, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January first, one thousand nine hundred sixty-one, the Class (3) Disability Table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(vi) For accidental death benefits in or supplementary to policies—for policies issued on or after January first, one thousand nine hundred sixty-six, the 1959 Accidental Death Benefits Table; for policies issued on or after January first, one thousand nine hundred sixty-one and prior to January first, one thousand nine hundred sixty-six, either such table or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January first, one thousand nine hundred sixty-one, the Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(vii) For group life insurance, life insurance issued on the substandard basis and other special benefits—such tables as may be approved by the commissioner.

(b) Reserves according to the commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of
insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (A) over (B), as follows:

(A) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due: Provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(B) A net one-year term premium for such benefits provided for the first policy year.

Reserves according to the commissioner's reserve valuation method for (i) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (ii) annuity and pure endowment contracts, (iii) disability and accidental death benefits in all policies and contracts, and (iv) all other benefits, except life insurance and endowment benefits in life insurance policies, shall be calculated by a method consistent with the principles of this paragraph (b), except that any extra premiums charged because of impairments in paragraph (b) and the mortality table or tables and or special hazards shall be disregarded in the determination of modified net premiums.

(c) In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and
accidental death benefits, be less than the aggregate reserves calculated in accordance with the method set forth in paragraph (b) and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

(d) Reserves for any category of policies, contracts or benefits as established by the commissioner may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein: Provided, however, that reserves for participating life insurance policies may, with the consent of the commissioner, be calculated according to rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the nonforfeiture benefits by more than one-half per cent the insurer issuing such policies shall file with the commissioner a plan providing for such equitable increases, if any, in the cash surrender values and nonforfeiture benefits in such policies as the commissioner shall approve.

(e) If the gross premium charged by any life insurer on any policy or contract is less than the net premium for the policy or contract according to the mortality table, rate of interest and method used in calculating the reserve thereon, there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium-paying period.
AN ACT to amend and reenact section thirty, article thirteen, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the standard nonforfeiture law for life insurance.

Article 13. Life Insurance.
Section 30. Standard nonforfeiture law.

Be it enacted by the Legislature of West Virginia:

That section thirty, article thirteen, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 30. Standard Nonforfeiture Law.—(1) In the case of policies issued on or after the original operative date of this provision, no policy of life insurance, except as stated in subsection six, shall be delivered or issued for delivery in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder:

(a) That, in the event of default in any premium payment, the insurer will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified;

(b) That, upon surrender of the policy within sixty days after the due date of any premium payment in de-
fault after premiums have been paid for at least three
full years, the insurer will pay, in lieu of any paid-up
nonforfeiture benefit, a cash surrender value of such
amount as may be hereinafter specified;
(c) That a specified paid-up nonforfeiture benefit shall
become effective as specified in the policy unless the per-
son entitled to make such election elects another avail-
able option not later than sixty days after the due date
of the premium in default;
(d) That, if the policy shall have become paid up by
completion of all premium payments or if it is continued
under any paid-up nonforfeiture benefit which became
effective on or after the third policy anniversary the in-
surer will pay, upon surrender of the policy within thirty
days after any policy anniversary, a cash surrender value
of such amount as may be hereinafter specified;
(e) A statement of the mortality table and interest
rate used in calculating the cash surrender values and the
paid-up nonforfeiture benefits available under the policy,
together with a table showing the cash surrender value,
if any, and paid-up nonforfeiture benefits, if any, avail-
able under the policy on each policy anniversary either
during the first twenty policy years or during the term of
the policy, whichever is shorter, such values and benefits
to be calculated upon the assumption that there are no
dividends or paid-up additions credited to the policy and
that there is no indebtedness to the insurer on the policy;
(f) A statement that the cash surrender values and the
paid-up nonforfeiture benefits available under the policy
are not less than the minimum values and benefits re-
quired by or pursuant to the insurance law of the state
in which the policy is delivered; an explanation of the
manner in which the cash surrender values and the paid-
up nonforfeiture benefits are altered by the existence of
any paid-up additions credited to the policy or any in-
debtedness to the company on the policy; if a detailed
statement of the method of computation of the values and
benefits shown in the policy is not stated therein a state-
ment that such method of computation has been filed
with the insurance supervisory official of the state in
which the policy is delivered; and a statement of the
method to be used in calculating the cash surrender value
and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

Any of the foregoing provisions or portions thereof, not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The insurer shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

(2) Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection one, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (i) the then present value of the adjusted premiums as defined in subsections four and four-a, corresponding to premiums which would have fallen due on and after such anniversary, and (ii) the amount of any indebtedness to the insurer on the policy. Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection one, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions decreased by any indebtedness to the insurer on the policy.

(3) Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specific period.
102 (4) Except as provided in the third paragraph of this subsection, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding extra premiums on a substandard policy, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two per cent of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty per cent of the adjusted premium for the first policy year; (iv) twenty-five per cent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less: Provided, however, That in applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four per cent of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

129 In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this subsection shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy: Provided, however, That in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by
the policy prior to the attainment of age ten were the
amount provided by such policy at age ten.

The adjusted premiums for any policy providing term
insurance benefits by rider or supplemental policy pro-
vision shall be equal to (a) the adjusted premiums for
an otherwise similar policy issued at the same age with-
out such term insurance benefits, increased, during the
period for which premiums for such term insurance
benefits are payable, by (b) the adjusted premiums for
such term insurance, the foregoing items (a) and (b)
being calculated separately and as specified in the first
two paragraphs of this subsection except that, for the
purposes of (ii), (iii) and (iv) of the first such para-
graph, the amount of insurance or equivalent uniform
amount of insurance used in the calculation of the ad-
justed premiums referred to in (b) shall be equal to the
excess of the corresponding amount determined for the
entire policy over the amount used in the calculation
of the adjusted premiums in (a).

Except as otherwise provided in subsection four-a, all
adjusted premiums and present values referred to in
this section shall for all policies of ordinary insurance
be calculated on the basis of the Commissioners 1941
Standard Ordinary Mortality Table: Provided, That for
any category of ordinary insurance issued on female risks,
adjusted premiums and present values may be calculated
according to an age not more than three years younger
than the actual age of the insured. Such calculations for
all policies of industrial insurance shall be made on the
basis of the 1941 Standard Industrial Mortality Table.
All calculations shall be made on the basis of the rate of
interest, not exceeding three and one-half per cent per
annum, specified in the policy for calculating cash sur-
render values and paid-up nonforfeiture benefits: Pro-
vided, That in calculating the present value of any paid-
up term insurance with accompanying pure endowment,
if any, offered as a nonforfeiture benefit, the rate of mor-
tality assumed may be not more than one hundred and
thirty per cent of the rates of mortality according to such
applicable table: Provided further, That for insurance
issued on a substandard basis, the calculation of any such
adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the commissioner.

(4-a) In the case of ordinary policies issued on or after the operative date of this subsection four-a as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest, not exceeding three and one-half per cent per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits: *Provided*, That for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured: *Provided, however*, That in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table: *Provided further*, That for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After the effective date of this subsection four-a, any company may file with the commissioner a written notice of its election to comply with the provisions of this subsection after a specified date before January first, one thousand nine hundred sixty-six. After the filing of such notice, then upon such specified date (which shall be the operative date of this subsection for such company), this subsection shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this subsection for such company shall be January first, one thousand nine hundred sixty-six.

(5) Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event
of default in a premium payment due at any time other
than on the policy anniversary, shall be calculated with
allowance for the lapse of time and the payment of frac-
tional premiums beyond the last preceding policy anniver-
sary. All values referred to in subsections two, three, four
and four-a may be calculated upon the assumption that
any death benefit is payable at the end of the policy year
of death. The net value of any paid-up additions, other
than paid-up term additions, shall be not less than the div-
idends paid to provide such addition. Notwithstanding the
provisions of subsection two, additional benefits payable
(a) in the event of death or dismemberment by accident or
accidental means, (b) in the event of total and permanent
disability, (c) as reversionary or deferred reversionary
annuity benefits, (d) as term insurance benefits provided
by a rider or supplemental policy provision to which, if
issued as a separate policy, this subsection would not ap-
ply, (e) as term insurance on the life of a child or on the
lives of children provided in a policy on the life of a par-
rent of the child, if such term insurance expires before the
child's age is twenty-six, is uniform in amount after the
child's age is one, and has not become paid up by reason
of the death of a parent of the child, and (f) as other
policy benefits additional to life insurance and endow-
ment benefits, and premiums for all such additional bene-
fits, shall be disregarded in ascertaining cash surrender
values and nonforfeiture benefits required by this sec-
tion, and no such additional benefits shall be required to
be included in any paid-up nonforfeiture benefits.

(6) This section shall not apply to any reinsurance,
group insurance, pure endowment, annuity or reversion-
ary annuity contract, nor to any term policy of uniform
amount, or renewal thereof, of fifteen years or less ex-
piring before age sixty-six, for which uniform premiums
are payable during the entire term of the policy, nor to
any term policy of decreasing amount on which each ad-
justed premium, calculated as specified in subsections
four and four-a, is less than the adjusted premium so cal-
culated on a policy issued at the same age and for the
same initial amount of insurance for a term defined as
follows—for ages at issue fifty and under, the term shall
be fifteen years, thereafter, the terms shall decrease one
year for each year of age beyond fifty, nor to any policy
for which shall be delivered outside this state through
an agent or other representative of the insurer issuing
the policy.

CHAPTER 69
(House Bill No. 24—By Mr. England)

[Passed March 2, 1961; in effect ninety days from passage. Approved by the
Governor.]

AN ACT to amend and reenact section four, article twenty,
chapter thirty-three of the code of West Virginia, one
thousand nine hundred thirty-one, as amended, relating to
filing insurance rates.

Section
4. Rate filings.

Be it enacted by the Legislature of West Virginia:

That section four, article twenty, chapter thirty-three of
the code of West Virginia, one thousand nine hundred thirty-
one, as amended, be amended and reenacted to read as fol-
lows:

Section 4. Rate Filings.—(a) (1) Every insurer shall
file with the commissioner every manual of classifications,
rules and rates, every rating plan and every modification of
any of the foregoing which it proposes to use for casualty
insurance to which this article applies.

(2) Every insurer shall file with the commissioner,
except as to inland marine risks which by general custom
of the business are not written according to manual rates
or rating plans, every manual, minimum, class rate, rating
schedule or rating plan and every other rating rule and
every modification of any of the foregoing which it pro-
poses to use for fire and marine insurance to which this
article applies. Specific inland marine rates on risks
specially rated, made by a rating organization, shall be
filed with the commissioner.

(b) Every such filing shall state the proposed effective
date thereof and shall indicate the character and extent
of the coverage contemplated. When a filing is not ac-
companied by the information upon which the insurer
supports such filing, and the commissioner does not have
sufficient information to determine whether such filing
meets the requirements of this article, he shall require
such insurer to furnish the information upon which it
supports such filing and in such event the waiting period
shall commence as of the date such information is fur-
nished. The information furnished in support of a filing
may include (1) the experience or judgment of the in-
surer or rating organization making the filing, (2) its
interpretation of any statistical data it relies upon, (3)
the experience of other insurers or rating organizations
or (4) any other relevant factors. A filing and any sup-
porting information shall be open to public inspection as
soon as the filing is received by the commissioner. Any in-
terested party may file a brief with the commissioner sup-
porting his position concerning the filing. Any person or
organization may file with the commissioner a signed
statement declaring and supporting his or its position
concerning the filing. Upon receipt of such statement
prior to the effective date of the filing, the commissioner
shall mail or deliver a copy of such statement to the filer,
which may file such reply as it may desire to make. This
section shall not be applicable to any memorandum or
statement of any kind by any employee of the commis-
sioner.

(c) An insurer may satisfy its obligation to make such
filings by becoming a member of, or a subscriber to, a
licensed rating organization which makes such filings,
and by authorizing the commissioner to accept such
filings on its behalf: Provided, That nothing contained
in this article shall be construed as requiring any insurer
to become a member of, or a subscriber to, any rating organization.

(d) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this article.

(e) Subject to the exceptions specified in paragraphs (f) and (g) of this section, each filing shall be on file for a waiting period of thirty days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he gives written notice within such waiting period to the insurer or rating organization which made the filing that he needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the commissioner may authorize a filing which he has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this article unless disapproved by the commissioner within the waiting period or any extension thereof.

(f) Any special filing with respect to a surety bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this article until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.

(g) Specific inland marine rates on risks specially rated by a rating organization shall become effective when filed and shall be deemed to meet the requirements of this article until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.

(h) Under such rules and regulations as he shall adopt the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating
organizations affected thereby. The commissioner may make such examination as he may deem advisable to ascertain whether any rates affected by such order meet the standards set forth in paragraph (b) of section three of this article.

(i) Upon the written application of the insured, stating his reasons therefor, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(j) No insurer shall make or issue a contract or policy except in accordance with the filings which are in effect for said insurer as provided in this article or in accordance with paragraphs (h) or (i) of this section. This paragraph shall not apply to contracts or policies for inland marine risks as to which filings are not required.

(6) Within ten days of the conclusion of the hearing, the department must rule on the written objections and make such final determination as shall be established by a preponderance of the evidence. Immediately upon such final determination, the department of labor shall file a certified copy of its final determination with the secretary of state and with the department of labor and shall serve a copy of the final determination on all parties to the proceedings by personal service or by registered mail.

(7) Any person affected by the final determination of the department of labor, whether or not such person participated in the proceedings resulting in such final determination, may appeal to the board from the final determination of the department of labor within ten days from the filing of the copy of the final determination with the secretary of state. The hearing by the board shall be upon the record compiled in the hearing before the department of labor and the board shall have the authority to affirm, reverse, amend, or remand for further evidence, the final determination of the department of labor. The board shall render its decision within ten days after the conclusion of its hearing.

(8) Any party to the proceeding before the board or any person affected thereby may within thirty days after receipt of the notice of its decision, appeal the board's decision to the circuit court of the county wherever the construction of a public improvement is to be performed, which shall consider the case on the record made before the commissioner of labor and before the board. The decision of such circuit court may be appealed to the supreme court of appeals of West Virginia by any party to the proceedings or by any person affected thereby in the manner provided by law for appeals in civil actions.

(9) Pending the decision on appeal, the rates for the preceding year shall remain in effect.
Sec. 6. Contract to Contain Provisions Relative to Rate of Wages to Be Paid.—In all cases where any public authority has ascertained a fair minimum rate or rates of wages as herein provided, and construction of a public improvement is let to contract, the contract executed between the public authority and the successful bidder shall contain a provision requiring the successful bidder and all his subcontractors to pay a rate or rates of wages which shall not be less than the fair minimum rate or rates of wages as provided by this article.

Sec. 7. Wage Rates to Be Kept Posted.—A clearly legible statement of all fair minimum wage rates to be paid the several classes of skilled laborers, workmen and mechanics employed on the construction on the public improvement shall be kept posted in a prominent and easily accessible place at the site thereof by each contractor and subcontractor subject to the provisions of this article.

Sec. 8. Wage Record of Contractor.—The contractor and each subcontractor or the officer of the public authority in charge of the construction of a public improvement shall keep an accurate record showing the names and occupation of all such skilled laborers, workmen and mechanics employed by them, in connection with the construction on the public improvement and showing also the actual wages paid to each of the skilled laborers, workmen and mechanics, which record shall be open at all reasonable hours to the inspection of the department of labor and the public authority which let the contract, its officers and agents. It shall not be necessary to preserve such record for a period longer than three years after the termination of the contract.

Sec. 9. Penalties for Violation of Article.—(a) Any contractor or subcontractor who wilfully and knowingly violates any provision of this article shall be fined not less than fifty nor more than two hundred and fifty dollars.

(b) Any skilled laborer, workman or mechanic who is engaged in construction on a public improvement let to contract, who is paid less than the posted fair minimum rate of wages applicable thereto, may recover from such contrac-
tor or subcontractor the difference between the same and
the posted fair minimum rate of wages, and in addition
therefore, a penalty equal in amount to such difference, and
reasonable attorney fees. The venue of said action shall be
in the county where the work is performed: Provided,
however, That an honest mistake or error shall not be
construed as a basis for recovery under this subsection.
(c) Where skilled laborers, workmen and mechanics
are employed in construction on a public improvement
and their posted rate of wages has been determined as
provided by this article, it shall be unlawful for any per-
son, for himself or another, to request, demand or receive,
either before or after such skilled laborers, workmen and
mechanics are employed in construction on a public im-
provement, that they or any one of them pay over money
or other thing of value or pay back, return, donate, con-
tribute or give any part or all of their said wages, or thing
of value, to any person, upon the statement, representa-
tion or understanding that failure to comply with such
request or demand will prevent them or any one of them
from procuring or retaining employment; and any person
who directly or indirectly aids, requests or authorizes
any other person to violate any of the provisions of this
section shall be guilty of a misdemeanor and fined not less
than fifty dollars and not more than two hundred fifty
dollars.

Sec. 10. Existing Contracts.—This article shall apply
only to contracts for construction on public improvements
let after the effective date of this article, and to construc-
tion on public improvements for which there has been
determined the fair minimum wage rates as provided in
this article, and such determination has not been appealed
from as may be provided by this article.

Sec. 11 Provisions of Article Severable.—Each section of
this article and every part thereof is hereby declared to
be an independent section or part of a section, and if any
section, subsection, sentence, clause or phrase of this ar-
ticle shall for any reason be held unconstitutional, the
validity of the remaining phrases, clauses, sentences, sub-
sections, and sections of this article shall not be affected
thereby.

Be it enacted by the Legislature of West Virginia:

That section three, article five-a, chapter thirty-eight, and
sections two and three, article five-b, chapter thirty-eight of
the code of West Virginia, one thousand nine hundred thirty-
one, as amended, be amended so as to read as follows:

Section

Section 3. General Provisions.—Upon the return of an
2 execution wholly or partly unsatisfied a judgment creditor
3 may apply to the court in which the judgment was re-
covered or a court having jurisdiction of the same, without notice to the judgment debtor, for a suggestee execution against any money due or to become due within one year after the issuance of such execution to the judgment debtor as salary or wages arising out of any private employment. If satisfactory proof shall be made, by affidavit or otherwise, of such facts and the fact that the amount due or to become due as salary or wages exceeds twenty dollars per week, the court, if not a court of record, or if a court of record, the clerk thereof, shall issue a suggestee execution against the salary or wages of the judgment debtor and upon presentation of such execution by the officer to whom delivered for collection to the person or persons from which such salary or wages are due and owing or thereafter may become due and owing to the judgment debtor, the execution and the expenses thereof shall become a lien and continuing levy upon the salary or wages due or to become due to the judgment debtor within one year after the issuance of the same, unless sooner vacated or modified as hereinafter provided, to an amount equal to twenty per centum thereof and no more, but in no event shall the payments in satisfaction of such an execution reduce the amount payable to the judgment debtor to less than twenty dollars per week. Only one such execution shall be satisfied, at one time, except that in the event two or more such executions have been served and satisfaction of the one having priority is completed without exhausting the amount or the salary or wages then due and payable that is subject to suggestion under this article the balance of such amount shall be paid in satisfaction, in the order of their priority, of junior suggestee executions against such salary or wages theretofore served.

Article 5-b. Suggestion of the State and Political Subdivisions; Garnishment and Suggestion of Public Officers.

Section 2. General provisions.

Section 3. Suggestion of salary or wages.

Section 2. General Provisions.—Upon the return of an execution wholly or partly unsatisfied a judgment creditor may apply to the court in which the judgment was re-
covered or a court having jurisdiction of the same, without notice to the judgment debtor, for a suggestee execution against any money due or to become due within one year after the issuance of the same to the judgment debtor from the state, a state agency, or any political subdivision of the state. If satisfactory proof shall be made, by affidavit or otherwise, of such facts, and, where the execution is sought against salary or wages, of the fact that the amount due or to become due as salary or wages exceeds twenty dollars per week, the court, if not a court of record, or if a court of record, the clerk thereof, shall issue a suggestee execution against such money due or to become due to the judgment debtor, and there shall be entered on the face thereof the day and hour of issuance.

Such execution and the expenses thereof shall, when served by the officer to whom delivered for collection in the manner hereinafter provided, upon the state, a state agency, or political subdivision from which such money is due or may thereafter become due to the judgment debtor, become a lien and continuing levy upon the sums due or to become due to the judgment debtor within one year after the issuance of the same (but not to exceed the specified amount of salary or wages as hereinafter provided) unless sooner satisfied and paid, vacated or modified as hereinafter provided.

Where more than one suggestee execution shall have been issued pursuant to the provisions of this section against the same judgment debtor, they shall be satisfied in the order of priority in which they are served upon the state, state agency, or political subdivision from which such money is due or shall become due. For purposes of determining such priority the time that an execution served by mail, as hereinafter provided, shall be received, and not the time of admission of service, shall control. In the case of two or more executions received in the same mail delivery priority shall be accorded the one first issued.

Sec. 3. Suggestion of Salary or Wages.—A suggestee execution issued under this article against salary or wages shall become a lien and continuing levy upon sums due
or to become due to the judgment debtor as salary or wages to an amount equal to twenty per centum thereof and no more, but in no event shall the payments in satisfaction of such an execution reduce the amount payable to the judgment debtor to less than twenty dollars per week. A suggestee execution against salary or wages shall contain the name of the judgment debtor and the bureau, office, department, institution or subdivision thereof of the state or political subdivision of the state, as the case may be, of which he is an officer or employee. If a person so employed shall resign or be dismissed while an execution issued hereunder against his salary or wages is wholly or partly unsatisfied, and he shall thereafter be reinstated or reemployed, the execution shall lapse and no further deduction shall be made with respect thereto from his salary or wages unless such reinstatement or reemployment shall occur within ninety days after such resignation or dismissal. A suggestee execution shall not be affected by the transfer of the officer or employee who is the judgment debtor from one bureau, office, department, institution or subdivision thereof of the state or a political subdivision to another if the officer upon whom service of the execution was made would be the proper officer for service of a suggestee execution against salary or wages due or to become due to the judgment debtor in the new employment.

Such an execution shall not become a lien against salary or wages payable by the state or a state agency within ten days after the service thereof or payable by a political subdivision within five days after the service thereof but shall become a lien and continuing levy upon the salary or wages which shall become due or owing to the judgment debtor thereafter during the life of the execution.

Only one suggestee execution against the salary or wages of a judgment debtor shall be satisfied at one time, except that in the event two or more such executions have been served and satisfaction of the one having priority is completed without exhausting the amount of the salary or wages then due and payable that is subject to suggestion under this article the balance of such
amount shall be paid in satisfaction, in the order of their priority, of junior suggestee executions against such salary or wages theretofore served.

CHAPTER 76

(House Bill No. 282—By Mr. Speaker, Mr. Singleton, and Mr. Seibert)

[Passed March 8, 1961; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend chapter thirty-eight of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new article, designated article fifteen, relating to trust receipts and trust receipts financing, by adopting the Uniform Trust Receipts Act.

Article 15. Uniform Trust Receipts Act.

Section
1. Definitions.
2. What constitutes trust receipt transaction and trust receipt.
3. Attempted creation or continuance of pledge without delivery or retention of possession.
4. Contract to give trust receipt.
5. Validity between the parties.
6. Repossession, and entruster's rights on default.
7. General effect of entruster's filing or taking possession.
8. Validity against creditors.
9. Limitations on entruster's protection against purchasers.
10. Entruster's right to proceeds.
11. Liens in course of business good against entruster.
12. Entruster not responsible on sale by trustee.
13. Filing and refiled concerning trust receipt transactions covering documents or goods.
15. Act not applicable to certain transactions.
17. Cases not provided for.
18. Uniformity of interpretation.
20. Short title.

Be it enacted by the Legislature of West Virginia:

That chapter thirty-eight of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by
adding thereto a new article, designated article fifteen, to read as follows:

Section 1. Definitions.—In this article, unless the context or subject matter otherwise requires:

"Buyer in the ordinary course of trade" means a person to whom goods are sold and delivered for new value and who acts in good faith and without actual knowledge of any limitation on the trustee's liberty of sale, including one who takes by conditional sale or under a pre-existing mercantile contract with the trustee to buy the goods delivered, or like goods, for cash or on credit. "Buyer in the ordinary course of trade" does not include a pledgee, or mortgagee, a lienor, or a transferee in bulk.

"Document" means any document of title to goods.

"Entruster" means the person who has, or directly or by agent takes, a security interest in goods, documents or instruments under a trust receipt transaction, and any successor in interest of such person. A person in the business of selling goods or instruments for profit, who at the outset of the transaction has, as against the buyer, general property in such goods or instruments, and who sells the same to the buyer on credit, retaining title or other security interest under a purchase money mortgage or conditional sales contract or otherwise, is excluded.

"Goods" means any chattels personal other than money, things in action, or things so affixed to land as to become a part thereof.

"Instrument" means:

(a) Any negotiable instrument as defined in the uniform negotiable instrument law and amendment thereto, or

(b) Any certificate of stock, or bond or debenture for the payment of money issued by a public or private corporation as part of a series, or

(c) Any interim, deposit, or participation certificate or receipt, or other credit or investment instrument of a sort marketed in the ordinary course of business or finance, of which the trustee, after the trust receipt transaction, appears by virtue of possession and the face of the instrument to be the owner. "Instrument" does not include any document of title to goods.
"Lien creditor" means any creditor who has acquired a specific lien on the goods, documents or instruments by attachment, levy, or by any other similar operation of law or judicial process, including a distraining landlord.

"New value" includes new advances or loans made, or new obligations incurred, or the release or surrender of a valid and existing security interest, or the release of a claim to proceeds under section ten; but "new value" shall not be construed to include extensions or renewals of existing obligations of the trustee, nor obligations substituted for such existing obligations.

"Person" means, as the case may be, an individual, trustee, receiver or other fiduciary, partnership, corporation, business trust, or other association, and two or more persons having a joint or common interest.

"Possession", as used in this article with reference to possession taken or retained by the entruster, means actual possession of goods, documents or instruments, or, in the case of goods, such constructive possession as, by means of tags or signs or other outward marks placed and remaining in conspicuous places, may reasonably be expected in fact to indicate to the third party in question that the entruster has control over or interest in the goods.

"Purchase" means taking by sale, conditional sale, lease, mortgage, or pledge, legal or equitable.

"Purchaser" means any person taking by purchase. A pledgee, mortgagee or other claimant of a security interest created by contract is, insofar as concerns his specific security, a purchaser and not a creditor.

"Security interest" means a property interest in goods, documents or instruments, limited in extent to securing performance of some obligation of the trustee or of some third person to the entruster, and includes the interest of a pledgee, and title, whether or not expressed to be absolute, whenever such title is in substance taken or retained for security only.

"Transferee in bulk" means a mortgagee or a pledgee or a buyer of the trustee's business substantially as a whole.

"Trustee" means the person having or taking possession
Ch. 76] LIENS 299

81 of goods, documents or instruments under a trust receipt transaction, and any successor in interest of such person. The use of the word "trustee" herein shall not be interpreted or construed to imply the existence of a trust or any right or duty of a trustee in the sense of equity jurisprudence other than as provided by this article.

87 "Value" means any consideration sufficient to support a simple contract. An antecedent or preexisting claim, whether for money or not, and whether against the transferee or against another person, constitutes value where goods, documents or instruments are taken either in satisfaction thereof or as security therefor.

Sec. 2. What Constitutes Trust Receipt Transaction and Trust Receipt.—1. A trust receipt transaction within the meaning of this article is any transaction to which an entruster and a trustee are parties, for one of the purposes set forth in subsection three, whereby:

(a) The entruster or any third person delivers to the trustee goods, documents or instruments in which the entruster (i) prior to the transaction has, or for new value (ii) by the transaction acquires or (iii) as the result thereof is to acquire promptly, a security interest; or

(b) The entruster gives new value in reliance upon the transfer by the trustee to such entruster of a security interest in instruments or documents which are actually exhibited to such entruster, or to his agent in that behalf, at a place of business of either entruster or agent, but possession of which is retained by the trustee: Provided, That the delivery under paragraph (a) or the giving of new value under paragraph (b) either (i) be against the signing and delivery by the trustee of a writing designating the goods, documents or instruments concerned, and reciting that a security interest therein remains in or will remain in, or has passed to or will pass to, the entruster, or (ii) be pursuant to a prior or concurrent written and signed agreement of the trustee to give such a writing.

The security interest of the entruster may be derived from the trustee or from any other person, and by pledge or by transfer of title or otherwise.

If the trustee's rights in the goods, documents or in-
30 instruments are subject to a prior trust receipt transaction,
31 or to a prior equitable pledge, section nine and section
32 three, respectively, of this article, determine the priorities.
33 2. A writing such as is described in subsection one,
34 paragraph (i), signed by the trustee, and given in or pur-
35 suant to such a transaction, is designated in this article as
36 a “trust receipt”. No further formality of execution or au-
37 thentication shall be necessary to the validity of a trust
38 receipt.
39 3. A transaction shall not be deemed a trust receipt
40 transaction unless the possession of the trustee thereunder
41 is for a purpose substantially equivalent to any one of the
42 following:
43 (a) In the case of goods, documents or instruments, for
44 the purpose of selling or exchanging them, or of procuring
45 their sale or exchange; or
46 (b) In the case of goods or documents, for the purpose
47 of manufacturing or processing the goods delivered or cov-
48 ered by the documents, with the purpose of ultimate sale,
49 or for the purpose of loading, unloading, storing, shipping,
50 transshipping or otherwise dealing with them in a man-
51 ner preliminary to or necessary to their sale; or
52 (c) In the case of instruments, for the purpose of de-
53 livering them to a principal, under whom the trustee is
54 holding them, or for consummation of some transaction
55 involving delivery to a depositary or registrar, or for
56 their presentation, collection or renewal.

Sec. 3. Attempted Creation or Continuance of Pledge
without Delivery or Retention of Possession.—1. An at-
tempted pledge or agreement to pledge not accompanied
by delivery of possession, which does not fulfill the re-
quirements of a trust receipt transaction, shall be valid
as against creditors of the pledgor only as follows:
(a) To the extent that new value is given by the pledgee
in reliance thereon, such pledge or agreement to pledge
shall be valid as against all creditors with or without
notice, for ten days from the time the new value is given;
(b) To the extent that the value given by the pledgee
is not new value, and in the case of new value after the
lapse of ten days from the giving thereof, the pledge shall
have validity as against lien creditors without notice, who
become such as prescribed in section eight, only as of the
time the pledgee takes possession, and without relation
back.

2. Purchasers (including entrusters) for value and with-
out notice of the pledgee's interest shall take free of any
such pledge or agreement to pledge unless, prior to the
purchase, it has been perfected by possession taken.

3. Where, under circumstances not constituting a trust
receipt transaction, a person, for a temporary and limited
purpose, delivers goods, documents, or instruments, in
which he holds a pledgee's or other security interest, to
the person holding the beneficial interest therein, the
transaction has like effect with a purported pledge for
new value under this section.

Sec. 4. Contract to Give Trust Receipt.—1. A contract
to give a trust receipt, if in writing and signed by the
trustee, shall, with reference to goods, documents or in-
struments thereafter delivered by the entruster to the
trustee in reliance on such contract, be equivalent in all
respects to a trust receipt.

2. Such a contract shall as to such goods, documents, or
instruments be specifically enforceable against the trus-
tee; but this subsection shall not enlarge the scope of the
entruster's rights against creditors of the trustee as lim-
ited by this article.

Sec. 5. Validity Between the Parties.—Between the en-
truster and the trustee the terms of the trust receipt shall,
save as otherwise provided by this article, be valid and en-
forceable. But no provision for forfeiture of the trustee's
interest shall be valid except as provided in subsection
five of section six.

Sec. 6. Repossession and Entruster's Rights on Default.
—1. The entruster shall be entitled as against the trustee
to possession of the goods, documents or instruments on
default, and as may be otherwise specified in the trust
receipt.

2. An entruster entitled to possession under the terms
of the trust receipt or of subsection one may take such
possession without legal process, whenever that is possible
without breach of the peace.
3. (a) After possession taken, the entruster shall, subject to subdivision (b) and subsection five, hold such goods, documents or instruments with the rights and duties of a pledgee.

(b) An entruster in possession may on or after default, give notice to the trustee of intention to sell, and may, not less than five days after the serving or sending of such notice, sell the goods, documents or instruments for the trustee's account, at public or private sale, and may at a public sale himself become a purchaser. The proceeds of any such sale, whether public or private, shall be applied (i) to the payment of the expense thereof, (ii) to the payment of the expenses of retaking, keeping and storing the goods, documents, or instruments, (iii) to the satisfaction of the trustee's indebtedness. The trustee shall receive any surplus and shall be liable to the entruster for any deficiency. Notice of sale shall be deemed sufficiently given if in writing, and either (i) personally served on the trustee, or (ii) sent by postpaid ordinary mail to the trustee's last known business address.

(c) A purchaser in good faith and for value from an entruster in possession takes free of the trustee's interest, even in a case in which the entruster is liable to the trustee for conversion.

4. Surrender of the trustee's interest to the entruster shall be valid, on any terms upon which the trustee and entruster may, after default, agree.

5. As to articles manufactured by style or model, the terms of the trust receipt may provide for forfeiture of the trustee's interest, at the election of the entruster, in the event of the trustee's default, against cancellation of the trustee's then remaining indebtedness: Provided, That in the case of the original maturity of such an indebtedness there must be cancelled not less than eighty per cent of the purchase price to the trustee or of the original indebtedness, whichever is greater; or, in the case of a first renewal, not less than seventy per cent, or, in the case of a second or further renewal, not less than sixty per cent.

Sec. 7. General Effect of Entruster's Filing or Taking Possession.—1. (a) If the entruster within the period of
thirty days specified in subsection one of section eight files as in this article provided, such filing shall be effective to preserve his security interest in documents or goods against all persons, save as otherwise provided by sections eight, nine, ten, eleven, fourteen and fifteen of this article.

(b) Filing after the lapse of the said period shall be valid; but in such event, save as provided in subsection two (b) of section nine, the entruster's security interest shall be deemed to be created by the trustee as of the time of such filing, without relation back, as against all persons not having notice of such interest.

2. The taking of possession by the entruster shall, so long as such possession is retained, have the effect of filing, in the case of goods or documents; and of notice of the entruster's security interest to all persons, in the case of instruments.

Sec. 8. Validity against Creditors. — 1. The entruster's security interest in goods, documents or instruments under the written terms of a trust receipt transaction, shall without any filing be valid as against all creditors of the trustee, with or without notice, for thirty days after delivery of the goods, documents or instruments to the trustee, and thereafter except as in this article otherwise provided.

But where the trustee at the time of the trust receipt transaction has and retains instruments, or documents, the thirty days shall be reckoned from the time such instruments, or documents, are actually shown to the entruster, or from the time that the entruster gives new value under the transaction, whichever is prior.

2. Save as provided in subsection one, the entruster's security interest shall be void as against lien creditors who become such after such thirty-day period and without notice of such interest and before filing.

(a) Where a creditor secures the issuance of process which within a reasonable time after such issuance results in attachment of or levy on the goods, he is deemed to have become a lien creditor as of the date of the issuance of the process.

(b) Unless prior to the acquisition of notice by all creditors filing has occurred or possession has been taken by
the entruster, (i) an assignee for the benefit of creditors,
from the time of assignment, or (ii) a receiver in equity
from the time of his appointment, or (iii) a trustee in
bankruptcy or judicial insolvency proceedings from the
time of filing of the petition in bankruptcy or judicial in-
solvency by or against the trustee, shall, on behalf of all
creditors, stand in the position of a lien creditor without
notice, without reference to whether he personally has
or has not, in fact, notice of the entruster's interest.

Sec. 9. Limitations on Entruster's Protection against

Purchasers.—1. [Purchasers of Negotiable Documents or
Instruments.] (a) Nothing in this article shall limit the
rights of purchasers in good faith and for value from the
trustee of negotiable instruments or negotiable docu-
ments, and purchasers taking from the trustee for value,
in good faith, and by transfer in the customary manner
instruments in such form as are by common practice pur-
chased and sold as if negotiable, shall hold such instru-
ments free of the entruster's interest; and filing under this
article shall not be deemed to constitute notice of the en-
truster's interest to purchasers in good faith and for value
of such documents or instruments, other than trans-
ferees in bulk.

(b) The entrusting (directly, by agent, or through the
intervention of a third person) of goods, documents or
instruments by an entruster to a trustee, under a trust
receipt transaction or a transaction falling within section
three of this article, shall be equivalent to the like entrus-
ing of any documents or instruments which the trustee
may procure in substitution, or which represent the same
goods or instruments or the proceeds thereof, and which
the trustee negotiates to a purchaser in good faith and
for value.

2. [Purchasers Not Protected Under Subsection 1.] Where a purchaser from the trustee is not protected under
subsection one hereof, the following rules shall govern:

(a) [Sales by Trustee in the Ordinary Course of Trade.] (i) Where the trustee, under the trust receipt trans-
action, has liberty of sale and sells to a buyer in the
ordinary course of trade, whether before or after the ex-
piration of the thirty-day period specified in subsection
one of section eight of this article, and whether or not filing has taken place, such buyer takes free of the entruster's security interest in the goods so sold, and no filing shall constitute notice of the entruster's security interest to such a buyer.

(ii) No limitation placed by the entruster on the liberty of sale granted to the trustee shall affect a buyer in the ordinary course of trade, unless the limitation is actually known to the latter.

(b) [Purchasers Other than Buyers in the Ordinary Course of Trade.] In the absence of filing, the entruster's security interest in goods shall be valid, as against purchasers, save as provided in this section; but any purchaser, not a buyer in the ordinary course of trade, who, in good faith and without notice of the entruster's security interest and before filing, either (i) gives new value before the expiration of the thirty-day period specified in subsection one of section eight, or (ii) gives value after said period and who in either event before filing also obtains delivery of goods from a trustee shall hold the subject matter of his purchase free of the entruster's security interest; but a transferee in bulk can take only under (ii) of this subdivision (b).

(c) [Liberty of Sale.] If the entruster consents to the placing of goods subject to a trust receipt transaction in the trustee's stock in trade or in his sales or exhibition rooms, or allows such goods to be so placed or kept, such consent or allowance shall have like effect as granting the trustee liberty of sale.

3. [Purchase for New Value.] As to all cases covered by this section the purchase of goods, documents or instruments on credit shall constitute a purchase for new value, but the entruster shall be entitled to any debt owing to the trustee and any security therefor, by reason of such purchase; except that the entruster's right shall be subject to any set-off or defense valid against the trustee and accruing before the purchaser has actual notice of the entruster's interest.

Sec. 10. Entruster's Right to Proceeds.—Where, under the terms of the trust receipt transaction, the trustee has no liberty of sale or other disposition, or, having liberty
of sale or other disposition, is to account to the entruster
for the proceeds of any disposition of the goods, docu-
ments or instruments, the entruster shall be entitled, to
the extent to which and as against all classes of persons
as to whom his security interest was valid at the time of
disposition by the trustee, as follows:
(a) To the debts described in section nine (three); and
also
(b) To any proceeds or the value of any proceeds
(whether such proceeds are identifiable or not) of the
goods, documents or instruments, if said proceeds were
received by the trustee within ten days prior to either
application for appointment of a receiver of the trustee,
or the filing of a petition in bankruptcy or judicial in-
solvency proceedings by or against the trustee, or demand
made by the entruster for prompt accounting; and to a pri-
ority to the amount of such proceeds or value; and also
(c) To any other proceeds of the goods, documents or
instruments which are identifiable, unless the provision
for accounting has been waived by the entruster by words
or conduct; and knowledge by the entruster of the ex-
istence of proceeds, without demand for accounting made
within ten days from such knowledge, shall be deemed
such a waiver.

Sec. 11. Liens in Course of Business Good against En-
truster.—Specific liens arising out of contractual acts
of the trustee with reference to the processing, ware-
housing, shipping or otherwise dealing with specific goods
in the usual course of the trustee's business preparatory
to their sale shall attach against the interest of the
entruster in said goods as well as against the interest of
the trustee, whether or not filing has occurred under this
article; but this section shall not obligate the entruster
personally for any debt secured by such lien; nor shall it
be construed to include the lien of a landlord.

Sec. 12. Entruster Not Responsible on Sale by Trustee.
—An entruster holding a security interest shall not,
merely by virtue of such interest or of his having given
the trustee liberty of sale or other disposition, be respon-
sible as principal or as vendor under any sale or contract
to sell made by the trustee.

Sec. 13. Filing and Refiling Concerning Trust Receipt
Transactions Covering Documents or Goods.—1. Any
entruster undertaking or contemplating trust receipt
transactions with reference to documents or goods is
entitled to file with the secretary of state a statement,
signed by the entruster and the trustee, containing:

(a) A designation of the entruster and the trustee, and
of the chief place of business of each within this state, if
any; and if the entruster has no place of business within
the state, a designation of his chief place of business out-
side the state; and

(b) A statement that the entruster is engaged, or ex-
pects to be engaged, in financing under trust receipt trans-
actions the acquisition of goods by the trustee; and

(c) A description of the kind or kinds of goods covered
or to be covered by such financing.

2. The following form of statement (or any other form
of statement containing substantially the same informa-
tion) shall suffice for the purposes of this article:

“Statement of Trust Receipt Financing

The entruster, whose chief place
of business within this state is at , (or
who has no place of business within this state and whose
chief place of business outside this state is at ,)
is or expects to be engaged in financing under trust re-
ceipt transactions the acquisition by the trustee,
whose chief place of business within this state
is at of goods of the following
description:
coffee, silk, automobiles, or the like.

Entruster

[Signed] Trustee.”

3. It shall be the duty of the filing officer to mark each
statement filed with a consecutive file number, and with
the date and hour of filing, and to keep such statement
in a separate file; and to note and index the filing in a suitable index, indexed according to the name of the trustee and containing a notation of the trustee's chief place of business as given in the statement. The fee for such filing shall be five dollars.

4. Presentation for filing of the statement described in subsection one, and payment of the filing fee, shall constitute filing under this article, in favor of the entruster, as to any documents or goods falling within the description in the statement which are within one year from the date of such filing, or have been, within thirty days previous to such filing, the subject matter of a trust receipt transaction between the entruster and the trustee.

5. At any time before expiration of the validity of the filing, as specified in subsection four, a like statement, or an affidavit by the entruster alone, setting out the information required by subsection one, may be filed in like manner as the original filing. Any filing of such further statement or affidavit shall be valid in like manner and for like period as an original filing, and shall also continue the rank of the entruster's existing security interest as against all junior interests. It shall be the duty of the filing officer to mark, file and index the further statement or affidavit in like manner as the original.

Sec. 14. Limitations on Extent of Obligation Secured.—As against purchasers and creditors, the entruster's security interest may extend to any obligation for which the goods, documents or instruments were security before the trust receipt transaction, and to any new value given or agreed to be given as a part of such transactions; but not, otherwise, to secure past indebtedness of the trustee; nor shall the obligation secured under any trust receipt transaction extend to obligations of the trustee to be subsequently created.

Sec. 15. Act Not Applicable to Certain Transactions.—This article shall not apply to single transactions of legal or equitable pledge, not constituting a course of business, whether such transactions be unaccompanied by delivery of possession, or involve constructive delivery, or delivery
and redelivery, actual or constructive, so far as such trans-
actions involve only an entruster who is an individual
natural person, and a trustee entrusted as a fiduciary
with handling investments or finances of the entruster;
nor shall it apply to transactions of bailment or consign-
ment in which the title of the bailor or consignor is not
retained to secure an indebtedness to him of the bailee
or consignee.

Sec. 16. Election among Filing Statutes.—As to any
transaction falling within the provisions both of this arti-
cle and of any other act requiring filing or recording, the
entruster shall not be required to comply with both, but
by complying with the provisions of either at his election
may have the protection given by the act complied with;
except that buyers in the ordinary course of trade as
described in subsection two of section nine, and lienors
as described in section eleven, shall be protected as there-
in provided, although the compliance of the entruster be
with the filing or recording requirements of another act.

Sec. 17. Cases Not Provided for.—In any case not pro-
vided for in this article the rules of law and equity, in-
cluding the law merchant, shall continue to apply to
trust receipt transactions and purported pledge trans-
actions not accompanied by delivery of possession.

Sec. 18. Uniformity of Interpretation.—This article shall
be so interpreted and construed as to effectuate its gen-
eral purpose to make uniform the law of the states which
enact it.

Sec. 19. Constitutionality.—If any provision of this
article or the application thereof to any person or circum-
stances is held invalid, such invalidity shall not affect
other provisions or applications of the article which can
be given effect without the invalid provision or applica-
tion, and to this end the provisions of this article are de-
clared to be severable.

Sec. 20. Short Title.—This article may be cited as the
"Uniform Trust Receipts Act."

CHAPTER 79

(House Bill No. 421—By Mr. Speaker, Mr. Singleton)

[Passed March 9, 1961; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend and reenact section thirty-three, article two, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to blasting in coal mines.

Article 2. Coal Mines.

Section 33. Preparation of shots; blasting practices.
Be it enacted by the Legislature of West Virginia:

That section thirty-three, article two, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 33. Preparation of Shots; Blasting Practices.—

Only competent and experienced persons designated by mine management shall be permitted to handle explosives and to do blasting. Only electric detonators of proper strength fired with permissible shot firing units shall be used except under special permits as hereinafter provided, and drillholes shall be stemmed with at least twenty-four inches of incombustible material, or at least one half of the length of the hole shall be stemmed if the hole is less than four feet in depth unless other permissible stemming devices or methods are used. Drillholes shall not be drilled beyond the limits of the cut, and as far as practicable cuttings and dust shall be cleaned from the holes before the charge is inserted. Charges of explosives exceeding one and one-half pounds, but not exceeding three pounds, shall be used only if drillholes are six feet or more in depth. Ample warning shall be given before shots are fired, and care shall be taken to determine that all persons are in the clear before firing. Men shall be removed from adjoining places and other places when there is danger of shots blowing through. No shots shall be fired in any place known to liberate explosive gas until such place has been properly examined by a competent person who is designated by mine management for that purpose, and no shots shall be fired in any place where gas is detected with a permissible flame safety lamp until such gas has been removed by means of ventilation. After firing any shot, or shots, the person firing the same shall not return to the working face until the smoke has been cleared away and then he shall make a careful examination of the working face before leaving the place, or before performing any other work in the place.

Multiple shooting in coal and/or rock is authorized only under permit issued by the director of the department of mines. Permission to shoot more than ten shots simultaneously may be granted by the director only after consultation with interested persons, and such shooting will
be performed by special methods and under precautions prescribed by said director. All multiple shooting in bottom or roof rock shall be performed in intake air, except by special permit from the director of the department of mines after consultation with interested persons as heretofore provided. Multiple blasting of more than ten shots performed under any permit granted by the director under this section shall be done only on noncoal producing shifts or idle days except as may be provided as a condition of the permit granted.

The use of regular or short-interval delay detonators may be used for blasting purposes with written permission from the director of the department of mines. The use of regular delay detonators shall not be used for blasting coal, but may be used for grading above or below coal seams and during shaft, slope, tunnel work and in faults or wants. Where short-interval delay detonators are permitted by said director to be used, the shot firing circuit must be tested with a blasting galvanometer before firing, and the leg wires connected in series. No instantaneous, regular, or zero-delay detonators are to be fired in conjunction with short-interval delay detonators. The delay interval between dependent rows must not be less than twenty-five milliseconds or more than one hundred milliseconds and the entire series of any one round shall not provide a delay of more than five hundred milliseconds between the first and last shot. The total number of charged holes to be fired during any one round must not exceed the limit permitted by said director. Misfires must be tested with a blasting galvanometer before removing.

Electrical equipment shall not be operated in the face areas and only work in connection with timbering and general safety shall be performed while boreholes are being charged. Shots shall be fired promptly after charging. Mudcaps (adobes) or any other unconfined shots shall not be permitted in any coal mine. No solid shooting shall be permitted without written permission of the department of mines.

Blasting cables shall be well insulated and shall be as long as may be necessary to permit persons authorized to fire shots to get in a safe place out of the line of fire.
79 The cable when new shall be at least one hundred twenty-five feet in length and never less than one hundred feet.
81 Shooting cables shall be kept away from power wires and all other sources of electric current, connected to the leg wires by the person who fires the shot, staggered as to length or well separated at the detonator leg wires, and shunted at the battery until ready to connect to the blasting unit.

CHAPTER 80

[Passed March 8, 1961; In effect July 1, 1961. Approved by the Governor.]

AN ACT to amend and reenact sections one, three, ten and eleven, article two-a, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the jurisdiction and control of the state department of mines over surface mining operations.

Article 2-a. Surface Mining.

Section
1. Legislative purpose; apportionment of responsibility.
3. Permit required; fees and use of proceeds.
10. Surfacing mining supervisor and inspectors; appointment and qualification; compensation and expenses.
11. Duties of surface mining supervisor and inspectors generally; eligibility for permanent appointment; tenure; interest in mining operation; oath and bond.

Be it enacted by the Legislature of West Virginia:

That sections one, three, ten and eleven, article two-a, chapter twenty-two of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 1. Legislative Purpose; Apportionment of Responsibility.—Since practices and procedures in the surface mining of coal may and commonly do cause soil erosion, stream pollution and the accumulation of stag-
nant waters, increase the likelihood of floods, destroy the value of lands for agricultural purposes, counteract efforts for the conservation of soil, water and other natural resources of the state, the Legislature finds and declares that the department of natural resources shall have jurisdiction and control over land and soil aspects of surface mining operations, and the restoration and reclamation of lands surface mined and areas affected thereby, but that surface mining as an industrial enterprise and occupation shall be under the jurisdiction and control and subject to the regulations of the state department of mines.

Sec. 3. Permit Required; Fees and Use of Proceeds.—It shall hereafter be unlawful for any person, firm or corporation to engage in the surface mining of coal without having first obtained from the director of the department of mines a permit therefor as provided in this section. The following information must be stated in the application for such a permit: (1) A description of the location and area of the land to be covered by the permit together with a map or plat of the portion to be surface mined; (2) the owner or owners of the surface of the land; (3) the owner or owners of the coal to be mined; (4) the source of the operator's legal right to enter and mine the coal on the land covered by the permit; (5) the permanent and temporary postoffice addresses of the operator; (6) whether any permits are now held, and if so, how many such permits and the numbers thereof.

Upon payment to the department of mines of a registration fee of one hundred dollars and the certification from the director of the department of natural resources that a bond as required by section three, article six, chapter twenty of the code has been posted, the director of the department of mines shall upon proper application, issue the requested permit. The permit shall be for a period of one year from the date of issuance and shall be extended upon written request and by the payment of fifty dollars for each succeeding year. Permits issued prior to the effective date of this article shall be renewable on the anniversary date of their issuance. The registration and renewal fees heretofore or hereafter collected as provided in this article shall be deposited
with the state treasurer to the credit of the general revenue fund.

Sec. 10. Surface Mining Supervisor and Inspectors; Appointment and Qualifications; Compensation and Expenses.—Five surface mining inspectors and a state surface mining supervisor shall be appointed by the director of the department of mines. All such appointees shall be citizens of West Virginia, in good health, not less than thirty nor more than fifty-five years of age, of good character and reputation, and temperate in habits. Each of them shall have had at least five years' practical experience in strip and surface mining in West Virginia. The surface mining supervisor shall be paid not less than six thousand six hundred dollars and not more than seven thousand five hundred dollars per annum and the surface mining inspectors shall be paid not less than six thousand dollars and not more than six thousand four hundred dollars per annum. Each shall be allowed reasonable traveling expenses when itemized by the claimant who shall verify, upon oath, that such expenses were actually incurred in the discharge of his official duties for the department of mines. Within the limits provided in this section, the salary of the supervisor and of each inspector shall be fixed by the director of the department of mines, and in fixing such salaries the director shall consider ability, performance of duty, responsibility and experience of each. All such salaries and expenses shall be paid from department of mines funds.

Sec. 11. Duties of Surface Mining Supervisor and Inspectors Generally; Eligibility for Permanent Appointment; Tenure; Interest in Mining Operation; Oath and Bond.—The surface mining supervisor and surface mining inspectors shall make such surveys and inspections of surface mining operations, shall effect practical and effective administration and enforcement of all mining laws of the state applicable to surface mining, and shall perform such other duties and services as may be prescribed by the director of the department of mines. No person shall be eligible for permanent appointment as surface mining supervisor or surface mining inspector
until he has served in a probationary status, to the satisfaction of the director of the department of mines, for a period of one year, but the surface mining supervisor and the surface mining inspectors serving as such on the effective date of this section shall receive permanent appointment after they shall have served in such capacity for a period of one year to the satisfaction of the director. Any person receiving permanent appointment as surface mining supervisor or surface mining inspector shall have permanent tenure until he becomes sixty-five years of age, subject to removal only for physical or mental impairment, neglect of duty, drunkenness, malfeasance in office, or official misconduct. No person serving as surface mining inspector shall be interested, directly or indirectly, as owner, operator, or stockholder of any coal mining operation in the state of West Virginia and the existence or acquisition of such interest on the part of any such inspector shall immediately vacate his position.

Before any such supervisor or inspector shall enter upon the discharge of his duties, he shall take and subscribe to the public official’s oath as prescribed by the constitution of West Virginia and shall execute a bond in the penal sum of two thousand dollars, with surety approved by the director of the department of mines, and conditioned upon the faithful discharge of his duties. Premiums on such bonds shall be paid from department of mines funds, and all such executed bonds and oaths shall be filed in the office of the secretary of state.

[Passed March 8, 1961; in effect July 1, 1961. Approved by the Governor.]

AN ACT to amend and reenact section four, article three, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to motor and other vehicles and including among other things motor vehicle administration, registration, certificates of title and the fees and taxes imposed in connection therewith.

Article 3. Original and Renewal of Registration, Issuance of Certificates of Title.

Section

4. Application for certificate of title; tax.
Be it enacted by the Legislature of West Virginia:

That section four, article three, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 4. Application for Certificate of Title; Tax.—
Certificates of registration of any vehicle or registration plates therefor, whether original issues or duplicates, shall not be issued or furnished by the department of motor vehicles or any other officer charged with such duty, unless the applicant therefor already has received, or shall at the same time make application for and be granted, an official certificate of title of such vehicle. Such application shall be upon a blank form to be furnished by the department of motor vehicles and shall contain a full description of the vehicle, which description shall contain the manufacturer's serial or identification number or other number as determined by the commissioner and any distinguishing marks, together with a statement of the applicant's title and of any liens or encumbrances upon such vehicle, the names and addresses of the holders of such liens and such other information as the department of motor vehicles may require. The application shall be signed and sworn to by the applicant. A tax is hereby imposed upon the privilege of effecting the certification of title of each vehicle in the amount equal to three per cent of the value of said motor vehicle at the time of such certification. If the vehicle is new, the actual purchase price or consideration to the purchaser thereof shall be the value of said vehicle; if the vehicle is a used or second-hand vehicle, the present market value at time of transfer or purchase shall be deemed the value thereof for the purpose of this section: Provided, however, That if said motor vehicle is purchased in the state of West Virginia, so much of the purchase price or consideration as is represented by the exchange of other vehicles on which the tax herein imposed has been paid by the purchaser shall be deducted from the total actual price or consideration paid for said vehicle, whether the same be new or second-hand; if the vehicle be acquired through gift, or by any manner whatsoever, unless specifically exempted in this section, the present market value of the
vehicle at the time of the gift or transfer shall be deemed the value thereof for purposes of this section. No certificate of title for any vehicle shall be issued to any applicant unless such applicant shall have paid to the department of motor vehicles the tax imposed by this section which shall be three per cent of the true and actual value of said vehicle whether the vehicle be acquired through purchase, by gift, or by any other manner whatsoever except gifts between husband and wife or between parents and children; but the tax imposed by this section shall not apply to vehicles to be registered as Class H or Class I vehicles, as defined in section one, article ten of this chapter, which are used or to be used in interstate commerce, nor shall the tax imposed by this section apply to titling of vehicles by a registered dealer of this state for resale only, nor shall the tax imposed by this section apply to titling of vehicles by this state or any political subdivision thereof, or by any volunteer fire department organized and incorporated under the laws of the state of West Virginia for protection of life or property. The total amount of revenue collected by reason of this tax shall be paid into the state road fund and expended by the state road commissioner for matching federal aid funds allocated for West Virginia. In addition to said tax, there shall be a charge of one dollar for each original certificate of title so issued: Provided, That this state or any political subdivision thereof, or any such volunteer fire department, shall be exempted from payment of such charge. Notwithstanding the provisions of this section, the owners of trailers, semitrailers and other vehicles not subject to the certificate of title tax prior to enactment of this chapter shall not be required to pay the above-mentioned tax upon making application for a certificate of title for such vehicle, but shall be required to pay a fee of one dollar for the issuance of each such certificate of title.

Such certificate shall be good for the life of the vehicle, so long as the same is owned or held by the original holder of such certificate, and need not be renewed annually, or any other time, except as herein provided. If, by will or direct inheritance, a person becomes the owner of a motor vehicle upon which the tax herein im-
posed has been paid, he shall not be required to pay such
tax.

A person who has paid the tax imposed by this section
shall not be required to pay the tax a second time for
the same motor vehicle, but he shall be required to pay a
charge of one dollar for the certificate of retitle of that
motor vehicle, except that such tax shall be paid by such
person when the title to such vehicle has been transferred
either in this or another state from such person to an­
other person and transferred back to such person.

[Passed March 9, 1961; in effect from passage. Approved by the Governor.]

AN ACT to amend and reenact an act of the Legislature, regu­
lar session, one thousand nine hundred sixty-one, known
and designated as House Bill No. 95, which bill amended
and reenacted section one, article four, chapter seventeen-a
of the code of West Virginia, one thousand nine hundred
thirty-one, as amended, relating to the effect of the trans­
fer of title to, or interest in, registered motor vehicles up­
on the registration of, and registration plates for, such
motor vehicles.

Article 4. Transfers of Title or Interest.

Section

1. Registration expires on transfer by owner; transfer, surrender or
retention of plates.

Be it enacted by the Legislature of West Virginia:

That an act of the Legislature, regular session, one thousand
nine hundred sixty-one, known and designated as House Bill
No. 95, which bill amended and reenacted section one, article
four, chapter seventeen-a of the code of West Virginia, one
thousand nine hundred thirty-one, as amended, be amended
and reenacted to read as follows:
Section 1. Registration Expires on Transfer by Owner; Transfer, Surrender or Retention of Plates.—Whenever the owner of a registered vehicle transfers or assigns his title, or interest thereto, the registration of such vehicle shall expire: Provided, however, That such owner, if he has made application to the department to have said registration plates transferred to be used on another vehicle owned by said owner, may then operate the other vehicle for a period of fifteen days, but in no event longer than fifteen days from the date of original transfer. Upon such transfer, it shall be the duty of the original owner to retain the registration plates issued therefor and to immediately notify the commissioner of such transfer upon such form as may be provided therefor and to deliver to him the certificate of registration, whereupon the commissioner shall, upon the payment of a fee of one dollar, issue a new certificate showing the use to be made of such plates. Such plates may then be used by such owner on another vehicle of the same class as the vehicle for which they were originally issued if such other vehicle does not require a greater license fee than was required for such original vehicle. If such other vehicle requires a greater license fee than such original vehicle, then such plates may be used by paying such difference to the commissioner. When such transfer of ownership is made to a licensed dealer in motor vehicles it shall be the duty of such dealer to immediately execute notification of transfer, in triplicate, and to have this notification properly signed by the owner making the transfer. The dealer shall immediately forward to the department the original copy of the notification of transfer. One copy of the notification of transfer shall be given to the owner and one shall be retained by the dealer. The owner shall immediately send to the department the transfer fee of one dollar with any additional fee that may be required under the terms of this chapter. The owner's copy, properly signed by the dealer, will be the owner's identification until he receives a new registration card from the department.

The owner of a set of registration plates may surrender them to the commissioner together with the registration card and, upon the payment of one dollar as an exchange
fee and upon the payment of such additional fees as are
necessary to equalize the value of the plates surrendered
with the value of the registration plates desired, receive
in exchange a set of plates and registration card for a
vehicle of a different class.

That chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article four-a, to read as follows:

Section 1. Certificate to Show Liens or Encumbrances.
—The department upon receiving an application for a certificate of title to a vehicle, trailer, semitrailer or pole trailer, for which a certificate of title is required under article three of this chapter, all of which are hereinafter in this article referred to as vehicles, showing liens or encumbrances upon such vehicle, shall, upon issuing to the owner thereof a certificate of title therefor, show upon the face of the certificate of title all liens or encumbrances disclosed by such application. All such liens or encumbrances shall be shown in the order of their priority being according to the information contained in such application. When such an application shows liens and encumbrances, such information and evidence of the lien in connection therewith as the department may deem necessary shall also be furnished. Such information shall include the name and address of the lien holder, the nature and kind of his lien, the date thereof, and the amount thereby secured, all of which information, upon recordation, shall be endorsed upon the title certificate. Upon issuing the certificate, the department shall thereupon send or deliver it to the holder of the first lien.

Sec. 2. Liens and Encumbrances Subsequently Created.
—Liens or encumbrances placed on vehicles by the voluntary act of the owner (including a registered dealer hold-
ing title by assignment entered upon a certificate of title) after the original issue of title to be properly recorded must be shown on the certificate of title. In such cases, the owner or lien holder shall file application with the department on a blank furnished for that purpose, setting forth the lien or liens and such information and evidence of the lien in connection therewith as the department may deem necessary. Such information shall include the name and address of the lien holder, the nature and kind of his lien, the date thereof, and the amount thereby secured, all of which information, upon recordation, shall be endorsed upon the title certificate with the endorsement of the fact of such lien as hereinafter provided. The department, if satisfied that it is proper that the same be recorded, and upon surrender of the certificate of title covering the vehicle, shall thereupon issue a new certificate of title, showing the liens or encumbrances in the order of their filing being according to the date, hour and minute of receipt by the department of the application for same. For the purpose of recording a subsequent lien on a certificate of title, the subsequent lienor shall make a written request upon the lienor in possession of the certificate of title, accompanied by proof of the existence of his subsequent lien, stating his need to have possession of the certificate of title for the purpose of having his lien recorded thereon by the department of motor vehicles. Thereupon, the lienor in possession of the certificate shall within a reasonable time, not to exceed ten days from the receipt of said written request, deliver the certificate of title to the requesting subsequent lienor. Upon delivery of the certificate of title, the subsequent lienor shall immediately forward it and his own application to the department of motor vehicles for filing his lien and recording the same on the certificate of title. Upon issuing the new certificate, the department shall thereupon send or deliver it to the holder of the first lien.

Sec. 3. Certificate as Notice of Lien; Lien Created by Voluntary Act of the Owner Not Shown on Certificate of Title Void as to Subsequent Purchasers and Lien Creditors; Exception as to Deferred Purchase Money Liens; Existing Liens Excepted. — Such certificate of title,
when issued by the department showing a lien or encumbrance, shall be deemed from and after the filing with the department of the application therefor adequate notice to the state, and its agencies, boards and commissions and the United States government and its agencies, boards and commissions, creditors and purchasers that a lien against the vehicle exists and the recording of such reservation of title, lien or encumbrance in the county wherein the purchaser or debtor resides or elsewhere is not necessary and shall not be required or have any effect. The provisions of any other article, chapter or section of this code to the contrary notwithstanding, any lien or encumbrance placed upon a vehicle by the voluntary act of the owner (including a registered dealer holding title thereto by assignment entered upon a certificate of title) but not shown on such certificate of title shall be void as to any purchaser for value or lien creditor, who, in either case, without notice of such lien or encumbrance, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon: Provided, however, That a purchase money lien or encumbrance may be filed as hereinafter set forth in section four of this article with the effect therein stated: Provided further, That this section shall apply only to liens and encumbrances created on and after the effective date of this article.

Sec. 4. Deferred Purchase Money Lien or Encumbrance May Be Filed within Ten Days after Purchase.—If application for a certificate of title showing a deferred purchase money lien or deferred purchase money encumbrance to be placed upon a vehicle be filed in the office of the department within ten days from the date of such applicant’s purchase of such vehicle, it shall be as valid as to all persons, whosoever, including the state, as if such filing had been done on the day such lien or encumbrance was acquired.

Sec. 5. Priority of Liens Shown on Certificate.—The liens shown upon such certificate of title issued by the department pursuant to applications for same shall have priority over any other liens against such vehicle, how-

Sec. 6. Who to Hold Certificate of Title Subject to Lien; Transfer of Possession upon Satisfaction of Lien; Assignment of Obligation by Lien Holder.—The certificate of title of such vehicle shall be delivered to the person, firm or corporation holding the first lien or encumbrance upon the vehicle and retained by him or them until the entire amount of his or their lien is fully paid. Thereupon the certificate of title shall be delivered to the next lien holder, and so on, or if none, then to the owner of the vehicle. It shall be the responsibility of each lienor upon the satisfaction of his lien to deliver said certificate of title to the lienor next entitled to the possession thereof and, if none to the owner, which acts of delivery may be accomplished through registered or certified mail addressed to the lienor or the owner entitled to such possession at his address as shown upon said certificate. In the event of assignment of the obligation by a lien holder who lawfully has possession of the certificate of title at the time of assignment, the lien holder shall deliver the certificate of title to his assignee who shall be entitled to hold the same until the obligation is satisfied, at which time the assignee shall deliver the certificate of title to the next lien holder, or if none, then to the owner of the vehicle. In the event of assignment of the obligation by a lien holder not entitled to possession of the certificate of title at the time of assignment, the lien holder shall immediately upon becoming lawfully entitled to, and obtaining lawful possession of, the certificate of title, deliver the same to his assignee who shall be entitled to hold the same until the obligation is satisfied, at which time the assignee shall deliver the certificate of title to the next lien holder, or if none, then to the owner of the vehicle.

Sec. 7. Release of Lien or Encumbrance Shown on Certificate of Title.—An owner upon securing the release of any lien or encumbrance upon a vehicle shown upon the certificate of title issued therefor may exhibit the document evidencing such release, signed by the person or persons making such release and acknowledged before a
notary public or someone authorized by the laws of this state to take acknowledgments of deeds, and this document together with the certificate of title shall be returned to the department; or the lien holder may release the lien by endorsing across the lien in his favor on the face of the title or closely adjacent thereto the following words or words of similar effect or purport: "This lien, this day fully paid, satisfied and released, this......day of..................", and duly signing and executing said endorsement and acknowledging the same before a notary public and having said notary public execute a certificate of such acknowledgment in the form required for releasing deeds of trust in this state; or when it is impossible to secure either such release from the beneficiary or holder of the lien, the owner may exhibit to the department whatever evidence may be available showing that the debt secured has been satisfied, together with a statement by the owner under oath that the debt has been paid and the certificate of title to such vehicle. The department when satisfied as to the genuineness and regularity thereof shall issue to the owner either a new certificate of title in proper form or an endorsement or rider showing the release of the lien or encumbrance which the department shall attach to the outstanding certificate of title.

Sec. 8. Surrender of Certificate Required When Lien Paid.—It shall be unlawful and constitute a misdemeanor for a lienor who holds a certificate of title as provided in this article to refuse or fail to execute a release as provided for in the next preceding section, or to refuse or fail to surrender such certificate of title to the person legally entitled thereto within fifteen days after his lien shall have been paid and satisfied.

Sec. 9. Levy of Execution, Etc.—A levy made by virtue of an execution, fieri facias or other proper court order, upon a vehicle for which application for a certificate of title has been filed with the department, shall constitute a recorded lien, with the effect of constructive notice thereof to all persons, subsequent to holders of liens or encumbrances theretofore filed with the department, only from and after the time when the officer making such levy files a report to and with the department of motor vehicles, on
forms provided therefor by the department, that such levy
has been made or that the vehicle thus levied upon has
been seized by and is in the custody of such officer; and the
provisions of any other article, chapter or section of this
code to the contrary notwithstanding, the docketing or
recording of any such execution, fieri facias or other
court order in the office of the clerk of the county court of
any county in this state shall not constitute constructive
notice thereof as to any such vehicle.

Such report by such officer shall show among other
things the full names of the parties to the proceeding
upon which the execution, fieri facias or court order is
based; the identity of the court, judge or justice of the
peace or other judicial officer from which said execu-
tion, fieri facias or other court order was issued; the
amount required for the satisfaction thereof; the date
thereof; the date and hour when received by the officer;
the date, hour and minute of levy, seizure, attachment
or other execution of said process; the date returnable;
the make, year, body style of the vehicle to which the
lien of said execution, fieri facias or court order relates
as well as the name of the person or persons whose in-
terest or ownership therein is intended to be affected by
the lien of such execution, fieri facias or court order.
Such report shall also show, if known, the serial num-
ber of such vehicle, the current West Virginia registra-
tion card number and current West Virginia registered
owner thereof and current West Virginia license plate
number, and if any item in this sentence enumerated for
listing on such report is unknown to the reporting officer
the report shall state that such item is unknown to the
officer. Such report shall be dated, signed and certified
by the reporting officer and such certification shall con-
stitute an official act on his part. The department shall
by endorsement upon or attachment to its records note
the officer's report and the day and hour and the minute
received upon its record copy of the certificate of title
thereby affected; should such lien be thereafter satisfied
or should the vehicle thus levied upon and seized be
thereafter released by such officer, he shall immediately
report that fact to the department of motor vehicles and
the department shall in a like manner note such fact. Any owner who after such levy or seizure by an officer and before the report thereof by the officer to the department shall fraudulently assign or transfer his title to or interest in such vehicle or cause the certificate of title thereto to be assigned or transferred or cause a lien or encumbrance to be shown upon such certificate of title shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than twenty-five nor more than five hundred dollars, or imprisoned in jail for not less than ten days nor more than twelve months.

The actual possession of the levying or attaching officer of the law or the actual possession of some person, other than the judgment or attachment debtor, holding such property for the officer, shall constitute notice of the lien, if any, of the execution, fieri facias, or other court order under which he levies, seizes or otherwise takes possession.

For any vehicle as to which an involuntary lien has been reported and noted by the department and for which there has been no report of release or satisfaction by the levying or seizing officer, if application be made for the transfer of title thereto or issuance of new certificate of title therefor to the current registered owner or to someone claiming by assignment of title certificate from such registered owner or if application be made pursuant to the provisions of this article for the endorsement upon the certificate of title to such vehicle of a lien or encumbrance created by the voluntary act of the owner and the issuance of a new certificate of title showing the same, such involuntary lien, for which the department's records show no report of satisfaction or release, and the information furnished in the officer's report thereof together with the date, hour and minute of receipt of such report shall be endorsed upon such new certificate of title issued pursuant to any of such applications.

Sec. 10. Fee for Recording and Release of Lien.—The department of motor vehicles is hereby authorized to charge a fee of two dollars for the recording of any lien created by voluntary act of the owner and endorsing it
upon such title certificate issued pursuant to this article, and the department of motor vehicles is hereby authorized to charge a fee of fifty cents for recordation of any release of a lien created by the voluntary act of the owner: Provided, however, That no charge shall be made for the endorsement and recordation of liens or releases thereof as provided under section nine of this article.

Sec. 11. Article to Create No Cause of Action against Lienor for Damage to Property or Injury to Person.—The exercise by the lienor of the rights and privileges in this article given him shall not in and of itself give rise to a cause of action against such lienor for damages resulting from any act or omission of the registered and beneficial owner of the vehicle in said registered owner's dominion, ownership, use, operation or control thereof.

Sec. 12. Article Not to Apply to Certain Common Law and Statutory Liens.—The provisions of this article shall not be construed so as to require common law mechanic's liens or repairman's liens, or the lien of an improver or bailee as provided in article eleven, chapter thirty-eight of the code of West Virginia, one thousand nine hundred thirty-one, as amended, to be shown on the certificate of title in order to preserve such liens against any purchaser for value or lien creditor who, in either case, without notice of such lien or encumbrance, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon.

Sec. 13. Article Not to Apply to Vehicle Accessories.—The provisions of this article shall not apply to the recording of a lien or liens which are created only upon tires, radios, heaters, or other vehicle accessories.

Sec. 14. Effect of Article on Liens and Encumbrances Created in Transactions Consummated before Vehicle Brought into State and Subject to Registration and Titling in State.—As to bona fide purchasers for value or lien creditors without notice, the provisions of this article shall not be construed so as to invalidate or render void any lien or encumbrance placed upon a vehicle, by the voluntary act of the owner, in a transaction consummated before the vehicle is brought into this state, and before the
same is subject to registration in the state of West Virginia, and before the application for a West Virginia certificate of title is required so long as such a lien or encumbrance has been properly recorded according to the laws of the jurisdiction in which it was created so as to be valid against bona fide purchasers for value or lien creditors without notice and so long as such lien or encumbrance is of such kind, nature and character as the law of this state would otherwise protect against such purchasers and lien creditors: Provided, however, That after such vehicle is brought into this state and after it is required to be registered and titled in this state, such lien or encumbrance as in this section described shall be void as to any purchaser for value or lien creditor, who, in either case, without notice of such lien or encumbrances, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon, unless such lien holder, within three months after the removal of such vehicle into this state or within ten days after such lien holder received notice of such removal, which ever period of time is least, shall, in the manner set forth in section two of this article file application with the department in which case the department shall proceed as in section two of this article.

Sec. 15. Liens or Encumbrances Void after Five Years unless Refiled; Refiling for Additional Two-year Periods; Deletion from Lien Index.—The filing of any lien or encumbrance and its recordation upon the face of a certificate of title to any vehicle as provided in this article shall be void for a period of five years only from the date of such filing, unless the lien or encumbrance is refilled in the manner provided in this article for filing and recordation in the first instance, in which event the lien or encumbrance shall be valid for successive additional periods of two years from the date of each such refiling.

When the last lien or encumbrance shown on a certificate of title becomes invalid by the passage of time as provided in this section, the commissioner of motor vehicles shall not be required to maintain a lien index as to such certificate of title.

Be it enacted by the Legislature of West Virginia:

That section five, article ten, chapter nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Section 5. County Funds.—The amount of the county fund provided each year by a county court shall not be less than twelve per cent of the total which the county is legally authorized to levy for current purposes by section ten, article eight, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended: Provided, however, That the said twelve per cent of such total shall not be required to be provided by the county court if it shall be determined, prior to the laying of the county’s levies, that an amount less than such per cent will be sufficient to meet the reasonably anticipated general needs of the county. Such a determination shall require the agreement of at least two of the following persons: The tax commissioner, the state director, and the member of the county court who is ex officio member
of the county council at the time such determination is made. Such a determination shall be in writing; shall state the specific amount determined upon as sufficient to meet the reasonably anticipated general relief needs of the county; shall be signed by the three persons designated or by at least two of them; and shall be filed of record in the office of the tax commissioner. Complete duplicates shall be filed in the office of the state director and with the county court, respectively.

The county court shall levy for general relief not less than the amount so determined and agreed: Provided further, That if a county court finds that expenditures mandatory under other provisions of law aggregate in excess of eighty-eight per cent of the total amount which the county court is authorized by law to levy for current purposes, the court may petition the tax commissioner for authority to provide an amount less than that required by the first paragraph of this section. If the tax commissioner finds that other mandatory expenditures for the county will exceed eighty-eight per cent of the authorized total levy for current purposes, he may authorize the county court to provide a lesser amount than that required by said first paragraph, but he shall require the maximum amount possible under the circumstances.

Section 1. Public Library and Governing Authority Defined.—The term “public library” as used in this article shall be construed to mean a library maintained wholly or in part by any governing authority from funds derived by taxation and the services of which are free to the public, except for those charges for which provision may be made elsewhere in this article. The term shall not, however, include special libraries, such as law, medical or other professional libraries, or school libraries which are maintained primarily for school purposes. The term “governing authority” shall be construed to mean county court, county board of education or the governing body of any municipality.

Sec. 2. Power of Governing Authority to Establish and Maintain Libraries; Levy.—A governing authority, either by itself or in cooperation with one or more other such governing authorities, shall have the power to establish, equip and maintain a public library, or to take over,
maintain or support any public library already established. Any library established, maintained or supported by a governing authority may be financed either (1) by the appropriation from the general funds of the governing authority of a sum sufficient for the purpose, or (2) by the imposition of an excess levy for library purposes, in accordance with the provisions of section sixteen, article eight, chapter eleven of this code.

Such sums as are appropriated hereunder may be transferred to the public library board for deposit and disbursement as the public library board shall direct. By such transfer the governing authority designates the public library board as its disbursing agent.

Sec. 3. Regional Library Defined; Apportionment of Regional Library Expenses.—A regional library is a public library established and/or maintained by two or more counties, by action of their governing authorities, under the terms of a contract to which they all agree. The expenses of the regional library shall be apportioned between or among the counties concerned on such a basis as shall be agreed upon in the contract.

Sec. 3-a. Authority of Regional Library Board to Disburse Funds.—The governing authorities which maintain a regional library may contribute the apportioned sum to the regional library board, such contributions to be deposited as the regional library board shall direct and to be disbursed by the officer designated by that board. By such contribution the governing authority designates the regional library board as its disbursing agent.

Sec. 4. Contract with Existing Public Library.—The governing authority may, in lieu of supporting and maintaining its own public library, enter into a contract with an existing public library and make annual payments of money to such library, whose library materials and services shall be available without charge to all persons living within the area represented by such governing authority. Any school board may contract for school library service from an existing public library which shall agree to furnish books to a school or schools under the terms of the contract.
All money paid to a library under such a contract shall be expended solely for the maintenance and support of the library.

Sec. 5. Board of Library Directors; Qualifications; Term of Office; No Compensation.—Whenever a public library is established under this article the governing authority or authorities, shall appoint a board of five directors, chosen from the citizens at large of such governmental division or divisions, with reference to their fitness for such office, except that in a regional library the board of directors shall consist of not less than five nor more than ten members, with a minimum of one member from each county in the region, the total number of directors and the apportionment of directors by county to be determined by joint action of the governing authorities concerned. In either case directors shall hold office for five years from the first day of July following their appointment, and until their successors are appointed and qualified: Provided, That upon their first appointment under this article a proportionate number shall be appointed for one year, for two years, for three years, for four years and for five years; and thereafter all appointments shall be for terms of five years. Vacancies in the board shall be immediately reported by the board to the governing authority and filled by appointment in like manner, and, if an unexpired term, for the remainder of the term only. A director may be removed for just cause in the manner provided by the by-laws of the library board. No compensation shall be paid or allowed any director.

Sec. 6. Board of Library Directors; Powers and Duties.—The board of directors of each public library established or maintained under this article shall: (a) Immediately after appointment, meet and organize by electing one member as president and one as secretary, and such other officers as may be necessary. All officers shall hold office for one year and shall be eligible for reelection. (b) Adopt such by-laws, rules and regulations as are necessary for its own guidance and for the administration, supervision and protection of the library and all property belonging thereto as may not be inconsistent with the provisions of
this article. (c) Supervise the expenditure of all money credited to the library fund. All money appropriated or collected for public library purposes shall be deposited in the treasury of the governing authority to the credit of the library fund, to be paid out on the certified requisition of the library board, in the manner provided by law for the disbursement of other funds of such governing authority, or shall be deposited as the library's board of directors shall direct and be disbursed by the officer designated by that board, such officer before entering upon his duties to give bond payable to and in an amount fixed by the board of directors of the library, conditioned for the faithful discharge of his official fiscal duties. The cost of such bond shall be paid from the library fund. The books, records and accounts of the library board shall be subject to audit and examination by the office of the state tax commissioner of West Virginia. (d) Lease or purchase and occupy suitable quarters, or erect upon ground secured through gift or purchase, an appropriate building for the use of such library; and have supervision, care, and custody of the grounds, rooms or buildings constructed, leased, or set apart for library purposes. (e) Employ a head librarian, and upon his recommendation employ such other assistants as may be necessary for the efficient operation of the library.

Sec. 7. Free Use of Libraries.—Each library established or maintained by any governing authority shall be free for the use of all persons living within the area represented by such governing authority, except for those charges for which provision may be made elsewhere in this article. The use of the library is subject to reasonable rules and regulations adopted by the library board. The board may extend the privilege and use of the library to nonresidents upon such terms and conditions as it may prescribe. The board may exclude from the use of the library under its charge any person who wilfully and persistently violates any rule or regulation prescribed for the use of the library or its facilities.

Sec. 8. Board of Library Directors; Annual Report.—
The board of directors shall make an annual report for the fiscal year ending June thirtieth to the governing authority or authorities appointing it, stating the conditions of the library property, the various sums of money received from the library fund, and all other sources, and how such money was expended, the number of books and periodicals on hand, the number added and withdrawn during the year, the number of books lent, the number of registered users of such library, with such other statistics, information and suggestions as may be deemed of general interest. A copy of this report shall be sent to the West Virginia library commission.

Sec. 9. Library Board to Be a Corporation; Vesting of Title to Bequests or Donations.—The board of directors of each public library shall be a corporation; and as such it may contract and be contracted with, sue and be sued, plead and be impleaded, and shall have and use a common seal.

The title to all bequests or donations of cash or other personal property or real estate for the benefit of such library shall be vested in the board of directors to be held in trust and controlled by such board according to the terms and for the purposes set forth in the deed, gift, devise or bequest: Provided, however, That the person making the bequest or donation of cash or other personal property or real estate for the benefit of such library shall have the right and privilege to vest the title thereto in a trustee, or trustees, of his own selection, and to provide for the selection of successor trustees, and to designate the manner in which said fund or property shall be invested and used.

Sec. 9-a. Collection of Fees and Service Charges; Assessment of Fines, etc.; Sale of Surplus or Obsolete Materials or Equipment; Deposit and Disbursement of Receipts.—The board of directors of a library established or maintained under this article may fix, establish, and collect such reasonable fees, service and rental charges as may be appropriate; may assess fines, penalties, damages, or replacement costs for the loss of, injury to, or failure to return any library property or material; and may sell
surplus, duplicated, obsolete, or other unwanted materials
or equipment belonging to the library. All moneys re-
ceived from these or other sources in the course of the ad-
ministration and operation of the library shall be deposit-
ed in the library fund and shall be disbursed by the board
of directors in the manner prescribed elsewhere in this
article.

Sec. 11-a. Application of Article.—Nothing in this arti-
cle shall be construed to abolish or abridge any power or
duty conferred upon any public library already estab-
lished by virtue of any city or town charter or other spe-
cial act, or to affect any existing local laws allowing or
providing municipal aid to libraries. Any library now
operating under any city or town charter or other special
act has, however, the privilege of reorganizing under the
provisions of this article.

All powers granted herein shall be considered to be
conferred upon public libraries existing at the time of the
passage of this act.

Any provision concerning the disbursement of funds,
including the designation of the depository of the library
funds or of the library board’s disbursing officer con-
tained in this article, may be adopted by a library board
organized under the provisions of this article, notwith-
standing any other provisions of law.

Sec. 14. Service of Summons; Penalty for Failure.—
The president of a court-martial shall designate and direct a fit person or persons to summon all delinquents to appear before the court. Service of the summons shall be made by the person so designated in the same manner as service of process in civil cases. The person serving the summons shall receive a fee of one dollar for such service, together with five cents per mile in necessary travel, and such fee of one dollar together with mileage, shall be taxed as a part of the costs in such proceeding.

The summons may be directed by the president of the court-martial to the sheriff, or his deputy, or any constable, or member of the department of public safety, or to any individual, in the county where such delinquent resides or may be found for service; and it shall be the duty of such person in whose custody the summons has been placed for service forthwith to serve same, if the delinquent be found, and make due return thereof, before the return day of such summons, to the president of the court-martial. the court shall forthwith issue an execution in form and

the sheriff of the county wherein the accused may be

county, wherein the accused may be found, directing said
sheriff to take into custody the body of the accused and
confine him in the county jail. Such order so delivered
by the court shall be coextensive with the state, and shall
be sufficient evidence and authority for the jailer of such
county jail to receive the body of such accused and con-
fine him therein pursuant to said judgment. No pre-

be required.
Any sheriff who fails, neglects or refuses to perform

The commission shall:

(a) Prescribe rules of practice and procedure, the method and manner of holding hearings, and for taking evidence on all matters that may come before it, and enter such orders as may be just and lawful. In the investigations, preparations, and hearings of cases, the commission shall not be bound by the technical rules of pleading and evidence, but in that respect it may exercise such discretion as will facilitate its efforts to understand and learn all the facts bearing upon the right and justness of the matters before it.

(b) Appoint such employees as may be necessary to carry out the provisions of this chapter, and shall fix their respective salaries or compensation. Such employees shall hold office during the pleasure of the commission. The commission may designate such employees as it deems necessary to take evidence at any hearing held or required by the provisions of this chapter, which employees are hereby empowered to administer oaths in all parts of the state so far as the exercise of such power is properly incidental to the performance of their duties in connection with the provisions of this chapter.
(c) Prescribe a schedule of fees to accompany applications for certificates of convenience and necessity and permits and for the filing and recordation of other papers with the commission. The commission shall likewise prescribe a schedule of fees to be charged for the certification of all records and papers and sums to be paid witnesses and other costs necessary and incident to hearings before it or its employees and order the same paid by the unsuccessful party. Sums collected in this manner, except witness fees, shall be paid into the state treasury and be credited to the public service commission motor carrier fund provided for in section six of article six of this chapter. The witness fees shall be paid to the persons who are entitled thereto.

(d) Establish a system of accounts to be kept by motor carriers or classify motor carriers and establish a system of accounts for each class, and prescribe the manner in which such accounts shall be kept. It may also in its discretion prescribe the form of accounts, records, and memoranda to be kept by such motor carriers, including the accounts, records, and memoranda for the movement of traffic as well as the receipts and expenditures of money, and any other forms, records and memoranda which in the judgment of the commission may be necessary to carry out any of the provisions of this chapter.

(e) Require persons subject to the provisions of this chapter, to furnish any information which may be in their possession, or obtainable from their accounting or other records, respecting rates, charges, classifications, or practices in conducting their business, and to furnish the commission at all times for inspection any books or papers or reports and statements, which reports and statements shall be under oath, when so required by the commission, and the form of all reports required under this chapter shall be prescribed by the commission.

(f) Either as a commission or by any of its members, or by designated employees, subpoena witnesses and take testimony, and administer oaths to any witness in any proceeding or examination instituted before it or conducted by it with reference to any matter within its jurisdiction. In all hearings or proceedings before the commission or its designated employees the evidence of
witnesses and the production of documentary evidence may be required at any designated place of hearing within the state; and in the case of disobedience to a subpoena or other process the commission or any party to the proceedings before the commission may invoke the aid of any circuit court in the state in requiring the evidence and testimony of witnesses and the production of papers, books, and documents. And such court, in case of refusal to obey the subpoena issued to any person or to any motor carrier subject to the provisions of this chapter, shall issue an order requiring such motor carrier or any person to appear before the commission or designated employees and produce all books and papers, if so ordered, and give evidence touching the matter in question. Any failure to obey such order of the court may be punished by such court as contempt thereof. A claim that such testimony or evidence may tend to incriminate the person giving the same shall not excuse such witness from testifying, but such witness shall not be prosecuted for any offense concerning which he is compelled hereunder to testify.

(g) Require common carriers by motor vehicle and contract carriers by motor vehicle subject to the provisions of this chapter either to procure insurance from a company authorized to write such insurance in West Virginia, or to qualify as a self-insurer, or to deposit such security, upon such terms and conditions and for such limits of liability as the commission shall determine to be necessary for the reasonable protection of the traveling, shipping, and general public against injury, loss, damage or default for which such carrier may be liable, and prescribe rules and regulations governing the filing of evidence of such insurance and such security with the commission. In fixing the amount of such insurance policy or policies, the qualifications as a self-insurer, or the deposit of security, the commission shall give due consideration to the character and amount of traffic, the value of the property transported, the number of persons affected, and the degree of danger involved in any such motor carrier operation.

(h) Cooperate with the federal government and the interstate commerce commission of the United States or
any other commission or organized delegated authority
to regulate interstate or foreign commerce by motor ve-
hicles, and it shall be its duty so to do, to the end that the
transportation of persons and property by motor vehicles
in interstate and foreign commerce into and through the
state of West Virginia may be regulated and the laws of
the United States and of the state of West Virginia en-
forced and administered cooperatively in the public in-
terest.

(i) Make agreements on behalf of the state of West
Virginia with any other state or states providing for
reciprocal rights, privileges, and courtesies between the
licensees or holders of certificates and permits of the said
state or states and the state of West Virginia respecting
certificates and permits, fees, assessments, and uniform
vehicle identification cards, and the transportation of
either persons or property into or through the respective
state or states and the state of West Virginia, and all
existing agreements between a state or states and the state
of West Virginia for reciprocal rights, privileges, and
courtesies may, provided constitutional and contractual
rights are not violated, be declared void by the commis-
sion, and new agreements negotiated.

(j) Promulgate safety rules and regulations applicable
to motor vehicles subject to the provisions of this chapter
and promulgate regulations governing the qualifications
and maximum hours of service of drivers and chauffeurs
of common and contract carriers by motor vehicle of
passengers and property subject to the provisions of this
chapter, and promulgate any other rules and regulations
which the commission may deem proper to carry out the
provisions and intent of this chapter.

Regulations of the Commission.

commission shall prescribe a uniform vehicle identifica-
tion card which shall be displayed within the cab of
each power unit operated by any motor carrier, showing
thereon the description and serial number of the vehicle for which it is issued and the number given to the vehicle by the commission, and may contain such other information as may be required by the commission. Such cards shall be issued annually and displayed in each such power unit not later than July first of each year. It shall be unlawful for any motor carrier to operate any power unit within this state unless said identification card is displayed within such vehicle. It shall be unlawful for the motor carrier, his agent, servant, or employee, or any other person to use or display said identification card or other insignia of authority from the commission at any time after the certificate or permit issued to said motor carrier has expired or has been cancelled, suspended, revoked, or otherwise disposed of.

Sec. 6. Motor Carrier Fund; Assessment; Collection; Appropriation.—In addition to the license fees, registration fees, or any other taxes required by law to be collected from motor carriers subject to this chapter, each such motor carrier shall be subject to, and shall pay to the public service commission, a special annual assessment for the purpose of paying the salaries, compensation, costs and expenses of administering and enforcing this chapter. All proceeds or funds derived from such assessment shall be paid into the state treasury and credited to a special fund designated public service commission motor carrier fund, to be appropriated as provided by law for the purposes herein stated. Each member of the commission shall receive a salary of two thousand dollars per annum as compensation for the administration of this chapter in addition to all other salary or compensation otherwise provided by law, to be paid in monthly installments from said fund. The special assessment against each motor carrier shall be apportioned upon the number and capacity of motor vehicles used by said carrier, computed as hereinafter provided.

(d) Beginning in one thousand nine hundred sixty-two, the actuary shall annually compute the annuity reserve liabilities for annuities being paid retirants and beneficiaries.

Sec. 14. Service Credit.—The board of trustees shall credit each member with the prior service and contributing service to which he is entitled based upon such rules and regulations as the board of trustees shall from time to time adopt: Provided, That in no case shall less than ten days of service rendered by a member in any calendar month be credited as a month of service; nor shall less than ten months of service rendered in any calendar year be credited as a year of service; nor shall more than one year of service be credited any member for all service rendered by him in any calendar year; nor shall any member who was not in the employ of a political subdivision within a period of five years immediately preceding the date the political subdivision became a participating public employer be credited with prior service.

Sec. 15. Military Service Credit.—In the event a member, who, while employed by a participating public employer, entered or enters the armed forces of the United States during any period of compulsory military service and reenters the employ of a participating public employer, such armed service rendered by him, not to exceed five years, shall be credited to him: Provided, That (1) his reemployment by a participating public employer occurs within a period of six months from and after the date of termination of such armed service actually required of him, and (2) he pays to the members deposit fund the amount he may have withdrawn therefrom, together with regular interest from the date of withdrawal to the date of repayment. In any case of doubt as to the period of service to be so credited a member, the board of trustees shall have final power to determine such period. During the period of such armed service and until his return to the employ of a participating public employer his contributions to the retirement system shall be suspended and any balance remaining to his credit in
the members deposit fund shall be accumulated at regular interest.

Sec. 16. Political Subdivision Becomes Participating Public Employer.—The state of West Virginia shall become a participating public employer effective July one, one thousand nine hundred sixty-one. Any other political subdivision may by a three-fifths vote of its governing body, or by a majority vote of its electors, elect to become a participating public employer and thereby include its employees in the membership of the retirement system. It shall be the duty of the clerk or secretary of each such political subdivision electing to become a participating public employer to certify the determination of the political subdivision to the board of trustees within ten days from and after the vote of the governing body or the canvass of votes upon such action.

Sec. 17. Retirement System Membership.—The membership of the retirement system shall consist of the following persons:

(a) All employees, as defined in section two hereof, who are in the employ of a political subdivision the day preceding the date it becomes a participating public employer and who continue in the employ of the said participating public employer on or after the said date shall become members of the retirement system; and all persons who become employees of a participating public employer on or after the said date shall thereupon become members of the system; except as provided in paragraphs (b) and (c) of this section.

(b) The membership of the retirement system shall not include any person who is a member of, or who has been retired by, the state teachers' retirement system, the judges' retirement system, the retirement system of the department of public safety, or any municipal retirement system for either, or both, policemen or firemen; and the West Virginia department of employment security, by the director of such department, may elect whether its employees will accept coverage under this article or be covered under authorization of a separate enactment: Provided, That such exclusions of membership shall not apply
to any member of the state Legislature, or to any member of the legislative body of any political subdivision.

(c) Any member of the state Legislature, or any member of the legislative body of any other political subdivision may exempt himself from membership in the retirement system by filing his written notice with the board of trustees of his desire to be so exempted: Provided, That such written notice shall be filed prior to July one, one thousand nine hundred sixty-two, if he was a member of such legislative body June thirty, one thousand nine hundred sixty-one; or prior to the expiration of a period of one year from and after the date he assumes such legislative office, if he was not a member of such legislative body June thirty, one thousand nine hundred sixty-one.

(d) Should any question arise regarding the membership status of any employee, the board of trustees has the final power to decide the question.

Sec. 18. Termination of Membership.—In the event a member leaves the employ of a participating public employer, except to become a retirant or his death, he shall thereupon cease to be a member and his credited service at that time shall be forfeited by him. If he becomes reemployed by a participating public employer he shall again become a member of the retirement system. Should his said reemployment occur within a period of five years from and after the date he last left the employ of a participating public employer his credited service last forfeited by him shall be restored to his credit: Provided, That he returns to the members deposit fund the amount, if any, he withdrew therefrom, together with regular interest thereon from the date of withdrawal to the date of repayment. Upon a member's retirement or death he shall thereupon cease to be a member.

Sec. 19. Membership Forms.—Each participating public employer shall file with the board of trustees, in such form as the board shall from time to time prescribe, a detailed statement of all service rendered to participating public employers by each of its employees, and such other
6 information as the board shall require in the operation of
7 the retirement system.

Sec. 20. Voluntary Retirement.—Any member who has
2 attained or attains age sixty years and has ten or more
3 years of credited service in force may retire upon his
4 written application filed with the board of trustees setting
5 forth at what time, not less than thirty days nor more
6 than ninety days subsequent to the execution and filing
7 thereof he desires to be retired. Upon his retirement he
8 shall receive an annuity provided for in section twenty-
9 two hereof.

Sec. 21. Deferred Retirement.—If any member, who has
2 twenty or more years of credited service in force, of which
3 at least five years are contributing service, leave the em-
4 ploy of a participating public employer prior to his attain-
5 ment of age sixty years, for any reason except his dis-
6 ability retirement or death, he shall be entitled to an
7 annuity computed according to section twenty-two hereof,
8 as the said section was in force as of the date of his said
9 separation from the employ of a participating public em-
10 ployer: Provided, That he does not withdraw his accumu-
11 lated contributions from the members deposit fund. His
12 said annuity shall begin the first day of the calendar
13 month next following the month in which his application
14 for same is filed with the board of trustees on or after his
15 attainment of age sixty-five years.

Sec. 22. Retirement Annuity.—Upon a member's retire-
2 ment, as provided in this article, he shall receive a straight
3 life annuity equal to one per cent of his final average
4 salary multiplied by the number of years, and fraction of
5 a year, of his credited service in force at the time of his
6 retirement. Upon his retirement he shall have the right
7 to elect an option provided for in section twenty-four
8 hereof.

Sec. 23. Terminal Payment.—In the event a retirant
2 dies before he has received in straight life annuity pay-
3 ments an aggregate amount equal to his accumulated con-
4 tributions standing to his credit in the members deposit
5 fund at the time of his retirement, the difference between
his said accumulated contributions and the said aggregate
amount of straight life annuity payments received by him
shall be paid to such person or persons as he shall have
ominated by written designation duly executed and filed
with the board of trustees. If there be no such designated
person or persons surviving the said retirant such differ-
ence, if any, shall be paid to his estate. In no case shall any
benefits be paid under this section on account of the
death of a retirant if he was receiving an annuity under
option A or B provided for in section twenty-four
hereof.

Sec. 24. Annuity Options.—Prior to the effective date
of his retirement, but not thereafter, a member may elect
to receive his annuity as a straight life annuity payable
throughout his life, or he may elect to receive the ac-
tuarial equivalent, at that time, of his straight life an-
nuity in a reduced annuity payable throughout his life,
and nominate a beneficiary, in accordance with option A
or B set forth below:

Option A—Joint and Survivor Annuity.—Upon the
death of a retirant, who elected option A, his reduced an-
nuity shall be continued throughout the life of and paid
to such person, having an insurable interest in his life, as
he shall have nominated by written designation duly exe-
cuted and filed with the board of trustees prior to the
effective date of his retirement; or

Option B—Modified Joint and Survivor Annuity.—Upon
the death of a retirant who elected option B, one half of
his reduced annuity shall be continued throughout the life
of and paid to such person, having an insurable interest in
his life, as he shall have nominated by written designation
duly executed and filed with the board of trustees prior
to the effective date of his retirement.

Sec. 25. Disability Retirement.—(a) Upon the applica-
tion of a member, or his employing authority, a member
who (1) is in the employ of a participating public em-
ployer, (2) has ten or more years of credited service, and
(3) becomes totally and permanently incapacitated for
duty in the employ of a participating public employer, by
reason of a personal injury or disease, may be retired by
the board of trustees: Provided, That after a medical ex-
amination of the said member, made by or under the di-
rection of a medical committee consisting of three physi-
cians, one of whom shall be named by the board, one by
the said member, and the third by the first two physicians
so named, the said medical committee reports, in writing,
to the board that (1) the said member is physically or
mentally totally incapacitated for duty in the employ of a
participating public employer, (2) that such incapacity
will probably be permanent, and (3) that the said mem-
er should be retired.

(b) A member with less than ten years of credited
service shall have the service requirement provided for in
paragraph (a) above waived in the event (1) the board
of trustees finds his total and permanent disability to be
the natural and proximate result of a personal injury or
disease arising out of and in the course of his actual per-
formance of duty in the employ of a participating public
employer, and (2) he is in receipt of workmen's compen-
sation on account of such physical or mental disability.

(c) Upon a member's retirement, as provided in this
section, he shall receive a straight life annuity computed
according to section twenty-two hereof and he shall have
the right to elect an option provided for in section twenty-
four hereof: Provided, That his straight life annuity pay-
able to his attainment of age sixty-five years shall not be
less than twenty-five per cent of his final average salary;
and his said straight life annuity payable from and after
his attainment of age sixty-five years shall not be less
than ten per cent of his final average salary: Provided
further, That his said annuity shall be subject to section
twenty-six hereof.

Sec. 26. Re-examination of Disability Retirants.—(a)
At least once each year during the first five years follow-
ing the retirement of a member on account of disability,
as provided in section twenty-five hereof, and at least once
in each three-year period thereafter, the board of trustees
may, and upon the retirant's application shall, require a
disability retirant, who has not attained age sixty years, to
undergo a medical examination to be made by or under
the direction of a physician designated by the board.
Should the said retirant refuse to submit to such medical
examination in any such period his disability annuity
may be discontinued by the board until his withdrawal
of such refusal. Should such refusal continue for one year
all his rights in and to his annuity may be revoked by the
board. If upon such medical examination of a disability
retirant, the said physician reports to the board that the
retirant is physically able and capable of resuming em-
ployment with a participating public employer he shall
be returned to the employ of the participating public em-
ployer from whose employment he retired and his dis-
ability annuity shall terminate: Provided, That the report
of the said physician is concurred in by the board.

(b) A disability retirant who is returned to the employ
of a participating public employer shall again become a
member of the retirement system and his credited service
in force at the time of his retirement shall be restored to
his credit.

(c) If a disability retirant, who has not attained age
sixty years, becomes engaged in a gainful occupation,
business or employment, and the sum of his earnings
from such occupation, business or employment, and his
disability annuity exceeds his annual rate of compensa-
tion at the time of his retirement, his disability annuity
shall be reduced to an amount which when added to the
amount so earned by him shall equal his said annual rate
of compensation. If his earnings are later changed, his
disability annuity shall be correspondingly adjusted.

Sec. 27. Nonduty Death Annuities.—(a) Any member
who continues in the employ of a participating public
employer on or after the date he either (1) acquires twen-
ty-five years of credited service, or (2) attains age sixty
years and has ten or more years of credited service, may
at any time prior to the effective date of his retirement,
by written declaration duly executed and filed with the
board of trustees, in the same manner as if he were then
retiring from the employ of a participating public em-
ployer, elect option A provided for in section twenty-four
hereof, and nominate a beneficiary whom the board finds

to have been dependent upon the said member for at least

fifty per cent of his financial support. Prior to the effective
date of his retirement a member may revoke his said
election of option A and nomination of beneficiary and he
may again prior to his retirement elect the said option A

and nominate a beneficiary as provided in this subsection.

Upon the death of a member who has an option A elec-
tion in force, his beneficiary, if living, shall immediately
receive an annuity computed in the same manner in all
respects as if the said member had retired the day pre-
ceeding the date of his death, notwithstanding that he
might not have attained age sixty years, and elected the
said option A. If at the time of his retirement a member
has an option A election in force, his said election of option
A and nomination of beneficiary shall thereafter con-
tinue in force.

(b) Any member who continues in the employ of a

participating public employer on or after the date he
either acquires twenty-five years of credited service, or
attains age sixty years and has ten or more years of cred-
ited service, and does not have an option A election in
force as provided in subsection (a) of this section, and (1)
dies while in the employ of a participating public em-
ployer, and (2) leaves a widow, or, in the case of a female
member, leaves a widower whom the board of trustees
finds to be totally and permanently disabled and to have
been dependent upon the said female member for at least
fifty per cent of his financial support, the said widow or
widower, as the case may be, shall immediately receive
an annuity computed in the same manner in all respects
as if the said member had (1) retired the day preceding
the date of his death, notwithstanding that he might not
have attained age sixty years, (2) elected option A pro-
vided for in section twenty-four hereof, and (3) nominated
his said widow or widower, as the case may be, as bene-

Sec. 28. Funds of Retirement System.—For financing

and accounting purposes the West Virginia public em-
ployees retirement system shall consist of two divisions,
namely, the state division for the participation of state
employees, and the public employer division for the par-
ticipation of the public employees who are not state em-
ployees. Separate accounting of the retirement system
transactions shall be maintained for each division showing
the equities of each division in the assets of the system.
The retirement system funds shall be (1) the members
deposit fund, (2) the employers accumulation fund, (3)
the retirement reserve fund, (4) the income fund, and
(5) the expense fund. Each such fund shall be main-
tained by the board of trustees for the state division and
the public employer division, respectively. Nothing con-
tained in this section shall be interpreted to mean that
the assets of the system are to be segregated between the
division or the funds.

Sec. 29. Members Deposit Fund.—(a) The members de-
posit fund is hereby created. It shall be the fund in which
shall be accumulated, at regular interest, the contribu-
tions deducted from the compensations of members, and
from which refunds of accumulated contributions shall
be paid and transfers made as provided in this section.
(b) The contributions of a member to the retirement
system shall be three and five-tenths per cent of his an-
nual compensations. The said contributions shall be made
notwithstanding that the minimum salary or wages pro-
vided by law for any member shall be thereby changed.
Each member shall be deemed to consent and agree to the
deductions made and provided for herein. Payment of a
member's compensation less said deductions shall be a
full and complete discharge and acquittance of all claims
and demands whatsoever for services rendered by him to
a participating public employer, except as to benefits pro-
vided by this article.
(c) The officer or officers responsible for making up the
pay rolls for payroll units of the state government and for
each of the other participating public employers shall
cause the contributions, provided for in paragraph (b)
above, to be deducted from the compensations of each
member in the employ of the participating public em-
ployer, on each and every payroll, for each and every pay-
roll period, from the date the member enters the retirement system to the date his membership terminates. When deducted, each of said amounts shall be paid by the participating public employer to the retirement system; said payments to be made in such manner and form, and in such frequency, and shall be accompanied by such supporting data, as the board of trustees shall from time to time prescribe. When paid to the retirement system each of said amounts shall be credited to the members deposit fund account of the member from whose compensations said contributions were deducted.

(d) In addition to the contributions deducted from the compensations of a member, as heretofore provided, a member shall deposit in the members deposit fund, by a single contribution or by an increased rate of contribution as approved by the board of trustees, the amounts he may have withdrawn therefrom and not repaid thereto, together with regular interest from the date of withdrawal to the date of repayment. In no case shall a member be given credit for service rendered prior to the date he withdrew his contributions or accumulated contributions, as the case may be, until he returns to the members deposit fund all amounts due the said fund by him.

(e) Upon the retirement of a member, or if a survivor annuity becomes payable on account of his death, in either event his accumulated contributions standing to his credit in the members deposit fund shall be transferred to the retirement reserve fund.

(f) In the event an employee's membership in the retirement system terminates and no annuity becomes or will become payable on his account, any accumulated contributions standing to his credit in the members deposit fund, unclaimed by the said employee, or his legal representative, within three years from and after the date his membership terminated, shall be transferred to the income fund.

Sec. 30. Refund of Accumulated Contributions.—(a) In the event a member leaves the employ of a participating public employer prior to the date he becomes entitled to retire with an annuity payable by the retirement system
he shall be paid, upon his written application filed with
the board of trustees, his accumulated contributions
standing to his credit in the members deposit fund, if his
separation from the employ of a participating public em-
ployer occurs within a period of five years from and after
the date he last became a member of the system. If his
said separation from the employ of a participating public
employer occurs within a period of five years from and
after the date he last became a member of the system, he
shall be paid his accumulated contributions standing to
his credit in the members deposit fund less the total in-
terest credited to his individual account therein; and the
said total interest credit shall be transferred to the income
fund.

(b) In the event a member dies and does not leave a
beneficiary entitled to an annuity payable by the retire-
ment system, his accumulated contributions standing to
his credit in the members deposit fund at the time of his
death shall be paid to such person or persons as he shall
have nominated by written designation duly executed
and filed with the board of trustees. If there be no such
designated person or persons surviving the said member,
his said accumulated contributions shall be paid to his
estate.

(c) Refunds of a member's contributions or accumu-
lated contributions, as the case may be, may be made in
equal installments according to such rules and regula-
tions as the board of trustees may from time to time
adopt.

Sec. 31. Employers Accumulation Fund.—The employ-
ers accumulation fund is hereby created. It shall be the
fund in which shall be accumulated the contributions
made by the participating public employers to the re-
tirement system, and from which transfers shall be made
as provided in this section.

(b) Based upon the provisions of section thirteen of
this article, the participating public employers' contribu-
tions to the retirement system shall be determined, ac-
cording to paragraphs (1), (2), (3) and (4) below, for
the state as the state division, and for the other participating public employers as the public employer division.

(1) The participating public employers' contributions for members' current service shall be a per cent of the members' annual compensation which will equal an amount which if paid annually by the participating public employers during the members' future service will be sufficient to provide, at the time annuities will become payable on their account, the difference between the annuity reserves for the future service portions of the annuities to be paid and the present value of the members' future net contributions.

(2) The participating public employers' contributions for members' accrued service shall be a per cent of the members' annual compensation which will equal an amount which if paid annually by the participating public employers over a period of years, to be determined by the board of trustees, will amortize, at regular interest, the unfunded annuity reserves for the accrued portions of the annuities to be paid on account of members.

(3) The participating public employers' contributions for annuities being paid retirants and beneficiaries shall be a per cent of the members' annual compensations which will equal an amount which if paid annually by the participating public employers over a period of years, to be determined by the board of trustees, will amortize, at regular interest, the unfunded annuity reserves for annuities being paid retirants and beneficiaries.

(4) In no year shall the total of the contributions, provided for in paragraphs (1), (2) and (3) above, to be paid by any participating public employer exceed five per cent of the total payroll for the members in the employ of such participating public employer for the preceding fiscal year.

Sec. 32. State Contributions to Retirement System.—
(a) At least thirty days prior to each regular session of the Legislature, the board of trustees shall certify to the governor the contributions, determined according to section thirty-one hereof, to be made by the state to the retirement system for the next following fiscal year; the
said contributions to be based upon the state's total payroll for the preceding twelve calendar months. The amounts so ascertained shall be included in the appropriation bill to be submitted to the Legislature. In the event the state's contributions for the fiscal year are less than they would have been based upon the state's actual payroll for the fiscal year, the amount of the insufficiency shall be included in the appropriation bill for the next following fiscal year. The said contributions shall be paid to the retirement system quarterly and when paid shall be credited to the employers' accumulation fund.

(b) In the case of any member whose compensation is paid out of moneys derived in whole or in part out of any special fund, or from any source other than the state, then contributions on behalf of such member in any year shall be paid out of such special fund or by such other source in proportion to that part of the member's compensation derived therefrom for that year. The governing body of each participating public employer is hereby authorized to make such contributions from funds of the participating public employer as shall be necessary to pay its proportionate share of contributions on account of each state employee whose compensation is paid by such participating public employer.

Sec. 33. Contributions by Other Participating Public Employers.—(a) The board of trustees shall annually certify to each participating public employer, other than the state, the employer contribution rate, determined in section thirty-one hereof, for the public employer division. Each participating public employer shall pay to the state treasurer, for credit to the retirement system, the contributions equal to the said contribution rate applied to each and every payroll of the participating public employer. The said payments shall be made in such manner and form, and in such frequency, and shall be accompanied by such supporting data, as the board shall from time to time prescribe. When paid, the said contributions shall be credited to the employers' accumulation fund.

(b) If any participating public employer, other than the state, fails to make any payment due the retirement
system for a period of sixty days after the payment is
due, the participating public employer shall become de-
linquent, and such delinquency shall be certified to the
state auditor by the board of trustees. If any participating
public employer becomes delinquent, as provided herein,
the state auditor is authorized and directed to withhold
any money due such participating public employer by
the state until such delinquency, together with regular
interest thereon, from the date due, is satisfied. Such
money so withheld by the state auditor shall be paid to
the retirement system and credited to the employers ac-
cumulation fund.

Sec. 34. Transfers from Employers Accumulation Fund.
—Upon the retirement of a member, or if an annuity be-
comes payable on account of the death of a member, the
difference between the annuity reserve and the member's
accumulated contributions standing to his credit in the
members deposit fund at the time of his retirement or
death, as the case may be, shall be transferred to the re-
tirement reserve fund.

Sec. 35. Retirement Reserve Fund.—The retirement
reserve fund is hereby created. It shall be the fund from
which shall be paid all annuities payable as provided in
this article. If a disability retirant returns to the employ
of a participating public employer, his annuity reserve at
that time shall be transferred from the retirement reserve
fund to the members deposit fund and the employers
accumulation fund in the same proportions as the annuity
reserve was originally transferred to the retirement re-
serve fund. The amount so transferred to the members
deposit fund shall be credited to his individual account
therein.

Sec. 36. Income Fund.—The income fund is hereby
created. It shall be the fund to which shall be credited
all interest, dividends and other income from invest-
ments of the retirement system, all transfers from the
members deposit fund by reason of lack of claimant or
forfeiture of interest credits, and all other moneys re-
ceived by the retirement system, the disposition of which
is not specifically provided for in this article. The board
of trustees may accept gifts and bequests and same shall
be credited to the income fund. There shall be paid or
transferred from the income fund all amounts required
to credit regular interest to the members deposit fund,
employers accumulation fund, and the retirement reserve
fund, as provided in this article. Whenever the board
determines that the balance in the income fund is more
than sufficient to cover the current charges to the fund,
the board may, by resolution, provide for contingency
reserves, or for the transfer of such excess, or portions
thereof, to cover the needs of the other funds of the re-
tirement system.

Sec. 37. Expense Fund.—The expense fund shall be the
fund from which shall be paid the expenses incurred in
the administration of the retirement system. The cost of
administering the system shall be paid by the state and
the other participating public employers on a proportion-
ate basis to be determined by the board of trustees. The
board shall annually certify to the governor the state’s
proportionate share of the cost of administration and to
each of the other participating public employers their
respective shares, and each of said participating public
employers shall pay the amounts due by them to the state
treasurer for credit to the expense fund.

Sec. 38. Investment of Moneys.—All moneys of the re-
tirement system not currently required for the payment
of annuities or other benefits shall be invested by the
board of public works in any securities or investments in
which the sinking funds of the state may be legally in-
vested, or in any securities or investments in which the
deposits in savings banks and participation deposits in
banks and trust companies may be legally invested, as
provided by the general laws. The board of public works
shall have full power to hold, purchase, sell, assign, trans-
fer or dispose of any of the securities or investments in
which any of the moneys of the retirement system have
been invested, as well as the proceeds of such investments.
It shall be the duty of every state department or insti-
tution issuing any bonds to offer same in writing to the
board of public works prior to advertising them for sale.
The said board, within fifteen days from and after receipt of such offer, may accept or reject such offer in whole or in part. Available cash on deposit shall not exceed ten per cent of the total assets of the system.

Sec. 39. No Trustee Shall Gain from Investments of System.—Except as otherwise provided in this article, no trustee, no member of the board of public works, and no employee of the board of trustees shall have any interest, direct or indirect, in the gains or profits arising from any investment or reinvestment of retirement system moneys. No trustee, no member of the board of public works, and no employee of the board of trustees shall, directly or indirectly, for himself or as an agent or partner of others, in any manner use the same, except to make current and necessary payments as are authorized by the board of trustees. No trustee, no member of the board of public works, and no employee of the board of trustees shall become an endorser or surety or become in any manner an obligor for moneys loaned or borrowed by the retirement system. Nothing contained herein shall be construed to impair the rights of any member of the retirement system to benefits provided by the system.

Sec. 40. Restricted Use of Retirement System Moneys.—The moneys, investments and all other assets of the retirement system shall be used for the sole purpose of meeting the disbursements for annuities and other payments authorized by this article, and shall be used for no other purpose whatsoever.

Sec. 41. Allowance of Regular Interest.—The board of trustees shall, at the end of each fiscal year, allow and credit regular interest on the balance at the beginning of the said fiscal year in each member’s individual account in the members deposit fund, and on the mean balances in the employers accumulation fund and the retirement reserve fund. The interest so allowed and credited shall be charged to the income fund.

Sec. 42. Fiscal Year.—The fiscal year of the retirement system shall coincide with the fiscal year of the state.

Sec. 43. Pro Rata Reduction of Annuities.—Any provi-
Ch. 118) [Retirement of Public Employees] 471

2. Section in this article to the contrary notwithstanding, if at the end of any fiscal year the total of the annuities paid from the retirement reserve fund during the said fiscal year is more than ten per cent of the sum of the balances in the employers accumulation fund and the retirement reserve fund at the end of the said fiscal year, the said annuities payable in the next ensuing fiscal year shall be reduced, pro rata, so that the sum of the annuities so reduced shall not exceed ten per cent of the sum of the said balances in the employers accumulation fund and the retirement reserve fund. The said pro rata reduction shall be applied to all annuities payable in the said ensuing fiscal year.

Sec. 44. Errors.—Should any change or error in the records of any participating public employer or the retirement system result in any person receiving from the system more or less than he would have been entitled to receive had the records been correct, the board of trustees shall correct such error, and as far as is practicable shall adjust the payment of the benefit in such manner that the actuarial equivalent of the benefit to which such person was correctly entitled shall be paid.

Sec. 45. Fraud; Penalty.—Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records of the retirement system in any attempt to defraud the system shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished accordingly.

Sec. 46. Right to Benefits Not Subject to Execution, etc.; Assignments Prohibited.—The right of a person to any benefit provided for in this article shall not be subject to execution, attachment, garnishment, the operation of bankruptcy or insolvency laws, or other process whatsoever, nor shall any assignment thereof be enforceable in any court: Provided, That should a member be covered by a group insurance or prepayment plan participated in by a participating public employer, and should he be permitted to, and elect to, continue such coverage as a retiree, he may authorize the board of trustees to have deducted from his annuity the payments required of him
to continue coverage under such group insurance or pre-

payment plan: Provided further, That a participating

public employer shall have the right of setoff for any

claim arising from embezzlement by, or fraud of, a mem-

ber, retiree or beneficiary.

Sec. 47. Tax Exemptions.—The annuities and other

benefits provided by this article, and the assets of the

retirement system, are hereby exempt from state, county

and municipal taxes.

Sec. 4. Form of Coupon.—The form of coupon shall be
substantially as follows, to wit:

STATE OF WEST VIRGINIA

Sec. 6. State Road Sinking Fund Sources Used to Pay Bonds and Interest; Investment of Remainder.—Into the state road sinking fund there shall be paid all moneys received from the annual state tax levy on the taxable property in the state levied under the provisions of this act, from any and all appropriations made by the state from other sources for the purpose of paying the interest on such bonds or paying off and retiring the bonds, from fines, forfeitures and penalties, if any, made applicable by law for the payment of such bonds or the interest thereon, from transfer fees as herein provided, and from any source whatsoever, which is made liable by law for the payment of the principal of such bonds or the interest thereon.

All such funds shall be kept by the treasurer in a separate account, under the designation aforesaid, and all money belonging to the fund shall be deposited in the state treasury to the credit thereof.

Such fund shall be applied by the treasurer of the state first to the payment of the semiannual interest on such bonds as it shall become due as herein provided. The remainder of the fund shall be turned over by the state treasurer to the state sinking fund commission, whose duty it shall be to invest the same in bonds of the government of the United States, bonds of the state of West Virginia, or any political subdivision thereof: Provided, however, That bonds so purchased by the state sinking fund commission shall mature so as to provide sufficient money to pay off all bonds herein provided to be issued as they become due; and the money so paid into the state road sinking fund under the provisions of this act shall be expended for the purpose of paying the interest and principal of the bonds hereby provided for as they severally become due and payable and for no other purpose except that the fund may be invested until needed, as herein provided.

Sec. 7. Tax Levy to Pay, unless other Funds Available.—In order to provide the revenue necessary for the pay-
ment of the principal and interest of such bonds, as here-
inbefore provided, the board of public works, within the
limits prescribed by the constitution, is authorized, em-

real and personal property subject to taxation within
this state, sufficient to pay interest on the bonds accruing
during the current year and one twenty-fifth of the total
issue (at par value) of such bonds, for such number of
years, not exceeding twenty-five, as may be necessary
to pay the interest thereon and to pay off the principal
sum of the bonds; and such taxes, when so collected, shall
not be liable for or applicable to any other purpose:
Provided, however, That if there be other funds in the
state treasury, or in the state road funds, in any fiscal
year, not otherwise appropriated, or if other sources of
revenue be hereafter provided by law for the purpose,
the board of public works is authorized, empowered and
directed to set apart, in any year there be such funds, or
other sources of revenue provided for such purpose, a
sum sufficient to pay the interest on bonds accruing
during the current year, and to pay off, and retire the
principal of such bonds, or any part thereof, at maturity.

The authority hereby vested in the board of public
works shall be in addition to the authority now vested
in it by present law.

Sec. 8. Sale by Governor; Minimum Price.—The gov-
ernor shall sell the bonds herein mentioned at such time
or times as he may determine necessary to provide funds
for road construction and maintenance purposes, as here-

accrued interest. All interest coupons becoming payable
prior to the sale date shall be canceled by the treasurer

When interim certificates are so issued, they shall become full and legal obligations of the state of West Virginia under all of the provisions of this act just as fully and completely as the engraved and permanent bonds.

Sec. 13. Payment of Expenses.—All necessary expenses incurred in the execution of this act shall be paid out of the state road fund on warrants of the auditor of the state drawn on the state treasurer.

CHAPTER 120

(House Bill No. 283—By Mr. Poindexter and Mr. Casey)

[Passed March 9, 1961; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend article seventeen, chapter seventeen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by amending and reenacting sections nineteen, twenty-two, twenty-three and twenty-three-b, all relating to toll bridges and the powers and duties of the state road commissioner of West Virginia.

Article 17. Toll Bridges.

Section
22. Tolls to be charged; intrastate and interstate bridges; purchase of existing bridges; disposition of tolls.
23. When tolls to cease.
23-b. Combining of bridges; imposition or reimposition of tolls upon existing bridges; revenue bonds; disposition of tolls.
Be it enacted by the Legislature of West Virginia:

That article seventeen, chapter seventeen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by amending and reenacting sections nineteen, twenty-two, twenty-three and twenty-three-b of said article, all to read as follows:

Section 19. Bridge Revenue Bonds; Proceeds.—The commission may pay the cost as defined hereinabove of any one or more such bridges by the issuance of bridge revenue bonds of the state, by a resolution of the commission which shall recite an estimate by the commission of such cost, the principal and interest of which bonds shall be payable solely from the special fund herein provided for such payment. The commission, after any such issue of bonds or simultaneously therewith, may issue further issues of bonds to pay the cost of any other one or more of such bridges, in the manner and subject to all of the provisions herein contained as to the bonds first mentioned in this section. All such bonds shall have and are hereby declared to have all the qualities of negotiable instruments under the law merchant. Such bonds shall bear interest at not more than six percent per annum, payable semiannually, and shall mature in not more than forty years from their date or dates and may be made redeemable at the option of the state, to be exercised by the commission, at such price and under such terms and conditions as the commission may fix prior to issuance of such bonds. The commission shall determine the form of such bonds, including coupons to be attached thereto to evidence the right of interest payments, which bonds shall be signed by the governor and the chairman of the commission, under the great seal of the state, attested by the secretary of state, and the coupons attached thereto shall bear the facsimile signature of the chairman of the commission. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. The commission shall fix the denominations of such bonds, the principal and interest of which
shall be payable at the office of the treasurer of the state of West Virginia, at the capitol of said state, or, at the option of the holder, at some bank or trust company in the city of New York to be named in the bonds, either in lawful money or in gold coin of the United States, or equal to the then current standard of weight and fineness, as may be determined by the commission. Such bonds shall be exempt from taxation by the state of West Virginia or any county or municipality therein. The commission may provide for the registration of such bonds in the name of the owner as to principal alone and as to both principal and interest under such terms and conditions as the commission may determine, and shall sell such bonds in such manner as it may determine to be for the best interest of the state, taking into consideration the financial responsibility of the purchaser and the terms and conditions of the purchase and especially the availability of the proceeds of the bonds when required for payment of the cost of the bridges, such sale to be made at a price not lower than a price which, computed upon standard tables of bond values, will show a net return of six percent per annum to the purchaser upon the amount paid therefor.

The proceeds of such bonds shall be used solely for the payment of the cost of the bridges, and shall be checked out by the chairman of the commission and the secretary-treasurer thereof and under such further restrictions, if any, as the commission may provide. If the proceeds of such bonds, by error or calculation or otherwise, shall be less than the cost of the bridge or bridges, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the trust agreement hereinafter mentioned, shall be deemed to be of the same issue and shall be entitled to payment from the same fund, without preference or priority of the bonds first issued for the same bridge or bridges. If the proceeds of bonds issued for any bridge or bridges shall exceed the cost thereof, the surplus shall be paid into the fund hereinafter provided for payment of the principal and interest of such bonds. Such fund may be used for the purchase of any of the outstanding bonds payable
from such fund at the market price, but at not exceeding
the price, if any, at which such bonds shall in the same
year be redeemable, and all bonds redeemed or purchased
shall forthwith be cancelled and shall not again be issued.

Prior to the preparation of definitive bonds, the com-
mission may under like restrictions issue temporary bonds
with or without coupons, exchangeable for definitive
bonds upon the issuance of the latter. Such revenue bonds
may be issued without any other proceedings or the hap-
pening of any other conditions or things than those pro-
ceedings, conditions and things which are specified and
required by this article or by the constitution of the state.

Sec. 22. Tolls to Be Charged; Intrastate and Interstate
Bridges; Purchase of Existing Bridges; Disposition of
Tolls.—Tolls shall be fixed, charged and collected for
transit over such bridges and shall be so fixed and ad-
justed, in respect of the aggregate of tolls from the bridge
or bridges for which a single issue of bonds is issued, as
to provide a fund sufficient to pay the principal and inter-
est of such issue of bonds and to provide an additional
fund to pay the cost of maintaining, repairing and operat-
ing such bridge or bridges, subject, however, to any ap-
plicable law or regulation of the United States of America
now in force or hereafter to be enacted or made. Two
or more bridges may be included in one issue of bonds,
and intrastate and interstate bridges may be grouped in
the same issue: Provided, That no existing bridge or
bridges shall be acquired by purchase, eminent domain, or
otherwise, unless the state road commissioner shall have
determined that the income therefrom, based upon the
toll receipts for the next preceding fiscal or calendar year,
will be sufficient to pay all expenses of operating and
maintaining such bridge, in addition to the interest and
sinking fund requirements of any bonds to be issued to
pay the purchase price thereof, or, if such existing bridge
or bridges are to be combined with any other bridge
or bridges, either then existing or thereafter to be con-
structed or acquired by purchase, eminent domain, or
otherwise, as provided in section twenty-three-b follow-
ing, unless the state road commissioner shall have deter-
mined that the income from such combined bridges, based
upon the toll receipts for the next preceding fiscal or
calendar year in the case of any existing bridge or bridges
and upon estimates of future toll receipts in the case of
any bridge or bridges to be constructed, will be sufficient
to pay all expenses of operating and maintaining such
combined bridges, in addition to the interest and sinking
fund requirements of any bonds issued to pay the pur-
chase price of such existing bridge or bridges and the in-
terest and sinking fund requirements of any bonds issued
to pay the cost of construction, acquiring, modernizing, re-
pairing, reconstructing or improving any bridge or bridges
and approaches thereto, with which such existing bridge
or bridges are to be so combined. The tolls from the bridge
or bridges for which a single issue of bonds is issued,
except such part thereof as may be necessary to pay such
cost of maintaining, repairing and operating during any
period in which such cost is not otherwise provided for
(during which period the tolls may be reduced accord-
ingly), shall be transmitted each month to the state sink-
ing fund commission and by it placed in a special fund
which is hereby pledged to and charged with the payment
of the principal of such bonds and the interest thereon,
and to the redemption or repurchase of such bonds, such
special fund to be a fund for all such bonds without dis-
tinction or priority of one over another. The moneys in
such special fund, less a reserve for payment of interest,
if not used by the sinking fund commission within a
reasonable time for the purchase of bonds for cancella-
tion at a price not exceeding the market price and not
exceeding the redemption price, shall be applied to the
redemption of bonds by lot at the redemption price then
applicable.

Any bridge or bridges constructed or acquired by pur-
chase, eminent domain, or otherwise, or reconstructed, re-
paired or improved, under the provisions of this article and
forming a connecting link between two or more state
highways, or providing a river crossing for a state high-
way, are hereby adopted as a part of the state road sys-
tem, but no such bridge or bridges shall be constructed
or acquired by purchase, eminent domain, or otherwise,
or reconstructed, repaired or improved, under the pro-
visions of this article without the approval in writing of
the state road commissioner and the governor. If there
be in the funds of the state sinking fund commission an
amount insufficient to pay the interest and sinking fund
on any bonds issued for the purpose of constructing or
acquiring by purchase, eminent domain, or otherwise, or
reconstructing, repairing or improving, such bridge or
bridges, the state road commissioner is authorized and
directed to allocate to said commission, from the state
road fund, an amount sufficient to pay the interest on said
bonds and/or the principal thereof, as either may become
due and payable.

Sec. 23. When Tolls to Cease.—When the particular
bonds issued for any bridge or bridges and the interest
thereon shall have been paid, or a sufficient amount shall
have been provided for their payment and shall continue
to be held for that purpose, and there are no operating
or maintenance expenses outstanding, and any advances
made from the state road fund toward the construction,
operation and maintenance of such bridge or bridges shall
have been repaid, the authority operating such bridge or
bridges shall cease the collection of tolls for the use there-
of: Provided, however, That the commissioner may, in
his discretion, continue thereafter tolls for a period suffi-
cient to accumulate sufficient funds to pay for major main-
tenance and repairs foreseeable as being needed on such
bridge or bridges in the immediate future: And provided
further, That tolls may be imposed or reimposed on any
such bridge or bridges in the manner provided in section
twenty-three-b following. Thereafter, and as long as the
cost of maintaining, repairing and operating such bridge
or bridges is being provided for through means other
than tolls, no tolls shall be charged for transit thereover
and such bridge or bridges shall be free: Provided, how-
ever, That notwithstanding any other provision of law,
if any portion of the cost of construction of a toll bridge
is financed, with the aid of federal funds under federal-
aid road legislation and the share of the cost of such bridge
borne by the state or its subdivisions shall have been
repaid from tolls, or a fund sufficient for such repayment
shall have been provided or set aside for that purpose,
The commissioner is hereby empowered to combine any two or more bridges, including existing bridges and bridges to be constructed or acquired by purchase, eminent domain or otherwise and to pledge all or any part of the revenue derived from such combined bridges to the payment of interest and sinking fund requirements of any bonds issued in respect of said combined bridges, or either of them, pursuant to this section.

The commissioner is hereby authorized to impose or reimpose tolls or other charges on any existing bridge or bridges which shall be combined, pursuant to this section, with any other bridge, either existing or to be constructed or acquired and the tolls and other charges fixed by the commissioner for the bridges so combined, pursuant to this section, shall be fixed and adjusted in respect to the aggregate of tolls from the bridges so combined, so as to be sufficient to pay all expenses of operating, maintaining and repairing the combined bridges and the interest and sinking fund requirements of any bonds issued in respect of said combined bridges, or either of them, pursuant to this section: Provided, however, That no such tolls or other charges shall be imposed or reimposed on any existing bridge unless the imposition or reimposition thereof shall have, first, been approved by a resolution duly adopted by the council or other governing body of the municipality in which such existing bridge is situate, or, if such existing bridge is not situate within the limits of a municipality, then the imposition or reimposition of such tolls or other charges shall be first approved by an order duly adopted by the county court of the county or counties in which such existing bridge is situate. In either case, a certified copy of the resolution or order shall be filed with the commissioner.

The tolls and other charges from bridges so combined pursuant to this section, for which bonds are issued pur-
suant to this section, except such part thereof as may
be necessary to pay the cost of maintaining, repairing,
and operating such bridges during any period in which
such cost is not otherwise provided for (during which
period the tolls may be reduced accordingly), shall be
transmitted each month to the state sinking fund com-
mission and by it placed in a special fund which is hereby
pledged to and charged with the payment of the prin-
cipal of such bonds and the interest thereon, and to the
redemption or repurchase of such bonds, such special fund
to be a fund for all such bonds without distinction or
priority of one over another. The moneys in such special
fund, less a reserve for payment of interest and sinking
fund requirements, if not used by the sinking fund com-
mission within a reasonable time for the purchase of bonds
for cancellation at a price not exceeding the market price
and not exceeding the redemption price, shall be applied
to the redemption of bonds by lot at the redemption price
then applicable.

The commission may pay the cost, as hereinbefore in
this article defined, of construction or acquisition by pur-
chase, eminent domain or otherwise of any bridge or
bridges combined with any other bridge or bridges pur-
suant to this section and/or the cost of modernization,
improvement, repair and reconstruction of any existing
bridge so combined with any other bridge or bridges
pursuant to this section, including modernization, im-
provement, repair, reconstruction, construction and acqui-
sition of approaches thereto, by the issuance of bridge
revenue bonds of the state. Any such bridge revenue
bonds shall be issued in the manner and in accordance
with the procedure for the issuance of bridge revenue
bonds hereinbefore set forth in this article: Provided,
however, That nothing in this article shall be construed
to permit any combination of an existing toll bridge with
any other bridge at any time when there are bonds on
such existing toll bridge unpaid or when any such toll
bridge bonds, either the principal or interest thereon, are
in default.

Refusal, neglect, or failure on the part of the proper legal authority of the agency to take prompt and efficient legal action to carry into effect the findings of any such examination, or to prosecute the same to a final conclusion, shall give to the chief inspector the right to institute the necessary proceedings, or to participate therein, and to prosecute the same in any of the courts of the state, to a final conclusion.

The cost of this service shall be the actual cost and expense of the service performed, including transportation, hotel, meals, materials, per diem compensation of deputies, assistants, clerical help and such other costs as may be necessary to enable them to perform the services required. The chief inspector shall render to the agency liable for such cost a statement thereof as soon after the same was incurred as practicable, and it shall be the duty of such agency to allow the same, and cause it to be paid promptly in the manner that other claims and accounts are allowed and paid, and such total amount shall constitute a debt against the local agency due the state. Whenever there is in the state treasury a sum of money due any such county court, board of education or municipality from any source, upon the application of the chief inspector, the same shall be at once applied on the debt aforesaid against the county court, board of education or municipality, and the fact of such application of such fund shall be reported by the auditor to the said county court, board of education or municipality, which report shall be a receipt for the amount therein named. All money received by the chief inspector from this source shall be paid into the state treasury, shall be deposited to the credit of an account to be known as chief inspector’s fund and shall be expended only for the purpose of covering the cost of such services, unless otherwise directed by the Legislature. The cost of any such examination, service or act by the chief inspector made necessary, or
such part thereof as was made necessary, by the wilful fault of any officer or employee, may be recovered by the chief inspector from such person, on motion, on ten days' notice in any court having jurisdiction.

1. There shall be appropriated from the state fund general revenue the sum of twenty-five thousand dollars to be transferred to this fund to create a revolving fund which, together with other payments into this fund as provided in this article, shall constitute a fund to defray the cost of this service.

Sec. 8. Rules of Commission.—The present merit system council rules shall be transformed into the temporary rules of the civil service commission and shall continue in effect until the director of personnel prepares and submits to the civil service commission new rules for the classified service.

Such new rules shall be filed and made effective in conformity with article two, chapter five of this code after public notice and public hearing. Amendments thereto may be made in the same manner. The new rules shall provide:

(1) For the preparation, maintenance and revision of a position classification plan for all positions in the classified service, based upon similarity of duties performed and responsibilities assumed, so that the same qualifications may reasonably be required for and the same schedule of pay may be equitably applied to all positions in the same class. After such classification has been approved by the commission, the director shall allocate the position of every employee in the classified service to one of the classes in the plan. Any employee affected by the allocation of a position to a class shall, after filing with the director of personnel a written request for reconsideration thereof in such manner and form as the director may prescribe, be given a reasonable opportunity to be heard thereon by
the director. The interested appointing authority shall be
given like opportunity to be heard.

(2) For a pay plan for all employees in the classified
service, after consultation with appointing authorities and
the state fiscal officers, and after a public hearing held
by the commission. Such pay plan shall become effective
only after it has been approved by the governor after sub-
mission to him by the commission. Amendments to the
pay plan may be made in the same manner. Each em-
ployee shall be paid at one of the rates set forth in the
pay plan for the class of position in which he is employed.
The principle of equal pay for equal work in the several
agencies of the state government shall be followed in the
pay plan as established hereby.

(3) For open competitive examinations to test the rela-
tive fitness of applicants for the respective positions. Such
examinations need not be held until after the rules have
been adopted, the service classified and a pay plan estab-
lished, but shall be held not later than one year after this
article takes effect. Such examinations shall be announced
publicly at least fifteen days in advance of the date fixed
for the filing of applications therefor, and may be adver-
tised through the press, radio and other media. The direc-
tor may, however, in his discretion, continue to receive
applications and examine candidates long enough to as-
sure a sufficient number of eligibles to meet the needs of
the service; and may add the names of successful candi-
dates to existing eligible lists in accordance with their re-
spective ratings.

Veterans who present proof of at least one year's hon-
orable service to the United States in either of the World
Wars or the Korean War shall be entitled to an additional
five points on any examination and disabled veterans shall
be entitled to an additional ten points: Provided, however,
that no such additions shall be made where a veteran
fails to pass the examination.

(4) For promotions which shall give appropriate con-
sideration to the applicant's qualifications, record of per-
formance and his score on written examination, when such
examination is practicable. In filling vacancies an effort
should be made to achieve a balance between promotion
from within the service and the introduction into the serv-

ice of qualified new employees. An advancement in rank
or grade or an increase in salary beyond the maximum
fixed for the class shall constitute a promotion.

(5) For the establishment of eligible lists for appoint-
ment and promotion, upon which lists shall be placed the
names of successful candidates in the order of their rela-
tive excellence in the respective examinations. Eligibility
for appointment from any such list shall continue not
longer than three years. An appointing authority must
make his selection from the top five names on the appro-
riate list of eligibles.

(6) For the rejection of candidates or eligibles who fail
to comply with reasonable requirements in regard to such
factors as age, physical condition, character, training and
experience, who are addicted to alcohol or narcotics, or
who have attempted any deception or fraud in connection
with an examination, or where in the judgment of the
commission there is reasonable doubt of the loyalty of
the candidate or eligible to the nation.

(7) For a period of probation not to exceed one year
before appointment or promotion may be made complete.

(8) For provisional employment without competitive
examination when there is no appropriate eligible list
available. No such provisional employment shall continue
longer than six months, nor shall successive provisional
appointments be allowed, except during the first year
after the effective date of this article in order to avoid stop-
page of orderly conduct of the business of the state.

(9) For keeping records of performance of all em-
ployees in the classified service, which service records may
be considered in determining salary increases and de-
creases provided in the pay plan; as a factor in promo-
tion tests; as a factor in determining the order of layoffs
because of lack of funds or work and in reinstatement;
and as a factor in demotions, discharges and transfers.

(10) For layoffs by reason of lack of funds or work,
or abolition of a position, or material change in duties or
organization, and for reemployment of employees so laid
off, giving consideration in both layoffs and re-employ-
ment to performance record and seniority in service.
(11) For discharge or reduction in rank or grade only for cause of employees in the classified service. Discharge or reduction of these employees shall take place only after the person to be discharged or reduced has been presented with the reasons for such discharge or reduction stated in writing, and has been allowed a reasonable time to reply thereto in writing, or upon request to appear personally and reply to the head of the department or his deputy. The statement of reasons and the reply shall be filed as a public record with the director.

(12) For such other rules and administrative regulations, not inconsistent with this article, as may be proper and necessary for its enforcement.

The commission and the director may include in the rules provided for in this article such provisions as are necessary to conform to regulations and standards of any federal agency governing the receipt and use of federal grants-in-aid by any state agency, anything in this article to the contrary notwithstanding. The commission and the director shall see that rules and practices meeting such standards are in effect continuously after the effective date of this article.

Sec. 9. Duty to Furnish Facilities for Department Use.—All officers and employees of the state and of municipalities and political subdivisions of the state shall allow the department the reasonable use of public buildings under their control, and furnish heat, light and furniture, for any examination, hearing or investigation authorized by this article. The department shall pay to a municipality or political subdivision the reasonable cost of any such facilities furnished by it.

Sec. 10. Duties of State Officers and Employees; Legal Proceedings to Secure Compliance with Article and Rules.—All officers and employees of the state shall comply with and aid in all proper ways in carrying out the provisions of this law and the rules, regulations and orders thereunder. All officers and employees shall furnish any records or information which the director or the commission may request for any purpose of this article. The director may institute and maintain any action or proceeding at law or in equity that he considers necessary or
appropriate to secure compliance with this article and the rules and orders thereunder.

Sec. 11. Status of Present Employees.—(a) Employees under the present merit system at the effective date of this article: No employee shall lose any rights gained by appointment under the present merit system now being formulated into the civil service by this article. Employees who have gained permanent status under the present system will not be subject to further examination, except when they wish to qualify for promotion, and will continue in the position they hold. Their rights as permanent employees shall be continuous. Employees holding provisional appointments under the present merit system must qualify for permanent appointments under competitive examination.

(b) Employees holding positions included under classified service by this article or placed under the same by future action shall be required to take qualifying tests prescribed by the director.

Those employees who fail to qualify shall be dismissed from their positions within thirty days after establishment of an eligible list for their respective positions. Nothing in this article shall preclude the reclassification or reallocation as provided by this law of any position.

Sec. 12. Certification of Pay Rolls; Failure of Appointing Authority to Comply with Order of Commission; Wrongfully Withholding Certification of Pay Roll.—(a) No state disbursing or auditing officer shall make or approve or take any part in making or approving any payment for personal service to any person holding a position in the classified service unless the payroll voucher or account of such pay bears the certification of the director, or of his authorized agent, that the persons named therein have been appointed and employed in accordance with the provisions of this law and the rules, regulations and orders thereunder. The director may for proper cause withhold certification from an entire pay roll or from any specific item or items thereon. The director may, however, provide that certification of pay rolls may be made once every six months, and such certification shall remain in effect
except in the case of any officer or employee whose status
has changed after the last certification of his pay roll. In
the latter case no voucher for payment of salary to such
employee shall be issued or payment of salary made with-
out further certification by the director.
(b) If an appointing authority fails to comply with an
order of the commission after a hearing, he shall be per-
sonally liable to the appealing employee for any salary
due from the time of the final order of reinstatement by
the commission.
(c) If the director wrongfully withholds certification
of the payroll voucher or account of any employee, such
employee may maintain a proceeding in the courts to com-
pel the director to certify such payroll voucher or account.

Sec. 13. Appeals by Employees to Commission; Hear-
ings; Review by Court of Appeals.—Any employee in the
classified service who is dismissed or demoted after com-
pleting his probationary period of service or who is
suspended for more than thirty days in any one year, may,
within thirty days after such dismissal, demotion or
suspension, appeal to the commission for review thereof.
Upon such review, both the appealing employee and the
appointing authority whose action is reviewed shall have
the right to be heard publicly and to present evidentiary
facts. At the hearing of such appeals, technical rules of
evidence shall not apply. If the commission finds that the
action complained of was taken by the appointing au-
thority without good cause, the employee shall be re-in-
statement to his former position or a position of like status and
pay, without loss of pay for the period of his suspension.
When any employee is dismissed and not reinstated after
such appeal, the commission in its discretion may direct
that his name be placed on an appropriate re-employment
list, for employment in any similar position other than
the one from which he has been removed. Any final
action or decision taken or made hereunder shall be
subject to review by the supreme court of appeals, if
appeal is made within sixty days of the action or decision
complained of.

Sec. 14. Records of the State Personnel Department.—
The records of the department, except such records as the
rules may properly require to be held confidential for reasons of public policy, shall be public records and shall be open to public inspection, subject to reasonable regulations as to the time and manner of inspection which may be prescribed by the director.

Sec. 15. Services to Political Subdivisions; Cooperation for Agencies for Other Jurisdictions.—(a) Subject to the approval of the commission the director may enter into agreements with any municipality or other political subdivision of the state to furnish services and facilities of the department to such municipality or political subdivision in the administration of its personnel on merit principles. Any such agreement shall provide for the reimbursement to the state of the reasonable cost of the services and facilities furnished, as determined by the director. All municipalities and political subdivisions of the state are hereby authorized to enter into such agreements. Subject to the approval of the commission, the director may enter into an agreement with the state department of health for the inclusion of personnel of local health departments under the civil service system established by this article.

(b) The director may cooperate with governmental agencies for other jurisdictions charged with personnel administration in conducting joint tests and establishing joint lists from which eligibles shall be certified for appointment in accordance with the provisions of this article.

Sec. 16. Retirement System.—The director will submit to the governor recommendations concerning the advisability and practicability of establishing an actuarially sound retirement and pension system for persons holding positions in the service.

Sec. 17. Oaths, Testimony and the Production of Records; Immunity from Suit.—The commission, each member of the commission and the director shall have power to administer oaths, subpoena witnesses and compel the production of books and papers pertinent to any investigation or hearing authorized by this article. Any person who shall fail to appear in response to a subpoena or to answer
any question or produce any books or papers pertinent
to any such investigation or hearing or who shall know-
ingly give false testimony therein shall be guilty of a
misdemeanor. Immunity from civil suit is hereby granted
for all relevant evidence offered at commission hearings.

Sec. 18. Refusal to Testify.—If any employee in the state
service shall willfully refuse or fail to appear before any
court or judge, any legislative committee, or any officer,
board or body authorized to conduct any hearing or in-
quiry, or having appeared shall refuse to testify or an-
swer any question relating to the affairs or government
of the state or the conduct of any state officer or em-
ployee on the ground that his testimony or answers would
tend to incriminate him, or shall refuse to accept a grant of
immunity from prosecution on account of any matter
about which he may be asked to testify at any such hear-
ing or inquiry, he shall forfeit his office or position and
shall not be eligible thereafter for appointment to any
position in the state service.

Sec. 19. Favoritism or Discrimination Because of Politi-
cal or Religious Opinions, Affiliations or Race; Political
Activities Prohibited.—(a) No person shall be appointed
or promoted to, or demoted or dismissed from any position
in the classified service or in any way favored or discrim-
inated against with respect to such employment because
of his political or religious opinions or affiliations or race;
but nothing herein shall be construed as precluding the
dismissal of any employee who may be engaged in sub-
versive activities or found disloyal to the nation.
(b) No person shall seek or attempt to use any politi-
cal endorsement in connection with any appointment in
the classified service.
(c) No person shall use or promise to use, directly or
indirectly, any official authority or influence, whether
possessed or anticipated, to secure or attempt to secure
for any person an appointment or advantage in appoint-
ment to a position in the classified service, or an increase
in pay or other advantage in employment in any such
position, for the purpose of influencing the vote or
political action of any person, or for any consideration.
(d) No employee in the classified service or member of
the commission or the director shall, directly or indirectly,
pay or promise to pay any assessment, subscription or con-
tribution, or perform any service for any political party, or
solicit or take any part in soliciting any such assessment,
subscription, contribution or service. No person shall
solicit any such assessment, subscription, contribution or
service of any employee in the classified service.
(e) No employee in the classified service shall be a
member of any national, state or local committee of a
political party, or an officer or member of a committee
of a partisan political club, or a candidate for nomination
or election to any paid public office, or shall take any part
in the management or affairs of any political party or in
any political campaign, except to exercise his right as a
citizen privately to express his opinion and to cast his
vote.
(f) Any officer or employee in the state service who
violates any of the foregoing provisions of this section
shall forfeit his office or position, and for one year shall
be ineligible for any office or position in the state service.

Sec. 20. Acts Prohibited.—(a) No person shall make
any false statement, certificate, mark, rating or report
with regard to any test, certification or appointment made
under any provisions of this article or in any manner
commit or attempt to commit any fraud preventing the
impartial execution of this article and the rules.
(b) No person shall, directly or indirectly, give, render,
pay, offer, solicit or accept any money, or other valuable
consideration for or on account of any appointment, pro-
posed appointment, promotion or proposed promotion to,
or any advantage in, a position in the classified service.
(c) No employee of the department, examiner, or
other person shall defeat, deceive or obstruct any person
in his right to examination, eligibility, certification or
appointment under this law, or furnish to any person any
special or secret information for the purpose of affecting
the rights or prospects of any person with respect to
employment in the classified service.

Sec. 21. Penalties.—(a) Any person who wilfully vio-
lates any provision of this article or of the rules shall be
guilty of a misdemeanor, and shall, upon conviction, be
punished by a fine of not less than one hundred dollars
nor more than five hundred dollars or by imprisonment
in the county jail for a period not to exceed one year,
or both, in the discretion of the court. Jurisdiction under
this section shall be in a court of record exercising crimi-

article for departments, commissions, boards or agencies
which receive their sole support from the general fund or
other state funds.

(b) The director shall maintain accurate records re-

article. At the close of each quarter-year period he shall
summarize the cost and shall bill each department, com-

federal government for a pro rata share of the adminis-

department, commission, board or agency and the quar-

the departments, commissions, boards and agencies for
the appropriate calendar quarter.

(c) All departments, commissions, boards or agencies
which receive support from the federal government shall
include in their budgets sufficient amounts to meet their

3. “Equipment” which shall mean equipment items which have an appreciable and calculable period of usefulness in excess of one year;
4. “Repairs and alterations” which shall mean repairs to structures and improvements to property which do not increase the capital asset;
5. “Buildings” which shall include construction and alteration of structures and the improvement of lands and shall include shelter, support, storage, protection, or the improvement of a natural condition;
6. “Lands” which shall mean the purchase of real property or interests in real property.

A spending unit or other person requesting an appropriation may submit a different itemization with the prior approval of the commissioner, if the uniform itemization does not apply.

Sec. 12. Powers of the Commissioner in the Administration of Expenditures.—The commissioner shall supervise and control the expenditure of appropriations made by the Legislature except those made to the Legislature and those made to the judicial branch of the state government. The expenditure of an appropriation made by the Legislature except that made for the Legislature itself and the judicial branch of the state government shall be conditioned upon compliance by the spending unit with the provisions of this article. An appropriation made by the Legislature except that made for the Legislature itself and
the judicial branch of the state government shall be expended only in accordance with this article.

Sec. 13. Reports on Revenue Collections.—The commissioner shall ascertain the collection of the revenue of the state, and shall determine each quarter of the fiscal year the proportion which the amount actually collected bears to the collection estimated for that period. The commissioner shall certify to the board, as soon as possible after the close of each quarter, and at such other times as the board may request, the condition of the state revenues and of the several funds of the state. For the purposes of this section, the commissioner shall have the authority to require all necessary estimates and reports from any spending unit of the state government.

Sec. 14. Expenditure Schedules.—Prior to the beginning of each fiscal year, the spending officer of a spending unit shall submit to the commissioner a detailed expenditure schedule for the ensuing fiscal year. The schedule shall be submitted in such form and at such time as the commissioner may require.

The schedule shall show:

1. A proposed monthly rate of expenditure for amounts appropriated for personal services;
2. A proposed quarterly rate of expenditure for amounts appropriated for current expenses, equipment, and repairs and alterations;
3. A proposed yearly plan of expenditure for amounts appropriated for buildings and lands.

The commissioner may accept a differently itemized expenditure schedule from a spending unit to which the above itemizations are not applicable.

The commissioner shall consult with and assist spending officers in the preparation of expenditure schedules.

Sec. 15. Examination and Approval of Expenditure Schedules.—The commissioner shall examine the expenditure schedule of each spending unit, and if he finds that it conforms to the appropriations made by the Legislature, the requirements of this article, and is in accord-
ance with sound fiscal policy, he shall approve the
schedule.

The expenditure of the appropriations made to a spend­ing unit shall be only in accordance with the approved expenditure unless the schedule is amended with the consent of the commissioner, or unless appropriations are reduced in accordance with the provisions of sections twenty-two to twenty-five, inclusive, of this article.

Sec. 16. Reserve for Emergencies.—The commissioner, with the approval of the board, may require that an expenditure schedule provide for a reserve for emergencies out of the total amount appropriated to the spending unit. The amount of the reserve shall be determined by the commissioner in consultation with the spending officer.

Sec. 17. Requests for Quarterly Allotments; Approval by Board.—At least thirty days prior to the beginning of each quarter of the fiscal year, each spending officer shall submit to the commissioner a request for an allotment of public funds sufficient to operate the unit during the ensuing quarter in accordance with the approved expenditure schedule.

The commissioner shall examine the requests and, if he finds that the amounts requested are in accordance with the approved expenditure schedules and are in accord­ance with sound fiscal policy, he shall submit the requests to the board. The commissioner shall also submit a summary statement showing the amounts expended under the budget for each preceding quarter of the fiscal year and the total amount requested for allotment during the ensuing quarter.

The board shall consider the amount of requests for allotment and the collection of revenues. If the board finds that the collection of revenue warrants the expenditure of the amount requested in the allotment, it shall ap­prove the allotment of funds for the ensuing quarter. If the board finds that the collection of revenue does not warrant the allotment of the requested amount, it may reduce the amount of allotments pending the collection of sufficient revenue.
Sec. 18. Limitation on Expenditures.—The expenditures of a spending unit during a quarter of the fiscal year shall not exceed the amount of the approved allotment, unless the board approves the expenditure of a larger amount. Any amounts remaining unexpended at the close of the quarter shall be available for reallocation and expenditure during any succeeding quarter of the same fiscal year.

Sec. 19. Transfers Between Items of an Appropriation; Notices to Auditor and Treasurer.—Upon the written request of a spending officer, the commissioner may, with the approval of the board, transfer amounts between items of the total appropriation for a spending unit in order to protect or increase the efficiency of the service, but a transfer shall not increase the total amount appropriated for personal services. Notices of any such transfer shall be sent to the state auditor and the state treasurer.

Sec. 20. Expenditure of Excess in Collections; Notices to Auditor and Treasurer.—If the amount actually collected by a spending unit exceeds the amount which it is authorized to expend from collections, the excess in collections shall be set aside in a special surplus fund for the spending unit. Expenditures from this fund shall be made only in accordance with the following procedure:

The spending officer shall submit to the commissioner:

1. A plan of expenditure showing the purposes for which the surplus is to be expended, and
2. A justification statement showing the reasons why the expenditure is necessary and desirable.

The commissioner shall submit the request to the board with his recommendation.

If the board approves the plan of expenditure and justification statement, and is satisfied that the expenditure is required to defray the additional cost of the service or activity of the spending unit, and that the expenditure is in accordance with sound fiscal policy, it may authorize the use of the surplus during the current fiscal year. Notices of such authorization shall be sent to the state auditor and the state treasurer.

An expenditure from a special surplus fund without the
authorization of the board, or other than in accordance
with this section, shall be an unlawful use of public funds.

Sec. 21. Records by Spending Units.—A spending unit
shall submit to the commissioner such reports with re-
spect to the work and expenditures of the unit as the com-
missioner may request for the purposes of this article.

Sec. 22. Reduction of Appropriations.—The board may
reduce appropriations according to any of the methods
set forth in sections twenty-three, twenty-four and twen-
ty-five of this article.

Sec. 23. General Fund; Pro Rata Reductions.—If the
board determines that the amounts, or parts thereof, ap-
propriated from the general revenue cannot be expended
without creating an overdraft or a deficit in the general
fund, it may instruct the commissioner to reduce equally
and pro rata all appropriations out of general revenue in
such a degree as may be necessary to prevent an overdraft
or a deficit in the general fund.

Sec. 24. Other Funds; Pro Rata Reductions.—The board,
in the manner set forth in section twenty-three, may re-
duce appropriations from:

(1) Funds supported by designated taxes or fees;
(2) Fees or other collections set aside for the support
of designated activities or services.

Each fund and each fee or collection account shall be
treated separately, but appropriations from the same fund
or account shall be treated equally and reduced pro rata.

Sec. 25. Reduction after Classification of Appropri-
ations.—If the board determines that the reductions au-
thorized in sections twenty-three and twenty-four will
dangerously impair the existence of the essential services
of government, it may instruct the commissioner to reduce
the amount to be expended from separate appropriations
in accordance with the following method:

(1) The commissioner shall first classify appropriations
as follows:

Class one: For agencies collecting revenue and admin-
istering the fiscal operations of government, including the
offices and departments of the tax commissioner, auditor, treasurer, and sinking fund commission;

Class two: For agencies vested with the supervision, control, and direction of executive policy and law enforcement, including the governor's office, the attorney general's office, the department of finance and administration, and the department of public safety;

Class three: For state institutions, educational, charitable and corrective;

Class four: For other departments and services of the state government;

Class five: For transfers from the general fund.

(2) The commissioner shall first reduce the appropriations from class five and then, if necessary, for the other classes in descending numerical order as follows:

Class four, class three, class two, class one. All reductions shall be in multiples of five per cent, but a fixed relationship shall be maintained between the classes which shall be measured by a difference of five per cent in the rate of reduction. The maximum reduction shall not exceed twenty-five per cent in class five and in the other classes it shall be proportional according to the following table:

Sec. 26. Approval of Commissioner of Requests for Federal Aid.—Every agency of the state government when making requests or preparing budgets to be submitted to the federal government for funds, equipment, material or services, the grant or allocation of which is conditioned upon the use of state matching funds, shall have such request or budget approved in writing by the commissioner before submitting it to the proper federal authority. When such federal authority has approved the request or budget, the agency of the state government shall re-submit it to
the commissioner for recording before any allotment or
encumbrance of the federal funds can be made. Whenever
any agency of the state government shall receive
from any agency of the federal government a grant or
allocation of funds which do not require state matching,
the state agency shall report to the commissioner for his
information the amount of the federal funds so granted
or allocated.

Sec. 27. Management Accounting.—The commissioner
shall formulate the requirements of a system of manage-
ment accounting for the planning, management, reporting,
and control of state expenditures. The requirements
shall include methods for recording the collection of all
income, amounts available for expenditure, obligations.
encumbrances and disbursements for each spending unit,
and publication of a detailed statement of receipts and
expenditures of state moneys. The system shall include
the accounts to be kept by the commissioner, the auditor,
and the treasurer. The commissioner shall, after the sys-
tem has been approved by the board of public works, re-
quire its use by all spending units.

The board is hereby authorized to direct by executive
order, not inconsistent with the provisions of this article,
the transfer of such records, equipment, personnel, and
appropriations between the departments of finance and
administration, the auditor, and the treasurer as may be
necessary to effectuate the purposes of central accounting
and reporting.

Sec. 28. System of Accounting to Be Certified to Legis-
lative Auditor.—The commissioner shall certify the sys-
tem of accounting and reporting installed pursuant to the
provisions of this article, and any changes made therein,
to the legislative auditor.

Sec. 29. Expenditure of Appropriations.—The expendi-
ture of an appropriation made by the Legislature shall be
conditioned upon compliance by the spending unit with
the following provisions of this article.

Sec. 30. Expenditure Procedure; Other Than for Pur-
chases of Commodities.—A requisition for expenditure,
other than an order for the purchase of commodities, shall be submitted as follows:

(1) The spending officer shall prepare and submit to the director a requisition showing the amount, purpose, and appropriation from which the expenditure is requested;

(2) The director shall examine the requisition and determine whether the amount is within the quarterly allotment, is in accordance with the approved expenditure schedule, and otherwise conforms to the provisions of this article;

(3) If the director approves the requisition, he shall encumber the proper account in the amount of the requisition and shall transmit the requisition to the auditor for disbursement in accordance with law;

(4) If the director disapproves the requisition, he shall return it to the spending unit with a statement of his reasons.

Sec. 31. Expenditure Procedure for Purchase of Commodities.—If a requisition is a request for a purchase of commodities, the spending unit shall transmit the requisition to the budget division for the purpose of ascertaining whether it conforms to the expenditure schedule. If it does not so conform, the requisition shall be returned by the budget division to the spending unit. If it conforms, the budget division shall transmit the requisition to the purchasing division for purchase in accordance with article three of this chapter. When a copy of the purchase order issued pursuant thereto is received from the purchasing division by the director in accordance with the provisions of section sixteen, article three of this chapter, the director shall ascertain whether the unencumbered balance in the appropriation concerned, in excess of all unpaid obligations, is sufficient to defray the cost of such order, and, if so, shall encumber the proper account and so certify the fact to the purchasing division, and, if not, shall notify the purchasing division which, upon receipt of such notification, shall return the requisition to the spending unit.
Sec. 32. Requisition for Payment of Personal Services.—A requisition for the payment of personal services shall upon receipt by the director be checked against the personnel schedule of the spending unit making the requisition. The director shall approve a requisition for personal services only if the amounts requested are in accordance with the personnel schedule of the director.

Sec. 33. Legislative and Judicial Expenditures.—The provisions of sections thirty-two, thirty-three and thirty-four of this article shall not apply to the expenditure of amounts appropriated for the use of the Legislature or for the judiciary. In the case of appropriations made for the Legislature, the clerk of the house of delegates, or the clerk of the senate, as the case may be, shall present his requisition directly to the auditor. In the case of appropriations made for the judiciary, the clerk of the court shall present his requisition or claim directly to the auditor. In the case of appropriations made for criminal charges, the clerk or the proper officer shall present his claim directly to the auditor.

Sec. 34. Additional Powers and Duties of Commissioner.—The commissioner shall prepare and recommend a personnel classification which shall classify the offices and employments in the state government and its agencies so as to reflect the differences in training, experience, ability and responsibility required for the different types or kinds of service or employment, and shall recommend uniform salaries and wage scales within each class. The commissioner shall also prepare and recommend uniform hours of work, vacation, sick leave, and notice of termination of employment schedules. The commissioner may from time to time recommend amendments and revisions to the personnel classification, compensation schedule and other schedules. The commissioner shall submit the plan and any amendments or revisions to the board. If the board approves the plan or any revisions thereof, the classification of offices and employment, the uniform salary and wage scales and other schedules shall control the employment and compensation of all persons em-
20 employed in the state government unless otherwise provided
21 by law.
22 The provisions of this section shall not apply to:

24 of education, the board of governors of West Virginia Uni-

Sec. 35. Classification of Employment and Compensation
by Certain Departments.—The state departments or
agencies to which the provisions of the preceding section
do not apply shall, as to their respective departments, pre-
pare personnel classification and uniform compensation,
hours of work, vacation, sick leave, and notice of termina-
tion of employment schedules in the same manner as the
director prepares such classifications and uniform sched-
ules for other departments of the state government. Per-
sonnel classifications and uniform schedules shall be
certified by the board or officer preparing them to the
commissioner.

Sec. 36. Certification of Personnel by Spending Officer.
—The spending officer of each spending unit, within
thirty days prior to the beginning of each fiscal year, shall
certify to the commissioner a schedule of persons ap-
pointed to or employed by the spending unit and showing
the personnel classification and compensation approved
for each person. Amounts appropriated for personal serv-
ices shall be expended upon requisition only for the ap-
pointees and employees included upon the personnel
schedule and only in accordance with the rate of compen-
sation shown by the schedule.

Sec. 37. Personnel, Classification and Compensation
Schedules.—The commissioner shall prepare schedules of
the approved or certified personnel showing the personnel
employed in each spending unit of the state government
5 and the classification and compensation authorized to be
6 paid for each person employed. Such schedules shall be
7 preserved as a public record and shall be open to inspec-
8 tion by any person showing good cause.

Sec. 38. To Whom Personnel Provisions Not to Apply.—

Four regular meetings of the commission shall be held each year commencing on the first Monday in the months of July, October, January and April. Special meetings may be convened by the governor, the director or by a majority of the commission. The meetings of the commission shall be regularly held at the office of the director, but may be held at other points within the state when need therefor exists as explained
in the call setting forth the time and place of the meeting. The director shall furnish all articles and supplies required by the commission in the performance of its duties and shall provide necessary stenographic, secretarial and clerical assistance therefor. All such materials and services shall be paid for from department funds.

The director, at any regular or special meeting of the commission, may submit to the commission any program or policy matters on which he wishes to obtain the advice, counsel and opinion of the commission and may consult with members of the commission on functions, services, policies and practices of the department at any time. The commission shall serve as a body advisory to the director and as such shall have the following powers and duties:

(1) To consider and study the entire field of legislation and administrative methods concerning the forests and their maintenance and development, the protection of fish and game, the beautification of the state and its highways, and the development of lands, minerals, waters and other natural resources;

(2) To advise with the director concerning the conservation problems of particular localities or districts of the state;

of the several states in the exploration, development,
conservation, use and enjoyment of natural resources. He
may acquire by purchase or lease, as in this chapter pro-

ational facilities, wildlife and water areas and such other
properties within this state as may be required in co-
operative programs with any other government or gov-
ernments, and, with the approval of the governor, may
negotiate and effect self-liquidating loans with the gov-
ernment of the United States or any agency or agencies
thereof for the procurement, development and use of all
such properties. All such projects shall be in the interest
and for the benefit of the state and may be geared and
timed to relieve economic hardship and unemployment.

In order to consolidate forest tracts under either state
or federal administration, the director may sell, purchase
or exchange stumpage or lands within or adjacent to any
national forest purchase area.

PART I. WILDLIFE MANAGEMENT

Sec. 3. State Ownership of Wildlife.—The ownership of and title to all wild animals, wild birds, both migratory and resident, and all fish, amphibians, and all forms of aquatic life in the state of West Virginia is hereby declared to be in the state, as trustee for the people. No such wildlife shall be taken or hunted in any manner, or at any time, unless the person so taking or hunting the same shall consent that the title thereto shall be and remain in the state of West Virginia for the purpose of regulating the taking, hunting, using and disposing of the same. The taking or hunting of wildlife at any time or in any manner by any person shall be deemed such consent:

Provided, however, That all fish, frogs and other aquatic life in privately-owned ponds are, and shall remain, the private property of the owner or owners of such privately-owned ponds, and that such fish, frogs and other aquatic life in such privately-owned ponds may be caught, taken or killed by such owner or owners at any time.

Sec. 4. Possession of Wildlife.—Except as otherwise provided by law, no person shall have in his possession during closed seasons any wildlife. Wildlife which may be lawfully taken may be had in possession during the open season therefor, and for sixty days thereafter: Provided, however, That any person upon application to the director may be issued a permit authorizing the possession of the flesh of such wildlife as the director may determine for an additional period not to exceed four months.

Wildlife lawfully taken outside of this state shall be subject to the same laws and regulations as that taken within this state, but may be possessed for a period of
sixty days after the date such wildlife was legally brought into this state, and for an additional period thereafter, not to exceed four months, by securing a permit from the director.

Migratory wild birds shall be possessed only in accordance with the "Migratory Bird Treaty Act" and regulations thereunder.

Possession of any wildlife, or any part thereof, except during their respective open seasons and for sixty days thereafter, shall be presumptive evidence that the same was taken unlawfully by the possessor, unless such person has been issued a permit as authorized by this section.

The restrictions in this section do not apply to the director or his duly authorized agents, who may, in any manner, take or maintain in captivity at any time any wildlife for the purpose of carrying out the provisions of this chapter.

Sec. 5. Unlawful Methods of Hunting and Fishing.—Except as authorized by the director, it shall be unlawful at any time for any person to:

1. Shoot at or to shoot any wild bird or animal unless it is plainly visible to him;

The provisions of this subdivision shall not apply if it shall be proven that the headlights of a motor vehicle while traveling on a highway in the usual
way, cast a light upon such animal, on or adjacent to such
highway, and there was no attempt or intent to locate
such animal;

(4) Hunt for, take, kill, wound or shoot at wild animals

(16) Catch, take, kill, or attempt to catch, take or kill any fish at any time by any means other than by rod, line, and hooks with natural or artificial lures unless otherwise authorized by law or regulation issued by the director: Provided, however, That snaring of any species of suckers, carp, fallfish and creek chubs through the ice shall at all times be lawful;

(17) Employ or hire, or induce or persuade, by the use of money or other things of value, or by any means, any person to hunt, take, catch or kill, any wild animal or wild bird except those species on which there is no closed

by the Federal Migratory Bird Treaty Act and regulations
made thereunder;

(19) Kill, take, catch, or have in his possession living

bird, except as aforesaid. No part of the plumage, skin

possession for sale, except mounted or stuffed plumage,
skin, bodies or heads of such birds legally taken and
stuffed or mounted, irrespective of whether such bird
was captured within or without this state, except the
English or European sparrow (Passer domesticus),
starling (Sturnus vulgaris), sharp-shinned hawk (Acci-
cipiter striatus), Cooper's hawk (Accipiter cooperii), gos-

not be protected and the killing thereof at any time is
lawful;

(20) Use dynamite or any like explosives or poisonous
mixture placed in any waters of the state for the purpose
of killing or taking fish. Any person violating the pro-

Sec. 6. Carrying Gun on Landowner's Land.—Notwithstanding any other provisions of this chapter, it shall be lawful for a bona fide resident landowner of this state, any member of said landowner's family and any bona fide tenant of said landowner, to carry an uncased gun at any time, whether accompanied by or without a dog, in their regular pursuits in caring for and looking after such landowner's livestock or poultry on his land and on any lands leased or rented by him for livestock or poultry husbandry purposes.

Sec. 7. Hunting, Trapping, Fishing on Lands of Another; Damages and Compensation.—It shall be unlawful for any person to shoot, hunt, fish or trap upon the fenced, enclosed or posted grounds or lands of another person or to peel trees or timber, build fires or do any other act or thing thereon in connection with or auxiliary to shooting, hunting, fishing or trapping on such lands without per-
mission in writing from the owner, tenant or agent of such
owner, and every person hunting, fishing, shooting or
fowling upon such lands shall have in his possession such
written permission when so doing.

Any person who, for the purpose of, or while hunting,
trapping or fishing, shall, without the permission of the
owner, tenant or agent of the owner, enter upon the land
of another and while thereon shall kill or injure any do-

cestic animal or fowl, or shall cut, destroy or damage
any bars, gates or fence, or any part thereof, or shall leave
open any bars or gates thereon resulting in damage to the
owner or occupant thereof, shall be guilty of a misde-
meanor, and in addition shall be liable to the owner or
person suffering such damage for all costs and damages
resulting therefrom. The officers charged with the en-
forcement of the provisions of this chapter shall have the
duty to enforce the provisions of this section if requested
to do so by such owner, lessee, person or agent, but not
otherwise.

Sec. 8. Posting Unenclosed Lands.—The owner, lessee
or other person entitled to possession of unenclosed lands
may have erected and maintained signs or placards legibly
printed, easily discernible, conspicuously posted and rea-
sonably spaced, so as to indicate the territory in which
hunting, trapping or fishing is prohibited.

Any person who enters upon the unenclosed lands of
another which have been lawfully posted, for the purpose
of hunting, trapping or fishing, shall be guilty of a misde-
meanor. The officers charged with the enforcement of
the provisions of this chapter shall have the duty to en-
force the provisions of this section if requested to do so
by such owner, lessee, person or agent, but not otherwise.

Sec. 9. Unlawful Posting of Lands.—It shall be unlawful
and shall constitute a misdemeanor offense for any per-
son or his agent or employee wilfully to post any notice
or warning or wilfully to ward, drive or attempt to drive
any person off, or prevent his hunting or fishing on, any
land not owned or lawfully occupied by such person, his
agent, or employee, unless such land is a lawfully estab-
lished game or fish preserve.
Sec. 10. Unlawful to Deface Signs.—It shall be unlawful and shall constitute a misdemeanor offense for any person to destroy, tear down, shoot at, deface or erase any printed matter or signs placed or posted by or under the authority of this chapter: Provided, however, That this section shall not apply to the owner, his agents, tenants or lessees, of the lands on which such signs or printed matter are posted. Each such sign so destroyed, torn down, shot at, defaced or erased shall be considered a separate offense under this section.

Sec. 11. Sale of Wildlife; Transportation of Same.—No person, except those legally licensed to operate private game preserves for the purpose of propagating game for commercial purposes, and those legally licensed to propagate or sell fish, amphibians, and other forms of aquatic life, shall purchase or offer to purchase, sell or offer to sell, expose for sale, or have in his possession for the purpose of sale any wildlife, or part thereof, which has been designated as game animals, fur-bearing animals, game birds, game fish or amphibians, or any of the song or insectivorous birds of the state, or any other species of wildlife which the director may designate: Provided, however, That raccoon pelts taken during the legal season may be sold: Provided further, That hide, head, antlers and feet of a legally killed deer and the hide, head, skull and feet of a legally killed black bear may be sold.

No person, including a common carrier, shall transport, carry or convey, or receive for such purposes any wildlife, the sale of which is prohibited, if such person knows or has reason to believe that such wildlife has been or is to be sold in violation of this section.

The selling or exposing for sale, having in possession for sale, transporting or carrying in violation of this section shall each constitute a separate misdemeanor offense. Notwithstanding the provisions of this or any other section of this chapter, any game birds or game bird meats sold by licensed retailers may be served at any hotel, restaurant or other licensed eating place in this state.

Sec. 12. Transportation of Wildlife out of State.—No person shall at any time transport or have in his posses-

This section shall not apply to persons legally entitled to propagate and sell wild animals, wild birds, fish, amphibians and other forms of aquatic life.

Sec. 13. Importation and Liberation of Wildlife.—No person shall transport into or have in his possession within this state for purposes of liberation, or liberate within this state, any live wildlife from without the state, except as authorized by permit from the director. The director may issue such permit at his discretion, fix the terms thereof and revoke it at his pleasure.

Sec. 14. Propagation of Wildlife for Commercial Purposes.—No person shall propagate wildlife for commercial purposes except when licensed to do so as provided in section forty-seven of this article.

Sec. 15. Permit to Kill Deer Causing Damage to Cultivated Crops, Fruit Trees or Commercial Nurseries.—Whenever it shall be found that deer are causing damage to cultivated crops, fruit trees or commercial nurseries, the owner or lessee of the lands on which such damage is done may report such finding to the conservation officer of the county in which such lands are located or to the director. The director shall then investigate the reported damage and if found substantial may issue a permit to the owner or lessee to kill one or more deer in the manner prescribed by the director. No such permit may be issued to an owner or lessee when such lands are posted against public hunting of deer.

The first deer killed under such permit may be retained by the permittee for food. He shall, however, within forty-eight hours after such kill, notify the director or the conservation officer for the county in which such kill was made.
The permittee, upon killing any additional deer under this permit, shall immediately dress the carcass by removing the entrails and shall remove the deer killed to his residence or other specified place of safekeeping. Within twenty-four hours after the kill, he shall give notice thereof to the director or a conservation officer for the county in which such kill was made and thereupon the director or such conservation officer shall see that the carcass is removed.

Sec. 16. Dogs Chasing Deer; Confiscation and Disposition; Destruction.—No person shall permit his dogs to hunt or chase deer. A conservation officer shall take into possession any dog known to have hunted or chased deer and the director shall advertise in a newspaper of general circulation in the county that such dog is in his possession, giving a description of the dog and stating the circumstances under which it was taken. He shall hold the dog for a period of ten days. If, within ten days, the owner does not claim the dog, the director shall destroy it. In this event the cost of keeping and advertising shall be paid by the director. If, within ten days, the owner claims the dog, he may repossess it on the payment of costs of advertising and the cost of keep, not exceeding fifty cents per day. A conservation officer, or any officer or employee of the director authorized to enforce the provisions of this section, after a bona fide but unsuccessful effort to capture dogs detected chasing or pursuing deer, may kill such dogs.

Sec. 17. Hunting Fur-bearing Animals; Possession of Fur; Disturbing Traps of Another.—No person shall hunt, capture, trap, take or kill fur-bearing animals except as authorized by regulation of the director. Except as authorized by the director, no person shall have in his possession the fresh skin, or part thereof, of any fur-bearing animal, except beaver, within the period beginning ten days after the end of the open season on such fur-bearing animal and ending with the first day of the next succeeding open season. No person shall disturb properly marked traps of another person, kill, remove or take a fur-bearing animal from the trap of another person without spe-

Sec. 18. Number and Types of Traps.—The director shall have the power and authority to regulate the number, kind and type of traps to be used in the catching or trapping of any game or fur-bearing animals.

Sec. 19. Marking of Traps.—All traps used for taking of any game or fur-bearing animal shall be marked with a durable plate or tag, attached to the trap, trap chain, or set, bearing the name and address of the owner of said trap.

If any person shall unintentionally trap and kill more beavers than fixed by regulation as the season bag limit, he shall, within twenty-four hours thereafter, deliver said beaver or beavers to a conservation officer.

Sec. 21. Sealing Beaver Pelts or Skins.—Each licensee holding a resident state-wide beaver trapping license shall present for sealing, within thirty days after the close of a legal open season, all beaver pelts or skins taken under said license to a designated representative of the department. The resident state-wide beaver trapping license, countersigned by the owner, lessee or other person entitled to the possession of such lands, on which beaver were trapped, shall accompany all such pelts or skins. A seal provided by the department shall be affixed to each
beaver pelt or skin and shall remain attached to the skin until such pelt or skin has been tanned and processed into commercial fur. The sealing fee shall be one dollar per pelt.

Sec. 22. Hunting Deer; Report to Director; Tagging.—Any person who kills a legal deer during the open season shall deliver same for inspection and tagging to a conservation officer or an official checking station set up for that purpose by the commission during the open season.

Sec. 23. Outfitter and Guide Services; Definition; Exceptions.—Services of outfitters and guides for the benefit and convenience of hunters and fishermen in this state are recognized as essential, and such outfitters and guides may be licensed and authorized to serve as provided in this article.

The word "outfitter", as used herein, shall mean and include any person who, operating from any temporary or permanent camp, private or public lodge, or private or incorporated home situate within this state, provides, for monetary profit or gain, saddle or pack animals or other animals, vehicles, boats, conveyances or equipment, or guide services for any person or persons hunting game animals or game birds or fishing in this state. The term "outfitter" shall not include, however, any person who occasionally, for accommodation or favor rather than profit or gain, rents equipment to hunters or fishermen as a service incidental to his principal occupation or business without advertising outfitter or guide services or holding out to the public his offering of such services. The term "guide", as used herein, shall be construed to include and embrace outfitter services and the term "outfitter" shall be construed to include and embrace guide services, but the applicant for any license hereunder may in his application elect whether he wishes to be designated as an outfitter or as a guide.

Sec. 24. Outfitter and Guide Qualifications; Investigation and Determination Thereof.—Each outfitter and guide licensed under the provisions hereof shall be a financially responsible citizen of the United States of America and shall have been a resident of the state of West Virginia for
6 a period of at least one year immediately prior to the date
7 of his license application. He shall possess and inventory
8 proper and adequate materials and equipment to provide
9 for hunters and fishermen the services and conveniences
10 he advertises. All such materials and equipment shall be
11 safe and free of infection and conditions inimical to the
12 health and well-being of hunters, fishermen and their trav-
13 eling, camping and lodging companions.
14 The director shall cause all outfitter and guide appli-
15 cants to be investigated and shall make a determination
16 of their qualifications prior to the issuance or refusal of
17 licenses thereto.

Sec. 25. **Outfitter and Guide License Applications; Contents; National Forest Requirements.**—Each applicant for
3 an outfitter or guide license shall file with the director a
4 verified application setting forth the applicant’s name, his
5 address, the property possessed and to be used in the pro-

7 he proposes to serve, his citizenship, his age and such
8 other data and information as may be prescribed and re-
9 quired by the director on the application forms to be fur-
10 nished by the department. Each such application, when
11 filed by the applicant, shall be approved and signed by
12 three resident real property owners of the county in which
13 such applicant resides.
14 Before any outfitter or guide license shall be issued for
15 serving hunters or fishermen in any national forest areas
16 within this state, the applicant shall obtain from the su-
17 pervisor of such national forest area a designation of the
18 camp site or other site from which the outfitter or guide
19 proposes to operate therein and shall likewise obtain from
20 such supervisor any other authority or permit to so op-
21 erate in such national forest area, together with copies of
22 any rules and regulations of the forest incident to main-
23 tenance of camps, sanitary conditions, and prevention of
24 forest fires and water pollution. The applicant shall sat-
25 isfy the director that he has obtained such designation,
26 permit, authority and rules and regulations, as may be
27 required, as a prerequisite to the director’s consideration
28 of the applicant’s license application.
Sec. 26. Outfitter’s or Guide’s License and Bond; Revo-
cation of License; Penalties.—When satisfied as to the
applicant’s qualifications for an outfitter’s or guide’s li-
cense and upon receipt of a fee of ten dollars therefor, the
director shall issue such license which shall be for the
calendar year therein designated.

Immediately upon the issuance of an outfitter’s or
guide’s license and before any outfitter’s or guide’s serv-
ices are offered or rendered thereunder, the licensee shall
execute a surety bond in the penal sum of one thousand
dollars payable to the state of West Virginia and condi-
tioned upon the faithful and reliable discharge of his serv-
ices under and pursuant to such license. Such bond shall
be approved as to form by the attorney general and as to
surety by the director, and when so executed and ap-
proved, shall be filed in the office of the director. Such
bond shall be for the life of the license.

The director is hereby authorized to revoke and cancel
any such license for failure of the licensee to give the bond
herein required, for licensee’s violation or disregard of
any of the provisions of this chapter, upon licensee’s con-
viction of crime, or for any other reason or cause justifying refusal of the license to the licensee upon a new ap-
plication therefor. The director shall afford a licensee an
opportunity to be heard upon the revocation and cancel-
ation of the license.

No person shall act or serve as a guide or outfitter, as
defined in this article, without procuring and having on
his person at the time a valid license from the director
authorizing him so to do. Any person violating this pro-
vision shall be guilty of a misdemeanor, and, upon convic-
tion thereof, may be fined not exceeding one hundred dol-
ars or confined in the county jail not exceeding ninety
days, or, in the discretion of the court, be both fined and
imprisoned within the limits herein prescribed.

PART II. LICENSES AND PERMITS

Sec. 27. Necessity for Licensing.—Except as otherwise
provided by law, no resident who has reached his fif-
teenth birthday, and no nonresident, regardless of age,
shall at any time take, hunt, pursue, trap for, kill or chase any wild animals, wild birds, or fish for, take, kill or catch any fish, amphibians or aquatic life of any kind whatsoever in this state without first having secured a license or permit, and then only during the respective open seasons. No person under the age of fifteen years shall hunt or chase any wild animals or wild birds upon lands of another unless accompanied by a licensed adult.

A resident or nonresident member of any club, organization or association, or persons owning or leasing a game preserve, or fish preserve, plant or pond in this state shall not hunt or fish therein without first securing a license or permit as required by law.

Licenses and permits shall be of the kinds and classes set forth in this article, and shall be conditioned upon the payment of the fees established therefor.

Sec. 28. When Licenses or Permits Not Required.—Persons in the following categories shall not be required to obtain licenses or permits as indicated:

(a) Bona fide resident landowners or their resident children, or bona fide resident tenants of such land to hunt and fish on their own land during open seasons in accordance with laws and regulations applying to such hunting and fishing unless such lands have been designated as a wildlife refuge or preserve; and

(b) Any bona fide resident of this state who is totally blind may fish in this state without obtaining a fishing license to do so. A written statement or certificate from a duly licensed physician of this state showing the said resident to be totally blind shall serve in lieu of fishing license and shall be carried on the person of said resident at all times while he is fishing in this state.

Sec. 29. Licensing Aliens.—Persons, not citizens of the United States, shall at no time, except when licensed to do so, hunt, trap, pursue, kill, catch or take any wild animals or wild birds, have in their possession firearms of any kind, or fish for, capture, catch, kill or take any fish, amphibians or other forms of aquatic life in this state.
Aliens desiring to procure licenses shall first apply to the director for a permit to secure such license. If the director satisfies himself that the applicant is entitled to such license, and will observe the laws of this state, and particularly the provisions of this chapter, he may issue the permit. Permits once issued remain in force until revoked.

Sec. 30. Application and Statement of Eligibility for Licenses; Procuring License in Violation of Chapter.—It shall be the duty of every person who makes application for and procures any class of license for himself or another to inform correctly the issuing authority that the applicant is eligible and fulfills the prerequisites of this chapter in respect to age, citizenship and residence which are necessary to entitle such person to have and hold the class of license applied for. In the case of an alien, the applicant shall produce the permit issued by the director. The possession of any class of license by any licensee shall presume that such licensee or his agent has duly informed the issuing authority that the licensee in question was eligible to have, hold and procure the class of license so issued. It shall be unlawful for any person to procure a license in violation of the provisions of this chapter. It shall not be necessary for the state to prove, in any proceeding for an offense hereunder, that false statements were or were not made, if it be established that the licensee possessed a class of license he was not entitled to possess, or the license procured by the offender for another was of a class the licensee was not entitled to possess.

Sec. 31. Size and Form of License and Tag; Contents; Unlawful to Alter Licenses or Permits.—The size, content and form of all licenses, tags, and permits shall be prescribed by the director. The information which a licensee is required to furnish shall be placed upon the license by the license issuing authority before delivery of such license to the licensee.

It shall be unlawful for any person to alter, mutilate, or deface any license, tag, or permit, or the entries thereon, for the purpose of evading the provisions of this chapter.
Sec. 32. Issuance of Licenses; Duplicate Licenses.—The clerk of the county court in each county and such other persons as are designated by the director shall be the license issuing authorities hereunder. Each issuing authority shall issue a license to a license applicant if, in the opinion of such authority, the license applicant is legally entitled to obtain the license applied for and pays the proper fee therefor.

All materials and supplies necessary for the issuance of licenses shall be furnished by the director to every person authorized to issue the licenses.

Each license shall bear a serial number and shall be signed by the issuing authority. The issuing authority shall deliver to the licensee any badge, tag, or other container required to be worn by the licensee. The issuing authority shall keep an accurate record, in the form and manner prescribed by the director, of all licenses issued and of all money collected as license fees.

Any license issuing authority may issue a duplicate license, to replace any lost, destroyed or damaged license, upon receipt of a verified application therefor duly executed by the original license holder and the payment by such applicant to the issuing authority of a duplicate license fee of one dollar, which shall be paid to the director as provided in section thirty-four hereof.

Sec. 33. Authority of Director to Designate Agents to Issue Licenses; Bonds; Fees.—The director shall have authority to appoint within any county as many persons as his agents, with authority to issue licenses under the provisions of this article, as may, in his opinion, be necessary, in addition to the clerk of the county court of the county, to serve the convenience of the public in procuring such licenses. Each person so appointed as such agent and license issuing authority shall, before issuing any license, file with the director a bond payable to the state of West Virginia, in the amount to be fixed by the director at not less than one thousand dollars, conditioned upon the faithful performance of his obligation to issue licenses only in conformity with the provisions of this article and to account for all license fees received by him.
The form of such bond shall be prescribed by the attorney general. No person, other than those designated as issuing agents by the director, shall sell licenses, or buy the same for purposes of resale.

Every person making application for any licenses shall pay, in addition to the license fee prescribed therefor in the later sections of this article, an additional fee of twenty-five cents as compensation for the person issuing the license, except when such license is purchased from a state or county official: Provided, however, That only one fee of twenty-five cents shall be collected for issuing combination resident state-wide hunting and fishing Class A-B licenses.

Sec. 34. Disposition of License Fees; Reports of Agents; Special Funds and Uses.—All persons in this state who receive money for licenses and permits required by this chapter shall, on the first day of each month, pay over to the director all moneys so collected by them during the preceding month. Such payment shall be accompanied by a report showing, in the case of license money, the name of the county, the class of license sold, the names and addresses of the persons paying the same, the date of the receipt thereof, the signature of the person receiving and remitting such funds, and such other information as the director may deem necessary.

Except where other provisions of this chapter specifically require and direct payment of any such moneys into designated funds for specific uses and purposes, all moneys so received by the director hereunder shall be by him promptly paid into the state treasury and shall be credited to the department of natural resources and shall be further credited to and kept in a separate fund designated "License Fund—Game and Fish", which shall be used and paid out, upon order of the director, solely for the conservation, protection, propagation and distribution of fish, frogs, wild game and wild birds and fowls in this state pursuant to the provisions of this chapter.

Sec. 35. Period during Which License Valid.—Licenses and permits provided by this chapter shall be valid
through the last day of the calendar year for which they are issued unless otherwise provided by law.

Sec. 36. When License to Be Carried and Exhibited; Carrying License of Another.—Except as otherwise provided by law, no person shall hunt, take, pursue, trap for, kill, catch or chase for sport any wild animal or wild bird; or fish for, take, kill or catch any fish or amphibians of any kind whatsoever in this state unless he shall have attached and displayed upon his outer garment a valid license issued to him.

It shall be unlawful for any person to use at any time any license other than those legally issued to him, or transfer a license to another person.

Sec. 37. Display of Bag and Creel Contents.—Any person having in his possession in or near the fields or woods, or about streams of this state, any dog, gun, fishing rod or other hunting, fishing or trapping paraphernalia, shall, upon demand of any officer authorized to enforce the provisions of this chapter, state his correct name and address, and shall exhibit for inspection his license, if such license is required by law, and all firearms and wildlife which he may have in his possession.

Sec. 38. Refusal or Revocation of License or Permit.—The director may, for cause, refuse a license or permit to any person or revoke a license or permit which had been granted.

In case the director desires to refuse a license to any person, he shall notify personnel authorized to issue licenses, in counties where it is expected such license may be sought, of the name and address of such person and such other information in relation thereto as he may desire to give, and such issuing authority shall not issue a license to such person thereafter, and shall report to the director any application made therefor. In case any issuing authority shall, after receiving such notice, knowingly issue such license, he shall be guilty of a misdemeanor. The director may revoke any such license so wrongfully issued. The violation of any of the provisions of this chapter by any person holding a license shall be
sufficient cause for the director to refuse or revoke a license.

All licenses and permits authorized by this chapter to be granted shall be deemed to have been granted by the director, and the power and authority to revoke such licenses is vested in the director. Upon the revocation of any license, the one to whom the same was issued shall, upon having knowledge of such revocation, forthwith deliver the license and tag so issued to him to the director, his agent, or the clerk of any county court. A clerk shall transmit the same to the director.

The hunting license of any person convicted under section eleven, article seven, chapter sixty-one of the code of West Virginia, one thousand nine hundred thirty-one, as amended, shall be revoked, and such person shall not be issued any other hunting license for a period of five years.

The fee therefor shall be three dollars, except that, in any case where a licensee purchases a Class A and a Class B license at the same time, the fee for a Class B license shall be two dollars and fifty cents. For convenience, the commission may provide for the issuance, in those cases where both Class A and Class B licenses are issued to a single licensee at the same time, of both Class

of such form, each shall be and remain a separate license.

The licensee shall not be required to hold any other class of license to trap beaver; nor shall said license be required of any bona fide resident landowner or bona fide resident tenant, or a child of either under the age of fifteen years in those cases where they may trap beavers upon lands belonging to such landowner, or in possession of such tenant. Before the license is issued, the director shall determine that the pond or plant will not interfere with the free passage of fish; that any water diverted to such plant or pond does not violate the riparian rights of other landowners and that such plant, pond or diversion will not interfere with the public stocking or propagation of fish frequenting such waters.

A fee of twenty-five dollars shall accompany each application for such permit.

Sec. 53. License for Privately-owned Commercial Fishing Preserve.—The director may issue a license for the operation of a private pond or privately-owned pond or impoundment to be used as a commercial fishing preserve, provided such impoundments meet the requirements of section twenty-seven of this article: Provided, however, That only one license shall be required where more than one private pond or privately-owned pond or impoundment is operated under one ownership and management and on one separate commercial fishing preserve. The licensee shall have the authority to establish the fishing seasons, size and creel limits for such licensed pond or impoundment. A person fishing in such lake shall not be required to possess the same state-wide fishing license as would be required of him if he were fishing in any of the public waters of this state.

The annual fee for the commercial fishing preserve license shall be twenty-five dollars.

Sec. 54. License for Privately-owned Commercial Shooting Preserves.—1. The director may issue a license for privately-owned commercial shooting preserves to any person who meets the following requirements:

(b) The exterior boundaries of each commercial shooting preserve shall be clearly defined and posted with signs erected around the extremity at intervals of one hundred fifty yards or less.

2. The director shall designate the game which may be hunted under this section on which a more liberal season may be allowed.
3. The operating licenses or permits issued by the director shall entitle holders thereof, and their guests or customers, to recover not more than eighty per cent of the total number of each species of game bird released on the premises each year, except mallard, black duck, ring-necked pheasant, chukar partridge, and other nonnative game species upon which a one hundred per cent recovery may be allowed.

4. Except for the required compliance with the restriction on the maximum number of released birds that may be recovered from each preserve each year, as provided in subsections three and eight, shooting Preserve operators may establish their own shooting limitations and restrictions on the age, sex and number of birds that may be taken by each person.

5. In order to give a reasonable opportunity for a fair return on a sizeable investment, a liberal season shall be designated by the director during the six-month period, beginning October first and ending March thirty-first.

6. All harvested game shall be tagged prior to being either consumed on the premises or removed therefrom, such tags to remain affixed until the game actually is delivered to the point of consumption. The director shall furnish numbered tags at nominal cost to shooting preserve operators.

7. Each shooting preserve operator shall maintain a registration book listing all names, addresses, and hunting license numbers of all shooters; the date on which they hunted; the amount of game and the species taken; and the tag numbers affixed to each carcass. An accurate record likewise must be maintained of the total number, by species, of game birds and ducks raised and/or purchased, and the date and number of all species released. These records shall be open to inspection by a delegated representative of the director at any reasonable time, and shall be the basis upon which the game recovery limits in subsection three hereof shall be determined.

8. Any wild game found on commercial shooting preserves may be harvested in accordance with applicable game and hunting laws pertaining to open seasons, bag
and possession limits, and so forth, as are established
regularly by the director and the United States fish and

PART I. FORESTS AND WILDLIFE AREAS

Sec. 2. Acquisition of Suitable Lands by Director;
2 Maintenance Thereof as State Forests or Wildlife Areas.—
3 The director may with the consent of the governor pur-
4 chase, in the name of the state, out of funds set aside for
5 the purpose, or out of any unused funds in his hands, lands
6 suitable for forest culture, state forests, or wildlife
7 refuges. Such funds may also be used for the construction
8 of dams for fish refuges on lands so acquired. Purchase
9 may be made on terms requiring not less than one third
10 of the purchase price to be paid at the time of the con-
veyance with the residue to be paid in not less than one
or two years after date. Without the consent of the gov-
ernor, not more than twenty-five dollars per acre shall
be paid for lands to be used for the purpose of this article.
The director may also receive the gift of such lands by
deed or bequest. In all cases of transfers to the state, the
fee simple title shall pass to the state, except minerals
and mining rights to remove such minerals may be ex-
cepted or reserved.

The director shall protect, preserve and maintain lands
so acquired as state forests and wildlife areas for the
propagation and distribution of forest trees and for the
protection, management, propagation and distribution of
the fish, wild animals and birds thereon. He may prescribe
and enforce rules and regulations consistent with the laws
of the state to carry out that objective. The director may
prescribe and enforce rules prohibiting all fishing and
hunting, pursuing, catching, trapping, capturing and
killing of fish, wild animals and birds upon such state
forests and wildlife areas for such length of time as he
may deem proper.

The director may provide special regulations and open
seasons for the taking of any wild birds, wild animals or
fish on such lands in the manner provided in this chapter.

Sec. 3. Establishment of Wildlife Areas; Leasing Lands
Therefor.—The director shall establish and maintain
wildlife areas on lands purchased, leased or given for
this purpose. Upon such state-owned or leased lands
under its administration, or lands purchased from depart-

upon lands purchased in cooperation with any agency of
the federal government or leased therefrom or managed
cooperatively therewith, the director shall regulate public
hunting, chasing for sport, shooting, and limit the number
of wildlife, which may be taken from such areas open to
public shooting in any year. The director may establish
special open seasons on any such lands, and may close any
such areas, or parts thereof, to public shooting.

It shall be unlawful at any time to hunt, pursue or
molest in any manner, any animals, birds or fowls on that
section of any wildlife area designated as wildlife refuge, except that any legally constituted enforcement officer, or other person designated by the director, may hunt, pursue, catch and kill in any manner predatory animals and predatory birds thereon.

On the boundary of each state wildlife refuge, there shall be posted in conspicuous places, not more than one hundred and fifty yards apart, notices bearing the following words: "State wildlife refuge—hunting is unlawful", and such other information or rules and regulations as the director may deem advisable. Such lands not owned by the state and now operated by the director as wildlife areas shall, at the expiration of the agreement, be reorganized as wildlife areas or be discontinued.

Sec. 4. Forest Fires; Authority and Duties of Director and Others; Expenditures for Forest Fire Control.—Upon receiving notice of any fire which is injuring or endangering forest land within the state, the director, or his duly authorized representative, the state forester, or any conservation officer shall employ all necessary means to confine, extinguish or suppress the fire. For these purposes such persons and their employees shall, under the general supervision of the director, have the right and authority to enter upon public or private lands, to destroy fences
thereon, to plow such lands, and in case of extreme emergency, to set backfires thereon. The state forester and any conservation officer may, under the general supervision of the director, or his duly authorized representative, employ persons to detect fires which may injure or endanger forest land, and may likewise summon or employ persons to assist in extinguishing such fires, who shall be paid for the actual time so employed, at a rate per hour to be determined by the director: Provided, however, that the rate per hour shall not exceed the rate per hour paid for any comparable labor or skills by the state road commission. Any person so summoned who shall fail or refuse to assist in extinguishing any such fire shall, unless such failure or refusal to assist is due to physical inability, be guilty of a misdemeanor.

Expenditures for detecting, confining, extinguishing or suppressing fires described in this section shall be charged against the state and shall be paid out of the sum of one hundred twenty thousand dollars annually appropriated and made available under provisions of section thirteen of this article. The state forester or his agent shall render to the director, as soon as practicable, a sworn statement with the names of all persons who were summoned or employed and assisted in fighting such fires, the time so spent by each, as well as the names of persons who furnished equipment, subsistence or supplies, or transportation therefor, and the amount of money due each for such services, subsistence, supplies or transportation. Requisitions shall be issued and payment of the sums due shall be made in the same manner as is provided for the making of other expenditures by the director.

Sec. 5. Forest Fire Seasons; Permits; Prohibited Fires; Closure of Forests.—The periods of each year between March first and May thirty-first, inclusive, and October first and December thirty-first, inclusive, are hereby designated as forest fire seasons. No person shall during any such fire season, except between the hours of five o'clock p. m. eastern standard time and five o'clock a. m. eastern standard time, set on fire or cause to be set on fire any forest land, or any grass, grain, stubble, slash, debris, or
other inflammable material if it is located in a place from which it is reasonable to expect that the fire may spread to any forest land. Any person who sets or causes to be set such a fire during any period of time permitted by this section shall not leave the fire unattended and shall completely extinguish the fire before five o'clock a.m. eastern standard time. If damage to the property of another results from any such fire during a forest fire season, it shall be prima-facie evidence that the person who set such fire or caused it to be set violated the provisions of this paragraph.

The director or his designated appointees or employees may issue permits authorizing fires prohibited by the preceding paragraph. Such permits may be granted on such conditions and for such periods of time as the director deems necessary to prevent danger from fire to life or property, and noncompliance with any term of the permit shall be a violation of this section. Any permit which was obtained through wilful misrepresentation shall be invalid. All permit holders shall take all necessary and adequate precautions to confine and control any fire permitted by the authorization; failure to take such action shall be a violation of this section and shall be justification for the director's obtaining a court order requiring the permit holder to extinguish and cease using fires during the forest fire season.

When the director considers it necessary to prevent danger from fire to life or property, he may, with the prior approval of the governor, prohibit the starting of and require the extinguishment of any fire in any forest area designated by the director, and such action may include any fire for which a permit has been issued under the preceding paragraph. In addition, if so deemed necessary, the director may, with the prior approval of the governor, designate any forest area as a danger area and prohibit entry thereon or use thereof except for the purposes and on the conditions he designates. The director by proclamation shall establish such areas and designate which fires are prohibited therein; and if a danger area is established, he shall announce the purposes for which and conditions under which entry thereon or use thereof may be
made. Action hereunder may be taken by the director at any time during the year. Notice of any proclamation hereunder shall be posted on each primary road at the entrance to the designated areas and copies of the proclamation shall be furnished at the time of posting to newspapers, radio stations and television stations which serve the area designated. The proclamation shall not be effective until twenty-four hours after it is posted as herein provided. Any proclamation hereunder shall remain in force until the director, with the approval of the governor, by order terminates it. The order shall designate the time of termination, and notice of any such order shall be furnished to each newspaper, radio station and television station which received a copy of the proclamation. The posted notices shall be removed as soon as possible after termination of any such proclamation. Any person who starts or fails to extinguish a fire so prohibited or enters or uses a danger area otherwise than permitted shall be guilty of a violation of this section.

Sec. 6. Failure of Person to Extinguish Fire Started or Used by Him; Throwing Lighted Material on Forest Land. — Any person who, by himself, or by his servants, agents or guides, or as a servant, agent or guide of any other person, shall at any time build or use any fire in any field, in any public or private road, or in any area adjacent to or in any forest land in this state, shall, before leaving such fire for any period of time, totally extinguish the same. A person shall not at any time throw or place any lighted match, cigar, cigarette, firecracker or other lighted material on any forest land, private road, public highway or railroad right of way within this state. Any person who violates any provision of this section shall be guilty of a misdemeanor.

Sec. 7. Starting Fire on Lands of Another; Felony.— Any person who wilfully sets or causes to be set on fire any forest land, grass, grain, stubble, brush, slash, debris, or any other inflammable substance upon the property of another without his consent, or in a place from which it is reasonable to expect that the fire may spread to the property of another without his consent, and as a result of
either causes damage or destruction to any natural re-
sources in or on the other person’s property, shall be
guilty of a felony, and, upon conviction thereof, shall be
fined not less than one hundred dollars nor more than five
hundred dollars, or be imprisoned for not less than one
year nor more than five years, or both, in the discretion
of the court.

Sec. 8. **Duty of Railroad Company to Protect against Fires.**—Every railroad company or other company op-
erating a steam, diesel or other type of locomotive shall
cut and remove from the part of its road or right of way
which passes through forest land or lands subject to fire
from any cause, at least once a year, all grass, brush, and
other inflammable materials, and employ, at times when
such land is in a dry and dangerous fire condition, suffi-
cient trackmen to promptly put out fires on such road or
right of way; and shall provide locomotives thereon with
netting of steel or iron so constructed as to give the best
practical protection against the escape of fire and sparks
from the smokestacks or exhausts thereof and against the
escape of fire from ash pans and furnaces which are used
on such locomotives.

No such company, or any employee thereof, shall de-
posit, cast, or discharge fire coals or ashes on that part of
its road or right of way which passes through forest land,
or lands subject to fire from any cause, unless the fire
therein is immediately extinguished. No such company,
or employee thereof, shall place a lighted fusee along such
roads or rights of way in such a manner as will cause the
same to ignite inflammable substances which may cause
fire to spread to forest land. In case of any uncontrolled
or unguarded fire on such part of its road or right of way,
the company shall use all practicable means to extinguish
it. Engineers, conductors, trainmen, or other persons who,
while working for such companies, discover or know of
any fire on, along or near such part of the road or right of
way of their employer, shall report the same as soon as
possible to personnel of the director. A company, or any
officer or employee thereof, violating any provision of this
section, shall be guilty of a misdemeanor.
Sec. 9. Right of Railroad Company to Clear Land Adjacent to Right of Way.—For the purpose of providing increased protection to forest land from fire originating along railroads, any company which operates a railroad shall have the right, subject to the provisions of this section, without liability for trespass, to enter upon forest land for a distance of one hundred feet from its road or right of way and to clear from such a strip any inflammable material such as leaves, grass, dead trees, slash and brush, but shall not remove any valuable timber growth or other thing of value without consent of and recompense to the owner. Not less than fifteen days prior to clearing such lands, the railroad company shall give the owner thereof notice of its intention, together with a transcript of this section, by letter deposited in the United States mail to his last known address. If the owner shall not file an objection to such clearing with the director within ten days of the date of said notice, he shall be deemed to have given consent. Upon the filing by an owner of such objection showing cause why such clearing should not be done, the director shall review the case and may sustain the objection of the owner or permit the clearing in whole or in part.

Sec. 10. Engines; Escape of Fire from.—No person, firm or corporation shall use or operate in forest land, or within one eighth of a mile therefrom, a sawmill, a power shovel, or an engine or machine capable of throwing sparks, unless the equipment is provided with an adequate spark arrester. Escape of fire from such equipment shall be prima-facie evidence that such appliance was not maintained properly in compliance with this section. Any person, firm or corporation violating this section shall be guilty of a misdemeanor.

Sec. 11. Recovery of Expenses Incurred in Fighting Fires.—The director shall, in the name of the state, recover from the persons, firms or corporations whose negligence or whose violation of any provision of this article caused any fire at any time on grass or forest land, the amount expended by the state in confining, extinguishing or suppressing such fire and the costs thereof. Such re-
covery shall not bar an action for damages by any other person.

Any such fire which was caused by a trespasser or by a person who was upon the property without the consent of the owner shall not be deemed caused by the negligence of the owner; but the owner shall use all practical means to confine, extinguish or suppress any such fire on his land even though it was caused by any such person. If he fails to do so, after becoming aware of such fire, the director shall, in the name of the state, recover from him amounts expended by the state for such purposes and the costs thereof.

Sec. 12. **Timber Land and Forest Land Defined.**—For the purpose of this chapter, any land shall be considered timber land or forest land which has enough timber standing or down to constitute, in the judgment of the commission, a fire menace to itself or adjoining lands: Provided, however, That nothing in this section contained shall be construed to include lands under cultivation or in grass: Provided further, That nothing contained herein shall be construed so as to include within the provisions of this section any land which is an isolated fire risk, unless a forest fire thereon would imperil the lands of any adjoining landowner or landowners.

Sec. 13. **Director Authorized to Secure Federal Cooperation; Annual Appropriation.**—The director may do all things required to meet the conditions and requirements of the federal government in securing federal cooperation under the provisions of the Weeks Law and the Clarke-McNary Law, and any other law amendatory thereof or supplemental thereto, for the purpose of the prevention and control of forest fires and the advancement of forestry practices. The sum of one hundred twenty thousand dollars is hereby appropriated annually, and the board of public works shall include said sum of one hundred twenty thousand dollars for said purpose in its annual budget to the Legislature as provided in section fifty-one, article six of the constitution of this state and/or in such other budgets as it may present to the Legislature as may be necessary to provide the said sum of one hundred twenty
thousand dollars for the purpose of this section, which
sum of one hundred twenty thousand dollars annually
shall be paid into the state treasury to the credit of the
department of natural resources and be expended and
drawn upon by it for the aforesaid purposes, in the
manner herein elsewhere provided. Any unexpended
balance of this appropriation at the end of any fiscal year
shall be reappropriated and retained for forest fire con-
trol expenditures: Provided, however, That all such bal-
ances revert to the general fund.

Sec. 14. Financial Assistance from Owners of Forest
Lands; Expenditures by Director.—The director may co-
operate with the owners of forest lands and receive finan-
cial assistance from them for forestry purposes and do
any and all things necessary therefor, including the es-
tablishment and maintenance of patrol and lookout sta-
tions: Provided, however, That the director shall expend
for forestry purposes, and for no other purpose, such
moneys as shall be appropriated therefor by the state, and
such moneys as may be recovered from persons giving
origin to grass or forest fires, and such moneys as may be
received from the federal government by appropriation
under the Weeks and Clarke-McNary laws, or otherwise.

Sec. 15. Owner Not Relieved from Civil Liability for
Damage from Fire.—Nothing in this chapter shall be con-
strued to relieve the owner, lessee or user of any land from
civil liability for damage resulting from any fire for which
their agents or employees may be responsible.

Sec. 16. Prima-Facie Evidence of Negligence.—In all
criminal and civil actions for any injury occasioned by fire
communicated by burning or clearing land, the fact that
such fire was so communicated shall be prima-facie evi-
dence of negligence on the part of the person or agent or
employee or any other person who shall at the time of
such injury by fire be in the use and occupation of the
land on which the burning was done and of those who
shall at such time have care and management of such
burning.

Sec. 17. Disposition of Proceeds of National Forests.—
Receipts from any national forest, paid to the state or its
proper officers pursuant to directions of acts of Congress, shall be allocated by the auditor to each county which has acreage located in such national forest, in the proportion which the acreage in such county bears to the total acreage of such national forest in this state. Eighty per cent of the funds so allocated to any county shall be paid to the board of education of the county to be expended by the board for the benefit of the public schools of the county. Twenty per cent of the funds so allocated to any county shall be paid to the state road commission to be expended for secondary road purposes in that county.

Notwithstanding any contrary provision of former law, any sheriff or county court of any county having charge or custody of any unexpended national forest proceeds, received under allocations made pursuant to former provisions of law, shall pay over eighty per cent of such unexpended balance to the county board of education, and twenty per cent thereof to the state road commission, for expenditure as provided herein.

Sec. 18. Disposition of Flood Control, Navigation and Allied Funds from the Federal Government.—Receipts from the treasurer of the United States, paid to the state or its proper officers pursuant to direction of an act of Congress relating to disposition of funds received on account of the leasing of lands for flood control, navigation and allied purposes, shall be allocated by the state auditor to each county in accordance with the method of allocation specified by the federal government. The state auditor shall transfer to the road commission fifty per cent of the funds so allocated to each county for the purpose of maintenance of secondary roads in the area or areas of the county in which such flooded lands are located. Fifty per cent of the funds so allocated to any county in which such lands are located shall be paid by the state auditor to the board of education of that county to be expended by the board for the benefit of the public schools of the county.

Sec. 19. Protection of Forests against Destructive Insects and Diseases; Purposes and Intent of the Section.—In order to protect and preserve forest resources of the state of West Virginia from ravages of bark beetles, de-
foliators, rusts, blights, wilts and other destructive forest pests and diseases, and thereby enhance the growth and maintenance of forests; promote the stability of forest-using industries and employment associated therewith; reduce the fire risk created by dying and dead trees injured or killed by insects or diseases; conserve forest cover on watersheds and protect recreational and other forest values, it shall be the policy of the state of West Virginia, independently and through cooperation with adjoining states, the federal government, and private timber owners and other private organizations, to prevent, retard, control, suppress, or eradicate incipient, potential or emergency outbreaks of destructive insects and diseases on, or threatening, all forest land irrespective of ownership.

(a) Authority. The director is authorized either directly or in cooperation with other agencies, subject to such conditions as he may deem necessary and using such funds as have been, or may hereafter be made available for those purposes, to conduct surveys on any forest land to detect and appraise infestations of forest insect pests and tree diseases, to determine the measures which should be applied on such lands, in order to prevent, retard, control, suppress or eradicate incipient, threatening, potential or emergency outbreaks of such insect or disease pests, and to plan, organize, direct and carry out such measures as he may deem necessary to accomplish the objectives and provisions of this section: Provided, That actual control measures shall be conducted with the cooperation and consent of the quarantine and regulatory official of the department of agriculture.

(b) Establishing Control Zone; Notice to Landowners. Where an insect infestation or disease infection is believed to exist on a forest land within this state, the director shall investigate the condition. Whenever he finds that an infestation or infection exists, he shall request the quarantine officials of the state department of agriculture to declare the same a public nuisance. When same has been declared a public nuisance he shall establish a control zone of the forest land wherein the same is found, and shall give notice in writing by at least two publications in a newspaper of general circulation in the area or areas
where the control zone is established, by mail or otherwise
to forest landowners within the control zone, advising
them of the nature of the infestation or infection, recom-
mending control measures and offering technical advice
on methods of carrying out the control measures.

(c) Institution of Control Measures. If, after notifica-
tion by the director, any landowner fails, neglects, or is
unable to carry out the control measures recommended by
the director as set forth in subsection (b), the director
may, through his agents, institute and carry out such con-
rol measures.

(d) Appeals. Any person damaged or aggrieved by
any action of any officer or employee of the department
under the provisions of this section shall have the right
to appeal from such action to the director and then to the
circuit court of the county in which such person resides
in which he owns forest land affected by such action. The
court, after hearing the evidence in the case, may make
such orders as may be appropriate to protect the interests
of the appellant, adjacent forest landowners, or the state.

(e) Cooperation with Individuals and Public Agencies.
The director is authorized to cooperate with landowners
and appropriate authorities of town, city, county, adjoin-
ing state and the United States government, and other
agencies having jurisdiction of state lands, concerning
forest tree insect and disease investigation and control,
and to accept money, gifts and donations, and to disburse
the same for the purpose of carrying out the provisions of
this section.

(f) Annual Appropriation; Forest Pest Control Fund.
There is hereby created in the state treasury a special
fund to be known as the forest pest control fund. Such
fund shall consist of all moneys appropriated thereto by
the Legislature and all moneys received and deposited
with the state treasurer under the provisions of this sec-
tion. All such funds are hereby appropriated to the de-
partment of natural resources to be used to carry out the
purpose of this section.

(g) Definitions. As used in this section, unless the con-
text clearly requires otherwise:
(1) "Forest trees" mean only those trees which are a part of and constitute a stand of potential, immature or mature commercial timber trees: Provided, That the term "forest trees" shall be deemed to include shade trees of any species around houses, along highways and within cities and towns if the same constitute an insect or disease menace to nearby timber trees or timber stands;

(2) "Forest land" means land on which forest trees occur;

(3) "Control zone" means an area of potential or actual infestation or infection, the boundaries of which are fixed and clearly described in a manner to definitely identify the zone;

(4) "Infestation" means infestation by means of any insect in any stage of growth which is determined to be dangerously injurious to forest trees; and

(5) "Infection" means infection by any disease affecting forest trees which is determined to be dangerously injurious thereto.

PART II. SOUTHEASTERN INTERSTATE FOREST FIRE PROTECTION COMPACT

Sec. 20. Southeastern Interstate Forest Fire Protection Compact; Governor's Authority to Execute.—The governor of West Virginia, on behalf of this state, is hereby authorized to execute a compact in substantially the following form, with any one or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee and Virginia, and the Legislature hereby signifies in advance its approval and ratification of such compact:

SOUTHEASTERN INTERSTATE FOREST FIRE PROTECTION COMPACT

Article I.

The purpose of this compact is to promote effective prevention and control of forest fires in the southeastern region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire-fighting services by the member states, by pro-
viding for mutual aid in fighting forest fires among the compacting states of the region and with states which are party to other regional forest fire protection compacts or agreements, and for more adequate forest protection.

Article II.

This compact shall become operative immediately as to those states ratifying it whenever any two or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia and West Virginia, which are contiguous, have ratified it and Congress has given consent thereto. Any state not mentioned in this article which is contiguous with any member state may become a party to this compact subject to approval by the Legislature of each of the member states.

Article III.

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that state and shall consult with like officials of the other member states, and shall implement cooperation between such states in forest fire prevention and control.

The compact administrators of the member states shall coordinate the services of the member states and provide administrative integration in carrying out the purposes of this compact.

There shall be established an advisory committee of legislators, forestry commission representatives, and forestry or forest products industries representatives, which shall meet from time to time with the compact administrators. Each member state shall name one member of the senate and one member of the house of delegates who shall be designated by that state's commission on interstate cooperation, or if said commission cannot constitutionally designate the said members, they shall be designated in accordance with laws of that state; and the governor of each member state shall appoint two representatives, one of whom shall be associated with forestry or forest products industries, to comprise the
membership of the advisory committee. Action shall be taken by a majority of the compacting states and each state shall be entitled to one vote.

The compact administrators shall formulate and, in accordance with need, from time to time, revise a regional forest fire plan for the member states.

It shall be the duty of each member state to formulate and put into effect a forest fire plan for that state and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

Article IV.

Whenever the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combatting, controlling or preventing forest fires, it shall be the duty of the state forest fire control agency of that state to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

Article V.

Whenever the forces of any member state are rendering outside aid pursuant to the request of another member state under this compact, the employees of such state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the state to which they are rendering aid.

No member state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith: Provided, That nothing herein shall be construed as relieving any person from liability for his own negligent act or omission, or as imposing liability for such negligent act or omission upon any state.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting
Any member state rendering outside aid pursuant to this compact shall be reimbursed by the member state receiving such aid for any loss or damage to, or expense incurred in the operation of, any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, subsistence of employees and maintenance of equipment incurred in connection with such request: Provided, That nothing herein contained shall prevent any assisting member state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such service to the receiving member state without charge or cost.

Each member state shall provide for the payment of compensation and death benefits to injured employees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

For the purposes of this compact, the term "employee" shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding state under the laws thereof.

The compact administrators shall formulate procedures for claims and reimbursement under the provisions of this article, in accordance with the laws of the member states.

Article VI.

Ratification of this compact shall not be construed to affect any existing statute so as to authorize or permit curtailment or diminution of the forest fire fighting forces, equipment, services or facilities of any member state.

Nothing in this compact shall be construed to limit or restrict the powers of any state ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement
of state laws, rules or regulations intended to aid in such
prevention, control and extinguishment in such state.

Nothing in this compact shall be construed to affect
any existing or future cooperative relationship or arrange-
ment between any federal agency and a member state or
states.

Article VII.

The compact administrators may request the United
States forest service to act as a research and coordinating
agency of the southeastern interstate forest fire protection
compact in cooperation with the appropriate agencies in
each state, and the United States forest service may accept
responsibility for preparing and presenting to the com-
 pact administrators its recommendations with respect
to the regional fire plan. Representatives of any federal
agency engaged in forest fire prevention and control may
attend meetings of the compact administrators.

Article VIII.

The provisions of articles four and five of this compact
which relate to mutual aid in combatting, controlling or
preventing forest fires shall be operative as between any
state party to this compact and any other state which is
party to a regional forest fire protection compact in an-
other region: Provided, That the Legislature of such other
state shall have given its assent to such mutual aid pro-
visions of this compact.

Article IX.

This compact shall continue in force and remain bind-
ing on each state ratifying it until the Legislature or the
governor of such state, as the laws of such state shall
provide, takes action to withdraw therefrom. Such action
shall not be effective until six months after notice thereof
has been sent by the chief executive of the state desiring
to withdraw to the chief executives of all states then
parties to the compact.

Sec. 21. When and How Compact Becomes Operative.—
When the governor shall have executed said compact on
behalf of this state and shall have caused a verified copy
thereof to be filed with the secretary of state and when
said compact shall have been ratified by one or more of
the states named in section nineteen of this article, then
said compact shall become operative and effective as
between this state and such other state or states. The
governor is hereby authorized and directed to take such
action as may be necessary to complete the exchange of
official documents as between this state and any other
state ratifying said compact.

Sec. 22. Compact Administration; Committee; Terms
and Removal.—In pursuance of article three of said com-
 pact, the director of the department of natural resources
of the state of West Virginia or his designated representa-
tive shall act as compact administrator for the state of
West Virginia of the southeastern interstate forest fire
protection compact during his term of office as director,
and his successor as compact administrator shall be his
successor as director. As compact administrator he shall
be an ex officio member of the advisory committee of the
southeastern interstate forest fire protection compact, and
chairman ex officio of the West Virginia members of said
advisory committee. There shall be four members of the
southeastern interstate forest fire protection compact ad-
visory committee from the state of West Virginia. Two
of the members from the state of West Virginia shall be
members of the Legislature of West Virginia, one from the
senate and one from the house of delegates, designated
by the state's commission on interstate cooperation, and
the terms of any such members shall terminate at the time
they cease to hold legislative office, and their successors
as members shall be named in like manner. The governor
shall appoint the other two members from the state of
West Virginia, one of whom shall be associated with
forestry or forest products industries. Such members
shall hold office until their respective successors shall
be appointed and qualified. Vacancies occurring in the
office of such members for any reason or cause shall
be filled by appointment by the governor for the unex-
pired term. The director as compact administrator may
delegate, from time to time, to any deputy or other sub-
ordinate in his department or office, the power to be
present and participate, including voting as his repre-
sentative or substitute at any meeting of or hearing by or
other proceeding of the compact administrators or of the
advisory committee. The terms of each of the initial four
memberships of the advisory committee, whether ap-
pointed at said time or not, shall begin upon the date upon
which said compact shall become effective in accordance
with article two of said compact. Any member of said
advisory committee may be removed from office by the
governor upon charges and after a hearing.

Sec. 23. Compact Committee Powers and Duties; Co-
operation Therewith.—There is hereby granted to the
director, as compact administrator and chairman ex officio
of the West Virginia members of said advisory committee,
and to the members from West Virginia of said advisory
committee, all the powers provided for in the said comp-
act and all the powers necessary or incidental to the
carrying out of said compact in every particular. All offi-
cers of the state of West Virginia are hereby authorized
and directed to do all things falling within their respec-
tive provinces and jurisdiction necessary or incidental to
the carrying out of said compact in every particular, it
being hereby declared to be the policy of the state of West
Virginia to perform and carry out the said compact and
to accomplish the purposes thereof. All officers, bureaus,
departments and persons of and in the state government
or administration of the state of West Virginia are hereby
authorized and directed at convenient times and upon re-

committee, to furnish information and data relating to
the purposes of said compact possessed by them or any of
them to said compact administrator or said advisory com-

administrator or said advisory committee by loan of per-
sonnel, equipment or other means in carrying out the
purposes of said compact.

Sec. 24. Other Powers Supplementary.—Any powers
herein granted to the state forester shall be regarded as
in aid of and supplemental to, and in no case a limitation

program of the state and shall organize and staff his divi-

PART I. PARKS AND RECREATIONAL FACILITIES

Sec. 2. Definitions.—As used in this article, unless the
context clearly requires a different meaning:

"Bonds" shall mean bonds issued by the director pur-
suant to this article.

"Cost of project" shall embrace the cost of construction,
the cost of all land, property, material and labor which
are deemed essential thereto, cost of improvements, fi-
nancing charges, interest during construction, and all other expenses, including legal fees, trustees', engineers' and architects' fees which are necessarily or properly incidental to the project.

“Project” shall be deemed to mean collectively the acquisition of land, the construction of any buildings or other works, together with incidental approaches, structures and facilities, reasonably necessary and useful in order to provide new or improved recreational facilities.

“Recreational facilities” shall mean and embrace cabins, lodges, swimming pools, golf courses, restaurants, commissaries and other revenue producing facilities in any state park or forest.

“Rent or rental” shall include all moneys received for the use of any recreational facility.

Sec. 3. State Park and Recreation System; Purposes; Financing; Disposition and Use of Revenues.—In addition to the powers and duties vested in the director elsewhere in this chapter, he shall have the power and duty to establish and maintain a state park and public recreation system, and to do all things necessary and incident to the development and administration thereof. Individual projects of such system may be financed from any moneys of the department available for such purposes, or by the issuance of park development revenue bonds as provided in this article.

The purposes of such system shall be to promote conservation by preserving and protecting natural areas of unique or exceptional scenic, scientific, cultural, archaeological or historic significance, and to provide outdoor recreational opportunities for the citizens of this state and its visitors. In accomplishing such purposes the director shall, insofar as is practical, maintain in their natural condition lands that are acquired for and designated as state parks, and shall not permit public hunting, the exploitation of the minerals or harvesting of timber thereon for commercial purposes.

All revenue derived from the operation of the state park and public recreation system shall be expended by the director solely for the acquisition of property for the ex-
tension of the system, or for operating, maintaining and
improving such system, or for the retirement of park de-
development revenue bonds as provided in this article.

Sec. 4. Restaurants and Other Facilities on Department
Lands.—The director may, on all areas under his juris-
diction and control, operate commissaries, restaurants and
other establishments for the convenience of the public.
For these purposes the director may purchase equipment,
foodstuffs, supplies and commodities, according to law.

Sec. 5. Authority of Director to Issue Park Development
Revenue Bonds; Grants and Gifts.—The director, with
the approval of the governor, is hereby empowered to
raise the cost of any project, as defined hereinafore, by
the issuance of park development revenue bonds of the
state, the principal of and interest on which bonds shall
be payable solely from the special fund herein provided
for such payment. Such bonds shall be authorized by
order of the director, approved by the governor, which
shall recite an estimate by the director of the cost of the
project, and shall provide for the issuance of bonds in an
amount sufficient, when sold as hereinafter provided, to
produce such cost, less the amount of any grant or grants,
gift or gifts received, or in the opinion of the director ex-
pected to be received from the United States of America
or from any other source. The acceptance by the director
of any and all such grants and gifts, whether in money or
in land, labor or materials, is hereby expressly authorized.
All such bonds shall have and are hereby declared to have
all the qualities of negotiable instruments under the law
merchant. Such bonds shall bear interest at not more than
four per cent per annum, payable semiannually, and shall
mature in not more than twenty-five years from their
date or dates, and may be made redeemable at the option
of the state, to be exercised by the director at such price
and under such terms and conditions as the director may
fix prior to the issuance of such bonds. The director shall
determine the form of such bonds, including coupons to
be attached thereto to evidence the right of interest pay-
ments, which bonds shall be signed by the director, under
the great seal of the state, attested by the secretary of
state, and the coupons attached thereto shall bear the facsimile signature of the director. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. The director shall fix the denominations of the bonds, the principal and interest of which shall be payable at the office of the treasurer of the state of West Virginia, at the capitol of the state, or, at the option of the holder, at some bank or trust company in the city of New York to be named in the bonds in such medium as may be determined by the director. Such bonds shall be exempt from taxation by the state of West Virginia, or any county or municipality therein. The director may provide for the registration of such bonds in the name of the owner as to principal alone, and as to both principal and interest under such terms and conditions as the director may determine, and shall sell such bonds in such manner as he may determine to be for the best interest of the state, taking into consideration the financial responsibility of the purchaser, and the terms and conditions of the purchase, and especially the availability of the proceeds of the bonds when required for payment of the cost of the project, such sale to be made at a price not lower than a price which, computed upon standard tables of bond values, will show a net return of five per cent per annum to the purchaser upon the amount paid therefor. The proceeds of such bonds shall be used solely for the payment of the cost of the project, and shall be deposited and checked out as provided by section seven of this article, and under such further restrictions, if any, as the director may provide. If the proceeds of such bonds, by error in calculation or otherwise, shall be less than the cost of the project, additional bonds may in like manner be issued to provide the amount of the deficiency, and unless otherwise provided for in the trust agreement hereinafter mentioned, shall be deemed to be of the same issue, and shall be entitled to payment from the same fund, without preference or priority as the bonds before
issued. If the proceeds of bonds issued for the project shall exceed the cost thereof, the surplus shall be paid into a special fund to be established for payment of the principal and interest of such bonds as specified in the trust agreement provided for in the following section. Such fund may be used for the purchase of any of the outstanding bonds payable from such fund at the market price, but at not exceeding the price, if any, at which such bonds shall in the same year be redeemable, and all bonds redeemed or purchased shall forthwith be cancelled, and shall not again be issued. Prior to the preparation of definitive bonds, the director may, under like restrictions, issue temporary bonds with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specified and required by this article, or by the constitution of the state. Revenue bonds issued under the authority herein granted shall be eligible as investments for the workmen's compensation fund and as security for the deposit of all public funds.

Sec. 6. Trustee for Holders of Bonds.—The director may enter into an agreement or agreements with any trust company, or with any bank having the powers of a trust company, either within or outside the state, as trustee for the holders of bonds issued hereunder, setting forth therein such duties of the state and of the director in respect to acquisition, construction, improvement, maintenance, operation, repair and insurance of the project, the conservation and application of all moneys, the insurance of moneys on hand or on deposit, and the rights and remedies of the trustee and the holders of the bonds, as may be agreed upon with the original purchasers of such bonds, and including therein provisions restricting the individual right of action of bondholders as is customary in trust agreements respecting bonds and debentures of corporations, protecting and enforcing the rights and remedies of the trustee and the bondholders, and providing for approval by the original purchasers of the bonds of the
appointment of consulting architects, and of the security
given by those who contract to construct the project, and
by any bank or trust company in which the proceeds of
bonds or rentals shall be deposited, and for approval by
the consulting architects of all contracts for construction.
All expenses incurred in carrying out such agreement
may be treated as a part of the cost of maintenance, oper-
ation and repair of the project.

Sec. 7. Proceeds of Bonds, Grants and Gifts.—The pro-
ceeds of all bonds sold as provided in this article for any
park development project and the proceeds of any grant
or gift received by the director for any project financed
by the issuance of park development revenue bonds shall
be paid to the treasurer of the state of West Virginia, who
shall not commingle such funds with any other moneys,
but shall deposit them in a separate bank account or ac-
counts. The moneys in such accounts shall be paid out on
check of the treasurer on requisition of the director, or of
such other person as the director may authorize to make
such requisition. All deposits of such moneys shall, if re-
quired by the treasurer or the director, be secured by
obligation of the United States, of the state of West Vir-
ginia, or of the director, of a market value equal at all
times to the amount of the deposit, and all banking insti-
tutions are authorized to give such deposits.

Sec. 8. Authority of Director to Pledge Revenue as
Security.—The director shall have authority to pledge all
revenue derived from any project as security for any
bonds issued under this article to defray the cost of such
project. In any case in which the director may deem it
advisable, he shall also have the authority to pledge the
revenue derived from any existing recreational facilities
under his control, or any state park or forest, as additional
security for the payment of any bonds issued under the
provisions of this article to pay the cost of any park de-
velopment project.

Sec. 9. Management and Control of Project.—The de-
partment shall properly maintain, repair, operate, man-
age and control the project, fix the rates of rental, and
establish by-laws and rules and regulations for the use and operation of the project, and may make and enter into all contracts or agreements necessary and incidental to the performance of its duties and the execution of its powers under this article.

Sec. 10. Provisions of Constitution and Law Observed; What Approval Required.—It shall not be necessary to secure from any officer or board not named in this article any approval or consent, or any certificate or finding, or to hold an election, or to take any proceedings whatever, either for the construction of any project, or the improvement, maintenance, operation or repair thereof, or for the issuance of bonds hereunder, except such as are prescribed by this article or are required by the constitution of the state.

Nothing in this article contained shall be so construed or interpreted as to authorize or permit the incurring of state debt of any kind or nature as contemplated by the provisions of the constitution of the state in relation to state debt.

Sec. 11. Highway Beautification; Unlawful Disposal of Litter, etc.; Notice of Section; Violations; Evidence; Enforcement; Penalties.—The director of the department of natural resources in cooperation with the state road commissioner, the department of public safety, the United States forestry service, and other law enforcement agencies of local, state and federal governments, shall be responsible for administration and enforcement of all laws and regulations relating to maintenance of cleanliness and improvement of appearances on and along highways, roads, streets, alleys and other public areas and ways of the state and shall make recommendations to the director from time to time concerning means and methods of accomplishing state highway beautification consistent with the provisions of this chapter.

It shall be unlawful to place, deposit, dump or throw, or cause to be placed, deposited, dumped or thrown, any litter, garbage, refuse, trash, cans, bottles, papers, ashes, cigarette or cigar butts, carcass of any dead animal, offal or any other offensive or unsightly matter in or upon any
public or private highway, road, street or alley, or upon
the surface of any land within one hundred yards thereof
without the consent of the owner, or in or upon any
private property into or upon which the public is admitted
by easement or license, or upon any private property
without the consent of the owner, or in or upon any public
park or other public property other than in such place
as may be set aside for such purpose by the governing
body having charge thereof.
If any such materials be thrown, cast, dumped or dis-
charged from a motor vehicle in violation of the provi-
sions hereof, such action shall be deemed prima-facie
evidence that the owner and driver of such motor vehicle
intended to violate the provisions of this section.
The state commissioner of motor vehicles, upon regis-
tering a motor vehicle or issuing an operator's or chauf-
feur's license, shall issue to the owner or licensee, as the
case may be, a copy of this section.
The state road commissioner shall cause appropriate
signs to be placed at the state boundary on each primary
and secondary road, informing those entering the state
of the maximum penalty herein provided for disposing
of litter in, upon and near highways and roads in violation
of this section.
No portion of this section shall be construed to restrict
a private owner in the use of his own private property or
to prohibit the disposal of materials designated in this
section in any manner authorized by law.
Any person violating any provision of this section shall
be guilty of a misdemeanor, and, upon conviction thereof,
shall be fined not less than twenty nor more than five
hundred dollars or be imprisoned in the county jail for a
period of time not exceeding six months, or, in the discre-
tion of the court, may be subject to both such fine and
imprisonment.

Sec. 12. Correlation of Projects and Services.—The
chief of the division of parks shall correlate and coordinate
his park and recreation programs, projects and develop-
ments with the functions and services of other offices and
divisions of the department and other agencies of the
state government so as to provide, consistent with the
provisions of this chapter, suitable and adequate facilities, landscaping, personnel and other services at and about fish hatcheries, game farms, wildlife research areas, feeding stations, historic and scenic monuments and markers, and other institutions and activities of the state.

PART II. MOTORBOATING

Sec. 13. Motorboats and Other Terms Defined.—As used in this section and subsequent sections of this article, unless the context clearly requires a different meaning:

1. "Vessel" means every description of watercraft, other than a seaplane on the water, used or capable of being used as a means of transportation on water;

2. "Motorboat" means any vessel propelled by machinery, whether or not such machinery is the principal source of propulsion, but shall not include a vessel which has a valid marine document issued by the bureau of customs of the United States government or any federal agency successor thereto, nor to a vessel powered by a motor of five horsepower or less; and

3. "Owner" means a person, other than a lienholder, having the property in or title to a motorboat. The term includes a person entitled to the use or possession of a motorboat subject to an interest in another person, reserved or created by agreement and securing payment or performance of an obligation, but the term excludes a lessee under a lease not intended as security.

Sec. 14. Motorboat Identification Numbers; Applications for Numbers; Fee; Displaying; Reciprocity; Change of Ownership; Conformity with U. S. Regulations; Issuing Agents; Records; Renewal of Certificate; Transfer of Interest, Abandonment, etc.; Change of Address; Unauthorized Numbers; Information to Be Furnished Assessors.—Every motorboat, as herein defined, operating upon public waters within the territorial limits of this state, shall be numbered as herein provided.

(a) The owner of each motorboat requiring numbering by this state shall file an application for a number with the director on forms approved by him. The application shall be signed by the owner of the motorboat and shall be accompanied by a fee of five dollars. All such fees
shall be deposited in the state treasury to the credit of the state general fund. Upon receipt of the application in approved form, the director shall enter the same upon the records of his office and issue to the applicant a number awarded to the motorboat and the name and address of the owner. The owner shall paint on or attach to each side of the bow of the motorboat the identification number in such manner as may be prescribed by rules and regulations of the director in order that it may be clearly visible. The number shall be maintained in legible condition. The certificate of number shall be pocket size and shall be available at all times for inspection on the motorboat for which issued, whenever such motorboat is in operation.

(b) The owner of any motorboat already covered by a number in full force and effect which has been awarded to it pursuant to then operative federal law or a federally-approved numbering system of another state shall record the number prior to operating the motorboat on the waters of this state in excess of the ninety-day reciprocity period provided for in section sixteen of this article. Such recordation shall be in the manner and pursuant to the procedure required for the award of a number under subsection (a) of this section, except that no additional or substitute number shall be issued.

(c) Should the ownership of a motorboat change, a new application form with fee shall be filed with the director and a new certificate of number shall be awarded in the same manner as provided for in an original award of number.

(d) In the event that an agency of the United States government shall have in force an overall system of identification numbering for motorboats within the United States, the numbering system employed pursuant to this article by the commission shall be in conformity therewith.

(e) The director may designate as issuing agent the clerk of any county court and such other persons in each county, as he deems advantageous to provide for the issuance of certificates of number in accordance with the provisions of this article. For services rendered in issuing such certificates, and collecting and paying over such
numbering fees, each issuing agent, other than a state or
county official, shall charge and retain an additional fee
of twenty-five cents from the person obtaining the certifi-
cate of number. Every such issuing agent, unless already
under bond with the director as an agent for the collection
of its moneys, shall file a bond with the director, payable
to the state of West Virginia, in an amount to be fixed by
the director at not more than one thousand dollars, before
the supply of certificates of number is delivered to him,
conditioned upon the faithful performance of his obliga-
tion to issue certificates only in conformance with the pro-
visions of this article and the regulations of the direc-
tor. Each issuing agent, on the first day of each month,
shall remit to the director all moneys collected for the
director during the preceding month, and shall accompany
his remittance with a report showing the name of the
county, the names and addresses of the persons paying
the same, and the date of the receipt thereof.

(f) All records of the director made or kept pursuant
to this section shall be public records.

(g) Such license shall be valid only until the last day
of the calendar year in which the same is issued. If at
the end of such year ownership has remained unchanged,
such owner shall, upon application and payment of a fee
of two dollars, be granted a renewal of such certificate of
number for an additional one-year period.

(h) The owner shall furnish the director notice of the
transfer of all or any part of his interest, other than the
creation of a security interest, in a motorboat numbered
in this state pursuant to subsections (a) and (b) of this
section, or of the destruction or abandonment of such
motorboat, within fifteen days thereof. Such transfer,
destruction or abandonment shall terminate the certifi-
cate of number for such motorboat, except that in the
case of a transfer of a part interest which does not affect
the owner's right to operate such motorboat, such transfer
shall not terminate the certificate of number.

(i) Any holder of a certificate of number shall notify
the director within fifteen days if his address no longer
conforms to the address appearing on the certificate and
shall, as a part of such notification, furnish the director
with his new address. The director may provide in his rules and regulations for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or for the alteration of an outstanding certificate to show the new address of the holder.

(j) No number other than the number awarded to a motorboat or granted reciprocity pursuant to this article shall be painted, attached or otherwise displayed on either side of the bow of such motorboat.

(k) It shall be the duty of the director on or before January thirtieth of each year, commencing with the year one thousand nine hundred sixty, to forward to the assessor of each county a list of the names and addresses of all persons, firms and corporations owning vessels and operating the same or other boats registered with the director under the provisions of this article. In furnishing this information to each county assessor, the director shall include in his report such information as is made available to him in the reports and registrations he receives as to make, model, value and cost price of such vessels and other equipment required to be registered for use by said owner or operator thereof under the provisions of this article: Provided, however, That the director need not furnish such information to the assessor if the cost price of such vessel does not exceed two hundred dollars nor the cost of the motor does not exceed one hundred seventy-five dollars.

Sec. 15. Motorboat Classification; Required Lights and Equipment; Rules and Regulations; Pilot Rules.—(a) Motorboats subject to the provisions of this article shall be divided into four classes as follows:

Class A. Less than sixteen feet in length;
Class 1. Sixteen feet or over and less than twenty-six feet in length;
Class 2. Twenty-six feet or over and less than forty feet in length;
Class 3. Forty feet or over.
Classes 1, 2 and 3 motorboats in all weathers from sunset to sunrise shall carry and exhibit the following lights when under way, and during such time no other lights which may be mistaken for those prescribed shall be exhibited.

1. Every motorboat of Class 1 shall carry the following lights:
   - First. A bright white light aft to show all around the horizon;
   - Second. A combined lantern in the fore part of the vessel and lower than the white light aft, showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on their respective sides.

2. Every motorboat of Classes 2 and 3 shall carry the following lights:
   - First. A bright white light in the fore part of the vessel as near the stem as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel; namely, from right ahead to two points abaft the beam on either side;
   - Second. A bright white light aft to show all around the horizon and higher than the white light forward;
   - Third. On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side. On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The said side lights shall be fitted with inboard screens of sufficient height so set as to prevent these lights from being seen across the bow.

3. Motorboats of Class 1 when propelled by sail alone shall carry the combined lantern, but not the white light aft, prescribed by this section. Motorboats of Classes 2 and 3 when so propelled, shall carry the colored side lights, suitably screened, but not the white lights, pre-
scribed by this section. Motorboats of all classes, when so
propelled, shall carry, ready at hand, a lantern or flash-
light showing a white light which shall be exhibited in
sufficient time to avert collision.

(4) Every white light prescribed by this section shall
be of such character as to be visible at a distance of at
least two miles. Every colored light prescribed by this
section shall be of such character as to be visible at a
distance of at least one mile. The word "visible" in this
subsection, when applied to lights, shall mean visible on
a dark night with clear atmosphere.

(5) When propelled by sail and machinery any motor-
boat shall carry the lights required by this section for a
motorboat propelled by machinery only.

(c) Any vessel may carry and exhibit the lights re-
quired by the Federal Regulations for Preventing Col-
isions at Sea, one thousand nine hundred forty-eight,
Federal Act of October eleven, one thousand nine hundred
fifty-one. (33 USC 143-147d) as amended, in lieu of the
lights required by subsection (b) of this section.

(d) Every motorboat of Class 1, 2, or 3 shall be provided
with an efficient whistle or other sound-producing me-
chanical appliance.

(e) Every motorboat of Class 2 or 3 shall be provided
with an efficient bell.

(f) Every motorboat shall carry at least one life pre-
server, or life belt, or ring buoy, or other device of the
sort prescribed by regulations of the commission for each
person on board, so placed as to be readily accessible:
Provided, That every motorboat carrying passengers for
hire shall carry so placed to be readily accessible at least
one life preserver of the sort prescribed by the regulations
of the director for each person on board.

(g) Every motorboat shall be provided with such
number, size, and type of fire extinguishers, capable of
promptly and effectually extinguishing burning gasoline,
as may be prescribed by the regulations of the director,
which fire extinguishers shall be at all times kept in con-
dition for immediate and effective use and shall be so
placed as to be readily accessible.
(h) The provisions of subsections (d), (e) and (g) of this section shall not apply to motorboats while competing in any race conducted pursuant to section twenty-two of this article, or, if such boats be designed and intended solely for racing while engaged in such navigation as is incidental to the tuning up of the boats and engines for the race.

(i) Every motorboat shall have the carburetor or carburetors of every engine therein (except outboard motors) using gasoline as fuel, equipped with such efficient flame arrestor, backfire trap, or other similar device as may be prescribed by the regulations of the director.

(j) Every such motorboat and every such vessel, except open boats using as fuel any liquid of a volatile nature, shall be provided with such means as may be prescribed by the regulations of the director for properly and efficiently ventilating the bilges of the engine and fuel tank compartments so as to remove any explosive or inflammable gases.

(k) The director is hereby authorized to make rules and regulations modifying the equipment requirements contained in this section to the extent necessary to keep these requirements in conformity with the provisions of the federal navigation laws or with the navigation rules promulgated by the United States coast guard.

(l) The director is hereby authorized to establish and maintain, for the operation of vessels on the waters of this state, pilot rules in conformity with the pilot rules contained in the federal navigation laws or the navigation rules promulgated by the United States coast guard.

(m) No person shall operate or give permission for the operation of a vessel which is not equipped as required by this section or modification thereof.

Sec. 16. Motorboats Exempted from Numbering.—A motorboat shall not be required to be numbered under this article if it is:

(1) Already covered by a number in full force and effect which has been awarded to it pursuant to federal law or a federally-approved numbering system of another
state: Provided, That such boat shall not have been within this state for a period in excess of ninety consecutive days;

(2) A motorboat from a country other than the United States temporarily using the waters of this state;

(3) Motorboats used exclusively for racing while participating in races, and the preparation therefor, which have been authorized pursuant to the provisions of section twenty-two of this article.

Sec. 17. Dealers' and Manufacturers' Certificate of Number; Application and Fees.—Dealers' and manufacturers' certificate of number, containing the word "manufacturer" or "dealer", as appropriate, may be used in connection with the operation of any motorboat in the possession of such dealer or manufacturer, when the boat is being used for demonstrative purposes. Application for a dealer's or manufacturer's certificate of number shall be made upon a form provided by the director, and shall contain such information as may be required by the director. Upon receipt of the application and upon the payment of a fee of five dollars for the initial certificate of number, and five dollars for each additional certificate of number, the director shall issue to the applicant a manufacturer's or dealer's certificate of number which shall contain the word "manufacturer" or "dealer" in lieu of a description of the boat. The manufacturer or dealer may have the number awarded to him printed upon or attached to a removable sign or signs to be temporarily but firmly mounted upon or attached to the boat being demonstrated, so long as the display meets the requirements of the provisions of this article and regulations issued hereunder.

Sec. 18. Boat Liveries.—(a) The owner of a boat livery shall cause to be kept a record of the name and address of the person or persons hiring any vessel which is designed or permitted by him to be operated as a motorboat, the identification number thereof, and the departure date and time, and the expected time of return. The record shall be preserved for at least six months.

(b) Neither the owner of a boat livery, nor his agent or employee, shall permit any motorboat or any vessel
10 designed or permitted by him to be operated as a motor-
11 boat to depart from his premises unless it shall have been
12 provided, either by owner or renter, with the equipment
13 required pursuant to section fifteen of this article and
14 any rules and regulations made pursuant thereto.

Sec. 19. Motorboat Muffling.—The exhaust of every
2 internal combustion engine used on any motorboat shall
3 be effectively muffled by equipment so constructed and
4 used as to muffle the noise of the exhaust in a reasonable
5 manner. The use of cutouts is prohibited, except for
6 motorboats competing in a regatta or boat race approved
7 as provided in section twenty-two of this article, and for
8 such motorboats while on trial runs during a period not
9 to exceed seventy-two hours immediately preceding such
10 regatta or race, and for such motorboats while competing
11 in official trials for speed records during a period not to
12 exceed seventy-two hours immediately following such
13 regatta or race.

Sec. 20. Care in Handling Watercraft; Prohibited Op-
2 eration; Collision, Accident or Casualty; Reports.—(a)
3 No person shall operate any motorboat or vessel, or
4 manipulate any water skis, surfboard, or similar device
5 in a reckless or negligent manner so as to endanger the
6 life, limb, or property of any person.
7 (b) No person shall operate any motorboat or vessel,
8 or manipulate any water skis, surfboard, or similar de-
9 vice while intoxicated or under the influence of any nar-
10 cotic drug, barbiturate or marijuana.
11 (c) It shall be the duty of the operator of a vessel in-
12 volved in a collision, accident, or other casualty, so far
13 as he can do so without serious danger to his own vessel,
14 crew, and passengers (if any), to render to other persons
15 affected by the collision, accident, or other casualty such
16 assistance as may be practicable and as may be necessary
17 in order to save them from or minimize any danger
18 caused by the collision, accident, or other casualty, and
19 also to give his name, address and identification of his
20 vessel in writing to any person injured and to the owner
21 of any property damaged in the collision, accident, or
22 other casualty.
(d) In the case of a collision, accident, or other casualty involving a vessel, the operator thereof, if the collision, accident, or other casualty results in death or injury to a person or damage to property in excess of one hundred dollars, shall file with the director a full description of the collision, accident, or other casualty, including such information as the director may, by regulation, require.

In accordance with any request duly made by an authorized official or agency of the United States, any information compiled or otherwise available to the director pursuant to this subsection shall be transmitted to such official or agency of the United States.

Sec. 21. Handling Water Skis and Surfboards.—(a) No person shall operate a vessel on any waters of this state towing a person or persons on water skis, surfboard, or similar device, nor shall any person engage in water skiing, surfboarding, or similar activity at any time between the hours from one hour after sunset to one hour before sunrise.

(b) The provisions of subsection (a) of this section do not apply to a performer engaged in a professional exhibition, or a person or persons engaged in an activity authorized under section twenty-two of this article.

(c) No person shall operate or manipulate any vessel, tow rope or other device by which the direction or location of water skis, surfboard, or similar device may be affected or controlled in such a way as to cause water skis, surfboard, or similar device, or any person thereon to collide with or strike against any object or person.

Sec. 22. Regattas, Races and Exhibitions; Applications and Permits.—(a) The department may authorize the holding of regattas, motorboat or other boat races, marine parades, tournaments or exhibitions on any waters of this state. It shall adopt and may, from time to time, amend regulations concerning the safety of motorboats and other vessels and persons thereon, either observers or participants. Whenever a regatta, motorboat or other boat race, marine parade, tournament or exhibition is proposed to be held, the person in charge thereof, shall, at least fifteen days prior thereto, file an application with the
director for permission to hold such regatta, motorboat or other boat race, marine parade, tournament or exhibition. The application shall set forth the date, time and location where it is proposed to hold such regatta, motorboat or other boat race, marine parade, tournament or exhibition, and it shall not be conducted without authorization of the director in writing.

(b) The provisions of this section shall not exempt any person from compliance with the applicable federal law or regulation, but nothing contained herein shall be construed to require the securing of a state permit pursuant to this section if a permit therefor has been obtained from an authorized agency of the United States.

Sec. 23. Incapable Operator; Owner Responsibility.—No person who is the owner of any motorboat, or has such in his charge or control shall act or permit the same to be operated by any person who, by reason of any physical or mental disability, is incapable of operating such motorboat under all the prevailing circumstances.

Sec. 24. General Rules and Regulations for Motorboating; Special Rules.—The director is hereby authorized and empowered to prescribe and to enforce:

(a) General rules and regulations to be observed in the operation or navigation of motorboats upon, over or through the waters of this state which he shall deem necessary for the public health or safety of persons or property on or in such waters, or for the preservation of all forms of useful aquatic life, particularly as to speed, running, lights, signals, courses, channels, rights of way, and the disposal of oil, gas, gasoline or other wastes from such boats;

(b) Special rules and regulations for such particular, artificial or natural areas of water, for further limiting, restricting, or prohibiting the operation or navigation of motorboats thereof to protect the public health or to protect and preserve useful aquatic life.

Sec. 25. Local Rules and Regulations.—(a) The provisions of this article and of other applicable laws of this state, shall govern the operation, equipment, numbering and all other matters relating thereto whenever any vessel
shall be operated on the waters of this state, or when any activity regulated by this article shall take place thereon, but nothing in this article shall be construed to prevent the adoption of any ordinance or local law relating to operation and equipment of vessels the provisions of which are identical to the provisions of this article, amendments thereto or regulations issued thereunder: Provided, That such ordinances or local laws shall be operative only so long as and to the extent that they continue to be identical to provisions of this article, amendments thereto or regulations issued thereunder.

(b) Any subdivision of this state may, at any time, but only after public notice, make formal application to the director for special rules and regulations with reference to the operation of vessels on any waters within its territorial limits and shall set forth therein the reasons which make such special rules or regulations necessary or appropriate.

(c) The director is hereby authorized to make special rules and regulations with reference to the operation of vessels on any waters within the territorial limits of any subdivision of this state.

The chief of the division shall be primarily responsible for the execution and administration of the provisions of this article as an integral part of the natural resources program of the state and shall organize and staff his division so as to accomplish these ends in an orderly, efficient and economical manner. The division chief shall give consideration to other functions and services of the department and, wherever practicable, shall coordinate the plans and programs of his division with the functions and services of other divisions, offices and activities of the department.

PART I. WATER RESOURCES BOARD

Sec. 2. Definitions.—Unless the context in which used clearly requires a different meaning, as used in this article:
(a) “Board” shall mean the state water resources board;
(b) “Water resources” shall mean any and all water on or beneath the surface of the ground, including natural or artificial watercourses, lakes, ponds, or diffused water on the surface of the ground, and water percolating, standing or flowing beneath the surface of the ground;
(c) “Domestic use” shall mean any use of water resources by occupants of land for personal need and for household purposes, including (1) uses for drinking, bathing, cooking and sanitation; (2) uses for maintaining poultry and animals kept for household sustenance; (3) uses for maintaining household pets; and (4) uses for
heating and cooling private residences and for maintaining noncommercial lawns, gardens, or orchards appurtenant to private residences;

(d) "Commercial use" shall mean any use of water resources other than domestic use;

(e) "Pollution" shall mean the discharge or deposit, directly or indirectly, of sewage, industrial wastes or other substances, in such condition, manner or quantity as may contaminate or alter the physical, chemical or biological properties of any of the waters of the state to such extent as to render such waters directly or indirectly detrimental to the public health or unreasonably and adversely affect such waters for present or future domestic, commercial, industrial, agricultural, recreational or other legitimate uses; and

(f) "Person" shall mean any and all persons natural or artificial, including any municipal or private corporation organized or existing under the laws of this or any other state or country, any county court, governmental institution, agency or political subdivision as well as any firm or association.

Sec. 3. Water Resources Board; Creation, Composition and Organization.—A state water resources board is hereby created and established as successor to the state water commission and the state water resources commission. It shall be a public corporation and as such may sue and be sued, plead and be impleaded, contract and be contracted with, and shall have and use a common seal.

The board shall be composed of the state director of health, the superintendent of the state geological and economic survey, the director of the department of natural resources and four other members to be appointed by the governor with the advice and consent of the senate. The director of the department of natural resources shall be the chairman of the board. Members of the commission in office at the effective date of this section shall continue in office as members of the board until the new appointees have been appointed and qualified. The terms of office of the members of the board to be appointed by the governor
shall be for six years. The first appointments made under the provisions of this section shall be as follows: Two members for three years and two members for six years; as these terms expire, the offices shall be filled for six-year terms. The members of the board shall receive no salary or remuneration for their services as such board members, but they shall be reimbursed, out of moneys appropriated for such purposes, all sums which they necessarily shall expend in the discharge of their duties as members of such board. The director of the division of sanitary engineering in the state health department shall perform such services as the board may request of him in connection with its duties hereunder and he shall be reimbursed, out of moneys appropriated for such purposes, all sums which he necessarily shall expend in the performance of such services. Nothing contained in this article, however, shall be construed to limit or interfere with the power of the state health department to select, employ and direct the director of the division of sanitary engineering of said department, or any employee thereof who in any way may perform any services for the board. The college of engineering at West Virginia University, under the direction of the dean thereof, shall, insofar as it can, without interference with its usual and regular activities, aid and assist the board in the study and research of questions connected with pollution of waters. The dean of the college of engineering shall be reimbursed out of moneys appropriated for such purposes, any and all sums which he necessarily shall expend in the performance of any services he may render to the board under the provisions hereof.

A majority of the board shall constitute a quorum for transaction of business. The board shall meet at such times and places as it may determine and shall meet on call of the chairman. The board shall keep an accurate record of all of its proceedings and maintain such board records and shall make certificates thereof or therefrom as may be required by law. The chief of the division of water resources shall be the executive secretary of the board.
Sec. 4. Board Functions, Services and Reports.—The board shall make surveys and investigations of the water resources of the state and, as soon as practicable, shall inventory the water resources of the state and to the extent practicable shall divide the state into watershed drainage areas in making this inventory. The board shall investigate and study the problems of agriculture, industry, conservation, health, stream pollution, domestic and commercial uses and allied matters as they relate to water resources of the state, and shall make and formulate comprehensive plans and recommendations for the further development, improvement, protection, preservation, regulation and use of such water resources, giving proper consideration to the hydrologic cycle in which water moves. Annually, not later than the first of November, the board shall prepare and publish a full report on the board’s work as to collection and evaluation of the information which has been obtained in accordance with the requirements of this section and shall include in this report the plans and recommendations which have been formulated pursuant to the requirements of this section. The report shall include the board’s reasons for such plans and recommendations, as well as any changes in the law which are deemed desirable to effectuate such plans and recommendations. Such reports shall be made available to the public at a price to be determined by the board.

The board may request and, upon its request, shall be entitled to receive from any agency of the state or any political subdivision thereof, or from any other person who engages in a commercial use or controls any of the water resources of the state, such necessary information and data as will assist the board in obtaining a complete picture of the water resources of the state and their existing control and commercial uses. The board shall reimburse such agencies, political subdivisions and other persons for any expenses which would not otherwise have been incurred in making such information and data available to the board.

The board shall study questions arising in connection with stream flow and pollution of waters in the state and
make reports and recommendations in respect thereto;
and, in cooperation with the college of engineering at
West Virginia University, make research, investigation
and scientific experiments in efforts to discover economical
and practical methods for elimination, disposal and treat-
ment of industrial wastes and the control and correction
of stream pollution; and to this end the board may co-
operate with any public or private agency and receive
therefrom, on behalf of the state, and for deposit in the
state treasury, any money which such agency may con-
tribute as its part of the expense thereof, and gifts, dona-
tions or contributions received as aforesaid may be ex-
pended according to the requirements or directions of the
donor or contributor without the necessity of an appro-
priation therefor, except that an accounting thereof shall
be made in the fiscal reports of the board.

Sec. 5. Board Powers and Duties.—In addition to all
other powers and duties of the board as prescribed in this
article or elsewhere by law, the board shall have and may
exercise the following powers and authority and perform
the following duties:

(1) To enter into compacts and agreements concerning
this state’s share of waters in watercourses where a por-
tion of such waters are contained within the territorial
limits of a neighboring state or states, subject to the ap-
proval of the Legislature;

(2) To cooperate with federal officers and agencies,
other state agencies and officers, interstate agencies, and
other interested persons in the conservation, improvement
and development of water resources, and to this end the
board may receive money from such agencies and persons,
on behalf of the state: Provided, That all moneys received
as provided in this subsection shall be paid into a special
fund which is hereby created in the state treasury and
shall be expended, under the direction of the board, solely
for the purpose or purposes for which the grant, gift, or
contribution shall have been made;

(3) To conduct, or contract for the conducting of, sci-
entific investigations, experiments and research and to
collect data concerning the water resources of the state and pollution;

(4) To enter at all reasonable times upon any land, public or private, for the purpose of making surveys, examinations, investigations and studies needed in the gathering of facts concerning water resources and their use or pollution thereof, subject to responsibility for any damage to the property entered;

(5) To hold public hearings pursuant to rules and regulations established by the board, to obtain the necessary information to carry out the purposes of this article, particularly with reference to the formulation of plans and recommendations required by the provisions of section four of this article and, at any such hearing, the board or its duly authorized agents, shall have the power to administer oaths, to take testimony, to issue subpoenas and to compel the attendance of witnesses; and

(6) To advise all users of water resources as to the availability of water resources and the most practicable method of water diversion, use, development, and conservation.

Sec. 6. Condemnation; Pollution Control.—All persons not otherwise having the right to condemn lands to effectuate the purposes of this article shall be vested with the right of eminent domain under the provisions of chapter fifty-four of the code of West Virginia, one thousand nine hundred thirty-one, as amended, upon application to the board for, and the entry by the board of, an order finding that the use by the applicant of a specified interest in a specifically described parcel of land is necessary in connection with the elimination or control of a substantial pollution or the substantial reduction of the pollution of any of the waters of the state and directing the applicant to put the said land to use for such purpose within a reasonable time after the acquisition of title or the right of possession thereof.

Sec. 7. Cooperation with Other Governments and Agencies.—The board is hereby designated as the water pollution agency for this state for all purposes of the Water
Pollution Control Act, Public Law 845, 80th Congress (62 Stat. 1155) approved June thirtieth, one thousand nine hundred forty-eight, hereinafter called the "federal act", and is hereby authorized to take all action necessary or appropriate to secure to this state the benefits of said act. In carrying out the purposes of this section the board, in addition to any other action which may be necessary or appropriate, is authorized to cooperate with the surgeon general of the United States public health service and other agencies of the federal government, other states, interstate agencies and other interested parties in all matters relating to water pollution, including the development of programs for eliminating or reducing pollution and improving the sanitary conditions of waters, and on behalf of this state to apply for and receive funds made available to the board under the aforesaid federal act by any agency of the federal government: Provided, That all moneys received from any federal agency as herein provided shall be paid into the state treasury and shall be expended, under the direction of the board, solely for the purpose or purposes for which the grant or grants shall have been made; to approve projects for which application for loans or grants under the federal act is made by any municipality (including any city, town, district or other public body created by or pursuant to the laws of this state and having jurisdiction over disposal of sewage, industrial wastes or other substances) or agency of this state or by any interstate agency; to participate through its authorized representatives in proceedings under the federal act to recommend measures for abatement of water pollution originating in this state; to give consent on behalf of this state to requests by the federal security administrator to the attorney general of the United States for the bringing of suits for abatement of such pollution; and to consent to the joinder as a defendant in such suit of any person who is alleged to be discharging matter contributing to the pollution, abatement of which is sought in such suit. Whenever a federal law requires the approval or recommendation of a state agency or any political subdivision of the state in any matter relating
to the water resources of the state, the board, subject to
approval of the Legislature, is hereby designated as the
sole agency to give the approval or recommendation re-
quired by the federal law, unless the federal law spe-
cifically requires the approval or recommendation of some
other state agency or political subdivision of the state.

Sec. 8. Pollution Abatement and Control; Reports; Per-
mits; Citations.—Any and all persons causing a material
contribution of sewage, industrial wastes or other pol-
luting substances to the waters of the state, shall file with
the board such information as the board may require
with regard thereto, including, but not limited to, the
kind, characteristics and rate of flow.

No person shall, without first securing a permit from
the board, construct, install or operate a new sewer, dis-
posal system or treatment works; extensions, modifica-
tions or additions to new or existing disposal systems or
treatment works; extensions, modifications or additions
to industrial or commercial establishments or the opera-
tion thereof, or make or cause to be made any new outlet,
or to add to the load from any existing outlet; which
would cause a material pollution of the waters of the state.

For the purposes herein, the board may issue temporary
or conditional permits and renew, change, modify, amend
or revoke the same. Any person who is denied a permit
by the board, or who has such permit revoked or modified,
shall be afforded an opportunity for hearing in connection
therewith, as hereinafter provided, upon written appli-
cation filed with the board within twenty days of receipt
of such denial, revocation or modification, which notice
shall be communicated to the board by registered mail,
addressed to its chairman or secretary, and upon any
other persons affected, personally or by registered mail.
All such applications for permits primarily relating to
sewage shall be submitted to the state department of
health in such form as shall have been approved by both
the board and the department of health. After the deci-
sion by the state department of health in regard thereto
and the reasons have been noted therein, the application,
the notation of the health department’s decision and other
papers making up the file shall be forwarded by the depart-
ment of health to the board. The board's permit or
other decision shall be returned with the entire file to the
state department of health, which shall notify the applic-
ant in writing of the decisions of both the health depart-
ment and the board, enclosing certificates where granted,
and shall deliver to the board a copy of such notification.

The procedures prescribed and detailed in this section
shall not be employed or construed to impede, interfere
with, delay or prevent prompt and expeditious action by
the director, the attorney general, any prosecuting attor-
ney, or other natural resources authority acting under
other provisions of this chapter when such prompt and
expeditious action is, in the opinion and judgment of the
acting authority, necessary to prevent or abate water
pollution.

Any person causing the pollution of any water, or al-
leged to be causing the pollution of any water, may be
cited by the board on its own motion, or by any member
thereof, or the executive secretary on his own motion, to
appear not less than fifteen nor more than thirty days
from the date of service of such citation at a place design-
nated by it, within the county wherein the pollution is
alleged to have occurred or is being caused, then and there
to show cause, if any shall exist, why said board should
not issue an order regulating such pollution, and any per-
sons affected by such pollution may by petition intervene
as a party complainant or respondent in any proceeding
instituted by or before the board. Such citation may be
issued by the board or any member thereof, or its execu-
tive secretary, and may be served and returned in the
same manner as process in any civil action, or it may be
served by sending a copy thereof by registered mail ad-
dressed to the person causing, or alleged to be causing,
any pollution of any water, at his, their or its usual, or
last known, postoffice address. The hearings herein pro-
vided may be conducted by the board, any member there-
of, or its executive secretary, or any person authorized to
take depositions by the laws of this state: Provided, That
where any such hearing is not conducted by the board,
all the testimony shall be reduced to writing as provided
by law applicable to the taking of depositions, the cost
thereof to be borne by the party presenting the same, and
all findings in connection therewith shall be made by the
board at a meeting to be called by its chairman not less
than thirty days after conclusion of its hearing. Any
member of the board or its executive secretary may issue
any subpoena, administer oaths and cause the attendance
of witnesses, the production of evidence and testimony in
any proceeding, subject to the same conditions as are pro-
vided by the general statutes for the attendance of wit-
nesses and the production of evidence and testimony in
civil actions.

Sec. 9. Pollution Orders; Procedure; Enforcement.—
After a full hearing the board shall make its finding of
facts, and if it finds that any person is polluting any of the
waters of the state, or that the construction, installation
or operation of any new sewer, disposal system or treat-
ment works, extensions, modifications or additions to new
or existing disposal systems or treatment works, exten-
sions, modifications or additions to industrial or com-
mmercial establishments or the operation thereof, or any
new outlet or additional load from any existing outlet
would cause a material pollution of the waters of the state,
and that the same should be prevented, eliminated, con-
trolled or reduced, considering the purposes of this article,
the amount and effect of such pollution, the practicality
and physical and economic feasibility of eliminating, con-
trolling or reducing such pollution, the health and wel-
fare of the public and other present and future uses of
the waters of the state, it shall make and enter an order
directing such person to cease such pollution, or shall
make and enter an order denying any permit being sought
under the provision of section eight of this article, and
such person shall have thirty days after notice of the
entry of such final order to notify the board that he will
comply therewith or will install, use and operate some
practical and reasonably available system or means which
will so eliminate, control or reduce such pollution, having
regard for the rights and interests of all persons con-
cerned, and if such person does not so comply with such order, thereafter the board may cause the enforcement of any order issued by it to cease such pollution and, as well all other orders entered by it in matters subject to its jurisdiction, by application to the circuit court of any county wherein the alleged pollution originated or naturally flows or to any judge of such court if the same shall be in vacation, to enjoin any persons from causing or continuing such pollution, which application shall be brought and the proceedings thereon conducted by the attorney general, through his assistant as provided in section thirteen, article one of this chapter, or by the prosecuting attorney of the county wherein such proceedings may be pending, or by special counsel employed by any intervening complainant petitioner. If any person notifies the board that he will comply with such final order by installing, using and operating some practical and available system to so eliminate, control or reduce such pollution, and makes application for an extension of time, the board within reasonable limits may grant such extension of time. The person against whom such order shall be issued shall, before proceeding to install any system or means, submit to the board, for its consideration and approval, a plan or statement describing the system or means which is proposed to be used or operated; if any person shall desire to make any substantial change in any system or means used or operated, such person shall, before making such change, file with the board for its consideration and approval a plan or statement describing such proposed change, together with application for the action of the board thereon and in respect thereto. The board shall, in any case, enter an order approving or disapproving any such system or means proposed to be used or operated, or permit or refuse to permit the proposed change in any system or means adopted, used or operated, and shall make and enter all such orders as the board deems proper and necessary. Any order of the board may, at any time after at least twenty days' notice in writing to any person affected thereby and any intervening petitioner, and after a hearing thereon, be modified or re-
voked by an order entered by the board and the board shall forthwith cause an attested copy of any order entered by it to be served upon all persons affected thereby in the same manner as writs or summons in civil actions may be served, or by sending the same by registered mail to such person, or intervener, at his, their or its usual or last known postoffice address.

Sec. 10. Compliance with Orders; Finances and Funds; Procedures.—Any person, corporation, municipal corporation, partnership or legal entity, upon whom a final order of the board as herein provided is served, which order shall not have been set aside by a court of competent jurisdiction upon complaint filed as herein provided or upon whom a final order is served as modified to conform with a judgment of such court directing modification, shall, within thirty days after receipt of such order, or after judgment affirming such order is entered, take steps for the acquisition or construction of such plants, machinery or works, or for such repair, alteration or extension of existing plants, machinery or works, as may be necessary for the disposition or treatment of the organic or inorganic matter which is causing or contributing to, or is about to cause or contribute to, a polluted condition of such water or waters, or shall take such other steps as may be necessary to comply with said final order of the board. If the offender be a municipal corporation, the cost of acquisition, construction, repair, alteration or extension of the necessary plant, machinery or works, or taking such other steps as may be necessary to comply with said order, shall be paid out of funds on hand available for such purpose, or out of the general funds of such municipal corporation, not otherwise appropriated; or if there be not sufficient funds on hand or unappropriated, then the necessary funds shall be raised by issuance of bonds, such bond issue to be subject to the approval of the state sinking fund commission and the attorney general of the state of West Virginia.

If the estimated cost of the steps necessary to be taken by such municipal corporation to comply with such final order of the board is such that the bond issue necessary
to finance such project would not raise the total outstanding bonded indebtedness of such municipal corporation in excess of the constitutional limit imposed upon such indebtedness by the constitution of this state, then and in that event the necessary bonds may be issued as a direct obligation of such municipal corporation, and retired by a general tax levy to be levied against all property within the limit of such municipal corporation listed and assessed for taxation. If the amount of such bonds necessary to be issued would raise the total outstanding bonded indebtedness of such municipal corporation above said constitutional limitation on such indebtedness, or if such municipal corporation by its governing body shall determine against the issuance of direct obligation bonds, then such municipal corporation shall issue revenue bonds and provide for the retirement thereof in the same manner and subject to the same conditions as provided for the issuance and retirement of bonds in chapter twenty-five, acts of the Legislature, first extraordinary session, one thousand nine hundred thirty-three: Provided, however, That the provisions of section six of the above-mentioned act, allowing objections to be filed with the governing body, and providing that a written protest of thirty per cent or more of the owners of real estate shall require a four-fifths vote of the governing body for issuance of said revenue bonds, shall not apply to bond issues proposed by any municipal corporation to comply with the final order issued by the board, under the authority of this article, and such objections or submission of written protest shall not be authorized, nor shall the same, if had, operate to justify or excuse failure to comply with such final order of the board.

The funds made available by the issuance of either direct obligation bonds or revenue bonds, as herein provided, shall constitute a “sanitary fund”, and shall be used for no other purpose than for carrying out such order or orders of the board; no public money so raised shall be expended by any municipal corporation for any purpose enumerated in this article, unless such expenditure and the amount thereof has been approved by the board.

Sec. 11. Municipal Projects; Finances; Law Controlling.
The construction, acquisition, improvement, equipment, custody, operation, repair and maintenance of any plants, machinery or works by any municipal corporation, in compliance with a final order of the board, as herein provided, other than the financing thereof, and the rights, powers and duties, of such municipal corporation and the respective officers and departments thereof, whether the same shall be financed by the issuance of revenue or direct obligation bonds, shall be governed by the provisions of said chapter twenty-five, acts of the Legislature, first extraordinary session, one thousand nine hundred thirty-three.

Sec. 12. Time of Compliance; Procedures; Penalties.—It shall be the duty of each individual offender and of each member of a partnership, and of each member of the governing body of a municipal corporation, and of each member of the board of directors or other governing body of a private corporation, association or other legal entity, against whom a final order has been issued, as herein provided, to begin appropriate action or proceedings to comply with such order, within thirty days from the receipt thereof, if no action has been commenced in the circuit court of the county where such violation is alleged to exist to set aside or vacate such order, as provided in this article, or, in case such action has been brought, within thirty days from the date of judgment affirming such order, or from the date of the receipt of such order, as modified in conformity with the judgment of such court. Failure of the governing body in the case of a municipal corporation, or of the board of directors or any other governing body of any private corporation, association or other legal entity, to provide for the financing and construction of such works as may be necessary to carry out said order by appropriate ordinance or resolution, shall constitute failure to begin appropriate action or proceedings to comply with such order, as above provided. Any individual offender, or member of a partnership, or any officer or member of the board of directors of a private corporation, association, or other legal entity, or any mayor, councilman or member of a sanitary board as pro-
vided for in said chapter twenty-five, acts of the Legislature, first extraordinary session, one thousand nine hundred thirty-three, of any municipal corporation, who fails or refuses to discharge any duty imposed upon him by this article or by such final order of the board, or any duty imposed upon him by reason of any ordinance of the governing body of any municipal corporation, or resolution of the board of directors or other governing body of any private corporation, association or other legal entity, pursuant to this article or to such final order, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined in any sum of not less than twenty-five dollars nor more than one hundred dollars, to which, in the discretion of the court, may be added imprisonment in the county jail for any period not to exceed ninety days. Each day that such failure or refusal to discharge such duties continues, shall be and constitute a separate and additional offense for the purposes of this section.

Sec. 13. Time Extension; Procedures; Penalties.—The board shall have the authority, in its discretion, to extend the time fixed in any final order issued by it, within which any offender is ordered to correct or abate a condition of pollution of any water or waters, upon written petition filed with the board not less than thirty days prior to the time fixed in such order, when it shall appear that a good faith effort to comply with said order is being made, and that it shall be impossible for such an offender to complete the project of work undertaken within the time so fixed: Provided, however, That when it shall appear from such petition aforesaid that due to wartime or other governmental restrictions with respect to labor or material, or both, compliance with any such order would be impossible or place undue burden upon such offender, the board shall then stay the execution of its order until such time as it may satisfactorily appear that such wartime or other restrictions no longer exist.

Any person, corporation, municipal corporation, partnership, association or other legal entity, who shall fail or refuse to correct or abate such polluted condition in compliance with such order within the time fixed or
within the time additionally granted as herein provided, shall be subject to a penalty of one hundred dollars for each day that such polluted condition continues to exist after the time so fixed, or additionally granted, which may be recovered in a civil suit brought in the name of the state of West Virginia and which penalty shall be in addition to the penalty provided in section twelve of this article. It shall be the duty of the attorney general to prosecute all actions for penalties under this section, and all penalties so recovered shall be paid into the state treasury to the credit of the state fund as general revenue. The penalties accruing for any two or more days under the provisions of this section may be recovered in one complaint and may be joined in one paragraph of said complaint.

Sec. 14. Judicial Review.—Any party feeling aggrieved by the entry of a final order by the board, affecting him or it, may present a petition in writing to the circuit court of the county wherein the pollution originated or naturally flows, or to the judge of such court in vacation, within thirty days after the entry of such order, praying that such final order may be set aside or modified. The applicant shall deliver a copy of such petition to the secretary of the board before presenting the same to the court or judge. The court or judge shall fix a time for the hearing on the application, but such hearing, unless by agreement by the parties, shall not be held sooner than five days after its presentation; and notice of the time and place of such hearing shall be forthwith delivered to the secretary of the board, so that the board may be represented at such hearing by one or more of its members or by counsel. For such hearing the board shall file with the clerk of said court all papers, documents, evidence and records or certified copies thereof as were before the board at the hearing or investigation resulting in the entry of the order from which the petitioner appeals. The board shall file with the court before the day fixed for the final hearing a written statement of its reasons for the entry of such order, and after arguments by counsel the court shall by order entered of record, affirm, modify or set
aside in whole or in part the order of the board. Upon such judicial review, the findings of fact made by the board shall have like weight to that accorded to the findings of fact of a trial chancellor or at any equity procedure. The supreme court of appeals of the state shall have jurisdiction to review the order of the circuit court upon application of either party or any intervenor. The prosecuting attorney of the county wherein the proceedings in the circuit court are had, or the attorney general through his assistant as provided in section thirteen of article one of this chapter, shall represent the board, and the attorney general of the state shall represent it in any proceedings in the supreme court of appeals and any intervenor may be represented by counsel specially employed.

PART II. SLACK-WATER DAMS

Sec. 15. Location and Construction of Slack-Water Dams.—The state road commissioner, in constructing public highways, bridges and culverts, as provided by law, and any municipal corporation constructing or improving public streets, viaducts, bridges and culverts, either severally or jointly, upon request of the director of the department of natural resources and with the approval of the state road commissioner, may construct and maintain slack-water dams in connection with such public highways, streets, bridges, culverts or viaducts so as to create reservoirs, ponds, water parks, basins, lakes or other incidental works to conserve the water supply of the state.

Sec. 16. Dam Construction Initiated; Approval by Public Authority; Costs; Plans.—The director may request the public authority having charge of the construction of state highways, highway bridges, and culverts or municipal streets, viaducts, bridges and culverts for the construction of slack-water dams in connection with the construction of any such public highway, street, bridge, viaduct or culvert whenever, in his opinion, the construction of such dam is desirable and feasible for the economical creation and construction of reservoirs, ponds, water parks, basins, lakes or other incidental works for the conservation of the water supply of the state.
13 The public authority having charge of such construction may approve such request when, in its opinion, the construction of such dams will not unnecessarily delay or hinder the construction of the public highway, street, bridge, viaduct or culvert, or will not interfere with its value or use for highway purposes.

14 If such request is approved, the director, in cooperation with the state road commissioner and the public authority participating in the project, shall make a survey and prepare plans, specifications and estimates for the construction of such dams, reservoirs, ponds, water parks, basins, lakes or other incidental works in connection therewith.

15 Upon approval of the plans and specifications and determination to proceed with the project, the director shall enter into an agreement with the public authority on the distribution of the cost and expense of the construction of such dams and incidental works in connection therewith. The portion of the cost to be paid by the department shall be paid from any funds appropriated for or paid into the department and available for such purpose. No public authority shall proceed with the construction of such a project unless the plans have complied with the other requirements of law relative to the construction of dams and the director shall have satisfied the public authority that sufficient funds are available for the completion of the dam.

16 Such dams shall be constructed under and subject to any laws governing the construction of state, county or municipal highways, streets, viaducts, bridges or culverts.

17 Any public authority undertaking construction pursuant to this article shall proceed in the same manner as provided for the construction of public highways or street improvements.

18 Nothing herein contained shall require the public authority so concerned to delay or postpone the construction of the principal public improvement, though approval of the combined project may have been given.

Sec. 17. Requests to Director for Dam Construction; Costs; Procedure.—Any department or division of the
state government or any county, municipal corporation, park board or district or any organization, club, corporation, or private person may petition the director for the construction of dams and reservoir projects in connection with the construction of any public highway, bridge, culvert, street or viaduct.

Upon receipt of such a petition and its approval by the director, the director shall proceed as authorized by section sixteen of this article. If the public authority having charge of the construction of such public highway, street, bridge, viaduct or culvert approves the request, then the director shall enter into an agreement with the public authority, organization or persons petitioning for the construction of such dam or reservoir on the apportionment of the cost and expense of construction. The cost and expense of such dam project shall include the cost of clearing and grubbing and the cost of property and damages incidental thereto. Such agreement shall also contain provisions for the proper maintenance and repair of such projects after completion, and also apportion the revenue derived therefrom between the department and the petitioner.

Sec. 18. Payment of Dam Costs; Deficiencies and Refunds.—In all cases in which a public authority, private organization or person shall petition for the construction of a dam and reservoir project as authorized by this article, the director, as a condition precedent to the construction of such project, shall require the petitioning authority, organization or person to pay his share of the cost and expense of such project into the hands of the treasurer of the state to be kept in a separate account for each such project and to be disbursed upon the order of the director.

If the estimated cost paid into the state treasury is found to be insufficient, the deficiency shall be made up by the parties bearing the cost before any further work is done. If the deficiency is not made up within sixty days after notice to such parties, the cost paid in, less the amount of expense incurred by the director and the cooperating public authorities shall be refunded to the donor. After completion of the work, any amount remaining in the state
Sec. 19. **Contracts for Dam Construction.**—In the construction of dams, reservoirs and other incidental works pursuant to this article, the state road commissioner or the public authority of a municipality shall proceed as provided by law and shall enter into contracts as provided by law.

Sec. 20. **Dam Supervision, Maintenance and Management.**—The director shall have the supervision, care and control of all dams, reservoirs, ponds, water parks, basins, lakes or other incidental works constructed pursuant to this article and shall maintain and keep them in repair. The cost of such maintenance and repair shall be paid from any funds appropriated to the department for that purpose or paid into the state treasury as agreed upon with the public or contracting authorities cooperating in the construction of such projects.

Such projects may also be maintained by any department or division of state government or other public authorities leasing or operating the projects, through agreements made with said director. All rentals derived from the leases of such projects shall be used by said director in the maintenance or repair of all such projects. The costs and expenses of the reconstruction of any such projects shall be distributed, unless otherwise agreed, on the same basis and pro rata share of the costs and expenses as was paid by the contracting authorities to the cost of the original project: Provided, however, That the state road commission shall not be required to contribute any portion of the cost of maintaining or repairing any dam, reservoir, pond, water park, basin, lake, or other incidental work when the maintenance of the road, bridge, or culvert would not have required such expenditure if it were not for the installation of the project or projects by this article contemplated.

Sec. 21. **Titles and Leases to Lands; Management and Funds.**—The title or lease to any such lands, waters or riparian rights shall be taken by the department, subject
to the approval of the governor and the attorney general,
in the name of the state. The lease rentals or purchase
price of any such lands, waters or riparian rights, as well
as all costs and expenses of constructing any such reservoirs, ponds, water parks, basins, lakes or other incidental
works on such lands, may be paid for from any funds
appropriated for the use of or paid into the department
and available for such purpose. The director may accept
contributions to such funds from individuals, associations,
clubs, organizations and corporations to effectuate the
purposes of this article.

Sec. 22. Future Plans for Road and Other Construction;
Coordination.—Upon request by the director, the state
road commissioner or other public authority shall furnish
such director plans underway or contemplated for the
construction of new public highways, bridges, culverts,
viaducts, or streets; and, thereupon, it shall become the
duty of the director to coordinate the plans of the depart-
ment, if any, with the state road commission or other pub-
lic authority to the end that such additional project shall
not cause a delay in or interfere with the construction of
the principal project, and to the end that such additional
project shall, in all respects, be in conformity with recog-
nized road construction standards and practices.

PART III. HUSBANDRY OF WATER AREAS

Sec. 23. Water Areas Beautification; Investigations;
Enforcement.—The division of water resources shall be
responsible for the department's program and practices
in the husbandry of rivers, streams, creeks, lakes, ponds,
except farm ponds and other water areas and the lands
immediately adjacent thereto. The chief of the division
shall make such investigations and surveys, conduct such
schools and public meetings and take such other steps as
may be expedient in the conservation, beautification, im-
provement and use of all such water areas of the state. He
shall cooperate with the department's chief law enforce-
ment officer in enforcing the provisions of law prohibiting
disposal of litter in, along and near such water areas.
Sec. 24. Litter along Streams; Violations; Evidence; Penalties.—It shall be unlawful to place, deposit, dump or throw, or cause to be placed, deposited, dumped or thrown, any litter, garbage, refuse, trash, cans, bottles, papers, ashes, carcass of any dead animal, offal or any other offensive or unsightly matter into any river, stream, creek, lake or pond, or upon the surface of any land within one hundred yards thereof or in such location that high water or normal drainage conditions will cause material designated in this section to be washed into any river, stream, creek, lake or pond.

No portion of this section shall be construed to restrict a private owner or lessee in the use of his own private property or leased property or to prohibit the disposal of materials designated in this section in any manner authorized by law. But if any owner, renter or lessee, private or otherwise, knowingly permits such material, heretofore designated in this section, to be deposited, dumped or thrown in such location that high water or normal drainage conditions will cause such material to wash into any river, stream, creek, lake or pond, it shall be deemed prima-facie evidence that such owner, renter, or lessee intended to violate this section. The provisions of this section shall not apply to persons, firms or corporations subject to the jurisdiction of the state water resources board under provisions of this article.

In addition to enforcement by the director, provisions of this section may be enforced by the United States forestry service and all other proper law enforcement agencies.

Any person violating any provision of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than twenty nor more than five hundred dollars, or be imprisoned in the county jail for a period of time not exceeding six months, or, in the discretion of the court, may be subject to both such fine and imprisonment.

Article 6. Reclamation.

Section

1. Division of reclamation; duties and functions; state agriculturist, his compensation and duties.
Section 1. Division of Reclamation; Duties and Functions; State Agriculturist, His Compensation and Duties.—

The division of reclamation, herein created and established, shall have within its jurisdiction and supervision all lands and areas of the state surfaced mined or susceptible of being surfaced mined for the removal of coal and other minerals and all other lands and areas of the state deforested, burned over, barren or otherwise denuded, unproductive, and subject to soil erosion and waste, except land being utilized in the production of agricultural commodities. Included within such lands and areas shall be lands scurfed and denuded by chemical operations and processes, abandoned coal mining areas, swamplands, lands and areas subject to flowage easements and backwaters from river locks and dams, and river, stream, lake and pond shore areas subject to soil erosion and waste. The jurisdiction and supervision exercised by the division shall be consistent with other provisions of this chapter, shall be in cooperation with other offices and divisions of the department, and shall not interfere with or encroach upon powers, functions and services lawfully within the jurisdiction of the government of the United States.

The chief of the division shall organize and staff his division for the orderly, efficient and economical execution and administration of the provisions of this article as an integral part of the department’s natural resources program.

Upon request of the director of the department of natural resources, the director of the West Virginia agricultural experiment station at West Virginia University shall select and designate a competent and qualified person to be state agriculturist who shall serve in a liaison and advisory capacity between the experiment station and the department in agricultural reclamation programs and projects. The state agriculturist shall be a graduate of an accredited school or college of agriculture, shall have had
at least five years' practical experience in agricultural work. The director of the experiment station shall fix the state agriculturist's salary, which shall be paid from university funds, and shall arrange on the university campus for adequate office facilities, stenographic and clerical assistance, and such other supplies and materials as needed by the state agriculturist. When performing services for the department of natural resources, his travel expenses shall be paid from department funds. The state agriculturist shall study and develop agricultural reclamation programs and projects consistent with the provisions of this chapter, and, under the supervision and direction of the directors of the experiment station and the department of natural resources, shall plan, effect and prosecute programs, projects and activities for the reclamation and restoration of lands of the state for agricultural uses and purposes.

Sec. 2. Surface Mining of Coal.—The terms "surface mining" or "strip mining of coal", as herein used, shall mean the mining of coal by any method from an open cut or open pit from which the overburden or surface materials have been removed or stripped so as to expose the coal in place. The term shall not be construed to include conventional deep mining and auger mining.

Surface mining of coal, as an industrial enterprise and occupation, shall be within the jurisdiction and subject to regulations of the state department of mines, as provided in article two-a, chapter twenty-two of this code, but the department of natural resources shall have jurisdiction and control over issuance of all surface mining permits, land and soil aspects of all surface mining operations, and the restoration and reclamation of all lands and areas surface mined, partially surface mined, and affected by adjacent or nearby surface mining operations.

Personnel of the department of mines and of the department of natural resources shall correlate and coordinate their respective departmental programs and records so as to effect an orderly and harmonious administration of the provisions of this article.
Sec. 3. Performance Bond.—It shall hereafter be unlawful for any person, firm or corporation to engage in the surface mining of coal without having first obtained from the director of the department of mines a permit therefor as provided in section three, article two-a, chapter twenty-two of the code. Before issuance of such permit the director of the department of natural resources shall certify to the director of the department of mines that such applicant for said permit has posted a bond with satisfactory corporate surety, in a penalty of five hundred dollars for each acre or fraction thereof covered by said permit with a minimum of one thousand dollars, conditioned upon the faithful performance of the requirements contained in section four hereof.

Sec. 4. Duties of Operators; Requirements; Procedures. —It shall be the duty of each operator to: (1) Cover the face of the coal and so far as practicable, bury all roof coal and pyritic shales; (2) seal off with an earth fill any break-through to underground workings in the coal; (3) drain all the surface involved in the mining operation and provide such outlets as may be necessary to conduct storm and seepage waters from such surface to a permanent stream or stream bed with as little erosion as possible; (4) remove all metal, lumber and other refuse resulting from the operation; (5) regrade, in a manner approved by the director and the agriculturist, the overburden or other strata removed from the coal so as to refill any ditches, trenches or excavations made in the mining operation, in order to minimize the hazards of floods, pollution of streams and water, accumulation of stagnant water, and the loss of soil for agricultural, forestry or grazing purposes, but any lands upon which stripping operations are conducted, which are not used for agricultural or grazing purposes, and in the opinion of the agriculturist, are not adapted therefor, shall be exempted from the provisions of this requirement by the director in the exercise of his sound discretion; and (6) to plant trees, shrubs, grasses or vines upon the land affected in such a manner so as to establish a satisfactory cover on the land in compliance with rules
and regulations approved and adopted by the director or
to offer to deposit with the soil conservation district, in
which the operation covered by such permit is located, a
sufficient amount of money to reclaim the area of the
permit, as estimated by the district. If the offer is ac-
cepted by the district and the deposit made with the dis-
trict, and approved by the director, the district then as-
sumes the responsibility for the reclamation work. If the
district assumes responsibility for the reclamation work,
the director shall release the bonds.

If the operator, landowner or coal owner, including
the lessee, desires to conduct drift mining upon the prem-
ises, he may designate drift locations, and also outside
haulage ways along the exposed face of the coal, at which
places it will not be necessary to replace the overburden
on the haulage way to the coal until such mining is com-
pleted.

For failure to do all the things required of the operator
within one year after the completion of the mining opera-
tion on the land covered by the permit, and after receipt
of a thirty-day notice in writing from the director, which
notice may be sent by registered or certified mail, that
any one or more of such things have not been done, the
permit covering the particular operation and any other
surface mining permits that may have been issued to the
operator involved shall be revoked by the director and the
performance bond shall be forfeited, unless such operator
shall comply with the provisions of this section within
said thirty-day period.

Any operator whose surface mining permit has been
revoked shall not be eligible to receive another such per-
mit until he shall have complied with the requirements
of all the laws in respect to former permits issued him.

Sec. 5. Bond Forfeitures; Procedures; Funds and Uses.

—Upon default in the performance of the conditions of
the performance bond, the director shall give notice to
the attorney general and it shall be his duty to collect the
forfeiture without delay.

All such forfeitures, heretofore or hereafter collected,
as provided in this article, shall be deposited with the state treasurer in a special fund to be designated "Surface Mining Reclamation Fund" to the credit of the department and shall be expended to reclaim and rehabilitate land affected in accordance with the provisions of this article.

It shall then be the duty of the director with the knowledge and concurrence of the agriculturist to reclaim and rehabilitate land affected in accordance with the provisions of section four of this article. Insofar as reasonably practicable, the moneys in the fund shall be expended upon the lands upon which the permit was issued and for which the bond was given. The department may, when deemed necessary, avail itself of any services which may be provided by the state or federal government.

The auditor shall issue his warrant for any or all money in the special fund created by this section upon written request of the director. The special fund heretofore designated "Strip Mining Fund" shall be included in and made a part of the "Surface Mining Reclamation Fund" herein provided for.

Sec. 6. Validity of Existing Permits and Bonds; Continuity.—The provisions of chapter eighty-four, acts of the Legislature of West Virginia, regular session, one thousand nine hundred thirty-nine, shall continue to be in full force and govern in all respects every existing right for surface mining operations, every outstanding permit for surface mining operations and every existing cash or other bond posted in connection therewith, and the enactment of this article shall not affect any offenses or acts committed or done, or any penalty or forfeiture incurred, or any right established, accrued, or accruing before the day this law takes effect. Any money received from the forfeiture of bonds given under the provisions of said act shall be deposited in the same fund and used in the same manner as forfeitures under this article. Every operator under an existing permit, under which actual mining operations have not been commenced prior to the effective date of this article, shall nevertheless be required to perform all the duties specified in section four of this article, and, for failure to do so, his bond shall
be forfeited and he shall be subject to all other penalties provided by the above-mentioned former act. Every such operator shall be required to comply with the provisions of section four of this article under which actual mining operations have not been commenced prior to the effective date of this article.

Sec. 7. When Bond Released and Discharged.—Upon satisfactory completion of all requirements of law under the permit granted to any operator pursuant to the provisions hereof, the director of the department of natural resources shall issue to the operator a certificate releasing and discharging the bond and surety thereon.

Sec. 8. Offenses; Penalties; Prosecutions.—Any operator, or surface owner or owners, or owner or owners of surface rights who shall conduct any surface mining operation or any part thereof without a permit, or who shall carry on such operation or be a party thereto on land not covered by a permit, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not exceeding one thousand dollars or be imprisoned in the county jail for a period not exceeding twelve months, or in the discretion of the court be subject to both such fine and imprisonment, for each such offense. It shall be the duty of the director to see that prosecutions are instituted for violations of the provisions hereof.

Section 1. Chief Conservation Officer, Duties; Conservation Officers; Special Conservation Officers.—The depart-

Under the supervision of the director, the chief conservation officer shall organize, develop and maintain law enforcement practices, means and methods geared, timed and adjustable to seasonal, emergency and other needs and requirements of the department's comprehensive natural resources program. All department personnel detailed and assigned to law enforcement duties and services hereunder shall be known and designated as conservation officers and shall be under the immediate supervision and direction of the chief conservation officer. All such conservation officers shall be trained, equipped and conditioned for duty and services wherever and whenever required by department law enforcement needs.

The chief conservation officer, acting under supervision of the director, is authorized to select and appoint special conservation officers for limited or extended periods of time for effective enforcement of the provisions of this chapter when considered necessary because of seasonal, emergency or other unusual circumstances. The special conservation officers shall be selected from qualified merit system personnel and shall otherwise comply with other requirements and qualifications of conservation officers, except in emergency situations and circumstances when the director may designate such officers, without regard to such requirements and qualifications, to meet immediate law enforcement needs.

The term “conservation officer”, as used in this chapter, shall mean and include personnel which may be designated and described in other provisions of this code as game protectors, game wardens, fire wardens and by other like or similar names.

Conservation officers shall be subject to seasonal or other assignment and detail to duty whenever and wherever required by the functions, services and needs of the department.
Sec. 2. Conservation Officers; Qualifications; Oath; Uniforms.—In addition to merit system qualifications and requirements, persons selected as conservation officers shall have reached their twenty-first birthday and shall not have reached their forty-fifth birthday at the time of appointment, be of height between five feet nine inches and six feet six inches, with weight proportioned to height, in good physical condition and of good moral character. Each person so selected shall be certified by the judge of the circuit court, the sheriff and the prosecuting attorney of the county in which he resides to be a person of good moral character, temperate in habits and without criminal record. Whenever possible and practicable, preference in selection of conservation officers shall be given honorably discharged United States military personnel. Each conservation officer, before entering upon the discharge of his duties, shall take and subscribe to the oath of office prescribed in article four, section five of the constitution of West Virginia, which executed oath shall be filed with the director.

The director shall prescribe the kind, style and material of uniforms to be worn by conservation officers. Uniforms and other equipment furnished to the conservation officers shall be and remain the property of the state.

Sec. 3. Powers and Duties of Other Law Officers.—The sheriffs and constables of the several counties of the state, police officers of any city and members of the department of public safety shall be vested, within their respective jurisdictions, with all of the powers and authority of conservation officers without requirement of any additional oath or bond. Immediately upon making any arrest or executing any process under provisions of this chapter, each such officer shall report thereon to the director.

Sec. 4. Powers and Duties of Conservation Officer.—Conservation officers and all other persons authorized to enforce the provisions of this chapter shall be under the supervision and direction of the director in the performance of their duties as herein provided. The authority, powers and duties of the conservation officers shall be state-wide and they shall have authority to:
(1) Arrest on sight, without warrant or other court process, any person or persons detected by them in the violation of any of the provisions of this chapter, but no such arrests shall be made where any form of administrative procedure is prescribed by this chapter for the enforcement of any of the particular provisions contained herein;

(2) Carry such arms and weapons as may be prescribed by the director in the course and performance of their duties, upon giving the bond required by provisions of section five, article seven, chapter sixty-one of this code, but no license or other authorization shall be required of such officers for this privilege;

(3) Search and examine, in manner provided by law, any boat, vehicle, automobile, conveyance, express or railroad car, fish box, fish bucket or creel, game bag or game coat, or any other place in which hunting and fishing paraphernalia, wild animals, wild birds, fish, amphibians or other forms of aquatic life could be concealed, packed or conveyed whenever they have reason to believe that they would thereby secure or discover evidence of the violation of any provision of this chapter;

(4) Execute and serve any search warrant, notice or any process of law issued under the authority of this chapter or any law relating to wildlife, forests, and all other natural resources, by a justice of the peace, any court having jurisdiction thereof, or the water resources board, in the same manner, with the same authority, and with the same legal effect, as any constable or sheriff can serve or execute such warrant, notice or process;

(5) Require the operator of any motor vehicle or other conveyance, on or about the public highways or roadways, or in or near the fields and streams of this state, to stop for the purpose of allowing such officers to conduct game-kill surveys;

(6) Summon aid in making arrests, seizures or executing any warrants, notices or processes, and shall have the same rights and powers as sheriffs have in their respective counties in so doing;
(7) Enter private lands or waters within the state while engaged in the performance of their official duties hereunder: *Provided, however,* That in connection with all surveys, examinations, investigations and studies needed in the gathering of facts concerning water resources and their use or pollution thereof under article five of this chapter, such conservation officers and all other persons authorized to enforce the provisions of this chapter, shall act pursuant to and under the direction of the state water resources board, and such officers and other persons shall be subject to the provisions of subsection four, section five, article five of this chapter; and

(8) Do all things necessary to carry into effect the provisions of this chapter.

Sec. 5. **Enforcement Processes.**—The director shall be charged with the duty and responsibility of enforcing the provisions of this chapter and to this end may call upon the attorney general, the prosecuting attorneys of the several counties, the department of public safety and all other law enforcement officers of the state. He shall have authority to compel compliance with and to prevent violations and threatened violations of any provisions of this chapter, lawful rules and regulations promulgated hereunder, and cease and desist orders issued pursuant hereto. He may invoke the processes of any court for coercive, remedial or preventive relief by injunction, mandamus or other appropriate proceedings.

Sec. 6. **Prosecutions; Attorney Services; Costs.**—The director may cause complaints to be made and proceedings to be instituted and prosecuted against any violators of this chapter, without the sanction of the prosecuting attorney of the county wherein such proceedings are instituted, and in all such cases no security for costs shall be required of the director. In any unusual or emergency situation or case wherein a prosecuting attorney or the attorney general may not be available to the director for legal services, the director may employ another attorney or other attorneys to represent the state in prosecutions and proceedings under provisions of this chapter and shall
pay costs and fees for such services from department funds.

Sec. 7. Conspiracy to Violate Natural Resources Laws; Withholding Information; Obstructing Officers.—Any person who shields or conspires with another in the commission of a violation of any of the provisions of this chapter, or who, upon inquiry, withholds information from enforcement officers, or who hinders, obstructs, interferes with, or impersonates, or attempts to hinder, obstruct, interfere with or impersonate an officer in the performance of his duties shall be guilty of a misdemeanor.

Sec. 8. Property Used for Illegal Purposes; Seizure and Disposition.—Any officer, when he arrests or otherwise takes a person into custody for violating any provision or provisions of this chapter, is hereby also authorized and empowered to take and impound any property found in the possession of the accused and susceptible of use in committing the offense of which the person is accused. Such property shall include firearms, fishing equipment, traps, boats, dogs, or any other device, appliance or conveyance.

If the accused is acquitted the property seized shall be returned. If the accused is convicted and pays the fine, costs and other penalties, the property shall be returned, but if the accused fails to pay the fine and costs, the property shall be sold at public auction in such manner as the director may prescribe. The proceeds of the sale shall be applied toward the payment of the fine and costs. The remainder, if any, shall be paid to the owner of the seized property.

Whenever a person is convicted of a violation of this chapter a second time, the property seized at the time of arrest shall in any case be declared forfeited to the state and shall be sold in the manner provided by this section.

Property seized, the use of which is forbidden by this chapter, or which is unfit or unsafe for further use, shall be declared forfeited to the state and shall be disposed of by the director.
Sec. 9. Offenses Generally; Penalties.—Any person violating any of the provisions of this chapter, or rules and regulations promulgated under the provisions of this chapter, the punishment for which is not prescribed, shall be guilty of a misdemeanor, and, upon conviction thereof, shall for each offense be fined not less than twenty nor more than three hundred dollars, or confined in jail not less than ten nor more than one hundred days, or be both fined and imprisoned within the limitations aforesaid; and, in the case of a violation by a corporation, every officer or agent thereof directing or engaging in such violation shall be guilty of a misdemeanor, and, upon conviction thereof, shall be subject to the same penalties and punishment as herein provided.

Sec. 10. Justice of Peace Jurisdiction.—Justices of the peace and all other courts established in lieu thereof or in supplementation thereto shall have jurisdiction of all misdemeanor offenses arising under provisions of this chapter concurrent with the jurisdiction of circuit and other criminal courts.

Section
1. Transition in terms; continuity.
2. Transfer of records, appropriations, facilities and other properties and assets.
3. Construction.
4. Effective date.

Section 1. Transition in Terms; Continuity.—Wherever in this code and elsewhere in law the terms “The Conservation Commission of West Virginia”, “conservation commission”, “director of conservation” and similar and related terms are used and referenced, they shall be read, understood and construed in the light of the enactment of this chapter by which the conservation commission and the office of director of conservation are abolished and the responsibilities, functions and services thereof are transferred to and absorbed in the department of natural resources, the natural resources commission and the office of director of the department of natural resources as in this chapter provided.
Wherever in this code and elsewhere in law the terms "state water commission" and "state water resources commission" are used and referenced, they shall be read, understood and construed to mean and refer to the state water resources board established and continued in this chapter as an activity of the department of natural resources.

Any litigation instituted, entered into or pending to which any of the governmental corporations and agencies abolished by this chapter are named parties may be continued and prosecuted to completion in such party names or, at the option of the litigants and by leave of court, such party names may be amended or changed to correspond with the names of the successor governmental corporations and agencies as in this chapter provided.

All contracts, compacts and agreements, heretofore entered into by any of the governmental corporations and agencies hereby abolished, shall continue to be the obligations of the respective successor corporations and agencies as in this chapter provided. No provision of this chapter shall be construed as impairing the obligation of any contract.

Sec. 2. Transfer of Records, Appropriations, Facilities and Other Properties and Assets.—As of the effective date of this chapter, the records, funds, unexpended appropriations, facilities, equipment and real and personal properties and assets of every kind and character belonging to, owned by or in the custody and control of any governmental corporation, agency, office or activity abolished or transferred to and absorbed in the department of natural resources by the provisions of this chapter shall be by each such governmental corporation, agency, office or activity transferred and delivered to the department of natural resources or to the identifiable successor to the abolished corporation, agency, office or activity as in this chapter established and constituted. It is the intent and purpose of the provisions of this section that continuity in the governmental operations, functions and services affected by this transition shall not be interrupted or impeded.
Sec. 3. Construction.—The provisions of this chapter shall be liberally construed to effect the objects and purposes hereof. 3. Expenses of commission; appropriation; officers and employees; meetings.
4. Effective date.
5. Restrictions.

Be it enacted by the Legislature of West Virginia:

That article one-c, chapter twenty-nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be repealed, and that a new article one-c be enacted in lieu thereof, to read as follows:

Section 1. Creation of Commission; Members; Terms;
2 Compact with Other Political Units.—There is hereby created a commission consisting of three members, to act jointly with commissioners appointed for like purposes by the commonwealths of Pennsylvania and Virginia, the state of Maryland, and the District of Columbia, and an additional three members to be appointed by the president of the United States, and which, together with the other commissioners appointed as hereinbefore mentioned, shall constitute and be known as the “Interstate Commis-
The said commission of the state of West Virginia shall consist of three members. The governor, by and with the advice and consent of the senate, shall appoint two persons as two of such commissioners, each of whom shall be a resident and citizen of this state. The terms of one of the said two commissioners first appointed shall be three years and of the other shall be six years; and their successors shall be appointed by the governor, by and with the advice and consent of the senate, for terms of six years each. Each commissioner shall hold office until his successor shall be appointed and qualified. Vacancies occurring in the office of any such commissioner for any reason or cause shall be filled by appointment by the governor, by and with the advice and consent of the senate, for the unexpired term. The third commissioner from this state shall be the commissioner of health ex officio, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said office of commissioner of health, and his successor as a commissioner shall be his successor as said commissioner of health. Said ex officio commissioner may delegate, from time to time, to any deputy or other subordinate in his department or office, the power to be present and participate, including voting, as his representative or substitute at any meeting of or hearing by or other proceeding of the commission. The term of each of the initial three members shall begin at the date of the appointment of the two appointive commissioners: Provided, That the compact hereinafter referred to shall then have gone into effect, in accordance with article six thereof, otherwise to begin upon the date said compact shall become effective, in accordance with said article six.

Any commissioner may be removed from office by the governor.

The governor of the state of West Virginia is hereby authorized and directed to execute a compact on behalf of the state of West Virginia, with the other states and the district hereinabove referred to, who may by their legislative bodies so authorize a compact in form substantially as follows:
WHEREAS, It is recognized that abatement of existing pollution and the control of future pollution of interstate streams can best be promoted through a joint agency representing the several states located wholly or in part within the area drained by any such interstate streams; and

WHEREAS, The Congress of the United States has given its consent to the states of Maryland and West Virginia, the commonwealths of Pennsylvania and Virginia, and the District of Columbia to enter into a compact providing for the creation of a conservancy district to consist of the drainage basin of the Potomac river and the main and tributary streams therein, for "the purpose of regulating, controlling, preventing, or otherwise rendering unobjectionable and harmless the pollution of the waters of said Potomac drainage area by sewage and industrial and other wastes"; and

WHEREAS, The regulation, control and prevention of pollution is directly affected by the quantities of water in said streams and the uses to which such water may be put, thereby requiring integration and coordination of the planning for the development and use of the water and associated land resources through cooperation with, and support and coordination of, the activities of federal, state, local and private agencies, groups, and interests concerned with the development, utilization and conservation of the water and associated land resources of the said conservancy district; now, therefore,

The states of Maryland and West Virginia, the commonwealths of Pennsylvania and Virginia, and the District of Columbia, hereinafter designated signatory bodies, do hereby create the Potomac valley conservancy district, hereinafter designated the conservancy district, comprising all of the area drained by the Potomac river and its tributaries; and also, do hereby create, as an agency of each signatory body, the interstate commission on the Potomac river basin, hereinafter designated the commission, under the articles of organization as set forth below.
The interstate commission on the Potomac river basin shall consist of three members from each signatory body and three members appointed by the president of the United States. Said commissioners, other than those appointed by the president, shall be chosen in a manner and for the terms provided by law of the signatory body from which they are appointed, and shall serve without compensation from the commission but shall be paid by the commission their actual expenses incurred and incident to the performance of their duties.

(A) The commission shall meet and organize within thirty days after the effective date of this compact, shall elect from its number a chairman and vice chairman, shall adopt suitable by-laws, shall make, adopt and promulgate such rules and regulations as are necessary for its management and control, and shall adopt a seal.

(B) The commission shall appoint, and at its pleasure, remove or discharge such officers and legal, engineering, clerical, expert and other assistants as may be required to carry the provisions of this compact into effect, and shall determine their qualifications and fix their duties and compensation. Such personnel as may be employed shall be employed without regard to any civil service or other similar requirements for employees of any of the signatory bodies. The commission may maintain one or more offices for the transaction of its business and may meet at any time within the area of the signatory bodies.

(C) The commission shall keep accurate accounts of all receipts and disbursements and shall make an annual report thereof and shall in such report set forth in detail the operations and transactions conducted by it pursuant to this compact. The commission, however, shall not incur any obligations for administrative or other expenses prior to the making of appropriations adequate to meet the same nor shall it in any way pledge the credit of any of the signatory bodies. Each of the signatory bodies reserves the right to make at any time an examination and audit of the accounts of the commission.

(D) A quorum of the commission shall, for the transaction of business, the exercise of any powers, or the
performance of any duties, consist of at least six members of the commission who shall represent at least a majority of the signatory bodies: Provided, however, That no action of the commission relating to policy or stream classification or standards shall be binding on any one of the signatory bodies unless at least two of the commissioners from such signatory body shall vote in favor thereof.

ARTICLE II

The commission shall have the power:

(A) To collect, analyze, interpret, coordinate, tabulate, summarize and distribute technical and other data relative to, and to conduct studies, sponsor research and prepare reports on, pollution and other water problems of the conservancy district.

(B) To cooperate with the legislative and administrative agencies of the signatory bodies, or the equivalent thereof, and with other commissions and federal, local governmental and nongovernmental agencies, organizations, groups and persons for the purpose of promoting uniform laws, rules or regulations for the abatement and control of pollution of streams and the utilization, conservation and development of the water and associated land resources in the said conservancy district.

(C) To disseminate to the public information in relation to stream pollution problems and the utilization, conservation and development of the water and associated land resources of the conservancy district and on the aims, views, purposes and recommendations of the commission in relation thereto.

(D) To cooperate with, assist, and provide liaison for and among, public and nonpublic agencies and organizations concerned with pollution and other water problems in the formulation and coordination of plans, programs and other activities relating to stream pollution or to the utilization, conservation or development of water or associated land resources, and to sponsor cooperative action in connection with the foregoing.

(E) In its discretion and at any time during or after the formulation thereof, to review and to comment upon
any plan or program of any public or private agency or organization relating to stream pollution or the utilization, conservation or development of water or associated land resources.

(F) (1). To make, and, if needful from time to time, revise and to recommend to the signatory bodies, reasonable minimum standards for the treatment of sewage and industrial or other wastes now discharged or to be discharged in the future to the streams of the conservancy district, and also, for cleanliness of the various streams in the conservancy district.

(2). To establish reasonable physical, chemical and bacteriological standards of water quality satisfactory for various classifications of use. It is agreed that each of the signatory bodies through appropriate agencies will prepare a classification of its interstate waters in the district in entirety or by portions according to present and proposed highest use, and for this purpose technical experts employed by appropriate state water pollution control agencies are authorized to confer on questions relating to classification of interstate waters affecting two or more states. Each signatory body agrees to submit its classification of its interstate waters to the commission with its recommendations thereon.

The commission shall review such classification and recommendations and accept or return the same with its comments. In the event of return, the signatory body will consider the comments of the commission and resubmit the classification proposal, with or without amendment, with any additional comments for further action by the commission.

It is agreed that after acceptance of such classification, the signatory body through its appropriate state water pollution control agencies will work to establish programs of treatment of sewage and industrial wastes which will meet or exceed standards established by the commission for classified waters. The commission may from time to time make such changes in definitions of classifications and in standards as may be required by changed conditions or as may be necessary for uniformity and in a
manner similar to that in which these standards and classifications were originally established.

It is recognized, owing to such variable factors as location, size, character and flow and the many varied uses of the waters subject to the terms of this compact, that no single standard of sewage and waste treatment and no single standard of quality of receiving waters is practical and that the degree of treatment of sewage and industrial wastes should take into account the classification of the receiving waters according to present and proposed highest use, such as for drinking water supply, bathing and other recreational purposes, maintenance and propagation of fish life, industrial and agricultural uses, navigation and disposal of wastes.

ARTICLE III

For the purpose of dealing with the problems of pollution and of water and associated land resources in specific areas which directly affect two or more, but not all, signatory bodies, the commission may establish sections of the commission consisting of the commissioners from such affected signatory bodies: Provided, however, That no signatory body may be excluded from any section in which it wishes to participate. The commissioners appointed by the president of the United States may participate in any section. The commission shall designate, and from time to time may change, the geographical area with respect to which each section shall function. Each section shall, to such extent as the commission may from time to time authorize, have authority to exercise and perform with respect to its designated geographical area any power or function vested in the commission, and in addition may exercise such other powers and perform such functions as may be vested in such section by the laws of any signatory body or by the laws of the United States. The exercise or performance by a section of any power or function vested in the commission may be financed by the commission, but the exercise or performance of powers or functions vested solely in a section shall be financed through funds provided in advance by the bodies, including the United States, participating in such section.
ARTICLE IV

The moneys necessary to finance the commission in the administration of its business in the conservancy district shall be provided through appropriations from the signatory bodies and the United States, in the manner prescribed by the laws of the several signatory bodies and of the United States, and in amounts as follows:

The pro rata contribution shall be based on such factors as population; the amount of industrial and domestic pollution; and a flat service charge; as shall be determined from time to time by the commission, subject, however, to the approval, ratification and appropriation of such contribution by the several signatory bodies.

ARTICLE V

Pursuant to the aims and purposes of this compact, the signatory bodies mutually agree:

1. Faithful cooperation in the abatement of existing pollution and the prevention of future pollution in the streams of the conservancy district and in planning for the utilization, conservation and development of the water and associated land resources thereof.

2. The enactment of adequate and, insofar as is practicable, uniform legislation for the abatement and control of pollution and control and use of such streams.

3. The appropriation of biennial sums on the proportionate basis as set forth in article four.

ARTICLE VI

This compact shall become effective immediately after it shall have been ratified by the majority of the legislatures of the states of Maryland and West Virginia, the commonwealths of Pennsylvania and Virginia, and by the commissioners of the District of Columbia, and approval by the Congress of the United States: Provided, however, That this compact shall not be effective as to any signatory body until ratified thereby.

ARTICLE VII

Any signatory body may, by legislative action, after one year's notice to the commission, withdraw from this compact.
Sec. 2. Appointment of Alternates.—The governor, by and with the consent of the senate, shall appoint an alternate member for the two members of the commission who are not ex officio, and each alternate shall have power to act in the absence of the person for whom he is alternate. The governor shall appoint the first alternates hereunder on or before July first, one thousand nine hundred forty-nine, the term of each alternate to run concurrently with the term of the member for whom he is alternate.

Sec. 3. Expenses of Commission; Appropriation; Officers and Employees; Meetings.—The commissioners shall be reimbursed, out of moneys appropriated for such purposes, all sums which they necessarily shall expend in the discharge of their duties as members of such commission.

There shall be appropriated to the commission out of any moneys in the state treasury unexpended and available therefor, and not otherwise appropriated, such sums as may be necessary for the uses and purposes of the commission in carrying out the provisions of this article and the payment of the proper proportion of the state of West Virginia of the expenses of the "Interstate Commission on the Potomac River Basin", in accordance with article four of said compact.

The commission shall elect from its membership a chairman and may also select a secretary who need not be a member. The commission may employ such assistants as it may deem necessarily required, and the duties of such assistants shall be prescribed and their compensation fixed by the commission and paid out of the state treasury out of funds appropriated for such purposes upon the requisition of said commission.

The commission shall meet at such times and places as agreed upon by the commissioners or upon call of its chairman.

Sec. 4. Effective Date.—This article shall become effective upon the adoption of substantially similar amendments to the interstate compact by each of the signatory states to the compact, and upon the approval of the
5 amendments to the compact by the Congress of the United States.

Sec. 5. Restrictions.—Neither the governor of the state of West Virginia nor any member of the commission aforesaid, representing the state of West Virginia, shall consent to the construction of any dam, whether in the state of West Virginia, or without this state, which shall flood lands in this state, without the express consent of the Legislature.

Be it enacted by the Legislature of West Virginia:

That chapter thirty-one of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article fifteen, to read as follows:

Section 1. Short Title.—This article shall be known and may be cited as the “West Virginia Industrial Development Authority Act”.

Sec. 2. Legislative Findings.—It is hereby determined and declared as a matter of legislative finding: (a) That critical conditions of unemployment exist in many areas of the state and that such conditions may well come about, from time to time, in other areas of the state; (b) that in some areas of the state such conditions are chronic and have been so for so long a period of time that, without remedial measures, they may become so in other areas of the state; (c) that economic insecurity due to unemployment is a serious menace to the health, safety, morals and general welfare of the people of the entire state; (d) that widespread industry unemployment produces indigency which falls with crushing force upon all unemployed workers and ultimately upon the state in the form of public assistance and unemployment compensation; (e) that the absence of employment and business opportunities for the youth of such areas is a serious threat to the strength and permanence of their faith in our American political and economic institutions and the philosophy of freedom on which those institutions are based; (f) that lack of employment and business opportunities in such areas has resulted in thousands of workers and their families leaving the state to find such opportunities, and that this exodus has adversely affected the tax base of counties and municipalities within such areas.
resulting in an impairment of their financial ability to support education and other local government services; (g) that security against unemployment and the resulting spread of indigency and economic stagnation in affected areas can best be provided by the promotion, attraction, stimulation, rehabilitation and revitalization of commerce, industry and manufacturing in such areas; (h) that the present and future health, safety, morals, right to gainful employment and general welfare of the people of the state require as a public purpose the promotion and development of new and expanded industrial and manufacturing enterprises within areas of critical unemployment; (i) that the device under which private community industrial development organizations in the state acquire or build industrial buildings with funds raised through popular subscription, loans, or otherwise for lease and sale to new or expanding industries has proven effective in creating new employment and business opportunities locally, is in accord with the American tradition of community initiative and enterprise, and requires and deserves encouragement and support from the state, as a means toward alleviation of unemployment and chronic economic distress; (j) that community industrial development corporations in the state have invested substantial funds in successful industrial development projects and are experiencing difficulty in undertaking additional projects by reason of the partial inadequacy of their own funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizeable first deed of trust or mortgage loans; (k) that an urgent need exists to stimulate a larger flow of private investment funds from banks, investment houses, insurance companies and other financial institutions into such community industrial building programs in areas of chronic and critical distress; and (l) that by increasing the number of community industrial building projects presenting attractive opportunities for private investment in such areas, a larger portion of the private capital available in this state for investment can be put to use in the general economic development of the state.
Sec. 3. Purposes.—The purposes of this article shall be to provide for the formation of a public industrial development authority to promote, assist, encourage and, in conjunction with such banking corporations or institutions, trust companies, savings banks, building and loan associations, insurance companies, or related corporations, partnerships, foundations, or other institutions to develop and advance the business prosperity and economic welfare of the state of West Virginia; to encourage and assist in the location of new business and industry; to stimulate and assist in the expansion of all kinds of business activity which will tend to promote the business development and maintain the economic stability of this state, provide maximum opportunities for employment, encourage thrift and improve the standard of living of the citizens of this state; to cooperate and act in conjunction with other organizations, public or private, the objects of which are the promotion and advancement of industrial, commercial or manufacturing developments in this state; to furnish money and credit to approved industrial development agencies in this state, thereby establishing a source of credit not otherwise available therefor. Such purposes are hereby declared to be public purposes for which public money may be spent and are purposes which will promote the health, safety, morals, right to gainful employment, business opportunities and general welfare of the inhabitants of the state.

Sec. 7. Loans.—Loans to industrial development agencies: When it has been determined by the authority upon application of an industrial development agency and upon hearing thereon in the manner hereinafter provided that the establishment of a particular industrial development project (of such industrial development agency) in a critical economic area has accomplished or will accomplish the public purposes of this article, the authority may contract to loan such industrial development agency an amount not in excess of thirty per cent of the cost, or estimated cost, of such industrial development project, as established or to be established, subject, however, to the following conditions:

(A) Industrial development projects to be established.

1. The authority shall have first determined that the industrial development agency holds funds in an amount equal to, or property of a value equal to, not less than
twenty per cent of the estimated cost of establishing the
industrial development project, which funds or property
are available for and shall be applied to the establishment
of such project; and

2. The authority shall have also determined that the
industrial development agency has obtained from other
independent and responsible sources, such as banks and
insurance companies or otherwise, a firm commitment for
all other funds, over and above the loan of the authority
and such funds or property as the industrial development
agency may hold, necessary for payment of all the esti-
mated cost of establishing the industrial development
project, and that the sum of all these funds together with
machinery and equipment to be provided by the responsi-
ble tenant or responsible buyer is adequate to insure com-
pletion and operation of the plant or facility.

(B) Industrial development projects established with
initial authority loan participation.

1. The authority shall have first determined that the
industrial development agency has expended funds in an
amount equal to, or has applied property of a value equal
to, not less than twenty per cent of the cost of establishing
the industrial development project; and

2. The authority shall have also determined that the
industrial development agency obtained from other inde-
pendent and responsible sources, such as banks and insur-
ance companies or otherwise, other funds necessary for
payment of all the cost of establishing the industrial de-
velopment project, and that the industrial development
agency participation and these funds, together with the
machinery and equipment provided by the responsible
tenant or responsible buyer, has been adequate to insure
completion and operation of the plant or facility: Pro-
vided, however, That the proceeds of any loan made by
the authority to the industrial development agency pur-
suant to this subsection (B) shall be used only for the
establishment of additional industrial development proj-
cts in furtherance of the public purposes of this article.

Any such loan of the authority shall be for such period
of time and shall bear interest at such rate as shall be de-
termined by the authority and shall be secured by bond
of the industrial development agency and by deed of trust
on the industrial development project for which such loan
was made, such deed of trust to be second and subordinate
only to the deed of trust securing the first lien obligation
issued to secure the commitment of funds from the afore-
said independent and responsible sources and used in the
financing of the industrial development project.

Moneys so loaned by the authority to industrial develop-
ment agencies shall be withdrawn from the industrial de-
velopment fund and paid over to the industrial develop-
ment agency in such manner as shall be provided and pre-
scribed by the rules and regulations of the authority.

All payments of interest on said loans and the principal
thereof shall be deposited by the authority in the indus-
trial development fund.

Loans by the authority to an industrial development
agency for an industrial development project shall be
made only in the manner and to the extent as in this sec-
tion provided, except, however, in those instances
wherein an agency of the federal government participates
in the financing of an industrial development project by
loan, grant or otherwise of federal funds. When any fed-
eral agency does so participate the authority may adjust
the required ratios of financial participation by the in-
dustrial development agency, the source of independent
funds, and the authority in such manner as to insure the
maximum benefit available to the industrial development
agency, the authority, or both, by the participation of the
federal agency: Provided, however, That no such adjust-
ment of such ratios shall cause the authority to grant a
loan to the industrial development agency in excess of
thirty per cent of the cost or estimated cost of the indus-
trial development project.

Where any federal agency participating in the financ-
ing of an industrial development project is not permitted
to take as security for such participation a deed of trust
the lien of which is junior to the deed of trust of the au-
thority, the authority shall, in such instances, be author-
ized to take as security for its loan to the industrial de-
velopment agency a deed of trust junior in lien to that of
the federal agency.
Sec. 8. Loan Application Requirements; Hearings Upon Applications.—Prior to the loaning of any funds to an industrial development agency for an industrial development project in a critical economic area, the authority shall receive from such industrial development agency a loan application in form adopted by the authority which shall contain, without being limited to, the following provisions:

(a) A general description of the industrial development project and a general description of the industrial or manufacturing enterprise for which the industrial development project has been or is to be established.

(b) A legal description of all real estate necessary for the industrial development project.

(c) Such plans and other documents as may be required to show the type, structure and general character of the industrial development project.

(d) A general description of the type, classes and number of employees employed or to be employed in the operation of the industrial development project.

(e) Cost or estimates of cost of establishing the industrial development project.

(f) A general description and statement of value of any property, real or personal, of the industrial development agency applied or to be applied to the establishment of the industrial project.

(g) A statement of cash funds previously applied, or then held by the industrial development agency which are available for and are to be applied, to the establishment of the industrial development project.

(h) Evidence of the arrangement made by the industrial development agency for the financing of all cost of the industrial development project over and above the participation of the industrial agency.

(i) A general description of the responsible tenant to which the industrial development agency has leased or will lease the industrial development project or of the responsible buyer to which the industrial development agency has sold or will sell the project.

(j) A general description of the form of lease or sales agreement entered into or to be entered into by and be-
between the industrial development agency and its responsible tenant or responsible buyer.

(k) Evidence that the establishment of the industrial development project will not cause the removal of an industrial or manufacturing plant or facility from one area of the state to another area of the state.

The board of the authority shall hold such hearings and examinations as to each loan application received as shall be necessary to determine whether the public purposes of this article will be accomplished by the granting of loans within such applications requested.

When the board shall have determined said facts favorable as to any application, it is authorized and empowered, having due regard to the promotion of the public purposes herein declared, to grant a loan to an industrial development agency in the manner and to the extent as in this article provided.

Sec. 9. Industrial Development Fund.—There is hereby created a special account in the treasury of the state to be known as the industrial development fund to which shall be accredited any appropriation made by the Legislature to the authority, as well as such other deposits as in this section provided.

As often as may be necessary, the authority shall requisition from the industrial development fund such amounts as may be necessary to provide adequate funds for the payment of the administration of the purposes of this article.

The authority shall also requisition, from time to time from the industrial development fund such amounts as shall be allocated and appropriated by the authority for loans to industrial development agencies for industrial development projects. When and as the amounts so allocated and appropriated by the authority as loans to industrial development agencies are repaid to the authority pursuant to the terms of the mortgages and other agreements made and entered into by the authority, the authority shall pay such amounts into the industrial development fund, it being the intent of this article that the industrial development fund shall operate as a revolving
fund whereby all appropriations and payments made thereto may be applied and re-applied to the purposes of this article.

At any time that the authority shall determine that funds held for the credit of the industrial development fund are in excess of the amount needed by the authority to carry out the purposes of this article, the authority shall take such action as shall be required to release such excess from the industrial development fund and transfer the same to the general fund of the state treasury.

Sec. 10. Governing Body; Organization and Meetings; Quorum; Additional Powers of Authority.—The powers of the authority shall be exercised by a governing body consisting of the members of the authority acting as a board. Within ninety days after this article shall become effective, the board shall meet and organize. The commissioner of commerce and his successor in office shall be the chairman and chief executive officer and the board shall elect a secretary and a treasurer from their number.

At the first meeting in each year thereafter they shall elect from their number a secretary and treasurer.

A majority of the members shall constitute a quorum of the board for the purpose of organizing the authority and conducting the business thereof, and, except in the instance of loan applications, all action may be taken by a vote of a majority of the members present, unless in any case the by-laws shall require a larger number; approval or rejection of loan applications shall be by a majority vote of the full membership of the board.

The board shall have full authority to manage the property and business of the authority, and to prescribe, amend and repeal by-laws, rules and regulations governing the manner in which the business of the authority may be conducted, and the powers granted to it may be exercised and embodied.

The department of commerce shall provide staff services to the authority for its administration of the article, including liaison between the authority and industrial development agencies and related organizations, and between the authority and other agencies of the state whose
facilities and services may be useful to the authority in its work.
The authority is authorized to make reimbursement to any agency of the state for such special expenses as may be incurred in the provision of any services or the use of any facilities required by the authority.
In addition, the authority may employ an executive director, appoint its own counsel and legal staff, and, as required for special studies and surveys, retain such temporary engineering, finance and other consultants and technicians as it may require.

Sec. 11. Moneys of the Authority; Deposits; Payments.
All moneys of the authority, from whatever source derived, shall be paid to the treasurer of the authority. Said moneys shall be deposited in the first instance by the treasurer in one or more banks or trust companies, in one or more special accounts, and each of such special accounts shall be continuously secured by a pledge of direct obligations of the United States of America or of the state, having an aggregate market value, exclusive of accrued interest, at all times at least equal to the balance on deposit in such account. Such securities shall either be deposited with the treasurer or be held by a trustee or agent satisfactory to the authority. All banks and trust companies are authorized to give such security for such deposits. The moneys in said accounts shall be paid out on the warrant or other order of the treasurer of the authority, or of such other person or persons as the authority may authorize to execute such warrants or orders.

Sec. 12. Conflict of Interest.—No member of the authority or officer or employee thereof shall either directly or indirectly be a party to or be in any manner interested in any contract or agreement with the authority for any matter, cause or thing whatsoever by reason whereof any liability or indebtedness shall in any way be created against such authority. If any contract or agreement shall be made in violation of the provisions of this section, the same shall be null and void and no action shall be maintained thereon against such authority.

Sec. 13. Limitation of Powers.—The state does hereby

The provisions of the article shall be severable, and if any of the provisions thereof shall be held unconstitutional, such decisions shall not affect the validity of any of the remaining provisions of this article. It is hereby declared as the legislative intent that this article would have been adopted had such unconstitutional provisions not been included herein.

Section

7. Deputies and assistants of sheriffs and clerks of the courts; salaries; fiscal budget.
16. Exception.

Section 7. Deputies and Assistants of Sheriffs and Clerks of the Courts; Salaries; Fiscal Budget.—The sheriff, clerk of the county court, clerk of the circuit court, clerk of the criminal, common pleas or intermediate courts, on or before February first of each year, shall file with the county court, or tribunal in lieu thereof, a detailed statement of the probable amount necessary to be expended for deputies, assistants, and other employees of their respective offices in the following fiscal year. If any such officer shall fail to file the statement hereby required, he shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than fifty nor more than one hundred dollars, or imprisoned in the county jail not less than thirty days nor more than six months, or both, in the discretion of the court. The county court, or tribunal in lieu thereof, shall, not later than fifteen days after the filing of such statement, take up and consider the same and shall determine and fix an aggregate sum to be expended for the period covered by such statement for the compensation of all such deputies, assistants, and other employees of the respective officers, which shall be reasonable and proper, regard being had to the amount of labor necessary to be performed by those to receive the compensation, and shall enter upon its court record a finding of its action: Provided, That any clerk of a circuit court, feeling that the sum so fixed and determined is inadequate to enable him to properly conduct his office, may appeal to the circuit court of such county, which shall determine and fix a reasonable and just amount for the compensation of his deputies and assist-
ants: Provided further, That any taxpayer feeling aggrieved at the allowance made by the county court to the sheriff, and any sheriff feeling that the business of his office cannot be conducted properly by the maximum allowance by the county court for office expenditures, or the number of deputies and their salaries, shall be allowed the right of appeal to the circuit court of such county for the purpose of determining the equity of such maximum allowance.

The officers herein named shall appoint and employ such deputies, assistants and other employees in the manner provided by law, as may be necessary for their respective offices and fix their compensation, and shall file with the clerk of the county court, or other tribunal in lieu thereof, a statement in writing showing such action and setting forth the name of each deputy, assistant and employee, the time for which employed and the monthly compensation; but the compensation for all deputies, assistants and other employees shall not exceed in the aggregate, for each office, the amount so fixed for that office as hereinbefore provided. The officers herein named shall have authority to discharge any deputy, assistant, or other employee, by filing with the clerk of the county court, or tribunal in lieu thereof, a statement in writing showing such action. All statements required to be filed by this section shall be verified by the affidavit of the person making them, and among other things contained in the affidavit shall be the statement that the amounts shown therein were the amounts actually paid or intended to be paid to the deputies, assistants, or other employees, without rebates, or any agreement, understanding and expectation that any part thereof shall be repaid to him, and that nothing has heretofore been paid or promised him on that account, and that if he shall thereafter receive any money, or thing of value, on account thereof, he will account for and pay the same to the county. Until the statements required by this section have been filed, no allowance or payments shall be made to any officer for deputies, assistants or other employees.

Sec. 16. Exception.—Notwithstanding the provisions of
section seven of this article, the provisions of said section seven as of January first, one thousand nine hundred sixty-one, shall be applicable for the fiscal year ending June thirty, one thousand nine hundred sixty-two.

The tax commissioner shall prepare a program of matters pertaining to assessments and work of the assessors to be discussed at such meeting and he shall attend and be ex officio chairman of the same. The meeting shall continue for a period of at least two days but not more than four days. The actual and necessary expense incurred by any assessor and not more than two deputies to be designated by him in attendance at such meeting shall be paid out of the county treasury of the county of the assessor and deputies so attending. Before such payment, however, the assessor shall file an itemized statement, which shall be sworn to, of his actual and necessary expenses, with the clerk of the county court.

In addition to the meeting hereinbefore provided for, there shall be at least two meetings of each assessor and his deputies between the first day of the assessment year and the twentieth day of January, of the current year, at such time and place as the assessor shall designate,
of which meeting all deputies shall have notice, for the purpose of securing uniform valuation of property, both real and personal, throughout the entire county, according to the true and actual value. The last meeting shall be held after the work of listing property has been completed, at which meeting all the lists shall be thoroughly gone over, and if found to be erroneous, either in the amount of property, real or personal, assessed to any person, firm or corporation, or in the value given to any item of property by the taxpayer shall be revised and corrected by placing on such list the omitted property and giving to it, as well as to any property that has been listed, but which has been incorrectly valued, the true and actual value thereof according to the rule prescribed by law and by omitting property improperly listed.

Sec. 11. Exception.—Notwithstanding the provisions of section seven of this article, between the first day of January and the twentieth day of June in the year one thousand nine hundred sixty-one, the assessor and his deputies shall meet for the purposes specified by section seven of this article.

30. Exception.

Section 1. Time and Basis of Assessments; True and Actual Value; Default; Reassessment; Special Assessors.

—All property shall be assessed annually as of the first
day of July at its true and actual value; that is to say, at the price for which such property would sell if voluntarily offered for sale by the owner thereof, upon such terms as such property, the value of which is sought to be ascertained, is usually sold, and not the price which might be realized if such property were sold at a forced sale, except that the true and actual value of all property owned, used and occupied by the owner thereof exclusively for residential purposes and upon farms occupied and cultivated by their owners or bona fide tenants shall be arrived at by giving primary, but not exclusive, consideration to the fair and reasonable amount of income which the same might be expected to earn, under normal conditions in the locality wherein situated, if rented. The taxes upon all property shall be paid by those who are the owners thereof on that day, whether it be assessed to them or others. If at any time after the beginning of the assessment year, it be ascertained by the tax commissioner that the assessor, or any of his deputies, is not complying with this provision or that he has failed, neglected or refused, or is failing, neglecting or refusing after five days’ notice to list and assess all property therein at its true and actual value, the tax commissioner may order and direct a reassessment of any or all of the property in any county, district or municipality, where any assessor, or deputy, fails, neglects or refuses to assess the property in the manner herein provided. And, for the purpose of making such assessment and correction of values, the tax commissioner may appoint one or more special assessors, as necessity may require, to make such assessment in any such county, and any such special assessor or assessors, as the case may be, shall have all the power and authority now vested by law in assessors, and the work of such special assessor or assessors shall be accepted and treated for all purposes by the county boards of review and equalization and the levying bodies, subject to any revisions of value on appeal, as the true and lawful assessment of that year as to all property valued by him or them. The tax commissioner shall, with the approval of the board of public works, fix the com-
pensation of all such special assessors as may be designated by him, which, together with their actual expenses, shall be paid out of the county fund by the county court of the county in which any such assessment is ordered, upon the receipt of a certificate of the tax commissioner filed with the clerk of the court showing the amounts due and to whom payable, after such expenses have been audited by the county court.

Any assessor who knowingly fails, neglects or refuses to assess all the property of his county, as herein provided, shall be guilty of malfeasance in office, and, upon conviction thereof, shall be fined not less than one hundred nor more than five hundred dollars, or imprisoned in the county jail not less than three nor more than six months, or both, in the discretion of the court, and upon conviction, shall be removed from office.

Sec. 2. Canvass by Assessor; Lists of Property.—On the first day of July, in each year, the assessors and their deputies shall begin the work of assessment in their respective counties, and shall, from that date, diligently and continuously pursue with all reasonable dispatch, their work of assessment until the same is completed: Provided, however, That the assessor and his deputies shall finish their work of assessment, and complete the land and personal property books not later than the thirtieth day of January. Beginning on the first day of July, as aforesaid, the assessor or a deputy shall call upon every person in the territory, appointed to such assessor and deputy, who is liable to assessment, and thereupon such person shall furnish to such assessor, or his deputy, a full and correct description of all of the real estate and personal property of which he was the owner on the first day of July of the current year, fixing what he deems to be the true and actual value of each item of property, both real and personal, for the guidance of the assessor, who shall finally settle and determine the actual value of each item of such property by the rule prescribed in section one of this article; such person shall also, at the same time, make separate, full and true statements, in like manner, and upon similar blanks to be furnished
him, distinctly setting forth in each a correct description
of all the property, real and personal, held, possessed
or controlled by him, as executor, administrator, guardian,
trustee, receiver, agent, partner, attorney, president or
accounting officer of a corporation, consignee, broker,
or in any representative or fiduciary character, and he
shall fix what he deems the true and actual value thereof
to each item of such property, which valuation shall be
subject to revision and change by the assessor in like
manner as property owned by such person in his own
right: Provided, however, That no person shall be com-
pelled to furnish the list mentioned in this section sooner
than the tenth day of July of the current year.

The assessor shall perform such other duties while
making his assessment as may be required of him by
law.

Sec. 3. Who to Furnish Property List.—The list required
in the preceding section shall be made and information
furnished: (a) With respect to property of a minor, by
his guardian, if he has one, and if he has none, by his
father, if living, or, if not, by his mother, if living, and
if neither be living or be a resident of this state, by the
person having charge of the property; (b) with respect
to the separate property of a married woman, by herself
or her husband in her name; (c) with respect to the
property of a husband, who is out of the state or incapable
of listing such property, by his wife; (d) with respect to
the property held in trust, by the trustee, if in possession
thereof, otherwise by the party for whose benefit it is
held; (e) with respect to the personal property of a de-
ceased person, by the personal representative; (f) with
respect to the property of an insane person, or a person
sentenced to confinement in the penitentiary, by his
committee; (g) with respect to the property of a com-
pany, whether incorporated or not, whose assets are in
the hands of an agent, factor or receiver, by such agent,
factor or receiver, otherwise by the president or proper
accounting officer, partner or agent within the state; (h)
with respect to credits or investments, in the possession
or under the charge of a receiver or commissioner, by
such receiver or commissioner; and (i) with respect to
shares in a banking institution or national banking asso-
ciation, by the cashier, secretary or principal accounting
officer of such banking institution or national banking
association, as provided in section fourteen of this article.

Sec. 4. Oath of Owner.—The assessor and his deputies
are empowered to administer oaths in all matters per-
taining to their official business, and every such list pro-
vided to be made out by the two next preceding sections
shall be sworn to or affirmed, by the person making the
same, before it shall be received by the assessor or any
of his deputies; the form of such oath or affirmation, when
made by the person owning the property (and the oath or
affirmation of the owner of the property shall be required
in all cases where it is practicable, instead of the oath or
affirmation of his agent or manager), shall be substantially
as follows, to-wit:

State of West Virginia, County of________________ ss:

I, _______________________________, do solemnly swear (or
affirm) that to the best of my knowledge, information
and belief, the foregoing statement contains a true, full
and correct list of all property, real and personal, owned
by me on the first day of the assessment year; that where
I have been unable to exhibit any class of property to the
assessor or to his deputy, such property has been fully
and fairly described to him and its true condition repre-
sented; that I have in no case sought to mislead the
assessor or his deputy, as to the entire quantity, quality
or value of the property; that I have reported the value
of all credits and investments owned by me on the said
day and liable to taxation, except bonds of the United
States, and other tax exempt securities, and except stock
in a banking institution, and other incorporated companies
whose property is assessed in the name of such corpora-
tion either within or without this state; that, since the
first day of the assessment year, I have not directly or
indirectly converted or exchanged any of my property
temporarily for the purpose of evading the assessment
thereof for taxes into nontaxable property or securities
of any kind; that I have, to the best of my knowledge and
judgment, valued the said property, both real and personal, at its true and actual value on the first day of the assessment year, by which I mean the price that could be obtained for said property at private or voluntary sale, and on such terms as are usually employed in the selling of such property, and not the price which might be realized at a forced or auction sale; so help me, God.

Sec. 5. Correction of Previous Property Books; Entry of Omitted Property.—The assessor in making out the land and personal property books, shall correct any and every mistake he shall discover in the books for any previous year.

When the assessor shall ascertain that any real or personal property in his county liable to taxation, other than that mentioned in the next succeeding paragraph, has been omitted from the land or personal property books for a period of less than five years, he shall make an entry thereof in the proper book of the year in which such omission was discovered, and assess the same according to the rule prescribed in section one of this article, and shall charge the same with all taxes chargeable against it at the rate of levy for the year or years the same was omitted, together with interest thereon at the rate of six per cent per annum for the years the same was omitted from the books.

And when the assessor shall ascertain that any notes, bonds, bills and accounts receivable, stocks and other intangible personal property in his county liable to taxation has been omitted from the personal property books for a period of five years or less after December thirty-first, one thousand nine hundred thirty-two, he shall make entry thereof in the personal property book of the year in which such omission was discovered, and assess the same at its true and actual value according to the rule
prescribed in section one of this article, and shall charge
the same with all taxes chargeable against it after the
year last aforesaid at the rate of levy for the year or years
the same was omitted after the year aforesaid, together
with interest thereon at the rate of six per cent per annum
for the years the same was omitted from the books.

Any assessor failing to make such entry as in this act
provided, when discovered by him, or called to his atten-
tion by any taxpayer interested therein, shall forfeit one
hundred dollars.

Sec. 6. Statements of Assessed Valuations for Munici-
palities and Boards of Education; Extension of Levies.—
The assessor shall annually, not later than the seventh
day of March, furnish to the recorder or clerk of the
city or town council of every incorporated city and town
in his county and also to the secretary of the board
of education of his county, a certified statement, show-
ing in separate amounts the aggregate value of all
property, real and personal, and of all property within
each class as provided in section four, article eight of
this chapter, and the clerk of the county court shall, in
like fashion, certify the aggregate value of all property
assessed by the board of public works, or other board
in lieu thereof, in such city or district, as ascertained
from the land and personal property books and from the
statement furnished by the auditor to the county clerk
of the value of property assessed in such county by the
board for the current year.

The statement so furnished shall be taken, by the coun-
cil of such city or town, as the proper valuation of all
property situated therein and liable for taxation for
municipal purposes notwithstanding any provisions which
may be contained in the charter of any city or town. Upon
receiving such statement, the recorder or clerk of the
council, shall present the same to the council at a meeting
to be held for the purpose of making the estimate and
laying the levy as hereinafter required; and, as soon as
the rate shall have been determined upon, the recorder,
or secretary of the council, shall furnish the officer whose
duty it is to make out the land and personal property
books a certified copy of the order of such city or town

council fixing the rate of tax, and such officer shall there-
upon extend the tax against the property situated in such
city or town, in the land books and the personal property
book of his county, in separate columns in such books,
which columns shall be headed with the words: "Town,
or city, tax for the town, or city, of..........................."

Sec. 9. Property Exempt from Taxation.—All property,
real and personal, described in this section, and to the
extent herein limited, shall be exempt from taxation,
that is to say: Property belonging to the United States,
other than property permitted by the United States to be
taxed under state law; property belonging exclusively to
the state; property belonging exclusively to any county,
district, city, village, or town in this state, and used for
public purposes; property located in this state belonging
to any city, town, village, county or any other political
subdivision of another state, and used for public purposes;
property used exclusively for divine worship; parsonages,
and the household goods and furniture pertaining thereto;
mortgages, bonds and other evidence of indebtedness in
the hands of bona fide owners and holders hereafter
issued and sold by churches and religious societies for
the purposes of securing money to be used in the erection
of church buildings used exclusively for divine worship,
or for the purpose of paying indebtedness thereon; ceme-
teries; property belonging to, or held in trust for, colleges,
seminaries, academies and free schools, if used for edu-
cational, literary or scientific purposes, including books,
apparatus, annuities, and furniture; public and family
libraries; property used for charitable purposes, and not
held or leased out for profit; property used for area eco-
nomic development purposes by nonprofit corporations
when such property is not leased out for profit; all real
estate not exceeding one-half acre in extent, and the
buildings thereon, and used exclusively by any college or
university society as a literary hall, or as a dormitory or
club room, if not leased or otherwise used with a view to
profit; all property belonging to benevolent associations,
not conducted for private profit; property belonging to
any public institution for the education of the deaf, dumb
or blind, or any hospital not held or leased out for profit; house of refuge, lunatic or orphan asylum; homes for children or for the aged, friendless or infirm, not conducted for private profit; fire engines and implements for extinguishing fires, and property used exclusively for the safekeeping thereof, and for the meeting of fire companies; and all property on hand to be used in the subsistence of livestock on hand at the commencement of the assessment year, money, household goods to the value of two hundred dollars, dead victuals laid away for family use and any other property or security exempted by any other provision of law; but no property shall be exempt from taxation which shall have been purchased or procured for the purpose of evading taxation, whether temporarily holding the same over the first day of the assessment year or otherwise: Provided, however, That the property, both real and personal, which is exempt from taxation by this section, except money, shall be entered upon the assessor's books, together with the true and actual value thereof, but no taxes shall be levied upon the same or extended upon the assessor's books.

Notwithstanding any other provision of this section, however, no language herein shall be construed to exempt from taxation any property owned by, or held in trust for, educational, literary, scientific, religious or other charitable corporations or organizations, unless such property is used primarily and immediately for the purposes of such corporations or organizations.

Sec. 10. Failure to List Property, etc.; Collection of Penalties and Forfeitures.—If any person, firm or corporation, including public service corporations whose duty it is by law to list any real estate or personal property for taxation, shall refuse to furnish a proper list thereof or refuse to list within the time required by law, or to make such oath as required by this chapter; or if any person, firm or corporation, including public service corporations, shall refuse to answer or shall answer falsely any question asked by the assessor or by the tax commissioner, or shall fail or refuse to deliver any statement required by law, he or it shall forfeit not less than twenty-five nor
more than one hundred dollars, and shall be denied all
remedy provided by law for the correction of any assess-
ment made by the assessor or by the board of public
works. If any person, firm or corporation, including public
service corporations, required by law to make return of
property for taxation, whether such return is to be made
to the assessor, the board of public works, or any other
assessing officer or body, fails to return a true list of all
property which should be assessed in this state, including
notes, bonds, bills and accounts receivable, stocks and any
other intangible personal property, such person, firm or
corporation, in addition to all other penalties provided by
law, shall forfeit two per cent of the value of the property
not yet returned and not otherwise taxed in this state.
A forfeiture as to all property aforesaid may be enforced
for any such default occurring in any year not exceeding
five years immediately prior to the time the same is dis-
covered, but no liability to penalty or forfeiture as to
notes, bonds, bills and accounts receivable, stocks and
other intangible personal property arising prior to the
first day of January, one thousand nine hundred thirty-
three, shall be enforceable on behalf of the state or of any
of its subdivisions. Each failure to make a true return as
herein required shall constitute a separate offense, and a
forfeiture shall apply to each of them, but all such for-
feitures, to which the same person, firm or corporation
is liable, shall be enforced in one proceeding against such
person, firm or corporation, or against the estate of any
deceased person and shall not exceed ten per cent of the
value of the property not returned. The state tax com-
missioner shall collect such forfeitures without suit, but
if unable so to do, shall instruct the prosecuting attorney
of the county in which the defaulting taxpayer resides
or has its principal office, or in which such property
should have been returned for taxation, to enforce col-
lection. It shall thereupon be the duty of such prosecuting
attorney to institute and prosecute proceedings in the
name of the state of West Virginia against the defaulting
taxpayer, or, in case of a decedent, against his personal
representative, in the circuit court upon motion, whereof
the defendant shall have at least twenty days' notice.
Either party shall have the right to have the issue tried by jury, and the state, as well as the defendant, shall have the right to an appeal. Ten per cent of the amount collected and an attorney's fee of ten dollars to be taxed as a part of the cost shall be collected and paid over by the prosecuting attorney to the sheriff of the county and by him credited to the general county fund. No special counsel shall be employed to institute or conduct such suits. Any prosecuting attorney failing or refusing to perform the duties required of him by this section, shall forfeit the sum of one hundred dollars to be recovered against him by the state tax commissioner in the name of the state of West Virginia upon twenty days' notice by motion in any court having jurisdiction. The amount collected in any such suit after deducting ten per cent as aforesaid, or the entire sum if collected by the tax commissioner without suit, shall be paid over to the sheriff of the proper county and his receipt taken therefor. The sheriff shall apportion such fund among the state, county, district, school district, and municipalities which would have been entitled to the taxes upon such property if it had been assessed, in proportion to the rates of taxation for each such levying unit for the year in which the judgment was obtained bears to the sum of rates for all. When the list of property returned by the appraisers of the estate of any deceased person shows an amount greater than the last assessment list of such deceased person next preceding the appraisal of his estate, it shall be prima facie evidence that such deceased person returned an imperfect list of his property: Provided, however, That any person liable for the tax or his personal representative, may always be permitted to prove by competent evidence that the discrepancy between such assessment list and the appraisal of the estate is caused by a difference of valuation returned by the assessor and that made by the appraisers of the same property or by property acquired after assessment, or that any property enumerated in the appraisers' list had been otherwise listed for taxation, or that it was not liable for taxation. Any judgment recovered under this section shall be a lien, from the time of the service of the notice, upon all real
estate and personal property of such defaulting taxpayer, owned at the time or subsequently acquired, in preference to any other lien.

tarily offered for sale on such terms as are usually em-
ployed in selling such property, and not the price which
might be realized at a forced or auction sale; and said
corporation has not, to my knowledge, during the sixty-
day period immediately prior to the first day of the
assessment year converted any of its assets into non-
taxable securities or notes or other evidence of indebted-

10 a written report as of the first day of the assessment year,
11 to the assessor, verified by his affidavit, showing the fol-
12 lowing matters and things, viz: (a) The amount, the true
13 and actual value and classification of all tangible personal
14 property used in connection with such trade or business,
15 otherwise than such as is regularly kept for sale therein,
16 including chattels real; (b) the true and actual value and
17 classification of all goods and property kept for sale and
18 remaining unsold; (c) the amount in value of all credits
19 arising out of any such business and remaining unpaid
20 on that date, whether due or not, and whether in or out
21 of the state; (d) the amount and true and actual value
22 of all notes, bonds, bills, accounts receivable, stocks and

place of business of such individual or firm is; if the
assessor is not satisfied with the correctness of such re-
port, he may proceed to ascertain a correct list of the
property on which such individual or firm is liable to be
assessed with taxes, and to value the same as in other
cases; the person making such report shall take and sub-
scribe an oath in substantially the following form:

I, ........................................, do solemnly swear (or affirm)
that the foregoing list is true and correct to the best of
my knowledge; that the value affixed to the property
therein listed I believe to be the true and actual value
thereof; that none of the assets belonging to (here state
the name of individual or firm) and used in the business
of (here describe the business) have to my knowledge,
since the first day of the assessment year, been converted
into nontaxable securities for the purpose of evading the
assessment of taxes thereon; so help me, God.

of such officers for such copy. Before delivering any of
such copies the assessor shall make and subscribe the
following oath at the foot of each of them: I, __________,
asessor of the County of ____________, do solemnly
swear, (or affirm) that in making the foregoing assess-
ment I have to the best of my knowledge and ability

Assessor.

The officer administering the foregoing oath shall ap-
pend thereto a certificate in substantially the following
form:

ginia, by ______________, assessor for said
county, this the __________ day of ______________, 19__

Sec. 24. Review and Equalization by County Court.—
The county court shall annually, not later than the first
day of February, meet for the purpose of reviewing and
equalizing the assessment made by the assessor. It shall
not adjourn for longer than three days at a time until
this work is completed, and shall not remain in session
for a longer period than twenty-eight days. At the first
meeting, the assessor shall submit the property books for
the current year, which shall be complete in every partic-
ular, except that the levies shall not be extended. The
assessor and his assistants shall attend and render every
assistance possible in connection with the value of prop-
erty assessed by them. The court shall proceed to examine
and review the property books, and shall add on the books
the names of persons, the value of personal property and
the description and value of real estate liable to assess-
ment which was omitted by the assessor. They shall cor-
correct all errors in the names of persons, in the description
and valuation of property, and they shall cause to be
done whatever else may be necessary to make the valua-
tion comply with the provisions of this chapter. But in
no case shall any question of classification or taxability
be considered or reviewed. If the court determine that
any property or interest is assessed at more or less than
its true and actual value, it shall fix it at the true and
actual value. But no assessment shall be increased with-
out giving the property owner at least five days' notice
in writing, and signed by the president of the court, of
the intention to make the increase. Service upon the
property owner shall be sufficient, or upon his agent or
attorney in person, or if sent by registered mail to such
property owner, his agent, or attorney, at the last known
place of abode. If he be not found and have no known
place of abode, then notice shall be given by publication
once in some newspaper published in the county, at least
five days prior to the increase. When it is desired to in-
crease the entire valuation in any one district by a gen-
eral increase, notice shall be given by publication in two
newspapers published in the county, once each week for
two consecutive weeks, and completed at least five
days prior to the increase in valuation. When an in-
crease is made, the same valuation shall not again be
changed unless notice is again given as heretofore pro-
vided.

The clerk of the county court shall publish notice once
each week for three successive weeks before the meeting
of the county court in two newspapers of general circula-
tion published in the county, of opposite politics, if there
be any; if there be no newspaper published in the county,
notice shall be published in some newspaper of general
circulation. The notice shall state briefly the time, place
and general purpose of the meeting. The expense of
publication shall be paid out of the county treasury.

If any person fails to apply for relief at this meeting,
he shall have waived his right to ask for correction in
his assessment list for the current year, and shall not
thereafter be permitted to question the correctness of
his list as finally fixed by the county court, except on
appeal to the circuit court. After the county court com-
pletes the review and equalization of the property books,
a majority of the court shall sign a statement that it is
the completed assessment of the county for the year;
then the property books shall be delivered to the assessor
and the levies extended as provided by law.

Sec. 24-a. Protest to Assessor; Appeal to Circuit Court.—
At any time after property is returned for taxation and
up to and including the time the property books are be-
fore the county court for equalization and review, any
taxpayer may apply to the assessor for information re-
garding the classification and taxability of his property.
In case the taxpayer is dissatisfied with the classification
of property assessed to him or believes that such property
is exempt or otherwise not subject to taxation, he shall
file his objections in writing with the assessor. The as-
sessor shall decide the question by either sustaining the
protest and making proper corrections, or by stating, in
writing if requested, the reasons for his refusal. The as-
sessor may, and if the taxpayer requests, the assessor
shall, certify the question to the state tax commissioner
in a statement sworn to by both parties, or if the parties
are unable to agree, in separate sworn statements, giving
a full description of the property and any other informa-
tion which the tax commissioner may require.

The tax commissioner shall, as soon as possible on
receipt of the question, but in no case later than February
twenty-eighth of the assessment year, instruct the assessor
as to how the property shall be treated. The instructions
24 issued and forwarded by mail to the assessor shall be
25 binding upon him, but either the assessor or the tax-
26 payer may apply to the circuit court of the county for the
27 review of the question of classification and taxability in
28 the same fashion as is provided for appeals from the coun-
29 ty court in section twenty-five of this article. The tax
30 commissioner shall prescribe forms on which the afore-
31 said questions shall be certified and he shall have the
32 authority to pursue any inquiry and procure any informa-
33 tion which may be necessary for the disposition of the
34 issue.

Sec. 30. Exception.—Notwithstanding the provisions of
2 sections one, two, six, twelve, fifteen, nineteen, twenty-
3 four and twenty-four-a of this article, the provisions of
4 this article as of January first, one thousand nine hundred
5 sixty-one, shall govern assessment generally for the as-

The return required by this section of every such owner or operator shall cover the year ending on the thirty-first day of December, next preceding, and shall be made on forms prescribed by the board of public works, which board is hereby invested with full power and authority and it is hereby made its duty to prescribe such forms as will require from any owner or operator herein mentioned such information as in the judgment of the board, may be of use to it in determining the true and actual value of the properties of such owners or operators.

Sec. 9. Compelling Such Return; Procuring Information and Tentative Assessment by Tax Commissioner.—If any owner or operator fail to make such return within the time required by section one of this article, it shall be the duty of the tax commissioner to take such steps as may be necessary to compel such compliance, and to enforce any and all penalties imposed by law for such failure. The return delivered to the tax commissioner shall be examined by him, and if it be found insufficient in form or in any respect defective, imperfect or not in compliance with law, he shall compel the person required to make it to do so in proper and sufficient form, and in all respects as required by law. If any such owner or operator fail to make such return, the tax commissioner shall proceed, in such manner as to him may seem best, to obtain the facts and information required to be furnished by such returns; and to this end the tax commissioner may send for persons and papers, and may compel the attendance of any person and the production of any
paper necessary, in the opinion of said tax commissioner, to enable him to obtain the information required for the proper discharge of his duties under this section. The tax commissioner shall arrange, collate and tabulate such returns and all pertinent information and data contained therein, such further evidence or information as may be required by the tax commissioner of such owner or operator, and all other pertinent evidence, information and data he has been able to procure, upon suitable work sheets, so that they may be conveniently considered, and shall on or before the fifteenth day of September, lay such returns and work sheets, together with his recommendations in the form of a tentative assessment of the property of each such owner or operator, before the board of public works. And as soon as the tax commissioner has completed the preparation of such work sheets and tentative assessments, he shall notify the owner or operator affected thereby of the amount of such tentative assessment by written notice deposited in the United States post office, addressed to such owner or operator at the principal office or place of business of such owner or operator, and the tax commissioner shall retain in his office true copies of such work sheets which shall be available for inspection by any such owner or operator or his duly authorized representative.

or operator, such further evidence or information as may be required by the board of such owner or operator, and any other pertinent evidence, information and data, at a regular meeting of the board held for such purpose at least fifteen days after giving the notice required by section nine of this article. Nothing in this chapter contained shall be construed to require the assessment by the board of public works of any part of a railroad, telegraph, telephone or pipe line until such part is so far completed as to be fit for use. But material held by any railroad, telegraph, telephone or pipe line company shall be returned to the board of public works for assessment as personal property. As soon as such assessment is made, the secretary of the board shall notify the owner or operator affected thereby of the amount thereof by written notice deposited in the United States post office, addressed to such owner or operator at the principal office or place of business of such owner or operator. Such assessment and valuation shall be final and conclusive, unless the same be appealed from in the manner following, within fifteen days after such notice is so deposited.

Sec. 18. Payment of Assessment by Owner or Operator. —The auditor shall, as soon as possible after such assessment is completed, make out and transmit by mail or otherwise, to such owner or operator, a statement of all taxes and levies so charged, and it shall be the duty of such owner or operator, so assessed and charged, to pay one half of the amount of such taxes and levies into the treasury of the state by the first day of September and the remaining one half by the first day of the following
March, subject to a deduction of two and one-half per centum if the taxes be paid on or before the date due. If such owner or operator fail to pay such taxes and levies when due, interest thereon at the rate of nine per centum per annum until paid shall be added, and the auditor shall certify, after the date the second installment is due, to the sheriff of each county, the amount of such taxes and levies assessed within his county; and it shall be the duty of every sheriff to collect and account for such taxes and levies in the same manner as other taxes are levied or collected and accounted for by him. The payment of such taxes and levies by any such owner or operator shall not prejudice or affect the right of such owner or operator to obtain relief against the assessment or valuation of its property in proceedings now pending or hereafter brought under the provisions of section twelve of this article, or in any suit, action or proceeding in which such relief may be obtainable; and if under the provisions of said section twelve or in any suit, action or proceeding, it be ascertained that the assessment or valuation of the property of such owner or operator is too high and the same is accordingly corrected, it shall be the duty of the auditor of the state to issue to the owner or operator a certificate showing the amount of taxes and levies which have been overpaid, and such certificate shall be receivable thereafter for the amount of such overpayment in payment of any taxes and levies assessed against the property of such owner or operator, its successors or assigns. It shall likewise be the duty of said auditor to certify to the county court, school districts and municipalities, the amounts of the respective overpayments distributable to such counties, school districts and municipalities. All moneys received by the auditor under the provisions of this section shall be transmitted to the several counties within twenty days from receipt thereof.

Sec. 22. Certification by Auditor of Amount Chargeable to Sheriff from Levies against Public Service Corporations; Payment of Amount Due Municipality.—The auditor shall certify to the county court and the county superintendent of schools of every such county, on or before the first day of February in each year, the respective
amounts with which the sheriff thereof is chargeable on
table of the various levies upon the property of such
owner or operator. The amount so paid in for each mu-
unicipal corporation shall, as soon as received by the au-
tor, be paid over to the sheriff, or the treasurer of such
municipal corporation, or to such other officer of the
municipality as the council may designate, and the auditor
shall report such payment to the council. But the failure
of the clerk of any county court, or the secretary of any
board of education, or the proper officer of any municipal
corporation, to certify the levies to the auditor within
the time herein prescribed shall not invalidate or prevent
the assessment required by this article, but the auditor
shall make the assessment and proceed to collect or cer-
tify the same to the sheriff as soon as practicable after
he shall have obtained the information necessary to make
such assessment.

Sec. 23. Lien of Taxes; Notice of; Collection by Suit.—
The amount of taxes and levies assessed under this article
shall constitute a debt due the state or county, district
or municipal corporation entitled thereto, and shall be
a lien on all of the property and assets of the taxpayer
within the state. The lien shall attach as of the thirty-first
day of December following the commencement of the as-
sessment year, and shall be prior to all other liens and
charges. The auditor shall, between the first and fifteenth
day of May of each year, prepare a list of the taxpayers de-
linquent in the payment of such taxes and levies, setting
forth their respective addresses and the amount of state,
county, district and municipal taxes due from each, which
said list shall be certified by the auditor to the board of
public works and filed in the office of the secretary of
state. The secretary of state shall preserve the list in his
office, and a certificate from him that any taxpayer men-
tioned in such list is delinquent in the amount of taxes
assessed under this article shall be prima facie evidence
thereof. Within ten days after the filing of such list, the
secretary of state shall give written notice of such de-
linquency by registered mail to each of such delinquent
taxpayers at his, or its, last known postoffice address;
and upon the failure of any such delinquent taxpayer to
pay said taxes within thirty days from mailing of such notice, it shall be the duty of the attorney general to enforce the collection of such taxes and levies, and for that purpose he may distraint upon any personal property of such delinquent taxpayer, or a sufficient amount there- of to satisfy said taxes, including accrued interest, penalties and costs.

The attorney general may also enforce the lien created by this section on the real estate of such delinquent taxpayer by instituting a suit, or suits, in equity in the circuit court of Kanawha county, in the name of the state, in which such delinquent taxpayers shall be made defendants. In the bill filed in any such suit it shall be sufficient to allege that the defendant or defendants have failed to pay the taxes hereunder and that each of them justly owes the amount of property taxes, levies and penalties stated therein, which amount shall be computed up to the first day of the month in which the bill was filed. No such defendant shall plead that the secretary of state failed to give notice as prescribed by this section. If, upon the hearing of such suit, it shall appear to the court that any defendant has failed to pay such taxes and accrued penalties, the court shall enter a decree against such defendant for the amount due, and if the decree be not paid within ten days after made, the court shall enter a decree directing a sale of the real estate subject to said lien, or so much thereof as may be neces- sary to satisfy said taxes, including interest, penalties and costs. When two or more taxpayers are included in one suit, the court shall apportion the cost thereof among them as it may deem just.

Sec. 25. Exception.—Notwithstanding the provisions of sections one, nine, eleven, eighteen, twenty-two and twenty-three of this article, the provisions of this article as of January first, one thousand nine hundred sixty-one, shall govern the assessment of public service corporations for the assessment year beginning December thirty-first, one thousand nine hundred sixty.

prosecuting attorney, by the tax commissioner or his representative, or by any taxpayer of the county, to the estimate and proposed levy or to any item thereof. The court shall enter of record any objections so made and the reasons and grounds therefor.

The failure of any officer or taxpayer to offer objections shall not preclude him from pursuing any legal remedy necessary to correct any levy made by any fiscal body under this article.

The court, after hearing objections, shall reconsider the proposed original estimate and proposed rates of levy, and if the objections are well taken, shall correct the estimate and levy. No such estimate and levy, however, shall be entered until the same shall have first been approved, in writing, by the tax commissioner. When the same shall have been approved by the tax commissioner, the clerk shall then enter the estimate and levy, together with the order of the court approving them and the written approval of the tax commissioner thereof, in the proper record book.

Article

1. Accrual and Collection of Taxes.
2. Delinquency and Methods of Enforcing Payment.

Section 2. Lien for Real Property Taxes.—There shall be a lien on all real property for the taxes assessed thereon, and for the interest and other charges upon such taxes, at the rate and for the period provided by law, which lien shall attach on the first day of July, one thousand nine hundred sixty-one, and each July first thereafter for the taxes payable for the ensuing fiscal year.

Sec. 3. Accrual; Time for Payment; Interest on Delinquent Taxes.—All current taxes assessed on real and personal property may be paid in two installments. The first installment shall be payable on September first of the year for which the assessment is made, and shall become delinquent on October first; the second installment shall be payable on the first day of the following March and shall become delinquent on April first. Taxes paid on or before the date when they are payable, including both first and second installments, shall be subject to a discount of two and one-half per cent. If taxes are not paid on or before the date on which they become delinquent, including both first and second installments, interest at the rate of nine per cent per annum shall be added from the date they become delinquent until paid.

Sec. 6. When Collection to Commence.—The sheriff shall commence collection of current taxes on the fifteenth day of July, or as soon thereafter as he receives copies of the land and personal property books.

purpose of receiving taxes due by the people residing
or paying taxes in such district. The notice shall also
state that those who pay the first installment of their
taxes on or before September first will be entitled to a
discount of two and one-half per cent. Like notice may
be given that between January fifteenth and February
twenty-eighth he will again appear in each district for
the collection of taxes, and that those who pay their
second installment on or before March first will be en-
titled to the same discount. Failure of the sheriff to post
such lists shall not impair the right of the state to collect
such taxes.

The county court of any county may order that the
above notice shall also be given by advertisement. Such
an order, once entered, shall continue in effect until
rescinded by the county court. Upon entry of such order,
the sheriff shall, besides posting as required above, insert
the proper notice in two newspapers of opposite politics,
if such there be in the county, once a week for two
successive weeks next preceding the fifteenth day of July
or the fifteenth day of January as the case may be. For
every failure so to advertise, the sheriff shall forfeit one

Sec. 10-a. Notice of Delinquency.—On or after April first of each year, the sheriff may prepare and insert twice in two newspapers of opposite politics, if such there be published in the county, a notice stating in effect that the taxes assessed for the previous year have become delinquent, and that unless paid by April thirtieth will be included for publication in the forthcoming delinquent lists. Of the costs of publishing this notice, the county court shall pay an amount not to exceed the regular commercial rate for a display advertisement of twelve column inches.

Sec. 11. Delinquent Lists; Oath.—The sheriff, after ascertaining which of the taxes assessed in his county are delinquent, shall, on or before the first day of May next succeeding the year for which the taxes were assessed, prepare the following delinquent lists, arranged by districts and alphabetically by name of the person charged, and showing in respect to each the amount of taxes remaining delinquent on April thirtieth: (1) A list of property in the land book improperly entered or not ascertainable. At the same time a copy of each list shall be printed once in two newspapers of opposite politics, if such there be in the county, and the costs of printing, not to exceed twenty-five cents per item for each insertion in each newspaper, shall be paid out of the county treasury; but in such publication, only the aggregate amount of the taxes owed by each person need be published. To cover the costs of preparing, publishing and posting the delinquent lists, a charge of one dollar shall be added to the taxes and interest already due on each item listed.

Any person, whose taxes were delinquent on May first, may have his name removed from the delinquent lists prior to the time the same is delivered to the newspapers for publication, by paying to the sheriff the full amount of the taxes and costs owed by such person at the date of such redemption. The sheriff shall collect a charge of only fifty cents if redemption is made before the list is delivered for publication. Costs collected by the sheriff hereunder which are not expended for publication shall be paid into the general county fund.

Sec. 14. Correction of Delinquent Lists by County Court; Certification to Auditor; Recordation.—The sheriff shall on or before June fifteenth present the delinquent lists to the county court for examination. The court having become satisfied that the lists are correct, or having corrected them if erroneous, shall direct the clerk of the court to certify a copy of each list to the auditor.

He shall also post a copy of such list and notice at the front door of the courthouse at least four weeks before the sale. If there is no newspaper published in the county, or if no such newspaper will publish the list and notice for the compensation provided by law, then the sheriff shall also post a copy of the notice, but not of the delinquent list, at some public place in each magisterial district at least twenty days before the sale. In such case, the notice shall also state that the delinquent list has been posted at the front door of the courthouse.

To cover the costs of preparing, publishing and posting the delinquent list, a charge of two dollars and fifty cents shall be added to the taxes, interest and charges already due on each item listed. The sum of the taxes, interest to the date of sale, and other charges shall be stated in the list as the total amount due.

Any person, whose taxes were delinquent on September first, may have his name removed from the delinquent list prior to the time the same is delivered to the newspaper or newspapers for publication by paying to the

therein, or so much of any unredeemed tract or part
thereof as may be necessary, shall be sold by the sheriff
at public auction, between the hours of ten in the morn-
ing and four in the afternoon on the third Monday in
October, for the total amount of taxes, interest and
charges then due. If the sale is not completed on that day,
it shall be continued from day to day between the same
hours until all the land has been disposed of.

Sec. 5. Suspension from Sale.—Whenever it shall ap-
pear to the sheriff that any real estate included in the
list has been sold previously for taxes and not redeemed,
or ought not to be sold for the amount stated therein, he
shall suspend the sale thereof and report his reasons
therefor to the county court. If the court finds that the
real estate ought not to be sold, it shall so order; but if
the court finds that the real estate ought to be sold for
the amount stated, or for a greater or less amount, it shall
order the sheriff to include such real estate in his next
September list, unless sooner redeemed.

Sec. 14. Auditor to Report Redemptions to County
Officers; Disposition of Redemption Money; Credit of
State Taxes to Proper Fund.—The auditor shall report
monthly to the sheriff, the assessor and the clerk of the
county court of each county all land in such county which
was redeemed in his office during the preceding month.
The assessor shall enter the fact of such redemption in
the land book in his office. The clerk shall file and index
the report in a separate volume provided for the purpose.
Between August fifteenth and August thirty-first of
each year, the auditor shall report to the sheriff of each
county for inclusion in his next September delinquent
list all tracts of land redeemed from the auditor, which
after purchase by the state have been reported to him by
the sheriff as suspended from sale, if the taxes for the year
or years of suspension were not collected by the auditor.
The sheriff shall be charged with such taxes and shall ac-
count for them as is required in the case of current taxes.
Instead of making this report, the auditor may collect the
taxes due for the year or years of suspension. Upon
collection thereof he shall issue a second certificate of
redemption, and such certificate shall be a release of the
state's lien for such taxes.
The auditor shall each month draw his warrant upon
the treasury, payable to the sheriff of each county, for
that part of the taxes, interest and charges received by
him upon the redemption of the property included in his
report, which was owing to any of the taxing units in
such county. The sheriff shall account for and pay over
such money as if it had been paid to him for redemption
before sale.
Upon collection of delinquent taxes due the state, the
auditor shall credit them to the proper fund.

Sec. 44. Exception.—Notwithstanding the provisions of
sections two, four, five and fourteen of this article, the
provisions of this article as of January first, one thousand
nine hundred sixty-one, shall govern the sale of land for
taxes levied upon assessed values as of January first, one
thousand nine hundred sixty-one, or prior years.

Section
9. Auditor to certify list of lands to be sold; lands heretofore certified
made irredeemable and subject to transfer or sale.

Section 9. Auditor to Certify List of Lands to Be Sold;
Lands Heretofore Certified Made Irredeemable and Sub-
ject to Transfer or Sale.—On or after the first day of
May and on or before the first day of October of each
year, the auditor shall certify to the circuit court of each
county a list of all lands in the county subject to sale
under this article, except that forfeited, escheated, or
waste and unappropriated lands may be certified by the
auditor at any time after they are brought to his atten-
tion. He shall note the fact of certification on the land record in his office. Upon completion of a list for certification, a charge of one dollar shall be added to the taxes, interest and charges already due on each item listed, to cover the costs incurred by the auditor in the preparation of the list, and in the event of sale or redemption, the same shall be collected and paid into the operating fund provided for in this article.

Escheated lands and waste and unappropriated lands shall be listed separately. The list shall be arranged by districts and, except in the case of waste and unappropriated lands, alphabetically by name of the former owner. The list shall state as to each item listed the information required by section six of this article to be set forth in the land record in the auditor's office, and shall specify as to each tract listed as forfeited or delinquent the amount of taxes and interest due or chargeable thereon on the date of certification, the publication and other charges due, with interest, and the total currently due. The specification of taxes due or chargeable shall as to delinquent land commence with those for nonpayment of which it was sold, and as to forfeited land with those properly chargeable to it for the first year of nonentry.

All items certified to each circuit court shall be numbered consecutively, and all subsequent orders, entries, applications or proceedings under this article in respect to any item shall refer to its number and to the year of certification. All tracts, lots, or parcels sold to the state as a unit may be treated by the auditor as a single item for purposes of certification. Subject to the provisions of this section, the auditor shall prescribe a form for the list and shall provide in such form adequate space to show the subsequent history and final disposition of each item certified.

The list shall be made in quadruplicate. The auditor shall keep the original and shall send one copy to the clerk of the circuit court, one to the clerk of the county court, and one to the deputy commissioner. The clerk of the circuit court and the clerk of the county court shall each bind his copy in a permanent book to be labeled
“Report of State Commissioner of Forfeited and Delinquent Lands”, and the clerk of the county court shall note the fact of the certification of each item on his record of delinquent lands. Such copies shall become permanent records, and shall be preserved as such in the offices of the auditor, the county clerk and the circuit clerk.

All forfeited or delinquent lands heretofore certified by the auditor to the circuit courts under the provisions of former law may be redeemed at any time on or before the thirtieth day of June, one thousand nine hundred forty-seven, by paying to the sheriff upon order of the deputy commissioner the amount required for redemption under the provisions of chapter one hundred forty, acts of the Legislature, regular session, one thousand nine hundred forty-five, and for this purpose, and no other, such provisions in respect to redemption shall remain in full force and effect until the thirtieth day of June, one thousand nine hundred forty-seven. Thereafter, the deputy commissioner shall allow no further redemptions, and all such delinquent land shall, on the first day of May, become irredeemable and subject to transfer or sale under the provisions of sections three and four, article thirteen of the constitution. Thereafter, the deputy commissioner shall proceed as provided in this article to institute suits for the sale of lands heretofore certified by the auditor which are subject to sale under the provisions hereof.

21. False or fraudulent claim for refund; penalty.

Section 20-a. Partial Refund of Tax on Gasoline Used
by Buses.—Any person who shall buy in quantities of
twenty-five gallons or more, at any one time, gasoline as defined by this article, for use in any vehicle or vehicles regularly operated by such person under a certificate of public convenience and necessity or under a contract carrier permit for transportation of persons, may, if the gasoline tax imposed by this article shall have previously been paid upon such gasoline, be refunded an amount equal to three cents per gallon for each gallon of gasoline upon which tax has been paid, upon presenting to the tax commissioner an affidavit accompanied by proof of such purchases as required in section twenty and in the manner and subject to the requirements as therein set forth. The right to a refund under this section shall not be assignable, and any assignment so made shall be void.

within or without this state and upon which gasoline the

tax imposed by the laws of this state has been paid: Pro-
vided, however, That such credit shall not be allowed for
any gasoline taxes for which any person, firm or corpor-
ation has applied, or received, a refund of gasoline taxes
under sections nineteen and twenty of article fourteen of
this chapter. Evidence of the payment of such tax in such
form as may be required by the commissioner shall be
furnished by each motor carrier claiming the credit herein
allowed. When the amount of the credit herein provided
exceeds the amount of the tax for which the carrier is

tax for which the carrier would be otherwise liable for
any of the four succeeding quarters. The commissioner is,
under regulations to be established by him, hereby au-

visions of this article the amount of the credit, if the motor
carrier by duly filed petition requests the commissioner
to do so and the commissioner is satisfied that said motor
carrier is entitled to said refund and that said motor car-
rrier has not applied for a refund of the tax imposed by
article fourteen of this chapter: Provided, however, That
such refund shall not be made until after audit of the
applicant's records by the commissioner or upon the post-

amount fixed by the commissioner conditioned to pay all
road taxes due hereunder: Provided further, That said
credit or refund shall in no case be allowed to reduce the
amount of tax to be paid by a motor carrier below the
amount due as tax on gasoline used in this state as pro-
vided by article fourteen of this chapter. If the commis-
sioner shall refuse to allow a refund or credit in the
amount claimed by the applicant, the applicant may re-
quest a hearing on said application. Such hearing shall
be held within a reasonable time after such request is
made and after notice to the applicant of not less than
ten days.

The hearing shall be informal and may be conducted by
an examiner designated by the tax commissioner. At such
hearing evidence may be offered in support of the claim
of credit or refund or to prove that such claim is incorrect. After such hearing the tax commissioner shall, within a reasonable time, give notice in writing of the decision. Unless an appeal is taken within thirty days from the service of this notice, the tax commissioner's decision shall be final.

An appeal may be taken by the taxpayer to the circuit court of Kanawha county, within thirty days after he shall have received notice from the tax commissioner of his determination as provided in this section.

The court shall hear the appeal, and determine anew all questions submitted to it on appeal from the determination of the tax commissioner. The court shall render its decree thereon and a certified copy of said decree shall be filed by the clerk of said court with the tax commissioner who shall then correct his decision accordingly and allow the credit or refund as decreed by said court.

An appeal may be taken by the taxpayer or the tax commissioner to the supreme court of appeals of this state.

(2) Interest or dividend income on obligations or securities of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax; and

(4) Interest on indebtedness incurred or continued to purchase or carry obligations or securities the income from which is exempt from tax under this article, to the extent deductible in determining federal adjusted gross income.

(c) Modifications Reducing Federal Adjusted Gross Income.—There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of the United States and its possessions to the extent includible in gross income for federal income tax purposes;

(2) Interest or dividend income on obligations or securities of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income taxes under the laws of the United States;

(3) Any gain from the sale or other disposition of property having a higher fair market value on the first day of January, one thousand nine hundred sixty-one, than the adjusted basis at said date for federal income tax purposes: Provided, however, That the amount of this adjustment is limited to that portion of any such gain which does not exceed the difference between such fair market value and such adjusted basis: Provided further, That if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain; and
(4) The amount of any refund or credit for overpay-
ment of income taxes imposed by this state, or any other
taxing jurisdiction, to the extent properly included in
gross income for federal income tax purposes.

(d) Modification for West Virginia Fiduciary Adjust-
ment.—There shall be added to or subtracted from federal
adjusted gross income (as the case may be) the taxpay-
er's share, as beneficiary of an estate or trust, of the West
Virginia fiduciary adjustment determined under section
nineteen.

(e) Partners.—The amounts of modifications required
to be made under this section by a partner, which relate
to items of income, gain, loss or deduction of a partner-
ship, shall be determined under section seventeen.

(f) Husband and Wife.—If husband and wife deter-
mine their federal income tax on a joint return but de-
terminate their West Virginia income taxes separately,
they shall determine their West Virginia adjusted gross
incomes separately as if their federal adjusted gross in-
comes had been determined separately.

Sec. 13. West Virginia Deduction of a Resident Indi-
vidual.—The West Virginia deduction of a resident indi-
vidual shall be his West Virginia standard deduction un-
less he elects to deduct his West Virginia itemized deduc-
tion under the conditions set forth in section fifteen.

Sec. 14. West Virginia Standard Deduction of a Resi-
dent Individual.—(a) General.—The West Virginia stand-
ar standard deduction of a resident individual, or of husband and
wife whose West Virginia taxable income is determined
jointly, shall be ten per centum of West Virginia adjusted
gross income or one thousand dollars, whichever is less.

(b) Husband and Wife Determining Income Sepa-
rately.—The West Virginia standard deductions of hus-
bond and wife whose West Virginia taxable incomes are
determined separately (whether or not on a single form)
shall not exceed ten per centum of the aggregate of their
separate West Virginia adjusted gross incomes or one
thousand dollars, whichever is less, but may be taken by
either or divided between them in such proportions as
they may elect.
Sec. 15. West Virginia Itemized Deduction of a Resident Individual.—(a) General.—If federal taxable income of a resident individual is determined by itemizing deductions from his federal adjusted gross income, he may elect to deduct his West Virginia itemized deduction in lieu of his West Virginia standard deduction. The West Virginia itemized deduction of a resident individual means the total amount of his deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the laws of the United States for the taxable year with the modifications specified in this section.

(b) Husband and Wife.—(1) A husband and wife, both of whom are required to file returns under this article, shall be allowed West Virginia itemized deductions only if both elect to take West Virginia itemized deductions.

(2) The total of the West Virginia itemized deductions of a husband and wife whose federal taxable income is determined on a joint return, but whose West Virginia taxable incomes are determined separately, may be taken by either or divided between them in such proportions as they may elect.

(c) Modifications Reducing Federal Itemized Deductions.—The total amount of deductions from federal adjusted gross income shall be reduced by the amount of such federal deductions for:

(1) Income taxes imposed by this state or any other taxing jurisdiction; and

(2) Interest on indebtedness incurred or continued to purchase or carry obligations or securities the income from which is exempt from tax under this article.

(d) Partners.—The amounts of modifications under subsection (c) required to be made by a partner with respect to items of deduction of a partnership shall be determined under section seventeen.

Sec. 16. West Virginia Personal Exemptions of a Resident Individual.—(a) General.—A resident individual shall be allowed a West Virginia exemption of six hun-
(b) Husband and Wife.—If the West Virginia income
taxes of a husband and wife are separately determined
but their federal income tax is determined on a joint re-
turn, each of them shall be separately entitled to a West
Virginia exemption of six hundred dollars for each federal
exemption to which he would be separately entitled for
the taxable year if their federal income taxes had been
determined on separate returns.

Sec. 17. Resident Partners.—(a) Partner's Modifica-
tions.—In determining West Virginia adjusted gross in-
come and West Virginia taxable income of a resident
partner, any modification described in section twelve (b),
(c) or (d) or section fifteen (c), which relates to an item
of partnership income, gain, loss or deduction shall be
made in accordance with the partner's distributive share,
for federal income tax purposes, of the items to which the
modifications relate. Where a partner's distributive share
of any such item is not required to be taken into account
separately for federal income tax purposes, the partners
distributive share of such item shall be his distributive
share for federal income tax purposes of partnership taxa-
ble income or loss generally.

(b) Character of Items.—Each item of partnership in-
come, gain, loss, or deduction shall have the same charac-
ter for a partner under this article as for federal income
tax purposes. Where an item is not characterized for fed-
eral income tax purposes, it shall have the same character
for a partner as if realized directly from the source from
which realized by the partnership, or incurred in the same
manner as incurred by the partnership.

(c) West Virginia Tax Avoidance or Evasion.—Where
a partner's distributive share of an item of partnership
income, gain, loss or deduction is determined for federal
income tax purposes by special provision in the partner-
ship agreement with respect to such item, and where the
principal purpose of such provision is the avoidance or
evasion of tax under this article, the partner’s distributive
share of such item, and any modification required with
respect thereto shall be determined as if the partnership
agreement made no special provision with respect to such
item.

Sec. 18. West Virginia Taxable Income of a Resident
Estate or Trust.—The West Virginia taxable income of a
resident estate or trust means its federal taxable income
as defined in the laws of the United States for the taxable
year, with the following modifications:
(1) There shall be subtracted six hundred dollars as
the West Virginia exemption of the estate or trust, and
there shall be added the amount of its federal deduction
for a personal exemption.
(2) There shall be subtracted the modification de-
scribed in section twelve (c) (3), with respect to gains
from the sale or other disposition of property, to the ex-
tent such gains are excluded from distributable net in-
come of the estate or trust for federal income tax pur-
poses.
(3) There shall be added or subtracted (as the case may
be) the share of the estate or trust in the West Virginia
fiduciary adjustment determined under section nineteen.

Sec. 19. Share of Resident Estate, Trust or Beneficiary
in West Virginia Fiduciary Adjustment.—(a) General.—
An adjustment shall be made in determining West Vir-
ginia taxable income of a resident estate or trust under
section eighteen, or West Virginia adjusted gross income
of a resident beneficiary of any estate or trust under sec-
tion twelve (d), in the amount of the share of each in the
West Virginia fiduciary adjustment as determined in
this section.
(b) Definition.—The West Virginia fiduciary adjust-
ment shall be the net amount of the modifications de-
scribed in section twelve (b), (c) and (d), and section
fifteen (c) which relate to items of income, gain, loss or
deduction of an estate or trust. Such net amount shall not
include any modification described in section twelve (c)
(3), with respect to gains from the sale or other disposi-
17 tion of property, to the extent such gains are excluded
18 from distributable net income of the estate or trust for
19 federal income tax purposes.
20 (c) Shares of West Virginia Fiduciary Adjustment.—
21 (1) The respective shares of an estate or trust and its
22 beneficiaries (including, solely for the purpose of this
23 allocation, nonresident beneficiaries) in the West Vir-
24 ginia fiduciary adjustment shall be in proportion to their
25 respective shares of distributable net income of the
26 estate or trust for federal income tax purposes.
27 (2) If the distributable net income for the taxable
28 year of the estate or trust is zero, the share of each bene-
29 ficiary in the West Virginia fiduciary adjustment shall be
30 in proportion to his share of the estate or trust income for
31 such year, under local law or the governing instrument,
32 which is distributed within such year, or is required to
33 be distributed currently. Any balance of the West Vir-
34 ginia fiduciary adjustment shall be allocated to the estate
35 or trust.
36 (d) Alternate Attribution of Modifications.—The tax
37 commissioner may, on application, authorize the use of
38 such other methods of determining to whom the items
39 comprising the fiduciary adjustment shall be attributed,
40 as may be appropriate and equitable, on such terms and
41 conditions as he may require.

Sec. 20. Credit for Income Tax of Another State.—(a)
2 General.—A resident shall be allowed a credit against
3 the tax otherwise due under this article for any income
tax imposed for the taxable year by another state of the
4 United States or by the District of Columbia, upon income
5 both derived therefrom and subject to tax under this
6 article.
7 (b) Limitations.—(1) The credit under this section
8 shall not exceed the percentage of the tax otherwise due
9 under this article determined by dividing the portion of
10 the taxpayer's West Virginia income subject to taxation
11 by such other jurisdiction by the total amount of the
12 taxpayer's West Virginia income.
13 (2) The credit under this section shall not reduce the
tax otherwise due under this article to an amount less
than would have been due if the income subject to tax-
ation by such other jurisdiction were excluded from the
taxpayer's West Virginia income.

(c) Exception.—No credit shall be allowed under this
section for a tax of a jurisdiction which allows residents of
this state a credit against the taxes imposed by such other
jurisdiction for the tax under this article, if such other
credit is substantially similar to the credit granted by
section forty.

(d) Definition.—For purposes of this section West Vir-
ginia income means:

(1) The West Virginia adjusted gross income of an
individual, or

(2) The amount of the income of an estate or trust, de-
termined as if the estate or trust were an individual com-
puting his West Virginia adjusted gross income under
section twelve.

PART III. NONRESIDENTS

Sec. 31. West Virginia Taxable Income of a Nonresi-
dent Individual.—(a) General.—The West Virginia tax-
able income of a nonresident individual shall be his West
Virginia adjusted gross income less his West Virginia de-
duction and West Virginia personal exemptions, as de-
termined under this part.

(b) Husband and Wife.—(1) If the federal taxable
income of husband or wife, both of whom are non-
residents, is determined on a separate federal return,
their West Virginia taxable incomes shall be separately
determined.

(2) If the federal taxable income of husband and wife,
both of whom are nonresidents, is determined on a joint
federal return, or if neither files a federal return:

(A) Their tax shall be determined on their joint West
Virginia taxable income, or

(B) Separate taxes may be determined on their sep-
arate West Virginia taxable incomes if they so elect and if
they comply with the requirements of the tax commis-
ioner in setting forth information on a single form.
If either husband or wife is a resident and the other is a nonresident, separate taxes shall be determined on their separate West Virginia taxable incomes on such single or separate forms as may be required by the tax commissioner, unless both elect to determine their joint West Virginia taxable income as if both were residents.

Sec. 32. West Virginia Adjusted Gross Income of a Nonresident Individual.—(a) General.—The West Virginia adjusted gross income of a nonresident individual shall be the sum of the following:

1. The net amount of items of income, gain, loss and deduction entering into his federal adjusted gross income, as defined in the laws of the United States for the taxable year, derived from or connected with West Virginia sources, including:
   
   A. His distributive share of partnership income, gain, loss and deduction, determined under section thirty-seven, and
   
   B. His share of estate or trust income, gain, loss and deduction, determined under section thirty-nine; and

2. The portion of the modifications described in subsections (b) and (c) of section twelve which relate to income derived from West Virginia sources (including any modifications attributable to him as a partner).

(b) Income and Deductions from West Virginia Sources.—(1) Items of income, gain, loss and deduction derived from or connected with West Virginia sources shall be those items attributable to:

A. The ownership of any interest in real or tangible personal property in this state; or

B. A business, trade, profession or occupation carried on in this state.

2. Income from intangible personal property, including annuities, dividends, interest; and gains from the disposition of intangible personal property, shall constitute income derived from West Virginia sources only to the extent that such income is from property employed in a business, trade, profession, or occupation carried on in this state.
(3) Deductions with respect to capital losses, net long-term capital gains and net operating losses shall be based solely on income, gain, loss and deduction derived from or connected with West Virginia sources, under regulations of the tax commissioner, but otherwise shall be determined in the same manner as the corresponding federal deductions.

(c) Income and Deductions Partly from West Virginia Sources.—If a business, trade, profession or occupation is carried on partly within and partly without this state, as determined under regulations of the tax commissioner, the items of income, gain, loss and deduction derived from or connected with West Virginia sources shall be determined by apportionment and allocation under such regulation.

(d) Purchase and Sale for Own Account.—A nonresident, other than a dealer holding property primarily for sale to customers in the ordinary course of his trade or business, shall not be deemed to carry on a business, trade, profession or occupation in this state solely by reason of the purchase and sale of property for his own account.

(e) Husband and Wife.—If husband and wife determine their federal income tax on a joint return but determine their West Virginia income taxes separately, they shall determine their West Virginia adjusted gross incomes separately as if their federal adjusted gross incomes had been determined separately.

Sec. 33. West Virginia Deduction of a Nonresident Individual.—The West Virginia deduction of a nonresident individual shall be his West Virginia standard deduction unless he elects to deduct his West Virginia itemized deduction under the conditions set forth in section thirty-five.

Sec. 34. West Virginia Standard Deduction of a Nonresident Individual.—The West Virginia standard deduction of a nonresident individual shall be ten per centum of his West Virginia adjusted gross income, or one thousand dollars, whichever is less. The West Virginia standard deduction of a nonresident husband or wife shall be determined under the rules of section fourteen.
Sec. 35. West Virginia Itemized Deduction of a Non-resident Individual.—(a) General.—If federal taxable income of a nonresident individual is determined by itemizing deductions from his federal adjusted gross income, he may elect to deduct his West Virginia itemized deduction in lieu of his West Virginia standard deduction. The West Virginia itemized deduction of a nonresident individual shall be the same as the total amount of the following of his deductions from federal adjusted gross income, as provided in the laws of the United States for the taxable year (including any items attributable to him as a partner):

(1) Deductions for contributions or gifts to this state or to any political subdivision thereof, or to any corporation, trust, community chest, fund, foundation, or other entity organized or operated under the laws of this state;

(2) Deductions for alimony or separate maintenance payments includible in the West Virginia adjusted gross income of the recipient;

(3) Deductions for losses of real or tangible personal property having an actual situs in this state, arising from fire, storm, shipwreck or other casualty, or from theft;

(4) Deductions, with respect to real or tangible personal property having an actual situs in this state, for losses (other than capital losses) incurred in any transaction entered into for profit but not connected with the taxpayer’s trade or business; and

(5) Deductions determined under regulations of the tax commissioner to be connected with his West Virginia adjusted gross income, except deductions for income taxes imposed by this state or any other taxing jurisdiction.

(b) Husband and Wife.—(1) A husband and wife, both of whom are required to file returns under this article, shall be allowed West Virginia itemized deductions only if both elect to take West Virginia itemized deductions.

(2) The total of the West Virginia itemized deductions of a husband and wife whose federal taxable income is determined on a joint return but whose West Virginia taxable incomes are determined separately may be taken by either or divided between them as they may elect.
Sec. 36. **West Virginia Personal Exemptions of a Non-resident Individual.**—A nonresident individual shall be allowed the same West Virginia exemptions as are allowed by section sixteen to a resident individual.

Sec. 37. **Nonresident Partners.**—(a) Portion Derived from West Virginia Sources.—In determining West Virginia adjusted gross income of a nonresident partner of any partnership, there shall be included only the portion derived from or connected with West Virginia sources of such partner's distributive share, for federal income tax purposes, of items of partnership income, gain, loss and deduction, as such portion shall be determined under regulations of the tax commissioner consistent with the applicable rules of section thirty-two. In determining West Virginia taxable income of a nonresident partner of any partnership, there shall be attributed to him his distributive share, for federal income tax purposes, of those partnership items of deduction which are deductible by him under the applicable rules of section thirty-five.

(b) Special Rules as to West Virginia Sources.—In determining the sources of a nonresident partner's income, no effect shall be given to a provision in the partnership agreement which:

(1) Characterizes payments to the partner as being for services or for the use of capital, or

(2) Allocates to the partner, as income or gain from sources outside West Virginia, a greater proportion of his distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside West Virginia to partnership income or gain from all sources, except as authorized in subsection (d), or

(3) Allocates to the partner a greater proportion of a partnership item of loss or deduction connected with West Virginia sources than his proportionate share, for federal income tax purposes, of partnership loss or deduction generally, except as authorized in subsection (d).

(c) Partner's Modifications.—Any modification described in subsection (b) or (c) of section twelve, which relates to an item of partnership income, gain, loss or de-
duction, shall be made in accordance with the partner's distributive share for federal income tax purposes of the item to which the modification relates, but limited to the portion of such item derived from or connected with West Virginia sources.

(d) Alternate Methods.—The tax commissioner may, on application, authorize the use of such other methods of determining a nonresident partner's portion of partnership items derived from or connected with West Virginia sources, and the modifications related thereto, as may be appropriate and equitable, on such terms and conditions as he may require.

(e) Cross Reference.—(1) For a partner's distributive share of items, see subsection (a) of section seventeen.
(2) For character of partnership items for a partner, see subsection (b) of section seventeen.
(3) For effect of special provision in partnership agreement, other than a provision referred to in subsection (b) of this section, having the principal purpose of avoidance or evasion of tax under this article, see subsection (c) of section seventeen.

Sec. 38. West Virginia Taxable Income of a Nonresident Estate or Trust.—(a) General.—The West Virginia taxable income of a nonresident estate or trust shall be determined as follows:

(1) Items in Distributable Net Income.—There shall be determined its share of income, gain, loss and deduction from West Virginia sources under section thirty-nine (relating to items entering into the definition of distributable net income).

(2) Items Not in Distributable Net Income.—There shall be added or subtracted (as the case may be) the amount derived from or connected with West Virginia sources of any income, gain, loss and deduction recognized for federal income tax purposes, but excluded from the definition of federal distributable net income of the estate or trust. The source of such income, gain, loss and deduction shall be determined in accordance with the applicable
rules of sections thirty-two and thirty-five as in the case of a nonresident individual.

(3) Modifications.—There shall be subtracted the amount of any modifications described in paragraph (3) of subsection (c) of section twelve with respect to income or gain referred to in paragraph (2) of this subsection.

(4) Exemption.—There shall be subtracted the amount of six hundred dollars as a West Virginia exemption.

(b) Special West Virginia Source Rules.—Deductions with respect to capital losses, net long-term capital gains and net operating losses shall be based solely on income, gains, losses and deductions derived from or connected with West Virginia sources, under regulations of the tax commissioner, but otherwise determined in the same manner as the corresponding federal deductions.

Sec. 39. Share of a Nonresident Estate, Trust or Beneficiary in Income from West Virginia Sources.—(a) General.—The share of a nonresident estate or trust under paragraph (1) of subsection (a) of section thirty-eight, and the share of a nonresident beneficiary of any estate or trust under subsection (a) of section thirty-two, in West Virginia sources shall be determined as follows:

(1) Items of Distributable Net Income from West Virginia Sources.—There shall be determined the items of income, gain, loss and deduction, derived from or connected with West Virginia sources, which enter into the definition of federal distributable net income of the estate or trust for the taxable year. Such determination of source shall be made in accordance with the applicable rules of sections thirty-two and thirty-five as in the case of a nonresident individual.

(2) Addition or Subtraction of Modifications.—There shall be added or subtracted (as the case may be) the modifications described in subsections (b) and (c) of section twelve, to the extent relating to items of income, gain, loss and deduction, derived from or connected with West Virginia sources, which enter into the definition of federal distributable net income. No modification shall be made
under this subsection which has the effect of duplicating
an item already reflected in the definition of federal dis-
tributable net income.

(3) Allocation Among Estate or Trust and Benefici-
aires.—(A) The amounts determined under paragraphs
(1) and (2) shall be allocated among the estate or
trust and its beneficiaries (including, solely for the pur-
pose of this allocation, resident beneficiaries) in propor-
tion to their respective shares of federal distributable net
income.

(B) The amounts so allocated shall have the same
character under this article as for federal income tax pur-
poses. Where an item entering into the computation of
such amounts is not characterized for federal income tax
purposes, it shall have the same character as if realized
directly from the source from which realized by the
estate or trust, or incurred in the same manner as incurred
by the estate or trust.

(b) Alternate Methods of Determining Shares.—(1)
If the estate or trust has no federal distributable net
income for the taxable year, the share of each bene-
ficiary (including, solely for the purpose of this allocation,
resident beneficiaries) in the net amount determined
under paragraphs (1) and (2) of subsection (a) shall be
in proportion to his share of the estate or trust income for
such year, under local law or the governing instrument,
which is required to be distributed currently and any
other amounts of such income distributed in such year.
Any balance of such net amounts shall be allocated to
the estate or trust.

(2) The tax commissioner may, on application, author-
ize the use of such other methods of determining the re-
spective shares of the beneficiaries and of the estate or
trust in its income derived from West Virginia sources,
and the modifications related thereto, as may be appro-
priate and equitable, on such terms and conditions as he
may require.

Sec. 40. Credit for Income Tax of State of Residence.—
(a) General.—A nonresident shall be allowed a credit
against the tax otherwise due under this article for any
TAXATION

income tax imposed for the taxable year by another state of the United States or by the District of Columbia, of which the taxpayer is a resident.

(b) Limitation.—The credit under this section shall not exceed either:

(1) The percentage of the other tax determined by dividing the portion of the taxpayer's West Virginia income which is also subject to the other tax by the total amount of his income subject to such other tax, or

(2) The percentage of the tax otherwise due under this article, determined by dividing the portion of the taxpayer's West Virginia income which is also subject to the other tax by the total amount of the taxpayer's West Virginia income.

(c) Exceptions.—No credit shall be allowed under this section unless the jurisdiction of which the taxpayer is a resident:

(1) Grants a substantially similar credit to residents of this state, or

(2) Imposes an income tax on its own residents with respect to income derived from this state, and exempts from income tax the income of residents of this state.

(d) Definition.—For purposes of this section West Virginia income means:

(1) The West Virginia adjusted gross income of an individual, or

(2) The income derived from West Virginia sources by an estate or trust, determined in accordance with the applicable rules of section thirty-two as in the case of a nonresident individual.

PART IV. RETURNS, DECLARATIONS, AND PAYMENT OF TAX

Sec. 51. Returns and Liabilities.—(a) General.—On or before the fifteenth day of the fourth month following the close of a taxable year, an income tax return under this article shall be made and filed by or for:

(1) Every resident individual required to file a federal income tax return for the taxable year, or having West
Virginia adjusted gross income for the taxable year, determined under section twelve in excess of the sum of his West Virginia personal exemptions;

(2) Every resident estate or trust required to file a federal income tax return for the taxable year, or having any West Virginia taxable income for the taxable year, determined under section eighteen;

(3) Every nonresident individual having any West Virginia adjusted gross income for the taxable year, determined under section thirty-two, in excess of the sum of his West Virginia personal exemptions; and

(4) Every nonresident estate or trust having items of income or gain derived from West Virginia sources, determined in accordance with the applicable rules of section thirty-two as in the case of a nonresident individual, in excess of its West Virginia exemption.

(b) Husband and Wife.—(1) If the federal income tax liability of husband or wife is determined on a separate federal return, their West Virginia income tax liabilities and returns shall be separate.

(2) If the federal income tax liabilities of husband and wife other than a husband and wife described in paragraph (3) of this subsection (b) are determined on a joint federal return, or if neither files a federal return:

(A) They shall file a joint West Virginia income tax return, and their tax liabilities shall be joint and several, or

(B) They may elect to file separate West Virginia income tax returns on a single form if they comply with the requirements of the tax commissioner in setting forth information, and in such event their tax liabilities shall be separate.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate West Virginia income tax returns on such single or separate forms as may be required by the tax commissioner, and in such event their tax liabilities shall be separate.

(c) Decedents.—The return for any deceased indi-
46  individual shall be made and filed by his executor, adminis-
47  trator, or other person charged with his property.

48  (d) Individuals under a Disability.—The return for an
49  individual who is unable to make a return by reason of
50  minority or other disability shall be made and filed by his
51  guardian, committee, fiduciary or other person charged
52  with the care of his person or property (other than a
53  receiver in possession of only a part of his property), or
54  by his duly authorized agent.

55  (e) Estates and Trusts.—The return for an estate or
56  trust shall be made and filed by the fiduciary.

57  (f) Joint Fiduciaries.—If two or more fiduciaries are
58  acting jointly, the return may be made by any one of
59  them.

60  (g) Tax a Debt.—Any tax under this article, and any
61  increase, interest or penalty thereon, shall, from the time
62  it is due and payable, be a personal debt of the person
63  liable to pay the same, to the state of West Virginia.

64  (h) Cross Reference.—For provisions as to information
65  returns by partnerships, employers and other persons, see
66  section fifty-eight.

Sec. 52. Time and Place for Filing Returns and Paying Tax.—A person required to make and file a return under this article shall, without assessment, notice or demand, pay any tax due thereon to the tax commissioner on or before the date fixed for filing such return (determined without regard to any extension of time for filing the return). The tax commissioner shall prescribe by regulation the place for filing any return, declaration, statement, or other document required pursuant to this article and for payment of any tax.

Sec. 53. Signing of Returns and Other Documents.—
2  (a) General.—Any return, declaration, statement or other document required to be made pursuant to this article shall be signed in accordance with regulations or instructions prescribed by the tax commissioner. The fact that an individual’s name is signed to a return, declaration, statement, or other document shall be prima facie evi-

8  dence for all purposes that the return, declaration, state-
9  ment or other document was actually signed by him.

10  (b) Partnerships.—Any return, statement or other
document required of a partnership shall be signed by one
1 or more partners. The fact that a partner's name is signed
to a return, statement, or other document shall be prima
facie evidence for all purposes that such partner is au-
thorized to sign on behalf of the partnership.

16  (c) Certifications.—The making or filing of any re-
turn, declaration, statement or other document or copy
thereof required to be made or filed pursuant to this
article, including a copy of a federal return, shall con-
stitute a certification by the person making or filing such
return, declaration, statement or other document or copy
thereof that the statements contained therein are true
and that any copy filed is a true copy.

Sec. 54. Change of Resident Status during Year.—(a)
2  General.—If an individual changes his status during his
3  taxable year from resident to nonresident, or from non-
4  resident to resident, he shall file one return as a resident
5  for the portion of the year during which he is a resident,
6  and one return as a nonresident for the portion of the year
7  during which he is a nonresident, subject to such excep-
8  tions as the tax commissioner may prescribe by regula-
9  tion.

10  (b) West Virginia Taxable Income as Resident and
11  Nonresident.—The West Virginia taxable income for the
12  portion of the year during which he is a resident shall be
determined under Part II of this article as if his taxable
13  year for federal income tax purposes were limited to the
14  period of his resident status. The West Virginia taxable
15  income for the remaining portion of his taxable year dur-
16  ing which he is a nonresident shall be determined under
17  Part III of this article as if his taxable year for federal
18  income tax purposes were limited to the period of his
19  nonresident status.

21  (c) Special Accruals.—(1) If an individual changes
22  his status from resident to nonresident, he shall, re-
23  gardless of his method of accounting, accrue for the
24  portion of the taxable year prior to such change of status
any items of income, gain, loss or deduction accruing prior
to the change of status, if not otherwise properly in-
cludible (whether or not because of an election to report
on an installment basis) or allowable for West Virginia
income tax purposes for such portion of the taxable year
or for a prior taxable year. The amounts of such accrued
items shall be determined with the applicable modifica-
tions described in sections twelve and fifteen as if such
accrued items were includible or allowable for federal
income tax purposes.

(2) If an individual changes his status from nonresi-
dent to resident, he shall, regardless of his method of ac-
counting, accrue for the portion of the taxable year prior
to such change of status any items of income, gain, loss or
deduction accruing prior to the change of status, other
than items derived from or connected with West Virginia
sources, if not otherwise properly includible (whether or
not because of an election to report on an installment
basis) or allowable for federal income tax purposes for
such portion of the taxable year or for a prior taxable
year. The amounts of such accrued items shall be de-
termined with the applicable modifications described in
sections twelve and fifteen as if such accrued items were
includible or allowable for federal income tax purposes.

(3) No item of income, gain, loss or deduction which
is accrued under this subsection shall be taken into ac-
count in determining West Virginia adjusted gross in-
come or the West Virginia itemized deduction for any
subsequent taxable period.

(4) The accruals under this subsection shall not be re-
quired if the individual files with the tax commissioner a
bond or other security acceptable to the tax commissioner,
conditioned upon the inclusion of amounts accruable
under this subsection in West Virginia adjusted gross in-
come for one or more subsequent taxable years as if the
individual had not changed his resident status.

(d) Minimum Tax.—Where two returns are required
under this section, the total of the taxes due thereon shall
not be less than would be due if the West Virginia taxable
incomes reportable on the two returns were includible in one return.

(e) Prorations.—Where two returns are required under this section, the West Virginia standard deduction allowable under sections fourteen and thirty-four, the West Virginia personal exemptions allowable under sections sixteen and thirty-six shall be prorated, under regulations of the tax commissioner, between the two returns to reflect the portions of the entire taxable year during which the individual was a resident and a nonresident.

Sec. 55. Declarations of Estimated Tax.—(a) Requirement of Declaration.—Every resident and nonresident individual shall make a declaration of his estimated tax for the taxable year, containing such information as the tax commissioner may prescribe by regulations or instructions, if his West Virginia adjusted gross income, other than from wages on which tax is withheld under this article, can reasonably be expected to exceed four hundred dollars plus the sum of the West Virginia personal exemptions to which he is entitled.

(b) Definition of Estimated Tax.—The term “estimated tax” means the amount which an individual estimates to be his income tax under this article for the taxable year, less the amount which he estimates to be the sum of any credits allowable against the tax.

(c) Joint Declaration of Husband and Wife.—A husband and wife may make a joint declaration of estimated tax as if they were one taxpayer, in which case the liability with respect to the estimated tax shall be joint and several. No joint declaration may be made if husband and wife are separated under a decree of divorce or of separate maintenance, or if they have different taxable years. If a joint declaration is made but husband and wife elect to determine their taxes under this article separately, the estimated tax for such year may be treated as the estimated tax of either husband or wife, or may be divided between them, as they may elect.

(d) Time for Filing Declaration.—A declaration of estimated tax of an individual other than a farmer shall be filed on or before the fifteenth day of April of the tax-

22 (a) are first met:
23 (1) After the first day of April and before the second
24 day of June of the taxable year, the declaration shall be
25 filed on or before the fifteenth day of June, or
26 (2) After the first day of June and before the second
27 day of September of the taxable year, the declaration shall
28 be filed on or before the fifteenth day of September, or

32 (e) Declaration of Estimated Tax by a Farmer.—A
33 declaration of estimated tax of an individual having an
34 estimated West Virginia adjusted gross income from
35 farming for the taxable year which is at least two thirds
36 of his total estimated West Virginia adjusted gross income
37 for the taxable year may be filed at any time on or before
38 the fifteenth day of January of the succeeding year, in
39 lieu of the time otherwise prescribed.
40 (f) Declaration of Estimated Tax of Forty Dollars or
41 Less.—A declaration of estimated tax of an individual
42 having a total estimated tax for the taxable year of forty
43 dollars or less may be filed at any time on or before the
44 fifteenth day of January of the succeeding year under
45 regulations of the tax commissioner.
46 (g) Amendments of Declaration.—An individual may
47 amend a declaration under regulations of the tax com-
48 missioner.
49 (h) Return as Declaration or Amendment.—If on or
50 before the fifteenth day of February of the succeeding
51 taxable year an individual files his return for the taxable
52 year for which the declaration is required, and pays there-
53 with the full amount of the tax shown to be due on the
54 return:
55 (1) Such return shall be considered as his declaration,
56 if no declaration was required to be filed during the tax-
57 able year, but is otherwise required to be filed on or be-
58 fore the fifteenth day of January.
59 (2) Such return, if filed on or before the fifteenth day
60 of January, shall be considered an amendment permitted
by subsection (g) if the tax shown on the return is greater
than the estimated tax shown in a declaration previously
made.

(i) Fiscal Year.—This section shall apply to a taxable
year other than a calendar year by the substitution of the
months of such fiscal year for the corresponding months
specified in this section.

(j) Short Taxable Year.—An individual having a taxable
year of less than twelve months shall make a declaration
in accordance with regulations of the tax commis-

(k) Declaration for Individual under a Disability.—
The declaration of estimated tax for an individual who is
unable to make a declaration by reason of minority or
other disability shall be made and filed by his guardian,
committee, fiduciary or other person charged with the
care of his person or property (other than a receiver in
possession of only a part of his property), or by his duly
authorized agent.

Sec. 56. Payments of Estimated Tax.—(a) General.—
The estimated tax with respect to which a declaration is
required shall be paid as follows:

(1) If the declaration is filed on or before the fifteenth
day of April of the taxable year, the estimated tax shall
be paid in four equal installments. The first installment
shall be paid at the time of the filing of the declaration,
and the second, third and fourth installments shall be
paid on the following fifteenth day of June, fifteenth day
of September, and fifteenth day of January, respectively.

(2) If the declaration is filed after the fifteenth day of
April and not after the fifteenth day of June of the tax-
able year, and is not required to be filed on or before the
fifteenth day of April of the taxable year, the estimated
tax shall be paid in three equal installments. The first
installment shall be paid at the time of the filing of the
declaration, and the second and third installments shall
be paid on the following fifteenth day of September and
fifteenth day of January, respectively.

(3) If the declaration is filed after the fifteenth day of
June and not after the fifteenth day of September of the
taxable year, and is not required to be filed on or before
the fifteenth day of June of the taxable year, the estimated
tax shall be paid in two equal installments. The first in-
stallment shall be paid at the time of the filing of the
declaration, and the second shall be paid on the following
fifteenth day of January.

(4) If the declaration is filed after the fifteenth day of
September of the taxable year, and is not required to be
filed on or before the fifteenth day of September of the
taxable year, the estimated tax shall be paid in full at the
time of the filing of the declaration.

(5) If the declaration is filed after the time prescribed
therefor, or after the expiration of any extension of time
therefor, paragraphs (2), (3) and (4) of this subsection
shall not apply, and there shall be paid at the time of
such filing all installments of estimated tax payable at or
before such time, and the remaining installments shall be
paid at the times at which, and in the amounts in which,
they would have been payable if the declaration had been
filed when due.

(b) Farmers.—If an individual referred to in section
fifty-five (e) (relating to income from farming) makes a
declaration of estimated tax after the fifteenth day of Sep-
tember of the taxable year and on or before the following
fifteenth day of January, the estimated tax shall be paid
in full at the time of the filing of the declaration.

(c) Amendments of Declaration.—If any amendment
of a declaration is filed, the remaining installments, if any,
shall be rateably increased or decreased (as the case may
be) to reflect any increase or decrease in the estimated
tax by reason of such amendment, and if any amendment
is made after the fifteenth day of September of the taxable
year, any increase in the estimated tax by reason thereof
shall be paid at the time of making such amendment.

(d) Application to Short Taxable Year.—This section
shall apply to a taxable year of less than twelve months
in accordance with regulations of the tax commissioner.

(e) Fiscal Year.—This section shall apply to a taxable
year other than a calendar year by the substitution of the
months of such fiscal year for the corresponding months
specified in this section.

(f) Installments Paid in Advance.—An individual may
elect to pay any installment of his estimated tax prior to
the date prescribed for its payment.

Sec. 57. Extensions of Time.—(a) General.—The tax
commissioner may grant a reasonable extension of time
for payment of tax or estimated tax (or any installment),
or for filing any return, declaration, statement, or other
document required pursuant to this article, on such terms
and conditions as he may require. Except for a taxpayer
who is outside the United States, no such extension shall
exceed six months.

(b) Amount Determined as Deficiency.—The tax com-
missioner may, under regulations, extend the time for
payment of an amount determined as a deficiency for a
period not to exceed eighteen months from the date
designated for payment of the deficiency, and under ex-
ceptional circumstances, for a further period not to ex-
ceed twelve months. An extension under this subsection
may be granted only where it is established to the satisfac-
tion of the tax commissioner that the payment of a de-
ficiency upon the date designated for payment would
result in undue hardship. No extension shall be granted
if any part of the deficiency is due to intentional dis-
regard of rules and regulations or to fraud.

(c) Claims in Bankruptcy or Receivership Proceedings.
—Extension of time for payment of any portion of a claim
for tax allowed in bankruptcy, receivership or similar
proceedings, which is unpaid, may be granted subject to
the same provisions and limitations as in the case of a
deficiency in such tax.

(d) Furnishing of Security.—If any extension of time
is granted for payment of any tax or deficiency, the tax
commissioner may require the taxpayer to furnish a bond
or other security in an amount not exceeding twice the
amount for which the extension of time for payment is
granted on such terms and conditions as the tax commis-
sioner may require.
Sec. 58. Requirements Concerning Returns, Notices, Records and Statements.—(a) General.—The tax commissioner may prescribe regulations as to the keeping of records, the content and form of returns and statements, and the filing of copies of federal income tax returns and determinations. The tax commissioner may require any person, by regulation or notice served upon such person, to make such returns, render such statements, or keep such records, as the tax commissioner may deem sufficient to show whether or not such person is liable under this article for tax or for collection of tax.

(b) Partnerships.—Every partnership having a resident partner or having any income derived from West Virginia sources, determined in accordance with the applicable rules of section thirty-two as in the case of a nonresident individual, shall make a return for the taxable year setting forth all items of income, gain, loss and deduction and such other pertinent information as the tax commissioner may by regulations and instructions prescribe.

(c) Information at Source.—The tax commissioner may prescribe regulations and instructions requiring returns of information to be made and filed on or before the twenty-eighth day of February of each year as to the payment or crediting in any calendar year of amounts of six hundred dollars or more to any taxpayer under this article. Such returns may be required of any person, including lessees or mortgagors of real or personal property, fiduciaries, employers, and all officers and employees of this state, or of any municipal corporation or political subdivision of this state, having the control, receipt, custody, disposal or payment of interest, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable gains, profits or income, except interest coupons payable to bearer. A duplicate of the statement as to tax withheld on wages, required to be furnished by an employer to an employee, shall constitute the return of information required to be made under this section with respect to such wages.

(d) Notice of Qualification as Receiver, etc.—Every
receiver, trustee in bankruptcy, assignee for benefit of creditors, or other like fiduciary shall give notice of his qualification as such to the tax commissioner, as may be required by regulation.

Sec. 59. Report of Change in Federal Taxable Income.—If the amount of a taxpayer's federal taxable income reported on his federal income tax return for any taxable year is changed or corrected by the United States Internal Revenue Service or other competent authority, or as the result of a re-negotiation of a contract or subcontract with the United States, the taxpayer shall report such change or correction in federal taxable income within ninety days after the final determination of such change, correction, or re-negotiation, or as otherwise required by the tax commissioner, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended federal income tax return shall also file within ninety days thereafter an amended return under this article, and shall give such information as the tax commissioner may require. The tax commissioner may by regulation prescribe such exceptions to the requirements of this section as he deems appropriate.

Sec. 60. Change of Election.—Any election expressly authorized by this article may be changed on such terms and conditions as the tax commissioner may prescribe by regulation.

PART V. WITHHOLDING OF TAX

Sec. 71. Requirement of Withholding Tax from Wages. —(a) General.—Every employer maintaining an office or transacting business within this state and making payment of any wages taxable under this article to a resident or nonresident individual shall deduct and withhold from such wages for each payroll period a tax computed in such manner as to result, so far as practicable, in witholding from the employee's wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due under this article resulting from the inclusion in the employee's West Virginia adjusted gross income of his wages received during such calendar year.
The method of determining the amount to be withheld shall be prescribed by regulations of the tax commissioner, with due regard to the West Virginia withholding exemptions of the employee; such method for the year one thousand nine hundred sixty-one, shall prescribe rates of withholding estimated by the tax commissioner to result in the withholding during the portion of said year during which withholding is in effect of an amount substantially equivalent to the tax due for the entire year one thousand nine hundred sixty-one. This section shall not apply to payments by the United States for service in the armed forces of the United States.

(b) Withholding Exemptions.—For purposes of this section:

(1) An employee shall be entitled to the same number of West Virginia withholding exemptions as the number of withholding exemptions to which he is entitled for federal income tax withholding purposes. An employer may rely upon the number of federal withholding exemptions claimed by the employee, except where the employee claims a higher number of West Virginia withholding exemptions.

(2) The amount of each West Virginia exemption shall be six hundred dollars whether the individual is a resident or a nonresident.

(c) Exception for Certain Nonresidents.—If the income tax law of another state of the United States or of the District of Columbia results in its residents being allowed a credit under section forty sufficient to offset all taxes required by this article to be withheld from the wages of an employee, the tax commissioner may by regulation relieve the employers of such employees from the withholding requirements of this article with respect to such employees.

Sec. 72. Information Statement for Employee.—Every employer required to deduct and withhold tax under this article from the wages of an employee, or who would have been required so to deduct and withhold tax if the employee had claimed no more than one withholding exempt-
tion, shall furnish to each such employee in respect of the wages paid by such employer to such employee during the calendar year on or before the fifteenth day of February of the succeeding year, or, if his employment is terminated before the close of such calendar year, on the date on which the last payment of the wages is made, a written statement as prescribed by the tax commissioner showing the amount of wages paid by the employer to the employee, the amount deducted and withheld as tax, and such other information as the tax commissioner shall prescribe.

Sec. 73. Credit for Tax Withheld.—Wages upon which tax is required to be withheld shall be taxable under this article as if no withholding were required, but any amount of tax actually deducted and withheld under this article in any calendar year shall be deemed to have been paid to the tax commissioner on behalf of the person from whom withheld, and such persons shall be credited with having paid that amount of tax for the taxable year beginning in such calendar year. For a taxable year of less than twelve months, the credit shall be made under regulations of the tax commissioner.

Sec. 74. Employer’s Return and Payment of Withheld Taxes.—(a) General.—Every employer required to deduct and withhold tax under this article shall, for each calendar quarter, on or before the last day of the month following the close of such calendar quarter, file a withholding return as prescribed by the tax commissioner and pay over to the tax commissioner the taxes so required to be deducted and withheld; but the tax commissioner may, by regulation, provide that every such employer shall on or before the fifteenth day of each month pay over to the tax commissioner, or a depository designated by the tax commissioner, the taxes so required to be deducted and withheld if such taxes aggregate one hundred dollars or more for the preceding calendar month. Where the aggregate amount so deducted and withheld by any employer is less than twenty-five dollars in a calendar quarter and the aggregate for the calendar year can reasonably be expected to be less than one hundred dollars, the tax
commissioner may by regulation permit an employer to
file an annual return. The tax commissioner may, if he
believes such action necessary for the protection of the
revenues, require any employer to make such return and
pay to him the tax deducted and withheld at any time, or
from time to time.

(b) Deposit in Trust for Tax Commissioner.—When-
ever any employer fails to collect, truthfully account for,
pay over the tax, or make returns of the tax as required
in this section, the tax commissioner may serve a notice
requiring such employer to collect the taxes which become
collectible after service of such notice, to deposit such
taxes in a bank approved by the tax commissioner, in a
separate account, in trust for and payable to the tax com-
missioner, and to keep the amount of such tax in such
account until payment over to the tax commissioner.
Such notice shall remain in effect until a notice of can-
cellation is served by the tax commissioner.

Sec. 75. Employer's Liability for Withheld Taxes.—
Every employer required to deduct and withhold tax un-
der this article is hereby made liable for such tax. To the
extent not inconsistent with the provisions of this article,
all the provisions of sections eighty to ninety-three
of this article relating to assessment and collection of
taxes, and to penalties, additions to tax, and interest in
respect thereto, shall apply to every employer required
to withhold tax under this article. For such purposes, any
amount required to be withheld and paid over to the tax
commissioner shall be considered the tax of the employer.
Any amount of tax actually deducted and withheld under
this article shall be held to be a special fund in trust for
the tax commissioner. No employee shall have any right
of action against his employer in respect to any moneys
deducted and withheld from his wages and paid over to
the tax commissioner in compliance or in intended com-
pliance with this article.

Sec. 76. Employer's Failure to Withhold.—If an em-
ployer fails to deduct and withhold tax as required, and
thereafter the tax against which such tax may be credited
4 is paid, the tax so required to be deducted and withheld
5 shall not be collected from the employer, but the em-
6 ployer shall not be relieved from liability for any penal-
7 ties, interest, or additions to the tax otherwise applicable
8 in respect of such failure to deduct and withhold.

PART VI. PROCEDURE AND ADMINISTRATION

Sec. 80. General Provisions.—(a) Regulations.—The
tax commissioner shall administer and enforce the tax
herein imposed and shall issue all needful regulations,
rules and interpretations thereof. All regulations, rules
and interpretations issued by the tax commissioner shall
be filed with the secretary of state of West Virginia as
provided in section three, article two, chapter five of
this code: Provided, That all such regulations, rules and
interpretations originally issued by the tax commissioner
during the year one thousand nine hundred sixty-one shall
take effect immediately upon the filing of copies thereof
in the office of the secretary of state.

(b) Investigations.—The tax commissioner, for the
purpose of ascertaining the correctness of any returns or
for the purpose of making an estimate of taxable income
of any person, shall have the power to examine or cause
to be examined, by any agent or any representative desig-
nated by the tax commissioner, any books, papers, records
or memoranda bearing upon the matters required to be
included in the return and may require the attendance of
the person rendering the return or the attendance of any
other person having knowledge in the premises and may
take testimony and may require material proof with pow-
er to administer oath to such person or persons.

(c) Returns by Tax Commissioner.—If any taxpayer
fails to file a return at the time required by law or by reg-
ulation made under authority of law, the tax commissioner
may proceed to make a return from any information
available.

(d) Secrecy of Returns.—Except when required in an
official investigation or proceedings in court involving
taxes payable under this article and except as provided in
subsection (e) of this section, it shall be unlawful for
any officer or employee of the state to divulge or make
known in any manner the amount of income or any par-
ticulars set forth or disclosed in any report, declaration or
return required to be filed with the tax commissioner by
this article or any regulation of the tax commissioner
issued hereunder.

(e) Reciprocal Exchange.—The tax commissioner may
permit the proper officer of the United States or any state,
territory or political subdivision of the United States, or
his authorized representative, to inspect reports, declara-
tions or returns filed with the tax commissioner or may
furnish to such officer or representative a copy of any such
document provided such other jurisdiction grants sub-
stantially similar privileges to the tax commissioner or to
the attorney general of this state. Subsection (d) of this
section shall not be construed to prohibit the publication
of statistics so classified as to prevent the identification of
particular reports and the items thereof.

Sec. 81. Assessment.—(a) Taxes Shown on Return.—
The tax commissioner shall assess all taxes determined
by the taxpayer or the tax commissioner to be due as
shown by any return filed under this article and may at
any time within the period prescribed for assessment
make a supplemental assessment whenever it is ascer-
tained that any assessment is imperfect or incomplete in
any material respect.

(b) Assessment of Deficiencies.—Whenever the tax
commissioner shall determine that any tax due under this
article has not been paid in full, the tax commissioner
shall make an assessment against the taxpayer of such
deficiency in tax, addition to tax, interest or penalties as
he may find to be due, and shall give the taxpayer written
notice of such assessment.

(c) Abatement of Assessments.—The tax commis-
sioner may abate in whole or in part any assessment
which he shall determine to be erroneous.

Sec. 82. Deficiency Procedure.—(a) Informal Proceed-
ings.—Prior to assessing a deficiency as provided in sec-
tion eighty-one, the tax commissioner may notify the tax-
pater in writing that he proposes to assess a deficiency
and afford the taxpayer in person or by his representative
an opportunity to be heard with respect to the proposed
deficiency, either by the filing of a written protest against
the proposed deficiency or by informal conference, or both.

(b) Judicial Review of Proposed Assessments.—At
least ninety days prior to assessing a deficiency (except a
deficiency occurring as the result of a mathematical error
on the face of the return), the tax commissioner shall no-
tify the taxpayer in writing of the amount of the de-
ficiency to be assessed and the reasons therefor. Such
notice shall advise the taxpayer that the assessment will
be made unless the taxpayer within said ninety-day period
either pays the amount to be assessed or commences suit
for a declaratory judgment or decree as to his liability
therefor. If the taxpayer neither pays the amount of the
deficiency proposed nor commences a suit for a declara-
tory judgment or decree within said ninety-day period,
the assessment shall be made. A taxpayer who has been
 notified of the determination of a deficiency under this
article may apply to a circuit court for a declaratory
judgment or decree under article thirteen, chapter fifty-
five of this code. In the case of a resident taxpayer, appli-
cation may be made to the circuit court of the county of
the taxpayer's residence. In the case of a nonresident tax-
payer, such application may be made to the circuit court
of the county in which the taxpayer is employed, or if the
taxpayer is not employed within the state, to the circuit
court of the county in which income-producing property
of the taxpayer is situated. In all other cases, such appli-
cations shall be made to the circuit court of the county in
which the seat of the state government is located. No as-
 sessment shall be made of any proposed deficiency while
proceedings to secure a declaratory judgment or decree
are pending. In any such proceedings all questions re-
lating to the liability of the taxpayer for the taxable year
or years shall be determined. The tax commissioner shall
have the burden of proof on any issue raised by him sub-
sequent to the commencement of the proceedings.

Sec. 83. Collection.—The tax commissioner shall collect
the taxes, additions to tax, interest and penalties imposed
by this article. In addition to all other remedies available
for the collection of debts due the state, the tax commis-
ioner may proceed by foreclosure of the lien provided in
section eighty-four or by distraint and sale under section
eighty-five. Every assessment made by the tax commis-
ioner under this article shall constitute a judgment and
may be collected as judgments are collected.

Sec. 84. Lien.—If any person liable to pay any tax as-
assed under this article, neglects or refuses to pay the
same within ten days after written notice of assessment
of the same, the amount of said tax, including any addi-
tions to tax, interest and penalties, together with any
costs that may accrue, shall become a lien in favor of
the state of West Virginia upon all property and rights
to property whether real or personal belonging to such
person.

The lien imposed by this section shall arise at the time
the assessment is made and shall continue until the lia-
bility for the amount so assessed shall be satisfied or be-
comes unenforceable by reason of lapse of time.

The lien imposed by this section shall be subject to the
restrictions and conditions embodied in article ten-c,
chapter thirty-eight of this code and any amendment
made or which may hereafter be made thereto.

The tax commissioner, pursuant to regulations pre-
scribed by him, may issue his certificate of release of any
lien imposed pursuant to this section upon finding that
the liability for the amount assessed has been fully satis-
fied or has become legally unenforceable or is adequately
secured by bond or other security.

Sec. 85. Distraint.—If any tax imposed by this article
required to be paid at the time a return is filed or any
portion of such tax be not so paid or if an assessment of
the tax be made by the tax commissioner and notice
thereof be given as required by this article or if any in-
stallment of a tax be not paid within thirty days after the
same becomes due, the tax commissioner may issue a war-
rant directed to the sheriff of any county of the state com-
manding him to levy upon and sell the real and personal property of the person owing the same found within his county for the payment of the amount thereof with the added penalties, interest, and the cost of executing the warrant, and to return such warrant to the tax commissioner and pay to him the money collected by virtue thereof by a time to be therein specified and not less than sixty days from the date of such warrant. In case the tax commissioner shall find that the collection of a tax would be jeopardized by the delay of thirty days as above provided, he may issue his warrant within said period. The sheriff shall within five days after the receipt of the warrant file with the clerk of the county court a copy thereof and thereupon the clerk shall enter in the judgment docket the name of the taxpayer mentioned in the warrant and the amount of the tax or portion thereof and penalties for which the warrant is issued and the date when such copy is filed, and thereupon the amount so docketed shall become a lien upon the title to and interest in real property or chattels real of the person against whom it is issued in the same manner as a judgment duly docketed in the office of such clerk. The said sheriff shall thereupon proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. In the discretion of the tax commissioner, a warrant of like terms, force and effect may be issued and directed to any officer or employee of the tax commissioner and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty. If a warrant be returned not satisfied in full, the tax commissioner shall have the same remedies to enforce the claim for taxes against the taxpayer as if the state had recovered judgment against the taxpayer for the amount of the tax.
Sec. 86. Overpayments, Credits and Refunds.—(a) Refund of Overpayments.—In the case of any overpayment of any tax, addition to tax, interest or penalties imposed by this article, whether by reason of error on the part of the taxpayer, excessive withholding, or an erroneous assessment of tax, the tax commissioner shall refund the amount of the overpayment to the taxpayer. If any overpayment is not refunded within six months from the date a claim for the refund thereof is filed by the taxpayer, interest shall be paid upon the amount of such overpayment at the rate of six per centum from the date of the filing of the claim for the refund thereof. The tax commissioner may prescribe by regulation the form and content of a claim for refund.

(b) Credits.—At the election of the taxpayer, the amount of any overpayment may be applied by the taxpayer as a credit against his liability for taxes under this article for the subsequent year.

(c) Petitions for Refund.—In the event that any overpayment of tax, addition to tax, interest or penalty paid under this article is not refunded or credited pursuant to subsection (a) or (b) of this section within six months after the filing of a claim for the refund thereof, or in the event such claim is denied by the tax commissioner, the taxpayer may file a petition for refund pursuant to section two-a, article one, chapter eleven of this code. Notwithstanding the period of limitations prescribed in said section, a taxpayer may file a petition for refund at the latest within six months after a final determination by the United States Internal Revenue Service or other competent authority of an overpayment in the taxpayer’s federal income tax liability.

Sec. 87. Limitations on Assessment.—(a) General Rule. —The amount of any tax imposed by this article shall be assessed within three years after the due date of the return: Provided, That in the case of a false or fraudulent return filed with the intent to evade tax or in the case no return is filed, the tax may be assessed or a proceeding in court for the collection of such tax may be begun at any time: Provided further, That in the event the tax commis-
Sec. 88. Limitations on Collection.—No proceeding shall be maintained in any court to collect any tax imposed by this article or to subject any property to sale under the lien provided for in section eighty-four of this article after the expiration of the period of limitation on assessment provided in section eighty-seven, unless the tax was assessed prior to the expiration of such period.

Sec. 6-a. **Stages of Silicosis; Benefits and Mode of Pay-
2 ment to Employees and Dependents.**—An employee shall,
3 for the purpose hereof, be deemed to have silicosis: (1) In
4 the first stage when it is found by the commissioner
5 that the earliest detectable specific signs of silicosis are
6 present, whether or not capacity for work is or has been
7 impaired by such silicosis; (2) In the advanced stage
8 when it is found by the commissioner that definite and
9 specific physical signs of silicosis are present, and that
10 capacity for work is or has been impaired by that disease.

Where compensation for silicosis is due an employee
under the provisions hereof, such compensation shall be
as provided in the following schedule: (a) If the em-
ployee is suffering from silicosis in the first stage, the
employee shall receive one thousand dollars as compen-
sation in full for silicosis that he has sustained as a re-
result of and in the course of his employment, to be payable
as a lump sum or in periodic installments in the discre-
tion of the commissioner, which shall be a final payment
and operate as a full release by the employee for com-
ensation and for any claim against the employer that
the employee may thereafter have for silicosis, and irre-
spetive of whether the employee thereafter continues in
the same employment, he shall not have the right to re-
ceive any or further compensation or make any claim
because of silicosis, either to the compensation commis-
sioner or against his employer, anything to the contrary
in this chapter notwithstanding. (b) If the employee is
suffering from silicosis in the advanced stage, the per-
centage of permanent disability shall be determined by
the commissioner in accordance with the facts in the case
and with the advice and recommendation of the silicosis
medical board. Compensation shall be paid therefor in
the same manner and at the same rate as is provided for permanent disability under the provisions of subdivisions (c), (e), (f), (g) and (h) of the preceding section: Provided, That the determination by the commissioner of the percentage of permanent disability and acceptance of the first payment on such award by the claimant shall cause the determination to become final and the claimant, except for the remainder due him under such original award shall not have the right to receive any or further compensation or make any claim because of silicosis irrespective of whether the employee thereafter continues in the same employment, either to the compensation commissioner or against the employer, anything to the contrary in this chapter notwithstanding: Provided further, That in no case shall an award for advanced silicosis be less than the compensation herein provided for first-stage silicosis. (c) If the employee dies from silicosis within six years from the date of his last injurious exposure to silicon dioxide dust in harmful quantities, the benefits shall be in the amounts and to the persons provided for in section ten of this article; as to such benefits, sections eleven to fourteen inclusive, of this article shall apply. (d) In cases of permanent disability or death due to silico-tuberculosis (silicosis accompanied by active tuberculosis of the lungs), compensation shall be payable as for disability or death due to silicosis alone.

Sec. 8-c. Silicosis Medical Board; Reports and Distribution Thereof; Findings Required of Board; Objection to Findings; Procedure Thereon. — The silicosis medical board, as soon as practicable, after it has completed its investigation, shall make its written report, to the commissioner, of its findings and conclusions on every medical question in controversy, and the commissioner shall send one copy thereof to the employee or claimant and one copy to the employer, and the board shall also return to and file with the commissioner all the evidence, as well as all statements under oath, if any, of the persons who appeared before it on behalf of the employee or claimant, or employer, and also all medical reports and X-ray examinations produced by or on behalf of the employee or claimant, or employer.
The findings and conclusions of the board shall set forth,
among other things, the following:

(a) Whether or not the claimant or the deceased em-
ployee has contracted silicosis, and, if so, the stage thereof,
and in all cases where silicosis is found in an advanced
stage, the percentage of permanent disability resulting
therefrom.

(b) If the claimant or the deceased employee has con-
tracted such disease, whether or not the exposure in the
employment was sufficient to have caused silicosis or to
have perceptibly aggravated an existing silicosis.

(c) What, if any, physician appeared before the board
on behalf of the claimant, and what, if any, X-rays were
produced by or on behalf of the claimant, and what, if
any, physician appeared before the board on behalf of
the employer, and what, if any, X-rays were produced by
or on behalf of the employer.

If either party objects to the whole or any part of such
findings and conclusions of the board, he shall file with
the commissioner, within fifteen days of the mailing of
such copy to him unless for good cause shown the com-
missioner extends such time, his objections thereto in
writing, specifying the particular statements of the
board's findings and conclusions to which he objects.

After the time has expired for the filing of objections to
the findings and conclusions of the board, the commis-
sioner shall proceed to act as provided in this chapter.

If after the time has expired for the filing of objections
to the findings and conclusions of the board no objections
have been filed, the report of a majority of the board of
its findings and conclusions on any medical question shall
be taken to be plenary and conclusive evidence of the
findings and conclusions therein stated. If objection has
been filed to the findings and conclusions of the board,
otice thereof shall be given to the board, and the mem-
ers thereof joining in such findings and conclusions
shall appear at the time fixed by the commissioner for
the hearing to submit to examination and cross-examina-
tion in respect to such findings and conclusions. At such
hearing evidence to support or controvert the findings and
conclusions of the board shall be limited to examination
and cross-examination of the members of the board, and
to the taking of testimony of other qualified physicians
and roentgenologists.

Sec. 9. *Physical and Vocational Rehabilitation.*—In
cases where an employee has sustained a permanent dis-
ability, or has sustained injuries likely to result in per-
manent disability, and such fact has been determined by
the commissioner, and the employee can be physically and
vocationally rehabilitated and returned to remunerative
employment by vocational training, by the use of crutches,
artificial limbs, or other approved mechanical appliances,
or by medicines, medical, surgical, dental or hospital
treatment, the commissioner shall forthwith, after due
notice to the employer, expend such an amount as may
be necessary for the aforesaid purposes, not, however, in
any case, to exceed the sum of twelve hundred dollars.
No payment, however, shall be made for such purposes
as provided by this section unless authorized by the com-
missioner prior to the rendering of such treatment.

In every case in which the commissioner shall order
physical or vocational rehabilitation of a claimant as pro-
vided herein, the claimant shall, during the time he is
receiving any vocational rehabilitation or rehabilitative
treatment that renders him totally disabled during the
period thereof, be compensated on a temporary total dis-
ability basis for such period, unless he is being paid com-
pensation under an award granted prior to the time such
rehabilitation is authorized by the commissioner.

Sec. 10. *Classification of Death Benefits; “Dependent” Defined.*—In case a personal injury other than silicosis or
other occupational disease, suffered by an employee in
the course of and resulting from his employment, causes
death within the period of six years and disability is con-
tinuous from date of such injury until date of death, or if
death results from silicosis or from any other occupational
disease within six years from the date of the last ex-
posure to the hazard of silicon dioxide dust or to the other
particular occupational hazard involved, as the case may
be, the benefits shall be in the amounts and to the persons
as follows:
(a) If there be no dependents, the disbursements shall be limited to the expense provided for in sections three and four of this article.

(b) If the deceased employee leaves a dependent widow or invalid widower, the payment shall be seventy-five dollars a month until death or remarriage of such widow or widower, and in addition twenty dollars a month for each child under eighteen years of age, to be paid until such child reaches such age, or, if an invalid child, twenty-five dollars a month, to continue as long as such child remains an invalid: Provided, however, That if such widow or invalid widower shall remarry within ten years from the date of the death of such employee, such widow or widower shall be paid at the time of remarriage twenty per cent of the amount that would be due for the period remaining between the date of such remarriage and the end of ten years from the date of death of such employee, and such widow or widower shall be advised in writing by the commissioner of his or her rights under this proviso at the time of making the original award: Provided further, That if upon investigation and hearing, as provided in article five of this chapter, it shall be ascertained that such widow or widower is living with a man or woman, as the case may be, as man and wife and not married, or that the widow is living a life of prostitution, the commissioner shall stop the payments of the benefits herein provided to such widow or widower.

If the deceased employee be a widow or widower and leaves a child or children under the age of eighteen years, the payments shall be twenty-five dollars a month to each child until he or she reaches the age of eighteen years.

In all awards of compensation to children, unless otherwise provided herein, the award shall be until they reach the age of eighteen years or until their death prior thereto.

(c) If the deceased employee leaves no dependent widow or widower and leaves a wholly dependent father or mother, he or she shall be paid the sum of sixty dollars a month, payments to continue until death, and if there
be no widow or widower and both the father and mother are wholly dependent, then a joint award shall be made to the father and mother in the sum of sixty dollars a month until death.

Upon the death of either the father or mother in any case in which a joint award has been made to them, the full award of sixty dollars a month shall be paid to the survivor until his or her death.

(d) If the deceased employee leaves no dependent widow or widower or wholly dependent father or mother but there are other wholly dependent persons, as defined in subdivision (f) of this section, the payment shall be fifty dollars a month, to continue for six years after the death of the deceased, except as otherwise provided herein.

(e) If the deceased employee leaves no dependent widow or widower, child under eighteen years of age, or wholly dependent person, but there are partially dependent persons at the time of death, the payment shall be twenty dollars a month, to continue for such portion of the period of six years after the death, as the commissioner may determine, but no such partially dependent person shall receive compensation payments as a result of the death of more than one employee.

Compensation under subdivisions (b), (c), (d) and (e) hereof shall, except as may be specifically provided to the contrary therein, cease upon the death of the dependent, and the right thereto shall not vest in his or her estate.

(f) Dependent, as used in this chapter, shall mean a widow, invalid widower, child under eighteen years of age, invalid child or posthumous child, who, at the time of the injury causing death, is dependent in whole or in part for his or her support upon the earnings of the employee; also the following persons who are and continue to be residents of the United States or its territorial possessions: Stepchild under eighteen years of age, child under eighteen years of age legally adopted prior to the injury causing death, father, mother, grandfather or
Sec. 15. Application for Benefits; Report of Injuries by Employer.—To entitle any employee or dependent of a deceased employee to compensation under this chapter, other than for silicosis or other occupational disease, the application therefor must be made on the form or forms prescribed by the commissioner and filed in the office of the commissioner within one year from and after the injury or death, as the case may be, and all proofs of dependency in fatal cases must likewise be filed with the commissioner within one year from and after the death. In case the employee is mentally or physically incapable of filing such application, it may be filed by his attorney or by a member of his family. It shall be the duty of every employer to report to the commissioner every injury sustained by any person in his employ. Such report shall be on forms prescribed by the commissioner and shall be made within sixty days from the date the employer first receives knowledge of such injury.

To entitle any employee to compensation for silicosis under the provisions hereof, the application therefor must be made on the form or forms prescribed by the commissioner and filed in the office of the commissioner within two years from and after the last day of the last continuous period of sixty days or more during which the employee was exposed to the hazard of silicon dioxide dust or to the other particular occupational hazard involved, as the case may be, or, in the case of death, the application shall be filed as aforesaid by the dependent of such employee within one year from and after such employee’s death.

To entitle any employee to compensation for occupational disease other than silicosis under the provisions hereof, the application therefor must be made on the form or forms prescribed by the commissioner and filed in the
office of the commissioner within two years from and
after the day on which the employee was last exposed to
the particular occupational hazard involved, or, in the
case of death, the application shall be filed as aforesaid
by the dependent of such employee within one year from
and after such employee's death.

Sec. 15-c. Nonmedical Questions Determined by Com-
missioner on Hearing of Claim for Occupational Diseases
Other Than Silicosis.—On the hearing of a claim for com-
pensation for an occupational disease other than silicosis,
the commissioner shall hear, determine and file findings
covering, but not limited to, the following nonmedical
questions:

(a) Whether the employee was in fact, within two
years prior to the filing of his claim, in the employ of the
employer, and, if so, the duration of such employment
and whether or not such employment was subject to the
provisions hereof.

(b) The occupation or occupations, process or proc-
esses, in which the employee was engaged during such
employment and the approximate periods of work in each
such occupation or process.

(c) The employments, previous and subsequent to the
employment out of which the claim arose, the duration
thereof and the exposure therein to the hazard causing the
occupational disease.

(d) Whether the last injurious exposure to the hazard
causing occupational disease in the employment with the
employer occurred within two years prior to the filing of
the claim, and if the employee is no longer in the service
of the employer, the date upon which such employee
ceased so to work; and, if the employee has died, the date
and place of such death, and the place of interment of
the body.

The parties may in writing waive the hearing required
by this section, in which case the commissioner shall de-
termine the nonmedical facts listed above, and such other
nonmedical facts as may in his opinion be pertinent to a
decision on the validity of the claim.
The commissioner shall give each interested party notice in writing of his findings with respect to all such nonmedical facts, and such findings shall be subject to objection and hearing as provided in section one, article five of this chapter.

WHEREAS, The State of West Virginia is desperately lacking in transportation facilities North and South; and

WHEREAS, U. S. Route 19 offers an ideal route for a North-South highway through this State, providing a fitting link in a highway leading from the Great Lakes to Florida; and

WHEREAS, Such a highway through the State from Morgantown to Beckley would start only 15 miles from the Pennsylvania Turnpike on the North and connect with improved highways to the South, portions of which are now being improved in the States of North Carolina, Georgia and Florida; and

WHEREAS, Such a route would accommodate a huge amount of traffic and transportation from East, West, North and South; and

WHEREAS, Route 19 through West Virginia serves many state institutions, including West Virginia University and its new Medical Center, Fairmont College and Weston State Hospital; and traverses an area rich in scenic and historical values, including the boyhood home of General Stonewall Jackson; and

WHEREAS, West Virginia is one of the most vital states in our National Defense due to its production of metallurgical coals and chemicals; and
WHEREAS, West Virginia is strategically located as a refuge for citizens of a large segment of the United States population in case of attack by foreign enemies, providing adequate transportation is available; therefore, be it

Resolved by the House of Delegates, the Senate concurring therein:

That we, the members of the Legislature of West Virginia, representing the two million citizens of this State, do hereby respectfully request the U. S. Bureau of Public Roads to allocate additional highway mileage for improvement or reconstruction of U. S. Route 19 through the State of West Virginia under the Federal Highway Act of 1956, thereby providing a vital link in a direct route from the Great Lakes to Florida and strengthening the National Defense System of the Nation; and, be it

Further Resolved, That the Clerk of the House of Delegates transmit a copy of this resolution to the President of the United States, the United States Bureau of Public Roads, the members of the Congress from the State of West Virginia, the Governor and the State Road Commissioner of West Virginia.

WHEREAS, The promotion of tourism has been extensively conducted through the West Virginia Industrial and Publicity Commission and the West Virginia Conservation Commission; and
WHEREAS, Certain areas of the State are suffering economic distress due to the lack of industry; and

WHEREAS, The company operated a logging railroad which extends from Cass into the wilderness of Cheat Mountain; and

WHEREAS, The railroad transcends a wilderness of sixty-six thousand acres which is reported to be the largest area of wilderness east of the Rocky Mountain range; and

WHEREAS, The scenic beauty of this mountain area is unsurpassed in West Virginia; and

WHEREAS, The mountain railroad used by the Mower Lumber Company is one of the few mountainous railroads left in the Nation; and

WHEREAS, The tourist potential in the area involved is virtually unlimited; and

WHEREAS, The Legislature of West Virginia has previously requested the Director of the Conservation Commission to make a study regarding the possibility of purchasing the railroad and its rolling stock; and

WHEREAS, It has been determined that the railroad and its rolling stock which includes two 1880 model steam Shay engines can be purchased if acted upon immediately; therefore, be it

Resolved by the House of Delegates, the Senate concurring therein:

That the Director of the Conservation Commission of West Virginia is hereby requested to negotiate for the purchase of approximately eleven miles of the railroad extending from the crossing near Leather Bark Run above the town of Cass to the vicinity of Bald Knob, to purchase the rolling stock of said railroad along with the available spare parts, to purchase land for the purpose of constructing thereon a shop and other needed improvements. It being the express intent of the Legislature
that the railroad be developed as a tourist attraction and recreational facility, the Director is requested to do any other thing necessary to the use of said railroad for the purpose of incorporating the same into the state park system in West Virginia.

HOUSE CONCURRENT RESOLUTION NO. 27

(By Mr. McCoy)
[Adopted March 4, 1961.]

Authorizing the purchase of land and the establishment of an educational facility and tourist attraction in connection with the U. S. Navy's giant telescope at the Naval Radio Research Station at Sugar Grove, Pendleton County.

WHEREAS, The United States Navy is now working on a project, staggering to the imagination, at Sugar Grove, Pendleton County—the construction of the world's largest radio telescope—a massive object weighing 20,000 tons and towering 660 feet into the sky, which, when completed, will be the largest fixed, movable structure ever built by man anywhere, and will enable space research experts to listen in on sounds originating 38 billion light-years away; and

WHEREAS, When the installation, which has been nicknamed the "Big Ear" by the Saturday Evening Post, is ready to begin listening to the sounds of outer space it will have cost more than $100,000,000; and is scheduled to be in operation by the middle of 1963, and by reason of its size and uniqueness of its mission will undoubtedly be a focal point of public interest and attention throughout the world; and

WHEREAS, Among the purposes of this installation are to listen to sounds from space, record and analyze them, to determine if sound patterns can be defined which might be classified as a language of some sort and to identify and analyze the different sounds in space, looking to the approaching era of space travel, as well as to conduct general space research and to complement our systems of military communication; and

WHEREAS, The location and mission of the installation offers an ideal opportunity to organize an educational undertaking
with tremendous impact on the space-consciousness of the American people, especially our younger people; and

WHEREAS, In order to take advantage of this educational opportunity, it is believed that the State of West Virginia should without delay promote the establishing of a suitable structure in the vicinity of the “Big Ear” to contain exhibits, visual aid devices, dioramas and sound reproduction materials, which structure should contain an auditorium and an interior decor which would reproduce the heavens and the relationship of the stellar bodies to one another, and into which could be cabled the sounds from the giant reflector; and

WHEREAS, Such a development would soon provide a tourist attraction that would dwarf anything within our country, and as the space program and the science of radio-astronomy develops serve as a growing identification between West Virginia and the challenging enterprise of the conquest of space; and

WHEREAS, Congressman John M. Slack, Jr., has advised that the Navy Department could lend appreciable assistance to creation of suitable interior furnishings for such a development; and

WHEREAS, It is the consensus that such a development should be located on state-owned property, controlled in the public interest under the administration of the State Parks Division of the Conservation Commission; therefore, be it

Resolved by the House of Delegates, the Senate concurring therein:

That the Director of Conservation, or such state officer as may be established hereafter having jurisdiction over State Parks, is hereby requested to explore immediately the possibility of purchasing land in Pendleton County for a site for a development as herein described; and that he is requested and urged upon finding a suitable location for said development to purchase land therefor, from any funds available for establishing parks and recreational facilities, and to expend funds for the construction and equipment of appropriate facilities on such land.

Sec. 6. Appointment and Removal of Officers.—The Governor shall nominate and, by and with the advice and consent of the Senate (a majority of all the Senators elected concurring by yeas and nays), appoint, to serve at the pleasure of the Governor during their terms of office and until the appointment and qualification of their successors, the heads of the principal departments which are under his supervision, whether the head be a single executive or members of a board, commission, or other body prescribed by law.

deem necessary, give to the Legislature information by message as to the condition and affairs of the State, and shall in like manner recommend such measures as he shall deem desirable or expedient.

Sec. 8. Extraordinary Legislative Session.—The Governor may convene the Legislature in extraordinary session whenever, in his opinion, the interest of the State requires it; and it shall be his duty to convene the Legislature on application in writing of three fifths of the members elected to each House. When convened at the Governor's instance, the Legislature shall enter upon no business except that stated in the proclamation by which it was convened.

Sec. 9. Legislature's Meeting Place.—The Governor may direct that sessions of the Legislature be held at some convenient place other than the seat of government whenever from the presence of an enemy, or from any other cause, it shall become an unsafe place for the meeting of the Legislature.

Sec. 10. Commander-in-Chief of Armed Forces.—The Governor shall be commander-in-chief of the armed forces of the State (except when they shall be called into the service of the United States), and may call the same out to enforce the execution of the laws, suppress insurrection, or repeal invasion.

Sec. 11. Executive Clemency.—The Governor shall have and may exercise general powers of executive clemency, including the power to commute capital punishment and other sentences, to grant reprieves, to remit fines and penalties in whole or in part, and except where the prosecution has been carried on by the House of Delegates, to grant full or conditional pardons after conviction. The Legislature may by law provide for a board composed of not more than three members, to be appointed by the Governor and to serve during his will and pleasure, to which board he may delegate any or all of his powers of executive clemency, except the power to commute capital punishment. The Governor or the board, as the case may be, shall report to each House of the Legislature at every regular session thereof, and at such other times as required by either House, the particulars of every case in which executive clemency has been granted since the last preceding report. The
report shall be in such form and detail as may be prescribed by law.

Sec. 12. Governor's Approval or Disapproval of Bills Passed by the Legislature.—Except as otherwise provided in this Constitution, every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the House in which it originated, which House shall enter the objections at large upon its journal, and may proceed to reconsider the bill. Upon such reconsideration, if a majority of the members elected to that House agree to pass the bill, it shall be sent, together with the objections of the Governor to the other House, by which it may likewise be reconsidered, and if approved by a majority of the members elected to that House, it shall become a law notwithstanding the objections of the Governor: Provided, That, if upon such reconsideration the bill be amended and reenacted, then it shall be again sent to the Governor and he shall act upon it as if it were before him for the first time. In all such cases, the vote of each House shall be determined by yeas and nays to be entered on the journal.

Any bill which shall not be returned by the Governor within five days, Sunday excepted, after it shall have been presented to him shall be a law, in the same manner as if he had signed it, unless the Legislature shall, by adjournment prevent its return; in which case it shall be filed with his objections in the office of an officer prescribed by law within fifteen days, Sundays excepted, after such adjournment, or become a law.

Sec. 13. Salaries of Elected Officers.—The Governor, Attorney General, Auditor, Commissioner of Agriculture, Secretary of State and Treasurer shall each receive for his services a salary to be fixed by law, which shall not be increased or diminished during his official term, and for the performance of any official duty he shall not receive to his own use any fees, costs, perquisites of office or compensation, except his salary. He shall account for and pay over in the manner provided by law all moneys collected by him by virtue of his office.

Sec. 14. Vacancy in Governorship; Judicial Determination.—In the event of a vacancy in the office of Governor resulting
from death, resignation or removal of a Governor in office, or
the death of a Governor-elect or his failure to qualify, or from
any other cause, the functions, powers, duties and emoluments
of the office shall devolve, first, upon the President of the
Senate; second, upon the Speaker of the House of Delegates;
and then upon such officers and in such order of succession as
may be provided by law; and in any of these cases, except as
otherwise provided herein, the person designated shall serve
until a successor shall be elected and qualified as herein pro-
vided.

The office of Governor shall be deemed vacant if the Supreme
Court of Appeals finds and declares that a Governor in office
is unable to discharge the duties of the office by reason of his
mental, physical, or other disability: Provided, however, That
such vacancy shall cease to exist if, prior to the election of a
person to fill the vacancy, the court shall find and declare that
the inability to discharge the duties of the office by reason of
his mental, physical or other disability has ceased to exist.

Upon the filing of a verified petition in writing by one third
of the members elected to each House of the Legislature, alleg-
ing valid and reasonable grounds for declaring the office of
Governor vacant or that the inability which created a vacancy
has ceased to exist, the Supreme Court of Appeals shall have
original jurisdiction, by quo warranto or other appropriate
proceedings, to hear and determine questions concerning a
vacancy in the office of Governor. The court may proceed to
hearing on such petition and make such findings and deter-
minations as may be warranted. Such proceedings shall have
precedence over all other matters before the court, and may be
heard in a regular or special term. In the event the court finds
that a vacancy does or does not exist, a mandate declaratory
thereof shall be issued by the court. The provisions of this
section may be implemented by rules of court, but no rule shall
impede or unnecessarily delay the expeditious hearing and
determination herein contemplated.

Sec. 15. Other Elective Office Vacancies.—In the event of a
vacancy in the office of Attorney General, Auditor, Commiss-
ioner of Agriculture, Secretary of State or Treasurer resulting
from death, resignation, or removal of the person in office, or
the death of the person elected to the office, or from any other cause, the Governor shall nominate and, by and with the advice and consent of the Senate (a majority of all the Senators elected concurring by yeas and nays), appoint a person to fill the vacancy. The appointee shall, upon qualifying, hold the office, unless he be removed, until his successor shall be appointed, or elected, and qualified.

Sec. 16. Elections to Fill Vacancies.—Whenever a vacancy shall occur in the office of Governor, Attorney General, Auditor, Commissioner of Agriculture, Secretary of State or Treasurer, a successor shall be elected to fill the unexpired term at the general election next succeeding the vacancy, unless the vacancy shall occur within sixty days immediately preceding such general election, in which case a successor shall not be elected to fill the unexpired term.

Notwithstanding the provisions of section three of this article, the returns of an election for any such officer for an unexpired term shall be directed to an officer prescribed by law who shall open and publish the returns, and declare the results in such manner as may be provided by law: Provided, however, That if two or more candidates have the highest and equal number of votes for the same office, one of them shall be chosen and declared elected to the office by joint vote of a majority of the members of both Houses of the Legislature in the regular or extraordinary session next succeeding the election.

Sec. 17. Vacancies Filled in Recess of Legislature.—In the event of a vacancy, during a recess of the Senate, in any office the appointment to which requires confirmation by the Senate, the Governor shall appoint a person to such office, who, upon qualifying, shall hold the office, unless he be removed, for the time herein provided.

The nomination of the person thus appointed during a recess shall be deemed made to the Senate by the Governor at the time of the appointment, unless the nomination be withdrawn by the Governor prior to confirmation by the Senate. A person so nominated, when confirmed by the Senate (a majority of all the Senators elected concurring by yeas and nays), shall hold the office during the remainder of the term, unless he be removed, and until his successor shall be appointed, or elected,
and qualified. If such an interim appointment is not confirmed, it shall expire upon the adjournment of the regular or extraordinary session of the Legislature next after the appointment or when the appointee has been rejected by the Senate, whichever shall first occur.

If a vacancy in any such office shall exist during a regular or extraordinary session of the Legislature, the Governor shall, if practicable, forward to the Senate before its adjournment the name of the person nominated to fill such vacancy.

No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall a person, whose nomination for an office failed to be confirmed, be eligible, prior to the next regular session of the Legislature, for an interim appointment to the same office.

Sec. 18. Budget and Supplementary Appropriation Bills.—The Legislature shall not appropriate any money out of the treasury except in accordance with the provisions of this section.

Sub-Section A—Appropriation Bills

(1) Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter provided.

Sub-Section B—Budget Bills

(2) Within ten days after the convening of the regular session of the Legislature in odd-numbered years, unless such time shall be extended by the Legislature, and on the second Wednesday of January in even-numbered years, the Governor shall submit to the Legislature a budget for the next ensuing fiscal year. The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of the fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding fiscal year; (b) the current assets, liabilities, reserves and surplus or
deficit of the State; (c) the debts and funds of the State; (d) an estimate of the State's financial condition as of the beginning and end of the fiscal year covered by the budget; (e) any explanation the Governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue.

(3) Each budget shall embrace an itemized estimate of the appropriations, in such form and detail as the Governor shall determine or as may be prescribed by law, (a) for the Legislature as certified to the Governor in the manner hereinafter provided; (b) for the executive department; (c) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (d) for payment and discharge of the principal and interest of any debt of the State created in conformity with the Constitution, and all laws enacted in pursuance thereof; (e) for the salaries payable by the State under the Constitution and laws of the State; (f) for such other purposes as are set forth in the Constitution and in laws made in pursuance thereof.

(4) The Governor shall deliver to the presiding officer of each House the budget and a bill for all the proposed appropriations of the budget clearly itemized and classified, in such form and detail as the Governor shall determine or as may be prescribed by law; and the presiding officer of each House shall promptly cause the bill to be introduced therein, and such bill shall be known as the "Budget Bill". The Governor may, with the consent of the Legislature, before final action thereon by the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both Houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein: Provided, however, That the Legislature shall not increase the estimate of revenues submitted in
the budget without the approval of the Governor: *Provided further*, That, except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or diminished during his term of office; and the bill when and as passed by both Houses shall be law immediately without further action by the Governor.

(6) The Governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for state moneys as have been designated by the Governor for this purpose, shall have the right, and when requested by either House of the Legislature it shall be their duty, to appear and be heard with respect to any budget bill, and to answer inquiries relative thereto.

**Sub-Section C—Supplementary Appropriation Bills**

(7) Neither House shall consider other appropriations for the next ensuing fiscal year until the budget bill for such year has been finally acted upon by both Houses, and no such other appropriations whether supplementing the budget for a current fiscal year or the next ensuing fiscal year, shall be valid except in accordance with the provisions following: (a) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called therein a supplementary appropriation bill; (b) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in the bill unless it appears from such budget that there is sufficient revenue available; (c) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section twelve of this article and thereafter all the provisions of that section shall apply.

**Sub-Section D—General Provisions**

(8) If the budget bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor shall issue a proclamation extending
the session for such further period as may, in his judgment, be necessary for the passage of the bill; but no matter other than the bill shall be considered during the extended session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the Governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the legislative department, certified by the presiding officer of each House, and for the judiciary, as provided by law, certified by the Auditor, shall be transmitted to the Governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(12) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section eight of this article, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(13) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

WHEREAS, Such salaries have not been changed in some instances, and in other instances have not been changed for some years, during a period of declining currency purchasing power; and

WHEREAS, New departments and commissions have been established, and the duties and responsibilities of certain other positions have grown markedly and become increasingly complicated while those of some have diminished, all without appropriate salary adjustments; and

WHEREAS, There is little correlation between salaries paid in the various departments; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance be hereby requested and directed to make a thorough study of the salaries of all elected and appointed state officials to ascertain what adjustments in such salaries should be made; and, be it

Resolved Further, That the conclusions and recommendations which may result from this study and appropriate bills embodying such recommendations be submitted to the next session of the Legislature; and, be it

SENATE CONCURRENT RESOLUTIONS

whether it would be to the best interest of the State to become a self-insurer.

WHEREAS, It is apparent that the State is spending thousands of dollars each year in insurance premiums; and

WHEREAS, There has been no recent study of amounts expended by the State for insurance premiums and no readily available information which would disclose such amounts; and

SENATE CONCURRENT RESOLUTION NO. 18

(By Mr. Jackson)

[Adopted February 28, 1961.]

Requesting and directing the Joint Committee on Government and Finance to make a study of all special revenue fund accounts of the State and to submit a report and its recommendations thereon.
WHEREAS, Over the years numerous special revenue fund accounts have been established; and

WHEREAS, There appears to be considerable idle capital in these special revenue fund accounts; and

WHEREAS, Both the legislative and the executive branches of the government have lost a measure of control over such accounts, in that only a blanket appropriation has been made of such funds, in most instances, and balances have been allowed to accumulate in sizable sums; and

WHEREAS, To accumulate balances in this manner without specific authority is not in keeping with the principles of budgeting in our government which aims at a balance of expenditures with receipts for each appropriation period and does not contemplate accumulation; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance be hereby requested and directed to make a thorough study of all special revenue fund accounts and report all such accounts in existence during the current fiscal year; the balance in each of such accounts as of the end of the preceding fiscal year; the receipts and disbursements respecting each of such accounts during the current fiscal year; the balances therein as of the end of the current fiscal year; a detailed statement respecting the sources of such funds and the purposes for which sums were expended therefrom during the current fiscal year, together with its recommendations as to whether such accounts, or any of them, should be altered, eliminated, or transferred to general revenue; and, be it

Resolved Further, That the conclusions and recommendations which may result from this study be made to the regular session of the Legislature, one thousand nine hundred sixty-two; and, be it

Resolved Further, That the expenses necessary to conduct this study and to make the necessary report be paid from legislative appropriations made to the Joint Committee on Government and Finance.
SENATE CONCURRENT RESOLUTIONS

SENATE CONCURRENT RESOLUTION NO. 23
(By Mr. Carson, Mr. President, and Mr. McCourt)
[Adopted March 7, 1961.]

Requesting and directing the Joint Committee on Government and Finance and the Commission on Interstate Cooperation to conduct such studies as may be necessary to enable them to make a comprehensive report on all matters relating to the replacement of our state’s business and occupation tax and transportation privilege tax with a corporate net income tax, and to make recommendations on this and related phases of our tax structure.

WHEREAS, The West Virginia “business and occupation tax” and “transportation privilege tax”, more commonly referred to as “gross sales tax”, is the largest single source of state revenue, producing around fifty million dollars per year; and

WHEREAS, The gross sales tax is levied on total income based upon total sales, receipts, or production, with no deduction allowed for expenses, depreciation, etc.; and

WHEREAS, A corporate net income tax is based upon the net receipts after deduction for all expenses; and

WHEREAS, The West Virginia State Tax Study Commission in its appraisal of West Virginia’s gross sales tax found that the tax varies widely among industries when converted to an average net profit rate and as between the same type of industries even though the gross rate is the same; and

WHEREAS, Dr. Vance Q. Alvis, associate professor of economics, College of Commerce, West Virginia University, in his report “Impact of West Virginia Gross Receipts Tax”, observes that the impact of the gross receipts tax tends to be heavier upon smaller than upon larger firms; and that it is likely that the tax imposes a greater burden upon new firms, than would some other types of taxes; and

WHEREAS, Thirty-three states have corporate net income taxes in effect with rates ranging from one per cent to eight and eight-tenths per cent; and
WHEREAS, The West Virginia State Tax Study Commission in its report of November, 1960, recommended that a continued study of the tax structure be made in order to properly evaluate the changes recommended in its report and in order to make any further necessary adjustments in the tax structure in light of developments and changes in the state's economic condition; and

WHEREAS, The Legislature at this session has passed and the Governor has signed into law the "West Virginia Personal Income Tax Act" which imposes a tax upon the incomes of individuals, estates and trusts measured by a per centum of the federal income tax; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance and the Commission on Interstate Cooperation be and they are hereby authorized and directed to conduct such studies as may be necessary to enable them to make a comprehensive report on all matters related to the replacement of our state's business and occupation tax and transportation privilege tax with a corporate net income tax, and to make recommendations on this and related phases of our tax structure; and, be it

Resolved Further, That the Joint Committee on Government and Finance and the Commission on Interstate Cooperation shall make a full and complete report of its studies and findings, together with its recommendations for legislative or other action, to the Legislature on or before January one, one thousand nine hundred sixty-two; and, be it

Resolved Further, That the Joint Committee on Government and Finance and the Commission on Interstate Cooperation be authorized to employ such assistants as they may deem necessary and advisable, and to fix reasonable compensation and expenses of such persons as may seem reasonable; and, be it

Resolved Further, That the expenses necessary to conduct the study and to make the necessary report and recommendations be paid from legislative appropriations made to the Joint Committee on Government and Finance and the Commission on Interstate Cooperation.
SENATE CONCURRENT RESOLUTION NO. 25
(By Mr. Carrigan and Mr. McKown)
[Adopted March 8, 1961.]

Requesting and directing the Joint Committee on Government and Finance to study a system for the distribution of state aid to public schools, and associated problems.

WHEREAS, The present system for the distribution of state aid to public schools has been in existence and use for a number of years; and

WHEREAS, Since the adoption of the present distribution system for said state aid, various other laws, including the property revaluation program, penalty provisions for failure to meet local share and other similar laws, have been enacted which have radically affected the basic concept of the original distribution system; and

WHEREAS, By reason of the various enactments subsequent to the passage of the present state aid distribution system, which have affected the basic concept of said system, it has become impractical and impossible to determine whether the present system adequately meets the basic foundation needs of the public school system of this State, and the system has been under criticism from various interested groups of citizens; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance of this Legislature is requested and directed to conduct a study dealing with all phases of the school foundation program for public education, both on the state and local level, and determine whether or not the present system can be properly revised to meet changing social and economic conditions of this State; what changes are required in the property appraisal program and other programs which may affect the basic foundation program for public schools and other matters relating thereto; and said joint committee shall report to the Legislature not later than the end of the second week of the regular session of said Legislature convening in January, one thousand nine hundred sixty-three, together with such recommendations and reports of their findings.
Directing the Joint Committee on Government and Finance to conduct a study of the system of the care, custody, control, supervision and maintenance of persons confined in the state penal and correctional institutions and the system of the control, correction and recommittal of delinquents released therefrom on parole, and the establishment of a Department of Corrections.

WHEREAS, An adequate system of care, custody, control, maintenance and supervision of persons incarcerated in the state penal and correctional institutions as well as the control, supervision, correction and recommittal of such persons on parole is essential to the well-being of the State; and

WHEREAS, Cognizant of the importance of a good system of care, custody, control, supervision, and maintenance of persons incarcerated in the state penal and correctional institutions as well as the control, correction and recommittal of such persons on parole being essential to the well-being of society and many citizens feeling that the existing system is inadequate and could be vastly and vitally improved by the creation of a Department of Corrections to better effectuate such purposes; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance is hereby directed to make a thorough study and investigation of the system of the care, custody, control, supervision and maintenance of persons incarcerated in the state penal and correctional institutions as well as the system of control, supervision, correction and recommittal of such persons on parole, and make findings and recommendations to the Legislature, especially with reference to the establishment of a Department of Corrections to better the system of incarceration and correction of delinquents as aforesaid.

The committee shall make such report to members of the Legislature from time to time as it shall deem advisable, and
shall, on or before the date of the convening of the Legislature at its regular session in January, 1962, make an interim report to members of the Legislature embracing its findings and recommendations to that time. SENATE CONCURRENT RESOLUTION NO. 5

(By Mr. Martin)
[Adopted October 5, 1960.]

Memorializing Congress for legislation covering medical insurance for the aged.

WHEREAS, This Legislature, assembled in extraordinary session, urges the Congress of the United States to enact legisla-
tion extending the social security system to include medical
insurance for the aged; and

WHEREAS, Unless such a program of self-financed insurance
is adopted, the State of West Virginia will have an increasingly
large and costly burden in paying for the care of the medically
needy as this group can grow in size, and the cost of medical
care will rise as long as it is purely a welfare program; and

WHEREAS, On the other hand, the social security method will
allow the ordinary person to pay a small premium and have a
paid-up medical insurance policy on retirement as a matter of
earned right, which will reduce the number who will require
assistance on a "needs" test and place the whole program on a
sound fiscal basis; therefore, be it

Resolved by the Senate, the House of Delegates concurring
therein:

That in this manner a very important and very difficult prob-
lem of our senior citizens could be met and solved, with em-
phasis on dignity and self-reliance rather than charity and de-
pendence; and this Legislature of West Virginia, assembled in
extraordinary session, does hereby request legislation for such
medical insurance for the aged on the part of the Congress.

D. If it does not appear to the commissioner that the item is such as to warrant the proposed claims for it or if the item and its labeling and other material required to be submitted do not comply with the provisions of this article, he shall notify the registrant of the manner in which the item, labeling, or other material required to be submitted fails to comply with this article so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the item be registered, a review of this matter may be brought before a board of review.

1. The board of review shall consist of five individual members.

a. Two of these members shall be appointed by the dean of the college of agriculture, forestry and home economics of West Virginia University.

That members appointed for any reason whatsoever to fill an unexpired term in the House of Delegates of the West Virginia Legislature at the first extraordinary session, 1961, commencing on June 14th, 1961, shall receive as compensation for services rendered the sum of thirty-five dollars per day for each and every day the Legislature is in session; and, be it

Further Resolved, That such compensation shall not exceed one thousand five hundred dollars for any one calendar year, together with the travel expense hereinabove authorized; and, be it

Further Resolved, That if any member appointed to fill an unexpired term shall serve for a full calendar year, then said member shall be compensated in the same manner as duly elected members are compensated; and, be it

Further Resolved, That in adopting this resolution and authorizing payment to members of the House of Delegates appointed to fill unexpired terms, the Legislature finds and declares that a moral obligation exists on the part of the State of West Virginia to compensate members appointed to fill unexpired terms for the services rendered by said members.
Requesting the Joint Committee on Government and Finance to make a study of procedures and practices of the Division of Purchases of the Department of Finance and Administration and report to the Legislature thereon.

WHEREAS, Recently the press has carried a number of stories indicating that in several instances purchases by the Division of Purchases of the Department of Finance and Administration of commodities, supplies and equipment have not been made from the lowest bidder and in some instances purchases have been made without obtaining competitive bids; and

WHEREAS, The Attorney General of West Virginia has recently been quoted by the press as inviting the public to report on instances of irregularities in the conduct of the state government to the appropriate public officials in order that necessary steps may be taken to eliminate or correct any improper practices or procedures; and

WHEREAS, The Legislature hereby declares its willingness to cooperate with the Executive Department in the enactment of any legislation needed to safeguard the interests of the State in the purchasing of commodities, supplies and equipment; therefore, be it

Resolved by the House of Delegates, the Senate concurring therein:

That the Joint Committee on Government and Finance is hereby requested to immediately make a study of procedures and practices of the Division of Purchases of the Department of Finance and Administration in connection with purchases for the State and its agencies and of the law governing such purchases; and that said Committee report its findings and recommendations to the 1962 session of the Legislature; and, be it

Further Resolved, That any irregularities that may be discovered during the course of the study shall immediately be transmitted to the Honorable William Wallace Barron, Governor, for his information and appropriate action.
SENATE CONCURRENT RESOLUTION

SENATE CONCURRENT RESOLUTION NO. 5
(By Mr. Moreland)

[Adopted June 16, 1961.]

Directing the Joint Committee on Government and Finance to conduct a study of the West Virginia Merit System Council in regard to its policies, procedures; and, especially, the method used in arriving at various job specifications for the qualification of applicants.

WHEREAS, The Legislature by Chapter 108, Acts of the Legislature of West Virginia, one thousand nine hundred forty-seven, created a Merit System Council with powers, among others, to establish policies for the administration of the merit system; and

WHEREAS, It appears that in many cases, prerequisites by way of education or training are such that few applicants are eligible to apply for such jobs; and

WHEREAS, It appears that little, if any, consideration is given to the available pay for such job positions at the time the specifications and requirements for education and work training are established, so that people who do meet the specified requirements are not willing to work at the available pay rate; and

WHEREAS, The Legislature in regular session, one thousand nine hundred sixty-one, established a West Virginia Civil Service Commission to supersede the Merit System Council; and

WHEREAS, In order that such commission shall not continue what appears possibly to be impractical policies; therefore, be it

Resolved by the Senate, the House of Delegates concurring therein:

That the Joint Committee on Government and Finance be hereby directed to make a thorough study and investigation of the merit system in order to determine the soundness and reasonableness of its policies, practices and procedures in view of the particular circumstances prevailing in the State of West Virginia. The committee shall make such a report to the members of the Legislature from time to time as it deems advisable and shall, before convening of the Legislature, regular session,
one thousand nine hundred sixty-two, make an interim report
to the members of the Legislature embracing its findings and
recommendations at that time.

On or before the date of the convening of the Legislature,
regular session, one thousand nine hundred sixty-two, the com-
mittee shall make a final report to the members of the Legis-
lature; and shall include in such report such findings and
recommendations as it deems pertinent, including drafts of any
such proposed legislation that will be necessary to carry the
recommendations of the committee into effect.

Sec. 6. Appointment and Removal of Officers.—The Governor shall nominate and, by and with the advice and consent of the Senate (a majority of all the Senators elected concurring by yeas and nays), appoint, to serve at the pleasure of the Governor during their terms of office and until the appointment and qualification of their successors, the heads of the principal departments which are under his supervision, whether the head be a single executive or members of a board, commission, or other body prescribed by law.

Without such advice and consent, unless otherwise provided by law, the Governor shall also appoint all other officers whose offices are established by this Constitution or shall be created by law and whose appointment or election is not otherwise provided; and no such officers, except officers of the Legislature, shall be appointed or elected by the Legislature. Except as otherwise provided by general laws, such officers shall serve at the pleasure of the Governor. He shall also have the power to remove any officer, in the manner prescribed by law, for incompetency, neglect of duty, gross immorality, malfeasance in office, or official misconduct. The Governor shall fill any vacancies in such offices in the manner prescribed by law. Unless removed, such officers shall continue to serve until their successors are appointed and qualified.

Sec. 7. Governor’s Messages.—The Governor shall, at the beginning of each session, and at such other time as he may deem necessary, give to the Legislature information by message as to the condition and affairs of the State, and shall in like manner recommend such measures as he shall deem desirable or expedient.

Sec. 8. Extraordinary Legislative Session.—The Governor may convene the Legislature in extraordinary session whenever, in his opinion, the interest of the State requires it; and it shall be his duty to convene the Legislature on application in writing of three fifths of the members elected to each House. When convened at the Governor’s instance, the Legislature shall enter upon no business except that stated in the proclamation by which it was convened.
Sec. 9. Legislature's Meeting Place.—The Governor may direct that sessions of the Legislature be held at some convenient place other than the seat of government whenever from the presence of an enemy, or from any other cause, it shall become an unsafe place for the meeting of the Legislature.

Sec. 10. Commander-in-Chief of Armed Forces.—The Governor shall be commander-in-chief of the armed forces of the State (except when they shall be called into the service of the United States), and may call the same out to enforce the execution of the laws, suppress insurrection, or repel invasion.

Sec. 11. Executive Clemency.—The Governor shall have and may exercise general powers of executive clemency, including the power to commute capital punishment and other sentences, to grant reprieves, to remit fines and penalties in whole or in part, and except where the prosecution has been carried on by the House of Delegates, to grant full or conditional pardons after conviction. The Legislature may by law provide for a board composed of not more than three members, to be appointed by the Governor and to serve during his will and pleasure, to which board he may delegate any or all of his powers of executive clemency, except the power to commute capital punishment. The Governor or the board, as the case may be, shall report to each House of the Legislature at every regular session thereof, and at such other times as required by either House, the particulars of every case in which executive clemency has been granted since the last preceding report. The report shall be in such form and detail as may be prescribed by law.

Sec. 12. Governor's Approval or Disapproval of Bills Passed by the Legislature.—Except as otherwise provided in this Constitution, every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the House in which it originated, which House shall enter the objections at large upon its journal, and may proceed to reconsider the bill. Upon such re-
consideration, if a majority of the members elected to
that House agree to pass the bill, it shall be sent, together
with the objections of the Governor to the other House,
by which it may likewise be reconsidered, and if approved
by a majority of the members elected to that House, it
shall become a law notwithstanding the objections of
the Governor: Provided, That, if upon such reconsider-
ation the bill be amended and reenacted, then it shall
be again sent to the Governor and he shall act upon it
as if it were before him for the first time. In all such
cases, the vote of each House shall be determined by
yeas and nays to be entered on the journal.

Any bill which shall not be returned by the Governor
within five days, Sunday excepted, after it shall have
been presented to him, shall be a law, in the same manner
as if he had signed it, unless the Legislature shall, by
adjournment, prevent its return; in which case it shall
be filed with his objections in the office of an officer pre-
scribed by law within fifteen days, Sundays excepted,
after such adjournment, or become a law.

Sec. 13. Salaries of Elected Officers.—The Governor,
Attorney General, Auditor, Commissioner of Agriculture,
Secretary of State and Treasurer shall each receive for
his services a salary to be fixed by law, which shall not
be increased or diminished during his official term, and
for the performance of any official duty he shall not re-
ceive to his own use any fees, costs, perquisites of office
or compensation, except his salary. He shall account for
and pay over in the manner provided by law all moneys
collected by him by virtue of his office.

Sec. 14. Vacancy in Governorship; Judicial Determina-
tion.—In the event of a vacancy in the office of Governor
resulting from death, resignation or removal of a Governor
in office, or the death of a Governor-elect or his failure
to qualify, or from any other cause, the functions, powers,
duties and emoluments of the office shall devolve, first,
upon the President of the Senate; second, upon the
Speaker of the House of Delegates; and then upon such
officers and in such order of succession as may be pro-

The office of Governor shall be deemed vacant if the Supreme Court of Appeals finds and declares that a Governor in office is unable to discharge the duties of the office by reason of his mental, physical, or other disability: Provided, however, That such vacancy shall cease to exist if, prior to the election of a person to fill the vacancy, the court shall find and declare that the inability to discharge the duties of the office by reason of his mental, physical or other disability has ceased to exist.

Upon the filing of a verified petition in writing by one third of the members elected to each House of the Legislature, alleging valid and reasonable grounds for declaring the office of Governor vacant or that the inability which created a vacancy has ceased to exist, the Supreme Court of Appeals shall have original jurisdiction, by quo warranto or other appropriate proceedings, to hear and determine questions concerning a vacancy in the office of Governor. The court may proceed to hearing on such petition and make such findings and determinations as may be warranted. Such proceedings shall have precedence over all other matters before the court, and may be heard in a regular or special term. In the event the court finds that a vacancy does or does not exist, a mandate declaratory thereof shall be issued by the court. The provisions of this section may be implemented by rules of court, but no rule shall impede or unnecessarily delay the expeditious hearing and determination herein contemplated.

Sec. 15. Other Elective Office Vacancies.—In the event of a vacancy in the office of Attorney General, Auditor, Commissioner of Agriculture, Secretary of State or Treasurer resulting from death, resignation, or removal of the person in office, or the death of the person elected to the office, or from any other cause, the Governor shall nominate and, by and with the advice and consent of the Senate (a majority of all the Senators elected concurring by yeas and nays), appoint a person to fill the
Sec. 16. Elections to Fill Vacancies.—Whenever a vacancy shall occur in the office of Governor, Attorney General, Auditor, Commissioner of Agriculture, Secretary of State or Treasurer, a successor shall be elected to fill the unexpired term at the general election next succeeding the vacancy, unless the vacancy shall occur within sixty days immediately preceding such general election, in which case a successor shall not be elected to fill the unexpired term.

Notwithstanding the provisions of section three of this article, the returns of an election for any such officer for an unexpired term shall be directed to an officer prescribed by law who shall open and publish the returns, and declare the results in such manner as may be provided by law: Provided, however, That if two or more candidates have the highest and equal number of votes for the same office, one of them shall be chosen and declared elected to the office by joint vote of a majority of the members of both Houses of the Legislature in the regular or extraordinary session next succeeding the election.

Sec. 17. Vacancies Filled in Recess of Legislature.—In the event of a vacancy, during a recess of the Senate, in any office the appointment to which requires confirmation by the Senate, the Governor shall appoint a person to such office, who, upon qualifying, shall hold the office, unless he be removed, for the time herein provided.

The nomination of the person thus appointed during a recess shall be deemed made to the Senate by the Governor at the time of the appointment, unless the nomination be withdrawn by the Governor prior to confirmation by the Senate. A person so nominated, when confirmed by the Senate (a majority of all the Senators elected concurring by yeas and nays), shall hold the office during the remainder of the term, unless he be removed, and until his successor shall be appointed, or elected, and qualified. If such an interim appointment is not confirmed, it shall expire upon the adjournment of the regular or
extraordinary session of the Legislature next after the appointment or when the appointee has been rejected by the Senate, whichever shall first occur.

If a vacancy in any such office shall exist during a regular or extraordinary session of the Legislature, the Governor shall, if practicable, forward to the Senate before its adjournment the name of the person nominated to fill such vacancy.

No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall a person, whose nomination for an office failed to be confirmed, be eligible, prior to the next regular session of the Legislature, for an interim appointment to the same office.

Sec. 18. Budget and Supplementary Appropriation Bills.
—The Legislature shall not appropriate any money out of the treasury except in accordance with the provisions of this section.

Sub-Section A—Appropriation Bills

(1) Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter provided.

Sub-Section B—Budget Bills

(2) Within ten days after the convening of the regular session of the Legislature in odd-numbered years, unless such time shall be extended by the Legislature, and on the second Wednesday of January in even-numbered years, the Governor shall submit to the Legislature a budget for the next ensuing fiscal year. The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of the fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding
fiscal year; (b) the current assets, liabilities, reserves and surplus or deficit of the State; (c) the debts and funds of the State; (d) an estimate of the State's financial condition as of the beginning and end of the fiscal year covered by the budget; (e) any explanation the Governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue.

(3) Each budget shall embrace an itemized estimate of the appropriations, in such form and detail as the Governor shall determine or as may be prescribed by law, (a) for the Legislature as certified to the Governor in the manner hereinafter provided; (b) for the executive department; (c) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (d) for payment and discharge of the principal and interest of any debt of the State created in conformity with the Constitution, and all laws enacted in pursuance thereof; (e) for the salaries payable by the State under the Constitution and laws of the State; (f) for such other purposes as are set forth in the Constitution and in laws made in pursuance thereof.

(4) The Governor shall deliver to the presiding officer of each House the budget and a bill for all the proposed appropriations of the budget clearly itemized and classified, in such form and detail as the Governor shall determine or as may be prescribed by law; and the presiding officer of each House shall promptly cause the bill to be introduced therein, and such bill shall be known as the 'Budget Bill'. The Governor may, with the consent of the Legislature, before final action thereon by the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both Houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.
(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein: Provided, however, That the Legislature shall not increase the estimate of revenues submitted in the budget without the approval of the Governor: Provided further, That, except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or diminished during his term of office; and the bill when and as passed by both Houses shall be law immediately without further action by the Governor.

(6) The Governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for state moneys as have been designated by the Governor for this purpose, shall have the right, and when requested by either House of the Legislature it shall be their duty, to appear and be heard with respect to any budget bill, and to answer inquiries relative thereto.

Sub-Section C—Supplementary Appropriation Bills

(7) Neither House shall consider other appropriations for the next ensuing fiscal year until the budget bill for such year has been finally acted upon by both Houses, and no such other appropriations whether supplementing the budget for a current fiscal year or the next ensuing fiscal year, shall be valid except in accordance with the provisions following: (a) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called therein a supplementary appropriation bill; (b) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in the bill unless it appears from such budget that there is sufficient revenue available; (c) no supplementary appropriation bill shall become a law unless it be passed in each House by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section twelve.
of this article and thereafter all the provisions of that
section shall apply.

Sub-Section D—General Provisions

(8) If the budget bill shall not have been finally acted
upon by the Legislature three days before the expiration
of its regular session, the Governor shall issue a proclama-
tion extending the session for such further period as may,
in his judgment, be necessary for the passage of the bill;
but no matter other than the bill shall be considered dur-
ing the extended session except a provision for the cost
thereof.

(9) For the purpose of making up the budget, the Gov-
ernor shall have the power, and it shall be his duty, to
require from the proper state officials, including herein
all executive departments, all executive and administra-
tive officers, bureaus, boards, commissions and agencies
expending or supervising the expenditure of, and all in-
stitutions applying for state moneys and appropriations,
such itemized estimates and other information, in such
form and at such times as he shall direct. The estimates
for the legislative department, certified by the presiding
officer of each House, and for the judiciary, as provided
by law, certified by the Auditor, shall be transmitted to
the Governor in such form and at such times as he shall
direct, and shall be included in the budget.

(10) The Governor may provide for public hearings
on all estimates and may require the attendance at such
hearings of representatives of all agencies and all insti-
tutions applying for state moneys. After such public
hearings he may, in his discretion, revise all estimates
except those for the legislative and judiciary departments.

(11) The Legislature may, from time to time, enact
such laws, not inconsistent with this section, as may be
necessary and proper to carry out its provisions.

(12) In the event of any inconsistency between any of
the provisions of this section and any of the other pro-
visions of the Constitution, the provisions of this section
shall prevail. But nothing herein shall be construed as
preventing the Governor from calling extraordinary ses-

sions of the Legislature, as provided by section eight of
this article, or as preventing the Legislature at such ex-
traordinary sessions from considering any emergency ap-
propriation or appropriations.
(13) If any item of any appropriation bill passed under
the provisions of this section shall be held invalid upon
any ground, such invalidity shall not affect the legality
of the bill or of any other item of such bill or bills.”

(A) Industrial development projects to be established.

1. The authority shall have first determined that the industrial development agency holds funds in an amount equal to, or property of a value equal to, not less than twenty per cent of the estimated cost of establishing the industrial development project, which funds or property are available for and shall be applied to the establishment of such project; and

2. The authority shall have also determined that the industrial development agency has obtained from other independent and responsible sources, such as banks and insurance companies or otherwise, a firm commitment for all other funds, over and above the loan of the authority and such funds or property as the industrial development agency may hold, necessary for payment of all the estimated cost of establishing the industrial development project, and that the sum of all these funds is adequate to insure completion and operation of the industrial development project.

(B) Industrial development projects established with initial authority loan participation.

1. The authority shall have first determined that the industrial development agency has expended funds in an amount equal to, or has applied property of a value equal to, not less than twenty per cent of the cost of establishing the industrial development project; and

2. The authority shall have also determined that the industrial development agency obtained from other independent and responsible sources, such as banks and insurance companies or otherwise, other funds necessary for payment of all the cost of establishing the industrial development project, and that the industrial development
agency participation and these funds, has been adequate
to insure completion and operation of the industrial de-
velopment project: *Provided, however, That the proceeds
of any loan made by the authority to the industrial de-
velopment agency pursuant to this subsection (B) shall
be used only for the establishment of additional indus-
trial development projects in furtherance of the public
purposes of this article.

Any such loan of the authority shall be for such period
of time and shall bear interest at such rate as shall be
determined by the authority and shall be secured by
bond of the industrial development agency and by deed
of trust on the industrial development project for which
such loan was made, such deed of trust to be second and
subordinate only to the deed of trust securing the first
lien obligation issued to secure the commitment of funds
from the aforesaid independent and responsible sources
and used in the financing of the industrial development
project.

Moneys so loaned by the authority to industrial de-
velopment agencies shall be withdrawn from the indus-
trial development fund and paid over to the industrial
development agency in such manner as shall be provided
and prescribed by the rules and regulations of the au-
thority.

All payments of interest on said loans and the principal
thereof shall be deposited by the authority in the indus-
trial development fund.

Loans by the authority to an industrial development
agency for an industrial development project shall be
made only in the manner and to the extent as in this
section provided, except, however, in those instances
wherein an agency of the federal government participates
in the financing of an industrial development project by
loan, grant or otherwise of federal funds. When any
federal agency does so participate the authority may
adjust the required ratios of financial participation by
the industrial development agency, the source of inde-
pendent funds, and the authority in such manner as to
insure the maximum benefit available to the industrial
development agency, the authority, or both, by the par-
Provided, however, That no such adjustment of such ratios shall cause the authority to grant a loan to the industrial development agency in excess of thirty per cent of the cost or estimated cost of the industrial development project.

Where any federal agency participating in the financing of an industrial development project is not permitted to take as security for such participation a deed of trust the lien of which is junior to the deed of trust of the authority, the authority shall, in such instances, be authorized to take as security for its loan to the industrial development agency a deed of trust junior in lien to that of the federal agency.

Sec. 9. Industrial Development Fund.—There is hereby created a special account in the treasury of the state to be known as the industrial development fund to which shall be accredited any appropriation made by the Legislature to the authority, as well as such other deposits as in this section provided.

As often as may be necessary, the authority shall requisition from the industrial development fund such amounts as may be necessary to provide adequate funds for the payment of the administration of the purposes of this article. And whenever the authority determines it to be necessary to purchase, at a foreclosure sale, any industrial development project pursuant to section six (p) of this article, in order to protect any loan theretofore made by the authority, the authority may requisition from the industrial development fund such amount as may be necessary to pay the purchase price thereof, notwithstanding the fact that the purchase price may exceed thirty per cent of the original cost of the industrial development project.

The authority shall also requisition, from time to time, from the industrial development fund such amounts as shall be allocated and appropriated by the authority for loans to industrial development agencies for industrial development projects. When and as the amounts so allocated and appropriated by the authority as loans to industrial development agencies are repaid to the authority
pursuant to the terms of the mortgages and other agreements made and entered into by the authority, the authority shall pay such amounts into the industrial development fund, it being the intent of this article that the industrial development fund shall operate as a revolving fund whereby all appropriations and payments made thereto may be applied and reapplied to the purposes of this article.

Whenever the authority shall determine that the balance in the industrial development fund is in excess of the immediate requirements for loan purposes it may request that such excess funds be invested until needed for loan purposes, in which case such excess funds shall be invested in the manner provided for the investment of other temporary state funds. All interest earned on the money invested pursuant to this section shall be credited to the industrial development fund.

At any time that the authority shall determine that funds held for the credit of the industrial development fund are in excess of the amount needed by the authority to carry out the purposes of this article, the authority shall take such action as shall be required to release such excess from the industrial development fund and transfer the same to the general fund of the state treasury.

Sec. 11. Moneys of the Authority.—All moneys accruing to the authority from whatever source derived, except legislative appropriations, shall be collected and received by the treasurer of the authority, who shall pay same into the state treasury in the manner required by section two, article two, chapter twelve of the code of West Virginia, as amended, which shall be credited to the special revolving account known as the industrial development fund.

Be it enacted by the Legislature of West Virginia:

That sections two, five and nine, article one, chapter fifty-four of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Article 1. Right of Eminent Domain.

Section 2. Public Uses for Which Private Property May Be Taken or Damaged.—The public uses for which private property may be taken or damaged are as follows:

and the operation and maintenance thereof, by gas public
utilities selling natural gas at retail in West Virginia for
the injection, storage and removal of natural gas in sub-

by previous exploration of the stratum sought to be con-
demned and within the limits of the reservoir proposed to
be utilized for such purposes, has ceased to produce or
has been proved to be nonproductive of oil and/or gas in
substantial quantities, when for public use, the extent of
the area to be acquired for such purpose to be determined
by the court on the basis of reasonable need therefor.
Nothing in this subsection shall be construed to interfere
with the power of the state and its political subdivisions
to enact and enforce ordinances and regulations deemed

the effects of explosions of oil or gas;

(d) For constructing, maintaining and operating, water
plants and systems, including lines for transporting water

That the common carrier engages in some intrastate ac-
tivity in this state, if there is any reasonable demand
therefor: Provided, however, That, in addition to all other
requisites by federal or state constitutions, statute or
common law required for the taking of private property
for public use, a further prerequisite and condition
precedent to the exercise of such taking of or damage to
private property for public use as in this subsection hereinabove provided, is that the public service commission of this state, in an appropriate hearing and proceeding on due notice to all interested persons, firms or corporations, in accordance with the procedure now or hereafter established by statute and the regulations thereunder, shall have found that such pipeline transportation of coal and its derivatives and all mixtures and combinations thereof is required for the public convenience and necessity, and that the public service commission of this state shall not extend a certificate of convenience and necessity or make such finding of public convenience and necessity unless, in addition to the other facts required to support such finding, it shall have been established by the applicant therefor that the patents and other similar rights under which the applicant proposes to construct, maintain or operate such pipe line, plants, systems and storage facilities shall be and shall remain equally available, insofar as said subsequent applicant may determine such availability, upon fair and reasonable terms, to other bona fide applicants seeking a certificate of convenience and necessity and finding of fact for any other pipe line in West Virginia; for the purpose of making the findings hereinbefore set forth the public service commission shall have and exercise jurisdiction, and that the aforesaid findings in this proviso above set forth shall be subject to judicial review as in other public service commission proceedings.

It is the intention of the Legislature in amending this section by the addition of subsection (1) as set forth above to extend the right of eminent domain to coal pipe lines for public use; to provide for regulation of such coal pipe lines by the public service commission of this state or the interstate commerce commission of the United States of America, or both; to assure that such rights shall be extended only to public utilities or common carriers as distinguished from private carriers or contract carriers; to make patents covering the same equally available to others on fair and reasonable terms; and to prevent monopolistic use of coal pipe lines by any users thereof which would result in any appreciable economic detri-
Sec. 5. Restrictions as to Dwelling Houses.—No line for
the transportation of natural or artificial gas under pres-
sure or for the transportation of petroleum oil or for the
transportation of coal and its derivatives and mixtures and
combinations thereof with any substance, and no tank
for storing oil or natural gas, shall be laid or constructed
within one hundred feet of any occupied dwelling house,
without the consent of the owner. This section shall not
apply to the territory within municipal corporations.

Sec. 9. Crossings, Connections or Alteration of Works;
Civil Action.—If any railroad, canal company, company
organized for the purpose of transporting carbon oil or
natural or manufactured gas, or both, by means of pipes
or otherwise, company organized for the purpose of trans-

or otherwise, telephone or telegraph company, company
operating an electric transmission line, the state road com-

struction of its work, or any branch or siding thereof, to
cross any other railroad, canal, pipe line, any state or other
public road at grade or otherwise, telephone or telegraph
line or electric transmission line, it may do so, provided
its works be so constructed as not to impede the passage
or transportation of persons, property, or commodities
along, over or through the same. If any such company
desire that the course of any other railroad, canal, pipe
line, state, or other public road, telephone or telegraph
line, electric transmission line, or any stream which is not
a public highway, should be altered to avoid the necessity
of any crossing, or of frequent crossings, or to facilitate
the crossing thereof, or the construction of a parallel work,
the alteration may be made in such manner as may be
agreed between the company desiring such alteration and
the other railroad, or canal company, or pipeline com-
pany, or state road commissioner in the case of a state road,
the owner of the land to be affected by the alteration of
the course of such stream, telephone and telegraph com-
pany or the company operating such electric transmission line. In case the parties interested fail to agree upon such crossing or alteration as is desired, the company desiring it may bring a civil action, and in such action the court may, in a proper case, order that such, or any proper crossing, or alteration, may be made upon payment of damages to be ascertained as provided in article two of this chapter and the company desiring such crossing or alteration may thereupon proceed under said article two to obtain the right to make such crossing or alteration. If such crossing or alteration as is allowed by this section shall cause damage to any party or person, or to the owner of any lands, then the railroad, canal, pipeline company, telephone or telegraph company, or company operating such electric transmission line, or state road commissioner or county court, shall pay such damages; but any county-district road may be altered by any such company for the purpose aforesaid, whenever it shall have made an equally convenient road in lieu thereof.

After having served for a probationary period of one year to the satisfaction of the director of the department of mines, a mine inspector shall have permanent tenure until he becomes sixty-five years of age, subject only to dismissal for cause in accordance with the provisions of section eight of this article. No mine inspector while in office shall be directly or indirectly interested as owner, lessor, operator, stockholder, superintendent or engineer of any coal mine. Before entering upon the discharge of his duties as a mine inspector, he shall take the oath of office prescribed by the constitution, and shall execute a bond in the penalty of two thousand dollars, with security to be approved by the director of the department of mines, conditioned upon the faithful discharge of his duties, a certificate of which oath and bond shall be filed in the office of the secretary of state.

The district inspectors, inspectors at large and assistant inspectors at large, together with the director, shall make all inspections authorized by articles one and two of this chapter and shall perform such other duties as are imposed upon mine inspectors by articles one, two and six of this chapter.

Sec. 8. Eligibility for Appointment as Mine Inspector; Qualifications; Salary and Expenses; Removal.—(a) No person shall be eligible for appointment as a mine inspector after the effective date of this article unless, at the time of his probationary appointment he: (1) Is a citizen of West Virginia, in good health, not less than thirty nor

more than fifty-five years of age, and of good character, reputation and temperate habits; (2) has had at least ten years' practical experience in coal mines, at least five years of which, immediately preceding his original appointment, shall have been in mines in this state: Provided, however, That graduation from the school of mines of West Virginia University or any other accredited college of mining engineering shall be considered the equivalent of two years' practical experience; (3) has had practical experience with dangerous gases found in coal mines; and (4) has a good theoretical and practical knowledge of mines, mining methods, mine ventilation, sound safety practices and applicable mining laws.

(b) In order to qualify for appointment as a mine inspector an eligible applicant shall submit to a written and oral examination by the mine inspectors' examining board and furnish such evidence of good health, character and other facts establishing eligibility as the board may require. If the board finds after investigation and examination that an applicant: (1) Is eligible for appointment and (2) has passed all written and oral examinations, with a grade of at least ninety per cent, the board shall add such applicant's name and grade to the register of qualified eligible candidates and certify its action to the director of the department of mines. No candidate's name shall remain in the register for more than three years without requalifying.

(c) Salaries of district inspectors shall not be less than seventy-five hundred dollars nor more than eighty-four hundred dollars per annum; assistant inspectors at large not less than eight thousand dollars nor more than eighty-seven hundred dollars per annum; inspectors at large not less than eighty-four hundred dollars nor more than nine thousand dollars per annum, and reasonable traveling expenses. Within the limits provided by law, the salary of each inspector shall be fixed by the director of the department of mines, subject to the approval of the mine inspectors' examining board. In fixing salaries of mine inspectors, the director of the department of mines shall consider ability, performance of duty and experience. No reimbursement for traveling expenses shall be made ex-
cept upon an itemized account of such expenses submitted by the inspector, who shall verify, upon oath, that such expenses were actually incurred in the discharge of his official duties.

(d) A mine inspector, after having received a permanent appointment shall be removed from office only for physical or mental impairment, incompetency, neglect of duty, drunkenness, malfeasance in office, or other good cause.

Proceedings for the removal of a mine inspector may be initiated by the director of the department of mines whenever he has reasonable cause to believe and does believe that adequate cause exists, warranting removal. Such a proceeding shall be initiated by a verified petition, filed with the board by the director of the department of mines, setting forth with particularity the facts alleged. Not less than twenty reputable citizens, who are operators or employees in mines in the state, may petition the director of the department of mines for the removal of a mine inspector. If such petition is verified by at least one of the petitioners, based on actual knowledge of the affiant, and alleges facts which, if true, warrant the removal of the inspector, the director of the department of mines shall cause an investigation of the facts to be made. If, after such investigation, the director finds that there is substantial evidence which, if true, warrants removal of the inspector, he shall file a petition with the board requesting removal of the inspector.

On receipt of a petition by the director of the department of mines seeking removal of a mine inspector the board shall promptly notify the inspector to appear before it at a time and place designated in said notice, which time shall be not less than fifteen days thereafter. There shall be attached to the copy of the notice served upon the inspector a copy of the petition filed with the board. At the time and place designated in said notice, the board shall hear all evidence offered in support of the petition and on behalf of the inspector. Each witness shall be sworn and a transcript shall be made of all evidence taken and proceedings had at any such hearing.
No continuance shall be granted except for good cause shown.

The chairman of the board and the director of the department of mines shall have power to administer oaths and subpoena witnesses.

Any mine inspector who shall wilfully refuse or fail to appear before the board, or having appeared, shall refuse to answer under oath any relevant question on the ground that his testimony or answer might incriminate him, or shall refuse to waive immunity from prosecution on account of any relevant matter about which he may be asked to testify at any such hearing before the board, shall forfeit his position.

If, after hearing, the board finds that the inspector should be removed, it shall enter an order to that effect. The decision of the board shall be final and shall not be subject to judicial review.

Article 2. Coal Mines.

Section 5. Ventilation of Mines in General.

The operator or mine foreman of every coal mine, whether worked by shaft, slope or drift, shall provide and hereafter maintain for every such mine adequate ventilation. In mines classified as gassy the quantity of air passing through the last open crosscut between the intake and return in any set of entries shall be not less than six thousand cubic feet of air per minute, and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases: Provided, however, That the quantity of air reaching the last crosscut in pillar sections may be less than six thousand cubic feet per minute if at least six thousand cubic feet of air per minute is being delivered to the intake of the pillar line.
In nongassy mines the quantity of air being circulated shall not be less than one hundred fifty cubic feet per man per minute. If animals are used in a mine, five hundred cubic feet per animal per minute must be provided in addition to the minimum volume specified for men. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases. All active underground working places in a mine shall be ventilated by a current of air containing not less than nineteen and five-tenths per centum of oxygen, and not more than one per centum of carbon dioxide, and no harmful quantities of other noxious or poisonous gases.

As working places advance, crosscuts for air shall be made not to exceed eighty feet apart in pillars, or line brattice or other approved methods of ventilation shall be used so as to properly ventilate the face. With the approval of the state department of mines, greater distances than those so specified may be made between crosscuts. All crosscuts between the main intake and return airways not required for passage of air and equipment shall be closed with stoppings substantially built with incombustible material, so as to keep working places well ventilated.

In gassy mines a system of bleeder openings or air courses designed to provide positive movement of air through and/or around abandoned or caved areas, sufficient to prevent dangerous accumulation of gas in such areas and to minimize the effect of variations in atmospheric pressure, shall be made a part of pillar recovery plans projected after the effective date of this article.

If a bleeder return is closed as a result of roof falls or water during pillar recovery operations, pillar operations may continue without reopening the bleeder return so long as a minimum of twelve thousand cubic feet of air per minute is delivered to the intake of the pillar line.

Not more than sixty persons shall be permitted to work in the same air current: Provided, That a larger number, not exceeding eighty persons, may be allowed by the
55 director of the department of mines where it is imprac-
56 ticable to comply with the foregoing requirements.
57 No operator or mine foreman shall permit any persons
58 to work where they are unable to maintain the quantity
59 and quality of the air current as heretofore required:
60 Provided, however, That such provision shall not pro-
61 hibit the employment of men to make places of employ-
62 ment safe.
63 The ventilation of any mine shall be so arranged by
64 means of airlocks, overcasts, or undercasts, that the use
65 of doors on passageways where men or equipment travel
66 may be kept to a minimum. Where doors are used in a
67 gassy mine they shall be erected in pairs so as to provide
68 a ventilated airlock, unless the doors are operated me-
69 chanically: Provided, however, That such provision shall
70 not apply to doors in or between panel or room entries.
71 In mines not classified as gassy, single doors may be used,
72 provided such doors are closed promptly after men or
73 equipment have passed through them.
74 Overcasts or undercasts shall be constructed of incom-
75 bustible material and maintained in good condition.
76 Where practicable, a crosscut shall be provided at or
77 near the face of each entry or room before such places
78 are abandoned.
79 Rooms, entries, airways, or other working places shall
80 not be driven in advance of air currents. Such provisions
81 shall not prohibit, as the room, entry or aircourse ad-
82 vances, the “necking” of any place for a distance which
83 shall not exceed that actually required for the installation
84 of mining equipment in use at this location: Provided,
85 however, That such room necks or entries are kept free
86 of accumulations of methane by use of line brattice or
87 other adequate means.

Sec. 13. Same; Instruction of Employees; Annual Exam-
2 ination of Persons Using Flame Safety Lamps; Records of
3 Examination.—It shall be the duty of the mine foreman, or
4 the assistant mine foreman, of every coal mine in this
5 state, to see that every person employed to work in such
6 mine shall, before beginning work therein, be instructed
7 in the particular danger incident to his work in such mine, 
8 and furnished a copy of the mining laws and rules of such 
9 mine. Every inexperienced person so employed shall work 
10 under the direction of the mine foreman, his assistant, or 
11 such other experienced worker as may be designated by 
12 the mine foreman or assistant, until he is familiar with 
13 the danger incident to his work.

14 Persons whose duties require them to use a flame safety 
15 lamp shall be examined at least annually as to their 
16 competence by a certified man and a record that such 
17 examination was given, together with pertinent data 
18 relating thereto, shall be kept on file by the operator and 
19 a copy furnished to the department of mines.

Sec. 55. Protective Clothing.—Welders and helpers 
2 shall use proper shields or goggles to protect their eyes. 
3 All employees shall have approved goggles or shields and 
4 use same where there is a hazard from flying particles, 
5 or other eye hazards.

6 Employees engaged in haulage operations and all other 
7 persons employed around moving equipment on the sur-
8 face and underground shall wear snug-fitting clothing. 
9 Protective gloves shall be worn when material which 
10 may injure hands is handled, but gloves with gauntleted 
11 cuffs shall not be worn around moving equipment.

12 Safety hats and safety-toed shoes shall be worn by all 
13 men while in or around a mine.

Sec. 58. Fire Protection.—Suitable fire protection shall 
2 be provided at surface installations of fans, shops, tipples 
3 and preparation plants, substations, hoist rooms and 
4 compressor stations.

5 Underground storage places for lubricating oil and 
6 grease in excess of two days’ supply shall be of fireproof 
7 construction.

8 Lubricating oil and grease kept in face regions or other 
9 underground working places in a mine shall be in port-
10 able, closed, metal containers.

11 At underground shops and oil storage stations oily 
12 rags, oily waste and waste paper shall be kept in closed 
13 metal containers until removed for disposal.
Suitable underground fire protection shall be provided at stationary substations and compressor stations, shops, pumps, doors, transformer stations, battery charging stations, where oil and grease is stored, at conveyor loading or discharge points and strategic points along rubber belt lines, stables, and on active working sections.

Rock dust in quantities of five hundred pounds or more shall be considered suitable for fire protection at the above-mentioned underground locations, except that a fire extinguisher suitable for the hazards present shall be provided as an additional protection at underground shops, permanent substations, compressor stations, battery charging stations and transformer stations.

Mine openings, where there is danger of fire entering the mine, shall have adequate protection against surface fires or dangerous volumes of smoke entering the mine.

Sec. 62. No Mine to Be Opened or Reopened without Prior Approval of Director of Department of Mines; Approval Fee; Extension of Certificate of Approval; Certificates Not Transferable; Section to Be Printed on Certificates.—After the effective date of this section, no mine shall be opened or reopened unless prior approval has been obtained from the director of the department of mines, which approval shall not be unreasonably withheld. The operator shall pay for such approval a fee of ten dollars, which payment shall be tendered with the operator's application for such approval.

Within forty-five days after January first of each year the operator of each mine holding a certificate evidencing approval of the director to open a mine, shall apply for the extension of such certificate of approval for an additional year. Such approval, evidenced by a certificate of the director, shall be granted as a matter of right and without charge if at the time such application is made the operator is in compliance with the provisions of section seventy-four of this article. Applications for extension of such certificates of approval not submitted within the time required shall be processed as an application to open or reopen a mine and shall be accompanied by a fee of ten dollars.
Certificates of approval issued pursuant to this section shall not be transferable. The provisions of this section shall be printed on the reverse side of every certificate issued hereunder.

Sec. 74. Monthly Report by Operator of Mine.—The operator of every coal mine shall, on or before the end of each calendar month, file with the director a report covering the preceding calendar month on forms furnished by the director. Such reports shall state the number of accidents which have occurred, the number of persons employed, the days worked and the actual tonnage of coal mined.

Article 6. Certification of Coal Miners.

Section 1. Certificate of Competency and Qualification Required of Miners; Apprentices.—Except as hereinafter provided no person shall be employed or work as a coal miner in any mine in this state, without first having obtained a certificate of competency and qualification. Any miner holding a certificate may have one person working with him, and under his direction, as an apprentice, and any foreman, assistant foreman or fire boss may have not more than five persons working with him and under his immediate supervision and direction, as apprentices, for the purpose of learning and being instructed in the duties and calling of mining.

For the purposes of this article the term “coal miner” or “miner” shall mean all underground workers in bituminous coal mines, except as hereinafter provided.

Sec. 2. Mine Inspectors to Examine and Certify Competency of Miners.—On and after July one, one thousand
nine hundred sixty-two, all duties in connection with ex-
aming and certifying the competency and qualification
of coal miners shall be vested in and shall be performed
by mine inspectors (inspectors at large, assistant in-
spectors at large and district inspectors). Such duties
shall be exercised under the general supervision and
direction of the director of the department of mines, ex-
cept as otherwise provided in this article.

Certificates of competency and qualification issued prior
to July one, one thousand nine hundred sixty-two, by the
miners’ examining board under prior law shall continue
to be valid for all purposes.

Sec. 3. Examinations by Inspectors; Records.—At such
times as mine inspectors make regular inspections of a
mine, they shall arrange to sit at some suitable place
convenient to the mine for the purpose of examining the
qualifications and competency of any person seeking a
certificate of qualification and competency. Notice of the
time and place of such examination shall be given to
management at the mine, to the local union thereat if
there is a local union, and notice shall also be posted at the
place or places in the vicinity of the mine where notices
to employees are ordinarily posted. Examinations shall
also be held at such times and places, and after such
notice, as the director finds necessary to enable all ap-
licants for certificates to have opportunity to qualify for
certification.

Each inspector giving examinations shall keep an ac-
curate record showing a correct detailed account of the
examination of each applicant, including questions asked
and the answers given. Such records shall be forwarded
at least once each month to the director for filing in his
office as public records, open to public inspection.

Sec. 4. Fee for Examination.—Each applicant for ex-
amination shall pay to the examining inspector a fee of
one dollar. All such fees shall be promptly transmitted
to the director and by him paid into the state treasury.

Sec. 5. Examination to Be Practical; Certificates Not
Transferable; How Certificates to Be Issued.—All ex-
aminations shall be conducted in the English language and shall be of a practical nature, so as to determine the competency and qualifications of the applicant to engage in the mining of bituminous coal with reasonable safety to himself and his fellow employees. No applicant shall be certified as qualified or competent who (1) has had less than one year's practical experience as a miner or as a miner apprentice, or (2) lacks a sound knowledge of first aid. Evidence of satisfactory completion of a course of instruction in first aid offered by the West Virginia Department of Mines, the Federal Bureau of Mines or by such other sponsor as the director may approve, may be received as proof of competence in first aid without further examination.

Applicants shall be examined under oath and inspectors shall have power to administer oaths to all applicants and witnesses.

If the inspector examining the applicant finds the applicant qualified and competent to be a coal miner, he shall issue to the applicant a certificate of qualification and competency in such form as shall be prescribed by the director, which shall entitle the holder thereof to be employed and work as a coal miner in any mine in this state.

Certificates shall not be transferable and an attempt to transfer a certificate shall be deemed a violation of this article.

Sec. 6. Refusal to Issue Certificate; Appeal.—If the inspector who examines an applicant for a certificate of qualification and competency as a miner finds that the applicant is not qualified and competent, he shall so notify the applicant not more than ten days after the date of examination.

Any applicant aggrieved by an action of a mine inspector in failing or refusing to issue a certificate of qualification and competency may, within ten days of notice of the action complained of, appeal to the director who shall promptly give the applicant a hearing de novo and either affirm the action of the inspector or take such action as the inspector should have taken.
Sec. 7. Limitation of Scope of Article.—All persons possessing certificates of qualification issued by the department of mines of this state, entitling them to act as mine foreman, assistant mine foreman, or fire boss, shall be eligible to engage at any time as miners in bituminous mines of this state. Supervisory and technically trained employees of the operator, whose work contributes only indirectly to mine operations, shall not be required to possess a miners’ certificate.

Sec. 8. Penalties.—Any person violating any of the provisions of this article shall, upon conviction, be fined not less than twenty-five nor more than one hundred dollars, and in default in the payment of such fine and costs, shall be imprisoned in the county jail for a period not exceeding thirty days.

Section 11. Permits for Excess Size and Weight.—(a)

The state road commissioner may, in his discretion, upon application in writing and good cause being shown there-
for issue a special permit in writing authorizing, (1) the applicant, in crossing any highway of this state, to operate or move a vehicle or combination of vehicles of a size or weight or load exceeding the maximum specified in this chapter or otherwise not in conformity with the provisions of this chapter, whether such operation be continuous or not, provided such applicant shall agree to compensate the state road commissioner for all damages or expenses incurred in connection with such crossing; and (2) the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicles or load exceeding the maximum specified in this chapter or otherwise not in conformity with the provisions of this chapter, except that a permit shall not be issued for continuous operation of a vehicle not in conformity with the provisions of this article relating to weight limitations: Provided, however, That specially designed vehicles which can only be used to transport and haul specific liquid or semiliquid products and which were registered in this state prior to the first day of July, one thousand nine hundred fifty-one, shall be exempt from the provisions of this chapter relating to weight limitations until the first day of July, one thousand nine hundred sixty-six, and on and after the latter said date said exemptions shall not apply. In order for the exemption to apply during the period of exemption, the owner or operator shall apply for, and the state road commissioner shall issue, a permit for such vehicle allowing such owner or operator to use the same upon the highways of this state during said period.

Planning and Zoning in Counties.—A planning commis-
sion shall make and recommend for adoption to the gov-
MUNICIPAL CORPORATIONS [Ch. 23

4 erning body of the city or the county court, as the case may be, a comprehensive plan for the physical development of the territory within its jurisdiction. Any county plan may include the planning of incorporated towns to the extent to which, in the commission's judgment, they are related to the planning of the unincorporated territory of the county as a whole: Provided, however, That the plan shall not be considered as a comprehensive plan for any incorporated town without the consent of the planning commission and the governing body of such incorporated town: And provided further, That the county plan shall be coordinated with the plans of the state road commission, insofar as it relates to highways or thoroughfares under the jurisdiction of that commission. A county planning commission may prepare, and the county court is authorized and empowered to adopt, a comprehensive plan and zoning ordinance for either the entire county, or for any part or parts thereof which constitute an effective region or regions for planning and zoning purposes without the necessity of adopting a plan and ordinance for any other part. In determining what constitutes an effective region or regions for planning and zoning purposes, due consideration shall be given to such factors as population density, health, general welfare, water and sanitation requirements, and future potential for residential, commercial, industrial or public use. The procedure for the preparation and adoption of a comprehensive plan and zoning ordinance for a part of such county shall be the same as the procedure for the preparation and adoption of a plan and ordinance for the entire county, except that the election provided in section forty-eight of this article shall be restricted to the electors residing within the part or parts affected.

The comprehensive plan, with the accompanying maps, plats, charts and descriptive and explanatory matter, shall show recommendations for the development of the territory covered by the plan and may include, among other things, the general location, character and extent of streets or roads, viaducts, bridges, waterways and waterfront developments, parkways, playgrounds, forests, reservations, parks, airports and other public ways, grounds,

In the preparation of a comprehensive plan, a planning commission shall make careful and comprehensive surveys and studies of the existing conditions and probable future changes of such conditions within the territory under its jurisdiction. The comprehensive plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the area which will, in accordance with present and future needs and resources, best promote the health, safety, morals, order, convenience, prosperity or general welfare of the inhabitants, as well as efficiency and economy in the process of development, including, among other things, such distribution of population and of the uses of land for urbanization, trade, industry, habitation, recreation, agriculture, forestry and other purposes as will tend:

1. To create conditions favorable to health, safety, transportation, prosperity, civic activities and recreational, educational and cultural opportunities;

2. To reduce the wastes of physical, financial or human resources which result from either excessive congestion or excessive scattering of population; and

3. Toward the efficient and economic utilization, conservation and production of the supply of food and water and of drainage, sanitary and other facilities and resources.

It shall be issued only to citizens of the United States who are not residents of this state. The fee therefor shall be three dollars for a period of any five consecutive days.

CHAPTER 25
(House Bill No. 30—By Mr. Speaker, Mr. Singleton)

[Passed February 7, 1962; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend and reenact sections one and five, article two, chapter twenty-four of the code of West Virginia, one
thousand nine hundred thirty-one, as amended, relating to the jurisdiction of the public service commission generally and extending its jurisdiction to and supervisory authority over any utility engaged in the transportation of coal and its derivatives and all mixtures and combinations thereof with any substance by pipe lines.

Be it enacted by the Legislature of West Virginia:

That sections one and five, article two, chapter twenty-four of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

Article 2. Powers and Duties of Public Service Commission.

Section 1. Jurisdiction of commission.  

Section 5. Supervision of public utilities licensed by municipalities, county courts or otherwise; right to enter premises, inspect and correct meters.

Section 1. Jurisdiction of Commission.—The jurisdiction of the commission shall extend to all public utilities in this state, and shall include any utility engaged in any of the following public services:

Common carriage of passengers or goods, whether by railroad, street railroad, motor or otherwise, by express or otherwise, by land, water or air, whether wholly or partly by land, water or air; transportation of oil, gas or water by pipe line; transportation of coal and its derivatives and all mixtures and combinations thereof with other substances by pipe line; sleeping car or parlor car services; transmission of messages by telephone, telegraph or radio; generation and transmission of electrical energy by hydroelectric or other utilities for service to the public, whether directly or through a distributing utility; supplying water, gas or electricity, by municipalities or others; sewer systems servicing twenty-five or more persons or firms other than the owner of the sewer systems; toll bridges, wharves, ferries; and any other public service.

Sec. 5. Supervision of Public Utilities Licensed by Municipalities, County Courts or Otherwise; Right to Enter Premises, Inspect and Correct Meters.—The commission
shall have general supervision of all public utilities hav-
ing authority under any charter or franchise of any city, town or municipality, county court, or tribunal in lieu thereof, or otherwise, to lay down and maintain wires, pipes, conduits, ducts or other fixtures in, over or under streets, highways or public places for the purpose of furnishing and distributing gas, or for furnishing and transmitting electricity for light, heat or power, or main-
taining underground conduits, or ducts for electrical conductors, or for telegraph or telephone purposes, and for the purpose of furnishing water, either for domestic or power purposes, and shall have general supervision of oil and gas pipe lines, and shall have general super-
vision over any utility engaged in the transportation of coal and its derivatives and all mixtures and combinations thereof with any substance by pipe lines.

The commission may ascertain the quantity of water, or the quality and quantity of gas or electricity supplied by such utilities and examine the methods employed, and shall have power to order such improvements as will best promote the public interests.

The commission shall have power, through its mem-
bers, inspectors, or employees to enter in, upon and to inspect the property, buildings, plants, fixtures, power houses and offices of any such utilities or municipalities, and shall have power to examine the books and affairs to be investigated by it. The commission shall, when and as necessary, appoint inspectors of gas, electric and water meters. And, when such inspectors are required to act, it shall be their duty to inspect, examine, prove and ascertain the accuracy of any gas, electric, or water meters used or intended to be used for measuring or ascertaining the quantity of gas, electricity or water furnished to, by or for the use of any person, firm or corporation, and, when found to be correct, or made cor-
rect, the inspector shall stamp or mark each of such meters with some suitable device, which device shall be recorded in the office of the commission. No public utility shall furnish or put in use any gas, electric or water meter which shall not have been inspected, proved
and stamped or marked by an inspector of the commission: Provided, That in cases of emergency, gas, electric or water meters may be installed and used before being inspected, but notice thereof shall be immediately given to the public service commission by the public utility installing the same, and such meters shall be inspected, proved and stamped or marked, as soon thereafter as practicable. Every gas, electric and water utility shall provide and keep in and upon its premises suitable and proper apparatus, to be approved and stamped or marked by the commission, for testing and proving the accuracy of gas, electric and water meters furnished for use by it and by which apparatus every meter may and shall be tested on the written request of the consumer to whom the same shall be furnished, and in his presence if he so desires.

If any person, firm or corporation to or by whom a meter has been furnished shall request the commission in writing to inspect such meter, the commission shall have the same inspected and tested. The Board of Commissioners of the County of Ohio is hereby authorized to enter into a lease with the authority for said airport, appurtenances and facilities at such rental and upon such terms and conditions as it shall deem proper, and the Board of Commissioners of the County of Ohio is hereby authorized to levy taxes as provided by law for the purpose of paying the rent for said airport, appurtenances and facilities. Such lease shall be for some purpose associated with airport activities.

Such report shall be made within sixty days after the termination of the quarter. Within sixty days after the end of each fiscal year, the authority shall make an annual report containing an itemized statement of its receipts and disbursements for the preceding year, and such annual report shall be published once a week for two successive weeks in two newspapers of opposite politics published in Ohio county, West Virginia, and of general circulation in Ohio county, West Virginia. Before making such reconveyance of its properties, the authority shall first publish notice of its intention so to do and of its intention to be dissolved, once a week for four successive weeks in two newspapers of opposite politics published in, and of general circulation in Ohio county, West Virginia. Certificates from the publishers of the papers showing such publication shall be filed with the Board of Commissioners of the County of Ohio on or before the deed reconveying said properties is delivered. Upon the payment of its indebtedness, obligations and liabilities, the publishing of the notices aforesaid, the reconveyance of its properties, and the paying over to the Board of Commissioners of the County of Ohio of any funds remaining in its hands, the authority shall cause a certificate showing its dissolution to be executed under its name and seal and to be recorded in the office of the clerk of the county court of Ohio county, and thereupon its dissolution shall be complete.

Sec. 21. Liberal Construction of Act.—It is the purpose of this act to provide for the acquisition, construction, improvement, extension, maintenance and operation of a public airport in a prudent and economical manner, and this act shall be liberally construed as giving to the authority full and complete power reasonably required to give effect to the purposes hereof. The provisions of this act are in addition to and not in derogation of any
power existing in the Board of Commissioners of the County of Ohio under any constitutional or statutory provisions which it may now have, or may hereafter acquire.

Sec. 22. Provisions Severable.—The several sections and provisions of this act are severable, and if any section or provision hereof shall be held unconstitutional, all the remaining sections and provisions of this act shall nevertheless remain valid.

Relating to National Weights and Measures Week.

WHEREAS, The first Weights and Measures Law was enacted by the Congress of the United States 163 years ago on March 2, 1799; and

WHEREAS, The true meaning of weights and measures is ably set forth in the report of the Honorable John Quincy Adams, Secretary of State, in his report to the United States Senate on February 22, 1821, as follows: “Weights and measures may be ranked among the necessaries of life to every individual of human society. They enter into the economical arrangements and daily concerns of every family. They are necessary to every occupation of human industry; to the distribution and security of every species of property; to every transaction of trade and commerce; to the labors of the husbandman; to the ingenuity of the artificer; to the studies of the philosopher; to the researches of the antiquarian; to the navigation of the mariner, and the marches of the soldier; to all the exchanges of peace, and all the operations of war. The knowledge of them, as in established use, is among the first elements of education, and is often learned by those who learn nothing else, not even to read and write. This knowledge is riveted in the memory by the habitual application of it to the employments of men throughout life”; and

Sec. 22. Length of Legislative Session.—The regular session of the Legislature held in the year one thousand nine hundred sixty-three and every second year thereafter shall not exceed sixty days, and the regular session held in the year one thousand nine hundred sixty-four and every second year thereafter shall not exceed thirty days. All sessions may be extended by the concurrence of two thirds of the members elected to each house.

Compensation and Expenses of Members.—Each member of the Legislature shall receive for his services the sum of fifteen hundred dollars a year, and may receive such additional sum, as may be provided by statute, for expenses for actual attendance while the Legislature is in session, and for mileage for one round trip in connection with any session and for one round trip in connection with attending a party caucus held in advance of the date of the assembly of the Legislature in odd-numbered years for the purpose of selecting candidates for offices of the two houses, the additional sum of ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of five dollars a day for each day served as presiding officer.
