CHAPTER 133

(S. B. 309—Originating in the Committee on Banking and Insurance)

[Passed March 8, 1995; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend and reenact section thirty-one, article six, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the determination of the total amount of coverage available to an insured.

Be it enacted by the Legislature of West Virginia:

That section thirty-one, article six, chapter thirty-three of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 6. THE INSURANCE POLICY.

§33-6-31. Motor vehicle policy; omnibus clause; uninsured and underinsured motorists' coverage; conditions for recovery under endorsement; rights and liabilities of insurer.

(a) No policy or contract of bodily injury liability insurance, or of property damage liability insurance, covering liability arising from the ownership, maintenance or use of any motor vehicle, shall be issued or delivered in this state to the owner of such vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle for which a certificate of title has been issued by the division of motor vehicles of this state, unless it shall contain a provision insuring the named insured and any other person, except a bailee for hire and any persons specifically excluded by any restrictive endorsement attached to the policy, responsible for the use of or using the motor vehicle with the consent, expressed or implied, of the named insured or his spouse against liability for death or bodily injury sustained or loss or damage occasioned within the coverage of the policy or contract as a result of negligence in the operation or use of such vehicle by the named insured or by such person: Provided, That
in any such automobile liability insurance policy or contract, or endorsement thereto, if coverage resulting from the use of a nonowned automobile is conditioned upon the consent of the owner of such motor vehicle, the word "owner" shall be construed to include the custodian of such nonowned motor vehicles. Notwithstanding any other provision of this code, if the owner of a policy receives a notice of cancellation pursuant to article six-a of this chapter and the reason for the cancellation is a violation of law by a person insured under the policy, said owner may by restrictive endorsement specifically exclude the person who violated the law and the restrictive endorsement shall be effective in regard to the total liability coverage provided under the policy, including coverage provided pursuant to the mandatory liability requirements of section two, article four, chapter seventeen-d of this code, but nothing in such restrictive endorsement shall be construed to abrogate the "family purpose doctrine".

(b) Nor shall any such policy or contract be so issued or delivered unless it shall contain an endorsement or provisions undertaking to pay the insured all sums which he shall be legally entitled to recover as damages from the owner or operator of an uninsured motor vehicle, within limits which shall be no less than the requirements of section two, article four, chapter seventeen-d of this code, as amended from time to time: Provided, That such policy or contract shall provide an option to the insured with appropriately adjusted premiums to pay the insured all sums which he shall be legally entitled to recover as damages from the owner or operator of an uninsured motor vehicle up to an amount of one hundred thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, in the amount of three hundred thousand dollars because of bodily injury to or death of two or more persons in any one accident and in the amount of fifty thousand dollars because of injury to or destruction of property of others in any one accident: Provided, however, That such endorsement or provisions may exclude the first three hundred dollars of property damage resulting from the negligence of an uninsured motorist: Provided further, That
such policy or contract shall provide an option to the insured with appropriately adjusted premiums to pay the insured all sums which he shall legally be entitled to recover as damages from the owner or operator of an uninsured or underinsured motor vehicle up to an amount not less than limits of bodily injury liability insurance and property damage liability insurance purchased by the insured without setoff against the insured's policy or any other policy. Regardless of whether motor vehicle coverage is offered and provided to an insured through a multiple vehicle insurance policy or contract, or in separate single vehicle insurance policies or contracts, no insurer or insurance company providing a bargained for discount for multiple motor vehicles with respect to underinsured motor vehicle coverage shall be treated differently from any other insurer or insurance company utilizing a single insurance policy or contract for multiple covered vehicles for purposes of determining the total amount of coverage available to an insured. "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, operation, or use of which there is liability insurance applicable at the time of the accident, but the limits of that insurance are either: (i) Less than limits the insured carried for underinsured motorists' coverage; or (ii) has been reduced by payments to others injured in the accident to limits less than limits the insured carried for underinsured motorists' coverage. No sums payable as a result of underinsured motorists' coverage shall be reduced by payments made under the insured's policy or any other policy.

(c) As used in this section, the term "bodily injury" shall include death resulting therefrom and the term "named insured" shall mean the person named as such in the declarations of the policy or contract and shall also include such person's spouse if a resident of the same household and the term "insured" shall mean the named insured and, while resident of the same household, the spouse of any such named insured and relatives of either, while in a motor vehicle or otherwise, and any person, except a bailee for hire, who uses, with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies or the personal representa-
(d) Any insured intending to rely on the coverage required by subsection (b) of this section shall, if any action be instituted against the owner or operator of an uninsured or underinsured motor vehicle, cause a copy of the summons and a copy of the complaint to be served upon the insurance company issuing the policy, in the manner prescribed by law, as though such insurance company were a named party defendant; such company shall thereafter have the right to file pleadings and to take other action allowable by law in the name of the owner, or operator, or both, of the uninsured or underinsured motor vehicle or in its own name.

Nothing in this subsection shall prevent such owner or operator from employing counsel of his own choice and taking any action in his own interest in connection with such proceeding.

(e) If the owner or operator of any motor vehicle which causes bodily injury or property damage to the insured be unknown, the insured, or someone in his behalf, in order for the insured to recover under the uninsured motorist endorsement or provision, shall:

(i) Within twenty-four hours after the insured discover, and being physically able to report the occurrence of such accident, the insured, or someone in his behalf, shall report the accident to a police, peace or judicial officer, or to the commissioner of motor vehicles, unless the accident shall already have been investigated by a police officer;
(ii) Notify the insurance company, within sixty days after such accident, that the insured or his legal representative has a cause or causes of action arising out of such accident for damages against a person or persons whose identity is unknown and setting forth the facts in support thereof; and, upon written request of the insurance company communicated to the insured not later than five days after receipt of such statement, shall make available for inspection the motor vehicle which the insured was occupying at the time of the accident; and

(iii) Upon trial establish that the motor vehicle, which caused the bodily injury or property damage, whose operator is unknown, was a "hit and run" motor vehicle, meaning a motor vehicle which causes damage to the property of the insured arising out of physical contact of such motor vehicle therewith, or which causes bodily injury to the insured arising out of physical contact of such motor vehicle with the insured or with a motor vehicle which the insured was occupying at the time of the accident. If the owner or operator of any motor vehicle causing bodily injury or property damage be unknown, an action may be instituted against the unknown defendant as "John Doe", in the county in which the accident took place or in any other county in which such action would be proper under the provisions of article one, chapter fifty-six of this code; service of process may be made by delivery of a copy of the complaint and summons or other pleadings to the clerk of the court in which the action is brought, and service upon the insurance company issuing the policy shall be made as prescribed by law as though such insurance company were a party defendant. The insurance company shall have the right to file pleadings and take other action allowable by law in the name of John Doe.

(f) An insurer paying a claim under the endorsement or provisions required by subsection (b) of this section shall be subrogated to the rights of the insured to whom such claim was paid against the person causing such injury, death or damage to the extent that payment was made. (g) No such endorsement or provisions shall contain any provision requiring arbitration of any claim arising under any such endorsement or provision, nor may anything be required of the insured except the establishment of legal liability, nor shall the insured be restricted or prevented in any manner from employing legal counsel or instituting legal proceedings.

(i) The commissioner of insurance shall formulate and require the use of standard policy provisions for the insurance required by this section, but use of such standard policy provisions may be waived by the commissioner in the circumstances set forth in section ten of this article.

(j) A motor vehicle shall be deemed to be uninsured within the meaning of this section, if there has been a valid bodily injury or property damage liability policy issued upon such vehicle, but which policy is uncollectible in whole or in part, by reason of the insurance company issuing such policy upon such vehicle being insolvent or having been placed in receivership. The right of subroga-

ation granted insurers under the provisions of subsection...
(f) of this section shall not apply as against any person or persons who is or becomes an uninsured motorist for the reasons set forth in this subsection.

(k) Nothing contained herein shall prevent any insurer from also offering benefits and limits other than those prescribed herein, nor shall this section be construed as preventing any insurer from incorporating in such terms, conditions and exclusions as may be consistent with the premium charged.

(l) The insurance commissioner shall review on an annual basis the rate structure for uninsured and underinsured motorists' coverage as set forth in subsection (b) of this section and shall report to the Legislature on said rate structure on or before the fifteenth day of January, one thousand nine hundred eighty-three, and on or before the fifteenth day of January of each of the next two succeeding years.

§33-25A-3a. Conditions precedent to issuance or maintenance of a certificate of authority; effect of bankruptcy proceedings.

(1) As a condition precedent to the issuance or maintenance of a certificate of authority, a health maintenance organization must file or have on file with the commissioner:

(2) After the effective date of this section, as a condition precedent to the issuance of a certificate of authority, any organization that has not yet obtained a certificate of authority to operate a health maintenance organization in this state shall be incorporated under the provisions of article one, chapter thirty-one of this code.

(3) The commencement of a bankruptcy proceeding either by or against a health maintenance organization shall, by operation of law:

(b) Arrangements for an ongoing evaluation of the quality of health care provided by the organization; and

(c) That the organization has a procedure to develop, compile, evaluate and report statistics relating to the cost

(2) The commissioner shall issue or deny a certificate of authority to any person filing an application within one hundred twenty days after receipt of the application. Issuance of a certificate of authority shall be granted upon payment of the application fee prescribed, if the commissioner is satisfied that the following conditions are met:

(a) The health maintenance organization's proposed plan of operation meets the requirements of subsection (1) of this section;

(b) The health maintenance organization will effectively provide or arrange for the provision of at least basic health care services on a prepaid basis except for copayments: Provided, That nothing in this section shall be construed to relieve a health maintenance organization from the obligations to provide health care services because of the nonpayment of copayments unless the enrollee fails to make payment in at least three instances over any twelve-month period: Provided, however, That nothing in this section shall permit a health maintenance organization to charge copayments to medicare beneficiaries or medicaid recipients in excess of the copayments permitted under those programs, nor shall a health maintenance organization be required to provide services to the medicare beneficiaries or medicaid recipients in excess of the benefits compensated under those programs;

(c) The health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner may consider:

(i) The financial soundness of the health maintenance organization's arrangements for health care services and the proposed schedule of charges used in connection with the health care services;

(ii) That the health maintenance organization has and maintains fully paid in capital stock, if a for profit stock
corporation, or statutory surplus funds, if a nonprofit
52 corporation, at least one million dollars. In addition, each
53 health maintenance organization shall have and maintain
54 additional surplus funds of at least one million dollars;
55
56 (iii) Any arrangements which will guarantee for the
57 continuation of benefits and payments to providers for
58 services rendered both prior to and after insolvency for
59 the duration of the contract period for which payment has
60 been made, except that benefits to members who are con-
61 fined on the date of insolvency in an inpatient facility
62 shall be continued until their discharge; and
63

65 health care services;
66
67 (d) Reasonable provisions have been made for emer-
68 gency and out-of-area health care services;

72 section six of this article;
73
74 (f) The health maintenance organization has demon-
75 strated that it will assume full financial risk on a prospec-
76 tive basis for the provision of health care services, includ-
77 ing hospital care: Provided, That the requirement of this
78 subdivision shall not prohibit a health maintenance orga-
79 nization from obtaining insurance or making other ar-
80 rangements:
81
82 (i) For the cost of providing to any enrollee health
83 care services, the aggregate value of which exceeds four
84 thousand dollars in any year;
85
86 (ii) For the cost of providing health care services to its
87 members on a nonelective emergency basis, or while they
88 are outside the area served by the organization; or
89
90 (iii) For not more than ninety-five percent of the
91 amount by which the health maintenance organization's
92 costs for any of its fiscal years exceed one hundred five
93 percent of its income for those fiscal years;
94
95 (g) The ownership, control and management of the
96 organization is competent and trustworthy and possesses
managerial experience that would make the proposed 
health maintenance organization operation beneficial to 
the subscribers. The commissioner may, at his or her dis-
cretion, refuse to grant or continue authority to transact 
the business of a health maintenance organization in this 
state at any time during which the commissioner has prob-
able cause to believe that the ownership, control or man-
agement of the organization includes any person whose 
business operations are or have been marked by business 
practices or conduct that is to the detriment of the public, 
stockholders, investors or creditors;

(h) The health maintenance organization has deposit-
ed and maintained in trust with the state treasurer, for the 
protection of its subscribers or its subscribers and credi-
tors, cash or government securities eligible for the invest-
ment of capital funds of domestic insurers as described in 
section seven, article eight of this chapter in the amount of 
one hundred thousand dollars.

(3) A certificate of authority shall be denied only after 
compliance with the requirements of section twenty-one of 
this article.

(4) No person who has not been issued a certificate of 
authority shall use the words "health maintenance organi-
zation" or the initials "HMO" in its name, contracts or 
literature: Provided, That persons who are operating under 
a contract with, operating in association with, enrolling 
enrollees for, or otherwise authorized by a health mainte-
nance organization licensed under this article to act on its 
behalf may use the terms "health maintenance organiza-
tion" or "HMO" for the limited purpose of denoting or 
explaining their association or relationship with the autho-
rized health maintenance organization. No health mainte-
nance organization which has a minority of board mem-
bers who are consumers shall use the words "consumer 
controlled" in its name or in any way represent to the 
public that it is controlled by consumers.

§33-25A-7. Fiduciary responsibilities of officers; approval of 
contracts by commissioner.

1 (a) Any director, officer or partner of a health mainte-
nance organization who receives, collects, disburses or
invests funds in connection with the activities of the orga-
nization is responsible for the funds in a fiduciary rela-
tionship to the enrollees.

(b) Any contracts made with providers of health care
services enabling a health maintenance organization to
provide health care services authorized under this article
shall be filed with the commissioner. The commissioner
has the power to require immediate cancellation of the
contracts or the immediate renegotiation of the contract
by the parties whenever he or she determines that they
provide for excessive payments, or that they fail to include
reasonable incentives for cost control, or that they other­
wise substantially and unreasonably contribute to escal­
ation of the costs of providing health care services to
enrollees.

§33-25A-7a. Provider contracts.

(1) Whenever a contract exists between a health main-
tenance organization and a provider and the organization
fails to meet its obligations to pay fees for services already
rendered to a subscriber, the health maintenance organiza-
tion is liable for the fee or fees rather than the subscriber;
and the contract shall state that liability.

(2) No subscriber of an HMO is liable to any provider
of health care services for any services covered by the
HMO if at any time during the provision of the services,
the provider, or its agents, are aware the subscriber is an
HMO enrollee.

(3) No provider of services or any representative of
the provider shall collect or attempt to collect from an
HMO subscriber any money for services covered by an
HMO and no provider or representative of the provider
may maintain any action at law against a subscriber of an
HMO to collect money owed to the provider by an HMO.

(4) Every contract between an HMO and a provider of
health care services shall be in writing and shall contain a
provision that the subscriber is not liable to the provider
for any services covered by the subscriber's contract with
(5) The provisions of this section shall not be construed to apply to the amount of any deductible or copayment which is not covered by the contract of the HMO.

(6) For all provider contracts executed on or after the fifteenth day of April, one thousand nine hundred ninety-five, and within one hundred eighty days of that date for contracts in existence on that date:

(a) The contracts must provide that the provider shall provide sixty days advance written notice to the health maintenance organization and the commissioner before canceling the contract with the health maintenance organization for any reason; and

(b) The contract must also provide that nonpayment for goods or services rendered by the provider to the health maintenance organization is not a valid reason for avoiding the sixty day advance notice of cancellation.

(7) Upon receipt by the health maintenance organization of a sixty day cancellation notice, the health maintenance organization may, if requested by the provider, terminate the contract in less than sixty days if the health maintenance organization is not financially impaired or insolvent.

§33-25A-8. Evidence of coverage; charges for health care services; cancellation of contract by enrollee.

(1) (a) Every enrollee is entitled to evidence of coverage in accordance with this section. The health maintenance organization or its designated representative shall issue the evidence of coverage.

(b) No evidence of coverage, or amendment thereto, shall be issued or delivered to any person in this state until a copy of the form of the evidence of coverage, or amendment thereto, has been filed with and approved by the commissioner.

(c) An evidence of coverage shall contain a clear, concise and complete statement of:
(i) The health care services and the insurance or other benefits, if any, to which the enrollee is entitled;

(ii) Any exclusions or limitations on the services, kind of services, benefits, or kind of benefits, to be provided, including any copayments;

(iii) Where and in what manner information is available as to how services, including emergency and out-of-area services, may be obtained;

(iv) The total amount of payment and copayment, if any, for health care services and the indemnity or service benefits, if any, which the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates; and

(v) A description of the health maintenance organization's method for resolving enrollee grievances.

(d) Any subsequent approved change in an evidence of coverage shall be issued to each enrollee.

(c) A copy of the form of the evidence of coverage to be used in this state, and any amendment thereto, is subject to the filing and approval requirements of subdivision (b), subsection (1) of this section, unless the commissioner promulgates a rule dispensing with this requirement or unless it is subject to the jurisdiction of the commissioner under the laws governing health insurance or, hospital or medical service corporations, in which event the filing and approval provisions of those laws apply. To the extent, however, that those provisions do not apply the requirements in subdivision (c), subsection (1) of this section, are applicable.

(2) Premiums may be established in accordance with actuarial principles: Provided, That premiums shall not be excessive, inadequate or unfairly discriminatory. A certification by a qualified independent actuary shall accompany a rate filing and shall certify that: The rates are neither inadequate nor excessive nor unfairly discriminatory; that the rates are appropriate for the classes of risks for which they have been computed; provide an adequate descrip-
tion of the rating methodology showing that the methodology follows consistent and equitable actuarial principles; and the rates being charged are actuarially adequate to the end of the period for which rates have been guaranteed.

In determining whether the charges are reasonable, the commissioner shall consider whether the health maintenance organization has (a) made a vigorous, good faith effort to control rates paid to health care providers; (b) established a premium schedule, including copayments, if any, which encourages enrollees to seek out preventive health care services; and (c) made a good faith effort to secure arrangements whereby basic services can be obtained by subscribers from local providers to the extent that the providers offer the services.

(3) Rates are inadequate if the premiums derived from the rating structure, plus investment income, copayments, and revenues from coordination of benefits and subrogation, fees-for-service and reinsurance recoveries are not set at a level at least equal to the anticipated cost of medical and hospital benefits during the period for which the rates are to be effective, and the other expenses which would be incurred if other expenses were at the level for the current or nearest future period during which the HMO is projected to make a profit. For this analysis, investment income shall not exceed three percent of total projected revenues.

(4) The commissioner shall within a reasonable period approve any form if the requirements of subsection (1) of this section are met and any schedule of charges if the requirements of subsection (2) of this section are met. It is unlawful to issue the form or to use the schedule of charges until approved. If the commissioner disapproves of the filing, he or she shall notify the filer promptly. In the notice, the commissioner shall specify the reasons for his or her disapproval and the findings of fact and conclusions which support his or her reasons. A hearing will be granted by the commissioner within fifteen days after a request in writing, by the person filing, has been received by the commission. If the commissioner does not disapprove any form or schedule of charges within sixty days of the filing of the forms or charges, they shall be considered approved.
(5) The commissioner may require the submission of whatever relevant information in addition to the schedule of charges which he or she considers necessary in determining whether to approve or disapprove a filing made pursuant to this section.

(6) An individual enrollee may cancel a contract with a health maintenance organization at any time for any reason: Provided, That a health maintenance organization may require that the enrollee give sixty days advance notice: Provided, however, That an individual enrollee whose premium rate was determined pursuant to a group contract may cancel a contract with a health maintenance organization pursuant to the terms of that contract.

(1) Every health maintenance organization shall comply with and is subject to the provisions of section fourteen, article four of this chapter relating to filing of financial statements with the commissioner and the national association of insurance commissioners. The annual financial statement required by that section shall include, but not be limited to, the following:

(a) A statutory financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent certified public accountant, reflecting at least: (i) All prepayment and other payments received for health care services rendered; (ii) expenditures to all providers, by classes or groups of providers, and insurance companies or nonprofit health service plan corporations engaged to fulfill obligations arising out of the health maintenance contract; and (iii) expenditures for capital improvements, or additions thereto, including, but not limited to, construction, renovation or purchase of facilities and capital equipment;

(b) The number of new enrollees enrolled during the year, the number of enrollees as of the end of the year and the number of enrollees terminated during the year on a form prescribed by the commissioner;

(c) A summary of information compiled p
subdivision (c), subsection (1), section four of this article in such form as may be required by the department of health and human resources or other accredited entity;

(d) A report of the names and residence addresses of all persons set forth in subdivision (c), subsection (4), section three of this article who were associated with the health maintenance organization during the preceding year, and the amount of wages, expense reimbursements, or other payments to those individuals for services to the health maintenance organization, including a full disclosure of all financial arrangements during the preceding year required to be disclosed pursuant to subdivision (c), subsection (4), section three of this article; and

(e) Such other information relating to the performance of the health maintenance organization as is reasonably necessary to enable the commissioner to carry out his or her duties under this article.

§33-25A-11. Open enrollment period; limitation on medicare and medicaid beneficiaries.

(1) Once a health maintenance organization has been in operation at least five years, or has enrollment of not less than fifty thousand persons, the health maintenance organization shall, in any year following a year in which the health maintenance organization has achieved an operating surplus, maintain an open enrollment period of at least thirty days during which time the health maintenance organization shall, within the limits of its capacity, accept individuals in the order in which they apply without regard to preexisting illness, medical conditions or degree of disability except for individuals who are confined to an institution because of chronic illness or permanent injury: Provided, That no health maintenance organization shall be required to continue an open enrollment period after such time as enrollment pursuant to the open enrollment period is equal to three percent of the health maintenance organization's net increase in enrollment during the previous year.

(2) Where a health maintenance organization demonstrates to the satisfaction of the commissioner that it has a
disproportionate share of high-risk enrollees and that, by maintaining open enrollment, it would be required to enroll so disproportionate a share of high-risk enrollees as to jeopardize its economic viability, the commissioner may:

(a) Waive the requirement for open enrollment for a period of not more than three years; or

(b) Authorize the organization to impose such underwriting restrictions upon open enrollment as are necessary (i) to preserve its financial stability; (ii) to prevent excessive adverse selection by prospective enrollees; or (iii) to avoid unreasonably high or unmarketable charges for enrollee coverage of health services. A health maintenance organization may receive more than one waiver or authorization.

(3) The enrollment by a health maintenance organization of medicare beneficiaries who are at least sixty-five years of age and medicaid beneficiaries shall not exceed fifty percent of its total enrollee population. The commissioner may permit by written order and upon application of a health maintenance organization, the health maintenance organization to exceed the fifty percent limitation, but in no event may the medicare and medicaid beneficiaries' enrollment exceed seventy-five percent of its total enrollee population: Provided, That before the commissioner grants such a waiver, the health maintenance organization must provide the opinion of a qualified independent actuary that the higher percentage of medicaid and medicare recipients will not be detrimental to the solvency of the health maintenance organization for a period of at least thirty-six months into the future.

(1) A health maintenance organization shall establish and maintain a grievance procedure, which has been approved by the commissioner, to provide adequate and reasonable procedures for the expeditious resolution of written grievances initiated by enrollees concerning any matter relating to any provisions of the organization's health maintenance contracts, including, but not limited to,
claims regarding the scope of coverage for health care services; denials, cancellations or nonrenewals of enrollee coverage; observance of an enrollee's rights as a patient; and the quality of the health care services rendered.

(2) A detailed description of the HMO's subscriber grievance procedure shall be included in all group and individual contracts as well as any certificate or member handbook provided to subscribers. This procedure shall be administered at no cost to the subscriber. An HMO subscriber grievance procedure shall include the following:

(a) Both informal and formal steps shall be available to resolve the grievance. A grievance is not considered formal until a written grievance is executed by the subscriber or completed on such forms as prescribed and received by the HMO;

(b) Each HMO shall designate at least one grievance coordinator who is responsible for the implementation of the HMO's grievance procedure;

(c) Phone numbers shall be specified by the HMO for the subscriber to call to present an informal grievance or to contact the grievance coordinator. Each phone number shall be toll free within the subscriber's geographic area and provide reasonable access to the HMO without undue delays. There must be an adequate number of phone lines to handle incoming grievances;

(d) An address shall be included for written grievances;

(e) Each level of the grievance procedure shall have some person with problem solving authority to participate in each step of the grievance procedure;

(f) The HMO shall process the formal written subscriber grievance through all phases of the grievance procedure in a reasonable length of time not to exceed sixty days, unless the subscriber and HMO mutually agree to extend the time frame. If the complaint involves the collection of information outside the service area, the HMO has thirty additional days to process the subscriber com-
plaint through all phases of the grievance procedure. The
time limitations prescribed in this subdivision requiring
completion of the grievance process within sixty days shall
be tolled after the HMO has notified the subscriber, in
writing, that additional information is required in order to
properly complete review of the grievance. Upon receipt
by the HMO of the additional information requested, the
time for completion of the grievance process set forth in
this subdivision shall resume;

(g) The subscriber grievance procedure shall state that
the subscriber has the right to appeal to the commissioner.
There shall be the additional requirement that subscribers
under a group contract between the HMO and a depart-
ment or division of the state shall first appeal to the state
agency responsible for administering the relevant pro-
gram, and if either of the two parties are not satisfied with
the outcome of the appeal, they may then appeal to the
commissioner. The HMO shall provide to the subscriber
written notice of the right to appeal upon completion of
the full grievance procedure and supply the commissioner
with a copy of the final decision letter;

(h) The HMO shall have physician involvement in
reviewing medically related grievances. Physician involve-
ment in the grievance process should not be limited to the
subscriber's primary care physician, but may include at
least one other physician;

(i) The HMO shall offer to meet with the subscriber
during the formal grievance process. The location of the
meeting shall be at the administrative offices of the HMO
within the service area or at a location within the service
area which is convenient to the subscriber;

(j) The HMO may not establish time limits of less than
one year from the date of occurrence for the subscriber to
file a formal grievance;

(k) Each HMO shall maintain an accurate record of
each formal grievance. Each record shall include the fol-
lowing: (i) A complete description of the grievance, the
subscriber's name and address, the provider's name and
address and the HMO's name and address; (ii) a complete description of the HMO's factual findings and conclusions after completion of the full formal grievance procedure; (iii) a complete description of the HMO's conclusions pertaining to the grievance as well as the HMO's final disposition of the grievance; and (iv) a statement as to which levels of the grievance procedure the grievance has been processed and how many more levels of the grievance procedure are remaining before the grievance has been processed through the HMO's entire grievance procedure.

Copies of the grievances and the responses thereto shall be available to the commissioner, and the public for inspection for three years.

(3) Any subscriber grievance in which time is of the essence must be handled on an expedited basis, such that a reasonable person would believe that a prevailing subscriber would be able to realize the full benefit of a decision in his or her favor.

(4) Each health maintenance organization shall submit to the commissioner an annual report in a form prescribed by the commissioner which describes such grievance procedure and contains a compilation and analysis of the grievances filed, their disposition, and their underlying causes.

(1) No health maintenance organization, or representative thereof, may cause or knowingly permit the use of advertising which is untrue or misleading, solicitation which is untrue or misleading, or any form of evidence of coverage which is deceptive. For purposes of this article:

(a) A statement or item of information shall be considered to be untrue if it does not conform to fact in any respect which is or may be significant to an enrollee of, or person considering enrollment in, a health maintenance organization;

(b) A statement or item of information shall be cons-

(c) An evidence of coverage shall be considered to be deceptive if the evidence of coverage taken as a whole, and with consideration given to typography and format, as well as language, shall be such as to cause a reasonable person, not possessing special knowledge regarding health maintenance organizations, and evidences of coverage therefor, to expect benefits, services or other advantages which the evidence of coverage does not provide or which the health maintenance organization issuing the evidence of coverage does not regularly make available for enrollees covered under such evidence of coverage; and

(6) No health maintenance organization shall discriminate in enrollment policies or quality of services against any person on the basis of race, sex, age, religion, place of residence, health status or source of payment: Provided, That differences in rates based on valid actuarial distinct-

In any home solicitation, any three-day cooling-off period applicable to consumer transactions generally applies in the same manner as consumer transactions.

110 The form disclosure statement shall not be used in sales until it has been approved by the commissioner or submitted to the commissioner for sixty days without disapproval. §33-25A-15. Agent licensing and appointment required; regulation of marketing.

1 (1) Health maintenance organizations are subject to the provisions of article twelve of this chapter.
(2) After a subscriber signs an HMO enrollment application and before the HMO can process the application changing or initiating the subscriber coverage, each HMO must verify the intent and desire of the individual subscriber to join the HMO. The verification must be in writing and conducted by someone outside the HMO's marketing department. Each verification shall include the following:

(a) Confirmation that the subscriber intends and desires to join the HMO;

(b) If the subscriber is a medicare or medicaid recipient, confirmation that the subscriber understands by joining the HMO he or she will be limited to the benefits provided by the HMO, and medicare or medicaid will pay the HMO for the subscriber coverage;

(c) Confirmation that the subscriber understands the applicable restrictions of HMOs, especially that he or she must use the HMO providers and secure approval from the HMO to use health care providers outside the plan; and

(d) If the subscriber is a member of an HMO, confirmation that the subscriber understands he or she is transferring to another HMO.

(e) The HMO shall not pay a commission, fee, money or any other form of scheduled compensation to any health insurance agent until verification from the subscriber of his or her intent and desire to enroll into the HMO has been secured and the enrollment process has been completed. The HMO shall verify the intent of the subscriber to enroll with a written notice to the subscriber stating that he or she has transferred from his or her existing coverage (i.e. from medicare, medicaid, another HMO, etc.) to the new HMO. Each written verification notice shall be accompanied with printed materials explaining the nature of the HMO and any applicable restrictions and exclusions. The enrollment process shall be considered complete seven days after the HMO mails the confirmation notice. Each HMO must notify the subscriber of the date enrollment begins and when benefits will be available.

Each HMO is directly responsible for enrollment abuses.
(3) The commissioner may, in his or her discretion, after notice and hearing, promulgate rules as are necessary to regulate marketing of health maintenance organizations by persons compensated directly or indirectly by the health maintenance organizations. When necessary the rules may prohibit door-to-door solicitations, may prohibit commission sales, and may provide for such other prescriptions and other rules as are required to effectuate the purposes of this article.

(1) An insurance company licensed in this state or a hospital or medical service corporation authorized to do business in this state, after applying for and receiving a certificate of authority as a health maintenance organization, may through a subsidiary or affiliate organize and operate a health maintenance organization under the provisions of this article. Notwithstanding any other law to the contrary, any two or more insurance companies, hospital or medical service corporations, or subsidiaries or affiliates thereof, may jointly organize and operate a health maintenance organization. The business of insurance is considered to include the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.

(2) Notwithstanding any provision of insurance and hospital or medical service corporation laws, an insurer or a hospital or medical service corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group under such laws. Among other things, under the contracts, the insurer or hospital or medical service corporation may make benefit payments to health maintenance organizations for health care services rendered by providers.

§33-25A-17. Examinations.
(1) The commissioner may make an examination of the affairs of any health maintenance organization and providers with whom the organization has contracts, agreements or other arrangements as often as he or she considers it necessary for the protection of the interests of the people of this state but not less frequently than once every three years.

(3) Every health maintenance organization and affiliated provider shall submit its books and records to the examinations and in every way facilitate them. For the purpose of examinations, the commissioner and the department of health and human resources have all powers necessary to conduct the examinations, including, but not limited to, the power to issue subpoenas, the power to administer oaths to and examine the officers and agents of the health maintenance organization and the principles of the providers concerning their business.

(4) The health maintenance organization is subject to the provisions of section nine, article two of this chapter in regard to the expense and conduct of examinations.

(5) In lieu of the examination, the commissioner may accept the report of an examination made by other states.

1 (1) The commissioner may suspend or revoke any certificate of authority issued to a health maintenance organization under this article if he or she finds that any of the following conditions exist:

2 (a) The health maintenance organization is operating significantly in contravention of its basic organization document, in any material breach of contract with an enrollee, or in a manner contrary to that described in and reasonably inferred from any other information submitted under section three of this article unless amendments to the submissions have been filed with an approval of the commissioner;

3 (b) The health maintenance organization issues evidence of coverage or uses a schedule of premiums for health care services which do not comply with the requirements of section eight of this article;

4 (c) The health maintenance organization does not provide or arrange for basic health care services;

(j) The health maintenance organization has otherwise
failed to substantially comply with this article; or

(k) The health maintenance organization has violated
a lawful order of the commissioner.

(2) A certificate of authority shall be suspended or
revoked only after compliance with the requirements of

tenance organization is suspended, the health maintenance
organization shall not, during the period of the suspen-
sion, enroll any additional enrollees except newborn chil-
dren or other newly acquired dependents of existing
enrollees, and shall not engage in any advertising or solic-
tation whatsoever.

(4) When the certificate of authority of a health main-
tenance organization is revoked, the organization shall
proceed, immediately following the effective date of the
order of revocation, to terminate its affairs, and shall con-
duct no further business except as may be essential to the
orderly conclusion of the affairs of the organization. It
shall engage in no further advertising or solicitation what-
soever. The commissioner may, by written order, permit
such further operation of the organization as he or she
may find to be in the best interests of enrollees, to the end
that enrollees will be afforded the greatest practical oppor-
tunity to obtain continuing health care coverage.

§33-25A-19. Rehabilitation, liquidation or conservation of
health maintenance organization.
Any rehabilitation, liquidation or conservation of a health maintenance organization shall be considered to be the rehabilitation, liquidation or conservation of an insurance company, shall be the exclusive remedy for rehabilitation, liquidation and conservation of an HMO as provided by this article and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation or conservation of insurance companies. The commissioner may apply for an order directing him or her to rehabilitate, liquidate or conserve a health maintenance organization upon any one or more grounds set out in the rehabilitation statutes or when, in his or her opinion, the continued operation of the health maintenance organization would be hazardous either to the enrollees or to the people of this state.

(a) Except as otherwise provided in this article, provisions of the insurance laws and provisions of hospital or medical service corporation laws are not applicable to any health maintenance organization granted a certificate of authority under this article. The provisions of this article shall not apply to an insurer or hospital or medical service corporation licensed and regulated pursuant to the insurance laws or the hospital or medical service corporation laws of this state except with respect to its health maintenance corporation activities authorized and regulated pursuant to this article.

(b) Factually accurate advertising or solicitation regarding the range of services provided, the premiums and copayments charged, the sites of services and hours of operation, and any other quantifiable, nonprofessional aspects of its operation by a health maintenance organization granted a certificate of authority, or its representative shall not be construed to violate any provision of law relating to solicitation or advertising by health professions: Provided, That nothing contained in this subsection shall be construed as authorizing any solicitation or advertising which identifies or refers to any individual provider or makes any qualitative judgment concerning any provider.
(c) Any health maintenance organization authorized under this article shall not be considered to be practicing medicine and is exempt from the provision of chapter thirty of this code, relating to the practice of medicine.

In circumstances where the code provisions made applicable to health maintenance organizations by this section refer to the "insurer", the "corporation" or words of similar import, the language shall be construed to include health maintenance organizations.

(e) Any long-term care insurance policy delivered or issued for delivery in this state by a health maintenance organization shall comply with the provisions of article
§33-25A-25. Filings and reports as public documents.

All applications, filings and reports required under this article shall be treated as public documents: Provided, that where the provisions of other articles in this chapter are applicable to health maintenance organizations, all applications, filings and reports required under those articles shall be afforded the level of confidentiality as provided in those articles.

(7) That the applicant is physically and mentally competent to carry such weapon;

(8) That, in the case of a person applying for a license to carry a concealed pistol or revolver, the applicant has qualified under minimum requirements for handling and firing such firearms. These minimum requirements are those promulgated by the division of natural resources and attained under the auspices of the division of natural resources: Provided, That the court shall waive this requirement in the case of a renewal applicant who has previously qualified: Provided, however, That the following may be substituted for those minimum requirements promulgated by the division of natural resources:

(A) Successful completion of any official national rifle association firearms safety or training course;

(B) Successful completion of any firearms safety or training course or class available to the general public offered by an official law-enforcement organization, community college, junior college, college, or private or public
institution or organization or firearms training school, utilizing instructors currently certified by the national rifle association;

(C) Successful completion of any firearms training or safety course or class conducted by a firearms instructor certified as such by the state or by the national rifle association.

A photocopy of a certificate of completion of any of the courses or classes or an affidavit from the instructor, school, club, organization, or group that conducted or taught said course or class attesting to the successful completion of the course or class by the applicant or a copy of any document which shows successful completion of the course or class, shall constitute evidence of qualification under this section.

(b) The court shall issue or deny such license within thirty days after the application is filed with the circuit clerk. The court shall, if necessary, hear evidence upon all matters stated in such application and upon any other matter related to the eligibility of the applicant under subsection (a) of this section. (c) In the event an application is denied, the specific reasons for the denial shall be stated in the order of the court denying the application. Upon denial of an application and at the request of the applicant made within ten days of such denial, the court shall schedule the matter for a hearing. (f) The clerk of the circuit court shall, immediately after the license is granted as aforesaid, furnish the superintendent of the West Virginia state police a certified copy of the order of the court granting such license, for which service the clerk shall be paid a fee of two dollars which shall be taxed as costs in the proceeding. It shall be the duty of the clerk of each circuit court to furnish to the superintendent of the West Virginia state police, at any time so requested, a certified list of all such licenses issued in the county.

(g) No person who is engaged in the receipt, review, or in the issuance of such license shall incur any civil liability as the result of the lawful performance of his or her duties under this article.

(h) Notwithstanding the provisions of subsections (a) and (d) of this section, with respect to application by a former law-enforcement officer honorably retired from agencies governed by article fourteen, chapter seven; article fourteen, chapter eight; and article seven, chapter twenty of this code, an honorably retired officer is exempt from payment of fees and costs as otherwise required by this section, and the application of the honorably retired officer shall be granted without proof or inquiry by the court as to those requirements set forth in subdivisions (6) and (8) of subsection (a) of this section, if the officer meets the requirements of subdivisions (1) through (5) and subdivision (7) of subsection (a) of this section and has the approval of the appropriate chief law-enforcement officer.
AN ACT to amend chapter seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new article, designated article fourteen-c, relating to deputy sheriffs; procedure for investigation; definitions; investigation or interrogation of a deputy sheriff; hearing; right to refuse to disclose personal finances; exceptions; and appeal.

Be it enacted by the Legislature of West Virginia:

That chapter seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article fourteen-c, to read as follows:

ARTICLE 14C. DEPUTY SHERIFFS; PROCEDURE FOR INVESTIGATION.

§7-14C-1. Definitions.

§7-14C-2. Investigation and interrogation of a deputy sheriff.

§7-14C-3. Hearing.

§7-14C-4. Right to refuse to disclose personal finances; exceptions.

§7-14C-5. Appeal.

§7-14C-1. Definitions.

Unless the context clearly indicates otherwise, as used in this article:

(1) "Deputy sheriff" means any person appointed by a sheriff as his or her deputy whose primary duties as deputy are within the scope of active, general law enforcement and as such is authorized to carry deadly weapons, patrol the highways, perform police functions, make arrests or safeguard prisoners. This definition may not be construed
to include any person or persons whose sole duties are the
service of civil process and subpoenas as provided in sec-
tion fourteen, article one, chapter fifty of this code, but the
exclusion does not preclude the service of civil process or
subpoenas by deputy sheriffs covered by the provisions of
this code.

(2) "Under investigation" or "under interrogation"
means any situation in which any deputy sheriff becomes
the focus of inquiry regarding any matter which may
result in punitive action.

(3) "Punitive action" means any action which may lead
to dismissal, demotion, suspension, reduction in salary,
written reprimand or transfer for purposes of punishment.

(4) "Hearing board" means a board which is autho-
rized by the sheriff to hold a hearing on a complaint
against a deputy sheriff and which consists of three mem-
ers, all to be selected from deputy sheriffs within that
agency, or law-enforcement officers or firefighters of
another agency with the approval of the sheriff and who
have had no part in the investigation or interrogation of
the deputy sheriff under investigation. One of the mem-
bers of the board shall be appointed by the sheriff, one
shall be appointed by the deputy sheriff's association and
these two members of the board shall, by mutual agree-
ment, appoint the third member of the board: Provided,
That if the first two members of the board fail to agree
upon the appointment of the third member of the board
within five days, they shall submit to the sheriff's civil
service commission a list of four qualified candidates from
which list the commission shall appoint the third member
of the board: Provided, however, That in the event one or
more members of the board cannot be appointed as other-
wise provided in this section, then the chief judge of the
circuit court of the county shall appoint a sufficient num-
er of citizens of the county as may be necessary to con-
stitute the board. At least one member of the hearing
board shall be of the same rank as the deputy sheriff
against whom the complaint has been filed.
47 (5) "Hearing" means any meeting in the course of an
48 investigatory proceeding, other than an interrogation at
49 which no testimony is taken under oath, conducted by a
50 hearing board for the purpose of taking or inducing testi-
51 mony or receiving evidence.

§7-14C-2. Investigation and interrogation of a deputy sheriff.

1 When any deputy sheriff is under investigation and
2 subjected to interrogation by his or her commanding
3 officer, or any other member of the department, which
4 could lead to punitive action, the interrogation shall be
5 conducted under the following conditions:

(a) The interrogation shall be conducted at a reason-
7 able hour, preferably at a time when the deputy sheriff is
8 on duty, or during his or her normal working hours, un-
9 less the seriousness of the investigation requires otherwise.
10 If the interrogation does occur during the off-duty time of
11 the deputy sheriff being interrogated at any place other
12 than his or her residence, the deputy sheriff shall be com-
13 pensated for that off-duty time in accordance with regular
14 department procedure. If the interrogation of the deputy
15 sheriff occurs during his or her regular duty hours, the
16 deputy sheriff may not be released from employment for
17 any work missed due to interrogation.

(b) Any deputy sheriff under investigation shall be
19 informed of the nature of the investigation prior to any
20 interrogation. The deputy sheriff shall also be informed
21 of the name, rank and command of the officer in charge
22 of the interrogation, the interrogating officers and all
23 other persons to be present during the interrogation. No
24 more than three interrogators at one time may question
25 the deputy sheriff under investigation.

(c) No deputy sheriff under interrogation may be
27 subjected to offensive language or threatened with puni-
28 tive action. No promise of reward may be made as an
29 inducement to answering questions.

(d) The complete interrogation of any deputy sheriff
shall be recorded, whether written, taped or transcribed. Upon request of the deputy sheriff under investigation or his or her counsel, and upon advance payment of the reasonable cost thereof, a copy of the record shall be made available to the deputy sheriff not less than ten days prior to any hearing.

(e) Upon the filing of a formal written statement of charges or whenever an interrogation focuses on matters which are likely to result in punitive action against any deputy sheriff, then that deputy sheriff shall have the right to be represented by counsel who may be present at all times during the interrogation.

Nothing herein prohibits the immediate temporary suspension from duty, pending an investigation, of any deputy sheriff who reports for duty under the influence of alcohol or a controlled substance which would prevent the deputy from performing his or her duties as defined in chapter sixty-a of this code, or under the influence of an apparent mental or emotional disorder.

§7-14C-3. Hearing.

(a) If the investigation or interrogation of a deputy sheriff results in the recommendation of some punitive action, then, before taking punitive action the sheriff shall give notice to the deputy sheriff that he or she is entitled to a hearing on the issues by a hearing board. The notice shall state the time and place of the hearing and the issues involved and be delivered to the deputy sheriff not less than ten days prior to the hearing. An official record, including testimony and exhibits, shall be kept of the hearing.

(b) The hearing shall be conducted by the hearing board of the deputy sheriff except that in the event the recommended punitive action is discharge, suspension or reduction in rank or pay, and the action has been taken, the hearing shall be pursuant to the provisions of section seventeen, article fourteen of this chapter, if applicable. Both the sheriff and the deputy sheriff shall be given am-
ple opportunity to present evidence and argument with respect to the issues involved.

(c) With respect to the subject of any investigation or hearing conducted pursuant to this section, the hearing board may subpoena witnesses and administer oaths or affirmations and examine any individual under oath and may require and compel the production of records, books, papers, contracts and other documents.

(d) Any decision, order or action taken as a result of the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order and accompanying findings and conclusions, along with written recommendations for action, shall be delivered or mailed promptly to the deputy sheriff or to his or her attorney of record.

§7-14C-4. Right to refuse to disclose personal finances; exceptions.

For the purposes of job assignment or other personnel action, a sheriff may not require or request a deputy sheriff to disclose any item if his or her property, income, assets, sources of income, debts or personal or domestic expenditures unless such information is obtained through proper legal procedures or is necessary for the employing agency to ascertain the desirability of assigning the deputy sheriff to a specialized unit in which there is a strong possibility that bribes or other improper inducements might be offered.

§7-14C-5. Appeal.

Any deputy sheriff adversely affected by any decision, order or action taken as a result of a hearing as herein provided has the right to appeal the decision, order or action to the deputy sheriff’s civil service commission, in the manner provided for in section fifteen, article fourteen of this chapter.
The sheriff may also appeal the decision of the hearing board if he or she believes the department would be adversely affected by the order or action of the hearing board.

The order or action of the hearing board is binding upon all involved parties unless overturned in the appeal process by the deputy sheriff's civil service commission or the circuit court of the county wherein the affected parties reside.

AN ACT to amend article fourteen, chapter seventeen-c of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new section, designated section thirteen-a, relating to authorizing police officers to enter certain private lands to investigate automobile accidents.

Be it enacted by the Legislature of West Virginia:

That article fourteen, chapter seventeen-c of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new section, designated section thirteen-a, to read as follows:

ARTICLE 14. MISCELLANEOUS RULES.

§17C-14-13a. Police officers authorized to conduct investigations on private property.

Notwithstanding any provision of law to the contrary, nothing may prohibit any duly authorized municipal police officers, county deputy sheriffs or members of the department of public safety from entering upon private lands in order to investigate a motor vehicle accident when said private lands are open to the use of the public at-large for any purpose.
AN ACT to amend and reenact section three, article three, chapter fifty-nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to newspapers and legal advertisements; rates which a qualified newspaper may charge for legal advertising; establishing the amount of rate increases allowed to be charged for legal advertising for the years one thousand nine hundred ninety-five through one thousand nine hundred ninety-six; requiring affidavits and notice of legal advertising rates; and effective dates of rates.

Be it enacted by the Legislature of West Virginia:

That section three, article three, chapter fifty-nine of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 3. NEWSPAPERS AND LEGAL ADVERTISEMENTS.

§59-3-3. Rates for legal advertisements; computation; filing affidavits with secretary of state.

(a) The rates which a publisher or proprietor of a qualified newspaper in West Virginia may charge and receive for a single or first publication of any legal advertisement set solid shall depend upon the bona fide circulation of such newspaper, as follows:

(1) Two cents per word if the qualified newspaper has a bona fide circulation of less than one thousand, except as provided in subdivision (1), subsection (a) of this section;

(2) Five cents per word if the qualified newspaper has a bona fide circulation of one thousand to ten thousand;
(3) Six and one-fourth cents per word if the qualified newspaper has a bona fide circulation of more than ten thousand but less than forty thousand; or

(4) Seven and one-fourth cents per word if the qualified newspaper has a bona fide circulation of forty thousand or more: Provided, That on the first day of July in the year one thousand nine hundred ninety-five and on the first day of July in the year one thousand nine hundred ninety-six, the allowable rate per word in each of the classifications of qualified newspapers with reference to circulation as set forth in this subsection shall, for each classification, increase one cent per word over the prior year's rate. It is the intent of the Legislature to reconsider the issue of publication rates for legal advertisement in the year one thousand nine hundred ninety-seven.

(b) In computing the number of words in a legal advertisement, not set solid, the basis shall be upon the size of type in which legal advertising is set by the qualified newspaper making the publication, and shall be computed at the legal rate as though the matter was solid type, that is to say, on the basis of eighty-four words to the single column inch in six point type, and fifty-four words to the single column inch in eight point type, and any other size type in proportion.

(c) In determining the cost of a legal advertisement which is to appear more than once in the same qualified newspaper, the cost for the first publication shall be computed as specified in subsections (a) and (b) of this section, and the cost of the second and each subsequent publication shall be seventy-five percent of the cost of the first publication computed as aforesaid.

(d) The average bona fide circulation stated by each qualified newspaper in the statement filed by such newspaper with the United States post office department in November, one thousand nine hundred ninety-four, shall control the rate of circulation classification of such qualified newspaper for the period commencing the first day of July, one thousand nine hundred ninety-five, until the first day of July, one thousand nine hundred ninety-six. On or before the first day of November, one thousand nine hun-
dred ninety-five, the publisher or proprietor of each newspaper desiring to publish any legal advertisement during the ensuing one year time period commencing the first day of July, one thousand nine hundred ninety-six, shall file with the secretary of state an affidavit stating the average bona fide circulation of such newspaper during the preceding twelve month time period ending the thirtieth day of June immediately preceding the November in which the affidavit is filed, and sufficient facts shall be set forth in the affidavit to show whether such newspaper is a qualified newspaper. The average bona fide circulation stated in such affidavit by each qualified newspaper shall control the rate circulation classification for the ensuing twelve month period commencing the first day of July, one thousand nine hundred ninety-six. The publisher or proprietor of each newspaper desiring to publish any legal advertisement during the ensuing twelve month period commencing the first day of July, shall file an affidavit as aforesaid on or before the first day of November of each succeeding year, and such affidavit shall control the rate circulation classification of such newspaper, if it is a qualified newspaper, for the ensuing twelve month period commencing the first day of July. Any qualified newspaper for which the required affidavit is not filed on or before the first day of March of any calendar year after the year one thousand nine hundred ninety-six, shall be conclusively presumed to have for the ensuing twelve month period commencing the first day of July of such year, a bona fide circulation of less than one thousand. At the time a publisher or proprietor of a qualified newspaper files an affidavit with the secretary of state, as aforesaid, such publisher or proprietor shall notify the clerk of the county commission and the board of education of the county in which such qualified newspaper is published of the circulation classification of such qualified newspaper and of the applicable rate for publishing legal advertisements in such qualified newspaper during the ensuing twelve month period commencing the first day of July. If the qualified newspaper is published in a municipality, the publisher or proprietor shall at the same time also furnish the same notification to the clerk or recorder of such municipality.
(e) The rate charged for political advertising appearing in a newspaper at any time or times during the time period commencing thirty days prior to any primary or general election and ending the day following such election may not exceed one hundred five percent of the lowest commercial rate charged by the newspaper in which such political advertising appears.

(f) Nothing contained herein may prohibit qualified newspapers from charging less than the specified rates for any legal advertisement.

CHAPTER 150

(H. B. 2501—By Delegates Douglas, Gallagher, Faircloth, Compton and Linch)

[Passed March 11, 1995; in effect ninety days from passage. Became law without Governor's signature.]

AN ACT to amend and reenact sections five, nine, eleven and twelve, article three, chapter twenty-nine-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to rule making; notice of proposed rule making; allowing an agency to hold either a public hearing or a public comment period; proposal of legislative rules; requiring the filing of agency approved rules within a specified time; providing for extending the time period for filing the agency approved rule; submission of legislative rules to the legislative rule-making review committee; requiring the
filing of relevant federal statutes and regulations with the committee; submission of legislative rules to the Legislature; and changing deadline by which rules must be filed with the committee for consideration at the legislative session.

*Be it enacted by the Legislature of West Virginia:*

That sections five, nine, eleven and twelve, article three, chapter twenty-nine-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, all to read as follows:

**ARTICLE 3. RULE MAKING.**

§29A-3-5. Notice of proposed rule making.

§29A-3-11. Submission of legislative rules to the legislative rule-making review committee.

§29A-3-12. Submission of legislative rules to Legislature.

§29A-3-5. Notice of proposed rule making.

1 When an agency proposes to promulgate a rule other than an emergency rule, it shall file with the secretary of state, for publication in the state register, a notice of its action, including therein any request for the submission of evidence to be presented on any factual determinations or inquiries required by law to promulgate such rule. At the time of filing the notice of its action, the agency shall also file with the secretary of state a copy of the full text of the rule proposed, and a fiscal note as defined in subsection (b), section four of this article. If the agency is considering alternative draft proposals, it may also file with the secretary of state the full text of such draft proposals.

2 The notice shall fix a date, time and place for the receipt of public comment in the form of oral statements, written statements and documents bearing upon any findings and determinations which are a condition precedent to the final approval by the agency of the proposed rule, and shall contain a general description of the issues to be decided. If no specific findings and determinations are required as a condition precedent to the final approval by the agency of the approved rule, the notice shall fix a date,
time and place for the receipt of general public comment
on the proposed rule. To comply with the public com-
ment provisions of this section, the agency may hold a
public hearing or schedule a public comment period for
the receipt of written statements and documents, or both.

If findings and determinations are a condition prece-
dent to the promulgation of such rule, then an opportunity
for general public comment on the merits of the rule shall
be afforded after such findings and determinations are
made. In such event, notice of the hearing or of the peri-
od for receiving public comment on the proposed rule
shall be attached to and filed as a part of the findings and
determinations of the agency when filed in the state regis-
ter.

In any hearing for public comment on the merits of
the rule, the agency may limit presentations to written
material. The time, date and place fixed in the notice shall
constitute the last opportunity to submit any written mate-
rial relevant to any hearing, all of which may be earlier
submitted by filing with the agency. After the public
hearing or the close of the public comment period, which-
ever is later, the agency shall not permit the filing or re-
cipt of, nor shall it consider, any attempted ex parte com-
munications directed to it in the form of additional com-
ment, prior to the submission of its final agency-approved
rule to the legislative rule-making review committee pur-
suant to the provisions of section eleven of this article.

The agency may also, at its expense, cause to be pub-
lished as a Class I legal publication in every county of the
state any notice required by this section.

Any citizen or other interested party may appear and
be heard at such hearings as are required by this section.

When an agency proposes a legislative rule, other than
an emergency rule, it shall be deemed to be applying to
the Legislature for permission, to be granted by law, to
promulgate such rule as approved by the agency for sub-
mission to the Legislature or as amended and authorized
by the Legislature by law.

An agency proposing a legislative rule, other than an emergency rule, after filing the notice of proposed rule making required by the provisions of section five of this article, shall then proceed as in the case of a procedural and interpretive rule to the point of, but not including, final adoption. In lieu of final adoption, the agency shall finally approve the proposed rule, including any amendments, for submission to the Legislature and file such notice of approval in the state register and with the legislative rule-making review committee, within ninety days after the public hearing was held or within ninety days after the end of the public comment period required under section five of this article: Provided, That upon receipt of a written request from an agency, setting forth valid reasons why the agency is unable to file the agency approved rule within the ninety-day time period, the legislative rule-making review committee may grant the agency an extension of time to file the agency approved rule.

Such final agency approval of the rule under this section is deemed to be approval for submission to the Legislature only and does not give any force and effect to the proposed rule. The rule shall have full force and effect only when authority for promulgation of the rule is granted by an act of the Legislature and the rule is promulgated pursuant to the provisions of section thirteen of this article.

§29A-3-11. Submission of legislative rules to the legislative rule-making review committee.

(a) When an agency finally approves a proposed legislative rule for submission to the Legislature, pursuant to the provisions of section nine of this article, the secretary of the executive department which administers the agency pursuant to the provisions of article two, chapter five-I of this code shall submit to the legislative rule-making review committee at its offices or at a regular meeting of such committee fifteen copies of: (1) The full text of the legislative rule as finally approved by the agency, with new language underlined and with language to be deleted from
any existing rule stricken through but clearly legible; (2) a brief summary of the content of the legislative rule and a description and a copy of any existing rule which the agency proposes to amend or repeal; (3) a statement of the circumstances which require the rule; (4) a fiscal note containing all information included in a fiscal note for either house of the Legislature and a statement of the economic impact of the rule on the state or its residents; (5) one copy of any relevant federal statutes or regulations; and (6) any other information which the committee may request or which may be required by law. If the agency is an agency, board or commission which is not administered by an executive department as provided for in article two, chapter five-f of this code, the agency shall submit the final agency-approved rule as required by this subsection.

(b) The committee shall review each proposed legislative rule and, in its discretion, may hold public hearings thereon. Such review shall include, but not be limited to, a determination of:

(1) Whether the agency has exceeded the scope of its statutory authority in approving the proposed legislative rule;

(2) Whether the proposed legislative rule is in conformity with the legislative intent of the statute which the rule is intended to implement, extend, apply, interpret or make specific;

(3) Whether the proposed legislative rule conflicts with any other provision of this code or with any other rule adopted by the same or a different agency;

(4) Whether the proposed legislative rule is necessary to fully accomplish the objectives of the statute under which the rule was proposed for promulgation;

(5) Whether the proposed legislative rule is reasonable, especially as it affects the convenience of the general public or of persons particularly affected by it;

(6) Whether the proposed legislative rule could be
made less complex or more readily understandable by the
general public; and

(7) Whether the proposed legislative rule was proposed
for promulgation in compliance with the requirements of
this article and with any requirements imposed by any
other provision of this code.

(c) After reviewing the legislative rule, the committee
shall recommend that the Legislature:

(1) Authorize the promulgation of the legislative rule;
or

(2) Authorize the promulgation of part of the legisla-
tive rule; or

(3) Authorize the promulgation of the legislative rule
with certain amendments; or

(4) Recommend that the proposed rule be withdrawn.

The committee shall file notice of its action in the state
register and with the agency proposing the rule: Provided,
That when the committee makes the recommendations
of subdivision (2), (3) or (4) of this subsection, the notice
shall contain a statement of the reasons for such recom-
mendation.

(d) When the committee recommends that a rule be
authorized, in whole or in part, by the Legislature, the
committee shall instruct its staff or the office of legislative
services to draft a bill authorizing the promulgation of all
or part of the legislative rule and incorporating such
amendments as the committee desires. If the committee
recommends that the rule not be authorized, it shall in-
clude in its report a draft of a bill authorizing promulga-
tion of the rule together with a recommendation. Any
draft bill prepared under this section shall contain a legis-
late finding that the rule is within the legislative intent of
the statute which the rule is intended to implement, extend,
apply or interpret and shall be available for any member
of the Legislature to introduce to the Legislature.

§29A-3-12. Submission of legislative rules to Legislature.
(a) No later than forty days before the sixtieth day of each regular session of the Legislature, the cochairmen of the legislative rule-making review committee shall submit to the clerk of the respective houses of the Legislature copies of all proposed legislative rules which have been submitted to and considered by the committee pursuant to the provisions of section eleven of this article and which have not been previously submitted to the Legislature for study, together with the recommendations of the committee with respect to such rules, a statement of the reasons for any recommendation that a rule be amended or withdrawn and a statement that a bill authorizing the legislative rule has been drafted by the staff of the committee or by legislative services pursuant to section eleven of this article. The cochairman of the committee may also submit such rules at the direction of the committee at any time before or during a special session in which consideration thereof may be appropriate. The committee may withhold from its report any proposed legislative rule which was submitted to the committee fewer than two hundred twenty-five days before the end of the regular session. The clerk of each house shall submit the report to his or her house at the commencement of the next session.

All bills introduced authorizing the promulgation of a rule may be referred by the speaker of the House of Delegates and by the president of the Senate to appropriate standing committees of the respective houses for further consideration or the matters may be otherwise dealt with as each house or its rules provide. The Legislature may by act authorize the agency to adopt a legislative rule incorporating the entire rule or may authorize the agency to adopt a rule with any amendments which the Legislature shall designate. The clerk of the house originating such act shall forthwith file a copy of any bill of authorization enacted with the secretary of state and with the agency proposing such rule and the clerk of each house may prepare and file a synopsis of legislative action during any session on any proposed rule submitted to the house during such session for which authority to promulgate was not by law provided during such session. In acting upon the separate bills authorizing the promulgation of rules,
the Legislature may, by amendment or substitution, combine the separate bills of authorization insofar as the various rules authorized therein are proposed by agencies which are placed under the administration of one of the single separate executive departments identified under the provisions of section two, article one, chapter five-f of this code or the Legislature may combine the separate bills of authorization by agency or agencies within an executive department. In the case of rules proposed for promulgation by an agency which is not administered by an executive department pursuant to the provisions of article two of said chapter, the separate bills of authorization for the proposed rules of that agency may, by amendment or substitution, be combined. The foregoing provisions relating to combining separate bills of authorization according to department or agency are not intended to restrict the permissible breadth of bills of authorization and do not preclude the Legislature from otherwise combining various bills of authorization which have a unity of subject matter. Any number of provisions may be included in a bill of authorization, but the single object of the bill shall be to authorize the promulgation of proposed legislative rules.

(b) If the Legislature fails during its regular session to act upon all or part of any legislative rule which was submitted to it by the legislative rule-making review committee during such session, no agency may thereafter issue any rule or directive or take other action to implement such rule or part thereof unless and until otherwise authorized to do so.

(c) Nothing herein shall be construed to prevent the Legislature by law from authorizing, or authorizing and directing, an agency to promulgate legislative rules not proposed by the agency or upon which some procedure specified in this chapter is not yet complete.

(d) Whenever the Legislature is convened by proclamation of the governor, upon his or her own initiative or upon application of the members of the Legislature, or whenever a regular session of the Legislature is extended or convened by the vote or petition of its members, the
Legislature may by act enacted during such extraordinary or extended session authorize, in whole or in part, any legislative rule whether submitted to the legislative rule-making review committee, or not, if legislative action on such rule during such session is a lawful order of business.

(e) Whenever a date is required by this section to be computed in relation to the end of a regular session of the Legislature, such date shall be computed without regard to any extensions of such session occasioned solely by the proclamation of the governor.

(f) Whenever a date is required to be computed from or is fixed by the first day of a regular session of the Legislature, it shall be computed or fixed in the year one thousand nine hundred eighty-four, and each fourth year thereafter without regard to the second Wednesday of January of such years.

(b) All money collected shall be deposited in accordance with rules promulgated by the supreme court of appeals.

§50-3-10. Removal of magistrate court official.

If any magistrate, magistrate court clerk, magistrate assistant or magistrate court deputy clerk shall fail to comply with the provisions of this article, the chief inspector may, in addition to any other remedies provided by law, seek the removal from office of such official, in accordance with provisions of section seven, article six, chapter six of this code.

all forms of aid, care, assistance and services to persons, which are authorized by, and who are authorized to receive the same under and by virtue of, any act of Congress, other than the federal Social Security Act, as amended, for distribution through the state division of human services to recipients of any form of aid, care, assistance and services to persons designated or referred to in (1) of this definition and to recipients of state assistance, including by way of illustration, surplus food and food stamps, which Congress has authorized the secretary of agriculture of the United States to distribute to needy persons.

ARTICLE 5. MISCELLANEOUS PROVISIONS.

§9-5-11. Assignment of rights; right of subrogation by department of health and human resources to the rights of recipients of medical assistance; rules as to effect of subrogation.
§9-5-11a. Notice of action or claim.
§9-5-11c. Right of the department of health and human resources to recover medical assistance.

§9-5-11. Assignment of rights; right of subrogation by department of health and human resources to the rights of recipients of medical assistance; rules as to effect of subrogation.

(a) Submission of an application to the department of health and human resources for medical assistance is, as a matter of law, an assignment of the right of the applicant or legal representative thereof, to recovery from personal insurance or other sources, including, but not limited to, liable third parties, to the extent of the cost of medical services paid for by the medicaid program. This assignment of rights does not extend to medicare benefits.

At the time the application is made, the department shall include a statement along with such application that explains that the applicant has assigned all such rights and the legal implications of making such assignment as provided in this section.

If medical assistance is paid or will be paid to a provider of medical care on behalf of a recipient of medical assistance because of any sickness, injury, disease or disability, and another person is legally liable for such expense, either pursuant to contract, negligence or otherwise, the department of health and human resources shall have a right to recover full reimbursement from any award or settlement for such medical assistance from such other person, or from the recipient of such assistance if he has been reimbursed by the other person. The department shall be legally assigned the rights of the recipient against the person so liable, but only to the extent of the reasonable value of the medical assistance paid and attributable to the sickness, injury, disease or disability for which the recipient has received damages. When an action or claim is brought by a medical assistance recipient or by someone on his or her behalf against a third party who may be liable for the injury, disease, disability or death of
a medical assistance recipient, any settlement, judgment or award obtained is subject to the claim of the department of health and human resources for reimbursement of an amount sufficient to reimburse the department the full amount of benefits paid on behalf of the recipient under the medical assistance program for the injury, disease, disability or death of the medical assistance recipient. The claim of the department of health and human resources assigned by such recipient shall not exceed the amount of medical expenses for the injury, disease, disability or death of the recipient paid by the department on behalf of the recipient. The right of subrogation created in this section includes all portions of the cause of action, by either settlement, compromise, judgment or award, notwithstanding any settlement allocation or apportionment that purports to dispose of portions of the cause of action not subject to the subrogation. Any settlement, compromise, judgment or award that excludes or limits the cost of medical services or care shall not preclude the department of health and human resources from enforcing its rights under this section. The secretary may compromise, settle and execute a release of any such claim, in whole or in part.

(b) Nothing in this section shall be construed so as to prevent the recipient of medical assistance from maintaining an action for injuries received by him against any other person and from including therein, as part of the compensatory damages sought to be recovered, the amount or amounts of his or her medical expenses, even though such person received medical assistance in the payment of such medical expenses, in whole or in part.

If the action be tried by a jury, the jury shall not be informed as to the interest of the department of health and human resources, if any, and such fact shall not be disclosed to the jury at any time. The trial judge shall, upon the entry of judgment on the verdict, direct that an amount equal to the amount of medical assistance given be withheld and paid over to the department of health and
human resources. Irrespective of whether the case be
terminated by judgment or by settlement without trial,
from the amount required to be paid to the department of
health and human resources there shall be deducted the
attorney fees attributable to such amount in accordance
with and in proportion to the fee arrangement made
between the recipient and his or her attorney of record so
that the department shall bear the pro rata portion of such
attorney fees. Nothing in this section shall preclude any
person who has received medical assistance from settling
any cause of action which he may have against another
person and delivering to the department of health and
human resources, from the proceeds of such settlement,
the sums received by him or her from the department or
paid by the department for his or her medical assistance.
If such other person is aware of or has been informed of
the interest of the department of health and human
resources in the matter, it shall be the duty of the person to
whose benefit the release inures to withhold so much of
the settlement as may be necessary to reimburse the
department to the extent of its interest in the settlement.
No judgment, award of or settlement in any action or
claim by a medical assistance recipient to recover damages
for injuries, disease or disability, in which the department
of health and human resources has interest, shall be
satisfied without first giving the department notice and
reasonable opportunity to establish its interest. The
department shall have sixty days from receipt of such
written notice to advise the recipient or his or her
representative in writing of the department's desire to
establish its interest through the assignment. If no such
written intent is received within the sixty-day period, then
the recipient may proceed and in the event of full
recovery forward to the department the portion of the
recovery proceeds less the department's share of attorney's
fees and costs expended in the matter. In the event of less
than full recovery the recipient and the department shall
agree as to the amount to be paid to the department for its
claim. If there is no recovery, the department shall under
no circumstances be liable for any costs or attorneys fees
expended in the matter. If, after being notified in writing of a subrogation claim and possible liability of the recipient, guardian, attorney or personal representative for failure to subrogate the department, a recipient, his or her guardian, attorney or personal representative disposes of the funds representing the judgment, settlement or award, without the written approval of the department, that person shall be liable to the department for any amount that, as a result of the disposition of the funds, is not recoverable by the department. In the event that a controversy arises concerning the subrogation claims by the department, an attorney shall interplead, pursuant to rule twenty-two of the rules of civil procedure, the portion of the recipient's settlement that will satisfy the department exclusive of attorneys fees and costs regardless of any contractual arrangement between the client and the attorney.

(c) Nothing contained herein shall authorize the department of health and human resources to institute a class action or multiple plaintiff action against any manufacturer, distributor or vendor of any product to recover medical care expenditures paid for by the medicaid program.

§9-5-11a. Notice of action or claim.

If either the medical assistance recipient or the department of health and human resources brings an action or claim against a third person, the recipient, his attorney or such department shall, within thirty days of filing the action, give to the other written notice of the action or claim by certified mail. This notice shall contain the name of the third person and the court in which the action is brought. If the department of health and human resources institutes said action, the notice shall advise the recipient of their right to bring such action in their own name, in which they may include as a part of their claim the sums claimed by such department. Proof of such notice shall be filed in said action subject to the notice and intent procedure as outlined in section eleven of this article. If an action or claim is brought by either the
recipient or the department of health and human
resources, the other may, at any time before trial, become
a party to the action, or shall consolidate his action or
claim with the other if brought independently: Provided,
That this consolidation or entry as a party does not delay
the proceedings.

§9-5-11c. Right of the department of health and human
resources to recover medical assistance.

(a) Upon the death of a person who was fifty-five
years of age or older at the time the person received
welfare assistance consisting of nursing facility services,
home and community-based services, and related hospital
and prescription drug services, the department of health
and human resources, in addition to any other available
remedy, may file a claim or lien against the estate of the
recipient for the total amount of medical assistance
provided by medicaid for nursing facility services, home
and community-based services, and related hospital and
prescription drug services provided for the benefit of the
recipient. Claims so filed shall be classified as and
included in the class of debts due the state.

(b) The department may recover pursuant to
subsection (a) only after the death of the individual's
surviving spouse, if any and only after such time as the
individual has no surviving children under the age of
twenty-one, or when the individual has no surviving
children who meet the Social Security Act's definition of
blindness or permanent and total disability.

(c) The state shall have the right to place a lien upon
the property of individuals who are inpatients in a nursing
facility, intermediate care facility for the mentally
retarded, or other medical institution who, after notice and
an opportunity for a hearing, the state has deemed to be
permanently institutionalized. This lien shall be in an
amount equal to medicaid expenditures for services
provided by a nursing facility, intermediate care facility
for the mentally retarded or other medical institution, and
shall be rendered against the proceeds of the sale of property except for a minimal amount reserved for the individual's personal needs. Any such lien shall dissolve upon that individual's discharge from the medical institution. The secretary has authority to compromise or otherwise reduce the amount of this lien in cases where enforcement would create a hardship.

(d) No lien may be imposed on such individual's home when the home is the lawful residence of: (1) The spouse of the individual; (2) the individual's child who is under the age of twenty-one; (3) the individual's child meets the Social Security Act's definition of blindness or permanent and total disability; or (4) the individual's sibling has an equity interest in the home and was residing in the home for a period of at least one year immediately before the date of the individual's admission to a medical institution.

(e) The filing of a claim, pursuant to this section, shall neither reduce nor diminish the general claims of the department of health and human resources, except that such department shall not receive double recovery for the same expenditure. The death of the recipient shall neither extinguish nor diminish any right of such department to recover. Nothing in this section affects or prevents a proceeding to enforce a lien pursuant to this section or a proceeding to set aside a fraudulent conveyance.

(f) Any claim or lien imposed pursuant to this section is effective for the full amount of medical assistance provided by medicaid for nursing facility services, home and community-based services, and related hospital and prescription drug services. Said lien attaches and is perfected automatically as of the beginning date of medical assistance, the date when a recipient first receives treatment for which the department of health and human resources may be obligated to provide medical assistance. A claim may be waived by such department, if such department determines, pursuant to applicable federal law and rules and regulations, that the claim will cause substantial hardship to the surviving dependents of the deceased.
(g) Upon the effective date of this section, the attorney general, on behalf of the state of West Virginia, shall commence an action in a court of competent jurisdiction to test the validity, constitutionality, and the ability of the Congress of the United States to mandate the implementation of this section. This subsection does not limit the right of others, including recipients, to intervene in any litigation, nor does it limit the discretion of the attorney general or appropriate counsel to seek affected persons to act as parties to the litigation, either individually or as a class.

CHAPTER 167

(Com. Sub. for H. B. 2033—By Delegates Linch, Pino, Trump and Staton)

[Passed March 11, 1995; in effect ninety days from passage. Became law without Governor’s signature.]

AN ACT to amend and reenact sections three and four, article six-a, chapter twenty-seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended; and to further amend said article by adding thereto a new section, designated section nine, all relating to the commitment of mentally ill, mentally retarded or addicted persons charged with a crime.

Be it enacted by the Legislature of West Virginia:

That sections three and four, article six-a, chapter twenty-seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted; and that said article be further amended by adding thereto a new section, designated section nine, all to read as follows:

ARTICLE 6A. COMMITMENT OF PERSONS CHARGED OR CONVICTED OF A CRIME.
§27-6A-3. Court jurisdiction over persons found not guilty by reason of mental illness, mental retardation or addiction.

(a) After the entry of a judgment of not guilty by reason of mental illness, mental retardation or addiction, the court of record shall determine on the record the offense of which the person otherwise would have been convicted, and the maximum sentence he could have received. The court shall commit such defendant to a mental health facility under the jurisdiction of the department of health, with the court retaining jurisdiction over the defendant for the maximum sentence period.

(b) If the defendant is released from an inpatient mental health facility while under the jurisdiction of the court, the court may impose such conditions as are necessary to protect the safety of the public.

§27-6A-4. Release from jurisdiction of the court; discharge.

(a) No later than thirty days prior to the release of a defendant because of the expiration of the court's jurisdiction, if the defendant's supervising physician believes that the defendant's mental illness or mental retardation or addiction causes the defendant to be dangerous to self or others, the supervising physician shall notify the prosecuting attorney in the county of the court having jurisdiction of such opinion and the basis therefore. Following this notification, the prosecuting attorney shall file a civil commitment application against the defendant, pursuant to article five of this chapter.

(b) The court may discharge a mentally ill or addicted defendant from the court's period of jurisdiction prior to the expiration of the period specified in this section only when the court finds that the person is no longer mentally
ill or addicted and that the person is no longer a danger to
self or others. The court may discharge a mentally
retarded defendant from the court's period of jurisdiction
prior to the expiration of the period specified in this
section only when the court finds that the person is no
longer a danger to self or others. However, a defendant
may not be released from the jurisdiction of the court
when the defendant's mental illness is in remission solely
as a result of medication or hospitalization or other mode
of treatment if it can be determined within a reasonable
degree of medical certainty that without continued therapy
or hospitalization or other mode of treatment, the
defendant's mental illness will make him a danger to self
or others.

(c) Those persons committed under the provisions of
this article may be released or discharged from the
inpatient mental health facility only upon entry of an
order from the court of record which committed the
defendant finding that the defendant will not be a danger
to self or others if so released, based upon the evidence
introduced at the hearing.

(d) The court shall promptly conduct a hearing after
receipt of the physician's notification referred to in
subsection (a) of this section. The clerk shall notify the
prosecuting attorney and the victim or next of kin of the
victim of the offense for which the person was committed
of the hearing. The burden shall be on the victim or next
of kin to the victim to keep the court apprised of that
person's current mailing address.

The department of health shall, on or before the first
day of the regular session of the Legislature in the year
one thousand nine hundred ninety-six, provide to the
president of the Senate and the speaker of the House of
Delegates a complete proposed plan for the implementat-
on of a conditional release or outpatient status program
for persons committed to an inpatient mental health
s facility due to having been judicially determined to be not
guilty by reason of insanity, incompetence to stand trial or
civilly committed after having been judicially determined
to be a danger to self or others.

(S. B. 187—By Senators Miller, Bailey, Love, Anderson, Dittmar,
Blatnik, Whitlow, Ross, Helmick and Schoonover)

[Passed March 8, 1995; in effect from passage. Approved by the Governor.]

AN ACT to amend and reenact sections eleven, twelve and
twelve-a, article seven, chapter twenty of the code of West
Virginia, one thousand nine hundred thirty-one, as amended,
all relating to establishing a three-year registration period for
motorboats; establishing a fee of fifteen dollars for the
three-year registration period; and providing that the assessor
shall be furnished boat registration if the cost price of the
vessel exceeds five hundred dollars or the cost of a motor
exceeds two hundred fifty dollars.

Be it enacted by the Legislature of West Virginia:

That sections eleven, twelve and twelve-a, article seven, chapter twenty of the code of West
Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, all to
read as follows:

ARTICLE 7. LAW ENFORCEMENT, MOTORBOATING, LITTER.

PART II. MOTORBOATING.

§20-7-11. Motorboats and other terms defined.
§20-7-12. Motorboat identification numbers required; application for num-
bers; fee; displaying; reciprocity; change of ownership; conformity with United States regulations; records; renewal of
certificate; transfer of interest, abandonment, etc.; change of
address; unauthorized numbers; information to be furnished
assessors.

§20-7-12a. Payment of personal property taxes prerequisite to application for
certificate or renewal of number; duties of assessors; schedule
of motorboat values.
§20-7-11. Motorboats and other terms defined.

As used in this section and subsequent sections of this article, unless the context clearly requires a different meaning:

1. "Vessel" means every description of watercraft, other than a seaplane on the water, used or capable of being used as a means of transportation on water;

2. "Motorboat" means any vessel propelled by an electrical, steam, gas, diesel or other fuel propelled or driven motor, whether or not the motor is the principal source of propulsion, but shall not include a vessel which has a valid marine document issued by the bureau of customs of the United States government or any federal agency successor thereto;

3. "Owner" means a person, other than a lienholder, having the property in or title to a motorboat. The term includes a person entitled to the use or possession of a motorboat subject to an interest in another person, reserved or created by agreement and securing payment or performance of an obligation, but the term excludes a lessee under a lease not intended as security;

4. "Commissioner" means the commissioner of the division of motor vehicles; and

5. "Director" means the director of the division of natural resources.

§20-7-12. Motorboat identification numbers required; application for numbers; fee; displaying; reciprocity; change of ownership; conformity with United States regulations; records; renewal of certificate; transfer of interest, abandonment, etc.; change of address; unauthorized numbers; information to be furnished assessors.

Every motorboat, as herein defined, operating upon public waters within the territorial limits of this state, shall be numbered as herein provided:

(a) The owner of each motorboat requiring numbering by this state shall file an application for a number with
the commissioner on forms approved by the division of
motor vehicles. The application shall be signed by the
owner of the motorboat and shall be accompanied by a
fee of fifteen dollars for a three-year registration period if
propelled by a motor of three or more horsepower. The
fee may be prorated by the commissioner for periods of
less than three years. There shall be no fee for motorboats
propelled by motors of less than three horsepower. All
such fees, including those received under subdivision (b)
of this section, shall be deposited in the state treasury and
fifty percent shall be credited to the division of motor
vehicles and shall be used and paid out upon order of the
commissioner solely for the administration of the certifi-
cate of number system. The remaining fifty percent shall
be credited to the division of natural resources and shall
be used and paid out upon order of the director solely for
the enforcement and safety education of the state boating
system. Upon receipt of the application in approved form,
the commissioner shall enter the same upon the records of
the division and issue to the applicant a number awarded
to the motorboat and the name and address of the owner.
The owner shall paint on or attach to each side of the bow
of the motorboat the identification number in the manner
as may be prescribed by rules of the commissioner in
order that it may be clearly visible. The number shall be
maintained in legible condition. The certificate of num-
ber shall be pocket size and shall be available at all times
for inspection on the motorboat for which issued, whenev-
er the motorboat is in operation.

(b) In order to permit a motorboat sold to a purchaser
by a dealer to be operated pending receipt of the certifi-
cate of number from the commissioner, the commissioner
may deliver to dealers, upon application therefor and
payment of one dollar for each, temporary certificates of
number to in turn be issued to purchasers of motorboats.
Every person who is issued a temporary certificate by a
dealer shall, under the provisions of subdivision (a) of this
section, apply for a certificate of number no later than ten
days from the date of issuance of the temporary certifi-
cate. A temporary certificate shall expire upon receipt of
the certificate, upon rescission of the contract to purchase
the motorboat in question or upon the expiration of forty days from the date of issuance, whichever shall first occur.

It is unlawful for any dealer to issue any temporary certificate knowingly containing any misstatement of fact or knowingly to insert any false information on the face thereof. The commissioner may by rule prescribe additional requirements upon the dealers and purchasers as are consistent with the effective administration of this section.

(c) The owner of any motorboat already covered by a number in full force and effect which has been awarded to it pursuant to then operative federal law or a federally approved numbering system of another state shall record the number prior to operating the motorboat on the waters of this state in excess of the sixty-day reciprocity period provided for in section fourteen of this article. The recordation shall be in the manner and pursuant to procedure required for the award of a number under subdivision (a) of this section, except that an additional or substitute number shall not be issued.

[Passed March 11, 1995; in effect ninety days from passage. Became law without Governor's signature.]

AN ACT to amend and reenact sections two, three and five, article four-a, chapter seventeen-a of the code of West Virginia,
one thousand nine hundred thirty-one, as amended, all relating to modifying the method by which liens may be perfected against vehicles held as inventory by a registered dealer holding title by assignment; providing for notice to purchasers for value or lien creditors; providing for notice to state and federal governmental agencies, creditors and purchasers; exceptions; and making certain technical revisions.

Be it enacted by the Legislature of West Virginia:

That sections two, three and five, article four-a, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, all to read as follows:

ARTICLE 4A. LIENS AND ENCUMBRANCES ON VEHICLES TO BE SHOWN ON CERTIFICATE OF TITLE; NOTICE TO CREDITORS AND PURCHASERS.

§17A-4A-2. Liens and encumbrances subsequently created.

§17A-4A-3. Notice of lien; noninventory lien created by voluntary act of the owner not shown on certificate of title void as to subsequent purchasers and lien creditors; exceptions.

§17A-4A-5. Priority of liens shown on certificate.

§17A-4A-2. Liens and encumbrances subsequently created.

(a) Liens or encumbrances placed on vehicles by the voluntary act of the owner after the original issue of title to be properly recorded must be shown on the certificate of title. In such cases, the owner or lienholder shall file application with the department on a blank furnished for that purpose, setting forth the lien or liens and such information and evidence of the lien in connection therewith as the department may deem necessary. Such information shall include the name and address of the lienholder, the kind of and nature of the lien, the date thereof, and the amount thereby secured. However, only the name and address of the lienholder shall be endorsed on the title certificate with the endorsement of the fact of such lien as hereinafter provided. The department, if satisfied that it is proper that the same be recorded, and upon surrender of the certificate of title covering the vehicle, shall thereupon
issue a new certificate of title, showing the liens or encum-
brances in the order of their filing being according to the
date, hour and minute of receipt by the department of the
application for same. For the purpose of recording a
subsequent lien on a certificate of title, the subsequent
lienholder shall make a written request upon the lienholder-
in possession of the certificate of title, accompanied by
proof of the existence of the subsequent lien, stating his
need to have possession of the certificate of title for the
purpose of having his lien recorded thereon by the divi-
sion of motor vehicles. Thereupon, the lienholder in
possession of the certificate shall within a reasonable time,
not to exceed ten days from the receipt of said written
request, deliver the certificate of title to the requesting
subsequent lienholder.

Upon delivery of the certificate of title, the subsequent
lienholder shall immediately forward it and the lienhold-
er's own application to the division of motor vehicles for
the filing of the lien and for the recording of the same on
the certificate of title. Upon issuing the new certificate, the
department shall thereupon send or deliver it to the holder
of the first lien.

(b) The provisions of subsection (a) of this section
shall not apply to vehicles held as inventory for sale by a
registered dealer holding title by assignment entered upon
a certificate of title. Any lien or encumbrance placed on
such vehicles by the voluntary act of the owner shall be
created and perfected in accordance with the provisions of
article nine, chapter forty-six of this code.

§17A-4A-3. Notice of lien; noninventory lien created by vol-
untary act of the owner not shown on certificate
of title void as to subsequent purchasers and lien
creditors; exceptions.

(a) A certificate of title, when issued by the depart-
ment showing a lien or encumbrance, shall be deemed
from and after the filing with the department of the appli-
cation therefor adequate notice to the state and its agen-
cies, boards and commissions, to the United States government and its agencies, boards and commissions, to creditors and to purchasers that a lien against the vehicle exists and the recording of such reservation of title, lien or encumbrance in the county wherein the purchaser or debtor resides or elsewhere is not necessary and shall not be required or have any effect. Notwithstanding any other provision of this code to the contrary, and subject to the provisions of subsection (b) of this section and of section four of this article, any lien or encumbrance placed upon a vehicle by the voluntary act of the owner but not shown on such certificate of title shall be void as to any purchaser for value or lien creditor, who, in either case, without notice of such lien or encumbrance, purchases such vehicle or acquires by attachment, levy or otherwise a lien thereupon.

(b) The creation and perfection of a lien against a vehicle held as inventory for sale by a registered dealer holding title by assignment in accordance with the provisions of article nine, chapter forty-six of this code shall be deemed adequate notice to the state and its agencies, boards and commissions, to the United States government and its agencies, boards and commissions, to creditors and to purchasers that a lien against the vehicle exists, subject to the provisions of section three hundred seven, article nine, chapter forty-six of this code, except that any lien or encumbrance on such a vehicle shall not be effective against the rights of any purchaser for value who purchases such vehicle primarily for personal, family, household or agricultural purposes unless such lien or encumbrance is recorded on the certificate of title or specified on the bill of sale.

§17A-4A-5. Priority of liens shown on certificate.

The liens shown upon a certificate of title issued by the department pursuant to applications for same shall have priority over any other liens against such vehicle, however created and recorded, except as otherwise provided in this article.
AN ACT to amend and reenact section three, article six, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to motor vehicle dealer licenses; separate certificates required for each business when engaging in more than one business; civil penalties; and promulgation of rules.

Be it enacted by the Legislature of West Virginia:

That section three, article six, chapter seventeen-a of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

motorcycle safety fund as established in section seven,
article one-d of this chapter.

§17B-2-12. Expiration of licenses; renewal; renewal fees.

Be it enacted by the Legislature of West Virginia:

That section three-a, article five-a, chapter seventeen-c of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 5A. ADMINISTRATIVE PROCEDURES FOR SUSPENSION AND REVOCATION OF LICENSES FOR DRIVING UNDER THE INFLUENCE OF ALCOHOL, CONTROLLED SUBSTANCES OR DRUGS.

§17C-5A-3a. Establishment of and participation in the motor vehicle alcohol test and lock program.

(a) The division of motor vehicles shall control and regulate a motor vehicle alcohol test and lock program for persons whose licenses have been revoked pursuant to this article or the provisions of article five of this chapter. Such program shall include the establishment of a users fee for persons participating in the program which shall be paid in advance and deposited into the driver's rehabilitation fund. Except where specified otherwise, the use of the term "program" in this section refers to the motor vehicle alcohol test and lock program. The commissioner of the division of motor vehicles shall propose legislative rules for promulgation in accordance with the provisions of chapter twenty-nine-a of this code for the purpose of implementing the provisions of this section. Such rules shall also prescribe those requirements which, in addition to the requirements specified by this section for eligibility to participate in the program, the commissioner determines must be met to obtain the commissioner's approval to operate a motor vehicle equipped with a motor vehicle alcohol test and lock system. For purposes of this section, a "motor vehicle alcohol test and lock system" means a mechanical or computerized system which, in the opinion of the commissioner, prevents the operation of a motor vehicle when, through the system's assessment of the blood alcohol content of the person operating or attempting to

Before the commissioner
approves a person to operate a motor vehicle equipped
with a motor vehicle alcohol test and lock system, the
person must agree to thereafter comply with the following
conditions:

(A) If not already enrolled, the person will enroll in
and complete the educational program provided for in
subsection (c), section three of this article at the earliest
time that placement in the educational program is
available, unless good cause is demonstrated to the
commissioner as to why placement should be postponed;

(B) The person will pay all costs of the educational
program, any administrative costs and all costs assessed for
any suspension hearing.

(3) Notwithstanding the provisions of this section to
the contrary, no person eligible to participate in the
program shall operate a motor vehicle unless approved to
do so by the commissioner.

this chapter upon a person eligible for participation in the
program as follows:

first offense for six months pursuant to the provisions of
section one-a of this article for conviction of an offense
defined in section two, article five of this chapter, or
pursuant to subsection (i), section two of this article, the
minimum period of revocation before such person is
eligible for participation in the test and lock program is
thirty days, and the minimum period for the use of the
ignition interlock device is five months, or that period
described in subdivision (1), subsection (e) of this section,
whichever period is greater;

(2) For a person whose license has been revoked for a
first offense pursuant to section seven, article five of this
chapter, refusal to submit to a designated secondary
c Hemical test, the minimum period of revocation before
such person is eligible for participation in the test and lock
program is thirty days, and the minimum period for the
use of the ignition interlock device is nine months, or the
period set forth in subdivision (1), subsection (e) of this

second offense pursuant to the provisions of section one-a
of this article for conviction of an offense defined in
section two, article five of this chapter, or pursuant to
section two of this article, the minimum period of
revocation before such person is eligible for participation
in the test and lock program is nine months, and the
minimum period for the use of the ignition interlock
device is eighteen months, or that period set forth in
subdivision (2), subsection (e) of this section, whichever
period is greater;

(e) of this section, whichever period is greater;

article four, chapter seventeen-b of this code, for driving
while the applicant's driver's license was suspended or
revoked, within the two-year period preceding the date of
application for admission to the test and lock program;

(6) The commissioner is hereby authorized to allow
individuals in the test and lock program an additional
device or devices if such is necessary for employment
purposes.

(d) Upon permitting an eligible person to participate in the program, the commissioner shall issue to such person, and such person shall be required to exhibit on demand, a driver's license which shall reflect that such person is restricted to the operation of a motor vehicle which is equipped with an approved motor vehicle alcohol test and lock system.

(e) Any person who has completed the safety and treatment program and who has not violated the terms required by the commissioner of such person's participation in the motor vehicle alcohol test and lock program shall be entitled to the restoration of such person's driver's license upon the expiration of:

(1) One hundred eighty days of the full revocation period imposed by the commissioner for a person described in subdivision (1) or (2), subsection (c) of this section;

(2) The full revocation period imposed by the commissioner for a person described in subdivision (3), subsection (c) of this section;

(3) One year from the date a person described in subdivision (4), subsection (c) of this section is permitted to operate a motor vehicle by the commissioner.

(f) A person whose license has been suspended pursuant to the provisions of subsection (l), section two of this article, who has completed the educational program, and who has not violated the terms required by the commissioner of such person's participation in the motor vehicle alcohol test and lock program shall be entitled to the reinstatement of his or her driver's license six months from the date the person is permitted to operate a motor vehicle by the commissioner. When a license has been reinstated pursuant to this subsection, the records ordering the suspension, records of any administrative hearing, records of any blood alcohol test results and all other
174 records pertaining to the suspension shall be expunged by
175 operation of law: Provided, That a person shall be entitled
176 to expungement under the provisions of this subsection
177 only once. The expungement shall be accomplished by
178 physically marking the records to show that such records
179 have been expunged, and by securely sealing and filing
180 the records. Expungement shall have the legal effect as if
181 the suspension never occurred. The records shall not be
182 disclosed or made available for inspection, and in response
183 to a request for record information, the commissioner
184 shall reply that no information is available. Information
185 from the file may be used by the commissioner for
186 research and statistical purposes so long as the use of such
187 information does not divulge the identity of the person.
188
189 (g) In addition to any other penalty imposed by this
190 code, any person who operates a motor vehicle not
191 equipped with an approved motor vehicle alcohol test and
192 lock system during such person’s participation in the

CHAPTER 190

(Com. Sub. for S. B. 447—By Senators Yoder, Ross, Dittmar and Grubb)

[Passed March 9, 1995; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend chapter twenty of the code of West Virginia,
one thousand nine hundred thirty-one, as amended, by add­
ing thereto a new article, designated article twelve, relating
generally to the creation, conveyance, acceptance, duration
and validity of conservation and preservation easements;
creating the "Conservation and Preservation Easements Act";
defining the purpose of such act; defining the terms used in
the act; outlining the procedure for the creation and transfer
of conservation and preservation easements; describing who
may bring judicial actions; actions the court may take with
regard to certain easements; grounds for the validity of the
easements; the applicability of the article; and the construc­
tion of the article.

Be it enacted by the Legislature of West Virginia:

That chapter twenty of the code of West Virginia, one thou­
sand nine hundred thirty-one, as amended, be amended by add­
ing thereto a new article, designated article twelve, to read as
follows:

ARTICLE 12. CONSERVATION AND PRESERVATION EASE­
MENTS.

§20-12-1. Short title.
§20-12-2. Purpose of article.
§20-12-1. Short title.

This article shall be known and may be cited as the "Conservation and Preservation Easements Act".

§20-12-2. Purpose of article.

The West Virginia Legislature recognizes the importance and significant public benefit of conservation and preservation easements in its ongoing efforts to protect the natural, historic, agricultural, open-space and scenic resources of this state.

§20-12-3. Definitions.

The following words and phrases when used in this article have the meanings given to them in this section unless the context clearly indicates otherwise:

(a) "Conservation easement" means a nonpossessory interest of a holder in real property, whether appurtenant or in gross, imposing limitations or affirmative obligations, the purposes of which include, but are not limited to, retaining or protecting for the public benefit the natural, scenic or open-space values of real property; assuring its availability for agricultural, forest, recreational or open-space use; protecting natural resources and wildlife; maintaining or enhancing land, air or water quality; or preserving the historical, architectural, archaeological or cultural aspects of real property.

(b) "Holder" means:

(1) A governmental body empowered to hold an interest in real property under the laws of this state or the United States.
(2) A charitable corporation, charitable association or charitable trust registered with the secretary of state and exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986 (Public Law 99-514, 26 U.S.C. Section 501(c)(3), or other federal or state statutes or rules, the purposes or powers of which include retaining or protecting the natural, scenic, agricultural or open-space values of real property; assuring the availability of real property for agricultural, forest, recreational or open-space use; protecting natural resources and wildlife; maintaining or enhancing land, air or water quality; or preserving the historical, architectural, archaeological or cultural aspects of real property.

(c) "Preservation easement" means a nonpossessory interest in an historical building.

(d) "Third-party right of enforcement" means a right provided in a conservation or preservation easement, in order to enforce any of its terms, granted to a governmental body, charitable corporation, charitable association or charitable trust, which, although eligible to be a holder, is not a holder.

§20-12-4. Creation, transfer and duration.

(a) Except as otherwise provided in this article, a conservation or preservation easement may be created, conveyed, recorded, assigned, released, modified, terminated or otherwise altered or affected in the same manner as other easements.

(b) No right or duty of a holder, successive holder named in the easement deed or person having a third-party right of enforcement arises under a conservation or preservation easement before the easement's acceptance by the holder, successive holder or third party with right of enforcement and a recordation of the acceptance.

(c) Except as provided in subsection (b), section five of this article, a conservation or preservation easement created after the effective date of this article may be per-
petual in duration, but in no event shall be for a duration of less than twenty-five years.

(d) An interest in real property in existence at the time a conservation or preservation easement is created, including an unrecorded lease for the production of minerals or removal of timber, shall not be impaired unless the owner of such interest is a party to the easement or expressly consents to comply with the restriction of such easement.

§20-12-5. Judicial and related actions.

(a) An action affecting a conservation or preservation easement may be brought by any of the following:

(1) An owner of an interest in the real property burdened by the easement;

(2) A holder of the easement;

(3) A person having a third-party right of enforcement; or

(4) A person, agency or entity otherwise authorized by state or federal law.

(b) This article does not affect the power of a court to modify or terminate a conservation or preservation easement in accordance with the principles of law and equity consistent with the public policy of this article as stated under section two of this article, when the easement is broadly construed to effect that policy. Notwithstanding provision of law to the contrary, conservation and preservation easements shall be liberally construed in favor of the grants contained therein to effect the purposes of those easements and the policy and purpose of this article.

(c) A holder, governmental entity or other person may not exercise the right of eminent domain or the power of condemnation to acquire a conservation easement without condemning or exercising the right of eminent domain as to the entire fee interest of the property: Provided, That any public utility regulated pursuant to the provisions of
chapter twenty-four of this code or any public service
title XV, United States Code, Section 717, et seq., or the
title XV, United States Code, Section
794a, et seq., or any successor statute for the regulation of
governing regulatory statute or by the administrative
agency established under the statute. Nothing in this arti-
cle may be construed to limit the lawful exercise of the
right of eminent domain or the power of condemnation
by any person or entity having such power, or the right of
any real property owner to compensation by reason of the
lawful exercise of such right of eminent domain or power
of condemnation for any estate or interest in real property
except a conservation or preservation easement authorized
by this article.

§20-12-6. Validity.

(a) A conservation or preservation easement is valid
even though:

(1) It is not appurtenant to an interest in real property;

(2) It can be or has been assigned to another holder;

(3) It is not of a character that has been recognized
traditionally as common law;

(4) It imposes a negative burden;

(5) It imposes affirmative obligations upon the owner
of an interest in the burdened property or upon the hold-
er;

(6) The benefit does not touch or concern real proper-
ty; or

(7) There is no privity of estate or of contract.

(b) To be enforceable under the provisions of this
article, a conservation or preservation easement shall be
recorded within sixty days of the effective date of the easement. Upon proper recording, the provisions of this article apply retroactively to the effective date of the easement.

§20-12-7. Applicability.

(a) This article applies to any interest created after the effective date of this article, whether designated as a conservation or preservation easement or as a covenant, equitable servitude, restriction, easement or otherwise.

(b) This article applies to any interest created before the effective date when the interest would have been enforceable had it been created after its effective date, unless retroactive application contravenes the constitution or laws of the United States or of this state. No conservation easement or preservation easement created prior to the effective date of this article may be invalidated by reason of the enactment of this article when the conservation easement or preservation easement was valid under the law in effect at the time of its creation.

(c) This article does not invalidate any interest, whether designated as a conservation or preservation easement or as a covenant, equitable servitude, restriction, easement or otherwise, that is enforceable under another law of this state.

§20-12-8. Uniformity of application and construction.

This article shall be applied and construed to effectuate its general purpose to make uniform the laws with respect to the subject of this article among states enacting similar laws. Except as expressly otherwise provided, nothing contained in this article is intended to be construed to alter applicable established common law. In a manner consistent with common law, the granting of a conservation or preservation easement shall not subsequently restrict the right of the fee owner to further grant any other interest in real property to any person or entity when the grant does not materially impair the prior con-

(j) The director may provide for the registration of the bonds in the name of the owner as to principal alone, and as to both principal and interest under such terms and conditions as the director may determine, and shall sell the bonds in such manner as he or she may determine to be for the best interest of the state, taking into consideration the financial responsibility of the purchaser and the terms and conditions of the purchase and especially the availability of the proceeds of the bonds when required for payment of the cost of the project.

(k) The proceeds of the bonds shall be used solely for the payment of the cost of the project and shall be depos-

The formulary shall be promulgated by the board within ninety days of the date of passage of this section, and may be amended in accordance with the provisions of chapter twenty-nine-a of this code.

(m) No pharmacist shall substitute a generic named therapeutically equivalent drug product for a prescribed brand name drug product if the brand name drug product

use of the substitute drug unless the original drug was
incorrectly prescribed.

Signature"

The purpose of these standards is to establish minimum technical criteria to govern the performance of surveyors when more stringent specifications are not required by other agencies, contract, etc. Further, the purpose is to protect the inhabitants of this state from dishonest or incompetent surveying, and generally to protect the public welfare.

(a) The client discussion prior to the survey should cover the purpose of survey, scope of services, disputes with adjoiners fees and contract.

(b) The record search should include the record description based on current and prior deeds, conveyance from common grantor, or if necessary original survey or grant. It should also include descriptions of adjoining properties, other sources of information or resolution of conflicts in descriptions. All records of information sources used will be retained as a permanent record.

(c) The field survey will consist of a field search for controlling evidence, a discussion of evidence with the owner, adjoiners or others having knowledge of the boundaries and the location of evidence by traverse methods. The surveyor will use methods and equipment suitable for the purpose of the survey and the field notes will be retained as a permanent record.

(d) Distance will be measured in feet or meters, or fractions thereof, and angles will be measured in degrees or parts thereof. These will be measured to a precision that will produce the desired level of accuracy. Areas will be measured to a precision consistent with the purpose of the survey. All measuring devices will be checked periodically for accuracy and condition.

(e) Monumentation is required for all new or reestablished corners, or reference monument for inaccessible corners, and is encouraged at intervisible points between corners. Artificial or set monuments will be made of durable ferrous material and set firmly in the ground. Pipes will have a minimum inside diameter of one inch, while rebars will have a minimum outside diameter of one-half
inch and both will have a minimum length of thirty inches. Other markers shall have a minimum cross-sectional area of three-tenths square inch and will be of durable material, identifiable and unique. Natural objects chosen for corners shall be durable, unique and easily identifiable.

(f) A plat will be prepared for all boundary surveys, shall show the results of the field survey and will be delivered to the client. Plats will be to a scale large enough to show significant details. Information on plats will include when applicable north arrows and basis of bearings, date of survey, measured length and direction of each boundary line by distance, bearing and quadrant and evidence of possession on or near the property line.

The description of all corners or reference monuments, and whether found (fd) or set, area of the parcel and of significant parts, including streets, alleys and nonlotted area of subdivision, state, county and district or municipality will be shown on the plat. The subdivision name, lot, block and plat reference will also be shown on subdivision or lot surveys.

The tax map, parcel number, name of current and/or past owners for subject property and adjoiners, current conveyance reference for subject property and adjoiners will be shown. Name, address, license number, signature, seal of surveyor, overlaps and gaps in record lines, former deed or grant lines as needed, ties to significant objects and general location information will also be included.

(g) A description will be prepared for each boundary survey and will include the state, county, district or municipality and watershed or topographic location. Lot and block numbers will be shown for new platted subdivisions, but retracement surveys for lots and other surveys will require a metes and bounds description. The description will also include the point of beginning, the description of monumentation at each corner and objects encountered along the line, the length and direction of each line, and the radius, chord bearing and distance of a curved boundary.
The description will also show the intent with regard to adjoiner, physical evidence or record monument along the line. The area of the parcel, reference to plat and surveyor preparing description and the reference to conveyance by which the current owner claims title, including grantor, grantee, date and place.

(h) The report of survey will be used when the plat and description do not adequately address all matters considered by the surveyor in performing the survey and will be provided to the client with a plat and description.

The report will include all unusual circumstances surrounding the survey, weight given to conflicting evidence and encroachments, overlaps or gaps and how they were resolved, and the names of adjoiners contacted and the information they supplied.

(i) A mortgage/loan inspection survey in which boundaries on a property have not been surveyed in accordance with the methods set forth by the board, then the plat must be stamped "a mortgage inspection survey only, not a boundary survey". The surveyor must notify a landowner or other person commissioning their services if a survey or an inspection was performed.

(5) Fix appropriate and reasonable fees for mandatory licensure, which shall be no greater than two hundred dollars for initial licensure or one hundred fifty dollars for annual license renewal. All fees shall be reviewed periodically and modified as necessary.

(b) The board shall designate one person to accept and deposit moneys paid to the board. The money so collected shall be deposited with the treasurer of the state and credited to an account to be known as the "board of respiratory care fund." Expenditures from the fund shall be for the purposes set forth in this article and are not authorized from collections but are to be made only in accordance with appropriation by the Legislature and in accordance with the provisions of article three, chapter twelve of this code and upon the fulfillment of the provisions set forth in article two, chapter five-a of this code: Provided, That for the fiscal year ending the thirtieth day of June, one thousand nine hundred ninety-six, expenditures are authorized from collections rather than pursuant to an appropriation by the Legislature. No part of the state's general revenue fund shall be expended to carry out the purposes of this article.

(c) The board may contract with other state boards or state agencies to share offices, personnel and other administrative functions as authorized under this article.

(b) Every licensee shall renew his or her license on or before the first day of January of each year by payment of a fee established by the board which shall be no greater than one hundred fifty dollars. Any license that is not so renewed shall automatically lapse. Prior to engaging in the practice of respiratory care, the person shall submit to the board an application for the renewal of the license and payment of a renewal fee for the current year.

(d) The board may deny any application for renewal of a license for any reason which would justify the denial of an original application for a license as specified by provisions of this article.

(e) The board shall prescribe the form of licenses.

(a) Upon payment of the proper fees, an applicant for
a license to practice respiratory care shall submit to the board written evidence, verified by oath, that the applicant:

(c) The board may also issue a license to practice respiratory care by endorsement to respiratory therapists and respiratory care technicians holding credentials conferred by the National Board for Respiratory Care, Inc., or its successor organizations, if the credentials have not been suspended or revoked. Applicants applying under the conditions of this section shall be required to certify under oath that their credentials have not been suspended or revoked.

(d) If an applicant fails to complete the requirements for licensure within ninety days from the date of filing, the application is deemed to be abandoned.

Upon payment of the proper fee the board may issue a temporary permit to practice respiratory care for a period of six months under the following conditions:

examinations, or their equivalent as approved by the board.

(b) Applicants who have not passed either of these national examinations or their equivalent on the effective date of this article and who, through written evidence and verified by oath, demonstrate that they have been functioning for two years in the capacity of a respiratory care provider as defined by this article shall be issued a temporary license to practice respiratory care. A temporary license issued pursuant to this section shall be renewed at intervals prescribed by the board. A temporary license shall not be valid after the first day of June, one thousand nine hundred ninety-seven. Persons holding a temporary license shall be issued a license to practice only after achieving a passing score on a licensure exam administered or approved by the board.

(c) Any person issued a license pursuant to this section shall be required to pay the license or renewal fees established in section seven of this article.

(h) Has practiced respiratory care under cover of any permit or license illegally or fraudulently obtained or issued; or
(i) Has violated or aided or abetted others in violation of any provision of this article.

§30-34-14. Due process procedure.

(a) Upon filing with the board a written complaint charging a person with being guilty of any of the acts described in section thirteen of this article, the administrative secretary or other authorized employee of the board shall provide a copy of the complaint or list of allegations to the person about whom the complaint was filed. That person will have twenty days thereafter to file a written response to the complaint. The board shall thereafter, if the allegations warrant, make an investigation. If the board finds reasonable grounds for the complaint, a time and place for a hearing shall be set, notice of which shall be served on the licensee, permit holder or applicant at least fifteen calendar days in advance of the hearing date. Upon receipt of a premium, the treasurer shall deposit the premium into a special revenue fund to be known as the "West Virginia Prosecuting Attorneys Institute Fund". All costs of operating the West Virginia prosecuting attorneys institute shall be paid from the West Virginia prosecuting attorneys institute fund upon proper authorization by the executive council or by the executive director of the institute and subject to annual appropriation by the Legislature of the amounts contained within the fund.

(h) (1) A county shall be exempted from the requirements of subsection (g) of this section if the county commission of the county votes on or before the thirty-first day of December, one thousand nine hundred ninety-five, to exclude that county from participation in the West Virginia prosecuting attorneys institute. On or before the
thirtieth day of September, one thousand nine hundred ninety-five, the chair of the executive council of the prosecuting attorneys institute shall notify each county commission by registered mail, return receipt requested, that the county commission will be subject to said subsection if the county does not vote to be exempted. The vote shall be during a regular public meeting of the county commission. Nothing contained within this subsection prohibits the use by a circuit court of the procedures provided in section eight, article seven of this chapter if the county commission of the county in which the subject prosecution has been brought has voted, pursuant to the provisions of this subsection, to exclude that county from the provisions of subsection (g) of this section.

(2) After a county commission votes to exempt the county from the provisions of subsection (g) of this section, it may not participate in the prosecuting attorneys institute nor be required to pay the premiums under said section unless the county commission votes at a later meeting to participate.

(i) The West Virginia prosecuting attorneys institute shall continue to exist until the first day of July, one thousand nine hundred ninety-eight, unless continued by an act of the Legislature. The institute shall annually by the first day of the regular legislative session provide the joint committee on government and finance with a report setting forth the activities of the institute and suggestions for legislative action.
AN ACT to amend and reenact section four, article seven, chapter seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to authorizing the county commission of any Class III, IV or V county which will be reclassified as a Class II county to elect to maintain a part-time prosecuting attorney.

Be it enacted by the Legislature of West Virginia:

That section four, article seven, chapter seven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted to read as follows:

ARTICLE 7. TRAINING PROGRAMS FOR COUNTY EMPLOYEES, ETC.; COMPENSATION OF ELECTED COUNTY OFFICIALS; COUNTY ASSISTANTS, DEPUTIES AND EMPLOYEES, THEIR NUMBER AND COMPENSATION.

§7-7-4. Compensation of elected county officials and county commissioners for each class of county; effective date.

1 (a) (1) All county commissioners shall be paid compensation out of the county treasury in amounts and according to the schedule hereafter set forth for each class of county as determined by the provisions of section three of this article: Provided, That as to any county having a tribunal in lieu of a county commission, the county commissioners of the county may be paid less than the minimum compensation limits of the county commission for the particular class of such county.
The compensation hereinabove provided shall be paid on and after the first day of January, one thousand nine hundred eighty-five, to each county commissioner. Within each county, every county commissioner whose term of office commenced prior to the first day of January, one thousand nine hundred eighty-five, shall receive the same annual compensation as commissioners commencing a term of office on or after that date by virtue of the new duties imposed upon county commissioners pursuant to the provisions of chapter fifteen, acts of the Legislature, first extraordinary session, one thousand nine hundred eighty-three.

(2) For the purpose of determining the compensation to be paid to the elected county officials of each county, the following compensations for each county office by class are hereby established and shall be used by each county commission in determining the compensation of each of their county officials other than compensation of members of the county commission:

Any county clerk, circuit clerk, joint clerk of the county commission and circuit court, if any, county assessor, sheriff and prosecuting attorney of a Class I county, any assessor of a Class II and Class III county, any sheriff of a Class II and Class III county and any prosecuting attorney of a Class II county shall devote full time to his or her public duties to the exclusion of any other employment: Provided, That any public official, whose term of office begins when his or her county's classification imposes no restriction on his or her outside activities, shall not be restricted on his or her outside activities during the remainder of the term for which he or she is elected. The compensation hereinabove provided shall be paid on and after the first day of January, one thousand nine hundred eighty-five, to each elected county official.

In the case of a county that has a joint clerk of the county commission and circuit court, the compensation of the joint clerk shall be fixed in an amount twenty-five percent higher than the compensation would be fixed for the county clerk if it had separate offices of county clerk and circuit clerk.

The Legislature finds, as a fact, that the duties imposed upon county clerks by the provisions of chapter sixty-four, acts of the Legislature, regular session, one thousand nine hundred eighty-two, and by chapter fifteen, acts of the Legislature, first extraordinary session, one thousand nine hundred eighty-three, constitute new and additional duties for county clerks and as such justify the additional compensation provided in this section without violating the provisions of section thirty-eight, article VI of the constitution of West Virginia.

The Legislature further finds as a fact that the duties imposed upon circuit clerks by the provisions of chapters sixty-one and one hundred eighty-two, acts of the Legislature, regular session, one thousand nine hundred eighty-three, and by chapter sixty, acts of the Legislature, regular session, one thousand nine hundred eighty-three, constitute new and additional duties for circuit clerks and
as such justify the additional compensation provided by
this section without violating the provisions of section
thirty-eight, article VI of the constitution of West Virginia.

(b) Prior to the primary election in the year one thousand
nine hundred ninety-two, and for the fiscal year
beginning on the first day of July, one thousand nine
hundred ninety-two, or for any subsequent fiscal year if
the approval set out herein is not granted for any fiscal
year, and at least thirty days prior to the meeting to ap-
prove the county budget, the commission shall provide
notice to the public of the date and time of the meeting
and that the purpose of the meeting of the county com-
mission is to decide upon their budget certification to the
tax department. Upon submission by the county commis-
sion to the chief inspector division of the department of
tax and revenue of a proposed annual budget which con-
tains anticipated receipts into the county's general revenue
fund, less anticipated moneys from the unencumbered
fund balance, equal to anticipated receipts into the coun-
ty's general revenue fund, less anticipated moneys from
the unencumbered fund balance and any federal or state
special grants, for the immediately preceding fiscal year,

In this article:

(1) "Member" means a person who, under the rules or practices of a nonprofit association, may participate in the selection of persons authorized to manage the affairs of the nonprofit association or in the development of policy of the nonprofit association.

(2) "Nonprofit association" means an unincorporated organization consisting of two or more members joined by mutual consent for a common, nonprofit purpose. However, joint tenancy, tenancy in common, or tenancy by the entireties does not by itself establish a nonprofit association, even if the coowners share use of the property for a nonprofit purpose.

(3) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency or
instrumentality or any other legal or commercial entity.

(4) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico or any territory or insular possession subject to the jurisdiction of the United States.

§36-11-2. Supplementary general principles of law and equity.

Principles of law and equity supplement this article unless displaced by a particular provision of it.

§36-11-3. Territorial application.

Real and personal property in this state may be acquired, held, encumbered and transferred by a nonprofit association, whether or not the nonprofit association or a member has any other relationship to this state.

§36-11-4. Real and personal property; nonprofit association as legatee, devisee or beneficiary.

(a) A nonprofit association in its name may acquire, hold, encumber or transfer an estate or interest in real or personal property.

(b) A nonprofit association may be a legatee, devisee or beneficiary of a trust or contract.

§36-11-5. Statement of authority as to real property.

(a) A nonprofit association may execute and record a statement of authority to transfer an estate or interest in real property in the name of the nonprofit association.

(b) An estate or interest in real property in the name of a nonprofit association may be transferred by a person so authorized in a statement of authority recorded in the office in the county in which a transfer of the property would be recorded.

(c) A statement of authority must set forth:

(1) The name of the nonprofit association;

(2) The address in this state, including the street address, if any, of the nonprofit association, or, if the nonprofit association does not have an address in this state, its
address out of state;

(3) The name or title of a person authorized to transfer an estate or interest in real property held in the name of the nonprofit association; and

(4) The action, procedure or vote of the nonprofit association which authorizes the person to transfer the real property of the nonprofit association and which authorizes the person to execute the statement of authority.

(d) A statement of authority must be executed in the same manner as a deed by a person who is not the person authorized to transfer the estate or interest.

(e) A filing officer may collect a fee for recording a statement of authority in the amount authorized for recording a transfer of real property.

(f) An amendment, including a cancellation, of a statement of authority must meet the requirements for execution and recording of an original statement. Unless canceled earlier, a recorded statement of authority or its most recent amendment is canceled by operation of law five years after the date of the most recent recording.

(g) If the record title to real property is in the name of a nonprofit association and the statement of authority is recorded in the office of the county in which a transfer of real property would be recorded, the authority of the person named in a statement of authority is conclusive in favor of a person who gives value without notice that the person lacks authority.

(a) A nonprofit association is a legal entity separate from its members for the purposes of determining and enforcing rights, duties and liabilities in contract and tort.

(b) A person may not be liable for a breach of a nonprofit association's contract merely because the person is a member, is authorized to participate in the management of the affairs of the nonprofit association or is a person considered to be a member by the nonprofit association.
10 (c) A person may not be liable for a tortious act or
11 omission for which a nonprofit association is liable merely
12 because the person is a member, is authorized to partici-
13 pate in the management of the affairs of the nonprofit
14 association or is a person considered as a member by the
15 nonprofit association.

16 (d) A tortious act or omission of a member or other
17 person for which a nonprofit association is liable may not
18 be imputed to a person merely because the person is a
19 member of the nonprofit association, is authorized to
20 participate in the management of the affairs of the non-
21 profit association or is a person considered as a member
22 by the nonprofit association.

23 (e) A member of, or a person considered to be a
24 member by, a nonprofit association may assert a claim
25 against the nonprofit association. A nonprofit association

3 tive or other governmental proceeding or in an arbitration,
4 mediation or any other form of alternative dispute resolu-
5 tion.

6 (b) A nonprofit association may assert a claim in its
7 name on behalf of its members if one or more members
8 of the nonprofit association have standing to assert a claim
9 in their own right, the interests the nonprofit association
10 seeks to protect are germane to its purposes, and neither
11 the claim asserted nor the relief requested requires the
12 participation of a member.

§36-11-8. Effect of judgment or order.

1 A judgment or order against a nonprofit association is
2 not by itself a judgment or order against a member.

§36-11-9. Disposition of personal property of inactive non-
profit association.

1 If a nonprofit association has been inactive for three
years or longer, a person in possession or control of personal property of the nonprofit association may transfer the property:

(1) If a document of a nonprofit association specifies a person to whom transfer is to be made under these circumstances, to that person; or

(2) If no person is so specified, to a nonprofit association or nonprofit corporation pursuing broadly similar purposes, or to a government or governmental subdivision, agency or instrumentality.

§36-11-10. Appointment of agent to receive service of process.

(a) A nonprofit association shall file in the office of the secretary of state a statement appointing an agent authorized to receive service of process.

(b) A statement appointing an agent must set forth:

(1) The name of the nonprofit association;

(2) The address in this state, including the street address, if any, of the nonprofit association, or, if the nonprofit association does not have an address in this state, its address out of state; and

(3) The name of the person in this state authorized to receive service of process and the person's address, including the street address, in this state.

(c) A statement appointing an agent must be signed and acknowledged by a person authorized to manage the affairs of a nonprofit association. The statement must also be signed and acknowledged by the person appointed agent, who thereby accepts the appointment. The appointed agent may resign by filing a resignation in the office of the secretary of state and giving notice to the nonprofit association.

(d) A filing officer may collect a fee for filing a statement appointing an agent to receive service of process, an amendment, or a resignation in the amount charged for filing similar documents.
§36-11-11. Claim not abated by change of members or officers.

A claim for relief against a nonprofit association does not abate merely because of a change in its members or persons authorized to manage the affairs of the nonprofit association.

§36-11-12. Venue.

For purposes of venue, a nonprofit association is a resident of a county in which it has an office or where it conducts its business or activities, or where any of its officers or managers reside.

§36-11-13. Summons and complaint; service on whom.

In an action or proceeding against a nonprofit association a summons and complaint must be served on an agent authorized by appointment to receive service of process, an officer, managing or general agent or a person authorized to participate in the management of its affairs. If none of them can be served, service may be made on a member.

§36-11-14. Uniformity of application and construction.

This article shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this article among states enacting it.

This article may be cited as the Uniform Unincorporated Nonprofit Association Act.

§36-11-16. Transition concerning real and personal property.

(a) If, before the effective date of this article, an estate or interest in real or personal property was purportedly transferred to a nonprofit association, on the effective date of this article the estate or interest vests in the nonprofit association unless the parties have treated the transfer as ineffective.
(b) If, before the effective date of this article, the transfer vested the estate or interest in another person to hold the estate or interest as a fiduciary for the benefit of the nonprofit association, its members, or both, on or after the effective date of this article the fiduciary may transfer the estate or interest to the nonprofit association in its name, or the nonprofit association, by appropriate proceedings, may require that the estate or interest be transferred to it in its name.

§36-11-17. Savings clause.

CHAPTER 213

(Com. Sub. for S. B. 258—By Senators Whitlow, Helmick, Ross and Sharpe)

[Passed March 9, 1995; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend and reenact sections one, two, four, five and six, article three-a, chapter seventeen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, relating to the creation of an industrial access road fund and providing funding therefor; specifying purposes for which moneys from the fund may be used; requiring that counties and municipalities guarantee proposed projects; specifying the criteria upon which the highways commissioner is to base his or her decision to allocate funds; approval of division of highways of proposed industrial access highway; request for funds by resolution of governing body of county or municipality; consultation by the division of highways; restrictions on use of the fund; limits on amount of funds to be allocated; disbursements from the fund; and annual audit of the fund.

Be it enacted by the Legislature of West Virginia:

That sections one, two, four, five and six, article three-a, chapter seventeen of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended and reenacted, all to read as follows:

ARTICLE 3A. INDUSTRIAL ACCESS ROAD FUND.

§17-3A-1. Industrial access road fund created; construction guarantees by municipalities and counties.

§17-3A-2. Division of highways to determine construction of industrial access roads.

§17-3A-4. Restrictions on use of fund.

§17-3A-5. Disbursements from fund.

§17-3A-6. Annual audit to be made of receipts and expenditures of fund.

§17-3A-1. Industrial access road fund created; construction guarantees by municipalities and counties.
(a) Any other provision of this code notwithstanding, there is hereby created in the state treasury the "industrial access road fund", hereinafter referred to as "the fund". There shall be deposited into the fund three fourths of one percent of all state tax collections which are otherwise specifically dedicated by the provisions of this code to the state road fund or such percentage of those tax collections that will produce three million dollars for each fiscal year. At the end of each fiscal year, all unused moneys in the fund shall revert to the state road fund.

(b) The moneys in the fund shall be expended by the division of highways for constructing and maintaining industrial access roads within counties and municipalities to industrial sites on which manufacturing, distribution, processing or other economic development activities, including publicly owned airports, are already constructed or are under firm contract to be constructed. In the event there is no industrial site already constructed or for which the construction is under firm contract, a county or municipality may guarantee to the division of highways by bond or other acceptable device that an industrial site will be constructed and if no industrial site acceptable to the division of highways is constructed within the time limits of the bond, such bond shall be forfeited.

§17-3A-2. Division of highways to determine construction of industrial access roads.

In determining whether or not to construct or improve any industrial access road and in determining the nature of the road to be constructed, the division of highways shall base its decision on the costs of the industrial access road in relation to the volume and nature of the traffic to be generated as a result of developing the industrial site within the total industrial area. In making a decision on any industrial site, the total volume of traffic to be generated shall be considered in regard to the overall cost of the project. The division of highways shall consult and work in cooperation with the West Virginia development office in determining the use of industrial access road funds.
Prior to a formal request for the use of moneys from the fund to provide access to new or expanding industrial sites, the location of the industrial access road shall be submitted for approval of the division of highways. The division of highways shall consider the cost of the industrial access road as it relates to the project's location and as it relates to the possibility of future extensions of the road to serve other possible industrial sites as well as the future development of the surrounding area.

Prior to the allocation of moneys from the fund for the construction or maintenance of an industrial access road to an industry proposing to locate or expand in a county or municipality, the governing body of the county or municipality shall, by resolution, request moneys from the fund and shall be responsible for the preliminary negotiations with the industries and other interested parties. The division of highways shall be available for consultation with the governing bodies of the counties or municipalities and other interested parties and may prepare surveys, plans, engineering studies and cost estimates for the proposed industrial access road.

§17-3A-4. Restrictions on use of fund.

(a) The fund may not be used for the adjustment of utilities or for the construction of industrial access roads to schools, hospitals, libraries, armories, shopping centers, apartment buildings, government installations or similar facilities, whether public or private. The fund may not be used to construct industrial access roads on private property.

(b) Moneys from the fund may not be allocated until the governing body of the county or municipality certifies to the division of highways that the industrial site is constructed and operating or is under firm contract to be constructed or operated, or upon the presentation of acceptable surety in accordance with section one of this article.

(c) Not more than three hundred thousand dollars of
unmatched moneys from the fund may be allocated for use in any one county in any fiscal year. The maximum amount of unmatched moneys which may be allocated from the fund is ten percent of the fair market value of the designated industrial establishment. The amount of unmatched funds allocated may be supplemented with additional matched moneys from the fund, in which case the matched moneys allocated from the fund may not exceed one hundred fifty thousand dollars, to be matched equally from sources other than the fund. The amount of matched moneys which may be allocated from the fund over and above the unmatched funds may not exceed five percent of the fair market value of the designated industrial site.

(d) Funds may only be allocated to those items of construction and engineering which are essential to providing an adequate facility to serve the anticipated traffic. Funds may not be allocated for items such as storm sewers, curbs, gutters and extra pavement width unless necessary to extend or connect an existing access road.

§17-3A-5. Disbursements from fund.

Any claim of a contractor or others, not otherwise provided for, for labor done or for materials, services or supplies furnished to the division of highways pursuant to the provisions of this article shall be audited by the commissioner of the division of highways. If the commissioner determines that the claim is valid and correct, the commissioner shall issue a requisition of the division upon the state auditor therefor showing the nature of the claim and specifying whether the claim is for labor done or materials, services or supplies furnished for the construction or maintenance of state roads, or for other purposes, and the auditor shall issue his or her warrant upon the state treasurer therefor. The treasurer shall issue the warrant to the person, firm or corporation entitled thereto out of the funds in the treasury provided for that purpose. The cost of acquiring a right-of-way shall be paid out of the fund.
§17-3A-6. Annual audit to be made of receipts and expenditures of fund.

The Legislature, acting through the joint committee on government and finance, shall cause an annual audit to be made by a resident independent certified public accountant of all books, accounts and records relating to all receipts and expenditures of the fund. The commissioner shall make available to the independent auditor or auditors performing the audit all of the division's books, accounts and records pertaining to all moneys received and expended. The auditor or auditors performing the audit shall make available annually the audit report with copies thereof to the members of the Legislature, the governor, the commissioner of the division of highways, the secretary of state, the state treasurer, the attorney general and the state auditor. The audit report shall be available to the public in the office of the secretary of state.

The Legislature, acting through the joint committee on government and finance, shall obtain the services of a resident independent certified public accountant for this purpose, the cost of which shall be payable out of funds appropriated by the Legislature. Any audits of the funds which have been made by any official auditing agency of the United States government shall be accepted in lieu of the state audit.

§29-19-10. Information filed to become public records.
§29-19-11. Records to be kept by charitable organizations, professional fund-raising counsel and professional solicitors.

1 As used in this article:

2 (1) "Charitable organization" means a person who is or
holds itself out to be a benevolent, educational, philanthropic, humane, patriotic, religious or eleemosynary organization, or any person who solicits or obtains contributions solicited from the public for charitable purposes, or any person who in any manner employs any appeal for contributions which may be reasonably interpreted to suggest that any part of such contributions will be used for charitable purposes. A chapter, branch, area, office or similar affiliate or any person soliciting contributions within the state for a charitable organization which has its principal place of business outside the state is a charitable organization for the purposes of this article.

(2) "Contribution" means the promise or grant of any money or property of any kind or value.

(3) "Solicit" and "solicitation" means the request or appeal, directly or indirectly, for any contribution on the plea or representation that such contribution will be used for a charitable purpose, including, without limitation, the following methods of requesting such contribution:

(a) Any oral or written request;

(b) Any announcement to the press, over the radio or television, or by telephone or telegraph, concerning an appeal or campaign to which the public is requested to make a contribution for any charitable purpose connected therewith;

(c) The distribution, circulation, posting or publishing of any handbill, written advertisement or other publication which directly or by implication seeks to obtain public support; or

(d) The sale of, offer or attempt to sell, any advertisement, advertising space, subscription, ticket or any service or tangible item in connection with which any appeal is made for any charitable purpose or where the name of any charitable or civic organization is used or referred to in any such appeal as an inducement or reason for making any such sale, or when or where in connection with any
such sale, any statement is made that the whole or any part of the proceeds from any such sale will be donated to any charitable purpose.

"Solicitation", as defined herein, shall be deemed to occur when the request is made, at the place the request is received, whether or not the person making the same actually receives any contribution.

(4) "Federated fund-raising organization" means a federation of independent charitable organizations which have voluntarily joined together, including, but not limited to, a united fund or community chest, for purposes of raising and distributing money for and among themselves and where membership does not confer operating authority and control of the individual agencies upon the federated group organization.

(5) "Parent organization" is that part of a charitable organization which coordinates, supervises or exercises control over policy, fund raising and expenditures, or assists, receives funds from or advises one or more chapters, branches or affiliates in the state.

(6) "Person" means any individual, organization, trust, foundation, group, association, partnership, corporation, society or any combination of them.

(7) "Professional fund-raising counsel" means any person who for a flat fixed fee under a written agreement plans, conducts, manages, carries on, advises or acts as a consultant, whether directly or indirectly, in connection with soliciting contributions for, or on behalf of any charitable organization but who actually solicits no contributions as a part of such services. A bona fide salaried officer or employee of a charitable organization maintaining a permanent establishment within the state shall not be deemed to be a professional fund-raising counsel.

(8) "Professional solicitor" means any person who, for a financial or other consideration, solicits contributions
for, or on behalf of a charitable organization, whether such solicitation is performed personally or through said person's agents, servants or employees specially employed by, or for a charitable organization, who are engaged in the solicitation of contributions under the direction of such person, or a person who plans, conducts, manages, carries on, advises or acts as a consultant to a charitable organization in connection with the solicitation of contributions but does not qualify as "professional fund-raising counsel" within the meaning of this article. A bona fide salaried officer or employee of a charitable organization maintaining a permanent establishment within the state is not a professional solicitor.

No attorney, investment counselor or banker, who advises any person to make a contribution to a charitable organization, shall be considered, as the result of such advice, a professional fund-raising counsel or a professional solicitor.

§29-19-10. Information filed to become public records.

Registration statements and applications, reports, professional fund-raising counsel contracts or professional solicitor contracts, and all other documents and information required to be filed under this article or by the secretary of state shall become public records in the office of the secretary of state, and shall be open to the general public for inspection at such time and under such conditions as the secretary of state may prescribe.

§29-19-11. Records to be kept by charitable organizations, professional fund-raising counsel and professional solicitors.

Every charitable organization, professional fund raising counsel and professional solicitor subject to the provisions of this article shall, in accordance with the rules prescribed by the secretary of state, keep true fiscal records as to its activities in this state as may be covered by this article in such form as will enable it accurately to provide the information required by this article. Upon
demand, such records shall be made available to the
secretary of state, or the attorney general for inspection.
Such records shall be retained for a period of at least three
years after the end of the period of registration to which
they relate.

(a) The secretary of state, upon his or her own motion,
or upon complaint of any person, may, if he or she finds
reasonable ground to suspect a violation, investigate any
charitable organization, professional fund-raising counsel
or professional solicitor to determine whether such
charitable organization, professional fund-raising counsel
or professional solicitor has violated the provisions of this
article or has filed any application or other information
required under this article which contains false or
misleading statements.

(b) In addition to the foregoing, any person who
willfully and knowingly violates any provision of this
article, or who shall willfully and knowingly give false or
incorrect information to the secretary of state in filing
statements or reports required by this article, whether such
report or statement is verified or not, shall be guilty of a
misdemeanor, and, upon conviction thereof, shall be fined
upon first conviction thereof in an amount not less than
one hundred dollars nor more than five hundred dollars,
or be imprisoned in the county jail for not more than six
months, or be both fined and imprisoned, and for the
second and any subsequent offense to pay a fine of not
less than five hundred dollars nor more than one thousand
doors, or be imprisoned for not more than one year, or
be both fined and imprisoned.

(c) Whenever the secretary of state, attorney general or
any prosecuting attorney has reason to believe that any
charitable organization, professional fund-raising counsel
or professional solicitor is operating in violation of the
provisions of this article, the secretary of state, attorney
general or prosecuting attorney may bring an action in the
name of the state against such charitable organization and
its officers, such professional fund-raising counsel or
professional solicitor or any other person who has violated
this article in the circuit court of the county wherein the
cause of action arises to enjoin such charitable organiza-
tion or professional fund-raising counsel or professional
solicitor or other person from continuing such violation,
solicitation or collection, or from engaging therein or
from doing any acts in furtherance thereof and for such
other relief as the court deems appropriate.

(d) In addition to the foregoing, any charitable
organization, professional fund-raising counsel or
professional solicitor who willfully and knowingly violates
any provisions of this article by employing any device,
scheme, artifice, false representation or promise with intent
to defraud or obtain money or other property shall be
guilty of a misdemeanor, and, upon conviction thereof, for
a first offense, shall be fined not less than one hundred
dollars nor more than five hundred dollars, or be confined
in the county jail not more than six months, or be both
fined and imprisoned; and for a second and any
subsequent offense, shall be fined not less than five
hundred dollars nor more than one thousand dollars, or
confined in the county jail not more than one year, or be
both fined and imprisoned.

At any proceeding under this section, the court shall
also determine whether it is possible to return to the
contributors the contributions which were thereby
obtained.

If the court finds that the said contributions are readily
returnable to the original contributors, it may order the
money to be placed in the custody and control of a
general receiver, appointed pursuant to the provisions of
article six, chapter fifty-one of this code, who shall be
responsible for its proper disbursement to such contribu-
tors.

If the court finds that: (1) It is impossible to obtain
the names of over one half the persons who were solicited
and in violation of this article, or (2) if the majority of
individual contributions was of an amount less than five
dollars, or (3) if the cost to the state of returning these
contributions is equal to or more than the total sum to be
refunded, the court shall order the money to be placed in
the custody and control of a general receiver appointed
pursuant to the provisions of article six, chapter fifty-one
of this code. The general receiver shall maintain this
money pursuant to the provisions of article eight, chapter
thirty-six of this code.

All money received by the chief inspector from this source shall be paid into the state treasury, shall be deposited to the credit of an account to be known as chief inspector's fund and shall be expended only for the purpose of covering the cost of such services, unless otherwise directed by the Legislature. AN ACT to amend article six-a, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new section, designated section five, relating to the property tax treatment of personal property installed at a coal waste disposal power project.

Be it enacted by the Legislature of West Virginia:

That article six-a, chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new section, designated section five, to read as follows:

ARTICLE 6A. POLLUTION CONTROL FACILITIES TAX TREATMENT.
§11-6A-5. Coal waste disposal power projects.

(a) Notwithstanding any other provisions of this article, a coal waste disposal power project designed, constructed or installed to reclaim, burn and dispose of coal wastes in compliance with applicable air and water quality standards and which meets the criteria for financing under section twenty-one, article two-c, chapter thirteen of this code shall, for purposes of section three of this article, be subject to the provisions of this section.

(b) All items of personal property installed at a coal waste disposal power project shall be deemed a pollution control facility for purposes of this article, subject to an allocation of value as contemplated by section four of this article, as provided by this subsection. In allocating value, the tax commissioner shall accord salvage valuation to a portion of the total personal property at the project. The portion shall be equal to the ratio of tons of West Virginia coal waste burned and disposed of at the project to the total tons of coal and coal waste burned and disposed at the project during the previous calendar year: Provided, That with respect to a project placed in service prior to the effective date of this section at which project such ratio for the year ended the thirty-first day of December, one thousand nine hundred ninety-four, was less than seventy percent, the tax commissioner shall award salvage valuation to sixty-three percent of the total personal property at the project for tax years after the effective date of this section, notwithstanding the actual ratio for any calendar year. The remaining portion of the personal property at the project, but in no event less than twenty-five percent of that total, shall be valued without regard to this article: Provided, however, That the facility shall not qualify as a pollution control facility under this subsection if it burns coal, coal waste or fuel waste from outside the state of West Virginia after the effective date of this section.

The provisions of this section are not intended to be applied retroactively.

(Com. Sub. for H. B. 2270—By Delegates Kiss (By Request), Rowe, Mezzatesta, J. Martin, Staton, Ashley and Faircloth)

[Passed March 8, 1995; in effect ninety days from passage. Approved by the Governor.]

AN ACT to amend chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new article, designated article six-c, relating to establishing a special method for appraising dealer inventory; inventory to include house trailers and factory-built homes; reporting market value; legislative intent; and tax commissioner rules.

Be it enacted by the Legislature of West Virginia:

That chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article six-c, to read as follows:

ARTICLE 6C. SPECIAL METHOD FOR APPRAISING DEALER VEHICLE INVENTORY.

§11-6C-1. Inventory included within scope of article.

§11-6C-3. Owner to file return estimating market value.

§11-6C-4. Determination of tax on dealer vehicle inventory.

§11-6C-5. Intent of this article; tax commissioner to promulgate regulations.

§11-6C-1. Inventory included within scope of article.

1 Notwithstanding any other provisions of law, inventory of vehicles, as that term is defined in section one, article one, chapter seventeen-b of this code, that is held for sale or lease by new or used vehicle dealers licensed under the provisions of article *[six-c,] chapter seventeen-a of this code, provided that house trailers and factory-built homes shall be included within the scope of this article, consisting of individual units of personal new or used property, each

unit of which, upon its sale to a retail purchaser, must, as a
matter of law, be titled in the name of the retail purchaser
and registered with the division of motor vehicles, shall be
appraised for assessment purposes, as set forth in this
article.

This article does not apply to units of inventory which
are included in fleet sales, transactions between dealers or
classified as heavy duty trucks of sixteen thousand pounds
or more gross vehicular weight. For purposes of this
article, inventory subject to the provisions of this article
shall be denoted "dealer vehicle inventory".

§11-6C-2. Method for determining market value of dealer
vehicle inventory.

For purposes of appraisal, the market value of dealer
vehicle inventory, as of the first day of July of each year,
shall be the gross sales or total annual sales of such
inventory made by such dealer during the preceding
calendar year, divided by twelve, for a dealer with respect
to which or whom sales were made during the entire
preceding year. For the purposes of this article, "gross
sales" or "total annual sales" means the amount received in
money, credits, property, services or other consideration
from sales within this state without deduction on account
of the cost of the property sold, amounts paid for interest
or any other expenses whatsoever. Gross sales or total
annual sales shall not be reduced by the value of an item
of tangible personal property which is traded in for the
purpose of reducing the purchase price of the item
purchased. In the case of dealers who were not in business
during the entire calendar year immediately preceding the
first day of July of that calendar year, the assessor shall
estimate the market value of such inventory based on such
data as may be available to him or her: Provided, That the
assessor may extrapolate estimates using such sales data as
may be available and reliable when sales are made for a
period of three months or more during the prior year:
Provided, however, That there shall be excluded from the
appraisal calculations the value of those units which were
not physically held as inventory by the owner of the
inventory at any time during the preceding year. In all
cases, the market value, so derived, shall serve as the basis for calculating the appraised value.

§11-6C-3. Owner to file return estimating market value.

The owner of dealer vehicle inventory shall report the market value of such inventory, derived as set forth in section two of this article, to the assessor, as a part of the return required by law to be filed annually pursuant to the provisions of this chapter.

§11-6C-4. Determination of tax on dealer vehicle inventory.

The annual amount of tax levied upon the dealer vehicle inventory pursuant to article eight of this chapter shall be based upon the market value as determined pursuant to this article, times the assessment percentage then provided by law.

§11-6C-5. Intent of this article; tax commissioner to promulgate regulations.

(a) This article is adopted to address the lack of uniformity, audit difficulties and business management issues arising in this state with respect to the assessment of the personal property held as new and used dealer vehicle inventory. Accordingly, the Legislature finds and declares that the adoption of this article will provide a more reliable and uniform method of determining market value of dealer vehicle inventory; minimize audit problems associated with such property; provide a predictable revenue stream for levying bodies; maximize the owner's ability to manage inventory; and provide clear guidance to local authorities by superseding the wide variety of otherwise lawful appraisal methods now in use in this state.

(b) The tax commissioner shall have the power to promulgate such rules and regulations as may be necessary to implement the provisions of this article: Provided, That the tax commissioner shall provide to the joint committee on government and finance by the first day of January for the next two fiscal years a report detailing the results of the administration of this article.

§11-13-2e. Business of gas storage; effective date.
§11-13-2m. Business of generating or producing electric power; exception; rates.

c) If any person liable for any tax under section two-m shall ship or transport his products or any part thereof out of the state without making sale of such products, the value of the products in the condition or form in which they exist immediately before transportation out of the state shall be the basis for the assessment of the tax imposed in such section, except in those instances in which
another measure of the tax is expressly provided. The tax commissioner shall prescribe equitable and uniform rules for ascertaining such value.

(d) In determining value, however, as regards sales from one to another of affiliated companies or persons, or under other circumstances where the relation between the buyer and seller is such that the gross proceeds from the sale are not indicative of the true value of the subject matter of the sale, the tax commissioner shall prescribe uniform and equitable rules for determining the value upon which such privilege tax shall be levied, corresponding as nearly as possible to the gross proceeds from the sale of similar products of like quality or character where no common interest exists between the buyer and seller but the circumstances and conditions are otherwise similar.

§11-13-2d. Public service or utility business.

(a) Upon any person engaging or continuing within this state in any public service or utility business, except railroad, railroad car, express, pipeline, telephone and telegraph companies, water carriers by steamboat or steamship and motor carriers, the tax imposed by section two of this article shall be equal to the gross income of the business derived from such activity or activities multiplied by the respective rates as follows:

(2) Water companies, four and four-tenths percent, except as to income received by municipally owned water plants;

(3) Electric light and power companies, four percent on sales and demand charges for domestic purposes and commercial lighting and four percent on sales and demand charges for all other purposes, and except as to income received by municipally owned plants producing or purchasing electricity and distributing same: Provided, That electric light and power companies which engage
in the supplying of public service but which do not generate or produce in this state the electric power they supply shall be taxed on the gross income derived from sales of power which they do not generate in this state at the rate of three percent on sales and demand charges for domestic purposes and commercial lighting and three percent on sales and demand charges for all other purposes, except as to income received by municipally owned plants: Provided, however, That the sale of electric power under this section shall be taxed at the rate of two percent on that portion of the gross proceeds derived from the sale of electric power to a plant location of a customer engaged in a manufacturing activity, if the contract demand at such plant location exceeds two hundred thousand kilowatts per hour per year, or if the usage of such plant location exceeds two hundred thousand kilowatts per hour in a year: Provided further, That the sale of electric power under this section shall be exempt from the tax imposed by this section and section two of this article if it is separately metered and consumed in an electrolytic process for the manufacture of chlorine in this state, or is separately metered and consumed in the manufacture of ferroalloy in this state, and the rate reduction herein provided to the taxpayer shall be passed on to the manufacturer of the chlorine or ferroalloy. As used in this section, the term "ferroalloy" means any of various alloys of iron and one or more other elements used as a raw material in the production of steel: And provided further, That the term does not include the final production of steel;

(4) Natural gas companies, four and twenty-nine hundredths percent on the gross income: Provided, That the sale of natural gas under this section shall be exempt from the tax imposed by this section and section two of this article to the extent that the natural gas is separately metered and is gas from which the purchaser derives hydrogen and carbon monoxide for use in the manufacture of chemicals in this state, and the full economic benefit of the exception herein provided to the taxpayer shall be passed on to such purchaser of the natural gas: Provided, howev-
er, That there shall be no exemption for the sale of any
natural gas from which the purchaser derives carbon mon-
oxide or hydrogen for the purpose of resale;

(5) Toll bridge companies, four and twenty-nine hun-
dredths percent; and

(6) Upon all other public service or utility business,
two and eighty-six hundredths percent.

(b) The measure of this tax shall not include gross
income derived from commerce between this state and
other states of the United States or between this state and
foreign countries. The measure of the tax under this sec-
tion shall include only gross income received from the
supplying of public service. The gross income of the
taxpayer from any other activity shall be included in the
measure of the tax imposed upon such other activity by
the appropriate section or sections of this article.

(c) Beginning the first day of March, one thousand
nine hundred eighty-nine, electric light and power compa-

nies shall determine their liability for payment of tax un-
der this section and sections two-m and two-n of this arti-
cle. If for taxable months beginning on or after the first
day of March, one thousand nine hundred eighty-nine,
liability for tax under section two-n of this article is equal
to or greater than the sum of the power company's liability
for payment of tax under subdivision (3), subsection (a)
of this section and section two-m of this article, then the
company shall pay the tax due under section two-n of this
article and not the tax due under subdivision (3), subsec-
tion (a) of this section and section two-m of this article. If
tax liability under section two-n is less, then tax shall be
paid under subdivision (3), subsection (a) of this section
and section two-m of this article and the tax due under
section two-n shall not be paid. The provisions of subdivi-

after the first day of January, one thousand nine hundred
ninety-eight.
(d) Notwithstanding the provisions of subsection (c) of this section, beginning the first day of June, one thousand nine hundred ninety-five, electric light and power companies that actually paid tax based on the provisions of subdivision (3), subsection (a) of this section or section two-m of this article for every taxable month in one thousand nine hundred ninety-four shall determine their liability for payment of tax under this article in accordance with subdivision (1) of this subsection. All other electric light and power companies shall determine their liability for payment of tax under this article exclusively under section two-o of this article.

(1) If for taxable months beginning on or after the first day of June, one thousand nine hundred ninety-five, liability for tax under section two-o of this article is equal to or greater than the sum of the power company's liability for payment of tax under subdivision (3), subsection (a) of this section and section two-m of this article, then the company shall pay the tax due under section two-o of this article and not the tax due under subdivision (3), subsection (a) of this section and section two-m of this article. If tax liability under section two-o is less, then the tax shall be paid under subdivision (3), subsection (a) of this section and section two-m of this article and the tax due under section two-o shall not be paid.

(2) The provisions of subdivision (3), subsection (a) of this section shall expire and become null and void for taxable years beginning on or after the first day of January, one thousand nine hundred ninety-eight.

§11-13-2e. Business of gas storage; effective date.

(a) Rate of tax. — Upon every person engaging or continuing within this state in any gas storage business utilizing one or more gas storage reservoirs located within this state, the tax imposed by section two of this article shall be equal to five cents multiplied by the sum of either (1) the net number of dekatherms of gas injected into such a gas storage reservoir during a tax month or (2) the
net number of dekatherms of gas withdrawn from such a
gas storage reservoir during a tax month, whichever is
applicable for that month, whether or not such gas is
owned by, or is injected or withdrawn for, the storage
operator or any other person. Fractional parts of
dekatherms shall be included in the measure of tax as
provided in regulations promulgated by the tax commis-
sioner: Provided, That effective the first day of July, one
thousand nine hundred ninety-five, the net number of
dekatherms of gas injected or the net number of
dekatherms withdrawn shall not exceed the storage utiliza-
tion index as defined in this subsection. For purposes of
this section, the term "storage utilization index" means the
utilization of storage reservoir, through the operation of
existing and functional facilities available for storage use
during the five year base period ending the thirty-first day
of December, one thousand nine hundred ninety-four, and
the storage utilization index shall be the five year average
of taxable dekatherms as determined for each taxable
period of the stated base period.

(b) Effective date. — The measure of tax under this
section shall include gas injected into, or withdrawn from,
a gas storage reservoir after the twenty-eighth day of Feb-

(c) Administration; installment payments. — The tax
due under this section shall be administered, collected and
enforced as provided in this article and articles nine and
ten of this chapter. The tax due under this section shall be
remitted in periodic installments as provided in section
four of this article, except that such periodic installment
payments shall be remitted on or before the twentieth day
of the month following the month or quarter in which the
tax accrues.

(b) The measure of this tax shall be the value of all electric power generated or produced in this state for sale, profit or commercial use, regardless of the place of sale or the fact that transmission may be to points outside this state: Provided, That the gross income received by municipally owned plants generating or producing electricity shall not be subject to tax under this article.

(c) Beginning the first day of March, one thousand nine hundred eighty-nine, every person taxable under this section shall determine their liability for payment of tax under this section and under subdivision (3), subsection (a), section two-d of this article and section two-n of this article. If for taxable months beginning on or after the first day of March, one thousand nine hundred eighty-nine such person's liability for payment of tax under this section and subdivision (3), subsection (a), section two-d of this article is less than the amount of such person's liability for payment of tax under section two-n
of this article, then such person shall pay the tax due un-
der section two-n and not the sum of the amount of tax
due under this section and under subdivision (3), subsection
(a), section two-d of this article. If the tax due under
section two-n of this article is less, then the amount of tax
due under this section and subdivision (3), subsection (a),
section two-d of this article shall be paid. The provisions
of this section shall expire and become null and void for
taxable years beginning on or after the first day of Janu-
ary, one thousand nine hundred ninety-eight.

(d) Beginning the first day of June, one thousand
nine hundred ninety-five, electric light and power compa-
nies that actually paid tax based on the provisions of sub-
division (3), subsection (a), section two-d of this article or
this section for every taxable month in one-thousand nine
hundred ninety-four shall determine their liability for
payment of tax under this article in accordance with sub-
division (1) of this subsection. All other electric light and
power companies shall determine their liability for pay-
ment of tax under this article exclusively under section
two-o of this article.

(1) If for taxable months beginning on or after the
first day of June, one thousand nine hundred ninety-five,
liability for tax under section two-o of this article is equal
to or greater than the sum of the power company's liability
for payment of tax under subdivision (3), subsection (a),
section two-d of this article and this section, then the com-
pany shall pay the tax due under section two-o of this
article and not the tax due under subdivision (3), subsec-
tion (a), section two-d of this article and this section. If
tax liability under section two-o is less, then the tax shall
be paid under subdivision (3), subsection (a), section
two-d of this article and this section and the tax due under
section two-o shall not be paid.

(2) The provisions of this section shall expire and
become null and void for taxable years beginning on or
after the first day of January, one thousand nine hundred
ninety-eight. Notwithstanding this subsection or any other
provision of this chapter to the contrary, an electric light
and power company that generates and produces power in
this state shall continue to be deemed to be an "industrial
taxpayer" for purposes of subdivision (8), subsection (b),
section two, article thirteen-d of this chapter, and gross
income of an electric light and power company from the
generation and production of power in this state and sales
and demand charges for electric power sold in this state
shall continue to be deemed "gross income of the business
subject to tax under article thirteen of this chapter" for
purposes of subsection (b), section seventeen, article
twenty-three of this chapter all to the extent of and in
accordance with the law in effect immediately preceding
the effective date of this section as amended in one thou-
sand nine hundred ninety-five.

§11-13-2n. Business of generating or producing or selling
electric power; exemptions; rates.

1 (a) Rate of tax. — Upon every person engaging or
continuing within this state in the business of generating
or producing electricity for sale, profit or commercial use,
either directly or indirectly through the activity of others,
in whole or in part, or in the business of selling electricity
to consumers, or in both businesses, the tax imposed by
section two of this article shall be equal to:

(1) Twenty-six hundredths of one cent times the kilo-
watt hours of net generation available for sale that was
generated or produced in this state by the taxpayer during
the taxable year, except that this rate shall be five hun-
dredths of one cent times the kilowatt hours of net genera-
tion available for sale that was generated or produced in
this state by the taxpayer and sold to a plant location of a
customer engaged in manufacturing activity if the contract
demand at such plant location exceeds two hundred thou-
sand kilowatts per hour per year or if the usage at such
plant location exceeds two hundred thousand kilowatts per
hour in a year: Provided, That in order to encourage the
development of industry to improve the environment of
this state, the tax imposed by this section on any person
generating or producing electric power and an alternative
form of energy at a facility located within this state sub-
stantially from gob or other mine refuse shall be equal to
five hundredths of one cent times the kilowatt hours of net
generation or production available for sale. The measure
of tax under this paragraph shall be equal to the total
kilowatt hours of net generation available for sale that was
generated or produced in this state by the taxpayer during
the taxable year, regardless of the place of sale or use, or
the fact that transmission may be made to points outside
this state.

(2) Nineteen hundredths of one cent times the kilowatt
hours of electricity sold to consumers in this state that
were not generated or produced in this state by the tax-
payer, except that the rate shall be five hundredths of one
cent times the kilowatt hours of electricity not generated
or produced in this state by the taxpayer which is sold to a
plant location in this state of a customer engaged in manu-
facturing activity if the contract demand at such plant
location exceeds two hundred thousand kilowatts per hour
per year or if the usage at such plant location exceeds two
hundred thousand kilowatts per hour in a year. The mea-
sure of tax under this paragraph shall be equal to the total
kilowatt hours of electricity sold to consumers in this state
during the taxable year, that were not generated or pro-
duced in this state by the taxpayer, to be determined by
subtracting from the total kilowatt hours of electricity sold
to consumers in the state the net kilowatt hours of electric-
ity generated or produced in the state by the taxpayer
during the taxable year.

The West Virginia public service commission shall,
upon application of a public utility, allow an immediate
pass-through to the utility's customers in this state in the
form of a rate surcharge the increase enacted by the Leg-
islature during its third extraordinary session, one thou-
sand nine hundred ninety, in the tax imposed by this
article upon electricity generated or produced in this state
and sold to consumers in this state and upon electricity not
generated or produced in this state that is sold to consumers in this state.

(b) Exemptions. — The provisions of this section shall not apply to:

(1) Kilowatt hours of electricity generated and sold, or purchased and resold, by a municipally owned plant.

(2) Kilowatt hours of electric power that are separately metered and consumed in an electrolytic process for the manufacture of chlorine.

(3) Kilowatt hours of electric power that are separately metered and consumed in the manufacture of ferroalloy. As used in this paragraph, the term "ferroalloy" means any of the various alloys of iron and one or more other elements used as a raw material in the production of steel but shall not include electric power used in the production of steel.

(4) The full economic benefits provided to the taxpayer by subdivisions (2) and (3) of this subsection shall be passed on to the manufacturer of the chlorine or ferroalloy.

(c) Credit. — Any person taxable under subdivision (2), subsection (a) of this section shall be allowed a credit against the amount of tax due under that paragraph for any electric power generation taxes paid by the taxpayer with respect to such electric power to the state in which such power was generated or produced. The amount of credit allowed shall not exceed the tax liability arising under subdivision (2), subsection (a) of this section with respect to the sale of such power.

(d) Transition rule. — Beginning the first day of March, one thousand nine hundred eighty-nine, electric light and power companies shall determine their liability for payment of tax under this section and sections two-d and two-m of this article. If for taxable months beginning on or after the first day of March, one thousand nine hun-
dred eighty-nine, liability for tax under section two-n of this article is equal to or greater than the sum of the power company's liability for payment of tax under subdivision (3), subsection (a), section two-d and section two-m of this article, then the company shall pay the tax due under section two-n of this article and not the tax due under subdivision (3), subsection (a) of section two-d and section two-m of this article. If tax liability under section two-n is less, then tax shall be paid under paragraph (3), subsection (a), section two-d and section two-m of this article and the tax due under section two-n shall not be paid. The provisions of this subsection (d) shall expire and become null and void for taxable years beginning on or after the first day of January, one thousand nine hundred ninety-eight.

(f) Beginning the first day of June, one thousand nine hundred ninety-five and thereafter, electric light and power companies shall not determine their tax liability under this section.

§11-13-20. Business of generating or producing or selling electricity on and after the first day of June, one thousand nine hundred ninety-five; definitions; rate of tax; exemptions; effective date.

(a) Definitions. — As used in this section:

(1) "Average four-year generation" is computed by dividing by four the sum of a generating unit's net generation, expressed in kilowatt hours, for calendar years one thousand nine hundred ninety-one, one thousand nine hundred ninety-two, one thousand nine hundred ninety-three, and one thousand nine hundred ninety-four. For any generating unit which was newly installed and
placed into commercial operation after the first day of January, one thousand nine hundred ninety-one and prior to the effective date of this section, "average four-year generation" is computed by dividing such unit's net generation for the period beginning with the month in which the unit was placed into commercial operation and ending with the month preceding the effective date of this section by the number of months in such period and multiplying the resulting amount by twelve with the result being a representative twelve-month average of the unit's net generation while in an operational status.

(2) "Capacity factor" means a fraction, the numerator of which is average four-year generation and the denominator of which is the maximum possible annual generation.

(3) "Generating unit" means a mechanical apparatus or structure which through the operation of its component parts is capable of generating or producing electricity and is regularly used for this purpose.

(4) "Inactive reserve" means the removal of a generating unit from commercial service for a period of not less than twelve consecutive months as a result of lack of need for generation from the generating unit or as a result of the requirements of state or federal law or the removal of a generating unit from commercial service for any period as a result of any physical exigency which is beyond the reasonable control of the taxpayer.

(5) "Maximum possible annual generation" means the product, expressed in kilowatt hours, of official capability times eight thousand seven hundred sixty hours.

(6) "Official capability" means the nameplate capacity rating of a generating unit expressed in kilowatts.

(7) "Peaking unit" means a generating unit designed for the limited purpose of meeting peak demands for electricity or filling emergency electricity requirements.
(8) "Retired from service" means the removal of a generating unit from commercial service for a period of at least twelve consecutive months with the intent that the unit will not thereafter be returned to active service.

(9) "Taxable generating capacity" means the product, expressed in kilowatts, of the capacity factor times the official capability of a generating unit, subject to the modifications set forth in subdivisions (2) and (3), subsection (c) of this section.

(10) "Net generation" for a period means the kilowatt hours of net generation available for sale generated or produced by the generating unit in this state during such period less the following:

(A) Twenty-one twenty-sixths of the kilowatt hours of electricity generated at the generating unit and sold during such period to a plant location of a customer engaged in manufacturing activity if the contract demand at such plant location exceeds two hundred thousand kilowatts per hour in a year or where the usage at such plant location exceeds two hundred thousand kilowatts per hour in a year;

(B) Twenty-one twenty-sixths of the kilowatt hours of electricity produced or generated at the generating unit during such period by any person producing electric power and an alternative form of energy at a facility located in this state substantially from gob or other mine refuse;

(C) The total kilowatt hours of electricity generated at the generating unit exempted from tax during such period by subsection (b), section two-n of this article.

(b) Rate of tax. — Upon every person engaging or continuing within this state in the business of generating or producing electricity for sale, profit or commercial use, either directly or indirectly through the activity of others, in whole or in part, or in the business of selling electricity to consumers, or in both businesses, the tax imposed by
section two of this article shall be equal to:

(1) For taxpayers who generate or produce electricity for sale, profit or commercial use, the product of twenty-two dollars and seventy-eight cents multiplied by the taxable generating capacity of each generating unit in this state owned or leased by the taxpayer, subject to the modifications set forth in subsection (c) of this section:

Provided, That with respect to each generating unit in this state which has installed a flue gas desulfurization system, the tax imposed by section two of this article shall, on and after the thirty-first day of January, one thousand nine hundred ninety-six, be equal to the product of twenty dollars and seventy cents multiplied by the taxable generating capacity of the units, subject to the modifications set forth in subsection (c) of this section: Provided, however, that with respect to kilowatt hours sold to or used by a plant location engaged in manufacturing activity in which the contract demand at such plant location exceeds two hundred thousand kilowatts per hour per year or if the usage at such plant location exceeds two hundred thousand kilowatts per hour in a year, in no event shall the tax imposed by this article with respect to the sale or use of such electricity exceed five hundredths of one cent times the kilowatt hours sold to or used by a plant engaged in such a manufacturing activity; and,

(2) For taxpayers who sell electricity to consumers in this state that is not generated or produced in this state by the taxpayer, nineteen hundredths of one cent times the kilowatt hours of electricity sold to consumers in this state that were not generated or produced in this state by the taxpayer, except that the rate shall be five hundredths of one cent times the kilowatt hours of electricity not generated or produced in this state by the taxpayer which is sold to a plant location in this state of a customer engaged in manufacturing activity if the contract demand at such plant location exceeds two hundred thousand kilowatts per hour per year or if the usage at such plant location exceeds two hundred thousand kilowatts per hour in a year.
The measure of tax under this subdivision (2) shall be equal to the total kilowatt hours of electricity sold to consumers in the state during the taxable year, that were not generated or produced in this state by the taxpayer, to be determined by subtracting from the total kilowatt hours of electricity sold to consumers in the state the net kilowatt hours of electricity generated or produced in the state by the taxpayer during the taxable year. The provisions of this subdivision (2) shall not apply to those kilowatt hours exempt under subsection (b), section two-n of this article.

Any person taxable under this subdivision (2) shall be allowed a credit against the amount of tax due under this subdivision (2) for any electric power generation taxes or a tax similar to the tax imposed by subdivision (1) of this subsection (b) paid by the taxpayer with respect to such electric power to the state in which such power was generated or produced. The amount of credit allowed shall not exceed the tax liability arising under this subdivision (2) with respect to the sale of such power.

(c) The following provisions are applicable to taxpayers subject to tax under subdivision (1), subsection (b) of this section:

(1) Retired units; inactive reserve. — If a generating unit is retired from service or placed in inactive reserve, a taxpayer shall not be liable for tax computed with respect to the taxable generating capacity of the unit for the period that the unit is inactive or retired. The taxpayer shall provide written notice to the joint committee on government and finance, as well as to any other entity as may be otherwise provided by law, eighteen months prior to retiring any generating unit from service in this state.

(2) New generating units. — If a new generating unit, other than a peaking unit, is placed in initial service on or after the effective date of this section, the generating unit's taxable generating capacity shall equal forty percent of the official generating capacity of the unit.

(3) Peaking units. — If a peaking unit is placed in
initial service on or after the effective date of this section, the generating unit's taxable generating capacity shall equal five percent of the official capability of the unit.

(4) Transfers of interests in generating units. — If a taxpayer acquires an interest in a generating unit, the taxpayer shall include the computation of taxable generating capacity of said unit in the determination of the taxpayer's tax liability as of the date of the acquisition. Conversely, if a taxpayer transfers an interest in a generating unit, the taxpayer shall not for periods thereafter be liable for tax computed with respect to the taxable generating capacity of such transferred unit.

(5) Proration, allocation. — The tax commissioner shall promulgate rules in conformity with the provisions of article three, chapter twenty-nine-a of this code to provide for the administration of this section and to equitably prorate taxes for a taxable year in which a generating unit is first placed in service, retired or placed in inactive reserve, or in which a taxpayer acquires or transfers an interest in a generating unit, to equitably allocate and reallocate adjustments to net generation, and to equitably allocate taxes among multiple taxpayers with interests in a single generating unit, it being the intent of the Legislature to prohibit multiple taxation of the same taxable generating capacity.

So as to provide for an orderly transition with respect to the rate making effect of this section, those electric light and power companies which, as of the effective date of this section, are permitted by the West Virginia public service commission to utilize deferred accounting for purposes of recovery from ratepayers of any portion of business and occupation tax expense under this article shall be permitted, until such time that action pursuant to a rate application or order of the commission provides for appropriate alternative rate making treatment for such expense, to recover the tax expense imposed by this section by means of deferred accounting to the extent that the tax expense imposed by this section exceeds the level of business and
193 occupation tax under this article currently allowed in rates.

194 (6) *Electricity generated by manufacturer or affiliate for use in manufacturing activity.*— When electricity used in a manufacturing activity is generated in this state by the person who owns the manufacturing facility in which the electricity is used and the electricity generating unit or units producing the electricity so used are owned by such manufacturer, or by a member of the manufacturer’s controlled group, as defined in section 267 of the Internal Revenue Code of 1986, as amended, the generation of the electricity shall not be taxable under this article: *Provided,* That any electricity generated or produced at the generating unit or units which is sold or used for purposes other than in the manufacturing activity shall be taxed under this section and the amount of tax payable shall be adjusted to be equal to an amount which is proportional to the electricity sold for purposes other than the manufacturing activity. The department of tax and revenue shall promulgate rules in accordance with article three, chapter twenty-nine-a of the code: *Provided,* That the rules shall be promulgated as emergency rules.

(d) Beginning the first day of June, one thousand nine hundred ninety-five, electric light and power companies that actually paid tax based on the provisions of subdivision (3), subsection (a), section two-d of this article or section two-m of this article for every taxable month in one thousand nine hundred ninety-four shall determine their liability for payment of tax under this article in accordance with subdivisions (1) and (2) of this subsection. All other electric light and power companies shall determine their liability for payment of tax under this article exclusively under this section beginning the first day of June, one thousand nine hundred ninety-five and thereafter.

(1) If for taxable months beginning on or after the first day of June, one thousand nine hundred ninety-five, liability for tax under section two-o of this article is equal to or greater than the sum of the power company's liability
for payment of tax under subdivision (3), subsection (a), section two-d of this article and this section, then the company shall pay the tax due under section two-o of this article and not the tax due under subdivision (3), subsection (a), section two-d of this article and section two-m of this article. If tax liability under this section is less, then the tax shall be paid under subdivision (3), subsection (a), section two-d of this article and section two-m and the tax due under this section shall not be paid.

(2) Notwithstanding subdivision (1) of this subsection, for taxable years beginning on or after the first day of January, one thousand nine hundred ninety-eight, all electric light and power companies shall determine their liability for payment of tax under this article exclusively under this section.

(5) "Extraction of ores or minerals from the ground" includes extraction by mine owners or operators of ores or minerals from the waste or residue of prior mining only when such extraction is sold.

(6) "Gross value" in the case of natural resources means the market value of the natural resource product, in the immediate vicinity, where severed, determined after application of post production processing generally applied by the industry to obtain commercially marketable or usable natural resource products. For all natural resources, "gross value" is to be reported as follows:
(A) For natural resources severed or processed (or both severed and processed) and sold during a reporting period, gross value is the gross proceeds received or receivable by the taxpayer.

(B) In a transaction involving related parties, gross value shall not be less than the fair market value for natural resources of similar grade and quality.

(C) In the absence of a sale, gross value shall be the fair market value for natural resources of similar grade and quality.

(D) If severed natural resources are purchased for the purpose of processing and resale, the gross value is the amount received or receivable during the reporting period reduced by the amount paid or payable to the taxpayer actually severing the natural resource. If natural resources are severed outside the state of West Virginia and brought into the state of West Virginia by the taxpayer for the purpose of processing and sale, the gross value is the amount received or receivable during the reporting period reduced by the fair market value of natural resources of similar grade and quality and in the same condition immediately preceding the processing of the natural resources in this state.

(E) If severed natural resources are purchased for the purpose of processing and consumption, the gross value is the fair market value of processed natural resources of similar grade and quality reduced by the amount paid or payable to the taxpayer actually severing the natural resource. If severed natural resources are severed outside the state of West Virginia and brought into the state of West Virginia by the taxpayer for the purpose of processing and consumption, the gross value is the fair market value of processed natural resources of similar grade and quality reduced by the fair market value of natural resources of similar grade and quality and in the same condition immediately preceding the processing of the natural resources.

(F) In all instances, the gross value shall be reduced by the amount of any federal energy tax imposed upon the
taxpayer after the first day of June, one thousand nine
hundred ninety-three, but shall not be reduced by any
state or federal taxes, royalties, sales commissions or any
other expense.

(G) For natural gas, gross value is the value of the
natural gas at the wellhead immediately preceding transpor­tation and transmission.

(H) For limestone or sandstone quarried or mined,
gross value is the value of such stone immediately upon
severance from the earth.

(7) "Mining" includes not merely the extraction of
ores or minerals from the ground but also those treatment
processes necessary or incidental thereto.

(B) Limestone or sandstone quarried or mined shall
not include any treatment process or transportation after
the limestone or sandstone is severed from the earth.

(10) "Related parties" means two or more persons,

natural resources or receives any value other than an arm's
length passive royalty interest. In the case of related par­ties, the tax commissioner may apportion or allocate the
receipts between or among such persons, organizations or
businesses if he determines that such apportionment or
allocation is necessary to more clearly reflect gross value.

(11) "Severing" or "severed" means the physical removal of the natural resources from the earth or waters of this state by any means: Provided, That "severing" or "severed" shall not include the removal of natural gas from underground storage facilities into which the natural gas has been mechanically injected following its initial removal from earth: Provided, however, That "severing" or "severed" oil and natural gas shall not include any separation process of oil or natural gas commonly employed to obtain marketable natural resource products.

§11-13A-5a. Dedication of ten percent of oil and gas severance tax for benefit of counties and municipalities; distribution of major portion of such dedicated tax to oil and gas producing counties; distribution of minor portion of such dedicated tax to all counties and municipalities; reports; rules; creation of special funds in the office of state treasurer; methods and formulae for distribution of such dedicated tax; expenditure of funds by counties and municipalities for public purposes; and requiring special county and municipal budgets and reports thereon.

(a) Effective the first day of July, one thousand nine hundred ninety-six, five percent of the tax attributable to the severance of oil and gas imposed by section three-a of this article is hereby dedicated for the use and benefit of counties and municipalities within this state and shall be distributed to such counties and municipalities as hereinafter provided. Effective the first day of July, one thousand nine hundred ninety-seven, and thereafter, ten percent of the tax attributable to the severance of oil and gas imposed by section three-a of this article is hereby dedicated for the use and benefit of counties and municipalities within this state and shall be distributed to such counties and municipalities as hereinafter provided.

(b) Seventy-five percent of this dedicated tax shall, after appropriation thereof by the Legislature, be distributed by the state treasurer in the manner hereinafter specified, to the various counties of this state in which the oil and gas upon which this additional tax is imposed was located at the time it was removed from the ground. Those counties are hereinafter in this section referred to as the "oil and gas producing counties". The remaining twenty-five percent of the net proceeds of this additional tax on coal shall be distributed, after appropriation, among all the counties and municipalities of this state in the manner hereinafter specified.

(c) The tax commissioner is hereby granted plenary
power and authority to promulgate reasonable rules re-
quiring the furnishing by oil and gas producers of such
additional information as may be necessary to compute
the allocation required under the provisions of subsection
(f) of this section. The tax commissioner is also hereby
granted plenary power and authority to promulgate such
other reasonable rules as may be necessary to implement
the provisions of this section.

(d) In order to provide a procedure for the distribu-
tion of seventy-five percent of such dedicated tax on oil
and gas to such oil and gas producing counties, there is
hereby created in the state treasurer's office the special
fund known as the "oil and gas county revenue fund"; and
in order to provide a procedure for the distribution of the
remaining twenty-five percent of such dedicated tax on oil
and gas to all counties and municipalities of the state,
without regard to oil and gas having been produced there-
in, there is also hereby created in the state treasurer's office
the special fund known as the "all counties and munici-
palities revenue fund".

Seventy-five percent of such dedicated tax on oil and
gas shall be deposited in the "oil and gas county revenue
fund" and twenty-five percent of such dedicated tax on oil
and gas shall be deposited in the "all counties and munici-
apalities revenue fund", from time to time, as such proceeds
are received by the tax commissioner. The moneys in
such funds shall, after appropriation thereof by the Legis-
lature, be distributed to the respective counties and munic-
ipalities entitled thereto in the manner set forth in subsec-
tion (e) of this section.

(e) The moneys in the "oil and gas county revenue
fund" and the moneys in the "all counties and municipali-
ties revenue fund" shall be allocated among and distribut-
ed annually to the counties and municipalities entitled
thereto by the state treasurer in the manner hereinafter
specified. On or before each distribution date, the state
treasurer shall determine the total amount of moneys in
each fund which will be available for distribution to the
respective counties and municipalities entitled thereto on that distribution date. The amount to which an oil and gas producing county is entitled from the "oil and gas county revenue fund" shall be determined in accordance with subsection (f) of this section, and the amount to which every county and municipality shall be entitled from the "all counties and municipalities revenue fund" shall be determined in accordance with subsection (g) of this section. After determining as set forth in subsections (f) and (g) of this section the amount each county and municipality is entitled to receive from the respective fund or funds, a warrant of the state auditor for the sum due to such county or municipality shall issue and a check drawn thereon making payment of such sum shall thereafter be distributed to such county or municipality.

(f) The amount to which an oil and gas producing county is entitled from the "oil and gas county revenue fund" shall be determined by:

(1) In the case of moneys derived from tax on the severance of gas:

(A) Dividing the total amount of moneys in such fund derived from tax on the severance of gas then available for distribution by the total volume of cubic feet of gas extracted in this state during the preceding year; and

(B) Multiplying the quotient thus obtained by the number of cubic feet of gas taken from the ground in such county during the preceding year; and

(2) In the case of moneys derived from tax on the severance of oil:

(A) Dividing the total amount of moneys in such fund derived from tax on the severance of oil then available for distribution by the total number of barrels of oil extracted in this state during the preceding year; and

(B) Multiplying the quotient thus obtained by the number of barrels of oil taken from the ground in such county during the preceding year.
(g) The amount to which each county and municipality is entitled from the "all counties and municipalities revenue fund" shall be determined in accordance with the provisions of this subsection. For purposes of this subsection "population" means the population as determined by the most recent decennial census taken under the authority of the United States:

(1) The treasurer shall first apportion the total amount of moneys available in the "all counties and municipalities revenue fund" by multiplying the total amount in such fund by the percentage which the population of each county bears to the total population of the state. The amount thus apportioned for each county is the county's "base share".

(2) Each county's "base share" shall then be subdivided into two portions. One portion is determined by multiplying the "base share" by that percentage which the total population of all unincorporated areas within the county bears to the total population of the county, and the other portion is determined by multiplying the "base share" by that percentage which the total population of all municipalities within the county bears to the total population of the county. The former portion shall be paid to the county and the latter portion shall be the "municipalities' portion" of the county's "base share". The percentage of such latter portion to which each municipality in the county is entitled shall be determined by multiplying the total of such latter portion by the percentage which the population of each municipality within the county bears to the total population of all municipalities within the county.

(h) Moneys distributed to any county or municipality under the provisions of this section, from either or both special funds, shall be deposited in the county or municipal general fund and may be expended by the county commission or governing body of the municipality for such purposes as the county commission or governing body shall determine to be in the best interest of its respective county or municipality. Provided, That in coun-

AN ACT to amend chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, by adding thereto a new article, designated article thirteen-I, relating to taxation, establishing a tax credit for the employment of those persons who were staff members employed at the Colin Anderson facility and lost their job as a result of the closure of such center; providing definitions; setting effective dates; setting forth legislative purpose; setting forth the amount of the credit and the application of the credit; setting limitations; credit forfeiture; providing for distribution of notice of the availability of the credit and providing for legislative rules.

Be it enacted by the Legislature of West Virginia:

That chapter eleven of the code of West Virginia, one thousand nine hundred thirty-one, as amended, be amended by adding thereto a new article, designated article 13I, to read as follows:

ARTICLE 13I. TAX CREDIT FOR EMPLOYING FORMER EMPLOYEES OF COLIN ANDERSON CENTER WHO LOST THEIR JOBS DUE TO THE CLOSURE OF COLIN ANDERSON CENTER.

§11-13I-1. Legislative purpose.
§11-13I-2. Credit allowed; amount and duration of credit; recapture of credit and effective date.
§11-13I-3. Application of credit; limitation of credit; tax commissioner to promulgate forms and legislative rule; notice of credit.

§11-13I-1. Legislative purpose.

1 The Legislature finds and declares that the Colin Anderson Center employees were good employees and
performed a valuable service for the residents of the center, and the public comments regarding the closure of Colin Anderson indicated that the main objection to the closure was the care which the residents of Colin Anderson would receive elsewhere. In recognition of the expertise of these employees and their dedication to their duties and the people whom they cared for, the Legislature finds that it is in the best interests of the state to encourage the employment of those persons who are unemployed as a result of the closing of the Colin Anderson Center.

§11-131-2. Credit allowed; amount and duration of credit; recapture of credit and effective date.

(a) There shall be allowed to eligible taxpayers a credit against the taxes imposed in articles twenty-one, twenty-three and twenty-four of this chapter. For the purpose of this article, "eligible taxpayer" means a person, firm, partnership, corporation or other entity who employs a person or persons who lost his or her job as a result of the closure of the Colin Anderson Center. Such credit shall be in an amount equal to one-half of the cost to the state of unemployment compensation which shall be determined based on the unemployment compensation cost to the state of an employee who earns twenty-one thousand dollars per year and shall be further determined as if such person was unemployed for and drew a full sixteen weeks of unemployment benefits. In the event an eligible taxpayer employs more than one such person, the credit allowed shall be multiplied by the number of persons so employed.

(b) The credit set forth in this article shall apply to personal income tax liabilities, corporation net income tax liabilities and business franchise tax liabilities arising after the thirty-first day of December, one thousand nine hundred ninety-five. The credit established in this article shall expire and may not be claimed for those tax years ending after the thirty-first day of December, one thousand nine hundred ninety-eight and in order to claim this credit an eligible taxpayer shall have employed a person who lost his or her job after December 31, one thousand nine hundred ninety-five as a result of the
29 closing of Colin Anderson Center and must be employed
30 after said date and prior to December thirty-one, one
31 thousand nine hundred ninety-seven.

32 (c) As a condition of receiving the credit established
33 in this article, the eligible taxpayer shall employ the
34 person or persons for a period of time at least equal to one
35 year. In the event such person is employed for less than
36 one year the credit herein shall be recaptured at the rate of
37 twenty percent of the dollar value of the credit for each
38 month under twelve months the person works.

§11-131-3. Application of credit; limitation of credit; tax
1 commissioner to promulgate forms and legis­
2 lative rule; notice of credit.

1 (a) The credit allowed in this article shall be first
2 applied to a taxpayer's business franchise tax liability, and
3 then to either the taxpayer's personal income tax liability
4 or corporation net income tax liability, as the case may be.

5 (b) The credit allowed in this article shall not exceed
6 ten thousand dollars per year and shall not be refundable,
7 nor carried forward nor backward to other tax years.

8 (c) The state tax commissioner shall promulgate
9 legislative rules pursuant to chapter twenty-nine-a of this
10 code regarding the applicability, method of claiming of
11 the credit, recapture of the credit and documentation
12 necessary to claim the credit herein allowed.

13 (d) The state tax commissioner shall develop a written
14 notice setting forth the availability of this credit and shall
15 transmit this notice to the department of health and human
16 resources to be distributed to potential employers of the
17 Colin Anderson Center to make such employers aware of
18 the tax credit allowed herein. The department of health
19 and human resources shall distribute notice of the credit
20 allowed herein as widely as possible to potential
21 employers.

(b) The tax shall be refunded upon presentation to the commissioner of an affidavit accompanied by the original or top copy sales slips or invoices, or certified copies thereof, from the distributor or producer or retail dealer, showing the purchases, together with evidence of payment thereof, which affidavit shall set forth the total amount of the gasoline or special fuel purchased and consumed by the user and the commissioner upon the receipt of the
affidavit and the paid sales slips or invoices shall cause to
be refunded the tax paid on gasoline or special fuel pur-

(c) The right to receive any refund under the provi-

3. Collection and Enforcement of Property Taxes.

ARTICLE 1. ACCRUAL AND COLLECTION OF TAXES.

(a) The sheriff may give notice by posting at not less than six public places in each magisterial district, for at least ten days before the time appointed, that between the fifteenth day of July and the thirty-first day of August he will attend at one or more of the most public and convenient places in each district, such places to be specified in the notice, for the purpose of receiving taxes due by the people residing or paying taxes in such district. The notice shall also state that those who pay the first installment of their taxes on or before the first day of September will
be entitled to a discount of two and one-half percent. Like notice may be given that between the fifteenth day of January and the twenty-eighth day of February he will again appear in each district for the collection of taxes, and that those who pay their second installment on or before the first day of March will be entitled to the same discount. Failure of the sheriff to post such lists shall not impair the right to collect such taxes, the right to collect any interest or penalty imposed as a result of the failure to pay such taxes or the methods of enforcing the payment of such taxes, interest or penalty.

The county commission of any county may order that the above notice shall also be given by advertisement. Such an order, once entered, shall continue in effect until rescinded by the county commission. Upon entry of such order, the sheriff shall, besides posting as required above, publish the proper notice as a Class II legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for such publication shall be the county. Such notice shall be so published within fourteen consecutive days next preceding the fifteenth day of July or the fifteenth day of January as the case may be. For every failure so to advertise, the sheriff shall forfeit one hundred dollars.

Notwithstanding the foregoing provisions, the sheriff shall send to every person owing real or personal property taxes a copy of such taxpayers annual tax ticket or tickets showing what tax is due and how such tax may be paid. Such copy shall be sent to the last known address of such taxpayer by first class United States mail.

Failure of the sheriff to send or failure of the taxpayer to receive such copy shall not impair the right to collect such taxes, the right to collect any interest or penalty imposed as a result of the failure to pay such taxes or the method of enforcing the payment of such taxes, interest or penalty.

At such time as the sheriff prepares the delinquent list for real property, he shall compare such list with a copy of the landbooks most recently delivered by the assessor to the board of review and equalization pursuant to section
nineteen, article three, chapter eleven of this code. The
assessor shall make a copy of said landbooks available to
the sheriff. If property on the delinquent list should ap-
appear as a transfer on said landbooks with the delinquent
owner as the transferor, the sheriff shall send to the trans-
feree at his last known address by first class United States
mail a copy of the annual tax ticket or tickets showing
what taxes are due upon the real property of such transfer-
ee and how they may be paid as prescribed in this section.

Failure of the sheriff to send or failure of the taxpayer
to receive such copy shall not impair the right to collect
such taxes, the right to collect any interest or penalty im-
posed as a result of the failure to pay such taxes or the
method of enforcing the payment of such taxes, interest or
penalty.

(b) In addition to the notice of real or property taxes
owed, provided in this section, the county commission of
any county may order that the sheriff include in the mail-
ing notice of any taxes or other fees owed to the county or
a municipality in the county.

(c) (1) The sheriff may accept credit cards in payment
of any of the taxes, interest or penalty described in this
section. The type of credit card accepted shall be at the
discretion of the sheriff.

(2) The sheriff may set a fee to be added to each cred-
it card transaction equal to the charge paid by the state,
county, sheriff or taxpayer for the use of the credit card
by the taxpayer. Except for fees imposed pursuant to this
subdivision, no other fees for the use of a credit card may
be imposed upon the taxpayer.

(3) Except as provided in subsection (a) of this sec-
tion, in no event shall the sheriff discount or otherwise
reduce the tax liability of a taxpayer who has elected to
use a credit card for the payment of the tax liability.

Sheriff (or collector).

The sheriff shall publish the list and notice prior to the
sale date fixed in the notice as a Class III-0 legal advertise-
ment in compliance with the provisions of article three,
chapter fifty-nine of this code, and the publication area
for such publication shall be the county.

(b) In addition to such publication, no less than thirty
days prior to the sale the sheriff shall send a notice of such
delinquency and the date of sale by certified mail: (1) To
the last known address of each person listed in the land
books whose taxes are delinquent; (2) to each person
having a lien on real property upon which the taxes are
due as disclosed by a statement filed with the sheriff pur-
suant to the provisions of section three of this article; (3)
to each other person with an interest in the property or
with a fiduciary relationship to a person with an interest in
the property who has in writing delivered to the sheriff on
a form prescribed by the tax commissioner a request for
such notice of delinquency; and (4) in the case of proper-
ty which includes a mineral interest but does not include
an interest in the surface other than an interest for the
purpose of developing the minerals, to each person who
has in writing delivered to the sheriff, on a form pre-
scribed by the tax commissioner, a request for such notice
which identifies the person as an owner of an interest in
the surface of real property that is included in the bound-
aries of such property: Provided, That in a case where one
owner owns more than one parcel of real property upon
which taxes are delinquent, the sheriff may, at his option,
mail separate notices to the owner and each lienholder for
each parcel or may prepare and mail to the owner and
each lienholder a single notice which pertains to all such
65 delinquent parcels. If he elects to mail only one notice, 66 that notice shall set forth a legally sufficient description of 67 all parcels of property on which taxes are delinquent. In 68 no event shall failure to receive the mailed notice by the 69 landowner or lienholder affect the validity of the title of 70 the property conveyed if it is conveyed pursuant to section 71 twenty-seven or fifty-nine of this article.

(1) To cover the cost of preparing and publishing 72 the second delinquent list, a charge of seven dollars and 73 fifty cents shall be added to the taxes, interest and charges 74 already due on each item and all such charges shall be 75 stated in the list as a part of the total amount due.

(2) To cover the cost of preparing and mailing notice 77 to the landowner, lienholder or any other person entitled 78 thereto pursuant to this section, a charge of five dollars per 79 addressee shall be added to the taxes, interest and charges 80 already due on each item and all such charges shall be 81 stated in the list as a part of the total amount due.

(d) Any person whose taxes were delinquent on the 83 first day of September may have his name removed from 84 the delinquent list prior to the time the same is delivered to 85 the newspapers for publication by paying to the sheriff the 86 full amount of taxes and costs owed by such person at the 87 date of such redemption. In such case, the sheriff shall 88 include but three dollars of the costs provided in this sec- 89 tion in making such redemption. Costs collected by the 90 sheriff hereunder which are not expended for publication 91 and mailing shall be paid into the general county fund.

§11A-3-3. Waiver of notice by person claiming lien.

(a) Any person claiming a lien against real property 1 shall be deemed to have waived the right to notice provid- 2 ed by section two of this article unless he shall have filed a 3 statement declaring such interest with the sheriff. Such 4 statement shall be filed upon creation of the lien and upon 5 release of said lien and upon any change of the lienhold- 6 er's postal address since the original filing of such state- 7 ment.

Such statement shall be sufficient if it is filed at the
time the document creating the lien is filed and when said
lien is released on a form and in a manner to be pre-
scribed from time to time by the tax commissioner, which
form shall include the name of the person charged with
taxes for the real property; the tax map and parcel number
of the property; the assessor's account number of the
property; a description of the interest claimed; and the
address to which notice is to be sent: Provided, That it
shall be sufficient for purposes of this section if the infor-
mation required by this section is provided on a sales
listing form prescribed in section six, article twenty-two,
chapter eleven of this code and filed with the clerk of the
county commission at the time of the filing of the docu-
ment. The statement may be amended at any time by the
person claiming the lien, upon such amended form and in
such manner as may be prescribed by the tax commissi-
ioner: Provided, however, That in counties with a population
greater than two hundred thousand any person claiming
liens against more than fifty parcels of real estate may file
such statement electronically in a similar format as before
described designed by the tax commissioner.

(b) At least once a year prior to the first day of July,
the sheriff shall publish a notice that any person claiming
a lien against taxable real property must file the statement
required by this section or such person will be deemed to
have waived any right to notice provided by the preceding
section. The notice shall be published as a Class I legal
advertisement in compliance with the provisions of article
three, chapter fifty-nine of this code, and the publication
area for such publication shall be the county in which
such land is located.

§11A-3-5. Sale by sheriff; immunity; penalty; mandamus.

(a) The tax lien on each unredeemed tract or lot, or
each unredeemed part thereof or undivided interest there-
in shall be sold by the sheriff, in the same order as set
forth in the list and notice prescribed in section two of this
article, at public auction to the highest bidder, between the
hours of ten in the morning and four in the afternoon on
any business working day after the fourteenth day of
October and before the twenty-third day of November:
9  Provided, That no tax lien for such unredeemed tract or lot or undivided interest therein shall be sold upon any bid or for any sum less than the total amount of taxes, interest and charges then due: Provided, however, That at any such sale, the tax lien for each unredeemed tract or lot, or undivided interest therein, shall be offered for sale and sold for the entirety of such tract or lot or undivided interest therein as the same is described and constituted as a unit or entity in the list and notice prescribed in section two of this article. If the sale shall not be completed on the day designated in the notice for the holding of such sale, it shall be continued from day to day between the same hours until disposition shall have been made of all the land. The payment for any tax lien purchased at a sale shall be made by check or money order payable to the sheriff of the county and delivered before the close of business on the day of the sale.

26  (b) Each sheriff is immune from liability if a loss or claim results from the sale of a tax lien conducted pursuant to the provisions of this article or from any subsequent conveyance of the property to which the lien attaches: Provided, That where a sheriff fails or refuses to sell said tax lien pursuant to the provisions of this article for reasons other than those provided by section seven of this article, the sheriff may be compelled by mandamus to sell the same upon the petition of the auditor or any taxpayer of the county in a court of competent jurisdiction.

§11A-3-10. Sheriff to account for proceeds; disposition of surplus.

1  (a) The sheriff shall account for the proceeds of all sales and redemptions included in such list in the same way he accounts for other taxes collected by him, except that if the purchase money paid for any property sold is in excess of the amount of taxes, interest and charges due thereon, the surplus shall be deposited in a special county fund to be known and designated as the "sale of tax lien surplus fund". Where there is a redemption after the sale, the sheriff shall also deposit into said fund the amount of taxes, interest and charges due on the date of the sale, plus
the interest at the rate of one percent per month from the date of sale to the date of redemption, described in subdivision (2), subsection (b), section twenty-four of this article. Such surpluses shall be disposed of as follows:

(1) In any case where the property was redeemed, such surplus shall be distributed to the person or persons who purchased the tax lien thereon, or the heirs, devisees, legatees, executors, administrators, successors or assigns thereof.

(2) If the purchaser, his heirs, devisees, legatees, executors, administrators, successors or assigns cannot be found within two years from and after the date of redemption, all claims to such surplus shall be barred and such surplus shall be distributed by the sheriff in the manner provided by law for the distribution of property taxes collected by him.

(b) All real estate included in the first delinquent list sent to the auditor, and not accounted for in the list of sales, suspensions, redemptions and certifications, shall be deemed to have been redeemed before sale and the taxes, interest and charges due thereon shall be accounted for by the sheriff as if they had been received by him before the sale.

§11A-3-13. Publication by sheriff of sales list.

Within one month after completion of the sale, the sheriff shall prepare and publish a list of all the sales and certifications made by him, in form or effect as follows, which list shall be published as a Class II-0 legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, and the publication area for such publication shall be the county.

List of tax liens on real estate sold in the county of ____________________________, in the month (or months) of ____________________________, 19____, for nonpayment of taxes thereon for the year (or years) 19____, and purchased by individuals or certified to the auditor of the state of West Virginia:
The owner of any real estate listed above, or any other person entitled to pay the taxes thereon, may, however, redeem such real estate as provided by law.

Given under my hand this __________ day of ______________, 19___.

Sheriff

To cover the costs of preparing and publishing such list, a charge of seven dollars and fifty cents shall be added to the taxes, interest and charges already due on each item listed.

§11A-3-16. Subsequent tax payments by purchaser.

Any person who has paid any subsequent taxes on lands for which he holds the certificate of sale described in section fourteen or fifteen of this article shall produce such certificate and copies of paid tax receipts to the clerk of the county commission, who shall endorse the amount of such subsequent taxes and the date of payment thereof in his records upon the payment to the clerk of a fee therefor in the amount of two dollars.

§11A-3-18. Limitations on tax certificates.

(a) No lien upon real property evidenced by a tax certificate of sale issued by a sheriff on account of any delinquent property taxes shall remain a lien thereon for a period longer than eighteen months after the original issuance thereof.
(b) No tax deed shall issue on any tax sale evidenced by a tax certificate of sale where such certificate has ceased to be a lien pursuant to the provisions of this section and application for such tax deed is not pending at the time of the expiration of the limitation period provided for in this section.

(c) Whenever a lien evidenced by a tax certificate of sale has expired by reason of the provisions of this section, the county clerk shall immediately issue and record a certificate of cancellation describing the real estate included in the certificate of purchase or tax certificate and giving the date of cancellation and he shall also make proper entries in his records. He shall also present a copy of every such certificate of cancellation to the sheriff who shall enter the same in his records and such certificate and the record thereof shall be prima facie evidence of the cancellation of the certificate of sale and of the release of the lien of such certificate on the lands therein described. Failure to record such certificate of cancellation shall not extend the lien evidenced by the certificate of sale. The sheriff and county clerk shall not be entitled to any fees for the issuing of such certificate of cancellation nor for the entries in their books made under the provisions of this subsection.

Whenever the provisions of section nineteen of this article have been complied with, the clerk of the county commission shall thereupon prepare a notice in form or effect as follows:

for each copy required. Any costs which must be expended in addition thereto for publication, or service of such notice in the manner provided for serving process commencing a civil action, or for service of process by certified mail, shall be charged by the clerk. (a) After the sale of any tax lien on any real estate pursuant to section five of this article, the owner of, or any other person who was entitled to pay the taxes on, any real estate for which a tax lien thereon was purchased by an individual may redeem at any time before a tax deed is issued therefor. In order to redeem, he must pay to the clerk of the county commission the following amounts:

1. An amount equal to the taxes, interest and charges due on the date of the sale, with interest thereon at the rate of one percent per month from the date of sale;
2. All other taxes thereon, which have since been paid by the purchaser, his heirs or assigns, with interest at the rate of one percent per month from the date of payment;
3. Such additional expenses as may have been incurred in preparing the list of those to be served with notice to redeem and any title examination incident thereto, with interest at the rate of one percent per month from the date of payment, but the amount he shall be required to pay, excluding said interest, for such expenses incurred for the preparation of the list of those to be served with notice to redeem required by section nineteen of this article and any title examination incident thereto, shall not exceed two hundred dollars; and
4. All additional statutory costs paid by the purchaser. Where the clerk has not received from the purchaser satisfactory proof of the expenses incurred in preparing the notice to redeem, and any examination of title incident thereto, in the form of receipts or other evidence thereof, the person redeeming shall pay the clerk the sum of two hundred dollars plus interest thereon at the rate of one percent per month from the date of the sale for disposition by the sheriff pursuant to the provisions of sections ten, twenty-four, twenty-five and thirty-two of this article.

The person redeeming shall be given a receipt for the payment.
(b) Any person who, by reason of the fact that no provision is made for partial redemption of the tax lien on real estate purchased by an individual, is compelled in order to protect himself to redeem the tax lien on all of such real estate when it belongs, in whole or in part, to some other person, shall have a lien on the interest of such other person for the amount paid to redeem such interest. He shall lose his right to the lien, however, unless within thirty days after payment he shall file with the clerk of the county commission his claim in writing against the owner of such interest, together with the receipt provided for in this section. The clerk shall docket the claim on the judgment lien docket in his office and properly index the same. Such lien may be enforced as other judgment liens are enforced.

§11A-3-24. Notice of redemption to purchaser; moneys received by sheriff.

(a) Upon payment of the sum necessary to redeem, the clerk shall deliver to the sheriff the redemption money paid and the name and address of the purchaser, his heirs and assigns. The clerk shall also note the fact of redemption on his record of delinquent lands.

(b) Of the redemption money received by the sheriff pursuant to this section, the sheriff shall deposit into the sale of tax lien surplus fund provided by section ten of this article the amount thereof equal to the amount of taxes, interest and charges due on the date of the sale, plus the interest at the rate of one percent per month thereon from the date of sale to the date of redemption.

§11A-3-25. Distribution of surplus to purchaser.

(a) Where the land has been redeemed in the manner set forth in section twenty-three of this article, and the clerk has delivered the redemption money to the sheriff pursuant to section twenty-four of this article, the sheriff shall, upon delivery of the sum necessary to redeem, promptly notify the purchaser, his heirs or assigns, by mail, of the fact of the redemption and pay to the purchaser, his heirs or assigns the following amounts: (1) From the sale of tax lien surplus fund provided by section ten of
this article: (A) The surplus of money paid in excess of
the amount of the taxes, interest and charges due and paid
to the sheriff at the sale; and (B) the amount of taxes,
interest and charges due on the date of the sale, plus the
interest at the rate of one percent per month from the date
of sale to the date of redemption; (2) all other taxes there-
on, which have since been paid by the purchaser, his heirs
or assigns, with interest at the rate of one percent per
month from the date of payment; (3) such additional
expenses as may have been incurred in preparing the list
of those to be served with notice to redeem and any title
examination incident thereto, with interest at the rate of
one percent per month from the date of payment, but the
amount which shall be paid, excluding said interest, for
such expenses incurred for the preparation of the list of
those to be served with notice to redeem required by sec-

not received from the purchaser satisfactory proof of the
expenses incurred in preparing the list of those to be
served with notice to redeem and any title examination
incident thereto, the clerk shall also include instructions to
the purchaser as to how these expenses may be claimed.

(2) Subject to the limitations of this section, the pur-
chaser is entitled to recover any expenses incurred in pre-
paring the list of those to be served with notice to redeem
and any title examination incident thereto from the date of
the sale to the date of the redemption.

(c) Where, pursuant to section twenty-three of this
article, the clerk has not received from the purchaser satis-
factory proof of the expenses incurred in preparing the
list of those to be served with notice to redeem, and any
title examination incident thereto, in the form of receipts
or other evidence thereof, and therefore received from the
purchaser as required by said section and delivered to the
sheriff the sum of two hundred dollars plus interest there-
on at the rate of one percent per month from the date of
the sale to the date of redemption, and the sheriff has not
received from the purchaser such satisfactory proof of
such expenses within thirty days from the date of notifica-
tion, the sheriff shall refund such amount to the person
redeeming and the purchaser is barred from any claim
thereto. Where, pursuant to said section, the clerk has
received from the purchaser and therefore delivered to the
sheriff said sum of two hundred dollars plus interest there-
on at the rate of one percent per month from the date of
the sale to the date of redemption, and the purchaser pro-
vides the sheriff within thirty days from the date of notifi-
cation such satisfactory proof of such expenses, and the
amount of such expenses is less than the amount paid by
the person redeeming, the sheriff shall refund the differ-
ence to the person redeeming.

§11A-3-27. Deed to purchaser; record.

If the real estate described in the notice is not re-
deemed within the time specified therein, but in no event
prior to the first day of April of the second year following
the sheriff's sale, the person entitled thereto shall make and

this article, a quitclaim deed for such real estate in form or

Except when ordered to do so, as provided in section twenty-eight of this article, no clerk of the county commission shall execute and deliver such a deed more than thirty days after the person entitled to the deed delivers the same and requests the execution thereof. Upon the clerk's
determination that the deed presented substantially com-

execute the deed and acknowledge the same, record the
deed in the clerk's office and deliver the original thereof
to the purchaser.

For the execution of the deed and for all the recording
required by this section, a fee of seven dollars and fifty
cents and the recording expenses shall be charged, to be
paid by the grantee upon delivery of the deed. The deed,
when duly acknowledged or proven, shall be recorded by
the clerk of the county commission in the deed book in
his office, together with assignment from the purchaser, if
one was made, the notice to redeem, the return of service
of such notice, the affidavit of publication, if the notice
was served by publication, and any return receipts for
notices sent by certified mail.

§11A-3-28. Compelling service of notice or execution of deed.

If the clerk of the county commission fails or refuses
to prepare and serve the notice to redeem as required in
sections twenty-one and twenty-two of this article, the
person requesting the notice may, at any time within two
weeks after discovery of such failure or refusal, but in no
event later than sixty days following the date the person
requested that notice be prepared and served, apply by
petition to the circuit court of the county for an order
compelling the clerk to prepare and serve the notice or
appointing a commissioner to do so. If the person re-
questing the notice fails to make such application within
the time allowed, he shall lose his right to the notice, but
his rights against the clerk under the provisions of section
sixty-seven of this article shall not be affected. Notice
given pursuant to an order of the court or judge shall be
as valid for all purposes as if given within the time re-

If the clerk fails or refuses to execute the deed as re-

requesting the deed may, at any time after such failure or
refusal, but not more than six months after his right to the
deed accrued, apply by petition to the circuit court of the
county for an order compelling the clerk to execute the
deed or appointing a commissioner to do so. If the person requesting the deed fails to make such application within the time allowed, he shall lose his right to the deed, but his rights against the clerk under the provisions of section sixty-seven of this article shall not be affected. Any deed executed pursuant to an order of the court or judge shall have the same force and effect as if executed and delivered by the clerk within the time specified in the preceding section.

Ten days' written notice of every such application must be given to the clerk. If, upon the hearing of such application, the court or judge is of the opinion that the applicant is not entitled to the notice or deed requested, the petition shall be dismissed at his costs; but if the court or judge is of the opinion that he is entitled to such notice or deed, then, upon his deposit with the clerk of the circuit court of a sum sufficient to cover the costs of preparing and serving the notice, unless such a deposit has already been made with the clerk of the county commission, an order shall be made by the court or judge directing the clerk to prepare and serve the notice or execute the deed, or appointing a commissioner for the purpose, as the court or judge shall determine. If it appears to the court or judge that the failure or refusal of the clerk was without reasonable cause, judgment shall be given against him for the costs of the proceedings; otherwise the costs shall be paid by the applicant.

Any commissioner appointed under the provisions of this section shall be subject to the same liabilities as are provided for the clerk. For the preparation of the notice to redeem, he shall be entitled to the same fee as is provided for the clerk. For the execution of the deed, he shall also be entitled to a fee of seven dollars and fifty cents and the recording expenses, to be paid by the grantee upon delivery of the deed.

Whenever one purchaser at the tax sale has purchased tax liens on two or more adjoining pieces of real estate within the same tax district, or undivided interests therein,
charged with taxes for the same year, or years, he, his heirs or assigns may request the clerk of the county commission to execute a separate deed for each adjoining piece of real estate within the same tax district, or undivided interest therein, or separate deeds for some and one deed for the remainder, or one deed for all, as he or they may prefer. Every deed for two or more pieces of adjoining real estate within the same tax district, or undivided interests therein, shall describe each piece of real estate and each undivided interest separately.

The payment for any tract or lot purchased at a sale shall be made by check or money order payable to the sheriff of the county and delivered before the close of business on the day of sale. No part or interest in any tract or lot subject to such sale, or any part thereof of interest therein, that is less than the entirety of such unredeemed tract, lot or interest, as the same is described and constituted as a unit or entity in said list, shall be offered for sale or sold at such sale. If the sale shall not be completed on the first day of the sale, it shall be continued from day to day between the same hours until all the land shall have been offered for sale.

Any of the aforesaid tracts or lots may be redeemed by any person entitled to pay the taxes thereon at any time prior to the sale by payment to the deputy commissioner of the total amount of taxes, interest and charges due thereon up to the date of redemption. Lands listed above as escheated or waste and unappropriated lands may not be redeemed.

Given under my hand this __________ day of ______________, 19____.

________________________ Deputy Commissioner of
Delinquent and Nonentered Lands of ______________

The description of lands required in the notice shall be in the same form as the list certifying said lands to the deputy commissioner for sale. If the deputy commissioner is required to auction lands certified to him in any previous years, pursuant to section forty-eight of this article, he shall include such lands in the notice, with reference to the year of certification and the item number of the tract or interest.

To cover the cost of preparing and publishing the notice, a charge of twenty-five dollars shall be added to the taxes, interest and charges due on the delinquent and nonentered property.

§11A-3-47. Redemption prior to sale.

Any of the delinquent and nonentered lands certified to the deputy commissioner may be redeemed, prior to the auction, by the owner of such land or any other person entitled to pay the taxes thereon, by payment of the taxes, interest and charges due. The deputy commissioner shall prepare an original and five copies of the receipt, give to the person redeeming the original receipt, retain one copy for his files and forward one copy each to the sheriff, auditor, assessor and the clerk of the county commission, each of whom shall note the fact of such redemption on their respective records of delinquent lands. Any person
redeeming the interest of another shall be subrogated to
the lien of the state on such interest as provided in section
nine, article one of this chapter.

§11A-3-50. Receipt to purchaser for purchase price.

The deputy commissioner shall prepare an original
and two copies of the receipt for the purchase money. He
shall give the original receipt to the purchaser and shall
file one copy thereof with the clerk of the county commis-
sion and one copy thereof with the sheriff, each of whom
shall note the fact of such sale on their respective records
of delinquent lands. The heading of the receipt shall be:

Memorandum of real estate sold in the county of
________ on this ____ day of ________,
19____, by _____________, the deputy commissioner
of delinquent and nonentered lands of said county.

Except for the heading, the auditor shall prescribe the
form of the receipt.

§11A-3-51. Deputy commissioner to report sales to auditor;
auditor to approve sales.

Within fourteen days following the auction required
by section forty-five of this article, and within fourteen
days of any sale pursuant to section forty-eight of this
article, the deputy commissioner must report such sales to
the auditor. The report must include the year that the land
was certified by the auditor for sale, the item number of
the land on the list certifying the land for sale, the amount
of taxes, interest and charges due on such land at the time
of the sale, the quantity of the land, the name and address
of the purchaser and the purchase price. The report shall
be filed with the auditor. The auditor may prescribe the
form of the report.

As soon as possible after receiving the report, the audi-
tor shall determine whether the sale is in the best interest
of the state and shall either approve or disapprove the sale.
The auditor shall then note such approval or disapproval
and, if disapproved, the reasons therefor, on the report,
and return a copy to the deputy commissioner. The origi-
nal shall be retained by the auditor.
Ch. 247] TAXATION 1549

20 sioner shall provide a copy of the report approved or
21 disapproved by the auditor to the sheriff and to the county
22 clerk.

23 If the auditor shall disapprove any such sale, the depu-
24 ty commissioner shall forthwith refund the purchase price
25 to the purchaser. The land shall then be again subject to
26 sale pursuant to sections forty-five and forty-eight of this
27 article. If the auditor approves the sale, the purchaser shall
28 immediately commence the steps to obtain a deed, as pro-
29 vided in section fifty-two of this article.

§11A-3-52. What purchaser must do before he can secure a deed.

1 (a) Within forty-five days following the approval of
2 the sale by the auditor pursuant to section fifty-one of this
3 article, the purchaser, his heirs or assigns, in order to se-
4 cure a deed for the real estate purchased, shall: (1) Pre-
5 pare a list of those to be served with notice to redeem and

7 notice as provided in sections fifty-four and fifty-five of
8 this article; and (2) deposit, or offer to deposit, with the
9 deputy commissioner a sum sufficient to cover the costs of
10 preparing and serving the notice. For failure to meet these
11 requirements, the purchaser shall lose all the benefits of
12 his purchase. The deputy commissioner may then sell the
13 property in the same manner as he sells lands which have
14 been offered for sale at public auction but which remain
15 unsold after such auction, as provided in section
16 forty-eight of this article.

17 (b) If the person requesting preparation and service of
18 the notice is an assignee of the purchaser, he shall, at the
19 time of the request, file with the deputy commissioner a
20 written assignment to him of the purchaser's rights, execut-
21 ed, acknowledged and certified in the manner required to
22 make a valid deed.

§11A-3-54. Notice to redeem.

1 Whenever the provisions of section fifty-two of this
2 article have been complied with, the deputy commissioner

(a) After the sale of any tax lien on any real estate pursuant to section forty-five or forty-eight of this article, the owner of, or any other person who was entitled to pay the taxes on, any real estate for which a tax lien thereon was purchased by an individual, may redeem at any time before a tax deed is issued therefor. In order to redeem, he must pay to the deputy commissioner the following amounts: (1) An amount equal to the taxes, interest and charges due on the date of the sale, with interest thereon at the rate of one percent per month from the date of sale; (2) all other taxes thereon, which have since been paid by the purchaser, his heirs or assigns, with interest at the rate of one percent per month from the date of payment; (3) such additional expenses as may have been incurred in preparing the list of those to be served with notice to redeem, and any title examination incident thereto, with interest at the rate of one percent per month from the date of payment, but the amount he shall be required to pay, excluding said interest, for such expenses incurred for the preparation of the list of those to be served with notice to

Where the deputy commissioner has not received from the purchaser satisfactory proof of the expenses incurred in preparing the notice to redeem, and any examination of title incident thereto, in the form of receipts or other evidence thereof, the person redeeming shall pay the deputy commissioner the sum of two hundred dollars plus interest thereon at the rate of one percent per month from the date of the sale for disposition pursuant to the provisions of sections fifty-seven, fifty-eight and sixty-four of this article. §11A-3-58. Distribution to purchaser.

(a) Where the land has been redeemed in the manner set forth in section fifty-six of this article, and the deputy commissioner has delivered the redemption money to the sheriff pursuant to section fifty-seven of this article, the sheriff shall, upon delivery of the sum necessary to redeem, promptly notify the purchaser, his heirs or assigns, by mail, of the redemption and pay to the purchaser, his heirs or assigns, the following amounts: (1) The amount paid to the deputy commissioner at the sale; (2) all other taxes thereon, which have since been paid by the purchaser, his heirs or assigns, with interest at the rate of one percent per month from the date of payment; (3) such additional expenses as may have been incurred in preparing the list of those to be served with notice to redeem, and any title examination incident thereto, with interest at the rate of one percent per month from the date of payment, but the amount which shall be paid, excluding said interest, for such expenses incurred for the preparation of the list of those to be served with notice to redeem required by section fifty-two of this article, and any title examination incident thereto, shall not exceed two hundred dollars; and (4) all additional statutory costs paid by the purchaser.
(b) (1) The notice shall include:

(A) A copy of the redemption certificate issued by the deputy commissioner;

(C) Where, at the time of the redemption, the deputy commissioner has not received from the purchaser satisfactory proof of the expenses incurred in preparing the list of those to be served with notice to redeem and any title examination incident thereto, the deputy commissioner shall also include instructions to the purchaser as to how these expenses may be claimed.

(2) Subject to the limitations of this section, the purchaser is entitled to recover any expenses incurred in preparing the list of those to be served with notice to redeem and any title examination incident thereto from the date of the sale to the date of the redemption.

(c) Where, pursuant to section fifty-six of this article, the deputy commissioner has not received from the purchaser satisfactory proof of the expenses incurred in preparing the notice to redeem, and any title examination incident thereto, in the form of receipts or other evidence thereof, and therefore received from the purchaser as required by said section and delivered to the sheriff the sum of two hundred dollars plus interest thereon at the rate of one percent per month from the date of the sale to the date of redemption, and the sheriff has not received from the purchaser such satisfactory proof of such expenses within thirty days from the date of notification, the sheriff shall refund such amount to the person redeeming and the purchaser is barred from any claim thereto.

Where, pursuant to section fifty-six of this article, the deputy commissioner has received from the purchaser and therefore delivered to the sheriff said sum of two hundred dollars plus interest thereon at the rate of one percent per month from the date of the sale to the date of redemption, and the purchaser provides the sheriff within thirty days from the date of notification such satisfactory proof of
such expenses, and the amount of such expenses is less
than the amount paid by the person redeeming, the sheriff
shall refund the difference to the person redeeming.

§11A-3-59. Deed to purchaser; record.

If the real estate described in the notice is not re-

prior to thirty days after notices to redeem have been
personally served, or an attempt of personal service has

tion fifty-five of this article, following the deputy com-

request of the purchaser, make and deliver to the person

Deputy Commissioner of Delinquent and Nonentered Lands of _____________ County

Except when ordered to do so as provided in section sixty of this article, the deputy commissioner shall not execute and deliver a deed more than thirty days after the purchaser's right to the deed accrued.

For the preparation and execution of the deed and for all the recording required by this section, a fee of fifty dollars and the recording expenses shall be charged, to be paid by the grantee upon delivery of the deed. The deed, when duly acknowledged or proven, shall be recorded by the clerk of the county commission in the deed book in his office, together with the assignment from the purchaser, if one was made, the notice to redeem, the return of service of such notice, the affidavit of publication, if the notice was served by publication, and any return receipts for notices sent by certified mail.

§11A-3-60. Compelling service of notice or execution of deed.

1 If the deputy commissioner fails or refuses to prepare
and serve the notice to redeem as required in sections fifty-four and fifty-five of this article, the person requesting the notice may, at any time within two weeks after discovery of such failure or refusal, but in no event later than sixty days following the date the person requested that notice be prepared and served, apply by petition to the circuit court of the county for an order compelling the deputy commissioner to prepare and serve the notice or appointing a commissioner to do so. If the person requesting the notice fails to make such application within the time allowed, he shall lose his right to the notice, but his rights against the deputy commissioner under the provisions of section sixty-seven of this article shall not be affected. Notice given pursuant to an order of the court or judge shall be valid for all purposes as if given within the time required by section fifty-five of this article.

If the person requesting the deed fails to make such application within the time allowed, he shall lose his right to the deed, but his rights against deputy commissioner under the provisions of section sixty-seven of this article shall remain unaffected. Notice given pursuant to an order of the court shall have the same force and effect as if executed and delivered by the deputy commissioner within the time specified in the preceding section.

Ten days' written notice of every such application must be given to the deputy commissioner. If, upon the hearing of such application, the court is of the opinion that the applicant is not entitled to the notice or deed requested, the petition shall be dismissed at his costs; but, if the court is of the opinion that he is entitled to such notice or deed, then, upon his deposit with the clerk of the circuit court of a sum sufficient to cover the costs of preparing and serving the notice, unless such a deposit has already
been made with the deputy commissioner, an order shall be made by the court directing the deputy commissioner to prepare and serve the notice or execute the deed, or appointing a commissioner for the purpose, as the court or judge shall determine. The order shall be filed with the clerk of the circuit court and entered in the civil order book. If it appears to the court that the failure or refusal of the deputy commissioner was without reasonable cause, judgment shall be given against him for the costs of the proceedings, otherwise the costs shall be paid by the applicant.

Any commissioner appointed under the provisions of this section shall be subject to the same liabilities as the deputy commissioner. For the preparation of the notice to redeem, he shall be entitled to the same fee as is provided for the deputy commissioner. For the preparation and execution of the deed, he shall also be entitled to a fee of fifty dollars and recording expenses to be paid by the grantee upon delivery of the deed.

§11A-3-61. One deed for adjoining pieces of real estate within the same tax district.

Whenever one purchaser at the tax sale has purchased tax liens on two or more adjoining pieces of real estate within the same tax district, or undivided interests therein, charged with taxes for the same year, or years, he, his heirs or assigns, may request the deputy commissioner to execute a separate deed for each adjoining piece of real estate within the same tax district, or undivided interest therein, or separate deeds for some and one deed for the remainder, or one deed for all, as he or they may prefer. Every deed for two or more adjoining pieces of real estate within the same tax district, or undivided interests therein, shall describe each piece of real estate and each undivided interest separately.

§11A-3-64. Sheriff to receive proceeds of deputy commissioners' sales and redemptions from the deputy commissioner; disposition.

(a) The sheriff shall receive all proceeds of sales held by the deputy commissioner pursuant to sections
forty-five and forty-eight of this article, and all redemption money paid to the deputy commissioner pursuant to this article. All funds to be paid to the deputy commissioner pursuant to sections forty-five, forty-eight and fifty-six of this article shall be paid by check or money order payable to the sheriff of the county. The deputy commissioner shall, immediately upon receipt of any such payment, turn such moneys over to the sheriff.

(b) The sheriff shall keep in a separate fund, to be known and designated the "Delinquent Nonentered Land Fund", the proceeds of all redemptions and sales paid to him under the provisions of sections forty-five, forty-eight and fifty-six of this article. Out of the total proceeds of each sale or redemption he shall, in the order of priority stated below, credit the following amount for payment as hereinafter provided: (1) To the deputy commissioner, such part as represents compensation due him under the provisions of section sixty-six of this article and the charge for the cost of preparing and publishing the notice required in section forty-six of this article; (2) to the auditor, such part as represents any charges which were paid by or which are payable to him; (3) to the general county fund, such part as represents costs paid out of such fund for publishing the sheriff's delinquent and sales list and all other costs incurred by the sheriff pursuant to the provisions of this article; and (4) to the auditor for credit to the general school fund, such part as represents all taxes and interest chargeable in respect to any nonentered lands and all surplus proceeds of sale of any waste and unappropriated lands. In addition thereto, surplus proceeds from the deputy commissioner's sale of delinquent and nonentered lands, as well as the proceeds from the sale of escheated lands, shall be held by the sheriff for the periods provided in section sixty-five of this article and section seven, article four of this chapter, and if no claim is made therefore to the sheriff within the time therein specified, such amounts shall be paid to the auditor for credit to the general school fund.

The balance, if any, of the proceeds of the lands sold by the deputy commissioner shall be prorated among the various taxing units on the basis of the total amount of
taxes due them in respect to the lands that were sold or
redeemed. The amounts so determined shall be credited
as follows, for payment as hereinafter provided: (1) To
the auditor, such part as represents state taxes and interest;
and (2) to the fund kept by the sheriff for each local tax-
ing unit, such part as represents taxes and interest payable
to such unit.

(c) All amounts which under the provisions of this
section were so credited by the sheriff to the deputy com-
missioner shall be paid to him quarterly; those credited to
the auditor shall be paid to him quarterly; and those cred-
ited to the various local taxing units shall be transferred
quarterly by the sheriff to the fund kept by him for each
such taxing unit.

(d) The tax commissioner, in cooperation with the
land department in the auditor's office, shall prescribe the
form of the records to be kept by the sheriff for the pur-
poses of this section, and the method to be used by him in
making the necessary pro rata distributions.

As compensation for his services, the deputy commis-
sioner shall be entitled to a fee of ten dollars for each item
certified to him by the auditor pursuant to section
forty-four of this article. In addition thereto he shall re-
ceive a commission of fifteen percent on each sale or
redemption, whichever is greater. A commission received
on a sale shall be based on the sale price and a commis-
sion received on a redemption shall be based on the total
taxes and interest due. Such compensation shall be paid
as provided in this article.

§11A-3-69. Effect of repeal.

The repeal of the provisions of sections thirty-nine,
thirty-nine-a, thirty-nine-b and forty-one, article four of
this chapter which was affected by the recodification of
this article and article four of this chapter as the result of
the enactment of chapter eighty-seven, acts of the Legisla-
ture, regular session, one thousand nine hundred
ninety-four, shall not be construed to affect any right
§11A-3-70. Release of title to, and taxes on, lands on which all taxes paid for ten years.

In view of the desirability of stable land titles and to encourage landowners to cause their lands to be assessed and pay the taxes thereon, it is the purpose and intent of the Legislature to release all of the state's title and claim and the authority and control of the auditor to any real estate on which all taxes have been paid for ten consecutive years and release all taxes prior to such ten-year period. If, heretofore or hereafter, all taxes due on any parcel of land for ten consecutive years have been fully paid, all title to any such land acquired by the state prior to said ten-year period or all real property tax liens which subject the lands to the authority and control of the auditor prior to said ten-year period shall be and is hereby released to the person who would be the owner thereof but for the title of the state or the real property tax liens which subject the lands to the authority and control of the auditor so released and all unpaid taxes prior to said ten-year period are declared to be fully paid.

Nothing contained in this section shall affect or be held or construed to affect in any way the right or title of a person claiming to any land by transfer as provided in section three, article XIII of the constitution of the state of West Virginia prior to the repeal of said constitutional provision in the year one thousand nine hundred ninety-two.

It is the intention of the Legislature that this section shall be both retroactive and prospective.

§11A-3-71. Deeds of deputy commissioner conveying coal, oil, gas, timber and other natural resources.

In any deed by the deputy commissioner in which said commissioner conveys or has heretofore conveyed coal, oil, gas, timber or any natural resources, as certified to him by the auditor of the state to be sold for the benefit of the school fund or as otherwise provided in this article, it shall not be necessary to recite the mining, drilling, cutting or
other rights and privileges appurtenant to the same, which
were a part of the deed of severance of said natural re-
sources from the surface or other estate; and in cases
where any such deeds may have heretofore been made
and the rights and privileges were not recited in such
deeds, the rights and privileges are hereby declared to
have attached and passed by such deeds and all such con-
vveyances are hereby ratified and confirmed.

§11A-3-72. Release of taxes and interest.

In view of the great uncertainty and confusion existing
in the auditor's records of delinquent lands for the years
prior to one thousand nine hundred thirty-six, due to the
insufficient and inadequate reports by former school land
commissioners and the doubtful status of delinquent or
forfeited undivided interests, the Legislature finds that it
will be impossible to provide a speedy method for dispos-
ing of delinquent and forfeited lands and for conveying to
the purchasers of such lands a secure title, unless some
action is taken to prevent the certifications and sale of
lands which were formerly redeemed from or were sold by
such commissioners, but which appear on the auditor's
records, as unsold and unredeemed. Wherefore, it is the
purpose and intent of the Legislature to release all taxes,
interest and charges that may be due on any real estate in
this state for the assessment year one thousand nine hun-
dred thirty-five and for all years prior thereto, and all such
taxes, interest and charges are hereby declared to be fully
paid. If all the taxes due on any land for the assessment
year one thousand nine hundred thirty-six and for all
years subsequent thereto have been paid, all title to any
such land theretofore acquired by the state and any land
subject to the authority and control of the auditor shall be
and is hereby released.

The auditor, in computing the amount necessary for
redemption as provided in section thirty-eight of this arti-
cle, and in preparing the list of lands for certification to
the deputy commissioner as provided in section forty-four
of this article, shall use the assessment year one thousand
nine hundred thirty-six as the initial year for which taxes
are to be charged. He shall specify the year in which the
state acquired title, but if such year was prior to the year one thousand nine hundred thirty-six, shall charge no taxes for any year prior thereto, nor shall he charge any interest, fees, penalties or costs for any years prior to the year one thousand nine hundred thirty-six.

Nothing contained in this section shall be held or construed to affect in any way the right of a person claiming title to any land by transfer, as provided in section three, article XIII of the constitution of West Virginia prior to the repeal of said constitutional provision in the year one thousand nine hundred ninety-two.

§11A-3-73. Release of taxes, interest and charges on land assessed by erroneous description, etc; misdescription, etc., not to result in forfeiture or subject land to the authority and control of the auditor.

In view of the large number of lots, parcels and tracts of land in this state which are entered on the land books by descriptions, or statement of interest or estate, or name of owner, or in a taxing district, which are erroneous or deficient in various particulars and the large number of lots, parcels and tracts of land in this state, and interests and estates therein, which appear on the land books by entries which have been or may be considered to be irregular, erroneous, invalid or void in various particulars because of the way in which the name of the owner, the area, the lot or tract number or reference, the local description, the statement of the interest or estate and other particulars are stated, or because the entries are in the wrong taxing district; and the uncertainty which exists as to whether the payment of taxes thereon prevents the land intended to be assessed from having been forfeited for nonentry or be subject to the authority and control of the auditor pursuant to section thirty-seven of this article; and in view of the necessity for permitting the owners of such land to pay taxes thereon in safety and to relieve from and avoid double payment of taxes on the same land in such cases, it is the purpose and intent of the Legislature to, and it hereby does, release all taxes and charges that may be or become due or unpaid, or considered to be or become due or
25 unpaid, on any such lot, parcel or tract of land in this state
26 for each year that the taxes charged thereon under such
27 entry have been or shall be paid, even though the entry be
28 entirely different in description or otherwise from the land
29 intended or be completely deficient, provided the identity
30 of the land intended by such entry can be ascertained. All
31 title which has been acquired by the state of West Virginia
32 by forfeiture of land or lands which are subject to the
33 authority and control of the auditor because of any such
34 entry for any such year is hereby released and granted to
35 the owner of such land in all cases where the identity of
36 the land intended by such entry can be ascertained. No

(a) A person has notice of an adverse claim if:

(2) Six months after a date set for payment of money against presentation or surrender of the certificate, if money was available for payment on that date.

(g) An issuer or a securities intermediary may not enter into an agreement of the kind described in subdivision (2), subsection (c) of this section or subdivision (2), subsection (d) of this section without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder.

§46-8-107. Whether indorsement, instruction or entitlement order is effective.

(a) "Appropriate person" means:
(1) With respect to an indorsement, the person specified by a security certificate or by an effective special indorsement to be entitled to the security;

(2) With respect to an instruction, the registered owner of an uncertificated security;

(3) With respect to an entitlement order, the entitlement holder;

(4) If the person designated in subdivision (1), (2) or (3) of this subsection is deceased, the designated person's successor taking under other law or the designated person's personal representative acting for the estate of the decedent; or

(5) If the person designated in subdivision (1), (2) or (3) of this subsection lacks capacity, the designated person's guardian, conservator or other similar representative who has power under other law to transfer the security or financial asset.

(b) An indorsement, instruction or entitlement order is effective if:

(1) It is made by the appropriate person;

(2) It is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under section 8-106(c)(2) or (d)(2); or

(3) The appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

(c) An indorsement, instruction or entitlement order made by a representative is effective even if:

(1) The representative has failed to comply with a controlling instrument or with the law of the state having jurisdiction of the representative relationship, including any law requiring the representative to obtain court approval of the transaction; or
(2) The representative's action in making the indorsement, instruction or entitlement order or using the proceeds of the transaction is otherwise a breach of duty.

(d) If a security is registered in the name of or specially indorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an indorsement, instruction or entitlement order made by the person is effective even though the person is no longer serving in the described capacity.

(e) Effectiveness of an indorsement, instruction or entitlement order is determined as of the date the indorsement, instruction or entitlement order is made, and an indorsement, instruction or entitlement order does not become ineffective by reason of any later change of circumstances.

§46-8-108. Warranties in direct holding.

(a) A person who transfers a certificated security to a purchaser for value warrants to the purchaser, and an indorser, if the transfer is by indorsement, warrants to any subsequent purchaser, that:

(1) The certificate is genuine and has not been materially altered;

(2) The transferor or indorser does not know of any fact that might impair the validity of the security;

(3) There is no adverse claim to the security;

(4) The transfer does not violate any restriction on transfer;

(5) If the transfer is by indorsement, the indorsement is made by an appropriate person or if the indorsement is by an agent, the agent has actual authority to act on behalf of the appropriate person; and

(6) The transfer is otherwise effective and rightful.
(b) A person who originates an instruction for registration of transfer of an uncertificated security to a purchaser for value warrants to the purchaser that:

(1) The instruction is made by an appropriate person, or if the instruction is by an agent, the agent has actual authority to act on behalf of the appropriate person;

(2) The security is valid;

(3) There is no adverse claim to the security; and

(4) At the time the instruction is presented to the issuer:

(i) The purchaser will be entitled to the registration of transfer;

(ii) The transfer will be registered by the issuer free from all liens, security interests, restrictions and claims other than those specified in the instruction;

(iii) The transfer will not violate any restriction on transfer; and

(iv) The requested transfer will otherwise be effective and rightful.

(c) A person who transfers an uncertificated security to a purchaser for value and does not originate an instruction in connection with the transfer warrants that:

(1) The uncertificated security is valid;

(2) There is no adverse claim to the security;

(3) The transfer does not violate any restriction on transfer; and

(4) The transfer is otherwise effective and rightful.

(d) A person who indorses a security certificate warrants to the issuer that:

(1) There is no adverse claim to the security; and
(2) The indorsement is effective.

(e) A person who originates an instruction for registration of transfer of an uncertificated security warrants to the issuer that:

(1) The instruction is effective; and

(2) At the time the instruction is presented to the issuer the purchaser will be entitled to the registration of transfer.

(f) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that the person is entitled to the registration, payment or exchange, but a purchaser for value and without notice of adverse claims to whom transfer is registered warrants only that the person has no knowledge of any unauthorized signature in a necessary indorsement.

(g) If a person acts as agent of another in delivering a certificated security to a purchaser, the identity of the principal was known to the person to whom the certificate was delivered, and the certificate delivered by the agent was received by the agent from the principal or received by the agent from another person at the direction of the principal, the person delivering the security certificate warrants only that the delivering person has authority to act for the principal and does not know of any adverse claim to the certificated security.

(h) A secured party who redelivers a security certificate received, or after payment and on order of the debtor delivers the security certificate to another person, makes only the warranties of an agent under subsection (g) of this section.

(i) Except as otherwise provided in subsection (g) of this section, a broker acting for a customer makes to the issuer and a purchaser the warranties provided in subsections (a) through (f) of this section. A broker that delivers a security certificate to its customer, or causes its customer to be registered as the owner of an uncertificated security,
§46-8-109. Warranties in indirect holding.

(a) A person who originates an entitlement order to a securities intermediary warrants to the securities intermediary that:

(1) The entitlement order is made by an appropriate person, or if the entitlement order is by an agent, the agent has actual authority to act on behalf of the appropriate person; and

(2) There is no adverse claim to the security entitlement.

(b) A person who delivers a security certificate to a securities intermediary for credit to a securities account or originates an instruction with respect to an uncertificated security directing that the uncertificated security be credited to a securities account makes to the securities intermediary the warranties specified in section 8-108(a) or (b).

(c) If a securities intermediary delivers a security certificate to its entitlement holder or causes its entitlement holder to be registered as the owner of an uncertificated security, the securities intermediary makes to the entitlement holder the warranties specified in section 8-108(a) or (b).

§46-8-110. Applicability; choice of law.

(a) The local law of the issuer's jurisdiction, as specified in subsection (d) of this section governs:

(1) The validity of a security;

(2) The rights and duties of the issuer with respect to registration of transfer;
(3) The effectiveness of registration of transfer by the issuer;

(4) Whether the issuer owes any duties to an adverse claimant to a security; and

(5) Whether an adverse claim can be asserted against a person to whom transfer of a certificated or uncertificated security is registered or a person who obtains control of an uncertificated security.

(b) The local law of the securities intermediary's jurisdiction, as specified in subsection (e) of this section, governs:

(1) Acquisition of a security entitlement from the securities intermediary;

(2) The rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;

(3) Whether the securities intermediary owes any duties to an adverse claimant to a security entitlement; and

(4) Whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder.

(c) The local law of the jurisdiction in which a security certificate is located at the time of delivery governs whether an adverse claim can be asserted against a person to whom the security certificate is delivered.

(d) "Issuer's jurisdiction" means the jurisdiction under which the issuer of the security is organized or, if permitted by the law of that jurisdiction, the law of another jurisdiction specified by the issuer. An issuer organized under the law of this state may specify the law of another jurisdiction as the law governing the matters specified in subdivisions (2) through (5), subsection (a) of this section.

(e) The following rules determine a "securities inter-
mediary's jurisdiction" for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in subdivision (1) of this subsection, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision (1) or (2) of this subsection, the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

(4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision (1) or (2) of this subsection and an account statement does not identify an office serving the entitlement holder's account as provided in subdivision (3) of this subsection, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(f) A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the issuer of the financial asset with respect to which an entitlement holder has a security entitlement or by the location of facilities for data processing or other record keeping concerning the account.

§46-8-111. Clearing corporation rules.

A rule adopted by a clearing corporation governing rights and obligations among the clearing corporation and
its participants in the clearing corporation is effective even
if the rule conflicts with this and affects another party who
does not consent to the rule.

§46-8-112. Creditor's legal process.

(a) The interest of a debtor in a certificated security
may be reached by a creditor only by actual seizure of the
security certificate by the officer making the attachment
or levy, except as otherwise provided in subsection (d) of
this section. However, a certificated security for which the
certificate has been surrendered to the issuer may be
reached by a creditor by legal process upon the issuer.

(b) The interest of a debtor in an uncertificated secu-
rity may be reached by a creditor only by legal process
upon the issuer at its chief executive office in the United
States, except as otherwise provided in subsection (d) of
this section.

(c) The interest of a debtor in a security entitlement
may be reached by a creditor only by legal process upon
the securities intermediary with whom the debtor's securi-
ties account is maintained, except as otherwise provided in
subsection (d) of this section.

(d) The interest of a debtor in a certificated security
for which the certificate is in the possession of a secured
party, or in an uncertificated security registered in the
name of a secured party, or a security entitlement main-
tained in the name of a secured party, may be reached by
a creditor by legal process upon the secured party.

(e) A creditor whose debtor is the owner of a certifi-
cated security, uncertificated security or security entitle-
ment is entitled to aid from a court of competent jurisdic-
tion, by injunction or otherwise, in reaching the certificat-
ed security, uncertificated security or security entitlement
or in satisfying the claim by means allowed at law or in
equity in regard to property that cannot readily be
reached by other legal process.

§46-8-113. Statute of frauds inapplicable.
A contract or modification of a contract for the sale or purchase of a security is enforceable whether or not there is a writing signed or record authenticated by a party against whom enforcement is sought, even if the contract or modification is not capable of performance within one year of its making.

§46-8-114. Evidentiary rules concerning certificated securities.

The following rules apply in an action on a certificated security against the issuer:

(1) Unless specifically denied in the pleadings, each signature on a security certificate or in a necessary indorsement is admitted.

(2) If the effectiveness of a signature is put in issue, the burden of establishing effectiveness is on the party claiming under the signature, but the signature is presumed to be genuine or authorized.

(3) If signatures on a security certificate are admitted or established, production of the certificate entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security.

(4) If it is shown that a defense or defect exists, the plaintiff has the burden of establishing that the plaintiff or some person under whom the plaintiff claims is a person against whom the defense or defect cannot be asserted.

§46-8-115. Securities intermediary and others not liable to adverse claimant.

A securities intermediary that has transferred a financial asset pursuant to an effective entitlement order, or a broker or other agent or bailee that has dealt with a financial asset at the direction of its customer or principal, is not liable to a person having an adverse claim to the financial asset, unless the securities intermediary or broker or other agent or bailee:

(1) Took the action after it had been served with an
§46-8-116. Securities intermediary as purchaser for value.

A securities intermediary that receives a financial asset and establishes a security entitlement to the financial asset in favor of an entitlement holder is a purchaser for value of the financial asset. A securities intermediary that acquires a security entitlement to a financial asset from another securities intermediary acquires the security entitlement for value if the securities intermediary acquiring the security entitlement establishes a security entitlement to the financial asset in favor of an entitlement holder.

PART 2. ISSUE AND ISSUER.

§46-8-201. Issuer.

(a) With respect to an obligation on or a defense to a security, an "issuer" includes a person that:

(1) Places or authorizes the placing of its name on a security certificate, other than as authenticating trustee, registrar, transfer agent or the like, to evidence a share, participation or other interest in its property or in an enterprise or to evidence its duty to perform an obligation represented by the certificate;

(2) Creates a share, participation, or other interest in its property or in an enterprise, or undertakes an obligation, that is an uncertificated security;

(3) Directly or indirectly creates a fractional interest in its rights or property, if the fractional interest is represented by a security certificate; or
(4) Becomes responsible for, or in place of, another person described as an issuer in this section.

(b) With respect to an obligation on or defense to a security, a guarantor is an issuer to the extent of its guaranty, whether or not its obligation is noted on a security certificate.

(c) With respect to a registration of a transfer, issuer means a person on whose behalf transfer books are maintained.

§46-8-202. Issuer's responsibility and defenses; notice of defect or defense.

(a) Even against a purchaser for value and without notice, the terms of a certificated security include terms stated on the certificate and terms made part of the security by reference on the certificate to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order or the like, to the extent the terms referred to do not conflict with terms stated on the certificate. A reference under this subsection does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even if the certificate expressly states that a person accepting it admits notice. The terms of an uncertificated security include those stated in any instrument, indenture, or document or in a constitution, statute, ordinance, rule, regulation, order or the like, pursuant to which the security is issued.

(b) The following rules apply if an issuer asserts that a security is not valid:

(1) A security other than one issued by a government or governmental subdivision, agency or instrumentality, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and without notice of the particular defect unless the defect involves a violation of a constitutional provision. In that case, the security is valid in the hands of a purchaser for value and without notice of the defect, other than one who takes by
original issue.

(2) Subdivision (1) of this subsection applies to an issuer that is a government or governmental subdivision, agency, or instrumentality only if there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(c) Except as otherwise provided in section 8-205, lack of genuineness of a certificated security is a complete defense, even against a purchaser for value and without notice.

(d) All other defenses of the issuer of a security, including nondelivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken the certificated security without notice of the particular defense.

(e) This section does not affect the right of a party to cancel a contract for a security "when, as and if issued" or "when distributed" in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed.

(f) If a security is held by a securities intermediary against whom an entitlement holder has a security entitlement with respect to the security, the issuer may not assert any defense that the issuer could not assert if the entitlement holder held the security directly.

§46-8-203. Staleness as notice of defect or defense.

After an act or event, other than a call that has been revoked, creating a right to immediate performance of the principal obligation represented by a certificated security or setting a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue.
or defense of the issuer, if the act or event:

(1) Requires the payment of money, the delivery of a certificated security, the registration of transfer of an uncertificated security, or any of them on presentation or surrender of the security certificate, the money or security is available on the date set for payment or exchange, and the purchaser takes the security more than one year after that date; or

(2) Is not covered by subdivision (1) of this section and the purchaser takes the security more than two years after the date set for surrender or presentation or the date on which performance became due.

§46-8-204. Effect of issuer’s restriction on transfer.

A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless:

(1) The security is certificated and the restriction is noted conspicuously on the security certificate; or

(2) The security is uncertificated and the registered owner has been notified of the restriction.

§46-8-205. Effect of unauthorized signature on security certificate.

An unauthorized signature placed on a security certificate before or in the course of issue is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security if the purchaser is without notice of the lack of authority and the signing has been done by:

(1) An authenticating trustee, registrar, transfer agent or other person entrusted by the issuer with the signing of the security certificate or of similar security certificates, or the immediate preparation for signing of any of them; or

(2) An employee of the issuer, or of any of the persons listed in subdivision (1) of this section, entrusted with responsible handling of the security certificate.
§46-8-206. Completion or alteration of security certificate.

(a) If a security certificate contains the signatures necessary to its issue or transfer but is incomplete in any other respect:

(1) Any person may complete it by filling in the blanks as authorized; and

(2) Even if the blanks are incorrectly filled in, the security certificate as completed is enforceable by a purchaser who took it for value and without notice of the incorrectness.

(b) A complete security certificate that has been improperly altered, even if fraudulently, remains enforceable, but only according to its original terms.

§46-8-207. Rights and duties of issuer with respect to registered owners.

(a) Before due presentment for registration of transfer of a certificated security in registered form or of an instruction requesting registration of transfer of an uncertificated security, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, receive notifications, and otherwise exercise all the rights and powers of an owner.

(b) This article does not affect the liability of the registered owner of a security for a call, assessment or the like.

§46-8-208. Effect of signature of authenticating trustee, registrar, or transfer agent.

(a) A person signing a security certificate as authenticating trustee, registrar, transfer agent or the like, warrants to a purchaser for value of the certificated security, if the purchaser is without notice of a particular defect, that:

(1) The certificate is genuine;

(2) The person's own participation in the issue of the
security is within the person's capacity and within the
scope of the authority received by the person from the
issuer; and

(3) The person has reasonable grounds to believe that
the certificated security is in the form and within the
amount the issuer is authorized to issue.

(b) Unless otherwise agreed, a person signing under
subsection (a) of this section does not assume responsibili-
ity for the validity of the security in other respects.

§46-8-209. Issuer's lien.

A lien in favor of an issuer upon a certificated securi-
ty is valid against a purchaser only if the right of the issuer
to the lien is noted conspicuously on the security certifi-
cate.

§46-8-210. Overissue.

(a) In this section, "overissue" means the issue of secu-
rities in excess of the amount the issuer has corporate
power to issue, but an overissue does not occur if appro-
priate action has cured the overissue.

(b) Except as otherwise provided in subsections (c)
and (d) of this section, the provisions of this article which
validate a security or compel its issue or reissue do not
apply to the extent that validation, issue or reissue would
result in overissue.

(c) If an identical security not constituting an overis-
sue is reasonably available for purchase, a person entitled
to issue or validation may compel the issuer to purchase
the security and deliver it if certificated or register its
transfer if uncertificated, against surrender of any security
certificate the person holds.

(d) If a security is not reasonably available for pur-
chase, a person entitled to issue or validation may recover
from the issuer the price the person or the last purchaser
for value paid for it with interest from the date of the per-
son's demand.
PART 3. TRANSFER OF CERTIFICATED AND UNCERTIFICATED SECURITIES.

§46-8-301. Delivery.

(a) Delivery of a certificated security to a purchaser occurs when:

1. The purchaser acquires possession of the security certificate;
2. Another person, other than a securities intermediary, either acquires possession of the security certificate on behalf of the purchaser or, having previously acquired possession of the certificate, acknowledges that it holds for the purchaser; or
3. A securities intermediary acting on behalf of the purchaser acquires possession of the security certificate, only if the certificate is in registered form and has been specially indorsed to the purchaser by an effective indorsement.

(b) Delivery of an uncertificated security to a purchaser occurs when:

1. The issuer registers the purchaser as the registered owner, upon original issue or registration of transfer; or
2. Another person, other than a securities intermediary, either becomes the registered owner of the uncertificated security on behalf of the purchaser or, having previously become the registered owner, acknowledges that it holds for the purchaser.

§46-8-302. Rights of purchaser.

(a) Except as otherwise provided in subsections (b) and (c) of this section, upon delivery of a certificated or uncertificated security to a purchaser, the purchaser acquires all rights in the security that the transferor had or had power to transfer.

(b) A purchaser of a limited interest acquires rights
only to the extent of the interest purchased.

c) A purchaser of a certificated security who as a previous holder had notice of an adverse claim does not improve its position by taking from a protected purchaser.

§46-8-303. Protected purchaser.

(a) "Protected purchaser" means a purchaser of a certificated or uncertificated security, or of an interest therein, who:

(1) Gives value;

(2) Does not have notice of any adverse claim to the security; and

(3) Obtains control of the certificated or uncertificated security.

(b) In addition to acquiring the rights of a purchaser, a protected purchaser also acquires its interest in the security free of any adverse claim.

§46-8-304. Indorsement.

(a) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies to whom a security is to be transferred or who has power to transfer it. A holder may convert a blank indorsement to a special indorsement.

(b) An indorsement purporting to be only of part of a security certificate representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(c) An indorsement, whether special or in blank, does not constitute a transfer until delivery of the certificate on which it appears or, if the indorsement is on a separate document, until delivery of both the document and the certificate.

(d) If a security certificate in registered form has been delivered to a purchaser without a necessary indorsement,
the purchaser may become a protected purchaser only when the indorsement is supplied. However, against a transferor, a transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary indorsement supplied.

(e) An indorsement of a security certificate in bearer form may give notice of an adverse claim to the certificate, but it does not otherwise affect a right to registration that the holder possesses.

(f) Unless otherwise agreed, a person making an indorsement assumes only the obligations provided in section 8-108 and not an obligation that the security will be honored by the issuer.

§46-8-305. Instruction.

(a) If an instruction has been originated by an appropriate person but is incomplete in any other respect, any person may complete it as authorized and the issuer may rely on it as completed, even though it has been completed incorrectly.

(b) Unless otherwise agreed, a person initiating an instruction assumes only the obligations imposed by section 8-108 and not an obligation that the security will be honored by the issuer.

§46-8-306. Effect of guaranteeing signature, indorsement, or instruction.

(a) A person who guarantees a signature of an indorser of a security certificate warrants that at the time of signing:

(1) The signature was genuine;

(2) The signer was an appropriate person to indorse, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person; and

(3) The signer had legal capacity to sign.
(b) A person who guarantees a signature of the originator of an instruction warrants that at the time of signing:

1. The signature was genuine;
2. The signer was an appropriate person to originate the instruction, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person, if the person specified in the instruction as the registered owner was, in fact, the registered owner, as to which fact the signature guarantor does not make a warranty; and
3. The signer had legal capacity to sign.

(c) A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under subsection (b) of this section and also warrants that at the time the instruction is presented to the issuer:

1. The person specified in the instruction as the registered owner of the uncertificated security will be the registered owner; and
2. The transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(d) A guarantor under subsections (a) and (b) of this section or a special guarantor under subsection (c) of this section does not otherwise warrant the rightfulness of the transfer.

(e) A person who guarantees an indorsement of a security certificate makes the warranties of a signature guarantor under subsection (a) of this section and also warrants the rightfulness of the transfer in all respects.

(f) A person who guarantees an instruction requesting the transfer of an uncertificated security makes the warranties of a special signature guarantor under subsection
(c) of this section and also warrants the rightfulness of the
transfer in all respects.

(g) An issuer may not require a special guaranty of
signature, a guaranty of indorsement, or a guaranty of
instruction as a condition to registration of transfer.

(h) The warranties under this section are made to a
person taking or dealing with the security in reliance on
the guaranty, and the guarantor is liable to the person for
loss resulting from their breach. An indorser or originator
of an instruction whose signature, indorsement, or instruc-
tion has been guaranteed is liable to a guarantor for any
loss suffered by the guarantor as a result of breach of the
warranties of the guarantor.

§46-8-307. Purchaser's right to requisites for registration of
transfer.

Unless otherwise agreed, the transferor of a security
on due demand shall supply the purchaser with proof of
authority to transfer or with any other requisite necessary
to obtain registration of the transfer of the security, but if
the transfer is not for value, a transferor need not comply
unless the purchaser pays the necessary expenses. If the
transferor fails within a reasonable time to comply with the
demand, the purchaser may reject or rescind the transfer.

PART 4. REGISTRATION.

§46-8-401. Duty of issuer to register transfer.

(a) If a certificated security in registered form is pre-
presented to an issuer with a request to register transfer or an
instruction is presented to an issuer with a request to regis-
ter transfer of an uncertificated security, the issuer shall
register the transfer as requested if:

(1) Under the terms of the security the person seeking
registration of transfer is eligible to have the security reg-
istered in its name;

(2) The indorsement or instruction is made by the
appropriate person or by an agent who has actual authority to act on behalf of the appropriate person;

(3) Reasonable assurance is given that the indorsement or instruction is genuine and authorized (section 8-402);

(4) Any applicable law relating to the collection of taxes has been complied with;

(5) The transfer does not violate any restriction on transfer imposed by the issuer in accordance with section 8-204;

(6) A demand that the issuer not register transfer has not become effective under section 8-403, or the issuer has complied with section 8-403(b) but no legal process or indemnity bond is obtained as provided in section 8-403(d); and

(7) The transfer is in fact rightful or is to a protected purchaser.

(b) If an issuer is under a duty to register a transfer of a security, the issuer is liable to a person presenting a certificated security or an instruction for registration or to the person's principal for loss resulting from unreasonable delay in registration or failure or refusal to register the transfer.

§46-8-402. Assurance that indorsement or instruction is effective.

(a) An issuer may require the following assurance that each necessary indorsement or each instruction is genuine and authorized:

(1) In all cases, a guaranty of the signature of the person making an indorsement or originating an instruction including, in the case of an instruction, reasonable assurance of identity;

(2) If the indorsement is made or the instruction is originated by an agent, appropriate assurance of actual
authority to sign;

(3) If the indorsement is made or the instruction is originated by a fiduciary pursuant to section 8-107(a)(4) or (a)(5), appropriate evidence of appointment or incumbency;

(4) If there is more than one fiduciary, reasonable assurance that all who are required to sign have done so;

and

(5) If the indorsement is made or the instruction is originated by a person not covered by another provision of this subsection, assurance appropriate to the case corresponding as nearly as may be to the provisions of this subsection.

(b) An issuer may elect to require reasonable assurance beyond that specified in this section.

(c) In this section:

(1) "Guaranty of the signature" means a guaranty signed by or on behalf of a person reasonably believed by the issuer to be responsible. An issuer may adopt standards with respect to responsibility if they are not manifestly unreasonable.

(2) "Appropriate evidence of appointment or incumbency" means:

(i) In the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of the court or an officer thereof and dated within sixty days before the date of presentation for transfer; or

(ii) In any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by an issuer to be responsible or, in the absence of that document or certificate, other evidence the issuer reasonably considered appropriate.

§46-8-403. Demand that issuer not register transfer.
(a) A person who is an appropriate person to make an indorsement or originate an instruction may demand that the issuer not register transfer of a security by communicating to the issuer a notification that identifies the registered owner and the issue of which the security is a part and provides an address for communications directed to the person making the demand. The demand is effective only if it is received by the issuer at a time and in a manner affording the issuer reasonable opportunity to act on it.

(b) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security after a demand that the issuer not register transfer has become effective, the issuer shall promptly communicate to: (i) The person who initiated the demand at the address provided in the demand; and (ii) the person who presented the security for registration of transfer or initiated the instruction requesting registration of transfer a notification stating that:

(1) The certificated security has been presented for registration of transfer or instruction for registration of transfer of uncertificated security has been received;

(2) A demand that the issuer not register transfer had previously been received; and

(3) The issuer will withhold registration of transfer for a period of time stated in the notification in order to provide the person who initiated the demand an opportunity to obtain legal process or an indemnity bond.

(c) The period described in subdivision (3), subsection (b) of this section may not exceed thirty days after the date of communication of the notification. A shorter period may be specified by the issuer if it is not manifestly unreasonable.

(d) An issuer is not liable to a person who initiated a demand that the issuer not register transfer for any loss the
person suffers as a result of registration of a transfer pursuant to an effective indorsement or instruction if the person who initiated the demand does not, within the time stated in the issuer's communication, either:

(1) Obtain an appropriate restraining order, injunction or other process from a court of competent jurisdiction enjoining the issuer from registering the transfer; or

(2) File with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar or other agent of the issuer involved from any loss it or they may suffer by refusing to register the transfer.

(e) This section does not relieve an issuer from liability for registering transfer pursuant to an indorsement or instruction that was not effective.

§46-8-404. Wrongful registration.

(a) Except as otherwise provided in section 8-406, an issuer is liable for wrongful registration of transfer if the issuer has registered a transfer of a security to a person not entitled to it, and the transfer was registered:

(1) Pursuant to an ineffective indorsement or instruction;

(2) After a demand that the issuer not register transfer became effective under section 8-403(a) and the issuer did not comply with section 8-403(b);

(3) After the issuer had been served with an injunction, restraining order, or other legal process enjoining it from registering the transfer, issued by a court of competent jurisdiction, and the issuer had a reasonable opportunity to act on the injunction, restraining order, or other legal process; or

(4) By an issuer acting in collusion with the wrongdoer.

(b) An issuer that is liable for wrongful registration of
transfer under subsection (a) of this section on demand shall provide the person entitled to the security with a like certificated or uncertificated security, and any payments or distributions that the person did not receive as a result of the wrongful registration. If an overissue would result, the issuer's liability to provide the person with a like security is governed by section 8-210.

(c) Except as otherwise provided in subsection (a) of this section or in a law relating to the collection of taxes, an issuer is not liable to an owner or other person suffering loss as a result of the registration of a transfer of a security if registration was made pursuant to an effective indorsement or instruction.

§46-8-405. Replacement of lost, destroyed, or wrongfully taken security certificate.

(a) If an owner of a certificated security, whether in registered or bearer form, claims that the certificate has been lost, destroyed, or wrongfully taken, the issuer shall issue a new certificate if the owner:

(1) So requests before the issuer has notice that the certificate has been acquired by a protected purchaser;

(2) Files with the issuer a sufficient indemnity bond; and

(3) Satisfies other reasonable requirements imposed by the issuer.

(b) If, after the issue of a new security certificate, a protected purchaser of the original certificate presents it for registration of transfer, the issuer shall register the transfer unless an overissue would result. In that case, the issuer's liability is governed by section 8-210. In addition to any rights on the indemnity bond, an issuer may recover the new certificate from a person to whom it was issued or any person taking under that person, except a protected purchaser.
§46-8-406. Obligation to notify issuer of lost, destroyed, or wrongfully taken security certificate.

If a security certificate has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after the owner has notice of it and the issuer registers a transfer of the security before receiving notification, the owner may not assert against the issuer a claim for registering the transfer under section 8-404 or a claim to a new security certificate under section 8-405.

§46-8-407. Authenticating trustee, transfer agent and registrar.

A person acting as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the registration of a transfer of its securities, in the issue of new security certificates or uncertificated securities or in the cancellation of surrendered security certificates has the same obligation to the holder or owner of a certificated or uncertificated security with regard to the particular functions performed as the issuer has in regard to those functions.

PART 5. SECURITY ENTITLEMENTS.

§46-8-501. Securities account; acquisition of security entitlement from securities intermediary.

(a) "Securities account" means an account to which a financial asset is or may be credited in accordance with an agreement under which the person maintaining the account undertakes to treat the person for whom the account is maintained as entitled to exercise the rights that comprise the financial asset.

(b) Except as otherwise provided in subsections (d) and (e) of this section, a person acquires a security entitlement if a securities intermediary:

(1) Indicates by book entry that a financial asset has been credited to the person's securities account;
(2) Receives a financial asset from the person or acquires a financial asset for the person and, in either case, accepts it for credit to the person's securities account; or

(3) Becomes obligated under other law, regulation, or rule to credit a financial asset to the person's securities account.

(c) If a condition of subsection (b) of this section has been met, a person has a security entitlement even though the securities intermediary does not itself hold the financial asset.

(d) If a securities intermediary holds a financial asset for another person, and the financial asset is registered in the name of, payable to the order of, or specially indorsed to the other person, and has not been indorsed to the securities intermediary or in blank, the other person is treated as holding the financial asset directly rather than as having a security entitlement with respect to the financial asset.

(e) Issuance of a security is not establishment of a security entitlement.

§46-8-502. Assertion of adverse claim against entitlement holder.

An action based on an adverse claim to a financial asset, whether framed in conversion, replevin, constructive trust, equitable lien or other theory, may not be asserted against a person who acquires a security entitlement under section 8-501 for value and without notice of the adverse claim.

§46-8-503. Property interest of entitlement holder in financial asset held by securities intermediary.

(a) To the extent necessary for a securities intermediary to satisfy all security entitlements with respect to a particular financial asset, all interests in that financial asset held by the securities intermediary are held by the securities intermediary for the entitlement holders, are not property of the securities intermediary, and are not subject to
claim of creditors of the securities intermediary, except as otherwise provided in section 8-511.

(b) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) of this section is a pro rata property interest in all interests in that financial asset held by the securities intermediary, without regard to the time the entitlement holder acquired the security entitlement or the time the securities intermediary acquired the interest in that financial asset.

(c) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) of this section may be enforced against the securities intermediary only by exercise of the entitlement holder's rights under sections 8-505 through 8-508.

(d) An entitlement holder's property interest with respect to a particular financial asset under subsection (a) of this section may be enforced against a purchaser of the financial asset or interest therein only if:

(1) Insolvency proceedings have been initiated by or against the securities intermediary;

(2) The securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset;

(3) The securities intermediary violated its obligations under section 8-504 by transferring the financial asset or interest therein to the purchaser; and

(4) The purchaser is not protected under subsection (e) of this section. The trustee or other liquidator, acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset, may recover the financial asset, or interest therein, from the purchaser. If the trustee or other liquidator elects not to pursue that right, an entitlement holder whose security entitlement remains unsatisfied has the right to recover its interest in the financial asset from the purchaser.
(e) An action based on the entitlement holder's property interest with respect to a particular financial asset under subsection (a) of this section, whether framed in conversion, replevin, constructive trust, equitable lien or other theory, may not be asserted against any purchaser of a financial asset or interest therein who gives value, obtains control and does not act in collusion with the securities intermediary in violating the securities intermediary's obligations under section 8-504.

§46-8-504. Duty of securities intermediary to maintain financial asset.

(a) A securities intermediary shall promptly obtain and thereafter maintain a financial asset in a quantity corresponding to the aggregate of all security entitlements it has established in favor of its entitlement holders with respect to that financial asset. The securities intermediary may maintain those financial assets directly or through one or more other securities intermediaries.

(b) Except to the extent otherwise agreed by its entitlement holder, a securities intermediary may not grant any security interests in a financial asset it is obligated to maintain pursuant to subsection (a) of this section.

(c) A securities intermediary satisfies the duty in subsection (a) of this section if:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to obtain and maintain the financial asset.

(d) This section does not apply to a clearing corporation that is itself the obligor of an option or similar obligation to which its entitlement holders have security entitlements.
§46-8-505. Duty of securities intermediary with respect to payments and distributions.

(a) A securities intermediary shall take action to obtain a payment or distribution made by the issuer of a financial asset. A securities intermediary satisfies the duty if:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to attempt to obtain the payment or distribution.

(b) A securities intermediary is obligated to its entitlement holder for a payment or distribution made by the issuer of a financial asset if the payment or distribution is received by the securities intermediary.

§46-8-506. Duty of securities intermediary to exercise rights as directed by entitlement holder.

A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder. A securities intermediary satisfies the duty if:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) In the absence of agreement, the securities intermediary either places the entitlement holder in a position to exercise the rights directly or exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

§46-8-507. Duty of securities intermediary to comply with entitlement order.

(a) A securities intermediary shall comply with an
entitlement order if the entitlement order is originated by
the appropriate person, the securities intermediary has had
reasonable opportunity to assure itself that the entitlement
order is genuine and authorized, and the securities inter-
mediary has had reasonable opportunity to comply with
the entitlement order. A securities intermediary satisfies
the duty if:

(1) The securities intermediary acts with respect to the
duty as agreed upon by the entitlement holder and the
securities intermediary; or

(2) In the absence of agreement, the securities inter-
mediary exercises due care in accordance with reasonable
commercial standards to comply with the entitlement or-
der.

(b) If a securities intermediary transfers a financial
asset pursuant to an ineffective entitlement order, the secu-
rities intermediary shall reestablish a security entitlement
in favor of the person entitled to it, and pay or credit any
payments or distributions that the person did not receive
as a result of the wrongful transfer. If the securities inter-
mediary does not reestablish a security entitlement, the
securities intermediary is liable to the entitlement holder
for damages.

§46-8-508. Duty of securities intermediary to change entitle-
ment holder's position to other form of security
holding.

A securities intermediary shall act at the direction of
an entitlement holder to change a security entitlement into
another available form of holding for which the entitle-
ment holder is eligible, or to cause the financial asset to be
transferred to a securities account of the entitlement hold-
er with another securities intermediary. A securities inter-
mediary satisfies the duty if:

(1) The securities intermediary acts as agreed upon
by the entitlement holder and the securities intermediary; or
§46-8-509. Specification of duties of securities intermediary by other statute or regulation; manner of performance of duties of securities intermediary and exercise of rights of entitlement holder.

(a) If the substance of a duty imposed upon a securities intermediary by sections 8-504 through 8-508 is the subject of other statute, regulation or rule, compliance with that statute, regulation or rule satisfies the duty.

(b) To the extent that specific standards for the performance of the duties of a securities intermediary or the exercise of the rights of an entitlement holder are not specified by other statute, regulation or rule or by agreement between the securities intermediary and entitlement holder, the securities intermediary shall perform its duties and the entitlement holder shall exercise its rights in a commercially reasonable manner.

(c) The obligation of a securities intermediary to perform the duties imposed by sections 8-504 through 8-508 is subject to:

(1) Rights of the securities intermediary arising out of a security interest under a security agreement with the entitlement holder or otherwise; and

(2) Rights of the securities intermediary under other law, regulation, rule, or agreement to withhold performance of its duties as a result of unfulfilled obligations of the entitlement holder to the securities intermediary.

(d) Sections 8-504 through 8-508 do not require a securities intermediary to take any action that is prohibited by other statute, regulation or rule.

§46-8-510. Rights of purchaser of security entitlement from entitlement holder.
(a) An action based on an adverse claim to a financial asset or security entitlement, whether framed in conversion, replevin, constructive trust, equitable lien or other theory, may not be asserted against a person who purchases a security entitlement, or an interest therein, from an entitlement holder if the purchaser gives value, does not have notice of the adverse claim, and obtains control.

(b) If an adverse claim could not have been asserted against an entitlement holder under section 8-502, the adverse claim cannot be asserted against a person who purchases a security entitlement, or an interest therein, from the entitlement holder.

(c) In a case not covered by the priority rules in article nine, a purchaser for value of a security entitlement, or an interest therein, who obtains control has priority over a purchaser of a security entitlement, or an interest therein, who does not obtain control. Purchasers who have control rank equally, except that a securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary.

§46-8-511. Priority among security interests and entitlement holders.

(a) Except as otherwise provided in subsections (b) and (c) of this section, if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both its obligations to entitlement holders who have security entitlements to that financial asset and its obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

(b) A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary has priority over claims of the securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if
the creditor has control over the financial asset.

(c) If a clearing corporation does not have sufficient financial assets to satisfy both its obligations to entitlement holders who have security entitlements with respect to a financial asset and its obligation to a creditor of the clearing corporation who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders.

PART 6. TRANSITION PROVISIONS FOR REVISED ARTICLE 8 AND CONFORMING AMENDMENTS TO ARTICLES 1, 5, 9 AND 10.

§46-8-601. Savings clause.

(a) This article does not affect an action or proceeding commenced before this article takes effect.

(b) If a security interest in a security is perfected at the date this article takes effect and the action by which the security interest was perfected would suffice to perfect a security interest under this article, no further action is required to continue perfection. If a security interest in a security is perfected at the date this article takes effect but the action by which the security interest was perfected would not suffice to perfect a security interest under this article, the security interest remains perfected for a period of four months after the effective date and continues perfected thereafter if appropriate action to perfect under this article is taken within that period. If a security interest is perfected at the date this article takes effect and the security interest can be perfected by filing under this article, a financing statement signed by the secured party instead of the debtor may be filed within that period to continue perfection or thereafter to perfect.

ARTICLE 9. SECURED TRANSACTIONS; SALES OF ACCOUNTS AND CHATTEL PAPER.

PART 1. SHORT TITLE, APPLICABILITY AND DEFINITIONS.
§46-9-105. Definitions and index of definitions.
§46-9-106. Definitions: "Account"; "general intangibles".
§46-9-115. Investment property.
§46-9-203. Attachment and enforceability of security interest; proceeds; formal requisites.
§46-9-301. Persons who take priority over unperfected security interests; right of "lien creditor".
§46-9-302. When filing is required to perfect security interest; security interests to which filing provisions of this article do not apply.
§46-9-304. Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession.
§46-9-305. When possession by secured party perfects security interest without filing.
§46-9-309. Protection of purchasers of instruments, documents and securities.
§46-9-312. Priorities among conflicting security interests in the same collateral.

§46-9-103. **Perfection of security interests in multiple state transactions.**

1 (1) *Documents, instruments and ordinary goods.* —

2 (a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2) of this section, mobile goods described in subsection (3), and minerals described in subsection (5) of this section.

3 (b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

4 (c) If the parties to a transaction creating a purchase
money security interest in goods in one jurisdiction un-
derstand at the time that the security interest attaches that
the goods will be kept in another jurisdiction, then the law
of the other jurisdiction governs the perfection and the
effect of perfection or nonperfection of the security inter-
est from the time it attaches until thirty days after the debt-
or receives possession of the goods and thereafter if the
goods are taken to the other jurisdiction before the end of
the thirty-day period.

(d) When collateral is brought into and kept in this
state while subject to a security interest perfected under the
law of the jurisdiction from which the collateral was re-
moved, the security interest remains perfected, but if ac-
tion is required by Part 3 of this article to perfect the secu-

(i) If the action is not taken before the expiration of
the period of perfection in the other jurisdiction or the
end of four months after the collateral is brought into this
state, whichever period first expires, the security interest
becomes unperfected at the end of that period and is
thereafter deemed to have been unperfected as against a
person who became a purchaser after removal;

(ii) If the action is taken before the expiration of the
period specified in paragraph (i) of this subdivision, the
security interest continues perfected thereafter;

(iii) For the purpose of priority over a buyer of con-
sumer goods (subsection (2) of section 9-307), the period
of the effectiveness of a filing in the jurisdiction from
which the collateral is removed is governed by the rules
with respect to perfection in paragraphs (i) and (ii) of this
subdivision.

(2) Certificate of title. —

(a) This subsection applies to goods covered by a
certificate of title issued under a statute of this state or of
another jurisdiction under the law of which indication of a
security interest on the certificate is required as a condi-
tion of perfection.

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in subdivision (d) subsection (1) of this section.

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) Accounts, general intangibles and mobile goods.

(a) This subsection applies to accounts (other than an account described in subsection (5) of this section on minerals) and general intangibles (other than uncertificated securities) and to goods which are mobile and which are of a type normally used in more than one
jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2) of this section.

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debt-
or's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper. —

The rules stated for goods in subsection (1) of this section apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) of this section apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals. —

Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Investment property. —

(a) This subsection applies to investment property.

(b) Except as otherwise provided in subdivision (f) of this section, during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in the certificated security represented thereby are governed by the local law of that jurisdiction.

(c) Except as otherwise provided in subdivision (f) of this section, perfection of a security interest, the effect of
159 perfection or nonperfection, and the priority of a security
160 interest in an uncertificated security are governed by the
161 local law of the issuer's jurisdiction as specified in section
162 8-110(d).
163
164 (d) Except as otherwise provided in subdivision (f) of
165 this section, perfection of a security interest, the effect of
166 perfection or nonperfection, and the priority of a security
167 interest in a security entitlement or securities account are
168 governed by the local law of the securities intermediary's
169 jurisdiction as specified in section 8-110(e).
170
171 (e) Except as otherwise provided in paragraph (f),
172 perfection of a security interest, the effect of perfection or
173 nonperfection, and the priority of a security interest in a
174 commodity contract or commodity account are governed
175 by the local law of the commodity intermediary's jurisdic-
176 tion. The following rules determine a "commodity inter-
177 mediary's jurisdiction" for purposes of this paragraph:
178
179 (i) If an agreement between the commodity interme-
180 diary and commodity customer specifies that it is gov-
181 erned by the law of a particular jurisdiction, that jurisdic-
182 tion is the commodity intermediary's jurisdiction.
183
184 (ii) If an agreement between the commodity interme-
185 diary and commodity customer does not specify the gov-
186 erning law as provided in paragraph (i) of this subdivision,
187 but expressly specifies that the commodity account is
188 maintained at an office in a particular jurisdiction, that
189 jurisdiction is the commodity intermediary's jurisdiction.
190
191 (iii) If an agreement between the commodity interme-
192 diary and commodity customer does not specify a juris-
193 diction as provided in paragraphs (i) or (ii) of this subdivi-
194 sion, the commodity intermediary's jurisdiction is the
195 jurisdiction in which is located the office identified in an
196 account statement as the office serving the commodity
197 customer's account.
198
199 (iv) If an agreement between the commodity interme-
200 diary and commodity customer does not specify a juris-
195 diction as provided in subparagraph (i) or (ii) of this sub-
196 division and an account statement does not identify an
197 office serving the commodity customer's account as pro-
198 vided in paragraph (iii) of this subdivision, the commodity
199 intermediary's jurisdiction is the jurisdiction in which is
200 located the chief executive office of the commodity inter-
201 
202 (f) Perfection of a security interest by filing, automat-
203 ic perfection of a security interest in investment property
204 granted by a broker or securities intermediary, and auto-
205 matic perfection of a security interest in a commodity
206 contract or commodity account granted by a commodity
207 intermediary are governed by the local law of the jurisdic-
208 tion in which the debtor is located.

§46-9-105. Definitions and index of definitions.

1 (1) In this article unless the context otherwise requires:
2 (a) "Account debtor" means the person who is obligat-
3 ed on an account, chattel paper or general intangible;
4 (b) "Chattel paper" means a writing or writings which
5 evidence both a monetary obligation and a security inter-
6 est in or a lease of specific goods, but a charter or other
7 contract involving the use or hire of a vessel is not chattel
8 paper. When a transaction is evidenced both by such a
9 security agreement or a lease and by an instrument or a
10 series of instruments, the group of writings taken together
11 constitutes chattel paper;
12 (c) "Collateral" means the property subject to a securi-
13 ty interest, and includes accounts, and chattel paper which
14 have been sold;
15 (d) "Debtor" means the person who owes payment or
16 other performance of the obligation secured, whether or
17 not he owns or has rights in the collateral, and includes the
18 seller of accounts, or chattel paper. Where the debtor and
19 the owner of the collateral are not the same person, the
20 term "debtor" means the owner of the collateral in any
21 provision of the article dealing with the collateral, the
obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;

(f) "Document" means document of title as defined in the general definitions of article 1 (section 1-201), and a receipt of the kind described in subsection (2) of section 7-201;

(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) "Goods" includes all things which are moveable at the time the security interest attaches or which are fixtures (section 9-313), but does not include money, documents, instruments, investment property, commodity contracts, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) "Instrument" means a negotiable instrument (defined in section 3-104), or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary endorsement or assignment. The term does not include investment property;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within
his control has relieved or may relieve him from his obligation;

(I) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

(4) In addition, article 1 contains general definitions and principles of construction and interpretation applicable throughout this article.

§46-9-106. Definitions: "Account"; "general intangibles".

"Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, investment property and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.

§46-9-115. Investment property.

(1) In this article:

(a) "Commodity account" means an account maintained by a commodity intermediary in which a commodity contract is carried for a commodity customer.

(b) "Commodity contract" means a commodity futures contract, an option on a commodity futures contract, a commodity option, or other contract that, in each case, is:

(i) Traded on or subject to the rules of a board of trade that has been designated as a contract market for such a contract pursuant to the federal commodities laws; or

(ii) Traded on a foreign commodity board of trade, exchange or market, and is carried on the books of a commodity intermediary for a commodity customer.
(c) "Commodity customer" means a person for whom a commodity intermediary carries a commodity contract on its books.

(d) "Commodity intermediary" means:

(i) A person who is registered as a futures commission merchant under the federal commodities laws; or

(ii) A person who in the ordinary course of its business provides clearance or settlement services for a board of trade that has been designated as a contract market pursuant to the federal commodities laws.

(e) "Control" with respect to a certificated security, uncertificated security, or security entitlement has the meaning specified in section 8-106. A secured party has control over a commodity contract if by agreement among the commodity customer, the commodity intermediary, and the secured party, the commodity intermediary has agreed that it will apply any value distributed on account of the commodity contract as directed by the secured party without further consent by the commodity customer. If a commodity customer grants a security interest in a commodity contract to its own commodity intermediary, the commodity intermediary as secured party has control. A secured party has control over a securities account or commodity account if the secured party has control over all security entitlements or commodity contracts carried in the securities account or commodity account.

(f) "Investment property" means:

(i) A security, whether certificated or uncertificated;

(ii) A security entitlement;

(iii) A securities account;

(iv) A commodity contract; or

(v) A commodity account.
(2) Attachment or perfection of a security interest in a securities account is also attachment or perfection of a security interest in all security entitlements carried in the securities account. Attachment or perfection of a security interest in a commodity account is also attachment or perfection of a security interest in all commodity contracts carried in the commodity account.

(3) A description of collateral in a security agreement or financing statement is sufficient to create or perfect a security interest in a certificated security, uncertificated security, security entitlement, securities account, commodity contract or commodity account whether it describes the collateral by those terms, or as investment property, or by description of the underlying security, financial asset or commodity contract. A description of investment property collateral in a security agreement or financing statement is sufficient if it identifies the collateral by specific listing, by category, by quantity, by a computational or allocational formula or procedure or by any other method, if the identity of the collateral is objectively determinable.

(4) Perfection of a security interest in investment property is governed by the following rules:

(a) A security interest in investment property may be perfected by control.

(b) Except as otherwise provided in subdivisions (c) and (d) of this subsection, a security interest in investment property may be perfected by filing.

(c) If the debtor is a broker or securities intermediary a security interest in investment property is perfected when it attaches. The filing of a financing statement with respect to a security interest in investment property granted by a broker or securities intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(d) If a debtor is a commodity intermediary, a securi-
ty interest in a commodity contract or a commodity ac-
account is perfected when it attaches. The filing of a financ-
ing statement with respect to a security interest in a com-
modity contract or a commodity account granted by a 
commodity intermediary has no effect for purposes of
perfection or priority with respect to that security interest.

(5) Priority between conflicting security interests in
the same investment property is governed by the following
rules:

(a) A security interest of a secured party who has
control over investment property has priority over a secu-

(b) Except as otherwise provided in subdivisions (c)
and (d) of this subsection, conflicting security interests of
secured parties each of whom has control rank equally.

(c) Except as otherwise agreed by the securities inter-
mediary, a security interest in a security entitlement or a

(d) Except as otherwise agreed by the commodity
intermediary, a security interest in a commodity contract
or a commodity account granted to the debtor's own com-
modity intermediary has priority over any security interest
granted by the debtor to another secured party.

(e) Conflicting security interests granted by a broker,
a securities intermediary, or a commodity intermediary
which are perfected without control rank equally.

(f) In all other cases, priority between conflicting
security interests in investment property is governed by
section 9-312(5), (6) and (7). Section 9-312(4) does not
apply to investment property.

(6) If a security certificate in registered form is deliv-
ered to a secured party pursuant to agreement, a written
security agreement is not required for attachment or enforceability of the security interest, delivery suffices for perfection of the security interest, and the security interest has priority over a conflicting security interest perfected by means other than control, even if a necessary indorsement is lacking.

(1) If a person buys a financial asset through a securities intermediary in a transaction in which the buyer is obligated to pay the purchase price to the securities intermediary at the time of the purchase and the securities intermediary credits the financial asset to the buyer's securities account before the buyer pays the securities intermediary, the securities intermediary has a security interest in the buyer's security entitlement securing the buyer's obligation to pay. A security agreement is not required for attachment or enforceability of the security interest and the security interest is automatically perfected.

(2) If a certificated security, or other financial asset represented by a writing which in the ordinary course of business is transferred by delivery with any necessary indorsement or assignment is delivered pursuant to an agreement between persons in the business of dealing with such securities or financial assets and the agreement calls for delivery versus payment, the person delivering the certificate or other financial asset has a security interest in the certificated security or other financial asset securing the seller's right to receive payment. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

PART 2. VALIDITY OF SECURITY AGREEMENT AND RIGHTS OF PARTIES THERETO.

§46-9-203. Attachment and enforceability of security interest; proceeds; formal requisites.
(1) Subject to the provisions of section 4-208 on the
security interest of a collecting bank, sections 9-115 and
9-116 on security interests in investment property, and
section 9-113 on a security interest arising under the arti-
cle on sales, a security interest is not enforceable against
the debtor or third parties with respect to the collateral and
does not attach unless:

(a) The collateral is in the possession of the secured
party pursuant to agreement, the collateral is investment
property and the secured party has control pursuant to
agreement, or the debtor has signed a security agreement
which contains a description of the collateral and in addi-
tion, when the security interest covers crops growing or to
be grown or timber to be cut, a description of the land
concerned;

(b) Value has been given; and

(c) The debtor has rights in the collateral.

(2) A security interest attaches when it becomes en-
forceable against the debtor with respect to the collateral.
Attachment occurs as soon as all of the events specified in
subsection (1) of this section have taken place unless ex-
plicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement
gives the secured party the rights to proceeds provided by
section 9-306.

(4) A transaction may be subject to this article and
also to article seven-a, chapter forty-seven of this code,
relating to small loans and in case of conflict between the
provisions of this article and article seven-a, chapter
forty-seven of this code or any other such statute, the
provisions of said article seven-a or such other statute
control. Failure to comply with any applicable statute has
only the effect which is specified therein.

PART 3. RIGHTS OF THIRD PARTIES; PERFECTED AND UNPERFECTED
SECURITY INTEREST; RULES OF PRIORITY.
§46-9-301. Persons who take priority over unperfected security interests; right of "lien creditor".

(1) Except as otherwise provided in subsection (2 of this section), an unperfected security interest is subordinate to the rights of:

(a) Persons entitled to priority under section 9-312;

(b) A person who becomes a lien creditor before the security interest is perfected;

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business; or is a buyer of farm products in ordinary course of business, to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected; and

(d) In the case of accounts, general intangibles and investment property, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within twenty days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within forty-five days
thereafter or made without knowledge of the lien or pur-
suant to a commitment entered into without knowledge of
the lien.

§46-9-302. When filing is required to perfect security interest;
security interests to which filing provisions of
this article do not apply.

(1) A financing statement must be filed to perfect all
security interests except the following:

(a) A security interest in collateral in possession of the
secured party under section 9-305;

(b) A security interest temporarily perfected in instru-
ments, certificated securities or documents without deliv-
ery under section 9-304 or in proceeds for a ten-day peri-
od under section 9-306;

(c) A security interest created by an assignment of a
beneficial interest in a trust or a decedent's estate;

(d) A purchase money security interest in consumer
goods; but filing is required for a motor vehicle required
to be registered; and fixture filing is required for priority
over conflicting interests in fixtures to the extent provided
in section 9-313;

(e) An assignment of accounts which does not alone
or in conjunction with other assignments to the same as-
signee transfer a significant part of the outstanding ac-
counts of the assignor;

(f) A security interest of a collecting bank (section
4-208) or arising under the article on sales (see section
9-113) or covered in subsection (3) of this section;

(g) An assignment for the benefit of all the creditors
of the transferor, and subsequent transfers by the assignee
thereunder;

(h) A security interest in investment property which is
perfected without filing under section 9-115 or section
9-116.
(2) If a secured party assigns a perfected security interest, no filing under this article is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this article is not necessary or effective to perfect a security interest in property subject to:

(a) A statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this article for filing of the security interest; or

(b) The following statute of this state: Chapter seventeen-a of this code; but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of this article (Part 4) apply to a security interest in that collateral created by him as debtor; or

(c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of section 9-103).

(4) Compliance with a statute or treaty described in subsection (3) of this section is equivalent to the filing of a financing statement under this article, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in section 9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this article.

§46-9-304. Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession.
(1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subsections (4) and (5) of this section and subsections (2) and (3) of section 9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments, certificated securities or negotiable documents is perfected without filing or the taking of possession for a period of twenty-one days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of twenty-one days without filing where a secured party having a perfected security interest in an instrument, a certificated security, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor:

(a) Makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner prelimi-
nary to their sale or exchange, but priority between con-
flicting security interests in the goods is subject to subsec-
tion (3) of section 9-312; or

(b) Delivers the instrument or certificated security to
the debtor for the purpose of ultimate sale or exchange or
of presentation, collection, renewal or registration of trans-
fer.

(6) After the twenty-one-day period in subsections
(4) and (5) of this section perfection depends upon com-
pliance with applicable provisions of this article.

§46-9-305. When possession by secured party perfects security
interest without filing.

A security interest in letters of credit and advices of
credit (subsection (2) (a) of section 5-116), goods, instru-
ments, money, negotiable documents or chattel paper may
be perfected by the secured party's taking possession of
the collateral. If such collateral other than goods covered
by a negotiable document is held by a bailee, the secured
party is deemed to have possession from the time the bail-
ee receives notification of the secured party's interest. A
security interest is perfected by possession from the time
possession is taken without relation back and continues
only so long as possession is retained, unless otherwise
specified in this article. The security interest may be oth-
ernwise perfected as provided in this article before or after
the period of possession by the secured party.

§46-9-306. "Proceeds"; secured party's rights on disposition of
collateral.

(1) "Proceeds" includes whatever is received upon the
sale, exchange, collection or other disposition of collateral
or proceeds. Insurance payable by reason of loss or dam-
age to the collateral is proceeds, except to the extent that it
is payable to a person other than a party to the security
agreement. Any payments or distributions made with
respect to investment property collateral are proceeds.
Money, checks, deposit accounts and the like are "cash proceeds". All other proceeds are "noncash proceeds".

(2) Except where this article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected ten days after receipt of the proceeds by the debtor unless:

(a) A filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds; or

(b) A filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; or

(c) The original collateral was investment property and the proceeds are identifiable cash proceeds; or

(d) The security interest in the proceeds is perfected before the expiration of the ten-day period. Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security inter-
est only in the following proceeds:

(a) In identifiable noncash proceeds and in separate deposit accounts containing only proceeds;

(b) In identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) In identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) In all cash and deposit accounts of the debtor in which proceeds have been commingled with other funds, but the perfected security interest under this subdivision is:

(i) Subject to any right of setoff; and

(ii) Limited to an amount not greater than the amount of any cash proceeds received by the debtor within ten days before the institution of the insolvency proceedings less the sum of: (I) The payments to the secured party on account of cash proceeds received by the debtor during such period; and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under subdivisions (a) through (c) of this subsection.

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as the perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effec-
(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under section 9-308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under subdivision (a) of this subsection.

(d) A security interest of an unpaid transferee asserted under subdivision (b) or (c) of this subsection must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods.

§46-9-309. Protection of purchasers of instruments, documents and securities.

Nothing in this article limits the rights of a holder in due course of a negotiable instrument (section 3-302) or a holder to whom a negotiable document of title has been duly negotiated (section 7-501) or a protected purchaser of a security (section 8-303) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this article does not constitute notice of the security interest to such holders or purchasers.

§46-9-312. Priorities among conflicting security interests in the same collateral.

(1) The rules of priority stated in other sections of this part and in the following sections shall govern when applicable: Section 4-210 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; section 9-103 on security interests related to other jurisdictions; section
9-114 on consignments; section 9-115 on security interests in investment property.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if:

(a) The purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) The purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory: (i) Before the date of the filing made by the purchase money secured party; or (ii) before the beginning of the twenty-one-day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of section 9-304); and

(c) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) The notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such
inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) of this section a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under section 9-115 or section 9-116 on investment property, the security interest has the same priority for the purposes of subsection (5) or (8) of this section with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

mixed, tangible or intangible, or any interest therein.

(10) "State" means a state of the United States, the
District of Columbia, the Commonwealth of Puerto Rico,
or any territory or insular possession subject to the juris-
diction of the United States.

(11) "Statement" means a statement of partnership
authority under section three, article three of this chapter,
a statement of denial under section four, article three of
this chapter, a statement of dissociation under section four,

§47B-1-2. Knowledge and notice.

(a) A person knows a fact if the person has actual
knowledge of it.

(b) A person has notice of a fact if the person:

(1) Knows of it;

(2) Has received a notification of it; or

(3) Has reason to know it exists from all of the facts
known to the person at the time in question.

(c) A person notifies or gives a notification to another
by taking steps reasonably required to inform the other
person in ordinary course, whether or not the other person
(d) A person receives a notification when the notification:

(1) Comes to the person's attention; or

(2) Is duly delivered at the person's place of business or at any other place held out by the person as a place for receiving communications.

(e) Except as otherwise provided in subsection (f) of this section, a person other than an individual knows, has notice, or receives a notification of a fact for purposes of a particular transaction when the individual conducting the transaction knows, has notice, or receives a notification of the fact, or in any event when the fact would have been brought to the individual's attention if the person had exercised reasonable diligence. The person exercises reasonable diligence if it maintains reasonable routines for communicating significant information to the individual conducting the transaction and there is reasonable compliance with the routines. Reasonable diligence does not require an individual acting for the person to communicate information unless the communication is part of the individual's regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

(f) A partner's knowledge, notice or receipt of a notification of a fact relating to the partnership is effective immediately as knowledge by, notice to, or receipt of a notification by the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.
does not otherwise provide, this chapter governs relations
among the partners and between the partners and the part-
nership.

(b) The partnership agreement may not:

(1) Vary the rights and duties under section five, arti-
cle one of this chapter except to eliminate the duty to
provide copies of statements to all of the partners;

(2) Unreasonably restrict the right of access to books
and records under subsection (b), section three, article
four of this chapter;

(3) Eliminate the duty of loyalty under subsection (b),
section four, article four, or subdivision (3), subsection (b),
section three, article six of this chapter, but:

(i) The partnership agreement may identify specific
types or categories of activities that do not violate the duty
of loyalty, if not manifestly unreasonable; or

(ii) All of the partners or a number or percentage
specified in the partnership agreement may authorize or
ratify, after full disclosure of all material facts, a specific
act or transaction that otherwise would violate the duty of
loyalty;

(4) Unreasonably reduce the duty of care under sub-
section (c), section four, article four or subdivision (3),
subsection (b), section three, article six of this chapter;

(5) Eliminate the obligation of good faith and fair
dealing under subsection (d), section four, article four of
this chapter, but the partnership agreement may prescribe
the standards by which the performance of the obligation
is to be measured, if the standards are not manifestly un-
reasonable;

(6) Vary the power to dissociate as a partner under
subsection (a), section two, article six of this chapter, ex-
cept to require the notice under subdivision (1), section
one, article six of this chapter to be in writing;
(7) Vary the right of a court to expel a partner in the events specified in subdivision (5), section one, article six of this chapter;

(8) Vary the requirement to wind up the partnership business in cases specified in subdivisions (4), (5) or (6), section one, article eight of this chapter; or

(9) Restrict rights of third parties under this chapter.

§47B-1-4. Supplemental principles of law.

(a) Unless displaced by particular provisions of this chapter, the principles of law and equity supplement this chapter.

(b) If an obligation to pay interest arises under this chapter and the rate is not specified, the rate is that specified in section thirty-one, article six, chapter fifty-six of this code.

§47B-1-5. Execution, filing and recording of statements.

(a) A statement may be filed in the office of the secretary of state. A certified copy of a statement that is filed in an office in another state may be filed in the office of the secretary of state. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

(b) A certified copy of a statement that has been filed in the office of the secretary of state and recorded in the office for recording transfers of real property has the effect provided for recorded statements in this chapter. A recorded statement that is not a certified copy of a statement filed in the office of the secretary of state does not have the effect provided for recorded statements in this chapter.

(c) A statement filed by a partnership must be executed by at least two partners. Other statements must be executed by a partner or other person authorized by this chapter. An individual who executes a statement as, or on
a statement shall personally declare under penalty of perjury that the contents of the statement are accurate.

(d) A person authorized by this chapter to file a statement may amend or cancel the statement by filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

(e) A person who files a statement pursuant to this section shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. Failure to send a copy of a statement to a partner or other person does not limit the effectiveness of the statement as to a person not a partner.

(f) The secretary of state may collect a fee for filing or providing a certified copy of a statement. The clerk of the county commission of any county may collect a fee for recording a statement.

§47B-1-6. Law governing internal relations.

The law of the jurisdiction in which a partnership has its chief executive office governs relations among the partners and between the partners and the partnership.

§47B-1-7. Partnership subject to amendment or repeal of chapter.

A partnership governed by this chapter is subject to any amendment to or repeal of this chapter.

ARTICLE 2. NATURE OF PARTNERSHIP.

§47B-2-1. Partnership as entity.
§47B-2-4. When property is partnership property.

§47B-2-1. Partnership as entity.

A partnership is an entity distinct from its partners.

(a) Except as otherwise provided in subsection (b) of this section, the association of two or more persons to carry on as coowners a business for profit forms a partnership, whether or not the persons intend to form a partnership.

(b) An association formed under a statute other than this chapter, a predecessor statute, or a comparable statute of another jurisdiction is not a partnership under this chapter.

(c) In determining whether a partnership is formed, the following rules apply:

(1) Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not by itself establish a partnership, even if the coowners share profits made by the use of the property.

(2) The sharing of gross returns does not by itself establish a partnership, even if the persons sharing them have a joint or common right or interest in property from which the returns are derived.

(3) A person who receives a share of the profits of a business is presumed to be a partner in the business, unless the profits were received in payment:

   (i) Of a debt by installments or otherwise;

   (ii) For services as an independent contractor or of wages or other compensation to an employee;

   (iii) Of rent;

   (iv) Of an annuity or other retirement or health benefit to a beneficiary, representative or designee of a deceased or retired partner;

   (v) Of interest or other charge on a loan, even if the amount of payment varies with the profits of the business, including a direct or indirect present or future ownership
of the collateral, or rights to income, proceeds or increase in value derived from the collateral; or
(vi) For the sale of the goodwill of a business or other property by installments or otherwise.

Property acquired by a partnership is property of the partnership and not of the partners individually.

§47B-2-4. When property is partnership property.

(a) Property is partnership property if acquired in the name of:
   (1) The partnership; or
   (2) One or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.

(b) Property is acquired in the name of the partnership by a transfer to:
   (1) The partnership in its name; or
   (2) One or more partners in their capacity as partners in the partnership, if the name of the partnership is indicated in the instrument transferring title to the property.

(c) Property is presumed to be partnership property if purchased with partnership assets, even if not acquired in the name of the partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.

(d) Property acquired in the name of one or more of the partners, without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets, is presumed to be separate property, even if used for partnership purposes.
ARTICLE 3. RELATIONS OF PARTNERS TO PERSONS DEALING WITH PARTNERSHIP.

§47B-3-1. Partner agent of partnership.
§47B-3-2. Transfer of partnership property.
§47B-3-3. Statement of partnership authority.
§47B-3-4. Statement of denial.
§47B-3-5. Partnership liable for partner's actionable conduct.
§47B-3-6. Partner's liability.
§47B-3-7. Actions by and against partnership and partners.
§47B-3-8. Liability of purported partner.

§47B-3-1. Partner agent of partnership.

1 Subject to the effect of a statement of partnership authority under section three, article three of this chapter:

2 (1) Each partner is an agent of the partnership for the purpose of its business. An act of a partner, including the execution of an instrument in the partnership name, for apparently carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership, unless the partner had no authority to act for the partnership in the particular matter and the person with whom the partner was dealing knew or had received a notification that the partner lacked authority.

3 (2) An act of a partner which is not apparently for carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership only if the act was authorized by the other partners.

§47B-3-2. Transfer of partnership property.

1 (a) Partnership property may be transferred as follows:

2 (1) Subject to the effect of a statement of partnership authority under section three, article three of this chapter, partnership property held in the name of the partnership may be transferred by an instrument of transfer executed by a partner in the partnership name.
(2) Partnership property held in the name of one or more partners with an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(3) Partnership property held in the name of one or more persons other than the partnership, without an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(b) A partnership may recover partnership property from a transferee only if it proves that execution of the instrument of initial transfer did not bind the partnership under section one, article three of this chapter, and:

(1) As to a subsequent transferee who gave value for property transferred under subdivisions (1) and (2), subsection (a) of this section, proves that the subsequent transferee knew or had received a notification that the person who executed the instrument of initial transfer lacked authority to bind the partnership; or

(2) As to a transferee who gave value for property transferred under subdivision (3), subsection (a) of this section, proves that the transferee knew or had received a notification that the property was partnership property and that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

(c) A partnership may not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property, under subsection (b) of this section, from any earlier transferee of the property.

(d) If a person holds all of the partners' interests in the
partnership, all of the partnership property vests in that
person. The person may execute a document in the name
of the partnership to evidence vesting of the property in
that person and may file or record the document.

§47B-3-3. Statement of partnership authority.

(a) A partnership may file a statement of partnership
authority, which:

(1) Must include:

(i) The name of the partnership;

(ii) The street address of its chief executive office and
of one office in this state, if there is one;

(iii) The names and mailing addresses of all of the
partners or of an agent appointed and maintained by the
partnership for the purpose of subsection (b) of this sec-
tion; and

(iv) The names of the partners authorized to execute
an instrument transferring real property held in the name
of the partnership; and

(2) May state the authority, or limitations on the au-
thority, of some or all of the partners to enter into other
transactions on behalf of the partnership and any other
matter.

(b) If a statement of partnership authority names an
agent, the agent shall maintain a list of the names and
mailing addresses of all of the partners and make it avail-
able to any person on request for good cause shown.

(c) If a filed statement of partnership authority is exe-
cuted pursuant to subsection (c), section five, article one of
this chapter and states the name of the partnership but
does not contain all of the other information required by
subsection (a) of this section, the statement nevertheless
operates with respect to a person not a partner as provided
in subsections (d) and (e) of this section.
(d) Except as otherwise provided in subsection (g) of this section, a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:

(1) Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

(2) A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.

(e) A person not a partner is deemed to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

(f) Except as otherwise provided in subsections (d) and (e) of this section and section four, article seven and section five, article eight of this chapter, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

(g) Unless earlier canceled, a filed statement of part-
partnership authority is canceled by operation of law five years after the date on which the statement, or the most recent amendment, was filed with the secretary of state.

§47B-3-4. Statement of denial.

A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to subsection (b), section three, article three of this chapter may file a statement of denial stating the name of the partnership and the fact that is being denied, which may include denial of a person's authority or status as a partner. A statement of denial is a limitation on authority as provided in subsections (d) and (e), section three, article three of this chapter.

§47B-3-5. Partnership liable for partner's actionable conduct.

(a) A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a partner acting in the ordinary course of business of the partnership or with authority of the partnership.

(b) If, in the course of the partnership's business or while acting with authority of the partnership, a partner receives or causes the partnership to receive money or property of a person not a partner, and the money or property is misapplied by a partner, the partnership is liable for the loss.

§47B-3-6. Partner's liability.

(a) Except as otherwise provided in subsection (b) of this section, all partners are liable jointly and severally for all obligations of the partnership unless otherwise agreed by the claimant or provided by law.

(b) A person admitted as a partner into an existing partnership is not personally liable for any partnership obligation incurred before the person's admission as a partner.
§47B-3-7. Actions by and against partnership and partners.

(a) A partnership may sue and be sued in the name of the partnership.

(b) An action may be brought against the partnership and any or all of the partners in the same action or in separate actions.

(c) A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership may not be satisfied from a partner's assets unless there is also a judgment against the partner.

(d) A judgment creditor of a partner may not levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership unless:

1. A judgment based on the same claim has been obtained against the partnership and a writ of execution on the judgment has been returned unsatisfied, in whole or in part;

2. The partnership is a debtor in bankruptcy;

3. The partner has agreed that the creditor need not exhaust partnership assets;

4. A court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or

5. Liability is imposed on the partner by law or contract independent of the existence of the partnership.

(e) This section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under section eight, article three of this chapter.
§47B-3-8. Liability of purported partner.

(a) If a person, by words or conduct, purports to be a partner, or consents to being represented by another as a partner, in a partnership or with one or more persons not partners, the purported partner is liable to a person to whom the representation is made, if that person, relying on the representation, enters into a transaction with the actual or purported partnership. If the representation, either by the purported partner or by a person with the purported partner's consent, is made in a public manner, the purported partner is liable to a person who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant. If partnership liability results, the purported partner is liable with respect to that liability as if the purported partner were a partner. If no partnership liability results, the purported partner is liable with respect to that liability jointly and severally with any other person consenting to the representation.

(b) If a person is thus represented to be a partner in an existing partnership, or with one or more persons not partners, the purported partner is an agent of persons consenting to the representation to bind them to the same extent and in the same manner as if the purported partner were a partner, with respect to persons who enter into transactions in reliance upon the representation. If all of the partners of the existing partnership consent to the representation, a partnership act or obligation results. If fewer than all of the partners of the existing partnership consent to the representation, the person acting and the partners consenting to the representation are jointly and severally liable.

(c) A person is not liable as a partner merely because the person is named by another in a statement of partnership authority.

(d) A person does not continue to be liable as a partner merely because of a failure to file a statement of disso-
(e) Except as otherwise provided in subsections (a) and (b) of this section, persons who are not partners as to each other are not liable as partners to other persons.

ARTICLE 4. RELATIONS OF PARTNERS TO EACH OTHER AND TO PARTNERSHIP.

§47B-4-1. Partner's rights and duties.
§47B-4-2. Distributions in kind.
§47B-4-3. Partner's rights and duties with respect to information.
§47B-4-4. General standards of partner's conduct.
§47B-4-5. Actions by partnership and partners.
§47B-4-6. Continuation of partnership beyond definite term or particular undertaking.

§47B-4-1. Partner's rights and duties.

(a) Each partner is deemed to have an account that is:

(1) Credited with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, the partner contributes to the partnership and the partner's share of the partnership profits; and

(2) Charged with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, distributed by the partnership to the partner and the partner's share of the partnership losses.

(b) Each partner is entitled to an equal share of the partnership profits and is chargeable with a share of the partnership losses in proportion to the partner's share of the profits.

(c) A partnership shall reimburse a partner for payments made and indemnify a partner for liabilities incurred by the partner in the ordinary course of the business of the partnership or for the preservation of its business or property.

(d) A partnership shall reimburse a partner for an
advance to the partnership beyond the amount of capital
the partner agreed to contribute.

(e) A payment or advance made by a partner which
gives rise to a partnership obligation under subsection (c)
or (d) of this section constitutes a loan to the partnership
which accrues interest from the date of the payment or
advance.

(f) Each partner has equal rights in the management
and conduct of the partnership business.

(g) A partner may use or possess partnership property
only on behalf of the partnership.

(h) A partner is not entitled to remuneration for ser-

vices performed for the partnership, except for reasonable
compensation for services rendered in winding up the
business of the partnership.

(i) A person may become a partner only with the con-
sent of all of the partners.

(j) A difference arising as to a matter in the ordinary
course of business of a partnership may be decided by a
majority of the partners. An act outside the ordinary
course of business of a partnership and an amendment to
the partnership agreement may be undertaken only with
the consent of all of the partners.

(k) This section does not affect the obligations of a
partnership to other persons under section one, article
three of this chapter.

§47B-4-2. Distributions in kind.

A partner has no right to receive, and may not be
required to accept, a distribution in kind.

§47B-4-3. Partner's rights and duties with respect to informa-
tion.

(a) A partnership shall keep its books and records, if
any, at its chief executive office.
(b) A partnership shall provide partners and their agents and attorneys access to its books and records. It shall provide former partners and their agents and attorneys access to books and records pertaining to the period during which they were partners. The right of access provides the opportunity to inspect and copy books and records during ordinary business hours. A partnership may impose a reasonable charge, covering the costs of labor and material, for copies of documents furnished.

(c) Each partner and the partnership shall furnish to a partner, and to the legal representative of a deceased partner or partner under legal disability:

(1) Without demand, any information concerning the partnership's business and affairs reasonably required for the proper exercise of the partner's rights and duties under the partnership agreement or this chapter; and

(2) On demand, any other information concerning the partnership's business and affairs, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.

§47B-4-4. General standards of partner's conduct.

(a) The only fiduciary duties a partner owes to the partnership and the other partners are the duty of loyalty and the duty of care set forth in subsections (b) and (c) of this section.

(b) A partner's duty of loyalty to the partnership and the other partners is limited to the following:

(1) To account to the partnership and hold as trustee for it any property, profit or benefit derived by the partner in the conduct and winding up of the partnership business or derived from a use by the partner of partnership property, including the appropriation of a partnership opportunity;

(2) To refrain from dealing with the partnership in the conduct or winding up of the partnership business as or
on behalf of a party having an interest adverse to the partnership; and

(3) To refrain from competing with the partnership in the conduct of the partnership business before the dissolution of the partnership.

(c) A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

(d) A partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.

(e) A partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the partner's conduct furthers the partner's own interest.

(f) A partner may lend money to and transact other business with the partnership, and as to each loan or transaction the rights and obligations of the partner are the same as those of a person who is not a partner, subject to other applicable law.

(g) This section applies to a person winding up the partnership business as the personal or legal representative of the last surviving partner as if the person were a partner.

§47B-4-5. Actions by partnership and partners.

(a) A partnership may maintain an action against a partner for a breach of the partnership agreement, or for the violation of a duty to the partnership, causing harm to the partnership.

(b) A partner may maintain an action against the partnership or another partner for legal or equitable relief,
with or without an accounting as to partnership business, to:

(1) Enforce the partner's rights under the partnership agreement;

(2) Enforce the partner's rights under this chapter, including:

(i) The partner's rights under sections one, three or four, article four of this chapter;

(ii) The partner's right on dissociation to have the partner's interest in the partnership purchased pursuant to section one, article seven of this chapter or enforce any other right under article six or seven;

(iii) The partner's right to compel a dissolution and winding up of the partnership business under section one, article eight of this chapter or enforce any other right under article eight; or

(3) Enforce the rights and otherwise protect the interests of the partner, including rights and interests arising independently of the partnership relationship.

(c) The accrual of, and any time limitation on, a right of action for a remedy under this section is governed by other law. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.

§47B-4-6. Continuation of partnership beyond definite term or particular undertaking.

(a) If a partnership for a definite term or particular undertaking is continued, without an express agreement, after the expiration of the term or completion of the undertaking, the rights and duties of the partners remain the same as they were at the expiration or completion, so far as is consistent with a partnership at will.

(b) If the partners, or those of them who habitually acted in the business during the term or undertaking, continue the business without any settlement or liquidation of
the partnership, they are presumed to have agreed that the partnership will continue.

ARTICLE 5. TRANSFEREES AND CREDITORS OF PARTNER.

§47B-5-1. Partner not coowner of partnership property.

A partner is not a coowner of partnership property and has no interest in partnership property which can be transferred, either voluntarily or involuntarily.

§47B-5-2. Partner's transferable interest in partnership.

The only transferable interest of a partner in the partnership is the partner's share of the profits and losses of the partnership and the partner's right to receive distributions. The interest is personal property.

§47B-5-3. Transfer of partner's transferable interest.

(a) A transfer, in whole or in part, of a partner's transferable interest in the partnership:

(1) Is permissible;

(2) Does not by itself cause the partner's dissociation or a dissolution and winding up of the partnership business; and

(3) Does not, as against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning partnership transactions, or to inspect or copy the partnership books or records.

(b) A transferee of a partner's transferable interest in the partnership has a right:

(1) To receive, in accordance with the transfer, distri-
butions to which the transferor would otherwise be enti-
tled;

(2) To receive upon the dissolution and winding up of
the partnership business, in accordance with the transfer,
the net amount otherwise distributable to the transferor;
and

(3) To seek under subdivision (6), section one, article
eight of this chapter a judicial determination that it is equi-
table to wind up the partnership business.

(c) In a dissolution and winding up, a transferee is
entitled to an account of partnership transactions only
from the date of the latest account agreed to by all of the
partners.

(d) Upon transfer, the transferor retains the rights and
duties of a partner other than the interest in distributions
transferred.

(e) A partnership need not give effect to a transferee's
rights under this section until it has notice of the transfer.

(f) A transfer of a partner's transferable interest in the
partnership in violation of a restriction on transfer con-
tained in the partnership agreement is ineffective as to a
person having notice of the restriction at the time of trans-
fer.

§47B-5-4. Partner's transferable interest subject to charging
order.

(a) On application by a judgment creditor of a part-
ner or of a partner's transferee, a court having jurisdiction
may charge the transferable interest of the judgment debt-
or to satisfy the judgment. The court may appoint a re-
ceiver of the share of the distributions due or to become
due to the judgment debtor in respect of the partnership
and make all other orders, directions, accounts, and inqui-
ries the judgment debtor might have made or which the
circumstances of the case may require.
(b) A charging order constitutes a lien on the judgment debtor's transferable interest in the partnership. The court may order a foreclosure of the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

c) At any time before foreclosure, an interest charged may be redeemed:

(1) By the judgment debtor;

(2) With property other than partnership property, by one or more of the other partners; or

(3) With partnership property, by one or more of the other partners with the consent of all of the partners whose interests are not so charged.

d) This chapter does not deprive a partner of a right under exemption laws with respect to the partner's interest in the partnership.

e) This section provides the exclusive remedy by which a judgment creditor of a partner or partner's transferee may satisfy a judgment out of the judgment debtor's transferable interest in the partnership.

ARTICLE 6. PARTNER'S DISSOCIATION.

§47B-6-1. Events causing partner's dissociation.
§47B-6-2. Partner's power to dissociate; wrongful dissociation.
§47B-6-3. Effect of partner's dissociation.

§47B-6-1. Events causing partner's dissociation.

A partner is dissociated from a partnership upon the occurrence of any of the following events:

(b) A partner's dissociation is wrongful only if:

1. It is in breach of an express provision of the partnership agreement; or

2. In the case of a partnership for a definite term or particular undertaking, before the expiration of the term or the completion of the undertaking:

   (i) The partner withdraws by express will, unless the withdrawal follows within ninety days after another partner's dissociation by death or otherwise under subdivisions (6) through (10), section one, article six of this chapter or wrongful dissociation under this subsection;

§47B-6-3. Effect of partner's dissociation.

(a) If a partner's dissociation results in a dissolution and winding up of the partnership business, article eight of
this chapter applies; otherwise, article seven of this chapter applies.

(b) Upon a partner's dissociation:

(1) The partner's right to participate in the management and conduct of the partnership business terminates, except as otherwise provided in section three, article eight of this chapter;

ARTICLE 7. PARTNER'S DISSOCIATION WHEN BUSINESS NOT WOUND UP.

§47B-7-1. Purchase of dissociated partner's interest.

(a) If a partner is dissociated from a partnership without resulting in a dissolution and winding up of the partnership business under section one, article eight of this chapter, the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subsection (b) of this section.

(b) The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under subsection (b), section seven,
article eight of this chapter if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership being wound up as of that date. Interest must be paid from the date of dissociation to the date of payment.

(c) Damages for wrongful dissociation under subsection (b), section two, article six of this chapter, and all other amounts owing, whether or not presently due, from the dissociated partner to the partnership, must be offset against the buyout price. Interest must be paid from the date the amount owed becomes due to the date of payment.

(d) A partnership shall indemnify a dissociated partner whose interest is being purchased against all partnership liabilities, whether incurred before or after the dissociation, except liabilities incurred by an act of the dissociated partner under section two, article seven of this chapter.

(e) If no agreement for the purchase of a dissociated partner's interest is reached within one hundred twenty days after a written demand for payment, the partnership shall pay, or cause to be paid, in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subsection (c) of this section.

(f) If a deferred payment is authorized under subsection (h) of this section, the partnership may tender a written offer to pay the amount it estimates to be the buyout price and accrued interest, reduced by any offsets under subsection (c) of this section, stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

(g) The payment or tender required by subsection (e) or (f) of this section must be accompanied by the following:
(1) A statement of partnership assets and liabilities as of the date of dissociation;

(2) The latest available partnership balance sheet and income statement, if any;

(3) An explanation of how the estimated amount of the payment was calculated; and

(4) Written notice that the payment is in full satisfaction of the obligation to purchase unless, within one hundred twenty days after the written notice, the dissociated partner commences an action to determine the buyout price, any offsets under subsection (c) of this section, or other terms of the obligation to purchase.

(h) A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking, unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment must be adequately secured and bear interest.

(i) A dissociated partner may maintain an action against the partnership, pursuant to paragraph (ii), subdivision (2), subsection (b), section five, article four of this chapter, to determine the buyout price of that partner's interest, any offsets under subsection (c) of this section, or other terms of the obligation to purchase. The action must be commenced within one hundred twenty days after the partnership has tendered payment or an offer to pay or within one year after written demand for payment if no payment or offer to pay is tendered. The court shall determine the buyout price of the dissociated partner's interest, any offset due under subsection (c) of this section, and accrued interest, and enter judgment for any additional payment or refund. If deferred payment is authorized under subsection (h) of this section, the court shall also determine the security for payment and other terms of the
§47B-7-2. Dissociated partner's power to bind and liability to partnership.

(a) For two years after a partner dissociates without resulting in a dissolution and winding up of the partnership business, the partnership, including a surviving partnership under article nine of this chapter, is bound by an act of the dissociated partner which would have bound the partnership under section one, article three of this chapter before dissociation only if at the time of entering into the transaction the other party:

(1) Reasonably believed that the dissociated partner was then a partner;

(2) Did not have notice of the partner's dissociation; and

(3) Is not deemed to have had knowledge under subsection (e), section three, article three or notice under subsection (c), section four, article seven of this chapter.

(b) A dissociated partner is liable to the partnership for any damage caused to the partnership arising from an obligation incurred by the dissociated partner after dissociation for which the partnership is liable under subsection (a) of this section.

§47B-7-3. Dissociated partner's liability to other persons.

(a) A partner's dissociation does not of itself discharge the partner's liability for a partnership obligation incurred before dissociation. A dissociated partner is not liable for a partnership obligation incurred after dissociation, except
as otherwise provided in subsection (b) of this section.

(b) A partner who dissociates without resulting in a dissolution and winding up of the partnership business is liable as a partner to the other party in a transaction entered into by the partnership, or a surviving partnership under article nine of this chapter, within two years after the partner's dissociation, only if at the time of entering into the transaction the other party:

(1) Reasonably believed that the dissociated partner was then a partner;

(2) Did not have notice of the partner's dissociation; and

(3) Is not deemed to have had knowledge under subsection (e), section three, article three or notice under subsection (c), section four, article seven, both of this chapter.

(c) By agreement with the partnership creditor and the partners continuing the business, a dissociated partner may be released from liability for a partnership obligation.

(d) A dissociated partner is released from liability for a partnership obligation if a partnership creditor, with notice of the partner's dissociation but without the partner's consent, agrees to a material alteration in the nature or time of payment of a partnership obligation.

§47B-7-4. Statement of dissociation.

(a) A dissociated partner or the partnership may file a statement of dissociation stating the name of the partnership and that the partner is dissociated from the partnership.

(b) A statement of dissociation is a limitation on the authority of a dissociated partner for the purposes of subsections (d) and (e), section three, article three of this chapter.

(c) For the purposes of subdivision (3), subsection (a),
section two, and subdivision (3), subsection (b) of section three, article seven of this chapter, a person not a partner is deemed to have notice of the dissociation ninety days after the statement of dissociation is filed.

§47B-7-5. Continued use of partnership name.

Continued use of a partnership name, or a dissociated partner’s name as part thereof, by partners continuing the business does not of itself make the dissociated partner liable for an obligation of the partners or the partnership continuing the business.

ARTICLE 8. WINDING UP PARTNERSHIP BUSINESS.

§47B-8-1. Events causing dissolution and winding up of partnership business.

A partnership is dissolved, and its business must be wound up, only upon the occurrence of any of the following events:

(1) In a partnership at will, the partnership's having notice from a partner, other than a partner who is dissociated under subdivisions (2) through (10), section one, article six of this chapter, of that partner's express will to withdraw as a partner, or on a later date specified by the partner;

(2) In a partnership for a definite term or particular undertaking:

(i) The expiration of ninety days after a partner's dissociation by death or otherwise under subdivisions (6) through (10), section one, article six, or wrongful dissociation by death or otherwise under subdivisions (6) through (10), section one, article six.
tion under subsection (b), section two, article six, both of this chapter, unless before that time a majority in interest of the remaining partners, including partners who have rightfully dissociated pursuant to paragraph (i), subdivision (2), subsection (b), section two, article six of this chapter, agree to continue the partnership;

(ii) The express will of all of the partners to wind up the partnership business; or

(iii) The expiration of the term or the completion of the undertaking;

(3) An event agreed to in the partnership agreement resulting in the winding up of the partnership business;

(4) An event that makes it unlawful for all or substantially all of the business of the partnership to be continued, but a cure of illegality within ninety days after notice to the partnership of the event is effective retroactively to the date of the event for purposes of this section;

(5) On application by a partner, a judicial determination that:

(i) The economic purpose of the partnership is likely to be unreasonably frustrated;

(ii) Another partner has engaged in conduct relating to the partnership business which makes it not reasonably practicable to carry on the business in partnership with that partner; or

(iii) It is not otherwise reasonably practicable to carry on the partnership business in conformity with the partnership agreement; or

(6) On application by a transferee of a partner's transferable interest, a judicial determination that it is equitable to wind up the partnership business:

(i) After the expiration of the term or completion of the undertaking, if the partnership was for a definite term or particular undertaking at the time of the transfer or
entry of the charging order that gave rise to the transfer; or

(ii) At any time, if the partnership was a partnership at
will at the time of the transfer or entry of the charging
order that gave rise to the transfer.

§47B-8-2. Partnership continued after dissolution.

(a) Subject to subsection (b) of this section, a partnership continues after dissolution only for the purpose of winding up its business. The partnership is terminated when the winding up of its business is completed.

(b) At any time after the dissolution of a partnership and before the winding up of its business is completed, all of the partners, including any dissociating partner other than a wrongfully dissociating partner, may waive the right to have the partnership's business wound up and the partnership terminated.

In that event:

(1) The partnership resumes carrying on its business as if dissolution had never occurred, and any liability incurred by the partnership or a partner after the dissolution and before the waiver is determined as if dissolution had never occurred; and

(2) The rights of a third party accruing under subdivision (1), section four, article eight of this chapter or arising out of conduct in reliance on the dissolution before the third party knew or received a notification of the waiver may not be adversely affected.

§47B-8-3. Right to wind up partnership business.

(a) After dissolution, a partner who has not wrongfully dissociated may participate in winding up the partnership's business, but on application of any partner, partner's legal representative, or transferee, the circuit court or judge thereof in vacation, for good cause shown, may order
judicial supervision of the winding up.

(b) The legal representative of the last surviving partner may wind up a partnership's business.

c) A person winding up a partnership's business may preserve the partnership business or property as a going concern for a reasonable time, prosecute and defend actions and proceedings, whether civil, criminal or administrative, settle and close the partnership's business, dispose of and transfer the partnership's property, discharge the partnership's liabilities, distribute the assets of the partnership pursuant to section seven, article eight of this chapter, settle disputes by mediation or arbitration, and perform other necessary acts.

§47B-8-4. Partner's power to bind partnership after dissolution.

Subject to section five, article eight of this chapter, a partnership is bound by a partner's act after dissolution that:

(1) Is appropriate for winding up the partnership business; or

(2) Would have bound the partnership under section one, article three of this chapter before dissolution, if the other party to the transaction did not have notice of the dissolution.

§47B-8-5. Statement of dissolution.

(a) After dissolution, a partner who has not wrongfully dissociated may file a statement of dissolution stating the name of the partnership and that the partnership has dissolved and is winding up its business.

(b) A statement of dissolution cancels a filed statement of partnership authority for the purposes of subsection (d), section three, article three of this chapter and is a limitation on authority for the purposes of subsection (e), section three, article three of this chapter.
(c) For the purposes of section one, article three and section four, article eight, both of this chapter, a person not a partner is deemed to have notice of the dissolution and the limitation on the partners' authority as a result of the statement of dissolution ninety days after it is filed.

(d) After filing and, if appropriate, recording a statement of dissolution, a dissolved partnership may file and, if appropriate, record a statement of partnership authority which will operate with respect to a person not a partner as provided in subsections (d) and (e), section three, article three of this chapter in any transaction, whether or not the transaction is appropriate for winding up the partnership business.

§47B-8-6. Partner's liability to other partners after dissolution.

(a) Except as otherwise provided in subsection (b) of this section, after dissolution a partner is liable to the other partners for the partner's share of any partnership liability incurred under section four, article eight of this chapter.

(b) A partner who, with knowledge of the dissolution, incurs a partnership liability under subdivision (2), section four, article eight of this chapter by an act that is not appropriate for winding up the partnership business is liable to the partnership for any damage caused to the partnership arising from the liability.

§47B-8-7. Settlement of accounts and contributions among partners.

(a) In winding up a partnership's business, the assets of the partnership, including the contributions of the partners required by this section, must be applied to discharge its obligations to creditors, including, to the extent permitted by law, partners who are creditors. Any surplus must be applied to pay in cash the net amount distributable to partners in accordance with their right to distributions under subsection (b) of this section.

(b) Each partner is entitled to a settlement of all partnership accounts upon winding up the partnership busi-
ness. In settling accounts among the partners, the profits and losses that result from the liquidation of the partnership assets must be credited and charged to the partners' accounts. The partnership shall make a distribution to a partner in an amount equal to any excess of the credits over the charges in the partner's account. A partner shall contribute to the partnership an amount equal to any excess of the charges over the credits in the partner's account.

(c) If a partner fails to contribute, all of the other partners shall contribute, in the proportions in which those partners share partnership losses, the additional amount necessary to satisfy the partnership obligations. A partner or partner's legal representative may recover from the other partners any contributions the partner makes to the extent the amount contributed exceeds that partner's share of the partnership obligations.

(d) After the settlement of accounts, each partner shall contribute, in the proportion in which the partner shares partnership losses, the amount necessary to satisfy partnership obligations that were not known at the time of the settlement.

(e) The estate of a deceased partner is liable for the partner's obligation to contribute to the partnership.

(f) An assignee for the benefit of creditors of a partnership or a partner, or a person appointed by a court to represent creditors of a partnership or a partner, may enforce a partner's obligation to contribute to the partnership.

merger, executed and declared to be accurate pursuant to
subsection (c), section five, article one of this chapter,

§9A-2-2. Funds collected from the federal government; other sources; use of funds.

1 In consultation with the governor and other appropriate state agencies, the division of veterans' affairs shall establish and maintain a home for qualified veterans. The home in Barboursville shall be designated as the sole veterans home of its type in the state. As used in this article the term "qualified veteran" means a veteran as determined by the division of veterans' affairs, who meets the requirements under federal regulations and laws.

9 Any individual enlisting for the first time on or after the eighth day of September, one thousand nine hundred
eighty, who fails to complete at least twenty-four months
of his or her enlistment is not eligible for any right, privilege or benefit for which eligibility is based on active duty
in the armed forces. This provision does not apply when a
person: (a) Is discharged because of hardship; (b) is retired or separated because of disability; or (c) is later determined to have a service connected disability incurred
during a completed period of enlistment.

In the event that a residential vacancy exists at any
veterans home or facility created and established pursuant
to this article, a veteran who has been a resident of the state
of West Virginia for one year or more prior to filing for
admission shall be given preference in filling such resi-
dential vacancy over nonresident veterans.

§9A-2-2. Funds collected from the federal government; other
sources; use of funds.

The division of veterans' affairs is hereby authorized
and directed to receive moneys from the federal govern-
ment, any agency thereof, from state appropriations, from
resident contributions or from any other appropriate
source, for the purpose of maintaining the state veterans' home at Barboursville, which purpose shall include, but
not limited to, expenditures for improvement and renovation of physical facilities, personal care costs and medical,
nursing and dental services.

The money so collected shall be placed in special
accounts according to the source of funds and limitation
on the use of the funds. These accounts shall be adminis-
tered by the director of the West Virginia division of veter-
ans' affairs. These funds shall be deposited in the state
treasury and paid out only on such vouchers as may be
authorized and approved by the director of the West Vir-
ginia division of veterans' affairs, in the same manner and
under the same restrictions as are now provided by law for
the disbursement of funds by that division. These funds
shall only be used as directed or restricted by the source
of the funds.

The division of veterans' affairs is authorized and empowered to establish rules and regulations providing for the tenure, treatment, eligibility and discharge of eligible veterans at the veterans' home. The rules shall be promulgated to ensure that the division, in carrying out its duties, shall comply with all federal requirements imposed on such a facility. Moreover, notwithstanding any code provisions to the contrary, rules shall be promulgated that:

1. Meet federal standards for domiciliary care;
2. Define domiciliary;
3. Define admittance to comply with state and federal requirements including current West Virginia resident or enlisted in service from West Virginia, war time service or service during a declared national emergency, Veterans Administration eligibility requirements for per diem, honorably discharged, suffering from a disability due to age, disease or defect that prevents them from earning a living.

CHAPTER 252

(Com. Sub. For H. B. 2045—By Mr. Speaker, Mr. Chambers, and Delegate Ashley)
[By Request of the Executive]

[Passed March 3, 1995; in effect ninety days from passage. Approved by the Governor.]
ARTICLE 1. WATER DEVELOPMENT AUTHORITY.

§22C-1-4. Water development authority; water development board; organization of authority and board; appointment of board members; their term of office, compensation and expenses; director of authority.

22C-1-5. Authority may construct, finance, maintain, etc., water development projects; loans to governmental agencies are subject to terms of loan agreements.

§22C-1-27. Authorized limit on borrowing.

§22C-1-4. Water development authority; water development board; organization of authority and board; appointment of board members; their term of office, compensation and expenses; director of authority.

1 The water development authority is continued. The authority is a governmental instrumentality of the state and a body corporate. The exercise by the authority of the powers conferred by this article and the carrying out of its purposes and duties are essential governmental functions and for a public purpose.

2 The authority is controlled, managed and operated by the seven-member board known as the water development board. The director of the division of environmental protection, and the commissioner of the bureau of public health and the state officer or employee who in the judgment of the governor is most responsible for economic or community development are members ex officio of the board. The governor shall designate annually the member who is the state officer or employee most responsible for economic or community development. The other four members of the board are appointed by the governor, by and with the advice and consent of the Senate, for terms of two, three, four and six years, respectively. The successor of each such appointed member shall be appointed for a term of six years in the same manner the original appointments were made, except that any person appointed to fill a vacancy occurring prior to the expiration of the term for which his or her predecessor was appointed shall be appointed only for the remainder of such term. Each board member serves until the appointment and qualification of his or her successor.

3 No more than two of the appointed board members shall
at any one time belong to the same political party. Appointed board members may be reappointed to serve additional terms.

All members of the board shall be citizens of the state. Each appointed member of the board, before entering upon his or her duties, shall comply with the requirements of article one, chapter six of this code and give bond in the sum of twenty-five thousand dollars in the manner provided in article two, chapter six of this code. The governor may remove any board member for cause as provided in article six, chapter six of this code.

Annually the board shall elect one of its appointed members as chair and another as vice chair, and shall appoint a secretary-treasurer, who need not be a member of the board. Four members of the board are a quorum and the affirmative vote of four members is necessary for any action taken by vote of the board. No vacancy in the membership of the board impairs the rights of a quorum by such vote to exercise all the rights and perform all the duties of the board and the authority. The person appointed as secretary-treasurer, including a board member if he or she is so appointed, shall give bond in the sum of fifty thousand dollars in the manner provided in article two, chapter six of this code.

The director of the division of environmental protection, the commissioner of the bureau of public health and the state officer or employee most responsible for economic or community development shall not receive any compensation for serving as board members. Each of the four appointed members of the board shall receive an annual salary of five thousand dollars, payable in monthly installments. Each of the seven board members shall be reimbursed for all reasonable and necessary expenses actually incurred in the performance of his or her duties as a member of such board. All such expenses incurred by the board are payable solely from funds of the authority or from funds appropriated for such purpose by the Legislature and no liability or obligation shall be incurred by the authority beyond the extent to which moneys are available from funds of the authority or from such appropriations.

There shall also be a director of the authority
appointed by the board.

22C-1-5. Authority may construct, finance, maintain, etc., water development projects; loans to governmental agencies are subject to terms of loan agreements.

To accomplish the public policies and purposes and to meet the responsibility of the state as set forth in this article, the water development authority may initiate, acquire, construct, maintain, repair and operate water development projects or cause the same to be operated pursuant to a lease, sublease or agreement with any person or governmental agency; may make loans and grants to governmental agencies for the acquisition or construction of water development projects by governmental agencies, which loans may include amounts to refinance debt issued for existing water development projects of the governmental agency when the refinancing is in conjunction with the financing for a new water development project regardless of the source of the financing for the new project: Provided, That the amount of the refinancing may not exceed fifty percent of the aggregate amount of the refinancing of an existing project and the financing of a new project; and may issue water development revenue bonds of this state, payable solely from revenues, to pay the cost of projects, or finance projects, in whole or in part, by loans to governmental agencies. A water development project shall not be undertaken unless it has been determined by the authority to be consistent with any applicable comprehensive plan of water management approved by the director of the division of environmental protection or in the process of preparation by the director and to be consistent with the standards set by the state environmental quality board, for the waters of the state affected thereby. Any resolution of the authority providing for acquiring or constructing projects or for making a loan or grant for projects shall include a finding by the authority that the determinations have been made. A loan agreement shall be entered into between the authority and each governmental agency to which a loan is made for the acquisition or construction of a water development project, which loan agreement shall include, without limitation, the
following provisions:

(1) The cost of the project, the amount of the loan, the terms of repayment of the loan and the security therefor, which may include, in addition to the pledge of all revenues from the project after a reasonable allowance for operation and maintenance expenses, a deed of trust or other appropriate security instrument creating a lien on the project;

(2) The specific purposes for which the proceeds of the loan shall be expended including the refinancing of existing water development project debt as provided above, the procedures as to the disbursement of loan proceeds and the duties and obligations imposed upon the governmental agency in regard to the construction or acquisition of the project;

(3) The agreement of the governmental agency to impose, collect, and, if required to repay the obligations of the governmental agency under the loan agreement, increase service charges from persons using the project, which service charges shall be pledged for the repayment of the loan together with all interest, fees and charges thereon and all other financial obligations of the governmental agency under the loan agreement; and

(4) The agreement of the governmental agency to comply with all applicable laws, rules and regulations issued by the authority or other state, federal and local bodies in regard to the construction, operation, maintenance and use of the project.

§22C-1-27. Authorized limit on borrowing.

The aggregate principal amount of bonds and notes issued by the authority shall not exceed three hundred million dollars outstanding at any one time: Provided, That in computing the total amount of bonds and notes which may at any one time be outstanding, the principal amount of any outstanding bonds or notes refunded or to be refunded either by application of the proceeds of the sale of any refunding bonds or notes of the authority or by exchange for any refunding bonds or notes, shall be excluded.

permits; proof of insurance; termination of per-

1 No person may engage in surface-mining operations 
2 unless such person has first obtained a permit from the 
3 director in accordance with the following:

4 (1) All permits issued pursuant to the requirements of 
5 this article shall be issued for a term not to exceed five 
6 years: Provided, That if the applicant demonstrates that a 
7 specified longer term is reasonably needed to allow the 
8 applicant to obtain necessary financing for equipment and 
9 the opening of the operation, and if the application is full 
10 and complete for such specified longer term, the director
may extend a permit for such longer term: Provided, however, That subject to the prior approval of the director, with such approval being subject to the provisions of subsection (c), section eighteen of this article, a successor in interest to a permittee who applies for a new permit, or transfer of a permit, within thirty days of succeeding to such interest, and who is able to obtain the bond coverage of the original permittee, may continue surface-mining and reclamation operations according to the approved mining and reclamation plan of the original permittee until such successor's permit application or application for transfer is granted or denied.

(3) A permit terminates if the permittee has not commenced the surface-mining operations covered by such permit within three years of the date the permit was issued: Provided, That the director may grant reasonable extensions of time upon a timely showing that such extensions are necessary by reason of litigation precluding such commencement, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee: Provided, however, That with respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface-mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(a) The state of West Virginia and all governmental agencies or departments created by it, including county boards of education, political subdivisions of the state, any volunteer fire department or company and other emergency service organizations as defined by article five, chapter fifteen of this code, and all persons, firms, associations and corporations regularly employing another person or persons for the purpose of carrying on any form of industry, service or business in this state, are employers within the meaning of this chapter and are hereby required to subscribe to and pay premium taxes into the workers' compensation fund for the protection of their employees and shall be subject to all requirements of this chapter and all rules and regulations prescribed by the workers' compensation division with reference to rate, classification and premium payment: Provided, That such rates will be adjusted by the division to reflect the demand on the compensation fund by the covered employer.

(b) The following employers are not required to subscribe to the fund, but may elect to do so:

(1) Employers of employees in domestic services; or

(2) Employers of five or fewer full-time employees in agricultural service; or

(3) Employers of employees while said employees are employed without the state except in cases of temporary employment without the state; or

(4) Casual employers. An employer is deemed to be a casual employer when the number of his or her employees
does not exceed three and the period of employment is
temporary, intermittent and sporadic in nature and does
not exceed ten calendar days in any calendar quarter; or

(5) Churches; or

(6) Employers engaged in organized professional
sports activities, including employers of trainers and jockeys engaged in thoroughbred horse racing; or

(7) Any volunteer rescue squad or volunteer police
auxiliary unit organized under the auspices of a county
commission, municipality or other government entity or
political subdivision; volunteer organizations created or
sponsored by government entities, political subdivisions;
or, area or regional emergency medical services boards of
directors in furtherance of the purposes of the emergency
medical services act of article four-c, chapter sixteen of
this code: Provided, That should any of the employers
described in this subdivision have paid employees, then to
the extent of those paid employees the employer must
subscribe to and pay premium taxes into the workers' compensation fund based upon the gross wages of the
paid employees; but, with regard to the volunteers, such
coverage remains optional.

(c) Notwithstanding any other provision of this chap-
ter to the contrary, whenever there are churches in a circuit
which employ one individual clergyman and the payments
to such clergyman from such churches constitute his or
her full salary, such circuit or group of churches may elect
to be considered a single employer for the purpose of
premium payment into the workers' compensation fund.

(d) Employers who are not required to subscribe to
the workers' compensation fund may voluntarily choose to
subscribe to and pay premiums into the fund for the pro-
tection of their employees and in such case shall be sub-
ject to all requirements of this chapter and all rules and
regulations prescribed by the division with reference to
rates, classifications and premium payments and shall
afford to them the protection of this chapter, including
section six of this article, but the failure of such employers
to choose to subscribe to and to pay premiums into the
fund shall not impose any liability upon them other than such liability as would exist notwithstanding the provisions of this chapter.

(e) Any foreign corporation employer whose employment in this state is to be for a definite or limited period which could not be considered "regularly employing" within the meaning of this section may choose to pay into the workers' compensation fund the premiums herein provided for, and at the time of making application to the workers' compensation division, such employer shall furnish a statement under oath showing the probable length of time the employment will continue in this state, the character of the work, an estimate of the monthly payroll and any other information which may be required by the division. At the time of making application such employer shall deposit with the division to the credit of the workers' compensation fund the amount required by section five of this article, which amount shall be returned to the employer if the employer's application be rejected by the division. Upon notice to such employer of the acceptance of his or her application by the division, he or she shall be an employer within the meaning of this chapter and subject to all of its provisions.

(f) Any foreign corporation employer choosing to comply with the provisions of this chapter and to receive the benefits hereunder shall, at the time of making application to the division in addition to other requirements of this chapter, furnish the division with a certificate from the secretary of state, where such certificate is necessary, showing that it has complied with all the requirements necessary to enable it legally to do business in this state and no application of such foreign corporation employer shall be accepted by the division until such certificate is filed.

(g) The following employers may elect not to provide coverage to certain of their employees under the provisions of this chapter:

1. Employers of employees who are officers of and stockholders in a corporation qualifying for special tax treatment under subchapter S of the Internal Revenue
Code of the United States may elect not to provide coverage to such employees; or

(2) If an employer is a partnership, sole proprietorship, association or corporation, such employer may elect not to include as an "employee" within this chapter, any member of such partnership, the owner of the sole proprietorship or any corporate officer or member of the board of directors of the association or corporation. The officers of a corporation or an association shall consist of a president, a vice-president, a secretary and a treasurer, each of whom shall be elected by the board of directors at such time and in such manner as may be prescribed by the bylaws. Such other officers and assistant officer as may be deemed necessary may be elected or appointed by the board of directors or chosen in such other manner as may be prescribed by the bylaws and, if so elected, appointed or chosen, such employer may elect not to include any such officer or assistant officer as an "employee" within the meaning of this chapter: Provided, That except for those persons who are members of the board of directors or who are the corporation's or association's president, vice-president, secretary and treasurer and who may be excluded by reason of their aforementioned positions from the benefits of this chapter even though their duties, responsibilities, activities or actions may have a dual capacity of work which is ordinarily performed by an officer and also of work which is ordinarily performed by a worker, an administrator or an employee who is not an officer, no such other officer or assistant officer who is elected or appointed shall be excluded by election from coverage or be denied the benefits of this chapter merely because he or she is such an officer or assistant officer if, as a matter of fact:

(A) He or she is engaged in a dual capacity of having the duties and responsibilities for work ordinarily performed by an officer and also having duties and work ordinarily performed by a worker, an administrator or an employee who is not an officer;

(B) He or she is engaged ordinarily in performing the duties of a worker, an administrator or an employee who is
not an officer and receives pay therefor in the capacity of an employee; or

(C) If he or she is engaged in an employment palpably separate and distinct from his or her official duties as an officer of the association or corporation.

(h) In the event of election under subsection (g) of this section, the employer shall serve upon the division written notice naming the positions not to be covered and shall not include such "employee's" remuneration for premium purposes in all future payroll reports, and such partner, proprietor or corporate or executive officer shall not be deemed an employee within the meaning of this chapter after such notice has been served. Notwithstanding the provisions of subsection (g), section five of this article, if an employer has not subscribed to the fund even though it is obligated to do so under the provisions of this article, then any such partner, proprietor or corporate or executive officer shall not be covered and shall not receive the benefits of this chapter.

(i) "Regularly employing" or "regular employment" shall mean employment by an employer which is not a casual employer under this section.

§23-2-1d. Primary contractor liability; definitions; applications and exceptions; certificates of good standing; reimbursement and indemnification; termination of contracts; effective date; collections efforts.

(a) For the exclusive purposes of this section, the term "employer" as defined in section one of this article shall include any primary contractor who regularly subcontracts with other employers for the performance of any work arising from or as a result of the primary contractor's own contract: Provided, That a subcontractor shall not include one providing goods rather than services. In the event that such a subcontracting employer defaults on its obligations to make payments to the commissioner, then such primary contractor shall be liable for such payments. Notwithstanding the foregoing, nothing contained in this section shall extend or except to such primary contractor...
or subcontractors the provisions of sections six, six-a or eight of this article. This section is applicable only with regard to subcontractors with whom the primary contractor has a contract for any work or services for a period longer than thirty-days: Provided, however, That this section shall also be applicable to contracts for consecutive periods of work that total more than thirty days. It is not applicable to the primary contractor with regard to sub-subcontractors. However, a subcontractor for the purposes of a contract with the primary contractor can itself become a primary contractor with regard to other employers with whom it subcontracts.

(b) A primary contractor may avoid initial liability under subsection (a) of this section if it obtains from the commissioner, prior to the initial performance of any work by the subcontractor's employees, a certificate that the subcontractor is in good standing with the workers' compensation fund.

(1) Failure to obtain the certificate of good standing prior to the initial performance of any work by the subcontractor shall result in the primary contractor being equally liable with the subcontractor for all delinquent and defaulted premium taxes, premium deposits, interest and other penalties arising during the life of the contract or due to work performed in furtherance of the contract: Provided, That the division shall be entitled to collect only once for the amount of premiums, premium deposits and interest due to the default, but the division may impose other penalties on the primary contractor or on the subcontractor, or both.

(2) In order to continue avoiding liability under this section, the primary contractor shall request that the commissioner of the bureau of employment programs inform the primary contractor of any subsequent default by the subcontractor. In the event that the subcontractor does default, the commissioner shall then notify the primary contractor of the default by placing a notice in the first class United States mail, postage prepaid, and addressed to the primary contractor at the address furnished to the commissioner by the primary contractor. Such mailing
shall be good and sufficient notice to the primary contractor of the subcontractor's default. However, the primary contractor shall not become liable under this section until the first day of the calendar quarter following the calendar quarter in which the notice is given and then such liability shall only be for that following calendar quarter and thereafter and only if the subcontract has not been terminated: Provided, That the commissioner shall be entitled to collect only once for the amount of premiums, premium deposits and interest due to the default, but the commissioner may impose other penalties on the primary contractor or on the subcontractor, or both.

(c) In any situation where a subcontractor defaults with regard to its payment obligations under this chapter or fails to provide a certificate of good standing as provided for in this section, such default or failure shall be good and sufficient cause for a primary contractor to hold the subcontractor responsible and to seek reimbursement or indemnification for any amounts paid on behalf of the subcontractor to avoid or cure a workers' compensation default, plus related costs including reasonable attorneys' fees, and to terminate its subcontract with the subcontractor notwithstanding any provision to the contrary in the contract.

(d) The provisions of this section are applicable only to those contracts entered into or extended on or after the first day of January, one thousand nine hundred ninety-four.

(e) The division may take any action authorized by section five-a of this article in furtherance of its efforts to collect amounts due from the primary contractor under this section.

The division shall prepare and furnish report forms for the use of employers subject to this chapter. Every employer receiving from the division any form or forms with direction for completion and returning to the division shall return the same, within the period fixed by the division, completed so as to answer fully and correctly all
pertinent questions therein propounded, and if unable to
do so, shall give good and sufficient reasons for such
failure. Every employer subject to the provisions of this
chapter, shall make application to the division on the
forms prescribed by the division for such purpose; and
any employer who shall terminate his or her business or
for any other reason is no longer subject to this chapter
shall so notify the division on forms to be furnished by
the division for that purpose.

§23-2-4. Classification of industries; rate of premiums; author-
ity to adopt various systems; accounts.

(a) The commissioner, in conjunction with the com-
pen setation programs performance council, is authorized to
establish by rule a system for determining the classifica-
tion and distribution into classes of employers subject to
this chapter; a system for determining rates of premium
taxes applicable to employers subject to this chapter, a
system of multiple policy options with criteria for sub-
scription thereto, and criteria for an annual employer's
statement providing both benefits liability information and
rate determination information.

(1) In addition, the rule shall provide for, but not be
limited to:

(A) Rate adjustments by industry or individual em-
ployer, including merit rate adjustments;

(B) Notification regarding rate adjustments prior to
the quarter in which the rate adjustments will be in effect;

(C) Chargeability of claims; and

(D) Such further matters that are necessary and consist-
tent with the goals of this chapter;

(2) The rule shall be consistent with the duty of the
commissioner and the compensation programs perfor-
mance council to fix and maintain the lowest possible rates
of premium taxes consistent with the maintenance of a
solvent workers' compensation fund and the reduction of
any deficit that may exist in such fund and in keeping
with their fiduciary obligations to the fund;
(3) The rule shall be consistent with generally accepted accounting principles;

(4) The rule shall be consistent with classification and rate-making methodologies found in the insurance industry; and

(5) The rule shall be consistent with the principles of promoting more effective workplace health and safety programs as contained in article two-b of this chapter.

(b) Notwithstanding any other provision of this chapter to the contrary, the compensation programs performance council may elect to premise its premium tax determination methodology on the aggregate number of hours worked by employees of the employer rather than upon the gross wages of the employer. Such an election may apply to all industrial classifications or to less than all. If this election is made, then in all instances in which this chapter refers to gross wage reports for the purpose of premium tax determination such references shall be taken to mean a report of the number of hours so worked.

(c) The rule authorized by subsection (a) of this section shall be promulgated on or before the first day of July, one thousand nine hundred ninety-six. Until the rule is finally promulgated the prior provisions of this section as found in chapter one hundred seventy-one of the acts of the Legislature, one thousand nine hundred ninety-three, shall remain in effect.

(d) In accordance with generally accepted accounting principles, the workers' compensation division shall keep an accurate accounting of all money or moneys earned, due, and received by the workers' compensation fund, and of the liability incurred and disbursements made against the same; and an accurate account of all money or moneys earned, due and received from each individual subscriber, and of the liability incurred and disbursements made against the same.

§23-2-5. Application; payment of premium taxes; gross wages; payroll report; deposits; delinquency; default; reinstatement; payment of benefits; notice to employees; criminal provisions; penalties.
(a) For the purpose of creating a workers' compensation fund, each employer who is required to subscribe to the fund or who elects to subscribe to the fund shall pay premium taxes calculated as a percentage of the employer's gross wages payroll at the rate determined by the workers' compensation division and then in effect. At the time each employer subscribes to the fund, the application required by the division shall be filed and a premium deposit equal to the first quarter's estimated premium tax payment shall be remitted. The minimum quarterly premium to be paid by any employer shall be twenty-five dollars.

(1) Thereafter, premium taxes shall be paid quarterly on or before the last day of the month following the end of the quarter, and shall be the prescribed percentage of the entire gross wages of all employees, from which net payroll is calculated and paid, during the preceding quarter: Provided, That the division may permit employers who shall qualify under the provisions of rules to be promulgated and made effective on or after the first day of July, one thousand nine hundred ninety-six, by the compensation programs performance council to report gross wages and pay premium taxes at other intervals.

(2) At the time each premium is paid, every subscribing employer shall make a gross wages payroll report to the division for the preceding quarter. The report shall be on the form or forms prescribed by the division, and shall contain all information required by the division.

(3) After subscribing to the fund, each employer shall remit with each gross wages payroll report and premium tax payment an amount calculated to be sufficient to maintain a premium deposit equal to the previous quarter's premium payment: Provided, That the division may reduce the amount of the premium deposit required from seasonal employers for those quarters during which employment is significantly reduced. The premium deposit shall be credited to the employer's account on the books of the division and used to pay premiums and any other sums due the fund when an employer becomes delinquent or in default as provided in this article.
(4) All premium taxes and premium deposits required by this article to be paid shall be paid by the employers to the division, which shall maintain a record of all sums so received. Any such sum mailed to the division shall be deemed to be received on the date the envelope transmitting it is postmarked by the United States postal service. All sums received by the division shall be deposited in the state treasury to the credit of the workers' compensation division in the manner now prescribed by law.

(5) The division may encourage employer efforts to create and maintain safe workplaces, to encourage loss prevention programs, and to encourage employer provided wellness programs, through the normal operation of the experience rating formula, seminars and other public presentations, the development of model safety programs and other initiatives as may be determined by the commissioner and the compensation programs performance council.

(b) Failure of an employer to timely pay premium taxes, to timely file a payroll report, or to maintain an adequate premium deposit, shall cause the employer's account to become delinquent. No employer will be declared delinquent or be assessed any penalty therefor if the division determines that such delinquency has been caused by delays in the administration of the fund. The division shall, in writing, within sixty days of the end of each quarter notify all delinquent employers of their failure to timely pay premiums, to timely file a payroll report, or to maintain an adequate premium deposit. Each employer who shall fail to timely file any quarterly payroll report or timely pay the premium tax due with such report, or both, for any quarter commencing on and after the first day of July, one thousand nine hundred ninety-five, shall pay a late reporting or payment penalty of the greater of fifty dollars or ten percent of the premium tax due, but not to exceed five hundred dollars, with such report. Such late penalty shall be paid with the most recent quarter's report and payment and is due when that quarter's report and payment are filed. If such late penalty is not paid when due, the same may be charged to and collected by the division from the employer's premium

deposit account or otherwise as provided for by law. The notification shall demand the filing of the delinquent payroll report and payment of delinquent premium taxes, the penalty for late reporting or payment of premium taxes or premium deposit, the interest penalty and an amount sufficient to maintain the premium deposit, before the end of the third month following the end of the preceding quarter. Interest shall accrue and be charged on the delinquent premium payment and premium deposit pursuant to section thirteen of this article.

(c) Whenever the division notifies an employer of the delinquent status of its account, the notification shall explain the legal consequence of subsequent default by an employer required to subscribe to the fund and the legal consequences of termination of an electing employer's account.

(d) Failure by the employer, who is required to subscribe to the fund and who fails to resolve the delinquency within the prescribed period, shall place the account in default and shall deprive such default employer of the benefits and protection afforded by this chapter, including section six of this article, and the employer shall be liable as provided in section eight of this article. The default employer's liability under said sections shall be retroactive to midnight of the last day of the month following the end of the quarter for which the delinquency occurs. The division shall notify the default employer of the method by which the employer may be reinstated with the fund. The division shall also notify the employees of such employer by written notice as hereinafter provided for in this section.

(e) Failure by any employer, who voluntarily elects to subscribe, to resolve the delinquency within the prescribed period shall place the account in default and shall automatically terminate the election of such employer to pay into the workers' compensation fund and shall deprive such employer and the employees of the default elective employer of the benefits and protection afforded by this chapter, including section six of this article, and such employer shall be liable as provided in section eight of
122 this article. The default employer's liability under said
123 section shall be retroactive to midnight of the last day of
124 the month following the end of the quarter for which the
125 delinquency occurs. Employees who were the subject of
126 the default employer's voluntary election to provide them
127 the benefits afforded by this chapter shall have such pro-
128 tection terminated at the time of their employer's default.

129 (f) (1) Except as provided for in subdivision (3) of
130 this subsection, any employer who is required to subscribe
131 to the fund and who is in default on the effective date of
132 this section or who subsequently defaults, and any em-
133 ployer who has elected to subscribe to the fund and who
134 defaults and whose account is terminated prior to the ef-
135 fective date of this section or whose account is subsequent-
136 ly terminated, shall be restored immediately to the benefits
137 and protection of this chapter only upon the filing of all
138 delinquent payroll and other reports required by the divi-
139 sion and payment into the fund of all unpaid premiums,
140 an adequate premium deposit, accrued interest and the
141 penalty for late reporting and payment. Interest shall be
142 calculated as provided for by section thirteen of this arti-
143 cle. In addition, for every defaulted or terminated em-
144 ployer whose default or termination lasts for two consecu-
145 tive quarters or who has defaulted or been terminated for
146 two quarters out of the preceding eight consecutive quar-
147 ters, then when any such employer's application for rein-
148 statement is filed or upon any such employer's restoration
149 to the benefits and protection of this chapter, for the next
150 eight quarters, including the quarter in which such restora-
151 tion occurs, or when any such employer's application for
152 reinstatement is filed, the employer shall pay premium
153 taxes to the division at a penalty rate. The applicable
154 penalty premium tax shall be determined by first calculat-
155 ing the employer's premium under the provisions of sec-
156 tion four of this article, but including any applicable expe-
157 rience modification, and then multiplying that premium
158 by one hundred ten percent.

159 The division shall not have the authority to waive ei-
160 ther accrued interest or the imposition of the penalty pre-
161 mium rate. Any employer whose default or termination
162 does not last for two consecutive quarters or who has not
been in default two quarters out of the preceding eight consecutive quarters shall not have a penalty premium rate imposed. The provisions of section seventeen of this article apply to any action or decision of the division under this section. For purposes of section four of this article, the extra ten percent of premium constituting the penalty shall not be used in determining any entitlement to experience modification of the employer's premium tax rate for future years.

(2) The division shall have the authority to restore a defaulted or terminated employer through a reinstatement agreement. Such reinstatement agreement shall require the payment in full of all premium taxes, premium deposits, the penalty for late reporting and payment, past accrued interest and future interest calculated pursuant to the provisions of section thirteen of this article. The reinstatement agreement shall not permit any modification or waiver of the penalty premium rate provided for in subdivision (1) of this subsection. Notwithstanding the filing of a reinstatement application or the entering into of a reinstatement agreement, the division is authorized to file a lien against the employer as provided by section five-a of this article. In addition, entry into a reinstatement agreement is discretionary with the division. Such discretion shall be exercised in keeping with the fiduciary obligations owed to the workers' compensation fund. Should the division decline to enter into a reinstatement agreement and should the employer not comply with the provisions of subdivision (1) of this subsection, then the division may proceed with any of the collection efforts provided for by section five-a of this article or as otherwise provided for by this code. Applications for reinstatement shall: (A) Be made upon forms prescribed by the division; (B) include a report of the gross wages payroll of the employer which had not been reported to the division during the entire period of delinquency and default, which gross wages information shall be certified by the employer or its authorized agent; and (C) include a payment of a portion of the liability equal to one half of one percent of the gross payroll during the period of delinquency and default or equal to another portion of the liability as may be deter-
mined from time to time by rule but not to exceed the
amount of the entire liability due and owing for the period
of delinquency and default. An employer who applies for
reinstatement shall be entitled to the benefits and protec-
tion of this chapter on the day a properly completed and
acceptable application which is accompanied by the appli-
cation payment is received by the division: Provided, That
if the division reinstates an employer subject to the terms
of a reinstatement agreement, the subsequent failure of the
employer to make scheduled payments or to pay accrued
or future interest in accordance with the reinstatement
agreement or to timely file current quarterly reports and
to pay current quarterly premiums within the month fol-
lowing the end of the quarter for which the report and
payment are due, or to otherwise maintain its account in
good standing or, if the reinstatement agreement does not
require earlier restoration of the premium deposit, to re-
store the premium deposit to the required amount by the
end of the repayment period shall cause the reinstatement
application and the reinstatement agreement to be null,
void and of no effect, and the employer shall be denied
the benefits and protection of this chapter effective from
the date that such employer's account originally became
delinquent.

(3) Any employer who fails to maintain its account in
good standing with regard to subsequent premium taxes
and premium deposits after filing an application for rein-
statement and prior to the final resolution of an applica-
tion for reinstatement by entering into a reinstatement
agreement or by payment of the liability in full as provid-
ed for in subdivision (1) of this subsection shall cause the
reinstatement application to be null, void and of no effect,
and the employer shall be denied the benefits and protec-
tion of this chapter effective from the date that such em-
ployer's account originally became delinquent.

(4) Following any failure of an employer to comply
with the provisions of a repayment agreement, the division
may then make and continue with any of the collection
efforts provided for by this chapter or elsewhere in this
code even if the employer files another reinstatement
application.
With the exception noted in subsection (h), section one of this article, no employee of an employer required by this chapter to subscribe to the workers' compensation fund shall be denied benefits provided by this chapter because the employer failed to subscribe or because the employer's account is either delinquent or in default.

(h) (1) The provisions of this section shall not deprive any individual of any cause of action which has accrued as a result of an injury or death which occurred during any period of delinquency not resolved in accordance with the provisions of this article, or subsequent failure to comply with the terms of the repayment agreement.

(2) Upon withdrawal from the fund or termination of election of any employer, the employer shall be refunded the balance due the employer of its deposit, after deducting all amounts owed by the employer to the workers' compensation fund and other agencies of this state, and the division shall notify the employees of such employer of said termination in such manner as the division may deem best and sufficient.

(3) Notice to employees in this section provided for shall be given by posting written notice that the employer is defaulted under the compensation law of West Virginia, and in the case of employers required by this chapter to subscribe and pay premiums to the fund, that the defaulted employer is liable to its employees for injury or death, both in workers' compensation benefits and in damages at common law or by statute; and in the case of employers not required by this chapter to subscribe and pay premiums to the fund, but voluntarily electing to do so as herein provided, that neither the employer nor the employees of such employer are protected by said laws as to any injury or death sustained after the date specified in said notice. Such notice shall be in the form prescribed by the division and shall be posted in a conspicuous place at the chief works of the employer, as the same appear in records of the division. If said chief works of the employer cannot be found or identified, then said notices shall be posted at the front door of the courthouse of the county in which said
chief works are located, according to the division's records.

Any person who shall, prior to the reinstatement of said employer, as hereinbefore provided for, or prior to sixty days after the posting of said notice, whichever shall first occur, remove, deface or render illegible said notice, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined one thousand dollars, and said notice shall state this provision upon its face. The division may require any sheriff, deputy sheriff, constable or other official of the state of West Virginia, who may be authorized to serve civil process, to post such notice and to make return thereof of the fact of such posting to the division, and any failure of such officer to post any notice within ten days after he or she shall have received the same from the division, without just cause or excuse, shall constitute a willful failure or refusal to perform a duty required of him or her by law within the meaning of section twenty-eight, article five, chapter sixty-one of this code. Any person actually injured by reason of such failure shall have an action against said official, and upon any official bond he or she may have given, for such damages as such person may actually have incurred, but not to exceed, in the case of any surety upon said bond, the amount of the penalty of said bond. Any official posting said notice as herein required shall be entitled to the same fee as is now or may hereafter be provided for the service of process in suits instituted in courts of record in the state of West Virginia, which fee shall be paid by the division out of any funds at its disposal, but shall be charged by the division against the account of the employer to whose delinquency such notice relates.

§23-2-5a. Collection of premiums from defaulting employers; interest and penalties; civil remedies; creation and enforcement of lien against employer and purchaser; duty of secretary of state to register liens; distraint powers; insolvency proceedings; secretary of state to withhold certificates of dissolution; injunctive relief; bond; attorney fees and costs.
(a) The workers' compensation division in the name of the state may commence a civil action against an employer who, after due notice, defaults in any payment required by this chapter. If judgment is against the employer, such employer shall pay the costs of the action. Civil action under this section shall be given preference on the calendar of the court over all other civil actions. Upon prevailing in any such civil action, the division shall be entitled to recover its attorneys' fees and costs of action from the employer.

(b) In addition to the foregoing provisions of this section, any payment, interest and penalty thereon due and unpaid under this chapter shall be a personal obligation of the employer immediately due and owing to the division and shall, in addition thereto, be a lien enforceable against all the property of the employer: Provided, That no such lien shall be enforceable as against a purchaser (including a lien creditor) of real estate or personal property for a valuable consideration without notice, unless docketed as provided in section one, article ten-c, chapter thirty-eight of this code: Provided, however, That such lien may be enforced as other judgment liens are enforced through the provisions of chapter thirty-eight of this code and the same shall be deemed by the circuit court to be a judgment lien for this purpose.

(c) In addition to all other civil remedies prescribed herein, the division may in the name of the state, after giving appropriate notice as required by due process, distress upon any personal property, including intangible property, of any employer delinquent for any payment, interest and penalty thereon. If the division has good reason to believe that such property or a substantial portion thereof is about to be removed from the county in which it is situated, upon giving appropriate notice, either before or after the seizure, as is proper in the circumstances, the division may likewise distress in the name of the state before such delinquency occurs. For such purpose, the division may require the services of a sheriff of any county in the state in levying such distress in the county in which the sheriff is an officer and in which such personal property is situated. A sheriff so collecting any payment,
interest and penalty thereon shall be entitled to such com-
penstation as is provided by law for his or her services in
the levy and enforcement of executions. Upon prevailing
in any distraint action, the division shall be entitled to
recover its attorneys' fees and costs of action from the
employer.

(d) In case a business subject to the payments, interest
and penalties thereon imposed under this chapter shall be
operated in connection with a receivership or insolvency
proceeding in any state court in this state, the court under
whose direction such business is operated shall, by the
entry of a proper order or decree in the cause, make pro-
visions, so far as the assets in administration will permit,
for the regular payment of such payments, interest and
penalties as the same become due.

(e) The secretary of state of this state shall withhold
the issuance of any certificate of dissolution or withdrawal
in the case of any corporation organized under the laws of
this state or organized under the laws of any other state
and admitted to do business in this state, until notified by
the division that all payments, interest and penalties there-
on against any such corporation which is an employer
under this chapter have been paid or that provision satis-
factory to the division has been made for payment.

(f) In any case when an employer required to sub-
scribe to the fund defaults in payments of premium, pre-
mium deposits, penalty or interest thereon, for as many as
two calendar quarters, which quarters need not be consec-
tutive, and remains in default after due notice, the division
may bring action in the circuit court of Kanawha County
to enjoin such employer from continuing to carry on the
business in which such liability was incurred: Provided,
That the division may as an alternative to this action re-
quire such delinquent employer to file a bond in the form
prescribed by the commissioner with satisfactory surety in
an amount not less than fifty percent more than the pay-
ments, interest and penalties due.

§23-2-9. Election of employer to be self-insured and to provide
own system of compensation; mandatory partici-
pation in second injury reserve; exceptions; cata-
trophe coverage; self-administration.
(a) Notwithstanding any provisions of this chapter to the contrary, the following types of employers may apply for permission to self-insure their workers' compensation risk including their risk of catastrophic injuries. Except as provided for in subsection (e) of this section, no employer may self-insure its second injury risk.

(1) The types of employers are:

(A) Any employer who is of sufficient capability and financial responsibility to ensure the payment to injured employees and the dependents of fatally injured employees of benefits provided for in this chapter at least equal in value to the compensation provided for in this chapter; or

(B) Any employer of such capability and financial responsibility who maintains its own benefit fund or system of compensation to which its employees are not required or permitted to contribute and whose benefits are at least equal in value to those provided for in this chapter.

(2) In order to be approved for self-insurance status, the employer must:

(A) Have an effective health and safety program at its workplaces; and

(B) Provide security or bond in an amount to be determined by the compensation programs performance council which shall balance the employer's financial condition based upon an analysis of its audited financial statements and the full accrued value based upon generally accepted accounting principles of the employer's existing and expected liability; and

(C) Security or bond which may be in such form as the commissioner and the compensation programs performance council created pursuant to section one, article three, chapter twenty-one-a of this code permits.

(3) Any employer whose record upon the books of the division shows a liability, as determined on an accrued basis against the workers' compensation fund incurred on account of injury to or death of any of the employer's employees, in excess of premiums paid by such employer,
shall not be granted the right, individually and directly or
from such benefit funds or system of compensation, to be
self-insured until the employer has paid into the workers'
compensation fund the amount of such excess of liability
over premiums paid, including the employer's proper
proportion of the liability incurred on account of catastro-
phes or second injuries as defined in section one, article
three of this chapter and charged against such fund.

(4) Upon a finding that the employer has met all of
the requirements of this section, the employer may be
permitted self-insurance status. An annual review of each
self-insurer's continuing ability to meet its obligations and
the requirements of this section shall be made by the
workers' compensation division. This review shall include
a redetermination of the amount of security or bond
which shall be provided by the employer. Failure to pro-
vide any new amount or form of security or bond may, in
the division's discretion, cause the employer's
self-insurance status to be terminated. The security or
bond provided by employers prior to the second day of
February, one thousand nine hundred ninety-five, shall
continue in full force and effect until the performance of
the employer's annual review and the entry of any appro-
priate decision on the amount or form of the employer's
security or bond.

(5) Whenever a self-insured employer shall furnish
security or bond, including replacement and amended
bonds and other securities, as security to ensure the em-
ployer's or guarantor's payment of all obligations under
this chapter for which the security or bond was furnished,
such security or bond shall be in the most current form or
forms approved and authorized by the division for use by
the employer or its guarantors, surety companies, banks,
financial institutions or others in its behalf for such pur-
pose.

(b) Each self-insured employer shall, on or before the
last day of the first month of each quarter, file with the
division a certified statement of the total gross wages and
earnings of all of the employer's employees subject to this
chapter for the preceding quarter. Each self-insured em-
employer shall pay into the workers' compensation fund as portions of its self-insured premium tax:

(1) A sum sufficient to pay the employer's proper portion of the expense of the administration of this chapter;

(2) A sum sufficient to pay the employer's proper portion of the expense of claims for those employers who are in default in the payment of premium taxes or other obligations;

(3) A sum sufficient to pay the employer's fair portion of the expenses of the disabled workers' relief fund; and

(4) A sum sufficient to maintain as an advance deposit an amount equal to the previous quarter's payment of each of the foregoing three sums.

c) The required payments to the employer's injured employees or dependents of fatally injured employees as benefits provided for by this chapter including second injury benefits and catastrophic injury benefits, if applicable, shall constitute the remaining portion of the self-insurer's premium tax.

(1) If an employer defaults in the payment of any portion of its self-insured premium taxes, the division may, in an appropriate case, determine the full accrued value based upon generally accepted accounting principles of the employer's liability including the costs of all awarded claims and of all incurred but not reported claims. The amount so determined may then, in an appropriate case, be assessed against the employer and the division may demand and collect the present value of such defaulted tax liability. Interest shall accrue upon the demanded amount as provided for in section thirteen of this article until the premium tax is fully paid. Payment of all amounts then due to the division and to the employer's employees is a sufficient basis for reinstating the employer to good standing with the fund.

(2) Such premium tax assessments are special revenue taxes under and according to the provisions of state workers' compensation law and are deemed to be tax claims, as
priority claims or administrative expense claims according
to those provisions under the law provided in the United
States bankruptcy code. In addition, as the same was pre-
viously intended by the prior provisions of this section,
this amendment and reenactment is for the purpose of
clarification of the taxing authority of the workers' com-
pensation division.

(d) Each self-insured employer shall elect whether or
not to self-insure its catastrophic injury risk as defined in
subsection (c), section one, article three of this chapter.

(1) If the employer does not elect to self-insure its
catastrophic risk, then the employer shall pay premium
taxes for this coverage in the same manner as is provided
for in section four of this article and in rules adopted to
implement said section. Until such rules are adopted, the
employer's premium taxes shall be determined in accon-
dance with the provisions of chapter one hundred
seventy-four, acts of the Legislature, one thousand nine
hundred ninety-one. If the employees of such an em-
ployer suffer injury or death from a catastrophe, then the
payment of the resulting benefits shall be made from the
catastrophe reserve of the surplus fund provided for in
subsection (b), section one, article three of this chapter.
Such an employer's catastrophic liability shall not be in-
cluded in the liabilities upon which the employer's security
or bond is determined in subsection (a) of this section.

(2) If an otherwise self-insured employer elects to
self-insure its catastrophic risk, then the security or bond
required in subsection (a) of this section shall include the
liability for the catastrophic risk.

(e) (1) Any self-insured employer who was, prior to
the second day of February, one thousand nine hundred
ninety-five, permitted to self-insure its second injury risk
as defined in subsection (d), section one, article three of
this chapter, may elect to continue to self-insure its second
injury risk for so long as it meets the requirements of this
chapter. Any employer which was previously permitted to
self-insure its second injury risk who then elects to termi-
nate that self-insurance status shall not thereafter be per-
mitted to self-insure its second injury risk.
(2) For those employers previously permitted to
self-insure their second injury risks, the amount of the
security or bond required in subsection (a) of this section
shall include the liability for that risk. All benefits provid-
ed for by this chapter which are awarded to the employer's
employees which constitute second injury life awards shall
then be paid by the employer and not the division.

(3) (A) For those employers which do not self-insure
their second injury risk, the premium tax for second inju-
ry coverage shall be determined by the rules which imple-
ment section four of this article. Such rules may provide
for merit rate adjustments of the amount of premium tax
to be paid based upon the accrued costs to be determined
under generally accepted accounting principles of second
injury benefits paid and to be paid to the employer's em-
ployees. Until such rules are adopted, the employer's
premium taxes shall be determined in accordance with the
provisions of chapter one hundred seventy-four, acts of
the Legislature, one thousand nine hundred ninety-one.

(B) In case there is a second injury to an employee of
any employer making such second injury premium tax
payments, the employer shall be liable to pay compen-
sation or expenses arising from or necessitated by the sec-
ond injury and such compensation and expenses shall be
charged against the employer. After the completion of
these payments, the employee shall be paid the remainder
of the compensation and expenses that would be due for
permanent total disability from the second injury reserve
of the surplus fund. Such additional compensation and
expenses shall not be charged against such employer.

(f) The compensation programs performance council
may create, implement, establish and administer a perpetu-
al self-insurance security risk pool of funds, sureties, secu-
rities, insurance provided by private insurance carriers or
other states' programs, and other property, of both real
and personal properties, to secure the payment of obliga-
tions of self-insured employers. If such pool is created,
the compensation programs performance council shall
adopt rules for the organizational plan, participation, con-
tributions and other payments which may be required of
self-insured employers under this section. The council, in order to create and fund such a risk pool, may adopt a rule authorizing the division to assess each self-insured employer in proportion according to each employer's portion of the unsecured obligation and liability or to assess according to some other method provided for by rule which shall properly create and fund such risk pool to serve the needs of employees, employers and the workers' compensation fund by providing adequate security. The council, in funding such security risk pool, may authorize the division to use any assessments, premium tax assessments and revenues and appropriations as may be made available to the division.

(g) Any self-insured employer which has had a period of inactivity due to the nonemployment of employees which results in its reporting of no wages on quarterly reports to the division for a period of four or more consecutive quarters shall have its status at the division inactivated and shall be required to apply for reactivation to status as a self-insured employer prior to its reemployment of employees. Despite such inactivation, the self-insured employer shall continue to make payments on all awards for which it is responsible. Upon application for reactivation of its status as an operating self-insured employer, the employer must document that it meets the eligibility requirements needed to maintain self-insured status under this section and any rules adopted to implement it. If the employer is unable to requalify and obtain approval for reactivation, the employer shall, effective with the date of employment of any employee, become a subscriber to the workers' compensation fund, but shall continue to be a self-insurer as to the prior period of active status and to furnish security or bond and meet its prior self-insurance obligations.

(h) In any case under the provisions of this section that shall require the payment of compensation or benefits by an employer in periodical payments and the nature of the case makes it possible to compute the present value of all future payments, then the division may, in its discretion, at any time compute and permit to be paid into the workers' compensation fund an amount equal to the present
value of all unpaid future payments on the award or
awards for which liability exists in trust. Thereafter, such
employer shall be discharged from any further portion of
premium tax liability upon such award or awards and
payment of the award or awards shall be assumed by the
division.

(i) Any employer subject to this chapter, who shall
elect to carry the employer's own risk by being
self-insured and who has complied with the requirements
of this section and of any applicable rules, shall not be
liable to respond in damages at common law or by statute
for the injury or death of any employee, however occurring, after such election's approval and during the period
that the employer is allowed to carry the employer's own
risk.

§23-2-14. Sale or transfer of business; attachment of lien for
premium, etc., payments due; criminal penalties for failure to pay; creation and avoidance or
elimination of lien; enforcement of lien; successor liability; enforcement of lien.

(a) If any employer shall sell or otherwise transfer
substantially all of the employer's assets, so as to give up
substantially all of the employer's capacity and ability to
continue in the business in which the employer has previ-
ously engaged, then:

(1) Such employer's premium taxes, premium depos-
its, interest and other payments owed to the division shall
be due and owing to the division upon the execution of
the agreement of sale or other transfer;

(2) Any repayment agreement entered into by the
employer with the division pursuant to section five of this
article shall terminate upon the execution of the aforesaid
agreement of sale or other transfer and all amounts owed
to the division but not yet paid shall become due; and

(3) Upon execution of an agreement of sale or other
transfer, as aforesaid, the division shall continue to have a
lien, as provided for in section five-a of this article, against
all of the remaining property of the employer as well as
all of the sold or transferred assets, which lien shall constitute a personal obligation of the employer.

(b) Notwithstanding any provisions of section five-a of this article to the contrary, in the event that a new employer acquires by sale or other transfer or assumes all or substantially all of a predecessor employer's assets, then:

(1) Any liens for payments owed to the division for premium taxes, premium deposits, interest, penalty premium rate or other payments owed to the division by the predecessor employer shall be extended to the successor employer;

(2) Any liens held by the division against the predecessor employer's property shall be extended to all of the assets of the successor employer;

(3) Liens acquired in the manner described in subdivisions (1) and (2) of this subsection shall be enforceable by the division to the same extent as provided for the enforcement of liens against the predecessor employer in section five-a of this article; and

(4) Unless all amounts owed by the predecessor employer are paid prior to or at the sale or other transfer, prior defaults by a predecessor employer shall accrue to the new employer for purposes of determining whether the new employer is subject to the penalty premium rate provisions of subdivision (1), subsection (f), section five of this article.

(c) Notwithstanding the provisions of section five-a of this article to the contrary, if any employer as described in subsection (a) of this section shall sell or otherwise transfer a portion of the employer's assets so as to affect the employer's capacity to do business, then:

(1) Such employer's premium taxes, premium deposits, interest, penalty premium rate and other payments owed to the division shall be due and owing to the division upon the execution of the agreement of sale or other transfer;

(2) Any repayment agreement entered into by the
employer with the division pursuant to section five of the
article shall terminate upon the execution of the aforesaid
agreement of sale or other transfer and all amounts owed
to the division but not yet paid shall become due; and

(3) Upon execution of an agreement of sale or other
transfer, as aforesaid, the division shall continue to have a
lien, as provided for in section five-a of this article, against
all of the remaining property of the employer as well as all
the sold or transferred assets, which lien shall constitute a
personal obligation of the employer.

(d) If an employer subject to subsection (a), (b) or (c)
of this section pays to the division, prior to the execution
of an agreement of sale or other transfer, a sum sufficient
to retire all of the indebtedness that the employer would
owe at the time of the execution, then the division shall
issue a certificate to the employer stating that the employ-
er's account is in good standing with the division and that
the assets may be sold or otherwise transferred without the
attachment of the division's lien. An agreement of sale or
other transfer may provide for the creation of an escrow
account into which the employers shall pay the full
amount owed to the division. The subsequent timely pay-
ment of that full amount to the division shall operate to
place both employers in good standing with the division to
the extent of the predecessor employer's liabilities retroac-
tive to the date of sale or other transfer. In the event that
the employer would not owe any sum to the division on
the aforesaid date of execution, then a certificate shall also
be issued to the employer upon the employer's request
stating that the employer's account is in good standing
with the division and that the assets may be sold or other-
wise transferred without the attachment of the division's
lien.

(e) As used in this article, the term "assets" means all
property of whatever type in which the employer has an
interest including, but not limited to, good will, business
assets, customers, clients, contracts, access to leases such as
the right to sublease, assignment of contracts for the sale
of products, operations, stock of goods or inventory, ac-
counts receivable, equipment or transfer of substantially
all of its employees.
(f) The transfer of any assets of the employer shall be presumed to be a transfer of all or substantially all of the assets if the transfer affects the employer's capacity to do business. The presumption can be overcome upon petition presented and an administrative hearing in accordance with section fifteen of this article and in consideration of the factors thereunder.

(g) The foregoing provisions are expressly intended to impose upon such successor employers the duty of obtaining from the division or predecessor employer, prior to the date of such acquisition, a valid "certificate of good standing to transfer a business or business assets" to verify that the predecessor employer's account with the division is in good standing.

§23-2-15. Liabilities of successor employer; waiver of payment by division; assignment of predecessor employer's premium rate to successor.

(a) At any time prior to or following the acquisition described in subsection (a), (b) or (c), section fourteen of this article, the buyer or other recipient may file a certified petition with the division requesting that the division waive the payment by the buyer or other recipient of premiums, premium deposits, interest and imposition of the modified rate of premiums attributable to the predecessor employer or other penalty, or any combination thereof. The division shall review the petition by considering the seven factors set forth below:

(1) The exact nature of the default;
(2) The amount owed to the division;
(3) The solvency of the fund;
(4) The financial condition of the buyer or other recipient;
(5) The equities exhibited towards the fund by the buyer or other recipient during the acquisition process;
(6) The potential economic impact upon the state and the specific geographic area in which the buyer or other
recipient is to be or is located, if the acquisition were not to occur; and

(7) Whether the assets are purchased in an arms-length transaction.

Unless requested by a party or by the division, no hearing need be held on the petition. However, any decision made by the division on the petition shall be in writing and shall include appropriate findings of fact and conclusions of law. Such decision shall be effective ten days following notice to the public of the decision unless an objection is filed in the manner herein provided. Such notice shall be given by the division's filing with the secretary of state, for publication in the state register, of a notice of the decision. At the time of filing the notice of its decision, the division shall also file with the secretary of state a true copy of the decision. The publication shall include a statement advising that any person objecting to the decision must file, within ten days after publication of the notice, a verified response with the division setting forth the objection and the basis therefor. If any such objection is filed, the division shall hold an administrative hearing, conducted pursuant to article five, chapter twenty-nine-a of this code, within fifteen days of receiving the response unless the buyer or other recipient consents to a later hearing. Nothing in this subsection shall be construed to be applicable to the seller or other transferor or to affect in any way a proceeding under sections five and five-a of this article.

(b) In the factual situations set forth in subsection (a), (b) or (c), section fourteen of this article, if the predecessor's modified rate of premium tax, as calculated in accordance with section four of this article, is greater than the manual rate of premium tax, as calculated in accordance with said section, for other employers in the same class or group, then, if the new employer does not already have a modified rate of premium, it shall also assume the predecessor employer's modified rates for the payment of premiums as determined under sections four and five of this article until sufficient time has elapsed for the new employer's experience record to be combined with the expe-
rience record of the predecessor employer so as to calcu-
late the new employer's own modified rate of premium
tax. As provided for by subdivision (4), subsection (b),
section fourteen of this article, the new employer may
avoid this assumption of the predecessor's rate of premium
tax if all liabilities of the predecessor are paid prior to or
at the time of the sale or other transfer.

ARTICLE 3. WORKERS' COMPENSATION FUND.

§23-3-1. Compensation fund; surplus fund; catastrophe and catastrophe
payment defined; second injury and second injury reserve;
compensation by employers.

§23-3-4. Disbursements not considered as abandoned property; interest to
be retained.

§23-3-5. Authorization to require the electronic invoices and transfers.

§23-3-1. Compensation fund; surplus fund; catastrophe and catastrophe
payment defined; second injury and second injury reserve; compensation by employ-
ers.

(a) The commissioner shall establish a workers' com-
penstate fund from the premiums and other funds paid
thereby employers, as herein provided, for the benefit
of employees of employers who have paid the premiums
applicable to such employers and have otherwise complied
fully with the provisions of section five, article two of this
chapter, and for the benefit, to the extent elsewhere in this
chapter set out, of employees of employers who have
elected, under section nine, article two of this chapter, to
make payments into the surplus fund hereinafter provided
for, and for the benefit of the dependents of all such em-
ployees, and for the payment of the administration ex-
penses of this chapter.

(b) A portion of all premiums that shall be paid into
the workers' compensation fund by subscribers not elect-
ing to carry their own risk under section nine, article two
of this chapter, shall be set aside to create and maintain a
surplus fund to cover the catastrophe hazard, the second
injury hazard, and all losses not otherwise specifically
provided for in this chapter. The percentage to be set
aside shall be determined pursuant to the rules adopted to
implement section four, article two of this chapter and
shall be in an amount sufficient to maintain a solvent sur-
plus fund. All interest earned on investments by the work-
ers' compensation fund, which is attributable to the surplus
fund, shall be credited to the surplus fund.

(c) A catastrophe is hereby defined as an accident in
which three or more employees are killed or receive inju-
ries, which, in the case of each individual, consist of: Loss
of both eyes or the sight thereof; or loss of both hands or
the use thereof; or loss of both feet or the use thereof; or
loss of one hand and one foot or the use thereof. The
aggregate of all medical and hospital bills and other costs,
and all benefits payable on account of a catastrophe is
hereby defined as "catastrophe payment". In case of a
catastrophe to the employees of an employer who is an
ordinary premium-paying subscriber to the fund, or to the
employees of an employer who, having elected to carry
the employer's own risk under section nine, article two of
this chapter, has heretofore elected, or may hereafter elect,
to pay into the catastrophe reserve of the surplus fund
under the provisions of that section, then the catastrophe
payment arising from such catastrophe shall not be
charged against, or paid by, such employer but shall be
paid from the catastrophe reserve of the surplus fund.

(d) (1) If an employee who has a definitely ascertain-
able physical impairment, caused by a previous occupa-
tional injury, occupational pneumoconiosis or occupa-
tional disease, irrespective of its compensability, becomes
permanently and totally disabled through the combined
effect of such previous injury and a second injury re-
ceived in the course of and as a result of his or her em-
ployment, the employer shall be chargeable only for the
compensation payable for such second injury: Provided,
That in addition to such compensation, and after the com-
pletion of the payments therefor, the employee shall be
paid the remainder of the compensation that would be due
for permanent total disability out of a special reserve of
the surplus fund known as the second injury reserve, creat-
ed in the manner hereinbefore set forth. The procedure
by which the claimant's request for a permanent total dis-
ability award under this section is ruled upon shall require
that the issue of the claimant's degree of permanent dis-
ability first be determined. Thereafter, by means of a separate order, a decision shall be made as to whether the award shall be a second injury award under this subsection or a permanent total disability award to be charged to the employer's account or to be paid directly by the employer if the employer has elected to be self-insured under the provisions of section nine, article two of this chapter.

(2) If an employee of an employer, where the employer has elected to carry his or her own risk under section nine, article two of this chapter, and is permitted not to make payments into the second injury reserve of surplus fund under the provisions of said section, has a definitely ascertainable physical impairment caused by a previous occupational injury, occupational pneumoconiosis or occupational disease, irrespective of its compensability, and becomes permanently and totally disabled from the combined effect of such previous injury and a second injury received in the course of and as a result of his or her employment, the employee shall be granted an award of total permanent disability and his or her employer shall, upon order of the division, compensate the said employee in the same manner as if the total permanent disability of the employee had resulted from a single injury while in the employ of such employer.

(e) Employers electing, as herein provided, to compensate individually and directly their injured employees and their fatally injured employees' dependents shall do so in the manner prescribed by the division, and shall make all reports and execute all blanks, forms and papers as directed by the division, and as provided in this chapter.

§23-3-4. Disbursements not considered as abandoned property; interest to be retained.

(a) All disbursements from the workers' compensation fund and of the other funds created pursuant to this chapter which might otherwise be presumed to be abandoned and subject to the custody of the state as unclaimed property under the provisions of article eight, chapter thirty-six of this code shall be deposited by the state treasurer to the credit of the workers' compensation fund or to such other affected fund.
(b) Notwithstanding any provision of law to the contrary, all interest and other earnings accruing to the investments and deposits of the workers' compensation fund and of the other funds created pursuant to this chapter shall be credited only to the account of the workers' compensation fund or to such other affected fund.

§23-3-5. Authorization to require the electronic invoices and transfers.

(a) The workers' compensation division is authorized to establish a program to require the acceptance of disbursements by electronic transfer from the workers' compensation fund to employers, vendors and all others lawfully entitled to receive such disbursements: Provided, That claimants may not be required to accept such transfers but may elect to do so.

(b) The division is further authorized to establish a program to require payments of deposits, premiums and other funds into the workers' compensation fund by electronic transfer of funds.

(c) The division is further authorized to establish a program that invoices and other charges against the workers' compensation fund may be submitted to the division by electronic means.

(d) Any program authorized by this section must be implemented through the issuance of a rule pursuant to subdivisions (b) and (c), section seven, article three, chapter twenty-one-a of this code.

ARTICLE 4. DISABILITY AND DEATH BENEFITS.

§23-4-1c. Payment of temporary total disability benefits directly to claimant; payment of medical benefits; payments of benefits during protest; right of division to collect payments improperly made.
§23-4-1d. Method and time of payments for permanent disability.
§23-4-3. Schedule of maximum disbursements for medical, surgical, dental and hospital treatment; legislative approval; guidelines; preferred provider agreements; charges in excess of scheduled amounts not to be made; required disclosure of financial interest in sale or rental of medically related mechanical appliances.
or devices; promulgation of rules to enforce requirement; consequences of failure to disclose; contract by employer with hospital, physician, etc., prohibited; criminal penalties for violation; payments to certain providers prohibited; medical cost and care programs; payments; interlocutory orders.

§23-4-4. Funeral expenses; wrongfully seeking payment; criminal penalties.

§23-4-6. Classification of and criteria for disability benefits.

§23-4-6a. Benefits and mode of payment to employees and dependents for occupational pneumoconiosis; further adjustment of claim for occupational pneumoconiosis.

§23-4-6c. Benefits payable to certain sheltered workshop employees; limitations.

§23-4-7. Release of medical information to employer; legislative findings; effect of application for benefits; duty of employer.

§23-4-7a. Monitoring of injury claims; legislative findings; review of medical evidence; recommendation of authorized treating physician; independent medical evaluations; temporary total disability benefits and the termination thereof; mandatory action; additional authority.

§23-4-10. Classification of death benefits; "dependent" defined.

§23-4-15b. Determination of nonmedical questions by division; claims for occupational pneumoconiosis; hearing.

§23-4-16. Division's jurisdiction over case continuous; modification of finding or order; time limitation on awards; reimbursement of claimant for expenses; reopening cases involving permanent total disability; promulgation of rules.

§23-4-18. Mode of paying benefits generally; exemptions of compensation from legal process.

§23-4-24. Permanent total disability awards; retirement age; limitations on eligibility and the introduction of evidence; effects of other types of awards; procedures; requests for awards; jurisdiction.

§23-4-25. Permanent total disability benefits; reduction of disability benefits for wages earned by claimant.

Every employee who sustains an injury subject to this chapter, or his or her representative, shall immediately on the occurrence of such injury or as soon thereafter as practicable give or cause to be given to the employer or any of the employer's agents a written notice of the occurrence of such injury, with like notice or a copy thereof to the workers' compensation division stating in ordinary language the name and address of the employer, the name
and address of the employee, the time, place, nature and cause of the injury, and whether temporary total disability has resulted therefrom. Such notice shall be given personally to the employer or any of the employer's agents, or may be sent by certified mail addressed to the employer at the employer's last known residence or place of business. Such notice may be given to the workers' compensation division by mail.

§23-4-1c. Payment of temporary total disability benefits directly to claimant; payment of medical benefits; payments of benefits during protest; right of division to collect payments improperly made.

(a) In any claim for benefits under this chapter, the workers' compensation division shall determine whether the claimant has sustained a compensable injury within the meaning of section one of this article and the division shall enter an order giving all parties immediate notice of such decision.

(1) The division may enter an order conditionally approving the claimant's application if the division finds that obtaining additional medical evidence or evaluations or other evidence related to the issue of compensability would aid the division in making a correct final decision. Benefits shall be paid during the period of conditional approval; however, if the final decision is one that rejects the claim, then any such payments shall be considered an overpayment. The division may only recover the amount of such an overpayment as provided for in subsection (i) of this section.

(2) In making a determination regarding the compensability of a newly filed claim or upon a filing for the reopening of a prior claim pursuant to the provisions of section sixteen of this article based upon an allegation of recurrence, reinjury, aggravation or progression of the previous compensable injury or in the case of a filing of a request for any other benefits under the provisions of this chapter, the division shall consider the date of the filing of the claim for benefits for a determination of the following:

(A) Whether the claimant had scheduled shutdown
beginning within one week of the date of the filing; or

(B) Whether the claimant received notice within sixty
days of the filing that his or her employment position was
to be eliminated, including, but not limited to, the claim-
ant's worksite, a layoff or the elimination of the claimant's
employment position; or

(C) Whether the claimant is receiving unemployment
compensation benefits at the time of the filing; or

(D) Whether the claimant has received unemployment
compensation benefits within sixty days of the filing.

In the event of an affirmative finding upon any of
these four factors, then such finding shall be given proba-
tive weight in the overall determination of the compensa-
tibility of the claim or of the merits of the reopening re-
quest.

(3) Any party shall have the right to object to the
order of the division and obtain an evidentiary hearing as
provided in section one, article five of this chapter.

(b) Where it appears from the employer's report, or
from proper medical evidence, that a compensable injury
will result in a disability which will last longer than three
days as provided in section five of this article, the division
may immediately enter an order commencing the pay-
ment of temporary total disability benefits to the claimant
in the amounts provided for in sections six and fourteen
of this article, and the payment of the expenses provided
for in subsection (a), section three of this article, relating
to said injury, without waiting for the expiration of the
thirty-day period during which objections may be filed to
such findings as provided in section one, article five of this
chapter. The division shall enter an order commencing
the payment of temporary total disability or medical bene-
fits within fifteen days of receipt of either the employee's
or employer's report of injury, whichever is received soon-
er, and also upon receipt of either a proper physician's
report or any other information necessary for a determi-
nation. The division shall give to the parties immediate
notice of any order granting temporary total disability or
medical benefits.
(c) The division may enter orders granting temporary total disability benefits upon receipt of medical evidence justifying the payment of such benefits. In no claim shall the division enter an order granting prospective temporary total disability benefits for a period of more than ninety days: Provided, That when the division determines that the claimant remains disabled beyond the period specified in the prior order granting temporary total disability benefits, the division shall enter an order continuing the payment of temporary total disability benefits for an additional period not to exceed ninety days, and shall give immediate notice to all parties of such decision.

(d) Upon receipt of the first report of injury in claim, the division shall request from the employer or employers any wage information necessary for determining the rate of benefits to which the employee is entitled. If an employer does not furnish the division with this information within fifteen days from the date the division received the first report of injury in the case, the employee shall be paid temporary total disability benefits for lost time at the rate the division obtains from reports made pursuant to section eleven, article ten, chapter twenty-one-a of this code. If no such wages have been reported, then the division shall make such payments at the rate the division finds would be justified by the usual rate of pay for the occupation of the injured employee. The division shall adjust the rate of benefits both retroactively and prospectively upon receipt of proper wage information. The division shall have access to all wage information in the possession of any state agency.

(e) Subject to the limitations set forth in section sixteen of this article, upon a finding of the division that a claimant who has sustained a previous compensable injury which has been closed by any order of the division, or by the claimant's return to work, suffers further temporary total disability or requires further medical or hospital treatment resulting from the compensable injury, the division shall immediately enter an order commencing the payment of temporary total disability benefits to the claimant in the amount provided for in sections six and fourteen of this article, and the expenses provided for in
subsection (a), section three of this article, relating to said
disability, without waiting for the expiration of the
thirty-day period during which objections may be filed to
such findings as provided in section one, article five of this
chapter. The division shall give immediate notice to the
parties of its order.

(f) Where the employer is a subscriber to the workers'
compensation fund under the provisions of article three of
this chapter, and upon the findings aforesaid, the division
shall mail all workers' compensation checks paying tem­
porary total disability benefits directly to the claimant and
not to the employer for delivery to the claimant.

(g) Where the employer has elected to carry its own
risk under section nine, article two of this chapter, and
upon the findings aforesaid, the division shall immediately
issue a pay order directing the employer to pay such
amounts as are due the claimant for temporary total dis­
ability benefits. A copy of the order shall be sent to the
claimant. The self-insured employer shall commence
such payments by mailing or delivering the payments
directly to the employee within ten days of the date of the
receipt of the pay order by the employer. If the
self-insured employer believes that its employee is entitled
to benefits, the employer may start payments before re­
ceiving a pay order from the division.

(h) In the event that an employer files a timely objec­
tion to any order of the division with respect to compensa­
bility, or any order denying an application for modifica­
tion with respect to temporary total disability benefits, or
with respect to those expenses outlined in subsection (a),
section three of this article, the division shall continue to
pay to the claimant such benefits and expenses during the
period of such disability. Where it is subsequently found
by the division that the claimant was not entitled to receive
such temporary total disability benefits or expenses, or
any part thereof, so paid, the division shall, when the em­
ployer is a subscriber to the fund, credit said employer's
account with the amount of the overpayment; and, when
the employer has elected to carry its own risk, the division
shall refund to such employer the amount of the overpay­
The amounts so credited to a subscriber or repaid to a self-insurer shall be charged by the division to the surplus fund created in section one, article three of this chapter.

(i) When the employer has protested the compensability or applied for modification of a temporary total disability benefit award or expenses and the final decision in such case determines that the claimant was not entitled to such benefits or expenses, the amount of such benefits or expenses shall be considered overpaid. The division may only recover the amount of such benefits or expenses by withholding, in whole or in part, as determined by the division, future permanent partial disability benefits payable to the individual in the same or other claims and credit such amount against the overpayment until it is repaid in full.

(j) In the event that the division finds that based upon the employer's report of injury, the claim is not compensable, the division shall provide a copy of such employer's report to the claimant in addition to the order denying the claim.

§23-4-1d. Method and time of payments for permanent disability.

(a) If the division makes an award for permanent partial or permanent total disability, the division or self-insured employer shall start payment of benefits by mailing or delivering the amount due directly to the employee within fifteen days from the date of the award: Provided, That the division may withhold payment of the portion of the award that is the subject of the following subsection until seventy-seven days have expired without an objection being filed.

(b) On and after the first day of July, one thousand nine hundred ninety-five, whenever the division, the office of judges or the workers' compensation appeal board enters an order granting the claimant a permanent total disability award and an objection or appeal is then filed by the employer or the division, the division shall begin the payment of monthly permanent total disability benefits.
However, any payment for a back period of benefits from the onset date of total permanent disability to the date of the award shall be limited to a period of twelve months of benefits. If, after all litigation is completed and the time for the filing of any further objections or appeals to the award has expired, the award of permanent total disability benefits is upheld, then the claimant shall receive the remainder of benefits due to him or her based upon the onset date of total permanent disability that was finally determined.

(c) If the claimant is then owed any additional payment of back permanent total disability benefits, then the division shall not only pay the claimant the sum owed but shall also add thereto interest at the simple rate of six percent per annum from the date of the initial award granting the total permanent disability to the date of the final order upholding the award. In the event that an intermediate order directed an earlier onset date of permanent total disability than was found in the initial award, the interest earning period for that additional period shall begin upon the date of the intermediate award. Any interest payable shall be charged to the account of the employer or shall be paid by the employer if it has elected to carry its own risk.

(d) If a timely protest to the award is filed, as provided in section one or nine, article five of this chapter, the division or self-insured employer shall continue to pay to the claimant such benefits during the period of such disability unless it is subsequently found that the claimant was not entitled to receive the benefits, or any part thereof, so paid, in which event the division shall, where the employer is a subscriber to the fund, credit said employer's account with the amount of the overpayment; and, where the employer has elected to carry the employer's own risk, the division shall refund to such employer the amount of the overpayment. The amounts so credited to a subscriber or repaid to a self-insurer shall be charged by the division to the surplus fund created by section one, article three of this chapter. If the final decision in any case determines that a claimant was not lawfully entitled to benefits paid to him or her pursuant to a prior decision, such amount of bene-
fits so paid shall be deemed overpaid. The division may only recover such amount by withholding, in whole or in part, as determined by the division, future permanent partial disability benefits payable to the individual in the same or other claims and credit such amount against the overpayment until it is repaid in full.

§23-4-3. Schedule of maximum disbursements for medical, surgical, dental and hospital treatment; legislative approval; guidelines; preferred provider agreements; charges in excess of scheduled amounts not to be made; required disclosure of financial interest in sale or rental of medically related mechanical appliances or devices; promulgation of rules to enforce requirement; consequences of failure to disclose; contract by employer with hospital, physician, etc., prohibited; criminal penalties for violation; payments to certain providers prohibited; medical cost and care programs; payments; interlocutory orders.

(a) The workers' compensation division shall establish and alter from time to time as the division may determine to be appropriate a schedule of the maximum reasonable amounts to be paid to health care providers, providers of rehabilitation services, providers of durable medical and other goods and providers of other supplies and medically related items or other persons, firms or corporations for the rendering of treatment or services to injured employees under this chapter. The division also, on the first day of each regular session and also from time to time, as the division may consider appropriate, shall submit the schedule, with any changes thereto, to the Legislature. The promulgation of the schedule is not subject to the legislative rule-making review procedures established in sections nine through sixteen, article three, chapter twenty-nine-a of this code.

The division shall disburse and pay from the fund for such personal injuries to such employees as may be entitled thereto hereunder as follows:

(1) Such sums for health care services, rehabilitation services, durable medical and other goods and other sup-
plies and medically related items as may be reasonably required. The division shall determine that which is reasonably required within the meaning of this section in accordance with the guidelines developed by the health care advisory panel pursuant to section three-b of this article: Provided, That nothing herein shall prevent the implementation of guidelines applicable to a particular type of treatment or service or to a particular type of injury before guidelines have been developed for other types of treatment or services or injuries: Provided, however, that any guidelines for utilization review which are developed in addition to the guidelines provided for in said section may be utilized by the division until superseded by guidelines developed by the health care advisory panel pursuant to said section. Each health care provider who seeks to provide services or treatment which are not within any such guideline shall submit to the division specific justification for the need for such additional services in the particular case and the division shall have the justification reviewed by a health care professional before authorizing any such additional services. The division is authorized to enter into preferred provider and managed care agreements.

(2) Payment for health care services, rehabilitation services, durable medical and other goods and other supplies and medically related items authorized under this subsection may be made to the injured employee or to the person, firm or corporation who or which has rendered such treatment or furnished health care services, rehabilitation services, durable medical or other goods or other supplies and items, or who has advanced payment for same, as the division may deem proper, but no such payments or disbursements shall be made or awarded by the division unless duly verified statements on forms prescribed by the division shall be filed with the division within two years after the rendering of such treatment or the delivery of such goods, supplies or items: Provided, That no payment hereunder shall be made unless such verified statement shows no charge for or with respect to such treatment or for or with respect to any of the items specified above has been or will be made against the in-
jured employee or any other person, firm or corporation, and when an employee covered under the provisions of this chapter is injured in the course of and as a result of his or her employment and is accepted for health care services, rehabilitation services, or the provision of durable medical or other goods or other supplies or medically related items, the person, firm or corporation rendering such treatment is hereby prohibited from making any charge or charges therefor or with respect thereto against the injured employee or any other person, firm or corporation which would result in a total charge for the treatment rendered in excess of the maximum amount set forth therefor in the division's schedule established as aforesaid.

(3) Any pharmacist filling a prescription for medication for a workers' compensation claimant shall dispense a generic brand of the prescribed medication if a generic brand exists. If a generic brand does not exist, then the pharmacist may dispense the name brand. In the event that a physician wishes to prescribe the use of the name brand of a given prescription medication, then he or she must indicate in his or her own handwriting on the prescription order form that the brand name medication is to be issued. In the event that a claimant wishes to receive the name brand medication in lieu of the generic brand and if the physician has not indicated that the brand name is required, then the claimant may receive the name brand medication but, in that event, the claimant will be personally liable for the difference in costs between the generic brand medication and the brand name medication.

(4) In the event that a claimant elects to receive health care services from a health care provider from outside of the state of West Virginia and if that health care provider refuses to abide by and accept as full payment the reimbursement made by the workers' compensation division pursuant to the schedule of maximum reasonable amounts of fees authorized by subsection (a) of this section, then, with the exceptions noted below, the claimant will be personally liable for the difference between the scheduled fee and the amount demanded by the out-of-state health care provider.
103 (A) In the event of an emergency where there is an urgent need for immediate medical attention in order to prevent the death of a claimant or to prevent serious and permanent harm to the claimant, if the claimant receives the emergency care from an out-of-state health care provider who refuses to accept as full payment the scheduled amount, then that claimant will not be personally liable for the difference between the amount scheduled and the amount demanded by the health care provider. Upon the claimant's attaining a stable medical condition and being able to be transferred to either a West Virginia health care provider or an out-of-state health care provider who has agreed to accept the scheduled amount of fees as payment in full, if such claimant refuses to seek the specified alternative health care providers, then he or she will be personally liable for the difference in costs between the scheduled amount and the amount demanded by the health care provider for services provided after attaining stability and being able to be transferred.

122 (B) In the event that there is no health care provider reasonably near to the claimant's home who is qualified to provide the claimant's needed medical services and who is either located in the state of West Virginia or who has agreed to accept as payment in full the scheduled amounts of fees, then the division upon application by the claimant may authorize the claimant to receive medical services from another health care provider and such claimant shall not be personally liable for the difference in costs between the scheduled amount and the amount demanded by the health care provider.

133 (b) No employer shall enter into any contracts with any hospital, its physicians, officers, agents or employees to render medical, dental or hospital service or to give medical or surgical attention therein to any employee for injury compensable within the purview of this chapter, and no employer shall permit or require any employee to contribute, directly or indirectly, to any fund for the payment of such medical, surgical, dental or hospital service within such hospital for such compensable injury. Any employer violating this section shall be liable in damages to the employer's employees as provided in section eight,
article two of this chapter, and any employer or hospital or
agent or employee thereof violating the provisions of this
section shall be guilty of a misdemeanor, and, upon con-
viction thereof, shall be punished by a fine not less than
one hundred dollars nor more than one thousand dollars
or by imprisonment not exceeding one year, or both:

Provided, That the foregoing provisions of this subsection
shall not be deemed to prohibit an employer from partici-
pating in a preferred provider organization or program or
a health maintenance organization or managed care orga-
nization or other medical cost containment relationship
with the providers of medical, hospital or other health
care: Provided, however, That nothing in this section shall
be deemed to restrict the right of a claimant to select his or
her initial health care provider for treatment of a compen-
sable injury or disease. Should such a claimant thereafter
wish to change his or her health care provider and if his or
her employer has established and maintains a managed
health care program consisting of a preferred provider
organization or program, a health maintenance organiza-
tion, then the claimant shall select a new health care pro-
vider through such managed care program. Moreover, if
the division enters into an agreement which has been ap-
proved by the compensation programs performance coun-
cil with a preferred provider organization or program, a
health maintenance organization or other health care de-
delivery organization or organizations, then if a claimant
seeks to change his or her initial choice of health care
provider and if the claimant's employer does not provide
access to such an organization as part of the employer's
general health insurance benefit, then the claimant shall be
provided with a new health care provider from the divi-
sion's preferred provider organization or program, health
maintenance organization or other health care delivery
organization or organizations available to him or her.

(c) When an injury has been reported to the division
by the employer without protest, the division may pay, or
order an employer who or which made the election and
who or which received the permission mentioned in sec-
tion nine, article two of this chapter to pay, within the
maximum amount provided by schedule established by
the division as aforesaid, bills for health care services without requiring the injured employee to file an application for benefits.

(d) The division shall provide for the replacement of artificial limbs, crutches, hearing aids, eyeglasses and all other mechanical appliances provided in accordance with this section which later wear out, or which later need to be refitted because of the progression of the injury which caused the same to be originally furnished, or which are broken in the course of and as a result of the employee's employment. The fund or self-insured employer shall pay for these devices, when needed, notwithstanding any time limits provided by law.

(e) No payment shall be made to a health care provider who is suspended or terminated under the terms of section three-c of this article except as provided in subsection (c) of said section.

(f) The division is authorized to engage in and contract for medical cost containment programs, medical case management programs and utilization review programs. Payments for these programs shall be made from the superseded reserve of the surplus fund. Any order issued pursuant to any such program shall be interlocutory in nature until an objecting party has exhausted all review processes provided for by the division.

(g) Notwithstanding the foregoing, the division may establish fee schedules, make payments and take other actions required or allowed pursuant to article twenty-nine-d, chapter sixteen of this code.

§23-4-4. Funeral expenses; wrongfully seeking payment; criminal penalties.

(a) In case the personal injury causes death, reasonable funeral expense, in an amount to be fixed from time to time by the division, shall be paid from the fund, payment to be made to the persons who have furnished the services and supplies, or to the persons who have advanced payment for same, as the division may deem proper, in addi-
tion to such award as may be made to the employee's dependents.

(b) A funeral director, or any person who furnished the services and supplies associated with the funeral expenses, or a person who has advanced payment for same, is prohibited from making any charge or charges against the employee's dependents for funeral expenses which would result in a total charge for funeral expenses in excess of the amount fixed by the division unless:

(1) The person seeking funeral expenses notifies, in writing and prior to the rendering of any service, the employee's dependent as to the exact cost of the service and the exact amount the employee's dependent would be responsible for paying in excess of the amount fixed by the division; and

(2) The person seeking funeral expenses secures, in writing and prior to the rendering of any service, consent from the employee's dependent that he or she will be responsible to make payment for the amount in excess of the amount fixed by the division.

(c) Any person who knowingly and willfully seeks or receives payment of funeral expenses in excess of the amount fixed by the division without satisfying both of the requirements of subsection (b) of this section is guilty of a misdemeanor, and, upon conviction thereof, shall be fined three thousand dollars or confined in jail for a definite term of confinement of twelve months, or both.

§23-4-6. Classification of and criteria for disability benefits.

Where compensation is due an employee under the provisions of this chapter for personal injury, the compensation shall be as provided in the following schedule:

(a) The expressions "average weekly wage earnings, wherever earned, of the injured employee, at the date of injury" and "average weekly wage in West Virginia", as used in this chapter, shall have the meaning and shall be computed as set forth in section fourteen of this article except for the purpose of computing temporary total disability benefits for part-time employees pursuant to the provisions of section six-d of this article.
(b) If the injury causes temporary total disability, the employee shall receive during the continuance thereof a maximum weekly benefit to be computed on the basis of seventy percent of the average weekly wage earnings, wherever earned, of the injured employee, at the date of injury, not to exceed one hundred percent of the average weekly wage in West Virginia: Provided, That in the case of a claimant whose injury occurred prior to the second day of February, one thousand nine hundred ninety-five, the maximum benefit rate shall be the rate applied under the prior enactment of this subsection which was in effect at the time the injury occurred, and the rate shall not be affected by the amendment and reenactment of this section during the regular session of the Legislature in the year one thousand nine hundred ninety-five.

The minimum weekly benefits paid hereunder shall not be less than thirty-three and one-third percent of the average weekly wage in West Virginia, except as provided in section six-d and section nine of this article. In no event, however, shall such minimum weekly benefits exceed the level of benefits determined by use of the then applicable federal minimum hourly wage: Provided, That any claimant receiving permanent total disability benefits, permanent partial disability benefits or dependents' benefits prior to the first day of July, one thousand nine hundred ninety-four, shall not have his or her benefits reduced based upon the requirement herein that the minimum weekly benefit shall not exceed the applicable federal minimum hourly wage.

(c) Subdivision (b) of this section shall be limited as follows: Aggregate award for a single injury causing temporary disability shall be for a period not exceeding two hundred eight weeks.

(d) For all awards of permanent total disability benefits that are made on or after the second day of February, one thousand nine hundred ninety-five, including those claims in which a request for an award was pending before the division or which were in litigation but not yet submitted for a decision, then benefits shall be payable until the claimant attains the age necessary to receive federal old...
age retirement benefits under the provisions of the Social Security Act, 42 U.S.C. 401 and 402, in effect on the effective date of this section. Such a claimant shall be paid benefits so as not to exceed a maximum benefit of sixty-six and two-thirds percent of the claimant's average weekly wage earnings, wherever earned, at the time of the date of injury not to exceed one hundred percent of the average weekly wage in West Virginia. The minimum weekly benefits paid hereunder shall be as is provided for in subdivision (b) of this section. In all claims in which an award for permanent total disability benefits was made prior to the second day of February, one thousand nine hundred ninety-five, such awards shall continue to be paid at the rate in effect prior to the said date, subject to annual adjustments for changes in the average weekly wage in West Virginia: Provided, That the provisions of sections one through eight, article four-a of this chapter shall be applied thereafter to all such prior awards that were previously subject to its provisions. A single or aggregate permanent disability of eighty-five percent or more shall entitle the employee to a rebuttable presumption of a permanent total disability for the purpose of paragraph (2), subdivision (n) of this section: Provided, however, that the claimant must also be at least fifty percent medically impaired upon a whole body basis. The presumption may be rebutted if the evidence establishes that the claimant is not permanently and totally disabled pursuant to subdivision (n) of this section. Under no circumstances shall the division grant an additional permanent disability award to a claimant receiving a permanent total disability award: Provided further, That if any claimant thereafter sustains another compensable injury and has permanent partial disability resulting therefrom, the total permanent disability award benefit rate shall be computed at the highest benefit rate justified by any of the compensable injuries, and the cost of any increase in the permanent total disability benefit rate shall be paid from the second injury reserve created by section one, article three of this chapter.

(e) (1) For all awards made on or after the second day of February, one thousand nine hundred ninety-five, if the injury causes permanent disability less than permanent
total disability, the percentage of disability to total disability shall be determined and the award computed on the basis of four weeks' compensation for each percent of disability determined, at the maximum or minimum benefit rates provided for in subdivision (d) of this section: Provided, That in the case of a claimant whose injury occurred prior to the second day of February, one thousand nine hundred ninety-five, the maximum benefit rate shall be the rate applied under the prior enactment of this section which was in effect at the time the injury occurred, and the rate shall not be affected by the amendment and reenactment of this section during the regular session of the Legislature in the year one thousand nine hundred ninety-five.

(2) If a claimant is released by his or her treating physician to return to work at the job he or she held before the occupational injury occurred and if the claimant's preinjury employer does not offer the preinjury job or a comparable job to the employee when such a position is available to be offered, then the award for the percentage of partial disability shall be computed on the basis of six weeks of compensation for each percent of disability.

(3) The minimum weekly benefit under this subdivision shall be as provided in subdivision (b) of this section for temporary total disability.

(f) If the injury results in the total loss by severance of any of the members named in this subdivision, the percentage of disability shall be determined by the percentage of disability, specified in the following table:

The loss of a great toe shall be considered a ten percent disability.

The loss of a great toe (one phalanx) shall be considered a five percent disability.

The loss of other toes shall be considered a four percent disability.

The loss of other toes (one phalanx) shall be considered a two percent disability.
The loss of all toes shall be considered a twenty-five percent disability.

The loss of forepart of foot shall be considered a thirty percent disability.

The loss of a foot shall be considered a thirty-five percent disability.

The loss of a leg shall be considered a forty-five percent disability.

The loss of thigh shall be considered a fifty percent disability.

The loss of thigh at hip joint shall be considered a sixty percent disability.

The loss of a little or fourth finger (one phalanx) shall be considered a three percent disability.

The loss of a little or fourth finger shall be considered a five percent disability.

The loss of ring or third finger (one phalanx) shall be considered a three percent disability.

The loss of ring or third finger shall be considered a five percent disability.

The loss of middle or second finger (one phalanx) shall be considered a three percent disability.

The loss of middle or second finger shall be considered a seven percent disability.

The loss of index or first finger (one phalanx) shall be considered a six percent disability.

The loss of index or first finger shall be considered a ten percent disability.

The loss of thumb (one phalanx) shall be considered a twelve percent disability.

The loss of thumb shall be considered a twenty percent disability.
The loss of thumb and index finger shall be considered a thirty-two percent disability.

The loss of index and middle finger shall be considered a twenty percent disability.

The loss of middle and ring finger shall be considered a fifteen percent disability.

The loss of ring and little finger shall be considered a ten percent disability.

The loss of thumb, index and middle finger shall be considered a forty percent disability.

The loss of index, middle and ring finger shall be considered a thirty percent disability.

The loss of middle, ring and little finger shall be considered a twenty percent disability.

The loss of four fingers shall be considered a thirty-two percent disability.

The loss of hand shall be considered a fifty percent disability.

The loss of forearm shall be considered a fifty-five percent disability.

The loss of arm shall be considered a sixty percent disability.

The total and irrecoverable loss of the sight of one eye shall be considered a thirty-three percent disability. For the partial loss of vision in one, or both eyes, the percentages of disability shall be determined by the division, using as a basis the total loss of one eye.

The total and irrecoverable loss of the hearing of one ear shall be considered a twenty-two and one-half percent disability. The total and irrecoverable loss of hearing of both ears shall be considered a fifty-five percent disability.

For the partial loss of hearing in one, or both ears, the percentage of disability shall be determined by the division, using as a basis the total loss of hearing in both ears.
Should a claimant sustain a compensable injury which results in the total loss by severance of any of the bodily members named in this subdivision, die from sickness or noncompensable injury before the division makes the proper award for such injury, the division shall make such award to claimant's dependents as defined in this chapter, if any; such payment to be made in the same installments that would have been paid to claimant if living: Provided, That no payment shall be made to any surviving spouse of such claimant after his or her remarriage, and that this liability shall not accrue to the estate of such claimant and shall not be subject to any debts of, or charges against, such estate.

(g) Should a claimant to whom has been made a permanent partial award die from sickness or noncompensable injury, the unpaid balance of such award shall be paid to claimant's dependents as defined in this chapter, if any; such payment to be made in the same installments that would have been paid to claimant if living: Provided, That no payment shall be made to any surviving spouse of such claimant after his or her remarriage, and that this liability shall not accrue to the estate of such claimant and shall not be subject to any debts of, or charges against, such estate.

(h) For the purposes of this chapter, a finding of the occupational pneumoconiosis board shall have the force and effect of an award.

(i) For the purposes of this chapter, with the exception of those injuries provided for in subdivision (f) of this section and in section six-b of this article, the degree of permanent disability other than permanent total disability shall be determined exclusively by the degree of whole body medical impairment that a claimant has suffered. For those injuries provided for in subdivision (f) of this section and section six-b of this article, the degree of disability shall be determined exclusively by the provisions of said subdivision and said section. The occupational pneumoconiosis board created pursuant to section eight-a of this article shall premise its decisions on the degree of pulmonary function impairment that claimants suffer solely upon whole body medical impairment. The work-
ers' compensation division shall adopt standards for the
evaluation of claimants and the determination of a claim-
ant's degree of whole body medical impairment. Once the
degree of medical impairment has been determined, that
degree of impairment shall be the degree of permanent
partial disability that shall be awarded to the claimant. This
subdivision shall be applicable to all injuries incurred and
diseases with a date of last exposure on or after the second
day of February, one thousand nine hundred ninety-five,
to all applications for an award of permanent partial dis-
ability made on and after such date, and to all applications
for an award of permanent partial disability that were
pending before the division or pending in litigation but
not yet submitted for decision on and after such date. The
prior provisions of this subdivision shall remain in effect
for all other claims.

(j) From a list of names of seven persons submitted to
the commissioner by the health care advisory panel, the
commissioner shall appoint an interdisciplinary examining
board consisting of five members to evaluate claimants,
including by examination if the board so elects. The
board shall be composed of three qualified physicians
with specialties and expertise qualifying them to evaluate
medical impairment and two vocational rehabilitation
specialists who are qualified to evaluate the ability of a
claimant to perform gainful employment with or without
retraining. One member of the board shall be designated
annually as chairperson by the commissioner. The term
of office of each member of the board shall be six years
and until his or her successor has been appointed and has
qualified: Provided, That two of the persons initially ap-
pointed shall serve a term of six years, two of the remain-
ing persons shall serve a term of four years and the re-
mainning member shall serve a term of two years. Any
member of the board may be appointed to any number of
terms. Any two physician members and one vocational
rehabilitation specialist member shall constitute a quorum
for the transaction of business. The commissioner, from
time to time, shall fix the per diem salary, computed on
the basis of actual time devoted to the discharge of their
duties, to be paid to each member of the board, and the
members shall also be entitled to reasonable and necessary
traveling and other expenses incurred while actually en-
gaged in the performance of their duties.

(1) Prior to the referral of any issue to the interdisci-
plinary examining board, the division shall conduct such
examinations of the claimant as it finds necessary and
obtain all pertinent records concerning the claimant's
medical history and reports of examinations and forward
them to the board at the time of the referral. The division
shall provide adequate notice to the employer of the filing
of the request for a permanent total disability award and
the employer shall be granted an appropriate period in
which to respond to the request. The claimant and the
employer may furnish all pertinent information to the
board and shall furnish to the board any information
requested by the board. The claimant and the employer
may each submit no more than one report and opinion
regarding each issue present in a given claim. The em-
ployer shall be entitled to have the claimant examined by
medical specialists and vocational rehabilitation specialists:
Provided, That the employer is entitled to only one such
examination on each issue present in a given claim. Any
additional examinations must be approved by the division
and shall be granted only upon a showing of good cause.
The reports from all employer-conducted examinations
must be filed with the board and served upon the claimant.
The board may request that those persons who have fur-
nished reports and opinions regarding a claimant provide
it with such additional information as the board may deem
necessary. Both the claimant and the employer, as well as
the division, may submit reports from experts challenging
or supporting the other reports in the record regardless of
whether or not such an expert examined the claimant or
relied solely upon the evidence of record.

(2) If the board or a quorum thereof elects to examine
a claimant, the individual members shall conduct such
examinations as are pertinent to each of their specialties.
If a claim presents an issue beyond the expertise of the
board, the board may obtain advice or evaluations by
other specialists. In addition, if the compensation pro-
grams performance council determines that the number of
applications pending before the board has exceeded the level at which the board can review and make recommendations within a reasonable time, then the council may authorize the commissioner to appoint such additional members to the board as may be necessary to reduce the backlog of applications. Such additional members shall be recommended by the health care advisory panel and the commissioner may make such appointments as he or she chooses from the recommendations. The additional board members shall not serve a set term but shall serve until the council determines that the number of pending applications has been reduced to an acceptable level.

(3) Referrals to the board shall be limited to matters related to the determination of permanent total disability under the provisions of subdivision (n) of this section and to questions related to medical cost containment, decisions utilization review decisions and managed care decisions arising under section three of this article.

(4) In the event the board members elect to examine a claimant, the board shall prepare a report stating the tests, examinations, procedures and other observations that were made, the manner in which each was conducted, and the results of each. The report shall state the findings made by the board and the reasons therefor. Copies of the reports of all such examinations shall be served upon the parties and the division and each shall be given an opportunity to respond in writing to the findings and conclusions stated in the reports.

(5) The board shall state its initial recommendations to the division in writing with an explanation for each such recommendation setting forth the reasons for each. The recommendations shall be served upon the parties and the division and each shall be afforded a thirty-day opportunity to respond in writing to the board regarding the board's recommendations. The board shall then review any such responses and issue its final recommendations. The final recommendations shall then be effectuated by the entry of an appropriate order by the division.

(6) Except as noted below, objections pursuant to section one, article five of this chapter to any such order
shall be limited in scope to matters within the record developed before the workers' compensation division and the board and shall further be limited to the issue of whether the board properly applied the standards for determining medical impairment, if applicable, and the issue of whether the board's findings are clearly wrong in view of the reliable, probative and substantial evidence on the whole record. Should either party contend that the claimant's condition has changed significantly since the review conducted by the board, the party may file a motion with the administrative law judge, together with a report supporting that assertion. Upon the filing of such motion, the administrative law judge shall cause a copy of the report to be sent to the examining board asking the board to review the report and provide such comments as the board chooses within sixty days of the board's receipt of the report. The board may then either supply such comments or, at the board's discretion, request that the claim be remanded to the board for further review by the board. If remanded, the claimant is not required to submit to further examination by the employer's medical specialists or vocational rehabilitation specialists. Following any such remand, the board shall file its recommendations with the administrative law judge for his or her review. If the board elects to respond with comments, such comments shall be filed with the administrative law judge for his or her review. Following the receipt of either the board's recommendations or comment, the administrative law judge shall then issue a written decision ruling upon the asserted change in the claimant's condition. No additional evidence may be introduced during the review of the objection before the office of judges or elsewhere on appeal: Provided, That each party and the division may submit one written opinion on each issue pertinent to a given claim based upon a review of the evidence of record either challenging or defending the board's findings and conclusions. Thereafter, based upon the evidence then of record, the administrative law judge shall issue a written decision containing his or her findings of fact and conclusions of law regarding each issue involved in the objection.

(k) Compensation payable under any subdivision of
this section shall not exceed the maximum nor be less than
the weekly benefits specified in subdivision (b) of this
section.

(l) Except as otherwise specifically provided in this
chapter, temporary total disability benefits payable under
subdivision (b) of this section shall not be deductible from
permanent partial disability awards payable under subdivi-
sion (e) or (f) of this section. Compensation, either tem-
porary total or permanent partial, under this section shall
be payable only to the injured employee and the right
thereof shall not vest in his or her estate, except that any
unpaid compensation which would have been paid or
payable to the employee up to the time of his or her death,
if he or she had lived, shall be paid to the dependents of
such injured employee if there be such dependents at the
time of death.

(m) The following permanent disabilities shall be
conclusively presumed to be total in character:

- Loss of both eyes or the sight thereof.
- Loss of both hands or the use thereof.
- Loss of both feet or the use thereof.
- Loss of one hand and one foot or the use thereof.

(n) (1) Other than for those injuries specified in subdi-
vision (m) of this section, in order to be eligible to apply
for an award of permanent total disability benefits for all
injuries incurred and all diseases, including occupational
pneumoconiosis, with a date of last exposure on and after
the second day of February, one thousand nine hundred
ninety-five, and for all requests for such an award pending
before the division on and after the second day of Febru-
ary, one thousand nine hundred ninety-five, a claimant
must have been awarded the sum of fifty percent in prior
permanent partial disability awards or have suffered an
occupational injury or disease which results in a finding
that the claimant has suffered a medical impairment of
fifty percent. Upon filing such an application, the claim
will be reevaluated by the examining board pursuant to
subdivision (j) of this section to determine if he or she has
suffered a whole body medical impairment of fifty percent or more resulting from either a single occupational injury or occupational disease or a combination of occupational injuries and occupational diseases. A claimant whose prior permanent partial disability awards total eighty-five percent or more shall also be examined by the board and must be found to have suffered a whole body medical impairment of fifty percent in order for his or her request to be eligible for further review. The examining board shall review the claim as provided for in subdivision (j) of this section. If the claimant has not suffered whole body medical impairment of at least fifty percent, then the request shall be denied. Upon a finding that the claimant does have a fifty percent whole body medical impairment, then the review of the application shall continue as provided for in the following paragraph of this subdivision. Those claimants whose prior permanent partial disability awards total eighty-five percent or more and who have been found to have a whole body medical impairment of at least fifty percent shall then be entitled to the rebuttable presumption created pursuant to subdivision (d) for the remaining issues in the request. For the purposes of determining whether the claimant should be awarded permanent total disability benefits under the second injury provisions of subsection (d), section one, article three of this chapter, only a combination of occupational injuries and occupational diseases, including occupational pneumoconiosis, shall be considered.

(2) A disability which renders the injured employee unable to engage in substantial gainful activity requiring skills or abilities comparable to those of any gainful activity in which he or she has previously engaged with some regularity and over a substantial period of time shall be considered in determining the issue of total disability. In addition, the vocational standards adopted pursuant to subsection (m), section seven, article three, chapter twenty-one-a of this code shall be considered once they are effective.

(3) In the event that a claimant, who has been found to have at least a fifty percent whole body medical impairment, is denied an award of permanent total disability
benefits pursuant to this subdivision and then accepts and
continues to work at a lesser paying job than he or she
previously held, then such a claimant shall be eligible,
notwithstanding the provisions of section nine of this arti-
cle, to receive temporary partial rehabilitation benefits for
a period of four years. Such benefits shall be paid at the
level necessary to ensure the claimant's receipt of the fol-
lowing percentages of the average weekly wage earnings
of the claimant at the time of injury calculated as provided
in this section and sections six-d and fourteen of this arti-
cle:

(A) Eighty percent for the first year;
(B) Seventy percent for the second year;
(C) Sixty percent for the third year; and
(D) Fifty percent for the fourth year:

Provided, That in no event shall such benefits exceed one
hundred percent of the average weekly wage in West Vir-
ginia. In no event shall such benefits be subject to the
minimum benefit amounts required by the provisions of
subdivision (b) of this section.

§23-4-6a. Benefits and mode of payment to employees and
dependents for occupational pneumoconiosis;
further adjustment of claim for occupational
pneumoconiosis.

If an employee is found to be permanently disabled
due to occupational pneumoconiosis, as defined in section
one of this article, the percentage of permanent disability
shall be determined by the degree of medical impairment
that is found by the occupational pneumoconiosis board.
The division shall enter an order setting forth the findings
of the occupational pneumoconiosis board with regard to
whether the claimant has occupational pneumoconiosis
and the degree of medical impairment, if any, resulting
therefrom. That order shall be the final decision of the
division for purposes of section one, article five of this
chapter. If such a decision is objected to, the office of
judges shall affirm the decision of the occupational pneu-
moconiosis board made following hearing unless the deci-
sion is clearly wrong in view of the reliable, probative and substantial evidence on the whole record. Compensation shall be paid therefor in the same manner and at the same rate as is provided for permanent disability under the provisions of subdivisions (d), (e), (g), (h), (i), (j), (k), (m) and (n), section six of this article: Provided, That if it shall be determined by the division in accordance with the facts in the case and with the advice and recommendation of the occupational pneumoconiosis board that an employee has occupational pneumoconiosis, but without measurable pulmonary impairment therefrom, such employee shall be awarded and paid twenty weeks of benefits at the same benefit rate as hereinabove provided.

If the employee dies from occupational pneumoconiosis, the benefits shall be as provided for in section ten of this article; as to such benefits sections eleven to fourteen, inclusive, of this article shall apply.

In cases of permanent disability or death due to occupational pneumoconiosis, as defined in section one of this article, accompanied by active tuberculosis of the lungs, compensation shall be payable as for disability or death due to occupational pneumoconiosis alone.

The provisions of section sixteen, article four and sections two, three, four and five, article five of this chapter providing for the further adjustment of claims shall be applicable to the claim of any claimant who receives a permanent partial disability award for occupational pneumoconiosis.

§23-4-6c. Benefits payable to certain sheltered workshop employees; limitations.

Notwithstanding the provisions of section six, six-a or six-b of this article or any other provision of this chapter, the minimum weekly benefit payments under subsection (b), section six of this article shall not apply to employees who work at nonprofit "workshops" as defined in section one, article one, chapter five-a of this code. When compensation is due any such employee, the weekly benefits payable hereunder to such employee may not exceed seventy percent of that employee's actual weekly wages.
and in no event may the average weekly wage in West Virginia be the basis upon which to compute the benefits of temporary total disability to employees working for less than the minimum wage.

§23-4-7. Release of medical information to employer; legislative findings; effect of application for benefits; duty of employer.

(a) The Legislature hereby finds and declares that two of the primary objectives of the workers' compensation system established by this chapter are to provide benefits to an injured claimant promptly and to effectuate his or her return to work at the earliest possible time; that the prompt dissemination of medical information to the division and employer as to diagnosis, treatment and recovery is essential if these two objectives are to be achieved; that claimants are increasingly burdened with the task of contacting their treating physicians to request the furnishing of detailed medical information to the division and their employers; that the division is increasingly burdened with the administrative responsibility of providing copies of medical reports to the employer involved, whereas in other states the employer can obtain the necessary medical information direct from the treating physician; that much litigation is occasioned in this state because of a lack of medical information having been received by the employer as to the continuing disability of a claimant; and that detailed narrative reports from the treating physician are often necessary in order for the division, the claimant's representatives and the employer to evaluate a claim and determine whether additional or different treatment is indicated.

(b) In view of the foregoing findings, a claimant irrevocably agrees by the filing of his or her application for benefits that any physician may release to and orally discuss with the claimant's employer, or its representative, or with a representative of the division from time to time the claimant's medical history and any medical reports pertaining to the occupational injury or disease and to any prior injury or disease of the portion of the claimant's body to which a medical impairment is alleged containing
detailed information as to the claimant's condition, treatment, prognosis and anticipated period of disability and dates as to when the claimant will reach or has reached his maximum degree of improvement or will be or was released to return to work. For the exclusive purposes of this chapter, the patient-physician privilege of confidentiality is waived with regard to the physician's providing this medical information to the division, the employer or to the employer's representative. Whenever a copy of any such medical report is obtained by the employer or its representative and the physician has not also forwarded a copy of the same to the division, the employer shall forward a copy of such medical report to the division within ten days from the date such employer received the same from such physician.

§23-4-7a. Monitoring of injury claims; legislative findings; review of medical evidence; recommendation of authorized treating physician; independent medical evaluations; temporary total disability benefits and the termination thereof; mandatory action; additional authority.

(a) The Legislature hereby finds and declares that injured claimants should receive the type of treatment needed as promptly as possible; that overpayments of temporary total disability benefits with the resultant hardship created by the requirement of repayment should be minimized; and that to achieve these two objectives, it is essential that the division establish and operate a systematic program for the monitoring of injury claims where the disability continues longer than might ordinarily be expected.

(b) In view of the foregoing findings, the division, in consultation with the health care advisory panel, shall establish guidelines as to the anticipated period of disability for the various types of injuries. Each injury claim in which temporary total disability continues beyond the anticipated period of disability so established for the injury involved shall be reviewed by the division. If satisfied, after reviewing the medical evidence, that the claimant would not benefit by an independent medical evaluation,
the division shall mark the claim file accordingly and shall
diary such claim file as to the next date for required re-
view which shall not exceed sixty days. If the division
concludes that the claimant might benefit by an indepen-
dent medical evaluation, the division shall proceed as spec-
ified in subsections (d) and (e) of this section.

(c) When the authorized treating physician concludes
that the claimant has either reached his or her maximum
degree of improvement or is ready for disability evalua-
tion, or when the claimant has returned to work, such au-
thorized treating physician may recommend a permanent
partial disability award for residual impairment relating to
and resulting from the compensable injury, and the fol-
lowing provisions shall govern and control:

(1) If the authorized treating physician recommends a
permanent partial disability award of fifteen percent or
less, the division shall enter an award of permanent partial
disability benefits based upon such recommendation and
all other available information, and the claimant's entitle-
ment to temporary total disability benefits shall cease
upon the entry of such award unless previously terminated
under the provisions of subsection (e) of this section.

(2) If, however, the authorized treating physician rec-
ommends a permanent partial disability award in excess of
fifteen percent, or recommends a permanent total disabili-
ty award, the claimant's entitlement to temporary total
disability benefits shall cease upon the receipt by the divi-
sion of such report and the division shall refer the claim-
ant to a physician or physicians of the division's selection
for independent evaluation prior to the entry of a perma-
nent disability award: Provided, That unless the claimant
has returned to work, the claimant shall thereupon receive
benefits which shall then be at the permanent partial disabili-
ity rate as provided in subdivision (e), section six of
this article until the entry of a permanent disability award
or until the claimant returns to work, and which amount of
such benefits paid prior to the receipt of such report shall
be considered and deemed to be payment of the perm-
nent disability award then granted, if any. In the event
that benefits actually paid exceed the amount granted by
the permanent partial disability award, claimant shall be entitled to no further benefits by such award but shall not be liable by offset or otherwise for the excess paid.

(d) When the division concludes that an independent medical evaluation is indicated, or that a claimant may be ready for disability evaluation in accordance with other provisions of this chapter, the division shall refer the claimant to a physician or physicians of the division's selection for examination and evaluation. If the physician or physicians so selected recommend continued, additional or different treatment, the recommendation shall be relayed to the claimant and the claimant's then treating physician and the recommended treatment may be authorized by the division.

(e) Notwithstanding any provision in subsection (c) of this section, the division shall enter a notice suspending the payment of temporary total disability benefits but providing a reasonable period of time during which the claimant may submit evidence justifying the continued payment of temporary total disability benefits when:

(1) The physician or physicians selected by the division conclude that the claimant has reached his or her maximum degree of improvement; or

(2) When the authorized treating physician shall advise the division that the claimant has reached his or her maximum degree of improvement or that he or she is ready for disability evaluation and when the authorized treating physician has not made any recommendation with respect to a permanent disability award as provided in subsection (c) of this section; or

(3) When other evidence submitted to the division justifies a finding that the claimant has reached his or her maximum degree of improvement: Provided, That in all cases a finding by the division that the claimant has reached his or her maximum degree of improvement shall terminate the claimant's entitlement to temporary total disability benefits regardless of whether the claimant has been released to return to work: Provided, however, That under no circumstances shall a claimant be entitled to
receive temporary total disability benefits either beyond the date the claimant is released to return to work or beyond the date he or she actually returns to work.

In the event that the medical or other evidence indicates that claimant has a permanent disability, unless he or she has returned to work, the claimant shall thereupon receive benefits which shall then be at the permanent partial disability rate as provided in subdivision (e), section six of this article until entry of a permanent disability award, pursuant to an evaluation by a physician or physicians selected by the division, or until the claimant returns to work and which amount of benefits shall be considered and deemed to be payment of the permanent disability award then granted, if any. In the event that benefits actually paid exceed the amount granted under the permanent disability award, claimant shall be entitled to no further benefits by such order but shall not be liable by offset or otherwise for the excess paid.

(f) Notwithstanding the anticipated period of disability established pursuant to the provisions of subsection (b) of this section, whenever in any claim temporary total disability shall continue longer than one hundred twenty days from the date of injury (or from the date of the last preceding examination and evaluation pursuant to the provisions of this subsection or pursuant to the directions of the division under other provisions of this chapter), the division shall refer the claimant to a physician or physicians of the division’s selection for examination and evaluation in accordance with the provisions of subsection (d) of this section and the provisions of subsection (e) of this section shall be fully applicable: Provided, That the requirement of mandatory examinations and evaluations pursuant to the provisions of this subsection shall not apply to any claimant who sustained a brain stem or spinal cord injury with resultant paralysis or an injury which resulted in an amputation necessitating a prosthetic appliance.

(g) The provisions of this section are in addition to and in no way in derogation of the power and authority vested in the division by other provisions of this chapter or vested in the employer to have a claimant examined by a
physician or physicians of the employer's selection and at
the employer's expense, or vested in the claimant or em­
ployer to file a protest, under other provisions of this
chapter.

(h) All evaluations and examinations performed by
physicians shall be performed in accordance with the
protocols and procedures established by the health care
advisory panel pursuant to section three-b of this article:
Provided, That the physician may exceed these protocols
when additional evaluation is medically necessary.

§23-4-10. Classification of death benefits; "dependent" defined.

In case a personal injury, other than occupational
pneumoconiosis or other occupational disease, suffered by
an employee in the course of and resulting from his or her
employment, causes death, and disability is continuous
from date of such injury until date of death, or if death
results from occupational pneumoconiosis or from any
other occupational disease, the benefits shall be in the
amounts and to the persons as follows:

(a) If there be no dependents, the disbursements shall
be limited to the expense provided for in sections three
and four of this article.

(b) If there be dependents as defined in subdivision
d(d) of this section, such dependents shall be paid for as
long as their dependency shall continue in the same
amount as was paid or would have been paid the deceased
employee for total disability had he or she lived. The
order of preference of payment and length of dependence
shall be as follows:

(1) A dependent widow or widower until death or
remarriage of such widow or widower, and any child or
children dependent upon the decedent until each such
child shall reach eighteen years of age or where such child
after reaching eighteen years of age continues as a
full-time student in an accredited high school, college,
university, business or trade school, until such child reach­
es the age of twenty-five years or if an invalid child to
continue as long as such child remains an invalid. All
such persons shall be jointly entitled to the amount of
benefits payable as a result of employee's death.

(2) A wholly dependent father or mother until death.

(3) Any other wholly dependent person for a period
of six years after the death of the deceased employee.

(c) If the deceased employee leaves no wholly depen-
dent person, but there are partially dependent persons at
the time of death, the payment shall be fifty dollars a
month, to continue for such portion of the period of six
years after the death, as the division may determine, but no
such partially dependent person shall receive compensa-
tion payments as a result of the death of more than one
employee.

Compensation under subdivisions (b) and (c) hereof
shall, except as may be specifically provided to the con-
trary therein, cease upon the death of the dependent, and
the right thereto shall not vest in his or her estate.

(d) "Dependent", as used in this chapter, shall mean a
widow, widower, child under eighteen years of age, or
under twenty-five years of age when a full-time student as
provided herein, invalid child or posthumous child, who, at
the time of the injury causing death, is dependent in whole
or part for his or her support upon the earnings of the
employee, stepchild under eighteen years of age, or under
twenty-five years of age when a full-time student as pro-
vided herein, child under eighteen years of age legally
adopted prior to the injury causing death, or under
twenty-five years of age when a full-time student as pro-
vided herein, child under eighteen years of age legally
adopted prior to the injury causing death, or under
twenty-five years of age when a full-time student as pro-
vided herein, father, mother, grandfather or grandmother,
who at the time of the injury causing death, is dependent
in whole or in part for his or her support upon the earn-
ings of the employee; and invalid brother or sister wholly
dependent for his or her support upon the earnings of the
employee at the time of the injury causing death.

(e) (1) If a person receiving permanent total disability
benefits which were awarded prior to the second day of
February, one thousand nine hundred ninety-five, dies
from a cause other than a disabling injury leaving any
dependents as defined in subdivision (d) of this section, an award shall be made to such dependents in an amount equal to one hundred four times the weekly benefit the worker was receiving at the time of his or her death. The award shall be paid to the dependents in the same interval at which the decedent had been receiving benefits prior to his or her death.

(2) On and after the second day of February, one thousand nine hundred ninety-five, when an award of permanent total disability benefits is made, a claimant shall make a one-time election of whether to receive the full amount of payments for the award or to receive a reduced payment in order to provide an annuity payment to his or her dependents. The sum of twenty thousand dollars shall be the initial amount of the annuity. Thereafter, the compensation programs performance council shall review the annuity amount at least every three years. The council shall also from time to time determine the amount of the reduction in benefits that will be used to contribute towards the full amount necessary to purchase the annuity. The council may, from time to time as it deems appropriate, fix an amount which the fund will contribute toward the purchase of annuities. The commissioner and the council are authorized to either fund such annuities through the investments of the workers' compensation fund or through the use of a private provider of annuities. The selection of such a private provider of annuities shall be through competitive bids. If at the time of the claimant's death he or she has no dependents, then the proceeds of the annuity shall remain with the fund. Should such a claimant's entitlement to receive the permanent total disability award terminate due to his or her attaining the necessary retirement age provided for by subdivision (d), section six of this article or for any other reason other than the death of the claimant, then the annuity shall be cancelled and the proceeds thereof shall remain with the fund.

(a) To entitle any employee or dependent of a deceased employee to compensation under this chapter,
other than for occupational pneumoconiosis or other occupational disease, the application therefor must be made on the form or forms prescribed by the division and filed with the division within six months from and after the injury or death, as the case may be, and unless so filed within such six-month period, the right to compensation under this chapter shall be forever barred, such time limitation being hereby declared to be a condition of the right and hence jurisdictional, and all proofs of dependency in fatal cases must likewise be filed with the division within six months from and after the death. In case the employee is mentally or physically incapable of filing such application, it may be filed by his or her attorney or by a member of his or her family.

(b) To entitle any employee to compensation for occupational pneumoconiosis under the provisions hereof, the application therefor must be made on the form or forms prescribed by the division and filed with the division within three years from and after the last day of the last continuous period of sixty days or more during which the employee was exposed to the hazards of occupational pneumoconiosis or within three years from and after the employee's occupational pneumoconiosis was made known to him or her by a physician or which he or she should reasonably have known, whichever shall last occur, and unless so filed within such three-year period, the right to compensation under this chapter shall be forever barred, such time limitation being hereby declared to be a condition of the right and hence jurisdictional, or, in the case of death, the application shall be filed as aforesaid by the dependent of such employee within one year from and after such employee's death, and such time limitation is a condition of the right and hence jurisdictional.

(c) To entitle any employee to compensation for occupational disease other than occupational pneumoconiosis under the provisions hereof, the application therefor must be made on the form or forms prescribed by the division and filed with the division within three years from and after the day on which the employee was last exposed to the particular occupational hazard involved or within three years from and after the employee's occupational
disease was made known to him or her by a physician or which he or she should reasonably have known, whichever shall last occur, and unless so filed within such three-year period, the right to compensation under this chapter shall be forever barred, such time limitation being hereby declared to be a condition of the right and hence jurisdictional, or, in case of death, the application shall be filed as aforesaid by the dependent of such employee within one year from and after such employee's death, and such time limitation is a condition of the right and hence jurisdictional.

§23-4-15b. Determination of nonmedical questions by division; claims for occupational pneumoconiosis; hearing.

If a claim for occupational pneumoconiosis benefits be filed by an employee within three years from and after the last day of the last continuous period of sixty days exposure to the hazards of occupational pneumoconiosis, the division shall determine whether the claimant was exposed to the hazards of occupational pneumoconiosis for a continuous period of not less than sixty days while in the employ of the employer within three years prior to the filing of his or her claim, whether in the state of West Virginia the claimant was exposed to such hazard over a continuous period of not less than two years during the ten years immediately preceding the date of his or her last exposure thereto and whether the claimant was exposed to such hazard over a period of not less than ten years during the fifteen years immediately preceding the date of his or her last exposure thereto. If a claim for occupational pneumoconiosis benefits be filed by an employee within three years from and after the employee's occupational pneumoconiosis was made known to the employee by a physician or otherwise should have reasonably been known to the employee, the division shall determine whether the claimant filed his or her application within said period and whether in the state of West Virginia the claimant was exposed to such hazard over a continuous period of not less than two years during the ten years immediately preceding the date of last exposure thereto and whether the claimant was exposed to such hazard over
a period of not less than ten years during the fifteen years immediately preceding the date of last exposure thereto. If a claim for occupational pneumoconiosis benefits be filed by a dependent of a deceased employee, the division shall determine whether the deceased employee was exposed to the hazards of occupational pneumoconiosis for a continuous period of not less than sixty days while in the employ of the employer within ten years prior to the filing of the claim, whether in the state of West Virginia the deceased employee was exposed to such hazard over a continuous period of not less than two years during the ten years immediately preceding the date of his or her last exposure thereto and whether the claimant was exposed to such hazard over a period of not less than ten years during the fifteen years immediately preceding the date of his or her last exposure thereto. The division shall also determine such other nonmedical facts as may in the division's opinion be pertinent to a decision on the validity of the claim.

The division shall enter an order with respect to such nonmedical findings within ninety days following receipt by the division of both the claimant's application for occupational pneumoconiosis benefits and the physician's report filed in connection therewith, and shall give each interested party notice in writing of these findings with respect to all such nonmedical facts and such findings and such actions of the division shall be final unless the employer, employee, claimant or dependent shall, within thirty days after receipt of such notice, object to such findings, and unless an objection is filed within such thirty-day period, such findings shall be forever final, such time limitation being hereby declared to be a condition of the right to litigate such findings and hence jurisdictional. Upon receipt of such objection, the chief administrative law judge shall set a hearing as provided in section nine, article five of this chapter. In the event of an objection to such findings by the employer, the claim shall, notwithstanding the fact that one or more hearings may be held with respect to such objection, mature for reference to the occupational pneumoconiosis board with like effect as if the objection had not been filed. If the administrative law
judge concludes after the protest hearings that the claim should be dismissed, a final order of dismissal shall be entered, which final order shall be subject to appeal in accordance with the provisions of sections ten and twelve, article five of this chapter. If the administrative law judge concludes after such protest hearings that the claim should be referred to the occupational pneumoconiosis board for its review, the order entered shall be interlocutory only and may be appealed only in conjunction with an appeal from a final order with respect to the findings of the occupational pneumoconiosis board.

§23-4-16. Division's jurisdiction over case continuous; modification of finding or order; time limitation on awards; reimbursement of claimant for expenses; reopening cases involving permanent total disability; promulgation of rules.

(a) The power and jurisdiction of the division over each case shall be continuing and the division may, in accordance with the following provisions and after due notice to the employer, make such modifications or changes with respect to former findings or orders as may be justified. Upon and after the second day of February, one thousand nine hundred ninety-five, the period in which a claimant may request a modification, change or reopening of a prior award that was entered either prior to or after such date shall be determined by the following paragraphs of this subsection. Any such request that is made beyond such period shall be refused.

(1) Except as provided in section twenty-two of this article, in any claim which was closed without the entry of an order regarding the degree, if any, of permanent disability that a claimant has suffered, or in any case in which no award has been made, any such request must be made within five years of the closure. During that time period, only two such requests may be filed.

(2) Except as stated below, in any claim in which an award of permanent disability was made, any such request must be made within five years of the date of the initial award. During that time period, only two such requests may be filed. With regard to those occupational diseases,
including occupational pneumoconiosis, which are medi-
cally recognized as progressive in nature, if any such re-
quest is granted by the division, then a new five-year peri-
od shall begin upon the date of the subsequent award.

With the advice of the health care advisory panel, the com-
missioner and the compensation programs performance
council shall by rule designate those progressive diseases
which are customarily the subject of claims.

(3) No further award may be made in fatal cases ex-
cept within two years after the death of the employee.

(4) With the exception of the items set forth in subsec-
tion (d), section three of this article, in any claim wherein
medical or any type of rehabilitation service has not been
rendered or durable medical goods or other supplies have
not been received for a period of five years, then no re-
quest for additional medical or any type of rehabilitation
benefits shall be granted nor shall any such medical or
any type of rehabilitation benefits or any type of goods or
supplies be paid for by the division if such were provided
without a prior request. For the exclusive purposes of this
paragraph, medical services and rehabilitation services
shall not include any encounter in which significant treat-
ment was not performed.

(b) In any claim in which an injured employee shall
make application for a further period of temporary total
disability, if such application be in writing and filed within
the applicable time limit stated above, then the division
shall pass upon the request within thirty days of the receipt
of the request. If the decision is to grant the request, then
the order shall provide for the receipt of temporary total
disability benefits. In any case in which an injured em-
ployee shall make application for a further award of per-
manent partial disability benefits or for an award of per-
manent total disability benefits, if such application be in
writing and filed within the applicable time limit as stated
above, the division shall pass upon the request within thirty
days of its receipt and, if the division determines that the
claimant may be entitled to an award, the division will then
refer the claimant for such further examinations as may be
necessary.
(c) If such application is based on a report of any medical examination made of the claimant and submitted by the claimant to the division in support of his or her application, and the claim is opened for further consideration and additional award is later made, the claimant shall be reimbursed for the expenses of such examination. Such reimbursement shall be made by the division to the claimant, in addition to all other benefits awarded, upon due proof of the amount thereof being furnished the division by the claimant, but shall in no case exceed the sum fixed pursuant to the division's schedule of maximum reasonable fees established under the provisions of section three of this article.

(d) The division shall have continuing power and jurisdiction over claims in which permanent total disability awards have been made after the eighth day of April, one thousand nine hundred ninety-three.

(1) The division shall continuously monitor permanent total disability awards and may from time to time, after due notice to the claimant, reopen a claim for reevaluation of the continuing nature of the disability and possible modification of the award: Provided, That such re-openings shall not be done sooner than every two years: Provided, however, That any individual claimant shall only be reevaluated a total of two times after which he or she may not be again reevaluated under the provisions of this subsection. The division may reopen a claim for reevaluation when, in the division's sole discretion, it concludes that there exists good cause to believe that the claimant no longer meets the eligibility requirements under subdivision (n), section six of this article. The eligibility requirements, including any vocational standards, shall be applied as those requirements are stated at the time of a claim's reopening: Provided further, That if a permanent total disability award was made on or after the eighth day of April, one thousand nine hundred ninety-three, and on or before the second day of February, one thousand nine hundred ninety-five, the eligibility requirements for the claimant upon a reopening shall be the eligibility requirements which applied to his or her claim at the time the award was made. This section shall not be applicable to
any claim in which the final decision on the eligibility of
the claimant to a permanent total disability award was
made more than ten years prior to the date of proposed
reevaluation.

(2) Upon reopening a claim under this subsection, the
division may take evidence, have the claimant evaluated,
make findings of fact and conclusions of law and shall
vacate, modify or affirm the original permanent total dis-
ability award as the record requires. The claimant's for-
mer employer shall not be a party to the reevaluation, but
shall be notified of the reevaluation and may submit such
information to the division as the employer may elect. In
the event the claimant retains his or her award following
the reevaluation, then the claimant's reasonable attorneys'
fees incurred in defending the award shall be paid by the
workers' compensation division from the supersedeas
reserve of the surplus fund. In addition, the workers' com-
ensation division shall reimburse a prevailing claimant
for his or her costs in obtaining one evaluation on each
issue during the course of the reevaluation with such reim-
bursement being made from the supersedeas reserve of the
surplus fund. The compensation programs performance
council shall adopt criteria for the determination of rea-
sonable attorneys' fees.

(3) This subsection shall not be applied to awards
made under the provisions of subdivision (m), section six
of this article. The claimant may seek review of the divi-
sion's final order as otherwise provided for in article five
of this chapter for review of orders granting or denying
permanent disability awards.

(e) A claimant may have only one active request for a
permanent disability award pending in a claim at any one
time. Any new such request that is made while another is
pending shall be consolidated into the former request.

§23-4-18. Mode of paying benefits generally; exemptions of
compensation from legal process.

Except as provided by this section, compensation shall
be paid only to such employees or their dependents, and
shall be exempt from all claims of creditors and from any
attachment, execution or assignment other than compensa-
tion to counsel for legal services, under the provisions of,
and subject to the limitations contained in section sixteen,
article five of this chapter, and other than for the enforce-
ment of orders for child or spousal support entered pursuant
to the provisions of chapters forty-eight and
forty-eight-a of this code. Payments may be made in such
periodic installments as determined by the division in each
case, but in no event less frequently than semimonthly for
any temporary award and monthly for any permanent
award. Payments for permanent disability shall be paid on
or before the third day of the month in which they are
due. In all cases where compensation is awarded or in-
creased, the amount thereof shall be calculated and paid
from the date of disability.

§23-4-24. Permanent total disability awards; retirement age;
limitations on eligibility and the introduction of
evidence; effects of other types of awards; proce-
dures; requests for awards; jurisdiction.

(a) Notwithstanding any provision of this chapter to
the contrary, except as stated below, no claimant shall be
awarded permanent total disability benefits arising under
subdivision (d) or (n), section six or of section eight-c of
this article who terminates active employment and is re-
ceiving full old-age retirement benefits under the Social
Security Act, 42 U.S.C. 401 and 402. Any such claimant
shall be evaluated only for the purposes of receiving a
permanent partial disability award premised solely upon
the claimant's impairments. This subsection shall not be
applicable in any claim in which the claimant has complet-
ed the submission of his or her evidence on the issue of
permanent total disability prior to the later of the follow-
ing: Termination of active employment or the initial re-
ceipt of full old-age retirement benefits under the Social
Security Act. Once the claimant has terminated active
employment and has begun to receive full old-age social
security retirement benefits, the claimant shall not be per-
mitted to produce additional evidence of permanent total
disability before the division or the office of judges nor
shall such a claim be remanded for the production of such
evidence.
(b) For the purposes of subdivisions (d) and (n), section six of this article, the award of permanent partial disability benefits under the provisions of section six-b of this article or under that portion of section six-a of this article which awards twenty weeks of benefits to a claimant who has occupational pneumoconiosis but without measurable pulmonary impairment therefrom shall not be counted towards the eighty-five percent needed to gain the rebuttable presumption of permanent total disability or towards the fifty percent threshold of paragraph (1), subdivision (n), section six of this article when such claimant has terminated active employment and is receiving federal nondisability pension or retirement benefits, including old-age benefits under the Social Security Act. This subsection shall not affect any other awards of permanent partial disability benefits and their use in achieving the rebuttable eighty-five percent presumption or the fifty percent threshold.

(c) The workers' compensation division shall have the sole and exclusive jurisdiction to initially hear and decide any claim or request pertaining in whole or in part to subdivision (d) or (n), section six of this article. Any claim or request for permanent total disability benefits arising under said subdivisions shall first be presented to the division as part of the initial claim filing or by way of an application for modification or adjustment pursuant to section sixteen of this article. The office of judges may consider such a claim only after the division has entered an appropriate order.

§23-4-25. Permanent total disability benefits; reduction of disability benefits for wages earned by claimant.

(a) After the eighth day of April, one thousand nine hundred ninety-three, a reduction in the amount of benefits as specified in subsection (b) of this section shall be made whenever benefits are being paid for a permanent total disability award regardless of when such benefits were awarded. This section is not applicable to the receipt of medical benefits or the payment therefor, the receipt of permanent partial disability benefits, the receipt of benefits by partially or wholly dependent persons, or to the receipt
of benefits pursuant to the provisions of subsection (e),
section ten of this article. Prior to the application of this
section to any claimant, the division shall give the claimant
notice of the effect of this section upon a claimant's award
if and when such claimant later earns wages.

(b) Whenever applicable benefits are paid to a claim-
ant with respect to the same time period in which the
claimant has earned wages as a result of his or her em-
ployment, the following reduction in applicable benefits
shall be made. The claimant's applicable monthly benefits
and monthly net wages received from the current employ-
ment shall be added together. If such total exceeds by
more than one hundred twenty percent of the amount of
the claimant's monthly net wages earned during his or her
last employment prior to the award of permanent total
disability benefits, then such excess shall be reduced by
one dollar for each two dollars that the claimant's monthly
benefits and monthly net wages exceed the one hundred
twenty percent level: Provided, That in no event shall
applicable benefits be reduced below the minimum weekly
benefits as provided for in subdivisions (b) and (d), sec-

ARTICLE 4C. EMPLOYERS' EXCESS LIABILITY FUND.

§23-4C-1. Purpose.
§23-4C-2. Employers' excess liability fund established.

§23-4C-1. Purpose.

The purpose of this article is to permit the establish-
ment of a system to provide insurance coverage for em-
ployers subject to this chapter who may be subjected to
liability under section two, article four of this chapter, for
any excess of damages over the amount received or re-

§23-4C-2. Employers' excess liability fund established.

(a) To provide insurance coverage for employers
subject to this chapter who may be subjected to liability
for any excess of damages over the amount received or
receivable under this chapter, the division may continue
the fund known as the employers' excess liability fund,
which fund shall be separate from the workers' compensation fund. The employers' excess liability fund shall consist of premiums paid thereto by employers who may voluntarily elect to subscribe to the fund for coverage of potential liability to any person who may be entitled to any excess of damages over the amount received or receivable under this chapter.

(b) The commissioner and the compensation programs performance council are authorized to provide for, by the promulgation of a rule pursuant to subdivisions (b) and (c), section seven, article three, chapter twenty-one-a of this code, the continuance, abolition or sale of the employers' excess liability fund established by section one of this article. In the event that fund is to be sold, the sale shall be conducted through the solicitation of competitive bids. Any funds that may remain after the sale or abolition of the employers' excess liability fund shall be paid into and become a part of the workers' compensation fund to be used for the purposes of that fund. In the event that the employers' excess liability fund program is abolished and the remaining liabilities of that program exceed the amount retained in the employers' excess liability fund, such excess liability including the costs of administration shall be paid for from the workers' compensation fund.

§23-5-16. Fees of attorney for claimant; unlawful charging or receiving of attorney fees.

§23-5-1. Notice by division of decision; procedures on claims; objections and hearing; mediation.

(a) The workers' compensation division shall have full power and authority to hear and determine all questions within its jurisdiction. In matters arising under articles three and four of this chapter, the division shall promptly review and investigate all claims. The parties to a claim shall file such information in support of their respective positions as they deem proper. In addition, the division is authorized to develop such additional information as it deems to be necessary in the interests of fairness to the parties and in keeping with the fiduciary obligations owed to the fund. With regard to any issue which is ready for a decision, the division shall explain the basis of its decisions.

(b) Except with regard to interlocutory matters, upon making any decision, upon the making or refusing to make any award, or upon the making of any modification or change with respect to former findings or orders, as provided by section sixteen, article four of this chapter, the division shall give notice, in writing, to the employer, employee, claimant, as the case may be, of its action, which notice shall state the time allowed for filing an objection to such finding, and such action of the division shall be final unless the employer, employee, claimant or dependant shall, within thirty days after the receipt of such notice, object in writing, to such finding, and unless an objection is filed within such thirty-day period, such finding or action shall be forever final, such time limitation being hereby declared to be a condition of the right to litigate such finding or action and hence jurisdictional. Any such objection shall be filed with the office of judges with a copy served upon the division and other parties in accordance with the procedures set forth in sections eight and nine of this article.
(c) Where a finding or determination of the division is protested only by the employer, and the employer does not prevail in its protest and, in the event the claimant is required to attend a hearing by subpoena or agreement of counsel or at the express direction of the division or office of judges, then such claimant in addition to reasonable traveling and other expenses shall be reimbursed for loss of wages incurred by the claimant in attending such hearing.

(d) Once an objection has been filed with the office of judges, the parties to the objection shall be offered an opportunity for mediation of the disputed issue by the division. If all of the parties to the objection agree to mediation, the division shall designate a deputy who was not involved in the original decision to act as mediator: Provided, That on issues related solely to the medical necessity of proposed medical treatment or diagnostic services, the division shall offer the parties to the objection a selection of names of medical providers in the appropriate specialty. The parties shall then either agree upon a medical provider who shall act as mediator or, in the absence of an agreement, the division shall select a medical provider who shall act as mediator. In cases where issues of medical necessity are intertwined with nonmedical treatment or nondiagnostic issues, both a medical provider and a designated deputy shall act as comediators and shall consider their respective issues. Neither shall be empowered to overturn the decision of the other.

Upon entering into mediation, the parties shall inform the office of judges of that action and the office of judges shall stay further action on the objection.

The mediator shall solicit the positions of the parties and shall review such additional information as the parties or the division shall furnish. The mediator shall then issue a decision in writing with the necessary findings of fact and conclusions of law to support that decision. If any party disagrees with the decision, that party may note its objection to the office of judges, the division and the other parties, and the office of judges shall lift the stay on the original protest. The decision and any information intro-
duced during the attempted mediation shall be subject to consideration by the office of judges in making its decision on the objection. Upon acceptance by the parties of the result of the mediation, the office of judges shall dismiss the objection with prejudice.

The mediator shall conduct the mediation in an informal manner and without regard to the formal rules of evidence and procedure. Once the parties agree to mediation, then the agreement cannot be withdrawn.

(e) The panel of medical providers who shall serve as mediators shall be selected and approved by the compensation programs performance council. A medical provider serving as a mediator shall have the same protections from liability as does the division's employees with regard to their decisions including coverage by the board of risk management which shall be provided by the workers' compensation division.

(f) The division is expressly authorized to amend, correct, or set aside any order on any issue entered by it which is on its face defective or clearly erroneous or the result of mistake, clerical error or fraud. Jurisdiction to take this action shall continue until the expiration of one hundred eighty days from the date of entry of an order unless the order is sooner affected by appellate action: Provided, That corrective actions in the case of fraud may be taken at any time.

(g) All objections to orders of the division shall be styled in the name of the workers' compensation division. All appeals prosecuted from the office of judges or from the appeal board shall either be in the name of the workers' compensation division or shall be against the workers' compensation division. In all such matters, the workers' compensation division shall be the party in interest.

§23-5-2. Application by employee for further adjustment of claim — Objection to modification; hearing.

In any case where an injured employee makes application in writing for a further adjustment of his or her claim under the provisions of section sixteen, article four of this
chapter, and such application discloses cause for a further
adjustment thereof, the division shall, after due notice to
the employer, make such modifications, or changes with
respect to former findings or orders in such claim as may
be justified, and any party dissatisfied with any such modi-
fication or change so made by the division shall, upon
proper and timely objection, be entitled to a hearing, as
provided in section nine of this article.

§23-5-3. Refusal to reopen claim; notice; objection.

If, however, in any case in which application for fur-
ther adjustment of a claim is filed under the preceding
section, it shall appear to the division that such application
fails to disclose a progression or aggravation in the claim-
ant's condition, or some other fact or facts which were not
theretofore considered by the division in its former find-
ings, and which would entitle such claimant to greater
benefits than the claimant has already received, the divi-
sion shall, within a reasonable time, notify the claimant
and the employer that such application fails to establish a
prima facie cause for reopening the claim. Such notice
shall be in writing stating the reasons for denial and the
time allowed for objection to such decision of the division.
The claimant may, within thirty days after receipt of such
notice, object in writing to such finding and unless the
objection is filed within such thirty-day period, no such
objection shall be allowed, such time limitation being
hereby declared to be a condition of the right to such
objection and hence jurisdictional. Upon receipt of an
objection, the office of judges shall afford the claimant an
evidentiary hearing as provided in section nine of this
article.

§23-5-4. Application by employer for modification of award
— Objection to modification; hearing.

In any case wherein an employer makes application in
writing for a modification of any award previously made
to an employee of said employer, and such application
discloses cause for a further adjustment thereof, the divi-
sion shall, after due notice to the employee, make such
modifications or changes with respect to former findings
or orders in such form as may be justified, and any party
dissatisfied with any such modification or change so made by the division, shall upon proper and timely objection, be entitled to a hearing as provided in section nine of this article.

§23-5-5. Refusal of modification; notice; objection.

If in any such case it shall appear to the division that the application filed pursuant to section four of this article fails to disclose some fact or facts which were not theretofore considered by the division in its former findings, and which would entitle such employer to any modification of said previous award, the division shall, within sixty days from the receipt of such application, notify the claimant and employer that such application fails to establish a just cause for modification of said award. Such notice shall be in writing stating the reasons for denial and the time allowed for objection to such decision of the division. The employer may, within thirty days after receipt of said notice, object in writing to such decision, and unless the objection is filed within such thirty-day period, no such objection shall be allowed, such time limitation being hereby declared to be a condition of the right to such objection and hence jurisdictional. Upon receipt of such objection, the office of judges shall afford the employer an evidentiary hearing as provided in section nine of this article.

§23-5-6. Time periods for objections and appeals; extensions.

Notwithstanding the fact that the time periods set forth for objections, protests and appeals to or from the workers' compensation appeal board, are jurisdictional, such periods may be extended or excused upon application of either party within a period of time equal to the applicable period by requesting an extension of such time period showing good cause or excusable neglect, accompanied by the objection or appeal petition. In exercising such discretion the administrative law judge, appeal board or court, as the case may be, shall consider whether the applicant was represented by counsel and whether timely and proper notice was actually received by the applicant or the applicant's representative.

With the exception of medical benefits, the claimant and the employer, with the consent and approval of the workers' compensation division, may negotiate a final settlement of any and all issues in a claim wherever the claim may then be in the review or appellate processes. The parties seeking to settle and compromise an objection to a division decision shall file the written and executed agreement with the division. The division shall review the proposed agreement to determine if it is fair and reasonable to the parties and shall ensure that each of the parties are fully aware of the effects of the agreement including what each party is giving up in exchange for the agreement. If the division concludes that the agreement is not fair or is not reasonable or that one of the parties is not fully informed, then the division shall reject the agreement. If the employer is not active in the claim, then the division may negotiate a final settlement of any and all issues in a claim except for medical benefits with the claimant: Provided, That the agreement must then be submitted to the office of judges whereupon an administrative law judge shall undertake the review and make the assurances provided for above as in the case of an employer and claimant agreement. Upon the approval of either type of agreement, the agreement shall be filed with the division's records, and the filing constitutes a dismissal of any objection or appeal on the issues agreed to. The division will give notice of the settlement and dismissal, if necessary, to the office of judges, the appeal board, or the supreme court of appeals. Once any such agreement is accepted by the parties and the division, any issue that is the subject of the agreement shall not be reopened by either party or by the division. Any such agreement may provide for a lump sum payment which shall not exceed a percentage of the entire settlement to be determined from time to time by the compensation programs performance council in keeping with the necessity to protect the claimant, the employer, and the solvency of the workers' compensation fund. The remainder of any such settlement shall be paid out over time as would have been the case had an award been made. If a settlement provides for
future rehabilitation costs and a degree of permanent partial disability, then the agreed upon degree of permanent partial disability shall be stated in the agreement. That degree of permanent partial disability shall then be entered upon the records of the division as the award in the claim. In the event that an employer agrees to settle an issue which settlement is to be paid directly by the employer, then the amount so paid or to be paid shall be a portion of the employer's premium tax as that term is used in article two of this chapter. If such employer later fails to make the agreed upon payment, the division shall assume the obligation to make the payments and shall be entitled to recover the amounts paid or to be paid from the employer as provided for in sections five and five-a, article two of this chapter.

§23-5-8. Continuation of office of administrative law judges; powers of chief administrative law judge and said office.

(a) The workers' compensation office of administrative law judges previously created pursuant to chapter twelve, acts of the Legislature, one thousand nine hundred ninety, second extraordinary session, is hereby continued and designated to be an integral part of the workers' compensation system of this state. The office of judges shall be under the supervision of a chief administrative law judge who shall be appointed by the governor, with the advice and consent of the Senate. The previously appointed incumbent of that position who was serving on the second day of February, one thousand nine hundred ninety-five, shall continue to serve in that capacity unless subsequently removed as provided for in subsection (b) of this section.

(b) The chief administrative law judge shall be a person who has been admitted to the practice of law in this state and shall also have had at least four years of experience as an attorney. The chief administrative law judge's salary shall be set by the compensation programs performance council created in section one, article three, chapter twenty-one-a of this code. Said salary shall be within the salary range for comparable chief administrative law judges as determined by the state personnel board created by
section six, article six, chapter twenty-nine of this code. The chief administrative law judge may only be removed by a vote of two thirds of the members of the compensation programs performance council and shall not be removed except for official misconduct, incompetence, neglect of duty, gross immorality or malfeasance and then only after he or she has been presented in writing with the reasons for his or her removal and is given opportunity to respond and to present evidence. No other provision of this code purporting to limit the term of office of any appointed official or employee or affecting the removal of any appointed official or employee shall be applicable to the chief administrative law judge.

(c) By and with the consent of the commissioner, the chief administrative law judge shall employ administrative law judges and other personnel as are necessary for the proper conduct of a system of administrative review of orders issued by the workers' compensation division which orders have been objected to by a party, and all such employees shall be in the classified service of the state. Qualifications, compensation and personnel practice relating to the employees of the office of judges, other than the chief administrative law judge, shall be governed by the provisions of the statutes, rules and regulations of the classified service pursuant to article six, chapter twenty-nine of this code. All such additional administrative law judges shall be persons who have been admitted to the practice of law in this state and shall also have had at least two years of experience as an attorney. The chief administrative law judge shall supervise the other administrative law judges and other personnel which collectively shall be referred to in this chapter as the office of judges.

(d) The administrative expense of the office of judges shall be included within the annual budget of the workers' compensation division.

(e) Subject to the approval of the compensation programs performance council pursuant to subdivisions (b) and (c), section seven, article three, chapter twenty-one-a of this code, the office of judges shall from time to time promulgate rules of practice and procedure for the hear-
ing and determination of all objections to findings or orders of the workers' compensation division pursuant to section one of this article. The office of judges shall not have the power to initiate or to promulgate legislative rules as that phrase is defined in article three, chapter twenty-nine-a of this code.

(f) The chief administrative law judge shall continue to have the power to hear and determine all disputed claims in accordance with the provisions of this article, establish a procedure for the hearing of disputed claims, take oaths, examine witnesses, issue subpoenas, establish the amount of witness fees, keep such records and make such reports as are necessary for disputed claims, and exercise such additional powers, including the delegation of such powers to administrative law judges or hearing examiners as may be necessary for the proper conduct of a system of administrative review of disputed claims. The chief administrative law judge shall make such reports as may be requested of him or her by the compensation programs performance council.

(g) Pursuant to the provisions of chapter four, article ten of this code, the office of judges shall continue to exist until the first day of July, one thousand nine hundred ninety-six, to allow for the completion of a preliminary performance review by the joint committee on government operations.

§23-5-9. Hearings on objections to division decisions by office of administrative law judges.

Objections to a workers' compensation division decision made pursuant to the provisions of section one of this article shall be filed with the office of judges. Upon receipt of an objection, the office of judges shall, within fifteen days from receipt thereof, set a time and place for the hearing of evidence and shall notify the division of the filing of the objection. Hearings may be conducted at the county seat of the county wherein the injury occurred, or at any other place which may be agreed upon by the interested parties, and in the event the interested parties cannot agree, and it appears in the opinion of the chief administrative law judge or the chief administrative law judge's
authorized representative that the ends of justice require
the taking of evidence elsewhere, then at such place as the
chief administrative law judge or such authorized repre-
sentative may direct, having due regard for the conve-
nience of witnesses. The employer, the claimant and the
division shall be notified of such hearing at least ten days
in advance, and the hearing shall be held within thirty days
after the filing of the objection unless such hearing be
postponed by agreement of the parties or by the chief
administrative law judge or such authorized representative
for good cause. The division shall be a party to any pro-
ceeding under this article.

The office of judges shall keep full and complete
records of all proceedings concerning a disputed claim.
All testimony upon a disputed claim shall be recorded but
need not be transcribed unless the claim is appealed or in
such other circumstances as, in the opinion of the chief
administrative law judge, may require such transcription.
Upon receipt of notice of the filing of an objection, the
division shall forthwith forward to the chief administrative
law judge all records or copies of such records, which
relate to the matter objected to. All such records or copies
thereof and any evidence taken at hearings conducted by
the office of judges shall constitute the record upon which
the matter shall be decided. The office of judges shall not
be bound by the usual common law or statutory rules of
evidence. At any time within thirty days after hearing, if
the chief administrative law judge or the chief administra-
tive law judge's authorized representative is of the opinion
that the facts have not been adequately developed at such
hearing, he or she may order supplemental hearings or
obtain such additional evidence as he or she deems war-
ranted upon due notice to the parties.

All hearings shall be conducted as determined by the
chief administrative law judge pursuant to the rules of
practice and procedure promulgated pursuant to section
eight of this article. Upon consideration of the entire
record, the chief administrative law judge or an adminis-
trative law judge within the office of judges shall, within
thirty days after final hearing, render a decision affirming,
reversing or modifying the division's action. Said decision
§23-5-10. Appeal from administrative law judge decision to appeal board.

The employer, claimant or workers' compensation division may appeal to the appeal board created in section eleven of this article for a review of a decision by an administrative law judge. No appeal or review shall lie unless application therefor be made within thirty days of receipt of notice of the administrative law judge's final action or in any event within sixty days of the date of such final action, regardless of notice and, unless the application for appeal or review is filed within the time specified, no such appeal or review shall be allowed, such time limitation being hereby declared to be a condition of the right of such appeal or review and hence jurisdictional.

There shall be a board to be known as the "Workers' Compensation Appeal Board", which shall be referred to in this article as the "board", to be composed of three members. The board shall perform the duties and responsibilities assigned to it by this code consistent with the administrative policies developed by the governor and the commissioner with the assistance of the compensation programs performance council.

Two members of such board shall be of opposite politics to the third, and all three shall be citizens of this state who have resided therein for a period of at least five years. All members of the board shall be appointed by the governor and shall receive an annual salary in accordance with the provisions of section two-a, article seven, chapter six of this code. The salaries shall be payable in monthly installments, and the members shall also be entitled to all reasonable and necessary traveling and other expenses actually incurred while engaged in the performance of their duties. The governor shall designate one of the members of the board as chairman thereof, and the board shall meet at the capitol or at such other places throughout
the state as it may consider proper at regular sessions des-
ignated as "Appeal Board Hearing Days" commencing on
the first Tuesday of every month or the next regular busi-
ness day, for a period of at least three days, for the pur-
pose of conducting hearings on appeals, and continuing as
long as may be necessary for the proper and expeditious
transaction of the hearings, decisions and other business
before it. All clerical services required by the board shall
be paid for by the commissioner from any funds at his or
her disposal. The board shall, from time to time, compile
and promulgate such rules of practice and procedure as to
it shall appear proper for the prompt and efficient dis-
charge of its business and such rules shall be submitted
first to the compensation programs performance council
for its approval pursuant to subdivisions (b) and (c), sec-
tion seven, article three, chapter twenty-one-a of this code
and, if so approved, then to the supreme court of appeals
for approval, and if approved by such court shall have the
same force and effect as the approved rules of procedure
of circuit courts. By and with the consent of the commis-
sioner, the board shall employ such clerical staff as may
be necessary for the efficient conduct of its business.
Salaries of the board, and its employees, and all of its
necessary operating expenses shall be paid from the work-
ers' compensation fund. The board shall submit its annual
budget to the commissioner for inclusion as a separate
item in the budget estimates prepared by him or her annu-
ally and within the limits of such budget, all expenses of
the board shall be by the requisition of the commissioner.
Salaries of the employees of the board shall be governed
by the provisions of article six, chapter twenty-nine of this
code.

The board shall report monthly to the compensation
programs performance council on the status of all claims
on appeal.

§23-5-12. Appeal to board; procedure; remand and supple-
mental hearing.

(a) Any employer, employee, claimant or dependent,
who shall feel aggrieved at any final action of the administrative law judge taken after a hearing held in accordance with the provisions of section nine of this article, shall have the right to appeal to the board created in section eleven of this article for a review of such action. The workers' compensation division shall likewise have the right to appeal to the appeal board any final action taken by the administrative law judge. The aggrieved party shall file a written notice of appeal with the office of judges directed to such board, within thirty days after receipt of notice of the action complained of, or in any event, regardless of notice, within sixty days after the date of the action complained of, and unless the notice of appeal is filed within the time specified, no such appeal shall be allowed, such time limitation being hereby declared to be a condition of the right to such appeal and hence jurisdictional; and the office of judges shall notify the other parties immediately upon the filing of a notice of appeal. The office of judges shall forthwith make up a transcript of the proceedings before the office of judges and certify and transmit the same to the board. Such certificate shall incorporate a brief recital of the proceedings therein had and recite each order entered and the date thereof.

(b) The board shall review the action of the administrative law judge complained of at its next meeting after the filing of notice of appeal, provided such notice of appeal shall have been filed thirty days before such meeting of the board, unless such review be postponed by agreement of parties or by the board for good cause. The board shall set a time and place for the hearing of arguments on each claim and shall notify the interested parties thereof, and briefs may be filed by the interested parties in accordance with the rules of procedure prescribed by the board. The board may affirm the order or decision of the administrative law judge or remand the case for further proceedings. It shall reverse, vacate or modify the order or decision of the administrative law judge if the substantial rights of the petitioner or petitioners have been prejudiced because the administrative law judge's findings are:
(1) In violation of statutory provisions; or

(2) In excess of the statutory authority or jurisdiction of the administrative law judge; or

(3) Made upon unlawful procedures; or

(4) Affected by other error of law; or

(5) Clearly wrong in view of the reliable, probative and substantial evidence on the whole record; or

(6) Arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(c) After a review of the case, the board shall sustain the finding of the administrative law judge, in which case it need not make findings of fact or conclusions of law, or enter such order or make such award as the administrative law judge should have made, stating in writing its reasons therefor, and shall thereupon certify the same to the workers' compensation division and chief administrative law judge, who shall proceed in accordance therewith.

(d) Instead of affirming, reversing or modifying the decision of the administrative law judge as aforesaid, the board may, upon motion of any party or upon its own motion, for good cause shown, to be set forth in the order of the board, remand the case to the chief administrative law judge for the taking of such new, additional or further evidence as in the opinion of the board may be necessary for a full and complete development of the facts of the case. In the event the board shall remand the case to the chief administrative law judge for the taking of further evidence therein, the administrative law judge shall proceed to take such new, additional or further evidence in accordance with any instruction given by the board, and shall take the same within thirty days after receipt of the order remanding the case, giving to the interested parties at least ten days' written notice of such supplemental hearing, unless the taking of evidence shall be postponed by agreement of parties, or by the administrative law judge for good cause. After the completion of such supplemen-
tal hearing, the administrative law judge shall, within sixty
days, render his or her decision affirming, reversing or
modifying the former action of the administrative law
judge, which decision shall be appealable to, and proceed-
ed with by the appeal board in like manner as in the first
instance. In addition, upon a finding of good cause, the
board may remand the case to the workers' compensation
division for further development. Any decision made by
the division following such a remand shall be subject to
objection to the office of judges and not to the board.
The board may remand any case as often as in its opinion
is necessary for a full development and just decision of the
case. All appeals from the action of the administrative law
judge shall be decided by the board at the same session at
which they are heard, unless good cause for delay thereof
be shown and entered of record. In all proceedings be-
fore the board, any party may be represented by counsel.

§23-5-13. Continuances and supplemental hearings; claims
not to be denied on technicalities.

It is the policy of this chapter that the rights of claim-
ants for workers' compensation be determined as speedily
and expeditiously as possible to the end that those inca-
pacitated by injuries and the dependents of deceased
workers may receive benefits as quickly as possible in view
of the severe economic hardships which immediately be-
fall the families of injured or deceased workers. There-
fore, the criteria for continuances and supplemental hear-
ings 'for good cause shown" are to be strictly construed
by the chief administrative law judge and his or her autho-
ized representatives to prevent delay when granting or
denying continuances and supplemental hearings. It is
also the policy of this chapter to prohibit the denial of just
claims of injured or deceased workers or their dependents
on technicalities.

In any appeal wherein a board member is a party, or is
interested in the results thereof otherwise than as a general
3 subscriber to the compensation fund, or he or she is con-
4 nected with a contributor therein, or is a beneficiary there-
5 in, or is connected with a beneficiary therein, he or she
6 shall be disqualified from participating in the hearing and
7 determination of such appeal.

§23-5-15. Appeals from final decisions of board to supreme
court of appeals; procedure; costs.

From any final decision of the board, including any
order of remand, an application for review may be prose-
cuted by either party or by the workers' compensation
division to the supreme court of appeals within thirty days
from the date thereof by the filing of a petition therefor to
such court against the board and the adverse party or
parties as respondents, and unless the petition for review is
filed within such thirty-day period, no such appeal or
review shall be allowed, such time limitation being hereby
declared to be a condition of the right to such appeal or
review and hence jurisdictional; and the clerk of such
court shall notify each of the respondents and the workers'
compensation division of the filing of such petition. The
board shall, within ten days after receipt of such notice,
file with the clerk of the court the record of the proceed-
ings had before it, including all the evidence. The court
or any judge thereof in vacation may thereupon determine
whether or not a review shall be granted. And if granted
to a nonresident of this state, he or she shall be required to
execute and file with the clerk before such order or review
shall become effective, a bond, with security to be ap-
proved by the clerk, conditioned to perform any judgment
which may be awarded against him or her thereon. The
board may certify to the court and request its decision of
any question of law arising upon the record, and withhold
its further proceeding in the case, pending the decision of
court on the certified question, or until notice that the
court has declined to docket the same. If a review be
granted or the certified question be docketed for hearing,
the clerk shall notify the board and the parties litigant or
their attorneys and the workers' compensation division, of
that fact by mail. If a review be granted or the certified
question docketed, the case shall be heard by the court in
the same manner as in other cases, except that neither the
record nor briefs need be printed. Every such review
granted or certified question docketed prior to thirty days
before the beginning of the term, shall be placed upon the
docket for such term. The attorney general shall, without
extra compensation, represent the board in such cases.
The court shall determine the matter so brought before it
and certify its decision to the board and to the division.
The cost of such proceedings on petition, including a
reasonable attorney's fee, not exceeding thirty dollars to
the claimant's attorney, shall be fixed by the court and
taxed against the employer if the latter be unsuccessful,
and if the claimant, or the division (in case the latter be the
applicant for review) be unsuccessful, such costs, not in-
cluding attorney's fees, shall be taxed against the division,
payable out of the workers' compensation fund, or shall be
taxed against the claimant, in the discretion of the court.
But there shall be no cost taxed upon a certified question.

§23-5-16. Fees of attorney for claimant; unlawful charging or
receiving of attorney fees.

No attorney's fee in excess of twenty percent of any
award granted shall be charged or received by an attorney
for a claimant or dependent. In no case shall the fee re-
ceived by the attorney of such claimant or dependent be
in excess of twenty percent of the benefits to be paid dur-
ing a period of two hundred eight weeks. The interest on
disability or dependent benefits as provided for in this
chapter shall not be considered as part of the award in
determining any such attorney's fee. However, any con-
tract entered into in excess of twenty percent of the bene-
fits to be paid during a period of two hundred eight weeks,
as herein provided, shall be unlawful and unenforceable as
contrary to the public policy of this state and any fee
charged or received by an attorney in violation thereof
shall be deemed an unlawful practice and render the attor-
ney subject to disciplinary action.

and other real properties, by lost heirs or widely scattered
owners of undivided interests in essential lands and other
real properties and by owners of relatively small but essen-
tial parcels of a proposed land development site who re-

and, that the exercise by the authority of the right of emi-

the county commission in which the property to be ac-

necessity of the exercise of eminent domain and shall
cause a Class II legal advertisement to be published in

eminent domain.

§10. Incurring indebtedness; rights of creditors.

The authority may incur any proper indebtedness and
issue any obligations and give any security therefor which
it may deem necessary or advisable in connection with
carrying out its purposes as hereinbefore mentioned. No
statutory limitation with respect to the nature, or amount,
interest rate or duration of indebtedness which may be
incurred by municipalities or other public bodies shall
apply to indebtedness of the authority. No indebtedness
of any nature of the authority shall constitute an indebted-
ness of the governing body of the member counties, or a
charge against any property of said county commissions
or other appointing agencies. The rights of creditors of
the authority shall be solely against the authority as a corporate body and shall be satisfied only out of property held by it in its corporate capacity.

§11. Agreements in connection with obtaining funds.

The authority may, in connection with obtaining funds for its purposes, enter into any agreement with any person, firm or corporation, including the federal government; or any agency or subdivision thereof, containing such provisions, covenants, terms and conditions as the authority may deem advisable.

The member counties, or any one or more of them, jointly and severally, are hereby authorized and empowered to contribute by appropriation from their respective general funds not otherwise appropriated to the cost of the operation and projects of the authority.

§14. Contributions by member counties, local entity and others; funds and accounts; reports; audit and examination of books, records and accounts.

Contributions may be made to the authority from time to time by the member counties or local entities, and by any persons, firms or corporations which shall desire to do so. All such funds and all other funds received by the authority shall be deposited in such bank or banks as the authority may direct and shall be withdrawn therefrom in such manner as the authority may direct. The authority shall keep strict account of all its receipts and expenditures and within sixty days after the end of each fiscal year, the authority shall make an annual report containing an itemized statement of its receipts and disbursements for the preceding year, and such annual report shall be delivered to the county commission of each member county and shall be published as a Class I legal advertisement in compliance with the provisions of section two, article three, chapter fifty-nine of the code of West Virginia, and the publication area for such publication shall be the member counties. The books, records and accounts of the authority shall be subject to audit and examination by the office of the state tax commissioner of West Virginia and by any other proper public official or body in the manner provided by law.

§15. Sale or lease of property; reversion of assets upon dissolution.

In the event the board of the authority shall so determine, the authority may lease or sell all of its property and equipment on such terms and conditions as the authority may fix and determine. §17. Provisions severable.

The several sections and provisions of this bill are severable, and if any section or provisions hereof shall be held unconstitutional, all the remaining sections and provisions of this bill shall nevertheless remain valid.

HOUSE CONCURRENT RESOLUTION 2

(By Mr. Speaker, Mr. Chambers, and Delegates Anderson, Ashley, Azinger, Beane, Border and Kime)

[Adopted January 12, 1995]

Commemorating the passing of Robert William Burk, Jr., Republican Leader of the West Virginia House of Delegates.

On Sunday the 20th day of November, 1994, the City of Parkersburg, the County of Wood, the State of West Virginia and the West Virginia Legislature suffered the untimely loss of an outstanding public servant with the passing of the Honorable Robert William Burk, Jr.

Robert W. Burk, Jr., was born on December 16, 1939, in Parkersburg, West Virginia, the son of Robert W. and Evelyn Simonton Burk. Bob grew up in Parkersburg and was a graduate of Parkersburg High School. He was also a graduate of Duke University and the West Virginia University College of Law. After graduating from law school, Bob returned to Parkersburg and joined his father in a successful law practice.

Bob Burk was a special individual who had a great desire to help others. His compassion and concern for the welfare of the citizens of Wood County and West Virginia inspired him to run for public office in 1966. That year, at the ripe old age of 26, he was elected to the House of Delegates. He was reelected in 1968 and in 1969 he was appointed to the West Virginia Senate. After the unexpected death of his father in 1970, Bob put his political career on hold and devoted his time and energy to the practice of law.

Bob's willingness to serve and his dedication to the people of his district and his state never waned and he was more than happy to answer the call when he was appointed to the House of Delegates in January, 1986. He was then elected to the House in 1986 and reelected to four consecutive terms. In 1988, Bob was
elected as the House Republican Leader. Affectionately known to his Republican colleagues as "Boss Burk", he was reelected to that position in 1990 and 1992.

Bob Burk truly loved the Legislature and the legislative process. He never chastised or criticized a legislator for an opposing position, and he was willing to work with any member regardless of political affiliation to find solutions to the problems confronting our state. A "statesman" is defined as "one who exercises political leadership wisely without narrow partisanship". Bob Burk was a statesman. Always considerate, often sentimental and ever mindful of the needs of others, Bob Burk was respected and liked by everyone.

In addition to his public service, Bob was an active member of the First Presbyterian Church. He also dedicated much time to various causes and was a member of numerous civic, social and public service organizations, including the Parkersburg Rotary Club, the Chamber of Commerce of the Mid-Ohio Valley, the Wood County Recreation Commission and the Wood County Bar Association. He was a member of BPOE 198 and served on the Advisory Board of SW Resources, the board of directors of Commercial Bank, as chairman of the Parkersburg Community Foundation and on the board of the Parkersburg Boys Club.

While Bob Burk accomplished much in his life, he was most proud of his three sons, Dr. Robert W. "Robin" Burk, III of Birmingham, Alabama, Christopher Barrett Burk of Orlando, Florida, and Eric Leighton Burk of Morgantown, West Virginia. Perhaps his greatest regret would have been that he died just a few weeks before the birth of his first grandchild, Robert William Burk, IV.

Through his years of public service Bob Burk touched and enriched many lives, and those who had the opportunity to know and work with him were truly fortunate. He devoted many hours to serving his constituents, his district, his state and its citizens and it is most fitting that we honor his memory; therefore, be it

Resolved by the Legislature of West Virginia:

That deepest regret and sorrow are hereby expressed by the members of this body at the passing of Robert W. Burk, Jr., leader, statesman and friend; and, be it
Further Resolved, That the Clerk of the House of Delegates be hereby directed to forward copies of this resolution to the members of his family.

HOUSE CONCURRENT RESOLUTION 8

(By Mr. Speaker, Mr. Chambers, and Delegates Ball, Osborne, Frederick and Talbott)

[Adopted January 24, 1995]

Commemorating the passing of Odell H. Huffman, former member of the West Virginia House of Delegates, from the County of Mercer.

On the third day of October, one thousand nine hundred ninety-four, the City of Princeton, the County of Mercer and the citizens of West Virginia suffered a great loss at the death of an outstanding public servant and esteemed member of the West Virginia House of Delegates, the Honorable Odell H. Huffman.

Odell H. Huffman was born February 18, 1923, in Wyoming County, West Virginia. The son of Mitchell O. and Callie Whittington Huffman, he graduated from Mullens High School, attended Concord College and graduated from the West Virginia College of Law.

Odell married Geraldine Cline in 1950, and they were the parents of four children: Catherine Folk, David, Bill and John. Odell was a loving father and justifiably proud of his family. He reveled in his delight over his grandchildren: Benjamin, Christine, John, Sarah, Mitchel, Rebecca, Jamie, Mark and Allison. They were a great joy in his life.

Odell was an active member of the First Methodist Church in Princeton, where he and his family regularly worshipped.

A strong advocate for the business community, his desire to serve the people of Mercer County led him into the political arena where he served with distinction.

First elected to the House of Delegates in 1968, he was reelected in 1970. He was elected to the West Virginia State Senate in 1972 and served three four-year terms there before running for Judge of the Circuit Court.
Following a six-year hiatus, he was again elected to the House of Delegates in 1990 and in 1992. Odell served the House as Chairman of the Committee on Constitutional Revision, Vice Chairman of the Committee on the Judiciary during the 60th Legislature, Vice Chairman of the Committee on Local Government during the 61st and 62nd Legislatures and as Chairman of the Committee on Health during the 61st and 62nd Legislatures.

Odell was a staunch conservative and was an organizer of the Conservative Caucus in the House of Delegates, serving as Chairman of that Caucus.

Odell H. Huffman served the citizens of Mercer County in many public service projects. He was a member of the Mercer County Airport Authority, former mayor of the City of Princeton, an organizer of the Princeton Community Hospital Association, Inc., an organizer of Princeton Publishing Company and held membership in the Mercer County and West Virginia State Bar Associations.

Odell served his country during the Second World War in the Army Air Force.

A man of great integrity, Odell H. Huffman was honest and sincere in his dealings with others. He was a warm and friendly man who enjoyed conversing with others. He would attentively listen to an opposing position or view and diplomatically explain his own without causing offense.

His fascination with the legislative process and his subsequent study thereof caused him to be known as one of the most able of legislators.

Odell H. Huffman was an upright citizen of the State he loved and he will be missed not only in the Legislature but also by his host of friends in Mercer County and throughout the State of West Virginia; therefore, be it

Resolved by the Legislature of West Virginia:

That regret and deep sorrow are hereby expressed at the passing of Odell H. Huffman, legislator, public servant and
friend and heartfelt condolences are hereby extended to his family; and, be it

Further Resolved, That the Clerk of the House of Delegates forward copies of this resolution to the family of Odell H. Huffman.
