Senators White (Cochair), Green, Laird, Yost and Barnes.
AN ACT to amend and reenact §17A-3-2 of the Code of West Virginia, 1931, as amended, relating to motor vehicle registration requirements; adding an exemption from registration and certificate of title requirements for mini-trucks used for agricultural or horticultural purposes; increasing the distance for transporting fixtures attached to implements of husbandry; providing that an applicant for a farm use exemption certificate may not be required to appear before any assessor for renewal; and adding utility terrain vehicles to the list of recreational vehicles exempt from registration requirements.

Be it enacted by the Legislature of West Virginia:

That §17A-3-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 3. ORIGINAL AND RENEWAL OF REGISTRATION; ISSUANCE OF CERTIFICATES OF TITLE.

§17A-3-2. Every motor vehicle, etc., subject to registration and certificate of title provisions; exceptions.
(a) Every motor vehicle, trailer, semitrailer, pole trailer and recreational vehicle when driven or moved upon a highway is subject to the registration and certificate of title provisions of this chapter except:

(1) Any vehicle driven or moved upon a highway in conformance with the provisions of this chapter relating to manufacturers, transporters, dealers, lienholders or nonresidents or under a temporary registration permit issued by the division as authorized under this chapter;

(2) Any implement of husbandry upon which is securely attached a machine for spraying fruit trees and plants of the owner or lessee or for any other implement of husbandry which is used exclusively for agricultural or horticultural purposes on lands owned or leased by the owner of the implement and which is not operated on or over any public highway of this state for any other purpose other than for the purpose of operating it across a highway or along a highway other than an expressway as designated by the commissioner of the division of highways from one point of the owner's land to another part of the owner's land, irrespective of whether or not the tracts adjoin: Provided, That the distance between the points may not exceed thirty-five miles, or for the purpose of taking it or other fixtures attached to the implement, to and from a repair shop for repairs. The exemption in this subdivision from registration and license requirements also applies to any vehicle described in this subsection or to any farm trailer owned by the owner or lessee of the farm on which the trailer is used, when the trailer is used by the owner of the trailer for the purpose of moving farm produce and livestock from the farm along a public highway for a distance not to exceed thirty-five miles to a storage house or packing plant, when the use is a seasonal operation:

(A) The exemptions contained in this section also apply to farm machinery, tractors and mini-trucks: Provided, That
the machinery, tractors and mini-trucks may use the highways in going from one tract of land to another tract of land regardless of whether the land is owned by the same or different persons. For the purposes of this section, mini-truck means a foreign-manufactured import or domestic-manufactured vehicle designed primarily for off-road use and powered by an engine ranging in size from 550cc to 660cc and weighing approximately one thousand eight hundred pounds;

(B) Any vehicle exempted under this subsection from the requirements of annual registration certificate and license plates and fees for the registration certificate and license plate may not use the highways between sunset and sunrise unless the vehicle is classified as a Class A motor vehicle with a farm-use exemption under the provisions of section one, article ten of this chapter and has a valid and current inspection sticker as required by the provisions of article sixteen, chapter seventeen-c of this code and is traveling from one tract of land to another over a distance of thirty-five miles or less;

(C) Any vehicle exempted under this section from the requirements of annual registration certificate and license plates may use the highways as provided in this section whether the exempt vehicle is self-propelled, towed by another exempt vehicle or towed by another vehicle required to be registered;

(D) Any vehicle used as an implement of husbandry exempt under this section shall have the words “farm use” affixed to both sides of the implement in ten-inch letters. Any vehicle which would be subject to registration as a Class A or B vehicle if not exempted by this section shall display a farm-use exemption certificate on the lower driver’s side of the windshield:
(i) The farm-use exemption certificate shall be provided by the commissioner and shall be issued annually by the assessor of the applicant's county of residence. The assessor shall issue a farm-use exemption certificate to the applicant upon his or her determination pursuant to an examination of the property books or documentation provided by the applicant that the vehicle has been properly assessed as Class I personal property. Nothing in this section or any rule promulgated under the authority of chapter twenty-nine-a of this code may be construed to require any applicant for a renewal of a farm use exemption certificate to appear personally before any assessor. The assessor shall charge a fee of two dollars for each certificate, which shall be retained by the assessor;

(ii) A farm-use exemption certificate shall not exempt the applicant from maintaining the security required by chapter seventeen-d of this code on any vehicle being operated on the roads or highways of this state;

(iii) No person charged with the offense of operating a vehicle without a farm-use exemption certificate, if required under this section, may be convicted of the offense if he or she produces in court, or in the office of the arresting officer, a valid farm-use exemption certificate for the vehicle in question within five days;

(3) Any vehicle which is propelled exclusively by electric power obtained from overhead trolley wires though not operated upon rails;

(4) Any vehicle of a type subject to registration which is owned by the government of the United States;

(5) Any wrecked or disabled vehicle towed by a licensed wrecker or dealer on the public highways of this state;
(6) The following recreational vehicles are exempt from the requirements of annual registration, license plates and fees, unless otherwise specified by law, but are subject to the certificate of title provisions of this chapter regardless of highway use: Motorboats, all-terrain vehicles, utility terrain vehicles and snowmobiles; and

(7) Any special mobile equipment as defined in subsection (r), section one, article one of this chapter.

(b) Notwithstanding the provisions of subsection (a) of this section:

(1) Mobile homes or manufactured homes are exempt from the requirements of annual registration, license plates and fees;

(2) House trailers may be registered and licensed; and

(3) Factory-built homes are subject to the certificate of title provisions of this chapter.

(c) The division shall title and register low-speed vehicles if the manufacturer’s certificate of origin clearly identifies the vehicle as a low-speed vehicle. The division may not title or register homemade low-speed vehicles or retrofitted golf carts and such vehicles do not qualify as low-speed vehicles in this state. In addition to all other motor vehicle laws and regulations, except as specifically exempted below, low-speed vehicles are subject to the following restrictions and requirements:

(1) Low-speed vehicles shall only be operated on private roads and on public roads and streets within the corporate limits of a municipality where the speed limit is not more than twenty-five miles per hour;
(2) Notwithstanding any provisions in this code to the contrary, low-speed vehicles shall meet the requirements of 49 C.F.R. §571.500 (2003);

(3) In lieu of annual inspection, the owner of a low-speed vehicle shall, upon initial application for registration and each renewal thereafter, certify under penalty of false swearing, that all lights, brakes, tires and seat belts are in good working condition; and

(4) Any person operating a low-speed vehicle must hold a valid driver’s license, not an instruction permit.

This motion shall be supported by affidavit of the defendant and by certification of the Division of Motor Vehicles that the defendant has successfully completed the Motor Vehicle Alcohol Test and Lock Program. A copy of the motion shall be served on the prosecuting attorney who shall within 30 days after service advise the judge of any objections to the motion, serving a copy of such objections on the defendant or the defendant's attorney. If there are no objections filed within the 30-day period, the court shall thereafter dismiss the charges against the defendant. If there are objections filed with regard to the dismissal of charges, the court shall proceed as set forth in subsection (c) of this section.

(e) Except as provided herein, unless a defendant adjudicated pursuant to this subsection be convicted of a subsequent violation of this article, discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime except for those provided in article five-a of this chapter. Except as provided in subsection (k), (l) and (m), section two of this article regarding subsequent offenses, the effect of the dismissal and discharge shall be to restore the person in contemplation of law to the status he or she occupied prior to arrest and trial. No person as to whom a dismissal and discharge have been effected shall be thereafter held to be
82 guilty of perjury, false swearing, or otherwise giving a false
83 statement by reason of his or her failure to disclose or
84 acknowledge his or her arrest or trial in response to any
85 inquiry made of him or her for any purpose other than any
86 inquiry made in connection with any subsequent offense as
87 that term is defined in subsection (m), section two of this
88 article.

89 (f) There may be only one discharge and dismissal under
90 this section with respect to any person.

91 (g) No person shall be eligible for dismissal and
92 discharge under this section: (1) in any prosecution in which
93 any violation of any other provision of this article has been
94 charged;(2) if the person holds a commercial driver's license
95 or operates commercial motor vehicle(s), or (3) the person has
96 previously had his or her driver's license revoked under
97 section two-a of this article or under any statute of the United
98 States or of any state relating to driving under the influence
99 alcohol, any controlled substance or any other drug.

100 (h) (1) After a period of not less than one year which
101 shall begin to run immediately upon the expiration of a term
102 of probation imposed upon any person under this section, the
103 person may apply to the court for an order to expunge from
104 all official records all recordations of his or her arrest, trial,
105 and conviction, pursuant to this section except for those
106 maintained by the Division of Motor Vehicles: Provided,
107 That any person who has previously been convicted of a
108 felony may not make a motion for expungement pursuant to
109 this section.

110 (2) If the prosecuting attorney objects to the
111 expungement, the objections shall be filed with the court
112 within 30 days after service of a motion for expungement and
113 copies of the objections shall be served on the defendant or
114 the defendant's attorney.
(3) If the objections are filed, the court shall hold a hearing on the objections, affording all parties an opportunity to be heard. If the court determines after a hearing that the person during the period of his or her probation and during the period of time prior to his or her application to the court under this subsection has not been guilty of any serious or repeated violation of the conditions of his or her probation, it shall order the expungement.

(i) Notwithstanding any provision of this code to the contrary, any person prosecuted for a violation of subsection(d), section two, article five of this chapter whose case is disposed of pursuant to the provisions of this section shall be liable for any court costs assessable against a person convicted of a violation of subsection (j), section two, article five of this chapter. Payment of such costs may be made a condition of probation. The costs assessed pursuant to this subsection, whether as a term of probation or not, shall be distributed as other court costs in accordance with section two, article three, chapter fifty, section four, article two-a, chapter fourteen, section four, article twenty-nine, chapter thirty and sections two, seven and ten, article five, chapter sixty-two of this code.

§17C-5-7. Refusal to submit to tests; revocation of license or privilege; consent not withdrawn if person arrested is incapable of refusal; hearing.

(a) If any person under arrest as specified in section four of this article refuses to submit to any secondary chemical test, the tests shall not be given: Provided, That prior to the refusal, the person is given an oral warning and a written statement advising him or her that his or her refusal to submit to the secondary test finally designated will result in the revocation of his or her license to operate a motor vehicle in this state for a period of at least forty-five days and up to life; and that after fifteen minutes following the warnings the
10 refusal is considered final. The arresting officer after that period of time expires has no further duty to provide the person with an opportunity to take the secondary test. The officer shall, within forty-eight hours of the refusal, sign and submit to the Commissioner of Motor Vehicles a written statement of the officer that: (1) He or she had reasonable grounds to believe the person had been driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (2) the person was lawfully placed under arrest for an offense relating to driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (3) the person refused to submit to the secondary chemical test finally designated in the manner provided in section four of this article; and (4) the person was given a written statement advising him or her that his or her license to operate a motor vehicle in this state would be revoked for a period of at least forty-five days and up to life if he or she refused to submit to the secondary test finally designated in the manner provided in section four of this article. The signing of the statement required to be signed by this section constitutes an oath or affirmation by the person signing the statement that the statements contained in the statement are true and that any copy filed is a true copy. The statement shall contain upon its face a warning to the officer signing that to willfully sign a statement containing false information concerning any matter or thing, material or not material, is false swearing and is a misdemeanor. Upon receiving the statement the commissioner shall make and enter an order revoking the person's license to operate a motor vehicle in this state for the period prescribed by this section.

For the first refusal to submit to the designated secondary chemical test, the commissioner shall make and enter an order revoking the person's license to operate a motor vehicle in this state for a period of one year or forty-five days, with an additional one year of participation in the Motor Vehicle
Alcohol Test and Lock Program in accordance with the provisions of section three-a, article five-a of this chapter:

Provided, That a person revoked for driving while under the influence of drugs is not eligible to participate in the Motor Vehicle Test and Lock Program. The application for participation in the Motor Vehicle Alcohol Test and Lock Program shall be considered to be a waiver of the hearing provided in section two of said article. If the person’s license has previously been revoked under the provisions of this section, the commissioner shall, for the refusal to submit to the designated secondary chemical test, make and enter an order revoking the person’s license to operate a motor vehicle in this state for a period of ten years: Provided, however, that the license may be reissued in five years in accordance with the provisions of section three, article five-a of this chapter. If the person’s license has previously been revoked more than once under the provisions of this section, the commissioner shall, for the refusal to submit to the designated secondary chemical test, make and enter an order revoking the person’s license to operate a motor vehicle in this state for a period of life. A copy of each order shall be forwarded to the person by registered or certified mail, return receipt requested, and shall contain the reasons for the revocation and shall specify the revocation period imposed pursuant to this section. A revocation shall not become effective until ten days after receipt of the copy of the order. Any person who is unconscious or who is otherwise in a condition rendering him or her incapable of refusal shall be considered not to have withdrawn his or her consent for a test of his or her blood, breath or urine as provided in section four of this article and the test may be administered although the person is not informed that his or her failure to submit to the test will result in the revocation of his or her license to operate a motor vehicle in this state for the period provided for in this section. A revocation under this section shall run concurrently with the period of any suspension or revocation imposed in accordance with other provisions of this code and
83 growing out of the same incident which gave rise to the arrest
84 for driving a motor vehicle while under the influence of
85 alcohol, controlled substances or drugs and the subsequent
86 refusal to undergo the test finally designated in accordance
87 with the provisions of section four of this article.

88 (b) For the purposes of this section, where reference is
89 made to previous suspensions or revocations under this
90 section, the following types of suspensions or revocations
91 shall also be regarded as suspensions or revocations under
92 this section:

93 (1) Any suspension or revocation on the basis of a
94 conviction under a municipal ordinance of another state or a
95 statute of the United States or of any other state of an offense
96 which has the same elements as an offense described in
97 section two of this article for conduct which occurred on or
98 after June 10, 1983; and

99 (2) Any revocation under the provisions of section one or
100 two, article five-a of this chapter for conduct which occurred
101 on or after June 10, 1983.

102 (c) A person whose license to operate a motor vehicle in
103 this state has been revoked shall be afforded an opportunity
104 to be heard, in accordance with the provisions of section two,
105 article five-a of this chapter.

ARTICLE 5A. ADMINISTRATIVE PROCEDURES FOR
SUSPENSION AND REVOCATION
OF LICENSES FOR DRIVING UNDER
THE INFLUENCE OF ALCOHOL,
CONTROLLED SUBSTANCES OR
DRUGS.

§17C-5A-1a. Revocation upon conviction for driving under the influence of alcohol,
controlled substances or drugs.
§17C-5A-2. Hearing; revocation; review.
§17C-5A-3. Safety and treatment program; reissuance of license.
§17C-5A-3a. Establishment of and participation in the Motor Vehicle Alcohol Test and Lock Program.

§17C-5A-1a. Revocation upon conviction for driving under the influence of alcohol, controlled substances or drugs.

(a) If a person has a term of conditional probation imposed pursuant to section two-b, article five of this chapter, or is convicted for an offense defined in section two, article five of this chapter or for an offense described in a municipal ordinance which has the same elements as an offense described in said section because the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or the combined influence of alcohol or controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in his or her blood of eight hundredths of one percent or more, by weight, or did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight, and if the person does not act to appeal the conviction within the time periods described in subsection (b) of this section, the person's license to operate a motor vehicle in this state shall be revoked or suspended in accordance with the provisions of this section.

(b) The clerk of the court in which a person has had a term of conditional probation imposed pursuant to section two-b, article five of this chapter, or is convicted for an offense described in section two, article five of this chapter or for an offense described in a municipal ordinance which has the same elements as an offense described in said section shall forward to the commissioner a transcript of the judgment of conviction. If the conviction is the judgment of a magistrate court, the magistrate court clerk shall forward
the transcript when the person convicted has not requested an appeal within twenty days of the sentencing for such conviction. If the term of conditional probation is the act of a magistrate court, the magistrate court clerk shall forward the transcript when the order imposing the term of conditional probation is entered. If the conviction is the judgment of a mayor or police court judge or municipal court judge, the clerk or recorder shall forward the transcript when the person convicted has not perfected an appeal within ten days from and after the date upon which the sentence is imposed. If the conviction is the judgment of a circuit court, the circuit clerk shall forward the transcript when the person convicted has not filed a notice of intent to file a petition for appeal or writ of error within thirty days after the judgment was entered.

(c) If, upon examination of the transcript of the judgment of conviction, or imposition of a term of conditional probation pursuant to section two-b, article five of this chapter, the commissioner determines that the person was convicted for an offense described in section two, article five of this chapter or had a period of conditional probation imposed pursuant to section two-b, article five of this chapter, or for an offense described in a municipal ordinance which has the same elements as an offense described in said section because the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or the combined influence of alcohol or controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in his or her blood of eight hundredths of one percent or more, by weight, the commissioner shall make and enter an order revoking the person's license to operate a motor vehicle in this state. If the commissioner determines that the person was convicted of driving a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than
eight hundredths of one percent, by weight, the commissioner shall make and enter an order suspending the person's license to operate a motor vehicle in this state. The order shall contain the reasons for the revocation or suspension and the revocation or suspension periods provided for in section two of this article. Further, the order shall give the procedures for requesting a hearing which is to be held in accordance with the provisions of said section. The person shall be advised in the order that because of the receipt of a transcript of the judgment of conviction by the commissioner a presumption exists that the person named in the transcript of the judgment of conviction is the person named in the commissioner's order and such constitutes sufficient evidence to support revocation or suspension and that the sole purpose for the hearing held under this section is for the person requesting the hearing to present evidence that he or she is not the person named in the transcript of the judgment of conviction. A copy of the order shall be forwarded to the person by registered or certified mail, return receipt requested. No revocation or suspension shall become effective until ten days after receipt of a copy of the order.

(d) The provisions of this section shall not apply if an order reinstating the operator's license of the person has been entered by the commissioner prior to the receipt of the transcript of the judgment of conviction.

(e) For the purposes of this section, a person is convicted when the person enters a plea of guilty or is found guilty by a court or jury. A plea of no contest does not constitute a conviction for purposes of this section except where the person holds a commercial drivers' license or operates a commercial vehicle.

§17C-5A-2. Hearing; revocation; review.

(a) Written objections to an order of revocation or suspension under the provisions of section one of this article
3 or section seven, article five of this chapter shall be filed with
4 the Office of Administrative Hearings. Upon the receipt of
5 an objection, the Office of Administrative Hearings shall
6 notify the Commissioner of the Division of Motor Vehicles,
7 who shall stay the imposition of the period of revocation or
8 suspension and afford the person an opportunity to be heard
9 by the Office of Administrative Hearings. The written
10 objection must be filed with Office of Administrative
11 Hearings in person or by registered or certified mail, return
12 receipt requested, within thirty calendar days after receipt of
13 a copy of the order of revocation or suspension or no hearing
14 will be granted. The hearing shall be before a hearing
15 examiner employed by the Office of Administrative Hearings
16 who shall rule on evidentiary issues. Upon consideration of
17 the designated record, the hearing examiner shall, based on
18 the determination of the facts of the case and applicable law,
19 render a decision affirming, reversing or modifying the action
20 protested. The decision shall contain findings of fact and
21 conclusions of law and shall be provided to all parties by
22 registered or certified mail, return receipt requested.
23
24 (b) The hearing shall be held at an office of the Division
25 of Motor Vehicles located in or near the county in which the
26 arrest was made in this state or at some other suitable place
27 in the county in which the arrest was made if an office of the
28 division is not available. The Office of Administrative
29 Hearings shall send a notice of hearing to the person whose
30 license is at issue, the appropriate law-enforcement officers,
31 and the prosecuting attorney.
32
33 (c) (1) Any hearing shall be held within one hundred
34 eighty days after the date upon which the Office of
35 Administrative Hearings received the timely written
36 objection unless there is a postponement or continuance.
37
38 (2) The Office of Administrative Hearings may postpone
39 or continue any hearing on its own motion or upon
application by the party whose license is at issue in that hearing or by the commissioner for good cause shown.

(3) A notice of hearing to the appropriate law-enforcement officers by registered or certified mail, return receipt requested, constitutes a subpoena to appear at the hearing without the necessity of payment of fees by the Division of Motor Vehicles.

(d) Law-enforcement officers shall be compensated for the time expended in their travel and appearance before the Office of Administrative Hearings by the law-enforcement agency by whom they are employed at their regular rate if they are scheduled to be on duty during said time or at their regular overtime rate if they are scheduled to be off duty during said time.

(e) The principal question at the hearing shall be whether the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, or did refuse to submit to the designated secondary chemical test, or did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight.

(f) In the case of a hearing in which a person is accused of driving a motor vehicle while under the influence of alcohol, controlled substances or drugs, or accused of driving a motor vehicle while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, or accused of driving a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight,
weight, but less than eight hundredths of one percent, by weight, the Office of Administrative Hearings shall make specific findings as to: (1) Whether the investigating law-enforcement officer had reasonable grounds to believe the person to have been driving while under the influence of alcohol, controlled substances or drugs, or while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, or to have been driving a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight; (2) whether the person was lawfully placed under arrest for an offense involving driving under the influence of alcohol, controlled substances or drugs, or was lawfully taken into custody for the purpose of administering a secondary test: Provided, That this element shall be waived in cases where no arrest occurred due to driver incapacitation; (3) whether the person committed an offense involving driving under the influence of alcohol, controlled substances or drugs, or was lawfully taken into custody for the purpose of administering a secondary test; and (4) whether the tests, if any, were administered in accordance with the provisions of this article and article five of this chapter.

(g) If, in addition to a finding that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, or did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or
failure proximately caused the death of a person and was
committed in reckless disregard of the safety of others and if
the Office of Administrative Hearings further finds that the
influence of alcohol, controlled substances or drugs or the
alcohol concentration in the blood was a contributing cause
to the death, the commissioner shall revoke the person's
license for a period of ten years: Provided, That if the
person's license has previously been suspended or revoked
under the provisions of this section or section one of this
article within the ten years immediately preceding the date of
arrest, the period of revocation shall be for the life of the
person.

(h) If, in addition to a finding that the person did drive a
motor vehicle while under the influence of alcohol,
controlled substances or drugs, or did drive a motor vehicle
while having an alcohol concentration in the person's blood
of eight hundredths of one percent or more, by weight, the
Office of Administrative Hearings also finds by a
preponderance of the evidence that the person when driving
did an act forbidden by law or failed to perform a duty
imposed by law, which act or failure proximately caused the
death of a person, the commissioner shall revoke the person's
license for a period of five years: Provided, That if the
person's license has previously been suspended or revoked
under the provisions of this section or section one of this
article within the ten years immediately preceding the date of
arrest, the period of revocation shall be for the life of the
person.

(i) If, in addition to a finding that the person did drive a
motor vehicle while under the influence of alcohol,
controlled substances or drugs, or did drive a motor vehicle
while having an alcohol concentration in the person's blood
of eight hundredths of one percent or more, by weight, the
Office of Administrative Hearings also finds by a
preponderance of the evidence that the person when driving
did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused bodily injury to a person other than himself or herself, the commissioner shall revoke the person's license for a period of two years: Provided, That if the license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person's license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(j) If the Office of Administrative Hearings finds by a preponderance of the evidence that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, but less than fifteen hundredths of one percent or more, by weight, or finds that the person knowingly permitted the person's vehicle to be driven by another person who was under the influence of alcohol, controlled substances or drugs, or knowingly permitted the person's vehicle to be driven by another person who had an alcohol concentration in his or her blood of eight hundredths of one percent or more, by weight the commissioner shall revoke the person's license for a period of six months or a period of fifteen days with an additional one hundred and twenty days of participation in the Motor Vehicle Alcohol Test and Lock Program in accordance with the provisions of section three-a of this article: Provided, That any period of participation in the Motor Vehicle Alcohol Test and Lock Program that has been imposed by a court pursuant to section two-b, article five of this chapter shall be credited against any period of...
participation imposed by the commissioner: Provided, however, That a person whose license is revoked for driving while under the influence of drugs is not eligible to participate in the Motor Vehicle Alcohol Test and Lock Program: Provided further, That if the person's license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: And provided further, That if the person's license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(k)(1) If in addition to finding by a preponderance of the evidence that the person did drive a motor vehicle while under the influence of alcohol, controlled substance or drugs, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person did drive a motor vehicle while having an alcohol concentration in the person's blood of fifteen hundredths of one percent or more, by weight, the commissioner shall revoke the person's license for a period of forty-five days with an additional two hundred and seventy days of participation in the Motor Vehicle Alcohol Test and Lock Program in accordance with the provisions of article three-a, article five-a, chapter seventeen-c of this code: Provided, That if the person's license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person's license has previously been suspended or revoked the person's license more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.
(2) If a person whose license is revoked pursuant to subdivision (1) of this subsection proves by clear and convincing evidence that they do not own a motor vehicle upon which the alcohol test and lock device may be installed or is otherwise incapable of participating in the Motor Vehicle Alcohol Test and Lock Program, the period of revocation shall be one hundred eighty days: Provided, That if the person's license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person's license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(l) If, in addition to a finding that the person did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused the death of a person, and if the Office of Administrative Hearings further finds that the alcohol concentration in the blood was a contributing cause to the death, the commissioner shall revoke the person's license for a period of five years: Provided, That if the person's license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(m) If, in addition to a finding that the person did drive a motor vehicle while under the age of twenty-one years with
an alcohol concentration in his or her blood of two
hundredths of one percent or more, by weight, but less than
eight hundredths of one percent, by weight, the Office of
Administrative Hearings also finds by a preponderance of the
evidence that the person when driving did an act forbidden by
law or failed to perform a duty imposed by law, which act or
failure proximately caused bodily injury to a person other
than himself or herself, and if the Office of Administrative
Hearings further finds that the alcohol concentration in the
blood was a contributing cause to the bodily injury, the
commissioner shall revoke the person's license for a period
of two years: Provided, That if the person's license has
previously been suspended or revoked under the provisions
of this section or section one of this article within the ten
years immediately preceding the date of arrest, the period of
revocation shall be ten years: Provided, however, That if the
person's license has previously been suspended or revoked
more than once under the provisions of this section or section
one of this article within the ten years immediately preceding
the date of arrest, the period of revocation shall be for the life
of the person.

(n) If the Office of Administrative Hearings finds by a
preponderance of the evidence that the person did drive a
motor vehicle while under the age of twenty-one years with
an alcohol concentration in his or her blood of two
hundredths of one percent or more, by weight, but less than
eight hundredths of one percent, by weight, the commissioner
shall suspend the person's license for a period of sixty days:
Provided, That if the person's license has previously been
suspended or revoked under the provisions of this section or
section one of this article, the period of revocation shall be
for one year, or until the person's twenty-first birthday,
whichever period is longer.

(o) If, in addition to a finding that the person did drive a
motor vehicle while under the influence of alcohol,
controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person's blood of eight hundredths of one percent or more, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did have on or within the motor vehicle another person who has not reached his or her sixteenth birthday, the commissioner shall revoke the person's license for a period of one year: Provided, That if the person's license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person's license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(p) For purposes of this section, where reference is made to previous suspensions or revocations under this section, the following types of criminal convictions or administrative suspensions or revocations shall also be regarded as suspensions or revocations under this section or section one of this article:

(1) Any administrative revocation under the provisions of the prior enactment of this section for conduct which occurred within the ten years immediately preceding the date of arrest;

(2) Any suspension or revocation on the basis of a conviction under a municipal ordinance of another state or a statute of the United States or of any other state of an offense which has the same elements as an offense described in section two, article five of this chapter for conduct which occurred within the ten years immediately preceding the date of arrest; or
(3) Any revocation under the provisions of section seven, article five of this chapter for conduct which occurred within the ten years immediately preceding the date of arrest.

(q) In the case of a hearing in which a person is accused of refusing to submit to a designated secondary test, the Office of Administrative Hearings shall make specific findings as to: (1) Whether the arresting law-enforcement officer had reasonable grounds to believe the person had been driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (2) whether the person was lawfully placed under arrest for an offense involving driving under the influence of alcohol, controlled substances or drugs, or was lawfully taken into custody for the purpose of administering a secondary test: Provided, That this element shall be waived in cases where no arrest occurred due to driver incapacitation; (3) whether the person committed an offense relating to driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (4) whether the person refused to submit to the secondary test finally designated in the manner provided in section four, article five of this chapter; and (5) whether the person had been given a written statement advising the person that the person's license to operate a motor vehicle in this state would be revoked for at least forty-five days and up to life if the person refused to submit to the test finally designated in the manner provided in said section.

(r) If the Office of Administrative Hearings finds by a preponderance of the evidence that: (1) The investigating officer had reasonable grounds to believe the person had been driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (2) whether the person was lawfully placed under arrest for an offense involving driving under the influence of alcohol, controlled substances or drugs, or was lawfully taken into custody for the purpose of administering a secondary test: Provided, That
this element shall be waived in cases where no arrest occurred due to driver incapacitation; (3) the person committed an offense relating to driving a motor vehicle in this state while under the influence of alcohol, controlled substances or drugs; (4) the person refused to submit to the secondary test finally designated in the manner provided in section four, article five of this chapter; and (5) the person had been given a written statement advising the person that the person's license to operate a motor vehicle in this state would be revoked for at least forty-five days and up to life if the person refused to submit to the test finally designated, the commissioner shall revoke the person's license to operate a motor vehicle in this state for the periods specified in section seven, article five of this chapter. The revocation period prescribed in this subsection shall run concurrently with any other revocation period ordered under this section or section one of this article arising out of the same occurrence. enforcement official.

(2) When a vehicle must idle to operate defrosters, heaters, air conditioners or cargo refrigeration equipment, or to install equipment, in order to prevent a safety or health emergency, and not for the purpose of a rest period, or as otherwise necessary to comply with manufacturers’ operating requirements, specifications and warranties in accordance with federal or state motor carrier safety regulations or local requirements.

(10) When a bus or school bus must idle to provide heating or air conditioning when nondriver passengers are onboard. For the purposes of this exemption, the bus or school bus may idle for no more than a total of fifteen minutes in a continuous sixty-minute period, except when idling is necessary to maintain a safe temperature for bus passengers.

of this code from regulating motor vehicle emissions
pursuant to the provisions of section fifteen, article five,
chapter twenty-two of this code and any legislative rules
promulgated pursuant to that section.

CHAPTER 143

(Com. Sub. for S. B. 567 - By Senators Laird, White and Kessler)

[Passed March 13, 2010; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2010.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §20-16-1, §20-16-2, §20-16-3, §20-16-4, §20-16-5, §20-16-6, §20-16-7 and §20-16-8, all relating to responsibility and liability of nonprofit youth organizations, participants and providers in adventure or recreational activities; providing a short title, legislative purpose and definitions; providing the duties and liabilities of nonprofit youth organizations or providers; and providing duties and liabilities of participants.

Be it enacted by the Legislature of West Virginia:
That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §20-16-1, §20-16-2, §20-16-3, §20-16-4, §20-16-5, §20-16-6, §20-16-7 and §20-16-8, all to read as follows:

ARTICLE 16. NONPROFIT ADVENTURE AND RECREATIONAL ACTIVITY RESPONSIBILITY ACT.

§20-16-1. Short title.

This article may be cited as the Nonprofit Adventure and Recreational Activity Responsibility Act.

§20-16-2. Legislative purpose.

The Legislature finds that West Virginia is blessed by geography and natural features that make it ideal for a host of adventure and recreational activities attractive to nonprofit youth organizations interested in training and inspiring thousands of young people from other parts of the United States and throughout the world. The location by these organizations of facilities within the state will contribute significantly to the economy of West Virginia, and enhance the state’s reputation as a place to visit and transact business. Because it is recognized that there are inherent risks in various adventure and recreational activities which should be understood by participants therein and which are essentially impossible for the organizations and their providers to eliminate, it is the purpose of this article to define those areas of responsibility and those affirmative acts for which these
nonprofit organizations and their providers of adventure and recreational activities shall be liable for loss, damage or injury suffered by participants, and to further define those risks which the participants expressly assume and for which there can be no recovery.

§20-16-3. Definitions.

In this article, unless a different meaning plainly is required:

(1) "Adventure or recreational activity" means any program or activity sponsored by a nonprofit youth organization and conducted by the organization or its provider that involves inherent risks, including, but not limited to:

(A) All-terrain vehicle activities and similar activities, including all activities within the ATV Responsibility Act in article fifteen of this chapter;

(B) Biking, mountain-biking and similar activities;

(C) Canopy activities, zip-lines and similar activities;

(D) Climbing and repelling and similar activities in improved and natural areas, including climbing walls;

(E) Equestrian activities and similar activities, including all activities within the Equestrian Activities Responsibility Act in article four of this chapter;

(F) Firearms training and similar activities;

(G) Hiking, backpacking, camping and similar activities;

(H) Paintball and similar activities;
(I) Rope initiatives, cope and confidence courses, challenge courses, slacklines, challenge courses and similar activities;

(J) Skating, including ice skating, rollerblading, and similar activities;

(K) Snow activities, including snowshoeing, snow skiing, sledding, snowmobiling, and similar activities, including all activities within the Skiing Responsibility Act in article three-a of this chapter;

(L) Spelunking, caving, and similar activities;

(M) Water sports, including swimming, diving, canoeing, kayaking, boating, sailing, scuba diving, water skiing, and similar activities, including all activities within the Whitewater Responsibility Act in article three-b of this chapter;

(N) Windsurfing and similar activities.

(2) "Employee" means an officer, agent, employee, servant, or volunteer, whether compensated or not, whether full time or not, who is authorized to act and is acting within the scope of his or her employment or duties with the nonprofit youth organization or provider.

(3) "Nonprofit youth organization" means any nonprofit organization, including any subsidiary, affiliate or other related entity within its corporate or other business structure, that has been chartered by the United States Congress to train young people to do things for themselves and others, and that has established an area of at least six thousand contiguous acres within West Virginia in which to provide adventure or recreational activities for these young people and others.
(4) “Participant” means any person engaging in an adventure or recreational activity.

(5) “Provider” means any individual, sole proprietorship, partnership, association, public or private corporation, the United States or any federal agency, this state or any political subdivision of this state, and any other legal entity which engages, with or without compensation, in organizing, promoting, presenting or providing or assisting in providing an adventure or recreational activity sponsored by a nonprofit youth organization, including one that allows the nonprofit youth organization the use of its land for the adventure or recreational activity.

§20-16-4. Duties of a nonprofit youth organization or provider.

Every nonprofit youth organization or provider shall:

(1) Make reasonable and prudent efforts to determine the ability of a participant to safely engage in the adventure or recreational activity;

(2) Make known to any participant any dangerous traits or characteristics or any physical impairments or conditions related to a particular adventure or recreational activity, of which the nonprofit youth organization or provider knows or through the exercise of due diligence could know;

(3) Make known to any participant any dangerous condition as to land or facilities under the lawful possession and control of the nonprofit youth organization or provider, of which the nonprofit youth organization or provider knows or through the exercise of due diligence could know, by advising the participant in writing or by conspicuously posting warning signs upon the premises;
(4) Assure that each participant has or is provided all equipment reasonably necessary for all activities covered by this article and, in providing equipment to a participant, make reasonable and prudent efforts to inspect such equipment to assure that it is in proper working condition and safe for use in the adventure or recreational activity;

(5) Prepare and present to each participant or prospective participant, for his or her inspection and signature, a statement which clearly and concisely explains the liability limitations, restrictions and responsibilities set forth in this article: Provided, That said statement shall not contain nor have the effect of a waiver of a nonprofit youth organization or provider's duties set forth in this section;

(6) Make reasonable efforts to provide supervision of participants while engaged in activities under this article.

§20-16-5. Duties of participants.

It is recognized that the adventure and recreational activities described in this article are hazardous to participants, regardless of all feasible safety measures which can be taken.

Each participant in an adventure or recreational activity expressly assumes the risk of and legal responsibility for any injury, loss or damage to person or property which results from participation in an activity. Each participant shall have the sole individual responsibility for knowing the range of his or her own ability to participate in a particular adventure or recreational activity, and it shall be the duty of each participant to act within the limits of the participant’s own ability, to heed all posted warnings, to act in accordance with the instructions of any employee of the non-profit youth organization or provider, to perform an adventure or recreational activity only in an area or facility designated by
the nonprofit youth organization or provider and to refrain from acting in a manner which may cause or contribute to the injury of anyone. There is a rebuttable presumption that any participant under the age of fourteen is incapable of comparative negligence or assumption of the risk. There is an irrebuttable presumption that any participant under the age of seven is incapable of comparative negligence or assumption of the risk. Any participant over the age of fourteen will be subject to the common law presumptions as to their acts and omissions.

A participant involved in an accident shall not depart from the area or facility where the adventure or recreational activity took place without leaving personal identification, including name and address, or without notifying the proper authorities, or without obtaining assistance when that person knows or reasonably should know that any other person involved in the accident is in need of medical or other assistance.

§20-16-6. Liability of nonprofit youth organization or provider.

(a) A nonprofit youth organization or provider shall be liable for injury, loss or damage caused by failure to follow the duties set forth in section four of this article where the violation of duty is causally related to the injury, loss or damage suffered. A nonprofit youth organization or provider shall not be liable for any injury, loss or damage caused by the negligence of any person who is not an agent or employee of the nonprofit youth organization or provider.

(b) A nonprofit youth organization or provider shall be liable for acts or omissions which constitute gross negligence or willful and wanton conduct which is the proximate cause of injury to a participant.
(c) A nonprofit youth organization or provider shall be liable for an intentional injury which he or she inflicts upon a participant.

(d) Every nonprofit youth organization and any provider for such non-profit youth organization shall carry public liability insurance in limits of no less than $500,000 per person, $1,000,000 per occurrence and $50,000 for property damage with coverage extending to any employee of the non-profit youth organization or provider in the course of their duties as an employee or volunteer. The failure to have in effect the insurance required by this section shall prevent the non-profit youth organization or provider from relying on the provisions of this article in any civil action brought by a participant.

§20-16-7. Liability of participants.

Any participant shall be liable for injury, loss or damage resulting from violations of the duties set forth in section five of this article: Provided, That none of the provisions in this article shall modify or eliminate any other statutory or common law provisions which specifically relate to or concern liability of minors or the capacity of minors to legally enter into contracts.

§20-16-8. Applicability of article.

The provisions of this article are in addition to provisions of articles three-a, three-b, four and fifteen of this chapter, and are to be construed in pari materia.
AN ACT to amend and reenact §5-16-22 of the Code of West Virginia, 1931, as amended, relating to the West Virginia Public Employees Insurance Agency; providing that retired employees who retire on or after July 1, 2010, who have participated in the plan as active employees for less than five years and who were employed by an employer that is not participating in the Public Employees Insurance Agency insurance program are responsible for the entire premium cost for coverage; providing an exception.

Be it enacted by the Legislature of West Virginia:

That §5-16-22 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 16. WEST VIRGINIA PUBLIC EMPLOYEES INSURANCE ACT.

§5-16-22. Permissive participation; exemptions.

The provisions of this article are not mandatory upon any employee or employer who is not an employee of or is not the State of West Virginia, its boards, agencies, commissions,
departments, institutions or spending units or a county board
of education, and nothing contained in this article may be
construed so as to compel any employee or employer to enroll
in or subscribe to any insurance plan authorized by the
provisions of this article.

Those employees enrolled in the insurance program
authorized under the provisions of article two-b, chapter
twenty-one-a of this code may not be required to enroll in or
subscribe to an insurance plan or plans authorized by the
provisions of this article, and the employees of any department
which has an existing insurance program for its employees to
which the government of the United States contributes any part
or all of the premium or cost of the premium may be exempted
from the provisions of this article. Any employee or employer
exempted under the provisions of this paragraph may enroll in
any insurance program authorized by the provisions of this
article at any time, to the same extent as any other qualified
employee or employer, but employee or employer may not
remain enrolled in both programs. The provisions of articles
fourteen, fifteen and sixteen, chapter thirty-three of this code,
relating to group life insurance, accident and sickness
insurance, and group accident and sickness insurance, are not
applicable to the provisions of this article whenever the
provisions of articles fourteen, fifteen and sixteen, chapter
thirty-three of this code are in conflict with or contrary to any
provision set forth in this article or to any plan or plans
established by the Public Employees Insurance Agency.

Employers, other than the State of West Virginia, its
boards, agencies, commissions, departments, institutions,
spending units or a county board of education are exempt from
participating in the insurance program provided for by the
provisions of this article unless participation by the employer
has been approved by a majority vote of the employer's
governing body. It is the duty of the clerk or secretary of the
governing body of an employer who by majority vote becomes
a participant in the insurance program to notify the director not
later than ten days after the vote.

Any employer, whether the employer participates in the
Public Employees Insurance Agency insurance program as a
group or not, which has retired employees, their dependents or
surviving dependents of deceased retired employees who
participate in the Public Employees Insurance Agency insurance
program as authorized by this article, shall pay to the agency the
same contribution toward the cost of coverage for its retired
employees, their dependents or surviving dependents of
deceased retired employees as the State of West Virginia, its
boards, agencies, commissions, departments, institutions,
spending units or a county board of education pay for their
retired employees, their dependents and surviving dependents of
deceased retired employees, as determined by the finance board:
Provided, That after June 30, 1996, an employer not mandated
to participate in the plan is only required to pay a contribution
toward the cost of coverage for its retired employees, their
dependents or the surviving dependents of deceased retired
employees who elect coverage when the retired employee
participated in the plan as an active employee of the employer
for at least five years: Provided, however, That those retired
employees of an employer not participating in the plan who
retire on or after July 1, 2010, who have participated in the plan
as active employees of the employer for less than five years are
responsible for the entire premium cost for coverage and the
Public Employees Insurance Agency shall bill for and collect the
entire premium from the retired employees, unless the employer
elects to pay the employer share of the premium. Each
employer is hereby authorized and required to budget for and
make such payments as are required by this section.

ARTICLE 5W. WEST VIRGINIA OFFICIAL PRESCRIPTION PROGRAM ACT.

§16-5W-1. Short title.
§16-5W-2. Legislative findings.
§16-5W-3. Definitions.
§16-5W-4. Establishment of West Virginia Official Prescription Program.
§16-5W-5. Legislative rules.
§16-5W-6. Exclusions.
§16-5W-7. Reporting requirements.
§16-5W-8. Limitation of additional record keeping and liability.

§16-5W-1. Short title.

This act shall be known and may be cited as the “West Virginia Official Prescription Program Act”.

§16-5W-2. Legislative findings.

(a) Use of fraudulently obtained prescriptions to illegally obtain prescription drugs is an epidemic. It has few equals for sheer size, speed of growth, resistance to deterrence, harm to people from so many strata of society, and large costs to insurers. Overdoses, deaths and injuries continue growing at an alarming rate. More than twenty million Americans—nearly seven percent of the population—were estimated to abuse prescription drugs in 2007, based on the National Survey on Drug Use and Health.

(b) Prescription drug diversion drains health insurers nationally of up to $72.5 billion a year, including up to $24.9 billion annually for private insurers. Estimated losses include insurance schemes, plus the larger hidden costs of treating patients who develop serious medical problems from abusing the addictive narcotics they obtained through the swindles.

(c) Federal law now requires tamper resistant prescriptions for all Medicaid prescriptions, and various states have taken on the task of implementing document security programs as part of their efforts to reduce substantially prescription drug fraud.

(d) The State of New York documented Medicaid savings of $140 million directly tied to its secure issuance prescription program during the first year after implementation. It is estimated that the savings resulting
from the reduction in prescription drug fraud will more than pay for the cost of implementing an official secure state prescription program in West Virginia within a reasonable period of time following initial implementation.

§16-5W-3. Definitions.

As used in this article:

(1) “Board” means the Board of Pharmacy established in article five, chapter thirty of this code.

(2) “Dispenser” means a person authorized in this state to distribute to the ultimate user a substance monitored by the prescription monitoring program, but does not include:

(A) A licensed hospital pharmacy that distributes such substances for the purposes of inpatient hospital care or the dispensing of prescriptions for controlled substances at the time of discharge from such a facility; or

(B) A licensed health care provider who administers such a substance at the direction of a licensed physician.

(3) “Prescriber” means an individual currently licensed and authorized by this state to prescribe and administer prescription drugs in the course of their professional practice. These include, but are not limited to, allopathic and osteopathic physicians, physician assistant, optometrists, podiatrists and nurse practitioners as allowed by law.

(4) “West Virginia Official Prescription Program” means the program established under section four of this article.

(5) “Program Vendor” means the private contractor or contractors selected to manage the production and delivery of official state prescription paper.
(6) "West Virginia Official Prescription" means prescription paper, which has been authorized by the state for use, and meets the following criteria:

(A) Prevention of unauthorized copying;

(B) Prevention of erasure or modification;

(C) An ability to prevent counterfeit prescription pads; and

(D) Capable of supporting automated validation through pharmacy claims processing systems using the official state prescription control number.

§16-5W-4. Establishment of West Virginia Official Prescription Program.

(a) The board shall establish and maintain an official prescription program in the state. The board may contract with a program vendor or vendors to establish and maintain the official state prescription program.

(b) The official West Virginia prescription paper shall be authorized by the board through a program vendor or vendors in batch quantities, which paper may be serially numbered and unable to be altered, copied, or counterfeited. Blank prescription paper shall not be transferable. The official prescription paper shall be provided to appropriate practitioners and facilities at a fee established by legislative rule.

(c) Prescription paper may be issued to specific practitioners marked with a unique number and, if so, shall only be used by that practitioner. The board shall establish security requirements concerning the procurement of the official prescription paper which both the board and the contracted program vendor shall use.
(d) A pharmacist may not fill a written prescription from a West Virginia practitioner unless issued upon an official state issued prescription form.

§16-5W-5. Legislative rules.

The board shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to accomplish the requirements of this article.

The legislative rules shall include, at a minimum:

1. That on July 1, 2011, every prescription written in West Virginia by a practitioner shall be written on official West Virginia tamper-resistant prescription paper.

2. Contracting requirements for contracting with a program vendor or vendors including auditing requirements for printing facilities and standard prescription pad formatting requirements.

3. Standard format for prescription paper and the development of identifying markers on prescription paper. These markers shall be on the front and back of the prescription paper to be used by practitioners throughout the state.

4. A means of reporting unauthorized use, theft or destruction of authorized state prescription paper.

5. Fees for the distribution of standard format prescription paper to practitioners and facilities.

§16-5W-6. Exclusions.

The provisions of this article do not apply to:

(a) Oral prescription practices;
(b) Electronic prescription practices;

(c) Out-of-state prescription practices; or

(d) Prescriptions generated within a licensed medical facility that results in the internal dispensing of prescription drugs to any patient receiving treatment in that facility where the patient is never in possession of the prescription.

§16-5W-7. Reporting requirements.

Practitioners shall immediately notify the board as prescribed by legislative rule of the loss, destruction, theft or unauthorized use of any official state prescription paper issued to them as well as the failure to receive official state prescription paper within a reasonable time after ordering them from the board. Upon receipt of notification, the board shall conduct a thorough investigation and take any necessary and appropriate action.

§16-5W-8. Limitation of additional record keeping and liability.

(a) Official state prescription paper may include unique serial numbers for tracking purposes and to decrease potential fraud. Inclusion of a serial number does not:

(1) Place additional tracking or reporting responsibilities on a practitioner or pharmacist with the exception of those listed in section six of this act; or

(2) Affect the liability or responsibility of a practitioner or a pharmacist.

(b) Use of official West Virginia prescription paper shall meet all requirements issued by the Center for Medicare and Medicaid Services for the use of tamper-resistant security features.

The area now included in the following counties is the North Zone: Barbour, Berkeley, Brooke, Doddridge, Grant, Hampshire, Hancock, Hardy, Harrison, Jefferson, Marion, Marshall, Mineral, Monongalia, Morgan, Ohio, Pleasants, Preston, Ritchie, Taylor, Tucker, Tyler, Wetzel, Wirt and Wood.

The area now included in the following counties is the South Zone: Boone, Braxton, Cabell, Calhoun, Clay, Fayette, Gilmer, Greenbrier, Jackson, Kanawha, Lewis, Lincoln, Logan, McDowell, Mason, Mercer, Mingo, Monroe, Nicholas, Pendleton, Pocahontas, Putnam, Raleigh, Randolph, Roane, Summers, Upshur, Wayne, Webster and Wyoming.

(c) As established for use in the North Zone, the West Virginia Coordinate System of 1927 or the West Virginia Coordinate System of 1983 shall be named and in any land description in which it is used it shall be designated the West Virginia Coordinate System of 1927 North Zone or West Virginia Coordinate System of 1983 North Zone.

As established for use in the South Zone, the West Virginia Coordinate System of 1927 or the West Virginia Coordinate System of 1983 shall be named and in any land
description in which it is used it shall be designated the West Virginia Coordinate System of 1927 South Zone or West Virginia Coordinate System of 1983 South Zone.

(d) The plane coordinate values for a point on the earth’s surface, used to express the geographic position or location of the point in the appropriate zone of this system, shall consist of two distances, expressed in U. S. Survey feet and decimals of a foot when using the West Virginia Coordinate System of 1927 and determined in meters and decimals when using the West Virginia Coordinate System of 1983, but which may be converted to and expressed in feet and decimals of a foot. One of these distances, to be known as the x-coordinate, shall give the position in an east-and-west direction. The other, to be known as the y-coordinate, shall give the position in a north-and-south direction.

These coordinates shall be made to depend upon and conform to plane rectangular coordinate values for the monumented points of the North American Horizontal Geodetic Control Network as published by the National Ocean Service/National Geodetic Survey (formerly the United States Coast and Geodetic Survey) or its successors and whose plane coordinates have been computed on the system defined by this section. Any such station may be used for establishing a survey connection to either West Virginia Coordinate System.

(e) For purposes of describing the location of any survey station or land boundary corner in the State of West Virginia, it shall be considered a complete, legal and satisfactory description of the location to give the position of the survey station or land boundary corner on the system of plane coordinates defined in this section. Nothing contained in this section requires a purchaser or mortgagee of real property to rely wholly on a land description, any part of which depends exclusively upon either West Virginia Coordinate System.
(f) When any tract of land to be defined by a single description extends from one into the other of the coordinate zones specified in this section, the position of all points on its boundaries may refer to either of the two zones. The zone which is being used specifically shall be named in the description.

(g) (1) For purposes of more precisely defining the West Virginia Coordinate System of 1927, the following definition by the United States Coast and Geodetic Survey (now National Ocean Service/National Geodetic Survey) is adopted:

The West Virginia Coordinate System of 1927 North Zone is a Lambert conformal conic projection of the Clarke Spheriod of 1866, having standard parallels at north latitudes 39 degrees and 00 minutes and 40 degrees and 15 minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 79 degrees 30 minutes west of Greenwich and the parallel 38 degrees 30 minutes north latitude. This origin is given the coordinates: $x = 2,000,000$ feet and $y = 0$ feet.

The West Virginia Coordinate System of 1927 South Zone is a Lambert conformal conic projection of the Clarke Spheriod of 1866, having standard parallels at north latitudes 37 degrees 29 minutes and 38 degrees 53 minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 81 degrees 00 minutes west of Greenwich and the parallel 37 degrees 00 minutes north latitude. This origin is given the coordinates: $x = 2,000,000$ feet and $y = 0$ feet.

(2) For purposes of more precisely defining the West Virginia Coordinate System of 1983, the following definition by the National Ocean Service/National Geodetic Survey is adopted:
The West Virginia Coordinate System of 1983 North Zone is a Lambert conformal conic projection of the North American Datum of 1983, having standard parallels at north latitudes 39 degrees and 00 minutes and 40 degrees and 15 minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 79 degrees 30 minutes west of Greenwich and the parallel 38 degrees 30 minutes north latitude. This origin is given the coordinates: \( x = 600,000 \) meters and \( y = 0 \) meters.

The West Virginia Coordinate System of 1983 South Zone is a Lambert conformal conic projection of the North American Datum of 1983, having standard parallels at north latitudes 37 degrees 29 minutes and 38 degrees 53 minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian 81 degrees 00 minutes west of Greenwich and the parallel 37 degrees 00 minutes north latitude. This origin is given the coordinates: \( x = 600,000 \) meters and \( y = 0 \) meters.

(h) No coordinates based on the West Virginia Coordinate System, purporting to define the position of a point on a land boundary, may be presented to be recorded in any public records or deed records unless the point is based on a public or private monumented horizontal control station established in conformity with the standards of accuracy and specifications for first order or better geodetic surveying as prepared and published by the Federal Geodetic Control Committee of the United States Department of Commerce. Standards and specifications of the Federal Geodetic Control Committee or its successor in force on the date of the survey apply. The publishing of the existing control stations, or the acceptance with intent to publish the newly established control stations, by the National Ocean Service/National Geodetic Survey is evidence of adherence to the Federal Geodetic Control Committee specifications. The limitations
specified in this section may be modified by a duly authorized state agency to meet local conditions.

(i) The use of the term “West Virginia Coordinate System of 1927 North or South Zone” or “West Virginia Coordinate System of 1983 North or South Zone” on any map, report or survey or other document shall be limited to coordinates based on the West Virginia Coordinate System as defined in this section.

(j) A plat and a description of survey must show the basis of control identified by the following:

(1) The monument name or the point identifier on which the survey is based;

(2) The order of accuracy of the base monument; and

(3) The coordinate values used to compute the corner positions.

(k) Nothing in this section prevents the recordation in any public record of any deed, map, plat, survey, description or of any other document or writing of whatever nature which would otherwise constitute a recordable instrument or document even though the same is not based upon or done in conformity with the West Virginia Coordinate System established by this section, nor does nonconformity with the system invalidate any deed, map, plat, survey, description or other document which is otherwise proper.

(l) For purpose of this section a foot equals a United States Survey foot. The associated factor of one meter equals $39.37/12$ feet shall be used in any conversion necessitated by changing values from meters to feet.

(3) “Direct supervision” means the presence of the supervising physician at the site where the osteopathic physician assistant performs medical duties.

(4) “Health care facility” means any licensed hospital, nursing home, extended care facility, state health or mental institution, clinic or physician’s office.

(5) “License” means a certificate issued to an osteopathic physician assistant who has passed the examination for a primary care or surgery physician assistant administered by the National Board of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants. All osteopathic physician assistants holding valid certificates issued by the board prior to March 31, 2010, shall be considered to be licensed under the provisions of this article: Provided, That a person holding a certificate issued prior to March 31, 2010, must renew the license pursuant to the provisions of this article.

(6) “Osteopathic physician assistant” means an assistant to an osteopathic physician who is a graduate of an approved program of instruction in primary care or surgery, has passed the national certification examination and is qualified to perform direct patient care services under the supervision of an osteopathic physician.

(7) “Supervising physician” means a doctor of osteopathy permanently licensed in this state who assumes legal and supervising responsibility for the work or training of any osteopathic physician assistant under his or her supervision.

(b) The board shall propose emergency and legislative rules for legislative approval pursuant to the provisions of article three, chapter twenty-nine-a of this code, governing the extent to which osteopathic physician assistants may function in this state. The rules shall provide that:
(1) The osteopathic physician assistant is limited to the performance of those services for which he or she is trained;

(2) The osteopathic physician assistant performs only under the supervision and control of an osteopathic physician permanently licensed in this state, but such supervision and control does not require the personal presence of the supervising physician at the place or places where services are rendered if the osteopathic physician assistant's normal place of employment is on the premises of the supervising physician. The supervising physician may send the osteopathic physician assistant off the premises to perform duties under his or her direction, but a separate place of work for the osteopathic physician assistant may not be established; and

(3) The board may allow the osteopathic physician assistant to perform those procedures and examinations and in the case of authorized osteopathic physician assistants to prescribe at the direction of his or her supervising physician in accordance with subsections (p) and (q) of this section those categories of drugs submitted to it in the job description required by subsection (f) of this section.

(c) The board shall compile and publish an annual report that includes a list of currently licensed osteopathic physician assistants and their employers and location in the state.

(d) The board shall license as an osteopathic physician assistant any person who files an application together with a proposed job description and furnishes satisfactory evidence that he or she has met the following standards:

(1) Is a graduate of an approved program of instruction in primary health care or surgery;

(2) Has passed the examination for a primary care or surgery physician assistant administered by the National Board
of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants; and

(3) Is of good moral character.

(e) When any graduate of an approved program submits an application to the board, accompanied by a job description in conformity with this section, for an osteopathic physician assistant license, the board may issue to the applicant a temporary license allowing the applicant to function as an osteopathic physician assistant for the period of one year. The temporary license may be renewed for one additional year upon the request of the supervising physician. An osteopathic physician assistant who has not been certified as such by the National Board of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants will be restricted to work under the direct supervision of the supervising physician.

(f) Any osteopathic physician applying to the board to supervise an osteopathic physician assistant shall provide a job description that sets forth the range of medical services to be provided by the assistant. Before an osteopathic physician assistant can be employed or otherwise use his or her skills, the supervising physician must obtain approval of the job description from the board. The board may revoke or suspend any license of an assistant to a physician for cause, after giving such person an opportunity to be heard in the manner provided by sections eight and nine, article one of this chapter.

(g) The supervising physician is responsible for observing, directing and evaluating the work records and practices of each osteopathic physician assistant performing under his or her supervision. He or she shall notify the board in writing of any termination of his or her supervisory relationship with an osteopathic physician assistant within ten days of his or her termination. The legal responsibility for any osteopathic
physician assistant remains with the supervising physician at all times, including occasions when the assistant, under his or her direction and supervision, aids in the care and treatment of a patient in a health care facility. In his or her absence, a supervising physician must designate an alternate supervising physician; however, the legal responsibility remains with the supervising physician at all times. A health care facility is not legally responsible for the actions or omissions of an osteopathic physician assistant unless the osteopathic physician assistant is an employee of the facility.

(h) The acts or omissions of an osteopathic physician assistant employed by health care facilities providing inpatient services are the legal responsibility of the facilities. Osteopathic physician assistants employed by such facilities in staff positions shall be supervised by a permanently licensed physician.

(i) A health care facility shall report in writing to the board within sixty days after the completion of the facility’s formal disciplinary procedure, and also after the commencement, and again after the conclusion, of any resulting legal action, the name of any osteopathic physician assistant practicing in the facility whose privileges at the facility have been revoked, restricted, reduced or terminated for any cause including resignation, together with all pertinent information relating to such action. The health care facility shall also report any other formal disciplinary action taken against any osteopathic physician assistant by the facility relating to professional ethics, medical incompetence, medical malpractice, moral turpitude or drug or alcohol abuse. Temporary suspension for failure to maintain records on a timely basis or failure to attend staff or section meetings need not be reported.

(j) When functioning as an osteopathic physician assistant, the osteopathic physician assistant shall wear a name tag that identifies him or her as a physician assistant.
(k) (1) A supervising physician shall not supervise at any
time more than three osteopathic physician assistants, except
that a physician may supervise up to four hospital-employed
osteopathic physician assistants: *Provided,* That an alternative
supervisor has been designated for each.

(2) An osteopathic physician assistant shall not perform
any service that his or her supervising physician is not
qualified to perform.

(3) An osteopathic physician assistant shall not perform
any service that is not included in his or her job description
and approved by the board as provided in this section.

(4) The provisions of this section do not authorize an
osteopathic physician assistant to perform any specific
function or duty delegated by this code to those persons
licensed as chiropractors, dentists, registered nurses, licensed
practical nurses, dental hygienists, optometrists or pharmacists
or certified as nurse anesthetists.

(l) An application for license or renewal of license shall
be accompanied by payment of a fee which shall be
established by legislative rule of the Board of Osteopathy
pursuant to the provisions of article three, chapter twenty-nine-a of this code.

(m) As a condition of renewal of an osteopathic physician
assistant license, each osteopathic physician assistant shall
provide written documentation satisfactory to the board of
participation in and successful completion of continuing
education in courses approved by the board of osteopathy for
the purposes of continuing education of osteopathic physician
assistants. The osteopathy board shall propose legislative rules
for minimum continuing hours necessary for the renewal of a
license. These rules shall provide for minimum hours equal to
or more than the hours necessary for national certification.
Notwithstanding any provision of this chapter to the contrary, failure to timely submit the required written documentation shall result in the automatic suspension of any license as an osteopathic physician assistant until such time as the written documentation is submitted to and approved by the board.

(n) It is unlawful for any person who is not licensed by the board as an osteopathic physician assistant to use the title of "osteopathic physician assistant" or to represent to any other person that he or she is an osteopathic physician assistant. Any person who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $2,000.

(o) It is unlawful for any osteopathic physician assistant to represent to any person that he or she is a physician. Any person who violates the provisions of this subsection is guilty of a felony, and, upon conviction thereof, shall be imprisoned in a state correctional facility for not less than one, nor more than two years, or be fined not more than $2,000, or both fined and imprisoned.

(p) An osteopathic physician assistant may write or sign prescriptions or transmit prescriptions by word of mouth, telephone or other means of communication at the direction of his or her supervising physician. The board shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code governing the eligibility and extent to which such an osteopathic physician assistant may prescribe at the direction of the supervising physician. The rules shall provide for a state formulary classifying pharmacologic categories of drugs which may be prescribed by such an osteopathic physician assistant. In classifying such pharmacologic categories, those categories of drugs which shall be excluded shall include, but not be limited to, Schedules I and II of the Uniform Controlled Substances
Act, anticoagulants, antineoplastics, radiopharmaceuticals, general anesthetics and radiographic contrast materials. Drugs listed under Schedule III are limited to a seventy-two hour supply without refill. The rules shall provide that all pharmacological categories of drugs to be prescribed by an osteopathic physician assistant shall be listed in each job description submitted to the board as required in this section. The rules shall provide the maximum dosage an osteopathic physician assistant may prescribe.

(q) The rules shall also provide that to be eligible for such prescription privileges, an osteopathic physician assistant must submit an application to the board for such privileges. The rules shall also provide that an osteopathic physician assistant shall have performed patient care services for a minimum of two years immediately preceding the submission to the board of said application for prescription privileges and shall have successfully completed an accredited course of instruction in clinical pharmacology approved by the board. The rules shall also provide that to maintain prescription privileges, an osteopathic physician assistant shall continue to maintain national certification as an osteopathic physician assistant, and in meeting such national certification requirements shall complete a minimum of ten hours of continuing education in rational drug therapy in each licensing period. Nothing in this subsection may be construed to permit an osteopathic physician assistant to independently prescribe or dispense drugs.

§30-14A-2. Approval and licensure by board of osteopathy.

Approval of a job description and establishment of qualifications for employment as an assistant to an osteopathic physician and surgeon must be obtained from the Board of Osteopathy. The Board of Osteopathy shall license each qualified applicant for employment as an assistant to an
6 osteopathic physician and surgeon upon submission of a job
description, and shall provide for biennial renewal of the
license. The board has the power to revoke or suspend any
license of an assistant to an osteopathic physician and surgeon,
for cause, after having given the person an opportunity to be
heard in the manner provided by sections eight and nine,
article one of this chapter.

1 (a) The Board of Osteopathy shall propose rules for
2 legislative approval in accordance with the provisions of article
3 three, chapter twenty-nine-a of this code, to implement the
4 provisions of this article, including:
5
6 (1) Establishing fees; and
7
6 (2) Any other rules necessary to effectuate the provisions of
7 this article.
8
9 (b) The fees in effect on the effective date of the
10 reenactment of this section during the regular session of the
11 Legislature in 2010 will remain in effect until modified by
12 legislative rule.

§30-14A-4. Limitation on scope of duties.

1 Assistants to osteopathic physicians and surgeons may not
2 sign prescriptions or perform any service which his or her
3 employing osteopathic physician and surgeon is not qualified
4 to perform.

§30-14A-5. Special volunteer osteopathic physician assistant
license; civil immunity for voluntary services
rendered to indigents.
(a) There is established a special volunteer osteopathic physician assistant license for osteopathic physician assistants retired or retiring from the active practice of osteopathy who wish to donate their expertise for the medical care and treatment of indigent and needy patients in the clinic setting of clinics organized, in whole or in part, for the delivery of health care services without charge. The special volunteer osteopathic physician assistant license shall be issued by the West Virginia Board of Osteopathy to osteopathic physician assistants licensed or otherwise eligible for licensure under this article and the legislative rules promulgated hereunder without the payment of an application fee, license fee or renewal fee, shall be issued for and the remainder of the licensing period and renewed consistent with the board's other licensing requirements. The board shall develop application forms for the special license provided in this subsection which shall contain the osteopathic physician assistant’s acknowledgment that:

1. The osteopathic physician assistant’s practice under the special volunteer osteopathic physician assistant license will be exclusively devoted to providing osteopathic care to needy and indigent persons in West Virginia;

2. The osteopathic physician assistant will not receive any payment or compensation, either direct or indirect, or have the expectation of any payment or compensation, for any osteopathic services rendered under the special volunteer osteopathic physician assistant license;

3. The osteopathic physician assistant will supply any supporting documentation that the board may reasonably require; and
(4) The osteopathic physician assistant agrees to continue to participate in continuing education as required by the board for a special volunteer osteopathic physician assistant license.

(b) Any osteopathic physician assistant who renders any osteopathic service to indigent and needy patients of a clinic organized, in whole or in part, for the delivery of health care services without charge under a special volunteer osteopathic physician assistant license authorized under subsection (a) of this section without payment or compensation or the expectation or promise of payment or compensation, is immune from liability for any civil action arising out of any act or omission resulting from the rendering of the osteopathic service at the clinic unless the act or omission was the result of the osteopathic physician assistant’s gross negligence or willful misconduct. In order for the immunity under this subsection to apply, there must be a written agreement between the osteopathic physician assistant and the clinic pursuant to which the osteopathic physician assistant will provide voluntary uncompensated medical services under the control of the clinic to patients of the clinic before the rendering of any services by the osteopathic physician assistant at the clinic: Provided, That any clinic entering into such written agreement is required to maintain liability coverage of not less than $1 million per occurrence.

(c) Notwithstanding the provisions of subsection (b) of this section, a clinic organized, in whole or in part, for the delivery of health care services without charge is not relieved from imputed liability for the negligent acts of an osteopathic physician assistant rendering voluntary medical services at or for the clinic under a special volunteer osteopathic physician assistant license authorized under subsection (a) of this section.

(d) For purposes of this section, “otherwise eligible for licensure” means the satisfaction of all the requirements for
licensure set out in this article and in the legislative rules promulgated thereunder. The term does not include the fee requirement set out in this article or legislative rules promulgated by the board relating to fees.

(e) Nothing in this section may be construed as requiring the board to issue a special volunteer osteopathic physician assistant license to any osteopathic physician assistant whose certificate, license or other authorization to practice is or has been subject to any disciplinary action, or to any osteopathic physician assistant who has surrendered an osteopathic physician assistant certificate, license or other authorization to practice, or caused such certificate, license or other authorization to practice to lapse, expire and become invalid in lieu of having a complaint initiated or other action taken against his or her certificate, license or other authorization to practice, or who has elected to place an osteopathic physician assistant certificate, license or other authorization to practice in inactive status in lieu of having a complaint initiated or other action taken against his or her certificate, license or other authorization to practice, or who has been denied a certificate, license or other authorization to practice as an osteopathic physician assistant in any jurisdiction.

(f) Any policy or contract of liability insurance providing coverage for liability sold, issued or delivered in this state to any osteopathic physician assistant covered under the provisions of this article, shall be read so as to contain a provision or endorsement whereby the company issuing such policy waives or agrees not to assert as a defense on behalf of the policyholder or any beneficiary thereof, to any claim covered by the terms of such policy within the policy limits, the immunity from liability of the insured by reason of the care and treatment of needy and indigent patients by an osteopathic physician assistant who holds a special volunteer osteopathic physician assistant license.

CHAPTER 162

(Com. Sub. for S. B. 446 - By Senators Helmick, Kessler, Unger and Plymale)

[Passed March 13, 2010; in effect ninety days from passage.]
[Approved by the Governor on March 10, 2010.]
surviving spouse and dependents of a deceased public employee participating in a plan of the Public Employees Insurance Agency may only participate in comprehensive group health insurance coverage provided by the Public Employees Insurance Agency.

Be it enacted by the Legislature of West Virginia:

That §5-16-13 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 16. WEST VIRGINIA PUBLIC EMPLOYEES INSURANCE ACT.

§5-16-13. Payment of costs by employer and employee; spouse and dependent coverage; involuntary employee termination coverage; conversion of annual leave and sick leave authorized for health or retirement benefits; authorization for retiree participation; continuation of health insurance for surviving dependents of deceased employees; requirement of new health plan, limiting employer contribution.

(a) Cost-sharing. -- The director shall provide under any contract or contracts entered into under the provisions of this article that the costs of any group hospital and surgical insurance, group major medical insurance, group prescription drug insurance, group life and accidental death insurance benefit plan or plans shall be paid by the employer and employee.

(b) Spouse and dependent coverage. -- Each employee is entitled to have his or her spouse and dependents included in any group hospital and surgical insurance, group major medical insurance or group prescription drug insurance coverage to which the employee is entitled to participate: Provided, That the spouse and dependent coverage is limited to excess or secondary coverage for each spouse and dependent who has primary coverage from any other source.
For purposes of this section, the term "primary coverage" means individual or group hospital and surgical insurance coverage or individual or group major medical insurance coverage or group prescription drug coverage in which the spouse or dependent is the named insured or certificate holder. For the purposes of this section, "dependent" includes an eligible employee's unmarried child or stepchild under the age of twenty-five if that child or stepchild meets the definition of a "qualifying child" or a "qualifying relative" in Section 152 of the Internal Revenue Code. The director may require proof regarding spouse and dependent primary coverage and shall adopt rules governing the nature, discontinuance and resumption of any employee's coverage for his or her spouse and dependents.

(c) **Continuation after termination.** -- If an employee participating in the plan is terminated from employment involuntarily or in reduction of work force, the employee's insurance coverage provided under this article shall continue for a period of three months at no additional cost to the employee and the employer shall continue to contribute the employer's share of plan premiums for the coverage. An employee discharged for misconduct shall not be eligible for extended benefits under this section. Coverage may be extended up to the maximum period of three months, while administrative remedies contesting the charge of misconduct are pursued. If the discharge for misconduct be upheld, the full cost of the extended coverage shall be reimbursed by the employee. If the employee is again employed or recalled to active employment within twelve months of his or her prior termination, he or she shall not be considered a new enrollee and may not be required to again contribute his or her share of the premium cost, if he or she had already fully contributed such share during the prior period of employment.

(d) **Conversion of accrued annual and sick leave for extended insurance coverage upon retirement for employees**
Except as otherwise provided in subsection (g) of this section, when an employee participating in the plan before July 1, 1988, is compelled or required by law to retire before reaching the age of sixty-five, or when a participating employee voluntarily retires as provided by law, that employee’s accrued annual leave and sick leave, if any, shall be credited toward an extension of the insurance coverage provided by this article, according to the following formulae: The insurance coverage for a retired employee shall continue one additional month for every two days of annual leave or sick leave, or both, which the employee had accrued as of the effective date of his or her retirement. For a retired employee, his or her spouse and dependents, the insurance coverage shall continue one additional month for every three days of annual leave or sick leave, or both, which the employee had accrued as of the effective date of his or her retirement.

(e) Conversion of accrued annual and sick leave for extended insurance coverage upon retirement for employees who elected to participate in the plan after June, 1988. - Notwithstanding subsection (d) of this section, and except as otherwise provided in subsections (g) and (l) of this section when an employee participating in the plan who elected to participate in the plan on and after July 1, 1988, is compelled or required by law to retire before reaching the age of sixty-five, or when the participating employee voluntarily retires as provided by law, that employee’s annual leave or sick leave, if any, shall be credited toward one half of the premium cost of the insurance provided by this article, for periods and scope of coverage determined according to the following formulae: (1) One additional month of single retiree coverage for every two days of annual leave or sick leave, or both, which the employee had accrued as of the effective date of his or her retirement; or (2) one additional month of coverage for a retiree, his or her spouse and
dependents for every three days of annual leave or sick leave, or both, which the employee had accrued as of the effective date of his or her retirement. The remaining premium cost shall be borne by the retired employee if he or she elects the coverage. For purposes of this subsection, an employee who has been a participant under spouse or dependent coverage and who reenters the plan within twelve months after termination of his or her prior coverage shall be considered to have elected to participate in the plan as of the date of commencement of the prior coverage. For purposes of this subsection, an employee shall not be considered a new employee after returning from extended authorized leave on or after July 1, 1988.

(f) Increased retirement benefits for retired employees with accrued annual and sick leave. -- In the alternative to the extension of insurance coverage through premium payment provided in subsections (d) and (e) of this section, the accrued annual leave and sick leave of an employee participating in the plan may be applied, on the basis of two days' retirement service credit for each one day of accrued annual and sick leave, toward an increase in the employee's retirement benefits with those days constituting additional credited service in computation of the benefits under any state retirement system. However, the additional credited service shall not be used in meeting initial eligibility for retirement criteria, but only as additional service credited in excess thereof.

(g) Conversion of accrued annual and sick leave for extended insurance coverage upon retirement for certain higher education employees. -- Except as otherwise provided in subsection (l) of this section, when an employee, who is a higher education full-time faculty member employed on an annual contract basis other than for twelve months, is compelled or required by law to retire before reaching the age of sixty-five, or when such a participating employee voluntarily retires as provided by law, that employee's
insurance coverage, as provided by this article, shall be extended according to the following formulae: The insurance coverage for a retired higher education full-time faculty member, formerly employed on an annual contract basis other than for twelve months, shall continue beyond the effective date of his or her retirement one additional year for each three and one-third years of teaching service, as determined by uniform guidelines established by the University of West Virginia Board of Trustees and the board of directors of the state college system, for individual coverage, or one additional year for each five years of teaching service for "family" coverage.

(h) Any employee who retired prior to April 21, 1972, and who also otherwise meets the conditions of the "retired employee" definition in section two of this article, shall be eligible for insurance coverage under the same terms and provisions of this article. The retired employee's premium contribution for any such coverage shall be established by the finance board.

(i) Retiree participation. -- All retirees under the provisions of this article, including those defined in section two of this article; those retiring prior to April 21, 1972; and those hereafter retiring are eligible to obtain health insurance coverage. The retired employee's premium contribution for the coverage shall be established by the finance board.

(j) Surviving spouse and dependent participation. -- A surviving spouse and dependents of a deceased employee, who was either an active or retired employee participating in the plan just prior to his or her death, are entitled to be included in any comprehensive group health insurance coverage provided under this article to which the deceased employee was entitled, and the spouse and dependents shall bear the premium cost of the insurance coverage. The finance board shall establish the premium cost of the coverage.
(k) Elected officials. -- In construing the provisions of this section or any other provisions of this code, the Legislature declares that it is not now nor has it ever been the Legislature's intent that elected public officials be provided any sick leave, annual leave or personal leave, and the enactment of this section is based upon the fact and assumption that no statutory or inherent authority exists extending sick leave, annual leave or personal leave to elected public officials and the very nature of those positions preclude the arising or accumulation of any leave, so as to be thereafter usable as premium paying credits for which the officials may claim extended insurance benefits.

(l) Participation of certain former employees. -- An employee, eligible for coverage under the provisions of this article who has twenty years of service with any agency or entity participating in the public employees insurance program or who has been covered by the public employees insurance program for twenty years may, upon leaving employment with a participating agency or entity, continue to be covered by the program if the employee pays one hundred five percent of the cost of retiree coverage: Provided, That the employee shall elect to continue coverage under this subsection within two years of the date the employment with a participating agency or entity is terminated.

(m) Prohibition on conversion of accrued annual and sick leave for extended coverage upon retirement for new employees who elect to participate in the plan after June, 2001. -- Any employee hired on or after July 1, 2001, who elects to participate in the plan may not apply accrued annual or sick leave toward the cost of premiums for extended insurance coverage upon his or her retirement. This prohibition does not apply to the conversion of accrued annual or sick leave for increased retirement benefits, as authorized by this section: Provided, That any person who has participated in the plan prior to July 1, 2001, is not a new
employee for purposes of this subsection if he or she
becomes reemployed with an employer participating in the
plan within two years following his or her separation from
employment and he or she elects to participate in the plan
upon his or her reemployment.

(n) **Prohibition on conversion of accrued years of teaching service for extended coverage upon retirement for new employees who elect to participate in the plan July, 2009.** -- Any employee hired on or after July 1, 2009, who elects to participate in the plan may not apply accrued years of teaching service toward the cost of premiums for extended insurance coverage upon his or her retirement.

AN ACT to amend and reenact §5-16D-1 of the Code of West Virginia, 1931, as amended, relating to clarifying that the Public Employees Insurance Agency Finance Board may offset annual retiree premium increases with amounts held in the trust.

Be it enacted by the Legislature of West Virginia:
That §5-16D-1 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 16D. WEST VIRGINIA RETIREMENT HEALTH BENEFIT TRUST FUND.

§5-16D-1. Definitions.

As used in this article, the term:

(a) "Actuarial accrued liability" means that portion, as determined by a particular actuarial cost method, of the actuarial present value of fund obligations and administrative expenses which is not provided by future normal costs.

(b) "Actuarial cost method" means a method for determining the actuarial present value of the obligations and administrative expenses of the fund and for developing an actuarially equivalent allocation of the value to time periods, usually in the form of a normal cost and an actuarial accrued liability. Acceptable actuarial methods are the aggregate, attained age, entry age, frozen attained age, frozen entry age and projected unit credit methods.

(c) "Actuarially sound" means that calculated contributions to the fund are sufficient to pay the full actuarial cost of the fund. The full actuarial cost includes both the normal cost of providing for fund obligations as they accrue in the future and the cost of amortizing the unfunded actuarial accrued liability over a period of no more than thirty years.

(d) "Actuarial present value of total projected benefits" means the present value, at the valuation date, of the cost to finance benefits payable in the future, discounted to reflect the expected effects of the time value of money and the probability of payment.
(e) "Actuarial assumptions" means assumptions regarding the occurrence of future events affecting the fund such as mortality, withdrawal, disability and retirement; changes in compensation and offered post-employment benefits; rates of investment earnings and other asset appreciation or depreciation; procedures used to determine the actuarial value of assets; and other relevant items.

(f) "Actuarial valuation" means the determination, as of a valuation date, of the normal cost, actuarial accrued liability, actuarial value of assets and related actuarial present values for the fund.

(g) "Administrative expenses" means all expenses incurred in the operation of the fund, including all investment expenses.

(h) "Annual required contribution" means the amount employers must contribute in a given year to fully fund the trust, as determined by the actuarial valuation in accordance with requirements of generally accepted accounting principles. This amount shall represent a level of funding that if paid on an ongoing basis is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities of the plan over a period not to exceed thirty years.

(i) "Board" means the Public Employees Insurance Agency Finance Board created in section four, article sixteen of this chapter.

(j) "Cost-sharing multiple employer plan" means a single plan with pooling (cost-sharing) arrangements for the participating employers. All risk, rewards, and costs, including benefit costs, are shared and not attributed individually to the employers. A single actuarial valuation covers all plan members and the same contribution rate applies for each employer.
(k) “Covered health care expenses” means all actual health care expenses paid by the health plan on behalf of fund beneficiaries. Actual health care expenses include claims payments to providers and premiums paid to intermediary entities and health care providers by the health plan.

(l) “Employer” means any employer as defined by section two, article sixteen of this chapter which has or will have retired employees in any Public Employees Insurance Agency health plan.

(m) “Employer annual required contribution” means the portion of the annual required contribution which is the responsibility of that particular employer.

(n) “Fund” means the West Virginia Retiree Health Benefit Trust Fund established under this article.

(o) “Fund beneficiaries” means all persons receiving post-employment health care benefits through the health plan.

(p) “Health plan” means the health insurance plan or plans established under article sixteen of this chapter.

(q) “Minimum annual employer payment” means the annual amount paid by employers which, when combined with the retirees’ contributions on their premiums that year, provide sufficient funds such that the annual finance plan of the finance board will cover all projected retiree covered health care expenses and related administrative costs for that year. The finance board shall develop the minimum annual employer payment as part of its financial plan each year as addressed in section five, article sixteen of this chapter.

(r) “Normal cost” means that portion of the actuarial present value of the fund obligations and expenses which is
allocated to a valuation year by the actuarial cost method used for the fund.

(s) "Obligations" means the administrative expenses of the fund and the cost of covered health care expenses incurred on behalf of fund beneficiaries.

(t) "Other post-employment benefits" or "retiree post-employment health care benefits" means those benefits as addressed by governmental accounting standards board statement no. 43 or any subsequent governmental standards board statement that may be applicable to the fund.

(u) "Plan for other post-employment benefits" means the fiscal funding plan for retiree post-employment health care benefits as it relates to governmental accounting standards board statement no. 43 or any subsequent governmental accounting standards board statements that may be applicable to the fund.

(v) "Retiree" means retired employee as defined by section two, article sixteen of this chapter.

(w) "Retirement system" or "system" means the West Virginia Consolidated Public Retirement Board created and established by article ten of this chapter and includes any retirement systems or funds administered or overseen by the Consolidated Public Retirement Board.

[Approved by the Governor on March 24, 2010.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §15-1F-11, relating to creating the West Virginia Servicemembers Civil Relief Act; and adopting the federal Servicemembers Civil Relief Act as state law.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §15-1F-11, to read as follows:

ARTICLE 1F. PRIVILEGES AND PROHIBITIONS.

(a) This section may be cited as the ‘West Virginia Servicemembers Civil Relief Act’

(b) A member of the West Virginia National Guard called to state active duty by the Governor for a period of thirty days or more, shall have all of the protections, rights or benefits that are afforded and may accrue to a person on federal active duty under the provisions of 50 U. S. C. App., §501, et seq. as amended by the Servicemembers Civil Relief Act, Pub. L. No. 108-189 (2003).
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-1j, relating to special rates for energy-intensive industrial consumers of electric power; setting forth legislative findings on energy-intensive industrial consumers of electric power; defining certain terms; enabling the Public Service Commission to establish special rates for energy-intensive industrial consumers of electric power; setting forth factors that the Public Service Commission may take into consideration in establishing special rates for energy-intensive industrial consumers of electric power, in addition to factors that may already be considered by the Public Service Commission in its rate-setting process; authorizing the Public Service Commission to adopt mechanisms reasonably designed to assure appropriate flexibility and predictability of special rates; establishing procedures for application to the Public Service Commission for a special rate; setting forth data and information to be included in an application for a special rate; establishing qualifications for eligibility for a special rate; and requiring Public Service Commission to determine whether any excess revenue or revenue shortfall created by a special rate authorized pursuant to this section should be allocated among any other customers of the utility.
Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §24-2-1j, to read as follows:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1j. Special rates for energy intensive industrial consumers of electric power.

(a) The Legislature hereby finds that:

(1) West Virginia enjoys relatively low cost electric power rates for residential customers, business and industry and these relatively low rates constitute a competitive economic advantage for West Virginia;

(2) West Virginia has many energy intensive industrial consumer of electric power, and has the ability to retain its existing energy intensive industrial consumers of electric power and attract additional energy intensive industrial consumers of electric power in the future, through the adoption of policies and the establishment of rates that enhance and preserve the attractiveness of West Virginia as a place for energy intensive industrial consumers to do business;

(3) Energy intensive industrial consumers of electric power create jobs, provide a substantial tax base and enhance the productive capacity, competitiveness and economic opportunities of West Virginia and all of its citizens;

(4) Energy intensive industrial consumers of electric power help keep power rates low for all consumers of electric power, including residential customers, by providing a large
consumption base over which the cost of producing electric power may be spread from time to time;

(5) It is in the best interests of West Virginia, the citizens of West Virginia, electric public utilities in West Virginia, and all consumers of electric power in West Virginia, including residential customers, to encourage the continued development, construction, operation, maintenance and expansion in West Virginia of industrial plants and facilities which are energy intensive consumers of electric power, thereby increasing the creation, preservation and retention of jobs, expanding the tax base, helping keep power rates low for all consumers of electric power, and enhancing the productive capacity, competitiveness and economic opportunities of all citizens of West Virginia; and

(6) To encourage the continued development, construction, operation, maintenance and expansion in West Virginia of industrial plants and facilities which are energy intensive consumers of electric power, the commission may establish special rates under this section that in its judgment are necessary or appropriate for the continued, new or expanded operation of energy intensive industrial consumers and that can reasonably be expected to support the long-term operation of energy intensive industrial consumers, and that do not impose an unreasonable burden upon electric public utilities or their other customers.

(b) As used in this section:

(1) “Energy intensive industrial consumer” means an industrial facility, plant or enterprise that has a contract demand of at least fifty thousand kilowatts of electric power at its West Virginia facilities under normal operating conditions.

(2) “Special rate” means a rate set for an energy intensive industrial consumer pursuant to this section.
(c) In addition to any authority of the Commission to allow special rates or contracts under any other provision of the code or rule, and in addition to all other factors which the commission may consider in setting rates for consumers of electric power, including, but not limited to the Commission's responsibilities under subsection (b), section one, article one of this chapter, and notwithstanding any other provisions of this code to the contrary, in setting a special rate the commission may take into consideration fluctuations in market prices for the goods or products produced by the energy intensive industrial consumer of electric power, or other variables or factors which may be relevant to or affect the continuing vitality of the energy intensive industrial consumer of electric power in dynamic markets. In setting a special rate by reference to fluctuations in market prices for the goods and products produced by an energy intensive industrial consumer of electric power, the commission may establish variable rates including, but not limited to, ceilings and floors on the special rate, banking or crediting mechanisms, caps, limits or other similar types of safeguards that are intended by the commission, in its reasonable judgment, to provide appropriate flexibility and predictability in the special rate over time, to permit the energy intensive industrial customer the ability to make the capital investments and other commitments necessary to support the continued operation of the facility.

(d) An energy intensive industrial consumer wishing to apply for a special rate shall first enter into negotiations with the utility that provides it with electric power, regarding the terms and conditions of a mutually agreeable special rate. If the negotiations result in an agreement between the energy intensive industrial consumer and the utility, the energy intensive industrial consumer and the utility shall make a joint filing with the commission seeking approval of the proposed special rate. If the negotiations are unsuccessful, the energy intensive industrial consumer may file a petition
with the commission to consider establishing a special rate. The commission shall have the authority to establish a special rate upon the filing of either a joint filing or a petition pursuant to this section.

(e) In order to qualify for a special rate, an energy intensive industrial consumer shall:

(1) Have a contract demand of at least fifty thousand kilowatts of electric power at its West Virginia facilities under normal operating conditions;

(2) Create or retain at least twenty-five full time jobs in West Virginia;

(3) Have invested not less than $500,000 in fixed assets, including machinery and equipment, in West Virginia;

(4) Provide reasonable evidence that due to market conditions in the industry in which the energy intensive industrial consumer operates, or other factors bearing on investment in and operation of the industrial facility or facilities, without the special rate the operation or continued operation of the industrial facility or facilities is threatened or not economically viable under reasonable assumptions and projections regarding the market and the operation of the industrial facility or facilities;

(5) Provide reasonable evidence that, with the special rate, the energy intensive industrial consumer intends to operate the industrial facility or facilities in West Virginia for an extended period of time, and that the operation or continued operation of the industrial facility or facilities for an extended period of time appears economically viable, under reasonable assumptions and projections regarding the market in which the energy intensive industrial consumer operates and regarding the operation of the industrial facility or facilities; and
(6) Provide information and data setting forth how the energy intensive industrial consumer meets the qualifications of this section, and how the special rate advances the policy goals set forth in subsection (a) of this section.

(f) The Commission shall determine whether any excess revenue or revenue shortfall created by a special rate authorized pursuant to this section should be allocated among any other customers of the utility. In making that determination, the Commission shall consider all relevant factors, including whether such allocation is just, reasonable, and fairly balances the interests of other customers, the utility, and the customer receiving the special rate.

(2) Will be in the best interest of West Virginia customers and its citizens; and

(3) Will result in an acceptable balance between reasonable power needs and reasonable environmental factors.

(e) The commission may impose conditions upon its approval of the application, or modify the applicant's proposal, to achieve an acceptable balance between reasonable power needs and reasonable environmental factors.

(f) The provisions of this section do not apply to the construction of line facilities which will be part of a transmission line for which any right-of-way has been acquired prior to January 1, 1973.

(g) The commission shall prescribe rules it considers proper for the administration and enforcement of the provisions of this section, which rules shall be promulgated in accordance with the applicable provisions of chapter twenty-nine-a of this code.

(a) Effective beginning July 1, 1992, in any instance that a purchase of commodities or printing by the director or by a state department is required under the provisions of this article to be made upon competitive bids, the successful bid shall be determined as provided in this section. The Secretary of the Department of Revenue shall promulgate any rules necessary to: (i) Determine that vendors have met the residence requirements described in this section; (ii) establish the procedure for vendors to certify the residency requirements at the time of submitting their bids; (iii) establish a procedure to audit bids which make a claim for preference permitted by this section and to reject noncomplying bids; and (iv) otherwise accomplish the objectives of this section. In prescribing the rules, the secretary shall use a strict construction of the residence requirements set forth in this section. For purposes of this section, a successful bid shall be determined and accepted as follows:

(1) From an individual resident vendor who has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted or from a partnership, association, corporation resident vendor, or from a corporation nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for four years immediately preceding the date on which the bid is submitted, if the vendor’s bid does not exceed the lowest qualified bid from a nonresident vendor by more than two and one-half percent of the latter bid, and if the vendor has made written claim for the preference at the time the bid was submitted: Provided, That for purposes of this subdivision, any partnership, association or corporation
resident vendor of this state, which does not meet the
requirements of this subdivision solely because of the
continuous four-year residence requirement, shall be
considered to meet the requirement if at least eighty percent
of the ownership interest of the resident vendor is held by
another individual, partnership, association or corporation
resident vendor who otherwise meets the requirements of this
subdivision, including the continuous four-year residency
requirement: Provided, however, That the Secretary of the
Department of Revenue shall promulgate rules relating to
attribution of ownership among several resident vendors for
purposes of determining the eighty percent ownership
requirement; or

(2) From a resident vendor, if, for purposes of producing
or distributing the commodities or completing the project
which is the subject of the vendor's bid and continuously
over the entire term of the project, on average at least
seventy-five percent of the vendor's employees are residents
of West Virginia who have resided in the state continuously
for the two immediately preceding years, and the vendor's
bid does not exceed the lowest qualified bid from a
nonresident vendor by more than two and one-half percent of
the latter bid, and if the vendor has certified the residency
requirements of this subdivision and made written claim for
the preference, at the time the bid was submitted; or

(3) From a nonresident vendor, which employs a
minimum of one hundred state residents or a nonresident
vendor which has an affiliate or subsidiary which maintains
its headquarters or principal place of business within West
Virginia and which employs a minimum of one hundred state
residents, if, for purposes of producing or distributing the
commodities or completing the project which is the subject
of the vendor's bid and continuously over the entire term of
the project, on average at least seventy-five percent of the
vendor's employees or the vendor's affiliate's or subsidiary's
employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years and the vendor’s bid does not exceed the lowest qualified bid from a nonresident vendor by more than two and one-half percent of the latter bid, and if the vendor has certified the residency requirements of this subdivision and made written claim for the preference, at the time the bid was submitted; or

(4) From a vendor who meets either the requirements of both subdivisions (1) and (2) of this subsection or subdivisions (1) and (3) of this subsection, if the bid does not exceed the lowest qualified bid from a nonresident vendor by more than five percent of the latter bid, and if the vendor has certified the residency requirements above and made written claim for the preference at the time the bid was submitted; or

(5) From an individual resident vendor who is a veteran of the United States Armed Forces, the Reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted, if the vendor’s bid does not exceed the lowest qualified bid from a nonresident vendor by more than three and one-half percent of the latter bid, and if the vendor has made written claim for the preference at the time the bid was submitted; or

(6) From a resident vendor who is a veteran of the United States Armed Forces, the Reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor’s bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor’s employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years and the vendor’s bid does not exceed the lowest qualified bid from a nonresident vendor by more than three
and one-half percent of the latter bid, and if the vendor has
certified the residency requirements of this subdivision and
made written claim for the preference, at the time the bid was
submitted; or

(7) Notwithstanding any provisions of subdivisions (1),
(2), (3), (4), (5) or (6) of this subsection to the contrary, if
any nonresident vendor that is bidding on the purchase of
commodities or printing by the director or by a state
department is also certified as a small, women or minority-
owned business pursuant to section fifty-nine of this article,
the nonresident vendor shall be provided the same preference
made available to any resident vendor under the provisions
of this subsection.

(b) If the Secretary of the Department of Revenue
determines under any audit procedure that a vendor who
received a preference under this section fails to continue to
meet the requirements for the preference at any time during
the term of the project for which the preference was received
the secretary may: (1) Reject the vendor’s bid; or (2) assess
a penalty against the vendor of not more than five percent of
the vendor’s bid on the project.

(c) Political subdivisions of the state including county
boards of education may grant the same preferences to any
vendor of this state who has made a written claim for the
preference at the time a bid is submitted, but for the purposes
of this subsection, in determining the lowest bid, any political
subdivision shall exclude from the bid the amount of
business occupation taxes which must be paid by a resident
vendor to any municipality within the county comprising or
located within the political subdivision as a result of being
awarded the contract which is the object of the bid; in the
case of a bid received by a municipality, the municipality
shall exclude only the business and occupation taxes as will
be paid to the municipality: Provided, That prior to soliciting
any competitive bids, any political subdivision may, by
majority vote of all its members in a public meeting where all
the votes are recorded, elect not to exclude from the bid the
amount of business and occupation taxes as provided in this
subsection.

(d) If any of the requirements or provisions set forth in
this section jeopardize the receipt of federal funds, then the
requirement or provisions are void and of no force and effect
for that specific project.

(e) If any provision or clause of this section or
application thereof to any person or circumstance is held
invalid, the invalidity shall not affect other provisions or
applications of this section which can be given effect without
the invalid provision or application, and to this end the
provisions of this section are severable.

(f) This section may be cited as the “Jobs for West
Virginians Act of 1990.”

hinders community policing efforts, and causes law-

CHAPTER 61. CRIMES AND THEIR PUNISHMENT.

ARTICLE 13. ANTI-ORGANIZED CRIMINAL ENTERPRISE ACT.

§61-13-1. Findings.
§61-13-4. Premises used by organized criminal enterprises; nuisances; actions for injunction, abatement and damages; other remedies for unlawful use; exceptions.
§61-13-6. Exempted activities; limitations on scope.

§61-13-1. Findings.
(a) The Legislature hereby finds that there is evidence of an increasing incidence of larger scale organized criminal activity in various parts of this State and that new statutes are necessary to protect the lives and property of the overwhelming majority of West Virginians who are law-abiding citizens. The evidence presented to the Legislature reflects that persons engaged in larger scale ongoing criminal enterprises are of all ages, multiple racial and ethnic origin and all pose a rising threat.

(b) The Legislature further finds that there is a tendency among certain of these enterprises to actively recruit, sometimes coercively, people into joining such organizations as well as organized efforts to intimidate witnesses who may be in a position to offer testimony regarding the organized criminal enterprises and that such behavior cannot be tolerated.

(c) The Legislature further finds that lawful use of public nuisance and forfeiture laws can substantially aid in a reduction of larger scale organized criminal enterprises.

(d) The Legislature further finds that criminal statutes tailored to the particular problems represented by such organized criminal enterprises combined with community education and existing alternative sentencing laws can aid in reducing this new threat.

As used in this article:

“Organized criminal enterprise” means a combination of five or more persons engaging over a period of not less than six months in one or more of the qualifying offenses set forth in this section.
“Qualifying offense” means a violation of the felony provisions of section eleven, article forty-one, chapter thirty-three of this code; the felony provisions of chapter sixty-A of this code; the felony provisions of article two of this chapter; the provisions of sections one, two, three, four, five, eleven, twelve, thirteen, fourteen, eighteen, nineteen, twenty-four, twenty-four-a, twenty-four-b and twenty-four-d, article three of this chapter; the felony provisions of sections article three-c of this chapter; the felony provisions of article three-e of this chapter; the felony provisions of article four of this chapter; the provisions of section eight, article eight of this chapter; the felony provisions of article eight-a of this chapter and the felony provisions of article eight-c of this chapter.

(a) Any person who knowingly and willfully becomes a member of an organized criminal enterprise and who knowingly promotes, furthers or assists in the commission of any qualifying offense himself or herself or in combination with another member of an organized criminal enterprise shall be guilty of a felony and, upon conviction, shall be confined in a state correctional facility for not more than ten years or fined not more than $25,000, or both. The offense set forth in this subsection is separate and distinct from that of any qualifying offense and may be punished separately.

(b) Any person who knowingly solicits, invites, recruits, encourages or causes another to become a member of an organized criminal enterprise or to assist members of an organized criminal enterprise to aid or assist in the commission of a qualifying offense by one or more members of an organized criminal enterprise shall be guilty of a felony and, upon conviction, shall be confined in a state correctional facility for not more than five years or fined not more than $10,000, or both.
(c) Any person who shall, by threats, menaces, or otherwise, intimidate, or attempt to intimidate, a witness for the state in any prosecution under the provisions of this article, for the purpose of preventing the attendance of such witness at the trial of such case or to change testimony, or shall in any way or manner prevent, or attempt to prevent, the attendance of any such witness at such trial, shall be guilty of a felony and, upon conviction, shall be confined not more than ten years.

§61-13-4. Premises used by organized criminal enterprises; nuisances; actions for injunction, abatement and damages; other remedies for unlawful use; exceptions.

(a) Every private building or place used by members of an organized criminal enterprise for the commission of qualifying offenses is a nuisance and may be the subject of an injunction or cause of action for damages or for abatement of the nuisance as provided for in article nine of this chapter.

(b) Any person may file a petition for injunctive relief with the appropriate court seeking eviction from or closure of any premises used for the operation of an organized criminal enterprise. Upon proof by the plaintiff that the premises are being used by members of an organized criminal enterprise for the commission of a qualifying offense or offenses, the court may order the owner of record or the lessee of the premises to remove or evict the persons from the premises and order the premises sealed, prohibit further use of the premises, or enter such order as may be necessary to prohibit the premises from being used for the commission of a pattern of criminal gang activity and to abate the nuisance.

(a) The following are declared to be contraband and no person shall have a property interest in them:

(1) All property which is directly or indirectly used or intended for use in any manner to facilitate a violation of this article; and

(2) Any property constituting or derived from gross profits or other proceeds obtained from a violation of this article.

(b) In any action under this section, the court may enter such restraining orders or take other appropriate action, including acceptance of performance bonds, in connection with any interest that is subject to forfeiture.

(c) Forfeiture actions under this section shall use the procedures set forth in article seven, chapter sixty-a of this code.

§61-13-6. Exempted activities; limitations on scope.

Nothing in this section shall be construed to prevent lawful assembly and petition for the lawful redress of grievances, including, but not limited to: any labor or employment relations issue; demonstration at the seat of federal, state, county, or municipal government; or activities protected by the West Virginia Constitution or the United States Constitution or any statute of this state or the United States.

(a) All property, except public service businesses assessed pursuant to article six of this chapter, shall be assessed annually as of July 1 at sixty percent of its true and
actual value, that is to say, at the price for which the property
would sell if voluntarily offered for sale by the owner
thereof, upon the terms as the property, the value of which is
sought to be ascertained, is usually sold, and not the price
which might be realized if the property were sold at a forced
sale.

(b) Any conflicting provisions of subsection (a) of this
section notwithstanding, the true and actual value of all
property owned, used and occupied by the owner thereof
exclusively for residential purposes shall be arrived at by also
giving consideration to the fair and reasonable amount of
income which the same might be expected to earn, under
normal conditions in the locality wherein situated, if rented:
Provided, That the true and actual value of all farms used,
occupied and cultivated by their owners or bona fide tenants
shall be arrived at according to the fair and reasonable value
of the property for the purpose for which it is actually used
regardless of what the value of the property would be if used
for some other purpose; and that the true and actual value
shall be arrived at by giving consideration to the fair and
reasonable income which the same might be expected to earn
under normal conditions in the locality wherein situated, if
rented: Provided, however, That nothing herein shall alter the
method of assessment of lands or minerals owned by
domestic or foreign corporations.

(c) The taxes upon all property shall be paid by those
who are the owners thereof on the assessment date whether
it be assessed to them or others.

(d) If at any time after the beginning of the assessment
year, it be ascertained by the Tax Commissioner that the
assessor, or any of his or her deputies, is not complying with
this provision or that they have failed, neglected or refused,
or is failing, neglecting or refusing after five days’ notice to
list and assess all property therein at sixty percent of its true
and actual value as determined under this chapter, the Tax
Commissioner may order and direct a reassessment of any or
all of the property in any county, district or municipality,
where any assessor, or deputy, fails, neglects or refuses to
assess the property in the manner herein provided. And, for
the purpose of making assessment and correction of values,
the Tax Commissioner may appoint one or more special
assessors, as necessity may require, to make assessment in
any county and any such special assessor or assessors, as the
case may be, has the power and authority now vested by law
in assessors, and the work of such special assessor or
assessors shall be accepted and treated for all purposes by the
county boards of review and equalization and the levying
bodies, subject to any revisions of value on appeal, as the true
and lawful assessment of that year as to all property valued
by him or her or them. The Tax Commissioner shall fix the
compensation of all special assessors appointed, which,
together with their actual expenses, shall be paid out of the
county fund by the county commission of the county in
which any such assessment is ordered, upon the receipt of a
certificate of the Tax Commissioner filed with the clerk of
the county commission showing the amounts due and to
whom payable, after such expenses have been audited by the
county commission.

(e) Any assessor who knowingly fails, neglects or refuses
to assess all the property of his or her county, as herein
provided, shall be guilty of malfeasance in office and, upon
conviction thereof, shall be fined not less than $100 nor more
than $500, or imprisoned not less than three nor more than
six months, or both, in the discretion of the court, and upon
conviction, shall be removed from office.

(f) For purposes of this chapter and chapter eleven-a of
this code, the following terms have the meanings ascribed to
them in this section unless the context in which the term is
used clearly indicates that a different meaning is intended by
the Legislature:
(1) "Assessment date" means July 1 of the year preceding the tax year.

(2) "Assessment year" means the twelve-month period that begins on the assessment date.

(3) "Tax year" or "property tax year" means the next calendar year that begins after the assessment date.

(4) "Taxpayer" means the owner and any other person in whose name the taxes on the subject property are lawfully assessed.

(a) If the assessor determines the assessed valuation of any item of real property appraised by him or her is more than ten percent greater than the valuation assessed for that item in the last tax year, the increase is $1,000 or more and the increase is entered in the property books as provided in section nineteen of this article, the assessor shall give notice of the increase to the person assessed or the person controlling the property as provided in section two of this article. The notice shall be given on or before January 15 of the tax year and advise the person assessed or the person controlling the property of his or her right to appear and seek an adjustment in the assessment: Provided, That this notification requirement does not apply to industrial or natural resources property appraised by the Tax Commissioner under article six-k of this chapter which is assessed at sixty percent of its true and actual value. The notice shall be made by first-class United States postage mailed to the address of the person assessed or the person controlling the property for payment of tax on the item in the previous year, unless there was a general increase of the entire valuation in one or more of the tax districts in which
case the notice shall be by publication of the notice by a Class II-0 legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code. The area for the publication is the county. The requirement of notice under this section is satisfied and waived if personal notice of the increase is shown by:

(1) The taxpayer having signed the assessment form after it had been completed showing the increase;

(2) Notice was given as provided in section three-a of this article; or

(3) The person assessed executing acknowledgment of the notice of the increase.

(b) During the initial reappraisal of all property under section seven, article one-c of this chapter, the Tax Commissioner and each county assessor shall send every person owning or controlling property appraised by the Tax Commissioner or the county assessor a pamphlet which explains the reappraisal process and its equalization goal in a detailed yet informal manner. The property valuation training and procedures commission, created under section three, article one-c of this chapter, shall design the pamphlet for use in all counties while allowing individual county information to be included if it determines that the information would improve understanding of the process.

§11-3-10. Failure to list property, etc.; collection of penalties and forfeitures.

(a) If any person, firm or corporation, including public service corporations, whose duty it is by law to list any real estate or personal property for taxation, refuses to furnish a proper list thereof or refuses to list within the time required by law, or if any person, firm or corporation, including public
service corporations, refuses to answer or answers falsely any
question asked by the assessor or by the Tax Commissioner,
or fails or refuses to deliver any statement required by law,
the person, firm or corporation may forfeit, at the discretion
of the assessor or the Tax Commissioner for good cause
shown, not less than $25 nor more than $100. If any person,
firm or corporation willfully fails to furnish a proper list of
real estate or personal property for taxation or refuses to
answer or falsely answers any question asked by the assessor
or by the Tax Commissioner, or fails or refuses to deliver any
statement required by law, such person, firm or corporation
shall be denied all remedy provided by law for the correction
of any assessment made by the assessor or by the board of
public works: Provided, That no person, firm or corporation
shall be denied the remedy provided by law to contest any
assessment unless the assessor or the Tax Commissioner has
notified such person, firm or corporation in writing that this
penalty will be asserted and the requested information is not
provided within fifteen days of the date of receipt of the
notice.

(b) If any person, firm or corporation, including public
service corporations, required by law to make return of
property for taxation, whether the return is to be made to the
assessor, the board of Public Works, or any other assessing
officer or body, fails to return a true list of all property which
should be assessed in this state, the person, firm or
corporation, in addition to all other penalties provided by
law, shall forfeit one percent of the value of the property not
yet returned and not otherwise taxed in this state.

(c) A forfeiture as to all property aforesaid may be
enforced for any default occurring in any year not exceeding
five years immediately prior to the time the default is
discovered.

(d) Each failure to make a true return as herein required
constitutes a separate offense, and a forfeiture shall apply to
each of them, but all forfeitures, to which the same person, firm or corporation is liable, shall be enforced in one proceeding against the person, firm or corporation, or against the estate of any deceased person, and may not exceed five percent of the value of the property not returned that is required to be returned for taxation by this chapter.

(e) Forfeitures shall be collected as provided in article two, chapter eleven-a of this code, the same as any tax liability, against the defaulting taxpayer, or in case of a decedent, against his or her personal representative. The sheriff shall apportion such fund among the state, county, district, school district and municipalities which would have been entitled to the taxes upon the property if it had been assessed, in proportion to the rates of taxation for each levying unit for the year in which the judgment was obtained bears to the sum of rates for all.

(f) When the list of property returned by the appraisers of the estate of any deceased person shows an amount greater than the last assessment list of real and tangible personal property of the deceased person next preceding the appraisal of his or her estate, it is prima facie evidence that the deceased person returned an imperfect list of his or her property: Provided, That any person liable for the tax, or his or her personal representative, may always be permitted to prove by competent evidence that the discrepancy between the assessment list and the appraisal of the estate is caused by a difference of valuation returned by the assessor and that made by the appraisers of the same property or by property acquired after assessment, or that any property enumerated in the appraisers' list had been otherwise listed for taxation, or that it was not liable for taxation.

(g) Any judgment recovered under this section is a lien, from the time of the service of the notice, upon all real estate and personal property of the defaulting taxpayer, owned at
§11-3-12. Assessment of corporate property; reports to assessors by corporations.

(2) A taxpayer may apply for relief to the county commission sitting as a board of equalization and review pursuant to section twenty-four of this article not later than February 20 of the tax year by filing a written protest with the clerk of the county commission that identifies the amount of the assessed value the taxpayer believes to be in controversy and states generally the taxpayer’s reason or reasons for filing the protest. The board shall then set a date and time to hear the taxpayer’s protest: Provided, That in the written protest or in a separate notice filed with the board on or before the day of the hearing, the taxpayer or taxpayer’s representative may notify the board of the taxpayer’s election to have the matter heard when the county commission convenes as a board of assessment appeals in the fall of the tax year as provided in section twenty-four-b of this article. The notice of election shall include an acknowledgment by the taxpayer that the taxpayer will timely pay first and second half installment payments of taxes levied for the current tax year on or before they become due and that any reduction in assessed value that is administratively or judicially determined in a decision that becomes final will result in a credit being established against taxes that become due for a tax year subsequent to the tax year in which the decision becomes final, except as otherwise stated in the decision or as otherwise provided in this article. In the event the board adjourns sine die before February 20 of the tax year, a taxpayer may still file its written protest and the acknowledgment described in this subdivision with the county clerk on or before February 20 of the tax year, and the petition shall be heard when the county commission meets as a board of assessment appeals, as provided in section twenty-four-b of this article. If a taxpayer fails to provide its written protest on or before February 20, and the board unilaterally increases the assessed value subsequent to that date, the taxpayer may still file a written protest and the acknowledgment described in this subdivision with the county clerk, and the petition shall be heard when the county commission meets as a board of assessment appeals as provided in section twenty-four-b of this article.

(d) Valuation issues - property appraised by Tax Commissioner and assessed by county assessor. --

(1) A taxpayer who receives a notice of tentative appraised value of natural resource property or industrial property from the Tax Commissioner pursuant to article six-k of this chapter, who disagrees with the value stated in the notice may utilize the informal review process specified in this article and article six-k of this chapter.
(2) A taxpayer may apply for relief to the county commission sitting as a board of equalization and review pursuant to section twenty-four of this article no later than February 20 of the tax year by filing a written protest with the clerk of the county commission that identifies the amount of the assessed value the taxpayer believes to be in controversy and states generally the taxpayer’s reason or reasons for filing the protest. The board shall then set a date and time to hear the taxpayer’s protest: Provided, That in the written protest or in a separate notice filed with the board on or before the day of the hearing, the taxpayer or taxpayer’s representative may notify the board of the taxpayer’s election to have the matter heard when the county commission convenes as a board of assessment appeals in the fall of the tax year as provided in section twenty-four-b of this article. A copy of this election shall be served on the assessor, and the Tax Commissioner in the case of industrial property or natural resources property, by personal service or by certified mail. The notice of election shall include an acknowledgment by the taxpayer that taxpayer will timely pay first and second half installment payments of taxes levied for the current tax year on or before they become due and that any reduction in assessed value that is administratively or judicially determined in a decision that becomes final will result in a credit being established against taxes that become due for a tax year subsequent to the tax year in which the decision becomes final, except as otherwise stated in the decision or as otherwise provided in this article. In the event the board adjourns sine die before February 20 of the tax year, a taxpayer may still file its written protest and the acknowledgment described in this subdivision with the county clerk on or before February 20 of the tax year, and the petition shall be heard when county commission meets as a board of assessment appeals, as provided in section twenty-four-b of this article. If a taxpayer fails to provide its written protest on or before February 20, and the board unilaterally increases the assessed value subsequent to that date, the
taxpayer may still file a written protest and the acknowledgment described in this subdivision with the county clerk, and the petition shall be heard when the county commission meets as a board of assessment appeals as provided in section twenty-four-b of this article.

§11-3-24. Review and equalization by county commission.

(a) The county commission shall annually, not later than February 1 of the tax year, meet as a board of equalization and review for the purpose of reviewing and equalizing the assessment made by the assessor. The board shall not adjourn for longer than three business days at a time, not including a Saturday, Sunday or legal holiday in this state, until this work is completed. The board may adjourn sine die anytime after February 15 of the tax year and shall adjourn sine die not later than the last day of February of the tax year.

(b) At the first meeting of the board, the assessor shall submit the property books for the current year, which shall be complete in every particular, except that the levies shall not be extended. The assessor and the assessor's assistants shall attend and render every assistance possible in connection with the value of property assessed by them.

(c) The board shall proceed to examine and review the property books, and shall add on the books the names of persons, the value of personal property and the description and value of real estate liable to assessment which was omitted by the assessor. The board shall correct all errors in the names of persons, in the description and valuation of property, and shall cause to be done whatever else is necessary to make the assessed valuations comply with the provisions of this chapter. But in no case shall any question of classification or taxability be considered or reviewed by the board.
(d) If the board determines that any property or interest is assessed at more or less than sixty percent of its true and actual value as determined under this chapter, it shall fix it at sixty percent of its true and actual value: Provided, That no assessment shall be increased without giving the taxpayer at least five days' notice, in writing, of the intention to make the increase and no assessment shall be greater than sixty percent of the true and actual value of the property.

(e) Service of notice of the increase upon the taxpayer shall be sufficient, or upon his or her agent or attorney, if served in person, or if sent by registered or certified mail to the property owner, his or her agent, or attorney, at the last known mailing address of the person as shown in the records of the assessor or the tax records of the county sheriff. If such person cannot be found and has no last known mailing address, then notice shall be given by publication thereof as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area shall be the county. The date of the publication shall be at least five days, not including a Saturday, Sunday or legal holiday in this state, prior to the day the board acts on the increase. When the board intends to increase the entire valuation in any one tax district by a general increase, notice shall be given by publication thereof as a Class II-0 legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area shall be the county. The date of the last publication shall be at least five days, not including a Saturday, Sunday or legal holiday in this state, prior to the meeting at which the increase in valuation is acted on by the board. When an increase is made, the same valuation shall not again be changed unless notice is again given as heretofore provided.

The clerk of the county commission shall publish notice of the time, place and general purpose of the meeting as a
Class II legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area shall be the county. The expense of publication shall be paid out of the county treasury.

(f) Any person who receives notice as provided in subsection (e) of this section may appear before the board at the time and place specified in the notice to object to the proposed increase in the valuation of taxpayer's property. After hearing the board's reason or reasons for the proposed increase, the taxpayer may present his or her objection or objections to the increase and the reason or reasons for the objections and may either orally or in writing advise the board that the taxpayer elects for the matter to be heard in the fall of the tax year when the county commission meets as a board of assessment appeals as provided in section twenty-four-b of this article: Provided, That taxpayer's election shall not stay a decision by the board to increase the assessed value of the property for the current tax year.

(g) The board may approve an agreement signed by the taxpayer or taxpayer's representative and the assessor, and by a representative of the Tax Commissioner when the property is industrial property or natural resources property, that resolves a valuation matter while the land and personal property books are before the board for equalization and review.

(h) If any person fails to apply for relief at this meeting, he or she shall have waived the right to ask for correction in the assessment list for the current year, and shall not thereafter be permitted to question the correctness of the list as finally fixed by the board, except on appeal to the circuit court or as otherwise provided in this article.

(i) After the board completes the review and equalization of the property books, a majority of the board shall sign a
statement that it is the completed assessment of the county for the tax year. Then the property books shall be delivered to the assessor and the levies extended as provided by law.

(j) A taxpayer who elects to have a hearing before the board of equalization and review may appeal the board’s order as provided in section twenty-five of this article. A taxpayer who elects to have a hearing before the board of assessment appeals may only appeal the assessed value as provided in section twenty-four-b of this article.

§11-3-24a. Protest of classification or taxability to assessor; appeal to Tax Commissioner.

(a) At any time after property is returned for taxation, and up to and including the time the property books are before the county commission sitting as a board of equalization and review, any taxpayer may apply to the assessor for information regarding the classification and taxability of the taxpayer’s property. In case the taxpayer is dissatisfied with the classification of property assessed to the taxpayer or believes that the property is exempt or otherwise not subject to taxation, the taxpayer shall file objections in writing with the assessor. The assessor shall decide the question by either sustaining the protest and making proper corrections, or by stating, in writing if requested, the reasons for refusal to grant the protest.

(b) The assessor may, and if the taxpayer requests, the assessor shall, certify the question to the State Tax Commissioner in a statement sworn to by both parties, or if the parties are unable to agree, in separate sworn statements, giving a full description of the property and any other information which the Tax Commissioner requires. The Tax Commissioner shall prescribe forms on which the aforesaid question shall be certified and the Tax Commissioner shall have the authority to pursue any inquiry and procure any information necessary for the disposition of the issue.
(c) The Tax Commissioner shall, as soon as possible on receipt of the question, but in no case later than February 28 of the assessment year, instruct the assessor as to how the property shall be treated. The instructions issued and forwarded by mail to the assessor shall be binding upon the assessor, but either the assessor or the taxpayer may apply to the circuit court of the county within thirty days after receiving written notice of the Tax Commissioner’s ruling, for review of the question of classification or taxability in the same fashion as is provided for appeals from the county commission sitting as a board of equalization and review in section twenty-five of this article.

(d) The amendments to this section enacted in the year 2010 shall apply to classification and taxability rulings issued for taxes levied after December 31, 2011.

§11-3-24b. Board of Assessment Appeals.

(a) The county commission shall meet as a board of assessment appeals no sooner than October 1 of the tax year, unless that day is a Saturday, Sunday or legal holiday in this state, in which event the board shall begin meeting on the next day that is not a Saturday, Sunday or legal holiday.

(b) The board shall set a date and time for hearing each protest filed on or before February 20 of the tax year, as provided in section twenty-three-a of this article, and for which the taxpayer elected to have the matter heard by the board of assessment appeals: Provided, That the commission may, before, on or after October 1, begin developing a hearing schedule for hearings to commence on or after October 1. The board may in its discretion grant one or more continuances of the hearing date. The board shall grant a continuance when the continuance is agreed to by the assessor and the taxpayer. When the hearing involves industrial property or natural resources property appraised by the Tax Commissioner, the board shall grant continuances of
hearing dates and otherwise work with the Tax
Commissioner to develop a hearing schedule that recognizes
the limitations of state resources and the fact that the Tax
Commissioner is responsible for appraising industrial
properties and natural resource properties in all fifty-five
counties.

(c) Upon the timely request of any party, the board may,
before, on or after October 1, develop a discovery schedule
for the exchange of information between the taxpayer and the
assessor and, in matters involving industrial property or
natural resources property, the Tax Commissioner. Any
objections to discovery may be made to the board which shall
rule on such objections. Any willful failure to provide the
information requested through the discovery process and
required by the board may be grounds for dismissal of the
appeal by the board: Provided, That the board shall provide
written justification for dismissal to all parties, and: Provided,
however. That any dismissal may be appealed to the circuit
court as provided in section twenty-five of this article.

(d) The board may assign the appeal to a hearing
examiner for the taking of evidence if the hearing examiner
is mutually agreed to by the parties to the appeal. The
hearing examiner shall have the same authority as the board
to schedule hearings and schedule and compel discovery:
Provided, That, in the case of a willful failure to provide
information, an appeal may be dismissed only by the board
as provided in subsection (c) of this section. Hearings before
a hearing examiner shall be recorded electronically. Upon
the conclusion of discovery and hearings on an appeal, the
hearing examiner shall make a written report of findings of
fact and conclusions of law and provide the same to the board
and all parties to the appeal. The board shall issue its order
consistent with the report of the hearing examiner without the
taking of additional evidence. The cost and expenses of the
hearing examiner shall be paid by the board.
(e) The board may approve an agreement signed by the taxpayer or taxpayer’s representative and the assessor, and by a representative of the Tax Commissioner when the property is industrial property or natural resource property, that resolves a valuation matter that arose while the land and personal property books were before the board of equalization and review.

(f) The board shall issue its order within a reasonable time after the record for the hearing is closed and all required briefs have been submitted.

(g) Any party to the hearing may appeal the order of the board in the manner provided in section twenty-five of this article for appealing an order of the board of equalization and review.

(h) In the event the board reduces an assessed value in an order that becomes final, the county clerk shall certify copies of the order to the Auditor, sheriff and assessor, and to the Tax Commissioner if the property is industrial property or natural resources property. The taxpayer shall be entitled to a credit voucher to be applied against future taxes as provided in this article. When endorsed by the taxpayer, the voucher shall be sufficient to entitle the sheriff to a credit for so much of his or her settlement which he or she is required to make.

(i) The board of assessment appeals shall meet as often as necessary until the work of the board is completed: Provided, That the board shall adjourn sine die not later than October 31 of the tax year unless the board, by majority vote, agrees to extend the term if necessary to afford the parties due process and to complete its work, after which it shall adjourn sine die.

§11-3-25. Relief in circuit court against erroneous assessment.
(a) Any person claiming to be aggrieved by any assessment in any land or personal property book of any county who shall have appeared and contested the valuation as provided in section twenty-four or twenty-four-a of this article, or whose assessment has been raised by the county commission sitting as a board of equalization and review above the assessment fixed by the assessor may, at any time up to thirty days after the adjournment of the board sitting as a board of equalization and review, or at anytime up to thirty days after the order of the board of assessment appeals is served on the parties, apply for relief to the circuit court of the county in which the property books are made out; but any person applying for relief in circuit court shall, before any application is heard, give ten days' notice to the prosecuting attorney of the county, whose duty it shall be to attend to the interests of the state, county and district in the matter, and the prosecuting attorney shall give at least five days' notice of hearing to the Tax Commissioner.

(b) The right of appeal from any assessment by the board of equalization and review or order of the board of assessment appeals as provided in this section, may be taken either by the applicant or by the state, and in case the applicant, by his or her agent or attorney, or the state, by its prosecuting attorney or Tax Commissioner, desires to take an appeal from the decision of the either board, the party desiring to take an appeal shall have the evidence taken at the hearing of the application before either board, including a transcript of all testimony and all papers, motions, documents, evidence and records as were before the board, certified by the county clerk and transmitted to the circuit court as provided in section four, article three, chapter fifty-eight of this code, except that, any other provision of this code notwithstanding, the evidence shall be certified and transmitted within thirty days after the petition for appeal is filed with the court or judge, in vacation.
(c) If there was an appearance by or on behalf of the taxpayer before either board, or if actual notice, certified by the board, was given to the taxpayer, the appeal, when allowed by the court or judge, in vacation, shall be determined by the court from the record as so certified: Provided, That in cases where the court determines that the record made before the board is inadequate as a result of the parties having had insufficient time to present evidence at the hearing before the board to make a proper record, as a result of the parties having received insufficient notice of changes in the assessed value of the property and the reason or reasons for the changes to make a proper record at the hearing before the board, as a result of irregularities in the procedures followed at the hearing before the board, or for any other reason not involving the negligence of the party alleging that the record is inadequate, the court may remand the appeal back to the county commission of the county in which the property is located, even after the county commission has adjourned sine die as a board of equalization and review or a board of assessment appeals for the tax year in which the appeal arose, for the purpose of developing an adequate record upon which the appeal can be decided. The county commission shall schedule a hearing for the purpose of taking additional evidence at any time within ninety days of the remand order that is convenient for the county commission and for the parties to the appeal. If, however, there was no actual notice to the taxpayer, and no appearance by or on behalf of the taxpayer before the board, or if a question of classification or taxability is presented, the matter shall be heard de novo by the circuit court.

(d) If, upon the hearing of appeal, it is determined that any property has been assessed at more than sixty percent of its true and actual value determined as provided in this chapter, the circuit court shall, by an order entered of record, correct the assessment, and fix the assessed value of the property at sixty percent of its true and actual value. A copy
of the order or orders entered by the circuit court reducing the
valuation shall be certified to the Auditor, if the order or
orders pertain to real property, by the clerk within twenty
days after the entering of the same, and every order or
decision shall show that the prosecuting attorney or Tax
Commissioner was present and defended the interest of the
state, county and district. If it be ascertained that any
property has been valued too high, and that the taxpayer has
paid the excess tax, it shall be refunded or credited to the
taxpayer in accordance with the provisions of section twenty-
five-a of this article, and if not paid, he or she shall be
relieved from the payment thereof. If it is ascertained that
any property is valued too low, the circuit court shall, by an
order entered of record, correct the valuation and fix it at
sixty percent of its true and actual value. A copy of any order
entered by any circuit court increasing the valuation of
property shall be certified within twenty days, if the order
pertains to real property, to the Auditor, the county clerk and
the sheriff. However, if the order pertains only to personal
property, then the copy shall be certified within twenty days
to the county clerk and to the sheriff and it shall be the duty
of the Auditor, the county clerk and the sheriff to charge the
taxpayer affected with the increase of taxes occasioned by the
increase of valuation by applying the rate of levies for every
purpose in the district where the property is situated for the
current year. The order shall also be filed in the office of the
Auditor and clerk of the county commission. The circuit
court shall review the record submitted from the board. If the
court determines that the record is adequate, it shall establish
a briefing and argument schedule that will result in the appeal
being submitted to the court for decision within a reasonable
time, but not to exceed eight months after the appeal is filed.
All final decisions or orders of the circuit court shall be
issued within a reasonable time, not to exceed ninety days,
from the date the last brief is filed and the case is submitted
to the court for decision. The state or the aggrieved taxpayer
may appeal a question of valuation to the Supreme Court of
Appeals if the assessed value of the property is $50,000 or more, and either party may appeal a question of classification or taxability.

(e) All persons applying for relief to the circuit court under this section shall be governed by the same presumptions, burdens and standards of proof as established by law for taxpayers applying for such relief.

(f) Effective date. -- The amendments to this section enacted in 2010 shall apply to tax years beginning after December 31, 2011.

§11-3-25a. Payment of taxes that become due while appeal is pending.

(a) All taxes levied and assessed against the property for the year on which a protest or an appeal has been filed by the taxpayer as provided in section twenty-four or twenty-four-b of this article shall be paid before they become delinquent. If the taxes are not paid before becoming delinquent, the circuit court, having jurisdiction of the appeal, as appropriate, shall dismiss the appeal unless the delinquent taxes and interest due are paid in full within thirty days after taxes for the second half of the tax year become delinquent.

(b) In the event the order of a court becomes final and the order results in an overpayment of taxes levied for the tax year that have been paid to the sheriff, the amount of the overpayment shall be refunded to the taxpayer if the overpayment is $25,000 or less within thirty days after the time for appealing the decision or order expires or, if the decision or order is appealed, within thirty days of the date the appeals court turns down the appeal: Provided, That, if the taxpayer’s protest before the county commission below was heard pursuant to the provisions of section twenty-four-b of this article, the refund shall be paid pursuant to the
provisions of that section. If the overpayment is more than $25,000, a credit in the amount of the overpayment shall be established by the county sheriff and allowed as a credit against taxes owed up to the following two tax years: {
Provided, however, That the county commission may elect to refund the amount of overpayment rather than having a credit established as provided in this section: Provided further, That if any portion of the overpayment remains unused after the date on which taxes payable for the second half of the second tax year following the tax year of the overpayment become delinquent, that portion shall be refunded to taxpayer by the county sheriff no later than thirty days after that date or thirty days from the date that the circuit court order becomes final, whichever date occurs later. Whenever an overpayment is refunded or credited under this section, the county shall pay interest at the rate established in section seventeen and seventeen-a, article ten of this chapter for overpayments of taxes collected by the Tax Commissioner, which interest shall be computed from the date the overpayment was received by the sheriff to the date of the refund check or the date the credit is actually taken against taxes that become due after the order of the court becomes final.

§11-3-32. Effective date of amendments.

Unless specified otherwise in this article, all amendments to this article adopted in the year 2010 shall apply to the assessment years beginning on or after July 1, 2011.

§11-3-33. Rules.

The Tax Commissioner is hereby authorized to promulgate emergency rules and other rules in accordance with the provisions of article three, chapter twenty nine-a of this code as necessary or convenient for administration and interpretation of this article.

(a) All industrial property and natural resources property shall be assessed annually as of the assessment date at sixty percent of its true and actual value.

(b) If required by the Tax Commissioner, all owners or operators of natural resources property, except oil-producing property, natural gas-producing property and managed timberland, shall, on or before May 1 preceding the July 1 assessment date, make a return to the Tax Commissioner and, if requested in writing by the assessor of the county where situated, to the county assessor, at a time and in the form specified by the Tax Commissioner, of all applicable natural resources property owned by them. Tax returns required to be filed pursuant to this section may be filed electronically in the discretion of the Tax Commissioner. The Tax Commissioner may require the filing of all information which would be useful in valuing the property covered by the returns. Upon written application by the taxpayer filed prior to the due date of any return required to be filed by this section, the Tax Commissioner may for reasonable cause
shown grant an extension of no more than one month in the
due date of any return.

(c) If required by the Tax Commissioner, all owners or
operators of industrial property, oil-producing property and
natural gas-producing property, shall, on or before August 1
of the assessment year, make a return to the Tax
Commissioner and, if requested in writing by the assessor of
the county where situated, to the county assessor, at a time
and in the form specified by the Tax Commissioner, of all
industrial property, oil-producing property and natural gas-
producing property, owned by them. Tax returns required to
be filed pursuant to this section may be filed electronically in
the discretion of the Tax Commissioner. The Tax
Commissioner may require the filing of all information which
would be useful in valuing the property covered by the
returns. Upon written application by the taxpayer filed prior
to the due date of any return required to be filed by this
section, the Tax Commissioner may for reasonable cause
shown grant an extension of no more than one month in the
due date of any return.

§11-6K-3. Form and manner of making return; failure to timely make return; penalties.

(a) All returns required to be made to the Tax Commissioner under this article shall be made in conformity with any reasonable requirements of the Tax Commissioner of which the person making the return shall have had notice, and shall be made upon forms prescribed by the Tax Commissioner who is invested with full power and authority to prescribe the forms required from any owner, operator or producer that may be of use to the Tax Commissioner in determining the true and actual value of the properties of the owners, operators or producers.

(b) All returns shall be signed and sworn to by the owner, operator or producer if a natural person, or, if the owner, operator or producer shall be a limited liability company, corporation, partnership, joint venture or other enterprise, shall be signed and sworn to by its president, vice president, secretary or other individual authorized to act on behalf of the taxpayer.

(c) If any owner, operator or producer fails to make a return within the time required by section one of this article, it shall be the duty of the Tax Commissioner to take steps as necessary to compel compliance and to enforce any and all penalties imposed by law for failure to do so.

(d) Any owner, operator or producer, whether a natural person, limited liability company, corporation, partnership, joint venture or other enterprise, willfully failing to make a return within thirty days from the day it is herein required shall be guilty of a misdemeanor and, upon conviction
thereof, fined $100 for each month the failure continues. In addition, any penalties provided in this chapter or elsewhere in this code relating to failure to list any property or to file any return or report for ad valorem taxation purposes may be applied to any owner of property required to make a return pursuant to this section.

§11-6K-4. Review of returns; procuring information for tentative appraisals; tentative appraisals by Tax Commissioner; and notification to taxpayers.

(a) All returns delivered to the Tax Commissioner shall be examined by him or her, and if found insufficient in form or in any respect defective, imperfect or not in compliance with law, he or she shall compel the person delivering the return to make it in proper and sufficient form in all respects as required by law.

(b) If any owner, operator or producer fails to make a required return, the Tax Commissioner shall proceed to obtain the facts and information required to be furnished by the returns.

(c) For the purposes of ascertaining the correctness of any return filed pursuant to this article or of valuing the property of any industrial taxpayer or natural resources property owner or operator, the Tax Commissioner may exercise all of the powers and authority granted to him or her by sections five-a, five-b and five-c, article ten of this chapter.

(d) Using information provided on the returns and all other pertinent evidence, information and data he or she has been able to procure, the Tax Commissioner shall annually value and make tentative appraisals of all industrial property and natural resources property as provided in section ten, article one-c of this chapter.
(e) On or before October 15 of the assessment year, the Tax Commissioner shall complete the preparation of tentative appraisals of all industrial property and natural resources property and shall notify the owner or operator affected thereby of the amount of the tentative appraisals: Provided, That in the case of oil-producing property, natural gas-producing property and managed timberland, the Tax Commissioner shall complete the preparation of tentative appraisals and notify the affected owner or operator by December 1 of the assessment year, and: Provided, however, That no notification shall be required where the total increase in the aggregate amount of the tentative appraisals to the owner or operator affected thereby does not exceed $1,000 and the total tentative appraisals did not increase by more than ten percent from the prior year’s appraisals. Notification may, at the reasonable discretion of the Tax Commissioner, be: (1) By written notice deposited in the United States mail, addressed to the owner or operator at the principal office or place of business of the owner or operator; (2) by electronic notification; or (3) by any other means designed to communicate the tentative appraisal information to the owner or operator in a timely and efficient manner and in a convenient useable form. Any notice required to be provided under this section to an owner or operator shall also be provided by the Tax Commissioner to the assessor of the county in which the property is located. The Tax Commissioner shall retain in his or her office true copies of tentative appraisals and of the underlying work sheets used to compute the tentative appraisals, all of which shall be available for inspection by any owner or operator or his or her duly authorized representative.

§11-6K-5. Informal petition to Tax Commissioner for review of tentative appraisals.

(a) A taxpayer who is of the opinion that the tentative appraisal of its industrial property or natural resources
property, except oil-producing property, natural gas-
producing property and managed timberland, does not reflect
the true and actual value of the property or is otherwise
improperly valued may, after receiving its tentative appraisal
and on or before November 15 of the assessment year,
informally petition the Tax Commissioner requesting a
review of the tentative appraisal. Likewise, an assessor who
is of the opinion that the tentative appraisal of any industrial
property or natural resources property, except oil-producing
property, natural gas-producing property and managed
timberland, located in the county does not reflect the true and
actual value of the property or is otherwise improperly valued
may, after receiving the tentative appraisal and on or before
November 15 of the assessment year, informally petition the
Tax Commissioner requesting a review of the tentative
appraisal. The Tax Commissioner may require the petition
be made on a written form prescribed by the Tax
Commissioner. At the time a petition is filed by a taxpayer
with the Tax Commissioner, the petitioner shall provide a
copy of the petition to the assessor of the county in which the
property is located. At the time a petition is filed by an
assessor with the Tax Commissioner, the petitioner shall
provide a copy of the petition to the taxpayer involved.

(b) At the petitioner’s request, the Tax Commissioner or
his or her representative shall meet with the petitioner or the
petitioner’s representative to discuss the petition at a time and
place designated at least five working days in advance by the
Tax Commissioner after the petition is filed. If the petitioner
is unable to appear and meet with the Tax Commissioner at
the time and place set by the Tax Commissioner, the
petitioner may submit written evidence to support the petition
if it is submitted before the date of the meeting.

(c) The Tax Commissioner shall consider and rule on
each informal petition filed under this section on or before
January 15 of the tax year. If the Tax Commissioner agrees
with the petition he or she shall modify the tentative appraisal accordingly. The Tax Commissioner shall then notify the petitioner and assessor of the county in which the property is located in writing of his or her decision and shall include supporting data that the assessor might need to evaluate the appraisal.

§11-6K-6. Final appraisal of industrial property and natural resources property by Tax Commissioner; appraisals sent to assessors; appeals of Tax Commissioner’s appraisals.

(a) The Tax Commissioner shall finalize the tentative appraisals made pursuant to section four of this article and make his or her final appraisals of industrial property and natural resources property on or before December 15 of the assessment year.

(b) On or before December 15 of the assessment year, the Tax Commissioner shall forward each industrial property and natural resources property appraisal to the county assessor of the county in which that property is located. In so doing, The Tax Commissioner shall identify those appraisals that may still be under review under section five of this article. The assessor shall then multiply each appraisal by sixty percent and include the resulting assessed value in the land book or the personal property book, as appropriate for each tax year. The Tax Commissioner shall supply supporting data that the assessor might need to evaluate the appraisal.

(c) Any taxpayer claiming to be aggrieved by any assessment made pursuant to this article may appeal the assessment as provided under the provisions of article three of this chapter: Provided, That if the assessment exceeds sixty percent of the final appraisal by the Tax Commissioner, the taxpayer may notify the Tax Commissioner in writing of this error, whereupon he or she shall, if the error is
confirmed, instruct the assessor in writing to lower the assessment to sixty percent of the final appraisal. The assessor shall, upon receipt of instruction from the Tax Commissioner, lower the assessment as required.

§11-6K-7. Effective date.

The provisions of this article enacted in the year 2010 shall be effective for the assessment years and the tax years beginning on or after July 1, 2011.

The Tax Commissioner is hereby authorized to promulgate emergency rules and other rules in accordance with the provisions of article three, chapter twenty nine-a of this code as necessary or convenient for administration and interpretation of this article.

CHAPTER 18. EDUCATION.

ARTICLE 9A. PUBLIC SCHOOL SUPPORT.

§18-9A-12. County basic foundation; total basic state aid allowance.

(a) The basic foundation program for each county for the fiscal year shall be the sum of the amounts computed in accordance with the provisions of sections four, five, six, seven, eight, nine and ten of this article. On the first working day of July in each year, the State Board shall determine the basic foundation program for each county for that fiscal year. Data used in the computations relating to net and adjusted enrollment, and the number of professional educators, shall be for the second month of the prior school term. Transportation expenditures used in these computations shall
be for the most recent year in which data are available. The allocated state aid share of the county's basic foundation program shall be the difference between the cost of its basic foundation program and the county's local share as determined in section eleven of this article except as provided in subsection (b) of this section.

(b) The allocated state aid share shall be adjusted in the following circumstances in the following manner: Provided, That prior to such adjustment, the State Tax Commissioner shall provide the State Board, by January 15 of each year, a certified listing of those counties in which such adjustment shall be made pursuant to this subsection, together with the amount of revenue which will not be available to each county board in the ensuing fiscal year as a result of the circumstance:

(1) In those instances where the local share as computed under section eleven of this article is not reflective of local funds available because the county is under a final court order, or a final decision of a board of assessment appeals under section twenty-four-b, article three, chapter eleven of this code, to refund or credit property taxes paid in prior years, the allocated state aid share shall be the county's basic foundation program, minus the local share as computed under section eleven of this article, plus the amount of property tax the county is unable to collect or must refund due to the final court order or final decision of a board of assessment appeals: Provided, That said adjustment shall not be made or shall only be made proportionately when the Legislature fails to fund or funds only in part the public school basic foundation support plan state share at a level sufficient to cover the reduction in state share: Provided, however, That nothing herein provided shall be construed to require or mandate any level of funding by the Legislature.
(2) In those instances where the local share as computed under section eleven of this article is not reflective of local funds available because the county is collecting tax based upon an assessed value which is less than that determined by the Tax Commissioner in the most recent published survey of property valuations in the state due to an error in the published survey, which error is certified to by the Tax Commissioner, the allocated state aid share shall be the county’s basic foundation program, minus the local share as computed under section eleven of this article, plus the amount of property tax the county is unable to collect based on differences in the assessed valuation between those in the most recent published survey of valuation and the corrected assessed value actually levied upon by the county: Provided, That said adjustment shall not be made or shall only be made proportionately when the Legislature fails to fund or funds only in part the public school basic foundation support plan state share at a level sufficient to cover the reduction in state share: Provided, however, That nothing herein provided shall be construed to require or mandate any level of funding by the Legislature.

(3) In instances where a county is unable to collect property taxes from a taxpayer during the pendency of any court proceeding, the allocated state aid share shall be the county’s basic foundation program minus the local share as computed under section eleven of this article, plus the amount the county is unable to collect as a result of the pending court proceedings as certified by the Tax Commissioner: Provided, That the county is required to reimburse the amount of allocated state aid share attributable to the amount of property tax it later receives upon completion of court proceedings, which shall be paid into the General Revenue Fund of the state: Provided, however, That said adjustment shall not be made or shall only be made proportionately when the Legislature fails to fund or funds
only in part the public school basic foundation support plan
state share at a level sufficient to cover the reduction in state
share: Provided further, That nothing herein provided shall
be construed to require or mandate any level of funding by
the Legislature.

(c) The allocated state aid share shall be adjusted in any
county receiving payments or contributions in lieu of
property taxes. In instances where a county receives
payments or contributions in lieu of property taxes, the
allocated state aid share shall be the county's basic
foundation program minus the local share as computed under
section eleven of this article, plus any amounts added
pursuant to subsection (b) of this section minus the payments
or contributions in lieu of property taxes which are
distributed by the sheriff to the county board of education. In
determining the amount of such contribution or payment in
lieu of taxes, each county commission shall provide to the
State Tax Commissioner, by January 1 of each year, the total
amount of such payments or contributions paid to the county
and the proportion of the total amount that has been or will be
distributed to the county board of education. The State Tax
Commissioner then shall provide the State Board, by January
15 of each year, a certified listing of those counties in which
an adjustment pursuant to this section shall be made, together
with the amount of revenue which will be available to each
county board in the ensuing fiscal year as a result of
contribution or payment in lieu of taxes.

(d) Total basic state aid to the county shall be the
computed state share of basic foundation support. After such
computation is completed, the State Board shall immediately
certify to each county board the amount of state aid allocated
to the county for that fiscal year, subject to any qualifying
provisions of this article.
AN ACT to amend and reenact §11-10-5t and §11-10-5z of the Code of West Virginia, 1931, as amended; to amend and reenact §11-13V-7 of said code; and to amend and reenact §11-21-54 and §11-21-74 of said code, all relating to electronic filing of tax returns and electronic funds transfers in payment of taxes; requiring taxpayers with a tax liability of $10,000 or more to file electronically; requiring electronic filing for certain tax preparers and employers; providing exceptions; and providing a $10,000 tax liability threshold amount to require taxpayers to pay by electronic funds transfers.

1 (a) The term "electronic funds transfer" means and includes automated clearinghouse debit, automated clearinghouse credit, wire transfer and any other means recognized by the Tax Commissioner for payment of taxes.

2 (b) The Tax Commissioner may prescribe by emergency rules, administrative notices, forms and instructions, and the procedures and criteria to be followed by certain taxpayers in order to pay taxes by electronic funds transfer methods.

3 (c) The rules shall set forth the following:

7 (4) The dollar amount of tax liability per year which, when exceeded, requires or permits electronic funds transfer. Unless and until a legislative rule is promulgated or this section is amended, no person may be required to pay any tax by electronic funds transfer if the amount owed for the tax during the preceding year was less than $120,000: Provided, That for tax years beginning on or after January 1, 2011, no person may be required to pay any tax by electronic funds transfer if the amount owed for the tax during the preceding tax year was less than $10,000;
(5) What, if any, exceptions are allowable, and alternative methods of payment to be used for any exceptions;

(6) Procedures for making voluntary electronic funds transfer payments;

(7) Any provisions needed to implement the civil penalty created by this section; and

(8) Any other provisions necessary to ensure the timely implementation of electronic funds transfer payments.

(d) In addition to any other additions and penalties which may be applicable, there is a civil penalty for failing or refusing to use an appropriate electronic funds transfer method when required to do so. The amount of this penalty is three percent of the total tax liability which is or was to be paid by electronic funds transfer for any tax for which electronic funds transfer methods are required to be used by the taxpayer.

(e) The provisions of this section are not intended to affect the provisions of other sections of this chapter concerning filing of returns or any other provisions which are not in direct conflict with this section.

(f) The State Treasurer shall adopt any procedures or rules necessary or convenient for implementing electronic funds transfers of tax payments authorized by this section and rules adopted by the Tax Commissioner. The treasurer shall draft any procedures and rules adopted in consultation with the Tax Commissioner and the procedures and rules may not conflict with this section or rules adopted by the Tax Commissioner.

(1) Tax of $50 or less per month. -- If a person’s aggregate annual tax liability under this article and article thirteen-a of this chapter is reasonably expected to be $50 or less per month, no installment payments of tax are required under this section during that taxable year.
(2) Tax of more than $1,000 per month. -- For taxpayers whose aggregate estimated tax liability under this article and article thirteen-a of this chapter exceeds $1,000 per month, the tax is due and payable in monthly installments on or before the last day of the month following the month in which the tax accrued: Provided, That the installment payment otherwise due under this subdivision on or before June 30 each year shall be remitted to the Tax Commissioner on or before June 15 each year. When this subdivision applies, the taxpayer shall, on or before the due date specified in this subdivision, make out an estimate of the tax for which the taxpayer is liable for the preceding month, sign the estimate and mail it together with a remittance, in the form prescribed by the Tax Commissioner, of the amount of tax due to the office of the Tax Commissioner: Provided, however, That the installment payment otherwise due under this paragraph on or before June 30 each year shall be remitted to the Tax Commissioner on or before June 15.

§11-21-74. Filing of employer’s withholding return and payment of withheld taxes; annual reconciliation; e-filing required for certain tax preparers and employer.

Notwithstanding the provisions of this subsection, on and after January 1, 2009, every employer required to deduct and withhold tax under this article shall file a withholding return as prescribed by the Tax Commissioner and pay over to the Tax Commissioner the taxes required to be deducted and withheld. the amount of the tax in the separate account until payment
over to the Tax Commissioner. The notice shall remain in
effect until a notice of cancellation is served by the Tax
Commissioner.

(e) *Accelerated payment.* -- (1) Notwithstanding the
provisions of subsections (a) and (b) of this section, for
calendar years beginning after December 31, 1990, every
employer required to deduct and withhold tax whose average
payment per calendar month for the preceding calendar year

a full calendar year, the total amount the employer was
required to deduct and withhold under subsection (b) of this
section for the prior calendar year shall be divided by the
number of months, including fractions of a month, that it was
in business during the prior calendar year and if that amount
exceeds $100,000, the employer shall remit the tax
attributable to the first fifteen days of June each year on or
before June 23, as provided in subdivision (2) of this subsection.

(4) When an employer required to make an advanced payment of withholding tax under subdivision (1) of this subsection makes out its return for the month of June, which is due on July 20, that employer may claim as a credit against its liability under this article for tax on employee compensation paid or payable for employee services rendered during the month of June the amount of the advanced payment of tax made under subdivision (1) of this subsection.

(f) The amendments to this section enacted in the year 2006 are effective for tax years beginning on or after January 1, 2006.

Be it enacted by the Legislature of West Virginia:

That §11-10-18 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

(a) **Failure to file tax return or pay tax due.** --

1. In the case of failure to file a required return of any tax administered under this article on or before the date prescribed for filing such return (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause and not due to willful
neglect, there shall be added to the amount required to be shown as tax on such return five percent of the amount of such tax if the failure is for not more than one month, an additional five percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five percent in the aggregate:  \textit{Provided}, That this addition to tax shall be imposed only on the net amount of tax due;

(2) In the case of failure to pay the amount shown as tax, on any required return of any tax administered under this article on or before the date prescribed for payment of such tax (determined with regard to any extension of time for payment), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount shown as tax on such return one half of one percent of the amount of such tax if the failure is for not more than one month, with an additional one half of one percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five percent in the aggregate:  \textit{Provided}, That the addition to tax shall be imposed only on the net amount of tax due;

(3) In the case of failure to pay any amount in respect to any tax required to be shown on a return specified in paragraph (1) which is not so shown within fifteen days of the date of notice and demand therefore, unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount of tax stated in such notice and demand one half of one percent of the amount of each tax if the failure is for not more than one month, with an additional one half of one percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty-five percent in the aggregate:  \textit{Provided}, That this addition to tax shall be imposed only on the net amount of tax due.
(b) Limitation and special rule. --

(1) Additions under more than one paragraph:

The burden of proving fraud, willfulness or intent to evade tax shall be upon the Tax Commissioner. In the case of a joint personal income tax return under article twenty-one of this chapter, this subsection shall not apply with respect to the tax of the spouse unless some part of the underpayment is due to the fraud of such spouse.

(e) Additions to tax treated as tax. -- Additions to tax prescribed under this section on any tax shall be assessed, collected and paid in the same manner as taxes.

Notwithstanding any other provisions of this code to the contrary, any certificate of registration granted on or after July 1, 2010, shall not be subject to the foregoing requirement that it be renewed, but shall be permanent until cessation of the business for which the certificate of registration was granted or until it is suspended, revoked or cancelled by the Tax Commissioner. Notwithstanding any provision of this code to the contrary, on or after July 1, 2010, reference to renewal of the business registration certificate shall refer to the issuance of a new business registration certificate pursuant to expiration, cancellation or revocation of a prior business registration certificate or to reinstatement of a business registration certificate or to reinstatement of a business certificate previously suspended by the Tax Commissioner. Subject to the exemptions, exceptions and requirements other than the $4,000 or less gross income exemption, set forth in section three of this article, on or after July 1, 2010, the business registration certificate shall be issued upon payment of a tax of $30 to the Tax Commissioner for new issuances of the business registration certificate or for issuances of the business registration certificate pursuant to expiration, cancellation or revocation of a prior business registration certificate or for reinstatement of a business registration
certificate previously suspended by the Tax Commissioner, along with any applicable delinquent fees, interest, penalties and additions to tax. Subject to the exemptions, exceptions and requirements set forth in section three of this article, the $30 tax shall be paid each and every time there is an issuance, reissuance or reinstatement of a business registration certificate, along with any applicable delinquent fees, interest, penalties and additions to tax: Provided, That the $4,000 or less gross income exemption set forth in subdivision (1), subsection (d), section three of this article does not apply.

(A) The registrant filed an application for a business registration certificate, or an application for renewal thereof, that was false or fraudulent.

(B) The registrant willfully refused or neglected to file a tax return or to report information required by the Tax Commissioner for any tax imposed by or pursuant to this chapter.

(C) The registrant willfully refused or neglected to pay any tax, additions to tax, penalties or interest, or any part thereof, when they became due and payable under this chapter, determined with regard to any authorized extension of time for payment.

(E) The registrant abused the privilege afforded to it by article fifteen or fifteen-a of this chapter to be exempt from payment of the taxes imposed by such articles on some or all of the registrant’s purchases for use in business upon issuing to the vendor a properly executed exemption certificate, by failing to timely pay use tax on taxable purchase for use in business or by failing to either pay the tax or give a properly executed exemption certificate to the vendor.

(F) The registrant has failed to pay in full delinquent personal property taxes owing for the calendar year.

(2) On or after July 1, 2010, a prospective registrant or a former registrant for which a business registration certificate has been suspended, cancelled or revoked pursuant to the provisions of this article may apply for a new business registration certificate or for reinstatement of a suspended business registration certificate upon payment of all outstanding delinquent fees, taxes, interest, additions to tax and penalties, in addition to payment to the Tax Commissioner of a penalty in the amount of $100. The Tax Commissioner may issue a new business registration certificate or reinstate a suspended business registration certificate if the prospective or former registrant has provided security acceptable to and authorized by the Tax Commissioner, payable to the Tax Commissioner, sufficient to secure all delinquent fees, taxes, interest, additions to tax and penalties owed by the prospective registrant. The Tax Commissioner may issue a new business registration certificate or reinstate a suspended business registration certificate if the prospective or former registrant has entered into a payment plan approved by the Tax Commissioner by which liability for all delinquent fees, taxes, interest,

The rules shall at a minimum establish any additional requirements for the provision of notice deemed necessary by the Tax Commissioner to meet requirements of law; establish protocols for the communication and verification of information exchanged between the Tax Commissioner, sheriffs and others; and establish fees to be assessed against delinquent taxpayers that shall be deposited into a special fund which is hereby created and expended for general tax administration by the Tax Division of the Department of Revenue and for operation of the Tax Division. Upon authorization of the Legislature, the rules shall have the same force and effect as if set forth herein. No provision of this subdivision may be construed to restrict in any manner the authority of the Tax Commissioner to suspend such certificates for failure to pay delinquent personal property taxes under paragraph (C) or (F), subdivision (1) of this section or under any other provision of this code prior to the authorization of the rules.

(c) Refusal to renew. -- The Tax Commissioner may refuse to issue or renew a business registration certificate if the registrant is delinquent in the payment of any tax
administered by the Tax Commissioner under article ten of this chapter or the corporate license tax imposed by article twelve-c of this chapter, until the registrant pays in full all the delinquent taxes including interest and applicable additions to tax and penalties. In his or her discretion and upon terms as he or she specifies, the Tax Commissioner may enter into an installment payment agreement with the taxpayer in lieu of the complete payment. Failure of the taxpayer to fully comply with the terms of the installment payment agreement shall render the amount remaining due thereunder immediately due and payable and the Tax Commissioner may suspend or cancel the business registration certificate in the manner provided in this section.

(d) Refusal to renew due to delinquent personal property tax. -- The Tax Commissioner shall refuse to issue or renew a business registration certificate when informed in writing, signed by the county sheriff, that personal property owned by the applicant and used in conjunction with the business activity of the applicant is subject to delinquent property taxes. The Tax Commissioner shall forthwith notify the applicant that the commissioner will not act upon the application until information is provided evidencing that the taxes due are either exonerated or paid.

(e) Refusal to issue, revocation, suspension and refusal to renew business registration certificate of alter ego, nominee or instrumentality of a business that has previously been the subject of a lawful refusal to issue, revocation, suspension or refuse to renew. --

(1) The Tax Commissioner may refuse to issue a business registration certificate, or may revoke a business registration certificate or may suspend a business registration certificate or may refuse to renew a business registration certificate for any business determined by the Tax Commissioner to be an
alter ego, nominee or instrumentality of a business that has previously been the subject of a lawful refusal to issue a business registration certificate or of a lawful revocation, suspension or refusal to renew a business registration certificate pursuant to this section, and for which the business registration certificate has not been lawfully reinstated or reissued.

(2) For purposes of this section, a business is presumed to be an alter ego, nominee or instrumentality of another business or other businesses if:

§11-13AA-4. Tax incentive for developing patents in this state.

(a) Allowance of credit. -- A person engaging in this state in developing patents for direct use in a manufacturing process or product and who has an agreement, as defined in section three of this article, with Marshall University or West Virginia University is allowed a credit, when computing the person’s liability for business franchise tax imposed by article twenty-three of this chapter and corporation net income tax imposed by article twenty-four of this chapter, in the amount allowed under subsection (b) of this section. When the developer is a sole proprietor or a pass-through entity, that amount of the credit remaining after first applying it against the tax liability under article twenty-three of this chapter for the taxable year is allowed when computing the tax imposed by article twenty-one of this chapter on income from the person’s business activity.
Amount of credit. -- The amount of credit allowed under this section is equal to twenty percent of the royalties, license fees or other consideration received by the developer during the taxable year from the sale, lease or licensing of a patent developed in this state for direct use in a manufacturing process or product by the person in taxable years beginning on or after January 1, 2011: Provided, That the amount of credit allowed under this section is thirty percent, rather than twenty percent, when the person reinvests at least eighty percent of the amount of the credit claimed for the taxable year in depreciable property purchased for purposes of developing additional patents in this state in taxable years beginning on or after January 1, 2011, or improving upon a patent developed in this state or contributing to a stipend to retain a graduate or post-doctoral student in this state integral to the development of the patents or related technology in taxable years beginning on or after January 1, 2011, during the next taxable year of the person, and the person has an agreement, as defined in section three of this article, for the development of a patent.

(1) No credit is allowed under this section for royalties, rents, license fees or other consideration received by the developer of the patent for a patent developed outside this state, except as provided in subdivision (2) of this subsection;

(2) When the person developed the patent for direct use in a manufacturing process or product through that person’s activity in this state and through that person’s activity in one or more other states, the consideration received by the developer during the taxable year from the sale, lease or license of the patent developed through multistate activity of
the developer is multiplied by a fraction, the numerator of
which is the direct costs of developing the patent in this state
and the denominator of which is the total direct costs of
developing the patent. The product of this computation
establishes the consideration to be used in subsection (b) of
this section;

(3) If a person receives a portion of a royalty that would
be eligible for a tax credit under this section because of a
business association, licensing agreement or otherwise, the
person may receive the tax credit allowable to the portion of
royalties that person receives;

(4) Unused credit may be carried forward until used for
a period of nine consecutive years after the taxable year in
which the credit allowed by this section accrues to the
person. When the person is an owner of a pass-through
entity, credit accrues to the owner when it accrues to the
pass-through entity;

(5) No credit is allowed under this section for
consideration received by the developer for patents
developed for direct use in a manufacturing process or
product before the taxable year beginning January 1, 2011.

direct use in a manufacturing process or product before
January 1, 2011, if before that date it was sold, leased or
licensed to a third party prior to January 1, 2011, or before
that day it was reduced to practice for purely commercial
purposes by the developer or a person related to the
developer, as defined in subsection (b), Section 267 of the
Internal Revenue Code of 1986, as amended, and as defined
in section nine, article twenty-one of this chapter or section
three, article twenty-four of this chapter; and

(6) No credit is allowed under this section beginning with
the eleventh taxable year after the patent was first directly
used in a manufacturing process or product.
(d) Application of credit. -- The amount of the credit computed under this section is allowed as a credit against tax as provided in this subsection, but the credit may not reduce the tax below zero.

(1) Business franchise tax. -- The amount of the allowable credit shall first be taken as a credit against the tax liability of the developer for the taxable year under article twenty-three of this chapter.

(2) Corporation net income tax. -- The amount of the allowable credit remaining, if any, after first applying the credit against the tax imposed by article twenty-three of this chapter shall then be taken as a credit when computing the liability of the developer for the taxable year under article twenty-four of this chapter.

(3) Personal income tax on business income. --

(A) When the developer is a sole proprietor, the amount of the allowable credit is taken as a credit when computing the liability of the developer for the taxable year on business income under article twenty-one of this chapter.

§11-13AA-5. Tax credit for use of a patent in a manufacturing process or product in this state that was developed in this state.

(a) Allowance of credit. -- A person directly using a patent developed in this state in a manufacturing process or product in this state is allowed a credit against the person's liability for business franchise tax imposed by article twenty-three of this chapter and corporation net income tax imposed by article twenty-four of this chapter, the amount computed under subsection (b) of this section. When the user of a patent is a sole proprietor or a pass-through entity, that amount of credit allowed against income taxes shall be against the tax imposed by article twenty-one of this chapter.

(b) Amount of credit. -- The amount of credit allowed under this section is equal to twenty percent of the net profit attributable to the patent: Provided, That the amount of credit allowed under this section is equal to thirty percent of the net profit attributable to the patent when the person claiming the credit reinvests in capital improvements to add product lines to or increase productivity in this state during the next taxable year an amount equal to at least eighty percent of the tax credit amount used for the taxable year.

(c) Rules for application of credit. -- The amount of credit computed under this section is allowed in accordance with the following rules and applied as provided in subsection (d) of this section:

(1) The credit allowed by this section is applied after all other credits allowed by this chapter have been applied against the person's business franchise tax and West Virginia income tax liabilities for the taxable year under this chapter;

(2) Unused credit may be carried forward until used for a period of nine consecutive years after the taxable year in
which the credit allowed by this section accrues to the
person. When the person is an owner of a pass-through
entity, credit accrues to the owner when it accrues to the
pass-through entity;

(3) Any credit not used within the ten-year period
described in subdivision (2) of this subsection is forfeited
beginning with the eleventh taxable year after the taxable
year in which the credit accrued to the person;

(4) No credit is allowed under this section for using a
patent in this state when the person began using the patent
before January 1, 2011;

(5) No credit is allowed under this section for using a
patent in this state for which the taxpayer is allowed credit
under another article of this chapter.

(d) Application of credit. -- The amount of the credit
computed under this section is allowed as a credit against tax
as provided in this subsection, but the credit may not reduce
the tax below zero.

(1) Business franchise tax. -- The amount of the allowable
credit shall first be taken as a credit against the tax liability of
the person allowed the credit for the taxable year under
article twenty-three of this chapter.

(2) Corporation net income tax. -- The amount of the
allowable credit remaining, if any, after first applying the
credit against the tax imposed by article twenty-three of this
chapter shall then be taken as a credit when computing the
liability of the corporation for the taxable year under article
twenty-four of this chapter.

(3) Personal income tax on business income. --
(A) When the person allowed the credit is a sole proprietor, the amount of the allowable credit is taken as a credit when computing the liability of the person allowed the credit for the taxable year on business income under article twenty-one of this chapter.

(B) When the person allowed the credit is a pass-through entity, the amount of allowable credit remaining, if any, after first applying the credit against the tax imposed by article twenty-three of this chapter for the taxable year is allowed as a credit against the tax imposed for the taxable year on the West Virginia source income of the pass-through entity under article twenty-one of this chapter and the amount of the credit is distributed to the owners of the pass-through entity in the same manner as items of partnership income, gain loss or deduction are distributed or allocated for the taxable year.

§11-13AA-6. Transfer of credit to successors.

(a) Mere change in form of business. -- A patent may not be treated as disposed of by reason of a mere change in the form of conducting the business as long as the patent is retained and directly used in a manufacturing process or product in this state and the person that developed the patent retains a controlling interest in the successor business. In this event, the successor business is allowed to claim the amount of credit still available with respect to the patent transferred to a successor.

(b) Transfer or sale to successor. -- A patent may not be treated as disposed of under this article by reason of any transfer or sale to a successor business which continues to directly use the patent in a manufacturing process or product in this state. Upon transfer or sale, the successor acquires the amount of credit or deduction that remains available under this article for each subsequent taxable year.

(a) Required records. -- Every developer of a patent in this state for direct use in a manufacturing process or product and every person who uses a patent directly in a manufacturing process or product in this state who claims a credit under this article shall maintain sufficient records to establish the following facts for each item of a patent for which a credit is allowed under this article:

1. (1) Its identity;

3. (3) The month and taxable year in which the patent was first used, placed in service or directly used in the person’s manufacturing process or product in this state;
4. (4) The amount of credit taken; and
5. (5) The date the patent was disposed of or otherwise ceased to be directly used in the person’s manufacturing process or product in this state.

(b) Enhanced deduction of credit. -- Any person who claims the enhanced credit under section four or five of this article shall maintain sufficient records to clearly establish entitlement to claim the amount of the enhanced credit. At a minimum those records shall identify:

1. (1) Each and every item of depreciable property purchased for purposes of claiming the enhanced credit;
2. (2) The date the depreciable property identified in subdivision (1) of this subsection was purchased, its cost and its estimated useful life determined using strait-line method of depreciation;
(3) The date the depreciable property identified in subdivision (1) of this subsection was placed in service or used in the person’s business activity in this state;

(4) The date the depreciable property identified in subdivision (1) of this subsection was taken out of service or use in the person’s business activity in this state and the reason why the property was taken out of service or use; and

(5) Other information that the Tax Commissioner may reasonably require by rule promulgated as provided in section eleven of this article.

(c) New jobs. -- Every person who claims a credit under this article shall also maintain sufficient records to establish the number and types of new jobs, if any created, the wages and benefits paid to employees filling the new jobs and the duration of each job.

(d) Exception. -- This section does not apply to an owner of a pass-through entity that develops or uses a patent for which a credit is allowed under this article.

§11-13AA-8. Failure to keep records of a patent for which credit allowed.

A person who does not keep the records required for identification of a patent for which a credit would be allowable under this article is subject to the following rules:

(1) A person is treated as having disposed of, during the taxable year, any patent for which a credit was allowed under this article which the taxpayer cannot establish is still being directly used in the person’s manufacturing process or product in this state at the end of that year.
(2) If a person cannot establish when a patent was placed in service in direct use in the person's manufacturing process or product in this state, no credit is allowed under this article.

§11-13AA-9. Tax credit review and accountability.

(a) Beginning on February 1, 2013, and continuing annually on February 1, the Tax Commissioner shall submit to the Governor, the President of the Senate and the Speaker of the House of Delegates a tax credit review and accountability report evaluating the cost effectiveness of the credits allowed under this article during the most recent year for which information is available. The criteria to be evaluated include, but are not limited to, for each year:

(1) The number of taxpayers claiming the credit;

(2) The net number, type and duration of new jobs created by all taxpayers claiming the credit and the wages and benefits paid;

(3) The cost of the credit;

(4) The cost of the credit per new job created; and

(5) A comparison of employment trends for the industry and for taxpayers within the industry that claim the credit or deduction; and

(b) Taxpayers claiming the credit shall provide information that the Tax Commissioner requires to prepare the report required by this section. The information is subject to the confidentiality and disclosure provisions of sections five-d and five-s, article ten of this chapter.

The Tax Commissioner shall adopt procedural and interpretive rules or propose legislative rules for legislative approval, as appropriate, in the manner prescribed in article three, chapter twenty-nine-a of this code, that the Tax Commissioner considers necessary to administer this article.

§11-13AA-11. Interpretation and construction.

(a) No inference, implication or presumption of legislative construction or intent may be drawn or made by reason of the location or grouping of any particular section, provision or portion of this article; and no legal effect may be given to any descriptive matter or heading relating to any section, subsection or paragraph of this article.

(b) The provisions of this article shall be reasonably construed in order to effectuate the legislative intent recited in section two of this article.

§11-13AA-12. Effective date.

The provisions of this article become effective on July 1, 2011, and apply only to a patent developed in this state after the taxable years beginning on or after January 1, 2011, and to a patent purchased, leased or licensed for use after that date for direct use in the taxpayer’s manufacturing process or product in this state.

The Tax Commissioner may not allow any credit for a patent developed or purchased leased or licensed after December 31, 2016, unless this credit is sooner terminated or continued by the Legislature. Termination of the credit allowed by this article, as provided in this section, does not adversely affect the ability of a taxpayer to claim the benefit of any credit accruing under this article prior to January 1, 2016.
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §11-13B-19, relating to requiring a study of the telecommunications tax; authorizing the Tax Commissioner to order the disclosure of certain information; exempting certain information received by the Tax Commissioner from the West Virginia Freedom of Information Act; prohibiting the disclosure of certain information received by the Tax Commissioner; providing for criminal and civil penalties; defining terms; and authorizing the Tax Commissioner to promulgate rules and emergency rules.

ARTICLE 13B. TELECOMMUNICATIONS TAX.

(a) Findings and purpose. -- The Legislature finds that the tax imposed by this article fails to account for modern business models, operational structures, technologies and fundamental economics of the business of telecommunications. The Legislature further finds that the tax imposed under this article should be amended to provide for a reasonable, fair and efficient tax that inures to the benefit and general welfare of West Virginia. Therefore, it is the purpose of this section to require a study of telecommunications services relative to the imposition of a telecommunications tax, to provide the Tax Commissioner with plenary authority to order the disclosure of financial information and other data necessary to undertake the study and to provide for the confidentiality of financial information and other data disclosed as part of the study.

(b) Telecommunications tax study. -- The Tax Commissioner shall study the business of telecommunications service and related businesses and shall file a report with the Governor and the Legislature on or before July 1, 2011. The report shall recommend amendments to the tax imposed under this article or any other tax pertaining to telecommunications service and shall include recommended legislation. The Tax Commissioner in his report shall examine the feasibility and fiscal implications on affected governmental entities or political subdivisions of a single uniform statewide telecommunications service tax or, alternatively, imposition of the sales and use tax on the retail sale of telecommunications services as a replacement for, or in addition to, other taxes and fees on telecommunications service. The Tax Commissioner may include this study as part of the findings and recommendations of the Governor’s Tax Modernization Project and may cooperate with persons engaged in the Governor’s Tax Modernization Project to further the purposes of this study. Any consultant under
contract with the Tax Commissioner who assists in conducting this study is “an agent of this state” for the purposes of section five-d, article ten of this chapter and is subject to the requirements of that section and subsection (e) of this section: Provided, That witnesses, experts, government officials, consultants and industry representatives who provide data, information or statistics to the Tax Commissioner or others engaged in the study mandated by this section shall not be treated as being subject to the confidentiality restrictions of section five-d, article ten of this chapter and shall not be treated as subject to the confidentiality requirements of subsection (e) of this section, solely by reason of having provided information to the study. For purposes of this study, the Tax Commissioner may seek and examine the information, data, records and testimony of: Experts in the fields of law, economics and taxation; representatives of state, county, local and municipal governmental subdivisions of this state and other states of the United States; persons and entities engaged in telecommunications services businesses; persons knowledgeable about the telecommunications industry, taxation of the telecommunications industry and the economics of the telecommunications industry; and any other person or entity that may have information relevant to the study mandated by this section.

(c) Definitions. -- As used in this section:

(1) “Person” means any individual, firm, partnership, limited partnership, company, copartnership, joint venture, association, corporation, organization or entity, whether private or public.

(2) “Telecommunications service” when used in this article shall have the same meaning as that term is defined in the Streamlined Sales and Use Tax Administration Act in article fifteen-b of this chapter.
(d) Disclosure of financial information and other data. --

(1) Notwithstanding any provision of this code to the contrary, the Tax Commissioner may, for the purpose of conducting the study required by this section, order the disclosure of financial information and other data in the possession of any person or entity that may have information relevant to the study mandated by this section, including, but not limited to, government entities and persons or entities engaged in a telecommunications service business in this state or a related business. The disclosures shall be on forms prescribed by the Tax Commissioner and shall be completed and filed pursuant to instructions provided by the Tax Commissioner.

(2) Any person failing to comply with an order of disclosure within ninety days of receipt of the initial written order of disclosure, which order may be in the form of a letter or other written order, or in the form of a subpoena or subpoena duces tecum, shall be subject to a penalty, collectible as provided in article ten of this chapter. The amount of the penalties shall be an initial penalty of $25,000 which shall be imposed upon the passage of the first ninety days subsequent to receipt of such written order of disclosure during which the failure to comply occurs and an additional penalty of $1,000 per day for each day after the first ninety days during which the failure to comply continues. The count of days for purposes of this penalty shall not cease by reason of the completion of the study or by reason of the completion and issuance of the study report, but shall continue in perpetuity until such time as the information which was the subject of the order is disclosed in full to the Tax Commissioner or until the Tax Commissioner issues a written order for cessation of the count of Days. The Tax Commissioner may issue a written order for cessation of the count of days, for purposes of this penalty, no earlier than the date on which the study report mandated by this section has
been completed and issued by the Tax Commissioner. In the case of information which has been the subject of a subpoena or subpoena duces tecum, the $25,000 initial penalty and the $1,000 per day penalty imposed by this section shall be in addition to all applicable civil and criminal penalties lawfully imposed for failure to comply with a subpoena or subpoena duces tecum. The Tax Commissioner may waive all or any part of such penalty for good cause shown.

(3) The Tax Commissioner, or his or her designee, may issue subpoenas and subpoenas duces tecum, in the manner prescribed in and subject to the requirements of section five-b, article ten of this chapter, to enforce the disclosure requirements of this section. Failure to comply with any such subpoena or subpoena duces tecum shall be subject to all applicable civil and criminal penalties lawfully imposed for failure to comply with a subpoena or subpoena duces tecum.

(e) Confidentiality. --

(1) Financial information and other data disclosed to the Tax Commissioner under the provisions of this section shall be considered confidential and exempt from article one, chapter twenty-nine-b of this code.

(2) Any information disclosed to the Tax Commissioner pursuant to the requirements of this section shall have all of the confidentiality protections given to a "return" under section five-d of article ten of this Chapter and any disclosure not authorized by that section, or this section, shall be subject to all of the penalties provided for unlawful disclosure of a "return". Notwithstanding any provision of this code to the contrary, the Tax Commissioner may share financial information and other data disclosed under this section with any consultant under contract with the Tax Commissioner to assist in conducting the study. It is unlawful for the Tax Commissioner or any person conducting the study, including
any consultant under contract with the Tax Commissioner to assist in conducting the study, to disclose to any person not conducting the study any financial information or other data disclosed under this section. Such disclosure shall be a violation of the tax information confidentiality provisions of section five-d, article ten of this chapter.

(3) Nothing in this section may be construed as prohibiting the publication or release of statistics so classified as to prevent the identification of a particular person or entity.

(f) Rules authorized. -- The Tax Commissioner may promulgate rules, including emergency rules, to implement the provisions of this section. For the purposes of article three, chapter twenty-nine-a of this code, a sufficient emergency exists to justify the promulgation of the emergency rules.

ARTICLE 15B. SALES AND USE TAX ADMINISTRATION.

§11-15B-17. Direct mail sourcing.
§11-15B-32. Effective date.

(a) General. -- When used in this article and articles fifteen and fifteen-a of this chapter, words defined in subsection (b) of this section shall have the meanings ascribed to them in this section, except where a different meaning is distinctly expressed or the context in which the term is used clearly indicates that a different meaning is intended by the Legislature.

(b) Terms defined. --
(1) "Agent" means a person appointed by a seller to represent the seller before the member states.

(2) "Agreement" means the Streamlined Sales and Use Tax Agreement as defined in section two-a of this article.

(3) "Alcoholic beverages" means beverages that are suitable for human consumption and contain one half of one percent or more of alcohol by volume.

(4) "Bundled transaction" means the retail sale of two or more products, except real property and services to real property, where: (i) The products are otherwise distinct and identifiable; and (ii) the products are sold for one nonitemized price. A "bundled transaction" does not include the sale of any products in which the "sales price" varies, or is negotiable, based on the selection by the purchaser of the products included in the transaction.

(A) "Distinct and identifiable products" does not include:

(i) Packaging such as containers, boxes, sacks, bags and bottles or other materials such as wrapping, labels, tags and instruction guides that accompany the "retail sale" of the products and are incidental or immaterial to the "retail sale" thereof. Examples of packaging that are incidental or immaterial include grocery sacks, shoe boxes, dry cleaning garment bags and express delivery envelopes and boxes;

(ii) A product provided free of charge with the required purchase of another product. A product is "provided free of charge" if the "sales price" of the product purchased does not vary depending on the inclusion of the product "provided free of charge"; or

(iii) Items included in the member state's definition of "sales price" as defined in this section.
The term “one nonitemized price” does not include a price that is separately identified by product on binding sales or other supporting sales-related documentation made available to the customer in paper or electronic form including, but not limited to, an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card or price list.

A transaction that otherwise meets the definition of a “bundled transaction”, as defined in this subdivision, is not a “bundled transaction” if it is:

(i) The “retail sale” of tangible personal property and a service where the tangible personal property is essential to the use of the service and is provided exclusively in connection with the service and the true object of the transaction is the service; or

(ii) The “retail sale” of services where one service is provided that is essential to the use or receipt of a second service and the first service is provided exclusively in connection with the second service and the true object of the transaction is the second service; or

(iii) A transaction that includes taxable products and nontaxable products and the “purchase price” or “sales price” of the taxable products is de minimis;

“I” “De minimis” means the seller’s “purchase price” or “sales price” of the taxable products is ten percent or less of the total “purchase price” or “sales price” of the bundled products;

(II) Sellers shall use either the “purchase price” or the “sales price” of the products to determine if the taxable products are de minimis. Sellers may not use a combination
of the “purchase price” and “sales price” of the products to
determine if the taxable products are de minimis;

(III) Sellers shall use the full term of a service contract to
determine if the taxable products are de minimis; or

(iv) A transaction that includes products taxable at the

(B) An Agreement certificate of exemption claiming “direct mail” (or other written statement approved, authorized or accepted by this state).

(3) If the purchaser provides the permit, certificate or statement referred to in paragraph (A) or (B) of subdivision (2) of this subsection, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction involving “other direct mail” to which the permit, certificate or statement apply. Notwithstanding subdivision (1) subsection (b) of this section, the sale shall be sourced to the jurisdictions to which the “other direct mail”

Other direct mail does not include the development of billing information or the provision of any data processing service that is more than incidental.

(d) This section applies to a transaction characterized under state law as the sale of services only if the service is an integral part of the production and distribution of printed material that meets the definition of "direct mail."

(e) This section does not apply to any transaction that includes the development of billing information or the provision of any data processing service that is more than incidental regardless of whether "advertising and promotional direct mail" is included in the same mailing.

(1) If a transaction is a "bundled transaction" that includes "advertising and promotional direct mail," this section applies only if the primary purpose of the transaction is the sale of products or services that meet the definition of "advertising and promotional direct mail."

(2) Nothing in this section shall limit any purchaser's:

(A) Obligation for sales or use tax to any state to which the direct mail is delivered,

(B) Right under local, state, federal or Constitutional law, to a credit for sales or use taxes legally due and paid to other jurisdictions, or

(C) Right to a refund of sales or use taxes overpaid to any jurisdiction.

(f) This section applies for purposes of uniformly sourcing "direct mail" transactions and does not impose requirements on states regarding the taxation of products that

(b) Due date of return. -- This return shall be due on the twentieth day of the month following the month in which the transaction subject to tax occurred.

(c) Additional information returns. -- The Tax Commissioner shall make available to all sellers, except sellers of products qualifying for exclusion from the provisions of the agreement, a simplified return that is filed electronically.

(d) The Tax Commissioner may not require a seller which has indicated at the time of registration that it anticipates making no sales which would be sourced to this state to file a return, except that the seller shall lose the exemption upon making any taxable sales into this state and shall file a return in the month following any sale.

(e) After January 1, 2010, the Tax Commissioner shall give notice to a seller, which has no legal requirement to register in this state, of a failure to file a required return and a minimum of thirty days to file thereafter prior to establishing a liability amount for taxes based solely on the seller’s failure to timely file a return: Provided, That the Tax Commissioner may establish a liability amount of taxes based solely on the seller’s failure to timely file a return if such seller has a history of nonfiling or late filing.
(f) Nothing in this section shall prohibit the Tax Commissioner from allowing additional return options or the filing of returns less frequently.

(a) General. -- Only one remittance is required for each return except as provided in this section.

(b) When electronic remittance required. --

(1) All remittances from sellers under Models I, II and III shall be remitted electronically after December 31, 2003.

(2) All remittances in payment of taxes reported on the approved simplified return format shall be remitted electronically.

(c) Method of remittance. -- Electronic payments shall be made using either the ACH credit or ACH debit method.

(d) Alternative method. -- The Tax Commissioner shall provide by rule, which may be an existing rule, an alternative method for making “same day” payments if an electronic funds transfer fails.

(e) Format of data accompanying remittance. -- Any data that accompanies a remittance shall be formatted using uniform tax type and payment type codes approved by the governing board.

estate at the tax sale or receive any tax deed conveying the
real estate. Any officer purchasing a tax lien shall forfeit
$1,000 for each offense. The sale of a tax lien on any real
estate, or the conveyance of the real estate by tax deed, to one
of the officers named in this section is voidable, at the
instance of any person having the right to redeem, until the
real estate reaches the hands of a bona fide purchaser.

(b) Any coowner, except a coparcener, in the absence of
satisfactory proof of a fiduciary relationship, is entitled to
acquire by tax purchase for his or her own account the tax
lien on the interest of any, or all, of his or her coowners in

or interests under any constructive trust. There shall be a
prima facie presumption against the existence of any
constructive trust.

§11A-3-8. Certification of sold and unsold property to the
Auditor.

(a) If no person present bids the amount of taxes, interest
and charges due on any real estate offered for sale, the sheriff
shall certify the real estate to the Auditor for disposition
pursuant to section forty-four of this article, subject,
however, to the right of redemption provided by section
thirty-eight of this article. The Auditor shall prescribe the
form by which the sheriff certifies the property.

(b) If the highest bidder present at the sale, as provided
in section five of this article, bids and pays, at a minimum,
the amount of taxes, interest and charges for which the tax
lien on any real estate is offered, the sheriff shall certify the
real estate to the State Auditor for disposition pursuant to
section fourteen of this article.

§11A-3-9. Sheriff's list of sales, suspensions, redemptions and
certifications; oath.
(a) As soon as the sale provided in section five of this article has been completed, the sheriff shall prepare a list of all tax liens on delinquent real estate purchased at the sale, or suspended from sale, or redeemed before sale, or certified to the Auditor. The heading of the list shall be in form or effect as follows:

List of sales of tax liens on real estate in the county of , returned delinquent for nonpayment of taxes thereon for the year (or years) 20 , and sold in the month (or months) of , 20 , or suspended from sale, or redeemed before sale, or certified to the Auditor.

(b) The sheriff shall, at the foot of the list, subscribe an oath, which shall be subscribed before and certified by some person duly authorized to administer oaths, in form or effect as follows:

I, , sheriff (or deputy sheriff or collector) of the county of , do swear that the above list contains a true account of all the tax liens on real estate within my county returned delinquent for nonpayment of taxes thereon for the year (or years) 20 , which were sold by me or which were suspended from sale or redeemed before sale or certified to the Auditor, and that I am not now, nor have I at any time been, directly or indirectly interested in the purchase of any such tax liens.

(c) Except for the heading and the oath, the State Auditor shall prescribe the form of the list.

§11A-3-11. Return of list of sales, suspensions and redemptions.

(a) Within one month after completion of the sale, the sheriff shall deliver the original list of sales, suspensions and
redemptions described in section nine of this article, with a
copy thereof, to the clerk of the county commission. The
clerk shall bind the original of such list in a permanent book
to be kept for the purpose in his or her office. The clerk,
within ten days after delivery of the list to him or her, shall
transmit the copy to the State Auditor, who shall note each
sale, suspension, redemption and certification on the record
of delinquent lands kept in his or her office.

(b) Any sheriff who fails to prepare and return the list of
sales, suspensions, redemptions and certifications within the
time required by this section shall forfeit not less than $50
nor more than $500, for the benefit of the general school
fund, to be recovered by the State Auditor or by any taxpayer
of the county on motion in a court of competent jurisdiction.
Upon the petition of any person interested, the sheriff may be
compelled by mandamus to make out and return the list and
the proceedings thereon shall be at his or her cost.

§11A-3-14. Purchase by individual at tax sale; certificate of
sale.

(a) If the highest bidder present at the sale provided in
section five of this article, bids and pays at least the amount
of taxes, interest and charges for which the tax lien on any
real estate is offered for sale, the sheriff shall issue to him or
her a certificate of sale for the purchase money, retain the
original certificate for his or her file and forward a copy to
the State Auditor, except the sheriff shall require payment of
any subsequent taxes due at the time of the sale before a
certificate of sale is issued. The heading of the certificate
shall be:

Memorandum of tax lien on real estate sold in the county of
________________________________ on this________________ day of
______________________________, 20__, for the nonpayment of
taxes charged thereon for the year (or years) 20__. 
(b) Except for the heading, the State Auditor shall prescribe the form of the receipt.

(c) The certificate of sale shall describe the real estate subject to the tax lien that was sold, the total amount of all taxes, interest, penalties and costs paid for each lot or tract and the rate of interest to which the purchaser is entitled upon redemption. The certificate shall also set forth columns for the entry of subsequent years taxes paid and costs required by the sheriff to be paid on the date of the sale and for the entry of subsequent taxes and costs paid. For each certificate delivered, the purchaser shall pay a fee of $10 and that amount shall be included in the costs described in the certificate.

(d) The State Auditor shall send a notice of the requirements to secure a deed to the purchaser, or an assignee, by first-class mail. The notice shall be mailed to the last known address of each person who received a certificate of sale from the sheriff and shall be mailed between May 1 and September 1 of the year following the sheriff’s sale: Provided, That when a person purchased more than one parcel of real property upon which a certificate of sale was issued, the State Auditor may, at his or her option, prepare and mail separate notices for each purchase to the purchaser or may prepare and mail a single notice of all purchases made by the purchaser. In no event shall failure to receive the notice by the purchaser, or the assignee, affect the procedures required by section nineteen of this article.

The certificate of sale shall be assignable by endorsement, and an assignment of the certificate, recorded with the clerk of the county commission, vests in the assignee or his or her legal representative all the right and title of the original purchaser. The recording fee for an assignment of a certificate of sale is $10.
§11A-3-16. Subsequent tax payments by purchaser.

Any person who has paid any subsequent taxes, other than the subsequent taxes paid on the date of the sale as provided in section fourteen of this article, on lands for which he or she holds the certificate of sale described in section fourteen or fifteen of this article shall produce the certificate and copies of paid tax receipts to the State Auditor, who shall endorse the amount of the subsequent taxes and the date of payment of the taxes in his or her records upon the payment to the State Auditor of a fee for the endorsement in the amount of $10.

§11A-3-18. Limitations on tax certificates.

(a) No lien upon real property evidenced by a tax certificate of sale issued by a sheriff on account of any delinquent property taxes may remain a lien on the real property for a period longer than eighteen months after the original issuance of the tax certificate of sale.

(b) All rights of a purchaser shall be considered forfeited and expired and no tax deed is to be issued on any tax sale evidenced by a tax certificate of sale where the certificate has ceased to be a lien pursuant to the provisions of this section and application for the tax deed, pursuant to the provisions of section twenty-seven of this article, is not pending at the time of the expiration of the limitation period provided in this section.

(c) Whenever a lien evidenced by a tax certificate of sale has expired by reason of the provisions of this section, the State Auditor shall immediately issue and record a certificate of cancellation describing the real estate included in the certificate of purchase or tax certificate and giving the date of cancellation and the State Auditor shall also make proper entries in his or her records. The State Auditor shall also
present a copy of every certificate of cancellation to the
sheriff who shall enter it in the sheriff's records and the
certificate and the record are prima facie evidence of the
cancellation of the certificate of sale and of the release of the
lien of the certificate on the lands described in the certificate.
Failure to record the certificate of cancellation does not
extend the lien evidenced by the certificate of sale. The
sheriff and State Auditor are not entitled to any fees for the
issuing of the certificate of cancellation nor for the entries in
their books made under the provisions of this subsection.

§11A-3-19. What purchaser must do before the deed can be
secured.

(a) At any time after October 31 of the year following the
sheriff's sale, and on or before December 31 of the same
year, the purchaser, his or her heirs or assigns, in order to
secure a deed for the real estate subject to the tax lien or liens
purchased, shall:

(1) Prepare a list of those to be served with notice to
redeem and request the State Auditor to prepare and serve the
notice as provided in sections twenty-one and twenty-two of
this article;

(2) When the real property subject to the tax lien is
classified as Class II property, provide the State Auditor with
the physical mailing address of the property that is subject to
the tax lien or liens purchased;

(3) Provide the State Auditor with a list of any additional
expenses incurred after January 1 of the year following the
sheriff's sale for the preparation of the list of those to be
served with notice to redeem including proof of the
additional expenses in the form of receipts or other evidence
of reasonable legal expenses incurred for the services of any
attorney who has performed an examination of the title to the
real estate and rendered written documentation used in the preparation of the list of those to be served with the notice to redeem;

(4) Deposit with the State Auditor a sum sufficient to cover the costs of preparing and serving the notice; and

(5) Present the purchaser’s certificate of sale, or order of the county commission where the certificate has been lost or wrongfully withheld from the owner, to the State Auditor.

If the purchaser fails to meet these requirements, he or she shall lose all the benefits of his or her purchase.

(b) If the person requesting preparation and service of the notice is an assignee of the purchaser, he or she shall, at the time of the request, file with the State Auditor a written assignment to him or her of the purchaser’s rights, executed, acknowledged and certified in the manner required to make a valid deed.

(c) Whenever any certificate given by the sheriff for a tax lien on any land, or interest in the land sold for delinquent taxes, or any assignment of the lien is lost or wrongfully withheld from the rightful owner of the land and the land or interest has not been redeemed, the county commission may receive evidence of the loss or wrongful detention and, upon satisfactory proof of that fact, may cause a certificate of the proof and finding, properly attested by the State Auditor, to be delivered to the rightful claimant and a record of the certificate shall be duly made by the county clerk in the recorded proceedings of the commission.

§11A-3-20. Refund to purchaser of payment made at sheriff’s sale where property is subject of an erroneous assessment or is otherwise nonexistent.
Ch. 194] TAXATION 2025

If, by December 31 of the year following payment of the amount bid at a sheriffs sale, the purchaser discovers that the lien purchased at that sale is the subject of an erroneous assessment or is otherwise nonexistent, the purchaser shall submit the abstract or certificate of an attorney at law that the property is the subject of an erroneous assessment or is otherwise nonexistent. Upon receipt of the abstract or certificate, the sheriff shall cause any money paid to be refunded. Upon refund, the sheriff shall inform the assessor and the State Auditor of the erroneous assessment for the purpose of having the assessor correct the error. For failure to meet this requirement, the purchaser shall lose all benefits of his or her purchase.

(2) Subject to the limitations of this section, the purchaser is entitled to recover any expenses incurred in preparing the list of those to be served with notice to redeem and any written documentation used for the preparation of the list from January 1 of the year following the sheriff’s sale to the date of the sale to the date of the redemption.

(c) Where, pursuant to section twenty-three of this article, the State Auditor has not received from the purchaser satisfactory proof of the expenses incurred in preparing the list of those to be served with notice to redeem, including written documentation used for preparation of the list, in the form of receipts or other evidence within thirty days from the date of notification by the State Auditor, the sheriff shall refund the amount to the person redeeming and the purchaser is barred from any claim. Where, pursuant to that section, the State Auditor has received from the person redeeming and therefore delivered to the sheriff the sum of $300 plus interest at the rate of one percent per month from January 1 of the year following the sheriff’s sale to the date of the sale to the date of redemption, and the purchaser provides the
sheriff within thirty days from the date of notification satisfactory proof of the expenses, and the amount of the expenses is less than the amount paid by the person redeeming, the sheriff shall refund the difference to the person redeeming.

(a) Upon payment of the sum necessary to redeem, the State Auditor shall execute a certificate of redemption in quadruplicate, which certificate shall:

(b) Except when ordered to do so, as provided in section

execution of the deed.

(c) For the execution of the deed and for all the recording
required by this section, a fee of $50 and the recording and
transfer tax expenses shall be charged, to be paid by the

by publication, and any return receipts for notices sent by
certified mail.

(d) The State Auditor shall appoint employees of his or

of this section.

§11A-3-28. Compelling service of notice or execution of deed.

(a) If the State Auditor fails or refuses to prepare and
serve the notice to redeem as required in sections twenty-one
and twenty-two of this article, the person requesting the
notice may, at any time within two weeks after discovery of
the failure or refusal, but in no event later than sixty days
following the date the person requested that notice be
prepared and served, apply by petition to the circuit court of
the county for an order compelling the State Auditor to
prepare and serve the notice or appointing a commissioner to
do so. If the person requesting the notice fails to make
application within the time allowed, he or she shall lose his
or her right to the notice, but his or her rights against the
State Auditor under the provisions of section sixty-seven of
this article shall not be affected. Notice given pursuant to an
order of the court or judge shall be as valid for all purposes
as if given within the time required by section twenty-two of
this article.

deed as required in section twenty-seven of this article, the
person requesting the deed may, at any time after such failure
or refusal, but not more than six months after his or her right
to the deed accrued, apply by petition to the circuit court of
the county for an order compelling the State Auditor to
execute the deed or appointing a commissioner to do so. If
the person requesting the deed fails to make an application within the time allowed, he or she shall lose his or her right to the deed, but his or her rights against the State Auditor under the provisions of section sixty-seven of this article shall not be affected. (c) Ten days’ written notice of every application must be given to the State Auditor. If, upon the hearing of the application, the court or judge is of the opinion that the applicant is not entitled to the notice or deed requested, the petition shall be dismissed at his or her costs; but if the court or judge is of the opinion that he or she is entitled to the notice or deed, then, upon his or her deposit with the clerk of the circuit court of a sum sufficient to cover the costs of preparing and serving the notice, unless a deposit has already been made with the State Auditor, an order shall be made by the court or judge directing the State Auditor to prepare and serve the notice or execute the deed, or appointing a commissioner for the purpose, as the court or judge shall determine. If it appears to the court or judge that the failure or refusal of the State Auditor was without reasonable cause, judgment shall be given against him or her for the costs of the proceedings; otherwise the costs shall be paid by the applicant.

(d) Any commissioner appointed under the provisions of this section shall be subject to the same liabilities as are provided for the State Auditor. For the preparation of the notice to redeem, he or she shall be entitled to the same fee as is provided for the State Auditor. For the execution of the deed, he or she shall also be entitled to a fee of $50 and the recording and transfer expenses, to be paid by the grantee upon delivery of the deed.

(b) The tax deed shall be conclusive evidence of the acquisition of title. The title acquired shall relate back to
July 1 of the year in which the taxes, for nonpayment of which the tax lien on the real estate was sold, were assessed.

(c) Any individual purchaser to whom a tax deed has been issued may institute and prosecute actions to quiet title in any real estate conveyed by the tax deed. The action may be maintained for all or any one or more of the lots or tracts conveyed.

§11A-3-31. Effect of irregularity on title acquired by purchaser.

No irregularity, error or mistake in respect to any step in the procedure leading up to and including delivery of the tax deed by the State Auditor shall invalidate the title acquired by the purchaser unless the irregularity, error or mistake is, by the provisions of section six of this article or section two, three, four or six, article four of this chapter, expressly made a ground for instituting a suit to set aside the sale or the deed.

§11A-3-32. Sheriff to keep proceeds in separate accounts; disposition.

(a) The sheriff shall keep in a separate fund the proceeds of all redemptions and sales paid to him or her under the provisions of this chapter, except for those proceeds for which a separate fund is directed by the provisions of section sixty-four of this article. Out of the total proceeds of each sale or redemption he or she shall in the order of priority stated below credit the following amounts, for payment as provided in this section:

(1) To the general county fund, the part that represents costs paid out of the fund for publishing the sheriff's delinquent and sales list and all other costs incurred by the sheriff pursuant to the provisions of this article;
(2) Surplus proceeds from the sale of tax liens on delinquent lands shall be held by the sheriff for the periods provided for in section ten of this article, and if no application is made within the time specified, the surplus shall be distributed by the sheriff in the manner provided by law for the distribution of property taxes collected by him or her; and

(3) The balance, if any, of the proceeds of the lands included in each suit shall be prorated among the various taxing units on the basis of the total amount of taxes due them in respect to the lands that were sold or redeemed.

(b) The amounts so determined shall be credited as follows, for payment as provided in this subsection:

(1) To the State Auditor, the part that represents state taxes and interest; and

(2) To the fund kept by the sheriff for each local taxing unit, the part that represents taxes and interest payable to the unit.

(c) All amounts which under the provisions of this section were credited by the sheriff to the Auditor shall be paid to him or her semiannually; and those credited to the various local taxing units shall be transferred semiannually by the sheriff to the fund kept by him or her for each taxing unit.

(d) The State Auditor shall prescribe the form of the records to be kept by the sheriff for the purposes of this section, and the method to be used by him or her in making the necessary pro rata distributions.

Public Port Authority, the Aeronautics Commission or the
Parkways, Economic Development and Tourism Authority.

(16) “User fee” means a rate, toll, or fee imposed by an

§17-28-4. Governmental entities to submit transportation
project requests to commissioner of highways
generally; commissioner’s powers and duties to
implement the act; transportation project plan
requirements; Division of Highways plan review;
proprietary information.

(a) In addition to any other powers which a governmental
entity may now have, a governmental entity seeking state
funds for a transportation project may submit a transportation
project plan to the commissioner as a project sponsor. The
commissioner shall review the transportation project plan and the available financing for the project and shall encourage project sponsors to pursue alternative funding sources. Alternative funding sources may include, without limitation, utilization of tax increment financing, issuance of general obligations bonds, special revenue bonds or anticipation notes, cooperation with other governmental units, dedicated user fees and public-private partnerships.

(b) To implement and carry out the intent of this article, the commissioner shall propose legislative rules in accordance with article three, chapter twenty-nine-a of this code. The commissioner shall establish comprehensive, uniform guidelines in order to evaluate any transportation project plan. The guidelines shall address the following:

(1) The use of alternative sources of funding which could finance all or a portion of the transportation project;

(2) The transportation needs of the region;

(3) Project costs;

(4) Whether dedicated revenues from a project sponsor are offered for project costs;

(5) Available federal and state funds;

(6) The degree to which the transportation project impacts other infrastructure projects and implements cost-effective and efficient development of transportation projects with other infrastructure improvements;

(7) The cost effectiveness of the transportation project as compared with alternatives which achieve substantially the same economic development benefits;
(8) The project sponsor’s ability to operate and maintain the transportation project or finance the continued operation and maintenance of the transportation project if approved;

(9) The degree to which the transportation project achieves other state or regional planning goals;

(10) The estimated date upon which the transportation project could commence if funding were available and the estimated completion date of the transportation project; and

(11) Other factors the commissioner considers necessary or appropriate to accomplish the purpose and intent of this article.

(c) The commissioner shall create a transportation project plan application form that is to be used by project sponsors requesting funding assistance from the state for transportation projects. The application must require a preliminary proposal that includes:

(1) The location of the transportation project and affected local jurisdictions;

(2) The estimated total project cost of the transportation project;

(3) The amount of funding assistance desired from the Division of Highways and the specific uses of the funding;

(4) Other sources of funding available for the transportation project;

(5) Information demonstrating the need for the transportation project and documentation that the proposed funding of the project is the most economically feasible alternative to completing the transportation project;
(6) A timeline for activities to be performed by the project sponsors;

(7) A statement setting forth the financing of the project costs, including the sources of the funds and identification of any dedicated revenues, proposed debt, tax increment financing plans, issuance of bonds or notes, in-kind services or equity investment of project sponsors;

(8) A list of utilities that can be constructed in coordination with the transportation project and a statement of the plans to accommodate those utilities;

(9) Project sponsor contact information;

(10) A statement of the projected availability and use of dedicated revenues from user fees, lease payments, taxes, and other service payments over time; and

(11) Other information as the commissioner considers necessary to enable the review of the transportation project.

(12) The commissioner may also require the submission of geographic information system mapping of the transportation project and electronic filing of the preliminary proposal.

(d) If a preliminary proposal is approved by the commissioner for detailed review, the division will advise the project sponsors of the estimated cost of a detailed review. The project sponsor must deposit a bond with the commissioner, irrevocable letter of credit or other acceptable instrument guaranteeing payment by the project sponsors of the actual costs incurred by the division to perform a detailed transportation project plan review, to the maximum of the estimated costs, before a detailed review may begin.
(e) In evaluating any transportation project, the commissioner may rely upon internal staff reports or the advice of outside advisors or consultants.

(f) The commissioner is to encourage collaboration among project sponsors, affected local jurisdictions and private entities through intergovernmental agreements and public-private partnerships including, without limitation, recommending the amounts and sources of funding which affected local jurisdictions or project sponsors may pursue, which state transportation or infrastructure agency or agencies may be consulted for appropriate investment of public funds and alternatives to carry out the intent of this article.

(g) After a detailed review, the commissioner may recommend to the Governor those transportation projects which are a prudent and resourceful expenditure of public funds. No proposal may be recommended or approved which is inconsistent with the division’s twenty-year long range plans or other transportation plans.

(h) The commissioner must prepare and publish an annual report of activities and accomplishments and submit it to the Governor and to the Joint Committee on Government and Finance on or before December 15 of each year. The commissioner must also prepare and submit an annual report to the Governor and the Legislature outlining alternative road funding models and incentive packages. The report may also recommend legislation relating to third-party donation of funds, materials or services, federal credit instruments, secured loans, federal Transportation Infrastructure Finance and Innovation Act funds, state infrastructure banks (SIBS), private activity bonds or other matters respecting transportation considered by the commissioner to be in the public interest. The commissioner may consider alternatives to the current system of taxing highway use through motor vehicle fuel taxes including, without limitation, pilot programs for testing technology and methods for the collection of mileage fees.
(i) All documents maintained pursuant to this article shall be subject to the requirements of chapter twenty-nine-b of this code.

§17-28-5. Powers conferred on counties; special charges for transportation facilities and projects; election on ordinance for user fees; form of ballots; procedure.

(a) In addition to any other powers which a county may now have, each county, by and through its county commission, shall have the following powers:

(1) To finance one or more transportation projects, or additions thereto, which shall be located within the county;

(2) To impose by ordinance reasonable user fees upon users of transportation facilities within a county to be collected in the manner specified in the ordinance, including, but not limited to, paying the costs of one or more transportation projects, the payment of debt service on any revenue bonds issued under section six of this article. The ordinance shall provide for the administration, collection and enforcement of the fee; and

(3) To establish a special transportation fund as a separate fund into which all user fees and other revenues designated by the county commission shall be deposited, and from which all transportation project costs shall be paid, which may be assigned to and held by a trustee for the benefit of bondholders if special transportation revenue bonds are issued by the county commission under section six of this article.

(b) No ordinance imposing a user fee authorized by this section is effective until it is ratified by a majority of the legal votes cast by the qualified voters of the county at a primary or general election. The ballot question must set forth the amount of the fee, the manner in which it will be imposed, the
general use to which the proceeds of the fee will be put, a
description of the transportation project to be financed with
the fee, whether revenue bonds will be issued, and if bonds are
to be issued, the estimated term and amount of the revenue
bonds. The county commission may include additional
information in the notice. Notice of the election shall be
provided and the ballots shall be printed as set forth in
subsection (c) of this section.

(c) On the election ballots shall be printed the following:

Shall the County Commission of (name of county) be
authorized to adopt an ordinance to establish a fee for the use
of the (transportation facility description) in accordance with
section five, article twenty-eight, chapter seventeen of the
code of West Virginia?

□ Yes

□ No

(d) If a majority of the legal votes cast upon the question
be for the ordinance, the provisions of the ordinance become
effective upon the date the results of the election are declared.
If a majority of the legal votes cast upon the question be
against the ordinance, the ordinance shall not take effect.

(e) Subject to the provisions of subsection (d) of this
section, an election permitted by this section may be
conducted at any regular primary or general election as the
county commission in its order submitting the same to a vote
may designate.

(f) Notice of an election pursuant to this section shall be
given by publication of the order calling for a vote on the
question as a Class II-0 legal advertisement in compliance
with the provisions of article three, chapter fifty-nine of this
code and the publication area for the publication shall be the
county in which the election is to be conducted.

(g) Any election permitted by this section shall be held at
the voting precincts established for holding primary or general
elections. All of the provisions of the general election laws of
this state applicable to primary or general elections not
inconsistent with the provisions of this section shall apply to
voting and elections authorized by this section.

(h) Before an election is held, the county commission shall
obtain written confirmation from the commissioner approving
the user fee and a transportation project plan within the county
that was reviewed by commissioner under section four of this
article.

§17-28-6. Issuance of transportation project revenue bonds by
county.

(a) The county commission, in its discretion, may use the
moneys in such special transportation fund established under
section five of this article to finance the costs of transportation
projects on a cash basis. Every county commission is
empowered and authorized to issue, in the manner prescribed
by this section, special revenue bonds secured by user fees
authorized by section five of this article to finance or refinance
all or part of a transportation project and pledge all or any part
of the user fees for the payment of the principal of and interest
on such bonds and the reserves therefor. Bonds issued for any
of the purposes stated in this section shall contain in the title
or subtitle thereto the word “transportation”, in order to
identify the same.

(b) The transportation revenue bonds may be authorized
and issued by the county commission to finance or refinance,
in whole or in part, public transportation projects in an
aggregate principal amount not exceeding the amount which
the county commission determines can be paid as to both principal and interest and reasonable margins for a reserve therefor from user fee revenues. A county commission issuing transportation revenue bonds shall establish a fund to deposit user fee revenues. The county commission shall thereafter deposit all revenues pledged to the payment of principal and interest of transportation revenue bonds into the fund.

(c) The issuance of transportation revenue bonds may be authorized by an order of the county commission. The transportation revenue bonds shall: (1) Bear a date or dates; (2) mature at a time or times not exceeding forty years from their respective dates; (3) be in a denomination not more than a maximum denomination fixed by the county commission; (4) be in a registered form with exchangeability and interchangeability privileges; (5) be payable in a medium of payment and at a place or places within or without the state; (6) be subject to such terms and prices for redemption, if any, as approved by the county commission; (7) bear a rate of interest that is not more than a maximum rate fixed by the county commission; and (8) may have such other terms and provisions as determined by the county commission. The transportation revenue bonds shall be signed by the president of the county commission under the seal of the county commission, attested by the clerk of the county commission. Transportation revenue bonds may be sold in a manner as the county commission determines is for the best interests of the county.

(d) The county commission may enter into: (1) Trust agreements with banks or trust companies within or without the state and in trust agreements or orders authorizing the issuance of bonds; (2) valid and legally binding covenants with the holders of the transportation revenue bonds as to the custody, safeguarding and disposition of the proceeds of the transportation revenue bonds, the moneys in the user fee revenue fund, sinking funds, reserve funds or any other
moneys or funds; as to the rank and priority, if any, or different issues of transportation revenue bonds by the county commission under the provisions of this section; (3) agreements as to such provisions as payment, term, security, default and remedy provisions as the county commission shall consider necessary or desirable; and (4) agreements as to any other matters or provisions which are considered necessary and advisable by the county commission in the best interests of the county and to enhance the marketability of such transportation revenue bonds.

(e) The transportation revenue bonds are negotiable instruments under the Uniform Commercial Code of this state and are not obligations or debts of the state or of the county issuing the bonds and the credit or taxing power of the state or county may not be pledged therefor, but the transportation revenue bonds may be payable only from the revenue pledged therefor as provided in this article.

(f) A holder of transportation revenue bonds has a lien against the user fee revenues and the user fee revenue fund for payment of the transportation revenue bond and the interest thereon and may bring suit to enforce the lien.

(g) A county commission may issue and secure additional bonds payable out of the user fee revenues and the user fee revenue fund which bonds may rank on a parity with, or be subordinate or superior to, other bonds issued by the county commission and payable from the user revenue fee fund.

(h) For the purposes of this section, a county commission is authorized to sue and be sued; make contracts and guarantees; incur liabilities; borrow or lend money for any time period considered advisable by the county commission; sell, mortgage, lease, exchange, transfer or otherwise dispose of its property; or pledge its property as collateral or security for any time period considered advisable by the commission.
All sales, leases or other disposition of real property acquired with state road funds or federal funds, or of real property dedicated to the state road system, must be done in accordance with applicable federal and state law and may be done only with the approval of the commissioner. A county commission is also authorized to create trusts as will expedite the efficient management of transportation projects and other assets owned or controlled by the county commission. The trustee, whether individual or corporate, in any trust has a fiduciary relationship with the county commission and may be removed by the county commission for good cause shown or for a breach of the fiduciary relationship with the county commission. Nothing in this article effects a waiver of the sovereign, constitutional or governmental immunity of the state or its agencies.

(i) The powers conferred by this article are in addition and supplemental to any other powers conferred upon county commissions by the Legislature relating to streets, road maintenance or to construct and maintain transportation facilities.

(j) After the issuance of any transportation revenue bonds, the user fee pledged to the payment thereof may not be reduced as long as any of the bonds are outstanding and unpaid except under such terms, provisions and conditions as shall be contained in the order, trust, agreement or other proceedings under which the transportation revenue bonds were issued.

§17-28-7. Comprehensive agreement.

(a) Prior to acquiring, constructing or improving a transportation facility, the project sponsors shall enter into a comprehensive agreement with the division. The comprehensive agreement shall provide for:
(1) Delivery of performance or payment bonds in connection with the construction of or improvements to the transportation facility, in the forms and amounts satisfactory to the division;

(2) Review and approval of the final plans and specifications for the transportation facility by the division;

(3) Inspection of the construction of or improvements to the transportation facility to ensure that they conform to the engineering standards acceptable to the division;

(4) Maintenance of a policy or policies of public liability insurance or self-insurance, in a form and amount satisfactory to the division and reasonably sufficient to insure coverage of tort liability to the public and employees and to enable the continued operation of the transportation facility. However, in no event may the insurance impose any pecuniary liability on the state, its agencies or any political subdivision of the state. Copies of the policies must be filed with the division accompanied by proofs of coverage;

(5) Monitoring of the maintenance and operating practices of the sponsoring governmental entity by the division and the taking of any actions the division finds appropriate to ensure that the transportation facility is properly maintained and operated;

(6) Itemization and reimbursement to be paid to the division for the review and any services provided by the division;

(7) Filing of appropriate financial statements on a periodic basis;

(8) The date of termination of the sponsoring governmental entity’s duties under this article and dedication to the division; and
(9) That a transportation facility must accommodate all public utilities on a reasonable, nondiscriminatory and completely neutral basis and in compliance with section seventeen-b, article four, chapter seventeen of this code.

(b) In the comprehensive agreement, the division may agree to accept grants or loans from the sponsoring governmental entity, from time to time, from amounts received from the state or federal government or any agency or instrumentality of the state or federal government.

(c) The comprehensive agreement is to incorporate the duties of the sponsoring governmental entity under this article and may contain any other terms and conditions that the division determines serve the public purpose of this chapter. Without limitation, the comprehensive agreement may contain provisions under which the division agrees to provide notice of default and cure rights for the benefit of the sponsoring governmental entity and the persons specified in the comprehensive agreement as providing financing for the qualifying transportation facility. The comprehensive agreement may contain any other lawful terms and conditions to which the sponsoring governmental entity and the division mutually agree.

(d) Any changes in the terms of the comprehensive agreement, agreed upon by the parties must be added to the comprehensive agreement by written amendment.

§17-28-8. Commissioner’s authority over transportation projects accepted into the state road system; use of state road funds.

(a) Notwithstanding anything in this article to the contrary, the commissioner has final approval of any transportation project. However, no state road funds may be used, singly or
together with funds from any other source, for any purpose or
in any manner contrary to or prohibited by the constitution and
laws of this state or the federal government or where such use,
in the sole discretion of the commissioner, would jeopardize
receipt of federal funds.

(b) All transportation projects that are accepted as part of
the state road system, and all real property interests and
appurtenances, are under the exclusive jurisdiction and control
of the commissioner, who may exercise the same rights and
authority as he or she has over other transportation facilities in
the state road system. As a condition of acceptance of a
transportation project into the state road system, the
commissioner may require that the project sponsor provide a
dedicated revenue source for the continued operation and
maintenance of the transportation project.

(c) No state road funds may be used to finance a
transportation project without the written approval of the
commissioner.

§17-28-9. Qualifying a transportation project as a public
improvement.

All transportation projects authorized under this article are
public improvements and are subject to article five-a, chapter
twenty-one of this code. Article twenty-two, chapter five of
this code applies to all transportation projects authorized under
this article. All construction, reconstruction, repair or
improvement of transportation projects under this article will
be awarded by competitive bidding. Competitive bids are to
be solicited by the governmental entity sponsoring a
transportation project for each construction contract in excess
of $25,000 in total cost. Competitive bids must be solicited by
the sponsoring governmental entity through publication of a
Class II legal advertisement, as required by article three,
chapter fifty-nine of this code, and the publication area is the
county or municipality where the transportation facility is to be located. The advertisement must also be published as a Class II advertisement in a newspaper of general circulation published in the city of Charleston. The advertisement is to include the solicitations of sealed proposals for the construction of the transportation project, stating the time and place for the opening of bids. All bids will be publicly opened and read aloud. Construction contracts must be awarded to the lowest qualified responsible bidder, who furnishes a sufficient performance or payment bond. The sponsoring governmental entity has the right to reject all bids and solicit new bids for the construction contract. Article one-c, chapter twenty-one of this code applies to the construction of all transportation projects approved under this article.

§17-28-10. Coordination and development of transportation projects with other infrastructure; information sharing; agreements among municipal utilities and public service districts to participate in transportation projects; rates to include costs borne by municipal utilities and public service districts in coordination with transportation projects; exemption from Public Service Commission approval.

(a) The commissioner is to encourage the joint and concurrent development and construction of transportation projects with other infrastructure including, without limitation, water and sewer infrastructure.

(b) To coordinate and integrate the planning of transportation projects among local jurisdictions, all governing bodies, units of government, municipal utilities and public service districts within the affected local jurisdiction are to cooperate, participate, share information and give input when a project sponsor prepares a transportation project plan.
(c) Municipal utilities and public service districts may enter into agreements with any project sponsor for the purpose of constructing new infrastructure facilities or substantially improving or expanding infrastructure facilities in conjunction with a transportation project and dedicating revenue or contributing moneys to transportation project costs. Each agreement must contain, at a minimum, engineering and construction standards, terms regarding the revenue sources, allocation of project costs and confirmation that the agreement does not violate any existing bond covenants. Each agreement shall also comply and be consistent with the comprehensive agreement applicable to the transportation project. No infrastructure facilities may be located or relocated within a right-of-way in, or to be included within, the state road system except in accordance with transportation project plans approved by the commissioner.

(d) The rates charged by a municipal utility or public service district to customers in an affected local jurisdiction may include the additional cost borne by the municipal utility or public service district as a result of entering into an agreement with a project sponsor to contribute moneys or dedicate revenue to transportation project costs.

(e) This article may not be construed to affect the authority of the Department of Environmental Protection nor the authority of the Department of Health and Human Resources pursuant to this code.

(f) This article may not be construed to give the Public Service Commission authority to regulate or intervene in the approval and construction of any transportation project or any agreement between a project sponsor and a municipal utility or public service district under this article.

§17-28-11. Excess funds; termination of user fee.
(a) When revenue bonds have been issued as provided in this article and the amount of user fees imposed pursuant to section five of this article and collected, less costs of administration, collection and enforcement, exceeds the amount needed to pay project costs and annual debt service, including the finding of required debt service and maintenance reserves, the additional amount shall be set aside in a separate fund and used to either fund transportation projects on a cash basis or retire some or all of the outstanding revenue bonds before their maturity date. The county commission may establish a call date for which bonds must be refunded with excess funds after a date determined by the county commission.

(b) Once the revenue bonds issued as provided in this article are no longer outstanding or a certified public accountant certifies that sufficient reserves have been or will be accumulated as of a specified date to pay all future debt service on the outstanding bonds, the user fee that is applicable to those specific bonds shall be discontinued. Termination of the user fee as provided in this section shall not bar or otherwise prevent the county commission from collecting user fees that accrued before the termination date.

If any section, clause, provision or portion of this article shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect any other section, clause or provision of this article which is not in and of itself unconstitutional.

(b) Subject matter jurisdiction is established if a nexus exists between an offense, either military or nonmilitary, and the state military force. Courts-martial have primary jurisdiction of military offenses as defined in this article. A proper civilian court has primary jurisdiction of a nonmilitary offense when an act or omission violates both this article and local criminal law, foreign or domestic. In such a case, a court-martial may be initiated only after the civilian authority has declined to prosecute or dismissed the charge, provided
jeopardy has not attached. Jurisdiction over attempted crimes, conspiracy crimes, solicitation, and accessory crimes must be determined by the underlying offense.

§15-1E-4. Reserved.

§15-1E-5. Territorial applicability of the article.

(a) This article has applicability at all times and in all places, provided that either the person subject to the article is in a duty status or, if not in a duty status, that there is a nexus between the act or omission constituting the offense and the efficient functioning of the state military forces; however, this grant of military jurisdiction shall neither preclude nor limit civilian jurisdiction over an offense, which is limited only by the prohibition of double jeopardy.

(b) Courts-martial and courts of inquiry may be convened and held in units of the state military forces while those units are serving outside the state with the same jurisdiction and
powers as to persons subject to this article as if the proceedings were held inside the state, and offenses committed outside the state may be tried and punished either inside or outside the state.

The judge advocate of any command is entitled to communicate directly with the judge advocate of a superior or subordinate command, or with the State Judge Advocate.

(c) No person who has acted as member, military judge, trial counsel, defense counsel, or investigating officer, or who has been a witness, in any case may later act as a judge advocate to any reviewing authority upon the same case.

(b) Any person authorized by this article or by chapter 47 of title 10, United States Code, or by regulations issued under either, to apprehend persons subject to this article, any marshal of a court-martial appointed pursuant to the provisions of this article, and any peace officer or civil officer having authority to apprehend offenders under the laws of the United States or of a state, may do so upon
probable cause that an offense has been committed and that
the person apprehended committed it.

(c) Commissioned officers, warrant officers, petty
officers, and noncommissioned officers have authority to
quell quarrels, frays, and disorders among persons subject to
this article and to apprehend persons subject to this article
who take part therein.

(d) If an offender is apprehended outside the state, the
offender’s return to the area must be in accordance with
normal extradition procedures or by reciprocal agreement.

(e) No person authorized by this section to apprehend
persons subject to this article or the place where such
offender is confined, restrained, held, or otherwise housed
may require payment of any fee or charge for so receiving,
apprehending, confining, restraining, holding, or otherwise
housing a person except as otherwise provided by law.

§15-1E-8. Reserved.

(a) Arrest is the restraint of a person by an order, not
imposed as a punishment for an offense, directing him or her
to remain within certain specified limits. Confinement is the
physical restraint of a person.

(b) An enlisted member may be ordered into arrest or
confinement by any commissioned officer by an order, oral
or written, delivered in person or through other persons
subject to this article. A commanding officer may authorize
warrant officers, petty officers, or noncommissioned officers
to order enlisted members of the commanding officer’s
command or subject to the commanding officer’s authority
into arrest or confinement.
c) A commissioned officer, a warrant officer, or a civilian subject to this article or to trial there under may be ordered into arrest or confinement only by a commanding officer to whose authority the person is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons into arrest or confinement may not be delegated.

(d) No person may be ordered into arrest or confinement except for probable cause.

(e) This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified.

§15-1E-10. Restraint of persons charged with offenses.

Any person subject to this article charged with an offense under this article may be ordered into arrest or confinement, as circumstances may require. When any person subject to this article is placed in arrest or confinement prior to trial, immediate steps shall be taken to inform the person of the specific wrong of which the person is accused and diligent steps shall be taken to try the person or to dismiss the charges and release the person.

§15-1E-11. Place of confinement; reports and receiving of prisoners.

(a) If a person subject to this article is confined before, during, or after trial, confinement shall be in a civilian or military confinement facility.

(b) No person authorized to receive prisoners pursuant to section may refuse to receive or keep any prisoner committed to the person’s charge by a commissioned officer of the state military forces, when the committing officer furnishes a
statement, signed by such officer, of the offense charged
against the prisoner, unless otherwise authorized by law.

(c) Every person authorized to receive prisoners pursuant
to section to whose charge a prisoner is committed shall,
within twenty-four hours after that commitment or as soon as
the person is relieved from guard, report to the commanding
officer of the prisoner the name of the prisoner, the offense
charged against the prisoner, and the name of the person who
ordered or authorized the commitment.

§15-1E-12. Confinement with enemy prisoners prohibited.

No member of the state military forces may be placed in
confinement in immediate association with enemy prisoners
or other foreign nationals not members of the Armed Forces.

No person, while being held for trial or awaiting a
verdict, may be subjected to punishment or penalty other than
arrest or confinement upon the charges pending against the
person, nor shall the arrest or confinement imposed upon
such person be any more rigorous than the circumstances
required to insure the person's presence, but the person may
be subjected to minor punishment during that period for
infractions of discipline.

§15-1E-14. Delivery of offenders to civil authorities.

(a) A person subject to this article accused of an offense
against civil authority may be delivered, upon request, to the
civil authority for trial or confinement.

(b) When delivery under this section is made to any civil
authority of a person undergoing sentence of a court-martial,
the delivery, if followed by conviction in a civil tribunal,
interrupts the execution of the sentence of the court-martial, 
and the offender after having answered to the civil authorities 
for the offense shall, upon the request of competent military 
authority, be returned to the place of original custody for the 
completion of the person’s sentence.

PART III. NONJUDICIAL PUNISHMENT.

(a) Under such regulations as prescribed, any 
commanding officer (and for purposes of this article, 
officers-in-charge) may impose disciplinary punishments for 
minor offenses without the intervention of a court-martial 
pursuant to this article. The Governor, the Adjutant General, 
or an officer of a general or flag rank in command may 
delegate the powers under this section to a principal assistant 
who is a member of the state military forces.

(b) Any commanding officer may impose upon enlisted 
members of the officer’s command:

(1) An admonition;

(2) A reprimand;

(3) The withholding of privileges for not more than six 
months which need not be consecutive;

(4) The forfeiture of pay of not more than seven days’ 
pay;

(5) A fine of not more than seven days’ pay;

(6) A reduction to the next inferior pay grade, if the grade 
from which demoted is within the promotion authority of the 
officer imposing the reduction or any officer subordinate to 
the one who imposes the reduction;
(7) Extra duties, including fatigue or other duties, for not more than fourteen days, which need not be consecutive; and

(8) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen days, which need not be consecutive.

(c) Any commanding officer of the grade of major or lieutenant commander, or above may impose upon enlisted members of the officer’s command:

(1) Any punishment authorized in subsection (b) subdivisions (1), (2), and (3);

(2) The forfeiture of not more than one-half of one month’s pay per month for two months;

(3) A fine of not more than one month’s pay;

(4) A reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(5) Extra duties, including fatigue or other duties, for not more than forty-five days which need not be consecutive; and

(6) Restriction to certain specified limits, with or without suspension from duty, for not more than sixty days which need not be consecutive.

(d) The Governor, the Adjutant General, an officer exercising general court-martial convening authority, or an officer of a general or flag rank in command may impose:
(1) Upon officers of the officer’s command:

(A) Any punishment authorized in subsection (c) subdivisions (1), (2), (3) and (6); and

(B) Arrest in quarters for not more than thirty days which need not be consecutive.

(2) Upon enlisted members of the officer’s command any punishment authorized in subsection (c).

(e) Whenever any of those punishments are combined to run consecutively, the total length of the combined punishment cannot exceed the authorized duration of the longest punishment in the combination, and there must be an apportionment of punishments so that no single punishment in the combination exceeds its authorized length under this article.

(f) Prior to the offer of nonjudicial punishment, the commanding officer shall determine whether arrest in quarters or restriction shall be considered as punishments. Should the commanding officer determine that the punishment options may include arrest in quarters or restriction, the accused shall be notified of the right to demand trial by court-martial. Should the commanding officer determine that the punishment options will not include arrest in quarters or restriction, the accused shall be notified that there is no right to trial by courts-martial in lieu of nonjudicial punishment

(g) The officer who imposes the punishment, or the successor in command, may, at any time, suspend, set aside, mitigate, or remit any part or amount of the punishment and restore all rights, privileges, and property affected. The officer also may:
(1) Mitigate reduction in grade to forfeiture of pay;

(2) Mitigate arrest in quarters to restriction; or

(3) Mitigate extra duties to restriction.

The mitigated punishment shall not be for a greater period than the punishment mitigated. When mitigating reduction in grade to forfeiture of pay, the amount of the forfeiture shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(h) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority within fifteen days after the punishment is either announced or sent to the accused, as the commander may determine. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (g) by the officer who imposed the punishment. Before acting on an appeal from a punishment, the authority that is to act on the appeal may refer the case to a judge advocate for consideration and advice.

(i) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial or a civilian court of competent jurisdiction for a serious crime or offense growing out of the same act or omission and not properly punishable under this article; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial and, when so shown, it shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.
(j) Whenever a punishment of forfeiture of pay is imposed under this article, the forfeiture may apply to pay accruing before, on, or after the date that punishment is imposed.

(k) Regulations may prescribe the form of records to be kept of proceedings under this section and may prescribe that certain categories of those proceedings shall be in writing.

PART IV. COURT-MARTIAL JURISDICTION.

The three kinds of courts-martial in the state military forces are:

(1) General courts-martial, consisting of:

(A) A military judge and not less than five members; or

(B) Only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests orally on the record or in writing a court composed only of a military judge and the military judge approves;

(2) Special courts-martial, consisting of:

(A) A military judge and not less than three members; or

(B) Only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in subdivision (1) of this section so requests; and

(a) Subject to section seventeen of this article, summary courts-martial have jurisdiction to try persons subject to this article, except officers, cadets, candidates, and midshipmen, for any offense made punishable by this article under such limitations as the Governor may prescribe.

(b) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if that person objects thereto. If objection to trial by summary court-martial is made by an
IO accused, trial by special or general court-martial may be ordered, as may be appropriate. Summary courts-martial may, under such limitations as the Governor may prescribe, adjudge any punishment not forbidden by this article except dismissal, dishonorable or bad-conduct discharge, confinement for more than one month, restriction to specified limits for more than two months, or forfeiture of more than two-thirds of one month’s pay.

(f) Before a court-martial is assembled for the trial of a case, the convening authority may excuse a member of the court from participating in the case. The convening authority may delegate the authority under this subsection to a judge advocate or to any other principal assistant.

§15-1E-26. Military judge of a general or special court-martial.

(a) A military judge shall be detailed to each general and special court-martial. The military judge shall preside over each open session of the court-martial to which the military judge has been detailed.

(b) A military judge shall be:

28 (d) If the military judge of a court-martial composed of
29 a military judge only is unable to proceed with the trial
30 because of physical disability, as a result of a challenge, or

36 record of the evidence previously introduced or a stipulation
37 thereof is read in court in the presence of the new military
38 judge, the accused, and counsel for both sides.

PART VI. PRETRIAL PROCEDURE.

§15-1E-30. Charges and specifications.

(a) Charges and specifications shall be signed by a person
subject to this article under oath before a commissioned
officer authorized by subsection (a), section one hundred
thirty-six of this article to administer oaths and shall state:

(1) That the signer has personal knowledge of, or has
investigated, the matters set forth therein; and

(2) That they are true in fact to the best of the signer’s
knowledge and belief.

(b) Upon the preferring of charges, the proper authority
shall take immediate steps to determine what disposition
should be made thereof in the interest of justice and
discipline, and the person accused shall be informed of the
charges as soon as practicable.

(a) No person subject to this article may compel any
person to incriminate himself or herself or to answer any
question the answer to which may tend to incriminate him or her.

(b) No person subject to this article may interrogate or request any statement from an accused or a person suspected of an offense without first informing that person of the nature of the accusation and advising that person that the person does not have to make any statement regarding the offense of which the person is accused or suspected and that any statement made by the person may be used as evidence against the person in a trial by court-martial.

(c) No person subject to this article may compel any person to make a statement or produce evidence before any military court if the statement or evidence is not material to the issue and may tend to degrade the person.

(d) No statement obtained from any person in violation of this section or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

§15-1E-32. Investigation.

(a) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against the accused and of the right to be represented at that investigation by counsel. The accused has the right to be represented at that investigation as provided in section thirty-
eight of this article and in regulations prescribed under this
article. At that investigation, full opportunity shall be given
to the accused to cross-examine witnesses against the
accused, if they are available, and to present anything the
accused may desire in the accused's own behalf, either in
defense or mitigation, and the investigating officer shall
examine available witnesses requested by the accused. If the
charges are forwarded after the investigation, they shall be
accompanied by a statement of the substance of the testimony
taken on both sides and a copy thereof shall be given to the
accused.

(c) If an investigation of the subject matter of an offense
has been conducted before the accused is charged with the
offense, and if the accused was present at the investigation
and afforded the opportunities for representation, cross-
examination, and presentation prescribed in subsection (b),
no further investigation of that charge is necessary under this
section unless it is demanded by the accused after the
accused is informed of the charge. A demand for further
investigation entitles the accused to recall witnesses for
further cross-examination and to offer any new evidence in
the accused's own behalf.

(d) If evidence adduced in an investigation under this
section indicates that the accused committed an uncharged
offense, the investigating officer may investigate the subject
matter of that offense without the accused having first been
charged with the offense if the accused:

(1) Is present at the investigation;

(2) Is informed of the nature of each uncharged offense
investigated; and

(3) Is afforded the opportunities for representation, cross-
examination, and presentation prescribed in subsection (b).
45 (e) The requirements of this section are binding on all persons administering this article but failure to follow them does not constitute jurisdictional error.

§15-1E-33. Forwarding of charges.

1 When a person is held for trial by general court-martial, the commanding officer shall within eight days after the accused is ordered into arrest or confinement, if practicable, forwards the charges, together with the investigation and allied papers, to the person exercising general court-martial jurisdiction. If that is not practicable, the commanding officer shall report in writing to that person the reasons for delay.

§15-1E-34. Advice of judge advocate and reference for trial.

1 (a) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to a judge advocate for consideration and advice. The convening authority may not refer a specification under a charge to a general court-martial for trial unless the convening authority has been advised in writing by a judge advocate that:

7 (1) The specification alleges an offense under this article;

8 (2) The specification is warranted by the evidence indicated in the report of investigation under section thirty-two of this article, if there is such a report; and

11 (3) A court-martial would have jurisdiction over the accused and the offense.

13 (b) The advice of the judge advocate under subsection (a) with respect to a specification under a charge shall include a written and signed statement by the judge advocate:

16 (1) Expressing conclusions with respect to each matter set forth in subsection (a); and
(2) Recommending action that the convening authority take regarding the specification.

If the specification is referred for trial, the recommendation of the judge advocate shall accompany the specification.

(c) If the charges or specifications are not correct formally or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence, may be made.

§15-1E-35. Service of charges.

The trial counsel shall serve or caused to be served upon the accused a copy of the charges. No person may, against the person’s objection, be brought to trial before a general court-martial case within a period of five days after the service of charges upon the accused, or in a special court-martial, within a period of three days after the service of charges upon the accused.

PART VII. TRIAL PROCEDURE.

§15-1E-36. Governor or the Adjutant General may prescribe rules.

Pretrial, trial, and post-trial procedures, including modes of proof, for courts-martial cases arising under this article, and for courts of inquiry, may be prescribed by the Governor or the Adjutant General by regulations, or as otherwise provided by law, which shall apply the principles of law and the rules of evidence generally recognized in military criminal cases in the courts of the Armed Forces but which may not be contrary to or inconsistent with this article.

(a) No authority convening a general, special, or summary court-martial, nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, the military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court or with respect to any other exercise of its or their functions in the conduct of the proceedings. No person subject to this article may attempt to coerce or, by any unauthorized means, influence the action of a court-martial or court of inquiry or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to their judicial acts. The foregoing provisions of the subsection shall not apply with respect to: (1) General instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of courts-martial; or (2) to statements and instructions given in open court by the military judge, summary court-martial officer, or counsel.

(b) In the preparation of an effectiveness, fitness, or efficiency report, or any other report or document used, in whole or in part, for the purpose of determining whether a member of the state military forces is qualified to be advanced in grade, or in determining the assignment or transfer of a member of the state military forces, or in determining whether a member of the state military forces should be retained on active status, no person subject to this article may, in preparing any such report: (1) Consider or evaluate the performance of duty of any such member as a member of a court-martial or witness therein; or (2) Give a less favorable rating or evaluation of any counsel of the accused because of zealous representation before a court-martial.
§15-1E-38. Duties of trial counsel and defense counsel.

(a) The trial counsel of a general or special court-martial shall be a member in good standing of the State Bar and shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

(b) (1) The accused has the right to be represented in defense before a general or special court-martial or at an investigation under section thirty-two of this article as provided in this subsection.

(2) The accused may be represented by civilian counsel at the provision and expense of the accused.

(3) The accused may be represented:

(A) By military counsel detailed under section twenty-seven of this article; or

(B) By military counsel of the accused’s own selection if that counsel is reasonably available as determined under subdivision (7).

(4) If the accused is represented by civilian counsel, military counsel detailed or selected under subdivision (3) shall act as associate counsel unless excused at the request of the accused.

(5) Except as provided under subdivision (6), if the accused is represented by military counsel of his or her own selection under paragraph (B), subdivision (3), any military counsel detailed under paragraph (A), subdivision (3), shall be excused.

(6) The accused is not entitled to be represented by more than one military counsel. However, the person authorized
under regulations prescribed under section twenty-seven of this article to detail counsel, in that person’s sole discretion:

(A) May detail additional military counsel as assistant defense counsel; and

(B) If the accused is represented by military counsel of the accused’s own selection under paragraph (B), subdivision (3), may approve a request from the accused that military counsel detailed under paragraph (A), subdivision (3), act as associate defense counsel.

(7) The senior force judge advocate of the same force of which the accused is a member, shall determine whether the military counsel selected by an accused is reasonably available.

(c) In any court-martial proceeding resulting in a conviction, the defense counsel:

(1) May forward for attachment to the record of proceedings a brief of such matters as counsel determines should be considered in behalf of the accused on review, including any objection to the contents of the record which counsel considers appropriate;

(2) May assist the accused in the submission of any matter under section sixty of this article; and

(3) May take other action authorized by this article.

(a) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject section thirty-five of this article, call the court into session without the presence of the members for the purpose of:
(1) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(2) Hearing and ruling upon any matter which may be ruled upon by the military judge under this article, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(3) Holding the arraignment and receiving the pleas of the accused; and

(4) Performing any other procedural function which does not require the presence of the members of the court under this article.

(b) These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record. These proceedings may be conducted notwithstanding the number of court members and without regard to section twenty-nine.

(c) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and the military judge.

The military judge of a court-martial or a summary court-martial may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just.

§15-1E-41. Challenges.
(a)(1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or the court shall determine the relevancy and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(2) If exercise of a challenge for cause reduces the court below the minimum number of members required by section sixteen of this article, all parties shall, notwithstanding section twenty-nine of this article, either exercise or waive any challenge for cause then apparent against the remaining members of the court before additional members are detailed to the court. However, peremptory challenges shall not be exercised at that time.

(b)(1) Each accused and the trial counsel are entitled initially to one peremptory challenge of members of the court. The military judge may not be challenged except for cause.

(2) If exercise of a peremptory challenge reduces the court below the minimum number of members required by section sixteen of this article, the parties shall, notwithstanding section twenty-nine of this article, either exercise or waive any remaining peremptory challenge, not previously waived, against the remaining members of the court before additional members are detailed to the court.

(3) Whenever additional members are detailed to the court, and after any challenges for cause against such additional members are presented and decided, each accused and the trial counsel are entitled to one peremptory challenge against members not previously subject to peremptory challenge.
§15-1E-42. Oaths or affirmations.

(a) Before performing their respective duties, military judges, general and special courts-martial members, trial counsel, defense counsel, reporters, and interpreters shall take an oath or affirmation in the presence of the accused to perform their duties faithfully. The form of the oath or affirmation, the time and place of the taking thereof, the manner of recording the same, and whether the oath or affirmation shall be taken for all cases in which these duties are to be performed or for a particular case, shall be as prescribed in regulation or as provided by law. These regulations may provide that an oath or affirmation to perform faithfully the duties as a military judge, trial counsel, or defense counsel may be taken at any time by any judge advocate or other person certified or designated to be qualified or competent for the duty, and if such an oath or affirmation is taken, it need not again be taken at the time the judge advocate or other person is detailed to that duty.

(b) Each witness before a court-martial shall be examined under oath or affirmation.

§15-1E-43. Statute of limitations.

(a) Except as otherwise provided in this article, a person charged with any offense is not liable to be tried by court-martial or punished under section fifteen of this article if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising court-martial jurisdiction over the command or before the imposition of punishment under section fifteen of this article.

(b) Periods in which the accused is absent without authority or fleeing from justice shall be excluded in computing the period of limitation prescribed in this article.
(c) Periods in which the accused was absent from territory in which the state has the authority to apprehend him or her, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this article.

(d) When the United States is at war, the running of any statute of limitations applicable to any offense under this article:

(1) Involving fraud or attempted fraud against the United States, any state, or any agency of either in any manner, whether by conspiracy or not;

(2) Committed in connection with the acquisition, care, handling, custody, control, or disposition of any real or personal property of the United States or any state; or

(3) Committed in connection with the negotiation, procurement, award, performance, payment, interim financing, cancellation, or other termination or settlement, of any contract, subcontract, or purchase order which is connected with or related to the prosecution of the war, or with any disposition of termination inventory by any war contractor or government agency; is suspended until two years after the termination of hostilities as proclaimed by the President or by a joint resolution of Congress.

(e)(1) If charges or specifications are dismissed as defective or insufficient for any cause and the period prescribed by the applicable statute of limitations:

(A) Has expired or will expire.

(B) Will expire within one hundred eighty days after the date of dismissal of the charges and specifications, trial and punishment under new charges and specifications are not barred by the statute of limitations if the conditions specified in subdivision (2) are met.
(2) The conditions referred to in subdivision (1) are that
the new charges and specifications must:

(A) Be received by an officer exercising summary court-
martial jurisdiction over the command within one hundred
eighty days after the dismissal of the charges or
specifications; and

(B) Allege the same acts or omissions that were alleged
in the dismissed charges or specifications or allege acts or
omissions that were included in the dismissed charges or
specifications.

§15-1E-44. Former jeopardy.

(a) No person may, without his or her consent, be tried a
second time for the same offense.

(b) No proceeding in which an accused has been found
guilty by a court-martial upon any charge or specification is
a trial in the sense of this section until the finding of guilty
has become final after review of the case has been fully
completed.

(c) A proceeding which, after the introduction of
evidence but before a finding, is dismissed or terminated by
the convening authority or on motion of the prosecution for
failure of available evidence or witnesses without any fault
of the accused is a trial in the sense of this article.

§15-1E-45. Pleas of the accused.

(a) If an accused after arraignment makes an irregular
pleading, or after a plea of guilty sets up matter inconsistent
with the plea, or if it appears that the accused has entered the
plea of guilty improvidently or through lack of understanding
of its meaning and effect, or if the accused fails or refuses to
pled, a plea of not guilty shall be entered in the record, and
the court shall proceed as though the accused had pleaded not
guilty.

(b) With respect to any charge or specification to which
a plea of guilty has been made by the accused and accepted
by the military judge or by a court-martial without a military
judge, a finding of guilty of the charge or specification may
be entered immediately without vote. This finding shall
constitute the finding of the court unless the plea of guilty is
withdrawn prior to announcement of the sentence, in which
event, the proceedings shall continue as though the accused
had pleaded not guilty.

§15-lE-46. Opportunity to obtain witnesses and other evidence.

The trial counsel, the defense counsel, and the court-
martial shall have equal opportunity to obtain witnesses and
other evidence as prescribed by regulations and provided by
law. Process issued in court-martial cases to compel
witnesses to appear and testify and to compel the production
of other evidence shall apply the principles of law and the
rules of courts-martial generally recognized in military
criminal cases in the courts of the Armed Forces of the
United States, but which may not be contrary to or
inconsistent with this article. Process shall run to any part of
the United States, or the Territories, Commonwealths, and
possessions, and may be executed by civil officers as
prescribed by the laws of the place where the witness or
evidence is located or of the United States.

§15-lE-47. Refusal to appear or testify.

(a) Any person not subject to this article who:

(1) Has been duly subpoenaed to appear as a witness or
to produce books and records before a court-martial or court
of inquiry, or before any military or civil officer designated
to take a deposition to be read in evidence before such a
court;

(2) Has been duly paid or tendered the fees and mileage
of a witness at the rates allowed to witnesses attending a
criminal court of the state; and

(3) Willfully neglects or refuses to appear, or refuses to
qualify as a witness or to testify or to produce any evidence
which that person may have been legally subpoenaed to
produce; may be punished by the military court in the same
manner as a criminal court of the state.

(b) The fees and mileage of witnesses shall be advanced
or paid out of the appropriations for the compensation of
witnesses.

A military judge or summary court-martial officer may
punish for contempt any person who uses any menacing
word, sign, or gesture in its presence, or who disturbs its
proceedings by any riot or disorder.

(1) A person subject to this article may be punished for
contempt by confinement not to exceed thirty days or a fine
of $100, or both.

(2) A person not subject to this article may be punished
for contempt by a military court in the same manner as a
criminal court of the state.

§15-1E-49. Depositions.

(a) At any time after charges have been signed as
provided in section thirty of this article, any party may take
oral or written depositions unless the military judge or summary court-martial officer hearing the case or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by the laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(d) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence or, in the case of audiotape, videotape, digital image or file, or similar material, may be played in evidence before any military court, if it appears:

(1) That the witness resides or is beyond the state in which the court is ordered to sit, or beyond one hundred miles from the place of trial or hearing;

(2) That the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, non amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(3) That the present whereabouts of the witness is unknown.

(a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of inquiry.

(a) It is an affirmative defense in a trial by court-martial that, at the time of the commission of the acts constituting the offense, the accused, as a result of a severe mental disease or defect, was unable to appreciate the nature and quality or the wrongfulness of the acts. Mental disease or defect does not otherwise constitute a defense.

(b) The accused has the burden of proving the defense of lack of mental responsibility by clear and convincing evidence.

(c) Whenever lack of mental responsibility of the accused with respect to an offense is properly at issue, the military judge shall instruct the members of the court as to the defense of lack of mental responsibility under this section and charge them to find the accused:

(1) Guilty;
(2) Not guilty; or

(3) Not guilty only by reason of lack of mental responsibility.

(d) Subsection (c) does not apply to a court-martial composed of a military judge only. In the case of a court-martial composed of a military judge only or a summary court-martial officer, whenever lack of mental responsibility of the accused with respect to an offense is properly at issue, the military judge or summary court-martial officer shall find the accused:

(1) Guilty;

(2) Not guilty; or

(3) Not guilty only by reason of lack of mental responsibility.

(e) Notwithstanding the provisions of section fifty-two of this article, the accused shall be found not guilty only by reason of lack of mental responsibility if:

(1) A majority of the members of the court-martial present at the time the vote is taken determines that the defense of lack of mental responsibility has been established;

or

(2) In the case of a court-martial composed of a military judge only or a summary court-martial officer, the military judge or summary court-martial officer determines that the defense of lack of mental responsibility has been established.

§15-1E-51. Voting and rulings.

(a) Voting by members of a general or special court-martial on the findings and on the sentence shall be by secret
written ballot. The junior member of the court shall count
the votes. The count shall be checked by the president, who
shall forthwith announce the result of the ballot to the
members of the court.

(b) The military judge shall rule upon all questions of law
and all interlocutory questions arising during the
proceedings. Any such ruling made by the military judge
upon any question of law or any interlocutory question other
than the factual issue of mental responsibility of the accused
is final and constitutes the ruling of the court. However, the
military judge may change the ruling at any time during the
trial. Unless the ruling is final, if any member objects
thereto, the court shall be cleared and closed and the question
decided by a voice vote as provided in section fifty-two of
this article, beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military
judge shall, in the presence of the accused and counsel,
instruct the members of the court as to the elements of the
offense and charge them:

(1) That the accused must be presumed to be innocent
until his or her guilt is established by legal and competent
evidence beyond reasonable doubt;

(2) That in the case being considered, if there is a or
reasonable doubt as to the guilt of the accused, the doubt
must be resolved in favor of the accused and the accused
must be acquitted;

(3) That, if there is a reasonable doubt as to the degree of
guilt, the finding must be in a lower degree as to which there
is no reasonable doubt; and

(4) That the burden of proof to establish the guilt of the
accused beyond reasonable doubt is upon the state.
(d) Subsections (a), (b), and (c) do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition, on request, find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein.

§15-1E-52. Number of votes required.

(a) No person may be convicted of an offense except as provided in section forty-two of this article or by the concurrence of two thirds of the members present at the time the vote is taken.

(b) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote, but a determination to reconsider a finding of guilty or to reconsider a sentence, with a view toward decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion relating to the question of the accused’s sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

§15-1E-53. Court to announce action.

A court-martial shall announce its findings and sentence to the parties as soon as determined.

§15-1E-54. Record of trial.

(a) Each general and special court-martial shall keep a separate record of the proceedings in each case brought
before it, and the record shall be authenticated by the
signature of the military judge. If the record cannot be
authenticated by the military judge by reason of his or her
death, disability, or absence, it shall be authenticated by the
signature of the trial counsel or by that of a member, if the
trial counsel is unable to authenticate it by reason of his or
her death, disability, or absence. In a court-martial consisting
of only a military judge, the record shall be authenticated by
the court reporter under the same conditions which would
impose such a duty on a member under this subsection.

(b) (1) A complete verbatim record of the proceedings
and testimony shall be prepared in each general and special
court-martial case resulting in a conviction.

(2) In all other court-martial cases, the record shall
contain such matters as may be prescribed by regulations.

(c) Each summary court-martial shall keep a separate
record of the proceedings in each case, and the record shall
be authenticated in the manner as may be prescribed by
regulations.

(d) A copy of the record of the proceedings of each
general and special court-martial shall be given to the
accused as soon as it is authenticated.

PART VIII. SENTENCES.

§15-1E-55. Cruel and unusual punishments prohibited.

Punishment by flogging, or by branding, marking, or
tattooing on the body, or any other cruel or unusual
punishment may not be adjudged by a court-martial or
inflicted upon any person subject to this article. The use of
irons, single or double, except for the purpose of safe
custody, is prohibited.

(a) The punishment which a court-martial may direct for an offense may not exceed such limits as prescribed by this article, but in no instance may a sentence exceed more than ten years for a military offense, nor shall a sentence of death be adjudged. A conviction by general court-martial of any military offense for which an accused may receive a sentence of confinement for more than one year is a felony offense. Except for convictions by a summary court-martial, all other military offenses are misdemeanors. Any conviction by a summary court-martial is not a criminal conviction.

(b) The limits of punishment for violations of the punitive articles prescribed herein shall be lesser of the sentences prescribed by the manual for courts-martial of the United States in effect on January 1, 2004, and the state manual for courts-martial, but in no instance shall any punishment exceed that authorized by this article.

§15-1E-57. Effective date of sentences.

(a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement.
§15-1E-57a. Deferment of sentences.

(a) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under that person's jurisdiction, the person exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in that person's sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the person who granted it or, if the accused is no longer under that person's jurisdiction, by the person exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(b)(1) In any case in which a court-martial sentences an accused referred to in subdivision (2) of this subsection, to confinement, the convening authority may defer the service of the sentence to confinement, without the consent of the accused, until after the accused has been permanently released to the state military forces by a state, the United States, or a foreign country referred to in that subdivision.

(2) Subdivision (1) of this subsection applies to a person subject to this article who:

(A) While in the custody of a state, the United States, or a foreign country is temporarily returned by that state, the United States, or a foreign country to the state military forces for trial by court-martial; and

(B) After the court-martial, is returned to that state, the United States, or a foreign country under the authority of a mutual agreement or treaty, as the case may be.
(3) In this subsection, the term "state" includes the District of Columbia and any Commonwealth, Territory, or possession of the United States.

(c) In any case in which a court-martial sentences an accused to confinement and the sentence to confinement has been ordered executed, but in which review of the case under subsection (a), section sixty-seven of this article is pending, the Adjutant General may defer further service of the sentence to confinement while that review is pending.

(a) A sentence of confinement adjudged by a court-martial, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place authorized by this article. Persons so confined are subject to the same discipline and treatment as persons regularly confined or committed to that place of confinement.

(b) The omission of "hard labor" as a sentence authorized under this article does not deprive the state confinement facility from employing it, if it otherwise is within the authority of that facility to do so.

(c) No place of confinement may require payment of any fee or charge for so receiving or confining a person except as otherwise provided by law.

§15-1E-58a. Sentences: reduction in enlisted grade upon approval.

(a) A court-martial sentence of an enlisted member in a pay grade above E-1, as approved by the convening authority, that includes:
(1) A dishonorable or bad-conduct discharge; or

(2) Confinement; reduces that member to pay grade E-1, effective on the date of that approval.

(b) If the sentence of a member who is reduced in pay grade under subsection (a) is set aside or disapproved, or, as finally approved, does not include any punishment named in subsection (a), the rights and privileges of which the person was deprived because of that reduction shall be restored, including pay and allowances.

(a)(1) A court-martial sentence described in subdivision (2) of this subsection shall result in the forfeiture of pay, or of pay and allowances, due that member during any period of confinement or parole. The forfeiture pursuant to this section shall take effect on the date determined under subsection (a), section fifty-seven of this article and may be deferred as provided by that section. The pay and allowances forfeited, in the case of a general court-martial, shall be all pay and allowances due that member during such period and, in the case of a special court-martial, shall be two-thirds of all pay due that member during such period.

(2) A sentence covered by this section is any sentence that includes:

(A) Confinement for more than six months; or

(B) Confinement for six months or less and a dishonorable or bad-conduct discharge or dismissal.

(b) In a case involving an accused who has dependents, the convening authority or other person acting under section
sixty of this article may waive any or all of the forfeitures of pay and allowances required by subsection (a) for a period not to exceed six months. Any amount of pay or allowances that, except for a waiver under this subsection, would be forfeited shall be paid, as the convening authority or other person taking action directs, to the dependents of the accused.

(c) If the sentence of a member who forfeits pay and allowances under subsection (a) is set aside or disapproved or, as finally approved, does not provide for a punishment referred to in subdivision (2), subsection (a), the member shall be paid the pay and allowances which the member would have been paid, except for the forfeiture, for the period during which the forfeiture was in effect.

PART IX. POST-TRIAL PROCEDURE AND REVIEW OF COURTS-MARTIAL.

§15-1E-59. Error of law; lesser included offense.

(a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm, instead, so much of the finding as includes a lesser included offense.

§15-1E-60. Action by the convening authority.

(a) The findings and sentence of a court-martial shall be reported promptly to the convening authority after the announcement of the sentence.

(b)(1) The accused may submit to the convening authority matters for consideration by the convening
authority with respect to the findings and the sentence. Any
such submission shall be in writing. Except in a summary
court-martial case, such a submission shall be made within
ten days after the accused has been given an authenticated
record of trial and, if applicable, the recommendation of a
judge advocate under subsection (d). In a summary court-
martial case, such a submission shall be made within seven
days after the sentence is announced.

(2) If the accused shows that additional time is required
for the accused to submit such matters, the convening
authority or other person taking action under this section, for
good cause, may extend the applicable period under
subdivision (1) for not more than an additional twenty days.

(3) In a summary court-martial case, the accused shall be
promptly provided a copy of the record of trial for use in
preparing a submission authorized by subdivision (1).

(4) The accused may waive the right to make a
submission to the convening authority under subdivision (1).
Such a waiver must be made in writing and may not be
revoked. For the purposes of subdivision (2), subsection (c),
the time within which the accused may make a submission
under this subsection shall be deemed to have expired upon
the submission of such a waiver to the convening authority.

(c)(1) The authority under this section to modify the
findings and sentence of a court-martial is a matter of
command prerogative involving the sole discretion of the
convening authority. If it is impractical for the convening
authority to act, the convening authority shall forward the
case to a person exercising general court-martial jurisdiction
who may take action under this section.

(2) Action on the sentence of a court-martial shall be
taken by the convening authority or by another person
authorized to act under this section. Such action may be taken only after consideration of any matters submitted by the accused under subsection (b) or after the time for submitting such matters expires, whichever is earlier. The convening authority or other person taking such action, in that person's sole discretion may approve, disapprove, commute, or suspend the sentence in whole or in part.

(3) Action on the findings of a court-martial by the convening authority or other person acting on the sentence is not required. However, such person, in the person's sole discretion may:

(A) Dismiss any charge or specification by setting aside a finding of guilty thereto; or

(B) Change a finding of guilty to a charge or specification to a finding of guilty to an offense that is a lesser included offense of the offense stated in the charge or specification.

(d) Before acting under this section on any general or special court-martial case in which there is a finding of guilt, the convening authority or other person taking action under this section shall obtain and consider the written recommendation of a judge advocate. The convening authority or other person taking action under this section shall refer the record of trial to the judge advocate, and the judge advocate shall use such record in the preparation of the recommendation. The recommendation of the judge advocate shall include such matters as may be prescribed by regulation and shall be served on the accused, who may submit any matter in response under subsection (b). Failure to object in the response to the recommendation or to any matter attached to the recommendation waives the right to object thereto.

(e)(1) The convening authority or other person taking action under this section, in the person's sole discretion, may order a proceeding in revision or a rehearing.
(2) A proceeding in revision may be ordered if there is an apparent error or omission in the record or if the record shows improper or inconsistent action by a court-martial with respect to the findings or sentence that can be rectified without material prejudice to the substantial rights of the accused. In no case, however, may a proceeding in revision:

(A) Reconsider a finding of not guilty of any specification or a ruling which amounts to a finding of not guilty;

(B) Reconsider a finding of not guilty of any charge, unless there has been a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this article; or

(C) Increase the severity of the sentence unless the sentence prescribed for the offense is mandatory.

(3) A rehearing may be ordered by the convening authority or other person taking action under this section if that person disapproves the findings and sentence and states the reasons for disapproval of the findings. If such person disapproves the findings and sentence and does not order a rehearing, that person shall dismiss the charges. A rehearing as to the findings may not be ordered where there is a lack of sufficient evidence in the record to support the findings. A rehearing as to the sentence may be ordered if the convening authority or other person taking action under this subsection disapproves the sentence.

§15-1E-61. Withdrawal of appeal.

(a) In each case subject to appellate review under this article, the accused may file with the convening authority a statement expressly withdrawing the right of the accused to such appeal. Such a withdrawal shall be signed by both the
accused and his or her defense counsel and must be filed in accordance with appellate procedures as provided by law.

(b) The accused may withdraw an appeal at any time in accordance with appellate procedures as provided by law.

§15-1E-62. Appeal by the state.

(a)(1) In a trial by court-martial in which a punitive discharge may be adjudged, the state may appeal the following, other than a finding of not guilty with respect to the charge or specification by the members of the court-martial, or by a judge in a bench trial so long as it is not made in reconsideration:

(A) An order or ruling of the military judge which terminates the proceedings with respect to a charge or specification.

(B) An order or ruling which excludes evidence that is substantial proof of a fact material in the proceeding.

(C) An order or ruling which directs the disclosure of classified information.

(D) An order or ruling which imposes sanctions for nondisclosure of classified information.

(E) A refusal of the military judge to issue a protective order sought by the state to prevent the disclosure of classified information.

(F) A refusal by the military judge to enforce an order described in paragraph (E) that has previously been issued by appropriate authority.
An appeal of an order or ruling may not be taken unless the trial counsel provides the military judge with written notice of appeal from the order or ruling within seventy-two hours of the order or ruling. Such notice shall include a certification by the trial counsel that the appeal is not taken for the purpose of delay and, if the order or ruling appealed is one which excludes evidence, that the evidence excluded is substantial proof of a fact material in the proceeding.

(3) An appeal under this section shall be diligently prosecuted as provided by law.

(b) An appeal under this section shall be forwarded to the court prescribed in section sixty-seven-a of this article. In ruling on an appeal under this article, that court may act only with respect to matters of law.

(c) Any period of delay resulting from an appeal under this section shall be excluded in deciding any issue regarding denial of a speedy trial unless an appropriate authority determines that the appeal was filed solely for the purpose of delay with the knowledge that it was totally frivolous and without merit.

§15-1E-63. Rehearings.

Each rehearing under this article shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he or she was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be approved, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. If the sentence
approved after the first court-martial was in accordance with a pretrial agreement and the accused at the rehearing changes a plea with respect to the charges or specifications upon which the pretrial agreement was based, or otherwise does not comply with the pretrial agreement, the approved sentence as to those charges or specifications may include any punishment not in excess of that lawfully adjudged at the first court-martial.

§15-1E-64. Review by the senior force judge advocate.

(a) Each general and special court-martial case in which there has been a finding of guilty shall be reviewed by the senior force judge advocate, or a designee. The senior force judge advocate, or designee, may not review a case under this subsection if that person has acted in the same case as an accuser, investigating officer, member of the court, military judge, or counsel or has otherwise acted on behalf of the prosecution or defense. The senior force judge advocate’s review shall be in writing and shall contain the following:

(1) Conclusions as to whether:

(A) The court had jurisdiction over the accused and the offense;

(B) The charge and specification stated an offense; and

(C) The sentence was within the limits prescribed as a matter of law.

(2) A response to each allegation of error made in writing by the accused.

(3) If the case is sent for action under subsection (b), a recommendation as to the appropriate action to be taken and an opinion as to whether corrective action is required as a matter of law.
(b) The record of trial and related documents in each case reviewed under subsection (a) shall be sent for action to the Adjutant General, if:

(1) The judge advocate who reviewed the case recommends corrective action;

(2) The sentence approved under subsection (c), section sixty of this article extends to dismissal, a bad-conduct or dishonorable discharge, or confinement for more than six months; or

(3) Such action is otherwise required by regulations of the Adjutant General.

(c)(1) The Adjutant General may:

(A) Disapprove or approve the findings or sentence, in whole or in part;

(B) Remit, commute, or suspend the sentence in whole or in part;

(C) Except where the evidence was insufficient at the trial to support the findings, order a rehearing on the findings, on the sentence, or on both; or

(D) Dismiss the charges.

(2) If a rehearing is ordered but the convening authority finds a rehearing impracticable, the convening authority shall dismiss the charges.

(3) If the opinion of the senior force judge advocate, or designee, in the senior force judge advocate’s review under subsection (a) is that corrective action is required as a matter of law and if the Adjutant General does not take action that is at least as favorable to the accused as that recommended by
50 the judge advocate, the record of trial and action thereon shall
51 be sent to the Governor for review and action as deemed
52 appropriate.

53 (d) The senior force judge advocate, or a designee, may
54 review any case in which there has been a finding of not
55 guilty of all charges and specifications. The senior force
56 judge advocate, or designee, may not review a case under this
57 subsection if that person has acted in the same case as an
58 accuser, investigating officer, member of the court, military
59 judge, or counsel or has otherwise acted on behalf of the
60 prosecution or defense. The senior force judge advocate’s
61 review shall be limited to questions of subject matter
62 jurisdiction.

63 (e) The record of trial and related documents in each case
64 reviewed under subsection (d) shall be sent for action to The
65 Adjutant General. The Adjutant General may:

66 (1) When subject matter jurisdiction is found to be
67 lacking, void the court-martial ab initio, with or without
68 prejudice to the Government, as the Adjutant General deems
69 appropriate; or

70 (2) Return the record of trial and related documents to the
71 senior force judge advocate for appeal by the Government as
72 provided by law.

§15-1E-65. Disposition of records after review by the convening
authority.

2 trial and related documents shall be transmitted and disposed
3 of as prescribed by regulation and provided by law.

Appellate government counsel must be a member in good standing of the bar of the highest court of the state to which the appeal is taken.

(b) Upon an appeal by the state, an accused has the right to be represented by detailed military counsel before any reviewing authority and before any appellate court.

(c) Upon the appeal by an accused, the accused has the right to be represented by military counsel before any reviewing authority.

(d) Upon the request of an accused entitled to be so represented, the senior force judge advocate shall appoint a judge advocate to represent the accused in the review or appeal of cases specified in subsections (b) and (c) of this section.
Ch. 200] UNIFORM STATE MILITARY CODE OF JUSTICE 2151

(e) An accused may be represented by civilian appellate counsel at no expense to the state.

§15-1E-71. Execution of sentence; suspension of sentence.

(a) If the sentence of the court-martial extends to dismissal or a dishonorable or bad-conduct discharge and if the right of the accused to appellate review is not waived, and an appeal is not withdrawn under section sixty-one of this article, that part of the sentence extending to dismissal or a dishonorable or bad-conduct discharge may not be executed until there is a final judgment as to the legality of the proceedings. A judgment as to the legality of the proceedings is final in such cases when review is completed by an appellate court prescribed in section sixty-seven-a of this article, and is deemed final by the law of state where the judgment was had.

(b) If the sentence of the court-martial extends to dismissal or a dishonorable or bad conduct discharge and if the right of the accused to appellate review is waived, or an appeal is withdrawn under section sixty-one of this article, that part of the sentence extending to dismissal or a dishonorable or bad-conduct discharge may not be executed until review of the case by the senior force judge advocate and any action on that review under section sixty-four of this article is completed. Any other part of a court-martial sentence may be ordered executed by the convening authority or other person acting on the case under section sixty of this article when so approved under that section.

§15-1E-72. Vacation of suspension.

(a) Before the vacation of the suspension of a special court-martial sentence, which as approved includes a bad-conduct discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on an alleged violation of
probation. The probationer shall be represented at the hearing by military counsel if the probationer so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the officer exercising general court-martial jurisdiction over the probationer. If the officer vacates the suspension, any unexecuted part of the sentence, except a dismissal, shall be executed, subject to applicable restrictions in this article.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

§15-1E-73. Petition for a new trial.

At any time within two years after approval by the convening authority of a court-martial sentence the accused may petition the Adjutant General for a new trial on the grounds of newly discovered evidence or fraud on the court-martial.

§15-1E-74. Remission and suspension.

(a) Any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures other than a sentence approved by the Governor.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.
§15-1E-75. Restoration.

(a) Under such regulations as may be prescribed, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon the new trial or rehearing.

(b) If a previously executed sentence of dishonorable or bad-conduct discharge is not imposed on a new trial, the Governor may substitute therefore a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of the accused's enlistment.

(c) If a previously executed sentence of dismissal is not imposed on a new trial, the Governor may substitute therefore a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the Governor alone to such commissioned grade and with such rank as in the opinion of the Governor that former officer would have attained had he not been dismissed. The reappointment of such a former officer shall be without regard to the existence of a vacancy and shall affect the promotion status of other officers only insofar as the Governor may direct. All time between the dismissal and the reappointment shall be considered as actual service for all purposes, including the right to pay and allowances.

§15-1E-76. Finality of proceedings, findings, and sentences.

Under regulations prescribed, an accused who has been sentenced by a court-martial may be required to take leave pending completion of action under this section if the sentence, as approved under section sixty of this article, includes an unsuspended dismissal or an unsuspended dishonorable or bad-conduct discharge. The accused may be required to begin such leave on the date on which the sentence is approved under section sixty of this article or at any time after such date, and such leave may be continued until the date on which action under this section is completed or may be terminated at any earlier time.

(a) Persons incompetent to stand trial.

(1) In the case of a person determined under this article to be presently suffering from a mental disease or defect rendering the person mentally incompetent to the extent that the person is unable to understand the nature of the proceedings against that person or to conduct or cooperate intelligently in the defense of the case, the general court-
martial convening authority for that person shall commit the
person to the custody of the Department of Health and
Human Resources.

(2) The Department of Health and Human Resources
shall take action in accordance with the state statute
applicable to persons incompetent to stand trial. If at the end
of the period for hospitalization provided in the state statute
applicable to persons incompetent to stand trial, it is
determined that the committed person’s mental condition has
not so improved as to permit the trial to proceed, action shall
be taken in accordance with the state statute applicable to
persons incompetent to stand trial.

(3)(A) When the director of a facility in which a person
is hospitalized pursuant to subdivision (2) determines that the
person has recovered to such an extent that the person is able
to understand the nature of the proceedings against the person
and to conduct or cooperate intelligently in the defense of the
case, the director shall promptly transmit a notification of that
determination to the Department of Health and Human
Resources and to the general court-martial convening
authority for the person. The director shall send a copy of the
notification to the person’s counsel.

(B) Upon receipt of a notification, the general court-
martial convening authority shall promptly take custody of

subject to this article, the Department of Health and Human
Resources shall take any action within its authority it
considers appropriate regarding the person.

(C) The director of the facility may retain custody of the

notifications required by subdivision (3), subsection (a).
(4) In the application of the state statute applicable to persons incompetent to stand trial to a case under this subsection, references to the court that ordered the commitment of a person, and to the clerk of such court, shall be deemed to refer to the general court-martial convening authority for that person. However, if the person is no longer subject to this article at a time relevant to the application of such section to the person, the state trial court with felony jurisdiction in the county where the person is hospitalized or otherwise may be found shall be considered as the court that ordered the commitment of the person.

(b) Persons found not guilty by reason of lack of mental responsibility.

(1) If a person is found by a court-martial not guilty only by reason of lack of mental responsibility, the person shall be committed to a suitable facility until the person is eligible for release in accordance with this article.

(2) The court-martial shall conduct a hearing on the mental condition in accordance with the state statute applicable to persons incompetent to stand trial.

(3) A report of the results of the hearing shall be made to the general court-martial convening authority for the person.

(4) If the court-martial fails to find, by the standard specified in the state statute applicable to persons incompetent to stand trial, that the person’s release would not create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect:

(A) The general court-martial convening authority may commit the person to the custody of the Department of Health and Human Resources; and
(B) The Department of Health and Human Resources shall take action in accordance with the state statute applicable to persons incompetent to stand trial.

(5) The state statute applicable to persons incompetent to stand trial, shall apply in the case of a person hospitalized pursuant to paragraph (B), subdivision (4), except that the state trial court with felony jurisdiction in the county where the person is hospitalized shall be considered as the court that ordered the person’s commitment.

(2) If the status of a person as described in section two of this article, terminates while the person is, pursuant to this section, in the custody of the Department of Health and Human Resources, hospitalized, or on conditional release
under a prescribed regimen of medical, psychiatric, or psychological care or treatment, the provisions of this section establishing requirements and procedures regarding a person no longer subject to this article shall continue to apply to that person notwithstanding the change of status.

Be it enacted by the Legislature of West Virginia:

That §8-19-12a of the Code of West Virginia, 1931, as amended, be amended and reenacted; that §8-20-10 of said code be amended and reenacted; that §16-13-16 of said code be amended and reenacted; that §16-13A-9 of said code be amended and reenacted; and that §24-3-10 of said code be amended and reenacted, all to read as follows:

CHAPTER 8. MUNICIPAL CORPORATIONS.

ARTICLE 19. MUNICIPAL AND COUNTY WATERWORKS AND ELECTRIC POWER SYSTEMS.

§8-19-12a. Deposit required for new customers; lien for delinquent service rates and charges; failure to cure delinquency; payment from deposit; reconnecting deposit; return of deposit; liens; civil actions; deferral of filing fees and costs in magistrate court action; limitations with respect to foreclosure.

(a)(1) Whenever any rates and charges for water services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the property and the owner thereof, as well as the user of the services and facilities provided, shall be delinquent and the owner, user and property shall be held liable at law until such time as all such rates and charges are fully paid. When a payment has become delinquent, the municipality may utilize any funds held as a security deposit to satisfy the delinquent payment.
10 All new applicants for service shall indicate to the municipality or governing body whether they are an owner or tenant with respect to the service location.

13 (2) The municipality or governing body, but only one of them, may collect from all new applicants for service a deposit of $50 or two twelfths of the average annual usage of the applicant’s specific customer class, whichever is greater, to secure the payment of water service rates, fees and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent and the user’s service is disconnected or terminated, no reconnection or reinstatement of service may be made by the municipality or governing body until another deposit equal to $50 or a sum equal to two twelfths of the average usage for the applicant’s specific customer class, whichever is greater, is remitted to the municipality or governing body. After twelve months of prompt payment history, the municipality or governing body shall return the deposit to the customer or credit the customer’s account with interest at a rate as the Public Service Commission may prescribe: Provided, That where the customer is a tenant, the municipality or governing body is not required to return the deposit until the time the tenant discontinues service with the municipality or governing body.

Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The municipality or governing body may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water services to a delinquent user of water facilities ten days after the water services become delinquent regardless of whether the municipality or governing body utilizes the security deposit to satisfy any delinquent payments: Provided, however, That nothing
contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the municipality or governing body to accept payment at the customer's premises in lieu of discontinuing service for a delinquent bill.

(b) All rates or charges for water service whenever delinquent shall be liens of equal dignity, rank and priority with the lien on such premises of state, county, school and municipal taxes for the amount thereof upon the real property served, and the municipality shall have plenary power and authority from time to time to enforce such lien in a civil action to recover the money due for such services rendered plus court fees and costs and a reasonable attorney's fee: Provided, That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of such real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(c) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

(d) No municipality may foreclose upon the premises served by it for delinquent rates or charges for which a lien is authorized by this section except through the bringing and maintenance of a civil action for such purpose brought in the circuit court of the county wherein the municipality lies. In every such action, the court shall be required to make a
finding based upon the evidence and facts presented that the
municipality had exhausted all other remedies for the
collection of debts with respect to such delinquencies prior to
the bringing of such action. In no event shall foreclosure
procedures be instituted by any municipality or on its behalf
unless such delinquency had been in existence or continued
for a period of two years from the date of the first such
delinquency for which foreclosure is being sought.

ARTICLE 20. COMBINED SYSTEMS.

§8-20-10. Power and authority of municipality to enact
ordinances and make rules and fix rates, fees or
charges; deposit required for new customers;
change in rates, fees or charges; failure to cure
delinquency; delinquent rates, discontinuance of
service; reconnecting deposit; return of deposit;
fees or charges as liens; civil action for recovery
thereof; deferral of filing fees and costs in
magistrate court action; limitations with respect
to foreclosure.

(a)(1) The governing body of a municipality availing
itself of the provisions of this article shall have plenary power
and authority to make, enact and enforce all necessary rules
for the repair, maintenance, operation and management of the
combined system of the municipality and for the use thereof.
The governing body of a municipality also has the plenary
power and authority to make, enact and enforce all necessary
rules and ordinances for the care and protection of any such
system for the health, comfort and convenience of the public,
to provide a clean water supply, to provide properly treated
sewage insofar as it is reasonably possible to do and, if
applicable, to properly collecting and controlling the
stormwater as is reasonably possible to do: Provided, That no
municipality may make, enact or enforce any rule, regulation
or ordinance regulating any highways, road or drainage
easements or storm water facilities constructed, owned or
operated by the West Virginia Division of Highways.

(2) A municipality has the plenary power and authority
to charge the users for the use and service of a combined
system and to establish required deposits, rates, fees or
charges for such purpose. Separate deposits, rates, fees or
charges may be fixed for the water and sewer services
respectively and, if applicable, the stormwater services, or
combined rates, fees or for the combined water and sewer
services, and, if applicable, the storm water services. Such
deposits, rates, fees or charges, whether separate or
combined, shall be sufficient at all times to pay the cost of
repair, maintenance and operation of the combined system,
provide an adequate reserve fund, an adequate depreciation
fund and pay the principal and interest upon all revenue
bonds issued under this article. Deposits, rates, fees or
charges shall be established, revised and maintained by
ordinance and become payable as the governing body may
determine by ordinance. The rates, fees or charges shall be
changed, from time to time, as necessary, consistent with the
provisions of this article.

(3) All new applicants for service shall indicate to the
municipality or governing body whether they are an owner or
tenant with respect to the service location. An entity
providing stormwater service shall provide a tenant a report
of the stormwater fee charged for the entire property and, if
appropriate, that portion of the fee to be assessed to the
tenant.

(4) The municipality or governing body, but only one of
them, may collect from all new applicants for service a
deposit of $100 or two twelfths of the average annual usage
of the applicant’s specific customer class, whichever is
greater, to secure the payment of water and sewage service
rates, fees and charges in the event they become delinquent
as provided in this section. In any case where a deposit is
forfeited to pay service rates, fees and charges which were
delinquent and the user’s service is disconnected or
terminated, service may not be reconnected or reinstated by
the municipality or governing body until another deposit
equal to $100 or a sum equal to two twelfths of the average
usage for the applicant’s specific customer class, whichever
is greater, is remitted to the municipality or governing body.
After twelve months of prompt payment history, the
municipality or governing body shall return the deposit to the
customer or credit the customer’s account with interest at a
rate to be set by the Public Service Commission: Provided,
That where the customer is a tenant, the municipality or
governing body is not required to return the deposit until the
time the tenant discontinues service with the municipality
governing body. Whenever any rates, fees, rentals or charges
for services or facilities furnished remain unpaid for a period
of twenty days after they become due, the user of the services
and facilities provided is delinquent and the user is liable at
law until all rates, fees and charges are fully paid. The
municipality or governing body may terminate water services
to a delinquent user of either water or sewage facilities, or
both, ten days after the water or sewage services become
delinquent regardless of whether the governing body utilizes
the security deposit to satisfy any delinquent payments:
Provided, however, That any termination of water service
must comply with all rules and orders of the Public Service
Commission: Provided further, That nothing contained
within the rules of the Public Service Commission shall be
deemed to require any agents or employees of the
municipality or governing body to accept payment at the
customer’s premises in lieu of discontinuing service for a
delinquent bill.

(b) Whenever any rates, fees or charges for services or
facilities furnished remain unpaid for a period of twenty days
after they become due, the user of the services and facilities
provided shall be delinquent and the municipality or
governing body may apply any deposit against any
delinquent fee. The user is liable until such time as all rates,
fees and charges are fully paid.

(c) All rates, fees or charges for water service, sewer
service and, if applicable, stormwater service, whenever
delinquent, as provided by ordinance of the municipality,
shall be liens of equal dignity, rank and priority with the lien
on such premises of state, county, school and municipal taxes
for the amount thereof upon the real property served. The
municipality has the plenary power and authority to enforce
such lien in a civil action to recover the money due for
services rendered plus court fees and costs and reasonable
attorney’s fees: Provided, That an owner of real property may
not be held liable for the delinquent rates, fees or charges for
services or facilities of a tenant, nor shall any lien attach to
real property for the reason of delinquent rates, fees or
charges for services or facilities of a tenant of the real
property, unless the owner has contracted directly with the
municipality to purchase such services or facilities.

(d) Municipalities are hereby granted a deferral of filing
fees or other fees and costs incidental to filing an action in
magistrate court for collection of the delinquent rates and
charges. If the municipality collects the delinquent account,
plus fees and costs, from its customer or other responsible
party, the municipality shall pay to the magistrate court the
filing fees or other fees and costs which were previously
defferred.

(e) No municipality may foreclose upon the premises
served by it for delinquent rates, fees or charges for which a
lien is authorized by this section except through a civil action
in the circuit court of the county wherein the municipality
lies. In every such action, the court shall be required to make
a finding based upon the evidence and facts presented that the
municipality has exhausted all other remedies for collection of debts with respect to such delinquencies prior to bringing the action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless the delinquency has been in existence or continued for a period of two years from the date of the first delinquency for which foreclosure is being sought.

(f) Notwithstanding any other provision contained in this article, a municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. §122.26, has the authority to enact ordinances or regulations which allow for the issuance of orders, the right to enter properties and the right to impose reasonable fines and penalties regarding correction of violations of municipal stormwater ordinances or regulations within the municipal watershed served by the municipal stormwater system, as long as such rules, regulations, fines or acts are not contrary to any rules or orders of the Public Service Commission.

(g) Notice of a violation of a municipal stormwater ordinance or regulation shall be served in person to the alleged violator or by certified mail, return receipt requested. The notice shall state the nature of the violation, the potential penalty, the action required to correct the violation and the time limit for making the correction. Should a person, after receipt of proper notice, fail to correct violation of the municipal stormwater ordinance or regulation, the municipality may correct or have the corrections of the violation made and bring the party into compliance with the applicable stormwater ordinance or regulation. The municipality may collect the costs of correcting the violation from the person by instituting a civil action, as long as such actions are not contrary to any rules or orders of the Public Service Commission.
A municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community shall prepare an annual report detailing the collection and expenditure of rates, fees or charges and make it available for public review at the place of business of the governing body and the stormwater utility main office.

13A. Public Service Districts.

ARTICLE 13. SEWAGE WORKS AND STORMWATER WORKS.

§16-13-16. Rates for service; deposit required for new customers; forfeiture of deposit; reconnecting deposit; tenant's deposit; change or readjustment; hearing; lien and recovery; discontinuance of services.

A governing body has the power and duty, by ordinance, to establish and maintain just and equitable rates, fees or charges for the use of and the service rendered by:

(a) Sewerage works, to be paid by the owner of each and every lot, parcel of real estate or building that is connected with and uses such works by or through any part of the sewerage system of the municipality or that in any way uses or is served by such works; and

(b) Stormwater works, to be paid by the owner of each and every lot, parcel of real estate or building that in any way uses or is served by such stormwater works or whose property is improved or protected by the stormwater works or any user of such stormwater works.
(c) The governing body may change and readjust such rates, fees or charges from time to time. However, no rates, fees or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia Division of Highways.

(d) All new applicants for service shall indicate to the governing body whether they are an owner or tenant with respect to the service location. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(e) The governing body may collect from all new applicants for service a deposit of $50 or two twelfths of the average annual usage of the applicant’s specific customer class, whichever is greater, to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, service may not be reconnected or reinstated by the governing body until another deposit equal to $50 or a sum equal to two twelfths of the average usage for the applicant’s specific customer class, whichever is greater, is remitted to the governing body. After twelve months of prompt payment history, the governing body shall return the deposit to the customer or credit the customer’s account with interest at a rate as the Public Service Commission may prescribe: Provided, That where the customer is a tenant, the governing body is not required to return the deposit until the time the tenant discontinues service with the governing body. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after they become due, the user of the services and facilities
provided is delinquent. The user is liable until all rates, fees
and charges are fully paid. The governing body may, under
reasonable rules promulgated by the Public Service
Commission, shut off and discontinue water services to a
delinquent user of sewer facilities ten days after the sewer
services become delinquent regardless of whether the
governing body utilizes the security deposit to satisfy any
delinquent payments. Provided, however, That nothing
contained within the rules of the Public Service Commission
shall be deemed to require any agents or employees of the
governing body to accept payment at the customer's premises
in lieu of discontinuing service for a delinquent bill.

(f) Such rates, fees or charges shall be sufficient in each
year for the payment of the proper and reasonable expense of
operation, repair, replacements and maintenance of the works
and for the payment of the sums herein required to be paid
into the sinking fund. Revenues collected pursuant to this
section shall be considered the revenues of the works.

(g) No such rates, fees or charges shall be established
until after a public hearing, at which all the users of the
works and owners of property served or to be served thereby
and others interested shall have an opportunity to be heard
concerning the proposed rates, fees or charges.

(h) After introduction of the ordinance fixing such rates,
fees or charges, and before the same is finally enacted, notice
of such hearing, setting forth the proposed schedule of rates,
fees or charges, shall be given by publication as a Class II-0
legal advertisement in compliance with the provisions of
article three, chapter fifty-nine of this code and the
publication area for such publication shall be the
municipality. The first publication shall be made at least ten
days before the date fixed in the notice for the hearing.

(i) After the hearing, which may be adjourned, from time
to time, the ordinance establishing rates, fees or charges,
either as originally introduced or as modified and amended, shall be passed and put into effect. A copy of the schedule of the rates, fees and charges shall be kept on file in the office of the board having charge of the operation of such works, and also in the office of the clerk of the municipality, and shall be open to inspection by all parties interested. The rates, fees or charges established for any class of users or property served shall be extended to cover any additional premises thereafter served which fall within the same class, without the necessity of any hearing or notice.

(j) Any change or readjustment of such rates, fees or charges may be made in the same manner as the rates, fees or charges were originally established as hereinbefore provided: Provided, That if a change or readjustment be made substantially pro rata, as to all classes of service, no hearing or notice shall be required. The aggregate of the rates, fees or charges shall always be sufficient for the expense of operation, repair and maintenance and for the sinking fund payments.

(k) All rates, fees or charges, if not paid when due, shall constitute a lien upon the premises served by such works. If any service rate, fees or charge is not paid within twenty days after it is due, the amount thereof, together with a penalty of ten percent and a reasonable attorney’s fee, may be recovered by the board in a civil action in the name of the municipality. The lien may be foreclosed against such lot, parcel of land or building in accordance with the laws relating thereto. Where both water and sewer services are furnished by any municipality to any premises, the schedule of charges may be billed as a single amount or individually itemized and billed for the aggregate thereof.

(l) Whenever any rates, rentals, fees or charges for services or facilities furnished shall remain unpaid for a period of twenty days after they become due, the property
and the owner thereof, as well as the user of the services and
delinquent until such time as all rates, fees
and charges are fully paid. When any payment for rates,
rentals, fees or charges becomes delinquent, the governing
body may use the security deposit to satisfy the delinquent
payment.

(m) The board collecting the rates, fees or charges shall
be obligated under reasonable rules to shut off and
discontinue both water and sewer services to all delinquent
users of water, sewer or stormwater facilities and shall not
restore either water facilities or sewer facilities to any
delinquent user of any such facilities until all delinquent
rates, fees or charges for water, sewer and stormwater
facilities, including reasonable interest and penalty charges,
have been paid in full, as long as such actions are not
contrary to any rules or orders of the Public Service
Commission: Provided, That nothing contained within the
rules of the Public Service Commission shall be deemed to
require any agents or employees of the municipality or
governing body to accept payment at the customer’s premises
in lieu of discontinuing service for a delinquent bill.

ARTICLE 13A. PUBLIC SERVICE DISTRICTS.

§16-13A-9. Rules; service rates and charges; discontinuance of
service; required water and sewer connections;
lien for delinquent fees.

(a) (1) The board may make, enact and enforce all
needful rules in connection with the acquisition, construction,
 improvement, extension, management, maintenance,
 operation, care, protection and the use of any public service
 properties owned or controlled by the district. The board
 shall establish rates, fees and charges for the services and
 facilities it furnishes, which shall be sufficient at all times,
 notwithstanding the provisions of any other law or laws, to
pay the cost of maintenance, operation and depreciation of
the public service properties and principal of and interest on
all bonds issued, other obligations incurred under the
provisions of this article and all reserve or other payments
provided for in the proceedings which authorized the
issuance of any bonds under this article. The schedule of the
rates, fees and charges may be based upon:

(A) The consumption of water or gas on premises
connected with the facilities, taking into consideration
domestic, commercial, industrial and public use of water and
gas;

(B) The number and kind of fixtures connected with the
facilities located on the various premises;

(C) The number of persons served by the facilities;

(D) Any combination of paragraphs (A), (B) and (C) of
this subdivision; or

(E) May be determined on any other basis or
classification which the board may determine to be fair and
reasonable, taking into consideration the location of the
premises served and the nature and extent of the services and
facilities furnished. However, no rates, fees or charges for
stormwater services may be assessed against highways, road
and drainage easements or stormwater facilities constructed,
owned or operated by the West Virginia Division of
Highways.

(2) Where water, sewer, stormwater or gas services, or
any combination thereof, are all furnished to any premises,
the schedule of charges may be billed as a single amount for
the aggregate of the charges. The board shall require all
users of services and facilities furnished by the district to
designate on every application for service whether the
applicant is a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant’s specific customer class or $50, with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or $50 and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant’s specific customer class or $50. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant’s specific customer class or $50 has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer’s account at a rate as the Public Service Commission may prescribe: Provided, That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water or gas services to all delinquent users of either water or gas
facilities, or both, ten days after the water or gas services become delinquent. *Provided, however,* That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the board to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separately water facilities, sewer facilities or stormwater facilities and the district owns and operates another kind of facility either water or sewer, or both, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer or stormwater service fees and charges: *Provided,* That any contracts entered into by a public service district pursuant to this section shall be submitted to the Public Service Commission for approval. Any public service district which provides water and sewer service, water and stormwater service or water, sewer and stormwater service has the right to terminate water service for delinquency in payment of water, sewer or stormwater bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer or stormwater district is providing water service and the district providing sewer or stormwater service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer or stormwater district that is providing water service, upon the request of the district providing sewer or stormwater service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer or stormwater account: *Provided, however,* That any termination of water
service must comply with all rules and orders of the Public Service Commission. Provided further, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the Public Service Districts to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(c) Any district furnishing sewer facilities within the district may require, or may by petition to the circuit court of the county in which the property is located, compel or may require the Division of Health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment and disposal of sewage and waste matters from the houses, dwellings and buildings where there is gravity flow or transportation by any other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code and the houses, dwellings and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this paragraph is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings' exterior plumbing in order to connect to the main sewer line, the Public Service District Board shall authorize the district to pay all
reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the Division of Health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the Public Service Commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the Division of Health from the house, dwelling or building into the sewer facilities, the district may charge, and the owner, tenant or occupant shall pay, the rates and charges for services established under this article only after thirty-day notice of the availability of the facilities has been received by the owner, tenant or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption based upon the owner’s, tenant’s or occupant’s specific customer class.

(e) The owner, tenant or occupant of any real property may be determined and declared to be served by a stormwater system only after each of the following conditions is met: (1) The district has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. §122.26; (2) the district’s authority has been properly expanded to operate and maintain a stormwater system; (3) the district has made available a stormwater system where
stormwater from the real property affects or drains into the stormwater system; and (4) the real property is located in the Municipal Separate Storm Sewer System’s designated service area. It is further hereby found, determined and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge and the owner, tenant or occupant shall pay the rates, fees and charges for stormwater services established under this article only after thirty-day notice of the availability of the stormwater system has been received by the owner. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(f) All delinquent fees, rates and charges of the district for either water facilities, sewer facilities, gas facilities or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank and priority with the lien on the premises of state, county, school and municipal taxes. Nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the Public Service Districts to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill. In addition to the other remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts: Provided, That an owner of real
property may not be held liable for the delinquent rates or
charges for services or facilities of a tenant, nor may any lien
attach to real property for the reason of delinquent rates or
charges for services or facilities of a tenant of the real
property, unless the owner has contracted directly with the
public service district to purchase the services or facilities.

(g) Anything in this section to the contrary
notwithstanding, any establishment, as defined in section
three, article eleven, chapter twenty-two of this code, now or
hereafter operating its own sewage disposal system pursuant
to a permit issued by the Department of Environmental
Protection, as prescribed by section eleven of said article, is
exempt from the provisions of this section.

(h) A public service district which has been designated by
the Environmental Protection Agency as an entity to serve a
West Virginia Separate Storm Sewer System community
shall prepare an annual report detailing the collection and
expenditure of rates, fees or charges and make it available for
public review at the place of business of the governing body
and the stormwater utility main office.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 3. DUTIES AND PRIVILEGES OF PUBLIC
UTILITIES SUBJECT TO REGULATIONS
OF COMMISSION.

§24-3-10. Termination of water service for delinquent sewer
bills.

(a) In the event that any publicly or privately owned
utility, city, incorporated town, municipal corporation or
public service district owns and operates either water
facilities or sewer facilities, and a privately owned public
utility or a public utility that is owned and operated by a
homeowners' association owns and operates the other kind of
facilities, either water or sewer, then the privately owned public utility or the homeowners’ association may contract with the publicly or privately owned utility, city, incorporated town, or public service district which provides the other services to shutoff and discontinue the supplying of water service for the nonpayment of sewer service fees and charges.

(b) Any contracts entered into by a privately owned public utility or by a public utility that is owned and operated by a homeowners’ association pursuant to this section must be submitted to the Public Service Commission for approval.

(c) Any privately owned public utility or any public utility that is owned and operated by a homeowners’ association which provides water and sewer service to its customers may terminate water service for delinquency in payment of either water or sewer bills.

(d) Where a privately owned public utility or a public utility that is owned and operated by a homeowners’ association is providing sewer service and another utility is providing water service, and the privately owned public utility or the homeowners’ association providing sewer service experiences a delinquency in payment, the utility providing water service, upon the request of the homeowners’ association or the privately owned public utility providing sewer service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer account.

(e) Any termination of water service must comply with all rules and orders of the Public Service Commission: Nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the water or sewer utility to accept payment at the customer’s premises in lieu of discontinuing water service for a delinquent water or sewer bill.
AN ACT to amend and reenact §23-4-10 and §23-4-15 of the Code of West Virginia, 1931, as amended, all relating to Workers’ Compensation death benefits where occupational pneumoconiosis is determined to be a cause of death; requiring notice of need to file for certain death benefits; and increasing from one year to two years the time in which a dependent may apply for Workers’ Compensation death benefits where occupational pneumoconiosis is determined to be a cause of death.

*Be it enacted by the Legislature of West Virginia:*

That §23-4-10 and §23-4-15 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

**ARTICLE 4. DISABILITY AND DEATH BENEFITS.**

§23-4-10. Classification of death benefits; “dependent” defined.

§23-4-10. Classification of death benefits; “dependent” defined.

1 In case a personal injury, other than occupational pneumoconiosis or other occupational disease, suffered by an...
employee in the course of and resulting from his or her employment, causes death, and disability is continuous from the date of the injury until the date of death, or if death results from occupational pneumoconiosis or from any other occupational disease, the benefits shall be in the amounts and to the persons as follows:

(a) If there are no dependents, the disbursements shall be limited to the expense provided for in sections three and four of this article;

(b) If there are dependents as defined in subdivision (d) of this section, the dependents shall be paid for as long as their dependency continues in the same amount that was paid or would have been paid the deceased employee for total disability had he or she lived. The order of preference of payment and length of dependence shall be as follows:

(1) A dependent widow or widower until death or remarriage of the widow or widower, and any child or children dependent upon the decedent until each child reaches eighteen years of age or where the child after reaching eighteen years of age continues as a full-time student in an accredited high school, college, university, business or trade school, until the child reaches the age of twenty-five years, or if an invalid child, to continue as long as the child remains an invalid. All persons are jointly entitled to the amount of benefits payable as a result of employee’s death;

(2) A wholly dependent father or mother until death; and

(3) Any other wholly dependent person for a period of six years after the death of the deceased employee;

(c) If the deceased employee leaves no wholly dependent person, but there are partially dependent persons at the time of death, the payment shall be fifty dollars a month to
continue for the portion of the period of six years after the
death, determined by the commission, successor to the
commission, other private carrier or self-insured employer,
whichever is applicable, but no partially dependent person
shall receive compensation payments as a result of the death
of more than one employee.

Compensation under this subdivision and subdivision (b)
of this section shall, except as may be specifically provided
to the contrary in those subdivisions, cease upon the death of
the dependent, and the right to the compensation shall not
vest in his or her estate.

(d) "Dependent", as used in this chapter, means a widow,
widower, child under eighteen years of age, or under twenty-
five years of age when a full-time student as provided in this
section, invalid child or posthumous child, who, at the time
of the injury causing death, is dependent, in whole or in part,
for his or her support upon the earnings of the employee,
stepchild under eighteen years of age, or under twenty-five
years of age when a full-time student as provided in this
section, child under eighteen years of age legally adopted
prior to the injury causing death, or under twenty-five years
of age when a full-time student as provided in this section,
father, mother, grandfather or grandmother, who, at the time
of the injury causing death, is dependent, in whole or in part,
for his or her support upon the earnings of the employee; and
invalid brother or sister wholly dependent for his or her
support upon the earnings of the employee at the time of the
injury causing death; and

(e) If a person receiving permanent total disability
benefits dies from a cause other than a disabling injury
leaving any dependents as defined in subdivision (d) of this
section, an award shall be made to the dependents in an
amount equal to one hundred four times the weekly benefit
the worker was receiving at the time of his or her death and
be paid either as a lump sum or in periodic payments, at the
option of the dependent or dependents.

(f) The Insurance Commissioner shall prescribe a form
notice to be sent by the commissioner, private carrier or self-
insured employer, as applicable, to the dependent with the
first payment and six months prior to the last payment of the
benefits provided in subsection (e) of this section, that
advises the dependent that the benefits will stop as of a date
certain. The notice shall also advise the dependent that he or
she may be eligible for additional benefits under section
fifteen of this article and how to apply for those benefits.
The notices shall be written in plain English in a manner that
is easily understood by the general public.

(a) To entitle any employee or dependent of a deceased
employee to compensation under this chapter, other than for
occupational pneumoconiosis or other occupational disease,
the application for compensation shall be made on the form
or forms prescribed by the Insurance Commissioner, and
filed with the Insurance Commissioner, private carrier or
self-insured employer, whichever is applicable, within six
months from and after the injury or death, as the case may be,
and unless filed within the six months period, the right to
compensation under this chapter is forever barred, such time
limitation being hereby declared to be a condition of the right
and hence jurisdictional, and all proofs of dependency in fatal
cases must also be filed with the commission within six
months from and after the death. In case the employee is
mentally or physically incapable of filing the application, it
may be filed by his or her attorney or by a member of his or
her family.

(b) To entitle any employee to compensation for
occupational pneumoconiosis under the provisions of this
subsection, the application for compensation shall be made
on the form or forms prescribed by the Insurance
Commissioner, and filed with the Insurance Commissioner,
private carrier or self-insured employer, whichever is
applicable, within three years from and after the last day of
the last continuous period of sixty days or more during which
the employee was exposed to the hazards of occupational
pneumoconiosis or within three years from and after a
diagnosed impairment due to occupational pneumoconiosis
was made known to the employee by a physician and unless
filed within the three-year period, the right to compensation
under this chapter is forever barred, such time limitation
being hereby declared to be a condition of the right and hence

ARTICLE 5. MISCELLANEOUS PROVISIONS.

§9-5-11c. Right of the Department of Health and Human Resources to recover medical assistance.

(a) Upon the death of a person who was fifty-five years of age or older at the time the person received welfare assistance consisting of nursing facility services, home and community-based services, and related hospital and prescription drug services, the Department of Health and Human Resources, in addition to any other available remedy, may file a claim or lien against the estate of the recipient for the total amount of medical assistance provided by Medicaid for nursing facility services, home and community-based services, and related hospital and prescription drug services provided for the benefit of the recipient. Claims so filed shall be classified as and included in the class of debts due the state.

(b) The department may recover pursuant to subsection (a) only after the death of the individual’s surviving spouse, if any and only after such time as the individual has no surviving children under the age of twenty-one, or when the individual has no surviving children who meet the Social Security Act’s definition of blindness or permanent and total disability.
(c) The state shall have the right to place a lien upon the property of individuals who are inpatients in a nursing facility, intermediate care facility for individuals with an intellectual disability or other medical institution who, after notice and an opportunity for a hearing, the state has deemed to be permanently institutionalized. This lien shall be in an amount equal to Medicaid expenditures for services provided by a nursing facility, intermediate care facility for individuals with an intellectual disability or other medical institution, and shall be rendered against the proceeds of the sale of property except for a minimal amount reserved for the individual’s personal needs. Any such lien dissolves upon that individual’s discharge from the medical institution. The secretary has authority to compromise or otherwise reduce the amount of this lien in cases where enforcement would create a hardship.

(d) No lien may be imposed on such individual’s home when the home is the lawful residence of: (1) The spouse of the individual; (2) the individual’s child who is under the age of twenty-one; (3) the individual’s child meets the Social Security Act’s definition of blindness or permanent and total disability; or (4) the individual’s sibling has an equity interest in the home and was residing in the home for a period of at least one year immediately before the date of the individual’s admission to a medical institution.

(e) The filing of a claim, pursuant to this section, neither reduces or diminishes the general claims of the Department of Health and Human Resources, except that the department may not receive double recovery for the same expenditure. The death of the recipient neither extinguishes or diminishes any right of the department to recover. Nothing in this section affects or prevents a proceeding to enforce a lien pursuant to this section or a proceeding to set aside a fraudulent conveyance.
(f) Any claim or lien imposed pursuant to this section is effective for the full amount of medical assistance provided by Medicaid for nursing facility services, home and community-based services, and related hospital and prescription drug services. The lien attaches and is perfected automatically as of the beginning date of medical assistance, the date when a recipient first receives treatment for which the Department of Health and Human Resources may be obligated to provide medical assistance. A claim may be waived by the department, if the department determines, pursuant to applicable federal law and rules and regulations, that the claim will cause substantial hardship to the surviving dependents of the deceased.

(g) Upon the effective date of this section, the Attorney General, on behalf of the State of West Virginia, shall commence an action in a court of competent jurisdiction to test the validity, constitutionality, and the ability of the Congress of the United States to mandate the implementation of this section. This subsection does not limit the right of others, including recipients, to intervene in any litigation, nor does it limit the discretion of the Attorney General or appropriate counsel to seek affected persons to act as parties to the litigation, either individually or as a class.

The health care authority shall retroactively review the rate increases implemented by the hospitals under this section during the regular rate review process. symptoms of withdrawal, or both, and all other criteria set
forth in the rule for admission into an opioid treatment
program are met: Provided, That admission to the program
may be allowed to the following groups with a high risk of
relapse without the necessity of a positive test or the presence
of objective symptoms: Pregnant women with a history of
opioid abuse, prisoners or parolees recently released from
correctional facilities, former clinic patients who have
successfully completed treatment but who believe themselves
to be at risk of imminent relapse and HIV patients with a
history of intravenous drug use.

Any refusal to participate in a random drug test shall be considered a positive test. Provided, That nothing contained in this section or the legislative rules promulgated in conformity herewith will preclude any opioid treatment program from administering such additional drug tests as determined necessary by the opioid treatment program.

(5) That all random drug tests conducted by an opioid treatment program shall, at a minimum, test for the following:

(A) Opiates, including oxycodone at common levels of dosing;

(3) Provide mandatory and documented treatment team meetings with the patient which will include, at a minimum: The need for continuing treatment; a discussion of other treatment alternatives; and the execution of a contract with the patient advising the patient of discharge for continued positive drug tests.

(D) Upon a fourth positive drug test within a six-month period, the patient shall be immediately discharged from the opioid treatment program or, at the option of the patient, shall immediately be provided the opportunity to participate in a twenty-one day detoxification plan, followed by immediate discharge from the opioid treatment program.
(7) That the opioid treatment program must report and provide statistics to the Department of Health and Human Resources demonstrating compliance with the random drug test rules including confirmation that:

(k) The secretary shall propose a rule for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code for the distribution of state aid to local health departments and basic public health services funds.

(1) The rule shall include the following provisions:

(a) The state agency shall administer the certificate of need program as provided by this article.

(b) The state agency is responsible for coordinating and developing the health planning research efforts of the state and for amending and modifying the state health plan which includes the certificate of need standards. The state agency shall review the state health plan, including the certificate of need standards and make any necessary amendments and modifications. The state agency shall also review the cost effectiveness of the certificate of need program. The state agency may form task forces to assist it in addressing these issues. The task forces shall be composed of representatives of consumers, business, providers, payers and state agencies.

(c) The state agency may seek advice and assistance of other persons, organizations and other state agencies in the performance of the state agency’s responsibilities under this article.

(d) For health services for which competition appropriately allocates supply consistent with the state health plan, the state agency shall, in the performance of its functions under this article, give priority, where appropriate to advance the purposes of quality assurance, cost effectiveness and access, to actions which would strengthen the effect of competition on the supply of the services.

(e) For health services for which competition does not or will not appropriately allocate supply consistent with the state health plan, the state agency shall, in the exercise of its functions under this article, take actions, where appropriate to advance the purposes of quality assurance, cost effectiveness and access and the other purposes of this article, to allocate the supply of the services.
(f) Notwithstanding the provisions of section seven of this article, the state agency may charge a fee for the filing of any application, the filing of any notice in lieu of an application, the filing of any exemption determination request or the filing of any request for a declaratory ruling. The fees charged may vary according to the type of matter involved, the type of health service or facility involved or the amount of capital expenditure involved: Provided, That any fee charged pursuant to this subsection may not exceed a dollar amount to be established by procedural rule. The state agency shall evaluate and amend any procedural rule promulgated prior to the amendments to this subsection made during the 2009 regular session of the Legislature. The fees charged shall be deposited into a special fund known as the Certificate of Need Program Fund to be expended for the purposes of this article.

(g) A hospital, nursing home or other health care facility may not add any intermediate care or skilled nursing beds to its current licensed bed complement. This prohibition also applies to the conversion of acute care or other types of beds to intermediate care or skilled nursing beds: Provided, That hospitals eligible under the provisions of section four-a of this article and subsection (i) of this section may convert acute care beds to skilled nursing beds in accordance with the provisions of these sections, upon approval by the state agency. Furthermore, a certificate of need may not be granted for the construction or addition of any intermediate care or skilled nursing beds except in the case of facilities designed to replace existing beds in unsafe existing facilities. A health care facility in receipt of a certificate of need for the construction or addition of intermediate care or skilled nursing beds which was approved prior to the effective date of this section shall incur an obligation for a capital expenditure within twelve months of the date of issuance of the certificate of need. Extensions may not be granted beyond the twelve-month period. The state agency shall
establish a task force or utilize an existing task force to study the need for additional nursing facility beds in this state. The study shall include a review of the current moratorium on the development of nursing facility beds; the exemption for the conversion of acute care beds to skilled nursing facility beds; the development of a methodology to assess the need for additional nursing facility beds; and certification of new beds both by Medicare and Medicaid. The task force shall be composed of representatives of consumers, business, providers, payers and government agencies.

(h) No additional intermediate care facility for individuals with an intellectual disability (ICF/ID) beds may be granted a certificate of need, except that prohibition does not apply to ICF/MR beds approved under the Kanawha County Circuit Court order of August 3, 1989, civil action number MISC-81-585 issued in the case of E.H. v. Matin, 168 W.V. 248, 284 S.E. 2d 232 (1981).

In converting beds, the hospital shall convert a minimum of one acute care bed into one Medicare-certified only skilled nursing bed. The Health Care Authority may require a hospital to convert up to and including three acute care beds for each Medicare-certified only skilled nursing bed: Provided further, That a hospital designated or provisionally designated by the state agency as a rural primary care hospital may convert up to thirty beds to a distinct-part
nursing facility, including skilled nursing beds and intermediate care beds, on a one-for-one basis if the rural primary care hospital is located in a county without a certified freestanding nursing facility and the hospital may bill for Medicaid reimbursement for the converted beds: And provided further, That if the hospital rejects the designation as a rural primary care hospital, then the hospital may not bill for Medicaid reimbursement. The Health Care Authority shall adopt rules to implement this subsection which require that:

(1) All acute care beds converted shall be permanently deleted from the hospital’s acute care bed complement and the hospital may not thereafter add, by conversion or otherwise, acute care beds to its bed complement without satisfying the requirements of subsection (b), section three of this article for which purposes an addition, whether by conversion or otherwise, shall be considered a substantial change to the bed capacity of the hospital notwithstanding the definition of that term found in subsection (ff), section two of this article.

(2) The hospital shall meet all federal and state licensing certification and operational requirements applicable to nursing homes including a requirement that all skilled care beds created under this subsection shall be located in distinct-part, long-term care units.

(3) The hospital shall demonstrate a need for the project.

(4) The hospital shall use existing space for the Medicare-certified only skilled nursing beds. Under no circumstances shall the hospital construct, lease or acquire additional space for purposes of this section.

(5) The hospital shall notify the acute care patient, prior to discharge, of facilities with skilled nursing beds which are located in or near the patient’s county of residence. Nothing
in this subsection negatively affects the rights of inspection and certification which are otherwise required by federal law or regulations or by this code or duly adopted rules of an authorized state entity.

(j) (1) Notwithstanding the provisions of subsection (g) of this section, a retirement life care center with no skilled nursing beds may apply to the Health Care Authority for a certificate of need for up to sixty skilled nursing beds provided the proposed skilled beds are Medicare-certified only. On a statewide basis, a maximum of one hundred eighty skilled beds which are Medicare-certified only may be developed pursuant to this subsection. The state health plan is not applicable to projects submitted under this subsection. The Health Care Authority shall adopt rules to implement this subsection which shall include a requirement that:

(A) The one hundred eighty beds are to be distributed on a statewide basis;

(B) There be a minimum of twenty beds and a maximum of sixty beds in each approved unit;

(C) The unit developed by the retirement life care center meets all federal and state licensing certification and operational requirements applicable to nursing homes;

(D) The retirement center demonstrates a need for the project;

(E) The retirement center offers personal care, home health services and other lower levels of care to its residents; and

(F) The retirement center demonstrates both short- and long-term financial feasibility.
(2) Nothing in this subsection negatively affects the rights of inspection and certification which are otherwise required by federal law or regulations or by this code or duly adopted rules of an authorized state entity.

(k) The state agency may order a moratorium upon the offering or development of a new institutional health service when criteria and guidelines for evaluating the need for the new institutional health service have not yet been adopted or are obsolete. The state agency may also order a moratorium on the offering or development of a health service, notwithstanding the provisions of subdivision (5), subsection (b), section three of this article, when it determines that the proliferation of the service may cause an adverse impact on the cost of health care or the health status of the public. A moratorium shall be declared by a written order which shall detail the circumstances requiring the moratorium. Upon the adoption of criteria for evaluating the need for the health service affected by the moratorium, or one hundred eighty days from the declaration of a moratorium, whichever is less, the moratorium shall be declared to be over and applications for certificates of need are processed pursuant to section six of this article.

(l) The state agency shall coordinate the collection of information needed to allow the state agency to develop recommended modifications to certificate of need standards as required in this article. When the state agency proposes amendments or modifications to the certificate of need standards, it shall file with the Secretary of State, for publication in the State Register, a notice of proposed action, including the text of all proposed amendments and modifications, and a date, time and place for receipt of general public comment. To comply with the public comment requirement of this section, the state agency may hold a public hearing or schedule a public comment period for the receipt of written statements or documents.
(2) When amending and modifying the certificate of need standards, the state agency shall identify relevant criteria contained in section six of this article or rules adopted pursuant to section eight of this article and apply those relevant criteria to the proposed new institutional health service in a manner that promotes the public policy goals and legislative findings contained in section one of this article. In doing so, the state agency may consult with or rely upon learned treatises in health planning, recommendations and practices of other health planning agencies and organizations, recommendations from consumers, recommendations from health care providers, recommendations from third-party payors, materials reflecting the standard of care, the state agency's own developed expertise in health planning, data accumulated by the state agency or other local, state or federal agency or organization and any other source deemed relevant to the certificate of need standards proposed for amendment or modification.

(3) All proposed amendments and modifications to the certificate of need standards, with a record of the public hearing or written statements and documents received pursuant to a public comment period, shall be presented to the Governor. Within thirty days of receiving the proposed amendments or modifications, the Governor shall either approve or disapprove all or part of the amendments and modifications and, for any portion of amendments or modifications not approved, shall specify the reason or reasons for nonapproval. Any portions of the amendments or modifications not approved by the Governor may be revised and resubmitted.

(4) The certificate of need standards adopted pursuant to this section which are applicable to the provisions of this article are not subject to article three, chapter twenty-nine-a of this code. The state agency shall follow the provisions set forth in this subsection for giving notice to the public of its
actions, holding hearings or receiving comments on the certificate of need standards. The certificate of need standards in effect on November 29, 2005, and all prior versions promulgated and adopted in accordance with the provisions of this section are and have been in full force and effect from each of their respective dates of approval by the Governor.

(m) The state agency may exempt from or expedite rate review, certificate of need and annual assessment requirements and issue grants and loans to financially vulnerable health care facilities located in underserved areas that the state agency and the Office of Community and Rural Health Services determine are collaborating with other providers in the service area to provide cost effective health care services.

ARTICLE 1. WORDS AND PHRASES DEFINED.

§27-1-6. State Hospital.
§27-1-7. Administrator and clinical director.

“Intellectual disability” means significantly subaverage intellectual functioning which manifests itself in a person during his or her developmental period and which is characterized by his or her inadequacy in adaptive behavior. Notwithstanding any provision to the contrary, if any service provision or reimbursement is affected by the changes in terminology adopted in the 2010 First Extraordinary Session of the Legislature, the terms “intellectual disability” or “individuals with an intellectual disability” shall assume their previous terminology. It is not the intent of the Legislature to expand the class of individuals affected by this terminology change.

“State hospital” means any hospital, center or institution, or part of any hospital, center or institution, established, maintained and operated by the Division of Health, or by the Division of Health in conjunction with a political subdivision of the state, to provide inpatient or outpatient care and treatment for the mentally ill, intellectually disabled or addicted. The terms “hospital” and “state hospital” exclude correctional and regional jail facilities.

§27-1-7. Administrator and clinical director.

(a) The administrator of a state-operated treatment facility is its chief executive officer and has the authority to manage and administer the financial, business and personnel affairs of such facility. All other persons employed at the state-operated treatment facility are under the jurisdiction and authority of the administrator of the treatment facility who need not be a physician.

(b) The clinical director has the responsibility for decisions involving clinical and medical treatment of patients in a state-operated mental health facility. The clinical director
must be a physician duly licensed to practice medicine in this
state who has completed training in an accredited program of
post-graduate education in psychiatry.

c) In any facility designated by the Secretary of the
Department of Health and Human Resources as a facility for
individuals with an intellectual disability in which programs
and services are designed primarily to provide education,
training and rehabilitation rather than medical or psychiatric
treatment, the duties and responsibilities, other than those
directly related to medical treatment services, assigned to the
clinical director by this section or elsewhere in this chapter,
are assigned to and become the responsibility of the
administrator of that facility, or of a person with expertise in
the field of intellectual disability, who need not be a
physician, designated by the administrator.

“Mental health facility” means any inpatient, residential
or outpatient facility for the care and treatment of the

Notwithstanding any other provisions of this code to the contrary, whenever in this code there is a reference to the Department of Mental Health, it shall be construed to mean and is a reference to the Secretary of the Department of Health and Human Resources.

ARTICLE 2A. MENTAL HEALTH - INTELLECTUAL DISABILITY CENTERS.

(a) The Department of Health and Human Resources is authorized and directed to establish, maintain and operate comprehensive community mental health centers and comprehensive intellectual disability facilities, at locations within the state that are determined by the secretary in accordance with the state’s comprehensive mental health plan and the state’s comprehensive intellectual disability plan. Such facilities may be integrated with a general health care or other facility or remain separate as the Secretary of the Department of Health and Human Resources may by rules prescribe: Provided, That nothing contained herein may be construed to allow the Department of Health and Human Resources to assume the operation of comprehensive regional mental health centers or comprehensive intellectual disability facilities which have been heretofore established according
to law and which, as of the effective date of this article, are being operated by local nonprofit organizations.

(b) Any new mental health centers and comprehensive mental retardation facilities herein provided may be operated and controlled by the Department of Health and Human Resources or operated, maintained and controlled by local nonprofit organizations and licensed according to rules promulgated by the Secretary of the Department of Health and Human Resources. All comprehensive regional mental health and intellectual disability facilities licensed in the state shall:

(1) Have a written plan for the provision of diagnostic, treatment, supportive and aftercare services, and written policies and procedures for implementing these services;

(2) Have sufficient employees appropriately qualified to provide these services;

(3) Maintain accurate medical and other records for all patients receiving services;

(4) Render outpatient services in the aftercare of any patient discharged from an inpatient hospital, consistent with the needs of the individual. No person who can be treated as an outpatient at a community mental health center may be admitted involuntarily into a state hospital.

(5) Have a chief administrative officer directly responsible to a legally constituted board of directors of a comprehensive mental health or intellectual disability facility operated by a local nonprofit organization, or to the Secretary of the Department of Health and Human Resources if the comprehensive mental health or intellectual disability center or facility is operated by the Department of Health and Human Resources; and
(6) Have a written plan for the referral of patients for evaluation and treatment for services not provided.

The state’s share of costs of operating the facilities may be provided from funds appropriated for this purpose within the budget of the Department of Health and Human Resources. The Secretary of the Department of Health and Human Resources shall administer these funds among all comprehensive mental health and intellectual disability facilities that are required to best provide comprehensive community mental health care and services to the citizens of the state.

Involuntary commitment pursuant to this article does not of itself relieve the patient of legal capacity.

(b) Each patient of a mental health facility receiving services from the facility shall receive care and treatment that is suited to his or her needs and administered in a skillful, safe and humane manner with full respect for his or her dignity and personal integrity.

(c) Every patient has the following rights regardless of adjudication of incompetency:

(1) Treatment by trained personnel;

(2) Careful and periodic psychiatric reevaluation no less frequently than once every three months;

(3) Periodic physical examination by a physician no less frequently than once every six months; and

(d) The chief medical officer shall cause to be developed within the clinical record of each patient a written treatment plan based on initial medical and psychiatric examination not later than seven days after he or she is admitted for treatment. The treatment plan shall be updated periodically, consistent with reevaluation of the patient. Failure to accord the patient the requisite periodic examinations or treatment plan and reevaluations entitles the patient to release.

(e) A clinical record shall be maintained at a mental health facility for each patient treated by the facility. The record shall contain information on all matters relating to the admission, legal status, care and treatment of the patient and shall include all pertinent documents relating to the patient. Specifically, the record shall contain results of periodic examinations, individualized treatment programs, evaluations and reevaluations, orders for treatment, orders for application for mechanical restraint and accident reports, all signed by the personnel involved.

(f) Every patient, upon his or her admission to a hospital and at any other reasonable time, shall be given a copy of the rights afforded by this section.

(g) The Secretary of the Department of Health and Human Resources shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to protect the personal rights of patients not inconsistent with this section.

disorders, may be established, maintained or operated by any
political subdivision or by any person, persons, association or

Secretary of the Department of Health and Human
Resources. The application for such license shall be

such other data and facts as the secretary may require. The
secretary may make such terms and regulations in regard to
the conduct of any licensed hospital, center or institution, or
part of any licensed hospital, center or institution, as he or
she thinks proper and necessary. The secretary, or any person
authorized by the secretary has authority to investigate and
inspect any licensed hospital, center or institution, or part of
any licensed hospital, center or institution, and the

of having such person declared mentally ill, intellectually
disabled or an inebriate, and any person who maliciously
makes application to any circuit court or mental hygiene
commission for the purpose of having another person
declared mentally ill, intellectually disabled, or an inebriate,
is guilty of a misdemeanor and, upon conviction thereof,

CHAPTER 29. MISCELLANEOUS BOARDS AND OFFICERS.

ARTICLE 15. STATE COMMISSION ON INTELLECTUAL DISABILITY.

There is created the State Commission on Intellectual Disability hereinafter referred to as the commission.

The Department of Health and Human Resources shall take action to carry out the following purposes:

(b) Determine what action is needed to combat intellectual disability in the state and the resources available for this purpose.

The department constitutes the designated state agency for handling all programs of the federal government relating to intellectual disability requiring action within the state which are not the specific responsibility of another state agency under the provisions of federal law, rules or regulations, or which have not been specifically entrusted to another state agency by the Legislature.

CHAPTER 44A. WEST VIRGINIA GUARDIANSHIP AND CONSERVATORSHIP ACT.

ARTICLE 1. DEFINITIONS AND GENERAL PROVISIONS.
§44A-1-1. Short title and legislative findings.

1 This chapter is known and may be cited as the “West Virginia Guardianship and Conservatorship Act.”

2 The Legislature finds that section six, article eight of the Constitution of the State of West Virginia gives it the discretionary authority to pass legislation which “...provides that all matters of probate, the appointment and qualification of personal representatives, guardians, committees and curators, and the settlements of their accounts...” be under the exclusive jurisdiction of circuit courts. The Legislature further finds and declares that the use of the word “all” does not require an interpretation that the Legislature must place every aspect of such matters with circuit courts, but, that because of the discretionary authority given, the Legislature may transfer, from time to time, only those matters which it believes would be better served under the jurisdiction of circuit courts.

3 The Legislature further finds and declares that legal proceedings requiring a tribunal to determine whether persons should be appointed to manage the personal or financial affairs of individuals deemed mentally incompetent, intellectually disabled, mentally handicapped or missing involve considerations of constitutionally protected rights which can best be resolved within the circuit courts of this state.

§44A-1-2. Determinations and appointments under prior law.

1 (a) Any person determined to be “mentally incompetent”, “intellectually disabled” or “mentally handicapped” and for such reason deemed to be in need of a guardian or committee pursuant to any order entered and in effect before the
effective date of this chapter is deemed to be a "protected person" within the meaning of this chapter, after its effective date, unless any such determination be revoked or otherwise modified.

(b) Any person heretofore appointed to serve as a committee for an incompetent person and any person appointed to serve as a guardian for an individual with an intellectual disability or for a mentally handicapped person, is, as of the effective date of this chapter, deemed to be: (1) A guardian, within the meaning of this chapter, if the order appointing such person provides that the person so appointed has responsibility only for the personal affairs of a mentally incompetent, intellectually disabled or mentally handicapped person; (2) a conservator, within the meaning of this chapter, if the order appointing such person provides that the person so appointed had responsibility only for managing the estate and financial affairs of a mentally incompetent intellectually disabled or mentally handicapped person; or (3) a guardian and a conservator, within the meaning of this chapter, if the order appointing such person does not set forth limitations of responsibility for both the personal affairs and the financial affairs of a mentally incompetent intellectually disabled, or mentally handicapped person.

(c) After the effective date of this chapter, the circuit courts have exclusive jurisdiction of all matters involving determinations of mental incompetency, intellectual disability or mental handicap, including the jurisdiction of any proceedings pending as of that effective date. All orders entered before the effective date of this chapter in those cases shall remain in full force and effect until terminated, revoked or modified as provided herein.

(d) All persons heretofore appointed to serve as a committee or as a guardian retain their authority, powers and
Wherever in the Constitution, the Code of West Virginia, Acts of the Legislature or elsewhere in law a reference is made to a committee for an incompetent person, such reference shall be read, construed and understood to mean guardian and/or conservator as defined in this chapter.

(e) The provisions of this chapter providing for the presentation of reports by guardians and the presentation of accountings by conservators may not be retroactively applied, and applicable law in effect before the effective date of this chapter controls as to any reports or accountings to be made or filed for any period before the effective date of this chapter.

(f) As used in this section, “prior law” refers to article eleven, chapter twenty-seven of this code, relating to the appointment of committees for mentally incompetent persons, and to article ten-a, chapter forty-four, relating to the appointment of guardians for individuals with an intellectual disability and mentally handicapped persons, as those articles were in effect before the effective date of this chapter.

§17C-5-4. Implied consent to test; administration at direction of law-enforcement officer; designation of type of test; definition of law-enforcement officer.

(a) Any person who drives a motor vehicle in this state is considered to have given his or her consent by the operation of the motor vehicle to a preliminary breath analysis and a secondary chemical test of either his or her blood, breath or urine for the purposes of determining the alcoholic content of his or her blood.

(b) A preliminary breath analysis may be administered in accordance with the provisions of section five of this article whenever a law-enforcement officer has reasonable cause to believe a person has committed an offense prohibited by section two of this article or by an ordinance of a municipality of this state which has the same elements as an offense described in section two of this article.

(c) A secondary test of blood, breath or urine is incidental to a lawful arrest and is to be administered at the direction of the arresting law-enforcement officer having reasonable grounds to believe the person has committed an offense prohibited by section two of this article or by an ordinance of
a municipality of this state which has the same elements as an offense described in section two of this article.

(d) The law-enforcement agency that employs the law-enforcement officer shall designate which type of secondary test is to be administered: Provided, That if the test designated is a blood test and the person arrested refuses to submit to the blood test, then the law-enforcement officer making the arrest shall designate either a breath or urine test to be administered. Notwithstanding the provisions of section seven of this article, the refusal to submit to a blood test only may not result in the revocation of the arrested person’s license to operate a motor vehicle in this state.

(e) Any person to whom a preliminary breath test is administered who is then arrested shall be given a written statement advising him or her that his or her refusal to submit to the secondary chemical test pursuant to subsection (d) of this section, will result in the revocation of his or her license to operate a motor vehicle in this state for a period of at least one year and up to life.

(f) Any law-enforcement officer who has been properly trained in the administration of any secondary chemical test authorized by this article, including, but not limited to, certification by the Bureau for Public Health in the operation of any equipment required for the collection and analysis of a breath sample, may conduct the test at any location in the county wherein the arrest is made: Provided, That the law-enforcement officer may conduct the test at the nearest available properly functioning secondary chemical testing device located outside the county in which the arrest was made, if: (i) There is no properly functioning secondary chemical testing device located within the county the arrest was made; or (ii) there is no magistrate available within the county the arrest was made for the arraignment of the person arrested. A law-enforcement officer who is directing that a secondary chemical test be conducted has the authority to
transport the person arrested to where the secondary chemical testing device is located.

(g) If the arresting officer lacks proper training in the administration of a secondary chemical test, then any other law-enforcement officer who has received training in the administration of the secondary chemical test to be administered may, upon the request of the arresting law-enforcement officer and in his or her presence, conduct the secondary test. The results of a test conducted pursuant to this subsection may be used in evidence to the same extent and in the same manner as if the test had been conducted by the arresting law-enforcement officer.

(h) Only the person actually administering or conducting a test conducted pursuant to this article is competent to testify as to the results and the veracity of the test.

(i) For the purpose of this article, the term "law-enforcement officer" or "police officer" means: (1) Any member of the West Virginia State Police; (2) any sheriff and any deputy sheriff of any county; (3) any member of a police department in any municipality as defined in section two, article one, chapter eight of this code; (4) any natural resources police officer of the Division of Natural Resources; and (5) any special police officer appointed by the Governor pursuant to the provisions of section forty-one, article three, chapter sixty-one of this code who has completed the course of instruction at a law-enforcement training academy as provided for under the provisions of section nine, article twenty-nine, chapter thirty of this code.

(j) A law-enforcement officer who has reasonable cause to believe that person has committed an offense prohibited by section eighteen, article seven, chapter twenty of this code, relating to the operation of a motorboat, jet ski or other motorized vessel, shall follow the provisions of this section in administering, or causing to be administered, a preliminary
88 breath analysis and the secondary chemical test of the
89 accused person’s blood, breath or urine for the purpose of
90 determining alcohol content of his or her blood.

The petition may be in any number of counterparts. The election shall take place at the next primary or general election scheduled more than ninety days following receipt by the county commission of the petition required by this subsection: Provided, That the issue may not be placed on the ballot until all statutory notice requirements have been met. section related to criminal penalties and being subject to
arrest are inapplicable to a person whose dog, without the
person’s direction or encouragement, travels onto the fenced,
enclosed or posted land of another in pursuit of an animal or
wild bird: Provided, That the pursuit does not result in the
taking of game from the fenced, enclosed or posted land and

(a) Imposition. -- A recycling assessment fee is hereby levied and imposed upon the disposal of solid waste at all solid waste disposal facilities in this state, to be collected at the rate of $2 per ton or part of a ton of solid waste. The fee imposed by this section is in addition to all other fees levied by law.

(b) Collection, return, payment and records. -- The person disposing of solid waste at the solid waste disposal facility shall pay the fee imposed by this section, whether or not that person owns the solid waste, and the fee shall be collected by the operator of the solid waste facility who shall remit it to the Tax Commissioner:

(1) The fee imposed by this section accrues at the time the solid waste is delivered to the solid waste disposal facility;

(2) The operator shall remit the fee imposed by this section to the Tax Commissioner on or before the fifteenth day of the month next succeeding the month in which the fee accrued. The notice remains in effect until a notice of cancellation is served on the operator or owner by the Tax Commissioner;

(6) Whenever the owner of a solid waste disposal facility leases the solid waste facility to an operator, the operator is primarily liable for collection and remittance of the fee imposed by this section and the owner is secondarily liable for remittance of the fee imposed by this section. Notwithstanding any provision of law to the contrary, upon the filing of a petition by an affected motor carrier, the Public Service Commission shall, within fourteen days, reflect the cost of the fee in the motor carrier’s rates for solid waste removal service. (d) Definition. -- For purposes of this section, “solid waste disposal facility” means any approved solid waste facility or open dump in this state and includes a transfer station when the solid waste collected at the transfer station is not finally disposed of at a solid waste facility within this state that collects the fee imposed by this section.

Be it enacted by the Legislature of West Virginia:

That §18-2-6 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 2. STATE BOARD OF EDUCATION.

§18-2-6. Classification and standardization of schools; standards for degrees and diplomas; certificates of proficiency; establishment of alternative education programs.

(a) (1) The state board shall promulgate rules for the accreditation, classification and standardization of all schools in the state, except institutions of higher education, and shall determine the minimum standards for the granting of diplomas and certificates of proficiency by those schools.
The certificates of proficiency shall include specific information regarding the graduate’s skills, competence and readiness for employment or honors and advanced education and shall be granted, along with the diploma, to every eligible high school graduate. The certificate of proficiency shall include the program of study major completed by the student only for those students who have completed the required major courses, or higher level courses, advanced placement courses, college courses or other more rigorous substitutes related to the major, and the recommended electives.

(2) An institution of less than collegiate or university status may not grant any diploma or certificate of proficiency on any basis of work or merit below the minimum standards prescribed by the state board.

(3) A charter or other instrument containing the right to issue diplomas or certificates of proficiency may not be granted by the State of West Virginia to any institution or other associations or organizations of less than collegiate or university status within the state until the condition of granting or issuing the diplomas or other certificates of proficiency has first been approved in writing by the state board.

(b) The state board shall promulgate a rule for the approval of alternative education programs for disruptive students who are at risk of not succeeding in the traditional school structure. This rule may provide for the waiver of other policies of the state board, the establishment and delivery of a nontraditional curriculum, the establishment of licensure requirements for alternative education program teachers, and the establishment of performance measures for school accreditation. This rule shall provide uniform definitions of disruptive student behavior and uniform standards for the placement of students in alternative settings or providing other interventions including referrals to local juvenile courts to correct student behavior so that they can
return to a regular classroom without engaging in further disruptive behavior.

(c) The state board shall establish up to five pilot projects at the elementary or middle school levels, or both, that employ alternative schools or other placements for disruptive students to learn appropriate behaviors so they can return to the regular classroom without further disrupting the learning environment. The state board shall report to the Legislative Oversight Commission on Education Accountability by December 1, 2010, on its progress in establishing the pilot projects and by December 1 in each year after that for the duration of the pilot projects on the effect of the projects on maintaining student discipline.

(d) If a student attends an approved alternative education program or the Mountaineer Challenge Academy, which is designated as a special alternative education program pursuant to section twenty-four, article one-b, chapter fifteen of this code, and the student graduates or passes the General Equivalency Development (GED) Tests within five years of beginning ninth grade, that student shall be considered graduated for the purposes of calculating the high school graduation rate used for school accreditation and school system approval, subject to the following:

(1) The student shall only be considered graduated to the extent that this is not in conflict with any provision of federal law relating to graduation rates;

(2) If the state board determines that this is in conflict with a provision of federal law relating to graduation rates, the state board shall request a waiver from the United States Department of Education; and

(3) If the waiver is granted, notwithstanding the provisions of subdivision (1) of this subsection, the student graduating or passing the General Educational Development (GED) Tests within five years shall be considered graduated.

(A) The student shall only be considered at full enrollment status for the purposes of calculating attendance and graduation rates to the extent that this is not in conflict with any provision of federal law relating to attendance or graduation rates;

(B) If the state board determines that this is in conflict with a provision of federal law relating to attendance or graduation rates, the state board shall request a waiver from the United States Department of Education;

(C) If the waiver is granted, notwithstanding the provisions of paragraph (A) of this subdivision, the student
shall be considered at full enrollment status in the referring county for the purposes of calculating attendance and graduation rates; and

(D) Consideration of the student at full enrollment status in the referring county is for the purposes of funding and calculating attendance and graduation rates only. For any other purpose, a student participating in the academy is considered withdrawn from the public school system;

(4) Articulation of the knowledge, skills and competencies gained through alternative education so that students who return to regular education may proceed toward attainment or attain the standards for graduation without duplication; and

(5) Consideration of eligibility to take the General Educational Development (GED) Tests by qualifying within the extraordinary circumstances provisions established by state board rule of a student participating in the Mountaineer Challenge Academy special alternative education program who does not meet any other criteria for eligibility.

(f) Nothing in this section or the rules promulgated under this section compels the Mountaineer Challenge Academy to be operated as a special alternative education program or to be subject to any other laws governing the public schools except by its consent.

(g) The state board shall report to the Legislative Oversight Commission on Education Accountability on or before January 1 of each year on its efforts to cooperate with and support the Mountaineer Challenge Academy pursuant to this section and section twenty-four, article one-b, chapter fifteen of this code.
CHAPTER 7

(S. B. 2006 - By Senators Tomblin, Mr. President, and Hall)
[By Request of the Executive]

[Passed July 21, 2010; in effect from passage.]
[Approved by the Governor on July 26, 2010.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated § 18-2-38; and to amend said code by adding thereto a new article, designated § 18-5C-1, § 18-5C-2 and § 18-5C-3, all relating to school teams and school committees; making legislative findings; requiring state board study; establishing purposes; requiring school application to create or augment collaborative teams by replacing certain school committees; providing that certain committees may not be reorganized; establishing certain authority not superceded; establishing contents of application; establishing local level approval process; providing for appeals of applications not approved by county; requiring state board approval; providing state board authority to waive certain state board rules; authorizing school to institute plan; and requiring state board legislative rules by certain date.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated § 18-2-38; and that said code be amended by adding thereto a new article, designated § 18-5C-1, § 18-5C-2 and § 18-5C-3, all to read as follows:
ARTICLE 2. STATE BOARD OF EDUCATION.

§18-2-38. School committees and school teams; legislative findings; state board study.

(a) Legislative findings. --

(1) The Legislature finds that the ultimate purpose of public education is to create the best possible environment to foster the teaching and learning process and that this purpose is best accomplished when professional educators are involved in direct interaction with students.

(2) The Legislature finds further that a number of school committees and school teams have been created over the years, both by state board rule and by state statute, designed to meet the needs of a specific time or place and that these committees and teams sometimes linger long after the specific purpose or need that created them has passed. The time and paperwork required to keep these committees and teams functioning may create a burden for school personnel in certain circumstances.

(3) The Legislature finds further that a thorough study is needed to determine the feasibility, effectiveness and necessity of each of these committees and teams in relation to one another and to the needs of the students and schools they are intended to serve.

(b) State board study. --

(1) Therefore, in view of the findings in subsection (a) of this section, it is the intent of the Legislature that the state board undertake a study of each school committee or school team created by statute or by state board rule and determine
its organizational goals, effectiveness in meeting those goals, and viability in relation to the demands of time and paperwork it places on principals, teachers and other school personnel. The study further shall consider alternative ways that the goals of these teams and committees may be met to involve stakeholders in the education process while reducing the time demands and the paperwork burden they place on school personnel.

(2) The state board shall report its study findings and recommendations, together with draft legislation to implement the recommendations, to the Legislative Oversight Commission on Education Accountability and the Joint Standing Committee on Education by November 1, 2010.

ARTICLE 5C. COMMITTEE REORGANIZATION AND COLLABORATIVE TEAM WAIVERS.

§18-5C-1. Purpose.

§18-5C-2. Application to create or augment existing collaborative teams; content and approval of application.

§18-5C-3. Rulemaking.

§18-5C-1. Purpose.

The purposes of this article are as follows:

(1) To facilitate and encourage teacher collaboration by empowering schools to create alternative decision-making processes that address school and classroom improvement. The intent is to authorize reorganization or consolidation of certain school committees and teams required by state board rules, including the Strategic Planning Committee, the Technology Team and the School Support Team; and

(2) To recognize that schools in this state differ greatly in enrollment, grade configuration, demographics and student needs and to provide teachers and principals with flexibility
to determine the types of committees and teams that are needed to move the school forward.

§18-5C-2. Application to create or augment existing collaborative teams; contents and approval of application; grant of rule waivers for certain school-level committees required by state board rule.

(a) Request for reorganization. -- A school may submit an application to the state board to create collaborative teams that replace, or to augment its existing collaborative teams by replacing, any or all of the following school-level committees required by state board rule: The Strategic Planning Committee, the Technology Team and the School Support Team. Reorganization under this article may not replace the Local School Improvement Council, the School Curriculum Team, the Student Assistance Team or the Faculty Senate. Reorganization under this article does not supersede the authorization of the faculty senate with approval of the principal to form a collaborative team as an alternative to the school curriculum team pursuant to section six, article five-a of this chapter.

(b) Contents of application. -- The application shall include:

1. A description of the collaborative teams, which shall address all of the following:

   (A) An emphasis on teacher collaboration and leadership;
   (B) School and classroom effectiveness;
   (C) Involvement and support of stakeholders; and
   (D) A coherent learner-focused improvement plan;
(2) A list of the school-level committees that will be replaced by the collaborative teams, an explanation of how the existing membership of the committees replaced will have representation in the reorganization, and how the roles, responsibilities and tasks of the committees replaced will be instituted in the reorganization;

(3) Evidence that the employees and stakeholders who are involved in restructured collaborative teams have, or will enter into, a process of professional learning that develops the necessary knowledge and skills to enhance learner-focused collaboration; and

(4) Evidence that employees and stakeholders have researched viable improvement structures and processes and have proposed an effective structure that addresses the particular needs of the school, its students and employees.

(c) Local-level approval. -- Before submitting the waiver application to the state board, a school shall take the following steps:

(1) Present to the faculty senate a detailed explanation of the proposed structure, roles and responsibilities addressed by the reorganization plan;

(2) Provide for the chair of the faculty senate to conduct a vote by secret ballot on the issues addressed in the reorganization plan;

(3) Obtain a favorable vote for the reorganization plan from at least eighty percent of the faculty senate members present and voting after a quorum is established;

(4) Present to the local school improvement council a detailed explanation of the proposed structure, roles and responsibilities addressed by the reorganization plan;
(5) If the faculty senate vote is favorable and if it meets the percentage threshold established in subdivision (3) of this subsection, within one week of the vote taken by the faculty senate, provide for the chair of the council to conduct a vote on the issues addressed in the reorganization; 

(6) Obtain a favorable vote for the reorganization plan from at least eighty percent of the local school improvement council members present and voting after a quorum is established; and 

(7) Obtain approval for the reorganization plan from the county superintendent and the county board.

(d) State board approval. -- After meeting the requirements of subsection (c) of this section, the school shall submit its application to the state board. After review of the waiver application, the state board may approve the waiver of rules requiring the Strategic Planning Committee, the Technology Team or the School Support Team. After the state board has reviewed and approved a school's reorganization plan, the school may institute the plan as presented in its application.

§18-5C-3. Rulemaking.

By October 1, 2010, the state board shall promulgate a legislative rule in accordance with article three-b, chapter twenty-nine-a of this code to implement the provisions of this article. The rule shall include a process for schools to appeal to the state board for approval of an application under this article for which approval has been denied by the county superintendent or county board, or both.
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §18-3-12, requiring the state superintendent to establish a special community development school pilot program for implementation in a public school with significant enrollments of disadvantaged, minority and underachieving students for the purpose of developing and implementing strategies that could be replicated; and requiring reports to Legislative Oversight Commission on Education Accountability and state board.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §18-3-12, to read as follows:

ARTICLE 3. STATE SUPERINTENDENT OF SCHOOLS.

§18-3-12. Special community development school pilot program.

(a) The state superintendent shall establish a special community development school pilot program to be implemented in one public school for the duration of five years. The public school designated by the state superintendent for the
pilot shall have significant enrollments of disadvantaged, minority and underachieving students. The designated public school under the direction of the county board and county superintendent shall work in collaboration with higher education, community organizations and the state board to develop and implement strategies that could be replicated in other public schools with significant enrollments of disadvantaged, minority and underachieving students to improve academic achievement.

(b) Beginning in January, 2011, on or before the first day of the regular session of the Legislature, and each year thereafter, the state superintendent shall make a status report to the Legislative Oversight Commission on Education Accountability and to the state board. The report may include any recommendations based on the progress of the demonstration project that he or she considers either necessary for improving the operations of the demonstration project or prudent for improving student achievement in other public schools through replication of successful demonstration school programs.

shall own an amount of credits equal to a certain percentage of electricity, as set forth in subsections (c) and (d) of this section, sold by the electric utility in the preceding year to retail customers in West Virginia.

(b) Counting of credits towards compliance. -- For the purpose of determining an electric utility’s compliance with the alternative and renewable energy portfolio standards set forth in subsections (c) and (d) of this section, each credit shall equal one megawatt hour of electricity sold by an electric utility in the preceding year to retail customers in West Virginia. Furthermore, a credit may not be used more than once to meet the requirements of this section. No more than ten percent of the credits used each year to meet the compliance requirements of this section may be credits acquired from the generation or purchase of electricity generated from natural gas. No more than ten percent of the credits used each year to meet the compliance requirements of this section may be credits acquired from the generation or purchase of electricity generated from supercritical technology.

(c) Twenty-five percent by 2025. -- On and after January 1, 2025, an electric utility shall each year own credits in an amount equal to at least twenty-five percent of the electric energy sold by the electric utility to retail customers in this state in the preceding calendar year.

credits in an amount equal to at least fifteen percent of the electric energy sold by the electric utility to retail customers in this state in the preceding calendar year.

(e) Double-counting of credits prohibited. -- Any portion of electricity generated from an alternative or renewable energy resource facility that is used to meet another state's alternative energy, advanced energy, renewable energy or similar energy portfolio standard may not be used to meet the requirements of this section. An electric utility that is subject to an alternative energy, advanced energy, renewable energy or similar energy portfolio standard in any other state shall list, in the alternative and renewable energy portfolio standard compliance plan required under section six of this article, any such requirements and shall indicate how it satisfied those requirements. The electric utility shall provide in the annual progress report required under section six of this article any additional information required by the commission to prevent double-counting of credits.

(f) Carryover. -- An electric utility may apply any credits that are in excess of the alternative and renewable energy portfolio standard in any given year to the requirements for any future year portfolio standard: Provided, That the electric utility determines to the satisfaction of the commission that such credits were in excess of the portfolio standard in a given year and that such credits have not previously been used for compliance with a portfolio standard.

(g) Compliance assessments. --

(1) On or after January 1, 2015, and each year thereafter, the commission shall determine whether each electric utility doing business in this state is in compliance with this section. If, after notice and a hearing, the commission determines that an electric utility has failed to comply with an alternative and renewable energy portfolio standard, the commission shall
impose a compliance assessment on the electric utility which shall equal at least the lesser of the following:

(A) Fifty dollars multiplied by the number of additional credits that would be needed to meet an alternative and renewable energy portfolio standard in a given year; or

(2) Compliance assessments collected by the commission pursuant to this subsection shall be deposited into the Alternative and Renewable Energy Resources Research Fund established in section eleven of this article.

(h) *Force majeure.* --

(1) Upon its own initiative or upon the request of an electric utility, the commission may modify the portfolio standard requirements of an electric utility in a given year or years or recommend to the Legislature that the portfolio standard requirements be eliminated if the commission determines that alternative or renewable energy resources are not reasonably available in the marketplace in sufficient quantities for the electric utility to meet the requirements of this article.

(2) In making its determination, the commission shall consider whether the electric utility made good faith efforts to acquire sufficient credits to comply with the requirements of this article. Such good faith efforts shall include, but are not limited to, banking excess credits, seeking credits through competitive solicitations and seeking to acquire credits through long-term contracts. The commission shall assess the availability of credits on the open market. The commission may also require that the electric utility solicit credits before a request for modification may be granted.
(3) If an electric utility requests a modification of its portfolio standard requirements, the commission shall make a determination as to the request within sixty days.

(4) Commission modification of an electric utility's portfolio standard requirements shall apply only to the portfolio standard in the year or years modified by the commission. Commission modification may not automatically reduce an electric utility's alternative and renewable energy portfolio standard requirements in future years.

(5) If the commission modifies an electric utility's portfolio standard requirements, the commission may also require the electric utility to acquire additional credits in subsequent years equivalent to the requirements reduced by the commission in accordance with this subsection.

(i) Termination -- The provisions of this section shall have no force and effect after June 30, 2026.

§24-2F-9. Interagency agreements; alternative and renewable energy resource planning assessment.

renewable energy resource marketplace, including costs associated with alternative and renewable energy; (iv) assess the economic impacts of this article on coal and coal mining in West Virginia; (v) recommend methods to maintain or increase the relative competitiveness of the alternative and renewable energy resource market in this state; and (vi) recommend to the Legislature additional compliance goals for alternative and renewable energy portfolio standards beyond 2025.

The commission shall report the initial results of its assessment to the Governor, the President of the Senate and the Speaker of the House of Delegates within three years of the effective date of this article and shall report the ongoing results of the assessment on a yearly basis thereafter, except that on or before January 1, 2012, the commission, in collaboration with the Public Energy Authority, shall report the initial results of its assessment to the Joint Committee on Government and Finance.

*Be it enacted by the Legislature of West Virginia:*

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §3-3B-1, §3-3B-2, §3-3B-3 and §3-3B-4, all to read as follows:

Participation in the pilot program will assist counties and the state in identifying areas for potential modification as larger pilot programs of this type begin to be authorized by the federal government under the Military and Overseas Voter Empowerment Act Pub. L. No. 111-84 (2009). Pilot programs authorized by this article are only applicable to the primary and general elections to be held during the year 2010.

c) On or before January 29, 2010, each county that has submitted a proposal shall be notified by the Secretary of State that the application has either been approved or denied.

d) Following the primary election, the Secretary shall evaluate the functional effectiveness of pilot programs conducted under this article and shall terminate any program that fails to adequately and securely ensure that absent uniformed services voters and overseas voters have their absentee ballots cast and counted in the primary election.

e) Ninety days following the 2010 primary election and ninety days following the 2010 general election, the Secretary shall submit to the Legislature reports on the progress and outcomes of any pilot program conducted under this article, together with recommendations:

(A) System verifies a voter's member number, password
 and PIN number.

(B) System alerts administrator of suspected efforts at
 fraud (including repeated guesses of passwords, excessive
 votes from a single PC).

The clerk of the circuit court shall charge and collect in advance the same fee as is charged for instituting a civil action pursuant to subdivision (1), subsection (a), section eleven, article one, chapter fifty-nine of this code for a petition for expungement.

(b) Expungement shall not be available for any conviction of an offense listed in subsection (i) of this section. The relief
afforded by this subsection is only available to persons having
no other prior or subsequent convictions other than minor traffic
violations at the time the petition is filed: Provided, That at the
time the petition is filed and during the time the petition is
pending, petitioner may not be the subject of an arrest or any
other pending criminal proceeding. No person shall be eligible
for expungement pursuant to the provisions of subsection (a) of

include the following information:

protection or restraining order prohibiting the petitioner from contacting the victim. If there is such a current order, petitioner shall attach a copy of that order to his or her petition;

(8) The court’s disposition of the matter and punishment imposed, if any;

(9) Why expungement is sought, such as, but not limited to, employment or licensure purposes, and why it should be granted;

(10) The steps the petitioner has taken since the time of the offenses toward personal rehabilitation, including treatment, work or other personal history that demonstrates rehabilitation;

prosecutorial office that had jurisdiction over the offense or
offenses for which expungement is sought shall serve by first
class mail the petition for expungement, accompanying
documentation and any proposed expungement order to any
identified victims.

(e) Upon receipt of a petition for expungement, the
Superintendent of the State Police; the prosecuting attorney of
the county of conviction; the chief of police or other executive
head of the municipal police department wherein the offense
was committed; the chief law-enforcement officer of any other
law-enforcement agency which participated in the arrest of the
petitioner; the superintendent or warden of any institution in
which the petitioner was confined; the magistrate court or
municipal court which disposed of the petitioner's criminal
charge; all other state and local government agencies whose
records would be affected by the proposed expungement and
any other interested individual or agency that desires to oppose
the expungement shall, within thirty days of receipt of the
petition, file a notice of opposition with the court with
supporting documentation and sworn statements setting forth the
reasons for resisting the petition for expungement. A copy of
any notice of opposition with supporting documentation and
sworn statements shall be served upon the petitioner in
accordance with trial court rules. The petitioner may file a reply
no later than ten days after service of any notice of opposition to
the petition for expungement.

(f) The burden of proof shall be on the petitioner to prove
by clear and convincing evidence that: (1) The conviction or
convictions for which expungement is sought are the only
convictions against petitioner and that the conviction or
convictions are not excluded from expungement by
subsection (j) of this section; (2) that the requisite time period
has passed since the conviction or convictions or end of the
completion of any sentence of incarceration or probation; (3)
petitioner has no criminal charges pending against him or
(4) the expungement is consistent with the public welfare; (5) petitioner has, by his or her behavior since the conviction or convictions, evidenced that he or she has been rehabilitated and is law-abiding; and (6) any other matter deemed appropriate or necessary by the court to make a determination regarding the petition for expungement.

(g) Within sixty days of the filing of a petition for expungement the circuit court shall:

(1) Summarily grant the petition;

(2) Set the matter for hearing; or

(3) Summarily deny the petition if the court determines that the petition is insufficient or, based upon supporting documentation and sworn statements filed in opposition to the petition, the court determines that the petitioner, as a matter of law, is not entitled to expungement.

(h) If the court sets the matter for hearing, all interested parties who have filed a notice of opposition shall be notified. At the hearing, the court may inquire into the background of the petitioner and shall have access to any reports or records relating to the petitioner that are on file with any law-enforcement authority, the institution of confinement, if any, and parole authority or other agency which was in any way involved with the petitioner's arrest, conviction, sentence and post-conviction supervision, including any record of arrest or conviction in any other state or federal court. The court may hear testimony of witnesses and any other matter the court deems proper and relevant to its determination regarding the petition. The court shall enter an order reflecting its ruling on the petition for expungement with appropriate findings of fact and conclusions of law.

(i) No person shall be eligible for expungement of a conviction and the records associated therewith pursuant to
the provisions of subsection (a) of this section for any violation involving the infliction of serious physical injury; involving the provisions of article eight-b of this chapter where the petitioner was eighteen years old, or older, at the time the violation occurred and the victim was twelve years of age, or younger, at the time the violation occurred; involving the use or exhibition of a deadly weapon or dangerous instrument; of the provisions of subsection (b) or (c), section nine, article two of this chapter where the victim was a spouse, a person with whom the person seeking expungement had a child in common or with whom the person seeking expungement ever cohabitated prior to the offense; any violation of the provisions of section twenty-eight of said article; a conviction for driving under the influence of alcohol, controlled substances or a conviction for a violation of section three, article four, chapter seventeen-b of this code or section nineteen, article eight of this chapter.

(j) If the court grants the petition for expungement, it shall order the sealing of all records in the custody of the court and expungement of any records in the custody of any other agency or official, including law-enforcement records. Every agency with records relating to the arrest, charge or other matters arising out of the arrest or conviction that is ordered to expunge records shall certify to the court within sixty days of the entry of the expungement order that the required expungement has been completed. All orders enforcing the expungement procedure shall also be sealed. For the purposes of this section, “records” do not include the records of the Governor, the Legislature or the Secretary of State that pertain to a grant of pardon. Such records that pertain to a grant of pardon are not subject to an order of expungement. The amendment to this section during the fourth extraordinary session of the Legislature in the year 2009 is not for the purpose of changing existing law, but is intended to clarify the intent of the Legislature as to existing law regarding expungement.
(k) Upon expungement, the proceedings in the matter shall be deemed never to have occurred. The court and other agencies shall reply to any inquiry that no record exists on the matter. The person whose record is expunged shall not have to disclose the fact of the record or any matter relating thereto on an application for employment, credit or other type of application.

(l) Inspection of the sealed records in the court's possession may thereafter be permitted by the court only upon a motion by the person who is the subject of the records or upon a petition filed by a prosecuting attorney that inspection and possible use of the records in question are necessary to the investigation or prosecution of a crime in this state or another jurisdiction. If the court finds that the interests of justice will be served by granting a petition to inspect the sealed record, it may be granted.

(S. B. 4004 - By Senators Tomblin, Mr. President, and Caruth)
[By Request of the Executive]

[Passed November 20, 2009; in effect from passage.]

AN ACT to amend and reenact §11-14C-5 and §11-14C-48 of the Code of West Virginia, 1931, as amended; and to amend and reenact §11-15-18b of said code, all relating to adjusting the minimum values for computations relating to the flat rate and variable rate of the motor fuel excise tax; increasing the annual minimum average wholesale price of motor fuel computation;
establishing variable restrictions on the average wholesale price of motor fuel computation; terminating the Motor Fuel Excise Tax Shortfall Reserve Fund; and transferring all moneys remaining in the fund to the State Road Fund for the purpose of reconstructing, renovating, maintaining or repairing secondary roads.

Be it enacted by the Legislature of West Virginia:

That §11-14C-5 and §11-14C-48 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §11-15-18b of said code be amended and reenacted, all to read as follows:

Article
14C. Motor Fuel Excise Tax.
15. Consumers Sales and Service Tax.

ARTICLE 14C. MOTOR FUEL EXCISE TAX.

§11-14C-5. Taxes levied; rate.

§11-14C-5. Taxes levied; rate.

(a) There is hereby levied on all motor fuel an excise tax composed of a flat rate equal to $.205 per invoiced gallon plus a variable component comprised of either the tax imposed by section eighteen-b, article fifteen of this chapter or the tax imposed under section thirteen-a, article fifteen-a of this chapter, as applicable: Provided, That the motor fuel excise tax shall take effect January 1, 2004: Provided, however, That the variable component shall be equal to five percent of the average wholesale price of the motor fuel: Provided further, That the average wholesale price shall be no less than $.97 per invoiced gallon and is computed as hereinafter prescribed in this section: And provided further, That on and after January 1, 2010, the average wholesale price shall be no less than $2.34 per invoiced gallon and is computed as hereinafter prescribed in this section.
(b) Determination of average wholesale price. --

(1) To simplify determining the average wholesale price of all motor fuel, the Tax Commissioner shall, effective with the period beginning the first day of the month of the effective date of the tax and each January 1 thereafter, determine the average wholesale price of motor fuel for each annual period on the basis of sales data gathered for the preceding period of July 1 through October 31. Notification of the average wholesale price of motor fuel shall be given by the Tax Commissioner at least thirty days in advance of each January 1 by filing notice of the average wholesale price in the State Register and by any other means as the Tax Commissioner considers reasonable.

(2) The "average wholesale price" means the single, statewide average per gallon wholesale price, rounded to the third decimal (thousandth of a cent), exclusive of state and federal excise taxes on each gallon of motor fuel, as determined by the Tax Commissioner from information furnished by suppliers, importers and distributors of motor fuel in this state, or other information regarding wholesale selling prices as the Tax Commissioner may gather, or a combination of information: Provided, That in no event shall the average wholesale price be determined to be less than $.97 per gallon of motor fuel: Provided, however, That for calendar year 2009, the average wholesale price of motor fuel shall not exceed the average wholesale price of motor fuel for calendar year 2008 as determined pursuant to the notice filed by the Tax Commissioner with the Secretary of State on November 21, 2007, and published in the State Register on November 30, 2007: Provided further, That on and after January 1, 2010, in no event shall the average wholesale price be determined to be less than $2.34 per gallon of motor fuel: And provided further, That on and after January 1, 2011, the average wholesale price shall not vary by more than ten percent from the average wholesale price of motor fuel as determined by the Tax Commissioner for the previous calendar year.
(3) All actions of the Tax Commissioner in acquiring data necessary to establish and determine the average wholesale price of motor fuel, in providing notification of his or her determination prior to the effective date of any change in rate, and in establishing and determining the average wholesale price of motor fuel may be made by the Tax Commissioner without compliance with the provisions of article three, chapter twenty-nine-a of this code.

(4) In any administrative or court proceeding brought to challenge the average wholesale price of motor fuel as determined by the Tax Commissioner, his or her determination is presumed to be correct and shall not be set aside unless it is clearly erroneous.

(c) There is hereby levied a floorstocks tax on motor fuel held in storage outside the bulk transfer/terminal system as of the close of the business day preceding January 1, 2004, and upon which the tax levied by this section has not been paid. For the purposes of this section, “close of the business day” means the time at which the last transaction has occurred for that day. The floorstocks tax is payable by the person in possession of the motor fuel on January 1, 2004. The amount of the floorstocks tax on motor fuel is equal to the sum of the tax rate specified in subsection (a) of this section multiplied by the gallons in storage as of the close of the business day preceding January 1, 2004.

(1) Persons in possession of taxable motor fuel in storage outside the bulk transfer/terminal system as of the close of the business day preceding January 1, 2004, shall:

(A) Take an inventory at the close of the business day preceding January 1, 2004, to determine the gallons in storage for purposes of determining the floorstocks tax;

(B) Report no later than January 31, 2004, the gallons on forms provided by the commissioner; and
(C) Remit the tax levied under this section no later than June 1, 2004.

(2) In the event the tax due is paid to the commissioner on or before January 31, 2004, the person remitting the tax may deduct from their remittance five percent of the tax liability due.

(3) In the event the tax due is paid to the commissioner after June 1, 2004, the person remitting the tax shall pay, in addition to the tax, a penalty in the amount of five percent of the tax liability due.

(4) In determining the amount of floorstocks tax due under this section, the amount of motor fuel in dead storage may be excluded. There are two methods for calculating the amount of motor fuel in dead storage:

(A) If the tank has a capacity of less than ten thousand gallons, the amount of motor fuel in dead storage is two hundred gallons and if the tank has a capacity of ten thousand gallons or more, the amount of motor fuel in dead storage is four hundred gallons; or

(B) Use the manufacturer’s conversion table for the tank after measuring the number of inches between the bottom of the tank and the bottom of the mouth of the drainpipe: Provided, That the distance between the bottom of the tank and the bottom of the mouth of the draw pipe is presumed to be six inches.

(d) Every licensee who, on the effective date of any rate change, has in inventory any motor fuel upon which the tax or any portion thereof has been previously paid shall take a physical inventory and file a report thereof with the commissioner, in the format as required by the commissioner, within thirty days after the effective date of the rate change,
and shall pay to the commissioner at the time of filing the report any additional tax due under the increased rate.

There is hereby created in the State Treasury a special fund to be known and designated as the Motor Fuel Excise Tax Shortfall Reserve Fund to be administered by the Tax Commissioner for the purposes provided by this section. The fund shall consist of moneys transferred to the General Revenue Fund pursuant to appropriation of the Legislature. At the end of each fiscal year, during the fund’s existence, the moneys in the fund shall not expire to the General Fund, but shall remain available for expenditure during the ensuing fiscal year. The fund shall terminate on December 1, 2009. Any moneys remaining in the fund on that termination date shall be transferred to the State Road Fund and used only for the purpose of reconstruction, renovation, maintenance and repair of secondary roads.

ARTICLE 15. CONSUMERS SALES AND SERVICE TAX.

(a) General. -- Effective January 1, 2004, all sales of motor fuel subject to the flat rate of the tax imposed by section five, article fourteen-c of this chapter are subject to the tax imposed by this article which shall comprise the variable component of the tax imposed by said section and be collected and remitted at the time the tax imposed by said section is remitted. Sales of motor fuel upon which the tax imposed by this article has been paid shall not thereafter be again taxed under the provisions of this article. This section is construed so that all gallons of motor fuel sold and delivered, or delivered, in this state are taxed one time.
(b) Measure of tax. -- The measure of tax imposed by this article on sales of motor fuel is the average wholesale price as defined and determined in section five, article fourteen-c of this chapter. For purposes of maintaining revenue for highways, and recognizing that the tax imposed by this article is generally imposed on gross proceeds from sales to ultimate consumers, whereas the tax on motor fuel herein is imposed on the average wholesale price of the motor fuel; in no case, for the purposes of taxation under this article, shall the average wholesale price be determined to be less than $.97 per gallon of motor fuel for all gallons of motor fuel sold during the reporting period, notwithstanding any provision of this article to the contrary: Provided, That on and after January 1, 2010, for the purpose of taxation under this article, in no case shall the average wholesale price be determined to be less than $2.34 per gallon of motor fuel for all gallons of motor fuel sold during the reporting period, notwithstanding any provision of this article to the contrary.

(c) Definitions. -- For purposes of this article, the terms “gasoline” and “special fuel” are defined as provided in section two, article fourteen-c of this chapter. Other terms used in this section have the same meaning as when used in a similar context in said article.

(d) Tax return and tax due. -- The tax imposed by this article on sales of motor fuel shall be paid by each taxpayer on or before the last day of the calendar month by check, bank draft, certified check or money order payable to the Tax Commissioner for the amount of tax due for the preceding month, notwithstanding any provision of this article to the contrary: Provided, That the commissioner may require all or certain taxpayers to file tax returns and payments electronically. The return required by the commissioner shall accompany the payment of tax: Provided, however, That if no tax is due, the return required by the commissioner shall be completed and filed on or before the last day of the month.
(e) Compliance. -- To facilitate ease of administration and compliance by taxpayers, the Tax Commissioner shall require persons liable for the tax imposed by this article on sales of motor fuel to file a combined return and make a combined payment of the tax due under this article on sales of motor fuel and the tax due under article fourteen-c of this chapter on motor fuel. In order to encourage use of a combined return each month and the making of a single payment each month for both taxes, the due date of the return and tax due under said article is the last day of each month, notwithstanding any provision in said article to the contrary.

(f) Dedication of tax. -- All tax collected under the provisions of this section, after deducting the amount of any refunds lawfully paid, shall be deposited in the Road Fund in the State Treasurer's office and used only for the purpose of construction, reconstruction, maintenance and repair of highways and payment of principal and interest on state bonds issued for highway purposes: Provided, That notwithstanding any provision to the contrary, any tax collected on the sale of aviation fuel after deducting the amount of any refunds lawfully paid shall be deposited in the State Treasurer's office and transferred to the State Aeronautical Commission to be used for the purpose of matching federal funds available for the reconstruction, maintenance and repair of public airports and airport runways.

(g) Construction. -- This section is not construed as taxing any sale of motor fuel which this state is prohibited from taxing under the constitution of this state or the constitution or laws of the United States.

(h) Effective date. -- The provisions of this section take effect on January 1, 2004. The provisions of this section enacted during the 2007 legislative session take effect on January 1, 2008.

51 1981, shall be considered a member after June 30, 1981.
(d) For purposes of sections sixteen through twenty-eight, inclusive, of this article, the words “salary or compensation” mean remuneration actually received by a member, plus the member’s deferred compensation under sections 125, 401(k), 414(h)(2) and 457 of the United States Internal Revenue Code of 1986, as amended: Provided, That the remuneration received by the member during any twelve-consecutive-month period used in determining benefits which is in excess of an amount which is twenty percent greater than the “average adjusted salary” received by the member in the two consecutive twelve-consecutive-month periods immediately preceding the twelve-consecutive-month period used in determining benefits shall be disregarded: Provided, however, That the “average adjusted salary” means the arithmetic average of each year’s adjusted salary, the adjustment made to reflect current salary rate and such average adjusted salary shall be determined as follows: Assuming “year-one” means the second twelve-consecutive-month period preceding such twelve-consecutive-month period used in determining benefits, “year-two” means the twelve-consecutive-month period immediately preceding the twelve-consecutive-month period used in determining benefits and “year-three” means the twelve-consecutive-month period used in determining benefits, year-one total remuneration shall be multiplied by the ratio of year-three base salary, exclusive of all overtime and other remuneration, to year-one base salary, exclusive of all overtime and other remuneration, such product shall equal “year-one adjusted salary”; year-two total remuneration shall be multiplied by the ratio of year-three base salary, exclusive of all overtime and other remuneration, to year-two base salary, exclusive of all overtime and other remuneration, such product shall equal “year-two adjusted salary”; and the arithmetic average of year-one adjusted salary and year-two adjusted salary shall equal the average adjusted salary.

(e)(1) Any municipality, as that term is defined in section two, article one of this chapter, or municipal subdivision as
defined in section two, article twenty-two-a of this chapter
may, by a majority vote of its governing body, close its
existing policemen's or firemen's pension and relief fund to
employees newly hired on or after January 1, 2010, if the
municipality enrolls those newly hired police officers or
firefighters in a retirement plan created in article twenty-two-
a of this chapter and approved and administered by the West
Virginia Consolidated Public Retirement Board. On and
after July 1, 2010, no new policemen's or firemen's pension
and relief fund may be established under this section. A
Class I or Class II municipality forming a new paid police
department or paid fire department after June 30, 2010, shall,
notwithstanding the provisions of section two, article twenty-
two-a of this chapter, enroll the department members in the
Municipal Police Officers and Firefighters Retirement
System established in article twenty-two-a of this chapter.

(2) Any municipality using the alternative method of
financing that elects to close an existing pension and relief
fund to new hires pursuant to this subsection shall also adopt
the optional method of financing the unfunded actuarial
accrued liability of the existing policemen's or firemen's
pension and relief fund as provided in subsection (e), section
twenty of this article.

(3) Except as provided in section thirty-two, article
twenty-two-a of this chapter, if the qualifying municipality
elects to close enrollment in an existing municipal pension
and relief fund to newly hired police officers and firefighters
pursuant to this section, all current active members, retirees
and other beneficiaries covered by the existing policemen's
or firemen's pension and relief fund shall remain covered by
that plan and shall be paid all benefits of that plan in
accordance with Part III of this article.

§8-22-17. Powers and duties of boards of trustees; training.
(a) Boards of trustees shall be public corporations by the name and style of "The Board of Trustees of the Policemen's Pension and Relief Fund of (name of municipality)", or "The Board of Trustees of the Firemen's Pension and Relief Fund of (name of municipality)", as the case may be, by which names they may sue and be sued, plead and be impleaded, contract and be contracted with, take and hold real and personal property for the use of the policemen's pension and relief fund or the firemen's pension and relief fund and have and use a common seal. In the absence of a seal, the seal of the president of the corporation shall be equivalent to a common seal. A board of trustees may also in its corporate name do and perform any and all other acts and business pertaining to the trust created hereby or by any conveyance, devise or dedication made for the uses and purposes of the board.

(b) After June 30, 1981, any board of trustees and any members of a board shall, as fund fiduciaries, discharge their duties with respect to pension and relief funds solely in the interest of the members and members' beneficiaries for the exclusive purpose of providing benefits to members and their beneficiaries and defraying reasonable expenses of administering the fund.

(c) The board of trustees of each fund shall deliver a copy of the fund's current rules, regulations and procedures to the State Treasurer or oversight board established by section eighteen-a of this article on or before March 1, 2010, and thereafter within thirty days of any approved change in the rules, regulations or procedures.

(d) Each member of a board of trustees shall attend training in matters relating to trustee duties as may be required by the oversight board pursuant to section eighteen-a of this article.
§8-22-18a. West Virginia Municipal Pensions Oversight Board created; powers and duties; management; composition; terms; quorum; expenses; reports.

(a)(1) There is established, on the effective date of the enactment of this section during the fourth extraordinary session of the Legislature in 2009, the West Virginia Municipal Pensions Oversight Board for the purpose of monitoring and improving the performance of municipal policemen’s and firemen’s pension and relief funds to assure prudent administration, investment and management of the funds. Management of the oversight board shall be vested solely in the members of the oversight board. Duties of the oversight board shall include, but not be limited to, assisting municipal boards of trustees in performing their duties, assuring the funds’ compliance with applicable laws, providing for actuarial studies, distributing tax revenues to the funds, initiating or joining legal actions on behalf of active or retired pension fund members or municipal boards of trustees to protect interests of the members in the funds, and taking other actions as may be reasonably necessary to provide for the security and fiscal integrity of the pension funds. The oversight board’s authority to initiate legal action does not preempt the authority of municipalities; municipal policemen’s and firemen’s boards of trustees; or pension fund active members, beneficiaries or others to initiate legal action to protect interests in the funds. The oversight board is created as a public body corporate. Establishment of the oversight board does not relieve the municipal funds’ boards of trustees from their fiduciary and other duties to the funds, nor does it create any liability for the funds on the part of the state. Members and employees of the oversight board are not liable personally, either jointly or severally, for debts or obligations of the municipal pension and relief funds. Members and employees of the oversight board have a fiduciary duty toward the municipal pension and relief funds and are liable for malfeasance or gross negligence.
Employees of the oversight board are nonclassified state employees.

(2) The oversight board shall consist of nine members. The executive director of the state’s Investment Management Board and the executive director of the state’s Consolidated Public Retirement Board, or their designees, shall serve as voting ex-officio members. The other seven members shall be citizens of the state who have been qualified electors of the state for a period of at least one year next preceding their appointment and shall be as follows: An active or retired member of a municipal policemen’s pension and relief fund chosen from a list of three persons submitted to the Governor by the state’s largest professional municipal police officers organization, an active or retired member of a municipal firemen’s pension and relief fund chosen from a list of three persons submitted to the Governor by the state’s largest professional firefighters organization, an attorney experienced in finance and investment matters related to pensions management, two persons experienced in pension funds management, one person who is a certified public accountant experienced in auditing and one person chosen from a list of three persons submitted to the Governor by the state’s largest association of municipalities.

(3) On the effective date of the enactment of this section as amended during the fourth extraordinary session of the Legislature in 2009, the Governor shall forthwith appoint the members, with the advice and consent of the Senate. The Governor may remove any member from the oversight board for neglect of duty, incompetency or official misconduct.

(b) The oversight board has the power to:

(1) Enter into contracts, to sue and be sued, to implead and be impleaded;
(2) Promulgate and enforce bylaws and rules for the management and conduct of its affairs;

(3) Maintain accounts and invest those funds which the oversight board is charged with receiving and distributing;

(4) Make, amend and repeal bylaws, rules and procedures consistent with the provisions of this article and article thirty-three of this code;

(5) Notwithstanding any other provision of law, retain or employ, fix compensation, prescribe duties and pay expenses of legal, accounting, financial, investment, management and other staff, advisors or consultants as it considers necessary, including the hiring of legal counsel and actuary; and

(6) Do all things necessary and appropriate to implement and operate the board in performance of its duties. Expenses shall be paid from the moneys in the Municipal Pensions Security Fund created in section eighteen-b of this article or, prior to the transition provided in section eighteen-b of this article, the Municipal Pensions and Protection Fund: Provided, That the board may request special appropriation for special projects.

(c) Except for ex-officio members, the terms of oversight board members shall be staggered initially from January 1, 2010. The Governor shall appoint initially one member for a term of one year, one member for a term of two years, two members for terms of three years, one member for a term of four years and two members for terms of five years. Subsequent appointments shall be for terms of five years. A member serving two full consecutive terms may not be reappointed for one year after completion of his or her second full term. Each member shall serve until that member’s successor is appointed and qualified. Any member may be removed by the Governor in case of incompetency, neglect
of duty, gross immorality or malfeasance in office. Any
vacancy on the oversight board shall be filled by appointment
by the Governor for the balance of the unexpired term.

(d) A majority of the full authorized membership of the
oversight board constitutes a quorum. The board shall meet
at least quarterly each year, but more often as duties require,
at times and places that it determines. The oversight board
shall elect a chairperson and a vice chairperson from their
membership who shall serve for terms of two years and shall
select annually a secretary/treasurer who may be either a
member or employee of the board. The oversight board shall
employ an executive director and other staff as needed and
shall fix their duties and compensation. The compensation of
the executive director shall be subject to approval of the
Governor. Except for any special appropriation as provided
in subsection (b) of this section, all personnel and other
expenses of the board shall be paid from revenue collected
and allocated for municipal policemen’s or municipal
firemen’s pension and relief funds pursuant to section
fourteen-d, article three, chapter thirty-three of this code and
distributed through the Municipal Pensions and Protection
Fund or the Municipal Pensions Security Fund created in
section eighteen-b of this article. Expenses during the initial
year of the board’s operation shall be from proceeds of the
allocation for the municipal pensions and relief funds.
Expenditures in years thereafter shall be by appropriation
from the Municipal Pensions Security Fund. Money
allocated for municipal policemen’s and firemen’s pension
and relief funds to be distributed from the Municipal
Pensions and Protection Fund or the Municipal Pensions
Security Fund shall be first allocated to pay expenses of the
oversight board and the remainder in the fund distributed
among the various municipal pension and relief funds as
provided in section fourteen-d, article three, chapter thirty-
three of this code. The board is exempt from the provisions
of sections seven and eleven, article three, chapter twelve of
this code relating to compensation and expenses of members, including travel expenses.

(e) Members of the oversight board shall serve the board without compensation for their services: Provided, That no public employee member may suffer any loss of salary or wages on account of his or her service on the board. Each member of the board shall be reimbursed, on approval of the board, for any necessary expenses actually incurred by the member in carrying out his or her duties. All reimbursement of expenses shall be paid out of the Municipal Pensions Security Fund.

(f) The board may contract with other state boards or state agencies to share offices, personnel and other administrative functions as authorized under this article: Provided, That no provision of this subsection may be construed to authorize the board to contract with other state boards or state agencies to otherwise perform the duties or exercise the responsibilities imposed on the board by this code.

(g) The board shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code as necessary to implement the provisions of this article, and may initially promulgate emergency rules pursuant to the provisions of section fifteen, article three, chapter twenty-nine-a of this code.

(h) The oversight board shall report annually to the Legislature’s Joint Committee on Government and Finance and the Joint Committee on Pensions and Retirement concerning the status of municipal policemen’s and firemen’s pension and relief funds and shall present recommendations for strengthening and protecting the funds and the benefit interests of the funds’ members.
(i) The oversight board shall cooperate with the West Virginia Investment Management Board and the Board of Treasury Investments to educate members of the local pension boards of trustees on the services offered by the two state investment boards. No later than October 31, 2013, the board shall report to the Joint Committee on Government and Finance and the Joint Committee on Pensions and Retirement a detailed comparison of returns on long-term investments of moneys held by or allocated to municipal pension and relief funds managed by the West Virginia Investment Management Board and those managed by others than the Investment Management Board. The oversight board shall also report at that time on short-term investment returns by local pension boards using the West Virginia Board of Treasury Investments compared to short-term investment returns by those local boards of trustees not using the Board of Treasury Investments.

(j) The oversight board shall establish minimum requirements for training to be completed by each member of the board of trustees of a municipal policemen’s or firemen’s pension and relief fund. The requirements should include, but not be limited to, training in ethics, fiduciary duty and investment responsibilities.

(k) The Joint Committee on Pensions and Retirement shall study deferred retirement option programs (DROPs) and shall provide opportunities for professional police officer and firefighter organizations to present information on DROPs to the committee, to consider and evaluate elements of the programs to assess how the programs may best serve the public interest. The committee shall report any findings, conclusions or recommendations, along with drafts of any proposed legislation, to the Joint Committee on Government and Finance by November 30, 2010.
§8-22-18b. Creation of Municipal Pensions Security Fund; transfer of certain powers, duties and functions of Treasurer’s office to Municipal Pensions Oversight Board.

(a) The Legislature finds that an important part of oversight of municipal policemen’s and firemen’s pension and relief funds is monitoring the performance required of the various funds to qualify to receive distribution of insurance premium tax revenues provided by section fourteen-d, article three, chapter thirty-three of this code. The duties and functions of the State Treasurer’s office with respect to monitoring and distribution are transferred from the State Treasurer’s office to the West Virginia Municipal Pensions Oversight Board effective January 1, 2010: Provided, That until the oversight board is fully organized and operating, some duties and functions being performed by the State Treasurer’s office prior to January 1, 2010, may be continued by that office temporarily as necessary to effect an orderly transition of responsibilities and provide for prompt distribution of the insurance premium tax proceeds for expenses of the oversight board and to the municipal policemen’s and firemen’s pension and relief funds.

(b) There is hereby created in the State Treasury a nonexpiring special revenue fund designated the West Virginia Municipal Pensions Security Fund which shall be administered by the West Virginia Municipal Pensions Oversight Board solely for the purposes as provided in this article and article three, chapter thirty-three of this code. All earnings shall accrue to and be retained by the fund.

(c) Until the oversight board advises the Insurance Commissioner and the State Treasurer in writing that the oversight board is prepared to receive into and distribute from the West Virginia Municipal Pensions Security Fund premium tax revenues as provided in section fourteen-d,
article three, chapter thirty-three of this code and section
seven, article twelve-c of said chapter, the commissioner
shall continue to transfer the funds into the Municipal
Pensions and Protection Fund and the State Treasurer shall
continue to disburse funds to the qualifying municipal
pension and relief funds, and shall disburse funds as
necessary for the establishment and early operation of the
oversight board. The Insurance Commissioner, the State
Treasurer and oversight board shall share information freely
as required for efficient transfer of powers and duties related
to the premium tax revenues generated pursuant to chapter
thirty-three of this code to be allocated to the municipal
civil service’s and firemen’s pension and relief funds. When
the oversight board assumes full responsibility to receive
funds into and disburse funds from the Municipal Pensions
Security Fund, the State Treasurer shall transfer to it all funds
remaining in the Municipal Pensions and Protection Fund and
close the Municipal Pensions and Protection Fund.

§8-22-19. Levy to maintain fund.

(a)(1) In order for a municipal policemen’s or firemen’s
civil service fund to receive the allocable portion of
moneys from the Municipal Pensions and Protection Fund
established in section fourteen-d, article three, chapter thirty-
three of this code and funds from the Municipal Pensions
Security Fund created in section eighteen-b of this article, the
governing body of the municipality shall levy annually and
in the manner provided by law for other municipal levies and
include within the maximum levy or levies permitted by law
and, if necessary, in excess of any charter provision, a tax at
such rate as will, after crediting: (A) The amount of the
contributions received during the year from the members of
the respective paid police department or paid fire department;
and (B) the allocable portion of the Municipal Pensions and
Protection Fund established in section fourteen-d, article
three, chapter thirty-three of this code and funds from the
Municipal Pensions Security Fund created in section eighteen-b of this article, provide funds equal to the amount necessary to meet the minimum standards for actuarial soundness as provided in section twenty of this article. The amount shall be irrevocably contributed, accumulated and invested as fund assets as described in sections twenty-one and twenty-two of this article. One twelfth of each municipality's annual contributions shall be deposited with the municipality's pension trust funds as fund assets on at least a monthly basis and any revenues received from any source by a municipality which are specifically collected for the purpose of allocation for deposit into the policemen's pension and relief fund or firemen's pension and relief fund shall be so deposited within five days of receipt by the municipality. Heretofore surplus reserves accumulated before the effective date of this section shall be irrevocably contributed, aggregated and invested as fund assets described in sections twenty-one and twenty-two of this article. Any actuarial deficiency arising under this section and section twenty of this article shall not be the obligation of the State of West Virginia.

(2) The levies authorized under the provisions of this section, or any part of them, may by the governing body be laid in addition to all other municipal levies and, to that extent, beyond the limit of levy imposed by the charter of the municipality; and the levies shall supersede and if necessary exclude levies for other purposes, where other purposes have not already attained priority, and within the limitations on taxes or tax levies imposed by the constitution and laws.

(b) The public corporations are authorized to take by gift, grant, devise or bequest any money or real or personal property on such terms as to the investment and expenditures thereof as may be fixed by the grantor or determined by the trustees.
51 (c) Notwithstanding provisions in section six of this
52 article, in addition to all other sums provided for pensions in
53 this section, it is the duty of every municipality in which any
54 fund or funds have been or shall be established to assess and
55 collect from each member of the paid police department or
56 paid fire department or both each month, the sum of seven
57 percent of the actual salary or compensation of such member;
58 and the amount so collected shall become a regular part of
59 the policemen's pension and relief fund, if collected from a
60 policeman, and of the firemen's pension and relief fund, if
61 collected from a fireman: Provided, That for members of the
62 funds who are police officers or firefighters newly hired on
63 or after January 1, 2010, the municipality shall assess and
64 collect nine and one-half percent of the actual salary or
65 compensation. Only those funds for which the board of
66 trustees has collected and paid the contributions as herein
67 provided and meeting minimum standards for actuarial
68 soundness shall be eligible to receive moneys from the
69 additional fire and casualty insurance premium tax as
70 provided in section fourteen-d, article three, chapter thirty-
71 three of this code: Provided, however, That the board of
72 trustees for each pension and relief fund may assess and
73 collect from each member of the paid police department or
74 paid fire department or both each month not more than an
75 additional two and one-half percent of the actual salary or
76 compensation of each member, but not to exceed nine and
77 one-half percent total contribution: Provided further, That if
78 any board of trustees decides to assess and collect any
79 additional amount pursuant to this subdivision above the
80 member contribution required by this section, then that board
81 of trustees may not reduce the additional amount until the
82 respective pension and relief fund no longer has any actuarial
83 deficiency: And provided further, That if any board of
84 trustees decides to assess and collect any additional amount,
85 any board of trustees decision and any additional amount is
86 not the liability of the State of West Virginia. Member
87 contributions shall be deposited in the pension and relief fund
88 within five days of being collected.
(d)(1) For the fiscal year beginning on July 1, 2010, and subject to provisions of subsection (c), section eighteen-b of this article and section fourteen-d, article three, chapter thirty-three of this code and for each fiscal year thereafter, the Municipal Pensions Oversight Board shall receive and retain the moneys allocated to the Municipal Pensions Security Fund until such time as the treasurer of the municipality applies for the allocable portion and certifies in writing to Municipal Pensions Oversight Board that:

(A) The municipality has irrevocably contributed the amount required under this section and section twenty of this article to the pension and relief fund for the required period; and

(B) The board of trustees of the pension and relief fund has made a report to the governing body of the municipality and to the oversight board on the condition of its fund with respect to the fiscal year.

(2) When the aforementioned application and certification are made, the allocable portion of moneys from the Municipal Pensions and Protection Fund, or the Municipal Pensions Security Fund, once established, shall be paid to the corresponding policemen’s or firemen’s pension and relief fund. Payment to a municipal pension and relief fund shall be made by electronic funds transfer.

(e) The State Auditor and the oversight board have the power, and the duty as each considers necessary, to perform or review audits on the pension and relief funds or to employ an independent consulting actuary or accountant to determine the compliance of the aforementioned certification with the requirements of this section and section twenty of this article. The expense of the audit or determination shall be paid from the portion of the Municipal Pensions and Protection Fund allocable to municipal policemen’s and firemen’s pension.
and relief funds or from the Municipal Pensions Security Fund pursuant to provisions of subsection (c), section eighteen-b of this article. If the allocable portion of the Municipal Pensions and Protection Fund or the Municipal Pensions Security Fund is not paid to the pension and relief fund within eighteen months, the portion is forfeited by the pension and relief fund and is allocable to other eligible municipal policemen's and firemen's pension and relief funds in accordance with section fourteen-d, article three, chapter thirty-three of this code.

§8-22-20. Actuary; actuarial valuation report; minimum standards for annual municipality contributions to the fund; definitions; actuarial review and audit.

(a) The oversight board shall contract with or employ a qualified actuary to annually prepare an actuarial valuation report on each pension and relief fund. The expense of the actuarial report shall be paid from moneys in the Municipal Pensions Security Fund. Uses of the actuarial valuations from the qualified actuary shall include, but not be limited to, determining a municipal policemen's or firemen's pension and relief fund's eligibility to receive state money and to provide supplemental benefits.

(b) The actuarial valuation report provided pursuant to subsection (a) of this section shall consist of, but is not limited to, the following disclosures: (1) The financial objective of the fund and how the objective is to be attained; (2) the progress being made toward realization of the financial objective; (3) recent changes in the nature of the fund, benefits provided or actuarial assumptions or methods; (4) the frequency of actuarial valuation reports and the date of the most recent actuarial valuation report; (5) the method used to value fund assets; (6) the extent to which the qualified actuary relies on the data provided and whether the
data was certified by the fund’s auditor or examined by the qualified actuary for reasonableness; (7) a description and explanation of the actuarial assumptions and methods; and (8) any other information the qualified actuary feels is necessary or would be useful in fully and fairly disclosing the actuarial condition of the fund.

(c)(1) Except as provided in subsection (e) of this section, beginning June 30, 1991, and thereafter, the financial objective of each municipality shall not be less than to contribute to the fund annually an amount which, together with the contributions from the members and the allocable portion of the Municipal Pensions and Protection Fund for municipal pension and relief funds established under section fourteen-d, article three, chapter thirty-three of this code or a municipality’s allocation from the Municipal Pensions Security Fund created in section eighteen-b of this article and other income sources as authorized by law will be sufficient to meet the normal cost of the fund and amortize any actuarial deficiency over a period of not more than forty years beginning from July 1, 1991: Provided, That in the fiscal year ending June 30, 1991, the municipality may elect to make its annual contribution to the fund using an alternative contribution in an amount not less than: (i) One hundred seven percent of the amount contributed for the fiscal year ending June 30, 1990; or (ii) an amount equal to the average of the contribution payments made in the five highest fiscal years beginning with the fiscal year ending 1984, whichever is greater: Provided, however, That contribution payments in subsequent fiscal years under this alternative contribution method may not be less than one hundred seven percent of the amount contributed in the prior fiscal year: Provided further, That in order to avoid penalizing municipalities and to provide flexibility when making contributions, municipalities using the alternative contribution method may exclude a one-time additional contribution made in any one year in excess of the minimum
required by this section: *And provided further,* That the
governing body of any municipality may elect to provide an
employer continuing contribution of one percent more than
the municipality’s required minimum under the alternative
contribution plan authorized in this subsection: *And provided
further,* That if any municipality decides to contribute an
additional one percent, then that municipality may not reduce
the additional contribution until the respective pension and
relief fund no longer has any actuarial deficiency: *And
provided further,* That any decision and any contribution
payment by the municipality is not the liability of the State of
West Virginia: *And provided further,* That if any
municipality or any pension fund board of trustees makes a
voluntary election and thereafter fails to contribute the
voluntarily increase as provided in this section and in
subdivision (4), subsection (b), section nineteen of this
article, then the board of trustees is not eligible to receive
funds allocated under section fourteen-d, article three,
chapter thirty-three of this code: *And provided further,* That
prior to using this alternative contribution method the actuary
of the fund shall certify in writing that the fund is projected
to be solvent under the alternative contribution method for
the next consecutive fifteen-year period. For purposes of
determining this minimum financial objective: (i) The value
of the fund’s assets shall be determined on the basis of any
reasonable actuarial method of valuation which takes into
account fair market value; and (ii) all costs, deficiencies, rate
of interest and other factors under the fund shall be
determined on the basis of actuarial assumptions and methods
which, in aggregate, are reasonable (taking into account the
experience of the fund and reasonable expectations) and
which, in combination, offer the qualified actuary’s best
estimate of anticipated experience under the fund: *And
provided further,* That any municipality which elected the
alternative funding method under this section and which has
an unfunded actuarial liability of not more than twenty-five
percent of fund assets, may, beginning September 1, 2003,
elect to revert to the standard funding method, which is to contribute to the fund annually an amount which is not less than an amount which, together with the contributions from the members and the allocable portion of the Municipal Pensions and Protection Fund for municipal pension and relief funds established under section fourteen-d, article three, chapter thirty-three of this code and other income sources as authorized by law, will be sufficient to meet the normal cost of the fund and amortize any actuarial deficiency over a period of not more than forty years, beginning from July 1, 1991.

(2) No municipality may anticipate or use in any manner any state funds accruing to the police or firemen’s pension fund to offset the minimum required funding amount for any fiscal year.

(3) Notwithstanding any other provision of this section or article to the contrary, each municipality shall contribute annually to the fund an amount which may not be less than the normal cost, as determined by the actuarial report.

(4) The actuarial process, which includes the selection of methods and assumptions, shall be reviewed by the qualified actuary no less than once every five years. Furthermore, the qualified actuary shall provide a report to the oversight board with recommendations on any changes to the actuarial process.

(5) The oversight board shall hire an independent reviewing actuary to perform an actuarial audit of the work performed by the qualified actuary no less than once every seven years.

(d) For purposes of this section, the term “qualified actuary” means only an actuary who is a member of the
Society of Actuaries or the American Academy of Actuaries. The qualified actuary shall be designated a fiduciary and shall discharge his or her duties with respect to a fund solely in the interest of the members and members’ beneficiaries of that fund. In order for the standards of this section to be met, the qualified actuary shall certify that the actuarial valuation report is complete and accurate and that in his or her opinion the technique and assumptions used are reasonable and meet the requirements of this section.

(e)(1) Beginning January 1, 2010, municipalities may choose the optional method of financing municipal policemen’s or firemen’s pension and relief funds as outlined in this subsection in lieu of the standard or alternative methods as provided in subdivision (1), subsection (c) of this section. The optional method provides an option to the existing standard or alternative methods of financing the funds.

(2) For those municipalities choosing the optional method of finance, the minimum standard for annual municipality contributions to each policemen’s or firemen’s pension and relief fund shall be an amount which, together with the contributions from the members and allocable portion of the Municipal Pensions and Protection Fund or Municipal Pensions Security Fund created in section eighteen-b of this article, and other income sources as authorized by law, will be sufficient to meet the normal cost of the fund and amortize any actuarial deficiency over a period of not more than forty years beginning January 1, 2010: Provided, That those municipalities using the standard method of financing in 2009 shall continue to amortize their actuarial deficiencies over a period of not more than forty years beginning July 1, 1991. The required contribution shall be determined each plan year as described above by the actuary retained by the oversight board, based on an actuarial valuation reflecting actual demographic and investment experience and consistent
with the Actuarial Standards of Practice published by the
Actuarial Standards Board.

(3) A municipality choosing the optional method of
financing a policemen’s or firemen’s pension and relief fund
as provided in this subsection shall close the fund to police
officers or fire fighters newly hired on or after January 1,
2010, and provide for those employees to be members of the
Municipal Police Officers and Firefighters Retirement
System as established in article twenty-two-a of this chapter.

§8-22-20a. Hiring of actuary; preparation of actuarial valuations.

(a)(1) The Legislature finds that it is in the best interests
of the state and its municipalities to have accurate data
regarding the various municipal police and firemen’s pension
and relief funds.

(2) The Legislature finds that the State Treasurer should
contract with an actuary as a consultant for the municipal
police and firemen’s pension and relief funds and among
other duties the actuary shall determine if there is consistent
reporting from the various funds. The Legislature further
finds that the State Treasurer or oversight board should share
the results of the actuary’s annual valuation with the
appropriate municipality.

(b) Except as hereinafter provided, beginning July 1,
2002, the State Treasurer shall select by competitive bid and
contract with a single qualified actuary. The actuary shall
serve as a consultant to the Treasurer with regard to the
operation of the municipal policemen’s and firemen’s
pension and relief funds and shall report annually to the
Treasurer with regard to all funds existing in this state by
virtue of this article. Costs associated with the actuary’s
work shall be paid out of the Municipal Pensions and
Protection Fund established pursuant to section fourteen-d,
article three, chapter thirty-three of this code. The State Treasurer shall provide the single qualified actuary until the oversight board assumes the duty of providing for the actuary. §8-22-23a. Eligibility for total and temporary disability pensions and total and permanent disability pensions; reporting; light duty.

(a) All members applying for total and temporary or total and permanent disability benefits after June 30, 1981, shall be examined by at least two physicians under the direction of the staff at Marshall University, West Virginia University, Morgantown, or West Virginia University, Charleston: Provided, That if a member’s medical condition cannot be agreed on by the two physicians, a third physician shall examine the member: Provided, however, That beginning
January 1, 2010, and continuing thereafter, a member applying for total and temporary or total and permanent disability benefits shall be examined by two physicians, one of which shall be chosen and paid by the member, and one of which shall be chosen and paid by the oversight board. If the two physicians disagree, the oversight board shall select and pay for a third examining physician. Disability benefits shall be awarded if in the opinion of two of the examining physicians the member is by reason of the disability unable to perform adequately the job duties required. Each medical examination shall include the review of the member’s medical history, but an examining physician may not have access to the disability examination report or disability recommendation of another physician. The physicians shall send copies of their reports to both the board of trustees of the member’s pension and relief fund and the oversight board. The expense of the member’s transportation to medical examinations shall be paid by the board of trustees. Medical expense shall not exceed the reasonable and customary charges for similar services. Beginning January 1, 2010, and thereafter, if a member is charged with an offense that has the potential to lead to the member’s termination, the member’s municipal pensions and relief fund board of trustees may not consider the member’s eligibility for disability benefits until after investigation of the charge is completed and any disciplinary decision is implemented. No later than January 1, 2011, and annually thereafter, each board of trustees shall report to the oversight board the total number of disability applications received during the prior fiscal year, the status of each application as of the end of the fiscal year, total applications granted and denied and the percentage of disability-benefit recipients to the total number of active members of the fund.

(b) Effective for members becoming eligible for total and temporary disability benefits after June 30, 1981, initially or previously under this subsection allowance for initial or
additional total and temporary disability payments, the
amount thereof to be determined as specified in section
twenty-four of this article shall be paid to the member during
the disability for a period not exceeding twenty-six weeks if
after a medical examination in accordance with subsection (a)
of this section two examining physicians report in writing to
the board of trustees that: (1) The member has become so
totally, physically or mentally disabled, from any reason, as
to render the member totally, physically or mentally,
incapacitated for employment as a police officer or
firefighter; and (2) it has not been determined if the disability
is permanent or it has been determined that the disability may
be alleviated or eliminated if the member follows a
reasonable medical treatment plan or reasonable medical
advice: Provided, That, in any event, a member is not eligible
for total and temporary disability payments following the
fourth consecutive 26-week period of total and temporary
disability unless subsequent disability results from a cause
unrelated to the cause of the four previous periods of total
and temporary disability. During the two-year period of total
and temporary disability, the department is required to restore
the member to his or her former position in the department at
any time the member is determined to no longer be disabled:
Provided, however, That the department may refill, on a
temporary basis, the position vacated by the member after
the first twenty-six weeks of his or her temporary disability.

(c) Effective for members becoming eligible for total and
permanent disability benefits initially under this subsection
or becoming eligible for total and temporary disability
benefits under subsection (b) of this section after June 30,
1981, allowance for total and permanent disability payments,
the amount thereof to be determined as specified in section
twenty-four of this article, shall be paid to the member after
a medical examination in accordance with subsection (a) of
this section, two examining physicians report in writing to the
board of trustees that the member has become so totally,
physically or mentally, and permanently disabled, as a proximate result of service rendered in the performance of his or her duties in the department, as to render the member totally, physically or mentally, and permanently incapacitated for employment as a police officer or firefighter or, if the member has been a member of either of the departments for a period of not less than five consecutive years preceding the disability, the member has become so totally, physically or mentally, and permanently disabled, from any reason other than service rendered in the performance of his or her duties in the department, as to render the member totally, physically or mentally, and permanently incapacitated for employment as a police officer or firefighter. The phrase “totally, physically or mentally, and permanently disabled” shall not be construed to include a medical condition which may be corrected if the member follows a reasonable medical treatment plan or reasonable medical advice.

(d) Effective for members becoming eligible for total and temporary disability benefits after June 30, 1981, under the provisions of subsection (b) of this section, any payments for total and temporary disability for a period during the disability not exceeding twenty-six weeks shall cease at the end of the 26-week period under the following conditions:

(1) The member fails to be examined as provided in subsection (a) of this section; or (2) the member is examined or reexamined as provided in said subsection and two examining physicians report to the board of trustees that the member’s medical condition does not meet the requirements of subsection (b) or (c) of this section. Effective for members becoming eligible for total and temporary disability benefits after June 30, 1981, under subsection (b) of this section, subsequent to the member’s receipt of total and temporary disability payments for a period of two years, the payments shall cease at the end of the two-year period under the following conditions: (A) The member fails to be

(e) Notwithstanding other provisions of this section to the contrary, a member of a municipal policemen’s or firemen’s pension and relief fund who is found to be disabled from performing the full range of tasks relevant to police officer or firefighter employment but capable of performing a restricted or light-duty police officer or firefighter job made available at the discretion of the employing municipality may choose to continue working and retain an active membership in his or her pension and relief fund.

(a) In determining the years of service of a member in a paid police or fire department for the purpose of ascertaining certain disability pension benefits, all retirement pension benefits and certain death benefits, the following provisions shall be applicable:

(1) Absence from the service because of sickness or injury for a period of two years or less shall not be construed as time out of service; and

(2) Any member of any paid police or fire department covered by the provisions of sections sixteen through twenty-eight of this article who has been or will be on qualified military service in the armed forces of the United States, has an honorable discharge from the armed forces, presents himself or herself for resumption of duty to his or her appointing municipal official within six months from his or her date of discharge and is accepted by two medical...
examiners, at least one of which is appointed by the oversight
board as being mentally and physically capable of performing
the required duties as a member of the paid police or fire
department, shall be given credit for continuous service in the
paid police or fire department. The six-month period in
which a member has to resume employment and receive
credit for continuous service is extended to a period not to
exceed two years if the member has been hospitalized for, or
convalescing from, an illness or injury incurred in, or
aggravated during, qualified military service. No member of
a paid police or fire department shall be required to pay the
monthly assessment during a period of qualified military
service. However, a member who desires to make up
member assessments, in whole or in part, has five years from
the date of return to work, but shall not be required to pay

up. The employer must pay the employer contributions for
the periods made up by the member within ninety days of
each payment, or within ninety days of the normal due date.
A member who resumes duty with a paid police or fire
department after qualified military service is entitled to
accrued benefits only to the extent that the member made up
the member assessments.

(b) As to any former member of a paid police or fire
department receiving disability pension benefits or retirement
pension benefits from a policemen’s or firemen’s pension
and relief fund, on July 1, 1985, the following provisions
shall govern and control the amount of the pension benefits:

(1) A former member who on June 30, 1962, was

In no case shall the payments to the
surviving spouse and children be cut below sixty-five percent of the total amount paid to all dependents; and

(2) A surviving spouse, dependent child or children, or dependent father or mother, or dependent brothers or sisters, of any former member who became eligible for death benefits on or after July 1, 1962, shall continue to receive death benefits, but on and after July 1, 1985, shall receive the death benefits provided in section twenty-six of this article.

During a member's first and last years of covered employment, the member shall be credited with one twelfth of a year of service for each month during the plan year in which the member is credited with an hour of service for which contributions were received by the fund. A member is not entitled to credit for years of service for any time period
292 during which he or she received disability payments under section seventeen or eighteen of this article.

1 Any term used in this article has the same meaning as when used in a comparable context in the laws of the United States, unless a different meaning is clearly required. Any reference in this article to the Internal Revenue Code means the Internal Revenue Code of 1986, as amended.

1 There is hereby created the West Virginia Municipal Police Officers and Firefighters Retirement System. The purpose of this system is to provide for the orderly retirement of certain police officers and firefighters who become superannuated because of age or permanent disability and to provide certain survivor death benefits. Substantially all of the members of the retirement system shall be qualified public safety employees as defined in section two of this article. The retirement system shall come into effect January 1, 2010: Provided, That if the number of members in the system are fewer than one hundred on January 1, 2014, then all of the provisions of this article are void and of no force and effect, and memberships in the system will be merged into the Emergency Medical Services Retirement System created in article five-v, chapter sixteen of this code. If merger is required, the board shall take all necessary steps to see that the voluntary transfers of persons and assets authorized by this article do not affect the qualified status with the Internal Revenue Service of either retirement plan. All business of the system shall be transacted in the name of the West Virginia Municipal Police Officers and Firefighters
Retirement System. The board shall specify and adopt all actuarial assumptions for the plan at its first meeting of every calendar year or as soon thereafter as may be practicable, which assumptions shall become part of the plan.

§8-22A-5. Article to be liberally construed; board to administer plan; federal qualification requirements.

(a) The provisions of this article shall be liberally construed so as to provide a general retirement system for municipal police officers and firefighters eligible to retire under the provisions of this plan.

(b) The board shall administer the plan in accordance with its terms and may construe the terms and determine all questions arising in connection with the administration, interpretation and application of the plan. The board may sue and be sued, contract and be contracted with and conduct all the business of the system in the name of the plan. The board may employ those persons it considers necessary or desirable to administer the plan. The board shall administer the plan for the exclusive benefit of the members and their beneficiaries subject to the specific provisions of the plan.

(c) The plan is intended to meet the federal qualification requirements of Section 401(a) and related sections of the Internal Revenue Code as applicable to governmental plans. Notwithstanding any other provision of state law, the board shall administer the plan to fulfill this intent for the exclusive benefit of the members and their beneficiaries. Any provision of this article referencing or relating to these federal qualification requirements is effective as of the date required by federal law. The board may propose rules for promulgation and amend or repeal conflicting rules in accordance with the authority granted to the board pursuant to section one, article ten-d, chapter five of this code to assure compliance with the requirements of this section.
§8-22A-6. Members.

(a) A police officer or firefighter first employed in covered employment after the effective date of this article by a municipality or municipal subdivision which has established and maintained a policemen's pension and relief fund or a firemen's pension and relief fund pursuant to section sixteen, article twenty-two of this chapter and which is a participating employer, shall be a member of this retirement plan.

(b) Except as provided in section thirty-two of this article, a police officer or firefighter who is a member of the Municipal Police Officers and Firefighters Retirement System may not have credit for covered employment in any other retirement system applied as service credit in the Municipal Police Officers and Firefighters Retirement System.

(c) Notwithstanding any other provisions of this article, any individual who is a leased employee is not eligible to participate in the plan. For purposes of this plan, a "leased employee" means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.

§8-22A-7. Creation of fund; investments; actuarial valuations.

(a) There is hereby created the West Virginia Municipal Police Officers and Firefighters Retirement Fund for the benefit of the members of the retirement system created pursuant to this article and the dependents of any deceased or retired member of the system.
(b) All moneys paid into and accumulated in the fund, except amounts designated by the board for payment of benefits as provided in this article, shall be held in trust and invested in the Consolidated Pensions Fund administered by the West Virginia Investment Management Board as provided by law.

(c) The board shall employ a competent actuary or actuarial firm to prepare an actuarial valuation of the assets and liabilities of the fund. The actuarial valuation period shall coincide with the fiscal year of the state.

§8-22A-8. Members' contributions; employer contributions; correction of errors.

(a)(1) There shall be deducted from the monthly salary of each member and paid into the fund an amount equal to eight and one-half percent (or ten and one-half percent, if applicable) of his or her monthly salary. An additional amount shall be paid to the fund by the municipality or municipal subdivision in which the member is employed in covered employment in an amount determined by the board: Provided, That in no year may the total of the employer contributions provided in this section, to be paid by the municipality or municipal subdivision, exceed ten and one-half percent of the total payroll for the members in the employ of the municipality or municipal subdivision. Any active member who has concurrent employment in an additional job or jobs and the additional employment requires the police officer or firefighter to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to article ten-d, chapter five of this code shall contribute to the fund the sum of eight and one-half percent (or ten and one-half percent, if applicable) of his or her monthly salary earned as a municipal police officer or firefighter as well as the sum of eight and one-half percent (or ten and one-half percent, if applicable)
of his or her monthly salary earned from any additional employment which additional employment requires the police officer or firefighter to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to article ten-d, chapter five of this code. An additional amount as determined by the board, not to exceed ten and one-half percent of the monthly salary of each member, shall be paid to the fund by the concurrent employer by which the member is employed.

(2) The board may, on the recommendation of the board’s actuary, increase the employees’ contribution rate from eight and one-half percent to ten and one-half percent should the plan not be seventy percent funded by July 1, 2014. The board shall decrease the contribution rate to eight and one-half percent on July 1 following the acceptance by the board of an actuarial valuation determining that the plan is seventy-five percent funded. If the plan funding level at a later actuarial valuation date falls below seventy percent, the employee rate of contribution shall be increased to ten and one-half percent of salary until the seventy-five percent level of funding is achieved. The board shall change the employee contribution rate on July 1 following the board’s acceptance of the actuarial valuation. At no time may the rate of employee contribution exceed the rate of employer contribution.

(b) All required deposits shall be remitted to the board no later than fifteen days following the end of the calendar month for which the deposits are required. If the board on the recommendation of the board actuary finds that the benefits provided by this article can be actuarially funded with a lesser contribution, then the board shall reduce the required member and employer contributions proportionally. Any municipality or municipal subdivision which fails to make any payment due the Municipal Police Officers and Firefighters Retirement Fund by the fifteenth day following
the end of each calendar month in which contributions are
due may be required to pay the actuarial rate of interest lost
on the total amount owed for each day the payment is
delinquent. Accrual of the loss of earnings owed by the
delinquent municipality or municipal subdivision commences
after the fifteenth day following the end of the calendar
month in which contributions are due and continues until
receipt of the delinquent amount. Interest compounds daily
and the minimum surcharge is $50.

(c) If any change or employer error in the records of any
participating public employer or the retirement system results
in any member or retirant receiving from the system more or
less than he or she would have been entitled to receive had
the records been correct, the board shall correct the error and
as far as is practicable shall adjust the payment of the benefit
in a manner that the actuarial equivalent of the benefit to
which the member or retirant was correctly entitled shall be
paid. Any employer error resulting in an underpayment to
the retirement system may be corrected by the member or
retirant remitting the required employee contribution and the
participating public employer remitting the required
employer contribution. Interest shall accumulate in
accordance with the legislative rule 162 CSR 7 (retirement
board reinstatement interest) and any accumulating interest
owed on the employee and employer contributions resulting
from the employer error shall be the responsibility of the
participating public employer. The participating public
employer may remit total payment and the employee
reimburse the participating public employer through payroll
deduction over a period equivalent to the time period during
which the employer error occurred.

§8-22A-9. Retirement; commencement of benefits; insurance
requirements during early period.
(a) To ensure the fiscal integrity of the retirement system during the start-up phase, no member is entitled to retirement, disability or death benefits under this retirement system until January 1, 2013. Participating municipalities shall purchase insurance for their new plan members to provide coverage in an amount equal to disability coverage otherwise provided in sections seventeen and eighteen of this article and death benefits otherwise provided in sections twenty, twenty-two and twenty-three of this article for claims arising before January 1, 2013.

(b) A member may retire and commence to receive retirement income payments on the first day of the calendar month following written application for his or her voluntary petition for retirement coincident with or next following the later of the date the member ceases employment, or the date the member attains early or normal retirement age, in an amount as provided under this article: Provided, That retirement income payments under this plan are subject to the provisions of this article. On receipt of the petition, the board shall promptly provide the member with an explanation of his or her optional forms of retirement benefits and on receipt of properly executed forms from the member, the board shall process a member’s request for and commence payments as soon as administratively feasible.

§8-22A-10. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section to the extent applicable to governmental plans (hereafter sometimes referred to as the “415 limitation(s)” or “415 dollar limitation(s)”), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or
limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) A member’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member’s benefit were paid in another form;
(2) benefits that are not directly related to retirement benefits 
(such as a qualified disability benefit, preretirement 
incidental death benefits, and post-retirement medical 
benefits); or (3) the inclusion in the form of benefit of an 
automatic benefit increase feature, provided the form of 
benefit is not subject to Section 417(e)(3) of the Internal 
Revenue Code and would otherwise satisfy the limitations of 
this article, and the plan provides that the amount payable 
under the form of benefit in any limitation year shall not 
exceed the limits of this article applicable at the annuity 
starting date, as increased in subsequent years pursuant to 
Section 415(d) of the Internal Revenue Code. For this 
purpose an automatic benefit increase feature is included in 
a form of benefit if the form of benefit provides for 
automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 
417(e)(3). -- The straight life annuity that is actuarially 
equivalent to the member's form of benefit shall be 
determined under this subsection if the form of the member's 
benefit is either: (1) A nondecreasing annuity (other than a 
straight life annuity) payable for a period of not less than the 
life of the member (or, in the case of a qualified preretirement 
survivor annuity, the life of the surviving spouse); or (2) an 
anuity that decreases during the life of the member merely 
because of: (i) The death of the survivor annuitant (but only 
if the reduction is not below fifty percent of the benefit 
payable before the death of the survivor annuitant); or (ii) the 
cessation or reduction of Social Security supplements or 
qualified disability payments (as defined in Section 
401(a)(11) of the Internal Revenue Code). The actuarially 
equivalent straight life annuity is equal to the greater of: (I) 
The annual amount of the straight life annuity (if any) 
payable to the member under the plan commencing at the 
same annuity starting date as the member's form of benefit; 
and (II) the annual amount of the straight life annuity 
commencing at the same annuity starting date that has the
same actuarial present value as the member's form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is other than a benefit form described in subsection (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and one-half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling...
modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. -- (1) Except as provided in subdivisions (2) and (3) of this subsection, if the member's retirement benefits become payable before age sixty-two, the 415 dollar limitation prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in subdivision (1) of this subsection shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.

(3) The limitation reduction provided in subdivision (1) of this subsection shall not be applicable to preretirement disability benefits or preretirement death benefits.
(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five, no adjustment is made to reflect the probability of a member’s death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.

(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subsection (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or 1, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and take precedence over any inconsistent provisions of this plan. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and its regulations. For this purpose, the following provisions apply:

(a) The payment of benefits under the plan to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section
401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent on, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the plan has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the plan shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary, commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii)
December 31 of the calendar year following the calendar year in which the spouse died.

§8-22A-12. Direct rollovers.

Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee's election under this plan, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (A) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; (B) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; and (C) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or to a qualified trust described in Section 401(a) or to an annuity contract described in Section 403(a) or 403(b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including...
separately accounting for the portion of the distribution which is includable in gross income and the portion of the distribution which is not includable.

(2) "Eligible retirement plan" means an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this plan, an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code, an annuity contract described in Section 403(b) of the Internal Revenue Code, or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts the distributee’s eligible rollover distribution: Provided, That in the case of an eligible rollover distribution to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means an employee or former employee. In addition, the employee’s or former employee’s surviving spouse and the employee’s or former employee’s spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. The term "distributee" also includes a designated beneficiary (other than a surviving spouse) as the term is defined in Section 402(c)(11) of the Internal Revenue Code.
(4) "Direct rollover" means a payment by the plan to the eligible retirement plan.

§8-22A-13. Rollovers and transfers to repay withdrawn contributions.

(a) Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the plan shall accept the following rollovers and plan transfers on behalf of a member solely for the purpose of the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a previous forfeiture of service credit as otherwise provided in this article: (1) One or more rollovers within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual retirement account described in Section 408(a) of the Internal Revenue Code or from an individual retirement annuity described in Section 408(b) of the Internal Revenue Code; (2) one or more rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section 403(b) of the Internal Revenue Code; (3) one or more rollovers described in Section 457(e)(16) of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal Revenue Code; or (4) direct trustee-to-trustee transfers or rollovers from a plan that is qualified under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal Revenue Code:

Provided, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with such policies, practices and procedures established by the board from time to time. For purposes of this section, "repayment of withdrawn or refunded contributions" means the payment into the retirement system of the funds required
pursuant to this article for the reinstatement of service credit previously forfeited on account of any refund or withdrawal of contributions permitted in this article, as set forth in Section 415(k)(3) of the Internal Revenue Code.

(b) Nothing in this section may be construed as permitting rollovers or transfers into this system or any other system administered by the retirement board other than as specified in this section and no rollover or transfer shall be accepted into the system in an amount greater than the amount required for the repayment of withdrawn or refunded contributions.

(c) Nothing in this section shall be construed as permitting the repayment of withdrawn or refunded contributions except as otherwise permitted in this article.

This section describes when adjustment of a member’s accrued benefit to reflect the difference in age, in years and months, between the member’s annuity starting date and the date the member attains normal retirement age shall be made. This age adjustment, when required, shall be made based on the normal form of benefit and shall be the actuarial equivalent of the accrued benefit at the member’s normal retirement age. The member shall receive the age adjusted retirement income in the normal form or in an actuarial equivalent amount in an optional form as provided under this article, subject to reduction if necessary to comply with the maximum benefit limitations of Section 415 of the Internal Revenue Code and section ten of this article. The first day of the calendar month following the month of birth shall be used in lieu of any birth date that does not fall on the first day of a calendar month.

(a) Normal retirement. -- A member whose annuity starting date is the date the member attains normal retirement
age is entitled to his or her accrued benefit without adjustment for age at commencement.

(b) Late retirement. -- A member whose annuity starting date is later than the date the member attains normal retirement age shall receive retirement income payments in the normal form without adjustment for age at commencement, which is the benefit to which he or she is entitled according to his or her accrued benefit based on his or her final average salary and credited service at the time of his or her actual retirement and following the completion of an application for retirement as required by the board.

(c) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the retirement income payments elected and at those times established by the board. Notwithstanding any other provision of the plan, a member who is married on the annuity starting date will receive his or her retirement income payments in the form of a sixty-six and two-thirds percent joint and survivor annuity with his or her spouse unless prior to the annuity starting date the spouse waives the form of benefit.

Prior to the effective date of retirement, but not after that date, a member may elect to receive retirement income payments in the normal form, or the actuarial equivalent of the normal form from the following options:

(a) Option A -- Contingent joint and survivor annuity. -- A life annuity payable during the joint lifetime of the member and his or her beneficiary who must be a natural person with an insurable interest in the member’s life. On the death of the member, the benefit shall continue as a life annuity to the beneficiary in an amount equal to fifty percent, sixty-six and two-thirds percent, seventy-five percent or one hundred
percent of the amount paid while both were living, as elected by the member. If the beneficiary dies first, the monthly amount of benefits may not be reduced, but shall be paid at the amount that was in effect before the death of the beneficiary. If the retiring member is married, the spouse shall sign a waiver of benefit rights if the beneficiary is to be other than the spouse.

(b) Option B -- Ten years certain and life annuity. -- A life annuity payable during the member’s lifetime but in any event for a minimum of ten years. If the member dies before the expiration of ten years, the remaining payments shall be made to a designated beneficiary, if any, or otherwise to the member’s estate.

§8-22A-16. Refunds to certain members on discharge or resignation; deferred retirement; forfeitures.

(a) Any member who terminates covered employment and is not eligible to receive disability benefits under this article is, by written request filed with the board, entitled to receive from the fund the member’s accumulated contributions. Except as provided in subsection (b) of this section, on withdrawal, the member shall forfeit his or her accrued benefit and cease to be a member.

(b)(1) Any member who ceases employment in covered employment and active participation in this plan and who thereafter becomes reemployed in covered employment may not receive any credited service for any prior accumulated contributions withdrawn from the plan unless following his or her return to covered employment and active participation in this plan, the member redeposits in the fund the amount of the accumulated contributions withdrawn from previous covered employment, together with interest on the accumulated contributions at the rate determined by the board from the date of withdrawal to the date of redeposit. On
19 repayment he or she shall receive the same credit on account
20 of his or her former covered employment as if no refund had
21 been made.

22 (2) The repayment authorized by this subsection shall be
23 made in a lump sum within sixty months of the police
24 officer's or firefighter's reemployment in covered
25 employment.

26 (c) Every member who completes sixty months of regular
27 contributory service may, on cessation of covered
28 employment, either withdraw his or her accumulated
29 contributions in accordance with this section or choose not to
30 withdraw his or her accumulated contribution and receive
31 retirement income payments, if eligible, on attaining normal
32 retirement age.

33 (d) Notwithstanding any other provision of this article,
34 forfeitures under the plan may not be applied to increase the
35 benefits any member would otherwise receive under the plan.

§8-22A-17. Awards and benefits for disability -- Duty related;
exception during early period.

1 (a) Except as provided in subsection (a), section nine of
2 this article, any member who after the effective date of this
3 article and during covered employment: (1) Has been or
4 becomes totally disabled by injury, illness or disease; and (2)
5 the disability is a result of an occupational risk or hazard
6 inherent in or peculiar to the services required of members;
7 or (3) the disability was incurred while performing police
8 officer or firefighter functions during either scheduled work
9 hours or at any other time; and (4) in the opinion of two
10 physicians after medical examination, at least one of whom
11 shall be named by the board, the member is by reason of the
12 disability not only unable to perform his or her previous work
13 as a police officer or firefighter but also cannot, considering
his or her age, education and work experience, engage in any
other kind of substantial gainful employment which exists in
the state regardless of whether: (A) The work exists in the
immediate area in which the member lives; (B) a specific job
vacancy exists; or (C) the member would be hired if he or she
applied for work, is entitled to receive and shall be paid from
the fund in monthly installments during the lifetime of the
member or, if sooner, until the member attains normal
retirement age or until the disability sooner terminates, the
compensation under this section. For purposes of this article,
substantial gainful employment is the same definition as used
by the United States Social Security Administration.

(b) If the member is totally disabled, the member shall
receive ninety percent of his or her average full monthly
compensation for the twelve-month period preceding the
member’s disability or the shorter period if the member has
not worked twelve months.

(c) If the member remains totally disabled until attaining
sixty-five years of age, the member shall then receive the
retirement benefit provided in sections fourteen and fifteen of
this article.

§8-22A-18. Awards and benefits for disability -- Due to other
causes; exception during early period.

(a) Except as provided in subsection (a), section nine of
this article, any member who after the effective date of this
article and during covered employment: (1) Has been or
becomes totally disabled from any cause other than those set
forth in section seventeen of this article and not due to
vicious habits, intemperance or willful misconduct on his or
her part; and (2) in the opinion of two physicians after
medical examination, at least one of whom shall be named by
the board, he or she is by reason of the disability not only
unable to perform his or her previous work as a police officer
or firefighter but also cannot, considering his or her age, education and work experience, engage in any other kind of substantial gainful employment which exists in the state regardless of whether: (A) The work exists in the immediate area in which the member lives; (B) a specific job vacancy exists; or (C) the member would be hired if he or she applied for work, is entitled to receive and shall be paid from the fund in monthly installments during the lifetime of the member or, if sooner, until the member attains normal retirement age or until the disability sooner terminates, the compensation set forth in, either subsection (b) or (c) of this section.

(b) If the member is totally disabled, he or she shall receive sixty-six and two-thirds percent of his or her average monthly compensation for the twelve-month period preceding the disability, or the shorter period, if the member has not worked twelve months.

(c) If the member remains totally disabled until attaining sixty years of age, then the member shall receive the retirement benefit provided in sections fourteen and fifteen of this article.

§8-22A-19. Same -- Physical examinations; recertification; termination of disability.

The board may require any member who has applied for or is receiving disability benefits under this article to submit to a physical examination, mental examination or both, by a physician or physicians selected or approved by the board and may cause all costs incident to the examination and approved by the board to be paid from the fund. The costs may include hospital, laboratory, X-ray, medical and physicians’ fees. A report of the findings of any physician shall be submitted in writing to the board for its consideration. If, from the report, independent information,
or from the report and any hearing on the report, the board finds that the member is no longer totally disabled and is engaged in or is able to engage in substantial gainful employment, then the disability benefits shall cease. The board shall require recertification annually for the first three years of disability and thereafter at the discretion of the board. For purposes of recertification the board may require a disability retirant to undergo a medical examination to be made by or under the direction of a physician designated by the board, or to submit a statement signed by the disability retirant’s physician certifying continued disability, and may require the retirant to submit copies of annual income tax returns. If a retirant refuses to submit to medical examinations or to provide statements or returns requested for recertification, the board may discontinue disability until the retirant complies.

§8-22A-20. Awards and benefits to surviving spouse -- When member dies in performance of duty, etc.; exception during early period.

(a) Except as provided in subsection (a), section nine of this article, the surviving spouse of any member who, after the effective date of this article while in covered employment, has died or dies by reason of injury, illness or disease resulting from an occupational risk or hazard inherent in or peculiar to the service required of members, while the member was or is engaged in the performance of his or her duties as a police officer or firefighter, or the surviving spouse of a member who dies from any cause while receiving benefits pursuant to section seventeen of this article, is entitled to receive and shall be paid from the fund benefits as determined in this section. To the surviving spouse annually, in equal monthly installments during his or her lifetime, an amount equal to the greater of: (1) Two thirds of the annual compensation received in the preceding twelve-month period by the deceased member; or (2) if the member dies after his
or her normal retirement age, the monthly amount which the
spouse would have received had the member retired the day
before his or her death, elected a one hundred percent joint
and survivor annuity with the spouse as the joint annuitant,
and then died.

(b) Benefits for a surviving spouse received under this
section, section twenty-two and section twenty-three of this
article are in lieu of receipt of any other benefits under this
article for the spouse or any other person or under the
provisions of any other state retirement system based on the
member’s covered employment.

§8-22A-21. Awards and benefits to surviving spouse -- When
member dies from nonservice-connected causes.

(a) If a member who has been a member for at least ten
years, while in covered employment after the effective date
of this article, has died or dies from any cause other than
those specified in section twenty of this article and not due to
vicious habits, intemperance or willful misconduct on his or
her part, the fund shall pay annually in equal monthly
installments to the surviving spouse during his or her
lifetime, a sum equal to the greater of: (1) One-half of the
annual compensation received in the preceding twelve-month
employment period by the deceased member; or (2) if the
member dies after his or her normal retirement age, the
monthly amount which the spouse would have received had
the member retired the day before his or her death, elected a
one hundred percent joint and survivor annuity with the
spouse as the joint annuitant, and then died. If the member
is receiving disability benefits under this article at the time of
his or her death, the amount of the average monthly
compensation which the member was receiving in the plan
year prior to the initial disability shall be substituted for the
annual compensation in subdivision (1) of this subsection.
(b) Benefits for a surviving spouse received under this section, or other sections of this article are in lieu of receipt of any other benefits under this article for the spouse or any other person or under the provisions of any other state retirement system based on the member's covered employment.

(a) Except as provided in subsection (a), section nine of this article, in addition to the spouse death benefits in this article, the surviving spouse is entitled to receive and there shall be paid to the spouse $100 monthly for each dependent child.

(b) If the surviving spouse dies or if there is no surviving spouse, the fund shall pay monthly to each dependent child a sum equal to one hundred percent of the spouse's entitlement under this article divided by the number of dependent children. If there is neither a surviving spouse nor a dependent child, the fund shall pay in equal monthly installments to the dependent parents of the deceased member during their joint lifetimes a sum equal to the amount which a surviving spouse, without children, would have received: Provided, That when there is only one dependent parent surviving, that parent is entitled to receive during his or her lifetime one-half the amount which both parents, if living, would have been entitled to receive: Provided, however, That if there is no surviving spouse, dependent child or dependent parent of the deceased member, the accumulated contributions shall be paid to a named beneficiary or beneficiaries: Provided further, That if there is no surviving spouse, dependent child or dependent parent of the deceased member, or any named beneficiary or beneficiaries, then the accumulated contributions shall be paid to the estate of the deceased member.
(c) Any person qualifying as a dependent child under this section, in addition to any other benefits due under this or other sections of this article, is entitled to receive a scholarship to be applied to the career development education of that person. This sum, up to but not exceeding $6,000 per year, shall be paid from the fund to any university or college in this state or to any trade or vocational school or other entity in this state approved by the board to offset the expenses of tuition, room and board, books, fees or other costs incurred in a course of study at any of these institutions so long as the recipient makes application to the board on an approved form and under rules provided by the board and maintains scholastic eligibility as defined by the institution or the board. The board may propose legislative rules for promulgation in accordance with article three, chapter twenty-nine-a of this code which define age requirements, physical and mental requirements, scholastic eligibility, disbursement methods, institutional qualifications and other requirements as necessary and not inconsistent with this section.

Except as provided in subsection (a), section nine of this article, any member who dies as a result of any service-related illness or injury after the effective date is entitled to a lump sum burial benefit of $5,000. If the member is married, the burial benefit shall be paid to the member’s spouse. If the member is not married, the burial benefit shall be paid to the member’s estate for the purposes of paying burial expenses, settling the member’s final affairs, or both.

A surviving spouse is not entitled to receive simultaneous death benefits under this article as a result of the death of two or more members to whom the spouse was married. Any
spouse who becomes eligible for a subsequent death benefit under this article while receiving a death benefit under this article shall receive the higher benefit, but not both.

§8-22A-25. Right to benefits not subject to execution, etc.; assignments prohibited; deductions for group insurance; setoffs for fraud; exception for certain domestic relations orders; assets exempt from taxes.

The right of a person to any benefit provided in this article shall not be subject to execution, attachment, garnishment, the operation of bankruptcy or insolvency laws, or other process whatsoever, nor shall any assignment thereof be enforceable in any court except that the benefits or contributions under this system shall be subject to “qualified domestic relations orders” as that term is defined in Section 414(p) of the Internal Revenue Code as applicable to governmental plans: Provided, That should a member be covered by a group insurance or prepayment plan participated in by a participating public employer, and should he or she be permitted to, and elect to, continue such coverage as a retirant, he or she may authorize the board of trustees to have deducted from his or her annuity the payments required of him or her to continue coverage under such group insurance or prepayment plan: Provided, however, That a participating public employer shall have the right of setoff for any claim arising from embezzlement by, or fraud of, a member, retirant or beneficiary. The assets of the retirement system are exempt from state, county and municipal taxes.

§8-22A-26. Fraud; penalties; and repayment.

Any person who knowingly makes any false statement or who falsifies or permits to be falsified any record of the retirement system in any attempt to defraud that system is guilty of a misdemeanor and, on conviction thereof, shall be
punished by a fine not to exceed $1,000, by confinement in jail not to exceed one year, or by both fine and confinement. Any increased benefit received by any person as a result of the falsification or fraud shall be returned to the fund on demand by the board.

§8-22A-27. Credit toward retirement for member’s military service; qualified military service.

(a) Each member shall receive months of credited service for months served in active military duty not to exceed twenty-four months: Provided, That any employee may purchase as much as an additional twelve months of service for time served in active military duty that otherwise has not been credited, by paying the actuarial reserve lump sum purchase amount within three years after becoming vested.

(b) “Actuarial reserve lump sum purchase amount” means the purchase annuity rate multiplied by the purchase accrued benefit. The purchase annuity rate is the actuarial lump sum annuity factor calculated on a monthly basis based on the following actuarial assumptions: Interest rate of seven and one-half percent; mortality of the 1983 group annuity mortality table, male rates, applied on a unisex basis to all members; if purchase age is under age fifty, a deferred annuity factor with payments commencing at age fifty; and if purchase age is fifty or over, an immediate annuity factor with payments starting at the purchase age. The purchase accrued benefit is two and three-fourths percent times the purchase military service times the purchase average monthly salary. The purchase military service is the amount of military service being purchased by the employee as a fraction of a year up to a one year maximum. The purchase average monthly salary is the final average monthly salary of the employee at the beginning of the month which is three months prior to the purchase month as if the employee terminated employment on that date. The purchase month is
the month in which the employee deposits the actuarial reserve lump sum purchase amount into the plan trust fund in full payment of the service being purchased. The purchase age is the attained age of the employee in years and completed months as of the first day of the purchase month.

(c) Members who are eligible to receive credited service for periods of active military duty must substantiate to the retirement board:

(1) That the member has served one or more periods of active duty as substantiated by a federal form DD-214;

(2) That the member has been honorably discharged from active military duty as substantiated by a federal form DD-214; and

(3) That the member is receiving no benefits from any other governmental retirement system, except those benefits provided by federal law, for his or her active military duty.

(d) Any service credit allowed under this section may be credited one time only for each municipal police officer or municipal firefighter, regardless of any changes in job title or responsibilities.

(e) Notwithstanding any provision of this section to the contrary, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code. The retirement board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the board in section one, article ten-d, chapter five of this code, may promulgate rules relating to contributions, benefits and
service credit to comply with Section 414(u) of the Internal Revenue Code.

(f) Any contribution under this section to purchase service for time served in active military duty must satisfy the special limitation rules described in Section 415(n) of the Internal Revenue Code to the extent it is considered permissive service credit, and shall be automatically reduced, limited, or required to be paid over multiple years (consistent with the time limits under this section for making such contributions) if necessary to ensure such compliance. To the extent the purchased service is qualified military service within the meaning of Section 414(u) of the Internal Revenue Code, the limitations of Section 415 of the Internal Revenue Code shall be applied to the purchase as described in Section 414(u)(1)(B) of the Internal Revenue Code.

(g) The retirement board may propose legislative rules for promulgation in accordance with the provisions of article three, chapter twenty-nine-a of this code to administer the provisions of this section.

(h) Notwithstanding the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code.

§8-22A-28. How a municipality or municipal subdivision becomes a participating public employer; duty to request referendum on Social Security coverage.

(a) Subject to section sixteen, article twenty-two of this chapter, any municipality or municipal subdivision
employing municipal police officers or firefighters may by a majority of the members of its governing body eligible to vote, elect to become a participating public employer and thereby include its police officers and firefighters in the membership of the plan. The clerk or secretary of each municipality or municipal subdivision electing to become a participating public employer shall certify the determination of the municipality or municipal subdivision by corporate resolution to the Consolidated Public Retirement Board within ten days from and after the vote of the governing body. Separate resolutions are required for municipal police officers and municipal firefighters. Once a municipality or municipal subdivision elects to participate in the plan, the action is final and it may not, at a later date, elect to terminate its participation in the plan.

(b) After April 1, 2010, and before July 1, 2010, the participating employers shall jointly submit a plan to the State Auditor, pursuant to section five, article seven, chapter five of this code, to extend Social Security benefits to members of the retirement system.

§8-22A-29. Effective date; special starting date for benefits; provisions governing health care benefits for retirees age fifty to fifty-five.

(a) The effective date of this article is January 1, 2010. No payout of any benefits may be made by the retirement system to any person prior to January 1, 2013, except as provided in subsection (a), section nine of this article.

(b) The Director of the Public Employees Insurance Agency shall include in the insurance plan document filed in the office of the Secretary of State as 151 CSR 1 provisions governing health insurance benefits for retirees under the plan who are enrolled by their employers in insurance provided by the Public Employees Insurance Agency.
§8-22A-30. Limitation of employer liability.

No municipality or municipal subdivision which has timely met all of its obligations under this article is liable for any payments or contributions to the retirement plan which are owed to the plan by another participating employer.

If the retirement system is terminated or contributions are completely discontinued, the rights of all members to benefits accrued or contributions made to the date of the termination or discontinuance, to the extent then funded, are not forfeited.

Notwithstanding all other provisions relating to this article and article twenty-two of this chapter, any police officer or firefighter hired by a participating public employer on or after June 1, 2009, and before January 1, 2010, who received notice at the time of employment that he or she may be placed in a new retirement system created by legislation and who has been enrolled in but received no benefits from a municipal policemen’s or firemen’s pension and relief fund shall, if permitted by applicable federal law, be enrolled in the Municipal Police Officers and Firefighters Retirement System upon acceptance by the Consolidated Public Retirement Board of the resolution of the municipality required by section twenty-eight of this article. Employee and employer contributions made by or on behalf of the employee to the municipal pension and relief fund pursuant to article twenty-two of this chapter shall be transferred within sixty days to the retirement system created in this article and the employee subject to the transfer shall receive service credit for time worked while a member of the municipal pension and relief fund.
ARTICLE 3. LICENSING, FEES AND TAXATION OF INSURERS.

§33-3-14d. Additional fire and casualty insurance premium tax; allocation of proceeds; effective date.

(a) (1) For the purpose of providing additional revenue for municipal policemen's and firemen's pension and relief funds and the Teachers Retirement System Reserve Fund and for volunteer and part-volunteer fire companies and departments, there is hereby levied and imposed an additional premium tax equal to one percent of taxable premiums for fire insurance and casualty insurance policies. For purposes of this section, casualty insurance does not include insurance on the life of a debtor pursuant to or in connection with a specific loan or other credit transaction or insurance on a debtor to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is disabled as defined in the policy.

(2) All moneys collected from this additional tax shall be received by the commissioner and paid by him or her into a special account in the State Treasury, designated the Municipal Pensions and Protection Fund: Provided, That on or after January 1, 2010, the commissioner shall pay ten percent of the amount collected to the Teachers Retirement System Reserve Fund created in section eighteen, article seven-a, chapter eighteen of this code, twenty-five percent of the amount collected to the Fire Protection Fund created in section thirty-three of this article for allocation by the Treasurer to volunteer and part-volunteer fire companies and departments and sixty-five percent of the amount collected to
the Municipal Pensions and Protection Fund: Provided, however, That upon notification by the Municipal Pensions Oversight Board pursuant to the provisions of section eighteen-b, article twenty-two, chapter eight of this code, on or after January 1, 2010, or as soon thereafter as the Municipal Pensions Oversight Board is prepared to receive the funds, sixty-five percent of the amount collected by the commissioner shall be deposited in the Municipal Pensions Security Fund created in section eighteen-b, article twenty-two, chapter eight of this code. The net proceeds of this tax after appropriation thereof by the Legislature is distributed in accordance with the provisions of this section, except for distribution from proceeds pursuant to subsection (d), section eighteen-a, article twenty-two, chapter eight of this code.

(b) (1) Before the first day of August of each year, the treasurer of each municipality in which a municipal policemen’s or firemen’s pension and relief fund is established shall report to the State Treasurer the average monthly number of members who worked at least one hundred hours per month and the average monthly number of retired members of municipal policemen’s or firemen’s pension and relief fund or the Municipal Police Officers and Firefighters Retirement System during the preceding fiscal year: Provided, That beginning in the year 2010 and continuing thereafter, the report shall be made to the oversight board created in section eighteen-a, article twenty-two, chapter eight of this code. These reports received by the oversight board shall be provided annually to the State Treasurer by September 1.

(2) Before the first day of September of each calendar year, the State Treasurer, or the Municipal Pensions Oversight Board, once in operation, shall allocate and authorize for distribution the revenues in the Municipal Pensions and Protection Fund which were collected during the preceding calendar year for the purposes set forth in this
section. Before the first day of September of each calendar year and after the Municipal Pensions Oversight Board has notified the Treasurer and commissioner pursuant to section eighteen-b, article twenty-two, chapter eight of this code, the Municipal Pensions Oversight Board shall allocate and authorize for distribution the revenues in the Municipal Pensions Security Fund which were collected during the preceding calendar year for the purposes set forth in this section. In any year the actuarial report required by section twenty, article twenty-two, chapter eight of this code indicates no actuarial deficiency in the municipal policemen’s or firemen’s pension and relief fund, no revenues may be allocated from the Municipal Pensions and Protection Fund or the Municipal Pensions Security Fund to that fund. The revenues from the Municipal Pensions and Protection Fund shall then be allocated to all other pension and relief funds which have an actuarial deficiency.

(3) The moneys, and the interest earned thereon, in the Municipal Pensions and Protection Fund allocated to volunteer and part-volunteer fire companies and departments shall be allocated and distributed quarterly to the volunteer fire companies and departments. Before each distribution date, the State Fire Marshal shall report to the State Treasurer the names and addresses of all volunteer and part-volunteer fire companies and departments within the state which meet the eligibility requirements established in section eight-a, article fifteen, chapter eight of this code.

(c)(1) Each municipal pension and relief fund shall have allocated and authorized for distribution a pro rata share of the revenues allocated to municipal policemen’s and firemen’s pension and relief funds based on the corresponding municipality’s average monthly number of police officers and firefighters who worked at least one hundred hours per month during the preceding fiscal year. On and after July 1, 1997, from the growth in any moneys
collected pursuant to the tax imposed by this section and
interest thereon there shall be allocated and authorized for
distribution to each municipal pension and relief fund, a pro
rata share of the revenues allocated to municipal policemen’s
and firemen’s pension and relief funds based on the
corresponding municipality’s average number of police
officers and firefighters who worked at least one hundred
hours per month and average monthly number of retired
police officers and firefighters. For the purposes of this
subsection, the growth in moneys collected from the tax
collected pursuant to this section is determined by subtracting
the amount of the tax collected during the fiscal year ending
June 30, 1996, from the tax collected during the fiscal year
for which the allocation is being made and interest thereon.
All moneys received by municipal pension and relief funds
under this section may be expended only for those purposes
described in sections sixteen through twenty-eight, inclusive,
article twenty-two, chapter eight of this code.

(2) Each volunteer fire company or department shall
receive an equal share of the revenues allocated for volunteer
and part-volunteer fire companies and departments.

(3) In addition to the share allocated and distributed in
accordance with subdivision (1) of this subsection, each
municipal fire department composed of full-time paid
members and volunteers and part-volunteer fire companies
and departments shall receive a share equal to the share
distributed to volunteer fire companies under subdivision (2)
of this subsection reduced by an amount equal to the share
multiplied by the ratio of the number of full-time paid fire
department members who are also members of a municipal
firemen’s pension and relief fund or the Municipal Police
Officers and Firefighters Retirement System to the total
number of members of the fire department.
(d) The allocation and distribution of revenues provided for in this section are subject to the provisions of section twenty, article twenty-two, and sections eight-a and eight-b, article fifteen, chapter eight of this code.

ARTICLE 12C. SURPLUS LINE.

§33-12C-7. Surplus lines tax.

(a) In addition to the full amount of gross premiums charged by the insurer for the insurance, every person licensed pursuant to section eight of this article shall collect and pay to the commissioner a sum equal to four percent of the gross premiums and gross fees charged, less any return premiums, for surplus lines insurance provided by the licensee pursuant to the license. Where the insurance covers properties, risks or exposures located or to be performed both in and out of this state, the sum payable shall be computed on that portion of the gross premiums allocated to this state pursuant to subsection (g) of this section less the amount of gross premiums allocated to this state and returned to the insured due to cancellation of policy. The tax on any portion of the premium unearned at termination of insurance having been credited by the state to the licensee shall be returned to the policyholder directly by the surplus lines licensee or through the producing broker, if any.

(b) The individual insurance producer may not:

(1) Pay directly or indirectly the tax or any portion thereof, either as an inducement to the policyholder to purchase the insurance or for any other reason; or

(2) Rebate all or part of the tax or the surplus lines licensee's commission, either as an inducement to the policyholder to purchase the insurance or for any reason.
(c) The surplus lines licensee may charge the prospective policyholder a fee for the cost of underwriting, issuing, processing, inspecting, service or auditing the policy for placement with the surplus lines insurer if:

(1) The service is required by the surplus lines insurer;

(2) The service is actually provided by the individual insurance producer or the cost of the service is actually incurred by the surplus lines licensee; and

(3) The provision or cost of the service is reasonable, documented and verifiable.

(d) The surplus lines licensee shall make a clear and conspicuous written disclosure to the policyholder of:

(1) The total amount of premium for the policy;

(2) Any fee charged;

(3) The total amount of any fee charged; and

(4) The total amount of tax on the premium and fee.

(e) The clear and conspicuous written disclosure required by subdivision (4) of this subsection is subject to the record maintenance requirements of section eight of this article.

(f) This tax is imposed for the purpose of providing additional revenue for municipal policemen’s and firemen’s pension and relief funds and additional revenue for volunteer and part-volunteer fire companies and departments. This tax is required to be paid and remitted, on a calendar year basis and in quarterly estimated installments due and payable on or before the twenty-fifth day of the month succeeding the close of the quarter in which they accrued, except for the fourth
quarter, in respect of which taxes shall be due and payable and final computation of actual total liability for the prior calendar year shall be made, less credit for the three quarterly estimated payments prior made, and filed with the annual return to be made on or before March 1 of the succeeding year. Provisions of this chapter relating to the levy, imposition and collection of the regular premium tax are applicable to the levy, imposition and collection of this tax to the extent that the provisions are not in conflict with this section.

All taxes remitted to the commissioner pursuant to this subsection shall be paid by him or her into a special account in the State Treasury, designated Municipal Pensions and Protection Fund, or pursuant to section eighteen-b, article twenty-two, chapter eight of this code, the Municipal Pensions Security Fund, and after appropriation by the Legislature, shall be distributed in accordance with the provisions of subsection (c), section fourteen-d, article three of this chapter. The surplus lines licensee shall return to the policyholder the tax on any unearned portion of the premium returned to the policyholder because of cancellation of policy.

(g) If a surplus lines policy procured through a surplus lines licensee covers properties, risks or exposures only partially located or to be performed in this state, the tax due shall be computed on the portions of the premiums which are attributable to the properties, risks or exposures located or to be performed in this state. In determining the amount of premiums taxable in this state, all premiums written, procured or received in this state shall be considered written on properties, risks or exposures located or to be performed in this state, except premiums which are properly allocated or apportioned and reported as taxable premiums of a reciprocal state. In no event shall the tax payable to this state be less than the tax due pursuant to subsection (h) of this section;
provided, however, in the event that the amount of tax due under this provision is less than $50 in any jurisdiction, it shall be payable in the jurisdiction in which the affidavit required in section eleven is filed. The commissioner may, at least annually furnish to the commissioner of a reciprocal state, as defined in subsection (q), section three of this article, a copy of all filings reporting an allocation of taxes as required by this subsection.

(h) In determining the amount of gross premiums taxable in this state for a placement of surplus lines insurance covering properties, risks or exposures only partially located or to be performed in this state, the tax due shall be computed on the portions of the premiums which are attributable to properties, risks or exposures located or to be performed in this state and which relates to the kinds of insurance being placed as determined by reference to the model allocation schedule and reporting form.

(1) If a policy covers more than one classification:

(A) For any portion of the coverage identified by a classification on the allocation schedule, the tax shall be computed by using the allocation schedule for the corresponding portion of the premium;

(B) For any portion of the coverage not identified by a classification on the allocation schedule, the tax shall be computed by using an alternative equitable method of allocation for the property or risk;

(C) For any portion of the coverage where the premium is indivisible, the tax shall be computed by using the method of allocation which pertains to the classification describing the predominant coverage.

(2) If the information provided by the surplus lines licensee is insufficient to substantiate the method of
allocation used by the surplus lines licensee, or if the commissioner determines that the licensee's method is incorrect, the commissioner shall determine the equitable and appropriate amount of tax due to this state as follows:

(A) By use of the allocation schedule where the risk is appropriately identified in the schedule;

(B) Where the allocation schedule does not identify a classification appropriate to the coverage, the commissioner may give significant weight to documented evidence of the underwriting bases and other criteria used by the insurer. The commissioner may also consider other available information to the extent sufficient and relevant, including the percentage of the insured's physical assets in this state, the percentage of the insured's sales in this state, the percentage of income or resources derived from this state, and the amount of premium tax paid to another jurisdiction for the policy.

(i) Collection of tax.

If the tax owed by a surplus lines licensee under this section has been collected and is not paid within the time prescribed, the same shall be recoverable in a suit brought by the commissioner against the surplus lines licensee. The commissioner may charge interest for any unpaid tax, fee, financial assessment or penalty, or portion thereof: Provided, that interest may not be charged on interest. Interest shall be calculated using the annual rates which are established by the Tax Commissioner pursuant to section seventeen-a of article ten, chapter eleven of this code and shall accrue daily.

(1) "Elected public official" means any member of the Legislature or any member of the legislative body of any political subdivision; and

(2) "Temporary legislative employee" means any employee of the Clerk of the House of Delegates, the Clerk of the Senate, the Legislature or a committee thereof whose...
employment is classified as temporary and who is employed to perform services required by the Clerk of the House of Delegates, the Clerk of the Senate, the Legislature or a committee thereof, as the case may be, for regular sessions, extraordinary sessions and/or interim meetings of the Legislature.

If the retirement annuity of a retirant (or, if applicable, his or her beneficiary) with at least twenty years of credited service as of the effective date of this section is less than $500 per month (including any supplemental benefits or incentives provided by this article), then the monthly retirement benefit for any such retired member (or if applicable, his or her beneficiary) shall be increased to $500 per month: Provided, That any year of credited service while an elected public official or a temporary legislative employee shall not be taken into account for purposes of this section.

The payment of any minimum benefit under this section shall be in lieu of, and not in addition to, the payments of any retirement benefit or supplemental benefit or incentives otherwise provided by law: Provided, That the minimum benefit provided herein shall be subject to any limitations thereon under Section 415 of the Internal Revenue Code of 1986, as amended, and section twenty-seven-a of this article.

Any minimum benefit conferred herein shall not be retroactive to the time of retirement and shall apply only to members who have retired prior to the effective date of this section, or, if applicable, to beneficiaries receiving benefits under the retirement system prior to the effective date.

§5-10-27a. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations promulgated thereunder to the
extent applicable to governmental plans (hereafter sometimes referred to as the "415 limitation(s)" or "415 dollar limitation(s)"), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced, as compared to the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the "limitation year" shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity
(b) For purposes of this section, the "annual benefit" means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) **Adjustment for benefit forms not subject to Section 417(e)(3).** -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.
life of the member (or, in the case of a qualified preretirement
survivor annuity, the life of the surviving spouse); or (2) an
annuity that decreases during the life of the member merely
because of: (i) The death of the survivor annuitant (but only
if the reduction is not below fifty percent of the benefit
payable before the death of the survivor annuitant); or (ii) the
cessation or reduction of Social Security supplements or
qualified disability payments (as defined in Section 411(a)(9)
of the Internal Revenue Code). The actuarially equivalent
straight life annuity is equal to the greater of: (I) The annual
amount of the straight life annuity (if any) payable to the
member under the plan commencing at the same annuity
starting date as the member’s form of benefit; and (II) the
annual amount of the straight life annuity commencing at the
same annuity starting date that has the same actuarial present
value as the member’s form of benefit, computed using a five
percent interest rate assumption and the applicable mortality
table defined in Treasury Regulation §1.417(e)-1(d)(2)
(Revenue Ruling 2001-62 or any subsequent Revenue Ruling
modifying the applicable provisions of Revenue Ruling
2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section
417(e)(3). -- The straight life annuity that is actuarially
equivalent to the member’s form of benefit shall be
determined under this subsection if the form of the member’s
benefit is other than a benefit form described in subsection
(c) of this section. In this case, the actuarially equivalent
straight life annuity shall be determined as follows: The
actuarially equivalent straight life annuity is equal to the
greatest of: (1) The annual amount of the straight life annuity
commencing at the same annuity starting date that has the
same actuarial present value as the member’s form of benefit,
computed using the interest rate specified in this retirement
system and the mortality table (or other tabular factor)
specified in this retirement system for adjusting benefits in
the same form; (2) the annual amount of the straight life
annuity commencing at the same annuity starting date that
has the same actuarial present value as the member’s form of
benefit, computed using a five and a half percent interest rate
assumption and the applicable mortality table defined in
Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling
2001-62 or any subsequent Revenue Ruling modifying the
applicable provisions of Revenue Ruling 2001-62) for that
annuity starting date; and (3) the annual amount of the
straight life annuity commencing at the same annuity starting
date that has the same actuarial present value as the
member’s form of benefit, computed using the applicable
interest rate defined in Treasury Regulation §1.417(e)-1(d)(3)
and the applicable mortality table defined in Treasury
Regulation §1.417(e)-1(d)(2) (the mortality table specified in
Revenue Ruling 2001-62 or any subsequent Revenue Ruling
modifying the applicable provisions of Revenue Ruling
2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in subdivisions (2) and (3) of this
subsection, if the member’s retirement benefits become
payable before age sixty-two, the 415 dollar limitation
prescribed by this section shall be reduced in accordance with
regulations issued by the Secretary of the Treasury pursuant
to the provisions of Section 415(b) of the Internal Revenue
Code, so that the limitation (as so reduced) equals an annual
straight life benefit (when the retirement income benefit
begins) which is equivalent to an annual benefit in the
amount of the applicable dollar limitation of Section
415(b)(1)(A) of the Internal Revenue Code (as adjusted
pursuant to Section 415(d) of the Internal Revenue Code)
beginning at age sixty-two.

(2) The limitation reduction provided in subdivision (1)
of this subsection shall not apply if the member commencing
retirement benefits before age sixty-two is a qualified
participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.

(3) The limitation reduction provided in subdivision (1) of this subsection shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member’s death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.

(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subsection (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.
The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member's accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of the end of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subsection and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§5-10-27b. Federal law minimum required distributions.

The requirements of this section apply to any distribution of a member's or beneficiary's interest and take precedence over any inconsistent provisions of this code. This provision applies to plan years beginning after December 31, 1986. Notwithstanding anything in this code to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the federal regulations promulgated thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the retirement system to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or
her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the retirement system will be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of that beneficiary, commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or
The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

§5-10-27c. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee’s election under this system, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (i) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; and (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in
gross income. However, this portion may be paid only to an
individual retirement account or annuity described in Section
408(a) or (b) of the Internal Revenue Code, or (for taxable
years beginning before January 1, 2007) to a qualified trust
which is part of a defined contribution plan described in
Section 401(a) or (for taxable years beginning after
December 31, 2006) to a qualified trust or to an annuity
contract described in Section 403(a) or (b) of the Internal
Revenue Code that agrees to separately account for amounts
transferred (including interest or earnings thereon), including
separately accounting for the portion of the distribution
which is includable in gross income and the portion of the
distribution which is not so includable, or (for taxable years
beginning after December 31, 2007) to a Roth IRA described
in Section 408A of the Internal Revenue Code.

(2) “Eligible retirement plan” means an individual
retirement account described in Section 408(a) of the Internal
Revenue Code, an individual retirement annuity described in
Section 408(b) of the Internal Revenue Code, an annuity plan
described in Section 403(a) of the Internal Revenue Code or
a qualified plan described in Section 401(a) of the Internal
Revenue Code that accepts the distributee’s eligible rollover
distribution: **Provided,** That in the case of an eligible rollover
distribution prior to January 1, 2002, to the surviving spouse,
an eligible retirement plan is limited to an individual
retirement account or individual retirement annuity. For
distributions after December 1, 2001, an eligible retirement
plan also means an annuity contract described in Section
403(b) of the Internal Revenue Code and an eligible plan
under Section 457(b) of the Internal Revenue Code which is
maintained by a state, political subdivision of a state, or any
agency or instrumentality of a state or political subdivision of
a state and which agrees to separately account for amounts
transferred into the plan from this system. For distributions
after December 31, 2007, an eligible retirement plan also
means a Roth IRA described in Section 408A of the Internal
Provided, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means an employee or former employee. In addition, the employee’s or former employee’s surviving spouse and the employee’s or former employee’s spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the retirement system to an eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this system or any other system administered by the retirement board.

§5-10-27d. Rollovers and transfers to purchase service credit or repay withdrawn contributions.

(a) This section applies to rollovers and transfers as specified in this section made on or after January 1, 2002. Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall accept the
following rollovers and plan transfers on behalf of a member
solely for the purpose of purchasing permissive service
credit, in whole or in part, as otherwise provided in this
article or for the repayment of withdrawn or refunded
contributions, in whole or in part, with respect to a previous
forfeiture of service credit as otherwise provided in this
article: (i) One or more rollovers within the meaning of
Section 408(d)(3) of the Internal Revenue Code from an
individual retirement account described in Section 408(a) of
the Internal Revenue Code or from an individual retirement
annuity described in Section 408(b) of the Internal Revenue
Code; (ii) one or more rollovers described in Section 402(c)
of the Internal Revenue Code from a retirement plan that is
qualified under Section 401(a) of the Internal Revenue Code
or from a plan described in Section 403(b) of the Internal
Revenue Code; (iii) one or more rollovers described in
Section 457(e)(16) of the Internal Revenue Code from a
governmental plan described in Section 457 of the Internal
Revenue Code; or (iv) direct trustee-to-trustee transfers or
rollovers from a plan that is qualified under Section 401(a) of
the Internal Revenue Code, from a plan described in Section
403(b) of the Internal Revenue Code or from a governmental
plan described in Section 457 of the Internal Revenue Code:

Provided, That any rollovers or transfers pursuant to this
section shall be accepted by the system only if made in cash
or other asset permitted by the board and only in accordance
with policies, practices and procedures established by the
board from time to time. For purposes of this article, the
following definitions and limitations apply:

(1) "Permissive service credit" means service credit
which is permitted to be purchased under the terms of the
retirement system by voluntary contributions in an amount
which does not exceed the amount necessary to fund the
benefit attributable to the period of service for which the
service credit is being purchased, all as defined in Section
415(n)(3)(A) of the Internal Revenue Code: Provided, That
no more than five years of "nonqualified service credit", as
defined in Section 415(n)(3)(C) of the Internal Revenue
Code, may be included in the permissive service credit
allowed to be purchased (other than by means of a rollover or
plan transfer), and no nonqualified service credit may be
included in any such purchase (other than by means of a
rollover or plan transfer) before the member has at least five
years of participation in the retirement system.

(2) "Repayment of withdrawn or refunded contributions"
means the payment into the retirement system of the funds
required pursuant to this article for the reinstatement of
service credit previously forfeited on account of any refund
or withdrawal of contributions permitted in this article, as set
forth in Section 415(k)(3) of the Internal Revenue Code.

(3) Any contribution (other than by means of a rollover
or plan transfer) to purchase permissive service credit under
any provision of this article must satisfy the special limitation
rules described in Section 415(n) of the Internal Revenue
Code and shall be automatically reduced, limited or required
to be paid over multiple years if necessary to ensure such
compliance. To the extent any such purchased permissive
service credit is qualified military service within the meaning
of Section 414(u) of the Internal Revenue Code, the
limitations of Section 415 of the Internal Revenue Code shall
be applied to such purchase as described in Section
414(u)(1)(B) of the Internal Revenue Code.

(4) For purposes of Section 415(b) of the Internal
Revenue Code, the annual benefit attributable to any rollover
contribution accepted pursuant to this section shall be
determined in accordance with Treasury Regulation
§1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity
payments attributable to any rollover contribution provided
under the retirement system over the annual benefit so
determined shall be taken into account when applying the
accrued benefit limitations of Section 415(b) of the Internal Revenue Code and section twenty-seven-a of this article.

(b) Nothing in this section shall be construed as permitting rollovers or transfers into this system or any other system administered by the retirement board other than as specified in this section and no rollover or transfer shall be accepted into the system in an amount greater than the amount required for the purchase of permissive service credit or repayment of withdrawn or refunded contributions.

(c) Nothing in this section shall be construed as permitting the purchase of service credit or repayment of withdrawn or refunded contributions except as otherwise permitted in this article.

§5-10-29. Members' deposit fund; members' contributions; forfeitures.

(a) The members' deposit fund is hereby created. It shall be the fund in which shall be accumulated, at regular interest, the contributions deducted from the compensation of members, and from which refunds of accumulated contributions shall be paid and transfers made as provided in this section.

(b) The contributions of a member to the retirement system (including any member of the Legislature, except as otherwise provided in subsection (g) of this section) shall be a sum of not less than three and five-tenths percent of his or her annual compensations but not more than four and five-tenths percent of his or her annual compensations, as determined by the board of trustees. The said contributions shall be made notwithstanding that the minimum salary or wages provided by law for any member shall be thereby changed. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of
a member’s compensation less said deductions shall be a full
and complete discharge and acquittance of all claims and
demands whatsoever for services rendered by him or her to
a participating public employer, except as to benefits
provided by this article.

(c) The officer or officers responsible for making up the
payrolls for payroll units of the state government and for each
of the other participating public employers shall cause the
contributions, provided in subsection (b) of this section, to be
deducted from the compensations of each member in the
employ of the participating public employer, on each and
every payroll, for each and every payroll period, from the
date the member enters the retirement system to the date his
or her membership terminates. When deducted, each of said
amounts shall be paid by the participating public employer to
the retirement system; said payments to be made in such
manner and form, and in such frequency, and shall be
accompanied by such supporting data, as the board of
trustees shall from time to time prescribe. When paid to the
retirement system, each of said amounts shall be credited to
the members’ deposit fund account of the member from
whose compensations said contributions were deducted.

(d) In addition to the contributions deducted from the
compensations of a member, as heretofore provided, a
member shall deposit in the members’ deposit fund, by a
single contribution or by an increased rate of contribution as
approved by the board of trustees, the amounts he or she may
have withdrawn therefrom and not repaid thereto, together
with regular interest from the date of withdrawal to the date
of repayment. In no case shall a member be given credit for
service rendered prior to the date he or she withdrew his or
her contributions or accumulated contributions, as the case
may be, until he or she returns to the members’ deposit fund
all amounts due the said fund by him or her.
(e) Upon the retirement of a member, or if a survivor annuity becomes payable on account of his or her death, in either event his or her accumulated contributions standing to his or her credit in the members’ deposit fund shall be transferred to the retirement reserve fund.

(f) In the event an employee’s membership in the retirement system terminates and no annuity becomes or will become payable on his or her account, any accumulated contributions standing to his or her credit in the members’ deposit fund, unclaimed by the said employee, or his or her legal representative, within three years from and after the date his or her membership terminated, shall be transferred to the income fund.

(g) Any member of the Legislature who is a member of the retirement system and with respect to whom the term “final average salary” includes a multiple of eight, pursuant to the provisions of subdivision (15), section two of this article, shall contribute to the retirement system on the basis of his or her legislative compensation the sum of $540 each year he or she participates in the retirement system as a member of the Legislature.

(h) Notwithstanding any other provisions of this article, forfeitures under the system shall not be applied to increase the benefits any member would otherwise receive under the system.

CHAPTER 7. COUNTY COMMISSIONS AND OFFICERS.

ARTICLE 14D. DEPUTY SHERIFF RETIREMENT SYSTEM ACT.

(2) Any unmarried child under age twenty-three:

(A) Who is enrolled as a full-time student in an accredited college or university;

(B) Who was claimed as a dependent by the member for federal income tax purposes at the time of the member’s death; and

(C) Whose relationship with the member is described in subparagraph (A), (B) or (C), paragraph (1) of this subdivision.

(p) “Dependent parent” means the father or mother of the member who was claimed as a dependent by the member for federal income tax purposes at the time of the member’s death.

(q) “Disability service” means service credit received by a member, expressed in whole years, fractions thereof or both, equal to one half of the whole years, fractions thereof or both, during which time a member receives disability benefits under section fourteen or fifteen of this article.

(r) “Early retirement age” means age forty or over and completion of twenty years of service.

(s) “Employer error” means an omission, misrepresentation, or violation of relevant provisions of the West Virginia Code or of the West Virginia Code of State
Regulations or the relevant provisions of both the West Virginia Code and of the West Virginia Code of State Regulations by the participating public employer that has resulted in an underpayment or overpayment of contributions required. A deliberate act contrary to the provisions of this section by a participating public employer does not constitute employer error.

(t) “Effective date” means July 1, 1998.

(u) “Final average salary” means the average of the highest annual compensation received for covered employment by the member during any five consecutive plan years within the member’s last ten years of service. If the member did not have annual compensation for the five full plan years preceding the member’s attainment of normal retirement age and during that period the member received disability benefits under section fourteen or fifteen of this article then “final average salary” means the average of the monthly salary determined paid to the member during that period as determined under section seventeen of this article multiplied by twelve.

(v) “Fund” means the West Virginia Deputy Sheriff Retirement Fund created pursuant to section six of this article.

(w) “Hour of service” means:

(1) Each hour for which a member is paid or entitled to payment for covered employment during which time active duties are performed. These hours shall be credited to the member for the plan year in which the duties are performed; and

(2) Each hour for which a member is paid or entitled to payment for covered employment during a plan year but
where no duties are performed due to vacation, holiday, illness, incapacity including disability, layoff, jury duty, military duty, leave of absence or any combination thereof and without regard to whether the employment relationship has terminated. Hours under this paragraph shall be calculated and credited pursuant to West Virginia Division of Labor rules. A member will not be credited with any hours of service for any period of time he or she is receiving benefits under section fourteen or fifteen of this article; and

(3) Each hour for which back pay is either awarded or agreed to be paid by the employing county commission, irrespective of mitigation of damages. The same hours of service shall not be credited both under this paragraph and paragraph (1) or (2) of this subdivision. Hours under this paragraph shall be credited to the member for the plan year or years to which the award or agreement pertains rather than the plan year in which the award, agreement or payment is made.

(x) “Member” means a person first hired as a deputy sheriff after the effective date of this article, as defined in subsection (r) of this section, or a deputy sheriff first hired prior to the effective date and who elects to become a member pursuant to section five or seventeen of this article. A member shall remain a member until the benefits to which he or she is entitled under this article are paid or forfeited or until cessation of membership pursuant to section five of this article.

(y) “Monthly salary” means the portion of a member’s annual compensation which is paid to him or her per month.

(z) “Normal form” means a monthly annuity which is one twelfth of the amount of the member’s accrued benefit which is payable for the member’s life. If the member dies before the sum of the payments he or she receives equals his or her
accumulated contributions on the annuity starting date, the named beneficiary shall receive in one lump sum the difference between the accumulated contributions at the annuity starting date and the total of the retirement income payments made to the member.

(aa) "Normal retirement age" means the first to occur of the following: (1) Attainment of age fifty years and the completion of twenty or more years of service; (2) while still in covered employment, attainment of at least age fifty years and when the sum of current age plus years of service equals or exceeds seventy years; (3) while still in covered employment, attainment of at least age sixty years and completion of five years of service; or (4) attainment of age sixty-two years and completion of five or more years of service.

(bb) "Partially disabled" means a member's inability to engage in the duties of deputy sheriff by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve months. A member may be determined partially disabled for the purposes of this article and maintain the ability to engage in other gainful employment which exists within the state but which ability would not enable him or her to earn an amount at least equal to two thirds of the average annual compensation earned by all active members of this plan during the plan year ending as of the most recent June 30, as of which plan data has been assembled and used for the actuarial valuation of the plan.

(cc) "Public Employees Retirement System" means the West Virginia Public Employees Retirement System created by article ten, chapter five of this code.
(dd) "Plan" means the West Virginia Deputy Sheriff Death, Disability and Retirement Plan established by this article.

(ee) "Plan year" means the twelve-month period commencing on July 1 of any designated year and ending the following June 30.

(ff) "Qualified public safety employee" means any employee of a participating state or political subdivision who provides police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of the state or political subdivision, or such other meaning given to the term by Section 72(t)(10)(B) of the Internal Revenue Code or by Treasury Regulation §1.401(a)-1(b)(2)(v) as they may be amended from time to time.

(gg) "Regular interest" means the rate or rates of interest per annum, compounded annually, as the board adopts in accordance with the provisions of this article.

(hh) "Required beginning date" means April 1 of the calendar year following the later of: (i) The calendar year in which the member attains age seventy and one-half; or (ii) the calendar year in which he or she retires or otherwise separates from covered employment.

(ii) "Retirement income payments" means the annual retirement income payments payable under the plan.

(jj) "Spouse" means the person to whom the member is legally married on the annuity starting date.

(kk) "Surviving spouse" means the person to whom the member was legally married at the time of the member’s death and who survived the member.
(II) "Totally disabled" means a member’s inability to engage in substantial gainful activity by reason of any medically determined physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve months. For purposes of this subdivision:

(1) A member is totally disabled only if his or her physical or mental impairment or impairments are so severe that he or she is not only unable to perform his or her previous work as a deputy sheriff but also cannot, considering his or her age, education and work experience, engage in any other kind of substantial gainful employment which exists in the state regardless of whether: (A) The work exists in the immediate area in which the member lives; (B) a specific job vacancy exists; or (C) the member would be hired if he or she applied for work.

(2) "Physical or mental impairment" is an impairment that results from an anatomical, physiological or psychological abnormality that is demonstrated by medically accepted clinical and laboratory diagnostic techniques. A member’s receipt of Social Security disability benefits creates a rebuttable presumption that the member is totally disabled for purposes of this plan. Substantial gainful employment rebuts the presumption of total disability.

(mm) "Year of service". -- A member shall, except in his or her first and last years of covered employment, be credited with year of service credit based upon the hours of service performed as covered employment and credited to the member during the plan year based upon the following schedule:

<table>
<thead>
<tr>
<th>Hours of Service</th>
<th>Years of Service Credited</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 500</td>
<td>0</td>
</tr>
</tbody>
</table>
During a member's first and last years of covered employment, the member shall be credited with one twelfth of a year of service for each month during the plan year in which the member is credited with an hour of service. A member is not entitled to credit for years of service for any time period during which he or she received disability payments under section fourteen or fifteen of this article. Except as specifically excluded, years of service include covered employment prior to the effective date. Years of service which are credited to a member prior to his or her receipt of accumulated contributions upon termination of employment pursuant to section thirteen of this article or section thirty, article ten, chapter five of this code, shall be disregarded for all purposes under this plan unless the member repays the accumulated contributions with interest pursuant to section thirteen of this article or had prior to the effective date made the repayment pursuant to section eighteen, article ten, chapter five of this code.

§7-14D-3. Creation and administration of West Virginia Deputy Sheriffs Retirement System; specification of actuarial assumptions.

There is hereby created the West Virginia Deputy Sheriffs Retirement System. The purpose of this system is to provide for the orderly retirement of deputy sheriffs who become superannuated because of age or permanent disability and to provide certain survivor death benefits, and it is contemplated that substantially all of the members of the retirement system shall be qualified public safety employees as defined in section two of this article. The retirement
system constitutes a body corporate. All business of the
system shall be transacted in the name of the West Virginia
Deputy Sheriffs Retirement System. The board shall specify
and adopt all actuarial assumptions for the plan at its first
meeting of every calendar year or as soon thereafter as may
be practicable, which assumptions shall become part of the
plan.

§7-14D-9. Retirement; commencement of benefits.

A member may retire and commence to receive
retirement income payments on the first day of the calendar
month following the board’s receipt of the member’s
voluntary written application for retirement or the required
beginning date, if earlier. Before receiving retirement
income payments, the member shall have ceased covered
employment and reached early or normal retirement age. The
retirement income payments shall be in an amount as
provided under section eleven of this article: Provided, That
retirement income payments under this plan shall be subject
to the provisions of this article. Upon receipt of the
application, the board shall promptly provide the member
with an explanation of his or her optional forms of retirement
benefits and upon receipt of properly executed forms from
the member, the board shall process the member’s request
and commence payments as soon as administratively feasible.

§7-14D-9a. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or
state law, the board shall administer the retirement system in
compliance with the limitations of Section 415 of the Internal
Revenue Code and regulations under that section, to the
extent applicable to governmental plans (hereafter sometimes
referred to as the “415 limitation(s)” or “415 dollar
limitation(s)”), so that the annual benefit payable under this
system to a member shall not exceed those limitations. Any
annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced, as compared to the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the “limitation year” shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.
(b) For purposes of this section, the "annual benefit" means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member's benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely
because of: (i) The death of the survivor annuitant (but only if the reduction is not below fifty percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member's form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is other than a benefit form described in subdivision (c) of this section. The actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and a half percent interest rate assumption and
the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member’s retirement benefits become payable before age sixty-two, the 415 dollar limitation prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of this subdivision shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the
service taken into account in determining the amount of the
benefit under the defined benefit plan includes at least fifteen
years of service: (i) As a full-time employee of any police or
fire department organized and operated by the state or
political subdivision maintaining the defined benefit plan to
provide police protection, fire-fighting services or emergency
medical services for any area within the jurisdiction of such
state or political subdivision; or (ii) as a member of the armed
forces of the United States.

(3) The limitation reduction provided in paragraph (1) of
this subdivision shall not be applicable to preretirement
disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for
benefit commencement before age sixty-two or after age
sixty-five (if the plan provides for such adjustment), no
adjustment is made to reflect the probability of a member’s
death: (i) After the annuity starting date and before age sixty-
two; or (ii) after age sixty-five and before the annuity starting
date.

(f) Adjustment when member has less than ten years of
participation. -- In the case of a member who has less than
ten years of participation in the retirement system (within the
meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the
415 dollar limitation (as adjusted pursuant to Section 415(d)
of the Internal Revenue Code and subdivision (e) of this
section) shall be reduced by multiplying the otherwise
applicable limitation by a fraction, the numerator of which is
the number of years of participation in the plan (or one, if
greater), and the denominator of which is ten. This
adjustment shall not be applicable to preretirement disability
benefits or preretirement death benefits.

(g) The application of the provisions of this section shall
not cause the maximum annual benefit provided to a member
to be less than the member's accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subsection and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§7-14D-9b. Federal law minimum required distributions.

The requirements of this section apply to any distribution of a member's or beneficiary's interest and take precedence over any inconsistent provisions of this plan. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the regulations thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the plan to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the
member or over the lives of the member and his or her
beneficiary or over a period not extending beyond the life
expectancy of the member and his or her beneficiary. Benefit
payments under this section shall not be delayed pending, or
contingent upon, receipt of an application for retirement from
the member.

(b) If a member dies after distribution to him or her has
commenced pursuant to this section but before his or her
entire interest in the plan has been distributed, then the
remaining portion of that interest shall be distributed at least
as rapidly as under the method of distribution being used at
the date of his or her death.

c) If a member dies before distribution to him or her has
commenced, then his or her entire interest in the plan shall be
distributed by December 31 of the calendar year containing
the fifth anniversary of the member's death, except as
follows:

1) If a member's interest is payable to a beneficiary,
distributions may be made over the life of that beneficiary or
over a period certain not greater than the life expectancy of
the beneficiary, commencing on or before December 31 of
the calendar year immediately following the calendar year in
which the member died; or

2) If the member's beneficiary is the surviving spouse,
the date distributions are required to begin shall be no later
than the later of:

(A) December 31 of the calendar year in which the
member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year
following the calendar year in which the member died; or (ii)
December 31 of the calendar year following the calendar year in which the spouse died.

§7-14D-9c. Direct rollovers.

Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee's election under this plan, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (A) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; (B) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (C) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (D) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section
(2) "Eligible retirement plan" means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts the distributee’s eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, however, That in the case of an eligible rollover distribution after December 31, 2007, to a
designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means an employee or former employee. In addition, the employee’s or former employee’s surviving spouse and the employee’s or former employee’s spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the plan to the eligible retirement plan.

§7-14D-9d. Rollovers and transfers to purchase service credit or repay withdrawn contributions.

(a) This section applies to rollovers and transfers as specified in this section made on or after January 1, 2002. Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall accept the following rollovers and plan transfers on behalf of a member solely for the purpose of purchasing permissive service credit, in whole or in part, as otherwise provided in this article or for the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a previous forfeiture of service credit as otherwise provided in this
article: (i) One or more rollovers within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual retirement account described in Section 408(a) of the Internal Revenue Code or from an individual retirement annuity described in Section 408(b) of the Internal Revenue Code; (ii) one or more rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section 403(b) of the Internal Revenue Code; (iii) one or more rollovers described in Section 457(e)(16) of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal Revenue Code:

Provided, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with such policies, practices and procedures established by the board from time to time. For purposes of this article, the following definitions and limitations apply:

(1) "Permissive service credit" means service credit which is permitted to be purchased under the terms of the retirement system by voluntary contributions in an amount which does not exceed the amount necessary to fund the benefit attributable to the period of service for which the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal Revenue Code: Provided, That no more than five years of "nonqualified service credit", as defined in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service credit allowed to be purchased (other than by means of a rollover or plan transfer), and no nonqualified service credit may be included in any such purchase (other than by means of a
rollover or plan transfer) before the member has at least five
years of participation in the retirement system.

(2) "Repayment of withdrawn or refunded contributions"
means the payment into the retirement system of the funds
required pursuant to this article for the reinstatement of
service credit previously forfeited on account of any refund
or withdrawal of contributions permitted in this article, as set
forth in Section 415(k)(3) of the Internal Revenue Code.

(3) Any contribution (other than by means of a rollover
or plan transfer) to purchase permissive service credit under
any provision of this article must satisfy the special limitation
rules described in Section 415(n) of the Internal Revenue
Code, and shall be automatically reduced, limited, or required
to be paid over multiple years if necessary to ensure such
compliance. To the extent any such purchased permissive
service credit is qualified military service within the meaning
of Section 414(u) of the Internal Revenue Code, the
limitations of Section 415 of the Internal Revenue Code shall
be applied to such purchase as described in Section
414(u)(1)(B) of the Internal Revenue Code.

(4) For purposes of Section 415(b) of the Internal
Revenue Code, the annual benefit attributable to any rollover
contribution accepted pursuant to this section shall be
determined in accordance with Treasury Regulation
§1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity
payments attributable to any rollover contribution provided
under the retirement system over the annual benefit so
determined shall be taken into account when applying the
accrued benefit limitations of Section 415(b) of the Internal
Revenue Code and section nine-a of this article.

(b) Nothing in this section shall be construed as
permitting rollovers or transfers into this system or any other
system administered by the retirement board other than as
specified in this section and no rollover or transfer shall be
accepted into the system in an amount greater than the
amount required for the purchase of permissive service credit
or repayment of withdrawn or refunded contributions.

(c) Nothing in this section shall be construed as
permitting the purchase of service credit or repayment of
withdrawn or refunded contributions except as otherwise
permitted in this article.

This section provides for a member's accrued benefit
payable starting at the member's annuity starting date which
follows the completion of a written application for the
commencement of benefits. The member shall receive the
accrued retirement benefit in the normal form or in an
actuarial equivalent amount in an optional form as provided
under section twelve of this article, subject to reduction if
necessary to comply with the maximum benefit provisions of
Section 415 of the Internal Revenue Code and section nine-a
of this article. The first day of the calendar month following
the calendar month of birth shall be used in lieu of any birth
date that does not fall on the first day of a calendar month.

(a) Normal retirement. -- A member whose annuity
starting date is the date the member attains normal retirement
age or later is entitled to his or her accrued retirement benefit
based on years of service and final average salary at
termination of employment.

(b) Early retirement. -- A member who ceases covered
employment and has attained early retirement age while in
covered employment may elect to receive retirement income
payments commencing on the first day of the month
coincident with or following the date the member ceases
covered employment. "Normal retirement age" for such a
member is the first day of the calendar month coincident with
or next following the month in which the member attains the age of fifty years. If the member’s annuity starting date is prior to the date the member attains normal retirement age, his or her accrued benefit is reduced to the actuarial equivalent benefit amount based on the years and months by which his or her annuity starting date precedes the date he or she attains normal retirement age.

(c) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the retirement income payments elected and at those times established by the board. Notwithstanding any other provision of the plan, a member who is married on the annuity starting date will receive his or her retirement income payments in the form of a sixty-six and two-thirds percent joint and survivor annuity with his or her spouse unless prior to the annuity starting date the spouse waives the form of benefit.

the mortality table and interest rates as set and adopted by the
retirement board in accordance with the provisions of this
article: Provided, That when used in the context of

surviving beneficiary who is entitled to, or will be entitled to,
an annuity or other benefit payable by the fund.

(j) "Member" means any person who has contributions standing to his or her credit in the fund and who has not yet entered into retirement status.

(k) "Partially disabled" means an employee's inability, on a probable permanent basis, to perform the essential duties of a law-enforcement officer by reason of any medically determinable physical or mental impairment which has lasted or can be expected to last for a continuous period of not less than twelve months, but which impairment does not preclude the employee from engaging in other types of nonlaw-enforcement employment.

(l) "Physical or mental impairment" means an impairment that results from an anatomical, physiological or psychological abnormality that is demonstrated by medically accepted clinical and laboratory diagnostic techniques.

(m) "Plan year" means the twelve-month period commencing on July 1 of any designated year and ending the following June 30.

§15-2-26. Continuation of Death, Disability and Retirement Fund; designating the Consolidated Public Retirement Board as administrator of fund.
(a) There is continued the Death, Disability and Retirement Fund created for the benefit of members, retirants and any dependents of retirants or deceased members of the fund. It is contemplated that substantially all of the members of the retirement system shall be qualified public safety employees as defined in section twenty-five-b of this article.

(b) There shall be deducted from the monthly payroll of each employee and paid into the fund six percent of the amount of his or her salary: Provided, That beginning on July 1, 1994, there shall be deducted from the monthly payroll of each employee and paid into the fund seven and one-half percent of the amount of his or her salary: Provided, however, That on and after July 1, 1995, there shall be deducted from the monthly payroll of each employee and paid into the fund nine percent of the amount of his or her salary. An additional twelve percent of the monthly salary of each employee shall be paid by the State of West Virginia monthly into the fund out of the annual appropriation for the agency: Provided further, That beginning on July 1, 1995, the agency shall pay thirteen percent of the monthly salary of each employee into the fund: And provided further, That beginning on July 1, 1996, the agency shall pay fourteen percent of the monthly salary of each employee into the fund: And provided further, That on and after July 1, 1997, the agency shall pay fifteen percent of the monthly salary of each employee into the fund. There shall also be paid into the fund amounts that have previously been collected by the superintendent of the agency on account of payments to employees for court attendance and mileage, rewards for apprehending wanted persons, fees for traffic accident reports and photographs, fees for criminal investigation reports and photographs, fees for criminal history record checks, fees for criminal history record reviews and challenges or from any other sources designated by the superintendent. All moneys payable into the fund shall be deposited in the State Treasury and the board shall keep a separate account thereof.
(c) Notwithstanding any other provisions of this article, forfeitures under the fund shall not be applied to increase the benefits any member would otherwise receive under the fund.

(d) The moneys in this fund, and the right of a member to a retirement allowance, to the return of contributions, or to any benefit under the provisions of this article, are exempt from any state or municipal tax; are not subject to execution, garnishment, attachment or any other process whatsoever, with the exception that the benefits or contributions under the fund are subject to "qualified domestic relations orders" as that term is defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans; and are unassignable except as is provided in this article. The fund shall be administered by the board created pursuant to article ten-d, chapter five of this code.

(e) All moneys paid into and accumulated in the fund, except amounts designated or set aside by the awards, shall be invested by the West Virginia Investment Management Board as provided by law.

§15-2-27. Retirement; awards and benefits; leased employees.

(a) The board shall retire any member of the fund who has filed with the board his or her voluntary petition in writing for retirement and:

(1) Has or shall have completed twenty-five years of service as a member of the fund (including military service credit granted under the provisions of section twenty-eight of this article);

(2) Has or shall have attained the age of fifty years and has or shall have completed twenty years of service as a member of the fund (excluding military service credit granted under section twenty-eight of this article); or
(3) Being under the age of fifty years has or shall have completed twenty years of service as a member of the fund (excluding military service credit granted under section twenty-eight of this article).

(b) When the board retires any member under any of the provisions of this section, the member is entitled to receive annually and shall be paid from the fund in equal monthly installments during his or her lifetime while in status of retirement, one or the other of two amounts, whichever is the greater, subject to reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section forty-four of this article:

(1) An amount equal to five and one-half percent of the aggregate of salary paid to the employee during the whole period of service as an employee of the agency; or

(2) The sum of $6,000.

When a member has or shall have served twenty years or longer but less than twenty-five years as a member of the fund and is retired under any of the provisions of this section before he or she has attained the age of fifty years, payment of monthly installments of the amount of retirement award to the member shall commence on the day following the date he or she attains the age of fifty years. Beginning on July 15, 1994, in no event may the provisions of section thirteen, article sixteen, chapter five of this code be applied in determining eligibility to retire with either immediate or deferred commencement of benefit.

(c) A member meeting the age and service requirements of this section who terminates employment at two thousand four hundred hours may begin to receive retirement annuity payments immediately upon termination of employment. Any member meeting the age and service requirements of this section who terminates employment at a time of day
other than two thousand four hundred hours shall receive a pro rata share of a full day's amount for that day. Upon receipt of properly executed forms from the agency and the member, the board shall process the member’s retirement petition and commence annuity payments as soon as administratively feasible.

(d) Any individual who is a leased employee is not eligible to participate in the fund. For purposes of this fund, a “leased employee” means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or other similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.

§15-2-37. Refunds to certain employees upon discharge or resignation; deferred retirement.

(a) Any employee who is discharged by order of the superintendent or otherwise terminates employment with the agency, at the written request of the member to the board, is entitled to receive from the fund a sum equal to the aggregate of the principal amount of moneys deducted from his or her salary and paid into the fund plus four percent interest compounded thereon calculated annually as provided and required by this article.

(b) Any member withdrawing contributions who may thereafter be reemployed by the agency shall not receive any prior service credit in the fund on account of former service. The employee may redeposit in the fund established in article two-a of this chapter the amount of the refund, together with interest thereon at the rate of seven and one-half percent per annum from the date of withdrawal to the date of redeposit, in which case he or she shall receive the same credit on account of his or her former service as if no refund had been
made. He or she shall become a member of the retirement
system established in article two-a of this chapter.

(c) Every employee who completes ten years of service
with the agency is eligible, upon separation of employment,
either to withdraw his or her contributions in accordance with
subsection (a) of this section or to choose not to withdraw his
or her accumulated contributions with interest. Upon
attainment of age sixty-two, a member who chooses not to
withdraw his or her contributions is eligible to receive a
retirement annuity. Any member choosing to receive the
defined benefit under this subsection is not eligible to
receive the annual annuity adjustment provided in section
twenty-seven-a of this article. When the board retires any
member under any of the provisions of this section, the
member is entitled to receive annually and shall be paid from
the fund in equal monthly installments during the lifetime of
the member while in status of retirement one or the other of
two amounts, whichever is greater, subject to reduction if
necessary to comply with the maximum benefit provisions of
Section 415 of the Internal Revenue Code and section forty-
four of this article:

(1) An amount equal to five and one-half percent of the
aggregate of salary paid to the employee during the whole
period of service as an employee of the agency; or

(2) The sum of $6,000.

(d) A member may choose, in lieu of a life annuity
available under the provisions of subsection (c) of this
section, an annuity in a reduced amount payable during the
member’s lifetime, with one half of the reduced monthly
amount paid to his or her surviving spouse, for the spouse’s
remaining lifetime after the death of the retirant. Reduction
of this monthly benefit amount shall be calculated to be of
equal actuarial value to the life annuity the member could
otherwise have chosen.
(e) A member retiring under the provisions of this section may receive retirement annuity payments on the day following his or her attaining age sixty-two. Upon receipt of properly executed forms from the agency and the member, the board shall process the member's retirement benefit and commence annuity payments as soon as administratively feasible.

§15-2-44. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or state law, the board shall administer the fund in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section to the extent applicable to governmental plans (hereafter sometimes referred to as the "415 limitation(s)" or "415 dollar limitation(s)"), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this fund shall be reduced, as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this fund, the board shall advise affected members or retirants of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the "limitation year" shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the
extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement fund shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member’s benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal
Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely because of: (i) The death of the survivor annuitant (but only if the reduction is not below fifty percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member’s form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.
(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is other than a benefit form described in subdivision (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the interest rate specified in this retirement fund and the mortality table (or other tabular factor) specified in this retirement fund for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member’s retirement benefits become payable before age sixty-two, the 415 dollar limitation
prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of this subdivision shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.

(3) The limitation reduction provided in paragraph (1) of this subdivision shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member’s death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.
adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement fund (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member’s accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subsection and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§15-2-45. Federal law minimum required distributions.

The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and
take precedence over any inconsistent provisions of this code. This section applies to plan years beginning after December 31, 1998. Notwithstanding anything in the retirement system to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the regulations thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the fund to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary, or over a period not extending beyond the life expectancy of the member and his or her beneficiary. For purposes of this section, the term “required beginning date” means April 1 of the calendar year following the later of: (i) The calendar year in which the member attains age seventy and one-half; or (ii) the calendar year in which the member retires or otherwise ceases providing covered service under this fund. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the fund shall be distributed by December 31 of the calendar year containing
the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary commencing on or before December 31 of the calendar year immediately following the calendar year in which the participant died; or

(2) If the member’s beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

§15-2-46. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee’s election under this fund, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution that is equal to at least $500 paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does
not include any of the following: (i) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code; and (v) any other distribution or distributions that are reasonably expected to total less than $200 during a year. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or(b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including separately accounting for the portion of the distribution which is includable in gross income and the portion of the distribution which is not so includable, or (for taxable years beginning after December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.

(2) "Eligible retirement plan" means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in
Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code, or a qualified plan described in Section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution: Provided, however, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means a member. In addition, the member's surviving spouse and the member's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, "distributee" also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.
(4) “Direct rollover” means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this fund or any other retirement system administered by the board.

ARTICLE 2A. WEST VIRGINIA STATE POLICE RETIREMENT SYSTEM.

As used in this article, unless the context clearly requires a different meaning:

(1) “Accumulated contributions” means the sum of all amounts deducted from base salary, together with four percent interest compounded annually.

(2) “Active military duty” means full-time active duty with the armed forces of the United States, namely, the United States Air Force, Army, Coast Guard, Marines or Navy; and service with the National Guard or reserve military forces of any of the armed forces when the employee has been called to active full-time duty.

(3) “Actuarially equivalent” or “of equal actuarial value” means a benefit of equal value computed upon the basis of the mortality table and interest rates as set and adopted by the retirement board in accordance with the provisions of this article: Provided, That when used in the context of
compliance with the federal maximum benefit requirements of Section 415 of the Internal Revenue Code, “actuarially equivalent” shall be computed using the mortality tables and interest rates required to comply with those requirements.

(4) “Agency” means the West Virginia State Police.

(5) “Base salary” means compensation paid to an employee without regard to any overtime pay.

§15-2A-3. Continuation and administration of West Virginia State Police Retirement System; leased employees; federal qualification requirements.

(a) The West Virginia State Police Retirement System is continued. It is contemplated that substantially all of the members of the retirement system shall be qualified public safety employees as defined in section two of this article. Any West Virginia state trooper employed by the agency on or after the effective date of this article shall be a member of this retirement system and may not qualify for membership in any other retirement system administered by the board so long as he or she remains employed by the State Police.

(b) Any individual who is a leased employee shall not be eligible to participate in the system. For purposes of this system, a "leased employee" means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or other similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.
(c) The board created pursuant to article ten-d, chapter five of this code shall administer the retirement system. The board may sue and be sued, contract and be contracted with and conduct all the business of the system in the name of the West Virginia State Police Retirement System.

(d) This fund is intended to meet the federal qualification requirements of Section 401(a) and related sections of the Internal Revenue Code as applicable to governmental plans. Notwithstanding any other provision of state law, the board shall administer the retirement system to fulfill this intent for the exclusive benefit of the employees, members, retirants and their beneficiaries. Any provision of this article referencing or relating to these federal qualification requirements shall be effective as of the date required by federal law. The board may promulgate rules and amend or repeal conflicting rules in accordance with the authority granted to the board pursuant to section one, article ten-d, chapter five of this code to assure compliance with this section.

(a) A member may retire with full benefits upon attaining the age of fifty and completing twenty-five or more years of service or attaining the age of fifty-two and completing twenty years or more of service by filing with the board his or her voluntary application in writing for retirement. A member who is less than age fifty-two may retire upon completing twenty years or more of service: Provided, That he or she will receive a reduced benefit that is of equal actuarial value to the benefit the member would have received if the member deferred commencement of his or her accrued retirement benefit to the age of fifty-two.

(b) When the board retires a member with full benefits under the provisions of this section, the board, by order in
writing, shall make a determination that the member is entitled to receive an annuity equal to two and three-fourths percent of his or her final average salary multiplied by the number of years, and fraction of a year, of his or her service at the time of retirement, subject to reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section six-a of this article. The retirant’s annuity shall begin the first day of the calendar month following the month in which the member’s application for the annuity is filed with the board on or after his or her attaining age and service requirements and termination of employment.

(c) In no event may the provisions of section thirteen, article sixteen, chapter five of this code be applied in determining eligibility to retire with either a deferred or immediate commencement of benefit.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and Treasury Regulations under that section to the extent applicable to governmental plans (hereafter sometimes referred to as the “415 limitation(s)” or “415 dollar limitation(s)”), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced, as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional
on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members or retirants of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the “limitation year” shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other
form of benefit, using factors prescribed in the 415 limitation
regulations, before applying the 415 limitations. No actuarial
adjustment to the benefit shall be made for: (1) Survivor
benefits payable to a surviving spouse under a qualified joint
and survivor annuity to the extent such benefits would not be
payable if the member's benefit were paid in another form;
(2) benefits that are not directly related to retirement benefits
(such as a qualified disability benefit, preretirement
incidental death benefits, and post-retirement medical
benefits); or (3) the inclusion in the form of benefit of an
automatic benefit increase feature, provided the form of
benefit is not subject to Section 417(e)(3) of the Internal
Revenue Code and would otherwise satisfy the limitations of
this article, and the plan provides that the amount payable
under the form of benefit in any limitation year shall not
exceed the limits of this article applicable at the annuity
starting date, as increased in subsequent years pursuant to
Section 415(d) of the Internal Revenue Code. For this
purpose an automatic benefit increase feature is included in
a form of benefit if the form of benefit provides for
automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section
417(e)(3). -- The straight life annuity that is actuarially
equivalent to the member's form of benefit shall be
determined under this subsection if the form of the member's
benefit is either: (1) A nondecreasing annuity (other than a
straight life annuity) payable for a period of not less than the
life of the member (or, in the case of a qualified preretirement
survivor annuity, the life of the surviving spouse); or (2) an
annuity that decreases during the life of the member merely
because of: (i) The death of the survivor annuitant (but only
if the reduction is not below fifty percent of the benefit
payable before the death of the survivor annuitant); or (ii) the
cessation or reduction of Social Security supplements or
qualified disability payments (as defined in Section 411(a)(9)
of the Internal Revenue Code). The actuarially equivalent
straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member’s form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is other than a benefit form described in subdivision (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date.
date that has the same actuarial present value as the
member's form of benefit, computed using the applicable
interest rate defined in Treasury Regulation §1.417(e)-1(d)(3)
and the applicable mortality table defined in Treasury
Regulation §1.417(e)-1(d)(2) (the mortality table specified in
Revenue Ruling 2001-62 or any subsequent Revenue Ruling
modifying the applicable provisions of Revenue Ruling
2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this
subdivision, if the member’s retirement benefits become
payable before age sixty-two, the $415 dollar limitation
prescribed by this section shall be reduced in accordance with
regulations issued by the Secretary of the Treasury pursuant
to the provisions of Section 415(b) of the Internal Revenue
Code, so that the limitation (as so reduced) equals an annual
straight life benefit (when the retirement income benefit
begins) which is equivalent to an annual benefit in the
amount of the applicable dollar limitation of Section
415(b)(1)(A) of the Internal Revenue Code (as adjusted
pursuant to Section 415(d) of the Internal Revenue Code)
beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of
this subdivision shall not apply if the member commencing
retirement benefits before age sixty-two is a qualified
participant. A qualified participant for this purpose is a
participant in a defined benefit plan maintained by a state, or
any political subdivision of a state, with respect to whom the
service taken into account in determining the amount of the
benefit under the defined benefit plan includes at least fifteen
years of service: (i) As a full-time employee of any police or
fire department organized and operated by the state or
political subdivision maintaining the defined benefit plan to
provide police protection, fire-fighting services or emergency
medical services for any area within the jurisdiction of such
(3) The limitation reduction provided in paragraph (1) of this subdivision shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member’s death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.

(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member’s accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable
requirements of statutory provisions, regulations and other
published guidance relating to Section 415 of the Internal
Revenue Code in effect as of the end of December 31, 2008,
as described in Treasury Regulation §1.415(a)-1(g)(4). If
additional benefits are accrued for a member under this
retirement system after January 1, 2009, then the sum of the
benefits described under the first sentence of this subsection
and benefits accrued for a member after January 1, 2009,
must satisfy the requirements of Section 415, taking into
account all applicable requirements of the final 415 Treasury
Regulations.

§15-2A-6b. Federal law minimum required distributions.

The requirements of this section apply to any distribution
of a member’s interest and take precedence over any
inconsistent provisions of this retirement system. This
section applies to plan years beginning after December 31,
1986. Notwithstanding anything in the retirement system to
the contrary, the payment of benefits under this article shall
be determined and made in accordance with Section
401(a)(9) of the Internal Revenue Code and the regulations
thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the retirement system
to any member shall be distributed to him or her not later
than the required beginning date, or be distributed to him or
her commencing not later than the required beginning date,
in accordance with regulations prescribed under Section
401(a)(9) of the Internal Revenue Code, over the life of the
member or over the lives of the member and his or her
beneficiary or over a period not extending beyond the life
expectancy of the member and his or her beneficiary. Benefit
payments under this section shall not be delayed pending, or
contingent upon, receipt of an application for retirement from
the member.
(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the retirement system shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death, except as follows:

1. If a member's interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died; or

2. If the member's beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

   (A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or

   (B) The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

§15-2A-6c. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary
that would otherwise limit a distributee's election under this system, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (i) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary or for a specified period of ten years or more; (ii) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; and (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including
(2) "Eligible retirement plan" means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts the distributee's eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, however, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means an employee or former employee. In addition, the employee's or former employee's
surviving spouse and the employee’s or former employee’s spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this system or any other retirement system administered by the board.

§15-2A-6d. Rollovers and transfers to purchase service credit or repay withdrawn contributions.

(a) This section applies to rollovers and transfers as specified in this section made on or after January 1, 2002. Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall accept the following rollovers and plan transfers on behalf of an employee solely for the purpose of purchasing permissive service credit, in whole and in part, as otherwise provided in this article or for the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a previous forfeiture of service credit as otherwise provided in this article: (i) One or more rollovers within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual retirement account described in Section 408(a) of the Internal Revenue Code or from an individual retirement annuity described in Section 408(b) of the Internal Revenue
2698 RETIREMENT SYSTEMS

Code; (ii) one or more rollovers described in Section 402 (c) of the Internal Revenue Code from a retirement plan that is qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section 403(b) of the Internal Revenue Code; (iii) one or more rollovers described in Section 457(e)(16) of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified under Section 401(a) of the Internal Revenue Code from a plan described in Section 403(b) of the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal Revenue Code. Provided, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with the policies, practices and procedures established by the board from time to time. For purposes of this article, the following definitions and limitations apply:

(1) “Permissive service credit” means service credit which is permitted to be purchased under the terms of the retirement system by voluntary contributions in an amount which does not exceed the amount necessary to fund the benefit attributable to the period of service for which the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal Revenue Code. Provided, That no more than five years of “nonqualified service credit”, as defined in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service credit allowed to be purchased (other than by means of a rollover or plan transfer), and no nonqualified service credit may be included in any such purchase (other than by means of a rollover or plan transfer) before the member has at least five years of participation in the retirement system.

(2) “Repayment of withdrawn or refunded contributions” means the payment into the retirement system of the funds
required pursuant to this article for the reinstatement of
service credit previously forfeited on account of any refund
or withdrawal of contributions permitted in this article, as set
forth in Section 415(k)(3) of the Internal Revenue Code.

(3) Any contribution (other than by means of a rollover
or plan transfer) to purchase permissive service credit under
any provision of this article must satisfy the special limitation
rules described in Section 415(n) of the Internal Revenue
Code, and shall be automatically reduced, limited or required
to be paid over multiple years if necessary to ensure such
compliance. To the extent any such purchased permissive
service credit is qualified military service within the meaning
of Section 414(u) of the Internal Revenue Code, the
limitations of Section 415 of the Internal Revenue Code shall
be applied to such purchase as described in Section
414(u)(1)(B) of the Internal Revenue Code.

(4) For purposes of Section 415(b) of the Internal
Revenue Code, the annual benefit attributable to any rollover
contribution accepted pursuant to this section shall be
determined in accordance with Treasury Regulation
§1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity
payments attributable to any rollover contribution provided
under the retirement system over the annual benefit so
determined shall be taken into account when applying the
accrued benefit limitations of Section 415(b) of the Internal
Revenue Code and section six-a of this article.

(b) Nothing in this section shall be construed as
permitting rollovers or transfers into this system or any other
system administered by the board other than as specified in
this section and no rollover or transfer shall be accepted into
the system in an amount greater than the amount required for
the purchase of permissive service credit or repayment of
withdrawn or refunded contributions.
(c) Nothing in this section shall be construed as permitting the purchase of service credit or repayment of withdrawn or refunded contributions except as otherwise permitted in this chapter.

§15-2A-8. Refunds to certain members upon discharge of resignation; deferred retirement.

(a) Any employee who is discharged by order of the superintendent or otherwise terminates employment with the agency is, at the written request of the member to the board, entitled to receive from the fund a sum equal to the aggregate of the principal amount of moneys deducted from his or her base salary and paid into the fund plus four percent interest compounded thereon calculated annually as provided and required by this article.

(b) Any member withdrawing contributions who may thereafter be reemployed by the agency shall not receive any prior service credit in the fund on account of former service. The employee may redeposit in the fund established by this article the amount of the refund, together with interest thereon at the rate of seven and one-half percent per annum from the date of withdrawal to the date of redeposit, in which case he or she shall receive the same credit on account of his or her former service as if no refund had been made.

(c) Every employee who completes ten years of service with the agency is eligible, upon separation of employment, to either withdraw his or her contributions in accordance with subsection (a) of this section or to choose not to withdraw his or her accumulated contributions. Upon attainment of age sixty-two, a member who chooses not to withdraw his or her contributions is eligible to receive a retirement annuity. The annuity shall be payable during the lifetime of the retirant and shall be in the amount of his or her accrued retirement benefit as determined under section six of this article, subject to
reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section six-a of this article. The retirant may choose, in lieu of a life annuity, an annuity in a reduced amount payable during the retirant’s lifetime, with one half of the reduced monthly amount paid to his or her surviving spouse for the spouse’s remaining lifetime after the death of the retirant. Reduction of the monthly benefit amount shall be calculated to be of equal actuarial value to the life annuity the retirant could otherwise have chosen. Any retirant choosing to receive the deferred annuity under this subsection is not eligible to receive the annual annuity adjustment provided in section seven of this article. A retiring member under the provisions of this section may receive retirement annuity payments on the first day of the month following his or her attaining age sixty-two and upon receipt of the application for retirement. The board shall promptly provide the member with an explanation of his or her optional forms of retirement benefits and, upon receipt of properly executed forms from the agency and member, the board shall process the member’s request for and commence payments as soon as administratively feasible.

§16-5V-2. Definitions.

As used in this article, unless a federal law or regulation or the context clearly requires a different meaning:

(a) “Accrued benefit” means on behalf of any member two and six-tenths percent per year of the member’s final average salary for the first twenty years of credited service. Additionally, two percent per year for twenty-one through twenty-five years and one percent per year for twenty-six through thirty years will be credited with a maximum benefit of sixty-seven percent. A member’s accrued benefit may not exceed the limits of Section 415 of the Internal Revenue Code and is subject to the provisions of section twelve of this article.

(1) The board may upon the recommendation of the board’s actuary increase the employees’ contribution rate to ten and five-tenths percent should the funding of the plan not reach seventy percent funded by July 1, 2012. The board shall decrease the contribution rate to eight and one-half percent once the plan funding reaches the seventy percent support objective as of any later actuarial valuation date.

(2) Upon reaching the seventy-five percent actuarial funded level, as of an actuarial valuation date, the board shall increase the two and six-tenths percent to two and three-quarter percent for the first twenty years of credited service. The maximum benefit will also be increased from sixty-seven percent to seventy percent.

(b) “Accumulated contributions” means the sum of all retirement contributions deducted from the compensation of a member, or paid on his or her behalf as a result of covered employment, together with regular interest on the deducted amounts.
(c) "Active military duty" means full-time active duty with any branch of the armed forces of the United States, including service with the National Guard or reserve military forces when the member has been called to active full-time duty and has received no compensation during the period of that duty from any board or employer other than the armed forces.

(e) "Annual compensation" means the wages paid to the member during covered employment within the meaning of Section 3401(a) of the Internal Revenue Code, but determined without regard to any rules that limit the remuneration included in wages based upon the nature or location of employment or services performed during the plan year plus amounts excluded under Section 414(h)(2) of the Internal Revenue Code and less reimbursements or other expense allowances, cash or noncash fringe benefits or both, deferred compensation and welfare benefits. Annual compensation for determining benefits during any determination period may not exceed the maximum compensation allowed as adjusted for cost-of-living in accordance with section seven, article ten-d, chapter five of this code and Section 401(a)(17) of the Internal Revenue Code.

(f) "Annual leave service" means accrued annual leave.

(g) "Annuity starting date" means the first day of the month for which an annuity is payable after submission of a

For purposes of this subsection, if retirement income payments commence after the normal retirement age, "retirement" means the first day of the month following or coincident with the latter of the last day the member worked in covered employment or the member's normal retirement age and after completing proper written application for "retirement" on an application supplied by the board.

(k) "Credited service" means the sum of a member's years of service, active military duty, disability service and accrued annual and sick leave service.

This definition is construed to include employed ambulance providers and other services such as law enforcement, rescue or fire department personnel who primarily perform these functions and are not provided any other credited service benefits or retirement plans. These persons may hold the rank of emergency medical technician/basic, emergency medical technician/paramedic, emergency medical services/registered nurse, or others as defined by the West Virginia Office of Emergency Medical Services and the Consolidated Public Retirement Board.

(r) "Final average salary" means the average of the highest annual compensation received for covered employment by the member during any five consecutive plan years within the member's last ten years of service while employed, prior to any disability payment. If the member did not have annual compensation for the five full plan years preceding the member's attainment of normal retirement age and during that period the member received disability benefits under this article, then "final average salary" means the average of the monthly salary determined paid to the member during that period as determined under section twenty-two of this article multiplied by twelve. A member will not be credited with any hours of service for any period of time he or she is receiving benefits under section nineteen or twenty of this article; and

(3) Each hour for which back pay is either awarded or agreed to be paid by the employing county commission or political subdivision, irrespective of mitigation of damages. The same hours of service shall not be credited both under paragraph (1) or (2) of this subdivision and under this paragraph. Hours under this paragraph shall be credited to the member for the plan year or years to which the award or agreement pertains, rather than the plan year in which the award, agreement or payment is made.
(v) "Member" means a person first hired as an emergency medical services officer by an employer which is a participating public employer of the Public Employees Retirement System or the Emergency Medical Services Retirement System after the effective date of this article, as defined in subdivision (p) of this section, or an emergency medical services officer of an employer which is a participating public employer of the Public Employees Retirement System first hired prior to the effective date and who elects to become a member pursuant to this article. (w) "Monthly salary" means the W-2 reportable compensation received by a member during the month.

public corporation charged by law with the performance of a 
governmental function and whose jurisdiction is coextensive 
with one or more counties, cities or towns: Provided, That 
any public corporation established under section four, article 
fifteen, chapter seven of this code is considered a political 
subdivision solely for the purposes of this article.

(jj) "Surviving spouse" means the person to whom the member was legally married at the time of the member's death and who survived the member.

(kk) "Totally disabled" means a member's inability to engage in substantial gainful activity by reason of any medically determined physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve months.

For purposes of this subsection:
(1) A member is totally disabled only if his or her physical or mental impairment or impairments is so severe that he or she is not only unable to perform his or her previous work as an emergency medical services officer but also cannot, considering his or her age, education and work experience, engage in any other kind of substantial gainful employment which exists in the state regardless of whether: (A) The work exists in the immediate area in which the member lives; (B) a specific job vacancy exists; or (C) the member would be hired if he or she applied for work. For purposes of this article, “substantial gainful employment” is the same definition as used by the United States Social Security Administration.

(2) “Physical or mental impairment” is an impairment that results from an anatomical, physiological or psychological abnormality that is demonstrated by medically accepted clinical and laboratory diagnostic techniques. The board may require submission of a member’s annual tax return for purposes of monitoring the earnings limitation.

(II) “Year of service” means a member shall, except in his or her first and last years of covered employment, be credited with years of service credit based upon the hours of service performed as covered employment and credited to the member during the plan year based upon the following schedule:

<tbody>
<tr>
<td>Less than 500</td>

During a member's first and last years of covered employment, the member shall be credited with one twelfth of a year of service for each month during the plan year in which the member is credited with an hour of service for which contributions were received by the fund. A member is not entitled to credit for years of service for any time period during which he or she received disability payments under section nineteen or twenty of this article. Except as specifically excluded, years of service include covered employment prior to the effective date.

Years of service which are credited to a member prior to his or her receipt of accumulated contributions upon termination of employment pursuant to section eighteen of this article or section thirty, article ten, chapter five of this code shall be disregarded for all purposes under this plan unless the member repays the accumulated contributions with interest pursuant to section eighteen of this article or has prior to the effective date made the repayment pursuant to section eighteen, article ten, chapter five of this code.

§16-5V-4. Creation and administration of West Virginia Emergency Medical Services Retirement System; specification of actuarial assumptions.

There is hereby created the West Virginia Emergency Medical Services Retirement System. The purpose of this system is to provide for the orderly retirement of emergency medical services officers who become superannuated because of age or permanent disability and to provide certain survivor death benefits, and it is contemplated that substantially all of the members of the retirement system shall be qualified public safety employees as defined in section two of this article. The retirement system shall come into effect January 1, 2008: Provided, That at least seventy percent of all eligible emergency medical services officers and at least eighty-five percent of the eligible emergency medical services officers who are currently active members of the Public Employees
Retirement System elect to participate in this plan by December 31, 2007. If this level of participation is not reached, then all of the provisions of this article are void and of no force and effect. All business of the system shall be transacted in the name of the West Virginia Emergency Medical Services Retirement System. The board shall specify and adopt all actuarial assumptions for the plan at its first meeting of every calendar year or as soon thereafter as may be practicable, which assumptions shall become part of the plan.

§16-5V-12. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section, to the extent applicable to governmental plans (hereafter sometimes referred to as the “415 limitation(s)” or “415 dollar limitation(s)”), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of
the 415 limitations, the “limitation year” shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retireant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retireant who has already commenced receiving benefits, will apply with respect to a retireant’s annual benefit in any limitation year. A retireant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member’s benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of
benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely because of: (i) The death of the survivor annuitant (but only if the reduction is not below fifty percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member’s form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.
(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is other than a benefit form described in subdivision (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member’s retirement benefits become payable before age sixty-two, the 415 dollar limitation
prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of this subdivision shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.

(3) The limitation reduction provided in paragraph (1) of this subdivision shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member's death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.
(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member's accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subdivision and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and take precedence
over any inconsistent provisions of this plan. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and its regulations. For this purpose, the following provisions apply:

(a) The payment of benefits under the plan to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the plan has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the plan shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary, commencing on or before December 31 of
the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

§16-5V-14. Direct rollovers.

Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee’s election under this plan, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (A) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; (B) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; and (C) any hardship distribution described in Section
21 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. A portion
22 of a distribution shall not fail to be an eligible rollover
23 distribution merely because the portion consists of after-tax
24 employee contributions which are not includable in gross
25 income. However, this portion may be paid only to an
26 individual retirement account or annuity described in Section
27 408(a) or (b) of the Internal Revenue Code (including a Roth
28 IRA described in Section 408A of the Internal Revenue
29 Code), or to a qualified trust or to an annuity contract
30 described in Section 403(a) or (b) of the Internal Revenue
31 Code that agrees to separately account for amounts
32 transferred (including interest or earnings thereon), including
33 separately accounting for the portion of the distribution
34 which is includable in gross income and the portion of the
35 distribution which is not so includable.
36
37 (2) “Eligible retirement plan” means an eligible plan
38 under Section 457(b) of the Internal Revenue Code which is
39 maintained by a state, political subdivision of a state, or any
40 agency or instrumentality of a state or political subdivision of
41 a state and which agrees to separately account for amounts
42 transferred into such plan from this plan, an individual

Provided, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with such policies, practices and procedures established by the board from time to time. For purposes of this article, the following definitions and limitations apply:

(1) “Permissive service credit” means service credit which is permitted to be purchased under the terms of the retirement system by voluntary contributions in an amount which does not exceed the amount necessary to fund the benefit attributable to the period of service for which the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal Revenue Code:  

Provided, That no more than five years of “nonqualified service credit”, as defined in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service credit allowed to be purchased (other than by means of a rollover or plan transfer), and no nonqualified service credit may be included in any such purchase (other than by means of a rollover or plan transfer) before the member has at least five years of participation in the retirement system.

(2) “Repayment of withdrawn or refunded contributions” means the payment into the retirement system of the funds required pursuant to this article for the reinstatement of service credit previously forfeited on account of any refund or withdrawal of contributions permitted in this article, as set forth in Section 415(k)(3) of the Internal Revenue Code.

(3) Any contribution (other than by means of a rollover or plan transfer) to purchase permissive service credit under
any provision of this article must satisfy the special limitation
rules described in Section 415(n) of the Internal Revenue
Code, and shall be automatically reduced, limited or required
to be paid over multiple years if necessary to ensure such
compliance. To the extent any such purchased permissive
service credit is qualified military service within the meaning
of Section 414(u) of the Internal Revenue Code, the

be applied to such purchase as described in Section
414(u)(1)(B) of the Internal Revenue Code.

Revenue Code, the annual benefit attributable to any rollover
contribution accepted pursuant to this section shall be
determined in accordance with Treasury Regulation
§1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity
payments attributable to any rollover contribution provided
under the retirement system over the annual benefit so
determined shall be taken into account when applying the
accrued benefit limitations of Section 415(b) of the Internal
Revenue Code and section twelve of this article.

(b) Nothing in this section may be construed as
permitting rollovers or transfers into this system or any other
system administered by the retirement board other than as
specified in this section and no rollover or transfer shall be
accepted into the system in an amount greater than the
amount required for the purchase of permissive service credit
or repayment of withdrawn or refunded contributions.

(c) Nothing in this section shall be construed as
permitting the purchase of service credit or repayment of
withdrawn or refunded contributions except as otherwise
permitted in this article.

§16-5V-16. Retirement benefits.
This section describes when adjustment of a member’s accrued benefit to reflect the difference in age, in years and months, between the member’s annuity starting date and the date the member attains normal retirement age shall be made. This age adjustment, when required, shall be made based upon the normal form of benefit and shall be the actuarial equivalent of the accrued benefit at the member’s normal retirement age. The member shall receive the age adjusted retirement income in the normal form or in an actuarial equivalent amount in an optional form as provided under this article, subject to reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section twelve of this article. The first day of the calendar month following the month of birth shall be used in lieu of any birth date that does not fall on the first day of a calendar month.

(a) Normal retirement. -- A member whose annuity starting date is the date the member attains normal retirement age, is entitled to his or her accrued benefit without adjustment for age at commencement.

(b) Early retirement. -- A member who ceases covered employment and has attained early retirement age while in covered employment may elect in writing by completion of an application for retirement required by and submitted to the board, to receive retirement income payments commencing on the first day of the month coincident with or following the date the member ceases covered employment and submits the proper application to the board. “Normal retirement age” for such a member is the first day of the calendar month coincident with or next following the month in which the member attains the age of fifty years. If the member’s annuity starting date is prior to the date the member attains normal retirement age, his or her accrued benefit is reduced to the actuarial equivalent benefit amount based on the years and months by which his or her annuity starting date precedes the date he or she attains normal retirement age.
(c) Late retirement. -- A member whose annuity starting date is later than the date the member attains normal retirement age shall receive retirement income payments in the normal form without adjustment for age at commencement, which is the benefit to which he or she is entitled according to his or her accrued benefit based on his or her final average salary and credited service at the time of his or her actual retirement and following the completion of an application for retirement as required by the board.

(d) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the retirement income payments elected and at those times established by the board. Notwithstanding any other provision of the plan, a member who is married on the annuity starting date will receive his or her retirement income payments in the form of a sixty-six and two-thirds percent joint and survivor annuity with his or her spouse unless prior to the annuity starting date the spouse waives the form of benefit.

§16-5V-18. Refunds to certain members upon discharge or resignation; deferred retirement; forfeitures.

(a) Any member who terminates covered employment and is not eligible to receive disability benefits under this article is, by written request filed with the board, entitled to receive from the fund the member's accumulated contributions. Except as provided in subsection (b) of this section, upon withdrawal, the member shall forfeit his or her accrued benefit and cease to be a member.

(b) Any member who ceases employment in covered employment and active participation in this plan and who thereafter becomes reemployed in covered employment may not receive any credited service for any prior withdrawn accumulated contributions from either this plan or the Public Employees Retirement System unless following his or her return to covered employment and active participation in this
plan, the member redeposits in the fund the amount of the accumulated contributions withdrawn from previous covered employment, together with interest on the accumulated contributions at the rate determined by the board from the date of withdrawal to the date of redeposit. Upon repayment he or she shall receive the same credit on account of his or her former covered employment as if no refund had been made.

The repayment authorized by this subsection shall be made in a lump sum within sixty months of the emergency medical services officer’s reemployment in covered employment or, if later, within sixty months of the effective date of this article.

(c) A member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to subsection (b), section six of this article may not, after having transferred into and become an active member of this plan, reinstate to his or her credit in this plan any service credit relating to periods of nonemergency medical services officer service withdrawn from the Public Employees Retirement System prior to his or her elective transfer into this plan.

(d) Every member who completes sixty months of regular contributory service may, upon cessation of covered employment, either withdraw his or her accumulated contributions in accordance with this section or choose not to withdraw his or her accumulated contribution and receive retirement income payments, if eligible, upon attaining early or normal retirement age.

(e) Notwithstanding any other provision of this article, forfeitures under the plan may not be applied to increase the benefits any member would otherwise receive under the plan.

(a) At the end of each month every member of the retirement system shall contribute six percent of that member’s monthly gross salary to the retirement board:
Provided, That any member employed by a state institution of higher education shall contribute on the member’s full earnable compensation, unless otherwise provided in section fourteen-a of this article. The sums are due the State Teachers Retirement System at the end of each calendar month in arrears and shall be paid not later than fifteen days following the end of the calendar month. Each remittance shall be accompanied by a detailed summary of the sums withheld from the compensation of each member for that month on forms, either paper or electronic, provided by the State Teachers Retirement System for that purpose.

(b) Annually, the contributions of each member shall be credited to the member’s account in the State Teachers Retirement System Fund. The contributions shall be deducted from the salaries of the members as prescribed in this section and every member shall be considered to have given consent to the deductions. No deductions, however, shall be made from the earnable compensation of any member who retired because of age or service and then resumed service unless as provided in section thirteen-a of this article.

(d) Payment by an employer to a member of the sum specified in the employment contract minus the amount of the employee’s deductions shall be considered to be a full discharge of the employer’s contractual obligation as to earnable compensation.

(e) Each contributor shall file with the retirement board or with the employer to be forwarded to the retirement board an enrollment form showing the contributor’s date of birth and other data needed by the retirement board.

(f) If any change or employer error in the records of any participating public employer or the retirement system results in any member receiving from the system more or less than he or she would have been entitled to receive had the records been correct, the board shall correct the error, and as far as is practicable shall adjust the payment of the benefit in a manner that the actuarial equivalent of the benefit to which the member was correctly entitled shall be paid. Any employer error resulting in an underpayment to the retirement system may be corrected by the member remitting the required employee contribution and the participating public employer remitting the required employer contribution. Interest shall accumulate in accordance with the legislative rule, Retirement Board Reinstatement Interest, 162 CSR 7, and any accumulating interest owed on the employee and employer contributions resulting from the employer error shall be the responsibility of the participating public employer. (b) Annuities approved by the board effective after June 30, 1980, shall be computed as provided in this section.

(c) Upon establishment of eligibility for a retirement allowance, a member shall be granted an annuity which shall be the sum of the following, subject to reduction if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and section twenty-eight-a of this article:

In this subdivision "average salary" means the average of the highest annual salaries received by the member during any five years contained within his or her last fifteen years of total service credit: Provided, That the highest annual salary used in this calculation for certain members employed by the West Virginia Higher Education Policy Commission under its control shall be $4,800, as provided by section fourteen-a of this article;

(2) The actuarial equivalent of the voluntary deposits of the member in his or her individual account up to the time of his or her retirement, with regular interest.
(d) The disability annuities of all teachers retired for disability shall be based upon a disability table prepared by a competent actuary approved by the board.

(e) Upon the death of an annuitant who qualified for an annuity as the surviving spouse of an active member or because of permanent disability, the estate of the deceased or beneficiary designated for such purpose shall be paid the difference, if any, between the member’s contributions with regular interest thereon, and the sum of the annuity payments. Upon the death of a spouse who was named as the member’s survivor, a retirant may elect an annuity option approved by the board in an amount adjusted on a fair basis to be of equal actuarial value as the annuity prospectively in effect relative to the surviving member at the time the new option is elected.

(f) All annuities shall be paid in twelve monthly payments. In computing the monthly payments, fractions of a cent shall be considered a cent. The monthly payments shall cease with the payment for the month within which the beneficiary dies, and shall begin with the payment for the month succeeding the month within which the annuitant became eligible under this article for the annuity granted; in no case, however, shall an annuitant receive more than four monthly payments which are retroactive after the board receives his or her application for annuity. The monthly payments shall be made on the twenty-fifth day of each month, except the month of December, when the payment shall be made on December 18. If the date of payment falls on a holiday, Saturday or Sunday, then the payment shall be made on the preceding workday.

(g) In case the retirement board receives data affecting the approved annuity of a retired teacher, the annuity shall be changed in accordance with the data, the change being effective with the payment for the month within which the board received the new data.
(h) Any person who has attained the age of sixty-five and who has served at least twenty-five years as a teacher prior to July 1, 1941, is eligible for prior service credit and for prior service pensions as prescribed in this section.

§18-7A-26r. Minimum benefit for certain retired members; legislative declaration; state interest and public purpose.

The Legislature hereby finds and declares that an important state interest exists in providing a minimum retirement annuity for certain retired members who are credited with twenty or more years of total service; that such program constitutes a public purpose; and that the exclusion of total service for certain employees of institutions of higher education is a reasonable and equitable exclusion for purposes of determining eligibility for such minimum benefits.

If the retirement annuity of a retired member (or if applicable, a spouse thereof) with at least twenty years of total service is less than $500 per month (including any supplemental or additional benefits provided by this article), then the monthly retirement annuity for any such retired member shall be increased to $500 per month: Provided, That any year of service while an employee of an institution of higher education shall not be taken into account for purposes of this section if his or her salary is capped under the retirement system at $4,800 per year pursuant to section fourteen-a of this article.

The payment of any minimum benefit under this section shall be in lieu of, and not in addition to, the payments of any retirement annuity or supplemental or additional benefits otherwise provided by this article: Provided, That the minimum benefit provided herein shall be subject to any limitations thereon under §415 of the Internal Revenue Code.
of 1986, as the same may be amended, and section twenty-eight-a of this article.

Any minimum benefit conferred herein shall not be retroactive to the time of retirement and shall apply only to members who have retired prior to the effective date of this section, or, if applicable, to beneficiaries receiving benefits under the retirement system prior to the effective date.

The minimum benefit provided herein shall be subject to a recommendation by the Governor for such minimum benefit through the delivery of an executive message to the Legislature and an appropriation by the Legislature for such minimum benefit, such appropriation to be made over a continuous six-year period following the effective date of this section.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section to the extent applicable to governmental plans (hereafter sometimes referred to as the “415 limitation(s)” or “415 dollar limitation(s)”), so that the annual benefit payable under this system to a member shall not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced, as compared with the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans.
administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the “limitation year” shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint
and survivor annuity to the extent such benefits would not be
payable if the member’s benefit were paid in another form;
(2) benefits that are not directly related to retirement benefits
(such as a qualified disability benefit, preretirement
incidental death benefits and post-retirement medical
benefits); or (3) the inclusion in the form of benefit of an
automatic benefit increase feature, provided the form of
benefit is not subject to Section 417(e)(3) of the Internal
Revenue Code and would otherwise satisfy the limitations of
this article, and the plan provides that the amount payable
under the form of benefit in any limitation year shall not
exceed the limits of this article applicable at the annuity
starting date, as increased in subsequent years pursuant to
Section 415(d) of the Internal Revenue Code. For this
purpose an automatic benefit increase feature is included in
a form of benefit if the form of benefit provides for
automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section
417(e)(3). -- The straight life annuity that is actuarially
equivalent to the member’s form of benefit shall be
determined under this subsection if the form of the member’s
benefit is either: (1) A nondecreasing annuity (other than a
straight life annuity) payable for a period of not less than the
life of the member (or, in the case of a qualified preretirement
survivor annuity, the life of the surviving spouse); or (2) an
annuity that decreases during the life of the member merely
because of: (i) The death of the survivor annuitant (but only
if the reduction is not below fifty percent of the benefit
payable before the death of the survivor annuitant); or (ii) the
cessation or reduction of Social Security supplements or
qualified disability payments (as defined in Section 411(a)(9)
of the Internal Revenue Code). The actuarially equivalent
straight life annuity is equal to the greater of: (I) The annual
amount of the straight life annuity (if any) payable to the
member under the plan commencing at the same annuity
starting date as the member’s form of benefit; and (II) the
annual amount of the straight life annuity commencing at the
same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). -- The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is other than a benefit form described in subdivision (c) of this section. In this case, the actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in
Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age sixty-two. --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member’s retirement benefits become payable before age sixty-two, the 415 dollar limitation prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal Revenue Code) beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of this subdivision shall not apply if the member commencing retirement benefits before age sixty-two is a qualified participant. A qualified participant for this purpose is a participant in a defined benefit plan maintained by a state, or any political subdivision of a state, with respect to whom the service taken into account in determining the amount of the benefit under the defined benefit plan includes at least fifteen years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.
(3) The limitation reduction provided in paragraph (1) of this subdivision shall not be applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age sixty-two or after age sixty-five (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member's death: (i) After the annuity starting date and before age sixty-two; or (ii) after age sixty-five and before the annuity starting date.

(f) Adjustment when member has less than ten years of participation. -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member's accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If
additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subdivision and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§18-7A-28b. Federal law minimum required distributions.

The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and take precedence over any inconsistent provisions of this retirement system. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the retirement system to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the regulations thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the retirement system to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed
at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the retirement system shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life or over a period certain not greater than the life expectancy of the beneficiary commencing on or before December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s beneficiary is the surviving spouse, the date distributions are required to begin shall not be earlier than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year following the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

§18-7A-28c. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee’s election under this system, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement
plan specified by the distributee in a direct rollover. For
purposes of this section, the following definitions apply:

(1) "Eligible rollover distribution" means any distribution
of all or any portion of the balance to the credit of the
distributee, except that an eligible rollover distribution does
not include any of the following: (A) Any distribution that is
one of a series of substantially equal periodic payments not
less frequently than annually made for the life or life
expectancy of the distributee or the joint lives or the joint life
expectancies of the distributee and the distributee’s
designated beneficiary, or for a specified period of ten years
or more; (B) any distribution to the extent the distribution is
required under Section 401(a)(9) of the Internal Revenue
Code; (C) the portion of any distribution that is not
includable in gross income determined without regard to the
exclusion for net unrealized appreciation with respect to
employer securities; and (D) any hardship distribution
described in Section 401(k)(2)(B)(i)(iv) of the Internal
Revenue Code. For distributions after December 31, 2001,
a portion of a distribution shall not fail to be an eligible
rollover distribution merely because the portion consists of
after-tax employee contributions which are not includable in
gross income. However, this portion may be paid only to an
individual retirement account or annuity described in Section
408(a) or (b) of the Internal Revenue Code, or (for taxable
years beginning before January 1, 2007) to a qualified trust
which is part of a defined contribution plan described in
Section 401(a) or (for taxable years beginning after
December 31, 2006) to a qualified trust or to an annuity
contract described in Section 403(a) or (b) of the Internal
Revenue Code that agrees to separately account for amounts
transferred (including interest or earnings thereon), including
separately accounting for the portion of the distribution
which is includable in gross income and the portion of the
distribution which is not so includable, or (for taxable years
beginning after December 31, 2007) to a Roth IRA described in Section 408A the Internal Revenue Code.

(2) "Eligible retirement plan" means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code, or a qualified plan described in Section 401(a) of the Internal Revenue Code, that accepts the distributee's eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, however, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is the alternate payee under a
qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, as applicable to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this system or any other retirement system administered by the board.

§18-7A-28d. Rollovers and transfers to purchase service credit or repay withdrawn contributions.

(a) This section applies to rollovers and transfers as specified in this section made on or after January 1, 2002. Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall accept the following rollovers and plan transfers on behalf of a member solely for the purpose of purchasing permissive service credit, in whole or in part, as otherwise provided in this article or for the repayment of withdrawn or refunded contributions, in whole or in part, with respect to a previous forfeiture of service credit as otherwise provided in this article: (i) One or more rollovers within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual retirement account described in Section 408(a) of the Internal Revenue Code or from an individual retirement annuity described in Section 408(b) of the Internal Revenue Code; (ii) one or more rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is
qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section 403(b) of the Internal Revenue Code; (iii) one or more rollovers described in Section 457(e)(16) of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal Revenue Code: Provided, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with the policies, practices and procedures established by the board from time to time. For purposes of this article, the following definitions and limitations apply:

(1) “Permissive service credit” means service credit which is permitted to be purchased under the terms of the retirement system by voluntary contributions in an amount which does not exceed the amount necessary to fund the benefit attributable to the period of service for which the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal Revenue Code: Provided, That no more than five years of “nonqualified service credit”, as defined in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service credit allowed to be purchased (other than by means of a rollover or plan transfer), and no nonqualified service credit may be included in any such purchase (other than by means of a rollover or plan transfer) before the member has at least five years of participation in the retirement system.

(2) “Repayment of withdrawn or refunded contributions” means the payment into the retirement system of the funds required pursuant to this article for the reinstatement of service credit previously forfeited on account of any refund.
or withdrawal of contributions permitted in this article, as set forth in Section 415(k)(3) of the Internal Revenue Code.

(3) Any contribution (other than by means of a rollover or plan transfer) to purchase permissive service credit under any provision of this article must satisfy the special limitation rules described in Section 415(n) of the Internal Revenue Code, and shall be automatically reduced, limited or required to be paid over multiple years if necessary to ensure such compliance. To the extent any such purchased permissive service credit is qualified military service within the meaning of Section 414(u) of the Internal Revenue Code, the limitations of Section 415 of the Internal Revenue Code shall be applied to such purchase as described in Section 414(u)(1)(B) of the Internal Revenue Code.

(4) For purposes of Section 415(b) of the Internal Revenue Code, the annual benefit attributable to any rollover contribution accepted pursuant to this section shall be determined in accordance with Treasury Regulation §1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity payments attributable to any rollover contribution provided under the retirement system over the annual benefit so determined shall be taken into account when applying the accrued benefit limitations of Section 415(b) of the Internal Revenue Code and section twenty-eight-a of this article.

(b) Nothing in this section shall be construed as permitting rollovers or transfers into this system or any other system administered by the retirement board other than as specified in this section and no rollover or transfer shall be accepted into the system in an amount greater than the amount required for the purchase of permissive service credit or repayment of withdrawn or refunded contributions.

(c) Nothing in this section shall be construed as permitting the purchase of service credit or repayment of
withdrawn or refunded contributions except as otherwise permitted in this article.

§18-7B-12a. Federal minimum required distributions.

The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and take precedence over any inconsistent provisions of this defined contribution system. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in this system to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the regulations thereunder, including without limitation the incidental death benefit provisions of Section 401(a)(9)(G) of the Internal Revenue Code and the regulations thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the defined contribution system to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the system has been distributed, then the remaining portion of that interest shall be distributed at least
(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the system shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death, except as follows:

(1) If a member's interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary commencing on or before December 31 of the calendar year immediately following the calendar year in which the participant died; or

(2) If the member's beneficiary is the surviving spouse, the date distributions are required to begin shall be no later than the later of:

(A) December 31 of the calendar year in which the member would have attained age seventy and one-half years; or

(B) The earlier of: (i) December 31 of the calendar year in which the member died; or (ii) December 31 of the calendar year following the calendar year in which the spouse died.

(d) For purposes of this section, any amount paid to a child of a member will be treated as if it had been paid to the surviving spouse of the member if the remaining amount becomes payable to the surviving spouse when the child reaches the age of majority.

§18-7B-13. Amount of annuity payments; federal law maximum benefit limitations.
(a) The amount of annuity payments a retired member shall receive shall be based solely upon the balance in the member's annuity account at the date of retirement, the retirement option selected, or in the event of an annuity option being selected, the actuarial life expectancy of the member and such other factors as normally govern annuity payments.

(b) The board, or its designee, is authorized upon retirement of a member, with the approval of that member, to purchase an annuity with the balance of the member's account. Upon delivery of the annuity to the member upon his or her retirement, the member shall execute a release surrendering any claim the member may have against the retirement trust.

(c) Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code (as such limitations are adjusted for cost of living in accordance with Section 415(d) of the Internal Revenue Code) and Treasury Regulations thereunder to the extent applicable to governmental plans (hereafter sometimes referred to as the "415 limitation(s)" or "415 annual addition limitation(s)") so that an annual addition made under this system shall not exceed those limitations. Any annual addition made under this system shall be reduced or limited if necessary to an amount which does not exceed those limitations. The extent to which an annual addition under this retirement system shall be reduced, as compared to the extent which an annual addition under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate
36 reduction is determined by the board to maximize the
37 aggregate benefits payable to the member. If the reduction is
38 under this retirement system, the board shall advise affected
39 members of any additional limitation on the annual addition
40 required by this section. The 415 limitations shall apply as
41 if the total annual additions under all defined contribution
42 plans in which a member has been a member were payable
43 from one plan for any member who has at any time been a
44 member in any other defined contribution plan maintained by
45 the member’s participating employer. For purposes of the
46 415 limitations, the “limitation year” shall be the calendar
47 year.

48 (d) Solely for purposes of calculating and applying the
49 415 limitations, a member’s compensation for a limitation
50 year is defined to be wages within the meaning of Section
51 3401(a) of the Internal Revenue Code (including amounts
52 that would be included in wages but for an election under
53 Section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k) or
54 457(b) of the Internal Revenue Code), plus all other
55 payments of compensation to a member by a participating
56 employer (in the course of the employer’s trade or business)
57 for which the employer is required to furnish the employee a
58 written statement under Sections 6041(d), 6051(a)(3) and
59 6052 of the Internal Revenue Code, and determined without
60 regard to any rules that limit the remuneration included in
61 wages based upon the nature or location of employment or
62 services performed. In addition:

63 (1) For limitation years beginning on or after January 1,
64 2009, compensation for a limitation year shall also include:

65 (A) Compensation paid by the later of two and one-half
66 months after a member’s severance from employment with
67 the employer or the end of the limitation year that includes
68 the date of the member’s severance from employment with
69 the employer maintaining the plan, if the payment is regular
70 compensation for services during the member’s regular
working hours, or compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments and, absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer;

(B) Back pay, within the meaning of Treasury Regulation §1.415(c)-2(g)(8), for the limitation year to which the back pay relates, but only to the extent the back pay represents wages and compensation that would otherwise be included in compensation under this definition; and

(C) For an employee in qualified military service (within the meaning of Section 414(u)(5) of the Internal Revenue Code), compensation such employee would have received during such period if the employee were not in qualified military service, to the extent required pursuant to Section 414(u)(7) of the Internal Revenue Code.

(2) For limitation years beginning on or after January 1, 2009, compensation for a limitation year may not exceed the maximum compensation allowed as adjusted for cost of living in accordance with section seven, article ten-d, chapter five of this code and Section 401(a)(17) of the Internal Revenue Code.

§18-7B-13b. Direct rollovers.

(a) Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee's election under this system, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution that is equal to at least $500 paid directly to an eligible retirement plan specified by the distributee in
a direct rollover. For purposes of this section, the following definitions apply:

(1) "Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (i) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; (ii) any distribution to the extent such distribution is required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code; and (v) any other distribution or distributions reasonably expected to total less than $200 during a year. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including separately accounting for the portion of the distribution which is includable in gross income and the portion of the
distribution which is not so includable, or (for taxable years
beginning after December 31, 2007) to a Roth IRA described
in Section 408A of the Internal Revenue Code.

(2) “Eligible retirement plan” means an individual
retirement account described in Section 408(a) of the Internal
Revenue Code, an individual retirement annuity described in
Section 408(b) of the Internal Revenue Code, an annuity plan
described in Section 403(a) of the Internal Revenue Code or
a qualified plan described in Section 401(a) of the Internal
Revenue Code that accepts the distributee’s eligible rollover
distribution: Provided, That in the case of an eligible rollover
distribution prior to January 1, 2002, to the surviving spouse,
an eligible retirement plan is limited to an individual
retirement account or individual retirement annuity. For
distributions after December 31, 2001, an eligible retirement
plan shall also mean an annuity contract described in Section
403(b) of the Internal Revenue Code and an eligible plan
under Section 457(b) of the Internal Revenue Code which is
maintained by a state, political subdivision of a state or any
agency or instrumentality of a state or political subdivision of
a state and which agrees to separately account for amounts
transferred into the plan from this system. For distributions
after December 31, 2007, an eligible retirement plan also
means a Roth IRA described in Section 408A of the Internal
Revenue Code: Provided, however, That in the case of an
eligible rollover distribution after December 31, 2007, to a
designated beneficiary (other than a surviving spouse) as
such term is defined in Section 402(c)(11) of the Internal
Revenue Code, an eligible retirement plan is limited to an
individual retirement account or individual retirement annuity
which meets the conditions of Section 402(c)(11) of the
Internal Revenue Code.

(3) “Distributee” means an employee or former
employee. In addition, the employee’s or former employee’s
surviving spouse and the employee’s or former employee’s
spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this retirement system or any other retirement system administered by the board.

CHAPTER 51. COURTS AND THEIR OFFICERS.

ARTICLE 9. RETIREMENT SYSTEM FOR JUDGES OF COURTS OF RECORD.

§51-9-1a. Definitions.

§51-9-12a. Federal law maximum benefit limitations.

§51-9-12b. Federal minimum required distributions.

§51-9-12c. Direct rollovers.

§51-9-1a. Definitions.

(a) As used in this article, the term “judge”, “judge of any court of record” or “judge of any court of record of this state” means, refers to and includes judges of the several circuit courts and justices of the Supreme Court of Appeals. For purposes of this article, the terms do not mean, refer to or include family court judges.

(b) “Actuarially equivalent” or “of equal actuarial value” means a benefit of equal value computed upon the basis of the mortality table and interest rates as set and adopted by the
retirement board in accordance with the provisions of this article: *Provided, That* when used in the context of compliance with the federal maximum benefit requirements of Section 415 of the Internal Revenue Code, "actuarially equivalent" shall be computed using the mortality tables and interest rates required to comply with those requirements.

(c) "Beneficiary" means any person, except a member, who is entitled to an annuity or other benefit payable by the retirement system.

(d) "Board" means the Consolidated Public Retirement Board created pursuant to article ten-d, chapter five of this code.

(e) "Final average salary" means the average of the highest thirty-six consecutive months' compensation received by the member as a judge of any court of record of this state.

(f) "Internal Revenue Code" means the Internal Revenue Code of 1986, as it has been amended.

(g) "Member" means a judge participating in this system.

(h) "Plan year" means the twelve-month period commencing on July 1 of any designated year and ending the following June 30.

(i) "Required beginning date" means April 1 of the calendar year following the later of: (i) The calendar year in which the member attains age seventy and one-half; or (ii) the calendar year in which the member retires or otherwise separates from covered employment.

(j) "Retirement system" or "system" means the Judges' Retirement System created and established by this article. Notwithstanding any other provision of law to the contrary,
the provisions of this article are applicable only to circuit
judges and justices of the Supreme Court of Appeals in the
manner specified in this article. No service as a family court
judge may be construed to qualify a person to participate in
the Judges’ Retirement System or used in any manner as
credit toward eligibility for retirement benefits under the
Judges’ Retirement System.

§51-9-12a. Federal law maximum benefit limitations.

Notwithstanding any other provision of this article or
state law, the board shall administer the retirement system in
compliance with the limitations of Section 415 of the Internal
Revenue Code and regulations under that section, to the
extent applicable to governmental plans (hereafter sometimes
referred to as the “415 limitation(s)” or “415 dollar
limitation(s)”), so that the annual benefit payable under this
system to a member shall not exceed those limitations. Any
annual benefit payable under this system shall be reduced or
limited if necessary to an amount which does not exceed
those limitations. The extent to which any annuity or other
annual benefit payable under this retirement system shall be
reduced as compared with the extent to which an annuity,
contributions or other benefits under any other defined
benefit plans or defined contribution plans required to be
taken into consideration under Section 415 of the Internal
Revenue Code shall be reduced, shall be proportional on a
percentage basis to the reductions made in such other plans
administered by the board and required to be so taken into
consideration under Section 415, unless a disproportionate
reduction is determined by the board to maximize the
aggregate benefits payable to the member. If the reduction is
under this retirement system, the board shall advise affected
members of any additional limitation on the annuities or
other annual benefit required by this section. For purposes of
the 415 limitations, the “limitation year” shall be the calendar
year. The 415 limitations are incorporated herein by
reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, will apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system shall in no event be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as each other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member’s benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise satisfy the limitations of
this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely because of: (i) The death of the survivor annuitant (but only if the reduction is not below fifty percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member’s form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.
(d) *Adjustment for benefit forms subject to Section 417(e)(3).* -- The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this subsection if the form of the member's benefit is other than a benefit form described in subdivision (c) of this section. The actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a five and a half percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using the applicable interest rate defined in Treasury Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) *Benefits payable prior to age sixty-two.* --

(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member's retirement benefits become payable before age sixty-two, the 415 dollar limitation
prescribed by this section shall be reduced in accordance with
regulations issued by the Secretary of the Treasury pursuant
to the provisions of Section 415(b) of the Internal Revenue
Code, so that the limitation (as so reduced) equals an annual
straight life benefit (when the retirement income benefit
begins) which is equivalent to an annual benefit in the
amount of the applicable dollar limitation of Section
415(b)(1)(A) of the Internal Revenue Code (as adjusted
pursuant to Section 415(d) of the Internal Revenue Code)
beginning at age sixty-two.

(2) The limitation reduction provided in paragraph (1) of
this subdivision shall not apply if the member commencing
retirement benefits before age sixty-two is a qualified
participant. A qualified participant for this purpose is a
participant in a defined benefit plan maintained by a state, or
any political subdivision of a state, with respect to whom the
service taken into account in determining the amount of the
benefit under the defined benefit plan includes at least fifteen
years of service: (i) As a full-time employee of any police or
fire department organized and operated by the state or
political subdivision maintaining the defined benefit plan to
provide police protection, fire-fighting services or emergency
medical services for any area within the jurisdiction of such
state or political subdivision; or (ii) as a member of the armed
forces of the United States.

(3) The limitation reduction provided in paragraph (1) of
this subdivision shall not be applicable to preretirement
disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for
benefit commencement before age sixty-two or after age
sixty-five (if the plan provides for such adjustment), no
adjustment is made to reflect the probability of a member’s
death: (i) After the annuity starting date and before age sixty-
two; or (ii) after age sixty-five and before the annuity starting
date.
(f) **Adjustment when member has less than ten years of participation.** -- In the case of a member who has less than ten years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is ten. This adjustment shall not be applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section shall not cause the maximum annual benefit provided to a member to be less than the member’s accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the retirement system that were both adopted and in effect before April 5, 2007, provided that such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subdivision and benefits accrued for a member after January 1, 2009, must satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

§51-9-12b. **Federal minimum required distributions.**

The requirements of this section apply to any distribution of a member’s or beneficiaries’ interest and take precedence
over any inconsistent provisions of this retirement system.

This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the retirement system to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the regulations thereunder. For this purpose, the following provisions apply:

(a) The payment of benefits under the retirement system to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with Treasury Regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary. Benefit payments under this section shall not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the retirement system has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the retirement system shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, except as follows:

(1) If a member’s interest is payable to a beneficiary, distributions may be made over the life of that beneficiary or over a period certain not greater than the life expectancy of the beneficiary commencing on or before December 31 of the
calendar year immediately following the calendar year in
which the member died; or

(2) If the member’s beneficiary is the surviving spouse,
the date distributions are required to begin shall be no later
than the later of:

(A) December 31 of the calendar year in which the
member would have attained age seventy and one-half; or

(B) The earlier of: (i) December 31 of the calendar year
following the calendar year in which the member died; or (ii)
December 31 of the calendar year following the calendar year
in which the spouse died.

§51-9-12c. Direct rollovers.

(a) Except where otherwise stated, this section applies to
distributions made on or after January 1, 1993.
Notwithstanding any provision of this article to the contrary
that would otherwise limit a distributee’s election under this
system, a distributee may elect, at the time and in the manner
prescribed by the board, to have any portion of an eligible
rollover distribution that is equal to at least $500 paid directly
to an eligible retirement plan specified by the distributee in
a direct rollover. For purposes of this section, the following
definitions apply:

(1) “Eligible rollover distribution” means any distribution
of all or any portion of the balance to the credit of the
distributee, except that an eligible rollover distribution does
not include any of the following: (i) Any distribution that is
one of a series of substantially equal periodic payments not
less frequently than annually made for the life or life
expectancy of the distributee or the joint lives or the joint life
expectancies of the distributee and the distributee’s
designated beneficiary, or for a specified period of ten years
or more; (ii) any distribution to the extent such distribution is
required under Section 401(a)(9) of the Internal Revenue Code; (iii) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (iv) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code; and (v) any other distribution or distributions expected to total less than $200 during a year. For distributions after December 31, 2001, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including separately accounting for the portion of the distribution which is includable in gross income and the portion of the distribution which is not so includable, or (for taxable years beginning after December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.

(2) “Eligible retirement plan” means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code, or a qualified plan described in Section 401(a) of the Internal Revenue Code, that accepts the distributee’s eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual.
retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, however, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.

(3) "Distributee" means a judge or former judge. In addition, the judge's or former judge's surviving spouse and the judge's or former judge's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, "distributee" also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) "Direct rollover" means a payment by the system to the eligible retirement plan.

(b) Nothing in this section may be construed as permitting rollovers into this system or any other system administered by the board.
