(b) How final commitment proceedings are commenced. -- Final commitment proceedings for an individual may be commenced by the filing of a written application under oath by an adult person having personal knowledge of the facts of the case. The certificate or affidavit is filed with the clerk of the circuit court or mental hygiene commissioner of the county where the individual is a resident or where he or she may be found or the county of a mental health facility if he or she is hospitalized in a mental health facility located in a county other than where he or she resides or may be found.

(3) The written application, certificate, affidavit and any warrants issued pursuant thereto, including any related documents, filed with a circuit court, mental hygiene commissioner or designated magistrate for the involuntary hospitalization of an individual are not open to inspection by
any person other than the individual, unless authorized by the individual or his or her legal representative or by order of the circuit court. The records may not be published unless authorized by the individual or his or her legal representative. Disclosure of these records may, however, be made by the clerk, circuit court, mental hygiene commissioner or designated magistrate to provide notice to the Federal National Instant Criminal Background Check System established pursuant to section 103(d) of the Brady Handgun Violence Prevention Act, 18 U.S.C. §922, and the central state mental health registry, in accordance with article seven-a, chapter sixty-one of this code. The certificate shall state in detail the recent overt acts on which the conclusion is based.

(2) A certificate is not necessary when an affidavit is filed by the applicant showing facts and the individual has refused to submit to examination by a physician or a psychologist.
(e) Notice requirements; eight days notice required. --

Upon receipt of an application, the mental hygiene commissioner or circuit court shall review the application and if it is determined that the facts alleged, if any, are sufficient to warrant involuntary hospitalization, forthwith fix a date for and have the clerk of the circuit court give notice of the hearing:

1. To the individual;

2. To the applicant or applicants;

(2) If the designated physician or psychologist reports to the circuit court or mental hygiene commissioner that the individual has refused to submit to an examination, the circuit court or mental hygiene commissioner shall order him or her to submit to the examination. The circuit court or mental hygiene commissioner may direct that the individual be detained or taken into custody for the purpose of an immediate examination by the designated physician or psychologist. All such orders shall be directed to the sheriff of the county or other appropriate law-enforcement officer. After the examination has been completed, the individual
shall be released from custody unless proceedings are instituted pursuant to section three of this article.

(3) If the reports of the appointed physician or psychologist do not confirm that the individual is mentally ill or addicted and might be harmful to self or others, then the proceedings for involuntary hospitalization shall be dismissed.

(h) Rights of the individual at the final commitment hearing; seven days' notice to counsel required. --

(1) The individual shall be present at the final commitment hearing and he or she, the applicant and all persons entitled to notice of the hearing shall be afforded an opportunity to testify and to present and cross-examine witnesses.

(3) The individual has the right to have an examination by an independent expert of his or her choice and to present testimony from the expert as a medical witness on his or her behalf. The cost of the independent expert is paid by the individual unless he or she is indigent.

(4) The individual may not be compelled to be a witness against himself or herself.

(i) Duties of counsel representing individual; payment of counsel representing indigent. -
(1) Counsel representing an individual shall conduct a timely interview, make investigation and secure appropriate witnesses, be present at the hearing and protect the interests of the individual.

(1) The circuit court or mental hygiene commissioner shall hear evidence from all interested parties in chamber including testimony from representatives of the community mental health facility.

(2) The circuit court or mental hygiene commissioner shall receive all relevant and material evidence which may be offered.

(3) The circuit court or mental hygiene commissioner is bound by the rules of evidence promulgated by the Supreme Court of Appeals except that statements made to physicians or psychologists by the individual may be admitted into evidence by the physician's or psychologist's testimony, notwithstanding failure to inform the individual that this statement may be used against him or her. A psychologist or physician testifying shall bring all records pertaining to the individual to the hearing. The medical evidence obtained pursuant to an examination under this section, or section two or three of this article, is not privileged information for purposes of a hearing pursuant to this section.
(4) All final commitment proceedings shall be reported or recorded, whether before the circuit court or mental hygiene commissioner, and a transcript made available to the individual, his or her counsel or the prosecuting attorney within thirty days if requested for the purpose of further proceedings. In any case where an indigent person intends to pursue further proceedings, the circuit court shall, by order entered of record, authorize and direct the court reporter to furnish a transcript of the hearings.

(k) *Requisite findings by the court.* --

(1) Upon completion of the final commitment hearing and the evidence presented in the hearing, the circuit court or mental hygiene commissioner shall make findings as to the following:

(C) Whether the individual is a resident of the county in which the hearing is held or currently is a patient at a mental health facility in the county; and

(D) Whether there is a less restrictive alternative than commitment appropriate for the individual. The burden of proof of the lack of a less restrictive alternative than commitment is on the person or persons seeking the commitment of the individual.

(2) The findings of fact shall be incorporated into the order entered by the circuit court and must be based upon clear, cogent and convincing proof.
(l) Orders issued pursuant to final commitment hearing; entry of order; change in order of court; expiration of order.

(2) The individual may not be detained in a mental health facility for a period in excess of ten days after a final commitment hearing pursuant to this section unless an order has been entered and received by the facility.

(3) If the order pursuant to a final commitment hearing is for a temporary observation period, the circuit court or mental hygiene commissioner may, at any time prior to the expiration of such period on the basis of a report by the chief medical officer of the mental health facility in which the patient is confined, hold another hearing pursuant to the terms of this section and in the same manner as the hearing was held as if it were an original petition for involuntary hospitalization to determine whether the original order for a temporary observation period should be modified or changed to an order of indeterminate hospitalization of the patient. At the conclusion of the hearing, the circuit court shall order indeterminate hospitalization of the patient or dismissal of the proceedings.

(4) An order for an indeterminate period expires of its own terms at the expiration of two years from the date of the last order of commitment unless prior to the expiration, the Department of Health and Human Resources, upon findings based on an examination of the patient by a physician or a psychologist, extends the order for indeterminate hospitalization. If the patient or his or her counsel requests a hearing, a hearing shall be held by the mental hygiene
commissioner or by the circuit court of the county as provided in subsection (a) of this section.

(m) *Dismissal of proceedings.* -- If the circuit court or mental hygiene commissioner finds that the individual is not mentally ill or addicted, the proceedings shall be dismissed. If the circuit court or mental hygiene commissioner finds that the individual is mentally ill or addicted but is not, because of the illness or addiction, likely to cause serious harm to self or others if allowed to remain at liberty, the proceedings shall be dismissed.

(n) *Immediate notification of order of hospitalization.* -- The clerk of the circuit court in which an order directing hospitalization is entered, if not in the county of the individual's residence, shall immediately upon entry of the order forward a certified copy of the order to the clerk of the circuit court of the county of which the individual is a resident.

(o) *Consideration of transcript by circuit court of county of individual's residence; order of hospitalization; execution of order.* --

(1) If the circuit court or mental hygiene commissioner is satisfied that hospitalization should be ordered but finds that the individual is not a resident of the county in which the hearing is held and the individual is not currently a resident of a mental health facility, a transcript of the evidence adduced at the final commitment hearing of the individual, certified by the clerk of the circuit court, shall forthwith be forwarded to the clerk of the circuit court of the county of which the individual is a resident. The clerk shall immediately present the transcript to the circuit court or mental hygiene commissioner of the county.
(2) If the circuit court or mental hygiene commissioner of the county of the residence of the individual is satisfied from the evidence contained in the transcript that the individual should be hospitalized as determined by the standard set forth above, the circuit court shall order the appropriate hospitalization as though the individual had been brought before the circuit court or its mental hygiene commissioner in the first instance.

(3) This order shall be transmitted forthwith to the clerk of the circuit court of the county in which the hearing was held who shall execute the order promptly.

(p) Order of custody to responsible person. -- In lieu of ordering the patient to a mental health facility, the circuit court may order the individual delivered to some responsible person who will agree to take care of the individual and the circuit court may take from the responsible person a bond in an amount to be determined by the circuit court with condition to restrain and take proper care of the individual until further order of the court.

(q) Individual not a resident of this state. -- If the individual found to be mentally ill or addicted by the circuit court or mental hygiene commissioner is a resident of another state, this information shall be forthwith given to the Secretary of the Department of Health and Human Resources, or to his or her designee, who shall make appropriate arrangements for transfer of the individual to the state of his or her residence conditioned on the agreement of the individual except as qualified by the interstate compact on mental health.

(r) Report to the Secretary of the Department of Health and Human Resources. --
(1) The chief medical officer of a mental health facility admitting a patient pursuant to proceedings under this section shall forthwith make a report of the admission to the Secretary of the Department of Health and Human Resources or to his or her designee.

(2) Whenever an individual is released from custody due to the failure of an employee of a mental health facility to comply with the time requirements of this article, the chief medical officer of the mental health facility shall forthwith, after the release of the individual, make a report to the Secretary of the Department of Health and Human Resources or to his or her designee of the failure to comply.

(s) Payment of some expenses by the state; mental hygiene fund established; expenses paid by the county commission. --

(1) The state shall pay the commissioner's fee and the court reporter fees that are not paid and reimbursed under article twenty-one, chapter twenty-nine of this code out of a special fund to be established within the Supreme Court of Appeals to be known as the Mental Hygiene Fund.

(2) The county commission shall pay out of the county treasury all other expenses incurred in the hearings conducted under the provisions of this article whether or not hospitalization is ordered, including any fee allowed by the circuit court by order entered of record for any physician, psychologist and witness called by the indigent individual. The copying and mailing costs associated with providing notice of the final commitment hearing and issuance of the final order shall be paid by the county where the involuntary commitment petition was initially filed.
§61-7A-5. Petition to regain right to possess firearms.

(a) Any person who is prohibited from possessing a firearm pursuant to the provisions of section seven, article seven of this chapter or by provisions of federal law by virtue solely of having previously been adjudicated to be mentally defective or to having a prior involuntary commitment to a mental institution pursuant to chapter twenty-seven of this code may petition the circuit court of the county of his or her residence to regain the ability to lawfully possess a firearm.

(b) Petitioners prohibited from possession of firearms due to a mental health disability, must include in the petition for relief from disability:

(2) An authorization, signed by the petitioner, for release of mental health records to the prosecuting attorney of the county; and

(3) A verified certificate of mental health examination by a licensed psychologist or psychiatrist occurring within thirty
days prior to filing of the petition which supports that the petitioner is competent and not likely to act in a manner dangerous to public safety.

(c) The court may only consider petitions for relief due to mental health adjudications or commitments that occurred in this state, and only give the relief specifically requested in the petition.

(d) In determining whether to grant the petition, the court shall receive and consider at a minimum evidence:

(1) Concerning the circumstances regarding the firearms disabilities imposed by 18 U.S.C. §922(g)(4);

(2) The petitioner’s record which must include the petitioner’s mental health and criminal history records; and

(3) The petitioner’s reputation developed through character witness statements, testimony, or other character evidence.

(e) If the court finds by clear and convincing evidence that the person is competent and capable of exercising the responsibilities concomitant with the possession of a firearm, will not be likely to act in a manner dangerous to public safety, and that granting the relief will not be contrary to public interest, the court may enter an order allowing the petitioner to possess a firearm. If the order denies petitioner’s ability to possess a firearm, the petitioner may appeal the denial, which appeal is to include the record of the circuit court rendering the decision.

(f) All proceedings for relief to regain firearm or ammunition rights shall be reported or recorded and maintained for review.
(g) The prosecuting attorney or one of his or her assistants shall represent the state in all proceedings for relief to regain firearm rights and provide the court the petitioner’s criminal history records.

(h) The written petition, certificate, mental health or substance abuse treatment records and any papers or documents containing substance abuse or mental health information of the petitioner, filed with the circuit court, are confidential. These documents may not be open to inspection by any person other than the prosecuting attorney or one of his or her assistants only for purposes of representing the state in and during these proceedings and by the petitioner and his or her counsel. No other person may inspect these documents, except upon authorization of the petitioner or his or her legal representative or by order of the court, and these records may not be published except upon the authorization of the petitioner or his or her legal representative.

(i) The circuit clerk of each county shall provide the Superintendent of the West Virginia State Police, or his or her designee, and the Administrator of the West Virginia Supreme Court of Appeals, or his or her designee, with a certified copy of any order entered pursuant to the provisions of this section which removes a petitioner’s prohibition to possess firearms. If the order restores the petitioner's ability to possess a firearm, petitioner's name shall be promptly removed from the central state mental health registry and the superintendent or administrator shall forthwith inform the Federal Bureau of Investigation, the United States Attorney General, or other federal entity operating the National Instant Criminal Background Check System of the court action.

may make conclusions of law, but such findings and
conclusions shall not be binding on the circuit court. All
Mental Hygiene Commissioners shall be reasonably
compensated at a uniform rate determined by the Supreme
Court of Appeals. Mental Hygiene Commissioners shall
submit all requests for compensation to the administrative
director of the courts for payment. Mental Hygiene
Commissioners shall discharge their duties and hold their
offices at the pleasure of the chief judge of the judicial circuit
in which he or she is appointed and may be removed at any
time by such chief judge. It shall be the duty of a Mental
Hygiene Commissioner to conduct orderly inquiries into the
mental health of the individual sought to be committed
concerning the advisability of committing the individual to a
mental health facility. The Mental Hygiene Commissioner
shall safeguard, at all times, the rights and interests of the
individual as well as the interests of the state. The Mental
Hygiene Commissioner shall make a written report of his or
her findings to the circuit court. In any proceedings before
any court of record as set forth in this article, the court of
record shall appoint an interpreter for any individual who is
deaf or cannot speak or who speaks a foreign language and
who may be subject to involuntary commitment to a mental
health facility.

(2) A Mental Hygiene Commissioner appointed by the
circuit court of one county or multiple county circuit may
serve in such capacity in a jurisdiction other than that of his
or her original appointment if such be agreed upon by the
terms of a cooperative agreement between the circuit courts
and county commissions of two or more counties entered into
to provide prompt resolution of mental hygiene matters
during noncourt hours or on nonjudicial days.

(c) Duties of prosecuting attorney. -- It shall be the duty
of the prosecuting attorney or one of his or her assistants to
represent the applicants in all final commitment proceedings
filed pursuant to the provisions of this article. The
prosecuting attorney may appear in any proceeding held
pursuant to the provisions of this article if he or she deems it
to be in the public interest.

(d) Duties of sheriff. -- Upon written order of the circuit
court, Mental Hygiene Commissioner or magistrate in the county where the individual formally accused of being mentally ill or addicted is a resident or is found, the sheriff of that county shall take said individual into custody and transport him or her to and from the place of hearing and the mental health facility. The sheriff shall also maintain custody and control of the accused individual during the period of time in which the individual is waiting for the involuntary commitment hearing to be convened and while such hearing is being conducted: Provided, That an individual who is a resident of a state other than West Virginia shall, upon a finding of probable cause, be transferred to his or her state of residence for treatment pursuant to subsection (p), section four of this article: Provided, however, That where an individual is a resident of West Virginia but not a resident of the county in which he or she is found and there is a finding of probable cause, the county in which the hearing is held may seek reimbursement from the county of residence for reasonable costs incurred by the county attendant to the mental hygiene proceeding. Notwithstanding any provision of this code to the contrary, sheriffs may enter into cooperative agreements with sheriffs of one or more other counties, with the concurrence of their respective circuit courts and county commissions, whereby transportation and security responsibilities for hearings held pursuant to the provisions of this article during noncourt hours or on nonjudicial days may be shared in order to facilitate prompt hearings and to effectuate transportation of persons found in need of treatment.
(c) Duty of sheriff upon presentment to mental health care facility. -- Where a person is brought to a mental health care facility for purposes of evaluation for commitment under this article, if he or she is violent or combative, the sheriff or his or her designee shall maintain custody of the person in the facility until the evaluation is completed or the county commission shall reimburse the mental health care facility at a reasonable rate for security services provided by the mental health care facility for the period of time the person is at the hospital prior to the determination of mental competence or incompetence.

CHAPTER 114

(Com. Sub. for H. B. 4424 - By Delegates Morgan, Stephens, Butcher, Staggers and Border)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 3, 2012.]

AN ACT to amend and reenact §27-5-11 of the Code of West Virginia, 1931, as amended, relating to modified mental hygiene procedures; extending the termination date of the modified mental hygiene procedures pilot project; including addiction as a basis for treatment under the pilot project; authorizing additional programs throughout the state;
continuing the pilot project through July 1, 2014; and requiring the Secretary of the Department of Health and Human Resources to report to the Legislature regarding the efficacy of the pilot program on or before the first day of the 2013 and 2014 regular sessions of the Legislature.

Be it enacted by the Legislature of West Virginia:

That §27-5-11 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5. INVOLUNTARY HOSPITALIZATION.

§27-5-11. Modified procedures for temporary compliance orders for certain medication dependent persons with prior hospitalizations or convictions; instituting modified mental hygiene procedures; establishing procedures; providing for forms and reports.

(a) The Supreme Court of Appeals shall, in consultation with the Secretary of the Department of Health and Human Resources and local mental health services consumers and providers, implement throughout the state modified mental hygiene procedures that are consistent with the requirements set forth in this section. The judicial circuits selected for implementing the modified procedures shall be circuits in which the Supreme Court of Appeals determines, after consultation with the Secretary of the Department of Health and Human Resources and local mental health consumers and service providers, that adequate resources will be available to implement the modified procedures. After July 1, 2012, the Supreme Court of Appeals and the Secretary of the Department of Health and Human Resources in consultation with local mental health consumers and providers may add programs for modified mental hygiene procedures in any judicial circuit that establishes a need for the same.
(b) The Secretary of the Department of Health and Human Resources, after consultation with the Supreme Court of Appeals and local mental health services consumers and service providers, shall prescribe appropriate forms to implement the modified procedures and shall annually prepare reports on the efficacy of the modified procedures and transmit the report to the Legislature on or before the first day of the 2013 and 2014 regular sessions of the Legislature.

(c) The Supreme Court of Appeals may, after consultation with the Secretary of the Department of Health and Human Resources and local mental health services consumers and providers further modify any specific modified procedures that are implemented pursuant to this section. The modified procedures must be consistent with the requirements of this chapter and this section. If the Secretary of the Department of Health and Human Resources determines that the use of any modified procedure in one or more judicial circuits is placing an unacceptable additional burden upon state mental health resources, the Supreme Court of Appeals shall, in consultation with the secretary, modify the procedures used in such a fashion as will address the concerns of the secretary, consistent with the requirements of this chapter. The provisions of this section and the modified procedures thereby authorized shall cease to have any force and effect on June 30, 2014, unless extended by an act of the Legislature prior to that date.

(1) The modified procedures shall authorize that a verified petition seeking a treatment compliance order may be filed by any person alleging:

(A) That an individual, on two or more occasions within a twenty-four month period prior to the filing of the petition, as a result of mental illness or addiction or both, has been hospitalized pursuant to the provisions of this chapter; or that the individual has been convicted of one or more crimes of
violence against the person within a twenty-four month period prior to the filing of the petition and the individual’s failure to take prescribed medication or follow another prescribed regimen to treat a mental illness or addiction or both was a significant aggravating or contributing factor in the circumstances surrounding the crime;

(B) That the individual’s previous hospitalizations due to mental illness or addiction or both or the individual’s crime of violence occurred after or as a result of the individual’s failure to take medication or other treatment as prescribed by a physician to treat the individual’s mental illness or addiction or both; and

(C) That the individual, in the absence of a court order requiring him or her to take medication or other treatment as prescribed, is unlikely to do so and that his or her failure to take medication or follow other regimen or treatment as prescribed is likely to lead to further instances in the reasonably near future in which the individual becomes likely to cause serious harm or commit a crime of violence against the person.

(2) Upon the filing of a petition seeking a treatment compliance order and the petition’s review by a circuit judge or mental hygiene commissioner, counsel shall be appointed for the individual if the individual does not already have counsel and a copy of the petition and all supporting evidence shall be furnished to the individual and their counsel. If the circuit judge or mental hygiene commissioner determines on the basis of the petition that it is necessary to protect the individual or to secure their examination, a detention order may be entered ordering that the individual be taken into custody and examined by a psychiatrist or licensed psychologist. A hearing on the allegations in the petition, which may be combined with a hearing on a probable cause petition conducted pursuant to the provisions of section two
86 of this article or a final commitment hearing conducted
87 pursuant to the provisions of section four of this article, shall
88 be held before a circuit judge or mental hygiene
89 commissioner. If the individual is taken into custody and
90 remains in custody as a result of a detention order, the
91 hearing shall be held within forty-eight hours of the time that
92 the individual is taken into custody.

93 (3) If the allegations in the petition seeking a treatment
94 compliance order are proved by the evidence adduced at the
95 hearing, which must include expert testimony by a
96 psychiatrist or licensed psychologist, the circuit judge or
97 mental hygiene commissioner may enter a treatment
98 compliance order for a period not to exceed six months upon
99 making the following findings:

100 (A) That the individual is eighteen years of age or older;

101 (B) That on two or more occasions within a twenty-four
102 month period prior to the filing of the petition an individual,
103 as a result of mental illness, has been hospitalized pursuant to
104 the provisions of this chapter; or that on at least one occasion
105 within a twenty-four month period prior to the filing of the
106 petition has been convicted of a crime of violence against any
107 person;

108 (C) That the individual’s previous hospitalizations due to
109 mental illness or addiction or both occurred as a result of the
110 individual’s failure to take prescribed medication or follow a
111 regimen or course of treatment as prescribed by a physician
112 or psychiatrist to treat the individual’s mental illness or
113 addiction; or that the individual has been convicted for crimes
114 of violence against any person and the individual’s failure to
115 take medication or follow a prescribed regimen or course of
116 treatment of the individual’s mental illness or addiction or
117 both was a significant aggravating or contributing factor in
118 the commission of the crime;
(D) That a psychiatrist or licensed psychologist who has personally examined the individual within the preceding twenty-four months has issued a written opinion that the individual, without the aid of the medication or other prescribed treatment, is likely to cause serious harm to himself or herself or to others;

(E) That the individual, in the absence of a court order requiring him or her to take medication or other treatment as prescribed, is unlikely to do so and that his or her failure to take medication or other treatment as prescribed is likely to lead to further instances in the reasonably near future in which the individual becomes likely to cause serious harm or commit a crime of violence against any person;

(F) That, where necessary, a responsible entity or individual is available to assist and monitor the individual’s compliance with an order requiring the individual to take the medication or follow other prescribed regimen or course of treatment;

(G) That the individual can obtain and take the prescribed medication or follow other prescribed regimen or course of treatment without undue financial or other hardship; and

(H) That, if necessary, a medical provider is available to assess the individual within forty-eight hours of the entry of the treatment compliance order.

(4) The order may require an individual to take medication and treatment as prescribed and if appropriate to attend scheduled medication and treatment-related appointments: Provided, That a treatment compliance order shall be subject to termination or modification by a circuit judge or mental hygiene commissioner if a petition is filed seeking termination or modification of the order and it is shown in a hearing on the petition that there has been a
material change in the circumstances that led to the entry of
the original order that justifies the order’s modification or
termination: Provided, however, That a treatment compliance
order may be extended by a circuit judge or mental hygiene
commissioner for additional periods of time not to exceed six
months, upon the filing of a petition seeking an extension and
after a hearing on the petition or upon the agreement of the
individual.

(5) After the entry of a treatment compliance order in
accordance with the provisions of subdivisions (3) and (4) of
this subsection if a verified petition is filed alleging that an
individual has not complied with the terms of a medication
and treatment compliance order and if a circuit judge or
mental hygiene commissioner determines from the petition
and any supporting evidence that there is probable cause to
believe that the allegations in the petition are true, counsel
shall be appointed for the individual and a copy of the
petition and all supporting evidence shall be furnished to the
individual and his or her counsel. If the circuit judge or
mental hygiene commissioner considers it necessary to
protect the individual or to secure his or her examination, a
detention order may be entered to require that the individual
be examined by a psychiatrist or psychologist.

(A) A hearing on the allegations in the petition, which
may be combined with a hearing on a probable cause petition
conducted pursuant to section two of this article or a final
commitment hearing conducted pursuant to section four of
this article, shall be held before a circuit judge or mental
hygiene commissioner. If the individual is taken and remains
in custody as a result of a detention order, the hearing shall be
held within forty-eight hours of the time that the individual is
taken into custody.

(B) At a hearing on any petition filed pursuant to the
provisions of paragraph (A) of this subdivision, the circuit
judge or mental hygiene commissioner shall determine whether the individual has complied with the terms of the medication and treatment compliance order. If the individual has complied with the order, the petition shall be dismissed. If the evidence presented to the circuit judge or mental hygiene commissioner shows that the individual has complied with the terms of the existing order, but the individual’s prescribed medication, dosage or course of treatment needs to be modified, then the newly modified medication and treatment prescribed by a psychiatrist who personally examined the individual may be properly incorporated into a modified order. If the order has not been complied with, the circuit judge or mental hygiene commissioner, after inquiring into the reasons for noncompliance and whether any aspects of the order should be modified, may continue the individual upon the terms of the original order and direct the individual to comply with the order or may modify the order in light of the evidence presented at the hearing. If the evidence shows that the individual at the time of the hearing is likely to cause serious harm to himself or herself, herself or others as a result of the individual’s mental illness, the circuit judge or mental hygiene commissioner may convert the proceeding into a probable cause proceeding and enter a probable cause order directing the involuntary admission of the individual to a mental health facility for examination and treatment. Any procedures conducted pursuant to this subsection must comply with and satisfy all applicable due process and hearing requirements of sections two and three of this article.

(d) The modified procedures may authorize that upon the certification of a qualified mental health professional, as described in subsection (e) of this section, that there is probable cause to believe that an individual who has been hospitalized two or more times in the previous twenty-four months because of mental illness is likely to cause serious
harm to himself or herself, herself or to others as a result of the mental illness if not immediately restrained and that the best interests of the individual would be served by immediate hospitalization, a circuit judge, mental hygiene commissioner or designated magistrate may enter a temporary probable cause order directing the involuntary hospitalization of the individual at a mental health facility for immediate examination and treatment.

(e) The modified procedures may authorize the chief judge of a judicial circuit, or circuit judge if there is no chief judge, to enter orders authorizing specific psychiatrists or licensed psychologists, whose qualifications and training have been reviewed and approved by the Supreme Court of Appeals, to issue certifications that authorize and direct the involuntary admission of an individual subject to the provisions of this section on a temporary probable cause basis to a mental health facility for examination and treatment. The authorized psychiatrist or licensed psychologist must conclude and certify based on personal observation prior to certification that the individual is mentally ill and, because of such mental illness or addiction or both, is imminently likely to cause serious harm to himself or herself or to others if not immediately restrained and promotion of the best interests of the individual requires immediate hospitalization. Immediately upon certification, the psychiatrist or licensed psychologist shall provide notice of the certification to a circuit judge, mental hygiene commissioner or designated magistrate in the county where the individual resides.

(f) No involuntary hospitalization pursuant to a temporary probable cause determination issued pursuant to the provisions of this section shall continue in effect for more than forty-eight hours without the filing of a petition for involuntary hospitalization and the occurrence of a probable cause hearing before a circuit judge, mental hygiene
254 commissioner or designated magistrate. If at any time the
255 chief medical officer of the mental health facility to which the
256 individual is admitted determines that the individual is not
257 likely to cause serious harm as a result of mental illness or
258 addiction or both, the chief medical officer shall discharge the
259 individual and immediately forward a copy of the
260 individual’s discharge to the circuit judge, mental hygiene
261 commissioner or designated magistrate.

AN ACT to amend and reenact §19-25-1, §19-25-3, §19-25-5, §19-
25-6 and §19-25-7 of the Code of West Virginia, 1931, as
amended, all relating to limiting the liability and duty of
landowners who make land available for military, law-
enforcement or homeland-defense training; defining “military,
law-enforcement or homeland-defense training”; and defining
“spelunking” as a recreational purpose and activity for which
a landowner’s liability for injury is limited.

Be it enacted by the Legislature of West Virginia:
That §19-25-1, §19-25-3, §19-25-5, §19-25-6 and §19-25-7 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 25. LIMITING LIABILITY OF LANDOWNERS.

§19-25-1. Purpose.

The purpose of this article is to encourage owners of land to make available to the public land and water areas for military, law-enforcement or homeland-defense training or recreational or wildlife propagation purposes by limiting their liability for injury to persons entering thereon and for injury to the property of persons entering thereon and limiting their liability to persons who may be injured or otherwise damaged by the acts or omissions of persons entering thereon.

§19-25-3. Limiting duty of landowner who grants a lease, easement or license of land to federal, state, county or municipal government or any agency thereof.

Unless otherwise agreed in writing, an owner who grants a lease, easement or license of land to the federal government or any agency thereof, or the state or any agency thereof, or any county or municipality or agency thereof, for military, law-enforcement or homeland-defense training or recreational or wildlife propagation purposes owes no duty of care to keep that land safe for entry or use by others or to give warning to persons entering or going upon the land of any dangerous or hazardous conditions, uses, structures or activities thereon. An owner who grants a lease, easement or license of land to the federal government or any agency thereof, or the state or any agency thereof, or any county or municipality or agency thereof, for military, law-enforcement or homeland-defense training or recreational or wildlife propagation purposes does not by giving a lease, easement or license: (a) Extend any assurance to any person using the
land that the premises are safe for any purpose; or (b) confer
upon those persons the legal status of an invitee or licensee
to whom a duty of care is owed; or (c) assume responsibility
for or incur liability for any injury to person or property
caused by an act or omission of a person who enters upon the
leased land. The provisions of this section apply whether the
person entering upon the leased land is an invitee, licensee,
trespasser or otherwise.

Unless the context used clearly requires a different
meaning, as used in this article:

(1) “Charge” means:

(A) For purposes of limiting liability for recreational or
wildlife propagation purposes set forth in section two of this
article, the amount of money asked in return for an invitation
to enter or go upon the land, including a one-time fee for a
particular event, amusement, occurrence, adventure, incident,
experience or occasion which may not exceed $50 a year per
recreational participant: Provided, That the monetary cap on
charges imposed pursuant to this article does not apply to the
provisions of article fourteen, chapter twenty of this code
pertaining to the Hatfield-McCoy regional recreational
authority or activities sponsored on the Hatfield-McCoy
recreation area;

(B) For purposes of limiting liability for military, law-
enforcement or homeland-defense training set forth in section
six of this article, the amount of money asked in return for an
invitation to enter or go upon the land;

(2) “Land” includes, but shall not be limited to, roads,
water, watercourses, private ways and buildings, structures
and machinery or equipment thereon when attached to the
realty;
(3) “Noncommercial recreational activity” shall not include any activity for which there is any charge which exceeds $50 per year per participant;

(4) “Owner” includes, but shall not be limited to, tenant, lessee, occupant or person in control of the premises;

(5) “Recreational purposes” includes, but shall not be limited to, any one or any combination of the following noncommercial recreational activities: Hunting, fishing, swimming, boating, camping, picnicking, hiking, pleasure driving, motorcycle or all-terrain vehicle riding, bicycling, horseback riding, spelunking, nature study, water skiing, winter sports and visiting, viewing or enjoying historical, archaeological, scenic or scientific sites or otherwise using land for purposes of the user;

(6) “Wildlife propagation purposes” applies to and includes all ponds, sediment control structures, permanent water impoundments or any other similar or like structure created or constructed as a result of or in connection with surface mining activities as governed by article three, chapter twenty-two of this code or from the use of surface in the conduct of underground coal mining as governed by said article and rules promulgated thereunder, which ponds, structures or impoundments are hereafter designated and certified in writing by the Director of the Division of Environmental Protection and the owner to be necessary and vital to the growth and propagation of wildlife, animals, birds and fish or other forms of aquatic life and finds and determines that the premises have the potential of being actually used by the wildlife for those purposes and that the premises are no longer used or necessary for mining reclamation purposes. The certification shall be in form satisfactory to the director and shall provide that the designated ponds, structures or impoundments shall not be
removed without the joint consent of the director and the owner; and

(7)”Military, law-enforcement or homeland-defense training” includes, but is not limited to, training, encampments, instruction, overflight by military aircraft, parachute drops of personnel or equipment or other use of land by a member of the Army National Guard or Air National Guard, a member of a reserve unit of the armed forces of the United States, a person on active duty in the armed forces of the United States, a state or federal law-enforcement officer, a federal agency or service employee, a West Virginia military authority employee or a civilian contractor supporting the military and/or government employees acting in that capacity.

§19-25-6. Limiting duty of landowner for use of land for military, law-enforcement or homeland-security purposes.

Notwithstanding the provisions of section four of this article to the contrary, an owner of land owes no duty of care to keep the premises safe for entry or use by others for military, law-enforcement or homeland-defense training purposes, regardless of whether any charge is made therefor, or to give any warning of a dangerous or hazardous condition, use, structure or activity on the premises to persons entering for those purposes.

Notwithstanding the provisions of section four of this article to the contrary, an owner of land who either directly or indirectly invites or permits, either with or without charge, any person to use the property for military, law-enforcement or homeland-defense training purposes does not thereby: (a) Extend any assurance that the premises are safe for any purpose; (b) confer upon those persons the legal status of an invitee or licensee to whom a duty of care is owed; or (c)
assume responsibility for or incur liability for any injury to person or property caused by an act or omission of those persons.

Any policy or contract of liability insurance providing coverage for liability sold, issued or delivered in this state to any owner of lands covered under the provisions of this article shall be read so as to contain a provision or endorsement whereby the company issuing such policy waives or agrees not to assert as a defense on behalf of the policyholder or any beneficiary thereof, to any claim covered by the terms of such policy within the policy limits, the immunity from liability of the insured by reason of the use of such insured's land for recreational, wildlife propagation or military, law-enforcement or homeland-defense purposes, unless such provision or endorsement is rejected in writing by the named insured.

CHAPTER 47A. WEST VIRGINIA LENDING AND CREDIT RATE BOARD.

ARTICLE 1. LENDING AND CREDIT RATE BOARD.

§47A-1-1. Legislative findings; creation, membership, powers and duties of board; termination of board.

(a) The Legislature finds and declares that:

(1) Changes in the permissible charges on loans, credit sales or transactions, forbearance or other similar transactions requires specialized knowledge of the needs of the citizens of West Virginia for credit for personal and commercial purposes and knowledge of the availability of such credit at
reasonable rates to the citizens of this state while affording a
competitive return to persons extending such credit;

(2) Maximum charges on loans, credit sales or
transactions, forbearance or other similar transactions
executed in this state should be prescribed from time to time
to reflect changed economic conditions, current interest rates
and finance charges throughout the United States and the
availability of credit within the state in order to promote the
making of such loans in this state; and

(3) The prescribing of such maximum interest rates and
finance charges can be accomplished most effectively and
flexibly by a board comprised of the heads of designated
government agencies, university schools of business and
administration and members of the public.

(b) In view of the foregoing findings, it is the purpose of
this section to establish the West Virginia Lending and Credit
Rate Board and authorize said board to prescribe
semiannually the maximum interest rates and finance charges
on loans, credit sales or transactions, forbearance or similar
transactions made pursuant to this section subject to the
provisions, conditions and limitations hereinafter set forth
and to authorize lenders, sellers and other creditors to charge
up to the maximum interest rates or finance charges so fixed.
The rates prescribed by the board are alternative rates and
any creditor may utilize either the rate or rates set by the
board or any other rate or rates which the creditor is
permitted to charge under any other provision of this code.

(c) The West Virginia Lending and Credit Rate Board
shall be comprised of:

(1) The director of the Governor’s office of Economic
and Community Development;
(2) The West Virginia State Treasurer;

(3) The West Virginia Banking Commissioner;

(4) The deans of the schools of business and administration at Marshall University and West Virginia University;

(5) The Director of the Division of Consumer Protection of the Attorney General's Office; and

(6) Three members of the public appointed by the Governor with the advice and consent of the Senate. The members of the public shall be appointed for terms of six years each, and until their successors are appointed and qualified; except that of the members first appointed, one shall be appointed for a term of two years, one for a term of four years and one for a term of six years. A member who has served one full term of six years shall be ineligible for appointment for the next succeeding term. Vacancies shall be filled by appointment of the Governor with the advice and consent of the Senate, or if any vacancy remains unfilled for three months, by a majority vote of the board. The West Virginia Banking Commissioner shall serve as chairperson of the board and the rate or rates set by the board shall be determined by a majority vote of those members of the board in attendance at the respective board meeting.

(d) The West Virginia Lending and Credit Rate Board is authorized and directed to meet after December 31, 1983, on the first Tuesday of April and on the first Tuesday of October of each year or more or less frequently as required by the circumstances and to prescribe by order a maximum rate of interest and finance charge for the next succeeding six months, effective on June 1 and on December 1, for any loans, credit sales or transactions, forbearance or similar transactions made pursuant to this section. In fixing said maximum rates of interest
and finance charge, the board shall take into consideration prevailing economic conditions, including the monthly index of long-term United States government bond yields for the preceding calendar month, yields on conventional commercial short-term loans and notes throughout West Virginia and throughout the United States and on corporate interest-bearing securities of high quality, the availability of credit at reasonable rates to the citizens of this state which afford a competitive return to persons extending credit and other factors as the board may determine.

(e) Any petition proposing a change in the prescribed maximum rates of interest and finance charges must be filed in the office of the Banking Commissioner no later than February 15 in order to be voted on at the board meeting on the first Tuesday of April and no later than August 15 in order to be voted on at the board meeting on the first Tuesday of October. Whenever any change in the prescribed maximum rates of interest and finance charges is proposed the board shall schedule a hearing, at least fifteen days prior to the board meeting at which the proposed rates of interest and finance charge will be voted on by the members of the board, and shall give all interested parties the opportunity to testify and to submit information at such public hearing that is relevant. Notice of the scheduled public hearing shall be issued and disseminated to the public at least twenty days prior to the scheduled date of the hearing.

(f) The board shall prescribe by order issued not later than April 20 and not later than October 20, in accordance with the provisions of subsection (d) of this section, the maximum rates of interest and finance charge for the next succeeding six months for any loan, credit sale, forbearance or similar transaction made pursuant to this section and shall cause the maximum rate of interest and finance charge to be issued and disseminated to the public, to be effective on June 1 and December 1 for the next succeeding six months.
(g) Notwithstanding the other provisions of this chapter, the West Virginia Lending and Credit Rate Board shall not be required to meet if no petition has been filed with the board requesting a hearing and interest rates and economic conditions have not changed sufficiently to indicate that any change in the existing rate order would be required, and there are not at least two board members who concur that a meeting of the board is necessary. If the board does not meet, the maximum rates of interest and finance charges prescribed by the board in the existing rate order shall remain in full force and effect until the next time the board meets and prescribes different maximum rates of interest and finance charges.

(h) If circumstances and economic conditions require, the chairperson or any three board members, at any time, may call an emergency interim meeting of the West Virginia Lending and Credit Rate Board, at which time the chairperson shall give ten days’ notice of the scheduled emergency meeting to the public. All interested parties shall have the opportunity to be heard and to submit information at the emergency meeting that is relevant. Any and all emergency rate board orders shall be effective within thirty days from the date of the emergency meeting.

(i) Each member of the board, except those whose regular salary is paid by the State of West Virginia, shall receive $75 per diem while actually engaged in the performance of the duties of the board. Each member shall be reimbursed for all reasonable and necessary expenses actually incurred during the performance of their duties, except that in the event the expenses are paid by a third party the members shall not be reimbursed by the state. The reimbursement shall be paid out of the special revenue account of the Division of Banking upon a requisition upon the State Auditor, properly certified by the Banking Commissioner.

(j) In setting the maximum interest rates and finance charges, the board may set varying rates based on the type of
credit transaction, the term of transaction, the type of debtor, the type of creditor and other factors relevant to determining the rates. In addition, the board may set varying rates for ranges of principal balances within a single category of credit transactions.

CHAPTER 119

(S. B. 336 - By Senator Minard)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §31-17-2 of the Code of West Virginia, 1931, as amended, relating to license required for residential mortgage lenders and brokers and exemptions thereto; and eliminating the exemption for a lender under the regular supervision and examination for consumer compliance by any agency of the federal government.

Be it enacted by the Legislature of West Virginia:

That §31-17-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 17. WEST VIRGINIA RESIDENTIAL MORTGAGE LENDER, BROKER AND SERVICER ACT.

§31-17-2. License required for lender and broker originator; exemptions.

(a) A person may not engage in this state in the business of lender or broker unless and until he or she first obtains a
license to do so from the commissioner, which license
remains unexpired, unsuspended and unrevoked, and no
foreign corporation may engage in business in this state
unless it is registered with the Secretary of State to transact
business in this state.

(b) All mortgage loan originators, as that term is defined
by section two, article seventeen-a of this chapter, shall
obtain a mortgage loan originator license pursuant to said
article.

(c) Brokerage fees, additional charges and finance
charges imposed by licensed mortgage brokers, lenders and
loan originators are exempt from the tax imposed by article
fifteen, chapter eleven of this code beginning on January 1,
2004.

(d) The provisions of this article do not apply to loans
made by the following:

(1) Federally insured depository institutions;

(2) Regulated consumer lender licensees;

(3) Insurance companies;

(4) Any agency or instrumentality of this state, federal,
county or municipal government or on behalf of the agency
or instrumentality;

(5) By a nonprofit community development organization
making mortgage loans to promote home ownership or
improvements for the disadvantaged which loans are subject
to federal, state, county or municipal government supervision
and oversight; or
(6) Habitat for Humanity International, Inc., and its affiliates providing low-income housing within this state. Loans made subject to this exemption may be assigned, transferred, sold or otherwise securitized to any person and shall remain exempt from the provisions of this article, except as to reporting requirements in the discretion of the commissioner where the person is a licensee under this article. Nothing herein shall prohibit a broker licensed under this article from acting as broker of an exempt loan and receiving compensation as permitted under the provisions of this article.

(e) The provisions of this article do not apply to loans brokered by a federally insured depository institution.

(f) A person or entity designated in subsection (d) of this section may take assignments of a primary or subordinate mortgage loan from a licensed lender and the assignments of said loans that they themselves could have lawfully made as exempt from the provisions of this article under this section do not make that person or entity subject to the licensing, bonding, reporting or other provisions of this article except as the defense or claim would be preserved pursuant to section one hundred two, article two, chapter forty-six-a of this code.

(g) The placement or sale for securitization of a primary or subordinate mortgage loan into a secondary market by a licensee may not subject the warehouser or final securitization holder or trustee to the provisions of this article: Provided, That the warehouser, final securitization holder or trustee under an arrangement is either a licensee or person or entity entitled to make exempt loans of that type under this section, or the loan is held with right of recourse to a licensee.
AN ACT to amend and reenact §31-17-8 of the Code of West Virginia, 1931, as amended, relating to prohibitions on primary and subordinate mortgage loans.

Be it enacted by the Legislature of West Virginia:

That §31-17-8 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 17. WEST VIRGINIA RESIDENTIAL MORTGAGE LENDER, BROKER AND SERVICER ACT.

§31-17-8. Maximum interest rate on subordinate loans; prepayment rebate; maximum points, fees and charges; overriding of federal limitations; limitations on lien documents; prohibitions on primary and subordinate mortgage loans; civil remedy.

1 (a) The maximum rate of finance charges on or in connection with any subordinate mortgage loan may not exceed eighteen percent per year on the unpaid balance of the amount financed.
(b) A borrower shall have the right to prepay his or her debt, in whole or in part, at any time and shall receive a rebate for any unearned finance charge, exclusive of any points, investigation fees and loan origination fees, which rebate shall be computed under the actuarial method.

(c) Except as provided by section one hundred nine, article three, chapter forty-six-a of this code and by subsection (g) of this section, no additional charges may be made, nor may any charge permitted by this section be assessed unless the loan is made: Provided, That in the event the loan is not made, the licensee is not required to refund an appraisal fee that is collected from a loan applicant by the licensee and paid to an unrelated third-party appraiser unless the fee is required to be refunded pursuant to federal law.

(d) Where loan origination fees, investigation fees or points have been charged by the licensee, the charges may not be imposed again in any refinancing of that loan or any additional loan on that property made within twenty-four months thereof, unless the new loan has a reasonable, tangible net benefit to the borrower considering all of the circumstances, including the terms of both the new and the refinanced loans, the cost of the new loan and the borrower’s circumstances. The licensee shall document this benefit in writing on a form prescribed by the commissioner and maintain the documentation in the loan file. To the extent this subdivision overrides the preemption on limiting points and other charges on first lien residential mortgage loans contained in the United States Depository Institutions Deregulation and Monetary Control Act of 1980, 12 U. S. C. §1735f-7a, the state law limitations contained in this section shall apply.

(e) Notwithstanding other provisions of this section, a delinquent charge or late charge may be charged on any installment made ten or more days after the regularly
scheduled due date in accordance with section one hundred
twelve or one hundred thirteen, article three, chapter
forty-six-a of this code, whichever is applicable. The charge
may be made only once on any one installment during the
term of the primary or subordinate mortgage loan.

(f) Hazard insurance may be required by the lender. The
charges for any insurance shall not exceed the standard rate
approved by the Insurance Commissioner for the insurance.
Proof of all insurance in connection with primary and
subordinate mortgage loans subject to this article shall be
furnished to the borrower within thirty days from and after
the date of application therefor by the borrower.

(g) Except for fees for services provided by unrelated
third parties for appraisals, inspections, title searches and
credit reports, no application fee may be allowed whether or
not the mortgage loan is consummated; however, the
borrower may be required to reimburse the licensee for actual
expenses incurred by the licensee in a purchase money
transaction after acceptance and approval of a mortgage loan
proposal made in accordance with the provisions of this
article which is not consummated because of:

(1) The borrower's willful failure to close the loan; or

(2) The borrower's false or fraudulent representation of a
material fact which prevents closing of the loan as proposed.

(h) No licensee shall make, offer to make, accept or offer
to accept any primary or subordinate mortgage loan except on
the terms and conditions authorized in this article.

(i) No licensee shall induce or permit any borrower to
become obligated to the licensee under this article, directly or
contingently, or both, under more than one subordinate
mortgage loan at the same time for the purpose or with the
result of obtaining greater charges than would otherwise be permitted under the provisions of this article.

(j) No instrument evidencing or securing a primary or subordinate mortgage loan shall contain:

(1) Any power of attorney to confess judgment;

(2) Any provision whereby the borrower waives any rights accruing to him or her under the provisions of this article;

(3) Any requirement that more than one installment be payable in any one installment period, or that the amount of any installment be greater or less than that of any other installment, except for the final installment which may be in a lesser amount, or unless the loan is structured as a revolving line of credit having no set final payment date;

(4) Any assignment of or order for the payment of any salary, wages, commissions or other compensation for services, or any part thereof, earned or to be earned;

(5) A requirement for compulsory arbitration which does not comply with federal law; or

(6) Blank or blanks to be filled in after the consummation of the loan. A borrower must be given a copy of every signed document executed by the borrower at the time of closing.

(k) No licensee shall charge a borrower or receive from a borrower money or other valuable consideration as compensation before completing performance of all services the licensee has agreed to perform for the borrower unless the
licensee also registers and complies with all requirements set forth for credit service organizations in article six-c, chapter forty-six-a of this code, including all additional bonding requirements as may be established therein.

(l) No licensee shall make or broker revolving loans secured by a primary or subordinate mortgage lien for the retail purchase of consumer goods and services by use of a lender credit card.

(m) In making any primary or subordinate mortgage loan, no licensee may, and no primary or subordinate mortgage lending transaction may, contain terms which:

(1) Collect a fee not disclosed to the borrower; collect any attorney fee at closing in excess of the fee that has been or will be remitted to the attorney; collect a fee for a product or service where the product or service is not actually provided; misrepresent the amount charged by or paid to a third party for a product or service; or collect duplicate fee or points to act as both broker and lender for the same mortgage loan, however, fees and points may be divided between the broker and the lender as they agree, but may not exceed the total charges otherwise permitted under this article: Provided, That the fact of any fee, point or compensation is disclosed to the borrower consistent with the solicitation representation made to the borrower;

(2) Compensate, whether directly or indirectly, coerce or intimidate an appraiser for the purpose of influencing the independent judgment of the appraiser with respect to the value of real estate that is to be covered by a deed of trust or is being offered as security according to an application for a primary or subordinate mortgage loan;

(3) Make or assist in making any primary or subordinate mortgage loan with the intent that the loan will not be repaid
and that the lender will obtain title to the property through foreclosure: Provided, That this subdivision shall not apply to reverse mortgages obtained under the provisions of article twenty-four, chapter forty-seven of this code;

(4) Require the borrower to pay, in addition to any periodic interest, combined fees, compensation or points of any kind to the lender and broker to arrange, originate, evaluate, maintain or service a loan secured by any encumbrance on residential property that exceed, in the aggregate, six percent of the loan amount financed, including any yield spread premium paid by the lender to the broker: Provided, That reasonable closing costs, as defined in section one hundred two, article one, chapter forty-six-a of this code, payable to unrelated third parties may not be included within this limitation: Provided, however, That no yield spread premium is permitted for any loan for which the annual percentage rate exceeds eighteen percent per year on the unpaid balance of the amount financed: Provided further, That if no yield spread premium is charged, the aggregate of fees, compensation or points can be no greater than five percent of the loan amount financed. The financing of the fees and points are permissible and, where included as part of the finance charge, does not constitute charging interest on interest. To the extent that this section overrides the preempt on limiting points and other charges on first lien residential mortgage loans contained in the United States Depository Institutions Deregulation and Monetary Control Act of 1980, 12 U. S. C. §1735f-7a, the state law limitations contained in this section apply;

(5) Secure a primary or subordinate mortgage loan by any security interest in personal property unless the personal property is affixed to the residential dwelling or real estate;

(6) Allow or require a primary or subordinate mortgage loan to be accelerated because of a decrease in the market value of the residential dwelling that is securing the loan;
(7) Require terms of repayment which do not result in 
continuous monthly reduction of the original principal 
amount of the loan: Provided, That the provisions of this 
subdivision may not apply to reverse mortgage loans 
obtained under article twenty-four, chapter forty-seven of this 
code, home equity, open-end lines of credit, bridge loans 
used in connection with the purchase or construction of a new 
residential dwelling or commercial loans for multiple 
residential purchases;

(8) Secure a primary or subordinate mortgage loan in a 
principal amount that, when added to the aggregate total of 
the outstanding principal balances of all other primary or 
subordinate mortgage loans secured by the same property, 
exceeds the fair market value of the property on the date that 
the latest mortgage loan is made. For purposes of this 
paragraph, a broker or lender may rely upon a bona fide 
written appraisal of the property made by an independent 
third-party appraiser, duly licensed or certified by the West 
Virginia Real Estate Appraiser Licensing and Certification 
Board and prepared in compliance with the uniform standards 
of professional appraisal practice: Provided, That 
commencing January 1, 2012, and continuing until January 
1, 2015, this prohibition does not apply to any mortgage 
modification or refinancing loan made in participation with 
and in compliance with the federal Homes Affordable 
Modification Program, a part of the federal Making Home 
Affordable program, or any other mortgage modification or 
refinancing loan funded through any other federal or state 
program or litigation settlement;

(9) Advise or recommend that the consumer not make 
timely payments on an existing loan preceding loan closure 
of a refinancing transaction; or
Ch. 121] MORTGAGE LENDERS AND BROKERS 1085

196 (10) Knowingly violate any provision of any other
197 applicable state or federal law regulating primary or
198 subordinate mortgage loans, including, without limitation,
199 chapter forty-six-a of this code.

ARTICLE 17. WEST VIRGINIA RESIDENTIAL MORTGAGE LENDER, BROKER AND SERVICER ACT.

CHAPTER 122

(H. B. 4103 - By Delegates Staggers, L. Phillips, Barker, Ferro, Guthrie and Cowles)

[Passed March 9, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 20, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §17A-2B-1, §17A-2B-2 and §17A-2B-3, all relating to consolidating government services and enforcement of laws pertaining to the motor carrier industry; stating legislative findings and purpose;
designating the Division of Motor Vehicles as the lead agency to develop a plan for the consolidation; and requiring the division to report its plan and recommendations for consolidation to the Joint Committee on Government and Finance by December 1, 2012.

*Be it enacted by the Legislature of West Virginia:*

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §17A-2B-1, §17A-2B-2 and §17A-2B-3, all to read as follows:

**ARTICLE 2B. CONSOLIDATION OF THE REGULATION OF THE MOTOR CARRIER INDUSTRY.**

§17A-2B-1. Legislative findings and purpose.

1. (a) The Legislature finds that responsibility for delivery of government services and the enforcement of laws pertaining to the motor carrier industry currently resides in several state agencies, divisions and departments including the Division of Motor Vehicles, Public Service Commission, Division of Highways, State Tax Department and the State Police. The Division of Motor Vehicles currently administers numerous provisions of this code relating to the regulation of the motor carrier industry in this state, including chapter seventeen-a of this code, which prescribes the process for titling and registration of all motor vehicles, the provisions for commercial drivers licenses set forth in chapter seventeen-b of this code, and has numerous other responsibilities relating to the motor carrier industry. The Division of Motor Vehicles also has significant interaction with the various federal agencies and other state agencies responsible for the administration of government functions relative to the industry. It further appears to the Legislature that a significant portion of the responsibility, in terms of
volume of transactions and its database, routine contact with
the industry and assignment of staff pertaining to regulating
the motor carrier industry, is currently vested in the Division
of Motor Vehicles. Therefore, the Legislature finds that the
Division of Motor Vehicles is the appropriate agency to plan
the consolidation of the administration and enforcement of
the various state laws pertaining to the motor carrier industry.

(b) The Legislature further finds that it is very
cumbersome and onerous for motor carrier business entities
to obtain the necessary permits, licenses and file the
necessary returns, reports and other documents through
numerous state agencies whose offices are scattered both
geographically and administratively throughout state
government. The lack of centralization of these various state
agencies also results in the redundancy of information
provided by motor carrier entities to the various state
agencies. The Legislature further finds that the lack of
centralization of these government functions does not
encourage the growth and success of this industry in the
State.

(c) The Legislature further finds that it would be more
cost effective and efficient to both the state agencies and the
motor carrier industry to provide these services through
consolidated facilities, licensing and permitting processes and
electronic information and communication technologies.

(d) Therefore, it is the purpose of this article to facilitate
the consolidation of the administration of government
services pertaining to the motor carrier industry and to
designate the division as the lead agency in planning the
consolidation of state government services and enforcement
of laws pertaining to the regulation and taxation of the motor
carrier industry.
§17A-2B-2. Development of plan of consolidation of government services and regulation applicable to the motor carrier industry.

(a) Notwithstanding any other provisions of this code to the contrary, the Division of Motor Vehicles is authorized and directed, and is designated the lead state agency to formulate and develop a plan for the consolidation of state government services and enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(b) (1) The Public Service Commission, Division of Highways, State Tax Department and the State Police shall cooperate with the division and provide information, aid and assistance as requested by the division to plan the consolidation of state government services and of enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(2) The division shall consult with these agencies and shall solicit and use any applicable experience and expertise that can be beneficial to the development of the plan of consolidation.

(a) The Division of Motor Vehicles shall submit to the Joint Committee on Government and Finance on or before December 1, 2012, a report setting forth the plan for the consolidation of state government services and of enforcement of laws pertaining to the regulation and taxation of the motor carrier industry.

(b) The report shall make recommendations pertaining to changes in laws, administration, personnel and procedure in the provision of government services applicable to the motor carrier industry and shall include drafts of recommended legislation necessary to implement the proposed consolidation.

[Approved by the Governor on March 14, 2012.]

AN ACT to amend and reenact §17-24A-4 of the Code of West Virginia, 1931, as amended, relating to raising the maximum value amount of an abandoned motor vehicle $2,500 to $7,500 before someone may sell that vehicle; allowing towing companies to obtain title to abandoned vehicles acquired in a manner other than the request of law enforcement; and clarifying definitions.

Be it enacted by the Legislature of West Virginia:

That §17-24A-4 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 24A. DISPOSAL OF ABANDONED MOTOR VEHICLES, JUNKED MOTOR VEHICLES, AND ABANDONED OR INOPERATIVE HOUSEHOLD APPLIANCES.

(a) The enforcement agency which takes into custody and possession an abandoned motor vehicle or junked motor

The notice shall:

1. Contain a description of the motor vehicle, including the year, make, model, manufacturer's serial or identification number or any other number which may have been assigned to the motor vehicle by the Commissioner of Motor Vehicles and any distinguishing marks;

2. Set forth the location of the facility where the motor vehicle is being held and the location where the motor vehicle was taken into custody and possession;

3. Inform the owner and any lienholders of record of their right to reclaim the motor vehicle within ten days after the date notice was received by the owner or lienholders, upon payment of all towing, preservation and storage charges resulting from taking and placing the motor vehicle into custody and possession; and

4. State that the failure of the owner or lienholders of record to exercise their right to reclaim the motor vehicle within the ten-day period shall be deemed a waiver by the owner and all lienholders of record of all right, title and interest in the motor vehicle and of their consent to the sale or disposal of the abandoned motor vehicle or junked motor vehicle at a public auction or to a licensed salvage yard or demolisher.

(b) If the identity of the last registered owner of the abandoned motor vehicle or junked motor vehicle cannot be
33 determined or if the certificate of registration or certificate of
title contains no address for the owner or if it is impossible to
determine with reasonable certainty the identity and
addresses of all lienholders, notice shall be published as a
Class I legal advertisement in compliance with the provisions
of article three, chapter fifty-nine of this code, the publication
area shall be the county wherein the motor vehicle was
located at the time the enforcement agency took custody and
possession thereof and the notice shall be sufficient to meet
all requirements of notice pursuant to this article. Any notice
by publication may contain multiple listings of abandoned
motor vehicles and junked motor vehicles. The notice shall
be published within fifteen days after the motor vehicle is
taken into custody and possession and shall have the same
contents required for a notice pursuant to subsection (a) of
this section, except that the ten-day period shall run from the
date the notice is published as aforesaid.

50 (c) An enforcement agency which hires any person or
entity to take into custody and possession an abandoned
motor vehicle or junked motor vehicle pursuant to this
section shall notify the person or entity hired of the name and
address of the registered owner of the motor vehicle, if
known, and all lienholders of record, if any, within fifteen
days after the vehicle is taken into custody and possession:
Provided, That the requirements of this subsection shall not
apply to motor vehicles for which the registered owner
cannot be ascertained by due diligence or investigation.

(d) The person or entity hired by an enforcement agency
to take into custody or possession an abandoned motor
vehicle or junked motor vehicle shall, within thirty days after
the possession, notify the registered owner of the vehicle and
all lienholders of record, if any, as identified by the
enforcement agency pursuant to subsection (c) of this section,
by registered mail, return receipt requested, that the motor
vehicle has been taken into custody and possession. The notice shall have the same contents required for a notice pursuant to subsection (a) of this section, including the ten-day period the owner or lienholder has to reclaim the motor vehicle. Upon the issuance of the notice, the identified owner of the motor vehicle is liable and responsible for all costs for towing, preservation and storage of the motor vehicle: Provided, That failure to issue the notice required by this subsection within thirty days after possession of the motor vehicle relieves the identified owner of the motor vehicle of any liability for charges for towing, preservation and storage in excess of the sum of the first five days of the charges: Provided, however, That the requirements of this subsection do not apply to motor vehicles for which the registered owner thereof cannot be ascertained by due diligence or investigation.

(e) For an abandoned motor vehicle or junked vehicle having a loan value of $7,500 or less, as ascertained by values placed upon motor vehicles using a standard industry reference book, a person or entity hired by an enforcement agency to tow the abandoned motor vehicle or junked motor vehicle may, if the motor vehicle is not claimed by the owner or a lienholder after notice within the time set forth in subsection (d) of this section or if the identity of the last registered owner of the abandoned motor vehicle or junked motor vehicle cannot be determined or if the certificate of registration or certificate of title contains no address of the owner or if it is impossible to determine with reasonable certainty the identity and address of all lienholders after publication as set forth in subsection (b) of this section, file an application with the Division of Motor Vehicles for a certificate of title and registration which, upon payment of the appropriate fees, shall be issued. The person or entity may then sell the motor vehicle at private sale or public auction.
(f) For an abandoned motor or junked motor vehicle having a loan value of $7,500 or less, as ascertained by values placed upon motor vehicles using a standard industry reference book, a licensed motor vehicle dealer, as defined in section one, article one, chapter seventeen-a of this code, a motor vehicle repair facility or a towing company registered with the Public Service Commission pursuant to section two-a, article two, chapter twenty-four-a of this code may, if a motor vehicle is abandoned on the property or place of business of the dealer or a motor vehicle repair facility or towing company and is not claimed by the owner or a lienholder after notice within the time set forth in subsection (d) of this section or if the identity of the last registered owner of the abandoned motor vehicle cannot be determined or if the certificate of registration or certificate of title contains no address of the owner or if it is impossible to determine with reasonable certainty the identity and address of all lienholders after publication as set forth in subsection (b) of this section, file an application with the Division of Motor Vehicles for a certificate of title and registration which, upon payment of the appropriate fees, shall be issued. The dealer or motor vehicle repair facility or towing company may then sell the motor vehicle at private sale or public auction.

CHAPTER 125

(S. B. 30 - By Senators Beach and Klempa)

[Passed February 21, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 1, 2012.]

AN ACT to amend and reenact §17A-4-10 of the Code of West Virginia, 1931, as amended, relating to vehicles scraped, compressed, dismantled or destroyed; providing an additional means to notify the division; prescribing form; extending time period for a person to surrender title; and providing for the use of additional brands used by other jurisdictions that are consistent with the National Motor Vehicle Title Information System.

Be it enacted by the Legislature of West Virginia:

That §17A-4-10 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 4. TRANSFERS OF TITLE OR INTEREST.

§17A-4-10. Salvage certificates for certain wrecked or damaged vehicles; fee; penalty.

(a) In the event a motor vehicle is determined to be a total loss or otherwise designated as totaled by an insurance company or insurer, and upon payment of a total loss claim to an insured or claimant owner for the purchase of the vehicle, the insurance company or the insurer, as a condition of the payment, shall require the owner to surrender the certificate of title: Provided, That an insured or claimant owner may choose to retain physical possession and ownership of a total loss vehicle. If the vehicle owner chooses to retain the vehicle and the vehicle has not been determined to be a cosmetic total loss in accordance with subsection (d) of this section, the insurance company or insurer shall also require the owner to surrender the vehicle registration certificate. The term “total loss” means a motor vehicle which has sustained damages equivalent to seventy-five percent or more of the market value as determined by a nationally accepted used car value guide or meets the definition of a flood-damaged vehicle as defined in this section.

(b) The insurance company or insurer shall, prior to the payment of the total loss claim, determine if the vehicle is repairable, cosmetically damaged or nonrepairable. Within ten days of payment of the total loss claim, the insurance company or insurer shall surrender the certificate of title, a copy of the claim settlement, a completed application on a form prescribed by the commissioner and the registration certificate if the owner has chosen to keep the vehicle to the Division of Motor Vehicles.

(c) If the insurance company or insurer determines that the vehicle is repairable, the division shall issue a salvage
certificate, on a form prescribed by the commissioner, in the name of the insurance company, the insurer or the vehicle owner if the owner has chosen to retain the vehicle. The certificate shall contain, on the reverse, spaces for one successive assignment before a new certificate at an additional fee is required. Upon the sale of the vehicle, the insurance company, insurer or vehicle owner if the owner has chosen to retain the vehicle, shall complete the assignment of ownership on the salvage certificate and deliver it to the purchaser. The vehicle may not be titled or registered for operation on the streets or highways of this state unless there is compliance with subsection (g) of this section. The division shall charge a fee of $15 for each salvage title issued.

(d) If the insurance company or insurer determines the damage to a totaled vehicle is exclusively cosmetic and no repair is necessary in order to legally and safely operate the motor vehicle on the roads and highways of this state, the insurance company or insurer shall, upon payment of the claim, submit the certificate of title to the division. Neither the insurance company nor the division may require the vehicle owner to surrender the registration certificate in the event of a cosmetic total loss settlement.

(1) The division shall, without further inspection, issue a title branded “cosmetic total loss” to the insured or claimant owner if the insured or claimant owner wishes to retain possession of the vehicle, in lieu of a salvage certificate. The division shall charge a fee of $5 for each cosmetic total loss title issued. The terms “cosmetically damaged” and “cosmetic total loss” do not include any vehicle which has been damaged by flood or fire. The designation “cosmetic total loss” on a title may not be removed.

(2) If the insured or claimant owner elects not to take possession of the vehicle and the insurance company or
insurer retains possession, the division shall issue a cosmetic total loss salvage certificate to the insurance company or insurer. The division shall charge a fee of $15 for each cosmetic total loss salvage certificate issued. The division shall, upon surrender of the cosmetic total loss salvage certificate issued under the provisions of this paragraph and payment of the five percent motor vehicle sales tax on the fair market value of the vehicle as determined by the commissioner, issue a title branded “cosmetic total loss” without further inspection.

(e) If the insurance company or insurer determines that the damage to a totaled vehicle renders it nonrepairable, incapable of safe operation for use on roads and highways and as having no resale value except as a source of parts or scrap, the insurance company or vehicle owner shall, in the manner prescribed by the commissioner, request that the division issue a nonrepairable motor vehicle certificate in lieu of a salvage certificate. The division shall issue a nonrepairable motor vehicle certificate without charge.

(f) Any owner who scraps, compresses, dismantles or destroys a vehicle without further transfer or sale for which a certificate of title, nonrepairable motor vehicle certificate or salvage certificate has been issued shall, within forty-five days, surrender the certificate of title, nonrepairable motor vehicle certificate or salvage certificate to the division for cancellation.

(g) Any person who purchases or acquires a vehicle as salvage or scrap, to be dismantled, compressed or destroyed, shall, within forty-five days, surrender to the division the certificate of title, nonrepairable motor vehicle certificate, salvage certificate or a statement of cancellation signed by the seller, on a form prescribed by the commissioner. Subsequent purchasers of salvage or scrap are not required to comply with the notification requirement.
(h) If the motor vehicle is a “reconstructed vehicle” as defined in this section or section one, article one of this chapter, it may not be titled or registered for operation until it has been inspected by an official state inspection station and by the Division of Motor Vehicles. Following an approved inspection, an application for a new certificate of title may be submitted to the division. The applicant is required to retain all receipts for component parts, equipment and materials used in the reconstruction. The salvage certificate shall also be surrendered to the division before a certificate of title may be issued with the appropriate brand.

(i) The owner or title holder of a motor vehicle titled in this state which has previously been branded in this state or another state as salvage, reconstructed, cosmetic total loss, cosmetic total loss salvage, flood, fire, an equivalent term under another state's laws or a term consistent with the intent of the National Motor Vehicle Title Information System established pursuant to 49 U. S. C.§30502 shall, upon becoming aware of the brand, apply for and receive a title from the Division of Motor Vehicles on which the brand “reconstructed”, “salvage”, “cosmetic total loss”, “cosmetic total loss salvage”, “flood”, “fire” or other brand is shown. The division shall charge a fee of $5 for each title so issued.

(j) If application is made for title to a motor vehicle, the title to which has previously been branded reconstructed, salvage, cosmetic total loss, cosmetic total loss salvage, flood, fire or other brand by the Division of Motor Vehicles under this section and said application is accompanied by a title from another state which does not carry the brand, the division shall, before issuing the title, affix the brand “reconstructed”, “cosmetic total loss”, “cosmetic total loss salvage”, “flood”, “fire” or other brand to the title. The motor vehicle sales tax paid on a motor vehicle titled as reconstructed, cosmetic total loss, flood, fire or other brand under the provisions of this section shall be based on fifty
percent of the fair market value of the vehicle as determined
by a nationally accepted used car value guide to be used by
the commissioner.

(k) The division shall charge a fee of $15 for the issuance
of each salvage certificate or cosmetic total loss salvage
certificate but shall not require the payment of the five
percent motor vehicle sales tax. However, upon application
for a certificate of title for a reconstructed, cosmetic total
loss, flood or fire damaged vehicle or other brand, the
division shall collect the five percent privilege tax on the fair
market value of the vehicle as determined by the
commissioner unless the applicant is otherwise exempt from
the payment of such privilege tax. A wrecker/dismantler/
rebuilder, licensed by the division, is exempt from the
payment of the five percent privilege tax upon titling a
reconstructed vehicle. The division shall collect a fee of $35
per vehicle for inspections of reconstructed vehicles. These
fees shall be deposited in a special fund created in the State
Treasurer's Office and may be expended by the division to
carry out the provisions of this article: Provided, That on and
after July 1, 2007, any balance in the special fund and all fees
collected pursuant to this section shall be deposited in the
State Road Fund. Licensed wreckers/dismantlers/rebuilders
may charge a fee not to exceed $25 for all vehicles owned by
private rebuilders which are inspected at the place of business
of a wrecker/dismantler/rebuilder.

(l) As used in this section:

(1) “Reconstructed vehicle” means the vehicle was
totaled under the provisions of this section or by the
provisions of another state or jurisdiction and has been rebuilt
in accordance with the provisions of this section or in
accordance with the provisions of another state or jurisdiction
or meets the provisions of subsection (m), section one, article
one of this chapter.
(2) “Flood-damaged vehicle” means that the vehicle was submerged in water to the extent that water entered the passenger or trunk compartment.

(3) “Other brand” means a brand consistent with the intent of the National Motor Vehicle Title Information System established pursuant to 49 U. S. C. §30502 and rules promulgated by the United States Department of Justice to alert consumers, motor vehicle dealers or the insurance industry of the history of a vehicle.

(m) Every vehicle owner shall comply with the branding requirements for a totaled vehicle whether or not the owner receives an insurance claim settlement for a totaled vehicle.

(n) A certificate of title issued by the division for a reconstructed vehicle shall contain markings in bold print on the face of the title that it is for a reconstructed, flood- or fire-damaged vehicle.

(o) Any person who knowingly provides false or fraudulent information to the division that is required by this section in an application for a title, a cosmetic total loss title, a reconstructed vehicle title or a salvage certificate or who knowingly fails to disclose to the division information required by this section to be included in the application or who otherwise violates the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall for each incident be fined not less than $1,000 nor more than $2,500, or imprisoned in jail for not more than one year, or both fined and imprisoned.

AN ACT to amend and reenact §17C-13A-3 of the Code of West Virginia, 1931, as amended, relating to Diesel-Powered Motor Vehicle Idling Act; and removing the expiration date for occupied vehicles with sleeper-berth compartments.

Be it enacted by the Legislature of West Virginia:
That §17C-13A-3 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 13A. DIESEL-POWERED MOTOR VEHICLE IDLING ACT.

§17C-13A-3. Exceptions.

(a) The idling restrictions set forth in section two of this article do not apply to motor homes, commercial implements of husbandry, implements of husbandry or farm tractors.

(b) The idling restrictions set forth in section two of this article do not apply to construction equipment that cannot be licensed for on-road driving or construction equipment that is not designed primarily for on-road driving, notwithstanding that such equipment may be operated or driven on road from time to time and in the course of performing its primary functions: Provided, That idling is necessary to power work-related mechanical, safety or electrical operations related to construction operations other than propulsion.

(c) A diesel-powered motor vehicle with a gross weight of ten thousand one pounds or more may idle beyond the time allowed in subsection (a) for one or more of the following reasons:

(1) When a vehicle idles while forced to remain motionless because of on-highway traffic, an official traffic control device or signal or at the direction of a law-enforcement official.

(2) When a vehicle must idle to operate defrosters, heaters, air conditioners or cargo refrigeration equipment, or to install equipment, in order to prevent a safety or health emergency, and not for the purpose of a rest period, or as
otherwise necessary to comply with manufacturers’ operating
requirements, specifications and warranties in accordance
with federal or state motor carrier safety regulations or local
requirements.

(3) When a police, fire, ambulance, public safety,
military, utility service vehicle or other emergency or law-
enforcement vehicle or any vehicle being used in an
emergency or public safety capacity shall idle while in an
emergency or training mode and not for the convenience of
the driver.

(4) When the primary propulsion engine idles for
maintenance, particulate matter trap regeneration, servicing
or repair of the vehicle, or for vehicle diagnostic purposes, if
idling is required for that activity.

(5) When a vehicle idles as part of a federal or state
inspection to verify that all equipment is in good working
order, if idling is required as part of the inspection.

(6) When idling of a primary propulsion engine is
necessary to power work-related mechanical, safety or
electrical operations other than propulsion. This exemption
does not apply when idling is done for cabin comfort or to
operate nonessential onboard equipment.

(7) When idling of a primary propulsion engine is
necessary as part of a security inspection either entering or
exiting a facility.

(8) When an armored vehicle must idle when a person
remains inside the vehicle to guard contents or while the
vehicle is being loaded or unloaded.

(9) When a vehicle must idle due to mechanical
difficulties over which the driver has no control, if the vehicle
(10) When a bus or school bus must idle to provide heating or air conditioning when nondriver passengers are onboard. For the purposes of this exemption, the bus or school bus may idle for no more than a total of fifteen minutes in a continuous sixty-minute period, except when idling is necessary to maintain a safe temperature for bus passengers.

(11) An occupied vehicle with a sleeper-berth compartment that idles for purposes of air conditioning or heating during a rest or sleep period and the outside temperature at the location of the vehicle is less than forty degrees or greater than seventy-five degrees Fahrenheit at any time during the rest or sleep period. This applies to a motor vehicle subject to this article parked in any place that the vehicle is legally permitted to park, including, but not limited to, a fleet trucking terminal, commercial truck stop or designed rest area. This exemption does not apply if the vehicle is parked at a location equipped with stationary idle reduction technology that is available for use at the start of the rest period.

(12) When idling is necessary for sampling, weighing, active loading or active unloading or for an attended motor vehicle waiting for sampling, weighing, loading or unloading. For the purposes of this exemption, the vehicle may idle for up to a total of fifteen minutes in any continuous sixty-minute period.

(13) When idling by a school bus off school grounds during queuing for the sequential discharge or pickup of students is necessary because the physical configuration of a school or the school’s surrounding streets does not allow for stopping.
(14) When idling is necessary for maintaining safe operating conditions while waiting for a police escort when transporting a load that requires the issuance of a permit in accordance with section eleven, article seventeen of this chapter.

(15) When actively engaged in solid waste collection or the collection of source-separated recyclable materials. This exemption does not apply when a vehicle is not actively engaged in solid waste collection or the collection of source-separated recyclable materials.

(16) When a diesel-powered motor vehicle exhibits a label issued by the California Air Resources Board under 13 CCR §1956.8(a)(6)(C) (relating to exhaust emissions standards and test procedures - 1985 and subsequent model heavy-duty engines and vehicles) showing that the vehicle’s engine meets the optional NOx idling emission standard.

installed sun-screening devices from state standards; and prohibiting unmarked law-enforcement vehicles with sun-screening exemption from making routine traffic stops.

*Be it enacted by the Legislature of West Virginia:*

That §17C-15-36a of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

**ARTICLE 15. EQUIPMENT.**

(a) No person may operate a motor vehicle that is registered or required to be registered in the state on any public highway, road or street that has a sun-screening device on the windshield, the front side wings and side windows adjacent to the right and left of the driver and windows adjacent to the rear of the driver that do not meet the requirements of this section: Provided, That law-enforcement K-9 and other emergency vehicles that are designed to haul animals, unmarked law-enforcement vehicles primarily used for covert or undercover enforcement and automobiles that have sun-screening devices installed at the factory by the manufacturer are exempt from this requirement. No unmarked law-enforcement vehicle, herein exempted, may engage in routine traffic stops.

(b) A sun-screening device when used in conjunction with the windshield must be nonreflective and may not be red, yellow or amber in color. A sun-screening device may be used only along the top of the windshield and may not extend downward beyond the ASI line or more than five inches from the top of the windshield whichever is closer to the top of the windshield.
(c) A sun-screening device when used in conjunction with the automotive safety glazing materials of the side wings or side windows located at the immediate right and left of the driver shall be a nonreflective type with reflectivity of not more than twenty percent and have a light transmission of not less than thirty-five percent. The side windows behind the driver and the rear most windows may have a sun-screening device that is designed to be used on automotive safety glazing materials that has a light transmission of not less than thirty-five percent and a reflectivity of not more than twenty percent. If a sun-screening device is used on glazing behind the driver, one right and one left outside rear view mirror is required.

(d) Each manufacturer shall:

(1) Certify to the West Virginia State Police and Division of Motor Vehicles that a sun-screening device used by it is in compliance with the reflectivity and transmittance requirements of this section;

(2) Provide a label not to exceed one and one-half square inches in size, with a means for the permanent and legible installations between the sun-screening material and each glazing surface to which it is applied that contains the manufacturer’s name and its percentage of light transmission; and

(3) Include instructions with the product or material for proper installation, including the affixing of the label specified in this section. The labeling or marking must be placed in the left lower corner of each glazing surface when facing the vehicle from the outside.

(e) No person may:
(1) Offer for sale or for use any sun-screening product or material for motor vehicle use not in compliance with this section; or

(2) Install any sun-screening product or material on vehicles intended for use on public roads without permanently affixing the label specified in this section.

(f) The provisions of this section do not apply to a motor vehicle registered in this state in the name of a person, or the person’s legal guardian, who has an affidavit signed by a physician or an optometrist licensed to practice in this state that states that the person has a physical condition that makes it necessary to equip the motor vehicle with sun-screening material which would be of a light transmittance or luminous reflectance in violation of this section. The affidavit must be in the possession of the person so afflicted, or the person’s legal guardian, at all times while being transported in the motor vehicle.

(g) The light transmittance requirement of this section does not apply to windows behind the driver on trucks, buses, trailers, mobile homes and multipurpose passenger vehicles.

(h) As used in this section:

(1) “Bus” means a motor vehicle with motive power, except a trailer, designed for carrying more than ten persons.

(2) “Light transmission” means the ratio of the amount of total light to pass through a product or material to the amount of the total light falling on the product or material.

(3) “Luminous reflectants” means the ratio of the amount of total light that is reflected outward by the product or material to the amount of the total light falling on the product or materials.
(4) “Manufacturer” means any person engaged in the manufacturing or assembling of sun-screening products or materials designed to be used in conjunction with vehicle glazing materials for the purpose of reducing the effects of the sun.

(5) “Motor homes” means vehicular units designed to provide temporary living quarters built into and an integral part of or permanently attached to a self-propelled motor vehicle chassis.

(6) “Multipurpose passenger vehicle” means a motor vehicle with motive power, except a trailer, designed to carry ten persons or less which is constructed either on a truck chassis or with special features for occasional off-road operation.

(7) “Nonreflective” means a product or material designed to absorb light rather than to reflect it.

(8) “Passenger car” means a motor vehicle with motive power, except a multipurpose passenger vehicle, motorcycle or trailer, designed for carrying ten persons or less.

(9) “Sun-screening device” means film material or device that is designed to be used in conjunction with motor vehicle safety glazing materials for reducing the effects of the sun.

(10) “Truck” means a motor vehicle with motive power, except a trailer, designed primarily for the transportation of property or special purpose equipment.

(i) Any person violating the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $200.

County officers may set a fee to be added to each transaction equal to the charge paid by the county officers for the use of the credit or check card by the payor: Provided, That the county officer is required to obtain three bids and use the lowest qualified bid received: Provided, however, That if a county officer has obtained credit card services, another county officer may be added to that service without receiving bids for that service. The county officer shall disclose the amount of the fee to the payor prior to the transaction and no other fees for the use of a credit or check card may be imposed upon the payor. Ch. 129] MUNICIPALITIES

5 hundred eighty days of the judgment, the municipal court clerk or, upon a judgment rendered on appeal, the circuit clerk shall notify the Division of Motor Vehicles of the failure to pay: Provided, That notwithstanding any other provision of this code to the contrary, for residents of this state, the municipal court shall wait at least ninety days from the date that all costs, fines, forfeitures or penalties are due in full before notifying the Division of Motor Vehicles thereof: Provided, however, That at the time the judgment is imposed, the judge shall provide the person with written notice that failure to pay the same as ordered may result in the withholding of any income tax refund due the licensee and shall result in the suspension of the person’s license or privilege to operate a motor vehicle in this state and that the suspension could result in the cancellation of, the failure to renew or the failure to issue an automobile insurance policy providing coverage for the person or the person’s family: Provided further, That the failure of the judge to provide notice does not affect the validity of any suspension of the person’s license or privilege to operate a motor vehicle in this state. For purposes of this section, payment shall be stayed during any period an appeal from the conviction which resulted in the imposition of costs, fines, forfeitures or penalties is pending.

Upon notice, the Division of Motor Vehicles shall suspend the person’s driver’s license or privilege to operate a motor vehicle in this state until such time that the costs, fines, forfeitures or penalties are paid.

(b) Notwithstanding the provisions of this section to the contrary, the notice of the failure to pay costs, fines, forfeitures or penalties may not be given where the municipal court, upon application of the person upon whom the costs, fines, forfeitures or penalties were imposed filed prior to the expiration of the period within which these are required to be paid, enters an order finding that the person is financially
unable to pay all or a portion of the costs, fines, forfeitures or penalties: Provided, That where the municipal court, upon finding that the person is financially unable to pay a portion of the costs, fines, forfeitures or penalties, requires the person to pay the remaining portion, the municipal court shall notify the Division of Motor Vehicles of the person’s failure to pay if not paid within the period of time ordered by the court.

(c) If a person charged with a criminal offense fails to appear or otherwise respond in court, the municipal court clerk shall notify the Division of Motor Vehicles of the failure to appear: Provided, That notwithstanding any other provision of this code to the contrary, for residents of this state, the municipal court clerk shall wait at least ninety days from the date of the person’s failure to appear or otherwise respond before notifying the Division of Motor Vehicles thereof. Upon notice, the Division of Motor Vehicles shall suspend the person’s driver’s license or privilege to operate a motor vehicle in this state until such time that the person appears as required.

(d) On and after July 1, 2008, if the licensee fails to respond to the Division of Motor Vehicles order of suspension within ninety days of receipt of the certified letter, the municipal court of original jurisdiction shall notify the Tax Commissioner that the licensee has failed to pay the costs, fines, forfeitures or penalties assessed by the court or has failed to respond to the citation. The notice provided by the municipal court to the Tax Commissioner must include the licensee’s Social Security number. The Tax Commissioner, or his or her designee, shall withhold from any personal income tax refund due and owing to a licensee the costs, fines, forfeitures or penalties due to the municipality, the Tax Commissioner’s administration fee for the withholding and any and all fees that the municipal court would have collected had the licensee appeared: Provided, That the Tax Commissioner’s administration fee may not
Provided, however, That the Tax Commissioner may change this maximum amount limitation for this fee for fiscal years beginning on or after July 1, 2008, by legislative rule promulgated in accordance with the provisions of article three, chapter twenty-nine-a of this code: Provided further, That the administrative fees deducted shall be deposited in the special revolving fund hereby created in the State Treasury, which shall be designated as the Municipal Fines and Fees Collection Fund, and the Tax Commissioner shall make such expenditures from the fund as he or she deems appropriate for the administration of this subsection. After the costs, fines, forfeitures or penalties are withheld, the Tax Commissioner shall refund any remaining balance due the licensee. If the refund is not sufficient to cover all the costs, fines, forfeitures or penalties being withheld pursuant to this section, the Tax Commissioner’s administration fee shall be retained by the Tax Commissioner and the remaining money withheld shall be remitted by the Tax Commissioner to the municipality. The municipality shall then allocate the money so remitted to the municipality in the following manner: (1) Any costs, fines, forfeitures or penalties due to the municipality; (2) seventy-five percent of the remaining balance shall be paid to the appropriate Regional Jail Authority Fund; (3) fifteen percent of the remaining balance shall be paid to the Crime Victims Compensation Fund; (4) six percent of the remaining balance shall be paid into the Community Corrections Fund; and (5) the final four percent
shall be paid to the Governor’s subcommittee on law-enforcement training. When the costs, fines, forfeitures or penalties exceed the licensee’s income tax refund, the Tax Commissioner shall withhold the remaining balance in subsequent years until such time as the costs, fines, forfeitures or penalties owed are paid in full. The Tax Commissioner shall remit the moneys that he or she collects to the appropriate municipality no later than July 1, of each year. If the municipal court or the municipality subsequently determines that any such costs, fines, forfeitures or penalties were erroneously imposed, the municipality shall promptly notify the Tax Commissioner. If the refunds have not been withheld and remitted, the Tax Commissioner may not withhold and remit payment to the municipality and shall so inform the municipality. If the refunds have already been withheld and remitted to the municipality, the Tax Commissioner shall so inform the municipality. In either event, all refunds for erroneously imposed costs, fines, forfeitures or penalties shall be made by the municipality and not by the Tax Commissioner.

(e) Rules and effective date. -- The Tax Commissioner may promulgate such rules as may be useful or necessary to carry out the purpose of this section and to implement the intent of the Legislature, to be effective on July 1, 2008. Rules shall be promulgated in accordance with the provisions of article three, chapter twenty-nine-a of this code.

(f) On or before July 1, 2005, the municipal court may elect to reissue notice as provided in subsections (a) and (c) of this section to the Division of Motor Vehicles for persons who remain noncompliant: Provided, That the person was convicted or failed to appear on or after January 1, 1993. If the original notification cannot be located, the Division of Motor Vehicles shall accept an additional or duplicate notice from the municipal court clerk.
ARTICLE 13. TAXATION AND FINANCE.

Unless otherwise provided, it shall be the duty of the treasurer of the municipality or other individual who may be designated by general law, by charter provisions or by the governing body, to collect and promptly pay into the municipal treasury all taxes, fines, special assessments or other moneys due the municipality. All such taxes, fines, special assessments (except assessments for permanent or semipermanent public improvements) and other moneys due the municipality are hereby declared to be debts owing to the municipality, for which the debtor shall be personally liable, and the treasurer, or other individual so designated, may enforce this liability by appropriate civil action in any court of competent jurisdiction, and is hereby vested with the same rights to distrain for the same as is vested in the sheriff for the collection of taxes. Such treasurer or other individual shall give a bond, conditioned according to law, in such penalty and with such security as the governing body may require: Provided. That nothing in this article shall prohibit the payment of taxes, fines, special assessments or other moneys due the municipality by credit or check card. The municipality or municipal court may set a fee to be added to each transaction equal to the charge paid by the municipality for the use of the credit or check card by the debtor: Provided, however, That the municipality is required to obtain three bids and use the lowest qualified bid received. Provided, further, That if a municipality has obtained credit card services, the municipal court may be added to that service without receiving bids for that service. The municipality or municipal court shall disclose the amount of the fee to the debtor prior to the transaction and no other fees for the use of a credit or check card may be imposed upon the debtor. Acceptance of a credit or check card as a form of payment shall be in accordance with the rules and
requirements set forth by the credit or check card provider. Allowing for the collection of these funds by credit or check card shall be at the discretion of the municipality or municipal court.

CHAPTER 50. MAGISTRATE COURTS.

ARTICLE 3. COSTS, FINES AND RECORDS.

§50-3-2a. Payment by credit card or payment plan; suspension of licenses for failure to make payments or appear or respond; restitution; liens.

(a) A magistrate court may accept credit cards in payment of all costs, fines, fees, forfeitures, restitution or penalties in accordance with rules promulgated by the Supreme Court of Appeals. Any charges made by the credit company shall be paid by the person responsible for paying the cost, fine, forfeiture or penalty.

(b) Unless otherwise required by law, a magistrate court may collect a portion of any costs, fines, fees, forfeitures, restitution or penalties at the time the amount is imposed by the court so long as the court requires the balance to be paid in accordance with a payment plan which specifies: (1) The number of payments to be made; (2) the dates on which the payments are due; and (3) the amounts due for each payment. The written agreement represents the minimum payments and the last date those payments may be made. The obligor or the obligor’s agent may accelerate the payment schedule at any time by paying any additional portion of any costs, fines, fees, forfeitures, restitution or penalties.

(c) (1) If any costs, fines, fees, forfeitures, restitution or penalties imposed by the magistrate court in a criminal case are not paid within one hundred eighty days from the date of judgment and the expiration of any stay of execution, the
that in a criminal case in which a nonresident of this state is
convicted of a motor vehicle violation defined in section
three-a, article three, chapter seventeen-b of this code, the
appropriate clerk shall notify the Division of Motor Vehicles
of the failure to pay within eighty days from the date of
judgment and expiration of any stay of execution. Upon
notice, the Division of Motor Vehicles shall suspend any
privilege the person defaulting on payment may have to
operate a motor vehicle in this state, including any driver’s
license issued to the person by the Division of Motor
Vehicles, until all costs, fines, fees, forfeitures, restitution or
penalties are paid in full. The suspension shall be imposed in
accordance with the provisions of section six, article three,
chapter seventeen-b of this code: Provided, That any person
who has had his or her license to operate a motor vehicle in
this state suspended pursuant to this subsection and his or her
failure to pay is based upon inability to pay, may, if he or she
is employed on a full- or part-time basis, petition to the
circuit court for an order authorizing him or her to operate a
motor vehicle solely for employment purposes. Upon a
showing satisfactory to the court of inability to pay, employment and compliance with other applicable motor
vehicle laws, the court shall issue an order granting relief.

(2) In addition to the provisions of subdivision (1) of this
subsection, if any costs, fines, fees, forfeitures, restitution or
penalties imposed or ordered by the magistrate court for a
hunting violation described in chapter twenty of this code are
not paid within one hundred eighty days from the date of
judgment and the expiration of any stay of execution, the
magistrate court clerk or, upon a judgment rendered on
appeal, the circuit clerk shall notify the Director of the
Division of Natural Resources of the failure to pay. Upon
notice, the Director of the Division of Natural Resources
shall suspend any privilege the person failing to appear or
otherwise respond may have to hunt in this state, including any hunting license issued to the person by the Division of Natural Resources, until all the costs, fines, fees, forfeitures, restitution or penalties are paid in full.

(3) In addition to the provisions of subdivision (1) of this subsection, if any costs, fines, fees, forfeitures, restitution imposed or ordered by the magistrate court for a fishing violation described in chapter twenty of this code are not paid within one hundred eighty days from the date of judgment and the expiration of any stay of execution, the magistrate court clerk or, upon a judgment rendered on appeal, the circuit clerk shall notify the Director of the Division of Natural Resources of the failure to pay. CHAPTER 141

(Com. Sub. for H. B. 4037 - By Delegates Iaquinta, Longstreth, Fleischauer, Jones, Stephens, Walker and Azinger)

[Passed March 1, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 9, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto two new sections, designated §30-1-6a and §30-1-6b, all relating to the professional and occupational licensure and registration of former and current members of the armed forces of the United States; providing legislative findings and declarations; requiring consideration and appropriate acceptance of military education, training and experience for qualification for professional licensure;
providing rule-making authority for licensing or registration boards; providing exceptions; and requiring the extension of licenses and the waiver of certain requirements for licenses or registration of certain persons and accompanying spouses on active duty in the armed forces of the United States.

_Be it enacted by the Legislature of West Virginia:_

That the Code of West Virginia, 1931, as amended, be amended by adding thereto two new sections, designated §30-1-6a and §30-1-6b, all to read as follows:

**ARTICLE 1. GENERAL PROVISIONS APPLICABLE TO ALL STATE BOARDS OF EXAMINATION OR REGISTRATION REFERRED TO IN CHAPTER.**

§30-1-6a. Legislative findings and declarations; consideration of military education, training and experience for licensure or registration, generally; rule of construction.

(a) The Legislature finds that:

1. (1) Many current and former members of the United States Armed Forces have acquired extensive academic, professional and occupational training and experience in various professions and occupations while serving in the Armed Forces.

2. (2) In many instances, that level of academic education, training and experience may be comparable to, or may exceed, what is required in this state to register for examination, or qualify for licensure, certification or registration for a similar or related occupation or profession.

3. (3) Armed forces service members often leave the military with documented training, education and experience
which may be sufficient for application toward the
requirements in this state to register for examination, or
qualify for licensure, certification or registration in a
comparable profession or occupation.

(4) Armed forces members who are separating from
service are frequently delayed getting post-service
employment even though they have applicable military
education, training and experience which can qualify them
for professional license, certifications or registration.

(5) Military veterans have expended and sacrificed a
significant portion of their most productive earning potential
and working years to the service of their country; however,
reported unemployment rates of veterans are higher than
national averages, and accordingly, military veterans should
be given the opportunity to take advantage of their military
education, experience and training, as appropriate, toward
pursuing a career in many of the professions and occupations
identified in this chapter.

(6) The state may be experiencing a shortage of qualified
candidates for licensure, certification or registration for these
various professions and occupations. Therefore, it is in the
public interest of this state to accommodate and attract
persons with the appropriate military education, training and
experience, to apply for licensure, certification or registration
in a profession or occupation in West Virginia.

(7) The boards in this chapter have the particular
expertise necessary to evaluate and determine what military
education, training and experience is adequate, acceptable
and appropriate to be applied toward the qualifications for
licensure, certification or registration and whether it is
necessary that the competency of those persons be
determined and evaluated by examination before they are so
licensed, certified or registered.
(b) Except as provided in subsection (d) of this section, and notwithstanding any law to the contrary, all boards referred to in this chapter shall, upon presentation of satisfactory evidence by an applicant for licensure, certification or registration, accept education, training or experience of an individual as a member of the Armed Forces or Reserves of the United States, the National Guard of any state, or the military reserves of any state, as part of the evaluation process toward the qualifications to receive, or take examination for, that respective professional license, certification, or registration.

(c) Boards referred to in this chapter may propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code as are necessary to implement the provisions of this section. The proposed rules shall establish criteria or requirements for military education, training and experience that qualify the applicant to take an examination for licensure, certification or registration or for a waiver of any examination requirement to be licensed, certified or registered.

(d) The provisions of this section do not apply to the boards referred to in this chapter whose license, certification or registration requirements are subject to the provisions of article twenty-four of this chapter.

(e) This section shall be liberally construed to effectuate its purpose in the light of these findings and declarations.

§30-1-6b. Licensure, certification or registration of persons and spouses of persons on military active duty outside this state; extension of licenses or registration; waiver of certain license, certification or registration requirements.

(a) During periods when the licensee, certificate holder or registrant is on active duty as a member of the Armed Forces
of the United States, the National Guard of this state or any
other state, or any other military reserve component and
deployed outside of this state, and for six months after
discharge from active duty, the license, certification or
registration of a person regulated by a board in this chapter
shall continue in good standing and shall be renewed without
payment of any dues or fees for the maintenance or renewal
of the license, certification or registration, and without
meeting continuing education requirements for the license,
certification or registration, when circumstances associated
with military duty prevent the individual from obtaining the
required continuing education.

(b) The licensee shall submit a waiver request to the
appropriate board, informing the board of circumstances
which include, but are not limited to, deployment outside of
the United States or in any combat area and verify that the
individual performs the licensed, certified or registered
profession or occupation as part of his or her military duties
as annotated in Defense Department Form 214 (DD214).

(c) During periods when the licensee, certificate holder or
registrant is accompanying his or her spouse who is on active
duty as a member of the Armed Forces of the United States,
the National Guard of this state or any other state, or any
other military reserve component and deployed outside of this
state, and for six months after discharge from active duty, the
license, certification or registration of that person regulated
by a board referred to in this chapter, shall continue in good
standing and shall be renewed without payment of any dues
or fees for the maintenance or renewal of the license,
certification or registration, and without meeting continuing
education requirements for the license certification or
registration when circumstances associated with
accompanying a spouse on military duty prevent the
individual from obtaining the required continuing education.
(d) The licensee shall submit a waiver request to the appropriate board informing the board of these circumstances which include, but are not limited to, deployment outside of the United States or in any combat area.

(b) The Joint Standing Committee on Government Organization may only accept an application for regulation of a professional or occupational group or organization, or establishment, revision or expansion of the scope of practice of a regulated profession or occupation, when the party submitting an application files with the committee a statement of support for the proposed regulation which has been signed by at least ten residents or citizens of the State of West Virginia who are members of the professional or occupational group or organization for which regulation is being sought, or for which establishment, revision or expansion of the scope of practice of a regulated profession or occupation is being sought.

(c) The completed application shall contain:

(1) A description of the occupational or professional group or organization for which regulation is proposed, or for which establishment, revision or expansion of the scope of practice of a regulated profession or occupation is proposed, including a list of associations, organizations and other groups currently representing the practitioners in this state, and an estimate of the number of practitioners in each group;

(2) A definition of the problem and the reasons why regulation or establishment, revision or expansion of the scope of practice is necessary;

37 (5) A detailed statement of the location and manner in which the group plans to maintain records which are accessible to the public as set out in this chapter;

38 (6) The benefit to the public that would result from the proposed regulation or establishment, revision or expansion of the scope of practice; and

39 (7) The cost of the proposed regulation or establishment, revision or expansion of the scope of practice.

§30-1A-3. Analysis and evaluation of application.

1 (a) The Joint Committee on Government Organization shall refer the completed application of the professional or occupational group or organization to the Performance Evaluation and Research Division of the Office of the Legislative Auditor.

2 (b) The Performance Evaluation and Research Division of the Office of the Legislative Auditor shall conduct an analysis and evaluation of the application. The analysis and evaluation shall be based upon the criteria listed in subsection (c) of this section. The Performance Evaluation and Research Division of the Office of the Legislative Auditor shall submit a report, and such supporting materials as may be required, to the Joint Standing Committee on Government Organization, as set out in this section.

3 (c) For an application proposing the regulation of an unregulated professional or occupational group or
organization, the report shall include evaluation, analysis and findings as to:

(1) Whether the unregulated practice of the occupation or profession clearly harms or endangers the health, safety or welfare of the public, and whether the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(2) Whether the practice of the profession or occupation requires specialized skill or training which is readily measurable or quantifiable so that examination or training requirements would reasonably assure initial and continuing professional or occupational competence;

(3) Whether the public can be adequately protected by other means in a more cost-effective manner; and

(4) Whether the professional or occupational group or organization should be regulated as proposed in the application.

(d) For an application proposing the establishment, revision or expansion of the scope of practice of a regulated profession or occupation, the report shall include the evaluation, analysis and findings as set forth in subsection (c) of this section inasmuch as applicable, and a clear recommendation as to whether the scope of practice should be established, revised or expanded as proposed in the application.

(f) For an application received after June 1 and on or before December 1, the Performance Evaluation and Research Division of the Office of the Legislative Auditor shall present a report to the Joint Committee on Government Organization by June 30 of the next year.

§30-1A-5. Reapplication requirements.

(a) If the Joint Standing Committee on Government Organization approves an application for regulation of a professional or occupational group or organization, but the legislation incorporating its recommendations does not become law in the year in which it is first introduced, the applicants for regulation may introduce legislation during each of the two successive regular sessions without having to make reapplication.

(b) If the Joint Standing Committee on Government Organization does not approve an application for regulation, establishment, revision or expansion of the scope of practice of a professional or occupational group or organization, any party who continues to propose the regulation, establishment, revision or expansion must reapply in accordance with the provisions of this article.

§30-1A-6. Article construction.

(a) Nothing in this article shall be construed as limiting or interfering with the right of any member of the Legislature to introduce or of the Legislature to consider any bill that would create a new state governmental department or agency or amend the law with respect to an existing one.

(b) Notwithstanding the provisions of subsection (a) of this section, the recommendations of the Joint Standing Committee on Government Organization are to be given
considerable weight in determining if a profession or occupation should be regulated, or if the scope of practice of a regulated profession or occupation should be established, revised or expanded.

CHAPTER 143

(Com. Sub. for S. B. 535 - By Senators Stollings, Foster and Miller)

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §30-3-16 of the Code of West Virginia,1931, as amended; to amend and reenact §30-7-15a of said code; and to amend and reenact §30-14A-1 of said code, all relating to expanding prescriptive authority of advanced practice registered nurses, physician assistants and assistants to osteopathic physicians and surgeons to allow the prescribing of medications for chronic diseases for an annual supply; clarifying that controlled substances are not included and chronic pain management is excluded from chronic diseases; eliminating the exclusion for prescribing anticoagulants for the specific prescribers; and correcting terminology.

Be it enacted by the Legislature of West Virginia:

That §30-3-16 of the Code of West Virginia, 1931, as amended, be amended and reenacted; that §30-7-15a of said code be amended and reenacted; and that §30-14A-1 of said code be amended and reenacted, all to read as follows:
ARTICLE 3. WEST VIRGINIA MEDICAL PRACTICE ACT.

§30-3-16. Physician assistants; definitions; Board of Medicine rules; annual report; licensure; temporary license; relicensure; job description required; revocation or suspension of licensure; responsibilities of supervising physician; legal responsibility for physician assistants; reporting by health care facilities; identification; limitations on employment and duties; fees; continuing education; unlawful representation of physician assistant as a physician; criminal penalties.

(a) As used in this section:

(1) “Approved program” means an educational program for physician assistants approved and accredited by the Committee on Accreditation of Allied Health Education Programs or its successor;

(2) “Health care facility” means any licensed hospital, nursing home, extended care facility, state health or mental institution, clinic or physician’s office;

(3) “Physician assistant” means an assistant to a physician who is a graduate of an approved program of instruction in primary health care or surgery, has attained a baccalaureate or master’s degree, has passed the national certification examination and is qualified to perform direct patient care services under the supervision of a physician;

(4) “Physician assistant-midwife” means a physician assistant who meets all qualifications set forth under subdivision (3) of this subsection and fulfills the requirements set forth in subsection (d) of this section, is subject to all provisions of this section and assists in the management and care of a woman and her infant during the prenatal, delivery and postnatal periods; and
(5) “Supervising physician” means a doctor or doctors of medicine or podiatry permanently and fully licensed in this state without restriction or limitation who assume legal and supervisory responsibility for the work or training of any physician assistant under his or her supervision.

(b) The board shall promulgate rules pursuant to the provisions of article three, chapter twenty-nine-a of this code governing the extent to which physician assistants may function in this state. The rules shall provide that the physician assistant is limited to the performance of those services for which he or she is trained and that he or she performs only under the supervision and control of a physician permanently licensed in this state but that supervision and control does not require the personal presence of the supervising physician at the place or places where services are rendered if the physician assistant’s normal place of employment is on the premises of the supervising physician. The supervising physician may send the physician assistant off the premises to perform duties under his or her direction but a separate place of work for the physician assistant may not be established. In promulgating the rules, the board shall allow the physician assistant to perform those procedures and examinations and, in the case of certain authorized physician assistants, to prescribe at the direction of his or her supervising physician, in accordance with subsection (r) of this section, those categories of drugs submitted to it in the job description required by this section. Certain authorized physician assistants may pronounce death in accordance with the rules proposed by the board which receive legislative approval. The board shall compile and publish an annual report that includes a list of currently licensed physician assistants and their supervising physician(s) and location in the state.

(c) The board shall license as a physician assistant any person who files an application together with a proposed job description and furnishes satisfactory evidence to it that he or she has met the following standards:
(1) Is a graduate of an approved program of instruction in primary health care or surgery;

(2) Has passed the certifying examination for a primary care physician assistant administered by the National Commission on Certification of Physician Assistants and has maintained certification by that commission so as to be currently certified;

(3) Is of good moral character; and

(4) Has attained a baccalaureate or master’s degree.

(d) The board shall license as a physician assistant-midwife any person who meets the standards set forth under subsection (c) of this section and, in addition thereto, the following standards:

(1) Is a graduate of a school of midwifery accredited by the American College of Nurse-Midwives;

(2) Has passed an examination approved by the board; and

(3) Practices midwifery under the supervision of a board-certified obstetrician, gynecologist or a board-certified family practice physician who routinely practices obstetrics.

e) The board may license as a physician assistant any person who files an application together with a proposed job description and furnishes satisfactory evidence that he or she is of good moral character and meets either of the following standards:

(1) He or she is a graduate of an approved program of instruction in primary health care or surgery prior to July 1, 1994, and has passed the certifying examination for a physician assistant administered by the National Commission on Certification of Physician Assistants and has maintained certification by that commission so as to be currently certified; or
(2) He or she had been certified by the board as a physician assistant then classified as Type B prior to July 1, 1983.

(f) Licensure of an assistant to a physician practicing the specialty of ophthalmology is permitted under this section: Provided, That a physician assistant may not dispense a prescription for a refraction.

(g) When a graduate of an approved program who has successfully passed the National Commission on Certification of Physician Assistants’ certifying examination submits an application to the board for a physician assistant license, accompanied by a job description as referenced by this section, and a $50 temporary license fee, and the application is complete, the board shall issue to that applicant a temporary license allowing that applicant to function as a physician assistant.

(h) When a graduate of an approved program submits an application to the board for a physician assistant license, accompanied by a job description as referenced by this section, and a $50 temporary license fee, and the application is complete, the board shall issue to the applicant a temporary license allowing the applicant to function as a physician assistant until the applicant successfully passes the National Commission on Certification of Physician Assistants’ certifying examination so long as the applicant sits for and obtains a passing score on the examination next offered following graduation from the approved program.

(i) No applicant may receive a temporary license who, following graduation from an approved program, has not obtained a passing score on the examination.

(j) A physician assistant who has not been certified by the National Commission on Certification of Physician Assistants will be restricted to work under the direct supervision of the supervising physician.
115 (k) A physician assistant who has been issued a temporary
116 license shall, within thirty days of receipt of written notice from
117 the National Commission on Certification of Physician Assistants
118 of his or her performance on the certifying examination, notify the
119 board in writing of his or her results. In the event of failure of that
120 examination, the temporary license shall terminate automatically
121 and the board shall so notify the physician assistant in writing.

122 (l) In the event a physician assistant fails a recertification
123 examination of the National Commission on Certification of
124 Physician Assistants and is no longer certified, the physician
125 assistant shall immediately notify his or her supervising physician
126 or physicians and the board in writing. The physician assistant
127 shall immediately cease practicing, the license shall terminate
128 automatically and the physician assistant is not eligible for
129 reinstatement until he or she has obtained a passing score on the
130 examination.

131 (m) A physician applying to the board to supervise a
132 physician assistant shall affirm that the range of medical services
133 set forth in the physician assistant’s job description are consistent
134 with the skills and training of the supervising physician and the
135 physician assistant. Before a physician assistant can be employed
136 or otherwise use his or her skills, the supervising physician and the
137 physician assistant must obtain approval of the job description
138 from the board. The board may revoke or suspend any license of
139 an assistant to a physician for cause, after giving the assistant an
140 opportunity to be heard in the manner provided by article five,
141 chapter twenty-nine-a of this code and as set forth in rules duly
142 adopted by the board.

143 (n) The supervising physician is responsible for observing,
144 directing and evaluating the work, records and practices of each
145 physician assistant performing under his or her supervision. He or
146 she shall notify the board in writing of any termination of his or
147 her supervisory relationship with a physician assistant within ten
148 days of the termination. The legal responsibility for any physician
assistant remains with the supervising physician at all times including occasions when the assistant under his or her direction and supervision aids in the care and treatment of a patient in a health care facility. In his or her absence, a supervising physician must designate an alternate supervising physician but the legal responsibility remains with the supervising physician at all times. A health care facility is not legally responsible for the actions or omissions of the physician assistant unless the physician assistant is an employee of the facility.

(o) The acts or omissions of a physician assistant employed by health care facilities providing inpatient or outpatient services are the legal responsibility of the facilities. Physician assistants employed by facilities in staff positions shall be supervised by a permanently licensed physician.

(p) A health care facility shall report in writing to the board within sixty days after the completion of the facility’s formal disciplinary procedure and after the commencement and conclusion of any resulting legal action, the name of any physician assistant practicing in the facility whose privileges at the facility have been revoked, restricted, reduced or terminated for any cause including resignation, together with all pertinent information relating to the action. The health care facility shall also report any other formal disciplinary action taken against any physician assistant by the facility relating to professional ethics, medical incompetence, medical malpractice, moral turpitude or drug or alcohol abuse. Temporary suspension for failure to maintain records on a timely basis or failure to attend staff or section meetings need not be reported.

(q) When functioning as a physician assistant, the physician assistant shall wear a name tag that identifies him or her as a physician assistant. A two and one-half by three and one-half inch card of identification shall be furnished by the board upon licensure of the physician assistant.
A physician assistant may write or sign prescriptions or transmit prescriptions by word of mouth, telephone or other means of communication at the direction of his or her supervising physician. A fee of $50 will be charged for prescription-writing privileges. The board shall promulgate rules pursuant to the provisions of article three, chapter twenty-nine-a of this code governing the eligibility and extent to which a physician assistant may prescribe at the direction of the supervising physician. The rules shall include, but not be limited to, the following:

1. Provisions and restrictions for approving a state formulary classifying pharmacologic categories of drugs that may be prescribed by a physician assistant are as follows:

   A. Schedules I and II of the Uniform Controlled Substances Act, antineoplastic, radiopharmaceuticals, general anesthetics and radiographic contrast materials shall be excluded from the formulary;

   B. Drugs listed under Schedule III shall be limited to a seventy-two hour supply without refill;

   C. In addition to the above referenced provisions and restrictions and at the direction of a supervising physician, the rules shall permit the prescribing of an annual supply of any drug, with the exception of controlled substances, which is prescribed for the treatment of a chronic condition, other than chronic pain management. For the purposes of this section, a “chronic condition” is a condition which lasts three months or more, generally cannot be prevented by vaccines, can be controlled but not cured by medication and does not generally disappear. These conditions, with the exception of chronic pain, include, but are not limited to, arthritis, asthma, cardiovascular disease, cancer, diabetes, epilepsy and seizures and obesity. The prescriber authorized in this section shall note on the prescription the chronic disease being treated.

   D. Categories of other drugs may be excluded as determined by the board.
(2) All pharmacological categories of drugs to be prescribed by a physician assistant shall be listed in each job description submitted to the board as required in subsection (i) of this section;

(3) The maximum dosage a physician assistant may prescribe;

(4) A requirement that to be eligible for prescription services, a physician assistant shall have performed patient care services for a minimum of two years immediately preceding the submission to the board of the job description containing prescription privileges and shall have successfully completed an accredited course of instruction in clinical pharmacology approved by the board; and

(5) A requirement that to maintain prescription privileges, a physician assistant shall continue to maintain national certification as a physician assistant and, in meeting the national certification requirements, shall complete a minimum of ten hours of continuing education in rational drug therapy in each certification period. Nothing in this subsection permits a physician assistant to independently prescribe or dispense drugs.

(s) A supervising physician may not supervise at any one time more than three full-time physician assistants or their equivalent, except that a physician may supervise up to four hospital-employed physician assistants. No physician shall supervise more than four physician assistants at any one time.

(t) A physician assistant may not sign any prescription, except in the case of an authorized physician assistant at the direction of his or her supervising physician in accordance with the provisions of subsection (r) of this section. A physician assistant may not perform any service that his or her supervising physician is not qualified to perform. A physician assistant may not perform any service that is not included in his or her job description and approved by the board as provided for in this section.
(u) The provisions of this section do not authorize a physician assistant to perform any specific function or duty delegated by this code to those persons licensed as chiropractors, dentists, dental hygienists, optometrists or pharmacists or certified as nurse anesthetists.

(v) Each application for licensure submitted by a licensed supervising physician under this section is to be accompanied by a fee of $200. A fee of $100 is to be charged for the biennial renewal of the license. A fee of $50 is to be charged for any change or addition of supervising physician or change or addition of job location. A fee of $50 will be charged for prescriptive writing privileges.

(w) As a condition of renewal of physician assistant license, each physician assistant shall provide written documentation of participation in and successful completion during the preceding two-year period of continuing education, in the number of hours specified by the board by rule, designated as Category I by the American Medical Association, American Academy of Physician Assistants or the Academy of Family Physicians and continuing education, in the number of hours specified by the board by rule, designated as Category II by the Association or either Academy.

(x) Notwithstanding any provision of this chapter to the contrary, failure to timely submit the required written documentation results in the automatic expiration of any license as a physician assistant until the written documentation is submitted to and approved by the board.

(y) If a license is automatically expired and reinstatement is sought within one year of the automatic expiration, the former licensee shall:

(1) Provide certification with supporting written documentation of the successful completion of the required continuing education;
(2) Pay a renewal fee; and

(3) Pay a reinstatement fee equal to fifty percent of the renewal fee.

(z) If a license is automatically expired and more than one year has passed since the automatic expiration, the former licensee shall:

(1) Apply for a new license;

(2) Provide certification with supporting written documentation of the successful completion of the required continuing education; and

(3) Pay such fees as determined by the board.

(aa) It is unlawful for any physician assistant to represent to any person that he or she is a physician, surgeon or podiatrist. A person who violates the provisions of this subsection is guilty of a felony and, upon conviction thereof, shall be imprisoned in a state correctional facility for not less than one nor more than two years, or be fined not more than $2,000, or both fined and imprisoned.

(bb) All physician assistants holding valid certificates issued by the board prior to July 1, 1992, are licensed under this section.

ARTICLE 7. REGISTERED PROFESSIONAL NURSES.

§30-7-15a. Prescriptive authority for prescription drugs; coordination with Board of Pharmacy.

(a) The board may, in its discretion, authorize an advanced practice registered nurse to prescribe prescription drugs in a collaborative relationship with a physician licensed to practice in West Virginia and in accordance with applicable state and federal laws. An authorized advanced practice registered nurse may write
or sign prescriptions or transmit prescriptions verbally or by other means of communication.

(b) For purposes of this section an agreement to a collaborative relationship for prescriptive practice between a physician and an advanced practice registered nurse shall be set forth in writing. Verification of the agreement shall be filed with the board by the advanced practice registered nurse. The board shall forward a copy of the verification to the Board of Medicine and the Board of Osteopathic Medicine. Collaborative agreements shall include, but are not limited to, the following:

(1) Mutually agreed upon written guidelines or protocols for prescriptive authority as it applies to the advanced practice registered nurse’s clinical practice;

(2) Statements describing the individual and shared responsibilities of the advanced practice registered nurse and the physician pursuant to the collaborative agreement between them;

(3) Periodic and joint evaluation of prescriptive practice; and

(4) Periodic and joint review and updating of the written guidelines or protocols.

(c) The board shall promulgate legislative rules in accordance with the provisions of chapter twenty-nine-a of this code governing the eligibility and extent to which an advanced practice registered nurse may prescribe drugs. Such rules shall provide, at a minimum, a state formulary classifying those categories of drugs which shall not be prescribed by advanced practice registered nurse including, but not limited to, Schedules I and II of the Uniform Controlled Substances Act, antineoplastics, radiopharmaceuticals and general anesthetics. Drugs listed under Schedule III shall be limited to a seventy-two hour supply without refill. In addition to the above referenced provisions and restrictions and pursuant to a collaborative agreement as set forth
in subsections (a) and (b) of this section, the rules shall permit the
prescribing of an annual supply of any drug, with the exception of
controlled substances, which is prescribed for the treatment of a
chronic condition, other than chronic pain management. For the
purposes of this section, a “chronic condition” is a condition
which lasts three months or more, generally cannot be prevented
by vaccines, can be controlled but not cured by medication and
does not generally disappear. These conditions, with the
exception of chronic pain, include, but are not limited to, arthritis,
asthma, cardiovascular disease, cancer, diabetes, epilepsy and
seizures, and obesity. The prescriber authorized in this section
shall note on the prescription the chronic disease being treated.

(d) The board shall consult with other appropriate boards for
the development of the formulary.

(e) The board shall transmit to the Board of Pharmacy a list of
all advanced practice registered nurse with prescriptive authority.
The list shall include:

(1) The name of the authorized advanced practice registered
nurse;

ARTICLE 14A. ASSISTANTS TO OSTEOPATHIC
PHYSICIANS AND SURGEONS.

§30-14A-1. Osteopathic physician assistant to osteopathic
physicians and surgeons; definitions; board of
osteopathy rules; licensure; temporary licensure;
renewal of license; job description required;
revocation or suspension of license; responsibilities
of the supervising physician; legal responsibility
for osteopathic physician assistants; reporting of disciplinary procedures; identification; limitation on employment and duties; fees; unlawful use of the title of “osteopathic physician assistant”; unlawful representation of an osteopathic physician assistant as a physician; criminal penalties.

(a) As used in this section:

(1) “Approved program” means an educational program for osteopathic physician assistants approved and accredited by the Committee on Allied Health Education and Accreditation or its successor.

(2) “Board” means the Board of Osteopathy established under the provisions of article fourteen, chapter thirty of this code.

(3) “Direct supervision” means the presence of the supervising physician at the site where the osteopathic physician assistant performs medical duties.

(4) “Health care facility” means any licensed hospital, nursing home, extended care facility, state health or mental institution, clinic or physician’s office.

(5) “License” means a certificate issued to an osteopathic physician assistant who has passed the examination for a primary care or surgery physician assistant administered by the National Board of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants. All osteopathic physician assistants holding valid certificates issued by the board prior to March 31, 2010, are licensed under the provisions of this article, but must renew the license pursuant to the provisions of this article.

(6) “Osteopathic physician assistant” means an assistant to an osteopathic physician who is a graduate of an approved program
of instruction in primary care or surgery, has passed the National Certification Examination and is qualified to perform direct patient care services under the supervision of an osteopathic physician.

(7) “Supervising physician” means a doctor of osteopathy permanently licensed in this state who assumes legal and supervising responsibility for the work or training of an osteopathic physician assistant under his or her supervision.

(b) The board shall propose emergency and legislative rules for legislative approval pursuant to the provisions of article three, chapter twenty-nine-a of this code, governing the extent to which osteopathic physician assistants may function in this state. The rules shall provide that:

(1) The osteopathic physician assistant is limited to the performance of those services for which he or she is trained;

(2) The osteopathic physician assistant performs only under the supervision and control of an osteopathic physician permanently licensed in this state but such supervision and control does not require the personal presence of the supervising physician at the place or places where services are rendered if the osteopathic physician assistant’s normal place of employment is on the premises of the supervising physician. The supervising physician may send the osteopathic physician assistant off the premises to perform duties under his or her direction, but a separate place of work for the osteopathic physician assistant may not be established; and

(3) The board may allow the osteopathic physician assistant to perform those procedures and examinations and, in the case of authorized osteopathic physician assistants, to prescribe at the direction of his or her supervising physician in accordance with subsections (p) and (q) of this section those categories of drugs submitted to it in the job description required by subsection (f) of this section.
The board shall compile and publish an annual report that includes a list of currently licensed osteopathic physician assistants and their employers and location in the state.

(d) The board shall license as an osteopathic physician assistant a person who files an application together with a proposed job description and furnishes satisfactory evidence that he or she has met the following standards:

1. Is a graduate of an approved program of instruction in primary health care or surgery;

2. Has passed the examination for a primary care or surgery physician assistant administered by the National Board of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants; and

3. Is of good moral character.

(e) When a graduate of an approved program submits an application to the board, accompanied by a job description in conformity with this section, for an osteopathic physician assistant license, the board may issue to the applicant a temporary license allowing the applicant to function as an osteopathic physician assistant for the period of one year. The temporary license may be renewed for one additional year upon the request of the supervising physician. An osteopathic physician assistant who has not been certified as such by the National Board of Medical Examiners on behalf of the National Commission on Certification of Physician Assistants will be restricted to work under the direct supervision of the supervising physician.

(f) An osteopathic physician applying to the board to supervise an osteopathic physician assistant shall provide a job description that sets forth the range of medical services to be provided by the assistant. Before an osteopathic physician assistant can be employed or otherwise use his or her skills, the
supervising physician must obtain approval of the job description from the board. The board may revoke or suspend a license of an assistant to a physician for cause, after giving the person an opportunity to be heard in the manner provided by sections eight and nine, article one of this chapter.

(g) The supervising physician is responsible for observing, directing and evaluating the work records and practices of each osteopathic physician assistant performing under his or her supervision. He or she shall notify the board in writing of any termination of his or her supervisory relationship with an osteopathic physician assistant within ten days of his or her termination. The legal responsibility for any osteopathic physician assistant remains with the supervising physician at all times, including occasions when the assistant, under his or her direction and supervision, aids in the care and treatment of a patient in a health care facility. In his or her absence, a supervising physician must designate an alternate supervising physician but the legal responsibility remains with the supervising physician at all times. A health care facility is not legally responsible for the actions or omissions of an osteopathic physician assistant unless the osteopathic physician assistant is an employee of the facility.

(h) The acts or omissions of an osteopathic physician assistant employed by health care facilities providing in-patient services are the legal responsibility of the facilities. Osteopathic physician assistants employed by such facilities in staff positions shall be supervised by a permanently licensed physician.

(i) A health care facility shall report in writing to the board within sixty days after the completion of the facility’s formal disciplinary procedure, and after the commencement and the conclusion of any resulting legal action, the name of an osteopathic physician assistant practicing in the facility whose privileges at the facility have been revoked, restricted, reduced or terminated for any cause including resignation, together with all
pertinent information relating to such action. The health care
facility shall also report any other formal disciplinary action taken
against an osteopathic physician assistant by the facility relating to
professional ethics, medical incompetence, medical malpractice,
moral turpitude or drug or alcohol abuse. Temporary suspension
for failure to maintain records on a timely basis or failure to attend
staff or section meetings need not be reported.

(j) When functioning as an osteopathic physician assistant, the
osteopathic physician assistant shall wear a name tag that identifies
him or her as a physician assistant.

(k) (1) A supervising physician shall not supervise at any time
more than three osteopathic physician assistants except that a
physician may supervise up to four hospital-employed
osteopathic physician assistants: Provided, That an alternative
supervisor has been designated for each.

(2) An osteopathic physician assistant shall not perform any
service that his or her supervising physician is not qualified to
perform.

(3) An osteopathic physician assistant shall not perform any
service that is not included in his or her job description and
approved by the board as provided in this section.

(4) The provisions of this section do not authorize an
osteopathic physician assistant to perform any specific function or
duty delegated by this code to those persons licensed as
chiropractors, dentists, registered nurses, licensed practical nurses,
dental hygienists, optometrists or pharmacists or certified as nurse
anesthetists.

(l) An application for license or renewal of license shall be
accompanied by payment of a fee established by legislative rule
of the Board of Osteopathy pursuant to the provisions of article
three, chapter twenty-nine-a of this code.
(m) As a condition of renewal of an osteopathic physician assistant license, each osteopathic physician assistant shall provide written documentation satisfactory to the board of participation in and successful completion of continuing education in courses approved by the Board of Osteopathy for the purposes of continuing education of osteopathic physician assistants. The osteopathy board shall propose legislative rules for minimum continuing hours necessary for the renewal of a license. These rules shall provide for minimum hours equal to or more than the hours necessary for national certification. Notwithstanding any provision of this chapter to the contrary, failure to timely submit the required written documentation results in the automatic suspension of a license as an osteopathic physician assistant until the written documentation is submitted to and approved by the board.

(n) It is unlawful for any person who is not licensed by the board as an osteopathic physician assistant to use the title of osteopathic physician assistant or to represent to any other person that he or she is an osteopathic physician assistant. A person who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $2,000.

(o) It is unlawful for an osteopathic physician assistant to represent to any person that he or she is a physician. A person who violates the provisions of this subsection is guilty of a felony, and, upon conviction thereof, shall be imprisoned in a state correctional facility for not less than one, nor more than two years, or be fined not more than $2,000, or both fined and imprisoned.

(p) An osteopathic physician assistant may write or sign prescriptions or transmit prescriptions by word of mouth, telephone or other means of communication at the direction of his or her supervising physician. The board shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code governing the eligibility
and extent to which an osteopathic physician assistant may prescribe at the direction of the supervising physician. The rules shall provide for a state formulary classifying pharmacologic categories of drugs which may be prescribed by such an osteopathic physician assistant. In classifying such pharmacologic categories, those categories of drugs which shall be excluded include, but are not limited to, Schedules I and II of the Uniform Controlled Substances Act, antineoplastics, radiopharmaceuticals, general anesthetics and radiographic contrast materials. Drugs listed under Schedule III are limited to a seventy-two hour supply without refill. In addition to the above referenced provisions and restrictions and at the direction of a supervising physician, the rules shall permit the prescribing an annual supply of any drug other than controlled substances which is prescribed for the treatment of a chronic condition other than chronic pain management. For the purposes of this section, a “chronic condition” is a condition which last three months or more, generally cannot be prevented by vaccines, can be controlled but not cured by medication and does not generally disappear. These conditions include, but are not limited to, arthritis, asthma, cardiovascular disease, cancer, diabetes, epilepsy and seizures and obesity. The prescriber authorized in this section shall note on the prescription the condition for which the patient is being treated. The rules shall provide that all pharmacological categories of drugs to be prescribed by an osteopathic physician assistant be listed in each job description submitted to the board as required in this section. The rules shall provide the maximum dosage an osteopathic physician assistant may prescribe.

(q) (1) The rules shall provide that to be eligible for such prescription privileges, an osteopathic physician assistant must:

(A) Submit an application to the board for prescription privileges;

(B) Have performed patient care services for a minimum of two years immediately preceding the application; and
(C) Have successfully completed an accredited course of instruction in clinical pharmacology approved by the board.

(2) The rules shall provide that to maintain prescription privileges, an osteopathic physician assistant shall:

(A) Continue to maintain national certification as an osteopathic physician assistant; and

(B) Complete a minimum of ten hours of continuing education in rational drug therapy in each licensing period.

(3) Nothing in this subsection permits an osteopathic physician assistant to independently prescribe or dispense drugs.

ARTICLE 7. REGISTERED PROFESSIONAL NURSES.

§30-7-11a. Voluntary agreements relating to alcohol or chemical dependency; confidentiality.

(b) Any voluntary agreement entered into pursuant to this section shall not be considered a disciplinary action or order by the board, shall not be disclosed to the board and shall not be public information if:

(1) Such voluntary agreement is the result of the licensee or applicant self enrolling or voluntarily participating in the board-designated nurse health program;

(2) The board has not received nor filed any written complaints regarding said licensee or applicant relating to an alcohol, chemical dependency or major mental illness affecting the care and treatment of patients; and

(3) The licensee or applicant is in compliance with the voluntary treatment program and the conditions and procedures to monitor compliance.
(c) Pursuant to this section, if any licensee or applicant enters into a voluntary agreement with a nurse health program as defined in section one, article seven-e of this chapter, and then fails to comply with or fulfill the terms of said agreement, the nurse health program shall report the noncompliance to the board within twenty-four hours. The board may initiate disciplinary proceedings pursuant to section eleven of this article or may permit continued participation in the nurse health program or both.

(e) Notwithstanding any of the foregoing provisions, the board may cooperate with and provide documentation of any voluntary agreement entered into pursuant to this section to licensing boards in other jurisdictions of which the board has become aware and may be appropriate.

ARTICLE 7E. NURSE HEALTH PROGRAMS.

§30-7E-1. Definitions.

For the purposes of this article, the following words and terms have the meanings ascribed to them, unless the context clearly indicates otherwise.

(1) “Board” means the West Virginia Board of Examiners for Registered Professional Nurses.

§30-7E-3. **Discretionary authority of boards to designate programs.**

The West Virginia Board of Examiners of Registered Professional Nurses has the sole discretion to designate nurse health programs for licensees of the board and no provision of this article may be construed to entitle any nurse to the creation or designation of a nurse health program for any individual qualifying illness or group of qualifying illnesses.

(H. B. 4530 - By Delegates White, Varner, Boggs, R. Phillips, Andes, Morgan, Stowers and Poore)

[Passed March 7, 2012; in effect from passage.]
[Approved by the Governor on March 15, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-4f, relating to authorizing the Public Service Commission of West Virginia to consider and authorize the recovery of certain expanded net energy costs by certain electric utilities through the issuance of consumer rate relief bonds; providing definitions; providing application process for financing order authorizing the recovery of certain costs; requiring certain information in application for financing order; providing for issuance of financing order and information contained therein; allowing for disposition of consumer rate relief property; providing for term of financing order; providing for subsequent Public Service Commission proceedings and limits on commission authority; providing for duties of certain electric utilities; providing for application of adjustment mechanism and filing of schedules with commission; providing for nonbypassability of consumer rate relief changes; providing for utility default and successors to certain utilities; providing for security interest in consumer rate relief property and transfer and sale of same; providing for limitation on taxation of consumer rate relief charges and exemption thereto; providing that consumer rate relief bonds are not debt of governmental entities or a pledge of taxing power; providing consumer rate relief bonds as legal investment; providing for certain pledge of state; providing for governing law; and providing for severability and non-utility status.
Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §24-2-4f, to read as follows:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-4f. Consumer rate relief bonds.

(a) Legislative findings. - The Legislature hereby finds and declares as follows:

1. That some electric utilities in the state have experienced expanded net energy costs of a magnitude problematic to recover from their customers through the commission’s traditional cost recovery mechanisms, which have resulted in unusually large under-recoveries;

2. That the financing costs of carrying such under-recovery balances and projected costs can be considerable;

3. That the use of traditional utility financing mechanisms to finance or refinance the recovery of such under-recovery balances and projected costs may result in considerable additional costs to be reflected in the approved rates of electric utility customers;

4. That customers of electric utilities in the state have an interest in the electric utilities financing the costs of such under-recovery balances and projected costs at a lower cost than would be afforded by traditional utility financing mechanisms;

5. That alternative financing mechanisms exist which can result in lower costs and mitigate rate impacts to
customers and the use of these mechanisms can prove highly beneficial to such customers; and

(6) That in order to use such alternative financing mechanisms, the commission must be empowered to adopt a financing order that advances these goals. The Legislature, therefore, determines that it is in the interest of the state and its citizens to encourage and facilitate the use of alternative financing mechanisms that will enable electric utilities to finance or refinance expanded net energy costs at the lowest reasonably practical cost under certain conditions and to empower the commission to review and approve alternative financing mechanisms when it determines that such approval is in the public interest, as set forth in this section.

(b) Definitions. - As used in this section:

(1) “Adjustment mechanism” means a formula-based mechanism for making adjustments to consumer rate relief charges to correct for over-collection or under-collection of such charges or otherwise to ensure the timely and complete payment and recovery of such charges and financing costs. The adjustment mechanism shall accommodate: (i) Standard adjustments to consumer rate relief charges that are limited to relatively stable conditions of operations; and (ii) nonstandard adjustments to consumer rate relief charges that are necessary to reflect significant changes from historical conditions of operations, such as the loss of significant electrical load. The adjustment mechanism is not to be used as a means to authorize the issuance of consumer rate relief bonds in a principal amount greater, or the payment or recovery of expanded net energy costs in an amount greater, than that which was authorized in the financing order which established the adjustment mechanism.

(2) “Ancillary agreement” means a bond insurance policy letter of credit, reserve account, surety bond, swap arrangement, hedging arrangement, liquidity or credit support
arrangement or other similar agreement or arrangement entered into in connection with the issuance of consumer rate relief bonds that is designed to promote the credit quality and marketability of the bonds or to mitigate the risk of an increase in interest rates.

(3) “Assignee” means a person, corporation, limited liability company, trust, partnership or other entity to which an interest in consumer rate relief property is assigned, sold or transferred, other than as security. The term also includes any entity to which an assignee assigns, sells or transfers, other than as security, the assignee’s interest in or right to consumer rate relief property.

(4) “Bond” includes debentures, notes, certificates of participation, certificates of beneficial interest, certificates of ownership or other evidences of indebtedness or ownership that are issued by an electric utility or an assignee under a final financing order, the proceeds of which are used directly or indirectly to recover, finance, or refinance expanded net energy costs and that are secured by or payable from revenues from consumer rate relief charges.

(5) “Bondholder” means any holder or owner of a consumer rate relief bond.

“Expanded net energy costs” means historical and, if deemed appropriate by the commission, projected costs, inclusive of carrying charges on under-recovery balances authorized by the commission, including costs incurred prior to the effective date of this statute, adjudicated pursuant to the commission’s expanded net energy cost proceedings, which have been authorized for recovery by an order of the commission, whether or not subject to judicial appeal.

“Financing costs” means any of the following:

(A) Principal, interest and redemption premiums that are payable on consumer rate relief bonds;

(B) A payment required under an ancillary agreement;

(C) An amount required to fund or replenish a reserve account or another account established under an indenture, ancillary agreement or other financing document relating to consumer rate relief bonds or the payment of any return on the capital contribution approved by the commission to be made by a qualifying utility to an assignee;

(I) Costs that are incurred by the commission for a financial adviser with respect to consumer rate relief bonds.

(12) “Financing order” means an order issued by the commission under subsection (e) of this section that authorizes a qualifying utility to issue consumer rate relief bonds and recover consumer rate relief charges. A financing order may set forth conditions or contingencies on the
effectiveness of the relief authorized therein and may grant relief that is different from that which was requested in the application.

(13) “Final financing order” means a financing order that has become final and has taken effect as provided in subdivision (10) of subsection (e) of this section.

(14) “Financing party” means either of the following:

(B) A party to an ancillary agreement, the rights and obligations of which relate to or depend upon the existence of consumer rate relief property, the enforcement and priority of a security interest in consumer rate relief property, the timely collection and payment of consumer rate relief charges or a combination of these factors.

(d) Information required in application for financing order.

The application shall include all of the following:

(1) A description and quantification of the uncollected expanded net energy costs that the electric utility seeks to recover through the issuance of consumer rate relief bonds;

(2) An estimate of the date each series of consumer rate relief bonds is expected to be issued;

(3) The expected term during which the consumer rate relief costs for each series of consumer rate relief bonds are expected to be recovered;

(4) An estimate of the financing costs associated with the issuance of each series of consumer rate relief bonds;

(5) An estimate of the amount of consumer rate relief charges necessary to recover the consumer rate relief costs set forth in the application and the calculation for that estimate, which calculation shall take into account the estimated date or dates of issuance and the estimated principal amount of each series of consumer rate relief bonds;

(6) A proposed methodology for allocating consumer rate relief charges between and within tariff schedules and to special contract customers;

(7) A description of a proposed adjustment mechanism, reflecting the allocation methodology in subdivision (6) of this subsection;
(8) A description of the benefits to the qualifying utility’s customers that are expected to result from the issuance of the consumer rate relief bonds, including a demonstration that the bonds and their financing costs are just and reasonable and are reasonably expected to achieve the lowest reasonably attainable cost in order to produce cost savings to customers and to mitigate rate impacts on customers, as compared to traditional financing mechanisms or traditional cost-recovery methods available to the electric utility; and

(9) Other information required by commission rules.

(e) Issuance of financing order.

(1) Except as otherwise provided in this section, proceedings on an application submitted by an electric utility under subsection (c) of this section are governed by the commission’s standard procedural rules. Any party that participated in a proceeding in which the subject expanded net energy costs were authorized or approved automatically has standing to participate in the financing order proceedings and the commission shall determine the standing or lack of standing of any other petitioner for party status.

(2) Within thirty days after the filing of an application under subsection (c) of this section, the commission shall issue a scheduling order for the proceeding.

(3) At the conclusion of proceedings on an application submitted by an electric utility under subsection (c) of this section, the commission shall issue either a financing order, granting the application, in whole or with modifications, or an order denying the application.

(4) The commission may issue a financing order under this subsection if the commission finds that the issuance of the consumer rate relief bonds and the consumer rate relief charges authorized by the order are just and reasonable and
are reasonably expected to achieve the lowest reasonably attainable cost in order to produce cost savings to customers and to mitigate rate impacts on customers, as compared to traditional financing mechanisms or traditional cost-recovery methods available to the electric utility.

(5) The commission shall include all of the following in a financing order issued under this subsection:

(A) A determination of the maximum amount and a description of the expanded net energy costs that may be recovered through consumer rate relief bonds issued under the financing order;

(B) A description of consumer rate relief property, the creation of which is authorized by the financing order;

(C) A description of the financing costs that may be recovered through consumer rate relief charges and the period over which those costs may be recovered;

(D) A description of the methodology and calculation for allocating consumer rate relief charges between and within tariff schedules and to special contract customers;

(E) A description and approval of the adjustment mechanism for use in the imposition, charging, and collection of the consumer rate relief charges, including: (i) The allocation referred to in paragraph (D) of this subdivision and (ii) any specific requirements for adjusting and reconciling consumer rate relief charges for standard adjustments that are limited to relatively stable conditions of operations and nonstandard adjustments that are necessary to reflect significant changes from historical conditions of operations, such as the loss of substantial electrical load, so long as each and every application of the adjustment mechanism is designed to assure the full and timely payment of consumer rate relief bonds and associated financing costs.
(F) The maximum term of the consumer rate relief bonds;

(G) A finding that the issuance of the consumer rate relief bonds, including financing costs, is just and reasonable and are reasonably expected to achieve the lowest reasonably attainable cost in order to produce cost savings to customers and to mitigate rate impacts on customers, as compared to traditional financing mechanisms or traditional cost-recovery methods available to the electric utility; and

(H) Any other provision the commission considers appropriate to ensure the full and timely imposition, charging, collection and adjustment, pursuant to an approved adjustment mechanism, of the consumer rate relief charges.

(6) To the extent the commission deems appropriate and compatible with the issuance advice letter procedure under subdivision (9) of this subsection, the commission, in a financing order, shall afford the electric utility flexibility in establishing the terms and conditions for the consumer rate relief bonds to accommodate changes in market conditions, including repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other reserves, and the ability of the qualifying utility, at its option, to effect a series of issuances of consumer rate relief bonds and correlated assignments, sales, pledges, or other transfers of consumer rate relief property. Any changes made under this subdivision to terms and conditions for the consumer rate relief bonds shall be in conformance with the financing order.

(7) A financing order shall provide that the creation of consumer rate relief property shall be simultaneous with the sale of that property to an assignee as provided in the application and the pledge of the property to secure consumer rate relief bonds.

(8) The commission, in a financing order, shall require that, after the final terms of each issuance of consumer rate
relief bonds have been established, and prior to the issuance
of those bonds, the qualifying utility shall determine the
resulting initial consumer rate relief charges in accordance
with the adjustment mechanism described in the financing
order. These consumer rate relief charges shall be final and
effective upon the issuance of the consumer rate relief bonds,
without further commission action.

(9) Because the actual structure and pricing of the
consumer rate relief bonds will not be known at the time the
financing order is issued, in the case of every securitization
approved by the commission, the qualifying utility which
intends to cause the issuance of such bonds will provide to
the commission and the commission’s financial adviser, if
any, prior to the issuance of the bonds, an issuance advice
letter following the determination of the final terms of the
bonds. The issuance advice letter shall indicate the final
structure of the consumer rate relief bonds and provide the
best available estimate of total ongoing costs. The issuance
advice letter should report the initial consumer rate relief
charges and other information specific to the consumer rate
relief bonds to be issued, as the financing order may require.
The qualifying utility may proceed with the issuance of the
consumer rate relief bonds unless, prior to noon on the fourth
business day after the commission receives the issuance
advice letter, the commission issues a disapproval letter
directing that the bonds as proposed shall not be issued and
the basis for that disapproval. The financing order may
provide such additional provisions relating to the issuance
advice letter process as the commission deems appropriate.

(10) An order of the commission issued pursuant to this
subsection is a final order of the commission. Any party
aggrieved by the issuance of any such order may petition for
suspension and review thereof by the Supreme Court of
Appeals pursuant to section one, article five of this chapter.
In the case of a petition for suspension and review, the
Supreme Court of Appeals shall proceed to hear and
determine the action as expeditiously as practicable and give
the action precedence over other matters not accorded similar
precedence by law.

(11) The financing order shall also provide for a procedure
requiring the qualifying utility to adjust its rates or provide
credits in a manner that would return to customers any
overpayments resulting from the securitization for the expanded
net energy costs in excess of actual prudently incurred costs as
subsequently determined by the commission. The adjustment
mechanism may not affect or impair the consumer rate relief
property or the right to impose, collect, or adjust the consumer
rate relief charges under this section.

(12) The commission may require, as a condition to the
effectiveness of the financing order but in every circumstance
subject to the limitations set forth in subdivision (3),
subsection (g) of this section, that the qualifying utility give
appropriate assurances to the commission that the qualifying
utility and its parent will abide by the following conditions
during any period in which any consumer rate relief bonds
issued pursuant to the financing order are outstanding, in
addition to any other obligation either may have under this
code or federal law. Without first obtaining the prior consent
and approval of the Commission, the qualifying utility will
not:

(A) Lend money, directly or indirectly, to a registered
holding company or a nonutility affiliate; or

(B) Guarantee the obligations of a registered holding
company or a nonutility affiliate.

(13) A financing order may require the qualifying utility
to file with the commission a periodic report showing the
receipt and disbursement of proceeds of consumer rate relief
bonds and consumer rate relief charges. A financing order
may authorize the staff of the commission to review and audit
the books and records of the qualifying utility relating to the
receipt and disbursement of such proceeds. The provisions of
this subdivision do not limit the authority of the commission
under this chapter to investigate the practices of the
qualifying utility or to audit the books and records of the
qualifying utility.

(14) In the case of two or more affiliated utilities that
have jointly applied for a financing order as provided in
subdivision (1), subsection (c) of this section, a financing
order may authorize each affiliated utility to impose
consumer rate relief charges on its customers and to cause to
be issued consumer rate relief bonds and to receive and use
the proceeds which it receives with respect thereto as
provided in subdivision (1), subsection (j) of this section.

(15) The commission, in its discretion, may engage the
services of a financial adviser for the purpose of assisting the
commission in its consideration of an application for a
financing order and a subsequent issuance of consumer rate
relief bonds pursuant to a financing order.

(f) Allowed disposition of consumer rate relief property.

(1) The consumer rate relief property created in a final
financing order may be transferred, sold, conveyed or
assigned to any affiliate of the qualifying utility created for
the limited purpose of acquiring, owning or administering
that property, issuing consumer rate relief bonds under the
final financing order or a combination of these purposes.

(2) All or any portion of the consumer rate relief property
may be pledged to secure the payment of consumer rate relief
bonds, amounts payable to financing parties and bondholders,
amounts payable under any ancillary agreement and other
financing costs.
(3) A transfer, sale, conveyance, assignment, grant of a
security interest in or pledge of consumer rate relief property
by a qualifying utility to an affiliate of the utility, to the
extent previously authorized in a financing order, does not
require the prior consent and approval of the commission
under section twelve of this article.

(4) The consumer rate relief property constitutes an
existing, present property right, notwithstanding any
requirement that the imposition, charging, and collection of
consumer rate relief charges depend on the qualifying utility
continuing to deliver retail electric service or continuing to
perform its servicing functions relating to the billing and
collection of consumer rate relief charges or on the level of
future energy consumption. That property exists regardless of
whether the consumer rate relief charges have been billed,
have accrued or have been collected and notwithstanding any
requirement that the value or amount of the property is
dependent on the future provision of service to customers by
the qualifying utility.

(5) All such consumer rate relief property continues to
exist until the consumer rate relief bonds issued under the
final financing order are paid in full and all financing costs
relating to the bonds have been paid in full.

(g) Final financing order to remain in effect.

(1) A final financing order remains in effect until the
consumer rate relief bonds issued under the final financing
order and all financing costs related to the bonds have been
paid in full.

(2) A final financing order remains in effect and
unabated, notwithstanding the bankruptcy, reorganization or
insolvency of the qualifying utility, or any affiliate of the
qualifying utility, or the commencement of any judicial or
nonjudicial proceeding on the final financing order.
(3) A final financing order is irrevocable and the commission may not reduce, impair, postpone or terminate the consumer rate relief charges authorized in the final financing order or impair the property or the collection or recovery of consumer rate relief costs.

(h) Subsequent commission proceeding.

Upon petition, or upon its own motion, the commission may commence a proceeding and issue a subsequent financing order that provides for retiring and refunding consumer rate relief bonds issued under the final financing order if the commission finds that the subsequent financing order satisfies all of the requirements of subsection (e) of this section. Effective on retirement of the refunded consumer rate relief bonds and the issuance of new consumer rate relief bonds, the commission shall adjust the related consumer rate relief charges accordingly.

(i) Limits on commission authority.

(1) The commission, in exercising its powers and carrying out its duties regarding regulation and ratemaking, may not do any of the following:

(A) Consider consumer rate relief bonds issued under a final financing order to be the debt of the qualifying utility;

(B) Consider the consumer rate relief charges imposed, charged or collected under a final financing order to be revenue of the qualifying utility; or

(C) Consider the consumer rate relief costs or financing costs authorized under a final financing order to be costs of the qualifying utility.

(2) The commission may not order or otherwise require, directly or indirectly, an electric utility to use consumer rate
relief bonds to finance the recovery of expanded net energy costs.

(3) The commission may not refuse to allow the recovery of expanded net energy costs solely because an electric utility has elected or may elect to finance those costs through a financing mechanism other than the issuance of consumer rate relief bonds.

(4) If a qualifying utility elects not to finance such costs through the issuance of consumer rate relief bonds as authorized in a final financing order, those costs shall be recovered as authorized by the commission previously or in subsequent proceedings.

(j) Duties of qualifying utility.

(1) A qualifying utility shall cause the proceeds which it receives with respect to consumer rate relief bonds issued pursuant to a financing order to be used for the recovery of the expanded net energy costs which occasioned the issuance of the bonds, including the retirement of debt and/or equity of the qualifying utility which was incurred to finance or refinance such costs and for no other purpose.

(2) A qualifying utility shall annually provide a plain-English explanation of the consumer rate relief charges approved in the financing order, as modified by subsequent issuances of consumer rate relief bonds authorized under the financing order, if any, and by application of the adjustment mechanism as provided in subsection (k) of this section. These explanations may be made by bill inserts, website information or other appropriate means as required, or approved if proposed by the qualifying utility, by the commission.
(3) Collected consumer rate relief charges shall be applied solely to the repayment of consumer rate relief bonds and other financing costs.

(4) The failure of a qualifying utility to apply the proceeds which it receives with respect to an issuance of consumer rate relief bonds in a reasonable, prudent and appropriate manner or otherwise comply with any provision of this section does not invalidate, impair or affect any financing order, consumer rate relief property, consumer rate relief charges or consumer rate relief bonds. Subject to the limitations set forth in subsection (g) of this section, nothing in this subdivision prevents or precludes the commission from imposing regulatory sanctions against a qualifying utility for failure to comply with the terms and conditions of a financing order or the requirements of this section.

(k) Application of adjustment mechanism; filing of schedules with commission.

(1) A qualifying utility shall file with the commission, and the commission shall approve, with or without such modification as is allowed under this subsection, at least annually, or more frequently as provided in the final financing order, a schedule applying the approved adjustment mechanism to the consumer rate relief charges authorized under the final financing order, based on estimates of demand and consumption for each tariff schedule and special contract customer and other mathematical factors. The qualifying utility shall submit with the schedule a request for approval to make the adjustments to the consumer rate relief charges in accordance with the schedule.

(2) On the same day a qualifying utility files with the commission its calculation of the adjustment, it shall cause notice of the filing to be given, in the form specified in the financing order, as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-
nine of this code in a newspaper of general circulation published each weekday in Kanawha County. This publication is only required if the calculation of the adjustment filed by the utility with the commission would result in an increase in the amount of the consumer rate relief charges.

(3) The commission’s review of a request for a standard adjustment is limited to a determination of whether there is a mathematical error in the application of the adjustment mechanism to the consumer rate relief charges. No hearing is required for such an adjustment. Each standard adjustment to the consumer rate relief charges, in an amount as calculated by the qualifying utility but incorporating any correction for a mathematical error as determined by the commission, automatically becomes effective fifteen days following the date on which the qualifying utility files with the commission its calculation of the standard adjustment.

(4) If the commission authorizes a nonstandard adjustment procedure in the financing order, and the qualifying utility files for such an adjustment, the commission shall allow interested parties thirty days from the date the qualifying utility filed the calculation of a nonstandard adjustment to make comments. The commission’s review of the total amount required for a nonstandard adjustment shall be limited to the mathematical accuracy of the total adjustment needed to assure the full and timely payment of all debt service costs and related financing costs of the consumer rate relief bonds. The commission may also determine the proper allocation of those costs within and between classes of customers and to special contract customers, the proper design of the consumer rate relief charges and the appropriate application of those charges under the methodology set forth in the formula-based adjustment mechanism approved in the financing order. If the commission determines that a hearing is necessary, the commission shall hold a hearing on the comments within
forty days of the date the qualifying utility filed the 
calculation of the nonstandard adjustment. The nonstandard 
adjustment, as modified by the commission, if necessary, 
shall be approved by the commission within sixty days and 
the commission may shorten the filing and hearing periods 
above in the financing order to ensure this result. Any 
procedure for a nonstandard adjustment must be consistent 
with assuring the full and timely payment of debt service of 
the consumer rate relief bonds and associated financing costs.

(5) No adjustment approved or deemed approved under 
this section affects the irrevocability of the final financing 
order as specified in subdivision (3) of subsection (g) of this 
section.

(I) Nonbypassability of consumer rate relief charges.

(1) As long as consumer rate relief bonds issued under a 
final financing order are outstanding, the consumer rate relief 
charges authorized under the final financing order are 
nonbypassable and apply to all existing or future West 
Virginia retail customers of a qualifying utility or its 
successors and must be paid by any customer that receives 
electric delivery service from the utility or its successors.

(2) The consumer rate relief charges shall be collected by 
the qualifying utility or the qualifying utility’s successors or 
assignees, or a collection agent, in full through a charge that 
is separate and apart from the qualifying utility’s base rates.

(m) Utility default.

(1) If a qualifying utility defaults on a required payment 
of consumer rate relief charges collected, a court, upon 
application by an interested party, or the commission, upon 
application to the commission or upon its own motion, and 
without limiting any other remedies available to the applying 
party, shall order the sequestration and payment of the
consumer rate relief charges collected for the benefit of bondholders, assignees and financing parties. The order remains in full force and effect notwithstanding a bankruptcy, reorganization or other insolvency proceedings with respect to the qualifying utility or any affiliate thereof.

(2) Customers of a qualifying utility shall be held harmless by the qualifying utility for its failure to remit any required payment of consumer rate relief charges collected but such failure does not affect the consumer rate relief property or the rights to impose, collect and adjust the consumer rate relief charges under this section.

(3) Consumer rate relief property under a final financing order and the interests of an assignee, bondholder or financing party in that property under a financing agreement are not subject to set off, counterclaim, surcharge or defense by the qualifying utility or other person, including as a result of the qualifying utility's failure to provide past, present, or future services, or in connection with the bankruptcy, reorganization, or other insolvency proceeding of the qualifying utility, any affiliate, or any other entity.

(n) Successors to qualifying utility.

A successor to a qualifying utility is bound by the requirements of this section. The successor shall perform and satisfy all obligations of the electric utility under the final financing order in the same manner and to the same extent as the qualifying utility including the obligation to collect and pay consumer rate relief charges to the person(s) entitled to receive them. The successor has the same rights as the qualifying utility under the final financing order in the same manner and to the same extent as the qualifying utility.

(o) Security interest in consumer rate relief property.
(1) Except as provided in subdivisions (3) through (5) of this subsection, the creation, perfection and enforcement of a security interest in consumer rate relief property under a final financing order to secure the repayment of the principal of and interest on consumer rate relief bonds, amounts payable under any ancillary agreement and other financing costs are governed by this section and not article nine of chapter forty-six of this code.

(2) The description of the consumer rate relief property in a transfer or security agreement and a financing statement is sufficient only if the description refers to this section and the final financing order creating the property. This section applies to all purported transfers of, and all purported grants of, liens on or security interests in that property, regardless of whether the related transfer or security agreement was entered into or the related financing statement was filed, before or after the effective date of this section.

(3) A security interest in consumer rate relief property under a final financing order is created, valid and binding at the latest of the date that the security agreement is executed and delivered or the date that value is received for the consumer rate relief bonds.

(4) The security interest attaches without any physical delivery of collateral or other act and upon the filing of the financing statement with the Office of the Secretary of State. The lien of the security interest is valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the person granting the security interest, regardless of whether the parties have notice of the lien. Also upon this filing, a transfer of an interest in the consumer rate relief property is perfected against all parties having claims of any kind, including any judicial lien, or other lien creditors or any claims of the seller or creditors of the seller, other than creditors holding a prior security
interest, ownership interest or assignment in the property previously perfected in accordance with this subsection.

(5) The Secretary of State shall maintain any financing statement filed under this subsection in the same manner that the secretary maintains financing statements filed by utilities under article nine of chapter forty-six of this code. The filing of a financing statement under this subsection is governed by the provisions regarding the filing of financing statements in article nine of chapter forty-six of this code. However, a person filing a financing statement under this subsection is not required to file any continuation statements to preserve the perfected status of its security interest.

(6) A security interest in consumer rate relief property under a final financing order is a continuously perfected security interest and has priority over any other lien, created by operation of law or otherwise, that may subsequently attach to that property or those rights or interests unless the holder of any such lien has agreed in writing otherwise.

(7) The priority of a security interest in consumer rate relief property is not affected by the commingling of collected consumer rate relief charges with other amounts. Any pledged or secured party has a perfected security interest in the amount of all consumer rate relief charges collected that are deposited in a cash or deposit account of the qualifying utility in which such collected charges have been commingled with other funds. Any other security interest that may apply to those funds shall be terminated when the funds are transferred to a segregated account for an assignee or a financing party.

(8) No application of the adjustment mechanism as described in subsection (j) of this section affects the validity, perfection or priority of a security interest in or the transfer of consumer rate relief property under the final financing order.
Transfer, sale, etc. of consumer rate relief property.

(1) A sale, assignment or transfer of consumer rate relief property under a final financing order is an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title and interest in, to and under the property, if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer. A transfer of an interest in that property may be created only when all of the following have occurred:

(A) The financing order has become final and taken effect;

(B) The documents evidencing the transfer of the property have been executed and delivered to the assignee; and

(C) Value has been received for the property.

(2) The characterization of the sale, assignment or transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the purchaser shall be effective and perfected against all third parties and is not affected or impaired by, among other things, the occurrence of any of the following:

(A) Commingling of collected consumer rate relief charges with other amounts;

(B) The retention by the seller of any of the following:

(i) A partial or residual interest, including an equity interest, in the consumer rate relief property, whether direct or indirect, or whether subordinate or otherwise;
(ii) The right to recover costs associated with taxes, franchise fees or license fees imposed on the collection of consumer rate relief charges;

(iii) Any recourse that the purchaser or any assignee may have against the seller;

(iv) Any indemnification rights, obligations or repurchase rights made or provided by the seller;

(v) The obligation of the seller to collect consumer rate relief charges on behalf of an assignee;

(vi) The treatment of the sale, assignment or transfer for tax, financial reporting or other purposes; or

(vii) Any application of the adjustment mechanism under the final financing order.

(q) Taxation of consumer rate relief charges; consumer rate relief bonds not debt of governmental entities or a pledge of taxing powers.

(1) The imposition, billing, collection and receipt of consumer rate relief charges under this section are exempt from state income, sales, franchise, gross receipts, business and occupation and other taxes or similar charges: Provided, however, That neither this exemption nor any other provision of this subsection shall preclude any municipality from taxing consumer rate relief charges under the authority granted to municipalities pursuant to sections five and five-a of article thirteen in chapter eight of this code.

(2) Consumer rate relief bonds issued under a final financing order do not constitute a debt or a pledge of the faith and credit or taxing power of this state or of any county, municipality or any other political subdivision of this state. Bondholders have no right to have taxes levied by this state
or the taxing authority of any county, municipality or any
other political subdivision of this state for the payment of the
principal of or interest on the bonds. The issuance of
consumer rate relief bonds does not, directly, indirectly or
contingently, obligate this state or a county, municipality or
political subdivision of this state to levy a tax or make an
appropriation for payment of the principal of or interest on
the bonds.

(r) Consumer rate relief bonds as legal investments. Any
of the following may legally invest any sinking funds,
moneys or other funds belonging to them or under their
control in consumer rate relief bonds:

(1) The state, the West Virginia Investment Management
Board, the West Virginia Housing Development Fund,
municipal corporations, political subdivisions, public bodies
and public officers except for members of the Public Service
Commission;

(2) Banks and bankers, savings and loan associations,
credit unions, trust companies, building and loan
associations, savings banks and institutions, deposit
guarantee associations, investment companies, insurance
companies and associations and other persons carrying on a
banking or insurance business, including domestic for life
and domestic not for life insurance companies; and

(3) Personal representatives, guardians, trustees and other
fiduciaries.

(s) Pledge of state.

(1) The state pledges to and agrees with the bondholders,
assignees and financing parties under a final financing order
that the state will not take or permit any action that impairs
the value of consumer rate relief property under the final
financing order or revises the consumer rate relief costs for
which recovery is authorized under the final financing order
or, except as allowed under subsection (j) of this section,
reduce, alter or impair consumer rate relief charges that are
imposed, charged, collected or remitted for the benefit of the
bondholders, assignees and financing parties, until any
principal, interest and redemption premium in respect of
consumer rate relief bonds, all financing costs and all
amounts to be paid to an assignee or financing party under an
ancillary agreement are paid or performed in full.

(2) A person who issues consumer rate relief bonds is
permitted to include the pledge specified in subdivision (1) of
this subsection in the consumer rate relief bonds, ancillary
agreements and documentation related to the issuance and
marketing of the consumer rate relief bonds.

(t) *West Virginia law governs; this section controls.*

(1) The law governing the validity, enforceability,
attachment, perfection, priority and exercise of remedies with
respect to the transfer of consumer rate relief property under
a final financing order, the creation of a security interest in
any such property, consumer rate relief charges or final
financing order are the laws of this state as set forth in this
section.

(2) This section controls in the event of a conflict
between its provisions and any other law regarding the
attachment, assignment, or perfection, the effect of perfection
or priority of any security interest in or transfer of consumer
rate relief property under a final financing order.

(u) *Severability.*

If any provision of this section or the application thereof
to any person, circumstance or transaction is held by a court
of competent jurisdiction to be unconstitutional or invalid, the
unconstitutionality or invalidity does not affect the
constitutionality or validity of any other provision of this
section or its application or validity to any person,
circumstance or transaction, including, without limitation, the
irrevocability of a financing order issued pursuant to this
section, the validity of the issuance of consumer rate relief
bonds, the imposition of consumer rate relief charges, the
transfer or assignment of consumer rate relief property or the
collection and recovery of consumer rate relief charges. To
these ends, the Legislature hereby declares that the provisions
of this section are intended to be severable and that the
Legislature would have enacted this section even if any
provision of this section held to be unconstitutional or invalid
had not been included in this section.

(v) Non-utility status.

An assignee or financing party is not an electric public
utility or person providing electric service by virtue of
engaging in the transactions with respect to consumer rate
relief bonds.

CHAPTER 157

(Com. Sub. for H. B. 4345 - By Delegates Boggs,
    D. Campbell, Fragale, Diserio, Marcum,
    Moore, R. Phillips and White)

[Passed March 7, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 14, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended,
by adding thereto a new section, designated §31-2-17, relating
to the sale of company railroad scrap metal; defining terms;
requiring written authorization for sale; setting a minimum weight for railroad scrap metal sold; requiring purchaser to attempt to verify ownership; creating certain presumptions and other standards available in civil action; providing that certain presumptions are lost if a company does not follow this section; and allowing an award of costs and attorneys fees in certain circumstances.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §31-2-17, to read as follows:

ARTICLE 2. RAILROAD COMPANIES.

§31-2-17. Selling railroad scrap metal.

(a) As used in this section:

(1) “Company” is a railroad carrier as defined in section twenty-eight, article three, chapter sixty-one;

(2) “Railroad scrap metal” means any materials derived from railroad track, railroad track material, worn or used links, pins, journal bearings, or other worn, used, or detached appendages of railroad equipment or railroad track;

(3) “Purchaser” means any person in the business of purchasing railroad scrap metal, any salvage yard owner or operator, any public or commercial recycling facility owner or operator and any agent or employee thereof, or other individual or entity who purchase any form of railroad scrap metal;

(4) “Confusion of goods” means the intended mixture of similar railroad scrap metal done purposely by the purchaser without authorization of right or title to the railroad scrap metal.
(b) Only a duly authorized individual, agent, officer or employee of a company may sell or dispose of railroad scrap metal owned by the company. Any sale or disposition of railroad scrap metal made by any unauthorized individual is void: Provided, That the purchaser knowingly purchased company railroad scrap metal.

(c) All sales or disposition of company railroad scrap metal must:

(1) Be in quantities equal to or greater than one ton;

(2) Be accompanied by a bill of sale or other written evidence of authorization to sell the railroad scrap metal, a copy of which shall be retained by the purchaser and the duly authorized seller of railroad scrap metal; and

(3) Comply with other lawful requirements regarding the sale and purchase of railroad scrap metal.

(d) If a duly authorized individual sells or disposes of railroad scrap metal in quantities less than one ton, or without delivering a bill of sale or other written evidence of authorization from the company for sale or disposition of railroad scrap metal to the purchaser, the company shall not thereafter be entitled to the benefit of subsections (g) through (i) of this section.

(e) Before knowingly acquiring railroad scrap metal the purchaser shall attempt to ascertain the lawful ownership thereof, whether by evidence of a bill of sale from the company, or other form of written authorization from the company for sale or disposition of railroad scrap metal to the purchaser.

(f) In any civil action where the company claims to be the rightful owner of railroad scrap metal in the possession of a purchaser, the company may, in addition to any other relief
to which the company may be entitled, seek an immediate
order from the court to physically preserve any railroad scrap
metal which is the subject of the suit, and any other metals
with which they may have been confused, while the suit is
pending.

(g) In a civil action regarding rightful possession and
ownership of railroad scrap metal, if the purchaser cannot
produce the bill of sale or other written evidence of
authorization to sell the railroad scrap metal, the court shall
presume that the subject railroad scrap metal was unlawfully
taken from the company.

(h) The purchaser claiming ownership of the railroad
scrap metal in controversy may rebut this presumption and
prove a lawful right or title to the subject railroad scrap

shall award the company costs and attorneys fees related to
that action.

AN ACT to amend and reenact §16-5V-9 of the Code of West Virginia, 1931, as amended, relating to transfer of service credit from Public Employees Retirement System to Emergency Medical Services Retirement System.
Be it enacted by the Legislature of West Virginia:

That §16-5V-9 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5V. EMERGENCY MEDICAL SERVICES RETIREMENT SYSTEM ACT.

§16-5V-9. Transfer from Public Employees Retirement System.

(a) The Consolidated Public Retirement Board shall, within one hundred eighty days of the effective date of the transfer of an emergency medical services officer from the Public Employees Retirement System to the plan, transfer assets from the Public Employees Retirement System Trust Fund into the West Virginia Emergency Medical Services Trust Fund.

(b) Except as provided in subsection (e) of this section, the amount of assets to be transferred for each transferring emergency medical services officer shall be computed as of January 1, 2008, using July 1, 2007, actuarial valuation of the Public Employees Retirement System, and updated with seven and one-half percent annual interest to the date of the actual asset transfer. (2) Compute the actuarial accrued liabilities for all Public Employees Retirement System retirees, beneficiaries, disabled retirees and terminated inactive members as of July 1, 2007, actuarial valuation date;

made, compounded per annum;

(5) Once payments commence, selection of the period of
service being purchased may not be amended; and

(6) Service will be credited only upon receipt by the board
of all payments due.

(e) Notwithstanding any provision of this code to the
contrary, any Emergency Medical Services director who: (1) Is
an active member of the Public Employees Retirement System;
and (2) has, or obtains within one year of the effective date of
the amendments to this section enacted during the 2012 regular

ARTICLE 2. SCHOOL PERSONNEL.

§18A-2-2. Employment of teachers; contracts; continuing contract status; how terminated; dismissal for lack of need; released time; failure of teacher to perform contract or violation thereof; written notice bonus for teachers and professional personnel.

1 (a) Before entering upon their duties, all teachers shall
2 execute a contract with their county boards, which shall state
the salary to be paid and shall be in the form prescribed by
the state superintendent. Each contract shall be signed by the
teacher and by the president and secretary of the county
board and shall be filed, together with the certificate of the
teacher, by the secretary of the office of the county board:
Provided, That when necessary to facilitate the employment
of employable professional personnel and prospective and
recent graduates of teacher education programs who have not
yet attained certification, the contract may be signed upon the
condition that the certificate is issued to the employee prior
to the beginning of the employment term in which the
employee enters upon his or her duties.

(b) Each teacher’s contract, under this section, shall be
designated as a probationary or continuing contract. A
probationary teacher’s contract shall be for a term of not less
than one nor more than three years, one of which shall be for
completion of a beginning teacher internship pursuant to the
provisions of section two-b, article three of this chapter, if
applicable. If, after three years of such employment, the
teacher who holds a professional certificate, based on at least
a bachelor’s degree, has met the qualifications for a
bachelor’s degree and the county board enter into a new
contract of employment, it shall be a continuing contract,
subject to the following:

(1) Any teacher holding a valid certificate with less than
a bachelor’s degree who is employed in a county beyond the
three-year probationary period shall upon qualifying for the
professional certificate based upon a bachelor’s degree, if
reemployed, be granted continuing contract status; and

(2) A teacher holding continuing contract status with one
county shall be granted continuing contract status with any
other county upon completion of one year of acceptable
employment if the employment is during the next succeeding
school year or immediately following an approved leave of absence extending no more than one year.

(c) The continuing contract of any teacher shall remain in full force and effect except as modified by mutual consent of the school board and the teacher, unless and until terminated, subject to the following:

(1) A continuing contract may not be terminated except:

(A) By a majority vote of the full membership of the county board on or before March 1 of the then current year, after written notice, served upon the teacher, return receipt requested, stating cause or causes and an opportunity to be heard at a meeting of the board prior to the board’s action on the termination issue; or

(B) By written resignation of the teacher on or before March 1 to initiate termination of a continuing contract;

(2) The termination shall take effect at the close of the school year in which the contract is terminated;

(3) The contract may be terminated at any time by mutual consent of the school board and the teacher;

(4) This section does not affect the powers of the school board to suspend or dismiss a principal or teacher pursuant to section eight of this article;

(5) A continuing contract for any teacher holding a certificate valid for more than one year and in full force and effect during the school year 1984-1985 shall remain in full force and effect;

(6) A continuing contract does not operate to prevent a teacher’s dismissal based upon the lack of need for the
teacher’s services pursuant to the provisions of law relating to the allocation to teachers and pupil-teacher ratios. The written notification of teachers being considered for dismissal for lack of need shall be limited to only those teachers whose consideration for dismissal is based upon known or expected circumstances which will require dismissal for lack of need. An employee who was not provided notice and an opportunity for a hearing pursuant to this subsection may not be included on the list. In case of dismissal for lack of need, a dismissed teacher shall be placed upon a preferred list in the order of their length of service with that board. No teacher may be employed by the board until each qualified teacher upon the preferred list, in order, has been offered the opportunity for reemployment in a position for which he or she is qualified, not including a teacher who has accepted a teaching position elsewhere. The reemployment shall be upon a teacher’s preexisting continuing contract and has the same effect as though the contract had been suspended during the time the teacher was not employed.

(d) In the assignment of position or duties of a teacher under a continuing contract, the board may provide for released time of a teacher for any special professional or governmental assignment without jeopardizing the contractual rights of the teacher or any other rights, privileges or benefits under the provisions of this chapter. Released time shall be provided for any professional educator while serving as a member of the Legislature during any duly constituted session of that body and its interim and statutory committees and commissions without jeopardizing his or her contractual rights or any other rights, privileges, benefits or accrual of experience for placement on the state minimum salary schedule in the following school year under the provisions of this chapter, board policy and law.

(e) Any teacher who fails to fulfill his or her contract with the board, unless prevented from doing so by personal illness
or other just cause or unless released from his or her contract by the board, or who violates any lawful provision of the contract, is disqualified to teach in any other public school in the state for a period of the next ensuing school year and the State Department of Education or board may hold all papers and credentials of the teacher on file for a period of one year for the violation: Provided, That marriage of a teacher is not considered a failure to fulfill, or violation of, the contract.

(f) Any classroom teacher, as defined in section one, article one of this chapter, who desires to resign employment with a county board or request a leave of absence, the resignation or leave of absence to become effective on or before July 15 of the same year and after completion of the employment term, may do so at any time during the school year by written notification of the resignation or leave of absence and any notification received by a county board shall automatically extend the teacher’s public employee insurance coverage until August 31 of the same year.

(g) (1) A classroom teacher who gives written notice to the county board on or before January 15 of the school year of his or her retirement from employment with the board at the conclusion of the school year shall be paid $500 from the Early Notification of Retirement line item established for the Department of Education for this purpose, subject to appropriation by the Legislature. If the appropriations to the Department of Education for this purpose are insufficient to compensate all applicable teachers, the Department of Education shall request a supplemental appropriation in an amount sufficient to compensate all such teachers. Additionally, if funds are still insufficient to compensate all applicable teachers, the priority of payment is for teachers who give written notice the earliest. This payment shall not be counted as part of the final average salary for the purpose of calculating retirement.
(2) The position of a classroom teacher providing written notice of retirement pursuant to this subsection may be considered vacant and the county board may immediately post the position as an opening to be filled at the conclusion of the school year. If a teacher has been hired to fill the position of a retiring classroom teacher prior to the start of the next school year, the retiring classroom teacher is disqualified from continuing his or her employment in that position. However, the retiring classroom teacher may be permitted to continue his or her employment in that position and forfeit the early retirement notification payment if, after giving notice of retirement in accordance with this subsection, he or she becomes subject to a significant unforeseen financial hardship, including a hardship caused by the death or illness of an immediate family member or loss of employment of a spouse. Other significant unforeseen financial hardships shall be determined by the county superintendent on a case-by-case basis. This subsection does not prohibit a county school board from eliminating the position of a retiring classroom teacher.

§18A-2-6. Continuing contract status for service personnel; termination.

After three years of acceptable employment, each service personnel employee who enters into a new contract of employment with the board shall be granted continuing contract status: Provided, That a service personnel employee holding continuing contract status with one county shall be granted continuing contract status with any other county upon completion of one year of acceptable employment if such employment is during the next succeeding school year or immediately following an approved leave of absence extending no more than one year. The continuing contract of any such employee shall remain in full force and effect except as modified by mutual consent of the school board and the employee, unless and until terminated with written notice, stating cause or causes,
to the employee, by a majority vote of the full membership of
the board before March 1 of the then current year, or by written
resignation of the employee on or before that date. The affected
employee has the right of a hearing before the board, if
requested, before final action is taken by the board upon the
termination of such employment.

Those employees who have completed three years of
acceptable employment as of the effective date of this
legislation shall be granted continuing contract status.

§18A-2-7. Assignment, transfer, promotion, demotion, suspension
and recommendation of dismissal of school personnel
by superintendent; preliminary notice of transfer;
hearing on the transfer; proof required.

(a) The superintendent, subject only to approval of the
board, may assign, transfer, promote, demote or suspend school
personnel and recommend their dismissal pursuant to
provisions of this chapter. However, an employee shall be
notified in writing by the superintendent on or before March 1
if he or she is being considered for transfer or to be transferred.
Only those employees whose consideration for transfer or
intended transfer is based upon known or expected
circumstances which will require the transfer of employees
shall be considered for transfer or intended for transfer and the
notification shall be limited to only those employees. Any
teacher or employee who desires to protest the proposed
transfer may request in writing a statement of the reasons for
the proposed transfer. The statement of reasons shall be
delivered to the teacher or employee within ten days of the
receipt of the request. Within ten days of the receipt of the
statement of the reasons, the teacher or employee may make
written demand upon the superintendent for a hearing on the
proposed transfer before the county board of education. The
hearing on the proposed transfer shall be held on or before
April 15. At the hearing, the reasons for the proposed transfer
must be shown.
(b) The superintendent at a meeting of the board on or before April 15 shall furnish in writing to the board a list of teachers and other employees to be considered for transfer and subsequent assignment for the next ensuing school year. An employee who was not provided notice and an opportunity for a hearing pursuant to subsection (a) of this section may not be included on the list. All other teachers and employees not so listed shall be considered as reassigned to the positions or jobs held at the time of this meeting. The list of those recommended for transfer shall be included in the minute record of the meeting and all those so listed shall be notified in writing, which notice shall be delivered in writing, by certified mail, return receipt requested, to the persons’ last known addresses within ten days following the board meeting, of their having been so recommended for transfer and subsequent assignment and the reasons therefor.

(c) The superintendent’s authority to suspend school personnel shall be temporary only pending a hearing upon charges filed by the superintendent with the board of education and the period of suspension may not exceed thirty days unless extended by order of the board.

(d) The provisions of this section respecting hearing upon notice of transfer is not applicable in emergency situations where the school building becomes damaged or destroyed through an unforeseeable act and which act necessitates a transfer of the school personnel because of the aforementioned condition of the building.

§18A-2-8a. Notice to probationary personnel of rehiring or nonrehiring; hearing.

The superintendent at a meeting of the board on or before April 15 of each year shall provide in writing to the board a list of all probationary teachers that he or she recommends to be rehired for the next ensuing school year. The board shall act
upon the superintendent’s recommendations at that meeting in accordance with section one of this article. The board at this same meeting shall also act upon the retention of other probationary employees as provided in sections two and five of this article. Any such probationary teacher or other probationary employee who is not rehired by the board at that meeting shall be notified in writing, by certified mail, return receipt requested, to such persons’ last known addresses within ten days following said board meeting, of their not having been rehired or not having been recommended for rehiring.

Any probationary teacher who receives notice that he or she has not been recommended for rehiring or other probationary employee who has not been reemployed may within ten days after receiving the written notice request a statement of the reasons for not having been rehired and may request a hearing before the board. The hearing shall be held at the next regularly scheduled board of education meeting or a special meeting of the board called within thirty days of the request for hearing. At the hearing, the reasons for the nonrehiring must be shown.

(5) Specialized training directly related to the performance of the job as stated in the job description;
(6) Receiving an overall rating of satisfactory in the previous two evaluations conducted pursuant to section twelve, article two of this chapter; and

(7) Seniority.

(e) In filling positions pursuant to subsection (d) of this section, consideration shall be given to each criterion with each criterion being given equal weight. If the applicant with the most seniority is not selected for the position, upon the request of the applicant a written statement of reasons shall be given to the applicant with suggestions for improving the applicant’s qualifications.

(f) With the exception of guidance counselors, the seniority of classroom teachers, as defined in section one, article one of this chapter shall be determined on the basis of the length of time the employee has been employed as a regular full-time certified and/or licensed professional educator by the county board of education and shall be granted in all areas that the employee is certified, licensed or both.

(g) Upon completion of one hundred thirty-three days of employment in any one school year, substitute teachers, except retired teachers and other retired professional educators employed as substitutes, shall accrue seniority exclusively for the purpose of applying for employment as a permanent, full-time professional employee. One hundred thirty-three days or more of said employment shall be prorated and shall vest as a fraction of the school year worked by the permanent, full-time teacher.

(h) Guidance counselors and all other professional employees, as defined in section one, article one of this chapter, except classroom teachers, shall gain seniority in their nonteaching area of professional employment on the
basis of the length of time the employee has been employed
by the county board of education in that area: Provided, That
if an employee is certified as a classroom teacher, the
employee accrues classroom teaching seniority for the time
that that employee is employed in another professional area.
For the purposes of accruing seniority under this paragraph,
employment as principal, supervisor or central office
administrator, as defined in section one, article one of this
chapter, shall be considered one area of employment.

(i) Employment for a full employment term shall equal
one year of seniority, but no employee may accrue more than
one year of seniority during any given fiscal year.
Employment for less than the full employment term shall be
prorated. A random selection system established by the
employees and approved by the board shall be used to
determine the priority if two or more employees accumulate
identical seniority: Provided, That when two or more
principals have accumulated identical seniority, decisions on
reductions in force shall be based on qualifications.

(j) Whenever a county board is required to reduce the
number of professional personnel in its employment, the
employee with the least amount of seniority shall be properly
notified and released from employment pursuant to the
provisions of section two, article two of this chapter. The
provisions of this subsection are subject to the following:

(1) All persons employed in a certification area to be
reduced who are employed under a temporary permit shall be
properly notified and released before a fully certified
employee in such a position is subject to release;

(2) An employee subject to release shall be employed in
any other professional position where the employee is
certified and was previously employed or to any lateral area
for which the employee is certified, licensed or both, if the
employee’s seniority is greater than the seniority of any other employee in that area of certification, licensure or both;

(3) If an employee subject to release holds certification, licensure or both in more than one lateral area and if the employee’s seniority is greater than the seniority of any other employee in one or more of those areas of certification, licensure or both, the employee subject to release shall be employed in the professional position held by the employee with the least seniority in any of those areas of certification, licensure or both; and

(4) If, prior to August 1, of the year a reduction in force is approved, the reason for any particular reduction in force no longer exists as determined by the county board in its sole and exclusive judgment, the board shall rescind the reduction in force or transfer and shall notify the released employee in writing of his or her right to be restored to his or her position of employment. Within five days of being so notified, the released employee shall notify the board, in writing, of his or her intent to resume his or her position of employment or the right to be restored shall terminate. Notwithstanding any other provision of this subdivision, if there is another employee on the preferred recall list with proper certification and higher seniority, that person shall be placed in the position restored as a result of the reduction in force being rescinded.

(k) For the purpose of this article, all positions which meet the definition of “classroom teacher” as defined in section one, article one of this chapter shall be lateral positions. For all other professional positions, the county board of education shall adopt a policy by October 31, 1993, and may modify the policy thereafter as necessary, which defines which positions shall be lateral positions. The board shall submit a copy of its policy to the state board within thirty days of adoption or any modification, and the state
(l) After the twentieth day prior to the beginning of the instructional term, no person employed and assigned to a professional position may transfer to another professional position in the county during that instructional term unless the person holding that position does not have valid certification. The provisions of this subsection are subject to the following:

(1) The person may apply for any posted, vacant positions with the successful applicant assuming the position at the beginning of the next instructional term;

(2) Professional personnel who have been on an approved leave of absence may fill these vacancies upon their return from the approved leave of absence;

(3) The county board, upon recommendation of the superintendent may fill a position before the next instructional term when it is determined to be in the best interest of the students. The county superintendent shall notify the state board of each transfer of a person employed in a professional position to another professional position after the twentieth day prior to the beginning of the instructional term;

(4) The provisions of this subsection do not apply to the filling of a position vacated because of resignation or
retirement that became effective on or before the twentieth
day prior to the beginning of the instructional term, but not
posted until after that date; and

(5) The Legislature finds that it is not in the best interest of the
students particularly in the elementary grades to have multiple
teachers for any one grade level or course during the instructional
term. It is the intent of the Legislature that the filling of positions
through transfers of personnel from one professional position to
another after the twentieth day prior to the beginning of the
instructional term should be kept to a minimum.

(m) All professional personnel whose seniority with the
county board is insufficient to allow their retention by the
county board during a reduction in work force shall be placed
upon a preferred recall list. As to any professional position
opening within the area where they had previously been
employed or to any lateral area for which they have
certification, licensure or both, the employee shall be recalled
on the basis of seniority if no regular, full-time professional
personnel, or those returning from leaves of absence with
greater seniority, are qualified, apply for and accept the
position.

(n) Before position openings that are known or expected
to extend for twenty consecutive employment days or longer
for professional personnel may be filled by the board, the
board shall be required to notify all qualified professional
personnel on the preferred list and give them an opportunity
to apply, but failure to apply shall not cause the employee to
forfeit any right to recall. The notice shall be sent by
certified mail to the last known address of the employee, and
it shall be the duty of each professional personnel to notify
the board of continued availability annually, of any change in
address or of any change in certification, licensure or both.
(o) Openings in established, existing or newly created positions shall be processed as follows:

(1) Boards shall be required to post and date notices which shall be subject to the following:

(A) The notices shall be posted in conspicuous working places for all professional personnel to observe for at least five working days;

(B) The notices shall be posted within twenty working days of the position openings and shall include the job description;

(C) Any special criteria or skills that are required by the position shall be specifically stated in the job description and directly related to the performance of the job;

(D) Postings for vacancies made pursuant to this section shall be written so as to ensure that the largest possible pool of qualified applicants may apply; and

(E) Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant;

(2) No vacancy shall be filled until after the five-day minimum posting period;

(3) If one or more applicants meets the qualifications listed in the job posting, the successful applicant to fill the vacancy shall be selected by the board within thirty working days of the end of the posting period;

(4) A position held by a teacher who is certified, licensed or both, who has been issued a permit for full-time employment and is working toward certification in the permit
area shall not be subject to posting if the certificate is awarded within five years; and

(5) Nothing provided herein shall prevent the county board of education from eliminating a position due to lack of need.

(p) Notwithstanding any other provision of the code to the contrary, where the total number of classroom teaching positions in an elementary school does not increase from one school year to the next, but there exists in that school a need to realign the number of teachers in one or more grade levels, kindergarten through six, teachers at the school may be reassigned to grade levels for which they are certified without that position being posted: Provided, That the employee and the county board of education mutually agree to the reassignment.

(q) Reductions in classroom teaching positions in elementary schools shall be processed as follows:

(1) When the total number of classroom teaching positions in an elementary school needs to be reduced, the reduction shall be made on the basis of seniority with the least senior classroom teacher being recommended for transfer; and

(2) When a specified grade level needs to be reduced and the least senior employee in the school is not in that grade level, the least senior classroom teacher in the grade level that needs to be reduced shall be reassigned to the position made vacant by the transfer of the least senior classroom teacher in the school without that position being posted: Provided, That the employee is certified, licensed or both and agrees to the reassignment.

(r) Any board failing to comply with the provisions of this article may be compelled to do so by mandamus and shall
be liable to any party prevailing against the board for court costs and reasonable attorney fees as determined and established by the court. Further, employees denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactive to the date of the violation and payable entirely from local funds. Further, the board shall be liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

(s) The county board shall compile, update annually on July 1 and make available by electronic or other means to all employees a list of all professional personnel employed by the county, their areas of certification and their seniority.

CHAPTER 165

(Com. Sub. for H. B. 4236 - By Mr. Speaker, Mr. Thompson, and Delegate Armstead) [By Request of the Executive]

[Passed March 10, 2012; in effect ninety days from passage.] [Approved by the Governor on March 30, 2012.]

AN ACT to amend and reenact §18A-2-12 of the Code of West Virginia, 1931, as amended; and to amend said code by adding thereto a new article, designated §18A-3C-1, §18A-3C-2 and §18A-3C-3, all relating to establishing a new system of performance evaluations of classroom teachers, principals and assistant principals; exclusions from the definition of professional personnel for certain evaluation purposes; providing findings, purposes, definitions and intent of new provisions; providing for
phased implementation and legislative oversight; requiring state board rules and submissions of draft rules to legislative oversight commission; providing minimum provisions of evaluation processes for teachers and principals and specific percentages of evaluation score to be based on standards and student performance; providing for evaluations to serve certain purposes, including plans of improvement and personnel actions for unsatisfactory performance; requiring certain employee training prior to implementation of new evaluation processes; providing intent of new comprehensive system of support; requiring the state board to publish guidelines for county boards on design and implementation of comprehensive system of support; restricting certain funding subject to adoption of comprehensive system plan by county that is verified by state board as meeting certain requirements; specifying contents of plan; and providing for transition of appropriations to support execution of plans and use of funds.

Be it enacted by the Legislature of West Virginia:

That §18A-2-12 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that said code be amended by adding thereto a new article, designated §18A-3C-1, §18A-3C-2 and §18A-3C-3, all to read as follows:

ARTICLE 2. SCHOOL PERSONNEL.

§18A-2-12. Performance evaluations of school personnel; professional personnel evaluation process.

(a) The state board shall adopt a written system for the evaluation of the employment performance of personnel, which system shall be applied uniformly by county boards in the evaluation of the employment performance of personnel employed by the board.

(b) The system adopted by the state board for evaluating the employment performance of professional personnel shall be in accordance with the provisions of this section.
(c) For purposes of this section, “professional personnel”, “professional” or “professionals”, means professional personnel as defined in section one, article one of this chapter but does not include classroom teachers, principals and assistant principals subject to the evaluation processes established pursuant to the provisions of section two, article three-c of this chapter when the school at which these professional personnel are employed is selected to participate in those evaluation processes as part of the multi-step implementation leading to full statewide implementation by school year 2013-2014.

(d) In developing the professional personnel performance evaluation system, and amendments thereto, the state board shall consult with the Center for Professional Development created in article three-a of this chapter. The center shall participate actively with the state board in developing written standards for evaluation which clearly specify satisfactory performance and the criteria to be used to determine whether the performance of each professional meets those standards.

(e) The performance evaluation system shall contain, but not be limited to, the following information:

(1) The professional personnel positions to be evaluated, whether they be teachers, substitute teachers, administrators, principals or others;

(2) The frequency and duration of the evaluations, which shall be on a regular basis and of such frequency and duration as to insure the collection of a sufficient amount of data from which reliable conclusions and findings may be drawn. For school personnel with five or more years of experience who have not received an unsatisfactory rating, evaluations shall be conducted no more than once every three years unless the principal determines an evaluation for a particular school employee is needed more frequently. Until the school or school system at which they are employed is subject to the provisions of article three-c of this chapter, for classroom teachers with five or more years of experience who have not received an unsatisfactory
rating, an evaluation shall be conducted or professional growth
and development plan required only when the principal
determines it is necessary for a particular classroom teacher or
when a classroom teacher exercises the option of being
evaluated at more frequent intervals;

(3) The evaluation shall serve the following purposes:

(A) Serve as a basis for the improvement of the
performance of the personnel in their assigned duties;

(B) Provide an indicator of satisfactory performance for
individual professionals;

(C) Serve as documentation for a dismissal on the grounds
of unsatisfactory performance; and

(D) Serve as a basis for programs to increase the
professional growth and development of professional personnel;

(4) The standards for satisfactory performance for
professional personnel and the criteria to be used to determine
whether the performance of each professional meets those
standards and other criteria for evaluation for each professional
position evaluated. Professional personnel, as appropriate, shall
demonstrate competency in the knowledge and implementation
of the technology standards adopted by the state board. If a
professional fails to demonstrate competency in the knowledge
and implementation of these standards, he or she will be subject
to an improvement plan to correct the deficiencies; and

(5) Provisions for a written improvement plan, which shall
be specific as to what improvements, if any, are needed in the
performance of the professional and shall clearly set forth
recommendations for improvements, including
recommendations for additional education and training during
the professional’s recertification process.

(f) A professional whose performance is considered to be
unsatisfactory shall be given notice of deficiencies. A
remediation plan to correct deficiencies shall be developed by the employing county board and the professional. The professional shall be given a reasonable period of time for remediation of the deficiencies and shall receive a statement of the resources and assistance available for the purposes of correcting the deficiencies.

(g) No person may evaluate professional personnel for the purposes of this section unless the person has an administrative certificate issued by the state superintendent and has successfully completed education and training in evaluation skills through the center for professional development, or equivalent education training approved by the state board, which will enable the person to make fair, professional, and credible evaluations of the personnel whom the person is responsible for evaluating. After July 1, 1994, no person may be issued an administrative certificate or have an administrative certificate renewed unless the state board determines that the person has successfully completed education and training in evaluation skills through the center for professional development or equivalent education and training approved by the state board.

(h) Any professional whose performance evaluation includes a written improvement plan shall be given an opportunity to improve his or her performance through the implementation of the plan. If the next performance evaluation shows that the professional is now performing satisfactorily, no further action may be taken concerning the original performance evaluation. If the evaluation shows that the professional is still not performing satisfactorily, the evaluator either shall make additional recommendations for improvement or may recommend the dismissal of the professional in accordance with the provisions of section eight of this article.

(i) Lesson plans are intended to serve as a daily guide for teachers and substitutes for the orderly presentation of the curriculum. Lesson plans may not be used as a substitute for observations by an administrator in the performance evaluation process. A classroom teacher, as defined in section one, article
one of this chapter, may not be required to post his or her lesson
plans on the Internet or otherwise make them available to
students and parents or to include in his or her lesson plans any
of the following:

(1) Teach and reteach strategies;

(2) Write to learn activities;

(3) Cultural diversity;

(4) Color coding; or

(5) Any other similar items which are not required to serve
as a guide to the teacher or substitute for daily instruction; and

(j) The Legislature finds that classroom teachers must be
free of unnecessary paper work so that they can focus their time
on instruction. Therefore, classroom teachers may not be
required to keep records or logs of routine contacts with parents
or guardians.

(k) Nothing in this section may be construed to prohibit
classroom teachers from voluntarily posting material on the
Internet. Nothing in article three-c of this chapter may be
construed to negate the provisions of subsections (i) and (j) of
this section.

ARTICLE 3C. IMPROVING TEACHING AND LEARNING.

§18A-3C-1. Findings; purposes and definition.

(a) The Legislature makes the following findings:

(1) Processes set forth in this article for evaluation, teacher
induction and professional growth is not intended to make up for
substandard initial preparation of teachers, but instead is
intended to build on a solid foundation created by the teacher
preparation programs. Therefore, the Legislature expects the
teacher preparation programs to graduate teachers who can
perform at a level that increases student achievement. The Legislature expects that the processes set forth in this article will allow a teacher to excel beyond that level in the classroom;

(2) The comprehensive system of support provided for in this article should be implemented in a way that, as compared with the beginning teacher internship system, much more effectively provides for the professional growth of teachers;

(3) In order for the comprehensive system of support to much more effectively provide for professional growth for teachers, funding should be greatly increased over and above what has been provided for the beginning teacher internship system; and

(4) Although the quality of the teacher in the classroom is extremely important to the academic achievement of students, students cannot learn if they are not in the classroom. Therefore, attending school on a regular basis is of utmost importance to the academic success of students.

(b) The purpose of this article is to create a comprehensive infrastructure that routinely supports a continuous process for improving teaching and learning. Its focus is on developing strong teaching and school leadership, without which effective learning does not occur. The general components of this infrastructure include the following:

(1) High-quality teacher preparation, induction and evaluation;

(2) Universal support for emerging teachers including comprehensive new teacher induction and support for student teachers, teachers teaching in assignments for which they have less than a full professional credential and teacher candidates pursuing certification through an alternative route;

(3) Evaluation of the performance of teachers and leaders in demonstrating high quality professional practice, leadership and collaboration and the resulting growth in student learning;
(4) Focused improvement in teaching and learning through
the use of evaluation data to inform the delivery of professional
development and additional supports to improve teaching based
on the evaluation results and to inform the need for
improvements in teacher preparation programs; and

(5) The creation of a leadership culture that seeks and builds
powerful alliances among all stakeholders focused on
continuous growth in student learning.

c) For purposes of this article “professional personnel”
includes classroom teachers, assistant principals and principals
as defined in section one, article one chapter eighteen-a of this
code.

§18A-3C-2. Performance evaluations of professional personnel.

(a) The intent of the Legislature is to allow for a multi-step
statewide implementation of performance evaluations for
professional personnel pursuant to this section consistent with
sound educational practices and resources available resulting in
full state-wide implementation by no later than the school year
2013-2014. Beginning with the schools included in the
evaluation processes for professional personnel piloted by the
Department of Education during the 2011-2012 school year,
additional schools or school systems shall be subject to the
provisions of this article in accordance with a plan established by
the state board to achieve full statewide implementation by no
later than the school year 2013-2014. For schools and school
systems subject to the provisions of this article, the provisions of
this article shall govern when they are in conflict with other
provisions of this chapter and chapter eighteen of this code.
Specifically, the provisions of this article govern for the
performance evaluation of classroom teachers, principals and
assistant principals employed in these schools and school
systems. To the extent that this article conflicts with the
provisions of section twelve, article two of this chapter relating
to professional personnel performance evaluations, this article
shall govern. The state board shall submit a report on its plan for
the phased implementation of this article to the Legislative Oversight Commission on Education Accountability at the Commission’s July interim meeting in each year of the phased implementation. The report shall include an update on the implementation of this article including, but not limited to the evaluation process and a list of the schools and school systems subject to the provisions of this article. To assist the Legislative Oversight Commission on Education Accountability in monitoring the implementation of this article, the state board shall report to the Commission upon its request throughout the implementation process, including but not limited to, reports on the results of surveys of teachers and principals on the implementation and use of the new evaluation system, the adequacy of the professional development given to employees on the purposes, instruments and procedures of the evaluation process, the time consumed by the evaluation process and the various tasks required for employees of different levels of experience, the aggregate results of the evaluations and any recommendations for changes in the process or other aspects of the duties of affected employees to improve the focus on the core mission of schools of teaching and learning.

(b) Before July 1, 2013, the state board shall adopt a legislative rule in accordance with article three-b, chapter twenty-nine-a of this code, for evaluating the performance of each professional person each year. The state board shall submit a draft of the proposed rule to the Legislative Oversight Commission on Education Accountability by February 15, 2013, and a final draft proposed rule prior to adoption. The rule shall provide for performance evaluations of professional personnel to be conducted in accordance with this section in each school and school system beginning with the 2013-14 school year.

(c)(1) The process adopted by the state board for evaluating the performance of classroom teachers shall incorporate at least the following:

(A) Alignment with the West Virginia professional teaching standards adopted by the state board that establish the
foundation for educator preparation, teacher assessment and professional development throughout the state;

(B) Employment of the professional teaching standards to provide explicit and extensive measures of the work of teaching and what teachers must know and be able to do and provide evaluative measures of educator performance;

(C) The use of two pieces of evidence at two points in time over the instructional term to demonstrate student learning as an indicator of educator performance; and

(D) The use of school’s school-wide student learning growth as measured by the state-wide summative assessment as an evaluative measure of all educators employed in the school.

(2) Eighty percent of the evaluation shall be based on an appraisal of the educator’s ability to perform the critical standard elements of the professional teaching standards. The appraisal shall include conferences with the evaluator reinforced through observation. Fifteen percent of the evaluation shall be based on evidence of the learning of the students assigned to the educator in accordance with paragraph (C), subdivision (1) of this subsection, and five percent of the evaluation shall be based on student learning growth measured by the school-wide score on the state summative assessment in accordance with paragraph (D), subdivision (1) of this subsection.

(d) (1) The process adopted by the state board for evaluating the performance of principals and assistant principals shall include at least the following:

(A) Alignment with the West Virginia professional leadership standards adopted by the state board establishing the responsibility of principals for the collective success of their school including the learning, growth and achievement of students, staff and self;
(B) Employment of the professional leadership standards to provide explicit and extensive measures of the work of school leadership focused on the continuous improvement of teaching and learning. The process shall include conferences and goal setting with the superintendent or his or her designee and the use of a survey of stakeholders to assist in identifying the needs and establishing the goals for the school and the principal. The survey shall be distributed to at least the following stakeholders: Students, parents, teachers and service personnel. The evaluative measures shall include the use of data, evidence and artifacts to confirm the principal’s performance on achieving the goals established by the principal and superintendent;

(C) The use of two pieces of evidence at two points in time over the instructional term to demonstrate the growth in student learning at the school; and

(D) The use of the school’s school-wide student learning growth as measured by the state-wide summative assessment as an evaluative measure of all educators employed in the school.

(2) Eighty percent of the evaluation shall be based on an appraisal of the principal’s or the assistant principal’s ability to perform the critical standard elements of the professional leadership standards and achieve the goals established for the principal and the school. Fifteen percent of the evaluation shall be based on evidence of the learning of the students assigned to the school in accordance with paragraph (C), subdivision (1) of this subsection, and five percent of the evaluation shall be based on student learning growth measured by the school-wide score on the state summative assessment in accordance with paragraph (D), subdivision (1) of this subsection.

(e) Evaluations of the performance of professional personnel shall serve the following purposes:

(1) Serve as a basis for the improvement of the performance of the professional personnel in their assigned duties;
(2) Serve as the basis for providing professional development specifically targeted on the area or areas identified through the evaluation process as needing improvement. If possible, this targeted professional development should be delivered at the school-site using collaborative processes, mentoring or coaching or other approaches that maximize use of the instructional setting;

(3) Serve as the basis for establishing priorities for the provision of county-level professional development when aggregate evaluation data from the county’s schools indicates an area or areas of needed improvement;

(4) Serve as a basis for informing the teacher preparation programs in this state of an area or areas of needed improvement in the programs, or informing a specific program of needed improvement, when state-level aggregate evaluation data indicates that beginning teachers who have graduated from the program have specific weaknesses;

(5) Provide an indicator of level of performance of the professional personnel;

(6) Serve as a basis for programs to increase the professional growth and development of professional personnel; and

(7) Serve as documentation for a dismissal on the grounds of unsatisfactory performance.

(f) The rule adopted by the state board shall include standards for performance of professional personnel and the criteria to be used to determine whether their performance meets the standards. The rule also shall include guidance on best practices for providing time within the school day for teachers subject to performance evaluations under this section to participate in the collaborative mentoring or coaching and planning processes necessary for execution of the performance
evaluation process and achieving advanced levels of
performance.

(g) The rule adopted by the state board shall include
provisions for written improvement plans when necessary to
improve the performance of the professional personnel. The
written improvement plan shall be specific as to what
improvements are needed in the performance of the professional
personnel and shall clearly set forth recommendations for
improvements including recommendations for additional
education and training of professionals subject to recertification.
Professional personnel whose performance evaluation includes
a written improvement plan shall be given an opportunity to
improve his or her performance through the implementation of
the plan.

(h) A professional person whose performance is considered
to be unsatisfactory shall be given written notice of his or her
deficiencies. A written improvement plan to correct these
deficiencies shall be developed by the employing county board
and the employee. The professional person shall be given a
reasonable period of time, not exceeding twelve months, to
accomplish the requirements of the improvement plan and shall
receive a written statement of the resources and assistance
available for the purposes of correcting the deficiencies. If the
next performance evaluation shows that the professional is now
performing satisfactorily, no further action may be taken
concerning the original performance evaluation. If the
evaluation shows that the professional is still not performing
satisfactorily, the evaluator either shall make additional written
recommendations for improvement or may recommend the
dismissal of the professional personnel in accordance with the
provisions of section eight, article two of this chapter.

(i) No person may evaluate professional personnel for the
purposes of this section unless the person has an administrative
certificate issued by the state superintendent and has successfully
completed education and training in evaluation skills through the
center for professional development, or equivalent education
training approved by the state board, which will enable the
person to make fair, professional, and credible evaluations of the
personnel whom the person is responsible for evaluating.

(j) Prior to implementation of the evaluation process
pursuant to this section at a school, each affected employee shall
be given training to ensure that the employees have a full
understanding of the purposes, instruments and procedures used
in evaluating their performance. Thereafter, this training shall be
held annually at the beginning of the employment term.

§18A-3C-3. Comprehensive system for teacher induction and
professional growth.

(a) The intent of the Legislature is to allow for a multistep
statewide implementation of a comprehensive system of support
for building professional practice of beginning teachers,
specifically those on the initial and intermediate progressions,
consistent with sound educational practices and resources
available. In this regard, it is the intent of the Legislature that the
transition of schools and school systems to a comprehensive
system of support that includes support for improved
professional performance targeted on deficiencies identified
through the evaluation process will be implemented concurrent
with the first year that a school or system receives final
evaluation results from the performance evaluation process
pursuant to section two of this article. Further, because of
significant variability among the counties, not only in the size of
their teaching force, distribution of facilities and available
resources, but also because of their varying needs, the
Legislature intends for the implementation of this section to be
accomplished in a manner that provides adequate flexibility to
the counties to design and implement a comprehensive system
of support for improving professional performance that best
achieves the goals of this section within the county. Finally,
because of the critical importance of ensuring that all teachers
perform at the accomplished level or higher in the delivery of
instruction that at least meets the West Virginia professional
teaching standards and because achieving this objective at a
minimum entails providing assistance to address the needs as indicated by the data informed results of annual performance evaluations, including the self-assessed needs of the teachers themselves, the Legislature expects the highest priority for county, regional and state professional development will be on meeting these needs and that the transition to a comprehensive system of support for improving professional practice will reflect substantial redirection of existing professional development resources toward this highest priority.

(b) On or before July 1, 2012, the state board shall publish guidelines on the design and implementation of a comprehensive system of support for improving professional practice. The purpose of the guidelines is to assist the county board with the design and implementation of a system that best achieves the goals of this section within the county. The guidelines may include examples of best practices and resources available to county boards to assist them with the design and implementation of a comprehensive system.

(c) For schools and school systems subject to the provisions of this article, the provisions of this article govern when they are in conflict with section two-b, article three of this chapter relating to beginning teacher internships, or in conflict with other provisions of this chapter and chapter eighteen of this code.

(d) Effective for the school year beginning July 1, 2013, and thereafter, a county board is not eligible to receive state funding appropriated for the purposes of this section or any other provision of law related to beginning teacher internships and mentor teachers unless it has adopted a plan for implementation of a comprehensive system of support for improving professional practice, the plan has been verified by the state board as meeting the requirements of this section and the county is implementing the plan. The plan shall address the following:

(1) The manner in which the county will provide the strong school-based support and supervision that will assist beginning teachers in developing instructional and management strategies,
procedural and policy expertise, and other professional practices
they need to be successful in the classroom and perform at the
accomplished level. Nothing in this subdivision prohibits a
school or school system that was granted an exception or waiver
from section two-c, article three of this chapter prior to the
effective date of this section from continuing implementation of
the program in accordance with the exception or waiver;

(2) The manner in which the county in cooperation with the
teacher preparation programs in this state will provide strong
school-based support and assistance necessary to make student
teaching a productive learning experience;

(3) The manner in which the county will use the data from
the educator performance evaluation system to serve as the basis
for providing professional development specifically targeted on
the area or areas identified through the evaluation process as
needing improvement. If possible, this targeted professional
development should be delivered at the school-site using
collaborative processes, mentoring or coaching or other
approaches that maximize use of the instructional setting;

(4) The manner in which the county will use the data from

§18A-4-5. Salary equity among the counties; state salary supplement.

(a) For the purposes of this section, salary equity among the counties means that the salary potential of school employees employed by the various districts throughout the state does not differ by greater than ten percent between those offering the highest salaries and those offering the lowest salaries. In the case of professional educators, the difference shall be calculated using the average of the professional educator salary schedules, degree classifications B. A. through doctorate and the years of experience provided in the most recent state minimum salary schedule for teachers, in effect in the ten counties offering the highest salary schedules compared to the lowest salary schedule in effect among the fifty-five counties. In the case of school service personnel, the difference shall be calculated utilizing the average of the school service personnel salary schedules, pay grades A
through H and the years of experience provided in the most recent state minimum pay scale pay grade for service personnel, in effect in the ten counties offering the highest salary schedules compared to the lowest salary schedule in effect among the fifty-five counties.

(b) To meet the objective of salary equity among the counties, as defined in subsection (a) of this section, on and after July 1, 1984, subject to available state appropriations and the conditions set forth herein, each teacher and school service personnel shall receive an equity supplement amount as specified in sections two and eight-a, respectively, of this article in addition to the amount from the state minimum salary schedules provided in those sections.

(c) State funds for this purpose shall be paid within the West Virginia public school support plan in accordance with article nine-a, chapter eighteen of this code. The amount allocated for salary equity shall be apportioned between teachers and school service personnel in direct proportion to that amount necessary to support the professional salaries and service personnel salaries statewide under sections four, five and eight, article nine-a, chapter eighteen of this code. In the event the Department of Education determines that the objective of salary equity among the counties has not been met, it shall include in its budget request for the public school support plan for the next school year a request for funding sufficient to meet the objective of salary equity through an across-the-board increase in the equity supplement amount of the affected class of employees.

(d) Pursuant to this section, each teacher and service person shall receive from state funds the equity supplement amount indicated in subsection (c), section two and subsection (f), section eight-a of this article, as applicable, reduced by any amount provided by the county as a salary supplement for teachers and school service personnel on January 1, 1984.
(e) The amount received pursuant to this section shall not be decreased as a result of any county supplement increase instituted after January 1, 1984: Provided, That any amount received pursuant to this section may be reduced proportionately based upon the amount of funds appropriated for this purpose. No county may reduce any salary supplement that was in effect on January 1, 1984, except as permitted by sections five-a and five-b of this article.

§18A-4-8a. Service personnel minimum monthly salaries.

(a) The minimum monthly pay for each service employee shall be as follows:

(1) Beginning July 1, 2011, and continuing thereafter, the minimum monthly pay for each service employee whose employment is for a period of more than three and one-half hours a day shall be at least the amounts indicated in the State Minimum Pay Scale Pay Grade and the minimum monthly pay for each service employee whose employment is for a period of three and one-half hours or less a day shall be at least one half the amount indicated in the State Minimum Pay Scale Pay Grade set forth in this subdivision.

These payments: (i) Shall be in addition to any amounts prescribed in the applicable State Minimum Pay Scale Pay Grade, any specific additional amounts prescribed in this section and article and any county supplement in effect in a county pursuant to section five-b of this article; (ii) shall be paid in equal monthly installments; and (iii) shall be considered a part of the state minimum salaries for service personnel.

CHAPTER 170

(H. B. 4655 - By Delegates M. Poling and Paxton)

[Passed March 10, 2012; in effect from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §18A-4-8e of the Code of West Virginia, 1931, as amended, relating to school service personnel certification; establishing criteria for certain certificate issuance, denial and revocation; establishing certification review panel; requiring reporting of certain acts; providing for certificate recall and correction under certain circumstance; and requiring State Board rule.

Be it enacted by the Legislature of West Virginia:

That §18A-4-8e of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 4. SALARIES, WAGES AND OTHER BENEFITS.

§18A-4-8e. Competency testing for service personnel; and recertification testing for bus operators.

(a) The State Board shall develop and make available competency tests for all of the classification titles defined in section eight of this article and listed in section eight-a of this article for service personnel. Each classification title defined and listed is considered a separate classification category of employment for service personnel and has a separate competency test, except for those class titles having Roman numeral designations, which are considered a single classification of employment and have a single competency test.
(1) The cafeteria manager class title is included in the same classification category as cooks and has the same competency test.

(2) The executive secretary class title is included in the same classification category as secretaries and has the same competency test.

(3) The classification titles of chief mechanic, mechanic and assistant mechanic are included in one classification title and have the same competency test.

(b) The purpose of these tests is to provide county boards a uniform means of determining whether school service personnel who do not hold a classification title in a particular category of employment meet the definition of the classification title in another category of employment as defined in section eight of this article. Competency tests may not be used to evaluate employees who hold the classification title in the category of their employment.

(c) The competency test consists of an objective written or performance test, or both. Applicants may take the written test orally if requested. Oral tests are recorded mechanically and kept on file. The oral test is administered by persons who do not know the applicant personally.

(1) The performance test for all classifications and categories other than bus operator is administered by an employee of the county board or an employee of a multicounty vocational school that serves the county at a location designated by the superintendent and approved by the board. The location may be a vocational school that serves the county.

(2) A standard passing score is established by the state Department of Education for each test and is used by county boards.
(3) The subject matter of each competency test is commensurate with the requirements of the definitions of the classification titles as provided in section eight of this article. The subject matter of each competency test is designed in such a manner that achieving a passing grade does not require knowledge and skill in excess of the requirements of the definitions of the classification titles. Achieving a passing score conclusively demonstrates the qualification of an applicant for a classification title.

(4) Once an employee passes the competency test of a classification title, the applicant is fully qualified to fill vacancies in that classification category of employment as provided in section eight-b of this article and may not be required to take the competency test again.

(d) An applicant who fails to achieve a passing score is given other opportunities to pass the competency test when applying for another vacancy within the classification category.

(e) Competency tests are administered to applicants in a uniform manner under uniform testing conditions. County boards are responsible for scheduling competency tests, notifying applicants of the date and time of the one day of training prior to taking the test, and the date and time of the test. County boards may not use a competency test other than the test authorized by this section.

(f) When scheduling of the competency test conflicts with the work schedule of a school employee who has applied for a vacancy, the employee is excused from work to take the competency test without loss of pay.

(g) A minimum of one day of appropriate in-service training is provided to employees to assist them in preparing to take the competency tests.
(h) Competency tests are used to determine the qualification of new applicants seeking initial employment in a particular classification title as either a regular or substitute employee.

(i) Notwithstanding any provisions in this code to the contrary, once an employee holds or has held a classification title in a category of employment, that employee is considered qualified for the classification title even though that employee no longer holds that classification.

(j) The requirements of this section do not alter the definitions of class titles as provided in section eight of this article or the procedure and requirements of section eight-b of this article.

(k) Notwithstanding any other provision of this code to the contrary and notwithstanding any rules of the School Board concerning school bus operator certification, the certification test for school bus operators shall be required as follows, and school bus operators may not be required to take the certification test more frequently:

(1) For substitute school bus operators and for school bus operators with regular employee status but on a probationary contract, the certification test shall be administered annually;

(2) For school bus operators with regular employee status and continuing contract status, the certification test shall be administered triennially; and

(3) For substitute school bus operators who are retired from a county board and who at the time of retirement had ten years of experience as a regular full-time bus operator, the certification test shall be administered triennially.

(4) School bus operator certificate. —
(A) A school bus operator certificate may be issued to a person who has attained the age of twenty-one, completed the required training set forth in State Board rule, and met the physical requirements and other criteria to operate a school bus set forth in State Board rule.

(B) The State Superintendent may, after ten days' notice and upon proper evidence, revoke the certificate of any bus operator for any of the following causes:

(i) Intemperance, untruthfulness, cruelty or immorality;

(ii) Conviction of or guilty plea or plea of no contest to a felony charge;

(iii) Conviction of or guilty plea or plea of no contest to any charge involving sexual misconduct with a minor or a student;

(iv) Just and sufficient cause for revocation as specified by State Board rule; and

(v) Using fraudulent, unapproved or insufficient credit to obtain the certificates.

(vi) Of the causes for certificate revocation listed in this paragraph (B), the following causes constitute grounds for revocation only if there is a rational nexus between the conduct of the bus operator and the performance of the job:

(I) Intemperance, untruthfulness, cruelty or immorality;

(II) Just and sufficient cause for revocation as specified by State Board rule; and

(III) Using fraudulent, unapproved or insufficient credit to obtain the certificate.
(C) The certificate of a bus operator may not be revoked for either of the following unless it can be proven by clear and convincing evidence that the bus operator has committed one of the offenses listed in this subsection and his or her actions render him or her unfit to operate a school bus:

(i) Any matter for which the bus operator was disciplined, less than dismissal, by the employing county board; or

(ii) Any matter for which the bus operator is meeting or has met an improvement plan determined by the county board.

(D) The State Superintendent shall designate a review panel to conduct hearings on certificate revocations or denials and make recommendations for action by the State Superintendent. The State Board, after consultation with employee organizations representing school service personnel, shall promulgate a rule to establish the review panel membership and composition, method of appointment, governing principles and meeting schedule.

(E) It is the duty of any county superintendent who knows of any acts on the part of a bus operator for which a certificate may be revoked in accordance with this section to report the same, together with all the facts and evidence, to the State Superintendent for such action as in the State Superintendent’s judgment may be proper.

(F) If a certificate has been granted through an error, oversight or misinformation, the State Superintendent may recall the certificate and make such corrections as will conform to the requirements of law and State Board rules.

(5) The State Board shall promulgate in accordance with article three-b, chapter twenty-nine-a of this code, revised rules in compliance with this subsection.

(6) The Federal Bureau of Investigation (FBI).

(7) The State Police detachments in the county of the offender’s occupation, employment, owned or leased habitable real property and school or training.

(b) Information concerning persons whose names are contained in the sex offender registry is not subject to the requirements of the West Virginia Freedom of Information Act, as set forth in chapter twenty-nine-b of this code, and may be disclosed and disseminated only as otherwise provided in this article and as follows:

(1) When a person has been determined to be a sexually violent predator under the terms of section two-a of this article, the State Police shall notify the prosecuting attorney of the county in which the person resides, owns or leases habitable real property that he or she regularly visits, is employed or attends a school or training facility. The prosecuting attorney shall cooperate with the State Police in conducting a community notification program which is to include publication of the offender’s name, photograph, place of residence, location of regularly visited habitable real property owned or leased by the offender, county of employment and place at which the offender attends school or a training facility, as well as information concerning the
legal rights and obligations of both the offender and the community. Information relating to the victim of an offense requiring registration may not be released to the public except to the extent the prosecuting attorney and the State Police consider it necessary to best educate the public as to the nature of sexual offenses: Provided, That no victim’s name may be released in any public notification pursuant to this subsection. No information relating to telephone or electronic paging device numbers a registrant has or uses may be released to the public with this notification program. The prosecuting attorney and State Police may conduct a community notification program in the county where a person who is required to register for life under the terms of subdivision (2), subsection (a), section four of this article resides, owns or leases habitable real property that he or she regularly visits, is employed or attends a school or training facility. Community notification may be repeated when determined to be appropriate by the prosecuting attorney;

(2) The State Police shall maintain and make available to the public at least quarterly the list of all persons who are required to register for life according to the terms of subdivision (2), subsection (a), section four of this article. No information concerning the identity of a victim of an offense requiring registration or telephone or electronic paging device numbers a registrant has or uses may be released with this list. The method of publication and access to this list are to be determined by the superintendent; and

(3) A resident of a county may petition the circuit court for an order requiring the State Police to release information about persons that reside or own or lease habitable real property that the persons regularly visit in that county and who are required to register under section two of this article. The court shall determine whether information contained on the list is relevant to public safety and whether its relevance outweighs the importance of confidentiality. If the court
orders information to be released, it may further order limitations upon secondary dissemination by the resident seeking the information. In no event may information concerning the identity of a victim of an offense requiring registration or information relating to telephone or electronic paging device numbers a registrant has or uses be released.

(c) The State Police may furnish information and documentation required in connection with the registration to authorized law-enforcement, campus police and governmental agencies of the United States and its territories, of foreign countries duly authorized to receive the same, of other states within the United States and of the State of West Virginia upon proper request stating that the records will be used solely for law-enforcement-related purposes. The State Police may disclose information collected under this article to federal, state and local governmental agencies responsible for conducting preemployment checks. The State Police also may disclose information collected under this article to the Division of Motor Vehicles pursuant to the provisions of section three, article two, chapter seventeen-b of this code.

(d) An elected public official, public employee or public agency is immune from civil liability for damages arising out of any action relating to the provisions of this section except when the official, employee or agency acted with gross negligence or in bad faith.

§15-12-10. Address and online information verification.

All registrants, including those for whom there has been no change in registration information since their initial registration or previous address verification, must report, in the month of their birth, or in the case of a sexually violent predator in the months of January, April, July and October, to the State Police detachment responsible for covering their county of registration and must respond to all verification
inquiries and informational requests, including, but not limited to, requests for online information made by the State Police pursuant to this section. The State Police shall verify addresses of those persons registered as sexually violent predators every ninety days and all other registered persons once a year. As used in this section, the term “online information” shall mean all information required by subdivision (8), subsection (d), section two, article twelve, chapter fifteen of this code. The State Police may require registrants to periodically submit to new fingerprints and photographs as part of the verification process. The method of verification shall be in accordance with internal management rules pertaining thereto promulgated by the superintendent under authority of section twenty-five, article two, chapter fifteen of this code.

CHAPTER 174

[Passed March 10, 2012; in effect ninety days from passage.]
[Approved by the Governor on March 30, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §36-4-19, relating to housing associations making covenants and other restrictions that restrict the installation or use of solar energy systems unenforceable after effective date of section; defining terms; and providing exceptions thereto.

Be it enacted by the Legislature of West Virginia:
That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §36-4-19, to read as follows:

ARTICLE 4. COVENANTS.

§36-4-19. Solar energy covenants unenforceable; penalty.

(a) It is the policy of the state to promote and encourage the residential and commercial use of solar energy systems and to remove obstacles thereto to promote energy efficiency and pollution reduction. Therefore, any covenant, restriction, or condition contained in any governing document of a housing association executed or recorded after the effective date of this section that effectively prohibits or restricts the installation or use of a solar energy system is void and unenforceable: Provided, That a housing association may, by vote of its members, establish or remove a restriction that prohibits or restricts the installation or use of a solar energy system.

(b) For the purposes of this section:

(1) “Solar energy system” means a system affixed to a building or buildings that uses solar devices, which are thermally isolated from living space or any other area where the energy is used, to provide for the collection, storage, or distribution of solar energy; and

(2) “Reasonable restriction” means those restrictions that do not effectually result in a prohibition of their use by eliminating the system’s energy conservation benefits or economic practicality.

(c) This section does not apply to provisions that impose reasonable restrictions on solar energy systems including restrictions for historical preservation, architectural significance, religious or cultural importance to a given
community. Nothing in this section precludes the regulation of solar energy systems by state and local authorities which may establish land use, health and safety standards. Nothing in this section precludes housing associations from restricting or limiting the installation of solar energy systems installed in common areas and common structures.

[Passed March 9, 2012; in effect ninety days from passage.] [Approved by the Governor on April 2, 2012.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §29-22-18e; and to amend said code by adding thereto a new section, designated §31-15-16b, all relating to authorizing the issuance of $52.5 million in bonds for capital improvements for Cacapon Resort State Park and Beech Fork State Park beginning in fiscal year 2013; providing that the debt service on the bonds is payable from an additional allocation from the State Excess Lottery Revenue Fund; providing that the Economic Development Authority may issue the bonds under certain circumstances; and creating the Cacapon and Beech Fork State Parks Lottery Revenue Debt Service Fund.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §29-22-18e; and that said code be amended by adding thereto a new section, designated §31-15-16b, all to read as follows:

1 Notwithstanding any provision of subsection (d), section eighteen-a of this article to the contrary, the deposit of $5 million into the State Park Improvement Fund set forth in section eighteen-a of this article is for the fiscal year beginning July 1, 2012, only. For the fiscal year beginning July 1, 2013, and each fiscal year thereafter, in lieu of the deposits required under subdivision (7), subsection (d), section eighteen-a of this article, the commission shall deposit an amount equal to the certified debt service requirement for the following fiscal year, not to exceed $3 million in any one fiscal year, into the Cacapon and Beech Fork State Park Lottery Revenue Debt Service Fund created in section sixteen-b, article fifteen, chapter thirty-one of this code, to be used in accordance with the provisions of that section, and second, deposit $5 million into the State Park Improvement Fund, established in subsection (d), section eighteen-a of this article, to be used in accordance with the provisions of that section.

CHAPTER 31. CORPORATIONS.

ARTICLE 15. WEST VIRGINIA ECONOMIC DEVELOPMENT AUTHORITY.

1 (a)(1) The economic development authority shall, in accordance with the provisions of this article, issue revenue
bonds, in one or more series, from time to time, to pay for all
or a portion of the cost of constructing, equipping, improving
or maintaining capital improvement projects under this
section or to refund the bonds, at the discretion of the
authority. The principal amount of the bonds issued under
this section shall not exceed, in the aggregate principal
amount of $52.5 million. Any revenue bonds issued on or
after the effective date of this section which are secured by
lottery proceeds shall mature at a time or times not exceeding
thirty years from their respective dates. The principal of, and
the interest and redemption premium, if any, on the bonds
shall be payable solely from the Cacapon and Beech Fork
State Parks Lottery Revenue Debt Service Fund established
in this section.

(2) There is hereby created in the State Treasury a special
revenue fund named the “Cacapon and Beech Fork State
Parks Lottery Revenue Service Fund” into which shall be
deposited those amounts specified in section eighteen-e,
article twenty-two, chapter twenty-nine of this code. All
amounts deposited in the fund shall be pledged to the
repayment of the principal, interest and redemption premium,
if any, on any revenue bonds or refunding revenue bonds
authorized by this section. The authority may further provide
in the trust agreement for priorities on the revenues paid into
the Cacapon and Beech Fork State Parks Lottery Revenue
Debt Service Fund as may be necessary for the protection of
the prior rights of the holders of bonds issued at different
times under the provisions of this section. The Cacapon and
Beech Fork State Parks Lottery Revenue Debt Service Fund
shall be pledged solely for the repayment of bonds issued
pursuant to this section. On or prior to May 1 of each year,
commencing May 1, 2014, the authority shall certify to the
state lottery director the principal and interest and coverage
ratio requirements for the following fiscal year on any
revenue bonds or refunding revenue bonds issued pursuant to
this section, and for which moneys deposited in the Cacapon
and Beech Fork State Parks Lottery Revenue Debt Service
Fund have been pledged, or will be pledged, for repayment
pursuant to this section.

(3) After the authority has issued bonds authorized by
this section, and after the requirements of all funds have been
satisfied, including coverage and reserve funds established in
connection with the bonds issued pursuant to this section, any
balance remaining in the Cacapon and Beech Fork State
Parks Lottery Revenue Debt Service Fund may be used for
the redemption of any of the outstanding bonds issued under
this section which, by their terms, are then redeemable or for
the purchase of the outstanding bonds at the market price, but
not to exceed the price, if any, at which redeemable, and all
bonds redeemed or purchased shall be immediately canceled
and shall not again be issued.

(b) The authority shall expend the bond proceeds, net of
issuance costs, reserve funds and refunding costs, for
certified capital improvement projects at Cacapon Resort
State Park and Beech Fork State Park. The Division of
Natural Resources shall submit a proposed list of capital
improvement projects to the Governor on or before January
1, 2013. Thereafter, the Governor shall certify to the
authority on or before February 1, 2013, a list of those capital
improvement projects at Cacapon Resort State Park and
Beech Fork State Park that will receive funds from the
proceeds of bonds issued pursuant to this section.

At any time prior to the issuance of bonds under this
section, the Governor may certify to the authority a revised
list of capital improvement projects at Cacapon Resort State
Park and Beech Fork State Park that will receive funds from
the proceeds of bonds issued pursuant to this section. The
Governor shall consult with the Division of Natural
Resources prior to certifying a revised list of capital
improvement projects to the authority.
(c) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be special obligations of the authority, payable solely from the property, revenues or other sources of or available to the authority pledged therefor.

(d) The bonds and the notes shall be authorized by the authority pursuant to this section, and shall be secured, be in such denominations, may bear interest at such rate or rates, taxable or tax-exempt, be in such form, either coupon or registered, carry such registration privileges, be payable in such medium of payment and at such place or places and such time or times and be subject to such terms of redemption as the authority may authorize. The bonds and notes of the authority may be sold by the authority, at public or private sale, at or not less than the price the authority determines. The bonds and notes shall be executed by manual or facsimile signature by the chairman of the board, and the official seal of the authority or a facsimile thereof shall be affixed to or printed on each bond and note and attested, manually or by facsimile signature, by the secretary of the board, and any coupons attached to any bond or note shall bear the manual or facsimile signature of the chairman of the board. In case any officer whose signature, or a facsimile of whose signature, appears on any bonds, notes or coupons ceases to be such officer before delivery of such bonds or notes, such signature or facsimile is nevertheless sufficient for all purposes the same as if he or she had remained in office until such delivery; and, in case the seal of the authority has been changed after a facsimile has been imprinted on such bonds or notes, such facsimile seal will continue to be sufficient for all purposes.

102 Each member of the West Virginia State Police whose salary is fixed and specified in this annual salary schedule is entitled to the length of service increases set forth in subsection (e) of this section and supplemental pay as provided in subsection (g) of this section.

107 (e) Each member of the West Virginia State Police whose salary is fixed and specified pursuant to this section shall receive, and is entitled to, an increase in salary over that set
forth in subsection (d) of this section for grade in rank, based
on length of service, including that service served before and
after the effective date of this section with the West Virginia
State Police as follows: At the end of two years of service
with the West Virginia State Police, the member shall receive
a salary increase of $400 to be effective during his or her next
year of service and a like increase at yearly intervals
thereafter, with the increases to be cumulative.

(f) In applying the salary schedules set forth in this
section where salary increases are provided for length of
service, members of the West Virginia State Police in service
at the time the schedules become effective shall be given
credit for prior service and shall be paid the salaries the same
length of service entitles them to receive under the provisions
of this section.

(g) The Legislature finds and declares that because of the
unique duties of members of the West Virginia State Police,
it is not appropriate to apply the provisions of state wage and
hour laws to them. Accordingly, members of the West
Virginia State Police are excluded from the provisions of
state wage and hour law. This express exclusion shall not be
construed as any indication that the members were or were
not covered by the wage and hour law prior to this exclusion.

In lieu of any overtime pay they might otherwise have
received under the wage and hour law, and in addition to
their salaries and increases for length of service, members
who have completed basic training and who are exempt from
federal Fair Labor Standards Act guidelines may receive
supplemental pay as provided in this section.

The authority of the superintendent to propose a
legislative rule or amendment thereto for promulgation in
accordance with article three, chapter twenty-nine-a of this
code to establish the number of hours per month which
constitute the standard work month for the members of the West Virginia State Police is hereby continued. The rule shall further establish, on a graduated hourly basis, the criteria for receipt of a portion or all of supplemental payment when hours are worked in excess of the standard work month. The superintendent shall certify monthly to the West Virginia State Police’s payroll officer the names of those members who have worked in excess of the standard work month and the amount of their entitlement to supplemental payment. The supplemental payment may not exceed $400 monthly. The superintendent and civilian employees of the West Virginia State Police are not eligible for any supplemental payments.

(c) The secretary shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code that are necessary to implement the provisions of this section.

CHAPTER 180

(S. B. 579 - By Senators Kessler, Mr. President, Beach, D. Facemire, Palumbo, Helmick, Hall, Foster and Browning)

[Passed March 9, 2012; in effect July 1, 2012.]
[Approved by the Governor on March 30, 2012.]

AN ACT to amend and reenact §22-3-11 of the Code of West Virginia, 1931, as amended, relating to the special reclamation
tax and funds of the Surface Coal Mining and Reclamation Act; continuing and reimposing the special reclamation tax on clean coal mined at an increased rate; and dedicating portion of special reclamation tax to Special Reclamation Water Trust Fund.

Be it enacted by the Legislature of West Virginia:

That §22-3-11 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 3. SURFACE COAL MINING AND RECLAMATION ACT.

§22-3-11. Bonds; amount and method of bonding; bonding requirements; special reclamation tax and funds; prohibited acts; period of bond liability.

(a) After a surface mining permit application has been approved pursuant to this article, but before a permit has been issued, each operator shall furnish a penal bond, on a form to be prescribed and furnished by the secretary, payable to the State of West Virginia and conditioned upon the operator faithfully performing all of the requirements of this article and of the permit. The penal amount of the bond shall be not less than $1000 nor more than $5000 for each acre or fraction of an acre: Provided, That the minimum amount of bond furnished for any type of reclamation bonding shall be $10,000. The bond shall cover: (1) The entire permit area; or (2) that increment of land within the permit area upon which the operator will initiate and conduct surface mining and reclamation operations within the initial term of the permit. If the operator chooses to use incremental bonding, as succeeding increments of surface mining and reclamation operations are to be initiated and conducted within the permit area, the operator shall file with the secretary an additional bond or bonds to cover the increments in accordance with
this section: *Provided, however*, That once the operator has chosen to proceed with bonding either the entire permit area or with incremental bonding, the operator shall continue bonding in that manner for the term of the permit.

(b) The period of liability for bond coverage begins with issuance of a permit and continues for the full term of the permit plus any additional period necessary to achieve compliance with the requirements in the reclamation plan of the permit.

(c) (1) The form of the bond shall be approved by the secretary and may include, at the option of the operator, surety bonding, collateral bonding (including cash and securities), establishment of an escrow account, self bonding or a combination of these methods. If collateral bonding is used, the operator may elect to deposit cash or collateral securities or certificates as follows: Bonds of the United States or its possessions of the Federal Land Bank or of the Homeowners’ Loan Corporation; full faith and credit general obligation bonds of the State of West Virginia or other states and of any county, district or municipality of the State of West Virginia or other states; or certificates of deposit in a bank in this state, which certificates shall be in favor of the department. The cash deposit or market value of the securities or certificates shall be equal to or greater than the penal sum of the bond. The secretary shall, upon receipt of any deposit of cash, securities or certificates, promptly place the same with the Treasurer of the State of West Virginia whose duty it is to receive and hold the deposit in the name of the state in trust for the purpose for which the deposit is made when the permit is issued. The operator making the deposit is entitled, from time to time, to receive from the State Treasurer, upon the written approval of the secretary, the whole or any portion of any cash, securities or certificates so deposited, upon depositing with him or her in lieu thereof cash or other securities or certificates of the classes specified.
in this subsection having value equal to or greater than the sum of the bond.

(2) The secretary may approve an alternative bonding system if it will: (A) Reasonably assure that sufficient funds will be available to complete the reclamation, restoration and abatement provisions for all permit areas which may be in default at any time; and (B) provide a substantial economic incentive for the permittee to comply with all reclamation provisions.

(d) The secretary may accept the bond of the applicant itself without separate surety when the applicant demonstrates to the satisfaction of the secretary the existence of a suitable agent to receive service of process and a history of financial solvency and continuous operation sufficient for authorization to self insure.

(e) It is unlawful for the owner of surface or mineral rights to interfere with the present operator in the discharge of the operator's obligations to the state for the reclamation of lands disturbed by the operator.

(f) All bond releases shall be accomplished in accordance with the provisions of section twenty-three of this article.

(g) The Special Reclamation Fund previously created is continued. The Special Reclamation Water Trust Fund is created within the State Treasury into and from which moneys shall be paid for the purpose of assuring a reliable source of capital to reclaim and restore water treatment systems on forfeited sites. The moneys accrued in both funds, any interest earned thereon and yield from investments by the State Treasurer or West Virginia Investment Management Board are reserved solely and exclusively for the purposes set forth in this section and section seventeen, article one of this chapter. The funds shall be administered by the secretary who is authorized to expend the moneys in
both funds for the reclamation and rehabilitation of lands which were subjected to permitted surface mining operations and abandoned after August 3, 1977, where the amount of the bond posted and forfeited on the land is less than the actual cost of reclamation, and where the land is not eligible for abandoned mine land reclamation funds under article two of this chapter. The secretary shall develop a long-range planning process for selection and prioritization of sites to be reclaimed so as to avoid inordinate short-term obligations of the assets in both funds of such magnitude that the solvency of either is jeopardized. The secretary may use both funds for the purpose of designing, constructing and maintaining water treatment systems when they are required for a complete reclamation of the affected lands described in this subsection. The secretary may also expend an amount not to exceed ten percent of the total annual assets in both funds to implement and administer the provisions of this article and, as they apply to the Surface Mine Board, articles one and four, chapter twenty-two-b of this code.

(h) (1) Rate, deposits and review.

(A) For tax periods commencing on and after July 1, 2009, every person conducting coal surface mining shall remit a special reclamation tax of fourteen and four-tenths cents per ton of clean coal mined, the proceeds of which shall be allocated by the secretary for deposit in the Special Reclamation Fund and the Special Reclamation Water Trust Fund.

(B) For tax periods commencing on and after July 1, 2012, the rate of tax specified in paragraph (A) of this subdivision is discontinued and is replaced by the rate of tax specified in this paragraph (B). For tax periods commencing on and after July 1, 2012, every person conducting coal surface mining shall remit a special reclamation tax of twenty-seven and nine-tenths cents per ton of clean coal mined, the proceeds of which shall be allocated by the secretary for deposit in the Special
123 Reclamation Fund and the Special Reclamation Water Trust Fund. Of that amount, fifteen cents per ton of clean coal mined shall be deposited into the Special Reclamation Water Trust Fund.

127 (C) The tax shall be levied upon each ton of clean coal severed or clean coal obtained from refuse pile and slurry pond recovery or clean coal from other mining methods extracting a combination of coal and waste material as part of a fuel supply.

132 (D) Beginning with the tax period commencing on July 1, 2009, and every two years thereafter, the special reclamation tax shall be reviewed by the Legislature to determine whether the tax should be continued: Provided, That the tax may not be reduced until the Special Reclamation Fund and Special Reclamation Water Trust Fund have sufficient moneys to meet the reclamation responsibilities of the state established in this section.

140 (2) In managing the Special Reclamation Program, the secretary shall: (A) Pursue cost-effective alternative water treatment strategies; and (B) conduct formal actuarial studies every two years and conduct informal reviews annually on the Special Reclamation Fund and Special Reclamation Water Trust Fund.

146 (3) Prior to December 31, 2008, the secretary shall:

147 (A) Determine the feasibility of creating an alternate program, on a voluntary basis, for financially sound operators by which those operators pay an increased tax into the Special Reclamation Fund in exchange for a maximum per-acre bond that is less than the maximum established in subsection (a) of this section;

153 (B) Determine the feasibility of creating an incremental bonding program by which operators can post a reclamation
bond for those areas actually disturbed within a permit area, but for less than all of the proposed disturbance and obtain incremental release of portions of that bond as reclamation advances so that the released bond can be applied to approved future disturbance; and

(C) Determine the feasibility for sites requiring water reclamation by creating a separate water reclamation security account or bond for the costs so that the existing reclamation bond in place may be released to the extent it exceeds the costs of water reclamation.

(4) If the secretary determines that the alternative program, the incremental bonding program or the water reclamation account or bonding programs reasonably assure that sufficient funds will be available to complete the reclamation of a forfeited site and that the Special Reclamation Fund will remain fiscally stable, the secretary is authorized to propose legislative rules in accordance with article three, chapter twenty-nine-a of this code to implement an alternate program, a water reclamation account or bonding program or other funding mechanisms or a combination thereof.

(i) This special reclamation tax shall be collected by the State Tax Commissioner in the same manner, at the same time and upon the same tonnage as the minimum severance tax imposed by article twelve-b, chapter eleven of this code is collected: Provided, That under no circumstance shall the special reclamation tax be construed to be an increase in either the minimum severance tax imposed by said article or the severance tax imposed by article thirteen of said chapter.

(j) Every person liable for payment of the special reclamation tax shall pay the amount due without notice or demand for payment.

(k) The Tax Commissioner shall provide to the secretary a quarterly listing of all persons known to be delinquent in payment of the special reclamation tax. The secretary may
take the delinquencies into account in making determinations on the issuance, renewal or revision of any permit.

(l) The Tax Commissioner shall deposit the moneys collected with the Treasurer of the State of West Virginia to the credit of the Special Reclamation Fund and Special Reclamation Water Trust Fund.

(m) At the beginning of each quarter, the secretary shall advise the State Tax Commissioner and the Governor of the assets, excluding payments, expenditures and liabilities, in both funds.

(n) To the extent that this section modifies any powers, duties, functions and responsibilities of the department that may require approval of one or more federal agencies or officials in order to avoid disruption of the federal-state relationship involved in the implementation of the federal Surface Mining Control and Reclamation Act, 30 U. S. C. §1270 by the state, the modifications will become effective upon the approval of the modifications by the appropriate federal agency or official.

§11-13A-20a. Dedication of tax.

(a) The amount of taxes collected under this article from providers of health care items or services, including any interest, additions to tax and penalties collected under article ten of this chapter, less the amount of allowable refunds and any interest payable with respect to such refunds, shall be deposited into the special revenue fund created in the State Treasurer’s Office and known as the Medicaid State Share Fund. Said fund shall have separate accounting for those health care providers as set forth in articles four-b and four-c, chapter nine of this code.
(b) Notwithstanding the provisions of subsection (a) of this section, for the remainder of fiscal year 1993 and for each succeeding fiscal year, no expenditures from taxes collected from providers of health care items or services are authorized except in accordance with appropriations by the Legislature.

(e) The amount of taxes on the privilege of severing timber collected under section three-b of this article, including any interest, additions to tax and penalties collected under article ten of this chapter, less the amount of allowable refunds and any interest payable with respect to such refunds, shall be paid into a special revenue account in the State Treasury to be appropriated by the Legislature for purposes of the Division of Forestry.

(d) Notwithstanding any other provision of this code to the contrary, beginning January 1, 2009, there is hereby dedicated an annual amount not to exceed $4 million from annual collections of the tax imposed by section three-d of this article to be deposited into the West Virginia Infrastructure Fund, created in section nine, article fifteen-a, chapter thirty-one of this code.

(e) Beginning with the fiscal year ending June 30, 2009, and each fiscal year thereafter, the Tax Commissioner shall pay from the taxes imposed in section three-d of this article, on October 1, of each year, to the county economic development entities, as this term is defined in this subsection, or county commissions as provided in subsections (f) through (h) of this section, an amount in the aggregate not to exceed $4 million per fiscal year: Provided, That on July 1, 2012, the Tax Commissioner shall deposit the taxes imposed in section three-d of this article into a special revenue fund, which is hereby created in the State Treasurer’s Office and known as the Coalbed Methane Gas Distribution Fund: Provided, however, That such deposit of taxes shall not
exceed in the aggregate $4 million per fiscal year and moneys therein shall be distributed by the State Treasurer pursuant to this section. Prior to making any such payment the commissioner shall deduct the amount of refunds lawfully paid and administrative costs authorized by this code. All moneys distributed to the West Virginia Infrastructure Fund pursuant to this section prior to July 1, 2011, shall be returned to the Tax Commissioner and distributed to the county economic development entities, as this term is defined in this subsection, or county commissions as provided in this section. For purposes of this section, the term “county economic development entity” refers to a county economic development authority established pursuant to article twelve, chapter seven of this code or if a county does not have a county economic development authority established pursuant to article twelve, chapter seven of this code, an entity designated by resolution of the county commission of the county as the lead entity for economic development activities for the purpose of encouraging economic development in the county which entity may be, but is not limited to being, redevelopment authorities created pursuant to article eighteen, chapter sixteen of this code; county economic development corporations; regional economic development councils, corporations or partnerships.

(f) Notwithstanding any provision of this article to the contrary, prior to the deposit of the proceeds of the tax on coalbed methane with each, county economic development entity or county commission pursuant to subsection (e) of this section, the Tax Commissioner shall undertake the following calculations:

(1) Seventy-five percent of the moneys to be deposited shall be provisionally allocated for the various counties of this state in which the coalbed methane was produced; and

(2) The remaining twenty-five percent of the moneys to be deposited shall be provisionally allocated to the various
(3) Moneys shall be provisionally allocated to each coalbed methane producing county in direct proportion to the amount of tax revenues derived from coalbed methane production in the county.

(4) Moneys shall be provisionally allocated to each coalbed methane nonproducing county equally.

(5) Portional adjustments.

(A) If, for any year, a coalbed methane producing county’s share of money provisionally allocated to that county is computed to be an amount that is less than the amount provisionally allocated to each of the coalbed methane nonproducing counties, then for purposes of the computations set forth in this subsection, that coalbed methane producing county shall be redesignated a coalbed methane nonproducing county. The money that has been provisionally allocated to that coalbed methane producing county out of the seventy-five percent portion specified in subdivision (1) of this subsection shall be subtracted out of the seventy-five percent portion specified in that subdivision and added to the twenty-five percent portion specified in subdivision (2) of this subsection.

(B) When the adjustment specified in paragraph (A), of this subdivision has been made for each coalbed methane producing county that has been redesignated as a coalbed methane nonproducing county, then the Tax Department shall finalize the calculations of the amounts to be made available for distribution to the respective county economic development entity or county commission of the coalbed methane producing counties that have not been redesignated as coalbed methane nonproducing counties under paragraph
(A) of this subdivision as follows: The amount remaining in
the provisional seventy-five percent portion specified in
subdivision (1) of this subsection, as adjusted in accordance
with paragraph (A) of this subdivision, shall be allocated, in
direct proportion to the amount that tax revenues derived
from coalbed methane production in each such county not
redesignated as a coalbed methane nonproducing county
bears to the total amount of tax revenues derived from
calbed methane production in all coalbed methane
producing counties that have not been redesignated as a
calbed methane nonproducing county.

(C) The Tax Commissioner shall then finalize the
calculation of the total amount in the twenty-five percent
portion specified in subdivision (2) of this subsection, as
adjusted in accordance with paragraph (A) of this subdivision
equally among the coalbed methane nonproducing counties.

(D) The Tax Commissioner, upon completing the
calculation of the total amount of tax to be distributed to all
calbed methane producing counties and to all coalbed
methane nonproducing counties, shall deposit an amount
equal to the amount so calculated in the Coalbed Methane
Gas Distribution Fund, subject to the limitations set forth in
this section.

(g) In no case may the total amount distributed in any
fiscal year to the aggregate of all coalbed methane producing
counties and all coalbed methane nonproducing counties
calculated by the Tax Commissioner exceed the total amount
of tax on coalbed methane authorized to be remitted to the
county economic development entities and county
commissions pursuant to subsection (e) of this section.

(h) Distribution of coalbed methane severance tax to
county economic development entities or county
commissions is subject to the following:
(1) If the amount determined pursuant to subsections (f) and (g) of this section for a county is more than $10,000, the State Treasurer shall distribute the amount determined for that county to the county economic development entity. The State Treasurer is hereby authorized to distribute accumulated but undistributed moneys from fiscal years 2009, 2010, 2011 and 2012 to each county economic development entity.

(2) Each county economic development entity shall use such funds for economic development projects and infrastructure projects.

(3) For purposes of this section:

(A) “Economic development project” means a project in the state which is likely to foster economic growth and development in the area in which the project is developed for commercial, industrial, community improvement or preservation or other proper purposes.

(B) “Infrastructure project” means a project in the state which is likely to foster infrastructure improvements and covers post mining land use, water or wastewater facilities, stormwater systems, steam, gas, telephone and telecommunications, broadband development, electric lines and installations, roads, bridges, railroad spurs, drainage and flood control facilities, industrial park development, road or buildings that promote job creation and retention.

(4) Prior to expending any coalbed methane severance tax moneys, each county economic development entity must obtain the approval of its respective county commission, or the county commission or commissions representing the county or counties where the economic development or infrastructure project will be situate if the county economic development entity is regional and encompasses more than one county, in writing for the purpose of such expenditure.
(5) A county commission or county economic development entity may not use funds distributed to it pursuant to subsections (e), (f), (g) and (h) of this section for the purposes of paying wages to any employee of the county or any employee of a county economic development entity.

(6) If the amount determined pursuant to subsections (f) and (g) of this section for a county is $10,000 or less, the State Treasurer shall distribute the amount determined for that county to the county commission. The county commission may then use the funds to offset its regional jail costs, costs of any community corrections programs in which it participates, expenses of a volunteer fire department that provides service within its county or expenses of any library that provides services within its county.

(i) On or before December 1, 2013, and December 1 of each year thereafter, the county economic development entity as defined in this section or county commission receiving a distribution of funds under this section shall deliver to the Joint Committee on Government and Finance a written report setting forth the specific projects for which those funds were expended during the next preceding fiscal year, a detailed account of those expenditures and a showing that the expenditures were made for the purposes required by this section.

(j) An audit of any funds distributed under this section may be authorized at any time by the Joint Committee on Government and Finance to be conducted by the Legislative Auditor at no cost to the county economic development entity or county commission audited.

ARTICLE 13W. APPRENTICESHIP TRAINING TAX CREDITS.

§11-13W-1. Tax credits for apprenticeship training in construction trades.

1 (a) Credit allowed. - For those tax years beginning on or after January 1, 2008, there shall be allowed a credit for any taxpayer against certain taxes imposed by this state as described in subsection (d) of this section for wages paid to apprentices in the construction trades who are registered with the United States Department of Labor, Office of Apprenticeship, West Virginia State Office, by the taxpayer in the tax year that an apprentice and taxpayer participate in a qualified apprenticeship training program, as described in
this section, which is: (1) Jointly administered by labor and

(b) Amount of credit. -- The tax credit shall be in an
amount equal to $1 per hour multiplied by the total number
of hours worked during the tax year by an apprentice working
for the taxpayer participating in the qualified apprenticeship
training program, provided the amount of credit allowed for
any tax year with respect to each such apprentice may not
exceed $1000 or fifty percent of the actual wages paid in the
tax year for the apprenticeship, whichever is less: Provided,
That for tax years beginning on and after January 1, 2012, the
tax credit shall be in an amount equal to $2 per hour
multiplied by the total number of hours worked during the tax
year by an apprentice working for the participating taxpayer,

(1) Business franchise tax. -- The credit must first be applied to reduce the taxes imposed by article twenty-three of this chapter for the taxable year.

AN ACT to amend and reenact §11-15-8d of the Code of West Virginia, 1931, as amended, relating to adding an exception to the limitation on the right of a contractor to assert sales and use tax exemptions of a purchaser when the purchaser is a nonprofit youth organization.

Be it enacted by the Legislature of West Virginia:

That §11-15-8d of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 15. CONSUMERS SALES AND SERVICE TAX.

§11-15-8d. Limitations on right to assert exemptions.

(a) Persons who perform “contracting” as defined in section two of this article or persons acting in an agency capacity may not assert any exemption to which the purchaser of such contracting services or the principal is entitled. Any statutory exemption to which a taxpayer may be entitled is invalid unless the tangible personal property or taxable service is actually purchased by such taxpayer and is
directly invoiced to and paid by such taxpayer. This section does not apply to purchases by an employee for his or her employer, purchases by a partner for his or her partnership or purchases by a duly authorized officer of a corporation, or unincorporated organization, for his or her corporation or unincorporated organization so long as the purchase is invoiced to and paid by the employer, partnership, corporation or unincorporated organization.

(b) Transition rule. -- This section does not apply to purchases of tangible personal property or taxable services in fulfillment of a purchasing agent or procurement agent contract executed and legally binding on the parties thereto prior to September 15, 1999. This transition rule does not apply to any purchases of tangible personal property or taxable services made under such a contract after August 31, 1991, and this transition rule does not apply if the primary purpose of the purchasing agent or procurement agent contract was to avoid payment of consumers sales and use taxes. Effective July 1, 2007, this section does not apply to purchases of services, machinery, supplies or materials, except gasoline and special fuel, to be directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing “contracting”, as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the refundable exemption under subdivision (2), subsection (b), section nine of this article had it purchased the services, machinery, supplies or materials. Effective July 1, 2009, this section does not apply to purchases of services, computers, servers, building materials and tangible personal property, except purchases of gasoline and special fuel, to be installed into a building or facility or directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing “contracting”, as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the exemption under
subdivision (7), subsection (a), section nine-h of this article. This section shall not apply to qualified purchases of computers and computer software, primary material handling equipment, racking and racking systems, and their components, or to qualified purchases of building materials and certain tangible personal property, as those terms are defined in section nine-n of this article, by a person performing “contracting”, as defined in section two of this article, if the purchaser of the contracting services would be entitled to claim the refundable exemption under section nine-n of this article. Purchases of gasoline and special fuel shall not be treated as exempt pursuant to this section.

(c) Effective July 1, 2011, notwithstanding any other provision of this code to the contrary, this section shall apply as to purchases of services, machinery, supplies or materials, except gasoline and special fuel, to be directly used or consumed in the construction, alteration, repair or improvement of a new or existing natural gas compressor station or gas transmission line having a diameter of twenty inches or more by a person performing “contracting”, as defined in section two of this article, even though the purchaser of the contracting services would be entitled to claim the refundable exemption under subdivision (2), subsection (b), section nine of this article had it purchased the services, machinery, supplies or materials, unless the person or entity performing contracting under this subsection, as the term “contracting” is defined in section two of this article, complies with subsection (e), section four, article thirteen-s of this chapter.

(d) (1) Effective July 1, 2012, this section does not apply to purchases of services, building materials and tangible personal property, except purchases of gasoline and special fuel, to be installed into a building or facility or directly used or consumed in the construction, alteration, repair or improvement of a new or existing building or structure by a person performing contracting, as defined in section two of
this article, if the purchaser of the contracting services is a nonprofit youth organization that would be entitled to claim the exemption under paragraph (E), subdivision (6), subsection (a), section nine of this article had it purchased the services, machinery, supplies or materials.

(2) For purposes of this subsection, the term “nonprofit youth organization” means any nonprofit organization, including any subsidiary, affiliated or other related entity within its corporate or business structure, that has been chartered by the United States Congress to help train young people to do things for themselves and others, and that has established an area of at least six thousand contiguous acres within West Virginia in which to provide adventure or recreational activities for these young people and others.

(3) The exception provided in this subsection shall terminate June 30, 2022.

(a) General rules.--

When a purchaser claims an exemption from paying tax under article fifteen or fifteen-a of this chapter:

(1) Sellers shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase, as determined by the governing board.

(2) A purchaser is not required to provide a signature to claim an exemption from tax unless a paper exemption certificate is used.

(3) The seller shall use the standard form for claiming an exemption electronically that is adopted by the governing board.
(4) The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred.

(5) The Tax Commissioner may utilize a system wherein the purchaser exempt from the payment of the tax is issued an identification number that is presented to the seller at the time of the sale.

(6) The seller shall maintain proper records of exempt transactions and provide the records to the Tax Commissioner or the Tax Commissioner’s designee.

(7) The Tax Commissioner shall administer use-based and entity-based exemptions when practicable through a direct pay permit, an exemption certificate or another means that does not burden sellers.

(8) In the case of drop shipments, a third-party vendor such as a drop shipper may claim a resale exemption based on an exemption certificate provided by its customer/reseller or any other acceptable information available to the third-party vendor evidencing qualification for a resale exemption, regardless of whether the customer/reseller is registered to collect and remit sales and use taxes in this state, when the sale is sourced to this state.

(b) The Tax Commissioner shall relieve sellers that follow the requirements of this section from the tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and shall hold the purchaser liable for the nonpayment of tax. This relief from liability does not apply:

(A) To a seller who fraudulently fails to collect the tax;

(B) To a seller who solicits purchasers to participate in the unlawful claim of an exemption;
(C) To a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when:

(i) The subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller; and (ii) the state in which that location resides provides an exemption certificate that clearly and affirmatively indicates (graying out exemption reason types on uniform form and posting it on a state's website is an indicator) that the claimed exemption is not available in that state.

(c) Time within which seller must obtain exemption certificates.--

A seller is relieved from paying tax otherwise applicable under article fifteen or fifteen-a of this chapter if the seller obtains a fully completed exemption certificate or captures the required data elements within ninety days subsequent to the date of sale.

(d) (1) If the seller has not obtained an exemption certificate or all required data elements, the seller shall, within one hundred twenty days subsequent to a request for substantiation by the Tax Commissioner, either obtain a fully completed exemption certificate from the purchaser, taken in good faith which means that the seller obtain a certificate that claims an exemption that: (i) Was statutorily available on the date of the transaction in the jurisdiction where the transaction is sourced; (ii) could be applicable to the item being purchased; and (iii) is reasonable for the purchaser's type of business; or obtain other information establishing that the transaction was not subject to the tax.

(2) If the seller obtains the information described in subdivision (1) of this subsection, the seller shall be relieved of any liability for the tax on the transaction unless it is discovered through the audit process that the seller had knowledge or had reason to know at the time such
information was provided that the information relating to the exemption claimed was materially false or the seller otherwise knowingly participated in activity intended to purposefully evade the tax that is properly due on the transaction.

(e) Nothing in this section shall affect the ability of the Tax Commissioner to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.

(f) A seller is relieved from paying the tax otherwise applicable if the seller obtains a blanket exemption certificate from a purchaser with which the seller has a recurring business relationship. Notwithstanding the provisions of subsection (e) of this section, the Tax Commissioner may not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this subdivision, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

If the return is filed in conjunction with a remittance and the remittance cannot be made pursuant to subdivision (e), section twenty-six of this article, the return shall be accepted as timely on the same day as the remittance under that subdivision.

(c) Additional information returns.--

The Tax Commissioner shall make available to all sellers, except sellers of products qualifying for exclusion from the provisions of the agreement, a simplified return that is filed electronically.

(d) The Tax Commissioner may not require a seller which has indicated at the time of registration that it anticipates making no sales which would be sourced to this state to file a return, except that the seller shall lose the exemption upon making any taxable sales into this state and shall file a return in the month following any sale.

(e) After January 1, 2010, the Tax Commissioner shall give notice to a seller, which has no legal requirement to register in this state, of a failure to file a required return and a minimum of thirty days to file thereafter prior to establishing a liability amount for taxes based solely on the seller's failure to timely file a return: Provided, That the Tax Commissioner may establish a liability amount of taxes based solely on the seller's failure to timely file a return if such seller has a history of nonfiling or late filing.

(f) Nothing in this section shall prohibit the Tax Commissioner from allowing additional return options or the filing of returns less frequently.

1. (a) General.--

2. Only one remittance is required for each return except as provided in this section.

3. (b) When electronic remittance required.--

5. (2) All remittances in payment of taxes reported on the approved simplified return format shall be remitted electronically.

7. Electronic payments shall be made using either the ACH credit or ACH debit method.

The details of this monetary allowance shall be developed and provided through the contract process. The contract shall provide that the allowance be funded entirely from money collected in Model I.

(2) The contract between the governing board and the certified service provider may base the monetary allowance to a certified service provider on one or more of the following:

(A) A base rate that applies to taxable transactions processed by the certified service provider; or

(B) For a period not to exceed twenty-four months following a voluntary seller’s registration through the agreement’s central registration process, a percentage of tax revenue generated for a member state by the voluntary seller for each member state for which the seller does not have a requirement to register to collect the tax.

(b) *Monetary allowance for Model II sellers.*--
The monetary allowance to sellers under Model II may be based on the following:

(1) All sellers shall receive a base rate for a period not to exceed twenty-four months following the commencement of participation by a seller. The base rate is set by the governing board of the Streamlined Sales and Use Tax Agreement after the base rate has been established for Model I certified service providers. This allowance is in addition to any vendor or seller discount afforded by each member state at the time.

(2) A voluntary Model II seller not otherwise required to register with this state to collect the consumers sales and service tax and use tax, that registers through the Streamlined Sales and Use Tax Agreement’s central registration process, shall receive for a period not to exceed twenty-four months following the voluntary seller’s registration, the base rate percentage of tax revenue generated for this state by the voluntary seller.

(3) Following the conclusion of the twenty-four-month period, a seller will only be entitled to a vendor discount afforded under each member state’s law at the time the base rate expires.

(c) Prohibition on allowance or payment of monetary allowances.--

Notwithstanding subsections (a), (b) and (c) of this section, the Tax Commissioner may not allow any vendor, seller or certified service provider any monetary allowance, discount or other compensation for collecting and remitting the taxes levied by articles fifteen and fifteen-a of this chapter, or for making and filing the periodic reports required by this article, or articles fifteen and fifteen-a of this chapter, until the cost of collection study required by the agreement is completed and the monetary allowances are based on the
results of that study, or on requirements of federal law requiring remote sellers to collect sales and use taxes for states that have signed the agreement.

ARTICLE 24. CORPORATION NET INCOME TAX.

§11-24-13f. Water’s-edge reporting mandated absent affirmative election to report based on worldwide unitary combined reporting basis; initiation and withdrawal of worldwide combined reporting election.

1 (a) Water’s-edge reporting. --

2 Absent an election under subsection (b) of this section to report based upon a worldwide unitary combined reporting
basis, taxpayer members of a unitary group shall determine each of their apportioned shares of the net business income or loss of the combined group on a water’s-edge unitary combined reporting basis. In determining tax under this article and article twenty-three of this chapter on a water’s-edge unitary combined reporting basis, taxpayer members shall take into account all or a portion of the income and apportionment factors of only the following members otherwise included in the combined group pursuant to section thirteen-a of this article:

(1) The entire income and apportionment factors of any member incorporated in the United States or formed under the laws of any state, the District of Columbia or any territory or possession of the United States;

(2) The entire income and apportionment factors of any member, regardless of the place incorporated or formed, if the average of its property, payroll and sales factors within the United States is twenty percent or more;

(3) The entire income and apportionment factors of any member which is a domestic international sales corporation as described in Internal Revenue Code Sections 991 to 994, inclusive; a foreign sales corporation as described in Internal Revenue Code Sections 921 to 927, inclusive; or any member which is an export trade corporation, as described in Internal Revenue Code Sections 970 to 971, inclusive;

(4) Any member not described in subdivision (1), (2) or (3) of this subsection shall include its business income which is effectively connected, or treated as effectively connected under the provisions of the Internal Revenue Code, with the conduct of a trade or business within the United States and, for that reason, subject to federal income tax;

(5) Any member that is a “controlled foreign corporation”, as defined in Internal Revenue Code Section 957, to the extent of the income of that member that is
defined in Section 952 of Subpart F of the Internal Revenue Code (Subpart F income) not excluding lower-tier subsidiaries’ distributions of such income which were previously taxed, determined without regard to federal treaties, and the apportionment factors related to that income; any item of income received by a controlled foreign corporation shall be excluded if such income was subject to an effective rate of income tax imposed by a foreign country greater than ninety percent of the maximum rate of tax specified in Internal Revenue Code Section 11;

(6) Any member that earns more than twenty percent of its income, directly or indirectly, from intangible property or service-related activities that are deductible against the business income of other members of the water's-edge group, to the extent of that income and the apportionment factors related thereto: Provided, That for purposes of this subdivision, if a corporation organized outside of the United States is included in a water's-edge combined group pursuant to this subdivision, and has an item of income that is exempt from United States federal income tax pursuant to the mandate of a comprehensive income tax treaty qualified under Internal Revenue Code Section 1(h)(11), that corporation shall be considered to be included in the combined group under this subdivision only with regard to any items of income described in this subdivision that are not so exempt, taking into account items of expense and apportionment factors associated with such items of nonexempt income. Nothing in this subdivision prevents the Tax Commissioner from adjusting, under any provision of this article, any deduction claimed by the payer for amounts that are excluded from the combined group's taxable income under this subdivision. The Tax Commissioner may require the reporting of the amounts of such excluded income and the documentation of any claimed treaty exemption as conditions to be met by a payer claiming a deduction of such payments. The Tax Commissioner may issue such legislative, procedural or emergency rules as the Tax Commissioner may deem necessary for the administration of this section; and
(7) The entire income and apportionment factors of any member that is doing business in a tax haven defined as being engaged in activity sufficient for that tax haven jurisdiction to impose a tax under United States Constitutional standards. If the member’s business activity within a tax haven is entirely outside the scope of the laws, provisions and practices that cause the jurisdiction to meet the criteria set forth in the definition of a tax haven, the activity of the member shall be treated as not having been conducted in a tax haven.

(b) *Initiation and withdrawal of election to report based on worldwide unitary combined reporting.* --

(1) An election to report West Virginia tax based on worldwide unitary combined reporting is effective only if made on a timely filed, original return for a tax year by every member of the unitary business subject to tax under this article. The Tax Commissioner shall develop rules governing the impact, if any, on the scope or application of a worldwide unitary combined reporting election, including termination or deemed election, resulting from a change in the composition of the unitary group, the combined group, the taxpayer members and any other similar change.

(2) The election shall constitute consent to the reasonable production of documents and taking of depositions in accordance with the provisions of this code.

(3) In the discretion of the Tax Commissioner, a worldwide unitary combined reporting election may be disregarded, in part or in whole, and the income and apportionment factors of any member of the taxpayer’s unitary group may be included in or excluded from the combined report without regard to the provisions of this section, if any member of the unitary group fails to comply with any provision of this article.

(4) In the discretion of the Tax Commissioner, the Tax Commissioner may mandate worldwide unitary combined
reporting, in part or in whole, and the income and
apportionment factors of any member of the taxpayer’s
unitary group may be included in or excluded from the
combined report without regard to the provisions of this
section, if any member of the unitary group fails to comply
with any provision of this article or if a person otherwise not
included in the water’s-edge combined group was availed of
with a substantial objective of avoiding state income tax.

(5) A worldwide unitary combined reporting election is
binding for and applicable to the tax year it is made and all
tax years thereafter for a period of ten years. It may be
withdrawn or reinstituted after withdrawal, prior to the
expiration of the ten-year period, only upon written request
for reasonable cause based on extraordinary hardship due to
unforeseen changes in state tax statutes, law or policy and
only with the written permission of the Tax Commissioner.
If the Tax Commissioner grants a withdrawal of election, he
or she shall impose reasonable conditions necessary to
prevent the evasion of tax or to clearly reflect income for the
election period prior to or after the withdrawal. Upon the
expiration of the ten-year period, a taxpayer may withdraw
from the worldwide unitary combined reporting election.
Withdrawal must be made in writing within one year of the
expiration of the election and is binding for a period of ten
years, subject to the same conditions as applied to the
original election. If no withdrawal is properly made, the
worldwide unitary combined reporting election shall be in
place for an additional ten-year period, subject to the same
conditions as applied to the original election.

(c) For purposes of determining the tax imposed by
article twenty-three of this chapter, the term “income”, as
used in this section, shall be interpreted to mean the tax base
or capital, as applicable, for purposes of the tax imposed
under article twenty-three of this chapter.

[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §21A-5-7 of the Code of West Virginia, 1931, as amended, all relating to unemployment compensation benefits; preventing contributory employers from being relieved of benefit charges to their accounts if an overpayment of benefits is the result of the employer’s or an employer’s agent’s failure to provide requested information to the agency timely or to adequately; and providing definitions.

Be it enacted by the Legislature of West Virginia:

That §21A-5-7 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 5. EMPLOYER COVERAGE AND RESPONSIBILITY.

(1) The commissioner shall maintain a separate account for each employer, and shall credit the employer’s account with all contributions of the employer in excess of four tenths of one percent of taxable wages: Provided, That any adjustment made in any employer's account after the
computation date may not be used in the computation of the balance of an employer until the next following computation date: Provided, however, That nothing in this chapter grants an employer or individual in his, her or its service prior claims or rights to the amounts paid by him, her or its into the fund, either on his, her or its behalf or on behalf of the individuals. The account of any employer which has been inactive for a period of four consecutive calendar years shall be terminated for all purposes.

(2) Benefits paid to an eligible individual for regular and extended total or partial unemployment beginning after the effective date of this article shall be charged to the account of the last employer with whom he or she has been employed as much as thirty working days, whether or not the days are consecutive: Provided, That no employer's account may be charged with benefits paid to any individual who has been separated from a noncovered employing unit in which he or she was employed as much as thirty days, whether or not the days are consecutive: Provided, however, That no employer’s account may be charged with more than fifty percent of the benefits paid to an eligible individual as extended benefits under the provisions of article six-a of this chapter: Provided further, That state and local government employers shall be charged with one hundred percent of the benefits paid to an eligible individual as extended benefits. Benefits paid to an individual are to be charged to the accounts of his or her employers in the base period, the amount of the charges, chargeable to the account of each employer, to be that portion of the total benefits paid the individual as the wages paid him or her by the employer in the base period are to the total wages paid him or her during his or her base period for insured work by all his or her employers in the base period. For the purposes of this section, no base period employer’s account may be charged for benefits paid under this chapter to a former employee, if the base period employer furnishes separation information within fourteen days from the date the
notice was mailed or delivered, which results in a
disqualification under the provision set forth in subsection
one, section three, article six, or subsection two, section
three, article six of this chapter or would have resulted in a
disqualification under that subsection except for a subsequent
period of covered employment by another employing unit.
Further, no contributory base period employer’s experience
ing rating account may be charged for benefits paid under this
chapter to an individual who has been continuously employed
by that employer on a part-time basis, if the part-time
employment continues while the individual is separated from
other employment and is otherwise eligible for benefits. One
half of extended benefits paid to an individual are to be
charged to the accounts of his or her employers, except state
and local government employers, in the base period in the
same manner provided for the charging of regular benefits.
The entire state share of extended benefits paid to an
individual shall be charged to the accounts of his or her base
period employers. The provisions of this section permitting
the noncharging of contributory employers’ accounts have no
application to benefit charges imposed upon reimbursable
employers.

(3) The commissioner shall classify employers in
accordance with their actual experience in the payment of
contributions on their own behalf and with respect to benefits
charged against their accounts, with a view of fixing the
contribution rates as will reflect such experiences. For the
purpose of fixing the contribution rates for each calendar
year, the books of the department shall be closed on July 31
of the preceding calendar year, and any contributions paid
after that, as well as benefits paid after that with respect to
compensable weeks ending on or before June 30 of the
preceding calendar year, may not be taken into account until
the next annual date for fixing contribution rates: Provided,
That if an employer has failed to furnish to the commissioner
on or before July 31 of the preceding calendar year the wage
information for all past periods necessary for the computation of the contribution rate, the employer’s rate shall be, if it is immediately prior to that July 31, less than three and three-tenths percent, increased to three and three-tenths percent: 

*Provided, however,* That any payment made or any information necessary for the computation of a reduced rate furnished on or before the termination of an extension of time for the payment or reporting of information granted pursuant to a rule of the commissioner authorizing an extension, shall be taken into account for the purposes of fixing contribution rates: *Provided further,* That when the time for filing any report or making any payment required hereunder falls on Saturday, Sunday, or a legal holiday, the due date is the next succeeding business day: *And provided further,* That whenever, through mistake or inadvertence, erroneous credits or charges are found to have been made to or against the reserved account of any employer, the rate shall be adjusted as of January 1 of the calendar year in which the mistake or inadvertence is discovered, but payments, made under any rate assigned prior to January 1 of that year, are not erroneously collected.

(4) The commissioner may prescribe rules for the establishment, maintenance and dissolution of joint accounts by two or more employers, and shall, in accordance with the rules and upon application by two or more employers to establish a joint account, or to merge their several individual accounts in a joint account, maintain a joint account as if it is a single employer’s account.

(5) State and local government employers may enter into joint accounts and to maintain the joint account or accounts as if it or they are a single employer’s account or accounts.

(6) Effective on and after July 1, 2012 if an employer has failed to furnish to the commissioner on or before August 31 of each year the wage information for all past periods
necessary for the computation of the contribution rate, the
employer’s rate shall be, if it is immediately prior to July 1,
less than seven and five-tenths percent, increased to seven
and five-tenths percent.

(7) Effective July 1, 2012, a contributory employer’s
account shall not be relieved of charges relating to a payment
from the Fund if the department determines that:

(A) The erroneous payment was made because the
employer, or an agent of the employer, was at fault for failing
to respond timely or adequately to the request of the agency
for information relating to the claim for compensation; and

(B) The employer or agent has established a pattern of
failing to respond timely or adequately to such requests.

(8) For purposes of this section:

(A) “Erroneous payment” means a payment that but for
the failure by the employer or the employer’s agent with
respect to the claim for unemployment compensation would
not have been made.

(B) “Pattern of failing” means repeated documented
failure on the part of the employer or the agent of the
employer to respond as requested in this section, taking into
consideration the number of instances of failure in relation to
the total volume of requests by the agency to the employer or
the employer’s agent as described in this section.
AN ACT to amend and reenact §21A-6-3 of the Code of West Virginia, 1931, as amended, relating to unemployment benefits for certain spouses of military personnel; providing that an individual who has voluntarily quit employment to accompany a spouse serving in active military service who has been reassigned from one military assignment to another is not disqualified for benefits; and providing that the account of the employer of the individual who leaves employment to accompany a spouse reassigned from one military assignment to another may not be charged for those benefits.

Be it enacted by the Legislature of West Virginia:

That §21A-6-3 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 6. EMPLOYEE ELIGIBILITY; BENEFITS.

§21A-6-3. Disqualification for benefits.

1 Upon the determination of the facts by the commissioner, an individual is disqualified for benefits:

2 (1) For the week in which he or she left his or her most recent work voluntarily without good cause involving fault on the part of the employer and until the individual returns to
covered employment and has been employed in covered employment at least thirty working days.

For the purpose of this subdivision, an individual has not left his or her most recent work voluntarily without good cause involving fault on the part of the employer, if the individual leaves his or her most recent work with an employer and if he or she in fact, within a fourteen-day calendar period, does return to employment with the last preceding employer with whom he or she was previously employed within the past year prior to his or her return to workday, and which last preceding employer, after having previously employed the individual for thirty working days or more, laid off the individual because of lack of work, which layoff occasioned the payment of benefits under this chapter or could have occasioned the payment of benefits under this chapter had the individual applied for benefits. It is the intent of this paragraph to cause no disqualification for benefits for an individual who complies with the foregoing set of requirements and conditions. Further, for the purpose of this subdivision, an individual has not left his or her most recent work voluntarily without good cause involving fault on the part of the employer, if the individual was compelled to leave his or her work for his or her own health-related reasons and notifies the employer prior to leaving the job or within two business days after leaving the job or as soon as practicable and presents written certification from a licensed physician within thirty days of leaving the job that his or her work aggravated, worsened or will worsen the individual’s health problem.

(2) For the week in which he or she was discharged from his or her most recent work for misconduct and the six weeks immediately following that week; or for the week in which he or she was discharged from his or her last thirty-day employing unit for misconduct and the six weeks immediately following that week. The disqualification
carries a reduction in the maximum benefit amount equal to six times the individual's weekly benefit. However, if the claimant returns to work in covered employment for thirty days during his or her benefit year, whether or not the days are consecutive, the maximum benefit amount is increased by the amount of the decrease imposed under the disqualification; except that:

If he or she were discharged from his or her most recent work for one of the following reasons, or if he or she were discharged from his or her last thirty days employing unit for one of the following reasons: Gross misconduct consisting of willful destruction of his or her employer's property; assault upon the person of his or her employer or any employee of his or her employer; if the assault is committed at the individual's place of employment or in the course of employment; reporting to work in an intoxicated condition, or being intoxicated while at work; reporting to work under the influence of any controlled substance, as defined in chapter sixty-a of this code without a valid prescription, or being under the influence of any controlled substance, as defined in said chapter without a valid prescription, while at work; adulterating or otherwise manipulating a sample or specimen in order to thwart a drug or alcohol test lawfully required of an employee; refusal to submit to random testing for alcohol or illegal controlled substances for employees in safety sensitive positions as defined in section two, article one-d, chapter twenty-one of this code; arson, theft, larceny, fraud or embezzlement in connection with his or her work; or any other gross misconduct, he or she is disqualified for benefits until he or she has thereafter worked for at least thirty days in covered employment: Provided, That for the purpose of this subdivision, the words "any other gross misconduct" includes, but is not limited to, any act or acts of misconduct where the individual has received prior written warning that termination of employment may result from the act or acts.
(3) For the week in which he or she failed without good cause to apply for available, suitable work, accept suitable work when offered, or return to his or her customary self-employment when directed to do so by the commissioner, and for the four weeks which immediately follow for such additional period as any offer of suitable work shall continue open for his or her acceptance. The disqualification carries a reduction in the maximum benefit amount equal to four times the individual's weekly benefit amount.

(4) For a week in which his or her total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment or other premises at which he or she was last employed, unless the commissioner is satisfied that he or she: (1) Was not participating, financing or directly interested in the dispute; and (2) did not belong to a grade or class of workers who were participating, financing or directly interested in the labor dispute which resulted in the stoppage of work. No disqualification under this subdivision is imposed if the employees are required to accept wages, hours or conditions of employment substantially less favorable than those prevailing for similar work in the locality, or if employees are denied the right of collective bargaining under generally prevailing conditions, or if an employer shuts down his or her plant or operation or dismisses his or her employees in order to force wage reduction, changes in hours or working conditions. For the purpose of this subdivision if any stoppage of work continues longer than four weeks after the termination of the labor dispute which caused stoppage of work, there is a rebuttable presumption that part of the stoppage of work which exists after a period of four weeks after the termination of the labor dispute did not exist because of the labor dispute; and in that event the burden is upon the employer or other interested party to show otherwise.

(5) For a week with respect to which he or she is receiving or has received:
(a) Wages in lieu of notice;

(b) Compensation for temporary total disability under the workers’ compensation law of any state or under a similar law of the United States; or

(c) Unemployment compensation benefits under the laws of the United States or any other state.

(6) For the week in which an individual has voluntarily quit employment to marry or to perform any marital, parental or family duty, or to attend to his or her personal business or affairs and until the individual returns to covered employment and has been employed in covered employment at least thirty working days: Provided, That an individual who has voluntarily quit employment to accompany a spouse serving in active military service who has been reassigned from one military assignment to another is not disqualified for benefits pursuant to this subdivision: Provided, however, That the account of the employer of an individual who leaves the employment to accompany a spouse reassigned from one military assignment to another may not be charged.

(7) Benefits may not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if the individual performed the services in the first of the seasons (or similar periods) and there is a reasonable assurance that the individual will perform the services in the later of the seasons (or similar periods).

(8) (a) Benefits may not be paid on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes
of performing the services or was permanently residing in the
United States under color of law at the time the services were
performed (including an alien who is lawfully present in the
United States as a result of the application of the provisions
of Section 203(a)(7) or Section 212(d)(5) of the Immigration
and Nationality Act): Provided, That any modifications to
the provisions of Section 3304(a)(14) of the federal Unemployment Tax Act as provided by Public Law 94-566
which specify other conditions or other effective date than
stated in this subdivision for the denial of benefits based on
services performed by aliens and which modifications are
required to be implemented under state law as a condition for
full tax credit against the tax imposed by the federal
Unemployment Tax Act are applicable under the provisions
of this section.

(b) Any data or information required of individuals
applying for benefits to determine whether benefits are not
payable to them because of their alien status shall be
uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for
benefits would otherwise be approved, no determination that
benefits to the individual are not payable because of his or
her alien status may be made except upon a preponderance of
the evidence.

(9) For each week in which an individual is unemployed
because, having voluntarily left employment to attend a
school, college, university or other educational institution, he
or she is attending that school, college, university or other
educational institution, or is awaiting entrance thereto or is
awaiting the starting of a new term or session thereof, and
until the individual returns to covered employment.

(10) For each week in which he or she is unemployed
because of his or her request, or that of his or her duly
authorized agent, for a vacation period at a specified time that
would leave the employer no other alternative but to suspend
operations.

(11) In the case of an individual who accepts an early
retirement incentive package, unless he or she: (i)
Establishes a well-grounded fear of imminent layoff
supported by definitive objective facts involving fault on the
part of the employer; and (ii) establishes that he or she would
suffer a substantial loss by not accepting the early retirement
incentive package.

(12) For each week with respect to which he or she is
receiving or has received benefits under Title II of the Social
Security Act or similar payments under any Act of Congress,
or remuneration in the form of an annuity, pension or other
retirement pay from a base period employer or chargeable
employer or from any trust or fund contributed to by a base
period employer or chargeable employer or any combination
of the above, the weekly benefit amount payable to the
individual for that week shall be reduced (but not below zero)
by the prorated weekly amount of those benefits, payments or
remuneration: Provided, That if the amount of benefits is not
a multiple of $1, it shall be computed to the next lowest
multiple of $1: Provided, however, That there is no
disqualification if in the individual's base period there are no
wages which were paid by the base period employer or
chargeable employer paying the remuneration, or by a fund
into which the employer has paid during the base period:
Provided further, That notwithstanding any other provision
of this subdivision to the contrary, the weekly benefit amount
payable to the individual for that week may not be reduced by
any retirement benefits he or she is receiving or has received
under Title II of the Social Security Act or similar payments
under any Act of Congress. A claimant may be required to
certify as to whether or not he or she is receiving or has been
receiving remuneration in the form of an annuity, pension or
other retirement pay from a base period employer or chargeable employer or from a trust fund contributed to by a base period employer or chargeable employer.

(13) For each week in which and for fifty-two weeks thereafter, beginning with the date of the decision, if the commissioner finds the individual who within twenty-four calendar months immediately preceding the decision, has made a false statement or representation knowing it to be false or knowingly fails to disclose a material fact, to obtain or increase any benefit or payment under this article: Provided, That disqualification under this subdivision does not preclude prosecution under section seven, article ten of this chapter.

(D) If the lease is not a consumer lease, the lessor, before the lessee signs the lease contract, informs the lessee in writing: (a) Of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person; (b) that the lessee is entitled under this article to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods; and (c) that the lessee may communicate with the person supplying the goods to the lessor and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

condition or result of the security interest’s obtaining priority
over the rights of a lien creditor with respect to the collateral.
If subsection (b) does not apply, the debtor is located in the
District of Columbia.

(1) The time the security interest would have become unperfected under the law of that jurisdiction; or

(2) The expiration of four months after a change of the applicable jurisdiction to another jurisdiction.

(g) Subsection (f) security interest perfected or unperfected under law of new jurisdiction. -- If a security interest described in subsection (f) of this section becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(h) Effect on filed financing statement of change in governing law. -- The following rules apply to collateral to
which a security interest attaches within four months after the
debtor changes its location to another jurisdiction:

(1) A financing statement filed before the change
pursuant to the law of the jurisdiction designated in section
9-301(1) or 9-305(c) is effective to perfect a security interest
in the collateral if the financing statement would have been
effective to perfect a security interest in the collateral had the
debtor not changed its location.

(2) If a security interest perfected by a financing
statement that is effective under paragraph (1) becomes
perfected under the law of the other jurisdiction before the
earlier of the time the financing statement would have
become ineffective under the law of the jurisdiction
designated in section 9-301(1) or 9-305(c) or the expiration
of the four-month period, it remains perfected thereafter. If
the security interest does not become perfected under the law
of the other jurisdiction before the earlier time or event, it
becomes unperfected and is deemed never to have been
perfected as against a purchaser of the collateral for value.

(i) Effect of change in governing law on financing
statement filed against original debtor. If a financing
statement naming an original debtor is filed pursuant to the
law of the jurisdiction designated in Section 9-301(1) or
9-305(c) and the new debtor is located in another jurisdiction,
the following rules apply:

(1) The financing statement is effective to perfect a
security interest in collateral acquired by the new debtor
before, and within four months after, the new debtor becomes
bound under Section 9-203(d), if the financing statement
would have been effective to perfect a security interest in the
collateral had the collateral been acquired by the original
debtor.
(2) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in Section 9-301(1) or 9-305(c) or the expiration of the four-month period remains perfected thereafter. A security interest that is perfected by the financing statement but which does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

§46-9-317. Interests that take priority over or take free of security interest or agricultural lien.

(a) Conflicting security interests and rights of lien creditors. -- A security interest or agricultural lien is subordinate to the rights of:

(1) A person entitled to priority under section 9-322; and

(2) Except as otherwise provided in subsection (e) of this section, a person that becomes a lien creditor before the earlier of the time: (A) The security interest or agricultural lien is perfected; or (B) one of the conditions specified in section 9-203(b)(3) is met and a financing statement covering the collateral is filed.

(b) Buyers that receive delivery. -- Except as otherwise provided in subsection (e) of this section, a buyer, other than a secured party, of tangible chattel paper, tangible documents, goods, instruments or a certificated security takes free of a security interest or agricultural lien if the buyer gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.
(c) Lessees that receive delivery. -- Except as otherwise provided in subsection (e) of this section, a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(d) Licensees and buyers of certain collateral. -- A licensee of a general intangible or a buyer, other than a secured party, of collateral other than tangible chattel paper, tangible documents, goods, instruments, or a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(e) Purchase-money security interest. -- Except as otherwise provided in sections 9-320 and 9-321, if a person files a financing statement with respect to a purchase-money security interest before or within twenty days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee or lien creditor which arise between the time the security interest attaches and the time of filing.

§46-9-326. Priority of security interests created by new debtor.

(a) Subordination of security interest created by new debtor. -- Subject to subsection (b) of this section, a security interest that is created by a new debtor in collateral in which the new debtor has or acquires rights and is perfected solely by a filed financing statement that would be ineffective to perfect the security interest but for the application of Section 9-316(i)(1) or 9-508 is subordinate to a security interest in the same collateral which is perfected other than by such a filed financing statement.
(b) Priority under other provisions; multiple original debtors. -- The other provisions of this part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements described in subsection (a) of this section. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor’s having become bound.

PART 4. RIGHTS OF THIRD PARTIES.

§46-9-406. Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles and promissory notes ineffective.

(a) Discharge of account debtor; effect of notification.-- Subject to subsections (b) through (i), an account debtor on an account, chattel paper or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) When notification ineffective. -- Subject to subsection (h) of this section, notification is ineffective under subsection (a) of this section:

1. If it does not reasonably identify the rights assigned;

2. To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account
debtor’s duty to pay a person other than the seller and the limitation is effective under law other than this article; or

(3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(A) Only a portion of the account, chattel paper or payment intangible has been assigned to that assignee;

(B) A portion has been assigned to another assignee; or

(C) The account debtor knows that the assignment to that assignee is limited.

(c) Proof of assignment. -- Subject to subsection (h) of this section, if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a) of this section.

(d) Term restricting assignment generally ineffective. -- Except as otherwise provided in subsection (e) of this section and sections 2A-303 and 9-407, and subject to subsection (h) of this section, a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(1) Prohibits, restricts or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection or enforcement of a security interest in, the account, chattel paper, payment intangible or promissory note; or
(2) Provides that the assignment or transfer or the creation, attachment, perfection or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination or remedy under the account, chattel paper, payment intangible or promissory note.

(e) Inapplicability of subsection (d) to certain sales.-- Subsection (d) of this section does not apply to the sale of a payment intangible or promissory note other than a sale pursuant to a disposition under section 9-610 or an acceptance of collateral under section 9-620.

(f) Legal restrictions on assignment generally ineffective. -- Except as otherwise provided in sections 2A-303 and 9-407 and subject to subsections (h) and (i) of this section, a rule of law, statute or regulation that prohibits, restricts or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute or regulation:

(1) Prohibits, restricts or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection or enforcement of a security interest in the account or chattel paper; or

(2) Provides that the assignment or transfer or the creation, attachment, perfection or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination or remedy under the account or chattel paper.

(g) Subsection (b)(3) not waivable. -- Subject to subsection (h) of this section, an account debtor may not
waive or vary its option under subsection (b)(3) of this section.

(h) Rule for individual under other law. -- This section is subject to law other than this article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family or household purposes.

(i) Inapplicability. -- This section does not apply to an assignment of a health-care-insurance receivable. Subsection (f) does not apply to an assignment or transfer of, or the creation, attachment, perfection or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes to the extent that the statute is inconsistent with subsection (f): Chapter twenty-three, article four, section eighteen, chapter forty-six-a, article six-h, and a claim or right to receive benefits under a special needs trust as described in 42 U.S.C. §1396p(d)(4).

(j) Section prevails over specified inconsistent law. -- This section prevails over any inconsistent provision of an existing or future statute, rule or regulation of this state unless the provision is contained in a statute of this state, refers expressly to this section and states that the provision prevails over this section.

§46-9-408. Restrictions on assignment of promissory notes, health-care-insurance receivables and certain general intangibles ineffective.

(a) Term restricting assignment generally ineffective.-- Except as otherwise provided in subsection (b) of this section, a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license or franchise, and which
term prohibits, restricts or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of or creation, attachment or perfection of a security interest in, the promissory note, health-care-insurance receivable or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination or remedy under the promissory note, health-care-insurance receivable or general intangible.

(b) Applicability of subsection (a) to sales of certain rights to payment. Subsection (a) of this section applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note other than a sale pursuant to a disposition under section 9-610 or an acceptance of collateral under section 9-620.

(c) Legal restrictions on assignment generally ineffective. -- A rule of law, statute or regulation that prohibits, restricts or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable or general intangible, including a contract, permit, license or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute or regulation:

(1) Would impair the creation, attachment or perfection of a security interest; or
(2) Provides that the assignment or transfer or the creation, attachment or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination or remedy under the promissory note, health-care-insurance receivable or general intangible.

(d) *Limitation on ineffectiveness under subsections (a) and (c).* -- To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute or regulation described in subsection (c) of this section would be effective under law other than this article but is ineffective under subsection (a) or (c) of this section, the creation, attachment or perfection of a security interest in the promissory note, health-care-insurance receivable or general intangible:

1. Is not enforceable against the person obligated on the promissory note or the account debtor;

2. Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

3. Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

4. Does not entitle the secured party to use or assign the debtor’s rights under the promissory note, health-care-insurance receivable or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable or general intangible;
(5) Does not entitle the secured party to use, assign, possess or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) Does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable or general intangible.

(e) Section prevails over specified inconsistent law. -- This section prevails over any inconsistent provisions of an existing or future statute, rule or regulation of this state unless the provision is contained in a statute of this state, refers expressly to this section and states that the provision prevails over this section.

(f) Inapplicability. -- Subsection (c) of this section does not apply to an assignment or transfer of or the creation, attachment, perfection, or enforcement of a security interest in, a right the transfer of which is prohibited or restricted by any of the following statutes, to the extent that the statute is inconsistent with said subsection: Chapter twenty-three, article four, section eighteen; chapter forty-six-a, article six-h; and a claim or right to receive benefits under a special needs trust as described in 42 U.S.C. §1396(d)(4).

§46-9-502. Contents of financing statement; record of mortgage as financing statement; time of filing financing statement.

(a) Sufficiency of financing statement. -- Subject to subsection (b), a financing statement is sufficient only if it:

(1) Provides the name of the debtor;

(2) Provides the name of the secured party or a representative of the secured party; and
(3) Indicates the collateral covered by the financing statement.

(b) Real-property-related financing statements. -- Except as otherwise provided in section 9-501(b), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subsection (a) of this section and also:

(1) Indicate that it covers this type of collateral;

(2) Indicate that it is to be filed for record in the real property records;

(3) Provide a description of the real property to which the collateral is related sufficient to give constructive notice of a mortgage under the law of this state if the description were contained in a record of the mortgage of the real property; and

(4) If the debtor does not have an interest of record in the real property, provide the name of a record owner.

(c) Record of mortgage as financing statement. -- A record of a mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if:

(1) The record indicates the goods or accounts that it covers;

(2) The goods are or are to become fixtures relate to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;
(3) The record satisfies the requirements for a financing statement in this section: Provided, That

(A) The record need not indicate that it is to be filed in the real property records; and

(B) The record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom section 9-503(a)(4) applies; and

(4) The record is duly recorded.

(d) Filing before security agreement or attachment. -- A financing statement may be filed before a security agreement is made or a security interest otherwise attaches.

§46-9-503. Name of debtor and secured party.

(a) Sufficiency of debtor’s name. -- A financing statement sufficiently provides the name of the debtor:

(1) Except as otherwise provided in paragraph (3) of this section, if the debtor is a registered organization or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name that is stated to be the registered organization’s name on the public organic record most recently filed with or issued or enacted by the debtor’s jurisdiction of organization which purports to state, amend or restate the registered organization’s name;

(2) Subject to subsection (f) of this section, if the collateral is being administered by the personal representative of a decedent, only if the financing statement provides, as the name of the debtor, the name of the decedent and indicates that collateral is being administered by a personal representative;
(3) If the collateral is held in a trust that is not a registered organization, only if the financing statement:

(A) Provides, as the name of the debtor:

(i) If the organic record of the trust specifies a name for the trust, the name specified; or

(ii) If the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

(B) In a separate part of the financing statement:

(i) If the name is provided in accordance with subparagraph (A)(i), indicates that the collateral is held in a trust; or

(ii) If the name is provided in accordance with subparagraph (A)(ii), provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates;

(4) Subject to subsection (g), if the debtor is an individual to whom this state has issued a driver’s license that has not expired, only if the financing statement provides the name of the individual which is indicated on the driver’s license;

(5) If the debtor is an individual to whom subdivision (4) does not apply, only if the financing statement provides the individual name of the debtor or the surname and first personal name of the debtor; and

(6) In other cases:

(A) If the debtor has a name, only if the financing statement provides the organizational name of the debtor; and
(B) If the debtor does not have a name, only if it provides the names of the partners, members, associates or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) Additional debtor-related information. -- A financing statement that provides the name of the debtor in accordance with subsection (a) of this section is not rendered ineffective by the absence of:

(1) A trade name or other name of the debtor; or

(2) Unless required under subsection (a)(6)(B) of this section, names of partners, members, associates or other persons comprising the debtor.

(c) Debtor’s trade name insufficient. -- A financing statement that provides only the debtor’s trade name does not sufficiently provide the name of the debtor.

(d) Representative capacity. -- Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) Multiple debtors and secured parties. -- A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) Name of decedent. -- The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the “name of the decedent” under subdivision (a)(2) of this section.

(g) Multiple driver’s licenses. -- If this state has issued to an individual more than one driver’s license of a kind
described in subdivision (a)(4) of this section, the one that
was issued most recently is the one to which subdivision
(a)(4) refers.

(h) Definition. -- In this section, the “name of the settlor
or testator” means:

(1) If the settlor is a registered organization, the name that
is stated to be the settlor’s name on the public organic record
most recently filed with or issued or enacted by the settlor’s
jurisdiction of organization which purports to state, amend,
or restate the settlor’s name; or

(2) In other cases, the name of the settlor or testator
indicated in the trust’s organic record.

§46-9-507. Effect of certain events on effectiveness of financing
statement.

(a) Disposition. -- A filed financing statement remains
effective with respect to collateral that is sold, exchanged,
leased, licensed or otherwise disposed of and in which a
security interest or agricultural lien continues, even if the
secured party knows of or consents to the disposition.

(b) Information becoming seriously misleading. --
Except as otherwise provided in subsection (c) of this section
and section 9-508, a financing statement is not rendered
ineffective if, after the financing statement is filed, the
information provided in the financing statement becomes
seriously misleading under section 9-506.

(c) Change in debtor’s name. -- If the name that a filed
financing statement provides for a debtor becomes
insufficient as the name of the debtor under section 9-503(a)
so that the financing statement becomes seriously misleading
under section 9-506:
(1) The financing statement is effective to perfect a security interest in collateral acquired by the debtor before, or within four months after, the filed financing statement becomes seriously misleading; and

(2) The financing statement is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the filed financing statement becomes seriously misleading, unless an amendment to the financing statement which renders the financing statement not seriously misleading is filed within four months after the financing statement became seriously misleading.

§46-9-515. Duration and effectiveness of financing statement; effect of lapsed financing statement.

(a) Five-year effectiveness. -- Except as otherwise provided in subsections (b), (e), (f) and (g) of this section, a filed financing statement is effective for a period of five years after the date of filing.

(b) Public-finance or manufactured-home transaction. -- Except as otherwise provided in subsections (e), (f) and (g) of this section, an initial financing statement filed in connection with a public-finance transaction or manufactured-home transaction is effective for a period of forty years after the date of filing if it indicates that it is filed in connection with a public-finance transaction or manufactured-home transaction.

(c) Lapse and continuation of financing statement. -- The effectiveness of a filed financing statement lapses on the expiration of the period of its effectiveness unless before the lapse a continuation statement is filed pursuant to subsection (d) of this section. Upon lapse, a financing statement ceases to be effective and any security interest or agricultural lien that was perfected by the financing statement becomes
unperfected, unless the security interest is perfected otherwise. If the security interest or agricultural lien becomes unperfected upon lapse, it is deemed never to have been perfected as against a purchaser of the collateral for value.

(d) *When continuation statement may be filed.* -- A continuation statement may be filed only within six months before the expiration of the five-year period specified in subsection (a) of this section or the thirty-year period specified in subsection (b) of this section, whichever is applicable.

(e) *Effect of filing continuation statement.* -- Except as otherwise provided in section 9-510, upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of five years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the five-year period, the financing statement lapses in the same manner as provided in subsection (c) of this section, unless, before the lapse, another continuation statement is filed pursuant to subsection (d) of this section. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(f) *Transmitting utility financing statement.* -- If a debtor is a transmitting utility and a filed initial financing statement so indicates, the financing statement is effective until a termination statement is filed.

(g) *Record of mortgage as financing statement.* -- A record of a mortgage that is effective as a financing statement filed as a fixture filing under section 9-502(c) remains effective as a financing statement filed as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property.
§46-9-516. What constitutes filing; effectiveness of filing.

(a) What constitutes filing. -- Except as otherwise provided in subsection (b) of this section, communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Refusal to accept record; filing does not occur. -- Filing does not occur with respect to a record that a filing office refuses to accept because:

(1) The record is not communicated by a method or medium of communication authorized by the filing office;

(2) An amount equal to or greater than the applicable filing fee is not tendered;

(3) The filing office is unable to index the record because:

(A) In the case of an initial financing statement, the record does not provide a name for the debtor;

(B) In the case of an amendment or information statement, the record:

(i) Does not identify the initial financing statement as required by section 9-512 or 9-518, as applicable; or

(ii) Identifies an initial financing statement whose effectiveness has lapsed under section 9-515;

(C) In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor’s surname; or
(D) In the case of a record filed or recorded in the filing office described in section 9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

(4) In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(5) In the case of an initial financing statement or an amendment that provides a name of a debtor which was not previously provided in the financing statement to which the amendment relates, the record does not:

(A) Provide a mailing address for the debtor;

(B) Indicate whether the name provided as the name of the debtor is the name of an individual or an organization;

(6) In the case of an assignment reflected in an initial financing statement under section 9-514(a) or an amendment filed under section 9-514(b), the record does not provide a name and mailing address for the assignee; or

(7) In the case of a continuation statement, the record is not filed within the six-month period prescribed by section 9-515(d).

(c) Rules applicable to subsection (b). -- For purposes of subsection (b):

(1) A record does not provide information if the filing office is unable to read or decipher the information; and

(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which
(d) **Refusal to accept record; record effective as filed record.** -- A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b) of this section, is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files.

(e) **Administrative review.** – If the Secretary of State determines that a financing statement which identifies a public official or employee as a debtor is fraudulent or that an individual debtor and an individual secured party would appear to be the same individual on the financing statement or that the individual debtor claims to be a transmitting utility, without supporting documents, the Secretary may commence administrative proceedings to remove the statement from its records in accordance with the provisions of article five, chapter twenty-nine-a of this code.

(1) Upon the commencement of proceedings pursuant to this subsection, the Secretary of State shall identify the financing statement in its records as subject to administrative review and publish a notice in the *West Virginia Register* regarding the proceedings.

(2) A financing statement may be found to be fraudulent only if, based upon clear and convincing evidence, no good faith basis exists upon which to conclude that the secured party was authorized to file the statement and the statement was submitted for the purpose of harassment or intimidation or fraudulent intent of the alleged debtor.
(3) If upon the completion of administrative review, it is
determined that the filing of a financing statement was
fraudulent, the filing party shall be assessed all costs incurred
by the Secretary in reaching a final determination, including
reimbursement for all costs of the hearing. The filing party
may also be subject to a civil penalty not exceeding $500 per
fraudulent filing. If upon completion of administrative
review or any subsequent appeal of a decision of the
Secretary of State, it is determined that a filing subject to
appeal is not fraudulent, the secretary or court may award the
prevailing party reasonable costs and expenses, including
attorney fees.

(4) The Secretary of State shall annually submit a report
to the Legislature regarding actions taken against fraudulent
filings pursuant to this section which identifies the number
and characteristics of such proceedings, identifies any
creditors found to have made fraudulent filings, describes
proceedings initiated by the secretary in which it is ultimately
determined that fraudulent filings did not occur, describes the
number and type of complaints received by the secretary in
which it is alleged that fraudulent filings have occurred, and
describes the actions taken by the secretary to investigate
complaints concerning allegedly fraudulent filings and the
results of the investigations.

(5) A decision by the secretary to remove a financing
statement determined to have been fraudulently filed subject
to appeal de novo to the circuit court of Kanawha County.
Pending the outcome of an appeal, the financing statement
may not be removed from the records of the Secretary, but
shall be identified in the records as having been adjudicated
to be fraudulent, subject to a pending appeal by the putative
creditor.

(6) A financing statement filed by a regulated financial
institution is not subject to the provisions of this section. For
the purposes of this section, a regulated financial institution is a bank, bank and trust company, trust company, savings bank, savings association, building and loan association, credit union, consumer finance company, insurance company, investment company, mortgage lender or broker, securities broker, dealer or underwriter, or other institution chartered, licensed, registered or otherwise authorized under federal law, the law of this state or any other state, to engage in secured lending.

§46-9-518. Claim concerning inaccurate or wrongfully filed record.

(a) **Statement with respect to record indexed under person’s name.** -- A person may file in the filing office an information statement with respect to a record indexed there under the person’s name if the person believes that the record is inaccurate or was wrongfully filed.

(b) **Contents of statement under subsection (a).** -- An information statement under subsection (a) of this section must:

1. **Identify the record to which it relates by:**

   (A) The file number assigned to the initial financing statement to which the record relates; and

   (B) If the information statement relates to a record filed or recorded in a filing office described in section 9-501(a)(1), the date and time that the initial financing statement was filed or recorded and the information specified in section 9-502(b);

2. **Indicate that it is an information statement; and**

3. **Provide the basis for the person’s belief that the record is inaccurate and indicate the manner in which the**
person believes the record should be amended to cure any inaccuracy or provide the basis for the person’s belief that the record was wrongfully filed.

(c) Statement by secured party of record. -- A person may file in the filing office an information statement with respect to a record filed there if the person is a secured party of record with respect to the financing statement to which the record relates and believes that the person that filed the record was not entitled to do so under section 9-509(d).

(d) Contents of statement under subsection (c). -- An information statement under subsection (c) of this section must:

(1) Identify the record to which it relates by:

(A) The file number assigned to the initial financing statement to which the record relates; and

(2) Indicate that it is an information statement; and

(3) Provide the basis for the person’s belief that the person that filed the record was not entitled to do so under Section 9-509(d).

(e) Record not affected by information statement. -- The filing of an information statement does not affect the effectiveness of an initial financing statement or other filed record.
§46-9-607. Collection and enforcement by secured party.

(a) Collection and enforcement generally. -- If so agreed, and in any event after default, a secured party:

1. May notify an account debtor or other person obligated on collateral to make payment or otherwise render performance to or for the benefit of the secured party;

2. May take any proceeds to which the secured party is entitled under section 9-315;

3. May enforce the obligations of an account debtor or other person obligated on collateral and exercise the rights of the debtor with respect to the obligation of the account debtor or other person obligated on collateral to make payment or otherwise render performance to the debtor, and with respect to any property that secures the obligations of the account debtor or other person obligated on the collateral;

4. If it holds a security interest in a deposit account perfected by control under section 9-104(a)(1), may apply the balance of the deposit account to the obligation secured by the deposit account; and

5. If it holds a security interest in a deposit account perfected by control under section 9-104(a)(2) or (3), may instruct the bank to pay the balance of the deposit account to or for the benefit of the secured party.

(b) Nonjudicial enforcement of mortgage. -- If necessary to enable a secured party to exercise under subsection (a)(3) of this section the right of a debtor to enforce a mortgage nonjudicially, the secured party may record in the office in which a record of the mortgage is recorded:
(1) A copy of the security agreement that creates or provides for a security interest in the obligation secured by the mortgage; and

(2) The secured party’s sworn affidavit in recordable form stating that:

(A) A default has occurred with respect to the obligation secured by the mortgage; and

(B) The secured party is entitled to enforce the mortgage nonjudicially.

(c) Commercially reasonable collection and enforcement. -- A secured party shall proceed in a commercially reasonable manner if the secured party:

(1) Undertakes to collect from or enforce an obligation of an account debtor or other person obligated on collateral; and

(2) Is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor or a secondary obligor.

(d) Expenses of collection and enforcement. -- A secured party may deduct from the collections made pursuant to subsection (c) of this section reasonable expenses of collection and enforcement, including reasonable attorney’s fees and legal expenses incurred by the secured party.

(e) Duties to secured party not affected. -- This section does not determine whether an account debtor, bank or other person obligated on collateral owes a duty to a secured party.
§46-9-625. Remedies for secured party’s failure to comply with article.

(a) Judicial orders concerning noncompliance.-- If it is established that a secured party is not proceeding in accordance with this article, a court may order or restrain collection, enforcement, or disposition of collateral on appropriate terms and conditions.

(b) Damages for noncompliance.-- Subject to subsections (c), (d) and (f) of this section, a person is liable for damages in the amount of any loss caused by a failure to comply with this article. Loss caused by a failure to comply may include loss resulting from the debtor’s inability to obtain, or increased costs of, alternative financing.

(c) Persons entitled to recover damages; statutory damages if collateral is consumer goods.-- Except as otherwise provided in section 9-628:

(1) A person that, at the time of the failure, was a debtor, was an obligor, or held a security interest in or other lien on the collateral may recover damages under subsection (b) of this section for its loss; and

(2) If the collateral is consumer goods, a person that was a debtor or a secondary obligor at the time a secured party failed to comply with this part may recover for that failure in any event an amount not less than the credit service charge plus ten percent of the principal amount of the obligation or the time-price differential plus ten percent of the cash price.

(d) Recovery when deficiency eliminated or reduced.-- A debtor whose deficiency is eliminated under section 9-626 may recover damages for the loss of any surplus. However,
a debtor or secondary obligor whose deficiency is eliminated or reduced under section 9-626 may not otherwise recover under subsection (b) of this section for noncompliance with the provisions of this part relating to collection, enforcement, disposition or acceptance.

(e) Statutory damages: noncompliance with specified provisions. -- In addition to any damages recoverable under subsection (b) of this section, the debtor, consumer obligor or person named as a debtor in a filed record, as applicable, may recover $500 in each case from a person that:

2. Fails to comply with section 9-209;
3. Files a record that the person is not entitled to file under section 9-509(a);
4. Fails to cause the secured party of record to file or send a termination statement as required by section 9-513(a) or (c);
5. Fails to comply with section 9-616(b)(1) and whose failure is part of a pattern, or consistent with a practice, of noncompliance; or
6. Fails to comply with section 9-616(b)(2).

(f) Statutory damages: noncompliance with section 9-210. -- A debtor or consumer obligor may recover damages under subsection (b) of this section and, in addition, $500 in each case from a person that, without reasonable cause, fails to comply with a request under section 9-210. A recipient of a request under section 9-210 which never claimed an interest in the collateral or obligations that are the subject of a request under that section has a reasonable excuse for failure to
comply with the request within the meaning of this subsection.

(g) Limitation of security interest: noncompliance with section 9-210. -- If a secured party fails to comply with a request regarding a list of collateral or a statement of account under section 9-210, the secured party may claim a security interest only as shown in the list or statement included in the request as against a person that is reasonably misled by the failure.

PART 8. TRANSITION PROVISIONS

FOR 2012 AMENDMENTS.

§46-9-801. Effective date.

The amendments to this article enacted by the Legislature during the 2012 Regular Legislative Session take effect on July 1, 2013.

§46-9-802. Savings clause.

(a) Preeffective-date transactions or liens. -- Except as otherwise provided in this part, this article applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before the amendments to this article during the 2012 Regular Legislative Session take effect as provided in section 9-801.

(b) Preeffective-date proceedings. -- This article does not affect an action, case, or proceeding commenced before the amendments to this article during the 2012 Regular Legislative Session take effect as provided in section 9-801.
§46-9-803. Security interest perfected before effective date.

(a) Continuing perfection: perfection requirements satisfied. -- A security interest that is a perfected security interest immediately before the amendments to this article take effect is a perfected security interest under this article if, when this article takes effect, the applicable requirements for attachment and perfection under this article as amended by the Legislature during the 2012 Regular Legislative Session are satisfied without further action.

(b) Continuing perfection: perfection requirements not satisfied. -- Except as otherwise provided in section 9-805, if, immediately before amendments to this article take effect, a security interest is a perfected security interest, but the applicable requirements for perfection under this article as amended by the Legislature during the 2012 Regular Legislative Session are not satisfied when the amendments to this article take effect, the security interest remains perfected thereafter only if the applicable requirements for perfection under this article as amended by the Legislature during the 2012 Regular Legislative Session are satisfied within one year after the amendments take effect.

§46-9-804. Security interest unperfected before effective date.

A security interest that is an unperfected security interest immediately before the amendments to this article during the 2012 Regular Legislative Session take effect becomes a perfected security interest:

(1) Without further action, when the amendments to this article during the 2012 Regular Legislative Session take effect if the applicable requirements for perfection under this article as amended during the 2012 Regular Legislative Session are satisfied before or at that time; or
(2) When the applicable requirements for perfection are satisfied if the requirements are satisfied after that time.

§46-9-805. Effectiveness of action taken before effective date.

(a) Preeffective-date filing effective. -- The filing of a financing statement before the amendments to this article during the 2012 Regular Legislative Session take effect is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this article as amended during the 2012 Regular Legislative Session.

(b) When preeffective-date filing becomes ineffective. -- This article does not render ineffective an effective financing statement that, before the amendments to this article during the 2011 Regular Legislative Session take effect, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in this article as it existed before its amendment during the 2012 Regular Legislative Session. However, except as otherwise provided in subsections (c) and (d) and Section 9-806, the financing statement ceases to be effective:

(1) If the financing statement is filed in this state, at the time the financing statement would have ceased to be effective had the amendments to this article during the 2012 Regular Legislative Session not taken effect; or

(2) If the financing statement is filed in another jurisdiction, at the earlier of:

(A) The time the financing statement would have ceased to be effective under the law of that jurisdiction; or

(B) June 30, 2018.
(c) *Continuation statement.* -- The filing of a continuation statement after the amendments to this article during the 2012 Regular Legislative Session take effect does not continue the effectiveness of a financing statement filed before those amendments to the article take effect. However, upon the timely filing of a continuation statement after the amendments to this article during the 2012 Regular Legislative session take effect and in accordance with the law of the jurisdiction governing perfection as provided in this article as amended during the 2012 Regular Legislative Session, the effectiveness of a financing statement filed in the same office in that jurisdiction before the amendments to this article during the 2012 Regular Legislative Session takes effect continues for the period provided by the law of that jurisdiction.

(d) *Application of subsection (b)(2)(B) to transmitting utility financing statement.* -- Subsection (b)(2)(B) applies to a financing statement that, before the amendments to this article during the 2012 Regular Legislative Session take effect, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in this article as it existed before amendment, only to the extent that this article as amended by during the 2012 Regular Legislative Session provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(e) *Application of Part 5.* -- A financing statement that includes a financing statement filed before the amendments to this article during 2012 Regular Session take effect and a continuation statement filed after the amendments to this article during the 2012 Regular Legislative Session take effect is effective only to the extent that it satisfies the requirements of Part 5 as amended during the 2012 Regular Legislative Session for an initial financing statement. A
financing statement that indicates that the debtor is a decedent’s estate indicates that the collateral is being administered by a personal representative within the meaning of section 9-503(a)(2) as amended during the 2012 Regular Legislative Session. A financing statement that indicates that the debtor is a trust or is a trustee acting with respect to property held in trust indicates that the collateral is held in a trust within the meaning of section 9-503(a)(3) as amended during the 2012 Regular Legislative Session.

§46-9-806. When initial financing statement suffices to continue effectiveness of financing statement.

(a) Initial financing statement in lieu of continuation statement. -- The filing of an initial financing statement in the office specified in section 9-501 continues the effectiveness of a financing statement filed before the amendments to this article during the 2012 Regular Legislative Session if:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under this article as amended during the 2012 Regular Legislative Session;

(2) The preeffective-date financing statement was filed in an office in another state; and

(3) The initial financing statement satisfies subsection (c).

(b) Period of continued effectiveness. -- The filing of an initial financing statement under subsection (a) continues the effectiveness of the preeffective-date financing statement:

(1) If the initial financing statement is filed before the amendments to this article during the 2012 Regular
Legislative Session take effect, for the period provided in section 9-515 as it existed prior to the 2012 amendments, with respect to an initial financing statement; and

(2) If the initial financing statement is filed after the amendments to this article during the 2012 Regular Legislative Session take effect, for the period provided in section 9-515 as amended by the Legislature during the 2012 Regular Legislative Session, with respect to an initial financing statement.

(c) Requirements for initial financing statement under subsection (a). -- To be effective for purposes of subsection (a), an initial financing statement must:

(1) Satisfy the requirements of Part 5 as amended by the Legislature during the 2012 Regular Legislative Session for an initial financing statement;

(2) Identify the preeffective-date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and

(3) Indicate that the preeffective-date financing statement remains effective.

§46-9-807. Amendment of preeffective-date financing statement.

(a) “Preeffective-date financing statement”. -- In this section, “preeffective-date financing statement” means a financing statement filed before the amendments to this article during the 2012 Regular Legislative Session take effect.
(b) Applicable law. -- After the amendments to this article during the 2012 Regular Legislative Session take effect, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in, a preeffective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in this article as amended during the 2012 Regular Legislative Session. However, the effectiveness of a preeffective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(c) Method of amending: general rule. -- Except as otherwise provided in subsection (d), if the law of this state governs perfection of a security interest, the information in a preeffective-date financing statement may be amended after the amendments to this article during the 2012 Regular Legislative Session take effect only if:

(1) The preeffective-date financing statement and an amendment are filed in the office specified in section 9-501;

(2) An amendment is filed in the office specified in section 9-501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies section 9-806(c); or

(3) An initial financing statement that provides the information as amended and satisfies section 9-806(c) is filed in the office specified in section 9-501.

(d) Method of amending: continuation. -- If the law of this state governs perfection of a security interest, the effectiveness of a preeffective-date financing statement may be continued only under section 9-805(c) and (e) or 9-806.
(e) Method of amending: additional termination rule. --

Whether or not the law of this state governs perfection of a security interest, the effectiveness of a preeffective-date financing statement filed in this state may be terminated after the amendments to this article during the 2012 Regular Legislative Session take effect by filing a termination statement in the office in which the preeffective-date financing statement is filed, unless an initial financing statement that satisfies section 9-806(c) has been filed in the office specified by the law of the jurisdiction governing perfection as provided in this article as amended during the 2012 Regular Legislative Session as the office in which to file a financing statement.

§46-9-808. Person entitled to file initial financing statement or continuation statement.

A person may file an initial financing statement or a continuation statement under this part if:

(1) The secured party of record authorizes the filing; and

(2) The filing is necessary under this part:

(A) To continue the effectiveness of a financing statement filed before the amendments to this article during the 2012 Regular Legislative Session take effect; or

(B) To perfect or continue the perfection of a security interest.

§46-9-809. Priority.

This article determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before the amendments to this article during the 2012 Regular Legislative Session take effect, this article, as it existed before the 2012 amendments determines priority.

(1) A power to the extent it is coupled with an interest in the subject of the power, including a power given to or for the benefit of a creditor in connection with a credit transaction;

(2) A power to make health-care decisions;

(3) A proxy or other delegation to exercise voting rights or management rights with respect to an entity; and

(4) A power created on a form prescribed by a government or governmental subdivision, agency or instrumentality for a governmental purpose.

§39B-1-104. Power of attorney is durable.

A power of attorney created under this act is durable unless it expressly provides that it is terminated by the incapacity of the principal.

§39B-1-105. Execution of power of attorney.

A power of attorney must be signed by the principal or in the principal’s conscious presence by another individual directed by the principal to sign the principal’s name on the power of attorney and must be acknowledged by the principal before a notary public or other individual authorized by law to take acknowledgments.

§39B-1-106. Validity of power of attorney.

(a) A power of attorney executed in this state on or after the effective date of this act, is valid if its execution complies with section one hundred five of this article.

(b) A power of attorney executed in this state before the effective date of this act, is valid if its execution complied with the law of this state as it existed at the time of execution.
(c) A power of attorney executed other than in this state is valid in this state if, when the power of attorney was executed, the execution complied with:

1. The law of the jurisdiction that determines the meaning and effect of the power of attorney pursuant to section one hundred seven of this article; or

2. The requirements for a military power of attorney pursuant to 10 U. S. C. §1044b.

(d) Except as otherwise provided by statute other than this act, a photocopy or electronically transmitted copy of an original power of attorney has the same effect as the original.

The meaning and effect of a power of attorney is determined by the law of the jurisdiction indicated in the power of attorney and, in the absence of an indication of jurisdiction, by the law of the jurisdiction in which the power of attorney was executed.

§39B-1-108. Nomination of conservator or guardian; relation of agent to court-appointed fiduciary.

(a) In a power of attorney, a principal may nominate a conservator of the principal’s estate or guardian of the principal’s person for consideration by the court if protective proceedings for the principal’s estate or person are begun after the principal executes the power of attorney. In the protective proceedings the court shall consider the nomination in accordance with the provisions of section eight, article two, chapter forty-four-a of this code.
§39B-1-109. When power of attorney effective.

(a) A power of attorney is effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(b) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(c) If a power of attorney becomes effective upon the principal’s incapacity and the principal has not authorized a person to determine whether the principal is incapacitated, or the person authorized is unable or unwilling to make the determination, the power of attorney becomes effective upon a determination in a writing or other record by:

(1) A physician or licensed psychologist that the principal is incapacitated within the meaning of section one hundred two (5)(A) of this article; or

(2) An attorney at law, a judge or an appropriate governmental official that the principal is incapacitated within the meaning of section one hundred two (5)(B) of this article.
(d) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal’s personal representative pursuant to the Health Insurance Portability and Accountability Act, §1171 through §1179 of the Social Security Act, 42 U. S. C. §1320d, and applicable regulations, to obtain access to the principal’s health-care information and communicate with the principal’s health-care provider.

§39B-1-110. Termination of power of attorney or agent’s authority.

(a) A power of attorney terminates when:

(1) The principal dies;

(2) The principal becomes incapacitated, if the power of attorney is not durable;

(3) The principal revokes the power of attorney;

(4) The power of attorney provides that it terminates;

(5) The purpose of the power of attorney is accomplished; or

(6) The principal revokes the agent’s authority or the agent dies, becomes incapacitated, or resigns, and the power of attorney does not provide for another agent to act under the power of attorney.

(b) An agent’s authority terminates when:

(1) The principal revokes the authority;

(2) The agent dies, becomes incapacitated, or resigns;
(3) An action is filed for the dissolution or annulment of the agent’s marriage to the principal or their legal separation, unless the power of attorney otherwise provides; or

(4) The power of attorney terminates.

(c) Unless the power of attorney otherwise provides, an agent’s authority is exercisable until the authority terminates pursuant to this section, notwithstanding a lapse of time since the execution of the power of attorney.

(d) Termination of an agent’s authority or of a power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal’s successors in interest.

(e) Incapacity of the principal of a power of attorney that is not durable does not revoke or terminate the power of attorney as to an agent or other person who, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal’s successors in interest.

(f) The execution of a power of attorney does not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other powers of attorney are revoked.

§39B-1-111. Coagents and successor agents.

(a) A principal may designate two or more persons to act as coagents. Unless the power of attorney otherwise provides, each coagent may exercise his or her authority independently
and the consent of all coagents is not necessary for the validity of an act or transaction.

(b) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office or function. Unless the power of attorney otherwise provides, a successor agent:

(1) Has the same authority as that granted to the original agent; and

(2) May not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(c) Except as otherwise provided in the power of attorney and this act, an agent who does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(d) An agent who has actual knowledge of a breach or imminent breach of fiduciary duty by another agent has a duty to notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal’s best interest. An agent who fails to notify the principal or take action as required by this article is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

§39B-1-112. Reimbursement and compensation of agent.

Unless the power of attorney otherwise provides, an agent is entitled to reimbursement of expenses reasonably incurred on

CHAPTER 202

(Com. Sub. for S. B. 562 - By Senators Kessler, Mr. President, Beach, D. Facemire, Fanning, Hall, Helmick, Prezioso, Plymale and Klempa)

[Passed March 10, 2012; in effect from passage.]
[Approved by the Governor on April 2, 2012.]

AN ACT to amend and reenact §22-11-7b of the Code of West Virginia, 1931, as amended, relating to establishing a public policy for narrative water quality standards; establishing a procedure to determine compliance with the biologic
component of the narrative water quality standard; and clarifying that narrative water quality rules cannot be less protective than current requirements.

Be it enacted by the Legislature of West Virginia:

That §22-11-7b of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 11. WATER POLLUTION CONTROL ACT.

§22-11-7b. Water quality standards; implementation of antidegradation procedures; procedure to determine compliance with the biologic component of the narrative water quality standard.

1. (a) All authority to promulgate rules and implement water quality standards is vested in the Secretary of the Department of Environmental Protection.

2. (b) All meetings with the secretary or any employee of the department and any interested party which are convened for the purpose of making a decision or deliberating toward a decision as to the form and substance of the rule governing water quality standards or variances thereto shall be held in accordance with the provisions of article nine-a, chapter six of this code. When the secretary is considering the form and substance of the rules governing water quality standards, the following are not meetings pursuant to article nine-a, chapter six of this code: (i) Consultations between the department’s employees or its consultants, contractors or agents; (ii) consultations with other state or federal agencies and the department’s employees or its consultants, contractors or agents; or (iii) consultations between the secretary, the department’s employees or its consultants, contractors or agents with any interested party for the purpose of collecting
facts and explaining state and federal requirements relating to
a site specific change or variance.

(c) In order to carry out the purposes of this chapter, the
secretary shall promulgate legislative rules in accordance
with the provisions of article three, chapter twenty-nine-a of
this code setting standards of water quality applicable to both
the surface waters and groundwater of this state. Standards
of quality with respect to surface waters shall protect the
public health and welfare, wildlife, fish and aquatic life and
the present and prospective future uses of the water for
domestic, agricultural, industrial, recreational, scenic and
other legitimate beneficial uses thereof. The water quality
standards of the secretary may not specify the design of
equipment, type of construction or particular method which
a person shall use to reduce the discharge of a pollutant.

(d) The secretary shall establish the antidegradation
implementation procedures as required by 40 C. F. R.
131.12(a) which apply to regulated activities that have the
potential to affect water quality. The secretary shall propose
for legislative approval, pursuant to article three, chapter
twenty-nine-a of the code, legislative rules to establish
implementation procedures which include specifics of the
review depending upon the existing uses of the water body
segment that would be affected, the level of protection or
“tier” assigned to the applicable water body segment, the
nature of the activity and the extent to which existing water
quality would be degraded. Any final classification
determination of a water as a Tier 2.5 water (Water of Special
Concern) does not become effective until that determination
is approved by the Legislature through the legislative rule-
making process as provided in article three, chapter
twenty-nine-a of the code.

(e) All remaining variances shall be applied for and
considered by the secretary and any variance granted shall be
consistent with 33 U. S. C. Section 1311(p) of the Federal Water Control Act. At a minimum, when considering an application for a remining variance the secretary shall consider the data and information submitted by the applicant for the variance; and comments received at a public comment period and public hearing. The secretary may not grant a variance without requiring the applicant to improve the instream water quality as much as is reasonably possible by applying best available technology economically achievable using best professional judgment. Any such requirement will be included as a permit condition. The secretary may not grant a variance without a demonstration by the applicant that the coal remining operation will result in the potential for improved instream water quality as a result of the remining operation. The secretary may not grant a variance where he or she determines that degradation of the instream water quality will result from the remining operation.

(f) The secretary shall propose rules measuring compliance with the biologic component of West Virginia's narrative water quality standard requires evaluation of the holistic health of the aquatic ecosystem and a determination that the stream: (i) Supports a balanced aquatic community that is diverse in species composition; (ii) contains appropriate trophic levels of fish, in streams that have flows sufficient to support fish populations; and (iii) the aquatic community is composed of benthic invertebrate assemblages sufficient to perform the biological functions necessary to support fish communities within the assessed reach, or, if the assessed reach has insufficient flows to support a fish community, in those downstream reaches where fish are present. The secretary shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code that implement the provisions of this subsection. Rules promulgated pursuant to this subsection may not establish measurements for biologic components of West Virginia's narrative water quality
standards that would establish standards less protective than
requirements that exist at the time of enactment of the
amendments to this subsection by the Legislature during the
2012 regular session.

§60A-8-7. Wholesale drug distributor licensing requirements.

(a) Every applicant for a license under this article shall provide the board with the following as part of the application for a license and as part of any renewal of such license:

(1) The name, full business address and telephone number of the licensee;

All fees collected pursuant to this section shall be used for the operation and implementation of the West Virginia Controlled Substances Monitoring Program database or in the same manner as those fees governed by section fourteen-b, article five, chapter thirty of this code.

(2) The Board of Pharmacy may grant a temporary license when a wholesale drug distributor first applies to the board for a wholesale drug distributor’s license and the temporary license shall remain valid until the Board of Pharmacy finds that the applicant meets or fails to meet the requirements for regular licensure, except that no temporary license shall be valid for more than ninety days from the date of issuance. Any temporary license issued pursuant to this subdivision shall be renewable for a similar period of time not to exceed ninety days pursuant to policies and procedures to be prescribed by the Board of Pharmacy.
(3) No license may be issued or renewed for a wholesale drug distributor to operate unless the distributor operates in a manner prescribed by law and according to the rules promulgated by the Board of Pharmacy with respect thereto.

(4) The Board of Pharmacy may require a separate license for each facility directly or indirectly owned or operated by the same business entity within this state, or for a parent entity with divisions, subsidiaries, or affiliate companies within this state when operations are conducted at more than one location and there exists joint ownership and control among all the entities.

c) The minimum qualifications for licensure are set forth in this section as follows:

(1) As a condition for receiving and retaining any wholesale drug distributor license issued pursuant to this article, each applicant shall satisfy the Board of Pharmacy that it has and will continuously maintain:

(A) Acceptable storage and handling conditions plus facilities standards;

(B) Minimum liability and other insurance as may be required under any applicable federal or state law;

(C) A security system which includes after hours central alarm or comparable entry detection capability, restricted premises access, adequate outside perimeter lighting, comprehensive employment applicant screening and safeguards against employee theft;

(D) An electronic, manual or any other reasonable system of records describing all wholesale distributor activities governed by this article for the two-year period following
disposition of each product and being reasonably accessible
as defined by Board of Pharmacy regulations during any
inspection authorized by the Board of Pharmacy;

(E) Officers, directors, managers and other persons in
charge of wholesale drug distribution, storage and handling,
who must at all times demonstrate and maintain their
capability of conducting business according to sound
financial practices as well as state and federal law;

(F) Complete, updated information to be provided to the
Board of Pharmacy as a condition for obtaining and retaining
a license about each wholesale distributor to be licensed
under this article including all pertinent licensee ownership
and other key personnel and facilities information determined
necessary for enforcement of this article;

(G) Written policies and procedures which assure
reasonable wholesale distributor preparation for protection
against and handling of any facility security or operation
problems, including, but not limited to, those caused by
natural disaster or government emergency, inventory
inaccuracies or product shipping and receiving, outdated
product or other unauthorized product control, appropriate
disposition of returned goods and product recalls;

(H) Sufficient inspection procedures for all incoming and
outgoing product shipments; and

(I) Operations in compliance with all federal legal
requirements applicable to wholesale drug distribution.

(2) The board of pharmacy shall consider, at a minimum,
the following factors in reviewing the qualifications of
persons who apply for a wholesale distributor license under
this section or for renewal of that license:
(A) Any conviction of the applicant under any federal, state or local laws relating to drug samples, wholesale or retail drug distribution or distribution of controlled substances;

(B) Any felony convictions of the applicant or any key person under federal, state or local laws;

(C) The applicant's past experience in the manufacture or distribution of prescription drugs, including, but not limited to, controlled substances;

(D) The furnishing by the applicant of false or fraudulent material in any application made in connection with drug manufacturing or distribution;

(E) Suspension or revocation by federal, state or local government of any license currently or previously held by the applicant for the manufacture or distribution of any drug, including, but not limited to, controlled substances;

(F) Compliance with licensing requirements under previously granted licenses, if any;

(G) Whether personnel employed by the applicant in wholesale drug distribution have appropriate education or experience, or both education and experience, to assume responsibility for positions related to compliance with the requirements of this article;

(H) Compliance with requirements to maintain and make available to the Board of Pharmacy or to federal, state or local law-enforcement officials those records required by this article; and
(I) Any other factors or qualifications the Board of Pharmacy considers relevant to and consistent with the public health and safety, including whether the granting of the license would not be in the public interest.

(3) All requirements set forth in this subsection shall conform to wholesale drug distributor licensing guidelines formally adopted by the United States Food and Drug Administration (FDA); and in case of conflict between any wholesale drug distributor licensing requirement imposed by the Board of Pharmacy pursuant to this subsection and any food and drug administration wholesale drug distributor licensing guideline, the latter shall control.

(d) An employee of any licensed wholesale drug distributor need not seek licensure under this section and may lawfully possess pharmaceutical drugs when the employee is acting in the usual course of business or employment.

(e) The issuance of a license pursuant to this article does not change or affect tax liability imposed by this state's Department of Tax and Revenue on any wholesale drug distributor.

(f) An applicant who is awarded a license or renewal of a license shall give the board written notification of any material change in the information previously submitted in, or with the application for the license or for renewal thereof, whichever is the most recent document filed with the board, within thirty days after the material change occurs or the licensee becomes aware of the material change, whichever event occurs last. Material changes include, but are not limited to:

(1) A change of the physical address or mailing address;
(2) A change of the responsible individual, compliance officer or other executive officers or board members;

(3) A change of the licensee’s name or trade name;

(4) A change in the location where the records of the licensee are retained;

(5) The felony conviction of a key person of the licensee; and

(6) Any other material change that the board may specify by rule.

(g) Before denial of a license or application for renewal of a license, the applicant shall be entitled to a hearing in accordance with subsection (h), section eight, article one, chapter thirty of this code.

(h) The licensing of any person as a wholesale drug distributor subjects the person and the person’s agents and employees to the jurisdiction of the board and to the laws of this state for the purpose of the enforcement of this article, article five, chapter thirty of this code and the rules of the board. However, the filing of an application for a license as a wholesale drug distributor by, or on behalf of, any person or the licensing of any person as a wholesale drug distributor may not, of itself, constitute evidence that the person is doing business within this state.

(i) The Board of Pharmacy may adopt rules pursuant to section nine of this article which permit out-of-state wholesale drug distributors to obtain any license required by this article on the basis of reciprocity to the extent that: (1) An out-of-state wholesale drug distributor possesses a valid license granted by another state pursuant to legal standards
comparable to those which must be met by a wholesale drug
distributor of this state as prerequisites for obtaining a license
under the laws of this state; and (2) such other state would
extend reciprocal treatment under its own laws to a wholesale
drug distributor of this state.

§60A-8-14. Disciplinary actions - wholesale drug distributor.

(a) In accordance with article five, chapter thirty of this
code, the Board of Pharmacy may suspend, revoke or refuse
to renew any license issued to a wholesale distributor of
prescription drugs pursuant to this article or may impose a
civil money penalty not to exceed $1,000, in the discretion of
the board for any of the following causes:

(1) Making any false material statements in an application
for a license or for renewal of a license as a wholesale
distributor or pharmacy distributor of prescription drugs;

(2) Violating any federal, state or local drug law, any
provision of this article or any rule of the board;

(3) Conviction of a felony. For purposes of this
subdivision “felony” means a felony or crime punishable as
a felony under the laws of this state, any other state or the
United States;

(4) Ceasing to satisfy the qualifications for licensure
under section seven of this article or the rules of the board;

(5) The license or registration of a wholesale drug
distributor licensed under this article has been revoked by the
licensing authority of another state, jurisdiction of foreign
nation; or
(6) Any reason for which the board may impose disciplinary sanctions under the provisions of chapter thirty of this code.

(b) Upon the suspension or revocation of the license of any wholesale distributor of prescription drugs, the distributor shall immediately surrender the license to the board.

(c) If the board suspends, revokes or refuses to renew any license issued to a wholesale distributor of prescription drugs and determines that there is clear and convincing evidence of a danger of immediate and serious harm to any person, the board may place under seal all drugs owned by or in the possession, custody or control of the affected wholesale distributor. Except as provided in this article, the board may not dispose of the drugs sealed under this subsection until the distributor exhausts all of his or her appeal rights under this article or article five, chapter thirty of this code. The court involved in the appeal may order the board, during the pendency of the appeal, to sell sealed dangerous drugs that are perishable. The board shall deposit the proceeds of the sale with the court.

§60A-8-15. Maintenance of register and roster of wholesale and pharmacy distributors.

(a) The Executive Director of the Board of Pharmacy shall maintain a register of the names, addresses and the date the current license was issued or renewed pursuant to this article for license years beginning on and after July 1, 2013. The register shall be the property of the board and shall be open for public examination and inspection at all reasonable times, as the board may direct.

(b) The register shall set forth the names and addresses of:
(1) Those persons who are or have been licensed under this article for the current license year;

(2) Those persons whose licenses have been suspended, revoked or surrendered during the current license year or during the two preceding license years; and

(3) Those persons whose licenses have not been renewed for the current license year.

(c) In lieu of annually publishing a typed or printed register providing the information required by this subsection, the board may make the information required to be published available at its website.

(d) A written statement signed and verified by the executive director of the board, in which it is stated that after diligent search of the register no record or entry of the issuance of a license or registration certificate to a person is found, is admissible in evidence and constitutes presumptive evidence of the fact that the person is not a licensed as a wholesale drug distributor under this article.

§60A-8-16. Disposition of fees.

The board shall pay all fees it collects under this article into the separate fund created in the State Treasury for the board pursuant to section ten, article one, chapter thirty of this code. The money in this fund shall be used exclusively by the board for the purposes of administering and enforcement of its duties pursuant to this article, articles one and five, chapter thirty of this code, or any other duty of the board prescribed by any other provision of this code.

The Braxton County Commission is authorized to enter into a lease with the authority for the property and appurtenances and facilities at such rental and upon such terms and conditions as it considers proper, and the Braxton County Commission may levy taxes as provided by law for the purpose of paying the rent for the property, appurtenances and facilities. The authority, however, may lease one or more portions of its property without first offering the same to the Braxton County Commission. If the authority should realize a surplus, whether from operating the property or leasing it for operation, over and above the amount required for the maintenance, improvement and operation thereof and for meeting all required payments on its obligations, it shall set aside a reserve for future operations, improvements and contingencies as it considers proper and then apply the residue of the surplus, if any, to the payment of any recognized and established obligations not then due; and after all its recognized and established obligations have been paid off and discharged in full, the authority shall, at the end of each fiscal year, set aside the reserve for future operations, improvements and contingencies, and then pay the residue of the surplus, if any, to the Braxton County Commission to be used by the county commission for general county purposes.

§16. Contributions; funds and accounts; publication of annual report.

Contributions may be made to the authority from time to time by the Braxton County Commission, the Braxton County
Board of Education, the federal government, and by any persons, firms or corporations that desire to do so. All those funds and all other funds received by the authority shall be deposited in a bank or banks as the authority directs and shall be withdrawn as the authority directs. The authority shall keep strict account of all its receipts and expenditures and shall each quarter make a report to the Braxton County Commission containing an itemized account of its receipts and disbursements during the preceding quarter. The report shall be made within thirty days after the termination of the quarter. Within thirty days after the end of the fiscal year, the authority shall make an annual report containing an itemized statement of its receipts and disbursements for the preceding year and the annual report shall be published once a week for two successive weeks in two newspapers or opposite politics published in Braxton County, West Virginia, if there are two such papers, or otherwise in any newspaper of general circulation in the county. The books, records and accounts of the authority are subject to audit and examination by the West Virginia State Auditor, acting as the Chief Inspector and by any other proper public official or body in the manner provided by law.

§17. Employees to be covered by workers’ compensation.

The authority is an employer subject to the requirements of chapter twenty-three of the Code of West Virginia.

§18. Dissolution of authority.

The authority may at any time pay off and discharge in full all of its indebtedness, obligations and liabilities, convey its properties, appurtenances and facilities to the Braxton County Commission and be dissolved. Before making such conveyance of its properties, the authority shall first publish notice of its intention so to do and of its intention to be dissolved, once a week for four successive weeks in two newspapers of opposite politics published in, and of general circulation in Braxton County, West Virginia, if there are two such papers, or
otherwise in any newspaper of general circulation in the county. Certificates from the publishers shall be filed with the Braxton County Commission on or before the deed conveying the properties is delivered. Any funds remaining in the hands of the authority at the time of the conveyance of the properties shall be paid over to the Braxton County Commission to be used by it for purposes in connection with the properties. Upon the payment of its indebtedness, obligations and liabilities, the publishing of the notices aforesaid, the conveyance of its properties and the paying over to the Braxton County Commission of any funds remaining in its hands, the authority shall cause a certificate showing its dissolution to be executed under its name and seal and to be recorded in the office of the clerk of the Braxton County Commission and thereupon its dissolution shall be complete.

§19. Construction of act; additional powers of board of education and county commission.

It is the purpose of this act to provide for the acquisition, construction, improvement, extension, maintenance and operation of a camp or camps and recreational facilities and appurtenant facilities in a prudent and economical manner. This act shall be liberally construed as giving to the authority full and complete power reasonably required to give effect to its purposes. The provisions of this act are in addition to and not in derogation of any power existing in the Braxton County Board of Education and the Braxton County Commission under any constitutional or statutory provisions which they may now have, or may acquire.

The several sections and provisions of this act are severable, and if any section or provision of this act is held unconstitutional, all the remaining sections and provisions of this act shall nevertheless remain valid.
CHAPTER 205

(H. B. 4567 - By Delegates Iaquinta, Miley and Fragale)

[Passed March 8, 2012; in effect from passage.]
[Approved by the Governor on March 20, 2012.]

AN ACT to amend and reenact §7-22-9 of the Code of West Virginia, 1931, as amended, relating to permitting the Harrison County Commission to levy a special district tax.

Be it enacted by the Legislature of West Virginia:

That §7-22-9 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 22. COUNTY ECONOMIC OPPORTUNITY DEVELOPMENT DISTRICTS.

(a) General. -- County commissions have no inherent authority to levy taxes and have only that authority expressly granted to them by the Legislature. The Legislature is specifically extended, and intends by this article, to exercise certain relevant powers expressed in section six-a, article X of the Constitution of this state as follows: (1) The Legislature may appropriate state funds for use in matching or maximizing grants-in-aid for public purposes from the United States or any department, bureau, commission or agency thereof, or any other source, to any county, municipality or other political subdivision of the state, under such circumstances and subject to such terms, conditions and restrictions as the Legislature may prescribe by law; and (2)
the Legislature may impose a state tax or taxes or dedicate a
state tax or taxes or any portion thereof for the benefit of and
use by counties, municipalities or other political subdivisions
of the state for public purposes, the proceeds of any such
imposed or dedicated tax or taxes or portion thereof to be
distributed to such counties, municipalities or other political
subdivisions of the state under such circumstances and
subject to such terms, conditions and restrictions as the
Legislature may prescribe.

Because a special district excise tax would have the effect
of diverting, for a specified period of years, tax dollars which
to the extent, if any, are not essentially incremental to tax
dollars currently paid into the General Revenue Fund of the
state, the Legislature finds that in order to substantially
ensure that such special district excise taxes will not
adversely impact the current level of the General Revenue
Fund of the state, it is necessary for the Legislature to
separately consider and act upon each and every economic
development district which is proposed, including the unique
characteristics of location, current condition and activity of
and within the area included in such proposed economic
opportunity development district and that for such reasons a
statute more general in ultimate application is not feasible for
accomplishment of the intention and purpose of the
Legislature in enacting this article. Therefore, no economic
opportunity development district excise tax may be levied by
a county commission until after the Legislature expressly
authorizes the county commission to levy a special district
excise tax on sales of tangible personal property and services
made within district boundaries approved by the Legislature.

(b) Authorizations. -- The Legislature authorizes the
following county commissions to levy special district excise
taxes on sales of tangible personal property and services
made from business locations in the following economic
opportunity development districts.
The Ohio County Commission may levy a special district excise tax for the benefit of the “Fort Henry” economic opportunity development project district which comprises three hundred contiguous acres of land.

The Harrison County Commission may levy a special district excise tax for the benefit of the “Charles Pointe Economic Opportunity Development District” which comprises four hundred thirty-seven acres of land.

CHAPTER 206

(H. B. 4415 - By Delegates Staggers, Perry, Sumner, Pino, O’Neal, Boggs, Moye and L. Phillips)

[Passed February 24, 2012; in effect from passage.]

potential for passenger inter-modal operations, and since the
railroad station located in Prince is rich in railroad history
and has architectural significance, the Legislature finds that
creating and empowering a statutory corporation to work

located in Prince, West Virginia, would be in the public
interest and would result in a better travel experience for all
persons coming to and leaving southern West Virginia.

§2. Prince Railroad Station Authority authorized.

The Fayette County Commission and the Raleigh County
commission are hereby authorized to create and establish the
Prince Railroad Station Authority for the purpose of
acquiring, establishing, renovating, constructing, equipping,

(b) The initial appointment terms for the appointed members of the board shall be staggered. After the initial terms, the terms for the appointed members of the board shall be five years and they may be reappointed.

§5. Compensation of board members.

Each member of the board shall serve without compensation, but each member shall be entitled to reimbursement by the authority for all reasonable and
necessary expenses actually incurred in the performance of his or her duties as a board member.

§6. Board; quorum; bylaws.

(a) The board is the governing body of the authority and the board shall exercise all the powers given to the authority. The board shall meet at least quarterly and may meet on the call of the chairperson.

(b) A majority of the members of the board constitutes a quorum and a quorum must be present for the board to conduct business. Unless the bylaws require a larger number, action may be taken by majority vote of the members present.

(c) The board shall adopt bylaws and rules, as may be necessary for its operation and management, governing the manner in which the business of the authority is conducted and shall develop and approve an annual budget.

§7. Powers of the authority.

The authority shall have the following powers:

(8) To purchase, acquire, own, hold, sell, convey, lease and dispose of property;

(9) To borrow money and execute negotiable notes and deeds of trust;

(10) To expend its funds in the execution of its powers;

(12) To insure that all applicable laws, rules and regulations are followed; and

(13) To do any and all things necessary or convenient for the purpose of acquiring, establishing, renovating, constructing, equipping, improving, financing, maintaining, operating and leasing the railroad station building and the appurtenances thereto located in Prince, West Virginia.

§8. Exemption from taxation.

The property, operations and activities of the authority are exempt from the payment of any taxes or fees to the state or any of its political subdivisions.

1 When the railroad station building and the appurtenances thereto located in Prince, West Virginia, are no longer being used for the purpose of a railroad station, then the authority shall perform all its duties set out in the Deed in which it acquired the railroad station building and the appurtenances thereto and also all the duties set out in the authority's bylaws to dispose of the railroad station building and the appurtenances thereto. At the conclusion of all of its duties, the authority shall dissolve.

CHAPTER 11. TAXATION.

ARTICLE 13CC. ENERGY INTENSIVE INDUSTRIAL CONSUMERS REVITALIZATION TAX CREDIT.

§11-13CC-1. Short title.

1 This article may be cited as the “Energy Intensive Industrial Consumers Revitalization Tax Credit Act.”
§11-13CC-2. Legislative findings and purpose.

The Legislature finds that:

(a) West Virginia enjoys a competitive economic advantage among the states attributable to relatively low-cost electric power due in considerable measure to an abundance of coal resources, production from which powers electric generation in the state.

(b) As a consequence, a number of energy intensive industrial consumers of electric power have located in the state and have provided jobs for its citizens and an increased tax base that contributes to the support of schools, other institutions, and programs that benefit all West Virginians.

(c) As the result of competitive disadvantages emanating from outside the state and the current state of the national economy, some energy intensive industrial consumers of electric power have had to cease doing business in the state or are experiencing or may experience strains that could threaten their viability and continued operation.

(d) Conversely, coal production in the state is relatively stable and is benefitting from demand from coal purchasers inside the state, outside the state, and outside the country, which demand has increasingly benefitted the state in terms of its coal severance tax revenues.

(e) It is in the public interest for the state to assist eligible energy intensive industrial consumers of electric power determined to be in need of special rate assistance pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code, in order to encourage them to locate, to remain in operation, or to resume operation, in West Virginia on a long-term basis, by employing a portion of the coal severance tax revenues to reduce such industrial
consumers’ electric power costs without imposing an undue burden on electric utilities or their other customers.

(f) In furtherance of its findings, the Legislature’s purpose in this article is to create a credit, as provided in section three of this article, against the coal severance tax imposed and levied under the provisions of subsections (a) and (b), section three, article thirteen-a of this chapter, of which the primary ultimate economic beneficiary shall be eligible energy intensive industrial consumers of electric power determined to be in need of special rate assistance pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code.

§11-13CC-3. Amounts of credits; limitations.

(a) Every taxpayer which is a supplier of coal to a West Virginia electric utility providing a special rate to one or more eligible energy intensive industrial consumers of electric power pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code and which is subject to paying the tax on the privilege of severing coal levied and imposed by subsections (a) and (b), section three, article thirteen-a of this chapter, prior to the application of any other credits against the tax, shall be entitled to a credit against that tax in an amount determined by the Public Service Commission pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code, subject to the following limitations:

(1) The tax credits authorized by this article shall only be available when the eligible energy intensive industrial consumer of electric power receives a special rate from a West Virginia electric utility pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code;

(2) The total aggregate credits available to all taxpayers under this section shall not exceed $20 million in any calendar year; and
(3) The total credits available to any taxpayer in a given calendar year shall not exceed ninety-three percent of that taxpayer’s tax liability imposed and levied under subsections (a) and (b), section three, article thirteen-a of this chapter, so as to preserve undiminished the seven percent of total coal severance tax revenues that is apportioned among counties and municipalities pursuant to section six, article thirteen-a of this chapter.

(b) If the full amount of the $20 million in credits authorized by this article is not allocated and claimed in any calendar year, during all periods when a special rate is in effect for any one or more eligible energy intensive industrial consumers, the unused credits may be carried forward to future years: Provided, That the maximum aggregate amount of unused credits that may be carried forward to future years shall not exceed $15 million at any time. In no event may the amount of credits allocated and claimed in any single year, including unused credits that have been carried forward, exceed $35 million.

(c) If in any year the taxpayers that are suppliers of coal to a West Virginia electric utility providing a special rate to one or more eligible energy intensive industrial consumers of electric power entitled to receive credits pursuant to this section cannot or do not claim credits in an amount equal to the amount of tax credits designated by the commission, then the affected public utility may allocate the unclaimed tax credits, with such allocated amounts subject to the approval of the Public Service Commission, to and the tax credits may be claimed by any taxpayer that is subject to paying the tax on the privilege of severing coal levied and imposed by subsections (a) and (b), section three, article thirteen-a of this chapter: Provided, That taxpayers receiving the reallocation shall comply with the requirements and procedures set forth in this article.
(d) All unused credits authorized under this article expire and cease to be usable for tax years beginning on or after December 31, 2021.

(e) The credits authorized in this article shall not become available for any purpose prior to the Public Service Commission’s first approval of a special rate for an eligible energy intensive industrial consumer. The credits provided in this article may be claimed by taxpayers against periodic installment payments of severance tax paid under the provisions of section nine, article thirteen-a of this chapter.

§11-13CC-3a. Applicability to minimum severance tax credit.

Every taxpayer which applies the tax credit allowed under section three of this article for a tax year shall also be entitled to apply the tax credit against the minimum coal severance tax imposed by article twelve-b of this chapter for the same tax year in an amount up to the amount of the tax credit applied for the tax year under the provisions of section three of this article.

§11-13CC-4. Required payments to public utilities.

(a) Each person claiming any tax credit pursuant to section three of this article shall, as a condition of receiving that tax credit, make payment equal to ninety-seven percent of the amount of that credit to the public utility providing electric power to the special rate customer whose special rate required the funding generated by that tax credit, as determined by the Public Service Commission pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code. Any payment made to the public utility providing electric power to the special rate customer shall be treated in the same manner as the payment of taxes under section three, article thirteen-a of the chapter, and shall not be treated as an adjustment to the price of coal sold to the public utility.
(b) Each taxpayer that elects to participate in this tax credit and required payment program shall notify the State Tax Department of its election to participate at the time and in such form of notification as prescribed by the State Tax Department. Notwithstanding the provisions of section five-d, article ten of this chapter or any other provision of this code, the State Tax Department shall provide updated notification to the Public Service Commission of the identity of taxpayers from which it has received notification of voluntary participation, and other information necessary for the efficient and accurate administration of this article. Notwithstanding any provision of this code to the contrary, the Public Service Commission shall disclose to the State Tax Department information necessary for the efficient and accurate administration of this article. This information may be provided to the electric utilities by the Public Service Commission for purpose of calculating, pursuant to subsection (g), section one-j, article two, chapter twenty-four of this code, the allocated share of tax credits that are available to each taxpayer, and payments that are required to be made to the public utility in order to qualify for the tax credit. Information disclosure to electric utilities by the Public Service Commission is limited to that information necessary for the calculations. Payment to the public utility shall be made no later than the time at which the tax against which the credit is taken would have been due and payable to the state under the provisions of section nine, article thirteen-a of this chapter.

(c) The three percent differential between a taxpayer’s tax credit and its required payment to the public utility is intended as an inducement to the taxpayer to participate in the tax credit and required payment mechanism provided in this article and may be retained by the taxpayer as compensation for the costs of participation.

§11-13CC-5. Expiration.

The provisions of this article shall be effective for tax years beginning on or after January 1, 2012. No new tax
credits may be created for any tax year beginning on or after December 31, 2021. All unused tax credits expire and cease to be useable in tax years beginning on or after December 31, 2021.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1j. Special rates for energy intensive industrial consumers of electric power.

(a) The Legislature hereby finds that:

(1) West Virginia enjoys relatively low cost electric power rates for residential customers, business and industry and these relatively low rates constitute a competitive economic advantage for West Virginia;

(2) West Virginia has many energy intensive industrial consumers of electric power, and has the ability to retain its existing energy intensive industrial consumers of electric power and attract additional energy intensive industrial consumers of electric power in the future, through the adoption of policies and the establishment of rates that enhance and preserve the attractiveness of West Virginia as a place for energy intensive industrial consumers to do business;

(3) Energy intensive industrial consumers of electric power create jobs, provide a substantial tax base and enhance the productive capacity, competitiveness and economic opportunities of West Virginia and all of its citizens;

(4) Energy intensive industrial consumers of electric power help keep power rates low for all consumers of electric
Ch. 2] TAXATION 1729

21 power, including residential customers, by providing a large
22 consumption base over which the cost of producing electric
23 power may be spread from time to time;

24 (5) It is in the best interests of West Virginia, the citizens
25 of West Virginia, electric public utilities in West Virginia,
26 and all consumers of electric power in West Virginia,
27 including residential customers, to encourage the continued
28 development, construction, operation, maintenance and
29 expansion in West Virginia of industrial plants and facilities
30 which are energy intensive consumers of electric power,
31 thereby increasing the creation, preservation and retention of
32 jobs, expanding the tax base, helping keep power rates low
33 for all consumers of electric power, and enhancing the
34 productive capacity, competitiveness and economic
35 opportunities of all citizens of West Virginia;

36 (6) To encourage the continued development,
37 construction, operation, maintenance and expansion in West
38 Virginia of industrial plants and facilities which are energy
39 intensive consumers of electric power, the commission may
40 establish special rates under this section that in its judgment
41 are necessary or appropriate for the continued, new or
42 expanded operation of energy intensive industrial consumers
43 and that can reasonably be expected to support the long-term
44 operation of energy intensive industrial consumers, and that
45 do not impose an unreasonable burden upon electric public
46 utilities or their other customers; and

47 (7) To assist the commission in the exercise of its
48 authority to establish special rates under this section, the
49 Legislature creates in article thirteen-cc, chapter eleven of
50 this code a tax credit mechanism to provide a source of
51 funding to support special rates of which the commission
52 may avail itself in exercising said authority in certain
53 circumstances.
(b) As used in this section:

(1) “Energy intensive industrial consumer” means an industrial facility, plant or enterprise that has a contract demand of at least fifty thousand kilowatts of electric power at its West Virginia facilities under normal operating conditions.

(2) “Special rate” means a rate set for an energy intensive industrial consumer pursuant to this section.

(c) In addition to any authority of the commission to allow special rates or contracts under any other provision of the code or rule, and in addition to all other factors which the commission may consider in setting rates for consumers of electric power, including, but not limited to, the commission’s responsibilities under subsection (b), section one, article one of this chapter, and notwithstanding any other provisions of this code to the contrary, in setting a special rate the commission may take into consideration fluctuations in market prices for the goods or products produced by the energy intensive industrial consumer of electric power, or other variables or factors which may be relevant to or affect the continuing vitality of the energy intensive industrial consumer of electric power in dynamic markets. In setting a special rate by reference to fluctuations in market prices for the goods and products produced by an energy intensive industrial consumer of electric power, the commission may establish variable rates including, but not limited to, ceilings and floors on the special rate, banking or crediting mechanisms, caps, limits or other similar types of safeguards that are intended by the commission, in its reasonable judgment, to provide appropriate flexibility and predictability in the special rate over time, to permit the energy intensive industrial customer the ability to make the capital investments and other commitments necessary to support the continued operation of the facility.
(d) An energy intensive industrial consumer wishing to apply for a special rate shall first enter into negotiations with the utility that provides it with electric power, regarding the terms and conditions of a mutually agreeable special rate. If the negotiations result in an agreement between the energy intensive industrial consumer and the utility, the energy intensive industrial consumer and the utility shall make a joint filing with the commission seeking approval of the proposed special rate. If the negotiations are unsuccessful, the energy intensive industrial consumer may file a petition with the commission to consider establishing a special rate. The commission shall have the authority to establish a special rate upon the filing of either a joint filing or a petition pursuant to this section.

(e) In order to qualify for a special rate, an energy intensive industrial consumer shall:

(1) Have a contract demand of at least fifty thousand kilowatts of electric power at its West Virginia facilities under normal operating conditions;

(2) Create or retain at least twenty-five full-time jobs in West Virginia;

(3) Have invested not less than $500,000 in fixed assets, including machinery and equipment, in West Virginia;

(4) Provide reasonable evidence that due to market conditions in the industry in which the energy intensive industrial consumer operates, or other factors bearing on investment in and operation of the industrial facility or facilities, without the special rate the operation or continued operation of the industrial facility or facilities is threatened or not economically viable under reasonable assumptions and projections regarding the market and the operation of the industrial facility or facilities;
(5) Provide reasonable evidence that, with the special rate, the energy intensive industrial consumer intends to operate the industrial facility or facilities in West Virginia for an extended period of time, and that the operation or continued operation of the industrial facility or facilities for an extended period of time appears economically viable, under reasonable assumptions and projections regarding the market in which the energy intensive industrial consumer operates and regarding the operation of the industrial facility or facilities; and

(6) Provide information and data setting forth how the energy intensive industrial consumer meets the qualifications of this section, and how the special rate advances the policy goals set forth in subsection (a) of this section.

(f) The commission shall determine whether any excess revenue or revenue shortfall created by a special rate authorized pursuant to this section should be allocated among any other customers of the utility. In making that determination, the commission shall consider all relevant factors, including whether such allocation is just, reasonable, and fairly balances the interests of other customers, the utility, and the customer receiving the special rate.

(g) If the commission determines that: (1) A special rate is necessary for the creation, preservation or retention of jobs by the energy intensive industrial consumer; (2) in connection with the initial special rate that is authorized by the commission for an energy intensive industrial consumer, the energy intensive industrial consumer will increase the number of persons it employs, including both persons who have been previously employed by the energy intensive industrial consumer and persons not previously employed by the energy intensive industrial consumer, by at least one hundred fifty persons as a result of the special rate; (3) the energy intensive industrial consumer will employ no fewer
than three hundred persons, which number may include, but
is not limited to, the persons newly hired or rehired pursuant
to the preceding clause in this subsection; (4) the energy
intensive industrial consumer has a contract demand of at
least two hundred fifty thousand kilowatts of electric power
at its West Virginia facilities under normal operating
conditions; and (5) a special rate for an energy intensive
industrial consumer of electric power would create a revenue
shortfall, the commission shall, prior to determining whether
it is reasonable to allocate all or a portion of the revenue
shortfall amount among a public utility’s other customers,
first consider the availability of tax credits and payments
required to be made to public utilities pursuant to article
thirteen-cc, chapter eleven of this code to reduce or eliminate
a revenue shortfall. The commission shall identify in each
proceeding in which it establishes a special rate for an
eligible energy intensive industrial consumer the amount of
any unallocated revenue shortfall in need of funding pursuant
to article thirteen-cc, chapter eleven of this code to defray it
and shall project the amount of the gross tax credits needed
for that purpose after taking into consideration the net
amounts of credits that are required to be paid to utilities
pursuant to subsection (a), section four, article thirteen-cc,
chapter eleven of this code and the limits specified in section
three, article thirteen-cc, chapter eleven of this code. Tax
credits authorized under this section may be designated by
the commission only in respect of periods of time during
which the eligible energy intensive industrial consumer
employs at least three hundred persons. The commission’s
determination as to the amount of tax credits on which it
relies in establishing a given special rate, shall constitute an
authorization for each supplier of West Virginia coal to the
utility offering that special rate to claim its allocated share of
the total amount of tax credits. The allocated share shall be
calculated by the affected public utility, subject to the
approval of the commission.
The commission shall include in the annual report to the Legislature which it makes pursuant to subsection (d), section one, article one of this chapter a report on the tax credits being employed pursuant to article thirteen-cc, chapter eleven of this code to help fund special rates created under this section.

ARTICLE 6A. NATURAL GAS HORIZONTAL WELL CONTROL ACT.

This article shall be known and cited as the “Horizontal Well Act”.
§22-6A-2. Legislative findings; declaration of public policy.

(a) The Legislature finds that:

(1) The advent and advancement of new and existing technologies and drilling practices have created the opportunity for the efficient development of natural gas contained in underground shales and other geologic formations;

(2) These practices have resulted in a new type and scale of natural gas development that utilize horizontal drilling techniques, allow the development of multiple wells from a single surface location, and may involve fracturing processes that use and produce large amounts of water;

(3) In some instances these practices may require the construction of large impoundments or pits for the storage of water or wastewater;

(4) Existing laws and regulations developed for conventional oil and gas operations do not adequately address these new technologies and practices;

(5) The secretary should have broad authority to condition the issuance of well work permits when, in the secretary’s discretion, it is necessary to protect the safety of persons, to prevent inadequate or ineffective erosion and sediment control plans, to prevent damage to publicly owned lands or resources, to protect fresh water sources or supplies or to otherwise protect the environment;

(6) Concomitant with the broad powers to condition the issuance of well work permits, the secretary should also have broad authority to waive certain minimum requirements of this article when, in his or her discretion, such waiver is appropriate: Provided, That the secretary shall submit a
written report of the number of waivers granted to the Legislature commencing January 1, 2013, and each year thereafter;

(7) Practices involving reuse of water in the fracturing and stimulating of horizontal wells should be considered and encouraged by the department, as appropriate; and

(8) Allowing the responsible development of our state’s natural gas resources will enhance the economy of our state and the quality of life for our citizens while assuring the long term protection of the environment.

(b) The Legislature declares that the establishment of a new regulatory scheme to address new and advanced natural gas development technologies and drilling practices is in the public interest and should be done in a manner that protects the environment and our economy for current and future generations.

(c) The Legislature declares that in view of the urgent need for prompt decision of matters submitted to the secretary under this article, all actions which the secretary or oil and gas inspectors are required to take under this article shall be taken as rapidly as practicable, consistent with adequate consideration of the issues involved.

§22-6A-3. Applicability; exceptions.

Notwithstanding any other provision of this code to the contrary, the provisions of this article shall apply to any natural gas well, other than a coalbed methane well, drilled using a horizontal drilling method, and which disturbs three acres or more of surface, excluding pipelines, gathering lines and roads, or utilizes more than two hundred ten thousand gallons of water in any thirty-day period: Provided, That this article does not apply to or affect any well work permitted for
a horizontal well or orders issued regarding horizontal wells or permit applications pending prior to the effective date of this article: Provided, further, That this article shall not apply to or affect any rights bargained for in any agreement between a surface owner and operator made prior to the effective date of this article.

§22-6A-3a. Karst terrain; rulemaking.

(a) Because drilling horizontal wells in naturally occurring karst terrain may require precautions not necessary in other parts of the state, the secretary may require additional safeguards to protect this geological formation. When drilling horizontal wells in naturally occurring karst terrain, such additional safeguards may include changing proposed well locations to avoid damage to water resources, special casing programs, and additional or special review of drilling procedures.

(b) In order to carry out the purposes of this section, the secretary, in consultation with the state geologist, shall propose emergency and legislative rules in accordance with the provisions of chapter twenty-nine-a of this code to establish designated geographic regions of the state where the provisions of this section are applicable and to establish standards for drilling horizontal wells in naturally occurring karst terrain. For horizontal wells drilled into naturally occurring karst terrain in such designated geographic regions, the rules shall, at a minimum:

(1) Require operators to perform certain predrilling testing to identify the location of caves and other voids, faults and relevant features in the strata and the location of surface features prevalent in naturally occurring karst terrain such as sink holes; and

(2) Provide any other requirements deemed necessary by the secretary to protect the unique characteristics of naturally
occurring karst terrain, which requirements may include baseline water testing within an established distance from a drilling site.

(c) Nothing in this section allows the department to prevent drilling in naturally occurring karst terrain.

§22-6A-4. Definitions.

(a) All definitions set forth in article six of this chapter apply when those defined terms are used in this article, unless the context in which the term is used clearly requires a different meaning.

Upon well completion, a listing of the additives that were actually used in the fracturing or stimulating of the well shall be submitted as part of the completion log or report required by subdivision (14), subsection (a), section five of this article;

(6) For all surface water withdrawals, a water management plan that includes the information requested in subdivisions (1) through (5) of this subsection and the following:

(A) Identification of the current designated and existing water uses, including any public water intakes within one mile downstream of the withdrawal location;
(B) For surface waters, a demonstration, using methods acceptable to the secretary, that sufficient in-stream flow will be available immediately downstream of the point of withdrawal. A sufficient in-stream flow is maintained when a pass-by flow that is protective of the identified use of the stream is preserved immediately downstream of the point of withdrawal; and

(C) Methods to be used for surface water withdrawal to minimize adverse impact to aquatic life; and

(7) This subsection is intended to be consistent with and does not supersede, revise, repeal or otherwise modify articles eleven, twelve or twenty-six of this chapter and does not revise, repeal or otherwise modify the common law doctrine of riparian rights in West Virginia law.

(f) An application may propose and a permit may approve two or more activities defined as well work, however, a separate permit shall be obtained for each horizontal well drilled.

(g) The application for a permit under this section shall be accompanied by the applicable bond as required by section fifteen of this article, the applicable plat required by subdivision (6), subsection (a), section five of this article and a permit fee of $10,000 for the initial horizontal well drilled at a location and a permit fee of $5,000 for each additional horizontal well drilled on a single well pad at the same location.

(h) The well operator named in the application shall designate the name and address of an agent for the operator who is the attorney-in-fact for the operator and who is a resident of the State of West Virginia upon whom notices, orders or other communications issued pursuant to this article or article eleven of this chapter may be served, and upon
whom process may be served. Every well operator required
to designate an agent under this section shall, within five
days after the termination of the designation, notify the
secretary of the termination and designate a new agent.

(i) The well owner or operator shall install the permit
number as issued by the secretary and a contact telephone
number for the operator in a legible and permanent manner
to the well upon completion of any permitted work. The
dimensions, specifications, and manner of installation shall
be in accordance with the rules of the secretary.

(j) The secretary may waive the requirements of this
section and sections eight, ten, eleven and twenty-four of this
article in any emergency situation, if the secretary deems the
action necessary. In such case the secretary may issue an
emergency permit which is effective for not more than thirty
days, unless reissued by the secretary.

(k) The secretary shall deny the issuance of a permit if
the secretary determines that the applicant has committed a
substantial violation of a previously issued permit for a
horizontal well, including the applicable erosion and
sediment control plan associated with the previously issued
permit, or a substantial violation of one or more of the rules
promulgated under this article, and in each instance has failed
to abate or seek review of the violation within the time
prescribed by the secretary pursuant to the provisions of
subdivisions (1) and (2), subsection (a), section five of this
article and the rules promulgated hereunder, which time may
not be unreasonable.

(l) In the event the secretary finds that a substantial
violation has occurred and that the operator has failed to
abate or seek review of the violation in the time prescribed,
the secretary may suspend the permit on which said violation
exists, after which suspension the operator shall forthwith
cease all well work being conducted under the permit. However, the secretary may reinstate the permit without further notice, at which time the well work may be continued. The secretary shall make written findings of any such suspension and may enforce the same in the circuit courts of this state. The operator may appeal a suspension pursuant to the provisions of subdivision (23), subsection (a), section five of this article. The secretary shall make a written finding of any such determination.

§22-6A-8. Review of application; issuance of permit; performance standards; copy of permits to county assessor.

(a) The secretary shall review each application for a well work permit and shall determine whether or not a permit is issued.

(b) No permit may be issued less than thirty days after the filing date of the application for any well work except plugging or replugging; and no permit for plugging or replugging may be issued less than five days after the filing date of the application except a permit for plugging or replugging a dry hole: Provided, That if the applicant certifies that all persons entitled to notice of the application under the provisions of subsection (b), section ten of this article have been served in person or by certified mail, return receipt requested, with a copy of the well work application, including the erosion and sediment control plan, if required, and the well plat, and further files written statements of no objection by all such persons, the secretary may issue the well work permit at any time.

(c) Prior to the issuance of any permit, the secretary shall ascertain from the Executive Director of Workforce West Virginia and the Insurance Commissioner whether the applicant is in default pursuant to the provisions of section
six-c, article two, chapter twenty-one-a of this code, and in compliance with section five, article two, chapter twenty-three of this code, with regard to any required subscription to the Unemployment Compensation Fund or mandatory Workers’ Compensation insurance, the payment of premiums and other charges to the fund, the timely filing of payroll reports and the maintenance of adequate deposits. If the applicant is delinquent or defaulted, or has been terminated by the executive director or the Insurance Commissioner, the permit may not be issued until the applicant returns to compliance or is restored by the executive director or the Insurance Commissioner under a reinstatement agreement: Provided, That in all inquiries the Executive Director of Workforce West Virginia and the Insurance Commissioner shall make response to the Department of Environmental Protection within fifteen calendar days; otherwise, failure to respond timely is considered to indicate the applicant is in compliance and the failure will not be used to preclude issuance of the permit.

(d) The secretary may cause such inspections to be made of the proposed well work location as necessary to assure adequate review of the application. The permit may not be issued, or may be conditioned including conditions with respect to the location of the well and access roads prior to issuance if the director determines that:

(1) The proposed well work will constitute a hazard to the safety of persons;

(2) The plan for soil erosion and sediment control is not adequate or effective;

(3) Damage would occur to publicly owned lands or resources; or

(4) The proposed well work fails to protect fresh water sources or supplies.
(e) In addition to the considerations set forth in subsection (d) of this section, in determining whether a permit should be issued, issued with conditions, or denied, the secretary shall determine that:

(1) The well location restrictions of section twelve of this article have been satisfied, unless the requirements have been waived by written consent of the surface owner or the secretary has granted a variance to the restrictions, each in accordance with section twelve of this article;

(2) The water management plan submitted to the secretary, if required by subdivision (e), section seven of this article, has been received and approved.

(f) The secretary shall promptly review all written comments filed by persons entitled to notice pursuant to subsection (b), section ten of this article. If after review of the application and all written comments received from persons entitled to notice pursuant to subsection (b), section ten of this article, the application for a well work permit is approved, and no timely objection has been filed with the secretary by the coal operator operating coal seams beneath the tract of land, or the coal seam owner or lessee, if any, if said owner or lessee is not yet operating said coal seams, or made by the secretary under the provisions of section ten and eleven of this article, the permit shall be issued, with conditions, if any. This section does not supersede the provisions of section seven or subdivisions (6) through (9), subsection (a), section five of this article.

(g) Each permit issued by the secretary pursuant to this article shall require the operator at a minimum to:

(1) Plug all wells in accordance with the requirements of this article and the rules promulgated pursuant thereto when the wells become abandoned;
(2) With respect to disposal of cuttings at the well site, all drill cuttings and associated drilling mud generated from horizontal well sites shall be disposed of in an approved solid waste facility, or if the surface owner consents, the drill cuttings and associated drilling mud may be managed on-site in a manner approved by the secretary;

(3) Grade, terrace and plant, seed or sod the area disturbed that is not required in production of the horizontal well where necessary to bind the soil and prevent substantial erosion and sedimentation;

(4) Take action in accordance with industry standards to minimize fire hazards and other conditions which constitute a hazard to health and safety of the public;

(5) Protect the quantity and the quality of water in surface and groundwater systems both during and after drilling operations and during reclamation by: (A) Withdrawing water from surface waters of the state by methods deemed appropriate by the secretary, so as to maintain sufficient in-stream flow immediately downstream of the withdrawal location. In no case shall an operator withdraw water from ground or surface waters at volumes beyond which the waters can sustain; (B) Casing, sealing or otherwise managing wells to keep returned fluids from entering ground and surface waters; (C) Conducting oil and gas operations so as to prevent, to the extent possible using the best management practices, additional contributions of suspended or dissolved solids to streamflow or runoff outside the permit area, but in no event shall the contributions be in excess of requirements set by applicable state or federal law; and (D) Registering all water supply wells drilled and operated by the operator with the Office of Oil and Gas. All drinking water wells within one thousand five hundred feet of a water supply well shall be flow and quality tested by the operator upon request of the drinking well owner prior to operating the water supply well.
The secretary shall propose legislative rules to identify appropriate methods for testing water flow and quality.

(6) In addition to the other requirements of this subsection, an operator proposing to drill any horizontal well requiring the withdrawal of more than two hundred ten thousand gallons in a thirty-day period shall have the following requirements added to its permit:

(A) Identification of water withdrawal locations. Within forty-eight hours prior to the withdrawal of water, the operator shall identify to the department the location of withdrawal by latitude and longitude and verify that sufficient flow exists to protect designated uses of the stream. The operator shall use methods deemed appropriate by the secretary to determine if sufficient flow exists to protect designated uses of the stream.

(B) Signage for water withdrawal locations. All water withdrawal locations and facilities identified in the water management plan shall be identified with a sign that identifies that the location is a water withdrawal point, the name and telephone number of the operator and the permit numbers(s) for which the water withdrawn will be utilized.

(C) Recordkeeping and reporting. For all water used for hydraulic fracturing of horizontal wells and for flowback water from hydraulic fracturing activities and produced water from production activities from horizontal wells, an operator shall comply with the following record keeping and reporting requirements:

(i) For production activities, the following information shall be recorded and retained by the well operator:

(I) The quantity of flowback water from hydraulic fracturing the well;
(II) The quantity of produced water from the well; and

(III) The method of management or disposal of the flowback and produced water.

(ii) For transportation activities, the following information shall be recorded and maintained by the operator:

(I) The quantity of water transported;

(II) The collection and delivery or disposal locations of water; and

(III) The name of the water hauling company.

(iii) The information maintained pursuant to this subdivision shall be available for inspection by the department along with other required permits and records and maintained for three years after the water withdrawal activity.

(iv) This subdivision is intended to be consistent with and does not supersede, revise, repeal or otherwise modify articles eleven, twelve or twenty-six of this chapter and does not revise, repeal or otherwise modify the common law doctrine of riparian rights in West Virginia law.

(h) The secretary shall mail a copy of the permit as issued or a copy of the order denying a permit to any person entitled to submit written comments pursuant to subsection (a), section eleven of this article and who requested a copy.

(i) Upon the issuance of any permit pursuant to the provisions of this article, the secretary shall transmit a copy of the permit to the office of the assessor for the county in which the well is located.
§22-6A-9. Certificate of approval required for large pits or impoundment construction; certificate of approval and annual registration fees; application required to obtain certificate; term of certificate; revocation or suspension of certificates; appeals; farm ponds.

(a) The Legislature finds that large impoundments and pits (i.e. impoundments or pits with a capacity of two hundred ten thousand gallons or more) not associated with a specific well work permit must be properly regulated and controlled. It is the intent of the Legislature by this section to provide for the regulation and supervision of large impoundments or pits not associated with a well work permit. This section does not apply to large pits or impoundments authorized under a well work permit.

(b) It is unlawful for any person to place, construct, enlarge, alter, repair, remove or abandon any freshwater impoundment or pit with capacity of two hundred ten thousand gallons or more used in association with any horizontal well operation until he or she has first secured from the secretary a certificate of approval for the same: Provided, That routine repairs that do not affect the safety of the impoundment are not subject to the application and approval requirements. A separate application for a certificate of approval shall be submitted by a person for each impoundment he or she desires to place, construct, enlarge, alter, repair, remove or abandon, but one application may be valid for more than one impoundment that supports one or more well pads.

(c) The application fee for placement, construction, enlargement, alteration, repair or removal of an impoundment pursuant to this section is $300, and the fee shall accompany the application for certificate of approval. Operators holding certificates of approval shall be assessed an annual
registration fee of $100, which is valid for more than one impoundment that supports one or more well pads.

(d) Any certificate of approval required by this section shall be issued or denied no later than sixty days from the submission of an application containing the information required by this section. However, if the application for a certificate of approval is submitted with the application for a horizontal well permit, the certificate shall be issued or denied no later than thirty days from the submission of the permit application.

(e) The initial term of a certificate of approval issued pursuant to this section is one year. Existing certificates of approval shall be extended for one year upon receipt of the annual registration fee, an inspection report, a monitoring and emergency action plan, and a maintenance plan: Provided, That where an approved, up-to-date inspection report, monitoring and emergency action plan, and maintenance plan are on file with the department, and where no outstanding violation of the requirements of the certificate of approval or any plan submitted pursuant to this article related to the impoundment exist, then the certificate of approval shall be extended without resubmission of the foregoing documents upon receipt of the annual registration fee.

(f) Every application for a certificate of approval shall be made in writing on a form prescribed by the secretary and shall be signed and verified by the applicant. The application shall include a monitoring and emergency action plan and a maintenance plan, the required contents of which shall be established by the secretary by legislative rule. The application shall contain and provide information that may reasonably be required by the secretary to administer the provisions of this article.

(g) Plans and specifications for the placement, construction, erosion and sediment control, enlargement,
alteration, repair or removal and reclamation of impoundments shall be the charge of a registered professional engineer licensed to practice in West Virginia. Any plans or specifications submitted to the department shall bear the seal of a registered professional engineer.

(h) Each certificate of approval issued by the secretary pursuant to the provisions of this article may contain other terms and conditions the secretary prescribes.

(i) The secretary may revoke or suspend any certificate of approval whenever the secretary determines that the impoundment for which the certificate was issued constitutes an imminent danger to human life or property. If necessary to safeguard human life or property, the secretary may also amend the terms and conditions of any certificate by issuing a new certificate containing the revised terms and conditions.

(1) Before any certificate of approval is amended, suspended or revoked by the secretary without the consent of the operator holding the certificate, the secretary shall hold a hearing in accordance with the provisions of article five, chapter twenty-nine-a of this code.

(2) Any person adversely affected by an order entered following this hearing has the right to appeal to the Environmental Quality Board pursuant to the provisions of article one, chapter twenty-two-b of this code.

(j) Upon expiration of the certificate of approval, the operator shall within six months, or upon its revocation by the secretary, the operator shall within sixty days, fill all impoundments that are not required or allowed by state or federal law or rule or agreement between the operator and the surface owner allowing the impoundment to remain open for the use and benefit of the surface owner and reclaim the site in accordance with the approved erosion and sediment control plan.
(k) This section does not apply to:

(1) Farm ponds constructed by the operator with the written consent of the surface owner, which will be used after completion of the drilling activity primarily for agricultural purposes, including without limitation livestock watering, irrigation, retention of animal wastes and fish culture. Any impoundment that is intended to be left permanent as a farm pond under this subdivision shall meet the requirements set forth by the United States Department of Agriculture’s Natural Resources Conservation Service “Conservation Practice Standard - Ponds” (Code 378).

(2) Farm ponds subject to certificates of approval under article fourteen of this chapter.

(l) The secretary is authorized to propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code, necessary to effectuate the provisions of this section.

§22-6A-10. Notice to property owners.

(a) Prior to filing a permit application, the operator shall provide notice of planned entry on to the surface tract to conduct any plat surveys required pursuant to this article. Such notice shall be provided at least seven days but no more than forty-five days prior to such entry to: (1) The surface owner of such tract; (2) to any owner or lessee of coal seams beneath such tract that has filed a declaration pursuant to section thirty-six, article six, chapter twenty-two of this code; and (3) any owner of minerals underlying such tract in the county tax records. The notice shall include a statement that copies of the state Erosion and Sediment Control Manual and the statutes and rules related to oil and gas exploration and production may be obtained from the Secretary, which statement shall include contact information, including the address for a web page on the Secretary’s website, to enable the surface owner to obtain copies from the secretary.
(b) No later than the filing date of the application, the applicant for a permit for any well work or for a certificate of approval for the construction of an impoundment or pit as required by this article shall deliver, by personal service or by registered mail or by any method of delivery that requires a receipt or signature confirmation, copies of the application, the erosion and sediment control plan required by section seven of this article, and the well plat to each of the following persons:

(1) The owners of record of the surface of the tract on which the well is or is proposed to be located;

(2) The owners of record of the surface tract or tracts overlying the oil and gas leasehold being developed by the proposed well work, if the surface tract is to be used for roads or other land disturbance as described in the erosion and sediment control plan submitted pursuant to subsection (c), section seven of this article;

(3) The coal owner, operator or lessee, in the event the tract of land on which the well proposed to be drilled is located is known to be underlain by one or more coal seams;

(4) The owners of record of the surface tract or tracts overlying the oil and gas leasehold being developed by the proposed well work, if the surface tract is to be used for the placement, construction, enlargement, alteration, repair, removal or abandonment of any impoundment or pit as described in section nine of this article;

(5) Any surface owner or water purveyor who is known to the applicant to have a water well, spring or water supply source located within one thousand five hundred feet of the center of the well pad which is used to provide water for consumption by humans or domestic animals; and
(6) The operator of any natural gas storage field within which the proposed well work activity is to take place.

(c)(1) If more than three tenants in common or other co-owners of interests described in subsection (b) of this section hold interests in the lands, the applicant may serve the documents required upon the person described in the records of the sheriff required to be maintained pursuant to section eight, article one, chapter eleven-a of this code.

(2) Notwithstanding any provision of this article to the contrary, notice to a lien holder is not notice to a landowner, unless the lien holder is the landowner.

(d) With respect to surface landowners identified in subsection (b) or water purveyors identified in subdivision (5), subsection (b) of this section, notification shall be made on forms and in a manner prescribed by the secretary sufficient to identify, for those persons, the rights afforded them under sections eleven and twelve of this article, and the opportunity for testing their water well.

(e) Prior to filing an application for a permit for a horizontal well under this article, the applicant shall publish in the county in which the well is located or is proposed to be located a Class II legal advertisement as described in section two, article three, chapter fifty-nine of this code, containing notice of the public website required to be established and maintained pursuant to section twenty-one of this article and language indicating the ability of the public to submit written comments on the proposed permit, with the first publication date being at least ten days prior to the filing of the permit application. The secretary shall consider, in the same manner required by subsection (f), section eight of this article and subdivision one, subsection (c), section eleven of this article, written comments.
submitted in response to the legal advertisement received by the secretary within thirty days following the last required publication date: Provided, That such parties submitting written comments pursuant to this subsection are not entitled to participate in the processes and proceedings that exist under sections fifteen, seventeen or forty, article six of this chapter, as applicable and incorporated into this article by section five of this article.

(f) Materials served upon persons described in subsection (b) of this section shall contain a statement of the time limits for filing written comments, who may file written comments, the name and address of the secretary for the purpose of filing the comments and obtaining additional information, and a statement that the persons may request, at the time of submitting written comments, notice of the permit decision and a list of persons qualified to test water.

(g) Any person entitled to submit written comments to the secretary pursuant to subsection (a), section eleven of this article, shall also be entitled to receive from the secretary a copy of the permit as issued or a copy of the order modifying or denying the permit if the person requests receipt of them as a part of the written comments submitted concerning the permit application.

(h) The surface owners described in subdivisions (1), (2) and (4), subsection (b) of this section, and the coal owner, operator or lessee described in subdivision (3) of that subsection is also entitled to receive notice within seven days but no less than two days before commencement that well work or site preparation work that involves any disturbance of land is expected to commence.

(i) Persons entitled to notice pursuant to subsection (b) of this section may contact the department to ascertain the
names and locations of water testing laboratories in the subject area capable and qualified to test water supplies in accordance with standard accepted methods. In compiling that list of names the department shall consult with the state Bureau for Public Health and local health departments.

(j) (1) Prior to conducting any seismic activity for seismic exploration for natural gas to be extracted using horizontal drilling methods, the company or person performing the activity shall provide notice to Miss Utility of West Virginia Inc. and to all surface owners, coal owners and lessees, and natural gas storage field operators on whose property blasting, percussion or other seismic-related activities will occur.

(2) The notice shall be provided at least three days prior to commencement of the seismic activity.

(3) The notice shall also include a reclamation plan in accordance with the erosion and sediment control manual that provides for the reclamation of any areas disturbed as a result of the seismic activity, including filling of shotholes used for blasting.

(4) Nothing in this subsection decides questions as to whether seismic activity may be secured by mineral owners, surface owners or other ownership interests.

§22-6A-10a. Method of Delivery of Notice.

Notwithstanding any provision of this article to the contrary, all notices required by this article shall be delivered by the method set forth in subsection (b), section ten of this article, which notice shall provide that further information may be obtained from the department’s website.
§22-6A-11. Procedure for filing written comments; procedures for considering objections and comments; issues to be considered; and newspaper notice.

(a) All persons described in subsection (b), section ten of this article may file written comments with the secretary as to the location or construction of the applicant’s proposed well work within thirty days after the application is filed with the secretary.

(b) The applicant shall tender proof of and certify to the secretary that the notice requirements of section ten of this article have been completed by the applicant. The certification of notice to the person may be made by affidavit of personal service, the return receipt card or other postal receipt for certified mailing.

(c) (1) The secretary shall promptly review all written comments filed by the persons entitled to notice under subsection (b), section ten of this article. The secretary shall notify the applicant of the character of the written comments submitted no later than fifteen days after the close of the comment period.

(2) Any objections of the affected coal operators and coal seam owners and lessees shall be addressed through the processes and procedures that exist under sections fifteen, seventeen and forty, article six of this chapter, as applicable and as incorporated into this article by section five of this article. The written comments filed by the parties entitled to notice under subdivisions (1), (2), (4), (5) and (6), subsection (b), section ten of this article shall be considered by the secretary in the permit issuance process, but the parties are not entitled to participate in the processes and proceedings that exist under sections fifteen, seventeen or forty, article six of this chapter, as applicable and as incorporated into this article by section five of this article.
31 (3) The secretary shall retain all applications, plats and
32 other documents filed with the secretary, any proposed
33 revisions thereto, all notices given and proof of service
34 thereof and all orders issued and all permits issued. Subject
35 to the provisions of article one, chapter twenty-nine-b of this
36 code, the record prepared by the secretary is open to
37 inspection by the public.

§22-6A-12. Well location restrictions.

1 (a) Wells may not be drilled within two hundred fifty feet
2 measured horizontally from any existing water well or
3 developed spring used for human or domestic animal
4 consumption. The center of well pads may not be located
5 within six hundred twenty-five feet of an occupied dwelling
6 structure, or a building two thousand five hundred square feet
7 or larger used to house or shelter dairy cattle or poultry
8 husbandry. This limitation is applicable to those wells,
9 developed springs, dwellings or agricultural buildings that
10 existed on the date a notice to the surface owner of planned
11 entry for surveying or staking as provided in section ten of
12 this article or a notice of intent to drill a horizontal well as
13 provided in subsection (b), section sixteen of this article was
14 provided, whichever occurs first, and to any dwelling under
15 construction prior to that date. This limitation may be waived
16 by written consent of the surface owner transmitted to the
17 department and recorded in the real property records
18 maintained by the clerk of the county commission for the
19 county in which such property is located. Furthermore, the
20 well operator may be granted a variance by the secretary
21 from these distance restrictions upon submission of a plan
22 which identifies the sufficient measures, facilities or practices
23 to be employed during well site construction, drilling and
24 operations. The variance, if granted, shall include terms and
25 conditions the department requires to ensure the safety and
26 protection of affected persons and property. The terms and
27 conditions may include insurance, bonding and
28 indemnification, as well as technical requirements.
(b) No well pad may be prepared or well drilled within one hundred feet measured horizontally from any perennial stream, natural or artificial lake, pond or reservoir, or a wetland, or within three hundred feet of a naturally reproducing trout stream. No wellpad may be located within one thousand feet of a surface or ground water intake of a public water supply. The distance from the public water supply as identified by the department shall be measured as follows:

(1) For a surface water intake on a lake or reservoir, the distance shall be measured from the boundary of the lake or reservoir.

(2) For a surface water intake on a flowing stream, the distance shall be measured from a semicircular radius extending upstream of the surface water intake.

(3) For a groundwater source, the distance shall be measured from the wellhead or spring. The department may, in its discretion, waive these distance restrictions upon submission of a plan identifying sufficient measures, facilities or practices to be employed during well site construction, drilling and operations to protect the waters of the state. A waiver, if granted, shall impose any permit conditions as the secretary considers necessary.

(c) Notwithstanding the foregoing provisions of this section, nothing contained in this section prevents an operator from conducting the activities permitted or authorized by a Clean Water Act Section 404 permit or other approval from the United States Army Corps of Engineers within any waters of the state or within the restricted areas referenced in this section.

(d) The well location restrictions set forth in this section shall not apply to any well on a multiple well pad if at least
one of the wells was permitted or has an application pending prior to the effective date of this article.

(e) The secretary shall, by December 31, 2012, report to the Legislature on the noise, light, dust and volatile organic compounds generated by the drilling of horizontal wells as they relate to the well location restrictions regarding occupied dwelling structures pursuant to this section. Upon a finding, if any, by the secretary that the well location restrictions regarding occupied dwelling structures are inadequate or otherwise require alteration to address the items examined in the study required by this subsection, the secretary shall have the authority to propose for promulgation legislative rules establishing guidelines and procedures regarding reasonable levels of noise, light, dust and volatile organic compounds relating to drilling horizontal wells, including reasonable means of mitigating such factors, if necessary.

The secretary shall propose legislative rules for promulgation to govern the procedures for plugging horizontal wells, including rules relating to the methods of plugging the wells and the notices required to be provided in connection with plugging the wells.

§22-6A-14. Reclamation requirements.

(a) The operator of a horizontal well shall reclaim the land surface within the area disturbed in siting, drilling, completing or producing the well in accordance with the following requirements:

(1) Except as provided elsewhere in this article, within six months after a horizontal well is drilled and completed on a well pad designed for a single horizontal well, the operator shall fill all the pits and impoundments that are not required
or allowed by state or federal law or rule or agreement between the operator and the surface owner that allows the impoundment to remain open for the use and benefit of the surface owner (i.e. a farm pond as described in section nine of this article) and remove all concrete bases, drilling supplies and drilling equipment: Provided, That impoundments or pits for which certificates have been approved pursuant to section nine of this article shall be reclaimed at a time and in a manner as provided in the applicable certificate and section nine. Within that six-month period, the operator shall grade or terrace and plant, seed or sod the area disturbed that is not required in production of the horizontal well in accordance with the erosion and sediment control plan. No pit may be used for the ultimate disposal of salt water. Salt water and oil shall be periodically drained or removed and properly disposed of from any pit that is retained so the pit is kept reasonably free of salt water and oil. Pits may not be left open permanently.

(2) For well pads designed to contain multiple horizontal wells, partial reclamation shall begin upon completion of the construction of the well pad. For purposes of this section, the term partial reclamation means grading or terracing and planting, or seeding the area disturbed that is not required in drilling, completing or producing any of the horizontal wells on the well pad in accordance with the erosion and sediment control plan. This partial reclamation satisfies the reclamation requirements of this section for a maximum of twenty-four months between the drilling of horizontal wells on a well pad designed to contain multiple horizontal wells: Provided, That the maximum aggregate period in which partial reclamation satisfies the reclamation requirements of this section is five years from completion of the construction of the well pad. Within six months after the completion of the final horizontal well on the pad or the expiration of the five-year maximum aggregate partial reclamation period, whichever occurs first, the operator shall complete final reclamation of the well pad as set forth in this subsection.
(3) Within six months after a horizontal well that has produced oil or gas is plugged or after the plugging of a dry hole, the operator shall remove all production and storage structures, supplies and equipment and any oil, salt water and debris and fill any remaining excavations. Within that six-month period, the operator shall grade or terrace and plant, seed or sod the area disturbed where necessary to bind the soil and prevent substantial erosion and sedimentation.

(4) The operator shall reclaim the area of land disturbed in siting, drilling, completing or producing the horizontal well in accordance with the erosion and sediment control plans approved by the secretary or the secretary’s designee pursuant to this article.

(b) The secretary, upon written application by an operator showing reasonable cause, may extend the period within which reclamation must be completed, but not to exceed a further six-month period. If the secretary refuses to approve a request for extension, the refusal shall be by order, which may be appealed pursuant to the provisions of subdivision twenty-three, subsection (a), section five of this article.

§22-6A-15. Performance bonds; corporate surety or other security.

(a) No permit may be issued pursuant to this article unless a bond as described in subsection (d) of this section which is required for a particular activity by this article is or has been furnished as provided in this section.

(b) A separate bond as described in subsection (d) of this section may be furnished for each horizontal well drilled. Each of these bonds shall be in the sum of $50,000 payable to the State of West Virginia, conditioned on full compliance with all laws, rules relating to the drilling, redrilling, deepening, casing and stimulating of horizontal wells and to
the plugging, abandonment and reclamation of horizontal
wells and for furnishing reports and information required by
the secretary.

(c) When an operator makes or has made application for
permits to drill or stimulate a number of horizontal wells, the
operator may, in lieu of furnishing a separate bond, furnish a
blanket bond in the sum of $250,000 payable to the State of
West Virginia, and conditioned as provided in subsection (b)
of this section.

(d) The form of the bond required by this article shall be
approved by the secretary and may include, at the option of
the operator, surety bonding, collateral bonding, including
cash and securities, letters of credit, establishment of an
escrow account, self-bonding or a combination of these
methods. If collateral bonding is used, the operator may elect
to deposit cash, or collateral securities or certificates as
follows: Bonds of the United States or its possessions, of the
federal land bank, or of the homeowners’ loan corporation;
full faith and credit general obligation bonds of the State of
West Virginia or other states or of any county, district or
municipality of the State of West Virginia or other states; or
certificates of deposit in a bank in this state, which
certificates shall be in favor of the department. The cash
deposit or market value of the securities or certificates shall
be equal to or greater than the amount of the bond. The
secretary shall, upon receipt of any deposit of cash, securities
or certificates, promptly place the same with the Treasurer of
the State of West Virginia whose duty it is to receive and
hold them in the name of the state in trust for the purpose of
which the deposit is made when the permit is issued. The
operator is entitled to all interest and income earned on the
collateral securities filed by the operator. The operator
making the deposit is entitled from time to time to receive
from the State Treasurer, upon the written approval of the
secretary, the whole or any portion of any cash, securities or
certificates so deposited, upon depositing with the State
Treasurer in lieu thereof, cash or other securities or
certificates of the classes herein specified having value equal
to or greater than the amount of the bond.

(e) When an operator has furnished a separate bond from a
corporate bonding or surety company to drill, fracture or
stimulate a horizontal well and the well produces oil or gas or
both, its operator may deposit with the secretary cash from the
sale of the oil or gas or both until the total deposited is $50,000.
When the sum of the cash deposited is $50,000, the separate
bond for the well shall be released by the secretary. Upon receipt
of that cash, the secretary shall immediately deliver that amount
to the State Treasurer, who shall hold the cash in the name of the
state in trust for the purpose for which the bond was furnished
and the deposit was made. The operator is entitled to all interest
and income which may be earned on the cash deposited so long
as the operator is in full compliance with all laws and rules
relating to the drilling, redrilling, deepening, casing, plugging,
abandonment and reclamation of the well for which the cash was
deposited and so long as the operator has furnished all reports
and information required by the secretary. The secretary may
establish procedures under which an operator may substitute a
new bond for an existing bond or provide a new bond under
certain circumstances specified in a legislative rule promulgated
in accordance with chapter twenty-nine-a of this code.

(f) Any separate bond furnished for a particular well prior
to the effective date of this article continues to be valid for all
work on the well permitted prior to the effective date of this
article; but no permit may be issued on such a particular well
without a bond complying with the provisions of this section.
Any blanket bond furnished prior to the effective date of this
article shall be replaced with a new blanket bond conforming
to the requirements of this section, at which time the prior
bond is discharged by operation of law; and if the secretary
determines that any operator has not furnished a new blanket bond, the secretary shall notify the operator by registered mail or by any method of delivery that requires a receipt or signature confirmation of the requirement for a new blanket bond, and failure to submit a new blanket bond within sixty days after receipt of the notice from the secretary works a forfeiture under subsection (i) of this section of the blanket bond furnished prior to the effective date of this article.

(g) Any such bond shall remain in force until released by the secretary, and the secretary shall release the same upon satisfaction that the conditions thereof have been fully performed. Upon the release of that bond, any cash or collateral securities deposited shall be returned by the secretary to the operator who deposited it.

(h) (1) Whenever the right to operate a well is assigned or otherwise transferred, the assignor or transferor shall notify the department of the name and address of the assignee or transferee by registered mail or by any method of delivery that requires a receipt or signature confirmation not later than thirty days after the date of the assignment or transfer. No assignment or transfer by the owner relieves the assignor or transferor of the obligations and liabilities unless and until the assignee or transferee files with the department the well name and the permit number of the subject well, the county and district in which the subject well is located, the names and addresses of the assignor or transferor, and assignee or transferee, a copy of the instrument of assignment or transfer accompanied by the applicable bond, cash, collateral security or other forms of security described in this section, and the name and address of the assignee’s or transferee’s designated agent if the assignee or transferee would be required to designate an agent under this article if the assignee or transferee were an applicant for a permit under this article. Every well operator required to designate an agent under this section shall, within five days after the termination of the
designation, notify the department of the termination and designate a new agent.

(2) Upon compliance with the requirements of this section by the assignor or transferor and assignee or transferee, the secretary shall release the assignor or transferor from all duties and requirements of this article and shall give written notice of release to the assignor or transferor of any bond and return to the assignor or transferor any cash or collateral securities deposited pursuant to this section.

(i) If any of the requirements of this article or rules promulgated pursuant thereto or the orders of the secretary has not been complied with within the time limit set by any notice of violation issued pursuant to this article, the performance bond shall then be forfeited.

(j) When any bond is forfeited pursuant to the provisions of this article or rules promulgated pursuant thereto, the secretary shall collect the forfeiture without delay.

(k) All forfeitures shall be deposited in the Treasury of the State of West Virginia in the Oil and Gas Reclamation Fund as defined in section twenty-nine, article six of this chapter.

(a) The provisions of article seven of this chapter do not apply to horizontal wells governed by this article. In lieu thereof, the provisions of article six-b of this chapter shall provide for the compensation of surface owners for damage caused by drilling horizontal wells.
(b) At least ten days prior to filing a permit application, an operator shall, by certified mail return receipt requested or hand delivery, give the surface owner notice of its intent to enter upon the surface owner’s land for the purpose of drilling a horizontal well: Provided, That notice given pursuant to subsection (a), section ten of this article satisfies the requirements of this subsection as of the date the notice was provided to the surface owner: Provided, however, That the notice requirements of this subsection may be waived in writing by the surface owner. The notice, if required, shall include the name, address, telephone number, and if available, facsimile number and electronic mail address of the operator and the operator’s authorized representative.

(c) No later than the date for filing the permit application, an operator shall, by certified mail return receipt requested or hand delivery, give the surface owner whose land will be used for the drilling of a horizontal well notice of the planned operation. The notice required by this subsection shall include:

(1) A copy of this code section;

(2) The information required to be provided by subsection (b), section ten of this article to a surface owner whose land will be used in conjunction with the drilling of a horizontal well; and

(3) A proposed surface use and compensation agreement containing an offer of compensation for damages to the surface affected by oil and gas operations to the extent the damages are compensable under article six-b of this chapter.

(d) The notices required by this section shall be given to the surface owner at the address listed in the records of the sheriff at the time of notice.
§22-6A-17. Reimbursement of property taxes of encumbered properties.

1 In addition to any compensation owed by the operator to
2 the surface owner pursuant to the provisions of article six-b of
3 this chapter, the operator shall pay the surface owner a one-time
4 payment of $2,500 to compensate for payment of real property
5 taxes for surface lands and surrounding lands that are
6 encumbered or disturbed by construction or operation of the
7 horizontal well pad regardless of how many wells are drilled on
8 a single pad or how many permits are issued for the pad.

§22-6A-18. Civil action for contamination or deprivation of fresh water source or supply; presumption; water rights and replacement; waiver of replacement.

1 (a) Nothing in this article affects in any way the rights of
2 any person to enforce or protect, under applicable law, the
3 person’s interest in water resources affected by an oil or gas
4 operation.

5 (b) Unless rebutted by one of the defenses established in
6 subsection (c) of this section, in any action for contamination
7 or deprivation of a fresh water source or supply within one
8 thousand five hundred feet of the center of the well pad for
9 horizontal well, there is a rebuttable presumption that the
10 drilling and the oil or gas well or either was the proximate
11 cause of the contamination or deprivation of the fresh water
12 source or supply.

13 (c) In order to rebut the presumption of liability
14 established in subsection (b) of this section, the operator must
15 prove by a preponderance of the evidence one of the
16 following defenses:
(1) The pollution existed prior to the drilling or alteration activity as determined by a predrilling or prealteration water well test.

(2) The landowner or water purveyor refused to allow the operator access to the property to conduct a predrilling or prealteration water well test.

(3) The water supply is not within one thousand five hundred feet of the well.

(4) The pollution occurred more than six months after completion of drilling or alteration activities.

(5) The pollution occurred as the result of some cause other than the drilling or alteration activity.

(d) Any operator electing to preserve its defenses under subdivision (1), subsection (c) of this section shall retain the services of an independent certified laboratory to conduct the predrilling or prealteration water well test. A copy of the results of the test shall be submitted to the department and the surface owner or water purveyor in a manner prescribed by the secretary.

(e) Any operator shall replace the water supply of an owner of interest in real property who obtains all or part of that owner’s supply of water for domestic, agricultural, industrial or other legitimate use from an underground or surface source with a comparable water supply where the secretary determines that the water supply has been affected by contamination, diminution or interruption proximately caused by the oil or gas operation, unless waived in writing by that owner.

(f) The secretary may order the operator conducting the oil or gas operation to:
(1) Provide an emergency drinking water supply within twenty-four hours;

(2) Provide temporary water supply within seventy-two hours;

(3) Within thirty days begin activities to establish a permanent water supply or submit a proposal to the secretary outlining the measures and timetables to be used in establishing a permanent supply. The total time in providing a permanent water supply may not exceed two years. If the operator demonstrates that providing a permanent replacement water supply cannot be completed within two years, the secretary may extend the time frame on case-by-case basis; and

(4) Pay all reasonable costs incurred by the real property owner in securing a water supply.

(g) A person as described in subsection (b) of this section aggrieved under the provisions of subsections (b), (e) or (f) of this section may seek relief in court.

(h) The secretary shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to implement the requirements of this section.

(i) Notwithstanding the denial of the operator of responsibility for the damage to the real property owner’s water supply or the status of any appeal on determination of liability for the damage to the real property owner’s water supply, the operator may not discontinue providing the required water service until authorized to do so by the secretary or a court of competent jurisdiction.

§22-6A-19. Offenses; civil and criminal penalties.

(a) Any person or persons, firm, partnership, partnership association or corporation who willfully violates any
provision of this article or any rule or order promulgated under this article or any permit issued pursuant to this article is subject to a civil penalty not exceeding $5,000. Each day a violation continues after notice by the department constitutes a separate offense. The penalty shall be recovered by a civil action brought by the department, in the name of the state, before the circuit court of the county in which the subject well or facility is located. All the civil penalties collected shall be credited to the General Fund of the state.

(b) Notwithstanding the provisions of subsection (a) and (c) of this section, any person or persons, firm, partnership, partnership association or corporation who willfully disposes of waste fluids, drill cuttings or any other liquid substance generated in the development of a horizontal well in violation of this article or any rule or order promulgated under this article or in violation of any other state or federal statutes, rules or regulations, and which disposal was found to have had a significant adverse environmental impact on surface or groundwater by the secretary, is subject to a civil penalty not exceeding $100,000. The penalty shall be recovered by a civil action brought by the department, in the name of the state, before the circuit court of the county in which the subject well or facility is located. All the civil penalties collected shall be credited to the General Fund of the state.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, any person or persons, firm, partnership, partnership association or corporation willfully violating any of the provisions of this article which prescribe the manner of drilling and casing or plugging and filling any well or which prescribe the methods of conserving gas from waste, shall be guilty of a misdemeanor, and, upon conviction thereof shall be punished by a fine not exceeding five thousand dollars, or imprisonment in jail not exceeding twelve months, or both, in the discretion of the court, and prosecution under this section may be brought in the name of the State of West
Virginia in the court exercising criminal jurisdiction in the county in which the violation of such provisions of the article or terms of such order was committed, and at the instance and upon the relation of any citizens of this state.

(d) Any person who intentionally misrepresents any material fact in an application, record, report, plan or other document filed or required to be maintained under the provisions of this article or any rules promulgated by the secretary under this article shall be fined not less than $1,000 nor more than $10,000.

§22-6A-20. Division of Highways certification.

As part of the permit application for horizontal wells, the operator shall submit a letter of certification from the Division of Highways that the operator has, pursuant to the Division of Highways Oil and Gas Road Policy, entered into an agreement with the Division of Highways pertaining to the state local service roads associated with the proposed well work set forth in the permit application or has certified that no such agreement is required by the Oil and Gas Road Policy and the reasons therefor.

§22-6A-21. Establishment of public website information and electronic notification registry regarding horizontal well permit applications.

(a) No later than ninety days after the effective date of this article, the secretary shall establish resources on the department’s public website which will list searchable information related to all horizontal well applications filed in this state, including information sufficient to identify the county and approximate location of each horizontal well for which a permit application is filed, the referenced well application number, date of application, name of the applicant, and any written comments submitted by the public.
(b) The secretary shall also establish a registration and e-notification process by which individuals, corporations and agencies may register to receive electronic notice of horizontal well applications filings and notices, by county of interest. Once established, individuals, agencies and corporations interested who are properly registered to receive e-notices of filings and actions on horizontal well permits shall receive electronic notifications of applications and notices of permits issued for horizontal drilling in their designated county or counties of interest.

§22-6A-22. Air quality study and rulemaking.

The secretary shall, by July 1, 2013, report to the Legislature on the need, if any, for further regulation of air pollution occurring from well sites, including the possible health impacts, the need for air quality inspections during drilling, the need for inspections of compressors, pits and impoundments, and any other potential air quality impacts that could be generated from this type of drilling activity that could harm human health or the environment. If he or she finds that specialized permit conditions are necessary, the secretary shall promulgate legislative rules establishing these new requirements.

§22-6A-23. Impoundment and pit safety study; rulemaking.

The secretary shall, by January 1, 2013, report to the Legislature on the safety of pits and impoundments utilized pursuant to section nine of this article including an evaluation of whether testing and special regulatory provision is needed for radioactivity or other toxins held in the pits and impoundments. Upon a finding that greater monitoring, safety and design requirements or other specialized permit conditions are necessary, the secretary shall propose for promulgation legislative rules establishing these new requirements.

(a) The operator may only drill through fresh groundwater zones in a manner that will minimize any disturbance of the zones. Further, the operator shall construct the well and conduct casing and cementing activities for all horizontal wells in a manner that will provide for control of the well at all times, prevent the migration of gas and other fluids into the fresh groundwater and coal seams, and prevent pollution of or diminution of fresh groundwater.

(b) The secretary shall propose legislative and emergency rules in accordance with the provisions of article three, chapter twenty-nine-a of this code to carry out the purposes of this section.

(c) Rules promulgated by the secretary pursuant to this section shall include provisions to accomplish the following:

(1) Effective control of the horizontal well by the operator;

(2) Prevention of the migration of gas or other fluids into sources of fresh groundwater or into coal seams;

(3) Prevention of pollution of or diminution of fresh groundwater;

(4) Prevention of blowouts, explosions, or fires; and

(5) Appropriate disposition of brines and discharges from the drilling or operation of horizontal well.

(d) Procedures for the filing, approval, and revision of casing program:
(1) The operator shall prepare a casing program demonstrating how the horizontal well is to be drilled, cased, and cemented. The program shall comply with rules promulgated by the secretary.

(2) The rules regarding the casing program shall require the following information:

(A) The anticipated depth and thickness of any producing formation, expected pressures, anticipated fresh groundwater zones, and the method or information by which the depth of the deepest fresh groundwater was determined;

(B) The diameter of the borehole;

(C) The casing type, whether the casing to be utilized is new or used, and the depth, diameter, wall thickness, and burst pressure rating for the casing;

(D) The cement type, yield, additives, and estimated amount of cement to be used;

(E) The estimated location of centralizers;

(F) The proposed borehole conditioning procedures; and

(G) Any alternative methods or materials required by the secretary as a condition of the well work permit.

(3) A copy of casing program shall be kept at the well site.

(4) Supervisory oil and gas inspectors and oil and gas inspectors may approve revisions to previously approved casing programs when conditions encountered during the drilling process so require: Provided, That any revisions to casing programs approved by inspectors as aforesaid shall ensure that
the revised casing programs are at least as protective of the
environment as the casing and cementing standards required by
this section. Any revisions to the casing program made as a
result of on-site modifications shall be documented in the
program by the inspector approving the modification. The
person making any revisions to the program shall initial and date
the revisions and make the revised program available for
inspection by the department.

(e) The rules promulgated by the secretary shall provide
procedures for the following:

(1) Appropriate installation and use of conductor pipe,
which shall be installed in a manner that prevents the
subsurface infiltration of surface water or fluids;

(2) Installation of the surface and coal protection casing
including remedial procedures addressing lost circulation
during surface or coal casing;

(3) Installation of intermediate production casing;

(4) Correction of defective casing and cementing,
including requirements that the operator report the defect to
the secretary within twenty-four hours of discovery by the
operator;

(5) Investigation of natural gas migration, including
requirements that the operator promptly notify the secretary
and conduct an investigation of the incident; and

(6) Any other procedure or requirements considered
necessary by the secretary.

(f) Minimum casing standards.
All casing installed in the well, whether new or used, shall have a pressure rating that exceeds the anticipated maximum pressure to which the casing will be exposed and meet appropriate nationally recognized standards.

The casing shall be of sufficient quality and condition to withstand the effects of tension and maintain its structural integrity during installation, cementing, and subsequent drilling and production operations.

Centralizers shall be used, with the proper spacing for such well, during the casing installation to ensure that the casing is centered in the hole.

Casing may not be disturbed for a period of at least eight hours after the completion of cementing operations.

No gas or oil production or pressure may exist on the surface casing or the annulus or the coal protection casing annulus.

(g) Minimum cement standards.

All cement used in the well must meet the appropriate nationally recognized standards and must secure the casing to the wellbore, isolate the wellbore from all fluids, contain all pressures during all phases of drilling and operation of the well, and protect the casing from corrosion and degradation.

Cement used in conjunction with surface and coal protection casing must provide zonal isolation in the casing annulus.

(h) Notwithstanding the minimum casing and cementing standards set forth in subsections (f) and (g) of this section, the secretary may:
(1) Revise the casing and cementing standards applicable to horizontal wells from time to time through the legislative rulemaking process so long as the revised casing and cementing standards are at least as protective of the environment; and

(2) Approve alternative casing programs submitted with applications for well work permits so long as the secretary determines that the casing program submitted with the application is at least as protective of the environment as the casing and cementing standards required by this section.

ARTICLE 6B. OIL AND GAS HORIZONTAL WELL PRODUCTION DAMAGE COMPENSATION.

§22-6B-1. Legislative findings and purpose; applicability.

(a) The Legislature finds the following:

(1) Exploration for and development of oil and gas reserves in this state must coexist with the use, agricultural or otherwise, of the surface of certain land and that each constitutes a right equal to the other.

(2) The surface owner of lands on which horizontal wells are drilled shall be compensated for damages to the surface of the land pursuant to the provisions of this article.

(b) The Legislature declares that the public policy of this state shall be that the compensation and damages provided in this article for surface owners may not be diminished by any provision in a deed, lease or other contract of conveyance entered into after December 31, 2011.

(c) It is the purpose of this article to provide Constitutionally permissible protection and compensation to
surface owners of lands on which horizontal wells are drilled from the burden resulting from drilling operations commenced after January 1, 2012. This article is to be interpreted in the light of the legislative intent expressed herein. This article shall be interpreted to benefit surface owners, regardless of whether the oil and gas mineral estate was separated from the surface estate and regardless of who executed the document which gave the oil and gas developer the right to conduct drilling operations on the land. Section four of this article shall be interpreted to benefit all persons.

(d) The provisions of this article apply to any natural gas well, other than a coalbed methane well, drilled using a horizontal drilling method, and which disturbs three acres or more of surface, excluding pipelines, gathering lines and roads or uses more than two hundred ten thousand gallons of water in any thirty-day period. Article seven of this chapter does not apply to any damages associated with the drilling of a horizontal well.

§22-6B-2. Definitions.

In this article:

(1) “Drilling operations” means the actual drilling or redrilling of a horizontal well commenced subsequent to the effective date of this article, and the related preparation of the drilling site and access road, which requires entry, upon the surface estate;

(2) “Horizontal drilling” means a method of drilling a well for the production of natural gas that is intended to maximize the length of wellbore that is exposed to the formation and in which the wellbore is initially vertical but is eventually curved to become horizontal, or nearly horizontal, to parallel a particular geologic formation;
“Horizontal well” means any well site, other than a coalbed methane well, drilled using a horizontal drilling method, and which disturbs three acres or more of surface, excluding pipelines, gathering lines and roads, or uses more than two hundred ten thousand gallons of water in any thirty-day period;

(4) “Oil and gas developer” means the person who secures the drilling permit required by article six-a of this chapter;

(5) “Person” means any natural person, corporation, firm, partnership, partnership association, venture, receiver, trustee, executor, administrator, guardian, fiduciary or other representative of any kind, and includes any government or any political subdivision or agency thereof;

(6) “Surface estate” means an estate in or ownership of the surface of a particular tract of land overlaying the oil or gas leasehold being developed; and

(7) “Surface owner” means a person who owns an estate in fee in the surface of land, either solely or as a co-owner.

§22-6B-3. Compensation of surface owners for drilling operations.

(a) The oil and gas developer is obligated to pay the surface owner compensation for:

(1) Lost income or expenses incurred as a result of being unable to dedicate land actually occupied by the driller’s operation, or to which access is prevented by the drilling operation, to the uses to which it was dedicated prior to commencement of the activity for which a permit was obtained, measured from the date the operator enters upon the land and commences drilling operations until the date reclamation is completed;
(2) The market value of crops, including timber, destroyed, damaged or prevented from reaching market;

(3) Any damage to a water supply in use prior to the commencement of the permitted activity;

(4) The cost of repair of personal property up to the value of replacement by personal property of like age, wear and quality; and

(5) The diminution in value, if any, of the surface lands and other property after completion of the surface disturbance done pursuant to the activity for which the permit was issued determined according to the market value of the actual use made thereof by the surface owner immediately prior to the commencement of the permitted activity.

The amount of damages may be determined by any formula mutually agreeable between the surface owner and the oil and gas developer.

(b) Any reservation or assignment of the compensation provided in this section apart from the surface estate except to a tenant of the surface estate is prohibited.

(c) In the case of surface lands owned by more than one person as tenants in common, joint tenants or other co-ownership, any claim for compensation under this article shall be for the benefit of all co-owners. The resolution of a claim for compensation provided in this article operates as a bar to the assertion of additional claims under this section arising out of the same drilling operations.

§22-6B-4. Common law right of action preserved; offsets.

(a) Nothing in section three or elsewhere in this article diminishes in any way the common law remedies, including
Ch. 1] Marcellus Shale 1807

3 damages, of a surface owner or any other person against the
4 oil and gas developer for the unreasonable, negligent or
5 otherwise wrongful exercise of the contractual right, whether
6 express or implied, to use the surface of the land for the
7 benefit of the developer’s mineral interest.

8 (b) An oil and gas developer is entitled to offset
9 compensation agreed to be paid or awarded to a surface
10 owner under section three of this article against any damages
11 sought by or awarded to the surface owner through the
12 assertion of common law remedies respecting the surface
13 land actually occupied by the same drilling operation.

14 (c) An oil and gas developer is entitled to offset damages
15 agreed to be paid or awarded to a surface owner through the
16 assertion of common-law remedies against compensation
17 sought by or awarded to the surface owner under section
18 three of this article respecting the surface land actually
19 occupied by the same drilling operation.

§22-6B-5. Notification of claim.

1 Any surface owner, to receive compensation under
2 section three of this article, shall notify the oil and gas
3 developer of the damages sustained by the person within two
4 years after the date that the oil and gas developer files notice
5 that final reclamation is commencing under section fourteen,
6 article six-a of this chapter. The notice of reclamation shall
7 be given to surface owners by registered or certified mail,
8 return receipt requested, and is complete upon mailing. If
9 more than three tenants in common or other co-owners hold
10 interests in the lands, the oil and gas developer may give the
11 notice to the person described in the records of the sheriff
12 required to be maintained pursuant to section eight, article
13 one, chapter eleven-a of this code or publish in the county in
14 which the well is located or to be located a Class II legal
15 advertisement as described in section two, article three,
chapter fifty-nine of this code, containing the notice and information the secretary prescribes by rule.

§22-6B-6. Agreement; offer of settlement.

Unless the parties provide otherwise by written agreement, within sixty days after the oil and gas developer received the notification of claim specified in section five of this article, the oil and gas developer shall either make an offer of settlement to the surface owner seeking compensation, or reject the claim. The surface owner may accept or reject any offer so made: Provided, That the oil and gas developer may make a final offer within seventy-five days after receiving the notification of claim specified in section five of this article.

§22-6B-7. Rejection; legal action; arbitration; fees and costs.

(a) (1) Unless the oil and gas developer has paid the surface owner a negotiated settlement of compensation within seventy-five days after the date the notification of claim was mailed under section five of this article, the surface owner may, within eighty days after the notification mail date, either (i) Bring an action for compensation in the circuit court of the county in which the well is located; or (ii) elect instead, by written notice delivered by personal service or by certified mail, return receipt requested, to the designated agent named by the oil and gas developer under the provisions of section seven, article six-a of this chapter, to have his, her or its compensation finally determined by binding arbitration pursuant to article ten, chapter fifty-five of this code.

(2) Settlement negotiations, offers and counter-offers between the surface owner and the oil and gas developer are not admissible as evidence in any arbitration or judicial proceeding authorized under this article, or in any proceeding resulting from the assertion of common law remedies.
(b) The compensation to be awarded to the surface owner shall be determined by a panel of three disinterested arbitrators. The first arbitrator shall be chosen by the surface owner in the party’s notice of election under this section to the oil and gas developer; the second arbitrator shall be chosen by the oil and gas developer within ten days after receipt of the notice of election; and the third arbitrator shall be chosen jointly by the first two arbitrators within twenty days thereafter. If they are unable to agree upon the third arbitrator within twenty days, then the two arbitrators shall immediately submit the matter to the court under the provisions of section one, article ten, chapter fifty-five of this code, so that, among other things, the third arbitrator can be chosen by the judge of the circuit court of the county in which the surface estate lies.

(c) The following persons are considered interested and may not be appointed as arbitrators: Any person who is personally interested in the land on which horizontal drilling is being performed or has been performed, or in any interest or right therein, or in the compensation and any damages to be awarded therefor, or who is related by blood or marriage to any person having such personal interest, or who stands in the relation of guardian and ward, master and servant, principal and agent, or partner, real estate broker, or surety to any person having such personal interest, or who has enmity against or bias in favor of any person who has such personal interest or who is the owner of, or interested in, the land or the oil and gas development of the land. A person is not considered interested or incompetent to act as arbitrator by reason of being an inhabitant of the county, district or municipal corporation in which the land is located, or holding an interest in any other land therein.

(d) The panel of arbitrators shall hold hearings and take testimony and receive exhibits necessary to determine the amount of compensation to be paid to the surface owner.
However, no award of compensation may be made to the surface owner unless the panel of arbitrators has first viewed the surface estate in question. A transcript of the evidence may be made but is not required.

(e) Each party shall pay the compensation of the party’s arbitrator and one half of the compensation of the third arbitrator, or each party’s own court costs as the case may be.

§22-6B-8. Application of article.

The remedies provided by this article do not preclude any person from seeking other remedies allowed by law.
