AN ACT to amend and reenact §22-5-20 of the Code of West Virginia, 1931, as amended, relating to the development of a state plan under Section 111(d) of the Clean Air Act; setting forth legislative findings; prohibiting submission of a state plan without authority; requiring the Department of Environmental Protection to study the feasibility of a state plan; requiring the Department of Environmental Protection to submit a report to the Legislature determining whether a state plan is feasible; allowing for the development of a proposed state plan; requiring the state plan to be on a unit-specific basis; allowing for the plan to be on either a rate-based or meter-based standard; allowing for legislative review and consideration prior to submission of a state plan to the Environmental Protection Agency; and creating exceptions to the legal effect of the state plan.

Be it enacted by the Legislature of West Virginia:

That §22-5-20 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

§22-5-20. Development of a state plan relating to carbon dioxide emissions from existing fossil fuel-fired electric generating units.

(a) Legislative Findings-
(1) The United States Environmental Protection Agency has proposed a Federal Rule pursuant to Section 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), to regulate carbon dioxide emissions from electric generating units.

(2) The Rule is expected to go into effect on or about June 30, 2015, and will require each state to submit a state plan pursuant to Section 111(d) that sets forth laws, policies and regulations that will be enacted by the State to meet the federal guidelines in the Rule.

(3) The creation of this state plan necessitates establishment and creation of law affecting the economy and energy policy of this State.

(4) The Environmental Protection Agency has stated that any state plan it ultimately approves shall become enforceable federal law upon that State.

(5) The State disputes the jurisdiction and purported binding nature asserted by the Environmental Protection Agency through this Rule, and reserves to itself those rights and responsibilities properly reserved to the State of West Virginia.

(6) Given the economic impact and potentially legally binding nature of the submission of a State Plan, there is a compelling state interest to require appropriate legislative review and passage of law prior to submission, if any, of a state plan pursuant to Section 111(d) of the Clean Air Act.

(b) Submission of a State Plan- Absent specific legislative enactment granting such powers or rulemaking authority, the Department of Environmental Protection or any other agency or officer of state government is not authorized to submit to the Environmental Protection Agency a state plan under this section, or otherwise pursuant to Section 111(d) of the Clean Air Act: Provided, however, the Department of Environmental Protection,
in consultation with the Department of Environmental Protection Advisory Council and other necessary and appropriate agencies and entities, may develop a proposed state plan in accordance with this section.

(c) Development of a Proposed State Plan- (1) The Department of Environmental Protection shall, no later than one hundred eighty days after a rule is finalized by the Environmental Protection Agency that requires the state to submit a state plan under Section 111(d) of the Clean Air Act, 42 U.S.C. § 7411(d), submit to the Legislature a report regarding the feasibility of the state’s compliance with the Section 111(d) Rule. The report must include a comprehensive analysis of the effect of the Section 111(d) Rule on the state, including, but not limited to, the need for legislative or other changes to state law, and the factors referenced in subsection (g) of this section. The report must make at least two feasibility determinations: (i) Whether the creation of a state plan is feasible based on the comprehensive analysis; and (ii) whether the creation of a state plan is feasible before the deadline to submit a state plan to Environmental Protection Agency under the Section 111(d) Rule, assuming no extensions of time are granted by Environmental Protection Agency. If the department determines that a state plan is or is not feasible under clause (i) of this subsection, the report must explain why. If the department determines that a state plan is not feasible under clause (ii) of this subsection, it shall explain how long it requires to create a state plan and then endeavor to submit such a state plan to the Legislature as soon as practicable. Such state plan shall be on a unit-specific performance basis and shall be based upon either a rate-based model or a meter-based model.

(2) If the department determines that the creation of a state plan is feasible, it shall develop and submit the proposed state plan to the Legislature sitting in Regular Session, or in an extraordinary session convened for the purpose of consideration
of the state plan, in sufficient time to allow for the consideration of the state plan prior to the deadline for submission to the Environmental Protection Agency.

(3) In addition to submitting the proposed state plan to the Legislature, the department shall publish the report and any proposed state plan on its website.

(d) If the department proposes a state plan to the Legislature in accordance with subsection (c) of this section, the department shall propose separate standards of performance for carbon dioxide emissions from existing coal-fired electric generating units in accordance with subsection (e) of this section and from existing natural gas-fired electric generating units in accordance with subsection (f) of this section. The standards of performance developed and proposed under any state plan to comply with Section 111 of the Clean Air Act should allow for greater flexibility and take into consideration the additional factors set forth in subsection (g) of this section as a part of any state plan to achieve targeted reductions in greenhouse gas emissions which are equivalent or comparable to the goals and marks established by federal guidelines.

(e) Standards of performance for existing coal-fired electric generating units. – Except as provided under subsection (g) of this section, the standard of performance proposed for existing coal-fired electric generating units under subsection (c) of this section may be based upon:

(1) The best system of emission reduction which, taking into account the cost of achieving the reduction and any nonair quality health and environmental impact and energy requirements, has been adequately demonstrated for coal-fired electric generating units that are subject to the standard of performance;
(2) Reductions in emissions of carbon dioxide that can reasonably be achieved through measures undertaken at each coal-fired electric generating unit; and

(3) Efficiency and other measures that can be undertaken at each coal-fired electric generating unit to reduce carbon dioxide emissions from the unit without switching from coal to other fuels or limiting the economic utilization of the unit.

(f) Standards of performance for existing natural gas-fired electric generating units. – Except as provided in subsection (g) of this section, the standard of performance proposed for existing gas-fired electric generating units under subsection (c) of this section, may be based upon:

(1) The best system of emission reduction which, taking into account the cost of achieving the reduction and any nonair quality health and environmental impact and energy requirements, has been adequately demonstrated for natural gas-fired electric generating units that are subject to the standard of performance;

(2) Reductions in emissions of carbon dioxide that can reasonably be achieved through measures at each natural gas-fired electric generating unit; and

(3) Efficiency and other measures that can be undertaken at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other lower-carbon fuels or limiting the economic utilization of the unit.

(g) Flexibility in establishing standards of performance. – In developing a flexible state plan to achieve targeted reductions in greenhouse gas emissions, the department shall endeavor to establish an achievable standard of performance for any existing fossil fuel-fired electric generating unit, and examine whether less stringent performance standards
or longer compliance schedules may be implemented or adopted for existing fossil fuel-fired electric generating units in comparison to the performance standards established for new, modified or reconstructed generating units, based on the following:

(1) Consumer impacts, including any disproportionate impacts of energy price increases on lower income populations;

(2) Nonair quality health and environmental impacts;

(3) Projected energy requirements;

(4) Market-based considerations in achieving performance standards;

(5) The costs of achieving emission reductions due to factors such as plant age, location or basic process design;

(6) Physical difficulties with or any apparent inability to feasibly implement certain emission reduction measures;

(7) The absolute cost of applying the performance standard to the unit;

(8) The expected remaining useful life of the unit;

(9) The impacts of closing the unit, including economic consequences such as expected job losses at the unit and throughout the state in fossil fuel production areas including areas of coal production and natural gas production and the associated losses to the economy of those areas and the state, if the unit is unable to comply with the performance standard;

(10) Impacts on the reliability of the system; and

(11) Any other factors specific to the unit that make application of a modified or less stringent standard or a longer compliance schedule more reasonable.
(h) Legislative consideration of proposed state plan under Section 111(d) of the Clean Air Act. – (1) If the department submits a proposed state plan to the Legislature under this section, the Legislature may by act, including presentment to the Governor, (i) authorize the department to submit the proposed state plan to the Environmental Protection Agency, (ii) authorize the department to submit the state plan with amendment, or (iii) not grant such rulemaking or other authority to the department for submission and implementation of the state plan.

(2) If the Legislature fails to enact or approve all or part of the proposed state plan, the department may propose a new or modified state plan to the Legislature in accordance with the requirements of this section.

(3) If the Environmental Protection Agency does not approve the state plan, in whole or in part, the department shall as soon as practicable propose a modified state plan to the Legislature in accordance with the requirements of this section.

(i) Legal effect. – Any obligation created by this section and any state plan submitted to the Environmental Protection Act pursuant to this section shall have no legal effect if:

(1) the Environmental Protection Agency fails to issue, or withdraws, its federal rules or guidelines for reducing carbon dioxide emissions from existing fossil fuel-fired electrical generating units under 42 U.S.C. §7411(d); or,

(2) a court of competent jurisdiction invalidates the Environmental Protection Agency’s federal rules or guidelines issued to regulate emissions of carbon dioxide from existing fossil fuel-fired electrical generating units under 42 U.S.C. §7411(d).

(j) Effective date. — All provisions of this section are effective immediately upon passage.

secretary may require;

(4) The well work for which a permit is requested;

(5) The approximate total depth to which the well is to be
drilled or deepened, or the actual depth if the well has been
drilled; the proposed angle and direction of the well; the actual
depth or the approximate depth at which the well to be drilled

(B) For surface waters, a demonstration, using methods acceptable to the secretary, that sufficient in-stream flow will be available immediately downstream of the point of withdrawal. A sufficient in-stream flow is maintained when a pass-by flow that is protective of the identified use of the stream is preserved immediately downstream of the point of withdrawal; and

(C) Methods to be used for surface water withdrawal to minimize adverse impact to aquatic life; and

(7) This subsection is intended to be consistent with and does not supersede, revise, repeal or otherwise modify article eleven, twelve or twenty-six of this chapter and does not revise, repeal or otherwise modify the common law doctrine of riparian rights in West Virginia law.

The well operator named in the application shall designate the name and address of an agent for the operator who is the attorney-in-fact for the operator and who is a resident of the State of West Virginia upon whom notices, orders or other communications issued pursuant to this article or article eleven of this chapter may be served, and upon whom process may be served. Every well operator required to designate an agent under this section shall, within five days after the termination of the designation, notify the secretary of the termination and designate a new agent.

The well owner or operator shall install the permit number as issued by the secretary and a contact telephone number for the operator in a legible and permanent manner to the well upon completion of any permitted work. The dimensions, specifications and manner of installation shall be in accordance with the rules of the secretary.

The secretary may waive the requirements of this section and sections eight, ten, eleven and twenty-four of this article in any emergency situation if the secretary considers the action necessary. In that case the secretary may issue an emergency permit which is effective for not more than thirty days, unless reissued by the secretary.

The secretary shall deny the issuance of a permit if the secretary determines that the applicant has committed a substantial violation of a previously issued permit for a horizontal well, including the applicable erosion and sediment control plan associated with the previously issued permit, or a substantial violation of one or more of the rules promulgated under this article, and in each instance has failed to abate or seek review of the violation within the time prescribed by the secretary pursuant to the provisions of subdivisions (1) and (2),
subsection (a), section five of this article and the rules promulgated hereunder, which time may not be unreasonable.

(l) If the secretary finds that a substantial violation has occurred and that the operator has failed to abate or seek review of the violation in the time prescribed, the secretary may suspend the permit on which the violation exists, after which suspension the operator shall forthwith cease all well work being conducted under the permit. However, the secretary may reinstate the permit without further notice, at which time the well work may be continued. The secretary shall make written findings of the suspension and may enforce the same in the circuit courts of this state. The operator may appeal a suspension pursuant to the provisions of subdivision (23), subsection (a), section five of this article. The secretary shall make a written finding of any such determination.

(m) Any well work permit issued in accordance with this section may be transferred with the prior written approval of the secretary upon his or her finding that the proposed transferee meets all requirements for holding a well work permit, notwithstanding any other provision of this article or rule adopted pursuant to this article. Application for the transfer of any well work permit shall be upon forms prescribed by the secretary and submitted with a permit transfer fee of $500. Within ninety days of the receipt of approval by the secretary, the transferee shall give notice of the transfer to those persons entitled to notice in subsection (b), section ten of this article by personal service or by registered mail or by any method of delivery that requires a receipt or signature confirmation, and shall further update the emergency point of contact provided pursuant to subdivision (13), subsection (b) of this section.

AN ACT to amend and reenact §22-2-4 of the Code of West Virginia, 1931, as amended, relating to use of the Abandoned Land Reclamation Fund.

Be it enacted by the Legislature of West Virginia:

That §22-2-4 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 2. ABANDONED MINE LANDS AND RECLAMATION ACT.

§22-2-4. Abandoned land reclamation fund and objectives of fund; lands eligible for reclamation.

1 (a) All abandoned land reclamation funds available under Title IV of the federal Surface Mining Control and Reclamation Act of 1977, as amended, private donations received, any state appropriated or transferred funds, or funds received from the sale of land by the secretary under this article shall be deposited with the Treasurer of the State of West Virginia to the credit of the abandoned land reclamation fund heretofore created, and expended pursuant to the requirements of this article.

9 (b) Moneys in the fund may be used by the secretary for the following:
(1) Reclamation and restoration of land and water resources adversely affected by past coal surface-mining operations, including, but not limited to, reclamation and restoration of abandoned surface mine areas, abandoned coal processing areas and abandoned coal processing waste areas; sealing and filling abandoned deep mine entries and voids; planting of land adversely affected by past coal surface-mining operations to prevent erosion and sedimentation; prevention, abatement, treatment and control of water pollution created by coal mine drainage, including restoration of stream beds and construction and operation of water treatment plants; prevention, abatement and control of burning coal processing waste areas and burning coal in situ; prevention, abatement and control of coal mine subsidence; and payment of administrative expenses and all other necessary expenses incurred to accomplish the purpose of this article: Provided, That all expenditures from this fund shall reflect the following priorities in the order stated:

(A) The protection of public health, safety, general welfare and property from extreme danger of adverse effects of past surface-mining practices;

(B) The protection of public health, safety and general welfare from adverse effects of past coal surface-mining practices;

(C) The restoration of land and water resources and environment previously degraded by adverse effects of past coal surface-mining practices, including measures for the conservation and development of soil, water (excluding channelization), woodland, fish and wildlife, recreation resources and agricultural productivity;

(D) Research and demonstration projects relating to the development of surface-mining reclamation and water quality control program methods and techniques;
(E) The protection, repair, replacement, construction or enhancement of public facilities such as utilities, roads, recreation and conservation facilities adversely affected by past coal surface-mining practices; and

(F) The development of publicly owned land adversely affected by past coal surface-mining practices, including land acquired as provided in this article for recreation and historic purposes, conservation and reclamation purposes and open space benefits.

(2) (A) The secretary may expend the funds allocated to the state in any year through the grants made available under paragraphs (1) and (5), subsection (g) of Section 402 of the federal Surface Mining Control and Reclamation Act of 1977, as amended, for the purpose of protecting, repairing, replacing, constructing or enhancing facilities relating to water supply, including water distribution facilities and treatment plants, to replace water supplies adversely affected by coal surface-mining practices.

(B) If the adverse effects on water supplies referred to in this subdivision occurred both prior to and after the August 3, 1977, subsection (c) of this section does not prohibit the state from using funds for the purposes of this subdivision if the secretary determines that the adverse effects occurred predominantly prior to August 3, 1977.

(3) The secretary may receive and retain up to thirty percent of the total of the grants made annually to the state under paragraphs (1) and (5), subsection (g) of Section 402 of the federal Surface Mining Control and Reclamation Act of 1977, as amended, if the amounts are deposited to the credit of either:

(A) The special account in the State Treasury designated the “Reclamation and Restoration Fund” is hereby continued.
Moneys in the fund may be expended by the secretary to achieve the priorities stated in subdivision (1) of this subsection after September 30, 1995 and for associated administrative and personnel expenses; or

(B) The special account in the State Treasury designated the “Acid Mine Drainage Abatement and Treatment Fund” is hereby continued. Moneys in the fund may be expended by the secretary to implement, in consultation with the United States soil conservation service, acid mine drainage abatement and treatment plans approved by the secretary of the United States department of interior and for associated administrative and personnel expenses. The plans shall provide for the comprehensive abatement of the causes and treatment of the effects of acid mine drainage within qualified hydrologic units affected by coal surface-mining practices. The moneys accrued in this fund, any earnings thereon, and yield from investments by the State Treasurer or West Virginia Investment Management Board are reserved solely and exclusively for the purposes set forth in this section of the code. Any interest accrued on any moneys deposited into the Acid Mine Drainage Abatement and Treatment Fund which previously defaulted from that account into general revenue shall be credited back to the fund on or before July 1, 2014.

(c) Except as provided for in this subsection, lands and water eligible for reclamation or drainage abatement expenditures under this article are those which were mined for coal or which were affected by the mining, wastebanks, coal processing or other coal mining processes, and abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility: Provided, That moneys from the funds made available by the secretary of the United States department of interior pursuant to paragraphs (1) and (5), subsection (g), Section 402 of the federal Surface Mining Control and Reclamation Act of 1977, as
amended, may be expended for the reclamation or drainage
abatement of a site that: (1) The surface-mining operation
occurred during the period beginning on August 4, 1977, and
ending on or before January 21, 1981, and that any funds for
reclamation or abatement which are available pursuant to a bond
or other financial guarantee or from any other source, and not
sufficient to provide for adequate reclamation or abatement of
the site; or (2) the surface-mining operation occurred during the
period beginning on August 4, 1977, and ending on or before
November 5, 1990, and that the surety of the surface-mining
operation became insolvent during that period, and as of
November 5, 1990, funds immediately available from
proceeding relating to the insolvency or from any financial
guarantees or other sources are not sufficient to provide for
adequate reclamation of the site: Provided, however, That the
secretary, with the concurrence of the secretary of the United
States department of interior, makes either of the above-stated
findings, and that the site is eligible, or more urgent than the
reclamation priorities set forth in paragraphs (A) and (B),
subdivision (1), subsection (b) of this section.

(d) One purpose of this article is to provide additional and
cumulative remedies to abate the pollution of the waters of the
state, and nothing contained in this article abridges or alters
rights of action or remedies now or hereafter existing, nor do any
provisions in this article or any act done by virtue of this article
estop the state, municipalities, public health officers or persons
as riparian owners or otherwise in the exercise of their rights to
suppress nuisances or to abate any pollution now or hereafter
existing or to recover damages.

(e) Where the Governor certifies that the above objectives of
the fund have been achieved and there is a need for construction
of specific public facilities in communities impacted by coal
development, and other sources of federal funds are inadequate
and the secretary of the United States department of interior

[Approved by the Governor on March 27, 2015.]

Be it enacted by the Legislature of West Virginia:

That §22-18-22 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 18. HAZARDOUS WASTE MANAGEMENT ACT.

(a) The net proceeds of all fines, penalties and forfeitures collected under this article shall be appropriated as directed by section five, article XII of the Constitution of West Virginia. For the purposes of this section, the net proceeds of the fines, penalties and forfeitures are considered the proceeds remaining after deducting therefrom those sums appropriated by the Legislature for defraying the cost of administering this article. All permit application fees collected under this article shall be
paid into the State Treasury into a special fund designated the Hazardous Waste Management Fund. In making the appropriation for defraying the cost of administering this article, the Legislature shall first take into account the sums included in that special fund prior to deducting additional sums as may be needed from the fines, penalties and forfeitures collected pursuant to this article.

(b) Effective on July 1, 2003, there is imposed an annual certification fee for facilities that manage hazardous waste, as defined by the federal Resource Conservation and Recovery Act, as amended. The secretary shall propose a rule for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to establish the certification fee. The rule shall be a product of a negotiated rule-making process with the facilities subject to the rule. The rule shall, at a minimum, establish different fee rates for facilities based on criteria established in the rule. The total amount of fees generated raise no more funds than are necessary and adequate to meet the matching requirements for all federal grants which support the hazardous waste management program, but shall not exceed $700,000 per year.

(c) The revenues collected from the annual certification fee shall be deposited in the State Treasury to the credit of the Hazardous Waste Management Fee Fund, which is continued. Moneys of the fund, together with any interest or other return earned on the fund, shall be expended to meet the matching requirements of federal grant programs which support the hazardous waste management program. Expenditures from the fund are for the purposes set forth in this article and are not authorized from collections, but are to be made only in accordance with appropriation by the Legislature and in accordance with the provisions of article three, chapter twelve of this code and upon the fulfillment of the provisions set forth in article two, chapter five-a of this code. Amounts collected which
are found, from time to time, to exceed the funds needed for
purposes set forth in this article may be transferred to other
accounts by appropriation of the Legislature.

(d) The fee provided in subsection (b) of this section and the
fund established in subsection (c) of this section shall terminate
on June 30, 2020. The department shall, by December 31 of each
year, report to the Joint Committee on Government and Finance
regarding moneys collected into the Hazardous Waste
Management Fee Fund and expenditures by the agency,
including any federal matching moneys received and providing
an accounting on the collection of the fee by type of permit
activity, funds being expended and current and future projected
balances of the fund.

(8) A statement that any person seeking to impeach or establish a will must make a complaint in accordance with section eleven, twelve or thirteen, article five, chapter forty-one of this code;

(9) A statement that an interested person objecting to the qualifications of the personal representative or the venue or jurisdiction of the court must be filed with the county commission within sixty days after the date of first publication or thirty days of service of the notice, whichever is later; and
(10) If the appraisement of the assets of the estate shows the value to be $200,000 or less, exclusive of real estate specifically devised and nonprobate assets, or, if it appears to the clerk that there is only one beneficiary of the probate estate and that the beneficiary is competent at law, a statement substantially as follows: “Settlement of the estate of the following named decedents will proceed without reference to a fiduciary commissioner unless within sixty days from the first publication of this notice a reference is requested by a party in interest or an unpaid creditor files a claim and good cause is shown to support reference to a fiduciary commissioner”. If a party in interest requests the fiduciary commissioner to conclude the administration of the estate or an unpaid creditor files a claim, no further notice to creditors shall be published in the newspaper, and the personal representative shall be required to pay no further fees, except to the fiduciary commissioner for conducting any hearings, or performing any other duty as a fiduciary commissioner. The time period for filing claims against the estate shall expire upon the time period set out in the notice to creditors published by the clerk of the county commission as required in this subsection (a). If an unpaid creditor files a claim, the fiduciary commissioner shall conduct a hearing on the claim filed by the creditor, otherwise, the fiduciary commissioner shall conclude the administration of the estate as requested by the interested party.

(11) This notice shall be published as a Class II legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code. The publication of such notice shall be equivalent to personal service on creditors, distributees and legatees.

(b) If no appraisement is filed within the time period established pursuant to section fourteen of this article, the county clerk shall send a notice to the personal representative by first class mail, postage prepaid, indicating that the appraisement has not been filed.
(c) The personal representative shall promptly make a
diligent search to determine the names and addresses of creditors
of the decedent who are reasonably ascertainable.

(d) The personal representative shall, within sixty days after
the date of first publication, serve a copy of the notice, published
pursuant to subsection (a) of this section, by first class mail,
postage prepaid, or by personal service on the following persons:

(1) If the personal representative is not the decedent’s
surviving spouse and not the sole beneficiary or sole heir, the
decedent’s surviving spouse, if any;

(2) If there is a will and the personal representative is not the
sole beneficiary, any beneficiaries;

(3) If there is not a will and the personal representative is not
the sole heir, any heirs;

(4) The trustee of any trust in which the decedent was a
grantor, if any; and

(5) All creditors identified under subsection (c) of this
section, other than a creditor who filed a claim as provided in
article two of this chapter or a creditor whose claim has been
paid in full.

(e) Any person interested in the estate who objects to the
qualifications of the personal representative or the venue or
jurisdiction of the court, shall file notice of an objection with the
county commission within ninety days after the date of the first
publication as required in subsection (a) of this section or within
thirty days after service of the notice as required by subsection
(d) of this section, whichever is later. If an objection is not
timely filed, the objection is forever barred.

(f) A personal representative acting in good faith is not
personally liable for serving notice under this section,
notwithstanding a determination that notice was not required by this section. A personal representative acting in good faith who fails to serve the notice required by this section is not personally liable. (h) For purposes of this section, the term beneficiary means a person designated in a will to receive real or personal property.

§44-1-30. Death certificate or other proof of death and residence may be required.

The clerk of the county commission may require a certified copy of a decedent's death certificate or other proof of death and residence prior to fulfilling the clerk’s responsibilities under this chapter.

ARTICLE 2. PROOF AND ALLOWANCE OF CLAIMS AGAINST ESTATES OF DECEDEENTS.

§44-2-1. Reference of decedents’ estates; proceedings thereon.

(a) Upon the return of the appraisement by the personal representative to the county clerk, the estate of his or her decedent, by order of the county commission, must be referred to a fiduciary commissioner for proof and determination of debts and claims, establishment of their priority, determination of the amount of the respective shares of the legatees and distributes, and any other matter necessary for the settlement of the estate: Provided, That in counties where there are two or more commissioners, the estates of decedents must be referred to the commissioners in rotation, so there may be an equal division of the work. Notwithstanding any other provision of this code to the
contrary, a fiduciary commissioner may not charge to the estate a fee greater than $300 and expenses for the settlement of an estate, except upon: (i) Approval of the personal representative; or (ii) a determination by the county commission that the fee is based upon the actual time spent and actual services rendered pursuant to a schedule of fees or rate of compensation for fiduciary commissioners promulgated by the commission in accordance with the provisions of section nine, article one, chapter fifty-nine of this code.

(b) If the personal representative delivers to the clerk an appraisement of the assets of the estate showing their value to be $200,000 or less, exclusive of real estate specifically devised and nonprobate assets, or if it appears to the clerk that there is only one beneficiary of the probate estate and that the beneficiary is competent at law, the clerk shall record the appraisement. If an unpaid creditor files a claim against the estate, the personal representative has twenty days after the date of the filing of a claim against the estate of the decedent to approve or reject the claim before the estate is referred to a fiduciary commissioner. If the personal representative approves all claims as filed, then no reference may be made.

The personal representative shall, within a reasonable time after the date of recordation of the appraisement: (i) File a waiver of final settlement in accordance with the provisions of section twenty-nine of this article; or (ii) make a report to the clerk of his or her receipts, disbursements and distribution and submit an affidavit stating that all claims against the estate for expenses of administration, taxes and debts of the decedent have been paid in full. Upon receipt of the waiver of final settlement or report, the clerk shall record the waiver or report and mail copies to each beneficiary and creditor by first-class mail, postage prepaid. The clerk shall retain the report for ten days to allow any beneficiary or creditor to appear before the county commission to request reference to a fiduciary commissioner.
The clerk shall collect a fee of $10 for recording and mailing the waiver of final settlement or report.

If no request or objection is made to the clerk or to the county commission, the county commission may confirm the report of the personal representative, the personal representative and his or her surety shall be discharged; but if an objection or request is made, the county commission may confirm and record the accounting or may refer the estate to its fiduciary commissioners: Provided, That the personal representative has twenty days after the date of the filing of a claim against the estate of the decedent to approve or reject the claim before the estate is referred to a fiduciary commissioner and if all claims are approved as filed, then no reference may be made.

(c) For purposes of this section, the term beneficiary means a person designated in a will to receive real or personal property.

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §19-35-1, §19-35-2, §19-35-3 and §19-35-4, all relating to farmers markets; stating purpose and definitions; requiring a uniform farmers market vendor permit; establishing annual permit fees; providing exemptions; allowing inspection by local health departments; and requiring rulemaking.

Be it enacted by the Legislature of West Virginia:
That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §19-35-1, §19-35-2, §19-35-3 and §19-35-4, all to read as follows:

ARTICLE 35. FARMERS MARKETS.

§19-35-1. Legislative findings.

(a) Farmers markets are critical incubators for small farm and food businesses because they offer an inexpensive, accessible, entry-level market for reaching consumers directly, though research has shown that the average vendor makes only a nominal dollar amount in sales on any given market day;

(b) The number of farmers markets and the variety of products sold at farmers markets has increased significantly in the past ten years, adding millions of dollars to the state’s economy;

(c) Encouraging locally grown and raised food is important to the health and welfare of the citizens of West Virginia;

(d) Permit fees and requirements for farmers market vendors can vary widely from county to county and from one regulatory official to the other. Current food permit categories are not designed for farmers markets and their vendors, but rather for restaurants, grocery stores or concessioners;

(e) Food permits required for farmers market vendors are currently not recognized across county lines.

For purposes of this article:

(a) “Consignment farmers market” means a farmers market in which two or more vendors deliver their own farm and food
products to a common location maintained by a third party that
markets the vendors’ products and receives a percentage share
of the profits from sales, with the individual vendor retaining
ownership of the farm and food product until it is sold.

(b) “Farm and food product” means any agriculture,
horticulture, agroforestry, animal husbandry, dairy, livestock,
cottage food, beekeeping or other similar product. Farm and food
products are to be properly labeled.

(c) “Farmers market” means:

(1) A traditional farmers market in which two or more
vendors gather to sell farm and food products directly to
consumers at a fixed location;

(2) An on-farm market or farm stand run by an individual
producer that sells farm and food products;

(3) An online farmers market in which two or more vendors
collectively market farm and food products and retain ownership
of those products until they are sold; or

(4) A consignment farmers market.

(d) “Farmers market vendor” or “vendor” means a person or
entity that sells farm and food products at a farmers market.

§19-35-3. Farmers market vendor permit; scope.

(a) Vendors at a farmers market selling farm and food
products that require a food establishment permit shall apply for
a uniform farmers market vendor permit and pay the annual
permit fee to the local health department in the jurisdiction in
which the farmers market is located. The permit is valid in all
counties in this state, and vendors are not required to apply to
more than one local health department for a uniform farmers
market vendor permit. The uniform farmers market vendor
permit shall be required in lieu of the food establishment permit,
notwithstanding any other provisions of code or rule that require
a food establishment permit or any other permit from a local
health department.

(b) The application must include any other farmers market
locations under the jurisdiction of another local health
department that the vendor will sell farm and food products
subject to the permit. The local health department which
approves the application for the uniform farmers market vendor
permit shall provide notice of the approval to any other local
health departments that the vendor will be subject to, as
indicated on the application.

(c) (1) The annual permit fee for the uniform farmers market
vendor permit is as follows:

(A) For vendors selling farm and food products under the
jurisdiction of only one local health department, the annual fee
is $15.

(B) For vendors selling farm and food products under the
jurisdiction of more than one local health department, the annual
fee is $25.

(2) The annual permit fee shall be collected and deposited in
accordance with subsection (6), section eleven, article two,
chapter sixteen of this code.

(d) The following vendors are exempt from the requirements
of the uniform farmers market vendor permit:

(1) Vendors delivering their products to a consignment
farmers market; or

(2) Vendors selling fresh, uncut produce or other any other
farm and food product not subject to a permit by a local health
department through rule or regulation.
(e) A consignment farmers market shall obtain a food establishment permit issued by the local health department.

(f) Every uniform farmers market vendor permit shall be displayed in a conspicuous manner.

(g) Notwithstanding the provisions of article two, chapter sixteen of this code, a local health department has the right to inspect and suspend the uniform farmers market vendor permit for violation of rules or the local health department regulations of a vendor at any farmers market in its jurisdiction, or at the vendor’s home or business address, if it is in the inspecting local health department’s jurisdiction, regardless of what local health department issued the uniform farmers market vendor permit.

(h) Nothing in this article eliminates or limits other state and federal rules and regulations that apply to certain farm and food products sold at a farmers market or a consignment farmers market.

(a) The West Virginia Department of Health and Human Resources shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code for the purposes of implementing this article.

(b) The West Virginia Department of Health and Human Resources shall consult with the West Virginia Department of Agriculture and shall consider the guidelines established in the Farmers Market Vendor Guide and Memorandum F-16, Food Permits at Farmers Markets in promulgating the rules.

...

ARTICLE 1. PUBLIC RECORDS.

§29B-1-2. Definitions.

(1) “Custodian” means the elected or appointed official charged with administering a public body.

(2) “Person” includes any natural person, corporation, partnership, firm or association.

(5) “Writing” includes any books, papers, maps, photographs, cards, tapes, recordings or other documentary materials regardless of physical form or characteristics.

§29B-1-3. Inspection and copying of public record; requests of Freedom of Information Act requests registry.

(a) Every person has a right to inspect or copy any public record of a public body in this state, except as otherwise expressly provided by section four of this article.
(b) A request to inspect or copy any public record of a public body shall be made directly to the custodian of such public record.

(c) The custodian of any public records, unless otherwise expressly provided by statute, shall furnish proper and reasonable opportunities for inspection and examination of the records in his or her office and reasonable facilities for making memoranda or abstracts therefrom, during the usual business hours, to all persons having occasion to make examination of them. §29B-1-3a. Reports to Secretary of State by public bodies.

(a) Beginning January 1, 2016, each public body that is in receipt of a freedom of information request shall provide information to the Secretary of State relating to, at a minimum, the nature of the request, the nature of the public body’s response, the time-frame that was necessary to comply in full with the request; and the amount of reimbursement charged to the requester for the freedom of information request: Provided, That the public body shall not provide to the Secretary of State the public records that were the subject of the FOIA request.

(2) Information of a personal nature such as that kept in a personal, medical or similar file, if the public disclosure of the information would constitute an unreasonable invasion of privacy, unless the public interest by clear and convincing evidence requires disclosure in this particular instance: Provided, That this article does not preclude an individual from inspecting or copying his or her own personal, medical or similar file;

(3) Test questions, scoring keys and other examination data used to administer a licensing examination, examination for employment or academic examination;

(4) Records of law-enforcement agencies that deal with the detection and investigation of crime and the internal records and notations of such law-enforcement agencies which are maintained for internal use in matters relating to law enforcement;

CHAPTER 61. CRIMES AND THEIR PUNISHMENT.

ARTICLE 7. DANGEROUS WEAPONS.

§61-7-4. License to carry deadly weapons; how obtained.

(a) Except as provided in subsection (h) of this section, any person desiring to obtain a state license to carry a concealed deadly weapon shall apply to the sheriff of his or her county for the license, and pay to the sheriff, at the time of application, a fee of $75, of which $15 of that amount shall be deposited in the Courthouse Facilities Improvement Fund created by section six, article twenty-six, chapter twenty-nine of this code. Concealed weapons permits may only be issued for pistols or revolvers. (3) That the applicant is twenty-one years of age or older:

Provided, That any individual who is less than twenty-one years of age and possesses a properly issued concealed weapons license as of the effective date of this article shall be licensed to maintain his or her concealed weapons license notwithstanding the provisions of this section requiring new applicants to be at least twenty-one years of age: Provided, however, That upon a showing of any applicant who is eighteen years of age or older that he or she is required to carry a concealed weapon as a condition for employment, and presents satisfactory proof to the sheriff thereof, then he or she shall be issued a license upon meeting all other conditions of this section. Upon discontinuance of employment that requires the concealed weapons license, if the individual issued the license is not yet twenty-one years of age, then the individual issued the license is no longer eligible and must return his or her license to the issuing sheriff;

(4) That the applicant is not addicted to alcohol, a controlled substance or a drug and is not an unlawful user thereof as evidenced by either of the following within the three years immediately prior to the application:

Criminal Background Check System, the West Virginia criminal
history record responses and the National Interstate
Identification Index and shall review the information received in
order to verify that the information required in subsection (a) of
this section is true and correct. A license may not be issued
unless the issuing sheriff has verified through the National
Instant Criminal Background Check System that the information
available to him or her does not indicate that receipt or
possession of a firearm by the applicant would be in violation of
the provisions of section seven of this article or federal law,
including 18 U.S.C. § 922(g) or (n).

(c) Sixty dollars of the application fee and any fees for
replacement of lost or stolen licenses received by the sheriff
shall be deposited by the sheriff into a concealed weapons
license administration fund. The fund shall be administered by
the sheriff and shall take the form of an interest-bearing account
with any interest earned to be compounded to the fund. Any
funds deposited in this concealed weapon license administration
fund are to be expended by the sheriff to pay the costs associated
with issuing concealed weapons licenses. Any surplus in the
fund on hand at the end of each fiscal year may be expended for
other law-enforcement purposes or operating needs of the
sheriff’s office, as the sheriff considers appropriate.
(d) All persons applying for a license must complete a training course in handling and firing a handgun. The successful completion of any of the following courses fulfills this training requirement:

A photocopy of a certificate of completion of any of the courses or classes or an affidavit from the instructor, school, club, organization or group that conducted or taught the course or class attesting to the successful completion of the course or class by the applicant or a copy of any document which shows successful completion of the course or class is evidence of qualification under this section.

(e) All concealed weapons license applications must be notarized by a notary public duly licensed under article four, chapter twenty-nine of this code. Falsification of any portion of the application constitutes false swearing and is punishable under the provisions of section two, article five, chapter sixty-one of this code.
(f) The sheriff shall issue a license unless he or she determines that the application is incomplete, that it contains statements that are materially false or incorrect or that applicant otherwise does not meet the requirements set forth in this section. The sheriff shall issue, reissue or deny the license within forty-five days after the application is filed if all required background checks authorized by this section are completed.

(g) Before any approved license is issued or is effective, the applicant shall pay to the sheriff a fee in the amount of $25 which the sheriff shall forward to the Superintendent of the West Virginia State Police within thirty days of receipt. The license is valid for five years throughout the state, unless sooner revoked.

(h) Each license shall contain the full name and address of the licensee and a space upon which the signature of the licensee shall be signed with pen and ink. The issuing sheriff shall sign and attach his or her seal to all license cards. §5-22-3. Certain labor requirements not to be imposed on contractor or subcontractor.

1 (a) This section may be known and cited as The Fair and Open Competition in Governmental Construction Act.
(b) Legislative findings. — The Legislature finds that to promote and ensure fair competition on governmental, governmental funded or governmental assisted construction projects that open competition in governmental construction contracts is necessary. The Legislature also finds that when a governmental entity awards a grant, tax abatement or tax credit that it should be an open and fair process. Therefore, to prevent discrimination against governmental bidders, offerors, contractors or subcontractors based upon labor affiliation or the lack thereof, the Legislature declares that project labor agreements should not be part of the competitive bid process or be a condition for a grant, tax abatement or tax credit.

(c) Definitions. — For purposes of this section:

(1) “Construction” means the act, trade or process of building, erecting, constructing, adding, repairing, remodeling, rehabilitating, reconstructing, altering, converting, improving, expanding or demolishing of a building, structure, facility, road or highway, and includes the planning, designing and financing of a specific construction project.

(2) “Governmental entity” means the state, a political subdivision or any agency or spending unit thereof.

(3) “Project labor agreement” means any pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project.

(2) A term, clause or statement that infers, either directly or indirectly, that a bidder, offeror, contractor or subcontractor must enter into or adhere to a project labor agreement;

(3) A term, clause or statement that rewards or punishes a bidder, offeror, contractor or subcontractor for becoming or remaining, or refusing to become or remain a signatory to, or for adhering or refusing to adhere to, a project labor agreement; or

(4) Any other provision dealing with project labor agreements.

(e) Prohibition - Grant, tax abatement or tax credit. — Commencing July 1, 2015, a governmental entity may not award a grant, tax abatement or tax credit for construction that is conditioned upon a requirement that the awardee include any prohibited provision set out in subsection (d) of this section.

(f) Exclusions. — This section does not:

(1) Prohibit a governmental entity from awarding a contract, grant, tax abatement or tax credit to a private owner, bidder, contractor or subcontractor who enters into or who is party to an agreement with a labor organization, if being or becoming a party or adhering to an agreement with a labor organization is not a condition for award of the contract, grant, tax abatement or tax credit, and if the governmental entity does not discriminate against a private owner, bidder, contractor or subcontractor in the awarding of that contract, grant, tax abatement or tax credit based upon the status as being or becoming, or the willingness or refusal to become, a party to an agreement with a labor organization.
(2) Prohibit a private owner, bidder, contractor or subcontractor from voluntarily entering into or complying with an agreement entered into with one or more labor organizations in regard to a contract with a governmental entity or funded, in whole or in part, from a grant, tax abatement or tax credit from the governmental entity.

(g) Exemptions. — The head of a governmental entity may exempt a particular project, contract, subcontract, grant, tax abatement or tax credit from the requirements of any or all of the provisions of subsections (d) and (e) of this section if the governmental unit finds, after public notice and a hearing, that special circumstances require an exemption to avert an imminent threat to public health or safety. A finding of special circumstances under this subsection may not be based on the possibility or presence of a labor dispute concerning the use of contractors or subcontractors who are nonsignatories to, or otherwise do not adhere to, agreements with one or more labor organizations or concerning employees on the project who are not members of or affiliated with a labor organization.
AN ACT to repeal §20-14-6 and §20-14-7 of the Code of West Virginia, 1931, as amended; to amend and reenact §15-10-3 and §15-10-4 of said code; to amend and reenact §20-7-1 of said code; to amend and reenact §20-14-1, §20-14-2, §20-14-3, §20-14-4, §20-14-5, §20-14-8 and §20-14-9 of said code; to amend said code by adding thereto four new sections, designated §20-14-4a, §20-14-10, §20-14-11 and §20-14-12; to amend and reenact §20-15-2 and §20-15-5 of said code; to amend and reenact §30-29-1 of said code; and to amend and reenact §61-7-6 of said code, all relating to reorganization of Hatfield-McCoy Regional Recreation Authority; removing rangers as law-enforcement officers; providing for law-enforcement services to be provided by natural resources police officers under reimbursement by authority; converting authority to a joint development entity of counties; altering composition of authority’s board; removing authorization to issue revenue bonds and create security interests; providing for financial review and oversight of public funds; defining prohibited uses and conduct in recreation area; establishing requirements for bidding and purchasing; prohibiting conflicts of interest; creating criminal penalties and civil remedies; and declaring responsibilities of participants to landowners and lessors in the recreation area.

ARTICLE 14. HATFIELD-MCCOY REGIONAL RECREATION AUTHORITY.

§20-14-1. Legislative findings.

The West Virginia Legislature finds that there is a significant need within the state and throughout the eastern United States for well-managed facilities for trail-oriented recreation for off-highway motor vehicle enthusiasts. The Legislature further finds that under an appropriate contractual and management scheme, well-managed, trail-oriented recreation facilities could exist on private property without diminishing the landowner’s interest, control or profitability in the land and without increasing the landowner’s exposure to liability.
The Legislature further finds that, with the cooperation of private landowners, there is an opportunity to provide trail-oriented recreation facilities primarily on private property in the mountainous terrain of southern West Virginia and that the facilities will provide significant economic and recreational benefits to the state and to the communities in southern West Virginia through increased tourism in the same manner as whitewater rafting and snow skiing benefit the state and communities surrounding those activities.

The Legislature further finds that the creation and empowering of a joint development entity to work with the landowners, county officials and community leaders, state and federal government agencies, recreational user groups and other interested parties to enable and facilitate the implementation of the facilities will greatly assist in the realization of these potential benefits.

The Legislature further finds that it is in the best interests of the state to encourage private landowners to make available for public use through the Hatfield-McCoy Regional Recreation Authority land for these recreational purposes by limiting their liability for injury to persons entering thereon, by limiting their liability for injury to the property of persons entering thereon and by limiting their liability to persons who may be injured or otherwise damaged by the acts or omissions of persons entering thereon.

§20-14-2. Definitions.

(a) The public corporation, the Hatfield-McCoy Regional Recreation Authority, previously created by this section is hereby converted to a new public corporation created as a joint development entity of the participating counties for the purpose of enabling and facilitating the development and operation of a system of trail-oriented recreation facilities for use by off-highway motor vehicle enthusiasts. This recreational trail system shall be located in the counties of Boone, Kanawha, Lincoln, Logan, McDowell, Mercer, Mingo, Wayne and Wyoming with significant portions of the recreational trail system being located on private property made available for use through lease, license, easement or other appropriate legal form by a willing landowner.

(c) The conversion of the Hatfield-McCoy Regional Recreation Authority to a joint development entity does not terminate or interrupt its status as a public corporation. The amendments to this article made during the 2015 regular session of the Legislature do not alter the debts, liabilities, responsibilities or other obligations of any party with regard to this public corporation.

duty of care to keep that land safe for entry or use by others or

commission of waste by himself or herself.

§20-14-10. Purchasing and bidding procedures.

(a) Whenever the authority proposes to purchase or contract
for commodities or services reasonably anticipated to equal or
exceed $2,500 in cost, the purchase or contract shall be based on competitive bids. Where the purchase of particular commodities or services is reasonably anticipated to be $25,000 or less, the executive director may, on behalf of the authority, solicit bids or price quotes in any manner that the executive director deems appropriate and the authority shall obtain its commodities or services by the lowest bid. In lieu of seeking bids or quotes for commodities or services in this price range, the authority may purchase those commodities and services pursuant to state master contracts as provided in section ten-e, article three, chapter five-a of this code.

(b) Where the cost for the purchase of commodities or services is reasonably anticipated to exceed $25,000, the executive director shall solicit sealed bids for the commodities or services to be provided: Provided, That the executive director may permit bids by electronic transmission be accepted in lieu of sealed bids. Bids shall be solicited by public notice. The notice shall be published as a Class II legal advertisement in all participating counties in compliance with the provisions of article three, chapter fifty-nine of this code and by such other means as the executive director deems appropriate. The notice shall state the general character of the work and general character of the materials to be furnished, the place where plans and specifications therefor may be examined and the time and place of receiving bids. After all bids are received, the authority shall enter into a written contract with the lowest responsible bidder; however, the authority may reject any or all bids that fail to meet the specifications required by the authority or that exceed the authority’s budget estimation for those commodities or services. If the executive director determines in writing that there is only one responsive and responsible bidder and that there has been sufficient public notice to attract competitive bids, he or she may negotiate the price for a noncompetitive award or
the specifications for a noncompetitive award based solely on the
original purpose of the solicitation.

(c) For any contract that exceeds $25,000 in total cost, the
authority shall require the vendors to post a bond, with form and
surety to be approved by the authority, in an amount equal to at
least fifty percent of the contract price conditioned upon faithful
performance and completion of the contract.

(d) The bidding requirements specified in this section do not
apply to any leases for real property upon which the authority
makes improvements for public access to the recreation area,
information distribution and welcome centers. This exemption
does not apply to leases for offices, vehicle and heavy equipment
storage or administrative facilities.

(e) Any person who violates a provision of this section is
guilty of a misdemeanor and, upon conviction thereof, shall be
confined in jail not less than ten days nor more than one year, or
fined not less than $10 nor more than $1000, or both confined
and fined.

§20-14-11. Conflicts of interest prohibiting certain contracts.

(a) No contract, change order to a prior contract or renewal
of any contract may be awarded or entered by the authority to
any vendor or prospective vendor when the vendor or
prospective vendor is a member of the board or an employee of
the authority, or a spouse, sibling, child or parent of a member
of the board or an employee of the authority or to any vendor or
prospective vendor in which a member of the board or employee
of the authority, or a spouse, sibling, child or parent of a member
of the board or an employee of the authority has an ownership
interest of greater than five percent.

of any contract may be awarded or entered by the authority to
any vendor or prospective vendor when the vendor or prospective vendor is a member of the West Virginia Legislature, or a spouse, sibling, child or parent of a member of the Legislature, or to any vendor or prospective vendor in which a member of the Legislature or a spouse, sibling, child or parent of a member of the Legislature, has an ownership interest of greater than five percent.

(c) All responses to bid solicitations, requests for quotation, requests for proposal, contracts, change orders and contract renewals with the authority submitted or approved under the provisions of this article shall include an affidavit that the vendor or prospective vendor is not in violation of this section.

(d) Any person who violates a provision of this section is guilty of a misdemeanor and, upon conviction thereof, shall be confined in jail not less than ten days nor more than one year, or fined not less than $10 nor more than $1000, or both confined and fined.

§20-14-12. Civil remedies for unlawful purchasing and contracts.

The county commission of any participating county may challenge the validity of any contract or purchase entered, solicited or proposed by the authority in violation of section ten or eleven of this article by seeking declaratory or injunctive relief in the circuit court of the county of the challenging party. If the court finds by a preponderance of evidence that the provisions of section ten or eleven of this article have been violated, the court may declare the contract or purchase to be void and may grant any injunctive relief necessary to correct the violations and protect the funds of the authority as a joint development entity.

(2) The relationship of services reviewed to the long-range development plan of the person providing or proposing the services;

(3) The need that the population served or to be served by the services has for the services proposed to be offered or expanded, and the extent to which all residents of the area, and in particular low income persons, racial and ethnic minorities, women, handicapped persons, other medically underserved population and the elderly, are likely to have access to those services;

(4) The availability within this state of less costly or more effective alternative methods of providing the services to be offered, expanded, reduced, relocated or eliminated;

(5) The immediate and long-term financial feasibility of the proposal as well as the probable impact of the proposal on the costs of and charges for providing health services by the person proposing the new institutional health service;
(6) The relationship of the services proposed to the existing health care system of the area within this state in which the services are proposed to be provided;

(7) In the case of health services proposed to be provided, the availability of resources within this state, including health care providers, management personnel, and funds for capital and operating needs, for the provision of the services proposed to be provided and the need for alternative uses of these resources as identified by the state health plan and other applicable plans;

The entities may include medical and other health professional schools, multidisciplinary clinics and specialty centers;

(11) In the case of a reduction or elimination of a service, including the relocation of a facility or a service, the need that the population presently served has for the service, the extent to which that need will be met adequately by the proposed relocation or by alternative arrangements, and the effect of the reduction, elimination or relocation of the service on the ability of low income persons, racial and ethnic minorities, women, handicapped persons, other medically underserved population and the elderly, to obtain needed health care;
(12) In the case of a construction project: (A) The cost and methods of the proposed construction, including the costs and methods of energy provision; and (B) the probable impact of the construction project reviewed on the costs of providing health services by the person proposing the construction project and on the costs and charges to the public of providing health services by other persons within this state;

(16) In accordance with section five of this article, the factors influencing the effect of competition on the supply of the health services being reviewed;

(17) Improvements or innovations in the financing and delivery of health services which foster competition, in accordance with section five of this article, and serve to promote quality assurance and cost effectiveness;

(19) In the case of existing services or facilities, the quality of care provided by the services or facilities in the past;

(20) In the case where an application is made by an osteopathic or allopathic facility for a certificate of need to construct, expand or modernize a health care facility, acquire major medical equipment or add services, the need for that construction, expansion, modernization, acquisition of equipment or addition of services shall be considered on the basis of the need for and the availability in the community of services and facilities within this state for osteopathic and allopathic physicians and their patients. The state agency shall consider the application in terms of its impact on existing and proposed institutional training programs within this state for doctors of osteopathy and medicine at the student, internship and residency training levels;

(21) The special circumstances of health care facilities within this state with respect to the need for conserving energy;

(22) The contribution of the proposed service in meeting the health-related needs of members of medically underserved populations which have traditionally experienced difficulties in obtaining equal access to health services, particularly those needs identified in the state health plan as deserving of priority. For the purpose of determining the extent to which the proposed service will be accessible, the state agency shall consider:

(A) The extent to which medically underserved populations currently use the applicant’s services in comparison to the percentage of the population in the applicant’s service area which is medically underserved, and the extent to which medically underserved populations are expected to use the proposed services if approved;

(B) The performance of the applicant in meeting its obligation, if any, under any applicable federal regulations
requiring provision of uncompensated care, community service or access by minorities and handicapped persons to programs receiving federal financial assistance, including the existence of any civil rights access complaints against the applicant;

(C) The extent to which Medicare, Medicaid and medically indigent patients are served by the applicant; and

(D) The extent to which the applicant offers a range of means by which a person will have access to its services, including, but not limited to, outpatient services, admission by a house staff and admission by personal physician;

(23) The existence of a mechanism for soliciting consumer input into the health care facility’s decision-making process.

(b) The state agency may include additional criteria which it prescribes by rules adopted pursuant to section eight of this article: Provided, That the state agency will not consider the services or interests of out-of-state facilities or providers in reviewing an application for a certificate of need.

(c) Criteria for reviews may vary according to the purpose for which a particular review is being conducted or the types of health services being reviewed.

(d) An application for a certificate of need may not be made subject to any criterion not contained in this article, in rules adopted pursuant to section eight of this article or in the certificate of need standards approved pursuant to section five of this article.

(e) In the case of any proposed new institutional health service, the state agency may not grant a certificate of need under its certificate of need program unless, after consideration of the appropriateness of the use of existing facilities within this state providing services similar to those being proposed, the state
agency makes, in addition to findings required in section nine of this article, each of the following findings in writing: (1) That superior alternatives to the services in terms of cost, efficiency and appropriateness do not exist within this state and the development of alternatives is not practicable; (2) that existing facilities providing services within this state similar to those proposed are being used in an appropriate and efficient manner; (3) that in the case of new construction, alternatives to new construction, such as modernization or sharing arrangements, have been considered and have been implemented to the maximum extent practicable; (4) that patients will experience serious problems in obtaining care within this state of the type proposed in the absence of the proposed new service; and (5) that in the case of a proposal for the addition of beds for the provision of skilled nursing or intermediate care services, the addition will be consistent with the plans of other agencies of the state responsible for the provision and financing of long-term care facilities or services including home health services.

(f) In the case where an application is made by a hospital, nursing home or other health care facility to provide ventilator services which have not previously been provided for a nursing facility bed, the state agency shall consider the application in terms of the need for the service and whether the cost exceeds the level of current Medicaid services. No facility may, by providing ventilator services, provide a higher level of service for a nursing facility bed without demonstrating that the change in level of service by provision of the additional ventilator services will result in no additional fiscal burden to the state.

(g) In the case where application is made by any person or entity to provide personal care services which are to be billed for Medicaid reimbursement, the state agency shall consider the application in terms of the need for the service and whether the cost exceeds the level of the cost of current Medicaid services. No person or entity may provide personal care services to be billed for Medicaid reimbursement without demonstrating that
the provision of the personal care service will result in no additional fiscal burden to the state: *Provided, That a certificate of need is not required for a person providing specialized foster care personal care services to one individual and those services are delivered in the provider’s home. The state agency shall also consider the total fiscal liability to the state for all applications which have been submitted.

(2) In a signed statement the applicant:

(A) Affirms that he or she has not committed a disqualifying offense;

(B) Acknowledges that a disqualifying offense reported in the required criminal history record information check shall constitute good cause for termination; and

(C) Acknowledges that the covered provider or covered contractor may terminate the individual if a disqualifying offense is reported in the background check.

(b) Provisional employees who have requested a variance shall not be required to sign such a statement. A covered provider or covered contractor may continue to employ an applicant if an applicant applies for a variance of his or her fitness determination until the variance is resolved.

(3) The Rap Back Program has not identified any criminal activity that constitutes a disqualifying offense.

(b) The secretary shall provide notice of prior clearance for direct access status upon request by a subsequent covered provider or covered contractor.

Expenditures from the account shall be made by the secretary for purposes set forth in this article and are authorized from collections. The account shall be administered by the secretary and may not be deemed a part of the general revenue of the state.

§16-49-9. Rules; penalties; confidentiality; immunity.

1 (a) The secretary shall propose rules for legislative approval in accordance with article three, chapter twenty-nine-a of this code to implement the provisions of this article. 2 (b) Failure of a covered provider or covered contractor to ensure proper completion of the background check process for each individual employed as direct access personnel may result in the imposition of monetary civil penalties. In addition, engaging individuals knowing that they are ineligible to work may subject the employer to monetary civil penalties.
(c) The secretary shall treat and maintain any criminal background search information obtained under this article as confidential. The secretary shall limit the use of records solely to the purposes authorized in this article. The criminal history record information in the custody of the secretary is not subject to subpoena, other than one issued in a criminal action or investigation; is confidential by law and privileged; and is not subject to discovery or admissible in evidence in any private civil action.

(d) The secretary, the department and its employees are immune from liability, civil or criminal, that might otherwise be incurred or imposed for good faith conduct in determining eligibility or granting variances permitted by this article.

ARTICLE 2D. CERTIFICATE OF NEED.

§16-2D-5. Powers and duties of state agency.

(a) The state agency shall administer the certificate of need program as provided by this article.

(b) The state agency is responsible for coordinating and developing the health planning research efforts of the state and for amending and modifying the state health plan which includes the certificate of need standards. The state agency shall review the state health plan, including the certificate of need standards and make any necessary amendments and modifications. The state agency shall also review the cost effectiveness of the certificate of need program. The state agency may form task forces to assist it in addressing these issues. The task forces shall be composed of representatives of consumers, business, providers, payers and state agencies.
(c) The state agency may seek advice and assistance of other persons, organizations and other state agencies in the performance of the state agency’s responsibilities under this article.

(d) For health services for which competition appropriately allocates supply consistent with the state health plan, the state agency shall, in the performance of its functions under this article, give priority, where appropriate to advance the purposes of quality assurance, cost effectiveness and access, to actions which would strengthen the effect of competition on the supply of the services.

(e) For health services for which competition does not or will not appropriately allocate supply consistent with the state health plan, the state agency shall, in the exercise of its functions under this article, take actions, where appropriate to advance the purposes of quality assurance, cost effectiveness and access and the other purposes of this article, to allocate the supply of the services.

(f) Notwithstanding the provisions of section seven of this article, the state agency may charge a fee for the filing of any application, the filing of any notice in lieu of an application, the filing of any exemption determination request or the filing of any request for a declaratory ruling. The fees charged may vary according to the type of matter involved, the type of health service or facility involved or the amount of capital expenditure involved: Provided, That any fee charged pursuant to this subsection may not exceed a dollar amount to be established by procedural rule. The state agency shall evaluate and amend any procedural rule promulgated prior to the amendments to this subsection made during the 2009 regular session of the Legislature. The fees charged shall be deposited into a special fund known as the Certificate of Need Program Fund to be expended for the purposes of this article.
(g) A hospital, nursing home or other health care facility may not add any intermediate care or skilled nursing beds to its current licensed bed complement. This prohibition also applies to the conversion of acute care or other types of beds to intermediate care or skilled nursing beds: Provided, That hospitals eligible under the provisions of section four-a of this article and subsection (i) of this section may convert acute care beds to skilled nursing beds in accordance with the provisions of these sections, upon approval by the state agency. Furthermore, a certificate of need may not be granted for the construction or addition of any intermediate care or skilled nursing beds except in the case of facilities designed to replace existing beds in unsafe existing facilities. A health care facility in receipt of a certificate of need for the construction or addition of intermediate care or skilled nursing beds which was approved prior to the effective date of this section shall incur an obligation for a capital expenditure within twelve months of the date of issuance of the certificate of need. Extensions may not be granted beyond the twelve-month period. The state agency shall establish a task force or utilize an existing task force to study the need for additional nursing facility beds in this state. The study shall include a review of the current moratorium on the development of nursing facility beds; the exemption for the conversion of acute care beds to skilled nursing facility beds; the development of a methodology to assess the need for additional nursing facility beds; and certification of new beds both by Medicare and Medicaid. The task force shall be composed of representatives of consumers, business, providers, payers and government agencies.

(h) No additional intermediate care facility for individuals with an intellectual disability (ICF/ ID) beds may be granted a certificate of need, except that prohibition does not apply to ICF/MR beds approved under the Kanawha County circuit court order of August 3, 1989, civil action number MISC-81-585.

(i) Notwithstanding the provisions of subsection (g) of this section and further notwithstanding the provisions of subsection (b), section three of this article, an existing acute care hospital may apply to the Health Care Authority for a certificate of need to convert acute care beds to skilled nursing beds: Provided, That the proposed skilled nursing beds are Medicare-certified only: Provided, however, That any hospital which converts acute care beds to Medicare-certified only skilled nursing beds shall not bill for any Medicaid reimbursement for any converted beds. In converting beds, the hospital shall convert a minimum of one acute care bed into one Medicare-certified only skilled nursing bed. The Health Care Authority may require a hospital to convert up to and including three acute care beds for each Medicare certified only skilled nursing bed: Provided further, That a hospital designated or provisionally designated by the state agency as a rural primary care hospital may convert up to thirty beds to a distinct-part nursing facility, including skilled nursing beds and intermediate care beds, on a one-for-one basis if the rural primary care hospital is located in a county without a certified freestanding nursing facility and the hospital may bill for Medicaid reimbursement for the converted beds: And provided further, That if the hospital rejects the designation as a rural primary care hospital, then the hospital may not bill for Medicaid reimbursement. The Health Care Authority shall adopt rules to implement this subsection which require that:

(1) All acute care beds converted shall be permanently deleted from the hospital’s acute care bed complement and the hospital may not thereafter add, by conversion or otherwise, acute care beds to its bed complement without satisfying the requirements of subsection (b), section three of this article for which purposes an addition, whether by conversion or otherwise, shall be considered a substantial change to the bed capacity of
the hospital notwithstanding the definition of that term found in subsection (ff), section two of this article.

(2) The hospital shall meet all federal and state licensing certification and operational requirements applicable to nursing homes including a requirement that all skilled care beds created under this subsection shall be located in distinct-part, long-term care units.

(3) The hospital shall demonstrate a need for the project.

(4) The hospital shall use existing space for the Medicare-certified only skilled nursing beds. Under no circumstances shall the hospital construct, lease or acquire additional space for purposes of this section.

(5) The hospital shall notify the acute care patient, prior to discharge, of facilities with skilled nursing beds which are located in or near the patient’s county of residence. Nothing in this subsection negatively affects the rights of inspection and certification which are otherwise required by federal law or regulations or by this code or duly adopted rules of an authorized state entity.

(j) (1) Notwithstanding the provisions of subsection (g) of this section, a retirement life care center with no skilled nursing beds may apply to the Health Care Authority for a certificate of need for up to sixty skilled nursing beds provided the proposed skilled beds are Medicare-certified only. On a statewide basis, a maximum of one hundred eighty skilled beds which are Medicare-certified only may be developed pursuant to this subsection. The state health plan is not applicable to projects submitted under this subsection. The Health Care Authority shall adopt rules to implement this subsection which shall include a requirement that:
(A) The one hundred eighty beds are to be distributed on a statewide basis;

(B) There be a minimum of twenty beds and a maximum of sixty beds in each approved unit;

(C) The unit developed by the retirement life care center meets all federal and state licensing certification and operational requirements applicable to nursing homes;

(D) The retirement center demonstrates a need for the project;

(E) The retirement center offers personal care, home health services and other lower levels of care to its residents; and

(F) The retirement center demonstrates both short- and long-term financial feasibility.

(2) Nothing in this subsection negatively affects the rights of inspection and certification which are otherwise required by federal law or regulations or by this code or duly adopted rules of an authorized state entity.

(k) The state agency may order a moratorium upon the offering or development of a new institutional health service when criteria and guidelines for evaluating the need for the new institutional health service have not yet been adopted or are obsolete. The state agency may also order a moratorium on the offering or development of a health service, notwithstanding the provisions of subdivision (5), subsection (b), section three of this article, when it determines that the proliferation of the service may cause an adverse impact on the cost of health care or the health status of the public. A moratorium shall be declared by a written order which shall detail the circumstances requiring the moratorium. Upon the adoption of criteria for evaluating the need for the health service affected by the moratorium, or one
hundred eighty days from the declaration of a moratorium, whichever is less, the moratorium shall be declared to be over and applications for certificates of need are processed pursuant to section six of this article: Provided, That the state agency may not order a moratorium upon the offering or development of skilled nursing facilities providing services for the treatment of children under one year of age suffering from Neonatal Abstinence Syndrome.

(l) (1) The state agency shall coordinate the collection of information needed to allow the state agency to develop recommended modifications to certificate of need standards as required in this article. When the state agency proposes amendments or modifications to the certificate of need standards, it shall file with the Secretary of State, for publication in the State Register, a notice of proposed action, including the text of all proposed amendments and modifications, and a date, time and place for receipt of general public comment. To comply with the public comment requirement of this section, the state agency may hold a public hearing or schedule a public comment period for the receipt of written statements or documents.

(2) When amending and modifying the certificate of need standards, the state agency shall identify relevant criteria contained in section six of this article or rules adopted pursuant to section eight of this article and apply those relevant criteria to the proposed new institutional health service in a manner that promotes the public policy goals and legislative findings contained in section one of this article. In doing so, the state agency may consult with or rely upon learned treatises in health planning, recommendations and practices of other health planning agencies and organizations, recommendations from consumers, recommendations from health care providers, recommendations from third-party payors, materials reflecting the standard of care, the state agency’s own developed expertise in health planning, data accumulated by the state agency or other
local, state or federal agency or organization and any other
source deemed relevant to the certificate of need standards
proposed for amendment or modification.

(3) All proposed amendments and modifications to the
certificate of need standards, with a record of the public hearing
or written statements and documents received pursuant to a
public comment period, shall be presented to the Governor.
Within thirty days of receiving the proposed amendments or
modifications, the Governor shall either approve or disapprove
all or part of the amendments and modifications and, for any
portion of amendments or modifications not approved, shall
specify the reason or reasons for nonapproval. Any portions of
the amendments or modifications not approved by the Governor
may be revised and resubmitted.

(4) The certificate of need standards adopted pursuant to this
section which are applicable to the provisions of this article are
not subject to article three, chapter twenty-nine-a of this code.
The state agency shall follow the provisions set forth in this
subsection for giving notice to the public of its actions, holding
hearings or receiving comments on the certificate of need
standards. The certificate of need standards in effect on
November 29, 2005, and all prior versions promulgated and
adopted in accordance with the provisions of this section are and
have been in full force and effect from each of their respective
dates of approval by the Governor.

(m) The state agency may exempt from or expedite rate
review, certificate of need and annual assessment requirements
and issue grants and loans to financially vulnerable health care
facilities located in underserved areas that the state agency and
the Office of Community and Rural Health Services determine
are collaborating with other providers in the service area to
provide cost effective health care services.
§16-2D-5f. Exception for facilities treating infants with Neonatal Abstinence Syndrome.

(a) Notwithstanding any other provision of this code, the establishment or offering of a skilled nursing facility providing skilled nursing services for children under one year of age suffering from Neonatal Abstinence Syndrome shall be exempt from the nursing home bed moratorium pursuant to subsection (g), section five of this article and any other moratoriums contained in this code or ordered by the state agency.

(b) Any facility or services developed and offered pursuant to this section shall be subject to all certificate of need laws and rules as they pertain to any transactions subsequent to the development and commencement of operation of such skilled nursing facility.

ARTICLE 2N. NEONATAL ABSTINENCE CENTERS.

§16-2N-1. Neonatal Abstinence Centers authorized; licensure required.

Neonatal abstinence centers are a distinct type of medical facility, providing unique medical services in the state. §16-2N-3. Certificate of need; exemption from moratorium.

1 Notwithstanding any other provision of this code, the Health

§16-3-4. Compulsory immunization of school children; information disseminated; offenses; penalties.

(a) Whenever a resident birth occurs, the commissioner shall promptly provide parents of the newborn child with information on immunizations mandated by this state or required for
admission to a public, private and parochial school in this state
or a state-regulated child care center.

(b) Except as hereinafter provided, a child entering school or
a state-regulated child care center in this state must be
immunized against chickenpox, hepatitis-b, measles, meningitis,
mumps, diphtheria, polio, rubella, tetanus and whooping cough.

(c) No child or person may be admitted or received in any of
the schools of the state or a state-regulated child care center until
he or she has been immunized against chickenpox, hepatitis-b,
measles, meningitis, mumps, diphtheria, polio, rubella, tetanus
and whooping cough or produces a certificate from the
commissioner granting the child or person an exemption from
the compulsory immunization requirements of this section.

(d) Any school or state-regulated child care center personnel
having information concerning any person who attempts to be
enrolled in a school or state-regulated child care center without
having been immunized against chickenpox, hepatitis-b,
measles, meningitis, mumps, diphtheria, polio, rubella, tetanus
and whooping cough shall report the names of all such persons
to the commissioner.

(e) Persons may be provisionally enrolled under minimum
criteria established by the commissioner so that the person’s
immunization may be completed while missing a minimum
amount of school. No person shall be allowed to enter school
without at least one dose of each required vaccine.

(f) County health departments shall furnish the biologicals
for this immunization for children of parents or guardians who
attest that they cannot afford or otherwise access vaccines
elsewhere.

(1) A request for an exemption to the compulsory immunization requirements of this section must be accompanied by the certification of a licensed physician stating that the physical condition of the child is such that immunization is contraindicated or there exists a specific precaution to a particular vaccine.

(2) The commissioner is authorized to appoint and employ an Immunization Officer to make determinations on request for an exemption to the compulsory immunization requirements of this section, on a statewide basis, and delegate to the Immunization Officer the authority granted to the commissioner by this subsection.

§16-3-5. Distribution of free vaccine preventives of disease.

(a) Declaration of legislative findings and purpose. — The Legislature finds and declares that early immunization for preventable diseases represents one of the most cost-effective means of disease prevention. The savings which can be realized from immunization, compared to the cost of health care necessary to treat the illness and lost productivity, are substantial. Immunization of children at an early age serves as a preventive measure both in time and money and is essential to maintain our children’s health and well-being. The costs of childhood immunizations should not be allowed to preclude the benefits available from a comprehensive, medically supervised child immunization service.

(b) The Commissioner of the Bureau for Public Health shall acquire vaccine for the prevention of polio, measles, meningitis, mumps, rubella, chickenpox, diphtheria, pertussis, tetanus, hepatitis-b, haemophilus influenzae-b and other vaccine preventable diseases as considered necessary or required by law and shall distribute the same, free of charge, in quantities he or she considers necessary, to public and private providers, to be used by them for the benefit of citizens to check contagions and control epidemics.

(c) The Commissioner of the Bureau for Public Health, through the immunization program, has the responsibility to
ensure the distribution, free of charge, of federally supplied vaccines to public and private providers to be used to check contagions and control epidemics: Provided, That the public and private providers may not make a charge for the vaccine itself when administering it to a patient. The Commissioner of the Bureau for Public Health, through the immunization program, shall keep an accurate record of any vaccine delivered as provided in this section.

(d) The commissioner is charged with establishing an Immunization Advisory Committee. The advisory committee is to make recommendations on the distribution of vaccines acquired pursuant to this section, advise the secretary on the changing needs and opportunities for immunization from known diseases for all persons across their life span and track immunization compliance in accordance with federal and state laws. Members of the Immunization Advisory Committee shall be designated and appointed by the commissioner no later than July 1, 2015. (2) If the patient is unconscious or otherwise incapacitated upon admission to the hospital, the hospital shall provide the patient’s legal guardian with an opportunity to designate a lay caregiver following the patient’s recovery of consciousness or capacity, so long as the designation or lack of a designation does not interfere with, delay or otherwise affect the medical care provided to the patient.

(3) If the patient or the patient’s legal guardian declines to designate a lay caregiver under this article, the hospital shall promptly document that in the patient’s medical record, and the hospital is considered to have complied with the provisions of this article.

If a patient has designated a lay caregiver, a hospital shall notify the patient’s designated lay caregiver of the patient’s discharge to the patient’s residence as soon as possible. CHAPTER 16. PUBLIC HEALTH.

ARTICLE 46. ACCESS TO OPIOID ANTAGONISTS ACT.

§16-46-1. Purpose and findings.

(a) The purpose of this article is to prevent deaths in circumstances involving individuals who have overdosed on opiates.

(b) The Legislature finds that permitting licensed health care providers to prescribe opioid antagonists to initial responders as well as individuals at risk of experiencing an overdose, their relatives, friends or caregivers may prevent accidental deaths as a result of opiate-related overdoses.

As used in this article:

1. “Initial responder” means emergency medical service personnel, as defined in subdivision (g), section three, article four-c of this chapter, including, but not limited to, a member of the West Virginia State Police, a sheriff, a deputy sheriff, a municipal police officer, a volunteer or paid firefighter and any other person acting under color of law who responds to emergencies.

2. “Licensed health care provider” means a person, partnership, corporation, professional limited liability company, health care facility or institution licensed by or certified in this state to provide health care or professional health care services. This includes, but is not limited to, medical physicians, allopathic and osteopathic physicians, pharmacists, physician assistants or osteopathic physician assistants who hold a certificate to prescribe drugs, advanced nurse practitioners who hold a certificate to prescribe drugs, hospitals, emergency service agencies and others as allowed by law to prescribed drugs.
(3) “Opiates” or “opioid drugs” means drugs that are members of the natural and synthetic opium family, including, but not limited to, heroin, morphine, codeine, methadone, oxycodone, hydrocodone, fentanyl and hydromorphone.

(4) “Opioid antagonist” means a federal Food and Drug Administration-approved drug for the treatment of an opiate-related overdose, such as naloxone hydrochloride or other substance, that, when administered, negates or neutralizes, in whole or in part, the pharmacological effects of an opioid in the body.

(5) “Opioid overdose prevention and treatment training program” or “program” means any program operated or approved by the Office of Emergency Medical Services as set forth in rules promulgated pursuant to this article.

(6) “Overdose” means an acute condition, including, but not limited to, life-threatening physical illness, coma, mania, hysteria or death, which is the result of the consumption or use of opioid drugs.

(7) “Standing order” means a written document containing rules, policies, procedures, regulations and orders for the conduct of patient care, including the condition being treated, the action to be taken and the dosage and route of administration for the drug prescribed.

§16-46-3. Licensed health care providers may prescribe opioid antagonists to initial responders and certain individuals; required educational materials; limited liability.

(a) All licensed health care providers in the course of their professional practice may offer to initial responders a
prescription for opioid antagonists, including a standing order, to be used during the course of their professional duties as initial responders.

(b) All licensed health care providers in the course of their professional practice may offer to a person considered by the licensed health care provider to be at risk of experiencing an opiate-related overdose, or to a relative, friend, caregiver or person in a position to assist a person at risk of experiencing an opiate-related overdose, a prescription for an opioid antagonist.

(c) All licensed health care providers who prescribe an opioid antagonist under this section shall provide educational materials to any person or entity receiving such a prescription on opiate-related overdose prevention and treatment programs, as well as materials on administering the prescribed opioid antagonist.

(d) Any person who possesses an opioid antagonist and administers it to a person whom they believe to be suffering from an opioid-related overdose and who is acting in good faith is not, as a result of his or her actions or omissions, subject to criminal prosecution arising from the possession of an opioid antagonist or subject to any civil liability with respect to the administration of or failure to administer the opioid antagonist unless the act or failure to act was the result of gross negligence or willful misconduct.

(e) Any person who administers an opioid antagonist to a person whom they believe to be suffering from an opioid-related overdose is required to seek additional medical treatment at a medical facility for that person immediately following the administration of the opioid antagonist to avoid further complications as a result of suspected opioid-related overdose.
§16-46-4. Possession and administration of an opioid antagonist by an initial responder; limited liability.

(a) An initial responder who is not otherwise authorized to administer opioid antagonists may possess opioid antagonists in the course of his or her professional duties as an initial responder and administer an opioid antagonist in an emergency situation if:

1. The initial responder has successfully completed the training required by subsection (b), section six of this article; and

2. The administration thereof is done after consultation with medical command, as defined in subdivision (k), section three, article four-c of this chapter: Provided, That an initial responder may administer an opioid antagonist without consulting medical command if he or she is unable to so consult due to an inability to contact medical command because of circumstances outside the control of the initial responder or if there is insufficient time for the consultation based upon the emergency conditions presented.

(b) An initial responder who meets the requirements of subsection (a) of this section, acting in good faith, is not, as a result of his or her actions or omissions, subject to civil liability or criminal prosecution arising from or relating to the administration of the opioid antagonist unless the actions or omissions were the result of the initial responder’s gross negligence or willful misconduct.

§16-46-5. Licensed health care providers’ limited liability related to opioid antagonist prescriptions.

(a) A licensed health care provider who is permitted by law to prescribe drugs, including opioid antagonists, may, if acting in good faith, prescribe and subsequently dispense or distribute an opioid antagonist without being subject to civil liability or criminal prosecution unless prescribing the opioid antagonist
was the result of the licensed health care provider’s gross negligence or willful misconduct.

(b) For purposes of this chapter and chapter sixty-a, any prescription written, as described in section three of this article, shall be presumed as being issued for a legitimate medical purpose in the usual course of professional practice unless the presumption is rebutted by a preponderance of the evidence.

§16-46-6. Data collection and reporting requirements; training.

(a) Beginning March 1, 2016, and annually thereafter the following reports shall be compiled:

(1) The Office of Emergency Medical Services shall collect data regarding each administration of an opioid antagonist by an initial responder. The Office of Emergency Medical Services shall report this information to the Legislative Oversight Commission on Health and Human Resources Accountability and the West Virginia Bureau for Behavioral Health and Health Facilities. (3) The West Virginia Board of Pharmacy shall compile all data described in subdivision (2) of this section and any additional data maintained by the Board of Pharmacy related to prescriptions of opioid antagonists. By March 1 and annually thereafter, the Board of Pharmacy shall provide a report of this information to the Legislative Oversight Commission on Health and Human Resources Accountability and the West Virginia Bureau for Behavioral Health and Health Facilities.

CHAPTER 128

(Com. Sub. for S. B. 523 - By Senators Cole (Mr. President)

[Passed March 14, 2015; in effect ninety days from passage.]
[Approved by the Governor on April 2, 2015.]
assistance may be raised as mitigating factor at sentencing in certain criminal proceedings; providing limited immunity does not preclude civil claims based on violations of exempted misdemeanor criminal statutes; providing option of limited immunity from prosecution; providing deferred prosecution, pretrial diversion, adjudication in drug court and other clemency options for the court to consider for persons who experienced drug or alcohol overdose for whom emergency medical assistance was sought; allowing persons to plead guilty to certain exempted criminal offenses if desired; and providing law-enforcement personnel limited civil immunity in arresting or issuing citations, except in cases of willful, wanton and reckless misconduct.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §16-47-1, §16-47-2, §16-47-3, §16-47-4, §16-47-5 and §16-47-6, all to read as follows:

ARTICLE 47. ALCOHOL AND DRUG OVERDOSE PREVENTION AND CLEMENCY ACT.

§16-47-1. Short title.

This article is known as and may be cited as the Alcohol and Drug Overdose Prevention and Clemency Act.

§16-47-2. Legislative findings.

(a) West Virginia currently has the highest drug overdose mortality rate in the United States. Since 1999, the number of drug overdose deaths in West Virginia has increased by over six hundred percent. Similarly, the age-adjusted death rate from alcohol-related overdoses has significantly increased in West Virginia, and throughout the United States, in the past ten years.
(b) The Legislature finds it is in the public interest to encourage citizens to intervene in drug and alcohol overdose situations by seeking potentially life-saving emergency medical assistance for others without fear of being subject to certain criminal penalties.

§16-47-3. Definitions.

As used in this article:

The system should maximize the recruitment, motivation and retention of highly qualified employees, ensure satisfaction and engagement of employees with their jobs, ensure job performance and achieve desired results.

(e) It is further the intent of the Legislature to encourage strongly that each organization dedicate a portion of future tuition increases to fund the classified salary schedule, and after full funding of the salary schedule is achieved, to move toward meeting salary goals for faculty, classified and nonclassified employees.

establish the classification and compensation system for certain
employees of higher education organizations and apply
recognized best human resources practices in order to use
available resources in the most effective and efficient manner for
the benefit of the citizens of West Virginia.

(b) In furtherance of the principles described in subsection
(a) of this section, the chief purposes of the classified

not limited to, mandating training and development in best
human resources practices and directing that key terms, job titles
and evaluation forms are consistent across organizations.

regular compensation analyses are performed to determine how
organization compensation for all classes of employees
compares to compensation in relevant external markets.

this chapter, the following words have the meanings ascribed to
them unless the context clearly indicates a different meaning:

Until the commission or council, as appropriate, has certified that an organization has achieved full funding of the temporary classified employee annual salary schedule or is making appropriate progress toward attaining full funding as defined by section three, article nine of this chapter, the organization is subject to article nine of this chapter and may not exercise flexibility provisions in any area of human resources identified in this chapter or in commission and council rule. Flexibility provisions include paying classified employees in excess of the salary established for their pay grade and years of experience indicated on the temporary classified employee annual salary schedule established by section three, article nine of this chapter. Additional flexibility provisions, such as the ability to modify the classified salary schedule at the organization level are identified and governed in section four, article nine of this chapter.

§18B-9A-5a. Restriction on duties of job classification committee and compensation planning and review committee.

The commission and council may not delegate any of the following duties to the Compensation Planning and Review Committee or the Job Classification Committee:

(1) Approval of a classification and compensation rule;

(2) Approval of the job evaluation plan; and

(3) Approval of the annual classified salary schedule.

Based on data collected, the commission and council jointly, in consultation with the Compensation Planning and Review Committee, shall adjust the classified salary schedule if changes are supported by the data.

(f) Annually, the commission and council may approve a minimum salary amount that sets forth a compensation level for each pay grade below which no organization employee may be paid.

(1) The minimum salary amount for each pay grade on the classified salary schedule is determined by applying a percentage determined after analysis of the market and existing compensation levels to the annual market salary data. The commission and council may take into consideration other factors they consider appropriate.

(2) The salary of an employee working fewer than thirty-seven and one-half hours per week shall be prorated.

(1) Organization accountability. —

The commission and council shall propose a joint system rule that provides a procedure for correcting deficiencies identified in the human resources reviews conducted pursuant to section nine, article seven of this chapter. The procedure shall include, but is not limited to, the following components:

(A) Specifying a reasonable time for organizations to correct deficiencies uncovered by a review;

(B) Applying sanctions when major deficiencies are not corrected within the allotted time:

(ii) When a major deficiency is identified, the commission or council, as appropriate, shall notify the governing board of the institution in writing, giving particulars of the deficiency and outlining steps the governing board is required to take to correct the deficiency.
(iii) The governing board shall correct the major deficiency within four months or longer provided the length of time is agreed upon by the governing board and the commission or council as applicable, and shall notify the commission or council, as appropriate, when the deficiency has been corrected.

(iv) If the governing boards fail to correct the major deficiency or fail to notify the commission or council, as appropriate, that the deficiency has been corrected within the agreed upon period, the commission or council shall apply sanctions.

Sanctions may include, but are not limited to, suspending new hiring by the organization and prohibiting compensation increases for key administrators who have authority over the areas of major deficiency until the identified deficiencies are corrected.

(2) **Classified employee classification and compensation.** — The classified employee classification and compensation system rule shall establish a classification and compensation system to accomplish the following objectives:

(A) Allowing for performance and other objective, measurable factors such as technical expertise, education, years of experience in higher education and experience above position requirements to be considered in compensation decisions;

(B) Achieving and maintaining appropriate levels of employee dispersion through a pay range;

(C) The rule shall provide that the salary of a current employee may not be reduced by a job reclassification, a modification of the market salary schedule or other conditions that the commission and the council consider appropriate and reasonable;

(E) Establishing an objective standard to be used in determining when a job description or a position description is up-to-date;

(F) Providing a procedure whereby a classified employee or a supervisor who believes that changes in the job duties and responsibilities of the employee justify a position review may request that a review be done at any time;

(G) Specifying that the acceptable period that may elapse between the time when an employee files a formal request for a position review and the time when the review is completed may not exceed forty-five days. An organization that fails to complete a review within the specified time shall provide the employee back pay from the date the request for review was received if the review, when completed, produces a reclassification of the position into a job in a higher pay grade;

(H) Providing a procedure by which employees may file appeals of job classification decisions for review by the Job Classification Committee prior to filing a formal grievance. The committee shall render a decision within sixty days of the date the appeal is filed with the commission or the council;

(I) Providing for recommendations from the Compensation Planning and Review Committee and the Job Classification Committee to be considered by the commission and the council and to be included in the legislative reporting process pursuant to section eight, article seven of this chapter; and

(J) Establishing and maintaining the job classification committee mandated in section four of this article.
(3) Performance evaluations. — The system rule shall provide for developing and implementing a consistent, objective performance evaluation model and shall mandate that training in conducting performance evaluations be provided for all organization personnel who hold supervisory positions.

(c) Organization rules. —

(1) Each organization shall promulgate and adopt a rule or rules in accordance with the provisions of section six, article one of this chapter to implement requirements contained in the classification and compensation system rule or rules of the commission and council. The commission and council shall provide a model personnel rule for the organizations under their jurisdiction and shall provide technical assistance in rulemaking as requested.

(2) The initial organization rule shall be adopted not later than six months following the date on which the commission and council receive approval to implement the emergency rule promulgated pursuant to this section. Additionally, each organization shall amend its rule to comply with mandated changes not later than six months after the effective date of any change in statute or rules, unless a different compliance date is specified within the statute or rule containing the requirements or mandate.

(3) An organization may not adopt a rule under this section until it has consulted with the appropriate employee class affected by the rule’s provisions.

(4) If an organization fails to adopt a rule or rules as mandated by this subsection, the commission and council may prohibit it from exercising any flexibility or implementing any discretionary provision relating to human resources contained in statute or in a commission or council rule until the organization’s rule requirements have been met.
(5) Additional flexibility or areas of operational discretion identified in the system rule or rules may be exercised only by an organization which meets the following requirements:

Each chancellor may reject or disapprove any rule, in whole or in part, if he or she determines that it is not in compliance with law or rule or if it is inconsistent with legislative, commission and council intent.

CHAPTER 137

(S. B. 295 - By Senators Ferns and Trump)

[Passed March 14, 2015; in effect ninety days from passage.] [Approved by the Governor on April 1, 2015.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §9-2-13, relating to judicial review of decisions of the West Virginia Department of
Health and Human Resources Board of Review and the Bureau for Medical Services affecting applicants, recipients or providers of state or federal assistance programs.

*Be it enacted by the Legislature of West Virginia:*

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §9-2-13, to read as follows:

**ARTICLE 2. COMMISSIONER OF HUMAN SERVICES; POWERS, DUTIES AND RESPONSIBILITIES GENERALLY.**

(a) For purposes of this section:

(1) “Agency” means the Board of Review or the Bureau for Medical Services, as the case may be, that has been named as a party to any proceeding on appeal made pursuant to the provisions of this section.

(2) “Board of Review” or “Board” means the West Virginia Department of Health and Human Resources Board of Review operating pursuant to the provisions of subdivision (13), section six of this article.

(3) “Bureau” means the Department of Health and Human Resources’ Bureau for Medical Services which is the single state agency for Medicaid services in West Virginia.

(b) The board shall provide a fair, impartial and expeditious grievance and appeal process to applicants or recipients of state assistance, federal assistance, federal-state assistance or welfare assistance, as defined in article one of this chapter. The bureau shall provide a fair, impartial and expeditious grievance and appeal process to providers of Medicaid services.
(c) Any party adversely affected or aggrieved by a final decision or order of the agency may seek judicial review of that decision.

(d) Proceedings for review shall be instituted by filing a petition, at the election of the petitioner, in either the circuit court of Kanawha County, West Virginia, or in the circuit court of the county in which the petitioner or any one of the petitioners resides or does business, or with the judge thereof in vacation, within thirty days after the date upon which such party received notice of the final order or decision of the agency. A copy of the petition shall be served upon the agency and all other parties of record by registered or certified mail. The petition shall state whether the appeal is taken on questions of law or questions of fact, not both. No appeal bond is required to effect any such appeal.

(e) The filing of the petition for appeal does not stay or supersede enforcement of the final decision or order of the agency. The agency may voluntarily stay such enforcement and the appellant, at any time after the filing of the petition for appeal, may apply to the circuit court of Kanawha County, or in the circuit court of the county in which the petitioner or any one of the petitioners resides or does business, for a stay of or to supersede the final decision or order. Pending the appeal, the circuit court may grant a stay or supersede the order upon such terms as it considers proper.

(f) Within fifteen days after receipt of a copy of the petition by the agency, or within such further time as the court may allow, the agency shall prepare and transmit to the circuit court of Kanawha County, or in the circuit court of the county in which the petitioner or any one of the petitioners resides or does business, the original or a certified copy of the entire record of the proceeding under review: Provided, That all records prepared and transmitted that involve a minor shall be filed under seal.
This shall include a transcript of all reported testimony and all exhibits, papers, motions, documents, evidence, records, agency staff memoranda and data used in consideration of the case, all briefs, memoranda, papers and records considered by the agency in the underlying proceeding and a statement of matters officially noted. By stipulation of the parties, the record may be shortened. In the event the complete record is not filed with the court within the time provided for in this section, the appellant may apply to the court to have the case docketed and the court shall order the agency to file the record.

(g) The cost of preparing the official record shall be assessed as part of the costs of the appeal. The appellant shall provide security for costs satisfactory to the court. Any party unreasonably refusing to stipulate to limit the record may be assessed by the court for the additional costs involved. Upon demand by any party to the appeal, the agency shall furnish, at cost to the requesting party, a copy of the official record.

(h) The court shall hear appeals upon assignments of error filed in the petition or set out in the briefs filed by the parties. The court, it its discretion, may disregard errors not argued by brief or may consider errors that are not assigned or argued. The court shall fix a date and time for the hearing on the petition. Unless otherwise agreed by the parties, the court shall not schedule the hearing sooner than ten days after the filing of the petition for appeal. The petitioner shall provide notice of the date and time of the hearing to the agency.

(i) In cases involving alleged irregularities in procedure before the agency that are not shown in the record, the court may take additional testimony. Otherwise, the circuit court shall review the appeal without a jury and may only consider the official record provided pursuant to the requirements of this section. The court may hear oral arguments and require written briefs.
(j) The court may affirm the final decision or order of the agency or remand the matter for further proceedings. The court may reverse, vacate or modify the final decision or order of the agency only if the substantial rights of the petitioner have been prejudiced because the administrative findings, inferences, conclusions, decision or order are:

(1) In violation of constitutional or statutory provisions;
(2) In excess of the statutory authority or jurisdiction of the agency;
(3) Made upon unlawful procedures;
(4) Affected by other error of law;
(5) Clearly wrong in view of the reliable, probative and substantial evidence on the whole record; or
(6) Arbitrary or capricious or characterized by an abuse of discretion or clearly unwarranted exercise of discretion.

(k) The judgment of the circuit court is final unless reversed, vacated or modified on appeal to the West Virginia Supreme Court of Appeals.

(l) The process established by this section is the exclusive remedy for judicial review of final decisions of the Board of Review and the Bureau for Medical Services.
Be it enacted by the Legislature of West Virginia:

That §9-9-11 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 9. WEST VIRGINIA WORKS PROGRAM.

1 (a) The department may terminate cash assistance benefits to an at-risk family if it finds any of the following:
(1) Fraud or deception by the beneficiary in applying for or receiving program benefits;

(2) A substantial breach by the beneficiary of the requirements and obligations set forth in the personal responsibility contract and any amendments or addenda to the contract; or

(3) A violation by the beneficiary of any provision of the personal responsibility contract or any amendments or addenda to the contract, this article, or any rule or policy promulgated by the secretary pursuant to this article.

(b) In the event the department determines that benefits received by the beneficiary are subject to reduction or termination, written notice of the reduction or termination and the reason for the reduction or termination shall be deposited in the United States mail, postage prepaid and addressed to the beneficiary at his or her last-known address at least thirteen days prior to the termination or reduction. The notice shall state the action being taken by the department and grant to the beneficiary a reasonable opportunity to be heard at a fair and impartial hearing before the department in accordance with administrative procedures established by the department and due process of law.

(c) In any hearing conducted pursuant to the provisions of this section, the beneficiary has the burden of proving that his or her benefits were improperly reduced or terminated and shall bear his or her own costs, including attorneys’ fees.

(d) The secretary shall promulgate emergency rules and propose for legislative promulgation legislative rules, pursuant to article three, chapter twenty-nine-a of this code, setting forth the schedule of sanctions to be imposed when a beneficiary has violated any provision of this article, of his or her personal responsibility contract or any amendment or addendum to the
contract, or any applicable department rule. In developing these
rules, the secretary is directed to make those sanctions graduated
and sufficiently stringent, when compared to those of contiguous
states, so as to discourage persons from moving from such states
to this state to take advantage of lesser sanctions being imposed
for the same or similar violations by the secretary. The secretary
shall also promulgate legislative rules setting forth what
constitutes de minimis violations and those violations subject to
sanctions and maximum penalties.

(e) The department shall provide an annual report regarding
the sanctions relating to the Temporary Assistance to Needy
Families program, including their relative stringency when
compared to those of contiguous states, frequency of imposition
and the overall success of those sanctions at deterring individuals
from taking advantage of the Temporary Assistance to Needy
Families program and accomplishing the overall purposes of the
program, to the Legislative Oversight Commission on Health
and Human Resources Accountability on January 1 of each year.
Copies of that report shall also be furnished to the President of
the Senate and Speaker of the House.

(2) When, subject to such limit of $20,000 because of bodily injury to or death of one person, the sum of $40,000 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(3) When $10,000 has been credited upon any judgment or judgments rendered in excess of that amount because of injury
to or destruction of property of others as a result of any one accident.

(b) Notwithstanding the provisions of subsection (a) of this section, judgments herein referred to that are rendered upon a cause of action that arose on or after January 1, 2016, for the purpose of this chapter only, are deemed satisfied:

(1) When $25,000 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or

(2) When, subject to such limit of $25,000 because of bodily injury to or death of one person, the sum of $50,000 has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(c) Payments made in settlement of any claims because of bodily injury, death or property damage arising from such accident shall be credited in reduction of the amounts provided for in this section.

§17D-4-12. “Motor vehicle liability policy” defined; scope and provisions of policy.

(a) A “motor vehicle liability policy” as the term is used in this chapter means an “owner’s policy” or an “operator’s policy” of liability insurance certified as provided in section ten or section eleven of this article as proof of financial responsibility, and issued, except as otherwise provided in section eleven, by an
insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(b) Such owner’s policy of liability insurance:

(1) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is thereby to be granted; and

(2) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, operation, maintenance or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle, in the amounts required in section two of this article.

(c) Such operator’s policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him or her by law for damages arising out of the use by him or her of any motor vehicle not owned by him or her, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner’s policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.
(e) Such motor vehicle liability policy need not insure any liability under any workers’ compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy is subject to the following provisions which need not be contained therein:

(1) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; the policy may not be canceled or annulled as to such liability by an agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his or her behalf and no violation of the policy defeats or voids the policy.

(2) The satisfaction by the insured of a judgment for such injury or damage is not a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(3) The insurance carrier may settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in subdivision (2), subsection (b) of this section.

(4) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter constitutes the entire contract between parties.
(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage is not subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage, the term “motor vehicle liability policy” applies only to that part of the coverage which is required by this section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

(k) Any binder issued pending the issuance of a motor vehicle policy fulfills the requirements for such a policy.

CHAPTER 33. INSURANCE.

ARTICLE 6. THE INSURANCE POLICY.

§33-6-31. Motor vehicle policy; omnibus clause; uninsured and underinsured motorists’ coverage; conditions for recovery under endorsement; rights and liabilities of insurer.

(a) No policy or contract of bodily injury liability insurance, or of property damage liability insurance, covering liability arising from the ownership, maintenance or use of any motor
vehicle, may be issued or delivered in this state to the owner of such vehicle, or may be issued or delivered by any insurer licensed in this state upon any motor vehicle for which a certificate of title has been issued by the Division of Motor Vehicles of this state, unless it contains a provision insuring the named insured and any other person, except a bailee for hire and any persons specifically excluded by any restrictive endorsement attached to the policy, responsible for the use of or using the motor vehicle with the consent, expressed or implied, of the named insured or his or her spouse against liability for death or bodily injury sustained or loss or damage occasioned within the coverage of the policy or contract as a result of negligence in the operation or use of such vehicle by the named insured or by such person: Provided, That in any such automobile liability insurance policy or contract, or endorsement thereto, if coverage resulting from the use of a nonowned automobile is conditioned upon the consent of the owner of such motor vehicle, the word “owner” shall be construed to include the custodian of such nonowned motor vehicles. Notwithstanding any other provision of this code, if the owner of a policy receives a notice of cancellation pursuant to article six-a of this chapter and the reason for the cancellation is a violation of law by a person insured under the policy, said owner may by restrictive endorsement specifically exclude the person who violated the law and the restrictive endorsement shall be effective in regard to the total liability coverage provided under the policy, including coverage provided pursuant to the mandatory liability requirements of section two, article four, chapter seventeen-d of this code, but nothing in such restrictive endorsement may be construed to abrogate the “family purpose doctrine”.

(b) Nor may any such policy or contract be so issued or delivered unless it contains an endorsement or provisions undertaking to pay the insured all sums which he or she is legally entitled to recover as damages from the owner or operator of an uninsured motor vehicle, within limits which shall
be no less than the requirements of section two, article four, chapter seventeen-d of this code, as amended from time to time:

*Provided,* That such policy or contract shall provide an option to the insured with appropriately adjusted premiums to pay the insured all sums which he or she shall be legally entitled to recover as damages from the owner or operator of an uninsured motor vehicle up to an amount of $100,000 because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, in the amount of $300,000 because of bodily injury to or death of two or more persons in any one accident and in the amount of $50,000 because of injury to or destruction of property of others in any one accident: *Provided,* however, That such endorsement or provisions may exclude the first $300 of property damage resulting from the negligence of an uninsured motorist: *Provided further,* That such policy or contract shall provide an option to the insured with appropriately adjusted premiums to pay the insured all sums which he or she is legally entitled to recover as damages from the owner or operator of an uninsured or underinsured motor vehicle up to an amount not less than limits of bodily injury liability insurance and property damage liability insurance purchased by the insured without set off against the insured’s policy or any other policy. Regardless of whether motor vehicle coverage is offered and provided to an insured through a multiple vehicle insurance policy or contract, or in separate single vehicle insurance policies or contracts, no insurer or insurance company providing a bargained for discount for multiple motor vehicles with respect to underinsured motor vehicle coverage may be treated differently from any other insurer or insurance company utilizing a single insurance policy or contract for multiple covered vehicles for purposes of determining the total amount of coverage available to an insured. “Underinsured motor vehicle” means a motor vehicle with respect to the ownership, operation or use of which there is liability insurance applicable at the time of the accident, but the limits of that insurance are either: (i)
Less than limits the insured carried for underinsured motorists’ coverage; or (ii) has been reduced by payments to others injured in the accident to limits less than limits the insured carried for underinsured motorists’ coverage. No sums payable as a result of underinsured motorists’ coverage may be reduced by payments made under the insured’s policy or any other policy.

(c) As used in this section, the term “bodily injury” includes death resulting therefrom and the term “named insured” means the person named as such in the declarations of the policy or contract and also includes such person’s spouse if a resident of the same household and the term “insured” means the named insured and, while resident of the same household, the spouse of any such named insured and relatives of either, while in a motor vehicle or otherwise, and any person, except a bailee for hire, who uses, with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies or the personal representative of any of the above; and the term “uninsured motor vehicle” means a motor vehicle as to which there is no: (i) Bodily injury liability insurance and property damage liability insurance both in the amounts specified by section two, article four, chapter seventeen-d of this code, as amended from time to time; (ii) there is such insurance, but the insurance company writing the same denies coverage thereunder; or (iii) there is no certificate of self-insurance issued in accordance with the provisions of said section. A motor vehicle shall be deemed to be uninsured if the owner or operator thereof be unknown: Provided, That recovery under the endorsement or provisions is subject to the conditions hereinafter set forth.

(d) Any insured intending to rely on the coverage required by subsection (b) of this section shall, if any action be instituted against the owner or operator of an uninsured or underinsured motor vehicle, cause a copy of the summons and a copy of the complaint to be served upon the insurance company issuing the policy, in the manner prescribed by law, as though such
insurance company were a named party defendant; such company shall thereafter have the right to file pleadings and to take other action allowable by law in the name of the owner, or operator, or both, of the uninsured or underinsured motor vehicle or in its own name.

Nothing in this subsection prevents such owner or operator from employing counsel of his or her own choice and taking any action in his or her own interest in connection with such proceeding.

(e) If the owner or operator of any motor vehicle which causes bodily injury or property damage to the insured is unknown, the insured, or someone in his or her behalf, in order for the insured to recover under the uninsured motorist endorsement or provision, shall:

(1) Within twenty-four hours after the insured discover, and being physically able to report the occurrence of such accident, the insured, or someone in his or her behalf, reports the accident to a police, peace or to a judicial officer, unless the accident has already been investigated by a police officer;

(2) Notify the insurance company, within sixty days after such accident, that the insured or his or her legal representative has a cause or causes of action arising out of such accident for damages against a person or persons whose identity is unknown and setting forth the facts in support thereof; and, upon written request of the insurance company communicated to the insured not later than five days after receipt of such statement, make available for inspection the motor vehicle which the insured was occupying at the time of the accident; and

(3) Upon trial establish that the motor vehicle, which caused the bodily injury or property damage, whose operator is unknown, was a “hit and run” motor vehicle, meaning a motor
vehicle which causes damage to the property of the insured arising out of physical contact of such motor vehicle therewith, or which causes bodily injury to the insured arising out of physical contact of such motor vehicle with the insured or with a motor vehicle which the insured was occupying at the time of the accident. If the owner or operator of any motor vehicle causing bodily injury or property damage be unknown, an action may be instituted against the unknown defendant as “John Doe”, in the county in which the accident took place or in any other county in which such action would be proper under the provisions of article one, chapter fifty-six of this code; service of process may be made by delivery of a copy of the complaint and summons or other pleadings to the clerk of the court in which the action is brought, and service upon the insurance company issuing the policy shall be made as prescribed by law as though such insurance company were a party defendant. The insurance company has the right to file pleadings and take other action allowable by law in the name of John Doe.

(f) An insurer paying a claim under the endorsement or provisions required by subsection (b) of this section is subrogated to the rights of the insured to whom such claim was paid against the person causing such injury, death or damage to the extent that payment was made. The bringing of an action against the unknown owner or operator as John Doe or the conclusion of such an action does not constitute a bar to the insured, if the identity of the owner or operator who caused the injury or damages complained of, becomes known, from bringing an action against the owner or operator theretofore proceeded against as John Doe. Any recovery against such owner or operator shall be paid to the insurance company to the extent that such insurance company has paid the insured in the action brought against such owner or operator as John Doe, except that such insurance company shall pay its proportionate part of any reasonable costs and expenses incurred in connection therewith, including reasonable attorney’s fees. Nothing in an
endorsement or provision made under this subsection, nor any other provision of law, operates to prevent the joining, in an action against John Doe, of the owner or operator of the motor vehicle causing injury as a party defendant, and such joinder is hereby specifically authorized.

(g) No such endorsement or provisions may contain any provision requiring arbitration of any claim arising under any such endorsement or provision, nor may anything be required of the insured except the establishment of legal liability, nor may the insured be restricted or prevented in any manner from employing legal counsel or instituting legal proceedings.

(h) The provisions of subsections (a) and (b) of this section do not apply to any policy of insurance to the extent that it covers the liability of an employer to his or her employees under any workers’ compensation law.

(i) The commissioner of insurance shall formulate and require the use of standard policy provisions for the insurance required by this section, but use of such standard policy provisions may be waived by the commissioner in the circumstances set forth in section ten of this article.

(j) A motor vehicle is uninsured within the meaning of this section, if there has been a valid bodily injury or property damage liability policy issued upon such vehicle, but which policy is uncollectible, in whole or in part, by reason of the insurance company issuing such policy upon such vehicle being insolvent or having been placed in receivership. The right of subrogation granted insurers under the provisions of subsection (f) of this section does not apply as against any person or persons who is or becomes an uninsured motorist for the reasons set forth in this subsection.

(k) Nothing contained herein prevents any insurer from also offering benefits and limits other than those prescribed herein,
nor does this section prevent any insurer from incorporating in such terms, conditions and exclusions as may be consistent with the premium charged.

(i) The Insurance Commissioner shall review on an annual basis the rate structure for uninsured and underinsured motorists’ coverage as set forth in subsection (b) of this section and shall report to the Legislature on said rate structure on or before January 15, 1983, and on or before January 15, of each of the next two succeeding years.

(m) For insurance policies in effect on December 31, 2015, including motor vehicle insurance policies and liability policies that are of an excess or umbrella type that cover automobile liability, insurers are not required to make a new offer of uninsured and underinsured motor vehicle coverage upon the renewal if the liability coverage is increased solely to meet the requirements of the increased minimum required financial responsibility limits set forth in subdivision (b), section two, article four, chapter seventeen-d of this code. Those insurers that have issued policies that carry limits of coverage below the minimum required financial responsibility limits in effect on December 31, 2015 shall increase such limits to an amount equal to or above the new minimum required financial responsibility limits when the policy is renewed but not later than December 31, 2016.

§33-6-31d. Form for making offer of optional uninsured and underinsured coverage.

(a) Optional limits of uninsured motor vehicle coverage and underinsured motor vehicle coverage required by section thirty-one of this article shall be made available to the named insured at the time of initial application for liability coverage and upon any request of the named insured on a form prepared and made available by the Insurance Commissioner. The contents of
the form shall be as prescribed by the commissioner and shall specifically inform the named insured of the coverage offered and the rate calculation therefor, including, but not limited to, all levels and amounts of such coverage available and the number of vehicles which will be subject to the coverage. The form shall be made available for use on or before the effective date of this section. The form shall allow any named insured to waive any or all of the coverage offered.

(b) Any insurer who issues a motor vehicle insurance policy in this state shall provide the form to each person who applies for the issuance of such policy by delivering the form to the applicant or by mailing the form to the applicant together with the applicant’s initial premium notice. The applicant shall complete, date and sign the form and return the form to the insurer within thirty days after receipt thereof. No insurer or agent thereof is liable for payment of any damages applicable under any optional uninsured or underinsured coverage authorized by section thirty-one of this article for any incident which occurs from the date the form was mailed or delivered to the applicant until the insurer receives the form and accepts payment of the appropriate premium for the coverage requested therein from the applicant: Provided, That if prior to the insurer’s receipt of the executed form the insurer issues a policy to the applicant which provides for such optional uninsured or underinsured coverage, the insurer is liable for payment of claims against such optional coverage up to the limits provided therefor in such policy. The contents of a form described in this section which has been signed by an applicant creates a presumption that such applicant and all named insureds received an effective offer of the optional coverages described in this section and that such applicant exercised a knowing and intelligent election or rejection, as the case may be, of such offer as specified in the form. Such election or rejection is binding on all persons insured under the policy.
(c) Any insurer who has issued a motor vehicle insurance policy in this state which is in effect on the effective date of this section shall mail or otherwise deliver the form to any person who is designated in the policy as a named insured. A named insured shall complete, date and sign the form and return the form to the insurer within thirty days after receipt thereof. No insurer or agent thereof is liable for payment of any damages in any amount greater than any limits of such coverage, if any, provided by the policy in effect on the date the form was mailed or delivered to such named insured for any incident which occurs from the date the form was mailed or delivered to such named insured until the insurer receives the form and accepts payment of the appropriate premium for the coverage requested therein from the applicant. The contents of a form described in this section which has been signed by any named insured creates a presumption that all named insureds under the policy received an effective offer of the optional coverages described in this section and that all such named insured exercised a knowing and intelligent election or rejection, as the case may be, of such offer as specified in the form. Such election or rejection is binding on all persons insured under the policy.

(d) Failure of the applicant or a named insured to return the form described in this section to the insurer as required by this section within the time periods specified in this section creates a presumption that such person received an effective offer of the optional coverages described in this section and that such person exercised a knowing and intelligent rejection of such offer. Such rejection is binding on all persons insured under the policy.

(e) The insurer shall make such forms available to any named insured who requests different coverage limits on or after the effective date of this section. No insurer is required to make such form available or notify any person of the availability of such optional coverages authorized by this section except as required by this section.
(f) Notwithstanding any of the provisions of article six of this chapter to the contrary, including section thirty-one-f, for insurance policies in effect on December 31, 2015, insurers are not required to offer or obtain new uninsured or underinsured motorist coverage offer forms as described in this section on any insurance policy to comply with the amount of the minimum required financial responsibility limits set forth in subsection (b), section two, article four, chapter seventeen-d of this code. All such offer forms that were executed prior to January 1, 2016, shall remain in full force and effect.

§33-6-31h. Excluded drivers; definitions; legislative findings; restrictive endorsements.

(a) For purposes of this section, the following definitions apply:

(1) A “motor vehicle liability policy” means an “owner’s policy” or an “operator’s policy” of liability insurance certified as provided in section twelve, article four, chapter seventeen-d of this code.

(2) “Excluded driver” means any driver specifically excluded from coverage under section thirty-one, article six, chapter thirty-three of this code.

(3) “Minimum financial responsibility limits” means those limits defined in section two, article four, chapter seventeen-d of this code.

(b) The Legislature finds that:

(1) The explicit, plain language of a motor vehicle liability policy between an insurer and its insureds should control its effect;

(2) Where insurers are required by the common law to provide minimum financial responsibility limits coverage for
excluded drivers, consumers not excluded by restrictive endorsement are negatively impacted;

(3) The decision of the Supreme Court of Appeals of West Virginia in *Jones v. Motorists Mutual Insurance Company*, 177 W. Va. 763 (1987) interpreted chapter seventeen-d of this code to require insurers to provide minimum financial responsibility limits of coverage to excluded drivers; and

(4) It is not the intent of the legislature to require insurers to provide minimum financial responsibility limits of coverage to excluded drivers.

(c) When any person is specifically excluded from coverage under the provisions of a motor vehicle liability policy by any restrictive endorsement to the policy, the insurer is not required to provide any coverage, including both the duty to indemnify and the duty to defend, for damages arising out of the operation, maintenance or use of any motor vehicle by the excluded driver, notwithstanding the provisions of chapter seventeen-d of this code.
circumstances; and reallocating certain tax revenue in certain circumstances.

Be it enacted by the Legislature of West Virginia:

That §33-3-14d of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 3. LICENSING, FEES AND TAXATION OF INSURERS.

§33-3-14d. Additional fire and casualty insurance premium tax; allocation of proceeds; effective date.

(a) (1) For the purpose of providing additional revenue for municipal policemen’s and firemen’s pension and relief funds and the Teachers Retirement System Reserve Fund and for volunteer and part-volunteer fire companies and departments, there is hereby levied and imposed an additional premium tax equal to one percent of taxable premiums for fire insurance and casualty insurance policies. For purposes of this section, casualty insurance does not include insurance on the life of a debtor pursuant to or in connection with a specific loan or other credit transaction or insurance on a debtor to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is disabled as defined in the policy.

(2) All moneys collected from this additional tax shall be received by the commissioner and paid by him or her into a special account in the State Treasury, designated the Municipal Pensions and Protection Fund: Provided, That on or after January 1, 2010, the commissioner shall pay ten percent of the amount collected to the Teachers Retirement System Reserve Fund created in section eighteen, article seven-a, chapter eighteen of this code, twenty-five percent of the amount collected to the Fire Protection Fund created in section thirty-three of this article for allocation by the Treasurer to
volunteer and part-volunteer fire companies and departments and sixty-five percent of the amount collected to the Municipal Pensions and Protection Fund: Provided, however, That upon notification by the Municipal Pensions Oversight Board pursuant to the provisions of section eighteen-b, article twenty-two, chapter eight of this code, on or after January 1, 2010, or as soon thereafter as the Municipal Pensions Oversight Board is prepared to receive the funds, sixty-five percent of the amount collected by the commissioner shall be deposited in the Municipal Pensions Security Fund created in section eighteen-b, article twenty-two, chapter eight of this code. The net proceeds of this tax after appropriation thereof by the Legislature is distributed in accordance with the provisions of this section, except for distribution from proceeds pursuant to subsection (d), section eighteen-a, article twenty-two, chapter eight of this code.

(b) (1) Before August 1 of each year, the treasurer of each municipality in which a municipal policemen’s or firemen’s pension and relief fund is established shall report to the State Treasurer the average monthly number of members who worked at least one hundred hours per month and the average monthly number of retired members of municipal policemen’s or firemen’s pension and relief fund or the Municipal Police Officers and Firefighters Retirement System during the preceding fiscal year: Provided, That beginning in the year 2010 and continuing thereafter, the report shall be made to the oversight board created in section eighteen-a, article twenty-two, chapter eight of this code. These reports received by the oversight board shall be provided annually to the State Treasurer by September 1.

(2) Before September 1 of each calendar year, the State Treasurer, or the Municipal Pensions Oversight Board, once in operation, shall allocate and authorize for distribution the revenues in the Municipal Pensions and Protection Fund which were collected during the preceding calendar year for the
purposes set forth in this section. Before September 1 of each
calendar year and after the Municipal Pensions Oversight Board
has notified the Treasurer and commissioner pursuant to section
eighteen-b, article twenty-two, chapter eight of this code, the
Municipal Pensions Oversight Board shall allocate and authorize
for distribution the revenues in the Municipal Pensions Security
Fund which were collected during the preceding calendar year
for the purposes set forth in this section. In any year the actuarial
report required by section twenty, article twenty-two, chapter
eight of this code indicates no actuarial deficiency in the
municipal policemen’s or firemen’s pension and relief fund, no
revenues may be allocated from the Municipal Pensions and
Protection Fund or the Municipal Pensions Security Fund to that
fund. The revenues from the Municipal Pensions and Protection
Fund shall then be allocated to all other pension and relief funds
which have an actuarial deficiency.

(3) The Municipal Pensions Oversight Board shall annually
review the investment performance of each municipal
policemen’s or firemen’s pension and relief fund. If the
municipal pension and relief fund’s board fails for three
consecutive years to comply with the investment provisions
established by section twenty-two-a, article twenty-two, chapter
eight of this code, the oversight board may require the municipal
policemen’s or firemen’s pension and relief fund to invest with
the Investment Management Board to continue to receive its
allocation of funds from the premium tax. If the municipal
pension and relief fund fails to move its investments to the
Investment Management Fund within the eighteen-month
drawdown period, provided in subsection (e), section nineteen,
article twenty-two, chapter eight of this code, the revenues shall
be reallocated to all other municipal policemen’s or firemen’s
pension and relief funds that have drawn down one hundred
percent of their allocations.
(4) The moneys, and the interest earned thereon, in the Municipal Pensions and Protection Fund allocated to volunteer and part-volunteer fire companies and departments shall be allocated and distributed quarterly to the volunteer fire companies and departments. Before each distribution date, the State Fire Marshal shall report to the State Treasurer the names and addresses of all volunteer and part-volunteer fire companies and departments within the state which meet the eligibility requirements established in section eight-a, article fifteen, chapter eight of this code.

c (1) Each municipal pension and relief fund shall have allocated and authorized for distribution a pro rata share of the revenues allocated to municipal policemen’s and firemen’s pension and relief funds based on the corresponding municipality’s average monthly number of police officers and firefighters who worked at least one hundred hours per month during the preceding fiscal year. On and after July 1, 1997, from the growth in any moneys collected pursuant to the tax imposed by this section and interest thereon there shall be allocated and authorized for distribution to each municipal pension and relief fund, a pro rata share of the revenues allocated to municipal policemen’s and firemen’s pension and relief funds based on the corresponding municipality’s average number of police officers and firefighters who worked at least one hundred hours per month and average monthly number of retired police officers and firefighters. For the purposes of this subsection, the growth in moneys collected from the tax collected pursuant to this section is determined by subtracting the amount of the tax collected during the fiscal year ending June 30, 1996, from the tax collected during the fiscal year for which the allocation is being made and interest thereon. All moneys received by municipal pension and relief funds under this section may be expended only for those purposes described in sections sixteen through twenty-eight, inclusive, article twenty-two, chapter eight of this code.
(2) Each volunteer fire company or department shall receive an equal share of the revenues allocated for volunteer and part-volunteer fire companies and departments.

(3) In addition to the share allocated and distributed in accordance with subdivision (1) of this subsection, each municipal fire department composed of full-time paid members and volunteers and part-volunteer fire companies and departments shall receive a share equal to the share distributed to volunteer fire companies under subdivision (2) of this subsection reduced by an amount equal to the share multiplied by the ratio of the number of full-time paid fire department members who are also members of a municipal firemen’s pension and relief fund or the Municipal Police Officers and Firefighters Retirement System to the total number of members of the fire department.

(d) The allocation and distribution of revenues provided in this section are subject to the provisions of section twenty, article twenty-two, chapter eight of this code and sections eight-a and eight-b, article fifteen of said chapter.

(e) Based upon the findings of an audit by the Treasurer, the Legislature hereby finds and declares that during the period of 1982 through April 27, 2012, allocations from the Municipal Pensions and Protection Fund were miscalculated and errors were made in amounts transferred, resulting in overpayments and underpayments to the relief and pension funds and to the Teachers Retirement System, and that the relief and pension funds and the Teachers Retirement System were not at fault for any of the overpayments and underpayments. The Legislature hereby further finds and declares that any attempt by the Municipal Pension Oversight Board or other entity to recover any of the overpayments would be unjust and create economic hardship for the entities that received overpayments. No entity, including, without limitation, the Municipal Pension Oversight
Board, may seek to recover from a relief or pension fund, the Teachers Retirement System or the state any overpayments received from the Municipal Pensions and Protection Fund and the overpayments are not subject to recovery, offset or litigation. Pursuant to the audit by the Treasurer, the amount of $3,631,846.55 is determined owed to specific relief and pension funds through the period of April 27, 2012. The Treasurer is hereby authorized to transfer the amount of $3,631,846.55 from the Unclaimed Property Trust Fund to the Municipal Pensions and Protection Fund, which is hereby reopened for the sole purpose of the transfer and remittances pursuant to this subsection, and to use the amount transferred to remit the amounts due to the pension and relief funds. The payment of $3,631,846.55 to the pension and relief funds is complete satisfaction of any amounts due and no entity, including, without limitation, the Municipal Pension Oversight Board and any pension or relief fund, may seek to recover any further amounts.

CHAPTER 143

(Com. Sub. for H. B. 2557 - By Delegate(s) Walters, Westfall, Pasdon, Moffatt, Morgan, Perry, Hartman, McCuskey, Frich, Storch and H. White)

[Passed March 12, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 25, 2015.]

AN ACT to amend and reenact §33-6-29 of the Code of West Virginia, 1931, as amended, relating generally to security and insurance coverage provided for rented or leased motor vehicles; providing that security maintained on any motor vehicle owned by any person, firm or corporation engaged in the business of renting or leasing the motor vehicle is secondary to coverage under certain
motor vehicle liability insurance or other form of security that is available and in effect for an individual with respect to the renting, leasing, operation, maintenance or use of the motor vehicle; and providing that any liability insurance purchased for additional consideration from the rental or leasing company shall be primary to other available insurance.

*Be it enacted by the Legislature of West Virginia:*

That §33-6-29 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

**ARTICLE 6. THE INSURANCE POLICY.**

§33-6-29. Motor vehicle policy; injuries to guest passengers; coverage for loaned or leased motor vehicles; exceptions.

(a) An insurer may not issue any policy of bodily injury or property damage liability insurance which excludes coverage to the owner or operator of a motor vehicle on account of bodily injury or property damage to any guest or invitee who is a passenger in such motor vehicle.

(b) Every policy or contract of liability insurance which insures a motor vehicle licensed in this state with collision, comprehensive, property or bodily injury coverage shall extend these coverages to cover the insured individual while operating a motor vehicle which he or she is permitted to use by a person, firm or corporation that owns the vehicle and is engaged in the business of selling, repairing, leasing or servicing motor vehicles. Coverage under any motor vehicle insurance policy available to such insured individual shall be primary, and any collision, comprehensive, property or bodily injury insurance coverage owned or obtained by a person, firm or corporation that owns the motor vehicle and is engaged in the business of selling, repairing, leasing or servicing motor vehicles shall be secondary.
Recovery under the motor vehicle owner’s insurance policy shall not be permitted until the insured individual has exhausted the limits of all other insurance policies available to him or her:

Provided, That the following conditions are met: (1) No separate consideration is paid by or on behalf of the insured individual at the time of his or her use of the vehicle; and (2) the insured individual is operating the vehicle with the business owner’s permission as a replacement vehicle provided to the insured individual while his or her vehicle is out of use because it is being repaired or serviced by the business owner or another person with the permission of the business owner.

(c) Notwithstanding any provision of this section to the contrary, any insurance coverage available to the insured individual as described in subsection (b) of this section shall be secondary to any motor vehicle liability insurance owned or obtained by the person, firm or corporation engaged in the business of selling, repairing, leasing or servicing motor vehicles, if the insured individual is an employee of the business owner and is operating the motor vehicle with the permission of the business owner while acting within the scope of his or her employment or the insured individual is testing the vehicle for possible purchase or for a lease with more than a thirty-day term.

(d) Notwithstanding any provision of this code to the contrary, security maintained as required by section three, article two-a and section two, article four, chapter seventeen-d of this code on any motor vehicle owned by any person, firm or corporation engaged in the business of renting or leasing the motor vehicle is secondary to coverage under any motor vehicle liability insurance or other form of security meeting or exceeding the requirements in chapter seventeen-d of this code that is available and in effect for an individual with respect to the renting, leasing, operation, maintenance, or use of the motor vehicle: Provided, That any liability insurance purchased for additional consideration from the rental or leasing company shall be primary to other available insurance.
AN ACT to amend and reenact §33-10-4 and §33-10-26 of the Code of West Virginia, 1931, as amended, all relating to delinquency proceedings of insurers; issuance of injunctions or orders following the commencement of a rehabilitation or liquidation proceeding of an insurer; and providing limitations on the avoidance of a transfer to a federal home loan bank in a liquidation proceeding of an insurer-member of the federal home loan bank.

Be it enacted by the Legislature of West Virginia:

That §33-10-4 and §33-10-26 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 10. REHABILITATION AND LIQUIDATION.

§33-10-4. Injunctions and other orders.

(a) Upon application by the commissioner for an order under this article:

(1) The court may without notice issue an injunction restraining the insurer, its officers, directors, stockholders, members, subscribers, agents and all other persons from the transaction of its business or the waste or disposition of its property until further order of the court.
(2) The court may at any time during a proceeding under this article issue other injunctions or orders as may be considered necessary to prevent interference with the commissioner or the proceeding, or waste of the assets of the insurer, or the commencement or prosecution of any actions, or the obtaining of preferences, judgments, attachments or other liens, or the making of any levy against the insurer or against its assets or any part thereof.

(3) The court may order any managing general agent or attorney-in-fact to release to the commissioner any books, records, accounts, documents or other writings relating to the business of such person: Provided, That any of the same or the property of an agent or attorney shall be returned when no longer necessary to the commissioner or at any time the court after notice and hearing shall so direct.

(b) Any person having possession of and refusing to deliver any of the books, records or assets of an insurer against whom a seizure order has been issued by the court is guilty of a misdemeanor and shall be punished by a fine not exceeding $1,000 or confined in jail not more than one year, or both fined and confined.

(c) Whenever the commissioner makes any seizure as provided in section three of this article, it is the duty of the sheriff of any county of this state, and of the police department of any municipality therein, to furnish the commissioner, upon demand, with deputies, patrolmen or officers necessary to assist the commissioner in making and enforcing the seizure.

(d) Notwithstanding any other provision of law, no bond is required of the commissioner as a prerequisite for the issuance of any injunction or restraining order pursuant to this section.

(e) Notwithstanding subsections (a) through (d) of this section or any other provision of this chapter, the
commencement of a delinquency proceeding with respect to an insurer-member does not operate as a stay, injunction or prohibition of the exercise by a federal home loan bank of its rights regarding collateral pledged by the insurer-member.

§33-10-26. Voidable preferences and liens.

1. (a) A preference is a transfer of any of the property of an insurer to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the insurer within one year before the filing of a successful petition for liquidation under this article, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would have otherwise received. If a liquidation order is entered while the insurer is already subject to a rehabilitation order, then the transfers are preferences if made or suffered within one year before the filing of the successful petition for rehabilitation, or within two years before the filing of the successful petition for liquidation, whichever time is shorter.

2. (b) Any preference may be avoided by the liquidator if the insurer was insolvent at the time of the transfer; and

3. (1) The transfer was made within four months before the filing of the petition; or

4. (2) The creditor receiving it or to be benefitted thereby or his or her agent acting with reference thereto had, at the time when the transfer was made, reasonable cause to believe that the insurer was insolvent or was about to become insolvent; or

5. (3) The creditor receiving it was an officer, or any employee or attorney or other person who was in fact in a position of comparable influence in the insurer to an officer whether or not he or she held such position, or any shareholder holding directly or indirectly more than five percent of any class of any equity
security issued by the insurer, or any other person, firm, corporation, association or aggregation of persons with whom the insurer did not deal at arm’s length.

(c) (1) Notwithstanding subsections (a) and (b) of this section or any other provision of this chapter, the receiver for an insurer-member subject to a delinquency proceeding may not void a transfer made to a federal home loan bank in the ordinary course of business within four months of the commencement of the delinquency proceedings or which received prior approval of the receiver: Provided, That a transfer may be voided under this section if the transfer was made with actual intent to hinder, delay or defraud the insurer-member, a receiver appointed for the insurer-member or existing or future creditors.

(2) Following the appointment of a receiver for an insurer-member and upon request of the receiver, the federal home loan bank shall, within ten days of the request, provide a process and establish timing for:

(A) The release of collateral that exceeds the lending value, as determined in accordance with the advance agreement with the federal home loan bank, required to support secured obligations remaining after any repayment of advances;

(B) The release of any collateral remaining in the federal home loan bank’s possession following repayment of all outstanding secured obligations in full;

(C) The payment of fees and the operation of deposits and other accounts with the federal home loan bank; and

(D) The possible redemption or repurchase of federal home loan bank stock or excess stock of any class that an insurer-member is required to own.

(3) Upon the request of the receiver for an insurer-member, the federal home loan bank shall provide any available options
for the insurer-member to renew or restructure an advance to defer associated prepayment fees, to the extent that market conditions, the terms of the advance outstanding to the insurer-member, the applicable policies of the federal home loan bank and compliance with the Federal Home Loan Bank Act and corresponding regulations permit.

(4) Nothing in this subsection affects the receiver’s rights pursuant to 12 C.F.R. § 1266.4 regarding advances to an insurer-member in delinquency proceedings.

(d) Where the preference is voidable, the liquidator may recover the property or, if it has been converted, its value from any person who has received or converted the property; except where a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor shall have a lien upon the property to the extent of the consideration actually given. Where a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

(e) A transfer under this section is considered to have been made as follows:

(1) A transfer of property other than real property is made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of real property is made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien is not perfected if there are available means by which a legal lien could be created.
(4) A transfer not perfected prior to the filing of a petition for liquidation is made immediately before the filing of the successful petition.

(5) The provisions of this subsection apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(f) (1) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of the proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution or like process, whether before, upon or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(2) A lien obtainable by legal or equitable proceedings becomes superior to the rights of a transferee, or a purchaser obtains rights superior to the rights of a transferee within the meaning of subsection(e) of this section, if the consequences follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. A lien does not, however, become superior and the purchase does not create superior rights for the purpose of subsection(e) of this section through any acts subsequent to the obtaining of the lien or subsequent to the purchase which require the agreement or concurrence of any third party or which require any further judicial action or ruling.

(g) A transfer of property for or on account of a new and contemporaneous consideration which is considered under subsection (e) of this section to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any
acts required by the applicable law to be performed in order to
perfect the transfer as against liens or bona fide purchasers’
rights are performed within twenty-one days or any period
expressly allowed by the law, whichever is less. A transfer to
secure a future loan, if the loan is actually made, or a transfer
which becomes security for a future loan, has the same effect as
a transfer for or on account of a new and contemporaneous
consideration.

(h) If any lien that is voidable under subsection (b) of this
section has been dissolved by the furnishing of a bond or other
obligation, the surety on which has been indemnified directly or
indirectly by the transfer of or the creation of a lien upon any
property of an insurer before the filing of a petition under this
article which results in a liquidation order, the indemnifying
transfer or lien is also considered voidable.

(i) The property affected by any lien considered voidable
under subsections (a), (b) and (h) of this section shall be
discharged from the lien and that property and any of the
indemnifying property transferred to or for the benefit of a surety
shall pass to the liquidator, except that the court may on due
notice order the lien to be preserved for the benefit of the estate
and the court may direct that the conveyance be executed as may
be proper or adequate to evidence the title of the liquidator.

(j) The circuit court has summary jurisdiction of any
proceeding by the liquidator to hear and determine the rights of
any parties under this section. Reasonable notice of any hearing
in the proceeding shall be given to all parties in interest,
including the obligee of a releasing bond or other like obligation.
Where an order is entered for the recovery of indemnifying
property in kind or for the avoidance of an indemnifying lien the
court, upon application of any party in interest, shall in the same
proceeding ascertain the value of the property or lien and if the
value is less than the amount for which the property is indemnity
or than the amount of the lien, the transferee or lienholder may
elect to retain the property or lien upon payment of its value, as
ascertained by the court, to the liquidator within reasonable
times the court fixes.

(k) The liability of the surety under a releasing bond or other
like obligation is discharged to the extent of the value of the
indemnifying property recovered or the indemnifying lien
nullified and avoided by the liquidator or where the property is
retained under subsection (j) of this section to the extent of the
amount paid to the liquidator.

(l) If a creditor has been preferred, and afterward in good
faith gives the insurer further credit without security of any kind,
for property which becomes a part of the insurer’s estate, the
amount of the new credit remaining unpaid at the time of the
petition may be set off against the preference which would
otherwise be recoverable from him or her.

(m) If an insurer, directly or indirectly, within four months
before the filing of a successful petition for liquidation under this
article, or at any time in contemplation of a proceeding to
liquidate it, pays money or transfers property to an attorney-at-
law for services rendered or to be rendered, the transactions may
be examined by the court on its own motion or shall be examined
by the court on petition of the liquidator and may be held valid
only to the extent of a reasonable amount to be determined by
the court and the excess may be recovered by the liquidator for
the benefits of the estate provided that where the attorney is in a
position of influence in the insurer or an affiliate thereof
payment of any money or the transfer of any property to the
attorney-at-law for services rendered or to be rendered shall be
governed by the provision of subdivision (3), subsection (b) of
this section.

(n) (1) Every officer, manager, employee, shareholder,
member, subscriber, attorney or any other person acting on
behalf of the insurer who knowingly participates in giving any preference when he or she has reasonable cause to believe the insurer is or is about to become insolvent at the time of the preference is personally liable to the liquidator for the amount of the preference. It is permissible to infer that there is a reasonable cause to so believe if the transfer was made within four months before the date of filing of this successful petition for liquidation.

(2) Every person receiving any property from the insurer or the benefit thereof as a preference voidable under subsections (a) and (b) of this section is personally liable therefor and is bound to account to the liquidator.

(3) Nothing in this subsection prejudices any other claim by the liquidator against any person.

106. (3) The designated responsible producer, and the president, secretary, treasurer and any other person who directs or controls the travel insurance entity producer’s insurance operations, comply with the fingerprinting requirements applicable to insurance producers in the resident state of the travel insurance entity producer.

115. (5) The travel insurance entity producer requires each employee and authorized representative of the travel retailer whose duties include offering and disseminating travel insurance to receive a program of instruction or training, which the commissioner may review and approve or disapprove. The training program shall, at a minimum, contain instructions on the types of insurance offered, ethical sales practices and required disclosures to prospective customers.

123. (e) A licensee under this section, and those registered under its license pursuant to subdivision one, subsection (d) of this section, are exempt from examination under section five of this article and from continuing education requirements under section eight of this article.

128. (f) A licensee under this section is subject to the provisions of section six-b of this article as if it were an insurance agency.
License renewal. – The commissioner shall annually renew, on the expiration date as provided in this subsection, the license of a licensee who qualifies and applies for renewal on a form prescribed by the commissioner and pays the fee set forth in subdivision three, subsection (b) of this section: Provided, that the commissioner may fix the dates of expiration of travel insurance entity producer licenses as he or she considers advisable for efficient distribution of the workload of his or her office:

(1) If the fixed expiration date would upon first occurrence shorten the period for which a license fee has been paid, no refund of unearned fee shall be made;

(2) If the fixed expiration date would upon first occurrence lengthen the period for which a license fee has been paid, the commissioner shall charge no additional fee for the lengthened period;

(3) If a date is not fixed by the commissioner, each license shall, unless continued as provided in this subsection, expire at midnight on June 30 following issuance; and

(4) A licensee that fails to timely renew its license may reinstate its license, retroactive to the expiration date, upon submission of the renewal application within twelve months after the expiration date and payment of a penalty in the amount of $50.

(1) The insurer shall file, in a format approved by the commissioner, a notice of appointment within fifteen days from the date the agency contract is executed and shall pay a nonrefundable appointment processing fee in the amount of $25:
Provided, That an insurer may elect to appoint a travel insurance entity producer to all or some insurers within the insurer’s holding company system or group by filing a single notice of appointment;

(2) Upon receipt of a notice of appointment, the commissioner shall verify within a reasonable time, not to exceed thirty days, that the travel insurance entity producer is eligible for appointment: Provided, That the commissioner shall notify the insurer within five days of a determination that the travel insurance entity producer is ineligible for appointment; and

(3) The insurer shall remit, no later than midnight on May 31 annually and in a manner prescribed by the commissioner, a renewal appointment fee for each appointed travel insurance entity producer in the amount of $25; and

(4) The insurer shall maintain a current list of travel insurance entity producers appointed to accept applications on behalf of the insurer, and shall make the list available to the commissioner upon reasonable request for purposes of conducting investigations and enforcing the provisions of this chapter.

(i) Effect of registration. – Notwithstanding any other provision of law, if a travel retailer’s insurance-related activities, and those of its employees and authorized representatives, are limited to offering and disseminating travel insurance on behalf of and under the direction of a licensed travel insurance entity producer, the travel retailer may perform those activities and receive related compensation, upon registration by the travel insurance entity producer pursuant to subdivision one, subsection (d) of this section.

(j) Liability. – As the insurer’s appointed agent, the travel insurance entity producer is liable for the acts or omissions of
the travel retailer in offering and disseminating travel insurance under the travel insurance entity producer’s license and shall use reasonable means to ensure compliance by the travel retailer with this section.

(k) Enforcement. – In enforcing the provisions of this section, the commissioner may use any enforcement mechanisms in this chapter.

(1) If the commissioner determines that a travel retailer or its employee has violated this section, the commissioner may after notice and hearing:

(A) Impose fines not to exceed $500 per violation or $5,000 in the aggregate for the conduct; and

(l) The commissioner may propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to implement this section.

ARTICLE 15. ACCIDENT AND SICKNESS INSURANCE.

§33-15-4l. Deductibles, copayments and coinsurance for anti-cancer medications.

(a) Any accident and sickness insurance policy issued by an insurer pursuant to this article that covers anti-cancer medications that are injected or intravenously administered by a health care provider and patient administered anti-cancer medications, including, but not limited to, those medications orally administered or self-injected, may not require a less favorable basis for a copayment, deductible or coinsurance amount for patient administered anti-cancer medications than it requires for injected or intravenously administered anti-cancer medications, regardless of the formulation or benefit category determination by the policy or plan.

(b) An accident or sickness insurance policy may not comply with subsection (a) of this section by:

(1) Increasing the copayment, deductible or coinsurance amount required for injected or intravenously administered anti-cancer medications that are covered under the policy or plan; or

(2) Reclassifying benefits with respect to anti-cancer medications.

(c) As used in this section, “anti-cancer medication” means a FDA approved medication prescribed by a treating physician who determines that the medication is medically necessary to

containment measures implemented are applicable only for the
plan year or experience period following approval of the request
to implement cost containment measures.

(f) For any enrollee that is enrolled in a catastrophic plan as
defined in Section 1302(e) of the Affordable Care Act or in a
plan that, but for this requirement, would be a High Deductible

Revenue Code of 1986, and that, in connection with every
enrollment, opens and maintains for each enrollee a Health
Savings Account as that term is defined in section 223(d) of the
Internal Revenue Code of 1986, the cost-sharing limit outlined
in subsection (a) of this section shall be applicable only after the
minimum annual deductible specified in section 223(c)(2)(A) of

contrary, in the event that an insurer can demonstrate actuarially
to the Insurance Commissioner that its total anticipated costs for
any plan to comply with this section will exceed or have
exceeded two percent of the total costs for such plan in any
experience period, then the insurer may apply whatever cost
containment measures may be necessary to maintain costs below
two percent of the total costs for the plan: Provided, That such
cost containment measures implemented are applicable only for
the plan year following approval of the request to implement
cost containment measures.

(f) For any enrollee that is enrolled in a catastrophic plan as

Savings Account as that term is defined in section 223(d) of the
Internal Revenue Code of 1986, the cost-sharing limit outlined
in subsection (a) of this section shall be applicable only after the
minimum annual deductible specified in section 223(c)(2)(A) of

(f) For any enrollee that is enrolled in a catastrophic plan as defined in Section 1302(e) of the Affordable Care Act or in a plan that, but for this requirement, would be a High Deductible Health Plan as defined in section 223(c)(2)(A) of the Internal Revenue Code of 1986, and that, in connection with every enrollment, opens and maintains for each enrollee a Health Savings Account as that term is defined in section 223(d) of the Internal Revenue Code of 1986, the cost-sharing limit outlined in subsection (a) of this section shall be applicable only after the minimum annual deductible specified in section 223(c)(2)(A) of the Internal Revenue Code of 1986 is reached. In all other cases, this limit shall be applicable at any point in the benefit design, including before and after any applicable deductible is reached.

(b) A contract issued to a member or subscriber that is subject to this article may not comply with subsection (a) of this section by:

(1) Increasing the copayment, deductible or coinsurance amount required for injected or intravenously administered anti-cancer medications that are covered under the policy, contract, or plan or agreement; or

(2) Reclassifying benefits with respect to anti-cancer medications.

(c) As used in this section, “anti-cancer medication” means a FDA approved medication prescribed by a treating physician who determines that the medication is medically necessary to kill or slow the growth of cancerous cells in a manner consistent with nationally accepted standards of practice.
(d) This section is effective for policy, plan or agreement years beginning on or after January 1, 2016. This section applies to all policies, plans, contracts or agreements subject to this article that are delivered, executed, issued, amended, adjusted or renewed in this state, on and after the effective date of this section.

(e) Notwithstanding any other provision in this section to the contrary, in the event that an entity subject to this article can demonstrate actuarially to the Insurance Commissioner that its total anticipated costs for benefits to all members or subscribers to comply with this section will exceed or have exceeded two percent of the total costs for all benefits of the policy, plan, contract or agreement in any experience period, then the entity may apply whatever cost containment measures may be necessary to maintain costs below two percent of the total costs for the policy, plan, contract or agreement: Provided, That such cost containment measures implemented are applicable only for the plan year or experience period following approval of the request to implement cost containment measures.

(f) For any enrollee that is enrolled in a catastrophic plan as defined in Section 1302(e) of the Affordable Care Act or in a plan that, but for this requirement, would be a High Deductible Health Plan as defined in section 223(c)(2)(A) of the Internal Revenue Code of 1986, and that, in connection with every enrollment, opens and maintains for each enrollee a Health Savings Account as that term is defined in section 223(d) of the Internal Revenue Code of 1986, the cost-sharing limit outlined in subsection (a) of this section shall be applicable only after the minimum annual deductible specified in section 223(c)(2)(A) of the Internal Revenue Code of 1986 is reached. In all other cases, this limit shall be applicable at any point in the benefit design, including before and after any applicable deductible is reached.
§33-25A-8l. Deductibles, copayments and coinsurance for anti-cancer medications.

*Note: This section was also amended by H. B. 2200 (Chapter 46), which passed prior to this act.*
(a) The Department of Health and Human Resources and the Division of Juvenile Services of the Department of Military Affairs and Public Safety shall establish programs and services designed to prevent juvenile delinquency, to divert juveniles from the juvenile justice system, to provide community-based alternatives to juvenile detention and correctional facilities and to encourage a diversity of alternatives within the child welfare and juvenile justice system. The development, maintenance and expansion of programs and services may include, but not be limited to, the following:

(1) Community-based programs and services for the prevention and treatment of juvenile delinquency through the development of foster-care and shelter-care homes, group homes, halfway houses, homemaker and home health services, 24-hour intake screening, volunteer and crisis home programs, day treatment and any other designated community-based diagnostic, treatment or rehabilitative service;

(2) Community-based programs and services to work with parents and other family members to maintain and strengthen the family unit so that the juvenile may be retained in his or her home;

(3) Youth service bureaus and other community-based programs to divert youth from the juvenile court or to support, counsel or provide work and recreational opportunities for status offenders, juvenile delinquents and other youth to help prevent delinquency;

(4) Projects designed to develop and implement programs stressing advocacy activities aimed at improving services for and protecting rights of youth affected by the juvenile justice system;

(5) Educational programs or supportive services designed to encourage status offenders, juvenile delinquents and other youth
(6) Expanded use of professional and paraprofessional personnel and volunteers to work effectively with youth;

(7) Youth-initiated programs and outreach programs designed to assist youth who otherwise would not be reached by traditional youth assistance programs;

(8) A statewide program designed to reduce the number of commitments of juveniles to any form of juvenile facility as a percentage of the state juvenile population; to increase the use of nonsecure community-based facilities as a percentage of total commitments to juvenile facilities; and to discourage the use of secure incarceration and detention; and

(9) Transitional programs designed to assist juveniles who are in the custody of the state upon reaching the age of eighteen years.

(b) By January 1, 2017, the department and the Division of Juvenile Services shall allocate at least fifty percent of all community services funding, as defined in section two hundred six, article one of this chapter, either provided directly or by contracted service providers, for the implementation of evidence-based practices, as defined in section two hundred six, article one of this chapter.

(c) (1) The Department of Health and Human Resources shall establish an individualized program of rehabilitation for each status offender referred to the department and to each alleged juvenile delinquent referred to the department after being allowed a pre-adjudicatory community supervision period by the juvenile court, and for each adjudicated juvenile delinquent who, after adjudication, is referred to the department for investigation or treatment or whose custody is vested in the department.
An individualized program of rehabilitation shall take into account the programs and services to be provided by other public or private agencies or personnel which are available in the community to deal with the circumstances of the particular juvenile.

For alleged juvenile delinquents and status offenders, an individualized program of rehabilitation shall be furnished to the juvenile court and made available to counsel for the juvenile; it may be modified from time to time at the direction of the department or by order of the juvenile court.

The department may develop an individualized program of rehabilitation for any juvenile referred for noncustodial counseling under section seven hundred two-a, article four of this chapter or for any juvenile upon the request of a public or private agency.

The individualized program of rehabilitation required by the provisions of subsection (c) of this section shall, for any juvenile in out-of-home placement, include a plan to return the juvenile to his or her home setting and transition the juvenile into community services to continue his or her rehabilitation.

Planning for the transition shall begin upon the juvenile’s entry into the residential facility. The transition process shall begin thirty days after admission to the residential facility and conclude no later than three months after admission.

The Department of Health and Human Resources staff shall, during its monthly site visits at contracted residential facilities, ensure that the individualized programs of rehabilitation include a plan for transition in accordance with this subsection.

If further time in residential placement is necessary and the most effective method of attaining the rehabilitation goals
identified by the rehabilitation individualized plan created under subsection (c) of this section, then the department shall provide information to the multidisciplinary team to substantiate that further time in a residential facility is necessary. The court, in consultation with the multidisciplinary team, may order an extension of time in residential placement prior to the juvenile’s transition to the community if the court finds by clear and convincing evidence that an extension is in the best interest of the child. If the court finds that the evidence does not support an extension, the court shall order that the transition to community services proceed.

(e) The Department of Health and Human Resources and the Division of Juvenile Services are directed to enter into cooperative arrangements and agreements with each other and with private agencies or with agencies of the state and its political subdivisions to fulfill their respective duties under this article and chapter.

§49-2-1003. Rehabilitative facilities for status offenders; requirements; educational instruction.

(b) Rehabilitative programs and services shall be provided by or through each facility and may include, but not be limited to, medical, educational, vocational, social and psychological

Human Resources shall provide to each status offender
committed to the facility a program of treatment and services
consistent with the individualized program of rehabilitation
developed for the juvenile. In the case of any other juvenile
residing at the facility, the department shall provide those
programs and services as may be proper in the circumstances
including, but not limited to, any programs or services directed
to be provided by the court.

(c) The board of education of the county in which the facility
is located shall provide instruction for juveniles residing at the
facility. Residents who can be permitted to do so shall attend
local schools and instruction shall otherwise take place at the
facility.

(d) Facilities established pursuant to this section shall be
structured as community-based facilities.

(e) The Department of Health and Human Resources may
enter into cooperative arrangements and agreements with private
agencies or with agencies of the state and its political
subdivisions to fulfill its duties under this section: Provided,
That after January 1, 2016, the department shall not enter into an
agreement with the Division of Juvenile Services to house
juvenile status offenders.

ARTICLE 4. COURT ACTIONS.

§49-4-403. Multidisciplinary treatment planning process;
coordination; access to information.

(a) (1) A multidisciplinary treatment planning process for
cases initiated pursuant to part six and part seven of article four

* NOTE: This section was also amended by H. B. 2200 (Chapter 46),
which passed prior to this act.*
of this chapter shall be established within each county of the state, either separately or in conjunction with a contiguous county, by the secretary of the department with advice and assistance from the prosecutor’s advisory council as set forth in section four, article four, chapter seven of this code. In each circuit, the department shall coordinate with the prosecutor’s office, the public defender’s office or other counsel representing juveniles to designate, with the approval of the court, at least one day per month on which multidisciplinary team meetings for that circuit shall be held: Provided, That multidisciplinary team meetings may be held on days other than the designated day or days when necessary. The Division of Juvenile Services shall establish a similar treatment planning process for delinquency cases in which the juvenile has been committed to its custody, including those cases in which the juvenile has been committed for examination and diagnosis.

(2) This section does not require a multidisciplinary team meeting to be held prior to temporarily placing a child or juvenile out-of-home under exigent circumstances or upon a court order placing a juvenile in a facility operated by the Division of Juvenile Services.

(b) The case manager in the Department of Health and Human Resources for the child, family or juvenile or the case manager in the Division of Juvenile Services for a juvenile shall convene a treatment team in each case when it is required pursuant to this article.

(1) Prior to disposition, in each case in which a treatment planning team has been convened, the team shall advise the court as to the types of services the team has determined are needed and the type of placement, if any, which will best serve the needs of the child. If the team determines that an out-of-home placement will best serve the needs of the child, the team shall first consider placement with appropriate relatives then with
36 foster care homes, facilities or programs located within the state.
37 The team may only recommend placement in an out-of-state
38 facility if it concludes, after considering the best interests and
39 overall needs of the child, that there are no available and suitable
40 in-state facilities which can satisfactorily meet the specific needs
41 of the child.

42 (2) Any person authorized by the provisions of this chapter
to convene a multidisciplinary team meeting may seek and
receive an order of the circuit court setting such meeting and
directing attendance. Members of the multidisciplinary team
may participate in team meetings by telephone or video
conferencing. This subsection does not prevent the respective
agencies from designating a person other than the case manager
as a facilitator for treatment team meetings. Written notice shall
be provided to all team members of the availability to participate
by videoconferencing.

52 (c) The treatment team shall coordinate its activities and
membership with local family resource networks and coordinate
with other local and regional child and family service planning
committees to assure the efficient planning and delivery of child
and family services on a local and regional level.

57 (d) The multidisciplinary treatment team shall be afforded
access to information in the possession of the Department of
Health and Human Resources, Division of Juvenile Services,
law-enforcement agencies and other state, county and local
agencies. Those agencies shall cooperate in the sharing of
information as may be provided in article five of this chapter or
any other relevant provision of law. Any multidisciplinary team
member who acquires confidential information may not disclose
the information except as permitted by the provisions of this
code or court rules.
§49-4-406. Multidisciplinary treatment process for status offenders or delinquents; requirements; custody; procedure; reports; cooperation; inadmissibility of certain statements.

(a) When a juvenile is adjudicated as a status offender pursuant to section seven hundred eleven of this article, the Department of Health and Human Resources shall promptly convene a multidisciplinary treatment team and conduct an assessment, utilizing a standard uniform comprehensive assessment instrument or protocol, including a risk and needs assessment, to determine the juvenile’s mental and physical condition, maturity and education level, home and family environment, rehabilitative needs and recommended service plan, which shall be provided in writing to the court and team members. Upon completion of the assessment, the treatment team shall prepare and implement a comprehensive, individualized service plan for the juvenile.

(b) When a juvenile is adjudicated as a delinquent or has been granted a preadjudicatory community supervision period pursuant to section seven hundred eight of this article, the court, either upon its own motion or motion of a party, may require the Department of Health and Human Resources to convene a multidisciplinary treatment team and conduct an assessment, utilizing a standard uniform comprehensive assessment instrument or protocol, including a risk and needs assessment, to determine the juvenile’s mental and physical condition, maturity and education level, home and family environment, rehabilitative needs and recommended service plan, which shall be provided in writing to the court and team members. A referral to the Department of Health and Human Resources to convene a multidisciplinary treatment team and to conduct such an

assessment shall be made when the court is considering placing
the juvenile in the department’s custody or placing the juvenile
out-of-home at the department’s expense pursuant to section
seven hundred fourteen of this article. In any delinquency
proceeding in which the court requires the Department of Health
and Human Resources to convene a multidisciplinary treatment
team, the probation officer shall notify the department at least
fifteen working days before the court proceeding in order to
allow the department sufficient time to convene and develop an
individualized service plan for the juvenile.

(c) When a juvenile has been adjudicated and committed to
the custody of the Director of the Division of Juvenile Services,
including those cases in which the juvenile has been committed
for examination and diagnosis, the Division of Juvenile Services
shall promptly convene a multidisciplinary treatment team and
conduct an assessment, utilizing a standard uniform
comprehensive assessment instrument or protocol, including a
risk and needs assessment, to determine the juvenile’s mental
and physical condition, maturity and education level, home and
family environment, rehabilitative needs and recommended
service plan. Upon completion of the assessment, the treatment
team shall prepare and implement a comprehensive,
individualized service plan for the juvenile, which shall be
provided in writing to the court and team members. In cases
where the juvenile is committed as a post-sentence disposition
to the custody of the Division of Juvenile Services, the plan shall
be reviewed quarterly by the multidisciplinary treatment team.
Where a juvenile has been detained in a facility operated by the
Division of Juvenile Services without an active service plan for
more than sixty days, the director of the facility may call a
multidisciplinary team meeting to review the case and discuss
the status of the service plan.

(d) (1) The rules of juvenile procedure shall govern the
procedure for obtaining any assessment of a juvenile, preparing
an individualized service plan and submitting the plan and any assessment to the court.

(2) In juvenile proceedings conducted pursuant to part seven of this article, the following representatives shall serve as members and attend each meeting of the multidisciplinary treatment team, so long as they receive notice at least seven days prior to the meeting:

(A) The juvenile;

(B) The juvenile’s case manager in the Department of Health and Human Resources or the Division of Juvenile Services;

(C) The juvenile’s parent, guardian or custodian;

(D) The juvenile’s attorney;

(E) Any attorney representing a member of the multidisciplinary treatment team;

(F) The prosecuting attorney or his or her designee;

(G) The county school superintendent or the superintendent’s designee;

(H) A treatment or service provider with training and clinical experience coordinating behavioral or mental health treatment; and

(I) Any other person or agency representative who may assist in providing recommendations for the particular needs of the juvenile and family, including domestic violence service providers. In delinquency proceedings, the probation officer shall be a member of a multidisciplinary treatment team. When appropriate, the juvenile case manager in the Department of Health and Human Resources and the Division of Juvenile
Services shall cooperate in conducting multidisciplinary treatment team meetings when it is in the juvenile’s best interest.

(3) Prior to disposition, in each case in which a treatment planning team has been convened, the team shall advise the court as to the types of services the team has determined are needed and type of placement, if any, which will best serve the needs of the child. If the team determines that an out-of-home placement will best serve the needs of the child, the team shall first consider placement at facilities or programs located within the state. The team may only recommend placement in an out-of-state facility if it concludes, after considering the best interests and overall needs of the child, that there are no available and suitable in-state facilities which can satisfactorily meet the specific needs of the child. The multidisciplinary treatment team shall also determine and advise the court as to the individual treatment and rehabilitation plan recommended for the child for either out-of-home placement or community supervision. The plan may focus on reducing the likelihood of reoffending, requirements for the child to take responsibility for his or her actions, completion of evidence-based services or programs or any other relevant goal for the child. The plan may also include opportunities to incorporate the family, custodian or guardian into the treatment and rehabilitation process.

(4) The multidisciplinary treatment team shall submit written reports to the court as required by applicable law or by the court, shall meet with the court at least every three months, as long as the juvenile remains in the legal or physical custody of the state, and shall be available for status conferences and hearings as required by the court. The multidisciplinary treatment team shall monitor progress of the plan identified in subdivision (3) of this subsection and review progress of the plan at the regular meetings held at least every three months pursuant to this section, or at shorter intervals, as ordered by the court, and shall
report to the court on the progress of the plan or if additional modification is necessary.

(5) In any case in which a juvenile has been placed out of his or her home except for a temporary placement in a shelter or detention center, the multidisciplinary treatment team shall cooperate with the state agency in whose custody the juvenile is placed to develop an after-care plan. The rules of juvenile procedure and section four hundred nine of this article govern the development of an after-care plan for a juvenile, the submission of the plan to the court and any objection to the after-care plan.

(6) If a juvenile respondent admits the underlying allegations of the case initiated pursuant to part VII of this article, in the multidisciplinary treatment planning process, his or her statements may not be used in any juvenile or criminal proceedings against the juvenile, except for perjury or false swearing.

*§49-4-409. After-care plans; contents; written comments; contacts; objections; courts.

(a) Prior to the discharge of a child from any out-of-home placement to which the juvenile was committed pursuant to this chapter, the department or the Division of Juvenile Services shall convene a meeting of the multidisciplinary treatment team to which the child has been referred or, if no referral has been made, convene a multidisciplinary treatment team for any child for which a multidisciplinary treatment plan is required by this article and forward a copy of the juvenile’s proposed after-care plan to the court which committed the juvenile. A copy of the plan shall also be sent to: (1) The child’s parent, guardian or

custodian; (2) the child’s lawyer; (3) the child’s probation officer or community mental health center professional; (4) the prosecuting attorney of the county in which the original commitment proceedings were held; and (5) the principal of the school which the child will attend. The plan shall have a list of the names and addresses of these persons attached to it.

(b) The after-care plan shall contain a detailed description of the education, counseling and treatment which the child received at the out-of-home placement and it shall also propose a plan for education, counseling and treatment for the child upon the child’s discharge. The plan shall also contain a description of any problems the child has, including the source of those problems, and it shall propose a manner for addressing those problems upon discharge.

(c) Within twenty-one days of receiving the plan, the child’s probation officer or community mental health center professional shall submit written comments upon the plan to the court which committed the child. Any other person who received a copy of the plan pursuant to subsection (a) of this section may submit written comments upon the plan to the court which committed the child. Any person who submits comments upon the plan shall send a copy of those comments to every other person who received a copy of the plan.

(d) Within twenty-one days of receiving the plan, the child’s probation officer or community mental health center professional shall contact all persons, organizations and agencies which are to be involved in executing the plan to determine whether they are capable of executing their responsibilities under the plan and to further determine whether they are willing to execute their responsibilities under the plan.

(e) If adverse comments or objections regarding the plan are submitted to the circuit court, it shall, within forty-five days of
receiving the plan, hold a hearing to consider the plan and the adverse comments or objections. Any person, organization or agency which has responsibilities in executing the plan, or their representatives, may be required to appear at the hearing unless they are excused by the circuit court. Within five days of the hearing, the circuit court shall issue an order which adopts the plan as submitted or as modified in response to any comments or objections.

(f) If no adverse comments or objections are submitted, a hearing need not be held. In that case, the circuit court shall consider the plan as submitted and shall, within forty-five days of receiving the plan, issue an order which adopts the plan as submitted.

(g) Notwithstanding the provisions of subsections (e) and (f) of this section, the plan which is adopted by the circuit court shall be in the best interests of the child and shall also be in conformity with West Virginia’s interest in youths as embodied in this chapter.

(h) The court which committed the child shall appoint the child’s probation officer or community mental health center professional to act as supervisor of the plan. The supervisor shall report the child’s progress under the plan to the court every sixty days or until the court determines that no report or no further care is necessary.

§49-4-413. Individualized case planning.

(a) For any juvenile ordered to probation supervision pursuant to section seven hundred fourteen, article four of this chapter, the probation officer assigned to the juvenile shall develop and implement an individualized case plan in consultation with the juvenile’s parents, guardian or custodian, and other appropriate parties, and based upon the results of a risk and needs assessment conducted within the last six months prior
to the disposition to probation. The probation officer shall work
with the juvenile and his or her family, guardian or custodian to
implement the case plan following disposition. At a minimum,
the case plan shall:

(1) Identify the actions to be taken by the juvenile and, if
appropriate, the juvenile’s parents, guardian or custodian to
ensure future lawful conduct and compliance with the court’s
disposition order; and

(2) Identify the services to be offered and provided to the
juvenile and, if appropriate, the juvenile’s parents, guardian or
custodian and may include services to address: Mental health
and substance abuse issues; education; individual, group and
family counseling services; community restoration; or other
relevant concerns identified by the probation officer.

(b) For any juvenile disposed to an out-of-home placement
with the department, the department shall ensure that the
residential service provider develops and implements an
individualized case plan based upon the recommendations of the
multidisciplinary team pursuant to section four hundred six,
article four of this chapter and the results of a risk and needs
assessment. At a minimum, the case plan shall include:

(1) Specific treatment goals and the actions to be taken by
the juvenile in order to demonstrate satisfactory attainment of
each goal;

(2) The services to be offered and provided by the residential
service providers; and

(3) A detailed plan designed to assure appropriate
reintegration of the juvenile to his or her family, guardian,
school and community following the satisfactory completion of
the case plan treatment goals, including a protocol and timeline
for engaging the parents, guardians or custodians prior to the
release of the juvenile.
For any juvenile committed to the Division of Juvenile Services, the Division of Juvenile Services shall develop and implement an individualized case plan based upon the recommendations made to the court by the multidisciplinary team pursuant to section four hundred six, article four of this chapter and the results of a risk and needs assessment. At a minimum, the case plan shall include:

1. Specific correctional goals and the actions to be taken by the juvenile to demonstrate satisfactory attainment of each goal;

2. The services to be offered and provided by the Division of Juvenile Services and any contracted service providers; and

3. A detailed plan designed to assure appropriate reintegration of the juvenile to his or her family, guardian, school and community following the satisfactory completion of the case plan treatment goals, including a protocol and timeline for engaging the parents, guardians or custodians prior to the release of the juvenile.

§49-4-702. Prepetition diversion to informal resolution; mandatory prepetition diversion program for status offenses and misdemeanor offenses; prepetition review team.

(b) (1) If the matter is for a truancy offense, the prosecutor shall refer the matter to a state department worker, probation

(2) If the matter is for a status offense other than truancy, the prosecutor shall refer the juvenile to a case worker or probation officer who shall develop a diversion program pursuant to subsection (d) of this section.

(3) The prosecutor is not required to refer the juvenile for development of a diversion program pursuant to subdivision (1) or (2) of this subsection and may proceed to file a petition with the court if he or she determines:

(A) The juvenile has a prior adjudication for a status or delinquency offense; or

(B) There exists a significant and likely risk of harm to the juvenile, a family member or the public.

(c) If the matter is for a nonviolent misdemeanor offense, the prosecutor shall determine whether the case can be resolved informally through a diversion program without the filing of a petition. If the prosecutor determines that a diversion program is appropriate, it shall refer the matter to a case worker or probation officer who shall develop a diversion program pursuant to subsection (d) of this section.

(d) (1) When developing a diversion program, the case worker, probation officer or truancy diversion specialist shall:

(F) Any other efforts which may reasonably benefit the community, the juvenile and his or her parent, guardian or custodian.

(3) When a referral to a service provider occurs, the service provider shall make reasonable efforts to contact the juvenile and his or her parent, custodian or guardian within seventy-two hours of the referral.

(4) Upon request by the case worker, probation officer or truancy diversion specialist, the court may enter reasonable and relevant orders to the parent, custodian or guardian of the juvenile who have consented to the diversion agreement as is necessary and proper to carry out the agreement.

(5) If the juvenile and his or her parent, custodian or guardian do not consent to the terms of the diversion agreement
created by the case worker, probation officer or truancy diversion specialist, the petition may be filed with the court.

(6) Referral to a prepetition diversion program shall toll the statute of limitations for status and delinquency offenses.

(7) Probation officers may be authorized by the court to participate in a diversion program.

(e) The case worker, probation officer or truancy diversion specialist shall monitor the juvenile’s compliance with any diversion agreement.

(1) If the juvenile successfully completes the terms of the diversion agreement, a petition shall not be filed with the court and no further action shall be taken.

(2) If the juvenile is unsuccessful in or noncompliant with the diversion agreement, the diversion agreement shall be referred to a prepetition review team convened by the case worker, probation officer or the truancy diversion specialist: Provided, That if a new delinquency offense occurs, a petition may be filed with the court.

(f) (1) The prepetition review team may be a subset of a multidisciplinary team established pursuant to section four hundred six, article four of this chapter.

(2) The prepetition review team may consist of:

whether other appropriate services are available to address the
needs of the juvenile and his or her family.

(4) The prepetition review shall occur within fourteen days
of referral from the state department worker, probation officer or
truancy diversion specialist.

(5) After the prepetition review, the prepetition review team

worker, probation officer or truancy diversion specialist;

(B) Advise the case worker, probation officer or truancy
diversion specialist to file a petition with the court; or

(C) Advise the case worker to open an investigation for child
abuse or neglect.

(g) The requirements of this section are not mandatory until
July 1, 2016: Provided, That nothing in this section prohibits a
judicial circuit from continuing to operate a truancy or other
juvenile treatment program that existed as of January 1, 2015:
Provided, however, That any judicial circuit desiring to create a
diversion program after the effective date of this section and
prior to July 1, 2016, may only do so pursuant to this section.

§49-4-702a. Noncustodial counseling or community services
provided to a juvenile; prepetition counsel and advice.

(a) The court at any time, or the department or other official
upon a request from a parent, guardian or custodian, may, before
a petition is filed under this article, refer a juvenile alleged to be a delinquent or a status offender to a counselor at the department or a community mental health center, other professional counselor in the community or to a truancy diversion specialist. In the event the juvenile refuses to respond to this referral, the department may serve a notice by first class mail or personal service of process upon the juvenile, setting forth the facts and stating that a noncustodial order will be sought from the court directing the juvenile to submit to counseling or community services. The notice shall set forth the time and place for the hearing on the matter. The court or referee after a hearing may direct the juvenile to participate in a noncustodial period of counseling or community services that may not exceed six months. Upon recommendation of the department or request by the juvenile’s parent, custodian or guardian, the court or referee may allow or require the parent, custodian or guardian to participate in this noncustodial counseling or community services. No information obtained as the result of counseling or community services is admissible in a subsequent proceeding under this article.

(b) Before a petition is formally filed with the court, the probation officer or other officer of the court designated by it, subject to its direction, may give counsel and advice to the parties with a view to an informal adjustment period if it appears:

(1) The admitted facts bring the case within the jurisdiction of the court;

(2) Counsel and advice without an adjudication would be in the best interest of the public and the juvenile; and

(3) The juvenile and his or her parents, guardian or other custodian consent thereto with knowledge that consent is not obligatory.
(c) The giving of counsel and advice pursuant to this section may not continue longer than six months from the day it is commenced unless extended by the court for an additional period not to exceed six months.

§49-4-711. Adjudication for alleged status offenders and delinquents; mandatory initial disposition of status offenders.

At the outset of an adjudicatory hearing, the court shall inquire of the juvenile whether he or she wishes to admit or deny the allegations in the petition. The juvenile may elect to stand silent, in which event the court shall enter a general denial of all allegations in the petition.

(1) If the respondent juvenile admits the allegations of the petition, the court shall consider the admission to be proof of the allegations if the court finds: (1) The respondent fully understands all of his or her rights under this article; (2) the respondent voluntarily, intelligently and knowingly admits all facts requisite for an adjudication; and (3) the respondent in his or her admission has not set forth facts which constitute a defense to the allegations.

(2) If the respondent juvenile denies the allegations, the court shall dispose of all pretrial motions and the court or jury shall proceed to hear evidence.

(3) If the allegations in a petition alleging that the juvenile is delinquent are admitted or are sustained by proof beyond a reasonable doubt, the court shall schedule the matter for disposition pursuant to section seven hundred four of this article. The court shall receive and consider the results of the risk and

needs assessment prior to or at the disposition pursuant to section seven hundred twenty-four, article four of this chapter.

(4) If the allegations in a petition alleging that the juvenile is a status offender are admitted or sustained by clear and convincing evidence, the court shall consider the results of the risk and needs assessment prior to or at the disposition pursuant to section seven hundred twenty-four, article four of this chapter and refer the juvenile to the Department of Health and Human Resources for services, pursuant to section seven hundred twelve of this article, and order the department to report back to the court with regard to the juvenile’s progress at least every ninety days or until the court, upon motion or sua sponte, orders further disposition under section seven hundred twelve of this article or dismisses the case from its docket: Provided, That in a judicial circuit operating a truancy program, a circuit judge may, in lieu of referring truant juveniles to the department, order that the juveniles be supervised by his or her probation office: Provided, however, That a circuit judge may also refer a truant juvenile to a truancy diversion specialist.

(5) If the allegations in a petition are not sustained by evidence as provided in subsections (c) and (d) of this section, the petition shall be dismissed and the juvenile shall be discharged if he or she is in custody.

(6) Findings of fact and conclusions of law addressed to all allegations in the petition shall be stated on the record or reduced to writing and filed with the record or incorporated into the order of the court. The record shall include the treatment and rehabilitation plan the court has adopted after recommendation by the multidisciplinary team as provided for in section four hundred six, article four of this chapter.
§49-4-712. Intervention and services by the department pursuant to initial disposition for status offenders; enforcement; further disposition; detention; out-of-home placement; department custody; least restrictive alternative; appeal; prohibiting placement of status offenders in a Division of Juvenile Services facility on or after January 1, 2016.

(a) The services provided by the department for juveniles adjudicated as status offenders shall be consistent with part ten, article two of this chapter and shall be designed to develop skills and supports within families and to resolve problems related to the juveniles or conflicts within their families. Services may include, but are not limited to, referral of juveniles and parents, guardians or custodians and other family members to services for psychiatric or other medical care, or psychological, welfare, legal, educational or other social services, as appropriate to the needs of the juvenile and his or her family.

(b) If the juvenile, or his or her parent, guardian or custodian, fails to comply with the services provided in subsection (a) of this section, the department may petition the circuit court:

(1) For a valid court order, as defined in section two hundred seven, article one of this chapter, to enforce compliance with a service plan or to restrain actions that interfere with or defeat a service plan; or

(2) For a valid court order to place a juvenile out of home in a nonsecure or staff-secure setting, and/or to place a juvenile in custody of the department: Provided, That a juvenile adjudicated as a status offender may not be placed in an out-of-home facility on or after January 1, 2016.

*NOTE: This section was also amended by H. B. 2200 (Chapter 46), which passed prior to this act.*
placement, excluding placements made for abuse and neglect, if that juvenile has had no prior adjudications for a status or delinquency offense, or no prior disposition to a pre-adjudicatory improvement period or probation for the current matter: 

*Provided, however,* That if the court finds by clear and convincing evidence the existence of a significant and likely risk of harm to the juvenile, a family member or the public and continued placement in the home is contrary to the best interests of the juvenile, such juvenile may be ordered to an out-of-home placement: *Provided further,* That the court finds the department has made all reasonable efforts to prevent removal of the juvenile from his or her home, or that such reasonable efforts are not required due to an emergent situation.

(c) In ordering any further disposition under this section, the court is not limited to the relief sought in the department’s petition and shall make reasonable efforts to prevent removal of the juvenile from his or her home or, as an alternative, to place the juvenile in a community-based facility which is the least restrictive alternative appropriate to the needs of the juvenile and the community. The disposition may include reasonable and relevant orders to the parents, guardians or custodians of the juvenile as is necessary and proper to effectuate the disposition.

(d) (1) If the court finds that placement in a residential facility is necessary to provide the services under subsection (a) of this section, except as prohibited by subdivision (2), subsection (b) of this section, the court shall make findings of fact as to the necessity of this placement, stated on the record or reduced to writing and filed with the record or incorporated into the order of the court.

(2) The findings of fact shall include the factors that indicate:

(A) The likely effectiveness of placement in a residential facility for the juvenile; and
(B) The community services which were previously attempted.

(e) The disposition of the juvenile may not be affected by the fact that the juvenile demanded a trial by jury or made a plea of not guilty. Any order providing disposition other than mandatory referral to the department for services is subject to appeal to the Supreme Court of Appeals.

(f) Following any further disposition by the court, the court shall inquire of the juvenile whether or not appeal is desired and the response shall be transcribed; a negative response may not be construed as a waiver. The evidence shall be transcribed as soon as practicable and made available to the juvenile or his or her counsel, if it is requested for purposes of further proceedings. A judge may grant a stay of execution pending further proceedings.

(g) A juvenile adjudicated solely as a status offender on or after January 1, 2016, may not be placed in a Division of Juvenile Services facility.

*§49-4-714. Disposition of juvenile delinquents; appeal.*

(a) In aid of disposition of juvenile delinquents, the juvenile probation officer assigned to the juvenile shall, upon request of the court, make an investigation of the environment of the juvenile and the alternative dispositions possible. The court, upon its own motion, or upon request of counsel, may order the use of a standardized screener, as defined in section two hundred six, article one of this chapter or, if additional information is necessary, a psychological examination of the juvenile. The report of an examination and other investigative and social reports shall not be relied upon the court in making a

*Note: This section was also amended by H. B. 2200 (Chapter 46), which passed prior to this act.*
determination of adjudication. Unless waived, copies of the
report shall be provided to counsel for the petitioner and counsel
for the juvenile no later than seventy-two hours prior to the
dispositional hearing.

(b) Following the adjudication, the court shall receive and
consider the results of a risk and needs assessment conducted
pursuant to section seven hundred twenty-four, article four of
this chapter and shall conduct the disposition, giving all parties
an opportunity to be heard. The disposition may include
reasonable and relevant orders to the parents, custodians or
guardians of the juvenile as is necessary and proper to effectuate
the disposition. At disposition the court shall not be limited to
the relief sought in the petition and shall, in electing from the
following alternatives, consider the best interests of the juvenile
and the welfare of the public:

(1) Dismiss the petition;

(2) Refer the juvenile and the juvenile’s parent or custodian
to a community agency for needed assistance and dismiss the
petition;

(3) Upon a finding that the juvenile is in need of
extra-parental supervision: (A) Place the juvenile under the
supervision of a probation officer of the court or of the court of
the county where the juvenile has his or her usual place of abode
or other person while leaving the juvenile in custody of his or
her parent or custodian; and (B) prescribe a program of treatment
or therapy or limit the juvenile’s activities under terms which are
reasonable and within the child’s ability to perform, including
participation in the litter control program established pursuant to
section three, article fifteen-a, chapter twenty-two of this code or
other appropriate programs of community service;

(4) Upon a finding that a parent or custodian is not willing
or able to take custody of the juvenile, that a juvenile is not
willing to reside in the custody of his or her parent or custodian or that a parent or custodian cannot provide the necessary supervision and care of the juvenile, the court may place the juvenile in temporary foster care or temporarily commit the juvenile to the department or a child welfare agency. The court order shall state that continuation in the home is contrary to the best interest of the juvenile and why; and whether or not the department made a reasonable effort to prevent the placement or that the emergency situation made those efforts unreasonable or impossible. Whenever the court transfers custody of a youth to the department, an appropriate order of financial support by the parents or guardians shall be entered in accordance with part eight, article four of this chapter and guidelines promulgated by the Supreme Court of Appeals;

(5) (A) Upon a finding that the best interests of the juvenile or the welfare of the public require it, and upon an adjudication of delinquency, the court may commit the juvenile to the custody of the Director of the Division of Juvenile Services for placement in a juvenile services facility for the treatment, instruction and rehabilitation of juveniles. The court maintains discretion to consider alternative sentencing arrangements.

(B) Notwithstanding any provision of this code to the contrary, in the event that the court determines that it is in the juvenile’s best interests or required by the public welfare to place the juvenile in the custody of the Division of Juvenile Services, the court shall provide the Division of Juvenile Services with access to all relevant court orders and records involving the underlying offense or offenses for which the juvenile was adjudicated delinquent, including sentencing and presentencing reports and evaluations, and provide the division with access to school records, psychological reports and evaluations, risk and needs assessment results, medical reports and evaluations or any other such records as may be in the court’s possession as would enable the Division of Juvenile
Services to better assess and determine the appropriate counseling, education and placement needs for the juvenile offender.

(C) Commitments may not exceed the maximum term for which an adult could have been sentenced for the same offense and any such maximum allowable term of confinement to be served in a juvenile correctional facility shall take into account any time served by the juvenile in a detention center pending adjudication, disposition or transfer. The order shall state that continuation in the home is contrary to the best interests of the juvenile and why; and whether or not the state department made a reasonable effort to prevent the placement or that the emergency situation made those efforts unreasonable or impossible; or

(6) After a hearing conducted under the procedures set out in subsections (c) and (d), section four, article five, chapter twenty-seven of this code, commit the juvenile to a mental health facility in accordance with the juvenile’s treatment plan; the director of the mental health facility may release a juvenile and return him or her to the court for further disposition. The order shall state that continuation in the home is contrary to the best interests of the juvenile and why; and whether or not the state department made a reasonable effort to prevent the placement or that the emergency situation made those efforts unreasonable or impossible.

The court shall make all reasonable efforts to place the juvenile in the least restrictive alternative appropriate to the needs of the juvenile and the community: Provided, That a juvenile adjudicated delinquent for a nonviolent misdemeanor offense may not be placed in an out-of-home placement within the Division of Juvenile Services or the department if that juvenile has no prior adjudications as either a status offender or as a delinquent, or no prior dispositions to a pre-adjudicatory
improvement period or probation for the current matter, excluding placements made for abuse or neglect: Provided, however, That if the court finds by clear and convincing evidence that there is a significant and likely risk of harm, as determined by a risk and needs assessment, to the juvenile, a family member or the public and that continued placement in the home is contrary to the best interest of the juvenile, such juvenile may be ordered to an out-of-home placement: Provided further, That the department has made all reasonable efforts to prevent removal of the juvenile from his or her home, or that reasonable efforts are not required due to an emergent situation.

(c) In any case in which the court decides to order the juvenile placed in an out-of-state facility or program, it shall set forth in the order directing the placement the reasons the juvenile was not placed in an in-state facility or program.

(d) The disposition of the juvenile shall not be affected by the fact that the juvenile demanded a trial by jury or made a plea of not guilty. Any disposition is subject to appeal to the Supreme Court of Appeals.

(e) Following disposition, the court shall inquire whether the juvenile wishes to appeal and the response shall be transcribed; a negative response shall not be construed as a waiver. The evidence shall be transcribed as soon as practicable and made available to the juvenile or his or her counsel, if the same is requested for purposes of further proceedings. A judge may grant a stay of execution pending further proceedings.

(f) Following a disposition under subdivision (4), (5) or (6), subsection (b) of this section, the court shall include in the findings of fact the treatment and rehabilitation plan the court has adopted upon recommendation of the multidisciplinary team under section four hundred six, article four of this chapter.
§49-4-718. Modification of dispositional orders; motions; hearings.

(a) A dispositional order of the court may be modified:

(1) Upon the motion of the probation officer, a department official, the director of the Division of Juvenile Services or prosecuting attorney; or

(2) Upon the request of the juvenile or a juvenile’s parent, guardian or custodian who alleges a change of circumstances relating to disposition of the juvenile.

(b) Upon such a motion or request, the court shall conduct a review hearing, except that if the last dispositional order was within the previous six months, the court may deny a request for review. Notice in writing of a review hearing shall be given to the juvenile, the juvenile’s parent, guardian or custodian and all counsel not less than seventy-two hours prior to the proceeding. The court shall review the performance of the juvenile, the juvenile’s parent or custodian, the juvenile’s case worker and other persons providing assistance to the juvenile or juvenile’s family. If the motion or request for review of disposition is based upon an alleged violation of a court order, the court may modify the disposition order and impose a more restrictive alternative if it finds clear and convincing proof of substantial violation. In the absence of such evidence, the court may decline to modify the dispositional order or may modify the order and impose one of

*NOTE: This section was also amended by H. B. 2200 (Chapter 46), which passed prior to this act.*
the less restrictive alternatives set forth in section seven hundred
twelve of this article. A juvenile may not be required to seek a
modification order as provided in this section in order to exercise
his or her right to seek relief by habeas corpus.

(c) In a hearing for modification of a dispositional order, or
in any other dispositional hearing, the court shall consider the
best interests of the child and the welfare of the public.

(d) (1) For dispositional orders that include probation, the
juvenile’s probation officer shall submit an overview to the court
of the juvenile’s compliance with the conditions of probation and
goals of his or her case plan every ninety days.

(2) If the juvenile is compliant and no longer in need of
probation supervision, the probation officer shall submit a
recommendation for discharge from probation supervision. If the
court determines that early termination of the probation term is
warranted, it may issue an order discharging the juvenile from
probation without conducting a review hearing.

(3) If the juvenile is not compliant with the conditions or has
not met his or her goals, the probation officer shall include an
accompanying recommendation to the court with additional or
changed conditions or goals necessary to achieve compliance. If
the court determines that changes to the conditions of probation
are warranted, the court shall conduct a review hearing in
accordance with subsection (b) of this section.

*§49-4-719. Juvenile probation officers; appointment; salary;
facilities; expenses; duties; powers.

(a) (1) Each circuit court, subject to the approval of the
Supreme Court of Appeals and in accordance with the rules of

* NOTE: This section was also amended by H. B. 2200 (Chapter 46),
which passed prior to this act.
the Supreme Court of Appeals, shall appoint one or more
juvenile probation officers and clerical assistants for the circuit. A probation officer or clerical assistant may not be related by
blood or marriage to the appointing judge.

(2) The salary for juvenile probation officers and clerical
assistants shall be determined and fixed by the Supreme Court of
Appeals. All expenses and costs incurred by the juvenile
probation officers and their staff shall be paid by the Supreme
Court of Appeals in accordance with its rules. The county
commission of each county shall provide adequate office
facilities for juvenile probation officers and their staff. All
equipment and supplies required by juvenile probation officers
and their staff shall be provided by the Supreme Court of
Appeals.

(3) A juvenile probation officer may not be considered a
law-enforcement official under this chapter.

(b) The clerk of a court shall notify, if practicable, the chief
probation officer of the county, or his or her designee, when a
juvenile is brought before the court or judge for proceedings
under this article. When notified, or if the probation officer
otherwise obtains knowledge of such fact, he or she or one of his
or her assistants shall:

(1) Make investigation of the case; and

(2) Furnish information and assistance that the court or judge
may require.

(c) (1) The Supreme Court of Appeals may develop a system
of community-based juvenile probation sanctions and incentives
to be used by probation officers in response to violations of
terms and conditions of probation and to award incentives for
positive behavior.
(2) The community-based juvenile probation sanctions and incentives may consist of a continuum of responses from the least restrictive to the most restrictive, designed to respond swiftly, proportionally and consistently to violations of the terms and conditions of probation and to reward compliance therewith.

(3) The purpose of community-based juvenile probation sanctions and incentives is to reduce the amount of resources and time spent by the court addressing probation violations, to reduce the likelihood of a new status or delinquent act, and to encourage and reward positive behavior by the juvenile on probation prior to any attempt to place a juvenile in an out-of-home placement.

§49-4-724. Standardized risk and needs assessment.

(a) The Supreme Court of Appeals is requested to adopt a risk and needs assessment to be used for juvenile dispositions. A validation study of the risk and needs assessment may be conducted at least every three years to ensure that the risk and needs assessment is predictive of the risk of reoffending.

(b) Each juvenile adjudicated for a status or delinquency offense in accordance with this chapter shall undergo a risk and needs assessment prior to disposition to identify specific factors that predict a juvenile’s likelihood of reoffending and, when appropriately addressed, may reduce the likelihood of reoffending. The risk and needs assessment may be conducted by a probation officer, other court official or the state department worker trained to conduct the risk and needs assessment.

(c) Each multidisciplinary team convened pursuant to section four hundred six, article four of this chapter shall receive and consider the results of the risk and needs assessment of the juvenile.
The results of the risk and needs assessment shall be provided to the court prior to disposition or at the time of the dispositional hearing.

§49-4-725. Restorative justice programs.

(a) The court or prosecuting attorney may divert a juvenile referred to the court for a status offense or for a nonviolent misdemeanor offense to a restorative justice program, where available, prior to adjudication.

(b) A restorative justice program shall:

(1) Emphasize repairing the harm against the victim and the community caused by the juvenile;

(2) Include victim-offender dialogues or family group conferencing attended voluntarily by the victim, the juvenile offender, a facilitator, a victim advocate, community members, or supporters of the victim or the juvenile offender that provide an opportunity for the offender to accept responsibility for the harm caused to those affected by the crime and to participate in setting consequences to repair the harm; and

(3) Implement sanctions for the juvenile, including, but not limited to, restitution to the victim, restitution to the community, services for the victim or the community, or any other sanction intended to provide restitution to the victim or the community.

(c) If a juvenile is referred to, and successfully completes, a restorative justice program, the petition against the juvenile shall be dismissed.

(d) No information obtained as the result of a restorative justice program is admissible in a subsequent proceeding under this article.
ARTICLE 5. RECORDKEEPING AND DATABASE.

*§49-5-103. Confidentiality of juvenile records; permissible disclosures; penalties; damages.

(a) Any findings or orders of the court in a juvenile proceeding shall be known as the juvenile record and shall be maintained by the clerk of the court.

(b) Records of a juvenile proceeding conducted under this chapter are not public records and shall not be disclosed to anyone unless disclosure is otherwise authorized by this section.

(c) Notwithstanding the provisions of subsection (b) of this section, a copy of a juvenile’s records shall automatically be disclosed to certain school officials, subject to the following terms and conditions:

(1) Only the records of certain juveniles shall be disclosed. These include, and are limited to, cases in which:

(A) The juvenile has been charged with an offense which:

(i) Involves violence against another person;

(ii) Involves possession of a dangerous or deadly weapon; or

(iii) Involves possession or delivery of a controlled substance as that term is defined in section one hundred one, article one, chapter sixty-a of this code; and

(B) The juvenile’s case has proceeded to a point where one or more of the following has occurred:

*NOTE: This section was also amended by H. B. 2200 (Chapter 46), which passed prior to this act.*
(i) A circuit court judge or magistrate has determined that there is probable cause to believe that the juvenile committed the offense as charged;

(ii) A circuit court judge or magistrate has placed the juvenile on probation for the offense;

(iii) A circuit court judge or magistrate has placed the juvenile into a preadjudicatory community supervision period in accordance with section seven hundred eight, article four of this chapter; or

(iv) Some other type of disposition has been made of the case other than dismissal.

(2) The circuit court for each judicial circuit in West Virginia shall designate one person to supervise the disclosure of juvenile records to certain school officials.

(3) If the juvenile attends a West Virginia public school, the person designated by the circuit court shall automatically disclose all records of the juvenile’s case to the county superintendent of schools in the county in which the juvenile attends school and to the principal of the school which the juvenile attends, subject to the following:

(A) At a minimum, the records shall disclose the following information:

(i) Copies of the arrest report;

(ii) Copies of all investigations;

(iii) Copies of any psychological test results and any mental health records;

(iv) Copies of any evaluation reports for probation or facility placement; and
(v) Any other material that would alert the school to potential danger that the juvenile may pose to himself, herself or others;

(B) The disclosure of the juvenile’s psychological test results and any mental health records shall only be made in accordance with subdivision (14) of this subsection;

(C) If the disclosure of any record to be automatically disclosed under this section is restricted in its disclosure by the Health Insurance Portability and Accountability Act of 1996, PL 104-191, and any amendments and regulations under the act, the person designated by the circuit court shall provide the superintendent and principal any notice of the existence of the record that is permissible under the act and, if applicable, any action that is required to obtain the record; and

(D) When multiple disclosures are required by this subsection, the person designated by the circuit court is required to disclose only material in the juvenile record that had not previously been disclosed to the county superintendent and the principal of the school which the juvenile attends.

(4) If the juvenile attends a private school in West Virginia, the person designated by the circuit court shall determine the identity of the highest ranking person at that school and shall automatically disclose all records of a juvenile’s case to that person.

(5) If the juvenile does not attend school at the time the juvenile’s case is pending, the person designated by the circuit court may not transmit the juvenile’s records to any school. However, the person designated by the circuit court shall transmit the juvenile’s records to any school in West Virginia which the juvenile subsequently attends.
(6) The person designated by the circuit court may not automatically transmit juvenile records to a school which is not located in West Virginia. Instead, the person designated by the circuit court shall contact the out-of-state school, inform it that juvenile records exist and make an inquiry regarding whether the laws of that state permit the disclosure of juvenile records. If so, the person designated by the circuit court shall consult with the circuit judge who presided over the case to determine whether the juvenile records should be disclosed to the out-of-state school. The circuit judge has discretion in determining whether to disclose the juvenile records and shall consider whether the other state’s law regarding disclosure provides for sufficient confidentiality of juvenile records, using this section as a guide. If the circuit judge orders the juvenile records to be disclosed, they shall be disclosed in accordance with subdivision (7) of this subsection.

(7) The person designated by the circuit court shall transmit the juvenile’s records to the appropriate school official under cover of a letter emphasizing the confidentiality of those records and directing the official to consult this section of the code. A copy of this section of the code shall be transmitted with the juvenile’s records and cover letter.

(8) Juvenile records are absolutely confidential by the school official to whom they are transmitted and nothing contained within the juvenile’s records may be noted on the juvenile’s permanent educational record. The juvenile records are to be maintained in a secure location and are not to be copied under any circumstances. However, the principal of a school to whom the records are transmitted shall have the duty to disclose the contents of those records to any teacher who teaches a class in which the subject juvenile is enrolled and to the regular driver of a school bus in which the subject juvenile is regularly transported to or from school, except that the disclosure of the juvenile’s psychological test results and any mental health records may only be made in accordance with subdivision (14)
of this subsection. Furthermore, any school official to whom the
juvenile’s records are transmitted may disclose the contents of
those records to any adult within the school system who, in the
discretion of the school official, has the need to be aware of the
contents of those records.

(9) If for any reason a juvenile ceases to attend a school
which possesses that juvenile’s records, the appropriate official
at that school shall seal the records and return them to the circuit
court which sent them to that school. If the juvenile has changed
schools for any reason, the former school shall inform the circuit
court of the name and location of the new school which the
juvenile attends or will be attending. If the new school is located
within West Virginia, the person designated by the circuit court
shall forward the juvenile’s records to the juvenile’s new school
in the same manner as provided in subdivision (7) of this
subsection. If the new school is not located within West
Virginia, the person designated by the circuit court shall handle
the juvenile records in accordance with subdivision (6) of this
subsection.

If the juvenile has been found not guilty of an offense for
which records were previously forwarded to the juvenile’s
school on the basis of a finding of probable cause, the circuit
court may not forward those records to the juvenile’s new
school. However, this does not affect records related to other
prior or future offenses. If the juvenile has graduated or quit
school or will otherwise not be attending another school, the
circuit court shall retain the juvenile’s records and handle them
as otherwise provided in this article.

(10) Under no circumstances may one school transmit a
juvenile’s records to another school.

(11) Under no circumstances may juvenile records be
automatically transmitted to a college, university or other
post-secondary school.
(12) No one may suffer any penalty, civil or criminal, for accidentally or negligently attributing certain juvenile records to the wrong person. However, that person has the affirmative duty to promptly correct any mistake that he or she has made in disclosing juvenile records when the mistake is brought to his or her attention. A person who intentionally attributes false information to a certain person shall be subjected to both criminal and civil penalties in accordance with subsection (e) of this section.

(13) If a circuit judge or magistrate has determined that there is probable cause to believe that a juvenile has committed an offense but there has been no final adjudication of the charge, the records which are transmitted by the circuit court shall be accompanied by a notice which clearly states in bold print that there has been no determination of delinquency and that our legal system requires a presumption of innocence.

(14) The county superintendent shall designate the school psychologist or psychologists to receive the juvenile’s psychological test results and any mental health records. The psychologist designated shall review the juvenile’s psychological test results and any mental health records and, in the psychologist’s professional judgment, may disclose to the principal of the school that the juvenile attends and other school employees who would have a need to know the psychological test results, mental health records and any behavior that may trigger violence or other disruptive behavior by the juvenile. Other school employees include, but are not limited to, any teacher who teaches a class in which the subject juvenile is enrolled and the regular driver of a school bus in which the subject juvenile is regularly transported to or from school.

(d) Notwithstanding the provisions of subsection (b) of this section, juvenile records may be disclosed, subject to the following terms and conditions:
(1) If a juvenile case is transferred to the criminal jurisdiction of the circuit court pursuant to the provisions of subsection (c) or (d), section seven hundred ten, article four of this chapter, the juvenile records are open to public inspection.

(2) If a juvenile case is transferred to the criminal jurisdiction of the circuit court pursuant to the provisions of subsection (e), (f) or (g), section seven hundred ten, article four of this chapter, the juvenile records are open to public inspection only if the juvenile fails to file a timely appeal of the transfer order, or the Supreme Court of Appeals refuses to hear or denies an appeal which has been timely filed.

(3) If a juvenile is fourteen years of age or older and a court has determined there is a probable cause to believe the juvenile committed an offense set forth in subsection (g), section seven hundred ten, article four of this chapter, but the case is not transferred to criminal jurisdiction, the juvenile records are open to public inspection pending trial only if the juvenile is released on bond and no longer detained or adjudicated delinquent of the offense.

(4) If a juvenile is younger than fourteen years of age and a court has determined there is probable cause to believe that the juvenile committed the crime of murder under section one, two or three, article two, chapter sixty-one of this code, or the crime of sexual assault in the first degree under section three, article eight-b of chapter sixty-one, but the case is not transferred to criminal jurisdiction, the juvenile records shall be open to public inspection pending trial only if the juvenile is released on bond and no longer detained or adjudicated delinquent of the offense.

(5) Upon a written petition and pursuant to a written order, the circuit court may permit disclosure of juvenile records to:

(A) A court, in this state or another state, which has juvenile jurisdiction and has the juvenile before it in a juvenile proceeding;
A court, in this state or another state, exercising criminal jurisdiction over the juvenile which requests records for the purpose of a presentence report or disposition proceeding;

(C) The juvenile, the juvenile’s parents or legal guardian, or the juvenile’s counsel;

(D) The officials of a public institution to which the juvenile is committed if they require those records for transfer, parole or discharge; or

(E) A person who is conducting research. However, juvenile records may be disclosed for research purposes only upon the condition that information which would identify the subject juvenile or the juvenile’s family may not be disclosed.

(6) Notwithstanding any other provision of this code, juvenile records shall be disclosed, or copies made available, to a probation officer upon his or her request. Any probation officer may access relevant juvenile case information contained in any electronic database maintained by or for the Supreme Court of Appeals and share it with any other probation officer.

(7) Notwithstanding any other provision of this code, juvenile records shall be disclosed, or copies made available, in response to any lawfully issued subpoena from a federal court or federal agency.

(8) Notwithstanding any other provision of this code, juvenile records shall be disclosed, or copies made available, to the department or the Division of Juvenile Services for purposes of case planning for the juvenile and his or her parents, custodians or guardians.

(e) Any records open to public inspection pursuant to this section are subject to the same requirements governing the disclosure of adult criminal records.
(f) Any person who willfully violates this section is guilty of a misdemeanor and, upon conviction, shall be fined not more than $1,000, or confined in jail for not more than six months, or both fined and confined. A person who violates this section is also liable for damages in the amount of $300 or actual damages, whichever is greater.

§49-5-106. Data collection.

(e) The term “railroad company” includes any firm or corporation engaged primarily in the business of transportation by rail.

(b) Whenever a person, firm or corporation discharges an employee, or whenever an employee quits or resigns from employment, the person, firm or corporation shall pay the employee’s wages due for work that the employee performed prior to the separation of employment on or before the next regular payday on which the wages would otherwise be due and payable: Provided, That fringe benefits, as defined in section one of this article, that are provided an employee pursuant to an agreement between the employee and employer and that are due, but pursuant to the terms of the agreement, are to be paid at a future date or upon additional conditions which are ascertainable are not subject to this subsection and are not payable on or before the next regular payday, but shall be paid according to the terms of the agreement. Liquidated damages that can be awarded under this section are not available to employees claiming they were misclassified as exempt from overtime under state and federal wage and hour laws. Every employee shall have a lien and all other rights and remedies for the protection and enforcement of his or her salary or wages, as he or she would have been entitled to had he or she rendered service therefor in the manner as last employed; except that, for the purpose of liquidated damages, the failure shall not be deemed to continue after the date of the filing of a petition in bankruptcy with respect to the employer if he or she is adjudicated bankrupt upon the petition.

§11-8-9. Meetings of local levying bodies.

(a) Each local levying body shall hold a meeting or meetings between the seventh and twenty-eighth days of March for the

(c) The State Auditor shall propose rules for legislative approval in accordance with article three, chapter twenty-nine-a of this code to implement the purposes of this subsection. AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §55-7H-1, §55-7H-2, §55-7H-3, §55-7H-4, §55-7H-5 and §55-7H-6, all relating to immunity from civil liability for clinical practice plans and personnel associated with medical and dental schools; providing legislative findings and declarations of public purpose; defining terms; limiting civil liability for clinical practice plans and their directors, officers, employees, agents and contractors; providing for minimum medical professional liability insurance requirements; and determining the applicability and construction of the immunity from civil liability.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new article, designated §55-7H-1, §55-7H-2, §55-7H-3, §55-7H-4, §55-7H-5 and §55-7H-6, all to read as follows:

ARTICLE 7H. IMMUNITY FROM CIVIL LIABILITY FOR CLINICAL PRACTICE PLANS AND PERSONNEL ASSOCIATED WITH MEDICAL AND DENTAL SCHOOLS.

§55-7H-1. Findings and declaration of public purpose.

1 The Legislature finds and declares:
That the citizens of this state have been and should continue
to be well served by physicians and dentists educated and trained
at the Marshall University School of Medicine, the West
Virginia School of Osteopathic Medicine, the West Virginia
University School of Medicine and the West Virginia University
School of Dentistry;

That the state’s medical and dental schools play a vital role
in ensuring an adequate supply of qualified and trained
physicians throughout the state;

That the education, training and research provided at the
state’s medical and dental schools and state medical school are
an essential governmental function in which the state has a
substantial and compelling interest;

That the provision of clinical services to patients by faculty
members, residents, fellows and students of the state’s medical
and dental schools and state medical school, is an inseparable
component of the aforementioned education, training and
research;

That the provision of the clinical services significantly
contributes to the ongoing quality, effectiveness and scope of the
state’s health care delivery system;

That the provision of the clinical services also raises the
public profile and reputation of the respective institutions both
regionally and nationally, thereby facilitating the recruitment of
talented faculty, residents, fellows and students to their programs
of study;

That the provision of the clinical services generates
additional revenues needed to fund faculty salaries and other
costs associated with the overall operation of the state medical
school and state’s medical and dental schools;
That the continued availability of the revenues to the state medical school and state’s medical and dental schools is necessary to their ongoing operation and delivery of the benefits described above;

That the continued availability of the revenues is compromised by the cost of medical professional liability insurance, the cost of defending medical professional liability claims, and the cost of compensating patients who suffer medical injury or death;

That the state concurrently has an interest in providing a system that makes available adequate and fair compensation to those individual patients who suffer medical injury or death;

That it is the duty and responsibility of the Legislature to balance the rights of individual patients to obtain adequate and fair compensation, with the substantial and compelling state interests set forth herein supporting the need for a financially viable system of medical and dental schools;

That, in balancing these important state interests, the Legislature acknowledges the sovereign immunity set forth in the West Virginia Constitution under Article VI, Section 35, to prevent the diversion of state moneys from legislatively appropriated purposes;

That, in conjunction with the provision of clinical services to patients by faculty members, residents, fellows and students of the state’s medical and dental schools, or state medical school, it is a common practice both here and in other states to create one or more clinical practice plans as nonprofit corporations;

That the clinical practice plans, among other things, administratively support clinical activities by holding real and personal property, offering personnel and financial management, providing billing and collection for services rendered, and
disbursing excess revenues back to the respective medical and
dental schools;

That the clinical practice plans become integrated with their
respective state medical school and state’s medical and dental
schools and exclusively serve the interests of these schools and
their faculty;

That any moneys the clinical practice plans expend for the
defense, settlement, and satisfaction of medical professional
liability claims inevitably result in a shortfall of funds available
to the medical and dental schools for faculty compensation and
other operational purposes, thereby undermining the sovereign
immunity otherwise granted to state institutions by the West
Virginia Constitution;

That it is therefore reasonable and appropriate for the
Legislature to provide immunity from civil liability to clinical
practice plans and their respective directors, officers, employees
and agents given the substantial and compelling state interests
being served; and

That it is further reasonable and appropriate to require the
state’s medical and dental schools to maintain a level of medical
professional liability insurance to adequately and fairly
compensate patients who suffer medical injuries or death.

§55-7H-2. Definitions.

For purposes of this article:

(1) “Clinical practice plan” means any of the nonprofit
corporations that are operated to assist the state medical school

shall be considered agents of the state.
(2) “Contractor” means an independent contractor, whether compensated or not, who is licensed as a health care professional under chapter thirty of this code, who is acting within the scope of his or her authority for a state medical school, state’s medical and dental schools, or a clinical practice plan, and is a member of the faculty of a state’s medical and dental schools or state medical school.

(3) “Employee” means a director, officer, employee, agent or servant, whether compensated or not, who is licensed as a health care professional under chapter thirty of this code and who is acting within the scope of his or her authority or employment for a state’s medical and dental schools, a state medical school or a clinical practice plan.

(4) “Health care” means any act or treatment performed or furnished, or which should have been performed or furnished, by any director, officer, employee, agent or contractor of a state medical school, state’s medical and dental schools, or a clinical practice plan for, to or on behalf of a patient during the patient’s medical care, treatment or confinement.

(5) “Medical injury” means injury or death to a patient arising or resulting from the rendering or failure to render health care.

(6) “Medical professional liability insurance” means a contract of insurance, or any self-insurance retention program established under the provisions of section ten, article five, chapter eighteen-b of this code, that pays for the legal liability arising from a medical injury.

(7) “Patient” means a natural person who receives or should have received health care from a director, officer, employee, agent or contractor of a state medical school, state’s medical and dental schools, or a clinical practice plan under a contract, express or implied.
(8) “Scope of authority or employment” means performance by a director, officer, employee, agent or contractor acting in good faith within the duties of his or her office, employment or contract with a state medical school, state’s medical and dental schools, or a clinical practice plan, but does not include corruption or fraud.

(9) “State’s medical and dental schools” or “state medical school” means the Marshall University School of Medicine, the West Virginia School of Osteopathic Medicine, the West Virginia University School of Medicine and the West Virginia University School of Dentistry.

Notwithstanding any other provision of this code, all clinical practice plans, and all employees and contractors of a state’s medical and dental schools, state medical school or a clinical practice plan, are only liable up to the limits of insurance coverage procured through the State Board of Risk and Insurance Management in accordance with section four, article seven-h, chapter fifty-five of the code, arising from a medical injury to a patient, including death resulting, in whole or in part, from the medical injury, either through act or omission, or whether actual or imputed, while acting within the scope of their authority or employment for a state’s medical and dental schools, state medical school or a clinical practice plan. The provisions of this article apply to the acts and omissions of all full-time, part-time, visiting and volunteer directors, officers, faculty members, residents, fellows, students, employees, agents and contractors of a state’s medical and dental schools, state medical school or a clinical practice plan, regardless of whether the persons are engaged in teaching, research, clinical, administrative or other duties giving rise to the medical injury, regardless of whether the activities were being performed on
behalf of a state’s medical and dental schools, state medical school or on behalf of a clinical practice plan and regardless of where the duties were being carried out at the time of the medical injury.

§55-7H-4. Medical professional liability insurance for state’s medical and dental schools and state medical schools.

The State Board of Risk and Insurance Management shall provide medical professional liability insurance to all of the state’s medical and dental schools, state medical school, all of their clinical practice plans and all of their directors, officers, employees, agents and contractors in an amount to be determined by the State Board of Risk and Insurance Management, but in no event less than $1.5 million for each occurrence after July 1, 2015, to increase to account for inflation by an amount equal to the Consumer Price Index published by the United States Department of Labor, up to $2 million for each occurrence. The clinical practice plans shall pay for this insurance. The provision of professional liability insurance is not a waiver of immunity that any of the foregoing entities or persons may have pursuant to this article or under any other law. Any judgment obtained for a medical injury to a patient as a result of health care performed or furnished, or which should have been performed or furnished, by any employee or contractor of a state’s medical and dental school, state medical school or clinical practice plan shall not exceed the limits of medical professional liability insurance coverage provided by the State Board of Risk and Insurance Management pursuant to this section.

§55-7H-5. Applicability of provisions.

The provisions of this article are applicable prospectively to all claims that occur and are commenced on or after July 1, 2015.
§55-7H-6. Construction.

1 The provisions of this article operate in addition to, and not in derogation of, any of the provisions contained in article seven-b of this chapter.

title becomes invalid by the passage of time as provided in this
section, the Commissioner of Motor Vehicles is not required to
maintain a lien index as to the certificate of title.

7B-7a and §55-7B-9d, all to read as follows:

ARTICLE 7B. MEDICAL PROFESSIONAL LIABILITY.

§55-7B-1. Legislative findings and declaration of purpose.

1 The Legislature finds and declares that:
The citizens of this state are entitled to the best medical care and facilities available and that health care providers offer an essential and basic service which requires that the public policy of this state encourage and facilitate the provision of such service to our citizens;

As in every human endeavor the possibility of injury or death from negligent conduct commands that protection of the public served by health care providers be recognized as an important state interest;

Our system of litigation is an essential component of this state’s interest in providing adequate and reasonable compensation to those persons who suffer from injury or death as a result of professional negligence, and any limitation placed on this system must be balanced with and considerate of the need to fairly compensate patients who have been injured as a result of negligent and incompetent acts by health care providers;

Liability insurance is a key part of our system of litigation, affording compensation to the injured while fulfilling the need and fairness of spreading the cost of the risks of injury;

A further important component of these protections is the capacity and willingness of health care providers to monitor and effectively control their professional competency, so as to protect the public and ensure to the extent possible the highest quality of care;

It is the duty and responsibility of the Legislature to balance the rights of our individual citizens to adequate and reasonable compensation with the broad public interest in the provision of services by qualified health care providers and health care facilities who can themselves obtain the protection of reasonably priced and extensive liability coverage;
In recent years, the cost of insurance coverage has risen dramatically while the nature and extent of coverage has diminished, leaving the health care providers, the health care facilities and the injured without the full benefit of professional liability insurance coverage;

Many of the factors and reasons contributing to the increased cost and diminished availability of professional liability insurance arise from the historic inability of this state to effectively and fairly regulate the insurance industry so as to guarantee our citizens that rates are appropriate, that purchasers of insurance coverage are not treated arbitrarily and that rates reflect the competency and experience of the insured health care providers and health care facilities;

The unpredictable nature of traumatic injury health care services often results in a greater likelihood of unsatisfactory patient outcomes, a higher degree of patient and patient family dissatisfaction and frequent malpractice claims, creating a financial strain on the trauma care system of our state, increasing costs for all users of the trauma care system and impacting the availability of these services, requires appropriate and balanced limitations on the rights of persons asserting claims against trauma care health care providers, this balance must guarantee availability of trauma care services while mandating that these services meet all national standards of care, to assure that our health care resources are being directed towards providing the best trauma care available;

The cost of liability insurance coverage has continued to rise dramatically, resulting in the state's loss and threatened loss of physicians, which, together with other costs and taxation incurred by health care providers in this state, have created a competitive disadvantage in attracting and retaining qualified physicians and other health care providers;
Medical liability issues have reached critical proportions for the state’s long-term health care facilities, as: (1) Medical liability insurance premiums for nursing homes in West Virginia continue to increase and the number of claims per bed has increased significantly; (2) the cost to the state Medicaid program as a result of such higher premiums has grown considerably in this period; (3) current medical liability premium costs for some nursing homes constitute a significant percentage of the amount of coverage; (4) these high costs are leading some facilities to consider dropping medical liability insurance coverage altogether; and (5) the medical liability insurance crisis for nursing homes may soon result in a reduction of the number of beds available to citizens in need of long-term care; and

The modernization and structure of the health care delivery system necessitate an update of provisions of this article in order to facilitate and continue the objectives of this article which are to control the increase in the cost of liability insurance and to maintain access to affordable health care services for our citizens.

Therefore, the purpose of this article is to provide a comprehensive resolution of the matters and factors which the Legislature finds must be addressed to accomplish the goals set forth in this section. In so doing, the Legislature has determined that reforms in the common law and statutory rights of our citizens must be enacted together as necessary and mutual ingredients of the appropriate legislative response relating to:

(1) Compensation for injury and death;

(2) The regulation of rate making and other practices by the liability insurance industry, including the formation of a physicians’ mutual insurance company and establishment of a fund to assure adequate compensation to victims of malpractice; and
(3) The authority of medical licensing boards to effectively regulate and discipline the health care providers under such board.

(3) Any group accident, sickness or income disability insurance, any casualty or property insurance, including automobile and homeowners’ insurance, which provides medical benefits, income replacement or disability coverage, or any other similar insurance benefits, except life insurance, to the extent that someone other than the insured, including the insured’s employer, has paid all or part of the premium or made an economic contribution on behalf of the plaintiff; or

rendering health care services.

(j) “Medical professional liability insurance” means a

§55-7B-7. Testimony of expert witness on standard of care.

(a) The applicable standard of care and a defendant’s failure to meet the standard of care, if at issue, shall be established in medical professional liability cases by the plaintiff by testimony of one or more knowledgeable, competent expert witnesses if required by the court. A proposed expert witness may only be found competent to testify if the foundation for his or her testimony is first laid establishing that: (1) The opinion is actually held by the expert witness; (2) the opinion can be testified to with reasonable medical probability; (3) the expert witness possesses professional knowledge and expertise coupled with knowledge of the applicable standard of care to which his or her expert opinion testimony is addressed; (4) the expert witness’s opinion is grounded on scientifically valid peer-reviewed studies if available; (5) the expert witness maintains a current license to practice medicine with the appropriate licensing authority of any state of the United States: Provided, That the expert witness’s license has not been revoked or suspended in the past year in any state; and (6) the expert witness is engaged or qualified in a medical field in which the practitioner has experience and/or training in diagnosing or treating injuries or conditions similar to those of the patient. If the witness meets all of these qualifications and devoted, at the time of the medical injury, sixty percent of his or her professional time annually to the active clinical practice in his or her medical field or specialty, or to teaching in his or her medical field or speciality in an accredited university, there shall be a rebuttable presumption that the witness is qualified as an expert. The parties shall have the opportunity to impeach any witness’s qualifications as an expert. Financial records of an expert witness are not discoverable or relevant to prove the amount of time the expert witness spends in active practice or teaching in his or her medical field unless good cause can be shown to the court.
(b) Nothing contained in this section limits a trial court’s discretion to determine the competency or lack of competency of a witness on a ground not specifically enumerated in this section.

§55-7B-7a. Admissibility and use of certain information.

(a) In an action brought, there is a rebuttable presumption that the following information may not be introduced unless it applies specifically to the injured person or it involves substantially similar conduct that occurred within one year of the particular incident involved:

(1) A state or federal survey, audit, review or other report of a health care provider or health care facility;

(2) Disciplinary actions against a health care provider’s license, registration or certification;

(3) An accreditation report of a health care provider or health care facility; and

(4) An assessment of a civil or criminal penalty.

(b) In any action brought, if the health care facility or health care provider demonstrates compliance with the minimum staffing requirements under state law, the health care facility or health care provider is entitled to a rebuttable presumption that appropriate staffing was provided.

(c) Information under this section may only be introduced in a proceeding if it is otherwise admissible under the West Virginia Rules of Evidence.

§55-7B-8. Limit on liability for noneconomic loss.

(a) In any professional liability action brought against a health care provider pursuant to this article, the maximum
amount recoverable as compensatory damages for noneconomic loss may not exceed $250,000 for each occurrence, regardless of the number of plaintiffs or the number of defendants or, in the case of wrongful death, regardless of the number of distributees, except as provided in subsection (b) of this section.

(b) The plaintiff may recover compensatory damages for noneconomic loss in excess of the limitation described in subsection (a) of this section, but not in excess of $500,000 for each occurrence, regardless of the number of plaintiffs or the number of defendants or, in the case of wrongful death, regardless of the number of distributees, where the damages for noneconomic losses suffered by the plaintiff were for: (1) Wrongful death; (2) permanent and substantial physical deformity, loss of use of a limb or loss of a bodily organ system; or (3) permanent physical or mental functional injury that permanently prevents the injured person from being able to independently care for himself or herself and perform life-sustaining activities.

(c) On January 1, 2004, and in each year thereafter, the limitation for compensatory damages contained in subsections (a) and (b) of this section shall increase to account for inflation by an amount equal to the Consumer Price Index published by the United States Department of Labor, not to exceed one hundred fifty percent of the amounts specified in said subsections. (d) The limitations on noneconomic damages contained in subsections (a), (b), (c) and (e) of this section are not available to any defendant in an action pursuant to this article which does not have medical professional liability insurance in the aggregate amount of at least $1 million for each occurrence covering the medical injury which is the subject of the action.

(e) If subsection (a) or (b) of this section, as enacted during the 2003 regular session of the Legislature, or the application thereof to any person or circumstance, is found by a court of law
to be unconstitutional or otherwise invalid, the maximum amount recoverable as damages for noneconomic loss in a professional liability action brought against a health care provider under this article shall thereafter not exceed $1 million.

§55-7B-9. Several liability.

(a) In the trial of a medical professional liability action under this article involving multiple defendants, the trier of fact shall report its findings on a form provided by the court which contains each of the possible verdicts as determined by the court. Unless otherwise agreed by all the parties to the action, the jury shall be instructed to answer special interrogatories, or the court, acting without a jury, shall make findings as to:

(1) The total amount of compensatory damages recoverable by the plaintiff;

(2) The portion of the damages that represents damages for noneconomic loss;

(3) The portion of the damages that represents damages for each category of economic loss;

(4) The percentage of fault, if any, attributable to each plaintiff; and

(5) The percentage of fault, if any, attributable to each of the defendants.

(b) In assessing percentages of fault, the trier of fact shall consider only the fault of the parties in the litigation at the time the verdict is rendered and may not consider the fault of any other person who has settled a claim with the plaintiff arising out of the same medical injury: Provided, That, upon the creation of the Patient Injury Compensation Fund provided for in article twelve-c, chapter twenty-nine of this code, or of some other
mechanism for compensating a plaintiff for any amount of economic damages awarded by the trier of fact which the plaintiff has been unable to collect, the trier of fact shall, in assessing percentages of fault, consider the fault of all alleged parties, including the fault of any person who has settled a claim with the plaintiff arising out of the same medical injury.

(c) If the trier of fact renders a verdict for the plaintiff, the court shall enter judgment of several, but not joint, liability against each defendant in accordance with the percentage of fault attributed to the defendant by the trier of fact.

(d) To determine the amount of judgment to be entered against each defendant, the court shall first, after adjusting the verdict as provided in section nine-a of this article, reduce the adjusted verdict by the amount of any preverdict settlement arising out of the same medical injury. The court shall then, with regard to each defendant, multiply the total amount of damages remaining, with interest, by the percentage of fault attributed to each defendant by the trier of fact. The resulting amount of damages, together with any post-judgment interest accrued, shall be the maximum recoverable against the defendant.

(e) Upon the creation of the Patient Injury Compensation Fund provided for in article twelve-c, chapter twenty-nine of this code, or of some other mechanism for compensating a plaintiff for any amount of economic damages awarded by the trier of fact which the plaintiff has been unable to collect, the court shall, in determining the amount of judgment to be entered against each defendant, first multiply the total amount of damages, with interest, recoverable by the plaintiff by the percentage of each defendant’s fault and that amount, together with any post-judgment interest accrued, is the maximum recoverable against said defendant. Prior to the court’s entry of the final judgment order as to each defendant against whom a verdict was rendered, the court shall reduce the total jury verdict by any amounts
received by a plaintiff in settlement of the action. When any defendant’s percentage of the verdict exceeds the remaining amounts due the plaintiff after the mandatory reductions, each defendant shall be liable only for the defendant’s pro rata share of the remainder of the verdict as calculated by the court from the remaining defendants to the action. The plaintiff’s total award may never exceed the jury’s verdict less any statutory or court-ordered reductions.

(f) Nothing in this section is meant to eliminate or diminish any defenses or immunities which exist as of the effective date of this section, except as expressly noted in this section.

(g) Nothing in this article is meant to preclude a health care provider from being held responsible for the portion of fault attributed by the trier of fact to any person acting as the health care provider’s agent or servant or to preclude imposition of fault otherwise imputable or attributable to the health care provider under claims of vicarious liability. A health care provider may not be held vicariously liable for the acts of a nonemployee pursuant to a theory of ostensible agency unless the alleged agent does not maintain professional liability insurance covering the medical injury which is the subject of the action in the aggregate amount of at least $1 million for each occurrence.

§55-7B-9a. Reduction in compensatory damages for economic losses for payments from collateral sources for the same injury.

(a) In any action arising after the effective date of this section, a defendant who has been found liable to the plaintiff for damages for medical care, rehabilitation services, lost earnings or other economic losses may present to the court, after the trier of fact has rendered a verdict, but before entry of judgment, evidence of payments the plaintiff has received for the same injury from collateral sources.
(b) In a hearing held pursuant to subsection (a) of this section, the defendant may present evidence of future payments from collateral sources if the court determines that:

(1) There is a preexisting contractual or statutory obligation on the collateral source to pay the benefits;

(2) The benefits, to a reasonable degree of certainty, will be paid to the plaintiff for expenses the trier of fact has determined the plaintiff will incur in the future; and

(3) The amount of the future expenses is readily reducible to a sum certain.

(c) In a hearing held pursuant to subsection (a) of this section, the plaintiff may present evidence of the value of payments or contributions he or she has made to secure the right to the benefits paid by the collateral source.

(d) After hearing the evidence presented by the parties, the court shall make the following findings of fact:

(1) The total amount of damages for economic loss found by the trier of fact;

(2) The total amount of damages for each category of economic loss found by the trier of fact;

(3) The total amount of allowable collateral source payments received or to be received by the plaintiff for the medical injury which was the subject of the verdict in each category of economic loss; and

(4) The total amount of any premiums or contributions paid by the plaintiff in exchange for the collateral source payments in each category of economic loss found by the trier of fact.
(e) The court shall subtract the total premiums the plaintiff was found to have paid in each category of economic loss from the total collateral source benefits the plaintiff received with regard to that category of economic loss to arrive at the net amount of collateral source payments.

(f) The court shall then subtract the net amount of collateral source payments received or to be received by the plaintiff in each category of economic loss from the total amount of damages awarded the plaintiff by the trier of fact for that category of economic loss to arrive at the adjusted verdict.

(g) The court may not reduce the verdict rendered by the trier of fact in any category of economic loss to reflect:

1. Amounts paid to or on behalf of the plaintiff which the collateral source has a right to recover from the plaintiff through subrogation, lien or reimbursement;

2. Amounts in excess of benefits actually paid or to be paid on behalf of the plaintiff by a collateral source in a category of economic loss;

3. The proceeds of any individual disability or income replacement insurance paid for entirely by the plaintiff;

4. The assets of the plaintiff or the members of the plaintiff’s immediate family; or

5. A settlement between the plaintiff and another tortfeasor.

(h) After determining the amount of the adjusted verdict, the court shall enter judgment in accordance with the provisions of section nine of this article.

§55-7B-9c. Limit on liability for treatment of emergency conditions for which patient is admitted to a
designated trauma center; exceptions; emergency rules.

(a) In any action brought under this article for injury to or death of a patient as a result of health care services or assistance rendered in good faith and necessitated by an emergency condition for which the patient enters a health care facility designated by the Office of Emergency Medical Services as a trauma center, including health care services or assistance rendered in good faith by a licensed emergency medical services authority or agency, certified emergency medical service personnel or an employee of a licensed emergency medical services authority or agency, the total amount of civil damages recoverable may not exceed $500,000 for each occurrence, exclusive of interest computed from the date of judgment, and regardless of the number of plaintiffs or the number of defendants or, in the case of wrongful death, regardless of the number of distributees.

(b) The limitation of liability in subsection (a) of this section also applies to any act or omission of a health care provider in rendering continued care or assistance in the event that surgery is required as a result of the emergency condition within a reasonable time after the patient’s condition is stabilized.

(c) The limitation on liability provided under subsection (a) of this section does not apply to any act or omission in rendering care or assistance which:

(1) Occurs after the patient’s condition is stabilized and the patient is capable of receiving medical treatment as a nonemergency patient; or

(2) Is unrelated to the original emergency condition.

(d) In the event that: (1) A physician provides follow-up care to a patient to whom the physician rendered care or assistance
pursuant to subsection (a) of this section; and (2) a medical
condition arises during the course of the follow-up care that is
directly related to the original emergency condition for which
care or assistance was rendered pursuant to said subsection, there
is rebuttable presumption that the medical condition was the
result of the original emergency condition and that the limitation
on liability provided by said subsection applies with respect to
that medical condition.

(e) There is a rebuttable presumption that a medical
condition which arises in the course of follow-up care provided
by the designated trauma center health care provider who
rendered good faith care or assistance for the original emergency
condition is directly related to the original emergency condition
where the follow-up care is provided within a reasonable time
after the patient’s admission to the designated trauma center.

(f) The limitation on liability provided under subsection (a)
of this section does not apply where health care or assistance for
the emergency condition is rendered:

(1) In willful and wanton or reckless disregard of a risk of
harm to the patient; or

(2) In clear violation of established written protocols for
triage and emergency health care procedures developed by the
Office of Emergency Medical Services in accordance with
subsection (e) of this section. In the event that the Office of
Emergency Medical Services has not developed a written triage
or emergency medical protocol by the effective date of this
section, the limitation on liability provided under subsection (a)
of this section does not apply where health care or assistance is
rendered under this section in violation of nationally recognized
standards for triage and emergency health care procedures.

(g) The Office of Emergency Medical Services shall, prior
to the effective date of this section, develop a written protocol
specifying recognized and accepted standards for triage and emergency health care procedures for treatment of emergency conditions necessitating admission of the patient to a designated trauma center.

(h) In its discretion, the Office of Emergency Medical Services may grant provisional trauma center status for a period of up to one year to a health care facility applying for designated trauma center status. A facility given provisional trauma center status is eligible for the limitation on liability provided in subsection (a) of this section. If, at the end of the provisional period, the facility has not been approved by the Office of Emergency Medical Services as a designated trauma center, the facility is no longer eligible for the limitation on liability provided in subsection (a) of this section.

(i) The Commissioner of the Bureau for Public Health may grant an applicant for designated trauma center status a one-time only extension of provisional trauma center status, upon submission by the facility of a written request for extension, accompanied by a detailed explanation and plan of action to fulfill the requirements for a designated trauma center. If, at the end of the six-month period, the facility has not been approved by the Office of Emergency Medical Services as a designated trauma center, the facility no longer has the protection of the limitation on liability provided in subsection (a) of this section.

(j) If the Office of Emergency Medical Services determines that a health care facility no longer meets the requirements for a designated trauma center, it shall revoke the designation, at which time the limitation on liability established by subsection (a) of this section ceases to apply to that health care facility for services or treatment rendered thereafter.

(k) The Legislature hereby finds that an emergency exists compelling promulgation of an emergency rule, consistent with
the provisions of this section, governing the criteria for
designation of a facility as a trauma center or provisional trauma
center and implementation of a statewide trauma/emergency care
system. The Legislature therefore directs the Secretary of the
Department of Health and Human Resources to file, on or before
July 1, 2003, emergency rules specifying the criteria for
designation of a facility as a trauma center or provisional trauma
center in accordance with nationally accepted and recognized
standards and governing the implementation of a statewide
trauma/emergency care system. The rules governing the
statewide trauma/emergency care system shall include, but not
be limited to:

(1) System design, organizational structure and operation,
including integration with the existing emergency medical
services system;

(2) Regulation of facility designation, categorization and
credentialing, including the establishment and collection of
reasonable fees for designation; and

(3) System accountability, including medical review and
audit to assure system quality. Any medical review committees
established to assure system quality shall include all levels of
care, including emergency medical service providers, and both
the review committees and the providers shall qualify for all the
rights and protections established in article three-c, chapter thirty
of this code.

(l) On January 1, 2016, and in each year after that, the
limitation for civil damages contained in subsection (a) of this
section shall increase to account for inflation by an amount equal
to the Consumer Price Index published by the United States
Department of Labor, not to exceed one hundred fifty percent of
said subsection.
§55-7B-9d. Adjustment of verdict for past medical expenses.

1 A verdict for past medical expenses is limited to:

2 (1) The total amount of past medical expenses paid by or on behalf of the plaintiff; and

4 (2) The total amount of past medical expenses incurred but not paid by or on behalf of the plaintiff for which the plaintiff or another person on behalf of the plaintiff is obligated to pay.

§55-7B-10. Effective date; applicability of provisions.

CHAPTER 17A. MOTOR VEHICLE ADMINISTRATION, REGISTRATION, CERTIFICATE OF TITLE, AND ANTITHEFT PROVISIONS.

ARTICLE 3. ORIGINAL AND RENEWAL OF REGISTRATION; ISSUANCE OF CERTIFICATES OF TITLE.

§17A-3-4. Application for certificate of title; fees; abolishing privilege tax; prohibition of issuance of certificate of
(a) Certificates of registration of any vehicle or registration plates for the vehicle, whether original issues or duplicates, may not be issued or furnished by the Division of Motor Vehicles or any other officer or agent charged with the duty, unless the applicant already has received, or at the same time makes application for and is granted, an official certificate of title of the vehicle in either an electronic or paper format. The application shall be upon a blank form to be furnished by the Division of Motor Vehicles and shall contain a full description of the vehicle, which description shall contain a manufacturer’s serial or identification number or other number as determined by the commissioner and any distinguishing marks, together with a statement of the applicant’s title and of any liens or encumbrances upon the vehicle, the names and addresses of the holders of the liens and any other information as the Division of Motor Vehicles may require. The application shall be signed and sworn to by the applicant. A duly certified copy of the division’s electronic record of a certificate of title is admissible in any civil, criminal or administrative proceeding in this state as evidence of ownership.

(b) A tax is imposed upon the privilege of effecting the certification of title of each vehicle in the amount equal to five percent of the value of the motor vehicle at the time of the certification, to be assessed as follows:

(1) If the vehicle is new, the actual purchase price or consideration to the purchaser of the vehicle is the value of the vehicle. If the vehicle is a used or secondhand vehicle, the present market value at time of transfer or purchase is the value of the vehicle for the purposes of this section: Provided, That so much of the purchase price or consideration as is represented by the exchange of other vehicles on which the tax imposed by this
section has been paid by the purchaser shall be deducted from
the total actual price or consideration paid for the vehicle,
whether the vehicle be new or secondhand. If the vehicle is
acquired through gift or by any manner whatsoever, unless
specifically exempted in this section, the present market value of
the vehicle at the time of the gift or transfer is the value of the
vehicle for the purposes of this section.

(2) No certificate of title for any vehicle may be issued to
any applicant unless the applicant has paid to the Division of
Motor Vehicles the tax imposed by this section which is five
percent of the true and actual value of the vehicle whether the
vehicle is acquired through purchase, by gift or by any other
manner whatsoever, except gifts between husband and wife or
between parents and children: Provided, That the husband or
wife, or the parents or children, previously have paid the tax on
the vehicles transferred to the State of West Virginia.

(3) The Division of Motor Vehicles may issue a certificate
of registration and title to an applicant if the applicant provides
sufficient proof to the Division of Motor Vehicles that the
applicant has paid the taxes and fees required by this section to
a motor vehicle dealership that has gone out of business or has
filed bankruptcy proceedings in the United States bankruptcy
court and the taxes and fees so required to be paid by the
applicant have not been sent to the division by the motor vehicle
dealership or have been impounded due to the bankruptcy
proceedings: Provided, That the applicant makes an affidavit of
the same and assigns all rights to claims for money the applicant
may have against the motor vehicle dealership to the Division of
Motor Vehicles.

(4) The Division of Motor Vehicles shall issue a certificate
of registration and title to an applicant without payment of the
tax imposed by this section if the applicant is a corporation,
partnership or limited liability company transferring the vehicle
to another corporation, partnership or limited liability company when the entities involved in the transfer are members of the same controlled group and the transferring entity has previously paid the tax on the vehicle transferred. For the purposes of this section, control means ownership, directly or indirectly, of stock or equity interests possessing fifty percent or more of the total combined voting power of all classes of the stock of a corporation or equity interests of a partnership or limited liability company entitled to vote or ownership, directly or indirectly, of stock or equity interests possessing fifty percent or more of the value of the corporation, partnership or limited liability company.

(5) The tax imposed by this section does not apply to vehicles to be registered as Class H vehicles or Class M vehicles, as defined in section one, article ten of this chapter, which are used or to be used in interstate commerce. Nor does the tax imposed by this section apply to the titling of Class B vehicles registered at a gross weight of fifty-five thousand pounds or more, or to the titling of Class C semitrailers, full trailers, pole trailers and converter gear: Provided, That if an owner of a vehicle has previously titled the vehicle at a declared gross weight of fifty-five thousand pounds or more and the title was issued without the payment of the tax imposed by this section, then before the owner may obtain registration for the vehicle at a gross weight less than fifty-five thousand pounds, the owner shall surrender to the commissioner the exempted registration, the exempted certificate of title and pay the tax imposed by this section based upon the current market value of the vehicle: Provided, however, That notwithstanding the provisions of section nine, article fifteen, chapter eleven of this code, the exemption from tax under this section for Class B vehicles in excess of fifty-five thousand pounds and Class C semitrailers, full trailers, pole trailers and converter gear does not subject the sale or purchase of the vehicles to the consumers sales and service tax.
(6) The tax imposed by this section does not apply to titling of vehicles leased by residents of West Virginia. A tax is imposed upon the monthly payments for the lease of any motor vehicle leased by a resident of West Virginia, which tax is equal to five percent of the amount of the monthly payment, applied to each payment, and continuing for the entire term of the initial lease period. The tax shall be remitted to the Division of Motor Vehicles on a monthly basis by the lessor of the vehicle.

(7) The tax imposed by this section does not apply to titling of vehicles by a registered dealer of this state for resale only, nor does the tax imposed by this section apply to titling of vehicles by this state or any political subdivision thereof, or by any volunteer fire department or duly chartered rescue or ambulance squad organized and incorporated under the laws of this state as a nonprofit corporation for protection of life or property. The total amount of revenue collected by reason of this tax shall be paid into the state Road Fund and expended by the Commissioner of Highways for matching federal funds allocated for West Virginia. In addition to the tax, there is a charge of $5 for each original certificate of title or duplicate certificate of title so issued: Provided, That this state or any political subdivision of this state or any volunteer fire department or duly chartered rescue squad is exempt from payment of the charge.

(8) The certificate is good for the life of the vehicle, so long as the vehicle is owned or held by the original holder of the certificate and need not be renewed annually, or any other time, except as provided in this section.

(9) If, by will or direct inheritance, a person becomes the owner of a motor vehicle and the tax imposed by this section previously has been paid to the Division of Motor Vehicles on that vehicle, he or she is not required to pay the tax.

(10) A person who has paid the tax imposed by this section is not required to pay the tax a second time for the same motor vehicle.
vehicle, but is required to pay a charge of $5 for the certificate of retitle of that motor vehicle, except that the tax shall be paid by the person when the title to the vehicle has been transferred either in this or another state from the person to another person and transferred back to the person.

(11) The tax imposed by this section does not apply to any passenger vehicle offered for rent in the normal course of business by a daily passenger rental car business as licensed under the provisions of article six-d of this chapter. For purposes of this section, a daily passenger car means a Class A motor vehicle having a gross weight of eight thousand pounds or less and is registered in this state or any other state. In lieu of the tax imposed by this section, there is hereby imposed a tax of not less than $1 nor more than $1.50 for each day or part of the rental period. The commissioner shall propose an emergency rule in accordance with the provisions of article three, chapter twenty-nine-a of this code to establish this tax.

(12) The tax imposed by this article does not apply to the titling of any vehicle purchased by a senior citizen service organization which is exempt from the payment of income taxes under the United States Internal Revenue Code, Title 26 U.S.C. §501(c)(3) and which is recognized to be a bona fide senior citizen service organization by the senior services bureau existing under the provisions of article five, chapter sixteen of this code.

(13) The tax imposed by this section does not apply to the titling of any vehicle operated by an urban mass transit authority as defined in article twenty-seven, chapter eight of this code or a nonprofit entity exempt from federal and state income tax under the Internal Revenue Code and whose purpose is to provide mass transportation to the public at large designed for the transportation of persons and being operated for the transportation of persons in the public interest.
(14) The tax imposed by this section does not apply to the transfer of a title to a vehicle owned and titled in the name of a resident of this state if the applicant:

(A) Was not a resident of this state at the time the applicant purchased or otherwise acquired ownership of the vehicle;

(B) Presents evidence as the commissioner may require of having titled the vehicle in the applicant’s previous state of residence;

(C) Has relocated to this state and can present such evidence as the commissioner may require to show bona-fide residency in this state;

(D) Presents an affidavit, completed by the assessor of the applicant’s county of residence, establishing that the vehicle has been properly reported and is on record in the office of the assessor as personal property; and

(E) Makes application to the division for a title and registration, and pays all other fees required by this chapter within thirty days of establishing residency in this state as prescribed in subsection (a), section one-a of this article: Provided, That a period of amnesty of three months be established by the commissioner during the calendar year 2007, during which time any resident of this state, having titled his or her vehicle in a previous state of residence, may pay without penalty any fees required by this chapter and transfer the title of his or her vehicle in accordance with the provisions of this section.

(c) Notwithstanding any provisions of this code to the contrary, the owners of trailers, semitrailers, recreational vehicles and other vehicles not subject to the certificate of title tax prior to the enactment of this chapter are subject to the privilege tax imposed by this section: Provided, That the
certification of title of any recreational vehicle owned by the applicant on June 30, 1989, is not subject to the tax imposed by this section: Provided, however, That mobile homes, manufactured homes, modular homes and similar nonmotive propelled vehicles, except recreational vehicles and house trailers, susceptible of being moved upon the highways but primarily designed for habitation and occupancy, rather than for transporting persons or property, or any vehicle operated on a nonprofit basis and used exclusively for the transportation of intellectually disabled or physically disabled children when the application for certificate of registration for the vehicle is accompanied by an affidavit stating that the vehicle will be operated on a nonprofit basis and used exclusively for the transportation of intellectually disabled and physically disabled children, are not subject to the tax imposed by this section, but are taxable under the provisions of articles fifteen and fifteen-a, chapter eleven of this code.

(d) Beginning on July 1, 2008, the tax imposed under this subsection (b) of this section is abolished and after that date no certificate of title for any motor vehicle may be issued to any applicant unless the applicant provides sufficient proof to the Division of Motor Vehicles that the applicant has paid the fees required by this article and the tax imposed under section three-b, article fifteen, chapter eleven of this code.

(e) Any person making any affidavit required under any provision of this section who knowingly swears falsely, or any person who counsels, advises, aids or abets another in the commission of false swearing, or any person, while acting as an agent of the Division of Motor Vehicles, issues a vehicle registration without first collecting the fees and taxes or fails to perform any other duty required by this chapter or chapter eleven of this code to be performed before a vehicle registration is issued is, on the first offense, guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $500 or be
confined in jail for a period not to exceed six months or, in the
discretion of the court, both fined and confined. For a second or
any subsequent conviction within five years, that person is guilty
of a felony and, upon conviction thereof, shall be fined not more
than $5,000 or be imprisoned in a state correctional facility for
not less than one year nor more than five years or, in the
discretion of the court, both fined and imprisoned.

(f) Notwithstanding any other provisions of this section, any
person in the military stationed outside West Virginia or his or
her dependents who possess a motor vehicle with valid
registration are exempt from the provisions of this article for a
period of nine months from the date the person returns to this
state or the date his or her dependent returns to this state,
whichever is later.

(g) No person may transfer, purchase or sell a factory-built
home without a certificate of title issued by the commissioner in
accordance with the provisions of this article:

(1) Any person who fails to provide a certificate of title upon
the transfer, purchase or sale of a factory-built home is guilty of
a misdemeanor and, upon conviction thereof, shall for the first
offense be fined not less than $100 nor more than $1,000, or be
confined in jail for not more than one year, or both fined and
confined. For each subsequent offense, the fine may be increased
to not more than $2,000, with confinement in jail not more than
one year, or both fined and confined.

(2) Failure of the seller to transfer a certificate of title upon
sale or transfer of the factory-built home gives rise to a cause of
action, upon prosecution thereof, and allows for the recovery of
damages, costs and reasonable attorney fees.

(3) This subsection does not apply to a mobile or
manufactured home for which a certificate of title has been
canceled pursuant to section twelve-b of this article.
(h) Notwithstanding any other provision to the contrary, whenever reference is made to the application for or issuance of any title or the recordation or release of any lien, it includes the application, transmission, recordation, transfer of ownership and storage of information in an electronic format.

(i) Notwithstanding any other provision contained in this section, nothing herein shall be considered to include modular homes as defined in subsection (i), section two, article fifteen, chapter thirty-seven of this code and built to the state Building Code as established by legislative rules promulgated by the state Fire Commission pursuant to section five-b, article three, chapter twenty-nine of this code.

CHAPTER 18. EDUCATION.

ARTICLE 20. EDUCATION OF EXCEPTIONAL CHILDREN.

§18-20-1a. Preschool programs for severely disabled children; rules and regulations.

(a) During the school year beginning on July 1, 1985, each county board of education shall develop a coordinated service delivery plan in accordance with standards for preschool programs for severely disabled children to be developed by the state Board of Education and begin services where plans are already developed.

(b) Only in any year in which funds are made available by legislative appropriation, and only to the extent of such funding, each county board of education shall establish and maintain a special educational program, including, but not limited to, special classes and home-teaching and visiting-teacher services for all severely disabled children between the ages of three and five according to the following schedule:
(1) By the school year beginning on July 1, 1986, and thereafter, for severely disabled children who are age four before September 1, 1986;

(2) By the school year beginning on July 1, 1987, and thereafter, for severely disabled children who are age three before September 1, 1987.

In addition, county boards of education may provide these services to preschool exceptional children in disability categories other than those listed above.

CHAPTER 28. STATE CORRECTIONAL AND PENAL INSTITUTIONS.

ARTICLE 1. COMMITMENT OF YOUTHFUL MALE OFFENDERS.
§28-1-2. Commitment; age limits; physical, educational and psychological examinations; admission; transfer and placement.

(a) Any male youth between the ages of ten and eighteen years may be committed to the custody of the commissioner of corrections by a circuit court of this state in the manner prescribed in article five, chapter forty-nine of this code; and further, any male youth who has been adjudged delinquent pursuant to subdivision (1), section four, article one, chapter forty-nine of this code, who, as a result thereof, was placed on probation and has been found, in a proceeding pursuant to the procedural requirements of article five, chapter forty-nine of this code, to have violated a term of probation, prior to the attainment of his or her twentieth birthday, which constitutes a criminal offense, may be committed to the custody of the commissioner of corrections as a youthful offender.

(b) Every youth committed hereunder shall, following the dispositional proceeding, be transferred to the place or places designated by the commissioner of corrections for complete physical, educational and psychological examinations, including all appropriate tests, to be completed as soon as possible, the completion of the physical examinations to be within twenty days. Such youth shall be housed in a manner so as to prevent the spread of infectious disease. Following disposition and prior to transfer to the custody of the commissioner of corrections, each youth shall be allowed to visit with his or her relatives, without being committed to jail for a period of not less than one hour. The cost of the examinations herein shall be borne by the committing county. The youth shall be provided all treatment and rehabilitation indicated by such examinations.

In lieu of the physical examinations and tests provided for herein, the court may, in the absence of objection, have the county health officer or other local health care facility perform
physical and mental examinations and tests, so long as such

proceeding. Except as otherwise provided by law, no child shall 
be committed to a jail following a dispositional proceeding 
solely to await a physical, educational or mental examination or 
the results thereof.

(c) All such examinations shall be private. No youth who is 
mentally ill or significantly intellectually disabled shall be 
committed to, or retained by, the commissioner of corrections, 
but shall be returned to the committing court for further 
disposition. No youth who has a serious infectious disease shall 
be retained in the custody of the commissioner of corrections, 
but shall be transferred to an appropriate treatment facility. 
Detailed medical records shall be kept of every youth.

(d) The results of any such physical, educational and 
psychological examinations, together with a copy of the petition, 
the adjudicatory order and the dispositional order shall 
accompany every youth committed to the commissioner of 
corrections, without which such youth shall not be accepted. The 
commissioner, or his or her designated representative, shall 
review the records of each youth committed to assure that no 
youth is illegally detained in an inappropriate facility or 
custodial situation.

(e) The commissioner of corrections shall have the authority 
to transfer and place such youth in any of the centers or homes 
or halfway programs which shall be established, and in less 
restrictive settings, whether under his or her jurisdiction or 
private nonprofit residential facilities, as he or she may deem 
appropriate to promote the rehabilitation of such youth. To the 
extent possible, no youth under the age of fifteen shall be in 
regular contact with youths between the ages of sixteen and 
eighteen.
§28-5-31. Mentally diseased convicts; treatment; transfer between penal and mental health facilities; penal facility procedures.

(a) No person who is, or was considered to be, mentally ill, intellectually disabled or addicted shall be denied parole or a parole hearing based upon such past or present condition. In the event a convicted person is deemed to be an appropriate candidate for parole, but for a condition warranting involuntary hospitalization such person shall be paroled and proceedings instituted pursuant to section four, article five, chapter twenty-seven of this code. Any time spent in such facility shall be considered part of the term, and any person whose sentence expires while receiving treatment for a mental condition shall be discharged unless proceedings have been instituted and a determination made pursuant to section four, article five, chapter twenty-seven of this code.

(b) When a convicted person in a jail, prison, or other facility is believed to be mentally ill, intellectually disabled or addicted, as those terms are defined in article one, chapter twenty-seven of this code, and in need of treatment, training or other services, the facts relating to such illness, shall be presented to the chief administrative officer of the facility. Such facts may be presented by a correctional officer, member of a correctional institution medical staff, relative, or the convicted person. Immediately upon receipt of such facts, the chief administrative officer shall arrange for psychiatric or psychological examination of the person alleged to be so afflicted. If the report of the examination is to the effect that the individual is mentally ill, intellectually disabled, or addicted and that treatment, training or other services are required which cannot reasonably be provided at the correctional facility, the chief administrative officer shall file within twenty days after
presentation of the facts an application for transfer with the clerk
of the circuit court of the county of location of the correctional
facility. Such application for transfer shall include a statement of
the nature of the treatment which the person’s condition warrants
and the facility to which transfer is sought.

Within ten days of receipt of the application from the chief
administrative officer, the mental hygiene commissioner or
circuit judge shall appoint counsel for the convicted person if the
person is indigent.

The clerk of the circuit court shall forthwith notify the
convicted person, by certified mail, return receipt requested,
delivered only to addressee, that such application has been filed,
enclosing therewith a copy of the application with an explanation
of the place and purpose of the transfer and the type of treatment
to be afforded, together with the name, address, and telephone
number of any appointed counsel. The person shall be afforded
reasonable telephone access to his or her counsel. The clerk shall
also notify the superintendent or other chief administrative
officer of the facility to which transfer is sought. Within fifteen
days after receipt of notice, the convicted person, through
counsel, shall file a verified return admitting or denying the
allegations and informing the court or mental hygiene
commissioner as to whether the respondent wishes to oppose the
transfer. Counsel shall file the return only after personal
consultation with the convicted person. The superintendent of
the facility to which transfer is sought shall also file a return
within fifteen days of the receipt of notice, informing the court
or mental hygiene commissioner as to whether the needed
treatment or other services can be provided within that facility.
If said superintendent objects to receiving the convicted person
for treatment or services, the reasons for such objection shall be
specified in detail.
If the transfer is opposed by either the convicted person or by the superintendent of the facility to which transfer is sought, the matter shall forthwith be set for hearing, in no event to exceed thirty days from the date of the return opposing such transfer, and the clerk shall provide to the convicted person, the superintendent of the facility to which transfer is sought, and the superintendent of the correctional facility, at least ten days’ written notice, by certified mail, return receipt requested, of the purpose, time and place of the hearing.

The convicted person shall be present at the hearing, and be afforded an opportunity to testify and to present and cross-examine witnesses. Counsel for the convicted person shall be entitled to copies of all medical reports upon request. The person shall have the right to an examination by an independent expert of the person’s choice and testimony from such expert as a medical witness on the person’s behalf. The cost of providing such medical expert shall be borne by the state if the person is indigent. The person shall not be required to give testimony which is self-incriminating. The circuit court or mental hygiene commissioner shall hear evidence from all parties, in accord with the rules of evidence. A transcript or recording shall be made of all proceedings, and transcript made available to the person within thirty days, if the same is requested for the purpose of further proceedings, and without cost if the person is indigent.

Upon completion of the hearing, and consideration of the evidence presented therein, the circuit court or mental hygiene commissioner shall make findings of facts as to whether or not (1) the individual is mentally ill, intellectually disabled or addicted; (2) the individual because of mental illness, mental retardation or addiction is likely to cause serious harm to self or others; (3) the individual could not obtain the requisite treatment or training at the correctional facility or another appropriate correctional facility; and (4) the designated facility to which transfer is sought could provide such treatment or training with
such security as the court finds appropriate; and, if all such
findings are in the affirmative, the circuit court may order the
transfer of such person to the appropriate facility. The findings
of fact shall be incorporated into the order entered by the circuit
court. In all proceedings hereunder, proof of mental condition
and of likelihood of serious harm must be established by clear,
cogent and convincing evidence, and the likelihood of serious
harm must be based upon evidence of recent overt acts.

Be it enacted by the Legislature of West Virginia:

ARTICLE 6A. MOTOR VEHICLE DEALERS, DISTRIBUTORS, WHOLESALERS AND MANUFACTURERS.

§17A-6A-1. Legislative finding.

The Legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affects the general economy and the public welfare and that in order to promote the public welfare and in exercise of its police power, it is necessary to regulate motor vehicle dealers, manufacturers, distributors and representatives of vehicle manufacturers and distributors doing business in this state in order to avoid undue control of the independent new motor vehicle dealer by the vehicle manufacturer or distributor and to ensure that dealers fulfill their obligations under their franchises and provide adequate and sufficient service to consumers generally, and to protect and preserve the investments and properties of the citizens and motor vehicle dealers of this state.

For the purposes of this article, the words and phrases defined in this section have the meanings ascribed to them, except where the context clearly indicates a different meaning.

(1) “Dealer agreement” means the franchise, agreement or contract in writing between a manufacturer, distributor and a new motor vehicle dealer which purports to establish the legal rights and obligations of the parties to the agreement or contract with regard to the purchase, lease or sale of new motor vehicles, accessories, service and sale of parts for motor vehicles.

(2) “Designated family member” means the spouse, child, grandchild, parent, brother or sister of a deceased new motor vehicle dealer who is entitled to inherit the deceased dealer’s ownership interest in the new motor vehicle dealership under the terms of the dealer’s will, or who has otherwise been designated in writing by a deceased dealer to succeed the deceased dealer in the new motor vehicle dealership, or is entitled to inherit under the laws of intestate succession of this state. With respect to an incapacitated new motor vehicle dealer, the term means the person appointed by a court as the legal representative of the new motor vehicle dealer’s property. The term also includes the appointed and qualified personal representative and the testamentary trustee of a deceased new motor vehicle dealer. However, the term means only that designated successor nominated by the new motor vehicle dealer in a written document filed by the dealer with the manufacturer or distributor, if such a document is filed.

part, offers for sale, sells or distributes any new motor vehicle to a new motor vehicle dealer.

(4) “Established place of business” means a permanent, enclosed commercial building located within this state easily accessible and open to the public at all reasonable times and at which the business of a new motor vehicle dealer, including the display and repair of motor vehicles, may be lawfully carried on in accordance with the terms of all applicable building codes, zoning and other land-use regulatory ordinances and as licensed by the Division of Motor Vehicles.

(5) “Factory branch” means an office maintained by a manufacturer or distributor for the purpose of selling or offering for sale vehicles to a distributor, wholesaler or new motor vehicle dealer, or for directing or supervising, in whole or in part, factory or distributor representatives. manufacturing a school bus, truck tractor, road tractor or truck, their engines, power trains or rear axles, including when engines, power trains or rear axles are not warranted by the final manufacturer or assembler, and any distributor, factory branch or representative.

(9) “Motor vehicle” means that term as defined in section one, article one of this chapter, including motorcycle, school bus, truck tractor, road tractor, truck, recreational vehicle, all-terrain vehicle and utility terrain vehicle as defined in subsections (c), (d), (f), (h), (l), (nn) and (vv), respectively, of said section, but not including a farm tractor or farm equipment. The term “motor vehicle” also includes a school bus, truck tractor, road tractor, truck, its component parts, including, but not limited to, its engine, transmission or rear axle manufactured for installation in a school bus, truck tractor, road tractor or truck.

(10) “New motor vehicle” means a motor vehicle which is in the possession of the manufacturer, distributor or wholesaler, or has been sold only to a new motor vehicle dealer and on which the original title has not been issued from the new motor vehicle dealer.

(11) “New motor vehicle dealer” means a person who holds a dealer agreement granted by a manufacturer or distributor for the sale of its motor vehicles, who is engaged in the business of purchasing, selling, leasing, exchanging or dealing in new motor vehicles, service of said vehicles, warranty work and sale of parts who has an established place of business in this state and is licensed by the Division of Motor Vehicles.

(12) “Person” means a natural person, partnership, corporation, association, trust, estate or other legal entity.

(13) “Proposed new motor vehicle dealer” means a person who has an application pending for a new dealer agreement with
a manufacturer or distributor. “Proposed motor vehicle dealer”
does not include a person whose dealer agreement is being
renewed or continued.

(14) “Relevant market area” means the area located within
a twenty-air mile radius around an existing same line-make new
motor vehicle dealership: Provided, That a fifteen-mile relevant
market area as it existed prior to the effective date of this statute
shall apply to any proposed new motor vehicle dealership as to
which a manufacturer or distributor and the proposed new motor
vehicle dealer have executed on or before the effective date of
this statute a written agreement, including a letter of intent,
performance agreement or commitment letter, concerning the
establishment of the proposed new motor vehicle dealership.

(1) Notwithstanding any agreement, a manufacturer or
distributor shall not cancel, terminate, fail to renew or refuse to
continue any dealer agreement with a new motor vehicle dealer
unless the manufacturer or distributor has complied with all of
the following:

(a) Satisfied the notice requirement of section seven of this
article;

(b) Acted in good faith;

(c) Engaged in full and open communication with franchised
dealer; and

(d) Has good cause for the cancellation, termination,
nonrenewal or discontinuance.

(2) Notwithstanding any agreement, good cause exists when
a manufacturer or distributor can demonstrate termination is
necessary due to a material breach of a reasonable term or terms
of the agreement by a dealer when weighed against the interests
of the dealer and the public. The burden of proof is on the
manufacturer to prove good cause by a preponderance of the
evidence. The interests of the dealer and the public shall include
consideration of:

(a) The relationship of the dealer’s sales to the sales in the
relevant market;

(b) The investment and financial obligations of the dealer
under the terms of the franchise agreement;

(c) The effect on the public cancellation of the franchise
agreement would cause;

(d) The adequacy of the dealer’s sales and service facilities,
equipment, parts and personnel in relation to other dealers in the
relevant market;

(e) Whether the dealer is honoring existing warranties;

(f) Whether the dealer is complying, or can comply within
a reasonable time, with reasonable capitalization requirements;
and

(g) The dealer’s overall performance under the reasonable
terms of the franchise agreement. This shall include the overall
fairness of the agreement terms, the enforceability of the
agreement and the relative bargaining power of the parties.

(h) Whether the manufacturer made available the appropriate
volumes and type of motor vehicles to the dealer and a
reasonable opportunity for sales and service training to the
dealer.

(3) In addition to the requirements of subsection (2) of this
section, if the failure by the new motor vehicle dealer to comply
with a provision of the dealer agreement relates to the performance of the new motor vehicle dealer in sales or service, good cause exists for the purposes of a termination, cancellation, nonrenewal or discontinuance under subsection (1) of this section when the new motor vehicle dealer failed to effectively carry out the performance provisions of the dealer agreement if all of the following have occurred:

(a) The new motor vehicle dealer was given written notice by the manufacturer or distributor of the failure;

(b) The notification stated that the notice of failure of performance was provided pursuant to this article;

(c) The new motor vehicle dealer was afforded a reasonable opportunity to exert good faith efforts to carry out the dealer agreement; and

(d) The failure continued for more than three hundred sixty days after the date notification was given pursuant to subdivision (a) of this subsection.

§17A-6A-5. Circumstances not constituting good cause.

Notwithstanding any agreement, the following alone does not constitute good cause for the termination, cancellation, nonrenewal or discontinuance of a dealer agreement under subdivision (d), subsection (1), section four of this article:

(a) A change in ownership of the new motor vehicle dealer’s dealership. This subdivision does not authorize any change in ownership which would have the effect of a sale or an assignment of the dealer agreement or a change in the principal management of the dealership without the manufacturer’s or distributor’s prior written consent which may not be unreasonably or untimely withheld.
(b) The refusal of the new motor vehicle dealer to purchase or accept delivery of any new motor vehicle parts, accessories or any other commodity or services not ordered by the new motor vehicle dealer.

(c) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a dealer agreement for the sale of another make or line of new motor vehicles, or that the new motor vehicle dealer has established another make or line of new motor vehicles in the same dealership facilities as those of the manufacturer or distributor: Provided, That the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the dealer agreement and with any reasonable facilities’ requirements of the manufacturer or distributor.

(d) The fact that the new motor vehicle dealer sells or transfers ownership of the dealership or sells or transfers capital stock in the dealership to the new motor vehicle dealer’s spouse, son or daughter: Provided, That the sale or transfer shall not have the effect of a sale or an assignment of the dealer agreement or a change in the principal management of the dealership without the manufacturer’s or distributor’s prior written consent.

(e) This section does not apply to any voluntary agreement entered into after a disagreement or civil action has arisen for which the dealer has accepted separate and valuable consideration. Any prospective agreement is void as a matter of law.

For each termination, cancellation, nonrenewal or discontinuance, the manufacturer or distributor has the burden of
proof by a preponderance of the evidence for showing that he or she has acted in good faith, that the notice requirement has been complied with and that there was good cause by a preponderance of the evidence for the termination, cancellation, nonrenewal or discontinuance.

§17A-6A-8. Reasonable compensation to dealer.

(1) Upon the termination, cancellation, nonrenewal or discontinuance of any dealer agreement, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer or distributor for the following:

(a) Any new motor vehicle inventory, manufactured for sale in the United States, purchased from the manufacturer, distributor or other dealers, in the ordinary course of business, which has not been materially altered, substantially damaged or driven for more than one thousand miles, except that for any new motorcycle, new all-terrain vehicle or utility terrain vehicle inventory, including motorhomes and travel trailers, regardless of gross vehicle weight, purchased from the manufacturer or distributor, that inventory must not have been materially altered, substantially damaged or driven for more than fifty miles and for motor vehicles with a rating greater than twenty-six thousand one pounds gross vehicle weight driven no more than five thousand miles. For purposes of a school bus, truck tractor, road tractor or truck, materially altered does not include dealer add-ons, such as, but not limited to, racks, mud flaps, fifth wheel assemblies, dump or tank bodies;

(b) Supplies and parts inventory purchased at the published list price purchased from, or at the direction of, the manufacturer or distributor. Parts shall be restricted to those listed in the manufacturer’s or distributor’s current parts catalog;

(c) Equipment, special tools, furnishings and signs purchased or leased from, or at the direction of, the manufacturer or distributor; and
(d) Special computer software, hardware, license fees and other programs mandated by the manufacturer to provide training or communication with the manufacturer.

(2) Upon the termination, cancellation, nonrenewal or discontinuance of a dealer agreement by the manufacturer or distributor, the manufacturer or distributor shall also pay to the new motor vehicle dealer a sum equal to the current, fair rental value of his or her established place of business for a period of three years from the effective date of termination, cancellation, nonrenewal or discontinuance, or the remainder of the lease, whichever is less. If the dealer, directly or indirectly, owns the dealership facility, the manufacturer shall pay the dealer a sum equal to the reasonable rental value of the dealership premises for three years. However, the dealer shall have the obligation to mitigate his or her damages, including, but not limited to, listing the facility with a commercial real estate agent and other reasonable steps to sell or lease the property. During this three-year period the manufacturer shall have the right to occupy and use the facilities until such time as the dealer is able to otherwise sell or lease the property to another party. The payment required by this subsection does not apply to any termination, cancellation, nonrenewal or discontinuance made pursuant to subsection (c), section seven of this article.

(3) In addition to the items listed in subsections (1) and (2) of this section, the termination, cancellation or nonrenewal where the manufacturer or distributor is discontinuing the sale of a product line, the manufacturer or distributor shall pay or provide to the motor vehicle dealer:

(a) Support of the manufacturer’s or distributor’s warranty obligations by making parts available and compensating dealers for warranty parts and labor for five years: Provided, That the motor vehicle dealer has adequate facilities, trained personnel and equipment to perform warranty repairs;
(b) Any actual damages that can be proven by a dealer by a preponderance of the evidence;

c) Any costs the dealer incurred for facility upgrades or alternations required by the manufacturer, distributor or factory branch within the previous five years; and

d) Within forty-five days after termination, dealer shall submit evidence of items to the manufacturer in accordance with reasonable manufacturer requirements. The manufacturer shall have thirty days from receipt of this evidence to note any objection. If not objected thereto, payment by the manufacturer to the dealer shall be made within thirty days. Thereafter, interest accumulates at the rate of the Fifth Federal Reserve District’s secondary discount rate in effect on January 2 of the year in which payment is due plus five percentage points. If a dispute arises over the sufficiency of any evidence or an amount submitted, when interest begins to accumulate will be determined in accordance with West Virginia common law.

§17A-6A-8a. Compensation to dealers for service rendered.

(1) Every motor vehicle manufacturer, distributor or wholesaler, factory branch or distributor branch, or officer, agent or representative thereof, shall:

(a) Specify in writing to each of its motor vehicle dealers, the dealer’s obligation for delivery, preparation, warranty and factory recall services on its products;

(b) Compensate the motor vehicle dealer for warranty and factory recall service required of the dealer by the manufacturer, distributor or wholesaler, factory branch or distributor branch or officer, agent or representative thereof; and

(c) Provide the dealer the schedule of compensation to be paid the dealer for parts, work and service in connection with
warranty and recall services and the time allowance for the performance of the work and service.

(2) In no event may:

(a) The schedule of compensation fail to compensate the dealers for the work and services they are required to perform in connection with the dealer’s delivery and preparation obligations, or fail to adequately and fairly compensate the dealers for labor, parts and other expenses incurred by the dealer to perform under and comply with manufacturer’s warranty agreements and factory recalls;

(b) Any manufacturer, distributor or wholesaler, or representative thereof, pay its dealers an amount of money for warranty or recall work that is less than that charged by the dealer to the retail customers of the dealer for nonwarranty and nonrecall work of the like kind; and

(c) Any manufacturer, distributor or wholesaler, or representative thereof, compensate for warranty and recall work based on a flat-rate figure that is less than what the dealer charges for retail work.

(3) It is a violation of this section for any manufacturer, distributor, wholesaler or representative to require any dealer to pay in any manner, surcharges, limited allocation, audits, charge backs or other retaliation if the dealer seeks to recover its nonwarranty retail rate for warranty and recall work.

(4) The retail rate charged by the dealer for parts is established by the dealer submitting to the manufacturer or distributor one hundred sequential nonwarranty customer-paid service repair orders that contain warranty-like parts or ninety consecutive days of nonwarranty customer-paid service repair orders that contain warranty-like parts covering repairs made no
more than one hundred eighty days before the submission and
declaring the average percentage markup.

(5) The retail rate customarily charged by the dealer for
labor rate must be established using the same process as
provided under subsection (4) of this section and declaring the
average labor rate. The average labor rate must be determined by
dividing the amount of the dealer’s total labor sales by the
number of total hours that generated those sales. If a labor rate
and parts markup rate simultaneously declared by the dealer, the
dealer may use the same repair orders to complete each
calculation as provided under subsection (4) of this section. A
reasonable allowance for labor for diagnostic time shall be either
included in the manufacturer’s labor time allowance or listed as
a separate compensable item. A dealer may request additional
time allowance for either diagnostic or repair time, which
request shall not be unreasonable denied by the manufacturer.

(6) In calculating the retail rate customarily charged by the
dealer for parts and labor, the following work may not be
included in the calculation:

(a) Repairs for manufacturer or distributor special events,
specials or promotional discounts for retain customer repairs;

(b) Parts sold at wholesale;

(c) Routine maintenance not covered under any retail
customer warranty, including fluids, filters and belts not
provided in the course of repairs;

(d) Nuts, bolts fasteners and similar items that do not have
an individual part number;

(e) Tires;

(f) Vehicle reconditioning.
(7) The average of the parts markup rates and labor rate is presumed to be reasonable and must go into effect thirty days following the manufacturer’s approval. A manufacturer or distributor may rebut the presumption by a preponderance of the evidence that a rate is unreasonable in light of the practices of all other same line-make franchised motor vehicle dealers in an economically similar area of the state offering the same line-make vehicles, not later than thirty days after submission. If the average parts markup rate or average labor rate is rebutted, or both, the manufacturer or distributor shall propose an adjustment of the average percentage markup based on that rebuttal not later than thirty days after submission.

(8) Each manufacturer, in establishing a schedule of compensation for warranty work, shall rely on the vehicle dealer’s declaration of hourly labor rates and parts as stated in subsections (4), (5) and (6) of this section and may not obligate any vehicle dealer to engage in unduly burdensome or time-consuming documentation of rates or parts, including obligating vehicle dealers to engage in transaction-by-transaction or part-by-part calculations.

(9) A dealer or manufacturer may demand that the average parts markup or average labor rate be calculated using the process provided under subsections (4) and (5) of this section; however, the demand for the average parts markup may not be made within twelve months of the last parts markup declaration and the demand for the average labor rate may not be made within twelve months of the last labor rate declaration. If a parts markup or labor rate is demanded by the dealer or manufacturer, the dealer shall determine the repair orders to be included in the calculation under subsections (4) and (5) of this section.

(10) As it applies to a school bus, truck tractor, road tractor and truck as defined in section one, article one of this chapter, with a gross vehicle weight on excess of twenty-six thousand one
pounds the manufacturer, distributor and/or O. E. M. supplier shall pay the dealer its incurred actual time at the retail labor rate for retrieving a motor vehicle and returning a motor vehicle to dealer’s designated parking area. Dealer shall be paid $50 minimum for each operation that requires the use of each electronic tool (i.e. laptop computer). The manufacturer or distributor may not reduce what is paid to a dealer for this retrieval or return time, or for the electronic tool charge. The dealer is allowed to add to a completed warranty repair order three hours for every twenty-four hours the manufacturer, distributor and/or O. E. M. supplier makes the dealer stop working on a vehicle while the manufacturer, distributor and/or O. E. M. supplier decides how it wants the dealer to proceed with the repairs.

(11) All claims made by motor vehicle dealers pursuant to the section for compensation for delivery, preparation, warranty and recall work, including labor, parts and other expenses, shall be paid by the manufacturer within thirty days after approval and shall be approved or disapproved by the manufacturer within thirty days after receipt. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition or the dealer failed to reasonable substantiate the claim in accordance with the written requirements of the manufacturer or distributor in effect at the time the claim arose. No charge back may be made until the dealer has had notice and an opportunity to support the claim in question. No otherwise valid reimbursement claims may be denied once properly submitted within manufacturers’ submission guidelines due to a clerical error or omission or based on a different level of technician technical certification or the dealer’s failure to subscribe to any manufacturer’s computerized training programs.
(12) Notwithstanding the terms of a franchise agreement or provision of law in conflict with this section, the dealer’s delivery, preparation, warranty and recall obligations constitutes the dealer’s sole responsibility for product liability as between the dealer and manufacturer and, except for a loss caused by the dealer’s failure to adhere to the obligations, a loss caused by the dealer’s negligence or intentional misconduct or a loss caused by the dealer’s modification of a product without manufacturer authorization, the manufacturer shall reimburse the dealer for all loss incurred by the dealer, including legal fees, court costs and damages, as a result of the dealer having been named a party in a product liability action.

(1) Compensation for new motor vehicle inventory under subdivision (a), subsection (1), section eight of this article shall be paid within sixty days after the effective date of the termination, cancellation, nonrenewal or discontinuance. Compensation for items of personal property required by subdivisions (b), (c) and (d), subsection (1), section eight of this article shall be paid within sixty days after the effective date of the termination, cancellation, nonrenewal or discontinuance. The new motor vehicle dealer will meet all reasonable requirements of the dealer agreement with respect to the return of the repurchased personal property, including providing clear title.

(2) Reasonable compensation pursuant to subdivision (a), subsection (1), section eight of this article may not be less than the new motor vehicle dealer’s net acquisition cost, including any special promotions ordered by the manufacturer, such as advertising charges. Reasonable compensation pursuant to subdivision (b) of said subsection shall be the amount stated in the manufacturer’s or distributor’s current parts price list. Reasonable compensation pursuant to subdivisions (c) and (d) of said subsection shall be the fair market value of the personal
property determined by a five-year straight line depreciation schedule.

(3) In the event payment is not made within ninety days as provided in subsection (1) of this section, interest shall accumulate at the rate of the Fifth Federal Reserve District’s secondary discount rate in effect on January 2 of the year in which payment is due plus five percentage points. In determining when interest begins to accumulate, the court may consider whether the dealer reasonably complied with the reasonable manufacturer’s submission requirements and the reasonableness of the manufacturer’s determinations in refusing or delaying payment to the dealer.

(1) A manufacturer or distributor may not require any new motor vehicle dealer in this state to do any of the following:

(a) Order or accept delivery of any new motor vehicle, part or accessory of the vehicle, equipment or any other commodity not required by law which was not voluntarily ordered by the new motor vehicle dealer. This section does not prevent the manufacturer or distributor from requiring that new motor vehicle dealers carry a reasonable inventory of models offered for sale by the manufacturer or distributor;

(b) Order or accept delivery of any new motor vehicle with special features, accessories or equipment not included in the list price of the new motor vehicle as publicly advertised by the manufacturer or distributor;

(c) Unreasonably participate monetarily in any advertising campaign or contest, or purchase any promotional materials, display devices, display decorations, brand signs and dealer identification, nondiagnostic computer equipment and displays or other materials at the expense of the new motor vehicle dealer;
(d) Enter into any agreement with the manufacturer or distributor or do any other act prejudicial to the new motor vehicle dealer by threatening to terminate a dealer agreement, limit inventory, invoke sales and service warranty or other types of audits or any contractual agreement or understanding existing between the dealer and the manufacturer or distributor. Notice in good faith to any dealer of the dealer’s violation of any terms or provisions of the dealer agreement is not a violation of this article;

(e) Change the capital structure or financial requirements of the new motor vehicle dealership without reasonable business justification in light of the dealer’s market, historical performance and compliance with prior capital structure or financial requirements and business necessity, or the means by or through which the dealer finances the operation of the dealership if the dealership at all times meets any reasonable capital standards determined by the manufacturer in accordance with uniformly applied criteria. The burden of proof is on the manufacturer to prove business justification by a preponderance of the evidence;

(f) Refrain from participation in the management of, investment in or the acquisition of any other line of new motor vehicle or related products, provided that the dealer maintains a reasonable line of credit for each make or line of vehicle, remains in compliance with reasonable facilities requirements and makes no change in the principal management of the dealer. Notwithstanding the terms of any franchise agreement, a manufacturer or distributor may not enforce any requirements, including facility requirements, that a new motor vehicle dealer establish or maintain exclusive facilities, personnel or display space, when the requirements are unreasonable considering current economic conditions and are not otherwise justified by reasonable business considerations. The burden of proving that current economic conditions or reasonable business
considerations justify exclusive facilities is on the manufacturer
or distributor and must be proven by a preponderance of the
evidence;

(g) Change the location of the new motor vehicle dealership
or make any substantial alterations to the dealership premises,
where to do so would be unreasonable. The burden is on the
manufacturer or distributor to prove reasonableness by a
preponderance of the evidence;

(h) Prospectively assent to a waiver of trial by jury release,
arbitration, assignment, novation, waiver or estoppel which
would relieve any person from liability imposed by this article
or require any controversy between a new motor vehicle dealer
and a manufacturer or distributor to be referred to a person other
than the duly constituted courts of this state or the United States
District Courts of the Northern or Southern Districts of West
Virginia. Nothing in this prevents a motor vehicle dealer, after
a civil action is filed, from entering into any agreement of
settlement, arbitration, assignment or waiver of a trial by jury;

(i) To coerce or require any dealer, whether by agreement,
program, incentive provision or otherwise, to construct
improvements to its facilities or to install new signs or other
franchisor image elements that replace or substantially alter
those improvements, signs or franchisor image elements
completed within the proceeding ten years that were required
and approved by the manufacturer, factory branch, distributor or
distributor branch or one of its affiliates. If a manufacturer,
factory branch, distributor or distributor branch offers incentives
or other payments to a consumer or dealer paid on individual
vehicle sales under a program offered after the effective date of
this subdivision and available to more than one dealer in the state
that are premised, wholly or in part, on dealer facility
improvements or installation of franchiser image elements
required by and approved by the manufacturer, factory branch,
distributor or distributor branch and completed within ten years
preceding the program shall be deemed to be in compliance with
the program requirements pertaining to construction of facilities
or installation of signs or other franchisor image elements that
would replace or substantially alter those previously constructed
or installed with that ten year period. This subdivision shall not
apply to a program that is in effect with more than one dealer in
the state on the effective date of this subsection, nor to any
renewal of such program, nor to a modification that is not a
substantial modification of a material term or condition of such
program;

(j) To condition the award, sale, transfer, relocation or
renewal of a franchise or dealer agreement or to condition sales,
service, parts or finance incentives upon site control or an
agreement to renovate or make substantial improvements to a
facility: Provided, That voluntary and noncoerced acceptance of
such conditions by the dealer in writing, including, but not
limited to, a written agreement for which the dealer has accepted
separate and valuable consideration, does not constitute a
violation;

(k) To enter into a contractual requirement imposed by the
manufacturer, distributor or a captive finance source as follows:

(i) In this section, “captive finance source” means any
financial source that provides automotive-related loans or
purchases retail installment contracts or lease contracts for motor
vehicles in this state and is, directly or indirectly, owned,
operated or controlled by such manufacturer, factory branch,
distributor or distributor branch.

(ii) It shall be unlawful for any manufacturer, factory branch,
captive finance source, distributor or distributor branch, or any
field representative, officer, agent or any representative of them,
notwithstanding the terms, provisions or conditions of any
agreement or franchise, to require any of its franchised dealers
located in this state to agree to any terms, conditions or
requirements in subdivisions (a) through (j), inclusive, of this subsection in order for any such dealer to sell to any captive finance source any retail installment contract, loan or lease of any motor vehicles purchased or leased by any of the dealer’s customers, or to be able to participate in, or otherwise, directly or indirectly, obtain the benefits of the consumer transaction incentive program payable to the consumer or the dealer and offered by or through any captive finance source as to that incentive program.

(iii) The applicability of this section is not affected by a choice of law clause in any agreement, waiver, novation or any other written instrument.

(iv) It shall be unlawful for a manufacturer or distributor to use any subsidiary corporation, affiliated corporation or any other controlled corporation, partnership, association or person to accomplish what would otherwise be illegal conduct under this section on the part of the manufacturer or distributor.

(2) A manufacturer or distributor may not do any of the following:

(a) (i) Fail to deliver new motor vehicles or new motor vehicle parts or accessories within a reasonable time and in reasonable quantities relative to the new motor vehicle dealer’s market area and facilities, unless the failure is caused by acts or occurrences beyond the control of the manufacturer or distributor, or unless the failure results from an order by the new motor vehicle dealer in excess of quantities reasonably and fairly allocated by the manufacturer or distributor. No manufacturer or distributor may penalize a new motor vehicle dealer for an alleged failure to meet sales quotas where the alleged failure is due to actions of the manufacturer or distributor;

(ii) Refuse to offer to its same line-make new motor vehicle dealers all models manufactured for that line-make, including,
but not limited to, any model that contains a separate label or
badge indicating a upgraded version of the same model. This
provision does not apply to motorhome, travel trailer or
fold-down camping trailer manufacturers; or

(iii) Require as a prerequisite to receiving a model or series
of vehicles that a new motor vehicle dealer pay an extra
unreasonable acquisition fee or surcharge, or purchase
unreasonable advertising displays or other materials, or conduct
unreasonable remodeling, renovation or reconditioning of the
dealer’s facilities, or any other type of unreasonable upgrade
requirement;

(b) Refuse to disclose to a new motor vehicle dealer the
method and manner of distribution of new motor vehicles by the
manufacturer or distributor, including any numerical calculation
or formula used, nationally or within the dealer’s market, to
make the allocations within thirty days of a request. Any
information or documentation provided by the manufacturer may
be subject to a reasonable confidentiality agreement;

(c) Refuse to disclose to a new motor vehicle dealer the total
number of new motor vehicles of a given model, which the
manufacturer or distributor has sold during the current model
year within the dealer’s marketing district, zone or region,
whichever geographical area is the smallest within thirty days of
a request;

(d) Increase prices of new motor vehicles which the new
motor vehicle dealer had ordered and then eventually delivered
to the same retail consumer for whom the vehicle was ordered,
if the order was made prior to the dealer’s receipt of the written
official price increase notification. A sales contract signed by a
private retail consumer and binding on the dealer which has been
submitted to the vehicle manufacturer is evidence of each order.
In the event of manufacturer or distributor price reductions or
cash rebates, the amount of any reduction or rebate received by
a dealer shall be passed on to the private retail consumer by the
dealer. Any price reduction in excess of $5 shall apply to all
vehicles in the dealer’s inventory which were subject to the price
reduction. A price difference applicable to new model or series
motor vehicles at the time of the introduction of the new models
or the series is not a price increase or price decrease. This
subdivision does not apply to price changes caused by the
following:

(i) The addition to a motor vehicle of required or optional
equipment pursuant to state or federal law;

(ii) In the case of foreign-made vehicles or components,
revaluation of the United States dollar; or

(iii) Any increase in transportation charges due to an
increase in rates charged by a common carrier and transporters;

(e) Offer any refunds or other types of inducements to any
dealer for the purchase of new motor vehicles of a certain line-
make to be sold to this state or any political subdivision of this
state without making the same offer available upon request to all
other new motor vehicle dealers of the same line-make;

(f) Release to an outside party, except under subpoena or in
an administrative or judicial proceeding to which the new motor
vehicle dealer or the manufacturer or distributor are parties, any
business, financial or personal information which has been
provided by the dealer to the manufacturer or distributor, unless
the new motor vehicle dealer gives his or her written consent;

(g) Deny a new motor vehicle dealer the right to associate
with another new motor vehicle dealer for any lawful purpose;

(h) Establish a new motor vehicle dealership. A
manufacturer or distributor is not considered to have established
a new motor vehicle dealership if the manufacturer or distributor is:

(A) Operating a preexisting dealership temporarily for a reasonable period.

(B) Operating a preexisting dealership which is for sale at a reasonable price.

(C) Operating a dealership with another person who has made a significant investment in the dealership and who will acquire full ownership of the dealership under reasonable terms and conditions;

(i) A manufacturer may not, except as provided by this section, directly or indirectly:

(A) Own an interest in a dealer or dealership: *Provided, That* a manufacturer may own stock in a publicly held company solely for investment purposes;

(B) Operate a dealership, including, but not limited to, displaying a motor vehicle intended to facilitate the sale of new motor vehicles other than through franchised dealers, unless the display is part of an automobile trade show that more than two automobile manufacturers participate in; or

(C) Act in the capacity of a new motor vehicle dealer;

(j) A manufacturer or distributor may own an interest in a franchised dealer, or otherwise control a dealership, for a period not to exceed twelve months from the date the manufacturer or distributor acquires the dealership if:

(i) The person from whom the manufacturer or distributor acquired the dealership was a franchised dealer; and
(ii) The dealership is for sale by the manufacturer or distributor at a reasonable price and on reasonable terms and conditions;

(k) The twelve-month period may be extended for an additional twelve months. Notice of any such extension of the original twelve-month period must be given to any dealer of the same line-make whose dealership is located in the same county, or within twenty air miles of, the dealership owned or controlled by the manufacturer or distributor prior to the expiration of the original twelve-month period. Any dealer receiving the notice may protest the proposed extension within thirty days of receiving notice by bringing a declaratory judgment action in the circuit court for the county in which the new motor vehicle dealer is located to determine whether good cause exists for the extension;

(l) For the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been under represented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, but for no other purpose, a manufacturer or distributor may temporarily own an interest in a dealership if the manufacturer’s or distributor’s participation in the dealership is in a bona fide relationship with a franchised dealer who:

(i) Has made a significant investment in the dealership, subject to loss;

(ii) Has an ownership interest in the dealership; and

(iii) Operates the dealership under a plan to acquire full ownership of the dealership within a reasonable time and under reasonable terms and conditions;
(m) Unreasonably withhold consent to the sale, transfer or exchange of the dealership to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state;

(n) Fail to respond in writing to a request for consent to a sale, transfer or exchange of a dealership within sixty days after receipt of a written application from the new motor vehicle dealer on the forms generally utilized by the manufacturer or distributor for such purpose and containing the information required therein. Failure to respond to the request within the sixty days is consent;

(o) Unfairly prevent a new motor vehicle dealer from receiving reasonable compensation for the value of the new motor vehicle dealership;

(p) Audit any motor vehicle dealer in this state for warranty parts or warranty service compensation, service compensation, service or sales incentives, manufacturer rebates or other forms of sales incentive compensation more than twelve months after the claim for payment or reimbursement has been made by the automobile dealer. No chargeback may be made until the dealer has had notice and an opportunity to support the claim in question within thirty days of receiving notice of the chargeback. No otherwise valid reimbursement claims may be denied once properly submitted in accordance with the manufacturer’s submission guidelines due to clerical error or omission. This subsection does not apply where a claim is fraudulent. In addition, the manufacturer or distributor is responsible for reimbursing the audited dealer for all copying, postage and administrative costs incurred by the dealer during the audit. Any charges to a dealer as a result of the audit must be separately billed to the dealer;

(q) Unreasonably restrict a dealer’s ownership of a dealership through noncompetition covenants, site control,
sublease, collateral pledge of lease, right of first refusal, option
to purchase, or otherwise. A right of first refusal is created when:

(i) A manufacturer has a contractual right of first refusal to
acquire the new motor vehicle dealer’s assets where the dealer
owner receives consideration, terms and conditions that are
either the same as or better than those they have already
contracted to receive under the proposed change of more than
fifty percent of the dealer’s ownership.

(ii) The proposed change of the dealership’s ownership or
the transfer of the new vehicle dealer’s assets does not involve
the transfer of assets or the transfer or issuance of stock by the
dealer or one of the dealer’s owners to one of the following:

(A) A designated family member of one or more of the
dealer owners;

(B) A manager employed by the dealer in the dealership
during the previous five years and who is otherwise qualified as
a dealer operator;

(C) A partnership or corporation controlled by a designated
family member of one of the dealers;

(D) A trust established or to be established:

(i) For the purpose of allowing the new vehicle dealer to
continue to qualify as such under the manufacturer’s or
distributor’s standards; or

(ii) To provide for the succession of the franchise agreement
to designated family members or qualified management in the
event of death or incapacity of the dealer or its principle owner
or owners.

(iii) Upon exercising the right of first refusal by a
manufacturer, it eliminates any requirement under its dealer
agreement or other applicable provision of this statute that the manufacturer evaluate, process or respond to the underlying proposed transfer by approving or rejecting the proposal, is not subject to challenge as a rejection or denial of the proposed transfer by any party.

(iv) Except as otherwise provided in this subsection, the manufacturer or distributor agrees to pay the reasonable expenses, including reasonable out-of-pocket professional fees which shall include, but not be limited to, accounting, legal or appraisal services fees that are incurred by the proposed owner or transferee before the manufacturer’s or distributor’s exercise of its right of first refusal. Payment of the expenses and fees for professional services are not required if the dealer fails to submit an accounting of those expenses and fees within twenty days of the dealer’s receipt of the manufacturer’s or distributor’s written request for such an accounting. Such a written account of fees and expenses may be requested by a manufacturer or distributor before exercising its right of first refusal;

(r) Except for experimental low-volume not-for-retail sale vehicles, cause warranty and recall repair work to be performed by any entity other than a new motor vehicle dealer;

(s) Make any material or unreasonable change in any franchise agreement, including, but not limited to, the dealer’s area of responsibility without giving the new motor vehicle dealer written notice by certified mail of the change at least sixty days prior to the effective date of the change, and shall include an explanation of the basis for the alteration. Upon written request from the dealer, this explanation shall include, but is not limited to, a reasonable and commercially acceptable copy of all information, data, evaluations, and methodology relied on or based its decision on, to propose the change to the dealer’s area of responsibility. Any information or documentation provided by the manufacturer or distributor may be produced subject to a
reasonable confidentiality agreement. At any time prior to the effective date of an alteration of a new motor vehicle dealer’s area of responsibility and after the completion of any internal appeal process pursuant to the manufacturer’s or distributor’s policy manual, the motor vehicle dealer may petition the court to enjoin or prohibit the alteration within thirty days of receipt of the manufacturer’s internal appeal process decision. The court shall enjoin or prohibit the alteration of a motor vehicle dealer’s area of responsibility unless the franchisor shows, by a preponderance of the evidence, that the alteration is reasonable and justifiable in light of market conditions. If a motor vehicle dealer petitions the court, no alteration to a motor vehicle dealer’s area of responsibility shall become effective until a final determination by the court. If a new motor vehicle dealer’s area of responsibility is altered, the manufacturer shall allow twenty-four months for the motor vehicle dealer to become sales effective prior to taking any action claiming a breach or nonperformance of the motor vehicle dealer’s sales performance responsibilities;

(t) Fail to reimburse a new motor vehicle dealer, at the dealer’s regular rate, or the full and actual cost of providing a loaner vehicle to any customer who is having a vehicle serviced at the dealership if the provision of the loaner vehicle is required by the manufacturer;

(u) Compel a new motor vehicle dealer through its finance subsidiaries to agree to unreasonable operating requirements or to directly or indirectly terminate a franchise through the actions of a finance subsidiary of the franchisor. This subsection does not limit the right of a finance subsidiary to engage in business practices in accordance with the usage of trade in retail or wholesale vehicle financing;

(v) Discriminate directly or indirectly between dealers on vehicles of like grade or quantity where the effect of the discrimination would substantially lessen competition;
(w) Use or employ any performance standard that is not fair and reasonable and based upon accurate and verifiable data made available to the dealer;

(x) To require or coerce any new motor vehicle dealer to sell, offer to sell or sell exclusively extended service contract, maintenance plan or similar product, including gap or other products, offered, endorsed or sponsored by the manufacturer or distributor by the following means:

(i) By an act of statement that the manufacturer or distributor will adversely impact the dealer, whether it is express or implied;

(ii) By a contract made to the dealer on the condition that the dealer shall sell, offer to sell or sell exclusively an extended service contract, extended maintenance plan or similar product offered, endorsed or sponsored by the manufacturer or distributor;

(iii) By measuring the dealer’s performance under the franchise agreement based on the sale of extended service contracts, extended maintenance plans or similar products offered, endorsed or sponsored by the manufacturer or distributor;

(iv) By requiring the dealer to actively promote the sale of extended service contracts, extended maintenance plans or similar products offered, endorsed or sponsored by the manufacturer or distributor;

(v) Nothing in this paragraph prohibits a manufacturer or distributor from providing incentive programs to a new vehicle dealer who makes the voluntary decision to offer to sell, sell or sell exclusively an extended service contract, extended maintenance plan or similar product offered, endorsed or sponsored by the manufacturer or distributor;
(y) Require a dealer to purchase goods or services from a vendor selected, identified or designated by a manufacturer, factory branch, distributor, distributor branch or one of its affiliates by agreement, program, incentive provision or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality and overall design from a vendor chosen by the dealer and approved by the manufacturer, factory branch, distributor or distributor branch: Provided, That such approval may not be unreasonably withheld: Provided, however, That the dealer’s option to select a vendor is not available if the manufacturer or distributor provides substantial reimbursement for the goods or services offered. Substantial reimbursement is equal to the difference in price of the goods and services from manufacturer’s proposed vendor and the motor vehicle dealer’s selected vendor: Provided further, That the goods are not subject to the manufacturer or distributor’s intellectual property or trademark rights, or trade dress usage guidelines.

(3) A manufacturer or distributor, either directly or through any subsidiary, may not terminate, cancel, fail to renew or discontinue any lease of the new motor vehicle dealer’s established place of business except for a material breach of the lease.

(4) Except as may otherwise be provided in this article, no manufacturer or franchisor may sell, directly or indirectly, any new motor vehicle to a consumer in this state, except through a new motor vehicle dealer holding a franchise for the line-make covering such new motor vehicle. This subsection does not apply to manufacturer or franchisor sales of new motor vehicles to charitable organizations, qualified vendors or employees of the manufacturer or franchisor.

(5) Except when prevented by an act of God, labor strike, transportation disruption outside the control of the manufacturer
or time of war, a manufacturer or distributor may not refuse or
fail to deliver, in reasonable quantities and within a reasonable
time, to a dealer having a franchise agreement for the retail sale
of any motor vehicle sold or distributed by the manufacturer, any
new motor vehicle or parts or accessories to new motor vehicles
as are covered by the franchise if the vehicles, parts and
accessories are publicly advertised as being available for
delivery or are actually being delivered.

§17A-6A-11. Where motor vehicle dealer deceased or
incapacitated.

(1) Any designated family member of a deceased or
incapacitated new motor vehicle dealer may succeed the dealer
in the ownership or operation of the dealership under the existing
dealer agreement if the designated family member gives the
manufacturer or distributor written notice of his or her intention
to succeed to the dealership within one hundred twenty days
after the dealer’s death or incapacity, agrees to be bound by all
of the terms and conditions of the dealer agreement, and the
designated family member meets the current criteria generally
applied by the manufacturer or distributor in qualifying new
motor vehicle dealers. A manufacturer or distributor may refuse
to honor the existing dealer agreement with the designated
family member only for good cause. In determining whether
good cause exists for refusing to honor the agreement, the
manufacturer or distributor has the burden of proving that the
designated successor is a person who is not of good moral
character or does not meet the manufacturer’s existing written,
reasonable and uniformly applied standards for business
experience and financial qualifications. The designated family
member will have a minimum of one year to satisfy that
manufacturer’s written and reasonable standards and financial
qualifications for appointment as the dealer and principal.

(2) The manufacturer or distributor may request from a
designated family member such personal and financial data as is
reasonably necessary to determine whether the existing dealer agreement should be honored. The designated family member shall supply the personal and financial data promptly upon the request.

(3) If a manufacturer or distributor believes that good cause exists for refusing to honor the succession, the manufacturer or distributor may, within forty-five days after receipt of the notice of the designated family member’s intent to succeed the dealer in the ownership and operation of the dealership, or within forty-five days after the receipt of the requested personal and financial data, serve upon the designated family member notice of its refusal to approve the succession.

(4) The notice of the manufacturer or distributor provided in subsection (3) of this section shall state the specific grounds for the refusal to approve the succession and that discontinuance of the agreement shall take effect not less than one hundred-eighty days after the date the notice is served.

(5) If notice of refusal is not served within the sixty days provided for in subsection (3) of this section, the dealer agreement continues in effect and is subject to termination only as otherwise permitted by this article.

(6) This section does not preclude a new motor vehicle dealer from designating any person as his or her successor by will or any other written instrument filed with the manufacturer or distributor, and if such an instrument is filed, it alone determines the succession rights to the management and operation of the dealership.

(7) If the manufacturer challenges the succession, it maintains the burden of proof to show good cause by a preponderance of the evidence. If the person seeking succession files a civil action within the one hundred eighty days set forth
in subsection (4) of this section, no action may be taken by the
manufacturer contrary to the dealer agreement until such time as
the civil action and any appeal has been exhausted: Provided,
That when a motor vehicle dealer appeals a decision upholding
a manufacturer’s decision to not allow succession based upon the
designated person’s insolvency, conviction of a crime punishable
by imprisonment in excess of one year under the law which the
designated person was convicted, the dealer agreement shall
remain in effect pending exhaustion of all appeals only if the
motor vehicle dealer establishes a likelihood of success on
appeal and the public interest will not be harmed by keeping the
dealer agreement in effect pending entry of final judgment after
the appeal.

§§17A-6A-12. Establishment and relocation or establishment of
additional dealers.

(1) As used in this section, “relocate” and “relocation” do
not include the relocation of a new motor vehicle dealer within
four miles of its established place of business or an existing new
motor vehicle dealer sells or transfers the dealership to a new
owner and the successor new motor vehicle dealership owner
relocates to a location within four miles of the seller’s last open
new motor vehicle dealership location. The relocation of a new
motor vehicle dealer to a site within the area of sales
responsibility assigned to that dealer by the manufacturing
branch or distributor may not be within six air miles of another
dealer of the same line-make.

(2) Before a manufacturer or distributor enters into a dealer
agreement establishing or relocating a new motor vehicle dealer
within a relevant market area where the same line-make is
represented, the manufacturer or distributor shall give written
notice to each new motor vehicle dealer of the same line-make
in the relevant market area of its intention to establish an
additional dealer or to relocate an existing dealer within that
relevant market area.
(3) Within sixty days after receiving the notice provided in subsection (2) of this section, or within sixty days after the end of any appeal procedure provided by the manufacturer or distributor, a new motor vehicle dealer of the same line-make within the affected relevant market area may bring a declaratory judgment action in the circuit court for the county in which the new motor vehicle dealer is located to determine whether good cause exists for the establishing or relocating of the proposed new motor vehicle dealer. Provided, That a new motor vehicle dealer of the same line-make within the affected relevant market area shall not be permitted to bring such an action if the proposed relocation site would be further from the location of the new motor vehicle dealer of the same line-make than the location from which the dealership is being moved. Once an action has been filed, the manufacturer or distributor may not establish or relocate the proposed new motor vehicle dealer until the circuit court has rendered a decision on the matter. An action brought pursuant to this section shall be given precedence over all other civil matters on the court’s docket. The manufacturer has the burden of proving that good cause exists for establishing or relocating a proposed new motor vehicle dealer.

(4) This section does not apply to the reopening in a relevant market area of a new motor vehicle dealer that has been closed within the preceding two years if the established place of business of the new motor vehicle dealer is within four air miles of the established place of business of the closed or sold new motor vehicle dealer.

(5) In determining whether good cause exists for establishing or relocating an additional new motor vehicle dealer for the same line-make, the court shall take into consideration the existing circumstances, including, but not limited to, the following:

(a) Permanency and amount of the investment, including any obligations incurred by the dealer in making the investment;
(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious or beneficial to the public welfare;

(d) Whether the new motor vehicle dealers of the same line-make in the relevant market area are providing adequate competition and convenient consumer care for the motor vehicles of that line-make in the market area, including the adequacy of motor vehicle sales and qualified service personnel;

(e) Whether the establishment or relocation of the new motor vehicle dealer would promote competition;

(f) Growth or decline of the population and the number of new motor vehicle registrations in the relevant market area; and

(g) The effect on the relocating dealer of a denial of its relocation into the relevant market area.

§17A-6A-12a. Restriction on motor vehicle dealer’s use of dealership property.

(1) A manufacturer shall not require that a new motor vehicle dealer, a proposed new motor vehicle dealer, or any owner of an interest in a dealership facility enter into or agree to a property use agreement as a condition to any of the following:

(a) Awarding a dealer agreement to a prospective new motor vehicle dealer.

(b) Adding a line make or dealer agreement to an existing new motor vehicle dealer.

(c) Renewing a dealer agreement with an existing new motor vehicle dealer.

(d) Approving a relocation of a new motor vehicle dealer’s place of business.
(e) Approving a sale or transfer of the ownership of a dealership or a transfer of a dealer agreement to another person.

(2) Subsection (1) of this section does not apply to a property use agreement if any of the following are offered and accepted for that agreement:

(a) Monetary consideration.

(b) Separate and valuable consideration that can be calculated to a sum certain.

(3) If a manufacturer and new motor vehicle dealer are in parties to a property use agreement, the dealer agreement between the manufacturer and new motor vehicle dealer is terminated by a manufacturer or by a successor manufacturer or by operation of law and the reason for the termination is not a reason described in paragraphs (1) through (5), inclusive, subdivision (c), section seven of this article, the property use agreement terminates and ceases to be effective at the time the dealer agreement is terminated.

(4) If any provision contained in a property use agreement entered into on or after the effective date of the amendatory act that added this subsection is inconsistent with this section, the provision is voidable at the election of the affected new motor vehicle dealer, proposed new motor vehicle dealer, or owner of an interest in the dealership facility.

(5) As used in this section, “property use agreement” means any of the following:

(a) An agreement that requires that a new motor vehicle dealer establish or maintain exclusive dealership facilities.

(b) An agreement that restricts the ability of a new motor vehicle dealer, or the ability of the dealer’s lessor if the dealer is
leasing the dealership facility, to transfer, sell, lease, or change
the use of the place of business of the dealership, whether by
sublease, lease, collateral pledge of lease, right of first refusal to
purchase or lease, option to purchase, option to lease, or other
similar agreement, regardless of who the parties to that
agreement are.

(c) Any similar agreement between a manufacturer and a
new motor vehicle dealer and commonly known as a site control
agreement or exclusive use agreement.

(1) Each new motor vehicle manufacturer or distributor shall
specify in writing to each of its new motor vehicle dealers
licensed in this state the dealer’s obligations for preparation,
delivery and warranty service on its products. The manufacturer
or distributor shall compensate the new motor vehicle dealer for
warranty service required of the dealer by the manufacturer or
distributor. The manufacturer or distributor shall provide the new
motor vehicle dealer with the schedule of compensation to be
paid to the dealer for parts, work and service, and the time
allowance for the performance of the work and service in a
manner in compliance with section eight-a of this article.

(2) The schedule of compensation shall include reasonable
compensation for diagnostic work, as well as repair service and
labor. Time allowances for the diagnosis and performance of
warranty work and service shall be reasonable and adequate for
the work to be performed. In the determination of what
constitutes reasonable compensation under this section, section
eight-a of this article shall govern: Provided, That in the case of
a dealer of new motorcycles, motorboat trailers, all-terrain
vehicles, utility terrain vehicles and snowmobiles, the
compensation of a dealer for warranty parts is the greater of the
dealer’s cost of acquiring the part plus thirty percent or the
manufacturer’s suggested retail price: Provided, however, That
in the case of a dealer of travel trailers, fold-down camping
trailers and motorhomes, the compensation of a dealer’s cost for
warranty parts is not less than the dealer’s cost of acquiring the
part plus twenty percent.

(3) A manufacturer or distributor may not do any of the
following:

(a) Fail to perform any warranty obligation;

(b) Fail to include in written notices of factory recalls to new
motor vehicle owners and dealers the expected date by which
necessary parts and equipment will be available to dealers for the
correction of the defects; or

(c) Fail to compensate any of the new motor vehicle dealers
licensed in this state for repairs effected by the recall.

(4) All claims made by a new motor vehicle dealer pursuant
to this section for labor and parts shall be paid within thirty days
after their approval. All claims shall be either approved or
disapproved by the manufacturer or distributor within thirty days
after their receipt on a proper form generally used by the
manufacturer or distributor and containing the usually required
information therein. Any claim not specifically disapproved in
writing within thirty days after the receipt of the form is
considered to be approved and payment shall be made within
thirty days. The manufacturer has the right to initiate an audit of
a claim within twelve months after payment and to charge back
to the new motor vehicle dealer the amount of any false,
fraudulent or unsubstantiated claim, subject to the requirements
of section eight-a of this article.

(5) The manufacturer shall accept the return of any new and
unused part, component or accessory that was ordered by the
dealer, and shall reimburse the dealer for the full cost charged to
the dealer for the part, component or accessory if the dealer
returns the part and makes a claim for the return of the part
within one year of the dealer’s receipt of the part, component or
accessory and provides reasonable documentation, to include any
changed part numbers to match new part numbers, provided that
the part was ordered for a warranty repair.

§17A-6A-14a. Open account protection.

1 If there is a dispute between the manufacturer, factory
branch, distributor or distributor branch and the dealer with
respect to any matter referred to this article, either party may
notify, in writing, the other party of its request to challenge,
through the manufacturer’s appeal process or the circuit courts
of the state of West Virginia. A manufacturer, factory branch,
distributor, or distributor branch may not collect chargebacks,
fully or in part, either through direct payment or by charge to the
dealer’s account, for warranty parts or service compensation,
including service incentives, sales incentives, other sales
compensation, surcharges, fees, penalties or any financial
imposition of any type arising from an alleged failure of the
dealer to comply with a policy of, directive from or agreement
with the manufacturer, factory branch, distributor or distributor
branch until thirty days following final notice of the amount
charged to the dealer following all internal processes of the
manufacturer, factory, factory branch, distributor or distributor
branch. Within thirty days following receipt of final notice, the
dealer may, in writing, request a hearing or seek civil relief from
the manufacturer’s appeal process or the circuit courts of the
state of West Virginia. If a dealer requests a hearing or files a
civil action, the manufacturer, factory branch, distributor or
distributor branch may not collect the chargeback, fully or in
part, either through direct payment or by charge to the dealer’s
account, until the completion of the hearing or civil action, and
all appeal, civil or otherwise, have been exhausted concerning
the validity of the chargeback.

Notwithstanding the terms of any dealer agreement, a manufacturer or distributor shall indemnify and hold harmless its dealers for any reasonable expenses incurred, including damages, court costs and attorney’s fees, arising out of complaints, claims or actions to the extent such complaints, claims or actions relate to the manufacture, assembly, design of a new motor vehicle or other functions by the manufacturer or distributor beyond the control of the dealer, including, without limitation, the selection by the manufacturer or distributor of parts or components for the vehicle, and any damages to merchandise occurring prior to acceptance of the vehicle by the dealer to the dealer if the carrier is designated by the manufacturer or distributor, if the new motor vehicle dealer gives timely notice to the manufacturer or distributor of the complaint, claim or action.

§17A-6A-15a. Dealer data, obligation of manufacturer, vendors, suppliers and others; consent to access dealership information; indemnification of dealer.

(a) Except as expressly authorized in this section, a manufacturer or distributor cannot require a motor vehicle dealer to provide it customer information to the manufacturer or distributor unless necessary for the sale and delivery of a new motor vehicle to a consumer, to validate and pay consumer or dealer incentives, for manufacturer’s marketing purposes, for evaluation of dealer performance, for analytics or to support claims submitted by the new motor vehicle dealer for reimbursement for warranty parts or repairs. Nothing in this section shall limit the manufacturer’s ability to require or use customer information to satisfy any safety or recall notice obligation or other legal obligation.

(b) The dealer is only required to provide the customer information to the extent lawfully permissible; and to the extent
the requested information relates solely to specific program
requirements or goals associated with the manufacturer’s or
distributor’s own vehicle makes. A manufacturer, factory
branch, distributor, distributor branch, dealer management
computer system vendor or any third party acting on behalf of
any manufacturer, factory branch, distributor, distributor branch
or dealer management computer system vendor may not prohibit
a dealer from providing a means to regularly and continually
monitor the specific data accessed from or written to the dealer’s
computer system and from complying with applicable state and
federal laws and any rules or regulations promulgated
thereunder. These provisions do not impose an obligation on a
manufacturer, factory branch, distributor, distributor branch,
dealer management computer system vendor or any third party
acting on behalf of any manufacturer, factory branch, distributor,
distributor branch or dealer management computer system
vendor to provide that capability.

(c) A manufacturer, factory branch, distributor, distributor
branch, dealer management computer system vendor, or any
third party acting on behalf of any manufacturer, factory branch,
distributor, distributor branch or dealer management computer
system vendor, may not provide access to customer or dealership
information maintained in a dealer management computer
system used by a motor vehicle dealer located in this state, other
than a subsidiary or affiliate of the manufacturer factory branch,
distributor or distributor branch without first obtaining the
dealer’s prior express written consent, revocable by the dealer
upon ten business days written notice, to provide the access.

Upon a written request from a motor vehicle dealer, the
manufacturer, factory branch, distributor, distributor branch,
dealer management computer system vendor, or any third party
acting on behalf of or through any manufacturer, factory branch,
distributor, distributor branch or dealer management computer
system vendor shall provide to the dealer a written list of all
specific third parties other than a subsidiary or affiliate of the
manufacturer, factory branch, distributor or distributor branch to
whom any data obtained from the dealer has actually been
provided within the twelve-month period prior to date of dealer’s
written request. If requested by the dealer, the list shall further
describe the scope and specific fields of the data provided. The
consent does not change the person’s obligations to comply with
the terms of this section and any additional state or federal laws,
and any rules or regulations promulgated thereunder, applicable
to them with respect to the access.

(d) A manufacturer, factory branch, distributor, distributor
branch, dealer management computer system vendor or any third
party acting on behalf of or through any dealer management
computer system vendor, having electronic access to customer
or motor vehicle dealership data in a dealership management
computer system used by a motor vehicle dealer located in this
state shall provide notice in a reasonable timely manner to the
dealer of any security breach of dealership or customer data
obtained through the access.

(e) As used in this section:

(1) “Dealer management computer system” means a
computer hardware and software system that is owned or leased
by the dealer, including a dealer’s use of web applications,
excluding a web application operated by a manufacturer,
software or hardware, whether located at the dealership or
provided at a remote location and that provides access to
customer records and transactions by a motor vehicle dealer
located in this state and that allows the motor vehicle dealer
timely information in order to sell vehicles, parts or services
through the motor vehicle dealership.

(2) “Dealer management computer system vendor” means a
seller or reseller of dealer management computer systems, a
person that sells computer software for use on dealer
management computer systems or a person who services or
maintains dealer management computer systems.

(3) “Security breach” means an incident of unauthorized
access to and acquisition of records or data containing dealership
or dealership customer information where unauthorized use of
the dealership or dealership customer information has occurred.

(4) “Customer information” means “nonpublic personal” as
defined in 16 C. F. R. §313.

(f) Notwithstanding the terms or conditions of any consent,
authorization, release, novation, franchise or other contract or
agreement, every manufacturer, factory branch, distributor,
distributor branch, dealer management computer system vendor
or any third party acting on behalf of or through a manufacturer,
factory branch, distributor, distributor branch or dealer
management computer system vendor shall fully indemnify,
defend and hold harmless any dealer or manufacturer, factory
branch, distributor or distributor branch from all damages,
attorney fees and costs, other costs and expenses incurred by the
dealer from complaints, claims or actions arising out of
manufacturer’s, factory’s branch, distributor’s, distributor’s
branch, dealer management computer system vendor’s or any
third party for its willful, negligent or illegal use or disclosure of
dealers consumer or customer data or other information in
dealer’s computer system. The indemnification includes, but is
not limited to, judgments, settlements, fines, penalties, litigation
costs, defense costs, court costs, costs related to the disclosure of
security breaches and attorneys’ fees arising out of complaints,
claims, civil or administrative actions.

(g) This section applies to contracts entered into after the
effective date of this section.
§17A-6A-15b. Exports; rebuttable presumption on behalf of dealer.

It is unlawful for a manufacturer or distributor to take or threaten to take any adverse action against a dealer pursuant to an export or sale-for-resale prohibition because the dealer sold or leased a vehicle to a customer who either exported the vehicle to a foreign country or resold the vehicle in violation of the prohibition, unless the export or sale-for-resale prohibition policy was provided to the dealer in writing prior to the sale or lease, and the dealer knew or reasonably should have known of the customer’s intent to export or resell the vehicle in violation of the prohibition at the time of sale or lease. If the dealer causes the vehicle to be registered in this state or any other state and has determined that the customer is not on a list of known or suspected exporters provided by the manufacturer at the time of sale, a rebuttable presumption is established that the dealer did not have reason to know of the customer’s intent to export or resell the vehicle.

§17A-6A-15c. Manufacturer performance standards; uniform application, prohibited practices.

A manufacturer may not require dealer adherence to a performance standard or standards which are not applied uniformly to other similarly situated dealers. In addition to any other requirements of the law, the following shall apply:

(1) A performance standard, sales objective or program for measuring dealer performance that may have a material effect on a dealer, including the dealer’s right to payment under any incentive or reimbursement program, and the application of the standard, sales objective or program by a manufacturer, distributor or factory branch shall be reasonable and based on accurate information.

(2) Upon written request from a dealer participating in the program, the manufacturer shall provide in writing the dealer’s performance requirement or sales goal or objective, which shall
include a reasonable and general explanation of the methodology, criteria and calculations used.

(3) A manufacturer shall allocate a reasonable and appropriate supply of vehicles to assist the dealer in achieving any performance standards established by the manufacturer and distributor.

(4) The manufacturer or distributor has the burden of proving by a preponderance of the evidence that the performance standard, sales objective or program for measuring dealership performance complies with this article.

§17A-6A-18. West Virginia law to apply.

Notwithstanding the terms, provisions or requirements of any franchise agreement, contract or other agreement of any kind between a new motor vehicle dealer and a manufacturer or distributor captive finance source or any subsidiary, affiliate or partner of a manufacturer or distributor, the provisions of this code apply to all such agreements and contracts. Any provisions in the agreements and contracts which violate the terms of this section are null and void.

§17C-5A-2. Hearing; revocation; review.

(a) Written objections to an order of revocation or suspension under the provisions of section one of this article or section seven, article five of this chapter shall be filed with the Office of Administrative Hearings. The written objection must be filed with Office of Administrative Hearings in person, by registered or certified mail, return receipt requested, or by facsimile transmission or electronic mail within thirty calendar days after receipt of a copy of the order of revocation or suspension or no hearing will be granted: Provided, That a successful transmittal sheet shall be necessary for proof of written objection in the case of filing by fax. (b) The hearing shall be held at an office of the Division of Motor Vehicles suitable for hearing purposes located in or near the county in which the arrest was made in this state or at some other suitable place in the county in which the arrest was made if an office of the division is not available. At the discretion of the Office of Administrative Hearings, the hearing may also be held at an office of the Office of Administrative Hearings located in or near the county in which the arrest was made in this state. The Office of Administrative Hearings shall send a notice of hearing to the person whose driving privileges are at issue and the person’s legal counsel if the person is represented by legal counsel, by regular mail, or with the written consent of the person whose driving privileges are at issue or their legal counsel, by facsimile or electronic mail. The Office of Administrative Hearings shall also send a notice of hearing by regular mail, facsimile or electronic mail to the Division of Motor Vehicles, and the Attorney General’s Office, if the Attorney General has filed a notice of appearance of counsel on behalf of the Division of Motor Vehicles.

(c) (1) Any hearing shall be held within one hundred eighty days after the date upon which the Office of Administrative Hearings received the timely written objection unless there is a postponement or continuance.

(2) The Office of Administrative Hearings may postpone or continue any hearing on its own motion or upon application by the party whose license is at issue in that hearing or by the commissioner for good cause shown.

(3) The Office of Administrative Hearings may issue subpoenas commanding the appearance of witnesses and subpoenas duces tecum commanding the submission of documents, items or other things. Subpoenas duces tecum shall be returnable on the date of the next scheduled hearing unless otherwise specified. The Office of Administrative hearings shall
issue subpoenas and subpoenas duces tecum at the request of a party or the party’s legal representative. The party requesting the subpoena shall be responsible for service of the subpoena upon the appropriate individual. Every subpoena or subpoena duces tecum shall be served at least five days before the return date thereof, either by personal service made by a person over eighteen years of age or by registered or certified mail, return receipt requested, and received by the party responsible for serving the subpoena or subpoena duces tecum: Provided, That the Division of Motor Vehicles may serve subpoenas to law-enforcement officers through electronic mail to the department of his or her employer. If a person does not obey the subpoena or fails to appear, the party who issued the subpoena to the person may petition the circuit court wherein the action lies for enforcement of the subpoena.

(d) Law-enforcement officers shall be compensated for the time expended in their travel and appearance before the Office of Administrative Hearings by the law-enforcement agency by whom they are employed at their regular rate if they are scheduled to be on duty during said time or at their regular overtime rate if they are scheduled to be off duty during said time.

(e) The principal question at the hearing shall be whether the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person’s blood of eight hundredths of one percent or more, by weight, or did refuse to submit to the designated secondary chemical test, or did drive a motor vehicle while under the age of twenty-one years with an alcohol concentration in his or her blood of two hundredths of one percent or more, by weight, but less than eight hundredths of one percent, by weight.

(f) In the case of a hearing in which a person is accused of driving a motor vehicle while under the influence of alcohol,
controlled substances or drugs, or accused of driving a motor
vehicle while having an alcohol concentration in the person’s
blood of eight hundredths of one percent or more, by weight, or
accused of driving a motor vehicle while under the age of
twenty-one years with an alcohol concentration in his or her
blood of two hundredths of one percent or more, by weight, but
less than eight hundredths of one percent, by weight, the Office
of Administrative Hearings shall make specific findings as to:
(1) Whether the investigating law-enforcement officer had
reasonable grounds to believe the person to have been driving
while under the influence of alcohol, controlled substances or
drugs, or while having an alcohol concentration in the person’s
blood of eight hundredths of one percent or more, by weight, or
to have been driving a motor vehicle while under the age of
twenty-one years with an alcohol concentration in his or her
blood of two hundredths of one percent or more, by weight, but
less than eight hundredths of one percent, by weight; (2) whether
the person was lawfully placed under arrest for an offense
involving driving under the influence of alcohol, controlled
substances or drugs, or was lawfully taken into custody for the
purpose of administering a secondary test: Provided, That this
element shall be waived in cases where no arrest occurred due to
driver incapacitation; (3) whether the person committed an
offense involving driving under the influence of alcohol,
controlled substances or drugs; and (4) whether the tests, if any,
were administered in accordance with the provisions of this
article and article five of this chapter.

(g) If, in addition to a finding that the person did drive a
motor vehicle while under the influence of alcohol, controlled
substances or drugs, or did drive a motor vehicle while having an
alcohol concentration in the person’s blood of eight hundredths
of one percent or more, by weight, or did drive a motor vehicle
while under the age of twenty-one years with an alcohol
centration in his or her blood of two hundredths of one
percent or more, by weight, but less than eight hundredths of one
percent, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused the death of a person and was committed in reckless disregard of the safety of others and if the Office of Administrative Hearings further finds that the influence of alcohol, controlled substances or drugs or the alcohol concentration in the blood was a contributing cause to the death, the commissioner shall revoke the person’s license for a period of ten years: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(h) If, in addition to a finding that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person’s blood of eight hundredths of one percent or more, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused the death of a person, the commissioner shall revoke the person’s license for a period of five years: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(i) If, in addition to a finding that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person’s blood of eight hundredths of one percent or more, by weight, the Office of Administrative Hearings also finds by a preponderance of the evidence that the
person when driving did an act forbidden by law or failed to perform a duty imposed by law, which act or failure proximately caused bodily injury to a person other than himself or herself, the commissioner shall revoke the person’s license for a period of two years: Provided, That if the license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person’s license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(j) If the Office of Administrative Hearings finds by a preponderance of the evidence that the person did drive a motor vehicle while under the influence of alcohol, controlled substances or drugs, or did drive a motor vehicle while having an alcohol concentration in the person’s blood of eight hundredths of one percent or more, by weight, but less than fifteen hundredths of one percent or more, by weight, or finds that the person knowingly permitted the person’s vehicle to be driven by another person who was under the influence of alcohol, controlled substances or drugs, or knowingly permitted the person’s vehicle to be driven by another person who had an alcohol concentration in his or her blood of eight hundredths of one percent or more, by weight the commissioner shall revoke the person’s license for a period of six months or a period of fifteen days with an additional one hundred and twenty days of participation in the Motor Vehicle Alcohol Test and Lock Program in accordance with the provisions of section three-a of this article: Provided, That any period of participation in the Motor Vehicle Alcohol Test and Lock Program that has been imposed by a court pursuant to section two-b, article five of this chapter shall be credited against any period of participation imposed by the commissioner: Provided, however, That a person
whose license is revoked for driving while under the influence of drugs is not eligible to participate in the Motor Vehicle Alcohol Test and Lock Program: Provided further, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: And provided further, That if the person’s license has previously been suspended or revoked more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

(k) (1) If in addition to finding by a preponderance of the evidence that the person did drive a motor vehicle while under the influence of alcohol, controlled substance or drugs, the Office of Administrative Hearings also finds by a preponderance of the evidence that the person did drive a motor vehicle while having an alcohol concentration in the person’s blood of fifteen hundredths of one percent or more, by weight, the commissioner shall revoke the person’s license for a period of forty-five days with an additional two hundred and seventy days of participation in the Motor Vehicle Alcohol Test and Lock Program in accordance with the provisions of section three-a, article five-a, chapter seventeen-c of this code: Provided, That if the person’s license has previously been suspended or revoked under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be ten years: Provided, however, That if the person’s license has previously been suspended or revoked the person’s license more than once under the provisions of this section or section one of this article within the ten years immediately preceding the date of arrest, the period of revocation shall be for the life of the person.

CHAPTER 177

(S. B. 515 - By Senators Gaunch and Plymale)

[Passed March 13, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2015.]

AN ACT to amend and reenact §8-22-18a and §8-22-18b of the Code of West Virginia, 1931, as amended, all relating to Municipal Pensions Oversight Board; and retention, allocation, distribution and investment of funds.

Be it enacted by the Legislature of West Virginia:

That §8-22-18a and §8-22-18b of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 22. RETIREMENT BENEFITS GENERALLY; POLICEMEN’S PENSION AND RELIEF FUND; FIREMEN’S PENSION AND RELIEF FUND;
PENSION PLANS FOR EMPLOYEES OF WATERWORKS SYSTEM, SEWERAGE SYSTEM OR COMBINED WATERWORKS AND SEWERAGE SYSTEM.

§8-22-18a. West Virginia Municipal Pensions Oversight Board created; powers and duties; management; composition; terms; quorum; expenses; reports.

(a) (1) The West Virginia Municipal Pensions Oversight Board, established in 2009, is hereby continued as a public body corporate for the purpose of monitoring and improving the performance of municipal policemen’s and firemen’s pension and relief funds to assure prudent administration, investment and management of the funds. Management of the oversight board shall be vested solely in the members of the oversight board. Duties of the oversight board shall include, but not be limited to, assisting municipal boards of trustees in performing their duties, assuring the funds’ compliance with applicable laws, providing for actuarial studies, distributing tax revenues to the funds, initiating or joining legal actions on behalf of active or retired pension fund members or municipal boards of trustees to protect interests of the members in the funds and taking other actions as may be reasonably necessary to provide for the security and fiscal integrity of the pension funds. The oversight board’s authority to initiate legal action does not preempt the authority of municipalities, municipal policemen’s and firemen’s boards of trustees or pension fund active members, beneficiaries or others to initiate legal action to protect interests in the funds. Further, the oversight board may, in its discretion, investigate the actions or practices of municipal boards of trustees or of their administrators or employees that, in the oversight board’s judgment, have the potential to threaten the security or fiscal integrity of the pension funds, and the boards of trustees, administrators and employees shall cooperate with the oversight board in any investigation. Regardless of whether it has
28 previously conducted an investigation, the oversight board may
29 initiate or intervene in legal actions to challenge or prevent any
30 action or practice which, in the oversight board’s judgment, has
31 the potential to threaten the security or fiscal integrity of the
32 pension funds. Establishment of the oversight board does not
33 relieve the municipal funds’ boards of trustees from their
34 fiduciary and other duties to the funds, nor does it create any
35 liability for the funds on the part of the state. The failure of the
36 oversight board to investigate or initiate legal actions regarding
37 the actions or practices of municipal boards of trustees, their
38 administrators or employees does not render the oversight board
39 liable for the actions or practices. Members and employees of the
40 oversight board are not liable personally, either jointly or
41 severally, for debts or obligations of the municipal pension and
42 relief funds. Except as otherwise provided herein, members and
43 employees of the oversight board have a fiduciary duty toward
44 the municipal pension and relief funds and are liable for
45 malfeasance or gross negligence. Employees of the oversight
46 board are classified-exempt state employees.

(2) The oversight board shall consist of nine members. The
48 Executive Director of the state’s Investment Management Board
49 and the Executive Director of the state’s Consolidated Public
50 Retirement Board, or their designees, shall serve as voting ex
51 officio members. The other seven members shall be citizens of
52 the state who have been qualified electors of the state for a
53 period of at least one year next preceding their appointment and
54 shall be as follows: An active or retired member of a Municipal
55 Policemen’s Pension and Relief Fund chosen from a list of three
56 persons submitted to the Governor by the state’s largest
57 professional municipal police officers organization, an active or
58 retired member of a Municipal Firemen’s Pension and Relief
59 Fund chosen from a list of three persons submitted to the
60 Governor by the state’s largest professional firefighters
61 organization, an attorney experienced in finance and investment
62 matters related to pensions management, two persons
experienced in pension funds management, one person who is a
certified public accountant experienced in auditing and one
person chosen from a list of three persons submitted to the
Governor by the state’s largest association of municipalities.

(3) On the effective date of the enactment of this section as
amended during the fourth extraordinary session of the
Legislature in 2009, the Governor shall forthwith appoint the
members, with the advice and consent of the Senate. The
Governor may remove any member from the oversight board for
neglect of duty, incompetency or official misconduct.

(b) The oversight board has the power to:

be impleaded;

(2) Promulgate and enforce bylaws and rules for the
management and conduct of its affairs;

oversight board is charged with receiving and distributing.
Investment of those funds may be with the Board of Treasury
Investments or the Investment Management Board at the
discretion of the oversight board;

(4) Make, amend and repeal bylaws, rules and procedures
consistent with the provisions of this article and chapter
thirty-three of this code;

(5) Notwithstanding any other provision of law, retain or
employ, fix compensation, prescribe duties and pay expenses of
legal, accounting, financial, investment, management and other
staff, advisors or consultants as it considers necessary, including
the hiring of legal counsel and actuary; and

(6) Do all things necessary and appropriate to implement and
operate the board in performance of its duties. Expenses shall be
paid from the moneys in the Municipal Pensions Security Fund
created in section eighteen-b of this article or, prior to the
transition provided in section eighteen-b of this article, the
Municipal Pensions and Protection Fund: Provided, That the
board may request special appropriation for special projects. The
oversight board is exempt from provisions of article three,
chapter five-a of this code for the purpose of contracting for
actuarial services, including the services of a reviewing actuary.

(c) Except for ex officio members, the terms of oversight
board members shall be staggered initially from January 1, 2010.
The Governor shall appoint initially one member for a term of
one year, one member for a term of two years, two members for
terms of three years, one member for a term of four years and
two members for terms of five years. Subsequent appointments
shall be for terms of five years. A member serving two full
consecutive terms may not be reappointed for one year after
completion of his or her second full term. Each member shall
serve until that member’s successor is appointed and qualified.
Any member may be removed by the Governor in case of
incompetency, neglect of duty, gross immorality or malfeasance
in office. Any vacancy on the oversight board shall be filled by
appointment by the Governor for the balance of the unexpired
term.

(d) A majority of the full authorized membership of the
oversight board constitutes a quorum. The board shall meet at
least quarterly each year, but more often as duties require, at
times and places that it determines. The oversight board shall
elect a chairperson and a vice chairperson from their
membership who shall serve for terms of two years and shall
select annually a secretary/treasurer who may be either a
member or employee of the board. The oversight board shall
employ an executive director and other staff as needed and shall
fix their duties and compensation. The compensation of the
executive director shall be subject to approval of the Governor.
Except for any special appropriation as provided in subsection
(b) of this section, all personnel and other expenses of the board
shall be paid from revenue collected and allocated for municipal
policemen’s or municipal firemen’s pension and relief funds
pursuant to section fourteen-d, article three, chapter thirty-three
of this code and distributed through the Municipal Pensions and
Protection Fund or the Municipal Pensions Security Fund created
in section eighteen-b of this article. Expenses during the initial
year of the board’s operation shall be from proceeds of the
allocation for the municipal pensions and relief funds.
Expenditures in years thereafter shall be by appropriation from
the Municipal Pensions Security Fund. Money allocated for
municipal policemen’s and firemen’s pension and relief funds to
be distributed from the Municipal Pensions and Protection Fund
or the Municipal Pensions Security Fund shall be first allocated
to pay expenses of the oversight board and the remainder in the
fund distributed among the various municipal pension and relief
funds as provided in section fourteen-d, article three, chapter
thirty-three of this code. The board is exempt from the
provisions of sections seven and eleven, article three, chapter
twelve of this code relating to compensation and expenses of
members, including travel expenses.

(e) Members of the oversight board shall serve the board
without compensation for their services: Provided, That no
public employee member may suffer any loss of salary or wages
on account of his or her service on the board. Each member of
the board shall be reimbursed, on approval of the board, for any
necessary expenses actually incurred by the member in carrying
out his or her duties. All reimbursement of expenses shall be
paid out of the Municipal Pensions Security Fund.

(f) The board may contract with other state boards or state
agencies to share offices, personnel and other administrative
functions as authorized under this article: Provided, That no
provision of this subsection may be construed to authorize the
board to contract with other state boards or state agencies to
otherwise perform the duties or exercise the responsibilities
imposed on the board by this code.
(g) The board shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code as necessary to implement the provisions of this article, and may initially promulgate emergency rules pursuant to the provisions of section fifteen, article three, chapter twenty-nine-a of this code.

(h) The oversight board shall report annually to the Legislature’s Joint Committee on Government and Finance and the Joint Committee on Pensions and Retirement concerning the status of municipal policemen’s and firemen’s pension and relief funds and shall present recommendations for strengthening and protecting the funds and the benefit interests of the funds’ members.

(i) The oversight board shall cooperate with the West Virginia Investment Management Board and the Board of Treasury Investments to educate members of the local pension boards of trustees on the services offered by the two state investment boards. No later than October 31, 2013, the board shall report to the Joint Committee on Government and Finance and the Joint Committee on Pensions and Retirement a detailed comparison of returns on long-term investments of moneys held by or allocated to municipal pension and relief funds managed by the West Virginia Investment Management Board and those managed by others than the Investment Management Board. The oversight board shall also report at that time on short-term investment returns by local pension boards using the West Virginia Board of Treasury Investments compared to short-term investment returns by those local boards of trustees not using the Board of Treasury Investments.

(j) The oversight board shall establish minimum requirements for training to be completed by each member of the board of trustees of a municipal policemen’s or firemen’s pension and relief fund. The requirements should include, but
not be limited to, training in ethics, fiduciary duty and investment responsibilities.

§8-22-18b. Creation of Municipal Pensions Security Fund; transfer of certain powers, duties and functions of Treasurer’s office to Municipal Pensions Oversight Board.

(a) The Legislature finds that an important part of oversight of municipal policemen’s and firemen’s pension and relief funds is monitoring the performance required of the various funds to qualify to receive distribution of insurance premium tax revenues provided by section fourteen-d, article three, chapter thirty-three of this code. The duties and functions of the State Treasurer’s office with respect to monitoring and distribution are transferred from the State Treasurer’s office to the West Virginia Municipal Pensions Oversight Board effective January 1, 2010: Provided, That until the oversight board is fully organized and operating, some duties and functions being performed by the State Treasurer’s office prior to January 1, 2010, may be continued by that office temporarily as necessary to effect an orderly transition of responsibilities and provide for prompt distribution of the insurance premium tax proceeds for expenses of the oversight board and to the municipal policemen’s and firemen’s pension and relief funds.

(b) There is hereby created in the State Treasury a nonexpiring special revenue fund designated the West Virginia Municipal Pensions Security Fund which shall be administered by the West Virginia Municipal Pensions Oversight Board solely for the purposes as provided in this article and article three, chapter thirty-three of this code. All earnings shall accrue to and be retained by the fund unless otherwise provided in this article.

(c) Until the oversight board advises the Insurance Commissioner and the State Treasurer in writing that the oversight board is prepared to receive into and distribute from
the West Virginia Municipal Pensions Security Fund premium
tax revenues as provided in section fourteen-d, article three,
chapter thirty-three of this code and section seven, article
twelve-c of said chapter, the commissioner shall continue to
transfer the funds into the Municipal Pensions and Protection
Fund and the State Treasurer shall continue to disburse funds to
the qualifying municipal pension and relief funds, and shall
disburse funds as necessary for the establishment and early
operation of the oversight board. The Insurance Commissioner,
the State Treasurer and oversight board shall share information
freely as required for efficient transfer of powers and duties
related to the premium tax revenues generated pursuant to
chapter thirty-three of this code to be allocated to the municipal
colicemen’s and firemen’s pension and relief funds. When the
oversight board assumes full responsibility to receive funds into
and disburse funds from the Municipal Pensions Security Fund,
the State Treasurer shall transfer to it all funds remaining in the
Municipal Pensions and Protection Fund and close the Municipal
Pensions and Protection Fund.

[Approved by the Governor on February 18, 2015.]

§29-27-4 and §29-27-6 of said code, all relating to the National Coal Heritage Area Authority; adding Lincoln and Kanawha counties as member counties; increasing number of authority board members; adding ex-officio non-voting member to the authority board from Marion County; adding working in member counties to qualifications of appointed members; providing for county commissions of member counties to recommend three nominees to Governor; providing for the Secretary of Education and the Arts to recommend three nominees for chairperson to Governor; creating a standing committee; establishing standing committee responsibilities; repealing article relating to the Coal Heritage Highway Authority; and transferring all assets and responsibilities of the Coal Heritage Highway Authority to the National Coal Heritage Area Authority.

The Legislature further finds that the creation and empowering of a statutory corporation to work with the landowners, county officials and community leaders, state and federal government agencies, and other interested parties to enable and facilitate the development of the national coal heritage area will greatly assist in the realization of these potential benefits.

Unless the context clearly requires a different meaning, the terms used in this article have the following meanings:

(c) The terms of office shall be four years and shall expire on June 30. No appointed member may serve more than two
consecutive full terms. A member shall continue to serve until his or her successor has been appointed and qualified.

(g) The board shall appoint an executive director to act as its chief executive officer, to serve at the will and pleasure of the board. The board, acting through its executive director, may employ any other personnel considered necessary and may appoint staff for the authority and retain such temporary consultants or technicians as may be required for any special study or survey consistent with the provisions of this article. The executive director shall carry out plans to implement the provisions of this article and to exercise those powers. §29-27-6. Continuation of legal obligations.

All obligations, contracts, grants and assets currently belonging to the Coal Heritage Highway Authority shall be transferred to and become the responsibility and property of the National Coal Heritage Area Authority.

CHAPTER 180

(H. B. 2201 - By Delegate(s) Ireland, Folk, Manchin, Lynch, Rowe, Fleischauer, Skinner, Fast, Fluharty, Byrd and Summers)

[Amended and again passed February 28, 2015; as a result of objections of the Governor; in effect from passage.]
[Approved by the Governor on March 12, 2015.]

AN ACT to amend and reenact §24-2F-8 of the Code of West Virginia, 1931, as amended, relating to net metering; defining net metering; defining customer-generator; defining cross-subsidization; requiring the Public Service Commission to prohibit cross-subsidization; requiring the Public Service Commission adopt certain net metering and interconnection rules and standards; striking deadlines for rulemaking by the Public Service Commission; and capping the amount of generating capacity subject to net metering.

Be it enacted by the Legislature of West Virginia:

That §24-2F-8 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 2F. NET METERING OF CUSTOMER-GENERATORS.

(a) “Net metering” means measuring the difference between electricity supplied by an electric utility and electricity generated from a facility owned or leased and operated by a customer generator when any portion of the electricity generated from the facility is used to offset part or all of the electric retail customer’s requirements for electricity.

(b) “Customer-generator” means an electric retail customer who owns or leases and operates a customer-sited generation project utilizing an alternative or renewable energy resource or a net metering system in this state.

(c) “Cross-subsidization”, for purposes of this section, means the practice of charging costs directly incurred by the electric utility in accommodating a net metering system to electric retail customers who are not customer generators.

(d) The Public Service Commission shall adopt a rule requiring that all electric utilities provide a rebate or discount at fair value, to be determined by the Public Service Commission, to customer-generators for any electricity generation that is delivered to the utility under a net metering arrangement. The commission shall assure that any net metering tariff does not create a cross-subsidization between customers within one class of service.

(e) The Public Service Commission shall also consider adopting, by rule, a requirement that all sellers of electricity to retail customers in the state, including rural electric cooperatives, municipally owned electric facilities or utilities serving less than thirty thousand residential electric customers in this state, offer net metering rebates or discounts to customer-generators.
(f) The Public Service Commission shall institute a general investigation for the purpose of adopting rules pertaining to net metering and the interconnection of eligible electric generating facilities intended to operate in parallel with an electric utility’s system. As part of its investigation, the Public Service Commission shall take into consideration rules of other states within the applicable region of the regional transmission organization, as that term is defined in 18 C.F.R. §35.34, that manages a utility’s transmission system in any part of this state. Furthermore, the Public Service Commission shall consider increasing the allowed kilowatt capacity for commercial customer-generators to an amount not to exceed five hundred kilowatts and for industrial customer-generators to an amount not to exceed two megawatts. The Public Service Commission shall further consider interconnection standards for combined heat and power.

(g) An electric utility shall offer net metering to a customer-generator that generates electricity on the customer-generator side of the meter using alternative or renewable energy sources, on a first-come, first-served basis, based on the date of application for interconnection as provided in the rules promulgated by the commission and pursuant to a standard tariff. An electric utility may offer net metering to customer-generators, on a first-come, first-served basis, so long as the total generation capacity installed by all customer-generators is no greater than three percent (3%) of the electric utility aggregate customer peak demand in the state during the previous year, of which no less than one-half percent (0.5%) is reserved for residential customer-generators.

(h) The Public Service Commission shall adopt a rule requiring compliance with the Institute of the Electrical and Electronics Engineers (IEEE) standards at all times, and as the same shall be amended, including having a disconnect readily
62 accessible to the utility between the facilities of the customer-generator and the electric utility.

1 The Legislature makes the following findings:

2 (1) Pain receptors (unborn child’s entire body nociceptors) are present no later than sixteen weeks after fertilization and nerves link these receptors to the brain’s thalamus and subcortical plate by no later than twenty weeks.

3 (2) By eight weeks after fertilization, the unborn child reacts to stimuli that would be recognized as painful if applied to an adult human, for example, by recoiling.

4 (3) In the unborn child, application of painful stimuli is associated with significant increases in stress hormones known as the stress response.

5 (4) Subjection to painful stimuli is associated with long-term harmful neuro developmental effects, such as altered pain sensitivity and, possibly, emotional, behavioral and learning disabilities later in life.
(5) For the purposes of surgery on unborn children, fetal anesthesia is routinely administered and is associated with a decrease in stress hormones compared to their level when painful stimuli is applied without the anesthesia.

(6) The position, asserted by some medical experts, that the unborn child is incapable of experiencing pain until a point later in pregnancy than twenty weeks after fertilization, which point in the pregnancy is generally consistent with twenty-two weeks following the woman’s last menstrual cycle, predominately rests on the assumption that the ability to experience pain depends on the cerebral cortex and requires nerve connections between the thalamus and the cortex. However, recent medical research and analysis, especially since 2007, provides strong evidence for the conclusion that a functioning cortex is not necessary to experience pain.

(7) Substantial evidence indicates that children born missing the bulk of the cerebral cortex, those with hydranencephaly, nevertheless experience pain.

(8) In adults, stimulation or ablation of the cerebral cortex does not alter pain perception while stimulation or ablation of the thalamus does.

(9) Substantial evidence indicates that structures used for pain processing in early development differ from those of adults, using different neural elements available at specific times during development, such as the subcortical plate, to fulfill the role of pain processing.

(10) Consequently, there is substantial medical evidence that an unborn child is capable of experiencing pain by pain capable gestational age as defined in subsection (7), section two, article two-m of this chapter.
It is the purpose of the state to assert a compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain.

§16-2M-2. Definitions.

For purposes of this article:

(1) “Abortion” means abortion as that term is defined in section two, article two-f of this chapter.

(2) “Attempt to perform or induce an abortion” means an act or an omission of a statutorily required act that, under the circumstances as the person believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the performance or induction of an abortion in this state in violation of the applicable provisions of this code.

(3) “Fertilization” means the fusion of a human spermatozoon with a human ovum.

(4) “Fetus” means the developing young in the uterus, specifically the unborn offspring in the postembryonic period from nine weeks after fertilization until birth.

(5) “Medical emergency” means a condition that, on the basis of a reasonably prudent physician's reasonable medical judgment, so complicates the medical condition of a pregnant female that it necessitates the immediate abortion of her pregnancy without first determining gestational age to avert her death or for which the delay necessary to determine gestational age will create serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No condition may be deemed a medical emergency if based on a claim or diagnosis that the woman will engage in conduct which she intends to
result in her death or in substantial and irreversible physical impairment of a major bodily function.

(6) “Nonmedically viable fetus” means a fetus that contains sufficient lethal fetal anomalies so as to render the fetus medically futile or incompatible with life outside the womb in the reasonable medical judgment of a reasonably prudent physician.

(7) “Pain capable gestational age” means twenty-two weeks since the first day of the woman’s last menstrual period. The pain capable gestational age defined herein is generally consistent with the time that is twenty weeks after fertilization.

(8) “Physician” means a person with an unrestricted license to practice allopathic medicine pursuant to article three of chapter thirty of this code or osteopathic medicine pursuant to article fourteen, chapter thirty of this code.

(9) “Probable gestational age of the fetus” means, in reasonable medical judgment and with reasonable probability, the gestational age of the fetus at the time an abortion is planned to be performed.

(10) “Reasonable medical judgment” means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

§16-2M-3. Determination of gestational age.

Except in the case of a medical emergency or a nonmedically viable fetus, no abortion may be performed or induced or be attempted to be performed or induced unless the physician performing or inducing it has first made a determination of the probable gestational age of the fetus or relied upon such a determination made by another physician. In
making this determination, the physician shall make inquiries of
the patient and perform or cause to be performed medical
examinations and tests as a reasonably prudent physician,
knowledgeable about the case and the medical conditions
involved, would consider necessary to perform in making an
accurate diagnosis with respect to gestational age.

§16-2M-4. Abortion of fetus of pain capable gestational age
prohibited.

(a) No person may perform or induce, or attempt to perform
or induce, an abortion when it has been determined, by the
physician performing or inducing or attempting to perform or
induce the abortion or by another physician upon whose
determination that physician relies, that the probable gestational
age of the fetus has reached the pain capable gestational age,
unless in the reasonable medical judgment of a reasonably
prudent physician there exists a nonmedically viable fetus or the
patient has a condition that, on the basis of a reasonably prudent
physician’s reasonable medical judgment, so complicates her
medical condition as to necessitate the abortion of her pregnancy
to avert her death or to avert serious risk of substantial and
irreversible physical impairment of a major bodily function, not
including psychological or emotional conditions. No condition
may be deemed a medical emergency if based on a claim or
diagnosis that the woman will engage in conduct which she
intends to result in her death or in substantial and irreversible
physical impairment of a major bodily function.

(b) When an abortion upon a patient whose fetus has been
determined to have a probable gestational age that has reached
the pain capable gestational age is not prohibited by subsection
(a) of this section, the physician shall terminate the pregnancy in
the manner which, in reasonable medical judgment, provides the
best opportunity for the fetus to survive, unless, in reasonable
medical judgment, termination of the pregnancy in that manner
would pose a greater risk either of the death of the patient or of
the substantial and irreversible physical impairment of a major
bodily function of the patient than would other available
methods.

§16-2M-5. Reporting.

(a) Any physician who performs or induces an abortion shall
report to the Bureau for Public Health. The reporting shall be on
a schedule and on forms set forth by the Secretary of the
Department of Health and Human Resources annually, no later
than December 31. The reports shall include the following
information:

(1) Probable gestational age:

   (A) If a determination of probable gestational age was made,
   whether ultrasound was employed in making the determination,
   and the week of probable gestational age determined.

   (B) If a determination of probable gestational age was not
   made, the basis of the determination that a medical emergency
   existed or that there existed a nonmedically viable fetus.

(2) Method of abortion;

(3) If the probable gestational age was determined to have
reached the pain capable gestational age, the basis of the
determination that there existed a nonmedically viable fetus or
that the patient had a condition which so complicated the
medical condition of the patient that it necessitated the abortion
of her pregnancy in order to avert her death or avert a serious
risk of substantial and irreversible physical impairment of a
major bodily function; and

(4) If the probable gestational age was determined to have
reached the pain capable gestational age, whether the method of
abortion used was one that, in reasonable medical judgment, provided the best opportunity for the fetus to survive and, if such a method was not used, the basis of the determination that termination of the pregnancy in that manner would pose a greater risk either of the death of the patient or of the substantial and irreversible physical impairment of a major bodily function of the patient than would other available methods.

(b) Reports required by subsection (a) of this section may not contain the name or the address of the patient whose pregnancy was terminated nor may the report contain any information identifying the patient. These reports shall be maintained in strict confidence by the department, may not be available for public inspection, and may not be made available except pursuant to court order.

(c) Beginning June 30, 2016, and annually after that, the Department of Health and Human Resources shall issue a public report providing statistics for the previous calendar year compiled from all of the reports covering that year submitted in accordance with this section for each of the items listed in subsection (a) of this section. Each report shall provide the statistics for all previous calendar years from the effective date of this section, adjusted to reflect any additional information from late or corrected reports. The Department of Health and Human Resources shall take care to ensure that none of the information included in the public reports could reasonably lead to the identification of any patient upon whom an abortion was performed or induced.

§16-2M-6. Penalties.

(a) Any physician or other licensed medical practitioner who intentionally or recklessly performs or induces an abortion in violation of this article is considered to have acted outside the scope of practice permitted by law or otherwise in breach of the
standard of care owed to patients, and is subject to discipline from the applicable licensure board for that conduct, including, but not limited to, loss of professional license to practice.

(b) Any person, not subject to subsection (a) of this section, who intentionally or recklessly performs or induces an abortion in violation of this article is considered to have engaged in the unauthorized practice of medicine in violation of section thirteen, article three, chapter thirty of this code, and upon conviction, subject to the penalties contained in that section.

(c) In addition to the penalties set forth in subsections (a) and (b) of this section, a patient may seek any remedy otherwise available to such patient by applicable law.

(d) No penalty may be assessed against any patient upon whom an abortion is performed or induced or attempted to be performed or induced.

§16-2M-7. Severability.

If any one or more provisions, sections, subsections, sentences, clauses, phrases or words of this article or the application thereof to any person or circumstance is found to be unconstitutional or temporarily or permanently restrained or enjoined by judicial order, or both, the same is declared to be severable and the balance of this article shall remain effective notwithstanding such judicial decision, including for all other applications of each of the provisions, sections, subsections, sentences, clauses, phrases or words of this article: Provided, That whenever any judicial decision is stayed, dissolved, or otherwise ceases to have effect, such provisions shall have full force and effect.

Be it enacted by the Legislature of West Virginia:

That §21-5A-1, §21-5A-2, §21-5A-3, §21-5A-5, §21-5A-6, §21-5A-8, §21-5A-10 and §21-5A-11 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that said code be amended by adding thereto a new section, designated §21-5A-12, all to read as follows:

ARTICLE 5A. WAGES FOR CONSTRUCTION OF PUBLIC IMPROVEMENTS

1 (1) The term “public authority”, as used in this article, shall mean any officer, board or commission or other agency of the State of West Virginia, or any political subdivision thereof, authorized by law to enter into a contract for the construction of a public improvement, including any institution supported, in whole or in part, by public funds of the State of West Virginia or its political subdivisions.
(2) The term “construction”, as used in this article, shall mean any construction, reconstruction, improvement, enlargement, painting, decorating or repair of any public improvement let to contract. The term “construction” shall not be construed to include temporary or emergency repairs.

(5) The term “construction industry”, as used in this article, shall mean that industry which is composed of employees and employers engaged in construction of buildings, roads, highways, bridges, streets, alleys, sewers, ditches, sewage disposal plants, waterworks, airports and all other structures or works, whether private or public, on which construction work as defined in subsection (2) of this section is performed.

(6) The term “employee”, for the purposes of this article, shall not be construed to include such persons as are employed or hired by the public authority on a regular or temporary basis or engaged in making temporary or emergency repairs.

(7) The term “public money” means funds obtained by a public authority through taxes, fees, fines or penalties. For purposes of this article, public money does not include funds obtained by private donation, contribution, fundraising or insurance proceeds.
(8) The term “wages” means the hourly rate paid for work performed by an employee for an employer.

It is hereby declared to be the policy of the State of West Virginia that a wage of no less than the prevailing hourly rate of wages for work of a similar character in the regions of this state in which the construction is performed shall be paid to all workers employed by or on behalf of any public authority engaged in the construction of public improvements.

§21-5A-3. Fair minimum rate of wages; determination; filing; schedule of wages part of specifications.

Any public authority authorized to let to contract the construction of a public improvement shall, before advertising for bids for the construction thereof, ascertain from Workforce West Virginia, the fair minimum rate of wages to be paid by the successful bidder to the laborers, workers or mechanics in the various branches or classes of the construction to be performed; and such schedule of wages shall be made a part of the specifications for the construction and shall be published in an electronic or other medium and incorporated in the bidding blanks by reference when approved by Workforce West Virginia where the construction is to be performed by contract. The fair minimum rate of wages, for the intents and purposes of this article, shall be the prevailing rate of wages paid in the regions of this state as hereinbefore defined to the workers, laborers or mechanics in the same trade or occupation in the construction industry. Workforce West Virginia shall assemble the data as to the fair minimum wage rates and shall file wage rates. Rates shall be established and filed as hereinafter provided on January 1, of each year, unless otherwise specified within this article. These rates shall prevail as the minimum wage rate for all public improvements for which bids are asked during the year
beginning with the date when such new rates are filed and, until the new rates are filed, the rates for the preceding year shall remain in effect: Provided, That such rates shall not remain in effect for a period longer than fifteen months from the date they are published, but this provision shall not affect construction of a public improvement then underway: Provided, however, That this section applies only to contracts let for public improvements whose cost at the time the contract is awarded will be paid with public money in an amount greater than $500,000.

§21-5A-5. Prevailing wages established at specified intervals; how determined; filing; legislative review.

(1) Workforce West Virginia, in coordination with the West Virginia University Bureau of Business and Economic Research and the Center for Business and Economic Research at Marshall University in furtherance of section four, article three, chapter eighteen-b of this code, shall investigate and determine the prevailing hourly rate of wages in the regions of this state. Determinations thereof shall be made annually on January 1 of each year, unless otherwise specified within this article, and shall remain in effect during the successive year: Provided, That such rates shall not remain in effect for a period longer than fifteen months from the date they are published. A copy of the determination so made, certified by Workforce West Virginia, shall be filed immediately with the Secretary of State.

(2) On or before June 1, 2015, Workforce West Virginia, in coordination with the West Virginia University Bureau of Business and Economic Research and the Center for Business and Economic Research at Marshall University, shall determine the methodology for annually calculating the prevailing hourly rate of wages as evidenced by all appropriate economic data, including, but not limited to, the average rate of wages published by the U. S. Bureau of Labor Statistics and the actual rate of wages paid in the regions of this state to the workers, laborers or
mechanics in the same trade or occupation in the construction
industry, regardless of the wages listed in collective bargaining
agreements, to ascertain the prevailing rate of wages paid in the
regions of the state in which the construction of the public
improvement is to be performed. Workforce West Virginia shall
present such methodology for the determination of the prevailing
hourly rate of wages to the Joint Committee on Government and
Finance, which shall review the methodology being used to
determine annually the prevailing hourly rate of wages and
recommend to the Legislature any statutory changes needed to
clarify the method for determining prevailing wages.

(3) On or before July 1, 2015, Workforce West Virginia, in
coordination with the West Virginia University Bureau of
Business and Economic Research and the Center for Business
and Economic Research at Marshall University, shall determine
the prevailing hourly rate of wages for the remainder of 2015 in
accordance with the approved methodology set forth in
subsection (2) of this section: Provided, That if the
determination is not in place on July 1, 2015, for any reason, no
prevailing hourly rate of wages shall be in effect until the
determination is made: Provided, however, That in the event the
determination is not in place on July 1, 2015, the Joint
Committee on Government and Finance may extend the deadline
to a date thereafter, but, in any event, no later than September
30, 2015. During the extension period only, the prevailing wage
in place prior to July 1, 2015, shall remain the prevailing wage:
Provided further, That in the event the determination is not in
place at the conclusion of such extension period, no prevailing
hourly rate of wages shall be in effect until the determination is
made.

(4) On or before September 30 of every year, Workforce
West Virginia, in coordination with the West Virginia University
Bureau of Business and Economic Research and the Center for
Business and Economic Research at Marshall University, shall determine the prevailing hourly rate of wages for the following year in accordance with the approved methodology set forth in subsection (2) of this section.

(5) On or before September 30, 2018, and in every third year thereafter, Workforce West Virginia shall review the methodology for determining the prevailing hourly rate of wages, as set forth in subsection (2) of this section, with the West Virginia University Bureau of Business and Economic Research and the Center for Business and Economic Research at Marshall University, and present such review and make any recommendations regarding such methodology to the Joint Committee on Government and Finance. The Joint Committee on Government and Finance shall review the methodology being used to determine the prevailing hourly rate of wages and recommend to the Legislature any statutory changes needed to clarify the method for determining prevailing wages.

(6) Any confidential, individual proprietor-level data submitted to Workforce West Virginia, the West Virginia University Bureau of Business and Economic Research or the Center for Business and Economic Research at Marshall University for the purpose of determining the prevailing rates may not be used for any purpose other than the calculation of the prevailing wage rates: Provided, That any such data may be available for purposes of the appeals process referenced in section eleven of this article: Provided, however, That any confidential, individual proprietor-level data submitted to Workforce West Virginia, the West Virginia University Bureau of Business and Economic Research or the Center for Business and Economic Research at Marshall University for the purpose of determining the prevailing wage rates shall not be considered a public record for purposes of section three, article one, chapter twenty-nine-b of this code.
§21-5A-6. Contracts to contain provisions relative to minimum wages to be paid; exceptions.

1 In cases where any public authority has ascertained a fair minimum rate or rates of wages as herein provided, and construction of a public improvement is let to contract, the contract executed between the public authority and the successful bidder shall contain a provision requiring the successful bidder and all his or her subcontractors to pay a rate or rates of wages which shall not be less than the fair minimum rate or rates of wages as provided by this article: Provided, That the provisions of this article only apply to contracts let for public improvements whose cost at the time the contract is awarded will be paid with public money in an amount greater than $500,000.

§21-5A-8. Wage records to be kept by contractor, subcontractor, etc.; contents; open to inspection.

1 The contractor and each subcontractor or the officer of the public authority in charge of the construction of a public improvement shall keep an accurate record showing the names and occupations of all such skilled laborers, workers and mechanics employed by them, in connection with the construction on the public improvement and showing also the actual wages paid to each of the skilled laborers, workers and mechanics, which record shall be open at all reasonable hours to the inspection of Workforce West Virginia and the public authority which let the contract, its officers and agents. It shall not be necessary to preserve such record for a period longer than three years after the termination of the contract.

§21-5A-10. Existing contracts.

1 This article shall apply only to contracts for construction on public improvements let after the effective date of this article

(a) The Executive Director of Workforce West Virginia shall promulgate emergency rules and propose, for legislative promulgation, legislative rules pursuant to the provisions of article three, chapter twenty-nine-a of this code to effectuate the provisions of this article. All rules, whether emergency or not, promulgated pursuant to this section shall at a minimum:

(1) Define the regions of the state as used in the article;

(2) Establish a process for addressing written objections regarding the methodology for calculating the prevailing hourly rate of wages and the calculation of the hourly rate of wages: Provided, That Workforce West Virginia may consolidate written objections for hearing and final determination purposes; and

(3) Propose any other rules necessary to effectuate the purposes of this article.

(b) Any legislative rule in effect prior to the effective date of this article implementing the provisions of this article is hereby repealed.

Each section of this article, and every part thereof, is hereby declared to be an independent section or part of a section and if any section, subsection, sentence, clause or phrase of this article shall for any reason be held unconstitutional, the validity of the remaining phrases, clauses, sentences, subsections and sections of this article shall not be affected thereby.
CHAPTER 184

(Com. Sub. for S. B. 374 - By Senators Trump and D. Hall)

[Passed March 6, 2015; in effect from passage.]
[Approved by the Governor on March 13, 2015.]

AN ACT to amend and reenact §62-12-13 of the Code of West Virginia, 1931, as amended, relating to permitting parole hearings to be conducted without the presence of the inmate when a documented medical condition precludes his or her appearance.

Be it enacted by the Legislature of West Virginia:

That §62-12-13 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 12. PROBATION AND PAROLE.

§62-12-13. Powers and duties of board; eligibility for parole; procedure for granting parole.

1 (a) The Parole Board, whenever it is of the opinion that the best interests of the state and of the inmate will be served, and subject to the limitations provided in this section, shall release any inmate on parole for terms and upon conditions provided by this article.

6 (b) Any inmate of a state correctional institution is eligible for parole if he or she:

8 (1) (A) Has served the minimum term of his or her indeterminate sentence or has served one fourth of his or her definite term sentence, as the case may be; or
(B) He or she:

(i) Has applied for and been accepted by the Commissioner of Corrections into an accelerated parole program;

(ii) Does not have a prior criminal conviction for a felony crime of violence against the person, a felony offense involving the use of a firearm or a felony offense where the victim was a minor child;

(iii) Is not serving a sentence for a crime of violence against the person, or more than one felony for a controlled substance offense for which the inmate is serving a consecutive sentence, a felony offense involving the use of a firearm or a felony offense where the victim was a minor child; and

(iv) Has successfully completed a rehabilitation treatment program created with the assistance of a standardized risk and needs assessment.

(C) Notwithstanding any provision of this code to the contrary, any inmate who committed, or attempted to commit, a felony with the use, presentment or brandishing of a firearm, is not eligible for parole prior to serving a minimum of three years of his or her sentence or the maximum sentence imposed by the court, whichever is less: Provided, That any inmate who committed, or attempted to commit, any violation of section twelve, article two, chapter sixty-one of this code, with the use, presentment or brandishing of a firearm, is not eligible for parole prior to serving a minimum of five years of his or her sentence or one third of his or her definite term sentence, whichever is greater. Nothing in this paragraph applies to an accessory before the fact or a principal in the second degree who has been convicted as if he or she were a principal in the first degree if, in the commission of or in the attempted commission of the felony, only the principal in the first degree used, presented or
brandished a firearm. An inmate is not ineligible for parole under the provisions of this paragraph because of the commission or attempted commission of a felony with the use, presentment or brandishing of a firearm unless that fact is clearly stated and included in the indictment or presentment by which the person was charged and was either: (i) Found guilty by the court at the time of trial upon a plea of guilty or nolo contendere; (ii) found guilty by the jury, upon submitting to the jury a special interrogatory for such purpose if the matter was tried before a jury; or (iii) found guilty by the court, if the matter was tried by the court without a jury.

(D) The amendments to this subsection adopted in the year 1981:

The notice shall state with particularity the grounds upon which the finding will be sought as fully as the grounds are otherwise required to be stated in an indictment, unless the grounds upon which the finding will be sought are alleged in the indictment or presentment upon which the matter is being tried; and

(iv) Does not apply with respect to cases not affected by the amendments and in those cases the prior provisions of this
section apply and are construed without reference to the amendments.

(v) Insofar as the amendments relate to mandatory sentences restricting the eligibility for parole, all matters requiring a mandatory sentence shall be proved beyond a reasonable doubt in all cases tried by the jury or the court.

(E) As used in this section, “felony crime of violence against the person” means felony offenses set forth in article two, three-e, eight-b or eight-d, chapter sixty-one of this code; and

(F) As used in this section, “felony offense where the victim was a minor child” means any felony crime of violence against the person and any felony violation set forth in article eight, eight-a, eight-c or eight-d, chapter sixty-one of this code.

(G) For the purpose of this section, the term “firearm” means any instrument which will, or is designed to, or may readily be converted to expel a projectile by the action of an explosive, gunpowder or any other similar means.

(2) Is not in punitive segregation or administrative segregation as a result of disciplinary action;

(3) Has prepared and submitted to the Parole Board a written parole release plan setting forth proposed plans for his or her place of residence, employment and, if appropriate, his or her plans regarding education and post-release counseling and treatment: Provided, That an inmate’s application for parole may be considered by the board without the prior submission of a home plan, but the inmate shall have a home plan approved by the board prior to his or her release on parole. The Commissioner of Corrections or his or her designee shall review and investigate the plan and provide recommendations to the board as to the suitability of the plan: Provided, however, That in cases in which there is a mandatory thirty-day notification
period required prior to the release of the inmate, pursuant to section twenty-three of this article, the board may conduct an initial interview and deny parole without requiring the development of a plan. In the event the board believes parole should be granted, it may defer a final decision pending completion of an investigation and receipt of recommendations. Upon receipt of the plan together with the investigation and recommendation, the board, through a panel, shall make a final decision regarding the granting or denial of parole; and

(4) Has satisfied the board that if released on parole he or she will not constitute a danger to the community.

(c) Except in the case of an inmate serving a life sentence, a person who has been previously twice convicted of a felony may not be released on parole until he or she has served the minimum term provided by law for the crime for which he or she was convicted. An inmate sentenced for life may not be paroled until he or she has served ten years, and an inmate sentenced for life who has been previously twice convicted of a felony may not be paroled until he or she has served fifteen years: Provided, That an inmate convicted of first degree murder for an offense committed on or after June 10, 1994, is not eligible for parole until he or she has served fifteen years.

(d) In the case of an inmate sentenced to a state correctional institution regardless of the inmate’s place of detention or incarceration, the Parole Board, as soon as that inmate becomes eligible, shall consider the advisability of his or her release on parole.

(e) If, upon consideration, parole is denied, the board shall promptly notify the inmate of the denial. The board shall, at the time of denial, notify the inmate of the month and year he or she may apply for reconsideration and review. The board shall at least once a year reconsider and review the case of every inmate
who was denied parole and who is still eligible: *Provided*, That the board may reconsider and review parole eligibility any time within three years following the denial of parole of an inmate serving a life sentence with the possibility of parole.

(f) Any inmate in the custody of the commissioner for service of a sentence who reaches parole eligibility is entitled to a timely parole hearing without regard to the location in which he or she is housed.

(g) The board shall, with the approval of the Governor, adopt rules governing the procedure in the granting of parole. No provision of this article and none of the rules adopted under this article are intended or may be construed to contravene, limit or otherwise interfere with or affect the authority of the Governor to grant pardons and reprieves, commute sentences, remit fines or otherwise exercise his or her constitutional powers of executive clemency.

(h) (1) The Division of Corrections shall promulgate policies and procedures for developing a rehabilitation treatment plan created with the assistance of a standardized risk and needs assessment. The policies and procedures shall provide for, at a minimum, screening and selecting inmates for rehabilitation treatment and development, using standardized risk and needs assessment and substance abuse assessment tools, and prioritizing the use of residential substance abuse treatment resources based on the results of the standardized risk and needs assessment and a substance abuse assessment. The results of all standardized risk and needs assessments and substance abuse assessments are confidential.

(2) An inmate shall not be paroled under paragraph (B), subdivision (1), subsection (b) of this section solely due to having successfully completed a rehabilitation treatment plan, but completion of all the requirements of a rehabilitation
treatment plan along with compliance with the requirements of subsection (b) of this section creates a rebuttable presumption that parole is appropriate. The presumption created by this subdivision may be rebutted by a Parole Board finding that, according to the standardized risk and needs assessment, at the time parole release is sought the inmate still constitutes a reasonable risk to the safety or property of other persons if released. Nothing in subsection (b) of this section or in this subsection may be construed to create a right to parole.

(i) Notwithstanding the provisions of subsection (b) of this section, the Parole Board may grant or deny parole to an inmate against whom a detainer is lodged by a jurisdiction other than West Virginia for service of a sentence of incarceration, upon a written request for parole from the inmate. A denial of parole under this subsection precludes consideration for parole for a period of one year or until the provisions of subsection (b) of this section are applicable.

(j) If an inmate is otherwise eligible for parole pursuant to subsection (b) of this section and has completed the rehabilitation treatment program required under subsection (g) of this section, the Parole Board may not require the inmate to participate in an additional program, but may determine that the inmate must complete an assigned task or tasks prior to actual release on parole. The board may grant parole contingently, effective upon successful completion of the assigned task or tasks, without the need for a further hearing.

(k) (1) The Division of Corrections shall supervise all probationers and parolees whose supervision may have been undertaken by this state by reason of any interstate compact entered into pursuant to the Uniform Act for Out-of-State Parolee Supervision.

(2) The Division of Corrections shall provide supervision, treatment/recovery and support services for all persons released
to mandatory supervision under section twenty-seven, article five, chapter twenty-eight of this code.

(l) (1) When considering an inmate of a state correctional center for release on parole, the Parole Board panel considering the parole shall have before it an authentic copy of or report on the inmate’s current criminal record as provided through the West Virginia State Police, the United States Department of Justice or any other reliable criminal information sources and written reports of the warden or superintendent of the state correctional institution to which the inmate is sentenced:

(A) On the inmate’s conduct record while in custody, including a detailed statement showing any and all infractions of disciplinary rules by the inmate and the nature and extent of discipline administered for the infractions;

(B) On improvement or other changes noted in the inmate’s mental and moral condition while in custody, including a statement expressive of the inmate’s current attitude toward society in general, toward the judge who sentenced him or her, toward the prosecuting attorney who prosecuted him or her, toward the policeman or other officer who arrested the inmate and toward the crime for which he or she is under sentence and his or her previous criminal record;

(C) On the inmate’s industrial record while in custody which shall include: The nature of his or her work, occupation or education, the average number of hours per day he or she has been employed or in class while in custody and a recommendation as to the nature and kinds of employment which he or she is best fitted to perform and in which the inmate is most likely to succeed when he or she leaves the state correctional institution; and

(D) On any physical, mental, psychological or psychiatric examinations of the inmate.
(2) The Parole Board panel considering the parole may waive the requirement of any report when not available or not applicable as to any inmate considered for parole but, in every case, shall enter in its record its reason for the waiver: Provided, That in the case of an inmate who is incarcerated because the inmate has been found guilty of, or has pleaded guilty to, a felony under the provisions of section twelve, article eight, chapter sixty-one of this code or under the provisions of article eight-b or eight-c of said chapter, the Parole Board panel may not waive the report required by this subsection. The report shall include a study and diagnosis of the inmate, including an ongoing treatment plan requiring active participation in sexual abuse counseling at an approved mental health facility or through some other approved program: Provided, however, That nothing disclosed by the inmate during the study or diagnosis may be made available to any law-enforcement agency, or other party without that inmate’s consent, or admissible in any court of this state, unless the information disclosed indicates the intention or plans of the parolee to do harm to any person, animal, institution or to property. Progress reports of outpatient treatment are to be made at least every six months to the parole officer supervising the parolee. In addition, in such cases, the Parole Board shall inform the prosecuting attorney of the county in which the person was convicted of the parole hearing and shall request that the prosecuting attorney inform the Parole Board of the circumstances surrounding a conviction or plea of guilty, plea bargaining and other background information that might be useful in its deliberations.

(m) Before releasing any inmate on parole, the Parole Board shall arrange for the inmate to appear in person before a Parole Board panel and the panel may examine and interrogate him or her on any matters pertaining to his or her parole, including reports before the Parole Board made pursuant to the provisions of this section: Provided, That an inmate may appear by video teleconference if the members of the Parole Board panel conducting the examination are able to contemporaneously see
the inmate and hear all of his or her remarks and if the inmate is
able to contemporaneously see each of the members of the panel
conducting the examination and hear all of the members’
remarks: Provided, however, That the requirement that an inmate
personally appear may be waived where a physician authorized
to do so by the Commissioner of Corrections certifies that the
inmate, due to a medical condition or disease, is too debilitated,
either physically or cognitively, to appear. The panel shall reach
its own written conclusions as to the desirability of releasing the
inmate on parole and the majority of the panel considering the
release must concur in the decision. The warden or
superintendent shall furnish all necessary assistance and
cooperate to the fullest extent with the Parole Board. All
information, records and reports received by the Parole Board
shall be kept on permanent file.

(n) The Parole Board and its designated agents are at all
times to have access to inmates imprisoned in any state
correctional institution or in any jail in this state and may obtain
any information or aid necessary to the performance of its duties
from other departments and agencies of the state or from any
political subdivision of the state.

(o) The Parole Board shall, if requested by the Governor,
investigate and consider all applications for pardon, reprieve or
commutation and shall make recommendation on the
applications to the Governor.

(p) (1) Prior to making a recommendation for pardon,
reprieve or commutation, the board shall notify the sentencing
judge and prosecuting attorney at least ten days before the
recommendation.

(2) Notwithstanding any other provision of law to the
contrary, if the board grants a person parole, the board shall
provide written notice to the prosecuting attorney and circuit
judge of the county in which the inmate was prosecuted, that
parole has been granted. The notice shall be sent by certified mail, return receipt requested, and include the anticipated date of release and the person’s anticipated future residence. A written statement of reasons for releasing the person, prepared pursuant to subsection (b) of this section, shall be provided upon request.

(q) A parolee shall participate as a condition of parole in the litter control program of the county to which he or she is released to the extent directed by the Parole Board, unless the board specifically finds that this alternative service would be inappropriate.

ARTICLE 1C. INTERSTATE MEDICAL LICENSURE COMPACT.

§30-1C-1. Purpose.

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state’s existing medical practice statutes. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located.

State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

(b) The purpose of the Interstate Commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

(c) The Interstate Commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the Compact, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective Legislatures of the member states in accordance with the terms of the Compact.

(d) The Interstate Commission shall consist of two voting representatives appointed by each member state who shall serve as Commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the

all meetings and all meetings shall be open to the public. The

regarding the Compact, its implementation, and its operation;

§30-1C-13. Finance powers.

(a) The Interstate Commission may levy on and collect an
annual assessment from each member state to cover the cost of
the operations and activities of the Interstate Commission and its
staff. The total assessment must be sufficient to cover the annual
budget approved each year for which revenue is not provided by
other sources. The aggregate annual assessment amount shall be
allocated upon a formula to be determined by the Interstate
Commission, which shall promulgate a rule binding upon all
member states.

(b) The Interstate Commission shall not incur obligations of
any kind prior to securing the funds adequate to meet the same.

(c) The Interstate Commission shall not pledge the credit of
any of the member states, except by, and with the authority of,
the member state.

(d) The Interstate Commission shall be subject to a yearly
financial audit conducted by a certified or licensed public
accountant and the report of the audit shall be included in the
annual report of the Interstate Commission.

(a) The Interstate Commission shall, by a majority of Commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve months of the first Interstate Commission meeting.

(b) The Interstate Commission shall elect or appoint annually from among its Commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson’s absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission.

(c) Officers selected in subsection (b) of this section shall serve without remuneration from the Interstate Commission.

(d) The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(1) The liability of the executive director and employees of the Interstate Commission or representatives of the Interstate Commission, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring
within such person’s state, may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection may be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(3) To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney’s fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

(a) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

(b) Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rule-making process that substantially conforms to the “Model State Administrative Procedure Act” of 2010, and subsequent amendments thereto.

(c) Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

§30-1C-16. Oversight of Interstate Compact.

(a) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact’s purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as
statutory law but shall not override existing state authority to regulate the practice of medicine.

(b) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact which may affect the powers, responsibilities or actions of the Interstate Commission.

(c) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, the Compact, or promulgated rules.

§30-1C-17. Enforcement of Interstate Compact.

(a) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

(b) The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney’s fees.

(c) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

The Interstate Commission shall specify the conditions by which the defaulting state must cure its default; and

(2) Provide remedial training and specific technical assistance regarding the default.

(c) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state’s Legislature, and each of the member states.
(e) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

(f) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(g) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(h) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney’s fees.

§30-1C-19. Dispute resolution.

(b) The Interstate Commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

§30-1C-20. Member states, effective date and amendment.

(a) Any state is eligible to become a member state of the Compact.
(b) The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than seven states. Thereafter, it shall become effective and binding on a state upon enactment of the Compact into law by that state.

(c) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the Compact by all states.

(d) The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

§30-1C-21. Withdrawal.

(a) Once effective, the Compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

(b) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

(d) The Interstate Commission shall notify the other member states of the withdrawing state’s intent to withdraw within sixty days of its receipt of notice provided under subsection (c) of this section.
(e) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(f) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

(g) The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

§30-1C-22. Dissolution.

(a) The Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the Compact to one member state.

(b) Upon the dissolution of the Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

§30-1C-23. Severability and construction.

(a) The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of the Compact shall be liberally construed to effectuate its purposes.
(c) Nothing in the Compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

§30-1C-24. Binding effect of Compact and other laws.

(a) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

(b) All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

(c) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

(d) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(e) In the event any provision of the Compact exceeds the Constitutional limits imposed on the Legislature of any member state, such provision shall be ineffective to the extent of the conflict with the Constitutional provision in question in that member state.

The bonds shall be in such form and shall be negotiated and sold in such manner and upon such terms as the governing body of such municipality or county commission may, by ordinance or
order, specify. All the bonds and the interest thereon shall be
exempt from all taxation by this state, or any county, municipality or county commission, political subdivision or agency thereof. Notwithstanding any other provision of this code to the contrary, the real and personal property which a municipality or county has acquired and constructed according to the provisions of this article, and any leasehold interest therein held by other persons, shall be deemed public property and shall be exempt from taxation by the state, or any county, municipality or other levying body, so long as the same is owned by the municipality or county: Provided, That with respect to electric power systems, this exemption for real and personal property shall be applicable only for the real and personal property: (1) Physically situate within the municipal or county boundaries of the municipality or county which acquired or constructed the electric power system and there was in place prior to the effective date of the amendments to this section made in the year 1992 an agreement between the municipality and the county commission for payments in lieu of tax; or (2) acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate. extended or equipped, fix minimum rates or charges for water or
electricity to be collected prior to the payment of all of said

the bonds and interest thereon, which pledge shall definitely fix
and determine the amount of revenues which shall be necessary
to be set apart and applied to the payment of the principal of and
interest upon the bonds and the proportion of the balance of the
revenues, which are to be set aside as a proper and adequate
depreciation account, and the remainder shall be set aside for the
reasonable and proper maintenance and operation thereof. The
rates or charges to be charged for the services from the
waterworks or electric power system shall be sufficient at all

to create a sinking fund to pay the principal thereof as and when
the same become due, and reasonable reserves therefor, and to
provide for the repair, maintenance and operation of the
waterworks or electric power system, and to provide an adequate

(C) The public notice of the proposed action shall state the
current rates, fees and charges and the proposed changes to said
rates, fees and charges; the date, time and place of both a public
hearing on the proposal and the proposed final vote on adoption;
and the place or places within the district where the proposed
rates, fees and charges may be inspected by the public. A
reasonable number of copies of the proposal shall be kept at the
place or places and be made available for public inspection. The
notice shall also advise that interested parties may appear at the
public hearing before the board and be heard with respect to the
proposed rates, fees and charges.

(D) The proposed rates, fees and charges shall be read at two
meetings of the board with at least two weeks intervening
between each meeting. The public hearing may be conducted
with or following the second reading.

(E) Rates, fees and charges approved by an affirmative vote
of the board shall be forwarded in writing to the county
commission appointing the approving board. The county
commission shall publish notice of the proposed rates, fees and
charges by a Class 1 legal advertisement in compliance with the
provisions of article three, chapter fifty-nine of the code. Within
forty-five days of receipt of the proposed rates, fees and charges,
the county commission shall take action to approve or reject the
proposed rates, fees and charges. After forty-five days, the
proposed rates, fees and charges shall be effective with no
further action by the board or county commission. In any event,
this 45-day period shall be mandatory unless extended by the
official action of both the board proposing the rates, fees and charges, and the appointing county commission.

(F) Enactment of the proposed rates, fees and charges shall follow an affirmative vote by the county commission and shall be effective no sooner than forty-five days following action. The 45-day waiting period may be waived by public vote of the county commission only if the commission finds and declares the district to be in financial distress such that the 45-day waiting period would be detrimental to the ability of the district to deliver continued and compliant public services.

(3) Where water, sewer, stormwater or gas services, or any combination thereof, are all furnished to any premises, the schedule of charges may be billed as a single amount for the aggregate of the charges. The board shall require all users of services and facilities furnished by the district to designate on every application for service whether the applicant is a tenant or an owner of the premises to be served. If the applicant is a tenant, he or she shall state the name and address of the owner or owners of the premises to be served by the district. Notwithstanding the provisions of section eight, article three, chapter twenty-four of this code to the contrary, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage of the applicant’s specific customer class or $50, with the district to secure the payment of service rates, fees and charges in the event they become delinquent as provided in this section. If a district provides both water and sewer service, all new applicants for service shall deposit the greater of a sum equal to two twelfths of the average annual usage for water service or $50 and the greater of a sum equal to two twelfths of the average annual usage for wastewater service of the applicant’s specific customer class or $50. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent at the time of disconnection or termination of service, no reconnection or
reinstatement of service may be made by the district until another deposit equal to the greater of a sum equal to two twelfths of the average usage for the applicant’s specific customer class or $50 has been remitted to the district. After twelve months of prompt payment history, the district shall return the deposit to the customer or credit the customer’s account at a rate as the Public Service Commission may prescribe: Provided, That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals or charges for services or facilities furnished remain unpaid for a period of twenty days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The board may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, ten days after the water or gas services become delinquent: Provided, however, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the board to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(b) In the event that any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separately water facilities, sewer facilities or stormwater facilities and the district owns and operates another kind of facility, either water or sewer, or both, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer or stormwater service fees and charges: Provided, That any contracts entered into by a public
service district pursuant to this section shall be submitted to the Public Service Commission for approval. Any public service district which provides water and sewer service, water and stormwater service or water, sewer and stormwater service has the right to terminate water service for delinquency in payment of water, sewer or stormwater bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer or stormwater district is providing water service and the district providing sewer or stormwater service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer or stormwater district that is providing water service, upon the request of the district providing sewer or stormwater service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer or stormwater account: Provided, however, That any termination of water service must comply with all rules and orders of the Public Service Commission: Provided further, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the public service districts to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(c) Any district furnishing sewer facilities within the district may require or may, by petition to the circuit court of the county in which the property is located, compel or may require the Division of Health to compel all owners, tenants or occupants of any houses, dwellings and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one, chapter sixteen of this code, from the houses, dwellings or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment and
disposal of sewage and waste matters from the houses, dwellings and buildings where there is gravity flow or transportation by any other methods approved by the Division of Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of section nine, article one of this chapter and the houses, dwellings and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this subsection is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings’ exterior plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance and purchase of a pump or any other method approved by the Division of Health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the Public Service Commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than thirty days after service of petition to the appropriate owners, tenants or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant or occupant of any house, dwelling or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant or occupant and sewage will flow by gravity or be transported by other methods approved by the Division of Health from the house, dwelling or building into the sewer facilities, the district may charge, and the owner, tenant or occupant shall pay, the rates and charges for services
established under this article only after thirty days’ notice of the
availability of the facilities has been received by the owner,
tenant or occupant. Rates and charges for sewage services shall
be based upon actual water consumption or the average monthly
water consumption based upon the owner’s, tenant’s or
occupant’s specific customer class.

(e) The owner, tenant or occupant of any real property may
be determined and declared to be served by a stormwater system
only after each of the following conditions is met: (1) The
district has been designated by the Environmental Protection
Agency as an entity to serve a West Virginia Separate Storm
Sewer System community, as defined in 40 C. F. R. §122.26; (2)
the district’s authority has been properly expanded to operate
and maintain a stormwater system; (3) the district has made
available a stormwater system where stormwater from the real
property affects or drains into the stormwater system; and (4) the
real property is located in the Municipal Separate Storm Sewer
System’s designated service area. It is further hereby found,
determined and declared that the mandatory use of the
stormwater system is necessary and essential for the health and
welfare of the inhabitants and residents of the district and of the
state. The district may charge and the owner, tenant or occupant
shall pay the rates, fees and charges for stormwater services
established under this article only after thirty days’ notice of the
availability of the stormwater system has been received by the
owner. An entity providing stormwater service shall provide a
tenant a report of the stormwater fee charged for the entire
property and, if appropriate, that portion of the fee to be assessed
to the tenant.

(f) All delinquent fees, rates and charges of the district for
either water facilities, sewer facilities, gas facilities or
stormwater systems or stormwater management programs are
liens on the premises served of equal dignity, rank and priority
with the lien on the premises of state, county, school and
municipal taxes. Nothing contained within the rules of the Public
Service Commission shall be deemed to require any agents or
employees of the public service districts to accept payment at the
customer’s premises in lieu of discontinuing service for a
delinquent bill. In addition to the other remedies provided in this
section, public service districts are granted a deferral of filing
fees or other fees and costs incidental to the bringing and
maintenance of an action in magistrate court for the collection of
delinquent water, sewer, stormwater or gas bills. If the district
collects the delinquent account, plus reasonable costs, from its
customer or other responsible party, the district shall pay to the
magistrate the normal filing fee and reasonable costs which were
previously deferred. In addition, each public service district may
exchange with other public service districts a list of delinquent
accounts: Provided, That an owner of real property may not be
held liable for the delinquent rates or charges for services or
facilities of a tenant, nor may any lien attach to real property for
the reason of delinquent rates or charges for services or facilities
of a tenant of the real property unless the owner has contracted
directly with the public service district to purchase the services
or facilities.

(g) Anything in this section to the contrary notwithstanding,
any establishment, as defined in section three, article eleven,
chapter twenty-two of this code, now or hereafter operating its
own sewage disposal system pursuant to a permit issued by the
Department of Environmental Protection, as prescribed by
section eleven of said article, is exempt from the provisions of
this section.

(h) A public service district which has been designated by
the Environmental Protection Agency as an entity to serve a
West Virginia Separate Storm Sewer System community shall
prepare an annual report detailing the collection and expenditure
of rates, fees or charges and make it available for public review
at the place of business of the governing body and the stormwater utility main office.

§16-13A-25. Borrowing and bond issuance; procedure.

A public service district has plenary power to borrow money, enter into contracts for the provision of engineering, design or feasibility studies, issue or contract to issue revenue bonds or exercise any of the powers conferred by the provisions of section thirteen, twenty or twenty-four of this article. Upon written request of the public service board contemplating such transaction or project, the Public Service Commission shall provide technical support to the public service board, including, but not limited to, engineering, design and financial analysis of the proposed transaction or project.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 1. GENERAL PROVISIONS.

§24-1-1. Legislative purpose and policy; plan for internal reorganization; promulgation of plan as rule; cooperation with Joint Committee on Government and Finance.

(a) It is the purpose and policy of the Legislature in enacting this chapter to confer upon the Public Service Commission of this state the authority and duty to enforce and regulate the practices, services and rates of public utilities in order to:

(1) Ensure fair and prompt regulation of public utilities in the interest of the using and consuming public;

(2) Provide the availability of adequate, economical and reliable utility services throughout the state;

(3) Encourage the well-planned development of utility resources in a manner consistent with state needs and in ways
consistent with the productive use of the state’s energy
resources, such as coal;

(4) Ensure that rates and charges for utility services are just,
reasonable, applied without unjust discrimination or preference,
applied in a manner consistent with the purposes and policies set
forth in article two-a of this chapter and based primarily on the
costs of providing these services;

(5) Encourage energy conservation and the effective and
efficient management of regulated utility enterprises; and

(6) Encourage removal of artificial barriers to rail carrier
service, stimulate competition, stimulate the free flow of goods
and passengers throughout the state and promote the expansion
of the tourism industry, thereby improving the economic
condition of the state.

(b) The Legislature creates the Public Service Commission
to exercise the legislative powers delegated to it. The Public
Service Commission is charged with the responsibility for
appraising and balancing the interests of current and future
utility service customers, the general interests of the state’s
economy and the interests of the utilities subject to its
jurisdiction in its deliberations and decisions.

(c) The Legislature directs the Public Service Commission
to identify, explore and consider the potential benefits or risks
associated with emerging and state-of-the-art concepts in utility
management, rate design and conservation. The commission may
conduct inquiries and hold hearings regarding such concepts in
order to provide utilities subject to its jurisdiction and other
interested persons the opportunity to comment and shall report
to the Governor and the Legislature regarding its findings and
policies to each of these areas not later than the first day of the
regular session of the Legislature in the year 1985, and every two
years thereafter.
(d) It is legislative policy to ensure that the Legislature and the general public become better informed regarding the regulation of public utilities in this state and the conduct of the business of the Public Service Commission. To aid in the achievement of this policy, the Public Service Commission annually shall present to the Joint Committee on Government and Finance, created by article three, chapter four of this code, or a subcommittee designated by the joint committee, a management summary report which describes in a concise manner:

(1) The major activities of the commission for the year especially as such activities relate to the implementation of the provisions of this chapter;

(2) Important policy decisions reached and initiatives undertaken during the year;

(3) The current balance of supply and demand for natural gas and electric utility services in the state and forecast of the probable balance for the next ten years; and

(4) Other information considered by the commission to be important including recommendations for statutory reform and the reasons for such recommendations.

(e) In addition to any other studies and reports required to be conducted and made by the Public Service Commission pursuant to any other provision of this section, the commission shall study and initially report to the Legislature no later than the first day of the regular session of the Legislature in the year 1980 upon:

(1) The extent to which natural gas wells or wells heretofore supplying gas utilities in this state have been capped off or shut in; the number of such wells; their probable extent of future production and the reasons given and any justification for capping off or shutting in such wells; the reasons, if any, why
persons engaged or heretofore engaged in the development of
gas wells in this state or the Appalachian areas have been
discouraged from drilling, developing or selling the production
of such wells; and whether there are fixed policies by any utility
or group of utilities to avoid the purchase of natural gas
produced in the Appalachian region of the United States
generally and in West Virginia specifically.

(2) The extent of the export and import of natural gas utility
supplies in West Virginia.

(3) The cumulative effect of the practices mentioned in
subdivisions (1) and (2) of this subsection upon rates theretofore
and hereafter charged gas utility customers in West Virginia. In
carrying out the provisions of this section the commission shall
have jurisdiction over such persons, whether public utilities or
not, as may be in the opinion of the commission necessary to the
exercise of its mandate and may compel attendance before it,
take testimony under oath and compel the production of papers
or other documents. Upon reasonable request by the commission,
all other state agencies shall cooperate with the commission in
carrying out the provisions and requirements of this subsection.

(f) No later than the first day of the regular session of the
Legislature in the year 1980, the Public Service Commission
shall submit to the Legislature a plan for internal reorganization
which plan shall specifically address the following:

(1) A division within the Public Service Commission which
shall include the office of the commissioners, the hearing
examiners and such support staff as may be necessary to carry
out the functions of decisionmaking and general supervision of
the commission, which functions shall not include advocacy in
cases before the commission;

(2) The creation of a division which shall act as an advocate
for the position of and in the interest of all customers;
(3) The means and procedures by which the division to be created pursuant to the provisions of subdivision (2) of this subsection shall protect the interests of each class of customers and the means by which the commission will assure that such division will be financially and departmentally independent of the division created by subdivision (1) of this subsection;

(4) The creation of a division within the Public Service Commission which shall assume the duties and responsibilities now charged to the commissioners with regard to motor carriers which division shall exist separately from those divisions set out in subdivisions (1) and (2) of this subsection and which shall relieve the commissioners of all except minimal administrative responsibilities as to motor carriers and which plan shall provide for a hearing procedure to relieve the commissioners from hearing motor carrier cases;

(5) Which members of the staff of the Public Service Commission shall be exempted from the salary schedules or pay plan adopted by the Civil Service Commission and identify such staff members by job classification or designation, together with the salary or salary ranges for each such job classification or designation;

(6) The manner in which the commission will strengthen its knowledge and independent capacity to analyze key conditions and trends in the industries it regulates extending from general industry analysis and supply-demand forecasting to continuing and more thorough scrutiny of the capacity planning, construction management, operating performance and financial condition of the major companies within these industries.

Such plan shall be based on the concept that each of the divisions mentioned in subdivisions (1), (2) and (4) of this subsection shall exist independently of the others and the plan shall discourage ex parte communications between them by such
means as the commission shall direct, including, but not limited
to, separate clerical and professional staffing for each division.
Further, the Public Service Commission is directed to
incorporate within the said plan to the fullest extent possible the
recommendations presented to the subcommittee on the Public
Service Commission of the Joint Committee on Government and
Finance in a final report dated February, 1979, and entitled A
Plan for Regulatory Reform and Management Improvement.

The commission shall, before January 5, 1980, adopt said
plan by order, which order shall promulgate the same as a rule
of the commission to be effective upon the date specified in said
order, which date shall be no later than December 31, 1980.
Certified copies of such order and rule shall be filed on the first
day of the 1980 regular session of the Legislature, by the
chairman of the commission with the clerk of each house of the
Legislature, the Governor and the Secretary of State. The
chairman of the commission shall also file with the office of the
Secretary of State the receipt of the clerk of each house and of
the Governor, which receipt shall evidence compliance with this
section.

Upon the filing of a certified copy of such order and rule, the
clerk of each house of the Legislature shall report the same to
their respective houses and the presiding officer thereof shall
refer the same to appropriate standing committee or committees.

Within the limits of funds appropriated therefor, the rule of
the Public Service Commission shall be effective upon the date
specified in the order of the commission promulgating it unless
an alternative plan be adopted by general law or unless the rule
is disapproved by a concurrent resolution of the Legislature
adopted prior to adjournment sine die of the regular session of
the Legislature to be held in the year 1980: Provided, That if
such rule is approved in part and disapproved in part by a
concurrent resolution of the Legislature adopted prior to such
adjournment, such rule shall be effective to the extent and only
to the extent that the same is approved by such concurrent
resolution.

The rules promulgated and made effective pursuant to this
section shall be effective notwithstanding any other provisions
of this code for the promulgation of rules or regulations.

(g) The Public Service Commission is hereby directed to
cooperate with the Joint Committee on Government and Finance
of the Legislature in its review, examination and study of the
administrative operations and enforcement record of the Railroad
Safety Division of the Public Service Commission and any
similar studies.

(h) (1) The Legislature hereby finds that rates for natural gas
charged to customers of all classes have risen dramatically in
recent years to the extent that such increases have adversely
affected all customer classes. The Legislature further finds that
it must take action necessary to mitigate the adverse
consequences of these dramatic rate increases.

(2) The Legislature further finds that the practices of natural
gas utilities in purchasing high-priced gas supplies, in purchasing
gas supplies from out-of-state sources when West Virginia
possesses abundant natural gas, and in securing supplies, directly
or indirectly, by contractual agreements including take-or-pay
provisions, indefinite price escalators or most-favored nation
clauses have contributed to the dramatic increase in natural gas
prices. It is therefore the policy of the Legislature to discourage
such purchasing practices in order to protect all customer
classes.

(3) The Legislature further finds that it is in the best interests
of the citizens of West Virginia to encourage the transportation
of natural gas in intrastate commerce by interstate or intrastate
pipes or by local distribution companies in order to provide competition in the natural gas industry and in order to provide natural gas to consumers at the lowest possible price.

(i) The Legislature further finds that transactions between utilities and affiliates are a contributing factor to the increase in natural gas and electricity prices and tend to confuse consideration of a proper rate of return calculation. The Legislature therefore finds that it is imperative that the Public Service Commission have the opportunity to properly study the issue of proper rate of return for lengthy periods of time and to limit the return of a utility to a proper level when compared to return or profit that affiliates earn on transactions with sister utilities.

(j) The Legislature further finds that water and sewer utilities that are political subdivisions of the state providing separate or combined services and having at least four thousand five hundred customers and annual gross revenues of $3 million or more are most fairly and effectively regulated by the local governing body with respect to rates, borrowing and capital projects. Therefore, notwithstanding any contrary provisions of this section, the jurisdiction of the Public Service Commission over water and sewer utilities that are political subdivisions of the state is limited to that granted specifically in this code.

(k) The Legislature further finds that an adequate cash working capital fund is essential to allow water and sewer utilities that are political subdivisions of the state to deliver continuous and compliant service. Therefore, these utilities shall maintain a working capital reserve in an amount of no less than one eighth of actual annual operation and maintenance expense. This reserve shall be separate and distinct from and in addition to any repair and replacement fund that may be required by bond covenants.
§24-1-1b. Supplemental rule for reorganization.

1 The Public Service Commission shall, by general order, 
2 create a division within its staff which shall, upon written request 
3 of the governing body of a political subdivision that operates a 
4 water, sewer and/or stormwater utility, provide legal, 
5 operational, engineering, financial, ratemaking and accounting 
6 advice and assistance to water, sewer and/or stormwater utilities 
7 that are political subdivisions of the state and may perform or 
8 participate in the studies required under section one-b, article 
9 thirteen-a, chapter sixteen of this code.

§24-1-2. Definitions.

1 Except where a different meaning clearly appears from the 
2 context, the words “public utility”, when used in this chapter, 
3 shall mean and include any person or persons, or association of 
4 persons, however associated, whether incorporated or not, 
5 including municipalities, engaged in any business, whether 
6 herein enumerated or not, which is, or shall hereafter be held to 
7 be, a public service. Whenever in this chapter the words 
8 “commission” or “Public Service Commission” occur, such word 
9 or words shall, unless a different intent clearly appears from the 
10 context, be taken to mean the Public Service Commission of 
11 West Virginia. Whenever used in this chapter, “customer” shall 
12 mean and include any person, firm, corporation, municipality, 
13 public service district or any other entity who purchases a 
14 product or services of any utility and shall include any such 
15 person, firm, corporation, municipality, public service district or 
16 any other entity who purchases such services or product for 
17 resale. Whenever in this chapter the words “governing body” 
18 occur, such word or words shall, unless a different intent clearly 
19 appears from the context, be taken to mean the municipal body 
20 charged with the authority and responsibility of enacting 
21 ordinances of the municipality, as defined in section two, article 
22 one, chapter eight of this code, or a public service board of a
public service district, as defined in section three, article thirteen-a, chapter sixteen of this code.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

*§24-2-1. Jurisdiction of commission; waiver of jurisdiction.

(a) The jurisdiction of the commission shall extend to all public utilities in this state and shall include any utility engaged in any of the following public services:

1. Common carriage of passengers or goods, whether by air, railroad, street railroad, motor or otherwise, by express or otherwise, by land, water or air, whether wholly or partly by land, water or air; transportation of oil, gas or water by pipeline; transportation of coal and its derivatives and all mixtures and combinations thereof with other substances by pipeline; sleeping car or parlor car services; transmission of messages by telephone, telegraph or radio; generation and transmission of electrical energy by hydroelectric or other utilities for service to the public, whether directly or through a distributing utility; supplying water, gas or electricity by municipalities or others; sewer systems servicing twenty-five or more persons or firms other than the owner of the sewer systems: *Provided, That if a public utility other than a political subdivision intends to provide sewer service by an innovative, alternative method, as defined by the federal Environmental Protection Agency, the innovative, alternative method is a public utility function and subject to the jurisdiction of the Public Service Commission regardless of the number of customers served by the innovative, alternative method; any public service district created under the provisions of article thirteen-a, chapter sixteen of this code; toll bridges, wharves, ferries; solid waste facilities; and any other public

*NOTE: This section was also amended by S. B. 576 (Chapter 197), which passed prior to this act.
service: *Provided, however*, That natural gas producers who provide natural gas service to not more than twenty-five residential customers are exempt from the jurisdiction of the commission with regard to the provisions of such residential service: *Provided further*, That upon request of any of the customers of such natural gas producers, the commission may, upon good cause being shown, exercise such authority as the commission may deem appropriate over the operation, rates and charges of such producer and for such length of time as the commission may consider to be proper.

(b) The jurisdiction of the commission over political subdivisions of this state providing separate or combined services and having at least four thousand five hundred customers and annual combined gross revenues of $3 million or more that are political subdivisions of the state is limited to:

1. General supervision of public utilities, as granted and described in section five of this article;
2. Regulation of measurements, practices, acts or services, as granted and described in section seven of this article;
3. Regulation of a system of accounts to be kept by a public utility that is a political subdivision of the state, as granted and described in section eight of this article;
4. Submission of information to the commission regarding rates, tolls, charges or practices, as granted and described in section nine of this article;
5. Authority to subpoena witnesses, take testimony and administer oaths to any witness in any proceeding before or conducted by the commission, as granted and described in section ten of this article; and
6. Investigation and resolution of disputes involving political subdivisions of the state regarding inter-utility
agreements, rates, fees and charges, service areas and contested utility combinations.

(7) Customers of water and sewer utilities operated by a political subdivision of the state and customers of stormwater utilities operated by a public service district may bring formal or informal complaints regarding the commission’s exercise of the powers enumerated in this section and the commission shall resolve these complaints.

(8) In the event that a political subdivision has a deficiency in either its bond revenue or bond reserve accounts, or is otherwise in breach of a bond covenant, the bond holder may petition the Public Service Commission for such redress as will bring the accounts to current status or otherwise resolve the breached covenant, and the commission shall have jurisdiction to fully resolve the alleged deficiency or breach.

(c) The commission may, upon application, waive its jurisdiction and allow a utility operating in an adjoining state to provide service in West Virginia when:

(1) An area of West Virginia cannot be practicably and economically served by a utility licensed to operate within the State of West Virginia;

(2) Said area can be provided with utility service by a utility which operates in a state adjoining West Virginia;

(3) The utility operating in the adjoining state is regulated by a regulatory agency or commission of the adjoining state; and

(4) The number of customers to be served is not substantial. The rates the out-of-state utility charges West Virginia customers shall be the same as the rate the utility is duly authorized to charge in the adjoining jurisdiction. The commission, in the case of any such utility, may revoke its waiver of jurisdiction for good cause.
(d) Any other provisions of this chapter to the contrary notwithstanding:

(1) An owner or operator of an electric generating facility located or to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which such facility the owner or operator holds a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, shall be subject to subsections (e), (f), (g), (h), (i) and (j), section eleven-c of this article as if the certificate of public convenience and necessity for such facility were a siting certificate issued under said section and shall not otherwise be subject to the jurisdiction of the commission or to the provisions of this chapter with respect to such facility except for the making or constructing of a material modification thereof as provided in subdivision (5) of this subsection.

(2) Any person, corporation or other entity that intends to construct or construct and operate an electric generating facility to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which facility the owner or operator does not hold a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, shall, prior to commencement of construction of the facility, obtain a siting certificate from the commission pursuant to the provisions of section eleven-c of this article in lieu of a certificate of public convenience and necessity pursuant to the provisions of section eleven of this article. An owner or operator of an electric generating facility as is described in this subdivision for which a siting certificate has been issued by the commission shall be subject to subsections (e), (f), (g), (h), (i) and (j), section eleven-c of this article and shall not otherwise be subject to the jurisdiction of the
commission or to the provisions of this chapter with respect to such facility except for the making or constructing of a material modification thereof as provided in subdivision (5) of this subsection.

(3) An owner or operator of an electric generating facility located in this state that had not been designated as an exempt wholesale generator under applicable federal law prior to commercial operation of the facility that generates electric energy solely for sale at retail outside this state or solely for sale at wholesale in accordance with any applicable federal law that preempts state law or solely for both such sales at retail and such sales at wholesale and that had been constructed and had engaged in commercial operation on or before July 1, 2003, shall not be subject to the jurisdiction of the commission or to the provisions of this chapter with respect to such facility, regardless of whether such facility subsequent to its construction has been or will be designated as an exempt wholesale generator under applicable federal law: Provided, That such owner or operator shall be subject to subdivision (5) of this subsection if a material modification of such facility is made or constructed.

(4) Any person, corporation or other entity that intends to construct or construct and operate an electric generating facility to be located in this state that has not been or will not be designated as an exempt wholesale generator under applicable federal law prior to commercial operation of the facility that will generate electric energy solely for sale at retail outside this state or solely for sale at wholesale in accordance with any applicable federal law that preempts state law or solely for both such sales at retail and such sales at wholesale and that had not been constructed and had not been engaged in commercial operation on or before July 1, 2003, shall, prior to commencement of construction of the facility, obtain a siting certificate from the commission pursuant to the provisions of section eleven-c of this article in lieu of a certificate of public convenience and necessity.
pursuant to the provisions of section eleven of this article. An
owner or operator of an electric generating facility as is
described in this subdivision for which a siting certificate has
been issued by the commission shall be subject to subsections
(e), (f), (g), (h), (i) and (j), section eleven-c of this article and
shall not otherwise be subject to the jurisdiction of the
commission or to the provisions of this chapter with respect to
such facility except for the making or constructing of a material
modification thereof as provided in subdivision (5) of this
subsection.

(5) An owner or operator of an electric generating facility
described in this subsection shall, before making or constructing
a material modification of the facility that is not within the terms
of any certificate of public convenience and necessity or siting
certificate previously issued for the facility or an earlier material
modification thereof, obtain a siting certificate for the
modification from the commission pursuant to the provisions of
section eleven-c of this article in lieu of a certificate of public
convenience and necessity for the modification pursuant to the
provisions of section eleven of this article and, except for the
provisions of section eleven-c of this article, shall not otherwise
be subject to the jurisdiction of the commission or to the
provisions of this chapter with respect to such modification.

(6) The commission shall consider an application for a
certificate of public convenience and necessity filed pursuant to
section eleven of this article to construct an electric generating
facility described in this subsection or to make or construct a
material modification of such electric generating facility as an
application for a siting certificate pursuant to section eleven-c of
this article if the application for the certificate of public
convenience and necessity was filed with the commission prior
to July 1, 2003, and if the commission has not issued a final
order thereon as of that date.
The limitations on the jurisdiction of the commission over, and on the applicability of the provisions of this chapter to, the owner or operator of an electric generating facility as imposed by and described in this subsection shall not be deemed to affect or limit the commission’s jurisdiction over contracts or arrangements between the owner or operator of such facility and any affiliated public utility subject to the provisions of this chapter.

§24-2-2. General power of commission to regulate public utilities.

(a) The commission is hereby given power to investigate all rates, methods and practices of public utilities subject to the provisions of this chapter; to require them to conform to the laws of this state and to all rules, regulations and orders of the commission not contrary to law; and to require copies of all reports, rates, classifications, schedules and timetables in effect and used by the public utility or other person to be filed with the commission, and all other information desired by the commission relating to the investigation and requirements, including inventories of all property in such form and detail as the commission may prescribe. The commission may compel obedience to its lawful orders by mandamus or injunction or other proper proceedings in the name of the state in any circuit court having jurisdiction of the parties or of the subject matter, or the Supreme Court of Appeals directly, and the proceedings shall have priority over all pending cases. The commission may change any intrastate rate, charge or toll which is unjust or unreasonable or any interstate charge with respect to matters of a purely local nature which have not been regulated by or pursuant to an act of Congress and may prescribe a rate, charge or toll that is just and reasonable, and change or prohibit any practice, device or method of service in order to prevent undue discrimination or favoritism between persons and between localities and between commodities for a like and contemporaneous service. But in no case shall the rate, toll or
charge be more than the service is reasonably worth, considering
the cost of the service. Every order entered by the commission
shall continue in force until the expiration of the time, if any,
named by the commission in the order, or until revoked or
modified by the commission, unless the order is suspended,
modified or revoked by order or decree of a court of competent
jurisdiction: Provided, That in the case of utilities used by
emergency shelter providers, the commission shall prescribe
such rates, charges or tolls that are the lowest available.
“Emergency shelter provider” means any nonprofit entity which
provides temporary emergency housing and services to the
homeless or to victims of domestic violence or other abuse.

(b) Notwithstanding any other provision of this code to the
contrary, rates are not discriminatory if, when considering the
debt costs associated with a future water or sewer project which
would not benefit existing customers, the commission
establishes rates which ensure that the future customers to be
served by the new project are solely responsible for the debt
costs associated with the project.

(c) Notwithstanding any other provision of this code to the
contrary, the jurisdiction of the commission over water and/or
sewer utilities that are political subdivisions of the state
providing a separate or combined services and having at least
four thousand five hundred customers and annual combined
gross revenues of $3 million or more shall be limited to those
powers enumerated in subsection (b), section one of this article.

§24-2-3. General power of commission with respect to rates.

(a) The commission shall have power to enforce, originate,
establish, change and promulgate tariffs, rates, joint rates, tolls
and schedules for all public utilities except for water and/or
sewer utilities that are political subdivisions of this state
providing a separate or combined services and having at least

provided, that the commission may exercise such rate authority over municipally owned electric or natural gas utilities or a municipally owned water and/or sewer utility having less than four thousand five hundred customers and $3 million dollars annual combined gross revenues, only under the circumstances and limitations set forth in section four-b of this article. And whenever the commission shall, after hearing, find any existing rates, tolls, tariffs, joint rates or schedules enacted or maintained by a utility regulated under the provisions of this section to be unjust, unreasonable, insufficient or unjustly discriminatory or otherwise in violation of any of the provisions of this chapter, the commission shall by an order fix reasonable rates, joint rates, tariffs, tolls or schedules to be followed in the future in lieu of those found to be unjust, unreasonable, insufficient or unjustly discriminatory or otherwise in violation of any provisions of law, and the said commission, in fixing the rate of any railroad company, may fix a fair, reasonable and just rate to be charged on any branch line thereof, independent of the rate charged on the main line of such railroad.

(b) In determining just and reasonable rates, the commission may audit and investigate management practices and policies, or have performed an audit and investigation of such practices and policies, in order to determine whether the utility is operating with efficiency and is utilizing sound management practices. The commission shall adopt rules and regulations setting forth the scope, frequency and application of such audits and investigations to the various utilities subject to its jurisdiction. The commission may include the cost of conducting the management audit in the cost of service of the utility.

(c) In determining just and reasonable rates, the commission shall investigate and review transactions between utilities and affiliates. The commission shall limit the total return of the
utility to a level which, when considered with the level of profit
or return the affiliate earns on transactions with the utility, is just
and reasonable.

(a) After June 30, 1981, no public utility subject to this
chapter, except for water and/or sewer utilities that are political
subdivisions of the state providing separate or combined services
and having at least four thousand five hundred customers and
annual gross revenue of $3 million or more from its separate or
combined services, shall change, suspend or annul any rate, joint
rate, charge, rental or classification except after thirty days’
notice to the commission and the public, which notice shall
plainly state the changes proposed to be made in the schedule
then in force and the time when the changed rates or charges
shall go into effect; but the commission may enter an order
suspending the proposed rate as hereinafter provided. The
proposed changes shall be shown by printing new schedules, or
shall be plainly indicated upon the schedules in force at the time,
and kept open to public inspection: Provided, That the
commission may, in its discretion, and for good cause shown,
allow changes upon less time than the notice herein specified, or
may modify the requirements of this section in respect to
publishing, posting and filing of tariffs, either by particular
instructions or by general order.

(b) Whenever there shall be filed with the commission any
schedule stating a change in the rates or charges, or joint rates or
charges, or stating a new individual or joint rate or charge or
joint classification or any new individual or joint regulation or
practice affecting any rate or charge, the commission may, either
upon complaint or upon its own initiative without complaint,
enter upon a hearing concerning the propriety of such rate,
charge, classification, regulation or practice; and, if the
commission so orders, it may proceed without answer or other
form of pleading by the interested parties, but upon reasonable
notice, and, pending such hearing and the decisions thereon, the
commission, upon filing with such schedule and delivering to the
public utility affected thereby a statement in writing of its
reasons for such suspension, may suspend the operation of such
schedule and defer the use of such rate, charge, classification,
regulation or practice, but not for a longer period than two
hundred seventy days beyond the time when such rate, charge,
classification, regulation or practice would otherwise go into
effect; and after full hearing, whether completed before or after
the rate, charge, classification, regulation or practice goes into
effect, the commission may make such order in reference to such
rate, charge, classification, regulation or practice as would be
proper in a proceeding initiated after the rate, charge,
classification, regulation or practice had become effective:
Provided, That in the case of a public utility having two
thousand five hundred customers or less and which is not a
political subdivision and which is not principally owned by any
other public utility corporation or public utility holding
corporation, the commission may suspend the operation of such
schedule and defer the use of such rate, charge, classification,
regulation or practice, but not for a longer period than one
hundred twenty days beyond the time when such rate, charge,
classification, regulation or practice would otherwise go into
effect; and in the case of a public utility having more than two
thousand five hundred customers, but not more than five
thousand customers, and which is not a political subdivision and
which is not principally owned by any other public utility
corporation or public utility holding corporation, the commission
may suspend the operation of such schedule and defer the use of
such rate, charge, classification, regulation or practice, but not
for a longer period than one hundred fifty days beyond the time
when such rate, charge, classification, regulation or practice
would otherwise go into effect; and in the case of a public utility
having more than five thousand customers, but not more than
seven thousand five hundred customers, and which is not a political subdivision and which is not principally owned by any other public utility corporation or public utility holding corporation, the commission may suspend the operation of such schedule and defer the use of such rate, charge, classification, regulation or practice, but not for a longer period than one hundred eighty days beyond the time when such rate, charge, classification, regulation or practice would otherwise go into effect; and after full hearing, whether completed before or after the rate, charge, classification, regulation or practice goes into effect, the commission may make such order in reference to such rate, charge, classification, regulation or practice as would be proper in a proceeding initiated after the rate, charge, classification, regulation or practice had become effective: Provided, however, That, in the case of rates established or proposed that increase by less than twenty-five percent of the gross revenue of the regulated public service district, there shall be no suspension period in the case of rates established by a public service district pursuant to section nine, article thirteen-a, chapter sixteen of this code and the proposed rates of public service districts shall go into effect upon the date of filing with the commission, subject to refund modification at the conclusion of the commission proceeding. In the case of rates established or proposed that increase by more than twenty-five percent of the gross revenue of the public service district, the district may apply for, and the commission may grant, a waiver of the suspension period and allow rates to be effective upon the date of filing with the commission. The public service district shall provide notice by Class 1 legal advertisement in a newspaper of general circulation in its service territory of the percentage increase in rates at least fourteen days prior to the effective date of the increased rates. Any refund determined to be determined to be due and owing as a result of any difference between any final rates approved by the commission and the rates placed into effect subject to refund shall be refunded by the public service
district as a credit against each customer’s account for a period
of up to six months after entry of the commission’s final order.
Any remaining balance which is not fully credited by credit
within six months after entry of the commission’s final order
shall be directly refunded to the customer by check: Provided
further, That if any such hearing and decision thereon is not
concluded within the periods of suspension, as above stated,
such rate, charge, classification, regulation or practice shall go
into effect at the end of such period not subject to refund: And
provided further, That if any such rate, charge, classification,
regulation or practice goes into effect because of the failure of
the commission to reach a decision, the same shall not preclude
the commission from rendering a decision with respect thereto
which would disapprove, reduce or modify any such proposed
rate, charge, classification, regulation or practice, in whole or in
part, but any such disapproval, reduction or modification shall
not be deemed to require a refund to the customers of such utility
as to any rate, charge, classification, regulation or practice so
disapproved, reduced or modified. The fact of any rate, charge,
classification, regulation or practice going into effect by reason
of the commission’s failure to act thereon shall not affect the
commission’s power and authority to subsequently act with
respect to any such application or change in any rate, charge,
classification, regulation or practice. Any rate, charge,
classification, regulation or practice which shall be approved,
disapproved, modified or changed, in whole or in part, by
decision of the commission shall remain in effect as so approved,
disapproved, modified or changed during the period or pendency
of any subsequent hearing thereon or appeal therefrom. Orders
of the commission affecting rates, charges, classifications,
regulations or practices which have gone into effect
automatically at the end of the of the suspension period are
prospective in effect.

(c) At any hearing involving a rate sought to be increased or
involving the change of any rate, charge, classification,
regulation or practice, the burden of proof to show the justness and reasonableness of the increased rate or proposed increased rate, or the proposed change of rate, charge, classification, regulation or practice shall be upon the public utility making application for such change. The commission shall, whenever practicable and within budgetary constraints, conduct one or more public hearings within the area served by the public utility making application for such increase or change, for the purpose of obtaining comments and evidence on the matter from local ratepayers.

(d) Each public utility subject to the provisions of this section shall be required to establish, in a written report which shall be incorporated into each general rate case application, that it has thoroughly investigated and considered the emerging and state-of-the-art concepts in the utility management, rate design and conservation as reported by the commission under subsection (c), section one, article one of this chapter as alternatives to, or in mitigation of, any rate increase. The utility report shall contain as to each concept considered the reasons for adoption or rejection of each. When in any case pending before the commission all evidence shall have been taken and the hearing completed, the commission shall render a decision in such case. The failure of the commission to render a decision with respect to any such proposed change in any such rate, charge, classification, regulation or practice within the various time periods specified in this section after the application therefor shall constitute neglect of duty on the part of the commission and each member thereof.

(e) Where more than twenty members of the public are affected by a proposed change in rates, it shall be a sufficient notice to the public within the meaning of this section if such notice is published as a Class II legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area for such publication shall be
the community where the majority of the resident members of
the public affected by such change reside or, in case of
nonresidents, have their principal place of business within this
state.

(f) The commission may order rates into effect subject to
refund, plus interest in the discretion of the commission, in cases
in which the commission determines that a temporary or interim
rate increase is necessary for the utility to avoid financial
distress, or in which the costs upon which these rates are based
are subject to modification by the commission or another
regulatory commission and to refund to the public utility. In such
case the commission may require such public utility to enter into
a bond in an amount deemed by the commission to be reasonable
and conditioned upon the refund to the persons or parties entitled
thereto of the amount of the excess if such rates so put into effect
are subsequently determined to be higher than those finally fixed
for such utility.

(g) No utility regulated under the provisions of this section
may make application for a general rate increase while another
general rate application is pending before the commission and
not finally acted upon, except pursuant to the provisions of
subsection (f) of this section. The provisions of this subsection
shall not be construed so as to prohibit any such rate application
from being made while a previous application which has been
finally acted upon by the commission is pending before or upon
appeal to the West Virginia Supreme Court of Appeals.

§24-2-4b. Procedures for changing rates of electric and natural gas
coopertives, local exchange services of telephone
cooeertives and municipally operated public utilities.

(a) The rates and charges of electric cooperatives, natural gas
cooeertives and municipal water and/or sewer utilities that are
political subdivisions of the state with at least four thousand five
hundred customers and annual combined gross revenue of less
than $3 million dollars, except for municipally operated
commercial solid waste facilities as defined in section two,
article fifteen, chapter twenty-two of this code, and the rates and
charges for local exchange services provided by telephone
cooperatives are not subject to the rate approval provisions of
section four or four-a of this article, but are subject to the limited
rate provisions of this section.

(b) All rates and charges set by electric cooperatives, natural
gas cooperatives and municipally operated public utilities that
are political subdivisions of the state providing water, sewer,
electric and natural gas services and all rates and charges for
local exchange services set by telephone cooperatives shall be
just, reasonable, applied without unjust discrimination between
or preference for any customer or class of customer and based
primarily on the costs of providing these services. All rates and
charges shall be based upon the measured or reasonably
estimated cost of service and the equitable sharing of those costs
between customers based upon the cost of providing the service
received by the customer, including a reasonable plant-in-service
depreciation expense. The rates and charges shall be adopted by
the electric, natural gas, telephone cooperative or political
subdivision’s governing board or body and, in the case of the
municipally operated public utility, by municipal ordinance to be
effective not sooner than forty-five days after adoption. The 45-
day waiting period may be waived by public vote of the
governing body if that body finds and declares the public utility
that is a political subdivision of the state to be in financial
distress such that the 45-day waiting period would be detrimental
to the ability of the utility to deliver continued and compliant
public services: Provided, That notice of intent to effect a rate
change shall be specified on the monthly billing statement of the
customers of the utility for the month next preceding the month
in which the rate change is to become effective and the utility
governing body shall give its customers and, in the case of a
cooperative, its customers, members and stockholders, other
reasonable notices as will allow filing of timely objections to the
proposed rate change and full participation in municipal rate
legislation through the provision of a public forum in which
customers may comment upon the proposed rate change prior to
an enactment vote. The rates and charges or ordinance shall be
filed with the commission, together with any information
showing the basis of the rates and charges and other information
as the commission considers necessary. Any change in the rates
and charges with updated information shall be filed with the
commission. If a petition, as set out in subdivision (1), (2) or (3),
subsection (c) of this section, is received and the electric
cooperative, natural gas cooperative or telephone cooperative or
municipality has failed to file with the commission the rates and
charges with information showing the basis of rates and charges
and other information as the commission considers necessary,
the suspension period limitation of one hundred twenty days and
the one hundred-day period limitation for issuance of an order by
a hearing examiner, as contained in subsections (d) and (e) of
this section, is tolled until the necessary information is filed. The
electric cooperative, natural gas cooperative, telephone
cooperative or municipality shall set the date when any new rate
or charge is to go into effect.

(c) The commission shall review and approve or modify the
rates and charges of electric cooperatives, natural gas
cooperatives, telephone cooperatives, or municipal electric or
natural gas utilities and municipally owned water and/or sewer
utilities that are political subdivisions of the state and having less
than four thousand five hundred customers and $3 million
dollars of annual combined gross revenues upon the filing of a
petition within thirty days of the adoption of the ordinance or
resolution changing the rates or charges by:

(1) Any customer aggrieved by the changed rates or charges
who presents to the commission a petition signed by not less
than twenty-five percent of the customers served by the municipally operated electric or natural gas public utility or municipally owned water and/or sewer utility having less than four thousand five hundred customers and $3 million dollars annual combined gross revenues or twenty-five percent of the membership of the electric, natural gas or telephone cooperative residing within the state;

(2) Any customer who is served by a municipally owned electric or natural gas public utility and who resides outside the corporate limits and who is affected by the change in the rates or charges and who presents to the commission a petition alleging discrimination between customers within and without the municipal boundaries. The petition shall be accompanied by evidence of discrimination; or

(3) Any customer or group of customers of the municipally owned electric or natural gas public utility who is affected by the change in rates who reside within the municipal boundaries and who present a petition to the commission alleging discrimination between a customer or group of customers and other customers of the municipal utility. The petition shall be accompanied by evidence of discrimination.

(d) (1) The filing of a petition with the commission signed by not less than twenty-five percent of the customers served by the municipally owned electric or natural gas public utility or a municipally owned water and/or sewer utility having less than four thousand five hundred customers or $3 million dollars annual combined gross revenues or twenty-five percent of the membership of the electric, natural gas or telephone cooperative residing within the state under subsection (c) of this section shall suspend the adoption of the rate change contained in the ordinance or resolution for a period of one hundred twenty days from the date the rates or charges would otherwise go into effect or until an order is issued as provided herein.
(2) Upon sufficient showing of discrimination by customers outside the municipal boundaries or a customer or a group of customers within the municipal boundaries under a petition filed under subdivision (2) or (3), subsection (c) of this section, the commission shall suspend the adoption of the rate change contained in the ordinance for a period of one hundred twenty days from the date the rates or charges would otherwise go into effect or until an order is issued as provided herein. A municipal rate ordinance enacted pursuant to the provisions of this section and municipal charter or state code that establishes or proposes a rate increase that results in an increase of less than twenty-five percent of the gross revenue of the utility shall be presumed valid and rates shall be allowed to go into effect, subject to refund, upon the date stated in that ordinance. In the case of rates established or proposed that increase by more than twenty-five percent of the gross revenue of the municipally operated public utility, the utility may apply for, and the commission may grant, a waiver of the suspension period and allow rates to be effective upon enactment.

(e) The commission shall forthwith appoint a hearing examiner from its staff to review the grievances raised by the petitioners. The hearing examiner shall conduct a public hearing and shall, within one hundred days from the date the rates or charges would otherwise go into effect, unless otherwise tolled as provided in subsection (b) of this section, issue an order approving, disapproving or modifying, in whole or in part, the rates or charges imposed by the electric, natural gas or telephone cooperative or by the municipally operated public utility pursuant to this section.

(f) Upon receipt of a petition for review of the rates under the provisions of subsection (c) of this section, the commission may exercise the power granted to it under the provisions of section three of this article, consistent with the applicable rate provisions of section twenty, article ten, chapter eight of this
140 code, section four, article nineteen of said chapter and section
141 sixteen, article thirteen, chapter sixteen of this code. The
142 commission may determine the method by which the rates are
143 reviewed and may grant and conduct a de novo hearing on the
144 matter if the customer, electric, natural gas or telephone
145 cooperative or municipality requests a hearing.

146 (g) The commission may, upon petition by an electric,
147 natural gas or telephone cooperative or municipal electric or
148 natural gas public utility or a municipally owned water and/or
149 sewer utility having less than four thousand five hundred
150 customers and $3 million dollars annual combined gross
151 revenues, allow an interim or emergency rate to take effect,
152 subject to refund or future modification, if it is determined that
153 the interim or emergency rate is necessary to protect the
154 municipality from financial hardship attributable to the purchase
155 of the utility commodity sold, or the commission determines that
156 a temporary or interim rate increase is necessary for the utility to
157 avoid financial distress. In such cases, the commission shall
158 waive the 45-day waiting period provided for in subsection (b)
159 of this section and the one hundred twenty-day suspension
160 period provided for in subsection (d) of this section.

161 (h) The commission shall, upon written request of the
162 governing body of a political subdivision, provide technical
163 assistance to the governing body in its deliberations regarding a
164 proposed rate increase.

165 (i) Notwithstanding any other provision, the commission has
166 no authority or responsibility with regard to the regulation of
167 rates, income, services or contracts by municipally operated
168 public utilities for services which are transmitted and sold
169 outside of the State of West Virginia.

170 (j) Notwithstanding any other provision of this code to the
171 contrary, the jurisdiction of the commission over water and/or
sewer utilities that are political subdivisions of the state and having at least four thousand five hundred customers and annual gross combined revenues of $3 million or more shall be limited to those powers enumerated in subsection (b), section one of this article.

§24-2-7. Unreasonable, etc., regulations, practices and services; receivership; procedures respecting receivership; appointment and compensation of receiver; liquidation.

(a) Whenever, under the provisions of this chapter, the commission shall find any regulations, measurements, practices, acts or service to be unjust, unreasonable, insufficient or unjustly discriminatory, or otherwise in violation of any provisions of this chapter, or shall find that any service is inadequate, or that any service which is demanded cannot be reasonably obtained, the commission shall determine and declare, and by order fix reasonable measurement, regulations, acts, practices or services, to be furnished, imposed, observed and followed in the state in lieu of those found to be unjust, unreasonable, insufficient, or unjustly discriminatory, inadequate or otherwise in violation of this chapter, and shall make such other order respecting the same as shall be just and reasonable.

(b) If the Public Service Commission shall determine that any utility is unable or unwilling to adequately serve its customers or has been actually or effectively abandoned by its owners, or that its management is grossly and willfully inefficient, irresponsible or unresponsive to the needs of its customers, the commission may petition to the circuit court of any county wherein the utility does business for an order attaching the assets of the utility and placing such utility under the sole control and responsibility of a receiver. If the court determines that the petition is proper in all respects and finds, after a hearing thereon, that the allegations contained in the
petition are true, it shall grant the same and shall order that the utility be placed in receivership. The court, in its discretion and in consideration of the recommendation of the commission, shall appoint a receiver who shall be a responsible individual, partnership or corporation knowledgeable in public utility affairs and who shall maintain control and responsibility for the running and management of the affairs of the utility. In so doing, the receiver shall operate the utility so as to preserve the assets of the utility and to serve the best interests of its customers. The receiver shall be compensated from the assets of said utility in an amount to be determined by the court.

(c) Control of and responsibility for said utility shall remain in the receiver until the same can, in the best interest of the customers, be returned to the owners, transferred to other owners or assumed by another utility or public service corporation: Provided, That if the court after hearing, determines that control of and responsibility for the affairs of the utility should not, in the best interests of its customers, be returned to the legal owners thereof, the receiver shall proceed to liquidate the assets of the utility in the manner provided by law.

(d) The laws generally applicable to receivership shall govern receiverships created pursuant to this section.

§24-2-11. Requirements for certificate of public convenience and necessity.

(a) A public utility, person or corporation other than a political subdivision of the state providing water, sewer and/or stormwater services and having at least four thousand five hundred customers and annual gross combined revenues of $3 million dollars or more may not begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in section one, article two of this chapter, nor apply for, nor obtain any franchise, license or permit
from any municipality or other governmental agency, except ordinary extensions of existing systems in the usual course of business, unless and until it shall obtain from the Public Service Commission a certificate of public convenience and necessity authorizing such construction franchise, license or permit.

(b) Upon the filing of any application for the certificate, and after hearing, the commission may, in its discretion, issue or refuse to issue, or issue in part and refuse in part, the certificate of convenience and necessity: Provided, That the commission, after it gives proper notice and if no substantial protest is received within thirty days after the notice is given, may waive formal hearing on the application. Notice shall be given by publication which shall state that a formal hearing may be waived in the absence of substantial protest, made within thirty days, to the application. The notice shall be published as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code. The publication area shall be the proposed area of operation.

(c) Any public utility, person or corporation subject to the provisions of this section other than a political subdivision of the state providing water and/or sewer services having at least four thousand five hundred customers and combined annual gross revenue of $3 million dollars or more shall give the commission at least thirty days’ notice of the filing of any application for a certificate of public convenience and necessity under this section: Provided, That the commission may modify or waive the thirty-day notice requirement and shall waive the thirty-day notice requirement for projects approved by the Infrastructure and Jobs Development Council.

(d) The commission shall render its final decision on any application filed under the provisions of this section or section eleven-a of this article within two hundred seventy days of the filing of the application and within ninety days after final
submission of any such application for decision following a hearing: Provided, That if the application is for authority to construct a water and sewer project and the projected total cost is less than $10 million, the commission shall render its final decision within two hundred twenty-five days of the filing of the application.

(e) The commission shall render its final decision on any application filed under the provisions of this section that has received the approval of the Infrastructure and Jobs Development Council pursuant to article fifteen-a, chapter thirty-one of this code within one hundred eighty days after filing of the application: Provided, That if a substantial protest is received within thirty days after the notice is provided pursuant to subsection (b) of this section, the commission shall render its final decision within two hundred seventy days or two hundred twenty-five days of the filing of the application, whichever is applicable as determined in subsection (d) of this section.

(f) If the projected total cost of a project which is the subject of an application filed pursuant to this section or section eleven-a of this article is greater than $50 million, the commission shall render its final decision on any such application filed under the provisions of this section or section eleven-a of this article within four hundred days of the filing of the application and within ninety days after final submission of any such application for decision after a hearing.

(g) If a decision is not rendered within the time frames established in this section, the commission shall issue a certificate of convenience and necessity as applied for in the application.

(h) The commission shall prescribe rules as it may deem proper for the enforcement of the provisions of this section; and, in establishing that public convenience and necessity do exist, the burden of proof shall be upon the applicant.
(i) Pursuant to the requirements of this section, the commission may issue a certificate of public convenience and necessity to any intrastate pipeline, interstate pipeline or local distribution company for the transportation in intrastate commerce of natural gas used by any person for one or more uses, as defined by rule, by the commission in the case of:

(1) Natural gas sold by a producer, pipeline or other seller to the person; or

(2) Natural gas produced by the person.

(j) A public utility, including a public service district, which has received a certificate of public convenience and necessity after July 8, 2005, from the commission and has been approved by the Infrastructure and Jobs Development Council is not required to, and cannot be compelled to, reopen the proceeding if the cost of the project changes but the change does not affect the rates established for the project.

(k) Any public utility, person or corporation proposing any electric power project that requires a certificate under this section is not required to obtain such certificate before applying for or obtaining any franchise, license or permit from any municipality or other governmental agency.

(l) Water, sewer and/or stormwater utilities that are political subdivisions of the state and having at least four thousand five hundred customers and combined gross revenues of $3 million dollars or more desiring to pursue construction projects that are not in the ordinary course of business shall provide notice to both current customers and those citizens who will be affected by the proposed construction as follows:

(1) Adequate prior public notice of the contemplated construction by causing a notice of intent to pursue a project that is not in the ordinary course of business to be specified on the...
monthly billing statement of the customers of the utility for the
month next preceding the month in which the contemplated
construction is to be before the governing body on first reading.

(2) Adequate prior public notice of the contemplated
construction by causing to be published as a Class I legal
advertisement of the proposed action, in compliance with the
provisions of article three, chapter fifty-nine of the code. The
publication area for publication shall be all territory served by
the district. If the political subdivision provides service in more
than one county, publication shall be made in a newspaper of
general circulation in each county that the political subdivision
provides service.

(3) The public notice of the proposed construction shall state
the scope of the proposed construction, the current rates, fees
and charges, the proposed changes to said rates, fees and
charges; the date, time and place of both a public hearing on the
proposal and the proposed final vote on adoption; and the place
or places within the political subdivision where the proposed
construction and the rates, fees and charges may be inspected by
the public. A reasonable number of copies of the proposal shall
be kept at the place or places and be made available for public
inspection. The notice shall also advise that interested parties
may appear at the public hearing before the political subdivision
and be heard with respect to the proposed construction and the
proposed rates, fees and charges.

(4) The proposed construction and the proposed rates, fees
and charges shall be read at two meetings of the governing body
with at least two weeks intervening between each meeting. The
public hearing may be conducted with or following the second
reading.

(5) Enactment of the proposed construction and the proposed
rates, fees and charges shall follow an affirmative vote of the
governing body and shall be effective no sooner than forty-five
days following the action of the governing body. If the political
subdivision proposes rates that will go into effect prior than the
completion of construction of the proposed project, the 45-day
waiting period may be waived by public vote of the governing
body only if the political subdivision finds and declares the
political subdivision to be in financial distress such that the 45-
day waiting period would be detrimental to the ability of the
political subdivision to deliver continued and compliant public
services: Provided, That in no event shall the rate become
effective prior to the date that the county commission has
entered an order approving the action of the public service
district board.

(6) Rates, fees and charges approved by an affirmative vote
of the public services district board shall be forwarded in writing
to the county commission appointing the approving board. The
county commission shall, within forty-five days of receipt of the
proposed rates, fees and charges, take action to approve or reject
the proposed rates, fees and charges. After forty-five days, and
absent action by the county commission, the proposed rates, fees
and charges shall be effective with no further action by the board
or county commission. In any event this 45-day period may be
extended by official action of both the board proposing the rates,
fees and charges and the appointing county commission.

(7) The county commission shall provide notice to the public
by a Class I legal advertisement of the proposed action, in
compliance with the provisions of article three, chapter fifty-nine
of this code, of the meeting where it shall consider the proposed
increases in rates, fees and charges no later than one week prior
to the meeting date.

ARTICLE 3. DUTIES AND PRIVILEGES OF PUBLIC
UTILITIES SUBJECT TO REGULATIONS
OF COMMISSION.
§24-3-5. Schedule of rates to be filed with commission.

Every public utility shall file with the commission, and keep open to public inspection, schedules showing all the rates, charges and tolls for service to be rendered by it or by other persons, firms or corporations in connection with it: Provided, that the reports and tariffs filed by interstate carriers with the Public Service Commission may be copies of its reports and tariffs filed with the Interstate Commerce Commission; but nothing herein shall preclude the Public Service Commission from requiring interstate carriers to furnish information bearing upon any complaint or question pending before said Public Service Commission and with which it has a right to deal.

AN ACT to amend and reenact §24-2-1 of the Code of West Virginia, 1931, as amended, relating to internet protocol-enabled service and voice over internet protocol-enabled service; prohibiting Public Service Commission jurisdiction of internet protocol-enabled service and voice over internet protocol-enabled service; and limiting Public Service Commission jurisdiction of certain telephone company transactions.

Be it enacted by the Legislature of West Virginia:

That §24-2-1 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:
ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1. Jurisdiction of commission; waiver of jurisdiction.

(a) The jurisdiction of the commission shall extend to all public utilities in this state and shall include any utility engaged in any of the following public services:

Common carriage of passengers or goods, whether by air, railroad, street railroad, motor or otherwise, by express or otherwise, by land, water or air, whether wholly or partly by land, water or air; transportation of oil, gas or water by pipeline; transportation of coal and its derivatives and all mixtures and combinations thereof with other substances by pipeline; sleeping car or parlor car services; transmission of messages by telephone, telegraph or radio; generation and transmission of electrical energy by hydroelectric or other utilities for service to the public, whether directly or through a distributing utility; supplying water, gas or electricity, by municipalities or others; sewer systems servicing twenty-five or more persons or firms other than the owner of the sewer systems: Provided, That if a public utility intends to provide sewer service by an innovative, alternative method, as defined by the federal Environmental Protection Agency, the innovative, alternative method is a public utility function and subject to the jurisdiction of the Public Service Commission regardless of the number of customers served by the innovative, alternative method; any public service district created under the provisions of article thirteen-a, chapter sixteen of this code; toll bridges, wharves, ferries; solid waste facilities; and any other public service: Provided, however, That natural gas producers who provide natural gas service to not more than twenty-five residential customers are exempt from the

*NOTE: This section was also amended by S. B. 234 (Chapter 196), which passed subsequent to this act.*
jurisdiction of the commission with regard to the provisions of such residential service: Provided further, That upon request of any of the customers of such natural gas producers, the commission may, upon good cause being shown, exercise such authority as the commission may deem appropriate over the operation, rates and charges of such producer and for such length of time as the commission may consider to be proper: And provided further, That the jurisdiction the commission may exercise over the rates and charges of municipally operated public utilities is limited to that authority granted the commission in section four-b of this article: And provided further, That the decision-making authority granted to the commission in sections four and four-a of this article shall, in respect to an application filed by a public service district, be delegated to a single hearing examiner appointed from the commission staff, which hearing examiner shall be authorized to carry out all decision-making duties assigned to the commission by said sections, and to issue orders having the full force and effect of orders of the commission.

(b) The commission may, upon application, waive its jurisdiction and allow a utility operating in an adjoining state to provide service in West Virginia when:

(1) An area of West Virginia cannot be practicably and economically served by a utility licensed to operate within the State of West Virginia;

(2) Said area can be provided with utility service by a utility which operates in a state adjoining West Virginia;

(3) The utility operating in the adjoining state is regulated by a regulatory agency or commission of the adjoining state; and

(4) The number of customers to be served is not substantial. The rates the out-of-state utility charges West Virginia
customers shall be the same as the rate the utility is duly authorized to charge in the adjoining jurisdiction. The commission, in the case of any such utility, may revoke its waiver of jurisdiction for good cause.

(c) Any other provisions of this chapter to the contrary notwithstanding:

(1) An owner or operator of an electric generating facility located or to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which such facility the owner or operator holds a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, shall be subject to subsections (e), (f), (g), (h), (i) and (j), section eleven-c of this article as if the certificate of public convenience and necessity for such facility were a siting certificate issued under said section and shall not otherwise be subject to the jurisdiction of the commission or to the provisions of this chapter with respect to such facility except for the making or constructing of a material modification thereof as provided in subdivision (5) of this subsection.

(2) Any person, corporation or other entity that intends to construct or construct and operate an electric generating facility to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which facility the owner or operator does not hold a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, shall, prior to commencement of construction of the facility, obtain a siting certificate from the commission pursuant to the provisions of section eleven-c of this article in lieu of a certificate of public convenience and necessity pursuant to the provisions of section eleven of this article. An
owner or operator of an electric generating facility as is
described in this subdivision for which a siting certificate has
been issued by the commission shall be subject to subsections
(e), (f), (g), (h), (i) and (j), section eleven-c of this article and
shall not otherwise be subject to the jurisdiction of the
commission or to the provisions of this chapter with respect to
such facility except for the making or constructing of a material
modification thereof as provided in subdivision (5) of this
subsection.

(3) An owner or operator of an electric generating facility
located in this state that had not been designated as an exempt
wholesale generator under applicable federal law prior to
commercial operation of the facility, that generates electric
energy solely for sale at retail outside this state or solely for sale
at wholesale in accordance with any applicable federal law that
preempts state law or solely for both such sales at retail and such
sales at wholesale, and that had been constructed and had
engaged in commercial operation on or before July 1, 2003, shall
not be subject to the jurisdiction of the commission or to the
provisions of this chapter with respect to such facility, regardless
of whether such facility subsequent to its construction has been
or will be designated as an exempt wholesale generator under
applicable federal law: Provided, That such owner or operator
shall be subject to subdivision (5) of this subsection if a material
modification of such facility is made or constructed.

(4) Any person, corporation or other entity that intends to
construct or construct and operate an electric generating facility
to be located in this state that has not been or will not be
designated as an exempt wholesale generator under applicable
federal law prior to commercial operation of the facility, that
will generate electric energy solely for sale at retail outside this
state or solely for sale at wholesale in accordance with any
applicable federal law that preempts state law or solely for both
such sales at retail and such sales at wholesale and that had not
been constructed and had not been engaged in commercial
operation on or before July 1, 2003, shall, prior to
commencement of construction of the facility, obtain a siting
certificate from the commission pursuant to the provisions of
section eleven-c of this article in lieu of a certificate of public
convenience and necessity pursuant to the provisions of section
eleven of this article. An owner or operator of an electric
generating facility as is described in this subdivision for which
a siting certificate has been issued by the commission shall be
subject to subsections (e), (f), (g), (h), (i) and (j), section eleven-
c of this article and shall not otherwise be subject to the
jurisdiction of the commission or to the provisions of this
chapter with respect to such facility except for the making or
constructing of a material modification thereof as provided in
subsection (5) of this subsection.

(5) An owner or operator of an electric generating facility
described in this subsection shall, before making or constructing
a material modification of the facility that is not within the terms
of any certificate of public convenience and necessity or siting
certificate previously issued for the facility or an earlier material
modification thereof, obtain a siting certificate for the
modification from the commission pursuant to the provisions of
section eleven-c of this article in lieu of a certificate of public
convenience and necessity for the modification pursuant to the
provisions of section eleven of this article and, except for the
provisions of section eleven-c of this article, shall not otherwise
be subject to the jurisdiction of the commission or to the
provisions of this chapter with respect to such modification.

(6) The commission shall consider an application for a
certificate of public convenience and necessity filed pursuant to
section eleven of this article to construct an electric generating
facility described in this subsection or to make or construct a
material modification of such electric generating facility as an
application for a siting certificate pursuant to section eleven-c of
this article if the application for the certificate of public
convenience and necessity was filed with the commission prior
to July 1, 2003, and if the commission has not issued a final
order thereon as of that date.

(7) The limitations on the jurisdiction of the commission
over, and on the applicability of the provisions of this chapter to,
the owner or operator of an electric generating facility as
imposed by, and described in this subsection, shall not be
deemed to affect or limit the commission’s jurisdiction over
contracts or arrangements between the owner or operator of such
facility and any affiliated public utility subject to the provisions
of this chapter.

(d) The commission shall not have jurisdiction of internet
protocol-enabled service or voice over internet protocol-enabled
service. As used in this subsection:

(1) “Internet protocol-enabled service” means any service,
capability, functionality or application provided using internet

include any service that permits users to receive calls that
originate on the public-switched telephone network and to
terminate calls on the public-switched telephone network.
(e) Notwithstanding any other provisions of this article, the commission shall not have jurisdiction to review or approve any transaction involving a telephone company otherwise subject to sections twelve and twelve-a, article two, chapter twenty-four of this code if all entities involved in the transaction are under common ownership.

CHAPTER 198

(Com. Sub. for S. B. 390 - By Senator Trump)

[Passed March 13, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2015.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-1k, relating to additional duties of the Public Service Commission; authorizing commission to approve expedited cost recovery of natural gas utility infrastructure projects deemed just and reasonable and in the public interest; making findings; establishing application and hearing process; and providing for rulemaking.

Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §24-2-1k, to read as follows:

ARTICLE 2. POWERS AND DUTIES OF THE PUBLIC SERVICE COMMISSION.

§24-2-1k. Natural gas infrastructure expansion, development, improvement and job creation; findings; expedited process; requirements; rulemaking.

(a) The Legislature hereby finds that:
(1) West Virginia is rich in energy resources, which provide many advantages to the state, its economy and its citizens;

(2) West Virginia is experiencing significant growth in the natural gas industry with the development of the Marcellus and Utica shale;

(3) West Virginia’s abundant natural gas reserves have created, and will continue to create, many benefits to the state and its citizens;

(4) Growth in the natural gas industry and its accompanying benefits require West Virginia to be proactive and increase the focus on the natural gas infrastructure in this state in order for those benefits to flow to the state and its citizens, including those citizens in areas unserved or underserved by natural gas utilities;

(5) A comprehensive program of replacing, upgrading and expanding infrastructure by natural gas utilities at reasonable cost to ratepayers will benefit the customers of the natural gas utilities, the public in West Virginia and the economy of the state, as a whole;

(6) A natural gas utility infrastructure program will create jobs, provide for continued and enhanced safety and reliability of aging natural gas infrastructure, provide for more economic natural gas utility service, and provide natural gas utility service to new customers in areas of the state that are unserved or underserved; and

(7) Natural gas utility infrastructure programs involve the investment of capital and the incurrence of associated incremental costs. Accordingly, in order for the natural gas utility undertaking those infrastructure programs to attract the necessary capital, the natural gas utility should be permitted to recover the incremental rate of return, related income taxes, depreciation and property taxes associated with the infrastructure
programs commencing with the implementation of an
infrastructure program approved by the commission without
waiting for a full base rate tariff filing as more fully described in
subsection (f) of this section.

(b) Natural gas utilities may file with the commission an
application for a multi-year comprehensive plan for
infrastructure replacements, upgrades and extensions. Subject to
commission review and approval, a plan may be amended and
updated by the natural gas utility as circumstances warrant. The
recovery of costs in support of the plans shall be allowed in the
manner set forth in this section if the proposed plans have been
found to be prudent and useful.

(c) The application is in lieu of a proceeding pursuant to
section eleven of this article and shall contain the following:

(1) A description of the infrastructure program, in such detail
as the commission prescribes, and the projected annual amount
(in approximate line sizes and feet), general location, type, and
projected installation timing of the facilities that the applicant
proposes to replace, construct and/or improve;

(2) The projected net cost, on an annual basis, of the
replacement, construction or improvements;

(3) The projected starting date for the infrastructure
program;

(4) The projected numbers of potential new customers, if
any, that may be served by the infrastructure program and the
projected annual load of the customers;

(5) The projected cost of debt for the infrastructure program
funding and the projected capital structure for infrastructure
program funding;
(6) Testimony, exhibits or other evidence that demonstrates the need for the replacement, construction or improvement of facilities in order to provide and maintain adequate, efficient, safe, reliable and reasonable natural gas service;

(7) A proposed cost recovery mechanism consistent with this section; and

(8) Other information the applicant considers relevant or the commission requires.

(d) Upon filing of the application, the applicant shall publish, in the form the commission directs, which form shall include, but not be limited to, the anticipated rates and, if any, rate increase under the proposal, by average percentage and dollar amount for customers within a class of service, as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code, the publication area to be each county in which service is provided by the natural gas utility, a notice of the filing of the application and that the commission shall hold a hearing on the application within ninety days of the notice; unless no opposition to the rate change is received by the Public Service Commission within one week of the proposed hearing date, in which case the hearing can be waived, and issue a final order within one hundred fifty days of the application filing date. However, if the proposed infrastructure program includes a request for extension of infrastructure into an unserved area and another natural gas utility files to extend service to the same area, the commission may move that extension request of each natural gas utility into separate proceedings to be considered concurrently and extend the time period for issuing a final order on that portion of the proposed programs beyond the one hundred fifty days.

(e) Upon notice and hearing, if required by the commission, the commission shall approve the infrastructure program and
allow expedited recovery of costs related to the expenditures as provided in subsection (f) of this section if the commission finds that the expenditures and the associated rate requirements are just, reasonable, not contrary to the public interest and will allow for the provision and maintenance of adequate, efficient, safe, reliable and reasonably priced natural gas service.

(f) Upon commission approval, natural gas utilities will be authorized to implement the infrastructure programs and to recover related incremental costs, net of contributions to recovery of return and depreciation and property tax expenses directly attributable to the infrastructure program provided by new customers served by the infrastructure program investments, if any, as provided in the following:

(1) An allowance for return shall be calculated by applying a rate of return to the average planned net incremental increase to rate base attributable to the infrastructure program for the coming year, considering the projected amount and timing of expenditures under the infrastructure program plus any expenditures in previous years of the infrastructure program. The rate of return shall be determined by utilizing the rate of return on equity authorized by the commission in the natural gas utility’s most recent rate case proceeding or in the case of a settled rate case, a rate of return on equity as determined by the commission, and the projected cost of the natural gas utility’s debt during the period of the infrastructure program to determine the weighted cost of capital based upon the natural gas utility’s capital structure.

(2) Income taxes applicable to the return allowed on the infrastructure program shall be calculated for inclusion in rates.

(3) Incremental depreciation and property tax expenses directly attributable to the infrastructure program shall be estimated for the upcoming year.
Following commission approval of its infrastructure program, a natural gas utility shall place into effect rates that include an increment that recovers the allowance for return, related income taxes, depreciation and property tax expenses associated with the natural gas utility’s estimated infrastructure program investments for the upcoming year, net of contributions to recovery of those incremental costs provided by new customers served by the infrastructure program investments, if any, (“incremental cost recovery increment”). In each year subsequent to the order approving the infrastructure program and an incremental cost recovery increment, the natural gas utility shall file a petition with the commission setting forth a new proposed incremental cost recovery increment based on investments to be made in the subsequent year, plus any under-recovery or minus any over-recovery of actual incremental costs attributable to the infrastructure program investments, for the preceding year.

The natural gas utility may make any accounting accruals necessary to establish a regulatory asset or liability through which actual incremental costs incurred and costs recovered through the rate mechanism are tracked.

Natural gas utilities may defer incremental operation and maintenance expenditures attributable to regulatory and compliance-related requirements introduced after the natural gas utility’s last rate case proceeding and not included in the natural gas utility’s current base rates. In a future rate case, the commission may allow recovery of the deferred costs amortized over a reasonable period of time to be determined by the commission provided the commission finds that the costs were reasonable and prudently incurred and were not reflected in rates in prior rate cases.
AN ACT to amend and reenact §5A-3-1 of the Code of West Virginia, 1931, as amended; to amend and reenact §5A-3-3 of said code; to amend and reenact §18-2E-7 of said code; and to amend and reenact §18-9A-10 of said code, all relating to purchasing guidelines; exempting the West Virginia State Police Forensics Laboratory and the West Virginia Office of Laboratory Services from state purchasing guidelines; exempting procurement of instructional materials, digital content resources, instructional technology, hardware, software, telecommunications and technical services for use in and in support of public schools; exempting procurement of these items from division of purchasing requirements; removing outdated language and updating name of state technology plan; requiring the State Board of Education to define “equitable distribution”; requiring certain technology tools to adhere to state contract prices; adding personalized learning as potential student use for technology; providing for technology system specialists; and removing expired transitional funding language and references to the twenty-first century.

Be it enacted by the Legislature of West Virginia:

That §5A-3-1 of the Code of West Virginia, 1931, as amended, be amended and reenacted; that §5A-3-3 of said code be amended and reenacted; that §18-2E-7 of said code be amended and reenacted; and that §18-9A-10 of said code be amended and reenacted, all to read as follows:

employed during regular sessions or during the interim time
between regular sessions in seven consecutive calendar years, as
certified by the clerk of the house in which the employee served,
shall receive service credit of six months for all regular sessions
served, as certified by the clerk of the house in which the
employee served, or shall receive service credit of three months
for each regular thirty-day session served prior to 1971:
Provided, That employees of the state Legislature whose term of
employment is otherwise classified as temporary and who are
employed to perform services required by the Legislature for its
regular sessions and who have been or are employed during the
regular sessions in thirteen consecutive calendar years as either
temporary employees or full-time employees or a combination
thereof, as certified by the clerk of the house in which the
employee served, shall receive a service credit of twelve months
for each regular session served, as certified by the clerk of the
house in which the employee served: Provided, however, That
the amendments made to this subsection during the 2002 regular
session of the Legislature only apply to employees of the
Legislature who are employed by the Legislature as either
temporary employees or full-time employees as of January 1,
2002, or who become employed by the Legislature as temporary
or full-time employees for the first time after January 1, 2002.
Employees of the State Legislature whose terms of employment
are otherwise classified as temporary and who are employed to
perform services required by the Legislature during the interim
time between regular sessions shall receive service credit of one
month for each ten days served during the interim between
regular sessions, which interim days shall be cumulatively
calculated so that any ten days, regardless of calendar month or
year, shall be calculated toward any award of one month of
service credit: Provided further, That no more than one year of
service may be credited to any temporary legislative employee
for all service rendered by that employee in any calendar year
and no days may be carried over by a temporary legislative
employee from one calendar year to another calendar year where
the member has received a full year credit for that year. Service
credit awarded for legislative employment pursuant to this
section shall be used for the purpose of calculating that
member’s retirement annuity, pursuant to section twenty-two of
this article, and determining eligibility as it relates to credited
service, notwithstanding any other provision of this section.
Certification of employment for a complete legislative session
and for interim days shall be determined by the clerk of the
house in which the employee served, based upon employment
records. Service of fifty-five days of a regular session constitutes
an absolute presumption of service for a complete legislative
session and service of twenty-seven days of a thirty-day regular
session occurring prior to 1971 constitutes an absolute
presumption of service for a complete legislative session. Once
a legislative employee has been employed during regular
sessions for seven consecutive years or has become a full-time employee of the Legislature, that employee shall receive the service credit provided in this section for all regular and interim sessions and interim days worked by that employee, as certified by the clerk of the house in which the employee served, regardless of when the session or interim legislative employment occurred: And provided further, That regular session legislative employment for seven consecutive years may be served in either or both houses of the Legislature.

(2) For purposes of this section, employees of the Joint Committee on Government and Finance are entitled to the same benefits as employees of the House of Delegates or the Senate: Provided, That for joint committee employees whose terms of employment are otherwise classified as temporary, employment in preparation for regular sessions, certified by the legislative manager as required by the Legislature for its regular sessions, shall be considered the same as employment during regular sessions to meet service credit requirements for sessions served.

(f) Any employee may purchase retroactive service credit for periods of employment in which contributions were not deducted from the employee’s pay. In the purchase of service credit for employment prior to 1989 in any department, including the Legislature, which operated from the General Revenue Fund and which was not expressly excluded from budget appropriations in which blanket appropriations were made for the state’s share of public employees’ retirement coverage in the years prior to 1989, the employee shall pay the employee’s share. Other employees shall pay the state’s share and the employee’s share to purchase retroactive service credit. Where an employee purchases service credit for employment which occurred after 1988, that employee shall pay for the employee’s share and the employer shall pay its share for the purchase of retroactive service credit: Provided, That no legislative employee and no current or former member of the Legislature may be required to
(g) (1) Notwithstanding any provision to the contrary, the seven consecutive calendar years requirement and the thirteen consecutive calendar years requirement and the service credit...
requirements set forth in this section shall be applied retroactively to all periods of legislative employment prior to the passage of this section, including any periods of legislative employment occurring before the seven consecutive and thirteen consecutive calendar years referenced in this section: Provided, That the employee has not retired prior to the effective date of the amendments made to this section in the 2002 regular session of the Legislature.

(2) The requirement of seven consecutive years and the requirement of thirteen consecutive years apply retroactively to all legislative employment prior to the effective date of the 2006 amendments to this section.

(h) The board of trustees shall grant service credit to any former or present member of the State Police Death, Disability and Retirement Fund who has been a contributing member of this system for more than three years for service previously credited by the State Police Death, Disability and Retirement Fund if the member transfers all of his or her contributions to the State Police Death, Disability and Retirement Fund to the system created in this article, including repayment of any amounts withdrawn any time from the State Police Death, Disability and Retirement Fund by the member seeking the transfer allowed in this subsection: Provided, That there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Public Employees Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement Fund, excluding contributions on lump sum payment for annual leave, plus interest at a rate determined by the board.

(i) The provisions of section twenty-two-h of this article are not applicable to the amendments made to this section during the 2006 regular session.
§5-10-15. Military service credit; qualified military service.

(a) (1) The Legislature recognizes the men and women of this state who have served in the armed forces of the United States during times of war, conflict and danger. It is the intent of this subsection to confer military service credit upon persons who are eligible at any time for public employees retirement benefits for any time served in active duty in the armed forces of the United States, regardless of whether the person was a public employee at the time of entering the military service.

(2) In addition to any benefit provided by federal law, any member of the retirement system who has previously served in or enters the active service of the armed forces of the United States, including active duty in the National Guard performed pursuant to Title 10 or Title 32 of the United States Code, shall receive credited service for the time spent in the armed forces of the United States, not to exceed five years, if the member:

(A) Has been honorably discharged from the armed forces; and

(B) Substantiates by appropriate documentation or evidence his or her active military service.

If a member of the retirement system enters the active service of the armed forces of the United States, the member’s contributions to the retirement system are suspended during the period of the active service and until the member’s return to the employ of a participating public employer, and any credit balance remaining in the member’s deposit fund shall accumulate regular interest: Provided, That notwithstanding any provision in this article to the contrary, if an employee of a participating political subdivision serving on active duty in the military has accumulated credited service prior to the last entry into military service, in an amount that, added to the time in
active military service while an employee equals nine or more years, and the member is unable to resume employment with a participating employer upon completion of duty due to death during or as a result of active service, all time spent in active military service, up to and including a total of five years, is considered to be credited service and death benefits are vested in the member: Provided, however, That the active service during the time the member is an employee must be as a result of an order or call to duty, and not as a result of volunteering for assignment or volunteering to extend the time in service beyond the time required by order or call.

(b) Subsection (a) of this section does not apply to any member who first becomes an employee of a participating public employer on or after July 1, 2015. This subsection does not apply to any member who first became an employee of a participating public employer before July 1, 2015.

(1) A member who first becomes an employee of a participating public employer on or after July 1, 2015, may purchase up to sixty months of military service credit for time served in active military duty prior to first becoming an employee of a participating public employer if all of the following conditions are met:

(A) The member has completed at least twelve consecutive months of contributory service upon first becoming an employee of a participating public employer;

(B) The active military duty occurs prior to the date on which the member first becomes an employee of a participating public employer; and

(C) The employee pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received
by the retirement system for the member and while he or she
continues to be in the employ of a participating public employer
and contributing to the retirement system: Provided, That any
employee who ceases employment with a participating public
employer before completing the required actuarial reserve
purchase amount in full shall not be eligible to purchase the
military service.

(2) Notwithstanding paragraph (A), subdivision (1) of this
subsection, a member who first becomes an employee of a
participating public employer on or after July 1, 2015, but who
does not remain employed and contributing to the retirement
system for at least twelve consecutive months after his or her
initial employment, shall be considered to have met the
requirement of paragraph (A), subdivision (1) of this subsection
the first time he or she becomes an employee of a participating
public employer and completes at least twelve consecutive
months of contributing service. Such a member shall be
considered to have met the requirement of paragraph (C),
subdivision (1) of this subsection if he or she pays to the
retirement system the actuarial reserve purchase amount within
forty-eight months after the date on which employer and
employee contributions are first received by the retirement
system for the member the first time he or she becomes an
employee of a participating public employer and completes at
least twelve consecutive months of contributing service, and
while he or she continues to be in the employ of a participating
public employer and contributing to the retirement system.

(3) Notwithstanding paragraph (A), subdivision (1) of this
subsection, a member who first becomes an employee of a
participating public employer on or after July 1, 2015, as an
elected official, shall be considered to have met the requirement
of paragraph (A), subdivision (1) of this subsection after
remaining employed for the first twelve consecutive months of
his or her term and first becoming an employee, regardless of
whether a salary is paid to the employee for each such month. An elected official who does not elect to begin participating in the retirement system upon first becoming an employee of a participating public employer as an elected official is not eligible to purchase military service credit pursuant to subdivision (1) of this subsection.

(4) A member who first becomes an employee of a participating public employer on or after July 1, 2015, may purchase military service credit for active military duty performed on or after the date he or she first becomes an employee of a participating public employer only if all of the following conditions are met: Provided, That the maximum military service credit such member may purchase shall take into account any military service credit purchased for active military duty pursuant to subdivision (1) of this subsection in addition to any military service credit purchased pursuant to this subdivision:

(A) The member was an employee of a participating public employer, terminated employment and experienced a break in contributing service in the retirement system of one or more months, performed active military service while not an employee of the participating public employer and not contributing to the retirement system, then again becomes an employee of a participating public employer and completes at least twelve consecutive months of contributory service;

(B) The member does not qualify for military service credit for such active military duty pursuant to subsection (d) of this section; and

(C) The member pays to the retirement system the actuarial reserve lump sum purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member after he
or she again becomes an employee of a participating public employer immediately following the period of active military duty and break in service and completes at least twelve consecutive months of contributory service and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(5) Notwithstanding paragraph (A), subdivision (4) of this subsection, a member who otherwise meets the requirements of said paragraph, but who does not remain employed and contributing to the retirement system for at least twelve consecutive months when he or she first becomes an employee of a participating public employer after the period of active military duty and break in service, shall be considered to have met the requirement of paragraph (A), subdivision (4) of this subsection the first time he or she again becomes an employee of a participating public employer and completes at least twelve consecutive months of contributing service. Such a member shall be considered to have met the requirement of paragraph (C), subdivision (4) of this subsection if he or she pays to the retirement system the actuarial reserve lump sum purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member for the first time he or she again becomes an employee of a participating public employer and completes at least twelve consecutive months of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(6) Notwithstanding paragraph (A), subdivision (4) of this subsection, a member who becomes an employee of a participating public employer after such a period of active military duty and break in service as an elected official shall be considered to have met the requirement of paragraph (A), subdivision (4) of this subsection after remaining employed for
the first twelve consecutive months of his or her term after again
becoming an employee, regardless of whether a salary is paid to
the employee for each such month. Such an individual must elect
to begin participating in the retirement system immediately upon
again becoming an employee of a participating public employer
after the period of active military duty and break in service.

(7) For purposes of this subsection, the following definitions
apply:

(A) “Active military duty” means full-time active duty in the
armed forces of the United States for a period of thirty or more
consecutive calendar days. Active military duty does not include
inactive duty of any kind.

(B) “Actuarial reserve purchase amount” means the purchase
annuity rate multiplied by the purchase accrued benefit,
calculated as of the calculation month, plus annual interest
accruing at seven and one-half percent from the calculation
month through the purchase month, compounded monthly:
Provided, That if the employee elects to pay the full purchase
amount on an installment or partial payment basis, the actuarial
reserve purchase amount will include the lump sum payment
plus additional interest accruing at seven and one-half percent
until the purchase amount is paid in full.

(C) “Armed forces of the United States” means the Army,
Navy, Air Force, Marine Corps and Coast Guard, the reserve
components thereof, and the National Guard of the United States
or the National Guard of a state or territory when members of the
same are on full-time active duty pursuant to Title 10 or Title 32
of the United States Code.

(D) “Calculation month” means the month immediately
following the month in which the member completes the twelve
consecutive months of contributory service with a participating
public employer required by this subsection, as applicable.
(E) “Purchase accrued benefit” means two percent times the purchase military service times the purchase average monthly salary.

(F) “Purchase age” means the age of the employee in years and completed months as of the first day of the calculation month.

(G) “Purchase annuity rate” means the actuarial lump sum annuity factor calculated as of the calculation month based on the following actuarial assumptions: Interest rate of seven and one-half percent; mortality of the 1971 group annuity mortality table, fifty percent blended male and female rates, applied on a unisex basis to all members; if purchase age is under age sixty-two, a deferred annuity factor with payments commencing at age sixty-two; and if purchase age is sixty-two or over, an immediate annuity factor with payments starting at the purchase age.

(H) “Purchase average monthly salary” means the average monthly salary of the member during the months two through twelve of the twelve consecutive month period required by this subsection of this section, as applicable.

(I) “Purchase military service” means the amount of military service being purchased by the employee in months up to the sixty-month maximum, calculated in accordance with subdivision (9) of this subsection.

(J) “Purchase month” means the month in which the employee deposits the actuarial reserve lump sum purchase amount in full payment of the service credit being purchased or makes the final payment of the actuarial reserve purchase amount into the plan trust fund in full payment of the service credit being purchased.

(8) A member may purchase military service credit for a period of active military duty pursuant to this subsection only if
the member received an honorable discharge for such period.
Anything other than an honorable discharge, including, but not
limited to, a general or under honorable conditions discharge, an
entry-level separation discharge, an other than honorable
conditions discharge or a dishonorable discharge, shall
disqualify the member from receiving military service credit for
the period of service.

(9) To calculate the amount of military service credit a
member may purchase, the board shall add the total number of
days in each period of a member’s active military duty eligible
to be purchased, divide the total by thirty, and round up or down
to the nearest integer (fractions of 0.5 shall be rounded up), in
order to yield the total number of months of military service
credit a member may purchase, subject to the sixty-month
maximum. A member may purchase all or part of the maximum
amount of military service credit he or she is eligible for in
one-month increments.

(10) To receive credit, a member must submit a request to
purchase military service credit to the board, on such form or in
such other manner as shall be required by the board, within the
twelve consecutive month period required by this subsection, as
applicable. The board shall then calculate the actuarial reserve
lump sum purchase amount, which amount must be paid by the
member within the 48-month period required by this subsection,
as applicable. A member purchasing military service credit
pursuant to this subsection must do so in a single, lump sum
payment: Provided, That the board may accept partial,
installment or other similar payments if the employee executes
a contract with the board specifying the amount of military
service to be purchased and the payments required: Provided,
however, That any failure to pay the contract amount in
accordance with this section shall be treated as an overpayment
or excess contribution subject to section forty-four of this article
and no military service shall be credited.
(11) The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(12) Military service credit purchased pursuant to this subsection may not be considered contributing service credit or contributory service for purposes of this article.

(13) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on such amount.

(c) No period of military service may be used to obtain credit in more than one retirement system administered by the board and once used in any system, a period of military service may not be used again in any other system.

(d) Notwithstanding the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code and the federal Uniformed Services Employment and Reemployment Rights Act (USERRA), and regulations promulgated thereunder, as the same may be amended from time to time. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code.

(e) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the board has final power to determine the period. Notwithstanding the provisions of section three-a of this article, the provisions of this section are not subject to liberal construction. The board is
authorized to determine all questions and make all decisions
relating to this section and, pursuant to the authority granted to
the board in section one, article ten-d of this chapter, may
propose rules to administer this section for legislative approval
in accordance with the provisions of article three, chapter
twenty-nine-a of this code.

§5-10-15a. Retirement credited service through member’s use, as option, of accrued annual or sick leave days.

(a) Any member accruing annual leave or sick leave days may, after June 27, 1988, elect to use the days at the time of retirement to acquire additional credited service in this retirement system. Except as provided in subsection (b) of this section, the accrued days shall be applied on the basis of two workdays credit granted for each one day of such accrued annual or sick leave days, with each month of retirement service credit to equal twenty workdays and with any remainder of ten workdays or more to constitute a full month of additional credit and any remainder of less than ten workdays to be dropped and not used, notwithstanding any provisions of the code to the contrary, including section twelve, article sixteen of this chapter. Such credited service shall be allowed and not deemed to controvert the requirement of no more than twelve months credited service in any year’s period.

(b) For those persons who first become members of the retirement system on or after July 1, 2015, accrued annual or sick days may not be applied to acquire additional credited service.

§5-10-20. Voluntary retirement.

(a) Except as provided in subsection (b) of this section, any member who has attained or attains age sixty years and has five or more years of credited service in force, at least one year of
which he or she was a contributing member of the retirement
system, may retire upon his or her written application filed with
the board of trustees setting forth at what time, not less than
thirty days nor more than ninety days subsequent to the
execution and filing thereof the member desires to be retired:
Provided, That on and after June 1, 1986, any person who
becomes a new member of this retirement system shall, in
qualifying for retirement hereunder, have five or more years of
service, all of which years shall be actual, contributory ones.
Upon retirement, the member shall receive an annuity provided
for in section twenty-two of this article.

(b) Any person who first becomes a member of the
retirement system on or after July 1, 2015, may retire upon
written application as provided in subsection (a) of this section
upon attaining the age of sixty-two with ten or more years of
service, all of which must be actual, contributing years.

§5-10-21. Deferred retirement and early retirement.

(a) Except as provided in section twenty-one-a of this article,
any member who first becomes a member of the retirement
system before July 1, 2015, and who has five or more years of
credited service in force, of which at least three years are
contributing service, and who leaves the employ of a
participating public employer prior to his or her attaining age
sixty years for any reason except his or her disability retirement
or death, is entitled to an annuity computed according to section
twenty-two of this article, as that section was in force as of the
date of his or her separation from the employ of a participating
public employer: Provided, That he or she does not withdraw his
or her accumulated contributions from the members’ deposit
fund: Provided, however, That on and after July 1, 2002, any
person who becomes a new member of this retirement system
shall, in qualifying for retirement under this section, have five or
more years of service, all of which years shall be actual,
contributory ones. His or her annuity shall begin the first day of
the calendar month next following the month in which his or her
application for same is filed with the board of trustees on or after
his or her attaining age sixty-two years.

(b) Any member who qualifies for deferred retirement
benefits in accordance with subsection (a) of this section and has
ten or more years of credited service in force and who has
attained age fifty-five as of the date of his or her separation,
may, prior to the effective date of his or her retirement, but not
thereafter, elect to receive the actuarial equivalent of his or her
defered retirement annuity as a reduced annuity commencing on
the first day of any calendar month between his or her date of
separation and his or her attainment of age sixty-two years and
payable throughout his or her life.

(c) Any member who qualifies for deferred retirement
benefits in accordance with subsection (a) of this section and has
twenty or more years of credited service in force may elect to
receive the actuarial equivalent of his or her deferred retirement
annuity as a reduced annuity commencing on the first day of any
calendar month between his or her fifty-fifth birthday and his or
her attainment of age sixty-two years and payable throughout his
or her life.

(d) Notwithstanding any of the other provisions of this
section or of this article, except sections twenty-seven-a and
twenty-seven-b of this article, and pursuant to rules promulgated
by the board, and except for a person who first becomes a
member of the retirement system on or after July 1, 2015, any
member who has thirty or more years of credited service in
force, at least three of which are contributing service, and who
elects to take early retirement, which for the purposes of this
subsection means retirement prior to age sixty, whether an active
employee or a separated employee at the time of application, is
entitled to the full computation of annuity according to section
twenty-two of this article, as that section was in force as of the
date of retirement application, but with the reduced actuarial
equivalent of the annuity the member would have received if his
or her benefit had commenced at age sixty when he or she would
have been entitled to full computation of benefit without any
reduction.

(e) Notwithstanding any of the other provisions of this
section or of this article, except sections twenty-seven-a and
twenty-seven-b of this article, and except for a person who first
becomes a member of the retirement system on or after July 1,
2015, any member of the retirement system may retire with full
pension rights, without reduction of benefits, if he or she is at
least fifty-five years of age and the sum of his or her age plus
years of contributing service and limited credited service, as
defined in section two of this article, equals or exceeds eighty:
Provided, That on and after July 1, 2011, any person who
becomes a new member of this retirement system shall, in
qualifying for retirement under this subsection, have five or
more years of service, all of which years shall be actual,
contributory ones. The member’s annuity shall begin the first
day of the calendar month immediately following the calendar
month in which his or her application for the annuity is filed
with the board.

§5-10-21a. Deferred retirement and early retirement for new
members as of July 1, 2015.

(a) Any person who first becomes a member of the
retirement system on or after July 1, 2015, who has ten or more
years of contributing service and who leaves the employ of a
participating public employer prior to attaining age sixty-two
years for any reason except his or her disability or death, is
entitled to an annuity computed according to section twenty-two
of this article, as that section was in force as of the date of his or
her separation from the employ of a participating public
employer: Provided, That he or she does not withdraw his or her accumulated contributions from the members’ deposit fund:

Provided, however, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty-four years.

(b) Any member who qualifies for deferred retirement benefits in accordance with subsection (a) of this section and has twenty or more years of contributing service in force is entitled to an annuity computed as in subsection (a) of this section: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty-three.

(c) Notwithstanding any of the other provisions of this section or of this article, except sections twenty-seven-a and twenty-seven-b of this article, and pursuant to rules promulgated by the board, any member who first becomes a member of the retirement system on or after July 1, 2015, has ten or more years of contributing service in force, is currently employed by a participating public employer and who elects to take early retirement, which for the purposes of this subsection means retirement following attainment of age sixty but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty.
(d) Any member who first becomes a member of the retirement system on or after July 1, 2015, and has twenty or more years of contributing service in force, is currently employed by a participating public employer and who elects to take early retirement, which for the purposes of this subsection means retirement following attainment of age fifty-seven but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age fifty-seven.

(e) Any member who first becomes a member of the retirement system on or after July 1, 2015, and has thirty or more years of contributing service in force, and who elects to take early retirement, which for the purposes of this subsection means retirement following attainment of age fifty-five but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age fifty-five.

§5-10-29. Members’ deposit fund; members’ contributions; forfeitures.

(a) The members’ deposit fund is hereby created. It shall be the fund in which shall be accumulated, at regular interest, the
contributions deducted from the compensation of members, and
from which refunds of accumulated contributions shall be paid
and transfers made as provided in this section.

(b) The contributions of a member to the retirement system
(including any member of the Legislature, except as otherwise
provided in subsection (g) of this section) shall be a sum of not
less than three and five-tenths percent of his or her annual
compensation but not more than four and five-tenths percent of
his or her annual compensation, as determined by the board of
trustees: Provided, That for persons who first become members
of the retirement system on or after July 1, 2015, the
contributions to the system shall be six percent of his or her
annual compensation beginning July 1, 2015. The said
contributions shall be made notwithstanding that the minimum
salary or wages provided by law for any member shall be
thereby changed. Each member shall be deemed to consent and
agree to the deductions made and provided for herein. Payment
of a member’s compensation less said deductions shall be a full
and complete discharge and acquittance of all claims and
demands whatsoever for services rendered by him or her to a
participating public employer, except as to benefits provided by
this article.

(c) The officer or officers responsible for making up the
payrolls for payroll units of the state government and for each of
the other participating public employers shall cause the
contributions, provided in subsection (b) of this section, to be
deducted from the compensations of each member in the employ
of the participating public employer, on each and every payroll,
for each and every payroll period, from the date the member
enters the retirement system to the date his or her membership
terminates. When deducted, each of said amounts shall be paid
by the participating public employer to the retirement system;
said payments to be made in such manner and form, and in such
frequency, and shall be accompanied by such supporting data, as
the board of trustees shall from time to time prescribe. When
paid to the retirement system, each of said amounts shall be
credited to the members’ deposit fund account of the member
from whose compensations said contributions were deducted.

(d) In addition to the contributions deducted from the
compensations of a member, as heretofore provided, a member
shall deposit in the members’ deposit fund, by a single
contribution or by an increased rate of contribution as approved
by the board of trustees, the amounts he or she may have
withdrawn therefrom and not repaid thereto, together with
regular interest from the date of withdrawal to the date of
repayment. In no case shall a member be given credit for service
rendered prior to the date he or she withdrew his or her
contributions or accumulated contributions, as the case may be,
until he or she returns to the members’ deposit fund all amounts
due the said fund by him or her.

(e) Upon the retirement of a member, or if a survivor annuity
becomes payable on account of his or her death, in either event
his or her accumulated contributions standing to his or her credit
in the members’ deposit fund shall be transferred to the
retirement reserve fund.

(f) In the event an employee’s membership in the retirement
system terminates and no annuity becomes or will become
payable on his or her account, any accumulated contributions
standing to his or her credit in the members’ deposit fund,
unclaimed by the said employee, or his or her legal
representative, within three years from and after the date his or
her membership terminated, shall be transferred to the income
fund.

retirement system and with respect to whom the term “final
average salary” includes a multiple of eight, pursuant to the
provisions of subdivision (13), section two of this article, shall contribute to the retirement system on the basis of his or her legislative compensation the sum of $540 each year he or she participates in the retirement system as a member of the Legislature.

(h) Notwithstanding any other provisions of this article, forfeitures under the system shall not be applied to increase the benefits any member would otherwise receive under the system.

ARTICLE 16. WEST VIRGINIA PUBLIC EMPLOYEES INSURANCE ACT.

§5-16-13. Payment of costs by employer and employee; spouse and dependent coverage; involuntary employee termination coverage; conversion of annual leave and sick leave authorized for health or retirement benefits; authorization for retiree participation; continuation of health insurance for surviving dependents of deceased employees; requirement of new health plan, limiting employer contribution.

(a) Cost-sharing. — The director shall provide under any contract or contracts entered into under the provisions of this article that the costs of any group hospital and surgical insurance, group major medical insurance, group prescription drug insurance, group life and accidental death insurance benefit plan or plans shall be paid by the employer and employee.

(b) Spouse and dependent coverage. — Each employee is entitled to have his or her spouse and dependents included in any group hospital and surgical insurance, group major medical insurance or group prescription drug insurance coverage to which the employee is entitled to participate: Provided, That the spouse and dependent coverage is limited to excess or secondary coverage for each spouse and dependent who has primary coverage from any other source. For purposes of this section, the term “primary coverage” means individual or group hospital and
surgical insurance coverage or individual or group major medical insurance coverage or group prescription drug coverage in which the spouse or dependent is the named insured or certificate holder. For the purposes of this section, “dependent” includes an eligible employee’s unmarried child or stepchild under the age of twenty-five if that child or stepchild meets the definition of a “qualifying child” or a “qualifying relative” in Section 152 of the Internal Revenue Code. The director may require proof regarding spouse and dependent primary coverage and shall adopt rules governing the nature, discontinuance and resumption of any employee’s coverage for his or her spouse and dependents.

(c) *Continuation after termination.* — If an employee participating in the plan is terminated from employment involuntarily or in reduction of work force, the employee’s insurance coverage provided under this article shall continue for a period of three months at no additional cost to the employee and the employer shall continue to contribute the employer’s share of plan premiums for the coverage. An employee discharged for misconduct shall not be eligible for extended benefits under this section. Coverage may be extended up to the maximum period of three months, while administrative remedies contesting the charge of misconduct are pursued. If the discharge for misconduct be upheld, the full cost of the extended coverage shall be reimbursed by the employee. If the employee is again employed or recalled to active employment within twelve months of his or her prior termination, he or she shall not be considered a new enrollee and may not be required to again contribute his or her share of the premium cost, if he or she had already fully contributed such share during the prior period of employment.

(d) *Conversion of accrued annual and sick leave for extended insurance coverage upon retirement for employees who elected to participate in the plan before July, 1988.* — Except as
otherwise provided in subsection (g) of this section, when an
employee participating in the plan, who elected to participate in
the plan before July 1, 1988, is compelled or required by law to
retire before reaching the age of sixty-five, or when a
participating employee voluntarily retires as provided by law,
that employee’s accrued annual leave and sick leave, if any, shall
be credited toward an extension of the insurance coverage
provided by this article, according to the following formulae:
The insurance coverage for a retired employee shall continue one
additional month for every two days of annual leave or sick
leave, or both, which the employee had accrued as of the
effective date of his or her retirement. For a retired employee,
his or her spouse and dependents, the insurance coverage shall
continue one additional month for every three days of annual
leave or sick leave, or both, which the employee had accrued as
of the effective date of his or her retirement.

(e) Conversion of accrued annual and sick leave for
extended insurance coverage upon retirement for employees who
elected to participate in the plan after June, 1988. — Notwithstanding subsection (d) of this section, and except as
otherwise provided in subsections (g) and (l) of this section,
when an employee participating in the plan who elected to
participate in the plan on and after July 1, 1988, is compelled or
required by law to retire before reaching the age of sixty-five, or
when the participating employee voluntarily retires as provided
by law, that employee’s annual leave or sick leave, if any, shall
be credited toward one half of the premium cost of the insurance
provided by this article, for periods and scope of coverage
determined according to the following formulae: (1) One
additional month of single retiree coverage for every two days of
annual leave or sick leave, or both, which the employee had
accrued as of the effective date of his or her retirement; or (2)
one additional month of coverage for a retiree, his or her spouse
and dependents for every three days of annual leave or sick
leave, or both, which the employee had accrued as of the
effective date of his or her retirement. The remaining premium
cost shall be borne by the retired employee if he or she elects the
coverage. For purposes of this subsection, an employee who has
been a participant under spouse or dependent coverage and who
reenters the plan within twelve months after termination of his
or her prior coverage shall be considered to have elected to
participate in the plan as of the date of commencement of the
prior coverage. For purposes of this subsection, an employee
shall not be considered a new employee after returning from
extended authorized leave on or after July 1, 1988.

(f) Increased retirement benefits for retired employees with
accrued annual and sick leave. — In the alternative to the
extension of insurance coverage through premium payment
provided in subsections (d) and (e) of this section, the accrued
annual leave and sick leave of an employee participating in the
plan may be applied, on the basis of two days’ retirement service
credit for each one day of accrued annual and sick leave, toward
an increase in the employee’s retirement benefits with those days
constituting additional credited service in computation of the
benefits under any state retirement system: Provided, That for a
person who first becomes a member of the Teachers Retirement
System as provided in article seven-a, chapter eighteen of this
code on or after July 1, 2015, accrued annual and sick leave of
an employee participating in the plan may not be applied for
retirement service credit. However, the additional credited
service shall not be used in meeting initial eligibility for
retirement criteria, but only as additional service credited in
excess thereof.

(g) Conversion of accrued annual and sick leave for
extended insurance coverage upon retirement for certain higher
education employees. – Except as otherwise provided in
subsection (l) of this section, when an employee, who is a higher
education full-time faculty member employed on an annual
contract basis other than for twelve months, is compelled or
required by law to retire before reaching the age of sixty-five, or when such a participating employee voluntarily retires as provided by law, that employee’s insurance coverage, as provided by this article, shall be extended according to the following formulae: The insurance coverage for a retired higher education full-time faculty member, formerly employed on an annual contract basis other than for twelve months, shall continue beyond the effective date of his or her retirement one additional year for each three and one-third years of teaching service, as determined by uniform guidelines established by the University of West Virginia Board of Trustees and the board of directors of the state college system, for individual coverage, or one additional year for each five years of teaching service for family coverage.

(h) Any employee who retired prior to April 21, 1972, and who also otherwise meets the conditions of the “retired employee” definition in section two of this article, shall be eligible for insurance coverage under the same terms and provisions of this article. The retired employee’s premium contribution for any such coverage shall be established by the finance board.

(i) Retiree participation. — All retirees under the provisions of this article, including those defined in section two of this article; those retiring prior to April 21, 1972; and those hereafter retiring are eligible to obtain health insurance coverage. The retired employee’s premium contribution for the coverage shall be established by the finance board.

(j) Surviving spouse and dependent participation. — A surviving spouse and dependents of a deceased employee, who was either an active or retired employee participating in the plan just prior to his or her death, are entitled to be included in any comprehensive group health insurance coverage provided under this article to which the deceased employee was entitled, and the
spouse and dependents shall bear the premium cost of the insurance coverage. The finance board shall establish the premium cost of the coverage.

(k) Elected officials. — In construing the provisions of this section or any other provisions of this code, the Legislature declares that it is not now nor has it ever been the Legislature’s intent that elected public officials be provided any sick leave, annual leave or personal leave, and the enactment of this section is based upon the fact and assumption that no statutory or inherent authority exists extending sick leave, annual leave or personal leave to elected public officials and the very nature of those positions preclude the arising or accumulation of any leave, so as to be thereafter usable as premium paying credits for which the officials may claim extended insurance benefits.

(l) Participation of certain former employees. — An employee, eligible for coverage under the provisions of this article who has twenty years of service with any agency or entity participating in the public employees insurance program or who has been covered by the public employees insurance program for twenty years may, upon leaving employment with a participating agency or entity, continue to be covered by the program if the employee pays one hundred five percent of the cost of retiree coverage: Provided, That the employee shall elect to continue coverage under this subsection within two years of the date the employment with a participating agency or entity is terminated.

(m) Prohibition on conversion of accrued annual and sick leave for extended coverage upon retirement for new employees who elect to participate in the plan after June, 2001. — Any employee hired on or after July 1, 2001, who elects to participate in the plan may not apply accrued annual or sick leave toward the cost of premiums for extended insurance coverage upon his or her retirement. This prohibition does not apply to the conversion of accrued annual or sick leave for increased
2097 retirement benefits, as authorized by this section: Provided, That any person who has participated in the plan prior to July 1, 2001, is not a new employee for purposes of this subsection if he or she becomes reemployed with an employer participating in the plan within two years following his or her separation from employment and he or she elects to participate in the plan upon his or her reemployment.

(n) Prohibition on conversion of accrued years of teaching service for extended coverage upon retirement for new employees who elect to participate in the plan July, 2009. — Any employee hired on or after July 1, 2009, who elects to participate in the plan may not apply accrued years of teaching service toward the cost of premiums for extended insurance coverage upon his or her retirement.

CHAPTER 15. PUBLIC SAFETY.

ARTICLE 2A. WEST VIRGINIA STATE POLICE RETIREMENT SYSTEM.

§15-2A-21. Retirement credited service through member’s use, as option, of accrued annual or sick leave days.

Any member accruing annual leave or sick leave days may, after April 9, 2005, elect to use the days at the time of retirement to acquire additional credited service in this retirement system. The days shall be applied on the basis of two workdays’ credit granted for each one day of accrued annual or sick leave days, with each month of retirement service credit to equal twenty workdays and with any remainder of ten workdays or more to constitute a full month of additional credit and any remainder of less than ten workdays to be dropped and not used, notwithstanding any provisions of the code to the contrary: Provided, That for a person who first becomes a member of the retirement system on or after July 1, 2015, accrued annual and
sick leave days may not be applied to acquire additional credited service. The credited service shall be allowed and not considered to controvert the requirement of no more than twelve months’ credited service in any year’s period.

CHAPTER 18. EDUCATION.

ARTICLE 7A. STATE TEACHERS RETIREMENT SYSTEM.

§18-7A-17. Statement and computation of teachers’ service.

(a) Under rules adopted by the retirement board, each teacher and nonteaching member shall file a detailed statement of his or her length of service as a teacher or nonteacher for which he or she claims credit. The retirement board shall determine what part of a year is the equivalent of a year of service. In computing the service, however, it shall credit no period of more than a month’s duration during which a member was absent without pay, nor shall it credit for more than one year of service performed in any calendar year.

(b) For service as a teacher in the employment of the federal government, or a state or territory of the United States, or a governmental subdivision of that state or territory, the retirement board shall grant credit to the member: Provided, That the member shall pay to the system twelve percent of that member’s gross salary earned during the first full year of current employment whether a member of the Teachers Retirement System or the Teachers’ Defined Contribution Retirement System, times the number of years for which credit is granted, plus interest at a rate to be determined by the retirement board. The interest shall be deposited in the reserve fund and service credit granted at the time of retirement shall not exceed the lesser of ten years or fifty percent of the member’s total service as a teacher in West Virginia. Any purchase of out-of-state service, as provided in this article, shall not be used to establish
eligibility for a retirement allowance and the retirement board shall grant credit for the purchased service as additional service only: Provided, however, That a purchase of out-of-state service is prohibited if the service is used to obtain a retirement benefit from another retirement system: Provided further, That salaries paid to members for service prior to entrance into the retirement system shall not be used to compute the average final salary of the member under the retirement system.

(c) No members shall be considered absent from service while serving as a member or employee of the Legislature of the State of West Virginia during any duly constituted session of that body or while serving as an elected member of a county commission during any duly constituted session of that body.

(d) No member shall be considered absent from service as a teacher or nonteacher while serving as an officer with a statewide professional teaching association, or who has served in that capacity, and no retirant, who served in that capacity while a member, shall be considered to have been absent from service as a teacher by reason of that service: Provided, That the period of service credit granted for that service shall not exceed ten years: Provided, however, That a member or retirant who is serving or has served as an officer of a statewide professional teaching association shall make deposits to the Teachers Retirement System, for the time of any absence, in an amount double the amount which he or she would have contributed in his or her regular assignment for a like period of time.

(e) The Teachers Retirement System shall grant service credit to any former or present member of the West Virginia Public Employees Retirement System who has been a contributing member of the Teachers Retirement System for more than three years, for service previously credited by the Public Employees Retirement System upon his or her written request and: (1) Shall require the transfer of the member’s Public...
Employees Retirement System accumulated contributions to the Teachers Retirement System; or (2) shall require a repayment of the amount withdrawn from the Public Employees Retirement System, plus interest at a rate to be determined by the retirement board, compounded annually from the date of withdrawal to the date of payment, any time prior to the member’s effective retirement date: Provided, That there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Teachers Retirement System during the period of his or her membership in the Public Employees Retirement System, plus interest at a rate determined by the retirement board, compounded annually from the date the additional contribution would have been made had the member been under the Teachers Retirement System to the date of payment. All interest paid or transferred shall be deposited in the reserve fund.

(f) For service as a teacher in an elementary or secondary parochial school, located within this state and fully accredited by the West Virginia Department of Education, the retirement board shall grant credit to the member: Provided, That the member shall pay to the system twelve percent of that member’s gross salary earned during the first full year of current employment whether a member of the Teachers Retirement System or the Teachers’ Defined Contribution Retirement System, times the number of years for which credit is granted, plus interest at a rate to be determined by the retirement board. The interest shall be deposited in the reserve fund and service granted at the time of retirement shall not exceed the lesser of ten years or fifty percent of the member’s total service as a teacher in the West Virginia public school system. Any purchase of parochial school service, as provided in this section, may not be used to establish eligibility for a retirement allowance and retirement board shall grant credit for the purchase as additional service only: Provided, however, That a purchase of parochial school service
is prohibited if the service is used to obtain a retirement benefit from another retirement system.

(g) Active members who previously worked in Comprehensive Employment and Training Act (CETA) may receive service credit for time served in that capacity: Provided, that in order to receive service credit under the provisions of this subsection the following conditions must be met: (1) The member must have moved from temporary employment with the participating employer to permanent full-time employment with the participating employer within one hundred twenty days following the termination of the member’s CETA employment; (2) the retirement board must receive evidence that establishes to a reasonable degree of certainty as determined by the retirement board that the member previously worked in CETA; and (3) the member shall pay to the retirement board an amount equal to the employer and employee contribution plus interest at the amount set by the retirement board for the amount of service credit sought pursuant to this subsection: Provided, however, that the maximum service credit that may be obtained under the provisions of this subsection is two years: Provided further, that a member must apply and pay for the service credit allowed under this subsection and provide all necessary documentation by March 31, 2003: And provided further, that the retirement board shall exercise due diligence to notify affected employees of the provisions of this subsection.

(h) If a member is not eligible for prior service credit or pension as provided in this article, then his or her prior service shall not be considered a part of his or her total service.

(i) A member who withdrew from membership may regain his or her former membership rights as specified in section thirteen of this article only in case he or she has served two years since his or her last withdrawal.
(j) Subject to the provisions of subsections (a) through (k), inclusive, of this section, the retirement board shall verify as soon as practicable the statements of service submitted. The retirement board shall issue prior service certificates to all persons eligible for the certificates under the provisions of this article. The certificates shall state the length of the prior service credit, but in no case shall the prior service credit exceed forty years.

(k) Notwithstanding any provision of this article to the contrary, when a member is or has been elected to serve as a member of the Legislature, and the proper discharge of his or her duties of public office require that member to be absent from his or her teaching or administrative duties, the time served in discharge of his or her duties of the legislative office are credited as time served for purposes of computing service credit: Provided, That the retirement board may not require any additional contributions from that member in order for the retirement board to credit him or her with the contributing service credit earned while discharging official legislative duties: Provided, however, That nothing in this section may be construed to relieve the employer from making the employer contribution at the member’s regular salary rate or rate of pay from that employer on the contributing service credit earned while the member is discharging his or her official legislative duties. These employer payments shall commence as of June 1, 2000: Provided further, That any member to which the provisions of this subsection apply may elect to pay to the retirement board an amount equal to what his or her contribution would have been for those periods of time he or she was serving in the Legislature. The periods of time upon which the member paid his or her contribution shall then be included for purposes of determining his or her final average salary as well as for determining years of service: And provided further, That a member using the provisions of this subsection is not required to pay interest on any contributions he or she may decide to make.
(l) The Teachers Retirement System shall grant service credit to any former member of the State Police Death, Disability and Retirement System who has been a contributing member for more than three years for service previously credited by the State Police Death, Disability and Retirement System; and: (1) Shall require the transfer of the member’s contributions to the Teachers Retirement System; or (2) shall require a repayment of the amount withdrawn any time prior to the member’s retirement: Provided, That the member shall add to the amounts transferred or repaid under this paragraph an amount which is sufficient to equal the contributions he or she would have made had the member been under the Teachers Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement System plus interest at a rate to be determined by the retirement board compounded annually from the date of withdrawal to the date of payment. The interest paid shall be deposited in the reserve fund.

§18-7A-17a. Qualified military service.

(a) Except as provided in subsection (b) of this section, for the purpose of this article, the retirement board shall grant prior service credit to members of the retirement system who were honorably discharged from active duty service in any of the armed forces of the United States in any period of national emergency within which a federal Selective Service Act was in effect. For purposes of this section, “armed forces” includes Women’s Army Corps, women’s appointed volunteers for emergency service, Army Nurse Corps, SPARS, Women’s Reserve and other similar units officially part of the military service of the United States. The military service is considered equivalent to public school teaching, and the salary equivalent for each year of that service is the actual salary of the member as a teacher for his or her first year of teaching after discharge from military service. Prior service credit for military service shall not exceed ten years for any one member, nor shall it exceed
twenty-five percent of total service at the time of retirement. Notwithstanding the preceding provisions of this subsection, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code. The retirement board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the retirement board in section one, article ten-d, chapter five of this code, may promulgate rules relating to contributions, benefits and service credit to comply with Section 414(u) of the Internal Revenue Code. No military service credit may be used in more than one retirement system administered by the Consolidated Public Retirement Board.

(b) Subsection (a) of this section does not apply to any member who first becomes an employee of a participating public employer on or after July 1, 2015. This subsection applies to any member who first became an employee of a participating public employer on or after July 1, 2015, and also applies to any member who became an employee of a participating public employer before July 1, 2015, and is unable to meet the requirements of subsection (a) of this section.

(1) Any member may purchase up to sixty months of military service credit for time served in active military duty prior to first becoming an employee of a participating public employer if all of the following conditions are met:

(A) The member has completed a complete fiscal year of contributory service;

(B) The active military duty occurs prior to the date on which the member first becomes an employee of a participating public employer; and
(C) The employee pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system, or within forty-eight months of July 1, 2015, whichever is later: Provided, That any employee who ceases employment with a participating public employer before completing the required actuarial reserve purchase amount in full shall not be eligible to purchase the military service.

(2) Notwithstanding paragraph (A), subdivision (1) of this subsection, a member who first becomes an employee of a participating public employer on or after July 1, 2015, but who does not remain employed and contributing to the retirement system for at least a complete fiscal year after his or her initial employment, shall be considered to have met the requirement of said paragraph the first time he or she becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service. Such a member shall be considered to have met the requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member the first time he or she becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(3) A member who first becomes an employee of a participating public employer on or after July 1, 2015, may purchase military service credit for active military duty performed on or after the date he or she first becomes an
employee of a participating public employer only if all of the following conditions are met: Provided, That the maximum military service credit such member may purchase shall take into account any military service credit purchased for active military duty pursuant to subdivision (1) of this subsection in addition to any military service credit purchased pursuant to this subdivision:

(A) The member was an employee of a participating public employer, terminated employment and experienced a break in contributing service in the retirement system of one or more months, performed active military service while not an employee of the participating public employer and not contributing to the retirement system, then again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributory service;

(B) The member does not qualify for military service credit for such active military duty pursuant to subsection (d) of this section; and

(C) The member pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member after he or she again becomes an employee of a participating public employer immediately following the period of active military duty and break in service and completes at least a complete fiscal year of contributory service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system.

(4) Notwithstanding paragraph (A), subdivision (3) of this subsection, a member who otherwise meets the requirements of said paragraph, but who does not remain employed and contributing to the retirement system for at least a complete
fiscal year when he or she first becomes an employee of a participating public employer after the period of active military duty and break in service, shall be considered to have met the requirement of said paragraph the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service. Such a member shall be considered to have met the requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve purchase amount within forty-eight months after the date on which employer and employee contributions are first received by the retirement system for the member for the first time he or she again becomes an employee of a participating public employer and completes at least a complete fiscal year of contributing service, and while he or she continues to be in the employ of a participating public employer and contributing to the retirement system. 

(5) For purposes of this subsection, the following definitions shall apply:

(A) “Active military duty” means full-time active duty in the armed forces of the United States for a period of thirty or more consecutive calendar days. Active military duty does not include inactive duty of any kind.

(B) “Actuarial reserve purchase amount” means the purchase annuity rate multiplied by the purchase accrued benefit, calculated as of the calculation month, plus annual interest accruing at seven and one-half percent from the calculation month through the purchase month, compounded monthly.

(C) “Armed forces of the United States” means the Army, Navy, Air Force, Marine Corps, and Coast Guard, the reserve components thereof, and the National Guard of the United States or the National Guard of a state or territory when members of the
same are on full-time active duty pursuant to Title 10 or Title 32
of the United States Code.

(D) “Calculation month” means the month immediately
following the month in which the member completes a complete
fiscal year of contributory service with a participating public
employer required by subdivision (1), (2), (3) or (4) of this
subsection, as applicable.

(E) “Purchase accrued benefit” means two percent times the
purchase military service times the purchase average monthly
salary.

(F) “Purchase age” means the age of the employee in years
and completed months as of the first day of the calculation
month.

(G) “Purchase annuity rate” means the actuarial lump sum
annuity factor calculated as of the calculation month based on
the following actuarial assumptions: Interest rate of seven and
one-half percent; mortality of the 1971 group annuity mortality
table, fifty percent blended male and female rates, applied on a
unisex basis to all members; if purchase age is under age sixty-
two, a deferred annuity factor with payments commencing at age

(H) “Purchase average monthly salary” means the average
monthly salary of the member during the number of months of
the member’s contract during the fiscal year of contributory

subsection, as applicable. For any member who first became an
employee of a participating public employer before July 1, 2015,
the purchase average monthly salary means the average monthly
salary of the member during the number of months of the
member’s contract during his or her complete fiscal year of contributory service on or after July 1, 2015.

(I) “Purchase military service” means the amount of military service being purchased by the employee in months up to the sixty-month maximum, calculated in accordance with subdivision (7) of this subsection.

(J) “Purchase month” means the month in which the employee deposits the actuarial reserve lump sum purchase amount into the plan trust fund in full payment of the service credit being purchased or makes the final payment of the actuarial reserve purchase amount into the plan trust fund in full payment of the service credit being purchased.

(6) A member may purchase military service credit for a period of active military duty pursuant to this subsection only if the member received an honorable discharge for the period. Anything other than an honorable discharge, including, but not limited to, a general or under honorable conditions discharge, an entry-level separation discharge, an other than honorable conditions discharge or a dishonorable discharge, shall disqualify the member from receiving military service credit for the period of service. The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(7) To calculate the amount of military service credit a member may purchase, the board shall add the total number of days in each period of a member’s active military duty eligible to be purchased, divide the total by thirty, and round up or down to the nearest integer (fractions of 0.5 shall be rounded up), in order to yield the total number of months of military service credit a member may purchase, subject to the sixty-month maximum. A member may purchase all or part of the maximum
amount of military service credit he or she is eligible for in one-month increments.

(8) To receive credit, a member must submit a request to purchase military service credit to the board, on such form or in such other manner as shall be required by the board, within the complete fiscal year period required by subdivision (1), (2), (3) or (4) of this subsection, as applicable. The board shall then calculate the actuarial reserve lump sum purchase amount, which amount must be paid by the member within the 48-month period required by said subdivisions, as applicable. A member purchasing military service credit pursuant to this subsection must do so in a single, lump sum payment: Provided, That the board may accept partial, installment or other similar payments if the employee executes a contract with the board specifying the amount of military service to be purchased and the payments required: Provided, however, That any failure to pay the contract amount in accordance with this section shall be treated as an overpayment or excess contribution subject to section forty-four of this article and no military service shall be credited.

(9) The board shall require a member requesting military service credit to provide official documentation establishing that the requirements set forth in this subsection have been met.

(10) Military service credit purchased pursuant to this subsection shall not be considered contributing service credit or contributory service for purposes of this article.

(11) If a member who has purchased military service credit pursuant to this subsection is eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid to the retirement system to purchase military service credit, together with regular interest on such amount.
(c) No period of military service shall be used to obtain credit in more than one retirement system administered by the board and once used in any system, a period of military service may not be used again in any other system.

(d) Notwithstanding the preceding provisions of this section, contributions, benefits and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code and the federal Uniformed Services Employment and Reemployment Rights Act (USERRA), and regulations promulgated thereunder, as the same may be amended from time to time. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code.

(e) In any case of doubt as to the period of service to be credited a member under the provisions of this section, the board has final power to determine the period. The board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the board in section one, article ten-d of this chapter, may propose rules to administer this section for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code.

(a) Benefits upon withdrawal from service prior to retirement under the provisions of this article shall be as follows:

(1) A contributor who withdraws from service for any cause other than death, disability or retirement shall, upon application, be paid his or her accumulated contributions up to the end of the fiscal year preceding the year in which application is made, after offset of any outstanding loan balance, plus accrued loan interest, pursuant to section thirty-four of this article, but in no
event shall interest be paid beyond the end of five years following the year in which the last contribution was made: Provided, That the contributor, at the time of application, is then no longer under contract, verbal or otherwise, to serve as a teacher; or

(2) Except as provided in section twenty-five-b of this article, if the inactive member has completed twenty years of total service, he or she may elect to receive at age sixty an annuity which shall be computed as provided in this article: Provided, That if the inactive member has completed at least five, but fewer than twenty, years of total service in this state, he or she may elect to receive at age sixty-two an annuity which shall be computed as provided in this article. The inactive member must notify the retirement board in writing concerning the election. If the inactive member has completed fewer than five years of service in this state, he or she shall be subject to the provisions as outlined in subdivision (1) of this subsection.

(b) Benefits upon the death of a contributor prior to retirement under the provisions of this article shall be paid as follows:

(1) If the contributor was at least fifty years old and if his or her total service as a teacher or nonteaching member was at least twenty-five years at the time of his or her death, then the surviving spouse of the deceased, provided the spouse is designated as the sole primary refund beneficiary, is eligible for an annuity computed as though the deceased were actually a retirant at the time of death and had selected a survivorship option which pays the spouse the same monthly amount which would have been received by the deceased; or

(2) If the facts do not permit payment under subdivision (1) of this subsection, then the following sum shall be paid to the refund beneficiary of the contributor: (A) The contributor’s
accumulated contributions up to the plan year of his or her death
plus an amount equal to his or her member contributions:
Provided, That the latter sum shall emanate from the Employer’s
Accumulation Fund; and (B) the refund beneficiary of any
individual who became a member of the retirement system as a
result of the voluntary transfer contemplated in article seven-d
of this chapter shall also be paid the member contributions plus
the vested portion of employer contributions made on his or her
behalf to the Teachers’ Defined Contribution Retirement
System, plus any earnings thereon, as of June 30, 2008, as stated
by the retirement board.

§18-7A-25. Eligibility for retirement allowance.

(a) Except for a person who first becomes a member of the
retirement system on or after July 1, 2015, any actively
contributing member who has attained the age of sixty years or
any member who has thirty-five years of total service as a
teacher or nonteaching member in West Virginia, regardless of
age, is eligible for an annuity. No new entrant nor present
member is eligible for an annuity, however, if either has less
than five years of service to his or her credit: Provided, That on
and after July 1, 2013, any person who becomes a new member
of this retirement system shall, in qualifying for retirement under
this section, have five or more years of contributory service, all
of which shall be actual, contributory ones.

(b) Except for a person who first becomes a member of the
retirement system on or after July 1, 2015, any member who has
attained the age of fifty-five years and who has served thirty
years as a teacher or nonteaching member in West Virginia is
eligible for an annuity.

(c) Except for a person who first becomes a member of the
retirement system on or after July 1, 2015, any member who has
served at least thirty but less than thirty-five years as a teacher
or nonteaching member in West Virginia and is less than fifty-five years of age is eligible for an annuity, but the annuity shall be the reduced actuarial equivalent of the annuity the member would have received if the member were age fifty-five at the time the annuity was applied for.

(d) The request for any annuity shall be made by the member in writing to the retirement board, but in case of retirement for disability, the written request may be made by either the member or the employer.

(e) A member is eligible for annuity for disability if he or she satisfies the conditions in either subdivision (1) or (2) of this subsection and meets the conditions of subdivision (3) of this subsection as follows:

(1) His or her service as a teacher or nonteaching member in West Virginia must total at least ten years and service as a teacher or nonteaching member must have been terminated because of disability, which disability must have caused absence from service for at least six months before his or her application for disability annuity is approved.

(2) His or her service as a teacher or nonteaching member in West Virginia must total at least five years and service as a teacher or nonteaching member must have been terminated because of disability, which disability must have caused absence from service for at least six months before his or her application for disability annuity is approved and the disability is a direct and total result of an act of student violence directed toward the member.

(3) An examination by a physician or physicians selected by the retirement board must show that the member is at the time mentally or physically incapacitated for service as a teacher or nonteaching member, that for that service the disability is total
and likely to be permanent and that he or she should be retired in consequence of the disability.

(f) Continuance of the disability of the retirant shall be established by medical examination, as prescribed in subdivision (3), subsection (e) of this section, annually for five years after retirement, and thereafter at such times required by the retirement board. Effective July 1, 1998, a member who has retired because of a disability may select an option of payment under the provisions of section twenty-eight of this article:

Provided, That any option selected under the provisions of section twenty-eight of this article shall be in all respects the actuarial equivalent of the straight life annuity benefit the disability retirant receives or would receive if the options under said section were not available and that no beneficiary or beneficiaries of the disability retirant may receive a greater benefit, nor receive any benefit for a greater length of time, than the beneficiary or beneficiaries would have received had the disability retirant not made any election of the options available under said section. In determining the actuarial equivalence, the retirement board shall take into account the life expectancies of the member and the beneficiary: Provided, however, That the life expectancies may at the discretion of the retirement board be established by an underwriting medical director of a competent insurance company offering annuities. Payment of the disability annuity provided in this article shall cease immediately if the retirement board finds that the disability of the retirant no longer exists, or if the retirant refuses to submit to medical examination as required by this section.

§18-7A-25b. Withdrawal and eligibility for retirement allowance for a person who first becomes a member of the retirement system on or after July 1, 2015.

(a) A person who first becomes a member of the retirement system on or after July 1, 2015, who has ten or more years of
contributing service, and attains or has attained the age of sixty-two years, may retire upon his or her written application filed with the board of trustees setting forth the date on which the member desires to be retired. Upon retirement, the member shall receive an annuity provided in section twenty-six of this article.

(b) Any person who first becomes a member of the retirement system on or after July 1, 2015, who has ten or more years of contributing service and who leaves the employ of a participating public employer prior to attaining age sixty-two years for any reason except his or her disability or death, is entitled to an annuity computed according to section twenty-two of this article: Provided, That he or she does not withdraw his or her accumulated contributions from the members’ deposit fund. His or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty-four years.

(c) Any member who qualifies for deferred retirement benefits in accordance with subsections (a) and (b) of this section and has twenty or more years of contributing service in force is entitled to an annuity computed as in subsection (a) of this section: Provided, That he or she does not withdraw his or her accumulated contributions from the members’ deposit fund: Provided, however, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty-three.

(d) Notwithstanding any of the other provisions of this section or of this article, except sections twenty-eight-a and twenty-eight-b of this article, and pursuant to rules promulgated by the board, any member who first becomes a member of the retirement system on or after July 1, 2015, and has ten or more
of contributing service in force, is currently employed by a participating public employer and who elects to take early retirement, which for the purposes of this subsection means retirement following attainment of age sixty but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age sixty.

(e) Any member who first becomes a member of the retirement system on or after July 1, 2015, and has twenty or more years of contributing service in force, is currently employed by a participating public employer and who elects to take early retirement, which for the purposes of this subsection means retirement following attainment of age fifty-seven but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age fifty-seven.

(f) Any member who first becomes a member of the retirement system on or after July 1, 2015, and has thirty or more years of contributing service in force, is currently employed by a participating public employer and who elects to take early
retirement, which for the purposes of this subsection means retirement following attainment of age fifty-five but prior to attaining age sixty-two, is entitled to the full computation of annuity according to section twenty-two of this article but with the reduced actuarial equivalent of the annuity the member would have received if his or her benefit had commenced at age sixty-two when he or she would have been entitled to full computation of benefit without any reduction: Provided, That his or her annuity shall begin the first day of the calendar month next following the month in which his or her application for same is filed with the board of trustees on or after his or her attaining age fifty-five.

ARTICLE 7D. VOLUNTARY TRANSFER FROM TEACHERS’ DEFINED CONTRIBUTION RETIREMENT SYSTEM TO STATE TEACHERS RETIREMENT SYSTEM.

§18-7D-6. Service credit in State Teachers Retirement System following transfer; conversion of assets; adjustments.

(a) Any member who has affirmatively elected to transfer to the State Teachers Retirement System within the period provided in section seven of this article whose assets have been transferred from the Teachers’ Defined Contribution Retirement System to the State Teachers Retirement System pursuant to the provisions of this article and who has not made any withdrawals or cash-outs from his or her assets is, depending upon the percentage of actively contributing members affirmatively electing to transfer, entitled to service credit in the State Teachers Retirement System in accordance with the provisions of subsection (c) of this section.

(b) Any member who has made withdrawals or cash-outs will receive service credit based upon the amounts transferred. The board shall make the appropriate adjustment to the service credit the member will receive.
(c) More than seventy-five percent of actively contributing members of the Teachers’ Defined Contribution Retirement System affirmatively elected to transfer to the State Teachers Retirement System within the period provided in section seven of this article. Therefore, any member of the Teachers’ Defined Contribution Retirement System who decides to transfer to the State Teachers Retirement System calculates his or her service credit in the State Teachers Retirement System as follows:

(1) For any member affirmatively electing to transfer, the member’s State Teachers Retirement System credit shall be seventy-five percent of the member’s Teachers’ Defined Contribution Retirement System service credit, less any service previously withdrawn by the member or due to a qualified domestic relations order and not repaid;

(2) To receive full credit in the State Teachers Retirement System for service in the Teachers’ Defined Contribution Retirement System for which assets are transferred, members who affirmatively elected to transfer and who provided to the board a signed verification of cost for service credit purchase form by the effective date of the amendments to this section enacted in the 2009 regular legislative session shall pay into the State Teachers Retirement System a one and one-half percent contribution by no later than July 1, 2015, or no later than ninety days after the postmarked date on a final and definitive contribution calculation from the board, whichever is later. This contribution shall be calculated as one and one-half percent of the member’s estimated total earnings for which assets are transferred, plus interest of four percent per annum accumulated from the date of the member’s initial participation in the Teachers’ Defined Contribution Retirement System through June 30, 2009, and interest of seven and one-half percent per annum accumulated from July 1, 2009, through July 1, 2015: Provided, That any member who transferred and provided to the board a signed verification of cost for service credit purchase form by
June 30, 2009, but was unable to complete the purchase of the
one and one-half percent contribution, or any member who did
not request a verification of cost letter but attempted to purchase
the one and one-half percent contribution and was denied in
writing by the board on or before December 31, 2009, may
request the board on or before April 15, 2015, to recalculate the
contribution for 2015. To receive full credit, the member shall
pay into the State Teachers Retirement System the recalculated
purchase amount by July 1, 2015, or no later than sixty days after
the postmarked date on a contribution recalculation from the
board, whichever is later. The recalculated contribution shall
include the interest loss at the actuarial rate of seven and one-
half percent. The board’s executive director may correct clerical
errors.

Contribution Retirement System at any time during the 2008
fiscal year and commencing membership in the State Teachers
Retirement System on July 1, 2008, or August 1, 2008, as the
case may be:

the member’s salary and the member’s age nearest birthday on
June 30, 2008;

(ii) This calculation shall apply both an annual backward
salary scale from that date for prior years’ salaries and a forward
salary scale for the salary for the 2008 fiscal year.

(B) The calculations in paragraph (A) of this subdivision are
based upon the salary scale assumption applied in the West
Virginia Teachers Retirement System actuarial valuation as of
July 1, 2007, prepared for the Consolidated Public Retirement
Board. This salary scale shall be applied regardless of breaks in

CHAPTER 7. COUNTY COMMISSIONS AND OFFICERS.

ARTICLE 14D. DEPUTY SHERIFF RETIREMENT SYSTEM ACT.

§7-14D-5. Members.

(a) Any deputy sheriff first employed by a county in covered employment after the effective date of this article shall be a member of this retirement system and does not qualify for membership in any other retirement system administered by the board, so long as he or she remains employed in covered employment: Provided, That any deputy sheriff who has concurrent employment in an additional job or jobs which would require the deputy sheriff to be a member of the West Virginia Municipal Police Officers and Firefighters Retirement System or the West Virginia Emergency Medical Services Retirement System shall participate in only one retirement system administered by the board, and the retirement system applicable to the concurrent employment for which the employee has the earliest date of hire shall prevail. The membership of any person in the plan ceases: (1) Upon the withdrawal of accumulated contributions after the cessation of service; (2) upon retirement; (3) at death; or (4) upon the date, if any, when after the cessation of service, the outstanding balance of any loan obtained by the member pursuant to section twenty-three of the article, plus accrued interest, equals or exceeds the accumulated contributions of the member.

(b) Any deputy sheriff employed in covered employment on the effective date of this article shall within six months of that
effective date notify in writing both the county commission in the county in which he or she is employed and the board, of his or her desire to become a member of the plan: Provided, That this time period is extended to January 30, 1999, in accordance with the decision of the Supreme Court of Appeals in West Virginia Deputy Sheriffs’ Association, et al v. James L. Sims, et al, No. 25212: Provided, however, That any deputy sheriff employed in covered employment on the effective date of this article has an additional time period consisting of the ten-day period following the day after which the amended provisions of this section become law to notify in writing both the county commission in the county in which he or she is employed and the board of his or her desire to become a member of the plan. Any deputy sheriff who elects to become a member of the plan ceases to be a member or have any credit for covered employment in any other retirement system administered by the board and shall continue to be ineligible for membership in any other retirement system administered by the board so long as the deputy sheriff remains employed in covered employment in this plan: Provided further, That any deputy sheriff who elects during the time period from July 1, 1998 to January 30, 1999 or who so elects during the ten-day time period occurring immediately following the day after the day the amendments made during the 1999 legislative session become law, to transfer from the Public Employees Retirement System to the plan created in this article shall contribute to the plan created in this article at the rate set forth in section seven of this article retroactive to July 1, 1998. Any deputy sheriff who does not affirmatively elect to become a member of the plan continues to be eligible for any other retirement system as is from time to time offered to other county employees but is ineligible for this plan regardless of any subsequent termination of employment and rehire.

(c) Any deputy sheriff employed in covered employment on the effective date of this article who has timely elected to transfer into this plan as provided in subsection (b) of this
section shall be given credited service at the time of transfer for all credited service then standing to the deputy sheriff’s service credit in the Public Employees Retirement System regardless of whether the credited service (as that term is defined in section two, article ten, chapter five of this code) was earned as a deputy sheriff. All the credited service standing to the transferring deputy sheriff’s credit in the Public Employees Retirement Fund System at the time of transfer into this plan shall be transferred into the plan created by this article, and the transferring deputy sheriff shall be given the same credit for the purposes of this article for all service transferred from the Public Employees Retirement System as that transferring deputy sheriff would have received from the Public Employees Retirement System as if the transfer had not occurred. In connection with each transferring deputy sheriff receiving credit for prior employment as provided in this subsection, a transfer from the Public Employees Retirement System to this plan shall be made pursuant to the procedures described in section eight of this article: Provided,

That a member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to subsection (b) of this section may not, after having transferred into and become an active member of this plan, reinstate to his or her credit in this plan any service credit relating to periods of nondeputy sheriff service which were withdrawn from the Public Employees Retirement System prior to his or her elective transfer into this plan.

(d) Any deputy sheriff who was employed as a deputy sheriff prior to the effective date of this article, but was not employed as a deputy sheriff on the effective date of this article, shall become a member upon rehire as a deputy sheriff. For purposes of this subsection, the member’s years of service and credited service in the Public Employees Retirement System prior to the effective date of this article shall not be counted for any purposes under this plan unless: (1) The deputy sheriff has not received the return of his or her accumulated contributions in the Public
Employees Retirement System pursuant to section thirty, article ten, chapter five of this code; or (2) the accumulated contributions returned to the member from the Public Employees Retirement System have been repaid pursuant to section thirteen of this article. If the conditions of subdivision (1) or (2) of this subsection are met, all years of the deputy sheriff’s covered employment shall be counted as years of service for the purposes of this article.

(e) Once made, the election provided in this section is irrevocable. All deputy sheriffs first employed after the effective date and deputy sheriffs electing to become members as described in this section shall be members as a condition of employment and shall make the contributions required by section seven of this article.

(f) Notwithstanding any other provisions of this article, any individual who is a leased employee is not eligible to participate in the plan. For purposes of this plan, a “leased employee” means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.

Any West Virginia state trooper employed by the agency on or after the effective date of this article shall be a member of this retirement system and may not qualify for membership in any other retirement system administered by the board so long as he or she remains employed by the State Police: Provided, That any state trooper who has concurrent employment in an additional job or jobs which would require the state trooper to be a member of the West Virginia Deputy Sheriff Retirement System, the West Virginia Municipal Police Officers and Firefighters Retirement System or the West Virginia Emergency Medical Services Retirement System shall abide by the statutory provisions of said retirement system related to concurrent employment and participate in only one retirement system administered by the board.

CHAPTER 16. PUBLIC HEALTH.

ARTICLE 5V. EMERGENCY MEDICAL SERVICES RETIREMENT SYSTEM ACT.

§16-5V-6. Members.

(a) Any emergency medical services officer first employed by a county or political subdivision in covered employment after the effective date of this article shall be a member of this retirement plan as a condition of employment and upon membership does not qualify for membership in any other retirement system administered by the board, so long as he or she remains employed in covered employment: Provided, That any emergency medical services officer who has concurrent employment in an additional job or jobs which would require the emergency medical services officer to be a member of the West Virginia Deputy Sheriff Retirement System or the West Virginia Municipal Police Officers and Firefighters Retirement System
shall participate in only one retirement system administered by
the board, and the retirement system applicable to the concurrent
employment for which the employee has the earliest date of hire
shall prevail.

(b) Any emergency medical services officer employed in
covered employment by an employer which is currently a
participating public employer of the Public Employees
Retirement System shall notify in writing both the county
commission in the county or officials in the political subdivision
in which he or she is employed and the board of his or her desire
to become a member of the plan by December 31, 2007. Any
emergency medical services officer who elects to become a
member of the plan ceases to be a member or have any credit for
covered employment in any other retirement system
administered by the board and shall continue to be ineligible for
membership in any other retirement system administered by the
board so long as the emergency medical services officer remains
employed in covered employment by an employer which is
currently a participating public employer of this plan: Provided,
That any emergency medical services officer who does not
affirmatively elect to become a member of the plan continues to
be eligible for any other retirement system as is, from time to
time, offered to other county employees but is ineligible for this
plan regardless of any subsequent termination of employment
and rehire.

(c) Any emergency medical services officer who was
employed as an emergency medical services officer prior to the
effective date, but was not employed on the effective date of this
article, shall become a member upon rehire as an emergency
medical services officer. For purposes of this section, the
member’s years of service and credited service prior to the
effective date shall not be counted for any purposes under this
plan unless the emergency medical services officer has not
received the return of his or her accumulated contributions in the
Public Employees Retirement System pursuant to section thirty, article ten, chapter five of this code. The member may request in writing to have his or her accumulated contributions and employer contributions from covered employment in the Public Employees Retirement System transferred to the plan. If the conditions of this subsection are met, all years of the emergency medical services officer’s covered employment shall be counted as years of service for the purposes of this article.

(d) Any emergency medical services officer employed in covered employment on the effective date of this article who has timely elected to transfer into this plan as provided in subsection (b) of this section shall be given credited service at the time of transfer for all credited service then standing to the emergency medical services officer’s service credit in the Public Employees Retirement System regardless of whether the credited service (as that term is defined in section two, article ten, chapter five of this code) was earned as an emergency medical services officer. All credited service standing to the transferring emergency medical services officer’s credit in the Public Employees Retirement System at the time of transfer into this plan shall be transferred into the plan created by this article and the transferring emergency medical services officer shall be given the same credit for the purposes of this article for all service transferred from the Public Employees Retirement System as that transferring emergency medical services officer would have received from the Public Employees Retirement System as if the transfer had not occurred. In connection with each transferring emergency medical services officer receiving credit for prior employment as provided in this subsection, a transfer from the Public Employees Retirement System to this plan shall be made pursuant to the procedures described in this article: Provided, That any member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to subsection (b) of this section may not, after having transferred into and becoming an active member of this plan, reinstate to his
or her credit in this plan any service credit relating to periods in which the member was not in covered employment as an emergency medical services officer and which service was withdrawn from the Public Employees Retirement System prior to his or her elective transfer into this plan.

(e) Once made, the election made under this section is irrevocable. All emergency medical services officers employed by an employer which is a participating public employer of the Public Employees Retirement System after the effective date and emergency medical services officers electing to become members as described in this section shall be members as a condition of employment and shall make the contributions required by this article.

(f) Notwithstanding any other provisions of this article, any individual who is a leased employee is not eligible to participate in the plan. For purposes of this plan, a “leased employee” means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.

The membership of any person in the retirement system ceases: (1) Upon the withdrawal of accumulated contributions after the cessation of service; (2) upon effective retirement date; (3) at death; or (4) upon the date, if any, when after the cessation of service, the outstanding balance of any loan obtained by the member pursuant to section thirty-four of this article or section five, article seven-d of this chapter, plus accrued interest, equals or exceeds the member’s accumulated contributions.

(c) Any former member of the retirement system who has withdrawn accumulated contributions but subsequently reenters the retirement system may repay to the retirement fund the amount withdrawn, plus interest at a rate set by the board, compounded annually from the date of withdrawal to the date of repayment: Provided, That no repayment may be made until the former member has completed two years of contributory service after reentry; and the member shall be accorded all the rights to prior service and experience as were held at the time of
withdrawal of the accumulated contributions: Provided, however, That no withdrawn service may be reinstated that has been transferred to another retirement system from which the member is currently or will in the future draw benefits based on the same service. The interest paid shall be deposited in the reserve fund.

(d) No member is eligible for prior service credit unless he or she is eligible for prior service pension, as prescribed by section twenty-two of this article; however, a new entrant who becomes a present teacher as provided in this subdivision shall be considered eligible for prior service pension upon retirement.

(e) Any individual who is a leased employee is not eligible to participate in the system. For purposes of this system, a “leased employee” means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or other similar organization. ARTICLE 10. WEST VIRGINIA PUBLIC EMPLOYEES RETIREMENT ACT.

§5-10-44. Correction of errors; underpayments; overpayments.

(a) General rule: Upon learning of any errors, the board shall correct errors in the retirement system in a timely manner whether an individual, entity or board was at fault for the error with the intent of placing the affected individual, entity and retirement board in the position each would have been in had the error not occurred.

(b) Underpayments to the retirement system: Any error resulting in an underpayment to the retirement system may be corrected by the member or retirant remitting the required employee contribution or underpayment and the participating public employer remitting the required employer contribution or underpayment. Interest shall accumulate in accordance with the legislative rule 162 CSR 7 concerning retirement board refund, reinstatement, retroactive service, loan and correction of error interest factors and any accumulating interest owed on the employee and employer contributions or underpayments
resulting from an employer error shall be the responsibility of
the participating public employer. The participating public
employer may remit total payment and the employee reimburse
the participating public employer through payroll deduction over
a period equivalent to the time period during which the employer
error occurred. If the correction of an error involving an
underpayment to the retirement system will result in the
retirement system paying a retirant an additional amount, this
additional payment shall be made only after the board receives
full payment of all required employee and employer
ccontributions or underpayments, including interest.

(c) Overpayments to the retirement system by an employer:
When mistaken or excess employer contributions or other
employer overpayments have been made to the retirement
system, the board shall credit the employer with an amount equal
to the overpayment, to be offset against the employer’s future
liability for employer contributions to the system. If the
employer has no future liability for employer contributions to the
retirement system, the board shall refund the erroneous
contributions directly to the employer. Earnings or interest shall
not be returned, offset or credited to the employer under any of

making the mistaken or excess employee contribution of the
amounts, and may use any means authorized or permitted under
the provisions of section 401(a), et seq. of the Internal Revenue
Code and guidance issued thereunder applicable to governmental
plans. Alternatively, in its full and complete discretion, the board
may require the participating public employer employing the
individual to pay the individual the amounts as wages, with the
board crediting the participating public employer with a
corresponding amount to offset against its future contributions
to the plan. If the employer has no future liability for employer
contributions to the retirement system, the board shall refund
said amount directly to the employer: Provided, That the wages
paid to the individual shall not be considered compensation for
any purposes of this article. Earnings or interest shall not be
returned, offset or credited under any of the means used by the
board for returning employee overpayments.

(e) Overpayments from the retirement system: If any error
results in any member, retirant, beneficiary, entity or other
individual receiving from the system more than he would have
been entitled to receive had the error not occurred, the board
shall correct the error in a timely manner. If correction of the
error occurs after annuity payments to a retirant or beneficiary
have commenced, the board shall prospectively adjust the
payment of the benefit to the correct amount. In addition, the
member, retirant, beneficiary, entity or other person who
received the overpayment from the retirement system shall repay
the amount of any overpayment to the retirement system in any
manner permitted by the board. Interest shall not accumulate on
any corrective payment made to the retirement system pursuant
to this subsection.

(f) Underpayments from the retirement system: If any error
results in any member, retirant, beneficiary, entity or other
individual receiving from the retirement system less than he
would have been entitled to receive had the error not occurred,
the board shall correct the error in a timely manner. If correction
of the error occurs after annuity payments to a retirant or
beneficiary have commenced, the board shall prospectively
adjust the payment of the benefit to the correct amount. In
addition, the board shall pay the amount of such underpayment
to the member, retirant, beneficiary or other individual in a lump
sum. Interest shall not be paid on any corrective payment made
by the retirement system pursuant to this subsection.

employer, or both individual and employer currently or formerly
participating in the retirement system is not eligible to
participate, the board shall notify the individual and his or her
employer of the determination and terminate participation in the
retirement system. Any erroneous payments to the retirement
system shall be returned to the employer and individual in
accordance with the methods described in subsections (c) and (d)
of this section and any erroneous payments from the retirement
system to such individual shall be returned to the retirement
system in accordance with the methods described in subsection
(e) of this section. Any erroneous service credited to the

participating in the retirement system, the board shall as soon as
practicable notify the individual and his or her employer of the
determination and the individual and his or her employer shall
prospectively commence participation in the retirement system
as soon as practicable. Service credit for service prior to the date

AN ACT to amend and reenact §15-2A-9 and §15-2A-10 of the Code of West Virginia, 1931, as amended, all relating to duty-related and nonduty-related disability retirement in the West Virginia State Police Retirement System; and specifying that disability disbursements begin the first day of the month following approval by the Consolidated Public Retirement Board and the member’s termination of employment or as ordered by a court of competent jurisdiction.

Be it enacted by the Legislature of West Virginia:

That §15-2A-9 and §15-2A-10 of the Code of West Virginia, 1931, as amended, be amended and reenacted, all to read as follows:

ARTICLE 2A. WEST VIRGINIA STATE POLICE RETIREMENT SYSTEM.

(a) Any employee of the agency who has not yet entered retirement status on the basis of age and service and who
becomes partially disabled by injury, illness or disease resulting from any occupational risk or hazard inherent in or peculiar to the services required of employees of the agency or incurred pursuant to or while the employee was engaged in the performance of his or her duties as an employee of the agency shall, if, in the opinion of the board, he or she is, by reason of that cause, unable to perform adequately the duties required of him or her as an employee of the agency, but is able to engage in other gainful employment in a field other than law enforcement, be retired from active service by the board. The retirant thereafter is entitled to receive annually from the fund in equal monthly installments during his or her lifetime, or until the retirant attains the age of fifty-five or until the disability eligibility sooner terminates, one or the other of two amounts, whichever is greater:

(1) An amount equal to six tenths of the base salary received in the preceding twelve-month employment period: *Provided,* That if the member had not been employed with the agency for twelve months prior to the disability, the amount of monthly salary shall be annualized for the purpose of determining the benefit; or

(2) The sum of $6,000. The first day of the month following the date in which the retirant attains age fifty-five, the retirant shall receive the benefit provided in section six of this article as it would apply to his or her final average salary based on earnings from the agency through the day immediately preceding his or her disability. The recalculation of benefit upon a retirant attaining age fifty-five shall be considered to be a retirement under the provisions of section six of this article for purposes of determining the amount of annual annuity adjustment and for all other purposes of this article: *Provided,* That a retirant who is partially disabled under this article may not, while in receipt of benefits for partial disability, be employed as a law-enforcement officer: *Provided, however,* That a retirant on a partial disability
under this article may serve as an elected sheriff or appointed
chief of police in the state without a loss of disability retirement
benefits as long as the elected or appointed position is shown, to
the satisfaction of the board, to require the performance of
administrative duties and functions only, as opposed to the full
range of duties of a law-enforcement officer.

(b) Any member who has not yet entered retirement status
on the basis of age and service and who becomes physically or
mentally disabled by injury, illness or disease on a probable
permanent basis resulting from any occupational risk or hazard
inherent in or peculiar to the services required of employees of
the agency or incurred pursuant to or while the employee was or
is engaged in the performance of his or her duties as an
employee of the agency to the extent that the employee is
incapacitated ever to engage in any gainful employment, the
employee is entitled to receive annually, and there shall be paid
from the fund in equal monthly installments during his or her
lifetime or until the disability sooner terminates, an amount
equal to the base salary received by the employee in the
preceding full twelve-month employment period. Until a
member has worked twelve months, the amount of monthly base
salary shall be annualized for the purpose of determining the
benefit.

(c) Disability benefit payments made pursuant to subsection
(a) or (b) of this section will begin the first day of the month
following board approval and termination of employment or as
ordered by a court of competent jurisdiction.

(d) The superintendent of the agency may expend moneys
from funds appropriated for the agency in payment of medical,
surgical, laboratory, x-ray, hospital, ambulance and dental
expenses and fees and reasonable costs and expenses incurred in
the purchase of artificial limbs and other approved appliances
which may be reasonably necessary for any retirant who is
temporarily, permanently or totally disabled by injury, illness or
disease resulting from any occupational risk or hazard inherent
in or peculiar to the service required of employees of the agency
or incurred pursuant to or while the employee was or shall be
engaged in the performance of duties as an employee of the
agency. Whenever the superintendent determines that any
disabled retirant is ineligible to receive any of the benefits in this
section at public expense, the superintendent shall, at the request
of the disabled retirant, refer the matter to the board for hearing
and final decision. In no case will the compensation rendered to
health care providers for medical and hospital services exceed
the then current rate schedule approved by the West Virginia
Insurance Commission. Upon termination of employment and
receipt of properly executed forms from the agency and the
member, the board shall process the member’s disability
retirement benefit and commence annuity payments as soon as
administratively feasible.

§15-2A-10. Same — Due to other causes.

(a) If any employee while in active service of the agency
becomes partially or totally disabled on a probable permanent
basis to the extent that the employee cannot adequately perform
the duties required of an employee of the agency from any cause
other than those set forth in the preceding section and not due to
vicious habits, intemperance or willful misconduct on his or her
part, the employee shall be retired by the board. There shall be
paid annually to the retirant from the fund in equal monthly
installments, commencing on the date the retirant is retired and
continuing during the lifetime of the retirant or until the retirant
attains the age of fifty-five; while in status of retirement an
amount equal to one-half the base salary received by the retirant
in the preceding full twelve-month period: Provided, That if the
retirant had not been employed with the agency for twelve full
months prior to the disability, the amount of monthly base salary
shall be annualized for the purpose of determining the benefit.
(b) The first day of the month following the date in which the retirant attains age fifty-five, the retirant shall receive the benefit provided in section six of this article as it would apply to his or her final average salary based on earnings from the agency through the day immediately preceding his or her disability. The recalculation of benefit upon a retirant attaining age fifty-five shall be considered to be a retirement under the provisions of section six of this article for purposes of determining the amount of annual annuity adjustment and for all other purposes of this article.

(c) Disability benefit payments made pursuant to this section will begin the first day of the month following board approval and termination of employment or as ordered by a court of competent jurisdiction: Provided, That in no circumstance may the disability payments begin prior to termination of employment in order to avoid an in-service distribution.

commissioner shall determine, including secured and unsecured

The commissioner may enter into loan agreements,
subordination agreements and other agreements; accept notes
and other forms of obligation to evidence the indebtedness, and

may deem proper. The commissioner may propose rules for
legislative approval in accordance with the provisions of article
three, chapter twenty-nine-a of this code relating to the
implementation and exercise of the authority granted by this
article, including rules permitting the State of West Virginia to
comply with the provisions of Title 23, Chapter 6 of the United

(2) A service person who holds a bachelor’s degree;

(3) A service person who holds a master’s degree;

(4) A service person who holds a doctorate degree.

(e) An additional $11 per month is added to the minimum monthly pay of each service person for each of the following:

(1) A service person who holds a bachelor’s degree plus fifteen college hours;

(2) A service person who holds a master’s degree plus fifteen college hours;

(3) A service person who holds a master’s degree plus thirty college hours;

(4) A service person who holds a master’s degree plus forty-five college hours; and

(5) A service person who holds a master’s degree plus sixty college hours.
To meet the objective of salary equity among the counties, each service person is paid an equity supplement, as set forth in section five of this article, of $164 per month, subject to the provisions of that section. These payments: (i) Are in addition to any amounts prescribed in the applicable State Minimum Pay Scale Pay Grade, any specific additional amounts prescribed in this section and article and any county supplement in effect in a county pursuant to section five-b of this article; (ii) are paid in equal monthly installments; and (iii) are considered a part of the state minimum salaries for service personnel.

When any part of a school service person’s daily shift of work is performed between the hours of six o’clock p. m. and five o’clock a. m. the following day, the employee is paid no less than an additional $10 per month and one half of the pay is paid with local funds.

Any service person required to work on any legal school holiday is paid at a rate one and one-half times the person’s usual hourly rate.

Any full-time service personnel required to work in excess of their normal working day during any week which contains a school holiday for which they are paid is paid for the additional hours or fraction of the additional hours at a rate of one and one-half times their usual hourly rate and paid entirely from county board funds.

A service person may not have his or her daily work schedule changed during the school year without the employee’s written consent and the person’s required daily work hours may not be changed to prevent the payment of time and one-half wages or the employment of another employee.

The minimum hourly rate of pay for extra duty assignments as defined in section eight-b of this article is no less
than one seventh of the person’s daily total salary for each hour
the person is involved in performing the assignment and paid
entirely from local funds: Provided, That an alternative
minimum hourly rate of pay for performing extra duty
assignments within a particular category of employment may be
used if the alternate hourly rate of pay is approved both by the
county board and by the affirmative vote of a two-thirds majority
of the regular full-time persons within that classification
category of employment within that county: Provided, however,
That the vote is by secret ballot if requested by a service person
within that classification category within that county. The salary
for any fraction of an hour the employee is involved in
performing the assignment is prorated accordingly. When
performing extra duty assignments, persons who are regularly
employed on a one-half day salary basis shall receive the same
hourly extra duty assignment pay computed as though the person
were employed on a full-day salary basis.

(l) The minimum pay for any service personnel engaged in
the removal of asbestos material or related duties required for
asbestos removal is their regular total daily rate of pay and no
less than an additional $3 per hour or no less than $5 per hour for
service personnel supervising asbestos removal responsibilities
for each hour these employees are involved in asbestos-related
duties. Related duties required for asbestos removal include, but
are not limited to, travel, preparation of the work site, removal
of asbestos, decontamination of the work site, placing and
removal of equipment and removal of structures from the site. If
any member of an asbestos crew is engaged in asbestos-related
duties outside of the employee’s regular employment county, the
daily rate of pay is no less than the minimum amount as
established in the employee’s regular employment county for
asbestos removal and an additional $30 per each day the
employee is engaged in asbestos removal and related duties. The
additional pay for asbestos removal and related duties shall be
payable entirely from county funds. Before service personnel
may be used in the removal of asbestos material or related
duties, they shall have completed a federal Environmental
Protection Act-approved training program and be licensed. The
employer shall provide all necessary protective equipment and
maintain all records required by the Environmental Protection
Act.

(m) For the purpose of qualifying for additional pay as
provided in section eight, article five of this chapter, an aide is
considered to be exercising the authority of a supervisory aide
and control over pupils if the aide is required to supervise,
control, direct, monitor, escort or render service to a child or
children when not under the direct supervision of a certified
professional person within the classroom, library, hallway,
lunchroom, gymnasium, school building, school grounds or
wherever supervision is required. For purposes of this section,
“under the direct supervision of a certified professional person”
means that certified professional person is present, with and
accompanying the aide.

§18A-4-8b. Seniority rights for school service personnel.

(a) A county board shall make decisions affecting
promotions and the filling of any service personnel positions of
employment or jobs occurring throughout the school year that
are to be performed by service personnel as provided in section
eight of this article, on the basis of seniority, qualifications and
evaluation of past service.

(b) Qualifications means the applicant holds a classification
title in his or her category of employment as provided in this
section and is given first opportunity for promotion and filling
vacancies. Other employees then shall be considered and shall
qualify by meeting the definition of the job title that relates to
the promotion or vacancy, as defined in section eight of this
article. If requested by the employee, the county board shall
show valid cause why a service person with the most seniority is not promoted or employed in the position for which he or she applies. Qualified applicants shall be considered in the following order:

(1) Regularly employed service personnel who hold a classification title within the classification category of the vacancy;

(2) Service personnel who have held a classification title within the classification category of the vacancy whose employment has been discontinued in accordance with this section;

(3) Regularly employed service personnel who do not hold a classification title within the classification category of vacancy;

(4) Service personnel who have not held a classification title within the classification category of the vacancy and whose employment has been discontinued in accordance with this section;

(5) Substitute service personnel who hold a classification title within the classification category of the vacancy;

(6) Substitute service personnel who do not hold a classification title within the classification category of the vacancy; and

(7) New service personnel.

(c) The county board may not prohibit a service person from retaining or continuing his or her employment in any positions or jobs held prior to the effective date of this section and thereafter.
(d) A promotion means any change in employment that the service person considers to improve his or her working circumstance within the classification category of employment.

   (1) A promotion includes a transfer to another classification category or place of employment if the position is not filled by an employee who holds a title within that classification category of employment.

   (2) Each class title listed in section eight of this article is considered a separate classification category of employment for service personnel, except for those class titles having Roman numeral designations, which are considered a single classification of employment:

      (A) The cafeteria manager class title is included in the same classification category as cooks;

      (B) The executive secretary class title is included in the same classification category as secretaries;

      (C) Paraprofessional, autism mentor, early classroom assistant teacher and braille or sign support specialist class titles are included in the same classification category as aides; and

      (D) The mechanic assistant and chief mechanic class titles are included in the same classification category as mechanics.

   (3) The assignment of an aide to a particular position within a school is based on seniority within the aide classification category if the aide is qualified for the position.

   (4) Assignment of a custodian to work shifts in a school or work site is based on seniority within the custodian classification category.

   (e) For purposes of determining seniority under this section a service person’s seniority begins on the date that he or she enters into the assigned duties.
(f) Extra-duty assignments. —

(1) For the purpose of this section, “extra-duty assignment” means an irregular job that occurs periodically or occasionally such as, but not limited to, field trips, athletic events, proms, banquets and band festival trips.

(2) Notwithstanding any other provisions of this chapter to the contrary, decisions affecting service personnel with respect to extra-duty assignments are made in the following manner:

(A) A service person with the greatest length of service time in a particular category of employment is given priority in accepting extra duty assignments, followed by other fellow employees on a rotating basis according to the length of their service time until all employees have had an opportunity to perform similar assignments. The cycle then is repeated.

(B) An alternative procedure for making extra-duty assignments within a particular classification category of employment may be used if the alternative procedure is approved both by the county board and by an affirmative vote of two-thirds of the employees within that classification category of employment.

(g) County boards shall post and date notices of all job vacancies of existing or newly created positions in conspicuous places for all school service personnel to observe for at least five working days.

(1) Posting locations include any website maintained by or available for the use of the county board.

(2) Notice of a job vacancy shall include the job description, the period of employment, the work site, the starting and ending time of the daily shift, the amount of pay and any benefits and other information that is helpful to prospective applicants to
understand the particulars of the job. The notice of a job vacancy in the aide classification categories shall include the program or primary assignment of the position. Job postings for vacancies made pursuant to this section shall be written to ensure that the largest possible pool of qualified applicants may apply. Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant.

(3) After the five-day minimum posting period, all vacancies shall be filled within twenty working days from the posting date notice of any job vacancies of existing or newly created positions.

(4) The county board shall notify any person who has applied for a job posted pursuant to this section of the status of his or her application as soon as possible after the county board makes a hiring decision regarding the posted position.

(h) All decisions by county boards concerning reduction in work force of service personnel shall be made on the basis of seniority, as provided in this section.

(i) The seniority of a service person is determined on the basis of the length of time the employee has been employed by the county board within a particular job classification. For the purpose of establishing seniority for a preferred recall list as provided in this section, a service person who has been employed in one or more classifications retains the seniority accrued in each previous classification.

(j) If a county board is required to reduce the number of service personnel within a particular job classification, the following conditions apply:

(1) The employee with the least amount of seniority within that classification or grades of classification is properly released
and employed in a different grade of that classification if there
is a job vacancy;

(2) If there is no job vacancy for employment within that
classification or grades of classification, the service person is
employed in any other job classification which he or she
previously held with the county board if there is a vacancy and
retains any seniority accrued in the job classification or grade of
classification.

(k) After a reduction in force or transfer is approved, but
prior to August 1, a county board in its sole and exclusive
judgment may determine that the reason for any particular
reduction in force or transfer no longer exists.

(1) If the board makes this determination, it shall rescind the
reduction in force or transfer and notify the affected employee in
writing of the right to be restored to his or her former position of
employment.

(2) The affected employee shall notify the county board of
his or her intent to return to the former position of employment
within five days of being notified or lose the right to be restored
to the former position.

(3) The county board may not rescind the reduction in force
of an employee until all service personnel with more seniority in
the classification category on the preferred recall list have been
offered the opportunity for recall to regular employment as
provided in this section.

(4) If there are insufficient vacant positions to permit
reemployment of all more senior employees on the preferred
recall list within the classification category of the service person
who was subject to reduction in force, the position of the
released service person shall be posted and filled in accordance
with this section.
(l) If two or more service persons accumulate identical seniority, the priority is determined by a random selection system established by the employees and approved by the county board.

(m) All service personnel whose seniority with the county board is insufficient to allow their retention by the county board during a reduction in work force are placed upon a preferred recall list and shall be recalled to employment by the county board on the basis of seniority.

(n) A service person placed upon the preferred recall list shall be recalled to any position openings by the county board within the classification(s) where he or she had previously been employed, to any lateral position for which the service person is qualified or to a lateral area for which a service person has certification and/or licensure.

(o) A service person on the preferred recall list does not forfeit the right to recall by the county board if compelling reasons require him or her to refuse an offer of reemployment by the county board.

(p) The county board shall notify all service personnel on the preferred recall list of all position openings that exist from time to time. The notice shall be sent by certified mail to the last known address of the service person. Each service person shall notify the county board of any change of address.

(q) No position openings may be filled by the county board, whether temporary or permanent, until all service personnel on the preferred recall list have been properly notified of existing vacancies and have been given an opportunity to accept reemployment.

(r) A service person released from employment for lack of need as provided in sections six and eight-a, article two of this
chapter is accorded preferred recall status on July 1 of the succeeding school year if he or she has not been reemployed as a regular employee.

(s) A county board failing to comply with the provisions of this article may be compelled to do so by mandamus and is liable to any party prevailing against the board for court costs and the prevailing party’s reasonable attorney fee, as determined and established by the court.

(1) A service person denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactively to the date of the violation and shall be paid entirely from local funds.

(2) The county board is liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

CHAPTER 218

(Com. Sub. for H. B. 2139 - By Delegate(s) Perry, Pasdon, L. Phillips, Hamrick, Rowan, Ambler, Cooper, Espinosa, Pethtel, Romine and Longstreth)

[Passed March 12, 2015; in effect from passage.]
[Approved by the Governor on March 26, 2015.]

AN ACT to amend and reenact §18A-2-3 of the Code of West Virginia, 1931, as amended, relating to employment of retired teachers as substitutes in areas of critical need and shortage for substitutes; requiring days of retirement before instructional term employed as substitute; requiring electronic posting of vacancy;
requiring preemployment submission of information to, and verification of compliance by, state board prior to submission to retirement board; resetting expiration date of provisions; and making other technical improvements.

*Be it enacted by the Legislature of West Virginia:*

That §18A-2-3 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

**ARTICLE 2. SCHOOL PERSONNEL.**

§18A-2-3. Employment of substitute teachers; employment of retired teachers as substitutes in areas of critical need and shortage; and employment of prospective employable professional personnel.

1 (a) The county superintendent, subject to approval of the county board, may employ and assign substitute teachers to any of the following duties:

2 (1) Fill the temporary absence of any teacher or an unexpired school term made vacant by resignation, death, suspension or dismissal;

3 (2) Fill a teaching position of a regular teacher on leave of absence; and

4 (3) Perform the instructional services of any teacher who is authorized by law to be absent from class without loss of pay, providing the absence is approved by the board of education in accordance with the law.

5 The substitute shall be a duly certified teacher.

6 (b) Notwithstanding any other provision of this code to the contrary, a substitute teacher who has been assigned as a
classroom teacher in the same classroom continuously for more than one half of a grading period and whose assignment remains in effect two weeks prior to the end of the grading period, shall remain in the assignment until the grading period has ended, unless the principal of the school certifies that the regularly employed teacher has communicated with and assisted the substitute with the preparation of lesson plans and monitoring student progress or has been approved to return to work by his or her physician. For the purposes of this section, teacher and substitute teacher, in the singular or plural, mean professional educator as defined in section one, article one of this chapter.

(c) (1) The Legislature hereby finds and declares that due to a shortage of qualified substitute teachers, a compelling state interest exists in expanding the use of retired teachers to provide service as substitute teachers in areas of critical need and shortage. The Legislature further finds that diverse circumstances exist among the counties for the expanded use of retired teachers as substitutes. For the purposes of this subsection, “area of critical need and shortage for substitute teachers” means an area of certification and training in which the number of available substitute teachers in the county who hold certification and training in that area and who are not retired is insufficient to meet the projected need for substitute teachers.

(2) A person receiving retirement benefits under article seven-a, chapter eighteen of this code or who is entitled to retirement benefits during the fiscal year in which that person retired may accept employment as a critical needs substitute teacher for an unlimited number of days each fiscal year without affecting the monthly retirement benefit to which the retirant is otherwise entitled if the following conditions are satisfied:

(A) The county board adopts a policy recommended by the superintendent to address areas of critical need and shortage for substitute teachers;
(B) The policy sets forth the areas of critical need and shortage for substitute teachers in the county in accordance with the definition of area of critical need and shortage for substitute teachers set forth in subdivision (1) of this subsection;

(C) The policy provides for the employment of retired teachers as critical needs substitute teachers during the school year on an expanded basis in areas of critical need and shortage for substitute teachers as provided in this subsection;

(D) The policy provides that a retired teacher may be employed as a substitute teacher in an area of critical need and shortage for substitute teachers on an expanded basis as provided in this subsection only when no other teacher who holds certification and training in the area and who is not retired is available and accepts the substitute assignment;

(E) The policy is effective for one school year only and is subject to annual renewal by the county board;

(F) The state board approves the policy and the use of retired teachers as substitute teachers on an expanded basis in areas of critical need and shortage for substitute teachers as provided in this subsection; and

(G) Prior to employment of a retired teacher as a critical needs substitute teacher beyond the post-retirement employment limitations established by the Consolidated Public Retirement Board, the superintendent of the affected county submits to the state board in a form approved by the Consolidated Public Retirement Board and the state board, an affidavit signed by the superintendent stating the name of the county, the fact that the county has adopted a policy to employ retired teachers as substitutes to address areas of critical need and shortage, the name or names of the person or persons to be employed as a critical needs substitute pursuant to the policy, the critical need
and shortage area position filled by each person, the date that the person gave notice to the county board of the person’s intent to retire, and the effective date of the person’s retirement. Upon verification of compliance with this section and the eligibility of the critical needs substitute teacher for employment beyond the post-retirement limit, the state board shall submit the affidavit to the Consolidated Public Retirement Board.

(3) Any person who retires and begins work as a critical needs substitute teacher within the same employment term shall lose those retirement benefits attributed to the annuity reserve, effective from the first day of employment as a retiree substitute in that employment term and ending with the month following the date the retiree ceases to perform service as a substitute.

(4) Retired teachers employed to perform expanded substitute service pursuant to this subsection are considered day-to-day, temporary, part-time employees. The substitutes are not eligible for additional pension or other benefits paid to regularly employed employees and may not accrue seniority.

(5) A retired teacher is eligible to be employed as a critical needs substitute to fill a vacant position only if the retired teacher’s retirement became effective at least twenty days before the beginning of the employment term during which he or she is employed as a substitute;

(6) When a retired teacher is employed as a critical needs substitute to fill a vacant position, the county board shall continue to post the vacant position until it is filled with a regularly employed teacher who is fully certified or permitted for the position.

(7) When a retired teacher is employed as a critical needs substitute to fill a vacant position, the position vacancy shall be posted electronically and easily accessible to prospective employees as determined by the state board;
(8) Until this subsection is expired pursuant to subdivision (9) of this subsection, the state board, annually, shall report to the Joint Committee on Government and Finance prior to February 1 of each year. Additionally, a copy shall be provided to the Legislative Oversight Commission on Education Accountability. The report shall contain information indicating the effectiveness of the provisions of this subsection on reducing the critical need and shortage of substitute teachers including, but not limited to, the number of retired teachers, by critical need and shortage area position filled and by county, employed beyond the post-retirement employment limit established by the Consolidated Public Retirement Board, the date that each person gave notice to the county board of the person’s intent to retire, and the effective date of the person’s retirement.

(9) The provisions of this subsection shall expire on June 30, 2017.

(d) (1) Notwithstanding any other provision of this code to the contrary, each year a county superintendent may employ prospective employable professional personnel on a reserve list at the county level subject to the following conditions:

(A) The county board adopts a policy to address areas of critical need and shortage as identified by the state board. The policy shall include authorization to employ prospective employable professional personnel;

(B) The county board posts a notice of the areas of critical need and shortage in the county in a conspicuous place in each school for at least ten working days; and

(C) There are not any potentially qualified applicants available and willing to fill the position.

(2) Prospective employable professional personnel may only be employed from candidates at a job fair who have or will
graduate from college in the current school year or whose employment contract with a county board has or will be terminated due to a reduction in force in the current fiscal year.

(3) Prospective employable professional personnel employed are limited to three full-time prospective employable professional personnel per one hundred professional personnel employed in a county or twenty-five full-time prospective employable professional personnel in a county, whichever is less.

(4) Prospective employable professional personnel shall be granted benefits at a cost to the county board and as a condition of the employment contract as approved by the county board.

(5) Regular employment status for prospective employable professional personnel may be obtained only in accordance with the provisions of section seven-a, article four of this chapter.

(e) The state board annually shall review the status of employing personnel under the provisions of subsection (d) of this section and annually shall report to the Legislative Oversight Commission on Education Accountability on or before November 1 of each year. The report shall include, but not be limited to, the following:

(A) The counties that participated in the program;

(B) The number of personnel hired;

(C) The teaching fields in which personnel were hired;

(D) The venue from which personnel were employed;

(E) The place of residency of the individual hired; and

(F) The state board’s recommendations on the prospective employable professional personnel program.

(b) The bureau shall be comprised of nine members, as follows:

(d) Each bureau member shall serve a two-year term commencing July 1, 2015, except that three of the first five sheriffs beginning their term on July 1, 2015, shall serve a one-year term expiring July 1, 2016, at which time new selections for regular two-year terms shall be made for these three positions.

(e) Any vacancy on the bureau for a sheriff position shall be filled for the remainder of the unexpired term by selection of the West Virginia Sheriffs’ Association. CHAPTER 226

(S. B. 502 - By Senators Sypolt, Ferns, Gaunch, Kirkendoll, Leonhardt, Plymale, Prezioso and Stollings)

[Passed March 12, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2015.]

AN ACT to amend and reenact §22-3-11 of the Code of West Virginia, 1931, as amended, relating generally to surface mining and reclamation; bonding; special reclamation tax and funds; prohibited acts; bond liability; specifying retrospective eligibility of a mine operator to receive a tax credit for performing reclamation or remediation at a bond forfeiture site which
otherwise would have been reclaimed using funds from the Special Reclamation Fund or Special Reclamation Water Trust Fund; and specifying limitations.

Be it enacted by the Legislature of West Virginia:

That §22-3-11 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE 3. SURFACE COAL MINING AND RECLAMATION ACT.

§22-3-11. Bonds; amount and method of bonding; bonding requirements; special reclamation tax and funds; prohibited acts; period of bond liability.

(a) After a surface mining permit application has been approved pursuant to this article, but before a permit has been issued, each operator shall furnish a penal bond, on a form to be prescribed and furnished by the secretary, payable to the state of West Virginia and conditioned upon the operator faithfully performing all of the requirements of this article and of the permit. The penal amount of the bond shall be not less than $1,000 nor more than $5,000 for each acre or fraction of an acre: Provided, That the minimum amount of bond furnished for any type of reclamation bonding shall be $10,000. The bond shall cover: (1) The entire permit area; or (2) that increment of land within the permit area upon which the operator will initiate and conduct surface mining and reclamation operations within the initial term of the permit. If the operator chooses to use incremental bonding, as succeeding increments of surface mining and reclamation operations are to be initiated and conducted within the permit area, the operator shall file with the secretary an additional bond or bonds to cover the increments in accordance with this section: Provided, however, That once the operator has chosen to proceed with bonding either the entire
permit area or with incremental bonding, the operator shall continue bonding in that manner for the term of the permit.

(b) The period of liability for bond coverage begins with issuance of a permit and continues for the full term of the permit plus any additional period necessary to achieve compliance with the requirements in the reclamation plan of the permit.

(c) (1) The form of the bond shall be approved by the secretary and may include, at the option of the operator, surety bonding, collateral bonding (including cash and securities), establishment of an escrow account, self bonding or a combination of these methods. If collateral bonding is used, the operator may elect to deposit cash or collateral securities or certificates as follows: Bonds of the United States or its possessions of the Federal Land Bank or of the Homeowners’ Loan Corporation; full faith and credit general obligation bonds of the state of West Virginia or other states and of any county, district or municipality of the state of West Virginia or other states; or certificates of deposit in a bank in this state, which certificates shall be in favor of the department. The cash deposit or market value of the securities or certificates shall be equal to or greater than the penal sum of the bond. The secretary shall, upon receipt of any deposit of cash, securities or certificates, promptly place the same with the Treasurer of the state of West Virginia whose duty it is to receive and hold the deposit in the name of the state in trust for the purpose for which the deposit is made when the permit is issued. The operator making the deposit is entitled, from time to time, to receive from the State Treasurer, upon the written approval of the secretary, the whole or any portion of any cash, securities or certificates so deposited, upon depositing with him or her in lieu thereof cash or other securities or certificates of the classes specified in this subsection having value equal to or greater than the sum of the bond.

(2) The secretary may approve an alternative bonding system if it will: (A) Reasonably assure that sufficient funds will be
available to complete the reclamation, restoration and abatement provisions for all permit areas which may be in default at any time; and (B) provide a substantial economic incentive for the permittee to comply with all reclamation provisions.

(d) The secretary may accept the bond of the applicant itself without separate surety when the applicant demonstrates to the satisfaction of the secretary the existence of a suitable agent to receive service of process and a history of financial solvency and continuous operation sufficient for authorization to self insure.

(e) It is unlawful for the owner of surface or mineral rights to interfere with the present operator in the discharge of the operator’s obligations to the state for the reclamation of lands disturbed by the operator.

(f) All bond releases shall be accomplished in accordance with the provisions of section twenty-three of this article.

(g) (1) The Special Reclamation Fund previously created is continued. The Special Reclamation Water Trust Fund is created within the state treasury into and from which moneys shall be paid for the purpose of assuring a reliable source of capital to reclaim and restore water treatment systems on forfeited sites. The moneys accrued in both funds, any interest earned thereon and yield from investments by the State Treasurer or West Virginia Investment Management Board are reserved solely and exclusively for the purposes set forth in this section and section seventeen, article one of this chapter. The funds shall be administered by the secretary who is authorized to expend the moneys in both funds for the reclamation and rehabilitation of lands which were subjected to permitted surface mining operations and abandoned after August 3, 1977, where the amount of the bond posted and forfeited on the land is less than the actual cost of reclamation, and where the land is not eligible for abandoned mine land reclamation funds under article two of
this chapter. The secretary shall develop a long-range planning process for selection and prioritization of sites to be reclaimed so as to avoid inordinate short-term obligations of the assets in both funds of such magnitude that the solvency of either is jeopardized. The secretary may use both funds for the purpose of designing, constructing and maintaining water treatment systems when they are required for a complete reclamation of the affected lands described in this subsection. The secretary may also expend an amount not to exceed ten percent of the total annual assets in both funds to implement and administer the provisions of this article and, as they apply to the Surface Mine Board, articles one and four, chapter twenty-two-b of this code.

(2) (A) A tax credit shall be granted against the tax imposed by subsection (i) of this section to any mine operator who performs reclamation or remediation at a bond forfeiture site which otherwise would have been reclaimed using funds from the Special Reclamation Fund or Special Reclamation Water Trust Fund The credit authorized pursuant to this subdivision is retroactive and may be claimed for reclamation or remediation performed on or after January 1, 2012: Provided, That for reclamation or remediation performed prior to July 13, 2013, no tax credit may be granted unless a written application for the tax credit was submitted to the Tax Commissioner prior to September 1, 2014. The amount of credit shall be determined as provided in this section.

(B) The amount of a reclamation tax credit granted under this subsection shall be equal to the amount that the Tax Commissioner determines, based on the project costs, as shown in the records of the secretary, that would have been spent from the Special Reclamation Fund or Special Reclamation Water Trust Fund to accomplish the reclamation or remediation performed by the mine operator, including expenditures for water treatment.
(C) To claim the credit, the mine operator shall, from time
to time, file with the Tax Commissioner a written application
seeking the amount of the credit earned. Within thirty days of
receipt of the application, the Tax Commissioner shall issue a
certification of the amount of tax credit, if any, to be allocated to
the eligible taxpayer. Should the amount of the credit certified be
less than the amount applied for, the Tax Commissioner shall set
forth in writing the reason for the difference. Should no
certification be issued within the thirty-day period, the
application will be deemed certified. Any decision by the Tax
Commissioner is appealable pursuant to the provisions of the
West Virginia Tax Procedure and Administration Act set forth
in article ten, chapter eleven of the code. Applications for
certification of the proposed tax credit shall contain the
information and be in the detail and form as required by the Tax
Commissioner.

(h) The Tax Commissioner may promulgate rules for
legislative approval pursuant to the provisions of article three,
chapter twenty-nine-a of this code to carry out the purposes of
this subdivision two, subsection (g) of this section.

(i) (1) Rate, deposits and review.

(A) For tax periods commencing on and after July 1, 2009,
every person conducting coal surface mining shall remit a
special reclamation tax of fourteen and four-tenths cents per ton
of clean coal mined, the proceeds of which shall be allocated by
the secretary for deposit in the Special Reclamation Fund and the
Special Reclamation Water Trust Fund.

(B) For tax periods commencing on and after July 1, 2012,
the rate of tax specified in paragraph (A) of this subdivision is
discontinued and is replaced by the rate of tax specified in this
paragraph. For tax periods commencing on and after July 1,
2012, every person conducting coal surface mining shall remit
a special reclamation tax of twenty-seven and nine-tenths cents
per ton of clean coal mined, the proceeds of which shall be allocated by the secretary for deposit in the Special Reclamation Fund and the Special Reclamation Water Trust Fund. Of that amount, fifteen cents per ton of clean coal mined shall be deposited into the Special Reclamation Water Trust Fund.

(C) The tax shall be levied upon each ton of clean coal severed or clean coal obtained from refuse pile and slurry pond recovery or clean coal from other mining methods extracting a combination of coal and waste material as part of a fuel supply.

(D) Beginning with the tax period commencing on July 1, 2009, and every two years thereafter, the special reclamation tax shall be reviewed by the Legislature to determine whether the tax should be continued: Provided, That the tax may not be reduced until the Special Reclamation Fund and Special Reclamation Water Trust Fund have sufficient moneys to meet the reclamation responsibilities of the state established in this section.

(2) In managing the special reclamation program, the secretary shall: (A) Pursue cost-effective alternative water treatment strategies; and (B) conduct formal actuarial studies every two years and conduct informal reviews annually on the Special Reclamation Fund and Special Reclamation Water Trust Fund.

(3) Prior to December 31, 2008, the secretary shall:

(A) Determine the feasibility of creating an alternate program, on a voluntary basis, for financially sound operators by which those operators pay an increased tax into the Special Reclamation Fund in exchange for a maximum per-acre bond that is less than the maximum established in subsection (a) of this section;

(B) Determine the feasibility of creating an incremental bonding program by which operators can post a reclamation
bond for those areas actually disturbed within a permit area, but for less than all of the proposed disturbance and obtain incremental release of portions of that bond as reclamation advances so that the released bond can be applied to approved future disturbance; and

(C) Determine the feasibility for sites requiring water reclamation by creating a separate water reclamation security account or bond for the costs so that the existing reclamation bond in place may be released to the extent it exceeds the costs of water reclamation.

(4) If the secretary determines that the alternative program, the incremental bonding program or the water reclamation account or bonding programs reasonably assure that sufficient funds will be available to complete the reclamation of a forfeited site and that the Special Reclamation Fund will remain fiscally stable, the secretary is authorized to propose legislative rules in accordance with article three, chapter twenty-nine-a of this code to implement an alternate program, a water reclamation account or bonding program or other funding mechanisms or a combination thereof.

(j) This special reclamation tax shall be collected by the Tax Commissioner in the same manner, at the same time and upon the same tonnage as the minimum severance tax imposed by article twelve-b, chapter eleven of this code is collected: Provided, That under no circumstance shall the special reclamation tax be construed to be an increase in either the minimum severance tax imposed by said article or the severance tax imposed by article thirteen of said chapter.

(k) Every person liable for payment of the special reclamation tax shall pay the amount due without notice or demand for payment.

(l) The Tax Commissioner shall provide to the secretary a quarterly listing of all persons known to be delinquent in
payment of the special reclamation tax. The secretary may take
the delinquencies into account in making determinations on the
issuance, renewal or revision of any permit.

(m) The Tax Commissioner shall deposit the moneys
collected with the Treasurer of the state of West Virginia to the
credit of the Special Reclamation Fund and Special Reclamation
Water Trust Fund.

(n) At the beginning of each quarter, the secretary shall
advise the Tax Commissioner and the Governor of the assets,
excluding payments, expenditures and liabilities, in both funds.

(o) To the extent that this section modifies any powers,
duties, functions and responsibilities of the department that may
require approval of one or more federal agencies or officials in
order to avoid disruption of the federal-state relationship
involved in the implementation of the federal Surface Mining
Control and Reclamation Act, 30 U. S. C. §1270 by the state, the
modifications will become effective upon the approval of the
modifications by the appropriate federal agency or official.

Under this article, a tribunal of this state may serve as an initiating tribunal to forward proceedings to a tribunal of another
§48-16-204. Simultaneous proceedings.

(a) A tribunal of this state may exercise jurisdiction to establish a support order if the petition or comparable pleading is filed after a petition or comparable pleading is filed in another state or a foreign country only if:

(1) The petition or comparable pleading in this state is filed before the expiration of the time allowed in the other state or the foreign country for filing a responsive pleading challenging the exercise of jurisdiction by the other state or the foreign country:

(2) The contesting party timely challenges the exercise of jurisdiction in the other state or foreign country; and

(3) If relevant, this state is the home state of the child.

(b) A tribunal of this state may not exercise jurisdiction to establish a support order if the petition or comparable pleading is filed before a petition or comparable pleading is filed in another state or a foreign country if:

(1) The petition or comparable pleading in the other state or foreign country is filed before the expiration of the time allowed in this state for filing a responsive pleading challenging the exercise of jurisdiction by this state;

§48-16-205. Continuing, exclusive jurisdiction to modify child support order.

(a) A tribunal of this state that has issued a child support order consistent with the law of this state has and shall exercise continuing, exclusive jurisdiction to modify its child support order if the order is the controlling order and:

(1) At the time of the filing of a request for modification this state is the residence of the obligor, the individual obligee or the child for whose benefit the support order is issued; or

(2) Even if this state is not the residence of the obligor, the individual obligee or the child for whose benefit the support order is issued, the parties consent in a record or in open court that the tribunal of this state may continue to exercise jurisdiction to modify its order.

(b) A tribunal of this state that has issued a child support order consistent with the law of this state may not exercise continuing, exclusive jurisdiction to modify the order if:

(1) All of the parties who are individuals file consent in a record with the tribunal of this state that a tribunal of another state that has jurisdiction over at least one of the parties who is an individual or that is located in the state of residence of the child may modify the order and assume continuing, exclusive jurisdiction; or

(2) Its order is not the controlling order.

(c) If a tribunal of another state has issued a child support order pursuant to the Uniform Interstate Family Support Act or a law substantially similar to that article which modifies a child support order of a tribunal of this state, tribunals of this state shall recognize the continuing, exclusive jurisdiction of the tribunal of the other state.
(d) A tribunal of this state that lacks continuing, exclusive jurisdiction to modify a child support order may serve as an initiating tribunal to request a tribunal of another state to modify a support order issued in that state.

(e) A temporary support order issued ex parte or pending resolution of a jurisdictional conflict does not create continuing, exclusive jurisdiction in the issuing tribunal.

§48-16-206. Continuing jurisdiction to enforce child support order.

(a) A tribunal of this state that has issued a child support order consistent with the law of this state may serve as an initiating tribunal to request a tribunal of another state to enforce:

(1) The order if the order is the controlling order and has not been modified by a tribunal of another state that assumed jurisdiction pursuant to the Uniform Interstate Family Support Act; or

(2) A money judgment for arrears of support and interest on the order accrued before a determination that an order of a tribunal of another state is the controlling order.

(b) A tribunal of this state having continuing jurisdiction over a support order may act as a responding tribunal to enforce the order.

§48-16-207. Determination of controlling child support order.

(a) If a proceeding is brought under this article and only one tribunal has issued a child support order, the order of that tribunal controls and must be so recognized.

(b) If a proceeding is brought under this article, and two or more child support orders have been issued by tribunals of this
state, another state or a foreign country with regard to the same
obligor and same child, a tribunal of this state having personal
jurisdiction over both the obligor and individual obligee shall
apply the following rules and by order shall determine which
order controls and must be recognized.

(1) If only one of the tribunals would have continuing,
exclusive jurisdiction under this article, the order of that tribunal
controls and must be so recognized.

(2) If more than one of the tribunals would have continuing,
exclusive jurisdiction under this article:

(A) An order issued by a tribunal in the current home state
of the child controls; or

(B) If an order has not been issued in the current home state
of the child, the order most recently issued controls.

(3) If none of the tribunals would have continuing, exclusive
jurisdiction under this article, the tribunal of this state shall issue
a child support order which controls.

(c) If two or more child support orders have been issued for
the same obligor and same child, upon request of a party who is
an individual or that is a support enforcement agency, a tribunal
of this state having personal jurisdiction over both the obligor
and the obligee who is an individual shall determine which order
controls under subsection (b) of this section. The request may be
filed with a registration for enforcement or registration for
modification pursuant to part VI or [§48-16-601 et seq.] may be
filed as a separate proceeding.

(d) A request to determine which is the controlling order
must be accompanied by a copy of every child support order in
effect and the applicable record of payments. The requesting
party shall give notice of the request to each party whose rights
may be affected by the determination.
(e) The tribunal that issued the controlling order under subsection (a), (b) or (c) of this section has continuing jurisdiction to the extent provided in section 16-205 [§48-16-205] or 16-206 [§48-16-206].

(f) A tribunal of this state that determines by order which is the controlling order under subsection (b) (1) or (2) or (c) or that issues a new controlling order under subdivision (3) of subsection (b) shall state in that order:

(1) The basis upon which the tribunal made its determination;

(2) The amount of prospective support, if any; and

(3) The total amount of consolidated arrears and accrued interest, if any, under all of the orders after all payments made are credited as provided by section 209 [§48-16-209].

(g) Within thirty days after issuance of an order determining which is the controlling order, the party obtaining that order shall file a certified copy of it in each tribunal that issued or registered an earlier order of child support. A party or support enforcement agency obtaining the order that fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the controlling order.

(h) An order that has been determined to be the controlling order, or a judgment for consolidated arrears of support and interest, if any, made pursuant to this section must be recognized in proceedings under this article.

§48-16-208. Child support orders for two or more obligees.

In responding to registrations or petitions for enforcement of two or more child support orders in effect at the same time with
regard to the same obligor and different individual obligees, at
least one of which was issued by a tribunal of another state or a
foreign country, a tribunal of this state shall enforce those orders
in the same manner as if the orders had been issued by a tribunal
of this state.

§48-16-209. Credit for payments.

A tribunal of this state shall credit amounts collected for a
particular period pursuant to any child support order against the
amounts owed for the same period under any other child support
order for support of the same child issued by a tribunal of this
state, another state, or a foreign country.

§48-16-210. Application of article to nonresident subject to
personal jurisdiction.

A tribunal of this state exercising personal jurisdiction over
a nonresident in a proceeding under this article, under other law
of this state relating to a support order, or recognizing a foreign
support order may receive evidence from outside this state
pursuant to section 316 [§48-16-316], communication with a
tribunal outside this state pursuant to section 317 [§48-16-317],
and obtain discovery through a tribunal outside this state
pursuant to section 318 [§48-16-318]. In all other respects, parts
III through §§48-3-101 et seq. through §§ 48-6-101 et seq.] VI
do not apply and the tribunal shall apply the procedural and
substantive law of this state.

§48-16-211. Continuing, exclusive jurisdiction to modify spousal
support order.

(a) A tribunal of this state issuing a spousal support order
consistent with the law of this state has continuing, exclusive
jurisdiction to modify the spousal support order throughout the
existence of the support obligation.
5 (b) A tribunal of this state may not modify a spousal support
6 order issued by a tribunal of another state or a foreign country
7 having continuing, exclusive jurisdiction over that order under
8 the law of that state or foreign country.
9
10 (c) A tribunal of this state that has continuing, exclusive
jurisdiction over a spousal support order may serve as:
11
12 (1) An initiating tribunal to request a tribunal of another state
13 to enforce the spousal support order issued in this state; or
14
15 (2) A responding tribunal to enforce or modify its own
spousal support order.

2 applies to all proceedings under this article.

3 (b) An individual petitioner or a support enforcement agency
4 may initiate a proceeding authorized under this article by filing
5 a petition in an initiating tribunal for forwarding to a responding
6 tribunal or by filing a petition or a comparable pleading directly
7 in a tribunal of another state or a foreign country which has or
8 can obtain personal jurisdiction over the respondent.

§48-16-304. Duties of initiating tribunal.

1 (a) Upon the filing of a petition authorized by this article, an
2 initiating tribunal of this state shall forward the petition and its
3 accompanying documents:

4 (1) To the responding tribunal or appropriate support
5 enforcement agency in the responding state; or

6 (2) If the identity of the responding tribunal is unknown, to
7 the state information agency of the responding state with a
request that they be forwarded to the appropriate tribunal and
that receipt be acknowledged.

(b) If requested by the responding tribunal, a tribunal of this
state shall issue a certificate or other document and make
findings required by the law of the responding state. If the
responding tribunal is in a foreign country, upon request, the
tribunal of this state shall specify the amount of support sought,
convert that amount into the equivalent amount in the foreign
currency under applicable official or market exchange rate as
publicly reported and provide any other documents necessary to
satisfy the requirements of the responding foreign tribunal.

§48-16-305. Duties and powers of responding tribunal.

(a) When a responding tribunal of this state receives a
petition or comparable pleading from an initiating tribunal or
directly pursuant to subsection (b), section 16-301 [§48-16-301],
it shall cause the petition or pleading to be filed and notify the
petitioner where and when it was filed.

(b) A responding tribunal of this state, to the extent not

(1) Establish or enforce a support order, modify a child
support order, determine the controlling child support order, or
determine parentage of a child;

(10) Order the obligor to seek appropriate employment by specified methods;

(11) Award reasonable attorney’s fees and other fees and costs; and

(12) Grant any other available remedy.

(c) A responding tribunal of this state shall include in a support order issued under this article or, in the documents accompanying the order, the calculations on which the support order is based.

(d) A responding tribunal of this state may not condition the payment of a support order issued under this article upon compliance by a party with provisions for visitation.

(e) If a responding tribunal of this state issues an order under this article, the tribunal shall send a copy of the order to the petitioner and the respondent and to the initiating tribunal, if any.

(f) If requested to enforce a support order, arrears, or judgment or modify a support order stated in a foreign currency,
a responding tribunal of this state shall convert the amount stated
in the foreign currency to the equivalent amount in dollars under
the applicable official or market exchange rate as publicly
reported.

§48-16-307. Duties of support enforcement agency.

(a) A support enforcement agency of this state, upon request,
shall provide services to a petitioner in a proceeding under this
article.

(b) A support enforcement agency of this state that is
providing services to the petitioner shall:

(1) Take all steps necessary to enable an appropriate tribunal
of this state, another state or a foreign country to obtain
jurisdiction over the respondent;

(2) Request an appropriate tribunal to set a date, time and
place for a hearing;

(3) Make a reasonable effort to obtain all relevant
information, including information as to income and property of
the parties;

(4) Within two days, exclusive of Saturdays, Sundays and
legal holidays, after receipt of a notice in a record from an
initiating, responding or registering tribunal, send a copy of the
notice to the petitioner;

(5) Within two days, exclusive of Saturdays, Sundays and
legal holidays, after receipt of communication in a record from
the respondent or the respondent’s attorney, send a copy of the
communication to the petitioner; and

(6) Notify the petitioner if jurisdiction over the respondent
cannot be obtained.
(c) A support enforcement agency of this state that requests registration of a child support order in this state for enforcement or for modification shall make reasonable efforts:

(1) To ensure that the order to be registered is the controlling order; or

(2) If two or more child support orders exist and the identity of the controlling order has not been determined, to ensure that a request for such a determination is made in a tribunal having jurisdiction to do so.

(d) A support enforcement agency of this state that requests registration and enforcement of a support order, arrears or judgment stated in a foreign currency shall convert the amounts stated in the foreign currency into the equivalent amounts in dollars under the applicable official or market exchange rate as publicly reported.

(e) A support enforcement agency of this state shall request a tribunal of this state to issue a child support order and an income withholding order that redirect payment of current support, arrears, and interest if requested to do so by a support enforcement agency of another state pursuant to section 319 [§48-16-319].

(f) This article does not create or negate a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

§48-16-310. Duties of state information agency.

(a) The Bureau for Child Support Enforcement is the state information agency under this article.

(b) The state information agency shall:
4 (1) Compile and maintain a current list, including addresses, of the tribunals in this state which have jurisdiction under this article and any support enforcement agencies in this state and transmit a copy to the state information agency of every other state;

9 (2) Maintain a register of names and addresses of tribunals and support enforcement agencies received from other states.

11 (3) Forward to the appropriate tribunal in the county in this state in which the obligee who is an individual or the obligor resides, or in which the obligor’s property is believed to be located, all documents concerning a proceeding under this article received from another state or a foreign country; and

16 (4) Obtain information concerning the location of the obligor and the obligor’s property within this state not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor’s address from employers and examinations of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver’s licenses and social security.

§48-16-311. Pleadings and accompanying documents.

(a) In a proceeding under this article, a petitioner seeking to establish a support order, to determine parentage of a child or to register and modify a support order of a tribunal of another state or a foreign country must file a petition. Unless otherwise ordered under section 16-312 [§48-16-312], the petition or accompanying documents must provide, so far as known, the name, residential address and social security numbers of the obligor and the obligee or the parent and alleged parent and the
name, sex, residential address, social security number and date
of birth of each child for whose benefit support is sought or
whose parentage is to be determined. Unless filed at the time of
registration, the petition must be accompanied by a copy of any
support order known to have been issued by another tribunal.
The petition may include any other information that may assist
in locating or identifying the respondent.

(b) The petition must specify the relief sought. The petition
and accompanying documents must conform substantially with
the requirements imposed by the forms mandated by federal law
for use in cases filed by a support enforcement agency.

§48-16-313. Costs and fees.

(a) The petitioner may not be required to pay a filing fee or
other costs.

(b) If an obligee prevails, a responding tribunal of this state
may assess against an obligor filing fees, reasonable attorney’s
fee, other costs and necessary travel and other reasonable
expenses incurred by the obligee and the obligee’s witnesses.
The tribunal may not assess fees, costs or expenses against the
obligee or the support enforcement agency of either the initiating
or the responding state or foreign country, except as provided by
other law. Attorney’s fees may be taxed as costs and may be
ordered paid directly to the attorney, who may enforce the order
in the attorney’s own name. Payment of support owed to the
obligee has priority over fees, costs and expenses.

(c) The tribunal shall order the payment of costs and
reasonable attorney’s fees if it determines that a hearing was
requested primarily for delay. In a proceeding under part VI
[§§48-16-601 through 48-16-615], a hearing is presumed to have
been requested primarily for delay if a registered support order
is confirmed or enforced without change.
§48-16-314. Limited immunity of petitioner.

(a) Participation by a petitioner in a proceeding under this article before a responding tribunal, whether in person, by private attorney or through services provided by the support enforcement agency, does not confer personal jurisdiction over the petitioner in another proceeding.

(b) A petitioner is not amenable to service of civil process while physically present in this state to participate in a proceeding under this article.

(c) The immunity granted by this section does not extend to civil litigation based on acts unrelated to a proceeding under this article committed by a party while physically present in this state to participate in the proceeding.

§48-16-316. Special rules of evidence and procedure.

(a) The physical presence of a nonresident party who is an individual in a tribunal of this state is not required for the establishment, enforcement or modification of a support order or the rendition of a judgment determining parentage of a child.

(b) An affidavit, a document substantially complying with federally mandated forms or a document incorporated by reference in any of them, which would not be excluded under the hearsay rule if given in person, is admissible in evidence if given under penalty of perjury by a party or witness residing outside this state.

(c) A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it and is admissible to show whether payments were made.
(d) Copies of bills for testing for parentage of a child, and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least ten days before trial are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary and customary.

(e) Documentary evidence transmitted from outside this state to a tribunal of this state by telephone, telecopier or other electronic means that do not provide an original record may not be excluded from evidence on an objection based on the means of transmission.

(f) In a proceeding under this article, a tribunal of this state shall permit a party or witness residing outside this state to be deposed or to testify under penalty of perjury by telephone, audiovisual means or other electronic means at a designated tribunal or other location. A tribunal of this state shall cooperate with other tribunals in designating an appropriate location for the deposition or testimony. The Supreme Court of Appeals shall promulgate new rules or amend the rules of practice and procedure for family law to establish procedures pertaining to the exercise of cross examination in those instances involving the receipt of testimony by means other than direct or personal testimony.

(g) If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

(i) The defense of immunity based on the relationship of husband and wife or parent and child does not apply in a proceeding under this article.
(j) A voluntary acknowledgment of paternity, certified as a true copy, is admissible to establish parentage of the child.

§48-16-317. Communications between tribunals.

A tribunal of this state may communicate with a tribunal outside this state in a record, or by telephone, electronic mail or other means, to obtain information concerning the laws, the legal effect of a judgment, decree, or order of that tribunal and the status of a proceeding. A tribunal of this state may furnish similar information by similar means to a tribunal outside this state.

§48-16-318. Assistance with discovery.

A tribunal of this state may:

(1) Request a tribunal outside this state to assist in obtaining discovery; and

(2) Upon request, compel a person over which it has jurisdiction to respond to a discovery order issued by a tribunal outside this state.

§48-16-319. Receipt and disbursement of payments.

(a) A support enforcement agency or tribunal of this state shall disburse promptly any amounts received pursuant to a support order as directed by the order. The agency or tribunal shall furnish to a requesting party or tribunal of another state or a foreign country a certified statement by the custodian of the record of the amounts and dates of all payments received.

(b) If neither the obligor, nor the obligee who is an individual, nor the child resides in this state, upon request from the support enforcement agency of this state or another state, a tribunal of this state shall:
(1) Direct that the support payment be made to the support enforcement agency in the state in which the obligee is receiving services; and

(2) Issue and send to the obligor’s employer a conforming income withholding order or an administrative notice of change of payee, reflecting the redirected payments.

(c) The support enforcement agency of this state receiving redirected payments from another state pursuant to a law similar to subsection (b) of this section shall furnish to a requesting party or tribunal of the other state a certified statement by the custodian of the record of the amount and dates of all payments received.

PART IV. ESTABLISHMENT OF SUPPORT ORDER.

§48-16-401. Petition to establish support order.

(a) If a support order entitled to recognition under this article has not been issued, a responding tribunal of this state with personal jurisdiction over the parties may issue a support order if:

(1) The individual seeking the order resides outside this state; or

(2) The support enforcement agency seeking the order is located outside this state.

(b) The tribunal may issue a temporary child support order if the tribunal determines that such an order is appropriate and the individual ordered to pay is:

(1) A presumed father of the child;

(2) Petitioning to have his paternity adjudicated;
(3) Identified as the father of the child through genetic testing;

(4) An alleged father who has declined to submit to genetic testing;

(5) Shown by clear and convincing evidence to be the father of the child;

(6) An acknowledged father as provided by applicable state law;

(7) The mother of the child; or

(8) An individual who has been ordered to pay child support in a previous proceeding and the order has not been reversed or vacated.

(c) Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to section 16-305 [§48-16-305].

§48-16-402. Proceeding to determine parentage.

A tribunal of this state authorized to determine parentage of a child may serve as a responding tribunal in a proceeding to determine parentage of a child brought under this article or a law or procedure substantially similar to this article.

PART V. ENFORCEMENT OF SUPPORT ORDER WITHOUT REGISTRATION.

§48-16-501. Employer’s receipt of income withholding order of another state.

An income withholding order issued in another state may be sent by or on behalf of the obligee, or by the support
enforcement agency, to the person defined as the obligor’s
source of income under section 1-240 (§48-1-240) of this
chapter without first filing a petition or comparable pleading or
registering the order with a tribunal of this state.

§48-16-502. Employer’s compliance with income withholding
order of another state.

(a) Upon receipt of an income withholding order, the
obligor’s employer shall immediately provide a copy of the order
to the obligor.

(b) The employer shall treat an income withholding order
issued in another state which appears regular on its face as if it
had been issued by a tribunal of this state.

(c) Except as otherwise provided in subsection (d) of this
section and section 16-503 (§48-16-503), the employer shall
withhold and distribute the funds as directed in the withholding
order by complying with the terms of the order which specify:

(1) The duration and amount of periodic payments of current
child support, stated as a sum certain;

(2) The person designated to receive payments and the
address to which the payments are to be forwarded;

(3) Medical support, whether in the form of periodic cash
payment, stated as a sum certain, or ordering the obligor to
provide health insurance coverage for the child under a policy
available through the obligor’s employment;

(4) The amount of periodic payments of fees and costs for a
support enforcement agency, the issuing tribunal and the
obligee’s attorney, stated as sums certain; and

interest on arrearages, stated as sums certain.

§48-16-505. Penalties for noncompliance.

An employer that willfully fails to comply with an income withholding order issued in another state and received for enforcement is subject to the same penalties that may be imposed for noncompliance with an order issued by a tribunal of this state.

§48-16-506. Contest by obligor.

(a) An obligor may contest the validity or enforcement of an income withholding order issued in another state and received directly by an employer in this state by registering the order in a tribunal of this state and filing a contest to that order as provided in part VI [§48-16-601 et seq.], or otherwise contesting the order in the same manner as if the order had been issued by a tribunal of this state.
(b) The obligor shall give notice of the contest to:

(1) A support enforcement agency providing services to the obligee;

(2) Each employer that has directly received an income withholding order relating to the obligor; and

(3) The person designated to receive payments in the income withholding order, or if no person is designated, to the obligee.

§48-16-507. Administrative enforcement of orders.

(a) A party or support enforcement agency seeking to enforce a support order or an income withholding order, or both, issued in another state or a foreign support order may send the documents required for registering the order to a support enforcement agency of this state.

(b) Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of this state to enforce a support order or an income withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this article.

PART VI. REGISTRATION, ENFORCEMENT AND MODIFICATION OF SUPPORT ORDER.

§48-16-601. Registration of order for enforcement.

(1) A letter of transmittal to the tribunal requesting registration and enforcement;

(2) Two copies, including one certified copy, of the order to be registered, including any modification of the order;

(3) A sworn statement by the person requesting registration or a certified statement by the custodian of the records showing the amount of any arrearage;

asserted to be in effect in addition to the documents specified in
this section;

(2) Specify the order alleged to be the controlling order, if
any; and

(3) Specify the amount of consolidated arrears, if any.

(e) A request for a determination of which is the controlling
order may be filed separately or with a request for registration
and enforcement or for registration and modification. The person
requesting registration shall give notice of the request to each
party whose rights may be affected by the determination.

§48-16-603. Effect of registration for enforcement.

(a) A support order or income withholding order issued in
another state or a foreign support order is registered when the
order is filed in the registering tribunal of this state.

(b) A registered support order issued in another state or a
foreign country is enforceable in the same manner and is subject
to the same procedures as an order issued by a tribunal of this
state.

(c) Except as otherwise provided in this article, a tribunal of
this state shall recognize and enforce, but may not modify, a
registered support order if the issuing tribunal had jurisdiction.

§48-16-604. Choice of law.

(a) Except as otherwise provided in subsection (d) of this
section, the law of the issuing state or foreign country governs:
(1) The nature, extent, amount and duration of current payments under a registered support order;

(2) The computation and payment of arrearages and accrual of interest on the arrearages under the support order; and

(3) The existence and satisfaction of other obligations under the support order.

(b) In a proceeding for arrears under a registered support order, the statute of limitation of this state or of the issuing state or foreign country, whichever is longer, applies.

(c) A responding tribunal of this state shall apply the procedures and remedies of this state to enforce current support and collect arrears and interest due on a support order of another state or a foreign country registered in this state.

(d) After a tribunal of this state or another state determines which is the controlling order and issues an order consolidating arrears, if any, a tribunal of this state shall prospectively apply the law of the state or foreign country issuing the controlling order, including its law on interest on arrears, on current and future support and on consolidated arrears.

§48-16-605. Notice of registration of order.

(a) When a support order or income withholding order issued in another state or a foreign support order is registered, the clerk of the court shall notify the nonregistering party. The notice must be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

(b) A notice must inform the nonregistering party:

(1) That a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;
§48-16-606. Procedure to contest validity or enforcement of registered support order.

(a) A nonregistering party seeking to contest the validity or enforcement of a registered order in this state shall request a
3 hearing within the time required by section 605 [§48-16-605].
4 The nonregistering party may seek to vacate the registration, to
5 assert any defense to an allegation of noncompliance with the
6 registered order or to contest the remedies being sought or the
7 amount of any alleged arrearages pursuant to section 16-607
8 [§48-16-607].
9
10 (b) If the nonregistering party fails to contest the validity or
11 enforcement of the registered support order in a timely manner,
12 the order is confirmed by operation of law.
13
14 (c) If a nonregistering party requests a hearing to contest the
15 validity or enforcement of the registered order, the registering
16 tribunal shall schedule the matter for hearing and give notice to
17 the parties of the date, time and place of the hearing.

§48-16-607. Contest of registration or enforcement.

1 (a) A party contesting the validity or enforcement of a
2 registered support order or seeking to vacate the registration has
3 the burden of proving one or more of the following defenses:
4
5 (1) The issuing tribunal lacked personal jurisdiction over the
6 contesting party;
7
8 (2) The order was obtained by fraud;
9
10 (3) The order has been vacated, suspended or modified by a
11 later order;
12
13 (4) The issuing tribunal has stayed the order pending appeal;
14
15 (5) There is a defense under the law of this state to the
16 remedy sought;
17
18 (6) Full or partial payment has been made;
(7) The statute of limitation under section 16-604 [§48-16-604] precludes enforcement of some or all of the alleged arrearages; or

(8) The alleged controlling order is not the controlling order.

(b) If a party presents evidence establishing a full or partial defense under subsection (a) of this section, a tribunal may stay enforcement of a registered support order, continue the proceeding to permit production of additional relevant evidence and issue other appropriate orders. An uncontested portion of the registered support order may be enforced by all remedies available under the law of this state.

(c) If the contesting party does not establish a defense under subsection (a) of this section to the validity or enforcement of a registered support order, the registering tribunal shall issue an order confirming the order.

§48-16-608. Confirmed order.

Confirmation of a registered support order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration.

§48-16-609. Procedure to register child support order of another state for modification.

A party or support enforcement agency seeking to modify or to modify and enforce a child support order issued in another state shall register that order in this state in the same manner provided in sections 16-601 through 16-608 [§§48-16-601 through §48-16-608] if the order has not been registered. A petition for modification may be filed at the same time as a request for registration or later. The pleading must specify the grounds for modification.
§48-16-610. Effect of registration for modification.

1 A tribunal of this state may enforce a child support order of another state registered for purposes of modification in the same manner as if the order had been issued by a tribunal of this state, but the registered support order may be modified only if the requirements of section 16-611 [§48-16-611] or 16-613 [§48-16-613] have been met.

§48-16-611. Modification of child support order of another state.

1 (a) If section 613 [§48-16-613] does not apply, upon petition a tribunal of this state may modify a child support order issued in another state which is registered in this state if, after notice and hearing, the tribunal finds that:

5 (1) The following requirements are met:

6 (A) Neither the child, nor the obligee who is an individual nor the obligor resides in the issuing state;

8 (B) A petitioner who is a nonresident of this state seeks modification; and

10 (C) The respondent is subject to the personal jurisdiction of the tribunal of this state; or

12 (2) This state is the residence of the child or a party who is an individual is subject to the personal jurisdiction of the tribunal of this state and all of the parties who are individuals have filed consents in a record in the issuing tribunal for a tribunal of this state to modify the support order and assume continuing, exclusive jurisdiction.

18 (b) Modification of a registered child support order is subject to the same requirements, procedures and defenses that apply to the modification of an order issued by a tribunal of this state and the order may be enforced and satisfied in the same manner.
(c) A tribunal of this state may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls must be so recognized under section 16-207 [§48-16-207] establishes the aspects of the support order which are nonmodifiable.

(d) In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor’s fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of this state.

(e) On the issuance of an order by a tribunal of this state modifying a child support order issued in another state, the tribunal of this state becomes the tribunal having continuing, exclusive jurisdiction.

(f) Notwithstanding subsections (a) through (e) of this section and section 201 (b), a tribunal of this state retains jurisdiction to modify an order issued by a tribunal of this state if:

(1) One party resides in another state; and

(2) The other party resides outside the United States.

§48-16-613. Jurisdiction to modify child support order of another state when individual parties reside in this state.

(a) If all of the parties who are individuals reside in this state and the child does not reside in the issuing state, a tribunal of this state has jurisdiction to enforce and to modify the issuing state’s child support order in a proceeding to register that order.
(b) A tribunal of this state exercising jurisdiction under this section shall apply the provisions of parts I [§48-16-101 et seq.] and II [§48-16-201 et seq.], and the procedural and substantive law of this state to the proceeding for enforcement or modification. Parts III, IV, V, VII and VIII [§§48-16-301 et seq. through §§48-16-501 et seq. and §§48-16-701 et seq. and §§48-16-801 et seq.] do not apply.

§48-16-614. Notice to issuing tribunal of modification.

Within thirty days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order and in each tribunal in which the party knows the earlier order has been registered. A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the modified order of the new tribunal having continuing, exclusive jurisdiction.

§48-16-615. Jurisdiction to modify child support order of foreign country.

(a) Except as otherwise provided in section 711 [§48-16-711], if a foreign country lacks or refuses to exercise jurisdiction to modify its child support order pursuant to its laws, a tribunal of this state may assume jurisdiction to modify the child support order and bind all individuals subject to the personal jurisdiction of the tribunal whether the consent to modification of a child support order otherwise required of the individual pursuant to section 611 [§48-16-611] has been given or whether the individual seeking modification is a resident of this state or of the foreign country.

(b) An order issued by a tribunal of this state modifying a foreign child support order pursuant to this section is the controlling order.
§48-16-616. Procedure to register child support order of foreign country for modification.

A party or support enforcement agency seeking to modify, or to modify and enforce, a foreign child support order not under the convention may register that order in this state under sections 601 through 608 [§§48-16-601 through §48-16-608] if the order has not been registered. A petition for modification may be filed at the same time as a request for registration or at another time. The petition must specify the grounds for modification.

This article applies only to a support proceeding under the convention. In such a proceeding, if a provision of this article is inconsistent with parts I through VI [§§48-16-101 et seq. through §§48-16-601 et seq.], this part controls.

§48-16-703. Relationship of Bureau for Child Support Enforcement to United States central authority.

The Bureau for Child Support Enforcement of this state is recognized as the agency designated by the United States central authority to perform specific functions under the convention.

(a) In a support proceeding under this article, the Bureau for Child Support Enforcement of this state shall:

(1) Transmit and receive applications; and

(2) Initiate or facilitate the institution of a proceeding regarding an application in a tribunal of this state.

(b) The following support proceedings are available to an obligee or under the convention:

(1) Recognition or recognition and enforcement of a foreign support order;

**§48-16-705. Direct request.**

(a) A petitioner may file a direct request seeking establishment or modification of a support order or determination of parentage of a child. In the proceeding, the law of this state applies.

(b) A petitioner may file a direct request seeking recognition and enforcement of a support order or support agreement. In the proceeding, sections 706 through 713 [§§48-16-706 through §48-16-713] apply.

(c) In a direct request for recognition and enforcement of a convention support order or foreign support agreement:

(1) A security, bond, or deposit is not required to guarantee the payment of costs and expenses; and

(2) An obligee or obligor that in the issuing country has benefited from free legal assistance is entitled to benefit, at least to the same extent, from any free legal assistance provided for by the law of this state under the same circumstances.

(d) A petitioner filing a direct request is not entitled to assistance from the Bureau for Child Support Enforcement.
(e) This article does not prevent the application of laws of this state that provide simplified, more expeditious rules regarding a direct request for recognition and enforcement of a foreign support order or foreign support agreement.

§48-16-706. Registration of convention support order.

(a) Except as otherwise provided in this article, a party who is an individual or a support enforcement agency seeking recognition of a convention support order shall register the order in this state as provided in part VI.

(b) Notwithstanding sections 311 [§48-16-311] and 602(a) [§48-16-602(a)], a request for registration of a convention support order must be accompanied by:

(2) A record stating that the support order is enforceable in the issuing country;

(3) If the respondent did not appear and was not represented in the proceedings in the issuing country, a record attesting, as appropriate, either that the respondent had proper notice of the proceedings and an opportunity to be heard or that the respondent had proper notice of the support order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal;

(4) A record showing the amount of arrears, if any, and the date the amount was calculated;

(5) A record showing a requirement for automatic adjustment of the amount of support, if any, and the information necessary to make the appropriate calculations; and
(6) If necessary, a record showing the extent to which the applicant received free legal assistance in the issuing country;

(c) A request for registration of a convention support order may seek recognition and partial enforcement of the order.

(d) A tribunal of this state may vacate the registration of a convention support order without the filing of a contest under section 707 [§48-16-707] only if, acting on its own motion, the tribunal finds that recognition and enforcement of the order would be manifestly incompatible with public policy.

(e) The tribunal shall promptly notify the parties of the registration or the order vacating the registration of a convention support order.

§48-16-707. Contest of registered convention support order.

(a) Except as otherwise provided in this article, sections 605 through 608 [§§48-16-605 through §48-16-608] apply to a contest of a registered convention support order.

(b) A party contesting a registered convention support order shall file a contest not later than thirty days after notice of the registration, but if the contesting party does not reside in the United States, the contest must be filed not later than sixty days after notice of the registration.

(c) If the nonregistering party fails to contest the registered convention support order by the time specified in subsection (b) of this section, the order is enforceable.

(d) A contest of a registered convention support order may be based only on grounds set forth in section 708 [§48-16-708]. The contesting party bears the burden of proof.

(e) In a contest of a registered convention support order, a tribunal of this state:
§48-16-708. Recognition and enforcement of registered convention support order.

(a) Except as otherwise provided in subsection (b) of this section, a tribunal of this state shall recognize and enforce a registered convention support order.

(b) The following grounds are the only grounds on which a tribunal of this state may refuse recognition and enforcement of a registered convention support order:

(1) Recognition and enforcement of the order is manifestly incompatible with public policy, including the failure of the issuing tribunal to observe minimum standards of due process, which include notice and an opportunity to be heard;

(2) The issuing tribunal lacked personal jurisdiction consistent with section 201 [§48-16-201];

(3) The order is not enforceable in the issuing country;

(4) The order was obtained by fraud in connection with a matter of procedure;

(5) A record transmitted in accordance with section 706 [§48-16-706] lacks authenticity or integrity;
(6) A proceeding between the same parties and having the
same purpose is pending before a tribunal of this state and that
proceeding was the first to be filed;

(7) The order is incompatible with a more recent support
order involving the same parties and having the same purpose if
the more recent support order is entitled to recognition and
enforcement under this article in this state;

(8) Payment, to the extent alleged arrears have been paid in
whole or in part;

(9) In a case in which the respondent neither appeared nor
was represented in the proceeding in the issuing foreign country:

(A) If the law of that country provides for prior notice of
proceedings, the respondent did not have proper notice of the
proceedings and an opportunity to be heard; or

(B) If the law of that country does not provide for prior
notice of the proceedings, the respondent did not have proper
notice of the order and an opportunity to be heard in a challenge
or appeal on fact or law before a tribunal; or

(10) The order was made in violation of section 711 [§48-16-711].

(c) If a tribunal of this state does not recognize a convention
support order under subsection (b)(2) [§48-16-708 (b)(2)], (4)
[§48-16-708(b)(4)], or (9) [§48-16-708(b)(9);

(1) The tribunal may not dismiss the proceeding without
allowing a reasonable time for a party to request the
establishment of a new convention support order; and

(2) The Bureau for Child Support Enforcement shall take all
appropriate measures to request a child support order for the
§48-16-709. Partial enforcement.

If a tribunal of this state does not recognize and enforce a convention support order in its entirety, it shall enforce any severable part of the order. An application or direct request may seek recognition and partial enforcement of a convention support order.

§48-16-710. Foreign support agreement.

(a) Except as otherwise provided in subsections (c) and (d) of this section, a tribunal of this state shall recognize and enforce a foreign support agreement registered in this state.

(b) An application or direct request for recognition and enforcement of a foreign support agreement must be accompanied by:

(1) A complete text of the foreign support agreement; and

(2) A record stating that the foreign support agreement is enforceable as an order of support in the issuing country.

(c) A tribunal of this state may vacate the registration of a foreign support agreement only if, acting on its own motion, the tribunal finds that recognition and enforcement would be manifestly incompatible with public policy.

(d) In a contest of a foreign support agreement, a tribunal of this state may refuse recognition and enforcement of the agreement if it finds:

(1) Recognition and enforcement of the agreement is manifestly incompatible with public policy;
(2) The agreement was obtained by fraud or falsification;

(3) The agreement is incompatible with a support order involving the same parties and having the same purpose in this state, another state or a foreign country if the support order is entitled to recognition and enforcement under this article in this state; or

(4) The record submitted under subsection (b) of this section lacks authenticity or integrity.

(e) A proceeding for recognition and enforcement of a foreign support agreement must be suspended during the pendency of a challenge to or appeal of the agreement before a tribunal of another state or a foreign country.

§48-16-711. Modification of convention child support order.

(a) A tribunal of this state may not modify a convention child support order if the obligee remains a resident of the foreign country where the support order was issued unless:

(1) The obligee submits to the jurisdiction of a tribunal of this state, either expressly or by defending on the merits of the case without objecting to the jurisdiction at the first available opportunity; or

(2) The foreign tribunal lacks or refuses to exercise jurisdiction to modify its support order or issue a new support order.

(b) If a tribunal of this state does not modify a convention child support order because the order is not recognized in this state, section 708(c) [§48-16-708(c)] applies.

§48-16-712. Personal information: limit on use.

Personal information gathered or transmitted under this article may be used only for the purposes for which it was gathered or transmitted.
§48-16-713. Record original language: English translation.

A record filed with a tribunal of this state under this article must be in the original language, and, if not in English, must be accompanied by an English translation.

PART VIII. INTERSTATE RENDITION.

§48-16-801. Grounds for rendition.

(a) For purposes of this article, “Governor” includes an individual performing the functions of Governor or the executive authority of a state covered by this article.

(b) The Governor of this state may:

(1) Demand that the Governor of another state surrender an individual found in the other state who is charged criminally in this state with having failed to provide for the support of an obligee; or

(2) On the demand of the Governor of another state, surrender an individual found in this state who is charged criminally in the other state with having failed to provide for the support of an obligee.

(c) A provision for extradition of individuals not inconsistent with this article applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and has not fled therefrom.

§48-16-802. Conditions of rendition.

(a) Before making a demand that the Governor of another state surrender an individual charged criminally in this state with having failed to provide for the support of an obligee, the Governor of this state may require a prosecutor of this state to demonstrate that at least sixty days previously the obligee had
initiated proceeding for support pursuant to this article or that the proceeding would be of no avail.

(b) If, under this article or a law substantially similar to this article, the Governor of another state makes a demand that the Governor of this state surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the Governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the Governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

(c) If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the Governor may decline to honor the demand. If the petitioner prevails and the individual whose rendition is demanded is subject to a support order, the Governor may decline to honor the demand if the individual is complying with the support order.

PART IX. MISCELLANEOUS PROVISIONS.

§48-16-902. Transitional provision.

This article applies to proceedings begun on or after the effective date of the amendments to this article enacted during the 2015 regular session of the West Virginia Legislature, to establish a support order or determine parentage of a child or to register, recognize, enforce, or modify a prior support order, determination, or agreement, whenever issued or entered.

§48-16-903. Severability.

If any provision of this article or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this article which can
be given effect without the invalid provision or application and
to this end the provisions of this article are severable.

(B) Upon receipt of the complaint, the officer shall immediately investigate the circumstances of the complaint. If the officer is unable to personally investigate the complaint, he or she shall designate a wildlife biologist to investigate on his or her behalf.

(C) If the complaint is found to be justified, the officer or designated person may, together with the owner and other residents, proceed to hunt, destroy or capture the bear that caused the property damage: Provided, That only the natural resources police officer or the wildlife biologist may determine whether to destroy or capture the bear and whether to use dogs to capture or destroy the bear: Provided, however, That, if out-of-state dogs are used in the hunt, the owners of the dogs are the only nonresidents permitted to participate in hunting the bear.

In cases where the livestock killed is pregnant, the total value is the sum of the values of the mother and the unborn issue, with the value of the unborn issue to be determined on the basis of the fair market value of the issue had it been born.

(e) Criminal penalties. – (1) Any person who commits a violation of the provisions of this section is guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $1,000 nor more than $5,000, which is not subject to

CHAPTER 243

[Passed March 14, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 31, 2015.]

AN ACT to amend and reenact §23-4-2 of the Code of West Virginia, 1931, as amended, relating generally to a workplace employee injury caused by the deliberate intention of the employer required for the employer to lose immunity from a lawsuit; defining actual
knowledge; eliminating obsolete language referring to the West Virginia Workers Compensation Fund and board of managers; establishing standards related to blood tests administered after accident; providing that intoxication shown by a positive blood test for alcohol or drugs that meet certain thresholds is the proximate cause of any injury; clarifying provisions outlining who may assert claims on behalf of an employee under this section; requiring that a claim for worker’s compensation benefits be filed prior to bringing a cause of action under this section unless good cause is shown; providing that actual knowledge must be specifically proven by the employee or other person seeking to recover under this section and shall not be deemed or presumed; providing an employee may prove actual knowledge by evidence of an employer’s intentional or deliberate failure to conduct a legally required inspection, audit or assessment; establishing actual knowledge is not established by what an employee’s immediate supervisor or management personnel should have known had they exercised reasonable care or been more diligent; establishing that proof of actual knowledge of prior accidents, near misses, safety complaints or citations must be proven by documentary or other credible evidence; defining a commonly accepted and well-known safety standard within the industry or business of the employer; exempting certain codes or standards from applying to volunteer fire departments, municipal fire departments and emergency medical response personnel if those entities have followed rules promulgated by the Fire Commission; requiring that if the unsafe working condition relates to a violation of a state or federal safety provision that safety provision must address the specific work, working conditions and hazards involved; establishing that the applicability of state or federal safety provisions is a matter for judicial determination; defining generally serious compensable injury; establishing four categories of serious compensable injury including an injury rated at a whole person impairment of at least thirteen percent (13%) and other threshold requirements, an injury or condition likely to result in death within eighteen (18) months from the date of the filing of the complaint, an injury not capable
of whole person impairment if it causes permanent serious disfigurement, causes permanent loss or significant impairment of function of any bodily organ or system, or results in objectively verifiable bilateral or multi-level dermatomal radiculopathy and is not a physical injury that has no objective medical evidence to support a diagnosis, or if an employee suffers from complicated pneumoconiosis or pulmonary massive fibrosis and that condition has resulted in an impairment rating of at least fifteen percent (15%); establishing certification requirements for the categories of serious compensable injury; requiring that a verified statement submitted from a person with knowledge and expertise of the workplace safety, statutes, rules, regulations and consensus industry standards specifically applicable to the industry and workplace involved in an injury be served with any complaint asserting certain causes of action brought under this section; providing for the minimum contents of the required verified statement; limiting the use of the required verified statement during litigation; providing for consideration of bifurcation of discovery in certain circumstances; establishing the venue in which claims under this section may be brought; providing that actions accruing prior to the effective date are not affected; and establishing the effective date of July 1, 2015, for the amendments to this section.

Be it enacted by the Legislature of West Virginia:

That §23-4-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted to read as follows:

ARTICLE  4. DISABILITY AND DEATH BENEFITS.

§23-4-2. Disbursement where injury is self-inflicted or intentionally caused by employer; legislative declarations and findings; “deliberate intention” defined.

(a) Notwithstanding anything contained in this chapter, no employee or dependent of any employee is entitled to receive
any sum under the provisions of this chapter on account of any
personal injury to or death to any employee caused by a self-
inflicted injury or the intoxication of the employee. Upon the
occurrence of an injury which the employee asserts, or which
reasonably appears to have, occurred in the course of and
resulting from the employee’s employment, the employer may
require the employee to undergo a blood test for the purpose of
determining the existence or nonexistence of evidence of
intoxication: Provided, That the employer must have a
reasonable and good faith objective suspicion of the employee’s
intoxication and may only test for the purpose of determining
whether the person is intoxicated. If any blood test for
intoxication is given following an accident, at the request of the
employer or otherwise, and if any of the following are true, the
employee is deemed intoxicated and the intoxication is the
proximate cause of the injury:

(1) If a blood test is administered within two hours of the
accident and evidence that there was, at that time, more than five
hundredths of one percent, by weight, of alcohol in the
employee’s blood; or

(2) If there was, at the time of the blood test, evidence of
either on or off the job use of a nonprescribed controlled
substance as defined in the West Virginia Uniform Controlled
Substances Act, West Virginia Code §60A-2-201, et seq.,
Schedules I, II, III, IV and V.

(b) For the purpose of this chapter, the commission may
cooperate with the Office of Miners’ Health, Safety and Training
and the State Division of Labor in promoting general safety
programs and in formulating rules to govern hazardous
employments.

(c) If injury results to any employee from the deliberate
intention of his or her employer to produce the injury or death,
the employee, or, if the employee has been found to be
incompetent, his or her conservator or guardian, may recover
under this chapter and bring a cause of action against the
employer, as if this chapter had not been enacted, for any excess
of damages over the amount received or receivable in a claim for
benefits under this chapter. If death results to any employee from
the deliberate intention of his or her employer to produce the
injury or death, the representative of the estate may recover
under this chapter and bring a cause of action, pursuant to
section six, article seven of chapter fifty-five of this code,
against the employer, as if this chapter had not been enacted, for
any excess of damages over the amount received or receivable
in a claim for benefits under this chapter. To recover under this
section, the employee, the employee’s representative or
dependent, as defined under this chapter, must, unless good
cause is shown, have filed a claim for benefits under this chapter.

(d)(1) It is declared that enactment of this chapter and the
establishment of the workers’ compensation system in this
chapter was and is intended to remove from the common law tort
system all disputes between or among employers and employees
regarding the compensation to be received for injury or death to
an employee except as expressly provided in this chapter and to
establish a system which compensates even though the injury or
death of an employee may be caused by his or her own fault or
the fault of a co-employee; that the immunity established in
sections six and six-a, article two of this chapter is an essential
aspect of this workers’ compensation system; that the intent of
the Legislature in providing immunity from common lawsuit
was and is to protect those immunized from litigation outside the
workers’ compensation system except as expressly provided in
this chapter; that, in enacting the immunity provisions of this
chapter, the Legislature intended to create a legislative standard
for loss of that immunity of more narrow application and
containing more specific mandatory elements than the common
law tort system concept and standard of willful, wanton and
reckless misconduct; and that it was and is the legislative intent
to promote prompt judicial resolution of the question of whether
a suit prosecuted under the asserted authority of this section is or
is not prohibited by the immunity granted under this chapter.

(2) The immunity from suit provided under this section and
under sections six and six-a, article two of this chapter may be
lost only if the employer or person against whom liability is
asserted acted with “deliberate intention”. This requirement may
be satisfied only if:

(A) It is proved that the employer or person against whom
liability is asserted acted with a consciously, subjectively and
deliberately formed intention to produce the specific result of
injury or death to an employee. This standard requires a showing
of an actual, specific intent and may not be satisfied by
allegation or proof of: (i) Conduct which produces a result that
was not specifically intended; (ii) conduct which constitutes
negligence, no matter how gross or aggravated; or (iii) willful,
wanton or reckless misconduct; or

(B) The trier of fact determines, either through specific
findings of fact made by the court in a trial without a jury, or
through special interrogatories to the jury in a jury trial, that all
of the following facts are proven:

(i) That a specific unsafe working condition existed in the
workplace which presented a high degree of risk and a strong
probability of serious injury or death;

(ii) That the employer, prior to the injury, had actual
knowledge of the existence of the specific unsafe working
condition and of the high degree of risk and the strong
probability of serious injury or death presented by the specific
unsafe working condition.

(I) In every case actual knowledge must specifically be
proven by the employee or other person(s) seeking to recover
under this section, and shall not be deemed or presumed:

Provided, That actual knowledge may be shown by evidence of intentional and deliberate failure to conduct an inspection, audit or assessment required by state or federal statute or regulation and such inspection, audit or assessment is specifically intended to identify each alleged specific unsafe working condition.

(II) Actual knowledge is not established by proof of what an employee’s immediate supervisor or management personnel should have known had they exercised reasonable care or been more diligent.

(III) Any proof of the immediate supervisor or management personnel’s knowledge of prior accidents, near misses, safety complaints or citations from regulatory agencies must be proven by documentary or other credible evidence.

(iii) That the specific unsafe working condition was a violation of a state or federal safety statute, rule or regulation, whether cited or not, or of a commonly accepted and well-known safety standard within the industry or business of the employer.

(I) If the specific unsafe working condition relates to a violation of a commonly accepted and well-known safety standard within the industry or business of the employer, that safety standard must be a consensus written rule or standard promulgated by the industry or business of the employer, such as an organization comprised of industry members: Provided, That the National Fire Protection Association Codes and Standards or any other industry standards for Volunteer Fire Departments shall not be cited as an industry standard for Volunteer Fire Departments, Municipal Fire Departments and Emergency Medical Response Personnel as an unsafe working condition as long as the Volunteer Fire Departments, Municipal Fire Departments and the Emergency Medical Response Personnel have followed the Rules that have been promulgated by the Fire Commission.
(II) If the specific unsafe working condition relates to a violation of a state or federal safety statute, rule or regulation that statute, rule or regulation:

   (a) Must be specifically applicable to the work and working condition involved as contrasted with a statute, rule, regulation or standard generally requiring safe workplaces, equipment or working conditions;

   (b) Must be intended to address the specific hazard(s) presented by the alleged specific unsafe working condition; and

   (c) The applicability of any such state or federal safety statute, rule or regulation is a matter of law for judicial determination.

   (iv) That notwithstanding the existence of the facts set forth in subparagraphs (i) through (iii), inclusive, of this paragraph, the person or persons alleged to have actual knowledge under subparagraph (ii) nevertheless intentionally thereafter exposed an employee to the specific unsafe working condition; and

   (v) That the employee exposed suffered serious compensable injury or compensable death as defined in section one, article four, chapter twenty-three as a direct and proximate result of the specific unsafe working condition. For the purposes of this section, serious compensable injury may only be established by one of the following four methods:

   (I) It is shown that the injury, independent of any preexisting impairment:

   (a) Results in a permanent physical or combination of physical and psychological injury rated at a total whole person impairment level of at least thirteen percent (13%) as a final award in the employees workers’ compensation claim; and
(b) Is a personal injury which causes permanent serious disfigurement, causes permanent loss or significant impairment of function of any bodily organ or system, or results in objectively verifiable bilateral or multi-level dermatomal radiculopathy; and is not a physical injury that has no objective medical evidence to support a diagnosis; or

(II) Written certification by a licensed physician that the employee is suffering from an injury or condition that is caused by the alleged unsafe working condition and is likely to result in death within eighteen (18) months or less from the date of the filing of the complaint. The certifying physician must be engaged or qualified in a medical field in which the employee has been treated, or have training and/or experience in diagnosing or treating injuries or conditions similar to those of the employee and must disclose all evidence upon which the written certification is based, including, but not limited to, all radiographic, pathologic or other diagnostic test results that were reviewed.

(III) If the employee suffers from an injury for which no impairment rating may be determined pursuant to the rule or regulation then in effect which governs impairment evaluations pursuant to this chapter, serious compensable injury may be established if the injury meets the definition in subclause (I)(b).

(IV) If the employee suffers from an occupational pneumoconiosis, the employee must submit written certification by a board certified pulmonologist that the employee is suffering from complicated pneumoconiosis or pulmonary massive fibrosis and that the occupational pneumoconiosis has resulted in pulmonary impairment as measured by the standards or methods utilized by the West Virginia Occupational Pneumoconiosis Board of at least fifteen percent (15%) as confirmed by valid and reproducible ventilatory testing. The certifying pulmonologist must disclose all evidence upon which
the written certification is based, including, but not limited to, all
radiographic, pathologic or other diagnostic test results that were
reviewed: Provided, That any cause of action based upon this
clause must be filed within one year of the date the employee
meets the requirements of the same.

(C) In cases alleging liability under the provisions of
paragraph (B) of this subdivision:

(i) The employee, the employee’s guardian or conservator,
or the representative of the employee’s estate shall serve with the
complaint a verified statement from a person with knowledge
and expertise of the workplace safety statutes, rules, regulations
and consensus industry safety standards specifically applicable
to the industry and workplace involved in the employee’s injury,
setting forth opinions and information on:

(I) The person’s knowledge and expertise of the applicable
workplace safety statutes, rules, regulations and/or written
consensus industry safety standards;

(II) The specific unsafe working condition(s) that were the
cause of the injury that is the basis of the complaint; and

(III) The specific statutes, rules, regulations or written
consensus industry safety standards violated by the employer
that are directly related to the specific unsafe working
conditions: Provided, however, That this verified statement shall
not be admissible at the trial of the action and the Court,
pursuant to the Rules of Evidence, common law and subclause
two-c, subparagraph (iii), paragraph (B), subdivision (2),
subsection (d), section two, article four, chapter twenty-three of
this code, retains responsibility to determine and interpret the
applicable law and admissibility of expert opinions.

(ii) No punitive or exemplary damages shall be awarded to
the employee or other plaintiff;
(iii) Notwithstanding any other provision of law or rule to the contrary, and consistent with the legislative findings of intent to promote prompt judicial resolution of issues of immunity from litigation under this chapter, the employer may request and the court shall give due consideration to the bifurcation of discovery in any action brought under the provisions of subparagraphs (i) through (v), of paragraph (B) such that the discovery related to liability issues be completed before discovery related to damage issues. The court shall dismiss the action upon motion for summary judgment if it finds pursuant to rule 56 of the rules of civil procedure that one or more of the facts required to be proved by the provisions of subparagraphs (i) through (v), inclusive, paragraph (B) of this subdivision do not exist, and the court shall dismiss the action upon a timely motion for a directed verdict against the plaintiff if after considering all the evidence and every inference legitimately and reasonably raised thereby most favorably to the plaintiff, the court determines that there is not sufficient evidence to find each and every one of the facts required to be proven by the provisions of subparagraphs (i) through (v), inclusive, paragraph (B) of this subdivision; and

(iv) The provisions of this paragraph and of each subparagraph thereof are severable from the provisions of each other subparagraph, subsection, section, article or chapter of this code so that if any provision of a subparagraph of this paragraph is held void, the remaining provisions of this act and this code remain valid.

(e) Any cause of action brought pursuant to this section shall be brought either in the circuit court of the county in which the alleged injury occurred or the circuit court of the county of the employer’s principal place of business. With respect to causes of action arising under this chapter, the venue provisions of this section shall be exclusive of and shall supersede the venue provisions of any other West Virginia statute or rule.
(f) The reenactment of this section in the regular session of the Legislature during the year 2015 does not in any way affect the right of any person to bring an action with respect to or upon any cause of action which arose or accrued prior to the effective date of the reenactment.

(g) The amendments to this section enacted during the 2015 session of the Legislature shall apply to all injuries occurring on or after July 1, 2015.

CHAPTER 244

(S. B. 578 - By Senators Trump, Carmichael, Ferns, Gaunch, D. Hall, Karnes, Leonhardt, Maynard, Nohe and Williams)

[Passed March 10, 2015; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2015.]

AN ACT to amend and reenact §23-4-8d of the Code of West Virginia, 1931, as amended; and to amend and reenact §23-5-7 of said code, all relating to authorization of compromise and settlement of occupational disease claims; permitting final settlement of medical benefits for nonorthopedic occupational disease claims; and requiring claimant be represented by legal counsel in these claims.

Be it enacted by the Legislature of West Virginia:

That §23-4-8d of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §23-5-7 of said code be amended and reenacted, all to read as follows:
ARTICLE 4. DISABILITY AND DEATH BENEFITS.

§23-4-8d. Occupational pneumoconiosis claims never closed for medical benefits with exception of settled claims.

Notwithstanding the provisions of subdivision (4), subsection (a), section sixteen of this article, with the exception of claims settled pursuant to article five, section seven of this chapter, a request for medical services, durable medical goods or other medical supplies in an occupational pneumoconiosis claim may be made at any time.

ARTICLE 5. REVIEW.

(a) The claimant, the employer and the Workers’ Compensation Commission, the successor to the commission, other private insurance carriers and self-insured employers, whichever is applicable, may negotiate a final settlement of any and all issues in a claim wherever the claim is in the administrative or appellate processes: Provided, That in the settlement of medical benefits for nonorthopedic occupational disease claims, the claimant shall be represented by legal counsel. If the employer is not active in the claim, the commission, the successor to the commission, other private insurance carriers and self-insured employers, whichever is applicable, may negotiate a final settlement with the claimant and the settlement shall be made a part of the claim record. Except in cases of fraud, no issue that is the subject of an approved settlement agreement may be reopened by any party, including the commission, the successor to the commission, other private insurance carriers and self-insured employers, whichever is applicable. Any settlement agreement may provide for a lump-sum payment or a structured payment plan, or any combination thereof, or any other basis as the parties may agree.
If a self-insured employer later fails to make the agreed-upon payment, the commission shall assume the obligation to make the payments and shall recover the amounts paid or to be paid from the self-insurer employer and its sureties or guarantors or both as provided in sections five and five-a, article two of this chapter.

(b) Each settlement agreement shall provide the toll-free number of the West Virginia State Bar Association and shall provide the injured worker with five business days to revoke the executed agreement. The Insurance Commissioner may void settlement agreements entered into by an unrepresented injured worker which are determined to be unconscionable pursuant to criteria established by rule of the commissioner.

(c) The amendments to this section enacted during the regular session of the Legislature in the year 2015 apply to all settlement agreements executed after the effective date.
