Be it enacted by the Legislature of West Virginia:

ARTICLE 7. SECOND CHANCE DRIVER’S LICENSE PROGRAM.

§17B-7-5. Program acceptance; development of consolidated repayment schedule; no other court fee payments required.

1 (a) A person wishing to participate in the Second Chance Driver’s License Program shall complete an application form prepared by the director.
Upon receipt of a person’s application, the director shall coordinate with the courts and the commissioner to verify the total amount of the applicant’s unpaid court costs in the state of West Virginia at the time of the application.

All courts shall provide a full accounting of all unpaid court costs assignable to the applicant within 30 days of the request of the director. The accounting shall separately identify the portion of the court costs that constitute a fine, forfeiture, penalty, or the amount due as restitution to a crime victim or costs to be credited to the Crime Victims Compensation Fund pursuant to §62-5-10 of this code remaining unpaid by the applicant for each order of the court for which unpaid balances remain.

Any unpaid court costs not reported to the director by a court as provided by subsection (c) of this section may not be collected separately by the court during the time in which the applicant is a participant in the program.

If a participant completes the program, any unpaid court costs, except for unpaid fines, and unpaid amounts due as restitution to a crime victim or costs to be credited to the Crime Victims Compensation Fund pursuant to §62-5-10 of this code, not submitted to the director pursuant to subsection (c) of this section shall be considered waived unless the unpaid court costs were part of an order entered after the date upon which the director requested information for a participant. The driver’s license suspension or revocation with respect to any unpaid fine not reported by a court shall be released upon completion of the program by the participant.

Within 30 days after receipt of information concerning unpaid court costs, the director shall determine if the applicant is eligible to participate in the program. Upon determination, the director shall promptly notify the applicant of his or her acceptance into the program.
(g) Upon acceptance of the applicant as a participant in the program, the director shall develop a consolidated repayment schedule for the participant, which will require the participant to remit payments on a monthly basis to the director according to guidelines established by the director in legislative rules, subject to the following conditions:

(1) The monthly payment shall be determined based on the participant’s monthly income and expenditures, but may not be less than $50 per month; and

(2) The consolidated repayment schedule shall require full payment of the unpaid court costs within one year.

(h) The consolidated repayment schedule may be amended to reflect changes in a participant’s circumstances.

(i) The director may permit a hardship waiver of the requirements of subsection (g) of this section, upon a determination that the applicant’s circumstances may have changed, and that the objectives of this article are best accomplished if the consolidated repayment schedule requires a lesser monthly payment or a longer period of time to remit the unpaid court costs: Provided, That the director may not waive the total amount of unpaid court costs submitted by the courts according to subsection (a) of this section.

(j) Upon acceptance into the program, a participant in good standing with the program is under no obligation to make separate or additional payments of unpaid court costs directly to a court if those unpaid court costs are included in the consolidated repayment schedule.

(b) After deposit of a participant’s monthly payment into this account, the director shall make disbursements from this account as follows:

(3) The portion of the payments remaining in the account after payment of the court costs in subdivisions (1) and (2) of this subsection may be appropriated by the Legislature to be expended for costs incurred by the director in the administration of this article.

(a) Required; application; hearing; granting. — It shall be unlawful for any common carrier by motor vehicle to operate within this state without first having obtained from the commission a certificate of convenience and necessity unless the common carrier is an emergency substitute carrier. Upon the filing of an application for such certificate, the commission shall set a time and place for a hearing on the application: Provided, That the commission may, after giving proper notice and if no protest is received, waive formal hearing on the application. Notice shall be by publication which shall state that a formal hearing may be waived in the absence of a protest to such application. The notice shall be published as a Class I legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code and the publication area for such publication shall be the proposed area of operation. The notice shall be published at least 10 days prior to the date of the hearing. After the hearing or waiver by the commission of the hearing, if the commission finds from the evidence that the public convenience and necessity require the proposed service or any part thereof, it shall issue the certificate as prayed for, or issue it for the partial exercise only of the
privilege sought, and may attach to the exercise of the right
granted by such certificate such terms and conditions as in
its judgment the public convenience and necessity may
require, and if the commission shall be of the opinion that
the service rendered by any common carrier holding a
certificate of convenience and necessity over any route or
routes in this state is in any respect inadequate or
insufficient to meet the public needs, such certificate holder
shall be given reasonable time and opportunity to remedy
such inadequacy or insufficiency before any certificate shall
be granted to an applicant proposing to operate over such
route or routes as a common carrier. Before granting a
certificate to a common carrier by motor vehicle, the
commission shall take into consideration existing
transportation facilities in the territory for which a
certificate is sought, and in case it finds from the evidence
that the service furnished by existing transportation
facilities is reasonably efficient and adequate, the
commission shall not grant such certificate.

(b) Rules and regulations; taking evidence at hearings;
burden of proof. — The commission shall prescribe such
rules and regulations as it may deem proper for the
enforcement of the provisions of this section, and in
establishing that public convenience and necessity do exist,
the burden of proof shall be upon the applicant. The
commission may designate any of its employees to take
evidence at the hearing of any application for a certificate
and submit findings of fact as a part of a report or reports to
be made to the commission.

(c) Certificate not franchise, etc.; assignment or
transfer. — No certificate issued in accordance with the
terms of this chapter shall be construed to be either a
franchise or irrevocable, or to confer any proprietary or
property rights in the use of the public highways. No
certificate issued under this chapter shall be assigned or
otherwise transferred without the approval of the
commission. Upon the death of a person holding a
certificate, his or her personal representative or
representatives may operate under such certificate while the same remains in force and effect and, with the consent of the commission, may transfer such certificate.

(d) Suspension, revocation or amendment. — The commission may at any time, for good cause, suspend a common carrier certificate of convenience and necessity, and upon suspension, authorize an emergency substitute carrier to provide temporary replacement service until further order of the commission: Provided, That an emergency substitute carrier may continue to operate during the pendency of its application for a certificate of convenience and necessity filed pursuant to §24A-2-5(a) of this code. (e) Reinstitution of certificated service. — No sooner than 30 days after a suspension of authority, a common carrier may petition the commission to end the suspension and terminate the authority of an emergency substitute carrier. Upon notice to the emergency substitute carrier and an opportunity to be heard, the commission shall issue its order granting or denying the petition.

(f) The commission shall have the authority, after hearing, to ratify, approve, and affirm those orders issued pursuant to this section. For the purposes of this subsection, the commission may give notice by a Class I legal advertisement of such hearing in any newspaper or newspapers of general circulation in this state, and such other newspapers as the commission may designate.

ARTICLE 3. CONTRACT CARRIERS BY MOTOR VEHICLES.

No contract carrier by motor vehicle or emergency substitute carrier shall operate any motor vehicle for the transportation of either persons or property for hire on any
§24A-3-3. Permit.

(a) Required; application; hearing; granting. — It shall be unlawful for any contract carrier by motor vehicle to operate within this state without first having obtained from the commission a permit unless the contract carrier is an emergency substitute carrier. Upon the filing of an application for such permit, the commission shall fix a time and place for hearing thereon: Provided, That the commission may, after giving notice as hereinafter provided and if no protest is received, waive formal hearing on such application. Said notice shall be by publication which shall state that formal hearing may be waived in the absence of protest to such application. Such notice shall be published as a Class I legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code and the publication area for such publication shall be the area of operation. Such notice shall be published at least 10 days prior to the date of hearing, but not more than 30 days after the filing of the completed application. After hearing or waiver of hearing as aforesaid, as the case may be, the commission shall grant or deny the permit prayed for or grant it for the partial exercise only of the privilege sought, and may attach to the exercise of the privilege granted by such permit such terms and conditions as in its judgment are proper and will carry out the purposes of this chapter. No permit shall be granted unless the applicant has established to the satisfaction of the commission that the privilege sought will not endanger the safety of the public or unduly interfere with the use of the highways or impair unduly the condition or unduly increase the maintenance cost of such highways, directly or indirectly, or impair the efficient public service of any authorized common carrier or common carriers adequately serving the same territory.

(b) Rules and regulations; evidence at hearing. — The commission shall prescribe such rules and regulations as it
may deem proper for the enforcement of the provisions of this section and may designate any of its employees to take evidence at the hearing on any application for a permit and submit findings of fact as a part of report or reports to be made to the commission.

(c) Permit not franchise, etc.; assignment or transfer. — No permit issued in accordance with the terms of this chapter shall be construed to be either a franchise or irrevocable or to confer any proprietary or property rights in the use of the public highways. No permit issued under this chapter shall be assigned or otherwise transferred without the approval of the commission. Upon the death of a person holding a permit, his or her personal representative or representatives may operate under such permit while the same remains in force and effect and, with the consent of the commission, may transfer such permit.

(d) Suspension, revocation or amendment. — The commission may, at any time, for good cause, suspend a motor carrier permit and upon suspension authorize an emergency substitute carrier to provide temporary replacement service until further order of the commission: Provided, That an emergency substitute carrier may continue to operate during the pendency of its application for a permit filed pursuant to §24A-3-3(a) of this code. Upon not less than 15 days’ notice to the grantee of any permit and an opportunity to be heard, the commission may revoke or amend any permit.

(e) Reinstitution of permit. — No sooner than 30 days after a suspension of authority, a grantee of a permit may petition the commission to end the suspension and terminate the authority of an emergency substitute carrier. Upon notice to the emergency substitute carrier and an opportunity to be heard, the commission shall issue its order granting or denying the petition.

(f) Notice of cessation or abandonment. — Every contract carrier by motor vehicle who shall cease operation
or abandon his or her rights under a permit issued shall notify the commission within 30 days of such cessation or abandonment.

The division may, in its discretion, after the applicant has successfully passed all parts of the examination other than the road skills test, issue to the applicant an instruction permit which entitles
the applicant while having the permit in his or her immediate possession to drive a motor vehicle upon the public highways when accompanied by a licensed driver of at least 21 years of age, a driver’s education or driving school instructor that is acting in an official capacity as an instructor, who is alert and unimpaired or a certified division license examiner acting in an official capacity as an examiner, who is occupying a seat beside the driver.

sharing period in an amount stated in the peer-to-peer car
sharing program agreement which amounts may not be less
than $750,000.

(b) Notwithstanding the definition of “car sharing
termination time” as defined in this article, the assumption
of liability under subsection (a) of this section does not
apply to any shared vehicle owner when:

(1) A shared vehicle owner makes an intentional or
fraudulent material misrepresentation or omission to the
peer-to-peer car sharing program before the car sharing
period in which the loss occurred, or
(2) Acting in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of the car sharing program agreement.

(c) Notwithstanding the definition of “car sharing termination time” as defined in this article, the assumption of liability under subsection (a) of this section would apply to bodily injury, property damage, uninsured and underinsured motorist, or personal injury protection losses by damaged third parties in the same manner required by §17D-4-2 and §33-6-31 of this code.

(d) A peer-to-peer car sharing program shall ensure that, during each car sharing period, the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle liability insurance policy that provides insurance coverage which amounts may not be less than the amounts set forth in subsection (a), and:

2. The peer-to-peer car sharing program does not have available, did not retain, or fails to provide the information required by this article.

3. A peer-to-peer car sharing program may seek indemnity from a shared vehicle owner if the shared vehicle owner is determined to have been the operator of the shared vehicle at the time of the loss.

(i) Coverage under an automobile insurance policy maintained by the peer-to-peer car sharing program shall not be dependent on another automobile insurer first denying a claim nor shall another automobile insurance policy be required to first deny a claim.

(j) Nothing in this article may be interpreted as either limiting or restricting:

program agreement.

(k) If a dispute arises as to whether the car sharing
termination time has transpired, or if a car return calls into
question whether the car sharing termination time has
transpired, or if a car return calls into question whether the
car sharing termination time has occurred, the peer-to-peer
car sharing program shall extend primary coverage for the
loss. If during the investigation of the claim it becomes
apparent that one of the parties to the car sharing program
agreement was negligent, engaged in misrepresentation, or
is otherwise responsible for the loss, the car sharing
program may seek recovery from one or both parties
directly through subrogation.

At the time when a vehicle owner registers as a shared
vehicle owner on a peer-to-peer car sharing program, and
prior to the time when the shared vehicle owner makes a
shared vehicle available for car sharing on the peer-to-peer
car sharing program, the peer-to-peer car sharing program
shall notify the shared vehicle owner that, if the shared
vehicle has a lien against it, the use of the shared vehicle
through a peer-to-peer car sharing program, including use
without physical damage coverage, may violate the terms of
the contract with the lienholder.

§17A-6F-5. Exclusions for personal vehicle liability insurance
policy.

(a) A motor vehicle insurer that writes motor vehicle
liability insurance in this state may exclude any and all
coverage and the duty to defend or indemnify for any claim afforded under a shared vehicle owner’s motor vehicle liability insurance policy, including, but not limited to:

(a) Notwithstanding any other law, statute, rule, or regulation to the contrary, a peer-to-peer car sharing program has an insurable interest in a shared vehicle during the car sharing period.

(b) Nothing in this section creates liability on a peer-to-peer car sharing program to maintain the coverage mandated by this article.

commissioner shall issue: (i) A new special registration plate or new permanent removable windshield placard; or (ii) official labels imprinted with the new expiration date and designed so as to be placed over the old dates on the original registration plate or windshield placard: *Provided*,

All accessible parking spaces must have a signpost in front or adjacent to

(j) Any person whose vehicle properly displays a valid, unexpired special registration plate or removable windshield placard may park the vehicle for unlimited periods of time in parking zones unrestricted as to length of parking time permitted: Provided, That this privilege does not mean that the vehicle may park in any zone where stopping, standing, or parking is prohibited or which creates parking zones for special types of vehicles or which prohibits parking during heavy traffic periods during specified rush hours or where parking would clearly present a traffic hazard. To the extent any provision of any ordinance of any political subdivision of this state is
contrary to the provisions of this section, the provisions of this section take precedence and apply.

The parking privileges provided for in this subsection apply only during those times when the vehicle is being used for the loading or unloading of a person with a mobility impairment. Any person, including a driver of a vehicle displaying a valid removable windshield placard or special registration plate, who violates the provisions of this subsection is guilty of a misdemeanor and, upon conviction thereof, shall be fined $200; upon second conviction thereof, in addition to any other penalty he or she may otherwise incur, shall be fined $300; and upon third and subsequent convictions thereof, in addition to any other penalty he or she may otherwise incur, shall be fined $500.

(n) Parking enforcement personnel who otherwise enforce parking violations may issue citations for violations of this section and shall reference the number on the vehicle’s license plate, since the driver normally will not be present.

(o) Law-enforcement agencies may establish a program to use trained volunteers to collect information necessary to issue citations to persons who illegally park in designated accessible parking spaces. Any law-enforcement agency choosing to establish a program shall provide for workers’ compensation and liability coverage. The volunteers shall photograph the illegally parked vehicle and complete a form, to be developed by supervising law-enforcement agencies, that includes the vehicle’s license plate number, date, time, and location of the illegally parked vehicle. The photographs must show the vehicle in the accessible space and a readable view of the license plate. Within the discretion of the supervising law-enforcement agency, the volunteers may issue citations or the volunteers may submit the photographs of the illegally parked vehicle and the form to the supervising law-enforcement agency, who may issue a citation, which includes the photographs and the form, to
the owner of the illegally parked vehicle. Volunteers shall be trained on the requirements for citations for vehicles parked in marked, zoned, or designated accessible parking areas by the supervising law-enforcement agency.

(p) Local authorities who adopt the basic enforcement provisions of this section and issue their own local ordinances shall retain all fines and associated late fees. These revenues shall be used first to fund the provisions of subsection (o) of this section, if adopted by local authorities, or otherwise shall go into the local authorities’ General Revenue Fund. Otherwise, any moneys collected as fines shall be collected for and remitted to the state.

(q) The commissioner shall prepare and issue a document to applicants describing the privileges accorded a vehicle having a special registration plate and removable windshield placard as well as the penalties when the vehicle is being inappropriately used as described in this section and shall include the document along with the issued special registration plate or windshield placard. In addition, the commissioner shall issue a separate document informing the general public regarding the new provisions and increased fines being imposed either by way of newspaper announcements or other appropriate means across the state.

(r) The commissioner shall propose rules for legislative approval in accordance with the provisions of §29A-3-1 et seq. of this code.

(a) The division shall suspend the license of any resident
of this state or the privilege of a nonresident to drive a motor
vehicle in this state upon receiving notice from a magistrate
court or municipal court of this state that such person has
failed to respond or appear in court when charged with a
motor vehicle violation.

(b) For the purposes of this section, §50-3-2a of this
code and §8-10-2b of this code, “motor vehicle violation”
is as any violation designated in chapters 17A, 17B, 17C,
17D, or 17E of this code, or the violation of any municipal
ordinance relating to the operation of a motor vehicle for
which the violation thereof would result in a fine or penalty:
Provided, That any parking violation or other violation for
which a citation may be issued to an unattended vehicle
shall not be considered a motor vehicle violation for the
purposes of this section, §50-3-2a of this code, or §8-10-2b
of this code.

§17B-3-3c. Suspending license for failure to appear in court.

(a) The division shall suspend the license of any resident
of this state or the privilege of a nonresident to drive a motor
vehicle in this state upon receiving notice from a circuit
court, magistrate court, or municipal court of this state,
pursuant to §8-10-2b or §62-4-17 of this code, that the person has failed to appear in court when charged with a criminal offense. For the purposes of this section, §8-10-2b or §62-4-17 of this code, “criminal offense” shall be defined as any violation of the provisions of this code, or the violation of any municipal ordinance, for which the violation of the offense may result in a fine, confinement in jail, or imprisonment in a correctional facility of this state: Provided, That any parking violation or other violation for which a citation may be issued to an unattended vehicle shall not be considered a criminal offense for the purposes of this section, §8-10-2b or §62-4-17 of this code.

(b) A copy of the order of suspension shall be forwarded to the person by certified mail, return receipt requested. No order of suspension becomes effective until 10 days after receipt of a copy of the order. The order of suspension shall advise the person that because of the receipt of notice of the failure to appear, a presumption exists that the person named in the order of suspension is the same person named in the notice. The commissioner may grant an administrative hearing which substantially complies with the requirements of the provisions of §17C-5A-2 of this code upon a preliminary showing that a possibility exists that the person named in the notice of conviction is not the same person whose license is being suspended. The request for hearing shall be made within 10 days after receipt of a copy of the order of suspension. The sole purpose of this hearing shall be for the person requesting the hearing to present evidence that he or she is not the person named in the notice. In the event the commissioner grants an administrative hearing, the commissioner shall stay the license suspension pending the commissioner’s order resulting from the hearing.

(c) A suspension under this section and §17B-3-3a of this code will continue until the person provides proof of compliance from the municipal, magistrate, or circuit court and pays the reinstatement fee as provided in §17B-3-9 of this code. The reinstatement fee is assessed upon issuance
of the order of suspension regardless of the effective date of
suspension.

(d) Upon notice from an appropriate state official that
the person is successfully participating in an approved
treatment and job program as prescribed in §61-11-26a of
this code, and that the person is believed to be safe to drive,
the Division of Motor Vehicles shall stay or supersede the
imposition of any suspension under this section or §17B-3-
3a of this code. The Division of Motor Vehicles shall waive
the reinstatement fee established by the provisions §17B-3-
9 upon receipt of proper documentation of the person’s
successful completion of a program under §61-11-26a of
this code and proof of compliance from the municipal,
 magistrate, or circuit court. The stay or supersedeas shall be
removed by the Division of Motor Vehicles upon receipt of
notice from an appropriate state official of a participant’s
failure to complete or comply with the approved treatment
and job program as established under §61-11-26a of this
code.

§50-3-2a. Payment by electronic payments, credit card
payments, cash, money orders, or certified checks;

judgment lien.

(a) A magistrate court may accept electronic payments,
credit cards, cash, money order, or certified check for
payment of all costs, fines, fees, forfeitures, restitution, or

with the clerk, an affidavit stating that he or she is
financially unable to pay the costs, fines, forfeitures, or
penalties imposed:

(1) A $25 administrative processing fee shall be paid at
the time the payment form is filed or, in the alternative, the
fee may be paid in no more than 5 equal monthly payments;

of payments to be made; (B) The dates on which the
payments are due; (C) The amount due for each payment;
(D) All acceptable payment methods; and (E) The
circumstances under which the person may receive a late
fee, have a judgment lien recorded against him or her, or
have the debt sent to collections for nonpayment.

(2) The monthly payment under the payment plan shall
be calculated based upon all costs, fines, forfeitures, or
penalties owed within the court, and shall be two percent of
the person’s annual net income divided by 12 or $10,
whichever is greater.
(3) The court may review the reasonableness of the payment plan, and may on its own motion or by petition, waive, modify, or convert the outstanding costs, fines, forfeitures, or penalties to community service if the court determines that the individual has had a change in circumstances and is unable to comply with the terms of the payment plan.

(e) (1) The clerk may assess a $10 late fee each month if a person fails to comply with the terms of a payment plan, and if any payment due is not received within 30 days after the due date, and the person:

The clerk may send notices, electronically or by U.S. mail, to remind the person of an upcoming or missed payment.

(f)(1) If after 180 days of a judgment a person fails to enroll in a payment plan and fails to pay his or her costs,
fines, forfeitures, or penalties, the clerk may assess a $10 late fee and shall notify the person of the following:

in the county where the defendant was convicted and in any county wherein the defendant resides or owns property. The clerk of the county commission shall record and index these abstracts of judgment without charge or fee to the prosecuting attorney and when recorded, the amount stated to be owed in the abstract constitutes a lien against all property of the defendant: Provided, That when all the costs, fines, fees, forfeitures, restitution, or penalties for which an abstract of judgment has been recorded are paid in full, the clerk of the municipal court shall notify the prosecuting attorney of the county of payment and provide the prosecuting attorney with a release of judgment, prepared in accordance with the provisions of §38-12-1 of this code, for filing and recordation pursuant to the provisions of this subdivision. Upon receipt from the clerk, the prosecuting attorney shall file the release of judgment in the office of the clerk of the county commission in each county where an abstract of the judgment was recorded. (7) Suspend open hunting season upon any or all wildlife in any or all counties of the state with the prior approval of the Governor in case of an emergency such as a drought, forest fire hazard, or epizootic disease among wildlife. The suspension shall continue during the existence of the emergency and until rescinded by the director. If the foregoing provisions of this section have been complied with and no bid equal to or in excess of the appraised value of the timber is received, the director may, at any time, during a period of six months after the opening of the bids, sell the timber in such manner as he or she deems appropriate, but the sale price may not be less than the appraised value of the timber advertised. No contract for sale of timber made pursuant to this section may extend for a period of more than 10 years. The proceeds arising from the sale of the timber so sold shall be paid to the Treasurer of the State of West Virginia and shall be credited to the division and used exclusively for the purposes of this chapter: Provided, That nothing contained herein may prohibit the sale of timber which otherwise
would be removed from rights-of-way necessary for and
strictly incidental to the extraction of minerals;

*§30-29-5. Certification requirements and power to decertify or reinstate.*

(a) Except as provided in subsections (b) and (e) of this section, a person may not be employed as a law-enforcement officer by any West Virginia law-enforcement agency or by any state institution of higher education or by the Public Service Commission of West Virginia on or after the effective date of this article unless the person is certified, or is certifiable in the manner specified in subsection (c) of this section, by the subcommittee as having met the minimum entry level law-enforcement qualification and training program requirements promulgated pursuant to this article: Provided, That the provisions of this section do not apply to persons hired by the Public Service Commission as motor carrier inspectors and weight enforcement officers before July 1, 2007.

*Note:* This section was also amended by S. B. 797 (Chapter 269), which passed subsequent to this act.
(b) Except as provided in subsection (e) of this section, a person who is not certified, or certifiable in the manner specified in subsection (c) of this section, may be conditionally employed as a law-enforcement officer until certified: Provided, That within 90 calendar days of the commencement of employment or the effective date of this article, if the person is already employed on the effective date, he or she makes a written application to attend an approved law-enforcement training academy and that the person satisfactorily completes the approved law-enforcement training academy within 18 consecutive months of the commencement of his or her employment: Provided, however, That the subcommittee may grant an extension, one-time only, not to exceed six months, based upon a written request from the person justifying the need for such an extension: Provided further, That the subcommittee, in its sole discretion, may grant an additional extension upon demonstration of a hardship warranting it. The person’s employer shall provide notice, in writing, of the 90-day deadline to file a written application to the academy within 30 calendar days of that person’s commencement of employment. The employer shall provide full disclosure as to the consequences of failing to file a timely written application. The academy shall notify the applicant in writing of the receipt of the application and of the tentative date of the applicant’s enrollment. Any applicant who, as the result of extenuating circumstances acceptable to his or her employing law-enforcement official, is unable to attend the scheduled training program to which he or she was admitted may reapply and shall be admitted to the next regularly scheduled training program. One year after the effective date of this section, certification as a law-enforcement officer within this state of persons who are not certifiable as provided in subsection (c) of this section, shall, in addition to graduation from an established academy in the state, be based on: Current employment as a sworn law-enforcement officer by any West Virginia law-enforcement agency or any state institution of higher education or the Public Service Commission; and the
person’s successful completion of an approved entry level law-enforcement examination established by legislative rule of the subcommittee, which shall include, at a minimum, written testing requirements, medical standards, physical standards, and good moral character standards conducted in accordance with such rule. The production of a record of successful passage of the approved entry level law-enforcement examination shall indicate the applicant as qualified under the law-enforcement training and certification standards within this state. An applicant who satisfactorily completes the program and successfully passes the approved entry level law-enforcement examination shall, within 30 days of completion, make written application to the subcommittee requesting certification as having met the minimum entry level law-enforcement qualification and training program requirements. Upon determining that an applicant has met the requirements for certification as set forth in this section, the subcommittee shall forward to the applicant documentation of certification. An applicant who fails to complete the training program to which he or she is first admitted, or was admitted upon reapplication, or who fails to pass the approved entry level law-enforcement examination, may not be certified by the subcommittee: And provided further, That an applicant who has completed the minimum training and examination required by the subcommittee may be certified as a law-enforcement officer, notwithstanding the applicant’s failure to complete additional training hours required in the training program to which he or she originally applied. If more than 24 months but less than 60 months have passed since the applicant for certification has successfully completed the approved entry level law-enforcement examination, the person may be certified but must complete the additional training set forth in legislative rules promulgated by the subcommittee addressing the recertification requirements of certified officers. If more than 60 months have passed since the applicant for certification has successfully completed the approved entry level law-enforcement examination, the
person must then attend a subcommittee-approved training program and successfully complete a separate subcommittee entry level law-enforcement examination.

(c) Any person who begins employment on or after the effective date of this article as a law-enforcement officer is certifiable as having met the minimum entry level law-enforcement training program requirements and is exempt from attending a law-enforcement training academy if the person has satisfactorily completed a course of instruction in law enforcement equivalent to or exceeding the minimum applicable law-enforcement training curricula promulgated by the subcommittee. To receive certification, the person shall make written application within 90 calendar days following the commencement of employment to the subcommittee requesting certification. The application shall include a notarized statement of the applicant’s satisfactory completion of the course of instruction in law enforcement, a notarized transcript of the applicant’s relevant scholastic records, and a notarized copy of the curriculum of the completed course of instruction. The subcommittee shall review the application and, if it finds the applicant has met the requirements for certification, shall forward to the applicant documentation of certification. The subcommittee may set the standards for required records to be provided by or on behalf of the applicant officer to verify his or her training, status, or certification as a law-enforcement officer. The subcommittee may allow an applicant officer to participate in the approved equivalent certification program to gain certification as a law-enforcement officer in this state.

(d) Except as provided in subdivisions (1) through (3), inclusive, of this subsection, any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified shall be automatically terminated and no further emoluments shall be paid to such officer by his or her employer. Any person terminated shall be entitled to reapply, as a private citizen, to the
subcommittee for training and certification, and upon being certified may again be employed as a law-enforcement officer in this state: Provided, That if a person is terminated under this subsection because an application was not timely filed to the academy, and the person’s employer failed to provide notice or disclosure to that person as set forth in subsection (b) of this section, the employer shall pay the full cost of attending the academy if the person’s application to the subcommittee as a private citizen is subsequently approved.

(1) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of hardship and/or circumstance beyond his or her control may apply to the director of a training academy for reentry to the next available academy.

(2) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of voluntary separation from an academy program shall be automatically terminated and no further emoluments may be paid to such officer by his or her employer. Any person terminated as a result of voluntary separation from an academy program may not be conditionally employed as a law-enforcement officer for a period of two years from the date of voluntary separation.

(3) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of dismissal from an academy program shall be automatically terminated and no further emoluments may be paid to such officer by his or her employer. Any person terminated as a result of dismissal from an academy program may not be conditionally employed as a law-enforcement officer for a period of five years from the date of dismissal and receiving approval from the subcommittee.

(e) Nothing in this article may be construed as prohibiting any governing body, Civil Service Commission
or chief executive of any West Virginia law-enforcement agency from requiring their law-enforcement officers to meet qualifications and satisfactorily complete a course of law-enforcement instruction which exceeds the minimum entry level law-enforcement qualification and training curricula promulgated by the subcommittee.

(f) The subcommittee, or its designee, may decertify or reactivate a law-enforcement officer pursuant to the procedure contained in this article and legislative rules promulgated by the subcommittee.

(g) Any person aggrieved by a decision of the subcommittee made pursuant to this article may contest the decision in accordance with the provisions of §29A-5-1 et seq. of this code.

(h) The subcommittee may issue subpoenas for the attendance of witnesses and the production of necessary evidence or documents in any proceeding, review, or investigation relating to certification or hearing before the subcommittee.

(2) An applicant must be a person of good character and integrity.

(3) An applicant must be a person whose background, including criminal record, reputation, and associations, does not pose a threat to the security and integrity of the lottery or to the public interest of the state. All new applicants for licenses and permits issued by the commission shall furnish fingerprints for a national criminal records check by the Criminal Identification Bureau of the West Virginia State Police and the Federal Bureau of Investigation. The fingerprints shall be furnished by all persons required to be named in the application and shall be accompanied by a signed authorization for the release of information by the Criminal Investigation Bureau and the Federal Bureau of Investigation. The commission may require any applicant seeking the renewal of a license or permit to furnish fingerprints for a national criminal records check by the Criminal Identification Bureau of the West Virginia State Police and the Federal Bureau of Investigation: Provided, That the Lottery Commission shall apply §29-22A-7(g) and §29-22A-7(h) of this code in determining whether an applicant’s prior criminal convictions bear a rational nexus to the license or permit being sought.

(4) An applicant must be a person who demonstrates the business ability and experience necessary to establish,
operate, and maintain the business for which a video lottery license or permit application is made.

(5) An applicant must be a person who has secured adequate financing for the business for which a video lottery license or permit application is made. The commission shall determine whether financing is from a source which meets the qualifications of this section and is adequate to support the successful performance of the duties and responsibilities of the licensed racetrack or permit holder. An applicant for a video lottery license shall disclose all financing or refinancing arrangements for the purchase, lease, or other acquisition of video lottery terminals and associated equipment in the degree of detail requested by the commission. (7) A racetrack applying for a video lottery license or a license renewal must file with the commission a copy of any current or proposed agreement between the applicant and any manufacturer for the sale, lease, or other assignment to the racetrack of video lottery terminals, the electronic computer components of the terminals, the random number generator of the terminals, or the cabinet in which it is housed. Once filed with the commission, the agreement is a public document subject to the provisions of §29B-1-1 et seq. of this code.

1. Each person associated with a corporate applicant, including any corporate holding company, parent company, or subsidiary company of the applicant, but not including a bank or other licensed lending institution which holds a mortgage or other lien acquired in the ordinary course of business, who has the ability to control the activities of the corporate applicant or elect a majority of the board of directors of that corporation.

material or information obtained by the commission pursuant to action on an application. The applicant shall, as a part of its application, expressly waive any and all claims against the commission, the State of West Virginia and the employees of either for damages as a result of any background investigation, disclosure, or publication relating to an application for a video lottery license or permit.

(f) An applicant who knowingly fails to reveal any fact material to qualification or who knowingly submits false or misleading material information is ineligible for a video lottery license or permit.

(g) The Lottery Commission may not disqualify an applicant from an initial license or permit because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the activity requiring a license or permit. In determining whether a criminal conviction bears a rational nexus to a profession or occupation, the Lottery Commission shall consider at a minimum:

1. The nature and seriousness of the crime for which the individual was convicted;

2. The passage of time since the commission of the crime;

3. The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the profession or occupation; and

This petition shall include sufficient details about the individual’s criminal record to enable the Lottery Commission to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction. condition, business experience, and character and general
fitness of an applicant are such that the issuance of the
license is in the public interest: Provided, That the
commissioner shall apply §32A-2-8(f) and §32A-2-8(g) of
this code in determining whether an applicant’s prior
criminal convictions bear a rational nexus to the license
being sought.

(b) An applicant for a license shall agree in writing to
comply with the currency reporting and record-keeping
requirements of 31 U.S.C. §5313, as well as those set forth
in 31 C.F.R. Chapter X and any other relevant federal law.

(c) A person is not eligible for a license or shall
surrender an existing license if, during the previous five
years:

(A) Has been convicted of a felony or a crime involving
fraud or deceit under the laws of this state, any other state,
or the United States;

(B) Has been convicted of a crime under the laws of
another country that involves fraud or deceit or would be a
felony if committed in the United States; or
(C) Has been convicted under a state or federal law relating to currency exchange or transmission or any state or federal monetary instrument reporting requirement; or

(2) The person, a principal of the person, or the spouse of the person or a principal of the person has been convicted of an offense under a state or federal law relating to drug trafficking, money laundering, or a reporting requirement of the Bank Secrecy Act, 12 U.S.C. §1951 et seq., as amended.

(d) The commissioner will review the application to determine whether the applicant:

(1) Has recklessly failed to file or evaded the obligation to file a currency transaction report as required by 31 U.S.C. §5313 during the previous three years;

(2) Has recklessly accepted currency for exchange, transport, or transmission during the previous three years in which a portion of the currency was derived from an illegal transaction or activity;

(6) Does not owe delinquent taxes, fines, or fees to any local or state taxing authority or governmental agency, department, or other political subdivision of this state.

(e) A person is not eligible for a license, and a person who holds a license shall surrender the license to the commissioner, if the person or a principal of the person has at any time been convicted of:

(1) A felony involving the laundering of money that is the product of or proceeds from criminal activity under chapter 61 of this code, or a similar provision of the laws of another state or the United States; or

(2) A felony violation of 31 U.S.C. §5313 or 5324, or a rule adopted under those sections.

(f) The commissioner may not disqualify an applicant from initial licensure because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the activity requiring licensure. In determining whether a criminal conviction bears a rational nexus to a profession or occupation, the commissioner shall consider at a minimum:

(1) The nature and seriousness of the crime for which the individual was convicted;

(2) The passage of time since the commission of the crime;

(3) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the profession or occupation; and

(4) Any evidence of rehabilitation or treatment undertaken by the individual.

(g) Notwithstanding any other provision of this code to the contrary, if an applicant is disqualified from licensure
because of a prior criminal conviction, the commissioner shall permit the applicant to apply for initial licensure if:

2. The individual has not been convicted of any other crime during the period of time following the disqualifying offense; and
3. The conviction was not for an offense of a violent or sexual nature: Provided, That a conviction for an offense of a violent or sexual nature may subject an individual to a longer period of disqualification from licensure, to be determined by the commissioner.

(h) An individual with a criminal record who has not previously applied for licensure may petition the commissioner at any time for a determination of whether the individual’s criminal record will disqualify the individual from obtaining a license. This petition shall include sufficient details about the individual’s criminal record to enable the commissioner to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction. The commissioner shall provide the determination within 60 days of receiving the petition from the applicant. The commissioner may charge a fee to recoup its costs for each petition.

(i) Before approving an application for a license of an applicant who has less than one year’s experience in the proposed business governed by this article as a regulated entity in another state, or whose license has been suspended or revoked by another state, the commissioner may, in his or her discretion, conduct an on-site investigation of an applicant at the sole expense of the applicant and may require the applicant to pay a nonrefundable payment of the anticipated expenses for conducting the investigation.
123 Failure to make the payment or cooperate with the 
124 investigation is grounds for denying the application.

ARTICLE 13C. VIATICALSETLEMENTS ACT.  

§33-13C-3. License and bond requirements.  

(a)(1) A person may not operate as a viatical settlement

nonresident license issued in accordance with the provisions 
of §33-12-1 et seq. of this code may operate as a viatical

activities.  

(B) The insurer that issued the policy being viaticated is 
not responsible for any act or omission of a viatical

provider or viatical settlement broker in connection with the 
viatical settlement contract.  

(3) A person licensed as an attorney, certified public 
accountant, or financial planner accredited by a nationally 
recognized accreditation agency who is retained to represent

viatical settlement contracts on behalf of the viator without 
having to obtain a license as a viatical settlement broker.  

(b) Application for a viatical settlement provider or 
viatical settlement broker license and for renewals of the
licenses shall be made in the manner prescribed by the commissioner and shall be accompanied by fees established in legislative rules, including emergency rules, promulgated by the commissioner.

(1) The commissioner may not disqualify an applicant from initial licensure because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the activity requiring licensure. In determining whether a criminal conviction bears a rational nexus to a profession or occupation, the commissioner shall consider at a minimum:

(A) The nature and seriousness of the crime for which the individual was convicted;

(B) The passage of time since the commission of the crime;

(C) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the profession or occupation; and

(3) An individual with a criminal record who has not previously applied for licensure may petition the commissioner at any time for a determination of whether the individual’s criminal record will disqualify the individual from obtaining a license. This petition shall include sufficient details about the individual’s criminal record to enable the commissioner to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction. The commissioner shall provide the determination within 60 days of receiving the petition from the applicant. The commissioner may charge a fee to recoup its costs for each petition.

(c) The commissioner has the authority, at any time, to require the applicant to fully disclose the identity of all stockholders, partners, officers, members, and employees and the commissioner may, in the exercise of the commissioner’s discretion, refuse to issue a license in the name of a legal entity if not satisfied that any officer, employee, stockholder, partner, or member of the entity who may materially influence the applicant’s conduct meets the standards of this article.

(d) The commissioner shall make an investigation of each applicant and issue a license if the commissioner finds that the applicant:

Any surety bond issued pursuant to this subdivision shall be in the favor of this state and shall specifically authorize recovery by the commissioner on behalf of any person in this state who sustained damages as the result of erroneous acts, failure to act, conviction of fraud, or conviction of unfair practices by the viatical settlement provider or viatical settlement broker. The commissioner shall accept, as evidence of financial responsibility, proof that financial instruments in accordance with the requirements in this paragraph have been filed with a state in which the applicant is licensed as a viatical settlement provider or viatical settlement broker. The commissioner may ask for evidence of financial responsibility at any time he or she considers it necessary.

(5) If a legal entity has provided a certificate of good standing from the state of its domicile; and

(6) Has provided an antifraud plan that meets the requirements of §33-13C-14(g) of this code.
(e) The commissioner may not issue a license to a nonresident applicant unless the applicant files with the commissioner either a written designation of an agent for service of process or the applicant’s written irrevocable consent that any action against the applicant may be commenced against the applicant by service of process on the commissioner.

(f) A viatical settlement provider or viatical settlement broker shall provide to the commissioner new or revised information about officers, 10 percent or more stockholders, partners, directors, members, or designated employees within 30 days of the change.

A life insurance producer operating as a viatical settlement broker pursuant to subdivision (2), subsection (a) of this section is not subject to the requirements of this subsection. Any person failing to meet the requirements of this subsection is subject to the penalties imposed by the commissioner.

§33-13C-4. License revocation and denial.

(4) The licensee or any officer, partner, member, or key management personnel has been found guilty of, or has pleaded guilty or nolo contendere to, any felony, or to a misdemeanor involving fraud, regardless of whether a judgment of conviction has been entered by the court: Provided, That the commissioner shall apply §33-13C-3(b) of this code and any relevant legislative rules in determining whether an applicant’s prior criminal convictions bear a rational nexus to the license being sought;

(5) The viatical settlement provider has entered into any viatical settlement contract that has not been approved pursuant to this article;

(6) The viatical settlement provider has failed to honor contractual obligations set out in a viatical settlement contract;

(7) The licensee no longer meets the requirements for initial licensure;

(b) The commissioner may suspend, revoke, or refuse to renew the license of a viatical settlement broker or a life insurance producer operating as a viatical settlement broker pursuant to this article if the commissioner finds that the
viatical settlement broker or life insurance producer has violated the provisions of this article or has otherwise engaged in bad faith conduct with one or more viators.

(c) If the commissioner denies a license application or suspends, revokes, or refuses to renew the license of a viatical settlement provider, viatical settlement broker, or life insurance producer operating as a viatical settlement broker, the commissioner shall conduct a hearing in accordance with §33-2-13 of this code.

Be it enacted by the Legislature of West Virginia:

ARTICLE 32A. SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS COMPACT.

§30-32A-1. Purpose.

The purpose of this compact is to facilitate interstate practice of audiology and speech-language pathology with the goal of improving public access to audiology and speech-language pathology services. The practice of audiology and speech-language pathology occurs in the state where the patient, client, or student is located at the time of the patient, client, or student encounter. The compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure. This compact is designed to achieve the following objectives:
(1) Increase public access to audiology and speech-language pathology services by providing for the mutual recognition of other member state licenses;

(2) Enhance the state’s ability to protect the public’s health and safety;

(3) Encourage the cooperation of member states in regulating multistate audiology and speech-language pathology practice;

(4) Support spouses of relocating active duty military personnel;

(5) Enhance the exchange of licensure, investigative, and disciplinary information between member states;

(6) Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state’s practice standards; and

(7) Allow for the use of telehealth technology to facilitate increased access to audiology and speech-language pathology services.

As used in this compact, except as otherwise provided, the following definitions shall apply:

“Active duty military” means full-time duty status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211.

monitoring of the licensee, or restriction on the licensee’s practice.

“Alternative program” means a nondisciplinary monitoring process approved by an audiology or speech-language pathology licensing board to address impaired practitioners.

“Audiologist” means an individual who is licensed by a state to practice audiology.

“Compact privilege” means the authorization granted by a remote state to allow a licensee from another member state to practice as an audiologist or speech-language pathologist in the remote state under its laws and rules. The practice of audiology or speech-language pathology occurs in the member state where the patient, client, or student is located at the time of the patient, client, or student encounter.

“Current significant investigative information” means investigative information that a licensing board, after an inquiry or investigation that includes notification and an
opportunity for the audiologist or speech-language pathologist to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

“Data system” means a repository of information about licensees, including, but not limited to, continuing education, examination, licensure, investigation, compact privilege, and adverse action.

“Encumbered license” means a license in which an adverse action restricts the practice of audiology or speech-language pathology by the licensee and the adverse action has been reported to the National Practitioners Data Bank (NPDB).

“Rule” means a regulation, principle, or directive promulgated by the commission that has the force of law.

“Speech-language pathologist” means an individual who is licensed by a state to practice speech-language pathology.

“Speech-language pathology” means the care and services provided by a licensed speech-language pathologist as set forth in the member state’s statutes and rules.

“State” means any state, commonwealth, district, or territory of the United States of America that regulates the practice of audiology and speech-language pathology.

“State practice laws” means a member state’s laws, rules, and regulations that govern the practice of audiology or speech-language pathology, define the scope of audiology or speech-language pathology practice, and create the methods and grounds for imposing discipline.

“Telehealth” means the application of telecommunication, audio-visual, or other technologies that meets the applicable standard of care to deliver audiology or speech-language pathology services at a distance for assessment, intervention, or consultation.

(a) Upon the grant of the compact privilege, a license issued to an audiologist or speech-language pathologist by a home state to a resident in that state shall be recognized by each member state as authorizing an audiologist or speech-language pathologist to practice audiology or speech-language pathology, under a privilege to practice, in the member state where the licensee obtains this privilege.
(b) A state must implement or use procedures for considering the criminal history records of applicants for initial privilege to practice. These procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records.

(1) A member state must fully implement a criminal background check requirement, within a timeframe established by rule, by receiving the results of the Federal Bureau of Investigation record search on criminal background checks and using the results in making licensure decisions.

(2) Communication between a member state, the commission, and among member states regarding the verification of eligibility for licensure through the compact shall not include any information received from the Federal Bureau of Investigation relating to a federal criminal records check performed by a member state under Public Law 92-544.

(c) Upon application for a privilege to practice, the licensing board in the issuing remote state shall ascertain, through the data system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or privilege to practice held by the applicant, and whether any adverse action has been taken against any license or privilege to practice held by the applicant.

(d) Each member state shall require an applicant to obtain or retain a license in the home state and meet the home state’s qualifications for licensure or renewal of licensure, as well as all other applicable state laws.
(e) An audiologist:

(1) Must meet one of the following educational requirements:

(A) On or before, December 31, 2007, the applicant graduated with a master’s degree or doctorate in audiology, or equivalent degree regardless of degree name, from a program that is accredited by an accrediting agency recognized by the Council for Higher Education Accreditation, or its successor, or by the United States Department of Education, and operated by a college or university accredited by a regional or national accrediting organization recognized by the board;

(f) A speech-language pathologist:

(1) Must meet one of the following educational requirements:

The practice of audiology and speech-language pathology shall include all audiology and speech-language pathology practice as defined by the state practice laws of the member state in which the client is located. The practice of audiology and speech-language pathology in a member state under a privilege to practice shall subject an audiologist or speech-language pathologist to the jurisdiction of the licensing board, the courts, and the laws of the member state in which the client is located at the time service is provided.

(i) Individuals not residing in a member state shall continue to be able to apply for a member state’s single-state license as provided under the laws of each member state. However, the single-state license granted to these individuals shall not be recognized as granting the privilege to practice audiology or speech-language pathology in any other member state. Nothing in this compact affects the requirements established by a member state for the issuance of a single-state license.

(j) Member states may charge a fee for granting a compact privilege.

(k) Member states must comply with the bylaws and rules and regulations of the commission.

(a) To exercise the compact privilege under the terms and provisions of the compact, the audiologist or speech-language pathologist shall:

7. Report to the commission adverse action taken by any nonmember state within 30 days from the date the adverse action is taken.

(b) For the purposes of the compact privilege, an audiologist or speech-language pathologist may only hold one home state license at a time.

(c) Except as provided in §30-32A-6 of this code, if an audiologist or speech-language pathologist changes primary state of residence by moving between two member states, the audiologist or speech-language pathologist must apply for licensure in the new home state, and the license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(d) The audiologist or speech-language pathologist may apply for licensure in advance of a change in primary state of residence.
(e) A license shall not be issued by the new home state until the audiologist or speech-language pathologist provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

(f) If an audiologist or speech-language pathologist changes primary state of residence by moving from a member state to a nonmember state, the license issued by the prior home state shall convert to a single-state license, valid only in the former home state, and the privilege to practice in any member state is deactivated in accordance with the rules promulgated by the commission.

(g) The compact privilege is valid until the expiration date of the home state license. The licensee must comply with the requirements of subsection (a) of this section to maintain the compact privilege in the remote state.

(h) A licensee providing audiology or speech-language pathology services in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(i) A licensee providing audiology or speech-language pathology services in a remote state is subject to that state’s regulatory authority. A remote state may, in accordance with due process and that state’s laws, remove a licensee’s compact privilege in the remote state for a specific period of time, impose fines, or take any other necessary actions to protect the health and safety of its citizens.

(j) If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:

(1) The home state license is no longer encumbered; and

(2) Two years have elapsed from the date of the adverse action.
(k) Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of subsection (a) of this section to obtain a compact privilege in any remote state.

§30-32A-5. Compact privilege to practice telehealth.

(a) Member states shall recognize the right of an audiologist or speech-language pathologist, licensed by a home state in accordance with §30-32A-3 of this code and under rules promulgated by the commission, to practice audiology or speech-language pathology in any member state via telehealth under a privilege to practice as provided in the compact and rules promulgated by the commission.

(b) A licensee providing audiology or speech-language pathology services in a remote state under the compact privilege shall function within the laws and regulations of the state where the patient, client, or student is located.

§30-32A-6. Active duty military personnel or their spouses.

Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state.

(a) In addition to the other powers conferred by state law, a remote state may, in accordance with existing state due process law:

1. Take adverse action against an audiologist’s or speech-language pathologist’s privilege to practice within that member state; and
(2) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(b) Only the home state may take adverse action against an audiologist’s or speech-language pathologist’s license issued by the home state.

(c) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(d) The home state shall complete any pending investigations of an audiologist or speech-language pathologist who changes primary state of residence during the course of the investigation. The home state may also take appropriate action or actions and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(e) If otherwise permitted by state law, the home state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.
(f) The home state may take adverse action based on the factual findings of the remote state, provided that the home state follows its own procedures for taking the adverse action.

(g) Joint Investigations -

(1) In addition to the authority granted to a member state by its respective audiology or speech-language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(h) If adverse action is taken by the home state against an audiologist’s or speech-language pathologist’s license, the audiologist’s or speech-language pathologist’s privilege to practice in all other member states shall be suspended until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist’s or speech-language pathologist’s license shall include a statement that the audiologist’s or speech-language pathologist’s privilege to practice is deactivated in all member states during the pendency of the order.

(i) If a member state takes adverse action against a licensee, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state and any remote states in which the licensee has the privilege to practice of any adverse actions by the home state or remote states.

(j) Nothing in this compact shall override a member state’s decision that participation in an alternative program may be used in lieu of adverse action.

(a) The compact member states hereby create and establish a joint public agency known as the Audiology and Speech-Language Pathology Compact Commission:

1. The commission is an instrumentality of the compact states;

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. (10) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission are subject to the audit and accounting procedures established under its bylaws. (c) Investigative information pertaining to a licensee in any member state shall only be available to other member states.

(d) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state shall be available to any other member state.
(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

(a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(d) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 30 days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a Notice of Proposed Rulemaking:

(1) On the website of the commission or other publicly accessible platform; and

(j) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(k) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the compact and in this section are retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;
(2) Prevent a loss of commission or member state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision is subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney’s fees.

(3) The remedies in this section are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

§30-32A-12. Date of implementation of the interstate commission for audiology and speech-language pathology practice and associated rules, withdrawal, and amendment.

(a) The compact takes effect on the date on which the compact statute is enacted into law in the 10th member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(b) Any state that joins the compact subsequent to the commission’s initial adoption of the rules is subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission has the full force and effect of law on the day the compact becomes law in that state.

(c) Any member state may withdraw from this compact by enacting a statute repealing participation in this compact.

(1) A member state’s withdrawal shall not take effect until six months after enactment of the repealing statute.
(2) Withdrawal shall not affect the continuing requirement of the withdrawing state’s audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected. If this compact is held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

(a) Nothing in this article prevents the enforcement of any other law of a member state that is not inconsistent with the compact.
(b) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

c) All lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

d) All agreements between the commission and the member states are binding in accordance with their terms.

e) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

For purposes of this subdivision:

§20-18-4. Creation and administration of West Virginia Natural Resources Police Officers Retirement System; specification of actuarial assumptions.

There is hereby created the West Virginia Natural Resources Police Officers Retirement System. The purpose of this system is to provide for the orderly retirement of Natural Resources Police Officers who become superannuated because of age or permanent disability and to provide certain survivor death benefits, and it is contemplated that substantially all of the members of the retirement system shall be qualified public safety employees as defined in §20-18-2 of this code. The retirement system shall come into effect January 1, 2021: Provided, That if the number of members in the system are fewer than 100 on July 1, 2022, then all of the provisions of this article are void and of no force and effect, and memberships in the plan will be merged into the Public Employees Retirement System created in §5-10-1 et seq. of this code. The retirement system constitutes a body corporate. All business of the system shall be transacted in the name of the West Virginia Natural Resources Police Officers Retirement System. The board shall specify and adopt all actuarial assumptions for the plan at its first meeting of every calendar year or as soon thereafter as may be practicable, which assumptions shall become part of the plan.

§20-18-5. Article to be liberally construed; supplements federal social security; federal qualification requirements.

(a) The provisions of this article shall be liberally construed to provide a general retirement system for Natural Resources Police Officers eligible to retire under the provisions of this plan. Nothing in this article may be construed to permit the state to substitute this plan for federal social security now in force in West Virginia.

(b) The board shall administer the plan in accordance with its terms and may construe the terms and determine all questions arising in connection with the administration,
interpretation and application of the plan. The board may sue and be sued, contract and be contracted with and conduct all the business of the system in the name of the plan. The board may employ those persons it considers necessary or desirable to administer the plan. All start-up costs to modify the existing line of business computer system and all personnel salary, including benefits, shall be paid by the board from funds received by the board through gifts and bequests to the fund and any accretions and accumulations which may properly be paid into and become a part of the fund. The board may receive gifts and bequests for purposes of paying start-up costs as set forth in this subsection. The board shall administer the plan for the exclusive benefit of the members and their beneficiaries subject to the specific provisions of the plan.

(c) The plan is intended to meet the federal qualification requirements of Section 401(a) and related sections of the Internal Revenue Code as applicable to governmental plans. Notwithstanding any other provision of state law, the board shall administer the plan to fulfill this intent for the exclusive benefit of the members and their beneficiaries. Any provision of this article referencing or relating to these federal qualification requirements shall be effective as of the date required by federal law. The board may promulgate rules and amend or repeal conflicting rules in accordance with the authority granted to the board pursuant to §5-10D-1 of this code to assure compliance with the requirements of this section.

(a) Any Natural Resources Police Officer first employed in covered employment after the effective date of this article shall be a member of this retirement system and does not qualify for membership in any other retirement system administered by the board, so long as he or she remains employed in covered employment: Provided, That any Natural Resources Police Officer who has concurrent employment in an additional job or jobs which would
require the Natural Resources Police Officer to be a member of the West Virginia Deputy Sheriff Retirement System, West Virginia Municipal Police Officers and Firefighters Retirement System or the West Virginia Emergency Medical Services Retirement System shall participate in only one retirement system administered by the board, and the retirement system applicable to the concurrent employment for which the employee has the earliest date of hire shall prevail. The membership of any person in the plan ceases: (1) Upon the withdrawal of accumulated contributions after the cessation of service; (2) upon retirement; or (3) at death.

(b) Any Natural Resources Police Officer employed in covered employment on July 1, 2020, shall notify in writing both the Division of Natural Resources and the board no later than September 30, 2020, of his or her desire to become a member of the plan beginning January 2, 2021: Provided, That any Natural Resources Police Officer hired after July 1, 2020, but before January 2, 2021, shall make this required notification to the division and the board no later than 30 days from receipt of the notice required by §20-18-11 of this code or September 30, 2020, whichever is later. Any Natural Resources Police Officer who elects to become a member of the plan ceases to be an active member in the Public Employees Retirement System and shall continue to be ineligible for future membership in any other retirement system administered by the board so long as the Natural Resources Police Officer remains employed in covered employment in this plan; any Natural Resources Police Officer who does not affirmatively elect to become a member of the plan continues to be eligible for any other retirement system as is from time to time offered to other state employees but is ineligible for this plan regardless of any subsequent termination of employment and rehire.

(c) Any Natural Resources Police Officer employed in covered employment on the effective date of this article, who has timely elected to transfer into this plan as provided in subsection (b) of this section, shall be given credited
service at the time of transfer for all credited service then standing to the Natural Resources Police Officer service credit in the Public Employees Retirement System regardless of whether the credited service (as that term is defined in §5-10-2 of this code) was earned as a Natural Resources Police Officer. All the credited service standing to the transferring Natural Resources Police Officer’s credit in the Public Employees Retirement Fund System at the time of transfer into this plan shall be transferred into the plan created by this article, and the transferring Natural Resources Police Officer shall be given the same credit for the purposes of this article for all service transferred from the Public Employees Retirement System, as that transferring Natural Resources Police Officer would have received from the Public Employees Retirement System as if the transfer had not occurred. In connection with each transferring Natural Resources Police Officer receiving credit for prior employment as provided in this subsection, a transfer from the Public Employees Retirement System to this plan shall be made pursuant to the procedures described in §20-18-10 of this code: Provided, That a member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to subsection (b) of this section may not, after having transferred into and become an active member of this plan, reinstate to his or her credit in this plan any service credit relating to periods of non-Natural Resources Police Officer service which were withdrawn from the Public Employees Retirement System prior to his or her elective transfer into this plan.

(d) Any Natural Resources Police Officer who was employed as a Natural Resources Police Officer prior to the effective date of this article but was not employed as a Natural Resources Police Officer on the effective date of this article and has not commenced retirement under the Public Employees Retirement System, shall become a member upon rehire as a Natural Resources Police Officer. For purposes of this subsection, the member’s years of service and credited service prior to the effective date shall
not be counted for any purposes under this plan unless the
Natural Resources Police Officer has not received the return
of his or her accumulated contributions in the Public
Employees Retirement System pursuant to §5-10-30 of this
code. The member may request in writing within one year
of first becoming a member of the plan to have his or her
accumulated contributions and employer contributions from
covered employment in the Public Employees Retirement
System transferred to the plan. If the conditions of the
subsection are met, all years of the Natural Resources Police
Officer’s covered employment shall be counted as years of
service for the purposes of this article.

(e) Once made, the election provided in this section is
irrevocable. All Natural Resources Police Officers first
employed after the effective date and Natural Resources
Police Officers electing to become members as described in
this section shall be members as a condition of employment
and shall make the contributions required by §20-18-8 of
this code.

(f) Notwithstanding any other provisions of this article
to the contrary, any individual who is a leased employee is
not eligible to participate in the plan. For purposes of this
plan, a “leased employee” means any individual who
performs services as an independent contractor or pursuant
to an agreement with an employee leasing organization or
similar organization. If a question arises regarding the status
of an individual as a leased employee, the board has final
power to decide the question. Additionally, any individual
who is an Emergency Natural Resources Police Officer as
defined in §20-7-1(c) of this code, Special Natural
Resources Police Officer as defined in §20-7-1(d) of this
code, Forestry Special Natural Resources Police Officer as
defined in §20-7-1(e) of this code, or Federal Law
Enforcement Officer as defined in §20-7-1b of this code, is
not eligible to participate in the plan.

There is hereby created the “West Virginia Natural Resources Police Officer Retirement Fund” for the benefit of the members of the retirement system created pursuant to this article and the dependents of any deceased or retired member of the system.

(b) All moneys paid into and accumulated in the fund, except such amounts as are designated by the board for payment of benefits as provided in this article, shall be held in trust and invested in the consolidated pensions fund as administered by the state Investment Management Board as provided by law.

§20-18-8. Members’ contributions; employer contributions.

(a) There shall be deducted from the monthly salary of each member and paid into the fund an amount equal to nine and one-half percent of his or her monthly salary.

(b) An additional 12 percent of the monthly salary of each member shall be paid to the fund by the employer.

(c) If the board finds that the benefits provided by this article can be actuarially funded with a lesser contribution, then the board shall reduce the required member or employer contributions or both. The sums withheld each pay date shall be paid to the fund no later than 15 days following the end of the pay date.

(d) Any active member who has concurrent employment in an additional job or jobs and the additional employment requires the Natural Resources Police Officer to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to §5-10D-1 et seq. of this code shall make an additional contribution to the fund of eight and one-half percent of his or her monthly salary earned from any additional employment which requires the Natural Resources Police Officer to be a member of another retirement system which is administered by the Consolidated Public Retirement Board pursuant to §5-10D-1 et seq. of this code. An
additional employer contribution shall be paid to the fund by the concurrent employer for which the member is employed in an amount equal to 12 percent of his or her monthly salary. If the board finds that the benefits provided by this article can be funded with a lesser contribution, then the board shall reduce the required member, or employer contributions or both. The sums withheld each calendar month shall be paid to the fund no later than 15 days following the end of the calendar month.

§20-18-9. Correction of errors; underpayments; overpayments.

(a) General rule: Upon learning of errors, the board shall correct errors in the retirement plan in a timely manner whether the individual, division or board was at fault for the error with the intent of placing the affected individual, division and board in the position each would have been in had the error not occurred.

(b) Underpayments to the plan: Any error resulting in an underpayment to the plan may be corrected by the member or retirant remitting the required employee contribution or underpayment and the division remitting the required employer contribution or underpayment. Interest shall accumulate in accordance with the legislative rule 162 CSR 7 concerning retirement board refund, reinstatement, retroactive service, loan and correction of error interest factors and any accumulating interest owed on the employee and employer contributions or underpayments resulting from an employer error is the responsibility of the division. The division may remit total payment and the employee reimburse the division through payroll deduction over a period equivalent to the time period during which the employer error occurred. If the correction of an error involving an underpayment to the plan will result in the plan paying a retirant an additional amount, this additional payment may be made only after the board receives full payment of all required employee and employer contributions or underpayments, including interest.
(c) Overpayments to the plan by the division: When mistaken or excess employer contributions or other employer overpayments have been made to the plan, the board shall credit the division with an amount equal to the overpayment, to be offset against the employer’s future liability for employer contributions to the plan. If the division has no future liability for employer contributions to the retirement system, the board shall refund the erroneous contributions directly to the division. Earnings or interest may not be returned, offset or credited to the division under any of the means used by the board for returning employer overpayments made to the plan.

(d) Overpayments to the plan by an employee: When mistaken or excess employee contributions or overpayments have been made to the retirement system, the board has sole authority for determining the means of return, offset or credit to or for the benefit of the individual making the mistaken or excess employee contribution of the amounts, and may use any means authorized or permitted under the provisions of Section 401(a), et seq. of the Internal Revenue Code and guidance issued thereunder applicable to governmental plans. Alternatively, the board may require the division to pay the individual the amounts as wages, with the board crediting the division with a corresponding amount to offset against its future contributions to the plan. If the division has no future liability for employer contributions to the plan, the board shall refund said amount directly to the division: Provided, That the wages paid to the individual shall not be considered compensation for any purposes of this article. Earnings or interest shall not be returned, offset, or credited under any of the means used by the board for returning employee overpayments.

(e) Overpayments from the plan: If any error results in any member, retirant, beneficiary, the division or other individual receiving from the system more than he or she would have been entitled to receive had the error not occurred the board shall correct the error in a timely manner.
If correction of the error occurs after annuity payments to a retirant or beneficiary have commenced, the board shall prospectively adjust the payment of the benefit to the correct amount. In addition, the member, retirant, beneficiary, the division or other person who received the overpayment from the plan shall repay the amount of any overpayment to the plan in any manner permitted by the board. Interest shall not accumulate on any corrective payment made to the plan pursuant to this subsection.

(f) Underpayments from the plan: If any error results in any member, retirant, beneficiary, the division or other individual receiving from the plan less than he or she would have been entitled to receive had the error not occurred, the board, upon learning of the error, shall correct the error in a timely manner. If correction of the error occurs after annuity payments to a retirant or beneficiary have commenced, the board shall prospectively adjust the payment of the benefit to the correct amount. In addition, the board shall pay the amount of such underpayment to the member, retirant, beneficiary or other individual in a lump sum. Interest shall not be paid on any corrective payment made by the plan pursuant to this subsection.

(g) Eligibility errors: If the board finds that an individual is not eligible to participate, the board shall notify the individual and the division of the determination and terminate his or her participation in the plan. Any erroneous payments to the retirement system shall be returned to the division and individual in accordance with the methods described in subsections (c) and (d) of this section and any erroneous payments from the plan to such individual shall be returned to the plan in accordance with the methods described in subsection (e) of this section. Any erroneous service credited to the individual shall be removed. If the board determines that an individual has not been participating in the plan, but was eligible to and required to be participating in the plan, the board shall as soon as practicable notify the individual and the division of the
determination, and the individual shall prospectively commence participation in the plan as soon as practicable. Service credit for service prior to the date on which the individual prospectively commences participation in the plan shall be granted only if the board receives the required employer and employee contributions for such service, in accordance with subsection (b) of this section, including interest.

(h) Correction of errors occurring prior to transfer from Public Employee Retirement System. — If any errors requiring correction occurred prior to establishment of the plan created pursuant to this article or prior to the transfer of funds from the Public Employee Retirement System, into the plan, or both, the employer and member contributions, if any, required to be calculated in order to effect correction shall be based on the rates in effect for the retirement system under which such employer or member contributions would have been made had the error not occurred. For purposes of this subsection, “retirement system” means either the Public Employees Retirement System or the plan. The board shall have full discretion when applying this subsection (h), consistent with the general principles of subsection (a) of this section. The intent of any correction is to place the affected individual, division and board in the position in which each would have been had the error not occurred.

§20-18-10. Transfer from Public Employees Retirement System.

(a) The Consolidated Public Retirement Board shall, within 90 days of the effective date transfer assets from the Public Employees Retirement System trust fund into the West Virginia Natural Resources Police Officers Retirement trust fund.

(b) The amount of assets to be transferred for each transferring Natural Resources Police Officer shall be computed as of January 1, 2021, using the actuarial valuation assumptions in effect for July 1, 2020, actuarial
valuation of Public Employees Retirement System, and
updated with seven and one-half percent annual interest to
the date of the actual asset transfer. The market value of the
assets of the transferring Natural Resources Police Officer
in the Public Employees Retirement System shall be
determined as of the end of the month preceding the actual
transfer. To determine the computation of the asset share to
be transferred the board shall:

(1) Compute the market value of the Public Employees
Retirement System assets;

(2) Compute the accrued liability for all Public
Employees Retirement System retirees, beneficiaries,
disabled retirees and terminated inactive members;

(3) Reduce the market value of Public Employees
Retirement System assets by the accrued liability
determined in subdivision (2) of this subsection;

(4) Compute the entry age method accrued liability for
all active Public Employees Retirement System members;

(5) Compute the share of accrued liability as determined
pursuant to subdivision (4) of this subsection, that is
attributable to those Natural Resources Police Officers in
Public Employees Retirement System who have elected to
transfer to the plan;

(6) Compute the percentage of active’s accrued liability
computed to the Natural Resources Police Officers by
dividing subdivision (5) by subdivision (4) of this
subsection;

(7) Determine the asset share to be transferred from
Public Employees Retirement System to the plan by
multiplying subdivision (3) times subdivision (6) of this
subsection.

(c) Once a Natural Resources Police Officer has elected
to transfer from the Public Employees Retirement System,
transfer of that amount as calculated in accordance with the provisions of subsection (b) of this section by the Public Employees Retirement System shall operate as a complete bar to any further liability to the Natural Resource Police Officer transferring from the Public Employees Retirement System, and constitutes an agreement whereby the transferring Natural Resources Police Officer forever indemnifies and holds harmless the Public Employees Retirement System from providing him or her any form of retirement benefit whatsoever until such time as that Natural Resources Police Officer obtains other employment which would make him or her eligible to reenter the Public Employees Retirement System with no credit whatsoever for the amounts transferred to the Natural Resources Police Officer retirement system.

(a) The Division of Natural Resources shall prepare a written notice no later than August 1, 2020, to be delivered to each Natural Resources Police Officer actively employed by the division: Provided, That the division shall also deliver this notice on the first day of employment to any Natural Resources Police Officer hired after July 1, 2020, but before January 2, 2021. This notice shall clearly and accurately explain the benefits, financial implications and consequences to a Natural Resources Police Officer of electing to participate in the retirement plan created in this article, including the consequences and financial implications in regard to the benefits under the public employees insurance plan as set forth in §5-16-1 et seq. of this code. This notice shall be distributed to each Natural Resources Police Officer and the West Virginia Division of Natural Resources shall obtain a signed receipt from each Natural Resources Police Officer acknowledging that the Natural Resources Police Officer was provided a copy of the notice required in this subsection. If a Natural Resources Police Officer makes the election provided for in §20-18-6 of this code, he or she shall be considered to have made a
voluntary, informed decision in regard to the election to participate in the retirement system created in this article.

(b) Nothing in this section may be construed to alter, affect or change any of the rights and benefits of any Natural Resources Police Officer who has insurance coverage under §5-16-1 et seq. of this code as a result of being a spouse or dependent of a participant who is the primary insured under §5-16-1 et seq. of this code.

c) Nothing contained in this section may be construed to affect or pertain to any life insurance coverage under §5-16-1 et seq. of this code.

A member may retire and commence to receive retirement income payments on the first day of the calendar month following the board’s receipt of the member’s voluntary written application for retirement or the required beginning date, if earlier. Before receiving retirement income payments, the member shall have ceased covered employment and reached normal retirement age. The retirement income payments shall be in an amount as provided under §20-18-18 of this code: Provided, That retirement income payments under this plan shall be subject to the provisions of this article. Upon receipt of a request for estimation of benefits, the board shall promptly provide the member with an explanation of his or her optional forms of retirement benefits and the estimated gross monthly annuity. Upon receipt of properly executed retirement application forms from the member, the board shall process the member’s request and commence payments as soon as administratively feasible.

Notwithstanding any other provision of this article or state law, the board shall administer the retirement system in compliance with the limitations of Section 415 of the Internal Revenue Code and regulations under that section,
to the extent applicable to governmental plans (hereafter sometimes referred to as the “415 limitation(s)” or “415 dollar limitation(s)”), so that the annual benefit payable under this system to a member may not exceed those limitations. Any annual benefit payable under this system shall be reduced or limited, if necessary, to an amount which does not exceed those limitations. The extent to which any annuity or other annual benefit payable under this retirement system shall be reduced, as compared to the extent to which an annuity, contributions or other benefits under any other defined benefit plans or defined contribution plans required to be taken into consideration under Section 415 of the Internal Revenue Code shall be reduced, shall be proportional on a percentage basis to the reductions made in such other plans administered by the board and required to be so taken into consideration under Section 415, unless a disproportionate reduction is determined by the board to maximize the aggregate benefits payable to the member. If the reduction is under this retirement system, the board shall advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the “limitation year” shall be the calendar year. The 415 limitations are incorporated herein by reference, except to the extent the following provisions may modify the default provisions thereunder:

(a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code which become effective: (i) After a retirant’s severance from employment with the employer; or (ii) after the annuity starting date in the case of a retirant who has already commenced receiving benefits, shall apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s annual benefit payable in any limitation year from this retirement system may not be greater than the limit applicable at the annuity
starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code and the regulations thereunder.

(b) For purposes of this section, the “annual benefit” means a benefit that is payable annually in the form of a straight life annuity. Except as provided below, where a benefit is payable in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent straight life annuity that begins at the same time as such other form of benefit, using factors prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the member’s benefit were paid in another form; (2) benefits that are not directly related to retirement benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides that the amount payable under the form of benefit in any limitation year shall not exceed the limits of this article applicable at the annuity starting date, as increased in subsequent years pursuant to Section 415(d) of the Internal Revenue Code. For this purpose, an automatic benefit increase feature is included in a form of benefit if the form of benefit provides for automatic, periodic increases to the benefits paid in that form.

(c) Adjustment for benefit forms not subject to Section 417(e)(3). — The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is either: (1) A nondecreasing annuity (other than a straight life annuity) payable for a period of
not less than the life of the member (or, in the case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an annuity that decreases during the life of the member merely because of: (i) The death of the survivor annuitant (but only if the reduction is not below 50 percent of the benefit payable before the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member’s form of benefit; and (II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

(d) Adjustment for benefit forms subject to Section 417(e)(3). — The straight life annuity that is actuarially equivalent to the member’s form of benefit shall be determined under this subsection if the form of the member’s benefit is other than a benefit form described in subdivision (c) of this section. The actuarially equivalent straight life annuity shall be determined as follows: The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using the interest rate specified in this retirement system and the mortality table (or other tabular factor) specified in this retirement system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity commencing at the same annuity starting date; and (3) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member’s form of benefit, computed using a five percent interest rate assumption and the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.
starting date that has the same actuarial present value as the
member’s form of benefit, computed using a five and a half
percent interest rate assumption and the applicable mortality
table defined in Treasury Regulation §1.417(e)-1(d)(2)
(Revenue Ruling 2001-62 or any subsequent Revenue
Ruling modifying the applicable provisions of Revenue
Ruling 2001-62) for that annuity starting date; and (3) the
annual amount of the straight life annuity commencing at
the same annuity starting date that has the same actuarial
present value as the member’s form of benefit, computed
using the applicable interest rate defined in Treasury
Regulation §1.417(e)-1(d)(3) and the applicable mortality
table defined in Treasury Regulation §1.417(e)-1(d)(2) (the
mortality table specified in Revenue Ruling 2001-62 or any
subsequent Revenue Ruling modifying the applicable
provisions of Revenue Ruling 2001-62), divided by 1.05.

(e) Benefits payable prior to age 62:

(1) Except as provided in paragraphs (2) and (3) of this
subdivision, if the member’s retirement benefits become
payable before age 62, the 415 dollar limitation prescribed
by this section shall be reduced in accordance with
regulations issued by the Secretary of the Treasury pursuant
to the provisions of Section 415(b) of the Internal Revenue
Code, so that the limitation (as so reduced) equals an annual
straight life benefit (when the retirement income benefit
begins) which is equivalent to an annual benefit in the
amount of the applicable dollar limitation of Section
415(b)(1)(A) of the Internal Revenue Code (as adjusted
pursuant to Section 415(d) of the Internal Revenue Code)
beginning at age 62.

(2) The limitation reduction provided in paragraph (1)
of this subdivision may not apply if the member
commencing retirement benefits before age 62 is a qualified
participant. A qualified participant for this purpose is a
participant in a defined benefit plan maintained by a state,
or any political subdivision of a state, with respect to whom
the service taken into account in determining the amount of
the benefit under the defined benefit plan includes at least 15 years of service: (i) As a full-time employee of any police or fire department organized and operated by the state or political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting services or emergency medical services for any area within the jurisdiction of such state or political subdivision; or (ii) as a member of the armed forces of the United States.

(3) The limitation reduction provided in paragraph (1) of this subdivision is not applicable to preretirement disability benefits or preretirement death benefits.

(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before age 62 or after age 65 (if the plan provides for such adjustment), no adjustment is made to reflect the probability of a member’s death: (i) After the annuity starting date and before age 62; or (ii) after age 65 and before the annuity starting date.

(f) Adjustment when member has less than 10 years of participation. — If a member has less than 10 years of participation in the retirement system (within the meaning of Treasury Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying the otherwise applicable limitation by a fraction, the numerator of which is the number of years of participation in the plan (or one, if greater), and the denominator of which is 10. This adjustment is not applicable to preretirement disability benefits or preretirement death benefits.

(g) The application of the provisions of this section may not cause the maximum annual benefit provided to a member to be less than the member’s accrued benefit as of December 31, 2008 (the end of the limitation year that is immediately prior to the effective date of the final regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under provisions of the
retirement system that were both adopted and in effect before April 5, 2007, provided that these provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If additional benefits are accrued for a member under this retirement system after January 1, 2009, then the sum of the benefits described under the first sentence of this subsection and benefits accrued for a member after January 1, 2009, shall satisfy the requirements of Section 415, taking into account all applicable requirements of the final 415 Treasury Regulations.

1 The requirements of this section apply to any distribution of a member’s or beneficiary’s interest and take precedence over any inconsistent provisions of this plan. This section applies to plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the contrary, the payment of benefits under this article shall be determined and made in accordance with Section 401(a)(9) of the Internal Revenue Code and the federal regulations promulgated thereunder as applicable to governmental plans. Any term used in this article has the same meaning as when used in a comparable context in Section 401(a)(9) of the Internal Revenue Code and the federal regulations promulgated thereunder unless a different meaning is clearly required by the context or definition in this article. The following provisions apply to payments of benefits required under this article:

(a) The payment of benefits under the plan to any member shall be distributed to him or her not later than the required beginning date, or be distributed to him or her commencing not later than the required beginning date, in accordance with regulations prescribed under Section 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her
beneficiary or over a period not extending beyond the life expectancy of the member and his or her beneficiary: 

Provided, That the requirements of this section may not be construed to grant a right to a form of benefit which is not otherwise available to a particular member under this retirement system. Benefit payments under this section may not be delayed pending, or contingent upon, receipt of an application for retirement from the member.

(b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the plan has been distributed, then the remaining portion of that interest shall be distributed at least as rapidly as under the method of distribution being used at the date of his or her death.

(c) If a member dies before distribution to him or her has commenced, then his or her entire interest in the retirement system is to be distributed by December 31 of the calendar year containing the fifth anniversary of the member’s death, unless the provisions of subsection (d) of this section apply.

(d) If a member dies before distribution to him or her has commenced, and the member’s interest is eligible to be paid in the form of a survivor annuity to a designated beneficiary, distributions are to be made over the life of that beneficiary or over a period certain not greater than the life expectancy of that beneficiary, commencing on or before the following:

(1) December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s sole designated beneficiary is either the surviving spouse or a former spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100 percent of the survivor benefit, distributions are to commence on or before the later of:
(A) December 31 of the calendar year in which the member would have attained age 72; or

(B) December 31 of the calendar year immediately following the calendar year in which the member died.

e) If a member dies before distribution to him or her has commenced and the survivor annuity provisions of subsection (d) of this section are not applicable, any designated beneficiary who is eligible to receive a distribution pursuant to the provisions of subsection (c) of this section may elect to have life expectancy treatment apply to the distribution for purposes of determining whether any portion of the distribution is an eligible rollover distribution: Provided, That any such election may not delay the required distribution of the deceased member’s entire interest in the retirement system beyond December 31 of the calendar year containing the fifth anniversary of the member’s death as required by subsection (c) of this section: Provided, however, That the election is timely made in a form acceptable to the board on or before the following:

(1) December 31 of the calendar year immediately following the calendar year in which the member died; or

(2) If the member’s sole designated beneficiary is either the surviving spouse or a former spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100 percent of the survivor benefit, election of life expectancy treatment must be made on or before the earlier of (A) or (B) below:

(A) The later of: (i) December 31 of the calendar year immediately following the calendar year in which the member died; or (ii) December 31 of the calendar year in which the member would have attained age 72; or

(B) October 31 of the calendar year containing the fifth anniversary of the member’s death.

Except where otherwise stated, this section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise limit a distributee’s election under this plan, a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section, the following definitions apply:

(1) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include any of the following: (A) Any distribution that is one of a series of substantially equal periodic payments not less frequently than annually made for the life or life expectancy of the distributee or the joint lives or the joint life expectancies of the distributee and the distributee’s designated beneficiary, or for a specified period of 10 years or more; (B) any distribution to the extent the distribution is required under Section 401(a)(9) of the Internal Revenue Code; (C) the portion of any distribution that is not includable in gross income determined without regard to the exclusion for net unrealized appreciation with respect to employer securities; (D) any hardship distribution described in Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31, 2001, a portion of a distribution may not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, this portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before January 1, 2007) to a qualified trust which is part of a defined contribution plan described in Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to an annuity contract described in Section 403(a) or (b) of the Internal...
Revenue Code that agrees to separately account for amounts transferred (including interest or earnings thereon), including separately accounting for the portion of the distribution which is includable in gross income and the portion of the distribution which is not so includable, or (for taxable years beginning after December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.

(2) “Eligible retirement plan” means an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue Code or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts the distributee’s eligible rollover distribution: Provided, That in the case of an eligible rollover distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity. For distributions after December 31, 2001, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into the plan from this system. For distributions after December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A of the Internal Revenue Code: Provided, That in the case of an eligible rollover distribution after December 31, 2007, to a designated beneficiary (other than a surviving spouse) as that term is defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited to an individual retirement account or individual retirement annuity which meets the conditions of Section 402(c)(11) of the Internal Revenue Code.
(3) “Distributee” means an employee or former employee. In addition, the employee’s or former employee’s surviving spouse and the employee’s or former employee’s spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees with regard to the interest of the spouse or former spouse. For distributions after December 31, 2007, “distributee” also includes a designated beneficiary (other than a surviving spouse) as such term is defined in Section 402(c)(11) of the Internal Revenue Code.

(4) “Direct rollover” means a payment by the plan to the eligible retirement plan.

§20-18-16. Rollovers and transfers to purchase service credit or repay withdrawn contributions.

(a) This section applies to rollovers and transfers as specified in this section made on or after January 1, 2002. Notwithstanding any provision of this article to the contrary that would otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall accept the following rollovers and plan transfers on behalf of a member solely for the purpose of purchasing permissive service credit, in whole or in part, as otherwise provided in this article or for the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a previous forfeiture of service credit as otherwise provided in this article: (i) One or more rollovers within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual retirement account described in Section 408(a) of the Internal Revenue Code or from an individual retirement annuity described in Section 408(b) of the Internal Revenue Code; (ii) one or more rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section 403(b) of the Internal Revenue Code; (iii) one or more rollovers described in
Section 457(e)(16) of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal Revenue Code: *Provided*, That any rollovers or transfers pursuant to this section shall be accepted by the system only if made in cash or other asset permitted by the board and only in accordance with such policies, practices and procedures established by the board from time to time. For purposes of this article, the following definitions and limitations apply:

(1) “Permissive service credit” means service credit which is permitted to be purchased under the terms of the retirement system by voluntary contributions in an amount which does not exceed the amount necessary to fund the benefit attributable to the period of service for which the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal Revenue Code: *Provided*, That no more than five years of “nonqualified service credit”, as defined in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service credit allowed to be purchased (other than by means of a rollover or plan transfer), and no nonqualified service credit may be included in any such purchase (other than by means of a rollover or plan transfer) before the member has at least five years of participation in the retirement system.

(2) “Repayment of withdrawn or refunded contributions” means the payment into the retirement system of the funds required pursuant to this article for the reinstatement of service credit previously forfeited on account of any refund or withdrawal of contributions permitted in this article, as set forth in Section 415(k)(3) of the Internal Revenue Code.
(3) Any contribution (other than by means of a rollover or plan transfer) to purchase permissive service credit under any provision of this article must satisfy the special limitation rules described in Section 415(n) of the Internal Revenue Code, and shall be automatically reduced, limited, or required to be paid over multiple years if, necessary, to ensure such compliance. To the extent any such purchased permissive service credit is qualified military service within the meaning of Section 414(u) of the Internal Revenue Code, the limitations of Section 415 of the Internal Revenue Code shall be applied to such purchase as described in Section 414(u)(1)(B) of the Internal Revenue Code.

(4) For purposes of Section 415(b) of the Internal Revenue Code, the annual benefit attributable to any rollover contribution accepted pursuant to this section shall be determined in accordance with Treasury Regulation §1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity payments attributable to any rollover contribution provided under the retirement system over the annual benefit so determined shall be taken into account when applying the accrued benefit limitations of Section 415(b) of the Internal Revenue Code and §20-18-13 of this code.

(b) This section does not permit rollovers or transfers into this system or any other system administered by the retirement board other than as specified in this section and no rollover or transfer may be accepted into the system in an amount greater than the amount required for the purchase of permissive service credit or repayment of withdrawn or refunded contributions.

(c) This section does not permit the purchase of service credit or repayment of withdrawn or refunded contributions except as otherwise permitted in this article.

§20-18-17. Conversion of annual and sick leave authorized for health or retirement benefits.
(a) Any member, who was a member of the Public Employee Retirement System prior to July 1, 2015, and who elected to become a member of this plan pursuant to §20-18-6 of this code and who has accrued annual leave or sick leave days with the division may elect to use the days at the time of retirement to acquire additional credited service in this retirement system. The accrued days shall be applied on the basis of two workdays credit granted for each one day of such accrued annual or sick leave days, with each month of retirement service credit to equal 20 workdays and with any remainder of 10 workdays or more to constitute a full month of additional credit and any remainder of less than 10 workdays to be dropped and not used. Additional service credited pursuant to the provisions of this section shall be allowed and not deemed to controvert the requirement of no more than 12 months credited service in any year’s period.

(b) Nothing in this article may be construed to change a member’s eligibility to use accrued annual or sick leave days for extended insurance coverage as authorized pursuant to the provisions of §5-16-13 of this code. Any use of accrued annual or sick leave days for extended insurance coverage shall be as authorized by the provisions of §5-16-13 of this code.

This section provides for a member’s accrued benefit payable starting at the member’s annuity starting date which follows the completion of a written application for the commencement of benefits. The member shall receive the accrued retirement benefit in the normal form or in an actuarial equivalent amount in an optional form as provided under §20-18-19 of this code, subject to reduction, if necessary to comply with the maximum benefit provisions of Section 415 of the Internal Revenue Code and §20-18-13 of this code. The first day of the calendar month following the calendar month of birth shall be used in lieu of any birth date that does not fall on the first day of a calendar month.
Normal retirement. — A member whose annuity starting date is the date the member attains normal retirement age or later is entitled to his or her accrued retirement benefit based on years of service and final average salary at termination of employment.

(b) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the retirement income payments elected and at those times established by the board.

(a) Prior to the effective date of retirement, but not thereafter, except as provided in subsection (c) of this section, a member may elect to receive retirement income payments in the normal form, or the actuarial equivalent of the normal form from the following options:

(1) Joint and Survivor Annuity. — A life annuity payable during the joint lifetime of the retirant and his or her beneficiary who is a natural person with an insurable interest in the retirant’s life. Upon the death of the retirant, the benefit shall continue as a life annuity to the survivor in an amount equal to 50 percent, 66 and two-thirds percent, 75 percent, or 100 percent of the amount paid while both were living as selected by the member. If the beneficiary dies first, the monthly amount of benefits may not be reduced, but shall be paid at the amount that was in effect before the death of the beneficiary. If the retiring member is married, the spouse shall sign a waiver of benefit rights if the beneficiary is to be other than the spouse.

(2) Ten Years Certain and Life Annuity. — A life annuity payable during the retirant’s lifetime but in any event for a minimum of 10 years. If the retirant’s dies before the expiration of 10 years, the remaining payments shall be made to a designated beneficiary, if any, or otherwise to the member’s estate.
(3) Level Income Annuity. — A life annuity payable monthly in an increased amount “A” from the time of retirement until the member is Social Security retirement age, and then a lesser amount “B” payable for the retirant’s lifetime thereafter, with these amounts computed actuarially to satisfy the following two conditions:

(A) Actuarial equivalence. — The actuarial present value at the date of retirement of the retirant’s annuity if taken in the normal form must equal the actuarial present value of the term life annuity in amount “A” plus the actual present value of the deferred life annuity in amount “B”; and

(B) Level income. — The amount “A” equals the amount “B” plus the amount of the retirant’s estimated monthly Social Security primary insurance amount that would commence at the date amount “B” becomes payable. For this calculation, the primary insurance amount is estimated when the member applies for retirement, using Social Security law then in effect, using assumptions established by the board.

(b) If a retirant who has elected the options set forth in subdivision (1), subsection (a) of this section, whose beneficiary dies prior to the retirant’s death, the retirant may name an alternative beneficiary. If an alternative beneficiary is named within 18 months following the death of the prior beneficiary, the benefit shall be adjusted to be the actuarial equivalent of the benefit the retirant is receiving just after the death of the retirant’s named beneficiary. If the election is not made until 18 months after the death of the prior beneficiary, the amount shall be reduced so that it is only 90 percent of the actuarial equivalent of the benefit the retirant is receiving just after the death of the retirant’s named beneficiary.

(c) (1) If a retirant who has elected an option set forth in subdivision (1), subsection (a) of this section, designated his or her spouse as beneficiary, upon divorce or annulment, the retirant may elect to change the retirement benefit
options offered by those subdivisions to a life annuity in an amount adjusted on a fair basis to be of equal actuarial value of the annuity prospectively in effect relative to the retirant at the time the option is elected: Provided, That the retirant furnishes to the board satisfactory proof of entry of a final decree of divorce or annulment: Provided, however, That the retirant certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce or other court order that would restrict the election is in effect: Provided further, That no cause of action against the board arises or may be maintained on the basis of having permitted the retirant to change the retirement benefit option pursuant to the provisions of this subdivision.

(2) Upon remarriage, a retirant may name the new spouse as an annuitant for any of the retirement benefit options offered by subdivision (1), subsection (a) of this section: Provided, That the retirant shall furnish to the board proof of marriage: Provided, however, That the retirant certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce or other court order that would restrict the designation is in effect: Provided further, That no cause of action against the board arises or may be maintained on the basis of having permitted the retirant to name a new spouse as annuitant for any of the survivorship retirement benefit options. The value of the new survivorship annuity shall be the actuarial equivalent of the retirant’s benefit prospectively in effect at the time the new annuity is elected.

§20-18-20. Refunds to certain members upon discharge or resignation; deferred retirement; forfeitures.

(a) Any member who terminates covered employment and is not eligible to receive disability or retirement income benefits under this article is, by written request filed with the board, entitled to receive from the fund the member’s accumulated contributions. Except as provided in subsection (b) of this section, upon withdrawal the member
shall forfeit his or her accrued benefit and cease to be a member.

(b) Any member of this plan who ceases employment in covered employment and active participation in this plan, and who thereafter becomes reemployed in covered employment may not receive any credited service for any prior withdrawn accumulated contributions from either this plan or the Public Employees Retirement System relating to the prior covered employment unless following his or her return to covered employment and active participation in this plan, the member redeposits in this plan the amount of the withdrawn accumulated contributions submitted on salary earned while a Natural Resources Police Officer, together with interest on the accumulated contributions at the rate determined by the board from the date of withdrawal to the date of redeposit. Upon repayment he or she shall receive the same credit on account of his or her former service in covered employment as if no refund had been made. The repayment authorized by this subsection shall be made in a lump sum within 60 months of the Natural Resources Police Officer’s reemployment in covered employment or if later, within 60 months of the effective date of this article.

Upon repayment 54 he or she shall receive the same credit for his or her former 55 service in covered employment as if no refund had been 56 made. The repayment required by this subsection shall be 57 made in a lump sum within 60 months of the Natural 58 Resource Police Officers reemployment in covered 59 employment.

(e) Every member who completes 120 months of 60 covered employment is eligible, upon cessation of covered 61 employment, to either withdraw his or her accumulated 62 contributions in accordance with subsection (a) of this 63 section, or to choose not to withdraw his or her accumulated 64 contribution and to receive retirement income payments 65 upon attaining normal retirement age.

The costs may include hospital, laboratory, X ray, medical, and physicians’ fees. A report of the findings of any physician shall be submitted in writing to the board for its consideration. If, from the report, independent information, or from the report and any hearing on the report, the board is of the opinion and finds that: (1) The member has become reemployed as a law-enforcement officer; (2) two physicians who have examined the member have found that considering the opportunities for law enforcement in West Virginia, the member could be so employed as a Natural Resources Police Officer; or (3) other facts exist to demonstrate that the member is no longer totally disabled or partially disabled as the case may be, then the disability benefits shall cease. If the member was totally disabled and is found to have recovered, the board shall determine whether the member continues to be partially disabled. (b) Benefits for a surviving spouse received under this section, §20-18-27 and §20-18-28 of this code, are in lieu of receipt of any other benefits under this article for the spouse, or any other person, or under the provisions of any other state retirement system based upon the member’s covered employment.

31 $7,500 per year, shall be paid from the fund to any higher
32 education institution in this state, career-technical education
33 provider in this state, or other entity in this state approved
34 by the board, to offset the expenses of tuition, room and
35 board, books, fees or other costs incurred in a course of
36 study at any of these institutions so long as the recipient
37 makes application to the board on an approved form and
38 under such rules as the board may provide, and maintains
39 scholastic eligibility as defined by the institution or the
40 board. The board may propose legislative rules for
41 promulgation in accordance with §29A-3-1 et seq. of this
42 code which define age requirements, physical and mental
43 requirements, scholastic eligibility, disbursement methods,
44 institutional qualifications and other requirements as

47 to division or payable to an alternate payee by any Qualified
48 Domestic Relations Order.

1 Any member who dies as a result of any service related
2 illness or injury after the effective date is entitled to a lump
3 sum burial benefit of $5,000. If the member is married, the
4 burial benefit shall be paid to the member’s spouse. If the
5 member is not married, the burial benefit shall be paid to the
6 member’s estate for the purposes of paying burial expenses,
7 settling the member’s final affairs, or both. Any unspent
8 balance shall be distributed as a part of the member’s estate.
9 Burial benefits awarded pursuant to this section are not
10 subject to division or payable to an alternate payee by any

3 the death of two or more members to whom the spouse was
married. Any spouse who becomes eligible for a subsequent death benefit under this article while receiving a death benefit under this article shall receive the higher benefit, but not both.

§20-18-30. Return to covered employment by retired member.

The annuity of any member who retires under the provisions of this article and who resumes service in covered employment shall be suspended while the member continues in covered employment. The monthly annuity payment for the month in which the service resumes shall be prorated to the date of commencement of service, and the member shall again become a contributing member during resumption of service. At the conclusion of resumed service in covered employment the member shall have his or her annuity recalculated to take into account the entirety of service in covered employment.

§20-18-31. Exemption from garnishment and other process; exception for certain qualified domestic relations orders.

The moneys in the fund and the right of a member, spouse or other beneficiary to benefits under this article, to the return of contributions, or to any retirement, death, or disability payments under the provisions of this article are not subject to execution, garnishment, attachment, or any other process whatsoever with the exception that the benefits or contributions under the system shall be subject to “qualified domestic relations orders” as that term is defined in Section 414(p) of the Internal Revenue Code with respect to governmental plans, and are unassignable except as is provided in this article.

(2) That he or she substantiates by appropriate documentation or evidence his or her period of active military duty; and

(3) That he or she is receiving no benefits from any other retirement system for his or her active military duty.

(b) In addition, any member who while in covered employment was commissioned, enlisted or inducted into the armed forces of the United States or, being a member of the reserve officers’ corps, was called to active duty in the armed forces between September 1, 1940, and the close of hostilities in World War II, or between the June 27, 1950, and the close of the armed conflict in Korea on July 27, 1953, between August 1, 1964, and the close of the armed conflict in Vietnam, or during any other period of armed conflict by the United States whether sanctioned by a declaration of war by Congress or by executive or other order of the President, is entitled to and shall receive credited service, for a period equal to the full time that he or she has or, pursuant to that commission, enlistment,

(e) Notwithstanding the preceding provisions of this section, contributions, benefits, and service credit with respect to qualified military service shall be provided in accordance with Section 414(u) of the Internal Revenue Code. For purposes of this section, “qualified military service” has the same meaning as in Section 414(u) of the Internal Revenue Code. The retirement board is authorized to determine all questions and make all decisions relating to this section and, pursuant to the authority granted to the retirement board in §5-10D-1 of this code, may promulgate rules relating to contributions, benefits and service credit to comply with Section 414(u) of the Internal Revenue Code.

For purposes of this section, no minor less than 16 years of age shall be considered mature. Nothing in this article shall be interpreted to conflict with the provisions of the Child Abuse Prevention and Treatment Act and implementing regulations at 45 CFR 1340. inspections.

Notwithstanding any other provision of this article, a
periodic license inspection shall not be conducted by the

during the year following accreditation if a hospital applies by submitting evidence of its accreditation by the Joint Commission on Accreditation of Health Care Organizations or the American Osteopathic Association, or any accrediting organization approved by the Centers for Medicare and Medicaid Services, and submits a complete copy of the accrediting organization’s accreditation report.

enforcement officer by any West Virginia law-enforcement agency or by any state institution of higher education or by a hospital or by the Public Service Commission of West Virginia on or after the effective date of this article unless the person is certified, or is certifiable in the manner specified in subsection (c) of this section, by the subcommittee as having met the minimum entry level law-enforcement qualification and training program requirements promulgated pursuant to this article: Provided, That the provisions of this section do not apply to persons hired by the Public Service Commission as motor carrier inspectors and weight enforcement officers before July 1, 2007.

(b) Except as provided in subsection (e) of this section, a person who is not certified, or certifiable in the manner specified in subsection (c) of this section, may be conditionally employed as a law-enforcement officer until certified: Provided, That within 90 calendar days of the commencement of employment or the effective date of this article, if the person is already employed on the effective date, he or she makes a written application to attend an approved law-enforcement training academy and that the person satisfactorily completes the approved law-enforcement training academy within 18 consecutive months of the commencement of his or her employment: Provided, however, That the subcommittee may grant an extension, one-time only, not to exceed six months, based upon a written request from the person justifying the need for such an extension: Provided further, That the subcommittee, in its sole discretion, may grant an additional extension upon demonstration of a hardship warranting it. The person’s employer shall provide notice, in writing, of the 90-day deadline to file a written application to the academy within 30 calendar days of that person’s commencement of employment. The employer shall provide full disclosure as to the consequences of failing to file a timely written application. Any applicant who, as the result of extenuating circumstances acceptable to his or her employing law-enforcement official, is unable to attend the scheduled training program to which he or she was admitted may reapply and shall be admitted to the next regularly scheduled training program. One year after the effective date of this section, certification as a law-enforcement officer within this state of persons who are not certifiable as provided in subsection (c) of this section shall, in addition to graduation from an established academy in the state, be based on: Current employment as a sworn law-enforcement officer by any West Virginia law-enforcement agency or any state institution of higher education or the Public Service Commission; and the person’s successful completion of an approved entry level law-enforcement examination established by legislative rule of the subcommittee, which shall include, at a minimum, written testing requirements, medical standards, physical standards, and good moral character standards conducted in accordance with such rule. The production of a record of successful passage of the approved entry level law-enforcement examination shall indicate the applicant as qualified under the law-enforcement training and certification standards within this state. An applicant who satisfactorily completes the program and successfully passes the approved entry level law-enforcement examination shall, within 30 days of completion, make written application to the subcommittee requesting certification as having met the minimum entry level law-enforcement qualification and training program requirements. Upon determining that an applicant has met the requirements for certification as set forth in this section, the subcommittee shall forward to the applicant documentation of certification. An applicant who fails to complete the training program to which he or she is first admitted, or was admitted upon reapplication, or who fails to pass the approved entry level law-enforcement examination, may not be certified by the subcommittee: And provided further, That an applicant who has completed
the minimum training and examination required by the subcommittee may be certified as a law-enforcement officer, notwithstanding the applicant’s failure to complete additional training hours required in the training program to which he or she originally applied. If more than 24 months but less than 60 months have passed since the applicant for certification has successfully completed the approved entry level law-enforcement examination, the person may be certified but must complete the additional training set forth in legislative rules promulgated by the subcommittee addressing the recertification requirements of certified officers. If more than 60 months have passed since the applicant for certification has successfully completed the approved entry level law-enforcement examination, the person must then attend a subcommittee-approved training program and successfully complete a separate subcommittee entry level law-enforcement examination.

(c) Any person who begins employment on or after the effective date of this article as a law-enforcement officer is certifiable as having met the minimum entry level law-enforcement training program requirements and is exempt from attending a law-enforcement training academy if the person has satisfactorily completed a course of instruction in law enforcement equivalent to or exceeding the minimum applicable law-enforcement training curricula promulgated by the subcommittee. To receive certification, the person shall make written application within 90 calendar days following the commencement of employment to the subcommittee requesting certification. The application shall include a notarized statement of the applicant’s satisfactory completion of the course of instruction in law enforcement, a notarized transcript of the applicant’s relevant scholastic records, and a notarized copy of the curriculum of the completed course of instruction. The subcommittee shall review the application and, if it finds the applicant has met the requirements for certification, shall forward to the applicant documentation of certification. The subcommittee may set the standards for required records to be provided by
or on behalf of the applicant officer to verify his or her training, status, or certification as a law-enforcement officer. The subcommittee may allow an applicant officer to participate in the approved equivalent certification program to gain certification as a law-enforcement officer in this state.  

(d) Except as provided in subdivisions (1) through (3), inclusive, of this subsection, any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified shall be automatically terminated and no further emoluments shall be paid to such officer by his or her employer. Any person terminated shall be entitled to reapply, as a private citizen, to the subcommittee for training and certification, and upon being certified may again be employed as a law-enforcement officer in this state: Provided, That if a person is terminated under this subsection because an application was not timely filed to the academy, and the person’s employer failed to provide notice or disclosure to that person as set forth in subsection (b) of this section, the employer shall pay the full cost of attending the academy if the person’s application to the subcommittee as a private citizen is subsequently approved.  

(1) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of hardship and/or circumstance beyond his or her control may apply to the director of a training academy for reentry to the next available academy.  

(2) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of voluntary separation from an academy program shall be automatically terminated and no further emoluments may be paid to such officer by his or her employer. Any person terminated as a result of voluntary separation from an academy program may not be conditionally employed as a law-enforcement officer for a period of two years from the date of voluntary separation.
(3) Any person who is employed as a law-enforcement officer on or after the effective date of this article and fails to be certified as a result of dismissal from an academy program shall be automatically terminated and no further emoluments may be paid to such officer by his or her employer. Any person terminated as a result of dismissal from an academy program may not be conditionally employed as a law-enforcement officer for a period of five years from the date of dismissal and receiving approval from the subcommittee.

(e) Nothing in this article may be construed as prohibiting any governing body, Civil Service Commission, or chief executive of any West Virginia law-enforcement agency from requiring their law-enforcement officers to meet qualifications and satisfactorily complete a course of law-enforcement instruction which exceeds the minimum entry level law-enforcement qualification and training curricula promulgated by the subcommittee.

(f) The subcommittee, or its designee, may decertify or reactivate a law-enforcement officer pursuant to the procedure contained in this article and legislative rules promulgated by the subcommittee.

(g) Any person aggrieved by a decision of the subcommittee made pursuant to this article may contest the decision in accordance with the provisions of §29A-5-1 et seq. of this code.

(h) The subcommittee may issue subpoenas for the attendance of witnesses and the production of necessary evidence or documents in any proceeding, review, or investigation relating to certification or hearing before the subcommittee.

AN ACT to amend and reenact §16-1-9 and §16-1-9a of the Code of West Virginia, 1931, as amended, all relating generally to public health and sanitation of water; providing that the Commissioner of the Bureau of Public Health may require a water supply system to be equipped with a backflow prevention assembly in certain circumstances; establishing procedures for determining whether installation of a backflow prevention assembly is required; setting forth the process by which a customer may seek a waiver to backflow prevention assembly requirements and challenge a determination by the commissioner; requiring documentation of certain activities related to backflow prevention assembly; and requiring reporting and communication of boiled water advisories and lifting of advisories by certain means.

Be it enacted by the Legislature of West Virginia:

ARTICLE 1. STATE PUBLIC HEALTH SYSTEM.

§16-1-9. Duties and powers of the commissioner; supervision over local sanitation; violations; jurisdiction; penalties.

1 No person, firm, company, corporation, institution or association, whether public or private, county or municipal, may install or establish any system or method of drainage, water supply, or sewage or excreta disposal without first obtaining a written permit to install or establish the system or method from the commissioner or his or her authorized
representative. All systems or methods shall be installed or established in accordance with plans, specifications and instructions issued by the commissioner or which have been approved in writing by the commissioner or his or her authorized representative.

Whenever the commissioner or his or her authorized representative finds, upon investigation, that any system or method of drainage, water supply, or sewage or excreta disposal, whether publicly or privately owned, has not been installed in accordance with plans, specifications and instructions issued by the commissioner or approved in writing by the commissioner or his or her authorized representative, the commissioner or his or her authorized representative shall issue an order requiring the owner of the system or method to make alterations necessary to correct the improper condition. The alterations shall be made within a reasonable time, which shall not exceed 30 days, unless a time extension is authorized by the commissioner or his or her authorized representative.

The commissioner or his or her designee may determine, upon conducting a risk assessment, that any water supply system must be equipped with a backflow prevention assembly to protect the health and sanitation of water, whether publicly or privately owned: Provided, That water supply systems shall not require a backflow prevention assembly unless any of the following are met:

(i) it cross-connects with a sprinkler or fire suppression system;

(ii) it cross-connects with an active auxiliary water source or water well;

(iii) it cross-connects with any fluid storage tank, tub, pool or cistern 85 gallons or larger with a public water inlet that can be below the water level;

(iv) it cross-connects with a boiler system;
(v) it cross-connects with any land irrigation system; or

(vi) the property serviced by the public water supply is a funeral home or mortuary, restaurant, dry cleaner, medical facility, beauty and nail salon, car wash, multi-tenant retail space, commercial building three stories or taller, or commercial space with a dedicated fire service line/sprinkler system, industrial facility, salvage and/or wastewater facility, food processing facility, recycling facility where cross-connected to the public water supply, correctional facility, or any other customer using chemicals harmful to human health that are cross-connected to the public water supply.

Prior to requiring installation of a backflow prevention assembly to a water supply system, a risk assessment is required and may be performed based upon the known type of water activity and usage involving the use of the public water supply, by written responses to a written questionnaire presented by the commissioner or his or her designee to the owner or occupier of the water use facility, building or dwelling, or by personal inspection made by the commissioner or his or her designee if the owner or occupier of the premises allows entrance.

Provided however, That any customer deemed required to install a backflow prevention assembly may appeal the determination and seek a waiver by the water utility, and if not satisfied, may appeal further to the Public Service Commission pursuant to §24-1-1 et seq., §24-2-1 et seq. and §29A-1-1 et seq. of this code: And provided further, that the customer shall have the freedom to choose the brand of any required backflow prevention assembly that otherwise meets the required specifications of the commissioner or his or her designee.

The presence of sewage or excreta being disposed of in a manner not approved by the commissioner or his or her authorized representative constitutes prima facie evidence of the existence of a condition endangering public health.
The personnel of the Bureau for Public Health shall be available to consult and advise with any person, firm, company, corporation, institution or association, whether publicly or privately owned, county or municipal, or public service authority, as to the most appropriate design, method of operation or alteration of any system or method.

Any person, firm, company, corporation, institution or association, whether public or private, county or municipal, violating any provision of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than $50 nor more than $500. Any continuing failure or refusal of the convicted person, firm, company, corporation, institution or association, whether public or private, county or municipal, to make the alterations necessary to protect the public health required by the commissioner or his or her authorized representative is a separate, distinct and additional offense for each 24 hour period of failure or refusal, and, upon conviction thereof, the violator shall be fined not less than $50 nor more than $500 for each conviction: Provided, That none of the provisions contained in this section apply to those commercial or industrial wastes that are subject to the regulatory control of the West Virginia Department of Environmental Protection.

Magistrates have concurrent jurisdiction with the circuit courts of this state for violations of any provisions of this section.

(2) Treatment techniques that reduce the contaminant or contaminants to a level which will not adversely affect the health of the consumer;

(3) Provisions to protect and prevent contamination of wellheads and well fields used by public water supplies so that contaminants do not reach a level that would adversely affect the health of the consumer;

(7) Any requirement for any water supply system the commissioner determines is necessary to be equipped with a backflow prevention assembly, all maintenance activities must be documented and provided to the commissioner upon request; and
(8) Any other requirement the commissioner finds necessary to effectuate the provisions of this article.

(c) The commissioner or his or her authorized representatives or designees may enter any part of a public water system, whether or not the system is in violation of a legal requirement, for the purpose of inspecting, sampling or testing and shall be furnished records or information reasonably required for a complete inspection.

(d) The commissioner, his or her authorized representative or designee may conduct an evaluation necessary to assure the public water system meets federal safe drinking water requirements. The public water system shall provide a written response to the commissioner within 30 days of receipt of the evaluation by the public water system, addressing corrective actions to be taken as a result of the evaluation.

(e)(1) Any individual or entity who violates any provision of this article, or any of the rules or orders issued pursuant to this article, is liable for a civil penalty not less than $1,000 nor more than $5,000. Each day’s violation shall constitute a separate offense.

(2) For a willful violation of a provision of this article, or of any of the rules or orders issued under this article, an individual or entity shall be subject to a civil penalty of not more than $10,000 and each day’s violation shall be grounds for a separate penalty.

(3) Civil penalties are payable to the commissioner. All moneys collected under this section shall be deposited into a restricted account known as the Safe Drinking Water Fund. All moneys deposited into the fund shall be used by the commissioner to provide technical assistance to public water systems.

(f) The commissioner, or his or her authorized representative, may also seek injunctive relief in the circuit
court of the county in which all or part of the public water system is located for threatened or continuing violations.

(g) By July 1, 2020, a public water system supplying water to the public within the state shall immediately, but in no instance later than six hours, report the occurrence and the lifting of each advisory to local departments of health and to local office of emergency management 911 answering point.

(h) By July 1, 2021, a public water system shall make available to interested customers boiled water advisories promptly through a text and a voice alert mass notification system.

Be it enacted by the Legislature of West Virginia:

ARTICLE 1. WORDS AND PHRASES DEFINED.

(a) As used in this chapter, “addiction” or substance use disorder means a maladaptive pattern of substance use leading to clinically significant impairment or distress as manifested by one or more of the following occurring within 30 days prior to the filing of the petition:

(1) Recurrent substance use resulting in a failure to fulfill major role obligations at work, school, or home, including, but not limited to, repeated absences or poor work performance related to substance use; substance-related absences, suspensions, or expulsions from school; or neglect of children or household;

ARTICLE 5. INVOLUNTARY HOSPITALIZATION.

§27-5-1. Appointment of mental hygiene commissioner; duties of mental hygiene commissioner; duties of prosecuting attorney; duties of sheriff; duties of Supreme Court of Appeals; use of certified municipal law-enforcement officers.

(a) Appointment of mental hygiene commissioners. — The chief judge in each judicial circuit of this state shall appoint a competent attorney and may, if necessary, appoint additional attorneys to serve as mental hygiene commissioners to preside over involuntary hospitalization hearings. Mental hygiene commissioners shall be persons of good moral character and of standing in their profession and they shall, before assuming the duties of a commissioner, take the oath required of other special commissioners as provided in §6-1-1 et seq. of this code.

Prior to presiding over an involuntary hospitalization hearing, each newly appointed person to serve as a mental hygiene commissioner and all magistrates shall attend and complete an orientation course that consists of training provided annually by the Supreme Court of Appeals and
complete an orientation program to be developed by the Secretary of the Department of Health and Human Resources. In addition, existing mental hygiene commissioners and all magistrates trained to hold probable cause and emergency detention hearings involving involuntary hospitalization shall attend and complete a course provided by the Supreme Court of Appeals and complete an orientation program to be developed by the Secretary of the Department of Health and Human Resources. Persons attending the courses outside the county of their residence shall be reimbursed out of the budget of the Supreme Court—General Judicial for reasonable expenses incurred. The Supreme Court of Appeals shall establish curricula and rules for the courses, including rules providing for the reimbursement of reasonable expenses as authorized in this section. The Secretary of the Department of Health and Human Resources shall consult with the Supreme Court of Appeals regarding the development of the orientation program.

(b) Duties of mental hygiene commissioners. —

(1) Mental hygiene commissioners may sign and issue summonses for the attendance, at any hearing held pursuant to §27-5-4 of this code, of the individual sought to be committed; may sign and issue subpoenas for witnesses, including subpoenas duces tecum; may place any witness under oath; may elicit testimony from applicants, respondents, and witnesses regarding factual issues raised in the petition; and may make findings of fact on evidence and may make conclusions of law, but the findings and conclusions are not binding on the circuit court. All mental hygiene commissioners shall be reasonably compensated at a uniform rate determined by the Supreme Court of Appeals. Mental hygiene commissioners shall submit all requests for compensation to the administrative director of the courts for payment. Mental hygiene commissioners shall discharge their duties and hold their offices at the pleasure of the chief judge of the judicial circuit in which he or she
is appointed and may be removed at any time by the chief
judge. A mental hygiene commissioner shall conduct
orderly inquiries into the mental health of the individual
sought to be committed concerning the advisability of
committing the individual to a mental health facility. The
mental hygiene commissioner shall safeguard, at all times,
the rights and interests of the individual as well as the
interests of the state. The mental hygiene commissioner
shall make a written report of his or her findings to the
circuit court. In any proceedings before any court of record
as set forth in this article, the court of record shall appoint
an interpreter for any individual who is deaf or cannot
speak, or who speaks a foreign language, and who may be
subject to involuntary commitment to a mental health
facility.

(2) A mental hygiene commissioner appointed by the
circuit court of one county or multiple county circuits may
serve in that capacity in a jurisdiction other than that of his
or her original appointment if it is agreed upon by the terms
of a cooperative agreement between the circuit courts and
county commissions of two or more counties entered into to
provide prompt resolution of mental hygiene matters during
hours when the courthouse is closed or on nonjudicial days.

(c) Duties of prosecuting attorney. — The prosecuting
attorney or one of his or her assistants shall represent the
applicants in all final commitment proceedings filed
pursuant to the provisions of this article. The prosecuting
attorney may appear in any proceeding held pursuant to the
provisions of this article if he or she determines it to be in
the public interest.

(d) Duties of sheriff. — Upon written order of the circuit
court, mental hygiene commissioner, or magistrate in the
county where the individual formally accused of being
mentally ill or having a substance use disorder is a resident
or is found, the sheriff of that county shall take the
individual into custody and transport him or her to and from
the place of hearing and the mental health facility. The
sheriff shall also maintain custody and control of the accused individual during the period of time in which the individual is waiting for the involuntary commitment hearing to be convened and while the hearing is being conducted: Provided, That an individual who is a resident of a state other than West Virginia shall, upon a finding of probable cause, be transferred to his or her state of residence for treatment pursuant to §27-5-4(p) of this code: Provided, however, That where an individual is a resident of West Virginia but not a resident of the county in which he or she is found and there is a finding of probable cause, the county in which the hearing is held may seek reimbursement from the county of residence for reasonable costs incurred by the county attendant to the mental hygiene proceeding. Notwithstanding any provision of this code to the contrary, sheriffs may enter into cooperative agreements with sheriffs of one or more other counties, with the concurrence of their respective circuit courts and county commissions, by which transportation and security responsibilities for hearings held pursuant to the provisions of this article during hours when the courthouse is closed or on nonjudicial days may be shared in order to facilitate prompt hearings and to effectuate transportation of persons found in need of treatment. In the event an individual requires transportation to a state hospital as defined by §27-1-6 of this code, the sheriff shall contact the state hospital in advance of the transportation to determine if the state hospital has available suitable bed capacity to place the individual.

(e) Duty of sheriff upon presentment to mental health care facility. — When a person is brought to a mental health care facility for purposes of evaluation for commitment under this article, if he or she is violent or combative, the sheriff or his or her designee shall maintain custody of the person in the facility until the evaluation is completed, or the county commission shall reimburse the mental health care facility at a reasonable rate for security services provided by the mental health care facility for the period of...
time the person is at the hospital prior to the determination
of mental competence or incompetence.

(f) Duties of Supreme Court of Appeals. — The Supreme
Court of Appeals shall provide uniform petition, procedure,
and order forms which shall be used in all involuntary
hospitalization proceedings brought in this state.

(g) Duties of the Department of Health and Human
Resources. — The secretary shall develop an orientation
program as provided in subsection (a) of this section. The
orientation program shall include, but not be limited to,
instruction regarding the nature and treatment of mental
illness and substance use disorder; the goal and purpose of
commitment; community-based treatment options; and less
restrictive alternatives to inpatient commitment.

§27-5-2. Institution of proceedings for involuntary custody for
examination; custody; probable cause hearing;
examination of individual.

(a) Any adult person may make an application for
involuntary hospitalization for examination of an individual
when the person making the application has reason to
believe that the individual to be examined has a substance
use disorder as defined by the most recent edition of the
American Psychiatric Association in the Diagnostic and
Statistical Manual of Mental Disorders, inclusive of
substance use withdrawal, or is mentally ill and, because of
his or her substance use disorder or mental illness, the
individual is likely to cause serious harm to himself, herself,
or to others if allowed to remain at liberty while awaiting an
examination and certification by a physician, psychologist,
licensed professional counselor, licensed independent social
worker, an advanced nurse practitioner, or physician
assistant as provided in subsection (e) of this section:
Provided, That a diagnosis of dementia alone may not serve
as a basis for involuntary commitment.
Notwithstanding any language in this subsection to the contrary, if the individual to be examined under the provisions of this section is incarcerated in a jail, prison, or other correctional facility, then only the chief administrative officer of the facility holding the individual may file the application, and the application must include the additional statement that the correctional facility itself cannot reasonably provide treatment and other services for the individual’s mental illness or substance use disorder.

(b) The person making the application shall make the application under oath.

(c) Application for involuntary custody for examination may be made to the circuit court, magistrate court, or a mental hygiene commissioner of the county in which the individual resides or of the county in which he or she may be found. A magistrate before whom an application or matter is pending may, upon the availability of a mental hygiene commissioner or circuit court judge for immediate presentation of an application or pending matter, transfer the pending matter or application to the mental hygiene commissioner or circuit court judge for further proceedings unless otherwise ordered by the chief judge of the judicial circuit.

(d) The person making the application shall give information and state facts in the application required by the form provided for this purpose by the Supreme Court of Appeals.

(e) The circuit court, mental hygiene commissioner, or magistrate may enter an order for the individual named in the application to be detained and taken into custody for the purpose of holding a probable cause hearing as provided in §27-5-2(g) of this code for the purpose of an examination of the individual by a physician, psychologist, a licensed professional counselor practicing in compliance with §30-31-1 et seq. of this code, a licensed independent clinical social worker practicing in compliance with §30-30-1 et
seq. of this code, an advanced nurse practitioner with psychiatric certification practicing in compliance with §30-7-1 et seq. of this code, a physician’s assistant practicing in compliance with §30-3-1 et seq. of this code, or a physician’s assistant practicing in compliance with §30-3E-1 et seq. of this code: Provided, That a licensed professional counselor, a licensed independent clinical social worker, a physician’s assistant, or an advanced nurse practitioner with psychiatric certification may only perform the examination if he or she has previously been authorized by an order of the circuit court to do so, the order having found that the licensed professional counselor, the licensed independent clinical social worker, physician’s assistant, or advanced nurse practitioner with psychiatric certification has particularized expertise in the areas of mental health and mental hygiene or substance use disorder sufficient to make the determinations required by the provisions of this section. The examination is to be provided or arranged by a community mental health center designated by the Secretary of the Department of Health and Human Resources to serve the county in which the action takes place. The order is to specify that the hearing be held immediately and is to provide for the appointment of counsel for the individual: Provided, however, That the order may allow the hearing to be held up to 24 hours after the person to be examined is taken into custody rather than immediately if the circuit court of the county in which the person is found has previously entered a standing order which establishes within that jurisdiction a program for placement of persons awaiting a hearing which assures the safety and humane treatment of persons: Provided further, That the time requirements set forth in this subsection only apply to persons who are not in need of medical care for a physical condition or disease for which the need for treatment precludes the ability to comply with the time requirements. During periods of holding and detention authorized by this subsection, upon consent of the individual or in the event of a medical or psychiatric emergency, the individual may receive treatment. The medical provider shall exercise due
diligence in determining the individual’s existing medical needs and provide treatment the individual requires, including previously prescribed medications. As used in this section, “psychiatric emergency” means an incident during which an individual loses control and behaves in a manner that poses substantial likelihood of physical harm to himself, herself, or others. Where a physician, psychologist, licensed professional counselor, licensed independent clinical social worker, physician’s assistant, or advanced nurse practitioner with psychiatric certification has, within the preceding 72 hours, performed the examination required by the provisions of this subsection, the community mental health center may waive the duty to perform or arrange another examination upon approving the previously performed examination. Notwithstanding the provisions of this subsection, §27-5-4(r) of this code applies regarding payment by the county commission for examinations at hearings. If the examination reveals that the individual is not mentally ill or has no substance use disorder, or is determined to be mentally ill or has a substance use disorder but not likely to cause harm to himself, herself, or others, the individual shall be immediately released without the need for a probable cause hearing and the examiner is not civilly liable for the rendering of the opinion absent a finding of professional negligence. The examiner shall immediately provide the mental hygiene commissioner, circuit court, or magistrate before whom the matter is pending the results of the examination on the form provided for this purpose by the Supreme Court of Appeals for entry of an order reflecting the lack of probable cause.

(f) A probable cause hearing is to be held before a magistrate, the mental hygiene commissioner, or circuit judge of the county of which the individual is a resident or where he or she was found. If requested by the individual or his or her counsel, the hearing may be postponed for a period not to exceed 48 hours.
The individual must be present at the hearing and has the right to present evidence, confront all witnesses and other evidence against him or her, and examine testimony offered, including testimony by representatives of the community mental health center serving the area. Expert testimony at the hearing may be taken telephonically or via videoconferencing. The individual has the right to remain silent and to be proceeded against in accordance with the Rules of Evidence of the Supreme Court of Appeals, except as provided in §27-1-12 of this code. At the conclusion of the hearing, the magistrate, mental hygiene commissioner, or circuit court judge shall find and enter an order stating whether or not it is likely that deterioration will occur without clinically necessary treatment, or there is probable cause to believe that the individual, as a result of mental illness or substance use disorder, is likely to cause serious harm to himself or herself or to others.

(g) Probable cause hearings may occur in the county where a person is hospitalized. The judicial hearing officer may: Use videoconferencing and telephonic technology; permit persons hospitalized for substance use disorder to be involuntarily hospitalized only until detoxification is accomplished; and specify other alternative or modified procedures that are consistent with the purposes and provisions of this article. The alternative or modified procedures shall fully and effectively guarantee to the person who is the subject of the involuntary commitment proceeding and other interested parties due process of the law and access to the least restrictive available treatment needed to prevent serious harm to self or others.

(h) If the magistrate, mental hygiene commissioner, or circuit court judge at a probable cause hearing or a mental hygiene commissioner or circuit judge at a final commitment hearing held pursuant to the provisions of §27-5-4 of this code finds that the individual, as a result of mental illness or substance use disorder, is likely to cause serious harm to himself, herself, or others and because of
mental illness or a substance use disorder requires treatment, the magistrate, mental hygiene commissioner, or circuit court judge may consider evidence on the question of whether the individual’s circumstances make him or her amenable to outpatient treatment in a nonresidential or nonhospital setting pursuant to a voluntary treatment agreement. At the conclusion of the hearing, the magistrate, mental hygiene commissioner, or circuit court judge shall find and enter an order stating whether or not it is likely that deterioration will occur without clinically necessary treatment, or there is probable cause to believe that the individual, as a result of mental illness or substance use disorder, is likely to cause serious harm to himself or herself or others. The agreement is to be in writing and approved by the individual, his or her counsel, and the magistrate, mental hygiene commissioner, or circuit court judge. If the magistrate, mental hygiene commissioner, or circuit court judge determines that appropriate outpatient treatment is available in a nonresidential or nonhospital setting, the individual may be released to outpatient treatment upon the terms and conditions of the voluntary treatment agreement. The failure of an individual released to outpatient treatment pursuant to a voluntary treatment agreement to comply with the terms of the voluntary treatment agreement constitutes evidence that outpatient treatment is insufficient and, after a hearing before a magistrate, mental hygiene commissioner, or circuit judge on the issue of whether or not the individual failed or refused to comply with the terms and conditions of the voluntary treatment agreement and whether the individual as a result of mental illness or substance use disorder remains likely to cause serious harm to himself, herself, or others, the entry of an order requiring admission under involuntary hospitalization pursuant to the provisions of §27-5-3 of this code may be entered. Nothing in the provisions of this article regarding release pursuant to a voluntary treatment agreement or convalescent status may be construed as creating a right to receive outpatient mental health services or treatment, or as obligating any person or agency to provide outpatient services or treatment. Time
limitations set forth in this article relating to periods of involuntary commitment to a mental health facility for hospitalization do not apply to release pursuant to the terms of a voluntary treatment agreement: Provided, That release pursuant to a voluntary treatment agreement may not be for a period of more than six months if the individual has not been found to be involuntarily committed during the previous two years and for a period of no more than two years if the individual has been involuntarily committed during the preceding two years. If in any proceeding held pursuant to this article the individual objects to the issuance or conditions and terms of an order adopting a voluntary treatment agreement, then the circuit judge, magistrate, or mental hygiene commissioner may not enter an order directing treatment pursuant to a voluntary treatment agreement. If involuntary commitment with release pursuant to a voluntary treatment agreement is ordered, the individual subject to the order may, upon request during the period the order is in effect, have a hearing before a mental hygiene commissioner or circuit judge where the individual may seek to have the order canceled or modified. Nothing in this section affects the appellate and habeas corpus rights of any individual subject to any commitment order.

Notwithstanding anything in this article to the contrary, the commitment of any individual as provided in this article shall be in the least restrictive setting and in an outpatient community-based treatment program to the extent resources and programs are available, unless the clear and convincing evidence of the certifying professional under subsection (e) of this section, who is acting in a manner consistent with the standard of care, establishes that the commitment or treatment of that individual requires an inpatient hospital placement. Outpatient treatment will be based upon a plan jointly prepared by the department and the comprehensive community mental health center or licensed behavioral health provider.
(i) If the certifying professional determines that an individual requires involuntary hospitalization for a substance use disorder which, due to the degree of the disorder, creates a reasonable likelihood that withdrawal or detoxification will cause significant medical complications, the person certifying the individual shall recommend that the individual be closely monitored for possible medical complications. If the magistrate, mental hygiene commissioner, or circuit court judge presiding orders involuntary hospitalization, he or she shall include a recommendation that the individual be closely monitored in the order of commitment.

(j) The Supreme Court of Appeals and the Secretary of the Department of Health and Human Resources shall specifically develop and propose a statewide system for evaluation and adjudication of mental hygiene petitions which shall include payment schedules and recommendations regarding funding sources. Additionally, the Secretary of the Department of Health and Human Resources shall also immediately seek reciprocal agreements with officials in contiguous states to develop interstate/intergovernmental agreements to provide efficient and efficacious services to out-of-state residents found in West Virginia and who are in need of mental hygiene services.

(a) As used in this section:

(1) “Addiction” has the same meaning as the term is defined in §27-1-11 of this code.

(2) “Authorized staff physician” means a physician, authorized pursuant to the provisions of §30-3-1 et seq. or §30-14-1 et seq. of this code, who is a bona fide member of the hospital’s medical staff.

(3) “Hospital” means a facility licensed pursuant to the provisions of §16-5b-1 et seq. of this code, and any acute
care facility operated by the state government that primarily provides inpatient diagnostic, treatment, or rehabilitative services to injured, disabled, or sick individuals under the supervision of physicians.

(4) “Psychiatric emergency” means an incident during which an individual loses control and behaves in a manner that poses substantial likelihood of physical harm to himself, herself, or others.

(b)(1) If a mental hygiene commissioner, magistrate, and circuit judge are unavailable or unable to be immediately contacted, an authorized staff physician may order the involuntary hospitalization of an individual who is present at, or presented at, a hospital emergency department in need of treatment, if the authorized staff physician believes, following an examination of the individual, that the individual is addicted or is mentally ill and, because of his or her addiction or mental illness, is likely to cause serious harm to himself, herself or to others if allowed to remain at liberty. The authorized staff physician shall sign a statement attesting to his or her decision that the patient presents a harm to himself, herself or others and needs to be held involuntarily for up to 72 hours. The West Virginia Supreme Court of Appeals is requested to generate a form for the statement to be signed by the authorized staff physician or other person authorized by the hospital and provided to the individual.

(2) Immediately upon admission, or as soon as practicable thereafter, but in no event later than 24 hours after an involuntary hospitalization pursuant to this section, the authorized staff physician or designated employee shall file a mental hygiene petition in which the authorized staff physician certifies that the individual for whom the involuntary hospitalization is sought is addicted or is mentally ill and, because of his or her addiction or mental illness, is likely to cause serious harm to himself, herself, or to other individuals if allowed to remain at liberty. The authorized staff physician shall also certify the same in the
individual’s health records. Upon receipt of this filing, the mental hygiene commissioner, a magistrate, or circuit judge shall conduct a hearing pursuant to §27-5-2 of this code.

(3) An individual who is involuntarily hospitalized pursuant to this section shall be released from the hospital within 72 hours, unless further detained under the applicable provisions of this article.

(c) During a period of involuntary hospitalization authorized by this section, upon consent of the individual, or in the event of a medical or psychiatric emergency, the individual may receive treatment. The hospital or authorized staff physician shall exercise due diligence in determining the individual’s existing medical needs and provide treatment the individual requires, including previously prescribed medications.

(d) Each hospital or authorized staff physician which provides services under this section shall be paid for the services at the same rate the hospital or authorized staff physician negotiates with the patient’s insurer. If the patient is uninsured, the hospital or authorized staff physician may file a claim for payment with the West Virginia Legislative Claims Commission in accordance with §14-2-1 et seq. of this code.

(e) Authorized staff physicians and hospitals and their employees carrying out duties or rendering professional opinions as provided in this section shall be free from liability for their actions, if the actions are performed in good faith and within the scope of their professional duties and in a manner consistent with the standard of care.

(f) The West Virginia Supreme Court of Appeals is requested, by no later than July 1, 2020, to provide each hospital with a list of names and contact information of the mental hygiene commissioners, magistrates, and circuit judges to address mental hygiene petitions in the county where the hospital is located. The West Virginia Supreme
Court of Appeals is requested to update this list regularly and the list shall reflect on-call information. If a mental hygiene commissioner, county magistrate, or circuit judge does not respond to the request within 24 hours, a report shall be filed to the West Virginia Supreme Court of Appeals.

(g) An action taken against an individual pursuant to this section may not be construed to be an adjudication of the individual, nor shall any action taken pursuant to this section be construed to satisfy the requirements of §61-7-7(a)(4) of this code.

§27-5-3. Admission under involuntary hospitalization for examination; hearing; release.

(a) Admission to a mental health facility for examination. — Any individual may be admitted to a mental health facility for examination and treatment upon entry of an order finding probable cause as provided in §27-5-2 of this code upon a finding by a licensed physician that the individual is medically stable, and upon certification by a physician, psychologist, licensed professional counselor, licensed independent clinical social worker practicing in compliance with the provisions of §30-30-1 et seq. of this code, an advanced nurse practitioner with psychiatric certification practicing in compliance with §30-7-1 et seq. of this code, or a physician’s assistant practicing in compliance with §30-3E-1 et seq. of this code with advanced duties in psychiatric medicine that he or she has examined the individual and is of the opinion that the individual is mentally ill or has a substance use disorder and, because of the mental illness or substance use disorder, is likely to cause serious harm to himself, herself, or to others if not immediately restrained: Provided, That the opinions offered by an independent clinical social worker, an advanced nurse practitioner with psychiatric certification, or a physician’s assistant with advanced duties in psychiatric medicine must be within his or her particular areas of
expertise, as recognized by the order of the authorizing court.

(b) *Three-day time limitation on examination.* — If the examination does not take place within three days from the date the individual is taken into custody, the individual shall be released. If the examination reveals that the individual is not mentally ill or has a substance use disorder, the individual shall be released.

(c) *Three-day time limitation on certification.* — The certification required in §27-5-3(a) of this code is valid for three days. Any individual with respect to whom the certification has been issued may not be admitted on the basis of the certification at any time after the expiration of three days from the date of the examination.

(d) *Findings and conclusions required for certification.* — A certification under this section must include findings and conclusions of the mental examination, the date, time, and place of the examination, and the facts upon which the conclusion that involuntary commitment is necessary is based.

(e) *Notice requirements.* — When an individual is admitted to a mental health facility or a state hospital pursuant to the provisions of this section, the chief medical officer of the facility shall immediately give notice of the individual’s admission to the individual’s spouse, if any, and one of the individual’s parents or guardians or if there is no spouse and are no parents or guardians, to one of the individual’s adult next of kin if the next of kin is not the applicant. Notice shall also be given to the community mental health facility, if any, having jurisdiction in the county of the individual’s residence. The notices other than to the community mental health facility shall be in writing and shall be transmitted to the person or persons at his, her, or their last known address by certified mail, return receipt requested.
Three-day time limitation for examination and certification at mental health facility or state hospital. — After the individual’s admission to a mental health facility or state hospital, he or she may not be detained more than three days, excluding Sundays and holidays, unless, within the period, the individual is examined by a staff physician and the physician certifies that in his or her opinion the patient is mentally ill or has a substance use disorder and is likely to injure himself, herself, or others if allowed to be at liberty. In the event the staff physician determines that the individual does not meet the criteria for continued commitment, that the individual can be treated in an available outpatient community-based treatment program and poses no present danger to himself, herself or others, or that the individual has an underlying medical issue or issues that resulted in a determination that the individual should not have been committed, the staff physician shall release and discharge the individual as appropriate as soon as practicable.

Ten-day time limitation for institution of final commitment proceedings. — If, in the opinion of the examining physician, the patient is mentally ill or has a substance use disorder and because of the mental illness or substance use disorder is likely to injure himself, herself, or others if allowed to be at liberty, the chief medical officer shall, within 10 days from the date of admission, institute final commitment proceedings as provided in §27-5-4 of this code. If the proceedings are not instituted within the 10-day period, the individual shall be immediately released. After the request for hearing is filed, the hearing may not be canceled on the basis that the individual has become a voluntary patient unless the mental hygiene commissioner concurs in the motion for cancellation of the hearing.

Twenty-day time limitation for conclusion of all proceedings. — If all proceedings as provided in §27-3-1 et seq. and §27-4-1 et seq. of this code are not completed
within 20 days from the date of institution of the proceedings, the individual shall be immediately released.

§27-5-4. Institution of final commitment proceedings; hearing requirements; release.

(a) Involuntary commitment. — Except as provided in §27-5-3 of this code, no individual may be involuntarily committed to a mental health facility or state hospital except by order entered of record at any time by the circuit court of the county in which the person resides or was found, or if the individual is hospitalized in a mental health facility or state hospital located in a county other than where he or she resides or was found, in the county of the mental health facility and then only after a full hearing on issues relating to the necessity of committing an individual to a mental health facility or state hospital. If the individual objects to the hearing being held in the county where the mental health facility is located, the hearing shall be conducted in the county of the individual’s residence.

(b) How final commitment proceedings are commenced. — Final commitment proceedings for an individual may be commenced by the filing of a written application under oath by an adult person having personal knowledge of the facts of the case. The certificate or affidavit is filed with the clerk of the circuit court or mental hygiene commissioner of the county where the individual is a resident or where he or she may be found, or the county of a mental health facility if he or she is hospitalized in a mental health facility or state hospital located in a county other than where he or she resides or may be found.

(c) Oath; contents of application; who may inspect application; when application cannot be filed. —

(1) The person making the application shall do so under oath.

(2) The application shall contain statements by the applicant that the individual is likely to cause serious harm
to self or others due to what the applicant believes are symptoms of mental illness or substance use disorder. The applicant shall state in detail the recent overt acts upon which the belief is based.

(3) The written application, certificate, affidavit, and any warrants issued pursuant thereto, including any related documents, filed with a circuit court, mental hygiene commissioner, or magistrate for the involuntary hospitalization of an individual are not open to inspection by any person other than the individual, unless authorized by the individual or his or her legal representative or by order of the circuit court. The records may not be published unless authorized by the individual or his or her legal representative. Disclosure of these records may, however, be made by the clerk, circuit court, mental hygiene commissioner, or magistrate to provide notice to the Federal National Instant Criminal Background Check System established pursuant to section 103(d) of the Brady Handgun Violence Prevention Act, 18 U.S.C. §922, and the central state mental health registry, in accordance with §61-7A-1 et seq. of this code. Disclosure may also be made to the prosecuting attorney and reviewing court in an action brought by the individual pursuant to §61-7A-5 of this code to regain firearm and ammunition rights.

(4) Applications may not be accepted for individuals who only have epilepsy, dementia, or an intellectual or developmental disability.

(d) Certificate filed with application; contents of certificate; affidavit by applicant in place of certificate. —

(1) The applicant shall file with his or her application the certificate of a physician or a psychologist stating that in his or her opinion the individual is mentally ill or has a substance use disorder and that because of the mental illness or substance use disorder, the individual is likely to cause serious harm to self or others if allowed to remain at liberty and, therefore, should be hospitalized. The certificate shall
state in detail the recent overt acts on which the conclusion is based.

(2) A certificate is not necessary when an affidavit is filed by the applicant showing facts and the individual has refused to submit to examination by a physician or a psychologist.

(e) Notice requirements; eight days’ notice required. — Upon receipt of an application, the mental hygiene commissioner or circuit court shall review the application, and if it is determined that the facts alleged, if any, are sufficient to warrant involuntary hospitalization, immediately fix a date for and have the clerk of the circuit court give notice of the hearing:

(1) To the individual;

(2) To the applicant or applicants;

(3) To the individual’s spouse, one of the parents or guardians, or, if the individual does not have a spouse, parents or parent or guardian, to one of the individual’s adult next of kin if the next of kin is not the applicant;

(4) To the mental health authorities serving the area;

(5) To the circuit court in the county of the individual’s residence if the hearing is to be held in a county other than that of the individual’s residence; and

(6) To the prosecuting attorney of the county in which the hearing is to be held.

(f) The notice shall be served on the individual by personal service of process not less than eight days prior to the date of the hearing and shall specify:

(1) The nature of the charges against the individual;

(2) The facts underlying and supporting the application of involuntary commitment;
(3) The right to have counsel appointed;

(4) The right to consult with and be represented by counsel at every stage of the proceedings; and

(5) The time and place of the hearing.

The notice to the individual’s spouse, parents or parent or guardian, the individual’s adult next of kin or to the circuit court in the county of the individual’s residence may be by personal service of process or by certified or registered mail, return receipt requested, and shall state the time and place of the hearing.

(g) Examination of individual by court-appointed physician, psychologist, advanced nurse practitioner, or physician’s assistant; custody for examination; dismissal of proceedings. —

(1) Except as provided in subdivision (3) of this subsection, within a reasonable time after notice of the commencement of final commitment proceedings is given, the circuit court or mental hygiene commissioner shall appoint a physician, psychologist, an advanced nurse practitioner with psychiatric certification, or a physician’s assistant with advanced duties in psychiatric medicine to examine the individual and report to the circuit court or mental hygiene commissioner his or her findings as to the mental condition or substance use disorder of the individual and the likelihood of causing serious harm to self or others.

(2) If the designated physician, psychologist, advanced nurse practitioner, or physician assistant reports to the circuit court or mental hygiene commissioner that the individual has refused to submit to an examination, the circuit court or mental hygiene commissioner shall order him or her to submit to the examination. The circuit court or mental hygiene commissioner may direct that the individual be detained or taken into custody for the purpose of an immediate examination by the designated physician,
psychologist, nurse practitioner, or physician’s assistant. All orders shall be directed to the sheriff of the county or other appropriate law-enforcement officer. After the examination has been completed, the individual shall be released from custody unless proceedings are instituted pursuant to §27-5-3 of this code.

(3) If the reports of the appointed physician, psychologist, nurse practitioner, or physician’s assistant do not confirm that the individual is mentally ill or has a substance use disorder and might be harmful to self or others, then the proceedings for involuntary hospitalization shall be dismissed.

(h) Rights of the individual at the final commitment hearing; seven days’ notice to counsel required. —

(1) The individual shall be present at the final commitment hearing, and he or she, the applicant and all persons entitled to notice of the hearing shall be afforded an opportunity to testify and to present and cross-examine witnesses.

(2) In the event the individual has not retained counsel, the court or mental hygiene commissioner, at least six days prior to hearing, shall appoint a competent attorney and shall inform the individual of the name, address, and telephone number of his or her appointed counsel.

(3) The individual has the right to have an examination by an independent expert of his or her choice and to present testimony from the expert as a medical witness on his or her behalf. The cost of the independent expert is paid by the individual unless he or she is indigent.

(4) The individual may not be compelled to be a witness against himself or herself.

(i) Duties of counsel representing individual; payment of counsel representing indigent. —
(1) Counsel representing an individual shall conduct a timely interview, make investigation, and secure appropriate witnesses, be present at the hearing, and protect the interests of the individual.

(2) Counsel representing an individual is entitled to copies of all medical reports, psychiatric or otherwise.

(3) The circuit court, by order of record, may allow the attorney a reasonable fee not to exceed the amount allowed for attorneys in defense of needy persons as provided in §29-21-1 et seq. of this code.

(j) Conduct of hearing; receipt of evidence; no evidentiary privilege; record of hearing. —

(1) The circuit court or mental hygiene commissioner shall hear evidence from all interested parties in chamber, including testimony from representatives of the community mental health facility.

(2) The circuit court or mental hygiene commissioner shall receive all relevant and material evidence which may be offered.

(3) The circuit court or mental hygiene commissioner is bound by the rules of evidence promulgated by the Supreme Court of Appeals except that statements made to health care professionals appointed under subsection (g) of this section by the individual may be admitted into evidence by the health care professional’s testimony, notwithstanding failure to inform the individual that this statement may be used against him or her. A health care professional testifying shall bring all records pertaining to the individual to the hearing. The medical evidence obtained pursuant to an examination under this section, or §27-5-2 or §27-5-3 of this code, is not privileged information for purposes of a hearing pursuant to this section.

(4) All final commitment proceedings shall be reported or recorded, whether before the circuit court or mental
hygiene commissioner, and a transcript made available to
the individual, his or her counsel or the prosecuting attorney
within 30 days if requested for the purpose of further
proceedings. In any case where an indigent person intends
to pursue further proceedings, the circuit court shall, by
order entered of record, authorize and direct the court
reporter to furnish a transcript of the hearings.

(k) Requisite findings by the court. —

(1) Upon completion of the final commitment hearing
and the evidence presented in the hearing, the circuit court
or mental hygiene commissioner shall make findings as to
the following:

(A) Whether the individual is mentally ill or has a
substance use disorder;

(B) Whether, because of illness or substance use
disorder, the individual is likely to cause serious harm to self
or others if allowed to remain at liberty;

(C) Whether the individual is a resident of the county in
which the hearing is held or currently is a patient at a mental
health facility in the county; and

(D) Whether there is a less restrictive alternative than
commitment appropriate for the individual. The burden of
proof of the lack of a less restrictive alternative than
commitment is on the person or persons seeking the
commitment of the individual: Provided, That for any
commitment to a state hospital as defined by §27-1-6 of this
code, a specific finding shall be made that the commitment
of, or treatment for, the individual requires inpatient
hospital placement and that no suitable outpatient
community-based treatment program exists in the
individual’s area.

(2) The findings of fact shall be incorporated into the
order entered by the circuit court and must be based upon
clear, cogent, and convincing proof.
(1) Orders issued pursuant to final commitment hearing; entry of order; change in order of court; expiration of order. —

(1) Upon the requisite findings, the circuit court may order the individual to a mental health facility or state hospital for a period not to exceed 90 days except as otherwise provided in this subdivision. During that period and solely for individuals who are committed under §27-6A-1 et seq. of this code, the chief medical officer of the mental health facility or state hospital shall conduct a clinical assessment of the individual at least every 30 days to determine if the individual requires continued placement at the mental health facility or state hospital and whether the individual is suitable to receive any necessary treatment at an outpatient community-based treatment program. If at any time the chief medical officer, acting in good faith and in a manner consistent with the standard of care, determines that: (i) The individual is suitable for receiving outpatient community-based treatment; (ii) necessary outpatient community-based treatment is available in the individual’s area as evidenced by a discharge and treatment plan jointly developed by the department and the comprehensive community mental health center or licensed behavioral health provider; and (iii) the individual’s clinical presentation no longer requires inpatient commitment, the chief medical officer shall provide written notice to the court of record and prosecuting attorney as provided in subdivision (2) of this section that the individual is suitable for discharge. The chief medical officer may discharge the patient 30 days after the notice unless the court of record stays the discharge of the individual. In the event the court stays the discharge of the individual, the court shall conduct a hearing within 45 days of the stay, and the individual shall be thereafter discharged unless the court finds by clear and convincing evidence that the individual is a significant and present danger to self or others, and that continued placement at the mental health facility or state hospital is required.
If the chief medical officer determines that the individual requires commitment at the mental health facility or state hospital at any time for a period longer than 90 days, then the individual shall remain at the mental health facility or state hospital until the chief medical officer of the mental health facility or state hospital determines that the individual’s clinical presentation no longer requires further commitment. The chief medical officer shall provide notice to the court and the prosecuting attorney that the individual requires commitment for a period in excess of 90 days and, in the notice, the chief medical officer shall describe the reasons for ongoing commitment. In its discretion, the court or prosecuting attorney may request any information from the chief medical officer that the court or prosecuting attorney considers appropriate to justify the need for the individual’s ongoing commitment.

(2) Notice to the court of record and prosecuting attorney shall be provided by personal service or certified mail, return receipt requested. The chief medical officer shall make the following findings:

(A) Whether the individual has a mental illness or substance use disorder that does not require inpatient treatment, and the mental illness or serious emotional disturbance is in remission;

(B) Whether the individual’s condition resulting from mental illness or substance use disorder is likely to deteriorate to the point that the individual will pose a likelihood of serious harm to self or others unless treatment is continued;

(C) Whether the individual is likely to participate in outpatient treatment with a legal obligation to do so;

(D) Whether the individual is not likely to participate in outpatient treatment unless legally obligated to do so;
(E) Whether the individual is not a danger to self or others; and

(F) Whether mandatory outpatient treatment is a suitable, less restrictive alternative to ongoing commitment.

(3) The individual may not be detained in a mental health facility or state hospital for a period in excess of 10 days after a final commitment hearing pursuant to this section unless an order has been entered and received by the facility.

(4) An individual committed pursuant to §27-6A-3 of this code may be committed for the period he or she is determined by the court to remain an imminent danger to self or others.

(5) In the event the commitment of the individual as provided under subdivision (1) of this subsection exceeds two years, the individual or his or her counsel may request a hearing and a hearing shall be held by the mental hygiene commissioner or by the circuit court of the county as provided in subsection (a) of this section.

(m) Dismissal of proceedings. — In the event the individual is discharged as provided in subsection (l) of this section, the circuit court or mental hygiene commissioner shall dismiss the proceedings.

(n) Immediate notification of order of hospitalization. — The clerk of the circuit court in which an order directing hospitalization is entered, if not in the county of the individual’s residence, shall immediately upon entry of the order forward a certified copy of the order to the clerk of the circuit court of the county of which the individual is a resident.

(o) Consideration of transcript by circuit court of county of individual’s residence; order of hospitalization; execution of order. —
(1) If the circuit court or mental hygiene commissioner is satisfied that hospitalization should be ordered but finds that the individual is not a resident of the county in which the hearing is held and the individual is not currently a resident of a mental health facility or state hospital, a transcript of the evidence adduced at the final commitment hearing of the individual, certified by the clerk of the circuit court, shall immediately be forwarded to the clerk of the circuit court of the county of which the individual is a resident. The clerk shall immediately present the transcript to the circuit court or mental hygiene commissioner of the county.

(2) If the circuit court or mental hygiene commissioner of the county of the residence of the individual is satisfied from the evidence contained in the transcript that the individual should be hospitalized as determined by the standard set forth in subdivision one of this subsection, the circuit court shall order the appropriate hospitalization as though the individual had been brought before the circuit court or its mental hygiene commissioner in the first instance.

(3) This order shall be transmitted immediately to the clerk of the circuit court of the county in which the hearing was held who shall execute the order promptly.

(p) Order of custody to responsible person. — In lieu of ordering the individual to a mental health facility or state hospital, the circuit court may order the individual delivered to some responsible person who will agree to take care of the individual and the circuit court may take from the responsible person a bond in an amount to be determined by the circuit court with condition to restrain and take proper care of the individual until further order of the court.

(q) Individual not a resident of this state. — If the individual is found to be mentally ill or to have a substance use disorder by the circuit court or mental hygiene commissioner is a resident of another state, this information
shall be immediately given to the Secretary of the Department of Health and Human Resources, or to his or her designee, who shall make appropriate arrangements for transfer of the individual to the state of his or her residence conditioned on the agreement of the individual, except as qualified by the interstate compact on mental health.

(r) Report to the Secretary of the Department of Health and Human Resources. —

(1) The chief medical officer of a mental health facility or state hospital admitting a patient pursuant to proceedings under this section shall immediately make a report of the admission to the Secretary of the Department of Health and Human Resources or to his or her designee.

(2) Whenever an individual is released from custody due to the failure of an employee of a mental health facility or state hospital to comply with the time requirements of this article, the chief medical officer of the mental health or state hospital facility shall immediately, after the release of the individual, make a report to the Secretary of the Department of Health and Human Resources or to his or her designee of the failure to comply.

(s) Payment of some expenses by the state; mental hygiene fund established; expenses paid by the county commission. —

(1) The state shall pay the commissioner’s fee and the court reporter fees that are not paid and reimbursed under §29-21-1 et seq. of this code out of a special fund to be established within the Supreme Court of Appeals to be known as the Mental Hygiene Fund.

(2) The county commission shall pay out of the county treasury all other expenses incurred in the hearings conducted under the provisions of this article whether or not hospitalization is ordered, including any fee allowed by the circuit court by order entered of record for any physician,
psychologist, and witness called by the indigent individual. The copying and mailing costs associated with providing notice of the final commitment hearing and issuance of the final order shall be paid by the county where the involuntary commitment petition was initially filed.

§27-5-10. Transportation for the mentally ill or persons with substance use disorder.

(a) Whenever transportation of an individual is required under the provisions of §27-4-1 et seq. and §27-5-1 et seq. of this code, the sheriff shall provide immediate transportation to or from the appropriate mental health facility or state hospital: Provided, That, where hospitalization occurs pursuant to §27-4-1 et seq. of this code, the sheriff may permit, upon the written request of a person having proper interest in the individual’s hospitalization, for the interested person to arrange for the individual’s transportation to the mental health facility or state hospital if the sheriff determines that those means are suitable given the individual’s condition.

(b) Upon written agreement between the county commission on behalf of the sheriff and the directors of the local community mental health center and emergency medical services, an alternative transportation program may be arranged. The agreement shall clearly define the responsibilities of each of the parties, the requirements for program participation, and the persons bearing ultimate responsibility for the individual’s safety and well-being.

(c) Use of certified municipal law-enforcement officers. — Sheriffs and municipal governments may enter into written agreements by which certified municipal law-enforcement officers may perform the duties of the sheriff as described in this article. The agreement shall determine jurisdiction, responsibility of costs, and all other necessary requirements, including training related to the performance of these duties, and shall be approved by the county commission and circuit court of the county in which the
agreement is made. For purposes of this subsection, “certified municipal law-enforcement officer” means any duly authorized member of a municipal law-enforcement agency who is empowered to maintain public peace and order, make arrests, and enforce the laws of this state or any political subdivision thereof, other than parking ordinances, and who is currently certified as a law-enforcement officer pursuant to §30-29-1 et seq. of this code.

(d) In the event an individual requires transportation to a state hospital as defined by §27-1-6 of this code, the sheriff or certified municipal law-enforcement officer shall contact the state hospital in advance of the transportation to determine if the state hospital has suitable bed capacity to place the individual.

† Redesignated

The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact may be construed to be a waiver of sovereign immunity.

(b) Membership, voting, and meetings. —

(1) Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his designee shall be the delegate to this Compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the member state in which the vacancy exists. (E) Accusing any person of a crime or formally censuring any person;

(F) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(G) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(H) Disclosure of investigatory records compiled for law-enforcement purposes;

(I) Disclosure of information related to any investigatory reports prepared by, on behalf of, or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the Compact; or
(J) Matters specifically exempted from disclosure by federal or member state statute.

The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

(c) Conduct of Commission proceedings. — The Commission shall, by a majority vote of the delegates, prescribe bylaws and/or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the Compact, including, but not limited to:

(3) Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public’s interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may
meet in closed session only after a majority of the membership votes to close a meeting, in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

(4) Establishing the titles, duties, and authority, and reasonable procedures for the election of the officers of the Commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the Commission;

(6) Promulgating a code of ethics to address permissible and prohibited activities of Commission members and employees;

(7) Providing a mechanism for concluding the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of the Compact after the payment and/or reserving of all of its debts and obligations;

(8) Publishing its bylaws and filing a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

(9) Maintaining its financial records in accordance with the bylaws; and

(3) The Commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule binding upon all member states: Provided, That no assessment may be binding upon the State of West Virginia unless the rule
setting forth the formula for determining the aggregate annual assessment has been authorized by the Legislature pursuant to the legislative rule-making procedures in §29A-3-1 et seq. of this code: Provided, however, That the validity of any annual assessment levied on the State of West Virginia shall be contingent upon funds being appropriated by the Legislature or otherwise being made available.

(4) The Commission may not incur obligations of any kind prior to securing the funds adequate to meet the same; nor may the Commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws; however, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

(f) Qualified immunity, defense, and indemnification. —

(1) The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property, or personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability

e) Any information submitted to the coordinated
database that is subsequently required to be expunged by the
laws of the member state contributing the information shall
be removed from the coordinated database.
§16-60-12. Rulemaking.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment: Provided, That no rule may become binding on the State of West Virginia as law until it has been authorized by the Legislature pursuant to the provisions of §29A-3-1 et seq. of this code.

(n) Applicability of West Virginia Administrative Procedures Act. —

(1) Notwithstanding any provision of this Compact to the contrary, no rule proposed or promulgated by the Commission may become binding on the State of West Virginia as law until it has been authorized by the Legislature pursuant to the provisions of §29A-3-1 et seq. of this code.

(2) Within 30 days of a rule or operating procedure that affects the regulation of emergency medical services in the State of West Virginia is promulgated by the Commission, the Commissioner of the Bureau for Public Health shall propose the rule for legislative approval in accordance with the provisions of §29A-3-1 et seq. of this code.

(3) The Commissioner has emergency rule-making authority. For purposes of this section, the Legislature finds that the promulgation of a rule or operating procedure by the Commission that affects the regulation of emergency medical services in the State of West Virginia constitutes an emergency for the purposes of filing an emergency rule pursuant to §29A-3-15 of this code.
(4) A rejection of a legislative rule proposed pursuant to this subsection shall have the effect of making that rule not binding on the State of West Virginia, notwithstanding any emergency rule previously promulgated pursuant thereto, and notwithstanding the failure of a majority of states to take action to invalidate the rule pursuant to the provisions of subsection (b) of this section.

§16-60-13. Oversight, dispute resolution, and enforcement.

(a) Oversight. —

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact’s purposes and intent. (b) Default, technical assistance, and termination. —

(1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

† Redesignated
(A) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the Commission; and

(B) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the Governor, the majority and minority leaders of the defaulting state’s Legislature, and each of the member states.

(4) A state that has been terminated from the Compact is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission may not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing
member shall be awarded all costs of such litigation, including reasonable attorney fees.

(c) Dispute Resolution. —

(1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate, subject to the provisions of §16-59-12(n) of this code.

(d) Enforcement. —

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices, against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws: Provided, That pursuant to article VI, section 35 of the Constitution of West Virginia, neither the State of West Virginia nor any officer or agency thereof shall be named as a defendant in any court of law or equity except in the State of West Virginia. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.
§16-60-14. Date of implementation of the Interstate Commission for EMS Personnel Practice and associated rules; withdrawal; amendment.

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state that joins the Compact subsequent to the Commission’s initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any member state may withdraw from this Compact by enacting a statute repealing the same. Withdrawal shall not affect the continuing requirement of the withdrawing state’s EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the member states. No amendment to this Compact may become effective and binding upon any member state until it is enacted into the laws of all member states.

† Redesignated

(a) This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any member state thereto, the Compact shall remain in full force and effect as to the remaining member states. Nothing in this Compact supersedes state law or rules related to licensure of EMS agencies.

(b) The Emergency Medical Services Advisory Council shall review decisions of the Interstate Commission for Emergency Medical Services Personnel Practice established pursuant to this Compact and, upon approval by the Interstate Commission for Emergency Medical Services Personnel Practice of any action that will have the result of increasing the cost to the state of membership in the Compact, may recommend to the Legislature that the state withdraw from the Compact.

ARTICLE 59. CERTIFICATION OF RECOVERY RESIDENCES.

§16-59-2. Voluntary certification of recovery residences.

(a) The department shall contract with an entity to serve as the certifying agency for a voluntary certification program for drug-free and alcohol-free recovery residences based upon standards determined by the National Alliance for Recovery Residences (NARR) or a similar entity. The certifying agency shall establish and implement an accreditation program for drug-free and alcohol-free recovery residences that shall maintain nationally recognized standards that:

   (1) Uphold industry best practices and support a safe, healthy, and effective recovery environment;

   (2) Evaluate the residence’s ability to assist persons in achieving long-term recovery goals;

   (3) Protect residents of drug- and alcohol-free housing against unreasonable and unfair practices in setting and collecting fee payments.

(b) The department shall require the recovery residence to submit the following:

   (1) Documentation verifying certification as specified and administered by the certifying agency;

   (c) If a municipality or county offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to
single-family housing, the municipality or county must perform requested or required inspections within 30 days of receiving a request for verification. If a residence is located within a municipality or county that offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, and the municipality or county fails to perform requested or required inspections within 30 days of receiving a request for verification, the residence may apply for and be granted certification directly through the certifying agency without the aforementioned verification.

Suspension or revocation may take place after a notice of deficiency is served and has existed for at least 30 days.
(f) The certifying agency shall implement and maintain a process by which a residence whose certification has been suspended or revoked may apply for and be granted reinstatement. If a municipality or county offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, and if the residence’s certification suspended or revoked for noncompliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, the municipality or county may charge a fee of up to $100 for any requested reinspection of a recovery residence by the residence seeking reinstatement.

All calls for emergency service reporting alleged criminal conduct which are recorded electronically, in writing or in any other form are to be kept confidential by the county answering point receiving the call and may be released only pursuant to an order entered by a court of competent jurisdiction, a valid subpoena or through the course of discovery in a criminal action requiring the release of the information: Provided, That nothing contained in this section may be construed as preventing the county answering point from releasing information to a responding agency as may be necessary for that agency’s response on a call or the completion of necessary reports relating to that call.

(c) All calls for emergency service which are recorded electronically, in writing or in any other form are to be maintained for a period of at least two years or longer if required by an order entered by a court of competent jurisdiction or a valid subpoena.

(d) A county answering point may release information to bonafide law-enforcement agencies, the prosecuting attorney of a county or a United States attorney pursuant to a lawful criminal investigation. Nothing in this article may be construed as prohibiting a freedom of information request under §29B-1-1 et seq. of this code for information relating to the operation of the center or to calls for emergency service which do not involve reporting of alleged criminal conduct.

(e) Nothing in this article requires disclosure of any information that is specifically exempt from disclosure by statute. Except as otherwise provided in this article, nothing prohibits disclosure of information that is not specifically exempted from disclosure under a provision of this code.

(f) Every county answering point shall, within 90 days of the effective date of this section, promulgate a written
policy, available to the public, reflecting its compliance with the provisions of this section.

(g) No answering point or center personnel may be civilly liable for any injury arising from disclosure of information pursuant to the provisions of this section.

(b) Beginning July 1, 2013, and in each fiscal year thereafter until June 30, 2022, the excess of the aggregate of amounts collected by the commissioner that are otherwise required under any provision of this code to be deposited into the Fire Protection Fund over the aggregate of those amounts deposited into the Fire Protection Fund during the fiscal year ending June 30, 2013, shall be deposited into the Volunteer Fire Department Workers’ Compensation Premium Subsidy Fund and expended solely for the purposes established in §12-4-14a of this code.

The commission shall work with county and regional officials to identify areas of greatest need, and develop and implement recruitment and retention programs to help facilitate the effective collection of evidence.

(c) The commission shall approve local plans for each area of the state or a county or regional basis. If the commission determines it necessary, it may add or remove a county or portion of a county from a region to assure that all areas of the state are included in an appropriate local plan. Upon the failure of any county or local region to
propose a plan, the commission may implement a plan for
that county or region.

(d) Once a plan is approved by the commission, it can
only be amended or otherwise altered as provided by the
rules authorized pursuant to subsection (e) of this section.
Designated facilities and organizations providing services
shall give the commission 30 days’ advance notice of their
intent to withdraw from the plan. If there is a change of
circumstances that would require a change in a county or
regional plan, the members of the local board and the state
commission shall be notified.

(e) The commission may adopt and modify bylaws,
policies, and procedures for the conduct of its meetings and
the operation of the committee. The commission may

quorum.

(g) Any member appointed to the commission who is a
written, designated representative has the full rights of a
member, including the right to vote, serve on
subcommittees, or perform any other function.

(h) The commission may make recommendations to the
Governor’s Committee on Crime, Delinquency and
Correction for legislation related to the commission’s duties
and responsibilities, or for research or studies by the

(k) Any reports generated by the Commission shall be submitted to the Joint Committee on Government and Finance.

§15-9B-4. Submission, testing, and retention of sexual assault forensic examination kits.

(a) The Sexual Assault Forensic Examination Commission created by §15-9B-1 of this code shall establish a subgroup of persons with subject matter expertise to establish best-practice protocols for the submission, testing, retention, and disposition of sexual assault forensic examination kits collected by health care providers. Upon approval of the legislative rules, local sexual assault forensic examination boards shall follow the rules.

(b) Rules promulgated pursuant to subsection (a) of this section shall include:

(1) Time frames for submission of sexual assault forensic examination kits in the possession of law enforcement; and
(2) Protocols for storage of DNA samples and sexual assault forensic examination kits.

(c) The commission may promulgate emergency rules pursuant to the provisions of §29A-3-15 of this code in order to implement this section: Provided, That no emergency rule may permit the destruction of any DNA evidence.

(d) Upon collection, a sexual assault forensic examination kit shall be submitted for testing by the health care provider to the West Virginia State Police Forensic Laboratory within 30 days of collection or as soon thereafter as practicable. All packaging kits for transmittal and transmittal protocols shall be designed to meet applicable standards for maintaining the efficacy of the sample and chain of custody.

(e) No sexual assault forensic examination kit need be tested where the alleged victim has not consented to the testing, requests that the kit not be tested, where he or she recants as to the allegation of a sexual offense, or the allegation that a sexual offense occurred is determined to be unfounded. If the alleged victim does not consent to law enforcement involvement, the kit shall be designated a nonreported kit and transmitted to the Marshall University Forensic Science Center.

(f) The Commission shall, in cooperation with the West Virginia State Police, develop protocols for storage of previously tested materials to be made available for secondary testing upon a court order to do so.

(g) Biological evidence obtained through tests of a sexual assault forensic examination kit shall not be destroyed:

(1) During the time period of incarceration of a person whose DNA was identified by the use of the biological evidence, or while the person remains under continued supervision, whichever is later in time; or
(2) For as long as the offense from which the biological evidence is obtained remains unresolved;

(h) Notwithstanding any provision of this code, or any rule or policy promulgated thereunder, upon completion of the processing and testing set forth in subsection (d) of this section, the sexual assault forensic examination kit shall be transmitted to the appropriate investigating local or state law-enforcement agency which shall retain all identified biological material that is secured in connection with any sexual offense or attempted sexual offense for the periods set forth in subsection (g) of this section.

(i) After processing and testing of a sexual assault forensic examination kit, the West Virginia State Police Laboratory shall transmit the sexual assault forensic examination kit to the appropriate investigating state or local law-enforcement agency through any reasonable means sufficient to establish the proper chain of custody, including, but not limited to, use of the United States Postal Service or hand delivery by appropriate personnel or a law-enforcement officer. The appropriate investigating state or local law-enforcement agency shall preserve the sexual assault forensic examination kit for the period of time prescribed in subsection (g) of this section in a condition where any biological evidence is suitable for DNA testing. The lack of timely submission, or the inadvertent loss or destruction of a sexual assault forensic examination kit, standing alone, shall not constitute a bar to the prosecution of a sexual offense.

(j) Sexual assault forensic examination kits retained pursuant to this section shall be made available for DNA testing pursuant to §15-2B-7 of this code or pursuant to an appropriate order of a circuit court of competent jurisdiction for secondary testing.

(k) The appropriate investigating state or local law-enforcement agency responsible for retaining the sexual assault forensic examination kit shall obtain approval from
the circuit court of competent jurisdiction for the county in
which the crime occurred before disposal of any biological
evidence. Before the disposal of any sexual assault forensic
examination kit, reasonable efforts shall be made to provide
written notice to the victim by the prosecuting attorney of
the county in which the crime occurred.

(l) Nothing in this section shall be construed as limiting
a state or local law-enforcement agency’s discretion
concerning the conditions under which biological evidence
is retained, preserved, or transferred among different
entities if the evidence is retained in a condition that is
suitable for DNA testing.

§15-9B-5. Offenses; penalty.

Any person who willfully neglects or refuses to do or
perform any duty imposed by this article is guilty of a
misdemeanor and, upon conviction, shall be fined not less
than $50 nor more than $200, or be confined in jail for a
period of not more than 60 days, or both fined and confined.

Prior to each subsequent quarterly disbursement of funds by the Treasurer, the Legislative Auditor shall notify each delinquent company or department twice per each quarter in which the company or department is delinquent. The Legislative Auditor may choose the method or methods of notification most likely to be received by the delinquent company or department.

(g) Noncooperation. — If, in the course of an audit or review by the Legislative Auditor, a volunteer or part-volunteer fire company or department fails to provide documentation of its accounts and expenditures in response to a request of the Legislative Auditor, the Legislative Auditor shall notify the State Treasurer who shall withhold payment of any amount that would otherwise be distributed to the company or department under the provisions of §33-3-14d, §33-3-33, and §33-12C-7 of this code until the Legislative Auditor informs the State Treasurer that the company or department has cooperated with the review or audit.

(h) Reporting of other grants. — Nothing in this section alters the duties and responsibilities of a volunteer or part-
volunteer fire company or department imposed under §12-4-14 of this code if that company or department has received funds from any state grant program other than from the Fire Service Equipment and Training Fund. If the Legislative Auditor is notified by a grantor that a volunteer or part-volunteer fire company or department has failed to file a report or a sworn statement of expenditures for a state grant it received, the Legislative Auditor shall notify the State Treasurer who shall withhold further distributions to the company or department in the manner provided in this section.

(i) Escrow and forfeiture of moneys withheld. — The Volunteer Fire Department Audit Account previously created in the Treasury is hereby continued. When the State Treasurer receives notice to withhold the distribution of money to a volunteer or part-volunteer fire company or department pursuant to this section, the Treasurer shall instead deposit the amounts withheld into the Volunteer Fire Department Audit Account. If the Treasurer receives notice that the volunteer or part-volunteer fire company or department has come into compliance in less than one year from the date of deposit into this special revenue account, then the Treasurer shall release and distribute the withheld amounts to the company or department, except that any interest that has accrued thereon shall be credited to the general revenue of the state. If, after one year from payment of the amount withheld into the special revenue account, the Legislative Auditor informs the State Treasurer of continued noncooperation by the company or department, the delinquent company or department forfeits the amounts withheld and the State Treasurer shall pay the amounts withheld into Fire Service Equipment and Training Fund created in §29-3-5f of this code.

(j) Misuse of state money. — If the Legislative Auditor determines that a volunteer or part-volunteer fire company or department has used formula distribution money for purposes not authorized by §8-15-8b of this code or has used
equipment and training grant money for purposes not authorized by the grant program, the Legislative Auditor shall give a written notice of noncompliance to the company or department. If a volunteer or part-volunteer fire company or department disagrees or disputes the finding, the company or department may contest the finding by submitting a written objection to the Legislative Auditor within five working days of receipt of the Legislative Auditor’s finding. The department or company shall then have 60 days from the date of the Legislative Auditor’s finding to provide documentation to substantiate that the expenditures were made for authorized purposes. If the volunteer or part-volunteer fire company or department does not dispute the findings of the Legislative Auditor or if the company or department is not able to substantiate an authorized purpose for the expenditure, the Legislative Auditor shall notify the Treasurer of the amount of misapplied money and the Treasurer shall deduct that amount from future distributions to that company or department until the full amount of unauthorized expenditure is offset.

[Approved by the Governor on March 25, 2020.]

AN ACT to amend and reenact §11-15-30 of the Code of West Virginia, 1931, as amended; and to amend and reenact §24-6-6b of said code, all relating to changing the wireless enhanced 911 fee; and establishing a separate public safety fee and wireless tower fee.
Be it enacted by the Legislature of West Virginia:

CHAPTER 11. TAXATION.

ARTICLE 15. CONSUMERS SALES AND SERVICE TAX.

(a) The proceeds of the tax imposed by this article shall be deposited in the General Revenue Fund of the state except as otherwise expressly provided in this article.

(b) School Major Improvement Fund. — After the payment or commitment of the proceeds or collections of this tax for the purposes set forth in §11-15-16 of this code, on the first day of each month, there shall be dedicated monthly from the collections of this tax the amount of $416,667, and the amount dedicated shall be deposited on a monthly basis into the School Major Improvement Fund created pursuant to §18-9D-6 of this code: Provided, That for fiscal year 2016, the amount so dedicated and deposited annually under this subsection is reduced by $2,000,004, and the amount so dedicated and deposited monthly is reduced to $250,000 for fiscal year 2016. This reduction shall cease for fiscal years beginning after June 30, 2016: Provided, however, That for fiscal year 2017, the amount so dedicated and deposited annually under this subsection is reduced by $999,996, and the amount so dedicated and deposited monthly is reduced to $333,334 for fiscal year 2017. This reduction shall cease for fiscal years beginning after June 30, 2017.

(c) School Construction Fund. — After the payment or commitment of the proceeds or collections of this tax for the purposes set forth in §11-15-16 of this code:

(1) On the first day of each month, there shall be dedicated monthly from the collections of this tax the amount of $1,416,667 and the amount dedicated shall be deposited into the School Construction Fund created pursuant to §18-9D-6 of this code.
(2) Except as provided in subdivision (3) of this subsection, effective July 1, 1998, there shall be dedicated from the collections of this tax an amount equal to any annual difference that may occur between the debt service payment for the 1997 fiscal year for school improvement bonds issued under the Better School Building Amendment under the provisions of §18-9C-1 et. seq. of this code and the amount of funds required for debt service on these school improvement bonds in any current fiscal year thereafter. This annual difference shall be prorated monthly, added to the monthly deposit in subdivision (1) of this subsection and deposited into the School Construction Fund created pursuant to §18-9D-6 of this code.

(3) After June 30, 2015, the provisions of subdivisions (1) and (2) of this subsection shall have no force or effect. After June 30, 2015, there shall be dedicated from the collections of this tax the amount of $27,216,996 annually. This amount shall be prorated monthly and deposited into the School Construction Fund created pursuant to §18-9D-6 of this code: Provided, That for fiscal year 2016, the amount so dedicated annually under this subdivision is reduced by $6 million. This reduction shall cease for fiscal years beginning after June 30, 2016: Provided, however, That for fiscal year 2017, the amount so dedicated and deposited annually under this subdivision is reduced by $3 million. This reduction shall cease for fiscal years beginning after June 30, 2017. Amendments to this subdivision enacted in the 2016 regular legislative session are retroactive, in accordance with dates and fiscal years specified herein.

(d) Prepaid wireless calling service. — The proceeds or collections of this tax from the sale of prepaid wireless service are dedicated as follows:

(1) The tax imposed by this article upon the sale of prepaid wireless calling service is in lieu of the wireless enhanced 911 fee, the public safety fee, and the wireless tower fee imposed by §24-6-6b of this code.
(2) Within 30 days following the end of each calendar month, the Tax Commissioner shall remit to the Public Service Commission the proceeds of the tax imposed by this article upon the sale of prepaid wireless calling service in the preceding month, determined as follows: For purposes of determining the amount of those monthly proceeds, the Tax Commissioner shall use an amount equal to one twelfth of the wireless enhanced 911 fees, the public safety fees, and the wireless tower fees collected from prepaid wireless calling service under §24-6-6b of this code during the period beginning on July 1, 2020, and ending on June 30, 2021. Beginning on July 1, 2022, the Tax Commissioner shall adjust this amount annually by an amount proportionate to the increase or decrease in the enhanced wireless 911 fees, the public safety fees, and the wireless tower fees paid to the Public Service Commission under said section during the previous 12 months. The Public Service Commission shall receive, deposit, and disburse the proceeds in the manner prescribed in said section.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 6. LOCAL EMERGENCY TELEPHONE SYSTEM.

§24-6-6b. Wireless enhanced 911 fee; public safety wireless fee; wireless tower fee.

(a) All CMRS providers as defined in §24-6-2 of this code shall, on a monthly basis or otherwise for good cause and as directed by order of the Public Service Commission, collect from each of their in-state two-way service subscribers a wireless enhanced 911 fee, a public safety fee, and a wireless tower fee. As used in this section “in-state two-way service subscriber” has the same meaning as that set forth in the rules of the Public Service Commission. The CMRS providers shall, on a monthly basis, after retaining a billing fee of three percent of the sum of the wireless enhanced 911 fee, the public safety fee, and the wireless tower fee, send moneys collected from the wireless
enhanced 911 fee, the public safety fee, and the wireless
tower fee to the Public Service Commission.

(b) The wireless enhanced 911 fee is $3.47 per month
for each valid in-state two-way service subscriber, as that
term is defined by Public Service Commission rules.

Beginning in the year 2021, and every two years
thereafter, the Public Service Commission shall conduct a
survey of the enhanced 911 fees imposed by counties and
shall recalculate the wireless enhanced 911 fee so that
increases or decreases by the same percentage as the change
in the weighted average rounded to the nearest penny, as of
March 1 of the respecification year, of all of the enhanced
911 fees imposed by the counties which have adopted an
enhanced 911 ordinance: Provided, That the wireless
enhanced 911 fee may never be increased by more than 25
percent of its value at the beginning of the respecification
year: Provided, however, That the fee may never be less
than the amount set in subsection (b) of this section.

(c) The Public Service Commission shall, on a quarterly
and approximately evenly staggered basis, disburse wireless
enhanced 911 fee revenue in the following manner:

(1) Each county that does not have a 911 ordinance in
effect as of the original effective date of this section in the
year 1997, or has enacted a 911 ordinance within the five
years prior to the original effective date of this section in the
year 1997, shall receive eight and one-half tenths of one
percent of the fee revenues received by the Public Service
Commission: Provided, That after the effective date of this
section, in the year 2005, when two or more counties
consolidate into one county to provide government services,
the consolidated county shall receive one percent of the fee
revenues received by the Public Service Commission for
itself and for each county merged into the consolidated
county. Each county shall receive eight and one-half tenths
of one percent of the remainder of the wireless enhanced
911 fee revenues received by the Public Service
Commission: *Provided, however*, That after the effective date of this section, in the year 2005, when two or more counties consolidate into one county to provide government services, the consolidated county shall receive one percent of the fee revenues received by the Public Service Commission for itself and for each county merged into the consolidated county. Then, from any moneys remaining, each county shall receive a pro rata portion of that remainder based on that county’s population as determined in the most recent decennial census as a percentage of the state total population. The Public Service Commission shall recalculate the county disbursement percentages on a yearly basis, with the changes effective on July 1, and using data as of the preceding March 1. The public utilities which normally provide local exchange telecommunications service by means of lines, wires, cables, optical fibers, or by other means extended to subscriber premises shall supply the data to the Public Service Commission on a county specific basis no later than June 1 of each year;

(2) Counties which have an enhanced 911 ordinance in effect shall receive their share of the wireless enhanced 911 fee revenue for use in the same manner as the enhanced 911 fee revenues received by those counties pursuant to their enhanced 911 ordinances;

(3) The Public Service Commission shall deposit the wireless enhanced 911 fee revenue for each county which does not have an enhanced 911 ordinance in effect into an escrow account which it has established for that county. Any county with an escrow account may, immediately upon adopting an enhanced 911 ordinance, receive the moneys which have accumulated in the escrow account for use as specified in subdivision (2) of this subsection: *Provided,* That a county that adopts a 911 ordinance after the original effective date of this section in the year 1997, or has adopted a 911 ordinance within five years of the original effective date of this section in the year 1997, shall continue to receive one percent of the total 911 fee revenue for a period
of five years following the adoption of the ordinance. Thereafter, each county shall receive that county’s eight and one-half tenths of one percent of the remaining fee revenue, plus that county’s additional pro rata portion of the fee revenues then remaining, based on that county’s population as determined in the most recent decennial census as a percentage of the state total population: *Provided, however,* That every five years from the year 1997, all fee revenue residing in escrow accounts shall be disbursed on the pro rata basis specified in subdivision (1) of this subsection, except that data for counties without enhanced 911 ordinances in effect shall be omitted from the calculation and all escrow accounts shall begin again with a zero balance. From any funds distributed to a county pursuant to this section, a total of three percent shall be set aside in a special fund to be used exclusively for the purchase of equipment that will provide information regarding the x and y coordinates of persons who call an emergency telephone system through a commercial mobile radio service: *Provided further,* That upon purchase of the necessary equipment, the special fund shall be dissolved and any surplus shall be used for general operation of the emergency telephone system as may otherwise be provided by law.

(d) Beginning July 1, 2020, CMRS providers shall collect the public safety fee from each in-state two-way service subscriber. The public safety fee shall be 29 cents per month and will be shown as a separate fee on the subscriber’s bill. On a monthly basis, the Public Service Commission will distribute 10 cents of the public safety fee to the West Virginia State Police to be used for equipment upgrades for improving and integrating their communication efforts with those of the enhanced 911 systems, and the Public Service Commission will deposit 19 cents of the public safety fee in a special fund established by the Division of Homeland Security and Emergency Management to be used solely for the construction, maintenance, and upgrades of the West Virginia Interoperable Radio Project and any other costs associated...
with establishing and maintaining the infrastructure of the system. Any funds remaining in this fund at the end of the fiscal year shall automatically be reappropriated for the following year.

(e) Beginning July 1, 2020, CMRS providers shall collect the wireless tower fee from each in-state two-way service subscriber. The wireless tower fee shall be 8 cents per month and will be shown as a separate fee on the subscriber’s bill. On a monthly basis, the commission shall distribute the wireless tower fee to a fund administered by the Public Service Commission, entitled the Wireless Tower Access Assistance Fund, to subsidize the construction of wireless towers. The moneys shall be expended in accordance with an enhanced 911 wireless tower access matching grant order adopted by the Public Service Commission. The commission order shall contain terms and conditions designed to provide financial assistance loans or grants to state agencies, political subdivisions of the state, and wireless telephone carriers for the acquisition, equipping, and construction of new wireless towers, which would not be available otherwise due to marginal financial viability of the applicable tower coverage area: Provided, that the grants shall be allocated among potential sites based on application from county commissions demonstrating the need for enhanced 911 wireless coverage in specific areas of this state. Any tower constructed with assistance from the fund created by this subsection shall be available for use by emergency services, fire departments, and law enforcement agencies’ communications equipment, so long as that use does not interfere with the carriers’ wireless signal.

(f) CMRS providers have the same rights and responsibilities as other telephone service suppliers in dealing with the failure by an in-state two-way service subscriber to timely pay the wireless enhanced 911 fee, the public safety fee, and the wireless tower fee.
(g) Notwithstanding the provisions of §24-6-1a of this code, for the purposes of this section, the term “county” means one of the counties provided in §1-1-1 of this code.

(h) Notwithstanding anything to the contrary in this code, prepaid wireless calling service is not subject to the wireless enhanced 911 fee, the public safety fee, and the wireless tower fee.

(i) The Public Service Commission shall promulgate rules in accordance with §29A-3-1 et seq. of this code to effectuate the provisions of this section. The Public Service Commission may promulgate emergency rules pursuant to the provisions of §29A-3-15 of this code.

CHAPTER 304

(Com. Sub. for S. B. 583 - By Senators Rucker, Blair, Smith, Weld, Cline, Maroney, Roberts and Palumbo)

[Passed March 5, 2020; in effect ninety days from passage.]
[Approved by the Governor on March 25, 2020.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-1o, relating to creating a program to further the development of renewable energy resources and renewable energy facilities for solar energy by modifying the powers and duties of the Public Service Commission; providing for legislative findings and declarations; providing for definitions; providing for an application process and program for multiyear comprehensive renewable energy facilities for electric utilities, as defined, to plan, design, construct, purchase, own, and operate renewable energy-generating facilities, energy-storage resources, or both, under specified conditions, requirements, and limitations; providing that solar energy output is to be offered
for sale or sold to residential, commercial, or industrial customers under renewable special contracts or renewable tariffs; providing for commission review and approval of said programs; allowing cost recovery for said programs; providing for requirements for said programs; providing for application requirements and contents in lieu of applications for certificates of public convenience and necessity; providing for public notice at the direction of the commission for anticipated rates and rate increases in interested counties; providing for a hearing on applications within 90 days of notice; defining circumstances when a hearing can be waived for lack of opposition; defining a time period of 150 days within which the commission shall issue a final order after the application date; requiring the commission to find the programs as in the public interest; requiring the commission, after notice and hearing, to approve applications and allow cost recovery for just and reasonable expenditures; establishing accounting methods, practices, rates of return, calculations, dates, and procedures relevant for cost recovery; requiring a utility to place in effect commission-approved rates that include cost recovery with certain defined items; defining “concurrent cost recovery”; requiring yearly application filings by the utility with the commission regarding cost recovery; defining when a project is to be considered used and useful; limiting cost recovery from any one customer to a maximum increase of $1000 per month; providing for siting certificates for exempt wholesale solar-generation facilities to be processed in 150 days by the Public Service Commission; providing that no provision shall displace current levels of coal-fired generation capacity; and providing for a sunset date under conditions.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1o. Renewable energy facilities program.

1 (a) The Legislature finds and declares that:
(1) West Virginia is rich in energy resources, which provide many advantages to the state, its economy and its citizens;

(2) West Virginia’s abundant mineral reserves have created, and will continue to create, many benefits to the state and its citizens, including thousands of jobs, a strong tax base and a low-cost, reliable source of electricity;

(3) Coal-fired plants currently supply over 90 percent of electricity generation to the citizens and businesses of this state;

(4) Businesses that may otherwise locate or expand facilities in this state often require that a portion of the electricity that they purchase be generated via renewable sources;

(5) Creating a program for the development of certain renewable sources of electricity by electric utilities will result in increased economic development opportunities in the state, create jobs, and enhance the use of the state’s electricity generation; and

(6) Creating a program to authorize electric utilities to provide a portion of the state’s electricity needs through a process that allows them to plan, design, construct, purchase, own and operate renewable electric-generating facilities, energy storage resources, or both, pursuant to this section is in the public interest of the state.

(b) Definitions. – For the purpose of the section:

“Capital investments” include, but are not limited to, costs related to the planning, design, construction, purchase, and ownership of renewable electric-generating facilities, energy storage resources, and interconnections with transmission and distribution facilities.

“Commission” or “Public Service Commission” means the Public Service Commission of West Virginia.
“Electric utility” means any electric distribution company that sells electricity to retail customers in this state under rates regulated by the commission. Unless specifically provided for otherwise, for the purposes of this section, the term “electric utility” may not include rural electric cooperatives, municipally owned electric facilities or utilities serving less than 30,000 residential electric customers in West Virginia.

“Eligible site” means any site in this state that has been previously used in electric generation, industrial, manufacturing or mining operations, including, but not limited to, brownfields, closed landfills, hazardous waste sites, former industrial sites, and former mining sites. In the event that there is no available site that has been previously used in electric generation, industrial, manufacturing, or mining operations in the area to be served by a renewable electric facilities program, an eligible site may include any suitable site in this state approved for use in connection with a renewable electric facilities program by the Secretary of the Department of Commerce.

“Energy storage resource” means infrastructure located on an eligible site that allows for the energy absorption and release of electrical energy into the electric grid.

“Renewable electric facilities program” means a program proposed by an electric utility to plan, design, construct, purchase, own, and operate renewable electric-generating facilities, energy storage resources, or both, pursuant to this section: Provided, That a renewable electric facilities program may not consist solely of energy storage resources.

“Renewable electric-generating facility” means infrastructure located on an eligible site that generates electricity solely through solar photovoltaic methods or other solar methods.
(c) Electric utilities may file with the commission an application for a multiyear comprehensive renewable energy facilities program that complies with the provisions of this section for planning, designing, constructing, purchasing, owning, and operating renewable electric-generating facilities, energy storage resources, or both, by the electric utility. Subject to commission review and approval, a renewable energy facilities program may be amended and updated by the electric utility. The recovery of costs in support of the renewable energy facilities program shall be allowed in the manner set forth in this section.

(d) Any renewable energy facilities program shall comply with the following requirements:

(1) An electric utility may purchase each renewable electric-generating facility and each energy storage resource from a developer of renewable electric-generating facilities or energy storage resources or construct such facilities on its own, as applicable. Any purchase of a renewable electric-generating facility or energy storage resources shall be subject to a competitive procurement administered by the electric utility. An electric utility may select to purchase a renewable electric-generating facility, energy storage resource, or both, based on a myriad of factors, including, but not limited to, price and nonprice criteria, which shall include, but not be limited to, geographic distribution of generating capacity, areas of higher employment, or regional economic development.

(2) An electric utility may elect to petition the commission, outside of a base rate case proceeding, at any time for a prudency determination with respect to the purchase, construction, and ownership by the electric utility of one or more renewable electric-generating facilities, energy storage resources, or both. The commission’s final order regarding any such petition shall be entered by the commission within 150 days after the date of the filing of such petition.
(3) No renewable electric-generating facility shall have a generating capacity greater than 50 megawatts until such time as 85 percent of that renewable electric-generating facility’s annual energy output is being sold or is contracted to be sold to residential, commercial, or industrial customers pursuant to a renewable special contract or renewable tariff, and, thereafter, any expansion of that or another renewable energy-generating facility’s generating capacity shall proceed in increments of up to 50 megawatts each until such time as 85 percent or more of all renewable energy-generating facility’s aggregate, annual energy output is being sold or is contracted to be sold to customers pursuant to a renewable special contract or renewable tariff;

(4) No single renewable electric-generating facility shall have a generating capacity greater than 200 megawatts;

(5) The cumulative generating capacity of all renewable electric-generating facilities operating at any given time, and for which rate recovery is provided by the commission under this section, shall not exceed 400 megawatts among all investor-owned electric utilities in this state: Provided, That the cumulative generating capacity of all renewable electric-generating facilities operating at any one time, and for which rate recovery is provided by the commission under this section, shall not exceed 200 megawatts for all electric utilities within the state owned by the same corporate parent company;

(6) The calculation of maximum megawatts of generating capacity for renewable electric-generating facilities established in this subsection shall not include the storage capacity of energy storage resources;

(7) As part of the renewable energy facilities program, the electric utilities must offer the energy output for sale to customers from all classes of service.
(e) Applications made under this section are in lieu of an application for a certificate of public convenience and necessity pursuant to §24-2-11 of this code and shall contain the following:

1. A description of the renewable electric-generating facilities, energy storage resources, or both, in such detail as the commission prescribes, including, but not limited to, the generating capacity and location of the facilities and a description of the competitive purchase procurement process administered by the electric utility that is required under this section;

2. A proposed concurrent cost-recovery mechanism for actual and projected capital investments in the renewable electric-generating facilities, energy storage resources, or both, and for operation and maintenance expenses and taxes associated with such facilities; and

3. Other information that the applicant considers relevant or the commission requires.

(f) Upon filing of an application, the applicant shall publish, in the form the commission directs, which form shall include, but not be limited to, the anticipated rates and, if any, rate increase under the proposal, by average percentage and dollar amount for customers within a class of service, as a Class I legal advertisement in compliance with §59-3-1 et seq., of this code, the publication area to be each county in which service is provided by the electric utility, a notice of the filing of the application and that the commission shall hold a hearing on the application within 90 days of the notice; unless no opposition to the rate change is received by the commission within one week of the proposed hearing date, in which case the hearing can be waived, and the commission shall issue a final order within 150 days of the application filing date.

(g) The planning, design, construction, purchase, ownership, and operation of renewable electric-generating
facilities, energy storage resources, or both, pursuant to this section is in the public interest, and the commission shall so find when considering applications for renewable energy facilities programs submitted by an electric utility pursuant to this section.

(h) Upon notice and hearing, if required by the commission, the commission shall approve the applications made under this section and allow concurrent recovery of costs related to the expenditures, as provided in subsection (i) of this section, if the commission finds that the expenditures and the associated rate requirements are just and reasonable and that the applications comply with the requirements of this section.

(i) Upon commission approval, electric utilities shall be authorized to implement renewable electric facilities programs and to concurrently recover their costs, including a return on capital investments, operation and maintenance, depreciation, and tax expenses directly attributable to the renewable electric facilities program capital investments, if any, as provided in the following:

(1) An allowance for return shall be calculated by applying a rate of return to the average planned net incremental increase to rate base attributable to the renewable electric facilities program for the coming year, considering the projected amount and timing of capital investments under the renewable electric facilities program plus any capital investments in previous years of the program. The rate of return shall be determined by utilizing the rate of return on equity and the capital structure authorized by the commission in the electric utility’s most recent base rate case proceeding or in the case of a settled base rate case, a rate of return on equity set forth in or associated with such settlement or, if neither is set forth in or associated with such settlement, a rate of return on equity and a capital structure determined by the commission to be reasonable, and the projected average weighted cost of the electric utility’s debt during the period of the renewable
electric facilities program to determine the weighted cost of capital based upon the electric utility’s capital structure determined as specified above.

(2) Income taxes applicable to the return allowed on the renewable electric facilities program shall be calculated at the statutory rate for inclusion in rates.

(3) Incremental operation and maintenance, depreciation, and property tax expenses directly attributable to the renewable electric facilities program shall be estimated for the upcoming year.

(4) Following commission approval of its application made under this section, an electric utility shall place into effect rates that include an increment for concurrent cost recovery that recovers the allowance for return, related income taxes at the statutory rate, operation and maintenance, depreciation, and property tax expenses associated with the electric utility’s actual and projected capital investments under the renewable electric facilities program for the upcoming year, net of contributions to recovery of those incremental costs provided by customers who have executed renewable special contracts, or who are taking power under renewable tariffs and are served by the renewable electric facilities program investments, if any (incremental cost-recovery increment). In each year subsequent to the order approving the renewable electric facilities program and the incremental cost-recovery increment, the electric utility shall file an application with the commission setting forth a new proposed incremental cost-recovery increment for concurrent cost recovery of forecasted costs to be made in the subsequent year, plus any under-recovery or minus any over-recovery of actual incremental costs attributable to the renewable electric facilities program, for the preceding year.

(5) The renewable electric-generating facilities, energy storage resources, or both, constructed, purchased, contracted, owned, installed, and in service pursuant to an
application approved by the commission shall be considered used and useful for rate recovery purposes. Any concurrent cost recovery mechanism approved by the commission shall limit the amount of cost to be recovered from any individual customer of the electric utility to a maximum of $1,000 per month: Provided, That this limitation shall not impact the electric utility’s ability to recover all costs incurred pursuant to this section from other customers. Customers who have executed renewable special contracts or are taking power under renewable tariffs pursuant to an approved renewable electric facilities program are not subject to any such limits imposed by the commission.

(6) If an electric utility serves customers in more than one jurisdiction, and a jurisdiction other than this state denies the electric utility recovery of the costs incurred pursuant to a renewable electric facilities program approved by the commission and allocated to that jurisdiction, the electric utility shall recover all of the costs of the renewable electric facilities program from its West Virginia jurisdictional customers if the commission finds that the expenditures and the associated rate requirements are just and reasonable, and all attributes of the renewable electric facilities program, including energy, capacity, and renewable energy credits shall be assigned to this state.

(j) The electric utility may make any accounting accruals necessary to establish a regulatory asset or liability through which actual incremental costs incurred and costs recovered through the rate mechanism are tracked.

(k) With respect to renewable electric facilities programs, electric utilities may defer incremental operation and maintenance expenses attributable to regulatory and compliance-related requirements introduced after the electric utility’s last base rate case proceeding and not included in the electric utility’s current base rates or incremental cost-recovery increment in lieu of current recovery. In a future base rate case, the commission shall allow recovery of such deferred costs
amortized over a reasonable period of time to be determined by the commission provided the commission finds that the costs were reasonable and prudently incurred and were not reflected in rates in prior base rate cases.

(l) The provisions of this section shall expire on December 31, 2025. The expiration of this section shall not affect the full and timely cost recovery associated with a renewable energy facilities program for which an application has been filed with the commission pursuant to this section on or before December 31, 2025, nor for any projects previously approved by the commission pursuant to this section.

(m) Notwithstanding any provision of this article to the contrary, no provision herein this section shall displace any current levels of coal-fired generation capacity.

(n) Notwithstanding the provisions of §24-2-11c of this code, any person or entity: (1) Who is not an electric utility; (2) who intends to purchase or construct and operate an electric generating facility as an exempt wholesale generator under federal law; (3) who will generate electricity solely through solar photovoltaic or other solar methods; and (4) who, if desired, intends to purchase or construct and operate energy storage for such electricity may file an application with the Public Service Commission under this section in such detail and with such publication requirements as the commission may prescribe; and the commission shall hold a hearing, unless waived, within 90 days of publication and issue a final order on a siting certificate or modification thereof within 150 days of the application filing date. No other provision of this section shall apply to these exempt wholesale generators.
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-20, relating generally to the regulation of public utilities; providing legislative findings; providing that certain large volume end users may receive natural gas service without the permission, consent, control, review, or input of the West Virginia Public Service Commission; requiring the end user pay for the minimum amount of gas required for the exception; providing that the end user shall make certain certifications to the commission; providing that the commission shall receive, file, and retain all end user certifications; providing that no person, entity, or body shall be a public utility, intrastate pipeline, common carrier, or otherwise subject to the jurisdiction of the commission as a result of supplying such end users; and providing that provisions shall not prevent or impede the commission’s safety regulation of pipelines.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

1 (a) The Legislature hereby finds that:

2 (1) Consumers of natural gas with an annual gas usage
3 of at least 100 million cubic feet are sophisticated users of
4 natural gas capable of choosing their source of natural gas
5 supply;
(2) The Federal Energy Regulatory Commission has approved bypass of local utilities and permitted construction of interstate pipeline facilities to serve end use customers;

(3) The production and use of West Virginia natural gas in West Virginia will provide jobs for West Virginians, generate additional income and property taxes for our governments and our law and regulations should not impede use of West Virginia gas in West Virginia;

(4) The ability of large natural gas users to choose among gas suppliers without regulatory supervision will save economic resources, foster competition in this state, and may induce new businesses to locate in West Virginia and employ West Virginians; and

(5) Commission approval of natural gas service is unnecessary for consumers of natural gas with an annual gas usage of at least 100 million cubic feet.

(b) Notwithstanding any other provision of this code to the contrary, any person, entity, or a facility that has not previously been a natural gas utility customer and has a projected annual natural gas usage in West Virginia of at least 100 million cubic feet annually may receive natural gas service from any person, corporation, limited liability company, or other entity without the permission, consent, review, or input of the commission if the using person or entity notifies the utility providing natural gas service in the area of use of its intent to receive service from a nonutility and certifies to the commission that: (i) The utility has been notified; (ii) its projected annual gas usage will be at least 100 million cubic feet per year; (iii) it desires to receive natural gas from a supplier other than a public utility; (iv) it will receive natural gas produced in West Virginia; and (v) the name and West Virginia tax identification number of the supplier or suppliers are identified in the certification: Provided, That the natural gas provider bills the customer and the customer pays for at least 100 million cubic feet during each full calendar year after the utility has been
notified, except in the event one or both of the contracting parties experiences a force majeure event or a condition beyond their reasonable control.

(c) Notwithstanding any other provision of this code to the contrary, no person, corporation, limited liability company, or other entity shall be or become a public utility, intrastate pipeline, common carrier, or otherwise subject to the jurisdiction of the commission from or in connection with purchasing, using, selling, giving, buying, providing, transporting to or from, or otherwise supplying or using natural gas pursuant to subsection (b) of this section: Provided, That this subsection shall not prevent or impede the commission’s safety regulation of natural gas pipelines pursuant to chapter 24B of this code.

(d) If a utility has an obligation to offer or provide service to an end user who elects its own supply pursuant to this section, the obligation shall terminate upon the commission’s receipt of a certification provided by this section.

CHAPTER 306

[Passed March 7, 2020; in effect ninety days from passage.] [Approved by the Governor on March 25, 2020.]

AN ACT to amend and reenact §24-2-4a of the Code of West Virginia, 1931, as amended; to amend and reenact §24A-5-2 of said code; to amend said code by adding thereto two new sections, designated §24A-5-2a and §24A-5-2b; all relating to the regulation of the collection, hauling, and disposal of solid
waste by motor carriers; authorizing indexed automatic rate increases for solid waste collection and hauling; setting procedures for the approval of rates; authorizing the Public Service Commission to approve alternative pick-up due to adverse conditions; and authorizing the Public Service Commission to promulgate rules.

Be it enacted by the Legislature of West Virginia:

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

(a) After June 30, 1981, no public utility subject to this chapter, except for those entities subject to the provisions of §24A-5-2a of this code and water and/or sewer utilities that are political subdivisions of the state providing separate or combined services and having at least 4,500 customers and annual gross revenue of $3 million or more from its separate or combined services, shall change, suspend or annul any rate, joint rate, charge, rental or classification except after thirty days’ notice to the commission and the public, which notice shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rates or charges shall go into effect; but the commission may enter an order suspending the proposed rate as hereinafter provided. The proposed changes shall be shown by printing new schedules, or shall be plainly indicated upon the schedules in force at the time, and kept open to public inspection: Provided, That the commission may, in its discretion, and for good cause shown, allow changes upon less time than the notice herein specified, or may modify the requirements of this section in respect to publishing, posting and filing of tariffs, either by particular instructions or by general order.

(b) Whenever there shall be filed with the commission any schedule stating a change in the rates or charges, or joint

*Note: This section was also amended by S. B. 739 (Chapter 347), which passed prior to this act.
rates or charges, or stating a new individual or joint rate or
charge or joint classification or any new individual or joint
regulation or practice affecting any rate or charge, the
commission may, either upon complaint or upon its own
initiative without complaint, enter upon a hearing
concerning the propriety of such rate, charge, classification,
regulation or practice; and, if the commission so orders, it
may proceed without answer or other form of pleading by
the interested parties, but upon reasonable notice, and,
pending such hearing and the decisions thereon, the
commission, upon filing with such schedule and delivering
to the public utility affected thereby a statement in writing
of its reasons for such suspension, may suspend the
operation of such schedule and defer the use of such rate,
charge, classification, regulation or practice, but not for a
longer period than two hundred seventy days beyond the
time when such rate, charge, classification, regulation or
practice would otherwise go into effect; and after full
hearing, whether completed before or after the rate, charge,
classification, regulation or practice goes into effect, the
commission may make such order in reference to such rate,
charge, classification, regulation or practice as would be
proper in a proceeding initiated after the rate, charge,
classification, regulation or practice had become effective:
Provided, That in the case of a public utility having two
thousand five hundred customers or less and which is not a
political subdivision and which is not principally owned by
any other public utility corporation or public utility holding
corporation, the commission may suspend the operation of
such schedule and defer the use of such rate, charge,
classification, regulation or practice, but not for a longer
period than one hundred twenty days beyond the time when
such rate, charge, classification, regulation or practice
would otherwise go into effect; and in the case of a public
utility having more than two thousand five hundred
customers, but not more than five thousand customers, and
which is not a political subdivision and which is not
principally owned by any other public utility corporation or
public utility holding corporation, the commission may
suspend the operation of such schedule and defer the use of
such rate, charge, classification, regulation or practice, but
not for a longer period than one hundred fifty days beyond
the time when such rate, charge, classification, regulation or
practice would otherwise go into effect; and in the case of a
public utility having more than five thousand customers, but
not more than seven thousand five hundred customers, and
which is not a political subdivision and which is not
principally owned by any other public utility corporation or
public utility holding corporation, the commission may
suspend the operation of such schedule and defer the use of
such rate, charge, classification, regulation or practice, but
not for a longer period than one hundred eighty days beyond
the time when such rate, charge, classification, regulation or
practice would otherwise go into effect; and after full
hearing, whether completed before or after the rate, charge,
classification, regulation or practice goes into effect, the
commission may make such order in reference to such rate,
charge, classification, regulation or practice as would be
proper in a proceeding initiated after the rate, charge,
classification, regulation or practice had become effective:
Provided, however, That, in the case of rates established or
proposed that increase by less than twenty-five percent of
the gross revenue of the regulated public service district,
there shall be no suspension period in the case of rates
established by a public service district pursuant to section
nine, article thirteen-a, chapter sixteen of this code and the
proposed rates of public service districts shall go into effect
upon the date of filing with the commission, subject to
refund modification at the conclusion of the commission
proceeding. In the case of rates established or proposed that
increase by more than twenty-five percent of the gross
revenue of the public service district, the district may apply
for, and the commission may grant, a waiver of the
suspension period and allow rates to be effective upon the
date of filing with the commission. Notwithstanding the
provisions of subsection (e) of this section, the public
service district shall provide notice by Class I legal
advertisement in a newspaper of general circulation in its
service territory of the percentage increase in rates at least
fourteen days prior to the effective date of the increased
rates. Any refund determined to be determined to be due and
owing as a result of any difference between any final rates
approved by the commission and the rates placed into effect
subject to refund shall be refunded by the public service
district as a credit against each customer’s account for a
period of up to six months after entry of the commission’s
final order. Any remaining balance which is not fully
credited by credit within six months after entry of the
commission’s final order shall be directly refunded to the
customer by check: Provided further, That if any such
hearing and decision thereon is not concluded within the
periods of suspension, as above stated, such rate, charge,
classification, regulation or practice shall go into effect at
the end of such period not subject to refund: And provided
further, That if any such rate, charge, classification,
regulation or practice goes into effect because of the failure
of the commission to reach a decision, the same shall not
preclude the commission from rendering a decision with
respect thereto which would disapprove, reduce or modify
any such proposed rate, charge, classification, regulation or
practice, in whole or in part, but any such disapproval,
reduction or modification shall not be deemed to require a
refund to the customers of such utility as to any rate, charge,
classification, regulation or practice so disapproved,
reduced or modified. The fact of any rate, charge,
classification, regulation or practice going into effect by
reason of the commission’s failure to act thereon shall not
affect the commission’s power and authority to
subsequently act with respect to any such application or
change in any rate, charge, classification, regulation or
practice. Any rate, charge, classification, regulation or
practice which shall be approved, disapproved, modified or
changed, in whole or in part, by decision of the commission
shall remain in effect as so approved, disapproved, modified
or changed during the period or pendency of any subsequent
hearing thereon or appeal therefrom. Orders of the
commission affecting rates, charges, classifications,
regulations or practices which have gone into effect automatically at the end of the suspension period are prospective in effect.

(c) At any hearing involving a rate sought to be increased or involving the change of any rate, charge, classification, regulation or practice, the burden of proof to show the justness and reasonableness of the increased rate or proposed increased rate, or the proposed change of rate, charge, classification, regulation or practice shall be upon the public utility making application for such change. The commission shall, whenever practicable and within budgetary constraints, conduct one or more public hearings within the area served by the public utility making application for such increase or change, for the purpose of obtaining comments and evidence on the matter from local ratepayers.

(d) Each public utility subject to the provisions of this section shall be required to establish, in a written report which shall be incorporated into each general rate case application, that it has thoroughly investigated and considered the emerging and state-of-the-art concepts in the utility management, rate design and conservation as reported by the commission under subsection (c), section one, article one of this chapter as alternatives to, or in mitigation of, any rate increase. The utility report shall contain as to each concept considered the reasons for adoption or rejection of each. When in any case pending before the commission all evidence shall have been taken and the hearing completed, the commission shall render a decision in such case. The failure of the commission to render a decision with respect to any such proposed change in any such rate, charge, classification, regulation or practice within the various time periods specified in this section after the application therefor shall constitute neglect of duty on the part of the commission and each member thereof.
(e) Other than as provided in subsection (b) of this section relating to public service districts, where more than twenty members of the public are affected by a proposed change in rates, it shall be a sufficient notice to the public within the meaning of this section if such notice is published as a Class II legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area for such publication shall be the community where the majority of the resident members of the public affected by such change reside or, in case of nonresidents, have their principal place of business within this state.

(f) The commission may order rates into effect subject to refund, plus interest in the discretion of the commission, in cases in which the commission determines that a temporary or interim rate increase is necessary for the utility to avoid financial distress, or in which the costs upon which these rates are based are subject to modification by the commission or another regulatory commission and to refund to the public utility. In such case the commission may require such public utility to enter into a bond in an amount deemed by the commission to be reasonable and conditioned upon the refund to the persons or parties entitled thereto of the amount of the excess if such rates so put into effect are subsequently determined to be higher than those finally fixed for such utility.

(g) No utility regulated under the provisions of this section may make application for a general rate increase while another general rate application is pending before the commission and not finally acted upon, except pursuant to the provisions of subsection (f) of this section. The provisions of this subsection shall not be construed so as to prohibit any such rate application from being made while a previous application which has been finally acted upon by the commission is pending before or upon appeal to the West Virginia Supreme Court of Appeals.
CHAPTER 24A. COMMERCIAL MOTOR CARRIERS.

ARTICLE 2. COMMON CARRIERS BY MOTOR VEHICLES.

(a) Required; application; hearing; granting. — It shall be unlawful for any common carrier by motor vehicle to operate within this state without first having obtained from the commission a certificate of convenience and necessity. Upon the filing of an application for such certificate, the commission shall set a time and place for a hearing on the application: Provided, That the commission may, after giving proper notice and if no protest is received, waive formal hearing on the application. Notice shall be by publication which shall state that a formal hearing may be waived in the absence of a protest to such application. The notice shall be published as a Class I legal advertisement in compliance with the provisions of article three, chapter fifty-nine of this code and the publication area for such publication shall be the proposed area of operation. The notice shall be published at least ten days prior to the date of the hearing. After the hearing or waiver by the commission of the hearing, if the commission finds from the evidence that the public convenience and necessity require the proposed service or any part thereof, it shall issue the certificate as prayed for, or issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the right granted by such certificate such terms and conditions as in its judgment the public convenience and necessity may require, and if the commission shall be of the opinion that the service rendered by any common carrier holding a certificate of convenience and necessity over any route or routes in this state is in any respect inadequate or insufficient to meet the public needs, such certificate holder shall be given reasonable time and opportunity to remedy such inadequacy or insufficiency before any certificate shall be granted to an applicant proposing to operate over such route or routes as a common carrier. Before granting a certificate to a common carrier by motor vehicle the
commission shall take into consideration existing transportation facilities in the territory for which a certificate is sought, and in case it finds from the evidence that the service furnished by existing transportation facilities is reasonably efficient and adequate, the commission shall not grant such certificate.

(b) Rules and regulations; taking evidence at hearings; burden of proof. — The commission shall prescribe such rules and regulations as it may deem proper for the enforcement of the provisions of this section and in establishing that public convenience and necessity do exist the burden of proof shall be upon the applicant. The commission may designate any of its employees to take evidence at the hearing of any application for a certificate and submit findings of fact as a part of a report or reports to be made to the commission.

(c) Certificate not franchise, etc.; assignment or transfer. — No certificate issued in accordance with the terms of this chapter shall be construed to be either a franchise or irrevocable or to confer any proprietary or property rights in the use of the public highways. No certificate issued under this chapter shall be assigned or otherwise transferred without the approval of the commission.

(1) Upon the death of a person holding a certificate, his or her personal representative or representatives may operate under such certificate while the same remains in force and effect and, with the consent of the commission, may transfer such certificate; and

(2) An application by a motor carrier to transfer a certificate of convenience and necessity, or a portion thereof, to another motor carrier possessing one or more certificates of public convenience and necessity for the same commodity shall be affirmed or denied within 90 days of the submission of a complete application for transfer. The commission shall make a determination within ten business
days of receiving a transfer application if the application is complete and notify the applicant if additional information is required. If the commission fails to act on a complete application within 90 days, the application to transfer the certificate shall be deemed approved.

(d) Suspension, revocation or amendment. — The commission may at any time, for good cause, suspend and, upon not less than fifteen days’ notice to the grantee of any certificate and an opportunity to be heard, revoke or amend any certificate.

(e) The commission shall have the authority, after hearing, to ratify, approve and affirm those orders issued pursuant to this section since March 10, nineteen hundred seventy-nine. For the purposes of this subsection the commission may give notice by a Class I legal advertisement of such hearing in any newspaper or newspapers of general circulation in this state, and such other newspapers as the commission may designate.

ARTICLE 5. POWERS AND DUTIES OF COMMISSION.

(a) Unless a motor carrier collecting and hauling solid waste elects to increase rates under section 2 of this chapter and the commission’s existing rules and regulations, effective July 1, 2020, no solid waste motor carrier subject to this chapter shall change, suspend, or annul any individual rate, joint rate, fare, charge, or classification for the collection or hauling of solid waste, except after 30 days’ notice to the commission and the carrier’s customers, with such notice to customers being sent as a bill insert or separately mailed statement that plainly states the changes proposed to be made in the schedule then in force and the time when the changed rates or charges will go into effect. The motor carrier shall file its proposed public notice with the commission for review. Within five business days of
the filing of the notice with the commission, the commission
shall issue an order approving the notice.

(b) Any proposed rate changes shall be shown by
printing new schedules, or shall be plainly indicated upon
the schedules in force at the time, and kept open to public
inspection: Provided, That the commission may, in its
discretion, and for good cause shown, allow changes upon
less time than the notice herein specified, or may modify the
requirements of this section in respect to publishing, posting
and filing of tariffs, either by particular instructions or by
general order.

(c) Whenever a solid waste motor carrier shall file with
the commission any schedule stating a change in the rates
or charges, or joint rates or charges, or stating a new
individual or joint rate or charge or joint classification or
any new individual or joint regulation or practice affecting
any rate or charge, except as set forth in subsection (d)
below, the commission shall have authority, on its own
initiative, or upon substantial protest filed with the
commission within 30 days’ notice of the proposed increase
or change demonstrated by the complaints submitted by the
lesser of: (i) 25 percent of the customers impacted by the
proposed change in rates or charges; or (ii) 750 customers
impacted by the proposed change in rates or charges to
suspend the rates pending a hearing and final determination
that the rate, charge, classification, regulation or practice is
just, reasonable, and based primarily on the cost of service.

At any hearing involving a rate sought to be increased or
involving the change of any fare, charge, classification,
regulation, or practice, the burden of proof to show that the
increased rate or proposed increased rate, or the proposed
change of fare, charge, classification, regulation or practice,
is just, reasonable, and based primarily on the cost of
service, shall be upon the motor carrier making application
for such change. Any suspension of a rate, charge
classification, regulation, or practice under this subsection
shall not extend beyond such time that the commission
enters a final decision in the case or 120 days from the date
notice was first given. The commission may extend the time
in which a final decision is due by an additional 30 days if
a motor carrier fails to provide material information
requested by the commission more than 30 days in advance
of the hearing.

(d) Urban Consumer Garbage Trash Collection Index
rate change – Effective July 1, 2020, solid waste motor
carriers shall be permitted to increase rates for the collection
and hauling of solid waste once on January 1 of each year,
without the filing of an application for approval by the
commission and such increase shall be considered just and
reasonable and not unfairly discriminatory, prejudicial or
preferential if: (1) The carrier complies with the notice
requirements of subsection (a) of this section; and (2) the
percentage of the increase over the prior rate is equal to or
less than the percentage of any increase in the United States
Department of Labor Bureau of Labor Statistics Garbage
and Trash Collection Index (the “Index”) from January 1, of
the preceding year. Any rate increase that a motor carrier
believes is at or below the aforementioned increase in the
Index shall be identified as such when filed with the
commission. Such rate increases shall be subject to
challenge by the commission only if it determines that the
increase is in fact in excess of the amount of the increase in
the Index for the relevant time period. If the commission
determines a rate increase filed pursuant to this subsection
is in excess of the increase in the Index for the relevant time
period, it may enter an order suspending the rate increase
consistent with subsection (c) of this section. If such an
order is entered, the motor carrier shall be entitled to a
hearing pursuant to the process authorized in subsection (c)
of this section. Notwithstanding any provision to the
contrary, the fact that a solid waste motor carrier has already
raised its rates in a given year pursuant to this subsection
shall not preclude that carrier from applying for and
receiving from the commission a rate increase pursuant to
subsection (c) of this section: *Provided*, That the
commission shall take into account the prior rate increase
taken pursuant to this subsection when considering the carrier’s application to increase rates. A motor carrier may implement up to four annual indexed rate increases under this subsection before filing for a rate increase under chapter 24A of this code: Provided, That the commission shall not engage in retroactive rate making.

(e) The commission shall prescribe such rules and regulations as to the giving of notice of a change in rates pursuant to this section as are reasonable and are deemed proper in the public interest.

§24A-5-2b. Authorizing Public Service Commission to approve alternative pick-up due to adverse conditions.

Every motor carrier of solid waste in residential service shall provide and maintain regularly scheduled pickup service. Exceptions to the regularly scheduled pickup service may be made for reasons beyond the motor carrier’s control, including, but not limited to, dangerous road conditions, inclement weather, flooding, road closures. Exceptions to the regularly scheduled pickup service based on such conditions will be at the motor carrier’s discretion: Provided, That nothing herein changes the universal service obligation of any motor carrier. Any interruption of service in this regard that lasts beyond five days shall be reported by the motor carrier to the commission and the motor carrier and the staff of the commission shall establish a contingency pickup arrangement for the affected customers that the motor carrier shall implement until the condition causing the service interruption is alleviated.
AN ACT to amend and reenact §24-2-4c of the Code of West Virginia, 1931, as amended; and to amend and reenact §24-3-7 of said code, all relating to the powers of the Public Service Commission and the regulation of natural gas utilities; permitting natural gas utilities to seek proposals for drilling new natural gas wells and proposals for increasing production from existing natural gas wells; permitting natural gas utilities to create a process for identifying the cost to procure dependable supplies of natural gas to serve certain gas utility customers when dependable, lower-priced supplies of natural gas are not readily available to serve those customers; allowing natural gas utilities to petition the commission for approval of the related costs to serve such customers; providing that the commission may approve the petition the commission finds that: (1) The process of determining the costs and expected additional natural gas supply is reasonable; (2) the expected additional supply is dependable; and (3) the costs of the additional supply are reasonable and not contrary to the public interest; providing that natural gas utilities shall recover those costs pursuant to its annual purchased gas costs adjustment filings with the commission; allowing natural gas utilities to defer reasonable and prudent actual expenses attributable to converting each customer, incurred after the test year for the utility’s last rate case proceeding, which are not included in the utility’s current base rates; providing that natural gas utilities shall recover reasonable and prudent
deferred customer conversion expenses in future base rate cases through recovery of deferred expenses amortized over a reasonable period of time, as determined by the commission; providing that such recovery will be allowed only to the extent that the commission determines, based on evidence presented by the utility, that deferred amounts did not contribute to base rate earnings in excess of the utility’s last authorized return on equity calculated since the effective date of base rates from the utility’s last rate case proceeding; and adding lettering of subsections to an existing section of code.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-4c. Rate increases for natural gas public utilities relating to purchase of natural gas from suppliers; obtaining new supplies of natural gas to meet obligations.

(a) Before granting any rate increase to a natural gas public utility the commission must determine that dependable lower-priced supplies of natural gas are not readily available to the applicant from other sources.

(b) At any hearing involving a rate increase for a natural gas public utility, the burden of proof to demonstrate that dependable lower-priced supplies of natural gas are not readily available from other sources and that contracts between the public utility and its suppliers for purchase of natural gas are negotiated at arm’s length and are not detrimental to the customers of the utility’s services shall be upon the public utility making application for such change. Should the applying public utility not satisfactorily meet this burden, then the commission may not authorize an increase greater than that which reflects the reasonable cost of natural gas which is determined to be readily available.

(c) If a gas utility purchases from an affiliate more than 50 percent of its gas supplied to its customers, any purchase cost adjustment increase shall be based on actual costs and
may be subject to the general rate case requirements and review of section four-a of this article.

(d) Before January 1, 1984, the commission shall promulgate rules and regulations detailing what an applying natural gas utility must show in providing that dependable, lower-priced supplies of natural gas are not readily available to the applicant from other sources. Such rules and regulations shall include a requirement that each such utility let out bids for the purchase of a substantial quantity of natural gas supplied to its customers and that each such public utility present evidence demonstrating that all available sources of gas have been thoroughly investigated and that the utility’s purchases were at the lowest available price among reliable sources at the time of the purchase. Such evidence shall include a list of all persons, firms and corporations which were investigated as sources of gas; the price per thousand cubic feet at which each investigated person, firm or corporation offered gas for sale; the availability and cost of transporting such gas and the amount of gas potentially available each month by such person, firm or corporation. Such list shall also include the same information resulting from investigation of all “shut-in” wells.

(e) A gas utility may seek proposals for drilling new natural gas wells and proposals for increasing production from existing natural gas wells and may create a process for identifying the cost to procure dependable supplies of natural gas to serve certain gas utility customers when dependable, lower-priced supplies of natural gas are not readily available to serve those customers. A gas utility may petition the commission for approval of the related costs to serve such customers. Upon a finding by the commission that: (1) The process of determining the costs and expected additional natural gas supply is reasonable; (2) the expected additional supply is dependable; and (3) the costs of the additional supply are reasonable and not contrary to the public interest; the commission may approve the petition.
The gas utility shall recover those costs pursuant to its annual purchased gas costs adjustment filings with the commission under this section and the above-referenced rules of the commission.

ARTICLE 3. DUTIES AND PRIVILEGES OF PUBLIC UTILITIES SUBJECT TO REGULATIONS OF COMMISSION.

§24-3-7. Permit to abandon service; certificate; hearing upon intervention by consumer advocate; alternative service; recouping costs of converting customers.

(a) No railroad or other public utility shall abandon all or any portion of its service to the public or the operation of any of its lines which would affect the service it is rendering the public unless and until there shall first have been filed with the Public Service Commission of this state an application for a permit to abandon service and obtained from the commission an order stating that the present and future public convenience and necessity permits such abandonment.

(b) The consumer advocate’s office shall be notified of all notices to abandon rail service. Within five days of the receipt of such notice the consumer advocate shall notify the West Virginia public port authority of such proposed abandonment. The public port authority shall advise the consumer advocate as to whether such abandonment is in the public interest or if such rail line or service is an integral part of the intermodal transportation system within West Virginia. If the public port authority deems such abandonment to be not in the public interest, then the consumer advocate shall intervene to block such abandonment before all appropriate state and federal agencies or courts.

(c) The Public Service Commissioner, to the extent permitted by federal law, shall promulgate rules and regulations to govern the abandonment of rail lines and rail
service, including, but not limited to, the providing of a
hearing for the presentation of evidence in cases where the
consumer advocate seeks intervention pursuant to
subsection (b).

(d) In the event the commission determines that an
application to abandon gas service or any part thereof is in
the public interest and required by the present and future
public convenience and necessity, it shall include in its
order, as a condition of releasing any such utility from its
public service obligation to provide gas service, a provision
requiring the utility, prior to discontinuing service, to pay
the cost reasonably necessary to convert each customer to
an alternate fuel source. Natural gas utilities may defer
reasonable and prudent actual expenses attributable to
converting each customer incurred after the test year for the
utility’s last rate case proceeding and which are not included
in the utility’s current base rates. The utility shall recover its
reasonable and prudent deferred customer conversion
expenses in a future base rate case through recovery of the
deferred expenses amortized over a reasonable period of
time to be determined by the commission, but such recovery
will be allowed only to the extent that the commission also
determines, based on evidence presented by the utility, that
deferred amounts did not contribute to base rate earnings in
excess of the utility’s last authorized return on equity
calculated since the effective date of base rates from the
utility’s last rate case proceeding.
AN ACT to amend and reenact §24-6-3 of the Code of West Virginia, 1931, as amended, relating to emergency 911 telephone system and wireless enhanced 911 fees; and requiring the Public Service Commission in cooperation with the State Auditor to develop a plan for periodic audits of the expenditure of the fees from these systems.

Be it enacted by the Legislature of West Virginia:

ARTICLE 6. LOCAL EMERGENCY TELEPHONE SYSTEM. §24-6-3. Adoption of emergency telephone system plan.

(a) The Public Service Commission shall develop, adopt, and periodically review a comprehensive plan establishing the technical and operational standards to be followed in establishing and maintaining emergency telephone systems and enhanced emergency telephone systems.

(b) In developing the comprehensive plan, the Public Service Commission shall consult with telephone companies, and with the various public agencies and public safety units, including, but not limited to, emergency services organizations.

(c) The Public Service Commission shall annually review with each operating telephone company their construction and switching replacements projections.

CHAPTER 309

(S. B. 202 - By Senator Weld)

[Passed February 28, 2020; in effect 90 days from passage]
[Approved by the Governor on March 24, 2020.]

AN ACT to amend and reenact §16-13A-3 of the Code of West Virginia, 1931, as amended, relating to allowing one member of a public service board to be a county commissioner of the county commission with authority to appoint the members of the board, regardless of whether the commissioner resides within the district, when a board vacancy has existed for more than one year.

Be it enacted by the Legislature of West Virginia:

ARTICLE 13A. PUBLIC SERVICE DISTRICTS.

§16-13A-3. District to be a public corporation and political subdivision; powers thereof; public service boards.

From and after the date of the adoption of the order creating any public service district, it is a public corporation and political subdivision of the state, but without any power
to levy or collect ad valorem taxes. Each district may acquire, own, and hold property, both real and personal, in its corporate name, and may sue, may be sued, may adopt an official seal, and may enter into contracts necessary or incidental to its purposes, including contracts with any city, incorporated town, or other municipal corporation located within or without its boundaries for furnishing wholesale supply of water for the distribution system of the city, town, or other municipal corporation, or for furnishing stormwater services for the city, town, or other municipal corporation, and contract for the operation, maintenance, servicing, repair, and extension of any properties owned by it or for the operation and improvement or extension by the district of all or any part of the existing municipally owned public service properties of any city, incorporated town, or other municipal corporation included within the district:

Provided, That no contract may extend beyond a maximum of 40 years, but provisions may be included therein for a renewal or successive renewals thereof and shall conform to and comply with the rights of the holders of any outstanding bonds issued by the municipalities for the public service properties.

The powers of each public service district shall be vested in and exercised by a public service board consisting of not less than three members who shall be persons residing within the district, who possess certain educational, business, or work experience which will be conducive to operating a public service district, with the exception, however, that in the event a public service board has had a vacancy for more than one year one member of the public service board may be a county commissioner of the county commission with authority to appoint the members of the board regardless of whether the commissioner resides within the district. In the event the public service district is providing any utility service and billing rates and charges to its customers, at least one board member shall be a rate-paying residential customer of the public service district:

Provided, That if an existing public service board does not
have a member who is a rate-paying residential customer of
the public service district on July 1, 2013, the next following
appointment to the board shall be a rate-paying residential
customer of that public service district. For purposes of this
section, “rate-paying residential customer” means a person
who:

(1) In the case of a water or sewer public service district,
is physically connected to and actively receiving residential
public service district utility services; or

(2) In the case of a stormwater public service district,
has storm water conveyed away from the residential
property by a utility-owned system; and

(3) Has an active account in good standing and is the
occupier of the residential property which is on the public
service district utility service account.

Each board member shall, within six months of taking
office, successfully complete the training program to be
established and administered by the Public Service
Commission in conjunction with the Department of
Environmental Protection and the Bureau for Public Health.
Board members may not be or become pecuniarily
interested, directly or indirectly, in the proceeds of any
contract or service, or in furnishing any supplies or
materials to the district nor may a former board member be
hired by the district in any capacity within a minimum of 12
months after the board member’s term has expired or the
board member has resigned from the district board. The
members shall be appointed in the following manner:

Each city, incorporated town, or other municipal
corporation having a population of more than 3,000 but less
than 18,000 is entitled to appoint one member of the board,
and each city, incorporated town, or other municipal
corporation having a population in excess of 18,000 shall be
entitled to appoint one additional member of the board for
each additional 18,000 in population. The members of the
board representing such cities, incorporated towns, or other
municipal corporations shall be residents thereof and shall
be appointed by a resolution of the governing bodies thereof
and upon the filing of a certified copy or copies of the
resolution or resolutions in the office of the clerk of the
county commission which entered the order creating the
district, the persons so appointed become members of the
board without any further act or proceedings. If the number
of members of the board so appointed by the governing
bodies of cities, incorporated towns, or other municipal
corporations included in the district equals or exceeds three,
then no further members shall be appointed to the board and
the members so appointed are the board of the district except
in cases of merger or consolidation where the number of
board members may equal five.

If no city, incorporated town, or other municipal
corporation having a population of more than 3,000 is
included within the district, then the county commission
which entered the order creating the district shall appoint
three members of the board, who are persons residing within
the district and residing within the state of West Virginia,
which three members become members of the board of the
district without any further act or proceedings except in
cases of merger or consolidation where the number of board
members may equal five.

If the number of members of the board appointed by the
governing bodies of cities, incorporated towns, or other
municipal corporations included within the district is less
than three, then the county commission which entered the
order creating the district shall appoint such additional
member or members of the board, who are persons residing
within the district, as is necessary to make the number of
members of the board equal three except in cases of merger
or consolidation where the number of board members may
equal five, and the member or members appointed by the
governing bodies of the cities, incorporated towns, or other
municipal corporations included within the district and the
additional member or members appointed by the county commission as aforesaid, are the board of the district. A person may serve as a member of the board in one or more public service districts.

The population of any city, incorporated town, or other municipal corporation, for the purpose of determining the number of members of the board, if any, to be appointed by the governing body or bodies thereof, is the population stated for such city, incorporated town or other municipal corporation in the last official federal census.

Notwithstanding any provision of this code to the contrary, whenever a district is consolidated or merged pursuant to §16-13A-2 of this code, the terms of office of the existing board members shall end on the effective date of the merger or consolidation. The county commission shall appoint a new board according to rules promulgated by the Public Service Commission. Whenever districts are consolidated or merged no provision of this code prohibits the expansion of membership on the new board to five.

The respective terms of office of the members of the first board shall be fixed by the county commission and shall be as equally divided as may be, that is approximately one third of the members for a term of two years, a like number for a term of four years, the term of the remaining member or members for six years, from the first day of the month during which the appointments are made. The first members of the board appointed as aforesaid shall meet at the office of the clerk of the county commission which entered the order creating the district as soon as practicable after the appointments and shall qualify by taking an oath of office: Provided, That any member or members of the board may be removed from their respective office as provided in §16-13A-3a of this code.

Any vacancy shall be filled for the unexpired term within 30 days; otherwise successor members of the board shall be appointed for terms of six years and the terms of
office shall continue until successors have been appointed and qualified. All successor members shall be appointed in the same manner as the member succeeded was appointed. The district shall provide to the Public Service Commission, within 30 days of the appointment, the following information: The new board member’s name, home address, home and office phone numbers, date of appointment, length of term, who the new member replaces, and if the new appointee has previously served on the board. The Public Service Commission shall notify each new board member of the legal obligation to attend training as prescribed in this section.

The board shall organize within 30 days following the first appointments and annually thereafter at its first meeting after January 1 of each year by selecting one of its members to serve as chair and by appointing a secretary and a treasurer who need not be members of the board. The secretary shall keep a record of all proceedings of the board which shall be available for inspection as other public records. Duplicate records shall be filed with the county commission and shall include the minutes of all board meetings. The treasurer is lawful custodian of all funds of the public service district and shall pay same out on orders authorized or approved by the board. The secretary and treasurer shall perform other duties appertaining to the affairs of the district and shall receive salaries as shall be prescribed by the board. The treasurer shall furnish bond in an amount to be fixed by the board for the use and benefit of the district.

The members of the board, and the chair, secretary, and treasurer thereof, shall make available to the county commission, at all times, all of its books and records pertaining to the district’s operation, finances, and affairs, for inspection and audit. The board shall meet at least monthly.

AN ACT to amend and reenact §47-11A-2, §47-11A-6, and §47-11A-9 of the Code of West Virginia, 1931, as amended, all relating to unfair trade practices; generally providing for invoice cost of each separate or distinct product or item of merchandise to retailer in calculation of cost to business of retailer; including applicable taxes in invoice cost in calculation of cost to business of retailer; clarifying application of misdemeanor offenses under the act; eliminating markup in calculation of cost to business of retailer; authorizing court to award treble damages, court costs, litigation costs, and attorney fees for violation; and making technical changes.

§47-11A-2. When selling below cost prohibited; penalty.

Except as otherwise provided in this article, it shall be unlawful for any person, partnership, firm, corporation, or other entity engaged in business as a retailer or wholesaler within this state to sell, offer for sale, or advertise for sale any product or item of merchandise at a price less than the cost thereof with the intent to destroy or the effect of destroying competition. Each violation shall constitute a misdemeanor and, upon conviction thereof, any person, partnership, firm, corporation, or other entity violating this
section shall be subject to the penalty set forth in §47-11A-11 of this code.

(a) The term “cost” when applicable to the business of retailer shall mean bona fide cost and shall mean: (i) The invoice cost of each separate or distinct product or item of merchandise to the retailer to include applicable taxes, or the replacement cost thereof to the retailer within 30 days prior to the date of sale, offer for sale, or advertisement for sale, as the case may be, in the quantity last purchased, whichever is lower, from either of which there shall be deducted all trade discounts, except customary discounts for cash; and (ii) to either of which there shall be added freight charges not otherwise included in the cost of the article, product, or item of merchandise, but which freight charges shall not be construed as including cartage to retail outlet if done or paid for by the retailer.

(b) The term “cost” when applicable to the business of a wholesaler shall mean bona fide cost and shall mean: (i) The invoice cost of the merchandise to the wholesaler to include applicable taxes, or the replacement cost of the merchandise to the wholesaler within 30 days prior to the date of sale, offer for sale, or advertisement for sale, as the case may be, in the quantity last purchased, whichever is lower, from either of which there shall be deducted all trade discounts except customary discounts for cash; and (ii) to either of which there shall be added the following items of expense:

(1) Freight charges not otherwise included in the cost of the article, product, or item of merchandise, but which freight charges shall not be construed as including cartage to the retail outlet if done or paid for by the wholesaler;

(2) A markup to cover, in part, the cost of doing business, which markup in the absence of proof of a lesser cost, shall be four percent of the aggregate of invoice cost
or replacement cost (whichever is used), less trade discounts as aforesaid, and plus said freight charges: Provided, That such a markup to cover the cost of doing business as provided for in this subdivision shall be exclusive of any federal and state motor fuel taxes.

§47-11A-9. Injunctions; damage suits; and jurisdiction.

(a) Any person, partnership, firm, corporation, or other entity injured by a violation of §47-11A-2 or §47-11A-3 of this code may maintain an action to enjoin a continuance of any such violation in the circuit court of the county wherein said violation is alleged to have occurred. If a violation is established in such an action, the court shall enjoin, restrain, or otherwise prohibit such violation. In such action, if damages are alleged and proven, the plaintiff in the action, in addition to injunctive relief, shall recover from the defendant the actual damages sustained and proven to be a result of the violation, and the court may award the plaintiff treble damages, court costs, litigation costs, and attorneys’ fees.

(b) In the event no injunctive relief is sought or required, any person, partnership, firm, corporation, or other entity injured by a violation of the provisions of this article may maintain an action for damages alone in the circuit court of the county wherein said violation is alleged to have occurred. If a violation is established in such an action and proven, a plaintiff shall recover from the defendant the actual damages sustained and proven to be a result of the violation, and the court may award the plaintiff treble damages, court costs, litigation costs, and attorneys’ fees.

(c) In any action under subsections (a) and (b) of this section it shall be an absolute defense that the sale price of any product or item of merchandise alleged to be in violation of this article is equal to or greater than the sales price of the same product or item being sold by a competitor of the defendant.
(d) A court may dismiss any action under subsections (a) and (b) of this section upon a motion for summary judgment if the court finds pursuant to Rule 56 of the West Virginia Rules of Civil Procedure that the provisions of subsection (c) of this section have been satisfied.

(e) The circuit courts of this state shall have jurisdiction of actions under this section.

AN ACT to amend and reenact §17-2A-17 of the Code of West Virginia, 1931, as amended, relating to clarifying the powers and duties of the Division of Highways in acquiring property for state road purposes to include depth as well as width; and updating antiquated language.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2A. WEST VIRGINIA COMMISSIONER OF HIGHWAYS.

§17-2A-17. Acquisition of property for state road purposes; “state road purposes” defined.

In addition to all other powers given and assigned to the commissioner in this chapter, the commissioner may acquire, either temporarily or permanently, in the name of the Division of Highways all real or personal property, public or private, or any interests or rights therein, including any easement, riparian right, or right of access, deemed by the commissioner to be necessary for present or presently
foreseeable future state road purposes by gift, lease, grant, bequest, devise, agreement, purchase, exchange, right of eminent domain, or other lawful means. Real property may be acquired in fee simple or in any lesser estate or interest therein, except in the case of a public road, only the right-of-way shall be acquired. Acquisition of such personal property shall be subject to the provisions of §17-2A-13 and §17-2A-15 of this code. The acquisition of all such real and personal property is hereby declared to be a cost of highway construction. Nothing in this section restricts or relinquishes any right the state or any agency thereof now or hereafter possesses or may exercise by virtue of the police power or other lawful authority.

As used in this article, “state road purposes” shall include provision for, but shall not be limited to, the following:

(a) Constructing, establishing, laying out, widening, enlarging, extending, straightening, reconstructing, relocating, grading, altering, improving, and maintaining state roads;

(b) Rights-of-way for state roads, including those needed for such roads within municipalities, such rights-of-way to be to such width and depth as deemed necessary for the project by the commissioner and shall include all material therein;

(c) Adequate drainage of state roads;

(d) Controlled-access facilities, as defined in §17-4-39 of this code, including existing and vested rights of access, air, view and light, whether privately or publicly owned, and local service roads to controlled-access facilities;

(e) Broadcasting stations, weighing stations, shops, equipment sheds, office buildings, storage buildings and yards, snow fences, road maintenance, or construction sites;
(f) Road-building material storage sites, quarry sites, gravel pits, sites for the acquisition or manufacture of road-building materials including borrow pits, stockpile sites, waste-material sites and access roads to any such sites or places;

(g) The culture and support of trees which benefit any state road by aiding in the maintenance and preservation of the road;

(h) Landscape and roadside development, and maintenance thereof, within any state road right-of-way, and the acquisition and maintenance of lands and interests in lands for the restoration, preservation, and enhancement of places of scenic beauty, and other objects of attraction or scenic value adjacent to or near any state road, and the acquisition, development, and maintenance of publicly owned and controlled rest and recreation areas and sanitary and other facilities reasonably necessary for the accommodation of the traveling public, within, adjacent to, or near the right-of-way of any road within the state road system;

(i) Development and maintenance of parking places, auto camps, camp sites, roadside parks, historic roadside markers and sites, forest or timbered areas, or other places of attraction and scenic value which are adjacent to or near any state road and which in the judgment of the commissioner are necessary for the convenience of the public and will contribute to the general welfare and pleasure of the motoring public or road users;

(j) Maintenance of an unobstructed view of any portion of any state road in order to provide for the safety of the traveling public;

(k) Erection and maintenance of markers, warning signs and traffic signals;
(l) Construction and maintenance on state roads of sidewalks and highway illumination;

(m) Elimination or prevention of hazardous or undesirable points of entry to state roads from adjacent property;

(n) Acquisition of property, or any interest or right therein, for the purpose of exchanging it for other property, or any interest or right therein, which the Division of Highways is authorized to acquire by the other provisions of this section: Provided, That such substitute property, or any interest or right therein, may be acquired by the commissioner by condemnation only if the following conditions are satisfied: (1) Monetary compensation would be substantially inadequate for the property, or interest or right therein, which the commissioner is authorized to acquire by the other provisions of this section; and (2) the Division of Highways has entered into a written agreement to exchange the substitute property, or the right or interest therein, for the property, or right or interest therein, which is needed for state road purposes, regardless of whether the person who has agreed to accept the exchange has the right to condemn the substitute property, or the right or interest therein; and

(o) Acquisition of real property, not needed for a state road, for the purpose of moving and relocating thereon a building or other structure or appurtenance which is situated on a lot or tract of land all or a portion of which is needed for a state road and which, after relocation, will be suitable for the purpose for which it was used prior to its being relocated: Provided, That such additional real property may be acquired by the commissioner by condemnation only if the following conditions are satisfied: (1) The building or other structure or appurtenance is of substantial value; (2) the real property on which it is to be relocated is not substantially improved and is adjacent to or near the location from which it is to be removed; (3) the owner of the real property needed for the state road has entered into a
written agreement with the Division of Highways to accept
in exchange the additional property with the relocated
building or structure or appurtenance thereon; (4)
substantial savings in expenditure of state road funds will
result from condemning the additional property and
relocating the building or structure or appurtenance rather
than condemning the lot or tract, or the portion thereof, on
which the building or other structure or appurtenance may
be located; and (5) the real property with the relocated
building or structure or appurtenance thereon will be
relatively equal in value to the real property needed for the
state road.

CHAPTER 314

(Com. Sub. for H. B. 4017 - By Delegates Summers,
D. Jeffries, Sypolt, D. Kelly, Toney, Hardy, Mandt,
Maynard, Linville, Phillips and Criss)

[Passed March 7, 2020; in effect ninety days from passage.]
[Approved by the Governor on March 25, 2020.]

AN ACT to amend the Code of West Virginia, 1931, as amended,
by adding thereto a new section, designated §17-2A-6b,
relating to establishing country roads accountability and
transparency; directing the State Auditor to develop and
maintain a searchable website of funding actions and
expenditures relating state and public roads; setting forth the
minimum content to be contained in the website; directing the
Commissioner of Highways to provide information and data
to the State Auditor; and requiring an annual update to the
Joint Committee on Government and Finance.

Be it enacted by the Legislature of West Virginia:
ARTICLE 2A. WEST VIRGINIA COMMISSIONER OF HIGHWAYS.

(a) The Legislature finds that taxpayers should be able to easily access the details of how the state is spending their tax dollars to build and repair state and public roads. The taxpayers should also be able to easily access and compare the budgeted moneys and the performance results that are achieved for those expenditures. It is the intent of the Legislature, therefore, to direct the Auditor to create and maintain a searchable website detailing where, how much, and from what source the taxpayer moneys in state government are expended for state and public roads.

(b) No later than July 1, 2020, the Auditor shall develop and make publicly available a searchable website containing, at a minimum, the following information for a given fiscal year, and the three immediately preceding fiscal years:

(1) The project number or name for each state and public road in which moneys have been expended to build or repair or in which funding has been directed;

(2) The county location for each such project;

(3) The funding source for a given funding action or expenditure;

(4) The budget program or activity related to a given funding action or expenditure;

(5) The name and the address, principal location or residence of the recipients of a given funding action or expenditure; and

(6) Additional information as to the funding action or expenditure the Auditor considers valuable for the public.

(c) For the purposes of this section:
“Auditor” means the State Auditor of West Virginia, by himself or herself, or by any person appointed, designated or approved by the State Auditor to perform the service;

“Funding action or expenditure” includes details on the type of spending (grant, contract, appropriations, etc.). This includes, but is not limited to, tax exemptions, tax credits, or any expenditure from any civil contingency or similar fund. (h) The state superintendent shall periodically ensure that county boards are acting in compliance with this section.

(i) The state board may propose legislative rules pursuant to §29A-3B-1 et seq. of this code that are necessary to implement the provisions of this section.

The employment of prospective teachers and other professional personnel is subject to the following:

(1) The county board adopts a policy authorizing the employment of prospective teachers and other professional personnel to address areas of critical need;

(2) The county board posts a notice of the critical need positions in the county in which the county intends to employ the prospective teachers and other professional personnel. The notice is posted in a conspicuous place in each school or on the county board website for at least ten working days prior to making offers of employment to prospective teachers and other professional personnel;

(3) No qualified applicants currently employed by the county are available and willing to fill the critical need position in the next ensuing school year;

(4) The prospective teachers and other professional personnel may only be employed from candidates who will graduate or have graduated from an institution of higher education during the current school year and will commence employment in the next ensuing school year;

(b) Nothing in this section prevents a county board from filling a posted vacancy in an established, existing or newly created position at any time in accordance with the other provisions of this chapter.

§18A-2-3. Employment of substitute teachers; and employment of retired teachers as substitutes in areas of critical need and shortage.
(a) The county superintendent, subject to approval of the county board, may employ and assign substitute teachers to any of the following duties:

(1) Fill the temporary absence of any teacher or an unexpired school term made vacant by resignation, death, suspension or dismissal;

(2) Fill a teaching position of a regular teacher on leave of absence; and

(3) Perform the instructional services of any teacher who is authorized by law to be absent from class without loss of pay, providing the absence is approved by the board of education in accordance with the law.

(b) Notwithstanding any other provision of this code to the contrary, a substitute teacher who has been assigned as a classroom teacher in the same classroom continuously for more than one half of a grading period and whose assignment remains in effect two weeks prior to the end of the grading period, shall remain in the assignment until the grading period has ended, unless the principal of the school certifies that the regularly employed teacher has communicated with and assisted the substitute with the preparation of lesson plans and monitoring student progress or has been approved to return to work by his or her physician. For the purposes of this section, teacher and substitute teacher, in the singular or plural, mean professional educator as defined in section one, article one of this chapter.

(c) (1) The Legislature hereby finds and declares that due to a shortage of qualified substitute teachers, a compelling state interest exists in expanding the use of retired teachers to provide service as substitute teachers in areas of critical need and shortage. The Legislature further finds that diverse circumstances exist among the counties for the expanded use of retired teachers as substitutes.
(2) For the purposes of this subsection:

(A) “Area of critical need and shortage for substitute teachers” means an area of certification and training in which the number of available substitute teachers in the county who hold certification and training in that area and who are not retired is insufficient to meet the projected need for substitute teachers; and

(B) “Teacher or substitute teacher” includes speech pathologists, school nurses and school counselors.

(3) A person receiving retirement benefits under article seven-a, chapter eighteen of this code or who is entitled to retirement benefits during the fiscal year in which that person retired may accept employment as a critical needs substitute teacher for an unlimited number of days each fiscal year without affecting the monthly retirement benefit to which the retirant is otherwise entitled if the following conditions are satisfied:

(A) The county board adopts a policy recommended by the superintendent to address areas of critical need and shortage for substitute teachers;

(B) The policy sets forth the areas of critical need and shortage for substitute teachers in the county in accordance with the definition of area of critical need and shortage for substitute teachers set forth in subdivision (2) of this subsection;

(C) The policy provides for the employment of retired teachers as critical needs substitute teachers during the school year on an expanded basis in areas of critical need and shortage for substitute teachers as provided in this subsection;

(D) The policy provides that a retired teacher may be employed as a substitute teacher in an area of critical need and shortage for substitute teachers on an expanded basis as provided in this subsection only when no other teacher who
holds certification and training in the area and who is not retired is available and accepts the substitute assignment;

(E) The policy is effective for one school year only and is subject to annual renewal by the county board;

(F) The state board approves the policy and the use of retired teachers as substitute teachers on an expanded basis in areas of critical need and shortage for substitute teachers as provided in this subsection; and

(G) Prior to employment of a retired teacher as a critical needs substitute teacher beyond the post-retirement employment limitations established by the Consolidated Public Retirement Board, the superintendent of the affected county submits to the state board in a form approved by the Consolidated Public Retirement Board and the state board, an affidavit signed by the superintendent stating the name of the county, the fact that the county has adopted a policy to employ retired teachers as substitutes to address areas of critical need and shortage, the name or names of the person or persons to be employed as a critical needs substitute pursuant to the policy, the critical need and shortage area position filled by each person, the date that the person gave notice to the county board of the person’s intent to retire, and the effective date of the person’s retirement. Upon verification of compliance with this section and the eligibility of the critical needs substitute teacher for employment beyond the post-retirement limit, the state board shall submit the affidavit to the Consolidated Public Retirement Board.

(4) Any person who retires and begins work as a critical needs substitute teacher within the same fiscal year in which that person retired shall lose those retirement benefits attributed to the annuity reserve, effective from the first day of employment as a retiree critical needs substitute teacher in that fiscal year and ending with the month following the date the retiree ceases to perform service as a critical needs substitute teacher.
(5) Retired teachers employed to perform expanded substitute service pursuant to this subsection are considered day-to-day, temporary, part-time employees. The substitutes are not eligible for additional pension or other benefits paid to regularly employed employees and may not accrue seniority.

(6) A retired teacher is eligible to be employed as a critical needs substitute teacher to fill a vacant position without any loss of retirement benefits attributed to the annuity reserve only if the retired teacher’s retirement became effective before the first day of July preceding at least the fiscal year during which he or she is employed as a critical needs substitute teacher.

(7) When a retired teacher is employed as a critical needs substitute to fill a vacant position, the county board shall continue to post the vacant position until it is filled with a regularly employed teacher who is fully certified or permitted for the position.

(8) When a retired teacher is employed as a critical needs substitute to fill a vacant position, the position vacancy shall be posted electronically and easily accessible to prospective employees as determined by the state board.

(9) Until this subsection is expired pursuant to subdivision (10) of this subsection, the state board shall report to the Joint Committee on Government and Finance, prior to February 1 of each year, information indicating the effectiveness of the provisions of this subsection on reducing the critical need and shortage of substitute teachers including, but not limited to, the number of retired teachers, by critical need and shortage area position filled and by county, employed beyond the post-retirement employment limit established by the Consolidated Public Retirement Board, the date that each person gave notice to the county board of the person’s intent to retire, and the effective date of the person’s retirement. (a) The total allowance to improve instructional programs and instructional technology is the sum of the following:

(1) For instructional improvement, in accordance with county and school electronic strategic improvement plans required by §18-2E-5 of this code, an amount equal to 10 percent of the increase in the local share amount for the next school year shall be added to the amount of the appropriation for this purpose for the immediately preceding school year. The sum of these amounts shall be allocated to the counties as follows:

(A) One hundred fifty thousand dollars shall be allocated to each county; and
(B) Allocation to the counties of the remainder of these funds shall be made proportional to the average of each county’s average daily attendance for the preceding year and the county’s second month net enrollment.

Up to 50 percent of this allocation for the improvement of instructional programs may be used to employ professional educators and service personnel in the county. Prior to the use of any funds from this subdivision for personnel costs, the county board must receive authorization from the State Superintendent. The State Superintendent shall require the county board to demonstrate: (1) The need for the allocation; (2) efficiency and fiscal responsibility in staffing; (3) sharing of services with adjoining counties in the use of the total local district board budget; and (4) employment of technology integration specialists to meet the needs for implementation of the West Virginia Strategic Technology Learning Plan. The funds available for personnel under this subdivision may not be used to increase the total number of professional noninstructional personnel in the central office beyond four.

The plan shall be made available for distribution to the public at the office of each affected county board; plus

Moneys allocated by this subdivision shall be used for implementation of the comprehensive systems for teacher and leader induction and professional growth.
pursuant to §18A-3C-3 of this code. Notwithstanding any
 provision of this subsection to the contrary, for each of the
 five school years beginning with the school year 2020 –
 2021 and ending after the school year 2024 – 2025, from
 funds to be allocated under this subdivision, $100,000 shall
 be retained by the Department of Education to assist county

(d) Any project funded by the School Building Authority shall be in accordance with a comprehensive educational facility plan which must be approved by the state board and the School Building Authority.

CHAPTER 18A. SCHOOL PERSONNEL.

ARTICLE 3C. IMPROVING TEACHING AND LEARNING.

§18A-3C-3. Comprehensive system for teacher and leader induction and professional growth.

(a) The intent of the Legislature is to allow for local-level implementation of comprehensive systems of support for building professional practice consistent with sound educational practices and resources available. In this regard, it is the intent of the Legislature that the comprehensive systems of support shall incorporate support for improved professional performance that begins with meaningful assistance for beginning teachers and leaders and also is targeted on deficiencies identified through the educator personnel evaluation process and other professional
development needs identified in the strategic plans for continuous improvement of schools and school systems. Further, because of significant variability among the counties, not only in the size of their teaching force, distribution of facilities and available resources, but also because of their varying needs, the Legislature intends for the implementation of this section to be accomplished in a manner that provides adequate flexibility to the counties to design and implement a comprehensive system of support for improving professional performance that best achieves the goals of this section within the county. Finally, because of the critical importance of ensuring that all teachers perform at the accomplished level or higher in the delivery of instruction that at least meets the West Virginia Professional Teaching Standards and because achieving this objective at a minimum entails providing assistance to address the needs as indicated by the data informed results of annual performance evaluations, including the self-assessed needs of the teachers themselves, the Legislature expects the highest priority for county and state professional development will be on meeting these needs and that the comprehensive systems of support for improving professional practice will reflect substantial redirection of existing professional development resources toward this highest priority.

(b) On or before July 1, 2018, the state board shall publish guidelines on the design and implementation of a county-level comprehensive system of support for improving professional practice. The purpose of the guidelines is to assist the county board with the design and implementation of a system that best achieves the goals of this section within the county. The guidelines may include examples of best practices and resources available to county boards to assist them with the design and implementation of a comprehensive system of support and may include guidelines for the design and implementation of a teacher leader framework committed to improving the quality of instruction.
(c) Effective for the school year beginning July 1, 2018, and thereafter, a county board is not eligible to receive state funding appropriated for the purposes of this section or any other provision of law related to beginning teacher and principal internships and mentor teachers and principals unless it has adopted a plan for implementation of a comprehensive system of support for improving professional practice, the plan has been verified by the state board as meeting the requirements of this section and the county is implementing the plan. The plan shall address the following:

1. The manner in which the county will provide the strong school-based support and supervision that will assist beginning teachers in developing instructional and management strategies, procedural and policy expertise, and other professional practices they need to be successful in the classroom and perform at the accomplished level. Nothing in this subdivision prohibits a school or school system that was granted an exception or waiver from §18A-3-2c of this code prior to the effective date of this section from continuing implementation of the program in accordance with the exception or waiver;

2. The manner in which the county will provide the strong support and supervision that will assist beginning principals in developing instructional leadership, supervisory, and management strategies, procedural and policy expertise, and other professional practices they need to be successful in leading continuous school improvement and performing at the accomplished level or above;

3. The manner in which the county in cooperation with the teacher preparation programs in this state will provide strong school-based support and assistance necessary to make student teaching a productive learning experience;

4. The manner in which the county will use the data from the educator performance evaluation system to serve as the basis for providing professional development
specially targeted on the area or areas identified through
the evaluation process as needing improvement. If possible,
this targeted professional development should be delivered
at the school site using collaborative processes, mentoring
or coaching or other approaches that maximize use of the
instructional setting;

(5) The manner in which the county will use the data
from the educator performance evaluation system to serve
as the basis for establishing priorities for the provision of
county-level professional development when aggregate
evaluation data from the county’s schools indicates an area
or areas of needed improvement;

(6) If a county uses master teachers, mentors, academic
coaches, or any other approaches using individual
employees to provide support, supervision, or other
professional development or training to other employees for
the purpose of improving their professional practice, the
manner in which the county will select each of these
individual employees based upon demonstrated superior
performance and competence as well as the manner in
which the county will coordinate support for these
employees. If the duties of the position are to provide
mentoring to an individual teacher at only one school, then
priority shall be given to applicants employed at the school
at which those duties will be performed;

(7) The manner in which the county will use local
resources available, including, but not limited to, funds for
professional development and academic coaches, to focus
on the priority professional development goals of this
section;

(8) The manner in which the county will adjust its
scheduling, use of substitutes, collaborative planning time,
calendar, or other measures as may be necessary to provide
sufficient time for professional personnel to accomplish the
goals of this section as set forth in the county’s plan; and
(9) The manner in which the county will monitor and evaluate the effectiveness of implementation and outcomes of the county system of support for improving professional practice.

(d) Effective the school year beginning July 1, 2020, and thereafter, appropriations for supporting county level implementation of the comprehensive systems of support for teacher and leader induction and professional growth pursuant to §18-9A-10 of this code and any new appropriation which may be made for the purposes of this section shall be expended by county boards only to accomplish the activities as set forth in their county plan pursuant to this section. Effective the school year beginning July 1, 2020, and thereafter, any employee service or employment as a mentor is not subject to the provisions of this code governing extra duty contracts. A county board may adopt a teacher leader framework designed to accomplish the purposes of this section related to teacher induction and professional growth and, if the county board adopts a county salary supplement pursuant to §18A-4-5a of this code to provide additional compensation to teachers who, in addition to teaching duties, are assigned other duties for new teacher induction, improving professional practice and furthering professional growth among teachers as set forth in the county’s comprehensive system of support, then appropriations made for supporting the purposes of this section may be applied to that salary supplement and other associated costs which may include a reduction in the teaching load of the teacher leader.

(e) The Department of Education shall assist county boards with the design and implementation of a teacher leader framework to accomplish the teacher induction and professional growth aspects of their comprehensive systems of support pursuant to this section. The goals of a teacher leader framework are to achieve:
(1) Increased student achievement and growth through the development of a shared leadership structure at the school level;

(2) Broader dissemination and use of effective teacher strategies through an increase in teacher collaboration; and

(3) Stronger and more positive school and district culture through the development and retention of highly effective teachers.

(f) The Department of Education may form networks among schools or school systems, or both, of comparable size and interests for the design and implementation of teacher leader frameworks that are:

(A) Driven by varying district and school needs;

(B) Related to existing state and district initiatives;

(C) Designed to improve student achievement and growth; and

(D) Designed to fit district size, current culture for collaboration, and funding capacity.

(g) A teacher leader framework adopted by a county board must:

(1) Create specific roles and responsibilities, eligibility requirements, and compensation plans for each teacher leader position, and clearly communicate these to teacher leaders, administrators, and other stakeholders;

(2) Provide regular, targeted professional learning opportunities for teacher leaders, and encourage redelivery within their respective schools;

(3) Provide time and opportunities for teacher leaders to collaborate with administrators, curriculum staff, other teacher leaders, and teachers;
(4) Monitor and evaluate the effectiveness of the teacher leader program through surveys from school administrators and school faculty; and

(5) Include teacher leaders in the school improvement planning process.

(h) The Legislative Oversight Commission on Education Accountability shall review the progress of the implementation of the comprehensive systems of support for teacher and leader induction and professional growth and may make any recommendations it considers necessary to the Legislature during the next regular legislative session.

(f) For taxable years beginning on and after January 1, 2018, whenever this article refers to “each exemption for which he or she is entitled to a deduction for the taxable year for federal income tax purposes”, this phrase means the exemption the person would have been allowed to claim for the taxable year had the federal income tax law not been amended to eliminate the personal exemption for federal tax years beginning on or after January 1, 2018.

CHAPTER 326

(Com. Sub. for S. B. 578 - By Senators Roberts and Cline)

[Passed March 6, 2020; in effect July 1, 2020.]
[Approved by the Governor on March 25, 2020.]

AN ACT to amend and reenact §11-13-2o of the Code of West Virginia, 1931, as amended, relating to adjusting the calculation of business and occupation tax on the business of generating, producing, or selling electricity from solar energy facilities; defining terms; and establishing the taxable generating capacity for certain generating units utilizing solar photovoltaic methods.
Be it enacted by the Legislature of West Virginia:

ARTICLE 13. BUSINESS AND OCCUPATION TAX.

§11-13-2o. Business of generating or producing or selling electricity on and after June 1, 1995; definitions; rate of tax; exemptions; effective date.

(a) Definitions. — As used in this section:

(1) “Average four-year generation” is computed by dividing by four the sum of a generating unit’s net generation, expressed in kilowatt hours, for calendar years 1991, 1992, 1993, and 1994. For any generating unit which was newly installed and placed into commercial operation after January 1, 1991, and prior to the effective date of this section, “average four-year generation” is computed by dividing the unit’s net generation for the period beginning with the month in which the unit was placed into commercial operation and ending with the month preceding the effective date of this section by the number of months in the period and multiplying the resulting amount by twelve with the result being a representative 12-month average of the unit’s net generation while in an operational status.

(2) “Capacity factor” means a fraction, the numerator of which is average four-year generation and the denominator of which is the maximum possible annual generation.

(3) “Generating unit” means a mechanical apparatus or structure which through the operation of its component parts is capable of generating or producing electricity and is regularly used for this purpose.

(4) “Inactive reserve” means the removal of a generating unit from commercial service for a period of not less than 12 consecutive months as a result of lack of need for generation from the generating unit or as a result of the requirements of state or federal law or the removal of a generating unit from commercial service for any period as a
result of any physical exigency which is beyond the reasonable control of the taxpayer.

(5) “Maximum possible annual generation” means the product, expressed in kilowatt hours, of official capability times 8,760 hours.

(6) “Official capability” means the nameplate capacity rating of a generating unit expressed in kilowatts.

(7) “Peaking unit” means a generating unit designed for the limited purpose of meeting peak demands for electricity or filling emergency electricity requirements.

(8) “Retired from service” means the removal of a generating unit from commercial service for a period of at least 12 consecutive months with the intent that the unit may not thereafter be returned to active service.

(9) “Taxable generating capacity” means the product, expressed in kilowatts, of the capacity factor times the official capability of a generating unit, subject to the modifications set forth in subdivisions (2) and (3), subsection (c) of this section.

(10) “Net generation” for a period means the kilowatt hours of net generation available for sale generated or produced by the generating unit in this state during the period less the following:

(A) Twenty-one twenty-sixths of the kilowatt hours of electricity generated at the generating unit and sold during the period to a plant location of a customer engaged in manufacturing activity if the contract demand at the plant location exceeds 200,000 kilowatts per hour in a year or where the usage at the plant location exceeds 200,000 kilowatts per hour in a year;

(B) Twenty-one twenty-sixths of the kilowatt hours of electricity produced or generated at the generating unit during the period by any person producing electric power
and an alternative form of energy at a facility located in this state substantially from gob or other mine refuse;

(C) The total kilowatt hours of electricity generated at the generating unit exempted from tax during the period by §11-13-2n(b)* of this code.

(b) Rate of tax. — Upon every person engaging or continuing within this state in the business of generating or producing electricity for sale, profit or commercial use, either directly or indirectly through the activity of others, in whole or in part, or in the business of selling electricity to consumers, or in both businesses, the tax imposed by §11-13-2 of this code shall be equal to:

(1) For taxpayers who generate or produce electricity for sale, profit or commercial use, the product of $22.78 multiplied by the taxable generating capacity of each generating unit in this state owned or leased by the taxpayer, subject to the modifications set forth in subsection (c) of this section: Provided, That with respect to each generating unit in this state which has installed a flue gas desulfurization system, the tax imposed by section two of this article shall, on and after January 31, 1996, be equal to the product of $20.70 multiplied by the taxable generating capacity of the units, subject to the modifications set forth in subsection (c) of this section: Provided, however, That with respect to kilowatt hours sold to or used by a plant location engaged in manufacturing activity in which the contract demand at the plant location exceeds 200,000 kilowatts per hour per year or if the usage at the plant location exceeds 200,000 kilowatts per hour in a year, in no event may the tax imposed by this article with respect to the sale or use of the electricity exceed five hundredths of one cent times the kilowatt hours sold to or used by a plant engaged in a manufacturing activity; and

(2) For taxpayers who sell electricity to consumers in this state that is not generated or produced in this state by the taxpayer, nineteen hundredths of one cent times the

*NOTE: Correction of apparent word to number translation error.
kilowatt hours of electricity sold to consumers in this state that were not generated or produced in this state by the taxpayer, except that the rate shall be five hundredths of one cent times the kilowatt hours of electricity not generated or produced in this state by the taxpayer which is sold to a plant location in this state of a customer engaged in manufacturing activity if the contract demand at such plant location exceeds 200,000 kilowatts per hour per year or if the usage at such plant location exceeds 200,000 kilowatts per hour in a year. The measure of tax under this subdivision shall be equal to the total kilowatt hours of electricity sold to consumers in the state during the taxable year, that were not generated or produced in this state by the taxpayer, to be determined by subtracting from the total kilowatt hours of electricity sold to consumers in the state the net kilowatt hours of electricity generated or produced in the state by the taxpayer during the taxable year. For the purposes of this subdivision, net kilowatt hours of electricity generated or produced in this state by the taxpayer includes the taxpayer’s pro rata share of electricity generated or produced in this state by a partnership or limited liability company of which the taxpayer is a partner or member. The provisions of this subdivision may not apply to those kilowatt hours exempt under §11-13-2n(b)* of this code. Any person taxable under this subdivision shall be allowed a credit against the amount of tax due under this subdivision for any electric power generation taxes or a tax similar to the tax imposed by subdivision (1) of this subsection paid by the taxpayer with respect to the electric power to the state in which the power was generated or produced. The amount of credit allowed may not exceed the tax liability arising under this subdivision with respect to the sale of the power.

(c) The following provisions are applicable to taxpayers subject to tax under subdivision (1), subsection (b) of this section:

(1) Retired units; inactive reserve. — If a generating unit is retired from service or placed in inactive reserve, a

*NOTE: Correction of apparent word to number translation error.
taxpayer may not be liable for tax computed with respect to
the taxable generating capacity of the unit for the period that
the unit is inactive or retired. The taxpayer shall provide
written notice to the Joint Committee on Government and
Finance, as well as to any other entity as may be otherwise
provided by law, 18 months prior to retiring any generating
unit from service in this state.

(2) New generating units. — If a new generating unit,
other than a peaking unit, is placed in initial service on or
after the effective date of this section, the generating unit’s
taxable generating capacity shall equal 40 percent of the
official capability of the unit: Provided, That the taxable
generating capacity of a county-owned or municipally
owned generating unit shall equal zero percent of the
official capability of the unit and for taxable periods ending
on or before December 31, 2007, the taxable generating
capacity of a generating unit utilizing a turbine powered
primarily by wind shall equal five percent of the official
capability of the unit: Provided, however, That for taxable
periods beginning on or after January 1, 2008, the taxable
generating capacity of a generating unit utilizing a turbine
powered primarily by wind shall equal 12 percent of the
official capability of the unit: Provided further, That for
taxable periods beginning on or after January 1, 2020, the
taxable generating capacity of a generating unit utilizing
solar photovoltaic methods shall equal eight percent of the
official capacity of the unit. For purposes of this subsection,
“solar photovoltaic methods” means a module or array of
solar cells electronically connected in a series or in parallel
to provide suitable voltages and currents for electricity
generation. Methods include, but are not limited to, a grid-
connected photovoltaic system designed to operate in
parallel with an electric utility grid.

(3) Peaking units. — If a peaking unit is placed in initial
service on or after the effective date of this section, the
generating unit’s taxable generating capacity shall equal
five percent of the official capability of the unit: Provided,
That the taxable generating capacity of a county-owned or municipally owned generating plant shall equal zero percent of the official capability of the unit.

(4) *Transfers of interests in generating units.* — If a taxpayer acquires an interest in a generating unit, the taxpayer shall include the computation of taxable generating capacity of the unit in the determination of the taxpayer’s tax liability as of the date of the acquisition. Conversely, if a taxpayer transfers an interest in a generating unit, the taxpayer may not for periods thereafter be liable for tax computed with respect to the taxable generating capacity of the transferred unit.

(5) *Proration, allocation.* — The Tax Commissioner shall promulgate rules in conformity with §29A-3-1 et seq. of this code to provide for the administration of this section and to equitably prorate taxes for a taxable year in which a generating unit is first placed in service, retired, or placed in inactive reserve, or in which a taxpayer acquires or transfers an interest in a generating unit, to equitably allocate and reallocate adjustments to net generation, and to equitably allocate taxes among multiple taxpayers with interests in a single generating unit, it being the intent of the Legislature to prohibit multiple taxation of the same taxable generating capacity.

So as to provide for an orderly transition with respect to the rate-making effect of this section, those electric light and power companies which, as of the effective date of this section, are permitted by the West Virginia Public Service Commission to utilize deferred accounting for purposes of recovery from ratepayers of any portion of business and occupation tax expense under this article shall be permitted, until the time that action pursuant to a rate application or order of the commission provides for appropriate alternative rate-making treatment for that expense, to recover the tax expense imposed by this section by means of deferred accounting to the extent that the tax expense imposed by this
section exceeds the level of business and occupation tax under this article currently allowed in rates.

(6) Electricity generated by manufacturer or affiliate for use in manufacturing activity. — When electricity used in a manufacturing activity is generated in this state by the person who owns the manufacturing facility in which the electricity is used and the electricity-generating unit or units producing the electricity so used are owned by the manufacturer, or by a member of the manufacturer’s controlled group, as defined in Section 267 of the Internal Revenue Code of 1986, as amended, the generation of the electricity may not be taxable under this article: Provided, That any electricity generated or produced at the generating unit or units which is sold or used for purposes other than in the manufacturing activity shall be taxed under this section and the amount of tax payable shall be adjusted to be equal to an amount which is proportional to the electricity sold for purposes other than the manufacturing activity. The Department of Revenue shall promulgate rules in accordance with §29A-3-1 et seq. of this code: Provided, however, That the rules shall be promulgated as emergency rules.

(d) Beginning June 1, 1995, electric light and power companies that actually paid tax based on §11-13-2d(a)(3) of this code or §11-13-2m of this code for every taxable month in 1994 shall determine their liability for payment of tax under this article in accordance with subdivisions (1) and (2) of this subsection. All other electric light and power companies shall determine their liability for payment of tax under this article exclusively under this section beginning June 1, 1995, and thereafter.

(1) If for taxable months beginning on or after June 1, 1995, liability for tax under this section is equal to or greater than the sum of the power company’s liability for payment of tax under §11-13-2d(a)(3) of this code and this section, then the company shall pay the tax due under this section and not the tax due under §11-13-2d(a)(3) of this code and
§11-13-2m of this code. If tax liability under this section is
less, then the tax shall be paid under §11-13-2d(a)(3) of this
code and §11-13-2m of this code and the tax due under this
section may not be paid.

(2) Notwithstanding subdivision (1) of this subsection,
for taxable years beginning on or after January 1, 1998, all
electric and light power companies shall determine their
liability for payment of tax under this article exclusively
under this section.

(6) “Non-Medicaid member months” means the number of non-Medicaid enrollees in a taxable health plan in each month or part of a month over the course of the tax year, but does not include persons enrolled in either a health plan issued by the West Virginia Public Employees Insurance Agency or a plan issued pursuant to the Federal Employees Health Benefits Act of 1959 (Public Law 86-382) to the extent the imposition of the tax under this section is preempted pursuant to 5 U.S.C. §8909(f).

(d) Effective date. —

(i) Subject to an earlier termination pursuant to the terms of subdivision (ii) of this subsection, the tax imposed by this section shall be effective for three years beginning on the first day of the state fiscal year following a 30-day period after the secretary has posted notice on the department Internet website that approval had been received from the federal Centers for Medicare and Medicaid Services that the tax imposed by this section is a permissible health care-related tax in accordance with 42 C.F.R. §433.68 and is therefore eligible for federal financial participation.
(ii) The tax imposed by this section shall be administered in accordance with the provisions of this article and the Tax Administration and Procedures act in §11-10-1 et seq. of this code: Provided, That the tax imposed by this section shall be automatically void if the Centers for Medicare and Medicaid Services determines that it is no longer a permissible health care-related tax that is eligible for federal financial participation. Subject to the terms of this subdivision, the tax imposed by this section shall remain in effect until June 30, 2023, and as of June 30, 2023, is repealed.

(e) Time for paying tax. — Notwithstanding the provisions of §11-27-25 of this code, no taxes may be collected under this article until the department receives written notice that the federal Centers for Medicare and Medicaid Services has approved proposed Medicaid rates as actuarially sound for the taxable year in which the tax will be imposed.

CHAPTER 328

(Com. Sub. for S. B. 793 - By Senators Smith, Sypolt and Cline)

[Passed March 5, 2020; in effect ninety days from passage.]
[Approved by the Governor on March 25, 2020.]

AN ACT to amend and reenact §11-13-2q of the Code of West Virginia, 1931, as amended; and to amend said code by adding thereto a new section, designated §11-13-2r, all relating to business and occupation taxes imposed on operators of certain coal-fired electric generating units located in this state; clarifying application of certain sections of code; providing for recomputation of taxable generating capacity of certain coal-fired electric generating units for business and
occupation tax purposes under certain circumstances; defining certain terms, imposing recapture tax under certain circumstances; and specifying effective dates.

Be it enacted by the Legislature of West Virginia:

ARTICLE 13. BUSINESS AND OCCUPATION TAX.

§11-13-2q. Exemption from tax for certain merchant power plants.

(a) Exemption. — Notwithstanding the provisions of §11-13-2o of this code, for taxable years, or portions thereof, beginning on or after January 1, 2020, a coal-fired merchant power plant is exempt from the business and occupation tax imposed by §11-13-2o of this code on the generating capacity of its generating units located in this state that are owned or leased by the taxpayer and used to generate electricity. When the January 1, 2020, date falls during a taxpayer’s taxable year, the tax liability for that year shall be prorated based upon the number of months before and the number of months beginning on and after January 1, 2020, in that taxable year.

(b) Definition. — As used in this section, the term “coal-fired merchant power plant” means a coal-fired electricity generating unit or plant in this state with relation to which the owners, operators, interest holders, or any combination thereof do not receive regulated cost recovery pursuant to any tariff, regulated rate, or cost recovery fee mandated or authorized by the West Virginia Public Service Commission, or by any rate-making authority of any other state of the United States, and that: (1) Is not subject to regulation of its rates by the West Virginia Public Service Commission or any rate-making authority of any other state of the United States; (2) sells electricity it generates only on the wholesale market; (3) does not sell electricity pursuant to one or more long-term sales contracts; and (4) does not sell electricity to retail consumers.
Effective date. — The amendments to this section enacted in the year 2020 shall be retroactive to January 1, 2020.

§11-13-2r. Recomputation of taxable generating capacity of certain coal-fired electric generating facilities; imposition of recapture tax.

(a) General. — Notwithstanding any provision of this article to the contrary, for the taxable year beginning January 1, 2021, the tax on the privilege of generating electricity from coal-fired generating units in operation before January 1, 1995, shall be computed as provided in §11-13-2o of this code and the tax attributable to the months of January through June of 2021 shall be remitted before July 31, 2021, as provided in §11-13-4 of this code. Beginning July 1, 2021, the owner or operator of a coal-fired generating unit in operation before January 1, 1995, may elect to recompute the taxable generating capacity of those coal-fired generating units determined under §11-13-2o of this code so that the tax attributable to the second half of 2021 is computed and paid on 45 percent of the official capability of those generating units, as defined in §11-13-2o of this code: Provided, That this election is an irrevocable election and the owner or operator of the coal-fired generating units for which this election is made shall agree to keep them in operation until at least July 1, 2025. The tax attributable to the months of July through December of 2021, as recomputed under this section, shall be remitted before January 31, 2022, as provided in §11-13-4 of this code. When this election is made, then for taxable years beginning on and after January 1, 2022, the taxable generating capacity of coal-fired generating units in operation before January 1, 1995, shall be 45 percent of the official capability of the generating unit as defined in §11-13-2o of this code.

(b) Recapture tax. — Beginning on and after July 1, 2021, but before July 1, 2025, should the coal-fired generating units impacted by this tax cease to operate, the
owner or operator of said plants shall remit back to the West Virginia State Tax Department all of the business and occupation tax savings incurred during the time period between July 1, 2021, and the date the coal-fired generating units ceased operation. A recapture tax is imposed by this subsection, which tax is an amount equal to the business and occupation tax savings the owner or operator of the plant realized, or would have realized, due to enactment of this section, on or after July 1, 2021, but before July 1, 2025. The recapture tax shall be due and payable on the date the annual business and occupation tax return is due under this article for the taxable period for which the recapture tax applies. In the event federal law or regulation requires the closing of coal-fired generating units before July 1, 2025, the recapture tax shall not apply to taxable periods beginning subsequent to the closure date.

(c) *Transfer of generating unit.* — If at any time after the effective date of this section but before July 1, 2025, a coal-fired generating unit whose taxable generating capacity was recomputed under this section is transferred to another entity, the amount of the business and occupation tax benefit the transferor received, or would have received, under this section had the owner continued to own and operated the generating unit shall be recaptured under subsection (b) of this section.

(d) *Definitions.* — Terms “taxable generating capacity” and “official capability” used in this section are defined as provided in §11-13-2o of this code except to the extent those definitions are modified by language in this section for taxable periods beginning on and after July 1, 2021.

Be it enacted by the Legislature of West Virginia:

ARTICLE 6F. SPECIAL METHOD FOR APPRAISING QUALIFIED CAPITAL ADDITIONS TO MANUFACTURING FACILITIES.

§11-6F-2. Definitions.

As used in this article, the term:

(a) “Certified capital addition property” means all real property and personal property included within or to be included within a qualified capital addition to a manufacturing facility that has been certified by the State Tax Commissioner in accordance with §11-6F-4 of this code: Provided, That airplanes and motor vehicles licensed by the Division of Motor Vehicles are not certified capital addition property.

(b) “Manufacturing” means any business activity classified as having a sector identifier, consisting of the first two digits of the six-digit North American Industry Classification System code number of 31, 32, or 33. For
purposes of this article, manufacturing also includes the processing of raw natural gas or oil to recover or extract liquid hydrocarbons, which activity is classified under North American Industry Classification System code number 211130. This definition does not mean or include any other processes or activities classified, categorized, grouped, or identified under North American Industry Classification System code number 211130.

(c) “Manufacturing facility” means any factory, mill, chemical plant, refinery, warehouse, building or complex of buildings, including land on which it is located, and all machinery, equipment, improvements, and other real property and personal property located at or within the facility used in connection with the operation of the facility in a manufacturing business.

(d) “Personal property” means all property specified in §2-2-10(q) of this code and includes, but is not limited to, furniture, fixtures, machinery, and equipment, pollution control equipment, computers, and related data processing equipment, spare parts, and supplies.

1 (a) General. — When used in this article, or in the administration of §11-13FF-1 et seq. of this code, terms defined in subsection (b) have the meanings ascribed to them by this section, unless a different meaning is clearly required by either the context in which the term is used, or by specific definition, in §11-13FF-1 et seq. of this code.

means a business primarily engaged in this state in
downstream natural gas manufacturing.

(11) “Downstream natural gas manufacturing facility”

(A) The facility is employed by the taxpayer in the conduct of a downstream natural gas manufacturing activity the net income of which is or would be taxable under §11-21-1 et seq. or §11-24-1 et seq. of this code. The facility is
not considered a new downstream natural gas manufacturing facility in the hands of the taxpayer if the taxpayer’s only activity with respect to the facility is to lease it to another person or persons.

(B) The facility is purchased by, or leased to, the taxpayer on or after July 1, 2020.

(C) The facility was not purchased or leased by the taxpayer from a related person. The commissioner may waive this requirement if the facility was acquired from a related party for its fair market value and the acquisition was not tax motivated.

(D) The facility was not in service or use during the 90 days immediately prior to transfer of the title to the facility, or prior to the commencement of the term of the lease of the facility: Provided, That this 90-day period may be waived by the commissioner if the commissioner determines that persons employed at the facility may be treated as “new employees” as that term is defined in this subsection.

(20) “New employee” –

(A) The term new employee means an individual hired by the taxpayer to fill a position or a job in this state which previously did not exist in the taxpayer’s downstream natural gas manufacturing activity in this state prior to the date on which the taxpayer’s qualified investment in a new or expanded downstream natural gas manufacturing facility is placed in service or use in this state. In no case may the number of new employees directly attributable to the investment for purposes of this credit exceed the total net increase in the taxpayer’s employment in this state: Provided, That the Tax Commissioner may require that the net increase in the taxpayer’s employment in this state be determined and certified for the taxpayer’s controlled group: Provided, however, That persons filling jobs saved as a direct result of taxpayer’s qualified investment in property purchased or leased for business expansion may be
treated as new employees filling new jobs if the taxpayer certifies the material facts to the commissioner and the Tax Commissioner expressly finds that:

(i) But for the new employer purchasing the assets of a downstream natural gas manufacturing business in bankruptcy under chapter seven or 11 of the United States bankruptcy code and the new employer making qualified investment in property purchased or leased for business expansion, the assets would have been sold by the United States bankruptcy court in a liquidation sale and the jobs saved would have been lost; or

(ii) But for the taxpayer’s qualified investment in property purchased or leased for downstream manufacturing business expansion in this state, the taxpayer would have closed its downstream natural gas manufacturing facility in this state and the employees of the taxpayer located at the facility would have lost their jobs:

Provided, That the Tax Commissioner may not make this certification unless the commissioner finds that the taxpayer is insolvent as defined in 11 U.S.C. §101(32) or that the taxpayer’s natural gas manufacturing facility was destroyed, in whole or in significant part, by fire, flood, or other act of God.

(B) A person is considered to be a new employee only if the person’s duties in connection with the operation of the downstream natural gas manufacturing facility are on:

(i) A regular, full-time and permanent basis:

(I) Full-time employment means employment for at least 140 hours per month at a wage not less than the applicable state or federal minimum wage, depending on which minimum wage provision is applicable to the business.

(II) Permanent employment does not include employment that is temporary or seasonal and therefore the
wages, salaries, and other compensation paid to the temporary or seasonal employees will not be considered for purposes of §11-13FF-5 of this code.

(23) “Original use” means the first use to which the property is put, whether or not the use corresponds to the use of the property by the taxpayer.

(24) “Partnership” includes a syndicate, group, pool, joint venture, or other unincorporated organization through or by means of which any business, financial operation, or venture is carried on, which is treated as a partnership for federal income tax purposes, and which is not a trust or estate, a corporation, or a sole proprietorship.

(iii) Tangible personal property placed in service or use by the taxpayer on or after July 1, 2020, with respect to which depreciation, or amortization in lieu of depreciation, is allowable in determining the personal or corporation net income tax liability of the business taxpayer under §11-21-1 et seq. or §11-24-1 et seq. of this code, and which has a useful life, at the time the property is placed in service or use in this state, of four or more years.

(iv) Tangible personal property acquired by written lease having a primary term of four years or longer, that commenced and was executed by the parties thereto on or after July 1, 2020, if used as a component part of a new or
expanded downstream manufacturing business facility, shall be included within this definition.

(v) Tangible personal property owned or leased, and used by the taxpayer at a business location outside this state which is moved into the State of West Virginia on or after July 1, 2020, for use as a component part of a new or expanded downstream natural gas manufacturing facility located in this state: Provided, That if the property is owned, it must be depreciable or amortizable personal property for income tax purposes, and have a useful life of four or more years remaining at the time it is placed in service or use in this state, and if the property is leased, the primary term of the lease remaining at the time the leased property is placed in service or use in this state, must be four or more years.

(B) Excluded property. — The term property purchased or leased for business expansion does not include:

(i) Property owned or leased by the taxpayer and for which the taxpayer was previously or is currently being allowed tax credit under §11-13D-1 et seq., §11-13Q-1 et seq., §11-13S-1 et seq., or §11-13U-1 et seq. of this code.

(ii) Property owned or leased by the taxpayer and for which the seller, lessor, or other transferor, was previously or is currently being allowed tax credit under §11-13D-1 et seq., §11-13Q-1 et seq., §11-13S-1 et seq., or §11-13U-1 et seq. of this code.

(iii) Repair costs, including materials used in the repair, unless for federal income tax purposes the cost of the repair must be capitalized and not expensed.

(v) Property which is primarily used outside this state, with use being determined based upon the amount of time the property is actually used both within and outside this state.
(vi) Property which is acquired incident to the purchase of the stock or assets of the seller, unless for good cause shown, the Tax Commissioner consents to waiving this requirement.

(vii) Natural resources in place.

(viii) Purchased or leased property, the cost or consideration for which cannot be quantified with any reasonable degree of accuracy at the time the property is placed in service or use: Provided, That when the contract of purchase or lease specifies a minimum purchase price or minimum annual rent the amount thereof shall be used to determine the qualified investment in the property under §11-13FF-6 of this code if the property otherwise qualifies as property purchased or leased for expansion of a downstream natural gas manufacturing facility.

(28) “Purchase” means any acquisition of property, but only if:

(A) The property is not acquired from a person whose relationship to the person acquiring it would result in the disallowance of deductions under section 267 or 707 (b) of the United States Internal Revenue Code.

(B) The property is not acquired by one component member of an affiliated or controlled group from another component member of the same affiliated or controlled group, as applicable. The Tax Commissioner may waive this requirement if the property was acquired from a related party for its then fair market value; and

(C) The basis of the property for federal income tax purposes, in the hands of the person acquiring it, is not determined:

(i) In whole or in part, by reference to the federal adjusted basis of the property in the hands of the person from whom it was acquired; or
(ii) Under Section 1014(e) of the United States Internal Revenue Code.

(29) “Qualified activity” means any downstream natural gas manufacturing business activity subject to any of the taxes imposed by §11-21-1 et seq. or §11-24-1 et seq. of this code but does not include the activity of severance or production of natural resources.

(A) A corporation, partnership, association, or trust controlled by the taxpayer;

For purposes of this subdivision, control, with respect to a corporation, means ownership, directly or indirectly, of stock possessing 50 percent or more of the total combined voting power of all classes of the stock of the corporation entitled to vote.

Control, with respect to a trust, means ownership, directly or indirectly, of 50 percent or more of the beneficial interest in the principal or income of the trust. The ownership of stock in a corporation, of a capital or profits interest in a partnership or association, or of a beneficial interest in a trust is determined in accordance with the rules for constructive ownership of stock provided in section 267(c) of the United States Internal Revenue Code, other than paragraph (3) of that section.
(31) “Replacement downstream natural gas manufacturing facility” means any property (other than an expanded downstream natural gas manufacturing facility) that replaces or supersedes any other property located within this state that:

(A) The taxpayer or a related person used in or in connection with any downstream natural gas manufacturing facility for more than two years during the period of five consecutive years ending on the date the replacement or superseding property is placed in service by the taxpayer; or

(B) Is not used by the taxpayer or a related person in or in connection with any downstream natural gas manufacturing facility for a continuous period of one year or more commencing with the date the replacement or superseding property is placed in service by the taxpayer.

(32) “Taxpayer” means any person subject to any of the taxes imposed by §11-21-1 et seq. or §11-24-1 et seq. of this code.

(33) “This code” means the Code of West Virginia, 1931, as amended.

(34) “This state” means the State of West Virginia.

(35) “United States Internal Revenue Code” or “I.R.C.” means the Internal Revenue Code as defined in §11-21-1 et seq. or §11-24-1 et seq. of this code.

(36) “Used property” means property acquired after June 30, 2020, that is not “new property”.

†§11-13GG-4. Amount of credit allowed.

(a) Credit allowed. — Notwithstanding any other provision of this code, eligible taxpayers are allowed a credit against the portion of taxes imposed by this state that are attributable to and the consequence of the taxpayer’s qualified investment in a new or expanded downstream

† Redesignated
natural gas manufacturing facility in this state, which results in the creation of new jobs. The amount of this credit is determined and applied as provided in this article.

(b) Amount of credit. — The amount of credit allowable is determined by multiplying the amount of the taxpayer’s qualified investment, determined under §11-13FF-6 of this code, in property purchased or leased for a new, or expansion of an existing “downstream natural gas manufacturing facility”, as defined in §11-13FF-3 of this code, by the taxpayer’s new jobs percentage, determined under §11-13FF-7 of this code. The product of this calculation establishes the maximum amount of credit allowable under this article due to the qualified investment.

(c) Application of credit over 10 years. — The amount of credit allowable must be taken over a 10-year period, at the rate of one tenth of the amount thereof per taxable year, beginning with the taxable year in which the taxpayer places the qualified investment in service or use in this state, unless the taxpayer elected to delay the beginning of the 10-year period until the next succeeding taxable year. This election shall be made in the annual income tax return filed under this chapter for the taxable year in which qualified investment is first placed into service or use by the taxpayer. Once made, the election cannot be revoked. The annual credit allowance is taken in the manner prescribed in §11-13FF-5 of this code.

(d) Placed in service or use. — For purposes of the credit allowed by this section, property is considered placed in service or use in the earlier of the following taxable years:

(1) The taxable year in which, under the taxpayer’s depreciation practice, the period for depreciation with respect to the property begins; or

(2) The taxable year in which the property is placed in a condition or state of readiness and availability for a specifically assigned function.
§11-13GG-5. Application of annual credit allowance.

(a) *In general.* — The aggregate annual credit allowance for the current taxable year is an amount equal to the sum of the following:

1. The one-tenth part allowed under §11-13FF-4 of this code for qualified investment property placed into service or use during a prior taxable year; plus
2. The one-tenth part allowed under §11-13FF-4 of this code for qualified investment property placed into service or use during the current taxable year.

(b) *Application of current year annual credit allowance.* — The amount determined under subsection (a) of this section is allowed as a credit against 80 percent of that portion of the taxpayer’s state tax liability which is attributable to and the direct result of the taxpayer’s qualified investment, and applied as provided in subsections (c) and (d), both inclusive, of this section, and in that order: Provided, That if the median salary of the new jobs is higher than the statewide average nonfarm payroll wage, as determined annually by Workforce West Virginia, the amount determined under subsection (a) of this section is allowed as a credit against 100 percent of that portion of the taxpayer’s state tax liability which is attributable to and the direct result of the taxpayer’s qualified investment, and shall be applied, as provided in subsections (c) through (d), both inclusive, of this section, and in that order.

(c) *Corporation net income taxes.* —

1. That portion of the allowable credit attributable to qualified investment in a downstream natural gas manufacturing facility may be applied to reduce the taxes imposed by §11-24-1 et seq. of this code for the taxable year as determined before application of allowable credits against tax.

† Redesignated
(2) If the taxes due under §11-24-1 et seq. of this code, as determined before application of allowable credits against tax, are not solely attributable to and the direct result of the taxpayer’s qualified investment in a downstream natural gas manufacturing business, the amount of the taxes that is attributable are determined by multiplying the amount of taxes due under §11-24-1 et seq. of this code for the taxable year, as determined before application of allowable credits against tax, by a fraction, the numerator of which is all wages, salaries, and other compensation paid during the taxable year to all employees of the taxpayer employed in this state whose positions are directly attributable to the qualified investment. The denominator of the fraction is the wages, salaries, and other compensation paid during the taxable year to all employees of the taxpayer employed in this state.

(d) Personal income taxes.—

(1) If the person making the qualified investment in a downstream natural gas manufacturing facility is an electing small business corporation, as defined in section 1361 of the United States Internal Revenue Code, a partnership, a limited liability company that is treated as a partnership for federal income tax purposes, or a sole proprietorship, then any unused credit is allowed as a credit against the taxes imposed by §11-21-1 et seq. of this code on the income from downstream natural gas manufacturing facility, or on income of a sole proprietor attributable to the downstream natural gas manufacturing facility.

(2) Electing small business corporations, limited liability companies treated as partnerships for federal income tax purposes, partnerships, and other unincorporated organizations shall allocate the credit allowed by this article among its members in the same manner as profits and losses are allocated for the taxable year.
(3) If the amount of taxes due under §11-21-1 *et seq.* of this code, as determined before application of allowable credits against tax, that is attributable to business, is not solely attributable to and the direct result of the qualified investment of the electing small business corporation, limited liability company treated as a partnership for federal income tax purposes, other unincorporated organization, or sole proprietorship, the amount of the taxes that are so attributable are determined by multiplying the amount of taxes due under §11-21-1 *et seq.* of this code, as determined before application of allowable credits against tax that is attributable to business by a fraction, the numerator of which is all wages, salaries, and other compensation paid during the taxable year to all employees of the electing small business corporation, limited liability company, partnership, other unincorporated organization, or sole proprietorship employed in this state, whose positions are directly attributable to the qualified investment. The denominator of the fraction is the wages, salaries, and other compensation paid during the taxable year to all employees of the taxpayer.

(4) No credit is allowed under this section against any employer withholding taxes imposed by §11-21-1 *et seq.* of this code.

(e) If the wages, salaries, and other compensation fraction formula provisions of subsections (c) and (d) of this section, inclusive, do not fairly represent the taxes solely attributable to and the direct result of qualified investment of the taxpayer the Tax Commissioner may require, in respect to all or any part of the taxpayer’s businesses or activities, if reasonable:

(1) Separate accounting or identification;

(2) Adjustment to the wages, salaries, and other compensation fraction formula to reflect all components of the tax liability;
† Redesignated

The inclusion of one or more additional factors that will fairly represent the taxes solely attributable to and the direct result of the qualified investment of the taxpayer and all other project participants in the businesses or other activities subject to tax; or

(4) The employment of any other method to effectuate an equitable attribution of the taxes.

In order to effectuate the purposes of this subsection, the Tax Commissioner may propose for promulgation rules, including emergency rules, in accordance with §29A-3-1 et seq. of this code.

(f) Unused credit. — If any credit remains after application of subsection (b) of this section, the amount thereof is carried forward to each ensuing tax year until used or until the expiration of the tenth taxable year subsequent to the end of the initial 10-year credit application period. If any unused credit remains after the 20th year, the amount thereof is forfeited. No carryback to a prior taxable year is allowed for the amount of any unused portion of any annual credit allowance.

†§11-13GG-6. Qualified investment.

(a) General. — The qualified investment in property purchased or leased for a new, or expansion of an existing, downstream natural gas manufacturing facility is the applicable percentage of the cost of each property purchased or leased for the purpose of the new, or expansion of an existing, downstream natural gas manufacturing facility which is placed in service or use in this state by the taxpayer during the taxable year.

(b) Applicable percentage. — For the purpose of subsection (a), the applicable percentage of any property is determined under the following table:

† Redesignated
If useful life is: The applicable percentage is:

Less than four years 0%
Four years or more but less than six years 33 1/3%
Six years or more but less than eight years 66 2/3%
Eight years or more 100%

The useful life of any property, for purposes of this section, is determined as of the date the property is first placed in service or use in this state by the taxpayer, determined in accordance with such rules and requirements the Tax Commissioner may prescribe.

(c) Cost. — For purposes of subsection (a) of this section, the cost of each property purchased for a new, or expansion of an existing, downstream natural gas manufacturing facility is determined under the following rules:

(1) Trade-ins. — Cost does not include the value of property given in trade or exchange for the property purchased for a new, or for expansion of an existing, downstream natural gas manufacturing facility.

(2) Damaged, destroyed, or stolen property. — If property is damaged or destroyed by fire, flood, storm, or other casualty, or is stolen, then the cost of replacement property does not include any insurance proceeds received in compensation for the loss.

(3) Rental property. —

(A) The cost of real property acquired by written lease for a primary term of 10 years or longer is 100 percent of the rent reserved for the primary term of the lease, not to exceed 20 years.

(B) The cost of tangible personal property acquired by written lease for a primary term of:
(i) Four years, or longer, is one third of the rent reserved for the primary term of the lease;

(ii) Six years, or longer, is two thirds of the rent reserved for the primary term of the lease; or

(iii) Eight years, or longer, is 100 percent of the rent reserved for the primary term of the lease, not to exceed 20 years: Provided, That in no event may rent reserved include rent for any year subsequent to expiration of the book life of the equipment, determined using the straight-line method of depreciation.

(4) Self-constructed property. — In the case of self-constructed property, the cost thereof is the amount properly charged to the capital account for depreciation in accordance with federal income tax law.

(5) Transferred property. — The cost of property used by the taxpayer out-of-state and then brought into this state, is determined based on the remaining useful life of the property at the time it is placed in service or use in this state, and the cost is the original cost of the property to the taxpayer less straight line depreciation allowable for the tax years or portions thereof the taxpayer used the property outside this state. In the case of leased tangible personal property, cost is based on the period remaining in the primary term of the lease after the property is brought into this state for use in a new or expanded business facility of the taxpayer, and is the rent reserved for the remaining period of the primary term of the lease, not to exceed 20 years, or the remaining useful life of the property, as determined as aforesaid, whichever is less.

(a) In general. — The new jobs percentage is based on the number of new jobs created in this state directly attributable to the qualified investment of the taxpayer.

† Redesignated
(b) When a job is attributable. — An employee’s position is directly attributable to the qualified investment if:

(1) The employee’s service is performed or his or her base of operations is at the new or expanded downstream natural gas manufacturing facility;

(2) The position did not exist prior to the construction, renovation, expansion, or acquisition of the downstream natural gas manufacturing facility and the making of the qualified investment; and

(3) But for the qualified investment, the position would not have existed.

(c) Applicable percentage. — For the purpose of subsection (a) of this section, the applicable new jobs percentage is determined under the following table:

(d) Certification of new jobs. — With the annual return for the applicable taxes filed for the taxable year in which the qualified investment is first placed in service or use in this state, the taxpayer shall estimate and certify the number of new jobs reasonably projected to be created by it in this state within the period prescribed in subsection (f) of this section that are, or will be, directly attributable to the qualified investment of the taxpayer. For purposes of this section, applicable taxes means the taxes imposed by §11-21-1 et seq. or §11-24-1 et seq. of this code against which this credit is applied.
(e) *Equivalency of permanent employees.* — The hours of part-time employees shall be aggregated to determine the number of equivalent full-time employees for the purpose of this section.

(f) *Redetermination of new jobs percentage.* — With the annual return for the applicable taxes imposed, filed for the third taxable year in which the qualified investment is in service or use, the taxpayer shall certify the actual number of new jobs created by it in this state that are directly attributable to the qualified investment of the taxpayer.

1. If the actual number of jobs created would result in a higher new jobs percentage, the credit allowed under this article shall be redetermined and amended returns shall be filed for the first and second taxable years that the qualified investment was in service or use in this state.

2. If the actual number of jobs created would result in a lower new jobs percentage, the credit previously allowed under this article shall be redetermined and amended returns shall be filed for the first and second taxable years. In applying the amount of redetermined credit allowable for the two preceding taxable years, the redetermined credit shall first be applied to the extent it was originally applied in the prior two years to personal income taxes, and then to corporation net income taxes. Any additional taxes due under this chapter shall be remitted with the amended returns filed with the Tax Commissioner, along with interest, as provided in §11-10-17 of this code, and a 10-percent penalty determined on the amount of taxes due with the amended return, which may be waived by the commissioner if the taxpayer shows that the overclaimed amount of the new jobs percentage was due to reasonable cause and not due to willful neglect.

(g) *Additional new jobs percentage.* — When the qualified investment is $20 million or more and if the number of full-time construction laborers and mechanics working at the job site of the new or expanded business
facility is 50 or more, or if the number of hours of all
construction laborers and mechanics working at the job site
is equal to or greater than the number of hours 50 full-time
construction laborers and mechanics would have worked at
the job site during a 12 consecutive month period, a
taxpayer that is allowed a new jobs percentage determined
under subsection (a) of this section shall be allowed a new
jobs percentage that is five percentage points higher than the
new jobs percentage allowed under subsection (a) of this
section. In no event may construction laborers and
mechanics be used to attain or retain a subsection (a) new
jobs percentage. The number of full-time construction
laborers and mechanics working at the job site shall be
determined by dividing the total number of hours worked by
all construction laborers and mechanics on a new or
expanded business facility during a 12 consecutive month
period by 2,080 hours per year. A taxpayer may not claim
the additional new jobs percentage allowed by this section
unless the taxpayer includes with the certification filed
under subsection (d) of this section a certification signed by
the general contractor or the construction manager
certifying that construction laborers employed at the job site
during a consecutive 12 month period aggregated the
equivalent of at least 50 full-time employees and the
taxpayer has received from the general contractor or
construction manager records substantiating the
certification, which records shall be retained by the taxpayer
for 13 years after the day the expansion to an existing
business facility, or the new business facility, is first placed
in service or use by the taxpayer. For purposes of subsection
(g) of this section:

(1) The term construction laborers and mechanics
means those workers, utilized by a contractor or
subcontractor at any tier, whose duties are manual or
physical in nature, including those workers who use tools or
are performing the work of a trade, as distinguished from
mental or managerial and working foremen who devote
more than 20 percent of their time during a workweek performing the duties of a laborer or mechanic; and

(2) The term job site is limited to the physical place or places where the construction called for in the contract will remain when the work on it is completed and nearby property, as described in subdivision (3) of this subsection, used by the contractor or subcontractor during construction that, because of proximity, can reasonably be included in the site.

(3) Except as provided in subdivision (4) of this subsection, fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, and tool yards are part of the job site provided they are dedicated exclusively, or nearly so, to performance of the contract or project and are located in proximity to the actual construction location so that it would be reasonable to include them.

(4) The term “job site” does not include permanent home offices, branch offices, branch plant establishments, fabrication yards, or tool yards of a contractor or subcontractor whose locations and continuance in operation are determined without regard to the contract or subcontract for construction of a new or expanded business facility.

§11-13GG-8. Forfeiture of unused tax credits; redetermination of credit allowed.

(a) Disposition of property or cessation of use. — If during any taxable year, property with respect to which a tax credit has been allowed under §11-13FF-1 et seq. of this code:

(1) Is disposed of prior to the end of its useful life, as determined under §11-13FF-6 of this code; or

(2) Ceases to be used in a downstream natural gas manufacturing facility of the taxpayer in this state prior to the end of its useful life, as determined under §11-13FF-6 of this code, then the unused portion of the credit allowed

† Redesignated
for the property is forfeited for the taxable year and all ensuing years. Additionally, except when the property is damaged or destroyed by fire, flood, storm, or other casualty, or is stolen, the taxpayer shall redetermine the amount of credit allowed in all earlier years by reducing the applicable percentage of cost of the property allowed under §11-13FF-5 of this code, to correspond with the percentage of cost allowable for the period of time that the property was actually used in this state in the new or expanded business of the taxpayer. The taxpayer shall then file a reconciliation statement for the year in which the forfeiture occurs and pay any additional taxes owed due to reduction of the amount of credit allowable for the earlier years, plus interest and any applicable penalties. The reconciliation statement shall be filed with the annual income return for the primary tax for which the taxpayer is liable under §11-21-1 et seq. or §11-24-1 et seq. of this code, whichever is applicable.

(b) Cessation of operation of downstream manufacturing facility. — If during any taxable year the taxpayer ceases operation of a downstream natural gas manufacturing facility in this state for which credit was allowed under this article, before expiration of the useful life of property with respect to which tax credit has been allowed under this article, then the unused portion of the allowed credit is forfeited for the taxable year and for all ensuing years. Additionally, except when the cessation is due to fire, flood, storm, or other casualty, the taxpayer shall redetermine the amount of credit allowed in earlier years by reducing the applicable percentage of cost of the property allowed under §11-13FF-6 of this code, to correspond with the percentage of cost allowable for the period of time that the property was actually used in this state in a downstream manufacturing business of the taxpayer that is taxable under §11-24-1 et seq. of this code, or in the case of a partnership, limited liability company treated as a partnership for federal income tax purposes, electing small business corporation, other unincorporated entity, or sole proprietorship, taxable under §11-21-1 et seq. of this code. The taxpayer shall then
file a reconciliation statement with the annual return for the primary tax for which the taxpayer is liable under §11-21-1 et seq. or §11-24-1 et seq. of this code, whichever is applicable, for the year in which the forfeiture occurs, and pay any additional taxes owed due to the reduction of the amount of credit allowable for the earlier years, plus interest and any applicable penalties.

(c) Reduction in number of employees. — If during any taxable year subsequent to the taxable year in which the new jobs percentage is redetermined as provided in §11-13FF-7 of this code, the average number of employees of the taxpayer, for the then current taxable year, employed in positions created because of and directly attributable to the qualified investment falls below the minimum number of new jobs created upon which the taxpayer’s annual credit allowance is based, the taxpayer shall calculate what his or her annual credit allowance would have been had his or her new jobs percentage been determined based upon the average number of employees, for the then current taxable year, employed in positions created because of and directly attributable to the qualified investment. The difference between the result of this calculation and the taxpayer’s annual credit allowance for the qualified investment as determined under §11-13FF-4 of this code, is forfeited for the then current taxable year, and for each succeeding taxable year unless for a succeeding taxable year the taxpayer’s average employment in positions directly attributable to the qualified investment once again meets the level required to enable the taxpayer to utilize its full annual credit allowance for that taxable year.

†§11-13GG-9. Recapture of credit; recapture tax imposed.

(a) When recapture tax applies. —

(1) Any person who places qualified investment property in service or use at a downstream natural gas manufacturing facility and who fails to use the qualified investment property for at least the period of its useful life,
as determined as of the time the property was placed in service or use, or the period of time over which tax credits allowed under this article with respect to the property are applied under this article, whichever period is less, and who reduces the number of its employees filling new jobs at its downstream natural gas manufacturing facility in this state, which were created and are directly attributable to the qualified investment property, after the third taxable year in which the qualified investment property was placed in service or use, or fails to continue to employ individuals in all the new jobs created as a direct result of the qualified investment property and used to qualify for the credit allowed by this article, prior to the end of the tenth taxable year after the qualified investment property was placed in service or use, the person shall pay the recapture tax imposed by subsection (b) of this section.

(2) This section does not apply when §11-13FF-11 of this code applies. However, the successor, or the successors, and the person, or persons, who previously claimed credit under this article with respect to the qualified investment property and the new jobs attributable thereto, are jointly and severally liable for payment of any recapture tax subsequently imposed under this section with respect to the qualified investment property and new jobs.

(b) Recapture tax imposed. — The recapture tax imposed by this subsection is the amount determined as follows:

(1) Full recapture. — If the taxpayer prematurely removes qualified investment property placed in service (when considered as a class) from economic service in the taxpayer’s downstream natural gas manufacturing facility in this state, and the number of employees filling the new jobs created by the person falls below the number of new jobs required to be created in order to qualify for the amount of credit being claimed, the taxpayer shall recapture the amount of credit claimed under §11-13FF-5 of this code for the taxable year, and all preceding taxable years, on
qualified investment property which has been prematurely removed from service. The amount of tax due under this subdivision is an amount equal to the amount of credit that is recaptured under this subdivision.

(2) Partial recapture. — If the taxpayer prematurely removes qualified investment property from economic service in the taxpayer’s downstream natural gas manufacturing facility in this state, and the number of employees filling the new jobs created by the person remains 20 or more, but falls below the number necessary to sustain continued application of credit determined by use of the new job percentage upon which the taxpayer’s one-tenth annual credit allowance was determined under §11-13FF-4 of this code, taxpayer shall recapture an amount of credit equal to the difference between:

(A) The amount of credit claimed under §11-13FF-5 of this code for the taxable year, and all preceding taxable years; and

(B) The amount of credit that would have been claimed in those years if the amount of credit allowable under §11-13FF-4 of this code had been determined based on the qualified investment property which remains in service using the average number of new jobs filled by employees in the taxable year for which recapture occurs. The amount of tax due under this subdivision is an amount equal to the amount of credit that is recaptured under this subdivision.

(3) Additional recapture. — If after a partial recapture under subdivision (2) of this subsection, the taxpayer further reduces the number of employees filling new jobs, the taxpayer shall recapture an additional amount determined as provided under subdivision (1) of this subsection. The amount of tax due under this subdivision is an amount equal to the amount of credit that is recaptured under this subdivision.
(c) Payment of recapture tax. — The amount of tax recaptured under this section is due and payable on the day the person’s annual return is due for the taxable year in which this section applies, under §11-21-1 et seq. or §11-24-1 et seq. of this code. When the employer is a partnership, limited liability company, or S corporation for federal income tax purposes, the recapture tax shall be paid by those persons who are partners in the partnership, members in the company, or shareholders in the S corporation, in the taxable year in which recapture occurs under this section.

(d) Rules. — The Tax Commissioner may promulgate such rules as may be useful or necessary to carry out the purpose of this section and to implement the intent of the Legislature. Rules shall be promulgated in accordance with the provisions §29A-3-1 et seq. of this code.

†§11-13GG-10. Transfer of qualified investment to successors.

(a) Mere change in form of business. — Property may not be treated as disposed of under §11-13FF-8 of this code, by reason of a mere change in the form of conducting the business as long as the property is retained in the successor’s downstream natural gas manufacturing facility in this state, and the transferor business retains a controlling interest in the successor business. In this event, the successor business is allowed to claim the amount of credit still available with respect to the business facility or facilities transferred, and the transferor business may not be required to redetermine the amount of credit allowed in earlier years.

(b) Transfer or sale to successor. — Property is not treated as disposed of under §11-13FF-10 of this code by reason of any transfer or sale to a successor business which continues to operate the downstream natural gas manufacturing facility in this state. Upon transfer or sale, the successor shall acquire the amount of credit that remains available under this article for each subsequent taxable year.

† Redesignated
and the transferor business is not required to redetermine the amount of credit allowed in earlier years.

Every taxpayer who claims credit under §11-13FF-1 et seq. of this code shall maintain sufficient records to establish the following facts for each item of qualified property:

(1) Its identity;
(2) Its actual or reasonably determined cost;
(3) Its straight-line depreciation life;
(4) The month and taxable year in which it was placed in service;
(5) The amount of credit taken; and
(6) The date it was disposed of or otherwise ceased to be use as qualified property in the downstream natural gas manufacturing facility of the taxpayer.

†§11-13GG-12. Failure to keep records of investment credit property.

A taxpayer who does not keep the records required for identification of investment credit property is subject to the following rules:

(1) A taxpayer is treated as having disposed of, during the taxable year, any investment credit property which the taxpayer cannot establish was still on hand, in this state, at the end of that year.

(2) If a taxpayer cannot establish when investment credit property reported for purposes of claiming this credit returned during the taxable year was placed in service, the taxpayer is treated as having placed it in service in the most recent prior year in which similar property was placed in

† Redesignated
service, unless the taxpayer can establish that the property placed in service in the most recent year is still on hand. In that event, the taxpayer will be treated as having placed the returned property in service in the next most recent year.

(a) No inference, implication, or presumption of legislative construction or intent may be drawn or made by reason of the location or grouping of any particular section, provision, or portion of §11-13FF-1 et seq. of this code; and no legal effect may be given to any descriptive matter or heading relating to any section, subsection, or paragraph of this article.

(b) The provisions of §11-13FF-1 et seq. of this code shall be reasonably construed in order to effectuate the legislative intent recited in §11-13FF-2 of this code.

§11-13GG-14. Burden of proof; application required; failure to make timely application.

(a) Burden of proof. — The burden of proof is on the taxpayer to establish by clear and convincing evidence that the taxpayer is entitled to the benefits allowed by §11-13FF-1 et seq. of this code.

(b) Application for credit required. —

(1) Application required. — Notwithstanding any provision of this article to the contrary, no credit is allowed or may be applied under §11-13FF-1 et seq. of this code for any qualified investment property placed in service or use until the person asserting a claim for the allowance of credit under this article makes written application to the commissioner for allowance of credit as provided in this subsection. An application for credit shall be filed, in the form prescribed by the Tax Commissioner, no later than the last day for filing the tax returns, determined by including any authorized extension of time for filing the return, required under §11-21-1 et seq. or §11-24-1 et seq. of this code.
(2) **Failure to make timely application.** — The failure to timely apply for the credit results in the forfeiture of 50 percent of the annual credit allowance otherwise allowable under §11-13FF-1 *et seq.* of this code. This penalty applies annually until the application is filed.

†§11-13GG-15. Tax credit review and accountability.

(a) Beginning on February 1, 2025, and every third year thereafter, the Tax Commissioner shall submit to the Governor, the President of the Senate, and the Speaker of the House of Delegates a tax credit review and accountability report evaluating the cost effectiveness of this credit during the most recent three-year period for which information is available. The criteria to be evaluated shall include, but not be limited to, for each year of the three-year period:

(1) The numbers of taxpayers claiming the credit;

(2) The net number of new jobs created by all taxpayers claiming the credit;

(3) The cost of the credit;

(4) The cost of the credit per new job created; and

(5) Comparison of employment trends for an industry and for taxpayers within the industry that claim the credit.

(b) Taxpayers claiming the credit shall provide any information the Tax Commissioner may require to prepare the report required by this section: *Provided*, That the information provided is subject to the confidentiality and disclosure provisions of §11-10-5d of this code.

CHAPTER 5B. ECONOMIC DEVELOPMENT ACT OF 1985.

ARTICLE 2J. NATURAL GAS LIQUIDS ECONOMIC DEVELOPMENT ACT.

§5B-2J-1. Short Title.

This article shall be known and cited as the “Natural Gas Liquids Economic Development Act.”

§5B-2J-2. Legislative findings; declaration of public policy.

(a) The Legislature finds that:

(1) The advent and advancement of new and existing technologies and drilling practices have created the opportunity for the efficient development of natural gas, including natural gas liquids such as ethane, propane, butane, isobutane and pentanes, contained in underground shales and other geological formations.

(2) With the development of natural gas liquids from shales and other geological formations comes the opportunity for economic development in related areas of the economy including, but not limited to, manufacturing,
transmission and storage of natural gas liquids and related products, the use of such products in manufacturing, the consumption of such products, and the transportation of manufactured products.

(3) Producers of natural gas liquids, transporters and storers of natural gas liquids, and manufacturers of products using natural gas liquids face a significant number of regulatory requirements, some of which may be redundant, inconsistent, or overlapping. Agencies should work together, where practical, to avoid duplication, promote better coordination and reduce these requirements, thus reducing costs, simplifying and harmonizing rules, and streamlining regulatory oversight.

(4) In developing regulatory actions and identifying appropriate approaches, agencies should attempt to promote coordination, simplification, and harmonization.

(5) Agencies should also seek to identify, as appropriate, means to achieve regulatory goals that are designed to promote innovation.

(6) Agencies should review their existing significant legislative, interpretive and procedural rules to determine whether any such rules should be modified, streamlined, expanded or repealed so as to make the agency’s regulatory program more effective and less burdensome in achieving the regulatory objectives.

(7) The West Virginia Economic Development Authority established in §31-15-1 et seq. of this code and the West Virginia Infrastructure and Jobs Development Council created in §31-15A-1 et seq. of this code, should, where appropriate, provide assistance that grows or sustains the natural gas liquids segment of the economy.

(b) The Legislature declares that facilitating the development of business activity directly and indirectly related to development, transportation, storage and use of
the natural gas liquids serves the public interest of the citizens of this state by promoting economic development and improving economic opportunities for the citizens of this state.

(30) “This code” means the Code of West Virginia, 1931, as amended.

(31) “This state” means the State of West Virginia.

(32) “United States Internal Revenue Code” or “Internal Revenue Code” means the Internal Revenue Code as defined in §11-24-3 of this code.

(a) Rebate allowable. — Eligible taxpayers shall be allowed a rebate for a portion of state severance taxes imposed by §11-13A-3 of this code on the privilege of
severing, extracting, reducing to possession and producing coal for sale, profit or commercial use that is attributable to the increase in the production of coal that is attributable to and the consequence of the taxpayer’s capital investment in new machinery and equipment used at the coal mine, or coal preparation and processing facility. The amount of this rebate shall be determined and applied as hereinafter provided in this article.

(b) Amount of rebate. — The amount of rebate allowable is determined by multiplying the amount of the taxpayer’s capital investment in new machinery and equipment directly used in the production of coal at a coal mining operation in this state by 35 percent. The product of this computation establishes the maximum amount of rebate allowable under this article for the capital investment in new machinery and equipment.

(c) Application of rebate amount. — The amount of rebate allowable is determined by applying the rebate amount determined in subsection (b) of this section against 80 percent of the state portion of the severance tax paid on the privilege of severing, extracting, reducing to possession and producing coal for sale, profit or commercial use that is directly attributable to the increased production of coal at the mine due to taxpayer’s capital investment in new machinery and equipment at the mine or coal processing and preparation plant.

(d) The amount of severance tax attributable to the increase in coal production at a mine due to the capital investment in new machinery and equipment shall be determined by comparing (1) the state portion of the severance tax due under §11-13A-3 of this code on coal produced from the mine during calendar year 2018, before allowance of any tax credits, except as provided in subsection (e) of this section (d), (2) with the state severance tax due on coal produced at the mine during the then current calendar year in which the capital investment in new mining machinery and equipment is placed in service or use, before
allowance for any tax credits. When the amount in subdivision (2) of this section is greater than the amount in subdivision (1) of this section, the difference is the amount of state severance tax due to the increase in coal production at the mine that is attributable to the capital investment in new machinery and equipment: Provided, That when the producer of the coal operates more than one mine in this state, or is a member of a controlled or affiliated group that operates one or more coal mines in this state, no credit shall be allowed unless the total coal production from all mines operated by the taxpayer or by members of the affiliated or controlled group in this state has increased by at least the increase in production at the mine at which the capital investment in new machinery and equipment was made: Provided, however, That in no case shall the severance tax attributable to any mine other than the specific mine at which capital investment in new machinery and equipment is directly used in a coal mining operation has been placed in service or use be offset by this rebate.

(e) When the eligible taxpayer is a new business that has produced coal in this state for 2 years before making the capital investment in new machinery and equipment, then, for purposes of item (1) in subsection (d), the base shall be the amount of state severance tax due under §11-13A-3 of this code on coal produced in this state during the second year of this two-year period.

(f) When the operator of the coal mine at which capital investment in new machinery and equipment was made operates one or more other coal mines in this state, the operator may not cease production of coal, or reduce the production of coal, at one or more of those mines during the tax years for which rebate is allowed under this article. The Tax Commissioner shall promulgate a legislative rule providing exceptions to this subsection.

(g) When the operator of the coal mine at which capital investment in new machinery and equipment was made is a member of a controlled or affiliated group that operates one
or more other coal mines in this state, then the controlled or
affiliated group, as the case may be, may not cease
production of coal, or reduce the production of coal, at one
or more of those mines during the tax years for which rebate
is allowed under this article. The Tax Commissioner shall
promulgate a legislative rule providing exceptions to this
subsection.

(h) No rebate shall be allowed under this article when
credit is claimed under any other article of this chapter for
capital investment in the new machinery and equipment. No
credit shall be allowed under any other article of this chapter
when rebate is allowed under this article for the capital
investment in new machinery and equipment.

§11-13EE-4. Information required to determine amount of
rebate allowable.

(a) A taxpayer claiming rebate under this article who
operates more than one coal mine in this state shall provide
a schedule with the annual severance tax return filed under
§11-13A-1 et seq. of this code that shows, for each coal
mine, the number of tons of coal produced and the gross
value of the coal produced at each mine during the taxable
year.

(b) When a taxpayer claiming rebate under this article is
a member of an affiliated or controlled group, as the case
may be, that operates more than one coal mine in this state
the group shall provide a schedule with its annual severance
tax return filed under §11-13A-1 et seq. of this code for the
taxable year that shows for each coal mine operated in this
state by the affiliated or controlled group, as the case may
be, the number of tons of coal produced at each mine and
the gross value of the coal produced at each mine during the
taxable year.

(a) After the severance taxes due for the taxable year are
paid, a taxpayer may file a claim under this article for rebate
of up to 80 percent of the state portion of the additional severance taxes paid under §11-13A-3 of this code that are directly attributable to taxpayer’s capital investment in new machinery and equipment placed in service or use during that taxable year as set forth in §11-13EE-4.

(b) When the amount of rebate claimed exceeds 80 percent of the additional state severance tax paid as provided in subsection (a) of this section, the unused portion of the rebate amount may be carried forward and refunded by the Tax Commissioner after severance taxes due in subsequent years are paid: Provided, That the carryforward period may not exceed 10 years from the date the capital investment in new machinery and equipment is placed in service or use in this state.

§11-13EE-6. Suspension of payment of rebate.

(a) No rebate may be paid under this article when the taxpayer, or any member of the taxpayer’s combined or affiliated group, as the case may be, is delinquent in the payment of severance taxes imposed pursuant to §11-13A-3 of this code, and any local, state or federal tax or fee, until such time as the delinquency is cured.

(b) For purposes of this section, a taxpayer is not delinquent if the taxpayer is contesting an assessment in the Office of Tax Appeals or in any court of this state, or of the appropriate federal agency or court, or is complying with the terms of any payment plan agreement with the Tax Commissioner.

(c) In the case of a taxpayer that files a combined tax return as a member of a unitary group, no rebate under this article that is earned by one member of the combined group, but not fully used by or allowed to that member, may be claimed, in whole or in part, by another member of the group.

§11-13EE-7. Burden of proof; application required; failure to make timely application.
(a) Burden of proof. — The burden of proof is on the taxpayer to establish by clear and convincing evidence that the taxpayer is entitled to the benefits allowed by this article.

(b) Application for rebate required.

(1) Notwithstanding any provision of this article to the contrary, no rebate shall be paid under this article for any capital investment in new machinery and equipment placed in service or use until the person asserting a claim for the allowance of rebate under this article makes written application to the Tax Commissioner for allowance of rebate as provided in this section.

(2) An application for rebate shall be filed, in the form prescribed by the Tax Commissioner, no later than the last day for filing the severance tax return, determined by including any authorized extension of time for filing the return, for the taxable year in which the machinery and equipment to which the rebate relates is placed in service or use and all information required by the form is provided.

(3) A separate application for rebate is required for each taxable year during which the taxpayer places new machinery and equipment in service or use in a mine or coal preparation and processing facility in this state.

(c) Failure to make timely application. — The failure to timely apply for the rebate results in the forfeiture of 25 percent of the rebate amount otherwise allowable under this article. This penalty applies annually until the application is filed.

§11-13EE-8. Identification of capital investment property.

Every taxpayer who claims credit under this article shall maintain sufficient records to establish the following facts for each item of qualified investment property:

(1) Its identity;

(2) Its actual or reasonably determined cost;
(3) Its useful life for federal income tax purposes;

(4) The month and taxable year in which it was placed in service;

(5) The amount of credit taken; and

(6) The date it was disposed of or otherwise ceased to be qualified investment property.

§11-13EE-9. Failure to keep records of investment credit property.

A taxpayer who does not keep the records required for identification of investment credit property is subject to the following rules:

(1) A taxpayer is treated as having disposed of, during the taxable year, any machinery and equipment that the taxpayer cannot establish was still on hand, in this state, at the end of that year.

(2) If a taxpayer cannot establish when capital investment in new machinery and equipment property was reported for purposes of claiming this credit during the taxable year the machinery or equipment was placed in service or use, the taxpayer is treated as having placed it in service or use in the most recent prior taxable year in which similar machinery and equipment was placed in service or use, unless the taxpayer can establish that the machinery and equipment placed in service or use in the most recent taxable year is still on hand. In that event, the taxpayer will be treated as having placed the returned machinery and equipment in service or use in the next most recent taxable year.

§11-13EE-10. Transfer of qualified investment property to successors.

(a) Mere change in form of business. — Machinery and equipment may not be treated as disposed of under §11-13EE-9 of this article, by reason of a mere change in the
form of conducting the business as long as the machinery and equipment is retained in the successor business in this state, and the transferor business retains a controlling interest in the successor business. In this event, the successor business is allowed to claim the rebate amount of credit still available with respect to the machinery and equipment transferred, and the transferor business may not be required to redetermine the amount of rebate allowed in earlier years.

(b) Transfer or sale to successor. — Machinery and equipment is not treated as disposed of under §11-13EE-11 of this article by reason of any transfer or sale to a successor business which continues to operate machinery and equipment at the mine in this state at which the machinery and equipment was first placed in service or use. Upon transfer or sale, the successor shall acquire the amount of rebate, if any, that remains available under this article, and the transferor business is not required to redetermine the amount of rebate allowed in earlier years.

§11-13EE-11. Recapture of rebate; recapture tax imposed.

(a) When recapture tax applies. —

(1) Any person who places machinery and equipment in service or use for purposes of this credit and who fails to use the machinery and equipment for at least 5 years in the production of coal in this state shall pay the recapture tax imposed by subsection (b) of this section.

(2) This section does not apply when §11-13EE-10 of this article applies. However, the successor, or the successors, and the person, or persons, who previously claimed credit under this article with respect to the machinery and equipment, are jointly and severally liable for payment of any recapture tax subsequently imposed under this section with respect to the machinery and equipment used to qualify for rebate under this article.
(b) Recapture tax imposed. — The recapture tax imposed by this subsection is the amount determined as follows. If the taxpayer prematurely removes machinery and equipment placed in service (when considered as a class) from economic service in the taxpayer’s coal production activity in this state, the taxpayer shall recapture the amount of rebate claimed under this article for the taxable year, and all preceding taxable years, attributable to the machinery and equipment which has been prematurely removed from service. The amount of tax due under this subsection is an amount equal to the amount of rebate that is recaptured under this subsection.

(c) Payment of recapture tax. — The amount of tax recaptured under this section is due and payable on the day the person’s annual return is due for the taxable year, in which this section applies, under §11-13A-1 et seq. of this code. When the employer is a partnership, limited liability company or S corporation for federal income tax purposes, the recapture tax shall be paid by those persons who are partners in the partnership, members in the company, or shareholders in the S corporation, in the taxable year in which recapture tax is imposed under this section.

§11-13EE-12. Interpretation and construction.

(a) No inference, implication or presumption of legislative construction or intent may be drawn or made by reason of the location or grouping of any particular section, provision or portion of this article; and no legal effect may be given to any descriptive matter or heading relating to any section, subsection or paragraph of this article.

(b) The provisions of this article shall be reasonably construed in order to effectuate the legislative intent recited in §11-13EE-1 of this article.

(a) The Tax Commissioner shall provide to the Joint Committee on Government and Finance by July 1, 2022,
and on the first day of July of each year thereafter, a report
detailing the amount of rebate claimed pursuant to this
article. The report is to include the amount of rebate claimed
against the severance tax imposed pursuant to §11-13A-3 of
this code.

(b) Taxpayers claiming the rebate shall provide the
information the Tax Commissioner may require to prepare
the report: Provided, That the information provided is
subject to the confidentiality and disclosure provisions of
§11-10-5d and §11-10-5s of this code.

(c) The Tax Commissioner shall also identify any issues
the Tax Commissioner has in the administration and
enforcement of this rebate and make suggestions the
Commissioner may have for improving the credit or the
administration of the rebate.

The Tax Commissioner may promulgate such
interpretive, legislative and procedural rules as the
Commissioner deems to be useful or necessary to carry out
the purpose of this article and to implement the intent of the
Legislature. The tax commissioner may promulgate
emergency rules if they are filed in the West Virginia
Register before January 1, 2020. All rules shall be
promulgated in accordance with the provisions of §29A-3-
1 et seq. of this code.

(a) If any provision of this article or the application
thereof is for any reason adjudged by any court of competent
jurisdiction to be invalid, the judgment may not affect,
impair or invalidate the remainder of the article, but shall be
confined in its operation to the provision thereof directly
involved in the controversy in which the judgment shall
have been rendered, and the applicability of the provision to
other persons or circumstances may not be affected thereby.
(b) If any provision of this article or the application thereof is made invalid or inapplicable by reason of the repeal or any other invalidation of any statute therein addressed or referred to, such invalidation or inapplicability may not affect, impair or invalidate the remainder of the article, but shall be confined in its operation to the provision thereof directly involved with, pertaining to, addressing or referring to the statute, and the application of the provision with regard to other statutes or in other instances not affected by any such repealed or invalid statute may not be abrogated or diminished in any way.

§11-13EE-16. Effective date.

Be it enacted by the Legislature of West Virginia:

ARTICLE 3. SALE OF TAX LIENS AND NONENTERED, ESCHATED, AND WASTE AND UNAPPROPRIATED LANDS.

§11A-3-18. Limitations on tax certificates.

(a) No lien upon real property evidenced by a tax certificate of sale issued by a sheriff on account of any delinquent property taxes may remain a lien on the real property for a period longer than 18 months after the original issuance of the tax certificate of sale.

(b) All rights of a purchaser to the property, to a lien on the property, or to any other interest in the property, including, but not limited to any right to a tax deed, shall be considered forfeited and expired, and no tax deed is to be issued on any tax sale evidenced by a tax certificate of sale where the certificate has ceased to be a lien pursuant to the provisions of this section and application for the tax deed, pursuant to the provisions of §11A-3-27 of this code, is not pending at the time of the expiration of the limitation period provided in this section.

(c) Whenever a lien evidenced by a tax certificate of sale has expired by reason of the provisions of this section, the State Auditor shall immediately issue and record a certificate of cancellation describing the real estate included in the certificate of purchase or tax certificate and giving the date of cancellation, and the State Auditor shall also make proper entries in his or her records. The State Auditor shall also present a copy of every certificate of cancellation to the sheriff, who shall enter it in the sheriff’s records, and the certificate and the record are prima facie evidence of the cancellation of the certificate of sale and of the release of the lien of the certificate on the lands described in the
certificate. Failure to record the certificate of cancellation does not extend the lien evidenced by the certificate of sale. The sheriff and State Auditor are not entitled to any fees for the issuing of the certificate of cancellation, nor for the entries in their books made under the provisions of this subsection.

(d) Whenever a purchaser has complied with the notice requirements provided in §11A-3-19 of this code, but has failed to request a deed within the 18 month deadline provided in this section, thereby forfeiting all rights to a tax deed, the purchaser may recover the amounts paid in excess of the taxes owed and expenses incurred by the State Auditor in the processing of the tax lien if, within 30 days of the expiration of the lien, upon a showing of compliance with the provisions of §11A-3-19 of this code, the purchaser files with the State Auditor a request in writing for the refund. A purchaser who fails to file the request within the 30-day period forfeits all rights to the refund.

(e) Whenever a purchaser has failed to comply with the notice requirements set forth in §11A-3-19 of this code, the purchaser may receive an additional 30 days to comply with the notice requirements set forth in §11A-3-19 of this code if, by December 1st of the year following the sale, the purchaser files with the State Auditor a request in writing for the extension and makes payment by cash, cashier check, certified check, or money order in the amount of $100 or 10 percent of the total amount paid on the day of sale set forth in §11A-3-5 of this code, whichever is greater. The fee for issuing the certificate of extension shall be $25 made payable to the State Auditor.

(f) The State Auditor shall each month draw his or her warrant upon the Treasury payable to the county board of education of each county for payment received by him or her for the extension of the time period set forth in
subsection (e) of this section for property located within each such county.

§11A-3-22. Service of notice.

(a) As soon as the State Auditor has prepared the notice provided in §11A-3-21 of this code, he or she shall cause it to be served upon all persons named on the list generated by the purchaser pursuant to the provisions of §11A-3-19 of this code.

(b) The notice shall be served upon all persons residing or found in the state in the manner provided for serving process commencing a civil action, or by certified mail, return receipt requested, or other types of delivery service courier that provide a receipt. The notice shall be served on or before the 30th day following the request for the notice.

(c) The notice shall be served upon persons not residing or found in the state by certified mail, return receipt requested, or in the manner provided for serving process commencing a civil action, or other types of delivery service courier that provide a receipt. The notice shall be served on or before the 30 days following the request for the notice.

(d) If the address of a person is unknown to the purchaser and cannot be discovered by due diligence on the part of the purchaser, the notice shall be served by publication as a Class III-0 legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code, and the publication area for the publication shall be the county in which the real property is located. If service by publication is necessary, publication shall be commenced within 60 days following the request for the notice, and a copy of the notice shall, at the same time, be sent pursuant to subsection (b) or (c) of this section, to the last known address of the person to be served. The return of service of the notice and the affidavit of publication, if any, shall be in the manner provided for process generally and shall be filed and preserved by the State Auditor in his or
her office, together with any return receipts for notices sent by certified mail.

(e) In addition to the other notice requirements set forth in this section, if the real property subject to the tax lien was classified as Class II property at the time of the assessment, at the same time the State Auditor issues the required notices by certified mail, the State Auditor shall forward a copy of the notice sent to the delinquent taxpayer by first class mail, or in the manner provided for serving process commencing a civil action, addressed to “Occupant”, to the physical mailing address for the subject property. The physical mailing address for the subject property shall be supplied by the purchaser of the tax lien pursuant to the provisions of §11A-3-19 of this code. Where the mail is not deliverable to an address at the physical location of the subject property, the copy of the notice shall be sent to any other mailing address that exists to which the notice would be delivered to an occupant of the subject property.

§11A-3-52. What purchaser must do before he or she can secure a deed.

(a) Within 45 days following the approval of the sale by the auditor pursuant to §11A-3-51 of this code, the purchaser, his or her heirs or assigns, in order to secure a deed for the real estate purchased, shall:

(1) Prepare a list of those to be served with notice to redeem and request the deputy commissioner to prepare and serve the notice as provided in §11A-3-54 and §11A-3-55 of this code;

(2) When the real property subject to the tax lien was classified as Class II property, provide the deputy commissioner with the actual mailing address of the property that is subject to the tax lien or liens purchased; and

(3) Deposit, or offer to deposit, with the deputy commissioner a sum sufficient to cover the costs of preparing and serving the notice.
(b) If the purchaser fails to fulfill the requirements set forth in subsection (a) of this section, the purchaser shall lose all the benefits of his or her purchase.

(c) After the requirements of subsection (a) of this section have been satisfied, the deputy commissioner may then sell the property in the same manner as he sells lands which have been offered for sale at public auction but which remain unsold after such auction, as provided in §11A-3-48 of this code.

(d) If the person requesting preparation and service of the notice is an assignee of the purchaser, he or she shall, at the time of the request, file with the deputy commissioner a written assignment to him or her of the purchaser’s rights, executed, acknowledged, and certified in the manner required to make a valid deed.

(e) Whenever a purchaser has failed to comply with the notice requirements set forth in subsection (a) of this section, the purchaser may receive an additional 30 days to comply with the notice requirements set forth in subsection (a) of this section if the purchaser files with the State Auditor a request in writing for the extension before the expiration of the time period set forth in subsection (a) of this section and makes payment by cash, cashier check, certified check, or money order in the amount of $100 or 10 percent of the total amount paid on the day of sale set forth in §11A-3-45 of this code, whichever is greater. The fee for issuing the certificate of extension shall be $25 made payable to the State Auditor.

(f) The State Auditor shall each month draw his or her warrant upon the Treasury payable to the county board of education of each county for payment received by him or her for the extension of the time period set forth in subsection (e) of this section for property located within each such county.
§11A-3-55. Service of notice.

(a) As soon as the deputy commissioner has prepared the notice provided for in §11A-3-54 of this code, he or she shall cause it to be served upon all persons named on the list generated by the purchaser pursuant to the provisions of §11A-3-52 of this code. Such notice shall be mailed and, if necessary, published at least 45 days prior to the first day a deed may be issued following the deputy commissioner’s sale.

(b) The notice shall be served upon all such persons residing or found in the state in the manner provided for serving process commencing a civil action or by certified mail, return receipt requested or other types of delivery service courier that provide a receipt. The notice shall be served on or before the 30th day following the request for such notice.

(c) The notice shall be served upon persons not residing or found in the state by certified mail, return receipt requested, or in the manner provided for serving process commencing a civil action or other types of delivery service courier that provide a receipt. The notice shall be served on or before the 30 days following the request for the notice.

(d) If the address of a person is unknown to the purchaser and cannot be discovered by due diligence on the part of the purchaser, the notice shall be served by publication as a Class III-0 legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code and the publication area for the publication shall be the county in which the real property is located. If service by publication is necessary, publication shall be commenced within 60 days following the request for the notice, and a copy of the notice shall, at the same time, be sent pursuant to subsection (b) or (c) of this section, to the last known address of the person to be served. The return of service of the notice and the affidavit of publication, if any, shall be in the manner provided for process generally and shall be filed
and preserved by the State Auditor in his or her office, together with any return receipts for notices sent by certified mail.

(e) In addition to the other notice requirements set forth in this section, if the real property subject to the tax lien was classified as Class II property at the time of the assessment, at the same time the deputy commissioner issues the required notices by certified mail, the deputy commissioner shall forward a copy of the notice sent to the delinquent taxpayer by first class mail, or in the manner provided for serving process commencing a civil action, addressed to “Occupant”, to the physical mailing address for the subject property. The physical mailing address for the subject property shall be supplied by the purchaser of the property, pursuant to the provisions of §11A-3-52 of this code. Where the mail is not deliverable to an address at the physical location of the subject property, the copy of the notice shall be sent to any other mailing address that exists to which the notice would be delivered to an occupant of the subject property.

Development Office shall consider the following factors:

of new direct jobs in successive years, as provided under this article, not to exceed five years.

(f) A qualified employer that has qualified pursuant to this article is eligible to receive tax credits under this article only in accordance with the provisions under which it initially applied and was approved. §11-13II-4. Obtaining tax credit following tax year.

(a) At the end of the approved employer’s tax year, the qualified employer may file an application to use the tax credits previously approved by the Development Office. The application shall contain a sworn statement by a duly authorized officer of the qualified employer concerning with respect to the employer’s fiscal year:

(b) The division may request such additional information from the employer as may be necessary to determine whether the application is correct and whether the qualified employer is eligible for the annual tax credit for that year, or may request that the qualified employer revise its application.
(c) The tax credits authorized in this article shall be authorized after the qualified employer has filed its application for annual tax credit at the end of the qualified employer’s tax year with the Development Office pursuant to this section, and the division has determined from the information submitted along with such application that the employer has fulfilled its obligations in original application.

(d) Upon approval of the application for use of the tax credit, the application shall be forwarded to the Department of Revenue. The eligible employer may then use such tax credit in filing its tax return.

(e) A new high-wage job is not eligible for a credit pursuant to this section for the initial qualifying period unless the eligible employer’s total number of employees with threshold jobs on the last day of the initial qualifying period at the location at which the job is performed or based is at least one more than the number of threshold jobs on the day prior to the date the new high-wage job was created. A new high-wage job is not eligible for a credit pursuant to this section for a consecutive qualifying period unless the total number of threshold jobs at a location at which the job is performed or based on the last day of that qualifying period is greater than or equal to the number of threshold jobs at that same location on the last day of the initial qualifying period for the new high-wage job.

(f) If a consecutive qualifying period for a new high-wage job does not meet the wage, occupancy and residency requirements, then the qualifying period is ineligible.

(g) Except as provided in subsection (h) of this section, a new high-wage job is not eligible for a credit pursuant to this section if:

(1) The new high-wage job is created due to a business merger or acquisition or other change in business organization;
(2) The eligible employee was terminated from employment in West Virginia by another employer involved in the business merger or acquisition or other change in business organization with the taxpayer; and

(h) A new high-wage job that was created by another employer and for which an application for the high-wage growth business tax credit was received and is under review by the division prior to the time of the business merger or acquisition or other change in business organization shall remain eligible for the high-wage growth business tax credit for the balance of the consecutive qualifying periods. The new employer that results from a business merger or acquisition or other change in business organization may only claim the high-wage growth business tax credit for the balance of the consecutive qualifying periods for which the new high-wage job is otherwise eligible.

(i) A new high-wage job is not eligible for a credit pursuant to this section if the job is created due to an eligible employer entering into a contract or becoming a subcontractor to a contract with a governmental entity that replaces one or more entities performing functionally equivalent services for the governmental entity unless the job is a new high-wage job that was not being performed by an employee of the replaced entity.

(j) A new high-wage job is not eligible for a credit pursuant to this section if the eligible employer has more than one business location in the state from which it
conducted business and the requirements of subsection (e) of this section are satisfied solely by moving the job from one business location of the eligible employer in this state to another business location of the eligible employer in the state.

(k) With respect to each annual application for a high-wage growth business tax credit, the employer shall certify and include:

(7) Whether the eligible employer has ceased business operations at any of its business locations in this state; and
Whether the application is precluded by subsection (o) of this section.

Any person who willfully submits a false, incorrect, or fraudulent certification required pursuant this section shall be subject to all applicable penalties under §11-9-1 et seq. and §11-10-1 et seq. of this code, except that the amount on which the penalty is based shall be the total amount of credit requested on the application for approval.

(m) Except as provided in subsection (o) of this section, an approved high-wage growth business tax credit shall be claimed against the taxpayer’s taxes imposed by §11-23-1 et seq., §11-24-1 et seq., and §11-21-1 et seq. of this code, in that order, as specified in this subsection:

(1) Business franchise tax. — The credit is first applied to reduce the taxes imposed by §11-23-1 et seq. of this code for the taxable year, determined after application of the credits against tax provided in §11-23-17 of this code, but before application of any other allowable credits against tax.

(2) Corporation net income taxes. — After application of subdivision (1) of this subsection, any unused credit is next applied to reduce the taxes imposed by §11-24-1 et seq. of this code for the taxable year, determined before application of allowable credits against tax.

(A) If the eligible taxpayer is a limited liability company, small business corporation, or a partnership, then any unused credit after application of subdivisions (1) and (2) of this subsection is allowed as a credit against the taxes imposed by §11-24-1 et seq. of this code on owners of the eligible taxpayer on the conduit income directly derived from the eligible taxpayer by its owners. Only those portions of the tax imposed by §11-24-1 et seq. of this code that are imposed on income directly derived by the owner from the eligible taxpayer are subject to offset by this credit.
(B) Small business corporations, limited liability companies, partnerships, and other unincorporated organizations shall allocate the credit allowed by this section among their members in the same manner as profits and losses are allocated for the taxable year.

(4) If the eligible taxpayer is a limited liability company, small business corporation, or a partnership, then any unused credit after application of subdivisions (1), (2), and (3) of this subsection is allowed as a credit against the taxes imposed by §11-21-1 et seq. of this code on owners of the eligible taxpayer on the conduit income directly derived from the eligible taxpayer by its owners. (9) Tax credits provided under this section may not be transferred, sold, or assigned by filing a notarized endorsement thereof with the division that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the division.

(n) If the taxpayer ceases business operations in this state while an application for credit approval is pending or after an application for credit has been approved for any qualifying period for a new high-wage job, the division may not grant an additional high-wage growth business tax credit to that taxpayer except as provided in subsection (m) of this section and shall extinguish any amount of credit approved for that taxpayer that has not already been claimed against the taxpayer’s modified combined tax liability.

(Com. Sub. for S. B. 16 - By Senators Azinger, Maynard and Rucker)

[Passed February 13, 2020; in effect ninety days from passage.]
[Approved by the Governor on March 2, 2020.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §1-7-1, §1-7-2, §1-7-3, and §1-7-4, all relating generally to protecting an individual’s constitutional right to privacy in association; creating the Protect Our Right to Unite Act; declaring legislative purpose; defining terms; providing that a public agency may not require a nonprofit entity to disclose the entity’s donor or membership information, subject to certain exceptions; providing that donor or membership information obtained by a public agency may not be released, subject to certain exceptions; providing that membership and donor information is exempt from the disclosure requirements of the state’s Freedom of Information Act; permitting disclosure of records when donor or membership information is redacted; permitting compliance with a lawful court order; providing that an individual has a private cause of action to enjoin unlawful disclosure of donor or membership information and to recover actual damages; providing for the payment of attorney’s fees and costs in certain circumstances; and providing for treble damages in certain circumstances.

Be it enacted by the Legislature of West Virginia:

ARTICLE 7. THE PROTECT OUR RIGHT TO UNITE ACT.

§1-7-1. Legislative purpose.

The purpose of this article is to protect an individual’s constitutional right to privately associate with advocacy
groups that represent his or her beliefs. As the Supreme Court of the United States held in NAACP v. Alabama ex rel. Patterson, 357 U.S. 449 (1958), compelled disclosure of an advocacy group’s donor or membership lists, where such disclosure would discourage association, is a trespass upon the fundamental freedoms protected by the Due Process Clause of the Fourteenth Amendment. Therefore, this article should be liberally construed in favor of an individual’s right to association, to ensure that private association is not discouraged or suppressed by any actions of the public agencies of this state.

§1-7-2. Definitions.

For the purposes of this article:

(1) “Donor or membership information” means any record which identifies an individual’s membership in, or support of, any tax-exempt entity under 26 U.S.C. §501(c), including information that does not directly identify the individual but which, in combination with other information, would allow a reasonable person to identify the individual. Donor or membership information includes, but is not limited to, a member, donor, or supporter’s name, address, occupation, employer, or any electronic or technical data, including social media accounts, email accounts, location data, or other identifying information.

(2) “Individual” means a person who is a United States citizen, or who is domiciled in the United States, but does not include a foreign agent, foreign government, or foreign principal.

(3) “Public agency” means:

(A) Any department, body, office, commission, board, unit, political subdivision, court, or division of state or local government, however designated; and

(B) Any official, employee, or agent of an entity described in paragraph (A) of this subdivision.
§1-7-3. Protecting privacy of association.

(a) Except as otherwise provided in chapter 3 of this code, chapter 6B of this code, or subsection (e) of this section, a public agency may not require any tax-exempt organization under 26 U.S.C. §501(c) to provide the agency with donor or membership information: Provided, That where the public agency nevertheless obtains donor or membership information, such information may not be released unless pursuant to chapter 3 of this code, chapter 6B of this code, or subsection (e) of this section.

(b) A public agency may not release, permit to be released, nor be compelled to release any record which identifies an individual’s association with any tax-exempt organization under 26 U.S.C. §501(c), or which reveals an individual’s financial or nonfinancial support for such an entity, without the express written permission of the entity and the citizen, or at the request of the citizen.

(c) All donor or membership information is exempt from production or disclosure under the state’s Freedom of Information Act, §29B-1-1 et seq. of this code.

(d) A public agency does not violate subsection (a) of this section if donor or membership information is redacted from a disclosed record.

(e) Nothing in this section precludes compliance with a lawful order issued by a court of competent jurisdiction.

§1-7-4. Civil remedies.

(a) An individual may bring a civil action to enjoin any violation of this article and to recover actual damages incurred by him or her as a result of the violation.

(b) If the plaintiff prevails in a civil action pursuant to this section, he or she is entitled to be reimbursed by the state or public agency for actual costs and such reasonable attorney’s fees he or she has incurred in the litigation.
(c) If the judge or jury in a civil action brought pursuant to this section finds that a public agency intentionally disclosed donor or membership information in violation of this article, the amount of the judgment, which for this purpose includes actual damages, costs, and attorney’s fees, may be trebled as exemplary damages.

electronic monitoring shall be required for no fewer than five days of the total period of home confinement ordered and the offender may not leave home for those five days notwithstanding the provisions of §62-11B-5 of this code: And provided further, That for any period of home incarceration ordered for a person convicted of a third or subsequent violation of this section, electronic monitoring shall be included for no fewer than 10 days of the total period of home confinement ordered and the offender may not leave home for those 10 days notwithstanding §62-11B-5 of this code.

(r) A person whose license to operate a motor vehicle has been revoked or suspended by the Commissioner of the Division of Motor Vehicles pursuant to this section must complete a comprehensive safety and treatment program as set forth in §17C-5A-3 of this code before his or her license to operate a motor vehicle can be reinstated and his or her driving privileges restored.

(s) For any offense for which an alternative revocation period is permitted conditioned upon participation in the test and lock program, an alternative sentence may not be imposed without the consent of the driver.

(t) Upon entering the order of conviction for an offense under this section, or the imposition of conditional probation as provided in §17C-5-2b of this code, the clerk of the court shall immediately transmit the order to the Commissioner of the Division of Motor Vehicles.

(u) The amendments made to this section during the 2020 regular session of the Legislature shall become effective on July 1, 2020.

§17C-5-2a. Definition of phrase “in this state”; phrases synonymous with driving under the influence of alcohol; validation of warrants and indictments.
For purposes of this article and §17C-5A-1 et seq. of this code, the phrase “in this state” shall mean anywhere within the physical boundaries of this state, including, but not limited to, publicly maintained streets and highways, and subdivision streets or other areas not publicly maintained but nonetheless open to the use of the public for purposes of vehicular travel, but as used in §17C-5-2(e), §17C-5-2(f), §17C-5-2(g), §17C-5-2(h), §17C-5-2(i), §17C-5-2(j), and §17C-5-2(k) of this code, the term does not mean or include driving or operating a vehicle solely and exclusively on one’s own property in an area not open to the use of the public for purposes of vehicular travel.

When used in this code, the terms or phrases “driving under the influence of intoxicating liquor”, “driving or operating a motor vehicle while intoxicated”, “for any person who is under the influence of intoxicating liquor to drive any vehicle”, or any similar term or phrase shall be construed to mean and be synonymous with the term or phrase “while under the influence of alcohol ... drives a vehicle” as the latter term or phrase is used in §17C-5-2 of this code.

From and after the effective date of this section, a warrant or indictment which charges or alleges an offense, prohibited by §17C-5-2 of this code, and which warrant or indictment uses any of the terms or phrases set forth in subsection (b) of this section, shall not thereby be fatally defective if such warrant or indictment otherwise informs the person so accused of the charges against said person.

§17C-5-2b. Deferral of further proceedings for certain first offenses upon condition of participation in Motor Vehicle Alcohol Test and Lock Program; procedure on charge of violation of conditions.

(a) Except as provided in subsection (f) of this section, the court, without entering a judgment of guilt and with the consent of the accused, shall defer further proceedings and impose probation, when:
(A) The person pleads to or is found guilty of the offense defined in §17C-5-2(e) of this code;

(B) The person has not previously been convicted of any offense under this article or under any statute of the United States or of any state relating to driving under the influence of alcohol, any controlled substance, or any other drug; and

(C) The person notifies the court within 30 days of his or her arrest of his or her intention to participate in a deferral pursuant to this section.

(2) If all the requirements in subdivision (1) of this subsection are met, the court, without entering a judgment of guilt, shall defer further proceedings and place the person on probation, the conditions of which shall include that he or she successfully completes the Motor Vehicle Alcohol Test and Lock Program as provided in §17C-5A-3a of this code. Participation therein shall be for a period of at least 165 days after a 15-day suspension of his or her license to operate a motor vehicle and shall be completed within one year thereafter.

(b) (1) If the prosecuting attorney files a motion alleging that the defendant during the period of the Motor Vehicle Alcohol Test and Lock Program has been removed therefrom by the Division of Motor Vehicles, or has failed to successfully complete the program before making a motion for dismissal pursuant to subsection (c) of this section, the court may issue such process as is necessary to bring the defendant before the court.

(2) A motion alleging a violation filed pursuant in subdivision (1) of this subsection must be filed during the period of the Motor Vehicle Alcohol Test and Lock Program or, if filed thereafter, must be filed within a reasonable time after the alleged violation was committed.

(3) When the defendant is brought before the court, the court shall afford the defendant an opportunity to be heard.
If the court finds that the defendant has been rightfully removed from the Motor Vehicle Alcohol Test and Lock Program by the Division of Motor Vehicles, the court may order, when appropriate, that the deferral be terminated, and thereupon enter an adjudication of guilt and proceed as otherwise provided.

(4) Should the defendant fail to complete or be removed from the Motor Vehicle Alcohol Test and Lock Program, the defendant waives the appropriate statute of limitations and the defendant’s right to a speedy trial under any applicable federal or state constitutional provisions, statutes, or rules of court during the period of enrollment in the program.

(c) When the defendant shall have completed satisfactorily the Motor Vehicle Alcohol Test and Lock Program and complied with its conditions, the defendant may move the court for an order dismissing the charges. This motion shall be supported by affidavit of the defendant and by certification of the Division of Motor Vehicles that the defendant has successfully completed the Motor Vehicle Alcohol Test and Lock Program. A copy of the motion shall be served on the prosecuting attorney who shall within 30 days after service advise the judge of any objections to the motion, serving a copy of such objections on the defendant or the defendant’s attorney. If there are no objections filed within the 30-day period, the court shall thereafter dismiss the charges against the defendant. If there are objections filed with regard to the dismissal of charges, the court shall proceed as set forth in subsection (b) of this section.

(d) Except as provided herein, unless a defendant adjudicated pursuant to this subsection is convicted of a subsequent violation of this article, discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, except for those provided in §17C-5A-1 et seq. of this code. Except as provided in §17C-5-2 of this code regarding
subsequent offenses, the effect of the dismissal and discharge shall be to restore the person in contemplation of law to the status he or she occupied prior to arrest and trial. No person as to whom a dismissal and discharge have been effected shall be thereafter held to be guilty of perjury, false swearing, or otherwise giving a false statement by reason of his or her failure to disclose or acknowledge his or her arrest or trial in response to any inquiry made of him or her for any purpose other than any inquiry made in connection with any subsequent offense as provided in §17C-5-2 of this code.

(e) There may be only one discharge and dismissal under this section with respect to any person.

(f) No person shall be eligible for dismissal and discharge under this section: (1) In any prosecution in which any violation of any other provision of this article has been charged; (2) if the person holds a commercial driver’s license or operates commercial motor vehicles; (3) if the person has previously had his or her license to operate a motor vehicle revoked for any offense under a municipal ordinance of this state or any other state or a statute of the United States or of any other state which has the same elements as an offense described in this article; or (4) if a court entered an order finding that the person refused the secondary chemical test pursuant to §17C-5-7a of this code.

(g) (1) After a period of not less than one year, which shall begin to run immediately upon the expiration of a term of probation imposed upon any person under this section, the person may apply to the court for an order to expunge all official records of his or her arrest, trial, and conviction, pursuant to this section except for those maintained by the Division of Motor Vehicles: Provided, That any person who has previously been convicted of a felony may not make a motion for expungement pursuant to this section.

(2) If the prosecuting attorney objects to the expungement, the objections shall be filed with the court within 30 days after service of a motion for expungement,
and copies of the objections shall be served on the defendant or the defendant’s attorney.

(3) If the objections are filed, the court shall hold a hearing on the objections, affording all parties an opportunity to be heard. If the court determines after a hearing that the person during the period of his or her probation and during the period of time prior to his or her application to the court under this subsection has not been guilty of any serious or repeated violation of the conditions of his or her probation, it shall order the expungement.

(h) A person prosecuted for an offense under §17C-5-2(e) of this code, whose case is disposed of pursuant to the provisions of this section, shall be required to pay the amount of court costs that could be assessed against a person convicted of the offense. Payment of such costs may be made a condition of probation. The costs assessed pursuant to this subsection, whether as a term of probation or not, shall be distributed as other court costs in accordance with §50-3-2 of this code; §14-2A-4 of this code; §30-29-4 of this code; and §62-5-2, §62-5-7, and §62-5-10 of this code.

(i) The amendments made to this section during the 2020 regular session of the Legislature shall become effective on July 1, 2020.

§17C-5-4. Implied consent to test; administration at direction of law-enforcement officer; designation of type of test; definition of “law-enforcement officer”.

(a) Any person who drives a motor vehicle in this state is considered to have given his or her consent by the operation of the motor vehicle to a preliminary breath analysis and a secondary chemical test of either his or her blood or breath to determine the alcohol concentration in his or her blood, or the concentration in the person’s body of a controlled substance, drug, or any combination thereof.
(b) A preliminary breath analysis may be administered in accordance with the provisions of §17C-5-5 of this code whenever a law-enforcement officer has reasonable cause to believe a person has committed an offense prohibited by §17C-5-2 of this code or by an ordinance of a municipality of this state which has the same elements as an offense described in §17C-5-2 of this code.

(c) A secondary test of blood or breath is incidental to a lawful arrest and is to be administered at the direction of the arresting law-enforcement officer having probable cause to believe the person has committed an offense prohibited by §17C-5-2 of this code or by an ordinance of a municipality of this state which has the same elements as an offense described in said section: Provided, That absent written consent of the person, a secondary test of blood may not be performed without issuance of a warrant signed by a magistrate or a circuit judge.

(d) The law-enforcement agency that employs the arresting law-enforcement officer shall designate the secondary tests to be administered. Notwithstanding §17C-5-7a of this code, the refusal to submit to a blood test only may not result in the revocation of the arrested person’s license to operate a motor vehicle in this state.

(e) Any person to whom a preliminary breath test is administered who is arrested shall be advised verbally and given a written statement advising him or her of the following:

(1) That the person’s refusal to submit to the secondary chemical test, designated pursuant to subsection (d) of this section, will result in the revocation of his or her license to operate a motor vehicle for a period of at least 45 days and up to life;

(2) That, if a designated secondary chemical test is taken, the results of the test may be used against him or her in court as evidence of violating §17C-5-2 of this code or an
ordinance of a municipality of this state which has the same
elements as an offense described in said section; and

(3) That, if the person first submits to the requested
secondary chemical test, the person has the right to have a
test or tests of his or her blood performed as provided in
§17C-5-9 of this code.

(f) Any law-enforcement officer who has been properly
trained in the administration of any secondary chemical test
authorized by this article, including, but not limited to,
certification by the Bureau for Public Health in the
operation of any equipment required for the collection and
analysis of a breath sample, may conduct the test at any
location in the county wherein the arrest is made: Provided,
That the law-enforcement officer may conduct the test at the
nearest available properly functioning secondary chemical
testing device located outside the county in which the arrest
was made, if: (1) There is no properly functioning
secondary chemical testing device located within the county
the arrest was made; or (2) there is no magistrate available
within the county the arrest was made for the arraignment
of the person arrested. A law-enforcement officer who is
directing that a secondary chemical test be conducted has
the authority to transport the person arrested to where the
secondary chemical testing device is located.

(g) If the arresting officer lacks proper training in the
administration of a secondary chemical test, then any other
law-enforcement officer who has received training in the
administration of the secondary chemical test to be
administered may, upon the request of the arresting
law-enforcement officer and in his or her presence, conduct
the secondary test. The results of a test conducted pursuant
to this subsection may be used in evidence to the same
extent and in the same manner as if the test had been
conducted by the arresting law-enforcement officer.

(h) Only the person actually administering or
conducting a test conducted pursuant to this article is
competent to testify as to the results and the veracity of the test.

9 (c) In determining the competitive bid procedure that is best suited under the circumstances, an authority shall conduct:
(1) Competitive sealed bidding if:

(A) Time permits a competitive bid process to be used;

(B) The award of the bid will be made primarily on price and price-related factors;

(C) It is likely to be unnecessary to conduct discussions with suppliers regarding bids, including discussions regarding price; and

(D) There is a reasonable expectation of receiving more than one sealed bid; or

(2) Competitive negotiation where competitive sealed bidding is not best suited under the circumstances.

(d) Notwithstanding the provisions of subsections (b) and (c) of this section, an authority may provide for the procurement of property or services covered by this section using other than competitive procedures only when:

(1) The property or services needed are available only from one responsible source and no other type of property or service will satisfy the authority’s needs;

(e) All sealed bids or competitive negotiated proposals received in response to a solicitation or request for bid may be rejected if an authority determines that the action is in the public interest.

(f) Sealed bids shall be opened publicly at the time and place stated in the solicitation and the authority shall evaluate the bids without discussions with bidders and award a contract with reasonable promptness to the responsible source whose bid conforms to the solicitation and is most advantageous to the authority, considering only price and other price-related factors included in the solicitation.

(g) The evaluation of competitive proposals may include written or oral discussions conducted with all responsible bidders or suppliers at any time after receipt of the proposals and before the award or may be made without discussions. In either event, the award shall be made to the lowest responsible bidder or supplier.

(h) Adequate public notice of the solicitation of bids and proposals shall be given. Public notice shall be given not less than seven days before the date set for bid opening or, in the case of competitive negotiation, not less than seven days before the due date for receipt of proposals: Provided, That bids for the construction of facilities shall be obtained by public notice published as a Class I legal advertisement in compliance with §59-3-1 et seq. of this code, with the publication being made at least 14 days before the final date for submitting bids.

ARTICLE 12. GENERAL AND SPECIFIC POWERS, DUTIES AND ALLIED RELATIONS OF MUNICIPALITIES, GOVERNING BODIES AND MUNICIPAL OFFICERS AND EMPLOYEES, SUITS AGAINST MUNICIPALITIES.
§8-12-17. Sale or lease of municipal public utility.

In any case where a municipality owns a gas system, an electric system, a waterworks system, a sewer system, or other public utility and a majority of not less than 60 percent of the members of the governing body thereof shall deem it for the best interest of such municipality that such utility be sold or leased, the governing body may so sell or lease such gas system, electric system, waterworks system, sewer system, or other public utility upon such terms and conditions as said governing body in its discretion considers in the best interest of the municipality: Provided, That such sale or lease may be made only upon: (1) The publication of notice of a hearing before the governing body of the municipality, as a Class I legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code, in a newspaper published and of general circulation in the municipality, such publication to be made not earlier than 20 days and not later than seven days prior to the hearing; and (2) the approval by the Public Service Commission of West Virginia. The governing body, upon the approval of the sale or lease by a majority of its members of not less than 60 percent of the members of the governing body, shall have full power and authority to proceed to execute or effect such sale or lease in accordance with the terms and conditions prescribed in the ordinance approved as aforesaid, and shall have power to do any and all things necessary or incident thereto: Provided, however, That if at any time after such approval and before the execution of the authority under the ordinance, any person should present to the governing body an offer to buy such public utility at a price which exceeds by at least five percent the sale price which shall have been so approved and authorized or to lease the same upon terms which the governing body, in its discretion, shall consider more advantageous to the municipality than the terms of the lease which shall have been previously approved as aforesaid, the governing body shall have the power to accept such subsequent offer, and to

*NOTE: This section was also amended by S. B. 739 (Chapter 347), which passed prior to this act.
make such sale or such lease to the person making the offer, upon approval of the offer by a majority of not less than 60 percent of the members of the governing body; but, if a sale shall have been approved by the governing body as aforesaid, and the subsequent proposition be for a lease, or, if a lease shall have been approved by the governing body, and the subsequent proposition shall be for a sale, the governing body shall have the authority to accept the same upon approval of the offer by a majority of not less than 60 percent of the members of the governing body. The person making such proposition shall furnish bond, with security to be approved by the governing body, in a penalty of not less than 25 percent of such proposed bid, conditioned to carry such proposition into execution, if the same shall be approved by the governing body. In any case where any such public utility shall be sold or leased by the governing body as hereinabove provided, no part of the moneys derived from such sale or lease shall be applied to the payment of current expenses of the municipality, but the proceeds of such sale or lease shall be applied in payment and discharge of any indebtedness created in respect to such public utility, and in case there be no indebtedness, the governing body, in its discretion, shall have the power and authority to expend all such moneys when received for the purchase or construction of firefighting equipment and buildings for housing such equipment, a municipal building or city hall, and the necessary land upon which to locate the same, for capital investments in public works projects, vehicles and equipment, including without limitation law-enforcement vehicles and equipment, for the demolition of dilapidated and abandoned buildings, for the construction of paved streets, avenues, roads, alleys, ways, sidewalks, sewers, stormwater systems, floodwalls, and other like permanent improvements, for fulfilling municipal pension and other post-employment benefit obligations, for reducing taxes, and for no other purposes. In case there be a surplus after the payment of such indebtedness, the surplus shall be used as aforesaid.
The requirements of this section shall not apply to the sale or lease of any part of the properties of any such public utility determined by the governing body to be unnecessary for the efficient rendering of the service of such utility.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-4g. Establishing the value of utility assets in the context of the acquisition of a utility or utility assets and providing for the combination or allocation of water and wastewater revenue requirements.

(a) The Legislature finds that:

(1) Many West Virginia publicly owned municipal, public service district-owned, and investor-owned water and wastewater utilities face substantial capital investment needs to replace aging utility infrastructure and to maintain compliance with regulatory requirements, and many municipalities that own and operate utility systems are confronted with additional financial challenges arising from diminishing tax bases, the need to repair streets and other municipally owned facilities, and unfunded or underfunded liabilities for pension and other post-employment benefit programs;

(2) Given these challenges, some of these utilities may be unable to continue to provide acceptable levels of utility service at reasonable rates, and may wish to consider the sale of their utility assets, and this decision will require those utilities to consider the expected valuation of their utility assets, the manner in which the post-acquisition rates of their customers will be established and moderated, and the purposes to which the proceeds of any sale of utility assets by a municipality may be devoted under state law;

(3) For utilities considering the sale of their utility assets, a valuation of the utility assets that is primarily based
on the original cost of those assets less depreciation and less
the value of contributed property will: (A) Understate the
actual fair value of those assets to an acquiring party; (B)
fail to account for potential income that could be generated
from those assets; (C) reduce the financial benefit to utilities
considering selling those assets; and (D) thereby
disincentivize those utilities from selling those assets;

(4) To assist utilities considering the sale of their utility
assets in making informed decisions on whether to sell their
utility assets, the commission will permit acquiring and
selling parties to negotiate a value for those assets, permit
the acquiring party to include the negotiated sale price of the
assets in post-acquisition rate base for rate-making
purposes, and make its post-acquisition rate-base
determination based on the valuation approach specified in
this section;

(5) To assist utilities that provide both water and
wastewater utility service in moderating the rate impact of
wastewater service investment on wastewater system
customers, it is appropriate to authorize the combination of
water and wastewater revenue requirements or the
allocation of a portion of a wastewater revenue requirement
to water customers if such a combination or allocation is just
and reasonable and results in water and wastewater rates
that are based primarily on the cost of providing service;

(6) Expanding the permissible uses by a municipality of
the proceeds of a sale of utility assets as provided for in §8-
12-17 of this code will also facilitate and encourage a
municipality’s ability to sell its utility assets, should it
choose to do so; and

(7) The enactment of these regulatory improvements
will facilitate the repair and replacement of utility
infrastructure by improving access to investment capital and
moderating the rate impact to customers of investments in
utility infrastructure, and thereby enhancing the state of
water and wastewater utility infrastructure assets and the
service provided by those assets, all of which are in the best
interest of West Virginia and its citizens.

(b) Value of utility assets; rate-base addition; ancillary
approvals. —

(1) In any case filed pursuant to §24-2-12 of this code
seeking the commission’s prior consent and approval of the
acquisition by an acquiring utility of the utility assets of a
selling utility, the applicants may propose a negotiated sale
price for the utility assets that is in accordance with utility
asset valuation methodologies, such as depreciated original
cost, or reproduction cost new less depreciation, or other
industry standard utility asset valuation methods, excluding
the use of fair market appraisal valuation methods: 
Provided, That the applicants will present evidence of those
asset values in the application: Provided, however, That the
utility asset valuation methodologies and definitions
referenced in §24-2-4g(d) of this code apply solely to cases
filed pursuant to chapter 24 of this code.

(2) If the commission finds that the proposed
acquisition, including the negotiated sale price, satisfies the
requirements for approval in §24-2-12 of this code,
including a finding that the terms and conditions of the
acquisition are reasonable and that neither party thereto is
given an undue advantage over the other, and does not
adversely affect the public in this state, then the commission
will establish the rate based addition at the negotiated sale
price, as determined and in accordance with subdivision (1)
of this subsection.

(3) In its order granting, denying, or modifying the relief
requested in an application described in subdivision (1) of
this subsection, the commission may also approve any rate
stabilization plan, tariff change or provision, or surcharge
mechanism proposed by the applicants and that the
commission finds reasonable in view of the proposed
transaction and the acquiring utility’s proposed post-
acquisition improvements to the utility assets.
(4) In any application described in subdivision (1) of this subsection, the commission will issue a final order granting, denying, or granting in part and denying in part the relief requested in the application.

(5) Nothing in this section or §24-2-12 of this code requires an acquiring utility or a selling utility to obtain the prior consent and approval of the commission to enter into agreements or undertake commitments incident to the negotiation, due diligence, or finalization of an agreement to purchase and sell utility assets, including, without limitation, agreements and commitments relating to:

(A) The exclusivity of negotiations for a defined period;

(B) The confidentiality of negotiations and nondisclosure of facts relevant to the negotiations;

(C) The payment of transaction costs as between the parties, the reimbursement of those costs upon closing of an acquisition of utility assets, or the allocation of costs in the event the acquisition is not consummated;

(D) The acquiring utility’s completion of post-acquisition additions or improvements to the utility assets or its commitments as to post-acquisition rates and charges for utility service; or

(E) Any other commercial term reasonably necessary to facilitate the negotiation, due diligence, or finalization of the purchase and sale agreement.

(c) Request for revenue requirement combination or allocation. —

(1) A single utility that provides both water and wastewater utility services may request a combination of the revenue requirements of the water and wastewater utility services or an allocation of a portion of the wastewater revenue requirement to water customers. Such a request may be made as a separate filing with the commission or as
part of a base rate case, a tariff filing, a statutory consent

case under §24-2-12 of this code, or another proceeding

before the commission.

(2) If the commission finds that a combination or

allocation requested under subdivision (1) of this

subsection: (A) Will enable the acquisition and construction

of wastewater infrastructure improvements or compliance

with regulatory requirements at a more moderate rate

impact for wastewater customers; and (B) will result in a

combined water and wastewater rate, or separate water and

wastewater rates that are just, reasonable, and based

primarily on the cost of providing service, then the

commission may authorize the utility to implement the

combination or allocation, subject to such modifications as

the commission may determine to be appropriate.

(7) “Selling utility” means a water, sewer, or stormwater utility subject to the provisions of this chapter that has entered into an agreement to sell utility assets to an acquiring utility.

(1) The continuation of water or wastewater services;

(2) Addressing water facility or wastewater facility
failure due to the age of the facility or facilities; or

(3) Providing extensions to a water facility or
wastewater facility that will add customers with a total

CHAPTER 8. MUNICIPAL CORPORATIONS.

ARTICLE 12. GENERAL AND SPECIFIC POWERS, DUTIES AND ALLIED RELATIONS OF MUNICIPALITIES, GOVERNING BODIES AND MUNICIPAL OFFICERS AND EMPLOYEES; SUITS AGAINST MUNICIPALITIES.

*§8-12-17. Sale or lease of municipal public utility.*

1 In any case where a municipality owns a gas system, an electric system, a waterworks system, a sewer system, or

*NOTE: This section was also amended by S. B. 551 (Chapter 345), which passed subsequent to this act.*
other public utility and a majority of not less than 60 percent
of the members of the governing body thereof determines it
for the best interest of the municipality that the utility be
sold or leased, the governing body may so sell or lease the
gas system, electric system, waterworks system, sewer
system, or other public utility upon such terms and
conditions as the governing body in its discretion considers
in the best interest of the municipality: Provided, That the
sale or lease may be made only upon: (1) The publication of
notice of a hearing before the governing body of the
municipality, as a Class I legal advertisement in compliance
with §59-3-1 et seq. of this code, in a newspaper published
and of general circulation in the municipality, the
publication to be made not earlier than 20 days and not later
than seven days prior to the hearing; and (2) the approval by
the Public Service Commission of West Virginia. The
governing body, upon the approval of the sale or lease by a
majority of its members of not less than 60 percent of the
members of the governing body, shall have full power and
authority to proceed to execute or effect the sale or lease in
accordance with the terms and conditions prescribed in the
ordinance approved as aforesaid, and shall have power to do
any and all things necessary or incident thereto: Provided,
however, That if at any time after the approval and before
the execution of the authority under the ordinance, any
person should present to the governing body an offer to buy
the public utility at a price which exceeds by at least five
percent the sale price which shall have been so approved
and authorized or to lease the same upon terms which the
governing body, in its discretion, shall consider more
advantageous to the municipality than the terms of the lease
which shall have been previously approved as aforesaid, the
governing body shall have the power to accept the
subsequent offer, and to make the sale or the lease to the
person making the offer, upon approval of the offer by a
majority of not less than 60 percent of the members of the
governing body; but, if a sale shall have been approved by
the governing body as aforesaid, and the subsequent
41 proposition be for a lease, or, if a lease shall have been approved by the governing body, and the subsequent proposition shall be for a sale, the governing body shall have the authority to accept the same upon approval of the offer by a majority of not less than 60 percent of the members of the governing body. The person making the proposition shall furnish bond, with security to be approved by the governing body, in a penalty of not less than 25 percent of the proposed bid, conditioned to carry the proposition into execution, if the same shall be approved by the governing body. In any case where any such public utility shall be sold or leased by the governing body as hereinabove provided, no part of the moneys derived from the sale or lease shall be applied to the payment of current expenses of the municipality, but the proceeds of the sale or lease may be applied in payment and discharge of any indebtedness created in respect to the public utility, and in case there be no indebtedness, the governing body, in its discretion, shall have the power and authority to expend all such moneys when received for the purchase or construction of firefighting equipment and buildings for housing the equipment, a municipal building, or city hall, and the necessary land upon which to locate the same, for capital investments in public works projects, vehicles and equipment and law-enforcement vehicles and equipment, for the demolition of dilapidated and abandoned buildings, or for the construction of paved streets, avenues, roads, alleys, ways, sidewalks, sewers, storm water systems, floodwalls, and other like permanent improvements, for fulfilling municipal pension and other post-employment benefit obligations, or for reducing taxes, and for no other purposes. In case there be a surplus after the payment of the indebtedness, the surplus shall be used as aforesaid.

The requirements of this section shall not apply to the sale or lease of any part of the properties of any such public utility determined by the governing body to be unnecessary for the efficient rendering of the service of the utility.
ARTICLE 16. MUNICIPAL PUBLIC WORKS; REVENUE BOND FINANCING.

PART VI. IMPOSITION OF RATES, FEES, OR CHARGES.

§8-16-18. Rates, fees, or charges for services rendered by works.

The governing body shall have plenary power and authority and it shall be its duty, by ordinance, to establish and maintain just and equitable rates, fees, or charges for the use and services rendered, or the improvement or protection of property, not to include highways, road and drainage easements, and/or stormwater facilities constructed, owned and/or operated by the West Virginia Division of Highways, provided or afforded, by such works, to be paid by the person using the same, receiving the services thereof, or owning the property improved or protected thereby, and may readjust rates, fees, or charges from time to time.

When two or more municipalities take joint action under the provisions of this article, the rates, fees, or charges shall be established by each participating municipality, with the concurrence of the other participating municipality or municipalities as to the amount of the rates, fees or charges, and such rates, fees, or charges may be the same with respect to each municipality, or they may be different.

Rates, fees, or charges heretofore or hereafter established and maintained for the improvement or protection of property, not to include highways, road and drainage easements, and/or stormwater facilities constructed, owned and/or operated by the West Virginia Division of Highways, provided or afforded by a municipal flood control system or flood walls, to be paid by the person owning the property improved or protected thereby, shall be collectible and enforceable from the time provided in any such ordinance, any provision of this or any other law to the contrary notwithstanding, if, at such time, such works, though not yet fully completed, are nearing completion and
the governing body is reasonably assured that the works will
be completed and placed in operation without unreasonable
delay.

All rates, fees, or charges shall be sufficient in each year
for the payment of the proper and reasonable expenses of
repair (including replacements), maintenance and operation
of the works, and for the payment of the sums herein
required to be paid into the sinking fund. Revenues
collected pursuant to the provisions of this section are
considered the revenues of the works. No such rates, fees,
or charges may be established until after a public hearing at
which all the users of the works and owners of the property
served, or to be served thereby, and others interested, shall
have an opportunity to be heard concerning the proposed
rates, fees or charges.

After introduction of the proposed ordinance fixing the
rates, fees, or charges and before the same is finally adopted,
otice of such hearing, setting forth the proposed schedule
of such rates, fees or charges, shall be given by publishing
the same as a Class I legal advertisement in compliance with
§59-3-1 et seq. of this code, and the publication area for the
publication shall be such municipality or each such
municipality, as the case may be. Said notice shall be
published at least five days before the date fixed in such
notice for the hearing, which hearing may be adjourned
from time to time. No other or further notice to parties in
interest is required.

After such hearing the ordinance establishing rates, fees
or charges, either as originally proposed or introduced, or as
modified and amended, shall be adopted and put into effect.
A copy of the schedule of such rates, fees and charges so
established shall be kept on file in the office of the board
having charge of such works, and also in the office of the
governing body or bodies, and shall be open to inspection
by all parties in interest.
The rates, fees, or charges so established for any class of users or property served shall be extended to cover any additional class of users or property thereafter served which fall within the same class, without the necessity of any hearing or notice. Any change or adjustment of rates, fees, or charges may be made in the same manner as such rates, fees, or charges were originally established as provided in this section. The aggregate of the rates, fees, or charges shall always be sufficient for the expenses of repair (including replacements), maintenance and operation, and for the sinking fund payments.

If any rate, fee or charge so established is not paid within 30 days after the same is due, the amount thereof, together with a penalty of 10 percent and reasonable attorney’s fees, may be recovered by the board in a civil action in the name of the municipality or municipalities, and in the case of rates, fees, or charges due for services rendered, such rates, fees or charges, if not paid when due, may, if the governing body so provide in the ordinance provided for under §8-16-7 of this code, constitute a lien upon the premises served by such works, which lien may be foreclosed against such lot, parcel of land or building so served, in accordance with the laws relating to the foreclosure of liens on real property. Upon failure of any person receiving any such service to pay for the same when due, the board may discontinue such service without notice.

ARTICLE 19. MUNICIPAL AND COUNTY WATERWORKS AND ELECTRIC POWER SYSTEMS.

§8-19-4. Estimate of cost; ordinance or order for issuance of revenue bonds; interest on bonds; rates for services; exemption from taxation.

Whenever a municipality or county commission, under the provisions of this article, decides to acquire, by purchase or otherwise, construct, establish, extend or equip a waterworks system or an electric power system, or to construct any additions, betterments, or improvements to
any waterworks or electric power system, it shall cause an
estimate to be made of the cost thereof, and may, by
ordinance or order, provide for the issuance of revenue
bonds under the provisions of this article, which ordinance
or order shall set forth a brief description of the
contemplated undertaking, the estimated cost thereof, the
amount, rate or rates of interest, the time and place of
payment and other details in connection with the issuance
of the bonds. The bonds shall be in such form and shall be
negotiated and sold in such manner and upon such terms as
the governing body of such municipality or county
commission may, by ordinance or order, specify. All the
bonds and the interest thereon shall be exempt from all
taxation by this state, or any county, municipality or county
commission, political subdivision or agency thereof.
Notwithstanding any other provision of this code to the
contrary, the real and personal property which a
municipality or county has acquired and constructed
according to the provisions of this article, and any leasehold
interest therein held by other persons, shall be considered
public property and shall be exempt from taxation by the
state, or any county, municipality or other levying body, so
long as the same is owned by the municipality or county:
Provided, That with respect to electric power systems, this
exemption for real and personal property shall be applicable
only for the real and personal property: (1) Physically
situate within the municipal or county boundaries of the
municipality or county which acquired or constructed the
electric power system and there was in place prior to the
effective date of the amendments to this section made in the
year 1992 an agreement between the municipality and the
county commission for payments in lieu of tax; or (2)
acquired or constructed with the written agreement of the
county school board, county commission, and any
municipal authority within whose jurisdiction the electric
power system is or is to be physically situate.
Notwithstanding anything contained in this statute to the
contrary, this exemption shall be applicable to any leasehold
or similar interest held by persons other than a municipality
or county only if acquired or constructed with the written agreement of the county school board, county commission and any municipal authority within whose jurisdiction the electric power system is or is to be physically situate: Provided, however, That payments made to any county commission, county school board or municipality in lieu of tax pursuant to such an agreement shall be distributed as if the payments resulted from ad valorem property taxation. The bonds shall bear interest at a rate per annum set by the municipality or county commission, payable at such times, and shall be payable as to principal at such times, not exceeding 50 years from their date, and at such place or places, within or without the state, as shall be prescribed in the ordinance or order providing for their issuance. Unless the governing body of the municipality or county commission shall otherwise determine, the ordinance or order shall also declare that a statutory mortgage lien shall exist upon the property so to be acquired, constructed, established, extended or equipped, fix minimum rates or charges for water or electricity to be collected prior to the payment of all of said bonds and shall pledge the revenues derived from the waterworks or electric power system for the purpose of paying the bonds and interest thereon, which pledge shall definitely fix and determine the amount of revenues which shall be necessary to be set apart and applied to the payment of the principal of and interest upon the bonds and the proportion of the balance of the revenues, which are to be set aside as a proper and adequate depreciation account, and the remainder shall be set aside for the reasonable and proper maintenance and operation thereof. The rates or charges to be charged for the services from the waterworks or electric power system shall be sufficient at all times to provide for the payment of interest upon all bonds and to create a sinking fund to pay the principal thereof as and when the same become due, and reasonable reserves therefor, and to provide for the repair, maintenance and operation of the waterworks or electric power system, and to provide an adequate depreciation fund, and to make any other payments which shall be
required or provided for in the ordinance or order
authorizing the issuance of said bonds: Provided further,
That the notice given by the municipality or county
commission for a change in rates or charges to be charged
for the services from the waterworks or electric power
system shall be provided by Class I legal advertisement in a
newspaper of general circulation in its service territory not
less than one week prior to the public hearing of the
governing body of the municipality or the county
commission required for the approval of the change in rates
or charges.

ARTICLE 20. COMBINED SYSTEMS.

§8-20-10. Power and authority of municipality to enact
ordinances and make rules and fix rates, fees, or charges;
deposit required for new customers; change in rates, fees,
or charges; failure to cure delinquency; delinquent rates,
discontinuance of service; reconnecting deposit; return of
deposit; fees or charges as liens; civil action for recovery
thereof; deferral of filing fees and costs in magistrate court
action; limitations with respect to foreclosure.

(a)(1) The governing body of a municipality availing
itself of the provisions of this article shall have plenary
power and authority to make, enact, and enforce all
necessary rules for the repair, maintenance, operation, and
management of the combined system of the municipality
and for the use thereof. The governing body of a
municipality also has the plenary power and authority to
make, enact, and enforce all necessary rules and ordinances
for the care and protection of any such system for the health,
comfort, and convenience of the public, to provide a clean
water supply, to provide properly treated sewage insofar as
it is reasonably possible to do and, if applicable, properly
collecting and controlling the stormwater as is reasonably
possible to do: Provided, That no municipality may make,
enact, or enforce any rule, regulation, or ordinance
regulating any highways, road or drainage easements, or
storm water facilities constructed, owned or operated by the West Virginia Division of Highways.

(2) A municipality has the plenary power and authority to charge the users for the use and service of a combined system and to establish required deposits, rates, fees, or charges for such purpose. Separate deposits, rates, fees, or charges may be fixed for the water and sewer services respectively and, if applicable, the stormwater services, or combined rates, fees or for the combined water and sewer services, and, if applicable, the storm water services. Such deposits, rates, fees or charges, whether separate or combined, shall be sufficient at all times to pay the cost of repair, maintenance, and operation of the combined system, provide an adequate reserve fund, an adequate depreciation fund and pay the principal and interest upon all revenue bonds issued under this article. Deposits, rates, fees, or charges shall be established, revised, and maintained by ordinance and become payable as the governing body may determine by ordinance. The rates, fees, or charges shall be changed, from time to time, as necessary, consistent with the provisions of this article: Provided, That the notice given by the municipality for a change in rates or charges to be charged for the services from the waterworks or electric power system, shall be provided by Class I legal advertisement in a newspaper of general circulation in its service territory not less than one week prior to the public hearing of the governing body of the municipality required for the approval of the change in rates or charges.

(3) All new applicants for service shall indicate to the municipality or governing body whether they are an owner or tenant with respect to the service location. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(4) The municipality or governing body, but only one of them, may collect from all new applicants for service a
deposit of $100 or two twelfths of the average annual usage of the applicant’s specific customer class, whichever is greater, to secure the payment of water and sewage service rates, fees and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees and charges which were delinquent and the user’s service is disconnected or terminated, service may not be reconnected or reinstated by the municipality or governing body until another deposit equal to $100 or a sum equal to two twelfths of the average usage for the applicant’s specific customer class, whichever is greater, is remitted to the municipality or governing body. After 12 months of prompt payment history, the municipality or governing body shall return the deposit to the customer or credit the customer’s account with interest at a rate to be set by the Public Service Commission: Provided, That where the customer is a tenant, the municipality or governing body is not required to return the deposit until the time the tenant discontinues service with the municipality governing body. Whenever any rates, fees, rentals, or charges for services or facilities furnished remain unpaid for a period of 20 days after they become due, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees and charges are fully paid. The municipality or governing body may terminate water services to a delinquent user of either water or sewage facilities, or both, 10 days after the water or sewage services become delinquent regardless of whether the governing body utilizes the security deposit to satisfy any delinquent payments: Provided, however, That any termination of water service must comply with all rules and orders of the Public Service Commission: Provided further, That nothing contained within the rules of the Public Service Commission requires agents or employees of the municipality or governing body to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.
(b) Whenever any rates, fees, or charges for services or facilities furnished remain unpaid for a period of 20 days after they become due, the user of the services and facilities provided shall be delinquent and the municipality or governing body may apply any deposit against any delinquent fee. The user is liable until such time as all rates, fees and charges are fully paid.

(c) All rates, fees, or charges for water service, sewer service and, if applicable, stormwater service, whenever delinquent, as provided by ordinance of the municipality, shall be liens of equal dignity, rank, and priority with the lien on such premises of state, county, school, and municipal taxes for the amount thereof upon the real property served. The municipality has the plenary power and authority to enforce such lien in a civil action to recover the money due for services rendered plus court fees and costs and reasonable attorney’s fees: Provided, That an owner of real property may not be held liable for the delinquent rates, fees, or charges for services or facilities of a tenant, nor shall any lien attach to real property for the reason of delinquent rates, fees, or charges for services or facilities of a tenant of the real property, unless the owner has contracted directly with the municipality to purchase such services or facilities.

(d) Municipalities are hereby granted a deferral of filing fees or other fees and costs incidental to filing an action in magistrate court for collection of the delinquent rates and charges. If the municipality collects the delinquent account, plus fees and costs, from its customer or other responsible party, the municipality shall pay to the magistrate court the filing fees or other fees and costs which were previously deferred.

(e) No municipality may foreclose upon the premises served by it for delinquent rates, fees, or charges for which a lien is authorized by this section except through a civil action in the circuit court of the county wherein the municipality lies. In every such action, the court shall be
required to make a finding based upon the evidence and facts presented that the municipality has exhausted all other remedies for collection of debts with respect to such delinquencies prior to bringing the action. In no event shall foreclosure procedures be instituted by any municipality or on its behalf unless the delinquency has been in existence or continued for a period of two years from the date of the first delinquency for which foreclosure is being sought.

(f) Notwithstanding any other provision contained in this article, a municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C.F.R. §122.26, has the authority to enact ordinances or regulations which allow for the issuance of orders, the right to enter properties and the right to impose reasonable fines and penalties regarding correction of violations of municipal stormwater ordinances or regulations within the municipal watershed served by the municipal stormwater system, as long as such rules, regulations, fines, or acts are not contrary to any rules or orders of the Public Service Commission.

(g) Notice of a violation of a municipal stormwater ordinance or regulation shall be served in person to the alleged violator or by certified mail, return receipt requested. The notice shall state the nature of the violation, the potential penalty, the action required to correct the violation and the time limit for making the correction. Should a person, after receipt of proper notice, fail to correct violation of the municipal stormwater ordinance or regulation, the municipality may correct or have the corrections of the violation made and bring the party into compliance with the applicable stormwater ordinance or regulation. The municipality may collect the costs of correcting the violation from the person by instituting a civil action, as long as such actions are not contrary to any rules or orders of the Public Service Commission.
(h) A municipality which has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community shall prepare an annual report detailing the collection and expenditure of rates, fees, or charges and make it available for public review at the place of business of the governing body and the stormwater utility main office.

CHAPTER 16. PUBLIC HEALTH.

ARTICLE 13. SEWAGE WORKS AND STORMWATER WORKS.

§16-13-16. Rates for service; deposit required for new customers; forfeiture of deposit; reconnecting deposit; tenant’s deposit; change or readjustment; hearing; lien and recovery; discontinuance of services.

A governing body has the power and duty, by ordinance, to establish and maintain just and equitable rates, fees, or charges for the use of and the service rendered by:

(a) Sewerage works, to be paid by the owner of each lot, parcel of real estate or building that is connected with and uses the works by or through any part of the sewerage system of the municipality or that in any way uses or is served by the works; and

(b) Stormwater works, to be paid by the owner of each lot, parcel of real estate or building that in any way uses or is served by the stormwater works or whose property is improved or protected by the stormwater works or any user of such stormwater works.

(c) The governing body may change and readjust the rates, fees, or charges from time to time. However, no rates, fees, or charges for stormwater services may be assessed against highways, road and drainage easements or stormwater facilities constructed, owned or operated by the West Virginia Division of Highways.
(d) All new applicants for service shall indicate to the governing body whether they are an owner or tenant with respect to the service location. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(e) The governing body may collect from all new applicants for service a deposit of $50 or two twelfths of the average annual usage of the applicant’s specific customer class, whichever is greater, to secure the payment of service rates, fees, and charges in the event they become delinquent as provided in this section. In any case where a deposit is forfeited to pay service rates, fees, and charges which were delinquent at the time of disconnection or termination of service, service may not be reconnected or reinstated by the governing body until another deposit equal to $50 or a sum equal to two twelfths of the average usage for the applicant’s specific customer class, whichever is greater, is remitted to the governing body. After 12 months of prompt payment history, the governing body shall return the deposit to the customer or credit the customer’s account with interest at a rate as the Public Service Commission may prescribe:

Provided, That where the customer is a tenant, the governing body is not required to return the deposit until the time the tenant discontinues service with the governing body. Whenever any rates, fees, rentals, or charges for services or facilities furnished remain unpaid for a period of 20 days after they become due, the user of the services and facilities provided is delinquent. The user is liable until all rates, fees, and charges are fully paid. The governing body may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water services to a delinquent user of sewer facilities 10 days after the sewer services become delinquent regardless of whether the governing body utilizes the security deposit to satisfy any delinquent payments: Provided, however, That nothing contained within the rules of the Public Service Commission affects the governing body's right to shut off and discontinue water services.
Commission may require agents or employees of the governing body to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(f) The rates, fees, or charges shall be sufficient in each year for the payment of the proper and reasonable expense of operation, repair, replacements and maintenance of the works and for the payment of the sums herein required to be paid into the sinking fund. Revenues collected pursuant to this section shall be considered the revenues of the works.

(g) No such rates, fees, or charges may be established until after a public hearing, at which all the users of the works and owners of property served or to be served thereby and others interested shall have an opportunity to be heard concerning the proposed rates, fees, or charges.

(h) After introduction of the ordinance fixing the rates, fees, or charges, and before the same is finally enacted, notice of the hearing, setting forth the proposed schedule of rates, fees, or charges, shall be given by publication as a Class I legal advertisement in compliance with §59-3-1 et seq. of this code and the publication area for the publication shall be the municipality. The first publication shall be made at least five days before the date fixed in the notice for the hearing.

(i) After the hearing, which may be adjourned, from time to time, the ordinance establishing rates, fees, or charges, either as originally introduced or as modified and amended, shall be passed and put into effect. A copy of the schedule of the rates, fees, and charges shall be kept on file in the office of the board having charge of the operation of the works, and also in the office of the clerk of the municipality, and shall be open to inspection by all parties interested. The rates, fees, or charges established for any class of users or property served shall be extended to cover any additional premises thereafter served which fall within
the same class, without the necessity of any hearing or notice.

(j) Any change or readjustment of the rates, fees, or charges may be made in the same manner as the rates, fees, or charges were originally established as hereinbefore provided: Provided, That if a change or readjustment be made substantially pro rata, as to all classes of service, no hearing or notice shall be required. The aggregate of the rates, fees, or charges shall always be sufficient for the expense of operation, repair and maintenance and for the sinking fund payments.

(k) All rates, fees, or charges, if not paid when due, shall constitute a lien upon the premises served by the works. If any service rate, fee, or charge is not paid within 20 days after it is due, the amount thereof, together with a penalty of 10 percent and a reasonable attorney’s fee, may be recovered by the board in a civil action in the name of the municipality. The lien may be foreclosed against the lot, parcel of land or building in accordance with the laws relating thereto. Where both water and sewer services are furnished by any municipality to any premises, the schedule of charges may be billed as a single amount or individually itemized and billed for the aggregate thereof.

(l) Whenever any rates, rentals, fees or charges for services or facilities furnished shall remain unpaid for a period of 20 days after they become due, the property and the owner thereof, as well as the user of the services and facilities shall be delinquent until such time as all rates, fees and charges are fully paid. When any payment for rates, rentals, fees or charges becomes delinquent, the governing body may use the security deposit to satisfy the delinquent payment.

(m) The board collecting the rates, fees, or charges shall be obligated under reasonable rules to shut off and discontinue both water and sewer services to all delinquent users of water, sewer or stormwater facilities and shall not
restore either water facilities or sewer facilities to any delinquent user of any such facilities until all delinquent rates, fees, or charges for water, sewer, and stormwater facilities, including reasonable interest and penalty charges, have been paid in full, as long as the actions are not contrary to any rules or orders of the Public Service Commission: Provided, That nothing contained within the rules of the Public Service Commission may be considered to require any agents or employees of the municipality or governing body to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

ARTICLE 13A. PUBLIC SERVICE DISTRICTS.

§16-13A-9. Rules; service rates and charges; discontinuance of service; required water and sewer connections; lien for delinquent fees.

(a)(1) The board may make, enact, and enforce all needful rules in connection with the acquisition, construction, improvement, extension, management, maintenance, operation, care, protection, and the use of any public service properties owned or controlled by the district. The board shall establish, in accordance with this article, rates, fees, and charges for the services and facilities it furnishes, which shall be sufficient at all times, notwithstanding the provisions of any other law or laws, to pay the cost of maintenance, operation, and depreciation of the public service properties and principal of and interest on all bonds issued, other obligations incurred under the provisions of this article, and all reserve or other payments provided for in the proceedings which authorized the issuance of any bonds under this article. The schedule of the rates, fees, and charges may be based upon:

(A) The consumption of water or gas on premises connected with the facilities, taking into consideration domestic, commercial, industrial, and public use of water and gas;
(B) The number and kind of fixtures connected with the facilities located on the various premises;

(C) The number of persons served by the facilities;

(D) Any combination of paragraphs (A), (B), and (C) of this subdivision; or

(E) Any other basis or classification which the board may determine to be fair and reasonable, taking into consideration the location of the premises served and the nature and extent of the services and facilities furnished. However, no rates, fees, or charges for stormwater services may be assessed against highways, road, and drainage easements or stormwater facilities constructed, owned, or operated by the West Virginia Division of Highways.

(2) The board of a public service district with at least 4,500 customers and annual combined gross revenue of $3 million providing water or sewer service separately or in combination may make, enact, and enforce all needful rules in connection with the enactment or amendment of rates, fees, and charges of the district. At a minimum, these rules shall provide for:

(A) Adequate prior public notice of the contemplated rates, fees, and charges by causing a notice of intent to effect such a change to be provided to the customers of the district for the month immediately preceding the month in which the contemplated change is to be considered at a hearing by the board. The notice shall include a statement that a change in rates, fees, and charges is being considered, the time, date, and location of the hearing of the board at which the change will be considered and that the proposed rates, fees, and charges are on file at the office of the district for review during regular business hours. The notice shall be printed on, or mailed with, the monthly billing statement, or provided in a separate mailing.
(B) Adequate prior public notice of the contemplated rates, fees, and charges by causing to be published, after the first reading and approval of a resolution of the board considering the revised rates, fees, and charges but not less than one week prior to the public hearing of the board on the resolution, as a Class I legal advertisement, of the proposed action, in compliance with the provisions of §59-3-1 et seq. of this code. The publication area for publication shall be all territory served by the district. If the district provides service in more than one county, publication shall be made in a newspaper of general circulation in each county that the district provides service.

(C) The public notice of the proposed action shall summarize the current rates, fees, and charges and the proposed changes to said rates, fees, and charges; the date, time, and place of the public hearing on the resolution approving the revised rates, fees, and charges and the place or places within the district where the proposed resolution approving the revised rates, fees, and charges may be inspected by the public. A reasonable number of copies of the proposed resolution shall be kept at the place or places and be made available for public inspection. The notice shall also advise that interested parties may appear at the public hearing before the board and be heard with respect to the proposed revised rates, fees, and charges.

(D) The resolution proposing the revised rates, fees, and charges shall be read at two meetings of the board with at least two weeks intervening between each meeting. The public hearing may be conducted by the board prior to, or at, the meeting at which the resolution is considered for adoption on the second reading.

(E) Rates, fees, and charges approved by resolution of the board shall be forwarded in writing to the county commission with the authority to appoint the members of the board. The county commission shall publish notice of the proposed revised rates, fees, and charges by a Class I legal advertisement in compliance with the provisions of
§59-3-1 et seq. of this code. Within 45 days of receipt of the proposed rates, fees, and charges, the county commission shall take action to approve, modify, or reject the proposed rates, fees, and charges, in its sole discretion. If, after 45 days, the county commission has not taken final action to approve, modify, or reject the proposed rates, fees, and charges, as presented to the county commission, shall be effective with no further action by the board or county commission. In any event, this 45-day period shall be mandatory unless extended by the official action of both the board proposing the rates, fees, and charges, and the appointing county commission.

(F) Enactment of the proposed or modified rates, fees, and charges shall follow an affirmative vote by the county commission and shall be effective no sooner than 45 days following action. The 45-day waiting period may be waived by public vote of the county commission only if the commission finds and declares the district to be in financial distress such that the 45-day waiting period would be detrimental to the ability of the district to deliver continued and compliant public services.

(G) The public service district, or a customer aggrieved by the changed rates or charges who presents to the circuit court a petition signed by at least 750 customers or 25 percent of the customers served by the public service district, whichever is fewer, when dissatisfied by the approval, modification, or rejection by the county commission of the proposed rates, fees, and charges under the provisions of this subdivision may file a complaint regarding the rates, fees, and charges resulting from the action of, or failure to act by, the county commission in the circuit court of the county in which the county commission sits: Provided, That any complaint or petition filed hereunder shall be filed within 30 days of the county commission’s final action approving, modifying, or rejecting the rates, fees, and charges, or the expiration of the 45-day period from the receipt by the county commission,
in writing, of the rates, fees, and charges approved by
resolution of the board, without final action by the county
commission to approve, modify, or reject the rates, fees, and
charges, and the circuit court shall resolve the complaint:
Provided, however, That the rates, fees, and charges so fixed
by the county commission, or those adopted by the district
upon which the county commission failed to act, shall
remain in full force and effect, until set aside, altered, or
amended by the circuit court in an order to be followed in
the future.

(3) Where water, sewer, stormwater, or gas services, or
any combination thereof, are all furnished to any premises,
the schedule of charges may be billed as a single amount for
the aggregate of the charges. The board shall require all
users of services and facilities furnished by the district to
designate on every application for service whether the
applicant is a tenant or an owner of the premises to be
served. If the applicant is a tenant, he or she shall state the
name and address of the owner or owners of the premises to
be served by the district. Notwithstanding the provisions of
§24-3-8 of this code to the contrary, all new applicants for
service shall deposit the greater of a sum equal to two
twelfths of the average annual usage of the applicant’s
specific customer class or $50 with the district to secure the
payment of service rates, fees, and charges in the event they
become delinquent as provided in this section. If a district
provides both water and sewer service, all new applicants
for service shall deposit the greater of a sum equal to two
twelfths of the average annual usage for water service or $50
and the greater of a sum equal to two twelfths of the average
annual usage for wastewater service of the applicant’s
specific customer class or $50. In any case where a deposit
is forfeited to pay service rates, fees, and charges which
were delinquent at the time of disconnection or termination
of service, no reconnection or reinstatement of service may
be made by the district until another deposit equal to the
greater of a sum equal to two twelfths of the average usage
for the applicant’s specific customer class or $50 has been
remitted to the district. After 12 months of prompt payment history, the district shall return the deposit to the customer or credit the customer’s account at a rate as the Public Service Commission may prescribe: Provided, That where the customer is a tenant, the district is not required to return the deposit until the time the tenant discontinues service with the district. Whenever any rates, fees, rentals, or charges for services or facilities furnished remain unpaid for a period of 20 days after the same become due and payable, the user of the services and facilities provided is delinquent and the user is liable at law until all rates, fees, and charges are fully paid. The board may, under reasonable rules promulgated by the Public Service Commission, shut off and discontinue water or gas services to all delinquent users of either water or gas facilities, or both, 10 days after the water or gas services become delinquent: Provided, however, That nothing contained within the rules of the Public Service Commission may be considered to require any agents or employees of the board to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(b) If any publicly or privately owned utility, city, incorporated town, other municipal corporation or other public service district included within the district owns and operates separate water facilities, sewer facilities, or stormwater facilities, and the district owns and operates another kind of facility, either water or sewer, or both, as the case may be, then the district and the publicly or privately owned utility, city, incorporated town or other municipal corporation or other public service district shall covenant and contract with each other to shut off and discontinue the supplying of water service for the nonpayment of sewer or stormwater service fees and charges: Provided, That any contracts entered into by a public service district pursuant to this section shall be submitted to the Public Service Commission for approval. Any public service district which provides water and sewer service, water and stormwater service or water, sewer, and stormwater service has the right
to terminate water service for delinquency in payment of water, sewer, or stormwater bills. Where one public service district is providing sewer service and another public service district or a municipality included within the boundaries of the sewer or stormwater district is providing water service and the district providing sewer or stormwater service experiences a delinquency in payment, the district or the municipality included within the boundaries of the sewer or stormwater district that is providing water service, upon the request of the district providing sewer or stormwater service to the delinquent account, shall terminate its water service to the customer having the delinquent sewer or stormwater account: *Provided, however*, That any termination of water service must comply with all rules and orders of the Public Service Commission: *Provided further*, That nothing contained within the rules of the Public Service Commission shall be deemed to require any agents or employees of the public service districts to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill.

(c) Any district furnishing sewer facilities within the district may require or may, by petition to the circuit court of the county in which the property is located, compel or may require the Bureau for Public Health to compel all owners, tenants, or occupants of any houses, dwellings, and buildings located near any sewer facilities where sewage will flow by gravity or be transported by other methods approved by the Bureau for Public Health, including, but not limited to, vacuum and pressure systems, approved under the provisions of §16-1-9 of this code, from the houses, dwellings, or buildings into the sewer facilities, to connect with and use the sewer facilities and to cease the use of all other means for the collection, treatment, and disposal of sewage and waste matters from the houses, dwellings, and buildings where there is gravity flow or transportation by any other methods approved by the Bureau for Public Health, including, but not limited to, vacuum and pressure
systems, approved under the provisions of §16-1-9 of this code and the houses, dwellings, and buildings can be adequately served by the sewer facilities of the district and it is declared that the mandatory use of the sewer facilities provided for in this subsection is necessary and essential for the health and welfare of the inhabitants and residents of the districts and of the state. If the public service district requires the property owner to connect with the sewer facilities even when sewage from dwellings may not flow to the main line by gravity and the property owner incurs costs for any changes in the existing dwellings’ exterior plumbing in order to connect to the main sewer line, the public service district board shall authorize the district to pay all reasonable costs for the changes in the exterior plumbing, including, but not limited to, installation, operation, maintenance, and purchase of a pump or any other method approved by the Bureau for Public Health. Maintenance and operation costs for the extra installation should be reflected in the users charge for approval of the Public Service Commission. The circuit court shall adjudicate the merits of the petition by summary hearing to be held not later than 30 days after service of petition to the appropriate owners, tenants, or occupants.

(d) Whenever any district has made available sewer facilities to any owner, tenant, or occupant of any house, dwelling, or building located near the sewer facility and the engineer for the district has certified that the sewer facilities are available to and are adequate to serve the owner, tenant, or occupant and sewage will flow by gravity or be transported by other methods approved by the Bureau for Public Health from the house, dwelling, or building into the sewer facilities, the district may charge, and the owner, tenant, or occupant shall pay, the rates and charges for services established under this article only after 30 days’ notice of the availability of the facilities has been received by the owner, tenant, or occupant. Rates and charges for sewage services shall be based upon actual water consumption or the average monthly water consumption
based upon the owner’s, tenant’s, or occupant’s specific customer class.

(e) The owner, tenant, or occupant of any real property may be determined and declared to be served by a stormwater system only after each of the following conditions is met: (1) The district has been designated by the Environmental Protection Agency as an entity to serve a West Virginia Separate Storm Sewer System community, as defined in 40 C. F. R. §122.26; (2) the district’s authority has been properly expanded to operate and maintain a stormwater system; (3) the district has made available a stormwater system where stormwater from the real property affects or drains into the stormwater system; and (4) the real property is located in the Municipal Separate Storm Sewer System’s designated service area. It is further hereby found, determined, and declared that the mandatory use of the stormwater system is necessary and essential for the health and welfare of the inhabitants and residents of the district and of the state. The district may charge and the owner, tenant, or occupant shall pay the rates, fees, and charges for stormwater services established under this article only after 30 days’ notice of the availability of the stormwater system has been received by the owner. An entity providing stormwater service shall provide a tenant a report of the stormwater fee charged for the entire property and, if appropriate, that portion of the fee to be assessed to the tenant.

(f) All delinquent fees, rates, and charges of the district for either water facilities, sewer facilities, gas facilities, or stormwater systems or stormwater management programs are liens on the premises served of equal dignity, rank, and priority with the lien on the premises of state, county, school, and municipal taxes. Nothing contained within the rules of the Public Service Commission may require agents or employees of the public service districts to accept payment at the customer’s premises in lieu of discontinuing service for a delinquent bill. In addition to the other
remedies provided in this section, public service districts are granted a deferral of filing fees or other fees and costs incidental to the bringing and maintenance of an action in magistrate court for the collection of delinquent water, sewer, stormwater, or gas bills. If the district collects the delinquent account, plus reasonable costs, from its customer or other responsible party, the district shall pay to the magistrate the normal filing fee and reasonable costs which were previously deferred. In addition, each public service district may exchange with other public service districts a list of delinquent accounts: Provided, That an owner of real property may not be held liable for the delinquent rates or charges for services or facilities of a tenant, nor may any lien attach to real property for the reason of delinquent rates or charges for services or facilities of a tenant of the real property unless the owner has contracted directly with the public service district to purchase the services or facilities.

(g) Anything in this section to the contrary notwithstanding, any establishment, as defined in §22-11-3 of this code, now or hereafter operating its own sewage disposal system pursuant to a permit issued by the Department of Environmental Protection, as prescribed by §22-11-11 of this code, is exempt from the provisions of this section.

(h) Notwithstanding any code provision to the contrary, a public service district may accept payment for all fees and charges due, in the form of a payment by a credit or check card transaction or a direct withdrawal from a bank account. The public service district may set a fee to be added to each transaction equal to the charge paid by the public service district for use of the credit or check card or direct withdrawal by the payor. The amount of the fee shall be disclosed to the payor prior to the transaction and no other fees for the use of a credit or check card or direct withdrawal may be imposed upon the payor and the whole of the charge or convenience fee shall be borne by the payor: Provided, That to the extent a public service district desires to accept
payments in the forms described in this subsection and does not have access to the equipment or receive the services necessary to do so, the public service district shall first obtain three bids for services and equipment necessary to affect the forms of transactions described in this subsection and use the lowest qualified bid received. Acceptance of a credit or check card or direct withdrawal as a form of payment shall comport with the rules and requirements set forth by the credit or check card provider or banking institution.

CHAPTER 24. PUBLIC SERVICE COMMISSION.

ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1. Jurisdiction of commission; waiver of jurisdiction.

(a) The jurisdiction of the commission shall extend to all public utilities in this state and shall include any utility engaged in any of the following public services:

Common carriage of passengers or goods, whether by air, railroad, street railroad, motor, or otherwise, by express or otherwise, by land, water, or air, whether wholly or partly by land, water, or air; transportation of oil, gas, or water by pipeline; transportation of coal and its derivatives and all mixtures and combinations thereof with other substances by pipeline; sleeping car or parlor car services; transmission of messages by telephone, telegraph, or radio; generation and transmission of electrical energy by hydroelectric or other utilities for service to the public, whether directly or through a distributing utility; supplying water, gas, or electricity by municipalities or others; sewer systems servicing 25 or more persons or firms other than the owner of the sewer systems: Provided, That if a public utility other than a political subdivision intends to provide sewer service by an innovative, alternative method, as defined by the federal Environmental Protection Agency, the innovative, alternative method is a public utility function and subject to
the jurisdiction of the Public Service Commission regardless of the number of customers served by the innovative, alternative method; any public service district created under the provisions of §16-13A-1 et seq. of this code, except that the Public Service Commission will have no jurisdiction over the provision of stormwater services by a public service district; toll bridges, wharves, ferries; solid waste facilities; and any other public service: Provided, however, That natural gas producers who provide natural gas service to not more than 25 residential customers are exempt from the jurisdiction of the commission with regard to the provisions of the residential service: Provided further, That upon request of any of the customers of the natural gas producers, the commission may, upon good cause being shown, exercise such authority as the commission may deem appropriate over the operation, rates, and charges of the producer and for such length of time as the commission may consider to be proper.

(b) The jurisdiction of the commission over political subdivisions of this state providing separate or combined water and/or sewer services and having at least 4,500 customers and annual combined gross revenues of $3 million or more that are political subdivisions of the state is limited to:

(1) General supervision of public utilities, as granted and described in §24-2-5 of this code;

(2) Regulation of measurements, practices, acts, or services, as granted and described in §24-2-7 of this code;

(3) Regulation of a system of accounts to be kept by a public utility that is a political subdivision of the state, as granted and described in §24-2-8 of this code;

(4) Submission of information to the commission regarding rates, tolls, charges, or practices, as granted and described in §24-2-9 of this code;
Authority to subpoena witnesses, take testimony, and administer oaths to any witness in any proceeding before or conducted by the commission, as granted and described in §24-2-10 of this code; and

Investigation and resolution of disputes between a political subdivision of the state providing wholesale water and/or wastewater treatment or other services, whether by contract or through a tariff, and its customer or customers, including, but not limited to, rates, fees, and charges, service areas and contested utility combinations: \textit{Provided, That}\ any request for an investigation related to such a dispute that is based on the act or omission of the political subdivision shall be filed within 30 days of the act or omission of the political subdivision and the commission shall resolve said dispute within 120 days of filing. The 120-day period for resolution of the dispute may be tolled by the commission until the necessary information showing the basis of the rates, fees, and charges or other information as the commission considers necessary is filed: \textit{Provided, however, That}\ the disputed rates, fees, and charges so fixed by the political subdivision providing separate or combined water and/or sewer services shall remain in full force and effect until set aside, altered or, amended by the commission in an order to be followed in the future.

Customers of water and sewer utilities operated by a political subdivision of the state may bring formal or informal complaints regarding the commission’s exercise of the powers enumerated in this section and the commission shall resolve these complaints: \textit{Provided, That}\ any formal complaint filed under this section that is based on the act or omission of the political subdivision shall be filed within 30 days of the act or omission complained of and the commission shall resolve the complaint within 180 days of filing. The 180-day period for resolution of the dispute may be tolled by the commission until the necessary information showing the basis of the matter complained of is filed by the political subdivision: \textit{Provided, however, That whenever}
the commission finds any regulations, measurements, practices, acts or service to be unjust, unreasonable, insufficient or unjustly discriminatory, or otherwise in violation of any provisions of this chapter, or finds that any service is inadequate, or that any service which is demanded cannot be reasonably obtained, the commission shall determine and declare, and by order fix reasonable measurement, regulations, acts, practices or services, to be furnished, imposed, observed and followed in lieu of those found to be unjust, unreasonable, insufficient, or unjustly discriminatory, inadequate or otherwise in violation of this chapter, and shall make such other order respecting the same as shall be just and reasonable: Provided further, That if the matter complained of would affect rates, fees, and charges so fixed by the political subdivision providing separate or combined water and/or sewer services, the rates, fees, or charges shall remain in full force and effect until set aside, altered or amended by the commission in an order to be followed in the future.

(8) If a political subdivision has a deficiency in either its bond revenue or bond reserve accounts, or is otherwise in breach of a bond covenant, any bond holder may petition the Public Service Commission for such redress as will bring the accounts to current status or otherwise resolve the breached covenant, and the commission shall have jurisdiction to fully resolve the alleged deficiency or breach.

(c) The commission may, upon application, waive its jurisdiction and allow a utility operating in an adjoining state to provide service in West Virginia when:

(1) An area of West Virginia cannot be practicably and economically served by a utility licensed to operate within the State of West Virginia;

(2) The area can be provided with utility service by a utility which operates in a state adjoining West Virginia;
(3) The utility operating in the adjoining state is regulated by a regulatory agency or commission of the adjoining state; and

(4) The number of customers to be served is not substantial. The rates the out-of-state utility charges West Virginia customers shall be the same as the rate the utility is duly authorized to charge in the adjoining jurisdiction. The commission, in the case of any such utility, may revoke its waiver of jurisdiction for good cause.

(d) Any other provisions of this chapter to the contrary notwithstanding:

(1) An owner or operator of an electric generating facility located or to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which such facility the owner or operator holds a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, is subject to §24-2-11c(e) through §24-2-11c(j) of this code as if the certificate of public convenience and necessity for the facility were a siting certificate issued under §24-2-11c of this code and is not otherwise subject to the jurisdiction of the commission or to the provisions of this chapter with respect to the facility except for the making or constructing of a material modification thereof as provided in §24-2-1(d)(5) of this code.

(2) Any person, corporation, or other entity that intends to construct or construct and operate an electric generating facility to be located in this state that has been designated as an exempt wholesale generator under applicable federal law, or will be so designated prior to commercial operation of the facility, and for which facility the owner or operator does not hold a certificate of public convenience and necessity issued by the commission on or before July 1, 2003, shall, prior to commencement of construction of the
facility, obtain a siting certificate from the commission pursuant to the provisions of §24-2-11c of this code in lieu of a certificate of public convenience and necessity pursuant to the provisions of §24-2-11 of this code. An owner or operator of an electric generating facility as is described in this subdivision for which a siting certificate has been issued by the commission is subject to §24-2-11c(e) through §24-2-11c(j) of this code and is not otherwise subject to the jurisdiction of the commission or to the provisions of this chapter with respect to the facility except for the making or constructing of a material modification thereof as provided in §24-2-1(d)(5) of this code.

(3) An owner or operator of an electric generating facility located in this state that had not been designated as an exempt wholesale generator under applicable federal law prior to commercial operation of the facility that generates electric energy solely for sale at retail outside this state or solely for sale at wholesale in accordance with any applicable federal law that preempts state law or solely for both sales at retail and sales at wholesale and that had been constructed and had engaged in commercial operation on or before July 1, 2003, is not subject to the jurisdiction of the commission or to the provisions of this chapter with respect to the facility, regardless of whether the facility subsequent to its construction has been or will be designated as an exempt wholesale generator under applicable federal law: Provided, That the owner or operator is subject to §24-2-1(d)(5) of this code if a material modification of the facility is made or constructed.

(4) Any person, corporation, or other entity that intends to construct or construct and operate an electric generating facility to be located in this state that has not been or will not be designated as an exempt wholesale generator under applicable federal law prior to commercial operation of the facility that will generate electric energy solely for sale at retail outside this state or solely for sale at wholesale in accordance with any applicable federal law that preempts
state law or solely for both sales at retail and sales at wholesale and that had not been constructed and had not been engaged in commercial operation on or before July 1, 2003, shall, prior to commencement of construction of the facility, obtain a siting certificate from the commission pursuant to the provisions of §24-2-11c of this code in lieu of a certificate of public convenience and necessity pursuant to the provisions of §24-2-11 of this code. An owner or operator of an electric generating facility as is described in this subdivision for which a siting certificate has been issued by the commission is subject to §24-2-11c(e) through §24-2-11c(j) of this code and is not otherwise subject to the jurisdiction of the commission or to the provisions of this chapter with respect to the facility except for the making or constructing of a material modification thereof as provided in §24-2-1(d)(5) of this code.

(5) An owner or operator of an electric generating facility described in this subsection shall, before making or constructing a material modification of the facility that is not within the terms of any certificate of public convenience and necessity or siting certificate previously issued for the facility or an earlier material modification thereof, obtain a siting certificate for the modification from the commission pursuant to the provisions of §24-2-11c of this code in lieu of a certificate of public convenience and necessity for the modification pursuant to the provisions of §24-2-11 of this code and, except for the provisions of §24-2-11c of this code, is not otherwise subject to the jurisdiction of the commission or to the provisions of this chapter with respect to the modification.

(6) The commission shall consider an application for a certificate of public convenience and necessity filed pursuant to §24-2-11 of this code to construct an electric generating facility described in this subsection or to make or construct a material modification of the electric generating facility as an application for a siting certificate pursuant to §24-2-11c of this code if the application for the
certificate of public convenience and necessity was filed with the commission prior to July 1, 2003, and if the commission has not issued a final order thereon as of that date.

(7) The limitations on the jurisdiction of the commission over, and on the applicability of the provisions of this chapter to, the owner or operator of an electric generating facility as imposed by and described in this subsection do not affect or limit the commission’s jurisdiction over contracts or arrangements between the owner or operator of the facility and any affiliated public utility subject to the provisions of this chapter.

e) The commission does not have jurisdiction of Internet protocol-enabled service or voice-over Internet protocol-enabled service. As used in this subsection:

(1) “Internet protocol-enabled service” means any service, capability, functionality, or application provided using Internet protocol, or any successor protocol, that enables an end user to send or receive a communication in Internet protocol format, or any successor format, regardless of whether the communication is voice, data, or video.

(2) “Voice-over Internet protocol service” means any service that:

(i) Enables real-time two-way voice communications that originate or terminate from the user’s location using Internet protocol or a successor protocol; and

(ii) Uses a broadband connection from the user’s location.

(3) The term “voice-over Internet protocol service” includes any service that permits users to receive calls that originate on the public-switched telephone network and to terminate calls on the public-switched telephone network.
(f) Notwithstanding any other provisions of this article, the commission has jurisdiction to review or approve any transaction involving a telephone company otherwise subject to §24-2-12 and §24-2-12a of this code if all entities involved in the transaction are under common ownership.

(g) The Legislature finds that the rates, fees, charges, and ratemaking of municipal power systems are most fairly and effectively regulated by the local governing body. Therefore, notwithstanding any other provisions of this article, the commission has jurisdiction over the setting or adjustment of rates, fees, and charges of municipal power systems. Further, the jurisdiction of the Public Service Commission over municipal power systems is limited to that granted specifically in this code.

(a) After June 30, 1981, no public utility subject to this chapter, except for water and/or sewer utilities that are political subdivisions of the state providing separate or combined services and having at least 4,500 customers and annual gross revenue of $3 million or more from its separate or combined services, shall change, suspend, or annul any rate, joint rate, charge, rental, or classification except after 30 days’ notice to the commission and the public, which notice shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rates or charges shall go into effect; but the commission may enter an order suspending the proposed rate as hereinafter provided. The proposed changes shall be shown by printing new schedules, or shall be plainly indicated upon the schedules in force at the time, and kept open to public inspection: Provided, That the commission may, in its discretion, and for good cause shown, allow changes upon less time than the notice herein specified, or may modify the requirements of this section in respect to publishing, posting and filing of tariffs, either by particular instructions or by general order.

*NOTE: This section was also amended by H. B. 4587 (Chapter 306), which passed subsequent to this act.*
(b) Whenever there is filed with the commission any schedule stating a change in the rates or charges, or joint rates or charges, or stating a new individual or joint rate or charge or joint classification or any new individual or joint regulation or practice affecting any rate or charge, the commission may, either upon complaint or upon its own initiative without complaint, enter upon a hearing concerning the propriety of the rate, charge, classification, regulation, or practice; and, if the commission so orders, it may proceed without answer or other form of pleading by the interested parties, but upon reasonable notice, and, pending the hearing and the decisions thereon, the commission, upon filing with the schedule and delivering to the public utility affected thereby a statement in writing of its reasons for the suspension, may suspend the operation of the schedule and defer the use of the rate, charge, classification, regulation, or practice, but not for a longer period than 270 days beyond the time when the rate, charge, classification, regulation, or practice would otherwise go into effect; and after full hearing, whether completed before or after the rate, charge, classification, regulation, or practice goes into effect, the commission may make the order in reference to the rate, charge, classification, regulation, or practice as would be proper in a proceeding initiated after the rate, charge, classification, regulation, or practice had become effective: Provided, That in the case of a public utility having 2,500 customers or less and which is not a political subdivision and which is not principally owned by any other public utility corporation or public utility holding corporation, the commission may suspend the operation of the schedule and defer the use of the rate, charge, classification, regulation, or practice, but not for a longer period than 120 days beyond the time when the rate, charge, classification, regulation, or practice would otherwise go into effect; and in the case of a public utility having more than 2,500 customers, but not more than 5,000 customers, and which is not a political subdivision and which is not principally owned by any other public utility corporation or public utility holding corporation, the
commission may suspend the operation of the schedule and defer the use of the rate, charge, classification, regulation, or practice, but not for a longer period than 150 days beyond the time when the rate, charge, classification, regulation, or practice would otherwise go into effect; and in the case of a public utility having more than 5,000 customers, but not more than 7,500 customers, and which is not a political subdivision and which is not principally owned by any other public utility corporation or public utility holding corporation, the commission may suspend the operation of the schedule and defer the use of the rate, charge, classification, regulation, or practice, but not for a longer period than 180 days beyond the time when the rate, charge, classification, regulation, or practice would otherwise go into effect; and after full hearing, whether completed before or after the rate, charge, classification, regulation, or practice goes into effect, the commission may make the order in reference to the rate, charge, classification, regulation, or practice as would be proper in a proceeding initiated after the rate, charge, classification, regulation, or practice had become effective: Provided, however, That, in the case of rates established or proposed that increase by less than 25 percent of the gross revenue of the regulated public service district, there shall be no suspension period in the case of rates established by a public service district pursuant to §16-13A-9 of this code and the proposed rates of public service districts shall go into effect upon the date of filing with the commission, subject to refund modification at the conclusion of the commission proceeding. In the case of rates established or proposed that increase by more than 25 percent of the gross revenue of the public service district, the district may apply for, and the commission may grant, a waiver of the suspension period and allow rates to be effective upon the date of filing with the commission. Notwithstanding the provisions of subsection (e) of this section, the public service district shall provide notice by Class I legal advertisement in a newspaper of general circulation in its service territory of the percentage increase in rates at least 14 days prior to the effective date of the
increased rates. Any refund determined to be due and owing as a result of any difference between any final rates approved by the commission and the rates placed into effect subject to refund shall be refunded by the public service district as a credit against each customer’s account for a period of up to six months after entry of the commission’s final order. Any remaining balance which is not fully credited by credit within six months after entry of the commission’s final order shall be directly refunded to the customer by check. Provided further, That if any such hearing and decision thereon is not concluded within the periods of suspension, as above stated, the rate, charge, classification, regulation, or practice shall go into effect at the end of the period not subject to refund: And provided further, That if any such rate, charge, classification, regulation, or practice goes into effect because of the failure of the commission to reach a decision, the same shall not preclude the commission from rendering a decision with respect thereto which would disapprove, reduce, or modify any such proposed rate, charge, classification, regulation, or practice, in whole or in part, but any such disapproval, reduction, or modification shall not be deemed to require a refund to the customers of the utility as to any rate, charge, classification, regulation, or practice so disapproved, reduced, or modified. The fact of any rate, charge, classification, regulation, or practice going into effect by reason of the commission’s failure to act thereon does not affect the commission’s power and authority to subsequently act with respect to any such application or change in any rate, charge, classification, regulation, or practice. Any rate, charge, classification, regulation, or practice which shall be approved, disapproved, modified or changed, in whole or in part, by decision of the commission shall remain in effect as so approved, disapproved, modified, or changed during the period or pendency of any subsequent hearing thereon or appeal therefrom. Orders of the commission affecting rates, charges, classifications, regulations, or practices which have gone into effect
automatically at the end of the suspension period are prospective in effect.

(c) At any hearing involving a rate sought to be increased or involving the change of any rate, charge, classification, regulation, or practice, the burden of proof to show the justness and reasonableness of the increased rate or proposed increased rate, or the proposed change of rate, charge, classification, regulation, or practice shall be upon the public utility making application for the change. The commission shall, whenever practicable and within budgetary constraints, conduct one or more public hearings within the area served by the public utility making application for the increase or change, for the purpose of obtaining comments and evidence on the matter from local ratepayers.

(d) Each public utility subject to the provisions of this section shall be required to establish, in a written report which shall be incorporated into each general rate case application, that it has thoroughly investigated and considered the emerging and state-of-the-art concepts in the utility management, rate design, and conservation as reported by the commission under §24-1-1(c) of this code as alternatives to, or in mitigation of, any rate increase. The utility report shall contain as to each concept considered the reasons for adoption or rejection of each. When in any case pending before the commission all evidence shall have been taken and the hearing completed, the commission shall render a decision in the case. The failure of the commission to render a decision with respect to any such proposed change in any such rate, charge, classification, regulation, or practice within the various time periods specified in this section after the application therefore shall constitute neglect of duty on the part of the commission and each member thereof.

(e) Other than as provided in subsection (b) of this section relating to public service districts, where more than 20 members of the public are affected by a proposed change
in rates, it shall be a sufficient notice to the public within the
meaning of this section if the notice is published as a Class
II legal advertisement in compliance with §59-3-1 *et seq.* of
this code and the publication area for the publication shall
be the community where the majority of the resident
members of the public affected by the change reside or, in
case of nonresidents, have their principal place of business
within this state.

(f) The commission may order rates into effect subject
to refund, plus interest in the discretion of the commission,
in cases in which the commission determines that a
temporary or interim rate increase is necessary for the utility
to avoid financial distress, or in which the costs upon which
these rates are based are subject to modification by the
commission or another regulatory commission and to refund
to the public utility. In that case the commission may require
the public utility to enter into a bond in an amount deemed
by the commission to be reasonable and conditioned upon
the refund to the persons or parties entitled thereto of the
amount of the excess if the rates so put into effect are
subsequently determined to be higher than those finally
fixed for the utility.

(g) No utility regulated under the provisions of this
section may make application for a general rate increase
while another general rate application is pending before the
commission and not finally acted upon, except pursuant to
the provisions of subsection (f) of this section. The
provisions of this subsection shall not be construed so as to
prohibit any such rate application from being made while a
previous application which has been finally acted upon by
the commission is pending before or upon appeal to the
West Virginia Supreme Court of Appeals.

§24-2-11. Requirements for certificate of public convenience
and necessity.

(a) A public utility, person or corporation other than a
political subdivision of the state providing water or sewer
services and having at least 4,500 customers and annual
gross combined revenues of $3 million dollars or more may
not begin the construction of any plant, equipment, property
or facility for furnishing to the public any of the services
enumerated in section one, article two of this chapter, nor
apply for, nor obtain any franchise, license or permit from
any municipality or other governmental agency, except
ordinary extensions of existing systems in the usual course
of business, unless and until it shall obtain from the Public
Service Commission a certificate of public convenience and
necessity authorizing the construction franchise, license or
permit.

(b) Upon the filing of any application for the certificate,
and after hearing, the commission may, in its discretion,
issue or refuse to issue, or issue in part and refuse in part,
the certificate of convenience and necessity: Provided, That
the commission, after it gives proper notice and if no
substantial protest is received within 30 days after the notice
is given, may waive formal hearing on the application.
Notice shall be given by publication which shall state that a
formal hearing may be waived in the absence of substantial
protest, made within 30 days, to the application. The notice
shall be published as a Class I legal advertisement in
compliance with §59-3-1 et seq. of this code. The
publication area shall be the proposed area of operation.

(c) Any public utility, person or corporation subject to
the provisions of this section other than a political
subdivision of the state providing water and/or sewer
services having at least 4,500 customers and combined
annual gross revenue of $3 million dollars or more shall give
the commission at least 30 days’ notice of the filing of any
application for a certificate of public convenience and
necessity under this section: Provided, That the commission
may modify or waive the 30-day notice requirement and
shall waive the 30-day notice requirement for projects
approved by the Infrastructure and Jobs Development
Council.
(d) The commission shall render its final decision on any application filed under the provisions of this section or §24-2-11a of this code within 270 days of the filing of the application and within 90 days after final submission of any such application for decision following a hearing. Provided, That if the application is for authority to construct a water and sewer project and the projected total cost is less than $10 million, the commission shall render its final decision within 225 days of the filing of the application.

(e) The commission shall render its final decision on any application filed under the provisions of this section that has received the approval of the Infrastructure and Jobs Development Council pursuant to §31-15A-1 et seq. of this code within 180 days after filing of the application. Provided, That if a substantial protest is received within 30 days after the notice is provided pursuant to subsection (b) of this section, the commission shall render its final decision within 270 days or 225 days of the filing of the application, whichever is applicable as determined in subsection (d) of this section.

(f) If the projected total cost of a project which is the subject of an application filed pursuant to this section or §24-2-11a of this code is greater than $50 million, the commission shall render its final decision on any such application filed under the provisions of this section or §24-2-11a of this code within 400 days of the filing of the application and within 90 days after final submission of any such application for decision after a hearing.

(g) If a decision is not rendered within the time frames established in this section, the commission shall issue a certificate of convenience and necessity as applied for in the application.

(h) The commission shall prescribe rules it considers proper for the enforcement of the provisions of this section; and, in establishing that public convenience and necessity do exist, the burden of proof shall be upon the applicant.
(i) Pursuant to the requirements of this section, the commission may issue a certificate of public convenience and necessity to any intrastate pipeline, interstate pipeline or local distribution company for the transportation in intrastate commerce of natural gas used by any person for one or more uses, as defined by rule, by the commission in the case of:

(1) Natural gas sold by a producer, pipeline, or other seller to the person; or

(2) Natural gas produced by the person.

(j) A public utility, including a public service district, which has received a certificate of public convenience and necessity after July 8, 2005, from the commission and has been approved by the Infrastructure and Jobs Development Council is not required to, and cannot be compelled to, reopen the proceeding if the cost of the project changes but the change does not affect the rates established for the project.

(k) Any public utility, person, or corporation proposing any electric power project that requires a certificate under this section is not required to obtain the certificate before applying for or obtaining any franchise, license, or permit from any municipality or other governmental agency.

(l) Water or sewer utilities that are political subdivisions of the state and having at least 4,500 customers and combined gross revenues of $3 million dollars or more desiring to pursue construction projects that are not in the ordinary course of business shall provide adequate prior public notice of the contemplated construction and proposed changes to rates, fees and charges, if any, as a result of the construction to both current customers and those persons who will be affected by the proposed construction as follows:
(1) Adequate prior public notice of the contemplated construction by causing a notice of intent to pursue a project that is not in the ordinary course of business to be specified on the monthly billing statement of the customers of the utility for the month immediately preceding the month in which an ordinance or resolution approving the proposed construction and proposed changes to rates, fees, and charges, if any, is to be before the governing body for the public hearing on the ordinance or resolution approving the proposed construction and proposed changes to rates, fees, and charges, if any.

(2) Adequate prior public notice of the contemplated construction by causing to be published as a Class I legal advertisement of the proposed public hearing on the ordinance or resolution approving the proposed construction and proposed changes to rates, fees, and charges, if any, in compliance with §59-3-1 et seq. of this code. The publication area for publication shall be all territory served by the political subdivision. If the political subdivision provides service in more than one county, publication shall be made in a newspaper of general circulation in each county that the political subdivision provides service.

(3) The public notice of the proposed construction shall state the scope of the proposed construction; a summary of the current rates, fees, and charges, and proposed changes to said rates, fees, and charges, if any; the date, time and place of the public hearing on the ordinance or resolution approving the proposed construction and proposed changes to rates, fees, and charges, if any; and the place or places within the political subdivision where the ordinance or resolution approving the proposed construction and proposed changes to rates, fees, and charges, if any, may be inspected by the public. A reasonable number of copies of the ordinance or resolution shall be kept at the place or places and be made available for public inspection. The notice shall also advise that interested parties may appear at
the public hearing before the political subdivision and be
heard with respect to the proposed construction and the
proposed rates, fees, and charges, if any.

(4) The ordinance or resolution on the proposed
construction and the proposed rates, fees, and charges shall
be read at two meetings of the governing body with at least
two weeks intervening between each meeting. The public
hearing may be conducted prior to, or at, the meeting of the
governing body at which the ordinance or resolution
approving the proposed construction is considered on
second reading.

(5) Enactment or adoption of the ordinance or resolution
approving the proposed construction and the proposed rates,
fees, and charges shall follow an affirmative vote of the
governing body and the approved rates shall go into effect
no sooner than 45 days following the action of the governing
body. If the political subdivision proposes rates that will go
into effect prior to the completion of construction of the
proposed project, the 45-day waiting period may be waived
by public vote of the governing body only if the political
subdivision finds and declares the political subdivision to be
in financial distress such that the 45-day waiting period
would be detrimental to the ability of the political
subdivision to deliver continued and compliant public
services: Provided, That, if the political subdivision is a
public service district, in no event may the rate become
effective prior to the date that the county commission has
entered an order approving or modifying the action of the
public service district board.

(6) Rates, fees, and charges approved by an affirmative
vote of the public service district board shall be forwarded
in writing to the county commission with the authority to
appoint the members of the public service board of the
public service district. The county commission shall, within
45 days of receipt of the proposed rates, fees, and charges,
take action to approve, modify, or reject the proposed rates,
fees, and charges, in its sole discretion. If, after 45 days, the
county commission has not taken final action to approve, modify, or reject the proposed rates, fees, and charges, the proposed rates, fees, and charges, as presented to the county commission, shall be effective with no further action by the board or county commission. In any event this 45-day period may be extended by official action of both the board proposing the rates, fees, and charges and the appointing county commission.

(7) The county commission shall provide notice to the public by a Class I legal advertisement of the proposed action, in compliance with §59-3-1 et seq. of this code, of the meeting where it shall consider the proposed increases in rates, fees, and charges no later than one week prior to the meeting date.

(8) A public service district, or a customer aggrieved by the changed rates or charges who presents to the circuit court a petition signed by 25 percent of the customers served by the public service district when dissatisfied by the approval, modification, or rejection by the county commission of the proposed rates, fees, and charges under the provisions of this subsection may file a complaint regarding the rates, fees, and charges resulting from the action of, or failure to act by, the county commission in the circuit court of the county in which the county commission sits: Provided, That any complaint or petition filed hereunder shall be filed within 30 days of the county commission’s final action approving, modifying or rejecting the rates, fees, and charges, or the expiration of the 45-day period from the receipt by the county commission, in writing, of the rates, fees, and charges approved by resolution of the board, without final action by the county commission to approve, modify or reject the rates, fees, and charges, and the circuit court shall resolve said complaint: Provided, however, That the rates, fees, and charges so fixed by the county commission, or those adopted by the district upon which the county commission failed to act, shall remain in full force and effect, until set aside, altered, or
amended by the circuit court in an order to be followed in the future.

ARTICLE 2H. POWER OF COMMISSION TO ORDER MEASURES UP TO AND INCLUDING THE ACQUISITION OF DISTRESSED AND FAILING WATER AND WASTEWATER UTILITIES.

§24-2H-1. Short title.

This article shall be known and cited as the Distressed and Failing Utilities Improvement Act.

§24-2H-2. Legislative findings.

(a) The provision of safe drinking water and the collection and treatment of wastewater has resulted in a drastic reduction in the incidence of disease, increase in life expectancy, and other major public health advancements.

(b) Development of water and wastewater infrastructure has advanced economic development through increased production and productivity within West Virginia’s economic sectors and commercial expansion geographically throughout the state.

(c) A number of water and wastewater utilities face substantial capital investment needs to maintain and replace aging infrastructure with limited financial resources.

(d) For some water and wastewater utilities, adequately addressing infrastructure needs may adversely affect their ability to maintain reasonable rates and ability to borrow funds to address such needs.

(e) Many water and wastewater utilities have experienced a loss of customers resulting from decline in populations served which has created an additional rate burden on the remaining population.

(f) Failure to timely address infrastructure needs has resulted in the inability of water and wastewater utilities to
adequately serve customers and maintain regulatory compliance, thereby threatening human health and hindering economic growth.

(g) West Virginia needs a comprehensive plan to confront the financial, organizational, and regulatory challenges faced by water and wastewater utilities in the state to ensure that all citizens of West Virginia have access to safe drinking water and adequate and safe wastewater treatment.

A “distressed utility” is a water or wastewater utility, that for financial, operational or managerial reasons:

1. (A) Is in continual violation of statutory or regulatory standards of the Bureau for Public Health, the Department of Environmental Protection or the commission, which affect the water quality, safety, adequacy, efficiency or reasonableness of the service provided by the water or wastewater utility;

2. (B) Fails to comply within a reasonable period of time with any final, nonappealable order of the Department of Environmental Protection, Bureau for Public Health or the commission concerning the safety, adequacy, efficiency or reasonableness of service, including, but not limited to, the availability of water, the potability of water, the palatability of water or the provision of water at adequate volume and pressure and the collection and treatment of wastewater;

3. (2) Is no longer able to provide adequate, efficient, safe and reasonable utility services; or

4. (3) Fails to timely pay some or all of its financial obligations, including, but not limited to, its federal and state tax obligations and its bond payments to the West Virginia Water Development Authority, the United States Department of Agriculture (USDA) or other bondholders; or fails to maintain its debt service reserve; or fails to submit
“Failing water or wastewater utility” means a public utility that:

(1) Meets the definition of a distressed water or wastewater utility; and either:

(2) Has not, after a reasonable time period, been stabilized and improved by corrective measures put in place under §24-2H-4 of this code; or

(3) Has had the requirements of §24-2H-4 of this code suspended for good cause shown by an order of the commission.

“Capable proximate water or wastewater utility” means a public utility which regularly provides adequate, safe and reasonable service of the same type as the distressed utility and is situated close enough to the facilities of a distressed utility that operational management is reasonable, financially viable, and nonadverse to the interests of the current customers of the nondistressed utility.

Annually, the commission shall prepare a list of water and wastewater utilities that appear to be financially unstable by reviewing annual reports, rate case filings and other financial data available to it. Commission staff shall contact each utility placed on the list and provide advice and assistance in resolving any financial instability or managerial or operational issues that are contributing to the utility’s financial instability.

§24-2H-5. Determination of whether a utility qualifies as a “distressed utility”, “failing utility”, or a “capable proximate utility”.

(a) In determining whether a utility is distressed or failing, the commission shall consider the following factors:
(1) The financial, managerial and technical ability of the utility;

(2) The level of expenditures necessary to make improvements to the water or wastewater utility to assure compliance with applicable statutory and regulatory standards concerning the adequacy, efficiency, safety or reasonableness of utility service and the impact of those expenditures on customer rates;

(3) The opinion and advice, if any, of the Department of Environmental Protection and the Bureau for Public Health as to steps that may be necessary to assure compliance with applicable statutory or regulatory standards concerning the adequacy, efficiency, safety or reasonableness of utility service;

(4) The status of the utility’s bond payments and other financial obligations;

(5) The status and result of any corrective measures previously put into place under §24-2H-4 of this code; and

(6) Any other relevant matter.

(b) In determining whether a utility is a capable proximate utility, the commission shall consider the following factors:

(1) The financial, managerial and technical ability of all proximate public utilities providing the same type of service;

(2) Expansion of the franchise or operating area of the acquiring utility to include the service area of the distressed utility;

(3) The financial, managerial, operational and rate demands that may result from the current proceeding and the cumulative impact of other demands where the utility has been identified as a capable proximate utility; and

(4) Any other relevant matter.
§24-2H-6. Notice to distressed or failing utility and formal proceeding.

(a) A proceeding under this article may be initiated by the commission on its own motion, or by the staff of the commission, or any other person or entity having a legal interest in the financial, managerial or operational condition of the utility, by filing a petition with the commission. In any such petition, the utility shall be named as the respondent. The commission shall include as additional parties any capable proximate public and private utilities that may be able to acquire the utility.

(b) The commission shall hold an evidentiary and public hearing(s) in the utility’s service area. The commission shall give notice of the time, place and subject matter of the hearing as follows:

(1) A Class I legal publication in a qualified newspaper pursuant to §59-3-2(a) of this code in the county or counties where the utility is located to take place no more than 10 days before the date of the hearing;

(2) Issuance of a press release;

(3) Written notice by certified mail or registered mail to:

(A) The utility;

(B) The Consumer Advocate Division;

(C) Capable proximate public or private utility(s) that were made parties to the proceeding; and

(D) The county commission if the utility is a public service district; or

(E) The municipality if the utility is owned and operated by the municipality.

(4) The utility shall give notice to its customers of the time, place and subject matter of the hearing either as a bill
insert or printed on its monthly bill statement as ordered by the commission.

(c) The public hearing shall be conducted to receive public comments, including, but not limited to, comments regarding possible options available to bring the distressed or failing utility into compliance with appropriate statutory and regulatory standards concerning actual or imminent public health problems or unreasonable quality and reliability service standards. At the evidentiary hearing, the commission shall receive evidence to determine if the utility is a distressed or failing utility and whether a capable proximate utility should acquire the utility. If there is more than one capable proximate utility, then sufficient evidence should be presented to allow the commission to determine the appropriate capable proximate utility to acquire the distressed or failing utility.

§24-2H-7. Commission order for acquisition of failing utility; list of distressed and failing utilities to Legislature.

(a) Following the evidentiary hearing, the commission shall enter a final order stating whether the utility is a distressed or failing utility and identifying the capable proximate utilities, if any, as defined in §24-2H-3 of this code. If the commission determines that a utility is a distressed utility, then the commission may make an order consistent with subsection (b) of this section. If the commission determines that the utility is a failing utility, then the commission may order the acquisition of the failing utility by the most suitable capable proximate water or wastewater utility, if there is more than one.

(b) Before the commission may designate a water or wastewater utility as failing and order acquisition by a capable proximate utility it shall determine whether there are any alternatives to an ordered acquisition. If the commission determines that an alternative to designating a utility as failing and ordering an acquisition is reasonable and cost effective, it may order the distressed utility and, if
applicable to the alternative a capable proximate utility, to implement the alternative. Commission staff shall work with the utility to implement the alternative, as necessary. Alternatives that the commission may consider include, but are not limited to, the following:

(1) Reorganization of the utility under new management or a new board, subject to the approval of the applicable county commission(s) or municipal government;

(2) Operation of the distressed utility by another public utility or management or service company under a mutually agreed arms-length contract;

(3) Appointment of a receiver to assure the provision of adequate, efficient, safe and reasonable service and facilities to the public pursuant to §24-2-7(b) of this code;

(4) Merger of the water or wastewater utility with one or more other public utilities, subject to the approval of the applicable county commission(s) or municipal government;

(5) The acquisition of the distressed utility through a mutual agreement made at arms-length; and

(6) Any viable alternative other than an ordered acquisition by a capable proximate utility.

c) The commission shall provide a list of utilities designated by a final order of the commission as a distressed or failing utility to the Legislature as part of its annual Management Summary Report beginning in the 2021 reporting period and annually thereafter. The commission shall provide the same list to the Water Development Authority and the Infrastructure and Jobs Development Council on or before January 31 of each year beginning in 2021.

§24-2H-8. Commission approval of operating agreement, acquisition price; rates for distressed and failing utilities; improvement plan; debt obligations; cost recovery.
(a) After an order has been entered pursuant to §24-2H-4 of this code, the distressed utility and acquiring utility shall file a petition with the commission under §24-2-12 of this code to approve the necessary operating agreement if such alternative is directed by the commission. After an order has been entered pursuant to §24-2H-7 of this code, the failing utility and acquiring utility shall file a petition with the commission under §24-2-12 of this code, to approve the purchase price of the acquisition. Where the parties are unable to agree on an acquisition price, the filing may request that an evidentiary hearing be held so that the commission may determine the acquisition price and any other issues related to the acquisition. The acquisition price must, at a minimum, satisfy all outstanding loans, tax obligations, required grant repayment, liens and indebtedness owed by the failing utility or the acquiring utility must agree to assume the indebtednesses if legally permitted. The acquiring utility shall consult with the lenders or lienholders regarding payment in full or the assumption, to the extent legally permissible, of any outstanding obligations of the failing utility.

(b) The parties to an acquisition may propose to the commission other methods of determining the acquisition price.

(c) As part of the proceeding, the acquiring utility may propose to the commission that it be permitted for a reasonable period of time after the date of acquisition, to charge and collect rates from the customers of the failing utility pursuant to a separate tariff which may be higher or lower than the existing tariff of the distressed or failing utility or may allow a surcharge on both the acquired and existing customers. A separate tariff or rate filing must be made by the acquiring utility before the commission will consider any increase in rates or allow a surcharge to be placed on the acquiring utility’s acquired or existing ratepayers.
(d) As part of this proceeding, the acquiring utility shall submit to the commission for approval a plan, including a timetable for bringing the failing utility into compliance with applicable statutory and regulatory standards, including, but not limited to, plans for regionalization. The acquiring utility shall have previously obtained the approval of the plan from the Department of Environmental Protection and the Bureau for Public Health, as applicable, and those agencies are directed to use their full discretion in working towards long-term solutions that will support compliance. The failing utility shall cooperate with the acquiring utility in negotiating agreements with state and federal agencies, including, but not limited to, negotiation of hold harmless agreements, consent orders or enforcement moratoria during any period of remediation. In addition, the failing utility shall cooperate with the acquiring utility in obtaining the consent of the failing utility’s and the acquiring utility’s bondholder(s) to the acquisition. The acquiring utility must present to the commission as part of its financing plan, documentation on how the failing utility’s indebtedness will be paid or assumed.

(e) A nonprofit acquiring public utility may seek grant funding from the Distressed Utilities Account established pursuant to §31-15A-9(i) of this code to repair, maintain and replace the distressed water and wastewater utilities facilities as needed. The reasonably and prudently incurred costs of the acquiring utility shall be recoverable in rates as provided in §24-2H-9 of this code.

(f) If the distressed or failing utility is a public service district, then the commission shall make a recommendation to the respective county commission(s) with regard to the acquisition of distressed or failing utilities as provided in §16-13A-2(a)(2) of this code. If the distressed or failing utility is a municipal corporation, then the commission shall make a recommendation to the respective municipal council with regard to the acquisition of distressed or failing utilities as provided in §8-12-17 of this code.
(g) The capable proximate utility may propose one or more of the cost recovery methods or incentives set forth in §24-2H-9 of this code as part of its petition for approval from the commission.

§24-2H-9. Recovery of costs for acquisition, operation, repairs and improvements to distressed or failing utility facilities.

The commission may approve an appropriate and reasonable cost recovery mechanism to allow the capable proximate utility to recover its acquisition costs and projected cost of service of operating, maintaining and improving the facilities of the failing water or wastewater utility or its net costs incurred for operating, maintaining and improving the distressed utility under an operating agreement. The cost recovery mechanism may include a surcharge or surcharges on both acquired and existing customers if approved by the commission in a separate rate or tariff proceeding which shall be considered by the commission on an expedited basis without the need for a full base rate proceeding. Rate increments and surcharges established pursuant to this section shall be subject to adjustment on an annual basis to reflect changes in costs, additional projected capital and operating costs and true-up of any over or under recoveries of costs. Cost recovery mechanisms may also include:

1. A surcharge above existing rates that allows recovery of additional incremental cost increases, net of contributions necessary to operate, maintain and improve the failing utility’s service level to an acceptable level and into compliance with all applicable regulatory standards;

2. An acquisition adjustment to private for-profit utilities as an incentive to acquire a failing utility;

3. An increased return on investment as an incentive to acquire a failing utility; or

4. Any other incentive method proposed by the acquiring utility if the method is determined by the
commission to be appropriate, reasonable and in the public interest.

CHAPTER 31. CORPORATIONS.

ARTICLE 15A. WEST VIRGINIA INFRASTRUCTURE AND JOBS DEVELOPMENT COUNCIL.

§31-15A-9. Infrastructure fund; deposits in fund; disbursements to provide loans, loan guarantees, grants and other assistance; loans, loan guarantees, grants and other assistance shall be subject to assistance agreements; West Virginia Infrastructure Lottery Revenue Debt Service Fund; use of funds for projects.

(a) The Water Development Authority shall create and establish a special revolving fund of moneys made available by appropriation, grant, contribution or loan to be known as the West Virginia Infrastructure Fund. This fund shall be governed, administered and accounted for by the directors, officers and managerial staff of the Water Development Authority as a special purpose account separate and distinct from any other moneys, funds or funds owned and managed by the Water Development Authority. The infrastructure fund shall consist of sub-accounts, as deemed necessary by the council or the Water Development Authority, for the deposit of: (1) Infrastructure revenues; (2) any appropriations, grants, gifts, contributions, loan proceeds, or other revenues received by the infrastructure fund from any source, public or private; (3) amounts received as payments on any loans made by the Water Development Authority to pay for the cost of a project or infrastructure project; (4) insurance proceeds payable to the Water Development Authority or the infrastructure fund in connection with any infrastructure project or project; (5) all income earned on moneys held in the infrastructure fund; (6) all funds deposited in accordance with §31-15B-4 of this code; and (7) all proceeds derived from the sale of bonds issued pursuant to §31-15B-1 et seq. of this code.
Any money collected pursuant to this section shall be paid into the West Virginia Infrastructure Fund by the state agent or entity charged with the collection of the same, credited to the infrastructure fund, and used only for purposes set forth in this article or §31-15B-1 et seq. of this code.

Amounts in the infrastructure fund shall be segregated and administered by the Water Development Authority separate and apart from its other assets and programs. Amounts in the infrastructure fund may not be transferred to any other fund or account or used, other than indirectly, for the purposes of any other program of the Water Development Authority, except that the Water Development Authority may use funds in the infrastructure fund to reimburse itself for any administrative costs incurred by it and approved by the council in connection with any loan, loan guarantee, grant or other funding assistance made by the Water Development Authority pursuant to this article.

(b) Notwithstanding any provision of this code to the contrary, amounts in the infrastructure fund shall be deposited by the Water Development Authority in one or more banking institutions: Provided, That any moneys so deposited shall be deposited in a banking institution located in this state. The banking institution shall be selected by the Water Development Authority by competitive bid. Pending the disbursement of any money from the infrastructure fund as authorized under this section, the Water Development Authority shall invest and reinvest the moneys subject to the limitations set forth in §31-18-1 et seq. of this code.

(c) To further accomplish the purposes and intent of this article and §31-15B-1 et seq. of this code, the Water Development Authority may pledge infrastructure revenues and from time to time establish one or more restricted accounts within the infrastructure fund for the purpose of providing funds to guarantee loans for infrastructure projects or projects: Provided, That for any fiscal year the
Water Development Authority may not deposit into the restricted accounts more than 20 percent of the aggregate amount of infrastructure revenues deposited into the infrastructure fund during the fiscal year. No loan guarantee shall be made pursuant to this article unless recourse under the loan guarantee is limited solely to amounts in the restricted account or accounts. No person shall have any recourse to any restricted accounts established pursuant to this subsection other than those persons to whom the loan guarantee or guarantees have been made.

(d) Each loan, loan guarantee, grant or other assistance made or provided by the Water Development Authority shall be evidenced by a loan, loan guarantee, grant or assistance agreement between the Water Development Authority and the project sponsor to which the loan, loan guarantee, grant or assistance shall be made or provided, which agreement shall include, without limitation and to the extent applicable, the following provisions:

(1) The estimated cost of the infrastructure project or project, the amount of the loan, loan guarantee or grant or the nature of the assistance, and in the case of a loan or loan guarantee, the terms of repayment and the security therefor, if any;

(2) The specific purposes for which the loan or grant proceed shall be expended or the benefits to accrue from the loan guarantee or other assistance, and the conditions and procedure for disbursing loan or grant proceeds;

(3) The duties and obligations imposed regarding the acquisition, construction, improvement, or operation of the project or infrastructure project; and

(4) The agreement of the governmental agency to comply with all applicable federal and state laws, and all rules and regulations issued or imposed by the Water Development Authority or other state, federal, or local bodies regarding the acquisition, construction,
improvement, or operation of the infrastructure project or project and granting the Water Development Authority the right to appoint a receiver for the project or infrastructure if the project sponsor should default on any terms of the agreement.

(e) Any resolution of the Water Development Authority approving loan, loan guarantee, grant, or other assistance shall include a finding and determination that the requirements of this section have been met.

(f) The interest rate on any loan to governmental, quasi-governmental, or not-for-profit project sponsors for projects made pursuant to this article shall not exceed three percent per annum. Due to the limited availability of funds available for loans for projects, it is the public policy of this state to prioritize funding needs to first meet the needs of governmental, quasi-governmental and not-for-profit project sponsors and to require that loans made to for-profit entities shall bear interest at the current market rates. Therefore, no loan may be made by the council to a for-profit entity at an interest rate which is less than the current market rate at the time of the loan agreement.

(g) The Water Development Authority shall cause an annual audit to be made by an independent certified public accountant of its books, accounts, and records, with respect to the receipts, disbursements, contracts, leases, assignments, loans, grants, and all other matters relating to the financial operation of the infrastructure fund, including the operating of any sub-account within the infrastructure fund. The person performing such audit shall furnish copies of the audit report to the Commissioner of Finance and Administration, where they shall be placed on file and made available for inspection by the general public. The person performing such audit shall also furnish copies of the audit report to the Legislature’s Joint Committee on Government and Finance.
(h) There is hereby created in the Water Development Authority a separate, special account which shall be designated and known as the West Virginia Infrastructure Lottery Revenue Debt Service Fund, into which shall be deposited annually for the fiscal year beginning July 1, 2011, and each fiscal year thereafter, the first $6 million transferred pursuant to §29-22-18d of this code and any other funds provided therefor: *Provided,* That such deposits and transfers are not subject to the reservations of funds or requirements for distributions of funds established by §31-15A-10 and §31-15A-11 of this code. Moneys in the West Virginia Infrastructure Lottery Revenue Debt Service Fund shall be used to pay debt service on bonds or notes issued by the Water Development Authority for watershed compliance projects as provided in §31-15A-17b of this code, and to the extent not needed to pay debt service, for the design or construction of improvements for watershed compliance projects. Moneys in the West Virginia Infrastructure Lottery Revenue Debt Service Fund not expended at the close of the fiscal year do not lapse or revert to the General Fund but are carried forward to the next fiscal year.

(i) The Water Development Authority shall establish a separate restricted account within the infrastructure fund to be expended for the repair and improvement of failing water and wastewater systems by nonprofit public utilities from grants approved by the council and supported by recommendations from the Public Service Commission in accordance with the plan developed under §24-2H-1 *et seq.* of this code. The restricted account shall be known as the Distressed Utilities Account. Annually, the council may request the Water Development Authority to transfer from the uncommitted loan balances for each year a total amount not to exceed $5 million to the restricted account to fund the grants approved by the council during that fiscal year. *Notwithstanding the provisions of §31-15A-10(b) of this code,* the council may approve grants from this account for up to 100 percent of the cost of failing utility repairs,
replacements and improvements and such grant along with other grants awarded by the council may exceed 50 percent of the total project cost: Provided, That at no time may the balance of the restricted account exceed $5 million.

CHAPTER 348

(S. B. 289 - By Senators Weld, Baldwin and Hamilton)

[Passed March 6, 2020; in effect ninety days from passage.]
[Approved by the Governor on March 24, 2020.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §15-3E-1, §15-3E-2, §15-3E-3, §15-3E-4, §15-3E-5, §15-3E-6, and §15-3E-7, all relating to the establishment of an alert system for missing at-risk veterans by Superintendent of West Virginia State Police; providing legislative findings and declarations relative to the Green Alert Plan; establishment of the Green Alert Plan; defining a term; activation of a Green Alert; notice to participating media; broadcasting of a Green Alert; notification to the Department of Transportation, the Division of Highways, and the West Virginia Turnpike Commission of the Green Alert; termination of the Green Alert; immunity from criminal or civil liability; and authorizing superintendent to promulgate guidelines and procedural rules.

Be it enacted by the Legislature of West Virginia:

ARTICLE 3E. CREATION OF A STATEWIDE GREEN ALERT PLAN.

§15-3E-1. Short title.
§15-3E-2. Findings and declarations relative to Green Alert Plan.

(a) The Legislature finds that:

1. According to the U.S. Department of Veterans Affairs, 20 veterans commit suicide each day across the country;
2. While veterans make up less than nine percent of the total U.S. population, tragically, they account for 19 percent of all suicides in America;
3. By establishing the Green Alert Plan, law enforcement will be provided with additional tools that will help them in responding to an at-risk veteran’s disappearance and place an emphasis on the risk of suicide for veterans with a service-related condition;
4. The Green Alert Plan would also allow for a more rapid dissemination of information on the missing at-risk veteran to the public, who, having been alerted to the situation, now become an extensive network of eyes and ears serving to assist law enforcement in quickly locating and safely recovering a missing at-risk veteran, and potentially saving them serious injury or suicide; and
5. Given the success of both the Amber and Silver Alert systems, expanding the program to include at-risk veterans is imperative to help those who have served.

(b) The Legislature declares that creating a Green Alert is a way to prevent more tragedies and help ensure our veterans get back home safely.

(a) The Superintendent of the West Virginia State Police shall establish the Green Alert Plan authorizing the
broadcast media, upon notice from the West Virginia State Police, to broadcast an alert to inform the public of a missing at-risk veteran, subject to the criteria established in §15-3E-4 of this code. The program shall be a voluntary, cooperative effort between state law enforcement and the broadcast media.

(b) As used in this article, “at-risk veteran” means a person who is currently serving in the armed forces on active duty, reserve status, or in the National Guard, or a person who served in the active military, or who was discharged or released under conditions other than dishonorable who is known, based on the information provided by the person making the report, to have a physical or mental health condition that is related to his or her service.

(c) The superintendent shall notify the broadcast media serving the State of West Virginia of the establishment the Green Alert Plan and invite their voluntary participation.

(d) The superintendent shall submit a plan to the Joint Committee on Government and Finance no later than December 1, 2020. The plan shall include Green Alert activation protocols, evaluation of first responder training requirements and needs as related to at-risk veterans, coordination and use of established programs, and analysis of any costs. The superintendent shall also make recommendations for any additional legislation or actions necessary to further facilitate the implementation of the Green Alert Plan.

§15-3E-4. Activation of Green Alert.

The following criteria shall be met before the West Virginia State Police activate the Green Alert:

(1) An individual who has knowledge that the at-risk veteran is missing has submitted a missing person’s report to the West Virginia State Police or other appropriate law-enforcement agency;
(2) The at-risk veteran is believed to be missing, regardless of circumstance;

(3) Based upon information provided by the individual who has submitted the missing person’s report, law enforcement has reason to believe that the at-risk veteran has a physical or mental health condition that is related to his or her service;

(4) The missing at-risk veteran may be in danger of death or serious bodily injury;

(5) The missing at-risk veteran is domiciled or believed to be located in the state of West Virginia;

(6) The missing at-risk veteran is, or is believed to be, at a location that cannot be determined by an individual familiar with the missing at-risk veteran, and the missing at-risk veteran is incapable of returning to his or her residence without assistance; and

(7) There is sufficient information available to indicate that a Green Alert would assist in locating the missing at-risk veteran.

§15-3E-5. Notice to participating media; broadcast of alert.

(a) To participate, the media may agree, upon notice from the West Virginia State Police via email or facsimile, to transmit information to the public about a missing at-risk veteran that has occurred within their broadcast service region.

(b) The alerts shall include a description of the missing at-risk veteran, such details of the circumstance surrounding him or her becoming missing, as may be known, and such other information as the West Virginia State Police may deem pertinent and appropriate. The West Virginia State Police shall, in a timely manner, update the broadcast media with new information when appropriate concerning the missing at-risk veteran.
(c) The alerts also shall provide information concerning how those members of the public who have information relating to the missing at-risk veteran may contact the West Virginia State Police or other appropriate law-enforcement agency.

(d) Concurrent with the notice provided to the broadcast media, the West Virginia State Police shall also notify the Department of Transportation, the Division of Highways, and the West Virginia Turnpike Commission of the Green Alert so that the department and the affected authorities may, if possible, through the use of their variable message signs, inform the motoring public that a Green Alert is in progress and may provide information relating to the missing at-risk veteran and how motorists may report any information they have to the West Virginia State Police or other appropriate law-enforcement agency.

(e) The alerts shall terminate upon notice from the West Virginia State Police.

(f) The superintendent shall develop and undertake a campaign to inform law-enforcement agencies about the Green Alert Plan established under this article.

§15-3E-6. Aid to missing at-risk veteran; immunity from civil or criminal liability.

No person or entity who, in good faith, follows and abides by the provisions of this article is liable for any civil or criminal penalty as the result of any act or omission in the furtherance thereof unless it is alleged and proven that the information disclosed was false and disclosed with the knowledge that the information was false.

The superintendent may adopt guidelines and procedural rules to effectuate the purposes of this article.

AN ACT to amend and reenact §8-15-17 of the Code of West Virginia, 1931, as amended, relating to increasing the age limit of an honorably discharged veteran of the United States armed forces, armed service reserves, or National Guard to 40 years of age for an application for original appointment.

Be it enacted by the Legislature of West Virginia:

ARTICLE 15. FIRE FIGHTING; FIRE COMPANIES AND DEPARTMENTS; CIVIL SERVICE FOR PAID FIRE DEPARTMENTS.

§8-15-17. Form of application; age and residency requirements; exceptions.

(a) The Firemen’s Civil Service Commission in each municipality shall require individuals applying for admission to any competitive examination provided for under the civil service provisions of this article or under the rules of the commission to file in its office, within a reasonable time prior to the proposed examination, a formal application in which the applicant shall state under oath or affirmation:

(1) His or her full name, residence, and post office address;

(e) If any applicant is an honorably discharged veteran of any branch of the United States armed forces, armed services reserve, or National Guard, then the individual may apply for an original appointment if the applicant is not more than 40 years of age.

(f) If any applicant formerly served upon the paid fire department of the municipality to which he or she makes application for a period of more than one year, and resigned from the department at a time when there were no charges of misconduct or other misfeasance pending against the applicant within a period of two years next preceding the date of his or her application, and at the time of his or her

The applicant shall undergo a medical examination; and if the individual is so appointed by reinstatement to the paid fire department, he or she shall be the lowest in rank in the department next above the probationers of the department and may not be entitled to seniority considerations.

(g) If an individual is presently employed by one paid fire department and is over the age of 35, he or she may make an application to another paid fire department if:

(H. B. 115 – By Delegates Hanshaw (Mr. Speaker) and Miley)
[By Request of the Executive]

[Passed May 20, 2019; in effect from passage.]
[Approved by the Governor on May 29, 2019.]

AN ACT to amend and reenact §49-4-601 of the Code of West Virginia, 1931, as amended, relating generally to court actions in abuse and neglect proceedings and appointment of counsel in such proceedings; requiring a petition to include the names of all parents, guardians, custodians and other persons standing in loco parentis with the child who is the subject of the petition as well as an express statement as to whether each person named is alleged to have abused or neglected the child; requiring courts to appoint counsel for the child and any other named person who is without counsel prior to the initial hearing; clarifying when a court may and may not appoint counsel; and establishing criteria for appointment of counsel for unrepresented persons when necessary to ensure fundamental fairness.

Be it enacted by the Legislature of West Virginia:

ARTICLE 4. COURT ACTIONS.

PART VI.

PROCEDURES IN CASES OF CHILD NEGLECT OR ABUSE.

§49-4-601. Petition to court when child believed neglected or abused; venue; notice; right to counsel; continuing legal education; findings; proceedings; procedure.
(a) Petitioner and venue. — If the department or a reputable person believes that a child is neglected or abused, the department or the person may present a petition setting forth the facts to the circuit court in the county in which the child resides, or if the petition is being brought by the department, in the county in which the custodial respondent or other named party abuser resides, or in which the abuse or neglect occurred, or to the judge of the court in vacation. Under no circumstance may a party file a petition in more than one county based on the same set of facts.

(b) Contents of Petition. — The petition shall be verified by the oath of some credible person having knowledge of the facts. The petition shall allege specific conduct including time and place, how the conduct comes within the statutory definition of neglect or abuse with references to the statute, any supportive services provided by the department to remedy the alleged circumstances, and the relief sought. Each petition shall name as a party each parent, guardian, custodian, other person standing in loco parentis of or to the child allegedly neglected or abused and state with specificity whether each parent, guardian, custodian, or person standing in loco parentis is alleged to have abused or neglected the child.

(c) Court action upon filing of petition. — Upon filing of the petition, the court shall set a time and place for a hearing and shall appoint counsel for the child. When there is an order for temporary custody pursuant to this article, the preliminary hearing shall be held within 10 days of the order continuing or transferring custody, unless a continuance for a reasonable time is granted to a date certain, for good cause shown.

(d) Department action upon filing of the petition. — At the time of the institution of any proceeding under this article, the department shall provide supportive services in an effort to remedy circumstances detrimental to a child.

(e) Notice of hearing. —
(1) The petition and notice of the hearing shall be served upon both parents and any other guardian, custodian, or person standing in loco parentis, giving to those persons at least five days’ actual notice of a preliminary hearing and at least 10 days’ notice of any other hearing.

(2) Notice shall be given to the department, any foster or pre-adoptive parent, and any relative providing care for the child.

(3) In cases where personal service within West Virginia cannot be obtained after due diligence upon any parent or other custodian, a copy of the petition and notice of the hearing shall be mailed to the person by certified mail, addressee only, return receipt requested, to the last known address of the person. If the person signs the certificate, service is complete and the certificate shall be filed as proof of the service with the clerk of the circuit court.

(4) If service cannot be obtained by personal service or by certified mail, notice shall be by publication as a Class II legal advertisement in compliance with §59-3-1 et seq. of this code.

(5) A notice of hearing shall specify the time and place of hearings, the right to counsel of the child, parents, and other guardians, custodians, and other persons standing in loco parentis with the child and the fact that the proceedings can result in the permanent termination of the parental rights.

(6) Failure to object to defects in the petition and notice may not be construed as a waiver.

(f) Right to counsel. —

(1) In any proceeding under this article, the child shall have counsel to represent his or her interests at all stages of the proceedings.
(2) The court’s initial order shall appoint counsel for the child and for any parent, guardian, custodian, or other person standing in loco parentis with the child if such person is without retained counsel.

(3) The court shall, at the initial hearing in the matter, determine whether persons other than the child for whom counsel has been appointed:

(A) Have retained counsel; and

(B) Are financially able to retain counsel.

(4) A parent, guardian, custodian, or other person standing in loco parentis with the child who is alleged to have neglected or abused the child and who has not retained counsel and is financially unable to retain counsel beyond the initial hearing, shall be afforded appointed counsel at every stage of the proceedings.

(5) Under no circumstances may the same attorney represent both the child and another party. The same attorney may not represent more than one parent or custodian: Provided, That one attorney may represent both parents or custodians where both parents or custodians consent to this representation after the attorney fully discloses to the client the possible conflict and where the attorney advises the court that she or he is able to represent each client without impairing her or his professional judgment. If more than one child from a family is involved in the proceeding, one attorney may represent all the children.

(6) A parent who is a co-petitioner is entitled to his or her own attorney.

(7) The court may allow to each attorney appointed pursuant to this section a fee in the same amount which appointed counsel can receive in felony cases.
(8) The court shall, sua sponte or upon motion, appoint counsel to any unrepresented party if, at any stage of the proceedings, the court determines doing so is necessary to satisfy the requirements of fundamental fairness.

(g) **Continuing education for counsel.** — Any attorney representing a party under this article shall receive a minimum of eight hours of continuing legal education training per reporting period on child abuse and neglect procedure and practice. In addition to this requirement, any attorney appointed to represent a child must first complete training on representation of children that is approved by the administrative office of the Supreme Court of Appeals. The Supreme Court of Appeals shall develop procedures for approval and certification of training required under this section. Where no attorney has completed the training required by this subsection, the court shall appoint a competent attorney with demonstrated knowledge of child welfare law to represent the parent or child. Any attorney appointed pursuant to this section shall perform all duties required of an attorney licensed to practice law in the State of West Virginia.

(h) **Right to be heard.** — In any proceeding pursuant to this article, the party or parties having custodial or other parental rights or responsibilities to the child shall be afforded a meaningful opportunity to be heard, including the opportunity to testify and to present and cross-examine witnesses. Foster parents, pre-adoptive parents, and relative caregivers shall also have a meaningful opportunity to be heard.

(i) **Findings of the court.** — Where relevant, the court shall consider the efforts of the department to remedy the alleged circumstances. At the conclusion of the adjudicatory hearing, the court shall make a determination based upon the evidence and shall make findings of fact and conclusions of law as to whether the child is abused or neglected and whether the respondent is abusing, neglecting, or, if applicable, a battered parent, all of which shall be
incorporated into the order of the court. The findings must be based upon conditions existing at the time of the filing of the petition and proven by clear and convincing evidence.

(j) **Priority of proceedings.** — Any petition filed and any proceeding held under this article shall, to the extent practicable, be given priority over any other civil action before the court, except proceedings under §48-27-309 of this code and actions in which trial is in progress. Any petition filed under this article shall be docketed immediately upon filing. Any hearing to be held at the end of an improvement period and any other hearing to be held during any proceedings under this article shall be held as nearly as practicable on successive days and, with respect to the hearing to be held at the end of an improvement period, shall be held as close in time as possible after the end of the improvement period and shall be held within 30 days of the termination of the improvement period.

(k) **Procedural safeguards.** — The petition may not be taken as confessed. A transcript or recording shall be made of all proceedings unless waived by all parties to the proceeding. The rules of evidence apply. Following the court’s determination, it shall ask the parents or custodians whether or not appeal is desired and the response transcribed. A negative response may not be construed as a waiver. The evidence shall be transcribed and made available to the parties or their counsel as soon as practicable, if the transcript is required for purposes of further proceedings. If an indigent person intends to pursue further proceedings, the court reporter shall furnish a transcript of the hearing without cost to the indigent person if an affidavit is filed stating that he or she cannot pay for the transcript.
AN ACT to amend and reenact §49-4-722 of the Code of West Virginia, 1931, as amended, relating generally to persons eighteen years of age and older in the custody of the Bureau of Juvenile Services; directing notice between courts in criminal actions involving adults under the juvenile jurisdiction of the circuit court when such adults are charged or convicted of crimes while in custody of the Bureau of Juvenile Services; requiring notice of pending disposition to the circuit court with juvenile jurisdiction; prohibiting release of persons until after the court with juvenile jurisdiction holds a hearing as to future treatment of the person; and authorizing the Commissioner of the Division of Corrections and Rehabilitation to designate one or more units under his or her management to ensure that persons eighteen years of age or older under the juvenile jurisdiction of the circuit court are housed out of sight and sound of detained juveniles and incarcerated adult offenders.

Be it enacted by the Legislature of West Virginia:

ARTICLE 4. COURT ACTIONS.

§49-4-722. Conviction for offense while in custody.

(a) Notwithstanding any other provision of law to the contrary, any person who is 18 years of age or older who is convicted as an adult of an offense that he or she committed while in the custody of the Bureau of Juvenile Services and

(b) Whenever a person of 18 years of age or older is charged with an offense while in the custody of the Bureau of Juvenile Services, the Bureau shall provide notice of the person’s custodial status to the court in which the charge is pending and provide notice of the pending charge to the circuit court having juvenile jurisdiction over the person.

(c) At least 10 days prior to the sentencing on a criminal charge referred to in subsection (b) of this section, the sentencing court shall provide written notice of the sentencing hearing to the Commissioner of the Division of Corrections and Rehabilitation and to the circuit court having juvenile jurisdiction over the person. The person may not be released from custody until the sentencing court has received notice from the circuit court having juvenile jurisdiction over the person that it has held the hearing required by subsection (d) of this section.

(d) Prior to completion of the adult sentence referenced in subsection (c) of this section, the circuit court having jurisdiction over the underlying juvenile matter shall conduct a hearing to determine whether the person who has turned 18 years of age shall remain in the regional jail during pendency of the underlying juvenile matter or if another disposition or pretrial placement is appropriate and available: Provided, That the court may not remand a child who reached the age of 18 years to a juvenile facility or placement during the pendency of the underlying juvenile matter.

(e) Notwithstanding the provisions of §15A-3-12(i) of this code, the Commissioner of the Division of Corrections and Rehabilitation is authorized to designate a unit in one or more institutions, either juvenile facilities, jails, or prisons, under his or her management to house adults remaining under the juvenile jurisdiction of the circuit court to ensure that such persons are not within sight or sound of juvenile detainees or adult inmates.

(1) Establishing direct links between the county board and its local school improvement councils and between the county board and its faculty senates for the purpose of enabling the county board to receive information, comments and suggestions directly from the councils and faculty senates regarding the broad guidelines for oversight procedures, standards of accountability and planning for future needs as required by this section. To further development of these linkages, each county board shall:

(A) Meet at least annually with the local school improvement council of each school deemed to be low performing under the accountability system established by the state board. The meeting or meetings shall be held at a time and in a manner to be determined by the county board;

(B) At least 30 days before a meeting with the local school improvement council of a school deemed to be low performing, develop and submit to the council an agenda for the meeting which requires the school principal and council chair or a member designated by the chair, to address the dialogue of its meeting or meetings at which the parents, students, school employees, business partners and other interested parties were given the opportunity to make specific suggestions on how to address issues which are seen to affect the school’s academic performance. The principal, council chair or other designated member shall also address any reports by the county superintendent with respect to the school’s performance and progress, and any
one or more of the following issues as determined by the county board:

(i) School performance;

(ii) Curriculum;

(b) On or before August 1, of each year, county school boards shall review the policies listed in subsection (a) of this section and may modify these policies as necessary.

§18-5-16. Student transfers; definitions; appeals; calculating net enrollment; fees for transfer.

(a) Establishment of attendance zones within counties. – The county board may establish attendance zones within the county to designate the schools that its resident students shall attend. Upon the written request of any parent or guardian, or person legally responsible for any student, or for reasons affecting the best interests of the schools, the superintendent may transfer students from one school to another within the county. Any aggrieved person may appeal the decision of the county superintendent to the county board, and the decision of the county board is final.

(b) Definitions. – For the purposes of this section, unless a different meaning clearly appears from the context:

“Nonresident student” means a student who resides in this state and who is enrolled in or is seeking enrollment in a county school district other than the county school district in which the student resides.

“Open enrollment” means a policy adopted and implemented by a county board to allow nonresident students to enroll in any school within the district. Open enrollment is distinct from a mutual agreement of two county boards regarding mass transfer of students, as contemplated in §18-5-13(f)(1)(C) of this code.
(c) **Enrollment policies.** – County boards shall establish and implement an open enrollment policy without charging tuition and without obtaining approval from the board of the county in which a student resides and transfers. These policies shall clearly articulate any admission criteria, application procedures, transportation provisions, timelines for open enrollment periods, and restrictions on transfers due to building capacity constraints. Enrollment policies are subject to the following:

1. A county board may give enrollment preference to:
   
   (A) Siblings of students already enrolled through the open enrollment policy;

   (B) Secondary students who have completed 10th grade and, due to family relocation, become nonresident students, but express the desire to remain in a specific school to complete their education;

   (C) Students who are children, grandchildren, or legal wards of employees;

   (D) Students whose legal residences, though geographically within another county, are more proximate to a school within the receiving county, whether calculated by miles or transportation time; and

   (E) Students who reside in a portion of a county where topography, impassable roads, long bus rides, or other conditions prevent the practicable transportation of the student to a school within the county, and a school within a contiguous county is more easily accessible.

2. A county must comply with all enrollment requirements for children who are in foster care or who meet the definition of unaccompanied youth prescribed in the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11434a(6)).
(3) The county board for the county educating the nonresident student may provide an adequate means of transportation to nonresident students when students have complied with the procedure for obtaining authorization to attend school outside their county of residence, subject to the following:

(A) County boards of education are not required to uniformly provide nonresident student transportation, and may consider whether a nonresident student meets the eligibility criteria for free or reduced price lunch and milk established within the Richard B. Russell National School Lunch Act (42 U.S.C. § 1758); and

(B) The county board for the county educating the nonresident student shall provide transportation to and from the school of attendance, or to and from an agreed pickup point on a regular transportation route, or for the total miles traveled each day for the nonresident student to reach the school of enrollment if the nonresident student is a student with disabilities and has an individualized education program that specifies that transportation is necessary for fulfillment of the program.

(d) Appeal. – The state board of education shall establish a process whereby a parent or guardian of a student may appeal the refusal of a county board to accept the transfer of the student. If during the appeal process, the State Superintendent discovers that the education and the welfare of the student could be enhanced, the State Superintendent may direct that the student may be permitted to attend a school in the receiving county.

(e) Net enrollment. – For purposes of net enrollment as defined in §18-9A-2 of this code, whenever a student is transferred on a full-time basis from one school district to another district pursuant to the provisions of this section, the county to which the student is transferred shall include the student in its net enrollment: Provided, That if, after transferring to another county, a student chooses to return to
a school in his or her county of residence after the second
month of any school year, the following applies:

(1) The county of residence may issue an invoice to the
county from which the student transferred for the amount,
determined on a pro rata basis, that the county of residence
otherwise would have received under the state basic
foundation program established in §18-9A-1 et seq. of this
code; and

(2) The county from which the student transferred shall
reimburse the county of residence for the amount of the
invoice.

(f) Transfers between states. — Transfer of students
from this state to another state shall be upon such terms,
including payment of tuition, as shall be mutually agreed
upon by the board of the receiving county and the authorities
of the school or district from which the transfer is made.

(g) No parent, guardian, or person acting as parent or
guardian is required to pay for the transfer of a student or
for the tuition of the student after the transfer when the
transfer is carried out under the terms of this section.

(h) Nothing in this section supersedes the eligibility
requirements for participation in extra-curricular activities
established by the Secondary Schools Activities
Commission.

(i) The amendments to this section during the 2019 First
Extraordinary Session of the Legislature shall be effective
for school years beginning on or after July 1, 2020, and the
provisions of this section existing immediately prior to the
2019 First Extraordinary Session of the Legislature remain
in effect for school years beginning prior to July 1, 2020.
(a) The provisions of this section expire effective July 1, 2020: Provided, That any agreement made pursuant to this section prior to July 1, 2020, shall remain in effect.

(b) Whenever, in the opinion of the board of education of any county, the education and welfare of a pupil will be enhanced, the board of education of such county shall have the authority to transfer any such pupil or pupils on a part-time or full-time basis from one school district to another school district within the state: Provided, That the boards of education of both the transferor and the transferee districts agree to the same by official action of both boards as reflected in the minutes of their respective meetings.

(c) Any pupil attending a school in a district of this state adjacent to the district of residence during the school year 1984-1985, is authorized to continue such attendance in the adjacent district, and, upon written request therefor by the parent or guardian, any person who is entitled to attend the public schools of this state and who resides in the same household and is a member of the immediate family of such pupil is authorized to enroll in such adjacent district. The transferor and transferee school districts shall effectuate any transfer herein authorized in accordance with the provisions of this section.

(d) Whenever a pupil is transferred from one school district to another district on a full-time or part-time basis, the board of education of the school district in which the pupil is a bona fide resident shall pay to the board of education of the school district to which the pupil is transferred a tuition that is agreed upon by both such boards. Tuition for each full-time pupil shall not exceed the difference between the state aid per pupil received by the county to which the pupil is transferred and the county cost per pupil in the county to which said pupil is transferred.

(e) For purposes of net enrollment as defined in §18-9A-2 of this code: (1) Whenever a pupil is transferred on a full-time basis from one school district to another district
pursuant to the provisions of this section, the county to which the pupil is transferred shall include such pupil in its net enrollment; and (2) whenever a pupil is transferred on a part-time basis from one school district to another school district pursuant to the provisions of this section, the county in which the student is a bona fide resident shall count the pupil in its net enrollment.

(a) County boards of education shall provide sufficient personnel, equipment, and facilities as will ensure that each first through sixth grade classroom, or classrooms having two or more grades that include one or more of the first through sixth grades shall not have more than 25 pupils for each teacher of the grade or grades and shall not have more than 20 pupils for each kindergarten teacher per session, unless the state superintendent has excepted a specific classroom upon application therefor by a county board.

(c) The state superintendent is authorized, consistent with sound educational policy, to:

(1) Permit on a statewide basis, in grades four through six, more than 25 pupils per teacher in a classroom for the purposes of instruction in physical education; and

(2) Permit more than 20 pupils per teacher in a specific kindergarten classroom and 25 pupils per teacher in a specific classroom in grades four through six during a school year in the event of extraordinary circumstances as determined by the state superintendent after application by a county board of education.
(d) The state board shall establish guidelines for the exceptions authorized in this section, but in no event shall the superintendent except classrooms having more than three pupils above the pupil-teacher ratio as set forth in this section.

(e) The requirement for approval of an exception to exceed the 20 pupils per kindergarten teacher per session limit or the 25 pupils per teacher limit in grades one through six is waived in schools where the schoolwide pupil-teacher ratio is 25 or less in grades one through six: Provided, That a teacher shall not have more than three pupils above the teacher/pupil ratio as set forth in this section. Any kindergarten teacher who has more than 20 pupils per session and any classroom teacher of grades one through six who has more than 25 pupils, shall be paid additional compensation based on the affected classroom teacher’s average daily salary divided by 20 for kindergarten teachers, or 25 for teachers of grades one through six, for every day times the number of additional pupils enrolled up to the maximum pupils permitted in the teacher’s classroom. All such additional compensation shall be paid from county funds exclusively.

Notwithstanding any other provision of this section to the contrary, commencing with the school year beginning on July 1, 1994, a teacher in grades one, two or three or classrooms having two or more such grade levels, shall not have more than two pupils above the teacher/pupil ratio as set forth in this section: Provided, That commencing with the school year beginning on July 1, 1995, such teacher shall not have more than one pupil above the teacher/pupil ratio as set forth in this section: Provided, however, That commencing with the school year beginning on July 1, 1996, such teacher shall not have any pupils above the teacher/pupil ratio as set forth in this section.

(f) No provision of this section is intended to limit the number of pupils per teacher in a classroom for the purpose of instruction in choral, band or orchestra music.
(g) Each school principal shall assign students equitably among the classroom teachers, taking into consideration reasonable differences due to subject areas and/or grade levels.

(h) The state board shall collect from each county board of education information on class size and the number of pupils per teacher for all classes in grades seven through twelve. The state board shall report such information to the Legislative Oversight Commission on Education Accountability before January 1, of each year.

(i) The West Virginia Department of Education shall survey districts to determine those grade levels, content areas, and geographic locations where class overcrowding is impeding student achievement and report to the Legislature by July 1, 2020 a tailored plan for reducing class overcrowding in such areas.

The study shall include, but is not limited to, an examination of the following issues:

(1) The effect on student learning of limits on the number of pupils per teacher in a classroom in elementary classes and in a middle and high school format in which students have different teachers for different subject matter instruction;

(2) The effect on the equity among teachers in a middle school in which the number of pupils per teacher in a classroom is limited for some teachers and not for others, including the additional pay for certain teachers in whose classrooms the limits are exceeded; and

(c) The school counselor shall work with individual pupils and groups of pupils in providing developmental, preventive and remedial guidance and counseling programs to meet academic, social, emotional, and physical needs; including programs to identify and address the problem of potential school dropouts. The school counselor also may provide consultant services for parents, teachers, and administrators and may use outside referral services, when appropriate, if no additional cost is incurred by the county board.

(d) The state board may adopt rules consistent with the provisions of this section that define the role of a school counselor based on the “National Standards for School Counseling Programs” of the American School Counselor Association. A school counselor is authorized to perform such services as are not inconsistent with the provisions of the rule as adopted by the state board. To the extent that any funds are made available for this purpose, county boards shall provide training for counselors and administrators to implement the rule as adopted by the state board.

(e) Each county board shall develop a comprehensive drop-out prevention program utilizing the expertise of school counselors and any other appropriate resources available.

(f) School counselors shall be full-time professional personnel, shall spend at least 80 percent of work time in a direct counseling relationship with pupils, and shall devote no more than 20 percent of the work day to administrative activities: Provided, That such activities are counselor related.

§18-5A-3. County board authority to designate innovation schools; local school improvement council proposals of alternatives to operation of school; process for requesting waivers of rules, policies, interpretations and statutes to implement alternatives.

(a) The intent of this section is to encourage and facilitate the design and implementation of innovative initiatives by local schools, working through their local school improvement councils, that meet the school’s needs and circumstances. A school level initiative may propose alternatives to the operation of the public school that will enable the school to better meet or exceed the high quality standards established by the state board, increase administrative efficiency, enhance the delivery of instructional programs, promote student engagement in the learning process, promote business partnerships, promote parent and community involvement at the school, or improve the educational performance of the school generally. In accordance with this intent, a local school
improvement council established under the provisions of §18-5A-2 of this code may submit to its county board proposed alternatives to the operation of the public school in accordance with this section. If the county board approves the proposal in accordance with this section, it may designate the school as an innovation school and may provide funding to support implementation of the proposal, if necessary.

(c) For an alternative to be proposed, at least two thirds of the members of the local school improvement council must vote in favor of the proposal. If the alternative to be proposed includes the request for a waiver of policies or rules promulgated by the state or county board, state superintendent interpretations or state statutes affecting employees, then prior to the proposal of the alternative, a majority of the local affected employee group must agree.
(d) A local school improvement council shall submit its proposed alternative to the county board. The county board shall acknowledge receipt of the proposal and promptly review the proposed alternative. The county board may request additional information and clarifications from the local school improvement council regarding the proposed alternative. The county board shall approve or disapprove the proposal and return it to the council with a statement of the reasons for the action taken, subject to the following:

1. If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the county board, approval of the proposal by the county board constitutes a grant of the waiver;

2. If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the state board and the county board approves the proposal except that a waiver by the state board is required, the county board shall forward the approved proposal to the state board for final determination. The state board shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and, in its discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state board constitutes a grant of the waiver;

3. If an alternative proposed by the local school improvement council requires the waiver of a state superintendent’s interpretation and the county board approves the proposal except that a waiver by the state superintendent is required, the county board shall forward the approved proposal to the state superintendent for final determination. The state superintendent shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their
agents and, in his or her discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state superintendent constitutes a grant of the waiver;

(4) If an alternative proposed by the local school improvement council requires the waiver of a state statute and the county board approves the proposal except that a waiver of the statute is required, the county board shall forward the approved proposal to the Legislative Oversight Commission on Education Accountability. The commission shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and determine whether a recommendation should be made for an Act of the Legislature to waive the statute to permit implementation of the proposed alternative;

(12) A local board shall provide to each faculty senate at least six two-hour blocks of time for faculty senate meetings with at least one two-hour block of time scheduled in the first month of the employment term, one two-hour block of time scheduled in the last month of the employment term and at least one two-hour block of time scheduled in each of the months of October, December, February and April. A faculty senate may meet for an unlimited block of time during noninstructional days to discuss and plan strategies to improve student instruction and to conduct other faculty senate business. A faculty senate meeting scheduled on a noninstructional day shall be considered as part of the purpose for which the noninstructional day is scheduled. This time may be used and determined at the local school level and includes, but is not limited to, faculty senate meetings.

§18-5G-5. State board rule relating to funding for charter school enrollment and other necessary provisions; local education agency status; authorizer oversight fee.

(a) The state board shall promulgate a rule pursuant to the provisions of §29A-3B-1 et seq. of this code setting forth requirements for public charter school funding. The rule
shall include a requirement that 90 percent of the per pupil total basic foundation allowance follow the student to the public charter school, subject to the following:

(1) Notwithstanding §18-9A-1 et seq. of this code, the rule may provide for modifications to the calculations set forth in §18-9A-7 of this code regarding the allowance for student transportation and in §18-9A-9(1) of this code regarding the allowance for current expense for the purpose of making appropriate adjustments to those allowances to account for student transportation and current expense related funding a school district loses in situations where it pays money to a charter school pursuant to this subsection without a corresponding decrease in the county’s transportation and current expense related expenditures;

(2) The rule shall designate which county school district is required to pay for a student attending a public charter school, and notwithstanding the terms in the definition of “net enrollment” in §18-9A-2 of this code, shall provide that the county school district paying for the student attending a public charter school have that student included in its net enrollment for the purposes of §18-9A-1 et seq. of this code; and

If an authorizer fails to close a charter school that does not meet the standards, the authorizer shall appear before the state board to justify its decision. The state board may uphold or
overturn the authorizer’s decision and may revoke the
authority of the authorizer to authorize charter schools.

is located remains the local educational agency for all public
charter schools authorized by the county board and the
public charter school is a school within that local
educational agency except that the public charter school is
treated as a local educational agency for purposes of

the local education agency for public charter schools
authorized by the state board except that the public charter
school is treated as a local educational agency for purposes
of applying for competitive federal grants.

(d) To cover authorizer costs for overseeing public
charter schools, the state board shall establish a statewide
formula for authorizer oversight funding, which shall apply

charter school shall remit to its respective authorizer an
oversight fee. The oversight fee shall be drawn from and
calculated as a uniform percentage of the per pupil basic
foundation as provided pursuant to state board rule

one percent of each public charter school’s per-student
funding in a single school year. The state board may
establish a sliding scale for authorizing funding, with the
funding percentage decreasing after the authorizer has
achieved a certain threshold, such as after a certain number
of schools have been authorized or after a certain number of
students are enrolled in the authorizer’s public charter
schools. The state board shall establish a cap on the total
amount of funding that an authorizer may withhold from a
full-time public charter school. The state board shall
annually review the effectiveness of the state formula for
authorizer funding and shall adjust the formula if necessary
to maximize public benefit and strengthen the
implementation of this act.

The rule also shall include a provision prohibiting a county board from discrimination against any district employee involved directly or indirectly with an application to establish a public charter school under this article.

(f) All state board rules required to be promulgated by this article shall be promulgated on or before January 1, 2020.

ARTICLE 20. EDUCATION OF EXCEPTIONAL CHILDREN.

§18-20-5. Powers and duties of state superintendent.

(a) The State Superintendent of Schools shall organize, promote, administer and be responsible for:

(1) Stimulating and assisting county boards of education in establishing, organizing and maintaining special schools, classes, regular class programs, home-teaching and visiting-teacher services for exceptional children.

(2) Cooperating with all other public and private agencies engaged in relieving, caring for, curing, educating and rehabilitating exceptional children, and in helping coordinate the services of such agencies.

(3) (A) Preparing the necessary rules, policies, and formulas for distribution of available appropriated funds, reporting forms and procedures necessary to define minimum standards in providing suitable facilities for education of exceptional children and ensuring the employment, certification and approval of qualified teachers and therapists subject to approval by the State Board of Education: Provided, That no state rule, policy or standard under this article or any county board rule, policy or standard governing special education may exceed the requirements of federal law or regulation.
(B) A separate appropriation shall be made to the Department of Education to be disbursed to county boards and public charter schools authorized pursuant to §18-5G-1 et seq. of this code to assist them with serving exceptional children with high cost/high acuity special needs that exceed the capacity of county to provide with funds available. Each county board and public charter school shall apply to the state superintendent to receive this funding in a manner set forth by the state superintendent that assesses and takes into account varying acuity levels of the exceptional students. Any remaining funds at the end of a fiscal year from the appropriation shall be carried over to the next fiscal year. When possible, federal funds shall be disbursed to county boards and public charter schools for this purpose before any of the state appropriation is disbursed. The state board shall promulgate a rule in accordance with the provisions of §29A-3B-1 et seq. of this code that implements the provisions of this subdivision relating to disbursing the funds to the county boards and public charter schools. The rule at least shall include a definition for “children with high acuity needs”.

(4) Receiving from county boards and public charter schools, their applications, annual reports and claims for reimbursement from such moneys as are appropriated by the Legislature, auditing such claims, and preparing vouchers to reimburse said counties the amounts reimbursable to them.

(5) Assuring that all exceptional children in the state, including children in mental health facilities, residential institutions, private schools and correctional facilities as provided in §18-2-13f of this code receive an education in accordance with state and federal laws: Provided, That the state superintendent shall also assure that adults in correctional facilities and regional jails receive an education to the extent funds are provided therefor.

(6) Performing other duties and assuming other responsibilities in connection with this program as needed.
(b) Nothing contained in this section shall be construed to prevent any county board of education from establishing and maintaining special schools, classes, regular class programs, home-teaching or visiting-teacher services for exceptional children out of funds available from local revenue.

CHAPTER 18A. SCHOOL PERSONNEL.

ARTICLE 4. SALARIES, WAGES, AND OTHER BENEFITS.

§18A-4-2. State minimum salaries for teachers.

(b) For school year 2018–2019, and continuing thereafter, each teacher shall receive the amount prescribed in the State Minimum Salary Schedule I as set forth in this section; specific additional amounts prescribed in this section or article; and any county supplement in effect in a county pursuant to §18A-4-5a of this code during the contract year: Provided, That for the school year 2019-2020, and continuing thereafter, each teacher shall receive the amount prescribed in the State Minimum Salary Schedule II as set forth in this section, specific additional amounts prescribed in this section or article, and any county supplement in effect in a county pursuant to §18A-4-5a of this code during the contract year.

§18A-4-5. State salary supplement.

(a) The Legislature recognizes its constitutional responsibility to provide for a thorough and efficient system of education. To carry out this responsibility the Legislature enacted, and continues to update, as necessary, the public school support program as set forth in §18-9A-1, et seq. of this code. The public school support program is a non-discriminatory funding mechanism for financing the educational system in this state as it takes into account each county’s specific characteristics, and ensures that all counties are provided equitable funding.

(b) The Legislature further finds that the purpose of the public school support program is not to deter counties from growing economically or from using county resources in a manner that best meets their specific educational needs and the desires of their citizens. To that end, counties must have the discretion and flexibility to use local county funds, not otherwise factored into the public school support program, to provide the best education possible to their students, including, but not limited to, providing salary supplements to teachers.

(c) Subject to available state appropriations and the conditions set forth herein, each teacher and school service personnel shall receive a supplement amount as specified in §18A-4-2 and §18A-4-8a of this code, respectively, of this article in addition to the amount from the state minimum salary schedules provided in those sections. State funds for this purpose shall be paid within the West Virginia public school support plan in accordance with §18-9A-1 et seq. of
this code. The amount allocated for this supplement shall be
apportioned between teachers and school service personnel
in direct proportion to that amount necessary to support the
professional salaries and service personnel salaries
statewide under §18-9A-4, §18-9A-5, and §18-9A-8 of this
code.

(d) Pursuant to this section, each teacher and service
person shall receive from state funds the supplement
amount indicated in §18A-4-2(f) and §18A-4-8a(f) of this
code, as applicable, reduced by any amount provided by the
county as a salary supplement for teachers and school
service personnel on January 1, 1984.

(e) The amount received pursuant to this section shall
not be decreased as a result of any county supplement
increase instituted after January 1, 1984: Provided, That any
amount received pursuant to this section may be reduced
proportionately based upon the amount of funds
appropriated for this purpose. No county may reduce any
salary supplement that was in effect on January 1, 1984,
except as permitted by §18-4-5a and §18-4-5b of this code.

(f) The amendments to this section during the 2019 First
Extraordinary Session of the Legislature shall be effective
for school years beginning on or after July 1, 2019, and the
provisions of this section existing immediately prior to the
2019 First Extraordinary Session of the Legislature remain
in effect for school years beginning prior to July 1, 2019.

§18A-4-5a. County salary supplements for teachers.

(a) County boards of education in fixing the salaries of
teachers shall use at least the state minimum salaries
established under the provisions of this article. The board
can establish salary schedules which shall be in excess of
the state minimums fixed by this article, such county
schedules to be uniform throughout the county as to the
classification of training, experience, responsibility and
other requirements subject to the following:
(1) Counties may fix higher salaries for teachers placed in special instructional assignments, for those assigned to or employed for duties other than regular instructional duties, and for teachers of one-teacher schools;

(2) Counties may provide additional compensation for any teacher assigned duties in addition to the teacher’s regular instructional duties wherein such noninstructional duties are not a part of the scheduled hours of the regular school day;

(3) Counties may provide additional compensation for teachers who are assigned and fully certified to teach in a subject area in which the county board finds it has a critical need and shortage of fully certified teachers;

(4) Counties may provide additional compensation or other financial assistance to teachers who teach in schools that are in remote geographical locations or have experienced high rates of turnover in experienced teachers; and

(5) Counties may provide additional compensation to teachers who, in addition to regularly assigned teaching duties, are assigned as a master teacher, mentor, academic coach, or other title whose duties include providing strong school-based support and supervision to assist licensure candidates in a clinical internship, beginning teachers, and other teachers at the school to improve their professional practice as set forth in the county’s comprehensive system of support for teacher and leader induction and professional growth provided for in section §18A-3C-3 of this code.

(b) In establishing such local salary schedules authorized in subsection (a) of this section, a county may not reduce local funds allocated for salaries in effect on January 1, 1990, and used in supplementing the state minimum salaries as provided for in this article, unless forced to do so by defeat of a special levy, or a loss in assessed values or events over which it has no control and
for which the county board has received approval from the
state board prior to making such reduction.

(c) Counties may provide, in a uniform manner, benefits
for teachers which require an appropriation from local funds
including, but not limited to, dental, optical, health and
income protection insurance, vacation time and retirement
plans excluding the State Teachers Retirement System.
Nothing herein shall prohibit the maintenance nor result in
the reduction of any benefits in effect on January 1, 1984,
by any county board of education.

§18A-4-7a. Employment, promotion, and transfer of
professional personnel; qualifications.

(a) A county board of education shall make decisions
affecting the filling of vacancies in professional positions of
employment on the basis of the applicant with the highest
qualifications: Provided, That the county superintendent
shall be hired under separate criteria pursuant to §18-4-2 of
this code.

(b) In judging qualifications for the filling of vacancies
of professional positions of employment, consideration
shall be given to each of the following:

(1) Appropriate certification, licensure or both;

(2) Amount of experience relevant to the position or, in
the case of a classroom teaching position, the amount of
teaching experience in the required certification area;

(3) The amount of course work, degree level or both in
the relevant field and degree level generally;

(4) Academic achievement;

(5) In the case of a principal or classroom teaching
position, certification by the National Board for
Professional Teaching Standards;
(6) Specialized training relevant to performing the duties of the job;

(7) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant’s performance in the teaching profession;

(8) Seniority;

(9) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(10) In the case of a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and

(11) In the case of a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties.

(c) When filling of a vacancy pursuant to this section, a county board is entitled to determine the appropriate weight to apply to each of the criterion when assessing an applicant’s qualifications: Provided, That if one or more permanently employed instructional personnel apply for a classroom teaching position and meet the standards set forth in the job posting, each criterion under subsection (b) of this section shall be given equal weight except that the criterion in subdivisions (10) and (11) shall each be double weighted.

(d) For a classroom teaching position, if the principal and faculty senate recommend the same applicant pursuant to subdivisions (10) and (11), subsection (b) of this section, and the superintendent concurs with those recommendations, then the other provisions of subsections (b) and (c) of this section do not apply and the county board
shall appoint that applicant notwithstanding any other provision of this code to the contrary.

(e) The state board shall promulgate a rule, including an emergency rule if necessary, in accordance with the provisions of §29A-3B-1 et seq. of this code to implement and interpret the provisions of this section. The rule may provide for a classroom teacher who directly participates in making recommendations pursuant to this section to be compensated at the appropriate daily rate during periods of participation beyond his or her individual contract.

(f) The recommendations of the principal and faculty senate made pursuant to subdivisions (10) and (11), subsection (b) of this section shall be based on a determination as to which applicant is the most highly qualified for the position: Provided, That nothing in this subsection may require principals or faculty senates to assign any amount of weight to any factor in making a recommendation.

(g) With the exception of guidance counselors, the seniority of classroom teachers, as defined in section one, article one of this chapter, shall be determined on the basis of the length of time the employee has been employed as a regular full-time certified and/or licensed professional educator by the county board of education and shall be granted in all areas that the employee is certified, licensed or both.

(h) If two or more employees with the same certification establish an identical seniority date as a result of initial employment as a regular teacher on or after July 1, 2019, the priority between these employees shall be determined by a random selection system established by the employees and approved by the county board. A board shall conduct the random selection within 30 days of the time the employees with the same certification establish an identical seniority date. All employees with an identical seniority date and the same certification shall participate in the random selection.
As long as the affected employees hold the identical seniority date within a certification, the initial random selection conducted by the board shall be permanent for the duration of the employment of the employees by the board.

(i) Upon completion of 133 days of employment in any one school year, substitute teachers, except retired teachers and other retired professional educators employed as substitutes, shall accrue seniority exclusively for the purpose of applying for employment as a permanent, full-time professional employee. One hundred thirty-three days or more of said employment shall be prorated and shall vest as a fraction of the school year worked by the permanent, full-time teacher.

(j) Guidance counselors and all other professional employees, as defined in §18A-1-1 of this code, except classroom teachers, shall gain seniority in their nonteaching area of professional employment on the basis of the length of time the employee has been employed by the county board of education in that area: Provided, That if an employee is certified as a classroom teacher, the employee accrues classroom teaching seniority for the time that employee is employed in another professional area. For the purposes of accruing seniority under this subsection, employment as principal, supervisor or central office administrator, as defined in §18A-1-1 of this code, shall be considered one area of employment.

(k) Employment for a full employment term equals one year of seniority, but an employee may not accrue more than one year of seniority during any given fiscal year. Employment for less than the full employment term shall be prorated.

(l) All decisions on reductions in force shall be based on qualifications as set forth in a county board policy. Furthermore, for the purposes of this subsection and subsections (m) through (t), inclusive, of this section, the word “qualifications” means the qualifications set forth in
county board policy and only means qualifications set forth in subsection (b) of this section to the extent those qualifications are set forth in county board policy: Provided, That in defining the word “qualifications” in its policy, the county board:

(1) Shall consider including the following criteria:

(A) Seniority;

(B) Appropriate certification, licensure, or both;

(C) Amount of experience relevant to the position or, in the case of a classroom teaching position, the amount of teaching experience in the required certification area;

(D) The amount of course work, degree level, or both in the relevant field and degree level generally;

(E) Academic achievement;

(F) In the case of a principal or classroom teaching position, certification by the National Board for Professional Teaching Standards;

(G) Specialized training relevant to performing the duties of the job;

(H) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant’s performance in the teaching profession;

(I) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(J) In the case of transfer or recall to a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and
(K) In the case of transfer or recall to a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties;

(2) Shall consider other criteria set forth in subdivision (1) of this subsection to the extent they are included in the county board policy only after considering personnel whose last performance evaluation conducted pursuant to §18A-2-12 or §18A-3C-2 of this code, as applicable, is less than satisfactory; and

(3) May not include salary as one of the criteria in the definition.

(m) Whenever a county board is required to reduce the number of professional personnel in its employment, the selection of the employee to be properly notified and released from employment pursuant to the provisions of section two, article two of this chapter shall be based upon seniority, certification, licensure and performance evaluations. The provisions of this subsection are subject to the following:

(1) In the event of a reduction in force, a county board of education may properly notify and release from employment pursuant to the provisions of section two, article two of this chapter any classroom teacher with unsatisfactory evaluations for the previous two consecutive years regardless of years of service instead of release from employment of less senior classroom teachers with satisfactory performance evaluations;

(2) All persons employed in a certification area to be reduced who are employed under a temporary permit shall be properly notified and released before a fully certified employee in such a position is subject to release;
(3) Notwithstanding any provision of this code to the contrary, for any vacancy in an established, existing or newly created position that, on or before March 1, is known to exist for the ensuing school year, upon recommendation of the superintendent, the board shall appoint the successful applicant from among all qualified applicants. All employees subject to release shall be considered applicants for the positions for which they are qualified and shall be considered before posting such vacancies for application by nonemployees;

(4) An employee subject to release shall be employed in any other professional position where the employee is certified and was previously employed or to any lateral area for which the employee is certified, licensed or both, if the employees seniority is greater than the seniority of any other employee in that area of certification, licensure or both;

(5) If an employee subject to release holds certification, licensure or both in more than one lateral area and if the employees seniority is greater than the seniority of any other employee in one or more of those areas of certification, licensure or both, the employee subject to release shall be employed in the professional position held by the employee with the least seniority in any of those areas of certification, licensure or both; and

(6) If, prior to August 1 of the year, a reduction in force is approved, the reason for any particular reduction in force no longer exists as determined by the county board in its sole and exclusive judgment, the board shall rescind the reduction in force or transfer and shall notify the released employee in writing of his or her right to be restored to his or her position of employment. Within five days of being so notified, the released employee shall notify the board, in writing, of his or her intent to resume his or her position of employment or the right to be restored shall terminate. Notwithstanding any other provision of this subdivision, if there is another employee on the preferred recall list with proper certification and higher seniority, that person shall be
placed in the position restored as a result of the reduction in force being rescinded.

(n) For the purpose of this article, all positions which meet the definition of “classroom teacher” as defined in §18A-1-1 of this code shall be lateral positions. For all other professional positions, the county board of education shall adopt a policy by October 31, 1993, and may modify the policy thereafter as necessary, which defines which positions shall be lateral positions. In adopting the policy, the board may give consideration to the rank of each position in terms of title; nature of responsibilities; salary level; and certification, licensure or both; along with the days in the period of employment.

(o) All professional personnel whose lesser qualifications, as determined by county board policy, with the county board is insufficient to allow their retention by the county board during a reduction in workforce shall be placed upon a preferred recall list. As to any professional position opening within the area where they had previously been employed or to any lateral area for which they have certification, licensure or both, the employee shall be recalled on the basis of qualifications if no regular, full-time professional personnel, or those returning from leaves of absence with greater qualifications apply for and accept the position.

(p) The board shall annually notify professional personnel on the preferred list of the job application procedures and any websites used to advertise vacancies. The notice shall be sent by certified mail via the U.S. Postal Service to the last known address of the employee, and it shall be the duty of each professional person to notify the board of continued availability annually of any change in address, or of any change in certification, licensure or both.

(q) Openings in established, existing or newly created positions shall be processed as follows:
(1) Boards shall be required to post and date notices of each opening at least once. At their discretion, boards may post an opening for a position other than classroom teacher more than once in order to attract more qualified applicants. At their discretion, boards may repost an opening for a classroom teacher after the first posting in order to attract more qualified applicants subject to the following:

(A) Each notice shall be posted in conspicuous working places for all professional personnel to observe for at least five working days which may include any website maintained by the county board;

(B) At least one notice shall be posted within 20 working days of the position openings and shall include the job description;

(C) Any special criteria or skills that are required by the position shall be specifically stated in the job description and directly related to the performance of the job;

(D) Postings for vacancies made pursuant to this section shall be written so as to ensure that the largest possible pool of qualified applicants may apply; and

(E) Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant;

(2) No vacancy may be filled until after the five-day minimum posting period of the most recent posted notice of the vacancy;

(3) If one or more applicants under all the postings for a vacancy meets the qualifications listed in the job posting, the successful applicant to fill the vacancy shall be selected by the board within 30 working days of the end of the first posting period;

(4) A position held by a teacher who is certified, licensed or both, who has been issued a permit for full-time
employment and is working toward certification in the
permit area shall not be subject to posting if the certificate
is awarded within five years; and

(5) Nothing provided herein may prevent the county
board of education from eliminating a position due to lack
of need.

(r) Notwithstanding any other provision of the code to
the contrary, where the total number of classroom teaching
positions in an elementary school does not increase from
one school year to the next, but there exists in that school a
need to realign the number of teachers in one or more grade
levels, kindergarten through six, teachers at the school may
be reassigned to grade levels for which they are certified
without that position being posted: Provided, That the
employee and the county board mutually agree to the
reassignment.

(s) Reductions in classroom teaching positions in
elementary schools shall be determined pursuant to the
considerations set forth in county board policy and
processed as follows:

(1) When the total number of classroom teaching
positions in an elementary school needs to be reduced, the
reduction shall be made on the basis of qualifications with
the least qualified classroom teacher being recommended
for transfer; and

(2) When a specified grade level needs to be reduced
and the least qualified employee in the school is not in that
grade level, the least qualified classroom teacher in the
grade level that needs to be reduced shall be reassigned to
the position made vacant by the transfer of the least
qualified classroom teacher in the school without that
position being posted: Provided, That the employee is
certified, licensed or both and agrees to the reassignment.
(t) Any board failing to comply with the provisions of this article may be compelled to do so by mandamus and shall be liable to any party prevailing against the board for court costs and reasonable attorney fees as determined and established by the court. Further, employees denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactive to the date of the violation and payable entirely from local funds. Further, the board shall be liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

(u) Notwithstanding any other provision of this code to the contrary, upon recommendation of the principal and approval by the classroom teacher and county board, a classroom teacher assigned to the school may at any time be assigned to a new or existing classroom teacher position at the school without the position being posted.

(v) All personnel in a public charter school shall continue to accrue seniority in the same manner that they would accrue seniority if employed in a noncharter public school in the county for the purpose of employment in noncharter public schools.

§18A-4-8a. Service personnel minimum monthly salaries.

(a) The minimum monthly pay for each service employee shall be as follows:

1. For school year 2018–2019, the minimum monthly pay for each service employee whose employment is for a period of more than three and one-half hours a day shall be at least the amounts indicated in the State Minimum Pay Scale Pay Grade Schedule I and the minimum monthly pay for each service employee whose employment is for a period of three and one-half hours or less a day shall be at least one-half the amount indicated in the State Minimum Pay Scale Pay Grade Schedule I set forth in this subdivision: Provided, That for school year 2019-2020, and continuing
thereafter, the minimum monthly pay for each service employee whose employment is for a period of more than three and one-half hours a day shall be at least the amounts indicated in the State Minimum Pay Scale Pay Grade Schedule II and the minimum monthly pay for each service employee whose employment is for a period of three and one-half hours or less a day shall be at least one-half the amount indicated in the State Minimum Pay Scale Pay Grade Schedule II set forth in this subdivision.

§18A-4-10. Personal leave for illness and other causes; leave banks; substitutes.

(a) Personal Leave.

(1) At the beginning of the employment term, any full-time employee of a county board is entitled annually to at least one and one-half days personal leave for each employment month or major fraction thereof in the employee’s employment term. Unused leave shall be accumulative without limitation and is transferable within the state. A change in job assignment during the school year does not affect the employee’s rights or benefits.

(2) A regular full-time employee who is absent from assigned duties due to accident, sickness, death in the immediate family, or life threatening illness of the employee’s spouse, parents or child, or other cause authorized or approved by the board, shall be paid the full salary from his or her regular budgeted salary appropriation during the period which the employee is absent, but not to exceed the total amount of leave to which the employee is entitled.

(3) Each employee is permitted to use three days of leave annually without regard to the cause for the absence: Provided, That effective July 1, 2019, each employee is permitted to use four days of leave annually without regard to the cause for the absence. Personal leave without cause may not be used on consecutive work days unless authorized or approved by the employee’s principal or immediate supervisor, as appropriate. The employee shall give notice of leave without cause to the principal or
immediate supervisor at least 24 hours in advance, except that in the case of sudden and unexpected circumstances, notice shall be given as soon as reasonably practicable. The principal or immediate supervisor may deny use of the day if, at the time notice is given, either 15 percent of the employees or three employees, whichever is greater, under the supervision of the principal or immediate supervisor, have previously given notice of their intention to use that day for leave. Personal leave may not be used in connection with a concerted work stoppage or strike. Where the cause for leave originated prior to the beginning of the employment term, the employee shall be paid for time lost after the start of the employment term. If an employee uses personal leave which the employee has not yet accumulated on a monthly basis and subsequently leaves the employment, the employee is required to reimburse the board for the salary or wages paid for the unaccumulated leave.

(4) The State Board shall maintain a rule to restrict the payment of personal leave benefits and the charging of personal leave time used to an employee receiving a workers’ compensation benefit from a claim filed against and billed to the county board by which the person is employed. If an employee is awarded this benefit, the employee shall receive personal leave compensation only to the extent the compensation is required, when added to the workers’ compensation benefit, to equal the amount of compensation regularly paid the employee. If personal leave compensation equal to the employee’s regular pay is paid prior to the award of the workers’ compensation benefit, the amount which, when added to the benefit, is in excess of the employee’s regular pay shall be deducted from the employee’s subsequent pay. The employee’s accrued personal leave days shall be charged only for such days as equal the amount of personal leave compensation required to compensate the employee at the employee’s regular rate of pay.
(5) The county board may establish reasonable rules for reporting and verification of absences for cause. If any error in reporting absences occurs, the county board may make necessary salary adjustments:

(A) In the next pay after the employee has returned to duty; or

(B) In the final pay if the absence occurs during the last month of the employment term.

(b) Leave Banks.

(1) Each county board shall establish a personal leave bank that is available to all school personnel. The board may establish joint or separate banks for professional personnel and school service personnel. Each employee may contribute up to two days of personal leave per school year. An employee may not be coerced or compelled to contribute to a personal leave bank.

(2) The personal leave bank shall be established and operated pursuant to a rule adopted by the county board. The rule:

(A) May limit the maximum number of days used by an employee;

(B) Shall limit the use of leave bank days to an active employee with fewer than five days accumulated personal leave who is absent from work due to accident or illness of the employee; and

(C) Shall prohibit the use of days to:

(i) Qualify for or add to service for any retirement system administered by the state; or

(ii) Extend insurance coverage pursuant to §5-16-13 of this code.
(D) Shall require that each personal leave day contributed:

(i) Is deducted from the number of personal leave days to which the donor employee is entitled by this section;

(ii) Is not deducted from the personal leave days without cause to which a donor employee is entitled if sufficient general personal leave days are otherwise available to the donor employee;

(iii) Is credited to the receiving employee as one full personal leave day;

(iv) May not be credited for more or less than a full day by calculating the value of the leave according to the hourly wage of each employee; and

(v) May be used only for an absence due to the purpose for which the leave was transferred. Any transferred days remaining when the catastrophic medical emergency ends revert back to the leave bank.

(3) The administration, subject to county board approval, may use its discretion as to the need for a substitute where limited absence may prevail, when an allowable absence does not:

(i) Directly affect the instruction of the students; or

(ii) Require a substitute employee because of the nature of the work and the duration of the cause for the absence.

(4) If funds in any fiscal year, including transfers, are insufficient to pay the full cost of substitutes for meeting the provisions of this section, the remainder shall be paid on or before the August 31 from the budget of the next fiscal year.

(5) A county board may supplement the leave provisions in any manner it considers advisable in
accordance with applicable rules of the state Board and the provisions of this chapter and chapter 18 of this code.

(c) Effective July 1, 2019, a classroom teacher who has not utilized more than four days of personal leave during the 200-day employment term shall receive a bonus of $500 at the end of the school year. If the appropriations to the Department of Education for this purpose are insufficient to compensate all applicable classroom teachers, the Department of Education shall request a supplemental appropriation in an amount sufficient to compensate all eligible classroom teachers. This bonus may not be counted as part of the final average salary for the purpose of calculating retirement.

AN ACT to amend and reenact §55-7B-7a of the Code of West Virginia, 1931, as amended, relating to the admissibility of health care staffing requirements in medical professional liability litigation; providing that compliance with minimum staffing requirements under state law creates rebuttable presumptions that appropriate staffing and adequate supervision of patients to prevent accidents were provided; requiring that if staffing is less than requirements dictated by state law then there is a rebuttable presumption that there was inadequate supervision of patients and that inadequate staffing or inadequate supervision was a contributing cause of the patient's fall and resulting injuries or death; and requiring the jury be instructed accordingly.

Be it enacted by the Legislature of West Virginia:

ARTICLE 7B. MEDICAL PROFESSIONAL LIABILITY.

§55-7B-7a. Admissibility and use of certain information.

(a) In an action brought, there is a rebuttable presumption that the following information may not be introduced unless it applies specifically to the injured person or it involves substantially similar conduct that occurred within one year of the particular incident involved:

1. A state or federal survey, audit, review or other report of a health care provider or health care facility;
(2) Disciplinary actions against a health care provider’s license, registration or certification;

(3) An accreditation report of a health care provider or health care facility; and

(4) An assessment of a civil or criminal penalty.

(b) In any action brought alleging inappropriate staffing or inadequate supervision, if the health care facility or health care provider demonstrates compliance with the minimum staffing requirements under state law, the health care facility or health care provider is entitled to a rebuttable presumption that appropriate staffing and adequate supervision of patients to prevent accidents were provided, and the jury shall be instructed accordingly.

(c) In any action brought alleging inappropriate staffing or inadequate supervision, if staffing is less than the minimum staffing requirements under state law, then there is a rebuttable presumption that there was inadequate supervision of patients and that inadequate staffing or inadequate supervision was a contributing cause of the patient’s fall and injuries or death arising therefrom, and the jury shall be instructed accordingly.

(d) Information under this section may only be introduced in a proceeding if it is otherwise admissible under the West Virginia Rules of Evidence.
AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §30-1-24, relating generally to criteria for initial licensure to engage in certain professions and occupations; regulating and making consistent the consideration of prior criminal convictions in initial licensure determinations by certain boards and licensing authorities; requiring a rational nexus between prior criminal convictions considered by certain boards and licensing authorities and the profession or occupation for which the initial licensure is sought; providing criteria for certain boards and licensing authorities to consider when determining whether a criminal conviction has a rational nexus to a profession or occupation; defining terms; eliminating offenses generally described as ones of moral turpitude from grounds for denial of an initial license to engage in certain professions and occupations absent there being a rational nexus between the underlying offense and the profession or occupation for which licensure is sought; requiring certain boards and licensing authorities to allow a previously disqualified applicant to apply for licensure after a certain period of time, with exceptions; requiring certain boards and licensing authorities to allow a potential applicant to petition the board or authority for a determination as to whether his or her criminal record precludes licensure and requiring the board or agency to provide the applicant with such determination within a certain period of time; and
requiring certain boards and licensing authorities to promulgate rules.

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE 1. GENERAL PROVISIONS APPLICABLE TO ALL STATE BOARDS OF EXAMINATION OR REGISTRATION REFERRED TO IN CHAPTER.**

**§30-1-24. Use of criminal records as disqualification from authorization to practice.**

(a) *Definitions.* — For the purposes of this section:

1. “Board” means the board, authority, or other agency authorized by the provisions of this chapter to issue licenses, certifications, registrations, or other authorizations to engage in a particular profession or occupation.

2. “License” or “licensure” means the official authorization to engage in a profession or occupation issued by a board, pursuant to the requirements of this chapter.

3. “Unreversed”, as that term refers to a criminal conviction, means that a conviction has not been set aside, vacated, pardoned, or expunged.

(b) Notwithstanding any provision of this chapter to the contrary, except for the professions and occupations regulated by §30-2-1 et seq., §30-3-1 et seq., §30-3E-1 et seq., §30-14-1 et seq., §30-18-1 et seq., and §30-29-1 et seq. of this code, and where not in conflict with an existing compact or model act:

1. Boards subject to the requirements of this section may not disqualify an applicant from initial licensure to engage in a profession or occupation because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the profession or occupation requiring licensure. In determining whether a criminal conviction bears a rational nexus to a
profession or occupation, the board shall consider at a minimum:

(A) The nature and seriousness of the crime for which the individual was convicted;

(B) The passage of time since the commission of the crime;

(C) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the profession or occupation; and

(D) Any evidence of rehabilitation or treatment undertaken by the individual.

(2) Because the term “moral turpitude” is vague and subject to inconsistent applications, boards subject to the requirements of this section may not rely upon the description of a crime for which an applicant has been convicted as one of “moral turpitude” as a basis for denying licensure: Provided, That if the prior conviction for the underlying crime bears a rational nexus to the profession or occupation requiring licensure, the board may consider the conviction according to the requirements of subdivision (1) of this subsection.

(3) Notwithstanding any other provision of this chapter to the contrary, if an applicant is disqualified from licensure because of a prior criminal conviction, a board shall permit the applicant to apply for initial licensure if:

(A) A period of five years has elapsed from the date of conviction or the date of release from incarceration, whichever is later;

(B) The individual has not been convicted of any other crime during the period of time following the disqualifying offense; and
(C) The conviction was not for an offense of a violent or sexual nature: Provided, That a conviction for an offense of a violent or sexual nature may subject an individual to a longer period of disqualification from licensure, to be determined by the individual board.

(4) An individual with a criminal record who has not previously applied for licensure may petition the appropriate board at any time for a determination of whether the individual’s criminal record will disqualify the individual from obtaining a license. This petition shall include sufficient details about the individual’s criminal record to enable the board to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction. The board shall provide the determination within 60 days of receiving the petition from the applicant. The board may charge a fee to recoup its costs for each petition.

(5) The requirements of this section do not apply to the criteria that boards may consider when making determinations regarding relicensure or discipline of licensees.

(c) Every board subject to the provisions of this section shall propose rules or amendments to existing rules for legislative approval to comply with the provisions of this section. These rules or amendments to rules shall be proposed pursuant to the provisions of §29A-3-1 et seq. of this code within the applicable time limit to be considered by the Legislature during its regular session in the year 2020.

[Approved by the Governor on May 29, 2019.]

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §30-20-8a, relating to authorizing the West Virginia Board of Physical Therapy to conduct criminal background checks on applicants seeking their initial license; requiring applicants seeking initial license to submit to national and state criminal record background check as condition of eligibility for license; mandating such applicants to submit fingerprints and authorize board, West Virginia State Police, and Federal Bureau of Investigation to use records submitted to screen applicants; prohibiting release of background check results, with certain exceptions; establishing that background check records are not public records for purposes of chapter 29B of this code; obligating such applicants to complete background check as soon as possible after application for license; requiring applicants to pay costs of fingerprinting and background check; prohibiting board from disqualifying applicants from licensure because of prior conviction unless conviction was for crime bearing rational nexus to the occupation for which licensure is sought; barring board from using crimes of moral turpitude to make licensure decisions; allowing applicants disqualified for licensure because of criminal conviction to reapply after five years after later date of conviction or date of release from penalty imposed for conviction and providing exception for violent or sexual offenses; establishing procedure for individuals with criminal
records to petition board for determination whether such criminal record will disqualify individual from obtaining licensure; and requiring rulemaking by a certain deadline.

Be it enacted by the Legislature of West Virginia:

ARTICLE 20. PHYSICAL THERAPISTS.

§30-20-8a. West Virginia Board of Physical Therapy criminal history record checks.

(a) The West Virginia Board of Physical Therapy is authorized to require state and national criminal history record checks for the purpose of issuing licenses. The West Virginia Board of Physical Therapy shall require an applicant, including physical therapists and physical therapy assistants, as a condition of eligibility for initial license to submit to a state and national criminal history record check as set forth in this section.

(b) The applicant shall meet all requirements necessary to accomplish the state and national criminal history record check, including:

(1) Submitting fingerprints for the purposes set forth in this subsection; and

(2) Authorizing the board, the West Virginia State Police, and the Federal Bureau of Investigation to use all records submitted and produced for the purpose of screening the applicant for a license.

(c) The results of the state and national criminal history record check may not be released to or by a private entity except:

(1) To the individual who is the subject of the criminal history record check;

(2) With the written authorization of the individual who is the subject of the criminal history record check; or
(3) Pursuant to a court order.

(d) The criminal history record check and related records are not public records for the purposes of §29B-1-1 et seq. of this code.

(e) The applicant shall ensure that the criminal history record check is completed as soon as possible after the date of the original application for registration.

(f) The applicant shall pay the actual costs of the fingerprinting and criminal history record check.

(g) The board may not disqualify an applicant for initial licensure because of a prior criminal conviction that has not been reversed unless that conviction is for a crime that bears a rational nexus to the occupation requiring licensure.

(h) The board may not use crimes involving moral turpitude in making licensure determinations.

(i) If an applicant is disqualified for licensure because of a criminal conviction that has not been reversed, the board shall afford the applicant the opportunity to reapply for licensure after the expiration of five years from the date of conviction or date of release from the penalty that was imposed, whichever is later, if the individual has not been convicted of any other crime during that period of time: Provided, That convictions for violent or sexual offenses or offenses shall subject an individual to a longer period of disqualification, to be determined by the board.

(j) An individual with a criminal record who has not previously applied for licensure, certification, or registration may petition the board at any time for a determination of whether the individual’s criminal record will disqualify the individual from obtaining a license or other authorization to practice. This petition shall include sufficient details about the individual’s criminal record to enable the board to identify the jurisdiction where the conviction occurred, the date of the conviction, and the
specific nature of the conviction. The board shall inform the individual of his or her standing within 60 days of receiving the petition from the applicant. The board may charge a fee established by rule to recoup its costs for each petition.

(k) The board shall propose rules or amendments to existing rules for legislative approval to comply with the provisions of this section. These rules or amendments to rules shall be proposed pursuant to the provisions of §29A-3-1 et seq. of this code within the applicable time limit to be considered by the Legislature during its regular session in the year 2020.

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §16-59-1, §16-59-2, and §16-59-3, all relating to regulation of recovery residences; providing voluntary certification procedures; providing voluntary inspection standards; providing requirements for the referral of persons; providing criminal penalties and fines; permitting rulemaking; requiring compliance with the Fair Housing Act and Americans with Disabilities Act; and providing for the payment of state funds to recovery residences in certain circumstances.

Be it enacted by the Legislature of West Virginia:

ARTICLE 59. CERTIFICATION OF RECOVERY RESIDENCES.

§16-59-1. Definitions.

1 As used in this article, the term:

2 (1) “Certificate of compliance” means a certificate that
3 is issued to a recovery residence by the department’s
4 appointed certifying agency.

5 (2) “Certified recovery residence” means a recovery
6 residence that holds a valid certificate of compliance.

7 (3) “Department” means the Department of Health and
8 Human Resources.
“Recovery residence” means a single-family, drug-free, and alcohol-free residential dwelling unit, or other form of group housing, that is offered or advertised by any person or entity as a residence that provides a drug-free and alcohol-free living environment for the purposes of promoting sustained, long-term recovery from substance use disorder.

§16-59-2. Voluntary certification of recovery residences.

(a) The department shall contract with an entity to serve as the certifying agency for a voluntary certification program for drug-free and alcohol-free recovery residences based upon standards determined by the National Alliance for Recovery Residences (NARR) or a similar entity. The certifying agency shall establish and implement an accreditation program for drug-free and alcohol-free recovery residences that shall maintain nationally recognized standards that:

(1) Uphold industry best practices and support a safe, healthy, and effective recovery environment;

(2) Evaluate the residence’s ability to assist persons in achieving long-term recovery goals;

(3) Protect residents of drug- and alcohol-free housing against unreasonable and unfair practices in setting and collecting fee payments.

(b) The department shall require the recovery residence to submit the following:

municipality or county where the recovery residence is located stating that the recovery residence is in compliance.

(c) If a municipality or county offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, the municipality or county must perform requested or required inspections within 30 days of receiving a request for verification. If a residence is located within a municipality or county that offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, and the municipality or county fails to perform requested or required inspections within 30 days of receiving a request for verification, the residence may apply for and be granted certification directly through the certifying agency without the aforementioned verification.

(d) Upon receiving a complete application, the certifying agency shall evaluate the residence to determine if the residence is in compliance with national best-practice standards and safety requirements. Additionally, any application of the items specified in this section must comply with the Fair Housing Act, 42 U.S.C. § 3601 et seq. and the Americans with Disabilities Act of 2008, 42 U.S.C. § 12101 et seq.

(f) The certifying agency shall implement and maintain a process by which a residence whose certification has been suspended or revoked may apply for and be granted reinstatement. If a municipality or county offers or requires verification of compliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, and if the residence’s certification suspended or revoked for noncompliance with local building, maximum occupancy, fire safety, and sanitation codes applicable to single-family housing, the municipality or county may charge a fee of up to $100 for any requested reinspection of a recovery residence by the residence seeking reinstatement.

(g) The department shall periodically evaluate the quality, integrity, and efficacy of the accreditation program developed. The department shall promulgate rules subject to legislative approval in accordance with §29A-3-1 et seq. of this code to implement this section that shall include a process for receiving complaints against drug-free and alcohol-free recovery residences and criteria by which such residences’ certifications can be revoked.

A person who violates this subsection commits a misdemeanor, punishable by a fine of not less than $1,000 nor more than $5,000 for each infraction.

(i) Nothing herein shall be read to require any recovery residence to obtain certifications set forth herein in order to conduct operations.
§16-59-3. Referrals to recovery residences; prohibitions; receipt of state funds.

(a) The certifying agency shall maintain, publish, and disseminate a list of drug- and alcohol-free housing certified pursuant to this section. This list shall be disseminated to the department for use by each state agency or vendor with a statewide contract that provides substance use disorder treatment services. The list shall also be posted on the website maintained by the certifying agency.

(b) The Division of Corrections and Rehabilitation, the Parole Board, county probation offices, day report centers, municipal courts, and a medical or clinical treatment facility that receives any funds for its operations from the State Treasury may not make a referral of any prisoner, parolee, probationer, or prospective, current, or discharged patient or client to a recovery residence unless the recovery residence holds a valid certificate of compliance as provided in §16-59-2 of this code.

(c) No recovery residence is eligible to receive funds from any source within the State Treasury unless it holds a valid certificate of compliance as provided in §16-59-2 of this code.

(d) A state agency and a medical or clinical treatment facility that receive funds for its operation from the State Treasury, that make referrals to recovery residences shall maintain records of referrals to or from recovery residences.

Be it enacted by the Legislature of West Virginia:

ARTICLE 5Y. MEDICATION-ASSISTED TREATMENT PROGRAM LICENSING ACT.

§16-5Y-5. Operational requirements.

(a) The medication-assisted treatment program shall be licensed and registered in this state with the secretary, the Secretary of State, the State Tax Department, and all other applicable business or licensing entities.

(b) The program sponsor need not be a licensed physician but shall employ a licensed physician for the position of medical director, when required by the rules promulgated pursuant to this article.

(c) Each medication-assisted treatment program shall designate a medical director. If the medication-assisted treatment program is accredited by a Substance Abuse and Mental Health Services Administration approved accrediting body that meets nationally accepted standards for providing medication-assisted treatment, including the
Commission on Accreditation of Rehabilitation Facilities or the Joint Commission on Accreditation of Healthcare Organizations, then the program may designate a medical director to oversee all facilities associated with the accredited medication-assisted treatment program. The medical director shall be responsible for the operation of the medication-assisted treatment program, as further specified in the rules promulgated pursuant to this article. He or she may delegate the day-to-day operation of a medication-assisted treatment program as provided in rules promulgated pursuant to this article. Within 10 days after termination of a medical director, the medication-assisted treatment program shall notify the director of the identity of another medical director for that program. Failure to have a medical director practicing at the program may be the basis for a suspension or revocation of the program license. The medical director shall:

1. Have a full, active, and unencumbered license to practice allopathic medicine or surgery from the West Virginia Board of Medicine or to practice osteopathic medicine or surgery from the West Virginia Board of Osteopathic Medicine in this state and be in good standing and not under any probationary restrictions;

2. Meet both of the following training requirements:
   
   (A) If the physician prescribes a partial opioid agonist, he or she shall complete the requirements for the Drug Addiction Treatment Act of 2000; and
   
   (B) Complete other programs and continuing education requirements as further described in the rules promulgated pursuant to this article;

3. Practice at the licensed or registered medication-assisted treatment program a sufficient number of hours, based upon the type of medication-assisted treatment license or registration issued pursuant to this article, to ensure regulatory compliance, and carry out those duties
specifically assigned to the medical director as further described in the rules promulgated pursuant to this article;

(4) Be responsible for monitoring and ensuring compliance with all requirements related to the licensing and operation of the medication-assisted treatment program;

(5) Supervise, control, and direct the activities of each individual working or operating at the medication-assisted treatment program, including any employee, volunteer, or individual under contract, who provides medication-assisted treatment at the program or is associated with the provision of that treatment. The supervision, control, and direction shall be provided in accordance with rules promulgated by the secretary; and

(6) Complete other requirements prescribed by the secretary by rule.

(d) Each medication-assisted treatment program shall designate counseling staff, either employees, or those used on a referral-basis by the program, which meet the requirements of this article and the rules promulgated pursuant to this article. The individual members of the counseling staff shall have one or more of the following qualifications:

(1) Be a licensed psychiatrist;

(2) Certification as an alcohol and drug counselor;

(3) Certification as an advanced alcohol and drug counselor;

(4) Be a counselor, psychologist, marriage and family therapist, or social worker with a master’s level education with a specialty or specific training in treatment for substance use disorders, as further described in the rules promulgated pursuant to this article;
(5) Under the direct supervision of an advanced alcohol and drug counselor, be a counselor with a bachelor’s degree in social work or another relevant human services field: Provided, That the individual practicing with a bachelor’s degree under supervision applies for certification as an alcohol and drug counselor within three years of the date of employment as a counselor;

(6) Be a counselor with a graduate degree actively working toward licensure or certification in the individual’s chosen field under supervision of a licensed or certified professional in that field and/or advanced alcohol and drug counselor;

(7) Be a psych-mental health nurse practitioner or a psych-mental health clinical nurse specialist; or

(8) Be a psychiatry CAQ-certified physician assistant.

(e) The medication-assisted treatment program shall be eligible for, and not prohibited from, enrollment with West Virginia Medicaid and other private insurance. Prior to directly billing a patient for any medication-assisted treatment, a medication-assisted treatment program must receive either a rejection of prior authorization, rejection of a submitted claim, or a written denial from a patient’s insurer or West Virginia Medicaid denying coverage for such treatment: Provided, That the secretary may grant a variance from this requirement pursuant to §15-5Y-6 of this code. The program shall also document whether a patient has no insurance. At the option of the medication-assisted treatment program, treatment may commence prior to billing.

(f) The medication-assisted treatment program shall apply for and receive approval as required from the United States Drug Enforcement Administration, Center for Substance Abuse Treatment, or an organization designated by Substance Abuse and Mental Health and Mental Health Administration.
(g) All persons employed by the medication-assisted treatment program shall comply with the requirements for the operation of a medication-assisted treatment program established within this article or by any rule adopted pursuant to this article.

(h) All employees of an opioid treatment program shall furnish fingerprints for a state and federal criminal records check by the Criminal Identification Bureau of the West Virginia State Police and the Federal Bureau of Investigation. The fingerprints shall be accompanied by a signed authorization for the release of information and retention of the fingerprints by the Criminal Identification Bureau and the Federal Bureau of Investigation. (j) A person may not dispense any medication-assisted treatment medication, including a controlled substance as defined by §60A-1-101 of this code, on the premises of a
licensed medication-assisted treatment program, unless he or she is a physician or pharmacist licensed in this state and employed by the medication-assisted treatment program unless the medication-assisted treatment program is a federally certified narcotic treatment program. Prior to dispensing or prescribing medication-assisted treatment medications, the treating physician must access the Controlled Substances Monitoring Program Database to ensure the patient is not seeking medication-assisted treatment medications that are controlled substances from multiple sources and to assess potential adverse drug interactions, or both. Prior to dispensing or prescribing medication-assisted treatment medications, the treating physician shall also ensure that the medication-assisted treatment medication utilized is related to an appropriate diagnosis of a substance use disorder and approved for such usage. The physician shall also review the Controlled Substances Monitoring Program Database no less than quarterly and at each patient’s physical examination. The results obtained from the Controlled Substances Monitoring Program Database shall be maintained with the patient’s medical records.

(k) A medication-assisted treatment program responsible for medication administration shall comply with:

(1) The West Virginia Board of Pharmacy regulations;
(2) The West Virginia Board of Examiners for Registered Professional Nurses regulations;
(3) All applicable federal laws and regulations relating to controlled substances; and
(4) Any requirements as specified in the rules promulgated pursuant to this article.

(l) Each medication-assisted treatment program location shall be licensed separately, regardless of whether the
program is operated under the same business name or management as another program.

(m) The medication-assisted treatment program shall develop and implement patient protocols, treatment plans, or treatment strategies and profiles, which shall include, but not be limited by, the following guidelines:

(1) When a physician diagnoses an individual as having a substance use disorder, the physician may treat the substance use disorder by managing it with medication in doses not exceeding those approved by the United States Food and Drug Administration as indicated for the treatment of substance use disorders and not greater than those amounts described in the rules promulgated pursuant to this article. The treating physician and treating counselor’s diagnoses and treatment decisions shall be made according to accepted and prevailing standards for medical care;

(2) The medication-assisted treatment program shall maintain a record of all of the following:

AN ACT to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section, designated §24-2-1n, relating to creating a pilot program to encourage utility infrastructure development to certain lands; declaring certain legislative findings; defining certain terms; requiring the Secretary of Commerce to consider certain applications; allowing the secretary to certify sites that do not currently have adequate public utility services from one or more public utilities regulated by the Public Service Commission as having potential for industrial development; requiring the Public Service Commission to consider certain multi-year comprehensive plans for infrastructure development to construct public utility infrastructure and provide services to industrial development sites as certified by the secretary, in lieu of a proceeding pursuant to §24-2-11 of the code; requiring the applicant to publish the anticipated rates and, if any, rate increase under the proposal, by average percentage and dollar amount for customers within a class of service, as a Class I legal advertisement; providing the Public Service Commission with the authority to allow certain public utility infrastructure projects to recover certain costs via ratemaking; providing for the expiration of certain statutory provisions; and providing for an effective date of the provisions of this section.

Be it enacted by the Legislature of West Virginia:
ARTICLE 2. POWERS AND DUTIES OF PUBLIC SERVICE COMMISSION.

§24-2-1n. West Virginia Business Ready Sites Program.

(a) The Legislature finds and declares that:

(1) Presently, West Virginia’s available industrial sites lack competitiveness with industrial sites in surrounding states due in part to the lack of presently constructed, adequate utility infrastructure serving sites having industrial potential;

(2) Having construction-ready industrial sites with adequately developed utility infrastructure will increase the state’s potential to attract new industrial projects to the state and advance the state’s economic development efforts;

(3) Incentivizing utilities to construct adequate public utility infrastructure and provide services to sites identified as having industrial potential will increase the likelihood that such sites are developed; and

(4) Responsibly increasing the number of industrial sites with adequate and fully developed utility services is in the public interest of the state.

(b) Definitions. – For the purpose of this section:

(1) “Industrial Development Agency” means any incorporated organization, foundation, association, or agency to whose members or shareholders no profit inures, which has as its primary function the promotion, encouragement, and development of industrial, commercial, manufacturing, and tourist enterprises or projects in this state;

(2) “Industrial Development Site” means a land development containing a minimum of 50 contiguous acres that is identified by the secretary as having potential for industrial development and that does not currently have
adequate public utility services from one or more public utilities regulated by the Public Service Commission;

(3) “Secretary” means the Secretary of the Department of Commerce; and

(4) “Utility” means electricity, natural gas, water, or sewage service provided by a public utility regulated by the Public Service Commission.

(c) The secretary shall identify a pilot program known hereafter as “The West Virginia Business Ready Sites Program” for the purpose of promoting economic development in certain areas of the state by facilitating the construction of utility infrastructure necessary to increase the attractiveness of such sites for industrial development within the state.

(d) An industrial development agency may identify a potential industrial development site and apply to the secretary for approval of the site as an industrial development site.

(e) Upon receipt of the application, the secretary shall determine whether the potential industrial development site has the attributes to accomplish the public purposes of this section; and, upon determining that the site has such attributes, the secretary may certify the site as an industrial development site and communicate such certification to the Public Service Commission.

(f) After the Public Service Commission receives the certification described in subsection (e) of this section, public utilities may file with the Public Service Commission an application for a multi-year comprehensive plan for infrastructure development to construct public utility infrastructure and provide services to industrial development sites. Subject to commission review and approval, a plan may be amended and updated by the public utility as circumstances warrant. The recovery of costs in
support of the plans shall be allowed in the manner set forth in this section if the proposed plans have been found to be prudent and useful.

(g) The application submitted to the Public Service Commission under subsection (f) of this section is in lieu of a proceeding pursuant to §24-2-11 of this code and shall contain the following:

(1) A description of the infrastructure program, in such detail as the Public Service Commission prescribes, and the projected annual amount in approximate line sizes and feet, general location, type, and projected installation timing of the facilities that the applicant proposes to replace, construct, or improve;

(2) The projected net cost, on an annual basis, of the replacement, construction, or improvements;

(3) The projected start date for the infrastructure program;

(4) The projected numbers of potential new customers that may be served by the infrastructure program and the projected annual demand for public utility services of the customers;

(5) The projected debt for the infrastructure program funding and the projected capital structure for infrastructure program funding;

(6) A proposed full and timely cost recovery mechanism consistent with this section; and

(7) Other information the applicant considers relevant or the Public Service Commission requires.

(h) Upon filing of the application, the applicant shall publish, in the form the Public Service Commission directs, which form shall include, but not be limited to, the anticipated rates and, if any, rate increase under the
proposal, by average percentage and dollar amount for customers within a class of service, as a Class I legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code, the publication area to be each county in which service is provided by the public utility, a notice of the filing of the application, and that the commission shall hold a hearing on the application within 90 days of the notice; unless no opposition to the rate change is received by the commission within one week of the proposed hearing date, in which case the hearing can be waived, and issue a final order within 150 days of the application filing date.

(i) Upon notice and hearing, if required by the Public Service Commission, the commission shall approve the infrastructure program and allow expedited recovery of costs related to the expenditures as provided in subsection (j) of this section if the commission finds that the expenditures and the associated rate requirements are just, reasonable, and are not contrary to the public interest: 

Provided, That the commission may approve infrastructure programs undertaken in connection with a maximum of 10 industrial development sites under this program: Provided, however, That no more than four industrial development sites shall be located in any one congressional district, as such congressional districts are defined in §1-2-3 of this code on the effective date of this section: Provided further, That if the number of congressional districts is reduced to two, that no more than five industrial development sites shall be located in any one congressional district.

(j) Upon Public Service Commission approval, utilities will be authorized to implement the infrastructure programs and to recover related incremental costs, net of contributions to recovery of return, operation and maintenance, depreciation and tax expenses directly attributable to the infrastructure program served by the infrastructure program investments, if any, as provided in the following:

(1) An allowance for return shall be calculated by applying a rate of return to the average planned net
incremental increase to rate base attributable to the infrastructure program for the coming year, considering the projected amount and timing of expenditures under the infrastructure program plus any expenditures in previous years of the infrastructure program. The rate of return shall be determined by utilizing the rate of return on equity authorized by the Public Service Commission in the public utility’s most recent rate case proceeding or in the case of a settled rate case, a rate of return on equity as determined by the commission, and the projected cost of the public utility’s debt during the period of the infrastructure program to determine the weighted cost of capital based upon the public utility’s capital structure.

(2) Income taxes applicable to the return allowed on the infrastructure program shall be calculated at the statutory tax rate for inclusion in rates.

(3) Incremental operation and maintenance, depreciation, and property tax expenses directly attributable to the infrastructure program shall be estimated for the upcoming year.

(4) Following Public Service Commission approval of its infrastructure program, a public utility shall place into effect rates that include an increment that recovers the allowance for return, related income taxes at the statutory rate, operation and maintenance, depreciation, and property tax expenses associated with the public utility’s estimated infrastructure program investments for the upcoming year, net of contributions to recovery of those incremental costs provided by new customers served by the infrastructure program investments, if any. In each year subsequent to the order approving the infrastructure program and the incremental cost recovery increment, the public utility shall file a petition with the Public Service Commission setting forth a new proposed incremental cost recovery increment based on investments to be made in the subsequent year, plus any under-recovery or minus any over-recovery of
actual incremental costs attributable to the infrastructure program investments, for the preceding year.

(5) The facilities installed in an application approved by the Public Service Commission shall be considered used and useful as of the date of construction expenditure for rate recovery.

(k) The public utility may make any accounting accruals necessary to establish a regulatory asset or liability through which actual incremental costs incurred and costs recovered through the rate mechanism are tracked.

(l) Utilities may defer incremental operation and maintenance expenditures attributable to regulatory and compliance-related requirements introduced after the public utility’s last rate case proceeding and not included in the public utility’s current rates. In a future rate case, the Public Service Commission may allow recovery of the deferred costs amortized over a reasonable period of time to be determined by the commission provided the commission finds that the costs were reasonable and prudently incurred and were not reflected in rates in prior rate cases.

(m) The provisions of this section shall expire on December 31, 2024. The expiration of this section shall not affect the full and timely cost recovery of constructing a project that is commenced pursuant to this section prior to such date.

(n) The provisions of this section are effective upon passage.

(S. B. 1009 - By Senators Carmichael (Mr. President) and Prezioso)

[By Request of the Executive]

[Passed May 20, 2019; in effect from passage.]
[Approved by the Governor on May 29, 2019.]

AN ACT to amend and reenact §18C-3-3 of the Code of West Virginia, 1931, as amended; and to amend said code by adding thereto a new section, designated §18C-3-5, all relating to establishing health professionals student loan programs; providing legislative findings and purpose; establishing a loan repayment program for mental health providers; providing for in-state tuition rates to out-of-state medical students who agree to practice for a specific time within West Virginia; establishing the program eligibility requirements; setting forth repayment schedules; creating application procedures; establishing violations; providing for civil penalties for the failure to complete the required service; creating special revenue accounts; and providing for specific policy provisions.

Be it enacted by the Legislature of West Virginia:

ARTICLE 3. HEALTH PROFESSIONALS STUDENT LOAN PROGRAMS.

§18C-3-3. Health Sciences Service Program; establishment; administration; eligibility.
(a) There is continued a special revolving fund account under the Higher Education Policy Commission in the State Treasury formerly known as the Health Sciences Scholarship Fund. The fund shall be used to accomplish the purposes of this section. The fund consists of any of the following:

1. All unexpended health sciences scholarship funds on deposit in the State Treasury on the effective date of this section;
2. Appropriations as may be provided by the Legislature;
3. Repayments, including interest as set by the Vice Chancellor for Health Sciences, collected from program award recipients who fail to practice or teach in West Virginia under the terms of an award agreement or the Health Sciences Scholarship Program previously established by this section; and
4. Amounts that may become available from other sources.

Balances remaining in the fund at the end of the fiscal year do not expire or revert to the general revenue. All costs associated with the administration of this section shall be paid from the Health Sciences Service Program Fund under the direction of the Vice Chancellor for Health Sciences.

(b) Award preference is given to West Virginia residents. An individual is eligible for consideration for a Health Sciences Service Program award if the individual:

1. Either:
   (A) Is a fourth-year medical student at the Marshall University School of Medicine, West Virginia School of Osteopathic Medicine, or West Virginia University School of Medicine who has been accepted in a primary care or
emergency medicine internship/residency program in West Virginia; or

(B) Is enrolled in an approved education program at a West Virginia institution leading to a degree or certification in the field of nurse practitioner, nurse educator, nurse midwife, physician assistant, dentist, pharmacist, physical therapist, doctoral clinical psychologist, licensed independent clinical social worker, or other disciplines identified as shortage fields by the Vice Chancellor for Health Sciences; and

(2) Signs an agreement to practice for at least two years in an underserved area of West Virginia or, if pursuing a master’s degree in nursing, signs an agreement to teach at least two years for a school of nursing located in West Virginia, as may be determined by the Vice Chancellor for Health Sciences, after receiving the master’s degree.

(c) Program awards shall be in an amount set by the Higher Education Policy Commission of at least $20,000 for medical and dental students and at least $10,000 for all others and may be awarded by the Vice Chancellor for Health Sciences, with the advice of an advisory panel, from the pool of all applicants with a commitment to practice in an underserved area of West Virginia. This section does not grant or guarantee any applicant any right to a program award.

(d) A program award recipient who fails to practice in an underserved area of West Virginia within six months of the completion of his or her training, or who fails to complete his or her training or required teaching, is in breach of contract and is liable for repayment of the program award and any accrued interest. The granting or renewal of a license to practice in West Virginia or to reciprocal licensure in another state based upon licensure in West Virginia is contingent upon beginning payment and continuing payment until complete repayment of the award and any accrued interest. A license, renewal, or reciprocity
may not be granted to any person whose repayment is in arrears. The appropriate regulatory board shall inform all other states where a recipient has reciprocated based upon West Virginia licensure of any refusal to renew licensure in West Virginia as a result of failure to repay the award. This provision shall be explained in bold type in the award contract. Repayment terms, not inconsistent with this section, shall be established by the Vice Chancellor for Health Sciences pursuant to the rule required by this section.

(e) (1) There is created a student loan repayment program to be administered by the Higher Education Policy Commission. The loan repayment program shall help repay the student loans for mental health providers who provide therapy and counseling services and who reside in West Virginia and work in an underserved area of West Virginia for up to three years beginning January 1, 2020. Individuals participating in the loan repayment program may be eligible to receive up to $30,000 to be dispersed as follows:

(A) A participant may receive a loan repayment program award of up to $10,000 each year in exchange for the participant completing one year of practice in an underserved area.

(B) A participant may not receive a program award for more than three years of practice.

(C) A participant must direct each award received toward the repayment of his or her educational loans.

(2) There is created a special revenue fund account under the Higher Education Policy Commission in the State Treasury known as the Mental Health Provider Student Loan Repayment Fund. The fund shall be used to accomplish the purposes of this subsection. The fund shall consist of appropriations as may be provided by the Legislature. Any moneys remaining in the fund at the close of a fiscal year shall be carried forward for use in the next fiscal year.
(f) Rule. — The Higher Education Policy Commission shall promulgate a rule pursuant to §29A-3A-1 et seq. of this code to implement and administer this section.

(g) As used in this section:

(1) “Training” means:

(A) The entire degree program or certification program for nurse midwives, nurse practitioners, nurse educators, physician assistants, dentists, pharmacists, physical therapists, doctoral clinical psychologists, licensed independent clinical social workers, and other disciplines identified as shortage fields by the Vice Chancellor for Health Sciences; or

(B) Completion of a degree program and an approved residency/internship program for students pursuing a degree in medicine or osteopathy, or as otherwise may be designated for such students in the rule required by this section.

(2) “Underserved area” means any primary care health professional shortage area located in the state as determined by the Bureau for Public Health or any additional health professional shortage area, including an emergency medicine professional determined by the Vice Chancellor for Health Sciences.

§18C-3-5. Nonresident Medical Student Tuition Regularization Program.

(a) The Legislature finds as follows:

(1) There is a critical need for additional primary care physicians practicing in West Virginia;

(2) West Virginia has an aging population and an increasing need for recruiting primary care physicians, and placing primary care physicians in rural areas of the state;
(3) West Virginia has a historically low retention rate of state resident medical students following graduation;

(4) Efforts by the medical schools in West Virginia to increase class sizes as a means of increasing the number of physicians practicing in the state have been largely ineffective;

(5) The primary care field of practice yields a lower wage than other medical specialties and maintains an extreme shortage of practicing physicians, particularly in rural areas of the state;

(6) The high cost of nonresident medical education tuition, and resulting high level of debt incurred by students, often prohibit nonresident graduates who remain in the state from entering a primary care practice;

(7) Many nonresident medical students in West Virginia have indicated that they would be willing to remain in the state as a practicing physician if it was affordable;

(8) A waiver of the state resident to nonresident tuition rate differential would offset the significant student debt load incurred by nonresident medical school graduates;

(9) Beginning a medical practice with up to four years committed to practicing medicine in a specific area has a strong likelihood of influencing a nonresident medical school graduate to remain in that area following the service commitment;

(10) Investing resources, developing professional networks, and creating community ties all serve to create permanent connections to an area for an individual who is not originally from that area; and

(11) Attracting practicing physicians to rural and medically underserved areas of the state will further attract related health care professionals that support a medical
practice or facility and will expand the economic and job-growth potential of such areas.

(b) It is the purpose of this section to offer nonresident medical students a partial tuition waiver as a means of recruiting practicing physicians to underserved areas, and to primary care and practitioner shortage fields in West Virginia.

(c) There is created the Nonresident Medical Student Tuition Regularization Program to be administered by the Vice Chancellor for Health Sciences in cooperation with the deans of the three medical schools in the state.

(1) Two nonresident medical students from each medical school in the state are selected annually to participate in the program subject to the exception provided in subsection (f) of this section.

(2) Each student selected is charged the state resident tuition rate for each academic year he or she is enrolled in the program and has the cost differential between the resident and nonresident rates waived by the institution at which he or she is enrolled.

(3) For each academic year that a medical student participates in the program, he or she shall commit to render services for one calendar year as a medical doctor or a doctor of osteopathy in this state in a medically underserved area or in a primary care or specialty practice or field in which there is a shortage of physicians, as determined by the Division of Health at the time the application for the program is submitted. The service commitment begins within six months after graduation from an accredited residency program.

(4) Once selected to participate in the program, a student may continue in the program for as long as he or she continues to meet the eligibility criteria in subsection (d) of this section, for a maximum of four academic years.
An individual is eligible for enrollment or continuation in the program if he or she meets the following criteria:

1. Is enrolled or accepted for enrollment at the West Virginia University School of Medicine, the Marshall University School of Medicine, or the West Virginia School of Osteopathic Medicine in a program leading to the degree of Medical Doctor (M.D.) or Doctor of Osteopathy (D.O.);

2. Has not yet received one of the degrees provided in subdivision (1) of this subsection;

3. Satisfies the academic standards established by the program rule;

4. Is not in default of any previous student loan;

5. Is a nonresident student who is charged nonresident tuition rates;

6. Commits to render services for one calendar year as a Medical Doctor or a Doctor of Osteopathy in this state in a medically underserved area or in a primary care or specialty practice or field in which there is a shortage of physicians for each academic year for which he or she participates in the program;

7. Submits to the commission:
   A. An application for enrollment in the program as provided by the commission; and
   B. A sworn statement of commitment to service on a form provided by the commission for that purpose; and

8. Other criteria as established by the program rule.

A program participant violates the service commitment if he or she:
(A) Fails to render services as a Medical Doctor or Doctor of Osteopathy in accordance with the sworn statement he or she submitted to the commission. This includes failure to begin serving within six months of completing an accredited residency program, or failure to complete each one-year term to which he or she committed to serve; or

(B) Fails to complete or remain enrolled in the medical education program for which he or she obtained the tuition waiver.

(2) A program participant who violates the service commitment is subject to the following:

(A) He or she shall repay the amount of nonresident tuition charges waived plus interest at a rate of five percent per annum;

(B) The granting or renewal of a license to practice medicine in West Virginia or to reciprocal licensure in another state based upon licensure in West Virginia is contingent upon commencing payment and continuing payment until full repayment of the obligation if the recipient fails to complete the required practice commitment. A license, renewal, or reciprocity may not be granted to an individual whose repayments are in arrears. The West Virginia Board of Medicine shall inform all other states where a recipient has reciprocated based upon West Virginia licensure of any refusal to renew licensure in West Virginia as a result of failure to repay the tuition amount.

(f) The commission shall develop policy to provide for:

(1) A method for selecting annually the six new students to be enrolled in the program, with priority consideration to applicants in the earliest academic years of the medical education program;
(2) A method for selecting greater or fewer than two participants from a single medical school in any year where two suitable applicants are not available at each school;

(3) A method for the applicant to select the service area or specialty to which he or she commits to practice medicine;

(4) A method for developing a mutually agreeable modification to the terms of a participant’s service commitment regarding the medically underserved area or primary care or specialty practice or field in which he or she committed to serve under circumstances where the Division of Health determines at the time the participant’s service commitment is scheduled to commence that the area is no longer medically underserved or that primary care or service specialty is no longer experiencing a physician shortage;

(5) Provisions for enforcing sanctions against a participant who fails to satisfy the service commitment; and

(6) Such other provisions as the commission considers necessary to administer the program.

(g) There is created in the State Treasury a special revenue account to be designated the Nonresident Medical Student Tuition Regularization Fund which is an interest-bearing account that may be invested and retain all earnings. Expenditures from the fund shall be for the purposes set forth in this section and are to be made only in accordance with appropriation by the Legislature and in accordance with §11B-2-1 et seq. of this code.
AN ACT to amend and reenact §11-14C-30 of the Code of West Virginia, 1931, as amended, relating to refunds of excise taxes collected from dealers of petroleum products under certain circumstances; and increasing a cap on the amount of tax that may be refunded for fuels lost through evaporation.

Be it enacted by the Legislature of West Virginia:

ARTICLE 14C. MOTOR FUEL EXCISE TAX.

§11-14C-30. Refund of taxes erroneously collected, etc.; refund for gallonage exported or lost through casualty or evaporation; change of rate; petition for refund.

(a) The commissioner is hereby authorized to refund from the funds collected under the provisions of this article any tax, interest, additions to tax or penalties which have been erroneously collected from any person.

(b) Any supplier, distributor, producer, retail dealer, exporter or importer, while the owner of motor fuel in this state, that loses any invoiced gallons of motor fuel through fire, lightning, breakage, flood or other casualty, which gallons having been previously included in the tax by or for that person, may claim a refund of a sum equal to the amount of the flat rate of the tax levied by section five of this article paid upon the invoiced gallons lost.
(c) Any dealer as defined in §47-11C-2 of this code, and any bulk plant in this state that purchases or receives motor fuel in this state upon which the tax levied by section five of this article has been paid, is entitled to an annual refund of the flat rate of the tax levied by section five of this article for invoiced gallons lost through evaporation: Provided, That only the owner of the bulk plant that is also the owner of the fuel in the bulk plant may claim this refund for invoiced gallons lost through evaporation. The refund is computed at the flat rate of tax levied per gallon under this article on all invoiced gallons of motor fuel actually lost due to evaporation, not exceeding one percent of the adjusted total accountable gallons, computed as determined by the commissioner.

(d) Every supplier, distributor or producer, retail dealer, exporter or importer is entitled to a refund of the flat rate of the tax levied by section five of this article from this state of the amount resulting from a change of rate decreasing the tax under the provisions of this article on motor fuel on hand and in inventory on the effective date of the rate change, which motor fuel has been included in any previous computation by which the tax levied by this article has been paid.

(1) The numerator of which is the sum of the average of the monthly beginning and ending account balances of the S corporation, or limited liability company, during the taxable year (account balances to be determined at cost in the same manner that obligations, investments and loans are reported on Schedule L of Federal Form 1120S, or Schedule L of Form 1065) of the following:

(2) The denominator of which is the average of the monthly beginning and ending account balances of the total assets of the S corporation, or limited liability company, which are shown on Schedule L of Federal Form 1120S, which is filed by the S corporation, or on Schedule L of Federal Form 1065, which is filed by the limited liability company, with the Internal Revenue Service: Provided, That the adjustment allowed herein shall not be made to the extent that the adjustments provided for in this section are otherwise allowed by §11-21-12 of this code and shall not be made to adjusted gross income of a taxpayer who is a shareholder of an S corporation, or a member of a limited liability company, engaged in banking business if the income of the S corporation, or limited liability company, of which the taxpayer is a shareholder, or member, has been adjusted at the S corporation, or limited liability company, level for the tax year.

(b) **Apportionment rules for organizations engaged in business both within and without this state.** — For taxable years beginning on and after January 1, 2018, an S
corporation, or a limited liability company, engaged in business as a financial organization as defined in §11-24-3a(a)(14) of this code, which regularly engages in business both within and without this state shall apportion the business income component of its federal taxable income, after adjustment as provided in subsection (a) of this section, by multiplying the amount thereof by the special gross receipts factor determined as provided in subsection (c) of this section.

(c) **Special gross receipts factor.** — The gross receipts factor is a fraction, the numerator of which is the total gross receipts of the S corporation, or limited liability company, engaged in business as a financial organization as defined in §11-24-3a(a)(14) of this code from sources within this state during the taxable year and the denominator of which is the total gross receipts of the S corporation, or limited liability company, engaged in business as a financial organization as defined in §11-24-3a(a)(14) of this code wherever earned during the taxable year: Provided, That neither the numerator nor the denominator of the gross receipts factor shall include receipts from obligations described in subsection(a) of this section.

(b) **Character of items.** — Each item of partnership income, gain, loss, or deduction shall have the same character for a partner under this article as for federal income tax purposes. Where an item is not characterized for federal income tax purposes, it shall have the same character for a partner as if realized directly from the source from which realized by the partnership, or incurred in the same manner as incurred by the partnership.

(c) **West Virginia tax avoidance or evasion.** — Where a partner’s distributive share of an item of partnership income, gain, loss or deduction is determined for federal income tax purposes by special provision in the partnership agreement with respect to such item, and where the principal purpose of such provision is the avoidance or evasion of tax under this article, the partner’s distributive share of such item, and any modification required with respect thereto shall be determined as if the partnership agreement made no special provision with respect to such item.

§11-21-37c. Special apportionment rules - financial organizations.

(a) General. — The Legislature hereby finds that the general formula set forth in §11-21-37a of this code for apportioning the business income of persons taxable in this state as well as in another state is inappropriate for use by financial organizations due to the particular characteristics of those organizations and the manner in which their business is conducted. Accordingly, the general formula set forth in §11-21-37a of this code may not be used to apportion the business income of financial organizations, which shall use only the apportionment formula and methods set forth in this section.

(b) West Virginia financial organizations taxable in another state. — The West Virginia taxable income of a financial organization that has its commercial domicile in this state and which is taxable in another state shall be the sum of: (1) The nonbusiness income component of its adjusted federal taxable income for the taxable year which is allocated to this state as provided §11-21-37a(d) of this code; plus (2) the business income component of its
adjusted federal taxable income for the taxable year which is apportioned to this state as provided in this section.

(c) Out-of-state financial organizations with business activities in this state. — The West Virginia taxable income of a financial organization that does not have its commercial domicile in this state but which regularly engages in business in this state shall be the sum of: (1) The nonbusiness income component of its adjusted federal taxable income for the taxable year which is allocated to this state as provided in §11-21-37a(d) of this code; plus (2) the business income component of its adjusted federal taxable income for the taxable year which is apportioned to this state as provided in this section.

(d) Engaging in business - nexus presumptions and exclusions. — A financial organization that has its commercial domicile in another state is presumed to be regularly engaging in business in this state if during any year it obtains or solicits business with 20 or more persons within this state, or if the sum of the value of its gross receipts attributable to sources in this state equals or exceeds $100,000. However, gross receipts from the following types of property, as well as those contacts with this state reasonably and exclusively required to evaluate and complete the acquisition or disposition of the property, the servicing of the property or the income from it, the collection of income from the property or the acquisition or liquidation of collateral relating to the property shall not be a factor in determining whether the owner is engaging in business in this state:

(1) An interest in a real estate mortgage investment conduit, a real estate investment trust, or a regulated investment company;

(2) An interest in a loan backed security representing ownership or participation in a pool of promissory notes or certificates of interest that provide for payments in relation
to payments or reasonable projections of payments on the notes or certificates;

(3) An interest in a loan or other asset from which the interest is attributed to a consumer loan, a commercial loan, or a secured commercial loan and in which the payment obligations were solicited and entered into by a person that is independent, and not acting on behalf, of the owner;

(4) An interest in the right to service or collect income from a loan or other asset from which interest on the loan is attributed as a loan described in the previous paragraph and in which the payment obligations were solicited and entered into by a person that is independent, and not acting on behalf, of the owner; or

(5) Any amounts held in an escrow or trust account with respect to property described above.

(e) Definitions. — For purposes of this section:

(1) “Commercial domicile” has same meaning as that term is defined in §11-24-3a of this code.

(2) “Deposit” means:

(A) The unpaid balance of money or its equivalent received or held by a financial organization in the usual course of business and for which it has given or it is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credit funds, or which is evidenced by a certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial organization, or a letter of credit or a traveler’s check on which the financial organization is primarily liable: Provided, That without limiting the generality of the term “money or its equivalent”, any account or instrument must be regarded as
evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining any credit or instrument is primarily or secondarily liable or for a charge against a deposit account or in settlement of checks, drafts or other instruments forwarded to the bank for collection;

(B) Trust funds received or held by the financial organization, whether held in the trust department or held or deposited in any other department of the financial organization;

(C) Money received or held by a financial organization or the credit given for money or its equivalent received or held by a financial organization in the usual course of business for a special or specific purpose, regardless of the legal relationship thereby established, including, without being limited to, escrow funds, funds held as security for an obligation due the financial organization or other, including funds held as dealers’ reserves or for securities loaned by the financial organization, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes: Provided, That there may not be included funds which are received by the financial organization for immediate application to the reduction of an indebtedness to the receiving financial organization, or under condition that the receipt thereof immediately reduces or extinguishes an indebtedness;

(D) Outstanding drafts, including advice or authorization to charge a financial organization’s balance in another organization, cashier’s checks, money orders or other officer’s checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial organization itself; and
(E) Money or its equivalent held as a credit balance by a financial organization on behalf of its customer if the entity is engaged in soliciting and holding balances in the regular course of its business.

(3) “Financial organization” has the same meaning as that term is defined in §11-21-3a of this code.

(4) “Sales” means, for purposes of apportionment under this section, the gross receipts of a financial organization included in the gross receipts factor described in subsection (g) of this section, regardless of their source.

(f) Apportionment rules. — A financial organization which regularly engages in business both within and without this state shall apportion the business income component of its federal taxable income, after adjustment as provided in §11-21-12j of this code, by multiplying the amount thereof by the special gross receipts factor determined as provided in subsection (g) of this section.

(g) Special gross receipts factor. — The gross receipts factor is a fraction, the numerator of which is the total gross receipts of the taxpayer from sources within this state during the taxable year and the denominator of which is the total gross receipts of the taxpayer wherever earned during the taxable year: Provided, That neither the numerator nor the denominator of the gross receipts factor shall include receipts from obligations described in §11-21-12j(a)(1)(A), (B), (C), and (D) of this code.

(1) Numerator. — The numerator of the gross receipts factor shall include, in addition to items otherwise includable in the sales factor under §11-21-37a of this code, the following:

(A) Receipts from the lease or rental of real or tangible personal property whether as the economic equivalent of an extension of credit or otherwise if the property is located in this state;
(B) Interest income and other receipts from assets in the nature of loans which are secured primarily by real estate or tangible personal property if the security property is located in the state. If the security property is also located in one or more other states, receipts are presumed to be from sources within this state, subject to rebuttal based upon factors described in rules to be proposed by the Tax Commissioner, including the factor that the proceeds of any loans were applied and used by the borrower entirely outside of this state;

(C) Interest income and other receipts from consumer loans which are unsecured or are secured by intangible property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means or otherwise;

(D) Interest income and other receipts from commercial loans and installment obligations which are unsecured or are secured by intangible property if and to the extent that the borrower or debtor is a resident of or is domiciled in this state: Provided, That receipts are presumed to be from sources in this state and the presumption may be overcome by reference to factors described in rules to be proposed by the Tax Commissioner, including the factor that the proceeds of any loans were applied and used by the borrower entirely outside of this state;

(E) Interest income and other receipts from a financial organization’s syndication and participation in loans, under the rules set forth in paragraphs (A) through (D), inclusive, of this subdivision;

(F) Interest income and other receipts, including service charges, from financial institution credit card and travel and entertainment credit card receivables and credit card holders’ fees if the borrower or debtor is a resident of this state or if the billings for any receipts are regularly sent to an address in this state;
(G) Merchant discount income derived from financial institution credit card holder transactions with a merchant located in this state. When merchants are located within and without this state, only receipts from merchant discounts attributable to sales made from locations within this state shall be attributed to this state. It shall be presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer;

(H) Gross receipts from the performance of services are attributed to this state if:

(i) The service receipts are loan-related fees, including loan servicing fees, and the borrower resides in this state, except that, at the taxpayer’s election, receipts from loan-related fees which are either: (I) “Pooled” or aggregated for collective financial accounting treatment; or (II) manually written as nonrecurring extraordinary charges to be processed directly to the general ledger may either be attributed to a state based upon the borrowers’ residences or upon the ratio that total interest sourced to that state bears to total interest from all sources;

(ii) The service receipts are deposit-related fees and the depositor resides in this state, except that, at the taxpayer’s election, receipts from deposit-related fees which are either: (I) “Pooled” or aggregated for collective financial accounting treatment; or (II) manually written as nonrecurring extraordinary charges to be processed directly to the general ledger may either be attributed to a state based upon the depositors’ residences or upon the ratio that total deposits sourced to that state bears to total deposits from all sources;

(iii) The service receipt is a brokerage fee and the account holder is a resident of this state;

(iv) The service receipts are fees related to estate or trust services and the estate’s decedent was a resident of this state
immediately before death or the grantor who either funded or established the trust is a resident of this state; or

(v) The service receipt is associated with the performance of any other service not identified above and the service is performed for an individual resident of, or for a corporation or other business domiciled in, this state and the economic benefit of service is received in this state;

(I) Gross receipts from the issuance of travelers’ checks and money orders if the checks and money orders are purchased in this state; and

(J) All other receipts not attributed by this rule to a state in which the taxpayer is taxable shall be attributed pursuant to the laws of the state of the taxpayer’s commercial domicile.

(2) Denominator. — The denominator of the gross receipts factor shall include all of the taxpayer’s gross receipts from transactions of the kind included in the numerator, but without regard to their source or situs.

(h) Effective date. — The provisions of this section enacted in 2019 shall apply to all taxable years beginning on or after January 1, 2018.

The amount of the credit available to any eligible taxpayer shall be equal to its cost of providing electric or natural gas service, or both, at special
reduced rates as certified by the Public Service Commission under the provisions of §24-2A-2 of this code to qualified residential customers, less any reimbursement of said cost which the taxpayer has received through any other means.

(b) For tax years beginning on or after January 1, 2019, there shall be allowed to any eligible taxpayer a credit against the business and occupation taxes imposed by §11-13-1 et seq. of this code, for reducing rates for providing electric, natural gas, sewer or water service, or any combination of electric, natural gas, water or sewer services. The amount of the credit available to any eligible taxpayer shall be equal to its cost of providing utility service at special reduced rates to qualified residential customers, less any reimbursement of said cost which the taxpayer has received through any other means.

ARTICLE 24. CORPORATION NET INCOME TAX.

§11-24-11. Credit for reducing electric or natural gas or water utility rates for low-income residential customers.

(a) General. — A credit shall be allowed against the primary tax liability of an eligible taxpayer under this article for the cost of providing electric or natural gas or water utility service, or any combination of electric, natural gas or water utility services, at special reduced rates to qualified low-income residential customers which has not been reimbursed by any other means.

(b) Definitions. — For purposes of this section, the term:

(1) “Eligible taxpayer” means a utility which has provided electric, natural gas, water, or sewer utility service, or any combination of electric, natural gas, water, or sewer utility services, to qualified low-income residential customers at special reduced rates.

(2) “Cost of providing electric or natural gas or water or sewer utility service, or any combination of electric, or natural gas, or water, or sewer utility services, at special
reduced rates” means the amount certified by the Public
Service Commission under the provisions of §24-2A-2 of
this code, as the revenue deficiency incurred by a public
utility in providing special reduced rates for electric or
natural gas or water or sewer utility service, or any
combination of electric, natural gas or water or sewer utility
services, as required by §24-2A-1 of this code or authorized
by §24-2A-5 of this code.

(3) “Special reduced rates” means the rates ordered or
approved by the Public Service Commission under the
authority of §24-2A-1 or §24-2A-5 of this code.

(4) “Qualified low-income residential customers”
means those utility customers eligible to receive electric, or
natural gas, or water or sewer utility service, or any
combination of electric, natural gas, or water or sewer utility
services, under special reduced rates.

(c) Amount of credit. —

(1) For tax years beginning prior to January 1, 2019, the
amount of the credit available to any eligible taxpayer shall
be equal to its cost of providing electric, or natural gas, or
water utility service, or any combination of electric, natural
gas, or water utility services, at special reduced rates to
qualified residential customers, less any reimbursement of
said cost which the taxpayer has received through any other
means.

(2) For tax years beginning on or after January 1, 2019,
the amount of the credit available to any eligible taxpayer
shall be equal to its cost of providing electric, or natural gas,
or water or sewer utility service, or any combination of
electric, natural gas, water or sewer utility services, at
special reduced rates to qualified residential customers, less
any reimbursement of said cost which the taxpayer has
received through any other means.
(d) When credit may be taken. — An eligible taxpayer may claim a credit allowed under this section on its annual return for the taxable year in which it receives certification of the amount of its revenue deficiency from the Public Service Commission.

Notwithstanding the provisions of §11-24-16 of this code to the contrary, no credit may be claimed on any declaration of estimated tax filed for such taxable year prior to July 1 of such taxable year. Such credit may be claimed on a declaration or amended declaration filed on or after that date but only if the amount certified will not be recovered by application of the business and occupation tax credit allowed by §11-13-3f of this code. In such event, only that amount not recovered by that credit may be considered or taken as a credit when estimating the tax due under this article. In no event may the eligible taxpayer recover more than 100 percent of its revenue deficiency as certified by the Public Service Commission.

(e) Application of credit. — The credit allowable by this section for a taxable year is not subject to the 50 percent limitation specified in §11-24-9 of this code. Notwithstanding the provisions of §11-13F-4 of this code, any unused credit may be carried over and applied against business and occupation taxes in the manner specified in §11-13F-5 of this code.

(f) Copy of certification order. — A copy of a certification order from the Public Service Commission shall be attached to any annual return under this article on which a credit allowed by this section is taken.

ARTICLE 2A. REDUCED RATES FOR LOW-INCOME RESIDENTIAL CUSTOMERS OF ELECTRICITY, NATURAL GAS, WATER, OR SEWER.

§24-2A-5. Special rates for certain water, sewer, or combined water and sewer utility customers.
(a) The commission may authorize a privately owned water, sewer or combined water and sewer utility to voluntarily implement a rate design featuring reduced rates and charges for service for residential utility customers receiving:

1. Social Security Supplemental Security Income (SSI);
2. Temporary Assistance for Needy Families (TANF);
3. Temporary Assistance for Needy Families - Unemployed Parent Program (TANF-UP); or
4. Assistance from the Supplemental Nutrition Assistance Program (SNAP) if they are sixty years of age or older.

(b) The special reduced rate offered by each water, sewer, or combined water and sewer utility to its eligible customers shall be a percentage less, which shall be approved by the commission, than the rate that would be applicable to such customers if they were not receiving any of the four forms of assistance that confer eligibility for the special reduced rates approved by the commission: Provided, That such rate reduction shall not exceed 20 percent of the rate that would be otherwise applicable.

(c) Before any individual may qualify to receive the special reduced rates, the following requirements must be met:

1. The special reduced rates may apply only to current customers or to those persons who subsequently become customers in their own right. If an SSI, TANF, TANF-UP or SNAP recipient is living in a household that is served under the name of a person who is not an SSI, TANF, TANF-UP or SNAP recipient, that service may not be changed or have been changed subsequent to July 1, 2011, to the name of the SSI, TANF, TANF-UP or SNAP
recipient in order to qualify for service under the special reduced rates.

(2) The burden of proving eligibility for the special reduced rates shall be on the customer requesting such rates. The Department of Health and Human Resources shall establish by rules and procedures:

(A) To inform persons receiving any of the four forms of assistance that confer eligibility for the special reduced rates about the availability of the special reduced rates;

(B) To assist applicants for the special reduced rates in proving their eligibility therefor; and

(C) To assist water, sewer, or combined water and sewer utilities offering the special reduced rates in determining on a continuing basis the eligibility therefor of persons receiving or applying for such rates.

The commission shall establish rules and procedures for the application for and provision of service under the special reduced rates and for the determination and certification of revenue deficiencies resulting from the special reduced rates.

(3) In order to provide each eligible residential utility customer the special reduced rates, each utility providing the special reduced rates shall credit against amounts otherwise owed by each customer an amount equal to the difference between the total amount that each customer was actually billed during the previous month and the total amount that each customer would have been entitled to be billed under the special reduced rates. Each credit shall be fully reflected on the first bill issued to each customer after approval of each customer’s application for the special reduced rates, except in cases where the interval between the approval and the issuance of the next bill is so short that it is administratively impracticable to do so, in which case, such credits shall be fully reflected on the second bill issued to each customer after approval of that customer’s application. If the interval between the approval and the
issuance of the next bill is 15 days or more, it may not be
deemed administratively impracticable to reflect the credit
on the customer’s first bill.

ARTICLE 3. DUTIES AND PRIVILEGES OF PUBLIC
UTILITIES SUBJECT TO REGULATIONS OF
COMMISSION.

§24-3-2. Discrimination prohibited.

No public utility subject to the provisions of this chapter
shall, directly or indirectly, by any special rate, rebate,
drawback or other device or method, charge, demand,
collect or receive from any person, firm or corporation, a
greater or less compensation, for any service rendered or to
be rendered, than it charges, demands, collects, or receives
from any other person, firm or corporation for doing a like
and contemporaneous service under the same or
substantially similar circumstances and conditions.

It shall be unlawful for any public utility subject to the
provisions of this chapter to make or give any undue or
unreasonable preference or advantage to any particular
person, company, firm, corporation or locality, or any
particular character of traffic or service, in any respect
whatsoever, or to subject any particular person, firm,
corporation, company or locality, or any particular character
of traffic or service, to any undue or unreasonable prejudice
or disadvantage in any respect whatsoever.

Nothing in this section shall be construed to prevent the
commission from:

(a) Authorizing or requiring any rate design consistent
with the purposes and policies set forth in §24-2A-1 et seq.
of this code; or

(b) Authorizing a private water, sewer, or combined
water and sewer utility to voluntarily implement a rate
design featuring reduced rates and charges for service to
qualifying low-income residential customers.

(3) Order the expungement of any conviction for driving under the influence of alcohol or controlled substances, as provided in §61-11-26 of this code.

(b) Notwithstanding any other provision of this code, no court or other tribunal may enter an order or take any other action related to a motor vehicle traffic control offense that violates any applicable federal law or regulation, including, but not limited to:

(1) The requirements or conditions contained in 23 U.S.C. §164 et seq. and 23 C.F.R. §1275 et seq.; and
CHAPTER 62. CRIMINAL PROCEDURE.

(a) Eligibility. — A military service member offender, who is eligible for probation based upon the nature of the offense for which he or she has been charged, and in consideration of his or her criminal background, if any, may, upon application, be admitted into a court program only upon the agreement of the prosecutor and the offender. Additionally, the court must also determine whether the offense is in any way attributable to the offender’s military service.

(b) A military service member offender may not participate in the court program if he or she has been charged with any of the following offenses:

(1) A sexual offense, including, but not limited to, a violation of the felony provisions of §61-8-1 et seq., §61-8B-1 et seq., §61-8C-1 et seq., or §61-8D-1 et seq. of this code, or a criminal offense where the judge has made a written finding that the offense was sexually motivated;

(2) A felony violation of the provisions of §61-8D-2, §61-8D-2a, or §61-8D-3a of this code;

(c) Written agreement. — Participation in a Military Service Members Court program, with the consent of both the prosecutor and the court, shall be pursuant to a written agreement. This written agreement shall set forth all of the agreed upon provisions to allow the military service member offender to proceed in the court. The offender shall execute a written agreement with the court as to his or her participation in the program and shall agree to all of the terms and conditions of the program, including, but not limited to, the possibility of sanctions or incarceration for failing to comply with the terms of the program.

§62-16-6. Procedure; mental health and substance abuse treatment; violation; termination.

(a) Procedure. — Upon application, the court shall order the offender to submit to an eligibility screening, a mental
health and drug/alcohol screening, and an assessment by the Department of Veterans Affairs (VA) Veterans Justice Outreach to provide information on the offender’s mental health or military service member status. The assessment shall include a risks assessment and be based, in part, upon the known availability of treatment resources available to the court. The assessment shall also include recommendations for treatment of the conditions which are indicating a need for treatment under the monitoring of the court and reflect a level of risk assessed for the individual seeking admission. The court is not required to order an assessment if a valid screening or assessment related to the present charge(s) pending against the offender has been completed within the previous 60 days.

(b) The court may order the offender to complete substance abuse treatment in an outpatient, inpatient, residential, or jail-based custodial treatment program, order the offender to complete mental health counseling in an inpatient or outpatient basis, comply with all physician recommendations regarding medications, and complete all follow-up treatment. The mental health issues for which treatment may be provided include, but are not limited to, post-traumatic stress disorder, traumatic brain injury, and depression.

(c) Mental health and substance abuse treatment. — The court may maintain a network of mental health treatment programs and substance abuse treatment programs representing a continuum of graduated mental health and substance abuse treatment options commensurate with the needs of offenders; these shall include programs with the VA, the department, this state, and community-based programs.

(d) Violation. — The court may impose reasonable sanctions under the offender’s written agreement, including, but not limited to, imprisonment or dismissal of the offender from the program. The court may reinstate criminal proceedings against him or her for a violation of probation,
conditional discharge, or supervision hearing, if the court finds from the evidence presented, including, but not limited to, the reports or proffers of proof from the court’s professionals that:

(2) The offender is not benefitting from educational treatment or rehabilitation;

(3) The offender has engaged in criminal conduct rendering him or her unsuitable for the program; or

(4) The offender has otherwise violated the terms and conditions of the program or his or her sentence or is for any reason unable to participate.

(f) Nothing in this article shall be construed to permit a military service member court or any other court or tribunal to enter an order or take any other action that violates any applicable federal law or regulation, including, but not limited to:
