DONALD J. TRUMP, Republican, is the 45th President of the United States. Before entering politics, he was a businessman and television personality. Trump was born in the New York City borough of Queens. Education: Economics degree from the Wharton School of the University of Pennsylvania. Married on January 22, 2005, to Melania Knauss; children: Donald Jr., Ivanka, Eric, Tiffany, and Barron.

A third-generation businessman, Trump followed in the footsteps of his grandmother Elizabeth and father Fred in running the family real estate company (now The Trump Organization). He controlled it from 1971 until his inauguration as president in January 2017, when he delegated company management to his sons Donald Jr. and Eric. Trump’s business career primarily focused on building or renovating office towers, hotels, casinos, and golf courses. Trump has also started multiple side ventures and branded various products with his name. He has written or co-authored several books, including The Art of the Deal, and he produced and hosted the television show The Apprentice for 12 years. As of 2017, he was the 544th richest person in the world, with an estimated net worth of $3.5 billion.

JOE MANCHIN III
United States Senator

JOE MANCHIN III (D) of Fairmont, Marion County, was elected to the U.S. Senate at a special election November 2, 2010, to fill the unexpired term of Robert C. Byrd, who died June 28, 2010. He was elected to a full term on November 6, 2012, and reelected on November 6, 2018. Currently serves on the Senate Energy and Natural Resources Committee, the Senate Armed Services Committee, the Senate Committee on Commerce, Science and Transportation and the Senate Committee on Veterans’ Affairs. Was sworn in as West Virginia’s 34th Governor on January 17, 2005, and also served as the state’s 27th Secretary of State from 2000-2004. After graduating from Farmington High School in 1965, attended West Virginia University on a football scholarship. Received his bachelor’s degree in Business and Economics in 1970 and returned to Marion County to operate a chain of family-owned retail stores. Later created Enersystems, Inc., a privately held natural resources company. Elected in 1982 to the House of Delegates; elected to the State Senate in 1986, 1988 and 1992. As Governor, served as chairman of the National Governors Association; chairman of the Democratic Governors Association; chairman of the Southern States Energy Board; chairman of the Southern Governors Association; and president of the Council of State Governments. Married to Gayle Conelly Manchin of Beckley, Raleigh County; children: Heather, Joseph IV, and Brooke; six grandchildren.
SHELLEY MOORE CAPITO (R) of Charleston, Kanawha County, was elected November 4, 2014. She was the first woman elected to the U.S. Senate from West Virginia. Currently serves on the Senate Energy and Natural Resources Committee, on the Senate Environment and Public Affairs Committee, on the Senate Appropriations Committee and the Senate Committee on Rules and Administration. Elected to the West Virginia House of Delegates in 1996 until 2000. Also elected to the United States House of Representatives in 2001, a position she held until 2015. Born November 26, 1953, in Glen Dale, Marshall County, daughter of former Governor Arch A. Moore, Jr. and Shelley Riley Moore. Attended Duke University, where she graduated with a BS in Zoology; and University of Virginia with a MEd. Married to Charles L. Capito; children: sons Charles and Moore and daughter, Shelley; four grandchildren.
DAVID MCKINLEY
United States Representative - 1st Congressional District

DAVID MCKINLEY (R) of Wheeling, Ohio County, elected to the U.S. House of Representatives from the First Congressional District in 2010 and reelected every two years since. Born in Wheeling in 1947. Education: Public schools, Civic Engineering degree from Purdue University. Established McKinley and Associates - an architectural and engineering company that includes offices in Wheeling, Charleston, and Washington, Pennsylvania. Member, Board of Directors of the state engineering society and Board of the National Society of Professional Engineers. From 1981-1994, represented the Third Delegate District in the West Virginia Legislature, serving primarily on the Finance Committee as well as the Banking and Insurance and Roads and Transportation committees among others. Elected in 1990 as state chairman of his party and was one of three individuals representing West Virginia on the Republican National Committee in Washington, D.C. Wife: the former Mary Gerkin from New Martinsville; four children and six grandchildren.
ALEX MOONEY
United States Representative - 2nd Congressional District

ALEX MOONEY (R) of Charles Town, Jefferson County, elected to the U.S. House of Representatives from the Second Congressional District in 2014 and was reelected in 2016 and 2018. Born in Washington, D.C., in 1971. Attended Dartmouth College, where he graduated in 1993. He served as a state senator from 1999-2010. He currently serves on the House Committee on Natural Resources and the House Committee on the Budget. Alex and his wife, Grace, live in Charles Town with their three children.
EVAN JENKINS
United States Representative - 3rd Congressional District

EVAN JENKINS (R) of Huntington, Cabell County, elected to the U.S. House of Representatives from the Third Congressional District in 2014, and reelected in 2016. In 1994, Evan was elected to serve in the West Virginia House of Delegates, where he represented Cabell and Wayne counties for three terms from 1995 to 2001. In 2002, he was elected to the West Virginia Senate, where he served three terms from 2003 to 2015. Evan has a Bachelor of Science in business administration from the University of Florida and a juris doctorate from the Cumberland School of Law at Samford University. He previously served as the executive director of the West Virginia State Medical Association and taught business law at Marshall University. Evan and his wife, Elizabeth, live in Huntington with their three children.

[Editor’s note – On August 25, 2018, Governor Jim Justice appointed Evan Jenkins to the Supreme Court of Appeals of West Virginia. Jenkins resigned from Congress on September 30, 2018, and took the oath of office as a Justice on October 1. FEDERAL AGENCIES IN WEST VIRGINIA

U.S. DEPARTMENT OF AGRICULTURE

USDA-NASS West Virginia Field Office
(U.S. and W.Va. Departments of Agriculture)

The National Agricultural Statistics Service (NASS) is an agency within the United States Department of Agriculture (USDA). The agency’s primary responsibility is to prepare official estimates of agriculture for the nation and for each state. There are 45 field offices that serve all 50 states. The West Virginia state field office is located in Charleston and is considered a division within the West Virginia Department of Agriculture.

Guthrie Center
Charleston 25305

Collects and disseminates statistics on agriculture. Estimates livestock numbers and products, crop production and utilization, prices farmers receive and pay, farm income, and many other items dealing with agriculture in West Virginia.

Appalachian Plant Materials Center
P.O. Box 390, Old Prison Farm Road, County Route 3-29, Alderson 24910
Website: www.plant-materials.nrcs.usda.gov/wvpmc

Established in 1967 and moved to the current site in West Virginia in 1998, the Appalachian Plant Materials Center, formerly known as the Alderson Plant Materials Center, a facility of the U.S. Department of Agriculture, Natural Resources Conservation Service, serves the Appalachian region of West Virginia, Kentucky, Tennessee, Pennsylvania, Ohio, Virginia, North Carolina, South Carolina, Georgia, Alabama, and Maryland. The center provides native plant solutions for the rugged landscape of the Appalachian region by evaluating predominantly indigenous plants for their ability to solve specific natural resource conservation problems related to the rugged topography, soil limitations, and economic conditions of the area. Technical assistance to stabilize mine lands, protect stream banks and wildlife habitat, improve hillside pastures, develop permanent cover crops and protect the quality of surface and groundwater is also provided by the center.

Plant Materials Center Manager: John Vandevender
Assistant Manager: Randall Lester

Agricultural Research Service

The mission of this U.S. Department of Agriculture facility is to develop knowledge and technology to increase the profitability of small-farm agricultural enterprises in the Appalachian region while enhancing soil and water quality and environmental integrity.

Appalachian Fruit Research Station

ARMY CORPS OF ENGINEERS
U.S. Army Engineer District, Huntington
502 Eighth Street, Huntington 25701-2070
Website: www.lrh.usace.army.mil

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood damage reduction structures and related improvements, and services for water resources management. The Civil Works Program of the Corps of Engineers is divided geographically by watershed drainage areas. All of West Virginia, except for the Eastern Panhandle, lies within the Ohio River drainage basin. The Eastern Panhandle lies within the Potomac River Basin. The Huntington District of the Great Lakes and Ohio River Division is responsible for the areas
of West Virginia that drain to the Ohio River downstream of New Martinsville in Wetzel County. The Pittsburgh District has responsibility for areas of the state that drain to reaches above New Martinsville. This includes the Monongahela River Basin. The Potomac River Basin lies entirely within the Baltimore District. Emergency Management responsibilities for the State of West Virginia rest with the Huntington District. All military construction in West Virginia is the responsibility of the Baltimore District.

**National Energy Technology Laboratory**

3610 Collins Ferry Road, P.O. Box 880, Morgantown 26507-0880  
Website: [www.netl.doe.gov](http://www.netl.doe.gov)

The National Energy Technology Laboratory is the lead laboratory for the United States Department of Energy's Office of Fossil Energy. The facility is a science, technology, and energy laboratory owned and operated by the Department of Energy. As part of the department's national laboratory system, this laboratory supports the agency's mission to advance the national, economic, and energy security of the United States.

Using unique capabilities in energy system dynamics, geological and environmental systems, computational and basic sciences, and materials science, the laboratory conducts cutting-edge research and technology development on-site. Extensive technology- and project-management capabilities are applied to shape, fund, and manage research in 47 states and more than 40 foreign countries. Its portfolio of on-site and contracted research includes more than 1,400 projects; nearly one-half are carried out by private sector organizations. This emphasis on the private sector is essential to its mission. The laboratory's ultimate success comes when the advanced technologies emerging from the laboratory's research activities are commercialized in the private sector.

The National Energy Technology Laboratory has sites in Morgantown, West Virginia; Pittsburgh, Pennsylvania; Sugar Land, Texas; Albany, Oregon; and Fairbanks, Alaska. In total, these sites include 81 buildings and 14 major research facilities on nearly 200 acres. More than 1,100 employees work at the five sites; roughly half are federal employees and half are site support contractors.

This office handles scheduled interviews on non-asylum related applications and also provides limited information and customer services that supplement what is provided on its website and by phone. The agency strongly recommends making an appointment before visiting the office. While this office serves all of West Virginia, people who live nearer the Pittsburgh office may work with that facility.

**Application Support Center**

A component under U.S. Citizenship and Immigration Services, this office provides fingerprinting and biometric services by scheduled appointments for all applicants who file applications for any immigration benefit.
U.S. CUSTOMS AND BORDER PROTECTION
ADVANCED TRAINING CENTER
440 Koonce Road, Harpers Ferry 25425
Website: www.cbp.gov

Dedicated August 30, 2005, on 104 acres near Harpers Ferry National Historical Park in Jefferson County, the U.S. Customs and Border Protection Advanced Training Center is the first in the nation to provide advanced law-enforcement training specially related to border protection efforts. Customs and Border Protection is one of the Department of Homeland Security’s largest and most complex components, with a priority mission of keeping terrorists and their weapons out of the U.S. It also has a responsibility for securing and facilitating trade and travel while enforcing hundreds of U.S. regulations, including immigration and drug laws.

U.S. COAST GUARD

OPERATIONS SYSTEMS CENTER
Kearneysville 25430
Website: www.uscg.mil/hq/osc

As the Coast Guard’s information technology center of excellence, the Operations System Center (OSC) develops, fields, maintains, and provides user support for major operationally focused information systems and databases that are accessible to the Coast Guard and other agencies, around the clock, from around the world. These systems serve as the information heart of the Coast Guard’s search and rescue, law enforcement, marine safety, logistics, and personnel support functions. The OSC also oversees operations and internet gateways for the Coast Guard’s wide area data network and other Coast Guard data centers and carries out the Automated Information System risk management program for mission-critical software development projects. The OSC employs approximately 430 military, federal, civilian, and contractor personnel.

NATIONAL VESSEL DOCUMENTATION CENTER
792 T J Jackson Drive, Falling Waters 25419
Website: www.uscg.mil/hq/cg5/nvdc/

The National Vessel Documentation Center (NVDC) facilitates maritime commerce and the availability of financing while protecting economic privileges of United States citizens through the enforcement of regulations, and provides a register of vessels available in time of war or emergency to defend and protect the United States of America. Vessel documentation is a national form of registration, one of the oldest functions of government, dating back to the 11th act of the First Congress. It provided conclusive evidence of nationality for international purposes, unhindered commerce between the states and admits vessels to certain restricted trades, such as coastwise and fisheries. In addition, its function as a center for the recording of bills of sale, mortgages, and related instruments affecting the title of documented vessels provides integrity to the maritime lending process. The center records mortgages with a total value of more than $400 million each year. The NVDC employs 101 civilians to carry out its mission.

NATIONAL PARK SERVICE

Harpers Ferry National Historical Park
P.O. Box 65, Harpers Ferry 25425
Website: www.nps.gov/hafe

Established in 1944, Harpers Ferry National Historical Park is located at the confluence of the Potomac and Shenandoah rivers in the states of West Virginia, Virginia and Maryland. George Washington, Thomas Jefferson, Meriwether Lewis, John Brown, and Frederick Douglass are just a few of the prominent individuals who left their mark on this place.

The story of Harpers Ferry is more than one event, one date or one individual. It involves a diverse number of people and events that influenced the course of our nation’s history. Harpers Ferry witnessed the first successful application of interchangeable manufacture, the arrival of the first successful American railroad, John Brown’s attack on slavery, the largest surrender of federal troops during the Civil War, and the education of former slaves in one of the earliest integrated schools in the United States.

New River Gorge National River
P.O. Box 246, Glen Jean 25846
Website: www.nps.gov/neri

New River Gorge National River was established in 1978 to preserve and protect 53 miles of the New River as a free-flowing waterway. This unit of the National Park System encompasses over 70,000 acres of land along the New River between Hinton and Hawks Nest State Park. The park and the surrounding area are rich in cultural and natural history and contain a variety of scenic and recreational activities. Park headquarters is centrally located in Glen Jean, with employees stationed there and throughout the park.

Superintendent: Patricia “Trish” Kicklighter

Gauley River National Recreation Area
Website: www.nps.gov/gari

The Gauley River National Recreation Area includes 25 miles of the Gauley River and five miles of its tributary, the Meadow River.

Established in 1988 for its recreational opportunities, Gauley River National Recreation Area offers picnicking, primitive camping, hunting, fishing, and whitewater boating. Immediately adjacent to the recreation area is Summersville Dam, which regulates the flow of the Gauley River, creating an outstanding fall whitewater season. The Gauley River is considered to be among the best whitewater rivers in the world by expert kayakers, canoeists, and rafters. The only public launch site is at the Tailwaters area of Summersville Dam. The neighboring Carnifex Ferry Battlefield State Park offers scenic overlooks and a rim-to-river hiking trail.

Superintendent: Patricia “Trish” Kicklighter
**Bluestone National Scenic River**
Website: www.nps.gov/blue

The Bluestone National Scenic River is a 10.5-mile section of the Bluestone River between Pipestem Resort State Park and Bluestone State Park in southern West Virginia. Created in 1988 under the Wild and Scenic Rivers Act, this free-flowing river is best reached from the neighboring state parks. The river and its gorge support an abundance of aquatic life, a variety of birds and mammals and a diverse mix of forest types. The resources, size, and location of the scenic river make it attractive for daytime visits. It is not open for camping. Hunting is permitted in the state-operated Wildlife Management Area of Bluestone National Scenic River. The Bluestone River is a warm-water fishery for catfish and smallmouth bass. Occasionally water levels are suitable for canoeing or kayaking.

FEDERAL BUREAU OF INVESTIGATION

Criminal Justice Information Services Division
1000 Custer Hollow Road, Clarksburg 26306
Website: www.fbi.gov/about-us/cjis

In January 1991, the Federal Bureau of Investigation purchased 986 acres of land in Clarksburg on which to construct the home of this division. Construction started in October 1991 and was completed in July 1995, on time and under budget. The heart of the complex is the 500,000-square-foot main office building. Constructed in a modular design, this building is nearly the length of three football fields and features a 600-seat cafeteria, a 500-seat auditorium, atria for visitors and employees, and a 100,000-square-foot computer center. The division operates 24 hours a day, seven days a week and employs a work force of approximately 2,400 individuals.

As the largest division in the bureau, its mission is to equip our law enforcement, national security, and intelligence community partners with the criminal justice information they need to protect the United States while preserving civil liberties. Through the Integrated Automated Fingerprint Identification System, which became operational on July 28, 1999, responses to electronic criminal fingerprint submissions are made within two hours of receipt by the FBI and to electronic civil applicant submissions within 24 hours.

The Approval and Certification Center approves and certifies certain mining products for use in underground coal and gassy underground metal mines. Technical experts evaluate and test equipment, instruments, and materials for compliance with federal regulations. Products evaluated and tested range from extremely small electronic devices to very large mining systems. Following successful completion of evaluation and testing of a product, a license is issued authorizing a manufacturer to produce and distribute products for use in mines. Approval issued by the center is internationally recognized.

The first National Cemetery in the state of West Virginia was established in 1867 by Act of Congress. Located in the town of Grafton, it consists of 3.21 acres and has a gravesite capacity of 2,134 with no undeveloped area for expansion. After it became apparent that the original facility was running out of burial space, the West Virginia National Cemetery was established at nearby Pruntytown on June 2, 1991. The cemetery consists of 58 acres, approximately 15 of which are to be used for burials.

Grafton National Cemetery was listed on the National Register of Historic Places in 1982.

Website: https://science.nrao.edu/facilities/GBT/

The National Radio Astronomy Observatory was founded in 1956 in Green Bank, West Virginia. The Green Bank site was originally chosen because of its sheltered, valley location and its distance from large population centers. The natural mountain bowl surrounding Green Bank helps protect it from man-made radio interference, which is harmful to sensitive radio astronomy observations. In addition, Green Bank is in the center of a 13,000-square-mile area known as the National Radio Quiet Zone. This area, created by federal regulations, is protected from harmful radio frequency interference broadcasts.

MEMBERS OF THE HOUSE OF REPRESENTATIVES FROM WEST VIRGINIA, 1863-2018

**Apportionment Act of 1863**

By an act of the Legislature passed September 10, 1863, the State of West Virginia, for the purpose of congressional representation, was divided into three districts, as follows:

First District - Hancock, Brooke, Ohio, Marshall, Wetzel, Tyler, Pleasants, Doddridge, Harrison, Ritchie, Wood, Wirt, Gilmer, Calhoun, and Lewis.

Second District - Taylor, Marion, Monongalia, Preston, Tucker, Barbour, Upshur, Webster, Pocahontas, Randolph, Pendleton, Hardy, Hampshire, Berkeley, and Morgan.

Under the first apportionment act, the State had the following representation in the lower house of Congress, the names of the members being shown in the numerical order of the districts, which they respectively represented, the same applying to subsequent reapportionment acts, viz:
