Subject: Sweet spot

So here we are, already talking about division. So why not focus on revision?

The State insect in WV is the honeybee, we should work together and launch the official alcohol of WV.... Mead.

Mead is wine from fermented honey.

Do we need to replicate microbrewery towns and increase tourism? Yes. Instead of beer, let's focus on Mead. We have a chance to lead for a change.

As we draw the district lines, we should focus on two groups... Production and distribution. Let's draw districts for cooperation, increase honey production, and create a new image for our People... let's be the Mead locale.
